

Genius 4381

Medical Genius Unspeakable Marriage Chapter 4381

At this critical moment.

Ji Duto and his group had surprisingly left Death Island straight away.

This was something that Jiang Xiu Yun could not figure out even after racking his brains.

However, just as he was dying of confusion, the sound of shouting and killing suddenly came from outside the room.

“What’s going on?”

Jiang Xiu Yun questioned.

This place was his place for meditation and healing, and now that it was suddenly noisy, he was naturally extremely unhappy.

The next second, the door to the room was suddenly broken down.

A bloodstained subordinate rushed in.

“Grand Preceptor, it’s not good, that Lin Mo has killed his way in?”

After Jiang Xiu Yun heard this news, his anger rubbed off and surged straight to his brain.

Not only had Lin Mo killed his sect’s internal sect master to exterminate the Five Poisons sect branch, but he had also destroyed their Five Poisons sect’s ten years of hard work.

What’s even worse is that now more than ten of the Five Poisons Sect’s sect masters are seriously injured, but Lin Mo’s is also not to blame.

“Bastard, even if I didn’t go after him.”

“This brat, how dare he come to his door to die!”

Cursing angrily, Jiang Xiu Yun stood up straight to his feet.

Not caring about his injuries, he copied the scepter aside and walked straight out of the room.

However, when he arrived at the vestibule, both sides were even more filled with blood.

The members of the Five Poison Sect who had originally been guarding this place had all become corpses at this moment.

One must know that it was his Jiang Xiu Yun who had single-handedly brought out a team of half-step sect masters.

Now they had all been slaughtered by Lin Mo.

After Lin Mo finished killing the last person in front of him, he also noticed Jiang Xiu Yun.

Without any nonsense, Lin Mo shook off the blood on the body of his sword and pointed his blade straight up.

Jiang Xiu Yun did not expect Lin Mo to be so crisp, so without saying a word he hurriedly raised his hand to resist.

Ding!

The sword blade slashed the scepter and instantly burst into a dazzling flower fire.

After the blow, Lin Mo had no intention of stopping and swung once again going for the tai a.

Like windy sword shadows, they fell in rapid succession like raindrops.

Invisible sword qi ravaged the surroundings.

In the blink of an eye, the thick fence wall instantly collapsed.

After Jiang Xiu Yun fought to resist for a while, his face also clearly sensed that the situation was not good.

Not daring to hesitate, he retreated and hurriedly closed the distance between the two sides.

Only Lin Mo had no intention of giving her a chance to catch her breath.

With a double stomp of his feet, he immediately followed up.

The shadow of the sword reappeared.

Under the intensive attack, Jiang Xiu Yun could only bitterly resist.

And Lin Mo also noticed that his injuries seemed to be heavier than he had imagined.

Gradually, it became apparent to Lin Mo that the movements of his opponent's hands had slowed down a lot.

Taking advantage of his illness.

Lin Mo had already come here with the determination to kill.

Now that he had such a good opportunity, how could he let it go.

He pierced Jiang Xiuyun's scepter with a single strike and directly let out a light shout.

"Get up for me!"

Jiang Xiu Yun hadn't even anticipated Lin Mo's sudden power at this moment.

With a slow reaction, the scepter in his hand was directly picked up and sent flying.

Helplessly, Jiang Xiu Yun could only use both hands to parry Lin Mo's attack.

Only in the face of the sharp ta'a, Jiang Xiu Yun's body was already covered in wounds in less than ten seconds.

Both hands were even bloodier.

In his desperation, he hurriedly raised his foot and kicked Lin Mo in the chest, interrupting this to force him back.

Only the idea was good, but the reality was indeed cruel.

Lin Mo his this sudden kick, the corners of his mouth immediately revealed a contemptuous smile.

With a twist of his wrist, Tai Ah directly spun a sword splash.

In the next second, Jiang Xiuyun let out a cry of pain that tore his heart out.

Looking at his empty left leg, he was instantly alarmed.

At this moment, he finally realised that if he continued like this, he would definitely die at Lin Mo's hands.

In his panic, Jiang Xiu Yun shouted as he braced himself against the wall while raising his hand.

"Wait!"

Seeing Lin Mo stop, Jiang Xiu Yun couldn't help but sigh in relief

Medical Genius Unspeakable Marriage Chapter 4382

Lin Mo looked at Jiang Xiu Yun, who was in a miserable state in front of him, and finally this stopped the Tai Ah in his hand.

"What? Do you still have any last words to explain?"

Jiang Xiu Yun gasped for breath and asked with a frightened expression.

"What will it take for you to let me go?"

"Our Five Poison Sect has accumulated a lot of treasures over the years."

"I can give them all to you as long as you hold your hand high!"

All Lin Mo returned to him was a cold look.

"I can't!"

"After destroying your Five Poison Sect, won't all these still be mine?"

Before coming to District Nine, Lin Mo's intention would be to take advantage of the moment when these clerics of their Five Poison Sect were seriously injured.

To completely wipe them out.

Right now, it was naturally impossible to spare this Jiang Xiuyun.

"Do you choose to end your own life, or shall I help you?"

Jiang Xiu Yun's complexion instantly turned gloomy when he saw that his pleas for mercy were in vain.

"Vertical son, if I hadn't been wounded, I would have killed you like a slaughtered dog!"

"Villainous behaviour, wait until I've healed!"

This kind of provocation might work against a child.

But the person in front of him was facing Lin Mo.

When he had come to District 9 to wreak havoc before, he had already thought of everything involved behind the scenes.

Making the Seven Deadly Sins and the Five Poison Sect lose both was Lin Mo's real aim.

In this way, he could deal with these two parties with the least cost.

Lin Mo withdrew his thoughts and the corners of his mouth suddenly hooked.

"Villain?"

"Your Five Poison Sect actually already has the face to say such things?"

"Poisonous beings, no evil!"

"Even if I don't take you in, the heavens will take you in!"

Said Lin Mo with a cross of Tai Ah in his hand and a murderous spirit surging in his eyes.

"Today, I, Lin Mo, will do justice to the heavens!"

Jiang Xiu Yun knew that he could not escape from Si's death, and his expression fiercely became fierce.

"If you want to kill the old man, I won't let you have a good time either!"

The low, hoarse voice was like the hiss of a beast.

His gaze was fixed on Lin Mo with a deadly gaze, and in the next second, he directly pounced on him.

He, who was still depressed, instantly became majestic.

"Burning heart blood?"

Lin Mo laughed disdainfully, and then he pulled straight away to bully his way forward.

If this Jiang Xiu Yun had been more decisive and used this method at the beginning, Lin Mo might have been a little more scrupulous.

But right now, Jiang Xiu Yun had one leg after that, so he could not exert a few points of strength at all.

As soon as the two sides got close, Jiang Xiu Yun clasped his hands and raised his fist high.

Tiger Cannon!

The stance was so powerful that the surrounding floor was directly shattered.

Yet in the end, a leg was missing.

Movement is limited.

Lin Mo easily dodged it with a single leg location and a turn.

He then he then he slid sideways and went directly around to Jiang Xiu Yun's back.

Not good!

Jiang Xiu Yun's body was covered in cold hair.

Only that although he had reacted, his movement was greatly restricted by the broken area and one foot.

Just as he was about to dodge, the sharp ta'a was already at the back of his neck.

Poof!

Just like that tofu.

Lin Mo's sword easily struck Jiang Xiuyun's neck.

"Er er"

In an instant, Jiang Xiu Yun's gaze was lax and his eyes were dull.

As his consciousness lingered, he lifted his arm feebly.

Only before it touched Tai Ah, his movement froze in mid-air.

In the end, his face collapsed to the ground with resignation.

Thus, the Great Master of the Five Poisons Sect, perished!

Lin Mo's face did not change in the slightest after he drew back Tai Ah.

The Five Poisons Sect had killed many innocent people over the years.

Killing Jiang Xiuyun outright with this sword was completely cheap.

Glancing at the corpse on the ground, he once again shrugged off the blood on the sword's body.

And just as he was leaving, more than ten figures suddenly gathered around him.

"What kind of person dares to trespass on our Five Poison Sect!"

With an angry roar, the figures landed on the ground.

The rest of the sect masters of the Five Poisons Sect were all present

Medical Genius Unspeakable Marriage Chapter 4383

Seeing the bodies all over the place.

One of the Five Poison Sect clerics who had come forward was trying to make a ruthless statement.

Only when he saw Jiang Xiu Yun, who was also involved in the scene.

His heart trembled!

“The Grand Preceptor is dead?”

The crowd stared at each other, looking horrified at this immediate fact.

Just when they were at a loss for words, Lin Mo’s cold voice beside them thought you.

“There’s no need to rush!”

“Soon, you will be able to go underground and continue serving this Jiang Xiu Yun.”

As soon as the words left their mouths, more than ten clan masters, hurriedly backed up in an attempt to put some distance between the two sides.

It was just a pity that their reaction was not slow though.

But Lin Mo’s speed was clearly faster.

In a flash of sword light, two of them became headless corpses straight away.

When the others saw this, their pupils could not help but shrink.

What fast swordplay!

“Split up and retreat!”

No one who could cultivate to the realm of a Patriarch was stupid.

With Lin Mo’s strength, even at their full strength, they wouldn’t necessarily be his opponents.

What’s more, all of them were seriously injured.

There was no way they could fight.

The only way to stay here is to die.

With a reminder, the remaining sect masters of the Five Poisons Sect instantly became like a frightened hare.

They fled in a panic in all directions.

Lin Mo looked at the several figures and shook his head in disbelief.

If these few people worked together, it would really take a lot of effort if he wanted to solve them all.

However, right now, they were actually fleeing in a rout, completely giving themselves the opportunity to slaughter them.

As Lin Mo thought, he took out nine Xuan Iron Needles from his pocket.

“Go!”

With a soft cry, the sharp xuan-iron needles instantly acted like lightning as they headed towards the few people who were fleeing for their lives, chasing after them.

And as they noticed the abnormality, a sense of crisis rose up in their hearts.

Obviously it was already too late.

There was no ability to resist.

The nine figures didn't even have time to run far before they fell helplessly to the ground.

The only five remaining figures were scared out of their wits at the sight.

However, even though they were using all their strength to run for their lives in the distance.

But their speed was too far off compared to the speeding Xuan Needles.

A cold flash of light passed by.

The five who survived instantly and neatly stared with wide pupils.

With a face of disbelief, they fell heavily to the ground.

In a few short breaths see.

These five unbeatable sect masters had all died tragically in this place.

On the contrary, Lin Mo did have a relaxed look on his face.

Even he himself had not expected it.

To be able to settle this group of clan masters so smoothly.

Of course the main reason for this was that these ten or so Patriarchs were too greedy for life and death.

They were so intent on fleeing for their lives that they did not even notice the stealthy surprise attack of the Nine Mysterious Needles.

In addition, they had previously fought with Ji Dutuo and the others.

Not only was he badly injured, but all of his registered cards had also been consumed in the previous battle.

For a variety of reasons, it did provide Lin Mo with aspects.

Soon after finishing these few people.

Not far away, the ghostly old man also came over with a fart.

"Mr. Lin, I've finished taking care of all the half-step sect masters in their Five Poison Sect headquarters."

"If there are those left, should I"

The ghostly old man said and made a neck wiping motion.

On the contrary, Lin Mo said in direct denial.

“No need for that!”

“There are so many people in the Five Poison Sect, how long will it take for you to kill them alone?”

Said Lin Mo, pointing to the distance.

“Put the news out, and when the time comes, many people will naturally help us out.”

The ghostly old man’s eyes lit up and he nodded repeatedly.

This Five Poison Sect had done a lot of bad things and had long accumulated countless public anger.

Right now, all their high-end fighting forces were extinct.

Once this news was known to outsiders.

How could the remaining people of the Five Poison Sect have a better time.

Medical Genius Unspeakable Marriage Chapter 4384

After dealing with these people.

Lin Mo then led the ghostly man to the backyard of the headquarters of the Five Poison Sect.

“What, still want to continue hiding?”

As the voice landed, a human figure directly rushed out of the room.

“Trying to escape!”

Lin Mo laughed coldly as his body turned into a long rainbow and directly chased after him.

In less than ten seconds, Lin Mo once again returned to the backyard.

As for his feet, there was An Qingshan who was covered in blood.

“Lin Mo I have no enmity with you, why are you holding onto me?”

An Qingshan shouted with an angry face.

Lin Mo didn’t say anything, he raised his hand and ran a sword straight through his shoulder.

A hissing sound instantly rang out.

“No grievances, no hatred?”

“You’ve forgotten so quickly what you did when you chased and killed my disciple?”

At these words, An Qingshan’s face instantly panicked.

Once again, he had always thought before that he was in the Five Poisons Sect, and that Lin Mo would not stand a chance at all even if he wanted to take revenge.

Until, after the Five Poison Sect crowd clashed with the Seven Deadly Sins.

Only then did he realise the threat of his situation.

Plus, all the sect masters within the sect, including himself, were seriously injured.

So he thought of hiding, not realising that he would not wait to make his move.

Lin Mo came to his door so quickly.

When he thought of the Grand Preceptor who had died tragically, An Qingshan's expression became even more terrified.

"Lin Mo this is a misunderstanding!"

"It was me your disciple who bent himself to death, and it wasn't me who did it either."

At this moment, he could only explain in a panic.

"It's alright!"

Lin Mo's face was cold.

"Even if it wasn't you who did the killing, you would still have a hard time escaping death."

Said Lin Mo as he lifted Tai Ah once again.

Just as he was about to do so, there was a sudden hollowing out under his feet.

"Still trying to escape!"

As Lin Mo spoke, his six senses were once again turned on.

In the next second, he raised his hand and waved Tai Ah directly.

Sword Qi flashed past, and a miserable scream rang out from the corner of a wall.

After An Qingshan fell, disbelief was written all over his face.

His own means of escape had failed to have the slightest effect.

This time, Lin Mo didn't say any more nonsense about it and walked straight over with his sword.

In the midst of An Qingshan's terrified gaze, the sword light flashed past.

In the blink of an eye, all of his hand and foot tendons were snapped by Lin Mo.

"Old Ghost, take him back to District Three."

"Let Hate Free take his own revenge!"

Upon hearing this, the ghostly old man answered straight away.

With that, he lifted up An Qingshan who was half dead and would not.

After Lin Mo finished dealing with the matter of the Five Poison Sect, he left District Nine alone.

Death Island was not very big.

The news spread quickly too.

Early the next morning.

Most of the clerics on the island knew about the Seven Deadly Sins and the Poisonless Sect.

“Where did that Lin Mo get the ability to not only make the Seven Deadly Sins leave in disgrace, but even directly destroy the Five Poison Sect.”

“Hehe, this kid is just lucky.”

“Designed to let these two great powers fight in a firefight and reap the benefits himself.”

“Things can’t be that simple, that Five Poison Sect speak properly, you don’t understand the Seven Deadly Sins behind Ji Dutuo and the others?”

“Forget it, this matter is fishy, I will leave the island first.”

“After waiting for so many years, now that the day of the Crystal Skull’s awakening is near, are you willing to give up just like that?”

“What if I am not willing to do so? I have been in the jungle for so many years and I rely on the word caution.”

With no definite information, there was a continuous dark discussion.

Some people did not want to follow in the footsteps of the Five Poison Sect and quietly withdrew from Death Island.

Some, on the other hand, thought that Lin Mo was just lucky and planned to fight to the death.

For all this, Lin Mo did not know.

Of course even if he knew, he would not take it to heart.

Nowadays, with the power he had gathered, he was simply fearless of everything.

Back in District 3.

Lin Mo arrived at the back of the city alone.

Passing through the busy streets, he stopped directly outside a tavern

Medical Genius Unspeakable Marriage Chapter 4385

Just walked in the door.

The service staff greeted you warmly.

“Hello guest, how may I help you?”

Lin Mo returned directly with a glance, take me to see your boss.

When the waiter heard this, his face changed slightly, a hint of panic clearly flashed in his eyes.

“Wait a moment, I’ll pass it on immediately.”

After saying this, he hurriedly turned around and walked towards the backyard.

As he was acting in a hurry, he simply did not notice the playful smile at the corner of Lin Mo’s mouth behind him.

After the waiter brought the message.

The owner behind the restaurant, with a startled expression, hurried to his secret room.

With a fumbling operation, the hidden door in one corner of the secret room slowly opened.

When he stepped in, the concealed door then closed.

It was a perfect fit.

From the outside, nothing unusual could be detected.

Beyond the dark door, there is a long staircase.

All the way to the bottom changes to reveal that there is something else inside this basement.

Within the large grounds, all facilities are almost complete.

It is like a luxurious holiday centre.

After passing through the layers of guards, the restaurant owner finally met the God behind the curtain.

“Lord Wolf King, it’s a big deal.”

“That Lin Mo has approached us!”

No one knew that the Sea Wolf King, which all the clerics throughout Death Island had gone to great lengths to find, was hiding in this underground space.

And when the tavern owner anxiously reported this news.

The Sea Wolf King who was lying against the bath, his eyes snapped open.

“What did you say?”

“That that Lin Mo has really come?”

In his anxiety, he did not care to put on his outer clothes and directly stood up naked.

The tavern owner nodded with a serious face, “It’s a thousand percent true.”

“All of us in the restaurant have Lin Mo’s appearance engraved in our brains to death.”

“It’s impossible to be mistaken.”

When the Sea Wolf King heard this, his face was instantly gloomy.

“Is this Lin Mo a dog?”

“I’m hiding so well, and he’s even found it?”

Adhering to the philosophy that the more threatening the place is, the safer it is.

The Sea Wolf King deliberately built his secret low-level in the downtown area of District 3.

The Crystal Skull Awakening, which he originally thought he could get through in peace.

Yet what he never expected was this.

As the day of awakening approached, Lin Mo unexpectedly came to the door

After the Sea Wolf King confirmed the news that Lin Mo had found his way to his door, he immediately gave the order.

“Have someone hold Lin Mo back!”

“It looks like I need to change my hiding place again.”

The Sea Wolf King spoke ruthlessly.

However when the tavern owner received his orders and retreated.

Before the Sea Wolf King had time to prepare for action, a figure suddenly appeared in the afterglow.

“What is it?”

With an angry shout, the guards outside the door poured in.

Only before any of these people had the chance to see the faces of the intruders, they all went weak on their feet and simply passed out.

“Sea Wolf King, it’s been a long time!”

Lin Mo said with a calm expression after retrieving the silver needles.

At this moment, the Sea Wolf King also recognized Lin Mo and immediately squeezed out a smile that was worse than crying.

“Lin Mr. Lin, good to see you!”

At the same time, he was secretly cursing angrily in his heart.

Damned thing, shady spirit.

Lin Mo waved and said with disgust, “You’d better put your clothes on first!”

“It’s simply spicy.”

Sea Wolf King: “.....”

Damn it, this is my place.

I can do what I like, it's your turn to speak up as an outsider?

The Sea Wolf King cursed angrily in his heart, but his face was still full of flattery as he obediently put on his clothes.

“I don't know Mr. Lin, is there something important you want to see me about this time?”

The Sea Wolf King asked cautiously and tentatively.

Worry had already filled his heart with a sense of concern for a long time.

Medical Genius Unspeakable Marriage Chapter 4386

Inside the underground chamber.

Lin Mo looked at the Sea Wolf King who was playing dumb as his eyes narrowed and spoke cheerfully.

“Hall Master, your ability to play dumb and call yourself dumb has not changed at all.”

“Mr. Lin, I have a slow reaction in this brain of mine, I don't know what you mean by that?”

Lin Mo saw his dead pig not afraid of boiling water appearance, his eyebrows slightly wrinkled.

“Knowingly?”

When the Sea Wolf King saw Lin Mo's unfriendly expression, he couldn't help but shrink his neck in fear.

How could he not know the purpose of Lin Mo's visit here.

He was only thinking of struggling a little.

“Mr. Lin”

When he was just about to say something, Lin Mo directly raised his hand and interrupted him.

“No need for nonsense!”

“Where is Lan Dieyi, bring her here!”

The Sea Wolf King smiled heatedly and nodded his head repeatedly.

“You wait a moment, I will arrange it right away!”

With that, he gave a direct wink towards the personnel serving beside him.

After the latter understood, he hurriedly retreated.

Not long afterwards.

Lan Dieyi, who had not been seen for a long time, reappeared in front of Lin Mo's eyes.

“Yo-ho, why do you feel like you’ve even gained weight?”

Hearing this, Lan Dieyi’s original joy instantly dissipated.

Staying in a place like this, where you didn’t have to dare to do anything every day and were all entertained with good food and drink.

Could she not grow meat?

Besides, my lady, where is this luscious figure fat?

Lin Mo saw that she did not look too good, and seemed to have realised that he seemed to have said something that he should not have said.

After snorting, he walked straight forward.

“Well, here’s to keeping my promise.”

“Come on, I’m here to get you out of here today!”

Hearing this, Lan Dieyi’s face instantly showed joy.

“Really?”

Staying with the Sea Wolf King every day, although he hadn’t encountered anything that made him commit any difficulties.

But every day was also a day of fear.

The day of the Crystal Skull’s awakening was approaching, so she was even more frightened every day.

Now there is finally a chance to leave.

“How come that’s not so idle as to come here and joke with you?”

Lin Mo said with an exasperated laugh.

The reason why he hadn’t taken Lan Dieyi out earlier.

On the one hand, it was to find out the Sea Wolf King’s true form.

On the other hand, it was because one still had many things to deal with.

It was simply not possible to look after her at all times.

Compared to staying by herself, it was obviously much safer here with the Sea Wolf King.

Now that Nangong Jingliu has arrived, there is no need to have any more worries about pulling

After the Sea Wolf King heard the conversation between the two, his face instantly turned gloomy.

Seeing that Lin Mo was about to take Lan Dieyi’s away, his heart was even more furious.

“Wait a minute!”

“Lin Mo, are you really going to leave no face at all?”

Lin Mo stopped and twisted his head, smiling coldly.

“What, you have a problem with that?”

He didn't know where this Sea Wolf King got his bottom from though.

But today Lan Dieyi he had to take away.

If she stayed, there was only one way to die.

The Sea Wolf King breathed heavily over and over again, his eyes already beginning to fill with blood.

“Twenty years ago, I betrayed the organisation!”

“For the sake of the Crystal Skull, I spent so many years hiding as a rat in Death Island.”

“Today, with just one word from you, you want to take away Lan Dieyi, don't even think about it!”

At the end of his sentence, his body had started to tremble slightly.

The look on his face gradually began to become frantic.

Lin Mo faintly frowned, completely scoffing at the Sea Wolf King's words.

“Don't you find these grand excuses of yours ridiculous yourself?”

“Who killed Lan Dieyi's parents, don't you have a number in your heart?”

“Talking so nicely, it's just for that own selfishness.”

The Sea Wolf King also seemed to be going out of his way.

With red eyes, he retorted.

“And what about you?”

“What face do you have to taunt me when you're not also for the Crystal Skull?”

Medical Genius Unspeakable Marriage Chapter 4387

“We are not one of a kind!”

Lin Mo sneered.

“I won't kill my parents for my own selfish reasons.”

“I still have humanity, but you don't, and that's the fundamental difference!”

At the mention of this, Lan Dieyi on the side had begun to tremble all over.

Above her pale face, hatred leaked out everywhere.

The scene of her childhood when her parents were killed was like a movie, flashing before her eyes constantly.

“Mr. Lin Mo, can I ask you for one thing?”

Lin Mo didn't even need to wait for her to finish, his heart already knew what she wanted to say.

“Let's get out of here first!”

“He's just a split body!”

Originally, Lin Mo's intention was to wait until the Crystal Skeleton's awakening, and then draw out this Sea Wolf King's true body.

But right now, he had already thought of a better way.

“Don't worry, this Sea Wolf King won't be able to escape!”

After Lan Dieyi heard this, although she was upset, she knew that what Lin Mo said was not wrong.

Killing this Sea Wolf King's doppelganger would not serve any purpose at all.

Only just as the two of them were about to leave.

Behind them, the Sea Wolf King's eyes suddenly glowed red.

“Stop, did I tell you to leave?”

He had been groveling before, purely to preserve the Crystal Skull.

Now he saw that his twenty years of hard work in keeping it had come to naught.

He could no longer suppress his inner irritation.

Lin Mo smiled, frowned slightly and slapped his palm on the hilt of his sword.

Under repeated provocations.

He had already lost his patience.

Just when his own sword was not sharp

However just as he turned around and prepared to directly end the Sea Wolf King's doppelganger with his sword this was.

A sudden change occurred.

At an unknown time, two talismans suddenly appeared in the Sea Wolf King's hand.

Without waiting for Lin Mo to make a move, the talismans instantly burnt.

“Lin Mo, my Sea Wolf King's things are not that easy to take!”

“Since I can't get it, then no one can get it, hahaha!”

Lin Mo's face also turned ugly when he heard this ear-piercing laughter.

“You've spread the news?”

“Otherwise!”

The Sea Wolf King’s face had madness written all over it at this moment.

“Since I can’t get it, then I’ll simply destroy it!”

“Now all the patriarchs on the island will receive my message.”

“Soon they will rush over.”

This side was his final homecoming card.

This charm was originally secretly left behind when he used to serve the Seven Deadly Sins.

It was supposed to be an object for members of the Seven Deadly Sins to signal information to each other.

Now it has been used by the Sea Wolf King as a tool for spreading news about the Crystal Skull.

Lin Mo narrowed his eyes as a murderous intent surged in his gaze.

“Do you know that such a large number of Patriarchs have gathered in the three districts.”

“Once a conflict breaks out and moves.”

“All the ordinary people in District Three would be affected and die miserably with it.”

Lin Mo himself was a Zong Shi master.

He as the most aware of how terrifying the direct power of a mutual exchange of blows was after reaching this realm.

Although the number is unknown.

But Lin Mo knew that there must be not a few clan masters secretly hiding on Death Island.

Once these people broke out into battle, the entire Third District would definitely be coated with living beings.

But the Sea Wolf King was not moved at all by this.

He even had a smug, cruel smile written on his face.

“So what?”

“You only have your own to blame!”

“If you hadn’t been holding on to me, it wouldn’t have developed into such a situation.”

He said and then laughed uncontrollably.

After Lin Mo coldly deceived him with a glance, he was too lazy to engage in further nonsense with this incorrigible person.

The most important thing right now was to get Lan Dieyi out of the third district as soon as possible.

However, the sky was not as good as it should be.

Lin Mo had just left the Sea Wolf King's underground dark room.

Countless figures arrived at the back of the room.

In the blink of an eye, however, the front path was completely blocked.

Medical Genius Unspeakable Marriage Chapter 4388

Three districts, urban areas.

Lin Mo was just about to take Lan Dieyi away from this downtown area.

All around him, he was already completely blocked by the zongzi who had arrived in a hurry.

At a glance, it was roughly estimated that there were no less than thirty of them.

One must know that these were all Zong Shi masters.

It was no longer a problem for them to overthrow a nation.

And that's just the people lurking around.

The clerics from other districts are still on their way here.

All the whole scene will become even more terrifying.

Yet the residents of the three districts who came and went here obviously did not yet realise that they were already swimming on the edge of death.

Seeing this, Lin Mo's heart could not help but start to worry.

Only, although he had the heart, he was powerless.

The number of Patriarchs who had come forward was simply terrifying.

As one body cut through the sky, in just half a minute, there were more than ten more patriarchs.

All of them were staring at Lin Mo and Lan Dieyi behind him with hot eyes.

They had waited for so many years.

The Crystal Skull was finally a reality.

And according to that one piece of news they suddenly heard.

As long as someone could take down this Lan Dieyi, the secret method to transplant the Crystal Skull would also be offered with both hands.

Such a temptation, regardless of whether it was true or not, everyone present wanted to give it a try.

However, the number of Patriarchs present was too large.

Everyone was impatient, though.

But they also reckoned on the others.

No one wants to be the cicada that is preyed upon by the mantis, and at the same time the mantis that is devoured by the yellow bird.

With mutual scruples, they are wary of each other.

The whole scene fell into an eerie silence.

Patriarchs from all sides were either in the crowd, or lying against the eaves, or sitting on the stone steps.

In twos and threes, they coveted the coveted crystal skeletons, while at the same time watching others warily.

The time passed slowly in this serious atmosphere.

I don't know how much time had passed.

Finally, someone couldn't help himself.

"Can't everyone just keep waiting like this?"

With the power of the Patriarchs, the person who spoke reached the ears of all the Patriarchs present.

The crowd looked in the direction of the voice, only to see a Patriarch disguised as a beggar, shrivelled and locked in a corner.

Seeing that he had become the centre of attention in the room, this beggar Patriarch did not feel any tension.

Instead, he slowly stood up with a broken bowl in one hand and a walking stick in the other.

He continued to talk to himself.

"Who exactly is spreading the news?"

"Come forward and say something, it's going to be dark if you wait like this."

"You are not in a hurry, but I am an old beggar ready to beg for my supper."

In the face of this nonchalant joke, the expressions of the crowd did not change.

Only when the beggar revealed his palm, many people instantly recognised his identity.

"Six-fingered beggar, Cai Jun?"

"Didn't he die back then? How did he appear here?"

Such questions, of course, are obviously superfluous.

Many of those present had secretly lurked on this Island of Death under the guise of faking their deaths.

In order that they would win that one chance to step through the Saint Realm.

“I heard that this Cai Jun had already started to strike the Saint realm twenty years ago.”

As soon as these words were spoken, the few Patriarchs who were closer to Six-fingered Beggar Cai Jun’s hurriedly pulled away.

They tried to stay as far away from this terrifying expert as possible.

Twenty years ago, he had already qualified to impact the Saint realm.

Today, this Cai Jun’s strength must have reached the point of unfathomable.

To hide farther away was to be safer.

At that moment, a white man suddenly got up from the teahouse where he received the fat.

“So it is senior Cai Jun when under, junior Liang Wenjun to see senior!”

As the long voice sounded, the attention of the crowd was attracted together

Medical Genius Unspeakable Marriage Chapter 4389

With a Wakaya’s gentle voice sounded.

The crowd looked over together.

The man on the tavern was holding a silver iron fan, wearing a white shirt, and his long hair, which was even softer than a woman’s, fell over his shoulders.

Looking at his appearance, he was full of books and scrolls, just like a scholar.

Plus the beautiful cheeks.

As soon as he showed his face, the young girls passing by began to steal glances and their eyes were filled with peach blossoms.

On the other hand, the white-shirted boy walked slowly down the teahouse as if no one was watching.

“Silver Fan Gentleman, Liang Wenjun!”

“How come this genius disciple for the Silver Fan Sect has come to intervene too?”

“I heard that he is the super genius of their generation, the most promising to step through the Saint Realm.”

Cai Wenjun also seemed to have heard the whispers of a few people.

He could only see him clasping his fan with one hand and clasping his fist with the other as he said towards the crowd.

“The late generation merely wants to come and see how magical this legendary crystal skull is.”

“Don’t mind me, just think of me as a spectator!”

Naturally, no one would be naive enough to believe in such a trick to fool children.

The Crystal Skull was the equivalent of a ticket to break through to the Holy Realm.

Even if some super geniuses with unbelievable qualifications could do without it, wouldn’t the clan forces behind them?

Such an opportunity was enough to make even those old monsters who had been stuck in the Sovereign Realm for decades lose their hearts.

And how could anyone really give up.

Yet what comes to mind comes to mind.

Just as the crowd was thinking different things, a hunchbacked old woman came trembling out of the crowd.

With a dragon’s head staff in her hand, every time she nudged the ground, the weaker patriarchs felt their hearts tremble.

It was as if their hearts were in the hands of this old woman.

“Give way to me, an old man!”

Although the old woman was so old that her face was full of folds like the bark of a withered tree.

But it was able to use the patriarchal voice transmission.

This old woman’s identity must also be extraordinary.

As expected, a few of the Patriarchs were instantly shocked out of their minds when they saw this old woman.

Granny Yan Luo!

One of the ten most fierce men in the jianghu back then.

No less than twenty patriarchs had died at her hands.

Not to mention those half-step Patriarchs.

Anyone he disliked, no matter how old or young, became a victim of his staff.

Don’t look at her kind face, but she is really a killing machine that doesn’t give any reason.

When she approached slowly, all the masters made way wherever she passed, terrified.

They were afraid that this old woman might take offense and send them to their death with a single stroke.

By the time the old woman arrived in front of Cai Jun, her face slowly revealed a smile that was worse than a ghost.

“Old beggar, if you are in a hurry, you can absolutely leave first.”

“If you are missing here, I absolutely agree with both hands!”

Although the crowd did not speak, their eyes did reveal a look of approval.

There were too many monks and too little porridge, so it was naturally excellent to have one less competitor.

If these two bigwigs could do it, it would naturally be great.

The Beggar Patriarch’s cheeks were completely covered by his long, lumpy hair.

It was impossible to see his expression at the moment.

All that could be heard was his slow response.

“That does make sense!”

“There are too many people, less is indeed better!”

“Granny, you’re about the same age, so you might as well let me give you a lift.”

The words had just fallen to the ground.

Granny Yan Luo grinned, and the dragon’s head staff in her hand was also slowly lifted into mid-air by her

Zone 3, the haunted zone.

Crowds come and go.

The special way of communication at the Patriarchal level is simply unnoticeable to passers-by.

At this moment, they do not know that a catastrophe sufficient to destroy the three districts is coming.

As for the pontiffs, as more and more of the rumoured greats appeared.

Many of them have already started to beat a retreat

Medical Genius Unspeakable Marriage Chapter 4390

There is also a gap between the pontiffs.

Like the six-fingered beggar and the Yan Lo granny.

Even if five or six other masters were together, they would only be slaughtered.

But for all, and not without good news.

This six-fingered beggar and Yan Luo granny, two great fierce people, after a few words of tussling, surprisingly began to fight directly.

Clash!

With a crisp clash.

The old beggar's wanting bowl smashed heavily against Granny Yan Luo's leading staff.

The instantly split porcelain pieces flew in all directions like bullets.

Most of the inhabitants were ordinary people, and if they were hit, they would surely die on the spot.

The dozens of masters present, however, were aware of this, too.

But none of them did anything to stop them.

In their eyes, these passers-by were like insects beneath their feet, and they did not care in the slightest whether they lived or died.

Luckily, Lin Mo reacted swiftly.

He raised his hand and the dense silver needles looked like rain.

With a flash of coldness, those powerful porcelain pieces were greatly reduced to powder.

How close!

Lin Mo couldn't help but breathe a sigh of relief after he had dealt with the crisis.

Only at this moment, the feeling of worry in his heart became heavier.

There was no telling how many terrifying old demons were still hidden among these clan masters.

The more such people there were, the greater the danger to the Marrow Jade Three.

If they could not be stopped effectively, the end of the Three Districts would most likely be an outright annihilation.

"That's a subtle technique!"

"Not too young, this flying needle technique has indeed been practised to perfection."

"Unfortunately, it will soon become a corpse."

The crowd of patriarchs saw this scene and commented on it as if they were watching a big show.

In their eyes, Lin Mo was completely a lamb that was at the mercy of others.

It was only a matter of time before he died.

And the situation was indeed not bad!

Facing nearly a hundred patriarchs.

Even if Lin Mo was strong, there was no way he could possibly be able to resist.

Moreover, there was no telling how many great terrors were hidden among them that had not revealed their identities.

As for the old beggar and Yan Luo Granny who had just exchanged blows, they tacitly stopped their actions.

At the moment, they are not making a move yet, they are just creating another opportunity for the people.

The two were not stupid, how could they be willing to be that big grudge seed!

And, that key person has yet to show up.

Without the secretary of the transplanted crystal skeleton in this person's hands, even if they obtained Lan Dieyi, it would not be of much use.

As the crowd watched and watched the two great terrors stop, there was some disappointment in their hearts.

And so it was, after this sudden little ripple had subsided.

For once the scene returned to its previous silence.

The crowd watched each other warily while silently searching for the person who had spread the news.

As for Lin Mo, no one put him in their eyes at all.

Once they started fighting, he would be the first one to die.

This was what everyone thought, including the Sea Wolf King.

Feeling the dense sense of pressure from the clan masters, he also felt that the time was almost right.

So it was that he slowly stepped forward with a wry smile.

“Greetings to all the Sovereign Sovereigns, my junior Sea Wolf King!”

As soon as the three words Sea Wolf King came out.

The silent scene instantly stirred up.

Many people were even already excited to move.

Now that the crystal skeleton and the transplantation secret method were complete, it was time to make a move.

Just as someone was about to make a move.

Only to see the Sea Wolf King suddenly raise his dagger and press one against his heart.

“Seniors of the clan, please remain calm for a moment!”

He said as he glanced at Lin Mo with hatred in his eyes and spoke viciously.

“According to the previous agreement, I will only hand over the transplanted secret method to the person who is strong enough to reach the Crystal Skull!”

The words fell to the ground.

A patriarch suddenly let out a cold hum
