

## Genius Summoner

### Chapter 1601: Yun Feng, a Summoner Among Humans (1)

Yun Feng chuckled and didn't refute anymore. "Yes, yes."

Qu Lanyi flicked Yun Feng's cheek. "Speaking of which, is that kid... already planning to be together with Miss Hei?"

Yun Feng was shocked. "Can they... really be together?"

Qu Lanyi curled his silky hair and whispered casually, "It's not a matter of capability, but one of willingness."

"I wonder what kind of... Magic Beast Miss Hei is..." Yun Feng frowned. She certainly hoped that Ze Ran would be happy, but the premise was that Miss Hei could make Ze Ran happy.

Qu Lanyi frowned and flicked Yun Feng's cheek again. "You care about that kid a lot?"

Yun Feng chuckled. Qu Lanyi glanced at her and suddenly thought of something. "Were you thinking that if Ze Ran and Miss Hei could be together, Qingqing and your wolf would also be together?"

Yun Feng raised her head in shock. How did he know what she was thinking? It was just a fleeting thought! Qu Lanyi lowered his head and squeezed the bridge of Yun Feng's nose. "I know everything you're thinking."

Yun Feng slapped the man's hand away gently with a serious expression. "Do you mean... Qingqing and Little Fire can't be together?"

Qu Lanyi turned around and looked ahead with his black eyes, looking a bit lofty. "As I said before, there's no happy ending between Magic Beasts and humans. If they really want to be together, they must make sacrifices."

"... Sacrifices?"

Qu Lanyi slowly turned around and looked at Yun Feng with his black eyes. His black eyes were like a deep night sky that couldn't be seen to the end. "One party must abandon everything they have. Friends, family, races, even bloodlines. Just like Ze Ran, which side should he and Miss Hei's child belong to? Fengfeng, can you give an answer?"

Yun Feng was stunned. The child would be neither a beast nor a human!

"Humans and Magic Beasts aren't compatible at all. It's impossible for one party to accept the other, unless you abandon everything you originally had. Humans aren't humans anymore, and Magic Beasts aren't Magic Beasts anymore."

Yun Feng was silent. What Qu Lanyi said gave her a very deep psychological shock. "So, the relationship between a Magic Beast and a human being is a matter of willingness. Qingqing and your wolf, is one of them really willing to abandon everything?"

Yun Feng's heart tightened. Qu Lanyi continued, "Even if they can abandon everything, how will their bloodline survive in this world in the future?"

Yun Feng's heart sank. Little Fire was going back to the Magic Beasts after all, and Qingqing... Even if she could abandon everything and follow Little Fire, could the world of Magic Beasts really accept her? Even if they could be together, how could their child survive in the world of Magic Beasts?

"Master, he's right!" Little Fire's voice suddenly jumped into Yun Feng's mind. "If Master really cancels the contract one day, I'll return to the World of Magic Beasts and won't stay in the human world. That silly girl... I don't want to be restrained by any emotions. I want freedom!"

Yun Feng didn't know what to say. Qu Lanyi caressed Yun Feng's hair gently with his warm hand. "The rules in this world aren't fixed... Perhaps they'll change one day. Don't think about these things for now."

Yun Feng was silent. If Qu Lanyi wasn't a human being but a Magic Beast, what choice should she make? If she stood in Xia Qing's shoes, where should she go? Seeing that Yun Feng didn't say anything for a long time, Qu Lanyi turned his handsome face and found that Yun Feng was looking at him in a daze with a conflicted expression. He immediately smiled.

"I've said it before. I know exactly what you're thinking." Qu Lanyi pulled Yun Feng into his arms and lowered his handsome face. His warm breath landed in her ears. "What are you worried about? No matter who we are, the result won't change."

Heat slowly surged into the bottom of Yun Feng's heart and comforting words sounded in her ears. Yun Feng's red lips curled up slightly. Right, no matter what their identity was, the result wouldn't change. They were destined to meet, fall in love and be together.

Days passed quickly. Today was the day she agreed to meet the King of the Yi Feng clan. After coming to the Auction House, Yun Feng didn't see the King of the Yi Feng clan this time, but the envoy he sent. Yun Feng smiled. After all, he was the King of a

clan. The last time he came in person, he must have come for her identity as a grandmaster-level pharmacist and given her enough face.

Under the lead of the envoy, Yun Feng and the others approached the Yi Feng Royal Palace. Just as Yun Feng expected at first, the security here was tight and there were masters everywhere. If they wanted to break in, they would probably be unable to return. The deeper they went, the fewer masters there were, but their strength increased!

Qu Lanyi, Ze Ran and Mu Canghai all acted as servants. Yun Feng and the envoy walked in the front, while the three of them walked behind. They all restrained their auras carefully and didn't do anything to test the waters. Since they had come in successfully, they couldn't be too hasty. There would always be a chance to attack.

"The servants will wait outside the door. Master Feng, please come in with me." After saying that, the envoy led Yun Feng in with a respectful look. He pushed the door open and entered. A faint fragrance pounced. The envoy led Yun Feng all the way in, passing through the thresholds until they saw the door of the small house.

"Your Majesty, Master Feng is here." The envoy said respectfully outside. "Alright, let her in."

"Master Feng, please." The envoy bowed and walked out with a smile. Yun Feng frowned slightly as she pushed the door open and entered. Two extremely powerful auras instantly swept through her entire body! Yun Feng looked at the two corners of the room with her black eyes and her face darkened slightly.

"Your senses are quite keen. Alright, you may leave." The King of the Yi Feng clan, who was sitting there, raised the corners of his mouth and waved his hand casually. The two powerful auras instantly disappeared. Yun Feng walked over indifferently. The King in front of her was certainly confident to dismiss the bodyguards. After all, his strength wasn't insignificant!

"Take a seat." The King of the Yi Feng clan pointed at the seat on the side. Yun Feng sat down as requested. The King of the Yi Feng clan rubbed his temples and said indifferently, "Since you're here, it means that you agreed to my request. Is that right?" He looked at Yun Feng with his fierce beast eyes. Yun Feng chuckled and knew that this king was already very polite to her.

## **Chapter 1602: Yun Feng, a Summoner Among Humans (2)**

"That's right. What does the king want me to do?"

"Did you bring the formula from that day?"

"Of course I did. This formula is very strange. Is this the potion the king wants me to make?" Yun Feng took out the formula from that day. A fierce glint flashed through the eyes of the King of the Yi Feng clan and his face darkened a bit. "That's right. I asked you to make this potion."

Yun Feng raised her brows and the corners of her mouth curled up. "It's not difficult to make this potion, but..."

"But what?"

"The effect of this potion directly affects the body itself. If we want to achieve the optimal effect, we need something from the body."

"What do you mean?" The King of the Yi Feng clan frowned. Yun Feng chuckled and waved the formula in her hand gently. "I mean, I want to meet this pregnant mother."

"No!" The King of the Yi Feng clan slapped the table fiercely with his big hand and his expression immediately became ferocious. "I'll get you whatever you need!"

So strict? Yun Feng frowned. This was the only chance she had to figure out Miss Hei's exact location. If she missed this opportunity, it would be like looking for a needle in a haystack! "In that case... I can do that, but... if anything goes wrong with what I want, this potion will be useless."

"Is it really that serious?" The King of the Yi Feng clan frowned fiercely and looked at Yun Feng with his beast eyes. Yun Feng nodded. "The success rate of the grandmaster-level potion is very low, and the success rate of this formula is even lower. It takes a lot of effort to make it. If I fail, please find someone else."

The King of the Yi Feng clan sat there with a conflicted look. Yun Feng looked at his expression and was puzzled in her mind. This formula was similar to the abortion medicine, but the obvious difference was that it didn't hurt the mother and was only effective on the fetus. Didn't the King of the Yi Feng clan decide to execute Miss Hei secretly? Why would he abort the child in her womb? If she died, wouldn't the child in her womb also not be able to survive?

The King of the Yi Feng clan hesitated for a long time and finally compromised. "Sure, but you only have one chance."

Yun Feng nodded with a smile. "Sure. One chance is enough for me."

The King of the Yi Feng clan stood up and looked at Yun Feng with his beast eyes, as if he wanted to see through everything about her. After a while, "Come here."

Yun Feng walked over and stood next to the King of the Yi Feng clan. The King of the Yi Feng clan lowered his eyes slightly as the aura of the Magic Beasts surged out of his body and instantly surrounded the two of them. In her blurry vision, Yun Feng only saw that the King of the Yi Feng clan seemed to have activated something. Then, her body was pulled over forcefully. When she opened her eyes again, there was already a different scene in front of her.

This was a long and narrow secret passage that was completely dark. Faint light seeped in from somewhere. Yun Feng only felt like a huge rock was pressing on her heart, making her a bit breathless. "Come here." The King of the Yi Feng clan strode forward. Yun Feng followed behind. Her body was only covered in darkness and there was no sound at all. It was very quiet.

After walking for an unknown period of time, they seemed to have turned a few corners. There were finally a few spots of light in front of this dark passage. The King of the Yi Feng clan took a few steps and Yun Feng heard the sound of chains and a hoarse voice.

"Who is it?"

Under the dim light, Yun Feng saw the suddenly gloomy expression of the King of the Yi Feng clan. The muscles on his lower forehead twitched a few times fiercely. Yun Feng also stepped forward. In the dim light, she saw the woman sitting against the wall with her feet tied by chains.

It was much better than she thought. Yun Feng heaved a sigh of relief in her mind. The woman's face was pale and her body was skinny. Apart from that, everything else was fine. Yun Feng thought she would be tortured, but apparently not.

"Don't even think about touching my child!" The woman protected her abdomen firmly with her hands and shrank back to the wall. She looked at the King of the Yi Feng clan with anger and fear in her eyes. The muscles on the King's forehead twitched fiercely again.

"That's her." A deep and cold voice sounded. Yun Feng took a step forward. The woman immediately shrank back desperately when she saw Yun Feng. "You're not allowed to get close to me! Get lost!"

Yun Feng raised her brows. The King of the Yi Feng clan said coldly, "You may begin."

Yun Feng frowned. The King of the Yi Feng clan obviously didn't intend to leave. How could she communicate with Miss Hei? Could she use telepathy? Yun Feng frowned and moved forward. The woman immediately growled when she saw that. "If you get any closer, I'll definitely cut your head off!"

This Miss Hei had a very strong personality. Yun Feng approached again and only heard the roar of a wild beast. The woman, who was originally leaning against the wall, jumped up and directly turned her arms into beast hands, pouncing on Yun Feng. Yun Feng smelled a strong smell of blood and her body flashed to the side keenly. However, this Miss Hei was even faster and her huge hand had already slapped down!

"How dare you!" The King of the Yi Feng clan roared, followed by a powerful aura!

"Argh!" "Bang!" The woman's body was hit squarely and she hit the wall. The chains on her feet made messy sounds! Yun Feng's pupils shrank when she saw this. The King of the Yi Feng clan really didn't show mercy!

"Whoosh, whoosh..." The woman leaned against the wall while panting. She stared at Yun Feng firmly with her slightly red eyes and covered her abdomen with her hand again. Yun Feng turned her head slightly and saw the furious but extremely forbearing expression of the King of the Yi Feng clan. A trace of blood flowed out of the corners of the woman's mouth, but she burst into laughter at this moment!

"Hahahaha! Why didn't you kill me? Father, you wouldn't dare to let me die, would you?"

A fierce aura surged from behind him. The King of the Yi Feng clan was obviously enraged! However, to Yun Feng's surprise, he slowly suppressed it again! "Don't provoke me!" The King of the Yi Feng clan's deep and cold voice came. The woman wasn't angry at all. Instead, she smiled.

"Provocation? I'm provoking you. So what?"

This Miss Hei was quite interesting. Yun Feng looked at the pale but stubborn woman in front of her. The anger of the King of the Yi Feng clan behind her was ignited again. This Miss Hei was really provoking her. She really hoped that the King of the Yi Feng clan could kill her!

"My king, you'd better back off, or I won't be able to do anything," said Yun Feng. The King of the Yi Feng clan raised his brows and was silent for a while before he finally walked away, leaving Yun Feng alone. The woman relaxed her body and leaned against the wall, looking at Yun Feng coldly. "Wasn't the warning I gave you just then enough?"

## **Chapter 1603: Yun Feng, a Summoner Among Humans (3)**

Yun Feng looked into the woman's eyes. There was a charming amber color in her eyes. Even though they were cold, they were still charming. If she weren't too skinny and pale, this Miss Hei would probably be a graceful top beauty.

Yun Feng chuckled and took a step forward. Fierceness burst out of her amber eyes. "Get closer to me and I'll kill you!"

"Miss Hei, the child in your belly seems a bit different." Yun Feng looked at the abdomen that she was protecting with her hands. The woman sneered. "Don't think I don't know what you're here for. Don't even think about it!"

Yun Feng squatted down and looked at the woman in front of her who was vigilant all over her body to protect the child in her belly. She chuckled softly and approached step by step. Seeing Yun Feng keep approaching, the woman suddenly roared and jumped up, pouncing directly!

The chains on the ground slid. Yun Feng turned her body slightly and extended her hand forward, firmly grabbing the giant claw of the Magic Beast that was reaching for her! The amber eyes widened! She was still dodging in such a sorry state just then. Why was she doing it with ease right now?

She grabbed the woman's wrist and pulled her over. The moment the two of them passed each other, Yun Feng whispered, "Ze Ran, do you remember this name?"

"W-What..." Shock, delight, surprise! All kinds of expressions appeared in her amber eyes. Yun Feng smiled gently and let go. The woman stood there in a daze and then raised her head. "You're Yun Feng?"

Yun Feng was shocked. She knew her name? The woman looked at Yun Feng and chuckled. "It's indeed you..."

"You know me?"

The woman curled her lips and leaned against the cold wall. She touched her belly gently with her hands. "The name he mentioned the most was Yun Feng. There's only one person he's been talking about, Yun Feng..." She mumbled. Yun Feng didn't say anything after hearing that. The woman looked up. "What are you doing here?"

The pale and skinny woman in front of her seemed to be emitting a kind of power at this moment. Yun Feng curled her lips helplessly. She seemed to have misunderstood something. "I'm here to save you."

"Save me? No need." The woman rejected her coldly, which was beyond Yun Feng's expectation. "I'm not the only one here this time. There's also Ze Ran."

The woman's body trembled slightly and a hint of bitterness flashed through her eyes. She looked away. "So what?"

So what? Yun Feng raised her brows. "You don't want to see Ze Ran?"

The woman's face darkened even more. "He won't see me. He's here for the child in my belly, right? Tell him that I'll give birth to this child safely. The child will be fine. He can go."

Hearing this, Yun Feng was extremely conflicted in her mind. It seemed that things were more tricky than she thought. Miss Hei wouldn't cooperate well. "Give birth to this child safely? You must know what the King of the Yi Feng clan is thinking!"

"Of course I know. It's useless no matter how hard he tries! I'll do my best to protect this child!"

"He can kill you anytime you're here! If you die, this kid won't be able to live either!"

The woman chuckled. "He doesn't dare to kill me. If he kills me, everything he has will be gone!" The woman looked up at Yun Feng. "You won't understand. You don't need to understand. You just need to take him away... far away from here!"

Yun Feng frowned. Miss Hei was even more stubborn than she thought! "Ze Ran is this kid's father. He has the right to have this kid!" Yun Feng said. The woman was startled. "Don't forget that half of this kid is Ze Ran's bloodline! You can't decide everything alone!"

"That's none of your business!"

Yun Feng stood up with coldness at the corners of her mouth. "This indeed has nothing to do with me. Miss Hei, I'll bring Ze Ran here next time."

"No! You can't do that!" Her amber eyes were full of anxiety. Yun Feng slowly lowered her body. "You still care about him in your mind, don't you?"

Her amber eyes glittered again and again. In the end, she turned her head away in embarrassment. Yun Feng sighed helplessly. "If it's because of me, you don't have to worry."

A bitter smile. "He said he never wanted to see me again. He said how great it would be if he had never met me..."

Yun Feng's heart ached. Even though she could understand Ze Ran's feelings at that time, Miss Hei was deeply hurt in her mind. She really liked Ze Ran with her heart. Yun Feng raised the corners of her mouth and didn't know how to comfort her. She was quite hurt.

"Maybe things aren't as you think..." Yun Feng deliberated and said. "Ze Ran went to the Endless Ocean to find You Yan's blood for you."

The woman was startled and smiled wryly again. "He indeed hopes to get rid of me as soon as possible. I said back then that if he can find You Yan's blood, I'll let him go and won't pester him anymore..."

Yun Feng was stunned. The woman's expression was even colder than before. "You can go now."

Forget it. She had to figure out where she was first. She would bring Ze Ran in next time! "Tell me first, where is this place?"

The woman raised her brows. "Why? You still want to bring him in? That's impossible! This is the place where the Yi Feng clan detains serious criminals. There are more than ten guards above the God Level outside. How are you going to get in?"

Yun Feng chuckled. "I have my ways, but Miss Hei..." Yun Feng bent down and gently covered those cold hands with her hand. The woman's pupils shrank fiercely. Yun Feng whispered softly, "Isn't it a bit too early to give up now?"

"You..."

Yun Feng smiled lightly and got up. "I'll come again. You'll have a good talk with him then." After saying that, Yun Feng turned around and left. The woman leaned against the wall and pondered. As soon as she came out, the aura of the King of the Yi Feng clan surged towards her. "Are you done?"

Yun Feng nodded. "It went well, but it'll take some time to make the potion."

The corners of the King's mouth curled up in the darkness. "It doesn't matter, as long as you can make that potion."

Yun Feng looked back at the weak light behind her. In the next moment, she was brought out by the King of the Yi Feng clan. Yun Feng glanced at the King of the Yi Feng clan's hand and her black eyes glittered. She turned around and walked out without saying anything. The envoy, who had just left, bowed respectfully. "Master Feng, the king wants you to stay in the palace during this period of time."

## **Chapter 1604: Yun Feng, a Summoner Among Humans (4)**

Yun Feng nodded. "Sure. It's convenient for me if anything happens."

"Master Feng, this way please." The envoy led Yun Feng out. She saw Qu Lanyi and the others outside. Ze Ran's expression froze. Yun Feng said calmly, "You three, come with me."

Under the lead of the envoy, Yun Feng and the others were led to a rather quiet corner. The King of the Yi Feng clan probably didn't want anyone to disturb Yun Feng. This place was very quiet. The envoy left after saying a few words. Yun Feng closed the door. After Mu Canghai sealed the space, Ze Ran finally couldn't hold it in anymore.

"You saw her?"

Yun Feng nodded. "She's fine. She just lost a bit of weight. The child in her belly is fine."

Ze Ran couldn't help but heave a sigh of relief. Yun Feng continued, "Miss Hei is being detained in the place where the Yi Feng clan keeps the felons. There are more than ten experts above the God Level guarding outside. It's not easy to enter. I was able to get inside through the King of the Yi Feng clan."

"It seems that it's impossible to attack from the outside," said Qu Lanyi. There were no less than ten Gods. Their chance of breaking in from the outside was zero.

"There's only one way. Let the King of the Yi family take us in himself." After saying that, Mu Canghai's face couldn't help but darken. Qu Lanyi looked at Yun Feng. "Do we need any Teleportation Array to enter?"

"I entered too quickly. I didn't see it clearly, but I found a small wound on the hand of the King of the Yi Feng clan. I'm afraid we need the blood of the King to enter."

"It's not difficult to get blood. Just say that there are a few drops of blood required in the potion. The King of the Yi Feng clan will deliver them himself. The key is how to get in after obtaining the blood." Qu Lanyi held his chin and frowned slightly, mumbling, "It should be through a Teleportation Array. It involves the Law of Space. Mu Canghai might be able to..."

"Then give it a try," said Yun Feng. "The patience of the King of the Yi Feng clan isn't enough for us to find a foolproof method." The conversation between the King of the Yi Feng clan and Miss Hei kept echoing in Yun Feng's mind. Something was wrong.

As Qu Lanyi expected, the King of the Yi Feng clan delivered the King's blood himself. Next, they had to find an appropriate opportunity to sneak into the room Yun Feng entered back then. Perhaps the heavens were helping Yun Feng. The King of the Yi Feng clan left the royal palace for something, so the few masters next to him certainly followed him. Nobody stayed in that room back then. The King of the Yi Feng clan had never thought that someone would try everything to sneak in there.

"Let's begin." They snuck all the way in without any danger. The few of them finally arrived at the inner room where Yun Feng entered back then. Yun Feng dripped the king's blood on the ground. A glint of light flashed through Mu Canghai's gray eyes. The entire space wiggled gently and the blood was crushed by the space. Instantly, a slight distortion appeared in his vision!

"As expected!" Yun Feng and the others were delighted, but Mu Canghai frowned tightly. "I'm not strong enough to open this space! You need to help me!"

A few streams of power gathered together. Faint light appeared in Mu Canghai's hand and he extended it towards the spatial crack in front of him. He gritted his teeth and slowly pulled with his arms!

"Open!"

The distorted spatial crack was slowly torn open! Mu Canghai roared, "Jump down quickly! I can't hold on for long!"

Yun Feng, Qu Lanyi and Ze Ran immediately jumped in and were instantly pulled into the dark crack. Mu Canghai gritted his teeth and quickly jumped in too. With the sound of the wind, the spatial crack that was torn instantly closed and the space shook fiercely!

"Someone broke in!" A few fierce auras instantly woke up and pairs of fierce beast eyes instantly opened!

"Swish, swish, swish, swish!" A few figures flew forward one after another. Their destination was the place where the Yi Feng clan imprisoned the felons!

Rapid footsteps sounded in the dark passage. Ze Ran walked through the dark passage. His heart was like a huge rock. He didn't know how long he walked until some light finally appeared in front of him!

"We're here!" Yun Feng, who was walking in the front, shouted. The woman, who had been sitting against the wall, was extremely shocked to see her. She... was really here!

Qu Lanyi and Mu Canghai followed her one after another. The woman leaned against the wall and looked at these strangers. Her cold hands began to tremble. Would he come... Would he come... Rapid panting suddenly sounded in her ears. Her amber eyes shrank fiercely and a figure came into sight!

"You..." Ze Ran looked at the woman in front of him and was a bit speechless. His heart raced and a complicated feeling surged in his heart.

The woman turned her head away, looking a bit messy. Her body was curled up. Ze Ran's heart tightened when he saw that. Did she have such a helpless moment? "Stop daydreaming! Our time is precious!" Qu Lanyi shouted in a low voice. Ze Ran's eyes darkened as he strode over. He immediately transformed his hands and exerted strength, breaking the chains on the woman's feet.

Ze Ran reached out his hand, but the woman suddenly waved it away! "Didn't you say you don't want to see me again?"

Ze Ran's black eyes darkened and he reached out again. The woman pushed him away fiercely. "I've fulfilled your wish. What else are you dissatisfied with?"

Ze Ran pursed his lips and didn't say anything. Ignoring the woman's resistance, he picked her up forcefully. The woman struggled desperately. "Let go of me! You said you don't want to see me again. Let go of me!"

"I'm here to take you away." Ze Ran looked at the woman in his arms firmly with his black eyes. The woman was startled. Then, she wrapped her arms around Ze Ran's neck and bit it fiercely as tears flowed down.

"How boring..." Qu Lanyi rubbed his forehead. Yun Feng chuckled and was happy for Ze Ran. Mu Canghai's expression suddenly changed. "Let's go! We seem to have been discovered!" After saying that, he was about to tear open a spatial crack by force, when a few wild auras pounced and completely shattered Mu Canghai's power of space!

"It seems that we can't leave even if we want to." Qu Lanyi's eyes were cold as he pulled Yun Feng behind him, while Ze Ran protected Miss Hei in his arms behind him. The three men all looked ahead gloomily as a few arrogant masters slowly walked out of the shadows.

"You won't be able to come back. This is your ending!" A few auras swept over and the three men attacked at the same time. The two forces collided violently. "Boom...!" A huge shattering sound echoed in their ears, causing dust to fly!

## **Chapter 1605: Yun Feng, a Summoner Among Humans (5)**

"Five Grade-9 Gods. It seems that it's a bit tricky," whispered Qu Lanyi. Yun Feng's black eyes darkened. Five Grade-9 Gods!

The five experts instantly dispersed and pounced forward with the aura pressure of Grade 9 Gods! A battle was about to begin!

"Fengfeng, take that woman and leave first!" Qu Lanyi raised his hand and dark elements that were as black as juice oozed out of his body. His pure black eyes were instantly stained with redness! The three men stopped the five Grade 9 Gods forcefully. Yun Feng grabbed Miss Hei and flipped her hand. The Ultimate Crystal Beast appeared!

The Ultimate Crystal Beast originally wanted to wheedle at Yun Feng, but as soon as it came out, it felt that the atmosphere was wrong. Yun Feng pointed at the wall in front of her. "Open the way!" The Ultimate Crystal Beast immediately opened its mouth and bit down. The stone disappeared in the Ultimate Crystal Beast's mouth like tofu. Perhaps it

was frightened by the atmosphere, it bit very quickly! After a while, a passage appeared in front of Yun Feng!

Holding Miss Hei in her hand, she rushed into the passage. "I don't want to go! Let go of me!" Miss Hei struggled desperately. Yun Feng suddenly turned around and shouted, "Shut up!"

Miss Hei was stunned. "I'll send you to a safe place later. Stay there! Don't let our efforts go to waste!"

"What... What about you?"

Yun Feng chuckled and looked back. "I... certainly have to go back!"

The amber pupils shrank fiercely. Yun Feng felt a faint light shining in from outside and knew that she was about to reach the end. She put the Ultimate Crystal Beast into the container and slapped it fiercely with all the strength in her hand!

"Boom!" The wall shattered and Yun Feng's body jumped out. However, a huge claw descended and stuck Yun Feng's throat firmly!

Yun Feng swung her hand and threw Miss Hei into the passage again. "Go... Go back... Go back..."

Miss Hei didn't move. She just sat in the passage in a daze and looked at the owner of the giant claw that was holding Yun Feng's throat with her amber eyes. "Xiu Yan... Why are you here..."

The giant claw holding Yun Feng's throat tightened fiercely. Yun Feng only felt that she was hardly breathing. There was madness in the orange eyes of the owner of the giant claw as he laughed crazily. "My Lady, what's wrong with me being here? If I weren't here, I'm afraid you... would have escaped!"

"Cough!" Yun Feng's throat tightened again. Miss Hei immediately shouted, "Let her go! I planned everything! It has nothing to do with anyone else!"

"My Lady, do you think you can make me let them go with just one sentence? You're truly daydreaming!" The orange beast stared at Yun Feng. "I can squeeze an ant like you to death in one go. Do you think you can take her away?"

There were already a few traces of blood on Yun Feng's neck, but there was a cold smile in her black eyes!

"Are you smiling?" The orange eyes narrowed fiercely. The coldness in Yun Feng's eyes became deeper. She slowly closed her black eyes and a smile appeared in the orange eyes. "Ant, are you waiting to die?"

A smile slowly appeared on her red lips and she opened her black eyes. Dazzling five-color light flashed through her eyes!

"What?" Shock flashed through the beast's eyes. Yun Feng flipped her hand and the five-color Rings of Contract appeared in her hand! A huge amount of mental strength surged out of her body like waves. The aura of the Sea Clan inside her body completely faded, revealing her original posture!

"You're... a human being!" The orange beast's eyes were full of shock. A human being! A human being entered this place! How was that possible?

Five-color light flew out of the five Rings of Contract. The giant claw suddenly loosened and its body took a few steps back! When it looked up again, five figures had already appeared from the light and stood next to the girl!

The roar of a wild beast resounded in the sky and the pupils in the beast's eyes shrank! She was... a human summoner!

"How did a human summoner enter this place?" Xiu Yan roared as he stared at the five Magic Beasts with different bodies next to Yun Feng with his orange eyes and his hands trembled slightly. When did they get infiltrated? When did those people reach such a deep area? This was the absolute territory of Magic Beasts. Humans weren't allowed to step in at all! Humans who stepped in must die!

"No matter how you got in, you must die!" The giant hand of the Magic Beast came and its huge body pressed down like a huge mountain. Under the shadow, there was only the pressure of the Magic Beast!

The five contracted Magic Beasts moved at the same time and five dazzling beams of light scattered around Yun Feng!

Water, fire, wind, lightning and earth! The dazzling light of the five elements exploded in the sky. Xiu Yan was wrapped in them and roared!

"Master, take Miss Hei away first!" Lan Yi's voice flashed in her mind. Yun Feng came back to herself and grabbed Miss Hei with one hand, rushing away with her!

"You... You don't care about your contracted Magic Beasts?" Miss Hei looked at the side of Yun Feng's face in shock and asked. Yun Feng curled her lips. "I just need to take you away. You... don't have to worry about them." With a thought, they would all return to her side safely!

Miss Hei swallowed secretly. A five-element summoner... Such a... freak was born among humans!

"You can't get away!" Xiu Yan roared furiously as he waved the mist in front of him away with his hand. His body, which was about to chase after them, was suddenly wrapped tightly by a few huge vines! "It's impossible for you to chase after them." A cold and soft voice sounded. Xiu Yan turned around. There was a cold smile on Sister Hua's enchanting face and a strange glint flashed through her green eyes. "Whoosh!" Countless vines surged out of Sister Hua's body and spread around her like snakes. Xiu Yan's pupils shrank! Double-Faced Ghost Wheel!

"Leave him to me. Go help Little Yun Feng!" Sister Hua shouted in a low voice. Little Fire, Lan Yi and Yaoyao immediately chased after her. Xiu Yan couldn't be the only one blocking the way. There must be other masters ahead!

"I'll leave this place to you!" The three contracted Magic Beasts had already chased after her, but Er Lei looked at Sister Hua deeply. Sister Hua shivered. "Monster... What are you looking at?"

Er Lei put on a smile. "Can you deal with him alone? Don't force yourself."

Sister Hua burst into laughter and ran her slender fingers across her face with a weird smile. "Who said I'm alone?"

Yun Feng ran all the way forward with Miss Hei. There were countless mountains in front of her eyes. Yun Feng didn't know where to go at all. She could only choose a direction and stick to it! Miss Hei pursed her lips and didn't dare to say anything. Yun Feng's identity as a five-element summoner shocked her. She more or less understood what kind of feelings Ze Ran had for Yun Feng in her mind. If she were a man, she would also take a few more glances at such a dazzling woman!

## **Chapter 1606: Yun Feng, a Summoner Among Humans (6)**

"How dare you, human! Where do you think you're going?" A few voices came from different directions. Miss Hei's expression changed and she grabbed Yun Feng's sleeve. "Take me back! You're not their match!"

Yun Feng held her hand tightly! "We can't let our efforts go to waste!"

"Yun Feng!" Miss Hei pulled her sleeve fiercely. "How can you break through the encirclement of a few God Level experts alone? Send me back! Father won't dare to do anything to me. The child in my womb and I will be fine!"

Yun Feng didn't say anything. Her speed didn't decrease at all. A few huge auras of Magic Beasts came down from above. Yun Feng's body flashed and she stopped on the spot!

"Swish, swish, swish, swish...!" Three figures appeared in front of Yun Feng. The Magic Beast aura spreading all over their bodies made Yun Feng feel extremely tricky! She couldn't find out the other party's strength at all. These three people were far stronger than her!

"Master!" The four contracted Magic Beasts arrived one after another. Feeling the powerful auras of the three people in front of them, the four contracted Magic Beasts were on full alert!

"Where's Sister Hua?" Er Lei said telepathically. "She should be fine dealing with Xiu Yan behind us. However, in the current situation, we won't be their match even if we join forces..."

Yun Feng's face darkened. The eyes of the three Magic Beasts, whose strength had already surpassed the God Level, were cold. "A summoner among humans... is truly rare here."

"Let her go. As long as you leave this place quickly, we won't do anything to you."

Yun Feng sneered in a low voice and held Miss Hei even tighter. Seeing that Yun Feng didn't intend to let go, those people couldn't help but become even gloomier. "Human, don't do this the hard way!"

"You and those few Magic Beasts aren't our match!"

Yun Feng pursed her lips and didn't say anything. Her mind was spinning quickly! She definitely couldn't fight head-on. Even if she fought, she wouldn't be able to win. She could only create an opportunity to escape as soon as possible!

"Little Yun Feng!" Sister Hua's voice came from her mind. Yun Feng was shocked. "Those men have already met up with me. We'll go there right away!"

The expressions of the four contracted Magic Beasts relaxed slightly. Even if they and Yun Feng weren't a match for these three people together, it wasn't the same with the power of Qu Lanyi, Mu Canghai and Ze Ran! It was still unknown if they would win, but they would definitely be able to escape safely!

Delay! This was the only word that appeared in Yun Feng's mind!

The three beasts in front of her were different from Xiu Yan just then. Xiu Yan hated Yun Feng for her human identity, while the three beasts in front of her were obviously much calmer and more rational. What they said just then also showed that they would let Yun Feng go, which made Yun Feng a bit surprised. Perhaps when these three beasts reached a certain level of strength, they wouldn't be bothered so much by the hatred buried deep in their bloodlines.

"Why do you have to kill her?" Yun Feng pulled Miss Hei behind her and looked at the three Magic Beasts in front of her with her clear eyes. The three Magic Beasts said coldly, "This is a matter of the Yi Feng clan. You're just a human being. You don't need to know."

"Even if she has a human child in her body, you can just expel her!"

"Expel her? Human, do you think banishment can erase such a humiliation?" The eyes of the three powerhouses burst out with scorching light. "She had an affair with a human. Even if she escapes to the ends of the earth, as long as this child is born, it'll be a humiliation that the Yi Feng clan can't wash away!"

"The birth of the child?" Yun Feng raised her brows suspiciously. The three powerhouses said coldly, "Human, we'll give you one last chance. Leave!"

Yun Feng gritted her teeth secretly. Miss Hei also pushed Yun Feng from behind. "Don't worry about me. Just go!"

"After all... the child is innocent." Yun Feng looked up. "What kind of deep hatred that makes you unable to even tolerate a child? What exactly happened between the two races?"

"You should ask the four ancient families among humans about this! They'll give you a satisfactory answer!"

The four ancient families! Yun Feng's black eyes were startled. Was the resentment between humans and the Magic Beasts originated from the four families? Yun was among the four families! And the specialness of the bloodline of the Yun family gave Yun Feng a heavy blow in her heart!

"I'll ask you one last time. Are you leaving or not?" The three powerhouses shouted as the aura of the Magic Beasts spread out. If Yun Feng still chose not to leave this time, they wouldn't show mercy!

"Of course we're leaving!" A voice came from behind. A few figures followed. A familiar aura stood next to Yun Feng, enveloping her body completely. Qu Lanyi looked at the three powerhouses in front of him with his red eyes and raised his thin lips. "However... We must take this woman with us!"

Ze Ran and Mu Canghai arrived soon. The three men all had different degrees of blood on their bodies. Seeing that Ze Ran was fine, Miss Hei couldn't help but heave a sigh of relief in her mind. Sister Hua also arrived. There was a trace of suspicious blood on the corners of her alluring red lips.

"The five Grade-9 Gods couldn't stop you. Even Xiu Yan..." The three experts frowned with a complicated look in their eyes, especially when they saw the redness in Qu

Lanyi's eyes. The three experts looked even more serious. "Red eyes? I didn't expect... to see them here."

"Old guys, are you going to get out of my way?" Qu Lanyi shouted coldly. The three experts burst into laughter. "What a joke! With the three of us here, none of you can leave this place today!"

Yun Feng gave Miss Hei to Ze Ran. "If you see an opportunity, take her away from here!" Ze Ran was startled. When he was about to speak, Yun Feng continued, "Don't tell me you won't leave. Right now, you're not alone. Don't forget why you're here!"

Ze Ran was silent. Miss Hei looked at Yun Feng in shock. "Why..."

Yun Feng chuckled. "No reason." Right, no reason. Many people didn't need a reason to do stuff for her. She didn't need a reason for them either!

"Got it." Ze Ran held Miss Hei tightly and looked at Yun Feng firmly with his black eyes. Yun Feng smiled gently. Qu Lanyi turned his head slightly. "Are you ready?"

"I'm ready," said Yun Feng. Qu Lanyi raised his thin lips. "Mu Canghai, let's begin!"

A glint of darkness flashed through his gray eyes. Mu Canghai took a deep breath and extended his hand forward with a deep shout! As he moved his finger, the entire space distorted violently!

## **Chapter 1607: Yun Feng, a Summoner Among Humans (7)**

"There's someone who can control space!" Seeing this scene, the three powerhouses immediately flashed. "You want to use the power of space to disturb everything? You're too naive!" One of the powerhouses opened his hand and the light in his beast eyes glittered. A huge power of space poured out of his hand and slowly suppressed the already restless power of space!

Mu Canghai's face darkened slightly. Feeling that the other party was trying to completely suppress his power of space, his gray eyes shrank fiercely and he exerted strength with his finger again! The two forces of space collided!

"This kid does have some ability. Unfortunately... the strength gap is too great." The powerhouse suppressing his opponent said coldly. Even though Mu Canghai inherited Yao Guang's ability, it wasn't everything! Besides, this powerhouse's strength was already above the God Level. The difference between the two of them was too huge! It wasn't easy for Mu Canghai to compete with him!

Looking at the people fighting in the air on the side, Mu Canghai gritted his teeth fiercely! He was the one with the highest control of space here. If he couldn't open a passage for them, how could he escape from here?

No matter what, he had to let them, including Yun Feng, escape from here safely!

The gray eyes were full of blood vessels and redness instantly covered the pupils! Drops of blood flowed out of the eyes and slowly dripped down Mu Canghai's cold face!

"Yao Guang, are you just going to watch and not help?" Somewhere in the Dragon Palace, an old voice sounded leisurely. A pair of gray eyes slowly opened and a hint of coldness flashed deep in them. "This is their own business. They have to consider the consequences of their decision."

"That kid inherited part of your ability. If this continues, after all..."

"Humph! That's his own decision. It has nothing to do with me."

After a long sigh, Yao Guang slowly closed his eyes and there was no more sound in the Dragon Palace.

"Ahhh—!" A roar and a stream of blood tears! A spatial crack that suddenly opened!

"What?" The powerhouse who controlled the power of space looked at the spatial crack that was forcibly torn open in the space in shock. His beast eyes were full of surprise! When he looked back at Mu Canghai, Mu Canghai sneered. Redness rolled out of his eyes again. He gritted his teeth and suddenly pulled his arms!

"Oh no!" The powerhouse who controlled the power of space roared and immediately pressed his power of space towards Mu Canghai! Mu Canghai staggered and straightened his body! "Let's go!"

Yun Feng looked up after hearing that and saw a black spatial crack in front of her eyes! This was their only chance to escape! "Ze Ran, let's go!" Yun Feng shouted as the two powerhouses turned around and pounced!

"Don't even think about escaping!"

Ze Ran held Miss Hei in his arms tightly and looked at Mu Canghai's bloodshot eyes. His heart ached fiercely. Should he leave? Could he leave? They had sacrificed so much for his own business... How could he leave just like that?

"We can't just leave!" Miss Hei said as she looked at Ze Ran with her amber eyes. "If we're leaving, we should all leave together!"

Ze Ran's black eyes glittered and he couldn't help but tighten his arms. "Yes, that's right. If we're leaving, we'll leave together!"

Seeing that Ze Ran still didn't move, Yun Feng couldn't help but feel anxious. Mu Canghai couldn't last long. What exactly was he doing? The two powerhouses pounced on him. Qu Lanyi cursed fiercely, "What's he waiting for?" He extended his hand and dark elements roared out like a long dragon, hitting the two powerhouses. The two powerhouses looked slightly gloomy. One of them counterattacked and the other rushed straight in Ze Ran's direction!

"Earth Barrier!" Yun Feng shouted as she raised the wand in her hand high. Golden barriers rose in front of Ze Ran. "Bang, bang, bang!" There were no less than ten!

The five contracted Magic Beasts flew up and pounced towards the third powerhouse who was temporarily stopped by the earth element! Yun Feng flew to Ze Ran. "What are you doing? Leave quickly!"

"I can't leave just like that! If we must leave, we'll leave together!" Ze Ran roared with guilt and pain on his face! Miss Hei also said, "That's right. We can't leave just like that!"

Yun Feng's face darkened and she waved her hand!

"Pa!" A crisp sound came. A red and swollen hand mark appeared on the side of Ze Ran's cheek and a trace of blood also flowed down the corners of his mouth! Yun Feng really exerted strength!

Ze Ran looked at Yun Feng in a daze. Miss Hei was also stunned. At this moment, Yun Feng's face was gloomy and cold. She had never shown such an expression in front of her friend!

"Yun Feng, you..." Ze Ran said in a daze. Yun Feng suddenly shouted furiously! "If you don't leave, are you going to ruin all our efforts? I didn't do so much just to get you to say that you're not leaving!"

"But..."

"It's useless no matter what you say! If you want to leave, let's go together!" Miss Hei said as Yun Feng glanced at her coldly. Miss Hei was a bit scared. "You're not leaving, are you?" Yun Feng curled her lips and turned the wand in her hand! A thick tree vine swept over from the sky and wrapped around Ze Ran and Miss Hei tightly!

"What are you doing? As I said, if we're leaving, we'll leave together!" Ze Ran struggled, but the vines wrapped him tightly. Yun Feng raised her arm and the vines suddenly swung hard, throwing Ze Ran and Miss Hei straight into the spatial crack!

"Don't even think about it!" The third powerhouse roared and suddenly attacked! The aura of a Magic Beast roared out! Sister Hua's green eyes darkened. The tree vines chased after it and wanted to stop it, but they were penetrated by the aura of the Magic Beast!

"Oh no!" Seeing that the tree vines were instantly penetrated, Sister Hua watched the aura of the Magic Beast run away crazily and was about to penetrate Ze Ran and Miss Hei's bodies! Ze Ran turned around and used his body to protect Miss Hei in his arms firmly!

"Buzz!" Another spatial crack appeared and swallowed the aura of the Magic Beast!

W-What? The three powerhouses were all shocked when they saw this scene! The powerhouse who controlled the power of space looked at Mu Canghai! Mu Canghai's originally pale handsome face became even paler and more transparent. Blood surged out of his gray eyes and rolled down. Ze Ran and Miss Hei's bodies had already entered the spatial crack!

Phew... His body didn't have any strength left. Mu Canghai's vision began to blur. He looked up at the crack in the sky. Yun Feng... That's all I can do for you. Sorry...

## **Chapter 1608: Yun Feng, a Summoner Among Humans (8)**

He closed his eyes and his body, which had been standing upright, suddenly fell from the sky! The spatial crack instantly closed!

"Mu Canghai!" Yun Feng looked at the body that was falling quickly. Without thinking, a beam of light chased after Mu Canghai and pulled him into the Dragon Palace!

The expressions of the three Magic Beasts were stunned for a moment. Then... fury suddenly surged!

"Human, where... did that light come from just then?" The three Magic Beasts stared at Yun Feng fiercely. Yun Feng's heart trembled. They had sensed it as soon as she activated the Dragon Palace!

"Hand that thing over!" They roared furiously with three pairs of beast eyes that were full of anger! If they had the idea of sparing Yun Feng just then, it was gone now!

The man suddenly pulled Yun Feng into his arms. Qu Lanyi shouted, "Put away the Magic Beasts! They really want our lives this time!"

The five beams of light all returned to the Rings of Contract. Qu Lanyi moved forward at full speed! The roars of the Magic Beasts burst out behind him and the three auras of powerhouses chased after him relentlessly! Qu Lanyi gritted his teeth and only looked ahead with his black eyes. He didn't dare to stop at all. The fierce and brutal aura behind him became stronger and stronger. If he stopped, he wouldn't be able to deal with three Gods at all!

His heart was beating crazily and the sound of the wind blew past his ears. Qu Lanyi's forehead tightened and he held Yun Feng's arm very tightly. The aura behind her was like a ferocious beast that was chasing her crazily!

"It's my fault," said Yun Feng. Qu Lanyi held her even tighter. "If you didn't use the Dragon Palace, Mu Canghai would have died here."

Yun Feng pursed her lips and felt the aura behind her getting closer and closer. She frowned tightly. "They're already getting closer and closer. We'll be caught up sooner or later!" Yun Feng flipped her hand and a talisman appeared in her hand. It was the second talisman left by her master!

Seeing that, Qu Lanyi's black eyes darkened. "Your master only left you two talismans. It's too wasteful to use them here."

"This is the only way right now." Yun Feng's black eyes darkened. Qu Lanyi held Yun Feng's hand with one hand. "The heavens are still on our side. Fengfeng, get ready!"

"What?" Before Yun Feng could digest it, Qu Lanyi had already rushed down with her! He was extremely fast, so fast that the sound of the wind was like a knife that was about to cut her skin!

The closer she got to the ground, the clearer Yun Feng saw what it was like! There were countless cracks on the ground that intertwined with each other! White mist surged out of the cracks with scorching heat! This was a small volcano!

Qu Lanyi's destination was the volcano! If they didn't change their direction, the two of them would directly fall into the volcano!

"Trust me." Dazzling light flashed through his charming black eyes. The man pulled Yun Feng's head towards him with his big hand and pressed his thin lips down without hesitation, taking her red lips into his mouth! Instantly, the two figures, who were pressed against each other tightly, fell straight into the boiling lava in the volcano!

"Poof!" The fiery red lava instantly swallowed the two of them and spat out a trace of black smoke. Hot bubbles bulged out of the surface of the lava and quickly exploded. The scorching heat wave at the crater could almost burn anyone's skin!

The three figures that were chasing after them suddenly stopped and stood in the sky above the volcano. The three Magic Beasts put on a vicious smile. "They insisted on barging into hell. It saved us a lot of effort."

"This volcano isn't an ordinary volcano. The magma that surges out will quickly disintegrate the bodies of both humans and Magic Beasts!"

"Those two humans might not die so easily. After all, that human has that thing on her."

"Even if that human uses the thing to escape, she won't be able to escape from us! As long as she uses that thing, we'll sense it. She won't be able to escape!"

The three Magic Beasts looked at the boiling lava below. "When that human appears again, she'll definitely die!"

Hot, endless heat came from all directions, like bloody mouths that wanted to swallow her. The thin lips on her lips had already left. Yun Feng slowly opened her eyes and was surrounded by scorching redness!

There was a circle of faint light around her and Qu Lanyi, separating their bodies from the bright redness and dispelling the scorching temperature. Qu Lanyi held Yun Feng tightly and smiled casually. "Fengfeng, isn't the red color here very beautiful?"

Yun Feng's black eyes glittered. She turned around. The two of them were moving in the sticky magma at this moment. They were moving forward slowly in an unknown direction. Yun Feng looked at the faint halo around her. That was Qu Lanyi's light element, and the outer layer of the light element was covered in a circle of thick black color!

"I had no choice but to jump in. However... this doesn't seem to be an ordinary volcano. The magma here is much more ferocious than I thought." Qu Lanyi looked at the bright colors around him with a slightly gloomy face.

"Will it put pressure on you?" Yun Feng looked back. "We should enter the Dragon Palace..."

"It's useless." Qu Lanyi shook his head. "The Law of Space doesn't work in this magma at all, or I would have used the Law of Space to split the magma apart."

She couldn't use the Law of Space and couldn't enter the Dragon Palace! "Will the earth element be easier to protect us?"

Qu Lanyi shook his head and pointed at the dark elements outside of the faint light. Yun Feng looked carefully. The dark elements covering the light elements were devouring the magma desperately, and the magma was also devouring the dark elements on the surface desperately!

They swallowed each other! Hot lava surged endlessly and the dark elements also swallowed them mercilessly. The two of them bit and destroyed each other!

"This is...!" Yun Feng was surprised. Qu Lanyi chuckled. "The magma here can quickly decompose elemental energy. It's very greedy."

If any powerhouse fell here without dark elements, no matter how strong they were, they would only die! Their bodies and souls would be swallowed until nothing was left!

"Continuously transmitting dark elements is a burden for you!" Yun Feng held Qu Lanyi's hand tightly. "If it's a volcano, follow the direction of the surging lava and we'll be able to get out!"

Qu Lanyi smiled with his black eyes. The transfer of dark elements was nothing to him at all, but he wouldn't refute Fengfeng if she said it was a burden. The faint halo completely enveloped the two of them and they kept moving forward with the surging lava. After walking for a long time, Qu Lanyi's expression suddenly changed!

## **Chapter 1609: Yun Feng, a Summoner Among Humans (9)**

"We might be wrong."

As soon as he said that, a suction force sucked the magma crazily! Qu Lanyi's black eyes darkened and he held Yun Feng tightly. The two of them were also pulled over crazily by the suction force! The suction force kept increasing and vortexes appeared in the magma. The two of them kept rolling up and down in the vortex. Qu Lanyi exerted strength in his arms and suddenly rushed up. He made use of the force to reach the top of the vortex. The two of them were swept up by the spin and broke out of the magma!

What they saw was red steam. Steam surged out of the fiery red magma and their vision became clear after a short blur!

It was a huge cave full of red lava. There were countless black stone pillars in the lava. The lava surrounded the black stone pillars and formed countless vortexes. Yun Feng and Qu Lanyi stood in the air and looked at the scene under their feet in shock. Countless vortexes were spinning at a high speed and sinking. In the end, all the vortexes gathered, until a pair of fiery red beast claws appeared from inside!

What was that? Yun Feng widened her black eyes. The fiery red beast that crawled out of the huge vortex was completely red like a lizard. Its tongue was also the color of fire and its eyes were dazzling red!

The temperature suddenly rose! After the fiery red body slowly crawled out of the vortex, the vortex that kept spinning at a high speed suddenly stopped and the rolling lava returned to silence!

The red beast eyes suddenly raised and locked onto the two people in the sky!

It swung its long tail that was like a lizard's and Qu Lanyi dodged with Yun Feng. The long tail hit the stone wall! A crack that was almost like a tunnel appeared on the wall!

Such a huge force was rare even among Magic Beasts!

"Fengfeng, this is truly tricky." Qu Lanyi raised the corners of his mouth and stared at the fiery beast with his black eyes. "With my current strength, I can't find out this guy's strength at all...!"

Qu Lanyi couldn't even see the bottom strength of the creature in front of him! Yun Feng looked at the wry smile at the corners of Qu Lanyi's mouth and knew that he wasn't joking! "How strong are you right now?"

Qu Lanyi raised the corners of his mouth. "Above the God Level is the God King Level. If I exert my full strength, I can reach Grade 5 of the God King Level. And the one in front of me... has probably already crossed the God King Level!"

The God Level, the God King Level, and above the God King Level!

This time, as Qu Lanyi said, it was truly tricky!

The giant tail swung again and Qu Lanyi quickly dodged with Yun Feng. The giant tail missed again and its red eyes locked onto the trajectory of the two of them. The little black dot in its red eyes kept moving with a scorching and hungry gaze!

"There are indeed hidden dragons and crouching tigers in the Ten Thousand Beast Mountain Range. It's too surprising that there's such a strong Magic Beast hiding here." Qu Lanyi looked serious. The fiery red beast floated on the magma and raised its head to look up.

"It doesn't seem to have the ability to jump." Yun Feng observed for a long time and came to this conclusion, but Qu Lanyi shook his head. "As I said just then, the Law of Space lost its effect here. It seems that the spatial power of this creature dominates this place!"

Yun Feng's black eyes widened. The red beast that had been lying down suddenly jumped up. Qu Lanyi flipped his hand and threw out black elements like a whip. The red beast roared and landed from midair, looking up unwillingly.

"It seems that it has just entered the God King Level and its strength isn't stable yet, or it wouldn't have been suppressed by my dark elements." Qu Lanyi looked down. "If the stalemate continues, the situation will be controlled by it sooner or later. By then..."

The fiery red figure jumped up again. Qu Lanyi was shocked! It attacked a second time so quickly!

The heat wave came right at her face. Qu Lanyi didn't have time to counterattack. He instinctively protected Yun Feng in his arms, but Yun Feng pushed Qu Lanyi away and the aura inside her body instantly changed! Her hands turned into claws and the strong aura of the Sea Clan spread out of her body!

"Roar!" With a cry of pain, the fiery red beast fell from the sky in a sorry state. There was a clear claw mark on its skin! Yun Feng looked at her transformed hand in shock. Her sharp claws were stained with red blood, which turned into a layer of white smoke in the transformed hand, disappearing completely!

The red eyes stared at Yun Feng unwillingly and resentfully. It began to wander back and forth on the magma restlessly and let out a low roar, but didn't dare to jump up easily anymore. Qu Lanyi's black eyes glittered. "Fengfeng, the aura of the Sea Clan in your body seems to be this guy's nemesis. No, it should be said that the Sea Clan creature that the aura in your body belongs to is an opponent it doesn't dare to provoke."

Yun Feng's eyes turned into vertical lines as she looked straight at the fiery red giant beast below and saw the fear in those red eyes! What exactly was the identity of the aura of the Sea Clan in her body?

"Yun Feng!" Na Xie's voice sounded in her mind! Yun Feng was shocked! "Even though the aura of the Sea Clan inside your body can be restrained, this thing isn't a race that moves alone!"

"Na Xie, do you mean..."

"They're gregarious creatures. Usually, one of them will go first!"

Yun Feng widened her black eyes and looked at the red magma under her feet. Vaguely, some vortexes appeared on it again!

"Nana!" A figure suddenly jumped out. Meatball's round body swayed in front of Yun Feng and directly jumped into the magma! Qu Lanyi also saw the subtle ripples on the surface of the magma. He looked at Yun Feng and the two of them immediately jumped into the magma!

Like boiling water, ever since Yun Feng jumped into the magma, the magma kept stirring, as if something was about to jump out of the sticky liquid! Meatball's body was

wrapped in a circle of light and it kept moving forward. Qu Lanyi held Yun Feng tightly and followed closely behind!

"Roar...!" A roar sounded. The magma moved around and fiery red bodies stuck out of the magma!

"Fengfeng!" Meatball's voice came from ahead. Qu Lanyi raised the corners of his mouth gently. "Fengfeng, you're the only one who can protect me right now." The fiery red giant beasts that kept surging out of the magma had already stood in front of the two of them!

Qu Lanyi rushed over without hesitation and handed himself to Yun Feng in his arms at ease. Yun Feng certainly wouldn't let him down! The aura of the Sea Clan in her body was fully released and coldness flashed through her sharp claws. The aura of the Sea Clan surged into her palm and a strange glint flashed through her beastly eyes. Yun Feng raised her sharp claws high and slashed down fiercely!

## **Chapter 1610: The God King Level (1)**

The miserable roars of the Magic Beasts kept echoing around! Yun Feng's sharp claws tore countless fiery red bodies apart fiercely and the strong smell of blood assailed her nostrils! It stimulated all her senses, including those of a Magic Beast and those of a human being!

The color of the lava was darkened by the beast blood. Qu Lanyi shuttled through the sea of blood with Yun Feng! Death kept surging in!

"It's indeed the characteristic of this race. It's endless..." Qu Lanyi moved forward quickly on the blood path created by Yun Feng's sharp claws and broke through the densest encirclement. He could finally take a breather. Even though there were countless beasts chasing after him, the front had already been cleared. Only a few beasts pounced on him occasionally. They escaped under Yun Feng's sharp claws!

The claws of the beast were dripping with blood and its pupils glittered slightly. The aura of the Sea Clan in its body kept surging, as if it was inexplicably excited about the blood in front of it! Yun Feng felt that her heart was beating more and more violently and the temperature in her body was getting higher. The aura of the Sea Clan kept surging in her body like boiling lava!

"Yun Feng! Wake up!" Na Xie's voice suddenly sounded in her mind. Yun Feng's consciousness, which was almost burnt, suddenly returned. Looking at the sharp claws full of blood in front of her eyes, Yun Feng panted quickly. What was that fanatical and restless feeling just then? Was it caused by the aura of the Sea Clan in her body?

"Nana!" Meatball's loud voice came. There was a smile in Qu Lanyi's eyes as he ran forward quickly with Yun Feng. Following Meatball's guidance, they jumped out of the magma together! Meatball didn't stop and ran forward quickly. Qu Lanyi was the same. The deeper they went, the more refreshing he felt. The heat brought by the magma completely dissipated!

"There's such a cool place inside the volcano?" Qu Lanyi felt the coolness that filled his body and went deeper. Cool humidity pounced and gradually dispelled the heat in his body. The violent aura in Yun Feng's body also completely quieted down.

"Fengfeng, are you feeling better?" He put his warm hand on Yun Feng's cheek. Yun Feng's beast-like hands returned to normal. The aura of the Sea Clan in her body was replaced by the aura of humans. Yun Feng took a deep breath and her mind became much clearer.

"I'm fine." Fire rose from her palm and burnt the remaining blood. Feeling the unique cool aura here, Yun Feng said, "How can there be such a place inside a volcano?" It was a unique oasis in the desert.

"Meatball is leading the way. It shouldn't be a bad place." Qu Lanyi continued moving forward with Yun Feng. Meatball turned a corner ahead and disappeared. The two of them followed it. After turning a corner, Yun Feng was shocked!

"Yun Feng, I didn't expect to see you here."

Qu Lanyi let go of Yun Feng and looked at the old man in front of him with his black eyes. The old man glanced over with a kind gaze and looked at Yun Feng with a smile, standing there like a sage.

"Senior... Why are you here?" Yun Feng was shocked. The old man in front of her was none other than the old man she had met several times in the depths of the Foggy Forest!

"Nana!" Meatball floated in the air and shouted unhappily. The old man chuckled. "It's fate that we met here. It seems that you're in quite a lot of trouble."

Yun Feng looked at the messy blood on herself and Qu Lanyi and curled her lips. "It's a long story."

The old man chuckled again in a low voice. "You've found Magic Beasts of all five elements. That's good... Why did you go deep into the forbidden area of the Yi Feng clan?"

Yun Feng said with a helpless tone, "I just came here by accident."

The old man's wise eyes glittered and he didn't ask anymore with a smile. Qu Lanyi stared at the old man attentively with his black eyes. The old man glanced over and Qu Lanyi's heart inexplicably tightened. This old man... was like a black hole. He couldn't see the bottom of it at all!

"Kid of the Naxi family, are the elders of the Naxi family alright?"

Qu Lanyi was stunned! This old man had dealt with the elders of the Naxi family! Those elders were all antiques left over from the long river of time! They could be considered the true strength of the Naxi family!

"How do you know about the Naxi family?"

Yun Feng looked up and saw the tight muscles on Qu Lanyi's forehead. The elders of the Naxi family... As expected of one of the ancient families. There shouldn't be a gap in the continuation of the Naxi family like the Yun family did. Those so-called elders should be the supreme powerhouses of the Naxi family!

"There are a lot of other things I know." The old man smiled lightly. "Unfortunately, it should be difficult for me to meet those guys again."

Who was this old man? Qu Lanyi was surprised. He couldn't help but feel that way! The Naxi family had been hidden for a long time. When exactly did this old man meet the elders? Perhaps before the Naxi family went into hiding?

If he had contact with the Naxi family before they went into seclusion, could it be that... he was from one of the four largest families?

"Kid, what you're thinking is wrong. Don't think about it anymore." The old man chuckled. His wise eyes were like a deep sea, which made Qu Lanyi feel like he was a floating insect that couldn't be compared at all!

"Senior, do you know someone from the Naxi family?" asked Yun Feng. The old man chuckled and shook his head slightly. "It's too long ago... I almost don't remember. If I hadn't met this kid, I probably wouldn't have remembered! Speaking of which, Yun Feng, you've changed a lot."

Yun Feng raised her lips. The old man in front of her was very friendly to her. Even though he had done something that surprised her at the beginning, he had helped her from time to time and didn't have any hostility towards her at all. She couldn't figure out this senior's identity, but Yun Feng didn't find him unfamiliar at all.

"It's a long story. After all, it's been a long time since I last met you, old senior."

The old man looked at Yun Feng with a smile. The wrinkles on his face were full of kindness, like a grandfather looking at his granddaughter. "If I don't think carefully, I really won't notice it. The last time we met was like yesterday for me."

Yun Feng chuckled. Meatball jumped onto Yun Feng's shoulder. Yun Feng said, "Thank you for your help this time, old senior. If you weren't here, I'm afraid we wouldn't have been able to escape."

## **- Chapter 1611: The God King Level (2)**

### **Chapter 1611: The God King Level (2)**

The old man smiled. "Haha, I'm afraid I'll have to ask you for a favor this time."

"Senior, if you need anything, I'll definitely help you!"

The old man nodded in satisfaction, but Qu Lanyi was a bit worried. Although this old man looked kind and amiable, he was emitting an irresistible pressure!

"Fengfeng, why don't you listen to his request first? Isn't it a bit hasty?" said Qu Lanyi in a low voice. The old man was still smiling, as if he didn't hear anything. Yun Feng smiled. "It's fine. This isn't the first time I've met this old senior. We already met a long time ago. He's helped me a lot along the way."

Qu Lanyi pursed his lips and didn't say anything in the end. It was obvious that the old man wasn't hostile to Yun Feng. If he was, it would be quite tricky.

"Nana!" Meatball shouted and glared at the old man with its big eyes. The old man chuckled. "Don't be anxious. This request isn't too much for Yun Feng."

Meatball gnashed its teeth in dissatisfaction. A smile flashed through the old man's wise eyes. "I thought I could really meet you this time, but I didn't expect... Ah."

Meatball swung its tail a few times unhappily. Yun Feng understood that the old man in front of her knew something about Meatball. He should have some relationship with Meatball, no, with Na Xie.

Meatball turned its little head to the side. The old man curled his lips and looked at Yun Feng. "As a summoner, you should have heard all kinds of things about Fantastical Beasts."

Yun Feng's black eyes brightened. She had rarely heard any direct information about Fantastical Beasts along the way. Apart from meeting the wind-element Fantastical Beast, Ah Jin, last time, she didn't find any traces of Fantastical Beast activity. It was as if they had never appeared in the human world! The first time she learned about

Fantastical Beasts was when her ancestor, Yun Lan, mentioned them. Then, it was Uncle Flirtatious!

Yun Feng nodded and stared at the old man with her black eyes. Why did the old man mention the Fantastical Beast?

"Uncle Flirtatious once told me that there's a Fantastical Beast about each of the seven elements. Humans have almost never seen them. Even among Magic Beasts, they rarely see the real appearance of a Fantastical Beast!"

"Kid Jin told you that?" The old man was quite surprised. Then, he nodded. "He's right. There are a total of seven Fantastical Beasts, corresponding to seven elements. Magic Beasts and humans rarely have a chance to see them, because Fantastical Beasts don't live in this space."

"There are other spaces for Fantastical Beasts?" Qu Lanyi was surprised. The old man nodded. "The space where Fantastical Beasts live is called the Beast Region."

The Beast Region! Yun Feng's heart shook fiercely! That was the place where her master was imprisoned and also the world where Fantastical Beasts lived!

"The Beast Region?!" Qu Lanyi lowered her head. Wasn't the master Fengfeng was looking for in the Beast Region? She was going to the Beast Region next! However, the Beast Region was where the Fantastical Beast lived!

"There aren't only Fantastical Beasts in the Beast Region. There are also a considerable number of Magic Beasts living in the Beast Region, but... they're all very special." The old man said with a smile. "There are rules in the Beast Region. Magic Beasts living in the Beast Region can't leave that space casually. This is an unwritten rule."

Indeed, let alone the Fantastical Beasts in the Beast Region, how would humans have a place to live in this world right now if they got out? Even the layout of the World of Magic Beasts would be broken!

The rules restrained everything!

The old man's expression changed. He was serious and even a bit solemn. "However, something happened in the Beast Region that caught us off guard."

"Something happened...?" Yun Feng frowned. The old man looked up. "The seven-element Fantastical Beasts all live in the Beast Region. Now... there are only three of them left."

"What?" Yun Feng and Qu Lanyi both widened their eyes. There were only three seven-element Fantastical Beasts, which meant that four of them had disappeared from the Beast Region! Or rather... left!

"The Beast Region has its own rules. How did the Fantastical Beast leave?" said Qu Lanyi. The old man sighed. "That's also what I'm most puzzled about."

"The four Fantastical Beasts disappeared from the Beast Region. It's very likely... that they came to this world?" Yun Feng looked up at the old man. The old man nodded and the wrinkles on his face deepened a lot. "Logically speaking, that should be the case, but unfortunately... Until now, the traces of the Fantastical Beasts have only appeared once. Ever since then, they've disappeared."

Only appeared once? This was why the wind-element Fantastical Beast was seen in the human world. So... it was to find other Fantastical Beasts. If they wanted to bring the Fantastical Beasts back to the Beast Region, the other Fantastical Beasts would certainly have to do it in person.

"Old man, are you asking Fengfeng to find those four lost Fantastical Beasts for you?" Qu Lanyi said with a fake smile. The old man changed his expression and looked at Yun Feng with a smile. "Yun Feng, you won't reject the request, will you? Fantastical Beasts are also a challenge for you, right?"

"Stop joking!" Qu Lanyi shouted furiously! "What level is a Fantastical Beast? You're asking her to risk her life! She's only at Grade 7 of the God Level right now. I'm afraid she can't help you much!"

Qu Lanyi was enraged in his mind. It was fine to find other Magic Beasts, but it was a Fantastical Beast! What did this old man think Yun Feng was?

Yun Feng remained silent on the side. Ever since she embarked on the path of a summoner, she had always had an inexplicable longing for the Fantastical Beast in her mind. This was a kind of obsession that all summoners had! Even though this was just a kind of dream, she still pursued it persistently! Just like her master, she chased after it enthusiastically!

Her passionate dream had never been extinguished, but Yun Feng also understood the difference between reality and her dream.

The difference between her and the Fantastical Beast right now was too great. Every time she stepped on a new peak, it didn't give her a sense of achievement. The higher she stepped on the stairs, the more she realized that the mountain she was climbing was so steep! The further she went, the longer the road!

She wouldn't be proud that she was an extraordinary person. She wouldn't brag that she was a so-called powerhouse, nor would she be arrogant enough to think that she

was qualified to come into contact with a Fantastical Beast with her current strength. She was still far from it.

"Yun Feng, I know what you're thinking about. I said I won't make things difficult for you. I won't let anyone else do what I can do. It's just that... it's too inconvenient for me to act right now. I have a lot of concerns."

"That's easy for you to say! Even if Fengfeng finds a Fantastical Beast, do you want her to catch it for you? Ridiculous!"

## **Chapter 1612: The God King Level (3)**

Yun Feng pulled Qu Lanyi's sleeve, asking him not to be too angry. "Senior, I know myself well. I won't do anything I can't promise. Please make other requests."

The old man smiled. "I said I won't make things difficult for you, so I won't make things difficult for you. I just want you to help me find them. Besides, I know your ability. Let's not talk about the future, but right now, you indeed can't catch them." The old man lowered his head with a smile and searched back and forth in his long sleeve. He took something out and threw it to Yun Feng. Yun Feng took it in her hand. It was a small and cold jade pendant with a very unique texture. The jade pendant was completely dark green and there was something that looked like a tree branch wrapping around the four corners of the jade pendant.

"If you find traces of a Fantastical Beast, contact me with this." The old man chuckled. "How about this?"

Yun Feng nodded. "I can gather information and traces of Fantastical Beasts for you, old senior."

The old man nodded in satisfaction. "You agreed to my request. Thanks a lot for your help."

"This is what I should do." Yun Feng smiled gently. She should do this for this old man who had helped her many times. People should know how to repay kindness.

"Haha, it's truly not bad for the Yun family to have a descendant like you." There was a smile in the old man's eyes. "If you want to get out of here, your current strength isn't enough. Even if I help you, it'll only be temporary. Even if you can get out of here, you might not be able to leave the forbidden land of the Yi Feng clan."

Yun Feng looked serious. That was indeed the case. The few powerhouses of the Yi Feng clan were outside and monitoring every corner of this place closely. Even if she

could leave the bottom of the volcano, she might not be able to leave this so-called forbidden land successfully!

Her strength had increased... She was at Grade 7 of the God Level right now. If she wanted to escape from the eyes of those three powerhouses, she had to at least reach the God King Level!

How could she break through to the God King Level in a short period of time? No matter how fast she was, it would take a lot of time. And after this period of time, the forbidden land would probably already be full of masters of the Yi Feng clan. By then, even if she was a God King, she wouldn't be able to escape!

"I can help you." The old man approached. Qu Lanyi was a bit nervous. Meatball's big eyes were full of vigilance. The old man looked at Yun Feng kindly and slowly extended his hand to touch the top of Yun Feng's head. Instantly, coolness flowed down from her head!

It was as if she was standing in a waterfall. A cold feeling slid down from her head and flowed throughout her entire body! Even inside every tiny capillary vein!

Faint green light oozed out of the old man's hand and jumped like fireflies, slowly seeping into Yun Feng's body. It was comfortable and peaceful. When this green light appeared, the air seemed to be gentle and any restless emotions would be calmed.

The old man's hand left. Yun Feng immediately felt that her body was much lighter and a feeling of germination rose in her heart. The old man's action just then seemed to have planted a seed in Yun Feng's heart. The old man said with a smile, "Now, try to increase your strength."

Increase? Yun Feng was shocked. The old man smiled and didn't say anything. Yun Feng took a deep breath and slowly closed her black eyes. She was shocked when she came to her spiritual space! Her spiritual space was covered in spots of crystal clear green. Yun Feng tried to let her mental strength start stirring. These crystal clear green colors quickly melted in her mental strength. As her mental strength kept circulating, astonishing changes began!

Her strength was increasing, instantly increasing!

Grade 7 God, Grade 8 God, Grade 9 God, God King Level!

"How... How is that possible?" Qu Lanyi was dumbfounded. A smile flashed through Meatball's big eyes. When she opened her black eyes, a strange light flashed! Yun Feng was also surprised at the speed and strength of the change!

In such a short period of time, her strength had been forcibly raised to the God King Level!

"Even though you've reached the God King Level right now, this is just temporary," said the old man. "I can only increase your strength by three levels forcibly in a short period of time. The time you can maintain it is limited."

Yun Feng felt the power that was forcibly raised to the God King Level and nodded. It was like a potion that could forcibly increase the strength of one's ability in a short period of time, but the old senior's ability wasn't something that potions could compare to at all! Potions had powerful side effects on the body. The stronger the increase, the greater the side effects! And the duration of the increase was shorter! However, the old senior's ability didn't cause any damage to the body at all!

"So... no matter how strong Fengfeng is in the future, she can forcibly increase her strength by three levels?" Qu Lanyi raised his brows. The old man chuckled. "Exactly."

Yun Feng's black eyes widened! No matter what level she was, her strength could be increased by three levels! In other words... this would be an incomparable trump card!

Just think about it, in front of Yun Feng right now, even if her opponent's strength was three levels higher, it wasn't a problem for Yun Feng anymore! After increasing her strength, Yun Feng's overall strength would definitely be higher than her opponent's! Besides, such an increase in strength would be completed in a short period of time. Her opponent would definitely be caught off guard!

"It's not good to stay here for long. I'll send you away as soon as possible." After saying that, the old man waved his long sleeve and a green color surrounded Yun Feng and Qu Lanyi. Yun Feng's black eyes glittered. "Senior! Who exactly are you?" Why did he know about Fantastical Beasts? Why did he know so much about the Beast Region? Why was he looking for Fantastical Beasts?

The old man smiled in a deep voice and waved his long sleeve. The green light brought the two of them back the way they came. Even though the old man was already gone, Yun Feng heard the old man's words clearly. "We'll meet again one day. By then, you'll certainly understand everything."

Yun Feng's heart trembled fiercely, as if she understood something. Meatball on her shoulder looked back and then jumped back into the dimension container with a soft cry. Qu Lanyi looked back and then held Yun Feng tightly in his arms. The green light had already brought the two of them into the red magma they came from!

"Poof!" The two of them were drowned in the boiling lava again. This time, it was much easier than when they came. The green light brought the two of them forward at a high speed in the red lava. The fiery red creatures they encountered on the way appeared frequently, but they didn't dare to get close easily!

Looking at the Magic Beasts nearby that were sticking out their tongues and didn't dare to go forward, Qu Lanyi chuckled. "That old man is indeed not a simple person. He can make the God-King-Level Magic Beasts so afraid. His strength..."

## Chapter 1613: The God King Level (4)

Yun Feng's black eyes darkened. This time, she could see even more clearly without fighting. There were more than a hundred fiery red beasts gathered around! And all of them were at the God King Level! Without the old man's protection, it would be harder for them to leave this place than ascending to the sky!

The two of them went all the way without any obstruction. None of the beasts dared to stop them. Soon, the two of them returned to the entrance of the magma they jumped into back then. They suddenly went up from the bottom of the magma, which meant that the two of them had already arrived at the entrance of the volcano they came from!

"Fengfeng, we're going out!" Qu Lanyi held Yun Feng tightly in his arms. Green light suddenly jumped off the surface of the magma with the two of them. Qu Lanyi suddenly sped up and rushed up!

The green light was already gone. There was only steam around. Yun Feng looked down and saw boiling red lava rolling. The two of them kept going up and a blue sky was in front of their eyes!

"Whoosh..." A figure mixed with heat waves and steam suddenly jumped out of the volcano! It didn't stop and rushed up!

"They're indeed alive!" The three Magic Beast powerhouses guarding around couldn't help but feel shocked in their minds when they saw this. They came out of here in such a short period of time and weren't dead! They were indeed lucky! However, it was useless even if they were lucky. Those two humans couldn't escape at all!

The three Magic Beasts chased after them crazily and wouldn't let go!

"Don't even think about escaping!" The three powerhouses chased after her crazily. While chasing closely, they suddenly attacked!

"Damn it!" Qu Lanyi cursed in a low voice as he dodged left and right. He keenly dodged the attacks of the three experts, which affected his speed. In an instant, the three experts had already caught up!

"Swish, swish, swish, swish..." Continuous attacks came from behind. Under such a fierce attack, Qu Lanyi couldn't move at all! Unknowingly, the distance between the two parties was short!

The three Magic Beasts chased after them fiercely and kept attacking with their hands!

Oh no, if this goes on, they'll catch up with us sooner or later! Qu Lanyi's heart sank. Yun Feng, who was in his arms, raised her head at this moment. "Leave those three to me. Just keep moving forward."

Qu Lanyi was stunned. "Fengfeng, are you..."

Yun Feng lowered her eyes with a hint of coldness on her face. "I've never tried the effect of the fusion of elements at the God King Level. This is a rare opportunity."

Qu Lanyi was silent for a moment and raised his thin lips. "In that case, I'll obey!"

"Swish..." Qu Lanyi rushed forward. He didn't care about the attack behind him anymore!

"It seems that they're at their wits' end!" The three Magic Beasts were all delighted when they saw this. They thought that they would be able to take down the two humans very soon. After all, the distance was constantly shortening. They would be able to catch them after a while!

"Human, surrender!" The three Magic Beasts roared furiously. The Magic Beasts suddenly extended their sharp claws and went straight for Yun Feng in Qu Lanyi's arms!

She looked up with endless coldness and excitement in her black eyes!

Her fair and tender hands suddenly clasped together and a strange energy fluctuation came from her palm, shocking the three Magic Beast powerhouses!

This energy wave... What was she doing?

There was a smile on her red lips and her black eyes were cold. After she clasped her fair hands together tightly, she flipped them and slowly opened them!

A ball burning with five types of light appeared and rolled and jumped in Yun Feng's palm!

Suppression, mania and riot! That slowly spinning little ball was like a fire that had been suppressed for a long time. In an instant, it was enough to turn into a raging fire!

She gently pushed her fair hand forward and the five-color ball immediately flew away, going straight for the three Magic Beast powerhouses!

"Oh no!" The three Magic Beasts attacked at the same time. The aura inside their bodies reached the peak and merged into one!

"Explode." With a soft voice and three bloodthirsty roars, the two streams of energy collided fiercely and turned the world upside down!

"Boom—" A huge explosion caused dust to fly! Boulders flew! The mountain was flattened!

The bodies of the three Magic Beasts were pushed to the side by the powerful force. The three of them weren't injured at all, but when they came back to themselves, Qu Lanyi and Yun Feng were already gone! There were only stones, dust and the messy ground!

The three experts gathered. The three pairs of beast eyes looked at the empty sky and clenched their fists tightly. The remaining energy fluctuation in the sky slowly came and the pupils of the three experts shrank fiercely!

"This energy fluctuation... That human has reached the God King Level!"

Qu Lanyi didn't stop or slow down at all as he ran at a high speed. After the loud bang just then, even though they had temporarily escaped the pursuit of the three Magic Beasts, Qu Lanyi couldn't be at ease until he was a safe distance away. So, even though nobody was chasing after him, Qu Lanyi was still rushing forward!

"Ugh!" Yun Feng grunted as a slight heat came. Her strength changed significantly again. She had returned to Grade 7 of the God Level! Qu Lanyi noticed the change in Yun Feng's strength and couldn't help but ask, "Are you feeling uncomfortable?"

Yun Feng raised the corners of her mouth slightly. "It's fine. My strength has just decreased." After a moment of silence, she said again, "It's already been found how long I can maintain the stage of the God King Level. It's just ten minutes."

Qu Lanyi frowned. Ten minutes... It wasn't a long time, but it was already more than a dozen times longer than what a potion could do! "Ten minutes is enough for you."

Yun Feng chuckled. "Indeed. Ten minutes of eruption. Unless the opponent is very difficult to deal with, I'll be fine."

Qu Lanyi lowered his eyes and smiled, continuing forward without slowing down. Yun Feng stuck her head out and took a look. "It seems that the fusion of the God King Level elements just then has a huge impact on the three of them. They won't be able to catch up for a while. Lanyi, you can slow down."

Qu Lanyi, on the other hand, tightened his arms. "I can only be completely at ease after leaving this godforsaken place."

Looking at the man's slightly tightened forehead, Yun Feng's eyes were full of warmth. Thinking of Mu Canghai, who had been taken into the Dragon Palace, Yun Feng

couldn't help but feel worried. "After leaving the territory of the Yi Feng clan, let's find a hidden place. I'll see how Mu Canghai is doing then."

Yun Feng nodded and smiled warmly. She reached out and hugged Qu Lanyi, leaning against him even more tightly. Qu Lanyi lowered his eyes slightly and the corners of his mouth curled up.

## Chapter 1614: Heaven (1)

"Lanyi, thank you," whispered Yun Feng. Qu Lanyi knew that she was thanking him for Mu Canghai. He raised the corners of his mouth. "With me here, Mu Canghai will be fine." Yun Feng nodded gently. Qu Lanyi's black eyes darkened slightly. Mu Canghai was truly courting death this time.

"I wonder if Ze Ran and Miss Hei are safe," mumbled Yun Feng. Qu Lanyi said in disdain, "The place where Mu Canghai opened the spatial crack and sent them to is definitely not a dangerous place. Don't worry at all."

Yun Feng thought for a moment. That was indeed the case. Ze Ran and Miss Hei should be completely safe. She should contact them when she had the chance in the future and tell them that she was safe.

The two parties dispersed again. Who knew when they would meet again after this parting?

"Hey! Wake up!" In the depths of a forest, on a grassland, a man looked at the unconscious woman in his arms nervously. He didn't dare to shake her hard and could only pat her cheek gently. He had been doing this for a long time, but the woman still didn't show any signs of waking up.

"Hey!" The man's eyes were full of panic. Seeing the woman's pale face, he didn't know what to do. He held the woman's hand in his big hand with coldness!

"Wake up!" The man slapped her harder, but the woman's head shook back and forth and she didn't open her eyes. The man's black eyes darkened and he suddenly lowered his handsome face. His thin lips hit her pale lips fiercely. As soon as they touched, she raised her arm that was originally on the side and hugged the man's neck fiercely!

"You..." The man's eyes widened abruptly. He wanted to pull the woman's arm off without thinking, but the woman exerted more strength. Her closed eyelashes trembled gently and she exerted more strength on her arm. She also raised her body halfway and kissed him.

The man was enraged. The woman suddenly opened her eyes and a glint of darkness flashed through her amber eyes. She opened her mouth and bit hard. Then, her body was pushed away fiercely!

The man panted heavily and wiped the blood on his lips with one hand. He looked at the woman sitting on the ground with anger in his black eyes and didn't know what to say. In the end, he twisted his handsome face and tried his best to suppress the anger in his heart. He said in a deep voice, "This is the Foggy Forest, the furthest edge of the Ten Thousand Beast Mountain Range. You're safe." After saying that, the man walked away. The woman sat on the ground and was startled. "Ze Ran! Where are you going?"

"I need to go back!" The man continued walking forward without looking back. A trace of embarrassment flashed through the woman's face. "You're leaving me alone?"

Ze Ran was startled. He slowly turned around. "You're safe."

"You've been planning to leave me behind, haven't you?" The woman covered her abdomen with her hand. "You didn't want to be with me when you took me out of there, did you?"

Ze Ran's face darkened slightly. He pursed his lips and didn't say anything. He wouldn't abandon her. He just wanted to go back. After all, Yun Feng and the others were still inside!

"Stay here." After saying that, Ze Ran turned around and was about to leave. Miss Hei widened her big amber eyes. "You're going to find Yun Feng?"

Ze Ran didn't say anything. Miss Hei stood up from the ground and pounced forward, hugging Ze Ran fiercely from the back! "You can leave if you want, but take me with you! Don't even think about leaving me alone!"

"Let go!" Ze Ran blushed and wanted to twist her arm away from his waist, but Miss Hei bit her lips hard. "I'm not letting go! I was going to let go of you, but you came! How many times have I told myself to let you go? But why did you come? Wouldn't it be better to let me die there? Why did you come?"

"Because of the child in your belly. I'm also responsible for it," said Ze Ran. Miss Hei was startled. The child... It was indeed for this child! Her eyes were wet and tears welled up in her eyes, but they didn't fall.

"Even so, don't even think about leaving alone!"

"You..." Ze Ran looked angry, but he didn't dare to shake her off with brute force. After all, she was pregnant. What if she accidentally hurt that little baby? No matter what Ze Ran said, Miss Hei wouldn't let go. In the end, Ze Ran could only sigh helplessly and his tone softened. "Let go. I'm not leaving."

Miss Hei was stunned. "Are you serious? You're not leaving?"

Ze Ran frowned as frustration surged in his heart. "When did I lie? Let go!"

Miss Hei's heart ached. She didn't want to lose the feeling of lying on his back, but she still slowly let go of her arm. Ze Ran turned around and immediately pulled away. He looked at Miss Hei gloomily. "I'm not leaving. Are you satisfied?"

Miss Hei looked complicated. "I know you're worried about Yun Feng, but she'll be fine. She's a five-element summoner. The human next to her is also very powerful. She..."

"Whether she's alright or not isn't up to you!" Ze Ran roared. Miss Hei lowered her head with her lips moving slightly and a shadow covered her face. She didn't say anything else.

Seeing that she suddenly went silent, Ze Ran realized that he had lost control just then. He combed his hair in frustration. "Are you... alright?"

Miss Hei smiled wryly. "What can happen to me? I'm a Magic Beast. I'm certainly strong. It's impossible for me to be injured so easily."

Ze Ran glanced at Miss Hei with a complicated expression and sighed slightly. "Let's leave this place and go to Chunfeng Town nearby. My home... is there."

"Your home?!" Miss Hei, who was still lonely just then, suddenly raised her head. Her amber eyes glittered as she stared straight at Ze Ran. Her eyes were full of anticipation and a lot of nervousness. Ze Ran's throat was dry. In the end, he turned around and replied softly.

"Can I really go there? I mean... Will it affect your family? Your father and mother... They..." Miss Hei blushed slightly and her heart began to race. She became inexplicably nervous and her words were a bit incoherent. Ze Ran was a bit frustrated after hearing that. "What are you looking forward to? What's your relationship with me? If it weren't for..."

Ze Ran suddenly fell silent, and so did Miss Hei. Her slightly red face gradually faded and she became pale again. She slowly lowered her head. Right, what was she nervous and excited about? In his mind, she was nothing. At most, she was someone he hated.

"Let's go," Ze Ran whispered. Miss Hei replied gloomily. The two of them walked in the Foggy Forest one after another. The forest was silent and there was no sign of any Magic Beasts. There was only the faint sound of the wind and the sound of footsteps on the ground, as well as the heavy heartbeat.

## Chapter 1615: Heaven (2)

Even though Ze Ran was walking in the front, he wasn't fast. Considering the situation of the person behind him, he controlled his speed carefully, fearing that she wouldn't be able to take it if he walked too fast. The two of them didn't say a word along the way. The sunlight shone lazily through the gaps. Miss Hei raised her little face and looked at the sunlight between the shades of the trees. Then, she lowered her head and looked at the gradually stretching shadow of Ze Ran. Her lips slowly curled up. Miss Hei quickly walked a few steps and merged into Ze Ran's shadow.

Looking at the shadows of the two of them, Miss Hei chuckled. That was great. They were together.

"What are you laughing at?" Ze Ran turned around. Miss Hei's body immediately stiffened and she suddenly took a few steps back from his shadow. Ze Ran raised his brows suspiciously. Miss Hei stood there awkwardly with a hint of panic in her eyes. Ze Ran looked at her silently for a while and then turned around to walk forward again.

Miss Hei stuck out her tongue and took a few steps forward. Looking at the overlapping shadows again, she smiled sweetly.

"When we get out of the Foggy Forest, don't talk too much. Hide your Magic Beast aura as much as possible."

"Yeah."

"Don't show too much curiosity."

"Yeah."

"After returning to my house, don't go out. We'll leave this place in a few days."

"Ze Ran?"

"What's wrong?" Ze Ran turned around and saw those amber eyes.

"Will you leave without me?"

Ze Ran was startled. He turned around and said in a deep voice after a few seconds of silence, "No."

A bright smile bloomed on her pale little face. Miss Hei stepped forward happily and found that Ze Ran didn't pull away. She was thrilled in her mind. Great, she was even closer to him.

The two of them soon walked out of the Foggy Forest and entered the human world. It should be said that this was the first time Miss Hei stepped into the human world, so she was certainly full of curiosity in her mind. In the past, she had only seen Magic Beasts. Now, all she saw were humans. She was extremely curious, but she had to suppress it desperately. Miss Hei only dared to take a few glances secretly and then quickly looked away. Ze Ran saw her small actions and there was a hint of a smile in his eyes. She was really obedient.

As they walked into Chunfeng Town, more humans appeared. Miss Hei was dazzled. So many humans! Humans were indeed different from Magic Beasts. Their auras and strength were so different! Ze Ran led the way in the front and said in a deep voice, "Aren't humans just weak creatures in the eyes of you Magic Beasts?"

Miss Hei was stunned. "I didn't mean that. I just..."

"We're almost at my house. You shouldn't talk too much." Ze Ran said with a much colder expression. There was a thorn in Miss Hei's heart and she felt very uncomfortable. She could only nod and agree. However, when she saw the small courtyard not far ahead, she started to look forward to it inexplicably again.

"Father, mother!" Ze Ran pushed the door open and called out loudly. Soon, a middle-aged man and woman walked out with a surprised look when they saw Ze Ran! "Xiao Ran, you're back! Let me take a look. Your skin seems to have darkened a lot..." The middle-aged woman pulled Ze Ran over and looked at his entire body with enthusiasm in her eyes. Ze Ran smiled lightly. The middle-aged man next to him saw Miss Hei behind Ze Ran and couldn't help but frown. "Ze Ran, this is..."

"Uncle, Auntie, I'm..." Miss Hei blushed and talked a bit nervously. However, before she could say a complete sentence, Ze Ran interrupted her. "She's Miss Hei, father, mother. She'll stay here for a few days."

The middle-aged man and woman obviously didn't understand. Seeing Miss Hei's embarrassed look, they could only smile. "You're Xiao Ran's friend, right? This place is a bit crude. Just don't despise it."

"N-No..." Miss Hei's voices were a bit shaky. Ze Ran glanced at her and didn't say anything. The Ze family was an ordinary family to begin with. They cleaned up a room for Miss Hei to stay in. At night, Ze Ran's mother made a sumptuous meal. This was the first time Miss Hei saw human food. After tasting it, she completely fell in love with it.

"What's this? It's delicious!" She was the one who ate the most. Her appetite was aroused and she kept eating and asking. Ze Ran's mother watched with a smile and explained as she picked up food for Miss Hei. Ze Ran had a headache, but fortunately, she didn't say anything shocking. On the surface, she looked like a Young Lady who didn't know the suffering of the people.

"You've been traveling for so long. Did you meet the Young Lady of the Yun family?" Ze Ran's father asked casually. Ze Ran's expression froze and Ze Ran's mother chuckled. "Do you remember how excited you were when you came back from the first day of entering the Martial Arts Institute when you were young? You kept talking about the Young Lady of the Yun family."

"Haha, that's right. Thinking back, after the Young Lady of the Yun family left Chunfeng Town, you were depressed for a long time!" Ze Ran's father burst into laughter. Ze Ran looked extremely embarrassed. "Father! Don't mention such a thing!"

Miss Hei stopped eating and listened quietly.

Ze Ran's mother chuckled. "How can we not? Tell me, haven't you been doing this for the Young Lady of the Yun family?"

"Mother!" Ze Ran blushed. Ze Ran's parents both smiled. "As parents, how can we not know what you're thinking? It's just a pity..." Ze Ran's father heaved a long sigh. "A large family like the Yun family is beyond our reach after all."

Ze Ran's face darkened. He didn't have such thoughts back then. He knew the gap between him and Yun Feng, so he kept chasing her. Even if he could never catch up with her, and he could only stay behind forever, it was fine as long as he could look at her like this, but now...

"No! Ze Ran is very good!" Miss Hei said as she looked at Ze Ran with her amber eyes. "Ze Ran is worthy of Miss Yun! He definitely is!"

Ze Ran's parents were stunned and both smiled. Ze Ran was a bit surprised. After saying that, Miss Hei immediately lowered her head and ate silently. Ze Ran's mother smiled happily and picked up a lot of food for Miss Hei. Ze Ran, on the other hand, lowered his black eyes and remained silent.

Dinner was over in a very pleasant atmosphere. Ze Ran's parents didn't ask Miss Hei too much, while Ze Ran drank a few glasses of wine with his father. Even though he was strong, he couldn't stand the alcohol after all. Ze Ran was slightly drunk and went back to his room to rest. Ze Ran's father also went back to his room to rest. Ze Ran's mother cleaned up the dining table. Miss Hei looked outside through the window and pushed the door open.

## **Chapter 1616: Heaven (3)**

"Auntie, let me help..." Miss Hei walked over. Ze Ran's mother chuckled. "You're a guest. Go and rest. I can do it alone."

Miss Hei stood there a bit uneasily. This was the first time she came into contact with a human being, the first time she had such a direct conversation with a human being, and the first time... she faced the mother of the man she liked. Seeing Miss Hei's confused expression, Ze Ran's mother chuckled. "Then... You can give me a hand."

Miss Hei smiled brightly, but she exerted her strength and crushed the bowl in her hand into pieces! Looking at the residue and debris on the ground, Miss Hei was stunned. This was the difference between humans and Magic Beasts... This was the difference in the power of different races! No matter how careful she was, even if she didn't mean to, she would still inadvertently cause damage!

Her amber eyes glittered. Ze Ran's mother quickly walked over. "I'll take care of it! Don't hurt yourself!"

Miss Hei was surprised. In the end, she lowered her head silently. Ze Ran's mother cleaned up the pieces on the ground and looked up with a smile. "Aren't you here to help?"

Miss Hei looked up. Ze Ran's mother smiled warmly. Tears welled up in Miss Hei's eyes and she nodded fiercely. In the small kitchen, gentle halos shone down and voices came from inside. "Ze Ran was so obedient when he was young. I remember when he was young..."

Ze Ran's mother kept talking. Miss Hei listened quietly with a smile. Just listening to the stories about him made her feel so satisfied.

"That kid didn't have many friends. He didn't really have a smile until the Young Lady of the Yun family appeared."

Yun Feng. Miss Hei's heart ached fiercely. "Aunt... Does Ze Ran like that Young Lady of the Yun family very much?"

Ze Ran's mother chuckled and then sighed. "As a mother, how would I not know what my son is thinking? We all know very well who that kid was working so hard for. Ze Ran knows the gap between him and the Young Lady of the Yun family. He's always been chasing after her silently. As a mother, my heart aches just thinking about it."

Miss Hei lowered her eyes. There was an indescribable pain in her heart. Had he been chasing her? He knew that he couldn't catch up with her, but he kept chasing her so that she could look back at him? Ze Ran, it turned out that you liked her so much.

"Miss Hei, you and Ze Ran are..."

Miss Hei quickly shook her head. "Ze Ran and I... are friends!"

Ze Ran's mother pursed her lips and didn't say anything. Miss Hei was silent for a while before she said again, "Auntie, if... If the Young Lady of the Yun family has someone she loves, what will Ze Ran do?"

"What else can that kid do? He's been chasing her for so long. How can he give up so easily?"

Miss Hei tasted a trace of bitterness. She touched her waist and abdomen with her hand and accidentally glanced at the ground. Under the dim yellow light, a huge figure was cast on the ground. Compared to the human shadow on the side, there was a huge difference!

Miss Hei's heart trembled and she quickly took a few steps back. She wanted to hide her huge shadow in the darkness, but the shadow was too huge to hide!

"What's wrong?" Ze Ran's mother turned around. Miss Hei said in panic, "Auntie, I... I'll go back first..." She pushed the door open and ran out in panic. Ze Ran's mother looked at the ground in confusion, then shook her head helplessly and continued working.

Was this the difference? Miss Hei looked at the moon in the sky and her huge shadow was faintly discernible in the darkness. There was an insurmountable gap between humans and Magic Beasts! Even if she could give up everything about Magic Beasts, how would she be accepted by the human world as a Magic Beast?

Ze Ran fell asleep in a daze and his consciousness was blurry. Ha, he really couldn't stand the alcohol. He had only drunk a few glasses and he was already drunk? With a faint smile, Ze Ran wanted to raise his hand and rub his aching head, but his limbs were soft and he couldn't exert any strength at all.

Fine, just let it be. There was nothing wrong with getting drunk. His dizzy head was empty just like that. For a moment, Ze Ran really wanted to go back to the days when he first met Yun Feng in Chunfeng Town. That was the most beautiful time of his life.

It would be great if he could go back... If he could go back, he would definitely be a bit braver. It didn't matter even if she rejected him. He would have a chance to express the real feelings in his heart and let her know that his heart had been lost to her many years ago.

"Yun Feng, I like you..." It sounded like he was mumbling, but also like he was shouting endlessly. Ze Ran closed his eyes tightly. For the first time, he said the emotions hidden deep in his heart directly. They were so direct and painful.

I like you. I like you. All these years, there is only this sentence in his heart, but I can't let you know. It's completely buried in my heart.

"Pa." There was a soft sound, as if something cold landed on his face. Ze Ran was slightly drunk and fell asleep just like that. A crystal clear tear rolled down his cheek silently.

After staying in the Ze family for only three days, Ze Ran left with Miss Hei. Miss Hei seemed to be getting closer to the due date. She told Ze Ran to take her to a quiet place. Just ignore her. She could deal with everything. Magic Beasts were different from humans.

Ze Ran was half suspicious and half convinced. He also knew that Magic Beasts were indeed a bit different from humans. The pregnancy alone was too different. Humans were pregnant for ten months, but Miss Hei was pregnant for a few years. It was finally the eve of childbirth. After all, childbirth wasn't anything else. Even if Miss Hei was a Magic Beast, Ze Ran was still very worried. As the due date approached, Ze Ran was a bit restless. Miss Hei only told him with a smile that he didn't have to worry about anything.

The two of them returned to the Foggy Forest again. Ze Ran built a simple wooden house. A human midwife couldn't help Miss Hei. Miss Hei really had to do everything herself. Her abdomen, which wasn't obvious at first, had expanded by leaps and bounds in recent days. Ze Ran was dumbfounded when he saw this. Miss Hei smiled and said that this was very normal.

There were only seven days until the birth. Ze Ran carried everything on his shoulders and tried his best to satisfy Miss Hei's requests.

"Ze Ran, I want to eat Auntie's dish she made the other day..."

"Alright, I'll make it for you."

"Ze Ran, I want to eat the fruit called XX that you humans eat..."

"Alright, I'll get it for you."

"Ze Ran, my back is a bit sore..."

"Turn around. I'll massage it for you."

## **Chapter 1617: Heaven (4)**

"Ze Ran, Ze Ran, Ze Ran..."

Every day, Miss Hei made all kinds of strange requests. Ze Ran tried his best to satisfy them. The feeling of being a father for the first time rippled in his chest, making Ze Ran

have mixed thoughts. At night, Miss Hei slept in the wooden house while Ze Ran sat outside and looked up at the starry sky. He was going to be a father and have a child of his own...

"Ze Ran." A soft voice called out. Ze Ran turned around and immediately frowned. "It's so cold at night. Why are you out? Go in quickly."

Miss Hei chuckled and walked quickly before sitting down. She wrapped her arms around Ze Ran's arm. "I'm not cold. I won't be cold with you here."

"No, go in." Ze Ran was about to get up, but Miss Hei exerted her strength. "Ze Ran, can you sit with me?"

"Let's sit inside."

Miss Hei raised her head and looked at Ze Ran pitifully. "Just for a while, okay? Don't kick me in." Her amber eyes glittered beautifully under the night sky. Ze Ran inexplicably blushed and turned around. "Up to you."

"Hehe." Miss Hei held his arm even tighter and her warm body also leaned against him. Ze Ran frowned slightly, but didn't push her away. Their shadows intertwined tightly. "Ze Ran, look at how beautiful the moon is."

Miss Hei raised her head, and so did Ze Ran. "Such moonlight is truly rare. I've only seen such moonlight twice. One time was now, and the other time was when I met you."

Ze Ran's muscles stiffened. Miss Hei chuckled. "I know you must hate me and wish you hadn't seen me, don't you?"

Ze Ran didn't say anything. Miss Hei continued, "Even though you hate me, I... really like you."

"...What exactly do you like about me? We only met once. How can you like me?"

A smile bloomed. "I don't know what I like about you, but I know that I like you. Even though you're a human being, I don't care... I don't want to let you go. I don't want you to leave my world..."

"So, you used that method?" Ze Ran's tone was slightly cold. Miss Hei smiled wryly. "I'm selfish. Even if you've never forgotten her and I'm not the one you love, I've never regretted it!"

Ze Ran was stunned. "...Loving someone doesn't mean owning them."

"For Magic Beasts, they must take what they like for themselves! Only by taking it can they declare their ownership!" Light flashed through her amber eyes. "I'm a Magic Beast. I must claim the person I like! Make him mine!"

Ze Ran was silent. Miss Hei held his arm even tighter. "But I understand now that possession isn't forever. Owning you isn't having you. What I want isn't to own you, but to have you..." Ze Ran's thin lips moved slightly and he didn't know what to say.

"I know you have someone you like, but I've never thought about how you like and chase after her. Ze Ran, if time could be reversed, I would rather choose to be like you. You know you can't catch up with her and you can't get her, but you still chase after her silently and follow behind her... Just to see her happy."

Something blocked Ze Ran's heart fiercely. He held his arms even tighter, as if he was exerting all his strength.

"I want to have you. I want to have your heart, even if it's just for a day or a moment! I can exist in your heart and you can look at me with your eyes... Humans aren't as fragile as Magic Beasts think. Human hearts... are strong and beautiful."

Ze Ran looked up at the starry sky and listened quietly. This was the first time he listened to her calmly and also the first time he truly felt her feelings for him.

"Ze Ran, after this child is born, I'll let you go." She whispered softly and floated in the air in a daze. Ze Ran's body stiffened again and he lowered his head in disbelief. Miss Hei held Ze Ran's arm tightly and then raised her head with a smile at the corners of her mouth. "I'll let you go."

"You..." Ze Ran was shocked. Miss Hei let go of her arm and stood up. "After giving birth, I'll return to my clan. I can't take this child back. You'll have to take care of it."

Ze Ran couldn't tell how he felt in his mind. He was relieved, puzzled, frustrated and a bit depressed. "Won't you be in trouble if you return to the race? I can..."

Miss Hei shook her head with a smile. "Don't worry. They won't do anything to me. I'll be fine."

"But..."

Miss Hei chuckled. "Don't worry. I'll never come out after I go back this time. I'll stay in the clan forever and never disturb your life again..."

"But you'll miss your child, right?" Ze Ran said. He was inexplicably anxious in his mind. He didn't know why he was anxious. He was just anxious!

"Once I go back, I'll never come out again." Miss Hei whispered and then smiled. "After I go back to the clan, you don't have to tell the child my identity. Just let them think that I'm a human being... That's good."

Ze Ran's black eyes glittered and his heart trembled fiercely! "I won't hide your identity! I'll tell this child that their mother is a Magic Beast!"

Miss Hei was stunned for a moment. Then, she chuckled. "I'm a bit tired. I'll go rest first."

Ze Ran still wanted to say something, but Miss Hei had already gone in and closed the door. Ze Ran looked at the closed door in a daze as an inexplicable emotion surged in the bottom of his heart. She was going to let him go. Wasn't this what he had always wanted? His wish was about to be fulfilled right now. He should be happy and feel relaxed. Why... did he feel inexplicably disappointed and even angry?

"Damn it!" Ze Ran cursed furiously as he flashed out of the wooden house. Behind the closed door of the wooden house, Miss Hei sat on the ground as hot tears fell silently. This way... he could continue to chase after that person. This way... he could continue to be happy.

In the following days, a silent wall seemed to have been erected between the two of them. Miss Hei didn't pester Ze Ran anymore. Logically speaking, Ze Ran should be more relaxed, but the more she was like this, the more irritable he became. The more she was like this, the darker the clouds on his face became.

Finally, it was time to give birth. Early in the morning, Miss Hei closed the door tightly and warned Ze Ran not to come in until sunset. If anything happened and the child in her belly was hurt, she wouldn't let him go! Ze Ran said nothing with a gloomy face. Ever since the door closed, Ze Ran had been sitting outside and waiting.

## **Chapter 1618: Heaven (5)**

It was very quiet inside. There were a few times when Ze Ran wanted to rush in. Why was it so quiet? However, he suppressed himself. Perhaps the birth of Magic Beasts was different from that of humans. He shouldn't go in easily. If he disturbed her, what would happen to the child and her? The child and her... Ze Ran's black eyes darkened. Since when did he take her seriously?

Sunrise, noon, sunset and dusk. It was the sunset time that Miss Hei mentioned. Ze Ran pushed the door open and rushed in without hesitation. As soon as he entered, a strong smell of blood came right at his face! Ze Ran's heart tightened and he ran in crazily!

There was nothing unusual in the room. Only the smell of blood that couldn't be dispersed in the air. There was a woman lying on the bed quietly. Her face was pale and her breathing was rapid. There was a baby sleeping peacefully next to her. The baby's fair and red little face was unusually cute. Her breathing was stable as she slept. Her little body moved a few times from time to time, as if she was dreaming.

A warm current entered Ze Ran's heart. He walked over quietly and slowly squatted down. Looking at the sleeping kid, he was indescribably touched. He gently touched his smooth and soft cheek with his hand. Ze Ran's heart was about to melt. This was his child.

"...You're here." The woman on the bed turned around. Her face was unusually pale and her amber eyes were full of blood vessels. Ze Ran's heart ached fiercely! Right, he didn't know when he started to put her at the bottom of his heart. Gradually... her figure appeared in his world.

Ze Ran reached his hand over and slowly pushed her wet hair aside. He caressed her pale and cold face with his warm palm and his amber eyes widened. He looked at Ze Ran in disbelief. Ze Ran smiled warmly. "Thank you."

Her amber eyes glittered again and again. Miss Hei wanted to say something, but Ze Ran pressed her lips gently with his finger. "From now on, listen to me." After a moment of silence, his handsome face was a bit red. Ze Ran looked away and was a bit embarrassed to face Miss Hei. He slowly said, "I did hate you back then. I really wanted to leave you and never see you again. However, it was very strange. When you said you wanted to let go of me, I... was a bit disappointed. I don't know when I started to care about you and take you to heart. At first, it was for the child in your belly, but now... it's not just the child."

Ze Ran took a deep breath and his handsome face became even redder. "...My feelings for you aren't as strong as yours for me, but time can change everything. So, don't go back to the race. Stay with me. We... What's wrong with you?" Ze Ran looked back and saw blood all over his eyes!

Blood kept gushing out of Miss Hei's mouth and soon soaked the clothes on her body. Such bright red blood gushed out and the smell of blood in the air became stronger and more pungent! Two streams of clear tears flowed down her cheeks and quickly mixed into the bright red blood. Her red lips were full of smiles. Ze Ran suddenly pressed Miss Hei's chest with one hand. "What's wrong... What exactly happened..."

Miss Hei slowly reached out and pressed the back of Ze Ran's hand. "Ze... Ze Ran..."

"Don't talk! I'll take you to Yun Feng! I'll take you to her!" Ze Ran immediately held Miss Hei in his arms and rushed out without looking at the child on the bed. "Hang in there. Yun Feng will definitely have a solution!" As he ran, Ze Ran kept going deeper into the

Foggy Forest. Blood was still flowing, dyeing Ze Ran's clothes red. When it landed on the ground, bright red flowers bloomed.

"... It's useless," said Miss Hei. Ze Ran shouted furiously, "You'll be fine! I won't let anything happen to you!"

"Ze Ran." Miss Hei looked up and her breathing became even more rapid. She looked up at the man whose face was full of anxiety at this moment and her red lips curled up. "When the Yi Feng clan gives birth, the mother will die."

"What?" His black eyes shrank fiercely and he held the woman covered in blood in his arms even tighter! "Why didn't you tell me earlier? Why?"

Miss Hei smiled so brightly. "I'm willing, because this is your child. I want to give birth to our child, even if... I have to exchange my life for it."

"Shut up!" Ze Ran roared crazily with a trembling voice. How could this be... How could this be?

"Ze Ran, is what you said just then true? Am I dreaming?"

"You're not dreaming! Do you hear me? I want to be with you and raise our child together. I'll like you. I'll fall in love with you! Do you hear me?"

Her amber eyes were full of tears. "...Is it true? Is it true..."

"It's true. Everything is true!" Hold tight, hold tight with all his strength!

"That's great... To be able to hear it at this moment, I can also... Hm!" Blood gushed out again! "I'm so sleepy... Ze Ran, I want to rest..."

"You're not allowed to sleep! Do you hear me? Don't close your eyes!" He roared crazily. Ze Ran stopped running and held the woman in his arms even tighter, hoping to warm this cold body with his warmth. She was getting colder and colder!

"I'm really sleepy... Ze Ran, I hope that my Beast Soul... can stay with you for a while longer before leaving. I really, really... like you very much... You..." Her amber eyes slowly closed as tears fell and a smile bloomed.

"Don't sleep..." Ze Ran mumbled, but the woman in his arms would never wake up again. Light rose! The body in his arms dissipated just like that. Ze Ran hugged fiercely, but there was only air! Warm spots of light glittered around Ze Ran. Ze Ran extended his hand and wanted to hold them, but the light slipped through his fingers and flew into the distance.

As she said, she was going back to her clan.

"Pa!" A drop of warm tear fell from her face and sank into the ground, wetting the world.

It only takes a short time to fall in love with someone, such as a moment.

But it takes a long, long time to forget someone, for example, for a lifetime.

The forbidden area of the Yi Feng clan was quite vast. It took Qu Lanyi a few days to travel at his full speed and cross the territory of the Yi Feng clan carefully. The habitats of the three races in the Ten Thousand Beast Mountain Range were all large areas. In the middle of these three vast areas, there was a buffer area. This area gave Yun Feng and Qu Lanyi some time to catch their breath. Such a place was completely empty. After all, Magic Beasts had a very clear concept of territory and were very possessive. If their territories were tightly adjacent, the conflicts wouldn't stop.

## **Chapter 1619: Pervert, I Don't Miss You (1)**

The small races didn't matter, but if the three major races fought, the Ten Thousand Beast Mountain Range would be turned upside down.

After entering the buffer area, Yun Feng sent Qu Lanyi into the Dragon Palace immediately. Even though Yao Guang had told her not to use the Dragon Palace easily here, this was the buffer area and was relatively safe.

Qu Lanyi entered the Dragon Palace to check Mu Canghai's injuries, while Yun Feng immediately took out the Sound Transmission Jade, hoping to contact Ze Ran. Even though Ze Ran and Miss Hei were carried away through the spatial crack Mu Canghai forcibly opened, it was hard to say if they were really safe. Yun Feng was a bit worried in her mind. The Sound Transmission Jade recorded Ze Ran's aura, but she couldn't guarantee that it would lead her to him.

Yun Feng infused her aura into it and activated the Sound Transmission Jade. After a while, the Sound Transmission Jade lit up. "Ze Ran?" Yun Feng was delighted and called out. The Sound Transmission Jade rang a few times and Ze Ran's voice came. "It's me. I'm fine. How are you?"

Yun Feng was startled. Ze Ran's voice seemed a bit wrong... Even though it sounded normal, she still felt that something was wrong. "Qu Lanyi and I have already left the territory of the Yi Feng clan. How's Miss Hei?"

The Sound Transmission Jade flashed a few more times after a while. "She's fine. It's good that you came out safely. How are Mu Canghai's injuries?"

"I've sent Qu Lanyi to the Dragon Palace to check. I'm not sure yet."

"With Qu Lanyi here, he should be fine. Yun Feng, it's not convenient for me to go back to you right now, but with Qu Lanyi here with you, he should be fine."

"Take care of Miss Hei first. After all, she's still pregnant."

The Sound Transmission Jade paused for a while again. "Haha, she's fine. Don't worry. I'll take care of her here."

Yun Feng nodded. It was good for Ze Ran to take care of Miss Hei. She only hoped that the child in her belly would be safe. "Is it safe where you are?"

"Yes. Mu Canghai's spatial crack sent us to the Foggy Forest. I plan to take her to the human world and let her give birth to the child first."

"That's for the best. No matter what, Magic Beasts won't interfere with the human world easily." Even though there was a huge difference between Magic Beasts and humans, there was an obvious boundary between them. It didn't matter if they tested each other occasionally, but both parties knew where the biggest line was.

"Yun Feng, be careful."

Yun Feng chuckled. "Of course. You too. I hope Miss Hei will be fine."

Ze Ran's laughter came. Then, the communication with the Sound Transmission Jade was cut off. Yun Feng looked at the Sound Transmission Jade in her hand for a while and remained silent. Something was really wrong with Ze Ran... Did something happen to Miss Hei? Thinking of the relationship between Ze Ran and Miss Hei, Yun Feng raised the corners of her mouth. Fine, she should let those two people deal with it themselves.

After contacting Ze Ran, Yun Feng also entered the Dragon Palace. Seeing the pale Mu Canghai, Qu Lanyi looked up. "Have you contacted Ze Ran?"

Yun Feng nodded. "He and Miss Hei are in the Foggy Forest right now. He plans to take Miss Hei to the human world for a while."

"At least he has some brains." The hand covering Mu Canghai's chest left and spots of light entered his palm. "I've checked briefly. His condition isn't too bad. His power of space is almost exhausted after being overused. Luckily, this is the first time. I can still control it."

Yun Feng frowned. Mu Canghai had been using the power of space very carefully. The situation this time was too tricky. He had to use all his strength to get a chance, but there were always hidden dangers if he used it too much. "He's different from us. Even if I use too much mental strength and get exhausted, it's fine. I can slowly recover as time passes. Once his power of space is exhausted, it'll endanger his body."

Qu Lanyi looked rather serious. "He's different from the members of the Ling family. He directly inherited the power of space from that weird Yao Guang..."

"Kid, who are you calling weird?" Yao Guang's hoarse voice sounded. Qu Lanyi raised his head and looked at Yao Guang, who was wrapped in a black robe in the sky. "Senior Yao Guang, am I wrong about you?"

Yao Guang slowly narrowed his gray eyes. "Kid, you're quite bold. Do you really think the bloodline in your body can make me look at you in a different light?"

"So, Senior Yao Guang knows something about the Naxi family?" Qu Lanyi's black eyes were fierce. The corners of Yao Guang's mouth curled up and he let out a hoarse laugh that was difficult to hear. "Kid, I won't tell you anything." Yao Guang rolled his eyes and looked at Mu Canghai, who was lying on the ground. "This kid was really desperate."

"Senior Yao Guang, is Mu Canghai alright?"

"Humph! It's fine if he doesn't die. As for you, didn't I warn you not to use the Dragon Palace here?"

Yun Feng was startled and looked serious. "I had to do this in the situation back then."

Yao Guang raised his brows. "This kid has already died once after all. He's essentially dead. So what if he dies again?"

Yun Feng's black eyes turned cold. "In my eyes, Mu Canghai isn't dead."

Yao Guang was stunned. Then, he laughed again. "Interesting... Yun Feng, if you don't listen to my advice and still use the Dragon Palace, you won't be able to bear the consequences! Especially in the Beast Region. If those guys find out that you have this thing..."

"Senior Yao Guang, are you talking about the Fantastical Beasts that live in the Beast Region?" Yun Feng looked at him with her black eyes. Yao Guang was stunned! "You know? Who told you?"

Qu Lanyi sneered. "Someone told us, of course."

Yao Guang narrowed his eyes completely with a hint of coldness. "Who did you meet?"

Yun Feng frowned. Yao Guang seemed to be concerned about everything in the Beast Region and he called the Fantastical Beasts in the Beast Region those guys... Even though she had seen Yao Guang's original body, his status among the Magic Beasts was still a mystery.

"Why should I tell you?" Qu Lanyi's tone was quite provocative. Yao Guang's eyes turned cold. He swung his robe fiercely and then disappeared from this space. Yun Feng looked at Qu Lanyi, not knowing why he was talking to Yao Guang like this.

"He knows something I don't know about the Naxi family." Qu Lanyi looked cold and clenched his fists tightly. Yun Feng walked over. "Senior Yao Guang doesn't mean any harm."

## **Chapter 1620: Pervert, I Don't Miss You (2)**

Qu Lanyi snorted coldly. "Of course not. If he did, he would've attacked me already."

"The birth of the four families dates back to a long time ago. There must be a lot of things that the descendants of the four families can't know," said Yun Feng. Wasn't the summoner bloodline in her body the best proof? Yun Feng still didn't know what the summoner bloodline meant. She also didn't know how powerful the summoner bloodline was.

"I know that the bloodlines that have been passed down since ancient times have been constantly weakened. Many of them have already been lost, but that's... even more terrifying." Qu Lanyi frowned hard and looked at Yun Feng with his black eyes. "Sometimes, I wonder how much potential the bloodlines flowing in our bodies have. Where exactly is its bottom line? Fengfeng, you and I are both special."

Yun Feng was silent. Indeed, even if there was a summoner among the members of the Yun family, she was indeed very special. Five elements... Apart from that all-element summoner from a long time ago, she might be the only miracle! As for Qu Lanyi, even though she didn't know what the physique of the Naxi family was like, it was already unbelievable that they had both light and darkness! The two of them were special and unique even in their own families!

How powerful was the hidden power in their bodies? Or rather... the secret of their bloodlines was already hidden in their bodies, waiting for the day of awakening?

"Alright, let's not talk about that." Qu Lanyi chuckled with a smile on his handsome face. "Mu Canghai is recuperating here. We should not disturb him."

Yun Feng nodded and glanced at Mu Canghai. Knowing that he was fine, she was also relieved in her mind. The two of them could leave the Dragon Palace. Mu Canghai would probably take a long time to recuperate this time. Yun Feng didn't intend to use the Dragon Palace again. Before Mu Canghai woke up, the Dragon Palace would be silent.

"Old man! Come out!" A hoarse shout resounded in the space. Yao Guang floated in the air in a black robe with a slightly ferocious look on his face. After a while, the sound of a huge body moving came from the dark. "What's wrong?"

Fury glittered in his gray eyes. "Yun Feng met those guys from the Beast Region!"

The space was silent for a while before the old voice spoke again. "Those guys? Yao Guang, how can you be so sure that it's those guys?"

"Intuition," said Yao Guang coldly with a smile in his old voice. "So what if they met? Yun Feng has to go to the Beast Region sooner or later. They'll meet sooner or later."

"If she really met those guys..." The space suddenly shook and the sound of a huge body sliding echoed. "Yao Guang, forget about what happened in the past."

"I can't! I definitely won't let those guys go!" The hoarse voice echoed in the entire space and the old voice sighed slowly. "Never mind... If you're obsessed with it, there's nothing you can do. However, times have changed. Their strength will definitely be different from before."

"Humph! Do you think I've been doing nothing all this time?" The gray eyes looked somewhere. After a long time, the huge body slid away, leaving only a helpless sigh.

After Yun Feng and Qu Lanyi came out of the Dragon Palace, they didn't take action immediately. The two of them sorted out the current situation briefly and made a simple plan for the future. The old man's request was an accident, which completely messed up Yun Feng's original plan. Finding traces of the Fantastical Beast wasn't a simple matter. Even though the old man didn't say if it was urgent, Yun Feng wouldn't put it aside. Since she had agreed to someone else's request, she would definitely help him with all her might. Besides, that old man gave her a lot of gifts. If it weren't for him, the two of them wouldn't have been able to leave safely.

Yun Feng had a few goals when she went deep into the Ten Thousand Beast Mountain Range earlier. One of them was to save Miss Hei. Now that she had achieved this goal, the second goal was to find the base established by the Blood Souls. Based on all kinds of speculations in the past, the Blood Souls were very likely to be colluding with one of the three largest families of the Magic Beasts. To be exact, one of the three largest families was very likely to join forces with the Blood Souls and protect them in secret.

The third goal was to find the soul of her ancestor, Yun Lan, and the remnant soul of her brother, Yun Qi!

Lord Tu, who fought with Yun Feng directly last time, had already implied in his words that Yun Qi's death was related to the Blood Souls. Yun Feng had reason to believe that the remnant soul of her brother was controlled by the Blood Souls! If she could find the

second base of the Blood Souls, Yun Feng believed that she would definitely not return empty-handed!

The fourth goal was the map fragment. Even though Yun Feng wanted to collect the map fragment, this could only be a matter of luck. Once there was news of the map fragment, Yun Feng wouldn't let it go. Right now, Yun Feng had five map fragments in her hand. The three ancient families should each have one of the remaining seven. Two of the Endless Ocean's fragments were still missing, and the remaining two should be located on land.

Perhaps the Blood Souls also had a few map fragments.

They couldn't enter the territory of the Yi Feng Race again right now. The human identities of the two of them had already been revealed. Yun Feng's unique aura of the Sea Clan would also make her an obvious target. The territory of the Yi Feng Race would definitely be heavily guarded. After the King of the Yi Feng Race learned that Miss Hei was missing, he would definitely be enraged. The Yi Feng Race could only be left aside for now.

"If our human identity is exposed, the other two races will know quickly. In short, we have to be more careful in the future." Qu Lanyi flipped his wrist and the Thousand Shadows Mask appeared. It couldn't be better to change his face. Even though the aura of the Sea Clan in Yun Feng's body was unique, the Magic Beasts on land didn't know much about the Sea Clan anyway. Just like the foreigners in the modern world, the locals couldn't tell which country they came from at all.

This also applied to Yun Feng. The branches of the Sea Clan were very huge and complicated. The Magic Beasts on land didn't understand them and couldn't tell. If she changed her face, she only had to be more careful.

The two of them put on the Thousand Shadows Masks and two completely different faces appeared. They looked extremely ordinary. No one could be bothered to look at them.

"Of the remaining two races, one is in the east and the other in the west."

Yun Feng stood up and was silent for a while. "Let's go to the west first."
