Medical Genius Unspeakable Marriage Chapter 3861

Lin Mo listened to the commotion outside and was puzzled in his heart.

Could it be that someone had jumped off a building? It sounded like it was very serious.

That said, had medical treatment become so advanced nowadays, operating directly in the hallway?

A heart-rending howl accompanied the conversation of the ambulance crew.

What? These cries sounded familiar.

Just as he was wondering, the alarm suddenly sounded at his bedside and interrupted his thoughts.

sh*t, I'm late.

He stopped paying attention to what was going on outside the house and got dressed in a hurry.

After a quick wash, he grabbed a piece of bread from the table and left the house in a panic.

Maybe it was the lack of exercise.

When he reached the bus stop, he felt that something was blocking his chest and it was extremely difficult to breathe.

It was a feeling of suffocation!

"Uncle, what's wrong with you?"

A little girl with a ponytail asked with curiosity as she saw Lin Mo in this state and walked forward with concern.

Laozi is only twenty-six, it's only right to call him brother.

Although he inwardly spat, he still tried to hold back his hard feelings and said to her with a smile.

"Little sister, my brother is fine, it's just that I haven't exercised for too long."

Showing two tiger teeth, the little girl's sweet smile seemed to make him feel much better.

Staring curiously at Lin Mo for a moment, she C*cked her head, not knowing what was going on inside.

Only when her mother called out to her did she spit out her tongue and turn around to leave.

However, just as he turned around, the balloon in his hand suddenly let go and drifted towards the road.

"Watch out!"

Seeing the little girl this chasing towards the balloon, Lin Mo was startled in his heart!

After shouting out, he rushed up with one healthy step, holding back the pain.

“Kirikirikirikir”

After the sharp braking sound, Lin Mo’s mind was lost, the only thing he could feel was that he had taken off.

After landing and rolling several times on the ground, he immediately let go of the little girl in his arms.

After a few panicked checks, he let out a soft sigh of relief.

Accompanied by the girl’s mother’s heart-rending shrieks, the surrounding crowd came forward curiously to watch.

“It’s all right, both of us!”

Standing up and sending the girl to the girl’s mother’s hand, Lin Mo said comfortingly.

However, she didn’t seem to pay any attention to Qin Ming and just hugged her daughter and howled.

It was just that the cries seemed familiar, but couldn’t recall them for a while.

Maybe she was frightened!

With this thought in mind, Lin Mo patted the dust on his clothes.

As a good youth in the 21st century, doing good deeds without leaving a name is just a basic operation.

When he passed by the car, the headlights had been smashed to pieces.

The bonnet had been dented and the front windscreen had a huge crack in it.

True. A good man lives in peace!

The car was hit so hard, but nothing happened to him, he looked at his whole body, and there was nothing unusual.

When I went to the car window, a strong smell of alcohol greeted me.

The driver sat in the car as if he was scared out of his wits.

Both hands were gripping the steering wheel tightly and his gaze was dull.

Surprisingly, he was drink driving and hitting someone.

You’re done for!

The moment he lifted his feet, however, the intense choking sensation struck again.

And this time it was even worse, accompanied by a sudden weakness in his limbs and his whole body collapsed helplessly to the ground.

The urgent sound of the ambulance came again.

Did someone call the police on me? It’s unbearable, I can’t breathe!

After a brief short-circuit of consciousness, he was once again jolted out of consciousness by a heart-rending cry.

“Hanxia?”

Lin Mo asked in surprise as he looked at the tear-streaked woman.

At the same time an incomparable confusion of memories appeared in his brain.

Who am I? Where am I?

This woman in front of him, whom he had never seen before, could call out his name in the first place!

Many unfamiliar and familiar memories were propping up Lin Mo’s headache!

Medical Genius Unspeakable Marriage Chapter 3862

Above the streets!

The tragic traffic accident attracted countless people to look on.

Lin Mo, who was in a state of distress, could barely tell who he really was.

A Zong Shi powerhouse?

An ordinary clerk?

Who the hell am I?

Countless questions kept flashing through his mind!

At this moment, Lin Mo’s consciousness continued to sink.

It was like a flickering candle about to go out.

Until the sound of heart-rending sobs came to his ears!

Tears welled up and slid down his cheeks!

In a flash, Lin Mo’s eyes snapped open.

The cheeks in front of him, which were both unfamiliar and familiar, couldn’t help but make his heart ache!

“It’s alright, really, I’m just lacking oxygen from not exercising for a long time.”

Looking at the grief-stricken Xu Hanxia, Lin Mo tried his best to comfort.

Unfortunately, his consolation did not calm Xu Hanxia down.

The heart-breaking wails continued for a long time.

The paramedics walked quickly to his side.

Lin Mo fixed his eyes to see if this was not the man who had just appeared on his floor?

At this moment he suddenly realised why he felt that the girl's mother's cries were familiar.

The crying voice of the woman in front of him was almost identical to that mother's.

But why did it appear in the hallway of his own building, had he been hallucinating?

The paramedics did not have any words to say.

He walked straight up to Lin Mo's side and stuffed a bottle of mineral water into his mouth.

The strong fishy smell instantly filled his entire nasal cavity.

Are you out of your mind?

Lin Mo wanted to resist.

But he couldn't get his limbs to work and his neck was stuck and he couldn't move at all.

He could only watch as the fishy liquid poured into his nasal cavity.

As he couldn't speak, he could only turn to the woman beside him to ask for help.

But...

Xu Hanxia was unmoved and continued to cry out at the top of her lungs.

The dizziness of lack of oxygen hit him again, his eyes went black and his consciousness faded away.

.....

When Lin Mo woke up again.

Through the faint light, he found himself buried under the rubble.

Intense pain kept coming from his limbs and he couldn't help but cry out in pain.

When he looked down, his hands and feet had been crushed to death by the huge concrete blocks.

Was there an earthquake? he thought in confusion.

"Are you still there, girl, can you hear me?"

Lin Mo thought of it as a possible earthquake situation.

Enduring the pain he immediately called out to the woman who had been beside him just a short time ago.

There was no one to respond to him, and the surroundings remained silent.

In this confined space, tension and fear slowly grew.

The dizziness of suffocation returned and he shook his head off, forcing himself not to pass out.

Under these dangerous ruins, if he fell asleep he might never wake up again.

“Ah, is anyone there, there’s someone here to help.” Still no one responded.

Even more tragic!

As he cried out, a huge earthworm burst out of the mud next to his head.

It crawled slowly towards his cheek again, and the sweat stood on end, disgusting!

He twisted his body desperately.

His limbs and head were stuck in the silk, however.

He could only watch in horror as the worm crawled into his nostrils.

“Ah, help.”

Again, the cry for help still received no response.

“Ah, someone help me, girl, where are you?”

Miraculously, though, but the choking sensation disappeared after the worm burrowed into the nostril.

On the contrary, the breathing was almost smoother.

Lin Mo struggled to open his eyes.

Although the realisation was blurred, he could still see a broken section of wire hanging from his body.

One wave of bad luck after another, he collapsed.

“Ah, someone f*cking help me, someone’s buried here, ah, I’m f*cking dying, help.”

The emotions were out of control at this point.

As he cried out, a wave of electricity hit him again and his originally blurred consciousness surprisingly became clearer.

Medical Genius Unspeakable Marriage Chapter 3863

The noisy sound of a chainsaw cutting was faintly audible.

After the anxious wait, the concrete block in front of him was slowly moved away with a glance.

Surprisingly, it was the paramedic who had filled his mouth with water.

“Can you turn it off, it’s too shaky.”

Lin Mo looked at the man in front of him with a torch waving in front of his eyes and couldn’t help but spit it out!

Only there was not the slightest complaint in her tone, full of the joy of regaining her life.

Yet the ambulance man shook his head at her, and then the concrete block surprisingly closed up again.

"Hey, wait, wait!"

"There are people here, please, help me, someone help me!"

He wailed in agony as he watched the cement slowly close up, but there was no response from the other side.

The surroundings once again returned to dimness.

.....

By the side of the road, at the top of a large tree!

Two figures stand silently!

In front of them, an antique bronze mirror was suspended in mid-air!

Within the mirror was none other than Lin Mo, who was trapped in the ruins.

"Third Brother! This brat is bizarre, my illusion techniques have no effect on him at all."

"Is this object really reliable?"

Silver Jade on the side asked with a hesitant face!

Tan Lan smiled confidently and said without looking back.

"This object is an ancient treasure, the Demon Hunting Mirror."

"Not only can it suppress cultivation, it can also spare the memory and allow the capricious and cowardly side to completely take over sanity."

"Paired with your illusion technique!"

"Under the universal sky, unless a saint comes out of the world, no one can survive!"

With that he raised his hand and pointed to the mirror.

"Look, this kid is so frightened that his soul is already unconscious!"

Yin Yu took a glance at the wretched Lin Mo within the mirror, and only then did he feel slightly more at ease.

"Third Brother, isn't it a bit too cheap to let him die like this!"

A hostile look flashed across her icy eyes as she thought of the embarrassing scene of being chased by Lin Mo earlier.

"That's naturally no problem!"

Tan Lan nodded now.

"This woman keeps appearing in his consciousness, so she's obviously very important to this brat."

"Let this Molin watch his beloved woman die a tragic death in front of him, gah gah!"

As he traced his finger, a ripple rippled across the surface of the mirror.

In the illusionary realm.

A light of this word flashed before Lin Mo's eyes.

When he opened his eyes, he found himself appearing next to an ambulance.

Finally, he was saved!

Lin Mo couldn't help but let out a long sigh of relief.

And when he looked up at the ruins in front of him, he suddenly saw a familiar figure.

It was the woman who had hugged him and cried in pain at the scene of the accident.

And she was being pressed by countless slabs of stone, covered in blood and unable to move.

When Lin Mo saw such a scene, a tense emotion inexplicably surged up in his heart.

Not caring about his own injuries, he hurriedly ran over.

"Don't move around, girl, I'll get you out right away!"

After saying that, Lin Mo began to move the stone slab.

Naive to his limited strength, even after using all his strength, the stone slab still wouldn't budge!

"Lin Mo!"

Hearing the woman's suddenness, Lin Mo then stopped.

"Lin Mo, you don't remember me, I'm Han Xia!"

"Your married wife! Have you really forgotten about me?"

Wife?

Lin Mo froze in place as an image appeared in his mind.

It was the scene from when he and Xu Hanxia had gotten married, and the bits and pieces of sweet times.

"Hahsia!"

Lin Mo said to himself, his eyes turning redder and redder.

At this moment, he finally recognised Xu Hanxia's identity.

"Wait for me, wife, I'll find someone to save you right away!"

Not long after, Lin Mo pulled a few unfamiliar paramedics and rushed back to the original location.

It was only that Lin Mo who returned again suddenly froze in his tracks.

In front of him, his married wife was completely unmoving.

“Half Summer

A heartbreaking wail resounded through the clouds!

Medical Genius Unspeakable Marriage Chapter 3864

Reality!

Tan Lan had by now brought a self-satisfied smile to his face.

“Yu’er, are you satisfied now?”

“Those who dare to hurt my Seven Deadly Sins, I will make his life worse than death!”

“How else do you need me to torture him, Yu’er, just ask!”

As Yin Yu looked at Lin Mo’s miserable state in the mirror, she was naturally overjoyed.

Only for some reason, she always felt a sense of foreboding in her heart.

“Third Brother, we’d better not waste time on this brat!”

“Let’s just kill him!”

The more she dragged on, the stronger that ominous premonition grew in Yin Yu’s heart.

By the end of the sentence, she could almost feel her heartbeat starting to speed up.

“Then listen to Yu’er!”

Tan Lan dotingly skimmed a glance at Yin Yu.

The movements of her hands began to change as well.

The world within the mirror, under his control, instantly began to collapse.

“We just need to get rid of this Mo Lin’s cowardly personality, and his main body dies along with it!”

“Yu’er, watch and see!”

Tan Lan said with a smug smile and an arrogant face.

In an instant, the world in the mirror completely collapsed!

Only a void of darkness was left behind.

“Alright, Yu’er, it’s all over now!”

“Let’s take Death Island as soon as possible, or else big brother and second brother will be angry.”

As if doing a trivial thing, Tan Lan lifted his chin without a trace.

The eyes looked up at the sky at forty-five degrees.

The compulsion was instantly full.

The heart had indeed laughed wildly.

He had easily eliminated the brat who had wounded the sixth sister.

Sixth sister would definitely worship herself even more.

At this moment, Tan Lan was eager to see Yin Yu's adoring expression.

However, in order to maintain his high and cold persona, he eventually held back.

However.

If he turned his head now, he would be able to see Silver Jade's pale face, already covered in a false sweat.

"San San brother! You look!"

Silver Jade trembled and clutched the corner of Greed's coat with a deadly grip.

Following the gaze, a pair of dead eyes were staring coldly at the duo in the pitch-black nothingness of the direct mirror.

Just a glance was exchanged.

Silver Jade felt like her soul was about to be withdrawn from her body!

Breathing had also become extremely difficult.

It was as if there was a scythe, pressed against the aorta in his neck!

Tan Lan lowered her head in uncertainty!

The moment he saw those eyes, he couldn't help but be startled!

"What demonic creature dares to enter my demon hunting mirror!"

A furious shout!

Tan Lan formed a seal with one hand and viciously slapped at the mirror.

The wind howled!

The fierce and fierce Qi frantically surged into the mirror world.

In the midst of nothingness, the wind burst forth, bringing with it the power to destroy the heavens and the earth and completely shatter the pair of eyes.

Seeing this, Tan Lan was just about to breathe a sigh of relief.

The world in the mirror changed once again!

Only to see a stalwart figure standing proudly in it!

A three-foot green blade in his hand.

The body was protected by a battle suit.

The solid battle intent around him had transformed into a ten-thousand-foot sword!

It was like a sword saint!

“Third Brother, what is this thing?”

Yin Yu trembled and spoke.

Those eyes were already terrifying enough!

But compared to the man in the mirror at this moment, it was even less than a thousandth of a percent.

“I don’t know!”

Tan Lan swallowed and stammered back.

As much as he wanted to put on a show!

But the great terror in the mirror gave a feeling of breaking life and death at all times.

He didn’t dare to say anything nonsensical.

If not for the fact that the Demon Hunting Mirror was an ancient treasure, it would have been thrown out by Tan Lan at this point!

Under the terrified gazes of the two!

The man in the mirror moved!

“Sword Transient!”

A dull voice of words rang out in the duo’s ears.

At that moment, the sword was already out of its sheath!

The fear of death instantly enveloped the duo.

Tan Lan did not dare to hesitate any longer, and immediately threw the Demon Hunting Mirror out, fleeing for his life immediately.

But!

It was one step too late!

The sword Qi flashed by!

All that could be heard was a miserable scream!

Silver Jade’s charming and graceful body turned into a cloud of blood mist!

Dozens of metres away.

Before Tan Lan could turn around, his right arm had fallen straight to the ground.

“Ancient divine weapon”

A startled cry.

Not caring about the empty again shoulder, Tan Lan flew for his life with all his might.

Medical Genius Unspeakable Marriage Chapter 3865

The scene of the crash.

The car had been lacerated by countless steel bars like a hornet's nest.

With a loud bellow, Ma Bond took his men and quickly moved the steel bars from the roof of the car.

The wrecked car reappeared.

"Patriarch Mo!"

Ma Bangde could not help but exclaim in shock at the scene inside the car.

The Lin Mo in front of him had half a dozen steel bars sticking out of his chest and running through his body.

The wounds were shocking to the eyes!

The gush of blood in the back seat was very blinding in its scarlet and bloody colour.

"Godfather! He he's dead!"

The knifeman withdrew the finger under Lin Mo's nose, looking horrified.

Ma Bangde stiffened.

How is this possible!

The realm of the sectarians, bullets don't invade, cannon fire doesn't hurt!

With these few sticks of steel could Lin Mo's life be taken?

"Get lost!"

Ma Bangde kicked his men's swordsmen away and approached Lin Mo with quick steps.

Breath, all gone!

Pulse, still!

Heartbeat, stopped!

"This is impossible!"

Ma Bangde faltered and withdrew his palm!

In a flash, his face went pale!

It's over!

The Patriarch had appeared, and the unification of the three districts by the Knife Sect was tantamount to a fool's dream.

And the murderer of his son was also a Patriarch.

There was no hope for revenge!

This was also the reason why Ma Bangde had promised that the Knife Sect would take Lin Mo as its leader.

The one who could defeat the Patriarch could only be the Patriarch.

Now everything was an empty talk.

"Patriarch Mo, what am I going to do when you're gone!"

With his hopes dashed, his speech had trembled.

Thinking of this, Ma Bangde could not help but feel sad.

"What are you howling about?"

Just when Ma Bangde's heart was like death, Lin Mo suddenly opened his eyes.

"Sect Master Ma, if you look like this, people will easily misunderstand that we have some kind of improper relationship."

The sudden "resurrection from the dead" startled Ma Bangde.

"Master Mo, you are still alive, good, good!"

"I almost died!"

Lin Mo smacked his lips and reached out to grip the steel bar in front of his chest.

Poof!

Blood splattered!

The rusty steel bar was pulled out of Lin Mo's body hard.

"Hiss!"

Looking at the horrifying scene before them, a crowd of swordsmen sucked in a cold breath.

This n*gga was too ruthless!

Ma Bangde just froze in front of his heels.

He had seen the details of the steel bars pulling out the flesh most clearly.

And the biggest shock of all!

Was this something a human being could do?

A hard handle!

“Patriarch Mo, are you alright!”

Ma Bangde swallowed and spoke with frightened eyes.

Before, he had been in pure awe of Lin Mo.

Right now, it was more of awe!

“What do you think, do I look like I know nothing?”

Lin Mo was greatly speechless.

If he hadn’t been a Patriarch in strength, he would have been out cold with this amount of blood loss.

This sneak attack had been too sudden.

If it wasn’t for the critical moment when Tai Ah saved the day, he would have already been a corpse.

“I say, Old Ma, you don’t have a grudge against me and deliberately set up an ambush, do you?”

Lin Mo asked as he narrowed his eyes.

Ma Bangde was so shocked that he frantically swung his arms.

“How is this possible?”

“This sect master says one thing, so naturally he won’t play around with these side ways!”

He straightened his back and his face was resolute.

He had a complete attitude of a scholar who could be killed but not humiliated.

“All right, old horse, I’m not going to tease you! Hurry up and take me to the hospital!”

Lin Mo grinned, but it also stirred his wound, causing him to grimace in pain.

The person who had designed this ambush must be above the clan masters.

He was also a master of the clan.

It wasn’t that Lin Mo looked down on Ma Bangde!

For such a person, no one in the entire Third District could afford to hire him.

Otherwise, they would have been unified long ago!

If he hadn’t guessed wrong, he should be the Silver Jade he had met not long ago.

The illusion techniques were extremely similar too!

Between contemplations, the ambulance had already arrived!

After Lin Mo was put on the stretcher, he skimmed at the big tree not far away without a trace.

Soul-retrieval, suppression of cultivation, disturbance of memory, interference with personality!
All sorts of bizarre tactics that made Lin Mo greatly wary.

Medical Genius Unspeakable Marriage Chapter 3866

After coming to the hospital.

Lin Mo merely had the doctor do some simple treatment to stop the bleeding.

“Patriarch Mo, is this really okay?”

Ma Bangde, who was at the side, asked worriedly.

When the doctor had just treated the wound, he had clearly seen Lin Mo’s broken internal organs.

And with that pale face, it was no different from that of a dead man.

This injury, a simple bandage, was it really possible?

Lin Mo noticed Ma Bangde’s mood and instantly came to his senses.

“I say, Old Ma, are you f*cking looking down on me?”

“How come, Patriarch Mo you’re thinking too much!”

“Fart, the look in your eyes tells me that’s what you think!”

“I really don’t!”

Ma Bangde felt a pain in his brain.

At times, it felt like he was a majestic master.

At other times, it felt like he was an out-of-touch jerk who was just messing around.

“Mr Mo, take care of your injuries first, if you need anything, just let Tong Jie call me.”

“I’ll go and give my condolences to the Director first.”

Originally the two had come to see Director Qiu’s daughter.

Now it was a good thing that the person hadn’t been seen and the doctor had collapsed into bed.

Only after Lin Mo waved away a few of the Vice Sect Leader Tong Jie on the side, did he check his injuries.

With the strong recovery ability of a cleric.

Plus the walking corpse virus he had contracted in Kyoto.

All sorts of things had given him a strong recovery ability.

If he looked closely, he could see that a few hideous blood holes were slowly rubbing together, showing a tendency to heal.

“Looks like it won’t take more than a day for the scabs to form.”

He muttered to himself.

Lin Mo took out the blood-making pills he carried with him.

Although his external injuries were unharmed, he had lost too much blood.

If he wanted to be completely healed, he still needed to recuperate!

.....

The sun was thin!

Lin Mo, who was asleep, was awakened by a noisy cry.

The woman tensed her body and heard the door open.

The woman tensed her body, and when she heard the movement of the door opening, she braced this tired body and stood up violently.

With apprehension, she asked, "Divine Doctor Chen, how is my daughter?"

Divine Doctor Chen looked at the woman with complicated eyes and shook his head.

"General Li, we have summoned all the physicians in the true three districts."

"Whether it's Chinese medicine or Western medicine, we've tried them all."

"It's just that we are unable to find where the cause of Missy's illness lies."

Obviously at this moment, he was also extremely terrified.

The patient behind him was too high status!

When Li Jingwen heard this result, the strength in her body seemed to have disappeared in an – instant and she fell limp to the ground.

A moment later.

She struggled to brace herself.

Getting up, she grabbed Divine Doctor Chen's sleeve as tears kept flowing down.

"She's still so young, please save her! I beg you!"

Looking at the entire Third District.

Divine Doctor Chen's medical skills were unmatched by anyone else.

If even he was unable to do anything, one would have to prepare for the aftermath.

Li Jingwen cried even more as she thought of this.

"Divine Doctor, do something, Old Qiu and I only have this one daughter!"

"If she goes, what can we do?"

When Divine Doctor Chen heard the old Qiu she spoke of, his hands couldn't help but shake.

There was even more unspeakable bitterness in his heart.

"General Li, I understand your feelings, but there's really nothing we can do."

But where there was a glimmer of a way, he would not give up.

But.

He had summoned all his famous counterparts from the entire Third District.

After a day's glance at the examination.

They, the group of famous doctors, could only watch as the girl's life breath continued to weaken.

There was nothing they could do!

"If you can, why don't you let me try?"

Just when Li Jingwen's heart was like death, a sound suddenly came from not far away.

Divine Doctor Chen looked up and his face couldn't help but look gloomy!

"Hairy boy, this is not the place for you to get together!"

"If you don't want to die, take back what you just said and get the hell out of here!"

Medical Genius Unspeakable Marriage Chapter 3867

The hospital corridor!

When Lin Mo heard the heartbreaking wail, he sought this place with the intention of checking the situation.

Hearing the conversation between the two of them, as well as that mother's grief-stricken appearance.

He then planned to take a shot against his weak body.

But the man with the long coat in front of him didn't seem to be so kind to him.

The opening words were life and death.

"What are you still standing there for?"

"Hurry up and rack this troublemaking brat out!"

Divine Doctor Chen's words were clearly directed at the bodyguards behind Li Jingwen.

Although several people were dissatisfied, they obediently did as they were told.

After all, their own Missy's life was still in the hands of this man surnamed Chen.

"Little brother, please!"

"You guys are serious?"

Lin Mo struggled to nuzzle his mouth, his gaze looking towards the resuscitation room.

"That little girl in there, she's going to die soon!"

"If I leave now, even if the Da Luo Heavenly Immortal comes, there's nothing I can do!"

The moment these words were spoken, several people present paled.

Especially Lin Jingwen.

When she heard the stranger talk about her daughter like that, a nameless fire rushed straight to the top of her head.

"Take this ungrateful brat down for me!"

Without waiting for her to say anything, several bodyguards had already started to act.

"b****d, you dare to curse our family's Missy!"

One of them, stepped forward and grabbed Lin Mo's collar, his eyes filled with anger.

Lin Mo didn't change his hands, he just looked askance at since with a cold gaze.

"Right! That's it!"

"Keep wasting time!"

"There's still ten minutes left, that little girl will definitely die!"

Li Jingwen had never expected that this kid would still dare to talk tough.

With her full of anger, she walked straight over to him.

At the same time, her palms were raised high.

Lin Mo squinted, the corners of his mouth slightly hooked.

"If this slap falls, even if you kneel down and beg me, I won't strike again!"

"You"

Li Jingwen looked at him with such a calm expression, and her heart could not help but hesitate for a moment.

At a certain moment, she actually felt that this teenager in front of her, might really be capable.

But soon, Li Jingwen dispelled this absurd thought.

Seeing this stance, the divine Doctor Chen at the side opened his mouth and mocked.

"Kneel down? Beg you?"

"Do you know, young man, the fame of my Divine Doctor Chen."

"If I can't cure a disease in the Third Region, no one else can even think about it!"

As the leading medical practitioner in the Third Region.

Divine Doctor Chen had complete confidence in this.

However, when he finished speaking, Lin Mo suddenly snorted with laughter.

"Kid, what are you laughing at?"

"Cut!"

Lin Mo disdainfully glanced at him.

"Just a quack doctor, how dare he call himself a divine doctor, what a laugh."

"It's true that all birds can be found in a big forest."

"How dare you!"

Divine Doctor Chen shouted angrily.

"Kid, don't you see how half-dead you look?"

"Even you want to cure the lady's disease, it's ridiculous!"

"Mr. Li, you don't have to listen to the kid's bullsh*t, he's probably just a psycho!"

"Don't worry, with my help, Missy's has at least half a year or so left."

Hearing this, Li Jingwen thanked towards Divine Doctor Chen gratefully.

"Thank you, Divine Doctor Chen!"

As long as there was sufficient time, they would always be able to find a way to save their daughter.

Li Jingwen looked at Lin Mo again, and her originally hesitant eyes had an extra look of determination.

Yes!

This kid, he looked half dead himself!

This kind of person could cure his own daughter?

When she thought of how she had just been bluffed into a daze.

The anger in Li Jingwen's heart intensified!

"b*****d, how dare you lie to me!"

Lin Mo did not retort.

If it wasn't for saving people, he wouldn't have bothered to talk nonsense with this group of people.

He would have turned his head and left long ago.

What do you like?

If I hadn't seen your pity, I wouldn't have bothered coming over!

But at that moment.

The sound of urgent footsteps suddenly came from the resuscitation room.

"Doctor Chen, it's not good, it's not good, the patient's condition has deteriorated again"

Medical Genius Unspeakable Marriage Chapter 3868

"What?"

Divine Doctor Chen gripped the nurse's wrist, his face full of disbelief.

He had clearly dispensed the potion himself!

How could it possibly deteriorate!

Where did Li Jingwen even care about Lin Mo.

Hearing the words coming from the nurse, she subconsciously looked towards the resuscitation room.

The door that was about to close, she saw the electrocardiogram that was about to turn into a straight line.

Even if she didn't understand medical science.

Li Jingwen also knew that it was a sign of imminent death.

For a moment, her body bones went weak.

If not for the quick eyes and hands of the bodyguard at the side, he almost fell to the ground again.

"Divine Doctor Chen, what's going on here!"

"Didn't you just say that my daughter had at least half a year left in her life?"

Li Jingwen asked with a weak expression as she forcefully suppressed her anger.

If her daughter's life was not in danger, she would have asked her bodyguards to take down this godly doctor who was full of nonsense.

If you don't have the ability, don't make a guarantee for your daughter's life!

"Eh, Mr. Li, I'll go check it out first!"

Divine Doctor Chen returned sheepishly.

One second he had sworn to guarantee.

He didn't expect the slap in the face to come so quickly!

"There's no need to look! It's just a waste of time!"

Lin Mo glared at the bodyguard.

“Don’t let go yet, are you going to watch your Miss die in the resuscitation room?”

The bodyguard didn’t dare to make a decision, and could only cast a questioning glance towards Chief Li.

Li Jingwen thought of Lin Mo’s words earlier and her gaze lit up.

Through the door, this young man had asserted that his daughter’s life was in danger!

Now it had come true!

It was like grabbing the straw that saved her life.

Li Jingwen turned to Lin Mo with a pleading gaze.

“Little brother, you must have a way to save my daughter, right?”

Lin Mo frowned and indifferently returned, “I’m just saying to give it a try!”

“Yes, yes!”

Li Jingwen nodded her head desperately.

“As long as you can save my daughter, I’ll be a cow and a horse for you!”

She said and made a move to kneel down and kowtow.

But the crowd only felt a breeze on their faces.

When they returned to their senses, Lin Mo had already disappeared from the spot.

The only thing that remained was the door to the resuscitation room, which slowly closed.

Proof that someone had just gone in.

“Chief Li, this hairy boy looks like he’s just being nonsensical.”

“People’s lives are at stake, at this time, you can’t mess up!”

Divine Doctor Chen advised to.

Although he didn’t believe that this Lin Mo could cure Missy.

He was afraid of the eventuality!

Where would his face as a divine doctor still be at that time.

“Shut up!”

Li Jingwen glared at him with eyes full of anger.

In order to heal her daughter, she had been trying to curry favour with this divine Doctor Chen.

Unexpectedly, in the end, what she got in return was indeed a life-threatening news.

At this point, she had completely lost her patience with the divine doctor Chen.

“Surnamed Chen, you’d better pray that this little brother can save my daughter!”

“Or I’ll have your whole family buried with you!”

Divine Doctor Chen’s face changed, “Mr. Li, this life and death, we as doctors can only do our best.”

“You can’t say that you blame all your daughter’s illness on us as doctors!”

Li Jingwen didn’t bother with its nonsense.

“That, you’d better talk to our family’s Old Qiu!”

This remark was made.

Doctor Chen woke up with a jolt.

In the past few days, Li Jingwen’s family had praised him to the skies.

So much so that he had forgotten his own identity and the horrors of this Li family!

Especially the old Qiu that Li Jingwen had spoken of.

When Divine Doctor Chen thought of this person, his body couldn’t help but tremble.

That was a ruthless person who had suppressed the three districts for almost thirty years.

“Chief Li, I was wrong!”

“You give me one more chance, I will definitely find a way to cure Missy!”

After saying that he directly knelt on the ground.

There was still reasoning to be done with Li Jingwen, but reasoning with her husband was an act of seeking death.

“Pull me down!”

Lin Jingwen’s face was full of indignation and disgust!

Without waiting for Divine Doctor Chen to speak again, the bodyguards at the side had already stepped forward.

One left and one right yanked him away from here!

The resuscitation room!

The medical staff, who were scrambling around, saw someone barging in and their faces instantly pulled down.

“Get out, who let you in!”

Lin Mo was clear on the operating table that the little girl didn’t have much time left.

He was too lazy to talk nonsense!

“Get out of here!”

He grabbed the back collar of an attending physician and casually flung it.

The hundred-plus pound strong man was instantly thrown out of the door.

Lin Mo raised his eyebrows after sweeping a circle.

“Walk by yourselves, or let me help them!”

The re-singing medical staff originally wanted to talk tough.

Only when they saw the attending physician outside the main door who was constantly moaning, several people shrank their heads.

They fled the place in a huff.

No one wanted to be next!

“Sister Li, is this kid really okay?”

The assistant asked with some concern as she looked at the medical staff who were fleeing one after another.

Li Jingwen’s heart, at this point, was also in her throat.

“Out of belief, is there anything else we can do?”

“As soon as he appeared, he concluded that Yi Yi’s life was in danger, there must be something remarkable about him!”

The thought of the daughter who would soon be gone.

Tears came to her eyes once again!

Lin Mo was not aware of what was going on outside.

At this moment, he was concentrating on preparing the silver needles.

In front of him, the little girl’s condition was almost exactly the same as Matthews’.

The only difference was that the little girl’s was more serious.

Not only had her divine consciousness sunk into the illusionary realm, her personality was also cracking open.

Under such circumstances, even if the little girl was cured, there would still be after-effects in the future.

With this in mind, Lin Mo not only delayed further!

The Art of Creation of Divine Needles, rise!

Dense silver needles rose up into the air.

Under Lin Mo's control, they entered the little girl's body with unparalleled accuracy.

Just as Lin Mo was about to introduce his aura into her body for treatment.

All the silver needles trembled violently.

There was even blood seeping out!

What?

Lin Mo's eyebrows locked together in a deadlock.

The Art of Creation Divine Needles had all failed?

This was the first time he had encountered such a situation since he had obtained this inheritance.

After retrieving all the silver needles.

A wisp of black Qi drifted out from the little girl's body.

The ancient aura contained within it was extremely familiar to Lin Mo.

He had sensed this aura during the car accident ambush not long ago.

"Could it be that the person behind the curtain also had ancient treasures at his side?"

After murmuring a sentence, Lin Mo's pulse on the entire incident became clear.

If he hadn't guessed wrongly, this little girl in front of him was the Director's daughter that Ma Bangde had mentioned.

At the same time, she was also the bait that lured Lin Mo into the trap.

Good calculation!

Unfortunately, the other party probably did not think that he was carrying the Tai Ah Treasure Sword, the divine weapon of killing and destruction.

Otherwise, this plot would have succeeded.

Thinking of this, Lin Mo tapped his chest.

Nine black shadows flew out in unison.

Using the Doklam Nine Needles, together with the Art of Creation Divine Needle.

The little girl's condition was also finally suppressed.

However, the aura of ancient rhythm that remained in her body could still not be eliminated.

If they wanted to cure it, they could only find the ancient treasure used by the other party and pull out this stubborn aura.

Lin Mo frowned as he summoned Li Jingwen into the resuscitation room.

"I have currently stabilised your daughter's condition!"

“But there’s something you need to decide!”

After Lin Mo introduced the little girl’s condition, Li Jingwen directly froze in place.

“Little brother, isn’t there, like, any other way?”

Lin Mo shook.

“For now, we can only keep one of your daughter’s personalities.”

With time running out, there was no time to find that ancient treasure.

Tai Ah was again the main attacker of the killing attack.

That biting sword qi was being said to the frail little girl in front of her now.

Even a martial artist might not be able to withstand it!

When it came to the matter of her daughter’s personality, Li Jingwen lost her mind for a while.

Dumbfounded, she looked at her beloved daughter and felt helpless.

Lin Mo could understand Li Jingwen’s mentality as a mother.

But the situation at hand did not allow them to delay.

“Hurry up and make a decision!”

“If you delay, your daughter’s body won’t be able to support her!”

Lin Mo urged.

Although the Doktor Nine Needles were there to suppress it.

However, the little girl’s body was extremely fragile and simply could not withstand the clash of two forces.

“Little brother, I don’t know!”

Li Jingwen shook her head helplessly, her face full of tears.

Whichever one was removed, it was equivalent to fixing one extreme character of her daughter.

Extremely good and extremely evil!

“Old Qiu, where did you die?”

At her most powerless moment, the only thing she could think of was her husband.

Seeing that time was also getting tighter and tighter, Lin Mo was secretly anxious.

Just as he was about to hurry, the door to the resuscitation room was suddenly pushed open.

“Master Mo, I’ve finally found you!”

Ma Bangde walked in with an anxious face.

He was followed by a middle-aged man a few years older than him.

Only this man’s face was red and his eyes were covered with blood.

It was obvious that he had just suffered an internal injury!

“Director Qiu, this is the Patriarch Mo Lin Mo I was telling you about!”

At his introduction, a look of surprise flashed across Director Qiu’s eyes.

Patriarch? So young?

With shock, he was just about to greet him.

Instead, Lin Mo slapped his palm away.

“Don’t dawdle!”

“Your daughter is in a dangerous situation.”

“Do you want him to be an extremely worthy evil person in the future, or an extremely worthy good person!”

Lin Mo gave a direct choice.

After Li Jingwen gave a quick and simple explanation.

Director Qiu hadn’t expected his daughter’s situation to be so dangerous already.

He skimmed at the soon-to-be-leveled ECG.

There simply came no time to allow him to ask more questions.

After his face changed for a while, he gritted his teeth.

“Extremely evil people!”

Instead of being bullied, it was better to bully others.

There was no judgement on his choice, he was only responsible for saving people.

“Ding!”

With a crisp sound, Tai Ah was sheathed.

In an instant, the entire resuscitation room was awash with sword energy.

On the side, Ma Bangde asked reluctantly against the pressure.

“Patriarch Mo, isn’t there the slightest way out?”

If Qiu Yi Yi could be saved intact.

Director Qiu would owe them a great favour.

At that time, their resistance to unifying the three regions would also be much less.

Lin Mo shook his head, "Unless we can find the thing that hurt people, there is no other way!"

After saying that, he raised his Tai Ah and prepared to overwhelm that ancient rhyming black Qi inside the little girl.

"Wait!"

Ma Bangde bellowed to stop it.

"Mr. Mo, is this thing the thing that you said hurt people!"

Lin Mo was originally a little discontented.

He still had the heart to think about accepting favours at a time like this.

However.

When he turned around and saw the broken mirror in Ma Bangde's hand, his expression suddenly turned wonderful.

Lin Mo grabbed the ancient mirror and confirmed it carefully.

That's right!

Although the ancient mirror was in a tattered state, the aura it contained was exactly the same as the aura within the little girl's body.

I'm cutting the gra*s!

Was this old horse the Son of Heaven's Destiny?

He could even find this thing!

With this ancient treasure, healing the little girl became a lot easier.

An aura was struck out to activate the ancient mirror.

A stream of black qi flew out and was sucked into the mirror body by the ancient mirror without a drop.

Not long after!

The ECG 'dripped'!

The little girl's heartbeat became stronger and stronger.

"Well, it won't take long for your daughter to wake up."

"However, during this period of time, she needs to recuperate and tune up her body!"

A few simple words of explanation were given.

Lin Mo took the ancient mirror into his arms!

This was the first time he had seen an ancient treasure other than Tai Ah.

Although it was already broken and had no usefulness at all.

But it had excellent research value.

“Patriarch Mo, no words of thanks for your great kindness, I will remember you for the rest of my life!”

Director Qiu held his wife and bent towards Lin Mo in excitement.
