

# Genius Summoner

## Chapter 1581: Prepare to Depart (1)

Yun Feng frowned. The only thing she could think of was the notebook left by her master, which recorded some strange species. Little Lei's appearance wasn't one of them. When Er Lei saw Little Lei back then, he was also shocked. Perhaps Little Lei looked very similar to Er Lei when he was young, but Er Lei also made it clear that he didn't know what species Little Lei was.

"Thunder Beast," said Qu Lanyi as he walked over and looked at Little Lei's slender body carefully with his black eyes. "Thunder Beasts are a special type of lightning-element Magic Beasts. Lightning-element Magic Beasts will appear with scales no matter what form they take, but the Thunder Beasts don't have any scales. They're all replaced by stripes."

"Where did you find out?" Yun Qingchen took Little Lei and frowned slightly. Was this guy talking nonsense again?

Qu Lanyi raised his brows. "I have a lot of books about Magic Beasts at home. I've read most of them."

There would certainly be a lot of good stuff in the Naxi family and there would be a lot of records of Magic Beasts. "Little Lei's young state is similar to Er Lei's... Is the Thunder Beast really like this?" Yun Feng looked at Qu Lanyi, who frowned slightly. "It's similar to Er Lei? the Thunder Beast isn't like this when it's young, but this one looks no different from the Thunder Beast right now."

Little Lei sat on Yun Qingchen's shoulder again and glanced at Qu Lanyi with his eyes. He moved his head back slightly. Rong Xin smiled casually on the side. "I don't care if it's the Thunder Beast. The one in Qingchen's hand is too brutal. If my turtle shell wasn't hard enough, it would have been struck open by lightning."

Little Lei was taken from the Shentu family's Treasure Mirror by his godfather, Zhan Li. The power behind the Shentu family was one of the four ancient families. Little Lei's identity shouldn't be ordinary.

"With its current size, it's still growing. Yun Qingchen, you'll suffer in the future." Qu Lanyi smiled weirdly. Yun Qingchen only felt that his scalp was a bit numb. How would his aunt like this man? Would he really become his... uncle in the future?

"Right, Aunt, how long are you going to stay in Juxing? Sister Tianqing is out. She won't be back for a while! She'll definitely be very happy to see you!"

Tianqing... Yun Feng felt a trace of guilt in her mind. You Yue's death saved Yun Qi's soul fragment, but Tianqing's feelings were hurt. "Tianqing, is she alright?"

Rong Xin sighed softly. "How should I put it... Ever since that incident, Tianqing's personality has changed a lot. Her strength has increased year after year, but she's not as lively and cheerful as before. Qingchen's arrival made Tianqing a lot happier and she became more talkative."

"Is that so..." Yun Feng smiled lightly. Qu Lanyi rubbed Yun Feng's shoulder. "With any luck, Yun Qi should have some of You Yue's memories after resurrection."

"Really?"

Qu Lanyi chuckled. "To be honest, the chance is very small."

"Aunt, are you going to resurrect Second Uncle?" Surprise burst out of Yun Qingchen's black eyes. Yun Feng nodded. Yun Qi's resurrection was inevitable. She had also obtained reliable information in the Endless Ocean. The body of a powerhouse, Yun Qi's complete soul, and the indispensable substitute soul. As long as she gathered all three of them, Yun Qi would be resurrected! The conversation with Lord Tu in the Abyss Ruins also gave Yun Feng some insight. The fact that Yun Qi's soul was divided was related to the Blood Souls! Otherwise, how would they know such a private thing?

Yun Feng had reason to believe that the other parts of her brother's remnant soul were in the hands of the Blood Soul! However, what Yun Feng couldn't figure out was that the summoner bloodline in Yun Qi's body hadn't been awakened at all. Why did the Blood Soul only target Yun Qi and even use such a cruel method of soul division? What exactly was the intention of the Blood Souls?

"Leave this to me. You don't have to worry about anything else. You just have to take care of yourself," said Yun Feng. Yun Qingchen wanted to say something else, but Yun Feng looked serious. "Qingchen, don't think you can help me with your current strength. The enemy we're facing is several times stronger than we thought! With your current strength, it's not enough at all."

The young handsome face darkened. Rong Xin burst into laughter on the side. "Junior Sister, Qingchen has always been working hard. Your request is too..."

"You don't understand what fate they're facing," said Qu Lanyi in a low voice. Rong Xin was stunned and didn't understand the deeper meaning of Qu Lanyi's words. He knew the uniqueness of the summoner bloodline of the Yun family, but what kind of fate did they have to face?

"Got it, Aunt. I won't be complacent. The current me... is far from enough compared to you." The expression on Yun Qingchen's young face calmed down again. At this moment, he became a bit more mature. His young and impetuous heart calmed down

again under Yun Feng's words. Yun Qingchen understood that compared to everything his aunt, Yun Feng, experienced, he was nothing at all.

The conversation after that was a bit easier. Yun Feng told Yun Qingchen that his parents had come with her and asked if he wanted to meet them. Yun Qingchen declined with a smile. Yun Feng chuckled and knew what he was thinking. She didn't force him. Staying in Juxing for a day, Yun Feng chatted with the five elders for a while and exchanged opinions with them. And because of Yun Feng's arrival, there was some unknown commotion in Juxing. Who wouldn't want to meet Yun Feng, who could be said to be the idol of Juxing? However, this was an extremely rare opportunity.

All the students of the Juxing School weren't in the mood to cultivate. They only wanted to see Yun Feng's elegance, especially the director of the Pharmaceutical Institute. He was in a hurry to meet Yun Feng and discuss his experience in the field of pharmaceuticals. There was an endless commotion in the Juxing School. The Forbidden Forest was still quiet and stable. At midnight, a slender figure appeared in the Forbidden Forest. Then, two figures appeared deep in the Forbidden Forest.

"Sir, why are you here?" said the tough man with a smile. The moonlight smeared a layer of light on the handsome face of the person, making him even more handsome. Qu Lanyi curled his lips. "Why? You don't want to see me?"

"How would I dare?" The younger man on the side quickly said as he glared at his brother next to him with resentment in his eyes. The brawny man burst into laughter. "You're right!" The hearts of the two brothers pounded. They should be careful when they spoke. They couldn't afford to offend this lord!

## **Chapter 1582: Prepare to Depart (2)**

"Has Yun Qingchen met anyone from the Blood Souls along the way?" asked Qu Lanyi casually. The two brothers looked at each other. The brawny man said, "Sir, he didn't meet anyone from the Blood Souls along the way."

Qu Lanyi frowned. Logically speaking, Yun Qingchen's summoner talent had also awakened, but the Blood Souls didn't notice him? It seemed that Fengfeng was more attractive to them.

"Did this kid encounter any danger along the way? Where did he go? And that Little Lei next to him, what exactly changed during its growth?"

The two Magic Beasts immediately reported the training process of Yun Qingchen along the way to Qu Lanyi. After hearing that expressionlessly, Qu Lanyi said, "So, you don't think it's the Thunder Beast? It shouldn't be."

"That's right, sir. That creature called Little Lei looks a bit strange."

Qu Lanyi nodded. "That Little Lei should belong to one of the four families. As for which family it is, I think I know."

"Sir, do we still have to follow that kid of the Yun family?" The brawny man scratched his head in embarrassment. "We've been following him all the way and we didn't have a chance to help him. That kid of the Yun family is quite impressive, so we brothers thought we might as well not follow him. Sir, what do you think..."

Qu Lanyi raised his brows. A strange glint flashed through his black eyes under the night sky. The two brothers couldn't help but shiver after seeing that. "S... Sir, just pretend we didn't say that just then. We'll keep following, keep following him..."

Qu Lanyi raised the corners of his mouth and opened his thin lips. "It's good that you know that." Then, his body flashed and he had already disappeared from the Forbidden Forest. Seeing Qu Lanyi leave, the two brothers finally took a deep breath. Sweat dripped down their faces. "Brother, why did you say that to him? Aren't you afraid that he will be angry and..."

"I was just saying. After all, that kid from the Yun family is indeed quite capable. We didn't have a chance to help him along the way! Besides... I quite like this forest..."

"Brother, you almost got me killed!"

"Alright, alright, I understand. If the lord wants us to follow him, we'll follow him! We're born to be slaves..."

The night passed uneventfully. The next morning, Yun Feng and Qu Lanyi said goodbye to the five elders and left the Juxing School. Yun Qingchen waved goodbye and made up his mind about his target. He was far from done!

From the Teleportation Array in the Central Region to the Inner Region, Yun Feng directly arrived at the core area of the Inner Region. As soon as she left the Teleportation Array, Yun Feng saw a familiar figure. The Yun family was like an absolute overlord in the core area, sitting steadily in the position of the first-rate family. The two second-rate families were all under control. One of the third-rate families was also inclined towards the Yun family. The two families that had been in cahoots with the Shentu family in the past naturally stopped talking.

"Yun Feng!" The Yun family was in charge of the Teleportation Arrays in the Inner Region. The members of the Yun family were certainly no strangers to Yun Feng. They saw her at a glance! Seeing her family, Yun Feng chuckled. "How's everything in the Yun family these years?"

"Of course everything is fine! Are you going to the headquarters? Go back quickly! The three elders will definitely be delighted to see you!"

Yun Feng nodded. Seeing Qu Lanyi next to Yun Feng, the members of the Yun family immediately burst into laughter. "The son-in-law is here too!"

Yun Feng was stunned and her cheeks immediately flushed. After hearing that, Qu Lanyi smiled delightedly with indescribable pride in his mind. Yun Feng immediately held Qu Lanyi's hand and walked forward quickly. Qu Lanyi waved at that person with a smile. Young master... This title was truly pleasing to the ears!

The mansion of the headquarters of the Yun family stood there. The air that had fused with the Golden Cauldron Fluid spread out and enveloped the entire mansion of the Yun family. Yun Feng chuckled. It seemed that the Yun family should be very familiar with the second way of producing the Golden Cauldron Fluid from the Golden Cauldron Tree.

After such a long time of accumulation, the overall strength of the Yun family probably increased by more than one level.

Stepping into the door of the Yun family, the familiar feeling that she hadn't felt in a long time came right at her face. There was a smile on Yun Feng's face and Qu Lanyi also had a gratified smile on his face. Yun Feng could be said to have contributed a lot to the Yun family's achievements from the beginning.

"Yun Feng, you're back." As soon as she stepped through the door, the voices of the three elders of the Yun family came from afar. The corners of Yun Feng's mouth curled up. "Yun Feng has just returned home. Please forgive me, elders!"

"Kid, why are you still so reserved?" Three voices came with three powerful auras. Yun Feng's eyes were filled with joy. The strength of the three elders of the Yun family had already reached the God Level and they were much stronger than her!

Qu Lanyi couldn't help but feel surprised in his mind. As expected of a figure among the seniors of the Yun family. With the help of the Golden Cauldron Fluid, their strength improved quickly!

"Let's talk later. Go see your father first," said the First Elder with a smile. Yun Feng was touched in her mind. The Second Elder and the Third Elder both looked at her kindly. Yun Feng nodded, and Qu Lanyi stopped considerately. The three elders of the Yun family looked at Qu Lanyi with a smile. "Kid, thank you for your hard work along the way."

Qu Lanyi smiled casually. "I did this for her willingly. It wasn't hard at all."

The three elders of the Yun family looked at each other with even more obvious admiration in their eyes. They were truly extremely satisfied with the young man in front of them, but it wasn't enough that they were satisfied. Yun Jing had to nod and approve him.

Yun Feng ran all the way to her father's residence. Before she reached the entrance of the yard, she saw a tall figure standing at the entrance of the yard. That face seemed to be getting younger, but the gentle yet strict gaze in his eyes still hadn't changed. He still had that expressionless face of a sullen father as before.

"Feng, you're back." Yun Jing's body was stiff and the muscles all over his body were extremely tight. Looking at his daughter walking over from afar, he was excited in his mind, but his face was expressionless. Yun Feng couldn't help but smile when she saw her father like this. She went forward and held her father's arm. "Father, Feng is back."

Yun Jing's eyes were full of warmth. Yun Feng raised her head and Yun Jing looked away a bit awkwardly. Yun Feng chuckled. "I brought my brother, sister-in-law and the soldiers of the Yun Army with me this time."

## **Chapter 1583: Prepare to Depart (3)**

Yun Jing looked at Yun Feng in shock. Yun Feng blinked. "It's a long story. A large number of people came back with me. I have to discuss their accommodation with the three elders."

"Did something happen on the East Continent?" Yun Jing frowned and looked at Yun Feng solemnly. Yun Feng took a deep breath and told her father everything she saw on the East Continent. Yun Jing frowned more and more tightly after hearing that. In the end, he sighed. "You're right. It wasn't easy for our family to reunite here."

Yun Feng nodded and immediately fetched Yun Sheng and Mu Xiaojin out of the Dragon Palace. Yun Jing was also very excited to see his son and daughter-in-law. The family chatted happily for a while before Yun Feng went to find the three elders of the Yun family. The settlement of the people of Mu City was a huge problem.

Yun Feng asked her brother and Xiaojin to talk to her father. She discussed with the three elders about the settlement of the people of Mu City. After explaining the situation on the East Continent in detail, the three elders of the Yun family immediately said that it wouldn't be a problem to resettle all the people of Mu City. They would find the most suitable area to resettle these people in the territory of the Yun family. Yun Feng was grateful for this.

The three elders of the Yun family certainly paid attention to Yun Feng's training along the way. Yun Feng only said a few words casually, but Yun Feng explained the situation

of the Blood Souls in detail. This time, she was about to go to the Ten Thousand Beast Mountain Range. One of her goals was also about the Blood Souls.

"It's truly surprising that one of their bases is at the bottom of the Endless Ocean," said the Great Elder of the Yun family. The Second and Third Elders also nodded. "There's also a stronghold for them in the Ten Thousand Beast Mountain Range. It seems that the Blood Souls are also related to some clans among the Magic Beasts. Otherwise, it wouldn't be so simple to establish their own base in the territory of the Magic Beasts."

"Third Brother, you're right. The trip to the Ten Thousand Beast Mountain Range is still full of danger. Kid, you must be prepared before going. If you need anything, just tell me!"

Yun Feng nodded. According to the analysis of the three elders, the Blood Souls should indeed be related to some clans of the Magic Beasts. The Ten Thousand Beast Mountain Range was completely in the territory of the Magic Beasts. The Blood Souls must have some means to take root there. The clans of the Magic Beasts related to the Blood Souls weren't simple! They should have enough weight to speak in the Ten Thousand Beast Mountain Range!

"We can't let down our guard about the major changes in the world. As the connection is strengthened, there are already a few forces joining together. These forces are all forces that you had conflicts with."

Yun Feng nodded. The world situation was very simple in a way. As the connection became deeper and deeper, the conflict would erupt completely sooner or later! By then, it was unknown if the Blood Souls would become the mastermind behind all of this.

"The Yun family will strictly control the Central Continent, in case the forces on the Central Continent escape. The Juxing School will also help monitor them."

It couldn't be better if Juxing and the Yun family became an alliance! The Juxing School was in the Central Region. Juxing was also in control of places that the Yun family couldn't see. They could prevent trouble. Yun Feng and Yun Qingchen both cultivated in Juxing. Juxing also had an inextricable connection with the Yun family.

"We'll find a suitable place for everyone in Mu City to settle down in the shortest time possible. The Yun Army will be the guards of the Yun family."

"Alright, we'll do as you say, elders."

The three elders of the Yun family indeed marked out a territory for all the people of Mu City to live in as quickly as possible. When the people of Mu City knew that they were in the Inner Region of the Central Continent, they were certainly very happy. The place where the people of Mu City lived was strictly monitored by the Yun family. Nobody

dared to disturb them, or these excited ordinary people would easily suffer a destructive blow when powerhouses ran wild in the Inner Region.

Yun Sheng and Mu Xiaojin also devoted themselves to settling the people of Mu City. As the leader of Mu City, Mu Xiaojin certainly had to do her best to settle everyone down. Yun Sheng helped too. Yun Feng and Yun Jing also wanted to help, but they were rejected. The father and daughter could only smile and be bystanders.

It took a while for the people of Mu City to settle down. Yun Sheng and Mu Xiaojin were busy during this period of time, and Yun Feng didn't have time to rest. She met the members of the Yun family on the West Continent. Yun Luo Chen's cultivation went very smoothly. With the help of the Golden Cauldron Fluid, his strength and cultivation also improved greatly.

There was also Yun Xiang. Yun Xiang gave birth to a very cute little girl. Before Yun Feng left the Inner Region, Yun Xiang was still pregnant. Now that she was back, the child had already grown into a very beautiful little girl. Yun Xiang was very happy to see Yun Feng return. Even though she was already a mother, her hearty personality hadn't changed.

"Yun Feng, you're back!" Yun Xiang punched Yun Feng and put her hand on Yun Feng's shoulder. Yun Feng chuckled and replied, "I'm back. I didn't expect your child to be so big."

Yun Xiang smiled heartily and shouted loudly, "Silly Bai! Take Lingyu out quickly!"

After a while, Yun Feng saw the helpless Bai Qingfeng walk out with a little girl. The little girl was a bit shy when she saw Yun Feng. She hid behind Bai Qingfeng and only dared to peek at Yun Feng.

"Lingyu isn't like me at all. It's all this idiot's fault!" Yun Xiang complained. Bai Qingfeng nodded. "Yes, yes. It's all my fault. It's all my fault. Lingyu, come here and call her aunt."

The little girl hiding behind Bai Qingfeng looked at Yun Feng. Her round black eyes glittered and she said timidly, "A-Aunt..."

Yun Feng's heart immediately softened. The girl's fair face was very adorable with a timid expression. Before Yun Feng walked over, Qu Lanyi strode over and picked the little girl up steadily with both hands. The little girl immediately looked at her father pitifully with slightly red eyes.

Bai Qingfeng raised the corners of his mouth. "This is... my uncle."

"Uncle... Uncle..." The little girl called out with red eyes. Qu Lanyi put on a charming smile on his handsome face. The little girl immediately stopped crying. "Uncle... You're so handsome, even more handsome than my father."

Bai Qingfeng's temples throbbed fiercely. What a little thing who abandoned her father the moment she saw someone prettier! Qu Lanyi burst into laughter and raised the little girl in his arms high. He couldn't help but fantasize about what his child would look like in his mind. With his and Fengfeng's excellent genes, they should be peerless beauties.

## Chapter 1584: Prepare to Depart (4)

Yun Xiang pulled Yun Feng aside with a smile and poked Yun Feng's waist with her arm. "Hey, are you still not going to give him a proper title?"

Yun Feng blushed. "It's not that simple."

Yun Xiang chuckled. "It's not that difficult. Isn't he from the Naxi family? Just let him take you home! If the Naxi family agrees, we'll prepare for the wedding immediately!"

Yun Feng's face couldn't help but darken after hearing that. Yun Xiang couldn't help but feel surprised. "What's wrong? Don't you have confidence in yourself?"

Yun Feng raised the corners of her mouth. The Naxi family was a strong family among the four ancient families. How would it be so easy to get the approval of such a family? Besides, it wasn't the right time yet. She had to be prepared to ask for the approval.

"Let's wait a while longer." Yun Feng sighed softly. Yun Xiang also sighed and patted Yun Feng's shoulder with her hand. "I've also heard from the three elders that his background is indeed not simple. It's not easy to get the recognition of such a large family, but I believe you'll be fine. Can't you see that his eyes are full of endless envy?"

Yun Feng looked at Qu Lanyi's back. She knew the gentle expression of him holding Yun Xiang's child, and the desire deep in his black eyes.

"Where are you going next?" asked Yun Xiang. Yun Feng replied, "We'll rest here for a while. We're going to the Ten Thousand Beast Mountain Range next."

"The Ten Thousand Beast Mountain Range... The places you're going to are all unbelievable..." Yun Xiang shrugged. "Be prepared. Even though I don't know why you're going there, you must be careful. You don't seem to be breathing steadily. Have you not recovered from your injuries?" Yun Xiang couldn't help but worry. Yun Feng smiled. "It's fine. I was indeed injured once just then. I can adjust here. I'll be fine."

"You just don't want anyone to worry about you, do you?" Yun Xiang chuckled. Yun Feng smiled back. Yun Xiang patted Yun Feng's shoulder. "Got it. Just take care of yourself. Lingyu!" Yun Xiang shouted. The little girl in Qu Lanyi's arms immediately got rid of the temptation of handsome guy and struggled to jump down. Qu Lanyi could only let go and watch the little girl run over happily.

Yun Feng looked up and met Qu Lanyi's eyes. Her heart moved slightly. Perhaps after rescuing her master... it was time to visit the Naxi family.

There were differences in the recovery of Mu Canghai and Ze Ran's injuries. Mu Canghai was recovering well, but Ze Ran was much slower. Yun Feng was very relieved that the two of them had the Yun family to take care of them. Yun Feng planned to stay in the headquarters of the Yun family for a while. Her injuries hadn't healed yet and a breakthrough in her strength was imminent. The Ten Thousand Beast Mountain Range was a dangerous place. Grade 5 of the God Level wasn't enough for Yun Feng!

Cultivation began at this moment. Yun Feng slowly closed her black eyes and entered cultivation mode, waiting for the moment when her strength recovered and she made a breakthrough. In this way, she could activate the Teleportation Array of the Dragon Palace and go straight to the Foggy Forest, going deep into the Ten Thousand Beast Mountain Range from then on!

Yun Feng entered a long cultivation mode. The battle with Lord Tu last time made her spiritual space unstable for a long time and there were huge fluctuations. Even though Qu Lanyi took care of her carefully for a few months, it was still difficult for her to recover completely. Yun Feng also felt that her current strength was insufficient. Facing the Blood Souls, her strength needed to improve further!

After arranging everything, Yun Feng began to cultivate in seclusion. The other families in the core area all wanted to meet Yun Feng after learning that she was back, but they were all stopped by the three elders of the Yun family. Qu Lanyi's identity was even more special. In order to prevent him from being harassed by others, the entire Yun family hid the news that he came back with Yun Feng. Yun Feng cultivated in seclusion, while Qu Lanyi stayed by her side quietly and felt the changes in Yun Feng's aura carefully, in case anything happened.

Yun Sheng and Mu Xiaojin were busy settling down the residents of Mu City. Many people of the Yun family also went to help. Yun Jing thought for a while and directly went to Qu Lanyi. As a father, he should express his attitude on some things. It wasn't that he didn't know what his daughter was thinking. It just so happened that Feng was cultivating in seclusion. He could have a good talk with that kid.

"Uncle, you're here." As soon as Yun Jing stepped into Yun Feng's yard, Qu Lanyi greeted him with a smile on his handsome face. He was already half a head taller than Yun Jing. Yun Jing nodded solemnly and glanced at Yun Feng's room. "Fengfeng is doing well. She still needs time. With me protecting her, she'll be fine."

Yun Jing nodded and sat down without saying a word. Qu Lanyi also sat down. Yun Jing raised his head and glanced at Qu Lanyi. "You and Feng..."

Qu Lanyi smiled casually. "Uncle, just tell me what you want to say."

Yun Jing sighed. "I've seen everything you've done for Feng. I know how you feel about Feng, but I have to consider your identity as a member of the Naxi family."

Qu Lanyi was silent. Yun Jing continued solemnly, "Although the Yun family has regained its glory and is still known as one of the four ancient families, it can't be compared to the Naxi family. It's still unknown if your parents can accept Feng. As a father, I don't want my daughter to encounter any difficulties on the road of love."

"Uncle, don't worry about that. I'll definitely protect her no matter what!"

"What if your family objects? What if the Naxi family refuses to accept Feng? What will you do?" Some kind of sharp light reflected in Yun Jing's eyes. It was truly the deepest concern in the heart of a father.

"No," said Qu Lanyi. "The woman I like is unique in this world. Nobody in the Naxi family can compare to Fengfeng. They don't have the right to say no."

"What about your parents?" Yun Jing raised his brows. "Your identity isn't simple in the Naxi family. What if your parents object?"

Qu Lanyi chuckled. "Uncle, don't you know how charming Fengfeng is? She certainly has a way to convince others."

Yun Jing was stunned for a moment. Then, he also smiled. He knew how much attention his daughter attracted. Whether it was Ao Jin, Ze Ran or all kinds of people Feng met later, any of them was much simpler than the one in front of him. However, his daughter fell in love with this guy. What could he do as a father?

## **Chapter 1585: Grade 7 God Level (1)**

"I'm giving my daughter to you. I don't intend to let her suffer at all," said Yun Jing solemnly. Qu Lanyi also became serious. "Uncle, I'll say the same thing. I'll definitely protect her no matter what!"

Yun Jing stood up and hesitated for a moment. He patted Qu Lanyi's shoulder with his hand and left with a faint smile. Qu Lanyi slowly heaved a sigh of relief. He knew how difficult it was for a father to entrust his daughter to another man. Thinking of his father and his family, Qu Lanyi sneered. If anyone dared to say no, he wouldn't hold back even if it was his father!

Everything in the outside world was going on in an orderly manner, while Yun Feng was completely immersed in her cultivation. On the tenth level of the Dragon Palace, the five-color wheel slowly spun around Yun Feng. Coupled with the already dense

elemental density on the tenth level and the help of the Golden Cauldron Fluid, it made Yun Feng much smoother.

Right now, Yun Feng's strength was at Grade 5 of the God Level. It would take some time for her to heal her original injuries. Next was the breakthrough of her strength level. Grade 6 and Grade 7 of the God Level! Breaking through two levels in a short period of time was a test for Yun Feng. It could almost be said to be an impossible mission for others!

"Little Yun Feng, you must do your best." A plump woman somewhere in the Dragon Palace said with a smile. Green vines and plants crawled around her. Looking from afar, she was full of vitality. The other four contracted Magic Beasts were all working hard with Yun Feng in their Rings of Contract. Sister Hua should be the most carefree one. Her fair fingers slowly brushed her delicate skin. Sister Hua lay on a thick rattan lazily. "Little Yun Feng, I'm waiting to be contracted by you. You must be faster..."

The voice slowly floated in the Dragon Palace. Yao Guang, who was somewhere in the Dragon Palace, slowly opened his eyes with a hint of disgust in his gray eyes. "The Magic Beasts Yun Feng encounters are truly strange. How can she encounter this one?"

The huge body slowly crawled in the dark and an old voice sounded. "This can only mean that she's truly lucky. However, this one... is indeed a bit troublesome. I didn't expect such a fierce species to be so close to Yun Feng."

Yao Guang snorted in disdain. "They're all so-called freaks."

"Yao Guang, why are you so mean? It's beneath your dignity. Right, didn't you say you were leaving? Your injuries are almost healed. How long are you going to stay?" There was a hint of a smile in the old man's voice.

"Old man, you don't have to care about me! When it's time for me to leave, I'll certainly leave!" Yao Guang closed his eyes angrily and ignored him. The huge body in the dark slowly moved a few times, as if it had gone somewhere else. Sister Hua, who was lying somewhere in the Dragon Palace, blinked her green eyes slightly and gently touched the huge vine with her hand. An unusually bright flower immediately bloomed and danced gently against Sister Hua's finger.

"Little Yun Feng has hidden a lot of good stuff in this place. They all look very impressive. Even though I really want to find out, I'd better stay here obediently so as not to cause trouble for Little Yun Feng." The flower swayed gently a few times. Sister Hua chuckled. "However... it's really boring... If I continue to be bored, there'll be huge trouble, don't you think?"

The flower trembled slightly. Sister Hua changed her posture lazily. "Maybe when Little Yun Feng comes out of seclusion, she'll see all of me. By then, she might regret not

contracting me sooner. Hehehehehehe..." A weird laugh came out of Sister Hua's mouth. The huge vines slowly wrapped around her body, just like the scene Yun Feng saw at the beginning.

"I'd better take a nap first." Her green eyes slowly closed and her green hair that was like seaweed pressed against her body. The vines wrapped around Sister Hua's body completely and she fell asleep peacefully like the heart of a giant tree.

Time kept moving forward. The five-color disc slowly spun around Yun Feng's body. As the color darkened and changed, it meant how strong Yun Feng was. Every grade of the God Level required incomparable patience and strength. Fortunately, Yun Feng had consolidated herself well, which laid a solid foundation for her to level up in the future. Every tiny breakthrough of the God Level meant a huge change. Not only would there be new changes in her body, but her entire physique would also change.

At this moment, Yun Feng's spiritual space had already stabilized safely. Her mental strength spun and gathered, forming a huge vortex in her spiritual space, spinning slowly with the five-color disc outside Yun Feng's body. As the spinning time increased, the nature of her mental strength also changed slightly. Every spin made her mental strength more viscous and the mental energy contained in it doubled!

The increase in mental energy meant that the spiritual space would also expand constantly! If the spiritual space couldn't accommodate all the mental energy, the cultivator would explode and die sooner or later! For mages and summoners, the spiritual space had already been a fixed model since they were born. No matter what method they used, the capacity of the spiritual space wouldn't change! However, the higher they climbed on the road of strength, the more power they had to accommodate! The spiritual space couldn't be changed, so they could only work on the concentration of mental energy!

Most mages and summoners didn't have a large spiritual space. When they reached the final stage at the peak of their strength, everyone would use the method of compressing their mental strength without exception! Especially when they reached the God Level, compressing their mental strength was extremely dangerous! If they weren't careful, their mental strength would go out of control and backfire, directly blowing up their spiritual space and destroying their souls!

Even though the higher the concentration of mental strength, the greater it would be, compressing mental strength required clever means and suppressive power guidance! Most importantly, and most ridiculously, the advantage of physical fitness was completely revealed at this moment!

The weak body was a fatal vulnerability that couldn't be avoided! So, mages and summoners who were breaking through to the God Level would choose to take potions that increased their physique for a short period of time when they were breaking through. However, potions were still potions after all and couldn't reduce any danger!

Such fatal danger factors in the eyes of others had already been completely dealt with by Yun Feng!

## Chapter 1586: Grade 7 God Level (2)

The new soul that was injected brought a vast and endless capacity of the spiritual space, which made Yun Feng a huge step ahead of others at the starting point! Then, the two modifications of her body made her completely eliminate her physical weakness. It could be said that as long as Yun Feng wanted to, she would never have any limit! This was a realm that many powerhouses dreamed of!

The huge vortex in her spiritual space kept spinning. Every time it spun, it stirred all her mental strength! The color of the five-color wheel gradually darkened, indicating that Yun Feng had already reached the watershed of Grade 5 of the God Level!

The breakthrough was at this moment!

Qu Lanyi, who had been guarding Yun Feng outside, suddenly opened his black eyes and felt the change in Yun Feng's aura. He slowly raised his thin lips. His wife didn't let him down. She had already touched the steps of the sixth grade in such a short time!

"As expected of Fengfeng..." Qu Lanyi chuckled with incomparable pride in his eyes. Even among the elites of the Naxi family, very few people could surpass her! Thinking of Yu Lian, who kept pestering him like a tail, Qu Lanyi sneered. When Fengfeng came to the Naxi family, he would make that woman too ashamed to pester him again!

"Swish..." The aura quickly gathered towards a point. The room where Yun Feng was located was like an incomparable black hole. The aura that spread out was all swallowed. Qu Lanyi chuckled as faint light flashed in his hand and it was also sucked over by the suction force!

Fengfeng, let me help you again!

"Boom—" After the aura was sucked in, it exploded in a few seconds! A wave of power spread out quickly and filled the entire space! Everyone in the Yun family was shocked!

"That's awesome... She advanced again in such a short time?" Yun Xiang was dumbfounded. Bai Qingfeng held his daughter and raised the corners of his mouth. "Yun Feng is definitely a freak."

The three elders of the Yun family were also quite shocked when they felt Yun Feng's energy fluctuation. The Third Elder burst into laughter. "This girl is truly surprising!" The Great Elder and the Second Elder of the Yun family also chuckled. Yun Feng was probably the only one who could advance so quickly.

However, everything didn't stop!

Yun Feng stepped forward steadily on the Grade-6 God Level, but she didn't stop charging! Her aura changed again and she rushed towards a higher target!

Qu Lanyi was stunned. Then, he smiled. It seemed that Grade 6 of the God Level wasn't Fengfeng's goal. Grade 7 of the God Level... She was truly determined!

"It seems that she doesn't intend to stop at all..." Bai Qingfeng felt the change in Yun Feng's aura and became much more serious. Yun Xiang chuckled on the side and held her daughter in her arms. "Lingyu, your aunt is indeed a freak."

Little Lingyu tilted her head and looked at her mother. "Freak... What does it mean?"

The corners of Bai Qingfeng's mouth twitched as he explained, "Freak... is someone as strong as your aunt Yun Feng. I don't think anyone is stronger than her..."

Yun Xiang smiled happily and her black eyes couldn't help but show a hint of envy. Even Grade 6 of the God Level can't satisfy you. Yun Feng, it seems that you'll stay far ahead of me.

The fluctuation of Yun Feng's aura shocked everyone in the Yun family. She didn't stop after breaking through Grade 6 of the God Level. Yun Feng was moving towards Grade 7 of the God Level. Everyone in the Yun family couldn't help but pay attention. Once she reached Grade 7 of the God Level, Yun Feng would be the first person of her age to achieve that in the Inner Region! Perhaps, she would be the only one!

In the blink of an eye, a year had passed. Ze Ran and Mu Canghai recovered very quickly under the meticulous care of the Yun family. Mu Canghai was already fine. After his body recovered, he directly came to Yun Feng's room. Qu Lanyi glanced at him and didn't say anything. The two of them guarded Yun Feng together. Ze Ran's injuries had mostly recovered in the year. The aura of the Magic Beasts in his body and the aura of humans merged. Even treatment would take some effort. Luckily, Ze Ran's physique was very strong and he was already fine. He was just a bit weak.

The three men all gathered in the yard where Yun Feng was. Qu Lanyi raised his brows. "Have you recovered?"

Ze Ran smiled weakly, and his face was still a bit pale. "I'm fine. How's Yun Feng? I heard from the Yun family that she's been cultivating in seclusion for more than a year."

Qu Lanyi looked around. "Fengfeng's cultivation is going well. She's currently advancing to Grade 7 of the God Level."

"Grade 7 of the God Level?" Ze Ran widened his black eyes. He really couldn't imagine that Yun Feng had reached Grade 7 of the God Level! Qu Lanyi looked at Ze Ran

deeply. "When you were injured, I had a thorough check. What's with the aura of the Magic Beast inside your body?"

What he said made Ze Ran's already pale face even paler. Yun Feng didn't tell Qu Lanyi about Ze Ran. She only said a few words. Mu Canghai pursed his lips and didn't say anything. He couldn't say anything even if he knew it.

Ze Ran smiled wryly. "It's a long story..."

Qu Lanyi raised his brows and didn't ask anymore. "After coming out of seclusion this time, Fengfeng will go straight to the Ten Thousand Beast Mountain Range. By then... your matter will be resolved there, right?"

Ze Ran was stunned for a moment. He nodded numbly and his handsome face was covered with a layer of dark clouds. Qu Lanyi frowned. "What's with your expression?"

Ze Ran was a bit surprised that Qu Lanyi paid attention to him. Qu Lanyi snorted coldly. "Fengfeng won't be at ease until your matter is resolved. You're a friend she values in her heart."

Ze Ran chuckled. "I'll take care of my own business. Don't worry about that."

Qu Lanyi raised the corners of his mouth. "It's up to you. However... the aura of the Magic Beast in your body is mixed with that of a human being. It might be a hidden danger in the future."

Ze Ran's expression changed and he finally laughed. "It doesn't matter. It doesn't matter what I become."

Mu Canghai's face darkened on the side and he sympathized with Ze Ran's situation. Although Qu Lanyi was puzzled, he didn't bother to ask. The three men stood in front of Yun Feng's door quietly with their own thoughts.

In the blink of an eye, another half a year had passed. Yun Feng hadn't shown up since she came back to the Inner Region, which made the other families more and more curious. After a while, a family finally came to find her. It was the second-rate family, the Ji family. In the advancement of forces back then, the Ji family kept the position of the second-rate family because of the help of the Yun family. However, so much time had passed and the gratitude of the Ji family back then slowly faded. The Yun family was domineering in the Inner Region, so the Ji family certainly couldn't surpass them. The Ji family was different from the other families. They had always been on the second tier and were a bit unwilling, but they didn't dare to provoke the authority of the Yun family. A long time after the advancement of forces, they finally couldn't hold back anymore.

## Chapter 1587: Grade 7 God Level (3)

There was something that made the Ji family proud over the years. One of the summoners of the Ji family had improved by leaps and bounds and got a gratifying result. In terms of summoners, the Yun family was certainly the best. After all, they had the bloodline of summoners. However, this rising star of the Ji family was obviously a bit unconvinced. When he heard that Yun Feng, whom the Yun family was proud of, was back, he immediately couldn't help but come to find her.

This rising star was quite courageous. He came with a few servants and explained his purpose of coming. The three elders all smiled lightly. Such an impulsive young man was simply a child in their eyes. Besides, Yun Feng was still breaking through right now. How could she come out to see him?

Young people were young people after all. This guy was impulsive and couldn't be refused. After the three elders rejected them tactfully, the young man immediately said coldly, "That's right. She doesn't deserve her fame."

"Who are you talking about?" Yun Ling and Yun Xiaoxiao rushed out. When they heard that the kid of the Ji family was here, they immediately rushed out. The three of them had fought a lot and it could be said that they had a deep grudge against each other.

"Humph! Two losers are here to join in the fun?" The kid of the Ji family raised the corners of his mouth. Yun Ling and Yun Xiaoxiao's faces darkened. Their strength had improved very quickly in the past few years and they had already reached the Emperor Level. Even though this kid of the Ji family was also an Emperor Level expert, he was a bit higher than them!

"You're not qualified to fight Yun Feng!" Yun Ling said coldly. The kid of the Ji family burst into laughter. "Loser, do you think you haven't lost enough?"

The three elders of the Yun family all smiled helplessly. It would be beneath their dignity to argue with a child, but the Ji family had indeed been a bit arrogant in recent years. It had a lot to do with this rising star. It would be good if they had a chance to suppress him.

"So what if I lose? I don't believe I can't beat you one day!"

Ji Haiwei raised his brows. "I'm not interested in fighting with you. Two losers! They all say how powerful Yun Feng is. I want to see it! However... there's always a huge difference between a real person and the rumor. I'm extremely disappointed."

In the backyard of the Yun family, the sound of the kid of the Ji family provoking them came. Qu Lanyi only sneered after hearing that. He was just an Emperor Level kid. Qu

Lanyi thought for a moment. The bloodline of the Yun family was so suppressed that such a method wasn't done by ordinary people. His black eyes glittered and Qu Lanyi's face darkened. Was it done by a family?

"Do you want us to take a look?" Ze Ran was a bit worried. Qu Lanyi raised the corners of his mouth. "That kid provoked Fengfeng. Why are you in such a hurry? If he wants to see Fengfeng, just let him wait."

Ze Ran and Mu Canghai's eyes widened after hearing that. So... It was time for Yun Feng's breakthrough?

Qu Lanyi raised his thin lips. Instantly, a powerful aura spread out of Yun Feng's room, like a surging tide!

The black eyes of the three elders of the Yun family glittered. She broke through! That girl broke through again half a year later!

What kind of aura was that? Ji Haiwei immediately felt that it was a bit difficult to breathe. His body was like lead and it was difficult for him to move even a step. After a while, this feeling finally retreated. Ji Haiwei stood there with a pounding heart and looked a bit awful.

"Aren't you going to fight Yun Feng?" Yun Ling looked at Ji Haiwei with a mischievous smile. "Then just wait."

"Congratulations. Your strength has increased again." Qu Lanyi looked at the woman who pushed the door open and walked out with a faint smile. Her clear black eyes were much calmer and her temperament had settled again. Yun Feng gave people the feeling that she was like calm water right now and couldn't have any ripples easily. Once she moved, it would definitely be a stormy sea!

"Grade 7 of the God Level. Congratulations," said Ze Ran and Mu Canghai. Both of them were a bit shocked in their minds. Yun Feng chuckled. "How are your injuries recovering?"

"I'm fine," replied the two men in unison. Qu Lanyi walked over. "There's someone who can't wait to see you right now. You should meet him."

"Oh?" Yun Feng raised her brows and then smiled. "If that's the case, let's meet them."

A few voices flew from the backyard to the main hall. The three elders of the Yun family looked at Yun Feng with relief in their eyes. Yun Feng walked over and saw Ji Haiwei, who was standing there with a pounding heart. With just one look, Ji Haiwei felt that he was transparent in front of this woman. He was completely seen through!

"Elders, Yun Feng came out of seclusion successfully."

"Hehehe, alright!" There was a smile in the eyes of the three elders of the Yun family. Yun Feng looked around. "You're the one who wants to see me?"

Ji Haiwei's body suddenly trembled and he only felt uncomfortable breathing. His face was flushed. Yun Ling said on the side, "This is Ji Haiwei, the summoner of the Ji family. He said Yun Feng doesn't deserve her reputation and he's just here to challenge her."

Yun Feng raised her brows. This kid in front of her was only at the Emperor Level. He was too arrogant to challenge her.

"I... I... I..." Ji Haiwei couldn't say anything. He tried his best not to step back. This was Yun Feng of the Yun family... This was the legendary five-element summoner! This wasn't someone he could challenge. He... didn't dare to look at her directly at all!

"Haiwei!" A furious roar sounded as a figure flashed in with the wind, covering Ji Haiwei behind him. Yun Feng raised her brows. "Master Ji, it's been a long time."

The master of the Ji family smiled dryly. Behind him, Ji Haiwei's body seemed to be exhausted. "Master... Master..."

"Yun Feng, he's just an ignorant kid. Please don't feel offended." The master of the Ji family was drenched in cold sweat in his mind. This kid was too bold. He came to the Yun family alone! If the master of the Ji family hadn't come immediately, he wouldn't have lost his life even if he had a few lives!

"It's fine for a kid to be insensible, but adults who are insensible have to be taught a lesson," said Qu Lanyi lazily. The Ji family's master's pupils shrank. "It turns out... you're here too."

"Yes. What a coincidence, isn't it?" Qu Lanyi chuckled, but the master of the Ji family felt his heart shrink. "There's something else in the family... I hope the Yun family doesn't mind what happened today. Such a thing will definitely not happen in the future!"

The three elders of the Yun family chuckled. The master of the Ji family immediately left in a hurry with the pale Ji Haiwei. Looking at their panicked backs, Qu Lanyi sneered. Peace and the passage of time indeed made some people forget important things.

## **Chapter 1588: Grade 7 God Level (4)**

Yun Feng's black eyes darkened. The Ji family should give up some of the thoughts in their minds. They were so stupid only because the summoner bloodline of the Yun family was suppressed. Once this suppression was removed, the Yun family would obtain an incomparable absolute power!

The help of the Golden Cauldron Fluid was an external force after all. The powerful foundation of the Yun family was its summoner bloodline. Once it was awakened, nobody could compare to it!

After successfully breaking through to Grade 7 of the God Level, Yun Feng could also activate the Teleportation Array on the fourth level of the Dragon Palace successfully and go straight to the Foggy Forest. She would rest in the headquarters of the Yun family for a day and set off the next day. Ze Ran's expression was a bit complicated. Yun Feng sighed softly. He had to face some things after all.

That night, the starry sky was bright. Yun Feng sat on the roof and looked at the starry sky from afar, thinking about the summoner bloodline in her mind. A gust of wind blew and a warm embrace approached her from behind, wrapping her completely in his arms. The man's whisper landed in her ears. "I'm so cold. My wife, your body is really warm."

The man held the woman in his arms tightly and completely pulled her into his arms. He put his chin on Yun Feng's shoulder and their cheeks touched. Yun Feng chuckled and leaned against Qu Lanyi's arms gently, letting the man hug her completely.

"Are you still cold?" Yun Feng asked softly. Qu Lanyi chuckled and held the woman in his arms even tighter. "I'm still a bit cold. It's warmer under the blanket. Fengfeng, why don't we..."

Yun Feng blushed and pinched the man's arm. She knew that he was teasing her on purpose. She couldn't help but think of how he clung to her back in the Masang School of Magic. The man's pleasant laughter came and he rubbed his cheek against Yun Feng. "What were you thinking about just then?"

Yun Feng looked up at the night sky. "I was thinking about... the summoner bloodline of the Yun family."

Qu Lanyi's eyes darkened. "The suppression power in the bloodline of the Yun family isn't something ordinary people can do. Even the Blood Souls... are unlikely."

"I know," said Yun Feng. "When the Shentu family attacked last time, I fought with someone from the power behind the Shentu family."

"Did he hurt you?" Qu Lanyi's tone became colder and colder. Yun Feng chuckled. "No, it was just a battle. That person wasn't determined to win."

Qu Lanyi didn't say anything. His handsome face darkened slightly. Yun Feng looked back gently. "Lanyi, I'm thinking..."

Qu Lanyi said, while Yun Feng hesitated, "Did the four families do it?"

Yun Feng nodded. Qu Lanyi sighed softly. "To be honest, I had the same thought. The four families all have their own uniqueness. The summoner bloodline of the Yun family is the leader of the four families. When I was young, I heard my father mention the ancient Yun family. A long time ago, the Yun family ranked first among the four families."

"Maybe it's precisely because of this that they became everyone's target." Yun Feng's words were cold. Qu Lanyi held her tighter. "Prosperity and decline are inevitable. Even the Naxi family, which has long been in seclusion, can't escape this cycle."

"Can you tell me about the four families?" Yun Feng leaned in Qu Lanyi's arms. There was obviously a gap in the history of the Yun family. The three elders right now might not know much about the four families. The ancestors of the Yun family, who had been all-powerful for a long time, had all disappeared in the river of history.

"I heard everything I know from my father. It's said that the four ancient families were founded by four peerless powerhouses, Naxi, Yun, Buyuan and Xuan."

This was the first time Yun Feng knew the surnames of the four families so directly. It must've been Buyuan or Xuan who did something to the Yun family.

"The four ancient families can be said to be the deciding force of the human world. They can almost compete with the top factions among the Magic Beasts. As time passed and the situation of the world changed again and again, the ancient families gradually retreated. The Naxi family already avoided everything and chose to hide. The development of the other three families was different."

"The Yun family declined, and the Buyuan family and the Xuan family became unknown. The Naxi family hasn't been in contact with the outside world since they went into seclusion. The situation of these two families is unknown."

Yun Feng was silent after hearing that. Then, she said, "The Yun family has the bloodline of a summoner... Then what bloodline do the other three families have?"

Qu Lanyi was stunned. Yun Feng looked back. "I'm just asking. You don't have to answer me."

Looking at those clear black eyes, Qu Lanyi curled his lips and kissed Yun Feng's smooth forehead gently. He pressed his cheek against Yun Feng's warm cheek and the corners of his mouth curled up slightly. "I don't know. The old man never mentioned such things to me. Even if I wanted to find out, I would be stopped in the end."

Yun Feng was stunned. Lanyi didn't know the characteristics of the bloodline of his family? It seemed that only a few people knew the bloodline secrets of the four families. This was a secret that couldn't be known by outsiders. However, the Yun family was an

exception. Because the light of the summoner's bloodline was too great and the impact was widespread, the Yun family suffered all kinds of hardships.

"There are a lot of things that the old man didn't tell me about the Naxi family. It might have something to do with my coldness in the past. I've never paid attention to the matters of the Naxi family and I don't like the old man's lifestyle. He prioritizes the family. I don't think I have this sense of responsibility."

Yun Feng listened quietly. This was the first time she heard Qu Lanyi talk about her matters. He usually stayed with her quietly. She seemed to have barely listened to him. Yun Feng leaned her body against the wide chest behind her and listened to Qu Lanyi's steady and quiet heartbeat.

"As the Young Master of the Naxi family, my clansmen didn't mock and ridicule me. They even respected me. It's probably related to my special ability of having light and darkness in the same body. Among the Naxi family, I'm the only one who has this ability. Do I look like a freak?"

Yun Feng shook her head and held the back of Qu Lanyi's hand. "No, you're unique."

A deep laugh came. There was only a smile in Qu Lanyi's eyes. "So, Fengfeng is the only one who can say that. I knew you were different from others. Do you remember Yu Lian, who came to annoy you?"

Yun Feng chuckled. "She went back to the Naxi family?"

Disgust flashed through Qu Lanyi's eyes. "Of course, or I wouldn't have had a reason to run out. That annoying thing! When she came to the clan, she looked at me like she worshipped a god, which made me uncomfortable. I hated her when I saw her."

## **Chapter 1589: You Only Need Me in Your Eyes (1)**

Yun Feng chuckled. His physique of light and darkness was extraordinary. He would be treated differently even in any family! Besides, he was the Young Master of the Naxi family, which was even more unusual.

"If one of the four families really attacked the Yun family, I'll definitely not stand by and do nothing!"

Yun Feng chuckled. "The Naxi family has always been uninvolved. Don't let the Yun family's matter drag you down."

Qu Lanyi tightened his arms. "No, I won't listen to anything the old man says. I'm with you, Fengfeng. I'm telling the truth. I'll be with you no matter what." Qu Lanyi's hot

breath sprayed next to Yun Feng's ear. It was so hot that it was a bit itchy. Yun Feng's earlobes slowly turned red. His warm thin lips slowly moved up from behind her ear. He moved Yun Feng's cheek gently with his big hand and found the place where the thin lips liked the most.

Their breathing couldn't be separated anymore. Their paths were clearly in front of them, but there was still fog ahead that they couldn't see through. They clenched their fists tightly and the temperature of their hands reached the bottom of their hearts. In such a vast world, as long as they had each other, it was enough.

The next day, Yun Feng set off for the Ten Thousand Beast Mountain Range. Mu Canghai and Ze Ran went together. Meatball, which had never come out, finally had a chance to come out. As soon as it came out, it sat on Yun Feng's shoulder and stared at Qu Lanyi with its big eyes. The fluffy tail swayed a bit anxiously. Qu Lanyi felt Meatball's hostility and only smiled lightly. He looked back provocatively with his black eyes. Meatball stood up and showed its teeth at Qu Lanyi.

"You just met..." Yun Feng was helpless. She touched Meatball's body with her hand and Meatball finally calmed down. It sat down obediently and was very vigilant against Qu Lanyi's approach. Qu Lanyi glanced at it coldly and didn't say anything. He just walked to Yun Feng's other side and distanced himself from her.

Ze Ran was very surprised to see the interaction between Meatball and Qu Lanyi, but Mu Canghai was used to it. Yun Feng chose to leave alone. After all, she was using the Teleportation Array of the Dragon Palace and didn't need anyone to send her off. On a morning when few people had woken up, a few handsome figures stood in front of the courtyard where Yun Feng was. Yun Feng chuckled and looked at Ze Ran. "Are you ready?"

The corners of Ze Ran's mouth curled up slightly. Yun Feng smiled lightly and slowly clenched her fists. "If you're ready, we're going."

A beam of light pulled everyone into the Dragon Palace. The world of Magic Beasts in the Foggy Forest, the Ten Thousand Beast Mountain Range, was slowly unfolding in front of their eyes!

The Ten Thousand Beast Mountain Range seemed to be a long mountain range that divided the entire continent into three parts, but it was extremely vast inside. After all, it was where the Magic Beasts lived. With more than a hundred types of Magic Beasts gathered here, the vast area was crucially important. Even though the Ten Thousand Beast Mountain Range was bordered by the East Continent and the West Continent, and there was also a lot of land, the Foggy Forest was the closest to the human world. The Foggy Forest could only be considered a small tail in the entire Ten Thousand Beast Mountain Range. It was better to enter the Foggy Forest, which was in the southernmost area, than directly breaking into the Ten Thousand Beast Mountain Range from other places.

Yun Feng wasn't unfamiliar with the Foggy Forest. She had come here several times and the old man in the depths of the Foggy Forest also caught Yun Feng's attention. She didn't know if she would meet him again this time. This time, she went deep into the Foggy Forest to enter the Ten Thousand Beast Mountain Range, so she certainly took a different route. Yun Feng was originally worried that she would go in the wrong direction, but after entering the Foggy Forest, Ze Ran walked in front. "Let me lead the way."

Yun Feng understood. When Ze Ran went deep into the Ten Thousand Beast Mountain Range back then, he certainly went through the Foggy Forest. It was certainly good for him to lead the way. Yun Feng secretly glanced at Ze Ran's expression and found that there was nothing unusual. Even though he looked normal on the surface, she could still feel Ze Ran's nervousness. If possible, he hoped to return here alone without Yun Feng.

Under Ze Ran's lead, the group kept passing through and going deeper into the Foggy Forest. The Magic Beasts they encountered along the way made way for them consciously. Even some of the Magic Beasts that tried to stop Yun Feng from going deeper last time disappeared at this moment. Yun Feng's strength could be said to have changed drastically this time. No one in the Foggy Forest dared to stop her easily.

"Going forward from here is the Ten Thousand Beast Mountain Range," said Ze Ran casually in the front. Yun Feng nodded. Very few people spoke along the way, and the atmosphere was a bit gloomy. Meatball on her shoulder yawned lazily and swung its tail a few times in boredom. It glanced at Qu Lanyi with its big eyes and leaned its chubby body next to Yun Feng's cheek lazily.

"After we enter the Ten Thousand Beast Mountain Range, I'll go deal with my personal matters." Ze Ran said as his face unconsciously darkened. Yun Feng moved her lips and didn't know what to say. She didn't want Ze Ran to deal with it alone. After all, this was the Ten Thousand Beast Mountain Range. Magic Beasts were everywhere. He might get into trouble if he wasn't careful.

"Let you deal with it alone? If you get into trouble, do you want us to deal with the consequences for you?" said Qu Lanyi. Ze Ran's face darkened again. "I won't cause trouble for Yun Feng!"

"I know you don't want to. But this isn't your territory. Rather than having such a hidden danger, it's better to stay with you." After Qu Lanyi said that, Ze Ran was stunned. Mu Canghai looked at Ze Ran sympathetically. If Yun Feng followed him all the way, he would definitely be quite embarrassed, even though Ze Ran didn't know that Yun Feng had already known what he had been hiding.

"No!" Ze Ran rejected her decisively and glanced at Yun Feng in fear. He was shocked and ashamed in his mind. Yun Feng couldn't know about such a thing!

Qu Lanyi's face turned cold. "I'm not interested in you at all, but Fengfeng will be distracted by you along the way. It'll affect her business."

Ze Ran was startled. Yun Feng smiled lightly. "Ze Ran, it's indeed dangerous for you to walk in this area alone. I'll be worried too."

Mu Canghai could only sigh softly when he saw this. He patted Ze Ran's shoulder. "It doesn't matter if we go together. It's better than letting Yun Feng worry about you along the way."

"Yun Feng, I..." Ze Ran wanted to say something, but Yun Feng shook her head. "I won't interfere with your personal business. Don't worry."

"That's not what I meant. I..." Ze Ran wanted to explain, but didn't know where to start. Qu Lanyi interrupted in frustration, "It's decided. The Ten Thousand Beast Mountain Range is the territory of Magic Beasts. We must make preparations, or every step will be difficult. Magic Beasts don't welcome humans to invade their territory."

## **Chapter 1590: You Only Need Me in Your Eyes (2)**

Ze Ran's lips moved slightly, but he didn't say anything in the end. Mu Canghai said, "I don't have any aura at all. Magic Beasts shouldn't mind me."

"Ze Ran and I both have the aura of Magic Beasts in our bodies. What about you, Lanyi? Do you want to be put in the Dragon Palace?" Yun Feng was a bit worried. Qu Lanyi chuckled with a smile on his face. "Don't worry about me. I can be like Mu Canghai with the dark elements."

Yun Feng nodded. One of the most important characteristics of the dark elements was devouring. It wasn't surprising that Qu Lanyi's mastery of the dark elements could let him swallow his aura. Yun Feng and Ze Ran both mobilized the aura of their Magic Beasts. Even though Yun Feng's aura was that of the Sea Clan, she was still a Magic Beast after all. Qu Lanyi slowly closed his eyes on the side. Dark elements that were as black as ink surged out of his body like fire. In an instant, his human aura was swallowed completely and tiny red patterns slowly spread out of his body. Yun Feng widened her black eyes. What was this?

He opened his black eyes. A cluster of redness flashed and turned pure black again. Qu Lanyi looked at the tiny red patterns on the back of his hand and smiled casually. "Let's go."

Yun Feng walked forward and held the man's hand. "What are these? Are they harmful to your body..."

Qu Lanyi held Yun Feng's hand tightly and led her forward. He said in a low voice, "There's a tower in the Naxi family. There's a cultivation path called Nirvana Road to Heaven. People who walk this path will change."

Yun Feng was shocked. The Nirvana Road to Heaven! Just the name was shocking. It was hard to imagine what he had to go through to cross this road! This should be the unique secret inheritance of the Naxi family! Looking at the tiny patterns on the back of Qu Lanyi's hand, Yun Feng's heart ached fiercely. What Lanyi experienced wasn't something she could imagine!

Yun Feng couldn't help but hold Qu Lanyi's hand even tighter. Qu Lanyi lowered his head and chuckled. Ze Ran and Mu Canghai watched the interaction between the two of them from the back and both raised the corners of their mouths bitterly. After Meatball narrowed its eyes and looked at the red patterns, it surprisingly didn't stop the intimate interaction between Yun Feng and Qu Lanyi. Instead, it sat on her shoulder obediently and didn't care about anything else.

The four of them prepared everything and stepped into the Ten Thousand Beast Mountain Range. As soon as they stepped in, even though it was just the outermost area, many different Magic Beast auras immediately surged over. After feeling the special auras of the few of them, they hesitated for a while and shrank back. Yun Feng's face darkened slightly. In that moment just then, there were no less than ten types of Magic Beast auras!

The Ten Thousand Beast Mountain Range was indeed worthy of being called the Ten Thousand Beast Mountain Range. It seemed that this number was very likely the truth!

"Ze Ran, how did you get in back then?" Yun Feng asked. Ze Ran chuckled. "Back then, I killed my way in with my enthusiasm..." Speaking of this, Ze Ran suddenly fell silent, but Yun Feng respected him in her mind. How much courage and persistence did it take to kill his way in?

"I only reached the Central Region. It wasn't easy for me to reach the Central Region with my strength back then." Ze Ran said again. "I more or less figured out something the last time I came in. The place we're walking in right now is the Outer Region. The Magic Beasts living here are all below the Lord Level. Beyond that is the Central Region. The Magic Beasts in the Central Region are between the Lord Level and the God Level. Beyond the Central Region is the Inner Region. The Magic Beasts living in the Inner Region are mostly at the God Level or above."

Yun Feng nodded solemnly. The number of Magic Beasts in each area should be decreasing layer by layer, like a pyramid. The beasts on higher tiers were stronger. With their current strength, it shouldn't be difficult for them to reach the Inner Region.

"The Magic Beasts and branches in the Outer Region are the most complicated and chaotic in the three regions. There are often more than a few Magic Beasts living in one

area. It's common for Magic Beasts to fight with each other. Even though the Central Region is better, it's not very safe. Let's go all the way to the Central Region. It's best to not stay in the Outer Region."

Everyone agreed. Ze Ran led the way all the way to the Central Region. Whether it was on foot or in the sky, there were battles between the Magic Beasts from time to time. In order to avoid getting involved in trouble, they circumvented the beasts whenever they could. They saw the corpses of Magic Beasts from time to time along the way. The battles between Magic Beasts for territory were the most intense, especially when there were a lot of Magic Beasts in the outer area. There were conflicts almost all the time, no matter how big or small.

After a few days of detouring, the group of them entered the Central Region. Even though it took them some time to avoid conflicts, the Outer Region was quite large in the Ten Thousand Beast Mountain Range itself. After entering the Central Region, the number of conflicts obviously decreased. Those living in the Central Region were all Magic Beasts around the God Level, and Ze Ran... also had an accident here.

After entering the Central Region, Ze Ran's expression became even gloomier. He was shrouded in a layer of faint dark clouds and his speed along the way suddenly increased. Yun Feng certainly realized something. Nobody said anything along the way and the atmosphere was a bit cold.

"The Magic Beasts in front of me have a bit of a relationship with me. My business... will be resolved here." Ze Ran suddenly stopped. Yun Feng looked at the deep forest in front of her and nodded. "Then go."

Ze Ran nodded and rushed in. After a while, he was gone. Yun Feng and the others were waiting outside. Qu Lanyi glanced at them. "Fengfeng, do you know what happened to him?"

Yun Feng smiled helplessly and nodded in acknowledgment. Qu Lanyi frowned slightly and didn't say anything. The few of them waited outside quietly. After a while, Ze Ran came out, but his face was terrifyingly gloomy. There were a few members of the Magic Beast clan behind him. Seeing Yun Feng and the others, they immediately became vigilant. Ze Ran quickly said, "Guys, these are my friends."

The few members of the Magic Beast clan finally put away their hostility. It seemed that they had a good relationship with Ze Ran. Ze Ran walked over with a gloomy face and said to Yun Feng in a low voice, "Let's go."

"What happened?" Yun Feng was a bit worried when she saw Ze Ran like this, but Ze Ran pursed his lips and didn't intend to say anything. "It's fine. My matter has already been resolved."

Qu Lanyi and Mu Canghai both frowned. How could he be fine with such an expression? The few members of the Magic Beast clan who followed him obviously looked like they had something to say. Yun Feng's expression turned cold as she walked over. "Guys, what's bothering Ze Ran?"

## Chapter 1591: You Only Need Me in Your Eyes (3)

The few members of the Magic Beast tribe looked at each other. Ze Ran suddenly turned around with a gloomy face. "Yun Feng, I'm really fine!"

"What exactly happened?"

"I'm fine!"

Yun Feng suddenly fell silent. She looked at the gloomy Ze Ran with her clear black eyes and slowly said, "I know everything about you. I know what the aura of the Magic Beast in your body is!"

"What?" Ze Ran was startled and looked surprised! "H-How did you..."

Yun Feng raised the corners of her mouth gently. "It was an accident. I visited the Chili Palace at night and heard the conversation between you and their king clearly."

Ze Ran's body shook slightly and his face turned slightly pale. "So... you knew from the beginning..."

Yun Feng nodded. "Did... something happen to that female?"

Ze Ran gritted his teeth and clenched his fists tightly! Mu Canghai lowered his eyes slightly. Seeing Ze Ran's attitude, Qu Lanyi sneered. "I know very well what you're thinking about Yun Feng, but I didn't expect such a thing to happen."

Ze Ran looked up. Qu Lanyi stared at Ze Ran with his black eyes, but Yun Feng was a bit confused. What exactly was Lanyi talking about? Why was she involved in Ze Ran's matter?

"Since it's already happened, as a man, you shouldn't run away." Qu Lanyi's eyes were cold. "If I were you, I'd probably be ashamed to death right now."

Ze Ran's chest trembled fiercely and he was a bit speechless. Yun Feng pulled Qu Lanyi's arm. "Ze Ran didn't ignore her completely. He went deep into the Endless Ocean for that female..."

"Master Ze Ran, you should save Miss Hei quickly..." The few members of the tribe who followed him finally said. Ze Ran frowned tightly. Yun Feng turned around. "Save her? What exactly happened? What happened to Miss Hei?"

"Master Ze Ran, we let you down back then. Miss Hei only... But no matter what, Miss Hei is still pregnant with your child, Master Ze Ran. You can't just ignore it!"

"His child?" Qu Lanyi raised his brows. Ze Ran's temples throbbed fiercely. Yun Feng frowned. "Tell us what happened to Miss Hei first! We won't ignore her!"

"Miss Hei... was taken away. After Master Ze Ran left, a group of people came not long after and took Miss Hei to the Inner Region!"

The Inner Region? Yun Feng was shocked. It seemed that Miss Hei wasn't a member of this tribe and her identity was also unusual. Otherwise, why would the people of the Inner Region mobilize so many people to come to the Central Region to capture her? Right now, she didn't care about anything else. Miss Hei was pregnant with Ze Ran's child. Just based on this, Ze Ran couldn't ignore her! Even if she was a Magic Beast, she was also nurturing his own bloodline!

"I didn't say I'd ignore her!" Ze Ran roared as the veins on his lower forehead bulged. "No matter what, there's... my child in her belly. I won't ignore it! I just..." Ze Ran glanced at Yun Feng awkwardly, then looked away and didn't say anything else.

"Do you know which force in the Inner Region took Miss Hei away?" Yun Feng asked. The members of the tribe all shook their heads. "The people who came were all at the God Level. We didn't have the power to fight back at all and Miss Hei was taken away!"

"We're all going to the Inner Region anyway. Why don't we finish this matter first?" said Qu Lanyi as he looked at Ze Ran deeply with his black eyes. Ze Ran turned around in panic. Everything he wanted to hide had been exposed, especially in front of Yun Feng...

"No need. I'll go alone. Yun Feng, go do your own thing," said Ze Ran with absolute rejection. Qu Lanyi sneered. "Alone? Do you think you can steal someone from the Inner Region alone with your current strength?"

Ze Ran pursed his lips. "So what? This is my business!"

"Really?" Qu Lanyi raised his brows and held Yun Feng's hand. "You heard Fengfeng. He's very clear about the boundary between you two."

Ze Ran was startled. "I... I didn't mean that..." This was his personal business. It wasn't worth Yun Feng's concern at all!

"Ze Ran, are you really treating me like an outsider? If you insist, I'll never interfere."

Ze Ran froze. Qu Lanyi pushed him into a dilemma, making him unable to make a choice at all! Yun Feng chuckled. "Let's go. The sooner we save her, the better." After saying that, Yun Feng walked forward. Mu Canghai followed her silently. Ze Ran froze and didn't know what to say. Qu Lanyi snorted and got up to follow her. When he passed Ze Ran, Ze Ran whispered, "No matter what... Thank you."

Qu Lanyi raised the corners of his mouth. "Don't misunderstand me, kid. I'm not helping you. I just don't want Fengfeng to spend too much energy on you."

Ze Ran was startled. Then, he smiled wryly. It seemed that he had asked for it. "Qu Lanyi, you're... too domineering to Yun Feng. You should know that you can't be the only man in her world."

Qu Lanyi chuckled and looked ahead with his black eyes. An extremely confident smile appeared on his handsome face. "I don't have to be the only man in her world. I'm the only man she sees in this world."

The boundary between the Central Region and the Inner Region in the Ten Thousand Beast Mountain Range was very strict. The Magic Beasts living in the Central Region couldn't rebel and step into the Inner Region. If they broke in without permission, the Inner Region would automatically deal with them. The result was unknown. If some powerhouses above Grade 5 of the God Level stepped in, the Inner Region would ignore them, which could be considered a form of respect for these powerhouses. However, powerhouses must have a certain level of self-knowledge. Even though the strength of Grade 5 of the God Level wasn't low, they still had to be careful in the Inner Region.

After crossing the border between the Central Region and the Inner Region, everyone felt that the atmosphere around was inexplicably tense for a few seconds, as if there was someone investigating them in the air. Yun Feng's mind couldn't help but become much more tense. The Inner Region wasn't a place they could break in casually. If there were really rules, they might be facing a fierce battle.

Fortunately, the nervousness that made Yun Feng uncomfortable slowly disappeared very soon. Everyone couldn't help but heave a sigh of relief.

"It seems that we've been acknowledged." Ze Ran wiped the sweat on his forehead. Yun Feng was relieved. She looked at Qu Lanyi's expression and found that he was also a bit nervous. The power of the Magic Beasts in the Inner Region was truly immeasurable. Even Qu Lanyi felt nervous.

## **Chapter 1592: Sister Hua (1)**

"Go deeper carefully. We shouldn't move too drastically," said Mu Canghai as he looked around vigilantly with his cold handsome face. "Our aura is completely unfamiliar in this place. We'll certainly be noticed by many parties. Before we get rid of their attention, we'd better not do anything too big."

Yun Feng nodded. This was her first time in their territory, so she certainly had to restrain herself. "Ze Ran, we can't rush to save Miss Hei. We still need to know more information."

Ze Ran nodded as a face flashed through his mind. Thinking of his flesh and blood in her belly, his heart was in turmoil and he felt very complicated. He originally thought she would stay in that Magic Beast tribe. After he gave her the things she mentioned back then, they were already even... He didn't expect...

"Let's find a place where Magic Beasts live and think about it at length." Qu Lanyi looked at the dense forest in front of him. Everyone agreed. They slowed down and kept getting closer. There were almost no battles in the Inner Region. The Magic Beasts living in the Inner Region should all be powerful. There weren't many of them, but the number of races should be huge. The vast area of the Inner Region had already been divided into their spheres of influence. It wouldn't change so easily like the Outer Region or even the Central Region.

When everyone passed through this dense forest, they saw a completely different scene!

On the vast plain that stretched as far as the eye could see, there were all kinds of tall buildings standing far and near. Even though they weren't as exquisite as the buildings in the human world, they were unique. The powerful aura of Magic Beasts surged towards them and directly penetrated their bodies! Yun Feng and Ze Ran's expressions changed slightly. The Magic Beasts living here weren't simple!

"Is this what they really look like..." Qu Lanyi looked at the scene in front of him and chuckled. He had to admit that the scene in front of him shocked him a lot. He glanced around briefly. The few major forces had divided up this vast area. They should be more cautious in the near future.

"Which tribe do you belong to? Tell me your name!" A few people shouted as they flashed out from all directions and stood in front of Yun Feng and the others. There were a total of five people who came. All of them were at the God Level!

"Hm? One of them... seems to be from the Sea Clan?" The five guards keenly smelled the aura of the Sea Clan emitted by Yun Feng. Surprise flashed through the eyes of different kinds of beasts. When did the Sea Clan of the Endless Ocean come to the continent?

"This... Is she a distant relative of the Yi Feng clan?" The few guards looked at Ze Ran. Ze Ran was startled. Yi Feng? Was that the name of her... race?

Qu Lanyi raised his brows slightly. Yun Feng's black eyes glittered. "This is indeed a distant relative of the Yi Feng clan. We're his friends. We're here with him this time to see how the Ten Thousand Beast Mountain Range is."

Ze Ran was startled. Then, he immediately understood. "Ah... Hm, that's true."

The few guards looked at each other and finally smiled. "I see. Do you want me to lead the way for you?"

Ze Ran shook his head in rejection. "No, I haven't been back for a long time. I'll look around. I'm not in a hurry to go back to the clan."

The few guards smiled. "If that's the case, I won't disturb you anymore. Please go through." The few guards made way for them and everyone was relieved. Ze Ran walked over with a complicated expression. The remaining few people all followed him in relief. After a while, the few guards had already disappeared.

The group continued deeper and didn't talk. After walking a certain distance, Mu Canghai finally said in a low voice, "What happened just then?"

Ze Ran frowned with a complicated expression and looked ahead. "The aura of the Magic Beasts of every race is different, like an identity symbol. Even if the Magic Beasts transform into human form, it won't change at all. As long as the aura spreads, it will show their identity as a race."

"Those few people helped us a lot." Qu Lanyi glanced at Ze Ran. "They also gave us an extremely important message."

"The Yi Feng clan. Is this the clan that Miss Hei belongs to?" Mu Canghai asked softly on the side. Yun Feng replied, "It's impossible to mistake the aura of a Magic Beast. The reason why Ze Ran is thought to be a distant relative is because his aura isn't pure. After all, it's already mixed with the aura of a human being."

"So be it. We finally have a clear goal." Qu Lanyi yawned lazily. Meatball on Yun Feng's shoulder swept its tail lazily and didn't say anything.

"Those few people who talked about the Yi Feng clan just then were very respectful and thought that Ze Ran was a distant relative. They were too polite." Mu Canghai frowned. Yun Feng chuckled. "This can only mean one thing. The Yi Feng clan is an existence at the top of the pyramid here."

Ze Ran's face darkened. Seeing that, Qu Lanyi couldn't help but ask, "Don't you... know anything?"

Ze Ran sneered. "What can I know? I certainly... don't know anything and I don't want to know!"

"Ahem! The existence of the Yi Feng clan is already a major discovery. Let's find a place to stay right now and find out what's going on with the Yi Feng clan." Yun Feng patted Ze Ran's shoulder with a smile. Feeling his tense muscles, she sighed helplessly in her mind.

"That's easy to say, but... where should we go?" Mu Canghai looked at the scenery in front of him with a wry smile. It was obvious that the areas were extremely clearly divided. Every area represented a Magic Beast group. This place was different from the Central Region and the Outer Region. The boundaries between the groups were quite clear and strict.

"Let's find a small place first. The aura of the Magic Beast in his body attracts attention easily. Let's understand the situation first before we deal with it," said Qu Lanyi casually as he strode forward. Yun Feng chuckled at Ze Ran. "Let's go."

Ze Ran nodded with a slightly sullen face. Mu Canghai shook his head helplessly on the side and followed. Even though there were Magic Beasts above the God Level living in the Inner Region, there were also differences in size and strength. The nobler the power, the deeper they lived, while there were some relatively weak groups at the periphery.

Yun Feng and the others casually found a peripheral group to stay in. The first thing they had to do was to find out some information about the Inner Region, such as the distribution of forces and the level stratification. Most importantly, information about the Yi Feng clan.

## **Chapter 1593: Sister Hua (2)**

Ze Ran didn't move with Yun Feng. The Magic Beast aura in his body came from the Yi Feng clan. Even though it wasn't pure, he would be treated as someone related. In order to avoid causing chaos, Ze Ran stayed where he was and let Yun Feng and the others do the information gathering.

Ze Ran wanted to refuse, but he knew that he might cause trouble. In the end, he stayed, but he looked very upset. A day passed. When it was dusk, Yun Feng and the others came back. Ze Ran got up. "Did you find out?"

Mu Canghai and Qu Lanyi sat down. The two of them didn't say anything. Ze Ran looked at Yun Feng. "What exactly... happened?"

"I'm fine. I'm just a bit tired." Yun Feng sat down with a smile and rubbed her shoulder. "We've heard everything we need to know."

"Tell me." Ze Ran sat down and looked straight at Yun Feng with his black eyes. Yun Feng curled her lips. "Of course I'll tell you, but let me take a breather first, okay?"

Ze Ran was stunned. Qu Lanyi and Mu Canghai chuckled on the side. Ze Ran lowered his head in embarrassment. Yun Feng chuckled. "Ze Ran, are you a bit worried about Miss Hei?"

Ze Ran trembled and looked away. "I'm just worried about the child in her belly. After all... it's mine."

Yun Feng's black eyes glittered and she smiled lightly. "Alright, let me explain the situation in the Inner Region. There aren't many Magic Beasts in the Inner Region. There are only a dozen peripheral groups like the one we're living with. They're all under the control of three major Magic Beast tribes."

"Three major Magic Beast tribes?" Ze Ran was stunned. Yun Feng nodded. "The Yi Feng clan where Miss Hei is from is one of them."

Ze Ran's expression changed slightly. Yun Feng was also very puzzled in her mind. Logically speaking, why would Miss Hei, who had such a respected status, appear in the Central Region? And she even had a child with Ze Ran... Why would the members of the Yi Feng clan go to the Central Region to take Miss Hei away? Did Miss Hei run away from home?

"I don't think we need to do any rescue operation," said Ze Ran coldly. "She's a member of the Yi Feng clan. Her status can't be low. Isn't it only right for her to return to her clan? Why do we have to worry about her?"

"What about your child in her belly?" Qu Lanyi looked up and asked. "Can you just ignore it?"

"I didn't do that voluntarily! Since she's back in the clan, I certainly don't have to worry about the child!"

"Maybe things aren't as smooth as you think," said Yun Feng. Ze Ran looked at Yun Feng. "Not smooth?"

Yun Feng nodded. "I got another piece of information. Miss Hei was taken back. I heard that... the Yi Feng clan wants to execute her."

"What?" Ze Ran suddenly stood up as his heart pounded crazily! Execute her? How could they execute her? "Why are they going to execute her... Could it be..."

"The child in her belly has a human father. This is quite a humiliation for the Magic Beasts, right?" Qu Lanyi said indifferently as he looked at Ze Ran with his black eyes. "In the eyes of the Magic Beasts, humans are lowly existences. We're not qualified to be compared to them. A child whose father is a human in such a large family carries the mark of humiliation. What can they do if they don't execute her?"

"Well..." Ze Ran's face turned pale and he clenched his fists tightly. Just because of that child... Just because of his child, the tribe would execute her! What kind of reason was that?

Yun Feng was silent. That was indeed the case. Humans were relatively weak existences to begin with. When she met Little Fire back then, it also spoke like this. Compared to Magic Beasts, how would humans of the same level be a match if they didn't have any special means?

Ze Ran stood there with a complicated expression. Even though he didn't do it voluntarily back then, it had already happened and there was even a child! Even though he still hated that woman in his mind, the little child was innocent... That was a life that carried his blood!

"I won't let her die!" Ze Ran gnashed his teeth and looked up. "I definitely... won't let her die!"

"I won't let anyone endanger her, no matter what. She's carrying your child." Yun Feng looked at Ze Ran with a smile in her black eyes. "Luckily, we still have a chance. There are still three months until the day of execution."

"Where did you get such private information? How would the Yi Feng clan let anyone else know about such a humiliation...?" Ze Ran looked at Yun Feng and suddenly couldn't say anything. He didn't realize until now that Yun Feng looked like she was covered in dust and there were tiny beads of sweat on her forehead. Ze Ran's heart ached fiercely!

"Yun Feng..."

"Alright, nothing. Three months should be enough. Have a good rest. We're going to the territory of the Yi Feng clan tomorrow morning!" Yun Feng stood up with her hand on the table. "I'll go back and rest too. Ze Ran, everything will be fine."

Ze Ran stood there and didn't know what to say. His throat seemed to be stuck and he couldn't make any sound at all. Qu Lanyi stood up. "Don't ask anything. We'll set off tomorrow." Mu Canghai patted Ze Ran's shoulder and also got up to walk out. The door was closed. Ze Ran raised the corners of his mouth and an inexplicable pain filled his heart.

Yun Feng, who had just walked out, took a deep breath and wiped the sweat on her forehead with her hand. "Yun Feng, go back and rest early." Mu Canghai glanced at her worriedly. Yun Feng said with a smile, "It's fine. I have to think about how to find Miss Hei next... I'm afraid we'll have to do something to enter the Yi Feng clan..."

Mu Canghai was about to say something when a pair of arms picked Yun Feng up. Yun Feng exclaimed, "Lanyi! What are you doing?"

Qu Lanyi picked Yun Feng up horizontally. Seeing that, Mu Canghai only smiled and walked away. Yun Feng's cheeks were slightly red. "Put me down quickly! I can walk by myself!"

He raised his handsome eyebrows slightly. Qu Lanyi didn't put her down, but hugged her even tighter. Meatball bared its sharp teeth unhappily, but Qu Lanyi didn't retract his arm. Perhaps it was bored, Meatball flashed and disappeared, entering Yun Feng's spatial container!

The corners of Qu Lanyi's mouth slowly curled up. He walked out with Yun Feng in his arms. Everybody looked at them in surprise. Yun Feng could only bury her flushed face in the man's neck and feel the hot and short breath on his neck. The smile on Qu Lanyi's face became even brighter. He carried Yun Feng back to the place where she lived, which was opposite where he lived. Qu Lanyi finally put Yun Feng down. Yun Feng, who was put on the bed, blushed. She was about to say something, when Qu Lanyi sat down and raised Yun Feng's foot with his beautiful and elegant fingers, holding it in his palm.

## **Chapter 1594: Sister Hua (3)**

"Boom!" A volcano surged out of Yun Feng's mind. No matter how intimate Qu Lanyi was in the past, he wouldn't do this. Such an action... was too embarrassing!

"Let go!" Yun Feng exerted strength on her leg and wanted to pull it out, but the man held it even tighter. He slowly squeezed her ankle with his slender fingers. "You chased them for so long for a piece of information. Do you feel better now?"

Yun Feng was stunned. Qu Lanyi raised his head. "Why? Are you still uncomfortable?"

Looking at the handsome face full of concern in front of her eyes, Yun Feng couldn't say anything to reject him no matter what. She obediently let the man rub her foot. Yun Feng lowered her head and replied with a red face, "No, it's fine there."

"Even though your body is different from others, you have to consider your limits."

Yun Feng looked at Qu Lanyi's slightly serious side profile and his handsome and peaceful lines, and couldn't help but feel dumbfounded. Qu Lanyi rambled on and found that nobody responded. He raised his black eyes and caught Yun Feng's focused gaze. The seriousness disappeared. The man slid his fingertips gently on the back of her delicate foot and put on a lazy and charming smile. "Am I so good-looking that you're dumbfounded?"

"Nonsense!" Yun Feng blushed and retracted her foot, kicking him gently. "I'm fine. Get out quickly!"

Qu Lanyi chuckled and leaned his body to the side. Yun Feng blushed even more and retreated. Qu Lanyi reached out and grabbed her fair feet, pulling her gently. "Why are you blushing?"

Yun Feng's cheeks became even redder and her heart pounded inexplicably. Qu Lanyi in front of her was emitting an alluring aura. His handsome facial features were smiling provocatively, his elegant body and his skin that seemed to be glowing... Ever since the two of them reunited, Yun Feng had felt that he had changed and become even hotter... as if he could melt her all the time.

"I'm not blushing!" Yun Feng tried to retract her foot. Qu Lanyi's finger gently brushed the back of her foot and a numbness began to spread along her skin like lightning. Yun Feng only felt that all the strength in her body was instantly drained.

"Speaking of going to the territory of the Yi Feng clan, you should be more prepared. You've already reached the level where you can contract the fifth Magic Beast."

Yun Feng was stunned. Grade 7 of the God Level... Sister Hua. She could contract the fifth Magic Beast, which was the earth-element Magic Beast that was still empty! If she contracted all five elements, her strength would also increase by a level. She wasn't going to Yi Feng on friendly terms this time. A fierce battle was inevitable!

"How about letting me meet your fifth Magic Beast?" Qu Lanyi leaned forward and enveloped Yun Feng under his body. He was a bit emotional about the topic he raised. Even though he really wanted to be intimate with the woman he loved... it was more important to improve Fengfeng's safety.

The contract of an earth-element Magic Beast could provide powerful protection. It was time to fill the slot that had been empty for so long.

"Lanyi, thank you for reminding me." Yun Feng smiled. If Lanyi hadn't reminded her, she might have ignored it. Thinking of Sister Hua, Yun Feng finally noticed that she was a bit too quiet... She could hear the voices from the Dragon Palace. Sister Hua hadn't moved for a long time, as if... she had disappeared.

"You're welcome." Qu Lanyi kissed Yun Feng's cheek gently with a lot of unwillingness in his mind. Fine, next time. He still had high expectations for Fengfeng's fifth Magic Beast.

"Let's go." Yun Feng curled her lips. A beam of light immediately enveloped the two of them and sent them directly to where Sister Hua was. After the two of them entered the Dragon Palace, they finally found something unusual here. Yun Feng looked at the giant tree that appeared out of nowhere in front of her dumbfoundedly and the thing that looked like a cocoon made of huge vines in front of the giant tree.

Qu Lanyi was stunned. This was the fifth Magic Beast? A tree?

"Sister Hua!" Yun Feng shouted loudly, her voice echoing in the empty Dragon Palace. Nobody replied. Qu Lanyi looked at the strange giant tree in front of him. "Is the cocoon in front of the tree... the fifth Magic Beast? It's still in gestation?"

Yun Feng was shocked. How could it still be in gestation? "No, the fifth earth-element creature I met... It's clearly a mature one..."

Qu Lanyi frowned. "Mature... What's its original form?"

Yun Feng was stunned. Her original form? She didn't know Sister Hua's original form. When she met her, she was in human form and her original form had never been revealed at all! Seeing Yun Feng's expression, Qu Lanyi understood something and sighed helplessly. "We can only wait for this cocoon to break open..."

"Kid, I advise you not to do that." A hoarse voice suddenly sounded. Yao Guang, who was wrapped in a black robe, appeared in front of Yun Feng. "Senior Yao Guang!"

Yao Guang glanced at the giant tree with his gray eyes and looked at Yun Feng gloatingly. "Where exactly did you catch such a fierce species? Not only did you catch it, but you didn't contract it as soon as possible?"

Yun Feng frowned. What exactly did Yao Guang mean? "You mean... you know its true appearance?" Qu Lanyi looked up and glanced at Yao Guang with his gray eyes. "Hm, the bloodline in your body has completely awakened?"

Qu Lanyi's black eyes glittered. Yao Guang rolled his eyes and stared at Yun Feng again. "Yun Feng, I advise you to break that cocoon quickly."

Yun Feng frowned. She couldn't believe everything Yao Guang said. His personality was truly bad. Even though he had helped her a few times, Yun Feng still couldn't figure out if Yao Guang was hostile to her. She should break it as soon as possible... Was Sister Hua in that cocoon?

"That's all. It's up to you whether you want to do it or not." Yao Guang's body suddenly flashed and disappeared into thin air. Yun Feng and Qu Lanyi were both stunned. He left just like that?

Yun Feng clenched her fists and looked at the giant cocoon of vines between the giant trees with her black eyes. Even though she didn't quite understand what Yao Guang meant, what she should do right now was to break this giant cocoon! "Don't get close. Break it with your mental strength!" Qu Lanyi grabbed Yun Feng's arm. Yun Feng nodded and slashed at the giant cocoon of vines with her mental strength, but...

Her mental strength was completely shaken off! The giant cocoon of vines wasn't damaged at all!

## Chapter 1595: Sister Hua (4)

"Try using all kinds of elements!" Qu Lanyi frowned. The defense of the earth element was truly difficult to deal with!

The four elements were summoned one by one. The giant cocoon of vines didn't move at all. Qu Lanyi sneered. "If five elements don't work, how about light and darkness?" Light elements and dark elements surged out of Qu Lanyi's body and turned into two sharp blades that slashed. The giant cocoon of vines shook slightly, but it was still undamaged!

"It seems that it's immune to elemental attacks. I'll try it with a sharp blade." Yun Feng looked at the giant cocoon that didn't move at all and planned to find another way. Holding a longsword in her hand, Yun Feng planned to bend down and go forward. "Don't get close!" Qu Lanyi was a bit worried, but Yun Feng shook her head with a smile. "I'm not confident in my control of the weapon. I don't want to hurt Sister Hua inside. I won't get too close. I'll stay nearby."

Qu Lanyi planned to go with Yun Feng, but Yun Feng declined with a smile. Qu Lanyi could only watch Yun Feng walk over with her sword, staring at her with his black eyes in case anything happened.

Yun Feng came close to the giant cocoon with her sword. When she got closer, she finally realized how big the cocoon was. She raised her head slightly and could still see faint light coming out of the gaps of the cocoon. "Poof!" A sound like a heartbeat came to Yun Feng's mind. Yun Feng was startled. A heartbeat?

"Plop! Plop! Plop!" An even clearer heartbeat surged into her mind. Yun Feng tightened her grip on the longsword. The person in the giant cocoon was Sister Hua. Was this Sister Hua's heartbeat?

Yun Feng raised her longsword and jumped. She held the sword in her hand and swung it straight down at the giant cocoon in front of her!

"Whoosh!" The huge green vines bloomed like flower petals the moment Yun Feng swung her sword. The giant cocoon of vines in front of her eyes instantly spread out like a flower bud! A strong fragrance of plants came from the giant cocoon. There was a dazzling light in front of Yun Feng's eyes. She immediately put the sword in her hand into the container and a pair of fair arms appeared in the light. Joy flashed through Yun Feng's black eyes. It was Sister Hua!

Her hair that was as green as seaweed was faintly discernible in the light. Yun Feng said, "Sister Hua, you..."

Her fair arm suddenly grabbed Yun Feng's waist and pulled Yun Feng's body down, swallowing her completely into the light! The giant cocoon of vines that bloomed like a flower just then also instantly retracted!

Qu Lanyi was stunned. Then, he waved his hand and a beam of fierce dark elements roared up! "Fengfeng!" Qu Lanyi's anxious shout came faintly from outside the giant cocoon. The dazzling light in front of Yun Feng's eyes slowly faded. The fragrance of plants was still lingering at the tip of her nose. It was so hearty and pleasant, but there was no smile on Yun Feng's face at all.

The arm on Yun Feng's waist slowly retracted. She looked at the unusually charming face in front of her and her naked chest that was obviously flat. Yun Feng only felt dizzy. She held her forehead with her hand and said weakly, "Sister Hua... Are you a female or a male?"

Her charming face slowly curled up as she exerted strength in her arms and carried Yun Feng over. "Which one do you prefer, Little Yun Feng?"

Yun Feng's black eyes turned cold. The arm at her waist let go, and its owner squeezed out an expression that looked like she was about to cry. "Little Yun Feng indeed doesn't like me anymore..."

Yun Feng was helpless. "What exactly is your original body..."

The body of what clearly appeared to be a man in front of her let out a laugh and his green eyes glittered. "Carnivorous hermaphrodite plants should be rare, right, Little Yun Feng?"

Her clear black eyes were suddenly startled. A certain page of her master's notebook about Magic Beasts jumped into Yun Feng's mind!

The Double-Faced Ghost Wheel. A name jumped out of Yun Feng's mind. The notebook of Magic Beasts left by her master described many kinds of Magic Beasts with

special bodies. Yao Guang was also one of them. Yun Feng got a lot of knowledge from this notebook after she became familiar with it. She had a certain understanding of Magic Beasts, especially very special races. And the only plant her master mentioned in his notebook was called the Double-Faced Ghost Wheel.

This was an extremely rare earth-element Magic Beast. Not only was it hermaphrodite, but it was also a carnivorous plant. Its appearance was rare and beautiful among the earth-element Magic Beasts, enough to confuse any life form that approached it. And underneath this beautiful appearance was its bloody and cruel nature!

The Double-Faced Ghost Wheel had another title in the World of Magic Beasts, the Demon King!

"Double-Faced... Ghost Wheel?" Yun Feng whispered. The enchanting man in front of her chuckled. "Little Yun Feng even knows my real name. You're indeed extraordinary."

Although Yun Feng was surprised in her mind, her master had specially added on the notes that the Double-Faced Ghost Wheel was unusually cruel and brutal. If she met it, she might take a detour. Yun Feng thought of what her master specially emphasized. She couldn't connect it with the one in front of her no matter what.

"Little Yun Feng, what are you thinking about?" The half-naked body came close without warning. Yun Feng immediately blocked it with her hand and the enchanting handsome face immediately frowned. "Little Yun Feng really hates Huahua. You don't even want me to get close to you."

"It's not that I don't want you to get close. You're a male right now." Yun Feng sorted out all her emotions and finally calmed down. There was only one Double-Faced Ghost Wheel. Even though she had never seen the fierce temperament of the so-called Demon King, she was already lucky to be acknowledged by it.

"Little Yun Feng, do you like females?" A glint of light flashed through his green eyes. Yun Feng raised the corners of her mouth and heard Qu Lanyi's anxious voice outside. He must be anxious. "Let's go out first, okay?" Yun Feng looked away and tried not to look at the half-naked body in front of her.

"Who's that man outside?" A cold voice floated over. Yun Feng looked back and saw that the originally smiling handsome face was covered with a layer of dark clouds. Those eyes that were originally as bright as green leaves were covered with a deep gloominess.

"Sister Hua, you..." Yun Feng was about to say something when a pair of naked arms wrapped around her entire waist firmly like tree vines!

"Is he someone related to Little Yun Feng? A man?" Gloom flashed through those green eyes. Yun Feng's heart turned cold. "I won't allow you to do anything to hurt him." Cold

words came out of Yun Feng's mouth. The alluring handsome face was suddenly startled. Then, his lips curled up high and a strong plant smell assailed her nostrils. Yun Feng felt the arms around her waist tighten.

"Whoosh!" The closed cocoon of vines slowly opened. The flower buds bloomed again and light oozed out of the cocoon. Qu Lanyi narrowed his eyes. The light dissipated and a half-naked man appeared from the cocoon!

## Chapter 1596: Natural Enemy (1)

"Let her go!" A trace of redness suddenly rose and dispersed all the blackness in his black eyes. His blood-red eyes appeared!

"Blood-red eyes?" The half-naked alluring man was obviously stunned. After seeing that Qu Lanyi was emitting light and dark elements, he was even more surprised! "Light and darkness in the same body...!"

"If you don't let go of me, don't blame me for being rude." There was also coldness in Yun Feng's eyes. If Sister Hua really meant to hurt Qu Lanyi, it wouldn't matter if she didn't contract with this Magic Beast! The alluring handsome face finally realized what was going on and saw the fire in Yun Feng's hand. He was immediately startled and quickly let go of Yun Feng. The next second, the leaves of the green plant rose from the tree and wrapped around his entire body. When they let go, that alluring and voluptuous body appeared again.

"Little Yun Feng, don't hate me..." Her long green hair fluttered behind her shoulders like waves. From afar, it looked like a green sea. Qu Lanyi couldn't help but feel shocked. This man turned into a woman too quickly!

Caught off guard, Yun Feng was pulled into the voluptuous woman's arms again and almost couldn't breathe. "Little Yun Feng, I was joking with you just then." Sister Hua pressed Yun Feng against her chest. Yun Feng blushed and wanted to struggle. She couldn't breathe anymore!

"Let her go!" A beam of dark elements came. Sister Hua's expression changed and she immediately let go of her arm. A figure held Yun Feng in his arms. Yun Feng suddenly took a few deep breaths and finally recovered. If this continued, she would be smothered by the mountains on Sister Hua's chest sooner or later!

Qu Lanyi held Yun Feng steadily in his arms and looked at the Magic Beast that had instantly changed into a female Magic Beast in front of him with his blood-red eyes, frowning.

"Little Yun Feng..." Sister Hua looked at Yun Feng with tears in her green eyes. After catching her breath, Yun Feng patted Qu Lanyi's arm. "That's Sister Hua I mentioned to you."

"This is the fifth earth-element Magic Beast? It... seems a bit unusual." The blood color in Qu Lanyi's black eyes gradually faded. Sister Hua was also relieved in her mind when she saw this. A human with blood-red eyes... and both light and darkness in the same body. Where exactly did he come from?

"Yes, the hermaphrodite... the Double-Faced Ghost Wheel."

Qu Lanyi was startled. Seeing his expression, Yun Feng smiled lightly. "You know it?"

Qu Lanyi nodded. "There are records of it in some books at home, but..."

"Why is she so different from the descriptions?" The corners of Yun Feng's mouth curled up slightly. She asked Qu Lanyi to let go of her. Qu Lanyi let go of her and Sister Hua was about to come close. Yun Feng looked at the protrusions on her chest with lingering fear and took a step back slightly. "If you get close to me again, I'll let Er Lei out."

Sister Hua's expression changed drastically. She said with a pale face, "No, no! Little Yun Feng, don't let that monster out!" Then, she looked at Yun Feng pitifully. "At most, I won't hug you in the future..."

Qu Lanyi held his forehead with his hand. Was the one in front of her really the Double-Faced Ghost Wheel? Why was it so different from what was recorded in the books? However, thinking of the half-naked man holding Yun Feng just then, Qu Lanyi felt a bit uncomfortable in his mind. Was Er Lei her nemesis? How interesting.

"Sister Hua, do you remember what you said?" Yun Feng said loudly. Sister Hua chuckled happily. "Of course I do. Little Yun Feng is at Grade 7 of the God Level right now. That's enough."

Yun Feng nodded, but she was still a bit anxious in her mind. Among the five contracted Magic Beasts, the earth-element Magic Beast she contracted in the end could be said to have the most special identity and was also the most difficult to control. If it didn't nod voluntarily, she probably wouldn't have been able to contract it successfully even with her current strength.

"One last question. Why did you choose me?" The Array of Contract had already appeared. The five-color Array of Contract under Sister Hua's feet had lost four colors, leaving only the bright earthy yellow color, as dazzling as golden sand!

Sister Hua, who was standing in the Array of Contract, smiled sweetly and looked at Yun Feng with an unknown desire in her green eyes. "Little Yun Feng, because I like you."

Qu Lanyi almost collapsed. Yun Feng smiled casually. "Is that so... In that case, I'll make a contract. From now on, you'll be my beast. Contract!"

Sister Hua closed her eyes with a smile and accepted the equality contract from Yun Feng happily. Earth elements surged out of Sister Hua's body and turned into a tree vine that reached towards Yun Feng. It slowly wrapped around her finger and a golden Ring of Contract was formed!

Yun Feng opened her black eyes and a glint of golden light flashed through them. After contracting the fifth Magic Beast, the color of Yun Feng's earth element underwent an essential change. It changed from the original color of the earth to the current bright golden color and was even more powerful than before.

"Xiao Feng, you contracted her after all." Yaoyao's aggrieved voice sounded in her mind. Little Fire also complained a few times, but Lan Yi didn't say anything. Er Lei simply didn't say anything. After becoming Yun Feng's fifth contracted Magic Beast, Sister Hua was certainly connected to the other few Magic Beasts and was immediately extremely excited.

"Little girl, you must take care of me in the future. I'm new here and I don't know anything yet. Little boy and handsome guy too. Oh, hehehe."

"No! I don't want it!" Yaoyao retorted angrily. Little Fire also gritted its teeth. "Get close to me and I'll burn you to the ground."

Lan Yi also declined politely. Sister Hua smiled so happily. Yun Feng said, "Er Lei, say hello."

Sister Hua's face froze and her body trembled fiercely! "No! I don't want to listen to the monster!"

"F\*ck you. How dare you call me a monster!" A shocking roar resounded in her mind. Yun Feng smiled helplessly. Seeing Sister Hua's suddenly pale face, she wanted to laugh. "Little Yun Feng, I'm so scared... Can you not have that monster..." There were tears glittering at the corners of Sister Hua's eyes. Yun Feng smiled helplessly. "Why are you so afraid of Er Lei? Even though Er Lei's personality is a bit stupid, his quality is very good."

Sister Hua's body trembled again. Qu Lanyi grabbed Yun Feng's arm and pulled her to his side. "Since we've already contracted, let's talk. How did you transform as a hermaphrodite?"

Sister Hua glanced at Qu Lanyi unhappily. Her gaze was obviously "You stole my Yun Feng." Qu Lanyi smiled maliciously. "Why? Do you want to meet Er Lei?"

Sister Hua trembled again and bit her lips angrily. Kid, you win! "I'm also very curious. Under what circumstances would you change your gender?" Yun Feng said. Sister Hua's eyes immediately became gentle. Qu Lanyi vigilantly held Yun Feng in his arms.

## Chapter 1597: Natural Enemy (2)

"When my emotions reach a certain peak, the male side will appear. Joy, anger, all kinds of emotions."

"What's the difference between the male and female sides?" That was what Yun Feng cared about the most. Sister Hua chuckled softly. "Well... Perhaps the male side is a bit irritable, but he won't hurt Little Yun Feng. No matter what, my heart won't change. I like Little Yun Feng."

"That's enough. Take her back as soon as possible!" Qu Lanyi couldn't help but say coldly. Yun Feng raised the corners of her mouth awkwardly. It was better to put Sister Hua into the Ring of Contract as soon as possible. It seemed that Lanyi was about to reach the critical point.

With a beam of golden light, Sister Hua directly entered the Ring of Contract. Qu Lanyi finally looked a bit better. Yun Feng looked at the giant tree that appeared out of thin air in front of her. Fine, she would keep it. Sister Hua might need it in the future.

"She's so afraid of that idiot, Er Lei." Qu Lanyi chuckled. Yun Feng looked up at him with a smile in her pure black eyes. "Fengfeng, she's like this because she has a natural enemy, right?"

Natural enemy? Yun Feng raised her brows. Sister Hua was afraid of Er Lei, which was inexplicable. She had almost never interacted with Er Lei, but she was already so afraid the first time they met. Perhaps... Er Lei's original body was Sister Hua's natural enemy? What kind of natural enemy did the Double-Faced Ghost Wheel have? At the moment, the only thing Yun Feng knew was that Er Lei had the bloodline of an ancient demonic dragon in his body. Was the other part of the bloodline from the Double-Faced Ghost Wheel's natural enemy?

"The double-faced ghost wheel also has a natural enemy. How interesting." Qu Lanyi smiled casually. Yun Feng was also surprised in her mind. Such a powerful type had a natural enemy. It seemed that no matter how powerful it was, the laws of the world still controlled everything.

After successfully contracting Sister Hua, Yun Feng and Qu Lanyi left the Dragon Palace. The gray eyes somewhere opened again and said in disdain, "Those two brats know too little."

"Haha, but their guess is not wrong." The old voice sounded. Yao Guang sneered. "When the Double-Faced Ghost Wheel is truly ruthless, perhaps that girl will understand how it got the title of the Demon King."

"Speaking of which, is this the bloodline inherited from the direct descendant of the Demon King?"

Yao Guang was silent for a while. "I think so, but how exactly did she get out of the Beast Region?"

The sound of a huge body flashing in the dark echoed. "Perhaps... something unknown has happened in the Beast Region."

Yao Guang's expression changed, and his young-looking facial features twisted. Then, he sneered. "If that's the case, won't that girl be unlucky if she goes at this moment?"

"Haha, Yao Guang, why do you have to be so cold? You clearly care about Yun Feng."

"Shut up, old man! When we get to the Beast Region... Hm!" Yao Guang closed his eyes and didn't say anything else. The sliding sound of his huge body in the dark sounded again and went further and further away. In the dark, Yao Guang, who had just closed his eyes, opened them again and said slowly, "Yun Feng."

The hoarse voice reached Yun Feng's mind. Yun Feng was a bit shocked. "Senior Yao Guang?"

"Let me tell you out of kindness. In the territory of the three families, use the Dragon Palace less. It's best if you don't use it."

At this moment, Qu Lanyi had already left. The sky gradually darkened. Yun Feng sat in the room alone and listened to Yao Guang solemnly. "Is there a reason?"

"Of course. I'm just telling you that it's best not to use the Dragon Palace in front of the three families, especially after entering the Beast Region."

"What if... I use it?"

Yao Guang's hoarse and unpleasant laughter sounded. "You're not afraid of death."

Yun Feng's heart tightened. Why did Yao Guang say such a thing to her and why couldn't she use the Dragon Palace?

"I don't want to say anything else. Yun Feng, you must understand that even though the Dragon Palace acknowledges you as its master, this is still something that belongs to Magic Beasts after all."

What? Yun Feng widened her eyes in shock. The Dragon Palace belonged to Magic Beasts? What exactly was going on? "Senior Yao Guang, do you mean that the Dragon Palace didn't belong to humans at first?"

"Haha, of course! How can humans have such a treasure? Even the four ancient families aren't qualified!"

"Then why..."

"As I said, I don't want to say anything else! If you don't want to cause trouble and become the target of all the high-level races, don't use the Dragon Palace. That's all I have to say." Yao Guang's voice completely disappeared, but Yun Feng's expression became more and more serious and cold. Yao Guang's warning wasn't groundless. If Yao Guang could say such a thing at this moment, she had to listen!

Thinking of what Yao Guang said just then, Yun Feng only felt a bit of a headache. Many things that could be done with the Dragon Palace would probably be put on hold. The rescue this time was far from as simple as she thought! She couldn't use the Dragon Palace. It seemed that her plan was going to be overturned.

The next day, Yun Feng and the others officially set off. This time, not only was Ze Ran a bit solemn, but Yun Feng was also a bit solemn. Qu Lanyi walked to Yun Feng. "What's wrong?"

Yun Feng sighed and told Qu Lanyi what Yao Guang said. After hearing that, Qu Lanyi looked equally solemn. "The Dragon Palace can't be used. We'll have to take a lot of detours."

Yun Feng looked at Ze Ran's heavy back and smiled helplessly. "There's nothing we can do even if we take a detour. All we need is to save Miss Hei."

Qu Lanyi held Yun Feng's hand in his. "We'll cross the bridge when we get there. Don't worry too much."

Yun Feng nodded and held Qu Lanyi's hand tightly. No matter how things developed, there would always be a solution. She wouldn't mind taking a detour!

The location of the three major Magic Beast tribes in the Inner Region was the most vast area in the Inner Region and also the most central area. The three major Magic Beast tribes could be said to be equal kings here. Even though the areas of the three major tribes were adjacent, they definitely didn't touch each other. The concept of territory was unusually clear here.

Yun Feng guessed that Miss Hei should be someone with a higher status in the Yi Feng Tribe. She was very likely the daughter of the leader. Her aura of a Magic Beast was certainly different from others. Fortunately, there was a mixture of human aura in Ze Ran's body, making this aura no longer pure. For the Yi Feng Tribe, Ze Ran's aura wasn't too out of place.

However, Yun Feng's arrival surprised some people of the Yi Feng Tribe. It was surprising that the Magic Beasts of the Sea Clan came to the land, but it was only a novelty of two to three days, which made Yun Feng greatly relieved. After the group entered the territory of the Yi Feng Tribe, especially the core area of the Yi Feng Tribe, all kinds of powerful auras enveloped the corners. Yun Feng's heart couldn't help but feel a bit heavy. A few of the auras here should be above the God Level!

## **Chapter 1598: The Ability That's Made Best Use Of**

They moved carefully. It was more important to collect accurate information first. Yun Feng didn't want to attract unnecessary attention in the first few days, or it would be more and more difficult for them to move in the future. Ze Ran's face became more and more tense and gloomy day by day. It was obvious that Ze Ran's emotions were complicated to the extreme.

They found a place to stay first. Yun Feng planned to spend a few days searching for information carefully, but Ze Ran rejected her. "Such a huge tribe won't tell outsiders anything easily. I'll go."

Yun Feng was worried. Even though Ze Ran wasn't an impulsive person, he must be extremely depressed after experiencing these things, especially since it was a matter of great importance right now. He went out to find out more information... "I'll follow him. Don't worry." Mu Canghai said as he got up and chased after him.

"It's good to let him go out and investigate. His aura will be more convenient and comfortable here than ours," said Qu Lanyi. Yun Feng could only agree, but she was still extremely worried in her mind. Ze Ran didn't let Yun Feng down. Even though he looked gloomy, Mu Canghai said that he was very steady and there was no anger in his words. Yun Feng was relieved.

In ten days, Ze Ran tried to find out about the royal family of the Yi Feng clan indirectly, but there was no progress. How would ordinary people know about the royal family? Ten days were fruitless. Yun Feng knew that there wouldn't be any news no matter how long he investigated. It was time to change their strategy.

There were too many risks if they wanted to sneak into the capital. There weren't ordinary masters lurking in the capital. Yun Feng believed that they couldn't break in

with their strength. If the Dragon Palace could be used, the problem would certainly be solved.

"What should we do to attract the attention of the royal family?" Qu Lanyi touched his chin. "It will be even better to let the royal family invite us."

Mu Canghai and Ze Ran sat aside in silence, thinking in their minds about what ability could make the royal family of one of the three largest tribes bow down to them. Yun Feng was silent for a few seconds and finally smiled. Qu Lanyi also smiled knowingly. To get them invited, Yun Feng's ability couldn't be more suitable. Pharmacist, grandmaster-level pharmacist!

The next day, a grandmaster-level potion appeared in the Auction House in the capital of Yi Feng, shocking everyone in the capital! Many people asked who sold this potion, but the Auction House kept their mouths shut!

Soon, the news of the appearance of a grandmaster-level pharmacist spread throughout the city. In less than half a day, the Yi Feng Royal Family took action! The members of the Royal Family directly came to the Auction House, but it was useless! The Auction House certainly didn't dare to disrespect them. The answer they gave was ambiguous!

"That madam said that if you want to find her, come to the Auction House in ten days. By then, we'll arrange to meet her." Apart from this, the Auction House didn't know anything else. The members of the Royal Family could only return empty-handed and wait for the meeting in ten days.

Ten days later, this grandmaster-level pharmacist would appear in the Auction House. The news spread like wildfire and there was immediately an endless commotion in the Yi Feng Royal City. It had to be known that a grandmaster-level pharmacist was even rarer than a powerhouse above the God Level! Especially in the Magic Beast territory! It was even rarer!

Yun Feng in the Endless Ocean had won the trust of the Clam Phoenix Royal Family with this identity, and it caused an even greater reaction here! In ten days, many members came because of her reputation and there was even no lack of pharmacists. Grandmaster-level pharmacists were incomparably attractive to the crowd!

Ten days. Every day, Yi Feng Royal City's hearts pounded fiercely. As the ten days approached the limit, more and more people surged into this place to see the glory of this grandmaster-level pharmacist! They had to meet her!

Finally, under everyone's anticipation and attention, the ten-day deadline was up! The sky was covered in dust and a lot of figures surged into the Auction House. The Auction House also knew the situation in the past ten days. They stopped all auctions today, as if they were preparing for the appearance of this grandmaster-level pharmacist!

There was a crowd. Everyone's face was full of excitement. Of course, there was no lack of members of the Yi Feng Royal Family. The person who came this time was the King of the Yi Feng Clan!

"Is that pharmacist here?" asked the King of the Yi Feng clan casually. The people of the Auction House replied in fear and trepidation, "Not yet."

The King of the Yi Feng clan frowned slightly and walked straight into the Auction House without saying anything. The crowd that gathered immediately caused a commotion! When everyone's eyes were focused on the Auction House and everyone was looking forward to the appearance of that pharmacist, a few figures pushed the door open and walked out from a quiet corner in the Yi Feng Royal City. One of them was a slim figure looking at the dazzling sunlight in the sky with her black eyes.

"Let's go." A clear voice sounded in the sky. Her slender body walked in the morning light and the corners of her mouth curled up slightly.

"The identity of a grandmaster-level pharmacist is indeed extraordinary. These bees are going all out for precious nectar." Qu Lanyi looked at the sea of people in front of the Auction House and said in a low voice. Yun Feng was also a bit surprised in her mind. Even though she knew that this news caused a sensation, she really didn't expect so many people to rush here today.

There were people all around. Oh, no, it should be beasts. Some of the excited audience had obviously turned into beasts. Looking over, there were really beasts dancing around. The three men protected Yun Feng carefully next to her, leaving a space for her alone. Qu Lanyi held Yun Feng's hand tightly and held her in his arms, in case these impulsive beasts bumped into her.

"Don't be hasty! Don't be hasty!" The staff of the Auction House shouted at the top of their lungs, but it was useless. The crowd kept surging towards the Auction House. Luckily, the Auction House was already prepared today. The staff of the Auction House shouted at the top of their lungs, "You can only enter with the number plate of the Auction House! Other people are not allowed to enter!"

There were a lot of boos among the beasts. Even though most of them were stopped from entering, there were still a lot of people who had number plates. Those with number plates all squeezed forward. Yun Feng and the others were also approaching carefully. There would certainly be small conflicts between people with number plates and those without number plates. The continuous small conflicts would cause a series of unpredictable consequences.

Very soon, a chaotic battle began in front of the Auction House.

"Stop fighting! Stop fighting!" The staff of the Auction House began to shout at the top of their lungs again, but the beasts that were boiling with anger couldn't be controlled at all.

How could they stop just because you wanted to? It was a chaotic battle. Yun Feng and the others moved forward with difficulty. Yun Feng couldn't help but smile wryly. Beasts were indeed beasts. A small fire could cause a group battle.

## Chapter 1599: The King's Visit (1)

"Don't worry about anything else. We just need to move forward!" Ze Ran roared. The few of them flashed through the chaotic battles. Cursing, fighting, and screaming! All kinds of sounds kept coming. It was chaos outside the Auction House!

"Why are you so noisy?" A voice came from the sky like a giant axe, creating a crack in the air! Everyone's heads buzzed. Those who couldn't stand it directly knelt on the ground and vomited blood. Those who could stand it stood there with a pale face and a stiff body.

Yun Feng and the others, on the other hand, felt heavy in their minds. They were fine. Yun Feng looked up and saw a tall and sturdy figure slowly walking out of the Auction House. He walked very slowly, but his aura was unusually strong! The chaos just then quietly retreated after one sentence.

The chaotic crowd instantly quieted down. The tall and sturdy man who walked out stood at the entrance of the Auction House and glanced at everyone with his sharp beast eyes. "Make another sound and get out of here!"

Qu Lanyi raised the corners of his mouth and continued walking forward with Yun Feng. Yun Feng heard a lot of heartbeats and the sound of the beasts swallowing. The person in front of her was extremely strong. He was above the God Level! Otherwise, he wouldn't have been able to shock everyone with one sentence!

"Please show me your number plate." The staff of the Auction House was drenched in sweat. They were also relieved when the situation was under control. They said to Yun Feng, who walked to the door. Yun Feng casually took out a number plate. The staff looked at it and his hand trembled fiercely.

"Ma... Madam... Please wait a moment. I'll invite the president here myself." After saying that, the staff of the Auction House turned around and ran upstairs. Yun Feng put away the number plate in her hand and waited quietly on the side. The other staff continued to serve the other guests, but they couldn't help but glance at Yun Feng from time to time.

What Yun Feng was holding in her hand was certainly different from others. She was holding the unique sign that symbolized the auctioneer! Showing this sign meant that she was the owner of that bottle of grandmaster-level potion!

The powerhouse standing at the door glanced at Yun Feng and the others from the corner of his eyes and his momentum secretly increased a bit, but he found that Yun Feng and the others' expressions still didn't change. The corners of the stalwart man's eyebrows suddenly jumped a few times and his momentum became a bit stronger!

Yun Feng and the others certainly knew that this powerhouse was deliberately exerting pressure. Their expressions still didn't change. They went all out in secret and resisted some pressure. Qu Lanyi chuckled. The powerhouse's eyes widened. He could still smile! Who were these kids?

"Ma'am, ma'am! You're finally here!" Soon, a panting middle-aged man ran down from upstairs with a panting receptionist behind him. Seeing Yun Feng, the middle-aged man heaved a sigh of relief and immediately ran over. His respectful look made the powerhouse at the door even more surprised.

Yun Feng smiled lightly. "Sorry, there are a lot of people at the door. I came a bit late."

"It's fine, it's fine! It's great that you're here!" The middle-aged man wiped his sweat. "Please. I'll take you upstairs right now. The king is here to see you. Please..." The middle-aged man led Yun Feng upstairs respectfully and the words he said in a low voice got further and further away. The tall and sturdy expert at the door didn't hear anything else, but he heard the most important thing. The king was here to see you... The king was here to meet the grandmaster-level pharmacist today. Perhaps...! The expert's eyes widened and he suddenly turned around, staring at the stairs Yun Feng walked past with his black eyes. Perhaps that little girl was the grandmaster-level pharmacist!

Yun Feng was led all the way up. After walking for a long time, she still hadn't reached her destination. She glanced down casually and saw that they were already a distance away from the ground. "Ma'am, this way." The middle-aged man who led the way pushed open a door and half-bent, waiting for Yun Feng to enter. Yun Feng nodded politely and walked in. Once she entered, she found that there was a long corridor in front of her. There were no doors on the corridor, only a door at the end.

Walking to the door with Yun Feng, the middle-aged man took a deep breath. "Ma'am, you're from the Endless Ocean, so you're certainly not restricted by the rules of the Magic Beasts on land. However... you should more or less give the king some face. After all, this is Yi Feng's territory."

"Thank you for your reminder, president. I'll remember it in my mind." Yun Feng smiled gently. The middle-aged man immediately put on a smile. "That's good. Then, please, ma'am." The middle-aged man gently pushed the door open. Instantly, a few powerful auras swept over from the room. Qu Lanyi's face darkened and his mental strength immediately surged out, kicking them back mercilessly!

"You're so rude. Aren't you afraid that we'll turn around and leave?" said Qu Lanyi coldly. The officers on the side turned pale. "My... My lord, This... This..."

Yun Feng chuckled and pushed them away completely. She stepped in. A man who seemed to have been waiting there for a long time looked up slightly and a fierce light flashed. Yun Feng sat down with a smile.

"You're the one who wants to see me?" Yun Feng said. The president's hand trembled on the side. "Ma'am, this is... This is..." The man sitting there waved his hand and stared at Yun Feng. "Do you really own that bottle of grandmaster-level potion?"

"Leader, that bottle of potion indeed belongs to this madam." The president replied quickly with cold sweat all over his face. Yun Feng smiled and didn't say anything. She sensitively found that there wasn't just one leader in this room.

The man didn't say anything. He sized Yun Feng up from head to toe with his sharp eyes. Yun Feng let him be and sat there relaxedly. Her young appearance definitely made the King of the Yi Feng clan suspicious. It was impossible for her to be such a young grandmaster-level pharmacist.

The King of the Yi Feng clan looked at Qu Lanyi with a gloomy gaze. "Do you know who I am?"

Yun Feng chuckled. The president on the side was sweating. "The president has already told me that it's my honor to meet the leader of the Yi Feng Tribe who has come in person."

The man chuckled. "Can I look forward to you?"

Yun Feng raised her brows. "Do you not want this bottle of potion?"

The King of the Yi Feng clan's face darkened and he glanced at the president. The president immediately understood and went out, closing the door very quickly. After he went out, the man finally said, "I want the ability of a grandmaster-level pharmacist, not just a bottle of potion."

Yun Feng raised her brows. "It seems that you have a plan?"

The King of the Yi Feng clan leaned back and raised his thick eyebrows slightly. "If you have the strength, I can accept a request of yours."

## **Chapter 1600: The King's Visit (2)**

Yun Feng smiled. "One request? Anything?"

A glint of darkness flashed through the eyes of the King of the Yi Feng clan. "Anything is fine."

"Hahahaha!" Yun Feng suddenly burst into laughter. "Your Majesty, a grandmaster-level pharmacist doesn't care about other people's charity, even if you're the king of a tribe! What can I not have?"

The King of the Yi Feng clan's face darkened. Yun Feng was still smiling. "Even though this is your territory, don't underestimate the connections and ability of a grandmaster-level pharmacist. I'm from the Endless Ocean. Your Majesty doesn't want to cause unnecessary trouble, right?"

The King of the Yi Feng clan's face darkened. This seemingly childish little girl was really a grandmaster-level pharmacist! He couldn't miss this opportunity. He must make this pharmacist in front of him say yes!

"Your Majesty, you should think about the terms that can interest me. It won't be too late to talk then." Yun Feng got up and turned around to leave without hesitation. The King of the Yi Feng clan sat there and said without changing his expression, "What do you want?"

Yun Feng rolled her black eyes and the corners of her mouth curled up. "For a pharmacist, the formula is the most attractive."

The King of the Yi Feng clan burst into laughter. He flipped his hand and a piece of paper appeared in his hand. "Swish...!" He moved his finger slightly and the paper pounced at Yun Feng. Yun Feng raised her hand and caught the paper. When she took it and looked at it, her heart sank!

Mu Canghai reached out and held Ze Ran's arm firmly, pressing his hands that were about to move. Qu Lanyi's black eyes glittered with a hint of coldness. Yun Feng turned around and the King of the Yi Feng clan raised the corners of his mouth. "How about it? If you're willing, this formula is yours."

Yun Feng chuckled and held back the surging feelings in her heart. Her red lips slowly curled up as she shook the paper in her hand. "Very good. Deal."

The King of the Yi Feng clan smiled in satisfaction and got up. "In three days, I'll send someone to pick you up. Your servants... will go with you." After saying that, the King of the Yi Feng clan pushed the door open and walked out. A few powerful auras hidden in the room followed him out. Mu Canghai finally let go. Ze Ran's eyes were already red!

Yun Feng looked at the formula in her hand and her black eyes darkened slightly. It seemed that she didn't have much time left.

The few of them left the Auction House in a low-profile manner and returned to their place of residence. Ze Ran's face was covered in dark clouds and there was also a faint red color around his original black eyes. If Mu Canghai didn't stop him just then, his clenched fists would probably have already moved uncontrollably.

"Bang!" Splinters of wood flew everywhere. An intact table shattered under Ze Ran's punch!

Mu Canghai sighed helplessly. Qu Lanyi looked at Ze Ran coldly. He was about to say something when Yun Feng grabbed his arm gently and shook her head. Qu Lanyi pursed his lips and didn't say anything. Yun Feng sighed softly. "Ze Ran, this is our only chance."

Ze Ran was silent and his face was gloomy. He stood there without saying a word. Mu Canghai walked out. "Time is tight. If we lose this opportunity, Miss Hei will probably... We should plan our next move."

Yun Feng nodded. "Ze Ran, do you want to calm down first?"

"No need." Ze Ran finally raised his head slowly. "No matter what your plan is next, I agree. However, there's one thing I need to ask clearly!"

"What's the matter?" Qu Lanyi raised his brows. Ze Ran looked at Yun Feng. "Will the potion on that formula... really... kill that baby?"

"Isn't that better? If that kid disappears, won't your connection with Miss Hei be completely cut off?" Qu Lanyi sneered. Ze Ran's body stiffened. Yun Feng's expression changed slightly. "Lanyi!" This was too much for Ze Ran.

"Qu Lanyi, you're going too far!" Mu Canghai said with a gloomy face. "Ze Ran is already in a bad mood. You don't have to make things worse!"

"He's right!" Ze Ran roared. "Qu Lanyi is right. I once thought that if that kid was gone... Perhaps my life would return to how it used to be. I would return to what I used to be! For a moment, that was indeed what I thought!" The muscles all over his body tightened and blue veins appeared on his arms. Ze Ran stood there with his fists clenched tightly, as if he was trying his best to shout out his thoughts.

"Ze Ran..." Yun Feng wanted to say something, but she didn't know what to say. What Ze Ran experienced had already made him unable to go back to the beginning. Even if that kid wasn't here, he couldn't go back anymore.

"As a man, you should shoulder the responsibility that belongs to you! Running away is a choice only the weak make!" Qu Lanyi said as he turned around. "I'll go in first. Call me when you discuss the plan later."

Qu Lanyi turned around and left. Yun Feng raised the corners of her mouth helplessly. Couldn't he express this in a gentler way? Mu Canghai was stunned. He glanced at Ze Ran, who smiled wryly. "He's right. Only the weak choose to avoid everything. As the father of this child... No matter how this child comes to the world, I should bear this responsibility."

"You don't have to force yourself to do anything," said Mu Canghai. Ze Ran nodded. The last trace of hesitation and doubts in his heart disappeared just like that. His path was already in front of him, but he just didn't want to walk it or touch it! He had no way out!

"I know what I should do." Ze Ran smiled at Yun Feng lightly. Those slightly misty black eyes just then were extremely clear at this moment. Ze Ran seemed to have settled down. Yun Feng couldn't feel that restlessness anymore. It seemed that he had really prepared how to move forward in the future.

"I'll go find him. We'll come up with a plan later."

Ze Ran and Mu Canghai both nodded. Yun Feng came to the back room and saw a slender figure sitting lazily on the roof. Yun Feng flew up with a smile at the corners of her mouth. The man turned around with a smile. "Why? Have you all agreed?"

Yun Feng nodded and sat down next to Qu Lanyi. The man pulled her into his arms. "Lanyi, why didn't you be more tactful? You did it for Ze Ran's own good. You were considering for his sake, but..."

"Who said I did it for his own good?" Qu Lanyi raised his brows and curled Yun Feng's hair around his fingertips. "I was just telling the truth. I didn't mean anything else."
