

Genius 341

Chapter 341: One Against Four, He's Winning!

"Let's go. Let's kill him!"

The killing intent in Yin Santong's eyes skyrocketed at that moment.

Ye Chen was too powerful, so powerful that even if they were to get the immortal to possess them and fight him on their own, they would not be his match. If they were to retreat now, how could they not be embarrassed to stay in the northeast in the future?

"Please possess me, Fifth Master!" Yin Santong shouted.

Bai Shinie and Shi Qianmo yelled out too

"Please possess me, Second Master!"

"Please possess me, Seventh Master!"

Three black energies came down from the sky, covering the three of them within. Three compelling auras exploded from the three of them. The black energies almost covered half of the sky, appearing strangely ominous!

The people could not help but hold their breaths as their eyes went blank.

The three black energies that they summoned were the Second Master, also known as the Black Bear King, the Fifth Master which was the Rat King, and the Seventh Master which was the Hedgehog King. One must know that any one of them could conquer the world.

To fight Ye Chen, the four sorcerers had summoned the four kings to possess them at that moment. This had never happened in the entire history of the northeast.

"You three filthy animals, you guys should've come sooner!" Ye Chen guffawed out loud devoid of any fear. Instead, disdain filled his eyes. His clothes were fluttering with the wind as his laughter echoed through the air.

At the same time, Bai Shinie, Shi Qianmo, Yin Santong, and Huang Xieyi, whom Ye Chen had crippled, leaped into the sky at the same time. Dense killing intent almost covered the entire sky.

"Kill him!" Shi Qianmo jeered and charged at Ye Chen with the black energy. He appeared like a falling meteorite.

A gigantic black bear shadow loomed behind him. The bear had bloodshot eyes, and it looked ferocious. It was growling at a deafening volume.

Bang!

"Domination!"

A humongous bear claw slammed at Ye Chen. It was like a black umbrella that enveloped the sky as if it was tearing the sky apart while destroying the air.

At the same time, a gigantic rat shadow with black hair appeared behind Yin Santong. The rat had two long eyebrows at the corner of its eyes. The eyebrows turned into two chains that were thrown at Ye Chen. Clearly, it was trying to confine him.

Bai Shinie and Huang Xieyi attacked Ye Chen from the back. A giant hedgehog with thorns that covered its body and a yellowish-brown weasel shadow appeared behind them respectively.

The four of them had clear responsibilities.

One was to attack Ye Chen in front of him, one tried to contain him while the other two attacked from behind. They were not holding back at all.

The crowd that was watching from the ground lost themselves.

‘Are they trying to kill Ye Chen?!’ Aunt Hong lost all rationale. Shi Ting pulled at the corner of her shirt while Yang Tian was concerned.

“Perfect!” Ye Chen stretched his arm and grabbed onto Yin Santong’s two long eyebrows instantly. He pulled them hard, moving forward instead of retreating. He used the momentum to shoot into the air like a giant dragon ascending the sky. Then, he threw a punch out.

His punch was like a tyrant lifting a cauldron whereby it shook the mountains and rivers. The golden fist shadow that shone from his fist almost lit up the night sky, masking the brightness of the moonlight.

Bang!

He punched Shi Qianmo, who was coming at him, directly.

The golden fist shadow and the giant palm print collided at the moment. Subsequently, a glaring gleam dazzled. Almost within the blink of an eye, the air around was destroyed. The loud thud that was created caused a buzzing in the ears of the onlookers.

‘Holy moly. Is that strength coming from a human?’

Many of them lay on the ground.

Bang!

Golden energy spread out and threw Shi Qianmo out. He spat a mouthful of blood out after managing to stand still which took some effort.

Horror filled his face.

The Domination that he performed almost used up 80% of his strength. It could kill any Martial Dao master. Never had he thought that Ye Chen would have destroyed that with a punch alone.

“Oh, no!” Yin Santong’s eyelid twitched hard. In the next second, he realized that Ye Chen was coming at him while grabbing his long eyebrows.

“Die!” Ye Chen’s voice was extremely cold as if he was the god of death arriving on Earth. He threw a punch at his chest.

Ptui!

As Yin Santong spat a mouthful of blood out, his chest caved in. His heart was crushed as a result of Ye Chen's punch. The energy remnant was still destroying his body in an overbearing manner.

Bang!

Horror, shock, and disbelief pervaded his eyes. His fat body that weighed 136 kilograms exploded almost at the same time. Bloody flesh danced in the air. Yin Santong was killed within five minutes of battle!

At the same time, black energy turned into a light stream and leaped into the sky. It was extraordinarily fast, even Ye Chen could not stop that. After all, the black energy was the Rat King's projection, which was similar to a clone.

At that moment, heaven and earth fell into dead silence!

The crowd looked blank. Bai Shynie, Shi Qianmo, and Huang Xieyi, who were left behind, looked horrified.

Did Yin Santong just explode and was killed from a punch alone?!

Even the three immortals behind them were horrified.

Did Yin Santong fail to escape despite being possessed by the Rat King and did he die on the spot?

"Guys, we can't hold back!" Bai Shynie growled in rage, his crazy eyes bulging, "This man is powerful. Let me constrain him. You guys will attack him with all of your might!"

The hedgehog shadow behind him shrieked again as soon as he was done speaking. It was growing as it charged directly at Ye Chen. Clearly, it wanted to fight Ye Chen with brute force with the upper hand of having thorns on it.

Shi Qianmo and Huang Xieyi respectively released their most powerful attack at Ye Chen from two directions. The assault was even more terrifying than before.

However, Ye Chen's compelling flesh was beyond their imagination.

"I guess you'll be the second one to die!" Ye Chen leaped into the air and charged at Shi Qianmo with his back. When he waved his right hand in the air, a saber with a white glow materialized.

"Kill him!"

Ye Chen did not even bother bringing out the Master Destruction Saber and the Almighty Killer Sword. He made his finger a saber directly and swung it at Bai Shynie. The long saber glow destroyed the air with countless explosions.

At that moment, Bai Shynie, who was merely ten meters away from him, sensed the horror coming from the saber glow. His expression changed, and he wanted to retreat.

However, Ye Chen had already swung the saber.

Bai Shynie was sliced into half by the saber as he panicked and felt unwilling to die. He did not even manage to beg.

Bai Shynie was killed just like that!

Another black energy flew toward the sky!

Dead silence filled the place.

Including Yin Santong from before, two of the four sorcerers were killed. Two more remained while the two who were dead had been killed by Ye Chen in an overbearing manner. From the beginning until the end, they did not even touch the hem of Ye Chen's shirt.

The people's lips were quivering.

So, this was China's No. 1, Mad Southern Ye? As expected, he was a mad genius!

Shi Qianmo and Huang Xieyi, who were remained behind, seemed to look blank!

...

At the same time, 32 kilometers away in the sky, an eagle was flying toward the club. The eagle had extremely sharp eyes, and its body was the size of a human adult after it spread its wings.

Meanwhile, there was an old man in a monk robe standing on it.

The old man stood with his arms behind his back while his eyes were looking far away. There was an aura that he was looking for. "I don't care who you are. You must die for having dared to kill the Mysterious Snake King's son!"

The old man shook his head lightly, feeling rather proud. "Bai Shinie, I was defeated by your 200 hits last year. I, Shen Cangsheng, have trained hard the past winter and summer. I've got the confidence to take 250 hits from you this time!"

Chapter 342: Don't Push Me, Mad Southern Ye!

"How powerful!"

"Is there anyone in the world that can defeat him?!"

Everyone looked at the silhouette in the air blankly. They were terrified as a buzz hummed in their heads.

Surrounded by the most powerful sorcerers in the northeast, they thought that Ye Chen would be defeated.

Never had they thought that he would kill two people consecutively within a couple of minutes. He punched Yin Santong until he exploded, and he killed Bai Shinie with a swing of saber. There were almost no extra techniques as he was brutal and straightforward.

How could that not shock and horrify the people?

Huang Xieyi and Shi Qianmo, who were left behind, were especially shocked that they dared not attack Ye Chen any longer.

Yin Santong and Bai Shinie were no weaker than them. Nevertheless, they were killed. How could they fight Ye Chen now?

Both of them could not help but be overcome by regret as they thought to this point. They lamented having offended Ye Chen just for their so-called dignity.

Just when they were going to speak, they suddenly felt empty.

Two balls of black energy were exuded from their bodies. The balls of black energy were like dragons as they shot directly into the sky with a noise that seemed as if the air was being torn apart. The energy went strong without stopping.

At that moment, Shi Qianmo and Huang Xieyi were stunned. Even the people on the ground who were watching were dumbfounded.

The Black Bear King and Weasel King that possessed Shi Qianmo and Huang Xieyi had just r-run away!

Everyone gasped after a moment of blankness.

One must know that the Black Bear King and Weasel King were the heads of all immortals in the northeast. However, they had now escaped, leaving their chuma disciples behind.

Plop!

“No!” Shi Qianmo and Huang Xieyi were in disbelief. They were not Ye Chen’s match when the immortals possessed them. Now that the immortals had escaped, they were no match for even his finger.

At once, Shi Qianmo and Huang Xieyi ran far away. They fled extremely quickly.

“Nobody that I, Ye Chen, want to kill can escape!”

Ye Chen chased after them as he activated energy in his body.

...

At the same time, an eagle flew where Shi Qianmo and Huang Xieyi were running toward. Shen Cangsheng stood on the eagle as suspicion flashed through his eyes.

“That’s odd. Why is the aura that the Mysterious Snake King provided me with so close to the place where the five families are gathering tonight? Can the man who killed Zhu Chao have been captured by a chuma disciple?”

Shen Cangsheng thought to himself for a little bit and smiled. “That’s good. It saves me a trip. I don’t care who you are, but you should be honored that I’m the one who will be killing you! Bai Shinnie, I, Shen Cangsheng, am here!”

At that moment, he suddenly felt two familiar auras coming at him at high speed.

Shen Cangsheng patted the eagle’s head. It stopped flying and supported him in the air. He saw two silhouettes coming from far away quickly.

“Are those Shi Qianmo and Huang Xieyi?”

Shen Cangsheng’s expression changed slightly, and he was rather skeptical. “Shouldn’t these two be at the gathering? Why are they here? Are they here to welcome me?”

A smile flashed across his face as he thought to this point. He urged the eagle to go to the duo instantly. He said while smiling as he blocked their way, "Aren't you guys sweet? I can't believe that you guys are here to welcome me."

"Scram!"

However, the response he got was a raging shriek from Shi Qianmo and Huang Xieyi.

Just when Shen Cangsheng was going to speak, he suddenly noticed that another aura was fast approaching. In the next second, he saw Ye Chen coming while stepping in the air.

'It's him! Was this the brat who killed Zhu Chao and Mysterious Snake King's son? I can't believe that this brat is coming to me himself!' Shen Cangsheng was stunned at first, then he was overjoyed.

Shi Qianmo and Huang Xieyi's expressions changed drastically. They pushed Shen Cangsheng away and ran far away again after taking a deep breath.

Before Shen Cangsheng could react, Ye Chen appeared 100 meters away within a heartbeat. He threw a punch at Huang Xieyi who shouted, "No!"

Subsequently, she exploded into a ball of bloody mist.

Shen Cangsheng could not fathom whatever that had just happened. Did someone just punch Huang Xieyi until she exploded?

Shi Qianmo knelt before Ye Chen, feeling terrified. "Mad Southern Ye, let me go. Please let me go. I swear I'll no longer make you a rival..."

"It's too late!" Ye Chen's eyes became serious.

Sensing his killing intent, Shi Qianmo shouted at Shen Cangsheng who was aside, "Shen Cangsheng, Brother Shen, help me. Please help me..."

As he was sliced into half from the middle before he was done speaking, bright red blood splashed into the sky.

Shen Cangsheng watched everything blankly. He felt a buzz in his head, and he lost his stern image from before. 'I can't believe that the man I traveled 1,600 kilometers to kill just killed Shi Qianmo and Huang Xieyi right before my eyes!'

One must know that Shi Qianmo and Huang Xieyi were no weaker than him!

His pupils suddenly dilated! 'Wait! That brat is Mad Southern Ye?!'

He could not help but felt his emotions stir within him as he thought to this point! Sucking a deep breath in, he turned around and left as if Shi Qianmo and Huang Xieyi were pedestrians that he did not know.

There was no hesitation at all!

'What the hell, Mysterious Snake King?! You're asking me to kill China's No. 1!'

Now, he just hoped that Ye Chen would not recognize him.

However, what you were afraid of would always come to you!

A calm voice boomed from behind him, "Wait!"

Shen Cangsheng paused and turned his head to smile at Ye Chen in a rather stiff manner. "Brother, I didn't see anything. Don't worry. I won't tell anyone."

Ye Chen glanced at him. "What's your name?"

"I'm Liu Deshui! Shen Cangsheng said with a straight face, "I don't know them."

Upon hearing that, Ye Chen looked at him wryly. "If I'm not mistaken, I heard them calling you Shen Cangsheng, am I right? Stop pretending!"

Shen Cangsheng's heart sank realizing that his cover was busted. He said with a grin, "Mad Southern Ye, there's nothing between us. I definitely won't tell anyone about Huang Xieyi and the rest's death."

He secretly hated Shi Qianmo now. 'You should just die, Shi Qianmo. Why did you have to call my name?'

"There's nothing between us?" Ye Chen chuckled softly and said, "I suppose the immortal behind you is the Mysterious Snake King, eh? Since I've killed the Mysterious Snake King's son, aren't you, the chuma disciple, going to avenge the Mysterious Snake King?"

"The Mysterious Snake King is the Mysterious Snake King while I'm me!" Shen Cangsheng said looking unnatural.

"The four of them are dead. You're the only one left, so I'll kill you now!" Ye Chen shook his head lightly and walked to him one step after another with his arms behind his back.

Shen Cangsheng took a step back by instinct. He said coldly, "Don't push me, Mad Southern Ye. How terrifying the Mysterious Snake King is is beyond your imagination. If you dare take another step closer, I'll summon him here!"

"The Mysterious Snake King?" Ye Chen chuckled. "He's just a long worm, but he dares call himself a king. Sure, I'll give you a chance. Get him here!"

"It's you who is seeking death yourself!" Shen Cangsheng grinned upon hearing that, then he shouted instantly, "Please possess me, Third Master Liu!"

However, the scene that he imagined, whereby black energy would have integrated with his body, did not happen. As if Third Master Liu did not sense his call, nothing happened.

'How is that possible!?'

His expression changed slightly, then he said again, "Please possess me, Third Master Liu!"

Nothing happened.

"Please possess me, Third Master Liu!"

Please possess me, Third Master Liu!"

Shen Cangsheng shouted tens of times. However, the summoning that always worked failed at this moment.

While he looked at Ye Chen, horror and disbelief filled his face! He finally understood it now! It was not that he could not summon the immortal! Third Master Liu simply dared not come! To be exact, Third Master Liu dared not possess him because he was afraid of Mad Southern Ye!!!

He felt his scalp go numb as soon as the thought entered his mind!

“Oh, will you just summon him, please?” Ye Chen said calmly.

Chapter 343: Sexy Vlogger Du Xiaoxiao!

“Oh, will you just summon him, please?!”

Shen Cangsheng jolted as Ye Chen looked at him mysteriously. He said after gulping, “Mad Southern Ye, can you let me go? I won’t interfere with the grudge between you and the Mysterious Snake King.”

He felt upset as he spoke. He had conquered the northeast for decades. As a sorcerer, when had he ever spoken to anyone so politely? However, he had to do that now.

The reason was that the young man standing before him was China’s No. 1. He had killed Huang Xieyi and Shi Qianmo right before his eyes. Now that he thought about it, Yin Santong and Bai Shinie must be dead too.

“I might be able to let you go!” Ye Chen exhaled the last smoke ring and stepped on the cigarette butt as he said, ‘But you’ll have to bring me to the secondary forest to see those so-called Five Kings!’”

“What?” Shen Cangsheng was secretly startled as if he had just heard something terrifying. “You want to kill the Five Kings?”

The Five Kings were the most powerful existence in the entire northeast. Apart from that, they had lived for close to 1,000 years and had witnessed the changes of countless dynasties. They were almost evergreen, but Ye Chen wanted to kill them?

Shen Cangsheng said immediately as he thought to this point, “Mad Southern Ye, I admit that you’re powerful, but I’m advising you that it’s best that you don’t do it.”

“Why not?” Ye Chen smiled calmly.

Shen Cangsheng took a deep breath. “It’s beyond your imagination how terrifying the Five Kings are. The reason why you could kill Huang Xieyi and the rest is that the Five Kings are restrained by the Heaven Dao, whereby they can’t leave the secondary forest. They could only send a clone to possess them while the clone’s ability is less than 50% of the real thing.”

“Just show me the way. I’ll kill you right away if you blabber any further!” Ye Chen shook his head lightly, feeling rather impatient.

...

Lushan was one of the mountains of the Yin Mountains in Liaoning’s Beizhen. Legend had it that Lushan was one of the 12 mountains that Emperor Shun of the Three Sovereigns and Five Emperors had divided

back then. Since the beginning of time, it held the title of having the best scenery. It was the No. 1 mountain in the entire northeast.

At that moment, many people were gathered there.

There happened to be some unknown creature's calls coming from Lushan yesterday. The calls sounded devastating, and anyone within 80 kilometers heard it. Netizens speculated that there were cavemen in the mountain after it went viral on the internet.

Therefore, many people came over to check it out. Du Xiaoxiao, a famous vlogger on a platform, was among the crowd. Due to her suggestive dressing and sexual jokes, she had many male fans.

"Thank you user 'walkoflife' for subscribing to my channel!

"Thank you user 'loveisatyourdoor' for the donation!"

The provocatively dressed Du Xiaoxiao held her phone in one hand and a mic in front of her lips with her other hand at the moment. She was beaming.

"Why did an old lady in her 90s die on the street naked? Why did hundreds of female donkeys scream in the middle of the night? Why do people keep stealing condoms from the kiosks?"

Du Xiaoxiao's opening hyped up the men watching her live stream. Comments kept popping up onto the screen.

She coughed and went back to the subject, "Welcome to Xiaoxiao's live stream, everyone. As you can see, Lushan is right behind me. Today, let me unveil whether there are really cavemen here as suggested on the internet.

"*crying emoji* I'm going on a live stream risking being captured by cavemen. Please support me, brother and sisters. Send me gifts too."

Du Xiaoxiao paused for a moment. When she was going to speak again, a scream came from behind.

She turned her head to look immediately and saw four balls of black smoke coming from far away. They were like dragons, but they were flying low.

When the four clouds of black smokes were passing through the crowd, they grabbed four adult men with them. As a series of munching noises went on, four skeletons appeared on the ground. The four clouds rushed deep into Lushan within the blink of an eye.

The terrifying and strange scene scared everyone.

"Monster!"

"There's a monster eating people!"

"Run!"

The people screamed when they snapped back to their senses. They were jostling each other as they ran. Needless to say, they would be happy to have an extra pair of legs now.

The sexy vlogger Du Xiaoxiao turned off the live stream right away. She ran with the crowd as her groupies protected her. She had lost her charm and confidence that she carried earlier.

However, there were two men who were not running. Instead, they were walking toward the opposite way where the people were running.

They were Ye Chen and Shen Cangsheng. They saw the four black clouds eating people, but they failed to save them.

Du Xiaoxiao ran while screaming when she saw them from far away, "Run, run now! There's a monster eating people!"

Ye Chen glanced at her and proceeded to walk over to her.

"Handsome man, stop walking there. Run with us. There really is a monster ahead!" Du Xiaoxiao held onto Ye Chen, feeling annoyed.

Ye Chen smiled. Just when he was going to speak, a man, who had walked a couple of meters away, turned his head and said to Du Xiaoxiao, "Xiaoxiao, why are you still caring about somebody else when we're in danger?"

His name was Yue Bin, and he was Du Xiaoxiao's groupie. Groupie meant fan, and he was also Du Xiaoxiao's 'godbrother'. He was always sending her gifts because his family was wealthy.

Yue Bin wanted to take her to bed, so he had suggested looking for cavemen at Lushan. Naturally, his goal was to win her over. Never had he thought not only they did not find any cavemen, but a monster. At the same time that he felt scared, he was also annoyed.

Yue Bin spoke again, "Everyone is running out, but these two dummies are still walking in. Let them go since they're seeking death!"

"Handsome man, there really is a monster in there. We saw four black clouds of smoke eating four people alive..." Du Xiaoxiao advised, feeling unwilling to continue persuading them. She secretly made up her mind that she would give up if Ye Chen did not believe her.

Yue Bin urged, "Xiaoxiao, let's go. These two dummies will regret it when they see the monster later."

Ye Chen smiled calmly and said to Du Xiaoxiao, "Thank you for your kindness, but I'm here to kill five filthy animals!"

"Kill? Filthy animals?" Yue Bin scoffed, "Do you think you're a sorcerer? There must be something wrong with your head!"

Ye Chen shook his head and ignored both of them. He stepped out and leaped into the air like a giant dragon soaring into the sky. He stood with his arms behind his back while he looked at the ground as if he was a god who was looking at the world in a condescending manner.

His extremely cold voice boomed, "Mysterious Snake King, Black Bear King, Weasel King, Hedgehog King, and Rat King, get out now to accept your death, you filthy animals!"

Yue Bin and Du Xiaoxiao were dumbstruck to watch that scene.

They opened their mouths wide, unable to believe what they saw!

“Holy sh*t!” someone cursed.

Subsequently, the people who had run some distance away turned their heads to look by instinct. They happened to see Ye Chen in the sky. They were so shocked that their jaws almost dropped to the ground.

“God?”

“Is that young man in the sky God?”

“How is he hovering in the air?”

“Is he here to capture the monster?”

Everyone looked at the silhouette in the sky blankly.

Yue Bin gulped, almost passing out from shock.

Du Xiaoxiao clenched her fists tightly as she watched Ye Chen who was in the sky. She said as her cheeks flushed, “So cool!”

Realizing that nothing was happening, Ye Chen chuckled and took out a cigarette. He smoked it after lighting it and said, “I’ll wait for you guys until I’m done with this cigarette. If you guys don’t show up, I’ll burn the entire Lushan today, putting an end to your lair and your descendants!”

Chapter 344: The Five Immortals of the Northeast Have Gathered!

As soon as Ye Chen was done speaking, the crowd’s expression changed. Subsequently, they looked horrified.

There was more than one monster in Lushan?!

What shocked them even more was that Ye Chen had come here alone to fight the five monsters!

“Oh my god, oh my god!”

The sexy vlogger, Du Xiaoxiao’s pretty face was flushing like her cheeks were bleeding. She looked like a fanatic. “How handsome, how overbearing! I think I’m falling in love with him!”

Handsome?

Yue Bin’s face twitched hard while standing next to her. He said in jealousy, “It’s illegal to burn the forest. He’ll be put behind bars for doing that. He’ll drag his entire family into trouble!”

However, Du Xiaoxiao responded with a stare as if she was looking at an idiot. ‘Haha! Do you think such a powerful man is afraid of being put behind bars?’

The envy within Yue Bin grew. Just when he was going to speak, a series of tsunami-like growls came suddenly. It was like tens of thousands of beasts running at the same time while the ground shook.

Once more, everyone’s expressions changed.

In the next second, a stampede of animals from the sky and the forest rushed out. There were many of them, causing the people's scalps to go numb.

"A-Are we being surrounded?" someone asked as his face turned pale.

It was common for people to be surrounded by their peers. However, it was their first time being surrounded by wild animals.

What confused them was that the animals did not attack them after surrounding them. Instead, they were glaring at them.

Roar!

An angry roar came from the forest far away.

A monster whose body was as thick as a bucket leaped out of the forest with a terrifying gale, and its gigantic body crushed a couple of trees.

The people turned pale when they looked at it closer.

It was a giant white snake. To be exact, it was a white python. Its body was filled with scales while there was a cold glare sparkling in its eyes. The white python lifted its head and stared coldly at Ye Chen with its bloody red forked tongue out.

At that moment, the ground began to tremble.

Thud, thud, thud...

As a series of loud thuds came, a big black bear that was over three meters tall lumbered out of the forest. Sunken holes were made with every step it took.

Roar!

Another angry roar came.

A weasel that was the height of a human walked out of the forest on both feet. With white fur covering its body, it looked very old, but there was a terrifying aura coming out of it.

A big rat that was over a meter long made its way out of the soil. It was fat and muscular, and there was a cold glow shining in its egg-sized eyes.

A giant sphere rolled from far away, sending gravel flying as if there was a hurricane. When the sphere stopped, it turned into a giant hedgehog. The thorns on its back were like razor-sharp needles.

At that moment, apart from the immortal fox, the Five Immortals of the northeast gathered! It was incredibly shocking!

The place was filled with dead silence!

Everyone watched whatever that was happening before them with fear all over their faces. Their legs were shaking as if they had the chills.

As regular people, when had they ever seen such gigantic animals?

It was even worse for Yue Bin, whereby he fell onto the ground from shock. Yellow liquid flowed from his pants as he peed himself from the scare.

Du Xiaoxiao covered her mouth tightly, not daring to make a sound.

The big black bear glanced at the people in disdain. He looked at Shen Cangsheng who was standing aside and spoke in the human language, "Great, Shen Cangsheng. I can't believe you brought this brat to our territory!"

Shen Cangsheng looked troubled because it was not his idea. He had been threatened to do so!

The big black bear scoffed and lifted its eyes to look at Ye Chen who was in the air, "Mad Southern Ye, forget the fact that you killed our chuma disciples out there, but I can't believe that you're so overconfident that you dare to come here for us!"

Ye Chen said nothing. Instead, he stretched his hand and counted with joy on his face.

The big black bear said in its deep voice, "What are you counting?"

"I'm counting how many magic tools I can refine after killing you guys," Ye Chen replied in all seriousness.

The big black bear was enraged. "You..."

"So, you're the Black Bear King?" Ye Chen looked at it.

The big black bear smiled pridefully. "That's right. I'm the Black Bear King Nie Xiong. Since you're dying soon, you can call me Second Master Nie!"

It ranked second among the Five Immortals in the northeast not just because it was the second oldest but because its ability was more powerful than the rest!

Ye Chen nodded. "I want your beast core, as well as your claws. I'll bring them back for my daughter to taste."

Everyone was shocked to hear his declaration. They stared blankly at Ye Chen, refusing to believe that he dared to say something like that to trigger the monster at such a critical time. He must be out of his mind!

"Cool! He's so cool!" Du Xiaoxiao on the other hand had admiration and lust in her eyes. "This is the man of my dreams. Heroic and fearless when he stares right at danger..."

"Mad Southern Ye, you're taking the path to hell although your life is at peace!" the big white python spat its bloody red tongue and said in resentment, "You must know that the entire forest is our territory. Do you know that we can perform at our peak here?" Given that it was a lady's voice, it must be a female.

"Are you the Mysterious Snake King?" Ye Chen asked.

The big white python chuckled. "That's right. I'm the Mysterious Snake King, Liu Ying. I'm ranked No. 3. You killed my son, Liu Xuan, so today I'm going to..."

Ye Chen interrupted her before she was done speaking, “Your skin isn’t too shabby. It’s suitable to be refined into a protective treasure armor. I can use your bones to refine an attack magic tool while your flesh will make a delicious soup.”

Liu Ying was mad to hear that.

However, Ye Chen ignored her stare directly and looked at the Weasel King, the Hedgehog King, and the Rat King who were aside. He shook his head lightly, feeling rather disappointed.

“Compared to the both of them, the three of you are useless. Weasels are only good at farting while rats are always digging. You’re filthy. I can smell the stench on you guys from far away.”

He looked at the giant hedgehog, who was the Hedgehog King, as he spoke to this point. “You’re not bad. Your thorns are rather useful. I’ll pull them out later and refine them into armor for my daughter. I’m sure she’ll love it.”

The five immortals growled dangerously. Before they had even fought, Ye Chen already had plans about what to make of their carcasses.

Although they had been cultivating for 1,000 years, whereby they had attained tranquillity, they could not suppress their rage under such circumstances.

As they growled, the animals were also snarling. The crowd turned pale in fear, and they could not help but begin shaking. Many of them were secretly cursing Ye Chen.

‘Damn it! Don’t drag us in if you’re seeking death! You’re having fun triggering them, but we’re the unfortunate ones!’

“Kill him! I want to break his bones, eat his flesh, and drink his blood!” The Mysterious Snake King spat and leaped into the air with its gigantic body. Meanwhile, the Black Bear King and the rest turned into four balls of black energies that charged at Ye Chen.

At the same time, strong wind and storms hit the entire Lushan.

It was majestic!

Chapter 345: I’ll Treat You to A Chicken Dinner!

As five balls of black energies ascended into the air, the sky was filled with demonic qi at that moment. It dimmed heaven and earth.

Meanwhile, the suppression that they released made the people lie on the ground while quaking in panic.

It was terrifying! Their auras alone were unbearable! How powerful were they exactly?

Shen Cangsheng’s expression changed at first. Then, he smirked.

The auras of the five immortals suffocated him a little. Therefore, to him, no matter how powerful Ye Chen was, he definitely could not fight the five immortals that were challenging him together.

Yue Bin had a smirk on his face too. Although Ye Chen was human, he hoped that the latter would be killed by the five immortals. He did not realize that they would die as well if Ye Chen was killed.

“You must win, handsome. I’ll treat you to a chicken dinner!” Du Xiaoxiao was exclaiming to Ye Chen loudly.

If her hundreds of thousands of fans were to hear that, they would have grumbled. Naturally, many perverts would have asked whether the chicken dinner would be taking place at a cyber cafe or a hotel.

In the air, Ye Chen shook his head upon hearing what she said. Subsequently, he looked at the five black energies that were coming at him and smiled lightly. “All five of you together? Great! I like it!”

“Die!” A voice with endless killing intent came.

The Black Bear King took the lead to attack! He waved both fists from the bottom like he was a launching rocket. A stunning red glow exploded on both fists and grew bigger and bigger. The fists were coming at Ye Chen like the folktale whereby Pan Gu separated the sky from the earth.

Among them, he had the most powerful ability. Despite fighting by himself instead of using a clone, he was fearless of Ye Chen.

“Perfect!” Ye Chen laughed hysterically and descended from the sky. He was like a dragon diving into the sea, appearing very majestic. As he threw a punch at the Black Bear King, a dazzling golden fist shadow shone like a glaring, proud sun.

Bang!

Two fists collided.

A majestic halo spread like a wave. The air wherever the impact reached was destroyed, stunning even the four immortals.

Bang!

The Black Bear King staggered and was thrown tens of meters out directly by Ye Chen’s punch. He was secretly shocked after managing to stand still.

‘How is his body so powerful? Even Prometheus can’t do that!’

“You’re worthy of being a bear. With thick and tough skin, you’re a perfect sandbag!” Surprise flashed across Ye Chen’s eyes when he realized that the Black Bear King was unscathed.

“Mad Southern Ye, get over yourself!” The big white python that was also known as the Mysterious Snake King’s eyes were cold. Her gigantic body stretched instantly like a thick, white cloth. She traveled through the air and charged at Ye Chen extremely quickly.

Her speed broke through the sonic barrier, causing the air around to reel and explosive blasts shook the earth.

She appeared before Ye Chen in the next second while she slammed her long snake tail against him. The terrifying wind and majesty that came with her tail were sufficient to destroy a building.

Ye Chen looked indifferent as he stretched his arm at a normal speed. He grabbed onto her tail and waved it around hard.

The people on the ground saw him grabbing a giant snake and waving it around. He looked like a child tying a rock onto a rope and playing with it.

“Can he not be so insane?”

Everyone watched with their eyes open wide.

The Mysterious Snake King was growling in rage. Despite struggling hard, she realized that he was constraining her good like a metal hoop.

“Let me help you!” The gigantic Rat King leaped and opened its mouth at the same time. With two rows of sharp teeth, it bit Ye Chen’s arm directly.

Its teeth could bite through anything, including diamonds. Therefore, it thought that Ye Chen’s arm would definitely be snapped from that bite alone.

However, it felt pain shoot up its teeth in the next second. As if it had chomped on something extremely tough, its front tooth was broken. It hurt so much that it was tearing up.

“You have terrible breath!” Ye Chen smirked in disdain and slammed the Mysterious Snake King that he was waving around at it. When the duo collided, the gigantic Rat King was thrown out directly after two devastating shrieks broke the air.

“Mad Southern Ye, are dirty tricks all you’ve got? Put No. 3 down and fight the five of us properly like a man!”

The Black Bear King and Hedgehog King were enraged, but they dared not approach Ye Chen. After all, he was waving the Mysterious Snake King like a bat.

They were just throwing tantrums, thus they thought that he would not agree to that.

Never had they expected Ye Chen to turn his head to look at them after he flung the Mysterious Snake King away. He had a serious expression on his face. “Sure, I’ll fulfill your dreams since you filthy animals no longer want to play!”

Their hearts sank as they could not believe the bad feeling rising within them.

In the next second, Ye Chen took a step out and looked at them in mockery. “Are you guys afraid of the Heavenly Tribulation? Is that the reason why you guys are hiding in the secondary forest deep in the mountain? I’ll give you guys a taste of the Heavenly Tribulation today!”

Ye Chen then waved at the sky!

“Come here, lightning!”

The sunny sky was filled with dark clouds almost within the blink of an eye while thunderclouds were consolidated.

Rumble!

Thunder rumbled in the clouds while strong winds whipped the air around them. As if God had gone mad, it shocked their souls.

Many people watched that blankly, including the five immortals. Dense horror was revealed on their faces!

Anyone would be scared to their very core under such Divine Thunder. Many people knelt onto the ground by instinct, and they could not stop praying.

The five immortals were the ones who were the most scared of that.

They were immortals of mutated species which was prohibited. They would have to face all sorts of tribulations to elevate their cultivation with the heavenly thunder barrier being the most powerful one.

Heaven Dao had no mercy.

Therefore, they had been hiding in the secondary forest throughout the years because the Heavenly Tribulation did not cover the secondary forest. After all, there were many lives in the forest. If the immortals were killed by the Heavenly Tribulation, so would the other lives.

That was Heaven Dao's mercy!

And that was the reason why they dared to fight Ye Chen there. As long as they were in the range of the secondary forest, they were courageous enough to fight with all of their might.

However, things had changed now.

They were shaking as they looked at the silhouette that was standing in the air with his arms behind his back with lightning above his head and his feet hovering in the air. It looked as if Thor had arrived on Earth.

He summoned the lightning by calling out to it!

It was an immortal method!

Even the people from Shang Santian, who isolated themselves from the world, could not do that!

How could they not panic now?

"Oh, no, retreat!" the giant Rat King shrieked in devastation and rushed to the ground. It seemed to want to hide by digging a hole in the soil.

In the next second, a bolt of lightning the size of a baby's arm came from the sky while piercing through the clouds. It was like a lightning snake that directly struck the Rat King!

Rumble!

The Rat King was struck by the lightning before it landed on the ground. Immediately, he was killed!

At that moment, dead silence filled heaven and earth!

While everyone's expressions froze, the remaining four immortals had despair on their faces.

Chapter 346: The Heavenly Tribulation Will Come Whenever I Want!

One of the Five Kings of the northeast, the Rat King that had lived for close to 1,000 years was struck to death by lightning.

An eyeball the size of a pigeon egg hovered midair.

Suppression, fear, shock, horror...

Emotions were spreading between heaven and earth.

"It's your fault, Shen Cangsheng!" Mysterious Snake King shrieked!

Before this, the Five Kings were rather pissed off that Ye Chen had killed Huang Xieyi, Yin Santong, and the other two. They did not take Ye Chen seriously and had merely sent their clones to fight.

Even when Ye Chen came all the way to the secondary forest, they still thought they could kill him since they were fighting him together. They had even complimented Shen Cangsheng's great job of bringing Ye Chen here!

However, the shocking lightning earlier had crushed all of their confidence and pride following the Rat King's death.

They could not believe that Ye Chen could summon lightning!

They had never thought of that. That was the reason why they were terrified!

As a result, the Mysterious Snake King resented Shen Cangsheng.

Facing the Mysterious Snake King's rage, Shen Cangsheng stared blankly at Ye Chen who was in the air as if he did not hear her.

He felt like he had survived a catastrophe. He was grateful that he had not attacked Ye Chen earlier. Otherwise, such a powerful person would have killed him by the raise of an arm!

Rumble!

A low thunder rumbled from the dark clouds. It snapped the people who were staring into space back to reality completely. Everyone had respect and fear on their faces.

Yue Bin's body could not stop shaking. Subsequently, he could not stop slapping himself!

'My stupid mouth! I can't believe that I called him an idiot earlier! Has anyone seen an idiot who can fly and summon lightning? He's a god, alright?!

Sexy vlogger Du Xiaoxiao was so shocked that her mouth turned into an O shape. She patted her flushed cheeks softly. "A-Am I dreaming?"

She smiled so much that her dimples were showing. "If this is a dream, I hope I'll never wake up from it!"

Ye Chen stretched his arm and caught the golden bead in the air. As he grabbed it in his hand, a smile appeared on his face. "Fortunately, I held back. Otherwise, its beast core would've been crushed!"

The golden bead was the Rat King's beast core.

The Mysterious Snake King, the Black Bear King, the Weasel King, and the Hedgehog King could not help but feel their scalps go numb upon seeing Ye Chen take the Rat King's beast core away.

He was not joking. He said he would take the beast core, and he did!

The giant Weasel King shrieked as it thought to this point. "He can only summon lightning one a time. Guys, let's run separate ways. It's impossible for him to kill all of us at once."

Indeed, there should have been some restrictions although Ye Chen was so powerful that he could summon lightning by calling out to it.

Hope flashed through the other three immortals' eyes that were initially dim with despair when they heard that. That was right, it was definitely impossible that he could summon four bolts of lightning at the same time.

"Run, run separately!" the Black Bear King growled in rage.

Almost at the same time, the four immortals ran in four different directions.

"Run? Where do you think you're going?" Ye Chen chuckled, then he opened his mouth and enunciated eight words softly, "The Heavenly Tribulation will come whenever I want!"

Rumble!

A series of thunders came from the clouds as soon as he was done speaking. Four branches the size of baby arms struck toward the four immortals.

The Weasel King that was running the fastest felt a zap behind it. It turned its head to look by instinct and saw a bolt of lightning coming at it.

At that moment, its hair stood up. It blocked the lightning using its hands by instinct and shrieked at the same time, "No!"

Rumble!

The lightning landed accurately on it. As a blaring explosion occurred, the Weasel King was killed!

Meanwhile, a beast core appeared where the Weasel King was.

The Mysterious Snake King, the Black Bear King, and the Hedgehog King saw that. Before they managed to react, lightning struck before them respectively.

However, it did not strike them. It stopped them from running!

The three immortals froze and stood still. A stir was rushing inside of them!

Clearly, the Weasel King was wrong! Ye Chen could totally control four bolts of lightning at the same time. And the price of guessing it wrong was death!

The Black Bear King looked at Ye Chen as horror filled his face. "You must be from Shang Santian. Only people from that place are that terrifying!"

The Mysterious Snake King and the Hedgehog King inhaled sharply one after another hearing that.

Indeed, Ye Chen's technique was no longer a spell. It was close to divinity and was no different than an immortal art. Apart from people from Shang Santian, who else could possess such abilities?

Therefore, they assumed that Ye Chen came from Shang Santian. Only that could explain everything that was happening before them.

Ye Chen put away the Weasel King's beast core. He stood with his arms behind his back and said calmly, "Do you know why I killed the Weasel King and not the three of you?"

"Why?" the Hedgehog King could not help but ask.

Ye Chen shook his head lightly. "I'm a man of his word. I'll definitely do it when I say I'll retrieve your beast cores and peel your skin. I won't get anything if you guys are killed by lightning!"

The three immortals had a drastic change of expression after hearing that.

The Mysterious Snake King shook and said in alarm, "Immortal Master, I don't think there's any grudge between us. Even though we possessed Huang Xieyi and the rest to fight you, it was them who were trying to kill you."

She dared not call Ye Chen's name directly now. Instead, she called him 'Immortal Master'.

In the eyes of the people in the northeast, they were the invincible immortals. However, now that they compared themselves with Ye Chen, would they not be embarrassed to call themselves that?

"That's right."

The Black Bear King suppressed the fear within him forcefully and said, "Moreover, the Weasel King and the Hedgehog King are dead now. Can you spare our lives out of kindness? It took us great effort to achieve what we have today!"

"That's right, Immortal Master. As long as you spare our lives, we're willing to be your slaves!" The Hedgehog King was bowing at him.

Regular people were fearful of death, let alone them, the mutated species that had been cultivating for close to 1,000 years!

Ye Chen said expressionlessly in the face of their begging, "What if I don't want to?"

The Black Bear King had a drastic change of expression. It took a deep breath and said, "Then, we can only summon our big sister!"

"That's right, summon Big Sister now!" The Mysterious Snake King nodded immediately.

"Big sister?" Surprise flashed through Ye Chen's eyes.

'Is there a more powerful immortal?'

A cold wind blew through the forest beneath his feet at the same time. The people on the ground could not help but jolt, but they suddenly felt sleepy. They soon fell asleep on the ground. Meanwhile, the wild animals that were surrounding them retreated in unison as if they received an order.

Ye Chen shook his head lightly and said while smirking, "If I'm not mistaken, I believe you're the immortal fox behind the Hu family. Come out now and stop this show of yours. Otherwise, I, Ye Chen, will destroy Lushan today!"

Chapter 347: Peach Blossoms that Stretched 16 Kilometers, White Fox of 2,000 Years!

Ye Chen noticed something odd with the ancient painting on the wall when he was at the Hu residence. However, he did not probe further given that the Hu family was willing to help him.

He merely made Yang Tian reenact strange stories in the middle of the night.

Regarding the Five Immortals of the northeast, theoretically, there should be the fox, the weasel, the hedgehog, the snake, and the rat. However, the immortal fox was not among the Five Kings. Meanwhile, the ranking of the kings started from No. 2.

So, where did No. 1 go?

Therefore, Ye Chen came to a realization when the Black Bear King said they were summoning the big sister. Indeed, No. 1 existed.

While there was a soft sigh from the forest as soon as he was done speaking, a white shadow hovered from far away.

It was a white fox the size of a child who was four or five years of age. It had white hair that looked as pure as snow on the mountain.

As the white fox walked over slowly, her eyes were playful like a cunning lady's. However, there was sadness and melancholy were revealed in her eyes occasionally. She walked at normal speed, and there were snowflakes falling with every step she took. The falling snowflakes were shielded from the green glow on her body.

Compared to the Black Bear King and the rest's bodies, she seemed much smaller.

Her appearance made the Black Bear King, the Mysterious Snake King, and the Hedgehog King who were initially in despair to be over the moon as if they had just seen a life savior.

"Big Sister!" the three of them said at the same time.

The white fox did not look at the three of them. Instead, she walked toward Ye Chen slowly. She stopped when she was less than ten steps away from him. To their surprise, she bowed at him. "This humble one greets the Immortal Master!"

Her voice was soft like creek water that could calm everyone down, yet it was as clear as a lark's call.

Ye Chen looked deeply at her and smiled calmly. "You're these useless things' Big Sister?"

Compared to the rest's rough and barbaric manner, the white fox before him seemed reasonable and elegant like a lady.

"That's right." The white fox nodded softly and spoke slowly, "I was the one who enlightened Xiaonie, Xiaoliu, and Xiaobai 1,000 years ago. I thought I've given them a life of purpose, but never have I thought that they'd offend you today, Immortal Master. I'm begging you to let them go."

“How dare you beg of me with merely a clone? Get your real body to come.” Ye Chen shook his head expressionlessly. He saw through the white fox before him that was merely made of spiritual energy.

The white fox hesitated slightly and revealed an apologetic smile. “I’ve embarrassed myself. Please follow me, Mr. Ye.”

She walked directly into the forest as soon as she was done speaking.

Ye Chen followed her instantly, leaving the Black Bear King and the rest where they were. He was not worried that they would run away.

The white fox was walking at ease, but she traveled at least ten kilometers within a short ten minutes.

Eventually, she stopped outside a quiet canyon. There was a deep bamboo forest covering the canyon. A piece of echoing music was playing in the forest. It was sad and melancholic...

“Immortal Master Ye, I’ll be waiting for you in the forest!” The white fox smiled and left.

In the next second, the bamboo forest began to change. The bamboos were swaying as if they were alive. Within the span of a few breaths, the bamboo forest from before vanished. It was replaced by a quiet little path.

“A formation?” Ye Chen squinted in surprise.

He did not expect the white fox to use plants as a formation.

Regular people would not dare to go in, but Ye Chen walked in without even thinking about it.

As he went deeper, a beautiful scenery welcomed him. It was a peach blossom grove. It was summer at the moment, and his field of vision was filled with peach blossoms as he looked over.

The music was still playing.

Ye Chen followed the music and arrived at a stone pavilion in the middle of the peach blossom grove where a lady sat. The lady was dressed in ancient attire that was white without any patterns. It seemed as if she was blending in the peach blossoms that spread 16 kilometers away. She tied her long hair with a simple braided band.

When Ye Chen saw her face, despite having seen countless women before, he could not help but stare a little.

Although the lady dressed plainly without any accessories, she had a gorgeous face. To be exact, it would be more suitable to describe her as having a face that would kill.

Her eyes were alive like bright precious stones. At that moment, she was staring blankly at a guqin on the stone table. While she was playing it with her bare hands, the music sounded sad.

Ye Chen did not rush to interrupt her. Instead, he listened quietly.

The song ended after the duration of an incense stick burning completely.

The lady got up and bowed at Ye Chen. She smiled. “Your humble one is Hu Meiling. It’s my pleasure meeting you, Immortal Master Ye!”

Ye Chen only noticed the chains on her hands after she stood up. The chains were tied to the stone pavilion.

He could not help but frown and say, "If I'm not mistaken, you're the lady in the ancient painting on the wall in the Hu residence, aren't you?"

"That's right, Immortal Master Ye!" Hu Meiling said while nodding lightly, "There's a gush of spiritual consciousness remaining in the painting at the Hu residence. I found out when you looked at it with your consciousness power back then. Please forgive me if I did something wrong!"

"Don't worry about it!" Ye Chen smiled calmly and said, "I guess you were secretly speaking to Old Master Hu when he wanted to decline Aunt Hong's request, asking him to help her, am I right? I suppose you're closely tied to the Hu family, but why are there no chuma disciples in the family, and how come there's nobody in the fox cult that performs the chumaxian ritual?"

"It seems like you don't know much about me, Mr. Ye." Hu Meiling sighed softly and said, "Let me answer your second question first, Immortal Master! I believe that you can tell that I'm a 2,000-year-old fox spirit!"

She smiled shyly as she spoke, "1,000 years ago, I cultivated to the point that I attained nine tails. I would achieve excellency after breaking through the heaven barrier. However, I was injured from fighting someone the day before the heaven barrier took place."

Ye Chen looked serious as he listened. He could sense that Hu Meiling's cultivation base was the equivalence of the Foundation Building of his past life. It was nothing in the cultivation world, but she was someone that could conquer the earth that lacked spiritual energy.

He could not believe that someone could have injured her.

Hu Meiling proceeded to speak after a pause "The heaven barrier came, and I was going to be struck by the Heavenly Tribulation. At a critical moment, a motorcade that was passing by pulled over where the lightning struck. There was a lady among the motorcade who was going through a difficult labor. She was losing blood just as the lightning happened to strike on the motorcade.

"Five people, including the lady, died in the motorcade. Only an infant that had just been born survived miraculously. The lightning created a lightning-stricken napkin."

Guilt flashed through her gorgeous face as she spoke to this point. "I dodged the Heavenly Tribulation because of the lightning-stricken napkin."

Ye Chen was surprised. "What's a lightning-stricken napkin?"

Hu Meiling was flushing upon hearing that. She buried her head by instinct and spoke extremely softly, "A lightning-stricken napkin is the product of a lady's sanitary pad after being struck by lightning."

Chapter 348: Life-forbidding Prison, Putting An End to My Past Life and the Chance of Reincarnation!

Ye Chen could not help but reveal a stunned expression on his face upon hearing the explanation of the lightning-stricken napkin. He was a cultivator himself with wide knowledge, but it was his first time hearing about the lightning-stricken napkin.

“Menstrual blood is the filthiest thing in heaven and hell!” Hu Meiling paused and proceeded, “It happened to suppress the thunder’s powerful strength, which was how I managed to survive!”

She had fear on her gorgeous face as she spoke to this point.

One night 1,000 years ago, the Heavenly Thunder was rumbling. The power coming from the sky was unpredictable. An injured white fox was shaking on the ground. Subsequently, she raised a sanitary pad on her head to dodge all of the lightning that was striking her. Her hair was burned, and she was a mess.

Ye Chen came to a realization, then he said, “If I’m not mistaken, the infant that survived is the ancestor of the Hu family of the northeast, isn’t it?”

“That’s right. After all, his parents were killed because of me and they saved my life. Therefore, I took care of the baby and caught five goats to feed him goat’s milk. I gave him the family name of Hu.” Hu Meiling nodded lightly and said, “When he turned six, I brought him out of the mountain and gave him to the Yin family. I gave him a painting containing my spiritual power. It can remove troubles for him.”

Hearing that, Ye Chen finally understood the relationship between the Hu family and her. She was the reason why the Hu family had been standing tall for 1,000 years. Judging by that, she was a person with gratitude.

“Then, why are you stuck here?”

Ye Chen looked deep at the cuffs and chains on her hands. Since getting here, he noticed that the cuffs and chains on Hu Meiling’s hands were made of unique materials. The chains would shrink whenever she attempted to leave the stone pavilion.

Meanwhile, perhaps the peach blossom grove that stretched 16 kilometers was beautiful for outsiders, but to her, it was a formation. It was a prison that kept her away from the outside world.

“I suppose you come from Shang Santian, don’t you, Immortal Master?” Hu Meiling asked a question instead of answering him.

Ye Chen shook his head. “No!”

It was not his first time hearing about Shang Santian. Bai Zhanyuan had mentioned that he came from Shang Santian before he died. Yang Junlin, who ranked No. 2 on the Heaven Leaderboard, spoke about Shang Santian too.

Hu Meiling glanced at him with utter surprise and said after noticing that Ye Chen did not seem like he was lying, “800 years ago, someone set up a formation and kept me here. The person came from Shang Santian.”

She took a step forward. When she was about to get out of the stone pavilion, the peach blossom grove shook, which activated the chains on her hands to shrink at a high speed. She was dragged back to the stone pavilion.

She said, opening her red lips softly, “This formation is called the Life-forbidding Prison!”

“The Life-forbidding Prison?” Ye Chen was surprised.

Hu Meiling nodded and said, "The Life-forbidding Prison put an end to my past life and the chance of reincarnation. I've been stuck for 800 years. Apart from playing the guqin while being surrounded by peach blossoms, I kill time by comprehending some minor spells. The white box that Immortal Master Ye saw earlier was my little trick.

"I've comprehended that little trick 500 years ago, whereby I made a clone to get out of the Life-forbidding Prison. That was when I met Xiaonie, Xiaoliu, Xiaobai, and the rest. I casually enlightened them back then, which created the seven kings whose names are known to the northeast 500 years later..."

"The seven kings?" Ye Chen frowned.

Hu Meiling nodded and said, "That's right, seven kings. I enlightened a total of seven of them. Apart from the five kings, the other two were No. 4 and No. 7. No. 4 is a monkey that someone from Shang Santian captured. No. 7 is an eagle, but it died when it failed to pass the tribulation."

She got up and bowed at Ye Chen as she spoke, "Immortal Master Ye, although Xiaonie and the rest are at fault, they don't deserve to be killed. Since they stepped onto the path of cultivation, they've accumulated a lot of good karma. When the northeast fell, many people hid in the secondary forest. It was Xiaonie and the rest who secretly helped them to hide from the Kwantung Army."

Back when the Kwantung Army entered the mountain to capture those people, many strange things happened in the secondary forest. Eventually, they even used cannons and planes to bomb the forest, but it only brought minor destruction to the forest.

So, that was the work of the Five Immortals.

"Therefore, I'm begging you to spare their lives. Of course, you can name whatever demands you might have." She bent her thin waist completely to bow.

Ye Chen took a good look at her for a few seconds and suddenly smiled as he spoke, "I'm curious. You should know that I want the beast cores of the useless things out there, so why did you let me into this formation? You must know that you're stuck here. It's a piece of cake for me to kill you!"

"Of course, I knew that." Hu Meiling sighed softly. "I've lost my freedom since being stuck here for 800 years. It makes no difference to me whether I'm dead or alive. If you want to kill me, Immortal Master Ye, I definitely won't resist it!"

"Don't you want to get out?" Ye Chen said.

"Get out?" Hu Meiling was slightly stunned, then she said, "It's an era that I am no longer familiar with out there. Even if I manage to get out, I won't know where to go since the world is so big out there. Moreover, I'm trapped in this prison. It's impossible for me to escape."

Ye Chen scanned a range of almost two kilometers with his Divine Consciousness. He said after a moment of thought, "It's easy to get out of here. This so-called Life-forbidding Prison is set up above the peach blossoms. The formation will be destroyed as soon as the peach blossoms are destroyed entirely."

Hu Meiling forced a smile. "Go ahead and try, Mr. Ye!"

Ye Chen performed the Fireball Tactic on the peach blossoms nearby. However, the flowers did not burn when the fireball landed. Nothing happened.

Surprise flashed through his face. One must know that if he were to perform the Fireball Tactic on a river, there would be a hole in the river. However, it did nothing to the peach blossoms before him. That was rather interesting.

When he was going to charge his flying sword, Hu Meiling spoke without any surprise at all, "It's futile. It was a Formation Master who set up the formation. Whoever started the trouble should end it. Moreover, I don't want to get out."

Ye Chen shook his head lightly upon hearing that she wanted to stay. He said, "Considering that you seem sincere, I can spare their lives. However, you must agree with my three conditions."

"Do tell what they are, Immortal Master Ye."

Ye Chen said slowly, "The first condition is that the three of them out there can't help their chuma disciples to commit evil in the outside world. Secondly, I'll use whatever materials there are in the secondary forest."

"Sure!" Hu Meiling nodded and said, "What about the third condition?"

"I haven't figured it out yet, but I'll tell you when I've thought of it," Ye Chen said with a calm smile on his face.

Hu Meiling said after a moment of hesitation, "Immortal Master Ye, can you give me the two beast cores that you've retrieved?"

"Impossible!"

Chapter 349: Something is Brewing in the Dark!

Hu Meiling sighed softly when she realized that Ye Chen was unwilling to hand over the Weasel King and the Rat King's beast cores. She said nothing more.

Nevertheless, Ye Chen did not care.

If she had not shown up, the Mysterious Snake King, the Black Bear King, and the Hedgehog King would have definitely died today.

As Hu Meiling waved her sleeve, two jars of wine appeared on the table. "Immortal Master Ye, these two jars of wine are a gift from me to you."

"Is that monkey fruit wine?" Ye Chen was surprised.

The so-called monkey fruit wine was made of the fruits that monkeys gathered. They collected them in tree holes for the winter, but they would forget about a portion of the fruits when they had gathered enough. As time went by, the forgotten fruits would ferment on their own.

It sounded easy, but in reality, it was difficult for that to happen. The reason being it had to be the perfect tree hole, the local temperature had to be right, and the soil had to be suitable.

It could be said that the legit monkey fruit wine was made of luck since it was so rare. Even if there was such a wine, it was difficult for regular people to retrieve them. After all, they would be attacked by monkeys.

“That’s right.” Hu Meiling smiled lightly and said, “No. 4 gave me ten jars 300 years ago. As the years went by, I’ve drunk seven to eight jars. I’ll give you the last two jars, Immortal Master Ye.”

“Don’t mind if I do!” Ye Chen put away the monkey fruit wine with a grin. Such a thing was rare as it could prolong one’s life. It would be great for him to bring back to his parents.

He left after they chatted for a while.

...

At the border of the secondary forest, the people, who had fallen asleep, woke up. They could not help but feel relieved when they saw that the wild animals that surrounded them had left.

Meanwhile, the Mysterious Snake King, the Black Bear King, and the Hedgehog King hovered midair. As they stood still, they looked worried.

It had been at least half an hour since Ye Chen went in. Nothing was happening, so how could they not panic? After all, it was related to their life and death.

“How did I fall asleep?” The sexy vlogger Du Xiaoxiao woke up too. She opened her pretty eyes wide, appearing to be looking for something. She suddenly asked Shen Cangsheng who was beside her, “Eh, where’s the little brother from before?”

“Which little brother?” Shen Cangsheng said impatiently. To him, people like Du Xiaoxiao were no different from an ant. If not for Ye Chen, he would not have bothered talking to her.

However, Du Xiaoxiao did not notice his impatience, so she said by instinct, “The little brother who killed the big rat and the weasel earlier.”

Did she just call Mad Southern Ye little brother?

The corner of Shen Cangsheng’s lips twitched hard. ‘You’re the only ignorant person in entire China who dares to call the devil that.’

The three of them midair had a chill in their eyes.

At that moment, a skinny silhouette walked out of the forest.

While the three immortals’ expressions changed, they descended immediately and knelt onto the ground at the same time. Their bodies were shaking lightly.

Ye Chen looked at them, but a figure threw herself into his embrace just when he was going to speak.

The person held his neck with both hands. Subsequently, the person kissed his lips.

Ye Chen was stunned at that moment. Besides him, everyone else was also bewildered.

Du Xiaoxiao let him go by then, and her little cheeks were flushing as if she was drunk. She mumbled softly, “I’m in a dream anyway. It’ll be a waste if I don’t kiss you. I’ll consider this a wet dream.”

Until now, she thought that she was in a dream. After all, everything that she had seen earlier was just too terrifying as if she was watching a movie.

Women admired powerhouses since the beginning of time. If the scene of Ye Chen fighting the five immortals earlier went viral, a bevy of ladies would be charmed by him, including Du Xiaoxiao.

Dreaming?

Wet dream?

Ye Chen pursed his lips and looked at her with shock on his face.

He could not believe that someone would have kissed him by force.

“What are you looking at? That was my first kiss. You’re lucky.” Du Xiaoxiao stared at him with her hands on her waist after noticing Ye Chen was looking at her, feeling wronged.

Her many fans would be so pissed that they might kill themselves if they found out she had given her first kiss away to a strange man. She noticed something wrong as soon as she said that. “Wait. Why does it feel so real when it’s just a dream?”

She stretched her arm out to pinch herself hard. Then, she screamed in pain. Subsequently, she stared with her pretty eyes opened wide, wishing she could just die from the embarrassment. “I-I’m not dreaming?!”

Ye Chen shook his head lightly and looked at the three immortals kneeling before him. He said with his deep voice, “For the sake of Hu Meiling, I’ll spare your lives this time, but you’ll still be punished. Give me your soul blood!”

The three of them had a drastic change of expression as they were unwilling to do so.

As soon as they handed their soul blood to him, they would be handing their lives over to Ye Chen. From now on, he would decide when they lived or died.

However, the three of them clenched their teeth and handed their soul blood over after sensing the killing intent from Ye Chen. There was nothing that they could do. They would die right away if they did not hand it over, and they would live if they did. Anyone else would have done the same.

Ye Chen left the secondary forest after putting their soul blood away.

Du Xiaoxiao could not find him when she snapped back to her senses, so she attempted to go after him.

...

At the same time on a hill in Beijing, two people were fighting in a forest. The terrifying energy as a result of the fight scraped the hills nearby into flatlands.

Bang!

A young man in white threw Yang Junlin who ranked No. 2 on the Heaven Leaderboard out with a punch. He shot tens of meters out, creating mayhem.

“Junlin, are you alright?” Yan Nanfei, Han Qinhu, and the rest helped him up immediately.

Yang Junlin spat a mouthful of blood out and looked at the white-clad young man before him. He looked terrified and serious. He could not believe that he was defeated in a single hit.

“So weak! The second on the Heaven Leaderboard is nothing!” The young man in white shook his head lightly with his arms behind his back as if he was speaking nonchalantly. “The outside world remains a lowly place filled with hillbillies like you guys!”

Enraged, Yan Nanfei wanted to attack the man. However, Yang Junlin held onto him and said to the young man in white, “Are you from Shang Santian?”

“You know about Shang Santian?” The young man was rather shocked.

Yang Junlin said in his deep voice, “I thought people from Shang Santian don’t go out. What exactly are you guys trying to do to be out here? Let me remind you about what happened 100 years ago!”

“How dare you threaten me?” The young man frowned before chuckling out loud. “Tell the government that I, Bai Hongyu, am here just to kill one man. I hope that the government won’t stick its nose into this.”

He vanished from where he was as soon as he was done saying that.

Yan Nanfei said while suppressing the rage within him, “This guy is underestimating us just because he’s from Shang Santian. He’s too much.”

Yang Junlin shook his head. “Clearly, he came because of Bai Zhanyuan’s death. It seems like Venerable Ye is in great trouble!”

The few of them were shocked to hear that!

...

The Xue family had been living a life of fear since Ye Chen killed Xue Xiao. They were worried that he would put an end to their family.

However, the Xue family’s upper echelon was currently stirred at the Xue residence.

The family’s newly appointed master, Xue Yuantao, led two sexily-dressed ladies into a room. He bowed and said to the old man in blue sitting at the corner of the table, “Patriarch, I’ve got you the ladies that you asked for.”

The old man looked like he was in his 60s, and there was no aura on him at all. He looked just like a regular old man.

However, Xue Yuantao dared not be disrespectful of him at all because the old man belonged to the Xue family.

Speaking of seniority, he was Xue Yuantao’s great-grandfather!

It was just that he had disappeared for 50 years and had suddenly returned now!

Xue Yuantao was close to 50 this year. Judging by that, this great-grandfather of his had an extraordinarily long life.

“You may leave now!” The old man lifted his eyes to look at the two ladies behind Xue Yuantao.

Xue Yuantao responded and walked out of the room after closing the door. A series of moans went on in the room. An hour later, a calm voice came from the room, “Come in!”

He saw two dead naked bodies on the bed when he walked in. Their lower bodies were swollen, and the most terrifying thing was that the bodies were dried up as if someone had sucked them dry.

Xue Yuantao secretly jolted.

The old man said without even lifting his head, “Any news?”

“Patriarch, we heard that Mad Southern Ye was in Ganzhou before, and he seems to have left to the northeast after causing a stir at the Spiritual Medicine Mountain,” Xue Yuantao reported immediately.

“Tell them that we’ll capture him now!” The old man grinned. “This time, I’ll give this man a taste of real fear and despair!”

Chapter 350: Old Chen’s Rage!

At the Beijing military headquarters, Old Chen was staring into space as he stood by the window with his arms behind his back.

At that moment, Qin Xiaotian walked in and said softly, “Commander, those people from Shang Santian are on their way to Tiannan now!”

“Ye has finally triggered the powerful ones!” Old Chen sighed softly. “Xiaotian, go to Tiannan. Save whoever you can. I believe they won’t dare to cross the line because of us.”

Qin Xiaotian nodded, and a jeep pulled over at the entrance just when he was going out. Subsequently, two old men walked over in big steps. “The Dragon King has ordered the military not to interfere. Apart from that, the military can’t fight the people from Shang Santian!”

“Why not?” Old Chen frowned slightly upon hearing the name “Dragon King”. He was rather enraged. “Why? Has the Dragon Soul’s spine bent completely after the battle 50 years ago that it can no longer stand?”

The two old men said expressionlessly, “The boss has decided on that!”

Old Chen smashed his favorite clay teapot on the ground and condemned, “Niu Qingshan is a useless thing, a coward! He can no longer stand since he knelt that one time! Scram, get out! I can’t believe the country is afraid of a bunch of b*stards at such a critical time! Where are my cannons? Where are my missiles?!”

...

At Tiannan’s Nine Dragons Bay villa, Ye Hai and Ye Ming’s family were gathered at the moment.

Ye Wen was sitting aside while carrying the little girl, Mengmeng. The pretty girls of different generations were playing on the phone together.

Since becoming the general manager of Yaffle Cosmetics Limited Company, Ye Wen was much more matured now. She would basically spend time at Ye Chen's home every day.

If one were to look closer, she would peek at the young man in white sitting across her occasionally while she played the game on her phone. Upon noticing the young man looking at her, she would look away while blushing.

Delighted, Ye Hai said to Ye Ming and Yang Hui, "I got you guys here today mainly to discuss Yuhan and Xiaochen's wedding."

"What's there to discuss? You'll call the shots, Bro," Ye Chen's Second Aunty Yang Hui said with a smile while covering her mouth.

Since they reconnected, they were always together.

Ye Ming said while smiling, "That's right, Yuhan and Xiaochen were separated for five years, but he's finally back. What I'm trying to say is the sooner they get married, the better. They can have another baby then."

Su Yuhan, who was knitting a sweater for Mengmeng, blushed. She wanted to bury her face somewhere. Nevertheless, there was a smile of joy at the corner of her lips.

She suddenly screamed.

"Yuhan, are you alright?" They looked at her immediately.

Su Yuhan shook her head. "Nothing, I accidentally poked my finger." She sucked her middle finger on her left hand as she was done speaking. For some reason, she suddenly jolted at that moment.

Ye Hai nodded, and just when he was going to speak, Lin Tai walked in quickly. He nodded to the few people in the house and looked at Su Yuhan. "Ma'am, there's someone here for you!"

"Someone's here for me?" Su Yuhan was confused.

Lin Tai shook his head. "I've no idea who that is."

Su Yuhan hesitated and put the needle and thread in her hands down. As she got up and walked out, Ye Wushuang followed her right away.

When they arrived outside the villa, there was a lady in a black dress standing there. She was 30 to 40 years old, and a high bun was tied on her head.

Su Yuhan approached her and smiled out of courtesy after taking a look at her. "Hi, are you looking for me?"

"You must be Su Yuhan, aren't you?" The middle-aged woman smiled warmly while excitement filled her eyes when she looked at Su Yuhan. "Let me introduce myself. My name is Aunt Lan. May I know if I can speak to you alone?"

She looked at Ye Wushuang and Lin Tai who were standing aside after saying that.

Su Yuhan raised her sharp brows. "I'm sorry, I don't think I know you."

“Don’t worry. I’ve got no ill intentions,” Aunt Lan shook her head immediately and said, “I’m here to save you.”

“Save me? I’m sorry!” Stunned, Su Yuhan turned to go back to the house.

“What if what I’m about to tell you has something to do with your boyfriend’s life?” Aunt Lan suddenly said.

Su Yuhan stopped walking. She looked at Lin Tai and Wushuang and said, “You guys go in. I’ll be right there.”

“Ma’am, don’t believe...” Lin Tai opened his mouth.

However, he sighed after noticing Su Yuhan’s determined gaze. After Lin Tai signaled Ye Wushuang, they walked into the house. However, they were still watching whatever that was happening out there.

Su Yuhan spoke as soon as they left, “You may speak now.”

“It’s a pleasure for I, Lan Daolian, to meet you, Master!” Aunt Lan suddenly knelt before her with utter respect.

Su Yuhan was shocked, so she retreated a few steps back by instinct. “What are you doing? Did you get the wrong person?”

“You’re the right person!” Aunt Lan said with utter sincerity, ‘You’re the reincarnation of the Nether King, and you have the body of the Nether King. You’re the glorious master of our Dark Judgement Division who’s fated to take over the reign and inherit the Dark Judgement Division’s holy weapons which are the Nether Umbrella and the Judgement Sickle!’ She behaved like a loyal servant at that moment.

Su Yuhan’s pretty face turned rather unfriendly. “I’ve no idea what you’re talking about at all. I’m sorry I can’t send you off.”

“Master!” Aunt Lan said immediately, “The reason why I came here is to bring you back to the Dark Judgement Division. You’re not suitable to stay in the outside world. No regular person in the outside world deserves you.

“Your boyfriend, that Mad Southern Ye who ranks No. 1 on the Heaven Leaderboard has killed many, causing people from Shang Santian to come to him. Please follow me now. With me here, nobody can hurt you!”

Su Yuhan’s expression changed. “Are you saying that Ye Chen is in danger?” She had no interest in the Dark Judgement Division and the body of the Nether King. She would rather stay at home to be the woman who would serve her husband and nurture her child.

“That’s right!” Aunt Lan nodded and said, “Three experts from Shang Santian are coming. Their mission is to kill your boyfriend, as well as to destroy the entire Ye family. They’re on their way now.”

“I don’t believe what you’ve just said!” Su Yuhan said although she lacked the confidence, “This is a society ruled by law. The country won’t just sit there and watch if they dare to attack us. Moreover, Ye Chen is the chief commander of the Firearms Division. He’s a lieutenant general!”

“It’s futile!” Aunt Lan shook her head and said, “Shang Santian has existed for thousands of years. How powerful they are is beyond your imagination. The country won’t make rivalry with them because of you guys. By then, nobody will be able to help your boyfriend no matter how he begs!”

She seemed cold as she glanced at the entire villa and the people inside as she spoke to this point. She proceeded, “By then, everyone in there will die, including the two of them who have a bit of cultivation base from before. Master, please follow me!”

“Although I’ve no idea what this Dark Judgement Division is and whether you speak the truth, no thank you!” Su Yuhan stated and turned around to return to the villa.

Meanwhile, the people in the house were still discussing the wedding.

Su Yuhan went upstairs quietly and called Ye Chen on her phone. However, she found out there was no signal on her phone, so she could only make emergency calls.

Her heart sank. She could only go downstairs and tell Ye Wen, who was playing games with Mengmeng, “Xiaowen, may I borrow your phone?”

Ye Wen unlocked her phone and handed it to her.

However, when Su Yuhan looked at the phone, she realized that there was no signal on Ye Wen’s phone as well.

Her expression changed at that moment. A thought popped into her head.

Someone must have blocked the signal in the villa to prohibit them from calling for help!

She interrupted Ye Hai and the rest as she thought about this. Abruptly, the squeal of brakes came from outside after she took a deep breath preparing to speak.

“Kill all of them. Leave no one behind!”
