Chapter 1547: The Elder Sister Appears (2)

"Something seems to be coming out of the ground!" Little Fire shouted. Yaoyao nodded hard in Yun Feng's arms. The three of them looked at Meatball. It was obvious that Meatball's bite just then alarmed someone here. Meatball, on the other hand, blinked innocently. Yun Feng smiled helplessly. "Let's get out of here first!"

Looking around with her black eyes, Yun Feng found something somewhere on the tree trunk! Yun Feng's eyes immediately became extremely hot! The thing inserted somewhere on the tree trunk was the map fragment she was looking for!

"Crack, crack..." As the ground shook and exploded, the entire huge ancient tree was also moving! The lush branches waved quickly like vines and slashed towards Yun Feng fiercely!

Yun Feng grabbed Yaoyao and Little Fire and jumped. Her body rose into the sky. The moment she jumped, the huge vines had already shattered the Earth Shield. Yun Feng didn't dare to stop in the air at all, because a few huge vines pounced on her!

"Swish, swish, swish, swish..." Yun Feng's body flashed through the constantly waving vines, borrowing strength. The tip of her foot kept jumping on the dancing vines, dodging the attacks of the vines, but her black eyes were fixed on one place!

"Master, that's... a map fragment!" Little Fire quickly glanced in the direction of Yun Feng's gaze and its black eyes brightened when it saw the map fragment Yun Feng was concerned about. Yun Feng nodded. Even though she knew that it was a map fragment, Yun Feng didn't have a chance to get close! Countless vines slashed from different directions. It would take a lot of effort to dodge, let alone get close to the location of the map fragment!

"I'll get it!" Little Fire's black eyes glittered. It let go of Yun Feng's hand and jumped out. Yun Feng was immediately anxious in her mind. "Little Fire!"

"Swish..." A huge tree vine came from the side. Yun Feng could only focus on what was in front of her eyes and jump with the tip of her foot, dodging the attack of the vine. When she looked again, Little Fire was already gone.

The towering ancient tree seemed to be completely enraged. The vines that filled the sky fluttered and the green leaves swayed and rustled. Leaves kept falling from the sky and the originally bright grass was covered in a layer of heavy dark green. A black

shadow shrank back and forth between the vines keenly. Even though the vines were powerful, their waving speed was limited. Even though the Fire Cloud Wolf wasn't outstanding in terms of speed, it was quite agile. Little Fire flashed between the vines and its body was extremely agile. Countless vines brushed past it, but they didn't hit it at all!

Looking at the map piece that was getting closer and closer, Little Fire put on a smile and exerted strength under its feet. Its body rose into the sky and a vine came back from the sky. It put its arm on it and flipped beautifully. It exerted strength and glided forward in the air, arriving at the place where the map piece was embedded in a moment!

"Roar..." An excited wolf howl burst out of Little Fire's mouth. Even though its strength couldn't tear off a whole piece like Meatball, it could still take away this map piece!

Sharp claws suddenly jumped out and grabbed the tree trunk in front of it fiercely, creating a gust of wind!

"Roar!" Little Fire let out a wolf howl and quickly retreated, narrowly avoiding the huge spike that penetrated from the inside of the tree trunk! "Hm!" With a grunt, Little Fire's body fell from the sky quickly and landed straight on the ground! While Little Fire retreated, a huge vine had already attacked from behind!

The little boy propped himself up with his front limbs and his face was covered in dust. After holding himself up for a while, his body lay on the ground in a sorry state again. "Damn it..." Little Fire whispered angrily. The next second, his body had already been rolled up by a giant vine and taken into the sky!

"Little Fire!" Yun Feng immediately rushed over and wanted to put Little Fire into the Ring of Contract without thinking, but she was shocked to find that she couldn't!

Yun Feng suddenly understood that the laws of space here were all gone. The spatial connection in the Ring of Contract certainly couldn't work either! In other words, all the contracted Magic Beasts here wouldn't be able to return!

Yun Feng gritted her teeth and jumped. She couldn't reach the height that the giant vine could reach at all! Looking at Little Fire that was swept into the sky by the giant vine, Yun Feng's black eyes darkened! She dashed forward fiercely!

"Swish..." The sound of the wind brushed past Yun Feng's ears as countless tree vines waved over. Yun Feng's body dodged agilely and she saw an opportunity in front of her. She exerted strength in her feet and jumped into the air, hopping onto a huge vine directly. She stayed for a second and continued exerting strength, jumping onto another one!

She kept changing the giant vines and using the vines under her feet as a springboard. Yun Feng was jumping up furiously!

"Roar..." Little Fire's furious wolf roar came from the sky. Bright fire elements appeared in his hand, but the coiled tree vines didn't seem to be afraid of the fire elements. When they collided with the fire elements, white smoke came out!

"Little Fire! Your fire elements won't hurt them. There's an extremely heavy amount of water element in the center of these vines!" Yun Feng sent a telepathic message with an even gloomier expression. Her jumping became faster and faster. Looking at the highest point that was getting closer and closer, she suddenly opened her hand! Ice blue water element quickly enveloped Yun Feng's hand and then froze into ice!

An ice thorn appeared in Yun Feng's hand. She jumped hard and her body soared into the sky! The ice thorn in her hand aimed at the tree vines that wrapped around Little Fire and slashed down fiercely!

"Hahaha, how can I let you get it so easily?" A voice came from the sky. Yun Feng was shocked. In an instant, the ground suddenly exploded and a dozen tree vines emerged from the ground directly below Yun Feng, piercing upwards!

"Master!" Little Fire immediately roared when it saw this scene. Yun Feng looked at the giant thorn that was about to pierce through her below her body. She spun her body hard and the wind element wrapped around her body as she landed slightly from the sky!

"Xiao Feng, are you alright?" Yaoyao quickly ran over. Yun Feng shook her head and looked up at Little Fire, who was hanging in the air. She narrowed her black eyes slightly. Who was the person who spoke just then?

"Boom..." The ground shook violently again and the cracks on the ground became larger and larger. Yun Feng jumped up with Yaoyao in her arms. In this space where the power of space was completely deprived, it was a bit difficult to dodge such dense attacks.

The cracks expanded infinitely and the towering ancient tree vines kept waving crazily. Yun Feng hid in a safe area with Yaoyao. The tree vines were already not attacking their target, as if they were welcoming an important figure!

Chapter 1548: The Elder Sister Appears (3)

"Xiao Feng, what's that?" Yaoyao's blue eyes widened. A huge green cocoon slowly rose from the crack and was wrapped in layers of heavy leaves. Slowly, the leaves fell off piece by piece and disappeared layer by layer until they completely disappeared!

Yun Feng was surprised. Little Fire, who was hung in the air by the tree vines, was also extremely surprised! After the heavy leaves fell off, there was a... green person inside!

She had thick green hair that flowed behind her head like waves. Her voluptuous and enchanting body was like that of a goddess. Her skin that was as fair as snow was so fair that it could be broken by a breeze. The perfect ratio of her facial features made anyone feel inferior. Those eyes which had been closed suddenly opened and a beam of dazzling green light flashed through them!

Yun Feng looked at the charming and alluring woman in front of her and subconsciously looked at herself. She couldn't help but blush. Yaoyao was also a bit fascinated. "She's... so beautiful..."

"Woman, put me down!" Little Fire roared in the sky. The woman raised her head slightly and gave Little Fire a charming smile. She gently fiddled with her long green wavy hair with her hand and then rolled her eyes directly!

"He's not as cute as he looks. What a pity."

"What did you say about me?" Little Fire roared furiously in the sky with a flushed face! The woman slowly turned around and saw Yun Feng and Yaoyao standing not far away. Her green eyes suddenly brightened! She waved her arm gently and the vines that filled the sky suddenly stopped!

Yun Feng slowly stood up. Even though Yun Feng had grown quite well over the years, she wasn't as voluptuous as the woman in front of her, especially... her chest. The woman in front of her could be said to be protruding. In comparison, Yun Feng was flat. Even Yaoyao's mature body couldn't compare to the one in front of her.

"No offense," said Yun Feng as she looked at the woman in front of her vigilantly with her black eyes. The woman chuckled and took a few steps forward, glancing at Yun Feng from head to toe carefully. Yun Feng was a bit scared by her gaze and felt that something was wrong.

"Nana!" Meatball suddenly bared its sharp teeth on Yun Feng's shoulder and roared at the woman in front of it. The woman was stunned for a moment, then chuckled. "The kid in the sky wanted to take this thing." She raised her beautiful arm gently and the map piece embedded on the trunk of the ancient tree fell easily, quickly flying into the woman's hand.

"Is this what you want too?" The map piece floated in the woman's hand and spun slightly. Yun Feng's black eyes darkened. The woman laughed when she saw Yun Feng's expression. "It seems that you're the person I've been waiting for."

Yun Feng was startled. Her? She was waiting for her? What was going on?

"I've been locked up here for a long time to protect this stupid thing!" The woman complained. Then, she smiled sweetly. "Although I really want to give this thing to you with my own hands, I can't break the rules. Come on. As long as you have the ability to take it away from me, it's yours."

Yun Feng raised her brows. This woman was guarding the map fragment? "If I beat you, you'll be free too?"

The woman nodded with a smile. "Of course."

The map fragment was something she wanted. She would certainly be in trouble if she met the guardian, but it seemed that this guardian was already tired of her mission. That was good. She wouldn't have any burden fighting! "If I beat you, let him go!"

The woman glanced at Little Fire in the sky and her red lips curled up slightly. "Is that your contracted Magic Beast? You are a human?"

Yun Feng's black eyes glittered. The woman chuckled. "Your taste is extraordinary. If you win, they'll certainly be yours, but don't think too easily."

Yun Feng flipped her hand and the wand appeared! The woman's green eyes glittered as she mumbled, "There are indeed a few good things."

"Swish..." Yun Feng jumped and spun her wand fiercely. "Wind Blade!" The green wind element turned into a sharp blade that slashed across the sky, cutting a few tree vines in half along the way! The woman chuckled and didn't dodge. A glint of light flashed in her green eyes. "Whoosh..." A huge hand appeared from the ground, made of giant rocks! Yun Feng widened her eyes and saw that the huge stone hand clenched fiercely. The extremely fast wind blade had already been held in its hand!

"Bang, bang, bang..." A few stones were sent flying and the wind blades had already been crushed!

The stone hand in front of her slowly spread out and moved slightly a few times. The woman's charming and enchanting face was full of smiles. She waved her arm gently and the ground that was already riddled with holes cracked again. A sharp earth spike rose from it and quickly spread in front of Yun Feng!

Earth element!

Yun Feng's black eyes glittered as she waved her wand in front of her! "Earth Shield!" The earth element stood in front of Yun Feng firmly and stuck the earth thorn that spread in front of her! "Crash, crash..." Tiny stones slowly slid off the Earth Shield. Yun Feng turned her wand and the Earth Shield in front of her instantly shattered! While the yellow elements flew in the sky, she looked at the woman in front of her with scorching

black eyes. An earth-element Magic Beast. Her original form was an earth-element Magic Beast!

The woman chuckled. "You have really good eyesight." She raised her hand again and another stone thorn emerged from the crack on the ground, hitting Yun Feng!

There was a smile in Yun Feng's black eyes. This wasn't the first time she fought with an earth-element Magic Beast. Rong Xin's contracted Magic Beast was earth-element, but it was completely different from the one in front of her! The earth element in this woman's hand changed easily! And the effect was astonishing! What was most important was...

Yun Feng chuckled and suddenly retreated dozens of meters. She stabbed her wand into the ground fiercely! Her mental strength spread out along the wand!

"Whoosh..." A huge hand appeared in front of Yun Feng and directly blocked the approaching spike! The woman was immediately stunned! Yun Feng stood where she was and the corners of her mouth slowly curled up. She certainly couldn't miss such an application of the earth element. If her opponent could do it, she could learn it!

"The same as mine..." There was a smile in the woman's eyes after the shock. "You stole it in such a short time."

"Crash..." The giant hand in front of Yun Feng exploded not long after blocking the earth spike. Yun Feng was helpless. She was just imitating it just then. It wasn't easy for her to succeed. It was certainly impossible for her to last for so long like the other party.

Chapter 1549: The Elder Sister Appears (4)

However, Yun Feng's improvement was quite astonishing, especially her learning and imitation ability! Her opponent's application of the earth element instantly inspired her. In such a short period of time, she could imitate the essence of her opponent's skill and use it, and even succeed in one try! This couldn't help but make people exclaim!

The woman burst into laughter and put on an extremely enchanting smile. "Kid, I want to know how much you can learn from me."

Yun Feng chuckled. She knew that the woman in front of her didn't have much hostility towards her. As she said, if it weren't for the so-called rules, she would probably really offer that map fragment with both hands! It was more like a kind teaching than a battle!

"That depends on how much you can teach me!" Yun Feng's loud and clear voice came. The smile on the woman's face became deeper. "Kid, I'm starting to like you."

Yun Feng looked at the inexplicable smile on the woman's face and a weird feeling rose in her heart. Why was there something wrong with the way this enchanting woman looked at her... It seemed a bit too scorching, especially with what she said just then. Yun Feng felt a bit confused when she thought about it. She shook off the thoughts in her mind and her clear black eyes were gradually covered by deep blackness. The woman smiled charmingly when she saw such a gaze. "Kid, your eyes are truly too charming."

"I'm about to vomit after hearing that." Little Fire, which was high in the sky, rolled its eyes fiercely. Yaoyao looked at the woman in front of her with an annoyed face. Her cheeks were puffed up and her little mouth pouted unhappily. How annoying! That woman must like Xiao Feng too!

"Kid, let me make this clear first. This is just a battle between me and you. The others aren't allowed to interfere. Little girl over there, did you hear that?" The woman's eyes turned around and she looked at Yaoyao, who was frowning tightly, with a smile. Yaoyao grunted and turned her face aside angrily. Yun Feng couldn't help but feel stunned when she saw Yaoyao's expression. What was wrong with her?

"I'm not listening to you! I'll do whatever Xiao Feng says!"

Yun Feng smiled helplessly and said solemnly, "Got it. I won't let my contracted Magic Beasts fight."

"Woman! My master is a summoner. How can a summoner fight without a Magic Beast? You're taking advantage of her!" Little Fire shouted in dissatisfaction in the sky. The woman smiled happily and raised her arm gently. The tree vines that were motionless just then instantly waved crazily and attacked Yun Feng from different directions! Yun Feng tapped her toes and was already prepared, perfectly avoiding the sudden attack of the tree vines.

The woman's smile became deeper when she saw this. "I'm not taking advantage of her. I just want to see how she is without you."

Yun Feng's body kept jumping, dodging and flipping in the sky! The waving of the tree vines changed rapidly. Coupled with the large number of them, it could be said that there were only tree vines in front of Yun Feng! When the tree vines touched her, Yun Feng agilely dodged all kinds of attacks of the tree vines without stopping for a second! Looking at the enchanting woman standing there without moving with a smile on her face, Yun Feng gritted her teeth secretly. She couldn't keep dodging. Even though her body had been modified to be very strong, there was also a limit to her physical fitness!

Compared to her, these tree vines didn't know exhaustion at all! As long as this earth-element Magic Beast kept attacking, she had to keep dodging like this! Apart from dodging, she couldn't spare any other energy, let alone attack!

"Swish..." The tree vines brushed past Yun Feng's cheek narrowly. Yun Feng's body retreated slightly and another one came from behind! She stopped halfway and a few drops of sweat appeared on her fair forehead. The earth element couldn't only control the earth. It seemed that... trees could be considered an extension of the earth element. If she wanted to create an opportunity to attack without worrying about anything, she had to deal with these annoying vines first!

The wand in her hand spun fiercely and she held it tightly! Looking at the thick vines that kept waving in front of her, a smile suddenly appeared at the corners of Yun Feng's mouth! The woman put on a smile when she saw Yun Feng and excitement flashed through her green eyes. What was this little girl planning this time?

"Water Arrow!" Yun Feng shouted as the ice blue water element immediately turned into arrows that filled the sky. They surged out of her wand endlessly and shot at the vines that were waving crazily! The woman couldn't help but shake her head when she saw that. "Kid, this move is useless at all. The water element won't hurt them at all... On the contrary, it'll become the best nourishment."

"Crash!" The water element rushed into the green vines and was instantly cut off by the waving vines. All the water element was absorbed by these vines one after another. All the water element was absorbed into the bodies of these vines! The vines seemed to be a bit larger and they waved even more fanatically!

Yun Feng looked at the changes in front of her eyes and the smile at the corners of her mouth became deeper!

"Kid, is this your solution?" The woman raised her brows with a hint of disappointment in her eyes. She gently raised the vine with her arm and attacked Yun Feng fiercely. She was much stronger than before! Yun Feng burst into laughter as her body flashed through the giant vine with a hint of excitement and passion in her black eyes!

"If the earth element can change into many things, so can the water element. If the water element can be absorbed by these plants, then... what about ice?" Her clear black eyes were full of smiles. The woman's eyes widened abruptly after hearing this. Was this little girl going to...!

"Freeze!" He waved the wand in his hand in the air. Not only were the vines that were still flying in the sky slowed down, but a translucent blue color was spreading quickly from the root, enveloping the entire vine firmly!

"That's ice!" Little Fire in the sky widened its eyes and looked at the vines that were quickly covered in ice. It burst into laughter. "How does it feel to be frozen? If you're frozen, there's nothing you can do even if you want to move!"

"Crack! Crack!" Layers of cold ice quickly spread and the vines were quickly frozen from the bottom up. The green color that was full of vitality just then was completely covered

in ice now, turning into a crystal clear ice blue ocean! Cold air spread. The enchanting woman chuckled. This little girl was indeed extraordinary.

Yun Feng landed on the frozen vines. These vines weren't a threat at all right now. They had all turned into ice sculptures at this moment! Yun Feng used the Water Arrow to send the water element into the bodies of these plants and then used the transformation of the water element to freeze them all!

Chapter 1550: Don't Underestimate Her (1)

"Kid, you're indeed impressive." The alluring woman nodded with a smile. Yun Feng replied with a faint smile. "Everything has a weakness."

There was a smile on the woman's face as she clenched her beautiful and slender hand fiercely. "The tree is just a part of the earth element. Little girl, you must understand that the earth element is the most abundant element among the five elements. It doesn't just have a protective function."

"Boom..." The ground shook violently again. Yun Feng only felt that the ground under her feet was shaking more and more violently. Suddenly, two heavy walls appeared on the ground next to her and quickly approached Yun Feng, as if they wanted to trap her between them! Without thinking, Yun Feng exerted strength with the tip of her foot and rose into the sky, but a shadow fell above her head. Oh no! Yun Feng thought in her mind. "Boom..." Another heavy wall pressed down from above her head and covered her firmly. Two more walls rose. Yun Feng was completely trapped in an enclosed space!

"Master!" "Xiao Feng!" Little Fire and Yaoyao shouted anxiously. There was no movement inside at all. Yaoyao jumped and was about to pounce forward, but a huge stone hand easily stopped her. "Bad woman!" Yaoyao was stopped and shouted loudly. The woman chuckled and looked at the temporarily sealed space on the ground with her green eyes. She touched her tender cheek with her finger. "Bad woman? Haha, this title isn't bad."

"Damn it, what exactly do you want?" Little Fire clenched its fists. Fire had already burned in its black eyes and faint flames had already jumped out of its body! The woman smiled happily and waved her finger gently in the air. The four walls of the enclosed space suddenly moved! As the four walls moved, the entire space kept shrinking!

"Damn you, she'll be crushed!" Little Fire widened its black eyes and twisted its body fiercely, but the giant vines on its body wrapped it tightly. Little Fire slapped its hand fiercely. When the raging fire touched the giant vines, there was nothing except white smoke.

"Xiao Feng!" Yaoyao looked at the closed space that was slowly shrinking back. Her blue eyes were full of worry and she couldn't wait to rush forward. The enchanting woman looked from afar with an interested smile at the corners of her mouth. "If she really dies inside, there's nothing I can do."

"Nonsense! Xiao Feng won't die!" Yaoyao shouted furiously. The woman chuckled. "Then I'll look forward to how long it takes for her to come out."

"You pervert." Little Fire gritted its teeth and roared. The woman smiled gently and didn't say anything. She stared at the closed space that kept shrinking. Kid, don't let me down.

Yun Feng, who was trapped in the enclosed space, had nothing else except darkness in her eyes. After a while, she clearly felt that the walls around her were quickly approaching her!

"Nana!" Meatball suddenly cried on Yun Feng's shoulder. Its little body rushed forward and was about to break out of the walls, but Yun Feng grabbed Meatball in her hand. Meatball cried a few more times anxiously, but Yun Feng chuckled. "This is a rare test. If I can't get out with my own ability, I'll have to doubt myself."

Meatball's big eyes glittered. Yun Feng put Meatball back on her shoulder. The space around her kept shrinking. If she couldn't shatter the earth element in a short period of time, she would be squeezed into meat sauce by the shrinking walls!

Yun Feng punched the wall fiercely and only felt a slight pain on the back of her hand. The fusion of the earth elements was even tighter than she thought. Yun Feng suddenly thought of her Earth Shield. Logically speaking, the earth element was the most outstanding defense, but why was her Earth Shield broken by the enemy so easily every time? Even if the enemy was stronger than her, the Earth Shield shouldn't be as fragile as an eggshell! If her earth element could be as hard as this, that would be true defense.

Something suddenly flashed through her mind. Yun Feng didn't catch it. She looked at the walls that kept pushing with her black eyes and didn't say anything for a long time. The space was already getting smaller and smaller, almost reaching Yun Feng's side! "Nana, Fengfengna!" Meatball jumped a few times on Yun Feng's shoulder and swept Yun Feng's cheek with its fluffy tail. Seeing Yun Feng's dazed expression, Meatball couldn't help but feel a bit anxious.

"Fengfeng, na, na!" Meatball shouted a few words. Yun Feng's eyes suddenly brightened and her body immediately moved. She directly sat on the ground! At this moment, the walls around her had already reached Yun Feng. The walls pushed forward again. Yun Feng would definitely be squeezed into a meat patty!

"Nana!" Meatball shouted and planned to charge out without caring about its safety. At this moment, Yun Feng quickly waved the wand in her hand and shouted, "Earth Field!"

Yellow elements quickly gathered around Yun Feng, enveloping her completely. The moment the Earth Field was formed, the surrounding walls had already arrived and collided fiercely with the Earth Field!

"Nana!" Meatball looked at the Earth Field that was almost collapsed in an instant. Its big eyes widened and its tail swayed a bit anxiously. Yun Feng sat on the ground steadily and looked at the Earth Field formed around her with a hint of a knowing smile.

Was this what that woman wanted to teach her? Yun Feng sighed in her mind. It seemed that her understanding of the earth element was too shallow, or rather... her understanding of all the elements was too shallow! In Yun Feng's eyes, there was a new understanding of the seven elements in front of her eyes, as if she had broken through a barrier and reached a new level.

"Oh?" The woman clearly felt that the enclosed space was stuck there and was forcibly blocked by something inside. It could only stay where it was and couldn't continue shrinking. There was a smile in the woman's eyes as she exerted strength in her hand and the walls shrank a few inches back again! Yun Feng, who was in the enclosed space, frowned slightly. She knew that the person outside didn't stop. Her black eyes darkened and she waved her wand again. The color of the Earth Field darkened a bit!

"It seems that you're enlightened." The woman smiled gently and exerted strength in her hand again. Feeling the powerful resistance coming from inside, she clenched her fists hard with a smile!

"Boom!"

The strong pressure and collision caused the few walls that trapped Yun Feng to collapse completely! Rocks flew everywhere and turned into faint earth elements that floated in the air. Yun Feng sat on the ground safely as the barrier around her emitted a faint yellow halo!

"The Earth Field?" The woman understood in her mind and her admiration for Yun Feng increased. Seeing that Yun Feng was safe and sound, Yaoyao and Little Fire couldn't help but heave a sigh of relief. Yun Feng stood up and looked at the enchanting woman in front of her with a smile in her black eyes. "Thank you. I've learned a lot."

Chapter 151: Don't Underestimate Her (2)

The woman looked at her with a smile. "Kid, it's not over yet."

Yun Feng waved the wand in her hand and the Earth Field disappeared. Her eyes were honest and sincere. "If that's the case, please do enlighten me."

"Hehehe, little girl, I like you more and more." The woman chuckled and didn't stay where she was anymore. Seeing her move, Yun Feng suddenly became vigilant. She was going to attack by herself, right?

The woman ran towards Yun Feng. Yun Feng dodged with the tip of her foot and came to her side. The woman chuckled. Her long green hair fluttered in the wind and instantly lengthened! Yun Feng was shocked! Hair! It was also a weapon!

Her long green hair that was like seaweed came and wanted to wrap around Yun Feng like the giant vines just then. Meatball jumped up and turned around quickly, jumping out easily. It looked at the situation below with its big eyes and its chubby body turned around, running directly to Yaoyao's side and sitting down.

Yun Feng saw Meatball's movement from the corner of her eye and raised the corners of her mouth. Meatball also felt that this woman wasn't hostile, so it also became a spectator?

Meatball's little head moved with Yun Feng's constant movement. Its tail slapped the ground leisurely behind it. Yaoyao also sat down. Seeing Meatball's relaxed expression at this moment, she was completely relieved in her mind.

"If you're not hostile to Master, let me go first!" Little Fire roared in the sky. Meatball raised its little head and glanced at it. Its big black eyes curved slightly. Little Fire suddenly blushed when it saw this. "Meatball! How dare you mock me! Wait for me to go down! Just wait!"

"Brother Little Fire is so pitiful..." Yaoyao also glanced from afar. Then, she turned around and stared at Yun Feng with her big blue eyes. "Although this woman doesn't have any hostility towards Xiao Feng, I still don't like her..."

In front of her was a green ocean. The woman's soft green hair covered Yun Feng's world like waves. Yun Feng tried to cut it off with the wind blade, but the green hair was extremely flexible, as if it could completely turn all the force into nothingness!

"Kid, there's nothing you can do?" The woman's laughter came. Yun Feng's black eyes darkened. If it were someone who wanted to take her life, there was only one result she could face in such a situation! She had to think of a way even if she couldn't!

"Don't underestimate me!" Yun Feng shouted in a low voice as the water element appeared again. The woman chuckled. "It won't work if you want to use the move you used to deal with the tree vines just then."

"We'll only know after we try!" The water element appeared in Yun Feng's hand and circled her wrist a few times before rushing into the green sea of hair! "Crash!" The water element didn't cause any damage to the green hair. The hair was just soaked. Yun Feng's black eyes darkened slightly.

"Swish..." The woman attacked and suddenly extended her arm. An earth element came from her palm. Yun Feng dodged agilely and narrowly avoided it. She couldn't be surrounded like this. She couldn't be in a passive situation forever! This was her hair, not a rattan. It seemed that the move just then didn't work. Hair, hair, hair! Her black eyes brightened! The woman's green eyes also brightened when she saw that! It seemed that this little girl had another idea!

"Hair..." Yun Feng chuckled as she twisted her wand and purple lightning elements with buzzing sounds appeared!

"What?" The woman was shocked to see the lightning element! This little girl had four elements... No, five elements!

"I'm really sorry." Yun Feng smiled apologetically and suddenly raised her wand!
"Lightning!"

"Boom..." A thunderbolt struck! The silver snakes quickly fused with the green sea with purple lightning elements, and a burnt smell rose! The woman's expression changed and her body suddenly retreated. The green color that filled the sky also left Yun Feng's sight!

"You little thing...!" One end of the green hair had already been charred by the lightning element. The silver snake swam up happily. When the woman saw this, she immediately cut off her long hair that was like a waterfall. The green hair that was instantly cut off was charred!

"Sorry about your hair..." Yun Feng looked at the long green hair apologetically. It was ankle-length just then, but it was only shoulder-length right now. Even though it didn't affect her appearance at all, Yun Feng felt that it was a pity to lose such long hair.

"It's fine. It'll grow back sooner or later." The woman combed her hair and looked at Yun Feng with her green eyes. "However, you caused me to lose so much hair. You need to compensate."

Yun Feng raised her brows. Compensate? Since her hair would grow back, there was no need for that, right... "So... I beat you?"

The woman chuckled. "You can say that. Before I give that stupid thing to you..." The woman suddenly raised her arm and two tree vines jumped out of the ground, wrapping around Yun Feng's waist. Yun Feng's body was pulled forward by the tree vines and she pounced straight at the woman!

"What are you doing?" Yun Feng was surprised. The tree vines moved very quickly. Yun Feng only felt a wave of warmth enveloping her. A pair of arms pulled her into them fiercely and her head completely fell into an unusually soft place!

Shua... Yun Feng's cheeks were completely red!

"I like you more and more. I've wanted to hug you for a long time." The woman held Yun Feng with both hands with a smile on her face. Yaoyao and Meatball, who were watching the battle on the side, were completely dumbfounded! After reacting, Meatball jumped from the ground with fur all over its body and was about to pounce on her without another word! Yaoyao's little face instantly became ferocious and she completely bared her sharp teeth!

"Let go of Xiao Feng! You bad woman!" The little girl's roar attracted the woman's attention. Seeing Meatball rush over abruptly, she finally let go of her arm. "Aiya, aiya, how petty..."

"Nana, nana!" Meatball roared furiously and was about to bite her with its sharp teeth without another word. The woman chuckled and her body immediately retreated. Meatball directly pounced on Yun Feng's shoulder and growled unhappily with its teeth bared, while Yun Feng stood there with a flushed face.

"Kid, what's your name?" The woman asked with a smile. Yun Feng raised the corners of her mouth awkwardly. What exactly did that unusually enthusiastic hug mean?

"Yun Feng," said Yun Feng. The woman nodded as the map piece appeared in her palm. "If I give you this stupid thing, I'll be free. However... I like you, little girl. Your earth-element Magic Beast slot seems to be empty. Little girl... Can you contract with me?"

Chapter 1552: Don't Underestimate Her (3)

Yun Feng was a bit surprised! The ability of this earth-element Magic Beast was extraordinarily strong, which was obvious from her use of the earth element! Yun Feng had never thought of contracting her at all. If she could... she would really like it! Her earth-element Magic Beast slot had indeed been empty for too long!

"Nana!" Meatball suddenly shook its head. Yaoyao also ran over and held Yun Feng's hand tightly. "No! Xiao Feng doesn't want to contract you! No, no, no!" The little girl's cheeks bulged with anger. The enchanting woman chuckled when she saw that. "I like you very much too, kid."

"I don't want to be liked by you!" Yaoyao replied angrily. The woman smiled even more happily. Little Fire in the sky shouted, "Can you put me down first?"

"Ah, I almost forgot about this little boy." The woman moved her finger and the tree vines suddenly loosened. Little Fire fell from the sky without preparation! "Ah..." After

the initial surprise, Little Fire quickly flipped its body in the air and landed steadily.
"Damn it! You want to kill me with the fall?"

"How is it, Little Yun Feng?" The woman looked at Yun Feng with a smile on her face. Yun Feng blushed and her heartbeat was a bit chaotic. She certainly thought that it couldn't be better to contract with such an earth-element Magic Beast, even though this woman's personality... really didn't deserve praise.

"Right, right, I forgot something important. You're only at Grade 4 of the God Level right now. I'm stronger than you. You can't contract with me." The woman looked frustrated. Yun Feng's heart raced. Right, how could she forget that the creature in front of her was stronger than her!

"But it doesn't matter. I'll just follow you." The woman chuckled and exerted strength on the tree vines around Yun Feng's waist again. Yun Feng was pulled over again without any warning and was held tightly in this voluptuous woman's arms.

Without a doubt, Yun Feng's face was hot and flushed again.

"Nana!" Meatball was extremely irritable. Yaoyao's pupils shrank fiercely. She rushed over without another word and squeezed her little body between them. "You bad woman, let go of Xiao Feng!"

"Please... Let go of me first." Yun Feng tried to push her away, but the tree vines on her waist tightened again. Her cheek, which had just slightly moved away, hit softness again. Yun Feng almost couldn't breathe because of the protruding breasts. "Hey!" Yun Feng struggled a bit and her blush deepened again.

"Don't be so petty. Let me hug you." The woman looked at Meatball and Yaoyao's irritable behavior and pouted her red lips slightly. "I'll hug you later. Let's see who likes Little Yun Feng the most."

"I don't want to get close to you!" Yaoyao quickly took a few steps back. Meatball also shivered all over and quickly jumped off Yun Feng's shoulder, running straight to Little Fire's head. Little Fire couldn't help but roll its eyes. The woman glanced over. "Little boy, I'll hug you too."

"How dare you! I'll burn you to the ground!" A wolf roar burst out of Little Fire's throat! The woman chuckled and couldn't help but hug Yun Feng even tighter with her arms. "Little Yun Feng, you're the most obedient. I like you the most."

The corners of Yun Feng's mouth twitched. What exactly was going on right now? The earth-element Magic Beast she met was powerful, but her nature... seemed a bit off!

"Who's there? Come out!" With a furious roar, a huge tree vine rose from the ground and hit in a certain direction. The woman let go of Yun Feng and put her behind. Her

charming face immediately turned cold and her green eyes instantly became extremely sharp!

Yun Feng looked over with her black eyes. Little Fire, Yaoyao and Meatball immediately became vigilant. There was no movement from the place where the huge tree vines attacked for a long time. Slowly, a figure walked out of the shadows. Looking at the person in front of her, Yun Feng narrowed her black eyes slightly.

"Yun Feng, we meet again." Hao Tian's expressionless handsome face appeared. Luo Teng also walked out from behind Hao Tian. He was slightly stunned when he saw the green-haired and green-eyed woman next to Yun Feng. Was this also her contracted Magic Beast?

"Little Yun Feng, do you know them?" asked the woman in a low voice. Yun Feng chuckled and took a step forward. "We should know each other, but that's in the past. When we meet again... we're not on friendly terms."

The corners of Hao Tian's mouth curled up slightly and he put on a rare smile. He stared somewhere with his black eyes and said, "That map fragment is what I want."

The woman narrowed her green eyes slightly and put away the map piece floating in the air. "This thing belongs to Little Yun Feng."

Hao Tian raised his brows and slowly clenched his fists. "Really? It seems that I can only snatch it."

Yun Feng frowned slightly. She and Hao Tian both knew that when they met again, it would be time to fight. This time, their target was the map fragment. If that was the case... they would fight fair and square!

"That depends on how capable you are." Yun Feng sneered. The other party wouldn't hold back in the battle with her. She certainly wouldn't either!

Hao Tian chuckled and twisted his wrist, holding his weapon in his hand. "I've long heard how powerful summoners among humans are. They have the ability to control Magic Beasts. Today, let me see if there's any difference between reality and rumors!"

Little Fire and Yaoyao came to Yun Feng's side. The woman said in a low voice, "Little Yun Feng, do you want me to do it?"

Yun Feng shook her head. "No, I hope to rely on my own strength to fight with him!"

The woman's green eyes glittered slightly and she couldn't help but extend her arm again. Yun Feng noticed it and her body immediately flashed. The woman chuckled. "Little Yun Feng, I think highly of you!"

Yun Feng inexplicably trembled, while Little Fire and Yaoyao looked disgusted. The Magic Beasts their master encountered were each stranger than the last. Their personalities were getting more... unacceptable.

Hao Tian held the weapon in his hand tightly and the power of a Grade-5 God burst out. "Come on, Yun Feng! We'll definitely fight!"

Grade 4 God versus Grade 5 God!

Even though Yun Feng was at Grade 4 of the God Level, with the few contracted Magic Beasts of the summoner, she might not be at a disadvantage when fighting with Hao Tian. Hao Tian certainly knew this. He wouldn't hold back in the battle with Yun Feng. He would definitely do his best!

She held the wand in her hand tightly and the two of them looked at each other in the air. The atmosphere was suppressed to the peak and suddenly exploded!

Chapter 1553: Problem Solved (1)

The battle began!

Yun Feng and Hao Tian were like two burning shooting stars. After their bodies collided in the air, they quickly separated! In this short period of collision, the first battle between the two of them ended!

Yun Feng raised the corners of her mouth and clenched her fists slightly. At this moment, the back of her hand was already red. In the battle just then, it was purely the power of her body. Yun Feng glanced at the back of her red and swollen hand. Even if her body had been modified, she still couldn't beat a Grade-5 God-Level warrior of the Sea Clan! The difference in strength wasn't small!

Hao Tian stared at Yun Feng with his eyes. His fingers trembled slightly and his eyes were full of deep colors. Yun Feng was so powerful? She was only at Grade 4 of the God Level! The sharp force of the sudden collision just then had already made him feel a strong threat. Even the joints of his fingers were already slightly red!

Hao Tian lowered his head and looked at his fingers that were already red. He frowned slightly. How was this the power of a Grade 4 God... Even though it wasn't enough to pose a threat to him, it was too unbelievable! Luo Teng looked at Hao Tian's slightly dumbfounded expression and was very surprised in his mind. Why did his brother show such an expression? Did Yun Feng have something astonishing?

"I wonder if my teeth are stronger or if his skin is tougher." Little Fire roared and a ball of fire surrounded it, turning it into a huge Fire Cloud Wolf. It glared at Hao Tian and grabbed the ground fiercely with its sharp claws, looking eager to try.

Yun Feng spun her wand and knew in her mind what a tricky enemy Hao Tian was. He was different from ordinary geniuses. He didn't have a trace of arrogance in his mind and could keep a low profile. The short battle just then also made Yun Feng understand that the genius in front of her eyes was real in every aspect!

Yun Feng chuckled. "Hao Tian is different from the others. You can't make any mistakes if you want to beat him, or these mistakes will become a springboard for him to turn the tide."

"Is that human as powerful as Xiao Feng?" Yaoyao snorted a bit indignantly. Yun Feng curled her lips. "He's not the only one who's stronger than me in this world. Even if I can climb to the top, it doesn't mean that I'm the strongest."

"Are we going to use traditional tactics now?" Little Fire sent a telepathic message. Yun Feng pondered carefully. She couldn't make any mistakes. As a summoner and a mage, she should follow the ancient rules!

"This time, let's follow the rules," said Yun Feng in a deep voice, while Little Fire grunted and mumbled something. Yun Feng took a deep breath. She could use some of the things she learned from that earth-element Magic Beast just then. As long as she could use them, the elemental energy would undergo earth-shattering changes!

The enchanting woman with her arms crossed in front of her chest on the side chuckled after seeing Yun Feng's change of expression. She gently stroked her chin with her slender white fingers. "Aiya, aiya, Little Yun Feng is so cute... So cute... I really want to eat her in one bite."

"Fire Arrow Rain!" With a furious shout, the bright red color completely illuminated this area. The real battle began!

Was she trying to hold the advantage of distance? Hao Tian curled his lips and suddenly rushed forward, passing through the rain of fire elements easily. Yun Feng quickly retreated and saw Hao Tian's speed. The Chao Xi Tribe was too fast!

"Roar..." A wolf roar came from the sky with a huge sharp claw. Hao Tian frowned slightly as his body flashed and he grabbed the weapon in his hand to confront it! The sharp claw of the Fire Cloud Wolf was blocked! Hao Tian exerted strength in his arm and Little Fire's body was knocked away. Hao Tian originally planned to rush forward again, but the terrifying high temperature behind him suddenly came! His body's subconscious movement allowed Hao Tian to narrowly avoid the fire-element attack with an extremely high concentration of elements from Little Fire's mouth!

Even if it was a contracted Magic Beast, he couldn't be careless. Hao Tian reached the conclusion. His senses were even sharper. He didn't have any chance of winning against a summoner, especially the one in front of him! Even so, he had to fight!

"Wind Blade!" A wind-element attack came. Hao Tian's black eyes darkened. A multi-element summoner... It was too difficult to win.

"Swish..." Hao Tian's body turned into a black line and dodged the attacks of the dense wind blades. Some of the wind blades missed and directly dissipated in the air, while some made the space a bit distorted! The crazy fire rain just then made the ground riddled with holes. Luo Teng hid carefully to the side and bit his lips hard as he looked at Hao Tian that was fighting so hard.

"Pa!" A huge impact shook the ground. Luo Teng looked over in surprise and saw a colorful fishtail hitting the ground fiercely. The cracks on the ground directly expanded several times! Above the fishtail was the enchanting body of a human woman with a faint blue light that was crystal clear.

There was a smile in the woman's green eyes as she stuck out her chest proudly. In terms of figure, the mature Yaoyao couldn't compare to the woman in front of her.

"Damn it! Xiao Feng, I can't catch him!" Yaoyao's angry voice came from her mind. Water elements filled the sky and her fishtail slapped the ground at an extremely high speed. However, Hao Tian's movement speed was always faster than Yaoyao's. Yaoyao's fishtail couldn't catch him at all! Not only Yaoyao, but Little Fire and Yun Feng's attacks were also the same!

The unprecedented speed allowed Hao Tian to still be at ease under the bombardment of a series of elements. If it were anyone else, they would have already fallen there on their last breath!

It was speed! Looking at Hao Tian dodging among the various elements, Yun Feng narrowed her eyes slightly. In terms of speed, Lan Yi couldn't be faster than him. She had contracted Magic Beasts. Hao Tian had speed. It was quite fair. 90% of Yun Feng's attacks were useless at the moment. Only 10% could threaten Hao Tian and it wasn't real damage!

If this continued, it would turn into a complete tug-of-war. It depended on which side would be exhausted first!

Elemental attacks kept exploding in the sky. So far, Yun Feng had already tried four elements, except for the earth element. However, Hao Tian's movement speed was very fast and most of his attacks still missed! The two of them had already been fighting for a while. It was nothing for warriors, but it was quite astonishing for mages and summoners!

"Yun Feng hasn't lost yet?" Luo Teng looked at her in shock and calculated the time silently. Logically speaking, his brother had been fighting for so long that the mental strength of the mage should be exhausted, especially when Yun Feng's elemental attacks had never stopped. Her mental strength should be consumed even faster, but why wasn't Yun Feng tired at all? How much mental strength did she have?

Chapter 1554: Problem Solved (2)

Hao Tian was also puzzled in his mind. He had already stalled for a long time on purpose, hoping to give Yun Feng a final blow when her mental strength was exhausted. However, he had never thought that Yun Feng would still be vigorous! Her mental strength didn't seem to have been consumed at all and the attacking power of the magic elements didn't shrink at all, as if she could have as much mental strength as she needed! That was impossible! Hao Tian shouted in his mind. Was her mental strength unlimited?!

Hao Tian frowned hard and looked at Yun Feng, who kept waving her wand. She had been using elemental magic frequently during this period of time. No matter how exhausting or easy the spell was, mental strength was undoubtedly the only support. Why did mages have to keep a distance in battles? They certainly had to seize the opportunity to attack first and shorten the time of battle to reduce the consumption of mental strength!

However, Yun Feng had completely exceeded Hao Tian's expectations at this moment. According to his plan, Yun Feng should have reached the stage where her mental strength was empty right now. It was the best time for him to exert his strength!

Everything was beyond Hao Tian's expectation. It disrupted Hao Tian's plan!

"What exactly is going on... Isn't Yun Feng's mental strength... a bit too strong?" Luo Teng was dumbfounded. The elemental attacks in the sky kept coming one after another!

It seemed that delaying was useless for Yun Feng. Hao Tian's expression became serious and his body suddenly sped up a lot. Little Fire and Yaoyao's interception were both dodged. The two contracted Magic Beasts immediately launched elemental attacks, but they weren't a threat to Hao Tian at all! If they couldn't keep up, all their attacks would be useless!

He realized it? Yun Feng raised her brows. Hao Tian rushed towards her without caring about anything and obviously changed his battle plan. She had only consumed thirty percent of her mental strength right now. If he thought that stalling was useful for him, he was wrong. Hao Tian also realized this.

"Master!" Yaoyao and Little Fire shouted anxiously. Green wind elements enveloped Yun Feng's body and Yun Feng retreated a hundred meters. However, Hao Tian's speed was even more ferocious. Grade 5 God-Level fighting energy quickly gathered in his hand!

Decide the winner with one attack? Yun Feng widened her black eyes and raised her arm gently. A beam of green light suddenly appeared. Hao Tian only felt a black shadow flash in front of his eyes. When he blinked his eyes, Yun Feng was already not in front of him!

What was going on? Hao Tian suddenly raised his head and saw a pair of wings appear on Yun Feng's back in the sky, flapping slowly!

Wings! Hao Tian's pupils shrank fiercely. Luo Teng was also dumbfounded. The mature lady watching the battle on the side put on a smile and looked at Yun Feng in the sky with her green eyes. She chuckled. "Little Yun Feng is really smart."

"Master, are you alright?" Lan Yi's voice came. Yun Feng nodded. Lan Yi tightened his arms around her waist and flapped the wings on his back, stopping in the sky.

"Will it affect the recovery of that wing?" Yun Feng raised her brows. Lan Yi chuckled. "Of course not. I'll be fine if I fold my injured wing."

"So it's a wind-element Magic Beast..." Hao Tian saw Lan Yi on Yun Feng's back clearly and mumbled. In this environment where the power of space was taken away, the instincts of Magic Beasts wouldn't be taken away. Griffins were a race that had been flying since they were born!

"It's a Magic Beast..." Luo Teng heaved a sigh of relief. For a moment, he thought that Yun Feng had grown wings. Now that he thought about it, he wouldn't think it was impossible for Yun Feng to have wings. He would only be surprised. After all, it wouldn't be surprising if anything happened to her.

Being taken into the sky by Lan Yi gave Yun Feng a certain advantage, but if she wanted to defeat Hao Tian, such an advantage was only temporary. If she wanted to defeat Hao Tian, she had to deal with the movement of the Chao Xi Tribe that was too fast!

"It's useless for you to stay in the air." Hao Tian sneered. He exerted strength in his feet and his body soared into the sky! Seeing that, Lan Yi suddenly rose higher. Yun Feng spun the wand in her hand and attacked from above with an elemental attack. There was a smile in Hao Tian's eyes. His body flashed and he jumped up again with Yun Feng's elemental power!

As expected of a genius! Yun Feng praised in her mind. Lan Yi turned sideways with Yun Feng and dodged Hao Tian's rapid attack. Hao Tian landed steadily on the ground

from the sky with a gloomy face. This wasn't a solution. Yun Feng made him lose a lot of opportunities to attack from the sky and his attacking efficiency was greatly reduced.

Yaoyao and Little Fire continued to intercept. Yun Feng, who was in the sky, had a moment to think. The battle fell into a stalemate again. How could she completely block Hao Tian's speed and make his advantage completely disappear?

A scorching gaze caught Yun Feng's attention. Yun Feng rolled her black eyes and saw those beautiful eyes with a hint of a smile in her green eyes. Yun Feng was startled. She glanced at Meatball outside of the battlefield. Meatball yawned lazily and patted the ground with its fluffy tail.

The ground... the earth... the earth element!

A beam of bright light flashed through Yun Feng's mind and the woman's words came into her mind!

The earth element didn't just have defense. The earth element had another powerful effect. Suppression! Complete suppression!

"Let me down, Lan Yi," said Yun Feng. Lan Yi was stunned. "Master, the sky might be more advantageous for you. If you go down..."

"The advantage of the sky is only temporary. Besides, it's a special situation to deprive the power of space here. If I face powerful enemies again in the future, the sky is no different from the ground to me."

Lan Yi's blue eyes glittered and his wings flapped. "I understand. I'll take Master down now."

A beam of green light landed from the sky. Little Fire and Yaoyao couldn't help but feel surprised when they saw this. Hao Tian frowned slightly. She knew that the sky was advantageous to her, but she took the initiative to give up?

Yun Feng landed on the ground slightly with Lan Yi standing next to her. Little Fire and Yaoyao immediately ran over. "Master, you..."

"You're quite bold to give up your advantage voluntarily," said Hao Tian coldly. He felt that Yun Feng was a bit too arrogant. Since she believed in her strength so firmly, he wouldn't be polite at all!

"Swish..." Hao Tian's body flew over like a bullet. Yun Feng turned the wand in her hand and exerted strength in her hand. The wand was stabbed deeply into the ground!

"You don't even want the wand anymore..." The smile at the corners of Hao Tian's mouth became colder and anger suddenly rose in his heart. The fighting energy in his hand gathered even more!

Chapter 1555: Problem Solved (3)

"Master!" The three contracted Magic Beasts were all stunned when they saw Yun Feng's action!

"Is she crazy..." Luo Teng mumbled. As a mage, she didn't even want her wand anymore?!

Meatball widened its eyes and blinked hard. Its little body also stood up from the ground, while the woman smiled even more charmingly. "Aiya, aiya, it seems that Little Yun Feng is going all out..."

"If you don't even want the wand, what's left?" Hao Tian roared as he slapped the ground fiercely with his palm. Instantly, the ground cracked! The crack pounced on Yun Feng like a thick long snake and opened its mouth, wanting to swallow Yun Feng completely!

There was a smile on Yun Feng's red lips. Her mental strength completely spread out with the wand as the center, seeping into every inch of the soil on the ground, every stone, every grain of sand, every tiny bit of dust!

"Bang!" The ground that quickly cracked stopped abruptly. Hao Tian's eyes widened. He looked at the huge hand that came from the depths of the ground in front of him and was extremely surprised in his mind! "W-What's this..."

The huge hand stopped the crack in front of it from spreading. It moved its finger slightly in the air, making a hoarse sound like a certain rusty joint moving forcibly. Little Fire and Yaoyao weren't strangers to this. Wasn't this that woman's move?

"Yes, yes. You're truly teachable." The woman touched her chin with her finger in satisfaction with a smile on her face.

"Now, it's time for me to counterattack." As soon as Yun Feng said that, her huge hand suddenly grabbed forward. Hao Tian only felt a shadow that was like a mountain coming towards him. His body immediately flashed and the huge hand missed and stabbed into the ground fiercely, making a loud bang!

"You can't catch me at such a speed at all," said Hao Tian coldly. The huge stone hand was quite strong, but it moved quite slowly and didn't pose any threat to Hao Tian at all.

Yun Feng chuckled after hearing that. "How can one hand be enough? To catch a flying bird, you have to make a cage."

"Swish, swish, swish!"

"What?" Hao Tian looked around in shock. Four stone walls rose from the ground and instantly blocked his surroundings! Damn it! Hao Tian gritted his teeth and kept climbing up the stone walls with the tip of his foot. He didn't expect a huge shadow to come right at his face!

"Phew..." A black shadow barely jumped out. Hao Tian panted slightly when he landed on the ground. He glanced at the solid stone walls next to him from the corner of his eye and his black eyes darkened. It would be troublesome if he was trapped by that thing!

"Brother! Be careful!" Luo Teng's shout shocked Hao Tian. He subconsciously jumped up and found that four more stone walls had risen. He couldn't be trapped here!

The situation on the battlefield had completely changed. Hao Tian went from being domineering just then to being in an inexplicable mess right now. The speed he was proud of went from the initial attack weapon to the current escape tool! Hao Tian's body was fleeing in panic and his breath was a bit unstable. He couldn't stay on the ground for long, not even a few seconds! If he stayed, he would be trapped by the stone walls!

Hao Tian looked at the ground under his feet and his heart trembled fiercely! Earth element... She was using the earth element again. The wand was probably inserted into the ground to let her mental strength seep into the ground better. Perhaps... this vast area was under Yun Feng's control!

"Haha, he's more like a monkey right now," said Little Fire lazily. Hao Tian kept jumping around. He didn't know where the stone wall would come from and didn't dare to delay at all. The nervousness made him look like a monkey playing tricks.

Yun Feng chuckled. She had just learned the trick. After the battle with the earth-element Magic Beast, Yun Feng had understood something deeper about the power of elements. Coincidentally, a certain method of that woman was very suitable for the current scene, so she used it. Now, it seemed that this area that had been deprived of the power of space was truly her home ground.

In front of the Earth Wall Yun Feng controlled, Hao Tian didn't have a chance to attack. Looking at Hao Tian's increasingly gloomy face, Yun Feng also understood that it was the final moment! Controlling the earth elements in such a large area consumed a lot of Yun Feng's mental strength. It wouldn't be good if this dragged on.

"Little Fire, Yaoyao, Lan Yi, block him. I'm going to put him in a cage completely!"

"Yes, ma'am!" The three contracted Magic Beasts shouted loudly. The three figures rushed forward. Hao Tian glanced at them from the corner of his eye and couldn't help but look even more gloomy. The power of space had been taken away and the ground had become Yun Feng's territory. He probably wouldn't be able to turn the tide of this battle no matter how powerful he was!

"Swish, swish, swish!" Four high walls appeared from the ground. Under the attack of the three contracted Magic Beasts, Hao Tian couldn't dodge anymore. His body was wrapped tightly in the cage Yun Feng made!

"Brother!" With a roar, Luo Teng rushed forward and was locked up with Hao Tian! Yun Feng didn't expect Luo Teng to jump in voluntarily. She waved her hand and sealed the top of the four walls!

"Damn it!" A furious roar came from the inside of the heavy walls. Then, someone hit the heavy wall again and again. Yun Feng pulled her wand out of the ground. "Hao Tian, I won't do anything to you."

"You've lost the bet! Since I lost to you, you can do whatever you want with me! However, Xiao Luo has nothing to do with our bet!"

Yun Feng was silent. Hao Tian cared about her brother very much. Even though he was cold, he indeed had a different attitude when it came to Luo Teng. No wonder Luo Teng was so protective of his brother. He went to the East Sea to find the map fragment that Hao Tian had always cared about.

"Yun Feng! If you kill my brother, don't let me live!" Luo Teng's voice came from inside. Yun Feng raised her brows. "Xiao Luo! Shut up! This is the bet between us. I've already lost. Let her do whatever she wants!"

"I don't care! If she wants to kill you, she should kill us both. I won't let her have an easy time if she lets me live!"

The brothers started arguing inside. Yun Feng looked bored. Were these brothers thinking too much? Would they definitely die if they lost? She wasn't like the Sea Clan of the Endless Ocean. They all wanted to kill humans in the face of conflict.

Yun Feng sighed softly and sent the stone box surrounded by huge stone walls in front of her into the Dragon Palace. The sounds of the two brothers arguing were cut off. Yun Feng heaved a sigh of relief. It was finally quiet.

Chapter 1556: Problem Solved (4)

"Master, how do you plan to deal with them?" asked Lan Yi. Yun Feng thought for a while. "When we're about to leave the Endless Ocean, we'll certainly let them out. I don't want to keep them with me. They'll be troublesome."

"Why is Little Yun Feng so cute?" A voice came. Then, a tree vine wrapped around Yun Feng's waist without warning. Oh no! Yun Feng's body immediately trembled. Little Fire and Yaoyao's faces changed. Yun Feng's body was pulled over by the tree vine and she fell into the woman's warm arms again.

"Who are you? Let go of my master!" Lan Yi roared coldly and was about to attack. The enchanting woman hugged Yun Feng and touched Yun Feng's hair maternally with her hand, pressing her cheek into her arms. She raised her green eyes. "Such a handsome man is also Little Yun Feng's contracted Magic Beast. This is not bad."

"You..." Lan Yi immediately felt that he was being teased. What was wrong with this woman? Even though she didn't have any hostility towards Master... Why did he find her more dangerous?

"Hm... Let go of me first! I can't breathe!" Yun Feng struggled to get out of this voluptuous body. The woman's too-protruding breasts almost made her unable to breathe. This woman's body was too hot!

The green-eyed woman quickly let go when she heard Yun Feng's shout. Seeing Yun Feng's instantly flushed cheeks, the woman looked at Yun Feng with a cute expression. Feeling that she wanted to hug her again, Yun Feng immediately said, "Alright!"

The woman's red lips rose a bit aggrievedly, showing a very sexy expression. Her enchanting and charming eyes blinked pitifully. Yun Feng inexplicably felt a chill!

"Right, right, this stupid thing." The woman chuckled and grabbed Yun Feng's hand to open it. She handed the map fragment to Yun Feng with a disgusted look. "This thing belongs to Little Yun Feng. I also belong to Little Yun Feng." She squeezed Yun Feng's cheek with her slender fingers and Yun Feng immediately felt a chill all over her body!

"Untie the tree vine first." Yun Feng looked at the tree vine at her waist. The woman mumbled a bit aggrievedly, "I just want to get close to Little Yun Feng for a while. After all, Little Yun Feng is the first person I like..." The tree vine slowly loosened. Yun Feng immediately took a big step back. Yaoyao quickly ran over and grabbed Yun Feng's hand, pulling her back quickly. Lan Yi, on the other hand, observed this enchanting and voluptuous woman in front of him carefully. Was she the... earth-element Magic Beast Master planned to contract?

"Handsome, it's useless no matter how long you look at me. My heart belongs to Little Yun Feng." The woman glanced over with her green eyes. Lan Yi felt embarrassed. This woman dared to say anything!

"Xiao Feng, let's go quickly!" Yaoyao pulled Yun Feng and was about to leave this place angrily. Lan Yi also nodded. They should leave this place as soon as possible and stay away from this inexplicable woman... Otherwise, Master would be in danger.

Meatball directly jumped on Little Fire's head and glanced at the woman with its big black eyes. It patted Little Fire's head with its tail and Little Fire looked up very unhappily. "What are you doing, Meatball?"

"Nana, Nanana!" Meatball cried softly. Little Fire was silent for a long time and its wolf eyes suddenly widened! "Meatball... Are you serious?"

Meatball swung its tail again. Little Fire suddenly turned its wolf head around and stared at the extremely enchanting and voluptuous woman with long green hair with its wolf eyes. Its heart suddenly pounded a few times! No way... This earth-element Magic Beast was... It was...

"Alright, it's not bad to leave this place. I've wanted to leave for a long time," said the woman with a smile as she followed behind naturally. Yaoyao shook her head in disdain. "No, no! I don't want you to follow us! Don't follow us!"

"Little girl, do you hate me so much?" The woman bent down and wanted to touch Yaoyao. Yaoyao directly bared the sharp teeth in her mouth very fiercely. The woman shrugged helplessly. "Alright. Even though you don't like me following you, Little Yun Feng didn't say that I can't."

Yun Feng's black eyes glittered. Looking at Yaoyao's aggrieved little face, she was a bit helpless. She touched Yaoyao's little face with her hand and looked at the person in front of her with her black eyes. "Your... name."

The woman slowly curled her lips and a smile that could charm all living beings appeared. "My name... Just call me Huahua (Flower Flower)."

Lan Yi immediately gasped. Yaoyao widened her eyes. Little Fire almost lost its balance and fell on the ground. Meatball slowly turned around with a hint of shock in its eyes. The corners of Yun Feng's mouth twitched a few times. "What a... good name."

"I came up with this name myself. Not bad, right?" She gently brushed her thick green hair that was as green as the waves of the sea with her finger. Even though it was much shorter, it looked beautiful every time her hair fluctuated like waves rolling on her head.

Yun Feng looked around. She successfully got the fourth map fragment and even encountered a powerful earth-element Magic Beast with a weird personality. She had no choice but to enter this place to survive. She didn't expect to get more than she thought. If the Blood Souls knew that the thing they had been looking for was here and she got it right now, she didn't know what they would think.

"Master, are you planning to leave now?" asked Lan Yi on the side. Yun Feng nodded. Lan Yi couldn't help but frown. "The Blood Souls will definitely be prepared outside. It's even likely that higher-level powerhouses will come here. If we go out now..."

Yaoyao and Little Fire were also a bit worried. Yun Feng was only at Grade 4 of the God Level right now. Even if they had all the power they could use, if the experts of the Blood Souls came, they certainly wouldn't be able to resist! Considering how interested the senior members of the Blood Souls were in Yun Feng, it was very likely that the senior members would come too! By then, wouldn't it be even more troublesome?

"Even so, I have to get out. I can certainly cultivate my strength here, but unless I surpass the God Level, there will always be powerhouses in the Blood Souls who can suppress me! Do I have to stay here forever?"

"But..." Lan Yi still wanted to say something, but Yun Feng shook her head. "Even though there's no limit in time, we can't waste it for nothing! I'm not alone right now! Even though Mu Canghai and Ze Ran in the Dragon Palace weren't in danger, the two of them weren't idle! Besides, Ze Ran still had to go to the Ten Thousand Beast Mountain Range. She couldn't delay others because of herself.

"Although the Dragon Palace is strong, it can't penetrate the space barrier here right now," said Lan Yi. Yun Feng nodded. There were nine floors in the Dragon Palace. She had only refined five floors right now. There were still four floors that hadn't been opened. If she refined all the nine floors, the space barrier in front of her wouldn't be a problem at all. They could also slip away silently under the eyes of the Blood Souls.

Chapter 1557: I'm Here (1)

"It seems that the smaller the target, the better. After we rush out, we can only fight for a chance!" Yun Feng lowered her eyes. The three contracted Magic Beasts all shook their heads firmly. "If that's the case, let us be the bait!" Little Fire roared loudly. Yun Feng reached out and squeezed Little Fire's ear, smiling in relief. "It's useless. They're interested in me. I might be the only target."

"Even though the Blood Souls are interested in Master, they won't let us go just like that," said Lan Yi solemnly. Yun Feng nodded. "If there are senior members of the Blood Souls outside, we'll have to fight to the death." Yun Feng still had the two talismans left by her master. Even though she didn't want to use them, they could only be her trump cards at this moment. With her master's talismans to clear the path, she should be able to escape successfully.

"Little Yun Feng, why are you making it sound so scary? Things can't be so bad, right?" The woman, who had been silent for a long time, said as she looked at Yun Feng with a smile in her green eyes. The corners of Yun Feng's mouth twitched a few times.

"Sister... Sister Hua, why do you say that?" That woman always called herself a big sister. Sister Hua sounded better than Huahua!

"How annoying. I like to hear Little Yun Feng call me Huahua." The woman reached out and was about to hug her. Yaoyao quickly pulled Yun Feng back. Yun Feng only felt the freshness of a plant brush past the tip of her nose. The aggrieved eyes on Sister Hua's face made Yun Feng shiver fiercely.

"Roar... If you have something to say, just say it! Don't touch her!" Little Fire took a step forward and stood behind Yun Feng, looking at Sister Hua furiously with its wolf eyes. Sister Hua chuckled and crossed her arms in front of her chest. "Why are you so fierce? Little boy, be careful or I'll eat you in one bite if I'm unhappy!"

"You..." Little Fire widened its eyes. Meatball, who was sitting on its head, swung its tail gently a few times. Little Fire barely suppressed its anger.

"Sister Hua, you have a solution?" asked Lan Yi in surprise. Sister Hua blinked her green eyes gently. "Of course I have a solution, or I wouldn't have asked." The corners of Lan Yi's mouth twitched and he didn't know how to reply.

"What's the solution?" Yun Feng asked. Sister Hua immediately put on a smile and extended her slender arms. "Let me hug you and I'll tell you."

Yun Feng blushed. What was wrong with this woman? "No!" Yaoyao roared. Little Fire let out another wolf howl. Meatball narrowed its eyes slightly. Sister Hua shrugged helplessly. "Aiya, that was a joke just then. I know what to do." The few contracted Magic Beasts didn't let down their guard because of this. Sister Hua chuckled. "Why are you so vigilant against me? We have to get along well in the future. Alright, this method is very simple. Little Yun Feng, do you remember that the earth element contains more than defense?"

Yun Feng nodded. What the woman said gave her huge enlightenment. Sister Hua smiled in satisfaction. "Among the seven elements, the earth element is the most widespread and inclusive. It can be said that this element encompasses the characteristics of all elements, whether it's defense, attack or anything else. Of course, healing is a different story."

"Light elements and dark elements are relatively rare. Among the five ordinary elements, humans have only discovered the defensive function of the earth element and think that the advantage of the earth element is in defense. Naturally, the earth element does have astonishing defensive power, but it's also an extremely varied element."

Yun Feng had a deep understanding after hearing this. Her understanding of the earth element was limited to the defensive side in the past. Now that she met Sister Hua, she finally understood that there were too many things that elemental power could do!

"I can say that everything in this space is under the control of the earth element! Plants, earth, streams, the earth element is the foundation of everything!"

"What exactly are you trying to say?" Little Fire was a bit dizzy after hearing that. If she continued, he would be puzzled sooner or later.

"Little boy, you're just anxious. I haven't got to the point yet." Sister Hua chuckled as a hint of cunningness flashed through her eyes. Yun Feng curled her lips. "I think I understand what you're trying to say."

Sister Hua was stunned. Yun Feng understood? That girl understood just like that? Most importantly, she didn't say a word!

"Xiao Feng, do you understand?" Yaoyao raised her little face in admiration. Yun Feng smiled gently. "Probably. I wonder if I understand it right." Yun Feng looked up at Sister Hua. "The earth element doesn't just have a defensive function. The earth element is the most varied element among the seven elements. If the world is born from the earth element, it can certainly go back."

"Go back? Go back where?" Yaoyao was confused. Little Fire was also dizzy after hearing that. Sister Hua chuckled. "As expected of Little Yun Feng. You've really understood everything."

"Master, you mean... the earth element can protect us from being discovered by the Blood Souls when we get out?" said Lan Yi. He was the only person who could follow her train of thought.

"Yes, the earth element can protect me from the attacks of outside world, so it can certainly protect me from being noticed by the outside world."

"But how..." Lan Yi was interrupted by Sister Hua. "Handsome Lan, look at the ground. Isn't this the best natural barrier?"

Lan Yi was stunned. The ground! A natural barrier? Did she mean to go through the ground?

"This indeed won't make us obvious targets, but the Blood Souls will definitely pay attention to the ground. The possibility of not being discovered is very low!" Lan Yi said anxiously. It was impossible for them to leave this place this time and avoid the Blood Souls, because there was only one exit! The Law of Space had been taken away, so the Teleportation Array in the Dragon Palace certainly couldn't be used. The only exit was where the Blood Souls were watching covetously outside. The plan certainly had to be cautious and safe. Master had never used this method before. What if she was discovered?

"If the Blood Souls are really as powerful as you say, we must consider the possibility of failure in any way." Sister Hua's tone became serious. "I'm at Grade 6 of the God Level right now. I'm afraid it's not enough to deal with the Blood Souls outside."

Yun Feng's face darkened. The strength of a Grade 6 God... was certainly not enough! She didn't know the composition of the Blood Souls at the moment, but the person-in-charge of a base had already reached Grade 5 of the God Level. The people in the upper echelons would be even stronger! Then, what level would the person who led the Blood Souls reach?

"Sister Hua is right. No matter what we do, it's not foolproof. Even if they find out, they might not be able to catch me easily!"

Chapter 1558: I'm Here (2)

Lan Yi was silent. This might be the only way right now, but this suggestion was made by Sister Hua. After all, she hadn't become Yun Feng's contracted Magic Beast yet. Lan Yi was more or less vigilant against her.

"Alright, we've decided to use this method to get out. However, shouldn't you let me meet your lightning-element Magic Beast before we get out?"

Seeing Sister Hua's smile, Yun Feng raised the corners of her mouth. Er Lei and Sister Hua's personalities were the closest. Perhaps the two of them had something in common. Since she had decided to let Sister Hua be her earth-element contracted Magic Beast, she certainly had to introduce them.

"Swish..." Purple light flashed and Er Lei's tall and sturdy body appeared faintly in the light. After the purple light faded, a rather sloppy uncle appeared in front of Sister Hua. Sister Hua opened her mouth slightly and raised her arm, pointing at Er Lei, not saying anything for a long time.

"What's wrong with this woman?" Er Lei's purple eyes glittered as he glared at Sister Hua fiercely. Sister Hua's green eyes suddenly became wet, as if tears were welling up!

"Little Yun Feng! Who's this rude monster? I'm so scared!" Sister Hua pounced forward and hugged Yun Feng in her arms without caring about anything. Yaoyao tried her best to push her away, but her arms were like vines, wrapping around Yun Feng tightly. Even though she looked like a woman, she was astonishingly strong!

Yun Feng almost couldn't breathe again. "This is Er Lei, my lightning-element contracted Magic Beast."

"Why did Little Yun Feng contract with such a monster? Change it, change it!" Sister Hua's eyes were wet, as if she was frightened by Er Lei. Lan Yi suddenly smiled on the side. Everything had its weakness. This inexplicable woman looked like she wasn't afraid of anyone except Er Lei.

"How dare you say that I'm a monster!" Er Lei roared as the silver snake suddenly jumped out. Sister Hua hugged Yun Feng even tighter. "The monster spoke!"

"If you dare to say that I'm a monster again, I'll kill you!" Er Lei's furious voice came.

"Little Yun Feng, protect me..." Sister Hua's voice trembled in fear.

"You two..." Yun Feng sounded so helpless and weak.

"That's enough." Little Fire mumbled and turned its head away. Out of sight, out of mind! "Meatball, do you want to explain this woman's original form to Master?" Little Fire looked up at Meatball on its head. Meatball swept its big tail gently a few times. Little Fire was stunned. "I didn't know you had such an evil side..."

After such a chaotic meeting, the four contracted Magic Beasts all returned to their Rings of Contract. Sister Hua was taken into the Yun Palace by Yun Feng and Meatball also followed her inside consciously. Yun Feng planned to travel light while leaving this place. It couldn't be better to move alone.

"Phew..." Yun Feng took a deep breath and felt her slightly chaotic heartbeat. At this moment, she had already arrived at the entrance of the space barrier that led to this place. It was easy to get out of this entrance, but it was difficult to enter. It could be said that it was effortless for the people inside to get out.

Let's begin!

Yun Feng closed her black eyes tightly as the mental strength in her spiritual space slowly spun. From slow to fast, it became faster and faster until it instantly oozed out of Yun Feng's body and covered the ground under her feet! Her mental strength kept extending down and completely penetrated the ground!

Yun Feng's feet sank into the ground, followed by her calves, then her knees, as if a pair of invisible arms were pulling Yun Feng underground! Yun Feng closed her black eyes tightly and didn't panic at all. Her entire body sank from her feet and disappeared until her hair was gone. Yun Feng was nowhere to be seen on the ground!

Whoosh!

Her black eyes opened after her body completely entered the ground. A beam of earthy yellow light flashed through Yun Feng's eyes and a translucent world was reflected in her pupils. The road ahead was obvious at a glance!

"That's it, Little Yun Feng!" Sister Hua's voice came from the Dragon Palace. Yun Feng smiled gently and tried to move her hand. Nothing happened. It was the same even if she moved her feet! Looking at the vast land that suddenly became flat in front of her, she clenched her fists slightly and exerted strength with the tip of her foot, moving underground like a bullet!

Yun Feng looked at the road ahead and moved her body rapidly. Soon, she felt the location of the space barrier ahead. She gritted her teeth fiercely and rushed over without hesitation!

"My lord, we've been guarding here for half a month. Yun Feng still hasn't come out. Did she die inside?" The Grade-4 God of Blood Soul said. The face of the Grade-5 God in the lead darkened. "Idiot! We must see her, dead or alive!"

"Yes!" The Grade 4 God quickly retreated to the side and looked at the face of the Grade 5 God with fear. After this crushing defeat, their deaths and injuries could be said to be tragic...

"Tsk! You're really patient!" The Grade-5 God stared at the space in front of him fiercely and threw out a stream of dark elements. The space barrier trembled slightly and stood there intact, making the Grade-5 God furious!

"Yun Feng, when you come out, I'll definitely teach you a lesson and torture you fiercely!" The eyes of the Grade 5 God shook fiercely again with bloodshot eyes. Such a scene happened every day in the past half month. The other few Grade 4 Gods were already used to it. They knew that the Grade 5 God was angry and he could only vent his anger in this way.

"When did the members of the Blood Souls become so reckless and impatient?" Unlike the hoarse voices of the other members of the Blood Souls, a mellow voice appeared. Then, a wisp of black quickly flew over and instantly arrived in front of him!

"Lord... Lord Tu!" The face of the Grade-5 God turned pale. He was inexplicably excited to see the person who came. The other Grade-4 Gods were shocked by the aura of Lord Tu in front of them and their hearts were trembling slightly in their chests!

"Useless." Wrapped in a black robe, his face was pale and there were tiny wrinkles on his rather handsome facial features. He glanced over with a pair of cold eyes and the body of the Grade 5 God trembled fiercely! "I... I'm useless... It's my fault..."

Lord Tu swung his black robe gently and looked ahead. "Is this the place?"

"Yes! It's this space barrier. Otherwise, I would have already captured Yun Feng!"

Lord Tu snorted and glanced over with his cold eyes again. "If you can catch Yun Feng so easily, we won't be so interested in her."

The Grade-5 God immediately shut up. Lord Tu looked at the space barrier in front of him. His black robe naturally rose without any wind and a stream of dark elements rushed out fiercely!

Chapter 1559: I'm Here (3)

"Buzz..." The spatial barrier made a violent sound. The Grade-5 God-Level powerhouse showed a delighted gaze. With Lord Tu here, this spatial barrier certainly wouldn't be a problem! Yun Feng wouldn't be able to escape!

After the tremor, the space barrier didn't change at all. There wasn't even a crack!

The Grade 5 God opened his mouth in shock. How... How was that possible? Even Lord Tu couldn't shake it at all with his ability. How exactly did Yun Feng get in? Lord Tu raised his brows slightly and observed for a long time in interest. He was more or less a bit surprised in his mind. He used 70% of his strength just then and didn't shake it at all. It seemed that the level of the creator of this space barrier was much higher than his. If he couldn't open this space barrier, how did Yun Feng get in?

Seeing that Lord Tu didn't say anything for a long time, the Grade-5 God asked in fear, "Lord Tu, what... what should we do now..."

Lord Tu slowly turned around. His black eyes seemed to be able to see through people's minds. The Grade 5 God's body trembled slightly. "What have you been doing? Let's continue now."

"Yes, my lord!" The Grade 5 God immediately nodded with cold sweat all over his body. The other Grade 4 Gods didn't even dare to look up. They just stood there with their heads lowered and only dared to look at their feet. Lord Tu swung the black robe on his body and stopped in the air. Everyone present immediately understood that one of the senior members of the Blood Souls was going to take charge in person.

At this moment, Yun Feng successfully rushed out of the space barrier from the inside out. Compared to the difficulty when she came in, it was unusually simple and not difficult at all to get out. As soon as she passed through the space barrier, the feeling around her immediately changed. The Law of Space returned and her perception became sharper. A few streams of power swept over instantly. Luckily, Yun Feng was already prepared and suppressed her aura to the minimum. There were earth elements around her, which gave her a layer of protection.

Feeling the search of the few auras, Yun Feng could imagine that the people of the Blood Souls on the ground had already been waiting for her to come out! However, they had never thought that she would indeed come out, but in such an unexpected way.

Yun Feng moved forward carefully. At this moment, she didn't dare to move too quickly, fearing that she would attract the attention of the people of the Blood Souls. As long as she crossed this area safely, she would certainly be able to escape! The world in her eyes was translucent. Yun Feng looked up slightly and saw a few black-robed figures standing in the air.

The Grade-5 God in the lead and the few injured Grade-4 Gods were all here. There was also... a completely unfamiliar black robe that stopped in the air. Yun Feng narrowed her eyes slightly. She couldn't feel this person's aura at all. This person's aura was blank!

That guy must be a senior member of the Blood Souls. The corners of Yun Feng's mouth curled up in self-mockery. She didn't expect that she could attract the senior member of the Blood Souls. How ironic... She would go out just like that and return to the lair of the Blood Souls. Yun Feng didn't forget that it was very likely that her ancestor's soul was imprisoned here!

Yun Feng restrained her aura even more carefully. She moved carefully underground and didn't attract the attention of anyone from the Blood Souls. Even though the journey was tense, it was safe. Yun Feng chose a direction and started to accelerate!

"Hm?" Lord Tu frowned slightly and turned his cheek slightly. He looked at the ground attentively. That was where Yun Feng stopped just then! Lord Tu looked at it for a long time and the corners of his mouth curled up slowly. He turned his cheek around again and a faint glint of excitement suddenly jumped out of his eyes!

Yun Feng had already left the area where the Blood Souls were gathered. She started running all the way to the nest of the Blood Souls. There was no obstruction along the way. All the lackeys of the Blood Souls died under Yun Feng's elemental fusion. The remaining few powerhouses were quite injured by Na Xie's attack. Their strength could be said to be extremely weakened after being severely injured! Everyone gathered near the space barrier to search for her whereabouts. The defense of the nest was almost zero!

Thinking of this, the blood in Yun Feng's heart flowed faster! Ancestor, ancestor, are you here?

The terrain in front of her eyes changed obviously. The place where they appeared back then was right in front of her eyes! Yun Feng took a deep breath and jumped up from the ground. She exerted strength with the tip of her foot in the air and her body turned into a black shadow that rushed forward!

"Boom..." A fierce dark element attacked from the back. Yun Feng was shocked! She didn't notice anyone behind her at all just then. Who exactly could follow her silently? "Hm!" It was already too late to dodge. The attack speed of the dark element was much

faster than Yun Feng's own speed. Under the heavy blow, Yun Feng's body fell from the sky and a trace of blood oozed out of the corners of her mouth.

A black robe slowly appeared in the space, as if he had melted in the entire space. He could reach anywhere with a thought. His body gradually appeared, but his gloomy and cold eyes were glittering at this moment!

Yun Feng propped her body up and wiped the blood at the corners of her mouth with the back of her hand. If her body hadn't been strengthened again, that force just then would have already shattered her! He... hadn't exerted his full strength yet! A senior member of the Blood Souls... What level had his strength reached?

"Yun Feng." The black-robed man whispered slowly. His mellow voice sounded and Yun Feng's black eyes widened! "It's you!" The voice from the other end of the black jade she got after Leng Mi died!

"Hahaha, you remember my voice?" The black-robed man put on a smile. Yun Feng looked cold. "I'll never forget it!"

The corners of Lord Tu's mouth slowly curled up. Yun Feng flipped her hand and held the wand in her hand! The black-robed man's eyes glittered. "You do have a lot of good stuff on you. Bloodline... and even more unexpected treasures."

"They can never be yours!"

Lord Tu's face froze and he said coldly, "After you die and your soul is destroyed, they'll certainly be unowned items."

Yun Feng's black eyes darkened. She knew clearly that she wasn't a match for the person in front of her. Coupled with all her combat strength, she wasn't a match for him! The appearance of such a high-level figure here certainly meant that the ancestor's soul couldn't be here. The only thing she could do was to escape!

The only way to deal with the person in front of her was to use the talisman left by her master! Yun Feng held her wand tightly and shouted, "Water Chains!" She held the ice blue chain in her hand and threw it at Lord Tu. Lord Tu didn't even move. He only sneered and the Water Chains automatically exploded in front of him!

Chapter 1560: I'm Here (4)

Yun Feng didn't expect her attack to be resolved so easily. She ran to create a timing and took out her master's talisman from the dimension container. She could only take the risk right now! Yun Feng quickly opened the dimension container with her mental strength. Yun Feng searched for the talisman left by her master and found it!

"Ugh!" "Bang!"

Yun Feng only felt that the organs in her body were twisted together fiercely. Her arms were pressed down firmly by a powerful force, and her neck! She opened her black eyes and three big black hands jumped out of the black robe. While they grabbed Yun Feng's neck, they also nailed her arms firmly to the ground! Lord Tu stared at Yun Feng with his cold eyes and slowly said, "I won't give you a chance to turn the tables."

Yun Feng cursed in her mind. All her movements were blocked and her only chance was cut off!

"Hahahaha!" Excitement and bloodthirstiness flashed through Lord Tu's eyes. "How about taking out your soul to accompany Yun Lan? Haven't you been looking for him? Or... is it more interesting to split your soul into a few pieces?"

"It's you! You did this to my brother, Yun Qi!" Yun Feng widened her black eyes and roared furiously! A deep sorrow and anger surged from the bottom of her heart! Lord Tu burst into laughter. "It seems that you want this too. I might as well fulfill your wish."

She gritted her teeth fiercely as a metallic taste surged out of her mouth. The black hand that was stuck at her neck suddenly exerted strength and the dark elements scrambled to enter Yun Feng's body! Lord Tu's ferocious face became more and more blurry. The continuous invasion of the dark elements made Yun Feng feel unbearable pain. She couldn't lose... She definitely couldn't lose!

Her vision gradually darkened, but Yun Feng saw a faint beam of light, as if the light of hope was guiding her. It was light... What was it that was glowing... A glimmer flashed through Yun Feng's cold palm. The black jade pendant was lying on it quietly. The faint light was coming from the jade pendant!

"This is..." Lord Tu's pupils immediately shrank when he saw the black jade pendant. The dark elements suddenly attacked and were about to take away the jade pendant, but he didn't expect the dazzling light to spread out from the black jade pendant, so dazzling that people couldn't open their eyes! Lord Tu didn't have time to think carefully. His body suddenly retreated and the dazzling white light cut off the dark elements! Lord Tu's pupils shrank again. This was... the light element!

Despite the dazzling light, Yun Feng wanted to widen her eyes with all her might. A familiar warmth surrounded her, making her feel so at ease.

"Lanyi..." Yun Feng mumbled this name that made her heart tremble. Her body was suddenly held tightly by a pair of arms. Yun Feng looked up. In the dazzling light, a pair of black eyes looked at her with gentleness and love in them.

Yun Feng slowly closed her eyes and handed herself over to him at ease, to this man who made her warm and at ease. A soft whisper like the wind brushed past her ears, making Yun Feng put on a faint smile.

"Fengfeng, I'm here."

Warm arms surrounded her waist and the light wasn't as dazzling as before. Yun Feng raised her arms and hugged forward fiercely. She didn't want all of this to be an illusion. She wanted a real touch to tell her that he was really here!

A magnetic chuckle sounded in her ears. The man's warm breath sprayed on Yun Feng's cheek and his warm face slowly approached. A light kiss landed on Yun Feng's cheek, but it made her inexplicably blush and her heart race. "Although I can't wait for you to throw yourself at me, right now... We should deal with the current situation before I enjoy it."

Yun Feng blushed completely. She held the man's warm and strong body with her arms and buried her face in the man's thick chest. Yun Feng heard a warm and strong heartbeat. His wide arms held her entire body and exerted a little strength. Yun Feng was picked up by Qu Lanyi. The two of them quickly jumped out of the light and went in other directions!

"I won't let you escape!" Lord Tu gritted his teeth fiercely. He swung his black robe and his body passed through the light in front of him resolutely. The dark elements and the light elements were entangled. When Lord Tu came out of the light ball, a few parts of his black robe had already been burnt and he looked quite messy. Lord Tu gritted his teeth and his body flashed, chasing after them at full speed!

"Humph! That old guy is truly bold. Isn't he afraid of being skinned alive?" Qu Lanyi turned around slightly and said coldly when he saw Lord Tu chasing after him. He held Yun Feng in his arms. Qu Lanyi lowered his head slightly and found that Yun Feng was looking at him with her clear black eyes without blinking.

He seemed to have matured a bit... His hair seemed to have grown a bit longer and his facial features were still as handsome as before, but he almost didn't have the feminine charm he had back then at all. And these black eyes... Would they turn red again...

"Fengfeng, do you think I've dazzled you again?" Qu Lanyi curled his lips and his black eyes glittered. Yun Feng blushed again. She suddenly became clumsy right now. She didn't know what to say or do. The only thing she could think of was to watch him foolishly and observe the smallest changes.

Qu Lanyi chuckled and handed the black jade pendant to Yun Feng with his other hand. "Keep this well. There's a guy chasing us behind. We have to get rid of him first." Yun Feng nodded and immediately put away the black jade pendant. She suddenly

remembered that the light elements seemed to have appeared from the black jade pendant just then. Then... Lanyi came.

"I'll answer all your questions later. Hold on to me!" Qu Lanyi curled his lips and sped up again. The sound of the wind blew past Yun Feng's ears. She couldn't help but hold the man tightly with her arms and pressed her body against him. The smile on Qu Lanyi's lips widened and he held Yun Feng even tighter. Yes, Fengfeng had grown curvier recently.

"Yun Feng, don't even think about escaping this time!" Lord Tu chased after them closely. He stared at Qu Lanyi, who was running in front of him, and his heart was pounding. Who exactly was this kid who suddenly appeared? The kid knew how to use light elements! And the kid's movement speed was almost the same as his! Was he as strong as him?

Thinking of this, Lord Tu couldn't help but frown. How was that possible? It was impossible for the kid to have the same achievements as him at that age. He was probably just putting on an act in terms of speed!
