

Genius 3661

Medical Genius Unspeakable Marriage Chapter 3661

By the time Lin Mo's figure had almost reached Haruko's shop.

His figure suddenly came to a halt.

Somewhat helplessly, he looked behind him, "You've followed me all the way, it's time to come out, right?"

After Lin Mo's words were said, there was still silence behind him.

"The one behind the bin, your hair is already showing."

Song Wei's gaze looked helplessly towards the rubbish dump not far away.

At first when he felt he was being followed, Lin Mo thought it was some kind of demon or devil that was staring at him.

But suddenly, he realized that it was actually a little girl.

Sure enough, as Lin Mo accurately stated the location of the rubbish bin.

A look of hesitation appeared on the face of the little girl behind the trash can.

"Is he talking about himself or not....."

Thinking about it, she saw a flower on the ground.

At once, she picked it up and eventually kept chanting the words.

"He saw me, he didn't see me"

Just as she was pulling the petals of the flower in earnest, a dark shadow enveloped her.

Only to see that Lin Mo was already standing in front of the little girl.

"Stop counting, that means you."

Lin Mo reached out and grabbed the collar of the little girl's shirt, and directly lifted the other girl up.

"Ahhhhh, let go of Ania!"

Ania, who was being carried by Lin Mo's collar, struggled in the air for half a day, after ultimately failing.

Tears instantly filled her large eyes.

"Don't cry, here's some candy for you."

Lin Mo saw that the little girl who called herself Aniya in his hands was about to cry out.

Lin Mo quickly took out a piece of fruit candy from his pocket and stuffed it into Aniya's mouth.

“Well

At once, the little one who was still about to cry out instantly went quiet

Lin Mo wiped the sweat on top of his forehead.

Sure enough, children and the like were really too much for him to handle.

Lin Mo put down the Aniya in his hand and rubbed his forehead.

“Why are you following me?”

Aniya said in a blur as she held the fruit candy in her mouth.

“Because you’re good, big brother.”

Lin Mo’s expression stiffened.

This reason really left him speechless.

“Then how did you find out about me?”

When Lin Mo said these words, Ania’s expression instantly tensed up.

The two little short legs flew to Lin Mo’s front and said in a small voice.

“Because Aniya has a mysterious feeling of being able to control all things in the world, and big brother you are no exception.”

The corners of Lin Mo’s mouth twitched a few times, that was quite a good reason.

“Where is your home, I’ll send you back.”

Lin Mo looked at Aniya and asked directly.

Hurry up and send this bear child who didn’t know which family she was from back.

Lin Mo would be clear.

“Anya’s family is not here, they are in block twelve.”

Ania held up two tiny fingers and gestured towards Lin Mo.

Block twelve?

Lin Mo’s brow furrowed instantly.

“Your house is in block twelve, how did you get to block thirteen?”

Lin Mo looked at Ania, who was still less than his thigh, and softly inquired.

The little one in front of him was only about ten years old at most.

If there was no one to lead her, there was absolutely no way she would have arrived here ah.

Ania’s face also showed a sad look.

“Aniya came here with her father earlier, then went to chase the butterfly before turning back and her father lost it.”

Lin Mo burst into a sweat.

Whose silly girl was this.

How could she actually lose herself because she went after a butterfly.

After thinking for a little while, Lin Mo said to Ania.

“In that case, then you should come back with me first.”

Ania nodded very nicely and directly jumped and took Lin Mo’s palm.

And without a trace, she rubbed Lin Mo’s hand black as well.

Lin Mo:

Medical Genius Unspeakable Marriage Chapter 3662

Inside Haruko’s uninformed case house.

Lin Mo pulled Aniya along in silence all the way to the place.

Knocking on the top of the door.

“Miss Haruko, I’m back again.”

Lin Mo’s voice caused footsteps to sound quickly inside the shop.

Haruko walked out of the house wearing only a white nightgown.

The waves on her breasts continued to sway as she moved with her steps.

Seeing Lin Mo’s appearance clearly, Haruko said at once.

“Mister Molin, what brings you back so soon?”

It was reasonable for Mo Lin to go ahead and find trouble with the Human Snake Base.

Even if it was the soonest, it would take a night, how come he came back after only going out for a few hours.

Haruko’s eyes suddenly looked at Aniya, who was being held by Lin Mo.

Her body was dirty, could it be that Mr. Mo Lin hadn’t gone to the human snake base at all.

Lin Mo smiled, “Finishing things up, I’m sure I’ll be back sooner.”

Haruko’s expression froze.

Things finished?

Could it be that

Haruko opened her mouth tentatively and asked Lin Mo.

“Mister Molin, are you talking about the thing that I understand?”

Lin Mo nodded his head.

A look of shock suddenly appeared in Haruko’s eyes.

In just a few hours, she was able to clear a secret base of the Human Snake Organisation.

Such strength made Haruko increasingly confused by Lin Mo’s analysis.

It could even be said that she couldn’t see through any of Lin Mo’s thoughts at all now.

“Help this little one take a bath.”

“It’s been locked up by those brutes for who knows how long, just in time for a bath and a new outfit.”

“Just charge it all to Morton’s account for how much it is.”

Lin Mo spoke to Haruko.

The latter also extended her hand towards Aniya, a kind smile on her face.

“Come on little one, come to sister’s side.”

Ania let go of Lin Mo’s hand and walked over to Haruko’s side in a good manner.

“Then Mr. Molin you take a stroll at your leisure, I’ll take this little girl to take a bath first.”

Lin Mo nodded, and then sat down directly against the wall at the entrance hall.

Since he had promised Haruko that he would help her with the matter of the Hungry Ghost Dao.

Then Lin Mo wouldn’t go back on his word.

Looking at the moonlight outside the door, Lin Mo’s heart did not know what he was thinking about.

This archipelago, which was full of chaos as well as killings.

For the first time, Lin Mo felt disgusted.

Even the previous two islands, Lin Mo and Ling Island, were merely disliked by Lin Mo.

But Death Island was now the only island that Lin Mo had an aversion to.

This emotion even made Lin Mo want to completely destroy this place.

Casually taking out a bottle of sake from under the table, Lin Mo sipped it with one sip.

The moon was extraordinarily round tonight, just like

Xu Hanxia’s gentle smile.

Lin Mo just looked up at the sky and sipped the sake in his hand, one sip at a time.

Suddenly, a clinkety-clack of footsteps sounded.

A fragrant breeze hit him and a tiny figure instantly pounced on Lin Mo's back.

No need to think, this size and so unafraid of himself.

It was only Aniya, the little one he had just brought back.

Lin Mo silently stretched out his hand and pulled the figure behind him directly in front of him.

But when he saw Aniya's appearance, Lin Mo suddenly froze slightly.

Pink hair was scattered on Ania's shoulders, and her big eyes like emeralds gazed at Lin Mo.

Her face, as white and luminous as an egg white, was full of smiles at the moment.

The green and white dress made Ania look like a princess of a small human kingdom.

Lin Mo looked at Ania's pink hair and laughed lightly.

"I didn't see that you actually had pink hair when you were dirty before."

"How about it, is it comfortable to take a bath?"

Ania nodded heavily, "Super comfortable!"

"Why don't you go to bed?"

Medical Genius Unspeakable Marriage Chapter 3663

"This little girl is still really good looking."

"If it wasn't for Mr Maureen you were rescued from the base of the Human Snake Organisation."

"My slave would have thought you had run off somewhere and abducted a little friend back."

Haruko, who was dressed in a bathrobe, came out of the house.

Her white, jade-like thighs were just bare, making people want to get lost in thought.

Lin Mo Ti Liu held the Aniya in his hand and glanced at Haruko behind him.

His face was as calm as water.

"The temperature is cooling down very strongly tonight, so Miss Haruko should wear thicker clothes."

"It would be bad to avoid catching a cold then."

Lin Mo's calm words instantly caused Haruko's body to freeze.

A sense of surprise grew in her eyes towards Lin Mo.

This man, could it be that he did not have the slightest desire.

Haruko still had a certain amount of confidence in her own body.

Even though she was dressed like this, Lin Mo was still so indifferent as water.

The fold made Haruko very impervious to Lin Mo's thoughts.

Lin Mo slowly stood up.

Putting Aniya to the side, he said softly.

"Miss Haruko, please find a place for her to sleep."

Just as Lin Mo spoke, Ania came up fiercely and hugged Lin Mo's thigh.

"Aniya wants to stay with big brother."

In the end, after Haruko came up and did some persuading to no avail.

Lin Mo could only take this leg pendant back to the guest room that Haruko had arranged.

A very wide tatami mat that looked like it could lay three or four people.

"You go and sleep on that one."

Lin Mo casually took down a quilt and pointed to the tatami and said to Ania.

Aniya jumped and went to the side of the tatami, and then flew straight onto it.

Lin Mo shook his head helplessly, and then said to the door.

"Miss Haruko, since you haven't left yet, please turn off the light for me."

Haruko, who was standing in the doorway, instantly clenched her fists.

This uncomfortable man.

She pushed the door open and reached out to turn off the light, then closed the door directly behind her.

But this time, the slamming sound of the door was loud.

Lin Mo shook his head helplessly.

This woman, could it be that she was having her period, so grumpy.

Just like that, Lin Mo also hit the floor and just fell into a deep sleep.

In the middle of the night, Lin Mo's blanket was quietly lifted.

A small figure burrowed into Lin Mo's quilt.

And the originally sleeping Lin Mo slowly opened his eyes after the figure burrowed in.

Looking at who's sweet smelling Aniya on his chest.

Lin Mo did not take her away, but closed his eyes and slept.

Early the next morning.

“Mr. Molin, dinner

Haruko had just pulled open the door to the guest room when she stopped her voice at the scene before her.

The handsome youth was slumbering, while the princess-like Aniya was pressed against Lin Mo’s chest.

The small palm of her hand was clutching Lin Mo’s collar.

The two were like brother and sister who were extremely close.

As Haruko watched the scene in front of her, her face also showed a little softness.

And Lin Mo’s eyes slowly moved and then opened completely.

Looking at Aniya, who was sound asleep on his chest, Lin Mo picked her up with his hands.

He got up and placed her on top of the tatami mat to one side.

Just as he was about to get up, he noticed that Aniya’s palms were still clutching his collar.

“Father

Aniya’s mumbling made Lin Mo sigh.

Holding it in his arms, Lin Mo walked towards the outside.

Haruko stood in the doorway with a smirk on her face as she watched the combination of the two.

“Mr. Molin, how does it feel to bring up small children?”

Haruko lowered her voice and said to Lin Mo.

Lin Mo’s eyes shone with helplessness in them as he whispered.

“I’m hungry, what’s for breakfast in the morning?”

“The money for breakfast is on Morton’s account.”

Haruko smiled softly and said, “Okay, Mr. Molin you come with me.”

The two walked in the direction of the other side.

Medical Genius Unspeakable Marriage Chapter 3664

Lead Lin Mo to a seat at the table.

Haruko clapped her hands.

At once, one of the waitresses came over with a plate.

The white jade porcelain plates in their hands were filled with beautifully presented sushi and rice balls.

Well, there were even various kinds of sashimi and the like.

Lin Mo looked at one of the sushi in front of him.

The corners of his mouth twitched slightly, and then he said to Haruko.

“Are we eating rice this early in the morning?”

Haruko faintly stared, and then said with a smile.

“Mr Maureen, these are some of our national traditions and you may find them a little uncomfortable.”

“But these still taste very good.”

Lin Mo picked up his chopsticks and picked up a salmon sushi and put it in his mouth.

In the mouth was the very rich taste of salad dressing.

After swallowing it thoroughly, Lin Mo continued eating without saying a word.

“Mr. Molin, how do you feel about the taste sunshine?”

Haruko ground her gaze at Lin Mo and said with some expectation in her tone.

“I have tasted the essence of your sushi.”

A look of surprise appeared on Haruko-ji’s face, “What did you taste?”

“The salad dressing and the ketchup.”

“These two sauces all sushi inside are one and the same.”

Lin Mo picked up the tea on the table and took a sip to relieve the sweet taste in his mouth.

“Uh

When Haruko heard this, she was also speechless for a moment.

Just as the two were talking, there was a sudden clamour outside.

“Where’s Haruko?”

“Quickly let Haruko come out and talk to me.”

“Master Hungry Ghost has come to marry her.”

Haruko, who was still chatting with Lin Mo with a smile on her face, heard the voices outside.

Her face instantly just changed.

A pitiful look followed.

“Mr. Mo Lin, you must help the slave.”

Lin Mo’s gaze looked at Qingzi’s pitiful cheeks.

“You drew the people here, didn’t you?”

After saying that, Lin Mo hugged Aniya in his arms and directly got up and walked towards the outside.

Looking at Lin Mo's back, Haruko ground a stirring inside.

She inexplicably felt that the relationship between herself and Lin Mo that had barely been considered a friend had disappeared.

A feeling of regret pervaded her heart.

Lin Mo walked down the aisle with Aniya in his arms.

His eyes were flat.

From the fact that Hungry Ghost Dao had run over today.

Lin Mo had guessed that it was definitely Haruko who had planned it in the middle.

In fact, even if Haruko didn't lure the Hungry Ghost Road's people over.

Lin Mo also planned to go and clean up that group of Hungry Ghost Dao guys before he left this afternoon.

Lin Mo slowly walked up to the entrance of Haruko's shop.

At once, he saw a group of big men with weapons standing there.

The man standing at the front of them had a very fierce look in his eyes.

A maid from Haruko's shop was standing in front of her at the moment, shivering a little.

"Boss Hungry Ghost, you wait a moment."

"Sister Haruko should be coming out soon when she hears your voice."

The hungry ghost's gaze wandered wantonly over the maid's body before finally smiling evilly.

"Since Haruko hasn't come out yet, then come over here and make me comfortable, Master."

The maid's face changed instantly.

"Hungry Ghost Boss, I I sell my art, not my body."

A rampant look appeared on the hungry ghost's face as his hand went straight towards the maid.

"What sells the art not the body, is not the money not enough to give."

"From now on you will have absolutely endless money if you follow us in the Hungry Ghost Way."

"And all you have to do is lie down and be comfortable, how good is that."

The maid looked at the hungry ghost and the men behind him all with inexplicable smiles.

The trembling on his body intensified.

"Are you all that horny?"

A calm voice rang out.

The hungry man's eyes looked over and when he saw the handsome looking Lin Mo, he said loudly.

"What kind of a thing are you!"

Medical Genius Unspeakable Marriage Chapter 3665

Lin Mo stood in the doorway with Aniya in his arms.

Facing the hungry ghost's voice, he quietly nodded twice in Aniya's ear.

"I'm the owner of Haruko's No Material Case Nesho."

Lin Mo looked at the hungry ghost and stated his improvised identity.

Since Haruko wasn't fond of skinning?

Then it was just as well that Lin Mo happened to be skinned as well.

The hungry ghost looked at Lin Mo, who was holding a little girl, and his expression froze.

"How can you be the owner of this shop."

"The owner of this shop is Haruko who will be marrying me soon."

"Kid, where did you come from, daring to lie to me here."

Lin Mo looked calm as he looked at the hungry ghost and the members behind him and said calmly.

"You're talking about what should be called the boss's wife."

A thought jolted up within the Hungry Ghost's heart.

Looking at the handsome and handsome looking Lin Mo and the little girl he was holding in his arms.

Could it be that

Haruko was actually married and even had a child?

This horrible thought quickly took root within him.

"Impossible, absolutely impossible."

"And why is a weak guy like you out there, Haruko?"

"Or do you think you can save this woman just by yourself?"

Lin Mo's heart was speechless for a moment.

Did he look that weak himself.

But looking at the hungry ghosts with their tendons and scars all over their bodies.

Perhaps they felt that being strong and weak really depended on body size.

"Weak is a little weak."

“But something like bullying her maid of honour like that in front of her boss.”

“No matter how you think about it inside you are very angry as well as upset ah.”

Lin Mo’s words caused a touched look to appear on this maid’s face.

And the hungry ghost and the minions behind him suddenly fell silent, then let out a shocking laugh.

“Laughing my a*s off.”

“So pray tell, what can you do now that you are so angry?”

“You have the guts to come and beat us up, huh?”

Looking at the Hungry Ghosts and their very arrogant expressions.

Lin Mo let out a sigh.

“You guys know what?”

“Sometimes, if you don’t die, you really won’t die.”

“I was going to let you guys live until this afternoon

Before Lin Mo’s words fell, his entire person instantly disappeared as a residual shadow.

The Hungry Ghost, who was still laughing wildly, saw this scene and his expression changed abruptly.

“Not good, this kid is pretending to be a pig and eating a tiger!”

After speaking loudly, the hungry ghost tried to dodge towards a change.

But in the next instant, a sense of crisis of death caused his entire body to be as if he was drowning.

No matter how hard he struggled, he could not move.

Panic as well as fear shone in the hungry ghost’s eyes.

Such an ability.

How could this white and weak looking boy possess it.

Lin Mo’s figure appeared in front of the hungry ghost, his gaze indifferent as he looked at him.

“I originally wanted to let you all live for one more morning.”

“Nay, you and the others are seeking your own death.”

“By the way.”

Lin Mo suddenly thought of something.

“Forget it, my daughter is still resting, so you guys should not say your last words.”

Saying that, Lin Mo also slightly moved his arm that was holding Aniya.

A silver needle was pinched on his long-sleeved fingers, just a simple flick.

The hungry ghost's original look filled with fear and regret gradually dissipated.

The whole body became rigid and then fell straight to the ground.

Looking at the Hungry Ghost Daoist minions who were scattered and fled.

Lin Mo smiled gently.

"Since we've all come, I definitely won't let everyone go back just like that."

His palm gently wiped on top of the white robe he had already changed back into.

Nine silver needles instantly came out of their bodies, and no trace of them could be seen in the air at all.

They then quickly chased after the fleeing Hungry Ghost Dao members.

"Bang!"

Accompanied by the sound of a corpse falling down.

The Hungry Ghost Dao

were all destroyed.

Medical Genius Unspeakable Marriage Chapter 3666

"Snap!"

"As expected of the great and handsome Mr. Maureen."

"These Hungry Ghost Dao are indeed like dirt and dogs in front of you."

A sound of applause rang out behind Lin Mo.

Haruko, dressed in a white shirt, walked out of the shop.

Lin Mo looked slightly sideways, "I remember you've always worn a kimono, haven't you?"

"Why have you changed down today?"

Haruko smiled, "People have to rest too."

"And Maureen-san, what you just said has ruined my slave's innocence."

"What are the neighbours going to think of me then?"

Lin Mo's gaze glanced around.

Surrounding them were two kustom shops about the same size as Haruko's shop.

"Are you sure they've looked at you innocently before?"

Lin Mo's words brought the smile on Haruko's face to an abrupt halt.

“Mister Molin, didn’t anyone tell you to be softer when talking to girls.”

Lin Mo nodded.

“I know, I’m very soft when I talk to you.”

Haruko:

“Well Haruko-sama, is that Morton guy awake yet?”

Haruko nodded slightly, “Mr. Morton has just gotten up and is now eating breakfast under the service of his sisters.”

Lin Mo walked towards the shop with Aniya in his arms.

Sure enough, he saw Morton, who was hugging his right and left, was currently being fed by the two young ladies with a happy face.

“Brother Molin, come and have a bite.”

When Morton saw Lin Mo walking towards him, he immediately greeted him.

“No need.”

“Morton, I’m heading to block twelve next, do you have a pa*s order?”

There were a total of thirteen blocks on top of Death Island.

Each time you crossed a block, you needed a pa*s order to do so.

Morton’s expression was dumbfounded.

“Molin, you’ve only been here for two days, and this is going to block twelve?”

Lin Mo slowly nodded his head.

He hadn’t understood until now exactly why Morton and Shi Lan Yue were above Block Thirteen as novice guides.

All the information he had learned about himself was that he was going to be the first to head to Block Thirteen.

But when he arrived, he found that he had only gotten a pa*s and learned some information.

This made Lin Mo a little less understanding.

It didn’t seem like it would have a big impact if he couldn’t get to Block 13.

“Brother Molin, if you want to leave Block 13 I definitely won’t stop you.”

“But you should also know that you need a pa*s to leave the block, right?”

Lin Mo nodded, “Yes, do you have a channel, money is not a problem.”

A look of tears and laughter appeared on Morton’s face.

“It’s not a matter of money or not, but the recent escort of Block 13 doesn’t know why.”

“The original share of a thousand pa*ses per month has plummeted to three hundred, a full seventy percent shrinkage.”

“This has resulted in pa*ses now being impossible to buy on the market.”

“And even when they reach the escorts, they simply won’t grant them, or tell you that this month’s share is gone.”

“So Brother Maureen, I suggest you head back to Block 13 some time later.”

Morton told Lin Mo all the information he knew.

Even he couldn’t get a pa*s order at all right now.

Not to mention Lin Mo, a newcomer who had just arrived on Death Island.

The share had shrunk?

Lin Mo’s figure sat down opposite Morton, with a thoughtful look in his eyes.

“Morton, then do you know why the escort didn’t grant pa*ses down?”

“Because if there are more pa*ses, then there will be more smuggling going on.”

“The Escort wants to maintain the foundations of the black market in Block Thirteen.”

“And do you know where you can get a communication pa*s?”

“If it’s the fastest, there’s only one person.”

“The captain of the escort.”

“Qinmen!”

Medical Genius Unspeakable Marriage Chapter 3667

The escort sits at the entrance to Block 13.

The large and imposing atmosphere makes people pa*sing through here very hurried on their feet.

The tall building bears three large letters.

The Guard.

This is the centre of power in Block 13.

There is no government, no island lord’s office, no place like this.

Everything is run by the Guard.

This led to the escort team being extremely powerful.

“Brother Molin, in your current situation you won’t be able to meet Lord Qinmen.”

“Even if you met him, it’s unlikely that he would additionally give you a pa*s order when you’re not a relative.”

The escort was not far away.

Morton was speaking to Lin Mo in a bitter voice.

“Thank you for the guide.”

Lin Mo took out 10,000 Maple Leaf coins from his pocket and casually shoved them to Morton.

Then he directly pulled Aniya towards the escort.

Originally, Lin Mo wanted to open a hotel for Ania to stay in first.

But this silly girl insisted on following Lin Mo.

He had no choice, he had picked her up himself.

He had to take her with him.

At the gate of the escort.

Four black-robed men with straight figures were standing guard.

In their hands were guns polished to the point of glowing cold.

When they saw Lin Mo and Ania, they instantly raised the firearms in their hands.

“Stop whoever comes, take another step forward and kill!”

Ania, who was pulling Lin Mo, trembled all of a sudden, and then directly hid behind Lin Mo.

“Everyone, I don’t mean any harm.”

Lin Mo looked at the four black-robed men in front of him and said with even a smile.

“What are you doing here in the escort?”

Although Lin Mo’s face was all smiles.

However, the movements of the black-robed people did not relax in the slightest.

There were too many people on block thirteen who were disobedient in the face of the escort control.

They simply couldn’t discern what Lin Mo’s intentions for coming were exactly.

Perhaps it was to try to a*sa*sinate the captain of the Qin Gate?

“My name is Mo Lin, I’ve come to the Escort to get a pa*s.”

One of the four men in black walked out after hearing Lin Mo’s words.

“Go back, your share for this month is gone.”

“If you want a pa*s to pa*s, come back next month.”

Lin Mo’s figure did not move, but looked at them and said calmly.

“Then please tell Captain Qinmen for me that I want to find him.”

The black robed man who walked out didn’t look very good on his face anymore.

“Do you think that our Captain of the Qin Sect is someone you can just meet?”

“If you continue to get in our way here, don’t blame me for the killings.”

Lin Mo smiled, “Then what if I say that I can heal Captain Qin Gate’s daughter?”

“What did you say?”

Several of the black-robed men instantly spoke out.

“I said that I could cure Captain Qin Gate’s daughter’s illness.”

“Wait a moment.”

A black-robed man gave Lin Mo a deep look before quickly running inside the escort.

“You better pray that you can really cure Miss.”

“Otherwise, being thrown into the sea to get killed might be your fate.”

Lin Mo pulled Aniya and stood quietly at the entrance of the escort.

After a few minutes, the black-robed man quickly ran out, his forehead line already covered in cold sweat.

“Alright, you can go in now.”

“If you don’t know where Captain Qin Gate’s office is, just ask.”

When the other three saw this look on his face, they whispered and asked.

“Captain Qinmen is in a rage again today?”

He nodded, his heart palpitating as he said.

“Ever since the young lady fell into a coma, the captain’s mood has become increasingly irritable.”

“Especially by now, he’s almost fuming and dropping things at every turn.”

After saying that, his eyes looked towards Lin Mo’s back.

“I hope this guy can cure Miss and isn’t joking.”

“Otherwise, his daughter will probably have to suffer the captain’s fury together with his stupidity.”

Medical Genius Unspeakable Marriage Chapter 3668

The courtyard of the escort was very large.

Lin Mo pulled Aniya towards the largest office building in the middle.

A position like the captain of the escort team must be inside the largest office building.

Walking inside the office building.

Lin Mo's gaze glanced around and there was only a man at the front desk.

"Hello sir, may I ask where Captain Qinmen is?"

Lin Mo walked up to where the front desk was and looked at the man and asked in a soft voice.

The man lifted his head and Lin Mo's expression froze.

The bags under his eyes that had sunk very badly, as well as a chin full of stubble and somewhat cloudy eyes.

It was like a middle-aged man with no fighting spirit.

The moment he saw Lin Mo's young and handsome face, a touch of disappointment inexplicably appeared above the man's expression.

"I know come with me."

His body looked very tired, which caused a hint of curiosity to rise up in Lin Mo towards him.

The man led Lin Mo to a lift, opened it and walked inside.

"Come in, I'm just here to pick you up."

Lin Mo nodded and walked into the lift with the very lively Aniya.

And the man's eyes caught sight of Ania who was following Lin Mo.

Looking at the sweet smile on her face.

Something instantly recalled in his eyes.

Bitterness hovered under his eyes.

"Is this your daughter?"

The man's somewhat hoarse and low voice rang out.

Before Lin Mo could say anything, Aniya walked to the middle of the lift.

"That's right, this is Aniya's favorite father!"

Ania said, and spun around in the middle of the lift.

The two little horned hair ornaments that Haruko had gotten from somewhere on her head also twitched.

"Come here, your hair ornaments are falling off."

Lin Mo squatted down and pulled Aniya over, delicately settling the hair ornament on her head firmly.

“Oh how nice.”

The man’s body leaned against the lift, his entire gaze looking up at the top of the lift.

After Lin Mo made the hair ornament on Aniya’s head a little firmer.

That’s when he stood up.

“You look like a father with children too?”

Although Lin Mo didn’t have any children.

But one thing had been made clear in the previous consultation with Ania.

That was that in the future, in front of outsiders, Ania needed to call Lin Mo father.

And Lin Mo was disguised as Aniya’s father.

The man nodded and took out a packet of cigarettes from his pocket.

“Do you want to smoke?”

Lin Mo shook his head, “No.”

The man took one out and was just about to light it, but suddenly glanced at Aniya in the lift or took it off and stuffed it into the cigarette case.

“Your daughter is very cute.”

“Thanks.”

A look of sadness passed through the man’s eyes.

“My daughter is just as cute as yours.”

“He’ll smile and call me daddy and be good with me when I stay up late working.”

“But”

The man’s voice gradually choked up.

“It’s all my fault, it’s all my fault!”

“Why I had to take someone out on a mission that day and leave her in the office by herself.”

“If I hadn’t gone out, she wouldn’t have stepped on a chair because she wanted to go eat a biscuit”

With the man’s choked sob, beady tears fell down the corners of his eyes.

“Even though it took all I had to temporarily keep her name alive and remain in ma*s.”

“But both the poison doctors from Block Three and the group of physicians from Block One.”

“They both came to see and at the end of the day the answer was that there was nothing they could do.”

“I spent months in self-recrimination, searching for countless famous doctors.”

“But none of them were able to revive my daughter.”

The man’s cloudy and bloodshot eyes looked at Lin Mo, still so determined even though they were covered with tear marks.

“As long as you can save my daughter, all the conditions are yours!”

Medical Genius Unspeakable Marriage Chapter 3669

The man’s words came out.

Already, he had almost revealed his entire identity.

He was the captain of the escort team Lin Mo was looking for, Qin Men.

And what Lin Mo was trying to save was also his daughter.

Looking at Qin Meng’s eyes, Lin Mo calmly said.

“I’ll do my best.”

“Without seeing your daughter, all the doctors don’t dare to make a hundred percent guarantee.”

“I hope you can understand this, Captain Qinmen.”

Qinmen nodded.

He naturally knew that a doctor did not see the patient between.

It was simply impossible to judge whether or not he could save it.

“Ding!”

Just then, the lift arrived.

The doors on both sides opened and Qin Men led Lin Mo as well as Aniya outside.

Just as they stepped out of the lift, an icy chill instantly hit them.

Qin Men took two pieces of clothing and handed them to Lin Mo.

“Put them on if you’re cold.”

Lin Mo nodded his head in thanks and then put a thick shirt on Aniya.

A child’s body immunity wasn’t as high as an adult’s.

So it was very easy to get sick.

Ania's little face was flushed as she wore this thick garment.

Lin Mo, on the other hand, held the other garment in his hand and did not bother to put it on.

This very cold chill was no different from a breeze to Lin Mo.

When Qin Men saw Lin Mo not wearing it, a little surprise flashed in his eyes.

But still, he did not say much and led the two of them towards the depths.

"My daughter fell off the chair at that time."

"By the time I got the news and rushed back, she was out of breath."

"It was only in the end that a way was worked out to temporarily seal the thread of her life."

Arriving at a large steel gate.

The gate was already caked with white ice.

The temperature here was gradually approaching thirty degrees below zero.

Lin Mo saw that Aniya's expression on the side was obviously a little cold.

The Qi and blood power within his body entered Aniya's body along his fingertips, warming her entire body.

Aniya's expression was shocked, and her two emerald-like eyes widened.

Releasing Lin Mo's fingers found that the warmth dissipated at once.

When Lin Mo's hand was grasped again, the warmth reappeared.

Aniya kept loosening it as if she had found something fun to play with.

Qinmen's fingers pressed lightly on top of the steel gate a few times.

At once, the gate made a humming sound.

The iron doors opened to both sides.

And Lin Mo saw what was inside the room.

There was ice and snow everywhere.

The white chill had even reached the point where it was visible to the naked eye.

Qin Men walked towards it with a somewhat staggering pace.

Every time he came here.

He felt as if his heart was pierced by ten thousand arrows.

When he saw his daughter's pale, bloodless face.

No one could understand the regret as well as the despair he felt in his heart.

Qin Men walked to the middle of the room and looked at the coffin made of crystal in the middle.

Inside it was a small figure lying.

Lin Mo followed Qin Men to the front of this crystal coffin and looked inside at the girl who was still breathing.

“You can take a closer look.”

Qin Men stood to the side and said to Lin Mo.

Lin Mo nodded slowly as his gaze flicked around above the girl’s pale face.

“Was she still conscious when you went back?”

Qin Men shook his head.

“By the time I got back in time, my daughter had pa*sed out.”

“That’s right.”

Lin Mo’s words caused Qin Men’s face to change, “What did you see?”

“Your daughter didn’t fall on her own, but was a*sa*sinated by someone.”

“You said that my daughter was harmed by someone else into this state?”

Qin Men’s eyes, which were originally cloudy and filled with sorrow and regret, now changed abruptly.

A rushing killing intent erupted from him.

Medical Genius Unspeakable Marriage Chapter 3670

Looking at Qin Men, Lin Mo nodded.

“If it was really a loss of blood, then her face should have been slightly blue, not so white.”

“Did you collect the blood on the ground at that time for laboratory tests?”

Qin Men shook his head.

At that time when he found out about his daughter’s accident his whole body was in a state of confusion.

He didn’t even think about the fact that it wasn’t his daughter’s blood.

Lin Mo’s gaze looked at the girl in the crystal coffin and calmly analyzed it.

“If my analysis is correct, your daughter’s body should have been drugged by someone.”

“And it’s not a severe poison, it’s a chronic poison.”

Qin Men’s eyes contained a shocking killing intent.

His body was even trembling slightly at the moment.

He had previously thought that it was his own fault that had caused his daughter to be like this.

But how could he have ever imagined that his daughter had actually been a*sa*sinated by someone else?

“So is there any hope for my daughter to be saved now or not?”

Qin Men looked at Lin Mo with pleading eyes, wanting to hear the answer he expected from Lin Mo’s mouth.

“This poison is rare, but I happen to know how to cure it.”

“Go ahead and turn off the cold Qi in here, and by the way, let me remind you of one thing.”

“This chronic poison is best suited to a zone where the cold is strong enough to sneak deeper inside a person.”

“You know what I mean, right?”

Lin Mo looked at Qin Men who was about to leave and twisted his head to remind him.

These words struck Lin Mo’s heart like a thunderbolt.

Everything here had been painstakingly obtained by the deputy who had followed him for over ten years.

The crystal coffin inside, including this cold air that was tens of degrees below zero.

It was all recorded in the secret recipe that the deputy had begged for.

But Lin Mo’s words just now instantly told Qin Men.

All of this was a conspiracy.

And Qin Men was the one who was being targeted within this conspiracy.

And he still didn’t know anything about it, and was even grateful to his deputy.

If not for Lin Mo

The consequences Qin Men didn’t even dare to imagine.

His heart was very confused at the moment, but he understood one thing.

All those who are involved in this matter will die!

The dragon has scales of rebellion and will die if touched.

And Qin Men’s scales were his own daughter.

The white mist that had been floating in the air quickly dissipated as Qin Mo shut off the cold air in the room.

And Lin Mo's palm was also placed on top of the crystal coffin.

"Really, even the crystal coffin has poison inside?"

Lin Mo muttered, and then

The wind suddenly picked up in this closed off room.

A majestic source of internal energy flowed out to fill the crystal coffin's entire body.

"Aniya, stand behind me."

Once Lin Mo's words came out, Aniya immediately stood behind Lin Mo in a very good manner.

"Shatter!"

Along with a huge internal force exploded abruptly at this moment.

The originally very hard crystal coffin instantly shattered into countless pieces at this moment.

Lin Mo's palm directly caught the little girl who was originally lying inside the crystal coffin.

He used his internal energy to move around her body with gentle internal energy.

Aniya, who was standing behind Lin Mo, looked at the little girl who was being held by Lin Mo with one hand.

A look of curiosity flashed in her eyes.

Lin Mo's internal energy was swimming through the little girl's tiny veins.

Sure enough, many blockages formed by toxins.

Lin Mo's internal energy gently rolled around, sweeping away all the toxins.

In this way, all the toxins in the little girl's internal meridians were swept away.

Lin Mo turned the little girl's head downwards and gently nudged her back.

The little girl immediately opened her mouth and protruded a lot of black stuff.

This was the toxins that had built up inside her meridians.

Now that it had all been cleared out by Lin Mo, then it was time for him to wake up.
