

# Genius Summoner

## Chapter 1561: Sweetness of People (1)

"Lanyi, go that way!" Yun Feng observed the surrounding terrain keenly and pointed the way for Qu Lanyi. The Teleportation Array that came here couldn't be used anymore. There must be another exit here! Yun Feng's inexplicable intuition was guiding her forward. Qu Lanyi also followed Yun Feng's lead. The two of them shuttled around this area with complicated terrain.

"It seems that we can only truly shake off the old guy behind us after leaving this godforsaken place!" Qu Lanyi glanced at Lord Tu, who was chasing tightly after him, and cursed softly. He suddenly climbed a high slope with Yun Feng in his arms. Yun Feng glanced down with her black eyes and a faint light rushed into her sight!

"It's there!" said Yun Feng in surprise. Qu Lanyi also burst into laughter. "My wife, I'm going to take you there!"

"Swish..." Faint light came out of Qu Lanyi's body. The two of them turned into a beam of white light and ran down. Lord Tu jumped to a high place and looked. He cursed in his mind! He couldn't let Yun Feng escape from here. He would miss this great opportunity!

Lord Tu's body suddenly straightened and he narrowed his eyes to look down. The black robe on his body began to roll crazily and dense dark elements surged out of the black robe. An arm that was as thin as a bone extended out. His pale and wrinkled skin looked very terrifying. He opened his five slender fingers that were almost sharp and dark elements quickly surged into his palm, enveloping him layer by layer. The black color was dense and the power stacked layer by layer!

"Buzz, buzz, buzz..." The space around shook. The dark elements gathered in his palm contained a terrifying power and the power of space around was also forcibly changed! Yun Feng and Qu Lanyi felt the fluctuation. Qu Lanyi sped up again and held Yun Feng completely in front of his chest, protecting her with his entire body!

"Lanyi!" Yun Feng wanted to look up, but Qu Lanyi pressed Yun Feng's head against his chest with one hand and looked at the faint light not far ahead with his black eyes. He wrapped his arm around the woman in his arms tightly! "You'll be fine. I'm here."

Yun Feng struggled and wanted to come out, but Qu Lanyi held her tightly. "Lanyi! Let go of me first! Do you hear me?" Yun Feng was anxious. Thinking that Qu Lanyi used his body as a shield for her, Yun Feng's heart ached! She didn't want anything to happen to him. She didn't want anything to happen to him the moment they met!

He hoped that she was fine, and she hoped the same for him!

He clenched her slender fingers and pressed all the surging dark elements together. The space around shook. Qu Lanyi's body was a bit unstable. He gritted his teeth and rushed forward without hesitation!

"Boom..." The roar of elemental power was deafening!

Qu Lanyi's black eyes darkened and were stained with redness. Mysterious red patterns appeared on his arm! Even though he wasn't sure if he could withstand them, he shouldn't die! "Lanyi!" Yun Feng knew how fierce the dark elements behind her were. Was he going to use his body to block them? She wouldn't allow it!

"Hahahaha, don't even think about escaping!" A ferocious voice came from behind. Lord Tu's facial features were almost twisted!

The dark elements roared and rushed towards Qu Lanyi and Yun Feng at the speed of a laser cannon!

"Argh!" Yun Feng suddenly shouted as mental strength surged out of her body and directly turned into a whip. Qu Lanyi only felt a black shadow flash in front of him and a sharp pain in his wrist! He wasn't prepared at all. Qu Lanyi was shocked and loosened his grip slightly. Yun Feng took this opportunity to step back. Her arm flashed and she turned around, appearing behind Qu Lanyi!

"What?" Qu Lanyi widened his eyes and saw Yun Feng's smiling black eyes! He gritted his teeth and forcibly extended his arm to drag Yun Feng into his arms. Yun Feng was stunned. She didn't expect him to move so quickly. The two of them fell straight down and dark elements descended at the same time!

"Boom, boom, boom..." A dazzling light exploded from a point!

Lord Tu, who was standing in the sky, narrowed his eyes slightly and the corners of his mouth curled up coldly. He used almost 90% of his strength just then! It was impossible for them to resist such fierce dark elements! Yun Feng and that kid had probably already been blasted into pieces! It didn't matter if their bodies died. He wanted their souls! He wanted the source of their bloodlines!

After waiting quietly for a while, everything was under control. The smile at the corners of Lord Tu's mouth was the joy of harvesting. After the light gradually faded, the smile at the corners of Lord Tu's mouth became bigger and bigger. The black robe on his body moved and he was about to rush down to check the results...

"Swish..." A beam of light rushed up. Lord Tu was shocked. His body quickly flashed to the side and the light passed through Lord Tu, directly penetrating one side of his black robe!

"What?" Lord Tu looked at the black robe on his body in shock. His pupils shrank fiercely and the black robe suddenly rose. The pale arm that was extended just then had been completely penetrated! Looking at the hole on his arm, Lord Tu's hand trembled slightly. He looked down and instantly narrowed his eyes!

There was only ruins below that had been blasted out. There was no one! Lord Tu stood in the sky and whispered coldly, "Does he have the ability to fight back while running... Who exactly is that kid?"

The darkness that had been silent for a long time stirred at this moment. The sound of rapid crawling swept across the cold cliff. Countless sounds of climbing, the sound of countless sharp claws rubbing against each other, and the rapid breathing of countless Magic Beasts!

"Buzz..." The space began to shake and all the commotion couldn't be suppressed anymore! A beam of light suddenly appeared somewhere in the darkness, like a huge scythe that completely cut off the darkness! Countless roars of Magic Beasts gathered. Under the light, countless black shadows pounced forward!

"Boom!"

Before the Magic Beasts that pounced over were all repelled by the powerful force, screams resounded in this abyss!

"Get out of my way!" A cold and furious voice resounded. A bright line flashed through the darkness and rushed up! Qu Lanyi's body emitted dense light, completely dispelling the darkness in front of his eyes. His black eyes had already turned pure red at this moment. He held the person in his arms tightly with one hand and completely released the ferocious dark elements with the other!

## **Chapter 1562: Sweetness of People (2)**

Light and darkness, these two elements, which complemented and countered each other, fused perfectly on the same person!

"Poof... Poof..." The sound of flesh and blood splattering, the painful howls of Magic Beasts, and the furious roars of even more Magic Beasts and the figures that pounced on them without caring about their safety!

Wherever the light went, a bloody path was opened! When the dark elements exploded, countless corpses of unknown Magic Beasts fell! Under the light, his feet were covered in blood! Qu Lanyi didn't hold back at all. Blood dyed the path!

"Swish..." The light jumped out of the abyss. The body of the unknown Magic Beast that was chasing crazily immediately shrank back. It could only roar furiously and watch the light get further and further away until it completely disappeared!

Yun Feng's eyelashes moved slightly. She slowly opened her black eyes and saw the man's tight chin. She chuckled and saw those beautiful black eyes turn around. "Lanyi, it's... great to see you."

The anger in the man's eyes was completely dissipated by what he said. There was love, anger and even more helplessness. He held the woman in his arms tightly and pressed his perfect handsome face down. He didn't care that the two of them were covered in blood and mess. Qu Lanyi held Yun Feng in his arms. "You impulsive woman... When you recover, see how I punish you."

Was he threatening her? Yun Feng slowly raised the corners of her mouth and grabbed the man's clothes tightly with her fingers. She gently closed her eyes and fainted with stable breathing. Qu Lanyi smiled helplessly and pressed his thin lips against her soft red lips. "What should I do with you..."

Yun Feng felt that she had a very long dream. She saw a familiar figure in the dream, a figure that she missed so much whenever she called his name. The warm aura, gentle words and the strong and familiar heartbeat. All of this didn't seem to be a dream. It was so real...

"Lanyi..." Yun Feng mumbled. She slowly opened her black eyes and saw a semicircular cave. Faint light shone in from outside the cave not far away. Yun Feng rolled her black eyes gently and didn't know where she was. When her body was about to move, a lot of pain came from her waist. Yun Feng glanced down with her black eyes. The man's arm was around his waist and there was also a warm chest behind her.

"You're awake?" A slightly hoarse voice sounded in her ears. The warm body behind her moved slightly, allowing her to lean against him in a more comfortable position. The man put his arm around her waist forcefully and locked her firmly in his arms.

"Lanyi?" Yun Feng asked tentatively, which caused the man's deep laughter. A big hand climbed onto her cheek and slowly turned it around. When their black eyes met and his warm and beautiful eyes looked straight at her, Yun Feng's heart immediately warmed.

"Lanyi." Yun Feng called out. Qu Lanyi smiled gently. "What's the matter?"

"Lanyi." Yun Feng called out again. Qu Lanyi chuckled and pressed his handsome face against her forehead. "Yes, I'm here."

"Lanyi." Yun Feng called again. Qu Lanyi's lips curled up. "Yes, I'm here."

"Lanyi."

"I'm here."

"Lanyi."

"Yeah."

Yun Feng suddenly cried. Hot tears suddenly fell from her eyes and flowed down her cheeks slowly. The scorching temperature of the tears surprised Qu Lanyi. There was a hint of panic in her clear black eyes. Qu Lanyi wiped away the warm tears with his big hand, but the tears still surged.

With a helpless sigh, his warm lips landed and he put all these hot and bitter tears in his mouth. A familiar aura enveloped Yun Feng's entire body. Yun Feng whimpered softly as her tears were hot.

In the countless days they had been apart, she had called this name countless times in her mind. She didn't dare to open her mouth or really call out to him, fearing that the only answer she would get after calling out his name would be silence. Yun Feng's stubbornness along the way had collapsed. In the eyes of the world, Yun Feng was powerful and beautiful, but how many people understood the pain in her heart? How many people knew what she had endured along the way? Only the man in front of her could make her shed everything and cry properly.

"Lanyi, You Yue is dead..." Yun Feng's whimper came. Qu Lanyi's black eyes glittered and his warm lips kissed Yun Feng's wet eyes. The pain of losing You Yue had been lingering in Yun Feng's heart. That was the only person in Yun Feng's world who had left completely and would never come back.

It was also on that night that Yun Feng shed warm tears and called out that name that she had never dared to say.

The man wrapped his arms around Yun Feng and tried to kiss her tears dry with his warm lips. The feeling of being doted on and protected surged in her mind. Yun Feng's eyes became hot and more tears surged out. His warm thin lips left and their breaths intertwined. In Yun Feng's hazy eyes, Qu Lanyi's black eyes were as deep as the night sky, as if she couldn't see the end of them.

The man held Yun Feng's chin with his big hand and raised her face. He pressed his thin lips down and surrounded Yun Feng with an aura that made her heart extremely excited.

"Your crying is... too noisy." He mumbled as his thin lips pressed into her mouth. Yun Feng closed her black eyes and held the man's arm tightly. A warmth slowly spread in her mouth and a scorching heat began to spread from her lips to the depths of her heart. Yun Feng tasted the bitterness of her tears and the manly aura that belonged to Qu Lanyi.

Yun Feng only felt that her skin was about to catch fire. Her cheeks were burning and the air around her also became unbearable hot. The hot air she exhaled kept lingering in her body and her body was boiling from the inside out!

"Phew... Stop. I... I can't breathe..." She gently pushed his hand away, wanting the man's lips to leave. Yun Feng panted heavily with a charming blush on her cheeks. Qu Lanyi held Yun Feng even tighter with his arm and pressed his thin lips down again without hesitation, wanting to take away all the breath in her mouth!

"Hm, hm!" The corners of Yun Feng's eyes were wet, as if tears were about to fall. She opened her black eyes and found that Qu Lanyi's eyes were staring at her. Yun Feng's heart pounded even more violently. She seemed to see a faint redness in his black eyes.

"Phew..." Yun Feng panted heavily as her chest rose and fell rapidly. Her body lay in Qu Lanyi's arms weakly. Her pretty face was completely red. Her red lips were swollen and her eyes were wet. After breathing smoothly, Yun Feng raised her little face angrily and saw the man's smiling eyes.

## **Chapter 1563: Sweetness of People (3)**

"You're still laughing!" Yun Feng gritted her teeth and said. Qu Lanyi smiled even more happily. He squeezed Yun Feng's face with his fingers and looked at the blush on her cheeks in fascination. He was the only one who could make her so passionate.

"Fengfeng..." Qu Lanyi mumbled as he measured Yun Feng's facial features with his finger. "How much have you missed me these days?"

Yun Feng's blush had just subsided when it became red again! "I didn't miss you!"

Qu Lanyi raised his brows and his thin lips. "You really didn't think about it? I wonder who kept calling me just then."

Yun Feng blushed and her black eyes were full of embarrassment. She couldn't refute that it wasn't her, so she could only let Qu Lanyi take advantage of her like this. Qu Lanyi burst into laughter and kissed Yun Feng's cheek. "I won't say anything else. If I continue, your face will probably explode."

Yun Feng bit her lips. This man... had become more and more presumptuous after not seeing her for so long!

Yun Feng wanted to get up, but the pain on her body made her gasp. Qu Lanyi's arms fixed Yun Feng's body that was about to move. "Don't move."

"But I..." Yun Feng was completely in Qu Lanyi's arms at this moment. Qu Lanyi chuckled. "You've been lying in my arms. Where else do you want to go?"

Yun Feng glared at Qu Lanyi, but didn't move anymore. Qu Lanyi held her steadily in his arms. The corners of Yun Feng's mouth curled up with sweetness in her mind. "Where am I? How long have I been unconscious?"

Qu Lanyi curled Yun Feng's hair with his finger and watched her beautiful black hair move between his fingers. He said, "This is somewhere in the Endless Ocean. I don't know the exact place. You've been asleep for three months."

Three months! Yun Feng was surprised. She had been unconscious for so long. Had she been leaning against him for the past three months?

"I've been lying on you. Is your body alright?" Yun Feng turned around and asked. Qu Lanyi raised his brows. "I'm always fine, but you... don't seem to have changed your reckless personality."

Yun Feng was startled. She quickly turned her head around. "I'm not messing around... Even if I had to do it again, I would make the same choice."

The arm around her waist tightened. Yun Feng didn't need to look back to know what Qu Lanyi's expression was. "You can risk your life to protect me. I will do the same for you!" Yun Feng blushed and said. She found that his body suddenly stiffened. The man rubbed Yun Feng's waist slowly with his hand. "I'm different from you. With my current strength, such an attack won't kill me easily. You, on the other hand..."

"This has nothing to do with strength!" Yun Feng looked back and stared at Qu Lanyi with her clear black eyes. "This is my mood, the same as yours!"

Qu Lanyi's handsome facial features were stunned for a moment. Then, he suddenly smiled and pressed his handsome face down, kissing Yun Feng fiercely. He covered Yun Feng's chest with his big hand and pressed his palm against the place where her heart was beating crazily. "In other words, you can't abandon me here, right?"

Yun Feng blushed and replied in a low voice. Qu Lanyi chuckled. He held the back of Yun Feng's head and pressed his thin lips down again, swallowing her exclamation. What a beautiful thing to say. He felt that his heart raced and even... his eyes were wet whenever he thought about it.

Ever since he was born, he had thought that nothing could be preserved forever. Everything would die one day. Even the most powerful powerhouses would die one day. It was the same for families, humans and the world.

However, he saw a kind of persistence on this slender body. This woman called Yun Feng was moving towards her goal without hesitation. Even if she died, even if she was

destroyed, she would never stop moving forward. She was so dazzling that he couldn't ignore her.

Their lips left each other and their hot breaths overlapped. Qu Lanyi sat down and held Yun Feng tightly. He had already got the most precious emotions in this world and she would never abandon him in her heart. The ties in this world would be abandoned eventually, but only her heart would never be destroyed.

After calming her chaotic breathing again, Yun Feng suddenly felt a bit embarrassed. The timing of the two of them reuniting wasn't right, but right now, it was too... passionate. Yun Feng bit her red lips gently as her heart raced. In fact, she didn't hate this.

"What are you thinking about?" asked Qu Lanyi softly. Yun Feng blushed even more. "Nothing. Right, you've consumed light elements to heal me. Is it alright?" Yun Feng looked back worriedly. Qu Lanyi chuckled. "Don't worry. I can already control the light and darkness elements quite well. I'll basically be fine."

"You can freely switch between light and darkness? There are no side effects?" Yun Feng was very happy to hear that. In the past, every time Qu Lanyi used the dark elements, it was a heavy burden on his body. It would be best if he could resolve the problem just like that.

"You can say that, but I've only got the basics. I can't control it very well yet."

Yun Feng smiled happily. Qu Lanyi squeezed her cheek with his finger. "Do you know how badly you were injured? I was afraid that I wouldn't be able to save you." Qu Lanyi's finger trembled slightly. Yun Feng curled her lips. "No, I believe in you."

"You..." Qu Lanyi smiled helplessly. The two of them had been separated for so long, so they certainly wanted to know everything that the other party had experienced during this period of time. Qu Lanyi downplayed his cultivation into a few words. It was best for him to say not too much about his family. Yun Feng understood him. It was fine as long as he survived safely.

Yun Feng had a lot to say. The Dragons' accident, Ze Ran's appearance, the fifth contracted Magic Beast named Sister Hua, and the map fragment. Qu Lanyi listened silently. Even though Yun Feng didn't tell him in detail, he knew that things weren't as easy as she said.

It seemed that Ao Jin had quit voluntarily. Qu Lanyi held Yun Feng and put on a smile. Very good. The strongest competitor was eliminated. Speaking of Ze Ran, Qu Lanyi was startled. "Ze Ran?"

"That's right. I didn't expect him to appear in the Endless Ocean! I didn't expect to meet him here! He hasn't changed much. He's taller and stronger than when he was young. He only gained his current strength after experiencing hardships..."

## Chapter 1564: Sweetness of People (4)

Qu Lanyi's face gradually darkened after hearing that. He didn't care about that kid called Ze Ran at all when he met him in Chunfeng Town. He didn't expect him to appear again. Had this kid been with Fengfeng these days?

"Right! I wonder how Ze Ran and Mu Canghai are doing. They were seriously injured to protect me!" Yun Feng looked a bit worried. Qu Lanyi raised his brows in jealousy. "You can't enter the Dragon Palace in your current situation."

"It seems that I have to get better quickly!"

Qu Lanyi snorted coldly and turned Yun Feng's face around with his big hand. His handsome face was full of displeasure.

"What's wrong?" Yun Feng was confused. Qu Lanyi was both angry and amused. Fengfeng was truly stubborn and simple-minded. "Nothing. We've just met. Don't mention another man's name!"

Yun Feng was stunned. Then, she understood something. "Lanyi, are you jealous?"

Qu Lanyi raised his brows and snorted. "Why? Can't I?"

Yun Feng chuckled. Qu Lanyi squeezed Yun Feng's face helplessly with his finger. Yun Feng smiled even more happily. Seeing her smile like this, Qu Lanyi's eyes softened and he held the woman in his arms even tighter. Waves surged in his heart one after another, making him unable to calm down.

Ever since the woman called Yun Feng walked into his world, his world couldn't be peaceful anymore.

"Brother Lanyi!" The girl's charming shout came. A glint of coldness suddenly flashed through the black eyes of the young man, who was squatting in front of a flower bush. He slowly stood up. His perfectly matched facial features were covered in a layer of frost at this moment. The beautiful flower he picked in his hand was crushed in an instant.

Looking at the delicate flower that had been crushed in his hand, the young man slowly frowned and watched attentively until a figure ran to him happily. "Brother Lanyi!" The girl blushed and called out, hoping that the young man in front of her could respond to

her. However, the young man only looked at the flower in his hand attentively and didn't care about her at all. Seeing that the young man was so focused, the girl turned her head and thought for a while, as if she had come up with a good solution. She immediately bent down and searched the flowers for a while. "Ah! It's you!" The girl pulled the flowers fiercely with her fair hand and a flower was pulled off.

"Brother Lanyi, here!" The girl took the flower as if she was presenting a treasure with a sweet smile on her face. "That flower is already useless. I picked this for you, Brother Lanyi. It's very beautiful!"

The young man finally looked up and glanced at the flower in the girl's hand indifferently with his charming black eyes. The young man didn't say anything. Seeing that the young man didn't seem to like it, the girl asked, "Brother Lanyi, don't be sad, okay? I'll give you whatever you like!"

The coldness in the young man's eyes became deeper. "You'll do whatever I like?"

The girl nodded desperately. "That's right! I'll do whatever Brother Lanyi asks me to do!"

The young man slowly curled his lips. The girl also smiled happily when she saw him smile. "I like it when you get lost."

The girl was stunned. "Brother Lanyi, what did you say..."

The young man glanced at her in frustration. "Get lost. I don't want to see you."

The girl's face instantly flushed. Then, tears flew out of her eyes and she cried like a weeping beauty. "Brother Lanyi..." The girl cried as she reached out and wanted to pull the young man's sleeve. The young man took a step back in disdain, but the coldness in his eyes didn't diminish. "Get lost."

The girl really couldn't stand it anymore. With tears and snot all over her face, she walked away, however reluctantly. When the annoying crying finally stopped, the disgust in the young man's eyes finally retreated slightly. "What exactly is Father thinking? Even if that love-struck fool has a good foundation, you don't have to let her come to the main family. She gives me a headache every day!"

The young man looked at the flower bush that the girl touched just then and turned around in frustration. He flipped his hand and a stream of dense black elements instantly surged out of his body. The flower bush instantly withered, leaving not a single flower unscathed.

"Young Master, Master asked you not to use too many dark elements, or else..."

"Shut up!" The young man shouted as he looked at his hand thoughtfully. Then, he took out the jade pendant on his neck and looked at it for a long time. His father said what

was sealed in this jade pendant. His father also said that there was another such jade pendant that didn't belong to the Naxi family.

"Que Shou, who do you think will have the black piece? Are they just an ordinary person?" The young man asked loudly. A black shadow suddenly appeared in the air and landed next to the young man. He lowered his body and replied respectfully, "Young Master, it's truly a pity if they're really an ordinary person."

"Hm, you're right. I wonder if I'll meet this black jade pendant and its owner. Right, is father still busy with those things?"

"Young Master, I don't know."

The young man put the white jade pendant back and raised his thin lips. "The ancient bloodline of the four families... Summoner, the Yun family..."

"Young Master is interested in the Yun family?"

The young man chuckled. "Of course I'm interested. Even though the bloodlines of the four families are very unique, they can't compare to the summoner bloodline of the Yun family. Once such a bloodline is completely awakened, I'm afraid the four families won't be as famous in this world. Unfortunately... they declined after all."

"It's expected that the Yun family declined. Young Master, you don't have to feel sorry."

The young man glanced at the person kneeling on the ground and curled his lips coldly. "Do you think decline is the final result? Are you looking down on the bloodline power of the four families by underestimating the Yun family like this?"

"I didn't mean that! I was wrong. Please punish me, Young Master!"

"Humph! Forget it!" The young man said. Thinking of a certain someone, he couldn't help but feel a lot more frustrated. "How long will that love-struck fool stay here?"

"Are you talking about... Miss Yu Lian, Young Master?"

"Who else can it be other than that love-struck fool? She only knows how to bother me all day. I'm about to die of frustration!"

"Miss Yu Lian was brought to the main family by the master himself. I guess... the possibility of her leaving is very low."

The young man suddenly fell silent, but his face was terrifyingly gloomy. "So... I have to endure the harassment of this love-struck fool?"

## Chapter 1566: Returning to the Human World (1)

Mu Canghai and Ze Ran also made Yun Feng worried. After her body recovered to a certain extent and she could open the Dragon Palace, she sent Qu Lanyi in. After Qu Lanyi came out, he told Yun Feng clearly that the two of them were fine. They just had to recuperate quietly for a while. Yun Feng was relieved after hearing that. Of course, the length of recuperation was decided by Young Master Qu himself.

Another two months passed in the blink of an eye. Young Master Qu could be said to be extremely satisfied during the five months of intimacy. In the first three months, Yun Feng couldn't move because of her own injuries, so she could only let Qu Lanyi take advantage of her. In the last two months, his body had already improved significantly. Young Master Qu didn't have a chance to take advantage of her anymore.

"Fengfeng, I haven't seen you in so long. How can you bear to..." Qu Lanyi said aggrievedly. His slender body was about to pounce on her. Yun Feng blushed. "I can bear it!"

Looking at Yun Feng's extremely red face, Qu Lanyi's black eyes glittered. He couldn't bear to continue teasing her. He had indeed been very satisfied in the past few months, but Fengfeng was extremely embarrassed. Qu Lanyi chuckled. He had to find an opportunity to let Fengfeng get used to this intimacy in the future. After all, he wouldn't be as obedient as before when he came back this time.

He squeezed Yun Feng's face gently with his big hand. Qu Lanyi extended his arm and held her in his arms without letting Yun Feng resist. "I'm just hugging you."

The man's breath sprayed on her neck and it was itchy. Yun Feng blushed and stopped struggling, letting him hug her, letting the warmth completely envelop her. "Lanyi, it's time for us to leave this place." Even though she didn't want to leave, even though she wanted to live like this with him for a while longer, she still had to continue walking down the road of reality.

Qu Lanyi was silent for a few seconds. In the end, he chuckled and held Yun Feng even tighter. "Yes, it's time to go."

Yun Feng smiled warmly and put her hands on the big hands at her waist. There was warmth flowing deep in her black eyes. She could look forward to it. A long, long time later, she and he could live such a warm and safe life and spend every day and night together.

After deciding to set off, the first step of the two of them was to leave the Endless Ocean, but before they left, they had to send the two dragons in the Dragon Palace back. After leaving the Endless Ocean, Yun Feng planned to visit her brother, Yun

Sheng, and Mu Xiaojin first, then go to the Ten Thousand Beast Mountain Range. After all, Ze Ran still had something to deal with there. The next step was to consider finding the entrance of the Beast Region in the Ten Thousand Beast Mountain Range. There was still a Blood Soul Base in the Ten Thousand Beast Mountain Range. Yun Feng wanted to investigate it again, hoping that her ancestor's soul would be there.

"Let's go." Qu Lanyi let go of Yun Feng and held her hand as they walked out of the cave. Looking at the faint light at the entrance of the cave in front of her, Yun Feng raised the corners of her mouth and held Qu Lanyi's hand tightly, following his footsteps. As soon as they came out of the cave, her body was pulled into his arms again. He exerted strength at his waist and lifted her entire body. Yun Feng looked up and saw Qu Lanyi's beautiful side profile. She chuckled and held the man's waist with both hands, letting him take her forward at ease.

"Swish..." An extremely fast beam of light passed through the sky of the underwater world like a falling star. It was so fast that they couldn't see what it was at all. The Sea Clan people passing by all raised their heads curiously. What the hell? Why would there be a shooting star in broad daylight? Qu Lanyi led Yun Feng forward. Yun Feng had already determined where they were. Coincidentally, this was the North Sea area of the four seas. The Dragons happened to be here, which saved them the time of traveling.

Yun Feng told Qu Lanyi about how the Dragons came to settle down in the Endless Ocean. Qu Lanyi only grunted after hearing that. The closer he got to the Dragons, the gloomier his handsome face became. Qu Lanyi couldn't help but hold Yun Feng tighter. After all, he had to meet someone who made him very unhappy, Ao Jin, if he were to go there.

"There's still no news?" Ao Jin's anger soared to the sky and continued to resound throughout the entire palace. Most members of the Dragons were terrified. Ever since Yun Feng left, Ao Jin had been very worried, because there had been no news. That girl promised him back then that she would tell him when she found the Blood Soul Base! However, more than half a year had passed and there was still no message from this girl! Every time Ao Jin thought of this, he felt uneasy. He couldn't contact the two members of the Dragons, which made him even more irritable. Whenever he thought of what would happen to Yun Feng, Ao Jin's anger would rise again.

As time passed, Ao Jin's temper had reached its limit. He couldn't wait any longer! He must go there in person!

"Young Master, Young Master!" Elder Qi ran in while panting. Ao Jin glanced at him coldly. "Old Qi, let me warn you! No matter what reason you have, you can't stop me this time! I'm going out to find the girl!"

After taking a few deep breaths, Elder Qi's golden eyes glittered. "Old Qi! If you dare to say no, I won't hold back!"

"Uncle Flirtatious, why are you getting more and more irritable?" A helpless and smiling voice came. It was so familiar that Ao Jin's heart pounded hard. He moved his body and flashed out. "Kid!" Ao Jin rushed out in such a hurry. He saw a slim girl walking over leisurely with a peaceful smile on her face. Ao Jin's heart pounded fiercely! She was fine!

"Young Master, I'm here to tell you that Yun Feng is here." Elder Qi finally calmed down and said. He sighed that he was truly old. Ao Jin's lower forehead twitched and he coughed awkwardly. "Got it. Old Qi, go do your work."

Elder Qi sighed, got up and walked out. Before he could say anything else...

"Hey, it's been a long time. You haven't changed much." Another voice came. Ao Jin was startled and slowly narrowed his golden eyes. Another person slowly approached from outside. He had a tall body, handsome facial features, black hair and black eyes. He also had an expression that made Ao Jin want to punch him.

"You're finally here?" Ao Jin raised his brows coldly with a hint of anger in his golden eyes. Seeing that, Qu Lanyi snorted coldly. "Why? Did I ruin your business?"

Ao Jin clenched his fists and unleashed his dragon breath. Yun Feng was rather embarrassed to see that. Why were they so hostile to each other? "Uncle Flirtatious, I'm here to return them to you." Yun Feng quickly changed the topic. Qu Lanyi looked away coldly. Ao Jin was startled. Yun Feng released the two members of the Dragons from the Dragon Palace. The two members immediately knelt down when they saw Ao Jin. "Young Master!"

## **Chapter 1565: Side Story**

The person kneeling on the ground was silent for a while and couldn't help but say, "Actually, Young Master, you can try to like her..."

"I'd rather like a man than this love-struck fool."

"Young Master, Miss Yu Lian isn't as bad as you think..."

The young man waved his hand in frustration. "You don't have to say anything else. You can disappear." The young man turned around and left after saying that. Que Shou, who was kneeling on the ground, couldn't help but shake his head with a headache as he looked at his little master. Was there a woman in this world that Young Master liked... Perhaps... she hadn't been born yet?

A few years passed in the blink of an eye. The young man became taller and taller, and his body became more and more charming. Yu Lian's infatuating harassment still didn't

stop. Even though everyone in the Naxi family could see that their Young Master was very likely to walk on a road of no return, this Young Lady Yu Lian still pursued her firmly. In the end, many people of the Naxi family couldn't stand it anymore and asked the leader of the Naxi family to step up and tell this infatuated Young Master to stay away from their Young Master. Only then did the leader of the Naxi family realize what kind of situation his son was forced into.

"Old man, there are only two paths in front of you. It depends on which path you want me to take."

The leader of the Naxi family looked at his son, whose gender was difficult to distinguish, with a wry smile. In the end, he sighed helplessly. "Do whatever you want."

The next day, the Young Master of the Naxi family quietly disappeared from the family. Yu Lian cried and clamored to leave the clan, but to no avail. She was sad for a long time. However, everyone of the Naxi family was secretly relieved during this period of time. It was good for him to leave. It was better than being pestered by this love-struck fool. If the Young Master of the Naxi family really liked men, the future of the Naxi family would be ruined.

"The Yun family, the Yun family..." Ever since the young man left the family, he had been talking about this family from time to time. The young man didn't know why he was so obsessed with the Yun family. He was far more curious about the Yun family than anyone else, so he stopped on the East Continent, the Karan Empire, and finally the Masang School of Magic.

Rather than letting other women pester him like that love-struck fool, it was better to become a woman and save all the trouble. Ever since he entered the Masang School of Magic, the young man had never taken anyone seriously. No matter how outstanding the geniuses were, they were just so-so in the eyes of the young man. The power of the Naxi bloodline in his body let the young man know what real power was. It was far from what these kids, who only knew how to fight for the first place, could understand.

The young man gradually became a monster in the eyes of the students. Nobody dared to get close to him and nobody dared to live in the same room as him. The room he was in became everyone's nightmare. Until one day, the young man lay on a tree trunk in the back mountain of the Masang School of Magic leisurely and was planning if he should play with the two beasts outside when he heard a conversation that immediately attracted his attention.

"Feng is coming to Masang too. That's great..." The young man glanced down and recognized the person who spoke. He was also very interested in Yun Sheng back then, but the result was too disappointing. The Yun family... Was it really going to decline? However, the Feng he was talking about... should be another child of the Yun family, right? The young man's black eyes suddenly brightened and he pricked up his ears to listen.

"Unfortunately, as her brother, I'm too disappointing... Feng is here. Will she be implicated too..." After saying that, Yun Sheng smiled wryly and raised his head. The young man immediately sealed the space. Seeing Yun Sheng's bitter smile, he walked away without saying a word. The young man sat on the tree trunk and whispered, "Feng... Is her name Yun Feng?"

The next few days were like a curse. The name Yun Feng lingered in the young man's mind and would jump out from time to time. Now and then, it flashed through his mind. "Yun Feng... Yun Feng..."

"Sir, what are you mumbling about?" The rough voice suddenly woke the young man up. He immediately slashed with his hand and heard two wails. "Ouch! Sir, be gentle!"

The young man got up and patted his clothes gently with his hand. "Keep an eye on someone called Yun Feng. If this person comes here, tell me immediately."

The two Magic Beasts were a bit dumbfounded and didn't quite understand what the young man meant. "Brother, did this Yun Feng offend him?"

"How would I know? If she really offended this sir, Yun Feng will be in trouble!"

"Since you've said so, we can only keep an eye out. We can't miss it!"

"Brother, I've always wanted to ask, is he a man or a woman?"

"Bang!" A heavy punch landed. "If you want to live, shut your mouth tight! Got it?"

In the next few days, the young man seemed a bit lazy. From time to time, he would sit on a tall tree in the back mountain and listen to the sound of the wind and the occasional bird chirp. From time to time, he would say the same name, Yun Feng.

Until that day, the young man's lazy expression was gone. Joy flashed through his black eyes. He didn't know why he was so happy. He only felt that the blood in his body was boiling. Yun Feng, you're finally here?

After using a little trick, the young man thought about the meeting he was about to have. His thin lips slowly curled up and he waited quietly for a long time. Finally, there was a knock on the door. "Come in." The young man's thin lips curled up in the darkness. He couldn't tell why he was so anxious at the bottom of his heart. The door opened. "You're Yun Feng?" The young man looked up and was slightly stunned when he saw the figure standing at the door.

"I'm Yun Feng." The girl standing at the door replied indifferently. The young man raised his arm with a smile at the corners of his mouth. "Let's fight first!" Seeing the girl's shocked expression, the young man's eyes were full of smiles at the bottom of his heart. He finally knew why he was so restless at the bottom of his heart.

Even though Yun Feng was awake, her injuries weren't optimistic. Her body still couldn't move freely. Pain came from time to time. What Yun Feng cared about the most was her spiritual space. Because the last attack was too powerful, even though half of her strength was shared by Qu Lanyi, the remaining power were still unbearable for Yun Feng right now.

Her mental strength was extremely unstable. Coupled with the weakness of her body, Yun Feng couldn't activate the Dragon Palace at all in her current condition. Before she completely recovered, the Teleportation Array on the fourth level of the Dragon Palace couldn't be opened. In other words, after leaving the Endless Ocean, Yun Feng and Qu Lanyi could only go somewhere else in a normal way. Qu Lanyi was quite satisfied with this. Rather than using the Teleportation Array of the Dragon Palace, Qu Lanyi preferred to walk. It couldn't be better if he had more time to spend with Yun Feng.

## Chapter 1567: Returning to the Human World (2)

Ao Jin frowned slightly. "So, you found the Blood Soul Base and fought with the people of the Blood Souls?"

Yun Feng nodded and briefly explained the situation back then. Ao Jin's face darkened after hearing that. "Didn't I ask you to inform me back then?"

Yun Feng was helpless. "The situation at that time didn't allow it. I could only move forward."

Ao Jin sighed. "Kid, your personality..."

"Alright, we've returned what we needed to return. We'll take our leave." Qu Lanyi put his arm around Yun Feng's shoulder and curled his lips at Ao Jin coldly. Ao Jin's face darkened. Yun Feng raised the corners of her mouth awkwardly. "Lanyi, this isn't good..." How could she leave so quickly?

"The Dragons must be busy. Let's not disturb them," said Qu Lanyi. Yun Feng thought for a moment and agreed. "Uncle Flirtatious, then we..."

"Wait!" said Ao Jin. He looked at the arm around Yun Feng's shoulder with his golden eyes and looked at Qu Lanyi gloomily. "Kid, I have something to ask you."

Qu Lanyi raised his brows and slowly let go of Yun Feng. "Here?"

Ao Jin smiled deeply. "Follow me." He moved and had already flown into the sky. Qu Lanyi curled his lips and smiled at Yun Feng. "Wait here. I'll be back soon." After saying that, Qu Lanyi followed Ao Jin. Yun Feng looked up and sighed helplessly.

"What exactly can't you say in front of me? Must you be so mysterious..."

"Yun Feng!" An angry voice sounded. Yun Feng was startled. A dragon claw came back in front of her. Yun Feng twisted her wrist and grabbed the dragon claw in front of her firmly. She looked up with her black eyes and saw a face full of anger.

"Xiao Ling?"

"Yun Feng! Why did you hurt Brother Ao Jin?" Fury burst out of Xiao Ling's beast eyes. Yun Feng's black eyes darkened and she let go of her wrist. Xiao Ling wanted to rush over again, but she was stopped by the two people Ao Jin sent to Yun Feng.

"Let go of me! Let me teach this heartless woman a lesson! Let go!" Xiao Ling was held by the two Dragons. The two Dragons didn't let go of her. Yun Feng sighed softly. "Let go of her. She can't hurt me at all with her strength."

The two Dragons looked at each other. They let go of Xiao Ling, who rushed over fiercely. "Don't look down on me!"

Yun Feng flipped her hand and the aura of the Sea Clan surged up, immediately turning into a beast! Even though her mental strength was still unstable, her physical strength had recovered perfectly. Xiao Ling wasn't Yun Feng's match at all right now. Yun Feng blocked all her movements with one attack.

"You heartless person! Brother Ao Jin treats you so well. How can you hurt him like this?" Xiao Ling's movements were all blocked by Yun Feng and her struggles were fruitless. Tears slowly flowed out of her big eyes as she roared at Yun Feng with tears all over her face. Yun Feng listened quietly and said in a low voice, "I didn't let him down."

"Nonsense!"

"I didn't. I've never had any feelings for Ao Jin. I treated him as a close friend, a brother, not a lover." She looked straight at Xiao Ling with her clear black eyes. Yun Feng spoke frankly!

Xiao Ling's pupils shrank and all her attacks instantly collapsed. Seeing that she didn't intend to attack at all, Yun Feng also let go of her. Xiao Ling's body went soft and she sat on the ground. "Brother Ao Jin likes you so much... He cares about you so much. Why do you..."

"There are some things that can't be explained clearly. There's already someone else in my heart. Apart from him, I can't see anyone else." Yun Feng said as Xiao Ling's body trembled. "Then what about Brother Ao Jin's feelings..."

Yun Feng pursed her lips and didn't answer. The two of them remained silent. Xiao Ling sat on the ground and cried silently, while Yun Feng remained quiet. After a long time, Ao Jin's voice suddenly came from behind. "What are you doing, girl? And... Xiao Ling? What are you doing here?"

Xiao Ling raised her head with tears all over her face. After seeing Ao Jin, tears gushed out again. Xiao Ling stood up from the ground. "Brother Ao Jin, I'm sorry..." After saying that, she turned around and ran away. Ao Jin was confused. "Did she do anything to you?" Ao Jin looked at Yun Feng worriedly. Yun Feng shook her head. Qu Lanyi looked at her thoughtfully from behind and said, "If there's nothing else, we're leaving."

Ao Jin nodded. "Girl, these two will follow you." Ao Jin pointed at the two young Dragons. Yun Feng was startled. "How can that do?"

Ao Jin burst into laughter. "There's nothing I can't do. I'm in charge here! They must follow whoever I want them to!"

"Uncle Flirtatious, the Dragons don't have many people to begin with. Besides, I don't need them. They..."

"Fengfeng," said Qu Lanyi as he walked over. "Although these two dragons aren't strong, they'll still help you at the critical moment. Since it's his gift, it'll be a waste if you don't accept it." Yun Feng was surprised. Why did Qu Lanyi ask her to accept it? They were not a gift. These were two living dragons!

"Kid, listen to me! Just accept it! Just treat it as..." Ao Jin suddenly fell silent in the end. Qu Lanyi coughed. "Just accept it. You'll need them."

"Yes, take it! If you don't, I'll skin them alive right now!" A glint of killing intent flashed through his golden eyes. Yun Feng knew that Ao Jin was serious, so she could only raise the corners of her mouth helplessly. "Alright, I'll take it."

Ao Jin burst into laughter and rubbed the top of Yun Feng's head with his hand. He flipped his hand and a small bottle of golden liquid appeared. Yun Feng was truly shocked when she saw this. Qu Lanyi was also shocked. "Ao Jin, you..."

"Young Master!" The two members of the Dragons, who had been silent, couldn't help but feel anxious when they saw the Golden Dragon Blood. Ao Jin waved his hand. "I give her whatever I want. It's not up to others to say no."

"But Young Master..." The two young dragons wanted to say something else, but their golden eyes glanced over. "If you dare to betray the girl, I won't let you go!" The eyes of the two young dragons glittered. In the end, they knelt down again. "Of course, Young Master."

Ao Jin looked at Yun Feng, who shook her head firmly. "I definitely can't accept this. Take it back."

Ao Jin burst into laughter. "You've already accepted the dragons. Blood is nothing. Kid, listen to me!"

## Chapter 1568: Returning to the Human World (3)

"No!" Yun Feng denied firmly. "I know what the Golden Dragon's blood represents. I can't accept it!"

Ao Jin was startled. His facial features, which were like a sculpture, frowned tightly. Qu Lanyi remained silent on the side. Ao Jin had offered the Golden Dragon's blood. His feelings for Yun Feng... Qu Lanyi's black eyes glittered and he continued to remain silent.

"Kid, this blood is nothing at all. Take it!" Ao Jin stuffed the blood into Yun Feng's hand. Yun Feng's black eyes darkened and she pushed it away. "I really can't accept this. I really can't!"

"Kid, you..." Ao Jin wanted to say something with a smile, but when he saw Yun Feng's unusually serious expression, he hid the smile at the corners of his mouth.

"I know how much Uncle Flirtatious cares for me. Ever since we first met, you've always called me kid and I've always called you Uncle Flirtatious. In my heart, you're my best friend, my brother, and someone I, Yun Feng, will never forget for the rest of my life."

Ao Jin's golden eyes glittered. His hands trembled slightly and his heart began to pound crazily. A kind of pain mixed with sweetness rushed to the bottom of his heart, making his heart very, very painful.

"Uncle Flirtatious, this girl has already grown up. Even though she's not mature enough or strong enough, she's constantly working, so..." Yun Feng was about to say something else when Ao Jin suddenly grabbed Yun Feng's shoulder. The force was a bit painful. Ao Jin slowly lowered his head. "Let me... do something for you. I'll do anything as long as I can help you."

Yun Feng was startled, and remained silent. Qu Lanyi's eyes glittered, and he pulled Yun Feng away from Ao Jin. Both Ao Jin and Yun Feng were startled. Qu Lanyi raised his brows. "Ao Jin, do you want to fight me?"

"Humph, that's what I've been waiting for!" Ao Jin's expression changed, and so did Qu Lanyi's. The warmth just then was swept away, and the atmosphere was tense again.

Yun Feng suddenly smiled. She looked at the people in front of her with two pairs of eyes of different colors and put on a smile at the corners of her mouth.

Qu Lanyi reached out and took the bottle containing the Golden Dragon's blood. Yun Feng was stunned. "Lanyi, you..."

"This is the blood of a Golden Dragon. Even a powerhouse can't get it." Qu Lanyi spun the bottle slightly, and the golden blood emitted a faint golden light. "Fengfeng, take it. If anything happens, the Golden Dragon's blood will be more useful than the light element."

"But..." Yun Feng was about to say something, when Qu Lanyi twisted his wrist and the bottle was gone! "Ao Jin, do you mind if I keep this for now?"

Ao Jin grunted coldly and didn't say anything. Yun Feng sighed helplessly. Was this really appropriate?

After putting the two dragons back into the Dragon Palace, Yun Feng and Qu Lanyi were about to leave. "Count me in for the Blood Souls. I'll teach those bastards of the Red Dragons a lesson. I'll monitor the Endless Ocean closely. Once there's any movement from the Blood Souls, we'll exchange the information."

Yun Feng nodded. She was a bit worried about how to communicate with the Endless Ocean from the land. Qu Lanyi pulled Yun Feng into his arms. "Alright, when we really fight with those guys, you'll definitely be included."

Ao Jin snorted. "Qu Lanyi, take care of the girl!"

"I don't need you to tell me! Let's go!" Qu Lanyi immediately flew away with Yun Feng, so quickly that Yun Feng could only say goodbye at the top of her voice. "Uncle Flirtatious, I'm leaving!" She watched for a long time with her golden eyes. That slim figure was gone for a long time, but Ao Jin still stared like this. A faint smile appeared at the corners of his mouth. He would be relieved to leave the girl to that kid.

After leaving the territory of the Dragons, Qu Lanyi ran all the way up with Yun Feng. It seemed that he was going to jump out of the Endless Ocean and move on the surface of the sea. Yun Feng looked at Qu Lanyi's side profile and felt that the atmosphere between him and Ao Jin just then was inexplicably much more harmonious.

"What did you say to Uncle Flirtatious?" Yun Feng couldn't help but ask out of curiosity in her mind.

Qu Lanyi chuckled and turned around. There was a smile in his black eyes that Yun Feng didn't understand. "It's a secret."

Yun Feng was startled. A secret? Seeing Yun Feng's dazed look at this moment, Qu Lanyi chuckled and turned his handsome face around. He looked at the almost transparent sea under the sunlight with his black eyes. Everything else aside, Ao Jin was quite a good friend.

"Whoosh..." A beam of light jumped out of the sea and shot into the sky! Crystal drops of water glittered under the sunlight and caused a huge ripple on the surface of the water that didn't dissipate for a long time. After the light jumped out of the sea, it directly rushed south.

Breathing in the fresh air, Yun Feng couldn't help but have a smile on her face. She had stayed in the Endless Ocean for too long. She didn't know what changes happened in the human world. How was her brother and Xiaojin? How was Little Qingchen's training? And Xia Qing... The Yun family, the Yun Army, the Red Maple Mercenary Team, and a lot of things flashed through Yun Feng's mind in an instant. Even though it hadn't been too long, there was still some time. Were those people living like before?

"Do you want to take a look at the West Continent?" Qu Lanyi asked in a low voice as he walked in the sky with Yun Feng in his arms. Yun Feng chuckled. "It's good to take a look at the West Continent. I wonder if the situation here has changed." A handsome face flashed through his mind. That young man back then should be a famous figure on the West Continent.

"I wonder how that kid called Yan Ming is doing now." Qu Lanyi curled his lips. Yun Feng looked at him and smiled. Then, she thought of something. "Right, when you came out this time, the members of your family..."

Qu Lanyi frowned. "It's not my place to worry about anything else. I only care about you, Fengfeng."

Yun Feng chuckled and could hear that there was more or less a bit of anger in his words. "Yu Lian went back to the Naxi family?"

Qu Lanyi's face became even gloomier. "If it weren't for the old man, I would've killed her long ago! How dare she come to you!"

Yun Feng smiled. Yu Lian was truly flattering herself. "Oh? I thought she was your fiancée." Yun Feng smiled and looked at Qu Lanyi's handsome face that instantly darkened. "That damn woman! Only she will say such shameless words!"

Yun Feng burst into laughter. Qu Lanyi lowered his head helplessly and looked at the girl who was smiling happily in his arms. "You're teasing me too? Fengfeng, you don't know how annoyed I am with her."

## Chapter 1569: Returning to the Human World (4)

"It's fine. I'll go back with you in the future." Yun Feng gently pulled Qu Lanyi's clothes with her hand. A calm and low laugh came from the man's chest. "Of course. Even an ugly wife has to meet her in-laws sooner or later."

Yun Feng blushed and glared at Qu Lanyi. "Right, I've always wanted to ask you how you found me. I'm in that place. Logically speaking, nobody should be able to find me. Is it because of the black jade pendant?"

Qu Lanyi curled his lips. "More or less. I left my light elements in your black jade pendant, which is the key to finding you. I was worried that you would run out of light elements. If that's the case, I'd have to rack my brains."

"Did the light elements in the black jade pendant guide you to me?"

Qu Lanyi nodded. "When I came out of my family, I sensed my way here with the light element and didn't dare to stop for a second. Luckily, I was fast enough." Qu Lanyi held Yun Feng in his arms. "Even if I was a second late, it would be terrifying now."

"I'm fine." Yun Feng chuckled and held Qu Lanyi even tighter. "If only I had light elements too."

"Why do you say that?" Qu Lanyi frowned. Yun Feng chuckled and buried her face in the man's broad chest. Qu Lanyi saw a faint red color spread from Yun Feng's cheeks to her ears. Her small earlobes turned pink.

"In that case... I'll be able to feel you." A soft voice floated out gently. The faint pink color deepened again. Qu Lanyi could even feel a scorching heat coming from his chest. His thin lips curled up and unconcealable happiness spread.

"Really? So you missed me so much." Qu Lanyi chuckled. Yun Feng blushed and didn't say anything. Qu Lanyi's heart softened. He really wanted to stop or rush to an empty corner at the bottom of the sea and kiss the blushing and shy girl in his arms fiercely! She made his heart and his world belong to her alone. He couldn't look at any women except her.

There was a sweet atmosphere along the way. This was the first time Yun Feng said such a mushy thing so boldly. After saying that, she regretted it a bit. Along the way, she blushed and didn't dare to look at Qu Lanyi directly. She felt that there was a complacent atmosphere around him.

"My shy wife, we're almost there." Qu Lanyi's smiling voice came. Yun Feng moved her head and finally stuck it out. Her cheeks were still a bit red. Qu Lanyi couldn't help but

lower his head and kiss her. Yun Feng glared at him in embarrassment and Qu Lanyi laughed happily.

Yun Feng looked up. They had already arrived at the edge of the South Sea from the North Sea in just one day and night. Looking at the black sea under their feet, the clear boundary not far ahead was still there. The black line formed a clear boundary, dark and blue at the same time. The territories of humans and Magic Beasts were divided.

"Swish..." Qu Lanyi rushed past the border with Yun Feng and stepped into the human world. When the two of them entered the sea of the human world, they suddenly frowned!

"What's going on?" Yun Feng felt the unusual aura here and was a bit puzzled. Qu Lanyi also frowned and stopped in the sky with Yun Feng in his arms. The two of them looked down at the Endless Ocean. Why were there so many human powerhouses gathered here?

"Fengfeng, can you feel it?" Qu Lanyi whispered slowly. Yun Feng nodded solemnly. "There's... a God-Level powerhouse inside!"

The appearance of a God Level expert made Qu Lanyi and Yun Feng feel unbelievable. The cultivation speed of the East Continent and the West Continent wasn't fast to begin with. No matter how talented a genius appeared, they had to have talent and luck like Yun Feng's to break through to the God Level. The strength of the East Continent and the West Continent had always been quite different from that of the Central Continent. The three continents weren't on the same level. However, there was a God Level expert on the East Continent and the West Continent right now. Had something major changed in the human world?

Yun Feng and Qu Lanyi looked at each other and their faces darkened. If there was really a major change in the human world, it would be fine if these God-Level powerhouses came from the East Continent and the West Continent. However, if these God-Level powerhouses came from the Central Continent, the original social order would be completely disrupted.

"Let's wait and see. Who exactly are these God-Level experts?" Qu Lanyi's aura slowly enveloped Yun Feng's entire body. The two of them stood in the sky and saw the situation below clearly. Even though there were God-Level experts below, these God-Level experts were only at the elementary level.

"My lord, this is the border of the Endless Ocean!" The person next to the elementary God said. The God Level guy was a mature man who looked like he was in his thirties. His facial features were mature and his expression was calm. However, his eyes emitted an unusually scorching light after seeing the black lines in front of his eyes, as if he wanted to get something from this black color.

"Got it. You may leave." The man waved his hand. Some people behind him looked at each other and could only turn around and leave. The early-stage God-Level guy looked at the sea with scorching eyes and jumped in without another word. Yun Feng and Qu Lanyi both frowned slightly.

"It seems that it's another curious guy," said Qu Lanyi in disdain. "Since ancient times, humans have been fearlessly exploring the Endless Ocean. Nobody survived at all. Of course... we're an exception."

Yun Feng smiled and then looked extremely serious. "Lanyi, it seems that the outside world has already changed a lot during this period of time while we're in the Endless Ocean. The appearance of a God-Level powerhouse on the East Continent and the West Continent. Has the cultivation speed of the East Continent and the West Continent increased so quickly?"

"That's impossible. When you and I were still here, the highest level on the East Continent and the West Continent was only the Lord Level. Nobody had the ability to forcibly increase the limit to the God Level in such a short period of time! There's only one possibility. Some kind of connection happened between the three continents, causing everything on the three continents to gradually intersect."

Yun Feng's face darkened. Qu Lanyi chuckled and led Yun Feng forward. The two of them were targeting the people behind the God-Level powerhouse. There were some things that they might know.

## **Chapter 1570: Reunion of Old Friends (1)**

"Why did he have to come to the Endless Ocean? Does he really think his strength is enough? Really..." The few people behind the God-Level powerhouse complained in a low voice. Qu Lanyi and Yun Feng landed somewhere and pretended to walk over casually. The few of them immediately looked at them vigilantly.

"Guys, this is our first time here. It seems that we're lost." Qu Lanyi walked forward and talked to them. They glanced at Qu Lanyi and Yun Feng vigilantly. Both of them looked harmless, but the strangers were still vigilant.

"Why do I find her familiar?" One of them looked at Yun Feng carefully and mumbled. Qu Lanyi pulled Yun Feng over. "Brother, you can tell too? Haha, this is my wife. They all say she looks like Yun Feng!"

Yun Feng was stunned! What do you mean by look like? She's the real person, alright? Qu Lanyi winked at Yun Feng. Yun Feng was speechless and remained silent. The others immediately looked over carefully with interest after hearing that. "You don't say.

They're really alike! However... Yun Feng seems to be a bit younger and more domineering than her. Their eyes... are really similar."

Qu Lanyi burst into laughter and said proudly, "Of course! I didn't expect my wife to have a celebrity face! She's so similar to Yun Feng. If I meet Yun Feng in the future, who knows what benefits I'll get?"

The few of them grunted in disdain after hearing that and were much less vigilant against them. "Even though she looks like her, she's not the real deal after all. Who is Yun Feng? How can people like you compare to her?"

Qu Lanyi chuckled. He and Yun Feng had already suppressed their strength to the Lord Level. The few people in front of them were at the King Level. In the eyes of the King Level, the Lord Level wasn't anything, let alone anyone below the Lord Level.

"Yes, yes, yes. I'm just fantasizing." Qu Lanyi chuckled and winked at Yun Feng secretly. Yun Feng was helpless.

"If you get lost here, you shouldn't be from the West Continent, right? You're from the East Continent," said one of the Kings. Qu Lanyi nodded and immediately started chatting. "Yes, we're from the East Continent."

"Where on the East Continent?"

Qu Lanyi casually told them a place. Yun Feng even doubted if there was such a place. The few Kings didn't react after hearing that. "We're not from the West Continent. We're from the Central Continent." Yun Feng and Qu Lanyi looked at each other. It was the Central Continent!

"That's truly a long journey. It must've been hard on you," said Yun Feng with a smile. She didn't expect the few King Level experts to laugh. "Hahaha! I can tell that you're bumpkins who haven't seen the world. Have you ever ridden a Teleportation Array?"

Qu Lanyi and Yun Feng shook their heads in unison. The few Kings burst into laughter again. "How did you come here from the East Continent without a Teleportation Array? Did you walk? Then you would've died in the Ten Thousand Beast Mountain Range!"

Qu Lanyi and Yun Feng looked at each other. Qu Lanyi chuckled. "We're both from a remote place. We don't have much money. We came here without knowing what happened."

"Did you take a private Teleportation Array?"

Qu Lanyi nodded. "Yes. My bones almost fell apart. I almost lost my life there."

"People like you should stay home obediently. You don't have money to travel, but you still insist on traveling. Even if anything happens to you, you deserve it."

Looking at Qu Lanyi's face, which was almost collapsing, Yun Feng quickly pinched him and replied, "Yes, yes. You're right, my lords."

After that, the atmosphere became more relaxed. The strangers were much more relaxed about Qu Lanyi and Yun Feng. The two of them took this opportunity to find out a lot of important information. The East Continent, the West Continent and the Central Continent had been connected over the years. They didn't know what the original reason was. Now that the space channel between the three continents had been established, the barrier of the Ten Thousand Beast Mountain Range was resolved. In comparison, the East Continent and the West Continent were even closer. Due to the difficulty and complexity of the space channel, the Central Continent didn't communicate much with the other two continents.

Yun Feng and Qu Lanyi were surprised to hear that. The space channel had been established!

"People on the Central Continent are still restricted from coming out. We can't have too many people and can't interfere with the East Continent and the West Continent. There are also some more rules. In short, there are too many restrictions!" The few Kings started talking leisurely, while Yun Feng and Qu Lanyi cleverly led the conversation.

"Why are there so many restrictions?"

The few Kings looked at each other and smiled. "Of course, it's the rules set by the Yun family. Even though we live in the Central Region, we have to follow the rules if we want to come out. After all, the Yun family controls the spatial channel on the Central Continent. There are organizations and people related to the Yun family all over the East Continent and the West Continent. Now that I think about it, the Yun family doesn't seem ordinary there."

The few King Level experts all smiled helplessly. Yun Feng and Qu Lanyi talked about something else. Yun Feng and Qu Lanyi quickly turned around and said goodbye. Both of them were slightly shocked in their minds. "It seems that the Yun family has been sitting steadily in the top position in the Inner Region these few years. It's getting better and better." Qu Lanyi chuckled. Yun Feng glanced at him. If Qu Lanyi hadn't supported the Yun family as a member of the Naxi family and suppressed those restless families in the Inner Region, the Yun family wouldn't be in such a state today.

"Lanyi, it's all thanks to you," said Yun Feng. Qu Lanyi chuckled. "I only revealed my identity. I didn't do anything."

Yun Feng curled her lips. Thinking of the changes in the world right now, she was a bit solemn in her mind. There were certainly good and bad things about the connection.

The original balance of the world and even some rules would be broken. Under the restriction and control of the Yun family, the Central Continent didn't cause any damage to the East Continent and the West Continent. It seemed that very few people living on the Central Continent could come out. Otherwise, because the strength of the Central Continent would basically be above the God Level, if they surged out all of a sudden, everything on the East Continent and the West Continent would definitely be completely destroyed.

In comparison, communication between the East Continent and the West Continent was too easy. However, there were also certain restrictions on using the spatial channel. The spatial channel was controlled by large families. Ordinary people didn't have the capital to pay for a teleportation trip at all. Only powerhouses with an identity or businessmen with a lot of capital could enjoy the convenience of the spatial channel. Most of the people who used the spatial channel were from various forces and families. Most people still couldn't use the spatial channel. Only these privileged people could connect with each other.

## **Chapter 1571: Reunion of Old Friends (2)**

Why were so many forces and families connected? What was the opportunity or reason? Such a change in the human world would affect the Endless Ocean sooner or later. Could it be that the Blood Souls secretly pushed this development? If it was really them, what was their purpose?

Yun Feng didn't leave the Endless Ocean for the land immediately. She thought of the two brothers who were almost forgotten in the Dragon Palace, Hao Tian and Luo Teng.

Hao Tian and Luo Teng were released from the Dragon Palace again by Yun Feng. The earth elements around them all disintegrated. Hao Tian and Luo Teng opened their eyes and saw the scene by the sea. They were shocked! After a moment of shock, Hao Tian glanced at Qu Lanyi and immediately entered a state of preparation for battle.

"This is..." Luo Teng looked at the gently rippling seawater behind him and couldn't believe that he was standing in the human world!

Yun Feng chuckled. "This is the edge of the Endless Ocean in the human world."

"Yun Feng, what's the meaning of this?" Luo Teng looked at Yun Feng vigilantly. Yun Feng chuckled. "I don't mean anything. The grudge between us has already been resolved. We have nothing to do with each other anymore. I don't have to keep you two brothers locked up anymore. I certainly should let you return to where you belong. However, I have something to say."

Hao Tian looked at Yun Feng. "What's the matter?"

Yun Feng looked serious. "The grudge between humans and the Sea Clan is still there. I can't change anything with my strength, but there's a huge change in the human world right now. I think this change will affect the Endless Ocean sooner or later."

"You mean, you want me to pay more attention to the incidents in the Endless Ocean after I go back?" Hao Tian raised his brows. Yun Feng nodded. "Indeed. Every major change will cause a series of chain reactions. I don't know what the result will be. I suspect that the Blood Souls are also involved."

Hao Tian frowned. This young genius didn't reject him immediately, but thought carefully. Yun Feng also admired Hao Tian in her mind. The grudge between the Endless Ocean and humans was deep-rooted, but Hao Tian could still calm down and listen to the words from humans. It was truly rare.

"Got it. I'll observe the East Sea carefully. It's time to clean up the Abyss Mountain Range after we go back," said Hao Tian indifferently.

"Brother! Don't agree so easily! Those Blood Souls aren't a good thing. Yun Feng might not be..." Luo Teng was interrupted by Hao Tian. Qu Lanyi sneered. "Although we're brothers, the difference is really obvious."

"You..." Luo Teng glared at Qu Lanyi with a red face. Hao Tian pulled Luo Teng behind him. "I accept what you said. I won't let them disturb the East Sea. As for the other seas, they're not under my jurisdiction."

Yun Feng chuckled. "Thank you."

"No need, I'm just doing what I should," said Hao Tian expressionlessly. Qu Lanyi raised the corners of his mouth in disdain. Hao Tian glanced over and was still very vigilant against Qu Lanyi. In the end, his eyebrows twitched. "Goodbye."

"Brother..." Luo Teng mumbled in dissatisfaction, but Hao Tian held Luo Teng back without saying anything. The two of them ran into the water. Yun Feng watched the two of them leave with a smile. Qu Lanyi said, "Hao Tian has a good personality, but the kid next to him is extremely terrible."

Yun Feng chuckled. "If he weren't from the Sea Clan, Hao Tian might have been a friend."

Qu Lanyi grunted in jealousy. Yun Feng looked up and held his hand. "Now, let's find out how much the human world has changed."

Although there was still jealousy on Qu Lanyi's face, he held Yun Feng's hand even tighter and pulled her to his side. He looked ahead with his black eyes. "Since the West Continent is in front of us, let's walk around here."

The West Continent was composed of three halls, the Thousand Snow Hall, the Ancestral Forest Hall and the Bright Moon Hall. Since the Endless Ocean and the West Continent were vertical, the three halls were all close to the edge of the Endless Ocean. Yun Feng and Qu Lanyi were located near the Bright Moon Hall. The two of them rushed to the Bright Moon Hall directly. In order to avoid trouble, Yun Feng took out the Thousand Shadows Mask and put it on her face. Qu Lanyi chuckled when he saw that and changed his face. The two of them looked extremely ordinary, the kind that couldn't be recognized in a crowd. Their auras were definitely suppressed and were even more ordinary.

After the two people in disguise arrived at the Bright Moon Hall, Yun Feng remembered one place in her mind, the Hidden Moon Village of the Bright Moon Hall. She met Xia Qing there back then and the two of them started the fate between master and disciple.

"What are you thinking about?" asked Qu Lanyi softly. Yun Feng chuckled with a distant look in her eyes. "When I first entered the West Continent, I was separated from you in the Ten Thousand Beast Mountain Range. I was saved by Qingqing and her mother near the Hidden Moon Village. I had my first student in the Hidden Moon Village and she is the only one. Qingqing left me to train alone, but she didn't contact me once. That girl... is too stubborn."

Qu Lanyi chuckled and held Yun Feng's hand even tighter. "Why are you going to the Hidden Moon Village this time? Will you meet Xia Qing there?"

Yun Feng shook her head. "Qingqing's mother has been staying in the Hidden Moon Village. Before I left, some people in the Hidden Moon Village had already been taught a lesson, but they still didn't repent after that. Little Fire taught them another lesson. They should've stopped. I wonder if Qingqing's mother is fine after all these years. I should go and take a look."

Qu Lanyi nodded. The two of them ran to the Hidden Moon Village. The Hidden Moon Village was located in a small place south of the Bright Moon Hall. Even though there had been a huge change in the human world, it still wouldn't show much in such a small place. After all, the spatial channel was the exclusive property of the powerful and the rich. Ordinary people still had to live according to the rules.

Yun Feng and Qu Lanyi came to the dilapidated house where Yun Feng was treated. Back then, Xia Qing and her mother were ostracized by the Xia family and didn't live in the village. Before Yun Feng left, she arranged for Xia Qing and her mother to return to the Xia family. However, Yun Feng didn't see Xia Qing's mother when she went to the Xia family this time. From the conversation of others, she learned that Xia Qing's mother returned to this dilapidated house after Xia Qing left.

Yun Feng left the Xia family silently. When she rushed to the dilapidated house, she found that it was even more desolate. The house had almost collapsed and didn't look

like it was occupied at all. Seeing the situation in front of them, Yun Feng and Qu Lanyi both frowned. Where could Xia Qing's mother go?

## Chapter 1572: Reunion of Old Friends (3)

Yun Feng looked down from the sky and finally found something on a slope behind the dilapidated house. Yun Feng's face darkened and she ran over without another word. When she got there, she saw that it was a tombstone. That tombstone was made of an entire stone and was cut very neatly. There was a name Yun Feng wasn't familiar with engraved on it, but the signature made Yun Feng's heart ache. It was Xia Qing's mother.

Qu Lanyi rushed over and his black eyes also darkened. For him and Yun Feng, death was quite a distant thing. Even if they died, their souls could continue to live, but for these ordinary people, death was extremely normal.

Qu Lanyi put his hands on Yun Feng's shoulders gently. Yun Feng raised the corners of her mouth. Did Qingqing know about this? Who erected this tombstone here? How exactly did Qingqing's mother die? Did it have anything to do with the Xia family? How would that girl feel after knowing about this?

Xia Qing tossed and turned in Yun Feng's mind, but Qu Lanyi's face darkened. He heard an aura coming from afar. It was quite strong, but the aura felt very young. Yun Feng also noticed that. She raised her black eyes. Soon, a figure flashed down from the sky and walked towards Yun Feng and Qu Lanyi quietly.

Yun Feng watched carefully. She had grown up these years and wasn't the little girl who relied on her master for everything anymore. At this moment, there was a hint of maturity and indifference on her face that made Yun Feng's heart ache. It was a kind of peace that had been acquired after experiencing too many things. The girl's strength had improved greatly and she was a completely different person from that little girl with average strength back then!

Emotions surged in Yun Feng's heart. She was gratified, proud, touched and sad.

There was also a smile in Qu Lanyi's eyes. This little girl had grown up quite well over the years. She didn't let Yun Feng down.

Xia Qing walked over indifferently and glanced at Yun Feng and Qu Lanyi. "Who are you? Are you from the village?" The girl's voice was a bit deeper than before. The Flower Eagle followed her. When it saw Yun Feng and Qu Lanyi, it suddenly shouted, "Master! These two people are hiding their strength!"

Xia Qing raised her brows. Seeing how calm she was, Yun Feng became even more proud with a smile on her face. Qu Lanyi chuckled and quickly took off the mask on his face. "Qingqing, it's been so many years. Do you remember who I am?"

Xia Qing's pupils shrank fiercely! The Flower Eagle on the side was the same!

"Qu... Lan... Yi... Master's Master!" Xia Qing turned around and saw that the ordinary woman next to the handsome man shook her hand. She had already taken off the disguise on her face. Xia Qing's body trembled fiercely and her lips opened slightly. "Master... Master..."

Yun Feng looked at the surprised girl in front of her with a smile. Xia Qing moved her body and seemed to be running over, but in the end, she stood there and put on a huge smile at Yun Feng. "Master, you're back!"

Yun Feng's heart ached. Qingqing had indeed grown up. In the past, she would definitely pounce on her and hug her. However, she was only standing there and smiling at her right now. A sour feeling rose from the bottom of Yun Feng's heart, like a female eagle watching a young eagle leave its nest. She was so reluctant but so proud.

Qu Lanyi chuckled. "Qingqing is indeed not a kid anymore. Very good. You didn't let your teacher down."

Xia Qing was immediately delighted. "Really? It's good that I didn't let you down!"

Yun Feng smiled and walked over to look at the girl in front of her, who was also taller. She put the hair next to Xia Qing's cheek behind her ear with her hand. Xia Qing's eyes suddenly became wet, but she held back her tears and looked at Yun Feng with widened eyes and a slightly red face. Yun Feng smiled even more happily and pulled Xia Qing into her arms. "It's been a few years. You must've encountered a lot of difficulties. Why didn't you contact me?"

Xia Qing's body trembled and her little face flushed. "... I didn't want you to think that I'm still a kid who can't grow up..."

Yun Feng hugged Xia Qing even tighter with a smile. There was a sweet smile on the girl's face. The Flower Eagle on the side also looked gratified. She had always been by Xia Qing's side, so nobody knew what Xia Qing experienced better than her.

After separating Xia Qing, the master and disciple smiled. Yun Feng glanced at the tombstone. "About your mother..."

Xia Qing shook her head. "Mother wasn't in good health to begin with. The end is a new beginning for her. It has nothing to do with the Xia family. They were quite polite to her. You don't have to worry about food and clothing. It's your own problem."

Yun Feng nodded. Xia Qing's mother had a tough life. It wasn't bad to end it. Xia Qing walked to the tombstone. "I made this tombstone. I accompanied my mother for the last few days. She left with a smile. I know she was very satisfied." Xia Qing turned around. "I come here to take a look every once in a while. I didn't expect... to meet you this time."

Yun Feng curled her lips and touched the top of Xia Qing's head. "I didn't expect to meet you here either. We met here and we reunited here."

"Have you finished your business, teacher? Why did you have the time to come here?" Xia Qing asked. Yun Feng smiled lightly. "I haven't finished my business yet, but the huge changes in the human world are unexpected."

Xia Qing nodded. "It's only been a few years, but the spatial channel has already connected the three continents, especially between the East Continent and the West Continent. Powerhouses often walk around. The people on the West Continent are already used to seeing people from the East Continent. Right, Master is from the Yun family on the Central Continent, right?"

Yun Feng was stunned. Since the connection had been established, Yun Feng's name was certainly familiar on all the three continents. It could be said that she was a kind of legend on every continent. Seeing Yun Feng nod, Xia Qing smiled even more happily. "I knew that your identity must be extraordinary! After the three continents contacted, everyone knows your name! I heard that the Ling family, the family who established the spatial channel, is also on good terms with you!"

The Ling family? The family who established the spatial channel? Yun Feng pondered. It seemed that Ling Xiaoyun led the Ling family to rise again. The Ling family, who established the space channel, was called a foundational family. It must be the case. The Ling family's unique control of space gave them this ability. Back then, Ling Xiaoyun's father, Ling Tiansu, forcibly opened the channel and sent them to the Central Continent. Ling Xiaoyun also tried his best to open a channel by himself and return to the West Continent.

## **Chapter 1573: Reunion of Old Friends (4)**

After a few years, the Ling family rose again, which proved that Ling Xiaoyun wasn't a simple person.

"What about you, Qingqing? Tell me what you've been through all these years." Yun Feng looked at Xia Qing with a smile. Xia Qing chuckled and was a bit embarrassed. "That's all I've experienced. I've been working hard to become a student who won't embarrass my teacher!"

"You're my pride," said Yun Feng. Xia Qing smiled happily and then her face darkened. "Ever since the space channel was opened, your influence has been unprecedented. All the forces that are related to you have surfaced. Some of them support you, and some of them oppose you."

Qu Lanyi frowned. "So, the current forces can be divided into two groups. One supports Fengfeng, and the other opposes her?" Yun Feng had made a lot of friends along the way and made a lot of enemies. Almost every continent had a few forces that suffered losses at Yun Feng's hands. These forces probably began to interact with each other through the connections.

Xia Qing nodded. "The Ancestral Forest Hall and the Thousand Snow Hall on the West Continent seem to have reached a consensus. Ovey and Shengyao on the East Continent are also ready to make a move. There are also some forces on the Central Continent that are quite dissatisfied with you, teacher. This time, I wanted to take a trip to the Central Continent after visiting my mother so that I can see the situation on the Central Continent."

Yun Feng was gratified. Qingqing had been gone for so long, but she was still paying close attention to everything about her teacher. It was easy to understand on the East Continent. Ovey and Shengyao probably had designs on the Fengyun Empire, while on the West Continent, it was a bit unexpected. The Bright Moon Hall didn't join them. Instead, the Thousand Snow Hall and the Ancestral Forest Hall, which Yun Feng had a relationship with before, mixed together.

Yun Feng sneered in her mind. The Thousand Snow Hall's Master wasn't as carefree as he looked. In comparison, Mo Changge was more casual.

"Right, teacher, I met someone I know this time. He came back with me." After Xia Qing said that, a figure had already walked up slowly. Qu Lanyi's face immediately changed, while Yun Feng widened her eyes in shock! The person bowed elegantly with a charming smile on his face.

"Miss Yun, it's been a long time. I really missed you."

"Miss Yun, why aren't you saying anything? It's been so long. Have you forgotten me, Ling? If you really forgot, Ling will probably be dejected. You must know that Ling has always been thinking about Miss Yun in his mind." His elegant voice, gentlemanly and polite movements and the charming smile on his face were just right. This was an extremely elegant man.

"You're truly persistent," said Qu Lanyi coldly. He didn't have a good impression of Ling of the Summoning Union at all. Those seemingly elegant eyes turned into plundering wildness when they met Yun Feng. Qu Lanyi had an unquenchable hostility towards Ling from the bottom of his heart, especially due to the man's ambiguous attitude

towards Yun Feng. Just thinking about it made him feel like a fish bone was stuck in his throat.

"Young Master Qu, are you here too?" As if he had just seen Qu Lanyi, Ling raised his brows slightly and glanced over. He smiled lightly, which was also very elegant but inexplicably provocative. Xia Qing also felt it. She suddenly felt that it was a mistake to come back with Ling. Brother Lanyi looked a bit... unhappy.

"Why are you here? The connection between the three continents has already been established. Logically speaking, the Summoning Union should be very busy," said Yun Feng. Ling chuckled. "Thank you for your concern, Miss Yun. I met Miss Xia by chance this time. My business had come to an end, so I had time to accompany her. After all, Miss Xia is Miss Yun's student. Ling certainly can't ignore her."

Yun Feng raised the corners of her mouth awkwardly. Qu Lanyi's face darkened again. "It's none of your business. You can go now."

"Lanyi!" Yun Feng looked at Qu Lanyi, not knowing whether to laugh or cry. She reached out and squeezed his hand. Qu Lanyi snorted coldly and looked at Yun Feng with his black eyes in anger. Ling's eyes darkened inexplicably when he saw the interaction between the two of them. "It's been a while. You seem to be even closer."

"Of course." The corners of Qu Lanyi's mouth curled up slightly. He grabbed Yun Feng's shoulder and pulled her into his arms. "It's so close that you can't imagine it!"

"Oh? Really?" Ling raised his eyebrows high and his thin lips slowly curled up. A hint of cunning danger appeared on his handsome face. "So... Miss Yun is in Young Master Qu's pocket? Whether it's her heart... or her body?"

"W-What?" Qu Lanyi's handsome face immediately flushed, and so did Xia Qing's. "Mr. Ling, you..."

Yun Feng blushed and didn't know what to say. Ling, who had always been polite, spoke so presumptuously? How could he ask such a question so elegantly? Ling smiled in satisfaction when he saw how red their faces were. He pushed the glasses on the bridge of his nose with his finger and a beam of light covered his eyes.

"I understand. Please forget what I said just then. I was rude."

He bent down and apologized. Qu Lanyi gritted his teeth and blushed in embarrassment. The blush on Yun Feng's face faded a bit. "Although your business has come to an end, I think there should be other things for you to do in the Summoning Union."

Ling chuckled. "If you're so considerate, Miss Yun, I'll take my leave first. There are indeed a lot of things waiting for me to deal with in the Summoning Union. Miss Yun, I'll go first. I'll have a lot of chances to meet you."

Yun Feng nodded. Don't blame her for chasing them away. If she let Ling and Qu Lanyi stay any longer, the two of them would fight sooner or later. Xia Qing wanted to send Ling off, but Ling rejected her with a smile. After walking a few steps, Ling turned around and smiled at Yun Feng lightly. "I'm saying this to you in private, Miss Yun. Welcome back. I've been looking forward to meeting you from the bottom of my heart." After saying that, he turned around quickly and left without looking at anyone's expression.

"What does he mean? He's provoking me!" Qu Lanyi gritted his teeth and shouted. Yun Feng quickly comforted him. "I don't care. Why are you angry?"

Xia Qing felt warm in her heart when she saw the two of them. She immediately retreated to the side to give the two of them some privacy. The Flower Eagle walked over at the right time. "Master, aren't you going to ask Master Yun about that wolf?"

## Chapter 1574: Tears (1)

Xia Qing was startled. Then, she shook her head with a bitter smile and said, "I don't think so. Brother Little Fire might not want to see me."

The Flower Eagle frowned. "But Master, you've never forgotten him along the way. Why do you have to suppress the emotions in your heart? If that wolf is really so heartless, Master doesn't have to..."

"Alright." Xia Qing interrupted the Flower Eagle indifferently. "Don't mention this again."

The Flower Eagle still wanted to say something, but it didn't say anything in the end. It could only sigh helplessly and think how stubborn its master was. The relationship between humans and Magic Beasts was very complicated. Even though it was rare to hear humans and Magic Beasts fall in love and get together successfully, they might not be as conflicted as its master. Hm! That wolf was to blame!

"Qu Lanyi!" Yun Feng's embarrassed voice came. Xia Qing chuckled and looked ahead with her black eyes, mumbling, "Master is truly lucky..."

The Flower Eagle stood aside with a glint in its black eyes and gently put its hand on Xia Qing's shoulder. "Master, you will be happy too."

Xia Qing lowered her head and smiled gently. "Really? I hope so."

A graceful figure flashed across the sky of the Hidden Moon Village and went straight in a certain direction. The figure flashed through the sky at an extremely high speed. The glasses glittered under the sunlight and tiny beams of light emitted from his eyes. He gently pushed the glasses with his elegant and slender hands and a smile appeared at the corners of his mouth.

"It's been so long. The woman he loves is right next to him, but he's never touched her..." His fair and slender fingers adjusted his glasses again. "Young Master Qu... No, it should be Young Master Naxi. If it were me, I would have swallowed her alive."

A gust of wind blew and the short hair in front of Ling's forehead was blown up slightly. A faint mark was on the right side of his forehead, close to the corner of his eyebrows. Under the sunlight, a strange light seemed to flash there. "If you still don't take action... Don't blame me." The smile at the corners of his mouth suddenly surged with evilness, making this usually humble and polite man extremely evil. A low laugh oozed out of Ling's mouth and he slowly melted in the air, disappearing without a trace.

After leaving the Hidden Moon Village, Yun Feng, Qu Lanyi and Xia Qing walked all the way to the main city of the Bright Moon Hall. The spatial channel usually appeared in the center of the forces. The three halls of the West Continent certainly had main cities, while the three empires of the East Continent had their capitals. As for the Central Continent, even though the Yun family controlled the spatial channel, the Central Region and the Outland were responsible for it. However, one had to get the approval of the Yun family to travel from the Central Continent to the East Continent.

Xia Qing wanted to go to the Central Continent, while Yun Feng wanted to go to the East Continent to visit her brother, Yun Sheng, and Xiaojin. Perhaps because of the restlessness of Ovey and Shengyao, the leaders of the two families that controlled the Fengyun Empire would probably bother her brother too much. Yun Feng also wanted to prepare for something big when she returned to the East Continent.

The Yun family could be said to be a first-rate big shot on the Central Continent. They controlled the Inner Region and the spatial channel on the Central Continent, which showed the current status of the Yun family. Her father, Yun Jing, and the Yun family of the West Continent had already gone to the headquarters of the Yun family in the Inner Region. This time, Yun Feng wanted her brother, Yun Sheng, and Xiaojin to go there together. If Xiaojin couldn't let go of Mu City, she might as well move the people of Mu City there together with the warriors of the Yun Army.

The Yun family didn't like conflicts to begin with. Now that the connection between the three continents had been established, there would be even greater changes in the future. The East Continent and the West Continent would be the first to bear the brunt. If anything happened to the Fengyun Empire, the Shang family and the De family would be the first to annoy the Yun Sheng. Yun Sheng and Mu Xiaojin would be the first to bear the brunt. They couldn't let the Yun family take the lead in everything. Rather than that, it was better to break away completely.

As for the mercenary groups, Yun Feng didn't have to worry about them. The Mercenary Union was also very powerful. With her godfather, Zhan Li, guarding it, the Mercenary Union certainly wouldn't be in chaos. With the coordination and restriction of the Mercenary Union, it was impossible for Ovey and Shengyao to swallow Fengyun in one go.

Knowing that the Yun family was developing, Yun Feng changed her mind and planned to talk to her brother. Even though the master and disciple had just met, they were about to embark on different journeys again. However, Yun Feng and Xia Qing didn't feel that it was parting in their minds. Xia Qing was going to the Central Continent, and Yun Feng would go to the Central Continent later. The master and disciple would meet again.

Qu Lanyi was much more depressed. Ever since the three of them left the Hidden Moon Village, Yun Feng had been much colder to him. Whenever Qu Lanyi approached, Yun Feng would dodge with a sullen face. Xia Qing couldn't help but feel puzzled when she saw that. She found Qu Lanyi, who was sulking alone, in private. "Brother Lanyi, what's wrong with you and my teacher? Did you argue?"

Qu Lanyi sighed. "You little girl, what do you know?"

Xia Qing was startled. Then, she smiled. "I'm already in my early twenties. I'm not a little girl anymore."

Qu Lanyi glanced at Xia Qing with his black eyes and glanced at Yun Feng's back resentfully. "What else can there be? I only said that she should give me her body too now that she's given me her heart."

Xia Qing's little face immediately flushed after hearing that. "Brother Lanyi... Do you mind what Mr. Ling said?"

Qu Lanyi sneered. "I don't mind. I don't mind at all."

Xia Qing blushed and looked at her teacher's back. She slowly said, "I think Master only has Brother Lanyi in her heart and she can't tolerate anyone else at all. Even if Mr. Ling has feelings for her, she won't accept him. Brother Lanyi should know this, right?"

Qu Lanyi's black eyes glittered. He couldn't be clearer about Yun Feng's feelings for him, but there were always people around his wife who wouldn't back down even if he chased them away! Ao Jin went down, Mu Canghai went down, and Ze Ran probably wouldn't stand a chance. He forgot that there was still Ling. Right, Mo Changge probably wouldn't give up. There were countless potential unknown love rivals... Thinking of this, Qu Lanyi's face darkened.

"I certainly know how Fengfeng feels about me, but Qingqing, you don't understand. Sometimes, a man's heart can be uneasy."

Xia Qing frowned in confusion and coaxed him. "If Brother Lanyi really cares so much obtaining all of Master... I think... you should wait until you get married..."

Qu Lanyi's black eyes glittered. He rubbed Xia Qing's hair with his big hand. "You're right, kid. Fengfeng is very conservative. She'll certainly reject my request, but it'll be a different story after we're married!" Qu Lanyi flashed and rushed over. Xia Qing was helpless. You shouldn't get married just for that, right? Brother Lanyi, aren't you afraid that she'll never talk to you again?

## Chapter 1575: Tears (2)

As expected, Qu Lanyi rushed to the front and said something, which made Yun Feng roar and kick him. Qu Lanyi looked aggrieved. Xia Qing shook her head and sighed as she chased after Yun Feng. Qu Lanyi, on the other hand, followed behind in confusion. Women were truly unpredictable.

It wasn't that Yun Feng didn't know Qu Lanyi's feelings for her. The two of them had been intimate a lot, but they wouldn't mention that kind of thing. However, this time, Ling put it on her face so openly. Qu Lanyi seemed to have been provoked and made such a request to Yun Feng. Yun Feng immediately felt a bit angry. Then, he proposed to get married because he wanted to sleep with her. Yun Feng was even more angry.

Qu Lanyi didn't mean any harm, but Yun Feng didn't want to have each other in such a situation. Luckily, Qu Lanyi seemed to be enlightened and didn't mention this anymore. Yun Feng's mood finally eased a bit. Qu Lanyi held the beauty's little hand as he wished and could get close to her and hold her in his arms.

Xia Qing was certainly happy to see that the two of them had made peace. The three of them soon arrived at the the Bright Moon Hall's main city, which meant that Xia Qing and Yun Feng would be separated for a short time. Yun Feng pulled Xia Qing and looked at her equally clear eyes with her black eyes. "Qingqing, aren't you going to see Little Fire?"

Xia Qing was startled. She more or less understood what her teacher meant. She shook her head. "I don't think so."

Yun Feng pursed her lips. Fine, since Qingqing had already said so, she shouldn't force her. "Alright, do you want to go to the Central Continent and train yourself like before?"

Xia Qing nodded. "Master, you don't have to worry about me." Xia Qing grinned. Yun Feng was gratified. Qingqing had indeed grown up. "Alright, Luo Chen is cultivating at the headquarters of the Yun family in the Inner Region. You might be able to see him."

Xia Qing nodded happily. "Is that so? Then I have to work hard! I've made a few friends along the way. We'll meet on the Central Continent and I will have a chance to introduce them to you!"

Yun Feng nodded. It couldn't be better if Qingqing could make friends. The Teleportation Arrays were in the same building in the main city, but the Teleportation Arrays were obviously different. On the left side and right of the building were Teleportation Arrays leading to different areas. There weren't many people on the left, and they all looked very rich.

The cost of one trip through the Teleportation Array was one ultimate ore! Such a teleportation price could be said to be astronomical! However, people who could afford the Teleportation Array certainly wouldn't care about the price. They didn't look pained at all when they took out the ores. Yun Feng originally wanted to pay for Xia Qing, but Xia Qing rejected her with a smile. Yun Feng smiled. This little disciple of hers could take charge.

The three of them walked to the left in two directions, one to the Central Continent and the other to the East Continent. Xia Qing stepped forward and walked into the Teleportation Array. The light immediately spread. Xia Qing waved goodbye to Yun Feng with a smile. When her vision gradually blurred, a beam of red light suddenly appeared next to Yun Feng. A handsome young man stood next to Yun Feng with fiery red hair and deep black eyes, staring at Xia Qing, who was disappearing in the light.

Little Fire didn't say anything. It just watched quietly. Xia Qing's eyes suddenly became wet in the Teleportation Array and tears couldn't help but roll down. She smiled, before she cried and said, "Brother Little Fire..." Then, she had already disappeared.

Little Fire's lips moved slightly, as if it wanted to say something. Its handsome facial features were conflicted for a while, but it didn't say anything in the end. Xia Qing had already disappeared from the Teleportation Array. Little Fire's black eyes glittered. Brother Little Fire heard her clearly. The little boy sighed softly. Yun Feng patted Little Fire's shoulder comfortingly. Qu Lanyi pursed his lips and didn't say anything. The three of them didn't notice the shocked expressions of the crowd on the side. Little Fire's appearance directly confirmed Yun Feng's identity as a summoner!

"So, she's a summoner." Some powerhouses around discussed softly. Some merchants planned to come over and talk to them. Little Fire looked up unhappily and its fierce black eyes immediately shocked everyone. The discussion stopped abruptly. Yun Feng patted Little Fire's head and the three of them walked to the Teleportation Array that led to the East Continent. The line that was about to enter the Teleportation Array automatically moved aside. Yun Feng stood at the back of the line with Little Fire and Qu Lanyi, waiting quietly.

"She's just a summoner. What's so great about her?" A few young people stood in front of Yun Feng. They seemed to be in their early twenties. They looked back provocatively

and didn't think much of it. They were dressed gorgeously and their strength was only at the elementary level of the Monarch Level. Perhaps in their opinion, it was already a very good achievement for them to reach the elementary level of the Monarch Level at their age. Coupled with the fact that Yun Feng and Qu Lanyi were both suppressing their strength, the pride in their minds immediately raised.

Yun Feng didn't say anything. She didn't have the mood to talk to these rich young masters. Even if they had the capital, if they couldn't be humble, they wouldn't be able to achieve anything in the end. Qu Lanyi didn't bother to say anything. Arguing with such people would only lower his status.

Yun Feng was talking to Little Fire telepathically. The relationship between Little Fire and Xia Qing was extremely complicated. Yun Feng couldn't help but think of Ze Ran. Would he and that Magic Beast be together in the end? After all, humans and Magic Beasts were two races. The future path wasn't optimistic.

"They're really putting on airs, as if they don't care about anything." The few young people in front became more and more presumptuous, but Yun Feng remained calm.

"Hey!" The few young people turned around with a frivolous look, as if they were the only ones who had power in the world. "If you're a summoner, take out the Ring of Contract and let's take a look!"

Yun Feng raised her black eyes and then glanced at the line in front of her. "The line is moving forward."

The black eyes of the few young people glittered. "Are you giving us an order?"

Yun Feng didn't say anything else. Her body flashed and she directly jumped over. Little Fire and Qu Lanyi followed behind and passed by the few of them without looking sideways. The few young people felt humiliated when they saw that. They immediately roared, "You guys, stop!"

Yun Feng and the others couldn't be bothered to care at all. However, the few young people didn't give up after seeing that. Seeing that Yun Feng didn't react, the few of them looked at each other and immediately attacked! A few Monarch Level fighting energy came and hit Yun Feng's back!

Qu Lanyi raised his arm and clenched his fist! "Bang!" A muffled sound exploded from his palm. The few young people immediately widened their eyes when they saw that. Their Monarch Level fighting energy was crushed with his bare hands!

## **Chapter 1576: Breaking Off Completely (1)**

"Kids, weigh yourselves before you attack," said Qu Lanyi coldly. He spread his fingers and a faint aura flowed through his fingertips, dissipating in the air. The few young people immediately turned pale and took a few steps back.

The faces of the experts around darkened and they looked at Yun Feng and the others vigilantly. Yun Feng only said indifferently, "Lanyi, let's go."

Qu Lanyi snorted coldly and followed them. The three of them stood on the Teleportation Array and soon disappeared. The few young people stood there in a daze and looked at each other. "Are they... from the Central Continent?"

"They must be from the Central Continent. Their strength has probably already reached the Lord Level or above..." The few young people became even paler when they thought of this. The powerhouses on the side remained silent, but they weren't calm in their minds.

"Young people nowadays are still so impetuous." The three of them came out of the Teleportation Array and were teleported to the capital of the Fengyun Empire. Qu Lanyi said with disappointment on his face. Yun Feng chuckled. No matter how the world changed, it was very difficult for humans to change their minds.

Glancing at Little Fire, which had been silent, Yun Feng sighed softly and put it into the Ring of Contract. Perhaps Little Fire was also feeling complicated right now. The two of them walked to the capital of the Fengyun Empire. The capital had been developing better these years. Yun Feng and Qu Lanyi keenly noticed that there were a lot of masters in the capital. Many of them should be from the West Continent and the Central Continent. The number of mages had increased drastically. With the environment of the East Continent, there couldn't be so many mages.

"It seems that the connection brought by the Spatial Teleportation Array is indeed huge." Qu Lanyi looked at the crowd that passed him and sighed. Such a connection didn't only bring communication between people, but also change of politics, economy and so on.

"According to Qingqing, even so, the Shang family and the De family will still have a headache." Yun Feng glanced at the crowd walking in the capital. "The capital is obviously much more vigilant. It seems that it's indeed as Qingqing said."

"So, Yun Sheng will also have a headache." Qu Lanyi frowned slightly. The two of them immediately rushed to Mu City. Mu City hadn't expanded, but it was already unique economically. Its development direction was similar to that of Chunfeng Town. It was gradually out of the control of the Fengyun Empire and became a semi-independent area. The Mu family was certainly the most powerful one in Mu City. Mu Xiaojin was the absolute representative of the Mu family.

After Yun Feng and Qu Lanyi arrived in the sky above the Mu family, they easily saw a lot of unfamiliar faces. Yun Feng had some impression of some of them. They were members of the De family and the Shang family. Yun Feng frowned slightly. It seemed that her brother and Xiaojin had been annoyed a lot.

"Do you want to hear what they're talking about?" Qu Lanyi raised his brows. Yun Feng nodded. The two of them immediately hid themselves and came to a corner of the main hall of the Mu family. At this moment, Yun Sheng and Mu Xiaojin were sitting in the middle. Both of them looked a bit embarrassed. Sitting next to them were none other than Shang Qu and De Lan, the leaders of the Shang family and the De family. A few people, old and young, were sitting next to them. They seemed to be elites of the Shang family and the De family.

"Master Shang, Mu City has never cared about the outside world. This request... puts us in a difficult position," said Yun Sheng. Time didn't leave any traces on him. He only looked a bit mature, and Mu Xiaojin was even more so, adding a hint of maturity.

"Yun Sheng, the Fengyun Empire is indeed facing a problem right now. If we can solve it, we won't come to you." Shang Qu sighed with dissatisfaction on his face. De Lan was the same. Mu Xiaojin frowned and said, "Master Shang, I made an agreement with you and Master De a few years ago to exchange a huge amount of money for peace in Mu City every year."

"Yes, there is indeed such an agreement, but the situation is special right now. We have no choice," said De Lan. Mu Xiaojin looked cold. "Since it's an agreement, how can you go back on your words as the leaders of the Fengyun Empire?"

Yun Sheng patted the back of Mu Xiaojin's hand. Mu Xiaojin had reached an agreement with the two of them a few years ago. Every year, the Mu family would exchange the wealth they sized up for a semi-independent state. The De family and the Shang family agreed readily, but now, these two families took a huge amount of money from the Mu family and went back on their words at the last minute. It was no wonder that Mu Xiaojin wasn't angry.

Luckily, Yun Jing had already left for the headquarters of the Yun family, or the Shang family and the De family would definitely find him first. Seeing this scene, Yun Feng became even more determined. "These two old guys are quite thick-skinned," said Qu Lanyi in a low voice as he looked at Mu Xiaojin. "However, Mu Xiaojin has indeed changed a lot."

"Master Mu, after all, Mu City can only develop like this under the protection of the Fengyun Empire. Now that Fengyun is in trouble, what's the big deal if the Mu family helps?" Finally, someone couldn't hold back anymore. Mu Xiaojin pursed her lips and didn't say anything. That person continued, "The Mu family and the Yun family are connected by marriage. No matter what, the Yun family and the Mu family are both

members of the Fengyun Empire. It's fine if you don't want to help. Is it so difficult for you to ask the Mercenary Union for help right now?"

"The Mercenary Union has always been a neutral organization. I can't let them violate their principles for personal reasons. Neither can Yun Sheng," said Mu Xiaojin with a hint of coldness on her face. Yun Sheng also said solemnly on the side, "The Mercenary Union isn't anyone's private property. Even if they're friends with anyone, it's Feng. It's useless even if we go."

"Yun Sheng, I just wanted you to send a message. Doesn't the Red Maple Mercenary Team respect Yun Feng as their Young Lady? Then, you're certainly the Young Master. For Yun Feng's sake, the Red Maple Mercenary Team can't possibly refuse," said De Lan in a low voice, but Yun Sheng was a bit angry.

"The Red Maple Mercenary Team isn't the Yun family's private property! I won't let the Red Maple Mercenary Team violate their principles because of the empire's conflict!"

"Pa!" A young man suddenly slapped the table and stood up. "Yun Sheng, Mu Xiaojin! Lord Shang and Lord De came up to you in person to beg you, but you still don't know what's good for you! There are so many mercenaries in the Red Maple Mercenary Team. What's wrong with lending us some? There are so many mercenaries idling around. Why is it so difficult for you to say anything?"

"You make it sound so easy. If the soldiers of the Red Maple Mercenary Team die in the disputes between empires, who will bear the responsibility?" Yun Sheng said with a cold face. Another young man snorted in disdain. "It's just a few mercenaries. Their lives aren't so valuable."

## **Chapter 1577: Breaking Off Completely (2)**

"That's enough!" Mu Xiaojin suddenly shouted. "Lord Shang, Lord De, I won't see you out. Please go back!"

Shang Qu and De Lan raised the corners of their mouths awkwardly. The negotiation had failed again this time. The two of them couldn't help but glare at the two young people who spoke. The two young people didn't seem to be reflecting at all. "We've treated the Mu family and the Yun family so politely. It's time for you to repay me."

Mu Xiaojin was so angry that her body was shaking. Yun Sheng held his wife's shoulders gently and looked up coldly. "The Yun family and the Mu family don't rely on anyone. On the other hand, don't you think it's easy to talk with the Mu family's money?"

"You..." The two young people blushed. Yun Sheng said coldly, "Goodbye." Holding Mu Xiaojin's shoulder, the two of them turned around and left, leaving the others in the hall.

Shang Qu and De Lan looked gloomy. The few young people blushed. "Aren't the Yun family and the Mu family too arrogant? Do they know who owns the Fengyun Empire?"

"Stop talking. Let's go!" Shang Qu and De Lan shouted furiously and left with the others. Yun Feng looked gloomy. She didn't know that the Shang family and the De family dared to have designs on the Red Maple Mercenary Team. Qu Lanyi also looked quite gloomy. "These two families think so highly of themselves."

Yun Feng snorted coldly and flashed to the back of the main hall, where she saw her brother and Mu Xiaojin. "Brother! Xiaojin!" Yun Feng stopped hiding and called out. Yun Sheng and Mu Xiaojin stopped and slowly turned around.

"Feng!" Yun Sheng called out happily. Mu Xiaojin blinked. "Xiao Feng... Is it really you?"

Yun Feng chuckled and walked over. She held Mu Xiaojin's hand. "It's me. It can't be fake."

Mu Xiaojin immediately smiled happily and held Yun Feng's hand tightly. Yun Sheng looked at his sister excitedly and patted Yun Feng's shoulder with his big hand, exclaiming that his sister looked more mature and her aura seemed to have become stronger over the years. Yun Sheng looked up and saw Qu Lanyi walking over. His black eyes glittered. "You're here too?"

Qu Lanyi nodded and didn't stand close to her. Yun Sheng let Yun Feng talk to Mu Xiaojin and walked to Qu Lanyi. "Feng... How has she been these years? Did she encounter any difficulties?"

Qu Lanyi's black eyes glittered. He didn't know how to answer. He hadn't been by Yun Feng's side for a long time. He didn't seem to be qualified to answer this question. "Fengfeng..."

"Did something happen to Feng?" Yun Sheng looked at Qu Lanyi nervously. Qu Lanyi smiled wryly. How could he answer that? Could he say that when he met Yun Feng, she was facing a strong enemy that could kill her? If it weren't for him, perhaps Yun Feng's life would really be in danger? Could he say that Yun Feng had experienced so much alone in the past few years of cultivation?

"Brother, I'm standing in front of you. What's there to be worried about?" Yun Feng walked over and smiled sweetly at Yun Sheng. Qu Lanyi's black eyes glittered. Even though he had left to give himself more strength to protect her, leaving was leaving. He wasted a few years of time that he could've spent with her.

Yun Sheng chuckled. He was most afraid that his sister would only report good news and take all the responsibility on her own, which made him feel bad as a brother. Yun Feng was responsible for everything in the Yun family, which made Yun Sheng feel guilty.

Yun Sheng raised the corners of his mouth and looked at Qu Lanyi deeply. There was only one thing he could do for Feng.

"Kid, it's time for you to change your address, don't you think?" said Yun Sheng. Qu Lanyi was stunned, and so was Yun Feng. Mu Xiaojin smiled happily. "Qu Lanyi, why aren't you calling him brother?"

Qu Lanyi's handsome face flushed. Yun Feng smiled in embarrassment. "Brother..." After saying that, Qu Lanyi seemed a bit embarrassed. Yun Sheng burst into laughter and patted Qu Lanyi's shoulder. "Meet my father when you have time."

A blush appeared on Qu Lanyi's handsome face. Yun Sheng laughed happily, and Mu Xiaojin chuckled too. Seeing how shy Qu Lanyi was, Yun Feng smiled too. It felt great.

Qu Lanyi was very happy to be acknowledged by Yun Sheng. The smile in his black eyes became more and more delighted. Now that his brother-in-law had admitted it, she should be agreeing to do something. Qu Lanyi confidently suggested sleeping with Yun Feng. Yun Sheng was enraged on the spot and regretted what she said just then.

The few of them sat together. Yun Feng was very concerned about the Shang family and the De family. Yun Sheng and Mu Xiaojin sighed and told her about their recent situation. The Shang family and the De family were even more clingy than Yun Feng thought. They seemed to be biting the Mu family to death and would come to visit every once in a while. Even though Mu Xiaojin had always rejected them, the Shang family and the De family still didn't give up. They had been even more persistent recently. They lived in Mu City and came to visit every day.

"They wanted to borrow the power of the Mercenary Union first, and now they're even targeting the Red Maple Mercenary Team. How can they drag the mercenaries into the conflict between empires? Besides, the Red Maple Mercenary Team doesn't have the obligation to interfere at all!" Mu Xiaojin was so angry that her face turned red. Yun Sheng patted the back of Mu Xiaojin's hand. "The Shang family and the De family haven't done much in recent years. When something happens, they rely on the outside world. Now that the world has changed, Ovey and Shengyao are ready to make a move. They don't think they have the ability to resist, so they target the Yun family and the Mu family."

"It's a good thing that Father left early, or these two families would've definitely bothered you." Mu Xiaojin sighed. Yun Sheng looked at Yun Feng. "Feng, you don't have to do anything for the Fengyun Empire anymore. You've done enough for this empire in the past."

Yun Feng chuckled. She didn't care about it herself, but she didn't want her family to be implicated by others. The world was changing and there were unstable factors everywhere. It was time to take her family to the headquarters of the Yun family.

"Brother, Xiaojin, there's something I want to discuss with you," said Yun Feng solemnly as she told them her thoughts in detail. Yun Sheng and Mu Xiaojin became even more serious after hearing that. After Yun Feng said that, Mu Xiaojin spoke.

"Xiao Feng, I can't abandon these people in Mu City."

## Chapter 1578: Breaking Off Completely (3)

"Feng, Mu City isn't small right now. If we move so many people, we'll definitely attract the attention of the De family and the Shang family. Do you think they'll let us go so easily?" Yun Sheng couldn't help but smile wryly, but Yun Feng chuckled. Since she had made a suggestion, she certainly couldn't make things difficult for her brother and Xiaojin.

"You've underestimated Fengfeng." Qu Lanyi smiled casually. Yun Sheng and Mu Xiaojin raised the corners of their mouths. It wasn't that they underestimated Yun Feng, but this was a city! There were thousands of people living in this city! How would it be possible for so many people to move away without attracting attention?

Yun Feng smiled. Even though she hadn't fully recovered and couldn't activate spatial teleportation in the Dragon Palace yet, there was still room for these people. There were still the first, third and fifth levels. It shouldn't be a problem for her to move a city!

"Leave the transfer of these people to me. Please inform the Yun Army to gather here!"

Soon, all the soldiers of the Yun Army stationed in Chunfeng Town came to Mu City. In order not to attract anyone's attention, the soldiers of the Yun Army came in batches. Together with Yun Sheng's team, there were a total of a hundred soldiers. After the training back then, the remaining soldiers of the Yun Army all became the backbone. They certainly knew that the gathering this time was extraordinary. All the warriors gathered in the Mu family secretly. When a figure appeared in front of them, the veteran soldiers of the Yun Army all looked excited. "My Lady!"

Yun Feng chuckled. The other new warriors all looked at Yun Feng curiously. This was the Young Lady of the Yun family, Yun Feng, whom everybody in the Yun Army had been talking about!

"Guys, thank you for protecting the Yun family all these years."

"This is what we should do," said the backbone firmly. Yun Feng smiled in relief and described her next move. All the soldiers of the Yun Army looked a bit surprised, but after the surprise, they absolutely obeyed.

"We'll do whatever you say, my Lady." All the soldiers of the Yun Army replied at the same time. Yun Feng burst into laughter. "Alright!" Bringing the Yun Army to the headquarters of the Yun family would certainly be beneficial for their cultivation and their strength would also increase faster.

Yun Feng put all the warriors of the Yun Army into the first level of the Dragon Palace, followed by the entire Mu City. The members of the De family and the Shang family were living in Mu City right now. If she wanted to move a large number of residents, she would definitely attract their attention. The most important thing was how to distract the members of the De family and the Shang family cleverly.

The development of the matter followed Yun Feng's wishes. The Shang family and the De family came to visit the next day. They were no longer as friendly as they were yesterday. Shang Qu and De Lan both looked a bit depressed, not to mention the others. They didn't come today to make a request, but to give an ultimatum.

If Yun Sheng and Mu Xiaojin didn't do anything, the Fengyun Empire would attack Mu City first! If they couldn't achieve what they wanted, they could only use such a strong method. If the Shang family and the De family really did that, they would be completely enemies with the Yun family and the Mu family. Shang Qu and De Lan were certain that Yun Feng wouldn't come back anytime soon, so they dared to say that. They didn't know that Yun Feng had already come back and was in the Mu family like them!

After saying that, the two families gave a deadline and then left. This time, they left Mu City for the capital of the Fengyun Empire. Mu Xiaojin was so angry that her face turned red. "How dare you! Let alone the money the Mu family gives them every year, if it weren't for Xiao Feng, the Fengyun Empire wouldn't be where it is today!"

"Alright, don't be angry." Yun Sheng patted his wife's shoulder comfortingly. "Things are developing in the direction we want. Isn't that good?" Yun Sheng smiled helplessly. He was also extremely disappointed in the De family and the Shang family in his mind. Fine, the Yun family and the Mu family should indeed be separated completely, or there would be endless trouble in the future.

"Brother, you're right. Xiaojin, since the Shang family and the De family gave us this opportunity, it'll be a pity if we don't use it." Yun Feng sneered. The Fengyun Empire had nothing to do with her anymore. The Shang family and the De family were on their own!

Nobody could always be a hero and a savior. If the Fengyun Empire wanted to be truly powerful in this world, they shouldn't rely on the power of Yun Feng and the Yun family!

Only one's own strength mattered!

The time limit given by the Shang family and the De family was only five days, which was enough for Yun Feng. After a day and a night, everyone in Mu City completely

disappeared. The entire city was terrifyingly quiet. In the morning light of the next day, a pair of ordinary-looking man and woman walked out of the gate of Mu City and left this silent empty city, saying goodbye forever.

Yun Feng and Qu Lanyi came to the capital of the Fengyun Empire. In order to avoid any trouble, it was better to rush to the Central Continent as soon as possible. The two of them immediately went to the Teleportation Array in the capital. Just like the Bright Moon Hall, even though the Teleportation Array was expensive, there was still an endless stream of people going to the Central Continent. After Yun Feng and Qu Lanyi handed over the ores, they lined up and waited. After a while, a person rushed in and talked to the person in charge of the Teleportation Array in a low voice. The person in charge of the Teleportation Array was immediately shocked.

"Mu City became an empty city overnight!"

"Lord Shang and Lord De are enraged!"

Yun Feng and Qu Lanyi both chuckled. Soon, it was their turn. Standing in the Teleportation Array, a warm light enveloped the two of them. Yun Feng heard an anxious shout outside. "Lord Shang and Lord De have an emergency order! Close all the Teleportation Arrays!"

Yun Feng and Qu Lanyi looked at each other and smiled. It was too late to close the Teleportation Array. "Swish..." The two of them completely disappeared from the Teleportation Array. The Fengyun Empire would be in trouble for a long time, which gave Shang Qu and De Lan a headache.

The light reappeared. Qu Lanyi and Yun Feng had already come to the Outland of the Central Continent. The Teleportation Arrays on the East Continent and the West Continent were all connected to the Outland. Even though the world had undergone a major change, the rules of the Central Continent hadn't changed. Those who weren't at the Lord Level weren't qualified to enter the Central Region. The Animal Arena still existed.

People above the Lord Level could use the Teleportation Array freely. The Teleportation Array led straight to the Central Region. If they wanted to go to the Inner Region, they could only set off from the Central Region. Yun Feng looked at the Animal Arena in the distance. The sounds of battle there were endless. Yun Feng couldn't help but recall something. A long, long time ago, she met that person who couldn't be separated from the Yun family here.

## **- Chapter 1579: Breaking Off Completely (4)**

### **Chapter 1579: Breaking Off Completely (4)**

Qu Lanyi gently pulled Yun Feng into his arms. He knew that she was sad for You Yue. Yun Feng chuckled and looked away. "Let's go. Brother and Xiaojin said that Qingchen is cultivating in the Juxing School right now. We can take a look this time. Qingqing should be able to enter the Central Region successfully."

Qu Lanyi nodded. The two of them went to the Teleportation Building. A lot of people were going to the Central Region. There was a long line. Everyone who was waiting to enter the Central Region had unknown excitement on their faces. For them, the Central Region was a new starting point, a new journey.

"When I go to the Central Region this time, I must go to the Juxing School if I have the chance. I heard that Yun Feng cultivated there back then."

"Yes, I have the same plan. I wonder if I'll meet Yun Feng there..."

"I don't think so. That summoner of the Yun family comes and goes like a ghost. There are too few opportunities to meet her."

Hearing the people in front of her talk in a low voice, Qu Lanyi chuckled behind her. Yun Feng glared at Qu Lanyi, and Qu Lanyi finally stopped smiling and whispered in Yun Feng's ear, "No matter what, Fengfeng will always be the center of attention."

Yun Feng raised the corners of her mouth. Qu Lanyi chuckled and held Yun Feng's hand tightly. "My wife, I've always been proud of you."

Yun Feng blushed slightly. Qu Lanyi led Yun Feng into the Teleportation Array with a smile. The two of them disappeared in the light. Yun Feng was already someone who couldn't be forgotten in this world. No matter when or where, this legendary name had already been engraved in people's minds.

The Forbidden Forest of the Juxing School had always been a place where students were forbidden to enter. Magic Beasts were everywhere here, especially in the depths of the Forbidden Forest. There were even unimaginable Magic Beast big shots. If there was a special time, the elders of the Juxing School would lead the team deeper. A breeze blew and a slender figure leaned against a thick tree trunk, looking very comfortable.

"Whoosh, whoosh..." A tiny tornado surrounded his slender fingers. The green wind element surrounded him extremely steadily and didn't cause any chaos at all. It was obvious that his exquisite power of controlling elemental energy was truly rare!

"Hm... How can I make the wind element more aggressive..." A clear and pleasant boy said in a low voice. He twisted his slender fingers and the wind element wrapping around his fingertips suddenly jumped out of his fingertips. An extremely tiny wisp went straight to the roots of a giant tree. With a "Crash—", the giant tree landed on the ground!

"Burp..." The sound of burping came. Purple lightning elements spouted out of the mouth of a certain creature, turning into purple smoke that floated in the air. A chuckle sounded. He tapped a certain creature on his shoulder with his slender finger. "What did you eat again, Little Lei?"

The tail of the long purple creature moved slightly and rubbed against the young boy's shoulder fawningly, causing the boy to chuckle. He looked at the collapsed giant tree with his black eyes and mumbled, "Such force can't open the giant shell of that old turtle..."

The long purple body curled up slightly and its head rested on the young man's shoulder comfortably. From afar, it looked like a beautiful purple scarf. The young man's finger gently brushed the chin of the purple creature. The purple creature let out an extremely comfortable snore. The young man leaned against the tree trunk and raised his head slightly. "Ah... That turtle is truly difficult to deal with."

"Swish..." A figure suddenly came and jumped onto the giant tree where the young man was. The purple creature on the young man's shoulder immediately raised its head and opened its mouth. A bolt of lightning burst out of its mouth, hitting the man who wanted to jump up. The man retreated quickly and almost lost his balance. He finally stabilized himself. The purple creature was too tall and its purple black eyes were full of hostility. Purple lightning kept circling around it. The young man chuckled and looked at the embarrassed person in front of him. "Rong Xin, I told you to be careful when you get close to me."

"Kid, can you stop carrying your Little Lei all the time? Don't you know that it's a time bomb?" Rong Xin looked at his entire body carefully. "My clothes... are wasted again." He had just changed his clothes today. He hadn't been wearing them for long when he was burnt by the lightning! "Kid, compensate me!"

The young man chuckled. "Sure, no problem." He touched a certain creature on his shoulder with his finger. Little Lei finally calmed down under the young man's comfort and it retracted all the lightning elements. "Are you still coming to compete this time?"

Rong Xin burst into laughter after hearing that. "Of course we have to compete, but... I'm bringing you good news this time."

"Good news?" The young man raised his brows. Rong Xin nodded with a smile. "That's right. Absolutely good news! Do you want to hear it?"

The young man raised the corners of his mouth and stood up from the tree trunk. "Are you going to tell me or not?"

Rong Xin was startled. He scratched his head with his hand. This kid knew that he couldn't hold it in anymore. How cunning! "I can't hold back! A big shot came to Juxing. She has something to do with you. I think you should know who she is..."

"Swish..." The young man's body left in front of Rong Xin like a gust of wind. Rong Xin's body swayed slightly and he finally stabilized himself again. His body also flashed and chased after the guy. "Yun Qingchen, you kid, why didn't you thank me?"

The young man ran all the way out of the Forbidden Forest with an anxious look on his face. A whirlwind appeared wherever he went, attracting a lot of attention. The students of the Juxing School all discussed when they saw this. This was the first time they had seen Yun Qingchen so excited.

In the hall where the five elders of the Juxing School were, the five elders were all talking to Yun Feng with a smile. Yun Feng was talking to the five elders about the changes in the world in the past few years. While they were talking and laughing, a figure suddenly pushed the door open and entered. He seemed anxious and his breathing was a bit rapid. The five elders all chuckled when they saw him.

"Kid, you learned the news quickly enough." The five elders all smiled. Yun Feng also had a smile in her black eyes. Looking at the young man who had already grown taller in front of her, her eyes were full of pride and relief.

"Aunt!" Yun Qingchen's black eyes burst out with scorching surprise. Yun Feng had a different status in his heart. Apart from his mother, Mu Xiaojin, Yun Feng was the person Yun Qingchen was most close to.

"Qingchen, you've grown up," said Yun Feng casually. Yun Qingchen chuckled and rushed over. Qu Lanyi's face immediately darkened when he saw that. Was this kid going to...

## **Chapter 1580: Breaking Off Completely (5)**

"Aunt!" Yun Qingchen extended his arms and held Yun Feng in his arms. Yun Qingchen had already grown taller, almost as tall as Qu Lanyi. Although the young man's body was not too strong, he was muscular. Yun Feng felt like she had hit a wall when he suddenly held her in his arms.

"Aunt, I didn't expect to see you here!" Yun Qingchen hugged Yun Feng fiercely and didn't want to let go. Yun Feng patted him and asked him to pay attention to the occasion. Yun Qingchen finally let go of his arms reluctantly. The creature on his shoulder was lying down extremely obediently when it saw Yun Feng. Yun Feng glanced at the creature on Yun Qingchen's shoulder. "Is this the lightning-element Magic Beast back then?"

Yun Qingchen nodded. "Yes, it's Little Lei." Yun Qingchen grabbed Little Lei from behind and was about to hand it to Yun Feng. The five elders really couldn't help but cough. "Ahem, I think we should let them catch up first."

Yun Feng smiled apologetically. The Fifth Elder waved his hand. "Go, girl. Come and talk to us old guys in the end!"

"Alright then. I'll talk to the five elders later." After saying that, Yun Feng walked out with Yun Qingchen, while Qu Lanyi followed behind with a gloomy face. Yun Qingchen turned his head slightly and saw Qu Lanyi. "Aunt, are you still with him?"

Yun Feng was helpless. If she wasn't with Qu Lanyi, who else could she be with? Qu Lanyi sneered. "I'm really sorry, kid. Your aunt and I will never be separated in this life."

Yun Qingchen snorted coldly and put his big hand on Yun Feng's shoulder, glancing at Qu Lanyi provocatively. Yun Feng pushed Yun Qingchen away. "It's been a few years. Little Qingchen is truly a big kid now."

"No! I'll always be a kid in front of my aunt!" Yun Qingchen chuckled. His face, which had taken after Yun Sheng and Mu Xiaojin's, was instantly charming. Yun Feng thought that the last time she saw Yun Qingchen, he was worlds apart from now.

"Junior Sister!" A call sounded again. Yun Feng turned around and saw a rather reckless figure rushing over. Rong Xin had a huge smile on his face and was very happy to see Yun Feng. "Why are you here? Ah, Qu Lanyi, you're back too!"

Qu Lanyi waved his hand as a greeting. He didn't have much hostility towards the stupid Qu Lanyi. Rong Xin ran over and suddenly took a few steps back, because Little Lei on Yun Qingchen's shoulder had already opened his mouth and was about to spit thunder.

"I'd better stay away from you!" Rong Xin looked at Little Lei with fear. Little Lei closed his mouth leisurely and lay on Yun Qingchen's shoulder obediently again. Yun Feng chuckled and reached out to take Little Lei down. "Junior Sister, be careful! That thing can... spray lightning..." Rong Xin looked at Little Lei, who was as obedient as a rabbit, in Yun Feng's hand in shock and was dumbfounded!

Little Lei let Yun Feng fiddle with it as he looked at Yun Feng with his watery little eyes fawningly. Yun Qingchen chuckled when he saw that. "So far, my aunt is the second person who makes Little Lei so obedient!"

Qu Lanyi raised his brows casually and reached out to take Little Lei from Yun Feng's hand. Little Lei immediately opened its mouth and was about to spray lightning. Qu Lanyi sneered as a hint of redness jumped out of his eyes. Seeing that, Little Lei shivered and didn't dare to move anymore.

Yun Qingchen snatched Little Lei away and found that Little Lei was trembling slightly. Yun Qingchen looked at Qu Lanyi deeply and put Little Lei into the Ring of Contract. He held Yun Feng's arm. "Aunt, let's find a place to talk."

Yun Feng nodded. Yun Qingchen held Yun Feng's hand and walked all the way forward. Qu Lanyi followed behind with a cold face. Yun Qingchen was Fengfeng's family after all. He didn't argue with him. Rong Xin and Qu Lanyi walked behind and shouted, "Yun Qingchen, where are you going to talk?"

Yun Qingchen waved his hand without looking back. "Forbidden Forest!"

Rong Xin was dumbfounded. Only the members of the Yun family would choose the Forbidden Forest for a conversation... However, that was indeed a good place. At least, nobody would bother them. Rong Xin put his arms behind his head and chatted with Qu Lanyi with a smile. "Qu Lanyi, how has Junior Sister been these few years?"

"Very good."

"What level is Junior Sister at right now? She's a God, right?"

"That's right."

"How far have you and Junior Sister progressed? Engaged? Or are you already married?"

"..." Qu Lanyi turned around with a gloomy face. Rong Xin chuckled. "Just pretend I didn't say that. Right, what level are you at right now?"

"Do you want to fight?" Qu Lanyi's momentum burst out instantly. Rong Xin only felt that his heart was pressed by a huge rock and his body was almost weighed down by an inexplicable force. Rong Xin couldn't help but bend his body with cold sweat on his forehead. Qu Lanyi curled his lips. "Do you want to fight?"

Rong Xin waved his hand awkwardly and finally straightened his body. He wiped the sweat on his forehead with his hand. "Qu Lanyi, who exactly are you?"

Qu Lanyi was silent for a few seconds and gave Rong Xin a classic answer. "A man."

Under a huge tree in the Forbidden Forest, a handsome young man leaned against a tree trunk in the heavy shadows. The beautiful woman listened to the young man talk with a faint smile. A handsome man stood aside with a gloomy face and a hint of unwillingness in his black eyes. The other handsome man would say a few words with a smile, looking a bit stupid.

"Aunt, Little Lei's body has changed significantly in the past few years. His personality has also changed from being shy at first to being more and more irritable. Apart from you and a few people, Little Lei doesn't allow anyone else to get close." Yun Qingchen took Little Lei down from his shoulder. Little Lei looked like it was yawning lazily. Yun Feng looked at the thin purple body in front of her. It only had two claws. There were no

horns at the top of its head and its body was also slippery. It didn't have any scales, but the surface of its body was covered in some faint black patterns.

Yun Feng held Little Lei in her hand as its purple body wrapped around Yun Feng's arm lazily. Yun Feng pushed Little Lei's upper and lower jaw with her finger and a mouthful of sharp teeth appeared. Little Lei's mouth was a bit uncomfortable from being opened. It swayed its body uncomfortably and felt like sneezing. Yun Qingchen quickly reached over and closed Little Lei's mouth, suppressing it firmly. After a while, green smoke came out of Little Lei's ears on both sides. Yun Qingchen heaved a long sigh of relief. "Aunt, what exactly is Little Lei's original body? I've checked all the documents in Juxing. A few of creatures are similar to Little Lei, but they're different."
