

Genius 3471

Chapter 3471

The edge of Lin and Ling Islands.

The two islands were separated by five hundred metres and were blocked by a river.

Lin Mo's gaze scanned the land on the opposite side.

Then his toes gently clicked on the ground.

Lin Mo's figure appeared to transform into a Hong Hao as he leapt straight towards the opposite side.

In terms of Lin Mo's Patriarch level cultivation, this five hundred metre river was very easy.

But just as Lin Mo's figure arrived in the middle of the river.

A black shadow quickly emerged from the bottom of the river.

Immediately afterwards, a large bloody mouth instantly broke through the water and bit towards Lin Mo.

Lin Mo's daily frowned slightly.

"Shatter."

Berserk internal force instantly erupted.

The bloody mouth that came biting down was instantly reduced to shattered flesh along with its owner.

Lin Mo's figure also landed directly on the shore of Ling Island.

Looking at the river importantly surrounded by a swarm of fish quickly, swarming and scrambling for the broken flesh.

There were sharks lurking in such a small river now?

Lin Mo's toes flicked and his entire body directly transformed into a white shadow as he quickly ran towards the front.

His figure moved quickly through the towering trees.

Lin Mo was very unfamiliar with Ling Island.

And Zhu Tong had not given Lin Mo a map.

People from Ling Island would rarely go to a small place like Lin Island.

This also led to the fact that Lin Island didn't have a map of Ling Island at all.

It was only known that the Island Master's residence was in the very centre of the island.

And the ore market Lin Mo was looking for was in the southernmost part of the island.

Lin Mo looked at the sun in the sky and discerned the direction after a while.

Quickly, he headed towards one.

As Lin Mo moved quickly, the trees around him gradually decreased.

Lin Mo's figure landed lightly on a gravel road.

The man who was walking on the road with a machete and an arrogant face saw Lin Mo who had fallen from the sky.

First, he looked stunned, but then he looked at Lin Mo's obviously valuable clothes.

A fierce grin immediately appeared on his face.

"Kid, see the big sword in my hand, if you want to live."

"Just hand over everything of value on your body!"

As for sparing anything, the man wouldn't have such a nice thought.

He looked at Lin Mo's handsome appearance, if he sold it to the clubhouse it would definitely be worth a lot of money.

The man didn't even think of Lin Mo as the son of some powerful family.

Those guys were always accompanied by a large group of guards and bodyguards.

Lin Mo was worried that he didn't know where to go, and this was the one that came up.

The two men's eyes met.

In Lin Mo's eyes was a bemused look, actually without a trace of fear.

The man looked at the greatsword in his hand, still shining brightly in the sun.

Was his own greatsword even that unthreatening now?

The next moment, the man knew why Lin Mo was looking at himself without the slightest bit of fear.

"Uh spare spare life"

The man was directly squeezed by Lin Mo's neck.

He didn't even have a single moment to react.

Lin Mo's long and slender fingers were on top of the man's neck.

Looking at the man whose face was openly red and constantly begging for mercy, Lin Mo said softly.

"You want to mug me?"

Lin Mo's words caused the man's soul to run wild, and he immediately spoke frantically.

"Big brother, I'm just kidding, just kidding."

“You should let me go, I am willing to give you all my money.”

Lin Mo looked at the man with a gentle smile on his face.

“Don’t be afraid, tell me where the ore market’s miner Qian De Gui is?”

“I’ll let you leave in peace, how about that?”

Hearing Lin Mo’s gentle words, the man hurriedly nodded, then pointed to the road in front of him and said.

“If you’re going to find Qian De Gui go straight along here, turn right at the fork in the road ahead, and then go straight ahead to reach the Ore Market.”

“The third from the bottom in the ore market is Qian’s Mining Company, which is Qian Degui’s shop.”

Chapter 3472

Lin Mo patted the man’s shoulder with a kind face.

He then walked in the direction of the man’s finger.

The man saw that Lin Mo had actually let himself off so easily.

A look of wild joy immediately appeared in his eyes.

What then transformed was a thick greed.

This guy was actually so naive, although he could not beat him openly, but if he poisoned himself

Lin Mo’s feet stepped out gently once again, and his fingers suddenly moved slightly.

“Poof!”

A mouthful of bright red blood suddenly spurted out of the man’s mouth.

The entire man directly collapsed softly to the ground, no longer breathing.

There was no need for Lin Mo to worry about his corpse.

On this island, there were plenty of people who wanted this body of his.

Dozens of minutes after Lin Mo had left, a man suddenly passed by on this stone path.

He saw the corpse lying on the ground and a look of surprise flashed in his eyes.

From his waist, he fished out a dart and shot it directly at the man.

Because there were people on the island who used to pretend to be corpses and shade people.

So everyone now shoots a few darts to test the waters before they make a move.

The dart was stuck directly into the corpse.

Seeing that the corpse did not move in the slightest, the man came running directly and quickly.

.....

Lin Mo walked on the road to the ore market.

Every ten minutes or so, he had to make a move to kill someone.

When they saw that Lin Mo was alone and walking alone, one of them got greedy.

“Kid, stand still, talking about you!”

A voice full of arrogance rang out.

A group of people came quickly from a short distance away and surrounded Lin Mo in the centre.

“What do you want?”

Lin Mo looked at the people who had surrounded himself in a circle and asked the guy who was obviously the leader.

When the leading man saw that Lin Mo was actually asking what he wanted to do, his face burst into a loud laugh.

“Brothers, he’s actually asking me what I want to do, hahahaha, I’m laughing my a*s off.”

“Does this guy not have a brain, he’s actually asking what we want to do?”

“How much money do you think we can reap if we sell it to him inside the incense house?”

“He’s at least 20,000 maple leaf coins in this condition.”

The group of people laughed wantonly, not putting Lin Mo in their sights in the slightest.

The leading guy even extended his hand and tried to slap Lin Mo’s face .

Lin Mo was silent, only a chill flashed across his eyes.

The next moment.

A terrifying scream rang out .

“Ah! My hand!”

Lin Mo’s palm grabbed directly on top of the wrist of the leading man.

“What are you doing!”

“Quickly let go of our boss!”

When the few people around them saw this, they were all startled and hurriedly took out their weapons.

The leader man also said angrily to Lin Mo with his teeth gritted in anger.

"I am a member of the Great Circle Gang, if you dare to touch me the Great Circle Gang will not spare you!"

The leader man's eyes were extremely proud as he spoke of the Great Circle Gang.

The Great Circle Gang, as a triad organization with hundreds of millions of members, even in the Western Wanxiang Islands.

There were also quite a few members up here.

"The Great Circle Gang"

Lin Mo chanted.

Everything lately seemed to be related to the Great Circle Gang in general.

This organization was really bad at everything!

"Are you afraid, I'll give you a chance now."

"Now let go of me, and cut off the arm that is holding this hand of mine, kneel down and kowtow to me three times."

"Then respectfully call us grandfather and I will let you go."

"Ka."

"Ah!"

Lin Mo's palm exerted a slight force, and the wrist of the leading man instantly shattered.

He let out a heartbreaking cry of pain, unable to believe that Lin Mo actually dared to continue to strike.

Lin Mo's gaze glanced at the few people around him as a majestic aura exploded out from his body.

"Snap!"

The group of people who had just been arrogant at this moment

all knelt down!

Chapter 3473

"You what have you done to us!"

They looked at Lin Mo in horror, only feeling an incomparable heaviness all over their bodies.

Even their own legs began to tremble on their own.

The handsome looking Lin Mo in front of them seemed to have turned into a flood of beasts at the moment.

Lin Mo's gaze looked at the leading man in front of him and said indifferently.

“You’re arrogant?”

“I ask, you answer, if you can’t answer, die.”

Lin Mo’s calm words caused cold sweat to continuously seep out above the leader man’s forehead.

His heart kept roaring madly.

How was this possible, wasn’t he afraid of the Great Circle Gang?

But looking at Lin Mo’s bland eyes, a look of fear still passed through the leader man’s eyes.

He then hurriedly nodded his head, looking like I’ll listen to you don’t kill me.

“Do you know Nie Qing of the Great Circle Gang?”

Lin Mo’s words caused a flash of joy to appear on the leader man’s face.

“I know, Nie Qing is my boss, let me go and I’ll take you to him.”

Lin Mo didn’t pay any attention to the guy’s words, but continued.

“Nie Qing was clearly having an average time before, why is he now spending his days drinking all day long.”

“Who actually gave him the money that he spends and splurges on?”

Lin Mo’s words caused the man’s face to change abruptly and he hesitated a little.

Lin Mo’s eyes narrowed slightly as the power in his hands strengthened once again.

“Ah!”

“I say, I say!”

The leading man no longer had the arrogant and domineering look he had just now.

The entire man’s face was pale and his body was soaked in cold sweat that seeped out from the pain.

“Nie Qing had mysteriously disappeared for a few days before, and by the time he came back again.”

“The whole person was straight away a lot richer, spending his days drinking and being paper-addled, not worrying about running out of money at all.”

“We were curious too, but all the people who asked were killed outright by Nie Qing.”

“My lord, that’s all I know.”

“It’s my fault for not knowing the mountain, so if you’re magnanimous, let the little one live.”

The leading man knelt down directly to Lin Mo, not caring about the pain in his arm as he frantically begged for mercy.

It was better to die than to live, as long as he was alive.

As long as he was alive, he would still be a member of the Great Circle Gang, and he would still be able to live every day with a sense of satisfaction.

And even if they banged the average woman on this island, they wouldn't dare to say anything.

"Nothing more, thank you for helping me with my answer."

The pupils of the leading man shrank, the sense of crisis of death amplified, and his whole face instantly grimaced as a dagger appeared in his hand.

"Since you want to kill me, then die with us!"

The dagger in his hand was directly squeezed in Lin Mo's hand the next moment.

When the leader man saw this scene, a thick smile appeared on his face.

"Hahahaha, this dagger of mine is coated with severe poison, you actually dare to catch it with your hand."

"The venom of the five-step snake, seeing blood seals your throat, just wait for your death!"

Lin Mo's white jade-like palm exerted a slight force.

The dagger in the leader man's hand was directly crushed into an iron bar by Lin Mo.

Lin Mo lowered his head and looked at the shocked leader man, his unharmed palm waved in front of his eyes.

"What did you just say, five-step snake?"

"No, how is that possible, it was made of a special alloy, it must all be fake."

"I must be dreaming, yes it must be a dream."

The leader man's face was covered in disbelief.

"Since you can't figure it out, go down and think about it slowly."

A majestic and irresistible force came directly at him, causing the leader man's figure to instantly fly backwards out.

Lin Mo looked at the remaining few guys with panicked faces, either kowtowing and begging for mercy or opening their mouths to threaten.

With a direct flick of his finger, a light sword qi instantly burst out.

Blood spurted.

Chapter 3474

"Good iron ore, you definitely can't buy it at a loss or be fooled!"

"This gentleman, come and take a look at our iron ore, it's definitely better quality than his."

“All of our Fierce Tiger Society’s ores were just dug out today, come and have a look brother.”

Lin Mo had just walked into the bazaar and was looking around.

And when those merchants saw Lin Mo’s appearance, they instantly understood that this was the first time they had come to the ore market.

So one by one, they all rallied up and yelled.

“There’s no need.”

Lin Mo shook his head, such tactics he was still able to see.

Thinking that just because he was a newcomer he would be a good bully

It was all too common to sell oneself those defective products, broken ores and the like.

Seeing Lin Mo walking straight towards the inside of the ore market.

These merchants who were still struggling to yell instantly understood that Lin Mo was not a fledgling at all.

“D*mn it, wasting so much of my saliva.”

The big man from the Fierce Tiger Gang spat out a mouthful of spit and said unhappily.

“Boss, look at this guy, he’s all by himself. Shall we wait for a while

The little brother beside the big man from the Tigers gang said in a whisper to the big man as his eyes lit up.

“Either you big man or not, shut the f*ck up.”

“You don’t even f*cking look at what kind of place this is, the ore market.”

“To be able to walk here alone, that is not a ruthless person, you outside those guys are vegetarians!”

The big man directly slapped his little brother on the head.

Such a good-looking person in the Western Vientiane Islands appeared so openly.

Any way you think about it, you know there must be something wrong here.

If he really went up to screw someone, he would probably be dragged by a human trafficker to sell the corpse tomorrow.

Lin Mo walked on the road of the ore market, looking at the ores piled up on both sides.

Although he hadn’t studied them professionally, with Lin Mo’s eyesight, he could tell such things at a glance.

The pile of iron ore on the left had little impurities on the surface, but the whole was not right.

The impurities were definitely all piled up inside that iron ore, something that could not be shaped at all after melting.

As Lin Mo paced, the ore that had been piled up all around him gradually disappeared.

The more powerful the iron ore merchants were, the less they would pile up their ore outside.

Those who piled up iron ore all over the place.

It is because the quality is not good and can only attract the eye that way.

The really good iron ore is so precious to the merchants that they can't possibly throw it outside.

"The third house on the countdown"

Lin Mo's gaze scanned over the top of one shop after another.

Finally, his gaze was drawn to an ore shop.

"Qian's Mining Company should be this one."

Lin Mo looked at this shop which was decorated in a very glorious way.

It was a rare island in the West Vientiane Islands, and recalled Zhu Tong's words.

"Mr. Molin, if you're not sure, look at the decoration directly."

"The one with the best decoration is Qian De Gui's."

Lin Mo took a step towards the inside of Qian's Mining House.

"Hello sir, may I ask what you need to order?"

A woman wearing a red cheongsam that outlined her front and back figure walked towards Lin Mo with a smile on her face as she stepped on her high heels.

"I'm looking for the money has to go to Banker Qian."

Lin Mo's words caused a slight flicker in the woman's delicate and seductive eyes.

The smile on her face didn't change in the slightest, but she autonomously approached Lin Mo and said in a soft voice.

"This gentleman, you have come up here to meet the Lord Governor, making it difficult for the slave."

"If the slave were to venture out to see the governor, it would be subject to reprimand."

Lin Mo silently took a step back, then took out the letter and handed it to the woman.

"Help me give this to Governor Qian."

Chapter 3475

A hint of surprise showed in the woman's eyes.

The white and delicate palm of her hand reached out to Lin Mo and took the envelope from his hand.

Whether intentionally or unintentionally, the woman's fingers gently touched Lin Mo's palm.

In the next instant, Lin Mo's palm retracted like lightning.

And at this moment, the woman opposite Lin Mo's heart was already a bit frantic.

"Is this guy disliking me, he actually retracted it so quickly!"

"And he just took a step back, didn't he, he must have taken a step back!"

"I'm wearing the latest perfume, am I not pretty enough anymore?"

The woman turned her head towards the back with a depressed look on her face.

"This lady, I have a word of advice."

"Too much perfume will make one's skin grow acne as well as age quickly."

Lin Mo's straightforward statement caused the woman's body to stagger.

A wave surged in front of her chest and her entire body almost couldn't stand up.

"I thank you ah."

The woman gritted her teeth and walked into the inner room at the back, he never wanted to have any interaction with this guy again.

After the woman left, Lin Mo sniffed his own clothes.

Only after he was sure that it didn't smell like perfume did he breathe a sigh of relief.

Although Xu Hanxia was no longer there, Lin Mo was a clean man.

And just now that woman was a little too close to him.

If he stayed with her, his body would definitely be tainted with the strong smell of perfume as well.

In the inner room of Qian's business house.

The woman with a depressed face walked into the house and handed the envelope in her hand to Qian De Gui, who was reading a book.

"Here, someone is looking for you, this is a letter for you."

Qian De Gui raised his head and looked at the woman with a smile and said.

"Who has made our Miss Xiang'er so angry?"

Xiang'er didn't pay any attention to Qian De Gui and saw that the other party was hesitant to take the letter in her hand.

She directly put the letter on the table and sat down to the side without saying a word.

A bitter smile appeared on Qian Degui's face as he picked up the letter written by Zhu Tong from the table and read it.

His appearance was very elegant, and his casual clothes made him look nothing like a businessman.

Qian De Gui looked at the letter in his hand and there was a flicker in his eyes.

"I said who suddenly came to me with a letter."

"So it's you, Fatty Zhu, who eats and carries a bag afterwards."

Qian De Gui's eyes looked towards Xiang'er who was sitting aside and sulking .

"Miss Xiang'er, you can sit here and rest first, I'll go to the front and take a look."

"What kind of people has that Fatty Zhu arranged to come."

In the front hall of Qian's mining company, Lin Mo was bending down to pick up a piece of iron ore from a table at the side.

Both the surface and the texture were considered to be top quality fine iron.

"This little brother still knows about iron ore?"

A laughing voice rang out from the inner room, followed by a smiling Qian De Gui who walked up to Lin Mo.

"Know a little bit."

Lin Mo put the ore back in his hand and said to Qian Di Gui.

"I read the letter that little brother brought, did that fellow ever talk to you about our relationship?"

Lin Mo nodded, Zhu Tuan was there to brag about it for a few moments.

"Zhu Tuan said he had the honour of spending a few days with you guys."

The smile on Qian De Gui's face suddenly disappeared, and what appeared instead was an icy look.

"Then did he ever tell you that it was because of him that I even got a bullet in my arm."

Lin Mo's face remained unchanged as he shook his head to indicate that he didn't know.

Zhu Tuan then said that a few people had had some time to socialise and were on fairly good terms.

But he hadn't said that Qian Degui had been shot because of him.

Lin Mo did not worry in the slightest that Qian De Gui had any bad thoughts.

After all,.....

Lin Mo's gaze looked slightly, although he abided by the rules.

But also do not mind directly white whoring these iron ore.

Chapter 3476

Qian De Gui just stared at Lin Mo with cold eyes for more than ten seconds.

During this process, Lin Mo remained calm and unresponsive, as if he did not have the slightest fear of himself.

After a long time, the coldness on Qian De Gui's face suddenly melted and turned into a smile again.

"As expected of someone that Fatty Zhu found, this brother is really something else."

"You know my humble self, Qian De Gui, I don't know how the little brother is addressed."

Lin Mo shook hands with Qian De Gui and said softly.

"Mo Lin."

"Brother Mo Lin, sit first first."

Qian De Gui directly led Lin Mo towards the tea table at the side and extended his hand to indicate for Lin Mo to sit down.

Both of them settled down.

Qian De Gui picked up the tea on the table and poured a cup for Lin Mo, smiling and saying .

"According to what that Fatty Zhu said, Brother Mo Lin you have come to want to buy a very large batch of iron ore."

"Not bad."

Lin Mo nodded his head.

"Brother Mo Lin, to be honest, it's not that I won't sell it to you, it's really"

Qian De Gui's elegant face was all embarrassed, wanting to say something but still not saying anything.

"What is difficult to say, Mr. Qian, just say it directly."

"Whether it is money or convenience, we are considered to be the top choice, right?"

Lin Mo had also read that letter from Zhu Tong.

At first, he elaborated on his identity, and after that, he stated Lin Island's conditions.

He was willing to buy it for two hundred maple leaf coins per ton of iron ore.

You have to know that this is only iron ore, and the most that can be extracted is only 60% of steel.

The current price for a ton of iron ore was only one hundred and fifty maple coins at most.

The price offered by Zhu Tong was a full third higher, and any other merchant would probably have hesitated to oblige.

"Brother Molin, the thing is like this."

A bitter smile appeared on Qian De Gui's face as he opened his mouth to speak to Lin Mo.

“Just a few days ago, a group of guys from the Great Circle Gang barged into our shop.”

“Directly and forcefully went to buy our iron ore at a price of fifty maple leaf coins per tonne, and it hasn’t been pulled away yet though.”

“But those guys are probably going to be at the door soon.”

“Now if we really sell our iron ore to you, Brother Molin, then when the time comes.”

“Although I have some power on this island, I can’t resist the Great Circle Gang at all.”

At Qian De Gui’s words, Lin Mo’s brow furrowed slightly.

It was the Great Circle Gang again.

This was the third time Lin Mo had heard the infamous name of the Great Circle Gang.

The first time was when Zhu Tong said that Nie Qinggao of the Great Circle Gang, and the second time was when people from the Great Circle Gang blocked the road.

The third time Qian De Gui said that the Great Circle Gang was forcibly trying to buy iron ore.

In just two days he had allowed Lin Mo to hear the infamous name of the Great Circle Gang three times.

“No matter, as long as Governor Qian sells the ore to me.”

“There’s no need to worry about the rest, I’ll take care of it.”

Lin Mo’s words caused a slight look of dismay to appear on Qian De Gui’s face.

Was this young man so brave now, to solve the Great Circle Gang, thanks to him for thinking of it.

“Brother Mo Lin, the Great Circle Gang is very powerful, it’s better for you not to mess with it.”

Qian De Gui painstakingly advised this Lin Mo.

“There is no need to worry about Governor Qian, the Great Circle Gang is not enough to worry about.”

Seeing Lin Mo’s oily appearance, Qian De Gui’s eyes flashed with helplessness.

After all, he still didn’t know that the Great Circle Gang had to be bad ah.

“Good, if Brother Mo Lin you can really set things right with the future acquisition.”

“Then I won’t say that these ores will be sold to you at two hundred maple leaf coins per tonne, I’ll sell them to you at one hundred and thirty maple leaf coins per tonne.”

Lin Mo nodded, an organization like the Great Circle Gang.

Lin Mo didn’t mind just eradicating it either.

Just as the two were talking.

“Bang!”

“Surnamed Qian, how are things prepared?”

Chapter 3477

A man with a tattoo of an over-the-shoulder dragon walked in from outside.

In a very arrogant tone, he shouted at Qian De Gui.

And the katana he held in his hand kept leaping forward, as if he was always ready to kill.

Qian De Gui was just about to say something when Lin Mo's calm voice rang out.

"The price you gave for Boss Qian's goods is too low, so you are not qualified to buy them."

After the man heard Lin Mo's words, the arrogant expression on his face suddenly turned gloomy.

"Where did the little thane come from, do you know who old me is?"

"I'm from the Big Circle Gang, you've messed with me, now if you break a finger, I can still let you live."

"Otherwise, I'm also willing to kill you and then sell your corpse directly to a body dealer."

As the man spoke, a bloodthirsty smile appeared on his face.

Lin Mo looked at the man with an arrogant face and said with his lips slightly parted.

"Get out."

Lin Mo's words caused the anger on the man's face to become even more apparent.

As soon as he stepped forward, he slapped his large hand directly at Lin Mo's cheek.

"Bang!"

The wall that made the loud sound was Qian De Gui's wall.

A large, human-shaped hole had broken straight through at the moment.

Lin Mo looked at the man lying outside on the street, twitching slightly, and said softly.

"Told you to get out."

Qian De Gui, who was at the side, looked at Lin Mo with a look of shock in his eyes.

"Mr. Mo Lin, you're too impulsive, beating up the Big Circle Gang, those mad dogs won't let you go."

"Hurry back to Fatty Zhu while it's still too late and ask him to arrange for you to leave the sea and go away."

Another flustered Qian De Gui kept saying to Lin Mo.

Lin Mo only gave Qian De Gui a deep sideways glance and walked straight outside.

Qian De Gui stood in the room, momentarily at a loss for words.

Just now, he felt that he had been directly seen through his disguise by Lin Mo's glance.

His own panic and hesitation had all been seen through by him, and he saw the arrogance at the bottom of it.

"Alas, it's true that the waves after the Yangtze River push the waves before them, and the waves before them die on the beach."

"Are the young people nowadays all so fierce one by one?"

Qian De Gui's entire spine, which was still somewhat bent, instantly straightened up.

A calm and reassuring aura emanated from his body.

What had just happened was Qian De Gui's test on Lin Mo.

He wanted to know what kind of people Fatty Zhu, that cunning old man, would send over.

But to his surprise, Lin Mo had chosen the easiest and quickest way.

Such a person was definitely not one of Fatty Zhu's men.

Qian De Gui was absolutely convinced that Zhu Tong could not overpower a strong man like Lin Mo.

Following Lin Mo's figure, he walked out of the gates of the mining house.

Looking at the guys who had already gathered in a circle, intending to watch the fun.

Qian De Gui said loudly to them.

"Gentlemen, gentlemen, someone has misbehaved today, this is a private matter for my Qian's Mining Firm."

"All of you, disperse, disperse."

"Those who give me this face of Qian, we are all friends from now on, and you can come to me if you have any difficult matters."

Qian De Gui, as a local snake figure in the ore market.

When the people gathered around heard his words, they all laughed one after another.

"That's a polite thing for Governor Qian to say, we are all neighbours, we should be."

"Yes, Governor Qian, I hope you will be merciful in future business matters."

Only profit is the most solid ally on this island.

And a single word from Qian De Gui could make them gain a considerable amount of benefits.

Therefore, they were also willing to give Qian De Gui this face, and one by one, they scattered in all directions at once.

Lin Mo's figure arrived in front of the men of the Great Circle Gang.

His eyes looked at the man lying on the ground who wanted to get up but couldn't get up at all.

“Do you know Nie Qing?”

The man hurriedly nodded and said loudly, “I’m Boss Nie Qing’s henchman!”

Chapter 3478

“Nie Qing made a huge fortune earlier, do you know what it was for?”

The Big Circle Gang man shook his head and said, holding back the pain in his abdomen.

“Boss Nie Qing is most taboo about people asking him about that matter, and kills anyone who asks.”

“We don’t even dare to ask about that thing on a regular basis.”

“Where is Nie Qing now?”

“I don’t know, the only news is that Boss Nie Qing has gone to join some black boxing.”

Lin Mo nodded, it seemed like those guys from before hadn’t lied to themselves.

And that what Nie Qing had gone to attend should be what the youth from before wanted himself to attend.

“You can get lost.”

“Of course, you can also bring more people if you’re not afraid of dying.”

Lin Mo didn’t kill the man straight away, he hadn’t come with the intention of killing him just now.

The man should be thankful that he had merely wanted to teach Lin Mo a hard lesson just now.

Otherwise, he would have been a corpse by now.

“Many many thanks.”

The man reluctantly rolled up from the ground.

Bowing his body, he quickly ran towards the far side over.

He was a member of the Great Circle Gang, and those people on the island didn’t dare to touch him.

Looking at the Big Circle Gang men who had been let go by Lin Mo, Qian De Gui said at the side.

“I thought that you would just kill him, Brother Mo Lin.”

Lin Mo smiled and said to Qian De Gui.

“Governor Qian, now that the matter is settled, you don’t have to worry about the follow-up.”

“He already doesn’t dare to come back, and he doesn’t even dare to tell anyone about it.”

In a place like the Big Circle Gang.

It was supposed to be a wolf culture, the law of the jungle.

You were crushed by a man straight away, but not killed outright.

Instead, they were kind enough to let you live.

This could have happened in other places.

But this is the West Vientiane Islands, a grey area.

This kind of place where there are all kinds of people.

You tell me you were beaten straight into the upper middle by someone.

But that person just let you off the hook.

Who else would believe this, they would only think you were an undercover agent infiltrated by the other side.

Qian De Gui nodded and said with a smile.

“That’s natural, just as stated before, one hundred and thirty maple coins for a ton.”

“I want the material above counter eight in the front hall.”

The iron ore on counter eight was the piece Lin Mo had held in his hand earlier.

Compared to the various kinds of material on the other seven display counters, the one on counter eight was undoubtedly the best.

Hearing Lin Mo’s words, Qian De Gui’s eyes lit up.

“Mr. Molin seems to have a high eye for ores, what is slightly known there.”

The ore at Platform Eight was also the material that Qian De Gui felt was the best.

And the cave where the ore of No. 8 was mined had also been excavated just a month ago.

At that time, it was taken by Qian De Gui at a big price directly, but unfortunately, the material produced at the back was too little.

Only a dozen tonnes of iron ore were produced from one vein.

This was a great pity for Qian De Gui, for if there had been more, he would have made a great profit.

Then he would have made a fortune.

“Once that kind of vein appears, at the very least, it will be thousands of tons to hit the bottom.”

“Governor Qian is still hesitating here, you don’t treat me as a friend.”

Lin Mo’s words caused Qian De Gui to look stunned, and then said with some excitement in his tone.

“Mr. Molin, you just said that thousands of tons of production?!”

Lin Mo nodded and opened his mouth to explain slightly for Qian De Gui.

“That kind of iron ore is located in the Yin Cold, but again, due to the Yin Cold, it will be easier to form than other ores.”

“So once it’s mined, at the very least, it’s a thousand tonne don’t bottom.”

Qian De Gui’s face was a little hesitant, “To be honest, we have mined just over a dozen tonnes.”

“Further on there is no trace of any ore at all as we continue mining.”

Lin Mo’s face revealed a hint of a smile.

It seemed that this Governor Qian had not mined this treasure mountain.

Chapter 3479

“Governor Qian, if it were any other vein then digging down diagonally would certainly be no problem.”

“But this kind of word ore itself appears in the land of Yin and Cold, where do you think is the land of Yin and Cold?”

Lin Mo’s words caused Qian De Gui’s eyes to gradually brighten up.

“Under the earth!”

“Not bad.”

Lin Mo nodded and continued to speak.

“At most, Governor Qian will dig twenty meters straight underground and he will definitely see the ore!”

Qian De Gui’s face revealed a thick joy, he could not wait to jump straight up and give Lin Mo a hug.

“Brother Mo Lin, if you really manage to mine the ore, I will give half of it to you for free!”

“Then, thank you very much.”

Lin Mo did not refuse Qian De Gui’s kindness, this favour was big to say the least and small to say the least.

Immediately, Qian De Gui was filled with haste and headed outside to have someone go and dig up which out of the waste mine.

Before, he had always felt sorry that even if it was a waste mine, he had never sold it.

Now it seems that the decision he made at the time was considered wise.

.....

It was close to evening when Qian De Gui, whose clothes were stained with dust, returned.

His face wore a strong look of joy and he said loudly directly after seeing Lin Mo.

“Brother Molin, it’s out, it’s really out!”

Lin Mo nodded his head as he had expected.

“Brother Molin, don’t worry, half of all the ores mined this time.”

“I will have it shipped directly to the next door above Lin Island, without the slightest trouble guaranteed.”

Originally, Zhu Tong had written that after Lin Mo had bought it, he would send someone to his door to collect it.

But now Qian De Gui had long ago lost sight of all that and had long ago seen Lin Mo as no ordinary person.

“Then, thank you very much, Chairman Qian.”

“By the way Mr. Mo Lin, since you have such strong discernment.”

“A new small mineral vein has been discovered in the north of the island.

“And the island master has decided to make it public and hold an auction in a few more days.”

“I want you to be able to go and see it then, and the ore mined follows the usual pattern.”

“How about a 50/50 split?”

Qian De Gui looked at Lin Mo and directly stated his inner thoughts.

After thinking out with Lin Mo for just half a day, Qian De Gui had a vague idea of how he should get along with Lin Mo.

If you had any ideas, you could just say them directly, whether they were successful or not, there would be an answer.

If it was hidden, then Lin Mo Lin Mo might simply ignore it.

Lin Mo pondered for a moment and then looked at Qian De Gui and said.

“Governor Qian, I can go and look at it for you, but I can’t be 100% right, it’s still risky.”

Lin Mo’s words still contained more or less some modesty.

The Lin family had a very long heritage, even for such things as ores.

In the beginning, when the ancestors were searching for herbs, they had also seen all kinds of ores for a long time.

They knew a lot about ores, and together with Lin Mo’s strength and powers of observation.

This was how he was able to tell Qian De Gui so smoothly that there were still ores down there.

“No harm, no harm, Mr. Molin as long as you are willing to go, I will take the loss.”

“If we can make a profit, we’ll both get half.”

The one-and-a-half that Qian De Gui said was that he himself would take on all the manpower and material resources.

However, half of the mined ore still belonged to Lin Mo.

“Then, thank you very much, Governor Qian.”

As the two men spoke, the woman from before, Xiang’er, also walked in carrying an assortment of bags.

“Nah, dinner for you two, be careful not to choke!”

Xiang’er gave Qian De Gui a fierce glare, put the things directly on the table and turned to leave.

An embarrassed smile appeared on Qian De Gui’s face as he turned to Lin Mo and said.

“Brother Mo Lin, there’s nothing good on this island, so don’t mind.”

Lin Mo gently shook his head and responded in a soft voice.

“Naturally not, just a little bit of food will do.”

Chapter 3480

It was early morning the next day.

Lin Mo got up from among the guest rooms of Qian’s mining company.

It had to be said that what Zhu Tong had said was indeed correct.

There were only a few people on the entire island who were as wealthy as Qian De Gui and had built guest rooms inside the mining house.

There were simply only a handful of them, not even one.

Those mining houses Lin Mo had seen in the ore market before were anything but humble.

“Brother Molin is up, come and try it.”

Qian De Gui sat at the table and hurriedly waved his hand after seeing Lin Mo.

On the table were a few of the most traditional breakfast items in China now.

Hoisin soup, leek boxes, doughnuts and so on.

Qian De Gui picked up a doughnut and dipped it into the bowl of spicy soup, biting it straight down.

A strong sense of satisfaction appeared on his whole face at once.

“It’s better to eat our own family’s food, isn’t this better than eating any sandwiches?”

Lin Mo smiled faintly and also picked up the bowl of bean curd brains next to him.

Sprinkling some white sugar with the freshly baked Xiao Long Bao and ate it.

“Governor Qian, there’s actually this kind of breakfast sold on this island.”

When Lin Mo was on Lin Island before, the island was in a scattered state.

Not to mention such traditional Chinese cuisine, even ordinary steamed buns could not be bought.

There were only compressed biscuits and military self-heating rations among the shops.

“Brother Molin, your Lin Island has been in a state where no one was running it before.”

“So those people must not have dared to open a breakfast stall and only thought about how to stay alive as well as eat every day.”

“But I guess with the new island master leading the way, they will soon be able to cross over into regularity as well.”

Qian De Gui swallowed all the doughnuts in his mouth and once again picked up a sugar gyro and bit into it.

Lin Mo looked at the way Qian De Gui was eating and laughed softly.

“Won’t you string flavours like this?”

“The salty and sweet ones are mixed together.”

Qian De Gui’s way of eating made Lin Mo think of someone he hadn’t seen for a long time.

Old Master Zhao Nan Yue.

That old man was also a meat and vegetable eater, eating whatever was available.

“Hahaha, it’s fine, it’s more palatable to eat this way.”

After eating breakfast, Qian De Gui said to Lin Mo.

“Brother Mo Lin, it just so happens that you are free today, how about we go over together and see which veins are out?”

Although the island lord’s residence said that the auction ceremony would be held in two days.

But the observation of the mineral veins could already start today.

“Good.”

Lin Mo nodded slightly, it was good to get it over with sooner.

Just yet Lin Mo had spare time and was planning to visit the building materials market, which was not far from the ore market.

On the northern side of the island was a mining area.

There were very few inhabitants here, so probing was often done, and if anyone could find an ore vein or something.

If anyone could find a vein or something, they would definitely be able to make a fortune easily.

Qian De Gui led Lin Mo to this area.

A group of soldiers dressed in fine equipment quickly walked up and stood in front of the two.

“I am Qian De Gui, the head of Qian’s mining company, and I am here to view that newly discovered vein.”

The soldier at the head of the group took out a roster.

Opening the first page to compare Qian De Gui’s face, he then softened his attitude instantly.

“Sorry Governor Qian, there are always some people trying to blend in lately.”

The smile on Qian De Gui’s face remained unchanged as he took out some five hundred denominations of Maple Leaf coins from his pocket.

“Brothers have suffered so much from such a hard day, take it and take it.”

“Everyone go back and rest more, buy something good.”

“Make sure you take it, otherwise you’re not giving me Qian someone face.”

Qian De Gui forcefully shoved the money in his hands into their arms.

Although on the surface the group was reluctant, the happiness in their eyes could not be hidden.

“Governor Qian, you may be disappointed in your visit this time.”

“We just heard everyone else talking about it

“It’s a waste vein.”
