Medical Genius Unspeakable Marriage Chapter 3881

After waiting for Lin Mo's command to wait for notification.

Black Rose left the council chamber in a trance.

Originally, she had only wanted to stay and eavesdrop on what kind of medicine Director Qiu was buying in his gourd.

Unexpectedly, this move had taken her right into it!

Thinking of this man who was like a demon on earth, Black Rose could not help but shiver.

The pace of her feet couldn't help but quicken.

Inside the Council Chamber.

Ma Bangde looked at her departing back, his heart still indignant.

"Patriarch Lin, this b*tch doesn't look like a good person at first glance."

"If she leaks out our plan, it'll be the end of the road!"

As he said this over here, he never took his eyes off the Black Rose in the distance.

As long as Lin Mo nodded, he would go after her with his sword and chop up the old b*tch.

Unfortunately, he was disappointed after all.

"No harm, words may lie, but emotions don't."

Lin Mo's declined his offer.

"She's scared of death!"

"A person who is afraid of death should know what to say and what not to say!"

Ma Bangde could only, secretly, sigh when he saw that it was hopeless to make a move.

What an opportunity!

This b*tch is hidden in the council chamber, even if she dies, no one will know about it!

"I'll go and see what's going on with the Cang Ying Gang first."

"The two of you can start that platoon of henchmen to secretly search for the patriarch's trail.

"As for the Black Garden side, don't have too much dealings with them at the moment unless necessary."

Ma Bangde was out to avenge his son and grow the Sword Cult at the same time.

Director Qiu was there because of the saving of his daughter's life and the safety of his family.

But Black Rose was different, obediently submitting solely because of the danger of death.

Although the means were employed, understanding did not sink in, and what should be avoided should still be avoided.

"Patriarch Lin, what about the arrangements for the other major powers?" Director Qiu asked after him.

Lin Mo hooked up the corners of his mouth and revealed a wry smile.

"Don't they not believe that a Patriarch exists?"

"I'll kill a chicken to show these monkeys!"

The duo suddenly shuddered as they looked at Lin Mo's smile.

It seemed to be something that came to mind.

Director Qiu secretly mourned for Cang Ying in his heart.

.....

Into the night.

A figure crossed the night sky.

A light body swept by at speed.

In less than half an hour, Lin Mo arrived at his destination.

At this time, the Cang Ying Gang was brightly lit up.

The guards who were constantly patrolling surrounded the entire manor to the touch.

But such a defence was full of loopholes in Lin Mo's eyes.

If not for the fear of alerting the snake.

Lin Mo could have even taken the dog's head of the gang leader, Eagle Head, without knowing it.

After observing a bit.

Lin Mo opened his secret technique, Six Senses.

In a flash, everything within the Cang Ying Gang was netted to his eyes.

After patrolling for a few seconds.

Lin Mo suddenly froze.

He had seen someone he knew!

Deep within the manor!

The leopard slave changed Tan Lan's bandages with a fury full of anger.

“Third Brother, I’ve already contacted a few other brothers!”

“They’ll be over in the next few days, and when they do, we’ll make sure to shred that brat to pieces.”

“Avenge Seventh Sister!”

By the end of his sentence, he had gritted his teeth.

The thought of the tragic death of Yin Yu also instantly deprived him of his face.

This was the seventh sister that several of them had favoured the most!

Tan Lan’s face was pale, and his gaze was not as soulful as before.

Not only had he lost the organisation’s greatest treasure, but he had also gotten Silver Jade killed.

Looking at his empty left arm.

Instantly, anger flared up.

His heart was in a hurry and he couldn’t help but cough violently.

“I will make that brat’s life worse than death!”

Initially, they thought it was just an easy operation.

Little did they know that they would suffer such a great loss.

“If I don’t take revenge for this, I swear I won’t be a man!”

Tan Lan lowered his head and his low voice was like the roar of a ferocious beast.

The next second he suddenly lifted his head and looked into the dark night sky in the distance.

Medical Genius Unspeakable Marriage Chapter 3882

“What’s wrong with Third Brother?”

Leopard Slave asked after noticing the difference.

Tanlan’s brow furrowed.

“I seem to sense something spying on us?”

In that moment just now, he had the feeling of being watched.

It only disappeared in the blink of an eye.

“It can’t be!”

“Third Brother, this according to the land, only that old thing knows!”

“Can’t it be done and he dares to betray us?”

Pao Nu spoke confidently.

When Tan Lan thought of the old eagle head's greedy and ambitionless character, he also felt that this man would not dare to betray them.

"Maybe it's my illusion!"

Tan Lan shook his head, only thinking it was an illusion after he had been seriously injured.

There was no dwelling on the matter.

The leopard slave also continued to deal with Third Brother's broken arm.

It was just that the sword was too terrifying.

Even now, the wound still had a terrifying sword energy left in it.

It was simply impossible to heal it.

One could only forcefully stop the bleeding.

"Where's someone, bring over some more bandages!"

The leopard slave bellowed.

Soon afterwards a subordinate walked into the room with his head bowed and brought a large pile of healing medicine.

"Stand down!"

The leopard slave ordered in a muffled voice after receiving it.

However, when he finished, the subordinate remained frozen in place, not moving a muscle.

"b****d, I said, get, out, go!"

If it wasn't in someone else's territory, the leopard slave would have slapped this unintelligent lackey to death.

"You didn't treat this wound right!"

Amidst the fierce gaze of the leopard slave, the subordinate suddenly spoke up and reminded.

"The wound will never heal until this sword qi is removed!"

Tan Lan dropped his face and said only one word.

"Get lost!"

The subordinate said this point they naturally knew.

It was just that, bitterly, the sword qi was too overbearing.

With the strength of the two of them, there was nothing they could do against it at all.

Wait!

Tan Lan's body suddenly stiffened, suddenly feeling familiar with this subordinate's rawness!

“You raise your head!”

The leopard slave also realised that something was wrong and secretly clenched his iron fist.

Ready to strike at any moment.

Under the cautious twilight of the two men.

The subordinate took off his hat and stood up straight.

A familiar face then appeared in front of the duo’s eyes.

“Molin!”

Tan Lan’s gaze shrank and his face instantly changed drastically.

How could he have found this place.

“Hehehe!”

Lin Mo showed his teeth and smiled.

“Not bad for being alert haha, deserves praise!”

Earlier, he had been a little wary of the Third Brother that Silver Jade had spoken of.

Unexpectedly, this person had already had an arm broken by his own sword qi.

Thinking about this, Lin Mo couldn’t help but tsk and shake his head.

“Were you the one who ambushed me before?”

“This won’t work for you either, even if you failed, you’ve become Yang Gui yourself.”

Isn’t this just stealing a chicken and losing the rice!

Tan Lan’s face darkened, and his anger grew a few notches more.

“What do you want?”

He knew that his body was in a state and that he only had five or six tenths of his strength left.

So he secretly gave a wink to the leopard slave, signalling him to act according to his opportunity.

These small movements were also in Lin Mo’s eyes, but he didn’t point them out.

Instead, he smiled and said.

“You guys aren’t hiding enough!”

“I, for one, just want to beat you all to death, or be beaten to death by you!”

“By the way, where’s that p*ssy who likes to use illusions!”

Now that they’ve found them, it’s like f*cking them to death!

At these words, the two of them paled.

In the watcher's opinion, Lin Mo was deliberately provoking super them!

Tan Lan was just about to say something back to delay and prepare to make his move.

But the first word that popped out was, f*ck!

He had never expected that an expert like Lin Mo would engage in a sneak attack.

Faced with an ever-expanding fist.

Tan Lan raised his hand and took it hard.

As the two fists met, Lin Mo only felt as if his fist had hit cotton.

In the next second, his heart suddenly tightened.

His feet retreated repeatedly.

This Tan Lan's strength was extremely small, and could even be said to be no better than an ordinary martial arts practitioner.

However, this person's bizarre ability did work directly on the soul.

After the exchange of blows.

Lin Mo actually felt a little dizzy.

Interesting!

Medical Genius Unspeakable Marriage Chapter 3883

Deep inside the Cang Ying Gang's estate.

When Leopard Slave saw Lin Mo's leak, he stepped forward.

He threw a fierce jab like a siege hammer and punched Lin Mo straight in the chest.

With this punch, Leopard Slave had struck with all his might.

If he had been hit, even a strong master would have perished on the spot.

Facing this fatal blow.

Lin Mo did not panic in the slightest.

With his right foot retreating, he easily dodged it with a floating side-stance.

The jab with the sound of a sonic storm grazed his clothes and only pa*sed through.

"Not bad strength, just a bit slower!"

The leopard slave heard the mocking sound and was just about to lash out.

Face to face, a slap had already fallen.

Slap!

With a crisp sound, the leopard slave was directly slapped away, not having time to react at all.

“You’ve become stronger?”

The leopard slave got up, covering his puffy cheek, and asked in surprise.

It had only been a few short days since the last time they fought.

He was surprised to find that Lin Mo was faster.

“I have to thank your good third brother for that!”

Lin Mo turned his head and said with a raised eyebrow towards Tan Lan.

Any cowardice had been decimated, and his state of mind had been boosted by several points.

Strength naturally went up quite a bit with the water.

b*****d!

Tan Lan inwardly cursed angrily.

The original plan to ambush Lin Mo had failed, and that was fine.

He never thought that it would help him grow in power.

“Kid, come to my death!”

Tan Lan contained his anger and slapped out a palm with one hand.

Martial skill, Soul Swashbuckling.

What he didn’t expect was for Lin Mo to charge head-on, intending to fight him hard.

Pang!

As the two palms tried to clash, Lin Mo once again retreated several steps.

His face was faintly white!

His brain was also in a trance.

How could the leopard slave miss such a good opportunity.

The veins beneath his feet burst out.

The floor cracked.

The leopard slave’s figure was like the wind and he arrived in front of Lin Mo in an instant.

With his hands clasped together, he smashed down heavily.

Martial skill, Tiger Cannon!

After Lin Mo regained his senses, he immediately crossed his arms and held them against his body in a deadly manner.

A moment of exchange of hands.

Lin Mo only felt his hands go numb.

The terrifying force even blew him straight away!

The wall was also like a paper mache, collapsing instantly the moment it came into contact with Lin Mo.

At the same time.

The loud sound also drew in the members of the Cang Ying Gang.

“What kind of person?”

“How dare you go up and trespa*s on my Cang Ying Gang!”

The sound of dense footsteps came.

The house was instantly surrounded by rifle-wielding members of the gang.

The black muzzles of the robberies were pointed dead on the door of the house.

Only Tan Lan and Leopard Slave didn’t even bother to look at this group of people.

The duo just quietly stared at the dusty sky in front of them.

“Third Brother this kid has been hit by my punch, he’ll be half crippled if not dead.”

“I’ll go and take him down!”

The leopard slave was about to make his move.

Beside him, however, Tan Lan stopped him.

“Wait!”

“This kid is weird as hell!”

“Be careful of his sword!”

When he had attacked Lin Mo in an ambush earlier, that stunning sword was still fresh in Tan Lan’s mind.

Such a killing move’s had not been made yet.

There was no way this brat would fall so easily.

As expected.

As the dust slowly cleared away.

Lin Mo’s figure was also revealed in front of everyone’s eyes.

Only at this moment, there was an additional hideous mask on his face.

“Kid, don’t deceive yourself and others.”

“Putting on a mask and thinking that we don’t recognize you?”

Obviously.

Hitting Lin Mo had boosted Leopard Slave’s confidence.

He also had more confidence to speak.

Lin Mo ignored him.

He just reached out and hooked his finger.

“Come!”

Through the mask, one could clearly see Lin Mo’s scornful eyes.

After Tan Lan and Leopard Slave looked at each other behind them , the two of them nodded secretly.

Since they had come to the door.

Then it was time for Seventh Sister’s revenge to be avenged.

They felt it was impossible to let Lin Mo or leave today.

The original place.

The people of the Cang Ying Gang, seeing that several people did not speak about their brothers in their eyes.

Anger suddenly.

The Cang Ying Gang actually you guys can come and go whenever you want.

“Fire!”

The words fell.

Countless tongues of fire poured out.

Medical Genius Unspeakable Marriage Chapter 3884

Under the night.

The dense bullets were like raindrops.

The bullets were fired at the three of them.

But when the bullets came close to the three of them, it was as if there was an invisible wall.

All the bullets were deflected.

The bullets did not invade, the shells did not hurt.

This was a Zong Shi!

The crowd's eyes widened as they just reacted.

A cold snort came from the sky.

"Noisy!"

All the guards on the ground only felt a mental shaking trance.

Consciousness instantly died out.

When the old eagle head learnt of the battle taking place deep within the manor.

His face was instantly white.

He was originally worried that too many people knew about it.

Leaking the traces of the several Patriarch Lords.

Only then did he arrange Tan Lan and Leopard Slave deep in the backyard.

"D*mn it, didn't Lao Fu give a deadly order?"

"Except for the serving staff!"

"Everyone is forbidden to go near there!"

The henchman scowled and explained in an urn.

"It was a battle that took place over there, and the men followed it!"

Hmm?

The eagle-head's brow knitted.

A battle!

Had it been a nest?

With such doubts.

The old eagle-head rushed to the scene even as he rolled.

Only just as he walked in, his expression once again changed drastically.

In front of his eyes.

Hundreds of Cang Ying Gang's elites were all hidden on the ground in a heap.

The men went up to check them out.

"Gang master, they they are all dead!"

Dead?

The old eagle head looked at the bullet heads all over the ground, and then looked not far away, at the three people who were emitting a monstrous aura.

He seemed to have thought of something.

This dense fear leaked from his tiny gaze.

These foolish pigs, they dared to make a move against the Patriarch.

And there were three of them!

Thinking of this, the eagle-head just wanted to save this group of stupid pigs and kill them all over again.

The line of sight returned to the battlefield.

Both sides faced each other.

“Third Brother, can I let go of my hands?”

After arriving at Death Island again, Leopard Slave and the others had been worried about their tracks showing.

Their previous actions or battles had been fearful.

Now, in order to avenge his seventh sister Yin Yu, Leopard Slave could not help himself.

“Yes!”

When he waited for Tan Lan’s reply.

Leopard Slave laughed loudly!

“Kid come again!”

“See if I don’t blow you into mush, grandpa.”

After speaking, the leopard slave’s muscles rose.

The entire person once again plucked up to about ten feet tall and once again transformed into a fierce beast.

Although Lin Mo had seen this b*****d explode his clothes before.

But this time, the aura had clearly increased several times.

Under the extreme power, the air around this burly man seemed to distort.

Beneath his feet.

The land around the centre of the leopard slave was constantly undulating like a wave.

The ground within a radius of a few hundred metres seemed to be ploughed over more than a plough.

Those Cang Ying Gang members nearby, after coming back to their senses, were just about to flee.

Only before they could even take a step, they were instantly shaken to death by the aftershocks.

The old eagle head looked at the stalwart figure not far away and his legs kept swaying.

For the first time in his life, he felt the oppression of a Patriarch up close.

It was as if he was a lamb facing a lion.

It was, well, terrifying!

“Hahahaha, Third Brother, I’ll go and move my muscles first!”

The leopard slave laughed out loud before slightly bending his torso.

His thick thighs only stomped on the ground.

The figure instantly disappeared.

In the original place, only cracks like cobwebs remained.

Lin Mo faced the imposing Leopard Slave, and a long-lost look of seriousness appeared on his face.

In the previous encounter, both sides had some scruples.

They had been suppressing their strength.

This time, both sides had a reason to kill each other again.

There was no need to cover up.

Everything that happened here was also transmitted by the spies hidden in the shadows.

“Patriarch, a strong man has appeared!”

The news came out.

The leaders of the ten major powers in the three districts moved at the news.

They moved forward to the vicinity as fast as they could.

Only the closer they got to the battle scene, the stronger the invisible oppressive feeling became.

It was like a large knife hanging in the air, getting closer and closer to the backbone.

Medical Genius Unspeakable Marriage Chapter 3885

The scene.

Lin Mo takes up a fighting stance.

White family, loose hands!

The ca*serole-sized fist that met his face continued to enlarge.

Lin Mo twisted his body and brought his arm directly to meet it.

The two fists clashed.

The deep clash sounded like thunder on dry land.

A violent hurricane was set off directly from the ground, scattering dust and dirt in all directions.

Wherever they passed, trees and buildings alike collapsed like tofu in an instant.

The next second.

A human figure flew out backwards.

Lin Mo landed on his feet and skidded for a distance of nearly a hundred metres before he could stabilise himself.

The strength of this strong man was truly terrifying.

However, seeing Leopard Slave's face of surprise, he secretly rubbed his arm.

Lin Mo smiled faintly.

Having eaten the dark strength of the scattered hands, the other party was obviously not taking it well either.

Just as Lin Mo was pondering.

Amidst the dust, a figure came to kill again in death.

Although Tan Lan only had one arm left, his speed was not slow at all.

Martial skill, Soul Suppressing Palm!

The silvery arm slapped straight down towards Lin Mo's head.

Lin Mo was just about to dodge when his consciousness suddenly shook more than once.

His body also froze for 0.1 seconds at this moment.

Although the time was very short.

But for an expert, it was already enough.

When Lin Mo came back to his senses, Tan Lan's attack was already close at hand.

Although he tried his best to dodge it.

But the blow still landed on his shoulder.

Poof!

Lin Mo felt a fishy mouth and nose, and a mouthful of blood spurted straight out.

The leopard slave took advantage of this gap and attacked again.

The air trembled.

His figure disappeared.

When he reappeared, he had already arrived behind Lin Mo.

“I’ll see if you’ll die until you do?”

There were no martial skills, nor was there any spiritual power.

After Leopard Slave shouted angrily, he relied on the strength of his flesh and swung his fist violently, smashing heavily on Lin Mo’s back vest.

The injury was added to the injury.

Lin Mo’s mask was already starting to seep a scarlet red.

The two men did not stop.

After Lin Mo was hammered away by the leopard slave.

Tan Lan followed the momentum and immediately complemented the attack.

Swinging his palm.

Heavy strike!

Lin Mo flew backwards once more.

At this moment, he was completely like a badminton.

Being struck back and forth by the two.

Seeing that the shape was almost there, the silver light in Tan Lan’s palm became even more dazzling.

A palm imprinted on Lin Mo’s chest.

Lin Mo was directly smashed to the ground.

After rolling in a few circles, he didn’t move a muscle.

Life or death was unknown!

“Third Brother, that was too much!”

“I’m going to finish him off now!”

This time Tan Lan did not stop.

Earlier, he was worried that Lin Mo was harbouring a bottom card.

But right now, looking at Lin Mo’s stance, he was already half dead and wouldn’t.

How could he still have the strength to swing that supreme sword again.

Such a terrifying sword move should not be able to be used continuously in a short period of time.

Tan Lan rea*sured himself.

The leopard slave walked up to Lin Mo’s body.

“Seventh sister, Third Brother and I, we have defeated our enemy for you by hand.”

“You rest in peace!”

After a sigh, his eyes were covered with killing intent.

A sonic boom rang out in the air.

The wind of his fist was like a shadow, falling straight down.

If one was struck by this punch, he would surely perish on the spot.

Boom!

The sound of thunderous impact shot up to the clouds.

The compacted earth was instantly smashed into a two-metre-deep hole.

However, there was no joy on the Leopard Slave’s face.

In front of him, Lin Mo had actually disappeared!

“Be careful!”

Just as he was puzzled, Tan Lan suddenly shouted out.

Instantly, the leopard slave sensed the fluctuation of spiritual energy behind him.

He didn’t have time to be puzzled and turned around with a fist blast.

Only this time, a palm, easily, resisted his attack.

“Had enough of the fight?”

Leopard Slave looked at the hideous mask, a look of disbelief written all over his face.

Under these successive attacks from himself and Third Brother.

How come this kid looked as if nothing was wrong?

The most terrifying thing was that this punch of his own had been blocked so easily.

“Kid, don’t pretend to be a fool for me.”

Leopard Slave bellowed and prepared to close his fist.

Only in the next second, his face changed drastically

Medical Genius Unspeakable Marriage Chapter 3886

Lin Mo snapped his five fingers!

The ca*serole-sized fist was directly locked in his palm in a deadlock.

The leopard slave realised that something was wrong and lashed out again.

Only it was over!

A wave of dark energy, like a wave of the sea, punched into his arm one after another.

The rock-solid muscles kept pulsating.

The next second!

There was the sound of bones cracking in the air.

The panther slave, who had just been arrogant, couldn't help but hiss as

Lin Mo directly crushed the bones of his hand.

At the same time Tan Lan's attack also came at this moment.

Lin Mo's afterimage glanced away.

A flash of silver light from a rumour had appeared beside him.

"Only this one move?"

As the words fell to the ground, Lin Mo raised his other arm.

Magically, a bizarre silver light was also glowing above his palm.

Tan Lan, who was sneaking up on him, couldn't help but shrink his gaze.

How was this possible?

Two palms clashing!

This time, Lin Mo stood steadily in place.

On the contrary.

Tan Lan, however, was lifted off the ground by several dozen metres.

Getting up again.

Tan Lan's face was pale.

"You"

Raising a trembling finger, he had an incredulous look on his face.

The divine sense attack technique that he was proud of, this kid actually knew it.

"Is this hard?"

Lin Mo finished with disdain in his eyes, but the movements in his hands did not pause in the slightest.

All that could be seen was the reappearance of silver light.

The leopard slave that he had locked up, with a muffled grunt, fell straight to the ground.

There was no power to counter the pit.

“It’s your turn!”

Lin Mo flung his hand off the leopard slave and stepped towards the one-armed Tan Lan.

At this moment, Lin Mo was completely different from the previous state where he had been beaten up.

It was as if he was a different person.

“You did that on purpose?”

Tan Lan’s face changed and a clarity flashed across his eyes.

His duo attack with the leopard slave was going too well.

So much so that it made him forget that Lin Mo had never made a single sword strike from the beginning to the end.

Was this possible for a sword cultivator?

“Only now?”

Lin Mo shook his head and righted the mask on his face.

“That’s a good attack you’re using!”

“Very moist~”

As the words fell to the ground, a monstrous hostile aura rose up from the ground.

The first moment he fought with Tan Lan, he felt that this divine sense attack method was good.

That was why he had deliberately, taken such a poisonous beating.

The purpose was to learn this skill.

Now that he had learned it, there was no need to keep them.

Tai Ah was sheathed.

The violent hostile Qi plus the biting sword Qi intertwined with each other.

The space around them all seemed to distort at this moment.

Tan Lan swallowed his saliva.

He had always been wary of Lin Mo’s most powerful sword technique.

But he had never thought about Lin Mo’s own terrifying strength.

Just by glancing at him, he couldn’t help but feel a palpitation in his heart!

What Tan Lan did not know, however, was this.

It was his ambush that had decimated Lin Mo’s cowardly personality.

It led to Lin Mo’s full strength advancing again.

The core of the Sword Dao is to go forward with courage!

The wind and clouds surged!

A sudden gust of wind blew the clothes of the two of them with a swishing sound.

Lin Mo took a few steps and then swung.

Invisible sword qi whistled out.

Seeing Tan Lan dodging in distress

Lin Mo did not care, as he walked and waved his Tai Ah.

A stream of sword qi was chopped out continuously.

At this moment, Tan Lan, who was constantly dodging, had completely turned into a mouse being teased by a cat.

With a broken arm, his own strength was greatly reduced.

Now, in the face of this intense attack, he could only be tired of fighting.

Only if he defended for a long time, he would lose.

In a moment of panic, the sword Qi grazed his cheek.

His ear was instantly cut off, along with his scalp.

Bright red splashed everywhere.

Lin Mo did not have the slightest intention of stopping.

The speed of his moves became faster and faster.

The attack also became more and more severe.

Seizing the opening, Lin Mo dodged and instantly closed in.

Without waiting for his opponent to react, his palm was already pressed against Tan Lan's chest.

A flash of silver light!

Tan Lan spat out blood with a resigned look on his face and was instantly lifted off his feet!

Medical Genius Unspeakable Marriage Chapter 3887

The battle subsided.

The eagle-headed man climbed drowsily to his feet.

Looking around.

The old eagle head's face changed dramatically.

What was once a grand manor had now been reduced to rubble.

As far as the eye could see, there was only a wreckage.

And thousands of Cang Ying Gang elites had been directly shaken to death by the aftermath of the battle.

The most terrifying thing was that the two Patriarchs who had promised to help him unite the three districts had also fallen to the ground at this moment.

It was unknown whether they were alive or dead!

The entire Cang Ying Clan had now turned into a field of death.

“How are you still alive when all your men are gone.”

Just as the old eagle head was in shock, a figure rang out behind him.

His body trembled and he twisted around to look in horror.

Behind him, the man with the ghost mask was standing quietly not far away with his long sword in hand.

“I

The eagle-head was just about to say something when he suddenly felt a whirlwind of heaven and earth.

As his consciousness faded, he saw his headless corpse.

In the distance, the people who were secretly watching the battle could not help but feel alarmed.

Even at a distance of tens of thousands of metres apart.

The sense of pressure on the battlefield still made their chests tighten.

“Is this the clan master powerhouse?”

Black Rose swallowed with a face full of horror.

Although he had tried his best to control it, his heart was beating violently without control.

As for the other few power lords, the situation at this moment scared them too.

Previously, they had only felt that clan masters were powerful.

Now that they had seen the terrifying scene of a clash between clan masters.

Only then did they truly realise the kind of awe that came from their bones.

It was too strong!

The number of experts of this realm was really just a number!

“Director, is that masked man the strongest of the clan masters that you have invited?”

Wang Changxing, the Heaven’s End Pavilion Master, asked.

This was also what several other people wanted to ask.

With one against two, they had even killed the other party in return.

Such terrifying strength drove them to deep despair.

Director Qiu took a deep breath to calm himself down.

At the beginning of the battle, he had thought that Lin Mo was going to be strangled by the combined strength of his opponents.

He didn't expect the change to come so quickly and for Lin Mo to be so strong.

After calming down for a while, Director Qiu snorted coldly.

"That's natural, what, you guys are thinking that I swindled you all?"

Waiting for such a return.

Several of the power lords present had their own petty thoughts within their hearts.

If all the powers in the three districts were to unite, coupled with such experts sitting in the town.

It might not be that difficult for them to unite the three districts to unify Death Island!

Thinking of this, the eyes of the people glowed.

The fear that had been in their eyes had dissipated.

Instead, there was a hint of anticipation.

Seeing this, Director Qiu also understood that the time was ripe and spoke again.

"I don't know how everyone has considered the matter I raised earlier about the union?"

The moment the words left his mouth.

Black Rose then immediately chimed in.

"Director, we at Black Garden are willing to unite."

Her little life was still in Lin Mo's hands.

This was the right moment to behave.

As for the other few power lords, having seen such a terrifying engagement, how could they dare to hesitate.

Didn't they see that eagle head that fell to the ground?

"Director I have no problem with this, joining forces is mutually beneficial, and I, the Sky's End Sea Pavilion, am also willing to join forces"

"I am also willing!"

.....

In just a few seconds, everyone echoed.

Among them, those with ulterior motives even proposed.

“For the strongest of the clan masters, we are also still yearning for them.”

“Director, I wonder if you can introduce us to some?”

This question was exactly what the crowd wanted to ask.

Director Qiu pondered for a while, neither agreeing nor refusing.

“This

“I don’t know, whether Senior Sovereign is willing to do so, I still need to ask Senior’s opinion.”

“I should, I should!”

Just as the crowd was responding one after another.

There was a sudden movement from behind several people.

“There’s no need for later!”

Only Lin Mo appeared in front of the crowd with Leopard Slave in one hand and Tan Lan in the other.

Medical Genius Unspeakable Marriage Chapter 3888

Silence!

The power lords looked at the blood-covered body, as well as the two Patriarchs who were unaware of their lives and deaths.

The scene fell into a deathly silence.

Even if a silver needle fell on the ground, it could be heard clearly.

Everyone in the room held their breath.

And this was exactly the result Lin Mo wanted.

Originally, he could have acted in secret and taken down Tan Lan and the leopard slave as quickly as possible.

But in order to make an example of the power lords of the three districts.

He had purposely made the battle even louder.

As for Tan Lan’s divine stone attack, it was entirely thought to be a harvest.

Lin Mo’s own divine sense was incredibly powerful.

It was just that he lacked a key to bring it into play.

Now, Tan Lan had personally delivered it up for him.

Moreover, this one had helped him stand to extinguish his cowardly personality, and his strength had increased greatly.

Lin Mo took a look at his right hand unconscious and couldn't help but sigh.

What a good man!

On the opposite side, a group of power lords, still dumbfounded.

The slippery words they had thought of before.

After seeing Lin Mo, however, they suddenly couldn't say them at all out of fear.

Luckily, Director Qiu had a delicate mind and spoke up to ease the awkward atmosphere.

"Senior, they have already agreed to the matter of union!"

"Good!"

Lin Mo nodded his head.

"There are people behind these few people, so take care of yourselves!"

"The matter of the union will be left to Old Qiu to preside over, do you have any opinions?"

As his gaze swept across, how could the remaining few power lords dare to meet their gaze.

They all bowed their heads and dodged, and agreed in one breath.

"Hm! Very good!"

After Lin Mo nodded in satisfaction, he disappeared from the area with the two unconscious clan masters in his hands.

A long time later.

Only then did a few people dare to take a big breath.

Patriarchs, they were too terrifying.

Just by facing it, a few people did not dare to breathe aloud.

"Director Qiu, is what Senior just said true?"

"There are other Zongshi coveted by our three districts?"

Pavilion Master Wang Changxing asked with a palpitating heart.

Director Qiu gave him a cold glance.

"You think senior, lying to you?"

"No, no, no!"

Wang Changxing waved his hands repeatedly.

“I’m just worried!”

“If there are other Patriarchs in District Three, I’m afraid we won’t have peace!”

The others beside him nodded along and agreed.

As long as they had the will, it was easier than crushing ants for a strong patriarch to kill them.

Director Qiu did not reply, but only gave Ma Bangde a look.

The latter understood and immediately stepped forward to speak.

“A bunch of goons!”

“Since you guys are so afraid of death, you should even seize the time and prepare to unite!”

“When the time comes, once we find them, Senior Lin will naturally strike to destroy them!”

In response to Ma Bangde’s rebuke.

The crowd was not the least bit angry.

Instead, they had joyful faces and spiritual expressions.

“Sect Master Ma has a point, let’s prepare as soon as possible!”

With that, several power lords left the place as fast as they could, each rushing to their own power.

.....

On the other side.

Lin Mo brought the unconscious duo with him to the secret room in the headquarters of the Blade Sect.

As the silver needles didn’t enter.

The duo came to their senses at the same time.

As soon as the leopard slave saw Lin Mo, his eyes widened in anger.

However, when he was about to make a move, his complexion turned pale.

“Ah!”

“b****d, you actually nullified my cultivation!”

A desperate and angry hiss echoed continuously in the secret room.

All that answered him was a crisp slap.

“Now, I’ll ask, you speak!”

“Understand?”

The slapped leopard slave didn’t answer him back, still glaring at him with a deadly glare.

“What organisation do you come from? Power situation?”

“And where did that illusionist b*tch die?”

Lin Mo had left them alive because he wanted to understand the strength behind them.

Tan Lan was very strong, and if not for his broken arm, Lin Mo would not have been able to take him down so easily.

And he was only the third in line.

There were still the eldest two above him.

If he knew more, he would have a better chance of winning when they fought in the future.

Blade Sect, inside the secret room.

After Lin Mo finished asking, the leopard slave glared angrily at his eyes.

“Hehe, if you want to know about our organization, ask your mother!”

“Heh te, kill me if you have the guts!”

Lin Mo dodged the mouthful of bloody spit sideways and laughed coldly.

“Satisfy you!”

With a poof, the leopard slave’s head fell to the ground.

“It’s your turn, Third Brother!”

Lin Mo turned around and placed Tai Ah against Tan Lan’s throat.

“Speak or die, it’s your choice!”

Tan Lan stared at the corpse of the leopard slave in a daze, the corners of his mouth suddenly hooked.

“You’ve won, come on!”

“When my big brother comes, you can ask him again!”

The blood stains all over his face rendered his smile extremely terrifying.

Lin Mo shrugged his shoulders indifferently.

“Even if you don’t say anything, there will be telling me!”

“I merely wanted to save some trouble.”

Tan Lan laughed harshly, “You fart!”

“Trying to get information out of someone from our organisation, delusional!”

Lin Mo looked at his smug expression and smiled faintly.

“Crystal Skull!”

The simple four words caused Tan Lan’s face to instantly change.

“How do you know?”

The Crystal Skull was the top top secret of the organisation.

Ever since that betrayal incident, after it was over!

The entire organization up and down, only the seven of them brothers knew about it.

“Wait!”

Tan Lan’s expression stalled and his face changed in shock.

“You’ve seen that traitor?”

The three of them had come here precisely because they had received news.

The traitor who stole the Crystal Skull was hiding in District Three.

It was just that District Three was too big and there were too many people.

Plus that traitor, was extremely cautious.

In a sea of people, trying to find him would be like looking for a needle in a haystack.

That was why they planned to unite all the forces in District Three.

The purpose was to launch a carpet search.

Unfortunately, they had met Lin Mo.

“You are very clever!”

Lin Mo nodded with a few moments of appreciation.

“So even if you don’t tell me, I can still know from the mouths of others.”

“How about this, just tell me everything you know and I can keep you alive!”

The words fell.

The atmosphere in the foraging also fell silent.

Only after a long time was it broken by Tan Lan’s miserable laughter.

“Leave me alive?”

“Let me live like a waste?”

Seventh sister Yin Yu was dead, and fifth brother Pao Nu was also dead.

His entire cultivation was ruined.

The thought of living had long since gone.

Tan Lan's gaze when he looked at Lin Mo again was extremely calm.

There was no anger, nor was there hatred.

There was only a dead silence.

"If you want to know information about our organisation, go ask some of my other brothers!"

"Hahahahaha!"

The laughter was loud, but carried a bit of desolation.

Lin Mo didn't know, what was this b*****d mad about.

Patiently, he tried to ask for traces of Yin Yu.

"Where's the other one of you"

Hmm?

Halfway through the words, Lin Mo suddenly stopped.

After stepping forward and squatting down, he checked Tan Lan's neck for a pulse.

"Dead?"

Hardcore ah!

Despite the enemy, this backbone did make Lin Mo couldn't help but appreciate it a little.

Since the person was already dead.

Lin Mo wasn't dwelling on it either.

After leaving a bloody head behind.

Lin Mo then ordered people to carry the two corpses out and bury them!

After everything was done!

Director Qiu and Ma Bangde also found their way here.

And Black Rose also followed along.

"Sovereign Lin, the union is going very well."

"After seeing your strength, they are extremely cooperative!"

"Tomorrow, after sorting out the details, the integration will basically be complete!"

Lin Mo nodded.

"Very good!"

"It's better to do this sooner rather than later, as soon as possible!"

“Also, has there been any news back from the people you sent out?”

Of the three Patriarchs that had been there so far, there was still one of his, Silver Jade, that hadn't been found.

This woman was extremely good at illusions.

This woman was a time bomb if she was alive.

As the murderer of Matthews and the one who hurt Yiyi Qiu.

Yin Yu must die!

Only when Lin Mo asked about it.

Director Qiu shook his head helplessly.

All the people that the Knife Sect and the Martial Division could move had basically been sent out.

Director Qiu had also asked other power lords for news about this woman.

However, it was as if the woman had evaporated into thin air.

There was no trace of her.

“After the joint is completed, increase the search.”

Lin Mo knew that until this woman died, Ma Bangde would never be willing to do so.

“I understand!” Director Qiu nodded his head and agreed.

Lin Mo and the others did not know.

The silver jade they had searched so hard for had been shattered into a bloody mist by the wine gla*s back when Tai Ah was shielding it.

It was simply impossible to be finding it.

And that was precisely why.

The future Five Great Patriarchs of the Island of Death, Ma Bangde, when talking about the past.

He could not help but sigh, unable to find the murderer to avenge his son.

He regretted it for the rest of his life!

Of course this was all just an afterthought.

After Lin Mo had finished instructing, his gaze skimmed over to Black Rose.

Director Qiu had a delicate mind, and without waiting for Lin Mo to ask, he spoke directly.

“Black Rose, said that he had important information and wanted to speak to you!”

“That’s why we brought him here.”

After explaining, Director Qiu recapped the fact that not long ago, Black Rose had taken the lead in agreeing to join forces.

Lin Mo understood it by heart.

This was coming to show his loyalty!

“Say it, what is it?”

Black Rose didn’t dare to squirm and spoke directly.

“Sovereign Lin, I know a secret that concerns the Sea Wolf King!”

With that, she stopped talking.

The eyes intentionally or unintentionally brought over Director Qiu and Ma Bangde.

Lin Mo broke his guard.

This b*tch was actually defending herself against others.

“Ahem!”

“Feel free to say just that, Director Qiu and Ma Bangde are both your own people.”

“In the future, even if we unify Death Island, these two will be one of the top administrators most of all!”

It wasn’t that Lin Mo was improvising or drawing a big cake.

Rather, he had planned this from the very beginning, and he would never be stingy with his own people.

Both of them were very good, both in terms of ability and attitude.

In addition, in the past few days, the two men had been busy with the matter of uniting the three districts, and Lin Mo had seen them all.

After hearing this, Director Qiu and Ma Bangde could not help but be greatly moved.

As a Patriarch-level superpower, there was absolutely no need to swindle the two of them.

There were no words.

Both of them nodded towards Lin Mo with excited eyes to show their gratitude.

On the side, Black Rose could only feel secret envy in her heart.

The top administrator of Death Island!

She was extremely envious too!

But the poison in her body today hadn’t even been resolved yet.

“Senior, the scout I planted beside the Sea Wolf King has sent word.”

“The Sea Wolf King and her fiancée are hiding in, Lanfang Street!”

Among the ten great powers, only the Sea Wolf King had not participated in any gathering.

Now the nine great powers had united.

The remaining Seawolf Gang, Lin Mo, would definitely not let go.

And this was Black Rose’s share of the pitch.

Lin Mo gave her a somewhat unexpected look.

Rather, he hadn’t expected this b*tch to have good tactics.

She had managed to catch the cunning Sea Wolf King on her heels.

Unfortunately, she didn’t know that she had placed a tracker around this Sea Wolf King a long time ago.

“I understand!”

Lin Mo calmly agreed!

Black Rose’s face turned pale.

Such important information in exchange for a mere I understand?

Not only was Black Rose afraid of death, she was likewise extremely power-hungry.

Thinking of the coveted position of top manager.

A brilliant light flashed in Black Rose’s eyes and she took a deep breath.

“Senior Patriarch, it is inconvenient to live alone!”

“Rose would like to serve at senior’s side, to show her loyalty by tending to the flock for senior!”

Hmm?

Hearing these words.

Director Qiu and Ma Bangde were filled with astonishment.

Never would they have expected this b*tch to be so bold.

To think of offering herself directly.

However, when the three of them, gazed at Lin Mo, directly he had a gloomy face.
