### Medical Genius Unspeakable Marriage Chapter 3831

Mo's Hotel, inside the private room.

"Please!"

After a polite word, Matthews fetched the half-summer wine and poured it for Lin Mo.

Lin Mo observed the other party.

The way Matthews moved his hands was full of elegance and ease.

He had a unique aura that was out of place on this island of death.

This kind of person had big plans at first glance.

Just like the white-faced man he had met in the beginning.

"Aren't you angry?"

Lin Mo tried.

Matthews stopped the gla\*s of wine in his hand and smiled faintly.

"It's just an underhand!"

"If Mr. Molin is happy, I'll send a batch to you to kill!"

By this point in the conversation, Lin Mo had figured out this man's character, so he didn't say anything more.

"I wonder what young master Matthews, is looking for me for?"

Since the other party had approached him, it could never be as simple as simply having a drink.

"Good!"

Matthews calmly put down the wet towel he was wiping his hands with.

"Mr. Molin, I wonder what you think of the Sea Wolf King?"

Lin Mo was clear that this was the other party testing the waters.

But until he knew what the other party was up to, he wasn't going to give it up.

"There is no crossover, no way to prove it!"

"Mr. Molin, I am here with sincerity!"

Said Matthews, pushing out a few photos.

On them was printed the picture of Lan Dieyi when she came to Mo's hotel.

“Miss Lan Dieyi, is the forbidden lady of the Sea Wolf King.”

“Mr. Molin is so handsome and has had intercourse with Lan Dieyi.”

“The Sea Wolf King will find you sooner or later!”

After speaking, Matthews lifted his gla\*s and said no more.

There was no need to speak too clearly in a conversation between intelligent people.

Lin Mo nodded in a thoughtful manner.

“Well, for the point of being handsome, I deeply agree.”

“You’re so good at talking!”

The non-sequitur reply caused Matthews’ face to rise and a few black lines to show on his forehead.

He kind of wanted to hit someone at the moment!

And Lin Mo looked cynical and was purely just kicking the can down the road.

A great deal of information was obtained from these few short sentences.

Firstly, this Matthews was planning to make a move towards the Sea Wolf King.

However, judging from his tone, he should not know Lan Dieyi’s secret.

It was purely just a power struggle.

In addition, this Matthews I wanted to pull himself into his camp.

I knew it, but I just pretended not to understand!

Angry or not?

Matthews wiped the almost-spouted wine from the corner of his mouth.

“You’re in good humour Mr Maureen, even knowing that the Sea Wolf King is coming for trouble, you can still be so optimistic!”

“I feel the same way!”

Lin Mo knew that the other party was hinting at him, but he just wouldn’t pick up the conversation.

“If there’s nothing else, I’ll leave first.”

“The hotel still has a lot of things that are waiting to be taken care of, I’m very busy!”

With that he got up straight away, ready to leave.

Trying to pull himself into the camp by exerting pressure.

How nice to think!

At this point, Matthews also understood.

His own pressure plan had failed, and he also knew that Lin Mo was impatient.

“Mr. Molin, our Knife Sect wants to join forces with you to deal with the Sea Wolf Gang!”

When Lin Mo heard this, the corners of his mouth curled and he once again took his seat.

“That’s right?”

“Smoothly, don’t do the whole wheedling trial and error!”

It was only at this point that Lin Mo lifted his gla\*s of wine and drank it all.

Only after finishing it, he frowned slightly.

“Tell me, why did you seek me out?”

Matthews did not cover up until Lin Mo was not easily fooled.

“The Sea Wolf King’s doppelganger suddenly perished!”

“After Miss Lan Dieyi made contact!”

“Compared to the Sea Wolf King having sought out Mr. Molin!”

Lin Mo blinked with a speechless look.

This b\*\*\*\*\*d couldn’t have mistakenly thought that the Sea Wolf King was seeking revenge on himself because he was jealous!

But then Lin Mo was even more certain that this Matthews definitely couldn’t possibly know Lan Dieyi’s secret.

“That’s right, that doppelganger was killed by me!”

Matthews also revealed a look smile.

At this moment, he had finally found that feeling of being in control of everything.

### **Medical Genius Unspeakable Marriage Chapter 3832**

Matthews made sure of Lin Mo’s killing of the Sea Wolf King’s doppelganger and directly threw out an olive branch.

“The enemy of an enemy is a friend!”

“Mr Molin, can my humble self make a friend with you on behalf of the Knife Sect?”

After a single exchange, he became even more determined to pull the strings.

In his opinion, Lin Mo’s great wisdom and borderline style was purely a disguise.

“Friend?”

Lin Mo repeated before walking straight up to Matthews’ body.

“A friend would f\*cking put Heart Eroding Herbs in my wine!”

The corner of Matthews’ mouth curled at his words.

“Just finding out now?”

“Unfortunately it’s already too late!”

He had done double insurance in order to rope in Lin Mo.

“Mr. Molin, since you know about this medicine, you should also know what he does!”

“The antidote is something I have, as long as you are good and obedient, I will naturally give it to you!”

After saying that Matthews laughed out loud.

There was a smug look of victory.

Only what Lin Mo answered him with was having a big mouth.

“You old biden, bad as hell!”

“You look like a gentleman, but you have a heart of eight hundred!”

The slap slapped Matthews straight in the face.

“You .....

“b\*\*\*\*\*d, since childhood, you are the first person who dares to hit me!”

After saying that, Matthews slammed his fist directly at Lin Mo.

And this seemingly fierce punch was easily caught by Lin Mo.

“Yah!”

“How dare you do it!”

With that, Lin Mo added another slap with his backhand.

“Let your heart be full of eyes!”

Slap!

“Let you think you’re superior!”

Slap!

“Let you beat up my staff!”

Snap!

.....

Ten minutes later!

The originally elegant and easy-going Matthews had been slapped into a pig’s head by Lin Mo.

“Have you served?”

“When the Heart Eroding Gra\*s is poisoned, I will make you kneel down and beg me!”

Was the Heart Eroding Gra\*s a highly poisonous substance?

If there was no antidote, death would be certain.

It was just that as Matthews spoke, his heart gradually lost its strength.

Right now the time for the poison to strike had long pa\*sed.

But Lin Mo was still acting as if nothing had happened.

The force of that slap, however, was getting stronger and stronger.

“You still have the strength to endanger me!”

Lin Mo grabbed Matthews’ collar and gave him another explosive slap.

Another ten minutes pa\*sed.

Matthews finally gave in and raised his hands repeatedly.

“Huu ..... Huu!”

Only then did Lin Mo stop slapping.

“Dare you still dare to, beat up my staff in the future!”

“Still dare not to poison me anymore?”

He had previously tried to get words out of Matthews’ mouth before he didn’t count on Gila’s beating.

Compared to poisoning, Lin Mo was more disgusted and used the tactic of bullying a little girl to lure himself out.

“I wouldn’t dare, I definitely wouldn’t dare!”

Matthews begged for mercy to with a face full of fear.

He knew in his heart that if he kept his mouth shut.

This Molin would most likely slap himself to death alive.

“Count on your good sense!”

Lin Mo let go of his hand and picked up the red wine on the table and poured several large gulps.

After fighting for so long, he was thirsty!

“I’ll let the matter of poisoning go!”

“But having beaten our Gila, you must go and apologise to him obediently.”

“Don’t forget about Lin Mo’s spirit damage fee, got it?”

With a glare from Lin Mo, Matthews was like a scared little rabbit and immediately nodded his head in agreement.

But at this moment, how scared he was on the surface was how angry he was on the inside.

Inside the lobby!

A group of employees were waiting with anxiety.

Especially dead Gila was anxious.

It was his own fault!

Otherwise the boss wouldn't have been embarra\*sed by the young master of the Knife Sect.

The thought of Lin Mo groveling in front of Matthews.

A large amount of tears spilled out of the corners of Jirra's eyes again.

"Little Jirra, why are you crying again?"

Hearing the familiar voice, Jirra immediately looked up.

"Boss!"

When she was about to ask about the situation, a black shadow suddenly smashed down from the same first floor.

Waiting for the crowd to fix their eyes on it.

Directly a teenager who was even swollen into a pig's head.

### **Medical Genius Unspeakable Marriage Chapter 3833**

Thinking about the identity of the teenager, the crowd couldn't help but suck in a cold breath.

Hiss!

This man couldn't be Young Master Matthews, could he!

At this moment, Lin Mo also arrived at the hall and kicked Matthews in the buttocks.

The latter directly took a doggy poo and plopped down in front of Gila's body.

"Apologise and make amends!"

The language was concise.

Matthews' body shuddered and he rose from the ground.

"Miss Gila, I'm sorry, I shouldn't have treated your opponent before!"

"Here is ten million dollars, it is my compensation!"

Having ascertained Matthews' identity, the staff present froze straight away.

This is stirring up a hornet's nest!

No!

It was a stir!

If the Knife Master knew that his young master had been beaten up in this manner.

Mo's Hotel would be dead for sure!

At this moment, everyone's heart even began to suspect that Lin Mo had gone crazy from time to time.

The Red Scorpion matter had only just been dealt with, and now there was the offense of an even more terrifying organisation.

"Little Gila, what are you still standing there for!"

"This Matthews just hit you how you want to hit back."

"We from Mo's Hotel are not easy to bully."

Lin Mo didn't care what the staff thought.

If they dared to mess with Mo's Hotel, they would all smack them over with a big mouth.

Gila was instantly moved badly when she learnt that Lin Mo had done it to Matthews for himself.

With red eyes, she cried even harder.

"Boss, the one who hit me wasn't Young Master Matthews, it was his men!"

Lin Mo: "....."

The whole thing went off on a tangent!

Embarra\*sing!

"He's imperious, all the more reason to beat and slap him!"

As the owner of Mo's hotel how could he be wrong.

Even if there was, it would be Matthews' fault!

It was just the staff under him that had exploded in their minds.

An chased his crying face and knelt directly beside Lin Mo, bailing out his thighs with one hand.

"Mo, you can't beat it!"

"It really can't be beaten!"

"This is the youngest master of the Blade Sect!"

Saying this, An Chou cried out directly.

He had only just received the appointment of the general manager of the Klindu Hotel!

Now, everything was over!

“Outrageous!”

Lin Mo stomped his leg and kicked An Chou away.

“Little Gila, don’t be afraid!”

“This Matthews is just a paper tiger, look at me!”

After saying that, he stepped forward and gave Matthews two big slaps.

The sound was quite crisp!

Not far away was Yellow Hair, who had just woken up from his coma.

Seeing this scene, he was so frightened that his eyes glazed over.

Without saying a word, he tilted his head back and hit the floor heavily, falling unconscious once more.

Young Master Matthews is not that my subordinates did not save you, I just pa\*sed out.

He was unconscious, and the few sober beaters around him were baffled.

Save?

The boss would pinch himself!

No rescue?

Matthews would squeeze himself to death!

In this moment of dilemma, a group of thought beaters, gulped.

Trembling, they stepped forward.

“Old ..... boss!”

In their eyes, Lin Mo was simply more terrifying than a severe ghost!

“What is it?”

Lin Mo just turned around and the beaten man directly fell to his knees.

“Boss, nothing can happen to young master Matthews!”

The Blade Sect’s sect master had a son in his old age, and all his favours were poured into Matthews.

If Matthews died, the Blade Sect Master would definitely throw the entire sect’s power into revenge.

Even the Sea Wolf Temple, which governed this place, would be implicated.

“Boss, please be kind and spare our young master!”

After saying this, several of the fighters knelt down together and kowtowed to Lin Mo repeatedly.

Gila also knew the seriousness of the matter.

After wiping away her tears, she hugged Lin Mo's arm.

"Boss, this Matthews is also being punished by should, so you should let him go!"

Lin Mo pondered for a moment.

"Little Gila, are you going to give him a big mouthful?"

Gila cried out in anxiety and shook her head repeatedly.

"Boss, forget it, really forget it!"

"Alright then!"

Only after Lin Mo saw Gila begging for mercy and weighing the pros and cons did he let go of Matthews.

The great chaos in the three districts would indeed affect his plans for a grand unification.

"Take your young master and get lost!"

With these words, everyone present, including Matthews, let out a huge sigh of relief.

#### **Medical Genius Unspeakable Marriage Chapter 3834**

With the help of his beaters, Matthews limped out of the hotel.

"Young master, should we call someone?"

The hitman asked with concern.

"b\*\*\*\*\*d, do you want me to make a fool of myself in front of the swordsmen?"

Matthews had always held himself in high regard, and to his death he was not willing to let the Knife Fighters within the Church see him in this state.

"Wait until I've recovered from my injuries first!"

"When that happens, I will make this Maureen beg for mercy on her knees in front of me."

Said the angry clenched his teeth!

Hiss!

It hurts, it hurts, it hurts!

Outside the hotel.

A group of people rushed over in a horizontal manner.

"Hall Master Wang, this is the place!"

With his men leading the way, Wang Fei arrived at Mo's hotel.

“Sister Lan, the last place to make contact with outsiders was here.”

“And I also inquired that the owner of this called hotel, and Sister Lan acted in an ambiguous manner.”

“It was even inside the box, alone for a while!”

Wang Fei’s eyes lit up.

It seemed that this was the place.

Ever since he received the search order from the temple master, Sea Wolf King.

Wang Fei had rushed out with his men and horses at the first opportunity.

The purpose was to grab the credit in front of everyone.

“It seems that the brat who seduced our Sister Lan is here.”

Wang Fei laughed out loud.

“Hahahaha, it’s my turn to take this top credit! Brothers give me a charge.”

“Take down the hotel owner and I’ll give you a personal reward of one hundred thousand.”

Money moves people’s hearts!

Once these words were said, a group of junior brothers were as excited as if they were hit by chicken blood.

One hundred thousand maple coins would not be a problem after a month of whoring.

Just when the crowd was ready to rush to kill.

The hotel was crowded with people.

Not long after, only to see a few people carrying an unconscious yellow-haired boy, as well as a pig-headed teenager came out.

Wang Fei stepped forward and asked, “Are you guys from this hotel?”

Matthews was beaten up and had no place to release his anger.

When he saw Wang Fei coming up to him, he cursed angrily.

“b\*\*\*\*\*d, get out of my way!”

“Get out of my way!”

Yah!

Wang Fei raised his eyebrows!

“Little beast, how dare you talk to Laozi like that.”

“Brothers, let’s loosen up this them first!”

Without waiting for him to finish, the men behind him, who were in the midst of a bloodbath, rushed straight up without saying a word.

“f\*ck off, do you know who this young man is?”

Matthews said angrily.

However all he got in reply was an ever enlarging fist.

“Little thane, I don’t care who you are!”

Bang!

A fist smashed directly on the bridge of Matthews’ nose.

It was a heavy punch!

It hurt Matthews and tears plus snot were pouring down his nose.

As for Matthews’ men, they just went down to identify themselves.

Numerous fist shadows came crashing down in unison.

Before they could open their mouths, they were knocked to the ground.

Wang Fei, as the big-headed big brother, naturally did not tend to take the back seat.

With both hands on his men’s shoulders, he lifted his foot and kicked Matthews viciously.

“Little thane, let you bear old me!”

“Let you be blind!”

The forty-five yards of big shoes kicked Matthews and made him wail.

“You’re tired of living, this young Matthews!”

Matthews took advantage of the gap between his opponent’s strikes to shake his head and shout.

“Ma your grandma!”

Wang Fei, who was in the middle of his excitement, didn’t care about the other party’s identity status.

A foot kicked Matthews directly in the face.

With the successive humiliations, Matthews finally couldn’t hold on any longer, and under his anger, he directly pa\*sed out.

Knowing this, Wang Fei then ordered to stop.

“Phew, this feeling of sweating is really enjoyable!”

Wang Fei wiped away the beads of sweat on his forehead and panted slightly.

“Just now, this kid, what was he shouting about?”

"I think he was saying something about Ma Whatsit, I didn't hear him!"

Wang Fei seemed to think of something, and cold sweat broke out on his back.

After carefully observing the fallen and unconscious Matthews.

Wang Fei instantly, his legs kept swinging.

That was the sword sect young master's waist plate!

"It's over, I'm ruined!"

At this moment, he was as powerless as if his soul had been drained, and he collapsed helplessly on the ground.

"Boss, what's wrong with you!"

In the next second, an angry roar cut through the sky.

"Hurry up and save the people ....."

### **Medical Genius Unspeakable Marriage Chapter 3836**

Understanding things finished things should be before and after.

The Sea Wolf King's doppelganger frowned slightly.

"That means that when you met the Blade Sect's Eldest, he was already injured?"

Wang Fei hurriedly nodded his head.

"Hall Master, this Matthews had already been beaten into a pig's head before."

"Otherwise, if we were lent ten guts, we wouldn't dare to do it!"

He said with a bright gaze.

"By the way, Hall Master we have another piece of news."

"That Mo Lin, the owner of Mo's Hotel, was the last person that Lady Lan Dieyi, met with."

"And ....."

Speaking here, Wang Fei suddenly paused.

He didn't know if he should say what was behind him.

"And what?"

The Sea Wolf King frowned, his face impatient.

Wang Fei shrank his neck, not daring to hesitate any longer.

"The men under his command said that Miss Lan Dieyi and that Molin stayed in the box for a long time."

“The rest, the henchmen don’t know.”

After saying that he quietly raised his head and skimmed a glance at the Hall Master in fear.

If it wasn’t for the sake of staying alive, he wouldn’t have dared to speak out in public about the possible greening of the Hall Master.

However, what he had never expected was this.

Not only did the Sea Wolf King not show any anger, on the contrary, a touch of surprise surfaced on his face.

Found you.

The corner of the Sea Wolf King’s mouth ticked.

“Very good!”

“You will be credited for this matter.”

As soon as the words fell, the Sea Wolf King in front of the crowd instantly disappeared in place.

Intensive Care Unit.

The medical staff were filled with anxiety as they resuscitated the young master who was seriously injured in front of them.

The main surgeon was even sweating profusely, and every now and then his gaze glanced out the door of the care room.

If something were to happen to Matthews, all of them, the resuscitation staff, would definitely be buried with him.

Even the whole hospital would have no peace.

“How’s it going?”

Ma Bangde said with a grim expression as he approached.

Luo Liang, the swordsman who was standing guard here, his body trembled and he bowed in reply.

“Hall Master, the young master’s condition is not optimistic at the moment, and the doctors are doing their best to resuscitate him.”

At this moment, his forehead was already full of cold sweat.

He was originally Matthews’ young master’s personal bodyguard, but in a moment of gluttony, he had collapsed in the tender waters of the red light district.

If he were to be pursued, this would be a capital offence!

Just as Luo Liang was in a state of panic, there was a sudden pain in his abdomen.

His body, which kept retreating, hit the wall heavily.

"My subordinate deserves to die!"

Luo Liang bowed and pleaded guilty, blood flowing from the corner of his mouth.

"You, however, deserve to die!"

With his hands behind his back, Ma Bond looked at Matthews' miserable state through the gla\*s, his heartache written all over his face.

"But before you die, give me an investigation into what happened."

"Anyone who has anything to do with this, stay back with me."

The more his heart ached for his son, the angrier he became at the matter.

"My subordinate obeys my orders!"

Luo Liang did not dare to hesitate for a moment and flew away.

.....

At the same time, Mo's hotel.

Under Mo Lin's strong request.

An chase and the others eventually reluctantly removed the chains from the gate.

It was just that after the incident with Matthews, no one dared to come in the hotel anymore.

Even the pa\*sers-by, who pa\*sed by the place, were far away from it.

They were afraid of being implicated.

The avenue outside the hotel was exceptionally cold.

Because of this, a figure strolling along was particularly conspicuous.

An Chou and the others were not in the mood to work.

When the visitor walked through the hotel doors, An Chou quickly stepped forward and explained.

"A million apologies, guest, but our hotel is closed for the next few days."

"Won't you put in a visit to the Klindu Hotel?"

When he had finished, the visitor raised his eyes and smiled.

"No harm done, I'm here to see someone!"

"This ....."

An chased a hard look on his face.

"Sorry guest, if you have something to do, come back at a decisive time!"

Just as he was about to kick someone out, there was a sudden sound from upstairs.

“Ask him to come up!”

Waiting for Lin Mo’s order, An Chou also gave up his position.

### **Medical Genius Unspeakable Marriage Chapter 3837**

Walking into the box.

The first moment the Sea Wolf King saw Lin Mo, he knew that the other party was exactly the person he was looking for.

“Your Excellency has made me look for you!”

“You’re the one who’s too eager!”

Lin Mo got up and picked up the wine that had already been opened halfway through the summer.

“As I said before, when you get married, I will definitely come to your door to ask for a cup of wedding wine.”

“A drink?”

The corners of the Sea Wolf King’s mouth twitched as he looked at the table of scraps in front of him.

“Is your Excellency looking down on me?”

Although the relationship between the two sides was not good.

But good old me was the Hall Master of the Sea Wolf Hall.

To be received with this leftover food?

Lin Mo slapped his head with hindsight.

“Look at what I’ve done with this, I’m really sorry!”

The Sea Wolf King snorted coldly.

Pretend, you keep pretending!

“Little Gila, go and fetch a clean wine gla\*s over here!”

The Sea Wolf King: “.....”

What the heck, the wine gla\*s was still used by someone else.

If he didn’t say anything himself, it wasn’t going to be with someone else’s spit.

Only he had come this time, just to make sure of something, and did not intend to make a move.

Most of all, he knew that it was impossible to take down Lin Mo with this doppelganger of his alone.

“Forget about the drinking, this net is here just to want you to make sure of something.”

Right now, he was most worried about the Crystal Skull matter.

Before he was sure if Lin Mo knew anything, he didn't dare to push too hard.

Lest Lin Mo reveal this matter!

"No rush, no rush!"

Lin Mo brought a new wine gla\*s.

"A guest at your door is a guest, let's have a drink before we get down to business!"

The Sea Wolf King took a glance at the opened bottle of Half Summer Wine, which at first glance was something that someone else had drunk.

Only, with that stance, Lin Mo was clearly only forcing him to drink.

Otherwise there was no point in talking!

There was no way to fight, and there was a chance that someone else might have the upper hand.

Even though the Sea Wolf King had a thousand reluctances in his heart, he could only accept the wine cup.

After taking a shallow sip, he was already full of impatience.

"Can we talk now?"

Lin Mo grinned, "Naturally, I can!"

"Palace Master, just ask, Mo will definitely tell you everything!"

The Sea Wolf King was confused as to Lin Mo's intentions.

He only wanted to find out as soon as possible whether the youngster in front of him knew about the Crystal Skull.

"My fiancée, did she ever come to you before?"

The Sea Wolf King asked tentatively.

The slightly angry tone was as if he was questioning his lover.

Would Lin Mo not be able to see the other party's true intentions.

"We're all adults, no need to be so girly!"

"Not bad!"

"I already know about the Crystal Skull!"

After saying that, Lin Mo leaned his body back and shook his two legs.

I just know, what can you do to me.

Lin Mo wasn't only worried that the Sea Wolf King would have other thoughts in mind.

From the moment he learned about the Crystal Skull, he was sure of the Sea Wolf King.

The Sea Wolf King's brow furrowed as he learned the answer.

After more than twenty years of planning, there was now a mistake at the threshold.

But the Sea Wolf King didn't dare to make a rash move.

He was not sure if Lin Mo had a backhand. Urgency

If he pushed too hard, the news of the Crystal Skull would leak out.

The matter would be a big deal, and then the clerics would surely gather on Death Island.

The legendary treasure, who would not be moved.

After a long time, the Sea Wolf King broke the quiet atmosphere.

"Nowadays, Matthews is in intensive care, do you know about this?"

After he changed the topic, his gaze was fixed dead on Lin Mo, trying to see something from Lin Mo's expression.

Unfortunately.

The Sea Wolf King had miscalculated.

Lin Mo was simply unmoved after hearing this news.

"Oh? How's the situation then?"

He was purely just curious about whether Matthews was dead or not.

At these words, the Sea Wolf King, however, thought that he had taken a hold of Lin Mo and was delighted in his heart.

"I can help you resolve this matter."

"However, the matter of the Crystal Skull needs to be kept a secret by you."

"As long as I get that treasure, I can share half of it with you."

Lin Mo snorted with laughter when he heard this.

You're putting aside this to fool children!

### **Medical Genius Unspeakable Marriage Chapter 3838**

A legendary treasure, who is willing to share it.

"Sea Wolf King, you think youth is good for fooling?"

Lin Mo said with a contemptuous face.

The lie was punctured.

The Sea Wolf King's face was embarrassed.

Carelessness!

Originally, he had planned to have lured Lin Mo.

The two sides had established a common interest at one point, and even if he didn't need to emphasize it, Lin Mo wouldn't leak it out.

It was just that he had underestimated Lin Mo after all.

"Mr. Mo, if you wish, we can share the treasure equally."

"We can of signed an agreement."

He just didn't believe it, there was still someone who could resist the temptation of the legendary treasure.

Lin Mo looked at the Sea Wolf King's crazy performance and despised it in his heart.

"Foolish, keep fooling around!"

"A scrap of paper and you want to gag me!"

With this kind of intelligence, how on earth did the Sea Wolf King build the huge Sea Wolf Hall.

This couldn't be blamed on the Sea Wolf King.

He was forced to fight, but he couldn't.

Besides, he still had the leverage in their hands.

Lure, it wouldn't work!

Lin Mo simply wouldn't eat this.

Since this was the case, the Sea Wolf King didn't bother to beat around the bush.

"Aren't you afraid that the Knife Sect will retaliate?"

"Ma Bonder has a son in his old age, and Matthews is everything to him."

"Now if you hurt his son, do you know the consequences?"

Right now, he could only make Lin Mo submit through outside pressure.

However.

Lin Mo simply wouldn't eat this.

"It doesn't matter!"

"If they kill over, I can't fight and tell Ma Bangde about the Crystal Skull."

Said Lin Mo, pillowing his head with his hands and heaving a smile.

“Maybe, not only will Ma Bond not pursue the matter, he will even thank me.”

Lin Mo said patronizingly.

“You .....

The oily attitude caused the Sea Wolf King to completely lose his patience.

If he couldn't do anything about it, the Sea Wolf King wanted to move his knife.

“I have more than 200,000 people in the Sea Waves Gang, and there are many experts in the Blade Sect.”

“Young man there is only one life, I advise you to think it over.”

The Sea Wolf King saw that the wishy-washy approach would not work and directly lifted the table.

The corner of Lin Mo's mouth ticked, “Is this the attitude you have when you beg?”

“If you have the guts, get me killed, as long as you dare to do it, I will make Lan Dieyi known to the whole world.”

The Sea Wolf King was shaking with anger and gritted his teeth.

“What the hell do you want?”

He had originally thought that he could play Lin Mo like a fiddle.

Now he was being held in a deadly grip himself.

When Lin Mo heard this, a wry smile suddenly appeared at the corner of his mouth.

“Drink up this bottle of wine and we'll continue to talk!”

Sea Wolf King: “.....”

You're f\*cking here playing table culture with Laozi?

Although he thought so in his heart, the Sea Wolf King still raised the bottle of wine.

Without saying a word, he tilted his head and drank it down.

“Can we talk now?”

The Sea Wolf King asked impatiently as he wiped away the wine stains at the corner of his mouth.

Lin Mo's eyes glared, his face full of confusion.

“Haven't we already finished?”

“You're f\*cking kidding me!”

“Just reacting now? Not a smart look.”

Lin Mo's sneer was like a silver needle, viciously stabbing into the Sea Wolf King's heart.

"You're looking for death!"

Repeated teasing caused the Sea Wolf King to completely storm out.

"Old me, I'll get you killed even if I desperately don't want to take the treasure."

"Wait!"

Lin Mo saw that the place was about to go berserk and immediately raised his hand to shout a stop.

The Sea Wolf King paused his body and said in an arrogant manner, "Now you know you're afraid?"

Sure enough, this kid was afraid of death!

Lin Mo shook his head with a calm face.

"That's not to say."

"I just want to remind you not to be so impulsive."

"The more angry you are, the more the Heart Eroding Gra\*s poison will flare up!"

The Sea Wolf King flinched for a moment, and then completely exploded.

"As a party expert, you are so shameless as to poison!"

"The poison was given by Matthews, what does it have to do with me!"

Lin Mo snorted with laughter, stood up and left.

All the information that should be set had already been set, and it was useless to keep the Sea Wolf King's doppelganger.

Outside the hotel.

Luo Liang, who had followed the Sea Wolf King here, was worried about being discovered.

He had been crouching in the shadows waiting for the Sea Wolf King to show himself.

Only until it was dark, no one could still be seen.

"Has he secretly slipped away?"

Luo Liang asked himself with a frown.

He had already failed in his duty before, if this matter was not done properly, the sect master's side would definitely rip off his head.

"Forget it, I can't wait any longer!"

After secretly saying one sentence in his heart, he prepared to personally take down this hotel owner and bring it back to the Sword Sect.

However.

Just as he was about to move, a raw hardness suddenly came to his ears.

“What are you looking at, brother?”

Crap!

Luo Liang only felt a chill run down his back.

It was like electricity pa\*sing through his body, causing sweat hairs to explode all over his body.

“What man?”

Luo Liang shouted angrily and darted to the side.

That scene just now had really scared him.

Lin Mo clapped his hands and cut out with a contemptuous face.

“A big old man with such little guts.”

Luo Liang: “.....”

You f\*cking come and try!

The sky was thick and the lamps were dim.

When he was not fully concentrating, a human head suddenly appeared beside him and was baring its teeth towards him.

Anyone would have been taken aback by such a scene.

“What the hell are you?”

Luo Liang asked with a furrowed brow.

“I am Mo Lin, the owner of Mo’s Hotel!”

Learning the identity of the visitor, the corners of Luo Liang’s mouth grinned to the roots of his ears.

If there is a way to heaven but you don’t leave, then you can throw yourself into hell.

I deserve to take the credit for the crime.

Most importantly, from the looks of his aura, this hotel owner was a completely ordinary person.

Taking him down, part-time should not be too easy.

“Brother, what are you thinking about, laughing so happily, tell me about it?”

A questioning voice intended for Luo Liang’s thoughts.

Just as he returned to his senses, there was that human face in front of him.

It was still grinning at him with teeth bared.

D\*mn it!

Luo Liang was once again shocked.

“You’re f\*cking scaring me again!”

He was scared twice by the same scene.

Luo Liang himself felt ashamed.

Lin Mo shrugged helplessly, “You froze yourself, can you blame me?”

“You little brother, what’s going on.”

“How dare you spy even if you have such little guts?”

Luo Liang was so irritated by this, he was instantly annoyed.

“I’m small, your grandma!”

As soon as the words fell, he raised his hand and slammed his fist out fiercely .

Strangely enough, the punch that he was bound to hit actually grazed his opponent’s cheek and swung empty.

He must have just been shocked and disturbed.

Luo Liang rea\*sured himself and struck again.

With a solid touch in his hand, he knew he had hit the mark.

Only, when Luo Liang fixed his eyes, his eyes instantly dilated.

Only to see the palm of the opposite hand, which had been weak, resisting his heavy fist.

“Young man, so little strength, have you not eaten!”

“Why don’t you go to our hotel and get some whole?”

“I’ll buy you a drink.”

Desu’s relaxed and self-congratulatory expression even more deeply stimulated Luo Liang’s self-esteem.

“Eat your sister!”

Luo Liang cursed angrily and directly drew out the large knife on his back.

“I’ll give you a taste of our Blade Sect’s blade technique today!”

As soon as the words left his mouth, he wielded the thirty-odd pound sword with a whimpering wind.

The stance looked quite impressive.

Lin Mo's face was astonished.

He had never thought that this peeping maniac would be from the Sword Sect.

The other party must have found him here because of Matthews.

Thinking of this, Lin Mo suddenly covered his chest.

"Ah!"

With a cry of pain.

Luo Liang subconsciously stopped the movement of his hand.

"You despicable villain, to secretly use dark energy!"

Lin Mo gripped his chest, his face pale.

"Ah, what an overbearing punching power, I'm dizzy!"

The look was like he had been sneakily attacked and caused to faint.

As soon as the words left his mouth, his eyes closed and he directly laid down on the ground.

Luo Liang looked at the scene in front of him with a bewildered expression.

Moon on the brow.

Under the dim light.

Luo Liang glanced at the unconscious Lin Mo on the ground, and then looked at his fists.

"Could it be that my boxing skills have finally become perfect and I've cultivated my dark energy?"

Thinking of this, he excitedly waved his fist towards the one-person high boulder by the roadside.

Hiss!

The pain was so intense that he could not help but suck in a breath of cold air.

In front of him, the one-person tall boulder remained motionless.

Just as he doubted it, an invisible dark energy flashed past.

In the next second, the boulder rattled.

Without waiting for Luo Liang to react, the boulder shattered into countless pieces.

"This ....."

After testing it out himself, Luo Liang's body trembled with excitement.

From now on, he would be considered a B-side expert.

“Zone 3 is too small after all!”

After sighing to himself, Luo Liang shook his head with slight regret.

Life was like snow!

After a long time, he then carried Lin Mo and disappeared into the night.

.....

The first hospital in the third district.

After a full day of struggling to save his life.

Although Matthews was still in a coma, he was finally out of danger.

Ma Bangde was also relieved to hear this news.

But in the next second, his brow suddenly furrowed.

Luo Liang had been out for a whole day.

It was hard to believe that he had run away in fear of the crime.

Just as he was wondering, a heavy footstep came from the corridor.

The door to the ward pushed open.

Directly Luo Liang walked in with an arrogant face.

His chin was raised high.

“I’ve brought the man back for you!”

With that said Lin Mo was thrown over his shoulder onto the floor.

The other swordsmen around him, looking at Luo Liang’s appearance, couldn’t help but stare in disbelief.

This kid had disappeared for a day, it was hard to believe that he had gone mad.

He dared to use such a tone of voice to speak to the sect master.

And even the Godfather didn’t even call him that anymore.

Luo Liang ignored the stares of the crowd and just gave a cold snort.

Then ..... nostrils glared at them to death!

Ma Bangde was so eager for revenge that he didn’t notice these details.

“Is this the other murderer who injured my son?”

“Mm!”

Luo Liang nodded!

Hm?

Knowing that at this moment, Ma Bangde finally noticed that Luo Liang was abnormal.

“You seek death?”

In all the years he had been in charge of the Sword Sect, it was the first time that one of his men dared to speak to him in such a perfunctory manner.

How dare you?

Luo Liang also knew how to stop, Ma Bangde was after all the master of the sect.

After all, he had to give him the face he deserved.

“Sect Master, I have achieved great divine power!”

“Even the Hall Master is no match for himself.”

Oh?

Ma Bangde was a man who treasured his talent after all.

If this Luo Liang really had this ability, not only would he not pursue the crime of disrespect, he would instead give him a promotion.

“You do it, try him out!”

Ma Bangde raised his hand and designated one of his personal swordsmen.

This man’s strength was not as strong as that of the Church’s inner hall master, but it was not far off.

“Yes, Sect Master!”

The swordsman answered and stepped forward.

“Come on!”

Luo Liang, however, puffed out a laugh, “You will die with this punch that I have trained hard for twenty years.”

However, the knife-fighter was not moved at all and just looked at him with a disdainful expression.

Luo Liang saw that his well-intentioned reminder was met with a mockery.

His heart couldn’t help but burn with anger.

“Since you seek your own death, then you can’t blame me!”

“Shattering Rock Fist, go!”

As the words fell to the ground, a fist shadow flashed by.

“Peng!”

Under the crowd’s annotation, the swordsman easily reached out and caught Luo Liang’s fist.

One second.

Two seconds.

Three seconds.

.....

Within the room, the air was silent.

“Uh... ..”

That’s it?

The swordsman initially saw Luo Liang’s solemn appearance and shot up his spirits.

However, after this exchange of hands, he found that the fist was soft and powerless.

When he looked at Luo Liang again, his eyes were full of sympathy.

Young man, brave enough!

He dared to fool even the Facing God!

At this moment, Luo Liang was also in a cold sweat.

Why had the power of his fist disappeared?

Pang!

He swung his fist once more.

Only the result remained unchanged.

As Ma Bangde watched this, his anger rose leisurely.

As he narrowed his eyes, everyone in the room felt a dense murderous aura.

“Poof!”

It was also at this moment of great tension that a burst of laughter broke everything.
