### Medical Genius Unspeakable Marriage Chapter 3891

Lin Mo grimaced and narrowed his eyes.

"Is this what you wanted to talk to me about?"

The calm tone carried an endless amount of pressure.

Black Rose was startled and immediately fell to her knees.

Terror was written all over her face.

"Rose knows her sin, please forgive me senior!"

She had extreme confidence in her face as well as her body.

There was no telling how many men in the three districts that coveted her.

What one never expected was this.

The original plan of using her body in exchange for a prospect.

All he got was deep dissatisfaction from this young Patriarchal powerhouse.

"Don't have any crooked thoughts!"

Lin Mo remained gloomy as he reminded.

"This is the first and last time, understand?"

Black Rose was as frightened as a quail at this point, trembling as she nodded her head continuously.

"Rose understands!"

"Cooperate well with Director Qiu, as long as you behave well, I can see it all!"

Lin Mo said and took out a pill.

"This is an elixir to ease the attack of the Corrosion Dan!"

"I'll give you the antidote when the joint matter is completed."

"Go on!"

Black Rose hurriedly kowtowed and thanked him before leaving the place in a panic.

"Sovereign Lin!"

At the side, Ma Bangde called out.

When Lin Mo turned his head to look over, he only saw that this fellow was wearing a shrinking smile

"Ah Patriarch Lin, the young man is on fire."

“When it’s time to release the pressure, you still have to release the following!”

Lin Mo frowned, “What do you mean?”

“That!” Ma Bangde raised an eyebrow.

“Didn’t that SI\*ttty old b\*tch say that the Sea Wolf King was in Lan Kwai Street?”

“I know it well over there, do you want me to take you to introduce you to some friends your own age?”

Lin Mo, who reacted, blushed as well as completely darkened.

“Oh? People of the same age?”

The hindsighted Ma Bangde, however, was still talking eloquently.

“Yeah, that SI\*ttty old b\*tch Black Rose is a handful of years old, who could look at that.”

“Don’t worry, the person I introduce to you, Old Ma, is definitely young and pretty, and most importantly, clean.”

On the side, Director Qiu looked at the death-defying Ma Bangde and could only smile bitterly without words and slap his forehead with one hand.

This douchebag really had no eyesight at all!

Not long after.

Ma Bangde let out a miserable scream.

He then fell to his knees.

“Ah! Patriarch Lin, I was wrong, I was wrong! It hurts it hurts!”

“Lan Kwai Street it is!”

“Introducing people of the same age is it!”

“Young and pretty, right!”

Along with several rhetorical questions, Ma Bangde’s miserable screams became sharper and sharper.

Banging fists kept smashing down on his face.

.....

Early the next morning.

Once again, the nine powers gathered in the Martial Division’s council chamber.

Since they had just entered, their gazes were instantly drawn to the door.

“Director Qiu, who is this pig-headed person?”

Wang Changxing asked curiously.

At these words, Director Qiu held his face red.

“Pfft, ask him yourself!”

Ma Bangde was like a cat whose tail had been stepped on, jumping straight up from his chair.

“D\*mn it, Wang Changxing, who are you calling a pig’s head!”

“Believe it or not, I’ll exterminate your Tianya Sea Pavilion!”

A familiar voice, and that familiar large sword.

The crowd instantly understood.

In the next second, the entire council chamber erupted into a burst of laughter.

“Sect Master Ma, why is this?”

“Old Ma, didn’t you say that this greatsword of yours was invincible in the world?”

“How did you get beaten up like this?”

“A great pleasure, a great piece of heart, I wonder who did what we’ve always wanted to do!”

“Hahahaha!”

P\*ssed off, his liver aching, Ma Bond’s back teeth gritted.

“Put your motherf\*cking sh\*t on!”

“I fell on my a\*s and got it!”

“Pfft!”

It was better if he didn’t explain, but this forced sophistry caused the crowd to break their defences again.

The laughter also became more unrestrained than it was, too.

## **Medical Genius Unspeakable Marriage Chapter 3892**

“There, there!”

Director Qiu wiped a tear that had come out of the corner of his eye from laughing.

“Everyone, be quiet, be quiet!”

After a long time!

Only then did the scene quieten down!

The power lords who were laughing their heads off, also straightened their stance.

Director Qiu glanced at Ma Bangde, whose chest was heaving with anger, and secretly laughed.

Outside the door.

Lin Mo, who had arrived late, also walked into the council chamber.

For the first meeting, it was necessary for him to show up!

With his arrival, everyone sat upright.

Lin Mo's terrifying strength had already left a deep imprint on the hearts of the crowd.

"What's wrong with everyone?" Lin Mo asked curiously when he saw the red-faced crowd.

Director Qiu did not answer and secretly raised his finger to point at Ma Bangde who was sulking.

It was just a pig-headed look on top of his demeanour that looked extraordinarily comical.

Ma Bangde gave Lin Mo, the culprit, a blank look and turned his head to the side.

Even angrier!

Lin Mo was dumbfounded, this old horse was quite pretentious.

After withdrawing his gaze.

Lin Mo introduced the main topic.

"First thing, the joint force is set to be called, Lin Mo Division!"

Seeing the faces of the crowd not looking too good, he opened his mouth and asked.

"What questions do you all have?"

Wang Changxing hesitated for a moment before standing up.

"Senior Patriarch, how should the forces under our name be arranged after the union?"

Lin Mo instantly understood the meaning of his words.

"Manage them individually, in addition you can just address me as Mr. Lin!"

The crowd let out a long breath of relief.

Having gotten used to the status of a superior, they naturally could not surrender the forces in their hands to be managed by others.

"But if there is a need for joint action, all of you will need to cooperate fully!"

"I should, I should!" The crowd responded one after another.

"Alright then, the second thing, there is still a Patriarch hiding in District Three!"

Lin Mo finished speaking and had someone fetch a painting.

On it was painted none other than Silver Jade.

"Once you have news of this person, notify me at the first opportunity!"

“In addition, there are other people behind the two Patriarchs who died!”

“All of you please keep a strict control over the forces and notify me as soon as there is any news.”

“Does everyone have any more questions?”

After explaining everything, Lin Mo got up and swept a circle.

“That .....” Wang Changxing spoke again.

“Mr. Lin, how many other Patriarchs are on the other side, do you have any news from your side?”

Obviously this news was no small shock to them.

There was still a clan master hiding in the third district, and there were clan master companions behind him.

None of the people present were on tenterhooks.

Fear!

Lin Mo also knew what was on the minds of the crowd.

Having seen a clan master fight, it had obviously scared them quite a bit.

“All of you don’t need to worry too much!”

With that, Lin Mo took out a pile of talismans.

“This is my homemade sword talisman, as long as a Zong Shi powerhouse appears within a kilometre radius of you.”

“The sword talisman will automatically attack, and I will be the first to arrive at that time!”

Waiting for the crowd to finish receiving the talisman with one face.

Without saying a word, Lin Mo raised his hand and gave a sword.

The invisible sword qi crashed through the gate and destroyed the fence.

It only dissipated into thin air after knowing that the small hill all the way in the distance had been cut down.

“Does everyone have any more questions?”

This sword was not for the purpose of shocking the power lords.

It was just to put their minds at ease and thus demonstrate their sword skills.

As expected.

Everyone was stunned at the sight of this terrifying strike, while their hands clutched the sword talisman in their hands to death.

This was a life-preserving talisman!

Lin Mo saw that his objective had been achieved and did not linger.

“The Lin Mo Division is managed by Director Qiu, so if you have any problems, just go directly to him.”

“Besides, I don’t want the three districts to get too chaotic! After all, the steps to unify Death Island will be taken from this place.”

Hearing these words, the eyes of the few people present continued to shine.

Unifying the Island of Death, this was a common goal of the thirteen regions.

Only none of them had succeeded so far!

### **Medical Genius Unspeakable Marriage Chapter 3893**

Inside the council chamber, Director Qiu coughed lightly, and then spoke loudly.

“Everyone has heard Mr. Lin’s words!”

“Whether or not the three districts can unify Death Island depends on you all!”

After saying this, Director Qiu raised his fist towards the crowd.

“Yes!”

The crowd rose and clasped their fists, their faces full of excitement.

This day!

The originally calm District Three suddenly came alive.

The ordinary people only knew that an earthquake seemed to have occurred in District Three.

Then all the forces began to act in unison.

The previously accustomed treacherous people all disappeared in one day.

To be more precise, those people disappeared.

Some people were even caught for spitting anywhere, and it was a whip.

The people of the Knife Sect in particular were extraordinarily vicious in their actions.

When someone was caught throwing rubbish around, he was beaten to death.

Two days later.

The whole of District 3 was peaceful.

The streets, which had been cluttered, were clean and tidy.

Since Matthews’ death, the Third Ward had finally returned to its former prosperity.

The only thing was that there were many more men with armbands patrolling the streets of each district.

On the other side.

Lin Mo arrived at Lan Kwai Street alone.

When he walked into a small shop, the heavily made-up owner's wife immediately greeted him warmly.

"Aigoo, what a handsome young man, daughters hurry up and come out!"

Not waiting for the boss lady to finish.

Lin Mo raised his hand to stop it.

"I'm here to find someone!"

"Aigoo, those who come to our place are here to find someone!"

The boss lady had a, I know look and kept winks towards Lin Mo.

"Wait, my daughters will come out, take your time looking for them handsome!"

Lin Mo: "....."

Did I not say it clearly enough?

Or are you just playing dumb!

"Cough cough!"

After coughing, Lin Mo spoke with a straight face.

"I've come to find the Sea Wolf King!"

At these words, the old companion's face changed instantly, only that she hid it well and recovered immediately.

"Little handsome, what are you talking about?"

"Where did we get the Sea Wolf King here, how could such a high and mighty person come to such a place."

Lin Mo didn't bother to pay attention to her bullsh\*t.

"Just say that Mo Lin has come to see him, it's up to him to decide whether to see him or not."

The boss lady hesitated for a while when she saw Lin Mo's straight face.

"Okay!"

She said and gave a wink towards her sexy and enchanting daughters.

Signaling to keep an eye on Lin Mo.

No sooner had the boss lady left on her front foot than several people gathered around towards Lin Mo.

“Little handsome brother, sister won’t charge you, will you keep sister company!”

“Yes, little handsome brother, sisters can do a lot of things, do you want to experience it?”

Lin Mo himself had an extraordinary appearance, coupled with a faint aura of superiority.

As well as the aura of returning to the basics after the clan master.

It made the group of dusty women, their hearts in turmoil.

“Don’t want to! Get lost!” Lin Mo said coldly.

Yet this icy tone caused the sultry women’s eyes to constantly glow.

“So straightforward and cold, sister loves you to death!”

“I’m so hot, brother, sister is dying of heat!”

Lin Mo never thought that he would have to chide, but in return, he would get such a result.

Seeing the wolf-like eyes of several people.

He couldn’t help but take a few steps back.

It was too terrifying!

He would rather deal with a group of clan masters than face such fierce pussies.

Thinking of this.

Lin Mo took a deep breath.

“Sea Wolf King, if you don’t show up within ten seconds, I’ll let it be known to the world about that incident.”

A loud and clear voice permeated the edges of the small shop.

This was followed by a rush of panicked footsteps.

“Coming, coming!”

At the entrance of the staircase, the Sea Wolf King rushed over even as he rolled.

“Mr. Mo, what brings you here?”

The Sea Wolf King spoke with a matching smile.

Inwardly, he was screaming in agony.

How did this calamity find its way to his door.

“Looking for you to ask something!” Lin Mo returned calmly.

The Sea Wolf King didn’t dare to have doubts, and with a raised eyebrow, the warbling and dusty women no longer had the same recklessness as before.

After glancing at each other, several of the women, quietly left.

Watch the surroundings.

### **Medical Genius Unspeakable Marriage Chapter 3894**

Lan Kwai Street.

First floor of the small shop.

Lin Mo was lounging leisurely on top of the sofa.

In front of him, the Sea Wolf King was nodding and pouring tea and water.

“Mr. Mo, you’ve come all this way to find me, is there something important?”

“Why nothing, can’t I see you if I want to?”

Lin Mo lifted his eyes, and the Sea Wolf King met his eyes with them and immediately lowered his head.

“Yes yes! Mr. Mo is looking for me, that’s my honor.”

“Come, Mr. Mo please!”

The Sea Wolf King did his utmost to curry favour.

After Lin Mo picked up his cup of tea, he narrowed his eyes and looked at the Sea Wolf King with a critical expression.

“Old Wolf, this tea isn’t poisoned, is it!”

Sea Wolf King: “???”

Are you speaking in human language?

You were the one who poisoned me before!

How dare you use this underhanded tactic when you are such an expert.

Shame on you!

After an internal cursing, the Sea Wolf King still suppressed his anger and spoke patiently.

“Naturally not, don’t worry Mr. Mo.”

As he spoke, his gaze would always, if anything, look out of the window.

Lin Mo looked at it in his eyes and said unhurriedly.

“Old Wolf, are you afraid that someone will find you?”

Ever since the last time he said something about Silver Jade and Leopard Slave.

This b\*\*\*\*\*d had been so scared that he had gone into complete hiding.

All the matters of the Sea Wave Gang were left to the management of his men.

There was no contact with the outside world at all.

“However, you don’t have to worry about it now!”

Lin Mo showed his teeth with a smile and threw a spherical parcel onto the table.

“This?” The Sea Wolf King asked in confusion.

“Here, open it and take a look, there’s a surprise!”

After hesitating for a moment, the Sea Wolf King finally opened the parcel with curiosity.

However, after he saw the bloody human head, his face instantly turned white.

“Five ..... five sect masters!”

The Sea Wolf King was like seeing a ghost at this moment.

He was so frightened that he sat down directly on his buttocks.

All four limbs backed up one after another.

“What kind of guts are you, you’re still the Sea Wolf King!”

Lin Mo spat out in disgust.

“Look, I know you’re still afraid of them!”

“So I’ll help you kill them all!”

“Am I mean enough for you?”

The Sea Wolf King’s brain went blank in a batch.

Slaughtered them all?

Patriarchs, those were two Patriarchs!

At this moment, Lin Mo was simply more terrifying than a demon in his eyes.

Gulping, he nodded with a mute expression.

“Very well!”

Lin Mo continued to speak.

“In that case, how should you thank me?”

The Sea Wolf King suppressed the fear inside him and asked curtly.

“As long as Mr. Mo needs it, I’ll go up to the sword and down to the fire, I’ll do anything!”

It was terrifying!

Previously, he only knew that Lin Mo was strong.

But it had never occurred to him that this young man had the strength to kill a Zong Shi.

And it was two Patriarchs at that!

If he could, the Sea Wolf King would just want to grab the door and flee.

Zone Three was too terrifying!

“Very good!”

Lin Mo nodded in satisfaction.

“In that case, then tell me all that you know!”

“Don’t hold back oh!”

“Otherwise that Tan Lan’s name will die in vain!”

Said a broken ancient mirror, laid out on the table.

When the Sea Wolf King saw this object, his pupils instantly shrank to the thickness of silver needles.

Demon hunting mirror!

Within the organisation, the most powerful ancient treasure.

It was also the exclusive treasure of the Third Sect Master Tan Lan.

Since this object had appeared in Lin Mo’s hand, it already said everything.

The thought came to this.

The Sea Wolf King could not help but feel his scalp tingling.

Sect Master Tan Lan, that was an expert among sect masters!

Combined with the Demon Hunting Mirror, he didn’t know how many sect masters he had hunted and killed.

And it was such an existence that had died in the hands of this young man in front of him.

At this moment, the Sea Wolf King’s mind was completely bounced.

It was like a lamb facing a cruel lion.

He didn’t have any ability to resist at all.

After a long time, he heaved a sigh.

“This organisation of ours is called the Seven Deadly Sins!”

### **Medical Genius Unspeakable Marriage Chapter 3895**

“The Seven Deadly Sins?”

Lin Mo instantly frowned when he heard the name of this organization.

The most mysterious organization in the world!

No wonder the people who came to Death Island on missions were all Zong Shi powerhouses.

The Sea Wolf King sighed and continued to elaborate.

“Twenty years ago, I received the appointment to bring Lan Dieyi back to the organisation.”

“Later, when I learned of the existence of the Crystal Skull, I took Lan Dieyi and escaped!”

“All the way to the present!”

Lin Mo asked, “Do the Seven Deadly Sins really have existences that transcend the Patriarchs?”

It wasn’t that he had no wind in his sails.

This organization, once upon a time, had exterminated one of the top ancient clans in the Pretty Country.

The five clan masters within the clan were killed in seconds almost instantly.

There was then a rumour.

There were existences in the Seven Deadly Sins that surpa\*sed the Patriarchs.

The Sea Wolf King shook his head, “I don’t know!”

“The Grand Preceptor and Second Preceptor, they are very mysterious, I’ve never seen them.”

“But someone did say that they are a pair of twins who are good at the art of combined attacks.”

“And they have a pair of divine weapons in their hands, killing clerics is like chopping and slicing!”

The Sea Wolf King said as he raised his head and glanced at Lin Mo, there seemed to be sorrow in his gaze.

“The Seven Deadly Sins, the seven sect masters, love each other like brothers.”

“You killed now, the Third Sect Master and the Fifth Sect Master, they won’t let you go!”

Fear was written all over the Sea Wolf King’s face.

The Seven Deadly Sins were like a monstrous beast that was sleeping.

Now Lin Mo’s appearance was about to make this huge beast awaken.

“Mr. Mo, let’s go!”

“If the two of them die here, there will never be any peace on Death Island.”

As a former member of the Seven Deadly Sins.

He knew most clearly the horror of this organisation.

There were countless forces that had been destroyed by it, and there were even more powerful ones than the Island of Death among them.

However, the more he said this, the more Lin Mo's interest grew.

"I'd like to meet up for a bit!"

After his strength had increased, he had never had the chance to fight to his heart's content.

So what if a divine weapon, his own Tai Ah Chopping Zong Shi, was no different from cutting tofu.

When the Sea Wolf King heard such words in reply, he looked mute.

He didn't care about that much in order to live.

"Mr. Mo, I know you're strong."

"But I don't want to die, can you let me live."

He said this with a strong look of expectation revealed in his eyes.

It could be described as a perfect interpretation of greed for life and fear of death.

Lin Mo did not answer positively and turned to ask, "Where is Lan Dieyi?"

After some hesitation, the Sea Wolf King ordered his men to bring her over.

At the moment, he could not help himself, so he could only deal with Lin Mo first.

The Patriarch was present, and behind him were the Seven Deadly Sins who were about to seek revenge.

He was a weakling who wasn't even a half-step Zong Shi, so he had no choice at all.

He had no choice but to see what happened!

After not seeing him for a few days, Lan Dieyi had lost a few pounds.

As soon as she saw Lin Mo, a flash of joy flashed across her eyes.

The wedding day was less than three days away!

She was already a bit desperate.

Now that Lin Mo had come, she knew that she was saved.

"Alright, since everyone has arrived, Sea Wolf King explain everything you know!"

The Sea Wolf King glanced at Lan Dieyi and instantly reacted to Lin Mo's meaning.

"Dieyi!"

"It was indeed I who ordered someone to intercept and kill your family back then!"

Although Lan Dieyi had already guessed this, she could not help but have her eyes redden when she heard the Sea Wolf King's own admission at this moment.

“Why?”

“Because of your bloodline, because you are the one chosen by the Crystal Skull!”

The Sea Wolf King spoke truthfully.

“The Crystal Skull is the key to the legendary, monstrous treasure.”

“You can only enter if you are acknowledged by the Crystal Skull!”

Lan Dieyi was having trouble understanding.

“Is it because of a legend that you have exterminated our whole family?”

“Are you still human?”

Under the stern questioning, she was already in tears.

“No, this isn’t a legend .....

### **Medical Genius Unspeakable Marriage Chapter 3896**

Lin Mo, who had been sitting lazily, straightened his posture.

This topic was of great interest to him.

“Tell me carefully!”

The Sea Wolf King had no intention of concealing it.

He was clear that if he could not give valuable information.

Lin Mo would not let himself go!

Only by dodging the immediate past first could he wait for an opportunity to find it later.

“Before I escaped from the Seven Deadly Sins, the organisation had already collected six Crystal Skulls.”

“And had unlocked the secrets within!”

“A legendary treasure that contains a supreme heritage.”

“As long as one obtains the recognition of the Crystal Skull, even a pig can become a Patriarch straight away.”

“There is even a chance to obtain it, the path to break through to a saint.”

Hearing the last sentence, even Lin Mo, who was as steady as a mountain, couldn’t help but sit up in shock.

“You better not lie to me!”

Lin Mo narrowed his eyes with an indescribably serious expression.

The Realm of Saints!

Looking around the world, there were about a thousand Patriarchs who enjoyed the title of Pillars of State.

This number sounded huge, but what if it was placed in front of a population of eighty billion.

There are only a handful of Saints above the rank of Patriarch.

There are less than twenty known Saints in the world.

One out of four billion people!

The main thing is that saints are different from pontiffs, and there are traces of them.

No one can say exactly how this realm is broken through.

It all depends on talent and chance.

Now there was a way to break through the sage realm right in front of his eyes.

How could Lin Mo not be moved by this?

The majestic aura pressed the Sea Wolf King so hard that he could not lift his head.

He had no chance of resisting in front of Lin Mo.

“Mr. Mo, I am truthful in every word, but then deceive the heavens.”

The Sea Wolf King said with a pale face as he clenched his teeth.

“Evidence!” Lin Mo spat out two words coldly.

“Give me one day, by then I will deliver the item to Mr. Mo.”

Said the Sea Wolf King as he raised his head with difficulty.

“But Mr. Mo, you can’t take Lan Dieyi with you.”

With that look of generosity to death, if outsiders were present, they would have thought that the Sea Wolf King was deeply in love.

But Lin Mo knew that this b\*\*\*\*\*d was just completely undying to the Crystal Skull.

He had betrayed the Seven Deadly Sins and had been in hiding for over twenty years.

When he was about to succeed, no one would willingly give up.

Moreover, since the Sea Wolf King said so, the item should be on his body.

Or buried in some other place unknown to the people.

Thinking of this.

Lin Mo nodded his head in agreement.

“Yes!”

He hadn’t expected that it was originally just a simple question.

Today, he had set out shocking information.

With those words, Lin Mo got up.

Seeing him preparing to leave, Lan Dieyi hurriedly followed him, wanting to let leave together.

However, Lin Mo had no intention of taking her away.

With a tap of his foot, he disappeared directly into the spot.

Lan Dieyi was left alone, frozen in place.

She couldn’t believe that Lin Mo had just left like that.

Was she just a bargaining chip in exchange for benefits?

Lan Dieyi’s eyes were red and her heart instantly felt like death.

The Sea Wolf King looked at Lin Mo’s disappearing back and a cold smile inexplicably appeared on his face to deal with it.

After all, he was still too young.

After twenty years of planning, I can do more than just hide!

“Dieyi, let’s go, don’t worry I will definitely treat you like a married wife in the future!”

He said as he reached out and wrapped his arms around Lan Dieyi’s slender waist.

The Sea Wolf King carried her away from here as if he was carrying a puppet.

When the two of them had disappeared.

Lin Mo, who had gone and returned, suddenly appeared not far away.

It was not a compromise that he did not take away Lan Dieyi.

On the contrary, it was to find the Sea Wolf’s original body.

“I didn’t expect this fellow to know so much!”

“No wonder he was pursued by the Seven Deadly Sins at great lengths, and this pursuit is over twenty years.”

After muttering a few words to himself.

Lin Mo raised his head to look into the distance.

That gaze was like that of a skilled old hunter.

**Medical Genius Unspeakable Marriage Chapter 3897**

By the time Lin Mo returned to the downtown area, it was midday.

“Boss, large bowl of wonton noodles, with spices!”

“Yes!”

The fat boss replied enthusiastically as he feverishly prepared the ingredients in his hands.

Finding an empty table, Lin Mo sat down directly on his butt.

The stall was not large, with only five tables for dining.

But it was better because it was clean.

Not long after, the fat boss carried a large porcelain bowl and set it in front of Lin Mo.

“Boss, your place is quite clean!” Lin Mo praised.

The fat boss smiled awkwardly and his face looked a little unnatural.

Only after Lin Mo pressed him, did the fat boss then come closer to him and whispered.

“It’s not like the old days!”

“I don’t know what’s gotten into those power lords’ heads, they must want us to keep it clean.”

“Look at that Wang Butcher!”

Lin Mo looked in the direction of the fat boss’s finger.

He only saw that behind the meat stall, a stout butcher with a bare upper body was yelling loudly.

It was just that this person, with a face full of bruises and swollen into a pig’s head-like appearance looked extraordinarily comical.

“This is?”

Lin Mo didn’t know why, there was always a familiar feeling of déjà vu.

The fat boss observed the surroundings for a while before explaining in a whisper.

“It wasn’t that group of reckless men from the Knife Sect that did this!”

“The Net Butcher just threw a piece of pigskin on the ground.”

“Getting beaten up like that, tsk tsk!”

The fat boss seemed to be recalling the previous cotton, and a look of fear surfaced on his sweaty face.

Lin Mo heard this and understood it in general.

The Knife Cult? Pig-headedness?

This Old Ma b\*\*\*\*\*d was really careful!

He didn't dare to seek revenge on himself, so he took it out on others.

The fat boss saw that Lin Mo was young and did not look like someone from this area.

So he spoke out to remind him.

"Young man, be careful during this time, don't break the taboo of the Blade Sect."

"They don't care who you are, if you litter and spit, you won't be caught without a flogging."

Lin Mo smiled dumbly, "It's alright, they wouldn't dare to do anything to me?"

The fat boss smiled, and a look of contempt suddenly appeared in his eyes first.

You say that you, young man, are young and come to a small noodle stall like mine to pretend to be a p\*ssy.

In the spirit of customer first, the fat old gang just spat out in their hearts.

He then turned around and went to greet the other customers.

Lin Mo naturally noticed the fat boss's micro expression.

"Despised!"

After mocking himself, he lowered his head and began to sip the noodles.

It tasted good!

Watching all the different shapes and sizes of pedestrians while enjoying the food.

Lin Mo enjoyed this feeling.

Not long after, the business of the stall also became hot.

"Little brother, sharing a table?"

A dull voice rang out.

Lin Mo looked up at the middle-aged uncle in front of him.

Due to the noodles hanging from his mouth, Lin Mo did not speak and nodded in a muffled voice.

"Little brother, a local?"

After the middle-aged man took his seat, he enthusiastically climbed into conversation.

"I don't know what's going on in these three districts lately, they say there's a big overhaul!"

"I also heard something about a strong patriarch showing up, I wonder who made the rumour?"

The seemingly unintentional complaints were really prying for information.

Lin Mo glanced at the calluses on the back of the middle-aged man's hands and knew that this man was a practitioner who used fists.

"I don't know!"

He said as he wiped his mouth, threw down the money and prepared to leave.

Just as he was getting up, the middle-aged man suddenly noticed the tai a around Lin Mo's waist.

The seemingly mediocre longsword leaked a strong aura of ancient charm.

"Little brother, wait a minute!"

"I see that this sword of yours is quite rare, I wonder if I can bear to part with it!"

Hearing these words, Lin Mo stopped in his tracks.

"I didn't hear you, say it again ....."

The middle-aged man, only felt a chill at his back and an inexplicable feeling of fear rose in his heart.

### **Medical Genius Unspeakable Marriage Chapter 3898**

Downtown.

Crowds come and go, vendors keep shouting.

No one paid attention would notice the conflict in front of a small noodle stall.

The middle-aged man felt the terrifying aura and instantly understood that he had met a tough guy.

"I'm joking, little brother don't mind!"

He had only come to pry.

If he made a scene, it would not be worth the loss.

Lin Mo also did not want to disturb this long-lost peace, so he did not intend to make a move.

He only spoke out a warning.

"Don't come to District 3 looking for trouble."

"Go back to wherever you came from!"

When he had just eaten the noodles, he had noticed that there were many more people behaving abnormally on this street.

It was obvious.

The huge change in District 3 had attracted the attention of the other districts.

The middle-aged man's face sank, "What do you mean?"

The original smiling face disappeared into thin air, and there was a bit of coldness in his tone.

"Just the surface meaning, not leaving before sunset today!"

“Then you will stay here forever!”

If you have rushed here to spy on District Three, then be prepared to die.

At this moment, Lin Mo already had his heart set on killing.

The middle-aged man sneered.

“Even if that man surnamed Ma were here, he wouldn’t dare to talk to my Lawrence family like that!”

“Who are you?”

Originally, he thought that after reporting the family behind him, the kid in front of him would definitely tremble in fear.

However, what he did not expect was this.

Lin Mo didn’t have any reaction at all.

“Then why don’t you let that whatever family of yours come over and try?”

“Let’s see if I get you all killed and be done with it!”

And in an indifferent tone, he said back.

The opportunity had been given to them.

It was up to them if Jane didn’t cherish it.

When the middle-aged man saw that Lin Mo had the audacity to look down on him or the Lawrence family, his face instantly turned gloomy coming down.

“Stop right there! Kid!”

“Kid, don’t you want me to stay here forever?”

“I’ll put my words here, I won’t leave today, you have the ability to move me one try?”

Said the middle-aged man, his arms around his chest as he stared coldly at Lin Mo.

As the executive instructor of the Old Rens family, when had he ever been treated with such contempt.

Lin Mo was already too lazy to bother with him and turned around to leave.

And this action had completely angered the middle-aged man.

“Give me death!”

With a furious shout, he turned one hand into a claw and grabbed towards the back of Lin Mo’s neck.

Lin Mo originally didn’t want to make a big deal out of it.

However, the other party was getting ahead of himself and provoking him madly.

Sensing the murderous aura in his body, Lin Mo did not intend to hold back his hand.

The other party insisted on seeking death!

Then, let's satisfy him!

Lin Mo slightly sidestepped his opponent's attack, and at the same time, he locked his wrist with a single hand.

He didn't wait for the middle-aged man to react.

Lin Mo slightly exerted his strength and swung him in mid-air!

Splat!

The dining table instantly shattered into wood splinters.

The middle-aged man was also thrown into a heap at this point.

But his mouth was still hard!

"Kid, you've got the power to kill me!"

"Our Lawrence family will not spare you!"

Such a commotion naturally also attracted countless passers-by to look on.

Especially the noodle stall owner!

"My ancestor!"

"You're in big trouble!"

He rubbed his hands furiously on his apron, and then went to help the middle-aged man up.

The Lawrence family was the number one family in District 2, and also the sole administrator of District 2.

The sheer size of their power was simply beyond the imagination of ordinary people!

"Master, are you alright!"

After the fat boss helped the middle-aged man up, he patted away the dusty wood chips on his body with a pleasing face.

Only his good intentions were only met with a heavy flying kick in return.

"f\*ck you!"

After the fat boss climbed up, he hurriedly wiped the blood from the corner of his mouth.

Once again, he came forward.

"Master, take it easy, this young man doesn't know any better, you don't have to bother with him!"

"I'll give you a new one after this noodle is spilled!"

After saying that, the fat old helper winked towards Lin Mo again.

He said, "I'll give you a new one if you spill it!"

The fat boss's small gestures were naturally seen by the middle-aged man.

"D\*mn it, looking for death, dare to play these fancy tricks in front of me!"

After speaking, he swung his bushel-sized slap directly towards the fat boss's face.

The wind whistled loudly!

If he was hit, he would be half crippled even if he didn't die.

Just when the fat boss was desperate, he closed his eyes and waited for death.

The middle-aged man suddenly cried out in agony.

When the fat boss opened his eyes again.

The imposing middle-aged man had already collapsed to the ground like a puddle of mud.

Lin Mo's face was cold as he walked forward.

He had put up with himself again and again, but then again people just wanted to fight for their lives.

"I've given you a chance!"

"Wait!"

Just as Lin Mo raised his foot and was about to stomp on this man's neck.

There was a sudden sound of a drink.

The crowd scattered.

Only to see a young man dressed in luxurious clothes, surrounded by several experts, slowly walking towards him.

The young man was extremely handsome, with beautiful eyes and clear eyebrows.

He had an aura of arrogance about him.

He looked like a man of great wealth.

"My name is Lawrence Perry, first time meeting, nice to meet you!"

Hearing this name, the crowd of onlookers subconsciously took several steps back.

This was the third young master of the Lawrence family.

And he was one of the family's designated heirs.

A man that the ten great power lords, when they saw this man, had to smile and come forward to ask for a salute.

After the middle-aged man saw Perry, he hurriedly struggled to get up.

“Greetings young master, this man has humiliated our Lawrence family and made a move on me!”

“Never let him go!”

Snap!

Before he could finish, Perry backhanded him with a slap.

“Shut up and get on your knees!”

“What did I hand you before we left?”

The middle-aged man’s face paled and he didn’t dare to hesitate, kneeling directly to the ground without saying a word.

He was also in a moment of anger, plus he had been on high for a long time and forgot to keep a low profile.

The middle-aged man’s body trembled slightly at the thought of the Third Young Master’s horrible punishment.

Perry grunted coldly before replacing his smiling face.

“This brother, we don’t fight, can you give me face?”

“Leave him a dog’s life!”

Generally speaking, the third young master of the Lawrence Family had spoken.

Even the Ten Great Potentates would have to buy his face.

After all, the strength was there.

But the person he met today was indeed Lin Mo.

“Who am I to give you face?”

Not waiting for Perry to react.

The middle-aged man at his feet’s pupils suddenly dilated and died directly in front of him with a resigned look.

This .....

All the people in the audience were stunned.

Was this young man crazy?

How dare he provoke Young Master Perry.

The fat boss was even so frightened that his face turned pale.

He sat down on his buttocks.

If he provoked Young Master Perry, he could be dealt with by a\*sociation.

Such a thing was not without precedent.

People from the Lawrence family, who were coming to District 3 to take people, and the power lords didn't dare to let out a single fart.

"Hahahaha, good, good for you!"

Perry suddenly burst out laughing.

"It's been a long time since anyone has dared to dial my face in."

To him, the death of one of his men was of no consequence at all.

But now that he had spoken.

The other side still laid down a killer, which was a complete slap in his face.

There was no instruction whatsoever.

The expert guards beside Perry walked straight out of the two men.

"Kid, say how you want to die!"

Lin Mo grinned in the face of his opponent's cold words

"I want to die of old age, is that alright?"

Guard: "....."

"How dare you f\*cking trick me?"

The duo's faces darkened and their surging Qi instantly lifted the tables and chairs on either side.

It looked like the two of them were about to strike.

There was a sudden, dense sound of footsteps at the end of the street.

"What kind of person dares to come to the cha\*s of my Blade Sect to cause trouble!"

Along with an angry shout, a human figure descended from the sky.

By the time he landed, the ground trembled slightly.

At the same time, the area was tightly surrounded by densely packed Blade Sect sabremen.

“Protect the young master!”

The guards bellowed as Mabundle appeared and flew to stop Perry’s body.

“No need to be alarmed!”

Perry dispersed the guards and said with a calm face.

He had seen this kind of scene many times before.

Which time wasn’t it when he saw him and nodded his head!

“Sect Master Ma, it’s been a long time!”

Perry greeted and then raised his chin.

All Ma Bond had heard was that someone was up to something in the downtown area.

He then rushed over with his men.

After seeing Perry, a hint of surprise flashed in his eyes.

“Third young master, what brings you here?”

Perry snorted coldly, arrogance written all over his face.

“What, I can’t come from your three districts?”

Ma Bangde smiled with him, “Yes, yes, yes, I am more than happy that the Third Young Master is here!”

Although a pa\*s token was required to travel between the districts.

But that was only, for ordinary people.

Buy to Ma Bond’s compensatory smile, Perry did not give him a good look.

“Godfather Ma, your people in the three districts are very powerful!”

“Even my men dare to kill!”

As soon as Ma Bond heard this, his face followed suit and turned gloomy.

To move the Lawrence family’s people, this was not bringing trouble to the Sword Sect!

“Third Young Master, don’t worry, this is something I will definitely give you an explanation for!”

Just as Ma Bangde was blurting out vicious words.

His second-in-command suddenly coughed up in the crowd.

“To dare in your people is to slap me in the face!”

“Just leave this matter to us, the Knife Cult.”

Said Mabundu, raising his greatsword, with the look as if he wanted to dismantle the man straight away.

“Cough cough!”

“Cough cough cough!”

The deputy’s desperate coughing finally caught Ma Bangde’s attention!

He frowned and scolded to.

“b\*\*\*\*d, can’t you see I’m talking to the Third Young Master?”

“If you want to cough, go away!”

The deputy tried to speak, but by now his voice was completely hoarse.

His face was red with anxiety, and he could only gesture desperately towards the face stall.

Marbond blushed, having no idea what his deputy meant.

Continuing to brag to Perry, he said.

“Don’t worry, Third Young Master, I’ll chop off his head and give it to you right away!”

At these words, the crowd looked down at Lin Mo again with a look of sympathy and regret.

Being targeted by the Third Young Master and Ma Bangde at the same time.

Definitely dead!

As soon as these words were spoken, the deputy on the opposite side, with both eyes rolling, directly fainted in a hurry.

Ma Bangde hadn’t even reacted yet.

The sound of talking came from behind him.

“You say you want to behead me?”

Hearing this familiar voice.

Hindsight Ma Bond finally reacted.

His body stiffened, and all the sweat on his body exploded.

“Mr. Lin ..... Lin, I didn’t expect, I didn’t expect it to be you!”

After saying that he couldn’t care less and hitch a ride with Perry.

Under the astonished gaze of the crowd, Ma Bond ran to Lin Mo with his buttocks upside down.

Deeply bending down and bowing his head to make amends. The crowd erupted.

For a moment, the crowd was in an uproar.

Even in the face of Third Young Master Perry, Ma Bangde could not do such a humble act.

What exactly was this young man’s status?

Just as Ma Bond was about to get up, Lin Mo suddenly spoke.

“Since you can’t straighten your back, just keep bowing!”

Ma Bangde’s pupils shrank and his face went white.

Although Lin Mo’s tone was calm.

However, it was the first time Lin Mo had spoken out to punish himself since the two sides had met until now.

“You!”

Lin Mo raised his hand and designated a swordsman.

“Go and inform that the others will be the power lords.”

“Tell them that Third Young Master Perry from District Two is here, hurry up and have them come to meet him.”

Hearing this, only then did Ma Bangde react.

Lin Mo wasn’t angry over that decapitation!

It was entirely because of his own groveling to outsiders.

Thinking of the power lords who would be arriving later.

Ma Bangde couldn’t help but break into a cold sweat.

Things had gone terribly wrong!
