

Genius 4391

Medical Genius Unspeakable Marriage Chapter 4391

February 8, 2023

A hundred patriarchs gathered in the hall.

For the Sea Wolf King, a half-step Patriarch, to be in danger, there was naturally discontent in the hearts of some.

"I don't believe it, there are really people who are not afraid of death these days!"

"If you have the guts, just kill yourself one to show me."

Only after this person finished speaking, he then suddenly rushed to see countless cold rays of light aiming at him.

For a moment, this person could not help but be scared out of a cold sweat.

"Stupid, can't you see? This Sea Wolf King in front of you is just a sentence of a doppelganger."

"If he really died, would we be looking for you for this transplanted secret method?"

With so many clerics, there were naturally quite a few who had their eyes on the Sea Wolf King from the start.

It was just that none of them had been able to find his doppelganger in the past twenty years.

Grandmother Yan Luo also seemed to have lost her patience.

The cane made a point towards the ground.

The dagger in the Sea Wolf King's hand was then directly shattered into a cloud of shreds.

"Old woman I don't like to be threatened!"

With her doppelganger as her backbone, the Sea Wolf King originally wanted to put on a show and dislike her in return.

However, when he locked eyes with this Yan Luo granny.

The sweat hairs on his entire body instantly exploded.

That feeling was like being seen straight through the soul.

The Sea Wolf King, whose body was bursting with cold sweat, no longer dared to say anything more, and only kept on expressing his misunderstanding.

"I don't want to hear you dog bark!"

Granny Yan Luo warned in a cold voice.

"If you dare miss your appointment after the old woman takes this little girl I will hunt you down to the ends of the earth!"

But anyone who knew of the old woman's past knew that she was not as simple as a threat.

After all, this Yan Luo Granny had really been the one who had hunted her enemies across half the world in earlier years.

Even though the other party had taken refuge in the Holy Court, the world's most powerful organisation, they still hadn't escaped a tragic death.

This was also one of the main deeds that made this Yan Luo granny famous.

The Sea Wolf King would not dare to compare his patience with this old woman.

Although he was confident that his opponent would not be able to find where his original land was.

But it was perfectly possible to just boil him to death on this Island of Death.

For the sake of an unobtainable crystal skull, he would naturally not be so foolish as to dare to let this old woman off the hook.

"Senior Yan Luo, don't worry, junior swears to the heavens."

"If there is even a half-hearted word against my conscience, let me be damned to death!"

After the words landed on the ground, Granny Yan Luo paid no further attention to him, and then turned to look at Lin Mo.

"Ambassador Lin Zhenyue, are you planning to meekly hand this little girl over to me!"

"Or do you intend to do it yourself, old woman!"

She was just as concerned about the Martial Union behind Lin Mo and did not make a direct move.

Had it been anyone else, she wouldn't have bothered to waste the spit.

When Lin Mo saw that the centre of conflict had shifted to himself.

His eyebrows knitted together.

From his aura alone, even if he had all his cards out, there was no way he could be a match for this Yan Luo granny.

The last person he had seen with this kind of aura was Ding Daoren.

However, in front of that Daoist Ding, Lin Mo thought he would not be able to resist even one move.

However, since he had already promised Lan Dieyi, it was impossible for him to hand her over.

Thinking of this, he subconsciously tightened his grip on the hilt of his sword, and then directly drew out his Tai Ah.

Such a move had already made his attitude clear.

Seeing this, Yan Luo Granny could not help but frown slightly.

"In that case, the old body will have to take matters into its own hands!"

These words came out.

The gazes of everyone in the room also lit up.

It was natural for someone to be the one to take the lead.

Of course even if this Yan Luo Granny took Lan Dieyi straight away, they weren't worried about losing her in the slightest.

With hundreds of masters present, the battle was still to come.

When the time comes, it will be up to who can grab the crystal skull and still get away with it.

Naturally, Granny Yan Luo only fought this point.

Since she dared to be the first to take action, she naturally had that confidence.

Medical Genius Unspeakable Marriage Chapter 4392

February 8, 2023

Nowadays, the situation on the field boils down to a heart.

Yan Luo Granny was the first to choose to strike, also out of confidence in her own strength.

Although once she took down Lan Dieyi, she would definitely be attacked jointly by hundreds of other clan masters.

But as long as she was fast enough, she would be able to leave with Lan Dieyi all the same.

But then, the Crystal Skull would be in her pocket.

As for the Sea Wolf King on the side, he also revealed a grim smile at this moment.

Lin Mo I'll see if you die this time!

The whole crowd was watching.

The aura around Granny Yan Luo's body also slowly began to grow thicker.

The Sea Wolf King, who was not far away, was only a little bit affected by this aura, and his whole body directly collapsed to the ground like mud.

As for those passers-by who were closer, they were directly crushed in place.

This also showed the terrifying strength of this old woman.

Seeing someone die in front of her eyes.

Screams rang out from the streets, followed by complete panic.

People turned their heads and fled in all directions, not caring about anything else.

"What a drumbeat of insects!"

Many patriarchs located on the street, hearing the noisy screams sank their expressions, and then followed suit, releasing their patriarchal auras.

Anyone who came close to it either fainted or was directly crushed by the sect master's aura and died on the spot.

When Lin Mo saw this scene, his eyes instantly turned bloodshot.

"You beasts, how dare you slaughter people like this, are you really not afraid of the wrath of Heaven?"

It was not as if he had never killed anyone before, and there were quite a few.

But he had never killed an innocent person before.

But in front of him, whether it was this Yan Luo granny or other patriarchs, he had been so cruel to these innocent passers-by.

No humanity whatsoever!

Yet these patriarchs, hearing Lin Mo's rebuke simply did not care.

"As a mole, you should have a mole's consciousness!"

"To die at the hands of our Patriarchs, that can be their lifelong blessing!"

Lin Mo's gaze was cold as he stared at those murderers and spoke viciously.

"Your lives, I, Lin Mo, have predetermined!"

At these words, many people instantly burst out in laughter.

"Hahahaha!"

"Kid you'd better mind your own business first!"

"If I can walk out of here alive today, I'll take your surname!"

"And book our lives, come and get it if you dare!"

Not to mention that there were hundreds of Patriarchs eyeing Lin Mo right now.

Let's just say that Yan Luo Granny.

Lin Mo couldn't even survive in front of her.

How dare she shout!

"Just a jumping clown, thinking that because you have a few talents, you think you are invincible."

"Laughing my ass off, such ignorant geniuses tend to die earlier, right!"

"Wait, even if he dies at the hands of Granny Yan Luo, I will still dismember his corpse!"

"But you're overthinking it, at the hands of Granny, there's still a whole body left! Hahahaha!"

Amidst the jeers, Lin Mo didn't make a verbal retort.

He just secretly engraved the faces of these people into his mind to death.

They had slaughtered so many innocent people, yet they were still laughing so heartlessly.

These are the people that Lin Mo will kill!

Amidst the screams, most of the people still managed to escape safely from here.

Only patriarchs from all sides were left at the scene as well.

As things had come to this point, Lan Dieyi behind Lin Mo was already trembling with fear.

She was also clear in her heart.

Even if Lin Mo was strong, he could not defeat a hundred people with one.

For a moment she couldn't help but clutch Lin Mo's arm.

It seemed that this was the only way for her to gain not that slightest sense of security.

After Lin Mo felt Lan Dieyi's fearful emotions, he then twisted his cheek.

"Don't worry, what Lin Mo says he will do, he will do!"

"I will definitely take you away safely today."

Medical Genius Unspeakable Marriage Chapter 4393

February 8, 2023

Lin Mo had just finished comforting Lan Dieyi on his side.

The afterglow then suddenly spotted a black shadow coming towards his direction.

Granny Yan Luo had struck!

As Lin Mo pushed Lan Dieyi away, he immediately pulled out his Tai Ah.

Clang!

Under the deafening sound of impact, a wave ripple Qi wave spread out.

The buildings around the two collapsed under the wave.

On the contrary, the Tai Ah in Lin Mo's hand began to tremble violently at this moment.

The terrifying strange force even surged directly into his internal organs along his arm.

After retreating a dozen steps, Lin Mo's mouth and nose tasted fishy.

A large mouthful of fresh blood spurted out violently.

A mere exchange of blows was enough to determine the superiority!

Although this Yan Luo granny was old, her terrifying monstrous strength was the most Lin Mo had ever seen.

“Ambassador Zhen Yue, I’ve already shown mercy for the sake of the Martial Alliance!”

Granny Yan Luo withdrew her stance and once again stood with her dragon head staff in her hand.

“I still advise you not to be insensitive.”

Above her pale face was a pair of deep eyes that looked as if they would suck one’s soul in.

At this moment, her words were already filled with a threatening meaning.

Scorn is scorn.

If Lin Mo still intended to continue blocking.

This Yan Luo Granny would still lay down the killer she should.

On the side, the smile on the corner of the Sea Wolf King’s mouth that was watching the drama could no longer be concealed.

“Lin Mo, weren’t you just very wild?”

“Now why are you like a dog in the water!”

“Come, I, the Sea Wolf King, am standing right here, try to move me one if you have the guts.”

With that he couldn’t help but burst out laughing.

“I told you so.”

“What I, the Sea Wolf King, can’t have, you can’t have either.”

“Let you not know what’s good for you, next year’s day will be the anniversary of your death!”

The other patriarchs around them did not put Lin Mo in their eyes though.

However, this Sea Wolf King’s piercing shout, coupled with that foxy, villainous certain look, made the crowd extremely displeased.

If not for the fact that the secret of the transplanted crystal skeleton was in his hands.

If he hadn’t held the secret of transplanting the crystal skeleton in his hands, he would have lost his head a long time ago.

Lin Mo glanced at the Sea Wolf King’s mouth, his eyes filled with disdain.

After Lin Mo wiped the blood from the corner of his mouth, he coldly responded.

“Villainous, jumping clown!”

After hearing these words, the smile on the Sea Wolf King’s face also instantly froze.

Just eight words directly shattered the joy that had filled his heart completely.

In particular, that pair of disdainful gazes caused his anger to flare up.

The Sea Wolf King gritted his teeth, and the veins on his forehead instantly burst out as he viciously mocked.

“You’re a dying man, and you still dare to talk back to me!”

“Senior Yan Luo, help me get rid of this bastard!”

Hearing this sentence, the surrounding crowd of clerics couldn’t help but secretly give a thumbs up.

It was really brave!

For the first time in their lifetimes, they had seen someone who dared to give orders to this Yan Luo granny.

Only the Sea Wolf King obviously did not anticipate the foolish thing he had done.

Seeing that Granny Yan Luo was unmoved.

With a gloomy face of the Sea Wolf King, he was about to continue to urge.

It was at this moment that Granny Yan Luo suddenly turned around.

“You, teaching me to do something?”

A deep voice, like the sound coming from hell.

After the Sea Wolf King winced, this suddenly calmed him down.

“Hold apologies! The junior was in a moment of haste!”

He returned with a frightened look.

Granny Yan Luo snorted coldly, “If there is a next time, I will make your head fall to the ground.”

After saying this she did not bother with this doppelganger of the Sea Wolf King and turned to continue to stare at the grimness on Lin Mo’s face.

“Why are you still planning to stop me?”

As she spoke, the aura around Granny Yan Luo’s body once again rose wildly.

The dragon head staff even had the shadow of an ink-coloured dragon coalescing on it.

This was a killing move!

The fierce aura was so powerful that onlookers could not help but feel frightened.

Medical Genius Unspeakable Marriage Chapter 4394

February 8, 2023

Lin Mo was also secretly anxious in his heart.

The gap in strength between the two sides was too wide.

Even if he had all his cards out, he might not be a match for this old woman.

Thinking of this, he couldn't help but look at Lan Dieyi at the side.

"I seem to be breaking my trust!"

Lan Dieyi's body bones could not help but tremble when she heard this.

This had just escaped from the wolf's den, and in the blink of an eye, she was about to enter the tiger's den?

Moreover, Lin Mo, whom she had fallen in love with, was not going to die in front of her too.

And such an ending was already an expected scene for the onlooking patriarchs, and their interest was lacking.

On the other hand, the Sea Wolf King was so excited that he was about to jump up and down.

All this time at once, Lin Mo's oppression of his own that was finally coming to an end.

Along with a sharp hiss of a ferocious beast.

The black mist dragon twisted its body and fiercely lunged towards Lin Mo.

But wherever this dragon spoke, the floor on the ground and the surrounding buildings were reduced to powder.

The aura of a mountain pulling down the sea was like an apocalyptic catastrophe.

Even Cai Jun was afraid of the terrifying aura.

Even he did not dare to resist this move head-on.

Not to mention Lin Mo.

With this move, this heavenly talent of China would probably have to drink his hatred here.

This was not only the thought in the mind of the six-fingered steam beggar.

At the same time, so did all the other masters around him.

Death was a foregone conclusion!

However, when he saw that Lin Mo Lin Mo was about to be completely devoured by this black fog auger dragon immediately.

In the distance, a ghostly figure suddenly came to Lin Mo's side.

Snap!

With a crisp sound, the augur who was actually like a rainbow received a solid slap on the face.

However, under this seemingly mediocre slap, the augur dragon made of black mist instantly froze its body.

In the next second, it dissipated in this world amidst the stunned gazes of the crowd.

The sudden change of events caused everyone to freeze in place.

“This old man, what kind of person is he? With a quiet slap, he directly ranked three of Yan Luo Granny’s stunts!”

“This is too terrifying!”

“Just how many bigwigs are hidden on this Death Island!”

This this burst of awe.

Granny Yan Luo’s face instantly gloomed.

Between the flickers of her eyes, she recalled something fiercely!

“White Family Scatterer, you are Bai Lingfeng?”

Reminded by her, the other clan masters also suddenly recalled the name.

Wasn’t it this duo of brothers, Bai Lingfeng, who had come out of nowhere back then and beaten the neighbouring countries’ geniuses of the same generation to lift their heads?

These were the top geniuses of the world.

If it wasn’t for the Japanese nation’s covert intervention, I’m afraid these two brothers would have swept away the world’s geniuses of their generation.

Now that so many years have passed, to what terrifying level of strength must this Bai Lingfeng have cultivated?

For a moment, the surrounding patriarchs looked at Elder Bai with scorn in their eyes.

For his part, Bai Lao did not care about the eyes of the people around him, nor did he pay any attention to Granny Yan Luo.

After he had slapped away the black mist dragon, he turned his head and hurriedly asked.

“Disciple, how are the injuries?”

At this moment, Lin Mo also revealed a smile that was worse than crying.

“My master, didn’t I already pass on a message to you guys?”

“If you had come a little later, you would have had to send your hair in white.”

Earlier, on learning that the Sea Wolf King had sent the message, spreading it out.

Lin Mo was the first to colleague Nangong Jingliu as well as Elder Bai and the others.

But what Lin Mo did not expect was this.

It was only a small distance from the front line to the residential area, but Elder Bai had taken so long to come.

He had almost played it off himself.

Thinking about this, Lin Mo couldn't help but feel fear in his heart.

This was exactly like jumping across the edge of death repeatedly.

When Old Man Bai heard this, he too could not help but have his old face flush.

"This is mainly because we were so excited to see Mr. Gongsun Tie that we got carried away with our conversation"

Medical Genius Unspeakable Marriage Chapter 4395

February 8, 2023

Master forger Gongsun Tie is also considered to be of Elder Bai's generation.

All along, everyone has been lamenting the untimely death of Gongsun Tie.

Never would I have expected to see this long-time friend on this Island of Death.

Old Bai and Xuan Yuan Ming were so excited that they chatted with Gongsun Tie to the point of forgetting themselves.

If it wasn't for Master Xue Wu's careful heart, he would have discovered Lin Mo's transmission.

Bai Lao would really have been sent to his death in this moment.

On the other side, Granny Yan Luo saw that Lin Mo and his master and disciple did not care about themselves at all.

The blazing fire in her heart fiercely rose up.

"Bai Lingfeng, it's useless even if you step in today!"

"I'll take this Crystal Skull for sure!"

In her mind, the sudden appearance of Elder Bai must have come for the Crystal Skull.

When Old Man Bai heard this, he frowned slightly.

"I have not yet settled the matter of hurting my beloved disciple with you!"

"You're the one who's shouting first!"

"Did I not hurt you back then?"

Lin Mo's gaze flickered when he heard this.

It seemed that this fiercely famous Yan Luo Granny had also suffered a great loss under Elder Bai's scattered hands back then.

At the mention of the unpleasant past, Granny Yan Luo's anger intensified.

"Still think we are all children!"

She said with a fierce face.

"I'm not as strong today as I was in the past."

Old Bai raised an eyebrow, "How about we practice again?"

"Come on, who's afraid?"

Granny Yan Luo thought of the humiliating memory of being beaten into a pig's head by Old Man Bai back then, and being ridiculed by his companions for years.

Murderous intent rose up in her heart.

Along with the sound of the words.

The figures of Old Man Bai and this Yan Luo Granny instantly disappeared from their places.

Many people did not have time to react.

A terrifying aftershock then came towards them head-on.

Only a black and a silver figure were seen intertwining back and forth in the sky at this moment.

Seeing this powerful competitor, Yan Luo Granny, being drawn away from them.

The other patriarchs were naturally happy.

In this way, their chances of winning the Crystal Skull had increased by a few more points!

Six-fingered beggar Cai Jun also had the same thought.

After looking around, he saw that no one had stepped forward.

He then walked straight out and walked towards Lin Mo step by step.

The contemptuous look in his eyes was as if he was looking at a lamb to be slaughtered again.

"Kid, right now your master is gone!"

"I'll see who else can protect you!"

However, just before his words hit the ground, a residual shadow cut through the long sky.

"But think we have no one in China?"

The person who spoke was none other than Nangong Jingliu.

"Crap! The King of Haidong!"

As soon as he showed up, he was immediately recognised.

Compared to the others, Nangong Jingliu's fame had obviously hit much bigger.

This King of the Sea had just settled one of the ten great sea powers, Lan He, not long ago.

This moment surprisingly also appeared on top of Death Island.

After Liu Finger Beggar saw this King of the Sea East, his originally arrogant and incomparable aura instantly dissipated without a trace.

He considered himself to be very strong, but it also depended on who he was comparing himself with.

“Greetings, King of the Sea East!”

He said and then clasped his fist and bowed.

Only Nangong Jingliu didn’t even bother to pay him any attention.

His eyes turned directly to Lan Dieyi at the side.

“This little girl Lin Mo is the host of the Crystal Skeleton you mentioned, right!”

When Nangong Jingliu saw Lin Mo nod, he walked straight towards Lan Dieyi.

It looked like he was ready to take Lan Dieyi away.

Liu Finger Beggar instantly became anxious.

“Wait a minute!”

Nangong Jingliu stopped in his tracks and gave him a cold look.

“Why do you have a problem with that?”

With that mere glance, that kingly aura was on display.

The Liu-fingered beggar could not help but feel a chill in his gut after just a glance with it.

Only when the Crystal Skull was present, he suppressed his inner fear and swallowed fiercely.

Medical Genius Unspeakable Marriage Chapter 4396

February 9, 2023

“King Haidong, I admit you are strong!”

The Liu-fingered beggar put on a brave face and said.

“But there are so many of us here.”

“Even if you are strong, there is only one of you.”

The warning in his words was strong.

If Nangong Jingliu dared to take away Lan Dieyi, their group of patriarchs would never let throw him away!

All of the hundred Patriarchs took action together.

Even a Saint Realm powerhouse would have to weigh in.

However, after Nangong Jingliu heard this, the corners of his mouth were slightly hooked, his disdain showing without doubt.

“With just a few of you rotten fish and stinking shrimps?”

“Besides when did I ever say that I was only one person!”

There was no time for the crowd to react to the meaning of the words.

A few more people came from a short distance away and slowly walked up to Lin Mo’s side.

“King of the Southern Realm, Master Xue Wu!”

“The Ten Great Families of China, the old man of the Wan Family!”

“Dunhuang Sanctuary, Bone Venerable Xuan Hei Zi!”

“Southern Cloud Temple, Master Bitter Chi!”

“Cihangzhai, Yu Shu Zhen!”

.....

“My goodness, I can’t believe that even the Grand Elder of the Martial Union, Xuan Yuan Ming, has come too!”

Along with a super patriarch of great fame in the Jianghu, he showed up.

The patriarch’s around the scene could no longer remain calm and froze in place.

Any one of these people could sweep the whole world away.

Not to mention that there were so many of them present.

What’s the point of playing?

We put up a pair of threes and you just throw a fucking king bomb.

For a moment, hundreds of clerics looked at Lin Mo with disbelief in their eyes.

Originally, they were only looking at Lin Mo because he had some talent.

Who would have thought that the connections behind this would dare to be so vast as to be so terrifying.

This was a complete gathering of looking at most of the top clerics in the entire Chinese country!

On the contrary, Lin Mo, at this moment, he was also not expecting that Master Bitterness Chi and Real Yu Shu had come to Death Island as well.

“Greetings to the two seniors!”

Real Yu Shu calmly returned a smile.

At this moment, she also seemed to have seen through Lin Mo’s mind.

Without slowing down, she said.

“Poverty-stricken nun is travelling around the clouds, and I heard from my senior brother, Daoist Ding, that Master Lin Mo will have a calamity!”

Rather, Master Kuzhi did not say anything more, but merely folded his hands and made a Buddhist salute towards Lin Mo.

Lin Mo hurriedly returned the salute, not expecting that that Daoist Ding was actually the senior brother of Yu Shu Zhen.

Of course the arrival of these people at the moment instantly pulled Lin Mo’s sense of security to the brim.

Just this strong whole appearance even if the whole Seven Deadly Sins were gathered, they wouldn’t dare to speak too loudly.

After Lin Mo glanced at the six-fingered beggar, he slowly narrowed his eyes.

“Beggar, do you have any more comments?”

The six-fingered beggar looked puzzled and wanted to say something, but had a batch of goosebumps.

The original numerical advantage had disappeared without a trace at this moment.

In the end, he could only silently bow his head in the midst of Lin Mo’s powerful gaze.

“No no!”

“No still hurry up and get lost!”

Lin Mo snorted coldly.

“Waiting for me to treat you guys?”

The words fell.

Those hundreds of Patriarchs could no longer withstand the terrifying pressure.

They all turned around and flew away from the place.

They were also clan masters, but they knew very well in their hearts.

Even if they were to fight, they would just be chopped up by this group of top clan masters from China.

The Crystal Skull was tempting, but in the face of the absolute strength gap.

Obviously it was still a small life that mattered most.

Who would have thought.

Before these few minutes, none of them had seen Lin Mo in their eyes.

None of them had given Lin Miao a death sentence at the bottom of their hearts.

However, in the twinkling of an eye, they thought that Lin Mo had only said a few words and were scared into a hug.

With hundreds of clan masters all fleeing from here after.

The engagement on either side of Elder White had also ended.

After a figure smashed heavily into a large crater in the ground, Elder Bai arrived in front of the crowd without slowing down.

“Boring! It’s not as good as those two strikes before”

Medical Genius Unspeakable Marriage Chapter 4397

February 9, 2023

The battle for the Crystal Skull has finally come to an end.

Nangong Jingliu and the others had no trouble in bailing out Lan Dieyi.

As for Jade Soo and Master Bitterness, their hearts were not in it and they were ready to leave when they saw that Lin Mo was unharmed.

However, before they left, Lin Mo specifically approached True Yu Shu.

Both sides talked briefly for a while before parting from each other.

After that, Lin Mo went out for a trip.

Borrowing from the more accurate projection techniques of the Jade Soojin, he easily uncovered the Sea Wolf King.

And the solution to his Sea Wolf King had been sentenced to death by Lin Mo from the moment he did nothing more than let the news of the Crystal Skull out directly to ordinary people dead or alive in the three districts.

No matter how much the Sea Wolf King begged for mercy, he was still stabbed through the heart by Lan Dieyi.

The revenge for killing his father was thus avenged.

As for the crystal skull, it was removed from Lan Dieyi’s body unharmed under the study of a group of bigwigs.

As for the final attribution, Lin Mo did not pay any more attention to it.

At this moment, he needed to prepare for more important matters.

“Old Ghost, right now, there are no more Zongshi in the third district.”

“Old Wang, you can help take care of Old Ma and the others.”

“I’ll leave the rest of the island’s chores to you guys!”

After bidding the ghostly old man a few words, Lin Mo also turned around and left Death Island.

The boat was halfway through the journey.

Lin Mo and Feng Wu Huo also caught up.

“Haterless, you simply go to the Seven Deadly Sins with Old Master Feng!”

“I will come to you after my master has finished his personal business!”

“Be good and obedient haha!”

Although Hatedless was a little reluctant, he also knew that he could not drag Lin Mo back.

After nodding obediently, she secretly wiped a tear from her eye.

And with that, the master and disciple parted ways.

Lin Mo looked at the distant boat, and naturally, he did not want to leave his good pupil.

However, in order to let Wu Huan grow up better, he could only be ruthless.

Disciple, I will see you on high!

After gathering his thoughts, Lin Mo just headed straight to Da Qu.

Here, too, he finally met the wife he had been missing.

This day, the couple did not even take a step out of the gate.

Nothing was left to chance.

“Wife!”

Lin Mo looked at his wife in his arms, tenderness written in his eyes.

“Wait for me again!”

“It won’t be long before I can rebuild our Lin family!”

“When that happens, I’ll marry you all over again!”

Xu Hanxia blushed, her face instantly flushed red.

“What kind of a couple gets married twice, no shame!”

Lin Mo’s eyes instantly turned even hotter when he saw this delicate and shy look of his wife.

It was accompanied by a sudden cry of surprise.

The clouds and rain within the room rose again

.....

After accompanying his wife for three days, Lin Mo was once again on his way.

Parting is only for a better reunion!

After saying goodbye to his wife, Lin Mo went to several other places.

Including the Southern Realm, including the Northern Realm, and so on.

For his last stop, Lin Mo arrived at his mother's family, the Doktor Family.

This day.

The Doku family was suddenly bustling with activity.

Only Elder Doktor, after bringing Lin Mo to the secret room.

This stay would be for five days.

After Lin Mo reappeared, his aura had also changed skywards.

"Desolate child, now you have known all the past events of that year!"

Grandfather spoke at length.

"What are you going to do next, you should already have the answer in your heart!"

"You just need to remember that Grandpa will always be there for you!"

That's how simple it is between family bonds.

There are no fancy words, just a few simple words are enough.

Lin Mo's heart warmed and he nodded with a smile.

"Grandpa, Lin Mo knows!"

"Then I'll set off!"

Elder Doktor gently patted Lin Mo's shoulder.

"If it's all ready, bring the Doku family's Xuan Bing Wei over there"

"This is also what Grandfather prepared for you some years ago."

"Good!" Lin Mo agreed directly without wriggling.

After parting, Lin Mo raised his arms and shouted.

The forces that had accumulated over the years pounced on the high seas.

Medical Genius Unspeakable Marriage Chapter 4398(Finale)

February 9, 2023

Five years rushed by in the blink of an eye.

"It is said that Lin Mo fought that battle with the Xie family back then."

"It was a shocking fight!"

"Experts to the point of covering the sky and gunfire spilling down like rain."

"In that battle, that high sea, all the small islands within a hundred mile radius were completely sunk."

"The only island, that was all piled up with corpses!"

In the midst of the storyteller's graphic description, the guests on stage were also listening with great interest.

"And what happened, what happened to our King of the Three Realms?"

Faced with the urging of the patrons, the storyteller could not help but roll his eyes.

"You see, this core member of the Xie family was taken to the Peach Garden Village and was forbidden to set foot outside for the rest of his life."

"On the contrary, our King of the Three Realms is as good as gold, is there any need to ask about this ending?"

.....

At this moment, the Northern Realm Lin Family.

Within the red silk-strewn room, Lin Mo sat on the tai shi chair, allowing his sister to mischievously muss his hair.

Five years had passed in a flash.

Five years ago, the battle between him and the Xie family was too large in scope.

Plus, China was in a recuperation phase.

It was eventually broken and suspended when Xie Wenjia, the number one expert in China, stepped in.

As an amends to Lin Mo, Xie Wenjia personally promised that no one from the Xie family would ever set foot outside Taoyuan Village for generations to come.

This was the end of the matter.

In the years that followed, Lin Mo used his network of contacts and influence to carry out his revenge.

By using his position as the Ambassador of Zhen Yue, Lin Mo began to carry out a trial against the participants in the battle that destroyed Lin Mo's clan.

The Martial Alliance was originally worried that the involvement would be too great and affect the unrest in China, and was prepared to step in to coordinate.

Only later did Xuanyuan Ming, who had participated in the Crystal Skull Secret Realm, return after stepping through the Sacred Realm.

The Martial Alliance's opposition to Lin Mo's trial was instantly silenced.

And the Martial Alliance also provided many facilities for Lin Mo.

In just two years' time.

More than twenty years ago, the murderers who participated in the extermination of the Lin family were put on trial one by one by Lin Mo.

Those who were eventually hanged were hanged and those who were banished were banished.

A small part of the real China's power was completely cleansed.

At this point Lin Mo's great revenge was avenged, and Lin Mo paid tribute to his parents with great fanfare, telling them of his cold bones.

After that, he devoted himself to the task of rebuilding the Lin family.

In the meantime, Lin Mo also got the bad news.

Three years ago, Master Xue Wu did not make it through that summer.

In compliance with Master Xue Wu's wishes, Lin Mo took over the Southern Realm.

Six months ago, the Northern Realm was also completely reorganised under Lin Mo's command.

Da Qu, the Northern Realm and the Southern Realm were all brought under Lin Mo's name.

He became the youngest king of China and the first ever king of the three realms.

"Brother, brother, what are you thinking about?"

The cry of his younger sister Lin Xi intended to bring back Lin Mo's memories.

"What's wrong, I'm getting married to my sister-in-law today, I'm so excited I can't find my way!"

Hearing his sister's jibe, Lin Mo deliberately pretended to be angry and knocked her on the head.

"Naughty!"

Lin Xi also pretended to eat the pain and deflated her mouth.

"Brother, you hit me again, I'm going to tell my sister-in-law."

The little girl who was a good guest had grown up to Lin Mo's chest.

Just as the brother and sister were fighting, the sound of hurried footsteps had suddenly come from outside the door.

After the main door was violently pushed open, the anxious-looking Prince of Hai Cheng, as well as Ma Bangde and the others, barged straight in.

"I say, Boss, what are you still dawdling about?"

"The auspicious time to receive the bride is coming up soon!"

At the sound of several people's urging, Lin Mo identified with the puppet and was directly carried out of the room.

Outside the door.

The bridal party formed by the Hidden Clan's disciples of the Hidden Clan, led by Chang Lou, was already in full gear and ready to go.

"The groomsmen are here!"

Amidst a chorus of snickers, Lin Mo was pushed hard into the wedding carriage again.

The bridal party formed by hundreds of luxury cars then departed directly

The End
