

Genius 621

Chapter 621: Shutendoji and the Demon Blade Muramasa!

“Shutendoji, how long are the three of you going to stand back and watch the show?!”

Yagyu Aida was almost spitting blood and shouting when he said that.

He was furious!

At the end of the day, the battle between him and Ye Chen was triggered by the three Yin Yang Master Clans. Initially, they agreed that he would test Ye Chen’s ability before the giants behind the three Yin Yang Master Clans attacked.

Eventually, not only was he beaten into a sorry state by Ye Chen, the three giants were still watching from the sideline. It was as if they wanted to watch Ye Chen kill him.

Following his words, everyone was shocked, “Yagyu Aida has helpers?”

A strange light flashed across some of the people’s eyes. They seemed to have thought of something, “Could it be...”

Instantly, countless people widened their eyes and looked around, trying to see who Yagyu Aida was talking to.

Yagyu Aida was already so powerful. If he really had helpers, it would be difficult for Mad Southern Ye to leave Japan alive even if he won.

At that moment, everyone saw a scene that they would never forget.

The gray sky suddenly changed.

Darkness! Boundless darkness assaulted them from afar. It was like a ferocious beast with its mouth wide open as it frantically devoured the light.

Suddenly, the weather changed, turning day and night around.

Everyone felt their vision turn dark, and the entire world darkened. It was clearly a sunny day earlier, but it turned into night within a blink of an eye.

Darkness covered the entirety of Mount Fuji. Only the sky above the Sword Peak had half a crescent of light shining on the ground.

The sky above their heads was filled with thick, blood-colored clouds, and every cloud was filled with a heavy rust-like stench.

Strange, everything was strange!

“W-What’s happening? Why did the sky suddenly turn dark?!”

“Is this the eclipse? Is it the end of the world?”

“Go, let’s go. This is scary...”

“...”

Countless people were shocked by this sudden phenomenon. For a time, the scene was filled with exclams, screams, crowding, and even crying.

Only a portion of the people still retained their rationality. They turned on the flashlight on their phones, and only then did the night become less dark. The endless darkness did not cause everyone to step on each other.

“Hehehe...”

A burst of extremely strange and ear-piercing laughter resounded in everyone’s ears. At the next moment, countless glowing figures appeared in an extremely strange manner.

There were men and women among them. Their bodies were illusory, and all of them floated in the air. Their expressions were vicious, ferocious, and sinister.

As far as the eye could see, there was a densely packed crowd that made one’s scalp numb.

“G-Ghost!”

“Get lost, don’t come over!”

“Help, help...”

“...”

The crowd that had finally quieted down fell into a chaos once again. Countless people looked at the ghosts around them with fear on their faces, and their bodies shivered.

Thankfully, the ghosts did not charge forward. Instead, they maintained a certain distance from everyone and stopped moving. They looked more like guardians now.

At that moment, Chiba Yoshiko, who was in the crowd, walked toward Ye Chen quickly. She said while trembling in fear, “M-Master, they’re here.

The three Yin Yang Master Clans have made their move!

These ghosts were released by them. If I’m not mistaken, the phenomenon in the sky was created by the Kamo clan’s Divine Hound.”

A gleam flashed through Ye Chen’s eyes when he heard that. His Divine Consciousness covered a radius of more than 16 kilometers. He could clearly sense that the phenomenon before him had only covered Mount Fuji while it was still sunny outside.

Obviously, the gods behind the Yin Yang Master Clans had used their supernatural powers to change the weather. Otherwise, these demons would not have been able to appear between heaven and earth.

As soon as Chiba Yoshiko finished speaking, a sinister laugh rang out in everyone’s ears, “As expected of someone from the Chiba family, you actually know us well.”

The voice was ethereal, and it was hard to tell whether it was male or female. However, the moment it appeared, everyone had goosebumps all over their bodies.

At the next moment, a short boy suddenly appeared in the air. The boy's head was extremely large, but his face was extremely handsome.

He stood in the air with his hands behind his back, revealing incomparably long and slender fingers that were like bamboo shoots. The pair of charming eyes he used to look at Chiba Yoshiko flickered with a sinister and frightening cold gleam, "You're a virgin? This flesh and blood can be eaten and drunk together with wine."

"Master, it's Shutendoji!"

Chiba Yoshiko was so scared that she hid behind Ye Chen. Her body could not stop shaking, and the decibel in her voice was raised dozens of times as if she had encountered something terrifying.

Shutendoji, one of the three demons of Japan that was active during the peaceful times of Japan. As he was addicted to alcohol and had the face of a handsome young man, he was called Shutendoji.

The Japanese were shocked.

No matter what, Shutendoji was a legend in Japan. They never expected to see him with their own eyes. After all, he had existed since the peaceful days of Japan, which was equivalent to more than a thousand years.

Shutendoji only took a glance at Chiba Yoshiko before he looked at Ye Chen, "Mad Southern Ye, the China No.1. You've really surprised us!"

After all, in the eyes of ghosts and demons who had lived for thousands of years like them, Chiba Yoshiko and the rest were at most food. They were not worthy of their attention. Only Ye Chen was worthy of their attention.

Soon after, a blood-colored cloud floated over. It carried an extremely thick stench of blood and dispersed with the cloud.

A long blade was revealed!

The long blade was very strange and demonic. It was covered in blood qi.

There was a blood-colored eye on the handle.

The eye suddenly opened and stared at Ye Chen. It was filled with bloodlust. An old voice was heard soon after, "My, my. What a fun day. I can't believe I'm seeing so many people."

"It's the Demon Blade Muramasa. A demon spirit came out of it!"

Someone in the crowd cried out in shock. His voice was filled with shock, which caused everyone's expressions to change.

Ye Chen squinted as shock flashed across his face.

He had also heard about the Demon Blade Muramasa. It was said that during the Japan Edo period, there was a blade-forging family. They had been forging blades for three generations and they even wrote the word 'Muramasa' on the blades.

In the beginning, the kind of blade was not called the demon blade. It originated from the family history of Tokugawa Ieyasu.

Tokugawa Ieyasu, one of the famous magnates in Mikawa Province during the Warring States period in Japan. The first generation of general who conquered the barbarians during the Edo period, the three heroes of the Warring States period in Japan, and the most outstanding military strategist and politician in Japanese history.

It was rumored that when Tokugawa Ieyasu's grandfather, Matsudaira Kiyoyasu, was fighting against the Oda clan, he was hacked to death by his own henchman. It was also rumored that the cut went from his right shoulder to his left abdomen. It was quite tragic.

Chapter 622: Arrival of the Three Gods!

Next was Tokugawa Ieyasu's father, who was assassinated by his henchman with the Muramasa Blade. Later on, Tokugawa Ieyasu cut his finger when he was young, and his wife was killed when he grew up. He went out to war and was ambushed by the Muramasa Blade.

It was said that it was done by the same Muramasa Blade.

The Muramasa Blade was like the curse of the Tokugawa clan, causing the family's four generations to bleed and die because of it.

Therefore, after the Tokugawa clan unified the Japanese, they treated Muramasa Blade as the Demon Blade and ordered the entire world to destroy the Muramasa Blades.

That was the origin of Demon Blade Muramasa.

Since the incident, in order to commemorate Tokugawa Ieyasu and the unity of the world that was hard to come by, the Tokugawa clan had put the Muramasa Blade, which had caused the blood of the four generations of the family, into the museum.

Unexpectedly, it disappeared overnight. The glass cabinet in the museum showed no signs of damage, and the surveillance cameras showed no signs of burglary.

The strange disappearance of this blade became an unsolved mystery.

Who would have thought that it would suddenly appear now!

That was why some of the Japanese were so stirred. In fact, even without the reputation of the Demon Blade Muramasa, just the sight of the blade standing in the air with an eye made people shudder.

The Demon Blade Muramasa was crossing through the air. Its blood-red eye was fixed on Ye Chen, "Mad Southern Ye, I heard that you have an invincible body. I wonder if I can kill you!"

Right at this moment, a burst of laughter rang out in the air, "Muramasa, even the Sword Saint's sword can't cut him, so why would he be afraid of you? Unless you count me in!"

In the next moment, a gigantic monster stepped out from the void.

It had a red face, a sharp and long nose, and it looked a little like a long-armed ape. It was wearing a monk's robe, high clogs, and held a feathered fan and a mallet.

It was very tall, at least five meters tall.

“It’s the Kusakabe clan’s god – the Heavenly Crow Dog!”

Chiba Yoshiko was close to despair!

There were a total of four god-like figures behind the Japanese four Yin Yang Master Clans. All of them had great divine powers, except for the monkey that Ye Chen had subdued.

Shutendoji, Demon Blade Muramasa and the Heavenly Crow Dog were the only ones left!

And now, all three of them were here!

At that moment, the surroundings fell into a dead silence. Everyone stared blankly at the three strange figures in the sky. They could only feel shock inside of them.

One must know that every single one of them was enough to kill Sword Saint Yagyu Aida. Who would have thought that the three gods would gather just to deal with Mad Southern Ye!

“This matter has blown up!”

In the crowd, Luo Yao had a serious expression. She could feel the majestic power coming from the three gods. Even she was shocked by the power.

Tang Jianfeng shook his head, “Looks like we underestimated the Japanese!”

He had thought Sword Saint Yagyu Aida was the most powerful in Japan, but he did not expect there to be such a powerful god behind him.

Luo Yao took a deep breath in and turned to look at him. There was a hint of seriousness on her face, “Can you and Mad Southern Ye defeat them together?”

“If I go all out, I can deal with two of them!”

A shocking sword intent burst out from Tang Jianfeng’s palm. He lifted his head to look at Ye Chen who was in the air. His eyes were filled with doubt, “But can he fight two by himself?”

Luo Yao fell silent.

Chen Xue said with a trembling voice, “Dad, w-what should we do now?”

She had never seen such a side to this world.

Chen Liu closed his eyes slightly and said as he forced a smile, “The true powerhouses of China have yet to arrive. We can only rely on Mr. Ye now!”

He knew his own strength very well.

Although he was a Martial Dao master and could deal with ordinary masters, he would be like a mantis trying to stop a chariot facing the three gods.

Fighting the three gods aside, Yagyu Aida’s sword alone was too much for them.

Lu Changkong from the Wudang Sect shook his head, "It's a pity that my master is still in closed-door cultivation. Otherwise, he might be able to do his best to help!"

"That's right. Only the Wudang Sect's master, Senior Li, can fight against such an existence!" The other Chinese powerhouses nodded one after another, their hearts were sinking.

When Chiba Yoshiko heard these words, her face gradually paled.

She could not imagine the consequences of Ye Chen's death...

At the same time, seeing the three gods appear, Sword Saint Yagyu, who had lost all hope, stepped into the air and snorted, "You guys came at the right time!"

He almost died under Ye Chen's sword!

"Heavenly Crow Dog needs to use his divine power to change the weather here. Otherwise, we wouldn't be able to descend," Shutendoji grinned in a sinister manner.

The Heavenly Crow Dog waved the feathered fan in its hand and lifted its head to look at Ye Chen. There was a teasing smile on its face, "The China No.1, Mad Southern Ye. I bet you've never dreamed that your real opponent would be us, did you?"

Facing the three arrogant gazes, Ye Chen's expression remained the same throughout the whole thing without any change.

He clasped his hands behind his back, and a hint of a smile appeared in his proud eyes, "I was just about to look for you guys. Now that all of you have come knocking on my door, it couldn't be any better. I'll deal with all of you at once!"

"Mad Southern Ye, you're too arrogant!"

Shutendoji took a step forward and sneered, "Do you really think that you can fight against us just because you defeated Yagyu Aida?"

"That's right. Don't forget that you are only one person while there are three of us. In addition to Yagyu Aida, you will definitely die today!" Demon Blade Muramasa's eye was flickering excitedly.

The Heavenly Crow Dog chuckled, "Mad Southern Ye, we've always minded our own business. If you stayed in China and be the No. 1 there, everyone would be fine. However, you shouldn't have killed your way into Japan. Not only did you destroy the Hidemoto clan, you even killed Lord Soul Eater.

That brat might've been scheming to devour us, but we're all gods. Now that he's dead, how can we not feel sad?"

At this point, the smile on its face turned cold, "Therefore, today will be the day of your death. Don't worry, we will preserve your body and make the so-called China No. 1 our puppet. I believe China will be very happy when that happens."

"I've always wondered how powerful the so-called Japanese gods are!"

Ye Chen stood with his hands behind his back. He chuckled softly as if he was disdainful, "From the looks of it now, you're just three little demons and accomplices. How dare you three pieces of trash talk to me?"

As he spoke, he took a step forward and shouted coldly, "I'll kill all of you today. I'll break Mount Fuji apart and destroy this bullsh*t legend of Japan!

Three pieces of trash, get over here to accept your death!"

Chapter 623: Fire Emperor and Titan!

Ye Chen called the three of them trash.

"You bastard!"

The three of them turned ashen with rage. Killing intent and fury surged from their eyes.

The three of them were regarded as gods in Japan and had always been high and mighty. When had they ever been belittled like this?!

"Attack! Kill him together!"

Heavenly Crow Dog took a step forward, its aura was shocking.

"Kill him!"

Three loud shouts were heard. Sword Saint Yagyu, Shutendoji, and the Demon Blade Muramasa attacked together. At that moment, four terrifying auras surrounded Ye Chen.

In the face of this pressure, everyone on the ground groaned and spat mouthfuls of blood as they retreated tens of meters.

They looked at the five figures in the sky with shock.

Just the pressure emanating from it was enough to injure them severely!

"They're bullying us just because we're outnumbered? Do you really think China can't do that too?"

Luo Yao harrumphed coldly. She was no longer as playful as before. She glared at Tang Jianfeng, "Are you going to attack or should I do it?"

Just as Tang Jianfeng was about to speak, he suddenly turned to look at the foot of the snowy mountain behind him. Meanwhile, Shutendoji and the others stopped in their tracks and looked over.

Two terrifying auras were rapidly approaching.

At the next moment, two incomparably tall figures stepped on the air and arrived!

One of them was covered in crimson flames, just like Prometheus, the god of fire in ancient Greek mythology. The moment he appeared, the temperature of the world rose.

The other person was over six meter tall. There was a piece of animal skin tied around his waist that covered his private parts. The rest of his body was exposed to the air. From afar, he looked like a giant.

Just the pressure from their bodies made everyone want to kneel!

“It’s the Fire Emperor and Titan!”

“They’re here too! How is this possible?!”

“Who would’ve thought that even they would be alerted by this battle!”

“...”

A commotion broke out on the ground as someone revealed their identities in shock, causing the expressions of countless people to change.

It would not be an exaggeration to say that these two names were well-known!

They were world-class giants!

The top ten existences on the World Leaderboard!

The members of the International Tribunal!

The most important thing was the five words – Members of the International Tribunal!

International Tribunal!

To normal people and even cultivators, this term was a terrifying term that they did not know!

In order to restrict the world-class giants, the powerhouses of the various countries unanimously established an International Tribunal and set clear rules.

Once a powerhouse overstepped the rules, they would be punished by the combined forces of the other kingdoms, followed by a devastating blow!

After so many years, the seats of the International Tribunal were almost monopolized by the Western countries, and none of the Eastern countries had a single powerhouse.

Never, not even China and Japan!

“Powerhouses, these two are powerhouses!”

Tang Jianfeng took a deep breath in.

Luo Yao’s expression gradually turned serious, “I didn’t expect there would be such powerful people in this world other than Shang Santian. It seems that my understanding of the outside world is still lacking!”

Initially, they thought that it was already heaven-defying to have one or two Mad Southern Ye in the secular world. Never did they expect two powerhouses who were on par with Ye Chen to appear now.

As the two of them appeared, the expression on the faces of the group changed slightly as fear flashed across their eyes. Yagyu Aida took a few steps forward and asked in a deep voice, "May I know why the two of you are visiting Japan?"

Fire Emperor and Titan traversed the sky, overlooking everything.

"With such a big event happening in Japan, how could the International Tribunal not be alerted!"

The Fire Emperor dispersed all the flames on his body and revealed an extremely thin old man. The old man looked down at the ground with a sharp gaze and finally said slowly, "What exactly is the reason? Tell us quickly!"

Yagyu Aida slowly told the story of Ye Chen killed in Japan and seriously injured the Chiba Family. Subsequently, he killed his way into the Hidemoto Clan and killed the Yamaguchi Group.

Fire Emperor's eyes flickered continuously. Eventually, he fixed his gaze on Ye Chen with an intimidating aura, "You're the China No.1, Mad Southern Ye? Is what Yagyu Aida said true?"

"So what if I am? So what if I'm not?" Ye Chen's expression did not change as he looked into his eyes.

The Fire Emperor frowned slightly, seemingly displeased.

On the other hand, Titan, who was next to him, shrunk his body. After he turned into an ordinary person, he scoffed at Ye Chen while looking at him, "As expected, you're as arrogant as the rumors say. You don't know fear!"

"Are the two of you here today to stop me from killing these four pieces of trash?" Ye Chen's attitude was cold as he spoke in a manner that was neither humble nor arrogant.

Hearing those words, Shutendoji was enraged.

"Stop you?"

Titan said with a cold smile, "Mad Southern Ye, don't you think you can act arrogantly just because you're a king in China. You're not worthy of my International Tribunal!"

"The two of us are here today in accordance with the rules of the International Tribunal. We are here to understand your grievances and to make a notary!"

The Fire Emperor spoke slowly. In the end, he glanced at Ye Chen and said, "I asked you earlier if what Yagyu Aida said was true. Your answer is ambiguous, so I'll take it that you started this."

At this point, his expression suddenly turned serious, "In order to prevent this matter from escalating, the two of us represent the International Tribunal and allow both parties to fight. However, nobody else is allowed to interfere. Otherwise, both of you will be killed!"

The crowd went into an uproar.

Fire Emperor's intentions could not be clearer. He was in favor of this unfair battle. It was as if he started this by taking sides, and it was on the Japanese side.

It was a joke to call it fair.

Yagyū Aida and Shutendoji were stunned at first. Subsequently, they revealed joy on their faces and said simultaneously, "We accept!"

"Mad Southern Ye, are you willing to accept it?"

Titan looked at Ye Chen with an unyielding gaze.

Just when Ye Chen was about to speak, a cold snort came from the crowd, "China is unwilling!"

Fire Emperor and Titan's expressions turned grim. They looked in the direction of the voice and saw the crowd on the left retreat, revealing two figures.

It was Luo Yao and Tang Jianfeng.

Facing everyone's gaze, Luo Yao was not afraid at all. Instead, she said with a grin, "Mad Southern Ye is the only one from China, and there are four of them on the Japanese side. Anyone who are wise would realize that this is an unfair battle!"

"Who are you?" The Fire Emperor secretly released a sliver of suppression at Luo Yao.

Surprisingly, Luo Yao was not affected by the suppression at all.

She revealed a harmless smile, "My mother said that girls have to learn to protect themselves when we're out in the world. We shouldn't reveal our identity and name to strangers, especially bad people like you."

"So what are you going to do?" The Fire Emperor's eyes flickered.

"Although I don't know what the International Tribunal is, I believe it's an organization that maintains world peace!"

Luo Yao smacked her lips and pointed at Tang Jianfeng who was next to her, "Since you're protecting world peace, I'm sure you'd respect fairness as well. This guy next to me is capable too. Why don't we let him join the battle with Mad Southern Ye, whereby it'll be two against four?!"

'I'm capable?'

Tang Jianfeng looked helpless when he heard that. However, he still took a step forward and scratched his head. He mimicked Luo Yao and put on a harmless expression, "Tang Jianfeng from China, I'm willing to help Mad Southern Ye. Otherwise, people would say that there's nobody left in China!"

Fire Emperor and Titan exchanged glances. Tang Jianfeng was alone. If they joined forces with Ye Chen, they would not be a match for Yagyū Aida and the rest.

Just as they were about to agree, they heard an extremely anxious voice, "You can't agree, you can't agree to that!"

When he looked again, he saw Yagyū Aida looking at Tang Jianfeng with fear. He was jumping up and down feeling stirred.

"This person is a vicious man who pretends to be a pig to eat the tiger. Earlier, I was defeated by him with merely a tree branch!"

Chapter 624: I, Ye Chen, Have Never Needed Anyone to Tell Me What to Do!

“This person is a vicious man who pretends to be a pig to eat the tiger. Earlier, I was defeated by him with merely a tree branch!”

Yagyu Aida’s voice was neither loud nor soft, but everyone heard every word he said.

For a moment, there was dead silence!

Countless eyes turned to Tang Jianfeng. There was doubt, shock, and even more disbelief!

‘This young man defeated Sword Saint Yagyu Aida?

And he merely used a tree branch?’

Even Shutendoji and the other two were no exception.

If these words had not come from Yagyu Aida, they would not believe it even if they were beaten to death. After all, Yagyu Aida’s strength was not inferior to any of the three of them.

Ye Chen lifted his eyes and looked at Tang Jianfeng deeply. He did not expect that this person would challenge Yagyu Aida alone before he fought him.

Fire Emperor and Titan looked at each other and saw the shock in each other’s eyes.

“How dare you?!!”

Fire Emperor suddenly shouted and looked down at Luo Yao and Tang Jianfeng, “This is between Mad Southern Ye, Yagyu Aida and Japan. How dare you interfere?!”

Luo Yao’s pretty face turned cold. Just when she was about to flare up, Ye Chen suddenly said, “I appreciate your kindness, but I won’t need your help to beat these four pieces of trash!”

At this point, he suddenly looked at Fire Emperor and raised his eyes. His gaze was extremely cold, “The two of you can come at me together. I don’t mind killing two more world-class giants to liven things up!”

“Mad Southern Ye, do you really think you’re invincible? Don’t think you can look down on us just because you’re powerful in China?”

Titan roared, his gaze was extremely cold.

“Nonsense!”

A cold humph was heard.

A figure stepped over 30 meters and appeared before Titan within a blink of an eye. A terrifying force swept through the air.

Boom!

With a loud bang, like a thunderclap, the space around Titan instantly surged with extremely violent energy waves.

A muffled groan was heard!

When they looked again, they saw Titan take a few steps back.

A trace of blood flowed from the corner of his mouth...

The entire place fell into dead silence!

At that moment, everyone looked at Ye Chen who was standing where Titan was in shock. The shock on their faces could not go away no matter what!

One strike!

Mad Southern Ye injured the world-class Titan who claimed to have an invincible body in one strike. Titan did not manage react at all during the entire process!

Even Tang Jianfeng and Luo Yao did not expect Ye Chen to attack suddenly!

“I, Ye Chen, have never needed anyone to tell me what to do. If you two don’t like me, you can come at me together. There’s no need for you to resort to such sneaky tricks.”

Ye Chen stood with his hands behind his back. There was no expression on his face at all, “The two of you aside, I’m not afraid even there are 200 or 2,000 of you!”

“That was so fast!”

Fire Emperor’s eyelids twitched. His assessment of Ye Chen’s strength and fear of him rose to another level!

“Yagyu Aida, kill him!!”

A loud roar came from Titan’s mouth!

He was clearly enraged!

It was because he had not been injured by anyone for close to a hundred years, and he had been injured by an Asian monkey in front of so many people!

“Attack!”

A shocking sword aura erupted from Yagyu Aida’s hand. It pierced through the night and slashed at Ye Chen first!

“Kill him!”

We cannot let him leave Japan alive today!”

At that moment, the three Japanese demons, Shutendoji, Demon Blade Muramasa, and Heavenly Crow Dog attacked together!

Boom!

Four powerful auras exploded from the four of them, turning the air around them into a vacuum. The air shook as if it could not bear the weight.

At that moment, everyone retreated 500 meters away and stared at the battle in the sky with shock in their eyes!

The combined power of the Sword Saint and the three gods could actually unleash such power!

Even the Fire Emperor and Titan's eyes flashed with seriousness.

They knew very well of how terrifying the combined battle prowess of Sword Saint and the others was. If it was any of them, they would have to retreat, not to mention Mad Southern Ye!

A hint of coldness appeared at the corner of Fire Emperor's lips, "Mad Southern Ye will die today. It can be considered as a great trouble from the East being eradicated for the West!"

The International Tribunal represented the top power in the world. It was enough to destroy any country, and the seats had been occupied by the Western powers for so many years.

If Ye Chen killed Sword Saint Yagyu, no one in the East would be able to threaten him anymore. It was not something the western countries wanted to see!

"Prepare to attack!"

Luo Yao's pretty face was grim, "Help Mad Southern Ye to kill the four of them later. Leave Fire Emperor and Titan to me!"

"Are you going to use the magic tool that uncle gave you?"

Tang Jianfeng's expression changed slightly. He seemed to have recalled something as he sighed, "That's the protective magic tool uncle gave you. You only have three chances. You can't use it unless you're in a life-and-death situation. Why are you doing this for Mad Southern Ye?"

"I'm not just doing this for Mad Southern Ye!"

Luo Yao's beautiful eyes were cold, "Father said that whether it's Shang Santian or the secular world, we're all Chinese. I'm just doing my part for China!"

"Kill!"

Under the violent energy waves, Sword Saint Yagyu and the other three looked like ferocious beasts.

As the four of them roared, they charged at the same time at Ye Chen like they were surrounding him halfway.

"Divine Consciousness Materialization!"

Facing that, Ye Chen was calm. His Divine Consciousness was unleashed from his mudball palace.

Buzz!

The void shook slightly, and an invisible energy wave gathered around him like a large net.

"Consolidate!"

Following a shout, Ye Chen controlled the Divine Consciousness around him that was insanely suppressive!

Buzz, buzz...

When the Divine Consciousness around him was suppressed to the limit, it boiled like molten metal. It formed a golden blade in a wondrous state.

The blade was formed from the integration of Divine Consciousness. With a single glance, it gave off an extremely mysterious feeling, as if it could cleave the world apart.

Divine Consciousness Materialization!

It was a common method used by cultivators. Divine Consciousness Materialization was also a weapon that used mental strength to target a soul or ghost. However, the requirement for the caster's Divine Consciousness was extremely high.

Even though Ye Chen was on Foundation Building now, it was a little difficult for him to cast it quickly. Fortunately, he succeeded!

Following the appearance of the long golden blade, the expressions of the three gods who were charging at Ye Chen changed at the same time. They felt a bone-piercing chill from the depths of their souls.

They were demons, ghosts, and spirits. Without the constraints of their physical bodies, they seemed more at ease. The weapons of the mortal world could only cut them in half, and they would regroup.

However, when it came to a blade that targeted souls, it was their nemesis!

Chapter 625: Slaying A Demon with A Blade!

"Oh, no. Retreat!"

Shutendoji and the other two forcibly stopped themselves.

At that moment, they were shocked. They were shocked at how Ye Chen possessed such terrifying spiritual power!

Only Yagyu Aida, a living person, was unaffected. He held the sword qi that filled the sky and slashed at Ye Chen fearlessly!

"Hmph!"

Ye Chen coldly humphed and threw a punch with his physical strength. He shattered the sword gleam that was slashing at him on the spot. The momentum of his punch did not decrease, "Scram, you useless thing!"

Boom!

Yagyu Aida spat blood repeatedly as he was sent flying. A long line of blood appeared in the air as countless cracks appeared on his body.

The crowd was stunned!

With one punch, he heavily injured Yagyu Aida!

He was practically invincible!

Ye Chen took a step forward. The air shook as if he was possessed by a blade god. He held the golden long blade and slashed at the three of them.

“I’ll hold him back while you guys take the opportunity to kill him!”

Shutendoji’s expression changed. Gritting his teeth, a black wine pot appeared in his hand, which he tossed over his head. The wine pot flew and hovered above his head.

It was a soul brew that he had kept for hundreds of years.

In the next moment, countless streams of black energy surged from the wine pot. The black energy condensed into countless ferocious ghosts in the air. They charged at Ye Chen together.

In an instant, the black energy soared into the sky, ghost cries and wolf howls were heard. It was like purgatory in the human world, causing the scalps of everyone on the ground to go numb.

What no one noticed was that the moment the ghosts appeared, the monkey that was sleeping on Ye Chen’s shoulder jolted awake.

The monkey’s green eyes studied the ghosts like it had seen something fatal!

“Kill!”

Demon Blade Muramasa and the Heavenly Crow Dog stepped out together with shocking killing intent. Even Sword Saint Yagyū Aida, who was sent flying by Ye Chen’s punch earlier, joined the battle again.

Countless malicious ghosts rushed at Ye Chen.

Slash!

Ye Chen slashed with the golden blade in his hand!

A golden blade glow pierced through the night sky, slashing at the ghosts that were charging at him like an elongated sun.

The ghosts that charged at the front were instantly killed, but there were still countless ghosts that charged forward fearlessly.

At that moment, the three of them had already joined forces and charged over. Furthermore, they chose to attack behind Ye Chen. Three waves of killing intent filled the sky.

“Mad Southern Ye, let’s see how you’re going to handle this!”

Shutendoji released the soul brew in his wine pot in a frenzy. The grin on his face was extremely sinister.

At that moment, his vision blurred!

A green figure flashed past his eyes!

At the next moment, a palm-sized monkey leaped into the air and grabbed the wine pot. It was hard to believe that it could pick up a wine pot that was twice its size.

The smile on Shutendoji's face instantly froze!

'What was that?

A monkey?'

The next scene stunned him.

The monkey ran away with the wine pot in its arms. With a few leaps, it reached an open space and aimed the wine pot's mouth at its own.

One by one, it swallowed all the souls spewing out of the wine pot.

"Y-You..."

Shutendoji was stunned for a moment before he charged at the monkey crazily as if he had been provoked, "Bastard, return my wine pot!"

He had always been addicted to wine, and he only drank wine brewed from souls. However, he had never been willing to drink it.

To deal with Ye Chen, he had no choice but to release all the souls in the wine pot. Never did he expect that a monkey would snatch it away within a blink of an eye.

It was really a robbery!

It was blatantly snatching it right in his face!

Not only did it not run away after snatching it, it even started swallowing the souls right in front of him!

At that moment, Ye Chen's golden blade flew out of his hand after he killed the remaining souls in one slash without the souls in the wine pot holding him back. It flew to his back instantly.

Subsequently, he slashed with his blade!

"Oh, no!"

At this moment, the expressions of Demon Blade Muramasa and Heavenly Crow Dog changed.

Before they could react, they saw Ye Chen's long golden blade slashing at the Heavenly Crow Dog and piercing through its body!

"No!"

The Heavenly Crow Dog roared out in rage!

The roar reached everyone's ears, including Shutendoji, who was trying to get his wine pot back. It even spread throughout the entire Mount Fuji, and even the entire Japan.

When Shutendoji heard that, he subconsciously turned around and saw a scene that made his heart break!

A blade gleam pierced through the Heavenly Crow Dog's body.

At the next moment, the Heavenly Crow Dog was sliced into two instantly!

The Heavenly Crow Dog, one of the remaining three gods in Japan, was killed by a single slash. Even its soul remnant could not escape. The speed was terrifying!

Dead silence, the place was filled with dead silence!

Everyone stared blankly at this scene!

Shocked, they were completely shocked!

A single slash, Mad Southern Ye killed the Heavenly Crow Dog with a single slash!

“Heavenly Crow Dog!”

At this moment, Demon Blade Muramasa and Shutendoji roared furiously in unison. They were filled with unwillingness, shock, disbelief, and even fear!

“Powerful, very powerful!”

Tang Jianfeng heaved a sigh of relief. He looked at Ye Chen in the sky in shock and mumbled, “Killing a god with one slash. We’ve underestimated his ability again!

How can his mental power be so strong?”

A gleam flashed through Luo Yao’s beautiful eyes, “It’s called the spiritual power of an Origin Energy Spell Master. Looks like Ye Chen has his own secrets!”

At this moment, she started to take Ye Chen seriously, elevating his status to the same level as her and the rest, or even more!

At that moment, Fire Emperor and Titan looked at each other. They saw the killing intent in each other’s eyes, the cold killing intent!

They did not expect Ye Chen to be so powerful!

He killed a ghost with one slash!

Even they could not do that!

“Mad Southern Ye, we’ll fight you to death!”

Two extremely sinister voices sounded like ghosts wailing and wolves howling!

Shutendoji soared into the air. His eyes were red, and his body began to change rapidly. Within a blink of an eye, he transformed into a monster that was close to six meters tall, with a muscular build and a blood-red face.

The scariest thing was that it had five horns that looked like bull horns on his head. There were more than ten eyes on his chest and face, and each eye radiated thick blood essence.

The death of the Heavenly Crow Dog had thoroughly infuriated him. At this moment, he revealed his true form in front of everyone!

“Demon Blade, what are you waiting for?!”

Shutendoji, who had revealed his true form, let out a fierce roar. Demon Blade Muramasa immediately turned into a bloody gleam and landed in his hand. A shocking blood aura shot up from his body.

“Mad Southern Ye, how dare you kill the Heavenly Crow Dog? We’ll kill you even if we have to fall into a deep sleep today. We’ll extract your soul and refine it for a hundred years, or even a thousand years!”

Shutendoji opened all 15 of his eyes and glared at Ye Chen with hatred. He had truly turned into a mad demon!

Chapter 626: Tang Jianfeng Strikes!

“Mad Southern Ye, you deserve to die!!”

The violent Shutendoji revealed his true form. His six-meter-tall body stepped through the air and quickly moved forward.

Every step he took caused the air to explode!

The space trembled!

The turbulent airflow swept across the surroundings like a gale, sending many people flying. Subsequently, they looked at the huge figure in the sky in shock.

At the moment, the entire body of Demon Blade Muramasa was emitting a shocking amount of blood energy. The eye on the handle of the blade was wide open, as if it could charm people.

“Shutendoji and Demon Blade Muramasa are serious now!”

“That’s right. The Heavenly Crow Dog is already dead. If they don’t put their lives on the line, they’ll probably follow its footsteps!”

“...”

“Perfect timing!”

Ye Chen was not afraid at all when he saw that. Instead, he charged forward with his body. He was not afraid of anyone when it came to fighting head-on!

“What’s Mad Southern Ye trying to do? Is he planning to fight the real Shutendoji?”

“Using a height of less than two meters to take on a height of six meters? That’s crazy. I think it’s really crazy. Shutendoji can crush him with a single stomp, right?”

“...”

Seeing his actions, everyone cried out in shock!

Boom!

At that moment, Ye Chen’s body collided with Shutendoji. It was like a meteorite colliding with each other as wild energy swept toward all directions.

Following a series of thunder-like collisions, many of the boulders on the mountain peaks fell to the ground!

Such an intense battle shocked everyone.

Boom!

They separated after the last collision!

A large portion of his chest had caved in, and several of his eyes had been smashed apart, revealing blood. He was in a sorry state.

On the contrary, Ye Chen remained calm the entire time, "I told you that killing you four pieces of trash is as easy as flipping my hand!"

Whoosh!

Seeing this, there was an uproar on the ground!

Everyone was in disbelief!

The six-meter-tall Shutendoji was no match for Mad Southern Ye!

'Why is this brat's body so strong?!'

At that instant, the same thought flashed through the minds of Shutendoji and Demon Blade Muramasa. Their expressions were extremely terrible.

Even Yagyu Aida, who was mentally prepared, could not hide the shock in him. Although he knew that Ye Chen's physical body was very strong, he did not expect it to be strong enough to fight against the real body of Shutendoji.

Shutendoji roared ferociously. He then shouted at Yagyu Aida, who was watching the show, "Yagyu Aida, what are you waiting for?"

"Forget it, looks like I'll have to risk my life today!"

A bitter smile appeared on Yagyu Aida's face. A ruthless look flashed across his face as if he had made up his mind.

He took a deep breath in, and six jujube wood spikes appeared in his hand. With a wave of his hand, the six spikes stabbed into the six acupuncture points on his body.

At that moment, his face was flushed red, as if he had been poured with boiling water. At the same time, his aura increased by more than two times!

If one took a closer look, they would notice that the original silver hair was turning white at a speed visible to the naked eye, and the skin on his face was quickly shrinking and drying up!

"Mad Southern Ye, I'll forcefully boost my potential today. I'll fight you to death if I have to sacrifice my lifespan!"

His eyes were filled with madness as a dazzling sword gleam suddenly blossomed from his hand. The sword gleam abruptly expanded to over 30 meters tall. However, it was incomparably condensed. From afar, it looked like a divine sword that was going to cut through the world.

Sizzle!

The sword gleam flickered with overwhelming sword intent. It tore through the air like a bolt of lightning that suddenly exploded in the dark night and slashed at Ye Chen!

The slash of sword alone split the space between him and Ye Chen into half, forming a space visible to the naked eye!

“This strike is enough to kill any giants below top five on the World Leaderboard!”

Fire Emperor and Titan’s pupils constricted. They had goosebumps from Yagyū Aida’s sword.

At the same time, Shutendoji held Demon Blade Muramasa in his hand. Vast yin energy gushed out from his palm and wrapped around Demon Blade Muramasa. Demon Blade Muramasa instantly turned into a black guillotine!

This broad blade was extremely strange. With a light shake of the blade, the air around it was instantly sliced into two!

“Mad Southern Ye, die!”

Shutendoji held the black guillotine and leaped a few steps forward with a cold gaze. Subsequently, he suddenly attacked Ye Chen from afar!

The blade and sword charged at Ye Chen like lightning!

“What can a blade and sword do to me?”

Ye Chen scoffed coldly. He swung his fist and charged at the blade and sword that were charging at him, “Break!”

Boom!

One punch!

Yagyū Aida’s sword gleam was shattered by Ye Chen first!

“What?”

“He actually broke Yagyū Aida’s strongest attack with one punch?!”

“Monster, he’s a monster!”

“...”

At this moment, everyone was so shocked that their eyeballs nearly fell out!

“Shatter!”

Ye Chen did not hesitate at all. He stretched out his palm and grabbed the blade that was coming at him. Of course, the blade aura was in his hand.

Boom!

With a loud bang, the blade qi shattered and turned into countless violent yin energy that swept all over the place!

“How is this possible?!”

Yagyu Aida and Shutendoji were shocked!

Slash!

Ye Chen summoned the golden blade that was transformed from his Divine Consciousness!

A golden blade flare sliced through the air!

“Oh no, Titan, let’s attack now!”

Fire Emperor roared when he saw that. Flames erupted from his body. He leaped and threw a fist wrapped in flames at Ye Chen from behind!

“Mad Southern Ye, spare his life!”

Everywhere he passed, the air was burnt!

Roar!

Titan roared angrily, and his body expanded rapidly. Suddenly, he turned into a three-meter-tall giant. He turned into a shadow and followed closely behind. His huge body was even faster than Fire Emperor!

Whoosh!

At this moment, everyone was in an uproar!

Obviously, they did not expect that even Fire Emperor and Titan, who had been watching from the sidelines, would attack!

“Shameless!”

“We agreed not to interfere in this battle, but in the end, they still couldn’t hold back!”

Luo Yao’s pretty face turned grim.

At that moment, Tang Jianfeng attacked!

A shocking sword intent suddenly burst forth from his body!

He did not move!

He just stood there quietly!

However, a sword intent that wanted to destroy everything rose from the ground and turned into a sword gleam which shot towards Fire Emperor and Titan!

Everyone was shocked by the sword intent. They felt like their bodies were about to be torn apart!

It was only at this moment that they finally believed that the taciturn young man next to them would be able to unleash strength that was no weaker than a world-class powerhouse!

Chapter 627: From Today Onwards, There Will Be No More Sword Saints in Japan!

Even though Fire Emperor and Titan's target was Ye Chen, they sensed Tang Jianfeng's sword intent at the same time as both of their auras were extremely powerful!

"Oh, no!"

Fire Emperor and Titan hurriedly withdrew their attacks and turned around!

Sword Shadows!

What they saw was a sky full of sword shadows!

It was like a huge net that was suppressing them!

"Break it, Firecloud Palm!"

Fire Emperor roared, and the flames on his right palm suddenly expanded, transforming into a huge flaming palm that slammed towards the incoming sword shadows!

Roar!

Titan charged forward with his powerful body!

Boom!

The void shook, and the sword shadows that filled the sky were instantly shattered!

Fire Emperor glared at Tang Jianfeng with a grim expression, "How dare you ambush us from behind, brat?"

Tang Jianfeng slowly walked out of the crowd and snorted, "You're bullying us just because we're outnumbered? Do you really think that there is nobody left in China?"

"Who are you, brat? Can you tell me your name?" Titan stared at Tang Jianfeng with fear in his eyes!

"We are from Kunlun!" Tang Jianfeng said in a tone neither servile nor overbearing.

Everyone was stunned.

"You're from Kunlun?!"

However, Fire Emperor's expression changed drastically. He looked at Tang Jianfeng and Luo Yao with even more fear, "You're from the holy land in Kunlun?!"

Kunlun!

The name was not only well known in China, but it was also taboo in the West because there were rumors that there were eight dragon veins in this world!

All eight dragon veins originated from Kunlun, so it was also known as the ancestor of dragon veins. Five of the eight dragon veins flowed into China, and three merged into foreign countries!

The holy land of China existed in Kunlun!

That was why the western countries did not dare to attack China even though they had been suppressing China internationally!

If it really blew up and caused the holy land in Kunlun to make a move, the western countries could only be forced to get the holy land behind them out. At that time, the situation would definitely be out of control!

Titan's expression changed drastically when he heard what Fire Emperor said!

Luo Yao snickered coldly, "Since you know our background, why don't you scram?!"

Fire Emperor's eyes flickered non-stop, "You've already sealed the mountain and hidden from the world a few hundred years ago. Furthermore, you will not interfere with the matters of the mortal world. Could it be that you want to make an exception today?"

"Do you guys want to go against the International Tribunal and the holy land behind the International Tribunal for Mad Southern Ye?" Titan sneered as well.

Tang Jianfeng's face turned grim.

However, Luo Yao scoffed in disdain, "Why should I care about what the Westerners think when I'm from Shang Santian? Moreover, we're not helping Mad Southern Ye today. We're doing this for China so that outsiders won't think that we're useless!"

"That's right!"

Tang Jianfeng nodded slowly, "Since you guys attacked Mad Southern Ye today, we'll definitely not sit back and watch. If it were any other time, his life and death would have nothing to do with us."

Fire Emperor and Titan looked at each other. Just as they were about to communicate secretly, they heard an earth-shattering roar, "Shutendoji!"

Everyone hurriedly took a look!

The boy was split into half by Ye Chen!

The entire sky was almost drowned by crimson blood!

Within just a dozen breaths, another Japanese god was killed by Ye Chen with one slash!

"Another one died. Mad Southern Ye, you deserve to die!"

Fire Emperor's gaze was extremely cold!

There were only four gods in Japan. Three of them had died at Ye Chen's hands, and only the Demon Blade Muramasa was left. Even with Yagyu Aida, who was half crippled, it was hard for him to hold on alone!

Even Luo Yao and Tang Jianfeng were shocked. They were stunned by Ye Chen's overbearingness and swiftness!

This guy!

He really wanted to kill all the Japanese!

At that moment, a wave of blade gleam suddenly shot out from the spot where Shutendoji died. The blade gleam was not aimed at Ye Chen. Instead, it turned into a blood-red blade gleam that charged into the sky quickly!

Who else could it be but Demon Blade Muramasa!

It was really scared!

It was scared of being killed by Ye Chen!

It should have been a piece of cake for the three Japanese gods to deal with Ye Chen together. Never did they expect Ye Chen to kill them one after another!

“Where do you think you’re going?!”

Ye Chen scoffed and was about to chase after him.

At this moment, a sword gleam slashed down from above!

Yagyu Aida came up to him with disheveled hair. It was obvious that he did not want him to chase after Demon Blade Muramasa. However, he was extremely old at this moment. He had reached the point where his life was about to end!

“Trash, you deserve to die!”

Ye Chen grabbed the air and a three-meter-long blade gleam was held in his hand!

“Mad Southern Ye, you can’t kill him!”

Fire Emperor’s expression changed, and he was about to stop him. Some of the three gods were dead, while one was fleeing. It could be said that Yagyu Aida was the most powerful fighter in Japan.

If he died too, no one in the East could keep Mad Southern Ye in check!

However, right at that moment, another chilling sword intent came from his side. It was Tang Jianfeng!

At practically the exact same moment, a dazzling blade light slashed down from Yagyu Aida’s neck!

Thud!

Yagyu Aida’s head and body fell heavily to the ground!

An extremely cold voice resounded through Mount Fuji like thunder in everyone’s ears, “From today onwards, there will be no more Sword Saints in Japan!”

The dark sky above Mount Fuji suddenly brightened, and daylight returned. However, the world fell into dead silence!

The faces on the ground froze one after another, and their eyes turned blank!

The three great gods arrived powerfully. However, two were dead, and one was fleeing!

Sword Saint Yagyu Aida's head was chopped off!

Before this, no one had expected such an ending!

Right then, Fire Emperor's furious voice was heard, "Mad Southern Ye, I told you not to kill Yagyu Aida. How dare you disobey my order?"

Ye Chen turned around slowly and looked at him coldly, "Who do you think you are? I wanted to kill an ant, who are you to get me to stop?"

...

At the same time, a strange sight appeared above Tokyo!

A blood red light shot past Tokyo like a shooting star. It moved quickly, and one could even hear screams of pain coming from inside.

Countless citizens thought that it was a miracle, they began to kowtow and pray!

The red light finally leaped into a temple in Reigao.

"Wisdom King, Heavenly Crow Dog, Shutendoji, and Yagyu Aida were all killed by Mad Southern Ye. Only I managed to escape. Save me, save me!"

Demon Blade Muramasa was hovering in front of a white-browed old monk who was holding a monk staff and wearing monk shoes. Its body was trembling non-stop and its aura was very weak.

"Demon Blade Muramasa, you came at the right time!"

The white-browed old monk did not move. It was as though he knew everything. A smile appeared in his turbid eyes, "The divine tool has been subdued by me!"

"Wisdom King, are you serious?"

Demon Blade Muramasa was overjoyed when it heard that. It then said, "That would be great. With Wisdom King's divine tool, even Mad Southern Ye would die!

Wisdom King, kill him. From now on, I'm willing to make you my master!"

"No!"

The white-browed old monk shook his head slightly as a strange smile appeared on his face, "Now that I have a divine tool, I'm the god of the world. Trash like you are useless to me!"

"You..."

The expression of Demon Blade Muramasa changed. Subsequently, it turned into a blade light and wanted to fly out. However, at this moment, a huge black mouth came and swallowed Demon Blade Muramasa.

The big, black mouth chewed a few times before it slowly opened its mouth, "It's not good, not good. It's dry, it's not tasty at all!

Old monk, remember to find me something more refreshing next time!"

By the way, if there's nothing else, I, Night Demon will be with my little beauty, Green Princess. I must say, that little beauty is extraordinarily charming. It's a pity that you're a bald donkey and don't get close to women!"

"Wait!"

The white-browed old monk suddenly said, "Demon Blade Muramasa fled to Reigao, I'm sure Mad Southern Ye will come to us soon. You need to help me kill this person. We'll have peace in the future!"

"I see!"

The black mouth seemed to be in a dilemma, "But I hate fighting the most..."

The white-browed old monk smiled faintly, "If you're willing to help me, I'm willing to gather the power of the monks in Reigao to build a golden body of incense for Green Princess. In that case, her soul will settle and she will serve you forever!"

"Alright, I agree with your condition. Isn't it just killing a mortal? I can kill him with a fart!"

The black mouth immediately nodded before transforming into a golden staff that landed in the white-browed old monk's hand. It did not forget to remind the monk, "Don't forget what you promised me!"

The white-browed old monk held the staff in his hand as he looked into the sky. There was a flash of arrogance on his face, "Mad Southern Ye, come. Come quickly!"

Now that I have a divine tool in my hand, I can kill gods and Buddhas if they come to me!"

Chapter 628: Fire Emperor and Titan Attack!

On Mount Fuji's Sword Peak, everyone stared blankly at the figure in the sky!

There was only shock in their eyes, deep shock!

It was this person who single-handedly defeated the three gods and Sword Saint Yagyu Aida!

These four were the top powerhouses in Japan. Even in East Asia, they were world-class figures!

The result of such an earth-shattering battle left everyone trembling inside!

Mad Southern Ye had won!

Not only had he won, but he had also almost annihilated his opponent with his invincible might!

Other than the successful escape of Demon Blade Muramasa, the other three, including Shutendoji, Heavenly Crow Dog, and Sword Saint Yagyu, all of them died under his blade!

Such an invincible figure!

How could it not make their hearts tremble!

The Japanese fell into despair!

Right at this moment, two figures with terrifying auras appeared above everyone's heads like a storm was about to arrive!

“Mad Southern Ye, I told you not to kill Yagyū Aida. How dare you disobey my orders?” Fire Emperor stood proudly in the air as the flames on his body burned more intensely. He was emitting the aura of the fire god.

Titan’s killing intent that was almost tangible locked onto Ye Chen as he said with an extremely grim expression, “Mad Southern Ye? We represent the International Tribunal. How dare you disrespect us?”

At this moment, the suppression from the two of them seemed to be shaking heaven and earth!

Countless people’s expressions changed!

Were Fire Emperor and Titan going to attack Mad Southern Ye?

“International Tribunal? What’s that?”

Ye Chen scoffed in disdain when he met their cold gazes, “It’s not up to the mere International Tribunal to interfere with who I want to kill!”

The Japanese were secretly delighted!

To them, even if Ye Chen killed Sword Saint Yagyū and the rest, he must have paid a certain price. Perhaps he was just putting up a strong front.

On the other hand, Fire Emperor and Titan barely fought from the beginning to the end. They would definitely be able to kill Mad Southern Ye if they worked together!

Fire Emperor was enraged, “How dare you!”

“You’re the ones who are insolent!”

Ye Chen suddenly shouted. He looked at the two of them coldly, “The two of you have been interfering with me from the beginning. Don’t think that I don’t know what you’re up to!

I’ll say it again. If the two of you are unhappy with me, you can test if my blade is fast enough!”

The moment that was said, Fire Emperor and Titan’s expressions turned cold!

Provocation!

A blatant provocation!

The two of them were world-class giants and big shots in the West. They became famous before Ye Chen did and had never been provoked like this before!

“Kill him!”

A loud roar was heard, it sounded like the roar of a ferocious beast!

Titan was the first to attack!

Boom!

An extremely terrifying presence erupted from his body. A blinding red light suddenly radiated from his body.

When everyone looked at him again, they discovered that his skin was bronze in color. From afar, it looked like his entire body was covered in a layer of copper powder. It shone with an unknown glow.

“It’s the Indestructible Vajra Body, Titan’s innate ability!”

“Rumor has it that Titan could destroy an armored tank with one punch and even take a bullet head-on. Seems like it’s true!”

“Mad Southern Ye has met his match now. Both of them have powerful bodies!”

“...”

When everyone on the ground saw Titan’s transformation, their expressions changed, while the joy on the Japanese’s face grew.

“Mad Southern Ye, die!”

Titan’s enormous body tore through the air. He was faster than any Martial Dao master Ye Chen had encountered. Before he could finish his sentence, he threw a punch at Ye Chen.

“Body cultivator?”

Ye Chen was slightly shocked!

Body cultivators, as the name suggested, were cultivators who specialized in cultivating the physical body. Once they mastered it, they would be able to tear open space and cross worlds with their bare hands.

He did not expect there to be a body cultivator on earth.

Even so, Ye Chen was not afraid at all!

In terms of physical strength, when had he ever been afraid of anyone?

“Perfect timing!”

Ye Chen threw a punch. Golden gleam exploded around his fist and collide heavily with Titan’s punch!

Boom!

The space that the two of them were in was instantly filled with a huge ball of fire. Everyone on the ground was shocked.

Even though they were so far away, everyone could feel the violent air and the lingering power that made their hearts palpitate!

Someone inhaled sharply. He could not stop the shock inside of him, “These two are so powerful. They are terrifying. I wonder who is more powerful!”

Everyone nodded.

Even Tang Jianfeng and Luo Yao could not help but pay close attention to the situation in the sky. They would attack the moment they noticed something amiss!

Bang, bang, bang...

At this moment, a rather disheveled figure flew out from the flames. Every step he retreated would tear the air apart.

It was Titan!

Whoosh!

At this moment, everyone cried out in surprise!

It was because the corner of Titan's lips was covered in blood. One of his hands was shaking violently like it was cramping. If one took a closer look, they would realize that his right joint had completely exploded.

On the contrary, Ye Chen stood still. He did not look like he was injured at all. It was as if he was not affected by the power earlier.

"Titan with the Indestructible Vajra Body is at a loss and is injured. How is this possible?!"

At this moment, the faces of the people on the ground were stunned.

'How can this guy's body be so powerful?!'

Titan roared in his head, he was shocked.

He knew that his physical body was invincible in this world, but he was injured after fighting Ye Chen!

"Let me kill him!"

A roar shook the void!

Fire Emperor made his move!

At that moment, his entire body was covered in flames. He suddenly opened his mouth and spat a huge wave of fire at Ye Chen.

The fire wave seemed to have received some kind of nourishment as soon as it appeared. It suddenly expanded and attacked Ye Chen like a fire dragon!

The air burned wherever it passed, forming a vacuum filled with endless flames. The flames charged at Ye Chen like a wall of fire following the fire dragon.

At the same time, the temperature in the air suddenly rose.

Many people felt as if they were in a furnace, and sweat kept seeping out of their foreheads. Their mouths were dry as they said, "As expected of Fire Emperor. This fire ability alone is enough to incinerate everything!"

"Are you playing with fire with me?"

Ye Chen was not afraid at all when faced with such a situation. Instead, he scoffed.

He slowly raised his right palm, a fireball condensed in his palm out of thin air. The fireball was only the size of a fist, and it seemed very small compared to Fire Emperor's fire dragon.

Fire Emperor burst into laughter as if he had heard a joke when he saw that, "Mad Southern Ye, don't tell me you want to compete with me in fire ability?"

Chapter 629: Defeating Two Giants, East Asia No. 1!

Everyone could not help but shake their heads when they heard that!

To them, Ye Chen's action was irrational. The reason why Fire Emperor was called Fire Emperor was because he was the most powerful in the fire ability!

Not only did Ye Chen not dodge, he even challenged Fire Emperor's most powerful ability. If this was not arrogance, what was it?

"Is that so?"

Ye Chen hummed expressionlessly. He lifted his hand and tossed it into the air. The fireball in his palm shot at the fire dragon that was charging at him.

Boom!

The moment their divine abilities came into contact, a loud sound rang out. A sea of fire exploded in the sky, dyeing half the sky red. Countless tiny fireballs that exploded fell to the ground.

"How is this possible?"

Disbelief filled his face when he saw that his fire ability was broken by Ye Chen's fireball.

"Kill!"

Titan activated the Indestructible Vajra Body again while he had the time. He stepped on the air and punched Ye Chen's heart.

He used all his strength in this punch.

He believed that he could crush Ye Chen's heart with one punch!

"Good timing!"

Ye Chen took a deep breath in and said slowly, "33-Days Divine Punch. The sixth style: Shock Hammer!"

At the next moment, a golden fist shadow crossed the sky and heavily struck Titan's chest like the hand of god!

"Oh, no!"

Titan's expression changed. He immediately retracted his fist and crossed his arms before his chest in an attempt to neutralize Ye Chen's Shock Hammer!

However, Ye Chen's Shock Hammer was known as the 33-Days Divine Punch. How could a mortal martial artist withstand it?

The golden fist shadow landed on Titan!

Crack!

The sound of joints cracking could be heard first, followed by Titan's scream.

At the next moment, Titan crashed heavily into the ground.

Everyone was stunned when he struggled to stand up!

Tragic!

It was too miserable!

The left side of Titan's chest caved in, and one could almost see the flesh and broken ribs inside!

The rest of his body was covered in cracks!

Titan spat a mouthful of blood, he was filled with shock and horror inside of him!

Not only did Ye Chen's punch break the Indestructible Vajra Body that he was so proud of, it even penetrated his left chest!

If it were not for the fact that he was gifted and had a heart on his right chest, his heart would have been shattered by Ye Chen's punch earlier!

Meanwhile, Fire Emperor attacked Ye Chen again!

'Too powerful!

This person is too powerful. I'm not his match!

Thinking to this point, Titan dragged his broken body and turned to run. He had no intention of staying behind to help Fire Emperor!

Whoosh!

Everyone was in an uproar!

Obviously, they did not expect a world-class giant to run away so easily!

"Titan, what the hell?!"

Fire Emperor, who was fighting Ye Chen, almost died of anger when he saw that. Even if the two of them worked together, they were not Ye Chen's match. Now that Titan had run away, what could he do?

As soon as that thought flashed through his mind, he retreated over 30 meters away and said slowly, "Mad Southern Ye, I think there might be some misunderstanding between us. How about we shake hands and make peace?"

Don't worry, I'll not hold it against you on Yagyu Aida and the rest. As the saying goes, no friendship grows without conflict. I'll also recommend you to join the International Tribunal!"

At this point, his heart was bleeding!

Initially, he wanted to kill Ye Chen while Ye Chen was seriously injured after the battle with Yagyū Aida and the rest. To his surprise, he realized that they had underestimated Ye Chen's ability again!

"If you want to fight, then fight. If you don't want to, then don't fight. Who do you think I, Mad Southern Ye, am?" Ye Chen took a step forward, and the air beneath his feet exploded.

"Hmph. Mad Southern Ye, don't refuse a toast only to drink a forfeit. I admit that I'm not your match, but how can you stop me if I want to leave?!"

The Fire Emperor gave a cold humph, and the flames beneath his feet surged, causing the air around him to explode. Subsequently, he used the immense explosive force to push him out!

Within a blink of an eye, he was already over 300 meters away!

"Since I'm here, you'll have to leave something behind no matter what!"

Ye Chen scoffed when he saw that. The Almighty Killer Sword in his hand turned into a sword gleam and shot out in the direction where Fire Emperor escaped. It broke the speed of sound.

"Ahhh!"

Several seconds later, an extremely painful scream came from afar. An arm fell from the sky, it was mixed with blood.

"Mad Southern Ye, just you wait. The International Tribunal will not rest until you're dead!"

A roar filled with extreme resentment was heard. Judging from the pain in the roar, it was obvious that Ye Chen's sword had injured him severely!

"What a pity. Although these two people are not as powerful as me, they can be considered the giants of the current era. If they wanted to escape, even I would find it difficult to catch up!"

Ye Chen shook his head lightly. However, there was no hope. Although Titan and Fire Emperor were not dead, they were definitely crippled.

He had broken the Indestructible Vajra Body with one punch. It would take at least three to five years to recover!

As for the Fire Emperor, without a hand, his strength would definitely drop drastically. He would not be able to cause much trouble in the future!

Titan and Fire Emperor had already left.

However, the atmosphere did not seem to have slowed down at all!

At this moment, the world was as silent as death!

At this moment, everyone on the ground held their breaths as their gazes gathered on the god-like figure in the sky!

There was fear, shock, horror, disbelief, and even more passion in their eyes!

This battle could be said to have come one after another!

Their hearts could not take it even until now!

When Ye Chen fought Yagyu Aida in the beginning, everyone thought that Yagyu Aida had a high chance of winning. They did not expect Ye Chen to beat Yagyu Aida until he ran away like a rat. All the cherry blossoms on the mountain were destroyed.

Subsequently, the three gods attacked!

Ye Chen killed them one by one in a domineering manner again. In the end, only Demon Blade Muramasa managed to escape. Fire Emperor and Titan did not end up well either!

Who would have thought that this would happen? Who would have thought that Ye Chen's combat ability would reach such a level?

A murmur slowly came from the dead crowd, "Killing the three gods of Japan, the Sword Saint Yagyu Aida, as well as defeating Fire Emperor and Titan. He's invincible in East Asia. From now on, Mad Southern Ye will be the East Asia No. 1!"

The speaker was Lu Changkong from Wudang Sect!

He walked out of the crowd slowly and clasped his fists at Ye Chen who was in the air. He subsequently knelt on one knee and said, "Lu Changkong from China greets the East Asia No. 1!"

Bang, bang, bang!

After him, Meng Zixiang, Song Hu, and the other Chinese cultivators knelt on one knee, "Greetings, East Asia No. 1!"

In the end, other than the Japanese, everyone who came to watch the battle cupped their fists.

"Greetings, East Asia No. 1!"

"Greetings, East Asia No. 1!"

They greeted Ye Chen as if there were thunderbolts exploding in the place!

The sound lingered for a long time!

Chapter 630: The Battle Result Was Exposed, Shocking the East and the West!

The battle at Mount Fuji got the whole world's attention. However, before the three gods appeared, the Heavenly Crow Dog used a spell to change the weather on Mount Fuji.

No matter how sophisticated the high-tech instruments were, they were not able to detect the battle. Therefore, other than the people present, the outside world knew nothing about the battle!

Even so, the entire world was discussing it.

The most excited ones were the East Asian countries, led by China. Cultivators from both sides started to fight online.

"I'll bet ten packs of spicy snacks that Mad Southern Ye will die!"

“F*ck you. Ten packs of spicy snacks? Aren’t you looking down on Mad Southern Ye too much? At least ten packs of betel nuts that will make your teeth black!”

“The two of you from Korea, that’s enough. Stop mocking us like that. The battle hasn’t even started yet. How can you be sure that Mad Southern Ye from China will die?”

“Isn’t it obvious? If Mad Southern Ye is really as invincible as the rumors say, we should end this as soon as possible. Why hasn’t the result been decided yet?”

“Hehe, now that Mad Southern Ye is dead, China is useless!”

“What the hell are you talking about? Do you want to die?”

“Hmph, do you think I’m afraid of you?!”

Some people even started to fight. For a moment, small-scale battles were happening everywhere in East Asia. However, the people’s attention was still on Japan, so their small skirmishes did not attract much attention!

At that moment, an extremely shocking piece of news spread.

“Mad Southern Ye defeated Sword Saint Yagyu Aida and Japan’s remaining three gods. The four powerhouses fought Mad Southern Ye together, but Mad Southern Ye killed them one by one...”

“Fire Emperor and Titan, who were both worldly overlords, were present when they fought. When they saw Yagyu Aida and the others die, Titan and Fire Emperor attacked Mad Southern Ye by taking turns. Unexpectedly, one of them had his body destroyed by Mad Southern Ye while the other had his arm chopped off and fled!”

“Slaying three gods, killing Sword Saint Yagyu Aida, defeating Fire Emperor and Titan. Mad Southern Ye is the East Asia No.1!”

Dead silence, dead silence!

For a moment, all the cultivation forums in East Asia, which were previously in an uproar, fell into a dead silence at the same time.

It was the type of face slapping, the type that made loud banging noise!

They were discussing whether Mad Southern Ye was a match for Sword Saint Yagyu Aida earlier. In the end, the news that came out was that he was fighting against six giants at the same time!

He slayed three gods, killed Sword Saint Yagyu Aida, and defeated Fire Emperor and Titan!

What a stunning achievement!

Among the dead silence, a Korea cultivator could not help but say, “It’s fake right? This joke isn’t funny at all!”

“It has to be fake, or I’ll eat sh*t on a live broadcast. Three pounds of sh*t!” A powerhouse from Korea once again put down his bold words on Weibo.

The Japanese smirked coldly, “Haha, Mad Southern Ye has gone so far as to get himself an agent and internet trolls?”

Even the Chinese who supported Ye Chen could not believe it.

The battle record was too impressive and too overbearing!

At that moment, another series of inside stories related to the battle at Mount Fuji were revealed. There were even pictures and videos!

“From today onwards, there will be no more Sword Saints in Japan!”

Everyone’s expression changed when they saw Ye Chen beheading Yagyu Aida.

When they saw the video of Fire Emperor and Titan fleeing, the entire internet fell silent again!

Korea fell silent!

Goguryeo fell silent!

The Japanese were dumbfounded!

At that moment, all the Chinese cultivators were excited as if they were on steroids!

“At this moment, only three terms can describe my feelings!

Too fierce, too overbearing, t-too freaking awesome!”

“Mad Southern Ye is always surprising us. I was so surprised that I grabbed my wife in the middle of the night and hit her to make sure that I wasn’t dreaming...”

“As expected of the leader of the Ye Army. Who else in East Asia can compete with him? Korea? Goguryeo? Japan?”

“Where’s that Goguryeo powerhouse who was talking about eating sh*t live? Don’t pretend to be dead. Come out quickly. I’ve already prepared the sh*t. You’ll be feasting on sh*t!”

“Hehe, a bunch of weaklings who only dare to trash online!”

“...”

The storm spread from the internet to the real world at a rapid speed!

At this moment, China was stirred!

At this moment, Korea could no longer sit still, Goguryeo was panicking and the Japanese were dumbfounded!

At this moment, the entire world was seething with excitement!

Fire Emperor and Titan!

The worldly giants were shocked, and the leaders of the corporations were petrified!

All of a sudden, Ye Chen's information was sent to the upper echelons of the various countries and the corporations. There were two large, thick boxes on the table that included information about Ye Chen since he learned how to walk when he was young and had even wet his bed.

Ye Chen's battle record was simply too shocking!

Many magnates realized that Ye Chen's rise was unstoppable following the end of the battle because the east of the world had already prostrated itself at the feet of this young man!

He had trampled the entire East Asia!

"After this battle, Mad Southern Ye is known as the East Asia No.1. He deserves to be called that. We, Germany, welcome Mad Southern Ye to visit us!"

"This person isn't handsome, nor is he tall, but he's a very dangerous person. If anyone crosses his bottom line, he will transform into a bloodthirsty Asura!"

"Mad Southern Ye has desecrated our International Tribunal. Our International Tribunal will definitely get to the bottom of it..."

All the major media outlets in the West made exclusive reports on Ye Chen. The American Times even rated Ye Chen as the most charming Asian man.

While the outside world was in a frenzy, Ye Chen, who was the person involved, was in the Chiba residence.

He did not have the time to pay attention to the outside world's evaluation of him. As the battle ended, countless organisations sent him invitations to meet them.

He simply passed all of this to the excited Chiba Yoshiko before closing the door and slowly drinking tea with Luo Yao and the rest.

"Tsk tsk!"

Luo Yao put down her teacup and sized him up. Her beautiful eyes flashed with a strange glint, "You're quite good at pretending to be a pig to eat a tiger. You made me and Little Fengfeng worry about you."

"Thank you for helping me earlier!"

Ye Chen smiled lightly.

Although Luo Yao and Tang Jianfeng did not mention their backgrounds, Ye Chen knew that they were from Shang Santian. Luo Yao and Tang Jianfeng were considered normal among the people he interacted with from Shang Santian.

"There's no use thanking me. If it weren't for China, I wouldn't care if you lived or died. Who asked you to hide it from me for so long!"

Luo Yao scoffed and stood up, "Alright, it's time for us to leave. You can continue to be your boss in Japan. However, let me give you a piece of advice. Even though humans are powerful, they cannot go against the same country. That's all I have to say. I hope you know your limits!"

She then walked out of the room.

Tang Jianfeng followed.

After taking a few steps out, Luo Yao seemed to have thought of something. She suddenly turned around and said, "I forgot to tell you, my name is not Luo Yao. Luo Yao is just a fake name I use. My name is Luo Shuiyao!"

"Not only that, you're a girl!" Ye Chen smiled lightly.

Luo Yao was stunned for a moment before a blush appeared on her pretty face, "So all this while, everyone knew I'm a girl.

Mad Southern Ye, I'll remember you!"

She left after saying that.

"I'm afraid the two of them aren't just here for fun!"

Ye Chen took a deep glance at the two of them leaving. He thought to himself and frowned, "But what does this have to do with me? My current mission is to find Night Demon!"

At this point, he stood up and looked to the north. With his hands behind his back, he smiled and said, "A big fish has been released. It's time to reel in the net!"
