

Genius Summoner

Chapter 1661: The Hunt Begins (2)

"You don't have to worry about that," said Qu Lanyi coldly. He was indescribably annoyed with this peer of the four families in front of him. In particular, the man's attentive attitude towards Fengfeng made Qu Lanyi even more upset! The Naxi family was on good terms with the Yun family. He had also revealed his identity in the Inner Area. Everyone should know about his relationship with Yun Feng right now. If the two hidden families had the intention to ask, they certainly knew. It was impossible for this kid not to know!

Knowing that they were a couple, this guy still dared to be so attentive to Fengfeng. Qu Lanyi was most enraged.

"I brought you information anyway. I'm just concerned about Young Lady Yun's situation." The smile on Xuan Yi's face didn't change. Qu Lanyi raised the corners of his mouth. Yun Feng grabbed his hand slightly. "Thank you. This information has indeed helped me a lot."

"It's certainly best if I can help you, Young Lady Yun. I didn't make this trip in vain. Since you still have your own things to do, I can't disturb you. I've always been a person who knows when to advance and when to retreat." Xuan Yi raised his head and looked at Qu Lanyi deeply. Then, he bowed slightly. "Young Lady Yun, I'll take my leave first."

Yun Feng replied and heard a gust of wind. Xuan Yi had already disappeared. Qu Lanyi said in disdain, "Pretentious."

Yun Feng smiled. Qu Lanyi looked back. "Why did you stop cultivating? Did you encounter some barrier?"

Yun Feng shook her head. "It's not a barrier. It's just that I can't use the Dragon Palace right now. My cultivation speed is limited. The longer I wait, the more disadvantageous it will be for me."

"What about the Golden Cauldron Fluid?"

"Although the Golden Cauldron Fluid can accelerate, it's still limited."

"The Dragon Palace can't be used and the Golden Cauldron Fluid is limited. If you want to make a breakthrough in a short period of time, you must have a special way."

Yun Feng chuckled. "The powerhouses we found are my strong springboard."

Qu Lanyi frowned suspiciously. "What do you mean?"

Yun Feng curled her lips as a glint of light flashed through her black eyes. "Their Beast Souls are what I want."

Hearing that, Qu Lanyi was slightly startled. Redness gradually appeared in the depths of his black eyes and he slowly raised his thin lips. "In that case, it's time for our hunt to begin."

The public area of the three races was a very vast area and the terrain was very complicated. It was very difficult to search for traces here. Besides, there were two humans who had completely hidden their auras. There weren't many obvious traces to follow. The fifteen powerhouses were all powerful, but they didn't find anything after searching for a few days.

"Those two humans are truly cunning. They hid their auras too well."

"We've searched at least a third of the area, but there's no trace at all!"

"If they're not in the search area of the other two races, they've already left this place."

The five powerhouses of the Yi Feng clan were all indignant. The fifteen members of the three races divided into three groups and searched together. The carpet search had already been going on for a while, but they didn't find anything at all. There weren't even any clues, let alone traces!

The five powerhouses were a bit angry. Were these two humans really still here? Even they, the Magic Beasts, couldn't hide so completely! Were they not breathing?

"Continue searching. Since the king hasn't said anything, we can't stop. The king hates those two humans deeply. The three races have also agreed that whoever finds them first will have the right to execute those two humans. For the king, we can't relax! We must find them in the shortest time possible!"

"Tut-tut, it's truly rare that the king of the Yi Feng clan still remembers us." A voice sounded out of thin air! The bodies of the five powerhouses of the Yi Feng clan stiffened! They appeared! It was those two humans!

A figure suddenly appeared from the tall tree. He had a slender figure, handsome facial features and a cold expression on his face. Qu Lanyi looked at the five people below coldly with his black eyes. "It's truly difficult for the King of the Yi Feng clan to be distracted for so long for us."

"You really haven't left this area. Humans, you can't escape!" The five powerhouses looked around. They should be two humans. The other human must be lying in ambush

somewhere else to distract their attention, but one against five, they really thought too highly of their own ability!

"Three Grade 8 Gods and two Grade 9 Gods," mumbled Qu Lanyi. Before the five experts understood what was going on, a black hand jumped out of Qu Lanyi's body and went straight for one of the Grade 9 Gods!

"Poof!" Without even having time to resist, the black palm directly penetrated this body! Scattered drops of blood flew everywhere! In an instant, he was killed!

"Argh...!" With a scream, the giant black hand dug inside the penetrated body fiercely and a semi-transparent soul was forcibly pulled out!

"What?" The four experts were dumbfounded. At this moment, they finally reacted and attacked together! Qu Lanyi stood on the tree and smiled coldly. Red spots surged out of his black eyes! He quickly retracted his black hand. The Beast Soul of the Grade 9 God had already been successfully captured!

"Roar...!" The roars of wild beasts appeared and a trace of coldness suddenly rose in the hearts of the four powerhouses!

Black shadows appeared on the tree one after another. Yun Feng slowly walked out of the dark. The God King Realm with surging aura made the four powerhouses dumbfounded! A God King! This human was a God King!

As Yun Feng made a hand gesture, the five contracted Magic Beasts jumped down from the tree at the same time and pounced on the four powerhouses of the Yi Feng clan. Roar, fighting and blood! The hunt had already begun!

"Did you hear anything?" Somewhere, the only God King among the five members of the Tian Yao Clan suddenly looked gloomy as he glanced around fiercely. Just then, a faint uneasiness suddenly rose in his heart, as if something had happened.

"No." The other four people expressed that they didn't know anything. The God King searched carefully and was still skeptical in the end. "Let's go!" As he gave the order, the five members of the Tian Yao Clan started searching again, but they didn't know that in a corner, the five members of the Yi Feng clan had already disappeared from this area quietly.

After swallowing the last Beast Soul, Yun Feng felt the excitement of Red-Eyed in her body. Swallowing five Beast Souls at once was a sumptuous meal for the red eyes. With the help of Red-Eyed, Yun Feng's strength also rose to Grade 7 of the God Level in an instant!

Chapter 1662: The Hunt Begins (3)

Five Beast Souls, one level higher! Such a speed of advancement could be said to be unparalleled!

Qu Lanyi was dumbfounded. She forcibly improved in such high intensity and such a short period of time. He feared that it would cause any physical harm to Yun Feng. However, Yun Feng didn't feel uncomfortable at all, which surprised Qu Lanyi again. Red-Eyed in her body was extremely excited at this moment. "Haha! More delicious food! Yun Feng, I'm waiting!"

Yun Feng thought she could improve it a bit more, but the power of the Beast Souls was limited after all. Five beasts for one level. It seemed that she had to find all the remaining Beast Souls to reach the God King Level!

"If the world knows that Master has such a way of advancement, won't those old guys be enraged?" The five contracted Magic Beasts were discussing secretly. Their strength had also increased forcibly after Yun Feng did. They were all very excited when their strength increased instantly.

"It's fine if humans know, but if the Magic Beasts know, Master will definitely be in trouble," said Lan Yi. The other four contracted Magic Beasts were also worried in their minds. Indeed, if the Magic Beasts knew about such a way of advancement, Yun Feng might face the hatred of the entire Magic Beast world. By then, there would really be endless trouble in the future.

Fortunately, this was a public area. These powerhouses searched in secret. Even if they disappeared from here, not many people knew about it. The three kings could only suffer in silence.

"What exactly happened?" A furious roar resounded in the forest! The God King of the Tian Yao Clan couldn't wait to crush the Sound Transmission Jade in his hand!

"M-Master, we can't contact anyone from the other two races... There's no reply!" The other four God Level experts looked at the unresponsive Sound Transmission Jade in their hands and were a bit panicked. The God King stood there and gritted his teeth so hard that they made creaking sounds!

"You can't reach out to any of them?!"

"N-No..." The other four Gods felt that something was wrong. "Master, did something happen to the other two races..."

"Even if something happens, we can't lose contact with all of them! Besides, there are five of them. Are they so weak that they can be slaughtered?"

Silence. Everyone was silent. After shouting, the God King also felt that something was wrong. There was no response at all. This situation was too strange!

"My lord, what should we do now..."

"Continue searching! We can't rule out the possibility that those two humans are behind it! It's just that the connection was cut off. It doesn't mean anything!"

"Yes, sir!"

After saying that, the God King glanced around fiercely. Then, he retracted his gaze and moved forward. The other four powerhouses immediately followed closely behind. Not long after the five of them left, two figures appeared in the dense leaves on a tall tree.

"He's quite calm." Qu Lanyi chuckled. Yun Feng also curled her lips. Her current strength was already at Grade 9 of the God Level! It was all because she swallowed the Beast Souls! She rose two levels in a row!

"If you want to break through to the God King Level, it seems that you must get that God King's Beast Soul," said Qu Lanyi. Yun Feng nodded and replied, "Indeed. The overall strength of the five members of the Tian Yao Clan is much higher than that of the other two races. After all, there's a God King. It's impossible to kill them in one go."

"Then let's get rid of the lackeys first, so that they don't get in our way in the end." The two of them followed behind quietly. The hunting operation had already reached the final stage!

The five experts of the Tian Yao Clan continued to search, but the atmosphere was a bit gloomy. During this period of time, they were still trying to contact the other two races, but they were like stones sinking into the sea. There was still no news from the other two races. The God King of the Tian Yao Clan couldn't help but look even gloomier. They remained silent along the way. The four God-Level experts followed behind. The atmosphere was also a bit stagnant and they were even more vigilant.

"Swish...!" A gust of wind sounded. The God King shouted furiously, "Who is it?" He waved his hand and his fighting energy surged out like a sword, shooting into the depths of the forest!

In the dark, Qu Lanyi and Yun Feng looked at each other. This God King was too vigilant. It was probably impossible for them to launch a surprise attack. In that case, they might as well face that guy openly!

"Swish, swish, swish!" Two figures appeared. The God King narrowed his eyes slightly. It was those two humans! They could follow him silently. They were quite capable.

Without a word, the God King had already attacked! The other four Gods also joined forces! Yun Feng and Qu Lanyi looked at each other. Their strength also burst out in an instant! The God King Level!

They were all God Kings! The five members of the Tian Yao Clan were all shocked! However, they might not have a chance of winning in a two-on-five battle!

"The four of you will work together to deal with one of them. Leave the other to me!"

The five experts split up. Four of them pounced on Qu Lanyi, while the God King pounced on Yun Feng!

The strength of four Grade 9 Gods overlapped was equivalent to two God King experts, and the level of tacit understanding among these four people increased their strength again!

Yun Feng waved her hand and the five-element Rings of Contract appeared! Five beams of light directly surged out. The God King's pupils shrank when he saw this! A five-element summoner! Such a heaven-defying person appeared among humans! And she was even one of the summoners! Such a human existence was a great enemy for Magic Beasts! They must find an opportunity to kill her!

The thought of capturing her alive was instantly replaced by killing intent! Yun Feng keenly noticed the change in her opponent's gaze. That was the killing intent that wanted to destroy her!

"Human, you must die!" The God King roared as the aura of a Magic Beast surged out! With a shocking roar, he completely transformed into a beast! He had a huge body, sharp claws and those unusually huge Magic Beast eyes!

"Roar, roar, roar...!" With a few consecutive roars, all the Magic Beasts turned into their original bodies!

Yun Feng took a deep breath and looked at the killing intent and rage that shot out of the eyes of the Magic Beast in front of her. She suddenly raised her hand high and a huge yellow hand suddenly jumped out of the ground, grabbing fiercely!

"Roar!" A pair of wings appeared on the enemy's back. Yun Feng's black eyes darkened. The original body of the Tian Yao Clan had the ability to fly!

"Human, die!" The Magic Beast in the sky rushed down fiercely with the sound of the wind. Yun Feng curled her lips and tapped the air with the tip of her foot. The aura of the Sea Clan in her body suddenly jumped into her palm and transformed!

Her slender human body jumped up from the ground and went straight into the sky! Yun Feng's pupils turned into vertical lines. She aimed her sharp claws at a certain part and swung them down fiercely!

Chapter 1663: The King's Transformation (1)

With a miserable wail, the wings on the back of the member of the Tian Yao Clan flapped and he escaped in panic with the original body of the Magic Beast of the Tian Yao Clan. The God King looked at the bloody wound on his belly and his beast eyes became vicious. What was wrong with the aura of the Magic Beast in her body? How could there be the aura of a Magic Beast in a human's body? Besides... she used it so freely!

There must be something strange about this human!

"Whoosh! Whoosh!" The wings on his back flapped slowly. The God King of the Tian Yao Clan didn't dare to attack easily. He looked at Yun Feng carefully from a distance. With the help of Yun Feng's five contracted Magic Beasts, it was easier for Qu Lanyi. The four Magic Beasts who had transformed into their original forms were much stronger. However, it was certainly not a problem for Qu Lanyi.

"You guys, go help Fengfeng. I can deal with these four by myself!" Qu Lanyi said loudly. Sister Hua snorted coldly. "If it weren't for Little Yun Feng, I wouldn't have bothered to help you at all!" Sister Hua turned around and left. The other four contracted Magic Beasts didn't know what to do when they saw that.

"I said, go to Fengfeng!" Red spots rose deep in his black eyes! Er Lei shivered and immediately ran to Yun Feng without another word! Lan Yi immediately pulled Yaoyao and turned around to leave. Little Fire hesitated for a few seconds and immediately turned around to run over.

"Why are you here?" Seeing that the five contracted Magic Beasts were all here, Yun Feng couldn't help but feel shocked. Sister Hua fiddled with the long hair at the back of her head and there was a hint of coldness in her green eyes. "Little Yun Feng, I'm more concerned about you."

The other four contracted Magic Beasts had different expressions. Yun Feng pursed her lips. Lanyi's strength shouldn't be a problem. She could take down this God King in front of her in one go! Seeing that the five contracted Magic Beasts were gathered around Yun Feng and they were all extraordinary, the God King of the Tian Yao Clan couldn't help but feel his heart sink. One on one was fine, but how would he have the chance of winning if it was six against one?

He gritted his teeth and waved his hand! He held a small jade pendant in his hand and squeezed it fiercely. A tiny fluctuation spread from the sky like lightning!

"Fengfeng! Get rid of them quickly! Otherwise, the trouble will come soon!" Qu Lanyi shouted loudly and had already moved! Yun Feng immediately understood what Qu Lanyi meant. The God King smiled coldly. "Human, you can't escape!" He crushed the jade pendant. The three kings certainly knew where they were! As long as he could stall them, the three kings would have a chance to kill them when they arrived!

"Come back!" A shout! The four Grade 9 Gods who were fighting with Qu Lanyi immediately retreated and gathered around the God King. Qu Lanyi and Yun Feng's black eyes darkened slightly. The two of them attacked at the same time. This attack would definitely disperse these five people completely!

"Hahahaha!" A burst of laughter resounded in the sky!

Three figures ran crazily with the pressure of Mount Tai! Yun Feng's heart sank. They came so quickly! The three kings caught up with her at an unexpected speed and arrived instantly!

"It's indeed you." The King of the Yi Feng clan stared at Qu Lanyi and Yun Feng viciously. Both of them took off the Thousand Shadows Mask and showed their original appearances. The King of the Yi Feng clan wouldn't forget these two faces even until he died! Especially... after her Beast Soul returned to the clan! If it weren't for them, she wouldn't have died!

"Humans... I really didn't expect this." The King of the Tian Yao Clan's face was cold. He had the mentality of being played fiercely, which made him a bit embarrassed as the king of a race. Being played by humans without discovering the truth was truly too damaging to his dignity as a king!

The other leader was expressionless. He was chasing Yun Feng purely because of the grudge between the Magic Beasts and humans. There was no personal grudge.

"Even if you're a five-element summoner, you don't have any chance of winning against the three of us," said the King of the Yi Feng clan. Yun Feng and Qu Lanyi both looked gloomy. The two of them certainly knew that the strength of the three kings was above theirs. They didn't have any chance of winning even if they joined forces! Even if they wanted to escape, they only had a 10% chance of success! The five contracted Magic Beasts also looked quite depressed. If the three kings joined forces, they probably wouldn't be able to escape!

Yun Feng gritted her teeth. She couldn't be captured alive!

Qu Lanyi reached out and held Yun Feng's hand in his palm, pulling her very close. Their heartbeats came from their palms. The momentum in their bodies was brewing

and was on the verge of eruption! Yun Feng thought that she still had a chance of winning! She still had trump cards!

"Capture them alive first!" The King of the Tian Yao Clan shouted! The three kings had already attacked together! Yun Feng and Qu Lanyi's black eyes darkened and they clenched their fists even tighter!

"Wait!" A beam of green light suddenly shot from the sky, forcing the three kings to take a few steps back! Yun Feng and Qu Lanyi both turned around and saw a sage-like old man appear in the sky. Yun Feng was stunned. It was that old man?

The three kings were all shocked. The three of them turned around and were about to speak when the old man glanced over with his wise and deep black eyes and an aura came down from above! The pupils of the three kings shrank fiercely and their bodies inadvertently trembled a few times!

"M-Master..." The king of the Yi Feng clan said with an extremely depressed expression. The old man slowly came with an unfathomable look. His aura completely overshadowed that of the three kings!

"Senior." Yun Feng called out in a low voice. The pupils of the three kings shrank again! The old man chuckled and put on a kind smile that he hadn't shown in a long time. "Your strength has increased very quickly."

Yun Feng raised the corners of her mouth. Qu Lanyi raised his brows. It seemed that with this old man here this time, those three old guys wouldn't dare to do anything to them.

"My lord! This human entered the Ten Thousand Years Mountain Range without permission and even tried to enter the Beast Region!" The King of the Tian Yao Clan quickly said with a layer of cold sweat all over his body. "We certainly can't let go of such a bold human! I wonder... what do you mean, my lord?"

The old man raised his brows and glanced at the three kings with his black eyes. "I will bring this little friend into the Beast Region myself. You don't have to interfere."

"W-What?" The three kings all raised their heads in shock. "But my lord, she's a human being. How can she enter the Beast Region?"

"Since when are you qualified to talk about the matters of the Beast Region?" The old man said in a deep voice. Once he said that, the three kings all turned a bit pale! They, who were ruthless in front of Yun Feng just then, were like docile sheep in front of the old man!

Chapter 1664: The King's Transformation (2)

Yun Feng and Qu Lanyi certainly knew that the old man's background was powerful. The three kings were like tame sheep in front of him, which showed that the old man didn't have an ordinary identity in the Beast Region.

"You don't have to interfere with what happens to her in the future." After saying that, the old man turned around and smiled at Yun Feng lightly. "You're only one step away from the God King Realm. I'll wait for you."

The three kings were shocked again after hearing this! Yun Feng nodded. The old man chuckled and glanced at the three kings with his black eyes. He didn't say anything else. His body suddenly disappeared from the void.

The three kings stood there with cold sweat all over their bodies. After the old man left for a while, the king of the Yi Feng clan clenched his fists tightly and stared at Yun Feng fiercely. "I didn't expect you to have such ability! You know a big shot from the Beast Region!"

Yun Feng chuckled and knew that her crisis was finally resolved. Even though the old man only said a few words, the meaning in his words couldn't be clearer.

"It's a pity that I didn't take this opportunity to finish you off." The king of the Yi Feng clan was very unwilling and looked extremely vicious. Yun Feng curled her lips. "You won't have such a chance in the future."

The King of the Yi Feng clan's temples throbbed fiercely and the muscles on his jaw twitched fiercely. The resentment that had been accumulating in his heart for a long time kept accumulating, but there was nowhere to release it! That lord said himself that she was under the protection of that lord! He couldn't touch her!

"Don't think that I'll let you go just because you're under the protection of that big shot! Let's go." The king of the Yi Feng clan said. The other two kings certainly understood that as things had come to this point, they didn't have any room to interfere anymore. Since that lord said so, they must acquiesce to Yun Feng's existence! No matter what Yun Feng did, they had no right to interfere!

The three kings left reluctantly with the few dumbfounded subordinates. Who would have thought that a human would know a big shot from the Beast Region? How exactly did they know each other? The three kings couldn't figure it out no matter how hard they thought!

"Master, that old man..." Lan Yi hesitated for a long time before he spoke, but Yun Feng waved her hand. "We'll certainly know everything after we enter the Beast Region."

"You're still one step away from the God King Level," said Qu Lanyi. The corners of Yun Feng's mouth curled up. "The Beast Soul is no longer needed. It should be satisfied after swallowing so many."

Yun Feng planned to go through the rest of her cultivation step by step. Having swallowed so many Beast Souls, Yun Feng's strength had already been pushed to the peak of Grade 9 of the God Level. As long as she cultivated carefully and waited for the moment of breakthrough, it certainly wouldn't be a problem and she didn't need to swallow the Beast Souls anymore. With the protection of that old man, Yun Feng didn't have to be afraid of the movements of the three races anymore. The three kings could only endure it and didn't pursue her anymore.

In the public area, Yun Feng cultivated carefully and waited for the day of breakthrough quietly. Even though she was only one step away, what she had to cross was definitely not just one step!

Time passed and his aura accumulated. Qu Lanyi waited quietly next to Yun Feng. The aura of Grade 9 of the God Level circulated throughout his body. The concentration of his mental strength reached the peak! It suddenly jumped out of Yun Feng's body! Like a thread, it began to envelop Yun Feng's body layer by layer!

Layers of mental strength that were as thin as silk kept covering her and finally enveloped Yun Feng completely, like a huge cocoon! Continuous mental strength swam and flowed between the threads, and Yun Feng was the butterfly in this cocoon that was waiting to break through!

Colors surged out of Yun Feng's body one after another and stained these thin threads, as if they were coating different colors on the pure white cocoon! One color, two colors, three colors, all the way to five colors! The five colors all gathered outside the giant cocoon. The thin threads tightened and the five colors all froze!

A glint of darkness flashed through Qu Lanyi's black eyes. "The transformation of the God King is finally about to begin."

In the five-color cocoon, Yun Feng was completely enveloped. She couldn't hear any sound from the outside world. Her entire mind was immersed in an unusually comfortable state, as if she had returned to her mother's womb. She was so at ease and relaxed.

Stepping into the God King realm was like returning to the original state. All the ostentatiousness would start from scratch. This was a kind of self-reflection and also a kind of self-improvement.

In the God King Realm, the word "truth" was important.

There was no impurities in anything. Like a lotus flower that broke out of the mud, she would be facing a new and beautiful sky, pure and sweet air.

Yun Feng had such a feeling at this moment. The brewing of her strength was like a drizzle, accumulating bit by bit. Her entire body was like soil that was about to germinate. Something was stirring, like a plant that was about to grow and break out of the ground!

"This should be the so-called cycle of life." Sister Hua's voice slowly floated into Yun Feng's mind. "In this world, no life has truly died. When a kind of power dies, a new kind of power will definitely rise slowly and endlessly."

Yun Feng curled her lips and smiled. That's right. There was no ending or death in this world. They were just replacing each other.

Every time she reached a certain height, Yun Feng's level of thought had also increased to different degrees and her understanding of things was also increasing. As her strength kept rising, her mind also became calmer. This meant that her mind was like peaceful water.

Yun Feng took a deep breath. Even though she was surrounded by darkness, the air she breathed in had a freshness that couldn't be described. Yun Feng felt like she was a seed buried in the soil. She only needed to break out of the ground!

Wait. What she needed right now was to wait quietly.

There had been no movement inside the five-color cocoon, and Qu Lanyi wasn't panicked at all. Reaching the God King Level required a kind of transformation. Everyone's way of transformation was different. At least, the way he and Fengfeng transformed was different. Fengfeng's transformation was more like a rebirth. How beautiful would she be after the cocoon cracked?

"When the flowers are more mature, it's time to pick them." Qu Lanyi watched in fascination with a faint smile on his thin lips. He casually brushed the short grass next to him with his hand and continued to look forward to it in the depths of his heart.

As time passed, the seed in the giant cocoon finally germinated and broke the ground!

The five-color air current flowed faster in Yun Feng's body and didn't miss a single corner of her body! Her body was filled with a fresh smell from the inside out. Yun Feng only felt that the seed in her body had finally broken out of the ground and she would undergo a complete change!

Chapter 1665: Lightning (1)

"Boom—" A loud noise flashed in the sky. Qu Lanyi raised his black eyes, which were full of confusion! Thunder? The sky was clear and there were no dark clouds at all. Qu Lanyi was wondering when another loud noise suddenly occurred!

"Boom—" It was even more real and fierce!

Qu Lanyi narrowed his eyes and listened to the thunder that approached from afar. He felt that something was wrong. He had never heard of being struck by lightning when anyone broke through to the God King Level! Facts soon confirmed Qu Lanyi's guess. A bolt of lightning flashed in the sky!

Qu Lanyi was shocked. He suddenly raised his head. At some point, a thick cloud had already arrived above Yun Feng's head. Faint thunder came from inside. Qu Lanyi looked carefully. There were five different colors rolling in the cloud!

"Boom..." A beam of light suddenly fell from the sky and smashed straight at the giant cocoon that enveloped Yun Feng! Qu Lanyi quickly attacked, but he didn't expect that his mental strength wouldn't work at all under this thunderbolt!

"Crack!" A beam of red lightning struck the giant cocoon fiercely! Sparks of fire rose everywhere. Some of them directly stuck to the ground and burnt a small area of grass to ashes!

Qu Lanyi looked up. Five colorful dragons kept rolling in the clouds. He thought for a moment and retracted all his strength. This might be one of the tests for Fengfeng. If he interfered again, it might cause the opposite effect. Besides, the power of the lightning was far beyond his imagination!

The five colors rolled back and forth as faint thunder came from the clouds. It seemed that the second thunderbolt was about to descend!

Yun Feng, who was inside the giant cocoon, had already woken up completely after the first thunder, but she didn't do anything and couldn't do anything! The fiery red power of thunder smashed down fiercely just then, which also shocked her! This power was as strong as Grade 6 of the God Level!

Fortunately, Yun Feng's current strength was at Grade 9 of the God Level. It wasn't a big deal for her to withstand an attack of Grade 6 of the God Level, but it was a bit too much for her.

"Although I don't know why there are thunderbolts, the first one has elements! It seems that there should be four more! And the power of the thunderbolts will also increase gradually!"

"Boom..." Yun Feng's guess had just passed when thunder came faintly from outside the darkness again. Yun Feng's black eyes darkened. It was here!

"Crack!" The second thunderbolt carried bright blue color! And the power of this thunderbolt had already reached Grade 7 of the God Level!

One level higher for every new thunderbolt? Qu Lanyi raised his brows. Since the lightning had elements, the fire element and the water element had already passed. It seemed that there were three more.

"It's the water element this time..." Yun Feng took a deep breath. As the blue lightning struck, a stream of damp water vapor suddenly surged out, which was a stark contrast to the warmth just then. She couldn't let her guard down. There were still three more!

Faint thunder sounded again, as if it didn't want to let Yun Feng go easily. The few colors that kept rolling in the thick clouds made Qu Lanyi very worried. If she couldn't withstand the last attack, Yun Feng's efforts during this period of time would be completely in vain. It was very likely that her strength would forcibly decline. The gains didn't make up for the losses.

For Yun Feng, she could only succeed and couldn't fail!

"Boom..." The third thunderbolt came as expected! This time, it was bright green! The wind element!

Yun Feng gritted her teeth secretly. The wind element had always been known for its speed. Its power shouldn't be too obvious. She could still withstand Grade 8 of the God Level right now!

"Crack!" A force slashed down from the sky! Cracks had already appeared on the five-color cocoon around Yun Feng. The three bolts of lightning cracked the five-color cocoon. It had to be said that the strength of the thunderbolts wasn't as simple as she thought!

"Master!" The five contracted Magic Beasts were all very worried. Even though Yun Feng could withstand it, these five bolts of lightning came down one by one! The power increased each time. Together, it was far beyond Yun Feng's endurance.

"I'm fine, but this shell will crack if it's struck again." Yun Feng smiled wryly and looked at the darkness that completely enveloped her. A few tiny cracks had already appeared, but the fourth thunderbolt didn't fall!

"The fourth element... I'm afraid it'll be the thunder element." Yun Feng whispered. The thunder element was the most irritable element among the seven elements and its attack power was the strongest! Its explosive power was unpredictable!

Yun Feng couldn't help but break out in cold sweat. How badly would the fourth thunderbolt destroy this shell?

"Boom—" Without any time to react, the fourth thunderbolt had already struck fiercely! The sudden burst of power rushed down. Qu Lanyi's heart pounded fiercely! This was Grade 9 of the God Level!

A real Grade 9 God! The power of Grade 9 God slashed down and hit the giant cocoon fiercely! Silver snakes danced crazily and silver flowers splashed everywhere! The giant cocoon let out an uncontrollable cracking sound under the attack of this astonishing power!

"Crack! Crack! Crack!" It was as if the eggshell was about to shatter. Tiny cracks covered the giant cocoon densely, like a fragile eggshell that was about to shatter. With just a gentle touch, the giant cocoon would completely shatter! And the fifth thunderbolt didn't take any time. It followed closely behind! And the power of the fifth thunderbolt was about to reach the God King Level!

"Oh no!" Qu Lanyi looked at the fifth thunderbolt that was about to fall from the sky and immediately rushed over. Yun Feng, who was inside the giant cocoon, also clearly noticed that there was a faint power waiting to be unleashed in the frozen air outside!

The fifth thunderbolt came so quickly! Yun Feng was shocked. Her fastest reaction speed wasn't as fast as the time when the thunderbolt landed! The fifth thunderbolt was also the last one. The God King Level!

"Boom..." Golden lightning struck fiercely from the sky. Under the sweep of this power, the giant cocoon that enveloped Yun Feng turned into pieces and was completely sent flying! Qu Lanyi widened his black eyes. His body was pushed back by the aftershock of the power and he retreated a long distance!

By the time Qu Lanyi arrived, the giant cocoon had already been shattered. There was a pit more than ten meters deep on the flat ground! Yun Feng also disappeared!

"Fengfeng!" Qu Lanyi shouted loudly. What replied him was only dust that filled the sky. Qu Lanyi looked at the deep pit in front of him in a daze. He was a bit confused. Where was Fengfeng? Even if that was the power of the God King Level just then, even if it could hurt her, it couldn't have killed her!

Chapter 1666: Lightning (2)

"Crash, crash." At the bottom of the pit more than ten meters deep, the faint sound of movement sounded. Qu Lanyi immediately jumped up with the tip of his foot and rose into the sky! Countless vines suddenly jumped out of the deep pit, breaking the ground into pieces! Yun Feng was lifted up in the dense vines. Qu Lanyi was immediately relieved to see that. As expected, she didn't suffer any injuries.

"You haven't reached the God King Level yet?" Qu Lanyi sensed Yun Feng's aura carefully. Her current aura was still a bit weak. If the five thunderbolts just then were a test, she had already passed perfectly and should have directly entered the God King Level!

"Boom..." Another thunderclap! Qu Lanyi suddenly raised his brows. The thick cloud that sent the thunderclap didn't leave at all! It seemed that the sixth thunderclap was about to descend! What was going on? Qu Lanyi was surprised. Five-element Magic Beasts corresponded to five thunderclaps. Why did it continue?

Yun Feng stood in the vines and looked at the sky with her black eyes. There were faint sounds of thunder. The five colors that kept rolling had already faded quietly. The sixth thunder was brewing. It wouldn't be long before it happened as expected! Yun Feng knew very well in her mind that five-element Magic Beasts certainly corresponded to five-element thunderbolts, but she didn't contract just five. There was also Meatball, whose Ring of Contract didn't appear after the contract!

It corresponded to the sixth thunderbolt!

The sixth one!

Qu Lanyi looked at the thick clouds that had been lingering in the sky for a long time. The five colors had already disappeared! Wasn't it a five-element Magic Beast? Why was there a sixth thunderbolt? What exactly was going on? Qu Lanyi stared at the clouds and had already felt how strong the sixth thunderbolt would be! If it hit Yun Feng... Qu Lanyi lowered his black eyes and rushed forward without hesitation. He waved his hand! The dark dragon roared!

"Lanyi!" Yun Feng suddenly shouted when she saw Qu Lanyi's dark elements. The sixth lightning seemed to be outside the rules, but it was actually within the rules! It was impossible to dodge!

"Boom—" The sixth thunderbolt struck without any warning! It directly tore Qu Lanyi's darkness dragon into two!

Qu Lanyi was slightly stunned! The power was so strong! Yun Feng was also shocked. The power of the sixth thunderbolt that belonged to Meatball was so strong!

"Boom..." Another thunderbolt shot out, heading straight for Yun Feng this time!

"Fengfeng!" Qu Lanyi's body flashed, but he was directly shaken away by the aftershock of the power!

The thunderbolt came head-on with a power that made people awe! Yun Feng gritted her teeth hard and tasted some blood! She must take the sixth thunderbolt! She couldn't use any external force. She must use this body to take it firmly!

Yun Feng closed her black eyes and spread her arms. Her entire body was spread out completely, facing the lightning. She didn't dodge!

"Master!" The voices of the five contracted Magic Beasts flashed through Yun Feng's mind. Yun Feng turned a deaf ear to them. There was a mysterious force guiding her to accept all the tests so calmly and bravely!

The lightning struck down and hit Yun Feng's body!

"Boom..." There was a shocking explosion and a beam of light suddenly burst out of Yun Feng's body!

"Well done, Yun Feng." A gratified voice appeared in her mind. Yun Feng opened her black eyes. There seemed to be a huge head looking at her in the dazzling light. Those gentle black eyes looked at her through the dazzling light with so much relief and surprise.

Yun Feng slowly curled her lips and extended her arms forward, hugging a ball of light and a warm body. Her soft face brushed against the exposed skin all over her body, which was so comfortable and reassuring. Yun Feng tried to reach out her hand and touch it. The huge body surrounded her with the same warmth. Yun Feng chuckled and buried her head in the warmth. The power that had been accumulating in her body for a long time completely burst out at this moment!

Light, extremely dazzling light. Ever since the sixth lightning struck, the light hadn't stopped. Ripples spread around Yun Feng, accompanied by unusually huge energy fluctuations. This fluctuation shocked Qu Lanyi!

The energy fluctuation had already risen to the God King Level!

"What exactly happened?" Qu Lanyi looked at the dazzling light that enveloped Yun Feng and slowly narrowed his black eyes. Where exactly did the energy fluctuation come from? Was it from inside Fengfeng's body or something else?

The light was dazzling. After more than ten seconds, it slowly dissipated. Yun Feng, who was wrapped in it, was also revealed. She slowly opened her eyes. Yun Feng looked at Meatball in her arms with a smile, who looked back at Yun Feng with its grape-like big eyes. Yun Feng's heart felt warm. She carried her chubby little body to her cheek and rubbed it a few times.

Meatball struggled a few times and let Yun Feng do it. Everything returned to the calmness just then.

"Fengfeng, are you alright?" Qu Lanyi immediately rushed over and sized her up. Yun Feng chuckled. "I'm fine. Everything went well."

Qu Lanyi glanced at Meatball, which was sitting on Yun Feng's shoulder, and said, "Your strength has already risen to the God King Level and your aura has already stabilized. However, what's with the sixth thunderbolt just then? Did it affect your body?"

Yun Feng chuckled and turned around to look at Meatball. Meatball grunted and turned its little head to the side. Yun Feng said with a smile, "It's reasonable that the sixth Thunderbolt came. This is also my contracted Magic Beast."

"What?" Qu Lanyi was surprised. The sixth Magic Beast she contracted! "Where's the Ring of Contract?"

Yun Feng smiled. "It doesn't exist."

Qu Lanyi raised his brows. It doesn't exist?! The contracted Magic Beast didn't have a Ring of Contract! What kind of logic was that? Everything was still inconclusive and couldn't be explained logically. Meatball next to Yun Feng was already mysterious enough. It didn't matter if there was another secret.

Yun Feng successfully advanced to the God King Level. The sixth thunderbolt just then became the key to her advancement. Na Xie's appearance just then indeed surprised Yun Feng. However, Yun Feng was also grateful to the sixth thunderbolt for being able to see Na Xie for the second time at such an opportunity.

"Those three old guys should know that you've advanced to the God King Level."

"Already?"

Qu Lanyi smiled helplessly. "Wasn't the commotion just then loud enough? Anyone with some strength can probably feel it."

That was indeed the truth. There were indeed some changes when someone advanced to the God King Level, but she was the first to make such a huge fuss. Besides, Yun Feng didn't know that the aftershock of the power she emitted when she advanced to the God King Level wasn't at the God King Level! It was far beyond the God King Level!

Chapter 1667: Entering the Beast Region (1)

The expressions of the three kings could be said to be a good show at this moment. After experiencing the aftermath of such a shocking power, the hearts of the three kings were all in chaos! What kind of power was that? A power that far exceeded the God King Level! Was the aftershock of the power emitted by that human? How was that possible? Did she have a backer?

As the three kings thought about this, their minds were already in chaos. No matter how much grudge they had against her, they all understood that they were no longer qualified to interfere with Yun Feng! It wasn't something they could interfere with!

"You've reached the God King Level. It's time for us to go to the Beast Region," said Qu Lanyi in a low voice. Yun Feng nodded and took out the jade pendant the old man left behind. Her mental strength, which had already reached the God King Level, slowly seeped in. The green jade pendant emitted a faint green light.

"God King Level? You've reached such a level in such a short time. I was right."

Yun Feng smiled. "Senior, do you still mean what you said back then?"

The old man chuckled. "Of course. Since you've met my request, I certainly have to fulfill promise to you. Just wait for me."

After the connection was cut off, Yun Feng slowly heaved a sigh of relief. It was certainly good to have this old man lead the way into the Beast Region. However, even if the old man had a certain status in the Beast Region, he was just a guide right now. After entering the Beast Region, everything depended on her.

There were even more strange and powerful races gathered in the area where the Fantastical Beasts lived. How could she find her master? How could she leave with her master?

"Fengfeng, what do you plan to do after entering the Beast Region?" asked Qu Lanyi. "Do you know the exact location where your master is imprisoned?"

Yun Feng shook her head. This was also what gave her a headache. "After entering the Beast Region, we're in an awkward situation. And the Fantastical Beasts..." Yun Feng frowned. Qu Lanyi walked to her and rubbed Yun Feng's shoulder gently. "I have an idea."

Yun Feng looked up. Qu Lanyi lowered his black eyes and said slowly, "The Beast Region should be understood as the world at the top of the pyramid of Magic Beasts. The species living there must be extraordinary. We certainly can't hide our identity as humans. We can't move freely in that place at all. If we do anything wrong, we might end up like your master. It's impossible to save your master in secret. Since we can't do it in secret, we might as well be honest about our purpose."

"You mean... We'll tell the Beast Region that I'm here to find Master?"

"That's right." Qu Lanyi nodded. "No matter how strong your master is, he shouldn't be a match for a Fantastical Beast, or he wouldn't be trapped in the Beast Region. He's lived until now, which shows that those guys in the Beast Region didn't intend to kill him. Otherwise, it would be very difficult for your master to survive."

Yun Feng nodded. Qu Lanyi was right. They didn't kill her master in the Beast Region. He was just imprisoned. It was obvious that the Beast Region was tolerant of humans.

"Our purpose of entering the Beast Region is simple. I believe those old guys in the Beast Region should understand. We just need to say that we'll take your master away. We won't disturb them at all. It should be fine."

"Yes, you're right. Master also said that he broke into the Beast Region recklessly back then, which led to the current consequences. He still regrets it now. The Beast Region should be tolerant of humans. As you said, just show us our purpose."

The two of them agreed on everything. They would try their best not to use force in the Beast Region. Even if they did, how would they be a match for those guys? Besides, there was the Fantastical Beast!

"Yun Feng, are you ready?" The old man soon arrived. Yun Feng smiled politely. "Senior, I'm ready."

The old man smiled kindly and nodded in satisfaction. "If you're ready, let's go." The old man glanced at Meatball on Yun Feng's shoulder and smiled even more happily. "It's been a long time since I last saw you. You seem a bit better."

Meatball grunted a few times as an answer. The old man burst into laughter after hearing that. "Alright, I won't say anything else. However, Na Xie, you'd better not show your face after we reach the Beast Region, or Yun Feng will be in trouble."

Meatball rolled its big eyes a few times. In the end, it jumped up and directly entered the dimension container. Yun Feng was startled. "Senior, why do you say that?"

The old man smiled kindly. "There are a lot of reasons. I can't tell you yet. You'll know when it's time. Alright, let's go."

The three of them soon came to the entrance of the Beast Region. There was a huge and complicated pattern engraved on the flat ground. It was obvious that it was some kind of spatial Teleportation Array. The old man chuckled after seeing it. "It's been so many years. This thing is a bit loose. It's time to strengthen it."

The robe on the old man's body swayed gently as beams of green light jumped out of the old man's body and directly penetrated the Teleportation Array. After the huge patterns absorbed the green light, they buzzed after a while. The smile on the old man's face didn't diminish. Green light entered endlessly. As the light gathered, the patterns shot out a beam of green light and suddenly turned!

"Buzz..." As the space buzzed loudly, a force broke out of the seal!

The old man chuckled. "Let's go."

Yun Feng and Qu Lanyi followed the old man into the patterns. The old man's robe glittered again and green light suddenly filled the entire field of vision. "Swish..." The three of them completely disappeared from the green light!

This was an extraordinary trip. Under the lead of the old man, the space channel they passed through was simply an extremely distorted spatial crack! Countless tiny and distorted cracks were interspersed in the cracks and the distorted power of space was also all over it! Even Yun Feng didn't dare to enter such a place easily. In this crack that didn't have a flat space, death filled everywhere!

Yun Feng and Qu Lanyi both sighed in their minds. Even if they had a way to open the entrance of the Beast Region, what were their chances of survival after entering such a spatial crack? God Kings would also die in this crack!

From this, it could be seen how powerful the master who came to the Beast Region back then was!

"This is also the reason why I brought you in. Yun Feng, do you understand?" The old man chuckled. Yun Feng nodded. "Thank you, Senior."

Chapter 1668: Entering the Beast Region (2)

"Haha, it's fine. I've been right about you since the beginning." The old man looked ahead with a smile. "I've never asked you why you want to enter the Beast Region. Is it for the Fantastical Beast?"

Yun Feng was silent for a moment and then said, "A Fantastical Beast is indeed every summoner's dream. This is something I've never given up! However, I didn't enter the Beast Region to find a Fantastical Beast. Someone very important to me is trapped in the Beast Region and can't get out until now."

"Someone very important? Trapped in the Beast Region?" The old man mumbled as a glint of light flashed through his deep and wise eyes. Was this girl looking for... that human?

"What's your relationship with that person?"

Yun Feng looked up. "That person is my master, Feng Qingxuan."

A glint of light flashed through the old man's black eyes again as he chuckled. "Really? If that's the case, we'll do it according to the rules of the Beast Region."

"Senior, what did you say?" Yun Feng didn't hear what the old man said clearly just then. The old man chuckled. "Nothing, but you must know what the consequences will be if you enter the Beast Region as a human being. I can't protect you much."

"Yun Feng certainly knows that. Senior, you've helped me so much. Yun Feng is grateful. I only entered the Beast Region to save Master this time. I don't have any other thoughts."

The old man pondered for a while. "Your goal is quite simple, but... those guys in the Beast Region aren't likely to accept it."

"It seems that Senior knows a lot." Qu Lanyi observed for a long time and finally said. The old man burst into laughter. "Kid of the Naxi family, you're quite observant. Not bad! I do know a lot. I might be able to say something for you."

Yun Feng was delighted after hearing that! If this old man could help her say a few words, these big shots of the Beast Region might change their minds!

"The Beast Region is ahead. We're here!" The old man pulled fiercely in the air deep in his hands! A spatial crack was forcibly torn open and a powerful suction force pulled the three of them in!

Behind the darkness was dazzling light!

"Old man! You're finally back!" An unfamiliar but slightly familiar voice came from the sky. The old man's gentle voice sounded in Yun Feng's ears. "Ah Jin, why hasn't your temper changed at all?"

Ah Jin, the wind-element Fantastical Beast Yun Feng saw back then!

Yun Feng looked up and saw a muscular young man with dazzling golden hair and extremely fierce eyes! Ah Jin glanced over. When he saw Yun Feng and Qu Lanyi again, he frowned fiercely. "Old man, you're truly bold. You brought them into the Beast Region? Aren't you afraid that they'll become food the next second?"

The old man chuckled. "If I can bring them in, I certainly have to protect them."

Ah Jin raised his thick eyebrows and looked at Yun Feng deeply. "Kid, when we met back then, you were just a kid who was still wet behind the ears. Your strength was too ordinary. I once wondered if the old man was wrong, but it seems that you have some redeeming qualities."

Yun Feng didn't say anything. There was an inexplicable meaning in Ah Jin's words. Ah Jin glanced at Qu Lanyi and smiled in disdain. "Old man, it's fine if you bring one in, but you brought a second one."

The old man smiled. "It's fine. Did those guys live peacefully after I left?"

"Peacefully? I don't think so." Ah Jin pursed his lips. "You know Ah Luo and I. If you leave, we won't bother to care about the Beast Region at all."

The old man frowned slightly and then looked at Yun Feng. "Ah Jin, I'll leave them to you."

Yun Feng, Qu Lanyi and Ah Jin were all stunned! "What do you mean by leaving them to me?"

The old man chuckled. "Since you and Ah Luo aren't in charge, I still have to clean up the mess. I'll leave these two to you for now."

"Old man! Aren't you afraid that I'll eat them out of interest?"

The old man burst into laughter. His robe fluttered and his body had already disappeared from the sky. Only his voice came. "Take them to the tower to wait for me. Do as you see fit."

"What? The tower?" Ah Jin widened his eyes! His pupils instantly turned into vertical lines! "Old man! Tell me clearly! What exactly happened? Old man!" The old man had already left. Ah Jin shouted for a while, but nobody replied. He turned around and glanced over fiercely.

Qu Lanyi stood behind Yun Feng slightly. Even though he knew that he was facing a Fantastical Beast, he didn't flinch at all at this moment!

Ah Jin snorted coldly. "The old man has instructed. Just follow me. If you can't keep up with my speed, just be food for the other guys." "Swish!" The wind blew and Ah Jin had already moved! Yun Feng and Qu Lanyi's hearts immediately sank when they saw that!

"You can really bully people when you compare speed with a wind-element Fantastical Beast. Fantastical Beasts are also so shameless." Qu Lanyi gritted his teeth fiercely. The two of them instantly moved. Wind elements surged out of Yun Feng's body and enveloped them. The two of them chased after him at their maximum speed, but the distance between them and Ah Jin didn't shorten at all. Instead, it became larger and larger!

Fantastical Beasts were the strongest species of their element. They certainly had the best abilities! Wind-element Fantastical Beasts were certainly known for their speed. How would Yun Feng and Qu Lanyi be able to catch up with Ah Jin? Seeing that they were falling further and further behind, Yun Feng gritted her teeth! If this continued, the two of them would be completely left behind sooner or later!

"Senior Ah Jin! As a wind-element Fantastical Beast, aren't you being too unkind?" Yun Feng shouted loudly. After a while, Ah Jin's voice came. "Yun Feng, just because the old man brought you in doesn't mean that I have the same attitude towards you. As I said, whether you can catch up with me depends on your own ability!"

"What an arrogant personality," whispered Qu Lanyi as he held Yun Feng's wrist tightly with his big hand. Yun Feng remained silent. Ah Jin was taking her down a notch and reminding her not to get carried away here! That old man had a high status. Even though he brought them in himself, it didn't mean that the other Magic Beasts would treat her differently! In short, she had to rely on her own ability at any time here, especially in the dangerous Beast Region!

"It hurts!" Yun Feng cried in pain. The ring on her left little finger suddenly tightened at this moment, as if it was going to break Yun Feng's finger!

Chapter 1669: Fantastical Beast, Ah Jin (1)

"What's wrong?" Qu Lanyi was shocked. Yun Feng was pale at this moment and was enduring some kind of extreme pain!

"The ring..." The ring on Yun Feng's little finger shrank fiercely again! Yun Feng's entire little finger almost bent! Pain spread inside her body like lightning. This ring contained a giant beast that she helped the Summoning Union deal with back then. At that time, this giant beast took the initiative to enter this ring with only one request, to take it home.

Home... Perhaps its home was the Beast Region! Otherwise, the ring wouldn't have been peaceful and quiet until this moment!

Yun Feng endured the pain and said in a low voice, "This is the Beast Region... Your home. We're here!"

The ring that was biting Yun Feng's little finger tightly suddenly loosened and the pain instantly dissipated! The ring that Yun Feng couldn't take off no matter what fell off easily at this moment. A beam of light jumped out of the ring and rushed forward!

Qu Lanyi immediately understood what Yun Feng was going to do. The two of them jumped and went up! The two of them were stepping steadily and were already standing on the giant beast! The giant beast ran forward at an astonishing speed, chasing after Ah Jin! The distance between Yun Feng and Ah Jin was constantly shortening!

Ah Jin ran in front and noticed something behind him. He turned around and looked. The corners of his mouth curled up slightly. "You're quite capable."

"Swish...!" "Swish...!" Two figures that were almost as bright as light flashed through the air. The sky of the Beast Region was gray. When the two beams of light flashed, the colors were cut off in an instant! Yun Feng and Qu Lanyi stood on the back of the giant beast and looked at Ah Jin, who was running in front of them. They knew that he didn't intend to speed up anymore. Their test had passed.

Ah Jin led the way in the front and Yun Feng followed behind on the giant beast. They finally had time to observe the Beast Region. There were a lot of auras hidden in the Beast Region and almost all of them were extremely threatening. This territory wasn't a place she could explore easily. Right now, Yun Feng clearly felt that a lot of auras along the way were extremely oppressive. If Ah Jin wasn't around, they would probably attack together!

Fantastical Beasts were indeed king-like existences in the Beast Region!

"Is the tower ahead the one the old man mentioned?" Qu Lanyi looked over with his black eyes. Amidst the blurry colors, a tall tower stood steadily. It wasn't difficult to see the majestic aura of the tower from its vague shape. Even though he didn't know what the tower was for, he knew that it was special in the Beast Region.

"This is as far as I can bring you." The giant beast under her feet said. Ah Jin, who was leading the way, had already stopped. The giant beast under Yun Feng's feet was still a certain distance away from the tower. Yun Feng and Qu Lanyi looked at each other and jumped down together.

"Thank you," said Yun Feng. The giant beast turned around and left in another direction.

Yun Feng and Qu Lanyi walked over quickly. Ah Jin stood in front of the tower and watched the two of them come over. "It's truly a pity that I didn't get rid of you."

Yun Feng and Qu Lanyi wanted to say something, but when they got closer and saw the full appearance of the tower, their expressions froze! Yun Feng's heart trembled fiercely! The appearance of the tower... was so similar to that of the Dragon Palace! Qu Lanyi was also extremely surprised!

The structure of the tower in front of him was almost the same as that of the Dragon Palace! However, there were nine dragons entrenched on the wall of the Dragon Palace! And on the wall of the tower in front of them, there were beasts with different appearances! Countless beasts were clinging to the body of the tower with different expressions, as if they were real!

What was going on? This was the same question in Yun Feng and Qu Lanyi's minds. Yun Feng suddenly remembered what Yao Guang said. The Dragon Palace wasn't something humans could have. Perhaps... the Dragon Palace belonged to the Beast Region?

"This tower..." Yun Feng said slowly. The corners of Ah Jin's mouth curled up. "Yun Feng, does this tower make you afraid?"

Yun Feng pursed her lips tightly. It wasn't fear, but surprise and confusion!

"This is the Beast Tower. As its name suggests, there are tens of thousands of species living in this tower. You know the consequences of stepping in here as a human. Do you regret coming here?" Ah Jin smiled evilly. His eyes were even sharper, as if he wanted to see through the depths of Yun Feng's heart!

"I've never regretted it." Yun Feng took a deep breath and looked back at Ah Jin firmly with her black eyes. Ah Jin was slightly stunned. "Humph! How boring." He turned around. "If you have the courage, follow me in." Ah Jin waved his hand gently and a halo appeared in front of him. Ah Jin stepped into the halo and disappeared. Yun Feng and Qu Lanyi looked at each other and clenched their fists. Since they were here, they couldn't back down!

After stepping into the halo, Yun Feng and Qu Lanyi were in a vast space that was completely unfamiliar. There was nothing else in this space except the four walls. "If the old man wants you to come in, just wait there. Don't walk around easily, or you'll bear the consequences." Ah Jin's voice came from somewhere, followed by silence.

"This place... is very similar to the Dragon Palace," said Qu Lanyi. He looked around solemnly. Yun Feng said solemnly, "It's not just the appearance, but also the inside. The Dragon Palace and the Beast Tower must be related!"

Qu Lanyi frowned. "This connection is a bit confusing. The similarity between the two of them... is the overall feeling, as if they're twins."

The two of them were silent. The Dragon Palace and the Beast Tower were related. Yun Feng smiled helplessly. Even though she still couldn't figure it out, she was certain that there must be Fantastical Beasts in the Beast Tower! "That giant beast obviously didn't dare to approach the Beast Tower. This is very likely the place where the Fantastical Beasts live." Yun Feng looked around. "Four of the seven-element Fantastical Beasts are missing. One of them is the wind-element Ah Jin. That Senior is probably one of the Fantastical Beasts. Then, there's another one..."

Yun Feng mumbled. Qu Lanyi chuckled. "Let's wait. When that old man comes back, we'll have our answer."

In the Beast Tower, Yun Feng and Qu Lanyi waited attentively and didn't walk around. The two of them seized the time to consolidate their strength. Yun Feng had just entered the God King Realm, so she could consolidate her strength. A conversation was going on in the Beast Tower.

"The two of them are quite patient," said Ah Jin as he glanced at the tall man next to him, who had been silent. "Ah Luo, aren't you curious why the old man personally brought humans into the Beast Region and even into the Beast Tower?"

Chapter 1670: Fantastical Beast, Ah Jin (2)

The tall man had extremely black black hair and his eyes were suffused with extremely dense black and purple colors. After staring at them for a while, he finally opened his mouth and said, "I'm not curious."

Ah Jin scratched his head in frustration after hearing that. His body flashed and he was already gone. The tall man stared at Yun Feng with his purple and black eyes and didn't look away for a long time.

Yun Feng suddenly raised her head. Just then, she felt that someone was staring at her and wouldn't let go. She stared in a certain direction with her black eyes for a long time before she finally retracted her gaze. Perhaps she was thinking too much. The tall man was slightly shocked. She sensed his gaze? Dark light surged in his purple black eyes and his expressionless face finally changed. The humans that Master brought in himself was indeed extraordinary.

Ah Jin never appeared again. Yun Feng and Qu Lanyi weren't anxious at all. Time passed in a daze until a gentle old voice broke the silence. "I'm back."

Yun Feng and Qu Lanyi stood up from the ground. The old man rushed over and looked at Yun Feng with a smile. He said loudly, "Ah Jin, Ah Luo, come out."

There were obvious tremors in two places in the space. Ripples suddenly appeared on the calm water surface. Two figures appeared deep inside the ripples. They were two tall and muscular men. One of them had golden hair and the other had black hair.

"You're finally back." Ah Jin mumbled. The old man chuckled, while Ah Luo, who had black hair and an expressionless face, nodded at the old man. "Sir."

The old man nodded with a smile and looked at Yun Feng. "There's no need for me to introduce them. Yun Feng, you should know their identities."

Yun Feng nodded and said solemnly, "I've met Ah Jin before. He's the wind-element Fantastical Beast, and this... Ah Luo should be the lightning-element Fantastical Beast." Ah Luo's eyebrows moved slightly and dark light flashed through his purple-black eyes. Yun Feng focused her gaze on the old man. "Senior, if I'm right..." Yun Feng paused for a few seconds. The old man waited with a smile. "Senior, you should be... the earth-element Fantastical Beast."

Ah Jin and Ah Luo were both surprised. The old man seemed to be very happy after hearing that. Suddenly, a beam of light came from a certain direction in the void and shone on the three Fantastical Beasts. In the light, three huge black shadows appeared on the ground! The old man was the leader!

Yun Feng and Qu Lanyi were both shocked to see the true forms of the Magic Beasts in the light! Humans were simply toys in front of Fantastical Beasts! They couldn't resist at all!

"You're right. I'm indeed the earth-element Fantastical Beast," said the old man. "Ah Luo is the lightning-element Fantastical Beast. Your sensitivity to elements seems to have increased a lot. Not bad, not bad. You've improved."

Yun Feng held her breath! If he was the earth-element Fantastical Beast... Why did he help her again and again? "Senior, I..."

The old man waved his hand. "I'll tell you what you want to know. I said that you'll know as long as you enter the Beast Region. However, I can't tell you the answers to some questions right now. Take care of your own business first, or you won't have the time to worry about other things."

Yun Feng frowned. Forget it. The earth-element Fantastical Beast had helped her more than once along the way. This was a treatment that nobody else had. No matter what the reason was, the earth-element Fantastical Beast seemed to be on her side. Yun Feng became serious. "I entered the Beast Region to find someone. That person's name is Feng Qingxuan!"

Ah Jin was shocked. Fierce light suddenly shot out of his eyes and stabbed straight at Yun Feng! Ah Luo, on the other hand, looked a bit gloomy and the atmosphere immediately became cold.

"Old man, you knew her purpose, but you still brought her in?" Ah Jin said coldly. The old man chuckled. "He's been locked up for so long. That human is useless to us."

"Even if he's useless, we can't let him go so easily! A lowly human wants to control a Fantastical Beast!" Ah Jin's eyes were like knives. Yun Feng's heart turned cold. Back then, her master was high-spirited. It wasn't impossible for him to have such a thought. However, for Fantastical Beasts, humans were so lowly and weak. Even if her master, who broke into the Beast Region back then, had extraordinary strength, he might just be an ant in their eyes!

"Ah Jin, we still need the help of the so-called despicable humans you mentioned. It's a despicable human who got Na Xie's approval."

"You... You're talking about Na Xie?!" Ah Jin was shocked! Ah Luo subconsciously turned his purple-black eyes to Yun Feng! Was she the person Na Xie acknowledged?!

Yun Feng frowned. Even Fantastical Beasts reacted so strongly when they heard about Na Xie. What exactly was Na Xie's original body? Could it be an existence above the Fantastical Beasts?

"Sir, hasn't Na Xie already..." Ah Luo said. The old man smiled and said, "Maybe someone did something, or maybe it's unwilling to die. It hasn't died to begin with."

Yun Feng and Qu Lanyi both frowned after hearing that. It seemed that something happened a long time ago. Na Xie... This name, which even Fantastical Beasts were quite afraid of, did exist.

"Yun Feng, we can let that human go." The old man looked at Yun Feng with a smile. Ah Jin and Ah Luo wanted to say something, but they fell silent in the end. Yun Feng looked at the old man. It wouldn't be so simple to take her master away. Even if the old man was willing to do her a favor, these two wouldn't compromise easily.

"The condition is very simple. As long as you agree to deal with the Blood Souls."

Evil fire couldn't help but surge in Qu Lanyi's mind! "That's easy for you to say! Even though Fengfeng and the Blood Souls are irreconcilable enemies, how can she subvert the Blood Souls alone? This request is obviously outrageous!"

Ah Jin raised his brows coldly. "Kid, it's not your place to talk here."

Yun Feng pulled Qu Lanyi and looked at the old man calmly with her black eyes. "Senior, I, Yun Feng, want to destroy the Blood Souls! However... Not right now. I'm far from having that ability right now."

"As Fantastical Beasts, we can't interfere easily, but it's a fact that there's a Fantastical Beast in the Blood Souls. We can't just ignore it."

"They have a Fantastical Beast in their hands!" Ah Jin was surprised. The smile on the old man's face was gone and he nodded extremely solemnly. "Indeed. All kinds of traces show that the Blood Souls do have a Fantastical Beast in their hands. As for which one, I don't know."

"Who exactly are they? How dare they attack a Fantastical Beast?" Ah Jin cursed angrily. The old man slowly frowned. "This is what I've been worried about. The Blood Souls are getting more and more aggressive. It seems that they're ready to attack."

Chapter 1671: Fantastical Beast, Ah Jin (3)

The old man looked at Yun Feng. "We can't attack directly, but we'll help you when you need it."

The Blood Souls had Fantastical Beasts in their hands. Yun Feng might not be able to deal with Fantastical Beasts with human strength. Fantastical Beasts had a slight chance of winning against Fantastical Beasts! Besides, the Blood Souls must have other powerhouses other than the Fantastical Beasts. By then, if the Fantastical Beasts could be restrained, it would be a huge loss for the Blood Souls!

It was truly a pleasant surprise to be able to get the help of Fantastical Beasts!

"I can help. After all, this concerns our own people! However, it's not so easy to let that human go!" Ah Jin said coldly. "Old man, you have your own thoughts, and I have mine! If you want to take that human away, you have to get through me first!"

The old man was helpless. Yun Feng was speechless. Qu Lanyi gritted his teeth and said, "You're the wind-element Fantastical Beast!"

The old man smiled. "Ah Jin, why do you have to make things difficult for a little girl..."

"It's not difficult! Old man, you said just then that she's someone Na Xie has set his mind on! Since Na Xie thinks highly of her, she should be quite capable!" Ah Jin turned to Yun Feng. "I've already said that you're special. I'd like to see how special you are!"

"Ah Jin is right. What exactly is special about her?" Ah Luo said as he looked at Yun Feng with a probing gaze. The old man shook his head helplessly and wanted to say something, but Yun Feng stepped forward. "Sure."

After hearing this, everyone was stunned!

"Hahaha! She agreed herself!" A fierce light flashed through Ah Jin's eyes and he was extremely excited!

"Fengfeng!"

Yun Feng turned around and looked at Qu Lanyi deeply. This wasn't just to save her master, but also to defend her dignity as a summoner! Humans weren't as lowly and weak as they said! She had to prove that different species had their own advantages. None of them was absolutely powerful!

In an instant, Qu Lanyi understood what Yun Feng meant in her eyes. Her determined gaze glittered with a kind of charming brilliance. This was Yun Feng's own persistence!

"Got it." Qu Lanyi chuckled. Yun Feng curled her lips. The old man pondered and then said, "Ah Jin, you can fight, but it must be fair."

"Humph! Of course. I won't take advantage of her at all! You're in the God King Realm, right? I'll suppress my strength to the same level as yours!"

Yun Feng chuckled. "That's for the best."

The old man sighed helplessly and waved his hand! A large number of huge tree vines instantly rose from the ground, forming a huge enclosed space! "This is your battlefield. Don't overdo it." The old man glanced at Ah Jin. Ah Jin grunted coldly and jumped in. Ah Luo stood next to the old man in silence.

Yun Feng chuckled and jumped too! Qu Lanyi stood outside. This was a battle that belonged to her, a battle of dignity!

After the two of them entered, the old man waved his hand again and the tree vines were all sealed! Ah Luo looked inside quietly and whispered slowly, "Sir, do you think Ah Jin will win?"

The old man smiled and didn't say anything. Qu Lanyi, on the other hand, clenched his fists secretly. Even though the wind-element Fantastical Beast suppressed his strength, it was a Fantastical Beast after all! It was certainly different from other Magic Beasts! Fengfeng didn't have a high chance of winning this time!

On the battlefield, tree vines were everywhere. The flat ground just then was covered by the dense vines. Ah Jin and Yun Feng stood on two tree vines respectively. Ah Jin looked at Yun Feng coldly. "The first time, you couldn't even resist my aura."

Yun Feng chuckled and twisted her wrist gently. "It's certainly different this time."

"The God King Level... No matter how far you've cultivated, humans are still humans after all!"

The five Rings of Contract appeared and she opened her hand! Five beams of light appeared at the same time!

"This is... a Fantastical Beast!" The five contracted Magic Beasts were all surprised! Ah Jin sneered as a pair of huge wings suddenly grew out of his back, emitting dazzling golden light!

"Little Yun Feng, you even dare to provoke a Fantastical Beast?" Sister Hua chuckled. The other four Magic Beasts all had the same thought. She was too powerful! Master really dared to provoke any Magic Beast, including a Fantastical Beast!

"Even though my opponent is a Fantastical Beast, I don't want to be looked down on!" Er Lei roared furiously. The expressions of the other few contracted Magic Beasts changed! Indeed, as Master's contracted Magic Beast, even if his opponent was a Fantastical Beast, he couldn't be looked down on!

"How ridiculous!" The giant wings on Ah Jin's back flapped and his body suddenly rose into the sky! "I'll finish you off with one attack!"

The five contracted Magic Beasts let out a furious roar at the same time! Five beams of light jumped out at the same time and greeted them!

Yun Feng twisted her wrist and the wand her master gave her appeared in her hand! She spun it gently and clasped her fingers! Yun Feng slowly closed her black eyes. When she opened them again, five-color light flashed through her eyes! Mental strength surged out of her body and gathered the power of elements in the space!

She waved her wand gently and shouted loudly in the sky! "Earth Barrier!"

A hint of admiration flashed through the old man's eyes. After Yun Feng shouted, all the earth elements on the battlefield were mobilized by Yun Feng. They would absolutely obey her!

"Sand!"

All the earth elements in the Earth Field instantly absorbed the invisible gravity, increasing the gravity in the entire Earth Field! The direct consequence of the increase in gravity was to limit all speed in the Earth Field!

The giant wings on his back flapped. As a Fantastical Beast, Ah Jin's speed obviously decreased. He sneered. "Even if such a trick works, my speed is still too fast for you!" A glint of coldness flashed through his eyes. Ah Jin suddenly attacked with his palm and instantly transformed! His sharp claws, which were similar to those of a giant owl, appeared and grabbed the air fiercely!

"Hm!" Little Fire's body was completely sent flying to the side! Countless wounds immediately appeared on its body!

"Brother Fire!" Two wings appeared on Lan Yi's back again. A four-winged Griffin! Ah Jin burst into laughter when he saw this. The huge wings on his back flapped and his body instantly disappeared from the spot. When he appeared again, he had already arrived next to Lan Yi!

So fast! Lan Yi was shocked! The four wings on his back flapped abruptly, but Ah Jin's giant claws were even faster! "Bang!" The giant claws grabbed Lan Yi's throat firmly and pressed him to the ground!

"The best way to deal with summoners is to put out the fire of the contracted Magic Beasts." Killing intent flashed through Ah Jin's eyes. He clenched his sharp claws, as if he wanted to take Lan Yi's life!

Chapter 1672: Fantastical Beast, Ah Jin (4)

"Let go of Brother Lan Yi!" With a furious shout, a fishtail swept over fiercely. A fierce glint flashed through Ah Jin's eyes as a huge claw grabbed Lan Yi. His body flashed quickly and Yaoyao's fishtail shattered the entire ground!

"Boom!" Thunderbolts struck! The little snakes all over Er Lei's body danced wantonly! Ah Jin sneered and swung his arm fiercely. Lan Yi's body fell from the sky in a sorry state and landed on the ground!

"Master, I'm fine!" Lan Yi's entire body was embedded in the ground, while Little Fire landed in another corner. The few wounds on its abdomen were bleeding. It tried its best to stand up with its limbs, but it fell in the end!

In a blink, two of Yun Feng's five-element contracted Magic Beasts had already fallen!

This was the power of a Fantastical Beast!

"Damn it, we can't catch him at all!" The tree vines that extended out of Sister Hua's body almost covered the entire space, like a spider web! However, Ah Jin could move freely inside. She didn't even have a chance to catch him! His speed was too fast! She couldn't even touch him!

"I'll kill you!" Er Lei let out an angry roar. Under the thunderbolts, silver snakes fell from the sky! However, they didn't hurt Ah Jin at all!

"Is that all you've got?" With a roar, Ah Jin flashed out of the lightning that Er Lei invoked as if he had teleported! A huge claw pounced! Er Lei's pupils shrank! Damn it, it was so fast! Even the speed of thunder couldn't compare to his!

"This is a good opportunity!" Sister Hua saw the opportunity and the tree vines immediately wrapped around Ah Jin's body! She wanted to wrap around Ah Jin's body, but Ah Jin sneered and disappeared the moment the tree vines arrived!

"What?" Sister Hua was stunned. Er Lei suddenly shouted, "Behind you!"

Sister Hua turned around and saw that Ah Jin had already arrived next to her. "Too slow."

Ah Jin reached out and pulled Sister Hua's body up from the ground fiercely! Sister Hua screamed and the other half appeared instantly! The tree vines attacked crazily, as if they had opened a bloody mouth! Ah Jin curled his lips. "She's just a direct descendant. After all, she's not the demon king." A fierce light flashed and directly cut all of Sister Hua's tree vines off!

"Clang!" Sister Hua's body was thrown aside fiercely! Her face was pale! Yun Feng put away the wand in her hand and immediately ran over. Sister Hua fell on the ground with a pale face. "Little Yun Feng, that guy's speed... is too fast... I can't catch him."

Yun Feng's black eyes darkened! She looked up at Yaoyao and Er Lei, who were still fighting. Yun Feng gritted her teeth and stood up. She narrowed her eyes and looked at Ah Jin's movement speed. That guy was indeed too fast!

"Yaoyao, Er Lei!" He sent a telepathic message! "Er Lei, use Thunderclap to force him to change his route. Yaoyao! Baffle his vision with mist!"

"Yes!" The two contracted Magic Beasts immediately moved. The lightning fell again. Ah Jin burst into laughter and his body was as fast as lightning! Yaoyao's ice blue pupils shrank! Her fishtail shook fiercely and the water element in the air immediately formed a thick mist!

Yun Feng tapped the tip of her foot and stepped in the air, rushing into the sky and directly disappearing into the mist!

"They can't beat him in speed, so they forced Ah Jin to shorten his vision." Ah Luo mumbled as he watched this scene. That human was quite smart.

The old man chuckled. "The counterattack has just begun."

Ah Luo was stunned. Counterattack? That human was still thinking about how to counterattack when facing a Fantastical Beast!

The vision shortened and the mist was hazy! Yun Feng rushed in. Nobody knew what happened inside! Ah Jin sneered. "Human, it's useless to play tricks!" The huge wings on his back flapped fiercely. He would certainly be fine as long as he rushed out of the mist!

However, at this moment, an aura suddenly came from behind! Ah Jin was shocked! He was about to flap his huge wings when a sharp pain came! A weight had already pressed down firmly. Ah Jin exerted strength and his body rushed out of the mist!

"Master!" All the contracted Magic Beasts were shocked! The old man and Ah Luo were also shocked! Qu Lanyi, on the other hand, smiled when he saw that!

Ah Jin's arms were grabbed firmly by a pair of hands. Someone was stepping on his back. It was Yun Feng!

It was extremely rare for a wind-element Magic Beast to be stepped on by someone. This was a huge humiliation for a wind-element Magic Beast! Let alone an absolute king among the wind-element Magic Beasts, the wind-element Fantastical Beast! The back of a Fantastical Beast was stepped on by a human! If they didn't see it with their own eyes, nobody would believe that this happened!

"Damn human!" Ah Jin flapped his wings crazily and his huge wings flapped hard with ferocious strength! It seemed that he wanted to throw Yun Feng off forcibly!

Yun Feng gritted her teeth fiercely and clasped her fingers in the gap between the bones, holding them firmly! She lowered her body and stepped on Ah Jin's back with her feet!

The wind-element Fantastical Beast swung its body crazily, while Yun Feng tried her best to stand firm. At this moment, Ah Jin was like a wild horse, and Yun Feng wanted to tame it!

"It's actually like this..." The old man was dumbfounded. Ah Luo mumbled on the side, "Ah Jin's back was stepped on by a human..."

"Damn it!" Ah Jin's roar resounded in the sky. He was anxious and angry! That despicable human dared to climb on his back! If word got out, where would he put his dignity as a Fantastical Beast? Throw! He wanted to throw this despicable human down and squeeze her to death!

Feathers fluttered in the sky. Ah Jin's body darted back and forth in the feathers at the highest speed. However, no matter what he did, Yun Feng stood on his back firmly and he couldn't get rid of her at all!

"Master even dares to step on a Fantastical Beast..." The five contracted Magic Beasts looked at the sky in a daze. Feathers that filled the sky fell. Sister Hua reached out and caught one of them. She grabbed the root of the feather. Even though it had left its original body, there was still a faint wind-element energy at the root! As expected of a Fantastical Beast. The elemental energy had already reached any part of its body! This was an ability that ordinary Magic Beasts couldn't compare to!

"Human! Get off my back!" Ah Jin shouted furiously as he panted and stopped in the air. His wings were grabbed by Yun Feng. As long as Yun Feng didn't let go, he probably wouldn't be able to get rid of her for the rest of his life! She could jump onto his back!

Yun Feng was also panting. Ah Jin was so crazy that he wanted to throw her off just then. She had to use all her strength just then to not be thrown off. After such a struggle, not only was Ah Jin tired, but Yun Feng was also the same. However, she couldn't show any weakness at this moment!

Chapter 1673: Meeting Master (1)

"Why? Do you admit defeat?" Yun Feng chuckled and exerted strength with her fingers, pulling Ah Jin's wings fiercely! Ah Jin's face darkened! He suddenly flipped his body and rushed down headfirst!

The howling wind blew fiercely in her ears and was about to smash into the ground!

"Master!" The five contracted Magic Beasts all shouted loudly, while Yun Feng gritted her teeth fiercely and swore that she wouldn't let go!

A fierce glint flashed through Ah Jin's eyes. When he was almost close to the ground, he turned his body forcefully and flew a distance close to the ground. The five contracted Magic Beasts were all terrified when they saw that. They were only relieved to see that Yun Feng was fine.

Er Lei and Yaoyao came to the three injured beasts. They didn't need to interfere with the current situation anymore. Master alone was enough to deal with it!

"I'll never admit defeat to humans!" Ah Jin shouted furiously! Yun Feng, on the other hand, laughed loudly! "If you don't admit defeat, I'll keep stepping on your back!"

"Damn it... Don't think I really can't do anything to you! If it weren't for the suppression of strength... I wouldn't have taken a lowly human like you seriously at all!"

Yun Feng's black eyes turned cold and she clenched her fists! Yun Feng forcibly squeezed the wings!

"Is that so? But right now, the lowly human you're talking about is stepping on your back, isn't she?" Yun Feng exerted strength in her feet and stood up! Ah Jin's face completely collapsed! His green eyes released astonishing anger! The momentum that had been suppressed in his body for a long time was showing signs of erupting!

The old man and Ah Luo, who were watching the battle outside, both looked different. The old man waved his hand and an opening immediately appeared in the enclosed space. "Ah Jin! That's enough!" The old man roared as he swung his embroidered robe. A vine shot towards Yun Feng and directly wrapped around Yun Feng's body, taking her away from Ah Jin's back.

Ah Luo stopped Ah Jin, who was about to explode, and Ah Jin grunted angrily and didn't do anything else. Qu Lanyi quickly walked to Yun Feng and checked her injuries before he was relieved.

"Ah Jin, you lost this time," said the old man casually. Ah Jin was immediately enraged! "I can't lose to a human!"

"You lost," said Ah Luo on the side. Ah Jin was startled. The old man turned around and looked at Yun Feng with a chuckle. "I have to say that your little trick is indeed useful, but this is only when Ah Jin suppresses his strength and is on par with you. Such a trick works once, but not next time."

Yun Feng replied. She was lucky this time. She could jump onto Ah Jin's back accurately by accident. Ah Jin probably lost his vigilance because of a moment of carelessness. If it happened again, such a method wouldn't work. After all, her ability

was too different from that of the Fantastical Beast. Ah Jin made the three contracted Magic Beasts lose their combat strength in a short period of time. Such power was indeed astonishing!

"Don't be unconvinced. If she has the same strength as you one day, you might not be her match." The old man glanced at Ah Jin. Ah Jin only grunted and didn't say anything.

"That human is imprisoned on the fifth level of the Beast Tower. Ah Luo will take you there," said the old man. Then, he walked to Ah Jin and patted his shoulder. "Ah Jin, come with me."

The old man and Ah Jin's bodies flashed and had already disappeared from the Beast Tower, leaving only the tall and cold lightning-element Fantastical Beast, Ah Luo.

Yun Feng put all the five contracted Magic Beasts into her rings. The three Magic Beasts weren't seriously injured and needed some time to recuperate. Even though Ah Jin's attack just then wasn't fatal, he was still ruthless. Luckily, their self-healing was effective.

Yun Feng looked up at the black-haired man with a cold face. Ah Luo turned around. "If it's that sir's instruction, let's go."

Qu Lanyi quietly held Yun Feng's wrist and took a few steps back with her. He whispered in Yun Feng's ear, "Look at his wrist."

Yun Feng looked over secretly and was shocked! There were faint purple snakes flashing on Ah Luo's wrist and there seemed to be the sound of thunder in the air! That was the manifestation of the concentration of power! Yun Feng's heart sank. Was the lightning Fantastical Beast also thinking of fighting with her?

"Follow me." Ah Luo stood still and said. Yun Feng and Qu Lanyi then followed him. Ah Luo looked at Yun Feng deeply. Yun Feng keenly noticed that a deep aura was gradually suppressed by him. This lightning-element Fantastical Beast really wanted to fight!

"Swish...!" The Teleportation Array was activated and swallowed the three of them! At this moment, the eyes of the old man, who had already left the Beast Tower, darkened and he suddenly turned around!

"Hahaha! Ah Luo, that kid, has such an intention too!" Ah Jin burst into laughter and was very happy. The old man could only curl the corners of his mouth helplessly and look at Ah Jin solemnly, but Ah Jin didn't care. "Old man, aren't you going to restrain Ah Luo?"

"Ah Luo has better self-control than you do."

"Hahaha!" Ah Jin burst into laughter. "Old man, if Ah Luo gets serious, someone will die."

A spatial channel, but this wasn't an ordinary spatial channel. There was the flow of spatial power in all spatial channels, but here, not only was there no flow of spatial power, but the spatial power was also completely still! This wasn't a simple spatial channel. To be exact, this was a special space that had been opened up independently!

"What do you want?" Qu Lanyi protected Yun Feng behind him gloomily. Ah Luo glanced at Yun Feng with a deep gaze!

"Don't even think about it," said Qu Lanyi as he blocked Yun Feng.

Ah Luo slowly raised his brows. "Get out of my way."

Qu Lanyi's footsteps were firm and he didn't intend to give in at all! Yun Feng stuck her head out. "The lightning Fantastical Beast. What exactly do you mean?"

Ah Luo glanced at Yun Feng. "Fight me."

Yun Feng smiled wryly. Qu Lanyi rubbed the back of his teeth, making creaking sounds. "Even as a Fantastical Beast, you can't be too shameless! Three of the five-element Magic Beasts are already severely injured. You can't be so obviously taking advantage of her!"

Ah Luo frowned slightly and was silent. Yun Feng didn't know what to say. The lightning element was indeed aggressive. The element with the strongest outburst of power among the seven elements. They all had weird tempers. Er Lei was like this, and the lightning Fantastical Beast in front of her was even weirder.

"If I fight with you right now, I'll suffer a loss." Yun Feng said.

Ah Luo was silent for a few seconds. "I'll let you attack three times first."

Yun Feng and Qu Lanyi were surprised. Did this guy really want to fight so badly? He was willing to fight Yun Feng despite letting her attack three times first?

Chapter 1674: Meeting Master (2)

"If you want to fight, I'll fight with you!" said Qu Lanyi fiercely. Ah Luo's eyes were cold. "I don't need you."

Qu Lanyi was enraged. Yun Feng pulled Qu Lanyi's sleeve. "So what if I don't fight with you?"

Ah Luo's expression suddenly turned cold! "If you don't fight, don't even think about leaving!"

How domineering! Qu Lanyi cursed in his mind. What a shameless Fantastical Beast! It truly had no morals!

The corners of Yun Feng's mouth twitched fiercely. What kind of situation was this? How could she fight? "Aren't you afraid of what Senior will say?" Yun Feng asked tentatively. It seemed that earth-element Magic Beast had the status of leadership among the seven elements. The lightning-element Fantastical Beast should obey.

"If you fight with me, I'll let you go. Otherwise, don't even think about leaving," said Ah Luo. His surging aura was instantly suppressed. He was at the God King Level like Yun Feng! The purple snakes on his wrist moved quickly with purple light. He was obviously prepared to fight!

Yun Feng was speechless. It seemed that she really wouldn't be able to leave this place unless she fought with him...

"I'll go with you," said Qu Lanyi, but Yun Feng shook her head. "It's fine. Even though I don't know why he insists on fighting me, he should more or less be surprised at the situation just then. He might want to test me to see if I can beat the Fantastical Beast. I can't let them look down on me!"

Yun Feng strode out from behind Qu Lanyi and looked at Ah Luo with her black eyes. "I accept your request! However..."

"Tell me." A glint of excitement and anticipation flashed through Ah Luo's eyes.

"We don't have to kill each other." Yun Feng straightened her expression. "Even if I was lucky enough to beat Ah Jin just then, I only relied on some small tricks. You must know this."

The corners of his expressionless face and eyebrows moved. Ah Luo slowly twisted his wrist and the purple snakes danced in his hand. "Got it."

Yun Feng took a deep breath. She couldn't escape... If she couldn't escape this battle, she would just face it! Another Fantastical Beast. Was she going to fight with every Fantastical Beast? How would she be able to withstand that?

Qu Lanyi was a bit anxious. This wasn't an ordinary enemy. This was a Fantastical Beast! Even though its strength and aura had been suppressed to the same level as Yun Feng's, a Fantastical Beast was a Fantastical Beast after all! If Yun Feng hadn't taken the opportunity to step on Ah Jin's back just then, it would have taken a lot of effort to defeat it. However, this was a lightning-element Fantastical Beast right now. Did it have wings?

"Lanyi, don't worry about me. I'll be fine. With the earth-element Fantastical Beast here, he won't dare to do anything to me," said Yun Feng. Qu Lanyi was helpless and could only step aside.

There was an extremely excited glint in Ah Luo's eyes. "You only have two elements right now. I can let you attack three times first."

Yun Feng raised her brows. Three moves were good. Since he was willing to make the offer, she wouldn't hold back either!

She took out her wand and the two-element contracted Magic Beasts appeared!

Er Lei and Yaoyao frowned. No way. Another Fantastical Beast! Was Master going against all Fantastical Beasts?

"Er Lei, what's the highest attack of the lightning element that you know?"

Er Lei was silent for a while. He frowned and said, "Lightning Punishment is the highest lightning-element attack I know. However, I don't know if it's useful against a lightning-element Fantastical Beast. As a lightning-element Fantastical Beast, he should be more or less immune to lightning-element attacks."

Immune? Yun Feng frowned. If that was the case, she would more or less suffer a loss. It was obvious who was stronger between a lightning-element Magic Beast and a lightning-element Fantastical Beast.

"Yaoyao, what about you?"

"Xiao Feng, the offensive power of water-element magic is far inferior to that of the lightning-element magic. Rather than attacking power, it's better to say that its support ability is better." Yaoyao's young face revealed a mature look. After living such a long life with Yun Feng, the little girl had also grown up.

"Very good. Three moves. That's enough for me." Yun Feng curled her lips. Seeing the smile at the corners of Yun Feng's mouth, Ah Luo couldn't help but look forward to it. Three moves. If this human couldn't cause any damage to him in three moves, then her ability was only so-so.

"Next, listen to my order." Light flashed through her clear black eyes. "Yes, Master!"

"Er Lei, unleash the strongest lightning-element attack!"

"Zi, zi, zi...!" Purple lightning appeared in Er Lei's palm and the silver snakes danced crazily! Ah Luo raised his brows slightly when he saw this. A lightning-element attack?

"Attack!" With a command, Er Lei's body suddenly soared into the sky and the thunder element in his hand instantly increased greatly! A purple lightning flashed in the void and fell fiercely, as if it wanted to split the void in half!

Ah Luo didn't dodge. He stood where he was and looked at the lightning-element attack that smashed towards him in the air with deep eyes! The corners of his mouth slowly curled up! This was useless for him! The first move was in vain!

"Yaoyao, turn the water element into mist!" The second order! A seven-color fishtail appeared and the ice blue demon eyes glittered with blue light. Thick blue elements appeared around Yaoyao's alluring body and lingered around her. Then, they turned into faint blue mist that spread down from the sky like a huge net, enveloping Ah Luo completely!

Water element? Ah Luo raised his brows and looked up at the ice blue water element that was falling from the sky. He was expressionless, but his expression changed instantly!

"This is..." Ah Luo's beast eyes shrank fiercely! The moment the ice blue giant net touched the thunder element, the water element and the thunder element instantly fused! The water element increased the power and speed of the thunder element and became the strongest catalyst for the thunder element to erupt in an instant! And the water element's attacking ability was also greatly increased because of the coverage of the thunder element!

The wand on her wrist spun and three-element light burst out of the wand, flashing constantly!

Fire, wind and earth! The power of the three elements roared. This time, Yun Feng didn't fuse them. Instead, she attached all four elements to the ice blue giant net! The power of the five elements fused with each other. Yun Feng shouted loudly, "Yaoyao, retract!"

Yaoyao swung her ice blue fishtail fiercely!

The huge net formed by the power of the five elements tightened! It completely trapped Ah Luo's body!

In the middle of the five-element light, a pair of beast eyes widened infinitely! There was a loud bang! It was mixed with a beast roar!

Yun Feng held the wand in her hand and stared in Ah Luo's direction with her black eyes. The power of the five elements collided and turned into powder that floated in the air, slowly dissipating! Ah Luo's body was still standing far away, but his entire body was covered in tiny wounds! There was more and more excitement in his deep beast eyes!

- Chapter 1675: Meeting Master (3)

Chapter 1675: Meeting Master (3)

As expected of a Fantastical Beast! Yun Feng pondered in her mind. The attack just then was already comparable to the fusion of elements, but he only suffered superficial wounds! Even though his strength had already been suppressed, his physical fitness was right there! Such an attack could only hurt him a bit!

"He's indeed a Fantastical Beast... He can't be killed." Er Lei sighed with a hint of shock in his eyes. Yaoyao looked worried. "Xiao Feng, what should we do now?"

Yun Feng frowned. Three attacks had already launched. He only suffered superficial wounds. It was time for him to attack next!

"Not bad." Ah Luo looked at the tiny wounds on his body and slowly raised his head to look at Yun Feng. She was quite capable. At least, she could hurt him, or he would be too bored.

Qu Lanyi looked solemn on the side. Fantastical Beasts... What kind of creatures were they? Even such an attack couldn't hurt his foundation. How strong were their original bodies? If the Blood Souls really had a Fantastical Beast in their hands, how could they defeat it with human strength? They probably wouldn't be able to defeat it without the power of the Fantastical Beast!

"Three moves are over. It's my turn." Ah Luo turned his wrist gently and saw the tiny wounds on his hand. A glint of darkness flashed in his eyes. He pushed his hand forward and a thunderbolt suddenly jumped out. It was so fast that Yun Feng's eyes flashed instinctively and the thunderbolt was already in front of her!

"Boom!" Er Lei was quick to counter lightning with lightning, making the lightning change its direction and hit the void on the side. "Crack!" A spatial crack instantly appeared!

Just one attack! It caused such an outcome!

What kind of power was needed to break the void? The explosive power of the lightning element was used to the extreme in the hands of the Fantastical Beast!

Yun Feng suddenly realized that even though the lightning element didn't have any advantage in terms of speed, its outburst of power was the strongest! And the outburst of power didn't only depend on strength! It also depended on the speed of attack!

"Xiao Feng, be careful!" Yaoyao wrapped her fishtail around Yun Feng's waist and quickly took her away. Yun Feng's expression became much more serious. In that

moment just then, she completely understood that the lightning Fantastical Beast in front of her was even more difficult to deal with than the wind Fantastical Beast!

"His attack speed is too fast! And his strength far exceeds mine!" Er Lei gritted his teeth. They were both in the God King Level, but the power of the lightning-element Fantastical Beast was much stronger than Er Lei's! Every time they fought, Er Lei's lightning element could only affect it slightly.

"Boom! Boom! Boom! Boom!" Thunder against thunder, outburst against outburst!

The silver snakes danced crazily and thunder rumbled! They didn't stop!

In just dozens of seconds, there were more than dozens of battles between the thunder elements! Yun Feng also knew that Er Lei's thunder elements were completely suppressed. If she wanted to turn the situation around, she had to take risks!

Yun Feng held the wand tightly. To use the fusion of elements in this small space, she had to take a huge risk. If the fusion of five elements exploded, it was very likely that this space would be severely damaged! There was a possibility that a powerful spatial crack would appear and the distorted power of space would hang them instantly!

However, if she couldn't beat this difficult lightning-element Fantastical Beast, she wouldn't be able to see her master!

Yun Feng's black eyes darkened and she clenched her fists! Mental strength surged out of her body slowly and the five elements around the wand gathered!

Er Lei and Yaoyao couldn't help but feel surprised! The fusion of five elements! Did she have to use it in this place?

Seeing the five elements around Yun Feng's wand, Ah Luo couldn't help but frown. What was she trying to do? Did she think that five-element attacks would be useful to him?

Taking a deep breath, she waved her hand fiercely! The five elements were forcibly fused together under the pull of Yun Feng's powerful mental strength! Ah Lu was dumbfounded when he saw that! What? She forcibly fused the elements together!

Five-element fusion! It was really a five-element fusion!

Er Lei and Yaoyao both gasped! Yun Feng clasped her hands fiercely and absorbed all the five elements into her palms! She exerted strength in her palms and crushed them fiercely!

"Buzz!"

Invisible energy fluctuations spread out from his palm! The void shook violently like ripples, making people's souls tremble!

"Buzz, buzz, buzz...!" Continuous energy fluctuations kept spreading. Er Lei and Yaoyao were both terrified. Once the fused thing exploded, what would... happen here?

Qu Lanyi's heart tightened! The fusion of five elements... There was nothing he could do! Facing a Fantastical Beast, she had to fight with all her strength first!

"This fluctuation..." Ah Luo mumbled as the light in his deep eyes intensified! He slowly loosened his hand at this moment. The five-element fusion element ball rolled and jumped in Yun Feng's palm! Her powerful mental strength didn't stop. It continued to affect the element ball in Yun Feng's hand and slowly attached to it, increasing its power!

"Go!" With a furious shout, the fused elemental ball separated from Yun Feng's palm and went straight to Ah Luo's side!

The beast eyes slowly narrowed. Ah Luo felt that the power of fused elements inside was showing signs of eruption!

"Explode!" With a deep shout, the fused element ball immediately burst out! "Swish, swish..." The two beams of light were instantly retracted into the Rings of Contract. Qu Lanyi wrapped his arms around Yun Feng and pulled her into his arms. His black eyes were instantly red! He waved his hand and dense dark elements enveloped the two of them!

"Boom! Buzz!" The void shook! It instantly shattered on a large scale! The power of elements completely exploded! The power inside also spread quickly like waves!

"This is..." Ah Jin, who was outside the Beast Tower, suddenly looked back with shock written all over his face!

The old man was also shocked! He suddenly realized that something had exceeded his expectations! The old man flashed into the Beast Tower. Ah Jin stood outside and mumbled, "Ah Luo, did you cause this... Or was it that human?"

"Hahaha, hahahaha!" Unbridled laughter came from the explosion! In the strong light of the explosion of elements, a figure was among them! Yun Feng and Qu Lanyi's black eyes all darkened! He was still fine!

"You're indeed interesting!" An unbearable roar suppressed a bloodthirsty desire! In the explosion just then, the bloodthirsty side of the bloodline of the lightning-element Fantastical Beast completely erupted!

"Oh no!" Qu Lanyi and Yun Feng felt the aura of the Magic Beast that was getting more and more excited. The lightning Fantastical Beast was a bit out of control!

"Ah Luo! That's enough!" The old man's furious shout suddenly appeared! The aura of the Magic Beast that surged out suddenly shrank and the aftermath of the elemental explosion slowly dissipated. The void was a mess and cracks appeared. The distorted power of space flashed back and forth in the cracks, looking extremely messy.

Chapter 1676: Meeting Master (4)

There were wounds all over Ah Luo's palm, but he didn't seem to be seriously injured. The momentum that suddenly rose just then suddenly calmed down. Ah Luo slowly took a deep breath. "Sir, it was Ah Luo who crossed the line."

The dark elements slowly disappeared in front of Yun Feng and Qu Lanyi. Qu Lanyi was also relieved in his mind. If Ah Jin didn't control them, they would die here sooner or later.

"Let's go." Ah Luo returned to normal and said in a deep voice as he walked forward. Qu Lanyi, on the other hand, followed him carefully through a few spatial cracks with Yun Feng. Ah Luo had been silent in front of him. Yun Feng's heart was still pounding behind. The Magic Beast aura he unleashed just then was too astonishing!

"The ability of a Fantastical Beast is far beyond imagination," said Qu Lanyi. "It's obvious that the Blood Souls can control Fantastical Beasts. What kind of powerful humans are there among the Blood Souls?" Qu Lanyi lowered his black eyes. "Perhaps, they're people we don't know. Perhaps... they're people we can't imagine at all."

"Lanyi, the Fantastical Beast's ability is so astonishing, but it's still restrained by the rules. How... were these rules set?"

Qu Lanyi was silent. He pursed his thin lips and could only smile helplessly in the end. "I don't know that at all. Everything in the world operates according to the rules, and so do we."

Yun Feng was silent. Qu Lanyi said in a low voice, "If even Fantastical Beasts are like this, what about Na Xie... whom even Fantastical Beasts are afraid of?"

Yun Feng was slightly startled. She thought of the two times she really met Na Xie. Na Xie was an existence that even Fantastical Beasts were afraid of... Why did it become like Meatball? Why did it appear in the Foggy Forest... Why did it choose her? These questions had been buried since the beginning, but Yun Feng had never found an answer.

"We're here." Ah Luo's voice came from the front. Yun Feng's mind returned. She would think about these questions in the future. Right now, the fifth level of the Beast Tower was right in front of her eyes. The master, who had been helping Yun Feng selflessly on her cultivation path and had benefited Yun Feng a lot, was right in front of her!

A dazzling light burst out and her feet landed on the ground. Yun Feng slowly opened her black eyes. Faint light came. A figure was sitting on a platform with a smile. "Yun Feng, my disciple, you're finally here."

On the platform, in the light and shadow, a figure was smiling hazily. Yun Feng looked up and saw a kind and gentle face with a smile. She had seen her master before. Even though it was an image every time and she didn't really have any contact with him, Yun Feng respected and admired him from the bottom of her heart.

When she inherited the Dragon Palace, it was the first time she saw her master's image. And now, they were truly facing each other. Ever since she knew that her master was still alive, Yun Feng had walked for a long, long time along the way. And now, she finally saw him!

"Master..." Yun Feng mumbled. Qu Lanyi smiled in relief, while Ah Luo was completely expressionless. Yun Feng jumped onto the platform and bent her knees, kneeling on the ground fiercely!

"What are you doing? Get up." Feng Qingxuan smiled gently with relief in his mind. The junior in front of him could be said to be his disciple, and the only disciple he had taken in his life. He didn't have any hope that she would come here at all, but this kid didn't let him down. Every time she grew up, she would automatically let his remnant image appear. He would also feel it here. Even though he didn't have any real contact with her, he had watched her grow along the way.

This girl was only at the Commander Level when she came into contact with the Dragon Palace, but now, she had already grown into a God King! She only used a few decades, which was much faster than he expected.

"Master, I'm late." Yun Feng knelt on her knees and stared at her master in front of her with burning black eyes. Nothing had changed. Apart from the slightly skinny face, her master hadn't changed at all. Even though he was restrained here, he didn't look messy at all!

"You're much faster than I thought. You only spent thirty years to come here. If it were anyone else, I'm afraid I would have to wait a few hundred years."

Yun Feng's heart trembled slightly. She used more than thirty years to enter the Beast Region. This was indeed incomparable strength! However, in her mind, she should have come faster! Her master could avoid some sufferings here!

Yun Feng saw the chains on Feng Qingxuan's body and looked at Ah Luo below with her black eyes. "Senior, you said you wanted to give Master freedom. You can take down these chains now."

Ah Luo raised his brows. "Sir will carry it out. I won't interfere."

Yun Feng frowned. Fine, the old man asked Ah Luo to bring them here. He had already promised to set her master free earlier. He couldn't go back on his words. It was good to wait here.

"Master, I've always relied on accepting your gifts. I can't repay you," said Yun Feng. Feng Qingxuan chuckled. "I'm already satisfied that you stepped into the Beast Region for me. I didn't have any expectations at first. After all, with those gifts, you could already do whatever you wanted in the human world and you didn't have to take the risk to go deep into the Beast Region." Feng Qingxuan looked at Yun Feng with his calm black eyes. "I've seen too many people. To be honest, I'm really lucky to meet a silly girl like you."

Yun Feng smiled in embarrassment. "Since I accepted Master's gift, I certainly have to be grateful. I can't turn a blind eye when Master is in trouble!"

"Alright." Feng Qingxuan smiled and lowered his head in relief.

"Master, are you alright? You're tied up here..." Yun Feng looked at the chains on Feng Qingxuan's body and extended her hand with a frown. Feng Qingxuan, however, shook his head. "Don't touch these chains. Once you touch them, they'll absorb the power in humans' bodies crazily. They won't reject anything, whether it's fighting energy or mental strength."

After saying that, Yun Feng finally found that the chains on Feng Qingxuan's body were emitting faint light that spread all over his body! This was also the reason why Feng Qingxuan was surrounded in faint light. According to her master, the chains were glowing because they were constantly absorbing the mental strength in her master's body!

"Damn it!" Yun Feng cursed fiercely in a low voice! She immediately attacked! Her mental strength immediately turned into a blade and slashed the chain fiercely. However, the moment they touched, the chain was like a black hole, absorbing Yun Feng's mental strength completely!

That was true! Yun Feng was shocked! Feng Qingxuan said, "This thing keeps absorbing the mental strength in my body. Luckily, it doesn't absorb much, or I wouldn't have survived so long. I might have lasted for a while, but I wouldn't have lasted until you came here."

Chapter 1677: The Secret of the Bloodline (1)

"Master, is your body alright?" Yun Feng was a bit anxious. Once the mental strength in the bodies of summoners and mages was exhausted, they would be in fatal danger. Summoners with exhausted mental strength were like fragile grass that could be broken!

"It's fine. It's absorbing slowly. After such a long time, my mental strength has recovered." Feng Qingxuan smiled gently. At this moment, his aura was very weak, apparently because his mental strength had been absorbed for a long time. However, his aura was only weak and he wasn't seriously injured inside. He had endured for such a long time, but his mental strength hadn't reached the point of exhaustion, which showed how strong he was!

As expected of her master! Yun Feng exclaimed in her mind. There had always been a question in her mind, which was the level of her master's strength. The power sealed in the three talismans left for her was extremely magnificent. Her master's power was probably above that of a God King... Otherwise, he wouldn't have been able to enter the Beast Region!

Feng Qingxuan chuckled. His eyes seemed to be able to read Yun Feng's mind. "One day, you'll surpass me."

Yun Feng was stunned. Feng Qingxuan's eyes gave her extreme confidence at this moment. Yun Feng couldn't help but feel a bit more hearty! Being able to get her master's affirmation made Yun Feng extremely happy in her mind!

"You're here. This is the second time I've seen you." Feng Qingxuan said as he looked back past Yun Feng. Yun Feng turned around and the old man slowly appeared in the air with a kind and gentle smile on his face. He looked at Yun Feng and Feng Qingxuan with a smile. The old man chuckled. "I can't believe you have such a special descendant as your disciple."

"Of course," said Feng Qingxuan. He moved his body, and so did the chains.

"Senior, you won't go back on your words, will you?" Yun Feng said. The old man replied with a smile, "You won't go back on your words either, right?"

Yun Feng's black eyes were determined. "Of course not!"

The old man nodded in satisfaction, but Feng Qingxuan frowned hard. "Disciple, what did you promise him? Old man! If you want to use my disciple, I won't agree!"

"Sir, he should be locked up for a while longer," said Ah Luo in a low voice. The old man chuckled. "We've just met and you're already protecting her. Feng Qingxuan, you haven't changed at all. You and your master are surprisingly similar."

"Cut the crap!" said Feng Qingxuan coldly. Qu Lanyi, on the other hand, remained silent and thought about what Feng Qingxuan called himself just then. Was his identity so special?

Yun Feng was a bit speechless. Her master's personality was truly a bit fiery... Logically speaking, her master should be at the level of an old monster according to his age, but such a personality could also be speculated. After all, it was a very impulsive decision to break into the Beast Region back then. Compared to the cold and serious remnant images, such a master was a bit more approachable. Yun Feng couldn't help but smile in her mind. Compared to the seriousness and coldness of the remnant images, she was closer to such a master.

"I won't go back on my words. Feng Qingxuan, you're truly lucky to have such a good disciple." The old man smiled and waved his sleeve. The chains on Feng Qingxuan's body disappeared! "Yun Feng and I have an agreement. You're free."

"Master!" Yun Feng quickly helped Feng Qingxuan up. Feng Qingxuan's face was slightly pale and his aura was weak, but he was fine overall. He was also a bit thinner. It was quite a torture to have his mental strength sucked out of his body over the years.

"Disciple, you did a good job in bending the Fantastical Beasts." Feng Qingxuan chuckled and gave Yun Feng an affirmation. Yun Feng smiled, while the old man shook his head and sighed helplessly. Yun Feng held Feng Qingxuan and looked at the old man. "Thank you, Senior. I'll definitely do my best to do what I promised you! As for the Fantastical Beasts... Should I still contact you with the jade pendant?"

The old man shook his head. "It's already confirmed that the Fantastical Beast in the Blood Souls' hands is real. If something really happens, it'll be too late for you to contact me. This time, I'll let Ah Luo follow you."

What? Yun Feng widened her eyes in shock! No way. The Fantastical Beast was going with her?!

Ah Luo was silent on the side and didn't have any expression on his face about this decision. Feng Qingxuan raised his brows, and Qu Lanyi was also shocked! Fantastical Beast as a companion!

"Senior, I'm afraid..." Yun Feng frowned. The Blood Souls had a Fantastical Beast in their hands. It was certainly good for a Fantastical Beast to go with them. If the Blood Souls sent out a Fantastical Beast, Yun Feng would also have a Fantastical Beast to hold the line. However, it was a Fantastical Beast after all... It would be a bit

inappropriate to go with them. Once the Fantastical Beast took action, the world would probably be in chaos. Besides, Yun Feng would feel pressured if it followed her.

"If I don't meet a Fantastical Beast, I won't attack," said Ah Luo as he looked at Yun Feng expressionlessly. "Your business has nothing to do with me."

Feng Qingxuan raised his brows. "You're just a Fantastical Beast. Don't think too highly of yourself. You don't have to worry about your disciple."

The old man chuckled. "Yun Feng, don't worry. Even though Ah Luo is with you, he won't appear usually. I'm just taking precautions to solve the problem of the Fantastical Beast as soon as possible. According to the rules, Fantastical Beasts can't interfere too much, but it's a different story for the business of Fantastical Beasts."

"I understand." Yun Feng nodded. She certainly didn't need the Fantastical Beast to interfere with her own business, but to deal with the Blood Soul, she had to rely on the power of the Fantastical Beast.

"Ah Luo." The old man looked at Ah Luo, who replied indifferently, "As you wish, sir."

The old man nodded with a smile. "Yun Feng, you should leave this place as soon as possible. After all, this isn't a place humans should come to."

Yun Feng nodded and helped Feng Qingxuan off the platform. Ah Luo had already followed the old man out. Qu Lanyi quickly walked over and supported Feng Qingxuan's weak body. Feng Qingxuan's black eyes glittered. He looked at Qu Lanyi deeply and didn't say anything.

Feng Qingxuan was weak. Yun Feng planned to leave the Beast Region as soon as possible. After leaving the Beast Region, she had a Fantastical Beast with her. Yun Feng sighed in her mind. If other people knew about this, their eyes would probably pop out.

"Yun Feng!" When Yun Feng was about to leave, an angry shout suddenly flashed through her mind! That was Yao Guang's unique hoarse voice. It was Senior Yao Guang? Yun Feng was puzzled. "Senior Yao Guang, what's the matter?"

Chapter 1678: The Secret of the Bloodline (2)

"You're in the Beast Region right now, aren't you?" Yao Guang's hoarse voice carried uncontrollable excitement. Yun Feng frowned. "Yes, I'm indeed in the Beast Region."

"Very good... Let me out!"

What?! Yun Feng was shocked!

"Did you hear that? Let me out!" Yao Guang's roar sounded again. The more anxious he was, the more Yun Feng felt that something was wrong!

"Senior Yao Guang, this is the Beast Region. If I let you out, I must use the Dragon Palace! Didn't you say before that I can't use the Dragon Palace in the Beast Region?"

"I don't care about anything else! Let me out!" Yao Guang's furious voice came. Yun Feng was silent. The old man was stunned when he saw Yun Feng on the side. "What's wrong?"

Yun Feng looked up at the old man with her clear black eyes. "Senior, do you know... Yao Guang?"

The old man and Ah Luo were both stunned! Yun Feng understood in her mind. It seemed that Senior Yao Guang most likely came from the Beast Region. Yao Guang's original form was extremely special and matched the characteristics of the Magic Beasts left in the Beast Region. The Fantastical Beasts were no strangers to him, so they were certainly related!

"How do you know him?" asked Ah Luo gloomily. The old man also became serious. Qu Lanyi had already helped Feng Qingxuan to another place. At this moment, only Yun Feng was here. Yun Feng was silent for a while and didn't know what to say. The Dragon Palace was so similar to the Beast Tower. Yao Guang had also said that the Dragon Palace didn't belong to humans. Was it inappropriate to tell him?

"Yao Guang has already been locked up in the Banishment Palace. He's from a race exiled from the Beast Region," said the old man solemnly. "How do you know about his existence?"

The Banishment Palace... Was that the real name of the Dragon Palace? Were the Magic Beasts exiled by the Beast Region imprisoned inside? "Senior Yao Guang... What exactly did you do to be exiled?" Yun Feng mumbled. The old man was silent. Ah Luo said, "This is a matter of the Beast Region. Humans don't have to ask."

Yun Feng frowned. She couldn't get an answer.

"Yun Feng, where exactly did you find out about his existence?" The old man frowned and stared at Yun Feng. Yun Feng slowly said, "Has the Banishment Palace... already left the Beast Tower?"

The old man was shocked! "You mean... you have it?"

Ah Luo instantly attacked! The old man swung his sleeve crazily and blocked all of Ah Luo's attacks! "Sir!" Ah Luo frowned. The old man looked back at Ah Luo. Ah Luo obediently stopped attacking and stood aside silently.

Yun Feng's body tightened. If the old man hadn't blocked the attacks for her, Ah Luo's lightning would probably have already hit her!

"Yun Feng, is it in your hands?" The old man looked at Yun Feng with his deep eyes. Yun Feng took a deep breath and slowly said, "That's right. If the one in my hand is really the Banishment Palace Senior mentioned, then you're right. It's indeed in my hands. However, when I came into contact with it, it had a new name, the Dragon Palace."

"The Dragon Palace?" The old man was puzzled. Ah Luo said in a deep voice, "Did the Dragons take it?"

Yun Feng frowned. "That shouldn't be the case. The Dragon Palace is only in the Dragons. It must've had a few masters before."

The old man frowned even more tightly and Ah Luo's face became even gloomier. Yun Feng twisted her wrist and the dragon-shaped jade pendant had already appeared in her hand. "This is the key to opening the Dragon Palace. Senior Yao Guang is indeed locked up in the Dragon Palace."

The old man looked at the dragon-shaped jade pendant in silence. Ah Luo's eyes were burning. In the end, the old man chuckled. "The Banishment Palace disappeared inexplicably from the Beast Region a long time ago. We've been investigating for a long time. After all, there are some guys with bad personalities imprisoned in the Banishment Palace. Yao Guang is certainly one of them. If they fall into the hands of someone with ill intentions, there will be endless trouble in the future."

Even though she was a bit reluctant in her mind, Yun Feng knew that it was better to return everything to its rightful owner. "Since it's something from the Beast Region, I'll return it to you intact."

The old man chuckled and shook his head to Yun Feng's surprise. "Since it's been through human hands, there's certainly no reason for you to return it to the Beast Region. Besides, the Beast Region doesn't need it at all right now. It'll be very useful in your hands."

Ah Luo glanced at the old man, who continued with a smile, "Yun Feng, I've seen the coldness and warmth of the world, especially the unpredictable human world. You're the first human being to make me look at you in a different light. Many unbelievable things have happened to you. I can't help but look forward to your future. Don't let me down."

Holding the dragon-shaped jade pendant in her hand tightly, she felt that the responsibility and burden on her shoulders inexplicably increased a bit. The old man continued, "When I first met you in the Foggy Forest, I knew that you weren't an ordinary person. It's reasonable for Na Xie to acknowledge you. Now that the Banishment Palace is in your hands, I can be more at ease. Now that it's called the Dragon Palace, it means that it has nothing to do with the Beast Region."

"Thank you, Senior." Yun Feng's heart moved slightly. As a Fantastical Beast and a supreme figure in the world of Magic Beasts, the old man's attitude towards her could be said to be extremely kind. Not only had he helped her many times, but he also didn't care about the Dragon Palace right now. Such tolerance certainly couldn't be separated from his admiration for Yun Feng.

"You mentioned Yao Guang just then, which proves that Yao Guang has something to say?" The old man raised his brows. Yun Feng nodded. "Senior Yao Guang said that he's coming out."

Ah Luo's expression froze, but the old man chuckled. "It's good to come out. By the way, ask the other one if it's coming out too."

The other one? Could it be the owner of that old voice? Yun Feng still didn't know what the owner of the other voice in the Dragon Palace looked like. She only heard the voice. Yun Feng slowly closed her black eyes and opened the Dragon Palace! An inexplicable fluctuation rippled from Yun Feng's body. The expressions of the old man and Ah Luo changed slightly and they were even more certain in their minds that the Dragon Palace Yun Feng was holding was the Banishment Palace that had disappeared for a long time!

"Senior Yao Guang." Yun Feng's voice echoed in the Dragon Palace. Yao Guang's gray eyes in the black robe shrank fiercely! His body suddenly floated in the sky!

"Yun Feng! Let me out!" Yao Guang roared at the sky. Yun Feng's voice came. "Sure, but I want to ask the other Senior, are you coming out too?"

Yao Guang was stunned. He looked at a certain place in the void with his gray eyes and the sound of a huge body sliding came. An old voice slowly sounded. "It's good to get out. Yao Guang, don't you think?"

Chapter 1679: The Secret of the Bloodline (3)

Yao Guang burst into laughter after hearing that. "Old man, have you finally thought it through?"

Hearing the conversation between the two of them, Yun Feng took a deep breath. "In that case, Seniors, I'm going to send you out."

Yao Guang's eyes were full of excitement and anxiety! "That's for the best! I've been waiting for this moment!"

Accompanied by the chuckle of the old voice, Yun Feng opened her black eyes! Two balls of light suddenly flew out of the dragon-shaped jade pendant and appeared in the sky! The old man raised his head and chuckled. "It's been a long time. Yao Guang and... Ao Weng."

Ao?! Yun Feng widened her black eyes and looked at the huge body that could be vaguely seen in the huge light in the sky. Ao... That was the surname of the Dragons! Perhaps... the other person was a member of the Dragons?

The situation on Yun Feng's side was a bit unexpected, but it was a different scene on Qu Lanyi's side. Qu Lanyi helped Feng Qingxuan to a corner. He first used the light element to treat Feng Qingxuan's injuries. Even if Feng Qingxuan was fine, Qu Lanyi wanted Yun Feng to be at ease.

When Qu Lanyi examined him, Feng Qingxuan was silent. He sat there quietly and didn't say anything. Qu Lanyi didn't say anything either. Even though he didn't show any emotions on his face, he was already shocked in his mind! When the light elements entered this body, Qu Lanyi had already found that Feng Qingxuan's strength was ridiculously high! Even though his mental strength was constantly being absorbed and he was weak after a long time, Qu Lanyi's light elements were still suppressed once they entered his body!

He was suppressed all the way from the beginning to the end!

Qu Lanyi retracted the light element. Feng Qingxuan glanced at him. Qu Lanyi said, "Senior is indeed fine and... very strong."

Feng Qingxuan raised his brows. "Kid, who are you to my disciple?"

Qu Lanyi looked up at Feng Qingxuan with glittering black eyes. "I'm Yun Feng's husband. She's my wife."

Feng Qingxuan was stunned. He didn't expect Qu Lanyi to be so straightforward. "Humph! My disciple deserves someone better. You're... much worse than her."

Qu Lanyi chuckled. "I know that, so I've been working hard to be on par with her."

Feng Qingxuan was silent for a while and then said, "Have you found a way to balance the light and dark elements in your body?"

Qu Lanyi was surprised! He had always suppressed the dark elements and nobody could detect them at all! That guy had seen through him in a moment! "...I should say... barely."

Feng Qingxuan chuckled. "It's rare to see someone with such a physique. For my disciple's sake, let me give you a piece of advice. It's wrong to fuse light and darkness. If you don't handle it well, there will be endless trouble in the future. Even though you're suppressing yourself very well right now, the more you suppress yourself, the more difficult it will be to control your outburst."

Qu Lanyi's black eyes darkened. "Senior, do you know how to balance them?" He had walked the Nirvana Road. Even though his strength had increased rapidly and he could control the light and dark elements in his body, it was still very difficult for him to control them right now! Every time the light and darkness worked at the same time, the red patterns spreading out of his body were evidence!

At first, the red patterns only appeared in parts, but now... they had already extended to half of his body!

"There's a way, and it's very simple," said Feng Qingxuan. Qu Lanyi was delighted! Feng Qingxuan chuckled. "Her summoner bloodline can help you balance them. The summoner bloodline of the Yun family can perfectly balance many elements in your body and stimulate the power of all elements to the greatest effect. This is an ability that no human being or any other bloodline has."

Qu Lanyi's black eyes shrank fiercely! What did that mean?

Feng Qingxuan looked ahead with an unfathomable expression. "You still don't understand, kid? You'll be able to solve the problem as long as you transfer my disciple's blood to yourself."

What? Qu Lanyi's expression changed drastically! His black eyes instantly turned red!

Feng Qingxuan smiled. "You can't control the dark elements every time you change your emotions. Kid, you're still too young. If you don't deal with it soon, you'll be burnt to ashes sooner or later."

Qu Lanyi clenched his fists! The dark elements in his body were surging! Suppression, suppression! Crazy suppression!

The blood in his black eyes faded. Qu Lanyi's breathing became a bit rapid. Seeing that, Feng Qingxuan said casually, "The solution is right in front of you. You didn't know it before, but I've told you now."

Brutality flashed through Qu Lanyi's eyes! "I'll never let anyone hurt her, certainly not myself!"

Feng Qingxuan was silent. Qu Lanyi stood there stiffly. He wouldn't hurt Fengfeng! Other people couldn't, and neither could he! Not at all! She was the woman he treasured. How could he hurt her?

"Humph. If you waver at all, I won't let you live to the next second," said Feng Qingxuan coldly. Qu Lanyi was stunned. Was everything just then a test?

"I'm not lying. That's indeed a solution." Feng Qingxuan looked at Qu Lanyi. "If you dare to touch my disciple, I won't let you go."

Qu Lanyi was stunned for a few seconds and heaved a sigh of relief. "...I won't hurt Fengfeng at all. How can I bear to..."

"It's best if you realize that," said Feng Qingxuan. "For my disciple's sake, I can teach you some ways. Your transformation of light and darkness is too inexperienced right now."

Qu Lanyi was delighted! Fengfeng's master was indeed protective! "Thank you, Senior," said Qu Lanyi solemnly. Feng Qingxuan said indifferently, "It's just improvement. If you want to solve the problem completely, I can't help you."

Qu Lanyi nodded. It was already good enough that he could improve it! He wouldn't ask for too much, but... Fengfeng's master even knew this method. Was he... the same as him?

"Senior, are you also..." asked Qu Lanyi tentatively. Feng Qingxuan glanced at Qu Lanyi coldly. "I don't have such a physique. I just... had such a friend in the past."

Friend... Qu Lanyi frowned. "Senior, about your friend... Are they... from the Naxi family?"

Feng Qingxuan raised his head and looked at Qu Lanyi. "Kid, are you from the Naxi family?"

Chapter 1680: The Secret of the Bloodline (4)

Qu Lanyi's body stiffened. His physique wasn't unique in the Naxi family. It had appeared before! Why didn't his father say anything about this? Even the elders of the Naxi family didn't say anything!

Qu Lanyi's black eyes glittered. "Senior's friend... What happened to them?"

Feng Qingxuan was silent for a moment. Then, he looked ahead and heaved a sigh. "He... is dead. Even his soul has dissipated."

The expression on his handsome face was completely frozen. Qu Lanyi's muscles tightened in an instant. He kept repeating what Feng Qingxuan said in his mind. He was dead... Even his soul couldn't be preserved. Was this the final fate of keeping light and darkness in the same body of? He clenched his fists so hard that he instantly felt sharp pain.

Feng Qingxuan glanced at Qu Lanyi. "There are always exceptions. You might be one of them."

Qu Lanyi was still silent. An exception... If that was the case, why didn't his father tell him anything about the person from the Naxi family? If Fengfeng's master hadn't mentioned it today, he wouldn't have known at all!

"Thank you for telling me, Senior," said Qu Lanyi. He didn't look relaxed at all. Feng Qingxuan raised the corners of his mouth. "Instead of thinking about that, why don't you think about whether you can master the method I'll teach you later? I'll only say it once."

Qu Lanyi chuckled with gratitude in his black eyes. "Senior, please enlighten me!"

When Yun Feng came to where Qu Lanyi and Feng Qingxuan were, she saw that the atmosphere between the old man and the young man was quite harmonious. Yun Feng was a bit surprised. She thought that her master would make things difficult for Qu Lanyi with his temper, but the two of them got along quite well.

"Master, are you alright?" Yun Feng came. Feng Qingxuan sat cross-legged with a hint of blood on his pale face. "I'm fine. My mental strength is just recovering slowly."

Qu Lanyi was also sitting on the ground. When Yun Feng arrived, he had already widened his black eyes and looked at Yun Feng with a smile. "Senior is indeed fine. Don't worry."

Yun Feng smiled in relief. Thinking about what happened just then, and because the previous master of the Dragon Palace was her master, she should tell him everything about the Dragon Palace. Yun Feng told him everything. Feng Qingxuan only chuckled after hearing that, as if he wasn't surprised.

"Master, you've already known?" Yun Feng was confused to see that Feng Qingxuan wasn't surprised at all. Feng Qingxuan nodded. "I've been locked up in the Beast Tower for so long. I've already known the relationship between the Dragon Palace and the Beast Tower."

Qu Lanyi frowned slightly after hearing that. "The Dragon Palace can be said to be a part of the Beast Tower, but for some reason, it broke away and was even taken away from the Beast Region. Senior, where did you get the Dragon Palace?"

Feng Qingxuan raised his brows. "It can be said to be a coincidence. I explored with some old guys. The strongest one got it."

So, the Dragon Palace was unowned before Feng Qingxuan took it over... So, nobody knew when the Dragon Palace left the Beast Region.

"Could it be... related to the few Fantastical Beasts that went missing in the Beast Region?" Yun Feng mumbled. The Fantastical Beasts were missing and a part of the Beast Tower was also missing for some reason. All of this was already unusual. There must be something fishy. Combined with the jade pendant in her hand and Qu Lanyi's, she could confirm that the ones sealed inside must be related to the Fantastical Beasts. Judging from that... the Fantastical Beasts had been gone for a long time.

So... Feng Qingxuan must've been active a long time ago. He might even know some of the ancestors of the Yun family!

"Master, do you know anyone from the Yun family?" Yun Feng asked. They were all summoners. The Yun family shouldn't have been on the decline when Master was active!

"Haha, of course I do. How can I not know the Yun family, which is known for its summoner bloodline?" Feng Qingxuan chuckled. Yun Feng's heart pounded hard! Hot blood surged in her heart. What was the Yun family like back then? They were probably quite strong!

"Senior, in that era, the Naxi family hadn't gone into hiding yet?" asked Qu Lanyi tentatively. Feng Qingxuan said, "In the era when I was active, the Naxi family had already gone into hiding. As for the other three families, they were all very powerful, especially the Yun family. It can be said that the summoner bloodline had reached the peak."

Yun Feng's heart heated up! When she saw that scene in the Yun Palace back then, it was probably the show of the Yun family's prosperity! Such a large-scale Yun Palace, the ancestor of the Yun family, the appearance of the Yun family badge... These were all traces of the Yun family's glory!

"Master, do you know Yun Zhan?" asked Yun Feng. Feng Qingxuan was stunned for a moment. "Of course. He's an impressive elder of the Yun family. I heard that he's also the strongest member of the Yun family. It's just that I was still a young man back then."

Yun Feng heaved a sigh of relief. The decline of the Yun family must have started at that time. It had been almost a thousand years. In these thousand years, the Yun family had experienced too much vicissitudes of life and bullying. Even though the Yun family already had an absolute status in the Inner Area right now, it was still incomparable to the Yun family a thousand years ago!

"The Blood Souls probably hadn't appeared in Senior's era yet," whispered Qu Lanyi. Feng Qingxuan was confused. "The Blood Souls? What's that?"

Yun Feng said with a heavy tone, "It's an organization that rose inexplicably. All the members of the organization are proficient in the dark element. They collect all kinds of special bloodlines. We can confirm that they have Fantastical Beasts in their hands right now. As for the ultimate purpose of the Blood Souls, we don't know yet."

Feng Qingxuan frowned hard. Yun Feng suddenly remembered something. Apart from collecting special bloodlines, the Blood Souls were also very concerned about the map fragments! Master might know about the map fragments!

"Master, do you know the map fragments?" asked Yun Feng. Feng Qingxuan was confused. Yun Feng immediately took out the fragments of the map she found. Feng Qingxuan's expression changed drastically after seeing that! "Disciple, why do you have these?"

"Master, you know them? I got them by chance. I don't know what this map represents."

Feng Qingxuan picked up the map fragments and looked at them carefully. He suddenly burst into laughter. Yun Feng and Qu Lanyi were both confused. After laughing, Feng Qingxuan put on a reminiscent expression. "This is a Map of Elements."

"A Map of Elements?"
