### **Chapter 981: Arriving at the Water Dragon Palace!**

“Is that so?”

Such a short sentence sounded like a spring breeze to everyone, but when it landed in the Golden Snake King’s ears, it was as if countless thunderbolts were rumbling.

The Golden Snake King let out a muffled groan before raising his head with a shocked expression. In the originally incomparably quiet void, the wind and clouds within 3,000 meters danced, and then transformed into a large hand that was like an azure dragon.

It grabbed at him!

That large hand was extremely large, almost reaching 3,000 meters in radius, as if a great mountain descended from heaven.

“Oh no!”

The Golden Snake King’s eyelids twitched, and then its body flashed as it transformed into a massive python that was over 30 meters in length. It whistled through the wind as it shot toward the distant Tongtian River.

At the next moment, he suddenly realized that he could not move!

It was as if the surrounding space had been sealed!

He could only watch as the hand that extended out from the void drew closer and closer to him.

“No!”

The Golden Snake King panicked!

Ever since he went into a deep sleep, he had been invincible. Humans were nothing in his eyes and he considered himself a monster.

However, at this moment, he felt the aura of death!

Boom...

The large hand accurately grabbed the Golden Snake King and crushed him into dust. Only a pungent smell of blood filled the air.

The hand disappeared.

However, the surroundings were deadly silent. Countless people stared at the scene in shock.

The Golden Snake King died just like that?

“Oh my god!”

“Awesome, too ferocious!”

Countless netizens who had been paying attention to this were so shocked that their eyes almost popped out.

Amidst this deadly silence, an extremely calm voice rang out, "A mere worm dares to look down on us humans?!"

"It's Sage Ye, it's Sage Ye's voice!"

Taoist Master Long Quan, who had been helped up by someone, was immediately invigorated upon hearing that. An ecstatic expression immediately appeared on his face.

Whoosh!

The crowd was in an uproar. Everyone looked around with wide eyes.

Under everyone's gazes, a sun slowly rose in the sky. The sun was like a divine phoenix, and it was bathed in divine flames. No one dared to look at it directly.

At the next moment, the rising sun slowly dissipated, replaced by a figure that stood alone in the void, his black hair dancing wildly.

He was majestic and proud, as handsome as a god. Apart from his eyes that were like heavenly swords, his powerful aura made everyone present want to kneel.

Three figures slowly walked over from behind him. One of them was a young man dressed in white, with silver hair that reached his waist, shining brightly.

The other young man was handsome, but there was a wicked smile on his face from time to time. There was a hint of arrogance between his brows.

As for the last young man, he wore a purple robe and had a handsome face. He looked like an elegant young master from ancient times.

"It's Sage Ye!"

"As well as Luo Tianya, Ye Wushuang, and the Patriarch of Hell!"

At that moment, everyone's eyes were on Ye Chen and the other three. Taoist Master Long Quan and the rest were shocked and excited.

Meanwhile, the internet was stirred.

"So handsome, all three of them are handsome!"

"Oh my god, I'm looking at my Brother Wushuang. Oh no, I'm going to faint!"

"Greetings, Sage Ye!"

Taoist Master Long Quan endured his injuries and clasped his fists at Ye Chen heavily. He could not hide the flush on his face.

"Greetings, Sage Ye!"

After that, Granny Lotus, the powerhouses from Maoshan, Wudang Mountains, Eight Trigram Sect, and the rest who were there greeted Ye Chen with cupped fists.

Ye Chen stopped in his tracks and looked down. His gaze landed on Taoist Master Long Quan in the end, “Where did you get your injuries from?”

“I was useless and was injured by the Golden Snake King. However, the Golden Snake King was killed by Sage Ye!”

Taoist Master Long Quan felt warmth in his heart. He laughed and said, “Sage Ye, all the cultivation sects in China are here today. We’re willing to throw away our lives to fight with you!”

“Thank you for your kind intentions, everyone. All of you just need to watch from the sidelines and see how the four of us will flatten the Water Dragon Palace!”

As soon as Ye Chen said that, thunder exploded in the sky as if his words had angered the heavens.

Boom...

With a loud bang, he took a step forward, and his thick black hair flew up like a waterfall from the nine heavens. Then, his eyes shot toward Tongtian River.

“Sky-roaming Dragon King and the dozens of Demon Kings hiding in the water. Didn’t you say that you would kill me, Ye Chen, and then massacre China?”

Ye Chen spoke. Vast thunder rolled out, shaking the water surface of Tongtian River, “I, Ye Chen, am here today. Come out and accept your death!”

Boom...

In that instant, dozens of pillars of water shot up from Tongtian River, and dozens of figures stepped into the air.

The demonic aura was overwhelming. Black energy connected the sky and earth like gigantic chimneys.

When they saw the figures clearly, the crowd was shocked, and their scalps went numb.

Demon Kings!

Dozens of Demon Kings!

It included almost all the Demon Kings in China, including the Pine King, Banyan King, the Sky Wolf King, the Spirit Leopard King, the Marten King, and the Wild Boar King...

Every Demon King could cause great turmoil in the human world, but at that moment, dozens of Demon Kings had gathered.

“Mad Southern Ye, I can’t believe you’re really here!”

In front of the many Demon Kings, there was a young man wearing a python robe with two horns on his head. He took a step forward and said with a cold gaze, “Do you think that the four of you are a match for the over 30 Demon Kings?”

“You’re Sky-roaming Dragon King?” Ye Chen’s eyes flickered.

“You think you’re worthy of meeting my father?”

The young man smiled in disdain, “Mad Southern Ye, I have to admit that you’re quite capable. If you’re willing to submit to the Water Dragon Palace and declare eternal loyalty, perhaps we can spare your life today!”

“You want me to submit?”

Ye Chen said coldly, “You guys are merely animals who have cultivated. What right do you have to make me submit?”

Many Demon Kings were enraged when they heard the word ‘animal’. The Wild Boar King said coldly, “Kill him and then massacre China!”

Right at this moment, a dragon’s roar suddenly broke through the surface of the water from the inside of Tongtian River. Subsequently, an explosion suddenly erupted from the hundred-meter-wide river.

Under the dragon’s roar, the space trembled. The surrounding rocks, earth, and wood shattered. Everyone only felt their ears ring, and they could not help but take a few steps back.

Soon after, on the surface of the huge river, a pair of gigantic mountains broke through the water surface.

Then, a black dragon covered in dazzling black scales soared into the sky. Its massive body was gradually revealed to the world.

15 meters!

30 meters!

45 meters!

60 meters!

Eventually, the black dragon’s body grew to more than 600 meters, almost covering the sky above everyone’s head. The clouds were accompanied by a storm, lightning, and thunder.

### **Chapter 982: I’ll Suppress You Bunch of Animals Today!**

“It’s the Sky-roaming Dragon King!”

Taoist Master Long Quan said in despair.

“Is this the Sky-roaming Dragon King?”

“I-Its so big!”

Everyone looked at the black dragon in fear. They felt as if their minds had been struck by a huge blow, especially the overwhelming dragon might that made them kneel on the ground uncontrollably.

Facing this 600-meter black dragon, even the ordinary people five kilometers away could see it. Instantly, countless people prostrated themselves in worship.

“Heavens, there really are dragons in this world!”

“This is too scary. Against such an existence, what hope do we humans have?”

However, the internet that had been buzzing earlier was dead silent. Everyone could not help but feel despair. Their hearts were shaking.

At the same time, Ye Wen and the rest who had been monitoring the Water Dragon Palace through the satellite could not help but turn pale.

“So this is the old dragon?”

In the Tiannan barracks, Old Wang looked at the black dragon in the video seriously and said in a hoarse voice, “A trouble!”

...

On the surface of Tongtian River, as the black dragon rose into the air, the young man from before was the first to kneel respectfully, “Qing Lin greets father!”

“Greetings, Dragon King!”

The over 30 Demon Kings cupped their fists in unison.

The black dragon swung its dragon whiskers that looked like electric cables as it looked down at Ye Chen with its pitch-black dragon eyes, “Mad Southern Ye, I’ve tried to persuade you earlier, but you refused to listen. Do you have any regrets now?”

At this point, he continued, “I see that you are quite talented. As long as you are willing to be a slave and watch the Water Dragon Palace for a hundred years, I might spare your life.”

Following his words, a Demon King jumped out immediately. He looked at Ye Chen gloatingly and said, “Mad Southern Ye, did you hear that? The Dragon King is merciful and is willing to let you live. Kneel now!”

“That’s right. You should know that not everyone is qualified to become the Dragon King’s servant,” another Demon King said flatteringly.

The other Demon Kings also spoke.

“Dragon King?”

However, Ye Chen smiled and looked at the black dragon fearlessly, “You’re just a hornless dragon. You don’t have any true dragon bloodline at all. How can you be called the Dragon King?”

He was not afraid of a true dragon, let alone a hornless dragon. When he was a Heavenly Emperor, the dragon carriage was pulled by nine mighty dragons.

“This little dragon is interesting!”

The Patriarch of Hell seemed to be delighted as he sized him up. ‘I’m about to enter Nascent Soul, so I’m lacking magic tools. Your dragon bone is the most suitable.’

Everyone's expression changed after hearing that. Even Taoist Master Long Quan and the rest were no exception.

"Kill them and massacre China!"

Many Demon Kings were furious. One of the Demon Kings took the initiative to attack. The pair of horns on his head grew wildly before he charged at Ye Chen and the rest like a bulldozer.

"I'll suppress you b\*stards today!" Ye Chen smiled coldly and attacked brazenly.

Before anyone could see what he was doing, the sky suddenly darkened. Then, the world changed as if everything had turned into nothingness.

After everyone regained their sight, they heard a scream. When they looked again, Ye Chen had torn the horned Demon King apart.

"Oh my god!"

Many people gasped.

That was a Demon King, but Ye Chen had torn it apart alive in the blink of an eye. How powerful was that?!

"Hahaha, amazing, amazing!"

"As expected of Mad Southern Ye!"

"Kill, kill, kill. Kill these animals!"

The internet was in an uproar again. Everyone was stunned by Ye Chen's methods. Cheers could be heard all of a sudden.

The remaining Demon Kings' expressions changed. For a moment, no one dared to charge forward. Although they outnumbered the humans, they were still a small group of beasts that had gathered temporarily.

"Are those the Demon Kings?"

"Is this the Demon Tribe that thinks they are superior?"

Ye Chen's expression remained the same. He looked around like a peerless god of death, "You and the rest of the over 30 Demon Kings gathered together, but you kept quiet out of fear. You dared not attack me. Ridiculous, ridiculous!"

The expressions of the Demon Kings turned cold.

"Attack!"

One of the Demon Kings growled and shattered the void. He could not hold back anymore and attacked Ye Chen first. Meanwhile, the 30 Demon Kings behind him did not hold back anymore.

At that moment, over 30 Demon Kings attacked together. Their might shook heaven and earth, and the aura that erupted caused the depths of one's soul to tremble.

“Let’s see who kills more?”

Ye Wushuang glanced at Luo Tianya and the Patriarch of Hell indifferently. There was a faint hostility in his eyes.

“Sure!”

Luo Tianya laughed out loud. Then, with a flash of his body, he actually took the initiative to fight a Demon King that was made of pine trees.

The Patriarch of Hell scoffed at the idea at first. However, his eyes lit up when he saw a Demon Queen dressed in colorful butterflies.

“Well, Wushuang, Xiaoluo, all the Demon Queens belong to me. If anyone dares to fight with me, don’t blame me for turning my back on you guys!”

The patriarch rubbed his palms. He then headed straight for the Blue Butterfly Queen, “Hey, little girl, your opponent is me...”

A huge battle ensued.

When Old Wang, who was far away in Tiannan, saw the video, he ordered, “Let it begin!”

“Move!”

“Move!”

“Move!”

“...”

Almost at that moment, the 300 people who had arrived in the north, south, east, and west all received the order.

In the eastern mountain, Qin Xiaotian restrained his aura and led a dozen people into the territory of the Demon Kings at the south of the eastern mountains. Then, he said to the ten people beside him, “Wave the flags!”

Over ten people each took out a large flag. As they waved the large flags, the surface of the flags gradually became bigger. In the end, each flag was comparable to a small field.

“Collect the flags!” Qin Xiaotian said again.

After the dozen or so people had collected their flags, 3,000 people suddenly appeared on the spot. Three thousand people were brimming with killing intent. All of them stood motionless with spears in their hands.

Behind these people were mecha tanks that looked like giant steel beasts. They were aimed at the depths of the mutated beasts.

“Fire!”

Qin Xiaotian shouted.

Rumble!

With a series of deafening booms, the entire earth seemed to shake as all the shells were shot into the depths of the beasts.

“Enemy attack, enemy attack!”

Following that, a series of shrill screams rang out. The entire eastern mountains and the south seemed to have fallen into a living hell.

One of the Demon Kings in charge of guarding heard the commotion and immediately flashed out, “What’s going on?”

“This is bad, this is bad. The human army is charging in!” A Demon General charged over in fear.

“How is this possible?!”

The Demon King’s eyes widened, “Didn’t we set up more than ten defenses at the foot of the mountain? How did they sneak in?”

Rumble...

This scene appeared one after another in the north, south, east, and west of China. The army of millions was like a divine weapon descending from heaven, directly piercing into the mutated beasts.

One of the Demon Kings saw that all of his subordinates were dead and injured. His eyes were bloodshot as he charged into the army fearlessly.

Boom...

However, right at that moment, there was a sudden clap of thunder in the sky. The Demon King collapsed with a loud bang. Even his soul could not escape. A mushroom cloud rose in the sky.

The place where the Demon King had stayed before collapsed like an underground city.

Qin Xiaotian watched this scene in shock. After a few seconds, he gulped and said, “This quaking thunder is truly terrifying!”

One shot, just one shot, and a Demon King was killed!

It was the combination of technology and cultivation!

### **Chapter 983: Purify the Demons, Fighting the Old Dragon!**

As the battle broke out, several dozen terrifying auras filled the sky above the Water Dragon Palace. Countless powerhouses prostrated themselves on the ground, not daring to move in the face of the pressure.

Just as everyone was dazzled, an earth-shaking roar of unwillingness rang through the air.

“No!”

Everyone heard the sound.

In the void, a Demon King mutated from an old locust tree was cleaved apart by a sword qi. Large amounts of green blood dyed the entire space green.

Another Demon King died!

“Old Locust King!”

At that moment, the rest of the Demon Kings roared. Some were shocked, some were fearful, and most were in disbelief.

Among the many Demon Kings, Old Locust King was one of the powerful ones. However, he was killed by a sword.

Ye Wushuang coughed lightly. After stabilizing his body, he held his long sword and stood horizontally in the air. The dim sky made his star-like gaze extremely dazzling.

Slaying a Demon King with one strike!

Although he was also injured, he was smiling very happily!

“Too ferocious. Is this Ye Wushuang’s combat power?”

“My hubby is so handsome!”

Many people on the internet were dumbstruck. They thought that Ye Chen’s combat ability was terrifying enough, but they did not expect Ye Wushuang’s combat ability to be equally terrifying.

“Damn, why is this kid so fierce?”

The Patriarch of Hell was entangled with a Demon Queen. He could not help but be shocked when he saw the commotion.

“The strength of the Hell-Crushing Godmammoth Force!”

After Luo Tianya dealt a heavy blow to a Demon King, he could not help but look up at Ye Wushuang, his eyes filled with fighting spirit.

“Damn it!”

Many Demon Kings roared.

The descendant of the black dragon, Qing Lin, let out a long roar, “You guys go deal with that brat. You must tear him into pieces!”

However, Ye Chen did not move at all.

Boom...

Just as the attacks from the Demon Kings landed on him, a strange smile appeared on his lips, “I’ve changed my mind. I will not kill you. I will purify you and make you slaves of the human race!”

“What did you say?” Qing Lin’s expression changed.

Right at that moment, a golden pagoda shot out from between Ye Chen's brows and shot into the sky before transforming into a golden pagoda that was 30 meters tall.

There were a total of eight sides to the golden pagoda. There were a total of nine floors, and on each side, there was a Buddha diagram. Some Buddhas were compassionate, while others were like angry vajras...

The Eight-Divisional Pagoda appeared!

"What's that?!"

At this moment, even the black dragon that was watching coldly from the side was stunned. Then, he seemed to have recalled something and hurriedly said, "Lin'er, flee now!"

Qing Lin wanted to flee without another word. Even though he did not know what the golden pagoda was, he could vaguely sense an extreme danger.

"Too late!"

Ye Chen performed hand seals with both hands. The golden pagoda in the sky suppressed the few Demon Kings including Qing Lin into the pagoda.

"Let me out!"

The few Demon Kings were horrified as they attacked the space in the pagoda maniacally, "Mad Southern Ye, let us out if you dare!"

Ye Chen ignored their curses and chanted the mantra quickly. A power of purification shot out from his glabella and enshrouded the entire Eight-Divisional Pagoda.

Om, Ma, Ni, Pad, Me, Hum!

Om, Ma, Ni, Pad, Me, Hum!

Om, Ma, Ni, Pad, Me, Hum!

The few Demon Kings in the pagoda saw that the numerous Buddhas in the surroundings seemed to have come back to life as he chanted the six-word mantra.

In the end, their ears were filled with the chanting of Buddhist scriptures. All of them revealed expressions of pain and struggle.

A few seconds later, the expressions on the faces of the six Demon Kings, including Qing Lin, changed from resentment to a peaceful one. They were like loyal believers who had converted to Buddhism.

Ye Chen performed a hand seal again. The Eight-Divisional Pagoda shook violently and six Demon Kings appeared again.

Qing Lin, who was leading the group, suddenly knelt to Ye Chen, "Thank you, Sage Ye, for cleansing my sins and making me repent. I'm feeling very calm right now. I finally know that everything I've done in the past was a sin. Now, I can only cultivate with Sage Ye to make up for my mistakes."

The other five Demon Kings did the same.

That was the might of the Eight-Divisional Pagoda, and it was comparable to a brainwashing technique. The only difference was that the brainwashing technique could only be used on ordinary people.

On the other hand, the Eight-Divisional Pagoda relied on the Buddha light to forcefully purify people. Even if the other party was your enemy one second ago, he would be dead set on you the next.

“That’s right!”

Ye Chen looked satisfied. Then, he pointed at the rest of the Demon Kings, “They’re as sinful as you guys. It’s time for you guys to repent.”

“Yes!”

Qing Lin and the other Demon Kings nodded immediately. Then, they returned to the Demon Kings who were still fighting.

The Wild Boar King sensed that something was amiss with them and immediately asked subconsciously, “Young Master Qing Lin, are you alright?”

They were attacking Ye Wushuang and the other two maniacally earlier, so they did not see the scene of Ye Chen purifying Qing Lin and the rest.

“I’m fine”

Qing Lin was calm.

“That’s good. The three of them won’t be able to hold on for long. As long as we kill Mad Southern Ye, they’ll collapse on their own!”

The Wild Boar King looked at Ye Wushuang and the other two who were held back. Then, it charged at Ye Chen first, “Young Master Qing Lin, help me!”

However, at the next moment, he suddenly realized that Qing Lin and the others had taken control of him. One grabbed his arms, and the other grabbed his legs, immobilizing him.

“Young master Qing Lin, Bee King, what are you guys doing?” The Wild Boar King’s heart sank. He still did not know what had happened.

“Wild Boar King, put down your weapon and repent now!”

The Bee King was like a devout Buddha that pitied the fate of mankind, “You’ve been eating humans since forever. Your hands have been stained with too many sins. If you don’t convert to Buddhism now, when will you?”

“That’s right, Wild Boar King, don’t sin anymore. We’ve already submitted to Sage Ye. You must know that the sea of bitterness has no bounds, repent before it’s too late!” Qing Lin said solemnly.

“Bee King, are you guys crazy?!”

The Wild Boar King had a look of disbelief.

At that moment, Ye Chen walked over step by step. The Wild Boar King’s expression changed as he said immediately, “Mad Southern Ye, what did you do to them?”

“Om, Ma, Ni, Pad, Me, Hum!”

Ye Chen could not be bothered to talk to him. He took out the Eight-Divisional Pagoda directly and chanted the mantra to forcefully purify him.

“Greetings, Sage Ye. I was really stubborn in the past. Thank you for your guidance. You took the effort to purify me.”

The Wild Boar King seemed to have transformed into a devout believer as he knelt on the ground, “From now on, I will truly turn over a new leaf and completely convert!”

“Good, good, good. Wild Boar King, to be able to turn over a new leaf and comprehend the sins of the past is truly a great enlightenment!”

Qing Lin and the other Demon Kings were very happy, “The other Demon Kings are still sinking in the sea of sin. We still need to join forces to convert them completely.”

“Yes, I will do my best!”

The Wild Boar King nodded. Together with Qing Lin and the others, they rushed towards the intense battle.

Pine King, purified!

Blue Butterfly Queen, purified!

Earth Rat King, purified!

Sky Wolf King, purified!

...

In the end, all the over 30 Demon Kings were purified by Ye Chen.

The dozens of Demon Kings even used their supernatural powers to shave their heads. They transformed kasaya out of thin air and sat on the ground like dozens of monks knocking on wooden fish.

“Amitabha!”

“Form does not differ from emptiness, emptiness does not differ from form...”

“...”

Dead silence, the world was dead silent!

Countless people looked like they had seen a ghost. They did not expect things to turn out like this.

Ye Chen managed to subdue all the Demon Kings without bloodshed?!

“My, my!”

Waves of shock surged in the Patriarch of Hell’s heart, ‘How can Fellow Ye’s Eight-Divisional Pagoda be so heaven-defying? If he was to do something to me...’

Thinking to this point, he immediately shivered, but did not dare to continue thinking.

However, there was silence on the internet. A few seconds later, someone said, "Could it be that Mad Southern Ye brainwashed them?"

The black dragon in the sky stared blankly at the dozens of monks on the ground, "Bastard, what did you do to my son and the rest?!"

"Fellow!"

Qing Lin looked up at the black dragon and pressed his palms together, "Stop committing sins..."

"Lin'er, you..."

The black dragon could not believe his eyes.

"Shut it!"

Qing Lin spoke righteously, "I'm a believer of Buddhism, and we're no longer father and son. I don't have a sinful father like you...."

Blergh!

The black dragon spat two mouthfuls of blood in anger. Its pair of dragon claws grabbed at Ye Chen like two towering trees, "Mad Southern Ye, I want you dead!"

#### **Chapter 984: Who Said I Can't Kill You?**

"Mad Southern Ye, I want you dead!"

Sky-roaming Dragon King could not help but attack after hearing the voice filled with endless fury.

Initially, he thought that Ye Chen and the rest were quasi-saints at most. On the other hand, they had dozens of Demon Kings who were comparable to quasi-saints. There was no need for him to fight with such a disparity in strength.

However, the outcome shocked him. Ye Chen had purified dozens of Demon Kings with a golden pagoda. Even his son Qing Lin was no exception.

Boom...

The black dragon waved a pair of enormous dragon claws as it grabbed at Ye Chen from the sky. It shattered the void like the huge mouth of an ancient ferocious beast that could devour the sky and earth. It wanted to kill Ye Chen with it.

As he attacked, his 600-meter-long body swayed slightly, forcibly crushing a mountain.

"Too powerful!"

Seeing this, the expressions of Taoist Master Long Quan and the others, who were watching the battle closely, changed.

They were shocked to discover that they could not resist at all under such pressure.

The dragon Qing Lin, who was purified by Ye Chen, advised immediately, "Fellow Dragon King, stop your mistakes!"

"Amitabha!"

"Fellow Dragon King, the sea of bitterness has no bounds, repent before it's too late!"

"Quickly surrender to Sage Ye. He's a proud son of heaven of the human race and possesses great fortune. Only by following him can we obtain eternal life!"

"..."

The several dozen Demon Kings led by Qing Lin soared into the sky. They charged toward the claw that seemed like it could tear the sky apart. They seemed dignified.

Although that was what they said, the dozens of Demon Kings did not show any mercy. They all took out their trump cards and attacked Sky-roaming Dragon King maniacally.

The most exaggerated one was none other than the son of Sky-roaming Dragon King, Qing Lin. He leaped onto the back of the black dragon and violently struck his scales.

"Get lost!"

Even Sky-roaming Dragon King could not withstand the attacks of so many Demon Kings. After a grunt, his huge body shook forcefully, sending dozens of Demon Kings flying.

"They must have been controlled by your witchcraft. As long as I kill you, my son will become normal again!"

Sky-roaming Dragon King swung his sharp claws at Ye Chen again. The killing intent in his eyes cooled the temperature around.

At that moment, everyone was nervous. After all, this was the most powerful battle between the humans and the mutated beasts. The outcome would represent the future prosperity and decline of the two races.

"Perfect timing!"

Ye Chen roared. Just when the black dragon's sharp claws were about to land on him, he shot up like an arrow that had left the bow.

With a long roar, the rivers and mountains shook, and the mountains and rivers resonated together. The world moved along with his lineage, and he reigned supreme in both heaven and earth!

That was his spirit!

That was the embodiment of invincibility!

Boom...

The black dragon's sharp claws landed on the spot where Ye Chen was standing earlier. The mountaintop was crushed by the claws. Countless rocks and soil were thrown into the air as loud booms were heard.

“What’s that?!”

Someone exclaimed.

Subsequently, everyone saw Ye Chen, who was shot into the air, leap onto the black dragon’s back.

Bang!

Ye Chen attacked. It was simple and direct. A golden punch shot through the sky and blasted at the black dragon’s body.

“33-Days Divine Punch!

“Shock Hammer!”

Boom...

Raging waves swept through the skies, all sides destroyed.

“Roar...”

With a punch, dazzling sparks flew from the black dragon’s back as if it had struck metal.

Even so, the black dragon was still in pain. It swung its body maniacally as if it wanted to throw Ye Chen off its body.

“Earth-shaking Stomp!”

Ye Chen stomped on the ground. He stood still like a towering mountain, “33-Days Divine Punch, Heaven-shattering Press. One strike to subdue the sky and two strikes to conquer the sea!”

“...”

Scales immediately flew out from the black dragon’s back.

“Do you yield?!” Ye Chen’s voice was thunderous.

The black dragon let out a blood-curdling scream as it twisted its massive body frantically, “You want me to yield? You’re not worthy!”

Rumble...

“Burning Palm!

“Dragon Claw!

“Star-picking Hand!”

“...”

Ye Chen attacked again. Every move he made seemed like he was going to destroy heaven and earth. The surging and terrifying energy was spreading wildly around him. His hair, which looked like a demon, moved in the wind.

In the distance, everyone was stunned. They stared at the slightly weak body in disbelief as the huge black serpent roared.

The internet was silent.

Everyone stared at the power of the battle with their mouths agape. It could be said that heaven and earth had collapsed. The mountains and rivers were trembling as all sorts of phenomena appeared.

Roar!

The black dragon's skin and flesh were lacerated, and it was completely enraged. After roaring furiously, it actually controlled its enormous body to charge towards an incomparably enormous mountain in the distance.

Boom...

Under everyone's shocked gazes, the mountain peak was shattered, and countless rocks flew everywhere.

"How did it end?"

Everyone widened their eyes as they searched for Ye Chen and the black dragon. Their hearts were hanging by a thread.

Roar...

With a furious roar, a huge body shot out from the dust. It seemed to cover the sky as it radiated with a terrifying might.

However, when the dust settled, there was no trace of Ye Chen. It was as if he had died in the explosion.

"Mad Southern Ye is dead?!"

At that moment, countless people looked like they were about to go insane. Even the Patriarch of Hell's expression gradually turned grim.

"Sage Ye!"

Taoist Master Long Quan roared repeatedly.

"Hahaha!"

The black dragon laughed wildly, "Mad Southern Ye, you're overestimating yourself by competing with me in physical strength!"

As soon as he finished speaking, he shot his gaze towards Taoist Master Long Quan and the others in the distance, and he did not conceal his killing intent at all, "He's dead. It's your turn now?"

"Fight!"

Taoist Master Long Quan's eyes were bloodshot. He stepped into the air and laughed hysterically, "Fight! Fight with all of your heart! Even if we die today, we'll show you that the human race will never fear battle!"

“Kill!”

Granny Lotus took a step forward with her two sabers in hand and stood side by side with Taoist Master Long Quan, “Long Quan, if you and I die, perhaps we can be buried together!”

“Hahaha, alright!”

Taoist Master Long Quan’s laughter shook the sky.

“Fight! Fight! Fight!”

At this moment, the powerhouses from Maoshan, Wudang Sect, and other traditional Chinese sects rose into the air with determined eyes.

Someone laughed, “Children of China, open your eyes wide and watch carefully. The human race and the demon race are irreconcilable. We would rather die than live in peace!”

“Fight, fight, fight!”

“Kill, kill, kill!”

At this moment, countless people who had seen this through live broadcasts were crying. They all felt an extreme sense of sorrow.

The black dragon watched the scene in disdain, “Even Mad Southern Ye can’t kill me. Do you think you useless people can?”

“Who said I can’t kill you?”

At that moment, an extremely calm voice rang out from the rubble.

### **Chapter 985: Seafood Barbecue Feast!**

The voice was neither loud nor soft, but it reached everyone’s ears.

The black dragon’s disdainful laughter stopped abruptly.

Taoist Master Long Quan was stunned at first, then he suddenly turned to look at the pile of rocks in the distance, his eyes filled with disbelief.

Some thought that they were hallucinating and stammered, “Sage Ye isn’t...dead?!”

Bang..

As if in response to his words, the huge pile of rocks exploded and a god-like figure slowly walked out from the storm.

He was dressed in golden armor, and his eyes were like bright suns. There were two small suns dancing within them, and the pressure radiating from his body was over 3,000 meters. The ground where the Water Dragon Palace was located had sunk several meters deep.

It was as if heaven and earth were being suppressed by one person!

“It’s Mad Southern Ye. He’s not dead!”

The internet was in an uproar again, and many people were crying with excitement.

“Sage Ye!”

Taoist Master Long Quan and the others were extremely excited.

“How are you not dead?!”

The black dragon looked as if he had seen a ghost. After all, he risked being seriously injured to smash a mountain while carrying Ye Chen.

“My methods are beyond your imagination!”

Killing intent flashed through Ye Chen’s eyes as he charged at the black dragon. The black dragon’s expression changed drastically as it retreated.

However, in the next moment, his entire body froze because a pair of giant hands grabbed his tail.

Ye Chen roared and exerted strength in his arms. A large patch of black blood rain fell immediately and tore the black dragon’s tail in an extremely violent manner.

The black blood was like a rain of blood that fell onto the ground. It was extremely hot, and it actually made several large holes in the ground.

Shocking!

Everyone’s eyes were filled with shock!

Ye Chen had torn the black dragon’s tail with his physical strength. After all, the black dragon’s tail was extremely hard!

Roar!

The black dragon let out a blood curdling scream before diving headfirst into the Water Dragon Palace beneath Tongtian River, ignoring the pain of its severed tail. Only the black river water proved that it had truly been scared out of its wits.

At this moment, the entire world was silent. Everyone stared blankly at the god-like figure in the sky.

Subdue the demons and hurt the Dragon King!

Before this, who would have thought of that?

This scene was captured by satellites, cameras, and phones.

“My, that’s amazing!”

“Oh my god, he actually tore the tail of the water dragon with his bare hands. Is this Mad Southern Ye’s combat power?”

At this moment, whether it was Tieba or various livestreaming platforms, everyone went into an uproar. Countless comments flooded the screen.

“This is awesome, too awesome. Wasn’t that old dragon quite arrogant before? Now he’s scared too!”

“Mad Southern Ye, go on. You must not let this old dragon off. You must let him know how powerful the Chinese are!”

“Give birth to a son like Mad Southern Ye. Marry your daughter to a man like Mad Southern Ye!”

“...”

Many people laughed. They felt like they had finally vented their anger, and their hearts were relieved.

Meanwhile in the Water Dragon Palace, after Taoist Master Long Quan became excited, he stepped forward and said, “Sage Ye, that black dragon has hidden under the water. What should we do now?”

“What else can we do? Of course, we have to beat the drowning dog and drag him out of the water!” Someone suggested.

“No!”

Taoist Master Long Quan immediately objected, “You don’t know this, but ever since the spiritual energy recovered and this black dragon entered the world, it occupied the upper reaches of Tongtian River, causing the upper and lower reaches to be cut off!”

At this point, he added, “That’s not all. This old dragon seems to have thrown a kind of poison into the water. Anyone who is not a member of the Ocean Tribe or a human will turn into a pool of blood in an instant.”

When these words were spoken, everyone’s expressions changed, especially those who planned to jump into the river.

Li Ying from Dragon King Palace also walked over and said, “Our Dragon King Palace had sent people down before, but they never returned. Most importantly, we humans are like water, unable to unleash our full strength in the water.”

Ye Chen interrupted everyone’s argument. He dashed to the side of Tongtian River in one step and said while smiling coldly, “Old loach, I’ll give you a chance. If you kneel and surrender now, I might spare your life.”

“Dream on!”

The roar of the black dragon could be heard faintly from the water, “Come down if you dare. Also, don’t be too smug. Although you’ve subdued many demon kings, the million beasts are still around. I swear that I will wash China with blood!”

“Wash China with blood?”

Ye Chen smiled coldly, “I’m not afraid to tell you that I’ve deployed a million troops to your lair before fighting you. I’m afraid that the so-called million beasts you’re talking about have already been killed!”

“What a joke!”

The black dragon said with a cold smile, "Mad Southern Ye, do you think I'm a three-year-old kid? Once the army of a million moves, they'll definitely be exposed. How can the army of a million beasts not be on guard?"

"I've said all I can to you. Since you're still in denial, then don't blame me for being rude!"

Ye Chen's expression gradually turned cold, "Do you think I can't fight you?"

"Use whatever tricks you have!" The black dragon taunted.

Ye Chen did not say anything else. He took a step forward and leaped into the air above the Water Dragon Palace. Subsequently, he looked down at the water surface with two balls of golden flames dancing in his eyes.

"A single glance from me can burn the heavens!"

Two balls of fire shot out from his eyes and landed on the river.

Compared to the massive Tongtian River, the two balls of sparks were like two cigarette butts that had yet to be extinguished. However, when they landed on the surface of the water, it was like they had encountered gasoline.

Boom...

At that moment, the river water began to burn, and the flames grew more intense until the entire Tongtian River was on fire.

"What..."

Everyone was stunned!

The internet was dead silent.

The scene before them was too shocking. After all, that was a river. Based on common sense, how could a river burn?

However, the truth was right in front of them!

They had no choice but to believe it!

Bloop...

Before long, the waters of the Tongtian River began to boil.

Screams could be heard from the bottom of the lake, and then corpses floated to the surface.

Among them were lobsters the size of cars and turtles the size of airplanes. However, all of them were floating on the surface of the water, and their bodies were gradually being roasted.

"It smells so good!"

Someone gulped.

Countless netizens who saw this through the livestream fell silent. Someone asked weakly, “Is this a seafood barbecue feast?”

“Can I come over to freeload for food and drink? I’ll bring my own bowl and chopsticks, pack a bag with pepper, chili powder, and spices...”

“...”

Soon after, the black dragon’s scream was heard, “What’s this? Mad Southern Ye, what did you do to us?!”

### **Chapter 986: The Three Overlords of the Ocean!**

“Old loach!”

Ye Chen stood in the air. His eyes were as cold as knives, “If you don’t get out, I’ll destroy the entire Tongtian River today and kill your descendants!”

“I’m not coming out!”

The black dragon made up his mind and refused to get out.

“Great!”

Ye Chen grinned and raised his hand to slap the sky. Numerous purple Five Thunder Talismans were aimed at the sky. His voice was like thunder, “Come here, lightning!”

At the next moment, the wind and clouds changed color, and the sky shook.

To everyone’s shock, the clear sky was suddenly covered by endless dark clouds.

Rumble...

Ten thousand bolts of lightning descended from the dark clouds and struck Tongtian River, transforming it into a sea of lightning.

On the other hand, Ye Chen stood with his hands behind his back as he basked in the lightning. He stood tall and still like the Thunder God who was in charge of the punishment.

“Divine might, this is true divine might!”

At that moment, countless people worshiped Ye Chen, as if he was a real god.

Bang...

Right at this moment, a shadow suddenly shot out from the river surface. The shadow was gigantic, and after it jumped out of the water, it directly rushed towards the south.

Who else could it be but the black dragon?!

However, he was currently in an extremely miserable state. Not only were his skin and flesh torn, he also gave off a burnt smell.

“Mad Southern Ye, I’m not done with you!”

The black dragon roared continuously. Although his tone was extremely unyielding, he did not dare to stop at all. He flew towards the south with all his might, crossing thousands of meters in an instant.

Seeing this, everyone’s eyes were filled with disbelief.

Sky-roaming Dragon King had escaped?!

“Oh no!”

Li Ying from the Dragon King Palace seemed to have thought of something and her expression changed, “Palace Master, this flood dragon wants to escape to the southern sea region. We can’t let him enter the sea!”

“Why not?” Ye Chen asked.

“Palace Master, you may not know this, but there are many more creatures in the sea than on land. After the spiritual energy recovered, countless ferocious overlords were born in the sea. There are three that are comparable to the black dragon!”

Li Ying said quickly, “Those two are the Killer Whale King, Sea Dragon King and the White Shark King. Once the black dragon escapes into the sea, he will definitely obtain their protection. By then...”

“Sea Dragon King?”

Someone’s expression changed, “Are you talking about the Sea Dragon, the overlord of the Cretaceous period? Aren’t they extinct?”

“No, one survived!”

Li Ying’s pretty face turned pale as she said, “Furthermore, he has become one of the three great oceanic overlords. The various countries couldn’t destroy him even if they used nuclear bombs before!”

Taoist Master Long Quan sucked in a cold breath and said, “If that’s really the case, we really can’t let that black dragon enter the sea. Otherwise, it will definitely become a great calamity for the human race in the future!”

“I’ll report to the upper echelons right now and tell them to stop the black dragon!” Li Ying left after saying that.

“No matter where he runs to, he will die!”

Ye Chen’s eyes were sharp. He opened his mouth and spat. A purple sword gleam landed in the air. It was the True Martial Thousand Lightning Sword.

“Go!”

He glanced at the Patriarch of Hell, Ye Wushuang, and the rest. The three of them immediately landed on the True Martial Thousand Lightning Sword.

Boom...

Under everyone's gaze, the True Martial Thousand Lightning Sword carried Ye Chen and the rest and chased after the black dragon as lightning.

...

Within the Qinghai province, a giant creature almost 500 meters in size was boiling in the air. From time to time, it would scream.

Countless citizens looked up at the scene in the sky, their eyes filled with disbelief.

"My god, what kind of monster is that? A dragon?"

"He's the black dragon from the Water Dragon Palace. I saw through the live stream that he was defeated by Mad Southern Ye and wanted to escape!"

"..."

Countless citizens were discussing.

In the Minnan sea region, warships were already in position. On the warships, countless people in uniforms stared nervously at the black dragon on the big screen.

At that moment, an old man in traditional Chinese attire boarded the ship. Everyone made way, "Old Wang!"

"How is it?" Old Wang asked.

One of them stood up and said, "The situation isn't good. We've already locked onto the trajectory of the black dragon. It looks like he really wants to escape to the sea!"

"Can't we stop him?" Old Wang frowned.

"It'd be difficult!"

The man from before forced a smile, "This black dragon is extremely cunning. He knew that we would use nuclear bombs to attack him, so he kept flying at a low altitude. If we used nuclear bombs or intercontinental missiles, I'm afraid the ground would be affected..."

"Also, Heavenly King Ye has been following this black dragon closely!"

Another person said, "The distance between the two is less than 3,000 meters. We can't use missiles, or we might accidentally injure Heavenly King Ye!"

In reality, they knew that even if they used missiles, they would not be able to harm the black dragon.

"No, Heavenly King Ye slowed down intentionally because this is a human city in China. If we fight, it will cause too much damage!"

Old Wang fell silent. He stared at the screen for a few seconds before saying, "We can only rely on Heavenly King Ye now!"

Everyone's eyes narrowed.

That was right!

They could only rely on Mad Southern Ye now!

Although the black dragon was seriously injured, if he was allowed to successfully escape to the sea and obtain the protection of the three overlords, the strength of the Ocean Tribe would increase exponentially and bring even greater threat to the sea in China.

...

At the same time, the whole country was shaken. Information regarding the battle at the Water Dragon Palace spread to various places.

Mad Southern Ye suppressed dozens of Demon Kings and even used his great divinity to boil the entire Tongtian River. He summoned lightning and forced Sky-roaming Dragon King to flee with serious injuries!

This news shook the earth!

Many people were extremely excited, "Impressive, Mad Southern Ye. As expected of the No. 1 person in China!"

"After this battle, the mutated beasts will lose all hope. Let's see if they still dare to invade our human cities!"

"..."

Countless people discussed.

However, in the next moment, another piece of shocking news came, "That black dragon is going to run to the sea. Mad Southern Ye has turned into a Sword Immortal and is hunting him down!"

"What? The black dragon is escaping to the sea?"

"How can he do that? The mutated beasts in the sea have always been a great threat to our country. If there's a black dragon, their strength will definitely increase greatly!"

Many people were worried.

Even so, someone still believed in Ye Chen, "I believe Mad Southern Ye will definitely kill him."

...

An hour later, along the coast of Minnan Province, the black dragon, which was over 500 meters long, travelled more than 2,000 kilometers and finally reached the sea.

He could not help but sneer as he looked at the sword gleam that was chasing after him, "Mad Southern Ye, it's too late. Too late!"

"In reality, you had a chance to stop me along the way. Unfortunately, you didn't. You were afraid that I would intentionally lead you to a place with a large crowd."

At this point, the black dragon seemed to be disdainful, "This is the difference between you and me. You are a human and I am a demon. Based on this alone, how can you be my match?"

Boom...

At that moment, a loud bang suddenly came from a warship above the sea, and a missile with monstrous flames shot at him.

It was Old Wang!

### **Chapter 987: One Man is Equivalent to a Million Heroes!**

“We must kill him!”

Old Wang looked at the big screen nervously. One of his hands subconsciously clenched together.

The people behind him were equally nervous.

However, to their disappointment, when the missile was about to reach the black dragon, he suddenly opened his mouth and swallowed it.

At the next moment, the black dragon opened his mouth again, and the missile shot back at an even faster speed than before.

“Oh no!”

Old Wang immediately said, “Stop him, stop him now!”

Beep, beep, beep...

As the alarms went off, one of the technicians panicked and said, “Oh no, we’ve been attacked by an unknown magnetic field. The interception system is down!”

“What?”

Old Wang and the rest were shocked.

The failure of the intercepting system meant that their location was completely exposed to the missile’s range.

The missile was getting closer and closer. Seeing that it was about to land on the warship, everyone could not help but look in despair.

At the next moment, a flash of light cut through the sky, and it was several times faster than the missile.

A golden figure stepped out and grabbed the missile before throwing it into the sky.

Boom...

A huge mushroom cloud appeared in the sky.

“It’s Heavenly King Ye!”

The people on the warship could not help but heave a sigh of relief. They looked glad, they almost died.

Ye Chen lowered his head and glanced at Old Wang and the rest. He then looked at the black dragon coldly, "Old loach, you're really good at running!"

The black dragon was not bothered. Instead, he smiled strangely, "Mad Southern Ye, you've already missed the chance to kill me!"

Following his words, an endless fog suddenly appeared above the vast sea region, waiting for the fog to disperse.

Giant beasts suddenly appeared on the surface of the sea. These giant beasts were as strong as mountains, and there were all kinds of strange creatures. Some had long fangs, and some were covered in bone armor...

As far as the eye could see, they were densely packed. It was impossible to see the end of them, as if they were endless.

Behind these giant beasts was an extremely orderly sea beast army. They all had the heads of beasts and the bodies of humans. They wielded weapons and waved their banners. They were filled with endless killing intent.

"It's the Ocean Tribe!"

Old Wang and the others were shocked.

They had fought many battles with the sea beasts, so they were very familiar with these opponents.

Right at this moment, a red-robed old man suddenly stepped out from the sea beast army that stretched as far as the eye could see, "Sky-roaming Dragon King, we're here on the orders of the Killer Whale King to assist you. Please come quickly."

Old Wang and the others were enraged when they heard that. Someone climbed onto the deck and snapped, "Hey, the black dragon is the enemy of the human race. Are you declaring war with the human race by saving him?"

"War?"

The green-robed old man cackled, seemingly disdainful, "You humans have already fought with us sea beasts several times. When have you ever had an advantage?"

"You..." The man was speechless.

In the end, the green-robed old man's gaze landed on Ye Chen, "You must be Mad Southern Ye, right? We don't care if you dominate the land. However, this is the sea now. It's our world. If you know what's good for you, get lost now."

"Mad Southern Ye, did you hear that? I told you that you've already missed the chance to kill me!"

When the black dragon heard that, he laughed loudly, then spread his body and flew toward the sea beast army.

"Mad Southern Ye, don't worry. I'll never forget the pain you've brought me!"

The black dragon said resentfully, "When I recover from my injuries, I will definitely kill a few more humans to thank you!"

"How dare a dying person talk so much?!"

Ye Chen's eyes were cold as he enunciated every word clearly, "I said that none of you will leave today!"

"Hahaha!"

The black dragon and the green-robed elderly man burst into laughter upon hearing that, "You? Do you know that there are 100,000 sea beasts behind me? I can drown you with a single spit!"

"Is that so?"

"Oh," Ye Chen replied. Subsequently, Emperor Brush appeared in his hand. He held Emperor Brush as he moved swiftly in the air.

Boom...

A faint purple aura rose in the sky like a coiling dragon. It enveloped Ye Chen with supreme dignity.

It was the purple energy from the east!

Under the effect of the purple energy, the aura on Ye Chen's body rose steadily. He was like a supreme king or an iron-faced judge who could kill with a swing of his brush.

Ye Chen lifted his brush.

A three-meter-wide thundercloud diagram shot into the sky and disappeared into the clouds.

At the next moment, under everyone's shocked gazes, the sky suddenly became filled with thunderclouds. The thunderclouds practically covered a thousand-meter radius of the sea.

With a series of loud cracking noises, 10,000 lightning bolts descended from the sky.

At this moment, the expression of the green-robed old man including the black dragon changed, "Oh no! Retreat!"

However, it was too late. The densely packed lightning fell onto the endless sea beast army.

Boom, boom, boom...

At that moment, the entire world was filled with lightning, shaking heaven and earth. Countless sea beasts were struck by the lightning and died on the spot.

In just a few short breaths, over 10,000 sea beasts had died from the lightning. The remaining tens of thousands fell into a state of panic and fled in all directions.

Old Wang and the others were dumbfounded!

Even the Patriarch of Hell looked as if he had seen a ghost, "Damn it, this is too heaven-defying!"

Even though he was a Tribulation Almighty in his previous life, he had never seen a Nascent Soul cultivator use such a monstrous technique.

Ye Chen's expression remained the same. He held Emperor Brush in his hand and wrote a short word with only three strokes.

"Mountains!"

When the brush landed, the weather changed, mountains and rivers moved.

Under Old Wang and the others' stunned expressions, they saw countless mountains rushing over from the horizon. In the end, they formed a force of 10,000 mountains surrounding them.

Huge mountains stretched across the sky, making one's heart and soul tremble.

Rumble...

Countless mountain ranges fell, violently suppressing the sea beasts on the sea.

"Ahhhh!"

The sea within a radius of 3,000 meters was almost completely filled by mountains, and countless sea beasts were instantly crushed to death.

This completely destroyed the confidence of the black dragon and the green-robed old man. The two of them charged into the depths of the sea region without saying anything.

Countless Chinese overlords who witnessed this scene were shocked. They would never forget this scene even if they died.

An old man's lips trembled as he said, "Painting Dao Technique, this is the Painting Dao Technique. I didn't expect Fellow Ye to have actually reached this stage!"

"One man is equivalent to a million heroes!"

The other person's face was flushed, "Mad Southern Ye is the only Mad Southern Ye in China. He's equivalent to a million heroes."

Ye Chen charged into the depths of the sea with the True Martial Thousand Lightning Sword in his hand, "I'm going to flatten the 30,000 kilometers of sea in China today!"

### **Chapter 988: One Sword Gleam Lit up the Nine Provinces!**

On the vast sea, the black dragon and the green-robed old man rushed toward the depths of the sea maniacally, wishing they had more legs to move faster.

At the same time, there were many sea beasts that survived behind them that fled maniacally, yet they were quickly caught up by the sword qi that covered heaven and earth.

Ye Chen wielded the True Martial Thousand Lightning Sword like a meat grinder. Many sea beasts died under his sword with every step he took.

He was dressed in golden armor, and his eyebrows were straight. His eyes were like heavenly swords, as if he had transformed into a peerless Sword Immortal.

Meanwhile, the True Martial Thousand Lightning Sword in his hand surged with sword gleam, and it was like a dazzling sun as it split into over 10,000 dazzling sword gleams. Every single sword gleam was incomparably merciless as it pierced through the body of a sea beasts.

Sword qi spanned 3,000 meters!

As he went deeper, the expressions of Old Wang and the others who had been watching closely changed, "Oh no, Heavenly King Ye is about to break into the Killer Whale King's territory!"

"Quick, tell Heavenly King Ye to stop, we can't go any deeper!" Someone shouted loudly in panic.

There were three overlords above the sea in China. They were the Killer Whale King, the Sea Dragon King, and the White Shark King.

The three overlords were not weaker than the black dragon. They ruled the sea and had a strong sense of territory. There was once a Chinese plane that flew above the three territories and was forced to land.

Old Wang arrived on a helicopter, "Heavenly King Ye, stop immediately. The Killer Whale King's territory is right ahead. For safety reasons, you're not allowed to go any further!"

However, Ye Chen did not stop. He did not look back.

"What is he doing?!"

At this moment, countless people were shocked.

Someone's expression changed as he exclaimed, "I know! Sage Ye wants to fight the three overlords by himself and remove the threat from China!"

As soon as he said that, everyone fell silent. They were shocked by Ye Chen's crazy idea.

After a few breaths, Ye Chen was less than 300 meters away from the black dragon and the green-robed old man.

"Die!"

Ye Chen's tone was cold.

At the next moment, a sword qi that pierced through the surroundings erupted from his hand, slashing toward the two people before him in a single moment.

Heaven and earth seemed to have been cleaved in half by this sword, and the sea within 300 meters was sliced open by this sword. Everyone's eyes were only filled with this sword gleam.

At that moment, the black dragon and the green-robed old man also sensed the danger behind them. They had goosebumps.

The black dragon roared angrily and all the scales on his body stood up. Then, he shook his body violently and swept the green-robed old man toward the sword gleam.

"No!"

The green-robed old man had never imagined that the black dragon would treat him in such a manner. Unwilling to accept that, he roared repeatedly, as if he wanted to avoid it.

However, it was instantly hit by the sword gleam. Huge waves surged, and the entire sea area within 300 meters seemed to have been attacked by a nuclear bomb.

The green-robed elder had died!

Not only that, even the black dragon who had escaped was struck by the aftershock of the explosion. He cried out miserably as a ghastly sword scar appeared on his body.

Then, his body swayed, and he turned into a middle-aged man in black. However, his body was covered in blood, and his face was extremely pale.

“I’ve told you, you can’t escape!”

Ye Chen approached with his sword in hand. He looked down on the black dragon with his eyes that were filled with disdain.

“Killer Whale King, save me, save me!” The black dragon shouted.

Roar!

A commotion suddenly came from the sea where Ye Chen was. Subsequently, a huge creature charged into the sky all of a sudden and opened its bloody mouth to bite Ye Chen.

However, Ye Chen was even faster. In the blink of an eye, he was already 300 meters in the sky.

The giant object was completely exposed to him. It was three times the size of a yacht on the sea, and it was big enough to swallow a yacht.

It created huge waves, as if the entire sea was boiling.

“My god, what a huge monster!”

At that moment, all the people who had been paying attention were shocked. Disbelief filled their eyes.

“It’s the Killer Whale King!”

The people from the military immediately recognized him. As soon as he said that, waves of shock rose among everyone.

“What? That monster is the Killer Whale King?”

“I’ve never seen such a large Killer Whale before. I feel like it could swallow a whole building!”

“Mad Southern Ye is in danger now!”

Countless people’s expressions changed slightly as they began to worry.

The huge creature did not continue its pursuit after failing its attack. Instead, it began to shrink after leaping out of the sea.

In the end, he transformed into an extremely valiant man. He had the face of a Western man, and when his eyes opened and closed, divine light shot out.

Before anyone could react, a strange change occurred on the surface of the sea again. Two incomparably huge waves swept over from the sea in the southeast direction.

In the sea, there were two extremely large shadows that were approaching quickly.

Boom...

As the two pillars of water shot up, two gigantic monsters appeared again.

One of them looked like a giant crocodile. It was covered in sharp barbs, and its bloody mouth was filled with dense fangs.

The other one was a giant white shark that looked like a small villa. Its eyes were the size of lanterns.

"It's the Sea Dragon King and White Shark King!"

"I didn't expect them to come too!"

"Oh my god, the three overlords of the ocean are here. It seems like they are determined to protect the black dragon!"

At this point, everyone's hearts sank completely. The three overlords of the ocean had always been fighting openly and covertly. However, they appeared unanimously now. It was obvious that they wanted to fight Ye Chen.

The Sea Dragon King and White Shark King were like the Killer Whale King. After their figures changed, they turned into a man and a woman.

Amongst them, the Sea Dragon King had a stocky build and an extremely wild appearance. The space between his brows was filled with an extremely dangerous aura.

However, the White Shark King was a lady. She wore a white veil that only covered a small part of her body. Her figure was exquisite and graceful like an angel.

The Killer Whale King said with a cold expression, "This is my territory. I'm afraid it's terrible for the two of you to come here rashly, right?"

"Hehe, Killer Whale King, you're one of the overlords of the ocean, yet you allowed humans to invade your territory!"

The White Shark King covered her mouth and giggled, "Of course we're here to make fun of you!"

"White Shark King, how dare you!" The Killer Whale King was furious.

At this moment, the Sea Dragon King's hoarse voice sounded, "Enough, you two. I'm not here to listen to your quarrel!"

The Sea Dragon King then looked at Ye Chen after saying that. He said with a forced smile, "Are you the former No. 1 person in China, Mad Southern Ye?"

“Since you know my name, aren’t you afraid that I’ll kill all of you to be daring to appear before me?” Ye Chen stood with his sword in hand. His eyes were as cold as a blade.

“Kill us?”

The Killer Whale King seemed to have heard something funny, “Mad Southern Ye, you think too highly of yourself. This is our territory, not your land!”

### **Chapter 989: All Lands Under the Heavens Belong to the King!**

“All lands under the heavens belong to the king!”

Ye Chen’s eyes were cold, “So what if it’s land? So what if it’s the sea? It’s still China’s territory. You’re challenging China by claiming the sea as yours!”

“China?”

The Sea Dragon King grinned sinisterly, “Do you know that the so-called China will be destroyed by my sea beast army after we kill you?”

“That’s right!”

The White Shark King licked her scarlet lips seductively and said, “I love eating Chinese people the most.”

At this point, she seemed to be intoxicated, “In the short span of ten months, tens of thousands of people from your country have gotten into my stomach. I miss the taste already!”

“You’re courting death!”

Coldness shot through Ye Chen’s eyes when he heard that.

He was really angry!

Even though he knew that these beasts had harmed many humans after they spoke human language, he did not expect that a single Demon King had eaten more than 10,000 humans.

At the next moment, he moved and charged toward the White Shark King to kill this vicious woman!

“Good timing!”

The White Shark King did not panic at all. She stretched out a hand and a huge clam shell appeared in her palm.

As the shell opened, an extremely sharp golden light slashed at Ye Chen.

Zap, zap...

The golden light was like sword qi, making it difficult for people to open their eyes. It was like a Sword Immortal’s sword that could topple heaven and earth.

“Retreat!”

In that instant, both the Killer Whale King and the Sea Dragon King retreated. They looked at the golden light with fear.

It was a treasure that the White Shark King had obtained from the underwater ruins. It was suspected to be left behind by an ancient sword cultivator. It contained an extremely powerful golden qi.

The strand of golden qi had once killed a Demon King that was nothing weaker than them. It was also because of this that the White Shark King ascended to the throne of one of the three great overlords of the ocean.

Ye Chen was alert as well.

He recognized the qi with a single glance. It was known as one of the sharpest attacks for sword cultivators.

However, he still did not dodge. He brazenly faced the golden qi and roared, "Break!"

Clang!

The golden qi struck his body accurately, immediately producing dazzling sparks.

On the other hand, Ye Chen's body merely paused for a moment. Subsequently, his momentum did not decrease. Killing intent filled the entire place.

"How is this possible?!"

These words came out of the White Shark King's mouth almost at the same time. The most shocked person was none other than her.

She thought that her winning treasure could kill Ye Chen completely by surprise. Never did she expect that it would not cause him any harm at all.

"Die!"

Ye Chen's fist intent was invincible as he swung his fists.

He was invincible!

The White Shark King's expression changed slightly. She activated the clamshell in her hand without saying anything. The clamshell suddenly expanded and descended from the sky to suppress Ye Chen.

"Break!"

Ye Chen was fearless. He waved his fists and unleashed shocking divinity. It made him look as if he was possessed by an ancient god of war. His divine might was overwhelming.

Boom...

A single punch, just a single punch shattered the giant clam tyrannically. The momentum of the fist did not decrease as it smashed heavily onto the White Shark King's body.

"Ah!"

The White Shark King let out a blood-curdling scream as one of her arms was sent flying along with blood. Her expression kept changing as though she wanted to reveal her true form.

Unfortunately, Ye Chen was faster than her. He threw another punch and pierced through her body directly, countless blood spurted.

His thick black hair danced about, making him look like a heavenly god. He towered in the sky, about to blast down the stars in the heavens.

“Ah...”

The White Shark King’s body was blasted into pieces by the punch and flew out like a cannonball.

A thick blood mist rose in the air.

Seeing that, the Killer Whale King and the others were stunned, their faces filled with disbelief.

Meanwhile, everyone who had been paying attention to the battle was shocked, and their eyes almost popped out.

The White Shark King, one of the three overlords of the sea, had her body crushed by Ye Chen’s punch.

The battle prowess was simply terrifying!

Shocking, absolutely shocking!

“Good kill, good kill!”

“He’s too fierce, I like this kind of man!”

“If we didn’t have Mad Southern Ye, China would remain in the dark forever!”

Many people chanted after him. They could feel their blood boiling and their hearts surging as if they could transform into Ye Chen.

Ye Chen shifted his gaze and took big strides. He charged at the Killer Whale King and the rest with vigorous strides, “It’s your turn now!”

The Killer Whale King and the Sea Dragon King looked at each other. They could see the deep fear in each other’s eyes.

Although the White Shark King’s ability was similar to theirs, she was still killed by Ye Chen. It was evident that Ye Chen’s combat ability had exceeded their imagination.

“Let’s attack together!”

At the next moment, the two ocean overlords stopped hesitating and charged at Ye Chen together. They unleashed their full strength.

“Mad Southern Ye, how dare you kill your way into our sea? You’re overestimating yourself. Today is the day you die!”

A scarlet flowing gold rod suddenly appeared in the Sea Dragon King’s hand, and it emanated a terrifying aura as if it had transformed into a black dragon.

“Kill!”

The Sea Dragon King stabbed Ye Chen.

The surrounding space completely shattered. From this, one could see how terrifying the power contained within this rod was.

Boom...

Ye Chen's eyes were filled with coldness as he stretched out his slender fingers that were as fair as crystal jade. They were dazzling as he grabbed the rod with two fingers.

Whoosh...

Countless people were shocked.

Even a pseudo-saint would pale in the face of such a powerful attack. However, it was caught between two fingers.

The Sea Dragon King was equally shocked. Clearly, he did not expect that Ye Chen would be able to resolve his all-out attack so easily.

Boom...

Like a primordial demon, the Killer Whale King charged over murderously, the chill in his eyes almost liquefying.

At that moment, his hands turned into two black sabers. They were filled with murderous aura as he slashed at Ye Chen directly.

Clang!

Ye Chen used his other hand to block the attack. A series of sparks were produced from the impact, and the dispersed sword gleam cut the surrounding sea into countless pieces.

“What a powerful body!”

At that moment, even the Killer Whale King, who was extremely confident, could not help but have a drastic change in expression. The strength of Ye Chen's physical body had exceeded his understanding.

Bang...

Ye Chen exerted force with two of his fingers, and the scarlet rod broke instantly. It then shattered into countless pieces that sparkled.

All of this happened in the blink of an eye. When the Sea Dragon King reacted, he realized that his beloved weapon had been destroyed.

Before he could react, Ye Chen charged forward like lightning. He covered 300 meters with each step.

The Sea Dragon King covered his chest with his hands subconsciously as if he wanted block Ye Chen's attack.

Blergh!

However, one of Ye Chen's hands stabbed into his chest directly and broke it open. Blood and organs started flowing from the wound.

### **Chapter 990: Killing Two Overlords of the Ocean Consecutively!**

Roar!

The Sea Dragon King roared in pain. Madness was revealed from his eyes. His head suddenly turned into a bloody mouth that looked like a crocodile. He then swallowed Ye Chen.

However, Ye Chen was faster and more domineering.

The True Martial Thousand Lightning's Sword Heart was activated, and it transformed into a bolt of lightning that descended from the sky. It pierced through the top of his head in an extremely cruel manner, and it minced his primordial spirit into pieces.

The Sea Dragon King, one of the three overlords of the ocean, had died.

After a long time, people finally recovered from their daze. They were all shaken by the bloody and shocking scene before them.

That was an overlord above Demon King. In order to kill him, the various countries sent tens of thousands of troops and nuclear bombs, but they could not destroy him.

However, Ye Chen had killed him now!

The Killer Whale King, who had witnessed this scene with his own eyes, completely panicked. He immediately transformed into a gigantic Killer Whale, and his body moved with all his might as if he wanted to dive into the sea and escape.

"Killer Whale King, I'm here to kill all of you. Where do you think you're going?" Ye Chen said coldly. Then, he crossed the sky with a boom and covered 300 meters in one stride.

At the next moment, he stood in front of the Killer Whale King.

"Mad Southern Ye, I don't care about Sky-roaming Dragon King anymore. Don't push your luck!"

The Killer Whale King was furious. He immediately turned around, unwilling to fight Ye Chen again.

He only wanted to escape to his lair. The formation he had set up there was something that even Ye Chen could not break through.

Unfortunately, he underestimated Ye Chen's determination to kill him as well as his true combat ability.

Boom...

Ye Chen was extremely domineering. He slapped his palm, causing a huge portion of the ocean within 300 meters radius to collapse. In the end, a huge vortex appeared.

Madness flashed through the Killer Whale King's eyes when he saw that Ye Chen was unwilling to let him go. Subsequently, he charged at Ye Chen while controlling his enormous body.

Bang, bang, bang...

Ye Chen waved his fists. He seemed to be moving very slowly, but every fist shadow had a power that could shatter the sky and earth.

Crack...

Countless cracks appeared in the sky and issued terrifying cracking noises as if they were about to collapse.

When the punch landed, it was actually shining with golden light, even brighter and more dazzling than the sun. No one dared to look at it directly.

Boom...

This punch caused the Killer Whale King to spit blood repeatedly.

His body sank into a dustpan-sized hole, and half of his body exploded.

Bang...

The Killer Whale King's body was sent flying, crashing into the sea like a tsunami.

Everyone was stunned.

The Killer Whale King was not Ye Chen's match either!

Ye Chen took a step forward like a mad demon. Terrifying punches landed on the Killer Whale King.

"World Engulf!"

The Killer Whale King resolutely burned his life force, and then his body doubled in size. A bloody mouth suddenly opened.

Whoosh, whoosh...

An extremely terrifying suction force suddenly came from his bloody mouth. It seemed to wantonly do whatever it wanted in space, wanting to devour the world like a black hole.

Ye Chen let out a long howl. Subsequently, it triggered an enormous might. It was as if the entire ocean was roaring as countless waves rose and fell.

However, it was still unable to resist the terrifying suction force and was forcibly swallowed by the Killer Whale King.

"Heavenly King Ye!"

Seeing that, Old Wang and the others who had been watching the battle could not help but roar in grief, almost fainting.

"Mad Southern Ye!"

Countless people cried online.

At the next moment, the Killer Whale King let out a blood-curdling scream, and its huge belly began to shake violently. Upon closer look, there were actually fist prints.

“It hurts so much, it hurts so much!”

The Killer Whale King’s enormous body was frantically rolling on the surface of the sea. Every time it rolled, it would create waves.

“Get out, Mad Southern Ye! Get out!”

He did not expect Ye Chen to cause such a huge commotion after he swallowed him.

“As you wish!”

Following a faint voice, under everyone’s gaze, a bolt of lightning shot into the sky from the Killer Whale King’s belly before suddenly exploding. A golden figure leaped out.

That figure was spotless and still as elegant as ever!

“It’s Heavenly King Ye!”

“Mad Southern Ye is not dead. He’s not dead!”

At that moment, the despairing crowd could not help but rejoice. They could not believe their eyes.

When everyone looked at the Killer Whale King again, they saw that he was lying on the surface of the sea, motionless. Only the rapid breathing proved that he was still alive.

There was a huge hole in his chest, and blood was spurting maniacally. The surrounding seawater was dyed red.

Ye Chen had ruptured his internal organs from the inside out. Even his heart had been shattered. His body had lost all vitality.

At that moment, he decisively abandoned his physical body. Divine splendor charged into the sky from the top of his head, and his soul immediately escaped.

Right at this moment, a figure quickly charged over, grabbing his soul, and then forcefully swallowed it.

“No!”

The Killer Whale King’s soul released its final unwillingness.

Burp...

The Patriarch of Hell who charged over burped and said with a smile, “Not bad. It just tastes a little fishy, that’s all.”

He had learned the Spirit Devouring Technique from Ye Chen earlier. The soul and beast core of such a demonic beast were great nourishment for him.

“You came at the perfect time!”

Ye Chen smiled grumpily. It was only then that he noticed Ye Wushuang and Luo Tianya dashing over.

“Eh, there are two more here!”

The Patriarch of Hell licked his lips before noticing the black dragon and the White Shark King, who was dragging their injuries and trying to escape.

The black dragon and White Shark King’s bodies trembled violently when they met his gaze. Then, they collapsed on the surface of the sea, “Spare us, Immortal Ye! Spare us!”

“Are you guys going to surrender?!” Ye Chen’s gaze was cold.

“We’re willing to surrender!”

The black dragon and White Shark King hurriedly kowtowed.

With the death of the Killer Whale King and the Sea Dragon King, the two of them were truly scared out of their wits. They no longer dared to have any thoughts of resisting.

Ye Chen said coldly, “Let go of your minds and accept my enlightenment. Otherwise, I’ll kill you now and destroy your souls!”

After that, the Eight-Divisional Pagoda soared into the sky and transformed into a golden pagoda with Buddha light. Eight Buddhas in kasaya robes appeared in the sky.

The black dragon’s expression immediately changed. He was extremely familiar with this pagoda because dozens of Demon Kings, including his son, Qing Lin, had been purified by this pagoda.

However, when he met Ye Chen’s gaze, he shuddered and did not dare to resist after all. He allowed Ye Chen to purify him.

A few seconds later, the black dragon and White Shark King no longer had any viciousness on their faces. Instead, they were incomparably calm, as if they had comprehended something.

“Fellow Ye, we’ve finally broken off our worldly desires!”

The black dragon and White Shark King pressed their palms together and said, “From now on, we will devote ourselves to you and contribute to you. We will make up for our sins!”
