### Medical Genius Unspeakable Marriage Chapter 4371

Master Xue Wu looked at the landscape in the distance with a look of emotion.

"I think back in the day, your father Lin Xiao had outstanding natural talent."

Halfway through his sentence, he suddenly shook his head with a bitter smile.

"I can't say outstanding, I should say it was that terrifying natural talent that left no one of his generation breathless."

"The Lin family is even flourishing under the leadership of your father, Lin Xiao ....."

Recalling the past events of Lin Xiao back then.

A man with a sword, proudly looking out over the world.

Only where there are people, there are rivers and lakes.

The sudden feeling of the Lin family has made very powerful families scornful.

Only at that time's between Lin Xiao's terrifying talent and powerful strength, no one dared to make a move against the Lin family.

"Speaking of which, your father is really a nightmare for our peers."

As Master Xue Wu said this, admiration gradually emerged on his face.

"I fought your father back then."

"Only back then, I was given a good beating by your father!"

At the mention of this, Master Xue Wu could not help but smile bitterly.

"But at that time, none of the geniuses from our Five Kings of China as well as the Ten Great Families could escape your father's clutches."

"Each and every one of them was beaten out of their psyche."

Lin Mo was also hearing about his father's deeds for the first time, and looked extraordinarily serious.

He could think of his father's heroic appearance in the past.

And the scenes of hanging on to beat the geniuses of his generation.

"What happened to the fifth master afterwards!"

He asked with some anticipation, his heart longing to hear more about his father's news about the Lin family.

The fifth master shook his head, "Later!"

“Our country, China, was then suddenly invaded by the Japanese.”

“At that time, all the martial artists of our country were willing to defend themselves against the foreign enemy.”

As he spoke, his hands could not help but clench his fists in silence.

His expression also became fierce.

“What is hateful is that that Japanese country has not only encouraged and united with other neighbouring countries to launch an invasion against our China.”

“And at the cost of sacrificing millions of lives, it also awakened the sealed fierce beast, the Nine-Tailed Demon Fox, to be introduced into our Chinese territory.”

The war was met on many fronts, coupled with the rampage of the nine-tailed demon fox.

The Kingdom of China was unable to fight back and all instantly suffered huge casualties.

“It was only when my country, the One Emperor and Three Saints, stepped in that the situation was gradually turned around.”

“And your father was one of the helpers in the battle to seal the Nine Tailed Demon Fox.”

“Unfortunately, although he succeeded, he was also seriously injured as a result!”

This battle of resistance was won by the Chinese nation, but the cost was exceptionally heavy.

The Lin family was the most expensive of all.

The family’s overall strength was cut short.

In particular, Lin Xiao, who was seriously injured, had no strength left at all.

Once this external battle was over.

Some people with bad intentions began to set their eyes on the Lin family.

This was coupled with the emergence of traitors within the clan who released the news of the Lin family’s hidden treasure.

One of the maps of the northern border was also leaked.

The forces, large and small, began to have bad intentions.

With the union of those who wanted to.

Hundreds and thousands of forces and families came together.

The aim was to divide the Lin family while it was still in a bad state of health.

It was also for the Lin family’s precious treasure.

“In that battle, almost one-half of the powers and clans of the Chinese nation were gathered.”

“Although the Lin family is strong, but they are too many people, your father was in this battle .....

When Master Xue Wu said this, he let out a long sigh.

Some words do not need to be said, Lin Mo heart is also clear about the end.

It was in that battle that his father was killed.

Only there was still a knot in his heart that he needed to untie.

“Did the Martial Union do anything at that time?”

The Fifth Master shook his head, “Nothing!”

“But the Martial Alliance didn’t have a good time back then either.”

How could he not understand the hint of resentment in Lin Mo’s heart.

So the Fifth Master explained.

“Actually, the Martial Union at that time didn’t want to be as good as you think .....

### **Medical Genius Unspeakable Marriage Chapter 4372**

Above the hillside.

The fifth master quietly explains the year to Lin Mo.

“After the War of Resistance ended, the Martial Union, as the assistant of the entire war, also suffered the greatest losses.”

“At that time, all five of us kings actually moved with other thoughts.”

“There were also people with bad intentions among the ten clans who secretly made all sorts of bad intentions.”

Under such a form, the Martial Alliance naturally needed to solve these internal hidden problems first in order to stabilise the situation.

Plus the number of strengths that had struck out against the Lin family was staggeringly huge.

Although the Martial Union had tried its best to stop it.

It could be too late.

Then later, the Great Northern War came to an end.

There were rumours that the heavy treasures of the Lin family had been taken to the southern realm.

Then civil war had started to break out.

And it was by taking advantage of the light of the battle in the Southern Realm that Master Xue Wu successfully ascended to the position of King of the Southern Realm.

"I see!"

Lin Mo exhaled a heavy breath of turbid air after hearing the past events of that year.

Now that the knot in his heart was untied, his emotions were also much more relaxed.

"Thank you, Fifth Master!"

He thanked to from the bottom of his heart.

The fifth master was full of care and flung his arms.

"There's nothing to be polite about!"

"Many people know about these things, and they will tell you sooner or later."

"I merely, in my heart, rambled on a bit more."

He finished his sentence with a gradually serious look.

"Lin Mo, I have to remind you!"

"Although the year involved for the strength of the Lin family, the dead died, the dead died."

"But the power families that remained are now a giant."

"If you want to take revenge, you still need to think twice!"

His warning was not just because of the power of Lin Mo's enemies.

Most of all, those forces that had participated in the overthrow of the Lin family back then were superficially amicable and peaceful.

It was entirely because of the restraint of the Martial Union.

Although they played some small tricks in secret, there was a degree of it.

If Lin Mo were to openly take revenge once he did, they would have a reason to deal with him.

And they would be happy to do so.

Back then, the whereabouts of the Lin family's important treasure was unknown, and many people suspected that it was in Lin Mo's hands.

"Before again, you must do prepare well."

"If you don't strike, you will definitely kill him with the power of thunder!"

The fifth master said, and a fierce intent showed on his face.

He had never been a good person, otherwise he would not have been the King of Nanjing.

Lin Mo was also clear in his heart about this point.

It was just that although he had the intention to amass his own power, time was not on his side.

The deadline for his agreement with the Xie family was approaching!

Lin Mo only ended up saying a word of thanks.

“Thank you for reminding me, Fifth Master!”

Of course this matter was well known to him and Master Xue Wu.

It was just that neither of them had mentioned it.

Master Xue Wu raised his hand and patted Lin Mo’s shoulder.

“Prepare well!”

“When the time comes, I will unleash the forces of the Southern Realm to help you.”

This sudden uproar of words caused Lin Mo to freeze his expression.

Looking back at the past of the two of them.

When Lin Mo was still in the Southern Realm, Master Xue Wu had protected him again, and there were certainly times when he had secretly set himself up.

Knowing that later, his own strength increased.

Only after he had more backers behind him did this Fifth Master Xue slowly give up his designs on himself.

The relationship between the two sides, too, eventually transformed.

It’s just that a thousand things were said.

Lin Mo thought to himself that the relationship between the two of them was far from enough to make Master Xue Wu lose his Southern Realm to help him fight against the Xie family.

“Why is this, Fifth Master?”

Lin Mo couldn’t help but be puzzled and opened his mouth to ask.

With the King of the Southern Realm’s gang leader, one naturally had an extra 10% chance of winning against the engagement with the Xie family.

But this sudden promise made Lin Mo was at a loss.

On the contrary, he was laughing openly.

“That you have no edge, still as cautious as ever.”

“Good, in fact, the reason why I choose to help you, also have their own personal feelings .....

### **Medical Genius Unspeakable Marriage Chapter 4373**

Lin Mo didn’t answer, just quietly waited for the Fifth Master’s next words.

From the time they met until now.

The unusual mannerisms of the Fifth Master Xue in front of him had filled Lin Mo's heart with doubts.

Everything was too abnormal.

The Fifth Master Xue let out a long sigh.

"To be honest with you, I don't have much time left!"

After saying this, his originally bland expression suddenly took on an extra touch of powerlessness, and a look of defeat showed in his eyes.

At this moment Lin Mo was also completely certain.

He had not been dazzled earlier!

Of course he was most surprised by Master Xue Wu's words.

"Fifth Master, what do you mean by that?"

Lin Mo asked curiously.

Not only would a Patriarch have an extended lifespan, the Divine Doctor's bodily functions were even more powerful.

It was extremely rare to hear that a Patriarch would die from illness.

Master Xue Wu first pointed to his head, and then explained with a bitter face.

"I was careless before, and something was added here."

"Do you still remember that time when we stopped the Japanese on top of the sea east?"

Lin Mo nodded in uncertainty.

At that time, it was the period when the Chinese country was holding the doctor competition.

It was also the time when Master Xue Wu had taken himself on board the warship of Nangong Jingliu, the King of the Sea East.

"At that time, I forced White-Faced Lang to give up his heart blood in order to control him."

"Unfortunately, the field hunting was eventually pecked by geese."

He closed his eyes and kept shaking his head.

"I didn't expect that white-faced Lang to be a good fighter either."

"Not only did he break free of my control, but he also turned the tables on me through his heart blood."

"Now I look fine on the surface, but in fact my brain has been completely eroded by his snake poison in full."

Hearing this, Lin Mo's face showed surprise.

Just as he was about to step forward to examine his condition, Master Xue Wu shook his head and refused.

"It's too late!"

"I have already used my last favour in the South Realm to ask Sai Hua Tuo to sell over."

"But the result is not as good as it should be, even if the gods come, they can't save me!"

Lin Mo frowned.

Although he had never added Sai Hua Tuo, he could tell from his medical skills in writing about medicine that he was highly skilled.

Even this man had said that it was hopeless, this Fifth Master Xue's condition must have reached the limit in his eyes.

The heart did not give up.

"Fifth Master, I'll take a look and see!"

Seeing that he was so resolute, the fifth master was not in the way this time, and slowly raised his arm and received his wrist over.

After staring at Lin Mo and putting his finger on Master Wu's pulse, his face instantly changed.

He had thought about how serious Master Xue's condition was.

However, he had never imagined that the toxin had really reached the point where there was no cure.

Today, Master Xue Wu did not appear to have any abnormalities on the surface.

But in reality, his brain had been completely invaded by the toxin and the nerves had been corroded internally.

It was only Master Xue's strong Zong Shi strength that kept him alive.

If an ordinary person had been infected with this toxin, the grass would have been three metres high in his grave.

In such a case, unless one could give Master Five a new head, there was no cure at all.

Lin Muzhi thought to himself that even he plus his inherited medical skills would be powerless.

"I'm sorry!"

In the end, Lin Mo Zhi could only utter these two words powerlessly.

On the contrary, Master Xue Wu was much more spontaneous.

"What's there to be sorry about!"

"If you have a qualified mind, you might as well help me manage my southern realm!"

Master Xue Wu suddenly said.

“The South Realm is my life’s work, I don’t want it to fall out of my hands in.”

His expression was cross and his face was serious.

“Lin Mo, I can mobilise all the forces in the Southern Realm to assist you in dealing with the Xie family.”

“But after it’s over, you need to help me manage and take care of the Southern Realm.”

This was a quid pro quo given by Master Xue Wu.

Lin Mo did not give an answer, but only asked rhetorically.

“The young generation of China, the genius can endure countless talents, why is it me .....

#### **Medical Genius Unspeakable Marriage Chapter 4374**

The answer that Master Xue Wu gave in the face of Lin Mo’s rhetorical question was also extremely simple and certainly extremely firm.

“Because others are not worthy!”

Since he had learned of his condition, and had already started secretly looking for a successor.

Only to look at the whole of China.

Lin Mo’s talent and strength might not be the highest and best.

But no matter what his nature or methods are, Lin Mo is the most suitable young man to take over the Southern Realm .....

“Well?”

Master Xue Wu pursued, “I have prepared for the handover”

“As soon as you nod and your battle with the Xie family is over, I want the Martial Union to apply for this matter.”

“And give you the position of King of Nanjing directly.”

“How?”

Lin Mo was naturally willing.

After all, he had grown up in the Southern Realm since he was a child, and his feelings were naturally there.

But he also had his own concerns.

“Fifth Master is not that I don’t want to say yes.”

“But you know better than I do altogether, the situation of the Martial Alliance.”

“At one point if I take over the South Realm, my name will function as Da Qu and the South Realm.”

“I also have to recreate the glory of my Lin family’s Northern Realm.”

Lin Mo’s greatest worry was whether his future addition of three kings would cause the Martial Union to be scornful.

After all, if the three regions were to unite together.

The massive power was simply not something that an ordinary person could imagine.

In the event of any change, the implications would be enormous.

Master Xue Wu could see Lin Mo’s concerns and suddenly laughed out loud.

“This, you don’t have to worry about it at all.”

“Just let go and do it!”

“Not to mention that you have jurisdiction over three divisions, even if you are hanging seven kings it doesn’t matter.”

It seemed that the matter involved some pungent secret.

Master Xue Wu suddenly changed the subject halfway through his speech.

“Just put your mind at ease, I, Xue, will give you my head as a guarantee.”

“Then from now on, I will leave the management of my Southern Realm to you, don’t ever degrade the prestige of our Southern Realm.”

Of the six kings of China, the South Realm was the most backward one.

But this did not mean that it was weak.

In his half-push, half-negotiation.

Lin Mo eventually agreed to Master Xue Wu’s request.

“I’ll try my best!”

The Fifth Master was not the least bit worried.

A large hand fell heavily on Lin Mo’s shoulder, his face full of relief.

And at this moment, the fifth master’s face also looked obviously much better.

Just after the two of them had agreed.

Another figure then appeared in the distance.

The person who came was none other than Old Master Bai.

He could be seen happily holding No Hate all over again as he walked slowly towards this side.

“Lin Mo, you’re being too clingy.”

“It’s only been a while since I’ve seen you and I’m already yelling for you!”

Although he was full of complaints, the smile on his face didn't break at all.

Lin Mo smiled and picked up Hatedless with a hug.

"What's wrong, isn't it good to be close to Master Gong?"

Hatedless held her small mouth in a discontented manner.

"Master Gong's beard is too much, it sticks in my face."

When Lin Mo heard this, he obediently looked at Elder Bai's beard.

And it didn't matter if he didn't look.

With just one glance, Lin Mo snorted out a laugh.

Originally, Old Master Bai's beard was still of the denser variety.

Now, however, it had become sparse and uneven.

Then look at the few whiskers that still remain on Little Girl No Hate's hand.

Lin Mo instantly guessed quite a few things.

"Haterless, did you pluck your master grandfather's beard?"

Seeing that Lin Mo was full of seriousness, Hatedless hurriedly lowered her little face and her eyes kept dodging.

At the same time, Bai Lao, who was still smiling at the side, his face instantly pulled down.

"This is how you usually treat my precious apprentice grandson!"

After a rebuke, Old Man Bai snatched up Hate Free.

He then teased him.

"Come on, good disciple, we'll ignore you, master!"

"It's just a few whiskers, Master has plenty, if you like it, keep plucking!"

Lin Mo looked at them and was also full of helplessness.

It was only that one was his own master and the other was his own disciple.

What could he say .....

### **Medical Genius Unspeakable Marriage Chapter 4375**

After all the noise, it's getting light!

When the battlefield has subsided.

Lin Mo once again arrived at Lawrence Castle.

The formerly opulent and nice residential area was now then full of sores.

As far as the eye could see, dozens of kilometres around were ploughed over.

The only thing that surprised Lin Mo was that the castle was still intact.

Before he could walk into the castle, Feng Wu Huo came up to him.

Lin Mo had already given him a warning before.

Now that the great war was over, he looked a little haggard though.

But fortunately, he was not injured.

“Coming!” Feng Wu Huo greeted, and then led the way for Lin Mo at the front.

Inside the aisle, it was quiet.

Apart from the pair’s footsteps, there was no other movement.

Halfway down the aisle, Feng Wu Huo inexplicably stopped for a few steps, and his face was a little bit grave.

“Doctor Sage Lin, did you come here to find Ji Dutuo this time?”

Although he asked this, his heart was clear, Lin Mo must have come to the door this time.

It must be a bad thing.

“Come to see what’s going on!” Lin Mo expressed implicitly to.

His relationship with Ji Dutuo indicated a seemingly amiable one.

But privately, everyone knew that the conflict between the two sides was irreconcilable.

Two of the seven great sect masters of the Seven Deadly Sins had already died at Lin Mo’s hands.

And Ji Dutuo had again and again devised to get rid of Lin Mo under false pretences.

All this was unspoken, but everyone was clear in their hearts.

Feng Wu Huo paused in his expression and finally sighed.

“Ji Dutuo is very important to the Seven Deadly Sins!”

In the end, he expressed his meaning implicitly.

Ji Duto cannot die!

Once these words were spoken, Lin Mo instantly deduced a lot of information.

Ji Dutuo’s situation must not be optimistic at the moment.

And the few people around him were no better after this battle.

Otherwise, Feng Wu Huo would not have shown such a worried mood.

Lin Mo thought about all this and did not reply.

He just kept his head down and continued walking forward.

Behind him, Feng Wu Huo stopped with a hesitant face for a while and also continued to follow.

“Knock, knock, knock!”

The sound of the wall door rang out.

Within moments, a weak response came from inside the room.

When Lin Mo pushed open the door to the room, the first thing he saw was Ji Dutuo lying on the bed.

The truth was indeed just as Lin Mo had guessed before.

Ji Dutuo’s condition was not optimistic at the moment.

Not only did his face look pale, his breath had also become depressed.

The bandaged chest cavity was still seeping blood out.

“Brother Lin Mo, here it comes!”

Ji Dutuo seemed to have expected this, and was not the least bit surprised by Lin Mo’s arrival.

“Please sit down!”

“I am seriously injured, and it is inconvenient for me to get out of bed, so please forgive me, Brother Lin Mo.”

Ji Dutuo still had the same polite attitude as before, and although he was severely injured, the smile on his face never fell.

On the contrary, it was the white hair on the side whose face instantly turned gloomy upon seeing Lin Mo.

“Bastard, how dare you set us up!”

“I’ll make you look good today!”

If Lin Mo’s misfortune hadn’t caused the water to move, and he hadn’t used the Thousand Year Human Head Crow to intensify the conflict, they wouldn’t have ended up like this.

Perhaps because of his anger, the white hair spoke these words with a trembling expression.

Blood spilled out of the corner of his mouth instantly.

It was clear that he was no better off today.

Just as he stepped forward and prepared to trouble Lin Mo.

Ji Dutuo interrupted the white hair’s violent mood with a cough.

“It’s a fact that skill is inferior to others.”

“What’s the use of incompetent rage, not humiliating enough is it?”

“Back the hell off back off!”

Being reprimanded by him and what, the white hair could only glare at Lin Mo’s impotently, and then obediently retreated from his position.

At this moment, Ji Dutuo once again changed into his trademark smile.

“Brother Lin Mo, I’ve made you laugh .....

### **Medical Genius Unspeakable Marriage Chapter 4376**

Lin Mo did not answer after observing a round of Ji Duto and the others.

He just went to the sofa and sat down directly.

“Second Sect Master, did you guys win?”

Ji Dutuo shook his head with a bitter smile.

“That Jiang Xiu Yun’s strength has increased greatly in the past few years, and with all my cards out, I could only see a draw with him.”

“Both sides have damaged each other!”

After hearing this, Lin Mo also had a whole new understanding of Ji Duto’s strength.

Truth be told, he was clear about his own strength.

For an ordinary clan master, Lin Mo considered himself to be under no pressure whatsoever.

However, a half-step Patriarch like Jiang Xiuyun, who was infinitely close to the Saint realm, could already match the strength of the top Patriarchs of China such as Master Xue Wu.

If he did not have the Millennium Human Head Crow to supplement him, it was hard to say that he would be able to gain an advantage in Jiang Xiu Yun’s hands.

On the contrary, although Ji Dutuo was seriously injured, he listened to the meaning of his words.

It was clear that Jiang Xiu Yun was not having a good time either.

Of course Lin Mo to death a small emotion for a moment, but not so much as to presume.

After all, he was still young.

If he was given time, when he reached Ji Dutuo’s age.

Maybe take that step and break through to the Saint realm.

But at the moment, these were but the main points.

Lin Mo turned his words around and asked again.

“Second Patriarch, did that Thousand Year Human Head Crow get obtained by that Jiang Xiu Yun?”

At the mention of this matter, Ji Dutuo still had a smile on his face though.

However, Lin Mo clearly noticed that there was more than a hint of gloom in that smile.

“Brother Lin Mo, good calculation!”

Ji Dutuo returned unhurriedly.

“With such a small amount of thousand year old Human Head Crow, you have tricked our Seven Deadly Sins into fighting with the Five Poison Sect.”

In the beginning, things had developed too hastily.

Together with the fact that Lin Mo had spoken directly into Ji Dutuo’s hand as soon as they met.

This caused the latter to have no time to react at all.

Afterwards, Ji Dutuo repelled the Five Poison Sect and the others.

The thousand-year old Human Head Crow the size of a fingernail tip that he saw when he opened the wooden box, coupled with the news that the intelligence officers wore back from the Ninth District.

Only then did Ji Dutuo react.

He himself had been set up by Lin Mo from the very beginning.

First, he had made a big fuss at the Five Poison Sect to completely anger it.

Then he used the Thousand Year Human Head Crow to intensify the conflict between the Seven Deadly Sins and the Five Poison Sect.

With one loop after another, both sides ended up in a lose-lose situation under Lin Mo’s calculations.

Lin Mo laughed heartily, “Second Sect Master, the word cheat hurts.”

“Is the Thousand Year Human Head Crow really there, and now you have it in your hands, how can this be a word of deception.”

“I, Lin Mo, have been honest all my life, I have never lied to anyone!”

Anyway, the relationship between the two sides had come to this point.

Lin Mo would naturally not let go of this opportunity to rub salt into the wound.

Ji Dutuo was instantly speechless when Lin Mo said this.

If not for his good heart, at this moment Ji Dutuo would have been so angry that he would have vomited blood.

After being silent for a while, he did not intend to argue the matter with Lin Mo.

The topic was brought to the forefront.

“Brother Lin Mo, did you come here to settle the conflict?”

The word contradiction was bitten with an accent by Ji Dutuo.

All the people present were not fools, so they naturally reacted immediately.

Once these words were spoken, the atmosphere at the scene also instantly became serious.

Although Ji Duto and the others were heavily wounded, a murderous aura flowed from each and every one of them.

Lin Mo touched the Tai Ah on his waist, and then his gaze had turned to Feng Wu Huo who was beside him with a difficult face.

From the bottom of his heart, this was the best opportunity to kill Ji Dutuo right now.

But Lin Mo also knew in his heart.

Once he did so, Feng Wu Huo would never stand by and do nothing.

This could be seen from the way he stood up for Ji Duto yesterday.

Although this old man was not happy with Ji Dutuo’s style, he was not happy with the way Ji Dutuo was acting.

But as a member of the Seven Deadly Sins, it was impossible for him to watch Ji Dutuo die in front of his own people.

### **Medical Genius Unspeakable Marriage Chapter 4377**

Zone 2, Lawrence Castle.

Inside the room.

Under the serious atmosphere, everyone’s eyes were fixed dead on Lin Mo.

Every one of them was ready to make a move at any moment.

Only, among them was Feng Wu Huo, who had a difficult and torn face.

Conceptually speaking, he, who was in the Elders’ Council, and Ji Dutuo, who belonged to the Patriarchate, had reached a point where they were on opposite sides of the fence.

But from the standpoint of the same Seven Deadly Sins.

Feng Wu Huo could not stand by and watch Ji Dutuo being killed in front of him.

Under the conflict, the two fists in his sleeves had never been untied.

On one side was one of his own, and on the other side was the man he had already identified as his successor.

Under the two contradictions.

Feng Wu Huo was caught in a deep hesitation.

Fortunately, just when he was at a loss for words, Lin Mo suddenly let go of the hilt of his sword in his hand.

“Ji Dutuo you guys leave Death Island!”

With these words, the serious atmosphere of the scene was then slightly relieved.

Only at this moment, Ji Duto did not answer positively, but turned to ask a question in return.

“Brother Lin Mo, with this one statement, you are like asking us to withdraw from the competition for the Crystal Skull.”

“Isn’t that a bit high on yourself!”

They were heavily wounded though.

But if they completely let go of their hands, they wouldn’t necessarily lose.

Their own mission was to fight for the Crystal Skull on Death Island.

To want to quit on one’s own now with a single word is clearly impossible.

Lin Mo smiled and shook his head.

“Ji Dutuo, the truth is not happy with you!”

“I didn’t kill him, purely for the sake of Old Man Feng and the gift of blood from Brother Tyrannical Corpse in the first place.”

“Otherwise you would already be a corpse now.”

Now that things had developed, Lin Mo did not want to pretend to be polite in a false sense.

That is, Tyrannical Corpse and Feng Wu Huo were there.

Otherwise, he would have struck long ago!

However, when the two Nebula sisters on the side as well as White Hair heard this, their faces instantly sank.

With a shift in their positions, the three of them turned to protect Ji Duto’s front with an unkind face.

As for the tyrant corpse, there was no reaction, he was still eating the food in his hands.

As long as Ji Dutuo gave the order, he would not take any action at all.

“Then you should try!”

Yun held up the showy short sword in his hand and disliked it back with a face full of anger.

It was also at this moment that Ji Duto coughed lightly behind him.

Only then did the three men retreat to the side.

“Lin Mo, do you really have this confidence that you can take down Li us?”

Ji Dutuo asked with narrowed eyes.

Lin Mo smiled faintly, “Maybe I can’t do it alone.”

“But I also have many people behind me!”

Ji Duto frowned, “What do you mean?”

As far as he knew, Lin Mo only had the Dunhuang Sage around him, and as for that ghostly old man, Ji Dutuo didn’t even care about him.

Where were the many people that came from when counting like that.

Lin Mo said unhurriedly.

“Your intelligence officers, didn’t they tell you.”

“My master, as well as the King of the Sea East and the others, are all already arriving in our three districts?”

As soon as he opened his mouth.

Nangong Jingliu and the others would definitely help him with this small favor.

Hearing this, Ji Duto’s frown instantly deepened.

“You actually went public with the news of the Crystal Skull?”

This was the only condition he could think of for Lin Mo to be able to invite an existence like King Haidong to Death Island.

Lin Mo also had no intention of hiding it and admitted it straight away.

“The Crystal Skull, it’s of no great use to me anyway.”

“No it might as well be given to these seniors to add to my country’s strength!”

The words fell to the ground.

Ji Dutuo’s face immediately became even more ugly.

This maneuver by Lin Mo was something he had never expected.

He had to know that the patriarchs on this Island of Death had gone to great lengths to take possession of the crystal skull for themselves.

The more people knew about it, the smaller his chances would be.

No one will spread the news at all .....

**Medical Genius Unspeakable Marriage Chapter 4378**

Lin Mo's manoeuvre of inviting outside help directly caught Ji Dutuo off guard.

If the arrival of the Chinese King of the Sea East and others.

Not to mention the fact that his own group of people were all seriously injured.

Even at their full strength, the few of them alone would not be able to compete.

When Ji Dutuo thought of this, he slowly narrowed his eyes, and a strong look of resignation surfaced on his face.

"Is what you said true?"

Lin Mo was too lazy to argue and directly stood up.

"Believe it or not, it's up to you!"

"It's also your choice to leave or not!"

Ji Dutuo reluctantly pursued, "Then why didn't you invite them to come in the first place?"

If what Lin Mo said was true, there was absolutely no need to waste time and experience.

Since he didn't want the Crystal Skull himself, he could have invited Hai Dong Wang and the others to come from the very beginning.

Lin Mo shook his head, "If that's the case, won't those men in my three districts have no chance to exercise?"

When Ji Duto heard this, his expression instantly became excited.

"Your ..... purpose from the beginning was to exercise those people in the third district?"

"Actually, it's all that too." Lin Mo shrugged his shoulders.

"I also sharpened and honed myself."

His aim from start to finish was to unify Death Island.

If he hadn't promised Lan Dieyi, if he wouldn't have done so in order to help China improve its national power.

Lin Mo wouldn't have even bothered to get involved in the Crystal Skull.

Now with the Lawrence family's war, the forces in the three districts were not only united a little.

Everyone's strength, and heart, had been significantly improved.

Lin Mo's plan was also considered to have been achieved.

Now that the Crystal Skull was about to awaken it was also time to close the net.

Ji Duto heard Lin Mo's reply and could not return to his senses for a long time.

He did not expect that with all his calculations, he was completely providing Lin Mo with help.

Not only helped to sharpen Lin Mo's, but also broke the subordinates of Lin Mo's three districts.

For a moment, Ji Dou only felt like a clown.

It was always only him who counted the points of others.

Now that he had designed it together, he had completely fallen into Lin Mo's calculations.

After Lin Mo glanced at Ji Dutuo, he then turned to Feng Wuhuo who was at the side.

"Elder Feng, I'm already being kind by doing this!"

The words landed on his lips, and Feng Wu Huo was just about to say something.

Lin Mo had already walked out of the room.

Mindful of the previous tyrannical corpse contributing heart blood to save Hate Free, and mindful of Elder Feng's fistful of heart.

In the end, Lin Mo did not choose to make a move.

But the opportunity had already been given to them, if this Ji Dutuo was determined to stay here.

Then Lin Mo could only send them back to the West.

After he had left.

The room once again fell into an eerie silence.

Ji Dutuo, who was lying against the bed, also looked green and white for a while.

The anxious white hair could not help but persuade.

"Sect Leader, I'll try to never send a message."

Although the few of them were in an embarrassing state today, there were countless capable people behind the Seven Deadly Sins.

As long as the Holy Realm did not interfere.

The others fear no one!

Ji Dutuo did not say anything back, and his eyes turned directly to Feng Wuhuo's body.

"Elder Feng, what do you think?"

Feng Wu Huo shook his head, "Medical Saint Lin is not so bad as to lie about this, let's just go!"

Whether the Patriarch of China had come or not, this check would tell us.

There was no need for Lin Mo to speak at all.

Moreover, the strength of the Kingdom of China was not something that their Seven Deadly Sins could contend with.

The more involved they were when the time came.

The more the Seven Deadly Sins are involved, the more they will suffer.

When White Hair heard this, his face was in a great hurry.

“Sect Leader, it’s not that we don’t have a chance!”

“It will soon be time for the Crystal Skull to awaken, as soon as the rest of our brothers arrive at .....

Full of defiance, he was still thinking of persuasion.

But Ji Dutuo had already raised his hand and interrupted him.

“Forget it, let’s pack up .....

Ji Dutuo was perhaps struck to the heart and soul by Lin Mo.

At this moment, his eyes no longer had their usual brilliance and his expression had turned despondent.

A few people beside him wanted to go forward to comfort him, but they were directly rejected by him with a raised hand.

“No harm done!”

“All go and pack up!”

“We’ll leave tonight!”

By and large, they did not want to stay on Death Island any longer.

The time set by Ji Dutuo also seemed extraordinarily urgent.

Seeing how firm he was, the white-haired trio didn’t dare to say anything more and obediently carried out the order .....

.....

other side.

After Lin Mo returned to District 3, the first thing he did was to gather all the power lords, all of them.

“Old Qiu, the people of the Seven Deadly Sins evacuated and left shortly afterwards.”

“At that time, the subsequent takeover of District Two will be left to you to arrange!”

After this great battle between the Seven Deadly Sins and the Five Poison Sect.

The core of the Lawrence family had been wiped out by Clegg’s own hands.

As for the guards under the Lawrence family, they were also badly injured and killed by the ripples of the Patriarchal War.

In such a state, there was no longer any ability to resist.

Director Qiu's Martial Division would have no difficulty at all in taking over District 2.

"Yes, Mr. Lin!"

After receiving the order, Director Qiu did not hesitate and immediately exited the meeting and set about preparing.

"Old Wang, Old Ma, Black Rose, your job is to push across all the way towards District 13."

Lin Mo ordered once again.

District Four was now pretty much tidied up by Feng Jiu, so Old Ma and the others could just go ahead and take over completely.

As for District Five, it had been rescued by Lin Mo many times and already had a desire to belong, so there was no pressure at all to accept it now.

After Old Ma had finished reorganizing these two districts, plus the battle power of District 3 itself.

Carrying the massive war power of the three districts, there would be no pressure at all to push all the way to the thirteenth district.

Lin Mo continued to add, "As for the way, the Five Poison Sect, I'll go back to settle that."

"If the other clansmen, you don't have to worry."

"If they dare to interfere, I'll make sure they never have the chance to interfere in their lives."

The words fell to the ground, and Wang Changxing and the others naturally took the order with gusto.

In the past, they would still be afraid of the Seven Deadly Sins, the Five Poison Sects and those Hidden Patriarchs.

Nowadays, the people behind them are enough to scare their enemies by giving them their names.

There is nothing to fear!

Before the operation, Lin Mo specifically urged.

"If you can keep your hands to yourself, it's best not to do anything."

"After all, after all of them, he is going to work under your hands."

"Try to minimise conflict, is that understood?"

As long as those hidden patriarchs didn't interfere.

Ma Bangde and the others gathered the battle power of the three districts and were naturally unstoppable.

The only thing that worried Lin Mo was the issue of casualties.

"Yes, don't worry Mr. Lin, we understand!"

Ma Bangde continued to speak ahead of the others.

Lin Mo nodded, and then stood up.

“The task of unifying Death Island is in your hands!”

When Lin Mo finished saying this, the several power lords present undoubtedly did not stand up after him.

At the same time, each and every one of them had a look of excitement on their faces.

A dream that was previously out of their reach was now finally coming true.

“Vow to follow Mr. Lin to the death!”

All this was brought to them by Lin Mo.

If it wasn't for his appearance, the Third District would have been reduced to a war zone by now.

After the scene had dispersed.

Lin Mo made a point of keeping Wang Changxing and Ma Bangde behind.

“You two take more trouble.”

“If there are any usable talents in Districts 4 to 13, you must pull them into the team.”

“When the time comes, perhaps someone will be needed to run Death Island!”

Hearing these words, the two of them looked staggered, only thinking that Lin Mo was dissatisfied with them and did not intend to let them manage Death Island.

Mabundle's heart raced and he asked directly with a big grin.

“Mr. Lin, isn't Death Island to be given to us to manage from now on?”

Before he finished his question, Lin Mo kicked him straight to the ground.

“Did I do my best to train you all just to let you, to manage this crappy little island?”

Ma Bangde scratched his head with a puzzled look.

“Isn't that what it's all about?”

Lin Mo was outright furious when he heard that.

“Is that the best you can do?”

“The area under my jurisdiction is so large that you don't have dreams of going to a more open sky.”

“No good for you.”

Lin Mo shook in disappointment, and then turned towards Wang Changxing.

“Old Wang, it seems that I can’t count on Old Ma?”

“Your ability to co-ordinate operations is very good, in the future, you may have to be troubled as the chief commander of the three divisions in the Great Qu, South, and North territories of China!”

To Wang Changxing, Lin Mo didn’t have any intention of hiding anything.

Straight away, he told them his plan.

And Lin Mo was not painting a pie or anything.

After this period of contact, Lin Mo was satisfied with both Wang Changxing’s character and ability.

And he also intended to keep such a talent by his side all the time.

However, when the words fell, Wang Changxing froze in place.

“Mr. Lin, you ..... you .....

Wang Changxing stammered for half a day before he forcibly suppressed his inner madness and swallowed heavily.

“Mr. Lin, you’re not joking, are you?”

That Daqu alone was as much as ten times the size of Death Island.

Not to mention, the resources as well as the human population.

It is simply not comparable to the Island of Death.

Add to that the southern border, the northern border!

Chief of Operations for three large regions?

This was a position that he, Wang Changxing, had never dared to dream of in his life.

Lin Mo patted him on the shoulder, “Do you think I’m joking?”

“The Southern Realm needs to be taken over and reorganised, and the Northern Realm still needs to be rebuilt by us.”

“You will need to face more wars in the future, you have a lot of guts on your shoulders.”

“So take advantage of this time to train your men as soon as possible, understood?”

Wang Changxing and nodded his head nervously.

Inwardly, he was already speechless with excitement attached.

The king of the three realms, the commander-in-chief of the battle under his hand.

I’m really not dreaming, am I.

Naturally, Ma Bond, who was on the sidelines, heard the real thing.

As soon as the duo had finished speaking, he stepped forward with a hand and secured Lin Mo’s thigh.

“Mr Lin, you can’t leave me behind!”

“I, Old Ma, am conscientious, and I will have to cut through the thorns for you, Mr. Lin, in the future.”

Once compared to the three realms Lin Mo had mentioned, Ma Bangde instantly felt that the management of this Island of Death was tasteless.

If it was put in the past.

He only thought of being in this small place in the Third Realm, waiting to die.

Now that he hears of the wider sky, all he can think about is leaving this Island of Death.

To ride with Lin Mo to a wider sky.

Lin Mo gave him a look full of disgust and jokingly said.

“What’s the use of you?”

“Old Wang is good at only that, and Old Qiu is good at managing .....

Without waiting for him to finish, Ma Bangde howled straight away.

“I ..... can serve tea to Mr. Lin .....

The more he said, the softer his voice became.

“Does that count?”

Snap!

All Lin Mo would answer him with was a kick .....

.....

Into the night.

The headquarters of the Five Poisons Cult in District 9.

Jiang Xiu Yun, who was in the midst of healing, suddenly received a message.

Everyone from the Seven Deadly Sins had withdrawn from Death Island.

At first, Jiang Xiu Yun did not believe this news at all.

According to the time, the day of the Crystal Skull’s duel awakening was approaching.

At such a crucial moment, how could they, the Seven Deadly Sins, just give up?

However, after he sent more and more people to bring back the information of Ji Duto’s departure.

Only then did Jiang Xiu Yun slowly believe .....
