### Medical Genius Unspeakable Marriage Chapter 4071

Ji Dutuo was in a state of utter bewilderment at the tyrannical corpse's behaviour.

To sacrifice one's own origin heart blood for such a stranger.

Wasn't this insane?

After giving Lin Mo a glance, the tyrannical corpse directly swallowed the food in his mouth.

This was the man who nodded seriously.

"I know what I'm doing myself!"

As soon as the words left their mouths, the two Lucky Sisters' faces became very anxious.

"Big fatty, are you crazy or did you eat the wrong food?"

The two were about to continue their heckling, except that Ma Bond, who was standing by, held out his hand.

"Let him be!"

Ji Dutuo said softly.

"But ....."

The two sisters were depressed to the core and were just about to retort when Ji Dutuo suddenly revealed a pleased smile.

"You guys have known the tyrant for so long, have you ever seen him take the initiative to do anything is it?"

Er .....

Only when this remark was made did the two of them, Nebula, come back to their senses.

Indeed.

Ever since the day they met, the tyrant corpse seemed to have no interest in anything other than eating.

Unless the two sisters took the initiative to seek it out, or when Ji Dutuo issued an order.

Only when Ji Dutuo gave the order would the tyrant move.

Right now, he was taking the initiative.

It was the first time the two sisters had encountered it.

At this moment, Lin Mo also had a puzzled look on his face.

"Using your heart's blood?" He asked incredulously.

The storm corpse did not reply, but only nodded quietly.

That serious seriousness didn't seem like a joke.

The only encounter between the two sides had been a brief question a few days ago.

But it was only when the corpse handed out food and asked if it would eat it.

After thinking about it, Lin Mo still had no clue about this tyrant's generous offer.

Lin Mo glanced at Ji Duto again and saw that he too had a smiling demeanor.

Only then did Lin Mo move out of the way.

For something like this, there was absolutely no need for the other party to make such a joke.

"Hide away a little."

This was naturally said to the two of them, Ma Bangde.

After waiting for the three to move aside.

The storm corpse then began to watch the action.

Only to see his huge body inexplicably start to shake.

Pounding like a shocking wave, it heavily discharged in all directions.

At this moment, Ma Bangde and Black Rose intuitively ten thousand pounds of mountains pressed on their shoulders.

Under the immense pressure, the two of them could not stop their feet from swaying.

As for the swordsmen of the nearby Knife Sect, they didn't have time to react before they fell into a coma.

What terrifying strength.

Lin Mo stared at the tyrannical corpse in front of him, and could not help but sigh with emotion.

Leaving aside everything else, this monstrous patriarchal aura alone was even a headache for himself.

And this also confirmed his previous suspicions.

This Ji Dutuo's group was not a good fighter.

In full view of everyone, the tyrannical corpse raised his hand and slapped a palm towards his chest.

Poof!

With a mouthful of blood, within the room, blood mist filled the room.

And in the midst of it, a drop of bright red blood-eye looked particularly blinding.

Even that ruby had to be dulled in front of it.

This was, the blood of the heart.

Along with the appearance of this object.

The aura around the tyrant corpse fell by a thousand.

He, who was still winging it with spirit, had also become depressed.

Only the state was not too much better compared to Lin Mo.

And at this moment, Lin Mo was so nervous that he was already holding his breath.

The answer to the question of whether or not falling to the ground could save Lin Wu Huan would be answered soon.

As the tyrant corpse controlled his heart blood, as he approached.

Hate Free's body suddenly trembled slightly.

Without waiting for the tyrannical corpse to act further, a strong and powerful suction force came from above the wound.

In the blink of an eye, the heart blood was sucked straight through.

Under Lin Mo's nervous commentary.

Hateless' heart quickly absorbed the tyrannical corpse's heart blood.

The originally hideous slash also began to heal rapidly at this point.

Dang!

As a faint heartbeat rang out, Lin Mo's eyes were once again red .....

A miracle had appeared!

### **Medical Genius Unspeakable Marriage Chapter 4072**

Is there really a miracle in this world?

Ji Dutuo looked at the bed, Lin Wuyuan who had come back from the dead, and the same doubt could not help but come out in his heart.

A person who had clearly lost his life had now regained his heartbeat once again.

If this was not a miracle, what was it?

At this moment, Lin Mo could not care about this.

With Ma Bangde's assistance, he wobbled to the bed.

Quickly, he examined the corpse of the tyrant.

There was no major damage, having lost a drop, his strength would be compromised.

But with some time to recuperate, it would slowly recover.

“Thank you!”

After Lin Mo thanked him from the bottom of his heart, he immediately turned around and reached out to take Lin Wuyuan’s pulse.

Shortly afterwards.

Lin Mo’s original joy was instantly washed away by a lot.

Even though he had rescued Wu Huan, her condition was not optimistic at the moment.

Perhaps it was the peculiarity of her physique.

Lin Wu Huan’s body was repairing itself at the moment.

However, there was a problem with her brain, which remained in a sunken state.

To put it simply, it means that although she is not dead.

But her consciousness felt that she was dead.

What worried Lin Mo the most was not that there was no way to change the consciousness of the new disciple.

Instead, it was his own Shen situation and the problem of herbal medicine.

This barren Death Island simply did not have the supplementary herbs he needed.

His own situation was not optimistic either, and he was in a state where he could not protect himself.

Thinking about this, he couldn’t help but frown.

“Trouble!”

In Lin Wuyuan’s state, he could not delay for too long.

If time pa\*sed, his consciousness would completely dissipate.

At that time, it would be impossible to save her even if the Great Gods came.

As she was in a difficult situation, Ji Dutuo, who was at the side, suddenly spoke up.

“Brother Lin Mo, have you encountered any difficulties?”

“You might as well tell us, let’s think of a solution together!”

At these words, not only Lin Mo, but even the two Nebula sisters looked at him in surprise.

It was just as well that the tyrant corpse was mentally incompetent and could do this stupid thing.

But this Ji Dutuo sect master, could he also have lost his mind?

Ji Dutuo smiled and did not explain, but only patted the two sisters’ shoulders and told them not to worry.

Lin Mo's side, although also a face of confusion.

But at the moment, it seemed that no other solution could be found.

With no other choice, he spoke out his difficulties.

"I'll ask someone to come and help!"

"But the location of Death Island is too remote, plus I'm already running out of gas here ....."

Halfway through the words, Ji Dutuo had already understood the meaning and spoke directly to interrupt.

"Brother Lin Mo, I understand!"

"However, are you sure you can wake up Lin Wu Hate?"

Lin Mo did not hesitate and nodded seriously, "If I can't wake him up, I'll die!"

As soon as these words were spoken, Ji Dutuo took out a silver glowing talisman from his pocket.

"This object is, the Ten Thousand Miles Transmission Talisman!"

"As long as you meditate on the person you have in mind, you will be able to bring the message to him."

With that, he casually flung his hand, and the talisman came to Lin Mo's hand.

"Sect Leader Ji Dou, what are you doing?"

Xing jumped to his feet in anxiety.

This was a ten-thousand-mile transmission talisman, and there were only two of them in the entire Seven Deadly Sins.

One of them was in the hands of the mysterious Grand Preceptor, and this was the second of them in front of him.

This was the one given to Ji Dutuo by the Grand Preceptor.

It was given to Ji Dutuo to inform the Grand Preceptor to come to his rescue in the event of a life-or-death crisis.

It is a life-saving item that is in the bottom of the box.

However, Ji Dutuo had actually given this messenger to Lin Mo.

This was undead madness.

"A good man does what he has to do, send the Buddha to the West!"

Ji Dutuo smiled and appeased its two sisters.

"It's not easy for us tyrannical corpses to be nice and take the initiative to help others."

"Don't I, as the big brother, have to show it too?"

Star complained anxiously, "This is your life-saving card!"

"You think that someone can kill me?" Ji Dutuo smiled confidently.

### **Medical Genius Unspeakable Marriage Chapter 4073**

Lin Mo looked at the silver spell in his hand, not bothering to speculate on Ji Dutuo's purpose.

Right now, saving people was more important.

After a quick thought, three figures instantly flashed through his mind.

In this situation, it was natural to ask Nie Kongming, the Grand Elder of the Medical Union, to be the most appropriate person.

However, he was too busy between the Medical Union and the Martial Union to be able to get away.

The second candidate would be Little Shayi Du Qi.

But he is now pursuing his own dao.

This bloody place on Death Island would only be a nuisance to his Dao, and is also not suitable.

The last person.

Looking at his mind to get the silhouette, Lin Mo was flabbergasted for a moment.

If it were possible, Lin Mo would never want to meet with her again in his life.

However, in the current situation, apart from this person, there was no better candidate.

After gritting his teeth, Lin Mo finally called up this dusty name in his heart .....

.....

Ten thousand miles away.

The Dunhuang Sacred Region of China, the top of the Nine Peaks.

A silvery white, plainly dressed figure is sitting here in silence.

The clear gaze is calm and firm.

Soft red lips and a delicate nose, together with that beautiful, youthful, quiet and elegant character's face.

A stunningly beautiful woman who is a captivating figure.

This person is none other than the Dunhuang Holy Maiden, Snow Lotus.

In front of her, a six-petalled lotus flower was hovering quietly at this moment.

She had been here for many days and nights.

On this day, everything should have been as peaceful as before.

But after that familiar voice inexplicably rang out in her ears.

Her unruffled heart rippled violently.

She got up and tapped her foot repeatedly.

In the blink of an eye, she arrived at the Dunhuang Sanctuary's medicinal herb storehouse.

"Greetings, Holy Maiden!"

A patriarchal old man slightly curtsied and saluted.

"Grandpa Cang, the herbs on here, please prepare one for me as quickly as possible."

At this moment, there was a vague anxiety showing between her words.

After accepting it, Elder Cang gave Xue Lian a puzzled look.

In the past, the calm and elegant Holy Maiden, for some reason, seemed so impatient today.

Moreover, these herbs could all be used for healing the divine soul, and the quantity was several times the standard.

With concern, he asked, "Holy Maiden, is this a deviation from the enlightenment?"

Xue Lian shook her head, "Grandpa Cang, there's nothing wrong with me?"

"Please, be a little faster, I'm in a hurry to use it!"

Cang Lao faintly stared.

What was wrong with this little girl today?

He had grown up watching Xue Lian, and this was the first time he had seen her acting so abnormally.

With this in mind, Elder Cang was already walking towards the medicine store behind him.

In a short while, he had brought back the herbs that Xue Lian needed.

"Thank you, Grandpa Cang!"

As soon as the words left his mouth, Xue Lian left the place in a hurry.

When he reappeared, he arrived in front of an ancient mansion.

"Grandpa! Grandpa!"

After calling out a few times, he saw that there was no movement in the room.

Xue Lian was so anxious in his heart that he raised his hand and pushed the door straight in.

After sweeping his eyes over a group of people.

He stared directly at the pill box placed at the top of the shelf.

“Why don’t we wait until grandpa comes back!”

However, when Xue Lian recalled that weak voice in his mind.

The gaze that was still hesitant suddenly turned firm.

When she walked out of the room again, a slow blush had surfaced on her white face.

As a well-behaved Dunhuang Sage for over twenty years.

It was the first time she had done such a thing as taking without asking.

And as she leapt into the mid-air and flew away.

Two figures suddenly surfaced in the middle of the originally silent ancient mansion.

“Holy Lord, aren’t you going to ask?” Cang Lao asked.

Xuan Hei Zi looked at the empty pill box on the table, already the note, and could not help but sigh lightly.

“What’s there to ask, a woman is too old to stay!”

Cang Lao glanced at the direction where Xue Lian had left.

There was still some worry in his heart.

“Do you want me to follow .....

Xuan Mizi waved his hand, “Young people have their own path to follow, Lian’er has grown up.”

“And let her go .....

#### **Medical Genius Unspeakable Marriage Chapter 4074**

Death Island, District Three.

Lin Mo had been watching over his disciples for two days straight, without sleep.

His mind was also becoming more and more anxious.

Lin Wu Huan’s condition had become worse and worse.

If he delayed any longer, I was afraid that he would be powerless to return to heaven.

As for Lin Mo himself, he had long since reached his limit.

If it wasn’t for that one belief that supported him, he would have collapsed long ago.

And for the past two days.

Ji Duto and the four of them had stayed here.

As for the purpose, it was nothing but for Lin Wuyuan.

As they waited, the white-haired body quietly appeared.

“My Lord, our Seven Deadly Sins’ men have arrived at Death Island.”

“Do we need him to come over now?”

The long wait.

Ji Duto had gradually lost his patience.

In order to ensure that Lin Wuyuan could successfully revive, Ji Dutuo had put his body down.

The number one divine doctor within the organisation had been summoned over.

“Invite him over!”

Not long after, White Hair led an old man with a full head of white to this side.

After seeing this man, even Ji Dutuo bent down and saluted.

“Greetings, Old Mister Feng!”

Feng Wu Huo was not only the person with the strongest medical skills of the Seven Deadly Sins.

He was also one of the most highly qualified Kai Kai sect patriarchs.

With his strength plus his seniority, even the Grand Preceptor had to bow obediently when he saw him.

Feng Wu Huo casually waved his hand, and after he walked into the room, his brow couldn’t help but frown.

“Ah, Little Tuo, you don’t think that old man me is too idle.”

“What about calling me over to amuse me?”

Ji Dutuo was uncertain, “Old Mr. Feng, how dare the late generation!”

“There is nothing else I can do, so I thought of asking old man for help.”

“I think in this world, there is no disease that you cannot cure!”

He said respectfully, invisibly flattering Feng Wu Huo with his words.

As expected, after hearing these words.

Feng Wu Huo laughed and stroked his long silver and white beard.

“You are the sweetest mouth!”

“However, you are right.”

“In this world, even if there is a disease that the old man can’t cure, it’s impossible for others to cure it.”

After saying that his face was already written with a condescending look.

This was also the reason why Ji Dutuo did not want to invite him over.

Although this Feng Wu Huo's medical skills were superb, he was arrogant to the extreme.

Within the organisation, apart from the Grand Preceptor, there was no one who could enter his eyes.

Retracting his thoughts, Ji Dutuo saw that he had made the old man happy before he opened his mouth to ask.

"Old master, should I trouble you to take a look?"

Feng Wu Huo did not reply.

It was only when the line of sight shifted to Lin Mo and Hatedless.

Feng Wu Huo's then frowned and shook his head.

"There is help!"

"But it's not necessary."

"With this elixir and energy, the old man still cultivates it for the offspring within the organization!"

Er .....

Ji Dutuo only felt that his was underestimating this Feng Wu Huo's arrogance.

But there are specialties in the field.

Although his strength was extraordinary, he did not know anything about medicine.

"Old Mr. Feng, this little girl ....."

Seeing that this old man refused, he was ready to say the value of Lin Wu Huan, thus impressing Feng Wu Xiu.

Only Ji Dutuo had only just gotten halfway through his words.

The first thing he sensed was that there was a not-so-weak aura that was speedily coming towards here.

Judging from the aura alone, the person coming was no less powerful than a sect master.

If we look at the entire Death Island, it was impossible for anyone other than the few people present to be here.

There was no way that any other Grandmaster would dare to reveal his aura openly.

So it seemed that this person must have been invited here by Lin Mo using the Ten Thousand Mile Transmission Charm.

Has he finally arrived?

At this moment, Ji Duto could not help but feel a surge of anticipation in the bottom of his heart.

Instead of licking Feng Wu Huo's hand in a low voice.

Ji Dutuo was more interested in seeing how much of a surprise this patriarch, who had been invited by Lin Mo, could bring to him.

The breeze brushed by.

A silhouette appeared in front of everyone's eyes.

"Lin Mo, I'm coming ....."

### **Medical Genius Unspeakable Marriage Chapter 4075**

The slender silhouette stood quietly in front of him.

Lin Mo smiled faintly, having been apart for a long time, but familiar as if he had seen her again yesterday.

"Not bad, already Patriarch, congratulations!"

At this moment, he had finally waited for Xuelian.

Lin Mo had been able to persevere until now, purely because of that obsession to protect Hateless.

Now that he had seen Xue Lian, Lin Mo's spirit had relaxed.

As he was about to get up to greet them, his eyes went black and he completely passed out.

"Lin Mo ....."

As Xue Lian exclaimed in shock, she immediately went forward to support him.

"You're still so feisty!"

Xue Lian murmured in a low voice, with all the tenderness in her eyes.

Looking at the woman who suddenly appeared in front of him.

Ji Dutuo couldn't help but secretly marvel.

He had seen countless beautiful women in the world, but this was the first time he had seen such a flawless woman.

Whether it was her appearance, her figure, or her aura.

They were all first class on earth!

"What a handsome girl!"

Feng Wu Huo on the other side was also in awe.

"Little Tuo, did you invite this girl doll too?"

At his question, Ji Dutuo's face looked embarrassed.

"Old Mr. Feng, this girl is Lin Mo's friend."

He paused for a moment after saying this, and hesitated for a few seconds before speaking out.

“Seems to know a little bit about medicine as well!”

Hearing these words, Feng Wu Huo’s face, which was still slightly appreciative, suddenly sank.

Having lived for nearly a hundred years, how could he be easily fooled.

“Do you mean to say that you look down on the old man’s medical skills?”

“How dare I!” Ji Dutuo immediately replied back.

“I’m just worried that, this little girl can’t carry it, that’s why I specially asked old sir to come and tout a bottom.”

At these words, Feng Wu Huo slowly narrowed his eyes.

The sleeping girl doll on the bed was clearly not one of the Seven Deadly Sins.

For the sake of a non-relative little girl, this Ji Dutuo had even raised a great deal of trouble to bring himself to Qing.

There must be something fishy in this.

Thinking of this, the corners of Feng Wu Huo’s mouth inexplicably hooked.

“Little Tor, you are dishonest!”

“This little doll, it’s not your illegitimate daughter from outside, is it?”

If so, that would be interesting.

The Second Patriarch, who didn’t kiss women, if he had a daughter on the outside.

That would be a big piece of news.

Ji Dutuo’s face was embarrassed at this moment and he hurriedly explained.

“Old man, don’t misunderstand!”

“This little girl, she merely has a somewhat special physique with heavenly qualifications, and I intend to recruit her into the organisation.”

At first glance, he was the one who did not want to reveal Lin Wuyuan’s special characteristics.

It was just that this Elder Feng was not only notoriously arrogant, but his big mouth was not even a little bit controlled.

If he misunderstood him, Ji Dutuo could guarantee it.

Within three days, the entire Seventh Sect would be instructed that he had a daughter on the outside.

“Oh?” Feng Wu Huo raised his eyebrows and a look of intense interest surfaced on his face.

This was the first time that he had heard this Ji Dutuo looking at a junior like this.

And imbued with the distinction of having unbelievable qualifications.

One must know that there were countless geniuses within the Seven Deadly Sins.

But there were only a few who could enter Ji Dutuo's eyes.

Thinking of this, Feng Wu Huo walked to the bed with a curious look on his face.

As if no one was watching, he placed his hand on Lin Wu Huan's forehead.

Before long, he couldn't help but frown.

"Average roots and bones, nothing special, and an average realm."

"Ah Xiao Tuo, you're not getting hit in the eye, are you ....."

Ji Dutuo shook his head and returned with a mysterious face.

"Old sir, if I say that the little girl has stepped into the martial path for less than a month."

"And will an ordinary martial arts stance, in her hands can attack half-step zongshi?"

The moment this statement was made.

Feng Wu Huo's face instantly changed.

Genius was indeed no longer enough to describe such a person!

"I'll take her back to the organisation for treatment!"

It was so hard to come across a talent with such demonic qualifications, how could he, Feng Wu Huo, let it go so easily.

"Wait, old man ....."

### **Medical Genius Unspeakable Marriage Chapter 4076**

Just as Feng Wu Huo was about to pick up Hatedless.

Xuelian suddenly spoke up and organized to.

"Wait a minute, old man!"

She had just arrived here and was not clear about the identities of several people.

Thinking that those who appeared here were all Lin Mo's friends.

Simply by looking at Lin Mo's strong and tattered body, he also had to stick by this little girl's side.

One could tell that this little girl must be extremely important to Lin Mo.

Now that the old man had taken the little girl away from him, how could Xue Lian agree to this?

Feng Wu Huo frowned.

“What?”

“Are you planning to stop old man?”

His tone was cold and his killing aura was gradually revealed.

As long as he wanted to do it, even those few sect masters would not dare to stop him.

Not to mention this little girl in front of him.

Xue Lian’s expression was calm as she slightly flexed her body.

“Since Lin Mo is so fond of this little girl, it’s better to wait until he wakes up.”

“Even if old sir wants to take this little girl away, it shouldn’t be a day or two away!”

Compared to Feng Wu Huo’s arrogance, Xue Lian was obviously much gentler.

After all, she didn’t know anything about everyone present.

Lin Mo had also only hastily allowed the Money Flower and Water Fragrance Vine that he had brought along, as well as other herbs above the divine soul.

Seeing this, Ji Dutuo hurriedly came up to Li Feng Wuhuo’s side and explained.

“Elder Feng, the two of them are master and disciple.”

Said Ji Dutuo, pointing to the unconscious master and disciple on the bed.

“If we forcefully take away this little girl’s words, I am afraid that she will have resentment in her heart, which is not beautiful instead.”

He did not want to reveal Lin Wuyuan at first, in fact, he was worried that, this Feng Wuxiu would be impulsive.

On the other hand, although he did not know the Xue Lian in front of him.

However, a genius who had already broken through to Zong Shi at a young age.

Naturally, his identity could not be simple either.

There was no need for conflict, and it was better to avoid it as much as possible if you could.

After all, pressed down, the main business they had come to Death Island for had not yet been completed.

Only then did Feng Wu Huo’s face look a little better when he heard these words.

Indeed, such a demonic genius, if not willingly joined the organisation.

If he had a grudge in his heart, he would become a time bomb for the Seven Deadly Sins.

Thinking of this, Feng Wu Huo coldly snorted.

“Let’s wait for two more days over there!”

“But well.”

He said with a disdainful smile suddenly appearing first at the corner of his mouth.

“This lad is Lin Mo, right? With this injury, let alone a day or two.”

“Even if you give him a year or two, it’s not even possible for him to wake up.”

“What is this to say? Is it possible that I have to wait for such a long time?”

Underneath the strong tone, there was all the aggressive tone in the world.

However, when he read the word Lin Mo, Feng Wu Huo always felt a little familiar.

Xue Lian’s face was unruffled and he smiled slightly.

“I don’t need to worry about that, old man.”

“Since I dry say so, there is naturally a way to make him wake up.”

With that, he spread out a showy little parcel that he carried with him.

After spreading it out, the densely packed silver needles were revealed to the crowd.

Seeing this scene, Feng Wu Huo immediately reacted.

“Little girl, you don’t think you can save this Lin Mo, do you!”

“Hahahaha, laughing at the old man!”

“Youngsters nowadays are becoming more and more unaware of the sky.”

He admitted that this yellow-haired girl in front of him had an outstanding posture and appearance.

Her martial arts potential was also high, becoming a Patriarch in her early twenties.

However, according to his observation, Lin Mo’s current state, even if he were to do something himself, he would need to make him heal.

It would take a huge amount of effort.

Not to mention this yellow-haired girl in front of him.

Hearing his mockery and disdain, Xue Lian didn’t have the slightest fluctuation of emotion.

With a warm smile on her face, she nodded politely towards Feng Wu Huo.

Then Xue Lian raised her arm and reached for the silver needle in front of her.

On the contrary, Feng Wu Huo still had a face full of ridicule.

### **Medical Genius Unspeakable Marriage Chapter 4077**

Under the watchful eyes of the crowd.

Xue Lian carefully examined Lin Mo's body.

After a long time, she slightly wrinkled her eyebrows.

"Really don't care for your body!"

The angry tone was self-referential and carried a different kind of reproach.

A little bit of heartache, a little bit of dissatisfaction, and a little bit of relief at the same time.

Such a state of mind, among the whole room, perhaps only Black Rose could understand.

At this time, Xue Lian's attention was already focused on Lin Mo's body.

Naturally, she did not notice the pair of envious eyes.

As Xue Lian's jade fingers crossed, several silver needles soared up and wandered around her palms in an orderly manner.

It was like a butterfly haunting a flower, a beautiful sight.

Feng Wu Huo gave a cold snort inexplicably after taking a look.

"In vain!"

From the bottom of his heart, he did not believe that the little girl in front of him could have much deep attainment in the art of medicine.

In this world, how could there be so many geniuses who were excellent in both medicine and martial arts.

Moreover, she was still a yellow-haired girl in her early twenties.

Xue Lian naturally heard the taunt clearly.

Only she did not feel the slightest bit of anger.

Her calm demeanour had not changed in the slightest from the beginning to the end.

It seemed that in this world, there was nothing that could provoke her.

What's more, right now, apart from Lin Mo, there was no longer anything that could disturb her.

The jade hand reached out!

Her white, flawless fingers gently tapped on Lin Mo's chest.

All at once the soaring silver needles violently changed direction.

As if they were conscious, they landed on various key acupuncture points of Lin Mo with precision.

Seeing this, Feng Wu Huo suddenly puffed out a smile.

"Little girl, what's the point of doing all this fancy work?"

“The Baihui acupuncture point and the giant bone acupuncture point both fell with needles at the same time, this will not only fail to save the person, but will instead kill this youngster.”

Once the needles were dropped on these two points, it was like he was deflating the tyres of a car that was about to be scrapped.

It was just broken, but now it was completely ruined.

“If you can’t do it, just say so!”

“Big deal, old man, work hard to help you out!”

As expected, along with the silver needle not entering.

The originally unconscious Lin Mo’s breath began to wilt more and more at this moment.

Even the location where the silver needles had fallen had started to seep blood.

The bystanders in the room, who did not know anything about medicine, could all see it at this point.

This was a complete accident.

Ji Duto, in particular, sank straight to the bottom of his mood.

Laozi had contributed the supreme treasure, the Ten Thousand Mile Transmission Charm Fu, and waited for so many days.

And this? This?

If it wasn’t for the sake of maintaining one side.

She even wanted to grab Xuelian’s collar and question whether she was saving people or harming them.

As for Black Rose and Ma Bangde, they were even more distraught.

They could only silently pray that this woman, who had been invited over by Lin Mo from thousands of miles, would show mercy.

Give Mr. Lin half a life.

Xue Lian looked up and around, naturally seeing the suspicion of the crowd.

And she only smiled faintly.

“Old gentleman, this small injury and pain will not require a hand.”

“Xuelian can still handle it.”

Feng Wu Huo snorted coldly, “Tough talker!”

It wouldn’t be one of his own Seven Deadly Sins anyway.

It was better to be dead!

Since Lin Mo had died at the hands of one of his own, he could just take this demon little girl away in name only.

With such thoughts, Feng Wu Huo pushed his hands behind his back and pushed them straight to the side.

At this moment, Xue Lian also made a move again.

Only to see her slowly raise her palm.

In the midst of everyone's stunned gaze, her jade hand fell down violently.

Poof!

The unconscious Lin Mo once again spat blood from his mouth.

What was even more terrifying!

The original Lin Mo's breath was merely shrivelled.

As Xue Lian's palm fell.

Lin Mo's vitality was actually dissipating at a speed visible to the naked eye!

At this moment, a common thought surfaced in everyone's mind.

Lin Mo was going to die at the hands of his own people!

### **Medical Genius Unspeakable Marriage Chapter 4078**

Within the room.

As he watched Lin Mo's vitality grow weaker and weaker.

Xue Lian hurriedly took out an elixir and stuffed it into his mouth.

Only then was a trace of life slightly stabilised.

At the side, Feng Wu Huo naturally shook his head repeatedly.

The pill could only stop it for a moment.

As soon as the medicine passed, Lin Mo would definitely die.

Thinking of this, Feng Wu Huo looked at the two of them, Ma Bangde, with a sneer.

"It's about time, you can go and prepare the afterlife for your Lin Mo."

"I can also take this little girl, back to the organisation."

It wasn't like he had killed the man anyway.

This demonic little girl couldn't be blamed on their Seven Deadly Sins.

With that said Feng Wu Huo leaned towards Lin Wu Hate with a delighted expression.

However just as he was about to reach out, the smile on his face suddenly froze for a moment.

Turning his gaze.

Only to see Lin Mo suddenly twitch.

In the next second, countless purple and black bruises were slowly expelled from his body along the body of the needle.

At first, Feng Wu Xiu even wanted to laugh a little!

The main thing was that the acupuncture points where this Xue Lian had applied the needles were completely different from the treatment plan he had thought of.

There were even several points where, in his opinion, the needles were applied haphazardly.

It wasn't saving people at all, but killing them.

Knowing that at this moment, after he saw the bruises emerging from above Lin Mo's body.

Feng Wu Huo seemed to understand something.

"Little girl, are you planning to completely remove the bruised blood from Lin Mo's body?"

Speaking in general, he asked after him again.

"The two acupuncture points before, if you're deliberately trying to expel the turbid Qi from this youngster's body?"

Xue Lian nodded gently.

"Senior has good eyesight!"

"So that's how it is! Haha, so that's how it is!" Feng Wu Huo laughed inexplicably.

The salvation method he had thought of from the beginning to the end was only said to be able to save Lin Mo.

However, this girl in front of him was not like that.

Not only did she want to save Lin Mo, she also wanted to completely eradicate any hidden problems that might be left behind by this injury.

If that was the case, then everything that Xue Lian had done before had become reasonable.

"No!"

Feng Wu Huo's expression changed.

"Without a powerful enough healing elixir, this method of yours simply won't work."

For a patriarchal divine doctor like him, strong enough was an existence that an ordinary martial artist might not be able to touch in their lifetime.

It could even become a holy medicine.

And this was no big deal at all for Xue Lian.

“Thank you for senior’s relationship, since Xue Lian dares to use this method, she naturally has the certainty to deal with it.”

Seeing that the bruised blood was running out.

Xue Lian then immediately withdrew her invisibility, and then gently held the back of Lin Mo’s head.

After gently lifting it, she immediately took out an elixir with a lotus flower pattern on it and took it for him.

Only after all this last night did she then gently sigh with relief.

It was obvious that she was naturally a little nervous as she was treating Lin Mo for the first time.

After seeing this item, Feng Wu Xiu’s body visibly leaned forward a step.

“Sacred Lotus Pill!”

After recognising this item, he couldn’t help but have his eyes light up.

This was an unearthly holy elixir of the Dunhuang Sacred Domain!

It existed in the flesh and bones of the living dead.

Although the rumours were somewhat exaggerated, the thousand-year-old green lotus, the main medicine used to refine the Sacred Lotus Pill, was itself a healing holy pill.

After being refined by the Bone Djinn, its efficacy was enough to kill all healing pills in the world.

After taking the Sacred Lotus Pill, Lin Mo’s originally depressed aura and weak vitality was now replenished in leaps and bounds.

In less than half a minute, his breathing had evened out.

There was no longer a hint of injury to be seen.

At this moment, Feng Wu Huo’s old face flushed.

During the real healing process, he had not seldom mocked Xuelian.

The result of the treatment was like a heavy slap on his face.

It was extraordinarily powerful.

Of course this was not the most important thing.

If you look around the world, there are only a handful of people who can produce the Holy Pill of Refinement .....

The elixirs of the Dunhuang Sanctuary are a world-renowned presence.

It is only that the Sanctuary has always been in a state of semi-hermitage.

Unless necessary, it rarely comes into contact with the outside world.

Apart from the China Medical Union, there is hardly any power that can obtain a medicine from the Dunhuang Sanctuary.

This makes the pills of the Dunhuang Sanctuary even more precious.

In particular, there were very few of them leaving the Chinese market.

Thinking of this, Feng Wu Huo and Ji Dutuo looked at each other.

If they could produce the Sacred Lotus Pill, then the identity of Xue Lian was already clear!

“You’re from the Dunhuang Sacred Domain?”

Xue Lian turned her head, bowed slightly, and directly revealed her identity.

“Junior, Dunhuang Holy Maiden, Xue Lian, first time meeting, nice to meet you!”

The Dunhuang Holy Maiden?

After learning of Xue Lian’s true identity.

Ji Dutuo and Feng Wuhuo both immediately straightened their bodies, with serious faces, and made a salute in return.

“It is a pleasure to meet you, I have heard of Miss Xue Lian’s great name for a long time, I never thought I would have the pleasure of meeting her today.”

The original little girl had now been changed to Miss Xuelian.

There was no way.

They, the Seven Deadly Sins, were powerful though.

But it also depended on the reference!

A behemoth like the Dunhuang Sacred Domain, they didn’t dare to easily offend.

Especially that Xuan Hei Zi.

As a top patriarchal figure in China, he was extremely close to the patriarchs of the Dao and Buddhist sects.

Moreover, this Xuan Hei Zi was besides the famous and favoured granddaughter.

If anyone dares to touch this Snow Lotus!

You are guaranteed to see what a great terror is.

The only thing they didn't expect was that Lin Mo was so close to this Dunhuang Sage.

Moreover, between the words and actions of this Saintess, she even transcended the boundaries of an ordinary friend.

In this way, Ji Dutuo instantly had a considerable amount of pressure on his mind.

If he wanted to move Lin Mo, he might still need to be more cautious.

"Miss Xue Lian, since you have taken care of Lin Mo, then we will no longer be an eyesore here."

Ji Duto did not intend to stay much longer either.

With the Dunhuang Saint Maiden here, then the matter of awakening Lin Wu Huan did not require them to worry anymore.

"Many thanks!" Xue Lian politely returned the salute.

"When Lin Mo awakens, I will come to the door with him to thank him."

After a few pleasantries, Ji Dutuo led the others out of the place.

As soon as the few people left the front line of the three districts.

Yun could no longer suppress the doubts within himself.

"Sect Leader Ji Dutuo, is it necessary for us to help Lin Mo so much?"

"With him dead, we don't just happen to take that little girl."

She was never able to understand about stepping in to help Lin Mo.

Ji Duo Tuo smiled faintly.

"Rather than me, helping him it was more like I wanted to help his disciple."

Lin Wu Hate was the big head in his heart.

Even Hate Free's position in his heart could even catch up with Crystal Skull.

If he was already dead, that would be all.

However, he had already seen the hope of salvation naturally he did not want to give up so easily.

"Then let's consider us making a good impression!"

"But aren't we the Feng Wu Huo Divine Doctor?" Cloud asked after him.

"And you can be 100% sure that Elder Feng can wake up Lin Wu Huan?"

Faced with this question, Yun was momentarily speechless.

If she hadn't experienced what happened today.

In her mind, Feng Wu Huo's medical skills were unparalleled in the world.

But when she saw that Lin Mo had actually brought back the already dead Lin Wu Huan in a hard way. Yun was suddenly shaken.

Of course, Lin Wu Huan's special system was a factor in this.

But Lin Mo's series of operations also played a crucial role in this.

Ji Duto saw her pensive appearance and smiled as he extended his palm.

"Yun yatou, this world is big!"

"Especially this era of yours where geniuses are rampant and capable people are countless."

"Our Seven Deadly Sins are but a well among them, there is not much to see."

He said with a turn of phrase.

"From now on you will always follow me!"

"I'll be there while you guys go see the wider sky!"

"Don't you think so, old Mr. Feng...eh, where is the old man ....."

The front line of Zone 3.

Inside the room, Ji Dutuo and the others had long since departed.

Xue Lian looked at the patriarchal old divine doctor in front of her and couldn't help but look puzzled.

Their own people had all left, and this old gentleman was still staying.

"Senior, is there something if you haven't finished dealing with yet?"

Xue Lian's intention of driving the guest away was very euphemistic and subtle though.

But just a normal person could hear the meaning of it.

However, Feng Wu Huo just licked his face and stayed where he was.

"Miss Xuelian, this Lin Mo of yours is already unharmed."

"But hasn't this little girl been awakened yet?"

Xue Lian tilted her head and stroked a handful of hair, and there was a little twist in her heart.

What a stubborn old man!

"If you even want to take away Hate Free, then you'll have to wait for Lin Mo to wake up and see what he wants."

"Senior might as well come back in a couple of days?"

Xue Lian once again began to politely drive the guest away.

But this Feng Wu Huo seemed to have made up his mind that he would not leave today.

“Nothing, nothing!”

“I’m old, I can’t take it.”

“I’ll just stay over here!”

He said with a heated smile.

His attitude and look was completely different from before.

Not only was he friendly but he also seemed a little coy.

Xue Lian was simple-minded, plus there was a lack of clarity about the identities of these people.

When she saw that Feng Wu Huo was so determined to stay, she stopped mentioning the matter of driving the guests away.

But what did she know?

This old man was not only thinking of Lin Wu Huan.

After seeing Xue Lian’s healing skills, he had even gotten his heart set on it.

He intended to recruit Xue Lian into the organisation as well.

Moreover, the identity of the Dunhuang Holy Maiden did not conflict with the Seven Deadly Sins.

After all, there were not a few of them in the Seven Deadly Sins who held titular positions in other countries.

After having this year, Feng Wu Huo’s smile also turned brighter.

“Miss Xue Lian, why don’t we wake up this little girl as soon as possible?”

Even if he didn’t say it, Xue Lian had the idea.

Only before answering.

He first checked Lin Mo’s physical condition and confirmed that there were no abnormalities before nodding his head.

“Fine!”

With that, the old man and the young man began treating Lin Wu Huan.

At first, Feng Wu Huo was naturally confident.

From the moment he entered the door, he knew that this little girl’s illness was a problem of consciousness.

With a few stitches and some specific pills, she would recover.

However, when he examined her, his brow knitted together.

That was a sinking consciousness.

It was a complete death of consciousness!

And this phenomenon could only happen to dead people.

To put it simply, the person had died and his or her consciousness had been extinguished.

However, Lin Wu Hate in front of him was very special.

It was clear that the consciousness was gone, but the body was still alive.

“Could it be that what that little white hair said was true! This little girl has really come back from the dead.”

Feng Wu Huo secretly said in his heart.

At first, he had suspected that it was Ji Dutuo and the others who were trying to coax themselves over.

They had made up a lie about coming back from the dead.

But now, it seemed as if the situation was indeed as they had said.

With his heart torn.

Feng Wu Huo confirmed several more times.

Only the result did not change in the slightest.

Lin Wu Huan was indeed dead in spirit and alive in flesh.

After pulling off several white whiskers from his chin, he did not care about saving face and asked.

“Miss Xuelian, is there a way out?”

It was the first time he had encountered such a situation in all his life.

After Xue Lian withdrew her gaze, she also frowned.

“This is also the first time that I have encountered such a sickness condition.”

Good man!

Neither of them could do anything!

Isn't this hopeless?

Feng Wu Huo thought in some distress.

Xue Lian seemed to have read his mind and pursed her lips.

“Senior doesn't need to be anxious, just because we don't have a solution doesn't mean Lin Mo doesn't have a solution.”

“Him?” Feng Wu Huo glanced at Lin Mo with a look of disdain and disbelief.
