Medical Genius Unspeakable Marriage Chapter 3901

Although Perry was not sure of Lin Mo's identity, he could guess that this man must be something else.

But with the way he was groveling, he could guess that this man's identity was not simple.

Could he be from District One?

Although Lawrence was in charge of the entire District 2, if they came across those from District 1, they would be able to take over.

But if they came up against the mysterious forces of District One, it would not be possible to tell which was stronger or weaker.

The main purpose of his visit to District Three was to investigate.

There was no need to take the risk of testing the other side.

With this thought in mind, he did not have the same strong bottom in his heart as before.

"Humph, are you guys treating me like a monkey?"

"This young man is too lazy to play with you!"

With that, he was about to lead his people away.

However, Lin Mo suddenly stood up.

"Stay for me!"

Perry insisted on leaving, not taking Lin Mo's words to heart at all.

Only as he was about to take a step, a strong sense of crisis suddenly rose up in his heart.

A flash of sword qi passed by.

The four guards walking ahead of him froze in their tracks.

A line of blood suddenly appeared with their noses as the centre.

As soon as the breeze passed, all four of them split in two.

Bright red blood instantly splattered all over Perry.

"Cross this line and die!"

Lin Mo held his sword in one hand, and after finishing his sentence coldly, he sat back in his chair with a buttock.

Although Perry's heart was not convinced, he also obediently stopped in his tracks.

Each of the ten guards was a master.

Under one face, they could even deal with half-step Zongshi.

Yet right now, they were being killed by someone with a sword across the air, decapitating four of them.

But looking at the mysterious young man in front of him, his words and voice did not sound like a joke.

Perry, scared!

The passers-by gathered around hadn't expected that Lin Mo would dare to strike directly.

One should know that Young Master Perry, probably the core figure of the Lawrence family.

Such a person, even the ten major power lords, did not dare to offend the existence.

Just as the crowd was amazed, another group of people appeared on the street.

Wang Changxing got the news and rushed over at the first opportunity.

Yah was a little surprised to see Perry, who was covered in blood, although he was a little surprised.

But still, he greeted respectfully.

"Third young master, visiting my third district as a guest, please forgive me for not being able to welcome you!"

The words fell.

Perry just stood frozen in place without any reply.

It wasn't that he didn't want to speak.

It was purely because he was afraid.

Wang Changxing saw his strange demeanour.

With a curious gaze, he swept around.

Then he saw Ma Bangde, who had been bent over and bowed over.

At the same time, he also saw Lin Mo.

Without much thought.

Wang Changxing quickly approached and hurriedly bowed.

"Greetings, Mr. Mo!"

"Your waist is also soft!"

Lin Mo said with hatred and anger in his tone.

"Just stay with him!"

Wang Changxing was uncertain, but did not dare to make any other moves.

Bowing to be, he cast a questioning glance towards Ma Bangde.

Ma Bangde's forehead was full of cold sweat and he did not dare to reply.

Secretly, he strained his mouth towards Perry.

Wang Changxing combined with Lin Mo's icy order, and a serious flash of understanding passed.

And so it was that the two rulers of one of the ten great strengths.

Just like that, they respectfully maintained a bowing motion.

This time, the onlookers subconsciously rubbed their eyes at the scene.

They only thought that they had misread it out of their eyes.

"That's Pavilion Master Wang of the Heaven's End Sea Pavilion, right, and that's the Blade Sect Sect Master, right?"

"Am I mistaken, what exactly is this kid's identity."

"To be able to make two major power lords, so humble and submissive!"

As the crowd was talking, someone else came.

After arriving at the place, Black Rose first greeted Perry warmly.

It then led to the same fate as Ma Bangde and Wang Changxing.

Another one had been added!

The onlookers had their heads turned!

The teenager who was originally thought to be certain to die was a hidden big shot.

As more and more power lords rushed to the scene.

Lin Mo's face also became darker and darker.

"Give me a bow"

Medical Genius Unspeakable Marriage Chapter 3902

"I'd like to see if there's anyone in these three districts who still has a backbone or not!"

Lin Mo was extremely disappointed with the performance of several people.

The outsiders' hands were reaching inside their own homes.

Surprisingly, they were still groveling and smiling.

There was no backbone to speak of.

Time passed by.

The eight great power lords were filled with sweat dripping down their faces.

The long time of bowing made their waists as sore as numbness.

It was just that Lin Mo had not spoken, and several people did not dare to make any other movements.

After a long time, Director Qiu arrived late.

Behind him, the elites of the Martial Division poured out.

At this moment, the hearts of the eight great power lords were also instantly raised to their throats.

If Director Qiu had also grovelled to Perry in order to treat him.

They could all envision the scene of Lin Mo's fury.

A Patriarch's wrath was immeasurable!

The atmosphere was tense.

Director Qiu led the men closer.

Seeing the four corpses on the ground, and then looking at Perry who was covered in blood.

Director Qiu's brows instantly shrank into a frown.

"Third Young Master, instead of leading properly in District 2, what do you want to do by coming to our District 3?"

"And to kill someone on our side, you must have an explanation for this."

When Perry heard this, his eyes instantly widened.

He was tempted to question whether Director Qiu was blind.

This was clearly one of his own men.

But when he thought of it, Lin Mo had just made that terrifying sword strike.

Perry could only shrink his neck and not reply.

Lest that sword fall on his own body.

It would be completely reckless to show off when life and death were at stake.

"Third Young Master, how dare you do something you dare not?"

Director Qiu asked somewhat angrily when he saw that Perry was not speaking.

This was until this time when Lin Mo finally stood up.

"Old Qiu!"

Hearing the familiar shout, Director Qiu twisted his head.

While simply Lin Mo, he also saw the miserable eight great power lords.

"Mr. Lin, they are?"

Lin Mo waved his hand and spoke straightforwardly.

“Don’t mind them, their waists are too soft, I’ll give them some practice!”

“Hooray, we still have people in these three districts who are worth starting to ask for!”

“Old Qiu, you’re very good!”

Director Qiu arrived here in a hurry, not at all sure what was happening.

He was also completely baffled in the face of Lin Mo’s praise.

It was only after one of the swordsmen who had been present, whispered an explanation in his ear.

Only then did Director Qiu react.

Looking at the power lords who were clenching their teeth and holding on with faces full of pain.

He finally chose to speak out and plead for them.

“Mr. Lin, the Lawrence family is very powerful.”

“They have always, in the past, feared Lawrence, as the saying goes, one has to bow down under the eaves!”

The Lawrence family, whether in terms of numbers, or high-end combat power.

All of them were crushing any of the ten major powers in the three districts in all aspects.

It was only as Director Qiu spoke that he suddenly felt a chill at his back.

He stopped speaking and when he looked at Lin Mo again, he only saw him with a gloomy face.

“Old Qiu, you too, that was before!”

“Now that your nine powers have joined together, how much worse is it than them Laurence?”

The more Lin Mo said the more that feeling of dissatisfaction in his heart became thicker and thicker.

“Now that there is me in the three districts, doesn’t that make you guys stand up straight?”

The last sentence came out of Lin Mo’s mouth in anger.

If all of his men were such limp-wristed prawns.

Then District 3 could really be abandoned.

As long as he wanted to, he could support any of the thirteen districts to unify Death Island.

When Director Qiu saw Lin Mo’s anger, how could he dare to say anything more!

Indeed!

Now that the nine powers had united, coupled with the presence of Lin Mo, a super expert behind them.

What could the Lawrence Family do?

Come and fight if you don't like it!

Right now, all the people who should be waiting had arrived.

Lin Mo had his answer, except that he made no other moves.

The sun was thin.

The eight great power lords, who were bent over, were losing their strength at a rapid pace.

Black Rose was the weakest in cultivation and her physique was also inferior to the other males by a large margin.

Her eyes went black and she fell headlong to the ground

Medical Genius Unspeakable Marriage Chapter 3903

The sun was thinning.

Perry's feet were tingling by now too!

His face was blue.

But he was also suffering from the oppressive feeling brought about by that stunning sword.

Perry didn't dare to bet that Lin Mo would dare to kill him.

If he lost, he would be dead!

As the last of the afterglow faded behind the mountain.

Lin Mo finally stood up.

"Take it down for treatment!"

After hearing these words, a group of men then dared to move and carry several of the power lords down for treatment.

"As for them!"

Lin Mo raised his hand and pointed, "Perry take them down!"

"The other scouts, kill them all!"

When Perry heard this, he could no longer tense up.

"Do you know, what do you imply so deeply?"

"The Lawrence family is not to be provoked, are you ready for Lawrence's wrath? "

He came this time.

One was to get a feel for all the anomalies that had been happening in District Three during this time.

The second was that the family election was coming up, and if he could control a part of the power in District Three before then.

It would be a good way to score points at the time of the election.

He did not expect to get into so much trouble in the middle of the election.

Lin Mo ignored such childish threats.

He had said before that if he didn't leave before sunset.

Kill without amnesty!

"What, do you need me to do it myself?"

Icy words poured into his eardrums, and Director Qiu's body trembled.

He did not dare to hesitate to think more.

"Take it down!"

With a command, the Martial Division, as well as the other members of the forces present, made their move.

Opposite.

The remaining six guards saw that the situation was not good and immediately blocked in front of Perry's body.

"Protect the young master!"

However, as soon as the words left their mouths, a smear of blood suddenly soared out from several people's temples.

Without any struggle, the stayers collapsed to the ground in unison.

Director Qiu glanced at Lin Mo with fear in his eyes.

He hadn't even seen how Lin Mo had struck.

The other scouts, relying on the Lawrence family behind them.

They were very arrogant.

It didn't take long before they were all uncovered.

"Chief!"

"A total of four hundred spies were uncovered, of which two hundred and sixty were exterminated and one hundred and forty were captured."

After hearing the report, Director Qiu waved his hand widely.

“Kill them all!”

The fate of these captives was already predetermined the moment Lin Mo gave his instructions.

Poof, poof, poof!

One after another, the knives fell from the hands.

The pungent smell of blood instantly wafted over the streets.

Scarlet blood continued to flow on the ground.

Perry watched all this with a fury.

“You will pay for our reckless actions!”

Perry said through gritted teeth.

Director Qiu’s face was grim.

With a glance, the deputy instantly complied.

The crowd swarmed over Perry, allowing him to gibber and howl, and tied him up straight away.

“Mr. Lin, what do we do with him!”

Director Qiu raised his hand and grabbed Perry’s hair, throwing it in front of Lin Mo.

Since he had already done it, there was nothing to be concerned about.

Both sides would have to pierce their faces sooner or later anyway, it was only a matter of sooner or later.

“Old Qiu, take him back to the Martial Division.”

Tai Ah returned to his sheath, and Lin Mo put his hands behind his back as he barked a word of advice before leaving.

“When those few soft bones wake up, have them rush over!”

As the words fell, Director Qiu arched his hands and said yes.

After struggling to no avail, Perry angrily asked.

“What the hell do you want?”

“I am one of the heirs of the Lawrence family.”

“If you dare hurt me, the Lawrence family will not spare you.”

Ever since he was a child, he had been held in high esteem everywhere he went, and this was the first time he had been so humiliated.

As long as I am allowed to return to the clan, I will definitely lead people to trample down the three districts.

Lin Mo skimmed at him and smiled coldly.

Just a second generation ancestor who relied on this clan to be arrogant and domineering.

“Soon it won’t be!”

When Perry heard this, he instantly stiffened his body, and a chill prickled the back of his neck.

Is he planning to kill me?

Medical Genius Unspeakable Marriage Chapter 3904

The moon was on the willow.

The eight great power lords came to their senses and rushed to the Martial Division as soon as they were ordered to do so.

Within the hall, Perry was being tied up, kneeling in the hall.

Having learnt a lesson from the past, the crowd did not dare to pay any more attention to Perry.

After a doubt flashed through their minds, they walked past quickly.

“Greetings, Mr. Lin!”

Black Rose saluted, forcing her back to endure the stabbing soreness in her back and bending down in a bow.

“Have a seat!”

Above the main seat, Lin Mo said in a calm tone.

Black Rose also breathed a slight sigh of relief at this point.

When everyone was gathered again, Lin Mo then rose and spoke.

“See?”

“This is the Third Young Master whom you regard as a tiger and a wolf.”

“I’ve called you all here today for no other reason than to straighten up your unrighteous backs.”

“Old Ma, can that hold a sword?”

Ma Bangde, though, full of doubts, was named, and he instantly stood up.

“The knife is light and sharp.”

After saying this he lifted his foot and kicked the back of the knife, and the large knife in the hundred pounds was danced by him with a whirring sound.

Although the aura was fierce, it was completely like a child, playing with a toy in Lin Mo’s eyes.

There were no eyes to see.

“Chop him up!”

“Yes!”

Ma Bangde’s eyes widened in hindsight after he agreed.

“Chop him up?”

He could think of millions of ways for Lin Mo to handle this matter.

The only thing that hadn’t occurred to him was to kill Perry.

When Director Qiu saw Lin Mo’s frowning appearance, he secretly said that it was not good.

The Knife Sect was the first force to come under Lin Mo’s name.

After all this time of contact, Director Qiu knew in his heart.

Lin Mo thought extremely highly of Ma Bangde and knew in the future that he would take Death Island.

In the future, if he knew that he would take over Death Island, there would definitely be a place for Ma Bond among the main administrators.

But this incident with Perry had already angered Lin Mo.

If he could not handle it properly, Ma Bangde would most likely be marginalised.

Thinking of this, Director Qiu hurriedly reminded.

“Godfather Ma! How about I come and do it for you?”

At these words, Ma Bangde, who was still hesitant, also instantly woke up with a start.

He cursed himself for being confused.

His own groveling to outsiders had already deeply angered Lin Mo.

Right now, he even dared to be indecisive.

“Third Young Master!”

“Go over there and remember that the man who killed you is called Ma Bangde!”

With an angry shout, the blade turned.

With his mouth gagged, Perry had no chance of uttering a plea for mercy.

All he could do was whimper and howl with wide, terrified eyes.

“Stay with the knife!”

Just at this moment of great urgency, a cry came from beyond the night air.

But Ma Bond was determined to kill Perry, so he could not possibly ignore them.

The great sword was raised high and fell straight down.

In the night, the old man's face was full of hostility when he saw this scene.

"How dare you!"

He dared to kill Lawrence's direct descendants, he didn't have enough time to live.

The old man raised his hand and three flying swords shot out.

Director Qiu's expression changed greatly when he felt the powerful aura of a half-step Patriarch.

"Beware!"

With the opponent's tricky angle of attack, there was no way for Ma Bangde to survive.

The remaining few power lords had just reacted.

The flying daggers were still coming in front of Ma Bangde.

He was going to die!

His heart cried out, and he closed his eyes in despair.

It was already too late to stop it.

It was at this moment of great urgency that he suddenly sensed an extra pair of hands on his shoulders.

"You're too weak too!"

Hearing this extremely familiar voice of ridicule.

Ma Bonder's face flushed with joy.

Not only because he had been saved, but also because he had passed this test.

Ding ding!

Before his eyes, the figure of Mabundu suddenly disappeared.

All that remained were the two flying swords stuck above the marble floor.

After a search.

The power lord, to his astonishment, found the last flying dagger, which was positioned straight on Perry's back.

.....

The man who came out of nowhere to save Perry or to kill him!

The crowd was straight up confused.

The whole room was baffled!

Medical Genius Unspeakable Marriage Chapter 3905

Lin Mo saved Ma Bangde and turned towards the visitor and shouted angrily.

“What kind of person? How dare you a*sa*sinate Third Young Master Perry.”

This caused the already baffled power lords to recoil in even greater confusion in their homes.

If that was correct, it should be Mr. Lin who kidnapped Perry back and ordered his beheading, right?

Now this was a backhanded attack?

At the head of the group was an old man, followed by three middle-aged men.

When he heard Lin Mo’s words, the old man stumbled on his feet and almost fell over.

At the same time, he was inwardly astonished that his three flying daggers were clearly heading towards Ma Bangde’s vitals.

Somehow they had injured Perry.

And this guy, Maband, had managed to dodge his own attack.

Right now was not the time to dwell on it.

“Gentlemen, my humble servant Laurence Auld, Elder of the Laurence clan’s law enforcement.”

“The junior members of the clan don’t know the rules, so I would like to ask you all to hold your hands high.”

The words were polite, but his condescending and godlike appearance did not even look at the re-doing crowd in the eyes.

The man behind him, with a cold snort went straight to Perry.

“How dare you!”

Black Rose bellowed as she saw him preparing to untie Perry and stood up.

“Did we say anything about sparing him?”

The man raised his eyes to skim over the crowd and poofed, “Who are you?”

“Since when does the Lawrence family need the consent of the people they’re working for.”

If the second master behind him hadn’t spoken up.

His people would have already made their move.

The moment these words were spoken.

Led by Director Qiu, several of the power lords also rose together to meet them.

Perhaps it was that wave of punishment from Lin Mo.

The group of power lords also gradually came to their senses.

The nine great powers were united, and behind them was Lin Mo’s Patriarchal powerhouse.

Even if the other party was the Lawrence Family, so what?

“Heh!”

The old man Ao De sneered and raised his steps to step forward.

“What, now our Lawrence’s face is no longer of use?”

The words fell.

The majestic aura of the four men rose up to the ground.

“Four half-step clerics?”

In the past, a few people might have been intimidated.

But as experienced the terrifying scenes of a clan master battle had all been experienced.

These few half-step clan masters in front of them were nothing more than child’s play.

The stalwart power lords were vaguely tit-for-tat with their objects.

Aude’s brow furrowed, the situation before him was something he had never imagined.

This group of limpets, this was hardening up?

Although the power lord side was superior in numbers, it was only Director Qiu that had to put up a fight.

In front of four half-step clan masters, they were nothing more than dirt chickens and wild dogs.

“Are you guys trying to seek death?”

Ao De felt he was being provoked, and his heart grew murderous.

Eight flying swords quietly appeared in his hands.

With just one strike, the eight people in front of him would definitely die, and the remaining Director Qiu would not be a match for the four of them.

As for the young man outside the crowd, Ao De didn’t even put it in his eyes.

Most likely, he was also a descendant of several powers.

With both sides facing each other, Perry was also successfully freed.

Not caring about the injury on his back, Perry got up.

Hastily, he hid in the middle of the four men.

“Second grandpa, you have to be careful

He raised his hand and pointed nervously at Lin Mo.

He was about to warn.

But Ao De only thought he was scared.

“Don’t be afraid, with your second grandfather here, no one can hurt you a hair.”

“Those who dare to touch my Laurence family must pay the price in blood.”

At first, if a few people, this power lord, obediently admitted their mistakes.

The matter would have been settled.

After all, they were the ones who had been unreasonable in the first place.

However, these few people should not have dared to provoke.

“Each of you can leave one hand behind, and I can pretend that this matter has not happened.”

Aude spoke in a cold voice.

Not waiting for the power lord to reply.

Lin Mo, who had been standing behind him, finally chose to speak up at this moment.

” Old Qiu, specialising in the Martial Division, what should be done about it?”

Director Qiu smiled coldly.

“That would naturally be to kill them all!”

Medical Genius Unspeakable Marriage Chapter 3906

From the beginning to the end.

Lin Mo’s various arrangements were to make this group of power lords straighten their backs.

At the same time, it was also to make them clearly realise the power of the Three Regions.

Now that the Power Lords had understood the reasoning behind it, their own purpose had been achieved.

When Ao De heard Director Qiu’s words, the chill in his heart increased.

At the same time, he also raised a keen interest in Lin Mo.

Director Qiu, who was incredibly arrogant, had actually lowered his eyebrows so much to a young man.

“Kid who are you?” Ao De asked coldly.

“I am your father!”

The moment Lin Mo said this, the scene instantly fell silent.

The three half-step Patriarch middle-aged men were startled in their hearts, and with strange gazes, they secretly observed the second master’s reaction.

As the second-in-command of the Lawrence family.

Aodh was a towering figure in the entire Death Island.

Now, to be described as a son by a nameless kid.

This was a complete death wish!

“Kid!”

Aude roared lowly, his face full of hostility.

The gaze that he looked at Lin Mo was incomparably cold.

“How dare you humiliate the old man like that, die!”

Perry didn’t even have time to remind Lin Mo that he was extremely strong, especially with that terrifying sword skill.

Ao De had already disappeared into thin air.

When he reappeared, he had already come to a distance of less than a metre from Lin Mo.

There was no nonsense.

Aude raised his hand and slapped his palm towards Lin Mo’s head.

The surging aura wave instantly lifted all the tables and chairs around him.

Perry, who was watching the battle, saw that Lin Mo was standing still.

In his heart, he couldn’t help but cry out in secret.

Originally, he had thought that Lin Mo’s strength was extraordinary.

He didn’t think that when he hit his second grandfather, he was just a silver spear with a wax head.

If he had been struck by this palm, an ordinary person would not even be left with ashes.

He had met Lin Mo.

Slap!

A clear and crisp sound rang out.

The crowd didn’t even see how the two sides exchanged blows.

Ao De had already screamed miserably and smashed viciously against the wall.

Such a result was not a surprise to the power lords.

Lin Mo’s was something that they could see for themselves.

However, several people from the Lawrence family were directly scared out of their wits at this point.

This

This young man was actually so strong.

The second master, Ao De, was one of the strongest people in the Lawrence family's power.

But at the moment, he was actually dried out directly by a single blow.

Perry's face was full of horror.

He only thought he had seen wrong and desperately rubbed his eyes.

Only before his eyes, Lin Mo was still on cloud nine.

Oded was still unconscious on the ground with a puffy face.

"Ah, this can't be?"

For a moment, Perry found it hard to accept such a result.

He couldn't help but hiss.

The piercing sound caused Lin Mo's eyebrows to furrow.

"Croak!"

"Old Ma!"

Ma Bangde understood and immediately replied, "I understand, Mr. Lin."

The large blade in his hand after he finished speaking slashed at Perry once again.

In front of him, the three Half-step Patriarchs, were just about to make a move to stop him when Lin Mo casually waved out a sword.

Three miserable screams followed in close succession.

As for Perry, he didn't even have time to shout out a miserable scream before his head was already chopped off by Ma Bangde.

"You will pay for this!"

"Prepare for the endless wrath of the Lawrence family!"

The three men spoke fiercely, covering their already severed arms.

The second master had been knocked unconscious and the young master Perry had been decapitated.

This was a complete blood feud with the Lawrence family.

"Is the Lawrence family great?"

Several of the power lords stepped aside and Lin Mo disdainfully carried Tai Ah to the front.

"One more word of nonsense and you won't be leaving today!"

The three men took a look at the terrifying longsword.

Under the threat of death, the three opened their mouths.

In the end, they did not dare to speak.

They could only angrily take the unconscious Aude with them, as well as Perry's corpse.

Just as the group was about to leave, Lin Mo suddenly called out to them.

Once again, he waved his sword.

Aude disappeared with one arm!

Medical Genius Unspeakable Marriage Chapter 3907

"What are you glaring at?"

Ma Bangde saw that the three broken-armed Patriarchs even dared to glare at them.

The fire rubbed off and went straight to his head.

After holding back his anger for so many years, he was finally able to raise his eyebrows today.

"Old Ma, slap the hell out of him!"

Upon Lin Mo's command, without saying a word, Ma Bangde stepped forward and slapped him twice across the mouth.

"Good at martial arts division, just one of your arms and not taking your lives is already a great favour."

"Don't give me no idea of what's good for me!"

Although Ma Bangde's face was full of anger.

But his heart had already burst with joy.

This was too good to be true!

One of the half-step Patriarchs, unwilling to be so humiliated, spoke up angrily to.

"This is a score for us, the Lawrence family."

"I hope that the next time we meet, you will still be so arrogant."

The blood feud had been taken up.

The Lawrence Family would definitely not let go of this group of people in District Three.

After dropping his fierce words, this man was about to leave.

However, after he turned around, Lin Mo's cold, death-like voice rang out in his ears.

"You are not going to have the chance to see it."

The words fell.

A trail of blood touched his head and came out.

Headless corpse, plus 1!

“Take the corpse and get the hell out of here!”

“Go back and tell the people in your clan that if they dare to put their hands in here again.”

“I’ll chop them all up for you!”

The two remaining half-step clan masters, gritted their teeth and ultimately did not dare to speak.

The example of a tough mouth was right in front of them.

After several people left, only a streak of blood was left in place.

Lin Mo retrieved Tai Ah and turned to look at the several power lords.

“Understood?”

The crowd understood and nodded their heads in unison.

“Very well!”

“In future, but anyone who dares to covet our three districts, kill them all for me!”

“Remember it’s anyone!”

“Of course if any of you are used to kneeling, then don’t ever get up again.”

Having gone through this, how could the nine powers dwell still be foolish.

Especially tonight, several half-step clan masters from the Lawrence family were ruthlessly stepped on under their feet.

This feeling was truly unrestrained.

When the crowd dispersed.

However, Director Qiu’s face was full of sadness.

After today, the three districts and the two regions were bound to be at loggerheads.

After some thought, he approached Lin Mo.

“Mr. Lin, their Lawrence family is not weak.”

“If they make a move, how should we defend ourselves.”

The battle of the powers was too long a battle line, even if there were patriarchs sitting in the town.

But in the end, there was no time to split up!

Lin Mo pondered for a while and spoke.

“No matter, if they want to come to reason, we will reason with them.”

“If they want to do it, then let’s do it!”

Without any paperwork, Nephew Perry broke into other districts to openly spy on information.

The matter would not be justified even if we talk about it.

Brother Aude was even trespassing on someone else’s power base on the basis of his status.

There is no justification for that either.

Both of them deserved to die.

If one were to debate from reason, Lin Mo had the peak.

If it was about martial arts, that was just right.

What a waste of breath for something that could be resolved with a single sword.

Thinking about this, Lin Mo continued to ask.

“Is it feasible for us to exterminate them Lawrence if we directly fight our way into District 2?”

Director Qiu shook his head straight away.

“There is an agreement between the thirteen districts, if we were to march directly into District 2.”

“The remaining ten districts would unite to put forceful pressure on us in District Three!”

“And the Lawrence family is the sole administrator of District 2 and has power all over.”

“It’s difficult to exterminate their clan.”

“Unless all their top managers are dead.”

At the end of his sentence, a hostile look flashed across Director Qiu’s eyes.

Lin Mo understood Director Qiu’s meaning.

It was nothing more than asking himself to conceal his identity and carry out the assassination plan.

Kill all of Lawrence’s top managers and wait until their family was in disarray.

Then support a puppet to run the entire family.

This plan would be fine.

Lin Mo nodded and spoke.

“Let me think about it again.”

Medical Genius Unspeakable Marriage Chapter 3908

The outside world.

It was business as usual.

Only the conflict between Master Perry and the mysterious young man has given the ordinary people something more to talk about after dinner.

Secretly.

Under the joint action of the nine major powers.

Scouts from other districts were constantly being silently uncovered.

One by one, corpses were secretly disposed of and transported to ma*s graves.

The borders in charge of the various forces also deployed a large number of additional manpower at the first opportunity.

No one, regardless of their status, was allowed to pa*s through.

Under the joint action of the masters of the various powers.

The three districts are like a huge iron cage.

The cage could not be opened until the spies from other districts were cleared out.

So.

Although the other districts were curious about the sudden changes in the three districts, they could only stare in disbelief.

The other districts are curious about the sudden change in the three districts, but they can only stare in disbelief.

.....

District 2.

The head of the family, Laurence Clegg, waited with a grim look on his face for news. Clegg waited for the news with a grim look on his face.

It was only when there was a knock on the door that he made his move.

“Come in!”

“Patriarch, the Second Master has lost too much blood, plus his cultivation has been ruined, he is powerless to return to heaven.”

As soon as these words were spoken, hostility flared up within the room.

With a heart full of anger, Clegg smashed the coffee table directly in front of him with one palm.

The core of his nephews and sons had been killed, and his brothers had died tragically.

When had the Lawrence family ever experienced such a loss.

“Go and get those losers for me.”

A few minutes later, two one-armed half-step Patriarchs arrived.

When the duo recapped what had happened.

Clegg's face looked even gloomier.

"My brother Aude is dead!"

When the two heard this, they looked horrified.

They hurriedly knelt down and kowtowed to the ground, just as they were about to beg for mercy.

Clegg had already arrived in front of them.

There were two pang-pang sounds, and the two men's pupils shook, bleeding from their seven holes.

"Why are you two still alive?"

It seemed that the death of his nephew and brother, all this and everything that was wrong, was the result of the duo's poor protection.

Seeing this, a subordinate rushed to bring wet towels.

After dealing with the two men, Clegg's gaze remained cold.

While wiping his hands, he commanded.

"Clean up!"

There was no reply from the room.

Only when he Clegg's words fell.

The bodies on the floor had disappeared without a trace, even the blood had disappeared with them.

It was as if nothing had ever happened.

In a trance, the room suddenly became deadly silent.

The angry Clegg did not notice the abnormalities around him.

Only when he ordered his servants to pour the wine, no one responded.

"Where is everyone? Are they all dead?"

Still no one answered.

It was only then that Clegg awoke.

"Who is it?"

The empty room remained unresponsive.

The furnishings remained the same, the lights flickered.

Only the dead silence was unnerving.

The only movement in the entire room was also the sound of one's own slight breathing.

The environment seemed to drive one mad.

The more time pa*sed, the more disturbed Clegg's mind became.

"Shadow Stab!"

After he shouted, still no one responded to him.

At this moment, Clegg finally tensed up.

The Hidden Thorns were his strongest guards, and also the strongest fighting force of the Lawrence family.

He was under the direct command of the head of the family, and was a loyal dead guard.

There was no response at the moment, which meant

Clegg dared to think about going down.

With a heavy and serious look, he bowed down and prepared himself for battle.

At that moment the lights suddenly spared from flickering.

After a flicker.

Above the couch in front of him, a gentle man with gla*ses suddenly appeared.

He looked like an erudite scholar, with a soft, harmless face.

Beside the man were two young girls with ponytails, dressed to the left and right.

Directly behind him was a large, fat man who looked like a small mountain.

Clegg's eyes narrowed and he asked in a deep voice.

"Who are you people?"

District 2, House of Laurence.

Inside the brightly lit castle, there is no movement at all.

The servants, who had been busy, were all quietly sleeping on the floor.

Water, wine and cutlery are scattered all over the place, the whole scene is chaotic.

There is no sound.

The only sound that came from the top floor was the occasional conversation.

On the sofa, the man pushed his gla*ses gently and said politely.

"Introduce yourself."

“My humble self, Ki Doktor.”

Clegg’s brow furrowed at the name.

After his mind searched the whole of Death Island, he was pretty sure that he had never heard of this person before.

Ji Dutuo raised his eyebrows and smiled slightly at the sight.

“The Seven Deadly Sins, Second Sect Leader!”

Hmm?

Clegg flinched quite obviously when he heard this identity.

The next second his face instantly changed drastically.

“Our Lawrence family, I don’t think we have ever offended your organization!”

Clegg didn’t have the slightest bit of courage, and fear was even written all over his face.

Although he had tried his best to control it, his feet were still trembling slightly.

The name of the Seven Deadly Sins was too loud.

Its style of action was even more frightening.

Either they exterminate doors or gangs and factions.

As long as their prey was targeted by them, they had never failed to kill anyone so far.

Ji Duto sensed Clegg’s abnormality and smiled.

“There is no need to be nervous, family head!”

“The main reason for bothering you at home is to ask a favour of you.”

Although the waiter requested, the words were full of a commanding tone.

Only after Clegg heard this did he relax a little.

As long as they were not here to trouble the Lawrence family, that was fine.

“Mr. Ji, but there is no harm in saying so.”

“As long as our Lawrence Family can do it, we will definitely do our best.”

Although Clegg was puzzled, he did not dare to ask more questions.

Without hesitation, he agreed to do so.

Ji Duto’s smile became even brighter.

“Very well, in that case, please also ask the Lawrence Family to completely eat up District 2.”

Clegg smiled and suddenly looked difficult.

“Mr. Ji, our Death Island, District 13 has rules

Before he finished his words, Ji Dutuo raised his hand slightly, intending to him.

“Aren’t rules meant to be broken?”

“If someone is dissatisfied, I will go and talk to him!”

“That, you can rest a*sured.”

With that rea*surance, Clegg’s face lit up with joy.

Originally, he was still thinking about how he should take revenge for the blood feud in District 2.

Now that he had the backing of the Seven Deadly Sins, there was nothing to worry about.

“Mr Ji, let’s leave this matter to our Lawrence family.”

“In that case, I will trouble you!”

After Ji Dutuo got up, he patted his clothes and returned unhurriedly.

Just as he was about to leave, the small mountain-like obese man behind him suddenly let out a muffled sound.

“Hungry!”

Those greedy and hungry eyes began to frantically search the surroundings.

The red eyes were bloodshot.

Clegg just met his eyes and instantly the cold hairs on his body exploded.

That terrifying look was as if it wanted to eat someone.

“Hungry!”

The obese man shouted again, and unexpectedly raised his hand directly to reach out to Clegg.

For a moment, Clegg felt his body stiffen.

Although he had the intention to dodge, it was as if he had been inflicted with a stasis spell.

He couldn’t move a muscle at all.

As he was about to be gripped by the obese palm, Ji Duto spoke up.

“Tyrannical corpse!”

With a call, the obese man suddenly stopped the movement in his hands.

The bloodshot eyes also quickly dissipated, only to look at Ji Duto with a pitiful gaze.

“Second brother, I’m hungry!”

Ji Dutuo understood and raised his hand to point beyond the door.

“Good boy! Go and eat them!”

The tyrant corpse twisted his head to look at the two half-step clan master corpses and smashed his mouth.

In the end, they reluctantly moved their bodies.

A short while later, the sound of barks was heard outside the room.

Three Districts.

Under the rapid deployment of the major power lords.

The defence of the three districts is at an all-time high.

No one could enter and no one could leave.

All the scouts from the outer districts also drew their ultimate doom.

“Mr. Lin, we’ve scouts we’ve pretty much taken care of.”

Lin Mo withdrew his gaze and put down the blueprint of Death Island in his hand.

“Then let them stop for now.”

“If we take too long, people will be on edge.”

Ever since the death of Ma Bangde’s son, there hadn’t been any peace in the entire Second District.

One wave has not yet subsided and another wave has started.

Right now, if the ban continued, people’s hearts would be agitated and civil unrest would in turn form.

Director Qiu nodded his head.

“By the way, Mr. Lin, the Sea Wolf King’s wedding banquet is about to begin.”

“This is the invitation they sent over.”

At the mention of this matter, Lin Mo suddenly snapped back to his senses.

Right now it was the end of the month.

Lan Dieyi’s bloodline was also about to awaken, and the Sea Wolf King should also be ready.

“Alright, I know!”

The wedding was not something Lin Mo was planning to go to.

It was just a means for the Sea Wolf King to sound off.

Rather, it was the hiding place of his original body that interested Lin Mo.

Thinking about this.

The corners of Lin Mo's mouth suddenly hooked.

This b*****d had dared to stand himself up.

He had promised to send himself the evidence to support his secret.

Right now it was overdue!

When Director Qiu saw the ghostly smile at the corner of Lin Mo's mouth, he understood in his heart.

Someone was about to suffer again.

But soon, Director Qiu dispelled the suspicions in his mind and turned to remind.

"Mr. Lin, although the Sea Waves Gang is not strong, it has always wandered outside our joint forces."

"Will there be any repercussions if this continues."

Even the weakest Cang Ying Gang had arranged for a puppet gang leader.

It formed a union of the nine major forces.

This Sea Wolf Gang was the only one that Lin Mo had never given instructions on how to deal with.

People below had already started to speculate whether it could be that Lin Mo wanted to exterminate their Seawolf Gang.

And the conflict between the two sides was getting more and more intense by the day.

When the time came, if Lin Mo had other arrangements, but the Seawolf Gang had already been torn apart by his men.

That would be embarrassing.

"The Sea Waves Gang's side, don't bother with it for now!"

"Wait until after the Sea Wolf King's wedding banquet is over, and I will have other arrangements."

Saying that, Lin Mo handed a thin book to Director Qiu.

"These are the martial arts techniques I have compiled, the Eight Extremes Fist and the Joint Technique."

"You should arrange for them to go down as soon as possible, and practice them for all the other members of the various forces, except for the Blade Sect."

The fighting of the members of the forces in the three districts was too poor.

There were only a few people in the upper echelons who looked slightly better.

Since he had already decided that he would develop Death Island into his own power base.

Naturally, he did not want to just bring a group of stragglers in the future.

After Director Qiu took it, his expression visibly perked up.

“Mr Lin, can a few of us practise too?”

The reason why a Grandmaster was a Grandmaster was not just because of his superb strength.

It was more mainly because of their understanding of the martial dao.

Even with the most ordinary moves, a Zong Shi powerhouse could still exert a heaven-destroying effect.

The two martial skills being repaired by Lin Mo right now were absolutely extraordinary.

If he could cultivate them, he might be able to take this half-step Zong Shi realm a step further.

Lin Mo did not refuse.

“You guys don’t need to rush.”

“When we are done with the Sea Waves Gang, I will give you each specialized martial arts techniques as well as a better cultivation method.”

“But it doesn’t matter if you guys want to practice this Eight Extremes Fist and Joint Technique.”

The nine great power lords were already older though.

However, with reference to the two top cultivation heart methods, the Creation Technique and the Prosperity Technique.

Lin Mo was completely confident that he could make all of them breakthrough to half-step Patriarch.

As for the later realms, it would purely depend on individual creation.

The threshold of a Zong Shi was too high.

Anyone who could step through this step was a rare creature.
