

Genius 2711

Chapter 2711

As soon as the prince heard the identity of the other party, he immediately became excited and made a move to go after them, as long as they caught the real culprit their suspicions would be cleared.

Lin Mo stopped the prince: "Forget it, let's talk about it next time we meet! These people are very skilled."

If the two sides really exchanged fire, it was not certain who would do who, with that terrifying concealed weapon, even Lin Mo thought it would be difficult to fight.

"And their main target is Ding Li, as long as this one is still in our hands, there will naturally be another chance to meet up."

Next time, I won't be taking it lightly!

Lin Mo thought darkly as he looked at the direction the enemy had fled.

Early the next morning, Da Qu's message circle blew up.

"The Rongli, thrashing more than two thousand bodies, no one on the cruise ship was spared!"

"The world's five hundred richest man, McDreamy, died tragically on the high seas!"

"Ma*sacre! Cruise ship event turns into a hell on earth!"

The tragedy of the Junghans was reported by newspapers and media from all over the world.

Not only was it a global sensation, but the world's attention was focused on the fact that the world's most famous and wealthy businessmen were involved in the black box gambling game on the Junghans, and now hundreds of people had died, making it a global crime.

As the news continues to spread, so does the news that, according to intelligence research, the only people who boarded the Rongli and returned safely were Lin Mo and his men.

This was ambiguous, and as the only force to have emerged unscathed, Lin Mo naturally became the subject of the greatest suspicion!

"We will avenge Mr. McDreamy and take Lin Mo's life!"

"The Diaspora Coners and Lin Mo will never die, and must Lin Mo's life be sacrificed in blood!"

"Is it possible that this is a false accusation? Why would this person want to slaughter all the survivors of the cruise ship when there is no wrongdoing or hatred?"

"What kind of power are these two people, Lin Mo and the Crown Prince, that they are so heartless?"

Under the news, there were those who declared war, those who rebuked and those who questioned, and with various attitudes, Lin Mo and the Crown Prince were in the global spotlight anyway.

Lin Mo, as the person in question, was still sleeping heavily at this time. Last night, after forcing the poisonous needles and toxins out of his body, it was almost dawn, so naturally, he was sleepy!

Lin Mo slept until midday before he was woken up by a vibrating sound of his mobile phone, and when he impatiently picked it up, the excited voice of the Crown Prince came from the other end of the phone.

“Big brother, big brother, we’re on fire, hahaha, the kind that’s on fire all over the world.

Get up soon, I’ll come find you later.

What, roll? Yes!”

After the call was interrupted, the crown prince rushed towards Moro Street with his butt in his mouth.

After Lin Mo was woken up, he was naturally sleepless, and when he got up, he was still washing up when the prince already rushed over.

The prince was holding a pile of newspapers and smashed them directly onto the table.

“Big brother, you’re fast our headlines, the news on your phone is all about us too!”

Lin Mo brushed his teeth over and over, shaking his head to himself.

“Ha la la la, bah! Do you seem like you’re having fun?”

“That’s for sure, this prince is now a global firebrand, just this one achievement, even my grandfather, Fifth Master, couldn’t do it.”

“Amazing, aren’t you afraid that your enemies will come looking for you, many of the dead on the Rongli are big names from all the major powers around the world.”

The prince didn’t have the slightest feeling of worry about such things.

“What’s so scary, I’ll kill one of them if they come, I’ll kill two of them if they come!

Take a step back, even if I can’t do the other side, the big deal is that I’ll be in the southern realm, gah gah!”

Lin Mo heard the first half of the sentence and thought he was a bit overbearing, but the second half was more or less a bit doggy.

However, Lin Mo thought about it on second thought and thought that there was nothing wrong with it, the millions of martial guards at the border of China were not vegetarians, not to mention that even if they were lucky enough to sneak into the territory of China, they would still have to face the blocking tiger that was Master Xue Wu.

So there was nothing wrong with the Prince’s argument, and Lin Mo had no words to refute it.

Chapter 2712

An abandoned factory on the southern outskirts of Heshan City was originally a deserted place with few people and lots of weeds.

However, after the Crown Prince's transformation, it had become a temporary stronghold for armaments, and it was teeming with life.

Lin Mo and the two of them drove to this place, and as soon as the Prince got out of the car, he called his men to inquire about the situation.

"How about that boy Ding Li has woken up, right?"

"He's already awake, but he seems to have a bit of a temper and is making a lot of noise in his room."

After hearing this, the Prince was not angry, but just had an expectant look on his face.

"It's good to be rowdy, this prince loves a man with a lot of energy!"

As he said this, he squeezed his fingers and rattled them, and when his men saw his gesture, they knew that someone was going to be in trouble.

When Lin Mo and the Crown Prince arrived at the room where Ding Li was being guarded, it was indeed as the men had described, the room was full of Ding Li who was throwing a tantrum.

Lin Mo's product was a masterpiece, and after taking the Blood Building Pill, in just one night, Ding Li was alive and well again.

"Get lost, I won't eat, how dare you lock me up, I'm the young master of the Ding family."

"Untie me, or I swear I'll chop you up into meat and feed you to the dogs."

"Untie me, you trash, trash, scum!"

The two guards in the room looked at each other, both of them finding anger in each other's gaze, and if it wasn't for the boss's explanation, they would have beaten up this mouthy douchebag.

"What are you staring at, you dogs? You better pray I don't get out of here, or I'll be the first to take you out!"

Just as Ding Li was spitting out his mouth and outputting like crazy, the door was suddenly knocked open.

The prince strode into the room, swung his arm up and slapped him twice.

"Still thinking of going out, out your grandmother's legs!"

Ding Li covered his cheek's and his big eyes stared dead at the Prince.

Fight back? He didn't dare, and he couldn't fight back!

Talking back? He wouldn't dare, or he'd get another two slaps!

So the angry glare was his last stubbornness.

"You two go and find me a spoon."

I'm going to take his eyes out and measure them."

The cynical look of the prince immediately frightened Ding Li, who was more afraid of the prince than Lin Mo, because the former was at least a man of discretion in the world, while the latter was a complete psychopath who did things based on preference.

I'm afraid to shoot!

"Stop it, let's take care of exactly that first!"

Lin Mo moved a chair with a squared-off side, and after doing so beside Ding Li, the corner of his mouth hooked.

"Young Master Ding nonsense I don't want to talk to you much, I saved you back, not because of how honorable your status is, just because you have the information I want on you."

"Understand?"

Ding Li looked at Lin Mo's deep pupils and subconsciously nodded his head.

"Very well, I'm glad that you can recognise your situation, so next, we'll be able to have a good chat."

"First of all, I want to know, what the hell is this Rongoli casino fest?"

Ding Li glanced at Lin Mo in confusion, originally he thought that Lin Mo knew the inside story, and that the purpose of going to the Rong Li was the same as his to obtain the mysterious black box, but now it seemed that his guess was wrong.

So Lin Mo had gone to the high seas purely to make a date with himself? This is too silly!

The prince looked at Ding Li's strange gaze and made a move to make another move.

"What are you looking at? You're being too slow, believe it or not, this prince will slash you."

Ding Li withdrew his gaze and lowered his eyebrows to curse a reckless man.

"This event on the Rongli, in preparation, should be called the Black Box Gambling Game, held every three years, and the purpose of the participants is also for that mysterious black box"

Chapter 2713

Lin Mo waited until Ding Li had finished speaking and then turned his head to look at the Crown Prince, who gave a slight nod.

In fact, Lin Mo had already grasped this information beforehand, so he asked Ding Li at this time to see if he had lied to himself.

It was obvious that this fellow Ding Li was quite honest.

"What exactly was put inside that mysterious black box that could make so many people crazily pursue it?"

After hearing this question, Ding Li was basically sure that Lin Mo really didn't know anything, but anyone who knew the inside story knew that the black box at the Rong Li's luxury gambling event was a completely blind box that existed in general, whether it was a holy treasure or rubbish was completely obvious.

"I really don't know this, but the news put out by the Kong family suggests that this black box contains priceless treasures.

As for whether this news is true or a gimmick put out by the Kong family to attract people is unknown."

When Ding Li had finished speaking, Lin Mo suddenly pursued the question with an awe-inspiring gaze.

"What exactly happened on the Rongli last night, and who exactly was the murderer?"

Compared to the first two irrelevant questions, this matter was Lin Mo's greatest concern, and the most fundamental reason why he had saved Ding Li.

It was only when this matter was mentioned that Ding Li's face changed, and a thick fear instantly invaded his entire body.

"I ... I'm not sure!"

Ding Li's body suddenly began to tremble, and the images of the previous day once again appeared in his mind.

"That person is not human at all, he is completely a pervert who is addicted to killing, killing seems to be a game to him."

At these words, the two of them, Lin Mo and the Crown Prince, looked at each other, both of them did not speak, they just quietly waited for Ding Li's next words.

"After boarding the ship, Kong Zhi of the Kong family was the first to bring me to the private room on the top floor."

"It wasn't long before that man suddenly rushed in and killed Kong Zhi straight away."

"Only after he opened the robbery and hit me in the abdomen, he didn't open it again and instead told me to run.

As long as I could escape from his pursuit, he would let me go!"

When Lin Mo heard this and combined it with the bullet holes on Ding Li's body, he could roughly guess the scene that followed.

Every time he hit Ding Li, he would let him escape again, playing a game of cat and mouse in a repeated cycle.

Only when Ding Li was exhausted and his spirit collapsed in despair would the killer end his prey's life once and for all.

"Did you get a good look at the other man's face?"

Ding Li shook his head with a mute expression.

“This group of killers have been wearing masks to hide their faces, I can only remember his appearance!”

Lin Mo could only shake his head in disappointment when he received such a solution, although he had also fought with the other party, the environment was too dark at that time, and he did not see the other party clearly either.

He had hoped to get some useful information from Ding Li’s side, but it turned out to be nothing!

This guy seems to have lost out on saving his life!

At this time, Ding Li’s heart was secretly pleased that 99% of all the things he explained were true, except for the other party’s face, which he remembered clearly, and he did not intend to explain this.

The reason why he was so cooperative with Lin Mo was also because he hoped that after he gave a truthful account, the other party would let him go.

“I’ve told you everything you want to know, so now you can let me go, right?”

Lin Mo C*cked his head in amusement and refused outright.

“Old me worked so hard to bring you back and went to the trouble of rescuing you to obtain such useless information.

You’re afraid you’ve forgotten about Kun, right?”

Ding Li had an embarra*sed look on his face, mmp this dog, he had betrayed himself, when he gets out, he will definitely throw this useless waste into the sea to feed the fish.

What Ding Li did not know was that the man he was cursing was actually under house arrest in this abandoned warehouse.

Lin Mo stood up and patted his sleeve, looking at Ding Li’s embarra*sed look.

“Still want me to let you go, you’re afraid you’re not thinking of eating farts!”

Chapter 2714

“Hello, big reporter Ziopilo?”

Ziopilo didn’t hear Lin Mo’s voice and froze for a few seconds before asking impatiently.

“Who are you?”

He had already been fired from the newspaper, and now he was still calling himself a big reporter, Ziopilo felt that the other party was just humiliating him.

However, Lin Mo was good enough to emphasise the matter.

“It doesn’t matter who I am, I heard that you were fired from the newspaper.

As an old friend, I have a big story at hand, I don't know if you want to take it, a big story that can make you soar to the sky!"

Ziropilo was about to burst out when she heard the first half of the sentence, but the second half stopped her in her tracks immediately.

Although she was skeptical, she asked a tentative follow-up question.

"Who the hell are you?"

"Lin Mo of Zhilin Hall!"

Pop! The phone hung up straight away!

Ziropilo's features twisted above her furious face, and she gritted her teeth as she thought of her current situation, her job lost and her persona crumbling.

"If it wasn't for you, how could I have fallen like this!

Hmph, and what a flight of fancy"

Although she was indignant, Lin Mo's big news about flying high was like having magic power, echoing in her mind endlessly.

"Could it be any worse than it is now?"

With the mindset of trying, Ziropilo hesitated and called back.

"What? You kidnapped Ding Li, didn't he die on the Junly?"

"A ransom worth a billion dollars in arms!"

At first Ziropilo thought Lin Mo was just making fun of her, but when she saw Ding Li lying in bed on the phone, Ziropilo finally believed it!

She was trembling with excitement as she quickly recorded all the news.

"Time waits for no man, Great Reporter Ziropilo!"

Ding Li stared at Lin Mo, his face full of doubts.

"Lin Mo what do you want after all?"

He couldn't see Lin Mo's intention at all, kidnapping himself and trying to extort the Ding family, was this wanting the Ding family to declare a full-scale war?

No twenty years of brain thrombosis can do this.

"What can I do? If you think I'm a kind and charitable physician who drives away diseases and cures them, what bad intentions can I have?

It's just that I've gone to a lot of trouble to get you back, so it's not too much to ask for a fee!"

Ding Li froze, he wouldn't believe a single punctuation mark of Lin Mo's words.

“Dare to blackmail my Ding family, foolishness to the extreme, not only will you not get a single penny, you will also have to face the thunderous wrath of the Ding family when the time comes.”

“How about you let me go, my Ding family will ask you for a favor, as for the billion worth of arms you want, I will also compensate you out of my pocket, how about that?”

He wanted to know Lin Mo’s true intentions, and at the same time he also wanted to escape from here as soon as possible to pluck himself out of the centre of this storm as quickly as possible.

This murder case was too big, and if he, the only survivor, was made public, he would have to bear the suspicion of being the murderer, and this tragic case involved too many people.

Ding Li’s scalp tingled at the thought of being held accountable by the forces behind the many bigwigs.

“I don’t think so, if you take this scheme to coax children, it might even work.”

Lin Mo stood up and came closer, raised his hand and slapped Ding Li on the chest, the latter grimaced and howled from the pain of the irritated wound.

“Your Ding family’s favours are worthless to me, and with the relationship between us, you would be grateful to me?

Ask yourself, are you already thinking of how to get me killed when you get out?”

“And let you go, when the time comes, not to mention compensation, you will definitely bite back and dump all the blame for the cruise ship tragedy on me.

Young Ding, do you think I’m right?”

Chapter 2715

The fact that Lin Mo knows Ding Li, the kindness of saving his life is just a floating cloud, from his attitude towards Guan Linglong can be seen, this kind of hard-hearted man, can not be trusted.

Lin Mo doesn’t expect Ding Li to forget his grudge with a smile, at most, this guy is a little bit sharper when he puts a cold arrow in his back.

The first thing you need to do is to get a good idea of what you’re thinking.

Although Lin Mo had saved himself, what he was thinking of was more of a direct grudge between the two, the destruction of the docks, the slap on the wrist from the Crown Prince! Gratitude or whatever did not exist.

“Lin Mo, if you are obsessed and must put me under house arrest to extort a ransom, it will only strain your relationship with the Ding family even more.”

Lin Mo shrugged his shoulders, the corners of his mouth curling in a bad smile.

“You don’t have to worry about that at all, the tension is only between me and the Ding family.

The friendship between the two of us is bound to last forever, after all, I’m your savior.”

“Besides, if I were a murderer, do you think I would leave you alive to accuse me?”

Ding Li's brow slowly furrowed as he analyzed Lin Mo's words, his face changed in shock.

“Gra*s, you b*****d, you let the reporters report this about your blackmail just to let everyone know that it was you who brought me off the boat?”

Lin Mo raised an eyebrow and said happily, “Yo, the young man is quite clever, not bad, not bad.”

“b*****d, you're too vicious!”

Ding Li's face instantly turned red and his pupils filled with blood, looking at Lin Mo's smug smile, he sat up and wanted to die with him.

However, this great movement directly involved the wound on his chest, and the intense pain instantly caused Ding Li to lose his breath.

“Lin Mo you are shameless, get lost, if you are capable of killing me, I Ding Li will never let you go as a ghost.”

He finally understood Lin Mo's ploy, as soon as the reporters made his existence public, he was going to be the first suspect, as long as the real culprit wasn't found, he Ding Li couldn't explain it no matter what.

The bodies of hundreds of his men were still on the Rongli, plus there were still traces of his blood on the cruise ship, and most of all he was the only survivor in a case of over 2,000 deaths.

He was the only survivor of over 2,000 deaths.

The most terrible thing is that he can't even do it if he wants to throw dirt on Lin Mo, otherwise the outside world will only think that he is ungrateful, and it will raise Lin Mo's image instead.

“Get well, toolman!”

Lin Mo bent down and helped Ding Li cover up the quilt.

“Once you're in my pit, don't think you'll be able to climb out, you're one level below me anyway.”

Yes, if he was the murderer, why did he leave Ding Li alive, or maybe he and Lin Mo were accomplices, in short, as long as the real murderer was not caught, he, Ding Li, would have to keep carrying the pot.

Ding Li looked at the ceiling with a look of despair in his eyes.

An hour later, Ziropiero arrived in a flash, knowing that Lin Mo had kidnapped Ding Li to blackmail the Ding family, she realised that this was the perfect time to hammer Lin Mo into the ground.

The Rongli tragedy and the kidnapping of Ding Li!

With just these two scoops of news, Lin Mo could be buried without a trace.

“Lin Mo, wait for your death, my lady will take your name if I don't get you killed!”

“Discriminating against us, making me look bad, and making me lose my job, just wait, I will definitely offer you incense when you are in the ground.”

Ziropilo's whole body trembled with excitement at the thought.

This live broadcast would not only allow her to get her revenge, but she would also get her job back, not to say top-streaming a big reporter.

"Straight up! The murderer of the Rongli tragedy, kidnapping the Ding family's young master and blackmailing them!"

The simple and straightforward title of the broadcast quickly gathered popularity.

Chapter 2716

The reputation of the Kong family in Annan has fallen after a series of blows during this period, and the mansion can only be filled with a strong atmosphere of mourning.

The news of the death of their third son, Kong Zhi, came before the funeral of their eldest son had even been dealt with.

The Kong family, as the owners of the Rongli, had an unshirkable responsibility for such a tragic event.

"Master, there's a call from the head of the Ding branch of the family!"

"Put it through!"

As soon as the call was answered, a questioning voice came from the other side.

"Can your Kong family do anything, our Da Qu's face has been disgraced by your Kong family.

The Casino Extravaganza has been well run before, why is there such a serious incident this time?"

The Rong Li gambling event brings in huge revenue every day, and his branch of the Hanoi Ding family, as one of the major shareholders of the Rong Li, naturally makes a fortune.

Kong Xiangtian lay on his sickbed and gestured for his butler to go out, and with a sense of grief and anger he opened his mouth to explain.

"Mr. Ding, my Kong family is also a victim, my youngest son Kong Zhi died tragically and I am also in a state of distress."

His voice got choked up as he spoke.

Originally, he had planned to follow Wu Dao Yi's method to get Kong Zhi to intensify the conflict between Lin Mo and also Ding Li, and it would be better to fight and kill each other, yet none of his plans were carried out, and the whole cruise ship was killed, including his third son.

His tragic condition did not impress Ding Zaiyuan, there is no emotion before profit.

"How do you plan to settle this matter? You know that Master Ding is quite upset about your gambling ship."

With such a tragic incident on the Yung Lee, if it could not be properly handled, not only would this session be impossible to hold, but every session in the future would be seriously affected.

Kong Xiangtian cursed a vampire in discontent before speaking up.

“Don’t worry, Mr. Ding, we can handle this matter properly, and we will never default on a single point regarding the Ding family’s share of the dividends due.”

After pausing for a moment, he added another sentence.

“The same goes for every gambling boat event in the future!”

Only after Ding Zaiyuan had received a satisfactory reply did he then change his tone.

“Uncle Kong, people can’t come back to life after death, you should be grateful for your loss!”

Ding Zaiyuan quickly hung up the phone after he finished speaking, and then continued to enjoy the hot beauty with a hot body on the side.

It was none of his business whether the Kong family died or not, as long as it did not affect his own earnings.

The face of Kong Xiangtian was so gloomy that water could drip out of it, but there was nothing he could do in the face of this vampire Ding Zaiyuan, after all, it was his family that was asking for help.

On the surface, the Kong family’s Rongli is a casino ship, but secretly it is a mega salvage transport ship.

At this time of year, when the undersea currents shift, the Kong family would take advantage of this to quietly salvage a treasure under the sea.

The Kong family can only use the banner of cooperation with the Ding family to secretly excavate and salvage the treasure, as the sea in which the treasure is located belongs to the Ding family’s waters.

In order to ensure the smooth running of this project, the Kong family pays a huge sum of money every year, in order to gag those who know about the Ding family branch, or to be more precise, to blind them with money.

After Kong Xiangtian sighed, his eyes slowly became filled with worry.

Although they were not the murderers, they were the ones who had died on their ship, the Rongli.

He was most worried that the treasure would be leaked out and that this would lead to retaliation from the Ding family.

Kong Xiangtian was distraught and summoned his butler directly.

“Put the news out, Lin Mo is heartless and treats human lives like gra*s, the Kong family and Lin Mo are at loggerheads and will not rest until they die!”

After all, the eldest son of the Kong family, Kong Xianzhuo, had died at the hands of Lin Mo before, so to announce this antagonistic relationship now seemed a bit slow to react.

Chapter 2717

Kong Xiangtian's announcement up to this point was not to express their hatred for killing Lin Mo, instead he just wanted to ignite the anger of those big powers behind the Buried Rongli, thus transferring the hatred to Lin Mo.

After all, their Kong family had lost their son, so the victim should not make things difficult for the victim.

After Kong Xiangtian had arranged things, he could only rub his swollen brow helplessly, this was a period of bad luck for the Kong family one after another.

He couldn't help but wonder if the Kong family had visited the wrong grave last year!

In the outside world, after the announcement of the Kong family, many forces followed suit, with continuous voices of denunciation, and some even started to gather their men to prepare to march towards Mount Wo.

.....

The two sides of the story.

She had used up all her contacts for this live broadcast, and had also spent her entire fortune on inviting foreign journalists from all her peers to broadcast live, and as for this exclusive live broadcast, it was naturally eaten by her alone.

When Lin Mo arrived at the Chinese medicine hall as promised, Ziropilo immediately approached him.

"Lin Mo, we know that you and Ding Li have quite a few human grudges, and not long ago his men hid murderous weapons and went up to the medical hall to cause trouble."

"Now you've kidnapped someone and are blackmailing the Ding family, I don't know where you got the courage to do that!"

After Lin Mo's appearance in the live stream, the number of people who were originally only in the thousands, instantly rose to over 200,000, and the numbers were still moving upwards like crazy.

After Ziropilo briefly mentioned the situation of Lin Mo and Ding Li, it also gave the netizens a simple perception.

"Will you release him if you join the Ding family and really deliver a billion dollars worth of arms?"

"Because of your personal grudge with Ding Li, have you ever considered tearing up the ticket?"

"If it P*ssed you off, would you kill Ding Li?"

By the time she finished her follow-up questions, the number of people watching the live interview had reached over four million.

Lin Mo hadn't said anything back, just looked calmly at the impatient Ziropilo.

Sure enough, I didn't invite the wrong person, this b*tch really spared no effort in order to trap me.

Lin Mo first glanced at the camera and cleared his throat before he replied in a serious manner.

“Killing Ding Li is nothing, do you guys know about the tragic case of the giant ship Rong Li last night!”

“That’s right, those were the people who died when I boarded the ship!”

As soon as these words came out, the entire broadcast room exploded, with all the major newspapers competing for coverage, most people only knew about the tragedy on the Rongli, but not what the person was doing.

Now they heard that Lin Mo had admitted that he was the murderer himself!

“D*mn, this murderer is also arrogant!”

“You’re so brave, you’re so bold, please accept my knees!”

“I’m afraid this man doesn’t know what kind of bigwigs the people he killed are! Dead sure, come and prepare to offer incense to Master Lin!”

Under the heated discussion among the netizens, the number of people in the live stream went straight through ten million, and with the news spreading rapidly, more and more people from countries all over the world got in on it!

If not for Ziropilo turning off the pop-up function, his live streaming equipment might have jammed in place.

Lin Mo saw that the number of people was almost there at this point, and only then did he continue to speak.

“In case you guys don’t know, I have a super warship that is super fast!”

“It only takes half an hour to reach the Yung Lee, which is moored in the high seas, from the Wo San pier to the Yung Lee, 400 nautical miles, and if you guys can’t, there’s surveillance at the Wo San pier, so you’ll know at a glance!”

“After arriving at the Yung Lee, the murderer thought there were too many people on board, too much of an eyesore, so he simply killed them all in one minute.”

“Twelve floors up and down, a minute to easily solve the ma*sacre of two thousand with people, the time of death of the dead at this location can be proved!”

“From the departure of the pier to the killing of people, before and after, only thirty-one minutes.”

Chapter 2718

Lin Mo once said towards the camera, once the cruise ship shot down the murder scene photos and video together with the ship to the Internet.

At first, Ziropiero thought that Lin Mo was a dead man, saying in public that he was the real culprit of the Rongli tragedy.

However, as she listened more to Lin Mo’s elaboration, her willow brows tightened.

The netizens watching the live broadcast were also inundated with black questions, what the hell was Lin Mo talking about, 400 nautical miles in half an hour and 800 mph? A minute to slaughter more than 2,000 people, is completely bullsh*t.

But when everyone saw the photos and videos on the internet, they were instantly dumbfounded that this was actually true.

Many of the bodies were those of wealthy businessmen with global reputations.

Tens of millions of viewers who watched the live stream went completely crazy, and the content spread like a plague of locusts.

Many of those who live in the waters around the Rongli are in their watercraft ready to go and see what's going on.

The news, which had been circulating only among the upper echelons, became known to everyone in an instant.

The investigation report.

“The tragedy of the Junley luxury cruise ship!

Time of death, between 10:30 and 10:35, only one survivor, Ding Li, was among the 2,100 passengers.

The time of death, between ten thirty and ten thirty-five, with only one survivor, Ding Li.

At the time of the crime, the distance between the Heshan City Pier and the Yung Lee's mooring in the open sea was four hundred and sixty-seven nautical miles.

The list of fatalities is as follows.

.....”

“Recent developments in the follow-up investigation will be updated on the official website.”

This was an investigation report published by the WSA, the authority of which naturally did not need to be questioned.

Compared to Lin Mo's kidnapping of Ding Li, the cruise ship murder case was obviously more fascinating, and this its case became the focus of global attention.

As word of mouth spread, news that had only been circulating in the upper echelons of the hierarchy was now known to all.

Ziropilo stared at the investigation report inside, his silver teeth clenching.

“Damn Lin Mo, to use me to expand the Rongli case!”

She smashed her phone directly in a fit of anger, half an hour across nearly four hundred kilometres, even a helicopter was far from being able to do that, not to mention Lin Mo's two warships that owed into dogs.

The moment this investigation came out, Lin Mo's suspicions were completely cleansed, and still everyone knew that he, Lin Mo, was not the murderer.

The biggest "credit" for helping Lin Mo accomplish this was her righteous and wealthy friend, Ziropilo.

Despite the fact that this exclusive story has brought him a lot of success, several of the world's top 100 newspapers have offered him an olive branch.

It was just the thought of being foolishly used by Lin Mo that made her feel extremely unhappy.

"D*mned thing, just you wait, sooner or later, I'll make you lose your reputation."

Ziropilo's gaze was deadly fixed on the newspaper in front of him, the can in his hand had been crushed into a ball.

On the other side, Ding Li's situation wasn't much better.

"How's that? Surprised or not?"

Lin Mo had a bad smile on his face after locking up his tablet.

In just a day or two, he had gone from being a high and mighty leader to the number one suspect, and he was still under house arrest.

Ding Li looked at Lin Mo with a victorious smile in front of him, and the anger in his heart rubbed off on him.

"Don't stare, there's no point in you glaring at me.

I have now taken myself out of the centre of the storm, and apart from saving you, everything about the Rongli has nothing to do with me.

But you're miserable, and instead of ranting in impotent rage, you should be thinking about how you're going to face the power behind the dead in pursuit."

Ding Li looked stunned and twisted his head to look at Lin Mo: "What do you mean?"

Lin Mo smiled lightly, picked up a fruit knife, Tang sat on top of the sofa and slowly peeled an apple.

"I've been cleared of suspicion, so as the only survivor on the Rongli, your status is awkward."

"f*ck, I'm a victim too, okay, look at these injuries on my body, I almost f*cking died, they can still put the blame all on me."

"You can't say that, as long as you don't have solid evidence to prove that you are not the murderer, then you can't wash your hands even if you jump into the Yellow River.

It can't be helped, who made you the only one on the entire cruise ship who is still breathing."

Lin Mo took a big nibble after throwing the complete peel into the bin.

"Mmm, it's so sweet!"

Chapter 2719

Lin Mo smiled faintly, picked up a fruit knife, Don sat on top of the sofa and slowly peeled an apple.

“I’ve been cleared of suspicion, so as the only survivor on the Rongli, your identity is embarra*sing.”

“f*ck, I’m a victim too, okay, look at these injuries on my body, I almost f*cking died, they can still put the blame all on me.”

“You can’t say that, as long as you don’t have solid evidence to prove that you are not the murderer, then you can’t wash your hands even if you jump into the Yellow River.

It can’t be helped, who made you the only one on the entire cruise ship who is still breathing.”

Lin Mo took a big nibble after throwing the complete peel into the bin.

“Mmm, it’s so sweet!”

There was a stark contrast between the two men’s states at this point.

Lin Mo was leisurely handling the apple in his hand; Ding Li on the opposite side had anxiety and unease written all over his face.

Lin chewed on the sweet apple and elaborated.

“I’ve been cleared of suspicion, so as the only survivor on the Rongli, you’re in an awkward position.”

“f*ck, I’m a victim too, okay? Look at these injuries on my body, I almost f*cking died, and they can’t put all the blame on me.”

“You can’t say that, as long as you don’t have solid evidence to prove that you are not the murderer, then you can’t wash your hands even if you jump into the Yellow River.

It can’t be helped, who made you the only one on the entire cruise ship who is still breathing.”

Lin Mo took a big nibble after throwing the complete peel into the bin.

“Mmm, it’s so sweet!”

“You don’t look like me, and I have surveillance to back that up.”

“Who knows if you’re an accomplice, you’re injured like this, and you can’t rule out the unequal distribution of benefits, thus blackmailing them.”

“And your injuries I know very well, only one shot is hit the abdomen, the other injuries are located on both sides of the body.”

Lin Mo said here suddenly narrowed his eyes, and his gaze became icy cold.

“Using someone’s body to block in front of yourself as a shield, young Ding is worthy of you.”

Ding Li’s face instantly changed, did not expect Lin Mo to be able to analyze the situation in reverse just by virtue of his own injuries, now that his secret had been nailed, Ding Li’s heart was crossed, simply no longer so.

“That’s right, during the process of being chased, I did pull countless scapegoats to take the bullet for me.”

“But even if I had, they would still have died under the killer’s sword and spear.”

“They were supposed to die, so what’s wrong with letting me live since that’s the case!”

Ding Li’s pupils were by now covered with blood.

The suburbs of the Zero Hour site were now filled with barriers, except for their own people, if they wanted the mall to serve peanuts directly.

“Ding Li, if you like to deceive yourself, I do not stop.

But you say, if I make this matter public, what do you think the forces behind those dead people will do to you?”

Ding Li first froze, then he suddenly struggled and tried to fight Lin Mo to the death.

“b****d, what the hell do you want, if you really want to get me killed then just do it.”

Ding Li finally understood why Lin Mo had gone to such great lengths, inviting journalist Ziropilo to spread the news and announcing his kidnapping in a high profile. This D*mned Lin Mo was not only trying to clear himself of suspicion, he was also trying to force himself into a dead end.

“Don’t be so grumpy young man, I’ve said that incompetent hissy fits don’t change anything.”

“By the way, there’s one more thing I forgot to tell you.

Just on the way back, we were ambushed, and it was obvious that the other party was coming for you.”

At these words, Ding Li’s face instantly changed, and his gaze dodged.

Lin Mo wasn’t surprised to see this look on his face.

“You must have something that the murderer doesn’t want you to know!”

Lin Mo lifted his foot and stepped directly onto the hospital bed and locked eyes with Ding Li.

“You are given two choices, one, tell me everything you know and I will help you keep the matter of pulling the scapegoat under wraps.”

“Two, I’ll let you out, then we’ll see if the murderer finds you first, or the forces behind the deceased find you first.”

Chapter 2720

Ding Li pondered over the two options given by Lin Mo, and did not say anything for a long time.

Lin Mo was not in a hurry, he had already been cleared of suspicion anyway, so he had plenty of time to wait.

After half an hour or so, Ding Li began to let go of his words.

“I know the real face of the murderer!”

Ding Li had been teased and chased by the other party all the way, and the killer's appearance was naturally imprinted in his mind to death.

Lin Mo snorted with laughter, "Younger Ding, that's no fun for you. I don't really care about who the murderer is."

"Didn't they ambush you, and this you can tolerate?"

Lin Mo suddenly froze, looking at the Ding Li in front of him and nodding his head repeatedly.

Remarkable, remarkable! This b*****d had even learned to kill with a borrowed knife!

"Endure, why not. They came after you, if it weren't for you, the sweeper, I wouldn't have any conflict with them at all."

"Forget it, since you don't want to talk about it forget it! You'll be thrown to the pier later."

"F*ck, Lin Mo, you're a dog, right!"

"Huh! What a mouthful!"

Lin Mo squinted his gaze and smiled darkly, "Ah Fei, find some brothers and take the man to the pier for me."

"On the way, just say that I, Lin Mo's, am not forgetful and generous, and let everyone know that Ding Li was let out by ours."

When Ding Li heard this, he gnashed his teeth in hatred, this would not be something that a human being could do, so that the killer and the forces behind the deceased would not all know, and then he would not even know how he would die.

He stole a glance at Lin Mo, who was operating his tablet computer, and on the screen was a large headline that read "The Secret of Ding Li's Survival!"

Ding Li only felt his qi scattered and his whole body wilted, his pulse was now twisted in Lin Mo's hand, and he was not allowed to resist at all.

"How did you know that I was hiding things!"

"What about later, use your head before you speak."

Lin Mo dragged his chair closer and reached out to slap Ding Li's cheek.

"What is the purpose of such a group of your tycoons attending the casino of the giant ship Rongli?"

Ding Li blurted out without thinking, "The mysterious black box!"

"Right, where's the black box?"

Lin Mo finished and raised the computer in his hand, opened the investigation report straight up and came up to Ding Li's eyes and scratched it to death.

"There's no mention of anything about the mysterious black box, what does that tell you that's not obvious enough?"

Of course Ding Li if you dare to say that the World Security a*sociation embezzled the mysterious black box, then I will be convinced!”

Ding Li rolled his eyes, he wouldn't say that, but if he wasn't tired of living, who would dare to accuse such a super organization.

Seeing that he couldn't hide it anymore, he simply explained it directly.

“During the process of being chased by the murderers Note, I happened to see the black box, and when they weren't paying attention, I threw it into the sea.”

Ding Li finished his sentence with a face full of heartache, but of course he did laugh secretly in his heart.

He had indeed thrown the mysterious box into the sea, but because the box was sealed and because of the currents at the bottom of the sea, no one but he knew where it had drifted to.

As he thought smugly, his eyes stole a glance at his wrist watch.

“You were honest enough not to lie this time, I'm relieved.”

After a cold snort, Ding Li didn't reply, he just turned his head to the side.

Hey, you guys just desperately salvage it, so much time has pa*sed and the black box has drifted to nowhere, just to see Lin Mo's disappointed face.

Just as he was masturbating alone, the door was suddenly pushed open.

“Big brother, big brother, we've salvaged it back.”

The prince walked straight in holding a blackened box.

Lin Mo smiled in satisfaction, “Young Ding, impressive, a heap of tawdry operations.”

“If your watch hadn't been lighting up all the time, I wouldn't have been able to a*sociate it with this locator thing.”
