Chapter 3501

Red Stick Wu San's body was instantly sent flying backwards by Lin Mo's palm strike.

His body crashed directly into the wall of the venue, instantly erupting into a puff of smoke.

"What just happened to that!"

"Red Stick Wu San's body seemed to have been directly slapped out by that slap!"

"Molin's strength is actually so terrifying!"

At the Great Circle Gang's location, one of the junior disciples stared at Lin Mo's figure in a daze.

Their boss had just been slapped out by someone else.

It was even a matter of whether or not he was still alive now.

The smoke and dust gradually cleared and when the Red Stick Martial Three was seen.

A look of shock appeared in the eyes of all the spectators.

At this moment, Red Stick Wu San's body was like mud, and blood was still dripping from the corners of his mouth.

The entire person's breath was very faint, as if he would simply die in the next second.

"How is this possible!"

"Boss Red Stick Martial Three is so strong, how could he be in this state now."

One of the junior disciples let out a cry of shock after seeing the appearance of Red Stick Martial Three.

And a junior standing at the far corner looked at the Red Stick Wu San whose breath was weak, and a look of hatred flashed in his eyes.

He was the same junior who had been given a beating by Red Stick Wu San today.

"You guys say, if Red Stick Wu San dies, what will we do?"

As soon as this junior brother's words came out, everyone fell silent.

One by one, they looked at that junior disciple with shocked faces.

Such treacherous words the other party actually dared to actually say them.

"This is a very real problem, as you can see."

"Our erstwhile big old Red Stick Wu San was beaten into this state by that Mo Lin with a direct slap."

"And the other side must be very disgusted with us now, we must find a way out."

“Otherwise, we definitely won’t survive after that!”

All the Big Circle Gang members present fell silent.

They had to go and admit that Little Brother was indeed right.

Once Red Stick Wu San died then they would definitely be targeted by their former enemies.

So now they had to find a new backer to protect their lives and the lives of others.

“So what new backer should we go and find?”

A member of the Great Circle Gang said to the group with some confusion.

Their Big Circle Gang was originally the top power on this island.

Where would they go to find a backer that could protect them?

“To find Nie Qing?”

Suddenly, a member of the Great Circle Gang said to the crowd.

“No way!”

The junior vetoed his opinion outright.

“The situation on Nie Qing’s side would have been almost the same as ours originally.”

“If we went after Nie Qing, then we would have been reduced to nothing more than a bunch of unimportant cannon fodder.”

“Nie Qing’s original men would definitely not treat us well either.”

“This won’t work, that won’t work either, so why don’t you say a suitable one!”

Seeing that they were already starting to get a little impatient.

The youngest brother’s gaze turned to Lin Mo who was standing tall in the field.

“The best candidate, isn’t it in front of us?”

“In terms of prestige, Mr Mo Lin is now considered to be at the top of Ling Island, and is unfathomably strong.”

“In terms of status, he is a guest of Qian’s Mining Firm at the ore market, after becoming our new boss.”

“The Qian’s Mining Company will definitely help out as well, and we will never be short of iron again.”

“And he also directly beat up Red Stick Martial Three with one slap, just ask.”

“Is there anyone better than him on the entire Ling Island?”

When Little Brother’s words came out, it caused everyone to reveal a pensive look.

“But didn’t you say that that Molin must really hate our Big Circle Gang?”

“What makes you think that if we go and defect to him, he will accept us?”

“He will definitely accept us if we defect, do you defect?”

There was a silence in the room after the youngest brother’s words.

“We second the motion!”

Medical Genius Unspeakable Marriage Chapter 3502

Inside the Ring of Life and Death, Lin Mo’s figure stood in front of ah Red Stick Wu San.

“You should never, ever insult my wife!”

Lin Mo’s eyes were cold as he stared at the weak Red Stick Wu San and spoke coldly.

At this moment, the Red Stick Wu San had lost his previous arrogance and reluctantly raised his head.

He swallowed the blood in his mouth and spoke pleadingly.

“I was wrong, I shouldn’t have provoked you.”

“I’m willing to acknowledge you as my boss and act as a dog for you, let me go!”

The pleading voice of Red Stick Wu San caused a smile to suddenly surface on Lin Mo’s face.

“Look at where this is, this is the Ring of Life and Death.”

Lin Mo’s long, slender finger pointed to the dark red earth on the ground.

A look of despair surfaced in Red Stick Martial Three’s eyes, the dark red ground was mostly of his own making.

A look of madness appeared abruptly in Red Stick Wu San’s eyes as he shouted at Lin Mo.

“I’m from the Great Circle Gang, if you touch me, the Great Circle Gang won’t let you go.”

“One mouthful of spittle from each of the hundreds of millions of members of the Great Circle Gang would be enough to drown you!”

Just as Red Stick Wu San was threatening Lin Mo, his eyes froze.

The entire person suddenly became excited, and a smile spread across his face.

“Mo Lin, did you see that, that’s my Big Circle Gang!”

Red Stick Wu San’s hoarse laughter also caused Lin Mo’s gaze to gauge slightly towards behind him.

Only to see a group of people fiercely walking up to where they stood on the presiding platform above.

Lin Mo’s gaze went to a slightly younger member of the Great Circle Gang standing at the front.

Suddenly that member of the Great Circle Gang spoke.

“Fellow guests, today my Big Circle Gang is going to clear the scourge in full view of everyone!”

His voice instantly resounded throughout the arena with the addition of a loudspeaker, and everyone was instantly baffled.

“Clearly scourge? What are they talking about.”

“Yeah, it’s a straightforward time to set fire on Maureen!”

A gambler who had placed a bet looked at the members of the Big Circle Gang standing above him with a look of anxiety.

He had bet his entire fortune on Red Stick Wu San.

If Red Stick Wu San lost, then all his money would be gone.

“When he was the leader of my Big Circle Gang, not only did he not think about going in.”

“Instead, he had a tyrannical personality and brutally killed hundreds of people to use as flower fertiliser for the flowers!”

“Even wantonly brutalized the sons and daughters of the Great Circle Gang, this matter is an outrage to God and man!”

“On behalf of the Great Circle Gang, I completely expel the Red Stick Wu San, from!”

The members of the Great Circle Gang took a sigh of relief, and the hatred in their eyes was unconcealed as they stared down at the Red Stick Wu San.

“And if Red Stick Wu San survives, he will be severely punished by the Great Circle Gang.”

“Three slashes and six holes, three hundred and sixty slashes!”

As soon as the words of the Great Circle Gang members came out, the entire audience shook.

“Three knives and six holes!”

“What are they talking about, isn’t Red Stick Wu San the leader of the Big Circle Gang?”

“Three hundred and sixty stabs, this is lynching!”

Qian De Gui, who was sitting in the audience, looked at the members of the Big Circle Gang with a dumbfounded expression.

What was going on with them, they actually did this to their own boss.

Ling Ziyao, who was wearing a veil, looked at the members of the Big Circle Gang.

The colour of a smile surfaced on her face under the veil, and her red lips lightly opened and said.

“One wants and one is willing to give, tsk tsk, this play is really interesting.”

Ling Zhong on the side was already numb to any miracle on Molin’s part at the moment.

For him now, it was already a very normal performance.

“Right Ling Zhong, since this play is gradually coming to an end.”

“Then it’s time for us to clean up those restless fellows as well.”

“You still have three that you haven’t noticed, the three in the middle of the third row behind me, deal with them all.”

Ling Zhong’s face changed, and his respect for Ling Ziyao deepened.

“My subordinate understands, I’ll go do it now!”

Medical Genius Unspeakable Marriage Chapter 3503

Red Stick Wu San’s face was pale at this moment, and his eyes were full of despair.

Looking at the junior standing out on the high platform, there was hysterical hatred in Red Stick Martial Three’s eyes.

Lin Mo’s gaze once again looked at Red Stick Martial Three and said softly.

“You see, your little brothers all want to kill you.”

One of Lin Mo’s fingers was gently aimed at Red Stick Wu San’s body.

“Don’t be a human in your next life, you don’t deserve it.”

Powerful internal force instantly erupted from Lin Mo’s finger.

A mist of blood instantly erupted out, and Lin Mo’s figure lightly appeared in the distance.

Big Circle Gang Red Stick Wu San.

Dead!

The blood mist drifted across the dark red ground.

It made the ground look even more bright red in general.

Only at this point did all the people in the audience suddenly react.

The so-called fight in the Ring of Life and Death was a complete joke.

That fellow, Red Stick Wu San, had no idea what kind of enemy he was facing.

He arrogantly asked people to come to the Ring of Life and Death for an absolute battle.

The guy with the red stick was directly pinched by others.

Looking at Lin Mo, who was already in an ancient style white robe on the field, the crowd was all silent for a moment.

Suddenly, a loud roar rang out.

“The Island Master’s House is taking over the Ring of Life and Death, all of you are not allowed to move!”

Along with this voice appeared.

There were also countless well-equipped soldiers of the Island Lord’s House holding firearms.

One by one, they occupied the entire high ground of the Ring of Life and Death in an instant.

A brand new flickering black light of firearms was aimed at the people in the audience.

“The Island Master’s House?!”

“What are they up to?”

All the people in the audience were scared to death at this moment.

Ling Ziyao, who was sitting in her seat, also slowly stood up.

The people around her looked over at once, what was this woman up to.

They were afraid that Ling Ziyao had attracted the attention of the soldiers of the island lord’s house and let them open fire on them.

“What are you doing, sit down!”

A man rushed at Ling Ziyao and whispered for him to sit down quickly.

Lin Mo at the bottom of the field saw the Island Lord’s House soldiers who had already surrounded the field of life and death.

His eyes flickered slightly before finally gathering on Ling Ziyao’s body.

Ling Zhong, who was dressed in military attire, quickly walked from a distance to Ling Ziyao’s body and knelt down on one knee.

“My subordinate Ling Zhong, attend to Lord Island Master!”

Along with Ling Zhong’s voice, the soldiers of the Island Master’s residence also let out a startling sound.

“We attend Lord Island Master!”

Lin Mo looked at Ling Ziyao, and their gazes locked through the veil.

Afterwards, Ling Ziyao slowly removed the veil from her head, revealing that stunningly beautiful face.

“Ling Island’s Island Head House has expressed a great sin for Red Stick Wu San!”

“And the Island Head House will henceforth close the Ring of Life and Death and transform it into a beast fighting arena.”

“Great Circle Gang, do you have an opinion?”

Ling Ziyao’s gaze looked towards the Great Circle Gang in the distance, although she did not speak.

But a powerful pressure also enveloped the Great Circle Gang's crowd.

"The Great Circle Gang is very much in agreement with the Island Master's idea and has no opinion."

Seeing that the members of the Great Circle Gang were very sensible, a slight smile appeared on Ling Ziyao's face.

"Then I wonder who your new ruler is now that the Big Circle Gang's Red Stick, Wu San, has died?"

Ling Ziyao's words caused the surrounding audience's faces to change slightly.

At this moment, the Big Circle Gang's Red Stick Martial Three had just died, and Ling Ziyao was asking who the boss was in such a way, what did she mean.

Lin Mo's gaze also lingered slightly on Ling Ziyao's body.

Ling Ziyao's words were very crucial to ask.

If Lin Mo wanted to take control of Ling Island's Big Circle Gang, he would inevitably need someone to help him pave the way.

Originally, he had already discussed this with Qian Degui.

But now that a Ling Ziyao has appeared, it is naturally better.

"Yes Mr. Molin! "

Medical Genius Unspeakable Marriage Chapter 3504

The junior standing at the front of the Great Circle Gang hesitated for a moment.

His eyes eventually looked towards Lin Mo who was standing on the field.

When he heard the words of the Big Circle Gang's junior disciple, the audience was silent.

The face of Qian De Gui, who was sitting there, was also a little dumbfounded.

What was the situation.

Didn't Brother Mo Lin say before that he would let himself speak out to pave the way.

Now he was directly robbed by Ling Island's Island Master and the Great Circle Gang!

And the rest of the audience was also in a state of six minds.

"Fake it"

"Didn't Red Stick Wu San just finish a life and death match with that Molin?"

"There's so much news today, the mystery of Mo Lin, the death of Red Stick Martial Three"

"From now on, another person will be added to the pyramid of figures on Ling Island!"

Ling Ziyao's gaze looked over and her red lips lightly opened and said.

“Mr. Mo Lin, is what they say true?”

Lin Mo’s gaze flickered slightly before he nodded straight away.

“Not bad, long ago I had already decided to join the Great Circle Gang.”

Lin Mo’s toes flicked, and his entire person landed in front of the members of the Great Circle Gang like a wild goose.

Seeing Lin Mo actually jump five or six metres directly with such ease.

The gloom within everyone’s hearts instantly deepened, and a word emerged within them.

Martial Artist!

No wonder Red Stick Martial Three had been killed so easily by others.

Red Stick Wu San was only a person who had not stepped into the martial arts deep enough to face such a high level of martial arts as Mo Lin.

All of this was gradually accepted by them as well.

The little brother of the Big Circle Gang saw Lin Mo land directly in front of them.

He directly knelt down on one knee and said loudly.

“Big Circle Gang Xu Chu pays respects to Boss Mo Lin!”

When the members of the Great Circle Gang behind Xu Chu saw him kneel down directly, one by one, they also quickly knelt down.

“The members of the Great Circle Gang have met Boss Mo Lin!”

Lin Mo slightly turned his head sideways and looked at them as he nodded and said softly.

“All get up.”

Looking at the gentle Lin Mo, the members of the Great Circle Gang were each a little happy inside.

It looked like Boss Mo Lin was completely different from that fellow Red Stick Wu San from before.

Lin Mo stood in front of the members of the Great Circle Gang and looked towards Ling Ziyao in the distance.

“Mo Lin more Island Master.”

Lin Mo’s words caused the crowd present to be a little confused.

What was Mo Lin thanking the Island Master for?

Had something happened between the two?

The gazes of the group shifted back and forth between the flamboyant Ling Ziyao and Lin Mo.

They hadn’t noticed it before, but only now did they suddenly realise.

Mo Lin and the Island Master were actually both so good looking.

The two looked like a very good match for a handsome man and a beautiful woman.

A smile appeared on Ling Ziyao's face as she winked playfully at Lin Mo.

"If you want to thank me, come and find me at the Island Master's residence tomorrow."

"If you don't come, I'll be angry!"

Ling Ziyao's words simply sounded flirtatious to everyone's ears.

Lin Mo's face did not change in the slightest as he responded to Ling Ziyao.

"If the island master has something to do, Mo Lin will naturally try his best to try to help."

It was as if Ling Ziyao was there for these words from Lin Mo.

Hearing Lin Mo utter these words, a satisfied smile appeared on the face of the overwhelmingly beautiful Qingcheng.

"Good, then I will be waiting for you tomorrow at the Island Master's residence oh."

After Ling Ziyao said that, she directly turned around and walked towards the outside.

Ling Zhong, who was dressed in military attire, was following behind Ling Ziyao.

His serious expression was intimidating, just

Ling Zhong's eyes were at this moment carrying a shocked as well as uncomprehending look.

He did not understand why the little island master was so kind to this fellow Lin Mo.

Obviously the island master used to be very cold when facing men.

Could

The unbelievable thought welled up in Ling Zhong's eyes.

The island master is in love?!

Medical Genius Unspeakable Marriage Chapter 3505

After watching Ling Ziyao as well as Ling Zhong lead the people away.

Lin Mo's gaze looked towards the people who were still alive in the audience.

"Do you all want to continue staying here for a while?"

Lin Mo's words caused the dumbfounded people in the audience to come back to their senses.

In the past, even one of today's events would be enough to cause some fluctuations on Ling Island.

Instead, today it was enough to gather together to happen.

The death of Wu San, the Red Stick of the Great Circle Gang, the appearance of the Ling Island Master, the change of boss of the Great Circle Gang, and the appointment of Molin, the Ling Island Master.

These few events were probably enough for the people above Ling Island to use as after-dinner gossip for a full month.

By the time the people in the audience had almost left.

Lin Mo turned to the members of the Great Circle Gang who were kneeling on the ground and said.

“Go and clean up those corpses.”

The corpses Lin Mo was referring to were naturally those who had had bad thoughts about Ling Ziyao, the Island Master.

The guys who had something bad in mind and had been found out.

They had been killed directly by Ling Zhong with his men back when the soldiers from the Island Master’s residence were defending the Ring of Life and Death.

The members of the Great Circle Gang’s bodies trembled slightly and were busier running ahead of those corpses to their location.

They were still immersed in the majesty of the Red Stick Wu San from before, and had not even slowed down until now.

Lin Mo looked at Xu Chu, who was kneeling respectfully in front of him, and said with a smile.

“I have heard that your name is Xu Chu, a very clever person.”

Hearing Lin Mo’s compliment, Xu Chu lifted his head slightly.

“Xu Chu is willing to serve Mr. Mo Lin and be a va*sal!”

Xu Chu’s words caused the members of the Great Circle Gang behind him to stare.

A va*sal?

This Xu Chu guy wasn’t kidding!

A va*sal meant to become Lin Mo’s va*sal directly.

Whether or not Lin Mo still held the Great Circle Gang in the future, the va*sals would be loyal to Lin Mo.

And even if Lin Mo died, the va*sal would still be loyal to Lin Mo’s son.

If the va*sal died, the va*sal’s descendants would still be va*sals and would need to be loyal to Lin Mo.

Lin Mo looked at Xu Chu, who was kneeling on the ground, and asked in a deep voice.

“You can think carefully, once you become my va*sal there is not the slightest way back.”

“Even if you want to break away afterwards, I will not allow it.”

Lin Mo's tone carried a stern and murderous intent as he spoke.

Xu Chu withstood Lin Mo's majestic pressure, and cold sweat gradually seeped out from his face.

However, Xu Chu did not have any words of forehead, but directly kowtowed his head to Lin Mo.

This represented his firmness that he would not change his mind at all.

The pressure on Lin Mo's body steeply disappeared, and he directly pulled up Xu Chu who had fallen to his knees.

"Xu Chu, you are a very smart and intelligent person."

"So what to say and what to do I won't say much more to you, you understand it in your heart compared to me"

Lin Mo's palm patted Xu Chu's shoulder in a very kind manner.

A look of excitement appeared in Xu Chu's eyes, and his heart was already planning his future non-stop.

Likewise, his loyalty to Lin Mo was also germinating and deepening.

Just as Lin Mo had said, he was a wise man.

"Master, then I wonder in what capacity I will do it?"

Lin Mo looked at Xu Chu, and a faint look of satisfaction appeared in his eyes.

"The inspector amba*sador of the Great Circle Gang, right?"

Lin Mo's gaze looked towards the members of the Great Circle Gang in front of him.

"From today onwards, Xu Chu is an inspector amba*sador of the Great Circle Gang's Inspection Division."

"He can inspect illegal and irregular matters within the Great Circle Gang and hold the"

"The right to act first!"

As Lin Mo's words finished speaking, the faces of the members of the Great Circle Gang who were kneeling on the ground changed one after another.

The right to kill first and submit later also meant that

If Xu Chu wanted to kill them directly, there was no need to care if they were guilty or not.

Just strike them dead directly and subsequently fabricate a random one.

"On what grounds, I am not convinced!"

Medical Genius Unspeakable Marriage Chapter 3507

Inside Qian's mining company.

At this moment, Qian De Gui's face was filled with a joyful smile.

"Hahahaha, Brother Mo Lin actually has such prestige as well as status nowadays."

"I, as a brother, will be able to more or less dip into Brother Mo Lin's glory when I go out in the future."

Qian De Gui's words caused Xiang'er at the side to roll her eyes.

"He is now the leader of the Great Circle Gang and someone who is valued even by the Island Master."

"You need to be more careful when you get along in the future, you can't be like you were before."

"I'll be away for just a moment, Miss Shannon."

"You don't have to make up things about me behind my back like that, do you?"

Lin Mo's laughter rang out from outside, and the door that had just been newly installed from the outside was once again pushed open by Lin Mo.

When Xiang'er saw Lin Mo's sudden return, her face was momentarily filled with a blush of shame.

He went straight towards the inside of the inner room and also explained.

"I I'll go and cook for you guys!"

Looking at Xiang'er's woefully departed back, Lin Mo as well as Qian De Gui looked at each other with a smile.

"Hahahaha, Brother Mo Lin, you've come back at a good time."

Qian De Gui looked at Lin Mo and said with a straightforward laugh.

"I can only say it's fate, I heard Miss Xiang'er talking about me behind my back as soon as I arrived at the door."

Lin Mo smiled and chatted with Qian De Gui.

For these people close to himself.

Lin Mo never had a stern face and was very kind.

These were also his own contacts in the Western Wanxiang Islands.

When the time came for him to completely reform and develop Lin Island.

It was probably still inseparable from Qian De Gui, the ore baron.

"Right, Brother Mo Lin, what exactly is it that the Island Master has called you to?"

Qian De Gui suddenly revealed a gossipy smile and looked at Lin Mo in a mysterious manner.

His face also carried a look of you tell me and I will definitely not tell anyone else.

After all, a beauty like the Island Master asked Lin Mo directly to his home.

Lin Mo shook his head gently.

“I don’t know either, this is still my first meeting with her.”

Qian De Gui’s face revealed a look of amazement as he spoke to Lin Mo.

“Brother Mo Lin, don’t look at the Island Master as pretty as she is, but she is actually very high-handed.

A few years ago when the previous Island Master, who was also her father, had just died.

The whole Ling Island was in a state of disintegration.

The inspector’s office, the Big Circle Gang, the building materials market and other forces all became restless.

The old island master had a son and a daughter, but at first there was a rumour going around that the old island master’s son had died long ago on the outside.

He only had one daughter, and it was only after there was simply no one to succeed him that the whole island began to be in chaos.

It wasn’t until later, when several powers had their dog brains on the verge of breaking trying to take complete control of Ling Island.

The old island master’s son, who was rumoured to be dead, suddenly appeared and had a very powerful force under him.

In just a few days he took down the inspector’s house.

Dozens of days later it made the Big Circle Gang not dare to do anything recklessly.

Even the building materials market had long since returned to its previous calm when he took down the inspector’s house.

The island lord’s son was ruthless and ruthless, cutting down the roots of the gra*s, and no one who offended him survived.

It was by virtue of this that he took control of the whole of Ling Island from scratch.

But at the succession ceremony of the Island Master afterwards, he simply removed his disguise.

She was the daughter of the old island master, Ling Ziyao.

She had been pretending to be her now dead brother, and then quickly took control of the situation.

By the time everyone reacted, the time was too late.

Ling Ziyao’s power had already made if someone simply dared not act rashly and could only return to their old way of life once again.”

Lin Mo nodded faintly after hearing Qian De Gui’s words.

What could that woman be looking for herself for?

“Dinner’s ready!”

Medical Genius Unspeakable Marriage Chapter 3508

Lin Island.

Heng Bing was currently sitting in the Island Master's residence discussing with Zhu Tuan about the economic development of Lin Island.

"Before Molin left, he said that he wanted to update the buildings on Lin Island to the town level."

"How has that been implemented now?"

Heng Bing's gaze looked towards Zhu Tuan, who was sitting below, and asked.

Zhu Tuan's face straightened as he took out a document from the side and handed it to the maid.

"Island Master, we are already making arrangements as quickly as possible."

"Eighty percent of the buildings throughout the island have been refurbished from the ground up, if you will now."

"And we have also expanded the size of the inspectorate's security team as well as the surveillance."

"It is guaranteed to cover the entire island without leaving a single gap."

Hearing Zhu Tuan's report, Heng Bing nodded.

"It's been so long since Molin went over there, and there's still no news so far?"

Heng Bing's words caused a bitter smile to appear on Zhu Tuan's face.

"Don't worry, Island Master, I have already dispatched scouts from the inspector's office to Ling Island to pry for news."

"According to the time, they should be back by this point."

As Zhu Tuan's words fell, an urgent voice suddenly rang out from outside.

"An urgent message from the Governor's Office, idle people give way!"

Heng Bing's face instantly showed joy.

He directly stood up and moved his long legs towards the outside.

A helpless smile appeared on Zhu Tong's face, and he could only follow Heng Bing's figure towards the outside.

A scouting soldier, whose body was covered in dust, quickly ran in from outside.

When he saw Heng Bing, he directly knelt down on one knee panting and said.

"Report to the Island Master, my subordinate was ordered to go and spy on Mr. Molin."

"After some spying by my subordinates, I have found out the news of Mr. Molin."

"Tell us directly."

The subordinate nodded and took a deep breath then spoke aloud.

“Shortly after arriving on Ling Island, Mr Molin came into contact with Qian De Gui, the leader of the ore market.”

“And became a guest of the other party straight away.”

Heng Bing and Zhu Tuan nodded, no wonder Qian De Gui had directly had ores shipped over earlier.

“After that Mr. Molin’s life was even more oceanic, but later on Mr. Molin encountered the provocation of the Great Circle Gang.”

“He directly killed all those people from the Big Circle Gang who did nothing evil, and it caused a stir.”

Heng Bing’s face showed a slight look of worry.

She had still heard of the Great Circle Gang, so nothing would happen to Mo Lin, right?

“The Big Circle Gang’s oldest, Red Stick Wu San, made an appointment to fight Mr. Mo Lin in the Ring of Life and Death, causing the entire Ling Island to be onlookers.”

“At the back, Mr. Mo Lin went to the appointment and directly gave up three moves to the Big Circle Gang’s Red Stick Wu San, with the last move being a defeat.”

“While everyone was incredulous, the island master of Ling Island left the factory and the members of the Big Circle Gang bowed down to Mr Mo Lin.”

“Even which island lord also extended an invitation to Mr. Molin.”

“It can be said that Mr. Mo Lin is already the most powerful of the few on Ling Island at this moment!”

Heng Bing’s face revealed a strong look of joy, worthy of Molin.

Behind him, Zhu Tong glared fiercely at the scouting soldier and told him to hurry up and disappear.

Looking at Heng Bing with a smiling face, Zhu Tong breathed a sigh of relief.

Fortunately, Heng Bing did not know that the island master of Ling Island was also a strange woman, and was rumoured to be extremely beautiful and charming.

However, a bitter expression still passed over Zhu Tong’s face.

The owner of his own island would actually have a secret crush on Mr. Molin.

Heng Bing could not see it, but Zhu Tuan could see the sadness under Lin Mo’s eyes.

That emotion made Zhu Tong understand that it was Lin Mo’s emotion for his beloved.

An ordinary person would not have such an emotion at all.

And although Lin Mo had a calm and handsome appearance, he would definitely not be someone who did not have a partner.

Zhu Tuan silently looked up at the sky, not saying a word.

This was really, a sinful fate!

Medical Genius Unspeakable Marriage Chapter 3509

The next morning, Lin Mo arrived at the door of the Island Master's residence early.

Ling Ziyao gave Lin Mo the feeling that he definitely had something for himself.

It was just as well to hurry up and finish all the matters afterwards so that he could go back faster.

"Please go and inform the Island Master that Mo Lin has come to answer an appointment."

Lin Mo's gaze looked towards the Island Master's soldiers standing at the entrance and spoke kindly.

"Ah good, Mr. Molin you wait for a moment."

Seeing Lin Mo being so kind, the soldier standing at the door was a little confused.

But then quickly came back to his senses and spoke to Lin Mo.

Looking at the back of the island lord's soldiers leaving.

Lin Mo's upright stance stood at the entrance of the Island Master's residence.

A white coat was still so spotless.

Now another name gradually appeared for Lin Mo on Ling Island.

Mr. White.

Lin Mo's persona was not at all like those crime-ridden wanted criminals.

This also made those ordinary people on the island feel much better about Lin Mo.

Even the property prices near the Big Circle Gang on top of Ling Island started to increase last night.

"Look guys, it's Mr. Mo Lin."

"Yeah, yesterday the island master asked Mr. Molin to come first, so there should be something important, right?"

"I heard that Mr Maureen has a great personality and that there was a huge wave of purges within the Big Circle Gang yesterday."

"Do you guys know what I saw this morning?"

A look of disbelief appeared on the face of one man.

If he hadn't seen the scene with his own eyes this morning, he would have suspected that he was sick.

"What did you see?"

"I saw that group of guys from the Big Circle Gang helping people at!"

The man's words silenced the entire surrounding crowd.

They now felt as if the man hadn't woken up yet.

It was good that the Big Circle Gang didn't kill people for fun, but they were still helping people for fun.

"Really!"

"You have to believe me!"

"I really saw the Big Circle Gang helping an old man!"

The man looked at everyone around him and didn't believe him.

He became anxious and frantically explained to them.

The West Vientiane Islands were a huge grey area though.

But the islands were also very full of ordinary people.

Those who had been trafficked, those who had accidentally run away, and the first aborigines.

They only needed to pay a batch of protection fees to the island master's office every year and they were safe and sound.

The reason why Lam Island was so desolate before was because there was no one in the Island House.

There was simply no power to make those black and evil forces on the island bow their heads.

Lin Mo looked at those ordinary people behind him and faintly revealed a slight smile.

Perhaps on this island, they simply didn't dare to crave for a standard of living.

They spent the entire day feeling grateful for what they were still alive.

The soldier from the island master's house quickly ran out of the house.

And Ling Zhong, the butler, also followed behind him and came towards Lin Mo.

"Mr. Mo Lin, the lady has been waiting for you for a long time, please come in."

Ling Zhong respectfully extended his hand towards Lin Mo to lead the way.

He had thought about it left and right all night after returning last night.

He found that Lin Mo's level was not at all what he could imagine.

Even every single thing Lin Mo did had already paved the way behind him.

He could let himself take one step and count ten steps.

Just ask such a person, how could he be able to contemplate?

Lin Mo followed Ling Zhong towards the inside of the Island Master's residence.

The interior of the Island Master's residence was beautifully decorated with pavilions and flowing water, a continuous house.

"Steward Ling Zhong, I wonder what exactly is the reason why Island Master Ling is looking for me?"

Lin Mo's gaze looked towards Ling Zhong in front of him, he remembered what others had said.

Ling Zhong was Ling Ziyao's beloved, so he should know the latter's purpose in finding himself this time, right?

Ling Zhong shook his head, indicating that he did not know.

"Mr Molin, I don't know these things either."

"You should go and ask the Island Master."

Ling Zhong led Lin Mo to a room beyond.

"Mr. Molin, the Island Master is waiting for you inside."

Lin Mo nodded and stepped directly towards the room.

Pushing open the wooden door, what caught Lin Mo's eyes was a weapon that emitted a cold light.

Ling Ziyao, who was dressed in light armour, was standing in front of those weapons.

In her hand, she was holding a cloth and carefully wiping the long sword in her hand.

At this moment, Ling Ziyao looks like a different person from yesterday.

At this moment, her body exuded an aura of gold and iron, and her hair was tied up high behind her.

The whole person had the feeling of a woman with a valiant posture.

The moment she saw Lin Mo, a smile suddenly appeared on Ling Ziyao's face, who originally had a calm expression.

"Mo Lin, you're here."

Ever since Ling Ziyao had inherited the Island Master.

No matter what she was doing, as long as there were me outsiders there was bound to be a smiling look on her face.

You couldn't even begin to guess how Ling Ziyao was feeling at the moment.

Even before, even when Ling Ziyao was killing people.

Her face also wore a gentle and warm smile, which made people a bit scared.

"Since the Island Master has invited me, then naturally Mo Lin would not dare not come."

Lin Mo faintly arched his hand and gave a slight bow to Ling Ziyao.

“Come, come, sit first.”

Ling Ziyao pointed to the seat in front of her and said to Lin Mo.

Lin Mo nodded slightly, and walked straight towards the chair without closing the door.

She didn’t know exactly what Ling Ziyao meant.

But to be on the safe side, it was better to leave some things open.

Lin Mo didn’t want rumours flying around the entire Ling Island the next day.

Lin Mo had just sat down in his chair when a sudden “pop” sounded behind him.

The wooden door that had been open was now closed.

Originally, anyone passing by could see outside, but now nothing could be seen at all.

Lin Mo’s expression did not change, as if these things did not affect him in any way.

“Then, Lord Ling Island, I wonder what exactly is the matter you have sought me out to discuss?”

Seeing Lin Mo’s cold appearance, Ling Ziyao’s eyes revealed a slightly amused look.

In the past, when other men saw themselves, there were all sorts of emotions in their eyes.

Greed, desire, amazement and so on.

Even Ling Zhong, the butler who had followed Ling Ziyao for the longest time.

Every time he saw Ling Ziyao, he would feel very astonished.

That was why Ling Zhong generally kept his head down when he came into contact with Ling Ziyao up close.

Like Lin Mo, he did not react in the slightest when he saw himself.

Even the emotions in his eyes were bland, as if seeing Ling Ziyao was like seeing an ordinary person.

The smile on Ling Ziyao’s face gradually tightened up as she stopped trying.

The atmosphere in the room gradually became depressing as Ling Ziyao’s gaze looked firmly at Lin Mo.

“Mo Lin, I want you to help me with one thing.”

A blush suddenly surfaced on Ling Ziyao’s face as she thought of the thing she wanted Lin Mo’s help with.

“When I was first born, my father’s best friend also gave birth to a child.”

“The relationship between the two of them was so friendly that they even set up a baby marriage for the two of us.”

“Later on, whichever of my father’s best friends went to fight elsewhere, we all thought that the matter would just be left alone.”

Ling Ziyao’s valiant face had the look of a little girl’s sadness appearing on it.

“A few days ago that guy I was betrothed to suddenly came to write.”

“It said that they have almost finished fighting outside and will arrive at the West Vientiane Islands at the end of the month.”

“By that time, they will have consummated their marriage with me.”

Ling Ziyao’s gaze looked towards Lin Mo and spoke with some difficulty.

“So Mo Lin, the favor I want to ask you is”

“Please pretend to be married to me!”
