

## Genius Summoner

### Chapter 1621: Pervert, I Don't Miss You (3)

Qu Lanyi chuckled and held Yun Feng's hand. "I'll listen to my wife."

Yun Feng blushed. Qu Lanyi held her hand and walked forward with a smile. The two of them walked in the area and went east. Soon, they arrived at the territory of one of the three largest races that was on the east side. As soon as they stepped out of the central area, Yun Feng and Qu Lanyi keenly noticed that the vigilance outside the area ahead seemed to be much stronger.

The two of them walked forward. As soon as they stepped into the area, two figures flashed over quickly and stood in front of them. "Stop!"

Yun Feng and Qu Lanyi's hearts sank. Yun Feng raised her head. "What's wrong?"

The two people who came had powerful auras at the God Level. They glanced at Yun Feng and Qu Lanyi sharply. "Who are you?"

"We're members of the Sea Clan. We came to the land for some private matters." Yun Feng said. The two guards' eyes were still fierce and they didn't intend to let her go. "Private matters? What private matters?"

"..." Yun Feng and Qu Lanyi looked at each other. Qu Lanyi said, "We've just got married. We came out of the sea for a walk. They all say that the Ten Thousand Beast Mountain Range is very beautiful. We want to see it with our own eyes this time."

The two guards were much more relaxed after hearing that. The two people in front of them looked ordinary and didn't seem to have much attacking power. They were very different from the two humans in the rumors. The two of them moved aside. "You can go over now, but you must be careful when you speak and do things in the territory of the Tian Yao Clan!"

"Got it. Of course we know." Qu Lanyi chuckled and held Yun Feng's hand. When they passed by the two guards, they immediately raised their arms. "Wait!"

"What's wrong?"

The two guards sized her up again and fixed their eyes on Qu Lanyi. "Why... don't you have any aura?"

Qu Lanyi's black eyes darkened and the corners of his mouth curled up. "I'm a special member of the Sea Clan."

The two guards looked at each other with a slightly gloomy expression. "Even though the Magic Beasts on land don't know the classification of the Magic Beasts of the Sea Clan very well, the most basic things won't change! Show your aura!"

Yun Feng's heart sank. If he revealed his aura, he would be exposed on the spot! There was no Magic Beast aura in Qu Lanyi's body that could be hidden! Yun Feng glanced at the two guards. It wasn't impossible for her and Qu Lanyi to kill these two instantly! If they really did that, it would alarm the Tian Yao Clan. They would most likely return empty-handed! The remaining clan would reject them too even if they wanted to step in! If this continued, the situation in the future would be terrible...

Qu Lanyi's black eyes darkened slightly as the same thought flashed through his mind as Yun Feng's. There was no other way right now. He could only attack!

The two of them looked at each other and the power inside their bodies began to operate. They were about to attack!

"What? There's a human intruder!" The expressions of the two guards changed and they blurted out, "It's very likely those two. Let's go!" The two guards didn't care about Yun Feng and Qu Lanyi anymore. They immediately flashed and disappeared. Yun Feng and Qu Lanyi's tense bodies both relaxed and the power gathered in their hands dissipated quietly.

The two of them looked at each other and smiled. Then, Yun Feng frowned slightly. "It seems that another human broke in?"

Qu Lanyi raised his brows. "Maybe, maybe not, but we still have to thank that unlucky guy. We can relax in the future."

Yun Feng was helpless. That was indeed the case. No matter who it was, they had done them a huge favor at this moment. The three races could stop focusing on them. Even though they would have more freedom in the future, they still had to be careful.

Qu Lanyi and Yun Feng entered the territory of the Tian Yao Clan just like that. As expected, the news of humans entering spread everywhere on the streets and alleys. Yun Feng and Qu Lanyi exclaimed that the news spread so quickly and widely. They had only left the Yi Feng Race for half a month. Everybody in the three races probably already knew about it.

The two of them first stepped into the small border area of the Tian Yao Clan. The Magic Beasts here also knew about it. The two of them once again realized that if it weren't for that unlucky guy, even if they could successfully pass the guards, their operation in the Tian Yao Clan might not have been very smooth.

Right now, the entire Tian Yao Clan was talking about the invasion of humans. All the Magic Beasts were focused on this matter. Yun Feng and Qu Lanyi's unique auras

didn't attract any attention, which made the two of them a bit more relaxed in their minds.

The two of them didn't continue moving towards the capital of the Tian Yao Clan. Instead, they stayed in this small place for a few days. Very soon, news came. The Magic Beasts didn't catch the human that broke in. They disappeared again. The members of the Tian Yao Clan were all angry and indignant. Yun Feng also realized deeply how deep the gap between Magic Beasts and humans was. Almost every Magic Beast living here gritted their teeth at humans and couldn't wait to kill them! People like Miss Hei were truly weird.

After staying for a few more days, another piece of news soon stirred the entire Tian Yao Clan and gradually suppressed the incident of humans breaking in a while ago. That was a major event in the Tian Yao Race, the King's Inspection.

The so-called King's Inspection meant that the royal family of the Tian Yao Clan would patrol the territory of the Tian Yao Clan. However, it wasn't just a simple inspection. The real meaning of the King's Inspection wasn't here, but it concerned the strength of the few factions of the Tian Yao Clan.

During the King's Inspection, all kinds of arena battles would be held in the most important cities of the Tian Yao Clan. Almost all the knowledgeable people of the Tian Yao Clan would gather here and join the competition. It wasn't just about their strength and talent, but also to attract the members of the royal family who would come here during the King's Inspection!

The outstanding people who emerged in the arena would be valued by the royal family, and the champion who stood out might be directly recruited under the royal family to work for the king! This was a supreme honor in the Tian Yao Clan!

In order to get this supreme glory and attention, the powerhouses of the Tian Yao Clan would do everything they could. The battles between powerhouses were certainly very eye-catching, so every time the King's Inspection started, the most lively period of the Tian Yao Clan would begin.

Magic Beasts were different from humans. Magic Beasts had a radical, violent and possessive personality! They had a strong pursuit of honor! In the eyes of Magic Beasts, the strongest people could take everything for themselves! Whether it was things or an empty title!

## **Chapter 1622: Pervert, I Don't Miss You (4)**

The most lively period of the Tian Yao Clan was about to begin. Apart from those who went to participate in the competition, the others who didn't participate also surged over.

When such a competition began, there would never be a lack of cheers from the audience.

Yun Feng and Qu Lanyi certainly wouldn't miss it. During the King's Inspection, the Tian Yao Clan could be said to be in an uproar. If the Blood Souls were really colluding with the royal family of the Tian Yao Clan, someone from the Blood Souls would definitely appear during the King's Inspection this time!

During the King's Inspection, there were only two places where the members of the royal family would go. Yun Feng asked around and found out that the members of the royal family who came to the two places were different. There were certainly factions in the royal family. The members of the royal family who went to the two places were different. In the end, the two of them decided to split up. They couldn't miss any possibility. It would be best if they went to different places.

Once they discovered the whereabouts of the Blood Souls, they would immediately inform the other party with the Sound Transmission Jade. They couldn't act alone. Naturally, this was something Qu Lanyi emphasized.

Yun Feng nodded with a smile. She was different from before. Even if she encountered the Blood Souls, she would remain calm. Qu Lanyi was still a bit worried. In the end, he could only sigh helplessly and pull Yun Feng into his arms, hugging her fiercely. "Fengfeng, I feel terrible whenever I think about leaving you."

Yun Feng resisted the urge to roll her eyes and pushed him. Qu Lanyi clung to Yun Feng shamelessly and didn't let go. Luckily, the two of them were in a remote place and nobody saw them, or Yun Feng would be so embarrassed.

"We'll only separate for a short time. Besides, we won't be far away..." Yun Feng was speechless. Qu Lanyi buried his warm face in Yun Feng's neck and took a few deep breaths evilly. Yun Feng's body trembled slightly and her face immediately became hot. "Alright! It's time to go!"

Qu Lanyi exerted strength in his arms and raised his handsome face, staring at Yun Feng with his black eyes. Yun Feng blushed and asked, "What are you doing?"

He raised his thin lips and pointed at them. "Give me a kiss."

Yun Feng blushed even more. This pervert! He made such a request in broad daylight! "No!"

Qu Lanyi looked gloomy. "Why not? I won't be able to see my wife for countless hours. Won't my wife miss me?"

Yun Feng only felt that her cheeks were even hotter. She really should kick him! "No means no!" Yun Feng pushed Qu Lanyi. Qu Lanyi let go of her arm, but grabbed Yun

Feng's wrist and dragged her to him. "Just a moment. Just a gentle kiss." After saying that, he slowly closed his eyes and stood there quietly. Yun Feng looked at the ordinary face in front of her with a red face. Thinking that she wouldn't be able to see him for a long time, she was reluctant in her mind.

She stood on her tiptoes and approached slowly with a flushed face and hot cheeks. Her soft red lips touched his thin lips gently, like a dragonfly touching the water. The man's hand, which was about to retreat, was already waiting behind her. He held the back of her head and dragged this soft body forward. His thin lips pressed against hers fiercely!

"Ugh!" Yun Feng widened her black eyes furiously after being kissed! The man slowly opened his black eyes with a successful smile. His thin lips slowly opened and swallowed her breath!

Qu Lanyi's unique manly breath rampaged in Yun Feng's mouth, making her head dizzy and her cheeks even hotter! The big hand behind her head held her steadily, not allowing her to resist or retreat at all! After an unknown period of time, the man's thin lips finally left. Yun Feng blushed and panted slightly quickly. Qu Lanyi licked the corners of his mouth with the tip of his tongue and smiled evilly and seductively.

"Charging complete."

"Boom!" Her cheek was about to explode! Qu Lanyi chuckled and kissed her hot cheek gently. He let go of Yun Feng. "I'm leaving. Remember to miss me." After saying that, he flashed away. Yun Feng stood there in a daze with a red face. After a while, she cursed in embarrassment and anger, "Pervert! I don't miss you!"

Huangqi and Zhuangning were the two important venues of the King's Inspection this time. All the competitions were held in these two cities. Of course, the content of the competition was the same, but these two cities represented the two factions of the royal family of the Tian Yao Clan respectively. Before the King's Inspection began, everyone in the Tian Yao Clan had to make a choice. They would stand on different sides according to the city they went to.

Yun Feng went to Zhuangning City. Along the way, she met a lot of members of the Tian Yao Clan who were rushing to this city. Some of them were powerhouses with extraordinary strength, some of them looked like they had superb skills on the surface, but most of them were ordinary members who were watching the competition. After all, the King's Inspection wasn't held frequently. It would be a pity to miss this convention.

When Yun Feng arrived at Zhuangning City, the King's Inspection hadn't officially started yet. Even though it hadn't started yet, it was already extremely lively. Zhuangning City was a large city to begin with and there were a lot of members of the Tian Yao Clan living here. Coupled with the other members who surged in from the

outside, it seemed a bit crowded. Luckily, there were arrangements in advance and it was quite orderly despite the mess.

There was a small house outside the gate of Zhuangning City. It wasn't far from the city gate. Many people came in and out of that house. The people who came in and out were also powerful. Yun Feng thought for a moment and determined that it should be the place to sign up for the competition.

The cabin was located in a place that they had to pass to enter the city. Every clansman who entered the city would see it without missing anything. When Yun Feng passed by, she indeed saw the words "registration office". Her black eyes rolled slightly and she walked towards the cabin.

Those who wanted to participate in the competition certainly had to sign up. If the people of the Blood Souls wanted to participate, she should be able to find out something at the registration office. Yun Feng thought as she walked in. As soon as she entered the door, she saw several auras sweeping towards her. Yun Feng remained calm and suppressed her aura. She walked to the side silently and those people quickly retracted the auras that swept over. Nobody noticed Yun Feng anymore.

Yun Feng stood aside and sized them up quietly. The space in the cabin was fine. There were a few tables. It seemed that the competition wasn't just one event. Some people who were signing up stood in front of each table. They were all quite strong and their faces were full of confidence. They were all trying their best to perform very well in the King's Inspection this time.

There was a square stone slab on the side of the room with something engraved on it. Yun Feng walked over. All the content and categories of this competition were engraved on it.

The power competition, the pharmaceutical competition.

Yun Feng was slightly startled. There were only two events? Then, she pondered for a moment and felt that it made sense. The world of Magic Beasts was very pure. They only had two professions. Tamers and summoners didn't exist among Magic Beasts. These were unique to humans. There were also things like making weapons. Magic Beasts didn't need that. Their sharp claws, fangs and other parts were their best weapons!

## **Chapter 1623: Attack, Disturbance (1)**

The only thing that Magic Beasts cared about was power. The other thing was potions. This might be the only part that the two different races, Magic Beasts and humans, had in common. Compared to humans, Magic Beasts pursued fewer and more direct things,

while humans were too complicated. After all, humans had to make up for their racial weakness with external things.

Yun Feng secretly observed all the people who signed up again. There was no one who looked like a Blood Soul. The Blood Souls would probably hide even deeper. If she could participate in this competition herself, she might have a better chance of meeting them. Yun Feng pondered in her mind, but she didn't know if outsiders could participate.

"Huh? You're from the Sea Clan?" A figure walked over and said in shock. The Magic Beasts in the room all glanced at Yun Feng indifferently, but most of them didn't care. Yun Feng looked up at the young man in front of her and smiled. "I'm from the Sea Clan."

"That's strange. An outsider is participating. How rare!" The man smiled heartily. Yun Feng asked, "I'm just here to take a look. Can outsiders participate?"

The man touched the bridge of his nose. "Of course! I don't think the royal family will reject you, as long as you have the strength."

Yun Feng was relieved in her mind. It would be great if she could participate! The young man chuckled and grabbed Yun Feng unexpectedly. "I think you've been watching for a long time. You're going to sign up, right... Have you decided? Which one are you going to participate in?"

Yun Feng frowned slightly and quickly withdrew her hand. She took a few steps back. The man scratched his head belatedly. "Sorry, sorry. Well... Um, I didn't mean any harm..."

Yun Feng chuckled. "It's fine. I'm just not used to people suddenly getting close."

The young man chuckled and scratched his head again. "Which branch of the Sea Clan are you from? This is the first time I've seen a Magic Beast of the Sea Clan in my entire life..." The young man was talking when a young girl behind him suddenly ran over and grabbed his arm. "Brother Lun Sheng, I've been waiting for you outside for a long time. Why haven't you signed up yet?" The girl mumbled and frowned slightly when she saw Yun Feng. "The aura of the Sea Clan... Who are you?"

Yun Feng smiled. "I'm just passing by. Goodbye." After saying that, she turned around and was about to leave. The young man immediately said, "Hey, hey! Wait!"

Yun Feng frowned slightly and stopped. This cabin was only so small. She didn't want to attract anyone's attention. "What's the matter?"

The young man called Lun Sheng smiled in embarrassment. "Well... If you don't mind, let's make friends..."

The face of the young girl next to him immediately darkened and she pulled his sleeve fiercely. "Why are you making friends?"

Yun Feng raised her brows and then smiled lightly. "If you're interested in the Sea Clan, just go to the Endless Ocean. You don't have to be curious about me."

The young girl was immediately a bit unhappy after hearing that. Lun Sheng scratched his head in embarrassment again. "It's your fortune that Brother Lun Sheng wants to make friends with you. Brother Lun Sheng is a three-star master pharmacist!"

"Sang Yue!" The young man couldn't help but scold her in a low voice. Yun Feng smiled lightly after hearing that. "Such a young three-star master pharmacist. I'm impressed." The young man was even more embarrassed after hearing that. The girl raised the corners of her mouth. "Even among those pharmacists of the royal family, how many of them can compare to Brother Lun Sheng? If it weren't for..."

"Alright, stop talking." The man sounded very helpless. The young girl pouted. "I'll just stop talking. Let's go. Sign up quickly!" After saying that, the girl had already dragged the man away. Yun Feng chuckled. When the three-star master pharmacist was mentioned just then, many people in the room looked over. It seemed that the identity of a pharmacist was truly eye-catching in the world of Magic Beasts. After thinking for a while, Yun Feng came to the registration area for the power competition. The identity of a grandmaster-level pharmacist was too ostentatious. The leader of the Yi Feng clan already knew her identity as a pharmacist. She shouldn't be too high-profile.

Compared to the potion competition, there were more people participating in the power competition. After the man who talked to Yun Feng just then signed up, he was pulled out by the girl in a hurry. He looked very young and not too experienced. He was already a three-star master pharmacist at such a young age and he was talented. He should be the first in the potion competition this time.

She didn't need any formalities to sign up successfully. She didn't even need to report a name. She only needed to infuse her aura into a jade pendant and the sign-up would be completed. Her aura was more real and effective than her name, but it was a different story for Yun Feng.

After the recording, everyone who signed up would get a name tag. The sign of the power competition and the potion competition were engraved with the word "Power" and "Potion" respectively. After the competition began, all the contestants who signed up would participate with this sign and compete in groups.

Of course, before the competition began, it didn't matter if they wore this badge or not.

As the crowd entered Zhuangning City, it was truly lively. The city wasn't small, but due to the constant crowd, it wasn't very spacious. There were still a few days until the competition began. He had to find a place to stay first.

As one of the two places for the King's Inspection, Zhuangning City had also put in a lot of effort. It tried its best to make it convenient for these registrants who came to participate in the competition. All the facilities, accommodation and food in Zhuangning City were free as long as they showed their registration qualification badges!

Yun Feng raised the corners of her mouth. It was much more convenient. Since it was all free, she would certainly choose the place with the most customers and find out more information. The place with the most customers was certainly the best place to stay in Zhuangning City. Since it was free, she certainly had to choose the best place.

She came to the most luxurious and largest place in Zhuangning City. As soon as she entered, a gust of hot air came. There were a lot of people sitting in the hall and the discussion was very noisy. Yun Feng walked over and showed her registration qualification card. Someone immediately led her to the counter. After checking, the boss said with a smile, "There's only one first-rate room left. You came at the right time."

Yun Feng smiled. "Thank you."

"Brother Lun Sheng, hurry up! Hurry up!" A voice came from behind. Yun Feng turned her head slightly. As expected, it was the young man and the girl she met just then. The man was pulled forward by the girl with helplessness written all over his face. When he saw Yun Feng standing in front of the counter, his eyes suddenly brightened! "It's you!"

## **Chapter 1624: Attack, Disturbance (2)**

Yun Feng turned around and nodded. The girl next to her rolled her eyes. "What a coincidence."

"The last first-rate room is for you." The boss said with a smile. The girl's expression immediately changed after hearing that. "Wait!" She quickly walked over. "We want to stay here too!"

The boss said with a smile, "No problem. There are second-rate rooms available..."

"We want to stay in the first-class room!" The girl's tone was quite rude. The boss frowned slightly. "But... she's a contestant who signed up this time. There's a rule that these contestants have priority..."

"Pa!" A registration qualification badge with the word "Potion" engraved on it appeared. The boss's eyes brightened! The girl raised her brows. "We're also contestants."

The boss glanced at Yun Feng awkwardly. Yun Feng smiled lightly. "It's fine for me. Give them the first-rate room and give me a second-rate room."

"That's great!" The boss was relieved. Those who participated in the potion competition were certainly pharmacists. Pharmacists had a higher status among the Magic Beasts. The higher-ups also specially said that they had to be respectful to all pharmacists.

"Sang Yue, don't go too far! She came first!" The man was a bit angry and couldn't help but talk. The girl raised the corners of her mouth. "Brother Lun Sheng, your identity is different. How can you stay in a second-rate room?" Glancing at the registration qualification badge in Yun Feng's hand, the girl looked quite complacent. Yun Feng stood there without batting an eyelid. The boss walked over. "For you, a second-rate room."

Yun Feng took the key and thanked him. She turned around and left. The girl said in a low voice, "At least she knows herself."

The man glared at the girl fiercely. The girl raised the corners of her mouth indifferently, then looked at the man and bit her lips gently. "Isn't she just from the Sea Clan... She looks so ordinary and her strength isn't high. She's just an ordinary Magic Beast."

The next day, Yun Feng sat in a corner of the hall early in the morning and listened to the noisy discussions in the hall. She learned a lot of information from them. During the King's Inspection, those who came to Zhuangning City was the gentle faction of the royal family. The reason why they were said to be the gentle faction was because the core member, the Second Prince of the Tian Yao Clan, had a gentle personality and was approachable. Even though he was gentle, he had recruited a lot of capable people with such a personality. There was no lack of bold people, which made up for the shortcomings in his personality.

Compared to the the First Prince, the Second Prince gave off a friendly feeling and they didn't feel much pressure working for him. However, there were people who liked him and people who hated him. There were also people who said that the Second Prince was weak and useless and couldn't do anything at all. The First Prince was more responsible.

Naturally, the people who chose Zhuangning City were all here for the Second Prince. Most of them supported the Second Prince. Yun Feng listened quietly for a while. This Second Prince, who had a gentle temperament, didn't seem to be as harmless as he appeared on the surface. When he was ruthless, nobody could resist him at all.

"Seriously, how long has it been? There's no room..." A dissatisfied voice came into Yun Feng's ears. Yun Feng tapped the table gently with her finger. Even though she was in a noisy environment, she could hear any tiny sound clearly. She certainly knew who this voice came from.

"There's a spot there! Brother Lun Sheng, let's go there quickly!"

Hearing this, Yun Feng frowned slightly. She raised her black eyes slightly and saw that those two people were already running in her direction.

"Ah! It's you again?" The girl walked over and finally saw Yun Feng sitting there clearly. She looked a bit awkward, but the man was extremely happy. "What a coincidence. We meet again."

Yun Feng smiled gently and looked at the girl's unwilling expression as she sat down. Did she think Yun Feng would take the initiative to leave? Once was fine, but certainly not every time. Seeing that Yun Feng didn't intend to get up, the girl looked around and didn't find an empty table. The man sat down briskly. Seeing that, the girl could only sit down angrily.

"You're here for information too, right?" The man said as he looked at Yun Feng with a friendly look. Yun Feng chuckled and didn't say anything. This was the largest place in Zhuangning City. Most of the contestants were here. Rather than wandering outside, it was better to find a seat and sit quietly for a day. They would gain a lot.

"What's so good about sitting here? Brother Lun Sheng, with your strength, there's certainly no problem. What do you need to find out?" The girl mumbled in dissatisfaction and looked at Yun Feng with her eyes. Yun Feng raised her brows and suddenly glanced over with her black eyes, meeting the girl's gaze. The girl was shocked! A glint of fierceness flashed through her eyes!

"We don't know each other. Why are you hostile to me?" Yun Feng said. The girl held her breath and clenched her fists. "I... I just don't like you. Can't I?!"

Yun Feng chuckled and looked away. "Yes, of course you can."

"I'm really sorry. Sang Yue isn't a bad person by nature. She just likes to throw a tantrum. I'm Lun Sheng. What's your name?" The man smiled kindly. Yun Feng glanced over with her black eyes. "Lian Yi." The name Feng Yun had already been exposed in the Yi Feng clan. Yun Feng couldn't use the name easily. After thinking about it, Yun Feng directly used her previous name.

"Lian Yi... That's a good name." The man chuckled. Sang Yue glared at him. "It's just a very ordinary name."

"Will you suffer a loss if you participate in the power competition? After all, you're a girl..." Lun Sheng said. Yun Feng smiled lightly. "It's fine."

"She's just so-so. She probably knows that she can't last until the end," said Sang Yue. Yun Feng's aura was suppressed by her to about Grade 3 of the God Level. This level was considered average among the contestants this time. Even though the two people in front of her weren't above Grade 3 of the God Level, their identity as pharmacists was a kind of glory after all, so they were certainly more complacent.

"Sang Yue!" Lun Sheng roared unhappily. Yun Feng chuckled. "It seems that you're very confident in winning this time."

"Of course! Brother Lun Sheng will definitely suppress others!" Sang Yue stuck out her chest proudly, but Lun Sheng shook his head. "I'm still far from it. A master-level pharmacist appeared in the Yi family a while ago, but unfortunately... I didn't see her."

Yun Feng raised her brows. Lun Sheng looked up. "I heard that the grandmaster-level pharmacist is also from the Sea Clan, so I..."

Yun Feng chuckled. "Do you think it's me?"

Lun Sheng was stunned. Sang Yue immediately said, "How is that possible? If she really has such ability, why didn't she sign up for the potion competition?"

## **Chapter 1625: Attack, Disturbance (3)**

Yun Feng didn't comment. Lun Sheng sighed in frustration. "Ah... When I heard the news, I heard that the pharmacist had already left. What a pity! How great would it be if I could meet her... This grandmaster-level pharmacist should be very famous among the Sea Clan!" Lun Sheng looked at Yun Feng with glittering eyes, looking forward to her answer. Yun Feng smiled. "I don't know."

Another sigh came. Sang Yue said, "Brother Lun Sheng, you'll reach the grandmaster level sooner or later! The pharmacist isn't that impressive. Brother Lun Sheng isn't inferior to her!"

Lun Sheng raised the corners of his mouth. "What do you know... If only the difference between the three-star master level and the grandmaster level was as simple as you say..." Lun Sheng smiled at Yun Feng with a disappointed look. "I'm not fated. If I can really see her, I must take her as my master!"

Yun Feng was shocked in her mind and continued sitting there without batting an eyelid. Acknowledge her as his master? No. Other people wouldn't be able to learn her way of making potions and it was impossible for them to learn at all.

"Why? Are you also a three-star master?" A voice came. Then, a figure walked over directly without hesitation and looked at Lun Sheng with an extremely unfriendly tone.

"Who are you?" Sang Yue stood up. Unexpectedly, that person suddenly pushed Sang Yue away with one hand. Lun Sheng quickly extended his arm to help her up and finally held Sang Yue up so that she didn't fall on the ground. "What are you doing?" Lun Sheng looked up with a hint of anger on his face.

The person didn't say anything. He only sized up Lun Sheng. "You're also a three-star master. You're an embarrassment to all pharmacists."

Lun Sheng blushed. He and Sang Yue were dressed very simply. Such a three-star master indeed looked a bit shabby. After Sang Yue stabilized herself, she immediately roared, "So what? Brother Lun Sheng is only focused on studying potions and rarely shows up in public! Who are you? What right do you have to push me?"

The person burst into laughter and was quite arrogant. "So, you're a poor kid. Even though you're a three-star master, you're not qualified to fight for the first place!"

"What did you say?" Fury flashed in Sang Yue's eyes and she was about to pounce on him. Lun Sheng quickly stopped her. Yun Feng sat there quietly and expressionlessly. The person glanced at Yun Feng and snorted in disdain. "Kid, let me give you a piece of advice. Be self-aware."

Lun Sheng didn't say anything. Sang Yue couldn't help but curse, "Bah! So what if you're a three-star master? Brother Lun Sheng can't possibly lose to you! Just wait and see!"

The person's face turned cold. "It seems that if I don't teach you a lesson, you won't know how powerful I am!"

Lun Sheng protected Sang Yue behind him. The sudden scene attracted the attention of everyone in the hall, and even more people watched coldly. Yun Feng glanced at the boss's expression and immediately understood that the person who caused trouble in front of her had a certain background. He probably had the identity of a noble of the Tian Yao Clan, or he wouldn't be so arrogant and domineering. The few people behind him weren't weak either. They were around Grade 5 of the God Level.

"If you're the one who signed up, I'll spare your life. As for her..." The person narrowed his eyes fiercely and raised his hand gently. A powerhouse behind him walked out with a sinister smile. His aura of a Grade 5 God burst out. The eyes of some powerhouses in the hall darkened, but they were still indifferent.

Lun Sheng protected Sang Yue fiercely behind him and gritted his teeth fiercely. He hated himself for being so weak. So what if he had the three-star master pharmaceutical ability? What else could a poor kid like him do?

"Get rid of the contestant. It doesn't matter even if that woman dies," said the provocative young man coldly. "Her life is cheap."

When the Grade-5 God attacked, Lun Sheng was shaken off by a force and fell to the side in a sorry state. Seeing that, Sang Yue immediately shouted, "Brother Lun Sheng!" The next second, the Grade-5 God had already lifted Sang Yue up fiercely! The beast grabbed Sang Yue's neck tightly. Sang Yue kept kicking her feet with a flushed face.

The Grade-5 God smiled sinisterly and was very satisfied to see Sang Yue being tortured.

"Sang Yue!" Lun Sheng spat out blood and was about to run over. The Grade-5 God swung his hand again and Lun Sheng's body was thrown to the side again. Sang Yue kicked her feet desperately and her face became redder and redder. The Grade-5 God burst into laughter and grabbed Sang Yue's leg with his other hand. The viciousness and bloodthirstiness in his beast eyes looked like he wanted to tear Sang Yue's body into two alive!

The provocative young man watched with satisfaction on his face. The corners of his mouth even curled up slightly with a smile! Lun Sheng got up from the ground in a sorry state, but he couldn't hold on anymore and lay down again. "Sang Yue..."

"If you're done playing, finish her off." The provocative young man said indifferently. He exerted strength with his Grade 5 God-Level hands!

"Poof!"

The smell of blood suddenly surged out and spread in the air. The scene in front of everyone's eyes was astonishing!

Sang Yue's entire body was paralyzed on the ground, while that Grade 5 God stood there in a daze. His body maintained a strange posture as he stood there stiffly. After a few seconds, his entire body swayed and fell. His entire chest was completely penetrated! Even his Beast Soul was instantly destroyed!

The provocative young man stood there stiffly. His body trembled slightly and a few drops of cold sweat appeared on his forehead. He suddenly turned around and looked around in panic. He asked with a trembling voice, "Who... Who was it just then..."

Nobody in the hall said anything. It was silent! Because everyone was so shocked by the scene just then that they broke out in cold sweat!

"W-Who was it? Who... Who did it?" The young man who provoked suddenly shouted with a pale face. What answered him was his rapid breathing and crazy heartbeat! And the Grade 5 God on the ground that was instantly penetrated!

"Clang!"

The provocative young man suddenly turned around. All the gazes in the hall also shifted at this moment and focused on Yun Feng, who stood up!

Yun Feng lowered her black eyes and left her seat expressionlessly. When she passed by the young man, the provocative young man took a few steps back in panic. Yun Feng glanced at him with her black eyes and walked past without saying a word. The

heart of the provocative young man tightened! The hearts of all the powerful powerhouses in the hall also tightened!

Yun Feng left the hall without looking back. She climbed the stairs and disappeared. Everyone's eyes couldn't help but follow her every move. They didn't even dare to breathe recklessly! After seeing Yun Feng go upstairs, the provocative young man gritted his teeth fiercely. "Let's... Let's go!"

## **Chapter 1626: Attack, Disturbance (4)**

The few powerhouses behind him, who had already been dumbfounded, quickly dragged the incomplete corpse and followed the young man out in a sorry state, but the hall was still silent!

All the powerhouses' faces darkened and cold sweat couldn't help but appear on their foreheads. All the powerhouses couldn't help but look in the direction where Yun Feng left again with their hearts pounding crazily! Someone who could penetrate the body of a Grade 5 God and instantly kill a Beast Soul... Only those who had reached the God King Level had such an ability!

The God King Level... How old was that girl just then? She had already reached the God King Level!

Thinking of this, all the powerhouses couldn't help but break out in cold sweat again. "That's impossible..." One of the powerhouses finally said, "That girl just then was clearly at Grade 3 of the God Level! She couldn't have killed him!"

"Indeed. How can she reach the God King Level at such a young age?"

"That's right. Her aura can't have risen from Grade 3 of the God Level to the God King Level in an instant. That's impossible!"

The powerhouses discussed heatedly. Even though they said it was impossible, they more or less felt a bit uneasy in their minds. Lun Sheng wiped the blood at the corners of his mouth and walked over, helping Sang Yue up from the ground. Sang Yue's body trembled slightly and her face was pale. She hadn't recovered from the shock just then.

Lun Sheng raised his head and looked in the direction where Yun Feng left. He was slightly shocked in his mind. The God King Level... Could it be her?

After Yun Feng returned to the room, she looked at her hand in a daze. In that moment just then, her aura, from Grade 7 of the God Level, suddenly rose to the God King Level! She was indeed the one who released the power that penetrated the body of a Grade-5 God, but she didn't know that she could increase her strength by three levels in

an instant! Even though she had room for improvement by three levels, she did it step by step last time, but this time, it was instantly increased!

It seemed that the power the old man gave her had already fused better with her body and the speed of increasing her energy had also changed significantly! This was more beneficial for her!

"Bang, bang!" Someone knocked on the door. Yun Feng raised her brows. "What's the matter?"

"You... helped me just then, didn't you?" Lun Sheng's voice came from outside the door. Yun Feng frowned and didn't open the door. "It wasn't me. You're mistaken."

"It's really not you?" Lun Sheng didn't give up and asked as he stared at the closed door in front of him. Sang Yue turned pale and didn't say anything. Yun Feng replied, "I don't like to be nosy."

Lun Sheng was stunned for a moment. Then, the corners of his mouth curled up slightly. Even though she denied it, he still felt that it was her! She must be the one who helped just then! "No matter what... thank you."

Yun Feng didn't say anything. Light footsteps came from outside the door. It seemed that the person at the door had already left. Yun Feng sighed softly and rubbed her forehead with her hand. A figure darted out and stood on the table. It scratched Yun Feng's arm gently with its little claws. Yun Feng smiled. "Meatball, you're out."

Meatball looked around with its big eyes and was happy to find that Qu Lanyi was gone. It swept its tail gently a few times. Yun Feng extended her finger and poked Meatball's round body. Meatball yawned lazily and let Yun Feng poke it. In the end, it simply sat on the table and let Yun Feng do whatever she wanted.

"Meatball, can you only accumulate energy once?" Yun Feng poked its stomach and Meatball raised its little head. "Nana, nana!"

Yun Feng didn't understand and could only chuckle softly. "Can we meet any Blood Souls here? I wonder how Lanyi is doing."

Meatball turned its little head and grunted. It patted its tail a few times unhappily. Yun Feng burst into laughter when she saw that. She reached out and pinched the back of Meatball's neck, lifting its chubby body up with force. It had been a long, long time since she teased it like this.

"Nana!" It shouted in protest, but Yun Feng ignored it and even shook it maliciously. Meatball's big eyes were helpless and it could only let her shake it.

"You've gained weight again." Yun Feng picked it up and found that Meatball was much heavier than when she first saw it. Even though its appearance didn't change much, it had gained a lot of weight! This made Yun Feng wonder where it got its weight.

Its little claws stuck out from under the soft fur and waved slightly in the air. Yun Feng loosened her fingers and it stretched lazily. "The power contest... I can't be too relaxed." Meatball looked straight at Yun Feng. "Fengfeng, na!"

Yun Feng chuckled. "Why don't I understand what you're talking about? We can only communicate when you turn back into Na Xie."

Meatball's big eyes glittered and it jumped onto Yun Feng's shoulder. Its fluffy body rubbed against Yun Feng's cheek crazily. Yun Feng smiled happily. The Sound Transmission Jade in the dimension container suddenly glittered. Yun Feng's eyes brightened and she immediately took out the jade pendant.

"Fengfeng, did you miss your husband?" Qu Lanyi's lazy voice came from the jade pendant. Yun Feng smiled. He was truly improper.

"Nana!" Meatball gnashed its teeth at the jade pendant and said unhappily. Yun Feng chuckled. "Is everything going well on your side?"

"That meaty thing is out too? Only when I'm not here..." The jade pendant glittered. "It's fine here. It's very boring without my wife... Can I go back?"

"No." Yun Feng refused. "Ah, I knew you would say that. I am truly miserable..." The resentful husband's voice came. Yun Feng couldn't help but laugh. "Alright, let's get down to business. Are there any traces of Blood Souls in Huangqi?"

"How heartless. You still haven't said that you miss me..." The man's rather shameless voice continued. Yun Feng couldn't help but blush. In the end, she pursed her red lips. "... I miss you."

Meatball was stunned and looked at Yun Feng in disbelief, as if it didn't understand why she compromised so easily. The jade pendant flashed. "Fengfeng, what did you say just then? I didn't hear you. Say it again!"

Yun Feng blushed and squeezed the Sound Badge fiercely. "That's enough! Let's get down to business!"

The man's laughter came. Meatball couldn't help but shake its little head. Yun Feng only felt hot steam rising on her cheeks. "Yes, I know you miss me. You were just too embarrassed to tell me. Alright, let's get down to business." He changed the topic and said solemnly, "I haven't found any traces of the Blood Souls yet. The First Prince of the Tian Yao Clan is in charge of Huangqi. The people who come here don't seem to have a good temper. Luckily, I'm here."

## Chapter 1627: Meeting Again (1)

Yun Feng frowned. It was true that the birds of the same feather flock together.

"I've only been here for three days and I haven't been resting at all. The competition probably hasn't started yet, but I can already tell who's stronger. Speaking of the competition, is Fengfeng the same as I thought?"

Yun Feng smiled. "You can only get more if you participate."

"As expected." Qu Lanyi's smiling voice came. "My wife and I are indeed connected on the soul level."

This man really dared to say anything! "Which competition did Fengfeng sign up for?"

"I'm in the power contest."

"Yes, it's better to hide your identity as a pharmacist. There's a lot of news circulating from the Yi Feng clan. It's better to be careful."

Yun Feng nodded. She had also considered this back then. The two of them talked for a while more before Yun Feng cut off the connection. The rest of the conversation was nothing but mushy words. Yun Feng blushed after hearing that and simply cut off the connection. Meatball swept its tail in frustration and suddenly jumped in front of Yun Feng, saying very reproachfully, "Nana! Nana!"

Yun Feng was speechless. Meatball waved its little claws in dissatisfaction. Yun Feng could only smile and turn around to lie on the bed, thinking quietly. She couldn't expose her human identity, so she certainly couldn't expose her summoner identity either. She couldn't use the few contracted Magic Beasts. In a battle between Magic Beasts, it could only be a battle of sharp claws and strength!

In the next few days, Yun Feng rarely went out. The young man who caused trouble that day didn't appear again. Lun Sheng and Sang Yue didn't show up either. However, many powerhouses living here were inexplicably nervous and tested Yun Feng intentionally or unintentionally. Yun Feng knew what they were thinking in their minds. She firmly suppressed her strength to Grade 3 of the God Level. After testing them, these powerhouses were finally relieved.

In the blink of an eye, a few days passed. It was the day of the King's Inspection.

Yun Feng walked out of the room and felt that all the low-profile and high-profile powerhouses had been mobilized these few days. The King's Inspection had come and the competition had begun!

"Let's go together." A voice sounded. Lun Sheng walked towards Yun Feng with Sang Yue. Lun Sheng smiled kindly. Yun Feng raised her brows. Sang Yue pursed her lips and didn't say anything. She only looked at Yun Feng. She had a much better attitude than a few days ago.

Yun Feng didn't say anything. She turned around and went downstairs. Lun Sheng followed Yun Feng out of the place with Sang Yue with a smile. Almost everyone rushed to the same place, which was the venue of the competition. Yun Feng and the others quickly blended into the crowd. Lun Sheng walked behind Yun Feng, while Sang Yue followed Lun Sheng closely without saying a word.

"Although a lot of people signed up for the contest this time, Young Lady Lian? will definitely be fine," said Lun Sheng. Yun Feng chuckled. "You too. You're a three-star master. You're enough to suppress others."

Seeing that Yun Feng was talking to him, Lun Sheng couldn't help but say a few more words excitedly. Yun Feng only listened quietly and didn't say anything. She followed the crowd forward and soon came to the venue of the competition. However, to Yun Feng's surprise, the venue of the competition was much smaller than she thought. It was just a platform that was dozens of square meters. How were they going to compete?

"Young Lady Lian, let's go." Lun Sheng smiled and pointed ahead. The contestants had already walked forward one after another. Yun Feng nodded. Sang Yue pulled Lun Sheng's arm. "Brother Lun Sheng, go for it! You'll be fine!"

Lun Sheng chuckled and nodded. Sang Yue turned around and looked at Yun Feng with glittering eyes. Her face suddenly flushed. "...You... You too..."

Yun Feng was stunned. Sang Yue's face turned even redder and she suddenly turned to the side. Yun Feng curled her lips and walked forward without saying anything. Lun Sheng reached out and rubbed Sang Yue's little head with his big hand, following her with a smile. The audience gathered outside and the contestants came up one after another. Yun Feng and Lun Sheng stood at the back. There were a few hundred contestants, which was quite a large number. Very few of them participated in the potion competition and not many of them wore the qualification badges.

Hundreds of people gathered together and a slightly oppressive atmosphere rose. Every powerhouse had a different expression, and there were also people who knew each other well. They chatted with each other and the rest stood aside silently. Yun Feng also saw the young man who provoked her that day. He was talking happily with a few powerhouses. As if he noticed Yun Feng's attention, he turned his gaze and saw Yun Feng. Nervousness flashed through his face and he immediately looked away.

"What's wrong?" The few powerhouses who were talking to him followed his gaze and saw Yun Feng, who looked ordinary, and Lun Sheng on the side. The few powerhouses

raised their brows. "As pharmacists, which one of them doesn't have friends all over the world? This is the first time I've seen such a poor pharmacist."

The provocative young man frowned slightly. The few powerhouses burst into laughter when they saw that. "Seriously? Are you afraid of him?"

The provocative young man looked gloomy. "I'm not afraid of those poor people! I feel nauseous just looking at them!"

The few powerhouses burst into laughter. "That's right. This is the boldness that a three-star master should have. You looked like a rat seeing a cat just then..."

The provocative young man bit his tongue secretly and glanced at Yun Feng again a bit nervously. He only glanced at her once and then moved away in a sorry state. He still couldn't forget the other day. That Grade-5 God-Level warrior died in front of him in one go, once!

That was the power of the God King Level!

"I'm probably the only poor pharmacist." Lun Sheng chuckled and scratched his head in embarrassment. Looking around, there were a few people around everyone who participated in the potion competition. Perhaps they knew each other or were just getting to know each other. Only Lun Sheng was unwilling to get close to any of them.

Yun Feng curled her lips and didn't comment. Lun Sheng should have an ordinary identity. To be able to become such an outstanding pharmacist among the ordinary people, he should be the pride of his clan.

"They always compete when they're together. Why do they have to compete? Even if they win, so what? Can the winner really win everything? I don't think so." Yun Feng said indifferently with a calm and stable expression, as if the competition in front of her had nothing to do with her at all. Lun Sheng was stunned for a moment, then smiled. "You're right."

"It's the Second Prince!"

There was an obvious commotion in the crowd, and so did the contestants. Yun Feng and Lun Sheng both raised their heads and looked over. On that small platform, a young man with a gentle smile and an extremely approachable face was walking slowly. He wasn't very tall and his face wasn't prominent, but he gave people a very comfortable feeling overall without any pressure.

## **Chapter 1628: Meeting Again (2)**

"That's the Second Prince." Lun Sheng mumbled and couldn't hide his excitement. Yun Feng looked at the Second Prince, who was known for his good temper, and her mental strength suddenly surged out, reaching towards him!

"Clap, clap!" Two vague sounds suddenly sounded in the space. Yun Feng's mental strength was bounced back by an invisible force! Yun Feng slowly curled her lips. After all, the guy was a member of the royal family. He would always have powerful guards with him. Her power of Grade 7 of the God Level was easily bounced back. The person guarding him should be a powerhouse at the God King Level.

"Your Highness! Just then..."

The smile on the Second Prince's face didn't change. He whispered, "It's fine." Then, he stood on the square platform and looked at the contestants gathered together. He glanced around secretly. The corners of the Second Prince's mouth curled up in satisfaction and he gestured to the person next to him. An elder walked out and the commotion immediately quieted down.

"King's Inspection is extraordinary for the royal family this time! It's the same for all the members of the Tian Yao Clan! The royal family values this competition very much, especially the outstanding top powerhouses in the competition! That's why His Highness came here in person!"

After hearing this, the atmosphere suddenly rose!

"The number of contestants for this competition is almost double that of the last time! Congratulations! A lot of capable and aspiring people of the Tian Yao Clan have appeared again. I'm very gratified! All the powerhouses who signed up for the competition, show us your true strength. Let the Second Prince see who can win!"

"Roar...!" The roars of Magic Beasts resounded in the sky! The few hundred Magic Beasts that signed up for the competition roared at the same time, including Lun Sheng! Yun Feng looked at the enthusiasm on their faces. These powerhouses were going all out in this competition!

"The competition is divided into power competition and potion competition. There are a lot of contestants this time. There are already a thousand people! So, the rules this time must be changed accordingly!"

All the contestants' hearts tightened. The rules were about to be changed! That was indeed the case. Despite the participation of more than a thousand people, only a single digit of people would be wanted in the end, or even less! According to convention, it would take too long! And the effect might not be good! Besides, the King's Inspection's duration was limited! Changing the rules was expected.

"The Second Prince will decide the rules this time!"

The Second Prince took a step forward and looked at all the participants with a smile at the corners of his mouth. He slowly said with a deep voice, "Since there are too many participants, and the King's Inspection has limited time, I've changed the traditional rule and will split open a space. That's the place of the competition this time!"

"What?" There were exclamations!

Yun Feng frowned. Split open a space? It seemed that there was going to be a big move in this competition.

"Whether or not you can successfully enter the space through the crack will be the first round of the competition!" The Second Prince raised his arm and two figures immediately appeared next to him. Yun Feng immediately recognized that those two should be the God King Level powerhouses who had completely repelled her power!

The eyes of the two God King Level powerhouses were cold. They flipped their hands and a brutal force hit the space. The two huge hands of the beast grabbed the ripples that shook the space and tore them apart fiercely!

"Buzz, buzz, buzz...!" A rapid spatial riot came. The spatial power that was forcibly torn was sweeping out without restraint!

A deep spatial crack appeared and the sound of strange wind came faintly from inside. The spatial crack spread around, like a broken turtle's shell! The deep darkness couldn't be seen to the bottom at all. If one didn't have some ability, they would be completely shattered once they jumped into the spatial crack!

This was also the first invisible barrier! Those who thought they were strong but weren't confident in their minds were obviously afraid in front of the first barrier! The Second Prince continued with a smile, "When you reach the space, we'll certainly have a chance to meet again."

The thousand contestants were all inexplicably stunned. Such a sudden change in the rules caught them off guard! What they had to pass wasn't a simple threshold, but a spatial crack that had been torn open at the last minute! Without any safety guarantee, they might die inside!

"Swish!" A figure suddenly jumped out of the crowd of contestants and rushed into the spatial crack without looking back!

The hearts of the other contestants all heated up when they saw this! With the first person as the lead, they would certainly continue to follow! As expected, not long after the first person entered, a few more figures jumped in! Most of them were still hesitating, but more and more contestants rushed in without hesitation. The rest couldn't help it anymore!

The pharmacists seemed to be at a huge disadvantage in front of this barrier. After all, they put their energy on studying potions and their strength level might not be high. It was directly disadvantageous for them to pass through the spatial crack like this! However, the pharmacists had potions to protect themselves! The existence of potions extended the abilities of the pharmacists infinitely!

"Here." Lun Sheng handed Yun Feng a bottle. Yun Feng was stunned. Lun Sheng chuckled. "This potion can reduce the pressure of space. As long as you're a bit faster, you should be able to pass safely."

Seeing that Yun Feng didn't do anything, Lun Sheng smiled in embarrassment. "I don't mean anything else... It's just that... We know each other. I just want to help you."

Yun Feng chuckled and reached out to take Lun Sheng's potion. She could just accept other people's kindness, even though she didn't need the help of the potion. "Thank you."

At this moment, more than half of the contestants had already left. Many of them considered carefully and jumped in after that. There were fewer and fewer people left. Yun Feng glanced over and found that the provocative young man and the few people who talked to him just then still didn't do anything. They were truly patient.

The Second Prince watched with a smile in his eyes and didn't say a word.

Some people chose to quit, but they were only a small part. After a while, the old man who spoke just then said, "The spatial crack will close in a few minutes. Those who don't enter will be automatically eliminated!"

There were only a dozen people who hadn't done anything yet, including Yun Feng and Lun Sheng, as well as the young man and his two companions. Yun Feng chuckled. "It's time to go in."

Lun Sheng nodded and drank the potion in his hand. Yun Feng had already jumped in. Lun Sheng's expression changed! "You didn't drink the potion!" He roared and also jumped in. After a while, the giant hands of the two powerhouses who were maintaining the spatial crack loosened. The spatial crack slowly moved and completely closed!

## **Chapter 1629: Meeting Again (3)**

"Brother Lun Sheng... You'll definitely be fine!" Sang Yue, who was in the crowd, closed her eyes and prayed. The King's Inspection and the competition officially began!

"Drink the potion quickly!" Lun Sheng, who finally caught up with Yun Feng, roared while panting, but he didn't see Yun Feng's relaxed smile. "Drink that potion quickly,

or..." Lun Sheng looked to the side and opened his mouth slightly. The distorted tiny power of space was blocked by Yun Feng. The space around her was stable and intact. She was quite comfortable!

Such power of space distortion didn't affect her at all! Wasn't... Wasn't she only at Grade 3 of the God Level?

"I'm fine." Yun Feng looked ahead with her black eyes and said indifferently. Lun Sheng shut his mouth. Facts proved that his worries were a bit unnecessary. Then, he was enlightened! "You were indeed the one who attacked that day!"

Yun Feng frowned. "I said it wasn't me."

"But..." Lun Sheng said. Yun Feng's black eyes darkened. "If you have time to talk, why don't you focus on looking ahead?"

As soon as she said that, the distorted space in front of her twisted and a warm body pounced over with blood gushing out crazily! Yun Feng dodged. The warm smell of blood flashed to the side and went straight behind!

"Poof, poof, poof!" The sound of something being shattered came clearly. Yun Feng's face was slightly cold. The distorted power of space in this space crack was equivalent to that of a Grade 5 God, which meant that it was impossible for anyone below Grade 5 of the God Level to pass through here! However, for pharmacists, this problem could be ignored.

Lun Sheng's strength was below Grade 5 of the God Level, but with the support of the master-level three-star potion, it shouldn't be a problem for him to pass if he was fast.

"Once you're shattered by the power of space, even your soul won't be spared." Yun Feng said in a low voice. Lun Sheng stopped talking and looked ahead attentively. The distorted power of space was everywhere. If he wasn't careful, he might be swept into it!

It was just the first barrier, but it was set at Grade 5 of the God Level. Wasn't this threshold a bit too high? Thinking of the gentle smile on the Second Prince's face, Yun Feng curled her lips coldly. The Second Prince, who was known for his good temper?

"The exit should be ahead!" Lun Sheng looked ahead excitedly. Yun Feng's black eyes darkened slightly. This space tunnel wasn't long, or these pharmacists probably wouldn't be able to take it. A few shattered and distorted forces of space bit together tightly, leaving only an extremely narrow crack in the middle! That was the exit!

Yun Feng extended her hand and pulled Lun Sheng close to her. She increased her speed and rushed towards the exit!

"Buzz, buzz, buzz...!" The constantly shaking sound echoed in her ears, as if it was about to shatter her entire body! The power of spatial distortion kept increasing, reaching the peak!

"Swish...!" Like breaking out of a cocoon, Yun Feng rushed out with Lun Sheng!

"Whoosh, whoosh...!" Lun Sheng panted in panic. Yun Feng let go of his wrist and breathed steadily. There were less than a hundred people standing outside the exit. The huge team of nearly a thousand people before the first barrier directly dropped to less than a hundred!

The young man who provoked her that day was also here. He glanced at Yun Feng and turned around. Among the remaining dozens of people, there were only ten pharmacists. In other words, there were dozens of powerhouses above Grade 5 of the God Level standing here!

"Alright, let's not wait anymore." A voice sounded and the distorted space crack suddenly closed! "There are still people behind us!" Lun Sheng said as the middle-aged man controlling the space crack glanced over coldly. "So what? The time limit is up."

"But..." Lun Sheng wanted to say something else, but Yun Feng pulled him and said coldly, "You're so sympathetic. Just jump in and accompany them."

Lun Sheng was startled. The middle-aged man said, "If you don't have the ability to come here, you can only die inside."

Some experts had already turned cold, some didn't care, and some had disdain on their faces. These people who could come here weren't ordinary people!

"You people, follow me," said the middle-aged man expressionlessly. He turned around and walked forward. The remaining dozens of people followed behind. Yun Feng and Lun Sheng walked at the back. Lun Sheng didn't look good. Yun Feng frowned and didn't say anything.

"You didn't die in the tunnel. What a surprise." The provocative young man walked over and looked at Lun Sheng coldly. Lun Sheng looked up and suppressed the anger that ignited in his heart. Yun Feng's eyebrows moved slightly. "I'm also surprised that you're not dead."

The provocative young man was stunned and his body obviously stiffened. In the end, he grunted coldly and walked forward with his two companions. He couldn't figure out Yun Feng's strength. He didn't know if Yun Feng was the God King Level expert who attacked that day!

Yun Feng and Lun Sheng walked at the back. Seeing that Lun Sheng's face was still gloomy, Yun Feng couldn't help but say, "This is the rule. Since you're participating, you must follow the rule."

Lun Sheng smiled wryly. "I know, but I didn't expect it to be so cruel this time..."

Yun Feng didn't say anything. She had experienced a lot of such things along the way. They had to be mentally prepared to deal with the royal family. Working for the royal family was truly selling their lives.

The crowd in front of them stopped, and so did Yun Feng and Lun Sheng. It seemed that it was time for the next round. Yun Feng could still see the situation in front of her clearly from the back. The Second Prince slowly walked out with a smile on his face, and a black-robed figure standing next to him attracted Yun Feng's attention!

The strange black robe wrapped around the body and the red patterns that couldn't be more familiar on it. The enthusiasm in her body instantly surged! She stared at that figure with her black eyes. Yun Feng slowly put on a smile and a hint of cold excitement quietly spread in her blood!

The tip of her tongue slowly extended out and licked her slightly dry lips. Yun Feng tasted a faint fishy taste.

"W-What's wrong?" Lun Sheng was a bit surprised. Yun Feng chuckled and looked back at him. "Nothing. I just found something I've been looking for."

Hearing what Yun Feng said, Lun Sheng looked confused. Yun Feng smiled and didn't say anything else. She turned her gaze to the person in a black robe next to the Second Prince and the smile at the corners of her mouth didn't disappear for a long time. She didn't come for nothing this time. She would indeed get something.

"I've already known your strength and ability, as you're able to reach this place. I have to say that I'm very satisfied." The Second Prince still had a humble smile on his face as he glanced at everyone with satisfaction in his black eyes. There were still dozens of powerhouses above Grade 5 of the God Level. This was indeed good news for the Second Prince.

## **Chapter 1630: Shocking Speculation (1)**

"Next, the competition will truly begin. We should treat the power competition and the potion competition differently, but I don't want to follow the rules this time." The Second Prince paused for a moment after saying that. "Of course, I know that the strength of the pharmacists isn't high. They relied entirely on the power of the potions to get here."

However, overall, an outstanding pharmacist can compete with a supreme powerhouse."

All the pharmacists present felt their hearts tighten. Lun Sheng's expression also darkened slightly. Yun Feng frowned and pondered. What strange move was the Second Prince going to do this time?

"Don't worry, pharmacists. I won't let you fight with these powerhouses. That'll be too unfair. Pharmacists are precious resources for me. I won't waste them easily." The Second Prince chuckled. "The potion competition and the power competition will be held together. The rules are very simple." The Second Prince waved his hand and the black cloak of the Blood Soul standing next to him rose. A vast world appeared behind the Second Prince!

"This is a natural herb cultivation ground. There are a lot of rare treasures. Pharmacists can collect the herbs they need inside at will. I'll give you some potion formulas. Pharmacists can choose freely." After saying that, the Second Prince chuckled. "As for the powerhouses participating in the power competition, what you have to do is even simpler. Some marks have already been arranged in this area. Whoever gets the most marks will be the final winner."

The dozens of powerhouses couldn't help but feel shocked after hearing that. This was the first time such a rule was set! It wasn't that kind of pure arena battle!

"There are also a few special rules in this competition. Every pharmacist can travel with two powerhouses. Once the pharmacist wins in the end, the two companions in the same group will be put in an important position. For the powerhouses who are not traveling with the pharmacists, apart from the marks, there are also registration qualification tablets that can be used."

"Your Highness, you mean..."

The Second Prince smiled lightly. "One registration qualification equals to ten marks."

After hearing this, the expressions of everyone at the scene changed! There was more or less some killing intent in the hearts of the powerhouses! Yun Feng's face darkened. Second Prince, you're so scheming!

Obtaining the registration qualification was the easiest way. One of them could compare to ten! Rather than looking for the marks that were hidden somewhere, it was better to start with the registration qualification tablets! Seeing the change in everyone's expression, the Second Prince's smile became even wider. "That's the rule. The time limit is one month. If you can't come out after a month, you don't have to come out."

Everyone's heart tightened again! The Second Prince's style of doing things was far from what the outside world said! He was even more ruthless than the First Prince!

"Alright, everyone, the competition has already begun. You can move now." The Second Prince chuckled. Someone walked up and took some potion formulas for the pharmacists to choose. The dozens of powerhouses looked at each other. Some had already rushed in, either together or alone. The Second Prince watched on the side with a smile.

"Young Lady Lian, let's be in the same group, okay?" Lun Sheng smiled lightly. Yun Feng curled her lips. Pharmacists were quite safe in the competition. After all, it was useless to get the qualification token of the pharmacists. The pharmacists wouldn't be affected in this chaotic battle, but there were still fights between the pharmacists. After all, there were only a few herbs. If you got them, others were destined not to be able to get them again.

"Alright." Yun Feng nodded. Lun Sheng smiled. "Then I'll go get the formula." Lun Sheng went forward to get the formula. Yun Feng waited quietly on the side. The pharmacists soon formed teams with the powerhouses. Those who didn't form teams almost all rushed in. Yun Feng rolled her black eyes and finally focused on the Blood Soul next to the Second Prince.

The Second Prince of the Tian Yao Clan had dealings with the people of the Blood Souls, which meant that the Tian Yao Clan and the Blood Souls were related. The Blood Soul Base she was looking for was very likely in the territory of the Tian Yao Clan! She couldn't be hasty. Everything couldn't be hasty. With this clue, she didn't have to worry about not being able to catch the tail of the Blood Souls!

"Let's go." Lun Sheng came back very quickly. Yun Feng glanced at the formula in his hand. It was an unpopular three-star formula among the masters. The herbs and the pharmaceutical process were very difficult and the success rate was very low. "You took the most difficult formula?"

Lun Sheng nodded. "If we want to win, we certainly have to do the most difficult task."

Yun Feng curled her lips. "Then let's go."

Lun Sheng put away the formula and followed Yun Feng in. After a while, everyone walked in one after another. The Second Prince chuckled. "What do you think the result of the battle will be this time?"

The person of the Blood Souls in the black robe chuckled and slowly said, "Put these beasts with killing intent together. The last one is certainly the strongest."

The Second Prince burst into laughter. "You're right. You're right."

This was a chaotic battle. It looked like there were rules, but there were actually no restrictions at all! Killing intent and blood surged. Dozens of beasts were thrown into a space, biting and fighting with each other. The last one left was the real powerhouse!

"Let's just wait and see." The Second Prince chuckled and whispered.

Lun Sheng told Yun Feng all the herbs needed for the formula. Yun Feng could help Lun Sheng find them. The herbs needed for the most difficult formula were also extremely precious. The two of them searched for a long time and didn't find any of them.

"As expected, it will take some effort to find these precious herbs." Lun Sheng looked around carefully and mumbled, while Yun Feng pondered in her mind. The two of them might not be calm along the way. This secret killing had already begun.

Three days passed. The two of them weren't fast. After all, they had to be careful to find herbs. They didn't meet any other powerhouses during these three days and it was quite peaceful. The two of them slowed down and searched carefully. They saw a lot of herbs, but they weren't what Lun Sheng needed. With so many herbs gathered here, it could be considered a treasure land.

"Huh?" Lun Sheng suddenly saw a spot of red soil and couldn't help but feel surprised. He followed the red soil forward. The further he went, the deeper the redness in the soil. Lun Sheng kept moving forward and slowly raised his black eyes. When he saw the scene in front of him clearly, his face turned pale!

"What's wrong?" Yun Feng followed him from behind. Seeing that Lun Sheng was completely frozen, she walked forward. Seeing the scene in front of her, her black eyes darkened slightly.

There was a dead body on the ground that had already stopped breathing. There was blood all over the ground and there were several ferocious wounds on the dead body. It was obvious that he had experienced an intense battle. His registration qualification badge had already been taken away. There was only fear and anger left in his beast eyes.

## **Chapter 1631: Shocking Speculation (2)**

"So fast..." Lun Sheng mumbled with a pale face. Yun Feng was silent. The battle had already begun in three days.

"Let's go," said Yun Feng. Lun Sheng nodded and the two of them walked forward. Yun Feng pondered. Some people couldn't help but start attacking. If there was one, it would lead to countless others. Perhaps the mark didn't exist at all. The real purpose of the Second Prince was to let these powerhouses kill each other. Thinking of this, Yun Feng's face darkened slightly. There was something else that made her more concerned. If the body died, where would the Beast Soul go?

There was only a total of one month. Whether it was the pharmacists or the powerhouses, time was tight. The pharmacists had to spend time searching for herbs, while the powerhouses tried to think of ways to get the so-called marks or take other people's registration qualification tablets. Bloodthirsty killing intent surged everywhere.

After five days, Yun Feng and Lun Sheng finally found a few herbs they needed. They couldn't search for herbs for too long, or it would be especially difficult to make potions. The success rate of making potions was still very low and they needed to try a few times. If they couldn't find all the herbs they needed in ten days, they wouldn't be able to become the strongest in the potion competition.

"There's only one herb left." Lun Sheng was quite gratified. "Young Lady Lian, thank you very much." Lun Sheng looked at Yun Feng gratefully. Yun Feng smiled lightly. She didn't help much. Lun Sheng was much more familiar with herbs than she was.

"I'll definitely succeed!" said Lun Sheng. Yun Feng curled her lips. "There's only the Rootless Grass left. Since it's called the Rootless Grass, it doesn't have a root. It shouldn't grow somewhere."

Lun Sheng chuckled. "I know a bit about the Rootless Grass. It doesn't have a root system and is a rather strange herb. This herb can't survive on the ground and is usually born in the water! This grass floats in the water and its location isn't fixed. We can only rely on luck to meet it."

"So, we should find a water source next." Yun Feng looked ahead and slowly closed her eyes. The aura of the Sea Clan gradually surged out of her body. Finding a water source wasn't a problem for Yun Feng. The Magic Beasts of the Sea Clan lived in the water and were the most sensitive to water.

Lun Sheng chuckled. "For the Sea Clan, it can't be easier to find a water source. I'm truly lucky."

The aura of the Sea Clan spread out slowly and quickly entered the soil. Yun Feng sensed carefully. Everything around her turned into something related to water. She was detecting familiar fluctuations. Faintly, waves came from a certain direction. Yun Feng opened her black eyes. "Found it."

Under Yun Feng's guidance, the two of them soon arrived at a place. Crossing the dense forest, Lun Sheng soon heard the sound of water flowing. "It's just ahead!"

The two of them sped up. As expected, there was a waterfall with rapids ahead. The closer they got, the louder the sound of the water. Water splashed everywhere and the deep pool under the waterfall was rippling. A strong humidity assailed their nostrils.

Lun Sheng quickly ran to the side of the deep pool and searched the water anxiously with his eyes. Yun Feng chuckled. "It's more convenient to be in the water than on the surface."

Lun Sheng immediately nodded. The two of them were about to jump into the water when two forces of Grade 7 of the God Level swept across the sky. Yun Feng immediately grabbed Lun Sheng and dodged to the side. This force directly hit the water, creating waves a few meters high!

"Who is it?" Lun Sheng looked up in shock. Soon, three figures appeared, including the young man who provoked him that day!

"Tut-tut, I was wondering who it was. It's you." The provocative young man curled his lips when he saw Lun Sheng. "You even have a teammate. How surprising."

The two powerhouses next to the young man glanced at Yun Feng and Lun Sheng. "Get out of our way!"

Yun Feng sneered. "You're the ones who should get out of our way. First come, first served."

The young man looked at Yun Feng thoughtfully and said in a low voice, "Be careful of her."

The two powerhouses grunted in disdain after hearing that. "She's quite strong, but she's far from the God King Level! She's at Grade 7 of the God Level like us. Your worries are unnecessary. We're at Grade 7 of the God Level. Can't we beat her?"

The provocative young man raised his brows after hearing that. "Grade 7 of the God Level? Are you sure she's really at Grade 7 of the God Level?"

"Of course! If she's really at the God King Level, she should have noticed us before we got here."

The young man was finally relieved after hearing that. It made sense. How could she have the strength of the God King Level? Other powerhouses must have taken action that day. He was worrying too much. Grade 7 of the God Level... Even though she was very strong, she couldn't beat two of them! He concluded that Yun Feng wouldn't have the strength of the God King Level, so he was much more confident in provoking the young man. After all, two experts at Grade 7 of the God Level were supporting him.

"First come, first served? Whoever has the ability will certainly be the first!" The provocative young man said. Then, he looked at Lun Sheng coldly. "Are you here for the Rootless Grass too?"

Lun Sheng didn't answer. The provocative young man's expression became more and more vicious. He had already found all the herbs right now and was just short of the Rootless Grass! He thought he was the only one who was so fast. He didn't expect that that poor guy to be like him!

Want to beat him? In your dreams!

The provocative young man smiled sinisterly. "Guys, this is a great opportunity to get another qualification badge. It's always great to have one more."

Yun Feng understood in her mind. These two powerhouses must have attacked many people. Two Grade-7 Gods working together had extraordinary strength! "Hahaha! You're right. It'll be better with one more. As for this pharmacist..."

"By the way, let's finish them off together," said the provocative young man coldly. "If you finish them off cleanly, you'll certainly get a lot of benefits."

"Haha, it's a deal." The two Grade 7 Gods instantly released their auras at the same time!

Yun Feng said in a low voice, "You should be able to protect yourself, right?"

Lun Sheng was startled. Before he could say anything, two Grade 7 Gods had already attacked!

"Roar..." The huge palm came and the two forces merged into one, smashing towards him like a heavy hammer!

The pupils in Yun Feng's beast-like pupils turned into vertical lines and her hand turned into sharp claws. Cold light flashed across the claws and faced them head-on!

"Argh!" Lun Sheng was thrown aside by Yun Feng hard. A sharp claw brushed past his side narrowly. Lun Sheng felt a sharp pain on his cheek and a trace of blood instantly appeared!

## **Chapter 1632: Shocking Speculation (3)**

"Bang!" The sharp claws collided. Yun Feng used her sharp claws to block the attack of a Grade 7 God directly!

The two Grade-7 Gods narrowed their eyes slightly. "Do you think you can stop the two of us by yourself?"

Yun Feng stood in front of Lun Sheng and sneered with her red lips. The two Grade 7 Gods couldn't help but feel enraged. "One against two, we'll let you die faster!"

"I'll take your life." A vicious voice came. The provocative young man smiled sinisterly and drank a bottle of potion, attacking Lun Sheng directly! Lun Sheng's pupils shrank. You should have the ability to protect yourself, right? What Yun Feng said suddenly flashed in his mind. Lun Sheng's face darkened. He flipped his wrist and a bottle of potion appeared in his hand!

He opened the bottle and drank all the potion!

"Give me your life!" A few roars intertwined and a few forces instantly burst out, hitting and tearing each other!

"Poof!"

A few figures collided and separated in an instant! In a real battle, one attack was usually enough!

"You... You..." The person on the ground had a mouth full of blood as he looked at the other party dumbfoundedly. His eyes widened with unwillingness and his chest that was panting quickly. Then, he suddenly stopped breathing! While his body died, a translucent soul floated out of his body. Before the soul escaped on its own, an invisible force had already pulled it away!

"Whoosh, whoosh, whoosh..." Lun Sheng was panting and sweating all over his body. Seeing the scene of his soul being forcibly taken away, Lun Sheng's eyes were full of surprise!

Her soul was forcibly taken away? Yun Feng frowned slightly. Blood Soul... It must be related to that person from Blood Soul! The faces of the two Grade 7 Gods darkened when they saw this scene. The pharmacist was dead! The two of them looked at each other. Since the pharmacist was dead, if they wanted to win, they could only get more qualification tablets!

"You must have a lot of qualification tablets too." The two Grade 7 Gods looked at Yun Feng gloomily with greed in their eyes. Yun Feng sneered and didn't say anything. Lun Sheng's body trembled and he fell on the ground. The side effects of the potion immediately appeared.

"We'll accept your qualification token!" The eyes of the two Grade-7 Gods glittered. The aura of the Grade-7 God suddenly surged. It seemed that they were going to launch a big move and kill Yun Feng with a fatal blow!

"Young Lady Lian..." Lun Sheng said while panting. His body was weak and he hated himself for being useless. He could only watch at this moment!

One against two. One Grade 7 God against two Grade 7 Gods. She had no chance of winning at all!

"Roar..." Two excited beast roars resounded in the sky. The two people at Grade 7 of the God Level, with the strongest aura surging all over their bodies, jumped up. Their two pairs of beast eyes were full of deep greed and killing intent! Kill Yun Feng and get all her qualification tablets! They would definitely be the final winner of this competition!

"Young Lady Lian!" Lun Sheng roared loudly and wanted to prop himself up. He watched nervously with his eyes and his heart clenched fiercely! Dodge! Young Lady Lian, you must dodge!

There was a smile at the corners of her mouth and her smile never stopped! Two Grade 7 God-Level attacks pounced directly at Yun Feng with double the power. However, at this moment, Yun Feng slowly closed her black eyes!

The two Grade 7 Gods burst into laughter!

"Hahahahahaha!" Wild laughter resounded in the sky! However, the next second, it suddenly froze!

"This... This is!" The greed and excitement in the eyes of the beasts instantly retreated and more and more fear surged out!

Yun Feng opened her black eyes and a glint of light flashed through them. She straightened her arms and spread her hands!

The aura of Grade 7 of the God Level was no longer there. The dense power that surged out was clearly at the God King Level!

"God... God King..." The two Grade-7 Gods were dumbfounded. They only saw Yun Feng's sneering lips and that calm and extraordinary young face in their eyes! Such a young God King. How... was that possible?

"Boom..." There were two consecutive explosions. The two Grade-7 God-Level attacks were bounced back fiercely by Yun Feng!

"Bang!" The two Grade-7 God Level bodies fell on the ground fiercely like puppets! They didn't make another sound!

"Swish, swish, swish..." The two souls had just oozed out. Before they could do anything, they were pulled away by an invisible force! Yun Feng narrowed her eyes slightly and looked in the direction where the souls flew. Her black eyes darkened slightly.

Lun Sheng sat on the ground dumbfoundedly and looked up at the figure in the sky, mumbling, "It's indeed her... It's really her!" The God King expert who attacked that day was really her!

Yun Feng landed from the sky and walked to the two powerhouses who died instantly. The expressions of the two of them were still frozen from the moment they died. Their facial features were almost twisted together. Yun Feng searched the two of them completely. As expected, she found many qualification badges. She counted and there were more than thirty of them in total!

"They've really obtained a lot." Yun Feng whispered as she put away the qualification badges. She turned around and saw Lun Sheng's shocked expression. Yun Feng raised her brows and walked to the provocative young man. The entire time, Lun Sheng's gaze followed her mechanically.

Yun Feng also searched his body and found a lot of herbs. "Not bad. They're all useful. Here." Yun Feng threw the herbs to Lun Sheng, who suddenly shouted, "It was you, wasn't it? You were the God King that attacked that day!"

Yun Feng raised her brows and didn't say anything. She looked at the deep pool with her black eyes. "Go find the Rootless Grass you need. After you find it, it's time for you to start making potions."

Lun Sheng still wanted to say something, but Yun Feng obviously didn't want to answer. Lun Sheng could only support his body and was shocked in his mind! How old was she? She was a God King! The God King Level... Those who had reached this level were all the strongest people! Who exactly was this Young Lady Lian?

Yun Feng raised her head and looked at a certain direction in the sky, deep in thought. Those Beast Souls were forcibly taken away in the same direction! They were most likely in the hands of that person from the Blood Souls. However, why did he want Beast Souls? And so many of them? The more Yun Feng thought about it, the heavier her mind became. The Blood Souls had collected a lot of things so far and they had explored a wide range! At first, she thought the Blood Souls were only interested in the unique bloodlines of humans. Now, they were also doing something about the Beast Souls! What exactly were the Blood Souls planning in secret?

The unique bloodlines of humans... The Beast Souls... The map fragments... Everything seemed to be unrelated, but it must be!

## **Chapter 1633: Shocking Speculation (4)**

"Young Lady Lian, I found it!" Lun Sheng's excited voice came from behind and interrupted Yun Feng's thoughts. Yun Feng nodded. "You've finally gathered all of them. Find a quiet place and start making potions."

Lun Sheng nodded. After recognizing Yun Feng as a God King, there was an inexplicable sense of awe in his mind. The two of them found a hidden place. Lun Sheng started making his potions, while Yun Feng sat on a tall tree and continued thinking in her mind.

The qualification tablets Yun Feng got from those two people were enough to guarantee her victory. There were a total of dozens of people left. Apart from the ten pharmacists, Yun Feng got more than thirty qualification tablets alone. Unless another powerhouse appeared among the remaining powerhouses and harvested everything forcefully, they wouldn't be able to keep up with the number Yun Feng had.

Yun Feng sat on the tree alone and continued to think about the Blood Souls. She was certain that the Blood Souls were related to the Tian Yao Clan. The Tian Yao Clan must be protecting the Blood Souls' base in the Ten Thousand Beast Mountain Range. Only by winning this competition could she go further and find out more information about how those collected Beast Souls were used!

The Sound Transmission Jade in the dimension container suddenly lit up. Yun Feng quickly took it out. "Fengfeng." Qu Lanyi's voice came. Yun Feng said, "Lanyi, is everything going well on your side?"

"Everything's going well on my side. What about you?"

Yun Feng chuckled. "I've got some pretty good stuff here." Yun Feng told Qu Lanyi everything. Qu Lanyi's serious voice came. "Although no one from the Blood Souls appeared on the First Prince's side, they're definitely involved. Fengfeng, you can't act on your own."

Yun Feng smiled. "I know. I'll keep this tail until I find out the base of the Blood Souls!"

"That's right. There's one more thing. I thought of something about the Blood Souls gathering Beast Souls." The Sound Transmission Jade glittered a few times. "I've seen a few words in the oldest books of the Naxi family. Souls above the God Level can reconstruct their bodies on their own. There's another use."

"What use?"

Qu Lanyi was silent for a moment. Then, his voice came. "The other use is... food."

Food! Yun Feng's heart tightened! Food... Right, how could she forget that the red-eyed giant beast in her body could swallow Beast Souls! Beast Souls were delicious food for it!

"Fengfeng?" Qu Lanyi's voice came. Yun Feng's face darkened! "Lanyi, let's talk later." After cutting off the connection, Yun Feng immediately closed her eyes and her consciousness quickly sank, coming to the vast dark space!

"Red-eyed!" Yun Feng roared as her voice kept echoing in the darkness! After a while, the sound of huge chains echoed and the huge blood-red eyes slowly opened. "Why? Did you bring me something good again?"

Yun Feng moved her body and directly stood in front of the giant blood-red eyes. She stared at them firmly with her black eyes and said coldly, "Let me ask you. Apart from you, who else can devour Beast Souls?"

The giant blood-red eyes were stunned for a moment, then the creature burst into laughter! "Haha! You're asking this question? I'm really surprised."

"Answer me!"

Blood flashed in the giant blood-red eyes and the sound of chains echoed again. The huge body hiding in the darkness seemed to be moving. "Humph! Seeing that you gave me something good, I can tell you that swallowing a Beast Soul..." A malicious gaze flashed through the giant blood-red eyes. "That's the ability of a Fantastical Beast."

Fantastical Beast! Shocking lightning! Yun Feng's black eyes widened. Devouring Beast Souls was the ability of Fantastical Beasts, so the one in front of her... "You... Are you one of the seven-element Fantastical Beasts?!"

"Hahahaha!" Blood flashed at the bottom of the giant blood-red eyes again. "Yun Feng! I'm not those trash!"

Shocking facts entered Yun Feng's mind one after another... Let alone the identity of the beast in front of her, just those few words just then had already made Yun Feng know the seriousness of the matter! If swallowing Beast Souls was the ability of a Fantastical Beast, the purpose of the Blood Souls searching for the Beast Souls was definitely not to transform these Beast Souls into bodies. Then, their only purpose was... to treat these Beast Souls as food. In other words... the Blood Souls had a Fantastical Beast!

If the Blood Souls had a Fantastical Beast... Yun Feng's entire mind trembled fiercely when she thought of this! If the Blood Souls really had a Fantastical Beast, their overall strength would be greatly increased again! If the Fantastical Beast could really be controlled by the Blood Souls, there would definitely be masters among the Blood Souls who had such an ability about Magic Beasts! What such a master had wasn't as simple as taming Magic Beasts. He could make the Fantastical Beasts bow down!

"Yun Feng, there's no human being in this world who can tame a Fantastical Beast," said the giant red eyes. Yun Feng glanced over. "What do you know?"

"Humph! Even though Fantastical Beasts aren't good, they're still at the top of the Magic Beasts! How can humans subdue the Magic Beasts at the top of the pyramid? Do you really think the summoner ability of humans is effective on all Magic Beasts?"

Yun Feng was silent. The abilities of a summoner were indeed limited. There were many restrictions to contracting Magic Beasts. The number of Magic Beasts and the suppression of strength were all absolute conditions that couldn't be avoided! However, Yun Feng felt that the summoner bloodline of the Yun family wasn't so simple. The abilities of a summoner weren't just that!

"Why did you ask such a question just then?" The giant red eyes were suspicious and puzzled. Yun Feng chuckled. "Blood Souls are very likely collecting Beast Souls. I have to find out why they're gathering Beast Souls."

"Blood Souls, huh... They really never stop." The giant red eyes burst into laughter. "What about you? What do you plan to do? If the Blood Souls really have Beast Souls, are you going to take them back?"

"Take them back?" Yun Feng raised her brows. "I know myself well. If the Blood Souls really have a Fantastical Beast in their hands, it'll certainly be heavily guarded. It's impossible for me to see it with my current ability."

"Humph!" The giant red eyes snorted in disdain. "Since I'm still in your body, let me give you a piece of advice. Just run when you see a Fantastical Beast."

Yun Feng burst into laughter after hearing that. "You didn't take the Fantastical Beast seriously at all just then. What's wrong now?"

"I never care about those guys! However, I can only look like this right now. When I get out..."

"When you get out?" Yun Feng raised her brows and chuckled. "I might consider it when I can truly see your full appearance."

## **Chapter 1634: The Final Winner (1)**

The giant red eyes were startled. Shock flashed through them like lightning. Yun Feng chuckled and had already left this space. After a long time, more and more smiles surged out of the red eyes, followed by wild laughter! "Hahaha, hahahahaha!"

The sound of chains dragging on the ground came restlessly, as if a huge body was constantly moving. Bright light shot out of its huge red eyes and its laughter gradually eased from exhaustion. "Full appearance? Hahaha, how interesting... Yun Feng, my full appearance... Won't you be regretful after seeing it?"

Coming back to herself from the dark space inside her body, Yun Feng opened her eyes and looked at the Sound Transmission Jade in her hand. She infused her mental strength into it. After a while, Qu Lanyi's voice came from the other side of the jade pendant. "Fengfeng, have you got a result?"

Yun Feng took a deep breath and whispered slowly, "There's most likely a Fantastical Beast in the hands of the Blood Souls."

The other end of the jade pendant was silent for a while. Then, a voice came. "It can be concluded that the abilities of the people of the Blood Souls are more or less abnormal and their physiques are also very strange. The Blood Souls must be planning something in secret. They've been doing it since a long time ago."

Yun Feng's face darkened. "What exactly are they planning..."

"This is also a mystery we need to explore, but we can't rush into anything."

"I know we can't rush it, but the situation is getting more and more urgent. I have a bad feeling."

The other end of the jade pendant was silent again. "The Blood Souls are still acting in the dark right now, so they certainly have something to worry about. The news of the Fantastical Beast hasn't spread either, which shows that they don't intend to show this trump card yet. Fengfeng, no matter what their purpose is, we might not lose."

Yun Feng's mind trembled! Right, no matter what the Blood Souls were planning in secret, what was their ultimate goal? She might not lose!

"Got it, Lanyi." Yun Feng raised the corners of her mouth. "Is the First Prince going to compete in the same way the Second Prince does?"

"The First Prince is much more obedient. I'm very bored." Qu Lanyi yawned. Yun Feng smiled. Hearing Yun Feng's laughter, Qu Lanyi was relieved. "It seems that the next time we meet will be in the royal palace of the Tian Yao Clan."

Yun Feng smiled. "Are you so sure that I'll get the first place?"

"Of course. You're my wife."

The corners of Yun Feng's mouth curled up. She cut off the connection with the Sound Transmission Jade and looked up at Lun Sheng, who was focused on making potions not far away. She leaned against the tree behind her leisurely and felt the gentle breeze blowing in her face. The corners of her clothes fluttered slightly and a chubby figure jumped out again. It sat on Yun Feng's shoulder with its little butt and its soft fur slowly rubbed against Yun Feng's cheek.

"Fengfeng." Meatball cried softly. Yun Feng hugged Meatball's body with her hand in a good mood. Its chubby body carried a warm feeling. Yun Feng rubbed her cheek against it a few times. Meatball narrowed its big eyes slightly and wagged its tail comfortably, enjoying Yun Feng's intimacy.

"Why did you come out?" Yun Feng put Meatball on her knee and poked it with her finger. Meatball's little head shook slightly. "Nana, nana!"

Yun Feng chuckled. She didn't understand. She still didn't understand.

"Although I don't understand what you're talking about, can I assume that you missed me?"

Meatball kept nodding its little head. Yun Feng smiled even more happily and squeezed its chubby little face with her fingers. "Yes, I missed Meatball too."

Meatball jumped a few times happily and immediately pounced to the side of Yun Feng's cheek, starting to push its body. Yun Feng felt itchy and immediately held it in her hand. It turned its grape-like big eyes to the side and saw Lun Sheng with a serious look.

"Humph!" It turned its little head to the side in disdain. Yun Feng smiled. "Do you think Lun Sheng will succeed?"

Meatball shook its head firmly. Yun Feng smiled and leaned against the tree lazily. "Then how about we make a bet?"

Meatball raised its little head. Yun Feng smiled like a fox. Meatball was very cautious. It looked around with its big eyes and finally nodded gently. "Alright! It's a deal! Let's bet if Lun Sheng can finish this potion within the deadline!"

Meatball listened quietly. Yun Feng chuckled. "If I lose, I'll give you the Ultimate Crystal Beast."

A beam of light flashed through Meatball's eyes! It was so anxious and so passionate!

"If you lose, you'll have to..." Yun Feng whispered with evil intentions. After hearing that, Meatball shook its little head crazily. "Nana! Nanana!" It rejected extremely excitedly. Its completely puffed up cheeks were like two big walnuts were stuffed into them. Its chubby body jumped on Yun Feng's knees to express its strong dissatisfaction!

"You don't agree?" Yun Feng raised her brows. Meatball shook its little head crazily. No! Absolutely not!

"Oh... You don't agree?" Yun Feng twisted her wrist and pulled out the Crystal Beast that was staying in the space! As soon as the smooth and slightly shiny little beast

appeared, Meatball's big eyes widened abruptly! It couldn't control itself and was about to pounce on it!

The Crystal Beast didn't even look. It jumped into Yun Feng's arms and burrowed into them desperately, shivering!

Yun Feng held the Crystal Beast in her arms and caressed the Crystal Beast that was so terrified in her arms. It felt extremely good to touch such a smooth and slightly cold body. Looking at Meatball's almost drooling expression, Yun Feng chuckled. "You really don't agree?"

Meatball suddenly wiped the saliva at the corners of its mouth and looked at Yun Feng accusingly with its big eyes, as if it had woken up from a dream. However, after seeing the Ultimate Crystal Beast, it began to drool again.

Yun Feng smiled comfortably. The Crystal Beast was extremely scared. Meatball finally drooled slowly.

It nodded with difficulty. Yun Feng raised her red lips and the Ultimate Crystal Beast in her arms disappeared. Meatball was stunned! Its expression was extremely cute!

Yun Feng couldn't help but smile. Meatball glared at Yun Feng fiercely and directly turned around to point its butt at Yun Feng. Yun Feng poked Meatball's butt with her finger wickedly. "It's a deal. You can't go back on your words."

Meatball wagged its tail behind its butt and looked back with an extremely resentful gaze. Yun Feng couldn't help but burst into laughter!

## **Chapter 1635: The Final Winner (2)**

Not far away, Lun Sheng, who was focused on making medicine, heard Yun Feng's hearty laughter and couldn't help but look up. He didn't know why Yun Feng was smiling, but her laughter was so happy and straightforward! It made his mood, which had been depressed because of the potion, improve slightly.

There seemed to be a lot of changes in his hands. Lun Sheng felt that his state of stagnation just then suddenly improved. There was a faint sense of calmness in Lun Sheng's heart. He would definitely succeed.

After Yun Feng and Meatball made a bet, she and the beast both focused on Lun Sheng. Lun Sheng's pharmaceutical process wasn't very smooth. He had already failed a few times, but he still didn't give up and continued to persist.

Every time he failed, Meatball grunted in disdain. Yun Feng, on the other hand, chuckled and still sat on the high ground casually, looking at Lun Sheng's situation. The few failures had already let her figure out the reasons for Lun Sheng's failures. His impatience was the root cause.

As the number of failures increased, Lun Sheng's mood became more and more unstable. His unstable mood led to a series of mistakes. The traditional way of making potions emphasized on precision. The more difficult and high-level the formula, the more precision required. Any slight deviation would cause the final failure of the potion.

"Poof..." Thick black smoke came out. Lun Sheng failed again. There was already a smile in Meatball's big eyes, because the deadline was getting closer and closer. Yun Feng looked at the smile on Meatball's face and couldn't help but curl her lips slightly. It seemed that it was very confident that it could get the Ultimate Crystal Beast.

"What exactly is going on?" Lun Sheng looked at the sticky potion that had turned black after the failure and was a bit confused. He had already learned from the previous failures. There should be a high chance of success this time! Why did he still fail in the end?

After being in a daze for a while, Lun Sheng's impetuous mood finally calmed down. He poured out the potion in his hand and took a deep breath. Lun Sheng stood with his eyes closed for a while. When he opened them again, he was obviously much calmer.

"There's one more chance." Yun Feng, who was sitting on a tree trunk high up, whispered softly with a smile on her red lips. She watched Lun Sheng make medicine again and already knew in her mind that this was his last chance, whether it was in terms of time or herbs.

"Nana!" Meatball shook its little head proudly, trying to announce that it was about to win. Yun Feng flicked its little head with a smile and slowly closed her black eyes. It was certainly impossible to beat her.

Lun Sheng had already known the traditional pharmaceutical method by heart. He also knew that this was his last chance. If he couldn't seize it, he would lose his qualification this time. "Phew..." He took a deep breath and frowned. He became more and more cautious and serious. He confirmed every step again and again before going to the next step.

Yun Feng watched with a smile in her black eyes. Lun Sheng was indeed good at traditional pharmaceuticals. He did the first few steps almost perfectly, but he was always a bit off during the fusion process. Soon, Lun Sheng successfully entered the last step of the fusion, where he failed every time.

"The victory or defeat depends on this!" Taking a deep breath, Lun Sheng began to fuse!

Yun Feng, who was on the tall tree, slowly closed her black eyes and sank into an inexplicable atmosphere. The world in front of her eyes turned into gorgeous colors. Elemental light spots danced around her wantonly and mischievously. Her mental strength slowly and gently reached in the direction of Lun Sheng and seeped into the messy elements that were mixed together. Yun Feng put on a smile with her red lips and reassembled these scattered wood. Three-star master-level was very simple for Yun Feng.

"Huh?" Lun Sheng clearly felt that the potion in the fusion was developing in a good direction. Unlike the last few times, the fusion this time seemed to be especially smooth! Joy flashed through Lun Sheng's face. Perhaps... he would succeed this time!

"Pa!" In Yun Feng's world, all the scattered elemental light spots completed the last step under the drive of her mental strength. At the same time, Lun Sheng shouted in surprise! "It worked! I did it!"

A crystal clear liquid fell into the bottle. Lun Sheng's eyes were full of excitement as he watched! Shock appeared in Meatball's big eyes! It suddenly turned its little head around and saw Yun Feng's black eyes that were slowly opening with endless joy!

"Nana!" Meatball shouted. Yun Feng chuckled and pointed at Meatball's little head. "I didn't say that I couldn't help when we made the bet back then."

Meatball's big eyes widened abruptly. Yun Feng burst into laughter. "Alright, he's already succeeded. Our deal..."

"Swish..." In the blink of an eye, Meatball had already run away from Yun Feng's knee! Seeing that, Yun Feng immediately jumped from the tree and chased after Meatball!

"Young Lady Lian, Miss..." Lun Sheng raised his head with a happy look and looked in Yun Feng's direction, only to find that the beauty was already gone. Lun Sheng chuckled and was more or less a bit disappointed despite his joy. However, looking at the crystal clear liquid in the medicine bottle, there was an indescribable joy in his heart.

"Meatball!" Yun Feng chased all the way forward and locked her black eyes on the figure running crazily in front of her. "Don't run! You agreed back then!" Yun Feng roared loudly. Meatball's rather frustrated cry came from ahead. "Fengfeng na!" It was obvious that it was saying, Yun Feng, you're bullying me!

"I didn't bully you! I didn't say that I couldn't interfere back then! Of course, you could've interfered too!" Yun Feng shouted with a smile. Hearing Meatball's even more frustrated roar, she knew that this kid was angry. However, thinking of the deal she made with it back then, Yun Feng firmly carried on. "If you run again, I'll ignore you!"

After saying this, the body that was running crazily in front of her suddenly braked. It turned its angry face around and its big eyes were full of complaints!

Yun Feng chuckled when she saw Meatball's cute expression. "I admit defeat."

"Nana, Fengfengna!" Meatball cried in dissatisfaction and stopped there. Its tail kept swinging crazily in frustration. It was very dissatisfied with what Yun Feng did just then. Yun Feng curled up the corners of her mouth quite shamelessly. "Meatball, even beasts have to have integrity."

Meatball was obviously stunned again. Then, it roared in embarrassment, "Nana, Nana, Nana!"

## Chapter 1636: The Final Winner (3)

Seeing the chubby little thing fly into a rage, Yun Feng was delighted in her mind. "Alright, even though I cheated, I said you could too! It's just that you gave up."

Meatball widened its big eyes again! It was obvious that it didn't expect Yun Feng to say such a shameless thing. Yun Feng took advantage of Meatball's daze and quickly flashed forward. She extended her arm forward and grabbed with her finger! Meatball shivered and was about to turn around to escape. Yun Feng immediately sped up and pounced forward with her entire body, aiming in the right direction!

"Nana, nana!" Meatball was caught by Yun Feng. Its chubby body twisted desperately, wanting to escape from Yun Feng's hands. This was the first time Meatball resisted Yun Feng's intimacy like this. Yun Feng smiled like a fox and Meatball struggled desperately.

"Just let me take a look!" Yun Feng didn't dare to exert strength, fearing that she would hurt it. She coaxed it softly and Meatball struggled even more excitedly! It kept sweeping its tail crazily. "Nana, nana!" Its body rolled around crazily and Yun Feng almost lost her balance. She immediately exerted strength with her fingers and completely stuck this chubby body. Meatball opened its mouth and showed its sharp teeth, about to bite Yun Feng's finger. However, after thinking for a while, it retracted its teeth.

"Be a good kid. Just once." Yun Feng leaned closer and held Meatball's body with one hand, while she touched Meatball's stomach with the other!

"Nana, Fengfengna!" Meatball shouted desperately, looking miserable! However, Yun Feng mercilessly pushed the thick soft fur aside with her hand! Before she could see clearly, its fluffy tail swept across the sky and blocked its belly firmly!

"You!" Yun Feng raised her black eyes angrily. Meatball would rather die than submit! Its fluffy tail covered its stomach. Yun Feng was both angry and amused. "Meatball! You're going back on your words now? It's too late! I must find out your gender today!"

"Nana, nana, nana!"

The man and the beast pulled each other. Neither of them wanted to give in. Yun Feng tried her best to push the tail away, but Meatball refused to listen. As they pulled each other, there was no telling whose problem it was, but Yun Feng staggered and fell just like that! She loosened her hand and Meatball turned around and escaped from Yun Feng's hand. However, at this moment...

Yun Feng fell even faster. She looked under Meatball. Meatball flipped over and swept its tail. The fur under its stomach hadn't recovered yet. It was flat and Yun Feng saw everything!

Yun Feng's black eyes widened abruptly! Meatball realized it belatedly and extended its little claws in embarrassment. It exerted strength on Yun Feng's head and directly entered Yun Feng's dimension container. Yun Feng, on the other hand, stood in the air dumbfoundedly and thought about what she saw just then.

She had been wondering if Meatball was male or female until just then.

"Seriously... What's there to be shy about?" Yun Feng whispered softly. She knew that Meatball must be shy. She turned around and walked in Lun Sheng's direction. Suddenly, she felt the chewing sound coming from her dimension container. It was very obvious!

After a while, a voice sounded in Yun Feng's mind.

"Yun Feng, you..." That was Na Xie's voice!

Yun Feng couldn't help but laugh. "Hahaha, I'm sorry, I'm sorry. I was just too curious..."

"You... You..." Na Xie's voice trembled. One could imagine how awkward it was. Yun Feng chuckled. "Trust me. This has always been an unsolved problem in my mind, but fortunately, I have an answer."

"Ah..." With a sigh, Na Xie's voice didn't appear again. Yun Feng returned to the original place with a smile. Lun Sheng waited there with a smile. "Young Lady Lian! I did it!" Lun Sheng picked up the bottle of potion in his hand. Yun Feng looked at it. "Yes, congratulations."

"It's strange. The success this time is a bit beyond my expectation. The last few times, I obviously failed at the last step. How exactly did I succeed this time? I still don't understand..."

Yun Feng chuckled. "If you don't understand, don't think about it anymore. The one-month deadline is almost up. We should go out."

Lun Sheng chuckled and nodded. He put away the potion carefully and walked back with Yun Feng. The two of them walked back the way they came. They didn't meet any other powerhouses or pharmacists on the way. Many powerhouses had died here. The fate of those pharmacists might not be any better.

The two of them ran all the way to the exit and saw the Second Prince waiting there from afar. Seeing the two of them come out, the Second Prince said with a smile, "What a surprise. I thought I wouldn't see anyone come out until the last day."

Yun Feng smiled lightly and glanced at the position next to the Second Prince. The person of the Blood Souls was already gone.

"So, what did you get?" The Second Prince said with a smile. Lun Sheng took out the potion. The Second Prince was very satisfied when he took it and glanced at Yun Feng. Yun Feng chuckled and waved her hand, causing dozens of badges to appear!

The Second Prince was stunned! There were so many qualification tablets! The people next to the Second Prince were also stunned! There were at least dozens of them. She got so many qualification tablets alone! In other words, at least dozens of powerhouses had died in her hands!

The Second Prince raised the corners of his mouth. "Hehehe, good! Good! Well done!" He looked at Yun Feng excitedly with admiration in his eyes! Yun Feng smiled casually. "You flatter me, Second Prince. The deadline hasn't come yet. There might be other surprises."

The Second Prince smiled gently and didn't say anything. The people on the side were all shocked in their minds! There was a surprise? Even if there was a surprise, it couldn't exceed her harvest! This woman... Where exactly did she come from?

When Yun Feng and Lun Sheng came out, there were still three days until the one-month deadline. Their amazing results made everyone raise their eyebrows, especially the Second Prince. He was simply delighted! Almost everyone thought that Yun Feng would definitely be the dark horse this time! The shocking dark horse!

Three days later, on the last day of the month, other powerhouses came out one after another. They were all a bit surprised to see Yun Feng and Lun Sheng, who came out early. The results of the other powerhouses certainly couldn't compare to Yun Feng's. Yun Feng had the complete advantage! The success rate of the other pharmacists was also very low. Only one of them successfully made potions, but the difficulty wasn't as high as Lun Sheng's. As expected, Yun Feng and Lun Sheng got the first place and became the final winner of this competition!

## **Chapter 1637: The Final Winner (4)**

"The one-month deadline is up. Those who haven't come out don't have to come out anymore." The Second Prince said coldly. Then, he looked at Yun Feng with a smile. "What's the name of this powerhouse?"

Yun Feng smiled gently. "Lian Yi."

The Second Prince chuckled. "Lian Yi[1]? What a good name. Young Lady Lian's strength and personality are far from this name. However, I like it."

Yun Feng smiled gently and didn't say anything. The Second Prince chatted with Lun Sheng again. Even though Lun Sheng was valued by the Second Prince, there was more or less a hint of awkwardness on his face. After all, the process of the competition this time was unexpectedly bloody and heartless.

"You're here." After waiting for a while, the familiar black-robed figure appeared. The Second Prince greeted him very kindly when he saw this. Yun Feng glanced over with her black eyes. The person of the Blood Souls walked over casually. The Second Prince said, "This is the final winner of this competition. What do you think?"

A cold gaze swept over and Lun Sheng inexplicably felt a bit uncomfortable. Yun Feng stood there indifferently. The person of the Blood Souls let out a hoarse chuckle. "Your Highness's choice is always good."

"Hahahaha!" The Second Prince burst into laughter. "I'm very satisfied with the result of the competition this time. I wonder what kind of person will appear on my brother's side."

"Second Prince, why are you in such a hurry? We'll meet sooner or later." The person of the Blood Souls said with an extremely hoarse and unpleasant voice. The black robe on his body slowly dragged on the ground and a coldness came from his body.

"You're right. Sooner or later." The Second Prince's eyes turned cold. When he turned around, he was already warm like a spring breeze. "Guys, come back to the palace with me. There'll be plenty of opportunities to put you in an important position in the future. You must perform well."

Lun Sheng nodded stiffly, while Yun Feng chuckled. "Of course. I'll work hard."

The Second Prince was stunned for a moment. Then, he smiled and didn't say anything. The person of the Blood Souls glanced at Yun Feng carefully, then turned around and walked to the Second Prince. The two of them discussed something in a low voice. Lun Sheng lowered his voice. "Young Lady Lian, don't you think... that person in the black robe is a bit strange?"

Yun Feng raised her brows and looked at Lun Sheng with her black eyes. "Really?"

Lun Sheng was startled. He wanted to say something else, but Yun Feng had already walked forward with a smile. Lun Sheng looked at her back in shock. Why did he feel a faint excitement coming from her? Young Lady Lian... Did something good happen?

The King's Inspection of Zhuangning City came to a conclusion in just one month. Yun Feng and Lun Sheng became the dark horses this time. There were all kinds of surprises in Zhuangning City. The few powerhouses that everyone thought highly of earlier were gone. Seeing the Second Prince's smile and extremely satisfied look, the crowd guessed that these two people were indeed quite capable.

Yun Feng and Lun Sheng followed the Second Prince back to Zhuangning City. Even though it had been more than a month, there was still a sea of people when they returned. Sang Yue was extremely happy to see Lun Sheng. After knowing that he got the first place, she was even more delighted. After a while, Yun Feng and Lun Sheng would follow the Second Prince to the capital. After settling things in Zhuangning City, Yun Feng wondered what would happen in Huangqi.

Yun Feng and Lun Sheng stayed in the place the Second Prince asked them to stay. There was someone to wait on them. Sang Yue looked delighted. After coming to the designated place, she was even more delighted. The two of them lived in the connected courtyard. They were separated by a wall and it was convenient for them to walk around. However, Yun Feng didn't have any intention of contacting Lun Sheng and the others after staying here. She didn't go out at all.

"Brother Lun Sheng, I knew you were the best!"

Lun Sheng chuckled. After all, he was still a bit guilty in his mind. The more he thought about the pharmaceutical situation that day, the more he felt that something was wrong. Lun Sheng knew his level of ability. Such a tricky formula succeeded so smoothly in the last time that it was a bit unrealistic. After thinking about it, Lun Sheng always thought that someone helped him, but he couldn't figure out who exactly helped him.

He wanted to talk to Yun Feng, but Yun Feng didn't show up even once. Lun Sheng couldn't help but feel a bit uncomfortable. Young Lady Lian had always been cold. How could she be so cold... Were all the Magic Beasts of the Sea Clan like this?

"Brother Lun Sheng, what are you thinking about?" Sang Yue found it a bit strange that Lun Sheng had been silent. Lun Sheng smiled lightly. "Nothing. I just remembered that Young Lady Lian doesn't seem to have shown up."

Sang Yue pouted. "Isn't it better if she doesn't show up? She doesn't look easy to get close to. I'll feel uncomfortable if she really shows up."

"Sang Yue." Lun Sheng scolded her softly. Sang Yue chuckled. "Brother Lun Sheng has such achievements today. Our family must be thrilled for you! As long as you can be put

in an important position by the Second Prince, you can be considered to have survived..."

Lun Sheng's black eyes darkened slightly. Thinking of the Second Prince's seemingly gentle but actually vicious methods, Lun Sheng felt a bit regretful. "Haha, yes, you're right." He looked in Yun Feng's direction with his black eyes and sighed softly in his mind. He turned his gaze back and didn't think about anything else.

At this moment, Yun Feng was staying in her room and communicating with Qu Lanyi. The competition on the First Prince's side was in the final stage. Qu Lanyi was extremely bored. After knowing that Yun Feng was done, he immediately said, "Now that it's over, it's time to come and see me."

Yun Feng smiled and didn't say anything. Qu Lanyi's voice came. "The people of the Blood Souls have already left Zhuangning with the Second Prince. Why are you staying there? There's still some time anyway. I miss you, Fengfeng."

Yun Feng raised the corners of her mouth helplessly. Meatball on her shoulder widened its mouth in disdain. "Lanyi, I..."

"I have nothing to do anyway. The First Prince knows that the competition in Zhuangning City ended early and is very angry. He's throwing a tantrum."

"Hey, who are you talking to?" A weak voice came from the Sound Transmission Jade. Yun Feng was shocked! Her heart suddenly sank! Meatball also narrowed its eyes fiercely and stared at the Sound Transmission Jade, sweeping its tail back and forth.

"Fengfeng?" Seeing that Yun Feng didn't reply, Qu Lanyi asked. Yun Feng sneered. "I think you're quite happy there. You're not as bored as you claim."

The Sound Transmission Jade suddenly fell silent. Then, a smiling voice came. "Rather than believing that, why don't you see it with your own eyes so that you can be at ease?" Whether it was intentional or not, the soft voice came again just then. Yun Feng's face darkened when she heard that. She suddenly cut off the connection with the Sound Transmission Jade. She sat there with deep black eyes and unusual emotions kept rolling in her heart.

## **Chapter 1638: Lanyi's Test, Yun Feng Is Jealous (1)**

"Nana!" Meatball shouted in dissatisfaction. Yun Feng was silent for a moment and finally smiled helplessly. She took a few deep breaths and the frustration in her heart

that had been completely blocked finally eased a bit. However, thinking of the gentle voice she heard just then, the frustration became even worse.

Yun Feng pressed her chest with her hand. She was very uncomfortable at the thought of Qu Lanyi being with another woman. Yun Feng certainly knew Lanyi's feelings for her, but how could other women not like such an outstanding man? Yu Lian was probably the most obvious one. There might be many more in the dark.

Yun Feng stood up and patted her clothes. "Huangqi? Why don't I go there and take a look?"

Meatball glanced at Yun Feng in a daze. Its chubby body turned around and disappeared. Yun Feng pushed the door open and walked out. Lun Sheng, who was about to knock on the door, was startled. Then, he blushed and took a few steps back. "Young Lady Lian, I hoped to meet you..."

"What's the matter?" Yun Feng looked up and her tone was slightly cold. Lun Sheng chuckled. "Nothing special. I just saw that you haven't shown up in a long time and was a bit worried, so I came to take a look..."

"I'm fine. I'm fine." Yun Feng said again with a cold tone. Lun Sheng suddenly felt very embarrassed standing there. "Well... Even though I'm not sure, I always thought I didn't have the ability to succeed in one go when I was making the potion. Someone must have helped me. Young Lady Lian, were you the person who helped me?"

Yun Feng smiled. "Help you? I had nothing better to do than help you again and again?"

Lun Sheng was speechless. Yun Feng said, "Anything else?"

Lun Sheng shook his head and turned his body sideways. Yun Feng nodded and walked out. "Young Lady Lian, where are you going? Didn't the Second Prince ask us to stay here? We're going to the capital after a while!"

Yun Feng replied without looking back, "I have time anyway. I'll go out for a walk. I'll certainly come back."

Lun Sheng still wanted to say something, but Yun Feng walked quickly and soon disappeared. Lun Sheng stood there in a daze and finally smiled helplessly. "It can't be her... She's so cold. It'll be strange if she helps me... Ah, I wonder which expert helped me. If we're fated to meet, I must ask for guidance."

Yun Feng won the competition. The Second Prince gave her a badge that symbolized her identity. It was extremely convenient for her to enter and leave Zhuangning City. She could leave whenever she wanted and enter whenever she wanted. There were no restrictions at all. The King's Inspection ended early on Zhuangning's side. The Magic Beasts that surged into the city were all leaving the city. The scene was quite huge. The

security was certainly more complicated and serious. Yun Feng, on the other hand, saved a lot of effort. When she showed this badge, nobody stopped her at all and she left the city easily.

When they left the city, many people couldn't help but point at Yun Feng. After the competition, everyone in Zhuangning knew Yun Feng. People who saw her would whisper, "Look! That's Master Lian, who hid herself well!"

Under the whispers and envious and admiring gazes, Yun Feng stepped out of Zhuangning City. After thinking for a while, she put away the badge the Second Prince gave her and directly ran in the direction of Huangqi City. The distance between the two cities wasn't short at all, but for Yun Feng, half a day was enough.

It was dusk when she came to Huangqi City. Yun Feng didn't tell Qu Lanyi where she was. If he wanted her to come and see for herself, why should she tell him? She would only confirm it if she saw it for herself, wouldn't she?

The King's Inspection in Huangqi City wasn't over yet. The city, which was about the same size as Zhuangning, was extremely noisy! Yun Feng passed through the city gate safely and entered the city. As soon as she entered the city, she heard a lot of discussions at the same time.

"Did you watch Lord Qu's competition?"

"I've seen it! It's indeed exciting! None of these powerhouses is Lord Qu's match at all!"

"That's right! Lord Qu will definitely get the first place this time! Didn't you see that the First Prince admires him so much that he's already calling Lord Qu brother?"

"Hahaha! That's right! I heard that the First Prince treats Lord Qu extremely well and is very generous! The First Prince isn't stingy at all. He shares whatever he likes with him. I heard that they even share women!"

"Lord Qu is very lucky. Aren't all the people around the First Prince beautiful?"

The two of them, who were discussing enthusiastically, suddenly felt a gust of cold wind. They looked up and saw Yun Feng standing in front of them with a gloomy face. The two of them were stunned. "W-What are you doing?"

Yun Feng chuckled. "May I ask if Master Qu likes it too?"

The two of them burst into laughter after hearing that. "Of course! Otherwise, Lord Qu wouldn't have rejected none of them!"

Rejecting none of them? Yun Feng sneered in her mind. Not rejecting anyone! "So, Master Qu likes to have beautiful companions?"

"I'm not sure about that, but all men like beautiful women! Hahahaha!"

"If it were me, I would be enjoying myself so much!"

The two of them smiled. The gloomy look on Yun Feng's face was swept away and she put on a friendly and sweet smile. "The First Prince is living with Lord Qu too?"

The two of them immediately widened their eyes when they saw Yun Feng's smile. "Yes, yes! The First Prince values Lord Qu very much!"

"Thank you." Yun Feng chuckled and turned around to leave. After turning around with a bright smile on her face, her face completely darkened! She tapped her toes and jumped up from the ground, running in one direction at an extremely high speed in the evening sky! She didn't have to ask where the First Prince lived at all. No matter how many auras there were here, it wouldn't take much effort to find Qu Lanyi!

"Brother Qu, I'll wait for your performance tomorrow!" Someone burst into laughter. In the huge and luxurious room, a man was leaning against the bench lazily. His body was well-proportioned and his muscles were well-defined. His lazy expression was attached to his ordinary facial features, adding a few hints of handsomeness. He picked up a wine glass with one hand and shook it at the man sitting not far away, drinking it all in one gulp in an extremely straightforward manner.

The handsome man chuckled. "I won't let you down, Your Highness."

"Haha, good! Good!" The man laughed extremely happily. The beauty next to his feet immediately filled his cup. The First Prince looked up at the front and smiled. "Brother Qu, you don't seem to be satisfied with these beauties?"

## **Chapter 1639: Lanyi's Test, Yun Feng Is Jealous (2)**

Qu Lanyi smiled gently and looked at the woman who wanted to approach him a few times coldly with his black eyes. The coldness that suddenly rose from his body made the beauty shocked and afraid, but she didn't want to leave yet. "I'm fine," said Qu Lanyi as he sat further away without a trace. Seeing that, the beauty leaned closer and grabbed the corners of Qu Lanyi's clothes. She looked at him pitifully with her big eyes, wanting him to pity her.

"Rip!" The corner of his clothes was cut off invisibly. The beauty immediately turned pale when she saw that. Her finger was almost cut off just then!

"Hahaha! Fine, go away!" The First Prince waved his hand lazily. The beauty next to Qu Lanyi nodded and looked at Qu Lanyi with unwillingness and resentment in her eyes. Qu Lanyi looked straight ahead and ignored her.

The beauty left in anger. The First Prince sat upright. "Brother Qu, do you not like any of these beauties?" The First Prince narrowed his eyes and looked at Qu Lanyi. He looked ordinary and fierce, but there was always a special charm on him. Not to mention a man like him, all these females were attracted to him, but he had such a cold personality. The First Prince rolled his black eyes. This guy's strength was exactly what he wanted. If he wanted to take down his brother, he had to have some real ability. Besides... the First Prince's face darkened.

"What are you thinking about, Your Highness?" Qu Lanyi raised his brows. After observing and interacting with him for the past few days, even though this prince had a bad temper and was even temperamental, his methods of doing things were very open and aboveboard. Compared to the Second Prince Fengfeng mentioned, this prince was obviously a bit boring.

"Nothing." The First Prince changed his expression. "Come on, bring Tang Yuyan here." After saying that, the First Prince chuckled at Qu Lanyi. "Brother Qu, I've already taken out my trump card. You must give me some face."

Qu Lanyi's black eyes darkened and he just sat there with a smile. After a while, a graceful woman walked out. Her enchanting and voluptuous body was covered in an extremely transparent layer of fabrics that couldn't cover anything at all. Just looking at her made the males' blood boil and they couldn't stand the thirst.

"Your Highness." The woman called out gently. His Highness chuckled and pointed. "Serve Brother Qu well and make him happy."

Tang Yuyan turned around slightly and saw Qu Lanyi, who was sitting there without even looking up. She frowned slightly. "Yes, sir." Her graceful body walked over. Under the fluttering of the thin veil, the lines and beauty of her body were obvious and she was very sexy.

"Master Qu," called Tang Yuyan gently. Qu Lanyi nodded with a cold expression. Tang Yuyan was a bit surprised. All males couldn't control themselves when they saw her. Such an ordinary-looking person didn't react at all when he saw her?

"Master Qu, can I sit down?" Tang Yuyan continued to ask. Qu Lanyi said, "Sit there and stay away from me."

Tang Yuyan looked around. Qu Lanyi asked her to sit far away from him. She couldn't help but feel a bit humiliated. Her voluptuous body sat down next to Qu Lanyi with a fragrance and was about to approach him. Qu Lanyi's black eyes turned cold and his momentum suddenly increased. Tang Yuyan's movements froze in the air.

The First Prince watched with interest without stopping drinking the wine in his hand. He seemed to be observing Qu Lanyi secretly.

"Master Qu, why are you treating me like an outsider?" Tang Yuyan chuckled and leaned back obediently. The killing intent just then wasn't fake. If she got any closer, she might lose her life here.

Qu Lanyi wasn't in the mood to talk to her at all. He was only thinking about why Yun Feng wasn't here yet. Had he miscalculated? Logically speaking, she should have come immediately... Qu Lanyi was a bit anxious. If he had known earlier, he wouldn't have let Fengfeng hear anything else. Would Fengfeng misunderstand him?

"Master Qu, what are you thinking about? Why are you so deep in thought?" Tang Yuyan approached. She didn't touch Qu Lanyi, but their postures were very intimate. At this moment, the space trembled slightly. The muscles of the First Prince, who was in a lazy posture, tightened! Qu Lanyi, on the other hand, was delighted. He immediately waved his hand and shook Tang Yuyan off fiercely.

"Aiya!" Tang Yuyan was pushed to the ground and cried out. She hoped that Lord Qu would show mercy to her, but he didn't even bother to look at her!

"You're quite lively." A voice suddenly sounded in the sky. The First Prince stood up with a sullen face. "How dare you! Who is it?"

"Your Highness, my wife is here to meet me. There's no need to make a fuss," said Qu Lanyi. The First Prince was stunned! Tang Yuyan, who was on the ground, was also stunned! "Your Highness, please allow me to leave first." As soon as he said that, Qu Lanyi's body had already disappeared. The First Prince stood there for a long time before he whispered slowly, "He already has a partner... Have you figured out the strength of the owner of the voice just then?"

"Grade 7 of the God Level."

"Grade 7 of the God Level... Even though she's quite strong, she's still not strong enough after all," mumbled the First Prince. Tang Yuyan stood up from the ground. The First Prince glanced at her. "What about you? Did you find anything?"

"The aura on his body has all been restrained. I can't detect anything at all. I'm useless."

The First Prince chuckled. "Even your ability doesn't work on him. He's truly a rare talent. Right, how's Father's investigation of the human aura that broke into the clan?"

Tang Yuyan said, "According to the news, that human aura disappeared for no reason. There's no trace of it."

The First Prince frowned. "Untraceable? No matter how he hides his aura, a human should have left traces. Besides... where can he hide in the territory of the Tian Yao Clan? Do you know where that aura disappeared?"

"According to the people around the king, it's in the forbidden area of the Tian Yao Clan."

"Forbidden land?" The First Prince frowned. "Humph! I'm afraid Second Brother did this."

Tang Yuyan raised her head. "Your Highness, do you really not care about those people that the Second Prince has been dealing with secretly?"

The First Prince sneered. "He's always been the most cunning and meticulous. I haven't found any clues after watching for so long. I can't be hasty. After the King's Inspection, I'm afraid he can't wait anymore. It'll probably be time for him to give himself away."

## **Chapter 1640: Lanyi's Test, Yun Feng Is Jealous (3)**

Tang Yuyan lowered her head. "Then, are you really planning to put Lord Qu in an important position?"

The First Prince burst into laughter and drank the wine in one gulp! "... Perhaps."

"Fengfeng!" Qu Lanyi chased after her. Yun Feng ran ahead with a cold face. Seeing Yun Feng's expression, Qu Lanyi was delighted in his mind. For some reason, the more gloomy she became, the happier he was!

Yun Feng was very frustrated in her mind. This man still had the cheek to smile? If she didn't say anything, that woman would almost be stuck to him! He didn't even push her away! Thinking of that scene just then, Yun Feng was furious in her mind!

Seeing that Yun Feng was truly angry, Qu Lanyi sped up and grabbed her wrist, pulling her into his arms and hugging her fiercely. Right, this was the feeling, this touch, this warmth! He had been thinking for a long, long time... He was almost crazy thinking about it!

"Let go!" Yun Feng shouted coldly, but Qu Lanyi held her even tighter. He buried his face in Yun Feng's neck and took a deep breath. "It isn't easy to hold you. I won't let go so easily."

Yun Feng was embarrassed and angry in her mind. She didn't know what to do with him. The man's arms were holding her so tightly that she couldn't break free at all. She simply didn't do anything. Yun Feng let him hold her and her body was as stiff as a block of wood.

Qu Lanyi chuckled and held her slim waist, pressing it hard! Yun Feng's stiff body inevitably leaned against his warm chest. Yun Feng blushed. "What are you doing? If you want to hug someone, you should hug that woman just then."

Qu Lanyi smiled gloomily. It was rare to see his Fengfeng so jealous and cute. "Are you serious? Do you really want me to hug that woman?" Qu Lanyi tightened his arms and breathed hot air on Yun Feng's neck. Yun Feng shrank her neck. Seeing that Yun Feng didn't say anything, Qu Lanyi chuckled and loosened his arms. "If Fengfeng wants it, I'll go right away."

Yun Feng was stunned. Qu Lanyi was truly determined to leave. A kind of pain immediately surged in Yun Feng's heart. "Qu Lanyi, you...!" Her heart was completely blocked. The feeling of suffocation spread throughout her body, making her extremely uncomfortable.

A gust of wind rose and her body was held in his arms again. It was so tight and so warm. Yun Feng listened to the heartbeat in her ears and her entire body immediately relaxed. Qu Lanyi held her slender body in his arms. He wanted to exert strength, but he was afraid that he would hurt the beauty in his arms.

"How can I touch another woman?" A smiling voice came from above her head. Yun Feng blushed and didn't say anything. Qu Lanyi chuckled and picked Yun Feng up, moving in the sky. After a while, they came to an empty corner. The two of them landed one after another. Qu Lanyi sat down and held Yun Feng on his lap without letting go.

"I've been in contact with the First Prince more these few days. There's no trace of the Blood Souls here," said Qu Lanyi. Yun Feng also became serious. "So... Only one faction of the Tian Yao Clan is related to the Blood Souls."

Qu Lanyi nodded. "It seems so. The Second Prince has a relationship with someone from the Blood Souls in private, and the First Prince seems to want to find out the secrets of the Second Prince, but he hasn't succeeded."

"So, it's very likely that the Second Prince knows about the base of the Blood Souls?" Yun Feng raised her brows, but Qu Lanyi shook his head. "I'm not sure. The Blood Souls are very cautious. They won't expose the location of their base easily. However, the First Prince saved us a lot of effort. He's also tracking down the Blood Souls in secret."

"He got something?"

Qu Lanyi chuckled. "Almost nothing. It seems that the base of the Blood Souls is very secretive and they don't have a large area of activity. They're very cautious."

Yun Feng frowned. "I'm wondering... if Lord Tu, whom I met last time in the Endless Ocean, is also here."

Qu Lanyi was stunned. "Lord Tu should be one of the senior members of the Blood Souls. He's extremely strong. Even I don't have a chance of winning. The senior members shouldn't take action easily. After all, their identities are extraordinary."

Yun Feng nodded. Last time, Lord Tu rushed there because she appeared in the base of the Endless Ocean. He probably didn't expect her to come to the base here this time. Could her ancestor's soul be in the Blood Soul Base under the protection of the Second Prince of the Tian Yao Clan? And her brother's remnant soul...

"I've thought about what you said a few days ago carefully. It's very likely that the collection of Beast Souls by the Blood Souls here is related to Fantastical Beasts. Souls must be stored in one place first. I think this base is very likely the place where souls are stored."

Yun Feng's black eyes glittered! "So... the ancestor's soul is very likely here!"

Qu Lanyi smiled gently and touched Yun Feng's slightly hot cheek. "Yes, so I won't let you down this time. What you think will happen in the end."

Yun Feng's eyes suddenly became a bit sore. They had searched for so long!

"We'll think about that later. Right now, you must focus on thinking about me." Qu Lanyi reached out and took off the Thousand Shadows Mask on his face, revealing a charming handsome face. Yun Feng's cheeks were slightly hot when she saw this. She also took off the mask on her face with her gentle fingers. Qu Lanyi watched in fascination as his fingers stroked her delicate skin longingly.

"I was very upset to hear what you said just then. I want to punish you."

What? Before Yun Feng came back to herself, the man's fingers had already slid to the back of her neck and pressed her face down slightly. His slightly cold thin lips were already waiting below. When their lips touched, numbness immediately spread throughout Yun Feng's body, making her body tremble slightly!

Being kissed so gently, Yun Feng felt like she was almost floating. A slight electric current ran rampant in her body. It was so comfortable that she wanted to sink into it and never leave! The man's hand slowly searched the woman's slender waist. Qu Lanyi opened his eyes slightly and spots of redness gradually surged out. His hand followed the beautiful curves of her waist and kept going up, up, up...

"Lanyi!" Yun Feng cried out in shock. She blushed completely and shrank into the man's arms like a frightened rabbit. At some point, the man's hand was directly touching her skin. At some point, the buttons of her clothes were almost undone!
