Medical Genius Unspeakable Marriage Chapter 3701

Rosenthal drove all the way to the neighbourhood's highest contact centre.

This was the intelligence receiving centre for their missions and the military contact point where they could urgently contact people on missions outside.

"Turn on the emergency contact system immediately and connect to Butler Ryan urgently!"

Beep beep beep, drip!

"Greetings! This is the temporary operator for Housekeeper Ryan, please"

Only an officer's voice could be heard ringing out slowly on the other side of the intercom.

"Cut the crap for the old man, go find Housekeeper Ryan and connect immediately, and tell him that Mr. Morin has been waiting around the block for a long time!"

The other man heard the rant from Commander Rosenthal and immediately rushed into the bathroom to hand the intercom to Ryan, who was soaking in the hot tub.

"You're really getting unruly, how dare you spy on my bath!"

Ryan was seen naked, tearing rose petals from the hot tub with his hands and grumbling across a batch face.

"Butler Ryan, I didn't mean to do that, it was an urgent connection from Commander Rosenthal that a man called Maureen has been waiting for you in the block for a long time!"

At the sound of the word Maureen, Ryan clattered to his feet in the spa.

Totally forgetting that he was naked

The officer next to him immediately turned red and buried his head deep into his neck.

After all, not everyone was blessed with this kind of voluptuousness to see Ryan's great body up close

"Give me the walkie-talkie now!"

Ryan took the walkie-talkie and fired straight away.

"Rosenthal, what are you doing early? Why did you tell me when Mr. Morin had been waiting for so long?"

Rosenthal, on the other side of the intercom, heard the boss getting angry and tried to explain, but Ryan cut the line.

It was over, it was over, the boss was angry!

Ryan quickly dressed and got himself cleaned up, and rushed back to Lin Mo's neighbourhood in a hurry.

On the way, all the soldiers who saw Ryan bowed their heads in greeting in unison.

Normally, Ryan would have teased them by saying something like “Don’t salute” or “You’re not moving properly”.

Now Ryan was running towards Lin Mo’s room!

The soldiers who didn’t know the truth thought Ryan was going to meet some super-duper big shot!

“Maureen! What took you so long to get here!”

After Ryan pushed open the door to his room and saw that handsome face that he hadn’t seen in a long time, Ryan jumped up and gave Lin Mo a bear hug!

Lin Mo broke away from Ryan’s arms that were tightly wrapped around him in disgust.

“Looks like you’ve recovered well from your kidney deficiency, being able to jump so high.”

Hearing Lin Mo start flirting just after seeing himself, Ryan directly rolled his eyes.

However, the joy on his face could not be hidden in the slightest, seeing Lin Mo made Ryan very happy indeed.

Not only because Lin Mo had rescued himself from the attack of the Human Snake warship, but also because he and Lin Mo had experienced the most exciting thing in their lives together.

This kind of affection had gone beyond ordinary friends, and even beyond love!

“Huh? Who’s this? Molin, when did you have such a beautiful daughter?”

“What? Go give birth yourself if you’re envious.”

Lin Mo was as venomous as ever.

“Didn’t you say you were going to treat me to dinner?” Lin Mo asked.

“Of course I remember, let’s go, take you to a tavern, it’s absolutely delicious!”

Ryan took Lin Mo and Aniya with him and drove on to the tavern.

Just as he was about to pass the entrance to the block, Ryan suddenly stopped with a sharp brake.

“Maureen, wait for me in the car, I forgot to take one thing.”

Ryan remembered that he had collected a very rare bottle of fine wine from the alcoholic the other day.

He hadn’t been able to drink it by himself, and this time he happened to taste it with Maureen.

But the location where the wine was kept was rather hidden and he would need to fetch it himself.

When Ryan got out of the car, Lin Mo got into the driver’s seat and tried to drive the car to wait for Ryan outside the entrance.

After all, the car was just in the middle of the intersection and was a bit of an obstacle to traffic.

Little did he know that when he reached the entrance, Lin Mo would once again be stopped by patrolling soldiers!

“Stop!”

The patrolling soldier saw that the person driving the car looked familiar, and after determining that it was Lin Mo, he stopped him once again.

“Why is it you again?”

These words were uttered by Lin Mo and the patrol soldier almost simultaneously.

Medical Genius Unspeakable Marriage Chapter 3702

“What? Seen our steward Ryan?”

Stealing Steward Ryan’s car without permission and still ready to run?”

The same soldier who spoke was the same patrol soldier who had questioned Lin Mo at the entrance the other day.

“Good, met Ryan, he was ready to drive me to dinner.”

Lin Mo got out of the car and calmly replied to the patrol soldier.

“Then how come I haven’t seen Butler Ryan? It’s obvious that you stole the car and tried to escape in disguise!”

Just as the patrol soldiers wanted to gather people to surround Lin Mo again, an angry roar suddenly came out.

“Get the hell out of my way!”

He saw Ryan holding the wine he had just taken in one hand and pointing at the patrolling soldiers with one hand, his face full of anger.

Seeing Ryan actually coming over, they immediately took a few steps back to salute Ryan.

“You guys are quite bold, how dare you interrogate my Ryan’s seated guests.”

“Butler, spare my life! The little people really didn’t know that he was a friend of Ryan’s steward, and thought

“I let you think!” Without waiting for the patrolling soldier to finish, Ryan stepped forward and kicked him.

Was Maureen not someone they were qualified to question, even they didn’t quite dare to do it themselves.

“Didn’t you already know about me when I entered through here a few days ago?”

Lin Mo leaned down and said to the patrolling soldier sitting on the ground.

“What? You’ve also questioned Mr. Morin more than once?”

Ryan was furious: “Get your a*s to the toilet and scrub the toilet in a minute! You don’t deserve this patrol post!”

The patrol soldier didn’t dare hesitate and ran as fast as he could to the toilets.

.....

Ryan drove Lin Mo and Ania to the tavern where they were eating.

They found a window seat with a good view in the lobby and settled down.

During the meal, Lin Mo wanted to ask Ryan about Ronald.

But fearing that Ania would be scared if she heard, he cast a hypnotic spell and put Ania to sleep with him in his arms.

“What kind of person do you think Ronald is?”

Lin Mo asked Ryan as he gently patted Aniya.

“You have such a bad memory, the one I mentioned to you the most on the way back to Death Island earlier was Mr. Ronald.”

Ryan took a bite of his food and a sip of his wine in the process, contented.

Seeing Lin Mo look at himself with a serious face, Ryan had no choice but to answer Lin Mo.

“Mr. Ronald, known as the elegant gentleman, is kind and courteous to people and rarely has enemies.

Many people maintain a neutral attitude towards him. You remembered to ask this so suddenly? Is the food not good enough?”

Ryan was puzzled by Lin Mo’s sudden question.

“Someone entrusted me to kill Ronald.”

Hearing Lin Mo’s words, Ryan directly spat out the rice in his mouth and kept coughing from choking.

Ryan’s face changed drastically, “Maureen, you came here for this?”

Lin Mo nodded his head.

“Who commissioned you to come here?” Ryan asked in surprise.

“I’m not at liberty to tell you who it is at the moment, she said that Ronald betrayed his closest friend and set a trap to kill her father in a fire.

She saw it with her own eyes and could never have been wrong.

And I have come here to find out the truth of this matter, if Ronald has really been wearing the mask of hypocrisy to harm people, I will never show mercy.”

Lin Mo told Ryan the lesser truth, wanting to see what Ryan’s reaction would be.

But after hearing this, Ryan hurriedly defended Ronald: “Mr. Ronald wouldn’t do such a thing!

If it wasn’t for Mr. Ronald, I would have been a lowly boat polisher, at the mercy of others.

If he was really a hypocrite, he wouldn’t have asked me to rescue the children trapped under the Human Serpents.

It’s something you know about.”

Ryan was in an emotional state at this point, he could not tolerate people misunderstanding Mr. Ronald, whom he held up as a dawn, like this.

Seeing that Lin Mo did not say anything, Ryan told Lin Mo again that he could ask anyone in Block 12.

Many of them had been helped by Mr. Ronald.

How could such a kind-hearted person betray his friends and harm people’s lives?

Medical Genius Unspeakable Marriage Chapter 3703

Seeing that Ryan’s eyes were moist from the memory of the past, Lin Mo could not continue to ask him.

Lin Mo planned not to kill Ronald first, so that he himself could, as Ryan had said, first gather information about Ronald among the other people.

Let’s see if he was as kind as Ryan had said or not.

“Alright, I’ll take your word for it, why is the big old man still crying?”

Lin Mo comforted Ryan while handing him paper to wipe his nose.

Hearing Lin Mo say that he believed him, Ryan broke into tears like a child.

“I’m going to the bathroom to wash my face properly!” Ryan left the table.

Lin Mo looked at Ryan’s back and smiled helplessly, then woke Aniya up to eat.

“Daddy, why did I fall asleep.”

Aniya rubbed her drowsy eyes and looked at Lin Mo.

“Because you were too tired from eating, so you fell asleep.”

This answer was, indeed, very Lin Mo.

At that moment a group of customers came to the tavern and were looking around for a seat.

When they saw Lin Mo sitting by the window, dressed in white, not like a local, they thought to tease him.

So they stopped when they passed Lin Mo’s seat.

“Chief, I think this is a good seat, by the window, with a beautiful view!”

“Well, it’s nice, except that someone is already sitting there.”

“That’s not so simple, just drive them away.”

The conversation between the two men was obviously said deliberately for Lin Mo’s ears.

“Hey, are you deaf? Can’t you hear that our leader wants to sit here? Why don’t you quickly give up your seat!”

Lin Mo coldly spat out three words, “On what grounds?”

The scoundrel at the head of the group saw that Lin Mo hadn’t even stood up and was still so arrogant.

He then sat directly in Ryan’s seat and interrogated Lin Mo about his identity.

If he was an outsider and could come to such a high-class tavern to eat, he must not be short of money.

Looking at the dishes at this table, there were all kinds of seafood and famous treasures ordered all over the table, and there was also a bottle of a unique aged wine worth a lot of money.

What kind of money is this? This was clearly a gigantic family!

The scoundrel looked around again, there was not a single escort, only Lin Mo and a child of about ten years old.

It must be a rich young man from a foreign country who had taken his child out on a private tour, just so he could rip him off.

A lewd smile appeared on his face as he said.

“Brother, from out of town, right? What does your family do?” The scoundrel asked Lin Mo.

“Don’t you know all about it?” Lin Mo replied.

“How do I know if you haven’t said anything yet?”

“Didn’t you just say that I was a young man from a wealthy family out on a trip?”

The scoundrel was dumbfounded after hearing Lin Mo’s statement, and he turned back to ask his accomplice, “Did I say that just now?”

Their accomplice nodded unanimously, followed by a shake of the head.

“I told you, how could you possibly know what I was thinking.

Answer my question quickly! I’m running out of patience!” The scoundrel yelled.

Lin Mo didn’t want to pay attention and was intent on feeding Ania the fish, as if all around him were air.

Feeling severely ignored, the scoundrel immediately stood up.

“I’ll let you eat it!” Only to see the scoundrel grab the edge of the table with both hands and prepare to knock over the table of food!

Lin Mo directly used his outstretched hand to control one of the scoundrel's arms with his tiger's mouth area.

No matter how hard he tried, he could not shake it off.

When the scoundrel's accomplice saw Lin Mo's move, he was about to attack him when he heard a loud "boom", as if something had broken.

The scoundrel then let out a miserable scream as his arm, which was under Lin Mo's control, directly broke.

Lin Mo let go of his hand, and the scoundrel's arm dropped, if it wasn't for the skin on the outside, it would have fallen to the ground!

Lin Mo didn't even leave his seat during the whole process, and continued to eat his food calmly after cleaning up the scoundrel, as if he had just chased away a fly.

The scoundrel's face was blue and white with pain, and it seemed that his arm was designated to be ruined.

The scoundrel's accomplice was so frightened that he did not dare to attack Lin Mo again.

Medical Genius Unspeakable Marriage Chapter 3704

The scoundrel forced himself to his feet, dragging his crippled arm with that intact hand.

"You're dead, how dare you break my arm, do you know who's behind me? Since we can't clean you up, my big brother can definitely ruin you!"

"That's right, we'll go and get our big brother to come and abolish you, you ungrateful brat."

This group of scoundrels wanted to suppress Lin Mo with the power behind them, but Lin Mo didn't seem to care who their big brother was.

Seeing that Lin Mo was still eating, but they couldn't beat him, the group of scoundrels had to leave the tavern for the time being.

At some point the customers who had come to eat in the tavern's lobby all gathered around, they had witnessed what had just happened and greatly admired Lin Mo's skill.

They all gathered around Lin Mo's table and refused to disperse for a long time.

At this time, Ryan finally came out of the bathroom.

He had just cried in front of Maureen, and it was lucky that Maureen's daughter was asleep, otherwise it would have been too humiliating!

At this time, Ryan saw a large group of people surrounding his table, and the group was also casting very adoring eyes at Lin Mo.

Had some star come to the tavern? This was a gesture similar to a fan meeting, and Ryan was dumbfounded.

“What’s this situation? Did you cast a spell on this group of people?” Ryan asked in surprise.

“A few flies flew in just now, buzzing around and affecting my meal, I chased them away.”

Lin Mo replied to Ryan with a calm face.

Hearing Lin Mo say this, Aniya fluttered her big jewel-like eyes and looked at Lin Mo as if she was looking at some superhero.

“Daddy, you’re awesome! I love you so much!”

Ania did not mince words and threw compliments at Lin Mo, and even gave him a kiss on his good-looking side cheek.

Lin Mo touched Ania’s goose-egg-like face and said, “Daddy likes you too.”

Ryan was about to vomit at the dazzling father-daughter pair in front of him.

“Isn’t that just chasing away a few flies? What’s so great about that! Brother Ryan can even catch mosquitoes.”

“Then brother Ryan is good too!”

Ania complimented Ryan again, before he smiled and continued eating his food.

“Maureen, what exciting things have you been up to in the time we’ve been apart, tell me about them.”

“Not much, just fighting and collecting money and stuff.”

“That does sound good, unlike me, bored with hot springs every day.”

“You’ll get a kidney deficiency if you soak in the hot springs a lot, I’ll take your pulse.”

“Don’t fool me, I think you’re the one with kidney deficiency.”

Lin Mo and Ryan gave each other leeks and kidneys, and the two of them chatted and ate without saying a word.

Lin Mo felt more comfortable than he had in a long time.

Of course the meal wasn’t entirely comfortable, Lin Mo felt annoyed when he guessed that the flies would return later.

As expected, before the wine was finished, the group of scoundrels barged into the tavern with their boss.

They came straight towards Lin Mo’s direction.

The fat man in the lead was the boss that the scoundrels were talking about, all fat and fat, with a tiger’s back and waist.

“Which one of the unscrupulous ones just injured my little brother?”

The fat man stared at Lin Mo very arrogantly, trying to get his attention.

Lin Mo, however, just ate his food and drank with Ryan and paid no attention.

At this time the scoundrel who had his arm ruined gathered up the courage to step forward and point in Lin Mo's direction.

"Boss, it's that man in white! You have to do something for little brother!"

The fat man questioned Lin Mo, "You're the one who injured my brother?"

"It was me who injured him." Lin Mo replied calmly.

"My brother has no grudge against you, he just loves to make friends and asked you one more question, and you want to do this to him and break his arm?"

The fatty was really good at whitewashing the scoundrel.

"So what if it's broken?" Lin Mo said.

When the fatty saw that Lin Mo's reaction was so bland, he felt that Lin Mo did not put him in his eyes, so he became furious.

Medical Genius Unspeakable Marriage Chapter 3705

"Which one of those ungodly flies has been interrupting our drinks?"

At this moment Ryan, who had his back to the group of scoundrels, turned around and gazed at them with an aura of absolute shock and pressure.

The fat man's tiger shook as he saw that it was actually Butler Ryan dining with Lin Mo! He was immediately dumbfounded!

His little brother couldn't mess with anyone, but he had to mess with Butler Ryan's friend, he was really asking for trouble.

"What, you've called so many people here, do you want to make a move?"

Ryan looked at them with disgust.

"No, no, no, why not, honourable Steward Ryan!

I have just learnt that my ungrateful little brother has disturbed your drinking, so I have brought them here to make amends to you."

As the fatty said this, a group of scoundrels immediately nodded towards Ryan and apologised repeatedly.

But Ryan and Lin Mo didn't seem to eat this.

Seeing that things didn't seem to be that simple, the fatty at the head of the group turned around and slapped the little brother whose arm had been ruined!

Due to the sheer force of it, it also twisted his ruined arm several times, which at this point looked like a huge salami that had been attached to his shoulder.

The beaten scoundrel was even more shocked.

“Brother, what are you hitting me for? It’s obvious that he moved first!”

The scoundrel said with an aggrieved face.

“How dare you slyly argue, could I have wronged you? Can’t Butler Ryan accuse you wrongly?”

The fat man said and slapped the scoundrel again, and in no time his face was swollen like a pig’s head!

Ryan and Lin Mo could see what the fat man was trying to do.

If the fat man didn’t punish the scoundrel first, the scoundrel would only end up in a miserable situation if he fell into his own hands.

By doing so, they might still be able to pick up a dog’s life.

Moreover, Fatty’s group of scoundrels were usually used to rampaging in this small street and often did some thievery and robbery.

Especially when they see foreigners coming over, they try to cheat on them by all means.

When the scoundrels entered the tavern, Ryan happened to be going to the washroom, which was why Lin Mo was targeted by them.

If Ryan had been here at that time, they wouldn’t have dared to give them 10,000 guts!

At this moment, Fatty was still beating up the rogue’s little brother non-stop.

In his mind, he thought, “If the steward of Ryan’s house found out about his men’s usual misdeeds, he would have died even worse.

Although he had hit his own little brother hard, he had not hit the vital points.”

Lin Mo watched quietly from the sidelines, as if everything had nothing to do with him.

“Maureen, you should give a word, look how hard they are performing.”

Ryan couldn’t stand looking at the beaten pig’s head, it affected his appetite too much and turned his stomach a little.

“You can be forgiven, but you must kneel down three times and kowtow to me, or die.”

Lin Mo’s eyes fell on the scoundrel who had his arm ruined.

Kneeling was a manifestation of respect to the utmost, and three knees and nine kowtows was a great salute only used when a son worshipped his father, or a minister worshipped his king or ancestors and the temple!

Now Lin Mo only looked like a young man under thirty, why should he give him such a big salute?

To bow to Lin Mo in front of so many people in the tavern was even more humiliating than beating him up!

Seeing that the scoundrels hesitated and did not move, Ryan asked in a stern voice, "Do you want to die?"

The scoundrels were afraid of Ryan and had to respond by kneeling and worshipping Lin Mo.

They knew deep down that behind Ryan was the most powerful Mr. Ronald, and if they offended Ryan, they wouldn't be able to survive in Block 12!

At this moment the most shocking scene came!

All that could be heard was the fat man shouting, "Kneel!"

The group of scoundrels in the middle of the tavern's relatively open corridor all flung themselves to the ground on both knees in unison!

Heads were facing the direction of Lin Mo's table.

"Kowtow!" Fatty gave a second command.

The scoundrels again put their hands to the ground in unison and bowed their foreheads to the ground.

"Kowtow again!"

Medical Genius Unspeakable Marriage Chapter 3706

The scoundrels proceeded to a second snap of the head.

"Three kowtows!"

The scoundrels performed a third kowtow.

The scoundrel with the ruined arm could only exert himself with one hand and had to arch to the ground each time he bowed, yet no one dared to help him.

Thus the process was repeated three times before the three kowtows were completed.

By this time all the people in the tavern, including the guests, the waiters, the chef and the owner, had gathered in the hall to watch.

Some of the uninformed eaters even thought there was some kind of worship ceremony going on here!

"Maureen, do you see if they have rehearsed before? It kinda looks like that."

Ryan got high on melon seeds and watched them kneel and worship as if he was watching a drama.

"Ryan, let's go, it's time for my daughter to go to bed."

Ryan nodded and the group stepped over the scoundrel and left the tavern.

Leaving the exclaiming crowd and the tired scoundrels on their knees.

.....

Back at the villa from earlier, Ryan arranged a good room for Lin Mo.

Lin Mo gently put the sleeping Ania in his arms onto the bed.

“It’s still early, why don’t we go to the hot spring together?”

Ryan suddenly stared at Lin Mo wistfully.

“You have to drag me along with your kidney deficiency? Besides, I have to take care of my daughter.”

Lin Mo expressed his refusal, this guy didn’t know what kind of evil intentions he had in mind again.

“Don’t worry, your daughter is absolutely safe with me! I’ve already arranged for a nanny and an escort!

Besides, today we’ve been drinking and swatting flies non-stop, we stink all over, smell yourself.”

Seeing that Lin Mo was still unmoved, Ryan went straight to his hand to pull Lin Mo away.

“Get out of here! Soaking once has no effect, and you’re not afraid of smelling the kids here!”

Of course Lin Mo knew that soaking in a hot spring would not defeat his kidneys, but would instead warm them up and tonify them, that was just a teasing remark.

Thinking that what Ryan said was reasonable, he agreed to go there.

When they arrived at the spa, they saw a white mist everywhere.

With the decoration of the rockery on the side, it had a kind of atmosphere of flying in the clouds and becoming immortal.

Ryan brought Lin Mo a pair of swimming trunks and told him to change into them.

Lin Mo deliberately avoided Ryan and went to the changing room, even though he was the only one in the huge spa.

“Petty, don’t still let me see it later.”

Ryan gave Lin Mo’s back a blank glance and changed his own clothes first and jumped into the hot spring.

Not long after Lin Mo changed his clothes and walked over, Ryan turned his head and looked at Lin Mo, his harrumphs were about to flow down!

Lin Mo had no clothes on his upper body, just a pair of loose white swimming trunks that showed his calves below the knees.

Before this Ryan was quite confident of his body! Not the eight-pack abs kind, but close to a six-pack!

But just at the sight of Lin Mo, he was utterly resigned.

This guy was really thin with his clothes on, but fleshy with his clothes off. His body was straight, his eight-pack muscle line was hard and full, and his waist was just the right thickness, without a trace of excess fat.

Coupled with that handsome face, it was as if every part of Lin Mo had grown on Ryan's aesthetic!

Seeing Lin Mo enter the bath, this time it was Ryan who started to get embarrassed instead.

He only saw Lin Mo put a drop of a potion of some kind into the hot spring, then closed his eyes and slowly inhaled and exhaled in a meditative manner.

"What did you add to the hot spring?"

"A remedy for your kidney deficiency."

Speechless, Ryan also followed Lin Mo's example and started meditating.

His body was immersed in the natural hot spring, and the warmth quickly spread throughout his body, making it very relaxing.

After half an hour of soaking, Ryan clearly felt that his meridians were opened, his Qi and blood flowed freely, and his fatigue was all gone!

This was an experience that Ryan had never had before in a hot spring, and he didn't expect Maureen, an old Chinese doctor, to be quite knowledgeable.

After soaking in the hot spring, Ryan walked Lin Mo back to his room, where Aniya was still asleep.

Medical Genius Unspeakable Marriage Chapter 3707

Just as Ryan was about to leave the room to go to bed, Lin Mo called out to Ryan.

"When is Ronald coming back?"

"Mr. Ronald left here to take care of some things and hasn't come back yet."

Ryan told Lin Mo frankly.

"What else does Lord Molin have to order?" Ryan asked with a fake serious face.

"It's alright, kneel down and be at peace!" Lin Mo said and mercilessly closed the door to the room.

Ryan had to cursed and left.

In the middle of the night, Lin Mo, who was resting, heard a sound of killing and cursing coming from outside, which made him very unhappy.

He was so upset about eating during the day, and he was in a better mood after having a hot spring with Ryan, but what was he up to in the middle of the night?

Lin Mo used his hand to massage his acupuncture points while walking to the balcony to see what was going on.

As he looked down, the block below the villa was filled with black soldiers, so large that he could not see his head.

Each soldier was armed with a machine gun and a bayonet, and was very precisely armed.

But Lin Mo could tell that the uniforms of these soldiers were different from those of the soldiers in Ronald's district.

But this was clearly Ronald's territory, which could only mean that this territory had been attacked by a person of considerable power!

And the other party had obviously come prepared.

Lin Mo looked at the invading force's banner and saw the word "Moro" written on it

The Moro family, one of the most powerful people in Block 12.

Compared to Ronald's power, the two sides were comparable, but their styles of work were very different.

In contrast to Ronald's neutral and even kind and elegant approach, the Moro family is ruthless and brutal, and as its name suggests, the King of Hell in the Temple of Moro.

Many of the small and medium-sized forces in Block 12 are afraid of the Moro family, and some of them have been coerced into submission by them in a brutal manner.

But as Mr. Ronald has always maintained a neutral stance among all the forces, the two sides have never come into conflict.

This time the Senro family took advantage of the night to pour out their nest, clearly spying to play a sneak attack while Ronald was out of the neighbourhood!

If they could annex Ronald's forces this time, then the Senro family would become the top power in Block 12.

Lin Mo looked down the other direction of the street, over there was Ronald's forces.

Isn't that guy Ryan at the front?

Standing at the front were Ronald's men, led by Ryan.

Ryan had remained alert at all times during Ronald's absence.

He didn't even dare to sleep through the night, and forced himself to drink some strong tea to refresh himself at night.

As Mr. Ronald's number one butler, he had to be alert to the fact that he was responsible for more than anyone else at all times!

That's why he's always soaking in the hot tub to relieve his boredom these days!

Just this evening at night, when he got up to go to the toilet because he had drunk too much tea, he heard the sound of intensive footsteps coming from outside.

It wasn't loud enough to wake anyone who was sleeping, but the ground shook slightly due to the sheer number of troops.

Ryan immediately put on his weapon and quickly informed Ronald's other three stewards, Iron Wall, Shadow and Guardian.

These four butlers were all Ronald's right-hand men, each with their own strengths.

Although these four butlers usually have some conflicts, they are very united when they really encounter external enemies, and they work very well with each other.

They seem to be easily repelled individually, but when they join forces, they are invincible! They are unbeatable!

This is why Ronald was so relieved to go out.

At the urgent notice of Ryan's arrival, each of the four stewards led their own men.

The four of them gathered all the troops under Ronald's command to defend against the attack of the Senro family.

Medical Genius Unspeakable Marriage Chapter 3708

The Senro family's heart was strengthened when they saw that all four of Ronald's butlers were in place and Ronald was slow to show up.

"Where is your elegant Mr. Ronald? Since you have discovered him, let us fight openly."

The one who spoke was the leader of the Moro family, Moro.

Senro had always hated Ronald's "I'm a good guy" attitude, and he felt that Ronald was an alien on Death Island.

He felt that Ronald was an alien on Death Island, a place where he ruled by killing, and yet he was trying to change the rules of the island.

This irritated Senro so much that he could not stand with him even if Ronald was not hostile to his family and had even helped him.

Hearing Senro's provocation, Ryan and the other four stewards stepped forward, without the slightest fear.

"Chief Senro, do you still need our boss to deal with you people?"

Faced with Ryan's contempt, Senro was not angry.

"I'm only afraid that he won't be able to return even if he wants to step in, without Ronald, I see what you guys are capable of resisting."

Ryan thought to himself, this guy Senro usually acted like a good boy to the boss, but he never thought he was hiding something all along.

The boss hasn't even left for long, and they can't hold back their wolfish ambitions and want to rebel!

“Whether they have the power or not, we’ll see if we try!” Ryan and his companions were all ready to give it their all.

“Butler Ryan’s mouth is not small, but as far as I know, Mr. Ronald is already in trouble outside, and it is still unknown if he can come back successfully, hahahahaha”

As soon as Senro said this, Ronald’s men began to murmur.

“Don’t listen to his nonsense, Mr. Ronald is not in any trouble at all, Senro, you presume to stir up the army!”

I didn’t expect Ryan to take the bait at all, and in fact he wasn’t too sure in his mind about Mr Ronald’s current situation.

But now that there was no leader in the group, he, as the number one steward, had to stabilise the army’s mind in order to ensure the victory of this next battle.

“Ryan, you are so loyal to Ronald, but you don’t know that his good name has been earned with the blood of your hands! It’s really too hypocritical.”

Senro kept digressing between them.

But all of them were unmoved, for any one of them knew Ronald’s character far better than Senro did.

Many of Ronald’s men had been rescued by him from very dangerous places.

They knew that Ronald was a kind man and were willing to stay and work for him in order to repay him.

Even if they killed for him and their hands were stained with blood, so what?

“I see that you are not going to die until you see the King of Hell! Let the Moro family send you to the Moro Hall!”

Seeing his opponent’s determination, Moro was about to start initiating a fight!

“Go ahead and come over, but don’t hold back the bullets in your guns.”

Ryan didn’t flinch in the slightest, and the other three stewards were all fighting with Ryan.

The atmosphere between the two sides was fierce, swords were drawn, arrows were on the string, and the moment was at hand!

“Wait a minute!” A voice suddenly came out at that moment.

Just when the two sides had been at a standstill for a long time and the battle was about to start, suddenly a white shadow walked in the middle of the two sides’ forces.

Lin Mo walked slowly with a sleeping Aniya in his arms.

“Excuse me, my daughter is sleeping, please come back another day!”

Lin Mo watched from the balcony as the people below kept chattering endlessly.

Aniya in the room seemed to be sleeping a little restlessly, so he held Aniya in his arms.

Aniya felt the familiar warmth of Lin Mo's scent, and her little hands clung to the corner of Lin Mo's coat, and she fell back to sleep after a while.

In order to let Ania have a good sleep, Lin Mo planned to go downstairs and chase away those noisy people.

That's why he appeared at the dividing line between the two sides of the force with Ania in his arms.

The moment Lin Mo said this, he immediately shocked all the people on both sides, including Ryan.

What was this old Chinese doctor Molin doing out here instead of sleeping properly? Is it because I'm not messy enough now?

Ryan expressed his headache.

The other three butlers with Ryan also questioned.

Why was this friend of Ryan's so ignorant? There's a war going on here! How could he change the day?

What was more serious, disturbing his daughter's sleep or winning the battle?

The men on Ronald's side shook their heads, confused as to why Lin Mo had chosen this time to come and die.

As soon as Ryan pulled Lin Mo to his side, he said.

"What are you doing, big brother? This isn't a movie, this is a real war! Stop it and go back to bed!"

Seeing that Lin Mo didn't say anything, Ryan thought he was really sleepwalking

The Moro family, on the other hand, heard Lin Mo's words and collectively laughed.

"Ryan, why do you still have a fool here? Hahahaha"

Senro got up and started making fun of Lin Mo.

"Did you all hear that, we're disturbing his daughter's sleep! Hahahaha"

Senro was laughing his head off, completely not noticing that Lin Mo's eyes were already covered with a chill.

At this moment, Aniya, who was sleeping in Lin Mo's arms, became restless because the surrounding area was too noisy.

Her little pink head kept rubbing against Lin Mo's arm, and her cute brows were furrowed together.

Lin Mo let Ania lie on his shoulder and gently patted her back with his hand.

"Shhh!" At this moment, Senro put his index finger to his mouth and made out a gesture of silence.

Senro's men stopped laughing at the sight and resumed their silence.

“Everyone keep your laughter down and don’t wake up his daughter.”

Senro uttered these words to Lin Mo in an extremely sarcastic and disdainful tone.

The next second, they laughed out even more wildly, seemingly treating Lin Mo as a stimulant before the battle.

Ania was disturbed by the noise and this time wriggled her little body as if she was about to wake up.

Lin Mo sighed helplessly and walked over to Ryan.

Placing his long fingers on the hilt of the sword at Ryan’s waist, in an instant Ryan felt a buzzing sound emanate from the sword.

Lin Mo’s eyes were stern and murderous, and along with the surge of his dantian, he urged forth a raging sword qi.

The Tai Ah Sword Spirit was once again activated by Lin Mo!

With a casual flick of Lin Mo’s hand, the sword aura containing the power of Tai Ah broke through the clouds and lit up the pitch-black night.

At this moment, Senla no longer dared to laugh, and no one dared to make a sound.

The eyes of the Moro clan, who were shot straight down by the sword’s cold light, were filled with terror and helplessness!

For a moment, all their soldiers fled in all directions, trying to avoid the sharp sword mane.

But the sword was haunting every member of the Morrow family, bringing a killing intent that sealed their throats!

Senro no longer dared to stay where he was and retreated with his men without a backward glance.

Unexpectedly, before they could take a few steps, the heads of the officers who had just been madly mocking Lin Mo fell to the ground.

At this moment, only the dumbfounded Ronald forces, who were too stunned to speak, were left in the spot.

That was it? The killing anger that the four stewards had been brewing for half a day was strangled in its cradle before it had time to be born.

They no longer dared to question Lin Mo, but instead looked at him with extremely admiring eyes, as if at this moment Lin Mo was a god enveloped in holy light!

Ryan seemed somewhat familiar with this light!

Yes! The last time he saw it was on the Human Serpent’s warship, where the radiant sword light illuminated everyone on the burning ship!

Now, this light was protecting them again! It saved all the soldiers under Ronald’s power!

“Maureen, thank you!” Ryan was so moved that he didn’t know how to express exactly how shocked he felt at this moment.

At this time, the three stewards, Iron Wall, Shadow and Guardian, also walked over towards Lin Mo.

“Ryan, I didn’t think you had such an amazing friend! Why didn’t you introduce us to him earlier?”

“Thanks to you today, Mr Maureen! Otherwise, there would have been bloodshed and countless souls in Block 12 tonight!”

“Mr Maureen is so young and has done such amazing things, it’s rare in this world!”

The three butlers took turns to praise Lin Mo, who smiled and nodded in response.

At this moment, the three butlers saw Ania sleeping peacefully in Lin Mo’s arms.

“Is this your daughter? Mr Molin.”

Lin Mo nodded his head.

“Why do I always feel like I’ve seen her somewhere?” The guardian questioned.

At this point Shadow also came a little closer, “The hair is actually pink too.”

“But this is clearly not Miss!” Iron Wall said silently as he stood back.

Ryan spoke up at this point, “I suspected as much before, but it really isn’t.”

Aniya had green pupils while this girl was dark brown, and although her hair was about the same colour, it was not the same texture.

Not to mention the big difference in looks too.

Faced with the speculations of the four butlers, Lin Mo was silent, as he hadn’t found the best time to announce Aniya’s identity yet.

Before coming to Block 12, Lin Mo had already given Aniya a slight disguise in order to hide her special identity.

In order to allow the little one to adapt to her new look as soon as possible, Lin Mo had only made slight changes.

Aniya did not want to lose her pink hair, so Lin Mo had to change the texture of Aniya’s hair, which would have a more voluminous and curly look.

And the reason why Aniya didn’t recognise Ryan was because Lin Mo had weakened Aniya’s previous relevant memories.

That is, Aniya might have been very close to Ryan, at first sight.

But still, she would have gotten along as a stranger and not been able to distinguish the other person's true identity.

And all this was practiced by Lin Mo with Aniya's consent, and Aniya knew that Lin Mo was trying to protect her.

When he was sure that he could reveal his identity, Lin Mo would naturally restore Aniya as before.

The reason why the four butlers were suspicious was because they would often see Ania around Mr Ronald before.

Now that their own young lady had been missing for a long time, they had searched for a long time without any clues.

It was normal to question Ania when they saw that she bore some resemblance to their own young lady.

"Alright, alright, Maureen just did us such a big favour and you guys are trying to hit on his daughter."

Ryan interrupted the speculation of the other three.

The three butlers apologised to Lin Mo again.

"Mr. Molin has done us such a great favour, why don't we hold a grand celebration feast.

Let's have all the soldiers under Mr. Ronald's command attend, and give Mr. Molin a formal ceremony of thanks!"

The guardian excitedly suggested, and Iron Wall and Dark Shadow agreed.

Ryan looked at Lin Mo, "What do you think? It's just as well that we haven't had a reunion for a long time, so we can take this opportunity to get together!"

"So I'm here to join your reunion?" Lin Mo despised Ryan.

Ryan smiled and said to Lin Mo, "I'll also have to trouble you to come up with an activity plan."

"Then I'm not participating."

Lin Mo turned his head arrogantly.

"Dad, I want to go to the party!"

At this moment the Aniya in his arms suddenly opened his eyes.

This cunning little girl didn't know when she had woken up and had actually been pretending to sleep and eavesdropping!

When she heard that Lin Mo had refused to attend the banquet, Ania was furious.

"Daddy, can we go to the banquet, I want to eat something delicious!"

Hearing Ania's strong desire to attend the banquet again, Lin Mo had to compromise.

I never thought that I, Lin Mo, a great master of my generation, would lower the bottom line for a little girl many times, D*mn it! Ruthlessly held!

But looking at Aniya's innocent and lovely eyes, Lin Mo lost all his anger at all.

The four of them said, "Don't look at Lin Mo as a powerful person, but he is an uncompromising daughter slave."
