Medical Genius Unspeakable Marriage Chapter 4121

The competition scene.

No one had expected it.

The man they thought was a fool was a true god of medicine.

Just by that divine alchemy technique, it was enough to confirm his boasting words that the crowd thought.

At this moment, when they looked at Lin Mo again, there was no longer the pity they had felt before.

There was more of a sense of admiration and respect.

This victory had preserved more than just Elder Cheng's hands.

It was also the dignity of their five districts.

On the side of the black-robed physician team.

At this moment, there was also no more of the wild stance they had taken at the beginning.

As fierce as they had been in their previous taunts and shouts, they were now in such a sorry state.

They were all as wilted as frosted aubergines!

Lin Mo, who was originally defined by him as a fool.

He was viciously slapped in the face by the last hand of the Nine Dragons Alchemy.

"Impossible, this is absolutely impossible!"

The black robe at the head of the group couldn't believe that he had given it to an obscure brat for nothing.

"You cheated!"

The black robe's eyes lit up as if he had found the reason for his defeat.

"You must have cheated!"

Lin Mo's face was speechless.

He had seen this kind of self-righteous person many times before.

"The herbs were prepared by you, and so was the medicinal pot."

"Even the scene of the competition was prepared by you guys!"

"Now you're saying I cheated, can you have some face?"

“Or are you saying that you can’t afford to lose and want to renege on your debt?”

As soon as these words were spoken, boos rose from the scene.

Anyone with a discerning eye could see it.

“What the hell? Can you only win but not lose?”

“That’s right, no faith in your words, and you dare to go around challenging.”

“Get out, get out of our five districts!”

In this competition, Lin Mo had won it entirely by virtue of his strong alchemy.

There was no way that cheating could have existed.

For a moment.

The black robe at the head of the group had a blue and purple face.

Although he wanted to defend himself with resentment, he was unable to do so.

In particular, the boos that rose and fell from the stage.

It made him even more irritated.

“Shut up, all of you!”

The angry roar of the Half-step Patriarch carrying the might of the Half-step Patriarch resounded all around.

The crowd on the lower stage was directly shaken to their cores.

However, their gazes were still filled with contempt.

The corners of Lin Mo’s mouth outlined a mocking expression.

“Why is this annoyance!”

“If you can’t do it in writing, are you planning to do it in martial arts?”

Said Lin Mo as he slowly narrowed his eyes.

“Or is it that the beeswax is not working well anymore and you plan to do it!”

Outsiders might not know what he was talking about

But the black robe was clear in his heart.

Wasn’t the beeswax referring to the cheating elixir in his belly!

Thinking of this, he suddenly understood.

From the very beginning, his secret of cheating had already been discovered by the other party.

In other words, from the beginning to the end, he was just like a clown, constantly playing tricks again and again.

Thinking of this.

The head black robe's eyes turned red.

"You've been playing a trick on me all along?"

Lin Mo shook his head slightly.

"It's just that you're not as skilled as others!"

"The Way of the Physician is not something you play with like that, from the moment you cheat."

"Your future path of healing in this life has been completely extinguished."

"Right now is the pinnacle of your medical skills!"

The words fell.

The black robe was feeling a chill all over his body.

The understanding of the way of healing in his mind was fading rapidly.

Just as Lin Mo had said, this moment in his life was the pinnacle of his medical skills.

From now on, there would be no more possibility of progress.

"You've ruined my future!"

The black robe roared and immediately drew out the sword at his waist.

With a biting killing aura, he charged straight towards Lin Mo.

Lin Mo saw his aggressive look and was even more disdainful.

"Using a sword in front of me!"

"No self-respect!"

As soon as the words left his mouth, a cold mane flew over the mountain.

Medical Genius Unspeakable Marriage Chapter 4122

The crowd didn't even see how Lin Mo struck.

All that could be heard was that a heart-rending cry of pain came from the stage.

When they looked up, they only saw that the originally unbeatable black-robed chief had empty arms.

The bare shoulder in the middle of the void was constantly marked with fresh blood.

"If you do more than one thing, you will kill yourself, you brought this on yourself!"

The black robe, who was half kneeling with the ground, heard this and a trace of panic flashed in his gaze.

“Wait, you can’t kill me, I am the Five Poisons

Just as he was about to declare himself as a shock to Lin Mo.

The cold ray of light had already fallen.

“You

The black robe glanced at Lin Mo in disbelief, he hadn’t figured it out until his death.

Why this young man was not only profound in his medical attainment, but also desperately strong in martial arts.

With a slow resignation, he fell headlong to the ground.

There was no more chance of life!

However, Lin Mo did not stop there.

After glancing at the corpse, he raised his hand and swung.

As the sword blade swept across, a huge gash was cut into the corpse’s abdomen.

As for it, the pill wrapped in beeswax also appeared in the sight of the crowd.

For a moment, many physicians exclaimed out in shock.

“Essence Pill!”

This item was the perfect choice to replenish Essence Qi.

And upon seeing this item, the physicians present also instantly understood.

Earlier they had wondered, when it was obvious that the black robe was about to hold on, it suddenly became alive again.

It turned out that everything was this Essence Qi but at work.

“D*mn, I didn’t expect that this group of people would be so bottomless.”

“How dare a physician use cheating in a competition, what a disgrace to our physicians.”

“Such a person is also worthy of being like our way of physicians, joke!”

For a while, there was a flurry of rebuke for the black robe.

What they cared more about was the quality of the physicians than the level of medical skills.

Especially this kind of cheating technique in the competition.

Once word got out, it would definitely be despised by the entire medical community.

And in the midst of this bellowing rebuke.

The topic of conversation also gradually shifted to Old Master Cheng.

“It seems that this person, who thinks he is not as strong as Elder Cheng, has used such nasty tactics.”

“That must be the case, otherwise how could he cheat?”

“Perhaps in those previous competitions, they also used this cheating tactic in winning!”

Hearing a murmur from all around.

Elder Cheng’s heart couldn’t help but feel warm.

After struggling to stand up on his feet, he bent down towards Lin Mo with a grateful face.

And Lin Mo nodded with a smile, signalling a return bow.

Although generation-wise, Cheng Older was two rounds longer than him.

However, Lin Mo still accepted the salute openly.

He had picked out the doctored Essence Pill in order to help those long-established physicians in District Five to right their reputations.

Whether they were truly inferior in strength or had lost out to the black-robed physicians’ cheating tactics.

Lin Mo did so.

In the future, when people mentioned this incident, they could not help but mention the word cheating.

This would also give comfort to those physicians who had lost the competition and had their hands and feet broken, or even died.

This kind gesture of his was naturally seen by Elder Cheng.

This is what led to the bowing and bowing.

The matter had developed to this point.

The other twenty or so black-robed physicians had no face to stay any longer.

Just as they were about to slip away and flee from this place, they were suddenly called to a halt by Lin Mo.

“Stand still!”

“Since you have lost the competition, you should also honour your promises!”

Since they looked at each other, they didn’t know what to say in reply for a while.

Indeed their leader had already made a bet on their behalf.

“You, what do you want?”

Although several people were half-step Zongshi.

After seeing Lin Mo's strength, they naturally didn't dare to make a rash move

Medical Genius Unspeakable Marriage Chapter 4123

Amidst everyone's expectant gazes.

Lin Mo would only make this group of black robes quit Death Island forever, and additionally return the top ten medicinal herb merchants from the fifth district.

As for the hands that Cheng Lao had lost, they would naturally be written off.

The Black Robe crowd would dare to refuse, and after nodding their heads in agreement, they fled the scene in a panic.

When Lin Mo arrived in front of Elder Cheng, it was not difficult to see the slight look of disappointment on the faces of the disciples behind him.

Naturally, Elder Cheng also sensed this.

Along with a light cough from him, several people immediately recovered their expressions.

Elder Cheng also changed his smile at this time and said to Lin Mo.

"Senior, there is no way to repay your great kindness, please accept the old man's obeisance!"

There was no order in the art, the one who attained it was the first.

This senior was from Cheng Lao's expression of respect for Lin Mo.

This victory was small in terms of preserving his own hands, but preserving the dignity of the Region Five physicians was the big deal.

Moreover, expelling the Black Robe had also solved a huge calamity in Region Five.

Only however Lin Mo was squirming immensely.

The other party was more than two rounds older than himself, and calling himself senior was really hard to accept.

"Elder Cheng you can just call me Lin Mo, or Xiao Lin is fine too."

"Don't mention the senior's words."

After hesitating for a moment, Cheng Lao still made a bow and called out to Mr. Lin.

Lin Mo also responded, as long as he was not called senior, he could accept any other title.

However, just as the two of them were talking.

Liao Zhen, a disciple behind Cheng Lao, stood out with a face full of discontent.

"Brother, why did you put let them kill themselves on the spot?"

“If you let them go now, what if they come back to plague us later?”

That questioning tone instantly drove Lin Mo to displeasure.

This group of black robes had plagued so many fellow physicians in the Fifth District that the crowd had long hated them to the bone.

Especially Cheng Lao’s disciples, whose own master had almost had his hands broken.

Now, they had such a good opportunity to execute these black-robed physicians.

The crowd naturally felt resentful.

All this Lin Mo could understand.

It was just that if it was an ordinary enquiry, it would have been fine.

But this man’s tone was full of questioning.

It was as if his failure to kill this group of black robes was a mistake.

Cheng Lao Ye Zi’s face instantly sank at this moment, and his brows knitted together.

“Liao Zhen, shut up, do you need to talk too much about this matter! Get the hell back to me.”

But even so, Liao Zhen’s still ang this neck to argue.

“Master, this group of people have harmed so many of our compatriots, and instead of killing them, they want to let them go.”

“He doesn’t even sincerely want to help us, what should we do when the Black Robe comes back in the future?”

Hearing this, even if Lin Mo had a good temper, he could not help but frown.

He had only done so because he could not bear to see Elder Cheng, who was also a physician, break his own hands.

But it did not mean that he, Lin Mo, was the nanny of their five districts.

Thinking of this, Lin Mo explained with a dissatisfied face.

“Elder Cheng, at this time it is me who is not doing a good job.”

“It’s just that the junior is physically ill and is doing his best to kill one person.”

This wasn’t a perfunctory statement either.

Rather, he had really reached his limit.

It hadn’t been long since his internal injuries were just right now, and his heart blood had yet to be replenished back.

To be able to unload the black-robed leader’s arms with one blow was already his limit.

If he were to use force again and kill the black robe, he was afraid that he would be hurt at the root again.

The loss would not be worth the gain!

At this moment, Elder Cheng was already so angry that his body was shaking.

He had taught himself such an inferior disciple!

Of course he also heard the dissatisfaction between Lin Mo's words.

"Poor heartedness and no gratitude!"

"I can't teach you, go!"

After saying this he slowly closed his eyes.

The resolved tone of voice did not allow for any explanation at all!

"Master, it's clearly him"

Not waiting for Liao to finish, Cheng Lao interrupted him directly with a cold snort.

"This is the end of you and me as master and disciple"

Medical Genius Unspeakable Marriage Chapter 4124

For the expulsion of Liao Zhen from the division.

Other himself did not feel any feelings of regret.

Although uncomfortable with what Lin Mo did in the end.

But still, his heart was grateful.

Seeing that Elder Cheng's mind was already made up, Liao Zhen could only accept this result of being expelled in the end.

Only before he left, he still gave Lin Mo a vicious glare.

"This is all your fault, you wait for me, this is not the end!"

After dropping a very bad sentence, Liao Zhen directly turned around and left.

Elder Cheng's face was downcast and he was just about to reprimand.

Lin Mo, however, stopped him.

"Elder Cheng, there's no need to get angry!"

"Mr. Lin is extremely sorry, it is because of my lax teaching that I have raised such an inferior disciple."

With that, he was ready to bow again

Lin Mo was so indifferent that he waved his hand.

“Old master, how is this”

“This disciple of yours can tell by looking at his face, a hundred pounds, ninety pounds are all anti-bones.”

Old man Cheng looked surprised, “Mr. Lin you also dabble in physiognomy?”

“Er

Lin Mo merely made a casual remark, but this old man Cheng unexpectedly seized on this point directly.

And when he saw that Lin Mo did not answer, he directly climbed up the pole.

“It is true that heroes come out of youngsters, I didn’t expect Mr. Lin to have such a wide range of knowledge.”

Lin Mo could only return an awkward smile.

Before, he had clearly told the truth without anyone believing him, but now it was better.

Without speaking, a title was pressed on you hard.

“Look at this brain of mine!” Elder Cheng slapped his forehead.

“Mr. Lin, hurry into the house, having received such a great favour from you, I haven’t shown it properly in general!”

After saying that, he took Lin Mo’s wrist and invited him with enthusiasm.

“Old master, forget about it this time!”

Lin Mo politely refused.

“I still have important matters to attend to!”

With that, he dragged off his mask and revealed his true self.

The only reason he had covered his face before was because he was afraid that Black Robe’s group would recognise him and not dare to compete.

Now that it was over, there was no need to cover up so much.

Elder Cheng was instantly shocked after seeing Lin Mo’s real face.

“You’re Mr. Lin Mo, the administrator of District 3?”

“I told you that your name sounded so familiar to me!”

And when the three districts were mentioned, Elder Cheng’s face also became grave.

Death Island was such a big place in total.

Every little thing that happens in each district has to be spread around.

The terrifying infectious disease in the third district was already known to everyone by now.

“That’s right!”

Lin Mo nodded.

“I came to District Five this time, mainly because I wanted to collect some medicinal herbs for the treatment of that infectious disease!”

“Mr. Lin, are you saying that you have already found a cure?”

Elder Cheng asked in surprise.

This infectious disease had been researched by their five districts as well.

But the result was not only that there was no cure, but they had almost infected their own.

After having such a thrilling experience.

A group of physicians from District Five had also given up, researching this infectious disease.

“That’s right, by coincidence, we have already researched the corresponding treatment!”

Lin Mo responded directly.

Elder Cheng, after freezing for a moment Zhou, was suddenly relieved in his heart as well.

Being in possession of the Nine Dragons Alchemy technique that had been lost for hundreds of years.

Being able to cure this infectious disease seemed to be not surprising.

After chatting for a while.

The people in the third district were still waiting for him to bring the herbs back.

However just as he was saying goodbye.

Old Master Cheng, had stopped him.

“Mr. Lin, there’s no need to rush!”

“Than don’t you want to collect medicinal herbs?”

“This is a good idea!”

Said Elder Cheng towards behind him, a middle-aged man with a big belly said.

“Ah Qiang, you’ll be responsible for handling the medicinal herbs, try to prepare them in the fastest time possible!”

With that, Elder Cheng once again issued an invitation.

“Mr. Lin, let’s talk inside

Medical Genius Unspeakable Marriage Chapter 4125

Lin Mo originally fought not to linger.

But he couldn't resist Elder Cheng was simply too enthusiastic.

"Mr. Lin, it will take some time to prepare the herbs anyway."

"Besides, didn't you just say that you wanted my three thousand disciples to go over and help?"

"Let's sit down and talk about it in detail."

So it was under Elder Cheng's warm invitation.

Lin Mo eventually walked into the Cheng Mansion.

At this moment, the underlings had already prepared a sumptuous banquet.

After the two sat down, Elder Cheng once again expressed his gratitude.

He then led the conversation to the group of black robes that had suddenly appeared.

"Mr. Lin, do you know anything about the origins of this group of black robes?"

Although these people had already left.

However, Elder Cheng was still a little relieved.

After all, if they could send out more than twenty half-step clerics, how terrifying was the power behind them.

Unfortunately, Lin Mo didn't know much about them either.

When he first met them, he had thought that this group of black robes were from the Seven Deadly Sins.

Only before which black robed leader died, he uttered two words.

Five Poisons

And their formal style was also completely different from the Seven Deadly Sins.

Thinking about this, Lin Mo was a bit regretful.

If he wasn't afraid that the black robe would detect the same in his body.

He could have forced the other party to ask about the power behind them.

Only at that time, when he had removed the black robe's arms, he had already reached his limit.

Once he delayed for too long, the other party would definitely discover the end.

In desperation, Lin Mo had chosen to kill the black-robed leader as quickly as possible.

Thinking about this, Lin Mo not only shook his head somewhat helplessly.

Without his strength restored, things were always hindered at every turn.

“Old master, I’m sorry, this is the first time I’ve encountered these people as well.”

“However, it’s highly likely that they are, in fact, related to the person behind the contagious disease that we put in District 3!”

This statement was made.

Old Coconut Cheng’s brow instantly furrowed.

“In that case, it seems that there is someone who can target your three districts.”

“Only what I’m more worried about is whether they will use this poisoning tactic in other districts as well.”

Although there was anathema to such tactics, and the medical community had explicitly banned such acts.

But this group doesn’t seem to have any bottom line to speak of at all.

First, they spread infectious diseases in the three districts.

Then there was the scourge of their five districts through nefarious means.

Once they get desperate and use such infectious methods in other districts as well.

There would be no peace on the Island of Death, and even a lot of lives would be destroyed.

Lin Mo was not too worried about this point.

Ever since this series of infectious disease incidents had appeared in the three districts.

Ji Dutuo had already made a fierce statement.

If someone used such bad methods to harm ordinary people.

Even if the Seven Deadly Sins were to give up, the Crystal Skull would destroy the entire Island of Death.

When the time came, everyone would be buried with them.

For Ji Duto’s words.

Naturally, no one would question them.

After all, this was how the Seven Deadly Sins acted, if they said they would destroy your entire clan, they had to do so.

“Old master, you can rest assured about this.”

“The infectious disease incident in our three districts is the last one!”

Elder Cheng knew that this was probably some sort of agreement between their big brothers at the clan master level.

Solely, he didn’t pursue the matter.

As long as there was this guarantee.

In this way, a big stone in Elder Cheng's heart was considered to have fallen to the ground .

"That would be best!"

Just as the two of them were chatting freely.

Outside the door, Ah Qiang suddenly walked in and reported towards Elder Cheng.

"Master, the herbs that Mr. Lin needs have all been prepared."

"And for the other brothers of the division are also all packed up and ready to go!"

The ownership of the ten major herb merchants had been won back by Lin Mo.

The efficiency of this errand was naturally extremely fast as well.

In less than half an hour.

All that should be prepared was also prepared.

Medical Genius Unspeakable Marriage Chapter 4126

Cheng Lao is naturally clear about which is more important.

Right now, since all the preparations had been completed.

He was not holding Lin Mo back either.

"Mr. Lin, when you are done with the matter at hand, you must come to District Five as a guest."

"I'll be hosting a proper banquet to thank you then."

"This time, I won't keep you!"

After saying that, he lifted his wine cup.

There was a crisp clash of porcelain cups.

Both parties drank from their cups.

"Let's meet again next time, goodbye!"

After Lin Mo finished speaking, he was about to leave.

But before he left, he unobtrusively left the note in his hand and tucked it into Elder Cheng's hand.

The two sides smiled at each other, and everything was in the absence of words.

He waited until Lin Mo had left before Master Cheng returned to his study and opened the note.

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

.....

On the other hand, by the time Lin Mo arrived at the border of District Five.

A huge transport team was already waiting once again.

And there were these three thousand people, dressed in uniform long coats.

There was no need to think about it to know that this group of people must be Elder Cheng's three thousand disciples.

Along with Mr. Lin Mo.

A middle-aged man with a long beard walked out from behind the crowd.

"Greetings Mr. Lin, my humble servant Zhang Hongyun, I am not a great disciple of Master."

"Master has instructed that I will bring my disciples and cooperate fully."

"If Mr. Lin needs anything, just give me an order."

He said with a grateful look in his eyes as he cupped his fist towards Lin Mo and bowed.

At this moment, Lin Mo's heart could not help but be pleased.

"Good! I thank you all for your generosity on behalf of everyone in District Three!"

The Three Districts revered powerlessness.

The physician power aspect then became a great shortcoming.

The eye line had over three thousand people to help.

It was believed that it wouldn't take long for the infectious diseases in District Three to be completely cleared.

"Mr. Lin, you're welcome!"

Zhang Hongyun said with a smile.

"You've helped us so much in District 5, it's only right that we do this little thing of bringing you!"

His gratitude to Lin Mo was already overflowing.

If it wasn't for Lin Mo's outpouring of help.

I am afraid that their group would have been wrecked by that group of heartless black robed physicians at this moment.

In particular, Lin Mo's action to save Elder Cheng's hands had made them even more grateful.

It had even made their group of disciples, who were disciples, feel good about Lin Mo.

Of course.

Lin Mo also felt good about their first senses, and had quite a conscience.

Apart from that Liao Zhen, Elder Cheng's vision was not bad.

At the very least, they weren't all white-eyed wolves.

"Good, since everyone has finished preparing, then let's set off!"

With a command from Lin Mo.

The huge transport unit slowly started.

A group of people, carrying a huge amount of medicinal materials, set off on the road to District Three.

Just at that moment.

At the back of the group, a human figure flew over.

"Benefactor, wait a moment!"

Xiao Liang panted as he arrived in front of Lin Mo.

"Benefactor, this please must be under you!"

Lin Mo looked at the thick pile of documents in front of him and asked in confusion.

"What does it mean?"

Xiao Liang replied, "This is the acquisition contract of our five districts, the top ten herb merchants!"

"Benefactor, after you sign your name, they will all be yours from now on!"

Hearing these words, Lin Mo raised his eyebrows.

"That's not the reason why I'm doing this!"

"You take it back, it belongs to your five districts!"

He wanted the Black Robe to take back the ownership of the ten herb merchants, simply to facilitate his own collection of the herbs he needed.

There was no intention of claiming them as his own .

Hearing this, Xiao Liang instantly blushed with embarrassment.

"Benefactor, these herb vendors, they have already been acquired."

"Now that you've won, it's naturally yours."

"And this is what Elder Cheng specially instructed me to do"

Medical Genius Unspeakable Marriage Chapter 4127

Faced with Lin Mo's excuses.

Xiao Liang's attitude suddenly turned unbearably tough.

"Benefactor, you've done us such a great favour in District Five, we have nothing to show for it."

"I can only borrow the flowers and give you these herb dealers."

"If you don't take them, we can't rest easy on our conscience!"

"Besides, when I go back, not only Old Master Cheng, but also the other medical arts will poke my back!"

With that he handed the document into Lin Mo's hand with a pleading look.

"Benefactor, consider this a favor to my men!"

Seeing him like this, Lin Mo knew clearly in his heart that there was no escaping this one.

"Alright, I'll take it then!"

"However, I only want thirty percent of the shares inside."

"This" Xiao Liang was a little embarrassed.

"Being this and that, if you don't agree, I won't accept it!"

Lin Mo said in a serious tone.

In this way, Xiao Liang could only agree helplessly.

After living most of his life, this was the first time he had ever, seen a situation where it was so difficult to give a gift.

One must know that the value of the top ten medicinal herb manufacturers was not small!

It was almost a tenth of the total amount of money in the entire five districts.

Unexpectedly, it was almost rejected completely by Lin Mo.

"That's fine!"

"Benefactor, then it will be thirty percent, and I will amend the article when I return!"

This was the end of the matter.

As for the remaining seventy percent of the shares to whom.

Lin Mo did not care at all.

"Goodbye, come to District 3 next time you're free!"

With that, he stopped exchanging pleasantries with Xiao Liang and turned around to catch up with the group.

However, what Lin Mo did not know was.

Just as this huge medicinal herb transportation force was rushing along.

A figure behind him was staring deadly at his back with a sinister gaze.

"D*mn it, everything is your fault!"

At this moment, Liao Zhen looked wretched to the extreme.

After being expelled from the division by Elder Cheng, there was no longer a place for him in the entire Fifth District.

Fellow physicians even ostracised him constantly.

A person's medical skills could be no good, but if his virtue was deficient, it was hard for anyone to look up to him anymore.

"And that old undead thing, I'm clearly thinking of what's best for our five districts."

"The old immortal even spoke of my expulsion from the division, all of you deserve to die."

It was also when Liao Zhen was cursing indignantly.

A human figure appeared behind him.

"Do you want to take revenge?"

Faced with this sudden sound, Liao Zhen could not help but be taken aback.

"What are you?"

"Who I am is not important!"

The visitor said with a cold smile on his face.

"You only need to tell me whether you want to take revenge or not."

Liao Zhen subconsciously nodded his head.

"Very well, take this bottle of elixir and pour it into your master's drinking water!"

"This medicine is colourless and tasteless!"

"Even top-notch physicians won't be able to detect it!"

Liao Zhen looked at the visitor holding a bottle of transparent liquid in his hand and couldn't help but want to take it next.

Only in the end, he calmed down.

"Who am I to trust you?"

The visitor smiled disdainfully, "Naturally, it is by virtue of my strength."

As the words fell to the ground, a majestic aura, like a shocking wave, came head on.

Liao Zhen did not have any power to resist, and was directly frightened and sat down on the ground with his feet going limp.

At this moment, his heart was overwhelmed with fear.

Patriarch!

The person who suddenly appeared in front of him must be a Grandmaster.

The visitor glanced at Liao Zhen with a look of contempt in his eyes.

“Can you believe it now?”

“Believe believe believe!” Liao Zhen nodded his head repeatedly.

He then got up and respectfully accepted the bottle of transparent liquid.

“Very well, as long as you put your master down, we can consider letting you join our organisation!”

Hearing these words, Liao Zhen was instantly filled with surprise and his eyes were red.

Medical Genius Unspeakable Marriage Chapter 4128

District 5, Cheng Mansion!

After Old Master Cheng sent Lin Mo off.

He then began to re-plan the allocation of physicians in District Five.

This calamity had caused dozens of long-established physicians to have their careers completely cut short.

As a result, their positions must also be changed to some extent.

It’s not true that Elder Cheng is heartless.

The five districts are known for their medical skills and medicinal materials.

As the most fundamental embodiment of the two, physicians naturally need a completed system to function.

And as he, Elder Cheng, was the leading physician in District Five, the job of managing all the physicians naturally fell to him.

Knock, knock, knock!

After the door to the room knocked, the butler walked into the study.

“Elder Cheng, Liao Zhen said he wanted to see you!”

Hearing this person, Elder Cheng’s brow instantly furrowed.

“Hasn’t he already been expelled from the division, why is he still here to see me?”

“No!”

His tone was firm as ever.

Yet the butler turned to with a difficult face to.

“Then Liao really said he was sorry for all the years of your teaching, Master.”

“Even if he was expelled from the division, he still wanted to apologise in front of you on his parting.”

Hearing these words, Elder Cheng’s face also eased slightly.

“That’s just it, just let him in!”

Not long after the butler left, the sound of footsteps once again came from outside the study.

As soon as he entered the door.

Liao Zhen directly knelt down on both knees and heavily kowtowed three times.

“Unfilial abandoned disciple Liao Zhen, I’m sorry for all the years of teaching from my master!”

On the next side, his eyes were red, and teardrops kept falling down from his face.

“Discarded disciple, tomorrow I plan to leave Death Island!”

“So I want to take a look at Master before I leave!”

“Going forward, please also ask Master to take care of his health!”

As he spoke, his voice eyes swallowed even more, and his expression was sorrowful.

After a long time, a long sigh rang out in the study.

After all, he was his own disciple.

Seeing him in this state, Elder Cheng could not help but feel a little soft in his heart.

“If you had known this, why did you have to? Get up.”

“Old man only thought of teaching you good medical skills, but not how to behave!”

“I am also responsible for this matter!”

He said and waved his hand regretfully.

After Liao Zhen heard this, the corners of his mouth inexplicably twitched, full of disdain.

Only at this moment, he was keeping his head down.

No one noticed.

“Everything is my fault, master should not blame himself!”

“Only, before I leave, can Liao Zhen reach another cup of wine for Master, as a token of Master’s teachings over the years.”

Hearing these words.

Master Cheng’s pupils suddenly shrank, and a faint gloom emerged from his originally regretful expression.

“Alright, then pour it!”

Liao Zhen's heart was pleased, and after wiping away his tears, he immediately stood up.

With that, he went to a corner of the study and fetched the wine set.

After pouring a cup full, he respectfully brought it to Master Cheng.

"Master, please!"

At this moment, a maniacal laughter had flooded his heart.

According to that what's-his-name Patriarch.

Once you drink that colourless and tasteless poison, you will definitely die.

Old immortal, you can go in peace.

Just as he was cursing in his heart, he found that Old Master Cheng had not taken the wine cup for a long time.

"Master?"

Liao Zhen called out in confusion.

In front of the wooden table, Elder Cheng was currently staring at him with a deep smile on his face.

That gaze looked like it could see through a person's mind, causing Liao Zhen's body to shiver.

"You know, Liao Zhen, this old man's body has not yet recovered!"

"This cup of wine, you can drink it instead of me!"

"Consider it as a farewell drink for you from the old man!"

As Elder Cheng's words fell to the ground.

Liao Zhen could not help but feel a great rush in his heart.

"This is Master's collection, I, an outcast, am not qualified to drink it!"

"Master, come on, I'm leaving soon!"

Master Cheng slowly narrowed his eyes, and his tone became icy cold.

"What if I must ask you to drink it"

District Five, within the study.

Elder Chen was just looking quietly at this disciple in front of him, who had been expelled from his own school.

Under his scrutinizing gaze, Liao Zhen only felt a shiver run down his body.

"I this body, I can't drink wine these days!"

"Still"

Not waiting for him to finish.

Cheng Lao directly slapped away the drinkware on the table.

He had been able to confirm his inner suspicions from Liao Zhen's performance.

"Can't drink?"

"I think you are afraid to drink it!"

At these words, Liao Zhen was instantly frightened and fell to his knees.

"I... I didn't!"

This kind of sophistry seemed pale and feeble.

As a titan of the Region Five physician interface, Elder Cheng could tell with a single glance if there was anything wrong with this Liao Zhen's body.

"Ridiculous!"

Old Master Cheng slapped his hand on the table.

"Are you looking down on the old man's medical skills?"

"Or do you think that old man is easy to fool, if you are really physically ill, old man will come and take your pulse!"

Yet even though, Liao Zhen still refused to relent, kneeling down and kowtowing repeatedly.

"Master, I I really"

Cheng Lao saw that he was still stubborn, also lazy nonsense, a hand will grab the wrist of Liao Zhen.

Immediately afterwards side Liao Zhen's sleeve cuffs to take out a thumb-sized gla*s bottle.

"What is this?"

With the stolen goods, even if Liao Zhen had ten mouths to speak clearly at this moment, he would not be able to.

Panic was already written all over his face at this moment.

"Master, they forced me to do this!"

"Listen to my explanation, if I don't do this, they will kill me!"

He said as his face flowed with tears as he crawled to Cheng Lao's body, begging for mercy.

"Master, my disciple is afraid of death!"

"I'm still young, I haven't lived enough, I don't want to die!"

Seeing Liao Zhen crying so heartbreakingly, Cheng Lao's heart could not help but soften.

Mindful of the old love between master and disciple, Elder Cheng eventually dropped his palm.

"You go, leave Death Island forever!"

"Don't let me see you again!"

After saying that he directly turned his back, not wanting to give Liao Zhen who was looking at him one more time.

"Many thanks, Master!" Liao Zhen even swallowed his throat and said repeatedly.

Only when the words fell to the ground, his gaze suddenly became fierce.

Quietly, he pulled out the dagger hidden in his waist.

"Old thing, give me death!"

With a low roar, Liao Zhen carried the dagger directly towards Elder Cheng's back heart.

However, it was as if Elder Cheng had foreseen it in advance and easily dodged Liao Zhen's sneak attack with just a side turn.

As for the dagger's arm, it was also clutched by Elder Cheng quietly.

"Old man, I would have let you live in remembrance of the old master and disciple relationship!"

Elder Cheng said with some disappointment.

"Nay, you yourself insist on seeking death, so you can't blame me over there!"

With frightened eyes, Liao Zhen hurriedly begged for mercy, "Master spare your life!"

This time, how could Elder Cheng be holding back his hand.

With a burst of snow mist, Liao Zhen was directly slapped away.

When he landed on the ground, he only saw that his chest was already covered with a glowing red palm mark.

His meridians had been directly broken.

"Old immortal, how did you know that I had put something under the wine?"

Liao Zhen, who was approaching the end of his own life, simply gave up his disguise.

Old Master Cheng also retracted his anger at this moment, and then threw out a slip of paper.

"Read it yourself!"

When Liao Zhen opened it, he only saw six large words written on it.

"Beware of Liao Zhen's revenge!"

At this moment, a look of disbelief was written all over his face.

Elder Cheng shook his head in disappointment.

“At first, when Mr Lin reminded me, I didn’t quite believe it.”

“Who would have thought that you would really be able to do such a heartless thing.”

“You deserve to die!”

When he heard this, Liao Zhen did not feel guilty in the slightest.

Instead, he shouted wildly, “Old man, you deserve to die!”

After saying this, he violently spurted out a small mouthful of blood and never moved again.

Master Cheng looked at the corpse on the ground, and his expression also looked a little gloomy.

It was not that he was distressed by this rebellious disciple who had deceived his master and destroyed his ancestors.

It was only because he was ashamed that he had raised such a person.

After he returned to his senses, Elder Cheng was ready to order someone to dispose of the corpse.

Only, just as he was about to open his mouth, his afterglow suddenly skimmed to see an unfamiliar figure appearing on a side seat.

“Who are you?”

Cheng Lao instantly became alert.

He was able to sneak into the study without him noticing.

This person’s strength must be extraordinary.

“I, Zhang Qingshan, meet Elder Cheng.”

As soon as the words landed, Zhang Qingshan stood up and picked up the slip of paper that had fallen to the side.

Seeing the contents on it, he could not help but shake his head.

“Not bad for a young man who can work with the Seven Deadly Sins.”

“I’ve been blocked by him in this move!”

With that said the note suddenly spontaneously combusted and turned into a cloud of ashes.

Elder Cheng frowned.

After some careful recollection, he was certain.

This person in front of him must not be from Death Island.

“You are not welcome here, please leave!”

Only in the face of his expulsion, Zhang Qingshan didn't have any reaction at all.

“Elder Cheng, all comers are guests, why do you have to turn people away!”

As soon as the words landed, the aura around him instantly surged up.

“A sect master expert!”

Elder Cheng's pupils shrank and he couldn't help but take a few steps backwards.

And he also noticed that the aura on this person's body was almost identical to the black robe that would not be in front of him.

From this, he could basically tell that this Qingshan must have come here in a bad way.

Thinking of this.

Elder Cheng frowned and asked.

“This scum is also one of your people?”

Zhang Qingshan snorted, “Old Master, you don't insult people like that.”

“We, the Five Poison Sect, don't recruit such scum.”

He said as he raised his hand for a moment.

Liao Zhen's corpse was instantly shattered into pieces.

After doing all this, Zhang Qingshan's said to himself somewhat helplessly.

“Originally, I thought I wouldn't have to do it myself, but I didn't expect to arrange for such a waste.”

“It seems that I will have to do it myself as well.”

Hearing these words, Elder Cheng's heart was startled instantly as he assumed a defensive stance.

Although he knew that he could never be a match for the Patriarch.

However, he did not want to be caught with his hands tied either.

Zhang Qingshan laughed even louder when he looked at this appearance.

“Hahahaha, old master, just don't struggle!”

“This way I can still ensure that you leave this world without pain or feeling!”

Under the contemptuous tone, he did not put Old Man Cheng in his eyes at all.

It would only be an aged half-step Patriarch.

An existence that could be destroyed at the drop of a hat.

Seeing that the old man was unmoved and continued to maintain that fighting state, Zhang Qingshan did not bother to persuade him any further.

“Alright, no more delay.”

“Since you want to suffer this most, then I will make it happen for you!”

After saying that his aura around him soared!

In an instant, Elder Cheng only felt that the force of a ten-thousand-foot mountain peak was pressing down on his shoulders.

Although he wanted to resist, he was unable to move at all.

By the time Zhang Qingshan got close, he had a large centipede nearly a metre long in his hand.

The red shell, coupled with the hideous fangs, had an incomparably ominous appearance.

“It’s an honour for you to die in the hands of this century-old centipede king!”

At the same time, the huge centipede also arched its body.

It did not wait for Zhang Qingshan to give the order.

Those two hideous fangs lunged viciously towards Old Master Cheng.

It was at this moment of great danger.

Outside the window, a cold light suddenly flashed in and slashed heavily on top of the incoming centipede king’s shell.

In a flash, sparks flew around the room.

Although the Centipede King was not injured, it quickly retracted its body under the pain.

Zhang Qingshan’s face sank and his eyes showed a fierce light.

“What kind of person dares to hurt my Centipede King!”

As the words fell to the ground.

Within the study, there was suddenly another figure
