Chapter 1641: Lanyi's Test, Yun Feng Is Jealous (4)

Yun Feng blushed and tried to push the man's hand away in a panic. Qu Lanyi's eyes were bloodshot. He turned Yun Feng's cheek around forcefully and pressed his thin lips against hers fiercely. He reached his hand in without hesitation and grabbed his favorite place gently.

"Huh!" The blush spread to her neck. Yun Feng's body was trembling slightly as she held the man's clothes in front of her chest tightly with her hands. Her hands were full of hot sweat. Her lips moved away slightly and the man's scorching breath sprayed on her face, making Yun Feng's already hot cheeks heat up a few more degrees.

"Fengfeng... Don't be afraid..." Muttering mixed with hot breath, Yun Feng was already in a mess. Her mind was in a mess. She could only feel that embarrassing move and didn't know anything else! With a soft sigh, Qu Lanyi slowly let go and tidied Yun Feng's clothes. Yun Feng blushed and didn't dare to look up. Qu Lanyi smiled helplessly and held her in his arms. He cursed himself for being useless in his mind, but there was nothing he could do. He couldn't force himself on the woman he loved.

Yun Feng didn't stay in Huangqi for long. Even though Qu Lanyi didn't want her to leave so early, she didn't know when the Second Prince would arrive in Zhuangning City. Yun Feng thought she should go back. The competition in Huangqi City had also ended completely. Qu Lanyi undoubtedly became the strongest. Just like Yun Feng, he became famous in Huangqi. If it weren't for the Thousand Shadows Mask that covered his original appearance, more people would probably have fallen for him.

He reluctantly sent Yun Feng away. Even though Qu Lanyi didn't want to, he was still very happy in his mind. He remembered Yun Feng's rare jealous look. Her angry and caring expression made Qu Lanyi think about it for a long time. They knew each other's feelings very well, but Yun Feng didn't take much initiative, nor did she show any jealousy. Qu Lanyi wanted to see her jealousy, and his heart was itching. This time, his wish was fulfilled. His beloved woman's jealous and coquettish expression was engraved in his heart.

The two of them also discussed what to do next. The winners of the two cities, Huangqi and Zhuangning, would definitely follow the First Prince and the Second Prince to the royal palace and meet the King of the Tian Yao Clan directly. By then, they would also meet some people in the royal palace. No matter how deeply the Blood Souls hid, they should have left traces. The key was certainly the Second Prince. Yun Feng knew that she had to pay more attention in the coming days and try to gain the trust of the Second Prince in time to find the base of the Blood Souls!

The two parties would meet in the capital in the end. Yun Feng left quickly, and Qu Lanyi could only sigh helplessly. In half a day, Yun Feng returned to Zhuangning City from Huangqi. After the King's Inspection, Zhuangning City was completely liberated from the initial clamor. Although the city was still noisy, it was much quieter than during the King's Inspection.

Walking out of the residence, Yun Feng obviously noticed a few unfamiliar auras gathering here, and they were all very strong! Yun Feng frowned. Was the Second Prince here? As soon as she walked in, she heard Lun Sheng's surprised voice. "Young Lady Lian! You're finally back!"

Yun Feng looked up. In the yard, Lun Sheng looked at her with joy on his face, while Sang Yue raised the corners of her mouth and smiled stiffly on the side. Wasn't the person who slowly stood up with a smile on his face the Second Prince? Yun Feng understood in her mind and walked over. "Why is the Second Prince here?"

The Second Prince chuckled. "I came at the right time. Where did Young Lady Lian go?"

Yun Feng glanced at Lun Sheng with her black eyes. Lun Sheng glanced at Yun Feng rather nervously. Yun Feng understood something in her mind and smiled lightly. "Nothing. I was just wandering around. I went out this morning."

"Oh, I see." The Second Prince smiled. "After all, you and Lun Sheng are people I value. If anything happens to you, I'll regret it. Hehehe, of course. There should be very few people who can hurt you, considering Young Lady Lian's ability."

Lun Sheng heaved a sigh of relief. Yun Feng smiled gently and sat down too. "Second Prince, are you here to tell me how many days it will take to go back to the capital?"

The corners of the Second Prince's mouth curled up meaningfully. "Young Lady Lian, you really know what's going on."

Yun Feng burst into laughter. "It's been a long time, Second Prince. This must be the reason why you appeared again. Is there anything else?"

The Second Prince's eyes glittered and he looked at Yun Feng deeply. "No. I'm indeed here for this."

Lun Sheng felt a gust of cold wind blowing. "Your Highness, when are we going back to the capital?"

"The competition in Huangqi City has already ended. Tomorrow, the two of you will go back with me." The Second Prince smiled lightly. "I'll send someone to pick you up tomorrow. Have a good rest today. After we reach the palace, there are still a lot of

things to do. You'll be able to show yourselves." The Second Prince got up and left. The few auras in the dark also moved. After all the auras left, Yun Feng frowned slightly.

"His Highness looks so friendly," said Sang Yue in a low voice. Lun Sheng raised the corners of his mouth. "Be a good girl after we reach the capital." Lun Sheng instructed. Sang Yue was a bit embarrassed. "I'll certainly do that. Brother Lun Sheng, you don't have to remind me!"

Yun Feng waved her hand. "I'll go back first."

"Young Lady Lian..." Lun Sheng called out softly, but Yun Feng pretended not to hear him and walked in. Sang Yue curled her lips on the side. "Where could she have been for so many days? Why didn't Brother Lun Sheng tell the Second Prince the truth?"

Lun Sheng didn't say anything. He only touched Sang Yue's hair. "Never mind. It's her own business after all. He might not get an answer even if he asks."

The next day, the people sent by the Second Prince came here early to pick Yun Feng and Lun Sheng up. As Lun Sheng's companion, Sang Yue could stay in the capital, but she wasn't allowed to enter the royal palace. However, being able to enter the capital already made Sang Yue very happy.

After they arrived at the main entrance of Zhuangning City, the Second Prince was waiting there with a smile. Yun Feng glanced at him. The person of the Blood Souls hadn't appeared since that time. It seemed that he had returned to the base to deal with those Beast Souls.

"You're all here." The Second Prince smiled and seemed to be in a good mood. "Then let's go."

Yun Feng and Lun Sheng both followed behind silently. Sang Yue asked happily, "I wonder what happened in Huangqi City. There's definitely no outstanding person like Brother Lun Sheng!"

Lun Sheng frowned and was about to scold her, when the Second Prince said with a smile, "There seems to be a very interesting person in Huangqi City. What a pity."

Chapter 1642: Finding Someone in the Forbidden Land (1)

Sang Yue still wanted to say something, but Lun Sheng knocked her forehead hard and asked her to shut up. Yun Feng looked at the side of the Second Prince's smiling face. Even though he was smiling, his smile was cold. There was almost nothing on the way.

After two days, they arrived at the capital. As soon as they arrived at the entrance of the capital, the First Prince and the Second Prince had already met.

"How unlucky." The First Prince said coldly with a cold face. The Second Prince smiled like a spring breeze. "Brother, what a coincidence."

A hint of disdain flashed through the First Prince's eyes. It seemed that he didn't want to say anything else at all. He approached the city gate with his people with a cold and arrogant look. Yun Feng looked over and Qu Lanyi happened to raise his head. Their eyes met. The man winked mischievously and then left with the First Prince.

"Those few people don't seem to be very powerful." Sang Yue mumbled softly on the side. Lun Sheng tapped her again. They were already in the capital, so they couldn't judge any prince casually! Not even the people around them!

"Let's go." The Second Prince said softly as he entered the Imperial City. Yun Feng followed behind him without batting an eyelid. When they arrived at the palace, the security suddenly became tight. As expected, all the palaces were heavily guarded. If they barged in, they would only be pushed back.

Under the Second Prince's lead, they went deeper and deeper. The level of vigilance in the royal palace also increased gradually. When they arrived at the door of a very glorious hall, the Second Prince stopped. "We're going to meet the king later. You must behave well."

Lun Sheng nodded nervously, while Yun Feng nodded expressionlessly. The corners of the Second Prince's mouth curled up in satisfaction as he led the two of them in. As soon as they entered, two thick auras swept over and directly penetrated her entire body! Yun Feng only felt disgusted in her mind, while Lun Sheng was even more straightforward. His face turned pale and his steps were a bit unsteady.

She raised her eyes slightly and saw a serious-looking old man sitting on the high seat. His hair and temples were gray and the light in his beast eyes was extremely sharp. Those two auras came from somewhere next to him, which showed that they were masters who protected the king in secret.

Yun Feng calmed herself down and followed the Second Prince forward. Lun Sheng stood there with a pale face. After a while, the two oppressive auras retreated and Lun Sheng finally took a deep breath.

"Father, my guys are here." The Second Prince called out respectfully. The King of the Tian Yao Clan, who was sitting in the high seat, glanced over Yun Feng and Lun Sheng with an extremely sharp gaze.

The First Prince stood aside with two people behind him. They seemed to be looking over too. One of them was a powerhouse, and the other was a pharmacist. The

powerhouse was certainly Qu Lanyi, and the silent man next to Qu Lanyi should be a pharmacist.

The Second Prince made a subtle hand gesture to Yun Feng and Lun Sheng. Lun Sheng took a deep breath and walked forward. "Your Majesty, I'm Lun Sheng, a three-star master pharmacist."

The First Prince sneered. The smile on the Second Prince's face didn't diminish. Yun Feng stepped forward. "Lian Yi, Grade 7 of the God Level."

The First Prince glanced at Yun Feng and felt that this voice sounded a bit familiar. Qu Lanyi put on a smile secretly. His Fengfeng was indeed calm. She could remain calm in such an occasion.

"You've both gained quite a lot from the King's Inspection this time," said the king of the Tian Yao Clan. His voice was deep and powerful, like a huge bell. The Second Prince smiled gently, while the First Prince was a bit frustrated. He said, "What do you want us to do this time?"

The First Prince was indeed short-tempered and impatient. Yun Feng pondered in her mind, but it was better to have such a personality than the Second Prince, whose appearance and personality were inconsistent. The king of the Tian Yao Clan's face darkened slightly. "You all know that a human aura broke in."

Hearing that, Yun Feng and Qu Lanyi were both shocked. It seemed that the Tian Yao Clan didn't intend to let that unlucky guy go. It seemed that they had to investigate to the end.

"You still haven't found this human who broke in?" asked the Second Prince. The First Prince snorted coldly. "Wouldn't you know if we've found him?"

"That human is extremely cunning. He entered the forbidden land of the Tian Yao Clan and has never showed himself again." After saying that, the king of the Tian Yao Clan looked even more serious and gloomy. "This time, you're going to enter the forbidden land and find that human!"

The First Prince and the Second Prince were both stunned! "Father, that's the forbidden land..." The Second Prince said. "Even your subordinates can't find him, let alone my brother and me!"

"Isn't it just the forbidden area? If Father allows it, just go in! You, on the other hand, why are you rejecting it?" The First Prince scolded in dissatisfaction. The Second Prince was startled and looked at the king of the Tian Yao Clan. "Brother and I even brought outsiders this time. Is it really appropriate to enter the forbidden area like this?"

The king of the Tian Yao Clan glanced over with a deep gaze. "It's fine, as long as you can find the hiding human."

The Second Prince still wanted to say something, but his lips moved and he didn't say anything. Yun Feng observed the Second Prince's expression secretly. He cared so much about the forbidden land. Could it be that... the base of the Blood Souls was also hidden in the forbidden land of the Tian Yao Clan?

"In five days, you'll enter the forbidden land." The king of the Tian Yao Clan waved his hand and made the final decision!

The First Prince's eyes were full of excitement, while the Second Prince was a bit depressed. Yun Feng would rather not enter the forbidden land of the Tian Yao Clan to search for that hidden human being five days later. After all, if it weren't for that unlucky guy's help, she and Qu Lanyi wouldn't have been able to enter the territory of the Tian Yao Clan so smoothly, let alone find out so much information so smoothly.

At night, the talents the two princes got during the King's Inspection all stayed in the royal palace, but the locations were far apart. Luckily, there weren't many people, so it was easy to accommodate them. Yun Feng sat in the courtyard and pondered quietly. The slightly cold night wind blew slowly, making her mind clearer.

The first reason why she entered the Forbidden Land of the Tian Yao Clan was to find the human aura that was hiding. Of course, Yun Feng wouldn't do her best. Instead of searching for that human aura, she had to spend most of her energy on finding the Blood Soul Base. The First Prince and the Second Prince would definitely go together after entering the Forbidden Land, which gave Yun Feng a lot of convenience. She would definitely catch traces of the Blood Souls if she paid close attention to the Second Prince.

On the First Prince's side, they were also interested in Blood Souls. Even though the two of them had the same prey, their goals weren't the same. The First Prince better not ruin her business.

Chapter 1643: Finding Someone in the Forbidden Land (2)

"Young Lady Lian, it's already so late. Why are you still sitting outside?" A voice sounded behind her. Yun Feng turned around and saw Lun Sheng walking over. He sat next to Yun Feng with a smile. "Young Lady Lian doesn't seem to like to talk. You prefer to contemplate."

Yun Feng smiled lightly. "I wasn't thinking about anything just then."

Lun Sheng smiled. "I didn't expect to enter the forbidden area of the clan this time. Even though you're a member of the Sea Clan, Young Lady Lian, you don't seem surprised."

Yun Feng said, "Why should I be surprised? I just do as I'm told."

Lun Sheng looked at Yun Feng. "Young Lady Lian, I've always thought you were helping me. My intuition tells me that I'm right."

Yun Feng smiled. Even if she helped him, she didn't take the initiative. Everything was just a coincidence. Even if he knew that she helped him, so what? It was better to save the so-called gratitude. "Whatever you think. I'm going back." She stood up and left to return to her room. Lun Sheng sat there for a long time without saying anything.

As soon as she opened the door, Yun Feng keenly noticed a familiar aura. She shook her head a bit helplessly and closed the door. She immediately established the space blockade. Looking at the man lying lazily on the bed, Yun Feng didn't know what to say.

"Fengfeng, you're back." Qu Lanyi lay on a side on the bed. He had already taken off the Thousand Shadows Mask. His perfect and handsome facial features were even more charming in the dim light.

"Lanyi, what if someone sees you here? The First Prince and the Second Prince are like fire and water. Their subordinates can't be close..."

"I didn't attract anyone's attention when I came. Nobody would notice me at all." Qu Lanyi sat straight. "You, on the other hand, were quite happy talking to Lun Sheng?"

Yun Feng smiled. What a petty man. "No, I barely talked to him. Why are you here?"

Qu Lanyi frowned slightly and then put on a smile. "Isn't it natural for me to come to find my wife?"

Yun Feng was slightly startled and her cheeks suddenly flushed. "You've seen me. You can go back now."

Qu Lanyi chuckled and lay on the bed again. He patted the spot next to him and asked Yun Feng to come over. "I have something to discuss with you."

Yun Feng paused for a few seconds and finally walked over and sat down. Qu Lanyi didn't do anything. "Did you see anything wrong with the Second Prince's behavior just then?"

Yun Feng nodded. "Of course. He doesn't seem to want to enter the forbidden land. To be exact, he doesn't want others to enter the forbidden land and search so wantonly."

"It seems that the base of the Blood Souls is very likely to be somewhere in the forbidden land. After entering the forbidden land, he'll probably be exposed sooner or later."

"Yes, I hope we can find the base of the Blood Souls by following the clues," whispered Yun Feng. Qu Lanyi looked at Yun Feng. "Don't do anything even if you find it. There must be powerhouses guarding the place where the souls are imprisoned. We must be fully prepared."

Yun Feng nodded. "Right, what about the human aura that broke into the forbidden land of the Tian Yao Clan?"

Qu Lanyi raised his brows. "What else can we do? We can only go easy on him. That guy helped us a lot. Who exactly broke in?"

Yun Feng was also suspicious. Humans wouldn't go deep into the core of the Ten Thousand Beast Mountain Range for no reason, unless they thought they had lived long enough. They must have come with some purpose. Yun Feng had her own purpose, and that unlucky guy certainly had his own purpose.

"As long as he doesn't interfere with our business, we'll just go easy on him," said Qu Lanyi. Yun Feng thought the same in her mind. As a human being, she certainly had to be more sympathetic and let him go when she could. However, if the person who came disturbed her, Yun Feng certainly wouldn't show mercy.

"Go back quickly. The First Prince values you. If he finds out that you're gone, there'll be a lot of trouble." Yun Feng pushed Qu Lanyi. Qu Lanyi yawned lazily and suddenly grabbed Yun Feng's wrist with his back. He pulled Yun Feng into his arms hard and pressed her down. His hand locked the woman's waist like flowing water, so fast that Yun Feng didn't even have time to react. She was pressed under him and held in her arms.

"I'm so tired. Let's sleep, my wife." Qu Lanyi pressed Yun Feng's waist with one hand and supported his body with the other. He glanced over lazily and evilly. Yun Feng blushed. This pervert!

"If you want to sleep, go back to your room." Yun Feng pushed him. Qu Lanyi pressed his body down shamelessly. "No! Sleeping in the same bed is the way of husband and wife."

"Lanyi..." This was the Tian Yao Clan's royal palace. The First Prince could go to find him at any time. If he found him here, he would be in big trouble. Qu Lanyi pressed his hand down and pressed Yun Feng's face into his chest. He wrapped his arms around her tightly. The man's aura immediately filled the world and completely surrounded Yun Feng.

"Fengfeng..." Qu Lanyi said softly. Yun Feng didn't chase him away anymore. She leaned into his arms quietly. "Hm?"

The man slowly caressed the woman's soft black hair with his hand and let out a satisfied sigh. "Come back to the clan with me, okay?"

Yun Feng held her breath. This was the first time Lanyi mentioned taking her back to the clan. The ancient Naxi family, a hidden clan of powerhouses! "Don't you have to tell the leader of the Naxi family? If you take me back just like that, will you..."

"Don't worry." Qu Lanyi hugged Yun Feng tighter. "My old man has already known about your existence, but... he doesn't know you are a member of the Yun family."

Yun Feng was silent for a while. "Alright, after I save Master from the Beast Region, I'll go back to your clan with you."

Qu Lanyi chuckled. "It's good to bring that mysterious master with you. Someone who can break into the Beast Region isn't a simple person. If my old man has any objections, your master can suppress him a bit."

Yun Feng curled her lips and reached out to hug Qu Lanyi gently. "Lanyi, what if the people of Naxi object?"

"What's the use of their objection? Of course, I'll choose the woman I love." Qu Lanyi said firmly. "Don't care about what other people think. What we've experienced isn't something other people can understand."

Yun Feng nodded. He embarked on the so-called Heavenly Nirvana Road for her to return to the clan, and she had experienced so much with him along the way that others couldn't understand.

"Got it," Yun Feng mumbled. The man chuckled and held the woman in his arms even tighter. "Fengfeng, I'll say the same thing. I'll protect you no matter what."

Chapter 1644: Finding Someone in the Forbidden Land (3)

Five days passed quickly. The First Prince and the Second Prince brought their men to the Forbidden Land of the Tian Yao Clan. The Forbidden Land of the Tian Yao Clan was used to imprison felons. It was unknown if the Forbidden Land of the Tian Yao Clan was the same. However, the uniqueness of the Magic Beasts was too great. There should be very little chance of the Forbidden Land being used for the same purpose.

The First Prince and the Second Prince looked at each other. The Second Prince chuckled. "After you, big brother. I'll follow you."

The First Prince snorted coldly and didn't decline. His body flashed and he directly entered. Qu Lanyi and the other person certainly followed him. Seeing that the First Prince and the others went in, the Second Prince chuckled. "Let's go in too."

Both parties entered. One was a powerhouse and the other was a pharmacist. Pharmacists were considered important resources and the provision of potions was indispensable. Even if the king of the Tian Yao Clan allowed it, there were unexpected dangers in the forbidden land. It was better to be careful.

The two princes took different routes. The purpose of entering the forbidden land was to search for hidden humans. They didn't ask for speed, but for precision. They certainly had to search every area carefully. Once they entered the forbidden land, the Second Prince issued an order to search every area seriously, hoping that they wouldn't miss any place.

Yun Feng certainly wouldn't look for the suspect seriously, but she still had to pretend on the surface. She took the time to talk to her contracted Magic Beasts. Hearing that Yun Feng was going to search for a human, Sister Hua's charming laughter came. "Little Yun Feng, it's not difficult for me to find someone."

"Sister Hua, you can do that?"

"Oh, hehehe. Look at the environment you're in. Where there's soil, it's certainly my world. Not to mention a person, even tiny insects can't escape my eyes."

Looking around, there was nothing but soil and trees. This was truly Sister Hua's world. It was certainly effortless for her to find someone in such an area. With the intention of helping that unlucky guy, Yun Feng planned to find him first and then mislead the Second Prince to the opposite direction, or find an opportunity to help him escape first.

"Your Highness," said Yun Feng. The Second Prince turned around and smiled lightly. "Did you find anything, Young Lady Lian?"

Yun Feng shook her head. "The three of us are searching in one area at the same time. It's a bit inefficient. I suggest that Lun Sheng be in the same group as Your Highness, while I go to the next area to search on my own."

Lun Sheng was startled. The Second Prince chuckled. "How can you be alone?"

"Your Highness, you don't have to worry about me. It's only appropriate to have a pharmacist by your side. As for me, I certainly don't need one."

The Second Prince chuckled and waved his hand. "In that case, I'll have to trouble you, Young Lady Lian."

Yun Feng smiled gently. "It's fine. As the Second Prince's subordinate, I'll certainly do my best for you."

The corners of the Second Prince's mouth curled up in satisfaction. Yun Feng then turned around and left. After arriving at the next area, Yun Feng didn't let Sister Hua out. It wasn't simple to gain the Second Prince's trust with his cunning personality. It was better to calm down for a while. The truth was indeed as Yun Feng expected. Even though she left, the Second Prince had doubts and still observed closely in the dark. After being observed for a few days, Yun Feng's performance of doing her best finally eliminated the Second Prince's suspicion. Yun Feng waited patiently for a while and understood that it was time to take action.

She took out the Finger Spiritual Jade. The Second Prince and Lun Sheng were far away from her. They were both in a safe range. A golden Ring of Contract appeared in her hand and she put it on her finger. She closed her black eyes slightly and golden light flew out of the Ring of Contract, landing next to Yun Feng. A pair of fair arms extended towards Yun Feng in the light. Yun Feng dodged agilely and narrowly avoided Sister Hua's fatal hug.

"Little Yun Feng, it's not easy to meet you. You're so cold to me." Sister Hua looked at Yun Feng pitifully. Such a delicate and moving posture was indeed pitiful. However, Yun Feng glanced at the towering breasts on her chest. It was safer to stay far away.

"Ahem, no. I treat everyone equally," said Yun Feng. Sister Hua's green eyes brightened and she was instantly in a good mood. "I knew Little Yun Feng would like me!"

Yun Feng smiled awkwardly. "Sister Hua, help me find if there are humans in this forbidden land." Yun Feng looked around. "The area is too vast. Let's start with a small area."

"Oh, hahaha." She was chuckling. Sister Hua combed her thick seaweed-like hair charmingly and blinked at Yun Feng with her big eyes. "Little Yun Feng, you've really underestimated me."

"I'm not underestimating you, but this forbidden land is really quite vast. It covers everything..."

Sister Hua laughed again and even leaned close to Yun Feng. She reached out and squeezed Yun Feng's cheek gently. "Didn't I say that the earth element is my world?"

Her voluptuous body was pushed away slightly and her green eyes emitted a beam of green light. Countless tiny branches surged out of Sister Hua's body and seeped into

the ground. "Plants aren't as simple as they look. Just like the tree in front of me. Its roots buried deep in the soil extend to more than a small area."

As soon as Sister Hua said that, a golden light rose from the ground. The solid ground suddenly became transparent! Yun Feng looked at it in shock. Under the transparent ground, intertwined roots extended horizontally and vertically, intertwining with the other roots. They covered the ground like the capillaries inside a human body!

"One to ten, ten to a hundred..." Sister Hua said with a smile as her red lips slowly curled up. "When all the roots are connected... Nothing can escape my eyes. Little Yun Feng, the human you're looking for has appeared."

A figure flashed through the forest at an extremely high speed. Under Sister Hua's guidance, Yun Feng kept changing the direction she went. The terrain she passed under her feet changed a lot and the scenery around her was different. Yun Feng still didn't stop. Sister Hua's voice came from her mind. "Little Yun Feng, that human is really hiding deep. Even a Magic Beast that knows how to dig holes might not be able to find him."

Yun Feng smiled gently. After all, she would also be careful not to be discovered in such an environment if she had broken in. According to Sister Hua's guess, that human should be hiding, because that aura had never moved while Yun Feng was moving forward.

Chapter 1645: I Won't Return Empty-Handed (1)

"We're almost there. It's just ahead!"

Yun Feng's speed became even faster. She took out the Finger Spiritual Jade and observed everyone's location again. The Second Prince and Lun Sheng had already left the range of the Finger Spiritual Jade. Qu Lanyi wasn't in this area either. She put away the Finger Spiritual Jade and focused on moving forward. She stopped under Sister Hua's hint.

"This is the place?" Yun Feng was puzzled. There was a cliff in front of her. No human beings would climb on such a steep terrain at all. It was only possible for Magic Beasts. Looking at the surrounding terrain carefully, there was no place to hide at all. However, Sister Hua said clearly that the human aura was indeed here.

"Sister Hua, there's nowhere to hide here at all." Yun Feng stood there and looked around with her black eyes. "Is that aura still here?"

"It's right here. It hasn't moved at all. If it moves at all, I can sense it immediately."

Yun Feng frowned. Sister Hua's voice continued. "Little Yun Feng, that aura isn't on the ground, but underground!"

Underground! Yun Feng looked at the ground under her feet. The solidness wasn't something ordinary forces could penetrate. Why did he go underground? Yun Feng chuckled. It was good that he went underground. In that case, it wouldn't be easy to find him. Even if the First Prince and the Second Prince found this place, they probably wouldn't be able to find him.

"Isn't this the powerhouse called Lian Yi next to my brother?" A figure suddenly came from behind. Yun Feng's body stiffened! The First Prince! He appeared behind her silently and she didn't notice him at all!

Yun Feng slowly turned around. The First Prince, who was smiling weirdly, was standing behind Yun Feng. Qu Lanyi and the other pharmacist followed him. Yun Feng chuckled. "What a coincidence to meet the First Prince here."

The First Prince raised his brows. The woman in front of him was too ordinary. In terms of strength, she was just good. She couldn't be astonishing at all. Compared to Qu Lanyi, she was on a completely different level. The Second Prince would admit defeat this time.

"What are you doing here?" asked the First Prince. Yun Feng smiled gently. As the Second Prince's subordinate, there was certainly no need for her to answer this question.

Seeing that Yun Feng didn't say anything, the First Prince sneered. "It seems that you're quite capable. That human aura is so weak. I thought I was the first to find it, but you beat me to it."

Yun Feng raised her brows. "Human aura? Are you saying that the human is hiding here?"

The First Prince was stunned and his face suddenly darkened. Qu Lanyi couldn't help but smile. Luckily, the First Prince didn't see it.

"As expected of my brother's subordinate. You're truly annoying." The First Prince chuckled evilly. Yun Feng chuckled. "I just happened to be here. Thank you for providing such information, Your Highness. It seems that the Second Prince will save some effort."

Naturally, she couldn't let the First Prince search alone. If he could find such a weak aura, she believed that the Second Prince wouldn't be too bad. He would find it sooner or later. Thinking of the human hiding here, there would definitely be some conflict between the two princes. They could create an opportunity for that unlucky person to escape.

The First Prince burst into laughter. "Alright! It's good to inform him! I'll wait for him here!"

This was beyond Yun Feng's expectation. The First Prince was indeed straightforward. Soon, the Second Prince and Lun Sheng also rushed over. The Second Prince was still smiling. Disgust immediately flashed through the First Prince's eyes when he saw this.

"Brother." The Second Prince called out softly. The First Prince snorted and ignored him. Yun Feng walked to the Second Prince's side. The Second Prince looked at her approvingly. Now that the two brothers were together, it would be interesting.

"Brother, what do you think?" The Second Prince asked rather respectfully. The First Prince looked up. "What do you think? Of course, we'll rely on our own ability."

The Second Prince was startled. Then, he put on a smile. "Brother is right. It's up to our own ability."

Yun Feng stood next to the Second Prince and turned around to see Qu Lanyi. Their eyes met in the air and they looked at each other in a way that only the two of them understood. Lun Sheng looked up and saw where Yun Feng was looking. He couldn't help but look over too. Qu Lanyi glanced at Lun Sheng with a slightly cold gaze.

That was someone close to the First Prince. Did Young Lady Lian know him? Lun Sheng was shocked in his mind and he glanced at Yun Feng again. Yun Feng noticed that. "What's wrong?"

Lun Sheng shook his head and retracted his gaze. It was impossible for them to know each other. Perhaps they were hostile. The two princes had reached an agreement. Whether they could find that human would certainly depend on their own ability. The most important thing right now was how to open the ground and enter the depths of the ground without being discovered by the human.

A big move? Make the ground shake? By then, the human hiding underground would probably have already escaped to an unknown place. The traces of aura they finally found might be useless. If they didn't make a big move, how could they break through the ground and enter? After all, Magic Beasts weren't omnipotent. They had their own strengths and weaknesses.

In the entire World of Magic Beasts, the ability of the Tian Yao Clan was in the capture of auras. They were very sensitive to all kinds of auras. Even if there was a space barrier, it couldn't escape their keenness. Yun Feng used the advantage of the earth-element Magic Beast, while the Tian Yao Clan relied on their inherited ability. It was not inferior at all.

However, how to break the ground wasn't something the Tian Yao Clan was good at. They weren't good at strength. It could be said that in the World of Magic Beasts, the Tian Yao Clan was known for their cleverness.

Although both parties had reached a stalemate with their own abilities, Yun Feng wasn't in a hurry. It wasn't bad to stall like this, which gave that human a chance to escape. Qu Lanyi was certainly the same. Whether they found the person or not had nothing to do with the two of them.

"Brute force won't work at all. Young Lady Lian, what do you think?" The two princes each took one side and discussed in private. Lun Sheng also frowned. "The greatest effect of potions is to hide your aura, but breaking the ground without making any noise... I've really never heard of any potion that can do that."

The Second Prince looked up at Yun Feng. "Young Lady Lian, what do you think?"

Yun Feng chuckled. "Your Highness, do you think I have a solution?"

Chapter 1646: I Won't Return Empty-Handed (2)

The Second Prince chuckled. "Otherwise, why would Young Lady Lian be so calm?"

Yun Feng was also thinking just then. Rather than wasting time outside, it was better to use this excuse to go deep underground. By then, even if she saw that human, she could tell him to escape quickly. This was also a way to get rid of the two princes completely. After all, she had another purpose for going deep into the forbidden land, which was to find the base of the Blood Souls.

The Second Prince had never had any contact with the Blood Souls along the way. It seemed that he wouldn't have any contact with it during this period of time. After all, he was moving with the First Prince. The Second Prince would be even more cautious. It seemed that there was almost zero chance of getting any clues about the Blood Souls from the Second Prince right now.

"There's... one way," said Yun Feng. The Second Prince's eyes were full of joy. "Young Lady Lian, you really won't let me down."

Lun Sheng was also surprised. Yun Feng said, "This is a special ability of my race. We can burrow into the ground." They didn't know the exact situation of the Sea Clan anyway, so they didn't know that Yun Feng was talking nonsense. After hearing that, the Second Prince and Lun Sheng were both a bit shocked. "I didn't expect the Sea Clan to have such an ability!" Lun Sheng said in surprise. The Second Prince pondered for a moment and said, "The Magic Beasts on the land also have such an ability, but I didn't expect the Sea Clan to have it too."

"So, Magic Beasts belong to the same family."

The Second Prince and Lun Sheng were both startled. Then, they smiled. "Young Lady Lian, you're right. Whether it's on land or the Sea Clan, they're all Magic Beasts after all." The Second Prince looked at Yun Feng with a smile. "If there's a chance, I hope Young Lady Lian can take me to the clan."

"It's certainly fine if Your Highness asks." It was just a lie anyway. Yun Feng didn't feel pressured at all.

"I wonder where this aura is hiding? And what's the exact location underground?"

"The human aura is very weak. It should be deep underground," said the Second Prince. "Young Lady Lian, please do your best this time."

"Of course. As the Second Prince's subordinate, I certainly have to work for you. However, I can't be sure how much time I'll take this time. After all, there are too many variables."

"That doesn't matter. I'll wait here."

Yun Feng pondered for a while. "If anything happens underground, I'll inform the Second Prince immediately. The Second Prince will make his own decision by then."

The Second Prince nodded with a smile. Yun Feng walked out. As expected, as if their minds were connected, Qu Lanyi walked out from the other side. The two of them looked at each other with a smile.

"It seems that your side is ready?" asked the First Prince. The Second Prince smiled lightly. "Of course. There are indeed hidden dragons and crouching tigers on my brother's side."

The First Prince ignored her. Yun Feng and Qu Lanyi stood in a straight line. The two princes watched behind them. Yun Feng slowly closed her black eyes. The earth element mixed with mental strength quietly penetrated the ground. Suddenly! The ground where the two of them stood collapsed!

The two princes widened their eyes. Lun Sheng was also shocked! The collapsed ground was like the mouth of a wild beast, swallowing their ankles. "Swish..." In the blink of an eye, their bodies had already sunk into the ground silently!

This was certainly done by Yun Feng alone. Luckily, she had such an experience before and it was easier to do it again. The earth element created an absolutely safe space for the two of them, enveloping them inside. She kept sinking into the ground and the surrounding vision became darker and darker.

Qu Lanyi moved to Yun Feng's side and held her hand tightly. "When did your understanding of elements change like this?"

Yun Feng chuckled. "Everything in the world is made of elements, whether it's Magic Beasts or humans. Otherwise, why would they have certain attributes? The power of elements certainly isn't as simple as it seems."

"You're right." Qu Lanyi pondered for a moment after hearing that. He seemed to have underestimated the light and darkness elements.

"Let's not talk about that for now. I'm curious about which human went deep into such a place and even hid underground." Yun Feng looked at the endless darkness under her feet and said softly.

Qu Lanyi held her hand even tighter. "No matter who it is, we must be extra careful. Even if they're a human, they still might be enemies."

Yun Feng nodded. She had to be careful no matter what.

The two of them went all the way underground. The depths of the ground were greater than Yun Feng thought, as if they couldn't see the end! There was no bottom line at all!

"Little Yun Feng, he's right ahead." Sister Hua's voice came. Yun Feng immediately focused, and so did Qu Lanyi. As they went deeper and deeper, the two of them felt that the human aura was getting clearer and clearer without Sister Hua's reminder. It was seeping out from not far ahead!

It was right ahead! The space separated by the earth element brought the two of them down quickly. The stones underground were forcibly sent flying. Luckily, they were underground, or they would be covered in dust. The human aura became clearer and clearer. There was even light faintly seeping out ahead!

"Crash!" The soil under their feet suddenly disappeared. Qu Lanyi immediately held Yun Feng steadily and quickly flashed, landing on his feet. "This place is empty!" The two of them looked at the hollowed semicircular arched hole around them and found it unbelievable. Who did this?

"Fengfeng, look at this." Qu Lanyi looked serious and his tone was deep. Yun Feng walked over. In the middle of the semicircular hole, there was a small jade stone on a small platform. The human aura was constantly emitted from this jade stone!

Yun Feng narrowed her clear black eyes and pondered. Had she been tricked?

"Whoosh..." A gust of wind rose. Qu Lanyi and Yun Feng attacked at the same time. Two streams of strong mental strength roared out like intertwined dragons and hit a certain spot!

"Boom..." The hollowed hole shook violently! Many stones at the top of the arched hole shattered and fell. Sand immediately rose in the arched hole, which was a bit dizzying.

"Should I say that the best team is a husband and a wife?" A black shadow slowly appeared from the dust. Yun Feng couldn't see it clearly and only felt that this voice was very familiar. As the footsteps approached and the dust slowly dissipated, this figure was completely revealed.

Chapter 1647: I Won't Return Empty-Handed (3)

His body was straight and his clothes were neat without any wrinkles. He had a gentle and powerful smile on his face and the gold-rimmed glasses on his nose bridge. He chuckled and pushed the glasses on the bridge of his nose habitually with one slender finger. A beam of light quickly flashed through the glasses.

"Miss Yun, it's been a long time." He smiled politely. The man in front of her was a perfect gentleman.

"Why is the receptionist of the Summoning Union here?" Yun Feng raised her brows and looked at the receptionist in front of her, whom she couldn't be more familiar with. She was extremely puzzled in her mind, but she wasn't surprised at all. When Ling appeared, he gave people a mysterious feeling. Yun Feng had never let down her guard against him. Even though he always looked like a polite gentleman and never had any thoughts about her, Yun Feng still wouldn't let down her guard and was faintly vigilant. It seemed that she was right to be vigilant instinctively in the past.

It was impossible for him to appear here at such a time and in such a way.

"It's time for you to show your fox tail," said Qu Lanyi in disdain. The man with gold-rimmed eyes glanced over. "I don't have much of a relationship with you."

Qu Lanyi smiled. "You must know who I am. Stop pretending."

Ling smiled gently and politely. "How boring, Young Master of the Naxi family."

Yun Feng was shocked! Ling knew Qu Lanyi's identity? How exactly did he know about the Young Master of the Naxi family? Even though there were rumors about the Young Master of the Naxi family in the Inner Region that he was on good terms with the Young Lady of the Yun family, Lanyi was not the only man who had been around her!

"You're not surprised at all. You must've known who I am a long time ago." Qu Lanyi raised his brows and pulled Yun Feng closer to him. He stared at the man in front of him, who was still gentle and polite, with his black eyes. "And I certainly have to find your entire tail before I stop."

"Oh? It seems that you got something?" Ling crossed his arms in front of his chest and stood there quietly with a faint smile at the corners of his mouth.

"There are usually only two kinds of people who make me uncomfortable at first glance." Ling chuckled with interest after hearing what Qu Lanyi said. He raised his brows and waited for his answer.

"One of them is a love rival, and the other... is a guy with a similar status, including the bloodline flowing in his body! I think this might be because of the repulsion of the same kind," said Qu Lanyi coldly. A glint of blood had already flashed through his black eyes!

"Hahaha!" Ling laughed loudly. "As expected, your first feeling is so similar to mine. Should I be happy or disgusted?"

Yun Feng listened quietly. Ling's identity was obvious in the conversation between the two of them!

The gentleman put his arm in front of his chest and bent his waist slightly forward. "Miss Yun, please let me introduce myself again."

Yun Feng frowned and didn't know what to say. She only needed one confirmation about his guess!

"Miss Yun, you shouldn't be unfamiliar with my original surname. It's the surname of one of the four ancient families, Xuan." Ling straightened his body and looked at Yun Feng with a strange light in his black eyes. "Miss Yun, I'm Xuan Yi. Please remember this name."

A killing intent suddenly rose! Ling, who was Xuan Yi, chuckled. "There's no need to be so nervous. There's no winner between us today. Besides, it's not time yet. I originally wanted to let some beasts enter the trap this time, but I didn't expect Miss Yun to be here."

"The Xuan family, one of the four ancient families," whispered Yun Feng. Xuan Yi replied with an extremely gentlemanly smile. "So, he's not the only one who's worthy of you."

Yun Feng frowned. Worthy? Why did this sound a bit weird? Logically speaking, the Yun family was the most declined one. Why was she worthy of them?

"Save your flattery. Fengfeng belongs to me!" said Qu Lanyi. Xuan Yi raised the corners of his mouth indifferently. "I think that's all the young master of the Naxi family can do. If it were me, I would've done it already."

Yun Feng blushed. What were you talking about?

"Let me warn you. If you do anything to Fengfeng, I won't let you go!" Bloody redness began to spread slowly from the depths of his pupils. Xuan Yi's expression tightened. Then, he chuckled and looked at Yun Feng. "Miss Yun, you still have a chance to choose. I recommend myself. I'm much better than him."

"No need," said Yun Feng. "I've only ever had one choice."

The blood in his black eyes faded a bit. Xuan Yi chuckled. "It's fine. Time can prove everything. It's still too early."

"Why are you here?" asked Yun Feng. Xuan Yi curled his lips and chuckled. "Why are you here, Miss Yun? I'm certainly here for the same reason."

Yun Feng's expression turned cold. He was here to find the Blood Soul Base too? That was impossible. What a cunning answer. "You set all of this up to lure the Tian Yao Clan." Xuan Yi was slightly stunned. Then, he smiled. "As expected of Miss Yun. You're really smart."

"What's your purpose of entering the Summoning Union?" Yun Feng continued. "Your identity in the Xuan family should be the same as Lanyi's. Why did you sneak into the West Continent and enter the Summoning Union?"

The smile at the corners of Xuan Yi's mouth didn't diminish. "If I say that all of that was to meet Miss Yun, would you believe me, Miss Yun?"

"I don't believe you," said Yun Feng firmly. There was a smile on Qu Lanyi's face. Xuan Yi couldn't help but feel a bit embarrassed. He had said similar things in the past, but they had always been ambiguous. This was the first time he confessed so directly, but Yun Feng rejected him so directly. Xuan Yi was speechless for a moment.

"Kid, did you hear that?" Qu Lanyi raised his brows proudly. After a short silence, Xuan Yi smiled and wiped the embarrassment on his face. "Although I knew the answer, it's truly sad that Miss Yun said it so bluntly."

Yun Feng looked at Xuan Yi with her black eyes and knew that he definitely had something else to say. "You should have something to say."

Xuan Yi chuckled. "Miss Yun, you're indeed impressive. As expected of a member of the Yun family with the bloodline of a summoner. You're indeed not disappointing. As I said earlier, I'm here for the same reason as yours. Perhaps I can help you with what you're looking for."

Chapter 1648: I Won't Return Empty-Handed (4)

Qu Lanyi frowned, and so did Yun Feng. "Do you know what I'm looking for?"

Xuan Yi chuckled. "The Blood Souls aren't unfamiliar to the four families. Even though the Naxi family is in seclusion, they're still paying attention to the situation of the Blood Souls, not to mention us, who aren't in seclusion yet."

"You're saying that the other two families also pay attention to the Blood Souls?" Qu Lanyi was surprised. This was something he didn't expect. The Naxi family did pay attention to the Blood Souls. When the Blood Souls began to take real action, the elders of the Naxi family were all alarmed. Then, the current leader of the Naxi family began to pay attention to the movements of the Blood Souls.

It turned out that the Naxi family wasn't the only one paying attention. The Xuan family and the Buyuan family were both paying close attention to the movements of the Blood Souls!

Even so, the four ancient families might not be on the same side!

"I've already got some clues about the base of the Blood Souls here," said Xuan Yi as he looked at Yun Feng with his black eyes. "It's just whether you believe it or not, Miss Yun."

Yun Feng was silent. What he said was half true and half false. After all, there had been too many mysteries about Ling ever since he appeared. Who would have thought that a receptionist in the Summoners' Union of the West Continent would be the Young Master of one of the four ancient families? It was indeed unbelievable.

The members of the three families were gathered now. Only the members of the Buyuan family were left. The four families had finally gathered.

"It doesn't matter if you believe it or not," said Yun Feng. "As long as it's a clue, I won't let it go!"

Xuan Yi's smile widened. "As expected of Miss Yun."

Qu Lanyi was a bit worried. He certainly had to ask around when he returned to the family, especially about the four families. After knowing that the three families, except the Yun family, were all taking action, Qu Lanyi had this intuition that the members of the other families had already met by accident.

"Actually, Miss Yun, you don't have to worry. I don't have any chance of winning at all in a one-on-two battle. Even if I beat the Young Master of the Naxi Clan one-on-one, I might not be able to beat Miss Yun."

Yun Feng was silent. Every word he said revealed a message, which was that she was invincible. However, it seemed that Qu Lanyi was stronger than her right now. Why couldn't he beat her? "What do you know?"

Xuan Yi blinked and said meaningfully, "Perhaps you're interested in knowing what I know, Miss Yun."

Qu Lanyi clenched his fists. Yun Feng chuckled and clenched her fists. "Nobody knows the bloodline in my body better than I do."

Xuan Yi raised his brows. Yun Feng said, "Tell me everything you know."

"Since Miss Yun asked, how can I not obey?" Xuan Yi smiled gently. "The Blood Soul Base is indeed in the Forbidden Land of the Tian Yao Clan. I've been in the Forbidden Land for a while. I've almost explored all of the Forbidden Land. There's only one area I've avoided."

"You avoided it?" Yun Feng frowned. Xuan Yi nodded. "Even though there are also powerhouses guarding the Forbidden Land of the Tian Yao Clan, they're all outside the Forbidden Land. The Forbidden Land is like an empty shell, but there are a few auras of powerhouses in that area."

In that case, there must be something wrong with the abnormal area in the Tian Yao Clan's forbidden area.

"After that, I observed that area secretly for a while. Not only are there auras of powerhouses in that area, but... there are also a lot of strange things stored there, such as souls."

As expected! The base of the Blood Souls was most likely there!

"You're quite cautious. You've been exploring for so long and you haven't been discovered?" Qu Lanyi raised his brows. Xuan Yi chuckled and pushed his gold-rimmed glasses up the bridge of his nose. "The four families each have their own ability."

"It seems that I'll have to trouble you to lead the way," said Yun Feng in a low voice. A smile flashed deep in Xuan Yi's black eyes. "As long as Miss Yun asks, I will certainly do as you say."

Such a solicitous attitude made Yun Feng uncomfortable. Whether it was on purpose or for some unknown reason, it was unknown. After revealing his identity, there was no need for him to call her Miss Yun anymore. This respectful attitude could be avoided.

"Let's go." Qu Lanyi raised his head and looked around. "Are you trying to catch the Second Prince of the Tian Yao Clan?"

"Indeed, because he's the only one related to the Blood Souls. It might be easier if I can catch him, but the situation is different right now. I don't need him anymore."

"We can go to the base that leads to the Blood Souls from here?"

"Sure. The location of the Blood Soul Base is very secret. The Second Prince of the Tian Yao Clan spent a lot of effort to hide it and even placed it in the forbidden area of the Tian Yao Clan. He's probably the one who provided the Beast Souls for the Blood Souls."

Providing Beast Souls... He even knew about such a thing. If Lanyi knew about the use of Beast Souls in the ancient books at home, this guy would certainly know too! Was his purpose of finding the Blood Souls for the Fantastical Beast in their hands? Or... a map fragment?

"You've explored for so long. How many experts can be considered our opponents there?" asked Qu Lanyi. Xuan Yi chuckled. "The Blood Souls certainly won't neglect the place where the souls are imprisoned. However, this is the forbidden land of the Tian Yao Clan after all. No matter what, the Blood Souls wouldn't dare to send too many people here. There are only four worthy opponents. Among them, two are at the Grade 9 God Level and two at the God King Level."

Two Grade 9 Gods and two God Kings. Such an arrangement was more than one level higher than the personnel of the Endless Ocean Base!

"Apart from these four people, there are six others. There are a total of ten people in charge of this base."

Even though there were only ten of them, they were all above Grade 5 of the God Level and their overall strength could be considered first-rate. "So, our chance of winning might be higher." Qu Lanyi smiled gently, but Xuan Yi shook his head. "The Blood Souls have always been cautious. I'm just guessing."

The three of them walked forward under Xuan Yi's lead. Yun Feng pondered in her mind. Two Grade-9 God Level experts, two God King Level experts and another six people. It was impossible for the three of them to kill them all together. They could only stall for time at most. The only thing they could do was stall for time!

"What's your purpose of looking for the Blood Souls?" Yun Feng asked. She was looking for the ancestor's soul and Yun Qi's remnant soul, and his purpose couldn't be the same as hers! Xuan Yi chuckled. "I'm just confirming something."

Chapter 1649: I Won't Return Empty-Handed (5)

Qu Lanyi raised his brows. "Why? Is the Xuan family so arrogant that you're interested in Fantastical Beasts?"

Xuan Yi was stunned. His expression was obviously saying, how would you know about the Fantastical Beast? Qu Lanyi sneered. "You're not the only one who knows the use of the Beast Soul."

After a moment of shock, Xuan Yi smiled. "I'm just making a confirmation. I don't mean anything else. With the Yun family and the Naxi family here, it's not my family's turn."

"It's good to know yourself." Qu Lanyi exerted strength in his hand and pulled Yun Feng to his side. He whispered in her ear, "Stay away from him."

Yun Feng nodded. Even though she didn't know the reason, Qu Lanyi certainly had his reasons for saying this. He definitely wouldn't hurt her. The three of them fell silent again, deep in thought. After traveling underground for a while, Xuan Yi jumped out of the ground with the two of them. They were already very far away from the two princes. Xuan Yi had completely restrained his human aura, just like Qu Lanyi. It could be seen that he deliberately leaked it when he broke into the territory of the Tian Yao Clan.

"It's not far ahead." Xuan Yi stopped. "If we go any further, we'll enter the surveillance range of the Blood Souls. If we're not prepared, it's best not to step in."

Yun Feng and Qu Lanyi looked at the forest that was as dense as the sea in front of them. The density of the trees was obvious. Even if they were high in the sky, they couldn't see the situation inside clearly. They could only find out everything from inside. This was indeed a good hiding place. It could be said to be excellent in this forbidden area where very few people went in and out.

Since they had found the location of the Blood Soul Base, it was time to talk about their next move. Yun Feng couldn't trust Xuan Yi 100%, but she had to join forces with him at this moment to have a chance of breaking in.

"Miss Yun, don't worry. I'll definitely help you achieve your goal," said Xuan Yi. Yun Feng remained silent and didn't say anything. Qu Lanyi raised his brows. "Since you took the initiative to ask, it's much easier. With your strength, you should be able to hold back half of the powerhouses, right?"

Xuan Yi frowned slightly. Half of the powerhouses? In other words, one God King, one Grade 9 God and three above-Grade-5 Gods?

"If you can't do it, just say it. I don't need you," said Qu Lanyi coldly. Xuan Yi immediately smiled. "If you can do it, I certainly can't be inferior."

"Wait, we'll leave all the powerhouses to you?" Yun Feng said. "How can that do? I'll help too..."

"No need. Fengfeng, you just need to focus on your own business." Qu Lanyi smiled warmly. "What we can do is to help you stall for time. It's not easy to find what you're looking for in a limited time."

"Indeed. By then, Miss Yun, you just have to help me keep an eye out. I won't go in."

Yun Feng was silent for a moment. Then, she raised her eyes. "Sure. My five contracted Magic Beasts can more or less share the burden for you."

Xuan Yi was shocked. "Five elements... Miss Yun has already gathered all five elements so quickly?"

Yun Feng nodded. "I'll need your help this time, Ling."

Xuan Yi smiled. "It's my honor to serve you, Miss Yun."

"Since it's decided, let's do it now without hesitation! We can strike first!" A mist of blood suddenly rose deep in his black eyes! Instantly, his black eyes that were as black as the night turned into scarlet blood stones! Fine red patterns spread out of his chest and his wrist, leaving a trajectory like a mysterious flower.

Seeing that, Xuan Yi chuckled and pushed his golden glasses again with his finger. The green ring on his finger suddenly flashed with a dazzling light! "Miss Yun, we'll go first." Green light enveloped Xuan Yi's entire body and black elements that were as thick as ink enveloped Qu Lanyi's entire body. The two of them ran quickly and instantly stepped into the range of the Blood Souls!

"Someone invaded!" A few figures quickly flashed out and flew over!

Yun Feng chuckled. The horn had already been sounded! The five Rings of Contract appeared and the five-element contracted Magic Beasts showed up!

"Swish, swish, swish, swish..." Five beams of dazzling light slid from the sky like shooting stars. Yun Feng jumped up with the tip of her foot and her body also rushed straight ahead! There was the sound of the wind in her ears, passing through the dense greenery. There was a road ahead that she couldn't see clearly, but the battle had already begun!

Her heart was pounding fiercely in her chest and her blood was surging in her body! An inexplicable feeling suddenly rose from the bottom of her heart! This time, she would definitely not return empty-handed!

"You're truly bold to break in just like that." With a shout, a few figures appeared in the air. They were all wrapped in black robes, had the same dark red mysterious patterns, the same pale face and those pairs of black eyes that were full of evilness and coldness!

"Swish, swish, swish, swish..." After Qu Lanyi and Xuan Yi, five figures came with five beams of colorful light. The few figures all frowned. The strongest one, who was also the leader, smiled evilly. "Tut-tut, it seems that we're old friends."

"Swish..." Another figure rushed over with five beams of light. It was Yun Feng!

Xuan Yi couldn't help but feel shocked again when he saw the five contracted Magic Beasts appear. These five Magic Beasts were all extraordinary! As expected of Yun Feng, as expected of the five-element summoner of the Yun family! The summoner's bloodline in her body was truly impressive!

"Old friends?" Yun Feng raised her brows and looked at the ten figures in front of her coldly. The aura and pressure on both sides were brewing and accumulating, like two volcanoes slowly accumulating, waiting for the last moment of the eruption!

"Among the Blood Souls, everyone knows your name... Yun Feng." The leader of the Blood Souls burst into laughter. "I'm quite lucky to see you here, Yun Feng."

"Is that so? I feel very lucky too. It didn't take me much effort to find you," replied Yun Feng. Her face was full of coldness and her mind was spinning quickly. They had the ability to block these ten people. The key was whether she could find the ancestor's soul and her brother's remnant soul in a limited time and leave successfully!

"There's no need to talk to them," said Qu Lanyi. A beam of blood light burst out. "We'll buy you the most time."

Xuan Yi chuckled and gently touched the green ring on his finger. He smiled indifferently. "Miss Yun, I'll leave everything to you."

"Buzz..." An astonishing aura burst out of Qu Lanyi's body. He had unleashed his full strength! Grade 5 of the God Level!

Chapter 1650: Ancestor (1)

"You're a Grade 5 God..." Xuan Yi mumbled and suddenly smiled. "It seems that your bottom line is far from here. I can't embarrass myself."

"Buzz..." Another astonishing aura surged out of Xuan Yi's body. It was comparable to Qu Lanyi's!

The auras of the five contracted Magic Beasts suddenly spread out. They were already completely prepared for battle! "Master! Come back quickly!" What Lan Yi said flashed through Yun Feng's mind. Five beams of light had already rushed out! Qu Lanyi and

Xuan Yi looked at each other. The two men with astonishing momentum were like two sharp swords, cutting through the silence!

"Go! Capture Yun Feng alive!" The leader of the Blood Souls shouted furiously! Ten black-robed figures instantly attacked at the same time!

"Don't even think about getting close to her!" With a furious roar, a black dragon rushed out of Qu Lanyi's palm and immediately dispersed the few people who were about to run towards Yun Feng! The eyes of the ten members of the Blood Souls couldn't help but tighten! Dark elements!

"Don't think that the dark elements are your specialty!" His blood eyes glittered, as if a demon king had descended! A ball of dark elements kept rolling in Qu Lanyi's palm, and faint light suddenly appeared in his other hand!

"Of course, I'm here too." With a deep voice, a huge green claw descended from the sky and stopped the few people who were still chasing her!

The two God-Level powerhouses of the Blood Souls both frowned tightly. Tricky! They encountered such tricky opponents today! However, no matter what, they only had one goal, Yun Feng!

The ten black shadows moved again. Qu Lanyi and Xuan Yi each attacked and stopped them. The five contracted Magic Beasts also joined the battle. The battle was chaotic and powerful!

The ten of them were entangled one after another. Yun Feng saw the opportunity. Wind elements surged out of her body and wrapped around her entire body tightly. Yun Feng turned into a beam of green light that flashed through the sky and went deep into the Blood Soul Base!

"Don't even think about it!" The two God-Level experts swung their black robes fiercely when they saw that. Two huge black hands swept out of the black robes and grabbed behind Yun Feng! Yun Feng knew that she was being attacked from behind, but she couldn't stop at all at this moment! She could only move forward at full speed!

"Swish... Whoosh!" A dazzling light blade quickly flew over from behind and directly cut the two black hands in half! It was so clean! The parts of the black hands that were cut off immediately scattered in the air. A ball of dazzling light came and swept all the dark elements in, swallowing them completely!

"What?" The two God-Level powerhouses widened their eyes! Their attack was interrupted by one move! Yun Feng slipped in under their eyelids! The two God-Level powerhouses of the Blood Souls looked at each other. One of them immediately swung his black robe fiercely and dark elements burst out, while the other ran inside at an extremely high speed!

"Bang, bang, bang!" One person's cover attack was all blocked by the light elements. The other God-Level powerhouse, who kept moving forward under the cover, thought he could avoid it. He didn't expect a figure to block him firmly!

"Where are you going in such a hurry?" Xuan Yi smiled like a gentleman. The Blood Soul powerhouse narrowed his eyes slightly. "Kid, how dare you stand in my way!"

"Haha." Xuan Yi was still smiling lightly. He waved his arm abruptly and a big green hand appeared out of nowhere. The God-Level expert was shocked in his mind and his body flashed quickly, dodging narrowly!

"I'm really sorry. I'm not a kid." Xuan Yi said with bone-piercing coldness in his black eyes! The two God-Level powerhouses were both stopped. The two of them couldn't help but feel shocked in their minds. Who exactly were these two kids? Looking around again, the others were all entangled by those five Magic Beasts. The two of them gritted their teeth fiercely! They had truly miscalculated!

Yun Feng was no longer in the mood to consider the battle behind. She could only focus on moving forward right now and try to get something in the time they bought for her! She ran crazily all the way through the dense forest. Nobody stopped her along the way. Yun Feng's journey was quite smooth. After walking straight for a while, she finally left the range of the dense forest and arrived at the base of the Blood Souls!

In front of her was an inconspicuous hall. It was very small. Yun Feng knew that there must be something wrong. Even if there was a tiger's den ahead, she had to jump in!

"Nana!" Meatball jumped out of the dimension container and landed on Yun Feng's shoulder. It looked around vigilantly with its black eyes. Yun Feng smiled lightly. Very good. She wasn't alone right now!

"Swish..." Without hesitation, Yun Feng directly rushed into the hall to investigate!

After entering the hall, she saw a huge door. There was nothing else in the hall. This door must be connected to the passage behind! Yun Feng rushed into the door. The deeper she went, the more she felt that the path of the door led straight to the underground! After walking for a long time, a door suddenly appeared on one side of the tunnel with the word "One" on it.

Yun Feng frowned. What did it mean? "Fengfeng!" Meatball moved on Yun Feng's shoulder. Yun Feng had the intention to stop. But Meatball's little body darted forward and bit Yun Feng's sleeve with her teeth. Yun Feng looked at Meatball's big black eyes suspiciously. Meatball asked her to continue moving forward?

"Go deeper?" Yun Feng asked tentatively. Meatball immediately let go of her sleeve and nodded. Yun Feng pondered for a few seconds and immediately had an answer! "Let's go!" Meatball's reminder was definitely right!

They kept going deeper and deeper! They had already passed by more than five doors along the way! There was a number on each door. Another door appeared in front of them! Six!

"It's the sixth door. How deep is this place?" Yun Feng continued going deeper. What was hidden behind each door? Questions flashed through her mind. She didn't have time to think about anything else right now! Ancestor, are you here?

"Nana!" A loud shout made Yun Feng's eyes light up! Another door appeared in front of her, marked with seven!

"Is this the place?" With a deep roar, Yun Feng reached out and pushed open the door marked with seven. As soon as her body flashed in, an evil cold aura pounced on her!

"This is..." Yun Feng was shocked! It was because of the scene in front of her!

In the incomparably huge chamber, there were many seemingly transparent pillars, and in the middle of these pillars, there were all souls without exception! The strangest thing was that the colors of the souls were different! Even though they were all glowing, the shades of the light were different!

Chapter 1651: Ancestor (2)

The strong lights were certainly the signs of survival, and the weak lights were enough to show that their souls were about to dry up!

Yun Feng didn't know who these souls belonged to, but she had a vague feeling that the ancestor's soul was here!

"Ancestor!" Yun Feng called out loudly! Her voice echoed in the endless empty darkness, making it seem so ethereal! Yun Feng couldn't imagine how her ancestor had spent his time here at all! Even a soul couldn't stand the loneliness and endless darkness here at all!

Blood Soul! Powerful anger and hatred rose from the bottom of Yun Feng's heart, like a fire that suddenly appeared and burnt her entire body and mind!

"Ancestor! Yun Feng is here! Ancestor!" Yun Feng called out as she shuttled through the transparent pillars constantly. The blurry souls had all kinds of postures and forms. Yun Feng looked at more than dozens of pale faces, but there was still no ancestor!

"Nana! Fengfeng!" Meatball's voice sounded from a corner. Yun Feng immediately chased after it. In a corner behind countless pillars, in the middle of an unusually thick transparent pillar, a hazy soul was restrained! That soul had an unusually young face.

That face had already been deeply engraved in Yun Feng's mind since the moment she entered the ancestral hall of the Yun family!

"Ancestor!" Yun Feng's eyes became hot as she pounced over and punched the transparent pillar fiercely with her fists! "Ancestor! Feng is here! Ancestor!" The soul didn't have any reaction to Yun Feng's call. It closed its eyes tightly. Yun Feng knocked with all her might. Apart from the slight shaking of the pillar, it was useless at all!

"Ancestor! Damn it!" A heavy punch hit it fiercely! However, the pillar only let out a buzzing sound and wasn't damaged at all!

"How can I open this thing?" Her hand immediately transformed and her sharp beast claws grabbed the pillar in front of her fiercely, but it was still useless!

Weapons, wands, elemental power! Mental strength! Yun Feng tried everything, but none of them worked! Meatball watched Yun Feng's almost crazy movements on the side and rolled its big eyes a few times, looking a bit anxious. It had tried its teeth, but this was the first thing that even Meatball couldn't bite through. It didn't know how to help her.

"Damn it! Open it! Open it!" Blood had already spurted out of Yun Feng's hand. After the beast claw recovered its human form, the fingertips were already bloody. Drops of blood stained the pillar and the ancestor's soul and golden eyes stood in it. Yun Feng's eyes were slightly hot. "Ancestor, I'm here for you! Ancestor!"

Meatball flipped in the air in frustration and swept its tail behind its butt. Seeing Yun Feng like this, it was also anxious. It swung its tail around in frustration. Suddenly, it saw the blood stains on the transparent pillar and its big eyes glittered!

Its chubby little body pounced over. Meatball pointed at the blood stains and Yun Feng immediately understood!

"If you want the summoner's bloodline, I'll give it to you!" A sharp wound split open in Yun Feng's palm and blood gushed out! Yun Feng slapped her palm on the transparent pillar hard. Blood slowly flowed down the transparent pillar, forming a few streams of blood!

The transparent pillar suddenly changed. Yun Feng's blood kept flowing out and spreading down the transparent pillar. The man, who had been closing his eyes in the pillar, finally opened his eyes slowly. Yun Feng stared at it with her black eyes carefully!

"Ancestor..." Yun Feng called softly. This summoner of the Yun family, whom she had respected since she came to the ancestral hall of the Yun family, was her first teacher on the road of summoners. The companionship of her ancestor along the way was still vivid in her mind! She had never forgotten him. How many years had she been searching for him?!

"Kid, you've finally grown up..." A soft sigh went straight into Yun Feng's mind, just like every day in the past! Yun Feng's eyes suddenly became sore and inexplicable tears surged up!

"Ancestor, Yun Feng is unfilial. It took me so long to find you!" Yun Feng's voice trembled as she looked at the ancestor's gentle and kind eyes with tears in her eyes. The man in the pillar raised the corners of his mouth gently. When he saw that the outermost area of the pillar was full of Yun Feng's blood, he frowned fiercely. "That's enough! Take your hand away quickly! I've already woken up. I won't sleep anymore!"

Yun Feng obediently took her hand away and looked around anxiously with her black eyes. "How can I save the ancestor? I can't break this pillar at all!"

The ancestor chuckled. "Kid, this pillar isn't broken from the outside at all. The Blood Souls use these to trap a soul. This thing certainly can only be opened by a soul."

"A soul?" Yun Feng frowned and then raised her brows. She didn't lack soul entities! "Ancestor, just tell me how to open it!"

The ancestor was stunned for a moment. Then, he smiled helplessly. Did this girl have a soul in her hand? After not seeing her for so long, this girl's strength had truly changed drastically. He was far inferior to her when he was her age.

"Do you see the groove below the pillar?" Following what the ancestor said, Yun Feng lowered her black eyes. As expected, there was a groove below the pillar. "Put the soul inside and the pillar will certainly react. However..." The ancestor paused for a while. "I just happened to see it once. I wonder if you can succeed this time."

"I have to try whether it works or not! Even if this is useless, I have to save my ancestor in another way!" Yun Feng flipped her wrist and a bottle appeared in her hand. This was the hooded man's soul she captured a long time ago. She had also captured the soul of a vampire, but it had already been consumed in the Endless Ocean.

Yun Feng unscrewed the bottle and a translucent soul flew out of the bottle. When it saw the scene in front of its eyes, it was shocked! It turned around and was about to escape quickly! Yun Feng extended her hand and grabbed it firmly. Seeing that there was no hope of escape, the man in the hood wanted to crawl back into the bottle desperately.

"Yun Feng! Let's talk! I can tell you anything else you want to know! Let me go back first!"

Yun Feng sneered and directly stuffed the hooded man's soul into the groove. "No! Yun Feng! No!" The hooded man's soul seemed to know what was going to happen. It twisted desperately and wanted to escape from Yun Feng's hand. However, as soon as

it approached the groove, a terrifying suction force directly sucked the soul into it! Yun Feng heard a scream! Even Yun Feng was terrified!

Chapter 1652: Ancestor (3)

"Buzz, buzz, buzz..." Continuous tremors sounded and the transparent pillar of light in front of her kept shaking. The ancestor was quite surprised. Yun Feng was a bit worried that just one soul wouldn't work, but perhaps this soul resonated with someone from the Blood Souls.

"Swish..." After the strong tremor, the transparent pillar of light suddenly disappeared and the ancestor's soul that was restrained inside was also released in an instant! Cold air instantly attacked, all coming towards the ancestor's soul. Yun Feng immediately shouted when she saw that! "Ancestor, come to my body!"

The ancestor only smiled wryly. "Kid, there seems to be a guy with a bad temper in your body. I can't go in at all right now."

It was Red-Eyed! There was no time to communicate with Red-Eyed at this moment! The most important thing right now was to keep the ancestor's soul well! Looking at the bottle in her hand, Yun Feng was helpless. "This won't be comfortable, ancestor."

The ancestor chuckled and looked at Yun Feng in relief. "You've really grown up. It's fine." His vague soul that was emitting a faint glimmer directly entered the bottle in Yun Feng's hand and she carefully closed the bottle. Yun Feng put down a huge rock in her mind fiercely. She found it. She finally found it!

Before Yun Feng put away the bottle, a gust of coldness came from her back. Meatball immediately bared its sharp teeth and pounced over. "Nana!" Yun Feng instantly moved her feet and looked back. A figure in a black robe slowly appeared from the darkness.

"I didn't expect you to be able to come here." In the darkness, Lord Tu's body appeared and disappeared under the light of the soul. Yun Feng twisted her wrist and put the bottle back into the dimension container. Her black eyes were calm and she didn't panic at all.

"If I can go to the Endless Ocean, I can certainly come here."

Lord Tu's jaw muscles twitched and a smile slowly appeared. "I let you escape from the Endless Ocean back then. This time... I won't make the same mistake."

Yun Feng's heart sank. It was all thanks to Lanyi that she survived the Endless Ocean. Now that she was facing the man alone, the chance of escaping... was less than ten percent.

"Zi, zi, zi..." An inexplicable sound came from Lord Tu's palm. An even denser ball of dark elements was forming. Yun Feng's black eyes darkened. Now! Run!

"Swish..." "Bang..." Yun Feng turned into a black shadow and went towards the door. Lord Tu swung his hand and the dark element? flew out, completely shattering a transparent pillar! A soul flew out just like that. Lord Tu didn't care at all. He only had one target, Yun Feng!

Yun Feng rushed towards the door with all her strength. Lord Tu behind her was extremely fast! If she didn't set up some obstacles for him, she wouldn't be able to escape at all! She clenched her fists fiercely! A few colored balls of fused elements appeared! Yun Feng threw them back fiercely and a loud explosion sounded! Lord Tu burst into laughter! A few black chains stuck out of the explosion and flew towards Yun Feng! Yun Feng dodged between countless transparent pillars. Wherever the black light went, the transparent pillars shattered! The souls inside flew out!

Lord Tu attacked continuously with a vicious look on his face, but Yun Feng's agile speed made him unable to do anything at all! There were too many pillars here, which became Yun Feng's best place of refuge! The two of them ran among countless transparent souls. Yun Feng had already reached the exit! She tapped the air fiercely with the tip of her foot and Yun Feng was about to stick her head out!

"Don't even think about escaping!" The black robe surged and a hand that was as skinny as a match flew over quickly, grabbing Yun Feng's shoulder!

A gust of coldness immediately invaded Yun Feng's body. Such coldness almost froze Yun Feng's body in an instant! Oh no! She was caught just like that!

"Nana!" With an angry roar and a row of glittering sharp teeth, Meatball flew and bit the hand fiercely! With a scream, the skinny arm immediately retracted! Yun Feng took this opportunity to fly out with all her strength!

"Meatball, thank you!" Yun Feng ran quickly and thanked Meatball on her shoulder. Meatball didn't care about anything else. It scratched its mouth with its little claws in disgust and spat a few times secretly. The bite just then indeed didn't taste good.

"Yun Feng!" Lord Tu attacked again from behind. Meatball had bitten him quite hard and created a temporary distance. The wind element surged out of her body fiercely. Yun Feng slowly closed her black eyes and her aura suddenly increased at this moment! The God King Level!

"What? The God King Level!" Lord Tu felt Yun Feng's aura that instantly went berserk and was shocked! How could she possibly reach the God King Level from Grade 7 of the God Level all of a sudden? A glint of greed surged in Lord Tu's eyes! Was this also the power of the summoner bloodline? The summoner bloodline... truly had endless potential! He must get it! He must get it!

"Swish..." A dazzling beam of green light rushed out of the entrance of the hall. The green light directly gathered on Yun Feng's back and turned into a pair of green wings! She suddenly flapped her wings and Yun Feng's body sped up a lot again, flying towards the outermost area!

"Lan Yi! Tell everyone to retreat!" Yun Feng sent a telepathic message. The five contracted Magic Beasts all heard that something was wrong with what Yun Feng said. "Little Yun Feng, what exactly happened?"

"Master, what exactly happened?"

"Xiao Feng, I'll go find you right now!"

"F*ck, did someone from the Blood Souls appear?"

The five contracted Magic Beasts were all the same worried in their minds. Lan Yi's blue eyes darkened after hearing that and he immediately shouted, "Listen to Master, retreat!"

Qu Lanyi and Xuan Yi were both stunned after hearing that! Almost all the ten Blood Soul powerhouses were restrained by them. Logically speaking, they should be the ones in control of the situation. Why did they have to retreat voluntarily right now? They should've destroyed this nest! Unless... another powerhouse joined!

The five contracted Magic Beasts all wanted to go back, but Yun Feng's determination was strong. They couldn't disobey her. The five of them ran out together! Qu Lanyi, on the other hand, turned around and rushed inside!

"What are you doing?" Xuan Yi quickly stopped him. Qu Lanyi shook him off fiercely. "Let go!"

"Didn't Yun Feng tell us to retreat?"

"It's not your place to tell me what to do!" Qu Lanyi shook off Xuan Yi's arm and rushed in without caring about his safety. Xuan Yi stood there. The Blood Soul experts, who were originally suppressed, began to counterattack. Xuan Yi raised the corners of his mouth. "What a difficult Young Master..." His black eyes glittered and he also ran out.

Chapter 1653: Ancestor (4)

Yun Feng ran all the way forward. The five contracted Magic Beasts, Lanyi and Ling should have already evacuated. Lord Tu behind her chased after her at an extremely high speed. Yun Feng gritted her teeth and flapped the wings on her back fiercely. Let's try! Let's see if she can survive this disaster this time!

"People of the Blood Souls, listen up. Don't care about the others. Capture Yun Feng alive!" Lord Tu shouted. The ten powerhouses who were chasing other people immediately turned around. Seeing that, the five contracted Magic Beasts immediately chased after them, but it was already too late! Lord Tu was behind her and there were ten powerhouses in front of her. They were attacking from both sides!

Yun Feng bit her teeth hard! They wanted to capture her alive? It wasn't so easy!

Master's talismans should be able to solve the urgent problem, but there were two groups of people attacking her. Were the remaining two talismans going to be consumed here? Yun Feng gritted her teeth. She couldn't care about anything else right now. She could only try!

"Hahahaha! Yun Feng! You can't escape from here today!" Lord Tu laughed crazily as a black giant hand jumped out of the black robe. The ten powerhouses who turned around and attacked also swung their black robes and ten giant hands attacked from the front!

"Fengfeng!" Meatball screamed as its chubby body protected Yun Feng. A dozen dark elements attacked crazily. Yun Feng took a deep breath and slowly closed her black eyes. Her mental strength penetrated the talismans and guided the power in the talismans to erupt!

The strange roar of a wild beast, an ancient sound that made people's souls tremble! A ball of dazzling light that almost made people unable to open their eyes quickly spread and exploded from somewhere!

"W-What..." The ten members of the Blood Souls were dumbfounded. Their bodies were immediately swept in by the light! Screams came one after another. Yun Feng seemed to hear the sound of their souls being chewed!

A figure flew over and wrapped Yun Feng firmly with a pair of men's arms. A warm and comforting aura filled Yun Feng's surroundings, but there was also an inexplicable unfamiliar feeling. "I won't let anyone who dares to touch Yun Feng go easily!"

Qu Lanyi clenched his fists! His red blood soaked the white jade pendant! They heard that soul-stirring sound again! In the huge light, a huge body moved faintly and rushed towards Lord Tu!

Lord Tu's pupils shrank. His black robe was as wild as the wind and the dark elements surged like seawater! In an instant, a surging Dragon appeared faintly from the dark elements and a huge ferocious dragon head stuck out of the darkness! Yun Feng's black eyes darkened! She had seen that dragon head before!

A huge ferocious dragon head slowly stuck out of the darkness with a completely oppressive feeling!

The dazzling light stopped. Qu Lanyi frowned slightly. "Old man, what's wrong?"

"I didn't expect to meet an old friend here." A deep voice sounded with the vicissitudes of life, as if time had lost its value in this voice. Qu Lanyi frowned. "Old friend?"

"It's been so many years. I didn't expect you to be like this when we meet again."

The ferocious dragon head kept rolling in the darkness and didn't react to this greeting at all. Yun Feng's heart pounded fiercely in her chest. That black dragon didn't have an inside at all and didn't have a soul! It was just an appearance!

"I see. It seems that I've mistaken you for someone else." The dazzling light swayed slightly and the huge body that was faintly discernible in the light moved slightly, suddenly emitting the pressure of a mountain!

Lord Tu's face couldn't help but turn a bit pale and he was suspicious in his mind. What he said just then had a deep meaning. Could it be that this kid had...!

Lord Tu gritted his teeth fiercely. The ferocious dragon head suddenly opened its mouth and pounced at the light ball! The dazzling light also moved and a loud beast roar resounded in the sky!

The collision of light and darkness!

A few cracks were instantly torn in the flat space! Countless spatial cracks appeared in an instant!

"What's going on?" The two princes of the Tian Yao Clan were alarmed by the sudden loud noise. Was there someone else in the forbidden land of the Tian Yao Clan? The First Prince chased after them with a gloomy face without another word, and the Second Prince also chased after them with a gloomy face. His heart couldn't help but tremble slightly! Wasn't the place where the sound came from the base of the Blood Souls? What exactly happened?

Yun Feng was protected in Qu Lanyi's arms. The spatial cracks around her kept expanding. The distorted power of space directly swallowed the land, trees, rocks nearby and everything else! Qu Lanyi looked down at the bloodstained white jade pendant in his hand and then looked up at the battle in the sky. His thin lips curled up slightly. He had reached his limit.

"Ugh!" Lord Tu grunted and his face was even paler. His body shook and he couldn't hold on anymore. He looked at Qu Lanyi firmly with his black eyes. That kid... Who exactly was he?

"Boom..." The light tore crazily with the dark. Qu Lanyi clenched his fists tightly and the white jade pendant in his hand emitted a strong light! Lord Tu's face turned even paler.

Damn it! This kid could control it to such an extent! If he wanted to fight head-on, his side would definitely lose more than they gained!

Lord Tu rolled his black eyes. This time, he couldn't fight head-on! The thing in that kid's hand was completely unexpected! His chance of winning this time was completely zero because of this accident!

Lord Tu swung his black robe and the ferocious black dragon head instantly shattered! At the same time, the dazzling light instantly faded and returned to Qu Lanyi's jade pendant completely! Even though light and darkness were separated, the aftershock of the power was still there!

The spatial crack that was forcibly torn out was still there. The distorted power of space had already destroyed this place!

Yun Feng only saw a black figure flash back quickly. Lord Tu should have returned to the base. Under such a huge commotion, the base of the Blood Souls couldn't be preserved anymore! Lord Tu certainly wouldn't leave those souls inside behind!

Qu Lanyi narrowed his eyes and retreated with Yun Feng. "Call all the contracted Magic Beasts back. With such a huge commotion, those two princes will come sooner or later."

Yun Feng nodded. The five beams of light immediately entered the Rings of Contract. Yun Feng raised her head and looked at Qu Lanyi. Qu Lanyi lowered his eyes, which were already bloodless. "Let's talk about that later and deal with those two princes first. Have you found what you're looking for?"

Yun Feng nodded. Qu Lanyi chuckled and slowly let go of her. Yun Feng looked around and saw that Ling was already gone. He should be hiding in the chaos. Thinking of the ferocious dragon head she saw just then, Yun Feng's heart sank slightly.

Chapter 1654: Ancestor (5)

"What exactly happened here?" The eldest prince of the Tian Yao Clan rushed over and asked loudly. The scene in front of his eyes could be said to be a mess!

The Second Prince then arrived. Seeing such a scene, his face became even gloomier! Seeing Yun Feng, Lun Sheng immediately ran over. "Young Lady Lian, are you alright?"

Yun Feng looked up slightly and dodged Lun Sheng's extended arm. "I'm fine."

Qu Lanyi walked to the First Prince and said in a low voice, "We met the human we were looking for just then. I didn't expect him to be so strong. Young Lady Lian and I fought together, but that human still escaped."

"He escaped?!" The First Prince raised his brows. "Is that human really so powerful? You can't take him down even if you join forces?!"

At this moment, Yun Feng said, "Indeed. This human is too tricky. A human who can break into the forbidden area of the Tian Yao Clan alone shouldn't be weak."

The Second Prince coughed. "Brother, the scene in front of us explains everything. That human has probably already escaped. I think it's better to report this to our father. I'm afraid we don't have the ability."

The First Prince looked inside suspiciously. "Humph! There must be something wrong here! It's a must to report to our father!"

The Second Prince's temples throbbed fiercely and he chuckled. Yun Feng and Qu Lanyi looked at each other. As for the rest, the Tian Yao Clan would deal with it themselves.

There was a huge commotion in the forbidden area of the Tian Yao Clan. The King of the Tian Yao Clan was enraged. After investigating, he found that an unknown base was hidden in the place where the chaos happened! This made the King of the Tian Yao Clan even more furious! There was such a place in the forbidden area under his watch. The King of the Tian Yao Clan decided to investigate this matter thoroughly. This was what happened later in the Tian Yao Clan.

Although Qu Lanyi and Yun Feng didn't find anything during the search this time, they made a lot of contributions. The King of the Tian Yao Clan also looked at the two of them in a different light. The two of them stayed in the Tian Yao Clan for a few days for now. There were a lot of things that needed to be sorted out.

In the royal palace of the Tian Yao Clan, the two of them had their own courtyards. A few days after confirming that nobody came to disturb them, Qu Lanyi came to Yun Feng's place at night. As soon as he stepped in, Yun Feng was already waiting in the courtyard. "You're here." Yun Feng's expression was as calm as water. Qu Lanyi nodded and sat down next to her.

"How's the ancestor's soul?" asked Qu Lanyi softly. Yun Feng frowned. "Not good. His soul is weaker than I thought." Besides, the negotiation with Red-Eyed hadn't started yet. Yun Feng had to put the ancestor's soul in her body to be at ease.

"The Blood Souls collect souls, so they'll certainly do something about it. They collect Beast Souls for Fantastical Beasts, human souls... What can they do?"

Yun Feng said, "I've seen a lot of souls at the base, and they're divided into different levels. The Blood Souls will definitely do something big in secret. No matter what their purpose is, they'll eventually become a huge problem in the future."

"So, it's very difficult for the Naxi family to stay out of this anymore."

Yun Feng looked at Qu Lanyi. "Do you remember the black dragon released by Lord Tu that day?"

Qu Lanyi frowned. Yun Feng took out her black jade pendant and flipped it to the back. The huge skeleton dragon head engraved on the back of the black jade pendant appeared. Qu Lanyi frowned even more tightly. "Fengfeng, do you mean... that the Dragon was the same as this?"

There was only a skeleton engraved on the back of the black jade pendant, but the gathering of the dark elements of Lord Tu's had a specific image. It could be said to be flesh and blood. Yun Feng slowly caressed every detail of the skeleton dragon's head with her finger. The dragon's head was lifelike and terrifying.

"I've seen its appearance..." Yun Feng mumbled. "The black dragon Lord Tu released obviously only has the appearance, or it wouldn't have been unable to understand what that guy in the white jade pendant said."

Qu Lanyi raised his brows and took out his white jade pendant. He put the two jade pendants together and a strange light flashed through them. "Old friend..." Yun Feng whispered, but Qu Lanyi smiled. "Old friend? I think they're sworn enemies."

Light and darkness couldn't be better opponents.

"Lanyi, what exactly is sealed in this white jade pendant?"

Qu Lanyi sighed. "I don't know at all. The old man gave me this white jade pendant and told me not to let the guy inside out unless I had no choice..."

Yun Feng frowned. Unless it was absolutely necessary... "The guy in the white jade pendant has an extraordinary aura. Is it possible that he's..."

"You mean... Fantastical Beast?"

Yun Feng nodded. "The four Fantastical Beasts in the Beast Region have been missing for a long time. There's still no trace of them right now. The only possibility is that they're sealed! Everyone from the Blood Souls is good at the dark element. Why can everyone have the dark element? The Blood Souls might have a darkness Fantastical Beast in their hands!"

Yun Feng's guess made Qu Lanyi's face darken. "A darkness Fantastical Beast... It makes sense. If it's really a darkness Fantastical Beast, why are the Blood Souls so secretive? With a Fantastical Beast in hand, they should be more high-profile."

"Logically speaking, that should be the case. The Blood Souls have been very low-profile since the beginning. Coupled with their style and technique, there's only one conclusion! The darkness Fantastical Beast in their hands isn't complete!"

"Not complete?!" Qu Lanyi was shocked. Yun Feng nodded. "I don't know if my guess is right. There's a guy sealed in each of our black and white jade pendants, which corresponds to the dark element and the light element. The old friend that the light element beast mentioned is very likely the darkness Fantastical Beast."

Qu Lanyi held the white jade pendant in his hand. "So, the old man's temper can be explained."

"I've only seen the guy in this jade pendant once." Yun Feng waved the black jade pendant. "That guy once said that if it absorbs a large amount of dark elements again, it'll appear again and when it appears again, it won't stay in the jade pendant obediently."

"It seems that the sealing method is a bit different," said Qu Lanyi. His white jade pendant had absolute control over that old guy. At least, it was still under his control right now, but the one in Fengfeng's hand was completely different.

"If the darkness Fantastical Beast is sealed in this black jade pendant, a lot of things will be explained." Yun Feng stared at the black jade pendant with her black eyes. "But there's something I don't understand."

Chapter 1655: Ancestor (6)

"What is it?"

"This jade pendant... Why exactly did it appear in front of me?"

Qu Lanyi was surprised. "Doesn't this jade pendant belong to the Yun family?"

Yun Feng shook her head. "I found this in the dimension container my ancestor left for me. I asked my ancestor once, but he said he didn't know either. The original Array of Life in this jade pendant was probably to suppress the guy inside. As my body kept absorbing the light elements, the array loosened. Even though you once replenished the light elements, it seems that they're gradually useless to it."

Yun Feng thought of the few times she used the black jade pendant to absorb the dark elements. The black jade pendant was like a bottomless black hole, as if it could absorb endless dark elements!

"I've always thought that it belongs to the Yun family and I've always wondered why the Yun family's thing would hurt you. It seems that there's something very strange about it."

Yun Feng nodded. Ever since she came to this world for the first time, the appearance of this black jade pendant must mean something. Who would put it in the ancestor's dimension container? Why was she the first person to find it?

"There'll be an answer eventually. The darkness Fantastical Beast in the hands of the Blood Souls will show up sooner or later. Next, it's time for us to leave this place," said Qu Lanyi. Yun Feng agreed. She had already found the ancestor's soul. This was the greatest gain along the way! Even though there was still no news of her Second Brother's remnant soul, she wouldn't give up! Now, she had basically achieved her goal of coming here. The next step was to prepare to go to the Beast Region.

"We still have a few things to do before we enter the Beast Region. Do you remember that old man? Even though this is a possibility we deduced ourselves, it's best to tell him. We still don't have any idea about the entrance to the Beast Region."

Yun Feng nodded. "Since the entrance to the Beast Region is deep in the Ten Thousand Beast Mountain Range, the three major clans will definitely know something. I can take this opportunity to ask the King of the Tian Yao Clan."

"I'm just afraid... these old guys won't confess anything easily." Qu Lanyi frowned. Yun Feng sighed softly. "No matter what, we have to try."

Before asking, Yun Feng had to do something else, which was to place the ancestor's soul in her body!

In the endless darkness, Yun Feng sank into this space and shouted at the sky, "Red-Eyed!"

After a while, the sound of chains dragging on the ground came. A pair of huge blood-red eyes slowly opened. "Yun Feng, you didn't bring anything this time. Why do you keep disturbing me?"

Yun Feng frowned. "You didn't let the ancestor's soul enter my body, did you?"

The giant blood-red eyes were slightly stunned. Then, a glint of darkness flashed through them. "I certainly won't share your body with anyone after I wake up! Besides, that's just a remnant soul! It's useless to you at all."

"If you still want to be released one day, you'd better behave yourself! I'm in charge of my body!" Yun Feng's words were cold as viciousness flashed through her black eyes. The blood-red eyes suddenly widened! The sound of chains came from the dark and the huge body was moving.

"Do you really think I'll be restrained by you forever? Hahahaha! Yun Feng! You've underestimated me! One day, I'll definitely tear you apart with my own hands!"

"If that day really comes, I'll wait for you! But right now, you're under my control!"

The giant blood-red eyes narrowed slightly. Yun Feng stood in front of the blood-red light without any fear!

"Yun Feng, that remnant soul will dissipate sooner or later. It's meaningless for you to put it in your body."

"What did you say?"

"Red-Eyed, say what you said just then again." Yun Feng said with indescribable calmness and detachment in her words.

The giant red eye closed slightly. "It's useless even if you put that remnant soul in your body. The longer a soul stays away from the body, the more energy it will consume. If you can't reconstruct the body, it'll dissipate between heaven and earth sooner or later. Even if it's put in your body, that remnant soul can't be compatible with this body after all and will consume its energy even more. Humans are just so weak."

Yun Feng was silent. The ancestor should know her situation. He knew that entering her body would consume his energy, but he didn't say anything!

"What if it's preserved? Is there anything that can preserve a soul until it dies?"

The giant red eyes were stunned for a moment. Then, it burst into laughter. "Until it dies? Hahahaha! Yun Feng! You're too naive!"

Preservation until it died... How many lives in this world could do this? There were still deaths in the four ancient families. Even in the world of Magic Beasts, powerful Magic Beasts would face death! A soul... A soul without a body would be even more fragile and dissipate in the world! So, if Second Brother's remnant soul wasn't found as soon as possible, he would also face such an outcome!

Yun Feng clenched her fists tightly. She didn't know what to say. Should she blame the cruelty of the rules of this world or her helplessness?

"Not everything in this world can be done by you. Yun Feng, you have the ability and you can do a lot of things! However, there are even more things that you can't do!" What the giant red eyes said made Yun Feng completely fall silent. There were even more things that she couldn't do!

"So... you should just leave it to fate." The giant red-eyed creature closed its eyes lazily. The red blood light hid in the darkness and everything returned to pure darkness again.

Yun Feng clenched her fists tightly! She looked into the depths of the darkness with her black eyes and slowly said.

"Even so, I've never given up! Even so, I won't back down! There are indeed too many things I can't do, but if I don't even try hard, I'll regret it for the rest of my life!" Her loud voice echoed in the empty darkness. Yun Feng left just like that. A deep laughter came from the dark. "You'll regret it for the rest of your life? Haha, it's quite interesting. If you say so, let me see how hard you can work." A lazy yawn floated gently in the dark. "Otherwise, my life will be too boring."

Yun Feng opened her eyes solemnly and took out the bottle that contained the ancestor's soul. She searched carefully with her fingers and twisted the cork of the bottle. The ancestor's almost transparent soul slowly floated out. "Kid, judging from your expression, you've found something?"

Yun Feng pursed her lips. "Ancestor, you..." She didn't know what to say. The ancestor chuckled. There was still a wildness on his handsome face, just like his short hair that fluttered recklessly, so arrogant and confident!

Chapter 1656: Entrance to the Beast Region (1)

"Kid, I'm just a remnant thought."

"Even if you're a remnant soul, you're still the ancestor." Yun Feng said seriously. The ancestor smiled again. "Kid, humans all die. Those above the God Level are called immortals. As long as their soul exists, they can reconstruct their bodies. However, it is still conditional." The ancestor's tone was calm. "A soul can only reconstruct its body through some special means. Otherwise, it can only stay in someone else's body. How can it be easy to find a body that suits it? After the soul leaves the body, it consumes a lot of energy. Unless it's kept well, it will dissipate in this world after a long time. Logically speaking, this remnant soul of mine can't last until now. I only stayed in your body for a while and was then taken away by the Blood Soul and put in some kind of container. That's why it's preserved."

After hearing that, Yun Feng couldn't help but feel shocked in her mind. "Ancestor, Feng will definitely think of a way to resurrect you!"

"Haha, girl, why did you resurrect me? Besides, I'm just a remnant thought. I'm not a soul at all. My soul... has probably already died in this world."

"But...!" Yun Feng wanted to say something else, but the ancestor shook his head. "You still have a long way to go. Don't be tied up by people like us who are already dead. It's very common for people to die of old age and illness. Death is a fate that nobody can escape. You'll face it one day."

Yun Feng was silent. The ancestor was right. No matter who it was, even herself! Even if she had a long lifespan, no matter how strong her ability was, she would still have to face death in the end and couldn't escape. Eternal life didn't exist at this time.

"I'm gratified to see your current achievements! Kid, your growth over the years has truly impressed me!" The ancestor looked at Yun Feng proudly. In his mind, he was deeply proud of the descendant of the Yun family! "If the summoner ancestor of the Yun family knows about this, he'd also be proud of you!"

"Do you know about the summoner ancestor of the Yun family?" Yun Feng was surprised. She had heard about this from the three elders of the Yun family. The ancestor knew about it too?

"Do you remember my best friend when you founded the Red Maple Mercenary Team?"

Yun Feng raised her brows. "Of course I do. Wasn't the ancestor and that senior the ones who founded the Red Maple Mercenary Team back then?"

"Haha, that's right. He's a knowledgeable person. I heard it from him. Of course, he also heard from others that an all-element summoner was born in the history of the Yun family!"

"So... ancestor, you also know the existence of the headquarters of the Yun family? You also know the ancient history of the Yun family?"

The ancestor was silent for a few seconds and finally nodded. "I didn't tell you this at first to make your progress more stable and for your long-term growth in the future."

Indeed, if he had told Yun Feng everything about the Yun family from the beginning, Yun Feng might have been a bit arrogant in her mind and it would have affected her understanding of the road of summoners. Perhaps she wouldn't have moved forward so steadily like she was right now. Her ancestor really put in a lot of effort.

"Thank you for your teachings, ancestor!" Apart from gratitude in her mind, there was only gratitude. Ever since she stepped into this world and embarked on the road of summoners, Yun Feng had been able to have such a good teacher by her side. She had avoided a lot of detours. She had learned too many lessons from her ancestor. If Yun Feng had to explore on her own, she would probably have to work twice as hard.

"Kid, you're stronger than I was back then. If I were alive, I would be ashamed of my inferiority!" The ancestor burst into laughter, but Yun Feng shook her head. "No, there's still a lot I don't understand. I'm far inferior to you."

This kid's humble personality didn't change at all. The ancestor nodded in satisfaction. "Kid, my remnant soul has been tortured by the Blood Souls for a long time. I'm afraid I won't be able to accompany you for long. That old guy might help you in the future."

Yun Feng's heart tightened! He wouldn't be able to accompany her for long... Was she really going to watch the ancestor's soul dissipate just like that? Even though she was sad in her mind, Yun Feng didn't show it. "Are you talking about that friend of yours back then, ancestor?"

"That's right. When he and I explored the world together, we suffered together for a long time and made some friends. After I returned to the Karan Empire, I didn't hear from him again. Perhaps he's already hidden and he's still alive."

"What's the name of that old senior? Feng will be lucky to meet him in the future."

"Haha, that old guy's name is a bit strange. Mo Yuanbu."

Mo Yuanbu... was truly a weird name. She didn't seem to have met anyone with the surname Mo along the way. She had never even heard of this name. "I will remember this. If I'm lucky enough to meet Senior Mo, I'll certainly respect him."

"His whereabouts are unknown. If you meet him, you're lucky. But it's normal that you don't meet. Thinking back, I didn't hear from him for a long time, but I knew his strength. He wouldn't have encountered any trouble."

"Is Senior Mo stronger than you, ancestor?"

"Haha! That guy is truly stronger than me."

Yun Feng smiled. "The ancestor should have no regrets in his life to have such a close friend."

"Yes." The ancestor suddenly sighed. "Unfortunately, we haven't had the chance to meet each other since we parted."

Yun Feng pondered in her mind. The soul of her Second Brother in You Yue's body was still a mystery, and the person who handed You Yue over to the You family to raise was related to the Yun family. Could he be her ancestor's best friend? Otherwise... who else could have preserved part of Yun Qi's soul in such a way?

Even though Yun Feng only knew the name of Mo Yuanbu, she more or less had some clues.

She chatted with the ancestor again, especially about the situation after the Blood Souls took him away. The Blood Souls had studied the ancestor's soul and even wanted to reconstruct his body! However, Yun Lan was just a wisp of soul after all and couldn't support a body at all. He was too weak compared to the soul. The Blood Souls finally gave up this plan.

"The Blood Souls thought they could learn something about the summoner bloodline of the Yun family from me, but look at what I am. It's just a remnant thought. They didn't find anything at all. They just didn't give up. They don't have the courage to attack the Yun family openly."

Chapter 1657: Entrance to the Beast Region (2)

"Even though they've never attacked the Yun family openly, they've already attacked other families." Yun Feng briefly told the ancestor what she had experienced over the years. The ancestor looked unusually serious after hearing that. "The purpose of the Blood Souls is too confusing. It's impossible for people to think clearly at all! I met Lord Tu in the base. Even though it was just a few words, it can be seen that the Blood Souls are very ambitious!"

"I've already fought with him twice. That Lord Tu should be one of the core members of the Blood Souls. His strength can't be underestimated."

"Kid, no matter what the Blood Souls do, they're still suppressing themselves and doing it in secret. This is an opportunity for you. You can take precautions before they do anything public. Once the Blood Souls do something real, I'm afraid the great changes in this world won't be far away."

Yun Feng nodded. At first, the Blood Souls were very careful, but the Blood Soul had already been much more high-profile! They had truly hidden themselves back then. Now, the Blood Souls didn't care if one or two of them were exposed! The Blood Souls had the Fantastical Beast in their hands and the powerful strength of their core members. Yun Feng only saw Lord Tu right now. Who were the core members of the Blood Souls? How many? These were all tricky problems!

Grade 7 of the God Level... Her current strength was still too weak in front of the Blood Souls and she couldn't shake it at all!

"Don't be hasty. You still have time, kid. As long as you have time, there's nothing you can't do." The ancestor said calmly and indifferently, completely calming down all the impetuosity in Yun Feng's mind. That's right. There was nothing she couldn't do when she was given time!

"Ancestor, if you enter my body again, you'll be even more weakened. Will it be better if you stay in this bottle?"

The ancestor was stunned. "How do you know about this? Did the other guy in your body tell you? Kid, when did you put such a guy in your body?"

Yun Feng was speechless. Could she say that she didn't know either? Such a huge thing was locked in her body for no reason. Until now, she couldn't see anything except those huge blood-red eyes. She could only hear the sound of huge chains dragging on the ground. She could only outline a blurry huge body with her imagination, which was all the same.

"Haha... I guess so. The thing in my body isn't harmful to me. I can only lock it up like this right now."

The ancestor chuckled. "It's fine as long as it's harmless to you. I'm relieved. That bottle is not bad. It's fine to stay inside." The ancestor's soul completely shrank inside. Yun Feng tightened the cork of the bottle with a slightly melancholic look. The ancestor's soul was destined to dissipate. What exactly could be done to ensure that her soul was immortal?

There was no solution to Yun Feng's question and there wouldn't be an answer anytime soon. However, the King of the Tian Yao Clan could tell her a little about the entrance to the Beast Region. However, when he learned that Yun Feng and Qu Lanyi wanted to enter the Beast Region, the King of the Tian Yao Clan's expression changed drastically and he was even a bit angry!

"The Beast Region? You're thinking of going to the Beast Region!" The King of the Tian Yao Clan slapped his hand hard, smashing a thick table into pieces and causing it to fall apart completely.

Yun Feng and Qu Lanyi looked at each other. Yun Feng said, "Your Majesty, can't we enter the Beast Region?"

"Do you think you can enter the Beast Region? You're overestimating yourself! Even the leaders of the three major clans don't have the strength and courage to challenge the Beast Region! You should give up this idea as soon as possible!" He rejected them without any room for negotiation!

Yun Feng certainly knew that the Beast Region was dangerous. After all, it was a space for Fantastical Beasts and some special creatures. She certainly knew how powerful they were, but just because the three kings didn't have the courage to go didn't mean that she didn't. She had to go to the Beast Region!

The communication with the King of the Tian Yao Clan lasted for the entire afternoon. The King of the Tian Yao Clan kept refusing them. In his eyes, Yun Feng and Qu Lanyi were just being arrogant because they had some ability! The King of the Tian Yao Clan even said that the entrance to the Beast Region was guarded by the three major clans together. It was useless even if he agreed! This made Yun Feng and Qu Lanyi very difficult.

The three races guarded it together, which meant that if someone wanted to open the entrance of the Beast Region, they had to get the permission of the three kings. To open this entrance, the combined strength of the three kings was needed. None of them could be missing.

However, Yun Feng and Qu Lanyi couldn't get anything from the three kings at all in their current situation, let alone the king of the Yi Feng clan. He and Yun Feng were like fire and water. Once they met, Yun Feng would be responsible for the escape of the princess of the Yi Feng clan. How would the king of the Yi Feng clan do something for Yun Feng?

Thinking of this, Yun Feng had a headache. The King of the Tian Yao Clan was a bit proud. Seeing Yun Feng and Qu Lanyi's disappointed expressions, he whispered casually, "The three clans are in charge of the entrance of the Beast Region, so they certainly have the responsibility to protect the people that come and go from the Beast Region. The two of you should cut off this thought as soon as possible. With your strength, you won't be able to return even if you enter."

Yun Feng and Qu Lanyi both smiled after hearing that and didn't mention the Beast Region anymore. The two of them looked at each other after the last king left. The same thought flashed through their minds. The three kings wouldn't open the entrance easily. So, the two of them might as well not bother them and try to open it themselves.

The King of the Tian Yao Clan was very smart and didn't tell Yun Feng the exact location of the entrance of the Beast Region at all. Just because he didn't tell her didn't mean that Yun Feng didn't know. She could tell with a little speculation that the entrance of the Beast Region certainly wouldn't be in the territory of any of the three races. It must be in a hidden place in a public area and there were layers of restrictions outside with masters watching over it!

As long as they found a place guarded by many masters, it would certainly be their destination. The two of them made up their minds. They didn't intend to stay in the territory of the Tian Yao Clan for long. Everything here had already come to an end. It was time to leave. They certainly couldn't tell the King of the Tian Yao Clan when they left this place. After all, the two of them had already revealed their intention to explore the entrance of the Beast Region. If they left at this moment, the King of the Tian Yao Clan would definitely be on guard. The two of them planned to leave quietly.

"Young Lady Lian, are you leaving?" Lun Sheng came to her door and went straight to the point. Yun Feng was stunned. How did he know?

"Leave? I don't intend to," said Yun Feng. Lun Sheng frowned slightly and was about to say something when Yun Feng interrupted him. "Even if I want to leave, it's none of your business."

Chapter 1658: Entrance to the Beast Region (3)

Lun Sheng was startled and his cheeks were a bit red. Yun Feng had always been indifferent to him. It could be said that she didn't have a trace of enthusiasm at all. Lun Sheng had unconsciously noticed Yun Feng during this period of time. The more he paid attention, the more he was attracted to her.

"Well... Of course... Of course it has nothing to do with me." Lun Sheng stammered and left in the end. Yun Feng raised the corners of her mouth. What a weirdo.

One month later, the two of them left the royal palace in the dark. The two of them weren't stopped along the way. Everyone knew that the King of the Tian Yao Clan valued the two of them. They walked out of the royal palace unimpeded. Yun Feng and Qu Lanyi smiled at each other and both flew into the sky, rushing towards the outermost area of the Tian Yao Clan.

"Young Lady Lian?" Lun Sheng walked around his room a few times and felt a bit uneasy in his mind. He pushed the door open and walked out to Yun Feng's room. He called out a few times, but nobody answered. He reached out and pushed the door open, only to be shocked! "Young Lady Lian!" In the empty room, Lun Sheng looked for a long time and still didn't see Yun Feng. He immediately panicked.

Very soon, the news that Yun Feng left the palace spread. Then, there was also news from the First Prince that Qu Lanyi was gone. After learning the news, the King of the Tian Yao Clan thought about it and felt that something was wrong. Logically speaking, these two people didn't know each other. Why did they leave together? Besides, they were both interested in the Beast Region... Not good!

"Damn it!" The King of the Tian Yao Clan roared furiously! These two people must be running towards the entrance of the Beast Region!

"Contact the leaders of the other two races immediately!" The King of the Tian Yao Clan gave an order. There was a commotion among the three core races in the Ten Thousand Beast Mountain Range. After the three kings met, the truth of the matter quickly surfaced, especially from the King of the Yi Feng clan. After combining all kinds of facts, he finally deduced that Young Lady Lian and Qu Lanyi were the humans who broke into the forbidden area of the Yi Feng clan back then. This time, it was completely lively.

Knowing that Yun Feng and Qu Lanyi were going to the entrance of the Beast Region, the three kings couldn't help but sneer. The three of them had to work together to open the entrance. Those two humans couldn't open it no matter what they did! It was truly a dream to enter the Beast Region!

"Since they're going to the entrance of the Beast Region, we'll catch them in a trap!"

"That's right. Only the three of us can open the entrance of the Beast Region. They're completely helpless. By then, we'll just capture them in one go!"

The three kings came in person. After all, this concerned the entrance of the Beast Region. If these two humans alerted some guys in the Beast Region, even one of them would be enough for the outsiders to suffer. The three kings didn't dare to be negligent. They only wanted to capture Yun Feng and Qu Lanyi alive as soon as possible.

Yun Feng and Qu Lanyi weren't as anxious as the three kings thought. After the two of them left the territory of the Tian Yao Clan, they didn't take action. Instead, they waited patiently for a few days. The unusual movements of the three races soon spread. The corners of their mouths curled up. They wouldn't move. Once the enemy made a move, their target would be obvious.

How vast was the public area between the three races? The two of them would take a long time to search like this. Besides, the Tian Yao Clan would find out that they were gone sooner or later. Their identities would be exposed sooner or later. The two of them had planned all of this. The more areas they moved to, the more clues they would have. Rather than searching without a target, it was better to let the three kings point them in the right direction.

As expected, a few days after the two of them left the Tian Yao Clan's territory, the three kings made a move. Powerhouses gathered in a public area. The three kings seemed to be coming in person. Yun Feng and Qu Lanyi looked at each other and smiled. The entrance of the Beast Region had appeared.

The two of them carefully approached the part of the public area that was crowded and stopped at a safe place. After all, it was the entrance of the Beast Region. Few people approached the outermost area at all. They were all experts who were guarding the aura layer by layer. The two of them didn't break in recklessly. Instead, they stopped at the edge of their exploration.

"The three kings don't seem to be here yet." The two of them sat on a huge tree. The dense tree shade completely enveloped them. The two of them also restrained their auras as much as possible.

"They should be here soon. The defense here is very tight. It'll be a bit difficult for us to break in." Qu Lanyi leaned against the tree trunk and said in a low voice, "It doesn't matter if they're in the outermost area. I'm afraid there are a few Gods guarding inside and the way to the entrance of the Beast Region. Even if we can get rid of the few Gods, we can't open the entrance. When the three kings arrive, we can only escape."

Yun Feng's black eyes darkened slightly. Indeed, it wasn't difficult to break in right now. The difficulty was how to open the Beast Region. The King of the Tian Yao Clan once

said that only three kings could open it. It seemed that there must be powerful energy to open the entrance of the Beast Region. There might even be a special array.

"The current situation is still a bit tricky." Yun Feng frowned. Qu Lanyi nodded. "There's nothing we can do even if we go in. Why don't we let the three kings go in first and we'll follow them secretly?"

"Follow them in secret? How can we beat the three kings and hide our auras? Besides, the Tian Yao Clan is good at capturing auras?"

Qu Lanyi chuckled. "If they're good at capturing auras, let them have no aura to capture."

Yun Feng frowned. "You can, but I..."

Qu Lanyi reached out and pulled Yun Feng into his arms. Yun Feng was slightly stunned. "Lanyi, what are you doing?"

"Shh... Don't move," said Qu Lanyi in a low voice as he wrapped his arms around Yun Feng even more tightly. Red spots appeared in his black eyes, like a fire burning slowly. Yun Feng saw them clearly. Red patterns on Qu Lanyi's chest spread up to his collarbone like leaf veins.

Yun Feng's black eyes widened abruptly! Her aura was gradually disappearing!

Qu Lanyi smiled with his black eyes and wrapped his arms around Yun Feng tightly. "Don't leave me."

Yun Feng lay in Qu Lanyi's arms quietly and felt that her aura was disappearing bit by bit. Rather than disappearing, it was more like she was covered by something inexplicable, until she lost everything she originally had! She was gradually merging with this space!

"Lanyi... What exactly do these red marks represent?" Yun Feng asked in a low voice. Qu Lanyi chuckled and the redness in his black eyes gradually deepened. "To be honest, I didn't know either. I only know that it has appeared since the end of the Heavenly Nirvana Trial. Every time the light and darkness changed, this thing helped me a lot."

Chapter 1659: Entrance to the Beast Region (4)

"... It's fine as long as it's harmless to you." Yun Feng heaved a sigh of relief in her mind. The two of them waited for a while. Soon, three powerful and magnificent auras came quickly from behind. Their eyes darkened slightly. They were here!

"Swish, swish, swish!" Three magnificent figures flashed past and collided. The entire space also became unstable. Yun Feng and Qu Lanyi sat here and waited quietly for the arrival of the three kings.

Three auras brushed past the two of them without stopping at all! Yun Feng's black eyes glittered, while Qu Lanyi stood up with a smile and held the beauty in his arms tightly. "Let's go. We'll follow them!"

The three kings walked forward alone without anyone following them. After all, the place they were going to was different. Apart from the three of them, the other powerhouses weren't qualified to come in no matter how close they were!

"Why do I feel that someone is following us?" The King of the Tian Yao Clan looked back suspiciously. After hearing that, the other two kings immediately spread out their auras and started an intensive search! Qu Lanyi followed them from afar with Yun Feng in his arms. Three auras intersected like radar and flashed past Qu Lanyi and Yun Feng again and again, but they didn't find anything.

"I can't detect any unfamiliar aura," said the king of the Yi Feng clan in a low voice. "Rather than being paranoid here, it's better to rush over quickly. The two humans are very cunning! If they find a way to break open the entrance, we'll be in big trouble!"

Thinking of what would happen after the Beast Region was alarmed, the three kings all darkened and sped up! Qu Lanyi followed them closely, while Yun Feng silently took out a jade pendant that was entirely green. She stared at it with her black eyes for a long time and clenched her fists. A stream of mental strength slowly seeped in!

Green light flashed. Qu Lanyi was slightly surprised to see that Yun Feng was connected to the green jade pendant that the old man gave them. After the green light flashed, an old and kind voice came from the jade pendant. "It seems that you've found something?"

Yun Feng held the jade pendant tightly and told him about the recent situation, as well as her and Qu Lanyi's guess. The green jade pendant was silent for a while and the voice said again, "I understand. It seems that it's true that the Blood Souls have a Fantastical Beast. Thank you, Yun Feng."

Yun Feng was silent. In the end, she finally took a deep breath. "Senior, I want to enter the Beast Region."

The jade pendant was silent again. In the end, a burst of laughter came. "Enter the Beast Region? You know the situation in the Beast Region and you still want to come in? Yun Feng, the Beast Region isn't a good place for you to explore. If you're careless, it's very likely that your life will be lost there. This is my advice to you. Fantastical Beasts aren't something humans can control, no matter who it is, including you."

Yun Feng pursed her lips. "I know that the Beast Region isn't a place to trespass, but I have a reason to go there!"

There was silence. Then, the green jade pendant flashed. "You have to go? With your current strength, you'll only die if you go in."

Qu Lanyi suddenly stopped with a hint of seriousness in his black eyes. This old man was right. What kind of place was the Beast Region? That was the territory of Fantastical Beasts! Yun Feng was only at Grade 7 of the God Level right now. The lowest level in the Beast Region should be at Grade 9 of the God Level or the elementary level of the God King Level...

"I've been thinking about this just then. I know that my strength hasn't reached the standard, but... to enter the Beast Region, I must open the entrance. To open the entrance, I must rely on the abilities of the three kings. I..."

"Haha." He chuckled. "When you reach the real God King Level, contact me with this. Even though you made a deal with me, it wasn't easy for you to tell me such important information in such a short period of time. Just treat it as my repayment. I'll take you into the Beast Region."

"Senior, is what you said true?!" Yun Feng was delighted in her mind. When she first met this old man, Yun Feng knew that he wasn't simple. Now, what he said even showed that he had the ability to open the entrance of the Beast Region alone!

"Of course it's true. However, we'll talk about it after you reach the God King Level. If you don't reach the God King Level and enter the Beast Region without permission, I won't interfere with whatever happens to you. Young man, you must hold back."

After saying that, the connection with the green jade pendant was cut off. Yun Feng raised her head and looked at Qu Lanyi. Qu Lanyi chuckled. "This old man is right. The God King Level is your bottom line when you step into the Beast Region."

Yun Feng looked ahead with her black eyes and finally nodded. That's right. The God King Level was the capital and bottom line for stepping into the Beast Region!

"As for those three old guys, we don't have to worry about them. We should find a place to cultivate in seclusion first." Qu Lanyi chuckled. It wasn't surprising that the plan changed at the last minute. After all, he was quite worried in his mind earlier. Now that the old man said that opening the entrance of the Beast Region wasn't a problem anymore, Yun Feng had to focus on increasing her strength right now.

The public area was the best place. The area here was vast and wasn't interfered with by any forces of the three races. Someone would certainly lead the way when she wanted to open the entrance of the Beast Region, and Yun Feng would be completely at ease. The two of them then left the area around the entrance of the Beast Region

silently and found a hidden place in this public area. Yun Feng then went into seclusion to cultivate.

When a Grade 7 God reached the God King Level, not only would there be a two-level leap in the middle, but there would also be an essential leap! From the God Level to the God King Level, she would face more problems and pressure. Every level crossing contained quite a lot of danger. Yun Feng didn't want to reach the God King Level right now. She had to reach Grade 9 of the God Level in the shortest time possible right now! Then, she would break through and reach the God King Level!

While Yun Feng was cultivating in seclusion, Qu Lanyi was undoubtedly the guardian. While protecting her, he was also cultivating. The two of them started cultivating in the corner, but the three kings became inexplicably anxious as time passed.

The three kings rushed to the entrance of the Beast Region and waited for a while, but they didn't see anyone! Were those two humans hiding? Or had they given up? The three kings were worried and unwilling, but they couldn't stay here. In the end, they could only return empty-handed. They increased the guards and monitored the area at the entrance of the Beast Region closely. The three races also reached an agreement in secret to search the public area secretly. After all, humans had broken in. The common goal of the three races was to capture these two humans alive!

Chapter 1660: The Hunt Begins (1)

The three races even mobilized five masters to form a joint search team and started searching this public area secretly. The three kings agreed that the two humans couldn't leave easily. They must be hiding and waiting for them to relax. Besides, these two humans were too cunning, so they certainly had to be on guard.

The fifteen experts split up and began the secret exploration of this public area. Yun Feng and Qu Lanyi, on the other hand, continued their cultivation in the corner. Their location was extremely remote. These experts searched extremely carefully. It would take some time for them to get close to the two of them, but it was only a matter of time.

Outside a cave, Qu Lanyi was sitting on the ground with his eyes closed. His aura surrounded him, looking extremely peaceful. The two colors of light and darkness slowly spun on his wrist, like two very gentle beasts. They were facing each other, but there was no conflict.

Tiny red patterns slowly extended from his wrist with a kind of bright red color. A faint powerful aura was brewing in this body and slowly spread throughout the endless area around him. Inside the cave, it was a different scene. Yun Feng sat on the ground surrounded by five-color light. Her mental strength began to cultivate with the help of the Golden Cauldron Fluid and her strength slowly increased as time passed. Yun Feng

couldn't use the Dragon Palace. With the help of the Golden Cauldron Fluid, the cultivation speed of her strength wasn't slow. Compared to ordinary people, Yun Feng was already fast, but this wasn't what she wanted. She wanted to be faster!

"Yun Feng, at your speed, how long will it take for you to reach the God King Level?" Red-Eyed's voice swept through her mind. Yun Feng couldn't help but grit her teeth. She certainly didn't need it to tell her this, but there was no better way right now!

"Do you have any good suggestions?" Yun Feng frowned and Red-Eyed smiled. "Haha! Of course I have suggestions! Rather than cultivating slowly like this, it's better to swallow Beast Souls! I haven't had anything good to eat for a long time. Yun Feng, it's good for both of us."

Yun Feng frowned. Devouring the Beast Souls... This wasn't a bad idea. After devouring the Beast Souls, her strength would indeed increase exponentially. However, her cultivation path had always been safe and focused on the foundation. If her foundation increased again and again, it would definitely not be stable. Even if she reached the God King Level, it would be bad for her future growth!

"Humph! Humans are indeed careful. You have to worry about this and that! If you continue cultivating slowly, you'll give the Blood Souls more time. By then... you'll be no different from now."

Yun Feng was silent. Seeing that she didn't seem to be moved, Red-Eyed couldn't help but feel a bit angry. "Your foundation is already very strong. It won't hurt you to increase your strength. Besides, even if your talent increases drastically after reaching the God King Realm, it won't hurt your strength."

"Master, it makes sense." Lan Yi's voice sounded. "Time is quite precious for Master right now. The sooner you reach the God King Level, the higher your chance of winning."

"Even though I don't like that guy very much, he's indeed not wrong." Little Fire also said. Then, Yaoyao, Er Lei and Sister Hua all spoke. The five contracted Magic Beasts were all a bit angry with Red-Eyed, but time was tight for Yun Feng right now.

"Got it." Yun Feng sighed softly as the five-color wheel returned to her body. "I can devour the Beast Souls, but the Beast Souls I want to devour must be above Grade 7 of the God Level. Otherwise, it won't help my strength. Do I have to go deep into the territory of the three races to find such a Magic Beast?"

"Hahaha, of course not. They'll come to you sooner or later."

Hearing what Red-Eyed said, Yun Feng raised the corners of her mouth helplessly. Send themselves to her door? If that was the case, she certainly wouldn't hold back.

Sensing that Yun Feng's aura was suddenly restrained, Qu Lanyi opened his eyes and was a bit worried that something had happened to Yun Feng. Why did she suddenly stop cultivating? He was about to go in to find her when Qu Lanyi's black eyes darkened and he swung his hand to attack!

"Boom!" A loud noise sounded and a deep pit was instantly created on the ground by the force! In the dust, a slender figure slowly walked out and looked at Qu Lanyi with a wry smile. "You're too vigilant. You knew it was me, but you still attacked?"

Qu Lanyi curled his thin lips and looked cold. "You're still here?"

"If you're still here, I certainly won't leave either. After all, there are some things that I have to get an answer from Young Lady Yun. Otherwise, wouldn't my trip be in vain?"

Qu Lanyi was still vigilant. He looked at Xuan Yi, who appeared in front of him again, and the alarm in his mind sounded. He didn't know when the guy left that day. He thought the guy would leave, but the guy was still lurking here and... found their hiding place.

"I can give you the answers you want. There's no need to disturb Fengfeng," said Qu Lanyi, but Xuan Yi chuckled and looked inside with his black eyes. "Looking at your defensive posture, is Young Lady Yun cultivating?"

Qu Lanyi raised his brows. Xuan Yi smiled casually and pushed the glasses on the bridge of his nose. "I've already met a lot of Grade 9 Gods along the way. I think the three kings still haven't given up searching and have already started a secret investigation here. It's only a matter of time before you're found. It's time for Young Lady Yun's cultivation to end."

Qu Lanyi was stunned! He had never thought about that. Those three old guys were indeed old foxes. They still hadn't let down their guard after so long and the search was also carried out secretly. It seemed that it was time for Fengfeng's cultivation to come to an end. They had to change places.

"Search in secret?" Yun Feng's voice appeared. Xuan Yi smiled. "Young Lady Yun."

Qu Lanyi turned around. Yun Feng had already walked out of the cave with an inexplicable smile on her face. "We're going somewhere else."

Yun Feng smiled and shook her head gently. "We don't have to change places. I'm waiting for them."

Qu Lanyi raised his brows and didn't say anything else. Xuan Yi took a step forward and smiled like a gentleman. "I'm relieved that Young Lady Yun is safe and sound. There was a reason for what happened that day. I didn't stay until the end. Please forgive me, Young Lady Yun."

Yun Feng chuckled. Whether he left or not had nothing to do with her at all. She wouldn't care. She heard the conversation just then. He appeared again to ask for an answer.

"There were no traces of Fantastical Beasts in that base. It was a place where souls were imprisoned." Yun Feng replied very conservatively. Xuan Yi chuckled after hearing that. "Got it. I'll be able to explain to the higher-ups. However, why are you cultivating here, Young Lady Yun?"
