Medical Genius Unspeakable Marriage Chapter 4171

Inside the room.

Under the constant shouting of several teenagers.

Lin Mo also finally spoke.

"It's not impossible to fight me if you want to!"

"Only, you need to defeat my disciples first!"

The teenager on the other side still had that untamed look.

"Then don't waste time!"

"Hurry up and call out your disciple, everyone's time is precious!"

Once these words were spoken, Lin Mo lightly called out Lin Mo.

The ten teenagers looked at the young girl who was less than ten years old in front of them and instantly fell over in laughter.

"Hahahaha!"

"Are you being funny?"

"Just the little girl, I could poke her with one finger and make her cry!"

Lin Mo, the teenager being so arrogant, couldn't help but shake his head and say.

"You can totally try!"

"But you have to agree before, whoever loses won't be allowed to cheat!"

The teenager's eyebrows fell, his face full of disdain.

"As long as you don't cheat!"

With that he looked towards Lai Wu Hate with a bad smile on his face.

"Come on, since your master doesn't know how to feel sorry for you!"

"I'll just have to make you cry your eyes out!"

Haterless looked at him coldly, she didn't say anything back to this teenager's provocation, she just turned her head to look at her master.

"Go on, be gentle!" Lin Mo instructed.

Hateless had long been waiting impatiently.

After receiving his master's instructions, he directly activated his Ghost Shadow Step without saying a word.

At this moment, the teenager did not yet have the gravity of the situation and still did not forget to taunt.

"Don't worry, I'm not that heartless and won't hit that hard."

He only thought that Lin Mo's words were directed at him.

When the teenager looked at the Hate Free again.

He only saw that she was still standing in place without moving.

However, in the next second, his pupils shrank, as if he had seen a ghost in broad daylight.

In his line of sight, No Hate's body suddenly dissipated.

It was as if it was like a dandelion that had been blown away, instantly disappearing from its place.

"Boss, be careful!"

Just as the teenager was dazed, his partner behind him suddenly warned anxiously.

By the time he reacted, Hateless had already arrived behind him.

"How dare you disrespect my master, looking for death!"

Above the tender and cute cheeks, a piercing coldness was now sprouting.

In Hate Free's palm, a black shadow flashed.

In a matter of moments, his delicate fingers were wrapped in a thin layer of black gloves.

The sharp black thorns at the tips of his fingers were shining with coldness.

In just a blink of an eye, the sharp claws arrived in front of the young man.

The teenager saw that his chest was about to be penetrated.

He directly gave up struggling.

This stance and the speed of his attack had completely crushed himself.

There was no way he could dodge!

However, after he waited for a long time, the stabbing pain did not arrive for a long time.

When he opened his eyes again, there was no figure in front of him.

Turning his head to look, Hatedless had already arrived at Lin Mo's side.

Under the panic, Shaomi immediately checked his chest.

Only after seeing that there were no injuries did he feel relieved.

"You've lost!" Lin Mo said calmly.

Hearing these words the teenager's face rose.

"Just now, she was the one who made the sneak attack first!"

"Oh?" Lin Mo raised an eyebrow.

"So you're trying to cheat?"

At these words, the teenager's face turned even redder.

"You're talking nonsense, I haven't lost yet!"

"Do it again if you have the guts!"

Hearing this, Xue Lian at the side could not stop shaking her head.

With Hate Free's current strength, once he exploded at full strength.

Many half-step Zongshi were no match for him.

And this young man, who had not even reached half-step grandmaster, dared to provoke him like that.

After all, he hadn't experienced the severe beatings of society!

When Lin Mo saw how stubborn he was, the corners of his mouth couldn't help but hook.

"Haterless, beat him up!"

"Yes, Master!"

After Hatedless answered, he slowly walked up to the front.

Medical Genius Unspeakable Marriage Chapter 4172

"Are you ready this time?"

Hateless asked coldly.

Although the young man was tough-mouthed, he was not stupid.

He knew in his heart that No Hate's stance was bizarre and her strikes were swift.

Although it was still a little girl.

But the teenager had put away his contempt at the moment and took it seriously.

After setting up his stance, he nodded heavily.

"Come on!"

Yet just as his words landed, he hadn't even had time to get a good look at Hate Free's figure.

A sudden burst of pain came from the bridge of his nose.

“Ah!”

After a cry of pain, the teenager directly half-kneeled the rest of the way to the ground.

In his hazy vision, he saw the blood that kept falling low on his nose.

At the same time there were tears that came out from the pain in his eyes.

Only, No Hate did not intend to stop.

Two consecutive punches smashed directly on top of the teenager’s eye sockets.

Adding injury to injury, the teenager straightened his hands on his head and shouted.

“Don’t hit the face, don’t hit the face!”

The corners of Lin Mo’s mouth twitched.

I didn’t expect this youngster to be quite heedful of face.

“Haterless, beat him into a pig’s head for my master!”

With these words.

The pink yet heavy little fists were like raindrops that continuously landed on the teenager’s cheeks.

“Blessed blessed, can’t fight anymore!”

Until the number of times, Lin Mo this was opening his mouth for Hate Free to stop.

“Convinced?”

The teenager who had already been beaten into a pig’s head nodded his head repeatedly.

Lin Mo smiled faintly and looked at the other few companions behind him.

“What about you guys?”

The remaining teenagers who had saved their lives were like frightened hares at the moment.

Being asked this by Lin Mo, they instantly shrank to the corner.

Panic was written all over their expressions.

“We are also convinced!”

It was impossible not to be convinced.

After all, they didn’t want to be beaten up so badly like their boss.

“Should we fight again?”

The crowd shook their heads desperately!

“Fine then!”

Lin Mo stood up straight and raised his hand to point at Wang Changxing.

“Since you’re all convinced, then apologise to me honestly.”

“You can be young and frivolous, but you can’t be uncaring!”

Under his stern scolding, several people reluctantly came to Wang Changxing’s body.

“I’m sorry!”

“I’m sorry!”

Although they were apologizing, both their tone and look were extremely perfunctory.

Lin Mo gradually lost his patience when he saw this full of care look on their faces.

“Do you all think that you are very talented?”

The ten teenagers, glanced at each other.

Although they thought so in their hearts, none of them dared to speak up.

Looking at them in this manner, Lin Mo had basically guessed what was going on in their hearts.

“I didn’t really see how high your talent could be?”

“Not even a little girl who is less than ten years old can compare.”

“How dare you be so arrogant even!”

Xue Lian, who was at the side, had already covered her mouth and snickered when she heard these words.

Let alone these few teenagers in front of him.

Even himself and Lin Mo could hardly look up to them in terms of their natural abilities.

The teenager who had been beaten into a pig’s head look obviously did not know this.

At this moment, he seemed to have had his pride poked.

With a resigned look on his face, he got up and retorted at the risk of being beaten up again.

“You don’t just talk about us either!”

“What about yourself?”

“How much weight do you really have?”

Hearing this, Lin Mo suddenly hooked the corners of his mouth.

“You can’t even compete with my disciples, and you still want to compete with me!”

He said with a tremor around his body.

A terrifying aura surged towards them like a frightening wave, frantically.

In a flash, the ten teenagers’ faces changed greatly.

Under the tremendous pressure, they didn't even have the slightest room to resist, and they directly fell to the ground, unable to move!

"I am not talented, I am two or three years older than you guys!"

"Currently at the realm of Patriarch!"

Said Lin Mo with an awe-inspiring gaze.

"Do you have any questions now?"

Medical Genius Unspeakable Marriage Chapter 4173

Under the secret guidance of the ghostly man, the ten teenagers have been hiding in the shadows.

Very little contact was made with outsiders.

This also led to the fact that these ten people basically knew nothing about the affairs of the three districts.

This was what led to the scene before them.

Under the shock of Lin Mo's patriarchal aura.

Several people's expressions had completely distorted.

Their breathing was even as if they had come to a standstill.

By the time Lin Mo withdrew his Grandmaster's aura.

Several people were already sweating profusely and the clothes on their backs were directly soaked.

It was as if they had been dried out of the water.

"You guys go back!"

"Eyes of the beholder, no one in sight!"

"I don't need your allegiance!"

Said Lin Mo with a big wave of his hand, and the ten teenagers, were directly shaken to the top of the corridor.

At the same time, the door was also heavily closed.

For a moment, a few of the teenagers also panicked.

"Boss, what should we do?"

"Yes, if we go back now, Mr. Ghost Souther will definitely not spare us lightly!"

The teenager at the head of the group did not say anything back.

At this moment, his gaze was somewhat dull as he stared at the gate in front of him.

It was obvious that that scene just now had caused a huge shock to his mind.

This Lin Mo was only two or three years older than himself.

Yet, he had already broken through to the level of a Patriarch.

The young man considered himself to be superbly gifted, but to be fair, if he himself were to reach Lin Mo's age.

If he had reached Lin Mo's age, he would have been able to break through to half-step Zong Shi, and that would have been the limit.

Let alone a Patriarch.

Only by following such a supreme genius would he himself be able to go further in the martial arts.

Thinking of this, his gaze suddenly hardened.

He knelt down directly on the ground.

"Boss, boss, what are you doing?"

The teenager turned his head to look at his companions.

"All of you kneel down for me too!"

The crowd was unsure, except that they saw the boss's serious look and the way his eyes were red.

Several of them obediently obeyed and knelt together on the corridor.

Inside the room.

Lin Mo and Xue Lian were both experts of the Zong Shi realm.

The commotion in the corridor naturally hiked past their ears.

"How do you plan to arrange them?" Xue Lian asked curiously.

"Let's take another look!"

Lin Mo's gaze skimmed over the door, stating his attitude.

"If they can smooth out the arrogance in their bodies, they can be considered to be a good candidate."

"But if they are unrepentant, I will have to send them back to the ghostly old man's side."

For these ten teenagers, he already had an arrangement in mind.

But whether they could pass the test or not would depend on their own abilities.

After talking about these few people.

Xue Lian's gaze moved back towards Wang Changxing at the side.

At this moment, although he didn't say anything on his lips.

But that slightly downcast look had betrayed his emotions.

Lin Mo could see what was on his mind at a glance.

“Old Wang, what’s on your mind?”

Wan Changxing’s expression shook, and he hurriedly shook his head as he came back to his senses.

“Nothing, I was just thinking about the front line and got a bit lost in thought.”

Such lame excuses could not even fool a child, let alone Lin Mo’s.

“Old Wang, since when did you learn to lie without blinking your eyes.”

Lin Mo knew in his heart that Wang Changxing must still be holding a grudge about what had just happened in the exchange of blows.

After cultivating for most of his life, he had reached middle age and was surprisingly hung by a backwoodsman.

This matter would not be comfortable for anyone!

Lin Mo sighed slightly when he saw him lowering his head and not making a reply.

“Old Wang, we have to admit that the back wave is always pushing the front wave forward!”

“Just like myself!”

“Before, I would never be anxious about matters of natural talent, knowing that I had met this genius disciple of mine.”

“But this is the martial path, and some people are made for it!”

“Think about it!”

With that he raised his hand and patted Wang Changxing’s arm.

“There’s something that I’ve been putting off, and now it’s time to do it!”

Medical Genius Unspeakable Marriage Chapter 4174

Lin Mo has taken over the three districts since.

He had always felt that the entire District 3 had a strong culture of martial arts practice though.

However, the strength of individuals was not as good as it should be.

He had previously had plans to give the major power lords some good special training.

Only that it had been delayed halfway through because of the Lawrence family and various things such as infectious diseases.

Now that the time has finally come, it is time to implement this special training programme.

Thinking of this, Lin Mo spoke.

“Old Wang, when you go back, inform all the members of the other major forces.”

“Tomorrow morning at ten o’clock, gather at the front line’s pointing platform.”

“If there are any late consequences, you will be responsible for them!”

Wang Changxing nodded and responded before leaving.

Just as he was about to open the gate, Lin Mo instructed again.

“Talk to the person at the door, don’t pawn the corridor!”

.....

Into the night.

With the help of Snow Lotus, Lin Mo slowly began to recuperate his body.

The after-effects of the loss of heart blood were slowly weakening.

By the time Lin Mo called it a day it was just late at night.

“It’s been hard work!”

A body’s strength had begun to slowly recover, Lin Mo subconsciously thanked to.

Xue Lian’s reply was only a big blank stare.

“Are you not treating me as a friend anymore?”

“That’s so insulting to say!”

Lin Mo was a bit embarrassed and scratched his head, his expression carrying a bit of embarrassment.

“It’s getting late, why don’t you just rest first!”

He changed the subject to.

Xuelian asked in return, “What about you?”

Lin Mo didn’t even think about it and directly raised his hand to point at a corner of the desk.

“Although the ones in the third district revere force, the power of a few power lords may be a little less than passable.”

“I’m going to, hold on to this time and help them cultivate!”

Hearing these words, Xue Lian’s gaze lit up.

“How about I help you along?”

Growing up in Dunhuang, she had only been studying the art of medicine in her spare time, apart from cultivating.

This was the first time she had encountered such a thing as instructing others in cultivation.

She was instantly intrigued.

Lin Mo glanced out of the window.

The bright moon was in the east at this time, and it was late at night.

“Aren’t you going to rest? It’s so late?”

“It’s the realm of the Patriarch, a few days without sleep is irrelevant.”

Xue Lian said a little eagerly.

“Hurry up, they’re going to gather early tomorrow morning.”

“I’ll help you look at it, the heart techniques and martial arts you’ve prepared.”

After saying that, she went straight to the desk and examined the secret books prepared by Lin Mo with great interest.

Lin Mo saw that he was so interested, and was too embarrassed to stop him.

“That’s fine!”

“It just so happens that you can also help me to see if there is anything that still needs to be improved.”

Xuelian nodded and didn’t say anything more in return.

Concentrating fully, she flipped through it.

Just as Lin Mo was about to walk over.

The afterglow suddenly skimmed the downstairs, the ten teenagers kneeling on the ground.

A few of them were already shaking.

Lin Mo took a glance at them before withdrawing his gaze.

The pride had to be sharpened a little!

These few people were quite passable in terms of their natural abilities.

Their character is not bad either.

When they fought with Wang Changxing or when they fought with No Hate, they did so in a measured manner, without hostility or killing intent.

The only drawback is that he is too arrogant and somewhat uncaring.

If this is not corrected.

Lin Mo would not undergo them under any circumstances.

“Lin Mo what are you still fuming about?”

Xue Lian's urging voice interrupted his thoughts.

After Lin Mo came back to his senses, he came to Xue Lian's side.

"I think that these few heart techniques of yours are quite suitable for them, to a point."

"To this martial art, it seems to be too rigid, and at their age, they might hurt themselves."

Xue Lian's gave her opinion after carefully flipping through one side.

This was something Lin Mo had not considered when he had written these martial skills before.

"I'll be changing it then"

Medical Genius Unspeakable Marriage Chapter 4175

Early morning.

The warm sunlight pours into the room.

The sound of sparse chatter.

Haterless also slowly opened his eyes.

Turning his head to look, he saw the two of them at the desk, still in high spirits, discussing their heart techniques and martial arts.

After a night of revision.

Lin Mo's previously prepared martial arts techniques had been revised almost from start to finish.

It wasn't that there were problems, it was just that after the discussion between the two of them.

All the martial arts techniques were divided into different categories, so that they would be more suitable for the fighting styles of different power lords.

It was only when she realised that Trace had woken up that Xue Lian stopped talking.

"Alright, this is pretty much the same look!"

After she left Lin Mo behind, she went straight to the side of the bed and took Traceless in her arms.

"Did we make a lot of noise?"

Xue Lian asked as she bent down, while reaching out to rub Trace's little head.

The expression was doting to the extreme.

Haterless shook her head and raised her hand and pointed to the window.

"The sun is rising so high!"

"No Hate's belly is up!"

Xuelian smiled dotingly and after scratching her little nose, he led her out of the room.

“Come on, sister will take you to wash up for breakfast!”

“Mmm!”

After Hatedless answered, his arm directly wrapped around Xue Lian’s neck.

At the same time, that little head was draped on top of her shoulder.

The scene was extremely cozy.

It was like a team, a close mother and daughter.

Lin Mo looked at the duo, and the corners of his mouth could not help but reveal a smile.

He hadn’t thought that this disciple of his, would be so sticky to Xue Lian.

From the time they had met until now, although Wuxing’s emotions and feelings had slowly gotten back to normal.

But apart from himself, he had no communication with anyone else.

Not to mention the way he is now, hanging on to others like a little lazy cat.

“Could it be that Sheridan has a special personality?”

Lin Mo asked himself in his mind.

However, he soon gave up dwelling on it and turned his attention to the martial skills in the book.

.....

The warm sun is off to the right.

Except for the Sea Wolf King.

All the power lords of the three districts had gathered in front of the martial stage at the front line.

Even Director Qiu had arrived here early in the morning.

“What is this situation?”

“Mr Lin has called us together so suddenly, is there something big to announce?”

Ma Bangde was also puzzled.

“I’m not sure, Old King sent the message!”

At these words, the eyes of the crowd fell on Wang Changxing’s body.

“Don’t look at me guys, I’m just a messenger.”

“The specifics, I’m not sure either!”

After the crowd had discussed this with you and me, everyone was baffled.

Time pa*sed.

After a moment of waiting, Lin Mo finally showed up.

“Good morning!”

“Everyone is here quite early!”

After a quick glance around the room, there was no one absent.

Not bad!

Seeing that the time was up, Lin Mo also intended to be insipid and went straight to the point.

“Today, we have called everyone here on short notice, mainly because of two things!”

“This first thing well!”

After Lin Mo trailed off, his gaze shifted to Ghost Sou’s body.

“Senior how about you speak for yourself?”

The ghostly old man nodded knowingly, and then walked over to the crowd.

“Get reacquainted, old man Ghostly Old Man!”

emmmm

At these words, several people present looked at each other.

Could this old man be suffering from Alzheimer’s syndrome.

Although there was very little communication on a regular basis but who didn’t know who he was.

At this moment, only the informed Ma Bangde and of Wang Changxing look a little abnormal.

This old man was finally going to reveal his true strength.

At a time when the crowd was suspicious.

The ghostly old man cleared his throat.

“I’ve been hiding something from everyone before for some reason.”

“Actually, the old man is not talented and is also a patriarch

As the words fell to the ground, a terrifying aura rose up around him.

Medical Genius Unspeakable Marriage Chapter 4176

Zone 3 front line, the performance stage.

The crowd felt the haunting and terrifying aura.

Their minds were in a state of flux.

Who would have thought that this seemingly weak old man in front of them would be a Patriarch.

And having been together for some twenty years now, no one had even noticed this.

At this moment, even Ma Bangde and Wang Changxing were a bit dazed.

Although he already knew this insider information before.

But after all, he had not been able to witness it with his own eyes.

Right now, feeling the breathtakingly terrifying aura.

The two of them were also greatly shocked.

They waited until after the ghostly old man had withdrawn his aura.

Everyone still could not calm down for a long time.

In the past, the Patriarch was a legendary existence to them.

And since Lin Mo had arrived here.

They suddenly discovered that these unattainable existences.

It was as if they were springing up at the same time.

Even the ghostly old man, who had worked together for over twenty years, turned out to be a hidden patriarch.

Lin Mo had also guessed long ago, the reaction of the crowd right now.

“Alright, everyone degrees collect their gods!”

“I’ve made a good deal with Senior Ghost Souther.”

“In the future, seniors were helped by the master of our three districts against outsiders.”

Regarding the matter of submitting allegiance, Lin Mo clearly switched his words.

The ghostly old man was obviously clear on this point as well.

With kind eyes, he nodded towards Lin Mo as a sign of gratitude.

The crowd’s attitude also changed drastically after learning this news.

With one more Patriarch, the strength of their three districts had increased by several points.

Only the news came so suddenly that the impact was a little too great for a while.

Just like Director Qiu, after being gifted with a scroll of the Creation Dictum, his cultivation level rubbed off and rose straight upwards.

It was not long before he had just surpa*sed Ma Bangde and become the strongest power lord in the three districts.

Now, on the contrary, a ghostly old man who thought he was a sect master had appeared.

Once again, he has fallen into the second position!

It's embarra*sing!

"Let's all get back to our senses, I have a second announcement to make."

Lin Mo's speaking voice pulled the crowd back into their thoughts.

When the crowd's attention returned to Lin Mo again.

Only to see him lay a pile of scrolls directly in front of the crowd.

"I have to say, your strength is more or less a pound out of step with the current situation."

"Therefore I have specially prepared exclusive Heart Techniques and Martial Skills for you all!"

When the crowd heard the first half of the sentence, they still felt a little solid.

But as the second half of Lin Mo's sentence fell into place.

Several of the power lords immediately came to their senses.

If they could, they would like to be zapped a few more times.

"Of course you guys don't have to learn your own heart techniques or martial skills if you think they're still better!"

This was also a matter of Lin Mo's personal habits in mind.

There were people who had been practising a martial art for decades and had reached the point of ascending to the top.

Suddenly changing it would be uncomfortable and for a short period of time, the battle power would drop.

Only the fact was that his estimation had proved to be a completely redundant act.

The words hadn't even hit the ground yet.

A group of power lords rushed up fiercely.

"This belongs to our Blade Sect, if you dare to touch it I'll have your dog's life."

"Old Ma, what are you doing robbing my Turbine Green Gang, believe it or not, I will fight you to the death."

"Director Qiu, our Black Garden's heart and martial arts techniques are used by women, what's the point of you peeking?"

"Hey hey hey, curious, curious!"

The few people who were previously endowed were now like bandits at the same time.

Frantically looking for the heart method and with martial arts techniques of their own forces.

After a burst of chaos, all the scrolls were grabbed by several power lords, into their own hands.

Excited and at the same time by with a bit of caution!

Apart from the ghostly old man, the others were like holding the greatest treasure, deadly wary of the others beside them.

They were afraid that others would steal a single word.

As for Ghost Sou, he was already a Zong Shi master, so this kind of martial art would not be of any use to him at all.

Medical Genius Unspeakable Marriage Chapter 4177

Front line of Zone 3, in front of the martial arts stage.

Except for the ghostly old man, the rest of the men were full of excitement

Once again before, the power of Ma Bangde being taught the 'Returning Sea One Blade' was evident to all.

There was even a record of killing a half-step Patriarch in the battle.

At that time, Ma Bangde's cultivation level was not that of a Grandmaster.

The fact that he had crossed the level and killed him was enough to show the power of Lin Mo's given martial skills.

Now that several power lords had finally gotten what they wanted, how could they not be excited.

For a while, several of the power lords kept flipping through it avoiding the eyes of the others, and every now and then they would let out strange laughter.

Lin Mo was speechless, the corners of his mouth twitching.

If these scrolls hadn't been compiled by his own hands, he would have to wonder if these people were reading some strange books again.

After an hour or so.

Seeing that Wang Changxing and the others were contentedly hiding the scrolls in their arms, Lin Mo then continued to speak.

"Have you remembered everything?"

The crowd nodded their heads one after another.

"Don't worry, Mr. Lin, these mind techniques and martial arts skills, I, Old Ma, can recite them in Hades even if I come down to the hell."

The crowd gave a sideways glance.

What a lick!

This old horse guy must have been a study member when he was at school.

How else could an ordinary person come up with such a reply.

Lin Mo didn't bother to pay attention to Ma Bangde.

When he saw that the crowd had already written down the contents of the scroll.

He also opened his plan.

"See that head of the seat?"

Lin Mo raised his hand and pointed to the mountain peak towering in the distance.

Several power lords nodded their heads in uncertainty.

"Very well, from the time you come in the present, you are all limited to one round trip in one hour."

Huh?

Hearing this shake of the head, the crowd was staggered.

It was at least 60 to 70 kilometres from here to the place designated by Lin Mo.

A round trip would be hundreds of kilometres.

Even if Director Qiu and the other three Half-step Grandmasters could complete the journey within the time limit, it would be difficult.

Not to mention the others!

"This is asking for someone's old life!"

Wang Changxing spat out with a difference in his face.

The rest of the few people were also discussing.

The words were all questioning the possibility of this matter.

Lin Mo did not explain, but simply asked the ghostly man to press the timer before the two of them went to a seat at the side.

Quietly, they watched the crowd spouting off.

Director Qiu saw this but was more than a little wary.

Stepping forward, he asked curiously.

"Mr. Lin, what will happen if we don't finish?"

This was also what the rest of the crowd wanted to ask.

If the regret was not serious, many people were already ready to give up.

"What won't happen?"

Lin Mo said with carelessness.

“You know me, I am a forgiving person when it comes to my own people.”

“Even if you guys don’t finish, the most I’ll do is, at most, let the oni-so strip you and take you for a skedaddle around the front line.”

At these words, Director Qiu, Ma Bangde and the others paled.

They thought to themselves that Lin Mo might not be able to do this.

But they couldn’t resist the existence of this old thing, the ghostly old man.

The eyes shifted.

At this moment, the old man was looking at them with a wicked smile on his face.

“The old man is very willing to help!”

At these words, without saying a word, Ma Bangde rushed out.

The rest of the group did not dare to hesitate, and immediately followed suit.

They didn’t dare to bet that the ghostly old man would dare to do it!

A man who dared to throw the coffin of a dead man, there was still something he could not do.

If they really didn’t finish by then, they would be stripped clean and strolled around the front line.

That would simply kill them and be harder to bear.

They are all long-established masters of power, and face is most important.

Especially the Black Rose.

At this moment, he is as if he is running for his life, rattling straight as if he were mad.

In just a moment, she was at the front of the group.

Then his back had disappeared from the sight of the other power lords.

Terrible as it is

Medical Genius Unspeakable Marriage Chapter 4178

This day.

The members of the forces on the front line who had just recovered from the epidemic were met with a strange phenomenon.

The leader of their own gang was as good as a dog whisked away.

The run was wailing!

After arriving at the foot of the hill, Ma Bond looked up.

Only to see the Black Rose at that moment as if she had transformed into a monkey.

Pa*sing through the woods, she was already halfway up the mountain.

“This b*tch is so this so tiger!”

Ma Bond asked with a twist of his head after he had exclaimed.

“Old Qiu, how do you feel, can you still city it!”

Director Qiu waved a big hand and wiped away the beads of sweat on his forehead.

“Oh, that’s it?”

“Old man, even if I run another round trip, I won’t even take a big breath!”

Of course this is just a strong statement.

After he had been in a high position for a long time, and after the stability of the three districts, he seldom struck out.

Physical skills naturally appear to kick back.

The big, burly man with eight-pack abs back then has a small belly now.

Faced with this sudden physical test.

When Director Qiu said he was not tired, he was completely being nice and pretending hard.

Old Ma laughed in response.

“Blow or you can blow!”

“After more than twenty years together, I can still not know your bottom!”

Ugh!

Director Qiu spat, instantly picking up speed.

“What a f*cking waste of breath to talk to a reckless man like you.”

With that, he pulled away from the two.

At that moment, Wang Changxing, who was not far behind him, also fought to catch up.

“Old Ma, wait for me!”

With that he put his hand on Ma Bangde’s shoulder.

“Old Ma, do you think if we really can’t finish, Mr. Lin will really make us look bad in front of a big audience?”

“What do you think?”

Ma Bangde asked rhetorically.

“The opportunity is before us now.”

“If you don’t want it, you can totally pa*s it up.”

“Mr. Lin, would it really still be embarra*sing for you?”

He knew it best in his heart.

A genius like Lin Mo could always personally, train and tutor them for a chance to miss this one.

Once they missed it, they might never have it again in their lifetime.

Fear of embarra*sment is only a small part of the story.

But anyone who knows in his or her heart knows that the average person with such an opportunity is unlikely to meet it once in a lifetime.

“No, Old Wang, you’ve learnt your lesson!”

Ma Bangde suddenly came back to his senses.

His gaze then fixed on the slightly heavy palm that was resting on his shoulder.

“You old biden, to think you’d want me to pick up the slack!”

“I’ll f*ck you up!”

He said as he raised his hand and slapped it hard, directly removing Wang Changxing’s palm from his shoulder.

“How dare the little trash set me up and waste my saliva!”

“I’ll settle the score with you later when it’s over.”

After Ma Bangde put down a harsh sentence, his accelerated pace instantly quickened by a few points.

In less than three to five seconds, he was already running out of sight.

Wang Changxing behind him could only nuzzle regretfully at the sight of this.

“Eh, what a nice smooth ride, but it’s a pity that one has grown a brain!”

With that he raised his head and then looked towards the top of the mountain towering into the clouds in front of him, his eyes slightly tired.

“It’s really going to be exhausting, yo!”

.....

Other side.

After Xuelian had taken care of Hate Free to wash up and eat.

She also came to the martial arts stage.

As soon as they met, Lin Mo frowned.

“You’re going to spoil her like that!”

“How old are you to let someone hug you, you don’t know how to be ashamed!”

After saying that, he reached out and prepared to take Hate Free.

“I don’t, I want Sister Xuelian to hold me!”

The next girl said rebelliously, and then she wrapped her arms around Xuelian’s neck even harder.

With that stance, she was totally cheating and did not intend to get off the ground.

And Xue Lian was also mischievous and turned her body sideways.

“She’s so good at sticking to me so much, so you just let her be!”

The interaction between the three of them looked exactly like a family to the ghostly man on a plate.

After a moment of stalemate.

Lin Mo saw that he could not argue with this ‘mother and daughter’ pair, so he simply let them be.

“This little girl, sooner or later, you will spoil her.”

Before Xue Lian could even speak, the Hate Free in her arms made a mischievous face.

When she saw Lin Mo raise his hand to scare her, she was cheeky again and hurriedly hid her head into Xue Lian’s hair.

“Well, it’s all about being a master.”

“Still talking to children in general!”

Come on!

Neither side is good enough!

Lin Mo simply went straight back to his seat with a depressed look on his face.

Xue Lian smiled and lifted her foot to lift him.

“Where are those power lords?”

He had come here today specifically to join in the fun.

After discussing martial skills with Lin Mo all night, she naturally wanted to see the results.

“Nuo!” Lin Mo nudged his mouth towards the mountain peak in the distance.

“I told them to run for the hills!”

Xue Lian was smart and clever, and instantly guessed Lin Mo’s intentions.

So, he followed suit and made it to the side, playing with Hate Free.

After a good while.

A figure finally appeared in the distance too.

What Lin Mo did not expect was this.

This first person to arrive was actually Black Rose.

In terms of physical ability, of the three people who were also Patriarchs.

Black Rose was clearly no match for Ma Bangde already Director Qiu.

Only that she was the first one to finish the task.

At this moment, Black Rose was already sweating profusely.

Her long, silky black hair was also soaked with sweat and clotted together.

“Mr. Lin, I’ve finished!”

Black Rose panted and said.

Sweat was pouring from above her flushed face!

In order to hurry, he had used up all the spiritual energy in his body.

As he spoke his body was already shaking.

Seeing this, Xue Lian immediately stepped forward and gave him a hand.

At the same time, she gave Lin Mo a reproachful white glance.

“You’re really the same, she’s still a little girl!”

“How cruel!”

Said Xuelian tenderly wiping away the beads of sweat from Black Rose’s face.

“Come, sister let’s rest for a while!”

But Black Rose was the one who rejected his best friend outright.

“It’s all right, Holy Maiden!”

“This whole cultivation of mine is all because of the huge price Mr. Lin paid for it!”

“I can’t live up to that!”

With that, she detached her Snow Lotus hands and asked towards Lin Mo.

“Mr. Lin, what should I do next!”

The determination and stubbornness written all over her face at this moment.

Lin Mo looked at the woman in front of him, the woman he had saved with his heart's blood, and his face took on a bit of gravity.

He himself had never realised it.

His own unintentional action at the beginning had caused such a great pressure on Black Rose.

But this was not the time for emotion.

Lin Mo then opened his mouth and instructed.

"Conserve your mind and run the heart technique I gave you!"

Without the slightest hesitation, Black Rose immediately sat down cross-legged and closed her eyes tightly.

In less than two minutes' time, Director Qiu and Ma Bangde also arrived one after another.

"It's really going to be an old life yo!"

After rushing to move in place, Ma Bangde's laid down directly on the ground.

Breathing heavily.

Even for a half-step clan master like him, he could not cope with such a desperate rush.

For this b*****d, Lin Mo did not have a single star of tenderness.

"Hurry up and get up!"

The words had not yet fallen.

Marbond then felt a heavy kick to his bottom.

Soreness and weakness came from the feet that had been forced to endure it.

He immediately sat up, and under Lin Mo's command, began to run the new heart technique in a decent manner.

Director Qiu, on the other hand, had much more eyesight.

As soon as he arrived and saw Black Rose's appearance, he immediately thought of something.

The first thing he did was to start cultivating.

Just as Lin Mo was teaching Old Ma a lesson, the others arrived back one after another.

The last person was the gang leader of the Cang Ying Gang who had been paid up by several of their power lords.

After rushing back, he fell straight to the ground head first.

Lin Mo watched as the puppet master of the Fly Gang planted himself on the ground.

With one healthy step, he came directly in front of him.

“Everyone else, cleanly cultivate your respective mind techniques!”

With that he immediately checked the condition of his man.

“How is it?” Xue Lian asked as she walked over.

“It’s nothing serious it’s just that there’s a loss of strength!”

Lin Mo explained, and then took out a stamina replenishing cast and fed it into this person’s mouth.

Not a moment later.

The rest of the group had already entered the state.

This puppet gang leader also woke up in a ghostly manner.

Seeing Director Qiu and the others’ appearance, he immediately followed suit.

Only before he could seat himself, Lin Mo called out to him.

“Wait a minute, don’t rush to cultivate first!”

Hearing this, the Puppet Gang Leader, doubtingly, turned his head.

“What’s your name?” Lin Mo asked.

“Hu Quan!” He returned with a pale face.

After the former leader of the Cang Ying Gang, as well as the rising heartthrob, was destroyed.

This man was then supported up by Ma Bangde and the others, as a puppet-like existence.

It was precisely because of this that Lin Mo had never got to know him.

Only today, this contact had changed Lin Mo’s outlook.

“Why are you so desperate?” Lin Mo asked with some curiosity.

To be honest, Hu Quan was not very old and his qualifications were just average.

It was completely safe to say that among this group of power lords, not only was this person’s realm the lowest, his posture was also at the bottom of the list.

However, this neck of wanting to be strong made Lin Mo somewhat impressed.

Hu Quan was baffled, but since Lin Mo had asked the question, he did not dare to hide anything and spoke straightforwardly.

“On the way, I overheard a few of them talking.”

“It said that if they passed this test, their strength would change skywards!”

"I want to become stronger!"

The reason was short and straightforward.

"Good, you're pure!"

Lin Mo looked at Hu Quan's clean and clear gaze and said with some appreciation.

"Go and cultivate well!"

Knowing this, Hu Quan hurriedly closed his eyes, fearing that he would miss a single second.

Xue Lian also seemed to have seen something and reached out to poke Lin Mo.

"What's wrong? Is this a desire to cherish talent?"

Lin Mo smiled and said back through his voice transmission.

"This little brother is not bad at all."

"It's only for a while, let's see!"

Xuelian was right.

Lin Mo did appreciate this Hu Quan's heart more.

Although this person is somewhat not very bright, it is difficult to say that it is a bit naive.

All can Lin Mo from his gaze, see the pure that other martial artists do not have.

The kind of purity that is bent on becoming stronger!

Such a person was rarely seen anymore!

Lin Mo glanced at Hu Quan once more, and then began to teach his demonic disciple.

It was not until the sun was thin that the individual power lords woke up one after another.

"Crap, why do I suddenly feel refreshed!"

"Me too, I'm all energised."

"It's worthy of the heart method and cultivation method created by Mr. Lin, just for a moment, it's worth a month of my practice."

This remark was made.

The crowd, which was still joyful, instantly fell silent.

Eyes turned to Ma Bangde one after another.

Old dog licking!

At this moment, Lin Mo also stopped his instruction to Hatedless.

"That's all for today!"

“Same time and same place tomorrow, all disperse!”

By this point in time, the sweat stains all over their bodies had dried, but the stench of sweat would not dissipate for a long time.

After listening to Lin Mo’s arrangement, several of the power lords instantly dispersed in a flurry.

No one noticed when.

At this moment a thin back figure was already sitting coiled in place.

Hearing the movement of everyone leaving, Hu Quan just opened his eyes and glanced at it.

The boyish gaze revealed a hot anticipation and yearning.

The next second, he closed his eyes again and entered a state of cultivation.
