

Genius Summoner

Chapter 1681: Prepare to Set Off, The Naxi Family (1)

Feng Qingxuan put on a smile. "The Map of Elements, as its name suggests, contains the Seeds of the Seven Elements."

The Seeds of Elements?! Yun Feng and Qu Lanyi looked at each other. This was a new term. They had never heard anyone mention it at all!

"It's said that there was originally no power of elements in the world. Then, seven-element seeds were born. Then, the power of the seven elements spread in the world. It can be said that the power of the seven elements all came from the seven element seeds. It can also be said that these seven seeds gathered the supreme energy of the seven elements."

It wasn't just supreme energy. This was already the source! If they could get one of the seeds, it would be a godsend for mages and summoners!

"The Element Seed was regarded as a legend at first, but as the Map of Elements appeared, the existence of the Element Seeds was also defined as real and credible. Humans and Magic Beasts in the world were all crazy. If they could get an Element Seed, they would get endless power."

"Senior, you've also obsessed with it?"

Feng Qingxuan chuckled. "Kid, if it were you, how would you not be addicted to it? Once you embark on the path of cultivation, how can you not pursue supreme power?"

Qu Lanyi was silent, and so was Yun Feng. Feng Qingxuan heaved a long sigh. "At that time, the appearance of the Map of Elements caused a tsunami. The Map of Elements was the target of all the powerhouses. Those who didn't have enough strength would die in the fight sooner or later."

Yun Feng and Qu Lanyi couldn't help but feel even more gloomy. They could imagine the tragic situation at that time. Endless fighting and bloodshed! Countless red eyes were staring at the Map of Elements, and the person who had it would be exhausted!

"You can imagine how chaotic it was. In the end, the Map of Elements was divided into twelve parts and scattered everywhere. The chaos finally calmed down, but the powerhouses who were crazy about power still wouldn't give up, because the temptation of the Element Seed was too strong. However, as the news about the Map of Elements disappeared, this dispute finally calmed down completely."

"Maybe it's just calm on the surface. The competition for the Map of Elements has never stopped for humans or Magic Beasts," said Qu Lanyi. Feng Qingxuan chuckled. "Of course. When I was active, the Map of Elements had already disappeared for a long time. I only heard that it appeared by chance and it immediately caused a huge commotion. Countless experts rushed here for this map."

"Does the Element Seed really exist? This map... Could it be..."

Feng Qingxuan chuckled. "Disciple, I have the same doubts as you, but I can tell you clearly that the Element Seed does exist. I'm lucky enough to see it with my own eyes."

Yun Feng and Qu Lanyi were both shocked! He had seen it! The Element Seed really existed!

"I've only seen it. I can't get close to it at all. It's too powerful... Luckily, I have a good mentality. Otherwise, I would've been like a moth to a flame." Feng Qingxuan smiled casually. "I didn't expect you to find so many Map of Elements pieces after such a long time."

Yun Feng looked at the few pieces of the map in her hand and her heart couldn't help but feel much heavier. This map showed the location of the seven element seeds. The Blood Souls cared so much about it. It seemed that they should know about the element seed. If they found it first, there would be endless trouble in the future!

"According to what Master said, we can't let the Blood Souls find the Element Seed first!" said Yun Feng. Qu Lanyi's black eyes glittered. First, the Blood Souls, and now the Element Seed. How much more responsibility did Xiao Feng have to carry?

"Disciple, according to what you said, the Blood Souls should be much stronger than before. You can't stop them alone. The best solution is to join forces with others."

"That's right! Fengfeng, you don't have to bear so much alone! You can't bear the responsibility of the Blood Souls alone anymore. The Naxi family can't stay out of it either. The other two families are the same! If we let the Blood Souls continue, they'll threaten everyone sooner or later!"

Feng Qingxuan nodded. "That kid is right. Apart from the Yun family, the other three families must consider the consequences even if they want to stay out of it."

"After leaving the Beast Region this time, come home with me." Qu Lanyi's black eyes were burning. Yun Feng nodded. Indeed, she couldn't do it alone right now. She had to join forces with all the allies she could to resist the Blood Souls! It would be best if the three families could join forces!

"Alright, after we leave the Beast Region, I'll go to the Naxi family with you."

Feng Qingxuan moved his body. "Speaking of which, you're going to have a Fantastical Beast with you this time. It'll be a great help. Even though the Fantastical Beast won't attack easily, it's more or less a deterrent."

Yun Feng nodded. What her master said was right. Even if Ah Luo didn't do anything, if other people knew that a Fantastical Beast was with Yun Feng, they would definitely look at Yun Feng in a different light, especially the four ancient families!

"After leaving the Beast Region, Master, if you don't mind, how about you go to the Yun family to recuperate first?"

Feng Qingxuan chuckled. "I've always been friends with the Yun family and the members of the Yun family. It's a pity that so much time has passed. I wonder how they're doing right now."

Yun Feng smiled wryly. "Master, you might not know this, but the Yun family... can't compare to what it used to be. We've experienced a lot in the process."

Feng Qingxuan frowned and then waved his hand. "It's fine. No matter what, the Yun family is still the Yun family. I know that."

Yun Feng smiled in relief. She probably wouldn't just visit the Naxi family next. Her master's body still needed to recuperate. He wouldn't have to run around if he stayed in the Yun family. After leaving the Beast Region, Yun Feng would set off for the Naxi family with Qu Lanyi. Before this, Yun Feng had been wondering in her mind... What level was her master at? Also, how many elements of a summoner was her master?

Feng Qingxuan burst into laughter. "I'm not as good as you. I only have one element."

Yun Feng frowned. "I heard from Uncle Flirtatious that you entered the Beast Region for the darkness Fantastical Beast... So..."

Feng Qingxuan raised his brows and smiled deeply. Yun Feng was shocked. A darkness summoner! Then what about strength... How strong was her master?

Chapter 1682: Prepare to Set Off, The Naxi Family (2)

"Disciple, your current strength is at the God King Level. Above the God King Level is the God Lord, above the God Lord is the God Emperor, and above the God Emperor is the God Venerable."

God King, God Lord, God Emperor, God Venerable... Master called himself the Venerable. So... Master's strength should be at the God Venerable Level!

The God Venerable Level! Qu Lanyi was shocked. Fengfeng's master was so... powerful! The elders of the Naxi family were probably not any stronger!

"Master, what's your grade of the God Venerable Level?" Yun Feng looked at Feng Qingxuan with anticipation in her eyes. Feng Qingxuan burst into laughter. "My strength is nothing. But disciple, when can you reach the God Lord Level from the God King Level?"

Yun Feng chuckled. "There's no rush. I can go further if I take my time step by step."

Feng Qingxuan nodded in satisfaction. He was especially satisfied with this disciple. Not only was she talented, but she had also been humble and cautious since the beginning. She had such high achievements at such a young age and such a mentality. Such a descendant was very rare.

Yun Feng and the others were about to leave the Beast Region. Yao Guang and Ao Weng left the Dragon Palace and stayed in the Beast Region. Yun Feng didn't know what happened after that day, but it seemed that Yao Guang was much more peaceful. When Yun Feng left, Yao Guang came to see her off.

"Yun Feng, tell Mu Canghai to remember his limits," said Yao Guang coldly. Yun Feng nodded with a smile. "I'll definitely tell him what Senior Yao Guang said. Thank you for your help on the way."

"Humph!" Yao Guang snorted coldly and didn't say anything else. The old man looked at Yun Feng with a smile. "Have a safe trip. Be careful." Yun Feng nodded with a smile. "Thank you for taking care of me, Senior."

The old man looked at Ah Luo, who was silent next to Yun Feng. Ah Luo nodded at the old man slightly. "I'll remember what you said, sir."

The old man chuckled. Yao Guang said impatiently, "What are you waiting for? Let's go!"

The old man burst into laughter. "Yao Guang is right. It's time for you to leave." His sleeve fluttered even though there was no wind. A spatial crack appeared in the sky and slowly widened in front of everyone. A suction force came straight at them and pulled Yun Feng and the others in! Yun Feng saw darkness in front of her eyes. She knew that when she opened her eyes again, she would leave the Beast Region.

In a short period of time, the enormous power of space suddenly changed. A spatial crack appeared in front of them again and a dazzling light tore the darkness apart in front of their eyes. The next second, a beam of light completely enveloped everyone!

The Foggy Forest had always been strictly divided according to the levels. Every area had its own strict strength rules. No Magic Beast dared to cross the line easily. On a

sunny day, a spatial crack suddenly appeared in a certain space in the Foggy Forest. The Magic Beasts living around were suddenly shocked! They looked at the spatial crack that suddenly appeared in confusion.

"Buzz!" A strong spatial fluctuation came. All the Magic Beasts around were shocked! They immediately fled in all directions!

"Buzz, buzz, buzz!" A few more forces spread out one after another. The spatial crack expanded to the maximum and a few figures jumped out of the crack!

"The Foggy Forest again." Qu Lanyi looked up at the scene around him. It was surprisingly quiet. There was no aura of a Magic Beast within a few kilometers!

Yun Feng chuckled. The Foggy Forest was good too. Ah Luo glanced at the surrounding scenery indifferently and said expressionlessly, "If the aura of a Fantastical Beast appears, I'll certainly show up." Purple thunder elements appeared and Ah Luo's body instantly disappeared under the purple thunder elements.

Feng Qingxuan looked around and exclaimed, "The world has changed a lot."

Yun Feng and Qu Lanyi both smiled lightly. "Master, let's go to the Yun family in the Inner Area first. Then, Lanyi and I will set off."

Feng Qingxuan nodded. Yun Feng suddenly thought of something else. Since her master was a summoner, he certainly had his own contracted Magic Beast, but he didn't have the Ring of Contract on his finger. Perhaps her master didn't like to wear the Ring of Contract?

Seeing that Yun Feng seemed to want to say something, Feng Qingxuan chuckled. "Are you asking about my contracted Magic Beast?"

Yun Feng nodded. Feng Qingxuan looked at his empty fingers and heaved a long sigh. "Now that I think about it, I did a lot of wrong things when I was young. In order to contract with a Fantastical Beast, I've already canceled my contract."

Yun Feng's face darkened slightly. Indeed, if her master's goal was the Fantastical Beasts, he could only contract one of them. If he wanted replacement, he must first cancel the original Magic Beast contract. Her master must've been very strong when he was young. Her current achievements might be far inferior to her master's back then.

"I'm truly old. I don't need any contracted Magic Beasts." Feng Qingxuan smiled lightly, but Yun Feng could see the loneliness in his eyes. After being imprisoned in the Beast Region for so long, her master must have understood a lot of things. The recklessness of his youth had already settled. Now, there was only the vicissitudes of time.

"Rustle, rustle!" There was suddenly a sound in the bushes nearby. The three of them all glanced over. Soon, three young people walked out of the bushes. The three young people were immediately startled and looked shocked when they saw Yun Feng and the others!

"There's... There's someone here..." The three young people chuckled and were a bit puzzled in their minds. They didn't detect any aura at all. Why did the three people suddenly appear?

Yun Feng looked away. These three young people were only at Grade 8 and hadn't even reached the Commander Level. They should be rising stars in Chunfeng Town who came to the Foggy Forest for training. "Master, let's go," said Yun Feng casually. Feng Qingxuan nodded and the three of them turned around to leave. The three young people were shocked again when they saw that! These three people were truly arrogant!

"How arrogant..." One of the young people couldn't help but raise the corners of his mouth. Logically speaking, those strangers should be a bit more polite. At least, they should give them a response.

"That's right. How f*cking arrogant!" Another young man said. The two of them were indignant and whispered to Yun Feng and the others, who hadn't gone far. They didn't restrain themselves on purpose, so Yun Feng certainly heard them. Yun Feng only chuckled after hearing that. Feng Qingxuan said, "Are young people nowadays so impulsive?"

Chapter 1683: Prepare to Set Off, The Naxi Family (3)

Yun Feng chuckled. Qu Lanyi also chuckled and said, "They might not know what humility is." His voice was neither loud nor soft. When the three young people heard it, their faces immediately flushed and they were enraged!

One of them couldn't hold back anymore. He gathered fighting energy and waved it abruptly! "Don't look down on me!"

Yun Feng raised her red lips and moved her finger gently. Her mental strength turned into a whip and she swung it back abruptly!

"Pa!" A crisp sound burst out of the air! The fighting energy attack of the young man that was accumulating and erupting was unfortunately swung gently by Yun Feng and completely dissipated!

The three young people were stunned! One of them took out something and put it in the air tentatively. With a crisp crack, the thing in his hand instantly shattered!

"I don't believe it!" The young man who attacked just then was about to attack again, but the other two people immediately stopped him! "Don't... Don't attack!"

"Let go of me!" The young man struggled indignantly. The other man quickly raised the broken thing in his hand in front of him. "F*ck, look carefully! This thing is broken!"

The body of the young man, who was about to attack, stiffened! He looked at it in a daze for a long time and said sleepily, "It... It... It really shattered...!"

The faces of the other two young people instantly turned pale. The thing in their hands was a treasure that their family had just obtained. The connection between the three continents had been strengthened and God-Level powerhouses had also appeared. It was said that this thing could detect the aura of God-Level powerhouses! However, it... shattered right now!

"Those three... are above the God Level?!" The young man who attacked sat on the ground and said in a daze. His two companions were also stunned. They both sat on the ground and their legs were a bit weak when they thought about it.

A powerhouse that surpassed the level of a God? They dared to attack such a person? The faces of the three young people turned pale. They were already lucky to be alive until now!

The young man sitting on the ground immediately scrambled up and chased after the strangers! "Hey! What are you doing?" His other two companions were both shocked when they saw this and also ran. The young man in the front shouted without looking back, "It's good to be able to talk to such a powerhouse above the God Level! If... if I can be her disciple, I'm willing to die!"

After the initial fear, what followed was the fanatical pursuit of power! This was human beings! This was the absolute worship of power in this world!

However, no matter how they chased and searched, Yun Feng and the others had already disappeared.

They returned to the headquarters of the Yun family in a low-profile manner. Feng Qingxuan was quite surprised to see the communication between the continents. In the end, he could only exclaim that the world had changed too quickly. They returned to the Inner Area smoothly. The headquarters of the Yun family was still as busy as usual, but Yun Feng's return was a big deal for the Yun family. And this time, she brought back another important person, Feng Qingxuan.

"Is this the master you're talking about?" The three elders of the Yun family greeted her. Yun Feng nodded with a smile. "Master, these are the three elders of the Yun family. He is my master, Feng Qingxuan."

"Feng Qingxuan!" The three elders of the Yun family were all shocked when they heard this name! Feng Qingxuan chuckled on the side. Yun Feng was surprised. "Elders, do you know Master?"

The three elders of the Yun family sized Feng Qingxuan up carefully with inexplicable anticipation and excitement in their eyes. "There was once an all-element summoner in the Yun family who was incomparably talented! However, after a long time, there was another summoner. Even though he was only a one-element summoner, he was as talented as the all-element summoner of the Yun family! His name... was Feng Qingxuan!"

Yun Feng was surprised! Her master had such a glorious past! He was only of one element, but his talent was as famous as that of the all-element summoner! How talented was her master?

Feng Qingxuan chuckled. "It's just an empty title."

The three elders of the Yun family immediately shook their heads. "Senior Feng, don't say that. I didn't expect you to be the girl's master. The girl... is truly lucky!"

Feng Qingxuan glanced at Yun Feng and put on a satisfied smile. "I'm quite close to the Yun family. I'm very happy that she became my disciple. My hopes weren't in vain."

Yun Feng was touched in her mind. Her master gave her such great affirmation! However, she might not be able to live up to such expectations right now! The three elders of the Yun family certainly had a lot to say to Feng Qingxuan, so Yun Feng said goodbye as soon as possible. As soon as she pushed the door open and came out, she saw Qu Lanyi waiting there with a tall figure, a straight back and a warm smile on his handsome face.

Qu Lanyi extended his hand slightly. Yun Feng gave her hand to him with a smile and clasped her hands, sending warmth.

"Master's glory isn't something I can imagine." Yun Feng sighed. Qu Lanyi chuckled. "Senior said that you'll definitely surpass him one day."

Yun Feng smiled. Surpass her master? Was it really possible for her?

Qu Lanyi chuckled and held Yun Feng's hand even tighter, their fingers intertwined. "Fengfeng, I'm going back to the clan with you next. Even though I probably shouldn't ask this, I still have to ask. Are you ready?"

Yun Feng curled her lips and looked at Qu Lanyi firmly with her black eyes. The two of them looked at each other. "I'm ready. I've been ready for a long time."

Qu Lanyi smiled and put Yun Feng's hand to his lips. He kissed her fingertips warmly and his beautiful black eyes glittered. "In that case, come home with me."

The three elders of the Yun family chatted with Feng Qingxuan for a long time. Due to his health, Feng Qingxuan needed to rest. The three elders of the Yun family immediately ended the conversation and picked the quietest corner in the mansion of the Yun family. Feng Qingxuan specially asked nobody to disturb him, let alone spread the news about him. The three elders of the Yun family nodded. Even if Feng Qingxuan didn't tell them, the Yun family would do the same.

Feng Qingxuan recuperated just like that. Everyone in the Yun family knew that Yun Feng's master was here and they all knew that Yun Feng's master was an impressive person. Everyone in the Yun family wanted to see Feng Qingxuan, but Feng Qingxuan didn't show up at all and just recuperated.

Her master was recuperating in the Yun family. Yun Feng didn't disturb him anymore. The mental strength lost in the Beast Region could be said to be a kind of wound for her master. He needed time and energy to recover. If he wanted to recover to the peak, time and himself probably weren't enough. Yun Feng wondered if there were any good supplements that could help her master.

Chapter 1684: Yu Lian, Get Lost (1)

Yun Feng also asked her master about the ancestor's soul. Her master's answer was surprisingly the same as Yao Guang's. It was fine if he still had his soul, but if he only had his remnant thoughts left, there was no possibility of resurrection at all. He could only dissipate in the vast world.

"Kid, I knew this would happen." Yun Lan's soul slowly came out of the bottle and a faint light flashed around him. At this moment, Yun Feng was sitting in her yard. There was no one else. Her pretty face was cold. Yun Feng frowned tightly.

Seeing Yun Feng's expression, Yun Lan couldn't help but burst into laughter. "Why do you have to be so conflicted? For all the lives in the world, doesn't the end always mean death? This is the process after all. To be exact, I've already died in this world."

"Ancestor!" Yun Feng said, but Yun Lan shook his head. "Kid, it's a pity that I can't stay with you longer. I can't witness your growth with my own eyes."

Tears welled up in Yun Feng's eyes. "Ancestor, my growth has always been in your heart. I know that!"

"Haha, alright, alright!" Even though Yun Lan was in the soul state, his heart was also surging at this moment. The almost transparent state also meant that he didn't have much time left to exist in this world.

Back then, his remnant thoughts were attached to that stone. It was this girl who woke him up. When he woke up, he could see such an outstanding descendant of the Yun family. She was guided all the way on the road of summoners by him. Every time Yun Lan thought of this, he felt deeply that even if he disappeared, he wouldn't have any regrets. If he really had to feel regretful, it would be that he wouldn't be able to see this child's future achievements with his own eyes and see her step on that unparalleled peak!

"Ancestor, I won't give up!" Yun Feng clenched her fists and stared at the soul in front of her. Yun Lan chuckled. "That's enough, kid. You're carrying too many burdens. You don't have to count me in. Besides, you indeed don't have to worry about my situation. This is inevitable. Nobody can change it."

Yun Feng clenched her fists even tighter and her nails dug deep into the flesh of her palms. In this world, not everything could be done with hard work. For the first time, Yun Feng felt deeply frustrated in her mind. Disappearing from the world, was this the ancestor's final ending?

"Kid, I wonder if my remnant consciousness can be included in the ancestral hall of the Yun family..." The ancestor's voice sounded slowly. Yun Feng said, "Definitely!"

Yun Feng told the three elders of the Yun family that she wanted to put Yun Lan's remnant thoughts into the ancestral hall. The three elders of the Yun family agreed without another word. Even though Yun Lan wasn't from the headquarters of the Yun family, Yun Lan played an important role in enlightening Yun Feng on the road of summoners and nurturing such an outstanding descendant for the Yun family. Yun Lan's contribution to the Yun family couldn't go unnoticed! Even though Yun Lan was just some remnant thoughts, it was natural for him to be put into the ancestral hall of the Yun family!

Yun Feng immediately put the bottle containing Yun Lan's soul into the ancestral hall. Yun Lan finally had a real place to belong to. From then on, Yun Feng wouldn't be able to train with her ancestor. Yun Feng had thought it through. She had already experienced so much. She had to walk the road alone in the future.

Mu Canghai was still recuperating in the Dragon Palace. Yun Feng planned to leave him at the headquarters of the Yun family. Even though Mu Canghai's injuries were already fine, he was still unconscious. He had overused the power of space, which made his already weak body even weaker. Yun Feng didn't intend to take Mu Canghai with her. As long as he followed her, it was very likely that he would do something impulsive again before he recovered. Besides, Mu Canghai and Mu Xiaojin hadn't really interacted yet. Ever since Mu Canghai was resurrected, he had been running around

with Yun Feng. Yun Feng more or less felt bad in her mind. This time, she could let the Mu siblings get along well.

Mu Xiaojin certainly took on the responsibility of taking care of Mu Canghai. Yun Feng talked to her father and brother for a while. In the Inner Area, nobody dared to provoke the status of the Yun family. Everything was quite peaceful. The people at the headquarters of the Yun family were responsible for the busy things. Yun Jing and Yun Sheng always felt bad. Yun Feng only smiled. The kindness of the three elders of the Yun family invisibly added more pressure to her brother and father. Luckily, the Yun Army joined the Yun family's guard team, which made Yun Jing and Yun Sheng more or less relieved in their minds.

Yun Feng also met Yun Xiang. Yun Xiang was already someone who could share the Yun family's burden right now. The three elders of the Yun family gave her a lot of things to do. Yun Xiang was the most valued among the younger generation and could be considered the busiest young person. Bai Qingfeng, on the other hand, took care of the Yun family's pharmaceutical business completely. He had also nurtured a few pharmacists for the Yun family in the past few years. This couple had done a lot for the Yun family.

Their child, Yun Lingyu, had also grown a lot taller in the past few years. When Yun Feng saw her again, the little girl had already become more and more slender and elegant. Her little face was beautiful, but there was also a hint of heroic spirit, especially her sharp eyebrows. She had completely inherited them from Yun Xiang.

"Aunt!" Seeing Yun Feng, Yun Lingyu immediately beamed with joy. Compared to the shyness he had a few years ago, the little girl was much more open-minded this time and she immediately pounced on her. Yun Feng quickly opened her arms and hugged her. Yun Xiang burst into laughter on the side and exclaimed that her daughter had changed. Yun Feng also smiled. The little girl was much more cheerful and friendly, but unfortunately... she wasn't a summoner.

Even though Yun Lingyu wasn't a summoner, she was a very talented warrior. Under the careful guidance of her father, she had astonishing talent in pharmaceuticals. Even though she was young, her pharmaceutical skills were among the best in the Yun family. She could be said to be Bai Qingfeng's pride.

Yun Xiang complained to Yun Feng that it was fine to have a foolish husband, but he shouldn't teach his daughter to be a fool too. Yun Feng smiled. There was no conflict between warriors and pharmacists. It would be great if Lingyu could cultivate both!

Yun Feng had already reached the God King Level and her temperament had changed again. Yun Xiang sighed that it had only been a few years and she was different again. Yun Feng talked to Yun Xiang about what happened in the past few years with a smile. Yun Feng had always been casual about her life and Yun Xiang didn't ask carefully.

She stayed in the Yun family for ten days. Everything that needed to be done had been settled and she had seen everyone she needed to see. Yun Feng didn't have anything to worry about anymore, so she didn't intend to stay anymore. She should go to the Naxi family.

Before she left, the three elders of the Yun family specially looked for Yun Feng and told her that she had a huge responsibility on this trip to the Naxi family. Not only did she have to meet her in-laws, but Yun Feng also had to gain the trust of the Naxi family on this trip and get the recognition of the Naxi family to establish an alliance that could resist the Blood Souls! The Naxi family was an indispensable help for her! If the Naxi family was willing to stand on her side, the remaining two families wouldn't have any problem!

Chapter 1685: Yu Lian, Get Lost (2)

With such a huge responsibility on her shoulders, Yun Feng had to be even more careful with her words and actions. After arriving at the Naxi family, she had to be strict with herself. If she wanted to gain the other party's trust, she had to become humble to begin with and couldn't be too arrogant. It was easier for humble young people to give people a good impression. Of course, this was under the premise that nobody provoked her on purpose.

After saying what she needed to say, Yun Feng planned to set off just like that. This time, she would go with Qu Lanyi and Ah Luo, the lightning-element Fantastical Beast that had been unwilling to show up. Until now, Ah Luo had been hiding quietly and never showed up. He was very quiet and wasn't concerned about Yun Feng at all. It seemed that he was really only interested in the news of the Fantastical Beast.

The two of them didn't ask anyone to send them off. In the early morning before the sun rose, the two of them left quietly. Qu Lanyi held Yun Feng's hand tightly along the way and pulled her close to him. A slightly cold wind blew. Qu Lanyi extended his arm and pulled Yun Feng into his arms.

"Are you cold?" asked Qu Lanyi in a low voice. Yun Feng chuckled and leaned closer. "I'm fine."

Qu Lanyi chuckled and rushed forward with her. The two of them disappeared in the hazy morning fog.

Somewhere, abnormal movements came from the void! "Swish, swish, swish, swish!" A few figures rushed over quickly and looked at the slightly moving void with a serious expression. As the void kept shaking and trembling, it was becoming more and more obvious. A familiar fluctuation also came from inside!

"Crack!" The void shattered! A figure jumped out!

"Young Master!" The few people who rushed over knelt on one knee in unison and didn't dare to look up. They only lowered their heads and called out loudly. Qu Lanyi easily opened his arm and let go of Yun Feng. The few of them obviously noticed that Yun Feng, who was next to Qu Lanyi, wasn't a member of their race. Even though they were puzzled in their minds, they didn't say anything.

"Is the old man here?" asked Qu Lanyi. After returning to the Naxi family, the pressure of the Young Master came out spontaneously. He was much more serious than usual.

"The leader is in the clan."

Qu Lanyi nodded and held Yun Feng's hand, preparing to walk inside. The few people kneeling on the ground quickly stood up. "Young Master, this lady is..." Such a question was quite polite. Yun Feng looked at these guards with some kind of sharp gaze. If Qu Lanyi weren't here, she would have been arrested the next second after she entered the Naxi family.

"When did you get to ask about my business?" Qu Lanyi raised his brows and said coldly. The few of them immediately lowered their heads. "We don't dare to interfere with the Young Master's business!"

"Humph!" Qu Lanyi snorted coldly and held Yun Feng's hand as they walked inside. Yun Feng looked back and saw that the few people behind were all looking at each other. She couldn't help but chuckle. "Lanyi, is that really good? No matter what, you should tell them to report. That's too abrupt."

"There are so many rules. If we really have to follow them step by step, how long will we have to wait?" Qu Lanyi turned around with a smile in his black eyes. "I can't wait for the old man and the members of the Naxi family to meet you, my wife. What a dazzling figure you are!"

Yun Feng chuckled and didn't say anything else. She held Qu Lanyi's hand even tighter. Yun Feng smiled. Fine, let him do whatever he wanted.

The news of Qu Lanyi's return immediately spread. Before he arrived at the inner area, there was already a commotion, because the Young Master didn't come back alone this time. He had an outsider with him! The chief of the Naxi family couldn't help but frown when he heard the news. This kid brought an outsider back without permission. This was against the rules, unless...

The chief of the Naxi family's eyes brightened. Was the girl this kid brought back the one he couldn't stop thinking about?

"Chief! Young Master is back!" Someone shouted outside the door, panting. The leader of the Naxi family curled his lips. That kid came back quite quickly. "Where are you?"

"Young Master had just arrived at the door when he was stopped."

The leader of the Naxi family raised his brows and then chuckled. "They stopped her? Haha, that's fine. If that girl doesn't have any ability, it's useless even if that kid likes her. Don't worry about her."

"Yes, sir!"

Outside the gate of the inner area of the Naxi family, Qu Lanyi and Yun Feng were stopped by a few people aggressively. Qu Lanyi looked disgusted, while Yun Feng smiled in her mind. The few aggressive people in front of her were all women, and she wasn't unfamiliar with the person in the lead, who was Yu Lian that she had met before.

"Get out of my way!" Qu Lanyi said impatiently with disgust in his black eyes. He pulled Yun Feng and was about to go over. Yu Lian looked at the two of them holding hands and felt indescribably sad in her mind. She thought that Yun Feng wouldn't appear in the Naxi family no matter what! However, Yu Lian had never thought that she would come! And Brother Lanyi would take her into the clan himself!

Thinking of this, Yu Lian's heart ached and her eyes turned red. In the end, she took a deep breath. "I won't let you pass!"

Qu Lanyi raised his brows and looked at Yu Lian with his black eyes. "Don't force me to attack."

"Young Master! She's an outsider!" The few women behind Yu Lian looked at Yun Feng with an unfriendly gaze, as if their eyes were about to spout fire.

"It's not your place to interfere with my business!" Qu Lanyi roared with a layer of anger on his handsome face. This was the first time Yun Feng saw Qu Lanyi's truly angry expression. His expression in front of her had always been gentle and warm.

"Young Master! How can Young Lady Yu Lian not compare to her? Young Master, you chose an outsider instead of Young Lady Yu Lian!"

"Young Master! What kind of family is the Naxi family? Is she worthy of this outsider?"

Yu Lian looked at Qu Lanyi with red eyes and tears welled up in her eyes, looking pitiful. Yun Feng listened to these people's clamoring quietly. Qu Lanyi's black eyes were full of anger. If they weren't from the same clan, he would have attacked long ago!

"Young Master!" Seeing that Qu Lanyi didn't say anything, the few women couldn't help but become even more anxious. Then, they pointed at Yun Feng. "Outsider! You're not worthy of the Young Master of the Naxi family at all!"

"If you know yourself at all, leave on your own!"

"That's enough!" Qu Lanyi roared. His black eyes were instantly dyed red! "If you say another word, I won't show mercy even if we're from the same family! For the last time, get out of my way!"

Chapter 1686: Yu Lian, Get Lost (3)

"Young Master!" The few women couldn't help but feel shocked when they saw how ruthless Qu Lanyi was! Yu Lian was even more so. She looked at Qu Lanyi with tears in her eyes. "Brother Lanyi, you attacked your kin for an outsider!"

Qu Lanyi's eyes were bloodshot. He didn't have the patience to argue with these women anymore! At this moment, Yun Feng took a step forward and gently separated her hand from Qu Lanyi's. Qu Lanyi was stunned. "Xiao Feng..."

Yun Feng chuckled. She couldn't let Qu Lanyi attack his kin for her. This time, she came to the Naxi family to get the true support and trust of the Naxi family, not only for herself, but also for a longer-term goal.

"I'm the one who dissatisfies you. Lanyi, this is between me and them. If I can't get recognition with my own ability, I don't think I'd come back with you."

Qu Lanyi was silent. In the end, he could only feel helpless. The blood in his black eyes dissipated and he took a step back. There was really nothing he could do about her. However... Qu Lanyi's black eyes darkened. The old man probably had the same thought in his mind. If he really attacked, the old man would probably not have a good impression of Fengfeng. Hm, but no matter what, these women weren't Fengfeng's match at all. Old man, don't underestimate my wife.

"All of you, step back. Let me do it." Yu Lian said. Her pitiful look just then was gone and her eyes were full of resentment towards Yun Feng.

The few women nodded and stepped aside, staring at Yun Feng with an unfriendly gaze. Yun Feng chuckled. "I said we'll meet again."

Yu Lian bit her lips. "I didn't expect you to come back with Brother Lanyi shamelessly!"

Yun Feng raised her brows. It seemed that Yu Lian's self-awareness wasn't clear. Instead, it became even more inflated. Even if she was a good descendant of the Naxi

family, Qu Lanyi was the Young Master of the Naxi family. It wasn't up to Yu Lian to interfere with what Lanyi did. Right now, Yu Lian looked like her Brother Lanyi should be with her, which made Yun Feng a bit upset in her mind. After all, that woman was spying on her man.

"You're dissatisfied with me because you think I can't compare to you and I'm not worthy of Lanyi," said Yun Feng. Yu Lian sneered with a gaze as sharp as a knife! "Needless to say! The Yun family is so desolate that you're not worthy of the Naxi family at all! Your strength is only so-so! How much have you improved in the past few years? What exactly did you do to make Brother Lanyi so obsessed with you? Which part of me can't compare to you? Yun Feng!"

"Yun... Isn't that the Yun family, one of the four ancient families?" There were already a lot of members of the Naxi family gathered around. The Young Master of the Naxi family returned to the clan with the outsider girl and was stopped outside by Yu Lian. This was very sensational news. The members of the Naxi family all ran out to watch the fun and gathered around. After hearing Yun Feng's surname, they all whispered around.

"So what if it's one of the four ancient families? That's in the past!" Yu Lian suddenly shouted and looked at Yun Feng provocatively. "Yun Feng, do you still need me to tell you everything about the Yun family's current situation?"

Yun Feng wasn't angry in her mind at first. At most, she was a bit frustrated. After all, this was the Naxi family. She had planned to keep a low profile before and definitely wouldn't do anything that could cause a conflict. However, what Yu Lian said made Yun Feng's hidden anger rise bit by bit.

"The Yun family only has an empty title! You really should go and see how strong the Yun family is right now! The Yun family and the Naxi family were two of the four largest families back then. They probably didn't live up to their name!" Yu Lian said extremely loudly. The members of the Naxi family were first shocked, then puzzled. The discussion never stopped.

Yun Feng stood right where she was with a gloomy face. How could the Yun family be judged by others? Even if the Yun family wasn't as good as before right now, there was a reason! How could Yu Lian smear the glory of the Yun family in the past? When the Yun family was at its peak, Yu Lian's ancestor probably hadn't been born yet!

"Are you done?" Qu Lanyi was enraged after hearing that! He shouted coldly! Yu Lian was even more indignant after being scolded! "I'm not wrong! I've left the family and seen it with my own eyes! It's not empty talk! The Yun family isn't worthy of being as famous as the Naxi family to begin with! Why should they be one of the four families? It seems that their summoner bloodline is just so-so! They can't compare to the Naxi family at all!"

Qu Lanyi's face became gloomier and gloomier as he listened. His hand was so itchy that he almost couldn't hold it in anymore! This damn woman should be killed with a slap!

"Brother Lanyi, she's not worthy of you at all!" Yu Lian suddenly extended her arm and pointed at Yun Feng. Her attitude and tone were quite arrogant!

She sneered! Yun Feng slowly raised her cheek with coldness in her black eyes! There were cold water ripples deep in her clear black eyes. Yun Feng slowly curled her lips. "Yu Lian, you're not qualified to talk about the Yun family. It's not up to you to decide if it's worthy or not."

"It seems that you're not convinced?" Yu Lian raised her brows. The corners of Yun Feng's mouth slowly curled up. She had already expected to meet Yu Lian today and she didn't intend to deal with this woman. However, after what she said just then, she would be letting down her surname, Yun, if she didn't do anything!

Nobody could slander the Yun family in front of Yun Feng!

This was the dignity of the family. This was the pride and persistence in the bones of the Yun family!

"Since you said that I'm not worthy, prove it." Yun Feng said as she twisted her wrist gently and held the wand her master gave her in her hand. Qu Lanyi looked at Yun Feng's cold expression and put on a smile on his thin lips. Very good. That annoying woman successfully infuriated Fengfeng.

Yu Lian curled her lips. In her eyes, Yun Feng's strength would indeed increase a bit, but in just a few years, she had at most reached Grade 6 of the God Level from Grade 3 back then! And she was already Grade 8 of the God Level!

Yu Lian relied on her guess to feel complacent and confident. That woman wouldn't be her match. She would let that woman know today if she was worthy! She was the only one who was worthy of Brother Lanyi!

Ah Luo, who had been hiding on the side, looked at Yu Lian's confident face and looked away in disdain. He said in a low voice, "That human is truly an idiot."

Chapter 1687: Yu Lian, Get Lost (4)

The onlookers of the Naxi family all looked nervous. Yu Lian was one of the most talented members of the younger generation of the Naxi family. She was one of the best among the younger generation! And now, the best wanted to fight with an outsider, a

member of the Yun family that she claimed had declined. The members of the Naxi family all had a complicated feeling in their minds.

Would Yu Lian really win? Not everyone thought so, because Yun Feng's momentum and cold expression gave people an inestimable feeling. She wasn't afraid at all and didn't retreat at all!

"Alright! I didn't have a chance last time. Today, I'll make you get out of the Naxi family voluntarily!" Yu Lian was ruthless! She flipped her hand! Her weapon also appeared. It was a colorful whip!

Yun Feng curled her lips. "If you lose, take the initiative and get out of here!"

Yu Lian's eyes darkened and a trace of fierce viciousness flashed through her face. She held the whip tightly and exerted strength in her hand! A stream of fighting energy surged out of her body and infused into the whip, whipping the ground! A crack appeared on the ground!

"Then let's see who will get out of here!" Yu Lian jumped and shouted furiously. She still seized the initiative. Her whip was like a snake as it roared towards Yun Feng's face!

Yun Feng curled her lips. Grade 8 of the God Level... She didn't need to show mercy. One attack was enough!

Yun Feng clenched her fists! The earth element, which had already turned golden, immediately surged out of the wand with dazzling light! The members of the Naxi family around all exclaimed! "That's earth element! How can it be golden?"

Yun Feng waved her wand gently in the air! She stood where she was and didn't move at all! A huge hand pierced out of the ground and pounced at Yu Lian like a mountain!

Yu Lian was shocked! That woman didn't use the earth element to defend at all! She used it as an attack!

"Ha!" The whip that was infused with fighting energy hit the huge palm fiercely. Yu Lian was full of confidence that she could shatter it with one strike, but the huge palm didn't break at all. "Whoosh!" It pressed down fiercely on Yu Lian's head!

"How is that possible?" Yu Lian's heart trembled and she quickly dodged to the side. The huge palm slapped the ground fiercely, creating a loud bang, leaving a deep pit in the shape of fingers!

Yu Lian looked at Yun Feng fiercely. Yun Feng slowly raised her head at this moment and her mocking gaze pierced Yu Lian's dignity! She couldn't lose to her! She couldn't lose to her! She was the best among the younger generation of the Naxi family. How could she lose to Yun Feng? That woman was from the declined Yun family!

"Shadowless Whip!" Yu Lian shouted from the sky! The long whip in her hand danced at a high speed and the originally long whip instantly turned into dozens of whips! Her fighting energy surged out and dozens of long whips pounced at Yun Feng densely. Yun Feng sneered and suddenly jumped into the sky, facing her!

What? Yu Lian saw that Yun Feng wasn't afraid at all. She rushed forward so directly! Yu Lian gritted her teeth and exerted the maximum strength in her hand! Yun Feng curled her lips coldly and flipped her hand. A ball of dazzling thunder elements appeared in her palm!

She waved her slender arm gently and the thunder element in her palm cut through dozens of whips, reaching Yu Lian! Purple light shone on Yu Lian's instantly pale face and then severely injured her body!

"Argh!"

Yu Lian's face was pale as her entire body fell from the sky and landed heavily on the ground!

"Boom!"

The loud noise shocked all the Naxi clansmen! Yu Lian lost!

There was blood at the corners of Yu Lian's mouth. She got up from the ground with difficulty and looked at the sky with a pale face. Her black eyes glittered and her hands trembled slightly! The God King Level... She had reached the God King Level!

Yun Feng, who was standing in the air, lowered her black eyes slightly and looked down at Yu Lian, who fell on the ground in an extremely sorry state. Her cold expression was like that of a high and mighty queen!

The members of the Naxi family were all shocked. That was the best among the younger generation of the Naxi family! She ended in such a sorry state in just a few short rounds! The members of the Naxi family couldn't help but feel shocked in their minds. The Yun family... wasn't as down and out as Yu Lian said! If it was really down and out, how would such a descendant appear?

Yu Lian gritted her teeth and jumped up from the ground with her arms supporting her body! She looked up fiercely with anger in her eyes and her slightly trembling hands had already calmed down! She held the whip tightly and Yu Lian's heart was full of madness and unwillingness! How could that woman reach the God King Level in such a short time? The last time they met, she was only at Grade 3 of the God Level! At that time, Yun Feng didn't even have the power to fight back against her! And now... the situation was completely reversed! She didn't have the power to fight back!

Yu Lian was unwilling and a bit ashamed in her mind. She had undoubtedly lost face by falling down in such a sorry state just then. Hearing the whispers of the Naxi clansmen around, Yu Lian's face was even more fanatical! It was impossible for that woman to reach the God King Level! Yu Lian held the whip tightly. No matter how talented Yun Feng was, it was impossible for her to reach the God King Level! She must have done something with that attack just then!

After hypnotizing herself, Yu Lian regained her fighting spirit. She exerted strength with the tip of her foot and jumped into the sky again!

Yun Feng raised her brows. She still didn't admit defeat? Yun Feng had clearly shown the aura of the God King Level in that attack just then. She still wanted to puff herself up?

Yu Lian bit her lips hard. "God King Level? Hm! What did you do just then? Yun Feng, you can't beat me without these despicable tricks?"

Yun Feng was startled. Then, she burst into laughter abruptly. She finally understood Yu Lian's mentality. It seemed that her self-hypnosis was unleashed to the extreme. The truth was already so obvious, but she still didn't believe it. Instead, she said that Yun Feng used tricks? How ridiculous!

"If you don't guess, will you die?" Yun Feng said coldly. Yu Lian's face suddenly flushed. What she said made her so embarrassed that she couldn't show her face!

"I won't lose to you! Absolutely not!" Yu Lian swung the whip in her hand fiercely! "Pa!" A loud whip sound cut through the sky!

Qu Lanyi watched coldly. If it were him, he wouldn't have shown mercy to that woman at all. Fengfeng's attack just then was too lenient. He should have knocked that woman to the ground and she wouldn't have been able to fight back at all!

Yun Feng curled her lips. Since Yu Lian was so obsessed, she didn't have to show mercy again!

Chapter 1688: A Small Attack, Great Punishment (1)

Yu Lian made up her mind. Grade 8 fighting energy of the God Level surged out and enveloped her entire body, like a layer of faint fire burning from her entire body! The aura of the Grade 8 God Level quickly spread and the members of the Naxi family couldn't help but sigh softly. "As expected of the best of the younger generation. She's reached Grade 8 of the God Level at such a young age!"

"Young Lady Yu Lian! You won't lose!" The few women who supported Yu Lian shouted loudly, "Knock Yun Feng down!"

She swung the whip again and a stream of fighting energy glided out along the tail of the whip, slashing towards Yun Feng like a scythe! The fighting energy was like a knife, extremely fierce!

Yun Feng smiled gently and waved the wand in her hand fiercely! A dragon formed by the fire elements soared into the sky and completely dispersed the fighting energy scythe, shattering it! The aura of the God King Level was shown without being held back at all. The members of Naxi were all extremely shocked!

God King Level! This person from the Yun family was a God King Level expert!

The fiery dragon didn't stop after breaking the scythe and roared towards Yu Lian! Yu Lian's face tightened and she immediately turned around, avoiding it narrowly. Her face had already turned a bit paler! It was the aura of a God King again... Was she really a God King?

"What's that little girl's name? She's called Yun Feng, right... She's a God King!"

"The descendant of the Yun family is so fierce. She's even stronger than Yu Lian!"

"What a genius! The Yun family is indeed one of the four largest families. After so many years, I really thought the Yun family had declined, but it seems that it's not the case!"

Qu Lanyi listened to the discussion of the Naxi clansmen on the side and the corners of his mouth slowly curled up. If it weren't for Fengfeng, the Yun family wouldn't have been so glorious today! His Fengfeng was the source of everything! Everything started with Yun Feng!

"Yu Lian, I'll give you another chance." Yun Feng said as she turned the wand gently in her hand. Yu Lian was slightly stunned. Then, her face suddenly darkened!

"No matter what, I don't need you to pity me!" Yu Lian roared as she swung the whip in her hand again! Beams of fighting energy burst out along with the trajectory of the whip, leaving visible traces in the air! Yu Lian's strength was at Grade 8 of the God Level. Her strength certainly wasn't weak. In the past, she would have been a strong opponent, but for Yun Feng, who was now a God King, the gap between them had already widened!

"Master, why do you have to give her another chance? Just finish her off! I don't like her at all!" Little Fire's voice came from Yun Feng's mind and immediately resonated with the few contracted Magic Beasts. "Brother Little Fire is right. Xiao Feng, beat her up directly!" Yaoyao roared in dissatisfaction. "That woman treated Xiao Feng badly the moment she appeared. Yaoyao hates her!"

"Master, what she did just then wasn't just provoking you, but also the Yun family." Lan Yi's calm and peaceful voice came. Er Lei agreed. "F*ck, such a human is asking for a beating!"

"Little Yun Feng, even though I don't know the grudge between you and her, I'm already dissatisfied with her arrogant attitude just then."

"Master, you didn't come to the Naxi family just for yourself this time. If you want the Naxi family to stand on Master's side, Master must have a high starting point. At least, you can't be underestimated by the Naxi family," said Lan Yi. Yaoyao's voice came out. "That's right, Xiao Feng! We can't let these people of the Naxi family look down on you!"

"F*ck, humans are all like this after all. I'll strike them to death with lightning!"

"Tut-tut, monsters have bad tempers. Little Yun Feng, in my opinion, it's time for these people to see the summoner bloodline that the Yun family is so proud of."

"That's right, Master! We must let these people of the Naxi family know how powerful the summoner bloodline of the Yun family is!"

Yun Feng listened to the discussion of the five contracted Magic Beasts with a smile in her black eyes. "After all, do you all want to come out and teach her a lesson?"

"That's right!" The five contracted Magic Beasts replied at the same time. Yun Feng found it even more difficult to stop smiling. Yu Lian truly infuriated humans and beasts. They were right. The summoner bloodline that the Yun family was so proud of should appear in front of these members of Naxi in an explosive way. Even if the Yun family declined, it would rise again one day! It wouldn't be worse than anyone else!

"Sure!" A glint of light flashed through the depths of her eyes. Yun Feng whispered slowly, "The five of you, send one out."

Yu Lian was very depressed. In her eyes, Yun Feng could still smile! And she was obviously distracted! This made Yu Lian even more furious! Was her attack so disdainful in her eyes? If that was the case, she would show Yun Feng how powerful she was!

Yu Lian waved her hand! The long whip curled up like a snake. Her fighting energy directly covered it and a huge snake appeared! Yu Lian chuckled. "Don't think that simulation is your specialty. Warriors can do it too!"

"Hiss...!" Yu Lian loosened her hand and the giant python formed by the whip pounced at Yun Feng with a gust of wind!

Even though it was just the simulation of fighting energy and its original form was just a long whip, the simulation of fighting energy gave it even stronger power. If one was

bitten by this giant fighting energy snake, one would still be injured! The giant snake pounced crazily. Yun Feng only smiled gently and waved her hand, revealing a Ring of Contract!

The corners of Yu Lian's mouth curled up and she suddenly opened her palm! A stream of fighting energy shot out of her palm again and hit the giant snake directly! The giant snake seemed to be stimulated and its speed and strength became fiercer again. It was about to swallow Yun Feng!

I won't lose! How can I lose to you? Yu Lian kept shouting in her mind. She widened her eyes and looked at Yun Feng, who was about to be swallowed by the giant snake formed by her fighting energy. Her heart was in her throat! Yun Feng, you can't beat me!

"Roar...!" The roar of a real beast appeared! Then, a ball of dazzling red light appeared! Red flames suddenly spread in front of its eyes. The Magic Beast bit the giant snake's neck with its sharp teeth and its sharp claws slashed open the body formed by fighting energy fiercely!

"Poof!" The giant snake formed by fighting energy was torn apart by the sharp claws and sharp teeth that suddenly appeared! Only a long whip was left!

"That's... magic simulation!" Yu Lian looked at the burning bright red fire in front of Yun Feng in shock. The raging fire kept burning, making it impossible for people to see inside clearly. It was like a huge fireball!

Yu Lian glanced around slightly and her pupils shrank fiercely! The fiery red ring on Yun Feng's finger made Yu Lian's heart skip a beat! That wasn't some magic simulation... It was the fire-element Magic Beast Yun Feng contracted!

Chapter 1689: A Small Attack, Great Punishment (2)

"Whoosh!" The fire instantly dissipated! The huge body of the Fire Cloud Wolf appeared and stepped in the sky!

The members of Naxi all exclaimed and came to a realization! Right, the Yun family was proud of the summoner bloodline in their bodies! The Yun family was a family where summoners had never gone extinct!

"That's... the Fire Cloud Wolf?" Yu Lian looked at Little Fire's huge body and frowned hard. How could the Fire Cloud Wolf have wings? And those wings were black. This Fire Cloud Wolf had a mutated bloodline!

"Roar!" Little Fire opened its mouth and flames spouted out! Yu Lian quickly dodged and only felt a scorching wave surging!

Yun Feng touched Little Fire's head lazily. She looked extremely relaxed at this moment. She didn't look like she was fighting at all! Yu Lian, who was opposite her, wasn't a match for her at all in Yun Feng's eyes!

Yu Lian was enraged by Yun Feng's expression. What made her even more ashamed was that her whip had already fallen into Yun Feng's hand! Yun Feng held Yu Lian's whip in her hand. The whip didn't obey Yun Feng and was resisting her with all its might. Yun Feng curled her lips and pressed down with her mental strength of the God King Level! The whip didn't move in her palm again!

Yu Lian stood there in embarrassment. What should she do now? Her weapon had been taken away!

"Young Lady Yu Lian doesn't even have a weapon!" The few women behind Yu Lian just then all exclaimed. "What should we do? Yun Feng is too aggressive!"

The Naxi clansmen saw the battle in the sky. It had to be said that they lost face! Yu Lian's previous provocation led her to such a sorry state right now. Not only did she lower her status, but she also implicated the Naxi family, making them look so humiliated!

"That's enough. She's still not planning to come down?" The Naxi clansmen discussed one after another. Some of them had already made dissatisfied sounds. Yu Lian was truly embarrassed this time!

Yu Lian was even more ashamed after hearing such a discussion! She looked at Yun Feng. It was all Yun Feng's fault! If that woman hadn't come to the Naxi family, she wouldn't have been so embarrassed! Thinking of this, the anger in Yu Lian's chest burnt everything! She couldn't let that woman continue being so arrogant!

"Ha!" With a furious shout, Yu Lian was about to attack again!

Little Fire let out a wolf roar that echoed in the sky! This time, it was going to tear this woman's throat apart!

"That's enough. How long are you going to make a fuss?" With a furious shout, a fierce fighting energy suddenly pulled Yu Lian to the ground. Yun Feng was startled and looked at the ground with her black eyes. A middle-aged man with a serious face and anger all over his face appeared at this moment. He forcibly pulled Yu Lian away from the sky and dragged her to the ground.

Little Fire let out a low moan and was about to rush forward. Yun Feng immediately stopped it. The middle-aged man slowly raised his head and met Yun Feng's gaze in the sky. Yun Feng's heart sank slightly. This man was stronger than her. He should be an important figure of the Naxi family.

Yun Feng touched Little Fire's head and sent it back to the Ring of Contract. Yun Feng also descended from the sky. The middle-aged man smiled in embarrassment. "Little friend of the Yun family, I've embarrassed myself in front of you."

Qu Lanyi walked over and pulled Yun Feng to his side. He looked at the middle-aged man coldly. "It's not just an embarrassment. It's truly humiliating."

Yu Lian's mind had already calmed down at this moment. She stood aside silently, but her cheeks alternated between red and pale. After Qu Lanyi said that, her face was even more gloomy and she lowered her head.

The middle-aged man smiled helplessly. "Young Master, you're a member of the Naxi family."

Qu Lanyi snorted coldly. The middle-aged man looked at Yun Feng. "Don't mind me, young friend of the Yun family. Let's talk inside."

"I'm Yun Feng. Sorry for offending you just then," said Yun Feng humbly. The middle-aged man chuckled. "Yun Feng, you're truly modest. Let's go in."

Qu Lanyi immediately held Yun Feng's hand and walked in the front. Yun Feng had no choice but to be dragged. The middle-aged man walked behind and glanced at their backs. Then, he said to Yu Lian solemnly, "Think about it behind closed doors."

"Uncle Lan, I..." Yu Lian quickly said. The middle-aged man's face became even darker. Yu Lian immediately shut up and didn't say anything.

The Naxi clansmen automatically dispersed. The middle-aged man said again, "Reflect on yourself behind closed doors. If you cause trouble again, you'll be punished according to the clan rules!"

"Uncle Lan, she's not worthy of Brother Lanyi!" Yu Lian couldn't help but shout. The middle-aged man turned around with a cold look. "Then are you worthy?"

Yu Lian's face turned pale. She knew that she had embarrassed the Naxi family. "I... I just..."

"Yu Lian, since when are you in charge of the Young Master's business? What right do you have to interfere with the Young Master's business?" The middle-aged man became colder and colder as he spoke. Yu Lian's body suddenly trembled after hearing that! "Did the leader let you come to the main family because you're too arrogant?"

Yu Lian's face turned pale! Her body swayed slightly, as if she couldn't stand straight. "I... I didn't..."

"If you want to stay in the main family, think about it behind closed doors!" After saying that, the middle-aged man turned around and left. Yu Lian stood there quietly for a long time. Her eyes were red and she felt extremely wronged in her mind.

"Young Lady Yu Lian..." The few women who were close to her came up, but Yu Lian suddenly shouted, "Stay away from me!"

Yu Lian suddenly raised her head and swallowed all the tears in her eyes. She picked up the whip that fell on the ground and lashed it fiercely! She gritted her teeth and stepped into the door. Yun Feng, I won't let you have it easy! Absolutely not!

Yun Feng was dragged in by Qu Lanyi along the way. Yun Feng was very helpless. The commotion she caused when she first came to the Naxi family was already astonishing. Wasn't it too high-profile to be dragged in by the Young Master of the Naxi family like this? Many members of the Naxi family glanced at her along the way and discussed Yun Feng in private.

"Lanyi, let go of me first," said Yun Feng softly, but Qu Lanyi chuckled and held her hand even tighter. "Why are you so shy?"

Yun Feng was speechless. "I'll just stay by your side. Now that you've returned to the Naxi family, you must act like a Young Master..."

Qu Lanyi raised his brows and suddenly stopped. He looked at Yun Feng steadily with his black eyes. Yun Feng looked back. What's wrong? Qu Lanyi stared at her for a long time. Suddenly, he reached out and grabbed Yun Feng by force, picking her up!

The man held Yun Feng in front of his chest steadily. Yun Feng's body completely froze! This move also shocked the middle-aged man behind her! He almost lost his balance and fell on the ground!

Chapter 1690: A Small Attack, Great Punishment (3)

"What are you doing?" Yun Feng immediately blushed. "Let go of me!" She twisted her body and wanted to jump down, but Qu Lanyi put on a rather roguish smile and held Yun Feng even tighter as he strode forward!

"Lanyi!" Yun Feng was a bit panicked. What exactly was he thinking? If the leader of the Naxi family saw this, what would he think of her?

"Didn't you say that I have to act like a Young Master?" There was a smile at the corners of Qu Lanyi's mouth as he strode forward constantly, attracting more attention along the way! Yun Feng wanted to struggle, but the man was very strong and held her firmly!

"Young... Young Master!" The guards outside the core mansion of the Naxi family were all a bit panicked when they saw Qu Lanyi walk over with Yun Feng in his arms. They didn't know where to look. Qu Lanyi said expressionlessly, "Get out of my way."

The guards quickly dodged. Qu Lanyi walked in with Yun Feng, whose face was red. The middle-aged man behind shook his head helplessly. The guards immediately shouted when they saw the middle-aged man, "Master Lan, Young Master..."

"It's fine. It's not the first time we've seen his personality." The middle-aged man waved his hand and followed them in. The guards' faces were a bit red. They looked at each other and had the same thought in their minds. Young Master was really cool just then. How manly!

After entering the core mansion of the Naxi family, Yun Feng certainly understood that she should come down, but Qu Lanyi still didn't intend to let go. "Lanyi, we're already here. Put me down quickly!" Yun Feng was truly a bit anxious, but Qu Lanyi exerted strength again. He slowly lowered his handsome face and looked at Yun Feng with burning black eyes.

"Back to what I said just then, I'm the Young Master of the Naxi family and you're the woman I love. I'm taking you back to the clan to let all the clansmen know your status in my heart!" Qu Lanyi's words hit the bottom of Yun Feng's heart word by word. A lot of sweetness immediately surged, making Yun Feng's heart completely soften.

"No matter who it is, they can't change my decision or stop me!" Qu Lanyi's black eyes glittered as he looked ahead. Old man, even you can't!

Yun Feng didn't say anything else after that. She let Qu Lanyi carry her forward. Even though she was still uneasy and felt that this wasn't appropriate, she let him be. His scorching feelings for her had always warmed her and he didn't hide them at all. From the beginning, he had been expressing his feelings like this, so straightforward and honest.

"It's Young Master!" Yun Feng had already heard many exclamations along the way. Men and women were undoubtedly shocked to see her in Qu Lanyi's arms, as if they had seen the sun rise from the west. Everyone was discussing and looking at her in shock. Qu Lanyi didn't even look at them. He carried Yun Feng all the way in until they came to the deepest part of the core mansion.

"Young Master, it's time for you to let Yun Feng down," said Master Lan, who was following behind. Qu Lanyi raised his brows slightly, a bit unwilling to let go. Yun Feng knew that she would meet the leader of Naxi after this door. No matter what, she couldn't be in such a state.

She twisted Qu Lanyi's arm. Qu Lanyi lowered his eyes. Yun Feng said, "Put me down."

Qu Lanyi raised his brows again. At this moment, the door was slowly pushed open and a figure walked out. Master Lan greeted him. The person who walked out chuckled when he saw Master Lan. "You're back early."

Master Lan smiled lightly. The person who walked out looked at Qu Lanyi. Qu Lanyi had already put Yun Feng down. The person who walked out chuckled. "Young Master, the leader said that he's very busy these days. Let Yun Feng stay in the clan for now. They'll meet after he's done."

The corners of Qu Lanyi's mouth curled up. Very good. Old man, you took me down a notch?

Yun Feng smiled gently. "Thank you for telling me, Senior. Please forgive me for my lack of manners."

The person who walked out was a bit surprised by Yun Feng's attitude. He chuckled. "It's fine. Yun Feng, you're a guest of the Naxi family. However, the leader is indeed busy. Please wait for a while, Yun Feng."

"Alright, sorry for disturbing you."

"If the old man has something to do, just let him do it," said Qu Lanyi. He reached out and grabbed Yun Feng. Yun Feng quickly smiled apologetically. "I'll take my leave first." Qu Lanyi dragged her away again. The person who walked out looked at the backs of the two of them and chuckled. "Brother Lan, what do you think?"

Master Lan raised the corners of his mouth helplessly. "Don't you understand what Young Master means?"

The person who walked out chuckled with a faint smile on his face. "Young Master has never done anything big. Once he does, it's truly earth-shattering. There was no news at all before, but he's brought her back now."

"What does the leader think?"

The person who walked out smiled again. "I don't know what he thinks, but in my opinion, that girl knows when to advance and when to retreat and is very humble."

Master Lan chuckled. "Indeed. With her strength and age, she's not inferior to those top geniuses of the Naxi family at all. It's rare for her to have such a good personality."

"Haha, we should really let those kids of our family learn from her."

Master Lan smiled. "Are you afraid that you won't have a chance? With those kids' temper, it'll be strange if they don't take the initiative to find her."

"Haha, you're right."

Yun Feng was dragged somewhere else by Qu Lanyi along the way. As they walked for a long time, the route along the way was much more complicated. Qu Lanyi didn't stop until they approached an extremely quiet yard. Yun Feng looked at the scenery around her. The yard was quite large and the environment was very quiet and elegant. The layout and furnishings inside were quite exquisite. Yun Feng smiled. This should be where Qu Lanyi lived.

"You'll be here during the days you're in the clan," said Qu Lanyi. Yun Feng was surprised. She was about to reject him, when Qu Lanyi shook his head. "If you lived elsewhere, many people would definitely provoke you. Even though Yu Lian isn't a good person, she's quite popular among the younger generation of the Naxi family. After what she did today, she'll probably be grounded. Those other people will definitely come to find you. There will be no need to worry if you stay in my place. I can't be bothered with them."

Yun Feng thought for a moment. She had just come to the Naxi family, so she shouldn't have conflict with too many people. Her purpose this time was to befriend them. She wouldn't attack anyone if she could. Besides, Qu Lanyi didn't seem to like these young people of the Naxi family. Logically speaking, things shouldn't be like this.

Chapter 1691: A Small Attack, Great Punishment (4)

"It's a habit I've had since I was young. Yu Lian often comes to annoy me, and I don't really like them," said Qu Lanyi. Yun Feng chuckled. That made sense. He was the Young Master of both light and darkness. It was normal for him to be alone.

"Alright, got it," said Yun Feng. Qu Lanyi was silent for a while and said in a low voice, "What the old man said today was to take me down a notch. Don't mind him."

Yun Feng smiled. She sat next to Qu Lanyi and looked at the scenery around her. She said casually, "The leader of the Naxi family did the right thing. I'm a young woman who has just arrived after all. It's not easy for me to meet him." Yun Feng understood what leader of the Naxi family was thinking in her mind. What happened to Yu Lian must make the leader of the Naxi family feel that she, a young woman, needed to be disciplined.

Qu Lanyi's expression became warm. He leaned half of his body on the table in front of him and put his handsome face in his bent arms. He looked at Yun Feng with warmth in his black eyes. It couldn't be better if she thought so.

Seeing Qu Lanyi's expression, Yun Feng's black eyes couldn't help but warm up. She poked his cheek gently with her finger. "What you did today was indeed a bit too much."

Qu Lanyi chuckled. "So what?"

Yun Feng smiled. She really couldn't do anything about him. Suddenly, she thought of the shocked expressions of the Naxi clansmen. Yun Feng asked, "Lanyi, why are they so shocked to see you with me? Did you..."

Embarrassment suddenly flashed through his handsome face, which had always been calm. Yun Feng felt that she had caught something interesting. "Lanyi, have you never been with other women in the past?"

A suspicious blush appeared on Qu Lanyi's cheeks. "Of... Of course... You're the first."

The man said very softly, but Yun Feng smiled after hearing that. Qu Lanyi looked even more embarrassed and uncomfortable. "W-What are you laughing at?"

Yun Feng smiled. Ever since the first time she came into contact with him, he had been so enthusiastic about her. Her feelings had slowly germinated under his relentless pursuit. Yun Feng had always thought that Qu Lanyi had his own experience with relationships. After all, he didn't seem to be as one-track-minded as her. The Naxi was such an outstanding clan. There must be a lot of outstanding women in their clan. Yun Feng had never thought that Qu Lanyi was also a pure novice in relationships! He was actually no different from her.

Seeing that Yun Feng was smiling so happily, Qu Lanyi was happy in his mind even though he was uncomfortable. He bent his finger and looked at Yun Feng's forehead gently with affection in his black eyes. He smiled helplessly. "Naughty."

"I thought a woman who had a history with you might pop up after coming to the Naxi family."

Qu Lanyi widened his black eyes. "How is that possible?"

Yun Feng nodded and still couldn't hide her smile. It was indeed impossible, but there should be a lot of women who liked him. Yu Lian was probably the boldest and most straightforward one.

"Right, where's your mother?" Yun Feng stopped smiling and asked softly. Qu Lanyi froze and looked elsewhere. "She's dead. She left after giving birth to me."

Yun Feng was stunned. Even though Qu Lanyi was expressionless, Yun Feng was inexplicably sad in her mind. She gently pulled Qu Lanyi's sleeve. Qu Lanyi turned around with a smile in his black eyes. "I'm fine. Life and death are no big deal. Everyone will take this step."

Yun Feng was stunned again. This was the second time she heard such a remark. Her ancestor said that because he had experienced life and death, but what Qu Lanyi said surprised Yun Feng.

"Lanyi..." Yun Feng called softly. Qu Lanyi smiled gently. "Hm?"

Yun Feng wanted to say something, but her throat seemed to be stuck. In the end, she could only smile gently. Qu Lanyi reached out and held Yun Feng gently in his arms. A warmth slowly surrounded Yun Feng. Yun Feng closed her black eyes. He was so warm... But what about his heart?

Late at night, the leader of the Naxi family was sitting at the table and looking down at something. A tall figure pushed the door open and entered. The leader of the Naxi family didn't even look up. "You're here."

Qu Lanyi stood by the door and replied indifferently. He waited patiently for a while. The leader of the Naxi family finally raised his head with deep black eyes. "I've already heard about that girl of the Yun family. What do you think about Yu Lian?"

Qu Lanyi snorted coldly. "She reaped what she sowed. It has nothing to do with Fengfeng."

The leader of Naxi chuckled. "Kid, aren't you a bit too protective? I haven't said anything about that girl yet and you're already protecting her?"

Qu Lanyi raised his brows and became serious. "Old man, she didn't come back with me this time to get your approval."

The leader of the Naxi family also looked a bit more serious. He tapped the table a few times with his finger. "I know. The Blood Souls' movements are getting more and more obvious. Is she here to drag the Naxi family down with her this time?"

Qu Lanyi's face suddenly darkened. "Not dragging us down! With the current development of the Blood Souls, do you really think the Naxi family can stay out of it?"

The leader of the Naxi family sat there in silence and became gloomier. In the end, he sighed. Qu Lanyi suddenly took out his white jade pendant. The leader of the Naxi family raised his thick eyebrows when he saw that. Qu Lanyi said in a low voice, "Is the light-element Fantastical Beast sealed in this jade pendant?"

The leader of Naxi was stunned. Qu Lanyi put the white jade pendant on the table. "The Naxi family also has the ability to tame beasts? Old man, there's something you should tell me. You have to tell me!"

The leader of Naxi chuckled. Qu Lanyi frowned. "Old man, what are you laughing at?"

The leader of the Naxi family glanced at the white jade pendant on Qu Lanyi's table and touched it gently with his finger. A faint light shone out of the jade pendant. Qu Lanyi frowned even more. The leader of the Naxi family said slowly, "Meeting that girl of the Yun family has changed you a lot. You wouldn't have been interested in such things in the past. When have you ever taken the matter of the Naxi family to heart?"

"Old man..." Qu Lanyi was slightly stunned. He was right. Ever since he grew up, he had never taken the matters of the Naxi family to heart. Qu Lanyi pondered in his mind. He only understood what responsibility and family meant after meeting Fengfeng. Along the way, Qu Lanyi had actually thought a lot when he saw Fengfeng's persistence and love for the Yun family.

Chapter 1692: Falling into the Falling Gold Pond, Who Wins and Who Loses (1)

This was also why he asked such a question. He put the things he didn't care about in the past in his mind now. He saw them now! He had been growing constantly along the way!

"Kid, I'm very gratified that you can ask me such a question right now. That girl of the Yun family has a good influence on you." The leader of the Naxi family raised the corners of his mouth and leaned back. His dignified and cautious face seemed to be relieved of something. He heaved a deep sigh. Instantly, Qu Lanyi suddenly felt that his father had aged dozens of years.

"Back in the ancient times, the four powerhouses of mankind founded the four ancient families single-handedly. Four special bloodlines were passed down and continued to this day." The leader of the Naxi family said slowly. Qu Lanyi listened quietly. This was the first time the old man talked about the four families. "The four bloodlines are all special, and among them... the Yun family and Naxi are the two bloodlines that are closest. The Yun family has the summoner bloodline, and the bloodline of the Naxi family is also related to Magic Beasts."

The leader of the Naxi family raised his head and looked at Qu Lanyi deeply. "The summoner bloodline makes Magic Beasts yield and obey, and become the help of humans. The bloodline of the Naxi family can imprison and restrain Magic Beasts, or even take away their abilities completely."

Qu Lanyi's black eyes widened! The leader of the Naxi family said again, "The tamers right now can be said to be a branch of the bloodline of our race, but their abilities aren't pure after all. The tamers have only learned the surface of our abilities. The Yun family can be said to be a kind of positive energy for Magic Beasts, while the Naxi family is completely negative. So... the source of Magic Beasts' hatred for humans doesn't come from summoners, but from the abilities of our clan."

Qu Lanyi frowned and remained silent. The leader of Nazi continued, "The ability of the Nazi bloodline has tortured the Nazi family. Especially the Magic Beasts. They hate us to the core. Even though the Nazi family hasn't attacked the Magic Beasts since a long time ago and rarely uses such an ability, the seed of hatred has already been planted."

"The reason why we went into seclusion was to protect ourselves?"

The leader of the Nazi family sighed softly. "It's not easy to truly protect people in this world. I didn't want the Nazi family to be troubled by worldly affairs again, but we couldn't escape after all." The leader of the Nazi family pointed at the white jade pendant on the table. "The light-element Fantastical Beast sealed in this jade pendant is indeed something that the powerhouses of the Nazi family did a long time ago. It's been circulating until now, but not everyone can get close to it, wear it, or even control it!"

"So... Old man, you can't control it either?" Qu Lanyi was surprised! The leader of the Nazi family chuckled. "If I could, I wouldn't have given it to you. After all, Nazi is very similar to the Yun family in many ways. Just like the summoner bloodline of the Yun family, power is hidden deep in the bloodline. Not everyone's ability can be activated. The abilities of the Nazi family are the same. Among the entire Nazi family, you're the only one whose bloodline power has been completely stimulated."

Qu Lanyi's black eyes darkened. "So, I have the ability to imprison, restrain and even deprive Magic Beasts of their abilities?"

"Haha, kid, do you think you can have this ability just like that? You've only unlocked about ten percent of your ability right now. What you can do is only a short-term control. Besides, your physique of light and darkness restricts you a lot."

Speaking of light and darkness, Qu Lanyi remembered what Feng Qingxuan told him. "Old man, I'm not the first person of the Nazi family to have light and darkness in the same body."

The leader of Nazi was slightly stunned. "How did you find out?"

Qu Lanyi's face froze. As expected! "Don't bother how I found out. If I'm not the first person, why didn't you and those elders mention it? Are you hiding something on purpose?"

The leader of Nazi's face darkened and he was silent for a while. "I don't know about this. After all, it happened a long time ago."

"Then I'll ask the elders!"

The leader of Nazi's body stiffened! "Lanyi! How can you meet the elders just because you want to?"

Qu Lanyi's breathing became heavier. "Old man, I already know what will happen to the body of light and darkness in the end. If that's what you want to hide, it's meaningless."

The leader of the Naxi family's body tightened and then completely relaxed. Helplessness and pain flashed through his face. "It's good that you know."

Qu Lanyi subconsciously thought that the old man was hiding something from him. There might be something he didn't know about the power of the Naxi bloodline! "Old man, I..."

"Alright, that's all for today. I still have a lot of things to deal with. I've already understood why that girl of the Yun family came. Give me time to think." The leader of the Naxi family waved his hand and asked Qu Lanyi to leave without hesitation. Qu Lanyi was silent for a few seconds before he turned around and left. The old man wasn't willing to say anything. He wouldn't be able to get anything even if he asked.

"Take the jade pendant," said the leader of the Naxi family. Qu Lanyi took the jade pendant and left. After he left, the leader of the Naxi family heaved a deep sigh and rubbed his aching forehead with his hand. "Blood Souls... Perhaps it's time to consider what that girl of the Yun family suggests..."

In the next few days, Yun Feng stayed in Qu Lanyi's house and waited patiently. Even though Qu Lanyi was as happy as usual with Yun Feng, Yun Feng always felt that he was inexplicably heavy in his mind. The solemnity he showed occasionally didn't escape Yun Feng's eyes. Yun Feng wanted to ask what was wrong, but she didn't know what to say.

A week had passed, but the leader of the Naxi family was still busy. Qu Lanyi wasn't in a hurry at all. Yun Feng, on the other hand, was a bit anxious. She had to get the recognition of the leader of the Naxi family in the shortest time possible. After all, there were still two other clans that she had to fight over. It wasn't a solution to stay in the Naxi family any longer.

Yun Feng also knew that she couldn't rush this matter, but she had to. The development of the Blood Souls was still going on. If she delayed, wouldn't she give the Blood Souls more opportunities to develop?

On this day, Qu Lanyi wasn't in the house. Even though he spent most of his time with Yun Feng every day, Qu Lanyi still had the identity of the Young Master after all. He had to do something actively to help Yun Feng.

"Yun Feng! Yun Feng! Are you in there?" Suddenly, a few loud shouts came from outside. The voices were very arrogant and carried obvious anger. Yun Feng stood up. The shouts outside were still going on. "I know you're in there! Come out!"

Chapter 1693: Falling into the Falling Gold Pond, Who Wins and Who Loses (2)

Yun Feng frowned. They didn't come with good intentions. Ever since she entered the Naxi family, she hadn't walked out of this house and it was impossible for her to have any conflict with other people. The only people who had a reason to find her were the younger generation of Naxi and the people who were on good terms with Yu Lian that Lanyi mentioned at the beginning.

"Yun Feng! Come out!" The clamoring continued. Yun Feng didn't intend to care at first. These young people were easily irritable. Yu Lian was really quite popular among the younger generation as Lanyi said.

"You caused Yu Lian to reflect on herself behind closed doors, you outsider!" Another different voice came. Yun Feng understood that it wasn't just one person.

"What ability do you have if you only know how to hide inside? How would Young Master like a timid person like you? Come out if you have the ability!" Another different voice came. Yun Feng raised her brows slightly. Fine, there was no need to argue with them.

"We can't do anything to you if you hide with Young Master, but looking at you, are the members of the Yun family all as timid as you?"

"The Yun family isn't that impressive! Uncle Lan and Uncle Ah Jing even praised you. Bah!"

Yun Feng's black eyes darkened slightly. Her lack of response became what they called cowardice. They even talked about the Yun family? Yun Feng got up and slowly walked out. The young people outside continued shouting, "You're so cowardly and you want us to learn from you. Do you want us to be cowards too?"

Yun Feng slowly walked out and remained silent. Her face became gloomier and gloomier. When she walked to the door, a dozen young people were surrounding the door and shouting loudly. Seeing Yun Feng come out, someone immediately whispered, "She's out. She's out!"

The dozen young people glanced over at the same time. Yun Feng stood inside the door and glanced at them one by one with her black eyes. Some of them looked very young, but a few of them looked mature. The young people of the Naxi family were quite strong. These people should be the best.

"You finally showed up?" A young man said with anger in his eyes. "You're not going to be a coward anymore?"

Yun Feng raised her brows slightly and directly ignored what he said. She said casually, "What's the matter?"

The few mature young people among them were all slightly shocked in their minds when they saw how calm Yun Feng was.

"Of course we're here for you! You caused Yu Lian to reflect on herself behind closed doors. We're here to settle the score with you!" Another young man said. Yun Feng lowered her black eyes slightly. "She reaped what she sowed. It has nothing to do with me. If there's nothing else, goodbye."

After saying that, Yun Feng turned around and was about to leave. These young people weren't worth her anger at all. They wouldn't attack here. After all, this was Lanyi's territory. They only dared to shout outside.

"You're truly a coward!" Someone shouted. "How can such a turtle like you be worthy of Young Master?"

"That's right! You're not worthy of Young Master at all!"

"You must've used some despicable move to beat Yu Lian! If you have the ability, fight with us! If you win, you'll be powerful!"

Yun Feng turned around slightly and glanced at these young people coldly with her black eyes. She whispered, "You're not worth my time."

"What did you say?" The dozen young people all looked embarrassed. They were the best of the younger generation of the Naxi family. How dare she despise them like this! Even if she was capable, they weren't bad!

"Why are you arguing here? Do you have nothing else to do?" A serious voice came. The dozen young men all turned around and automatically made way for the person when they saw him. The tall man slowly walked over with a calm aura. Yun Feng's heart skipped a beat. If she had to fight, she might consider the person in front of her.

"You're clamoring outside the Young Master's yard. You're quite bold." The young man who walked over had a cold look on his face. He pursed his lips tightly and his rough face was well-defined, giving people an unusually serious feeling. Just looking at him, people would feel awed.

"Young Master isn't here. Otherwise, how would we dare to come?" Someone mumbled. The young man raised his eyebrows slightly and glanced at Yun Feng with his black eyes. There wasn't much emotion in this glance. It was quite normal. He looked away after a few seconds.

"Li Yun, you still don't know about Yu Lian?" Someone asked. The young man was silent for a while expressionlessly. "What's wrong with her?"

"Yu Lian has been reflecting on her behavior behind closed doors. It's all because of this outsider!" Someone shouted in dissatisfaction and then pointed at Yun Feng. "She's someone Young Master has acknowledged. Is she worthy of Young Master?"

The young man called Li Yun finally sized Yun Feng up seriously at this moment. "With Yu Lian's personality, she'll cause trouble sooner or later. It's better for her to reflect on her mistakes behind closed doors." The young man said as he looked at the young people around. "You, on the other hand, came here to cause trouble for no reason. Aren't you afraid that the Young Master will be angry?"

"We only came when Young Master wasn't here. This outsider only knows how to hide inside like a coward!"

"Uncle Lan and Uncle Ah Jing even asked us to learn more from her!"

"Oh?" Li Yun looked at Yun Feng again. "There aren't many people who can make Uncle Lan and Uncle Ah Jing praise them."

"That's right! Li Yun, you're the only one! You're the leader! What's the big deal about an outsider like her?"

These young people talked enthusiastically. Yun Feng remained silent. This person called Li Yun should be the leader of the younger generation of the Naxi family. He had a calm and cold bearing and didn't look like the kind of person who would be hot-blooded and impulsive when something happened. He was obviously on a different level from the others in terms of mentality. At least, he didn't care about Yu Lian.

"How can she be on an equal footing with you? Uncle Lan and Uncle Ah Jing are exaggerating!"

The young people were still discussing, but the two centers of attention were silent. They were both sizing each other up secretly.

"How boring. You came to my place!" From afar, Qu Lanyi, who had just returned, saw a group of people gathered there. Fengfeng stood there with a cold expression. His handsome face was immediately covered in a layer of anger. The two middle-aged men behind Qu Lanyi looked at each other and smiled.

"It's the Young Master! The Young Master is back!" Some young people saw Qu Lanyi in the distance with their sharp eyes. The dozen people all changed their expressions after hearing that. Yun Feng looked over with her black eyes. Qu Lanyi was walking over with a bad expression. Behind him were people they had met before. They should be the Uncle Lan and Uncle Ah Jing they were talking about.

Chapter 1694: Falling into the Falling Gold Pond, Who Wins and Who Loses (3)

A glint of light flashed through Li Yun's black eyes when he heard that. He turned his head and saw that Qu Lanyi had already walked over. The dozen young people all took half a step back. Because of the anger on Qu Lanyi's handsome face, only Li Yun didn't move. He chuckled. "Young Master, you're back."

Qu Lanyi glanced at Li Yun gloomily and raised his brows. "You're out of seclusion?"

"Yes, I just came out of seclusion."

"Your strength has improved a lot."

Li Yun chuckled. "I'm far inferior to Young Master."

The dozen young people remained silent on the side. Uncle Lan and Uncle Ah Jing walked over and smiled helplessly. "Why are you all here?"

The dozen young people looked at each other and finally said, "It's all because Uncle Lan and Uncle Ah Jing asked us to learn from her. But she's been hiding inside and not coming out. How can we learn?"

Qu Lanyi raised his brows and curled his lips. "Young Master, don't be angry. Even though they're here for Yu Lian, since Uncle Lan and Uncle Ah Jing both said so, they're probably truly trying to learn from her."

Qu Lanyi sneered. "Really? What did they learn?"

The dozen young people moved their lips. One of them couldn't help but say, "She only knows how to hide with Young Master. No matter how strong she is, she can't be like a coward! Uncle Lan and Uncle Ah Jing asked us to learn. We don't want to be like her! If she's capable, let us see!"

Qu Lanyi's handsome face was cold! "That's her tolerance for you!"

Yun Feng stood aside and continued to be silent. It was better not to say anything in this occasion. Li Yun said indifferently after hearing that, "She must be quite capable to be praised by Uncle Ah Jing and Uncle Lan. There's a reason why they're not convinced. Even though I don't know the details, I really want to know why the Young Master likes her. If she doesn't have the ability, she won't be qualified to stay with the Naxi family."

Uncle Lan and Uncle Ah Jing smiled wryly. Even Li Yun said so.

Qu Lanyi's black eyes darkened. "Li Yun, don't think that I won't be angry with you just because you're the best."

"I'm telling the truth. Since Young Master chose her, we have to convince our clansmen. It's not a solution for Young Master to protect her."

"He's right." Yun Feng looked up and said casually. She looked straight at Li Yun with her black eyes and saw the disdain in his eyes. Then, she looked at Qu Lanyi. "Lanyi, it's indeed useless for you to protect me. I'm already prepared."

"Fengfeng..." Qu Lanyi said. "You don't have to prove your ability to them! You're the woman I like. Who dares to say anything?"

Yun Feng shook her head and chuckled. "Of course nobody dares to say anything about you, but I want to get real recognition. I, Yun Feng, am not the person they think I am. I'm your choice. Your choice won't let your clansmen down!"

"Hehehehe, you're right, Yun Feng." The two middle-aged men, who had been silent, said. Uncle Lan and Uncle Ah Jing both looked at Yun Feng with a smile. "Young Master, what she said is right. Didn't you bring Yun Feng back for the recognition of your clansmen?"

Qu Lanyi's face darkened. If it weren't for the unnecessary praise from the two of you, these people wouldn't have had nothing better to do than settling the score for Yu Lian after all! Yu Lian wasn't worth these people fighting for justice! Li Yun wouldn't have spoken up for Yu Lian either. The two of them appreciated her on purpose!

Qu Lanyi's icicle-like gaze made Uncle Lan and Uncle Ah Jing blush. They indeed had a intentional mentality. Who asked you to protect her so tightly, Young Master?

"Seniors, you're right," said Yun Feng. Uncle Lan and Uncle Ah Jing both chuckled. "Yun Feng, just call us Uncle Lan and Uncle Ah Jing. Don't treat us like outsiders."

Yun Feng smiled. "Uncle Lan and Uncle Ah Jing, just call me Yun Feng."

Li Yun said, "You're from the Yun family. You seem to be a summoner."

Yun Feng looked up. She knew the disdain and ridicule in Li Yun's eyes just then. He, who was the strongest member of the Naxi family, might be the one only second to Lanyi. That was why he had such an attitude towards her.

"If you want to be recognized, just fight with Li Yun!" Some young people gloated. "If you win, we'll certainly acknowledge you!"

"Yes, fight with Li Yun!"

Qu Lanyi suppressed the anger in his heart. Uncle Lan and Uncle Ah Jing were right. He brought Fengfeng back to make his clansmen acknowledge her! Fengfeng indeed needed a chance to show her strength and make these guys speechless! Perhaps fighting with Li Yun wasn't a bad choice. Even though Fengfeng was weaker than Li Yun, she wouldn't lose!

"I'm fine with it," said Li Yun as he looked at Yun Feng provocatively. Yun Feng chuckled. "If you're fine with it, so am I."

Li Yun narrowed his eyes. She was clearly weaker than him, but she still dared to agree so easily? Hm! Was she trying to be brave?

"It's indeed a good idea to fight, but it'll inevitably hurt our friendship. You'll also use special means in battle. It's hard to say who will win," said Uncle Lan. He looked at Uncle Ah Jing. "To determine the winner, we don't have to fight."

"Young Master, why don't you let Li Yun go to the Falling Gold Pool with Yun Feng?"

Qu Lanyi's black eyes darkened. Uncle Ah Jing! This wasn't as good as letting Fengfeng fight! Seeing Qu Lanyi's fierce gaze, Uncle Ah Jing chuckled. "Although the two of them have different origins, and one of them uses fighting energy and the other uses mental strength, the Falling Gold Pool can accommodate thousands of people. There will be a clear conclusion as to who's stronger."

The dozen young people all stood there in shock. The Falling Gold Pond. Uncle Ah Jing opened his mouth and said the Falling Gold Pond!

"Sure," said Li Yun as he looked at Yun Feng with his black eyes. Even though Yun Feng didn't know what the Falling Gold Pond was, she knew that she had to follow him up this step! "Sure."

Both of them agreed. Uncle Ah Jing and Uncle Lan nodded in satisfaction. "In that case, let's go."

They went to the Falling Gold Pond. Qu Lanyi followed Yun Feng with a sullen face and held Yun Feng's hand. Yun Feng chuckled. "Don't worry about me."

Qu Lanyi pursed his thin lips and lowered his black eyes. "Do you know what the Falling Gold Pond is?"

Yun Feng shook her head. Qu Lanyi sighed softly. "The Falling Gold Pond is an extremely special place for the Naxi family. The pool is full of golden sand. As long as a cultivator steps on it, the golden sand will produce the corresponding suction force according to the limit of the cultivator's power! If they can't resist it, they'll be completely pulled into the golden sand!"

Chapter 1695: Falling into the Falling Gold Pond, Who Wins and Who Loses (4)

Yun Feng frowned. "What happens after they are dragged in?"

Qu Lanyi looked ahead with a sullen face. "If they can't get out of the Golden Sand in three days, they will never come out. Uncle Ah Jing suggested going there. What exactly is he thinking?"

Soon, Yun Feng came to a spacious area. There was a huge pool that was full of golden sand that was extremely dazzling under the sunlight. A dozen young people watched nervously. Uncle Ah Jing chuckled. "Don't worry, you two. If either of them can't hold on, just crush this thing and we'll certainly pull you up."

Uncle Ah Jing handed two stones to Yun Feng and Li Yun. The two of them put away the stones, as if they didn't intend to use them. Uncle Lan said, "It's very simple. Whoever admits defeat first will be the loser. In the Falling Gold Pond, it's best not to use unnecessary means and movements. Just rely on your own strength, or it'll be very difficult to survive."

Yun Feng frowned. It seemed that the contracted Magic Beasts would have the opposite effect on her. That should be what they meant.

Li Yun stomped his foot and stood in the sky above the Falling Gold Pond. Seeing that, Yun Feng followed him. The two of them stood in the sky. Uncle Lan and Uncle Ah Jing looked at each other and smiled. They turned around and looked at Qu Lanyi. Qu Lanyi gritted his teeth and could only say, "Begin."

"Swish!" Two figures landed from the sky at the same time and stepped on the golden and dazzling surface of the sand at the same time!

"Buzz!" Two huge arcs of fluctuation spread out from the feet of the two of them. The golden sand kept spreading with the fluctuation. Looking from afar, it looked like two huge circles were intersecting! Instantly, a terrifying suction force appeared from the golden sand!

"Ugh!" The two of them grunted at the same time. Their feet had already been forcibly dragged into the sand!

The dozen young people watching on the side were terrified. If it were them, they might not have the courage to step on it. Qu Lanyi's handsome face was cold, but the two middle-aged men, Uncle Lan and Uncle Ah Jing, looked quite relaxed, as if they weren't worried at all.

"Whoosh!" The two of them were pulled in again! The golden sand spread to their ankles!

Li Yun frowned and clasped his hands fiercely. A huge amount of fighting energy surged out of his body! Li Yun gritted his teeth and the fighting energy stabbed into the golden sand fiercely, lifting his body a few inches! Beads of sweat appeared on Li Yun's forehead. He had only moved a bit, but the suction force was so powerful! Li Yun glanced to his side. Yun Feng wasn't having a good time either.

The suction force in the golden sand kept increasing, as if countless hands were trying their best to pull her in. Yun Feng wanted to use her mental strength to resist and break free from the golden sand as soon as possible, but Sister Hua's voice suddenly sounded in her mind. "Little Yun Feng, sink quickly."

Yun Feng was shocked! Sink? She asked her to sink quickly?!

"Stupid transvestite, what nonsense are you talking about?" Er Lei roared in dissatisfaction, and so did the other few contracted Magic Beasts.

"Why are you shouting? Have I ever harmed Yun Feng?" Sister Hua shouted in dissatisfaction. Yun Feng listened to the chaotic noises in her mind and shouted loudly, "Stop arguing! Sister Hua, explain yourself!"

"Humph! Little Yun Feng, you know me best. I won't do anything to hurt you. The golden sand in this pool is very powerful. I really didn't expect to meet it here."

"Sister Hua, be clearer."

Sister Hua's charming laughter came. "Little Yun Feng, the golden sand here is my favorite nourishment. This is the sand where the Double-Faced Ghost Wheel is born."

Yun Feng suddenly smiled! Her red lips slowly curled up. So that was the case. It was truly too coincidental!

"So, Little Yun Feng, sink quickly."

Yun Feng nodded with a smile on her face. When everyone didn't understand what this smile was about, they only heard a whoosh! Yun Feng completely disappeared into the golden sand!

She sank! Li Yun was stunned for a moment! At that moment, there was no panic on her face at all. It could be seen that everything was as she expected. She sank herself! Thinking of this, Li Yun's expression couldn't help but darken a lot. She took the initiative to sink... What exactly did she want?

"She sank!" The dozen young people of the Naxi family all exclaimed when they saw that Yun Feng had completely disappeared. Uncle Lan and Uncle Ah Jing also raised their brows in surprise. Only Qu Lanyi was still standing there very calmly with a smile on his face.

"Judging from Young Master's expression, Yun Feng should be fine." Uncle Lan and Uncle Ah Jing glanced at Qu Lanyi secretly and whispered. However, Yun Feng sank just like that. It was truly unexpected. That girl of the Yun family was indeed special!

"Li Yun will definitely win this time! She's already sunk!" Excitement appeared on the faces of the young people of the Naxi family. Only Li Yun was standing on the golden sand. If he could walk out of the golden sand successfully, this outsider of the Yun family would definitely lose! If she lost, how would she have the face to stay in the Naxi family?

Li Yun stood on the golden sand with a solemn expression. The suction force of the sand was constantly increasing. He was already a bit powerless! This wasn't about who could walk out of the golden sand at all, but about how long they could last after falling into the golden sand!

"Swish!" Li Yun's calves had already been submerged in sand. The dragging force of the golden sand was still increasing. Li Yun tightened his body and wanted to resist for a while longer, but the continuous high-intensity exertion of strength in a short period of time made his breath unstable, giving the golden sand an opportunity!

"Swish...!" Li Yun's body was swallowed by the golden sand!

"What? Li Yun also fell!" The young people of the Naxi family all exclaimed! They all widened their eyes! Qu Lanyi only raised his brows slightly. It was only a matter of time before he fell. However, Li Yun could last for so long. He was indeed extraordinary.

Li Yun also sank into the golden sand. The young people of the Naxi family couldn't help but feel a bit anxious. It seemed that it was impossible to say who would win right now! However, the Falling Gold Pond was too powerful. That was Li Yun... He was pulled in in such a short time! These young people of the Naxi family couldn't help but think of themselves and they were all ashamed.

"It seems that we have to wait patiently," said Uncle Ah Jing with a smile. Qu Lanyi curled his lips in disdain. These two old guys... Were they trying to take Fengfeng down a notch like the old man?

Chapter 1696: Yun Feng Will Be the Winner (1)

If that was the case... these two old guys would be disappointed.

"Ha!" With a deep shout, fighting energy surged out! The moment Li Yun's body fell into the golden sand, fighting energy quickly surged out of his body and formed a protective net, separating the golden sand from himself. Since he was already trapped, he certainly didn't need to fight back anymore. Even though there was still the dragging force of the golden sand, Li Yun didn't care anymore. He didn't have the ability to get out of the golden sand. He had to compete with her to see who could stay here longer!

Thinking of Yun Feng, Li Yun glanced around and saw a faint beam of green light coming out of the sand on the side. Li Yun swam over curiously. After pushing away the layers of fine sand, the scene in front of him completely shocked him!

"What... is this?" Green light came into Li Yun's eyes. It was a dazzling green light!

In the dense golden sand in front of his eyes, a plant inexplicably appeared! Its huge root was firmly embedded in the golden sand and didn't show any signs of sinking at all, as if the fine sand that was comparable to water was like solid soil! In the middle of the plant in front of him, a handsome man with a slightly enchanting face stood and the woman he was protecting carefully was Yun Feng!

Li Yun flicked his hand tentatively. The moment he touched the green light, the handsome man suddenly turned around. His green eyes were full of demonic light, which made Li Yun's heart tremble!

"Stay away from here." A delicate voice came. The green light shook a few times without hesitation. Li Yun took a few steps back in panic. The green light completely isolated the golden sand, forming a vast space that was much more powerful than his fighting energy defense!

Li Yun narrowed his eyes and looked over. Yun Feng, who was next to the man, seemed to be closing her black eyes and falling into a half-sleeping state. He couldn't help but frown slightly. What was wrong with her?

"What are you still looking at?" A slightly angry voice came. A thick branch rushed over. Li Yun immediately turned around and narrowly avoided it. The next second, the handsome man who looked at him just then had already arrived in front of him!

"Who are you? What happened to her?" Li Yun glanced at Yun Feng, who was unconscious and asleep on the side. No matter what, he couldn't let anything happen to her in the territory of the Naxi family. Not to mention what Young Master would do, if something really happened to her, there would probably be a lot of trouble on the Naxi family's side.

At this moment, Sister Hua, who had already transformed into a male body, looked at Li Yun coldly. She curled her lips and said, "You don't have to worry. Little Yun Feng will be fine with me here."

Li Yun's Adam's apple moved. They were calling each other so intimately... The man in front of him wasn't a human being. Was he Yun Feng's contracted Magic Beast? The green light he came into contact with just then wasn't of the wind element at all. Instead, it had the meaning of the earth element...

"Go away!" Sister Hua said as she looked at Li Yun with an unfriendly gaze. Li Yun's expression became serious and his body retreated a distance to the side. However, he didn't leave for long. Instead, he stopped near Yun Feng. He wanted to see what Yun Feng could do!

Seeing that Li Yun didn't intend to leave, Sister Hua snorted coldly and ignored him. She walked to Yun Feng's side and the green vines protected Yun Feng carefully. At this moment, Yun Feng's black eyes were closed, as if she was in a deep sleep. However, that wasn't the case. At this moment, Yun Feng was deep in the unique space inside her body. When she entered this time, there were obvious changes here.

It was originally dark when she saw it, but this time, when Yun Feng's body moved forward, she clearly felt that the density of the darkness had dropped a lot. She could even vaguely see what kind of place this was. She could even see some vague patterns under her feet.

Even though she couldn't see them clearly or comprehensively, Yun Feng was certain that there were strange symbols drawn everywhere in this space. They should be to suppress the Red-Eyed in her body. When the huge red eyes opened and saw Yun Feng coming, a glint of light flashed through the blood-red eyes. "Why are you here?"

Yun Feng frowned and moved her body forward again. "Red-Eyed, I'm here this time... for..."

"You didn't bring anything with you. I'm not in the mood to listen to you. Just go." Red-Eyed closed its eyes lazily. Yun Feng's eyes turned dark again. Yun Feng gritted her teeth. This guy's temper was truly bad.

"Nana!" A voice sounded a bit abrupt here. Yun Feng's heart raced! It was Meatball!

Swoosh—! A weak sound of air came. Something fluffy jumped on Yun Feng's shoulder and a heavy feeling came from her shoulder. Yun Feng was shocked! How was that possible? This was her internal space. How could Meatball come in? This... What exactly was this...

"Crash... Crash..." The sound of chains suddenly sounded in the dark, wave after wave, revealing obvious anxiety and faint madness! Those huge red eyes opened again! An indescribable light flashed in the eyes!

"Clang!" There was a loud sound! That was the sound of chains hitting something!

The sound was very loud. It could be seen that the Red-Eyed must have hit the chains hard in excitement. It seemed to want to come out very badly.

"Nana, Fengfengna!" Meatball's voice came from the darkness. Yun Feng touched her shoulder tentatively. As expected, a fluffy and chubby feeling came. Yun Feng's face immediately darkened! How exactly did it get in?

"Hahaha! I didn't expect to meet you under such circumstances." As the Red-Eyed spoke, a gust of hot air suddenly sprayed towards Yun Feng! Yun Feng smelled a strong and heavy smell of blood!

"Nana!" Meatball on Yun Feng's shoulder shouted loudly. Feeling that its chubby body was about to jump, Yun Feng reached out and grabbed Meatball's body, holding it firmly in her arms. The Red-Eyed looked at it with ridicule and disdain.

"I'm surprised to see you like this." The Red-Eyed said. Meatball stared ahead with its big black eyes and extended its little claws from the fur, as if it wanted to scratch it. Yun Feng held Meatball tightly. The Red-Eyed was bound by chains, and she couldn't see the exact situation clearly after all. Nothing could go wrong with Meatball.

"You know Meatball?" Yun Feng raised her brows. Red-Eyed burst into earth-shattering laughter after hearing that!

"Hahaha, hahahaha!"

The laughter was sudden and extremely ear-piercing!

"Meatball? Is this the name you gave it?" Red-Eyed looked at Yun Feng. Yun Feng pursed her lips. This name was just random. It seemed that she was despised by the one in front of her.

Chapter 1697: Yun Feng Will Be the Winner (2)

"Na Xie, this should be your tragedy. Hahahaha!" Red-Eyed continued to laugh crazily, but what it said shocked Yun Feng! Na Xie, it knew Na Xie! Right, she had discussed Na Xie with Red-Eyed in the past. Back then, she asked Red-Eyed if it knew the name Na Xie. Red-Eyed was very shocked and kept asking her how she knew the name. It seemed that it had already known about Na Xie's existence!

"You know Na Xie?" Yun Feng said with a rather deep tone. After laughing crazily, the Red-Eyed instantly fell silent! After a long time, it looked at Yun Feng playfully and Meatball in her arms. "I don't just know it. It's been a long time since we met."

"Nana." Meatball called out. There was a deepness in its black eyes that Yun Feng had never seen before. It seemed that they were indeed old friends! Someone who could become old friends with Na Xie... "Red-Eyed, who exactly are you?" Yun Feng said. Red-Eyed burst into laughter and didn't answer at all.

"Why are you here? Tell me for the sake of the old friend." Red-Eyed's mood became better. Yun Feng was slightly startled. Old friend... Its attitude towards Meatball just then didn't seem like an old friend. There was an indescribable solemnity in the atmosphere between it and Meatball.

"If you fight with a Fantastical Beast... what's your chance of winning?" Once Yun Feng said that, Meatball in her arms was stunned! It raised its little head and looked at Yun Feng in a daze with its big grape-like eyes. Red-Eyed was obviously stunned too. It only said after more than ten seconds, "Yun Feng, you want to contract with a Fantastical Beast?"

Yun Feng frowned and shook her head. "I don't want to contract with a Fantastical Beast."

"If you don't, why did you provoke them?"

Yun Feng frowned even more tightly. "It should be said that we're preparing for a rainy day." Qu Lanyi had one of the four Fantastical Beasts that were lost in the Beast Region, namely the light-element Fantastical Beast, and she had part of the darkness Fantastical Beast. The other part was probably in the hands of the Blood Souls. It should be the decisive part. Otherwise, how would they get such weird dark elements?

There were also fire-element and water-element Fantastical Beasts. These two were still missing. To be exact, there was no news at all! Yun Feng thought for a long time. She couldn't rule out the possibility that the Blood Souls had multiple Fantastical Beasts in their hands! This was a bold guess and a hypothesis she had to make! Since the Blood Souls had the ability to subdue Fantastical Beasts, what was the difference between one and two? She should be prepared to deal with multiple Fantastical Beasts at the same time!

Even though there was the lightning-element Fantastical Beast next to her, the combat strength of the Fantastical Beasts wouldn't be much different from each other. One against two, they had no chance of winning at all!

"What exactly are you thinking?" Red-Eyed was puzzled, and so was Meatball. Yun Feng chuckled softly. "You don't have to care what I'm thinking. You just have to answer me. What are your chances of winning against a Fantastical Beast?"

"Humph!" The giant red eyes snorted coldly and said, "100%, but we must eliminate the possibility that the opponent is the earth-element Fantastical Beast."

Yun Feng was delighted after hearing that! 100%! That was the chance of winning! The old man who was the earth-element Fantastical Beast was obviously on her side, so she certainly didn't have to worry!

"Very good." There was a smile on Yun Feng's face and her tone was much more relaxed. She continued, "So, what if it's one against many?"

The giant red eyes were stunned again. "What kind of questions are those?"

Meatball turned its body in Yun Feng's arms and looked at Yun Feng very curiously. It didn't quite understand what she wanted to say. Yun Feng burst into laughter. "You only need to answer me!"

"It's hard to say if it's one against many. It's fine to fight alone, but if the Fantastical Beasts attack together, their teamwork is quite high. It'll probably be very difficult to beat them, especially when the elements conflict with each other. Their strength is even more astonishing."

Water and fire were two conflicting elements. According to Red-Eyed, if these two Fantastical Beasts were together, the power they could unleash would be astonishing and the limit of their power would also increase a lot! If the Blood Souls had these two Fantastical Beasts in their hands, it would be quite tricky.

"Yun Feng, why exactly are you asking this?" Red-Eyed roared. Yun Feng chuckled and touched Meatball's body. Her red lips curled up. "Red-Eyed, I might need you to fight for me sometime in the future. As long as you're willing to agree, I'll give you back your freedom."

The giant blood-red eyes narrowed fiercely and the sound of chains dragging suddenly echoed. "Are you serious?"

Yun Feng nodded. "I'm serious. As long as you're willing to help."

After a moment of silence, Red-Eyed said, "Sure. Yun Feng, I've already agreed. There's no room for you to go back on your words now!"

Yun Feng chuckled and suddenly stepped back. The giant blood-red eyes were getting further and further away from her. Yun Feng whispered, "Regret? Absolutely not."

"Swish!" The black eyes that had been closed opened. Seeing that Yun Feng woke up, Sister Hua was immediately delighted. "Little Yun Feng, are you awake?"

Yun Feng nodded and sat up. The vines around her quickly retreated and a faint light surrounded her, separating her from the golden sand. Yun Feng turned around. "How are you?" Looking at the huge tree root that had dived deep into the golden sand, Yun

Feng asked. Sister Hua chuckled. "Of course I couldn't be more comfortable. I kind of felt like I was just born. It took me a long time to stick my head out of the sand."

Yun Feng glanced around and saw a person sitting in the faint light not far away. That person was sitting cross-legged outside the green halo. His entire body was floating in the golden sand. He lowered his black eyes slightly. Wasn't that Li Yun?

"He's been here for a while. He just sat there and didn't move at all. I'm so annoyed!" Sister Hua complained in dissatisfaction. Yun Feng chuckled. She looked at Li Yun's facial features, which were frowning solemnly, through the green light and said casually, "There's no need. He didn't get in my way."

Sister Hua sighed in frustration and opened her arms, about to hug her. Yun Feng immediately dodged agilely. Sister Hua, who had already turned into a man, pouted. Yun Feng couldn't help but shiver when she saw that. "Little Yun Feng, where did you go just then?"

"I didn't go anywhere. I just closed my eyes and pondered."

"Oh..." It was a long dragging oh. Seeing that Yun Feng wasn't willing to say anything, Sister Hua didn't ask anymore. She looked around and saw Li Yun on the side. She couldn't help but smile gloatingly. "What are you laughing at?" Yun Feng noticed Sister Hua's mentality and asked curiously. Sister Hua chuckled. "Of course I'm laughing at him. How many days can he last here with his fighting energy?"

Chapter 1698: Yun Feng Will Be the Winner (3)

Yun Feng frowned. "What do you mean? As long as we separate the golden sand, it won't be a problem for us to stay for a while. We just can't rush out."

"You're wrong, Little Yun Feng." Sister Hua chuckled as a charming smile appeared on her handsome facial features. "As I said earlier, this golden sand is extraordinary. Otherwise, how would it give birth to the Double-Faced Ghost Wheel? Another characteristic of this golden sand is that it can absorb energy slowly, including fighting energy and mental strength."

Yun Feng's black eyes widened! That was the case! The golden sand could absorb energy slowly. Wasn't it like a blood-sucking insect? It only absorbed a small amount of blood every time, but as the amount accumulated, the victim would definitely be completely emptied after a long time!

Even if they could recover on their own, the recovery speed was far slower than the absorption speed!

Yun Feng looked over again. Li Yun didn't look relaxed. He frowned hard. He must have noticed this.

"What about you? Are you alright?" Thinking that such a huge tree root was embedded deep in the golden sand, wouldn't Sister Hua's energy be absorbed even more badly? However, Sister Hua smiled again. "It's useless to me. Even if it absorbs my energy, I'll absorb it back sooner or later. Plants are even more terrifying than blood-sucking insects at some point."

Sister Hua smiled meaningfully. Yun Feng was enlightened. Didn't the roots of plants also have the effect of absorbing nutrients from the ground to provide for her?

"He can't hold on for long. Three days is his limit in such dense golden sand." Sister Hua looked at Li Yun and said in a low voice. Yun Feng glanced over. Three days?

The two people in the golden sand started a tug-of-war, and the people watching the battle outside the Falling Gold Pond had different expressions. Three days had already passed, but the two people who sank didn't move at all. Neither of them crushed the jade. Looking at the calm sand, Uncle Lan and Uncle Ah Jing couldn't help but frown.

"Three days is the limit we expected. Neither of them came out." Uncle Ah Jing whispered and glanced at Uncle Lan next to him. "Do we need to go and take a look?"

Uncle Lan looked a bit gloomy and slowly said, "Let's wait and see."

Uncle Ah Jing sighed and continued waiting. Three days passed and four days passed, but there was still no movement. Then, it was the fifth day! There was still no movement!

"It's already been five days. Li Yun will be fine, right?" The young people of the Naxi family were all worried. Even though Li Yun would lose if he came out early, their heart wouldn't feel good if he didn't come out.

"What's the rush? That person from the Yun family hasn't shown up yet. How can Li Yun show up? Li Yun will definitely win this time!" Someone said in a low voice. The young man on the side immediately agreed. "That's right. Li Yun can't lose so easily. Li Yun will definitely win in the end!"

Qu Lanyi stood aside and looked at the Falling Gold Pond steadily with his black eyes. Some things should be stopped when necessary. However, with Li Yun's personality... he would probably have to continue holding on even if he had to reach the limit! Qu Lanyi wasn't worried about Xiao Feng at all. The only thing he was worried about was that if something happened to Li Yun here, Fengfeng wouldn't be able to explain to the old man.

Five days passed, six days passed, and it was the seventh day!

"It's time to pull them out!" Uncle Ah Jing said. He couldn't sit still anymore. Uncle Lan's black eyes darkened. "Let's wait and see."

"You're still waiting? It's already been seven days. If anything happens to Li Yun later, the leader will definitely punish us!"

Uncle Lan turned around. "You still don't believe in Li Yun's strength? Yun Feng, on the other hand... I'm surprised that she can last seven days."

Indeed, if Yun Feng didn't have Sister Hua's help, she would be lucky to survive for five days. Luckily, she had Sister Hua. It wouldn't be a problem for her to stay in the Falling Gold Pond for a few months! However, Li Yun couldn't. He didn't have the help of the Double-Faced Ghost Wheel. His fighting energy had already gone downhill on the fifth day. If he weren't so stubborn that he didn't want to admit defeat, he would have crushed the jade.

Damn it! Li Yun gritted his teeth hard as pain and blood came out of his mouth. The circle of light formed by the fighting energy around him kept shrinking. Only a thin layer was left on his body. The golden sand around him surged and swallowed his remaining fighting energy crazily.

Li Yun was covered in sweat. He glanced around with his black eyes. The green light around Yun Feng didn't reduce at all. Li Yun gritted his teeth. Was he going to lose to her this time? He was truly unwilling!

"He's still holding on?" Sister Hua was also surprised to see that Li Yun was still holding on. According to her estimation, he should have reached his limit on the third day. He could still hold on right now?

"He's stronger than me. It's only right that he can last for so many days." Yun Feng said. As expected, he didn't want to admit defeat. If he continued, he would really be drained.

"Damn it!" Li Yun, who was on the side, had already felt that whatever left of his fighting energy was flowing away. He knew clearly that if he continued to hold on, he would probably be buried in the golden sand forever! The golden sand around surged over and Li Yun shouted! He couldn't wait anymore!

"Crack!" Taking out the jade, Li Yun exerted strength in his hand and crushed the jade! A huge force dragged his body and he directly jumped out of the Falling Gold Pond!

"He's out!" Everyone heaved a sigh of relief. The young people of the Naxi family were all excited to see Li Yun come out. Uncle Ah Jing and Uncle Lan were also relieved. Luckily, luckily... This kid was just a bit exhausted. Everything else was fine.

"Ugh!" Li Yun, who was forcibly pulled out of the Falling Gold Pond, lay on the ground in a sorry state and breathed in fresh air desperately. His body was extremely weak and a lot of his fighting energy had been taken away by the golden sand!

"Li Yun, are you alright?" Uncle Lan and Uncle Ah Jing quickly walked over. Li Yun gritted his teeth and wanted to prop himself up, but his arms were too weak to exert any strength. Seeing that, Uncle Ah Jing immediately pressed him back. "It's great that you're fine. Kid, you're too stubborn."

Li Yun's black eyes glittered and a look of panic flashed through them. He was about to say something when he felt dizzy. His eyes darkened and he completely fainted.

"Li Yun!" The young man of the Naxi family was a bit panicked when he saw this. Uncle Lan shook his head. "He's fine. He just exhausted his strength and fainted."

"As expected of Li Yun. He lasted for seven days before he came out!" The eyes of the young people of the Naxi family were full of praise and admiration. If it were them, they might not even be able to last a day. Uncle Lan and Uncle Ah Jing also looked gratified. Good kid, as expected of the leader of the younger generation of the Naxi family!

Chapter 1699: Yun Feng Will Be the Winner (4)

"Wait, wait! Li Yun is out. Where's the one from the Yun family?" Someone asked with a trembling voice. Uncle Lan and Uncle Ah Jing immediately changed their expressions! Right, that girl from the Yun family wasn't out yet! The two of them looked at each other and were about to pull Yun Feng out by force, when Qu Lanyi walked over. "No need."

"Young Master!" Uncle Lan and Uncle Ah Jing were shocked. No need? It had already been seven days! That girl's strength was below Li Yun's. Li Yun couldn't even hold on, let alone her!

"As I said, there's no need." Qu Lanyi looked at the young people of the Naxi family with a smile in his black eyes. "Don't you want to learn? This is a great opportunity for you to see the power of a role model."

The hearts of the young people of the Naxi family all trembled. They looked at each other with a hint of mockery in their eyes. Even Li Yun couldn't hold on, let alone her! Perhaps she would die in the golden sand!

"Since Young Master has said so, we'll wait." Someone said. Qu Lanyi sneered. "Then wait patiently."

Uncle Lan's and Uncle Ah Jing's hearts shrank! They still had to wait? If they continued to wait, something would happen to Yun Feng sooner or later! What was the meaning of Young Master's confident look? Didn't he care about Yun Feng a lot? Why now...

A smile appeared in Qu Lanyi's mind. He trusted Yun Feng's ability 100%. How many dangerous situations had the two of them encountered? Didn't they all get out of danger in the end? This time, Fengfeng would definitely be the same! It wouldn't be her style if she didn't shock everyone.

The long wait began. Ten days passed, half a month passed! A full fifteen days passed! The unconscious Li Yun had already woken up, but Yun Feng still hadn't come out!

She still hadn't come out! Li Yun looked at the Falling Gold Pond in shock! The golden sand had the effect of absorbing energy. She had held on for so long, but she was still fine! Or... had something already happened to her?

In the golden sand, Sister Hua yawned lazily. "Little Yun Feng, how long are you going to stay here?"

Yun Feng raised her red lips. She calculated the time. Fifteen days, no more, no less.

"Alright, it's time for us to go up."

"You're still not coming out?" Uncle Ah Jing and Uncle Lan frowned and looked at the Falling Gold Pond that still didn't move at all. Some sweat couldn't help but appear in the hands of the two middle-aged men. They didn't feel relaxed at all. That little girl of the Yun family was too unexpected. That girl didn't play by the rules at all!

"She can really hold on..." Li Yun looked at the Falling Gold Pond with his black eyes. He frowned and looked very gloomy. Half a month had passed, but she still hadn't come up? Was she really buried inside? Thinking of this, Li Yun couldn't help but snort coldly. If that was the case, she was just a reckless and arrogant person. The Young Master had a problem with his taste when he liked her. Li Yun couldn't help but glance at Qu Lanyi. As time passed, everyone's mood gradually shrank. The atmosphere was very tense, but Qu Lanyi still looked relaxed, which made Li Yun very puzzled. The Young Master didn't seem panicked at all. Did he not care at all or was he too confident? Li Yun had experienced the Falling Gold Pond himself. That strange golden sand made him feel exhausted. Even though Yun Feng's identity was different, she couldn't have lasted for so long!

"Is she... unable to come out?" The young people of the Naxi family discussed in a low voice. Finally, someone said carefully. This said what all the young people were thinking. It had been so long. Yun Feng couldn't possibly come out again, right?

"I think so too... Li Yun looked so miserable when he came out. How good can she be?"

"If she's really buried down there, won't it cause trouble for the Naxi family? After all, she's also a member of the Yun family..."

"How can the Yun family compare to the Naxi family? Didn't you hear what Yu Lian said? It's already declined... It's probably gone... Do they still dare to come to the Naxi family to cause trouble?"

"Young Master..." Uncle Lan and Uncle Ah Jing spoke again. Beads of sweat had already appeared on the foreheads of the two middle-aged men. They couldn't wait any longer! If something really happened to that girl inside, it would be too much of a pity! The two of them felt bad in their minds!

"Wait." Qu Lanyi didn't say anything. He only said one word. He stared at the Falling Gold Pond with his black eyes and gradually became serious. His heart was also tight and uneasy! Fengfeng... I'll wait for you for another half a day. If you still don't come out, I'll go down and find you myself!

"Are we still waiting? She can't possibly come up," said Li Yun casually with an extremely cold expression. The young people of the Naxi couldn't help but look over. Qu Lanyi's face darkened. "What did you say?"

Li Yun raised his brows and looked at Qu Lanyi. "Isn't that so? She's weaker than me to begin with. I can only last seven days, let alone her. There's only one reason why she can't show up. She's already dead."

"Li Yun!" Uncle Lan and Uncle Ah Jing couldn't help but shout in a low voice. This was a woman that the Young Master cared about. It was very presumptuous to say this in front of the Young Master!

Qu Lanyi sneered. He was so angry that he laughed. He looked at Li Yun coldly with his black eyes. "After so many years, you've become more and more arrogant. Inferior to you? How can you compare to her?"

Li Yun was expressionless. "Reality is the best proof. I'm standing here, and she's down there."

Qu Lanyi raised his lips and looked at the Falling Gold Pond with his black eyes. "Just because she's not out yet doesn't mean she won't come out."

Li Yun frowned and was about to say something, when rustling sounds suddenly came from under the golden sand of the Falling Gold Pond!

"There's a sound!" The young people of the Naxi family all shouted. They stared at the Falling Gold Pond with their eyes, not missing a single detail! Uncle Lan's and Uncle Ah Jing's hearts trembled! Could it be that girl from the Yun family?

Li Yun's pupils shrank! The commotion under the golden sand became louder and clearer! Everyone's eyes widened! The smile at the corners of Qu Lanyi's mouth kept spreading. As expected of Fengfeng, as expected of the woman he liked!

"Could it be... Yun Feng?" After the young people of the Naxi family spoke, their hearts all trembled fiercely!

"How is that possible?" Li Yun shouted in a low voice, unwilling to admit defeat! His black eyes were full of disbelief. He didn't believe it! She was weaker than him. How could she last longer than him in the Falling Gold Pool, and for so long? If that was the case, where would his dignity go?

Chapter 1700: Walking Together (1)

"Swish, swish, swish...!" Something was moving under the golden sand and kept surging up. All the heartbeats were clear at this moment and were echoing fiercely!

The sand on the surface moved quickly. The golden sand slowly flowed, protruded and became larger and larger!

"Whoosh!" A figure broke out of the sand! It emitted a faint green light and flashed in front of everyone's eyes, landing gently!

"Yun... Yun Feng!" The young people of the Naxi family were dumbfounded! Uncle Lan's and Uncle Ah Jing's hearts trembled fiercely! This girl of the Yun family wasn't simple!

"Fengfeng." Qu Lanyi chuckled and called out to the woman in front of him. Yun Feng walked over with a smile at the corners of her mouth. When she glanced at Li Yun, who looked gloomy, her black eyes glittered. "You're too full of yourself."

Li Yun's facial features were almost twisted together! How was that possible? It had already been half a month and she... was still safe and sound!

The difference was obvious at a glance!

Li Yun lasted for seven days. When he came out, he fainted and fell on the ground, but Yun Feng was fine after half a month!

"You must've played some tricks!" Li Yun roared as he looked at Yun Feng with unwillingness to admit defeat. He refused to admit defeat! He would never admit defeat!

"Tricks are part of my abilities, aren't they?" Yun Feng raised her brows. Every profession certainly had its advantages and disadvantages. It was impossible for them

to be invincible or omnipotent. There were advantages and disadvantages. This was balance and the fundamental rule of the world!

"Again!" Fury and anger surged out of Li Yun's heart! He immediately swung his hand and was about to start a battle with Yun Feng!

"Swish... Bang!" Dazzling light shot out like a sharp sword and hit Li Yun's chest directly. A huge pressure exploded in the light. Li Yun's body suddenly fell from the sky and lay on the ground fiercely! He was in a sorry state!

Everyone held their breath and focused, not daring to say anything! Because the person who attacked was none other than the Young Master of the Naxi family with a sullen face and extremely gloomy black eyes!

"This is the price of what you said just then," said Qu Lanyi coldly. There were spots of redness in the depths of his black eyes. There were still glimmers in his palm. Li Yun lay on the ground in a sorry state with blood at the corners of his mouth!

"Fengfeng, let's go." Qu Lanyi gently held Yun Feng's hand and led her forward. None of the young people of the Naxi family dared to move. They stood there in a daze. As expected of the Young Master. He beat Li Yun, the leader of the younger generation, into such a sorry state with just one attack! Li Yun didn't even have the power to fight back!

"Ah!" Uncle Lan and Uncle Ah Jing both sighed. Li Yun got up from the ground in a sorry state. There was an uncontrollable pain in his chest and his face was gloomy. Young Master still showed some mercy just then, or else...

"Li Yun, what you said is really..." Uncle Lan shook his head helplessly. "Luckily, Young Master still cares about you, or else..."

"I know," said Li Yun casually. His anger just then had completely dissipated. Uncle Ah Jing walked over and patted his shoulder. "That girl of the Yun family is extraordinarily talented. Five-element summoners don't appear easily. Even though she's not as strong as you right now, it's possible that she will walk far ahead of you one day and leave you in the dust."

Li Yun held his breath! He couldn't compare...

"You've seen how strong that girl is and how Young Master treats her." Uncle Lan and Uncle Ah Jing's tone were very serious and their expressions were stern. The young people of the Naxi family all pursed their lips and remained silent.

"Yu Lian was the one who did something wrong back then. It's only right for her to reflect on her mistakes behind closed doors. If anyone uses this excuse to cause trouble again in the future, don't blame us for being rude."

The expressions of the young people of the Naxi family all changed!

"Alright, you've seen everything today. You're dismissed." Uncle Lan and Uncle Ah Jing turned around and left after saying that, leaving this group of young people behind with dark tides rising in their minds.

"Is Yun Feng really so powerful?" Someone said. The others had different expressions. Even though they were still a bit unconvinced in their minds, these young people also realized Yun Feng's uniqueness. She was a five-element summoner. Such talent wasn't something they could compare to.

"No matter what, don't you understand what Uncle Lan and Uncle Ah Jing mean? That's all we can do about Yu Lian. After all, it's her fault."

"Young Master is so biased towards her. It seems that he won't marry anyone but her. Yu Lian is just unrequited after all."

"There's nothing we can do about that. Even though Yu Lian isn't bad, she's too clingy to Young Master. That's the truth."

The young people of the Naxi family discussed one after another, while Li Yun stood aside with a gloomy face, thinking about something. He turned around and planned to leave.

"Li Yun, where are you going?"

Li Yun stopped and wiped the blood at the corners of his mouth with his hand. He replied without looking back, "Continue cultivating." His body flashed and he instantly disappeared.

"Young Master is indeed Young Master. He beat Li Yun up like that in one go."

"However, we already know Young Master's ability. It's not something we can compare to at all. It's even impossible for Li Yun. He's forcing himself too much... It's natural that he can't beat Young Master..."

"It's probably not Young Master, but Yun Feng... Li Yun has always had the greatest self-esteem."

The young people of the Naxi family looked at each other and then lowered their eyes. Even Li Yun was like this, let alone them! A sense of shame couldn't help but surge in their minds. They had always thought that they were good. At least, they were outstanding in the Naxi family. Wasn't any of them much stronger than other so-called geniuses? However, they couldn't compare to Yun Feng of the Yun family, which allegedly had declined!

"I think we should go cultivate too." The expressions of the dozen young people all eased and their minds became much clearer. Realizing the difference between them and others, they saw themselves more clearly.

Once they returned to the house, Qu Lanyi immediately pulled Yun Feng to his side and started the most detailed inspection. He didn't miss a single place. Yun Feng couldn't help but blush. She knew that he was worried about her. After waiting patiently for Qu Lanyi to examine her, Yun Feng finally said, "I'm fine. I'm absolutely fine." With Sister Hua here, the Falling Gold Pond wasn't a threat to her at all.

After checking, Qu Lanyi was suddenly relieved. Then, he opened his arms and pulled her into his arms, hugging her tightly. "I know you'll be fine, but even if I knew, my heart would be uneasy."
