### Chapter 451: I Want To Kill Someone Right Now!

“The Heavenly Palace still dares to come and find me?”

Hearing Lin Tai’s words, Ye Chen narrowed his eyes, and a strong killing intent flashed in his eyes.

“Alright, bring me there!”

..

In the living room of the Ye residence stood five old men. Each of them faintly emitted a power that could make one’s heart palpitate.

The five of them looked at the members of the Star Pavilion who were guarding around them while their faces were filled with disdain.

Ye Chen walked in quickly and sat down on the sofa. He picked up a cup of tea that his subordinate had brewed and took a sip. “When did the people of the Heavenly Palace become so polite? Are you afraid that I’ll kill you?”

Immediately, a hint of anger flashed across the faces of the five.

The gray-robed elder in the lead waved his hand and said, “Ye Chen, I’m the guardian of the Heavenly Palace, Hou Sihai. I came here today to inform you that you will be regarded as a member of the Heavenly Palace from now on. Come with us!”

“Oh, when did I become a member of the Heavenly Palace?” Ye Chen’s lips curled into a sneer.

“Ye Chen, you’ve killed more than ten people from the Heavenly Palace. Logically speaking, you should be executed. However, the Palace Master saw that you are quite capable and it would be a pity to kill you, so he specially recruited you to join the Heavenly Palace!”

Before the four others could speak, an old man beside him took a step forward and said arrogantly, “Kneel down now and accept the Hall Master’s orders!”

“You want our master to kneel down? You’re courting death!” Lin Tai flew into a rage and threw a punch at the old man with endless killing intent!

In his heart, Ye Chen was the sky and the Supreme Emperor! He absolutely would not allow anyone to blaspheme and insult him!

“Let him continue speaking!” Ye Chen waved his hand to neutralize his attack, but the mocking smile on the corner of his mouth became even more intense.

Another old man shouted, “Ye Chen, you must know that our Heavenly Palace has never recruited anyone from the outside world in the past few decades. The Hall Master only values you because you have cultivated for several lifetimes!”

“I wonder what position the Heavenly Palace is willing to give me.” Ye Chen stretched lazily and said in disdain, “if you want me to be the Hall Master, I might just consider it.”

“B\*stard!”

The few of them were furious when they heard this. The old man from before shouted, “Ye Chen, don’t think that you dare to look down on our Heavenly Palace just because you killed Shen Tiannan and Lei Feihu. To tell you the truth, the power of our Heavenly Palace is beyond your imagination.”

“I’ll give you a minute to consider. Don’t refuse the toast and just drink the forfeit!” Hou Sihai, who had not spoken all this while, said in a deep voice.

“There’s no need to consider it anymore!” Ye Chen finished the cup in one gulp and suddenly grinned. “The Heavenly Palace? What is that? Just a few trash like you dare to make me kneel? I originally planned to play a trick on you all, but I suddenly stopped thinking about it.”

A bloodthirsty look appeared in his eyes.

“I only want to kill people now!”

As soon as he finished speaking, Ye Chen dashed toward the five people of the Heavenly Palace and threw a punch at the elder closest to him.

“Oh no, retreat quickly!”

“Ye Chen, how dare you?!”

The five people felt as if they were facing a great enemy. All the hair on their bodies stood on end and they subconsciously wanted to retreat. However, Ye Chen’s punch already met its target.

Bang!

The elder closest to him exploded. He did not even have the time to scream.

“B\*stard!”

When they saw this, the remaining four people were shocked and horrified. They obviously didn’t expect Ye Chen to really dare to attack them. Moreover, he just killed one of them with a single punch.

One had to know that the five of them were all half-step martial venerables. Even if they were in the outside world, they would be able to sweep across the heavens easily. Alas, in the end, they could not even take a punch from Ye Chen!

“Run! Run quickly!”

This time, the four of them could no longer maintain their previous arrogance and calmness. Their strong desire to survive surged as they crazily ran towards the door.

In the next moment, Ye Chen’s figure was like a ghost, constantly weaving through the few of them. He was so fast that they could not even catch his shadow.

“Ahhh!”

A burst of miserable screams ensued.

One!

Two!

Three!

In the blink of an eye, countless broken limbs and pieces of flesh appeared on the ground. It was a shocking sight to behold.

“No! Don’t kill me!” Hou Sihai knelt in front of Ye Chen with a plop. His heart was filled with terror. “Ye Chen, let me go. This old man is merely following orders!”

He was truly afraid. At this moment, Ye Chen was a demon, a god of slaughter, and an Asura in his eyes!

“I won’t kill you!”

Pfft!

Ye Chen raised his hand and drew a few wind blades out to cut off his limbs. Then, he looked down at him from above. “Anyway, I still need someone who can deliver a message to Guan Shanyue. Go back and tell Guan Shanyue that if he doesn’t like me, he can come and find me anytime. I, Ye Chen, will meet him at any time!

“It’s best if you don’t go behind my back and cause trouble. Otherwise, don’t blame me for recklessly charging into your nest with my sword and chopping off his head!”

Bang!

After saying that, Ye Chen kicked the other party out and sat back on the sofa. Without even raising his head, he said, “Throw him out and clean up the scene at the same time. My family doesn’t like blood!”

“Yes, Master!” Lin Tai hurriedly did as he was told.

..

At the Heavenly Palace headquarters, Guan Shanyue sat on the armchair and looked down at Hou Sihai, who was lying on the ground with his limbs broken. His expression was terrifyingly gloomy. “No one has ever dared to reject me, Guan Shanyue. Ye Chen, you’re courting death!”

“Hall Master, kill him. You must kill him to avenge me!” Hou Sihai was wriggling on the ground crazily with his eyes full of hatred.

“Rubbish!”

Guan Shanyue raised his hand and waved it. The surrounding space suddenly pressed towards Hou Sihai. Along with an incomparably shrill scream, a pool of blood appeared on the ground.

“My injuries will recover in a few days.” Guan Shanyue did not even look at the blood stains on the ground. He turned around to look at a map on the wall and muttered, “Ye Chen, I’ve prepared a great gift for you. You’ll never know what it is!”

..

In the afternoon at Star Group, Ye Chen appeared outside the building. He raised his eyes to look at the office building that was twenty stories tall and shining under the sunlight. A smile appeared on his face. "Not bad. This is what a big company looks like."

Ever since Star Group was founded, Ye Chen had given all his shares to Su Yuhan. The company's address had long been moved. In fact, it was his first time here as the true founder.

He really wanted to know what kind of image Su Yuhan had in the company.

While he thought about this, Ye Chen smiled and walked toward the office entrance. Before he could step in, he heard a cold voice shout, "Stop!"

Then, a man in a security guard's uniform walked over with a stun baton in his hand. He said coldly, "This is the Star Group. Outsiders are not allowed to enter!"

Ye Chen pointed at himself and was a little stunned. "Me? An outsider?"

He did not expect to be blocked outside the office.

#### **Chapter 452 : I'm Here To Look For My Wife!**

"Nonsense? Don't tell me I'm just some random person!" the security guard grumbled. After sizing him up carefully, he said with an unfriendly gaze, "Are you here to look for someone or to apply for a job?"

"I'm here to look for someone!"

The security guard said, "Who are you looking for? I might be able to help you contact her."

"I'm looking for my wife," Ye Chen said with a smile.

"Your wife works here?" The security guard was immediately shocked.

One had to know that the moment Star Group was established, it almost caused an earthquake in the south of the sky. This was because Star Group was rich and had good treatment. Hence, even though the entrance requirements were high, it still caused countless business white-collar workers to gather here.

To put it bluntly, the girls here were all big and round. Whether it was their figure or looks, they were all top-notch. Almost all the beauties in the south of the sky were in Star Group.

"Yeah, my wife works here," Ye Chen said.

Although the security guard didn't believe him, he still asked, "What's your wife's name? Which department is she in? Maybe I know."

"My wife's name is Su Yuhan. She's the president of your company," Ye Chen answered truthfully.

As soon as he said that, the Security Guard was stunned at first, but then he chuckled. "Bro, do you think that's even possible given your honorable appearance and your outfit?"

Ye Chen was speechless.

"Xiao Yang, what's going on?"

At this moment, a deep voice sounded from afar. Following that, a burly man dressed in a uniform walked over.

“Captain Zhou!” The security guard hurriedly went forward and said, “Captain Zhou, this guy said that he’s here to look for his wife, so I stopped him.”

The person who had just arrived was the captain of the Security Department, Zhou Tai.

When Zhou Tai heard this, he sized Ye Chen up from head to toe. A trace of disdain flashed across his eyes, but he still asked, “What’s your wife’s name?”

“C-Captain, this guy said...”

Zhou Tai berated, “What did he say? Why are you stuttering?”

“H-he said that our P-President Su is his wife...” the security guard stuttered.

As soon as he finished speaking, Zhou Tai’s expression immediately turned cold. “Sir, your joke isn’t funny at all. I’ll give you a chance to leave quickly.”

“Your President Su is really my wife. To be precise, she’s my girlfriend.” Ye Chen touched his nose. In this day and age, no one would believe the truth.

“Get lost!” Zhou Tai suddenly flew into a rage. He pointed at Ye Chen’s nose and scolded, “Don’t think that I don’t know what you’re up to. There are hundreds of people hanging around the entrance of our office every day just like you.”

“Xiao Yang, chase him away!” He waved his hand at the end of his sentence.

If Ye Chen had said that the general manager, Ye Wen, was his wife, or that another department manager was his wife, Zhou Tai would not have been so angry. This was because he, Zhou Tai, regarded Su Yuhan, the president, as his goddess.

How could he tolerate outsiders desecrating his goddess!?

Xiao Yang stepped forward and nudged Ye Chen. “Bro, let’s go. Stop pretending. You can’t enter this door today. Don’t force me to do it.”

At this moment, a cold voice was heard, “What are you guys doing?”

Everyone looked up and saw a woman in a beige power suit and crystal high heels walking over quickly.

The moment they saw her, Xiao Yang and Zhou Tai’s expressions immediately changed.

This was because the other party was the general manager, Ye Wen. In the entire Star Group, her position was second only to the CEO’s, Su Yuhan. What made people most afraid was not her identity but her methods.

Ye Wen was known as the producer of eunuchs. There was once a company executive’s son who wanted to rape her. In the end, she had taught him a lesson and he was sent to the hospital on the spot. In the end, he was even transferred to a larger hospital abroad.

“President Ye!” Xiao Yang and Zhou Tai hurriedly called out.

Zhou Tai quickly said, "President Ye, this guy said that he was here to look for his wife, and he even said that our President Su is his wife..."

Xiao Yang could not help but close his eyes. This kid was done for!

In the entire company, President Ye respected and protected President Su the most.

"Really? Get out of the way. I want to see who has the guts to say that." Ye Wen's face was cold.

Zhou Tai hurriedly pulled Xiao Yang to the side, and a gloating smile appeared on the corner of his mouth as if he had already seen Ye Chen's tragic end.

However, when Ye Wen's gaze fell on Ye Chen, she was first stunned, then she said in disbelief, "Brother, why are you here?"

After saying that, she hugged Ye Chen on the spot.

Upon seeing this scene, Zhou Tai and Xiao Yang were instantly stunned. Their mouths were wide open, and they could not believe what was happening in front of them.

W-was this kid President Ye's brother?

After sensing Ye Wen's intimacy, Ye Chen patted her shoulder and pushed her away. "Enough now. You're already a grown woman, yet you're still so intimate with me. It's not good if outsiders see this."

Ye Wen's pretty face blushed, but she still said hatefully, "This is our company. Whoever dares to gossip will be fired immediately!"

She was both grateful and respectful towards this cousin of Ye Chen's.

After all, despite her treating him like that previously, not only did he forgive her, but he even made her the general manager of a company.

Boom!

Zhou Tai and Xiao Yang seemed to be thunderstruck.

'This is our company?!'

Ye Wen already understood the situation at the scene at this time. She immediately looked coldly at Zhou Tai and Xiao Yang before launching into a tirade, "Are you blind? This is my brother, the founder of our company and President Su's boyfriend. How dare you not let him in?!"

Plop!

Zhou Tai and Xiao Yang fell to the ground. The expressions on their faces were as excited as they could imagine.

The founder of the company!

President Su's boyfriend!

"You don't have to come tomorrow. To find the finance department and get your two months' salary, then scam!" Ye Wen said straightforwardly.

Xiao Yang looked as if he had lost his parents. "President Ye, I didn't know beforehand. Please don't fire us. I'm begging you. Please give me another chance."

"Forget it!"

Ye Wen wanted to say something more, but Ye Chen shook his head and said, "You can't blame them for this. After all, their job is to prevent outsiders from entering and leaving the office."

"Whatever you say, Bro," Ye Wen said.

"Thank you, President Ye. Thank you!" Xiao Yang and Zhou Tai said gratefully.

"Let's go!"

"Take me to see your sister's office." Ye Chen shook his head slightly. Under Ye Wen's lead, they walked into the Star Group building.

..

"You scared me to death!"

Xiao Yang wiped the cold sweat off his face and rejoiced.

He did not want to lose his current job because the salary of the security guards in other companies was at least over 3,000 yuan. However, in the Star Group, he could actually get 4,000 yuan. If all kinds of allowances were included, his take-home pay would be around 5,000 yuan.

After Zhou Tai watched the two leave, the expression on his face kept changing. Finally, he walked to a corner and took out his phone to make a call. "President Han, Su Yuhan's man has come to our company!"

### **Chapter 453: I'd Like To See Who Dared To Touch My Woman!**

In a private hospital in Tiannan, Han Ziming, whose leg was in a cast, said into the phone, "Keep an eye on him. When I get out of the hospital, I'll go and see what qualifications he has that he can attract Su Yuhan's attention."

The phone rang again as soon as he hung up. Han Ziming hurriedly picked up the call, and a dignified voice came from the phone, "Ziming, how's it going?"

"Dad, we still have to wait!" Han Ziming shook his head and said, "Su Yuhan, that b\*tch, refused to give me a chance. Otherwise, she would have gotten the formula from her company long ago."

"Hurry up, China is pressuring us!" the middle-aged man said in a deep voice, "As long as we complete this mission, my position in China will definitely rise by a lot."

After hanging up the phone, Han Ziming said to the old man who was standing guard at the side, "Uncle Zhong, arrange for a few people to confront Ye Chen. It's best if we can kill him. Remember, don't leave any traces behind."

"I understand!" Uncle Zhong left gracefully.

..

When it was almost time to get off work, the entire Star Group was in an uproar.

It was because the general manager, Ye Wen, had actually brought a strange man into the company. Moreover, the two of them were quite intimate with each other. This strange man looked ordinary, and his clothes were also ordinary. He was the kind of man who wouldn't stand out even if he was thrown into a crowd.

"This is President Ye's boyfriend?!"

"Is this a man who has conquered the maker of eunuchs?"

"Oh my God, oh my God, the goddess in my heart actually has a boyfriend! Moreover, this kid is not as handsome as I am!"

Numerous gazes were fixed on Ye Chen. There were shock, envy, jealousy, and even more disbelief in their eyes.

Ye Chen did not really care though. On the contrary, it was Ye Wen who was blushing from their strange gazes. Just as she opened her mouth to explain, a person ran over quickly.

"It's Vice President Gao!"

"I heard that Vice President Gao seems to be interested in President Ye as well. This is great. That kid is probably going to be targeted by Vice President Gao!"

Upon seeing the appearance of the Vice President of the company, Gao Hong, many people secretly laughed. This was because, in the company, everyone knew that Gao Hong actually had that kind of interest in Ye Wen. Moreover, he had taken the initiative to pursue her many times.

Unfortunately, Ye Wen did not show any emotion towards him.

However, in the next moment, everyone was so shocked that they could not close their mouths.

They saw Gao Hong walk to Ye Chen's side and he solemnly bowed. Panting, he said, "Chairman Ye, why didn't you inform me that you're here so that I could have arranged for someone to pick you up?"

Gao Hong's bowing was like that of a lackey. Those who did not know better would have thought that he was welcoming the emperor.

Everyone was stunned.

Chairman Ye?

His surname was also Ye. Was he not President Su's boyfriend?

Before they could react, Gao Hong turned around and said with a straight face, "Let me introduce you to the founder of our company, Chairman Ye. At the same time, he is President Su's boyfriend!"

There was dead silence!

The scene was dead silent!

Damn it!

What did they just hear?

The founder of the company!

President Su's boyfriend!

It was rumored that President Su not only had a boyfriend but she also had a daughter!

It seemed that this was true!

"Wow!"

Following a burst of commotion, countless heartbroken voices rang out silently in the hearts of all the male employees. Many men looked at Ye Chen with eyes full of resentment.

The female employees were the opposite. They changed the topic of their gossip from before and kept throwing glances at Ye Chen, trying to attract his attention.

After all, everyone was not stupid. They clearly understood what the words "founder of the company" meant. It meant that this company had been started by Ye Chen for Su Yuhan.

And Ye Chen was the man behind the group's beautiful CEO, Su Yuhan!

Besides being a mysterious big shot, he was also a rich husband!

For a moment, countless women's eyes were shining.

Ye Chen smiled at everyone's reaction and asked Gao Hong, "Which office is Yuhan in?"

"She's inside!" Gao Hong was excited. "Let me take you there!"

Ye Wen kicked him secretly as soon as he finished speaking. He was stunned for a moment before he realized what was happening.

Ye Chen smiled and walked to the largest office. He scanned it with his spiritual sense and saw that Su Yuhan was sitting in front of her desk, browsing through a document on the table.

She was wearing a light gray business suit today, but it could not hide her voluptuous figure. Her long and straight legs were crossed, and she wore a pair of black high heels with thin leather straps and tassels. The black and white contrast made a strong visual impact.

It screamed of focus, devotion, ability, and a strong aura!

This was something Ye Chen had never felt from Su Yuhan. In his impression, this woman was just his wife who was filial to her parents and responsible for her daughter. She was a traditional woman who was gentle and virtuous.

Unexpectedly, she actually had such a side to her. She had also proved that she was not a vase!

Ye Chen nodded to himself and then quietly walked in. When he saw the water dispenser at the side, he walked over and used a disposable cup to get some water and then placed it in front of Su Yuhan.

"Thank you!" she said without raising her head because she thought it was the secretary.

Ye Chen chuckled and walked behind her without saying anything. He put his hands on her shoulders and massaged them gently.

Su Yuhan's body stiffened. She looked up subconsciously and was stunned. "You...Why are you here?"

"I'm here to see my wife." Ye Chen continued to massage her. "My wife manages such a big company for me. If I don't come and take a look, I might think that I don't know how to be kind to women."

"Are you showing off?" Su Yuhan's lips curled into a sweet smile, but she still said, "I guess you're here to check up on me. Seeing so many outstanding male employees in the company, are you afraid that you'll be poached?"

"Xiao Yezi, knead me here too." As she said that, she twisted her neck.

"Yes, Your Highness!" Ye Chen smiled and took on the role of a masseuse. However, when he put his hand on Su Yuhan's neck, his arm suddenly stopped.

There was a black palm print on Su Yuhan's neck as if a pair of hands covered in ashes had been pressed against her skin.

"What's wrong?"

When he stopped, Su Yuhan was a little puzzled.

"Take a look at what this is." Ye Chen took a photo and showed it to her.

"What's this?" She was stunned.

Ye Chen stared at the palm print and asked in a deep voice, "Did you come into contact with any strangers today?"

"Don't tell me you suspect me of having an affair?" Su Yuhan said angrily.

"No!" Ye Chen shook his head and said with an unsightly expression, "The mark on your back is a bit special. It doesn't look like it was made by a living person."

"Not a living person?" Her face immediately turned pale.

"You didn't even appear last night. You only appeared today. Tell me, who did you meet today?"

Ye Chen took a deep breath, and a hint of brutality flashed in his eyes. "I want to see who dared to touch my woman!"

#### **Chapter 454: Someone Who Has Been Dead For More Than A Month!**

The palm print on Su Yuhan's neck was about the size of an adult's palm.

Usually, it was covered by her long hair. If she had not lifted her long hair to massage him, he would not have noticed it.

Furthermore, this palm print was emitting dense yin energy and slowly devouring her life force. If Ye Chen had discovered it too late, the consequences would have been unimaginable.

Upon thinking about this, Ye Chen's face turned extremely cold. Someone actually had their eyes on his woman. How could he not be furious?

Facing his question, Su Yuhan looked at the photo on her phone and seemed a little scared. "Ye Chen, are you sure that this thing on my neck just appeared today?"

"100% sure!" Ye Chen nodded slightly and the killing intent in his heart grew stronger. "Think about it carefully. Who did you see before I came to see you today?"

Su Yuhan took a deep breath and said thoughtfully, "I sent Mengmeng to school today, and I met those people in school before I came to the office. I didn't think there was anything special about them..."

Ye Chen frowned slightly.

"Right!" At this point, she seemed to have remembered something. "I was driving to the office when I met an old man who had a heart attack. He was lying on the roadside alone and looked like he was about to die, so I sent him to the hospital..."

"Which hospital? Take me there quickly!" Ye Chen's eyes suddenly shone with a fierce expression.

...

At the entrance of the First Affiliated Hospital of Tiannan University.

After getting out of the car, Ye Chen led Su Yuhan into the hospital quickly. At this time, there were not many people in the hospital, and the staff of the Registration Department was browsing short videos on their phones.

Su Yuhan knocked on the glass window and said, "Doctor, please check the record of an old man who was sent to the emergency room at 9:30 this morning."

"Are you his family member?" the man asked without raising his head.

"No, but..."

Su Yuhan was interrupted before she could finish, "Since you're not, you have no right to know as it's the patient's privacy."

She could not help but look at Ye Chen.

In the morning, she had left after sending the old man to the hospital. After all, there had been an important board meeting in the office, so she could not wait to know how the old man's condition was.

Ye Chen frowned slightly and used his Divine Consciousness to cover the entire hospital building. He wanted to find this person based on Su Yuhan's hint, but unexpectedly, he saw two people.

They were Old Master Gu and Gu Yingying.

"Let's go!" Ye Chen held Su Yuhan's hand and went up to the fifth floor to the room where Old Master Gu was.

Old Master Gu and Gu Yingying were chatting with a patient. When they noticed Ye Chen, they hurried out. "Mr. Ye, why are you here?"

“Old Master Gu, let’s cut the small talk out. Help me investigate someone.” Ye Chen then told them the whole story about Su Yuhan with a dark expression.

“Okay, I’ll help you investigate right away!” Old Master Gu did not dare to hesitate. He immediately went to the director of the hospital and personally gave the order. At this moment, the importance of power and status were demonstrated. That so-called privacy was uncovered in less than ten minutes.

“Mr. Ye, the other party is already dead.” The hospital director was a bald man in a white coat. His surname was Lu, and he had an apologetic smile on his face.

Ye Chen frowned. “Dead?”

“That’s right. He is indeed dead. Moreover, the other party’s family members are still demanding compensation from our hospital. They feel that our hospital has no regard for human life...” Director Lu did not know whether to laugh or to cry.

The few of them talked as they walked. When they passed by a corridor, they heard waves of arguments coming from an office.

“Quack doctor, my father was clearly fine before. Why did he suddenly have a heart attack? You have to give us an explanation today. Otherwise, I won’t let you go.”

“Mr. Xiao, don’t be agitated. Your father died before he was sent to our hospital. I’ve also shown you the autopsy report...”

“What the f\*ck? The autopsy report that you showed me said that my father had been dead for more than a month. What are you trying to do?”

The sound of someone slamming the table and knocking a stool over could be heard from inside.

Upon seeing this, Director Lu hurriedly pushed the door open and walked in. Ye Chen stood at the door and saw a young man with dyed hair grabbing a doctor’s collar and beating him up. Beside him was a woman who was dressed unusually coquettishly.

“Stop that!”

With the intervention of the security guards, the two were separated.

The young man smiled coldly. “What? Your hospital is trying to bully me because of the numbers, isn’t it? Do you believe that I’ll get 50 people to come and smash this lousy hospital of yours?”

“Mr. Xiao, your father has indeed died for more than a month, and the autopsy report we gave you was genuine. If you don’t believe us, I suggest you call the police and deal with it.” Dean Lu said kindly.

The young man was about to speak when Ye Chen, who stood at the door, suddenly said, “Bring me the autopsy report.”

Dean Lu immediately handed it to him.

Ye Chen took it and quickly skimmed through it. He looked up at Dean Lu and said, “Does it mean that this old man named Xiao Fushou has actually been dead for more than a month? And he didn’t die of a heart attack?”

“Yes, yes, yes.” Director Lu hurriedly nodded.

“Impossible!” Su Yuhan and the young man said at the same time.

“When I sent the old man to the hospital this morning, not only was he able to move, but his eyes were also open and he could speak. How could he have been dead for more than a month?” Su Yuhan looked at Director Lu in suspicion.

The hospital’s certificate made her feel that her decades of education had been insulted.

“Are you the one who sent my father to the hospital?” The young man stared at her and suddenly reached out to grab her. “My father’s death is definitely related to you. If you hadn’t sent him to the hospital, he might not have died either. You must pay!”

“Get lost!”

Ye Chen sent him flying with a slap. He looked up at Dean Lu and said, “where’s the body? Take me to see it!”

“It’s in the mortuary!”

..

In the mortuary on the fourth floor of Block B of the hospital, cold air blew everywhere.

Looking at the drawers of the refrigerators that had been pulled out one by one and feeling the frigid air, Ye Chen’s expression became even uglier. “Where’s the body?”

Dean Lu could not help but look at a thin and small old man behind him.

The old man’s face turned pale. With a face full of fear, he said, “It was clearly in here. I remember that it was only put in here for less than an hour. How could it be gone?”

“You must have destroyed the body and the evidence!” the youth from before hurriedly said.

Old Master Gu was also furious. “Go and investigate. Check all the surveillance cameras for me!”

...

Half an hour later, the hospital pulled up all the surveillance cameras and even the surveillance cameras on the street outside the hospital entrance, but they did not find any traces of any body entering or leaving.

In other words, the body had just disappeared without a trace.

Director Lu and the others were frightened half to death.

Old Master Gu took a deep breath. “Mr. Ye, do you want me to contact Lin City’s traffic control bureau and pull up all the surveillance cameras in the city so that the whole city can investigate?”

“Forget it. There’s no need to investigate!” Ye Chen left after saying this, holding Su Yuhan’s hand and leaving.

**Chapter 455: The Little Beggar Girl!**

After leaving the hospital, Ye Chen directly took out his cell phone and dialed Lin Tai's number. "Capture someone named Xiao Kai for me. The person is in the First Affiliated Hospital of Tiannan University."

Xiao Kai was the son of the deceased, the young man who had threatened to extort money from Su Yuhan.

Even through the phone, Lin Tai could still feel the killing intent and coldness in Ye Chen's voice. He quivered and agreed immediately, "Sure!"

As the car started, Su Yuhan couldn't help but ask, "Ye Chen, there's something wrong with this hospital. They've already treated a dead person, yet they insist on saying that the old man has been dead for more than a month. I think we should call the police."

"There's nothing wrong with the hospital. It's the dead person," Ye Chen said.

"What did you say?" Su Yuhan's pretty expression changed. "The dead person has a problem? Do you mean that what the hospital said is true? Has the old man really been dead for more than a month?"

At the thought of this, her face turned pale.

If the old man had really been dead for more than a month, then what had she encountered that morning?

"It's okay. Don't worry. I'm here. I'll help you deal with the mark on your neck when we get back," Ye Chen comforted her with a smile, but the fierce look on his face did not fade.

Although he did not understand the forensic autopsy method, he had smelled the aura of the corpse in the morgue just now.

Generally speaking, when a person was about to die, there would be a death aura on their body, also known as the twilight aura. When a person died, the corpse aura would only be released from their body after 24 hours. However, the old man had died less than half a day ago, and the morgue was filled with the stench of death.

This meant that the hospital was indeed not wrong. The other party had already died!

Moreover, Ye Chen had also felt the corpse aura from Xiao Kai's body, which further proved his guess. That was why he had asked Lin Tai to secretly capture Xiao Kai.

While thinking about this, the hardness on his face became even more intense.

'I don't care if you are a human or a ghost. In short, congratulations on successfully offending me!'

..

On the cold street, a little girl about five or six years old was walking with her head lowered, looking extremely lonely.

She was dressed in rags, and the shoes on her feet were of different styles, revealing two red and swollen toes.

A young, well-dressed man walked over. The little girl timidly went up to him and stretched out her dirty little hand. "Sir, give me something to eat. I haven't eaten for a few days."

"Where did this little beggar come from? Get lost!" the young man immediately covered his mouth and nose with his hand and shouted at her. After saying that, he lifted his foot and kicked her out.

The little girl directly rolled to the middle of the road.

At this time, a red Porsche drove over.

Despair filled the little girl's face immediately.

When Su Yuhan saw that the car was about to hit someone, she hurriedly said in the car, "Ye Chen, stop the car. Quickly stop the car!"

The car finally stopped when it was less than 10 centimeters away from the little girl. Su Yuhan immediately opened the door and got out to help the little girl up. She scanned her up and down, "Little girl, are you okay?"

Ye Chen also got out of the car.

"Miss, I'm fine."

The little girl was frightened and hurriedly took a few steps back. She looked at Su Yuhan's expensive and clean clothes with some trepidation.

She was afraid that she would dirty the lady's clothes because the older man earlier had thought that she was smelly and dirty. She was even more afraid that they would call her a little beggar and hit her.

Su Yuhan secretly heaved a sigh of relief. She looked around and then looked at the dirty and tattered girl. "Little girl, are you alone outside? Where is your family?"

She wanted to see if she could contact the little girl's family and send her back. After all, it was too dangerous for a child to be outside alone.

"Family?" The little girl looked at her blankly and then lowered her head to look at her open-toed shoes. She said weakly, "I, Qianqian, am alone. I've got no family. I don't know who my father or my mother is."

"Then, aren't you an orphan?" Su Yuhan blurted out subconsciously. At the end of her sentence, she realized that her words were a bit hurtful, so she hurriedly changed them, "Little girl, where do you stay? Can I send you back?"

"I don't have a home either." The little girl lowered her head even more and said with tears in her eyes, "I can't remember many things. I only remember that I've lived with Grandpa Sun before."

"Who is Grandpa Sun? Where does he live?" Su Yuhan asked.

"Grandpa Sun is Grandpa Sun." A trace of color appeared in the little girl's dull eyes. "Grandpa Sun treated me very well. He gave me steamed buns and even spent money to send me to the hospital. Later, he disappeared, and I became alone again."

After knowing that she was an orphan, Su Yuhan's eyes were slightly red. She did not have the heart to leave her alone, but she did not know how to deal with her either. She could not help but look at Ye Chen. "Ye Chen, what should we do now?"

"Why don't we call the police? They will handle it. At the very least, we can send her to the orphanage," Ye Chen said.

As soon as he finished speaking, Qianqian hurriedly took a few steps back as she looked at him with pleading eyes. "Mister, Miss, don't...don't send me to the orphanage. They don't play with me. They throw stones at me and even like to lock me up in a small dark room. I'm afraid of the dark, and I get so hungry."

"Mister, Miss, thank you. I won't trouble you anymore." After saying that, the little girl turned around and looked forlorn.

Seeing that she was about to leave, Su Yuhan hurriedly asked, "Qianqian, where are you going?"

"I don't know either."

Su Yuhan tugged at the corner of Ye Chen's shirt. "Ye Chen, how about...how about we adopt Qianqian? Qianqian is...She's so pitiful. We'll send her back when we find her parents."

She could not help but cry when she said this.

Because she was also a mother, she saw Mengmeng's shadow within Qianqian. When she saw Qianqian's lonely appearance, her heart felt like it was struggling. She could not help but think about the days when she and Ye Chen were not around when her daughter, Mengmeng, was also like Qianqian.

Ye Chen nodded and smiled. "It's up to you!"

Hearing this, Su Yuhan was so happy that she cried. She hurriedly chased after the little girl and stopped her, "Qianqian, are you willing to go back to my house with me?"

"Miss, do you have food to eat when I go home with you?"

The little girl looked hopeful but also a little scared. "Miss, will you beat me? Will you sell me to others? I remember that there was an aunt who lost in a poker game and wanted to sell me away."

At this point, she was a little confused. "I don't think it was an aunt. It was an uncle. When he was drunk, he burned me with a cigarette and it hurt a lot."

"No, I promise I won't!"

Su Yuhan's nose turned sour. She hugged her and said tearfully, "I promise I'll treat you like my own daughter until I find your parents."

"Really?" The little girl's eyes lit up. "Don't worry, Miss. I'm a good girl. I can sweep the floor, wash clothes, and cook. I don't eat much, so a steamed bun will do."

"Let's go. I'll take you back." Su Yuhan carried her back to the car.

Ye Chen was about to drive away when he heard the sudden squeal of brakes in the distance, followed by a scream.

“There’s a dead person!”

“There’s a dead person!”

“Someone has died!”

When the scream rang out, countless passersby gathered around and saw a bloody corpse under the wheels of a heavy truck. The body had a name tag.

“He rushed over by himself. He rushed over by himself. I didn’t do it on purpose...” The driver of the heavy truck was an honest man, but at this moment, he fell to the ground and was so scared that he was incoherent.

He had always been a very safe person. The light had been green just now, but a young man had rushed in front of him as if he had gone mad. The outcome was this scene.

“It’s that mister from earlier on.” Qianqian recognized him at a glance and subconsciously shrank into Su Yuhan’s arms. “I killed that mister. I killed him...”

“Qianqian, don’t talk nonsense. That man’s death has nothing to do with you.” Su Yuhan thought that she was scared, so she hurriedly carried her to turn away from the scene of the accident.

“No!” Qianqian shook her head and said, “Miss, let me go. I’m a jinx. I will kill people. That aunt lost a card game and wanted to sell me, but she was struck by lightning. A-and that uncle...he was drunk and burned me with a cigarette. The cigarette lit up the bedsheet, and he was also burned to death. There was also Grandpa Sun. He loved me very much, but he also disappeared.”

“Silly child, the aunt and uncle you mentioned did all kinds of bad things, so they were punished.”

The more she struggled, the more Su Yuhan felt sorry for her. “Your Grandpa Sun should be fine. Go back with me first. I’ll help you find him. Ye Chen, drive.”

However, the car did not move for a long time.

She could not help but look up at Ye Chen, but he kept staring at the scene of the accident, so she asked, “What’s wrong?”

“Nothing” Ye Chen took a deep look at Qianqian.

Then, he started the car and rushed home.

..

The car arrived at the door of the villa. Su Yuhan carried Qianqian down and said with a smile, “Qianqian, come in with me.”

“Miss, is this your home?” Qianqian looked at the villa in front of her timidly, looking a little reserved and unfamiliar. “Will I dirty your home?”

After saying that, she lowered her head and looked at her grubby little hands and her broken shoes.

“How can that be? I don’t think so.” Su Yuhan shook her head, not knowing whether to laugh or to cry. She took the initiative to take the girl’s hand and walked in. As they entered, she said, “I’ll give you a bath first and change you into clean clothes before eating.”

“Okay!” The little girl nodded obediently.

..

After Su Yuhan gave Qianqian a bath and changed her into a new set of clothes, Ye Chen was also slightly surprised because the little girl’s appearance and temperament were changed greatly. If she had been a little beggar before, she was now an extremely delicate and cute porcelain doll.

“Not bad, not bad!” Su Yuhan circled around her a few times and was very satisfied.

The little girl lowered her head and looked at her clothes very prudently. “Miss, did you buy this set of clothes for me?”

“No, it’s my daughter’s.” Su Yuhan smiled. “I’ve got a daughter named Mengmeng. You can wear her clothes first. I’ll buy you new ones later. By the way, Qianqian, how old are you?”

“I don’t know.” The little girl tilted his head and thought for a while. Then he shook his head and said, “I feel like I can’t remember many things.”

“You don’t remember anything?” Ye Chen was surprised.

Su Yuhan asked, “Have you been injured or sick?”

“I don’t know.” Qianqian was at a loss. “I’ll forget some people and some things every once in a while. Maybe I’ll forget Mister and Miss in the future.”

“Give me your hand to have a look.” Ye Chen held her little hand and secretly transferred some spiritual essence into her body, but he did not find any signs of injury.

“Ye Chen, how can this be? Should we send Qianqian to the hospital for a checkup?” Su Yuhan was rather worried.

“No need!” Ye Chen shook his head slightly. “There’s nothing wrong with her body. Let’s observe her for a while.”

Su Yuhan nodded and went to the kitchen to cook a big bowl of noodles and two poached eggs for the little girl.

..

When it was almost dark, Su Yuhan went to fetch Mengmeng and her parents back home. They were all stunned when they saw Qianqian who stood behind Su Yuhan in fear and looked at Mengmeng timidly. Her expression made one’s heart ache uncontrollably.

“Daddy, who is she?” Mengmeng widened her eyes and looked at Qianqian curiously.

Ye Hai seemed to have thought of something. He first looked at Su Yuhan, then at Ye Chen and said, “Xiao Chen, this child...”

“Xiao Chen, this is your fault. Yuhan did everything for you...” Wu Lan’s expression changed because she thought that Qianqian was Ye Chen’s illegitimate daughter.

Upon seeing their expressions, Ye Chen knew that they had misunderstood. He did not know whether to laugh or cry and told them what had happened.

After hearing that, the two old folks heaved a sigh of relief. Then, they looked at Qianqian with pity and sympathy.

“Your name is Qianqian, isn’t it?” Wu Lan walked over and said kindly, “You can stay in our house from now on. Grandpa and Grandma will love you very much.”

Ye Chen was speechless.

Qianqian called him and Su Yuhan “Mister” and “Miss”. In the end, though, his mother became her grandma. The seniority was messy, but he did not care anymore.

“Mengmeng, Qianqian will be your sister from now on. You mustn’t bully her,” Su Yuhan looked at her daughter and said seriously.

The little girl curled her lips downward and said unhappily, “Mommy, I’m taller than her. Why is she the big sister and I the little sister?”

On the surface, Qianqian looked much thinner than her. She must have suffered from malnutrition after wandering outside for a long time.

Mengmeng was less than five years old, but she was 1.2 meters tall. Standing together, anyone would think that Mengmeng was older than Qianqian. However, Su Yuhan thought that Qianqian was more mature and sensible than Mengmeng, so she believed that the former was older.

“Just listen to whatever I say. You don’t listen to your mother anymore, do you?” Su Yuhan immediately put on a straight face and acted as if she wanted to beat someone up.

“Whatever. I don’t want to be the older sister anyway.”

Mengmeng stuck out her tongue and walked to Qianqian. Waving her hand, she said in a domineering manner, “From now on, you will be my older sister. In this neighborhood, if anyone dares to bully you, just say my name.”

With that posture and that tone, she was just like a delinquent girl who was not brought up well.

Ye Chen was speechless.

Ye Hai had a helpless look on his face. Ever since Ye Chen returned, this girl had brought little Yang Hao to beat all the children in the neighborhood up. She had become the publicly acknowledged king of the children in the neighborhood.

Fortunately, the little girl did not hit them too hard. In addition to that, they were afraid of Ye Chen's existence, so the other child's parents didn't really care.

...

After his meal, Ye Chen received a call from Lin Tai, saying that he had already captured Xiao Kai who seemed to have confessed to a lot of things.

He then left the house after informing his family that he was going out.

...

Qianqian and Mengmeng could be considered to be completely familiar with each other. They huddled at the door and played with the Patriarch of Hell. Qianqian was originally afraid of dogs, but she could not resist the patriarch's bewitchment. She weakly reached out her hand to touch his ear.

The Patriarch of Hell immediately grinned, scaring her so much that she retreated repeatedly.

What a nuisance!

It was already enough for The Patriarch of Hell to suffer under just one little ancestor in the family, but now there was another little ancestor who wanted to touch him and mess with him.

'As the Patriarch of Hell, do I not care about my face?'

Frightened, Qianqian had tears glittering in her eyes. She timidly said, "Little doggy, you're not allowed to bite people. Otherwise, your teeth will fall out."

The Patriarch of Hell rolled his eyes.

'I've refined my teeth into a low-grade spirit tool. Biting people aside, even if I wanted to chew through steel bars, it would take me a long time to do so. How could it fall out?'

However, in the next moment, he felt a chill in his mouth as two canine teeth fell out of his mouth.

The Patriarch of Hell was instantly stunned.

### **Chapter 457: Who Are You? How Dare You Ruin My Plans?**

Late at night, Ye Chen arrived at Lin Tai's villa.

Lin Tai personally went to the door to welcome him. "Master!"

"Where's that kid?" Ye Chen raised his eyes and looked around.

"He's in the basement!" Lin Tai immediately led Ye Chen to the basement. As they went down, he said, "Master, this kid is a coward. He only suffered a little before he confessed to everything..."

According to Lin Tai, Xiao Kai's family was from a village in the eastern city. When his mother gave birth to him, she had died in childbirth, so he was brought up by his father, Xiao Fushou.

Xiao Kai did not finish junior high school and went out into society as either a thief or a pornographer. After a long time, he even formed a gang with a few friends.

Xiao Fushou was so angry that he cut off the relationship with his son. Xiao Kai was also thrilled that he did not have to go home. Just a few days ago, however, Xiao Kai suddenly received a call from his father, Xiao Fushou. The old man had said that he was about to die and was preparing to make a will, so he requested for him to go back.

In fact, the Xiao family was poor. Xiao Fushou also relied on his pension every month to live. However, Xiao Kai suspected that the old man had some savings, so he hung up the phone and went home.

In the end, when Xiao Kai returned home, Xiao Fushou did not have any money to give him. Out of desperation, he had said that he was about to die. Xiao Fushou had added that Xiao Kai might as well help him to the side of the road while he could still move to help him earn some money as part of an elaborate scam.

Xiao Kai did not have the slightest bit of filial piety. Without thinking much, he agreed to help Xiao Fushou. He took advantage of the fact that the sun had not risen in the morning to move Xiao Fushou to a blind spot by the side of the road and then left while still thinking about how much compensation he could get.

In the end, he received the news that Xiao Fushou had died in the hospital.

After hearing this, Ye Chen frowned. "In other words, Xiao Kai has always thought that his father died in the hospital?"

"That's right." Lin Tai nodded with certainty. "This kid thought that we were the thugs from the hospital that wanted him to stop talking nonsense, so he kept crying and saying that he didn't want compensation."

As they spoke, the two of them reached the basement. They saw Xiao Kai stripped naked and flailing in the air. His body was covered with all kinds of wounds. It seemed that he had been punished.

As soon as he saw him, Xiao Kai immediately moved his mouth as if he was talking. However, his mouth was blocked by a pair of smelly socks, so he could not say anything.

"Now, I'll ask you some questions. Answer them. If you dare to hide anything, you will end up like him!" After saying this, Ye Chen stomped his foot, and the ground immediately sank into a deep pit.

Upon seeing this scene, Xiao Kai's face was full of fear.

After Ye Chen pulled out the stinky socks from his mouth, he said in a deep voice, "Let me ask you, when did your father die?"

"Today...today!" Xiao Kai quivered and stuttered, "To be precise, it was at 10:30 this morning. I brought him to the roadside at around four in the morning. At that time, he was still alive."

"That means that before you brought him to the roadside to con people, he could still talk and move, right?" Ye Chen asked again.

"Yes, yes, yes. I swear, boss, please...Spare my life. I don't want money, and I promise I won't say anything."

Ye Chen interrupted him, "Let me ask you again. Before this, was there anything unusual with your father?"

"Unusual?" Xiao Kai was stunned, then he shook his head and said, "I...I don't know. I haven't been home for three or four years..."

Crack!

A whip hit him hard, making him cry. Lin Tai withdrew the whip and said, "Think about it again."

"Stop it, stop it!" Xiao Kai screamed as if he remembered something and he said hurriedly, "I remember now. When I went home yesterday, it was at night. The old man didn't turn on the lights, so I turned them on, and he hid in the dark bedroom to talk to me. He even told me not to go in. The house also stank like rotten meat.

"A-also, when I got the old man into the car, I found that his body was very cold like a popsicle..."

Ye Chen asked, "And then?"

"And then..." Xiao Kai opened his mouth and wanted to say more, but his whole body suddenly shook violently. His eyes suddenly opened wide, and many black densely-packed stripes appeared on his skin at a speed that was visible to the naked eye.

"Sh\*t!" Ye Chen's heart sank and he was about to go over when...

Bang!

With a loud bang, Xiao Kai's body exploded. In the blink of an eye, pieces of flesh appeared on the ground, and the air was filled with the smell of blood.

Lin Tai reached out and touched the blood on his face. His face was full of shock. "Master, how could this have happened?"

How could a living person suddenly explode?

At the same time, in a natural park three kilometers away from the villa, two black-robed figures were sitting on a big stone block. The black robes covered them from head to toe, only revealing two pairs of sinister eyes.

There was a fire in front of the two of them, and the light from the flames was green. One of them was sitting on the ground, holding a human femur bone in his hand and knocking on a huge skeleton in front of him.

"that Nedoyala, that Nedoyala, that Nedoyalad, that Nedoyalad..." The black-robed man raised his sleeve and waved at the fire.

Whoosh!

The fire suddenly rose by a few degrees and then exploded. The black-robed man licked his lips and smiled sinisterly, "Well, Xiao is dead now."

“Are you sure? Ye Chen isn’t an ordinary person. You must make sure that nothing goes wrong,” the other black-robed man said in a low voice.

“You still don’t believe in my strength, hmm?” The black-robed man seemed to be displeased. “I cast a spell on Xiao Kai in advance. Once he spoke about his father, the spell would be activated. Moreover, if he cast the spell here, he would’ve been killed by the corpse-crushing spell.”

At this point, he could not help but laugh coldly. “Even though Ye Chen cultivates both magic and martial arts and is known as the Undefeatable Mad Southern, he can’t bring the dead back to life, can he?”

..

“Who are you? How dare you ruin my plans?!”

The moment Xiao Kai exploded, a black light flashed in Ye Chen’s eyes. Then, he reached out his hand and grabbed the air, instantly catching a black illusory figure in his hand.

Lin Tai was so shocked that he could not speak because the face of the figure was exactly the same as the dead Xiao Kai’s.

It was Xiao Kai’s soul. There were gray runes flowing on his soul like iron chains.

“So, it’s a spell.”

Ye Chen looked at Xiao Kai’s soul as if he was peeling silk from a cocoon. He could not help but sneer, “Are you trying to silence him? Unfortunately, you’ve also successfully exposed yourselves.”

As soon as he finished speaking, he jumped out of the basement ten meters in one step, and then jumped onto a building that was twenty stories high.

Ye Chen’s expression was cold. Using his fingers, in a short period of time, he extracted all the gray runes from Xiao Kai’s soul. These runes finally condensed into a string-like object.

He played with the string with one hand and pressed on his right ear lobe with the other. His Divine Consciousness crazily enveloped the area with him as the center, and all the air within an eight-kilometer radius began to riot.

“Take the soul as a sacrifice, and use the curse as a guide!”

“Heavenly Qi and the chanting winds of ten thousand miles!”

“Heed my command!”

“Take the soul as a sacrifice, and use the curse as a guide!”

“Heavenly Qi and the chanting winds of ten thousand miles!”

“Heed my command!”

As Ye Chen's voice fell, the wind around him began to riot, spreading rapidly like the autumn wind sweeping fallen leaves. The threads on his hand also began to vibrate according to the frequency.

This was a magical ability that Ye Chen could use after breaking through to the Foundation Building realm. With the help of the surrounding wind elements and using it as a medium, he could sense any movement within an eight-kilometer radius. It was not an exaggeration to describe him as a clairaudient.

Suddenly, he sensed two cold auras.

"So, you guys are hiding here!" Ye Chen snorted coldly and leaped. In the next moment, he disappeared from the building and rushed towards the direction he sensed.

...

Within the nature park three kilometers away, the two black-robed men were just about to pack up their things and leave when they heard a loud bang as the huge skull on the ground exploded.

The black-robed man's heart skipped a beat and he subconsciously blurted out, "Sh\*t! He's discovered us!"

This skull was his magical tool. If it was destroyed, it meant that someone had broken his spell.

"Hurry! Quickly go!"

The other black-robed man's expression changed drastically.

In the next moment, a ghostly voice whispered in their ears, "I really want to know how you want to run away!"

The two froze and looked back to see a figure slowly walking towards them in the darkness.

It was Ye Chen.

He looked like a ghost in the dark night, advancing silently without a sound, and with him came a cold killing intent!

"M-Mad Southern Ye!"

At this moment, the two black-robed men's faces changed as if they were facing a great enemy.

They could not figure out how Ye Chen had found their location and came so quickly. After all, it had not even been more than two minutes since Xiao Kai died, had it?

"I'm giving you a chance now. Tell me who you are and why you want to touch my woman. Maybe I'll consider letting you die more comfortably!" Ye Chen pressed forward step by step with his hands behind his back.

"Go to hell and ask the King of Hell himself!"

A gourd suddenly appeared in the hands of one of the black-robed men. He shook the gourd and immediately, countless mournful black ghosts rushed towards Ye Chen like billowing smoke. Their speed was extremely fast as though they were horses galloping on the prairie.

“Stubborn fool!”

“Die!” Ye Chen laughed coldly and waved his hand. A bolt of lightning blade light formed in his hand. The lightning blade light cut through the black smoke and slashed towards the black-robed man.

Bang!

The black-robed man’s eyes widened. Before he could let out a scream, his entire body was cut into two by the blade light. The gourd in his hand fell to the ground.

Upon seeing this scene, the black-robed man that remained felt his scalp go numb. He was so shocked that he could not speak. “You...you...”

One had to know that the black-robed man was an emissary sent by the Cult Master. His strength was incomparably powerful. He even held the seven deadly gourd that the Cult Master had personally bestowed upon him. Yet, he was actually killed by Mad Southern Ye in a single move?

At this moment, he turned around and ran without even thinking. Ye Chen was truly more terrifying than he had imagined.

However, Ye Chen appeared in front of him in the next moment. His eyes were filled with a bloodthirsty coldness. “Now, speak your choice!”

The black-robed man’s expression turned fierce as he roared, “Long live the Cult Master!”

Ye Chen’s expression changed slightly as he hurriedly reached out to grab him. However, in the next moment, the other party’s body suddenly exploded. The situation was the same as Xiao Kai’s. His body had been cursed.

However, compared to Xiao Kai, the other party was clearly the one who initiated the spell. He would rather die than reveal anything to Ye Chen.

“I was careless!”

Ye Chen’s expression was somewhat self-reproachful. He should have directly used the Soul Searching Tactic on the other party just now.

1

However, his gaze fell on a wooden token under his feet, so he picked it up and took a look. He discovered that the wooden token was the size of his palm. Its entire form was made of locust wood, and there were many malicious ghosts carved on it. The most obvious word in the middle was a large “ghost” character.

“Is this an identity wooden plate?”

Ye Chen frowned slightly. Then, he walked to the corpse of the black-robed man, who had been cut into two by his saber, where he also found another wooden plate. The two pieces were almost identical. The only difference was that the color was different. One was black iron while the other was bronze.

He picked up the gourd again and found that it was quite heavy. It weighed at least 20 kilograms and was filled with countless ghosts and yin qi.

“It seems that this is an organization. But who is the Cult Master that the other party mentioned?” Ye Chen’s expression changed a few times, but in the end, he shook his head and left.

...

At the same time, in the depths of Yaoshan, a castle stood in the mountains like a ferocious beast. At this moment, countless black-robed men were kneeling in front of a ferocious stone statue in the main hall of the castle, and they were mumbling in all kinds of unclear voices.

Roar!

An extremely furious roar suddenly came from the depths of the hall, shaking many people to death on the spot. Then, many ghosts floated out from their corpses, only to be devoured by the huge ferocious stone statue.

Countless people were shocked and they knelt even more fearfully.

The Cult Master was furious!

A man wearing a ghost mask walked out. He peered up at an old man standing at the side of the hall and said, “Elder Black, the Cult Master invites you!”

The old man was dressed in white, but he wore a black mask on his face. He looked extremely terrifying. He nodded and followed the old man into a stone room. A black silhouette sat upright on top of the stone room, but due to the screen blocking his view, his face could not be seen clearly.

However, the moment the old man in white entered, he felt as if he was being targeted by a poisonous snake. He could not help but lower his head and bow. “I, Fleeting Black, greet you, Cult Master!”

“The person I sent out has died. Elder Black, go to Tiannan personally and bring Mad Southern Ye’s woman to me.”

The black shadow behind the screen spoke. His voice was very deep, like the sound of a dying person pulling a bellows.

The white-robed elder frowned and said, “Cult Master, Mad Southern Ye just killed Shen Tiannan. Rumor has it that he has divine powers. This person is not to be trifled with. Why should our Ghost Witch Cult have a death grudge with him for the sake of the Heavenly Palace?”

“The more Guan Shanyue wants to use me, the clearer I am about things.” The black shadow smiled arrogantly and seemed to be disdainful. “The ghost ship is about to appear. You should go. Mad Southern Ye’s woman is very important to me, and I must capture her at all costs!”

...

At this moment, Ye Chen had already returned home. The moment he entered the door, he found Mengmeng and Qianqian playing with the Patriarch of Hell with their heads lowered.

All the hair on the Patriarch of Hell’s body exploded. He lay on the ground trembling, not daring to move at all, as if he had experienced something terrifying.

Before Ye Chen could react, the Patriarch of Hell's voice rang in his mind, "Fellow Ye, help! I've encountered a ghost!"

#### **Chapter 459: The Body Of All Evil, The Daughter Of Nine Generations Of Resentment!**

"Fellow Ye, save me! I've encountered a ghost!" The Patriarch of Hell's voice was incomparably terrified.

"What's going on?" Ye Chen glanced at him and saw him trembling, so he was truly curious. This was the first time he had seen the patriarch like this.

"Fellow Ye, where on earth did you get such a little monster? You're already a monster. This girl is even more monstrous than you are. Ahh, my teeth!" the Patriarch of Hell wailed in grief and then told him everything that had happened when Ye Chen was not around.

It turned out that previously when Qianqian had wanted to touch the patriarch, he did not let her and even bared her teeth at her. Qianqian then said, "Little doggy, you can't bite people, or else, your teeth will fall out."

Those were originally a child's words to protect herself, but the patriarch's teeth had actually fallen out.

One had to know that his teeth were comparable to low-grade spiritual tools and were extremely hard. Even if it bit steel bars, his teeth would just feel a crunch and would not be hurt at all. However, they had fallen out because of Qianqian's words.

After that, the Patriarch of Hell thought that Qianqian was an expert who had plotted against him. In his fury, he used a trace of magic power to attack Qianqian. However, before the patriarch could touch Qianqian, he was possessed by the devil.

After the Patriarch of Hell recovered with great difficulty, he was scared to death on the spot.

His strength was only slightly weaker than Ye Chen's. In the whole of China, there were only a few people who could pose a threat to him. In the end, though, he was repeatedly defeated by a little girl.

From the beginning to the end, this little girl had a timid look on her face.

After hearing this, Ye Chen could not help but look at Qianqian beside him with a hint of solemnity in his eyes.

"Mister, I'm sorry. I didn't do it on purpose..." Afraid of being scolded, Qianqian lowered her head timidly with tears in her eyes, seeming very pitiful.

"Qianqian, give me your hand. Let me take a look at it again." Ye Chen smiled gently and held her little hand. He checked it again, but he still did not sense any trace of Qianqian's cultivation from the beginning to the end.

He was sure that Qianqian was only an ordinary person! How could an ordinary person hurt the patriarch?

How strange!

He frowned.

Could it be a curse?

That was not right. A curse could only be performed with a cultivation base!

“Alright, it’s alright. It’s getting late. You should go to bed with Mengmeng!” Ye Chen let go of her and touched her pitiful little face.

“Mister, rest early.” Qianqian nodded obediently and followed Mengmeng to the bathroom to wash her hands.

The moment she turned around, Ye Chen used his fingers like they were a knife and slashed her back.

Boom!

At that moment, Ye Chen felt the qi and blood in his body go berserk like a volcano erupting. The spiritual power was destroying his dantian crazily.

He could not help but grunt and quickly withdrew his attack. He quickly suppressed the violent qi, blood, and spiritual energy in his body, and his face flushed red.

He took another look and saw that Mengmeng lead Qianqian into the bathroom. She did not notice his small movements at all, and there was not the slightest fluctuation of cultivation on her body.

He could not help but take a look at the Patriarch of Hell by his side, and his heart was stirred up by a storm. Just now, he had almost gone mad!

“Fellow Ye, I’m not lying to you, am I?”

The Patriarch of Hell saw everything that had happened earlier, and he became even more terrified.

“This little girl is very strange. I suggest you send her away quickly. With her at home, I can’t sleep or eat in peace.”

“That’s not right!” Ye Chen suddenly shook his head.

“What’s not right?” The Patriarch of Hell was puzzled.

Ye Chen looked up at him with a solemn expression. “Have you noticed that we only have this kind of change when we are hostile towards Qianqian?”

“I think so!”

The Patriarch of Hell nodded thoughtfully. The first time was also because Qianqian had wanted to touch him. He wanted to bite Qianqian, then his teeth fell out. The second time was exactly the same as Ye Chen’s situation. It was also because he had been hostile towards Qianqian.

Then, he looked in the direction of the bathroom with a suspicious look. “Fellow Ye, what do you think this little girl is? A human? A ghost? A demon? The devil? Or an immortal?”

“She’s human!” Ye Chen said with certainty because Qianqian was also hungry and needed to eat. Among the six paths of the three realms, only humans could not abstain from eating. Moreover, if she was not human, he would have noticed it.

He thought about it and suddenly recalled the day when he and Su Yuhan had met Qianqian on the street. At that time, Qianqian was begging a young man who had kicked her. After that, that young man was run over by a car and killed on the spot!

“Could she be...?”

Ye Chen narrowed his eyes and hurriedly dialed Lin Tai’s number. “Check a person for me. To be precise, it’s a little girl. Check her past, including her identity.”

After hanging up the phone, he walked to the bathroom and saw that the two little kiddos were washing their faces. He could not help but smile and said, “Come, I’ll take a picture of you two.”

“Daddy, I’m washing my face.” Mengmeng rolled her eyes at him.

Click!

Ye Chen quickly took a picture and sent it to Lin Tai.

Lin Tai was very fast at handling things. When the two little kids had just returned to their room, Ye Chen received a call from him. “Master, the little girl in the picture is called Qianqian. She appeared in the south half a year ago as an orphan. At that time, an old man brought her along. Later, he disappeared, leaving the little girl alone. The little girl wandered the streets every day and was bullied a lot, but...”

“But what?” Ye Chen frowned.

Lin Tai swallowed a mouthful of saliva. “I found out that some of the people who bullied her died tragically after the incident, and some also had accidents. In particular, there was a woman and a young man who adopted this little girl. These two people didn’t treat her well, and they often beat, scolded, and tortured her. A month later, one of them was killed by lightning while the other was burned to death.

“The strangest thing is that this little girl lived in the same house as the young man who was burned to death. The fire burned everything, but this little girl was fine.”

As he said this, his voice trembled slightly. “Also, I heard that this girl was once controlled by a human trafficking organization. In the end, dozens of people from this organization died mysteriously overnight. It was quite a huge matter at that time, and the cause of death has yet to be found until now...”

Although Ye Chen did not turn on the speaker, the Patriarch of Hell heard every word Lin Tai said.

In the next moment, all the hair on his body stood on end as if he remembered something. “Fellow Ye, I know. This little girl has the body of Ten Thousand Evils!”

“The body of Ten Thousand Evils?” Ye Chen was surprised.

“That’s right!” the Patriarch of Hell said, convinced, “The so-called body of Ten Thousand Evils is a kind of constitution that only appears once every ten thousand years. This kind of constitution is very strange because, in order to form such a constitution, her mother needs to be the resentful daughter of nine generations.”

“What is the resentful daughter of the nine generations?” Ye Chen was puzzled.

“The resentful daughter of the nine generations refers to a person who has been reincarnated for nine generations consecutively and died because of resentment. The resentment in each of her lifetimes is enough to shake heaven and earth. It can move heaven and earth and make them feel guilty!

“If someone has enmity toward her or wants to target her, they will be plagued by karma and be unlucky.”

At this point, the Patriarch of Hell took a deep breath and said, “Even if you have bad intentions toward her, you will be unlucky before you have the time to execute them.”

Ye Chen was speechless.

This was a bit f\*cking shameless!

It was even more f\*cking awesome than cheating!

You were only allowed to deal with others and not let others deal with you? It was something that you could not even think about it in your heart.

“When I was in the cultivation world, I encountered a Body of All Evil in the mortal world. At that time, the other party was a mortal.” The Patriarch of Hell added, “The country she was in was at war with other countries, and in the end, her country was surrounded by a million-strong army. The entire country was in despair, and guess what happened?”

“Is it related to that the Body of All Evil?” Ye Chen asked.

“That’s right!” The Patriarch of Hell nodded. “At that time, this country invited that Body of All Evil to the city tower at a critical moment and fought against a million-strong army alone. Although the other party was just a mortal, she pointed at the million-strong army and cursed loudly, saying things like, ‘I curse you to be crushed to death by meteorites!’

“Then, countless meteorites fell from the sky, crushing the million-strong army to death. A single person destroyed the million-strong army, and her country was thus saved from the danger of being destroyed...”

At this point, Ye Chen sucked in a breath of cold air and could not help but ask, “Then, what happened to the body of the ten thousand demons?”

#### **Chapter 460: The Patriarch of Hell’s Secret!**

“Then, what happened to this Body of All Evil?”

Ye Chen was truly shocked.

If the Body of All Evil’s strangeness was really as the Patriarch of Hell said, then this constitution was truly terrifying.

A mere mortal could destroy a million-strong army!

If this mortal walked down the path of cultivation, who would be her match? Even if her opponent's cultivation was really weak, what was their cultivation when it came to her? Any cultivator who wanted to deal with her would be the first to die of qi deviation.

"She's dead!"

Facing his question, the Patriarch of Hell shook his head slightly and said, "After the body of Ten Thousand Evils destroyed the million-strong army, it aroused fear in the cultivation world. At that time, many experts planned to attack her, but she died in the end."

"She died?" Ye Chen frowned slightly.

"Yes, she died!" The Patriarch of Hell nodded and said, "Such a heaven-defying person will certainly not exist in the world for a long time as they won't be tolerated by the Heavenly Dao. Even if heaven and earth feel guilty because of her, there is still a limit. Therefore, after she destroyed the million-strong army, she died on the spot."

Ye Chen nodded to himself and subconsciously looked in the direction of the room. He then asked, "So, do you think that Qianqian is the legendary body of Ten Thousand Evils?"

"I'm not sure." The Patriarch of Hell shook his head and said, "Logically speaking, it's very difficult for such a body to exist, and it wouldn't appear on this Earth which lacks spiritual essence. If she isn't the Body of All Evil, then there's only one explanation left."

At this point, he could not help but laugh and said, "Unless she's the illegitimate child of Heaven Dao and is blessed by the heavens. Even the heavens are helping her invisibly."

"Forget it. Don't provoke her for the time being. I'll send her away when I find her relatives." Ye Chen shook his head.

After all, Qianqian had just arrived at his house. If she was sent away in the blink of an eye, Su Yuhan and her parents would not be willing to let her go. Besides, Qianqian's situation was very clear. As long as they were not hostile to her, nothing would happen.

"I've got something to do. Don't wait for me!" The Patriarch of Hell chuckled and turned into a black shadow before floating out of the window.

As for what he was going to do, it was obvious.

Ye Chen shook his head and walked into the room.

..

Late at night, in a remote alley in the western district of Lin City, a little black dog appeared in front of a family's doorway in the dark. The little black dog's body swayed, and mist immediately spread out from its body.

After the mist dispersed, a wretched-looking young man in black clothes with three whiskers on his mouth appeared on the spot. The man coughed and knocked on the door.

Creak!

When the wooden door opened, a fierce-looking young man, who was about fifteen or sixteen years old, appeared. When he saw the newcomer, he immediately smiled and said, "Uncle Huang, are you here to look for my mother again?"

"Indeed!"

The guest had his hands behind his back and seemed to be a little embarrassed. He took out a stack of banknotes and handed it to the young man. "Take this money and do what you want with it. If you don't have enough, you can ask me for more."

"Thank you, Uncle Huang. Ah, Uncle Huang, it'd be great if you were my father!" The man took the stack of banknotes happily and left the house like a gust of wind. However, a hint of undetectable viciousness flashed in his eyes.

The young man did not seem to notice the look in his eyes. He pushed the door open and walked in. A woman's voice came from inside, "Brother Huang, you're here again? Where's Xiaotian?"

"He went out to have fun."

"Brother Huang, don't give Xiaotian any more money. Furthermore, you gave him so much. Recently, he doesn't come home at night often..."

"It's okay, I know what to do..."

"Brother Huang, why are you being so nice to Xiaotian?"

..

At the same time, the young man swaggered into a bar with the wad of money. Another youth dressed like a student walked over and asked, "Zhao Xiaotian, why are you so late?"

"I just got the money, didn't I? Let's go, I think they're waiting for me." The young man took out the wad of money and walked into the bar with his arm around the young man's shoulder.

Soon, they sat in a private room. There were already three or four young men and women sitting in the room. There was also a lot of tea and red wine on the table.

"Everyone, this is the day that, I, Zhao Xiaotian, will treat you. Don't stand on ceremony!" The young man waved the stack of money in his hand again and called a waiter. "Summon a few babes for my brothers. Make sure they are pretty."

The waiter was given a few hundred dollars as a tip, so he happily arranged for a few escorts to come in. He did not care that these people were all underage.

...

After a quarter of an hour, Zhao Xiaotian hugged a woman who was ten years older than him. He even lit a cigar up, feeling very proud of himself.

"Zhao Xiaotian, did you win the lottery recently? Otherwise, where did you get so much money?" A young man with a nose ring was puzzled.

Another young man with bleached hair said, "Yeah, Zhao Xiaotian, I remember that after your father died, your mother was the only one who earned money in the family. Also, she seems to be working as a waitress in a nightclub, isn't she? Her monthly salary can't be much."

"Don't mention that b\*tch to me!" The young man was a little unhappy when he heard that. He slammed his wine glass on the table and said with a ferocious expression, "That b\*tch recently hooked up with a rich man who gave me all this money."

When he said that, everyone was shocked.

The youth seemed to have thought of something. He turned his head to look at the man with the nose ring. "Wang Lei, I remember you said that you know Brother Leopard's men, don't you?"

"Yes, I do know them."

Wang Lei's expression was a little unnatural. In fact, that was just his usual bragging. Brother Leopard and Lin Tai were nowhere to be seen in the Tiannan. How could a puny character like him know them?

The youth nodded and took out a stack of money and slammed it on the table. "Here's 20,000. Contact Brother Leopard's assassins and kill that pair of b\*stards. After the deed is done, I'll give you another 20,000!"

"Zhao Xiaotian, that's your mother. It's not easy to earn money for your studies. Do you want to kill her? Besides, killing is illegal." A female classmate was so scared that her face turned pale.

"Mother?" The youth laughed coldly. "She's just my stepmother. She has nothing to do with me. She killed my father. Now that he's dead, she's actually hooked up with another man and even messes around at home in front of me.

"They think that I don't know anything and treat me like a fool. Hehe, especially that man. Do they think that I'll be grateful to him just because he gave me money?"

"On the contrary, I hate him even more. I'll squeeze him dry of all his money and then find someone to kill him and torture him ruthlessly. That b\*tch will also die!"

On the man's young and tender features, there was a fierce, vicious aura. Perhaps because he was overly excited, he placed his hand on the escort by his side a little harder and immediately squeezed her until she screamed.

"What are you screaming for?" The youth grabbed her head and banged it on the table a few times. Then, he threw more than ten notes of cash to her. "Stinking whore, aren't you just here to sell yourself? You're just like that slut. You're both whores!"

The rest of the people were shocked speechless by the youth's ruthlessness. He even dared to kill the only family member that worked hard to support him. Moreover, he kept saying that she was a whore and a slut.

Moreover, it was not a feudal society anymore. With one's father dead, was it not normal for one's stepmother to find another man?
