Chapter 17: Don't Stand in My Way

“That’s great! The other Martial Arts Institutes always did better than us in every past year. This year, we can finally hold our heads high!” The level-6 old man said in excitement and sounded like he was venting his anger.

“It’s your fortune, principal. However, Mei Bing has just reached level 4 not long ago and he still hasn’t consolidated his power. Even though Lin Meng is just at the peak of level 3, he should also have touched the threshold for entering level 4. Both of them should be comparable in strength.”

“Haha, it’s alright! They’re both talented young men. No matter who gets the spot, it’s a blessing for Chunfeng Town! If Lin Meng really gets it, he’ll soon be able to rise from the peak of level 3 to level 4!”

The others looked at the principal inexplicably and nodded, but they were all murmuring in their minds. The principal had been oppressed the last several years and would definitely not let go of the chance to make himself proud and satisfied again.

Chunfeng Town, the Foggy Forest.

Yun Feng sneaked out of the Yun family with an excuse, saying that she needed some air. She met a lot of people along the way and most of them were mercenaries. They all went to the Foggy Forest to hunt Magic Beasts, but usually returned miserably. How would the Magic Beasts be so easy to hunt? The low-level Magic Beasts didn’t have a high value even though they could kill them. Only the Magic Beasts above level 4 could make people interested. No matter if it was the magic core or its fur, they were all popular goods. And yet, Magic Beasts above level 4 were much more powerful than humans of the same level. Even two level-5 warriors couldn’t kill them easily, so there were many people with high hopes but also a lot who were disappointed.

Watching the mercenaries that went into and out of the Foggy Forest constantly, Yun Feng didn’t say anything. Such a little girl would certainly catch attention when appearing in this place. When Yun Feng reached the verge of the Foggy Forest, a man

that seemed to have a strong body came up. His bare arms were extremely muscular. Looking carefully, it was a level-4 warrior.

“Little girl! What are you doing here?”

Yun Feng stopped and lifted her head to look at the man standing in front of her. However, she was a bit too short and could only look up slightly, which made her neck uncomfortable.

“You asked me what I’m doing here? I have no obligation to tell you.” Yun Feng said as she stepped forward and went around the man. The question he asked was ridiculous. Why should she tell him what she was doing here? The Foggy Forest wasn’t his territory. Did she need to report to him when she entered?

When the man heard her, he immediately burst with anger. He had just arrived in Chunfeng Town not long ago. He came with a few level-4 brothers to try to hunt an intermediate-level Magic Beast. If they could really succeed, they would become rich! However, even though they encountered the Magic Beast, he was the only one among the five of them to escape that forest alive. He was already frustrated, but there was nowhere for him to vent his emotions. Among the people who could wander in the Foggy Forest, who would be someone he could provoke? He only had the power of the intermediate level 4 and most people he met were at level 5 or even level 6!

He couldn’t vent his anger and all his brothers had died. He didn’t make any money, and even lost it all. He was too ashamed to go back, so he could only wander around this place. Then, he finally saw a little girl who came from nowhere and was trying to vent his anger. And yet, he had never thought the little girl would act smart with him!

“You little girl, stop right there!” The man pulled out the sword from his waist with a vicious look. He stood in front of Yun Feng again and suddenly swung his sword, sticking it into the ground next to Yun Feng.

“Fuck! How dare you little girl talk back to me!” The man shouted loudly and caught other people’s attention. Since this was already out of Chunfeng Town and people wandering around were mostly bloody and cold, no one stepped up to help when they saw a little girl like Yun Feng stop by the man.

A glint of impatience flashed through Yun Feng’s eyes. She didn’t even lift her head this time. It was impossible to talk to a dog barking madly in human language. Why should she say anything if he wouldn’t understand her? She turned her steps and wanted to go around the man again.

When the man saw that, he felt like his dignity was seriously challenged. He immediately put down the sword and shouted as the muscles on his body bulged in a heartbeat. The fierceness of a level-4 warrior surged out and the onlookers around couldn’t help but take a few steps back.

“You fucking kid, I asked you to stand right there. Are you deaf?” The man yelled as he grabbed Yun Feng’s small body with a thousand catties of strength in his hands. *“This damn kid, how dare she be disrespectful in front of an old man? If I don’t catch you and torture you, I’ll write my name backwards!?”*

The man’s huge hands immediately touched Yun Feng’s shoulders and he also gave a sinister smile. People around all watched this coldly, but the next second, the coldness on their faces froze into ice!

“Bang!”

A thousand-catty boulder was dropped on the ground, stirring up dust. The man, who spoke arrogantly and tried to catch Yun Feng just then, was thrown away casually like a rag and he messily fell on the ground. A deep pit was formed around his body!

Everyone couldn’t help but gasp and they looked at Yun Feng in inexplicable fear. Just then... What did this little girl do? She threw that man. Did they see it right? That was a level-4 warrior! If she could throw a level-4 warrior away like a rag, which level was she at? She should at least have level 5! This little girl who didn’t even look like she was ten, was a level-5 warrior! Was that a joke?

Yun Feng turned around slightly and glanced at the man, who fell on the ground nearby and still couldn’t get up right now, with a hint of coldness in her eyes. She casually patted her clothes with her hands and kept moving forward. People around subconsciously made way for her.

“Remember, don’t stand in my way from now on.”

When Yun Feng completely disappeared

Chapter 18: The Power of a Warrior (1)

“Those people at the Martial Arts Institute are all older than thirty no matter how young they are. Where did this little girl come from?”

“Maybe... Some masters like to go out in this form, so...”

The mercenaries immediately looked at each other and dared not say another word. They only felt a gust of chilly wind and they all shivered slightly. Luckily, they weren’t like that idiot earlier. Many masters, who had reached the Commander Level, could maintain their youth and those at the Monarch Level could even change their appearance however they wanted. The mercenaries didn’t believe that a little girl could

have the power of level 5 or above. Then, there was only one possibility. The little girl was some hidden master who had changed her appearance.

The Commander Level! People like them would be killed if she waved her hand. If she was truly at the more terrifying Monarch Level, one finger was enough to kill them!

Thinking of this, the mercenaries turned pale. If this was really the truth, they could lose their lives anytime when that master was upset... The more they thought, the more frightened they were. The master didn't bother about what happened back then, or how would that idiot simply be thrown? He would have died!

The few of them looked at one another again and they all had a thought in their minds. This wasn't a place they could stay anymore. That master didn't seem to be happy after what happened. Fortunately, she went into the Foggy Forest. If the Magic Beasts in the Foggy Forest pissed her off again, they were far from enough for her to kill!

The mercenaries flashed and returned to their own stations at the fastest speed. They packed their things neatly, then escaped in panic in front of the astonished and stunned eyes of other people.

The movement of the mercenaries immediately attracted the attention of people wandering around the border of the Foggy Forest, especially those who saw what Yun Feng did. They all felt something was wrong after seeing those mercenaries leave and they became more anxious as they thought about it. In the end, they all followed the first few mercenaries one after another and left that place!

It wasn't a big deal if only a few mercenaries left, but it would be something when more and more mercenaries ran away with an anxious look! Eventually, a panic started to rise along the border area of the Foggy Forest. As the number of mercenaries leaving increased, the panic grew worse. In a blink, the crowded Foggy Forest became empty and nobody dared to stay there for long, apart from a few brave ones who were still there, hoping that they could become rich by catching a Magic Beast.

Chunfeng Town became famous because of the Foggy Forest and many people came to this place. However, in the last few days, people who went out of the town brought back terrifying news. More than half of the mercenaries wandering around the Foggy Forest were gone!

This news was undoubtedly quite a huge blow to Chunfeng Town. Due to the influx of a large number of outsiders, Chunfeng Town made a lot of extra money with their excellent geographical location. Now that most of them left, their income would drop a lot. People were also making guesses and wondering, but those who went out to ask for more information didn't get anything at all!

Sometimes, knowing something made people feel relieved, even though it wasn't everything. And yet, what was the most terrifying was that something was obviously

happening and yet you had no idea about it, so you could only be doubtful, be ignorant and finally be fearful.

Thunderclouds gradually covered the sky above Chunfeng Town following the strange evacuation of the mercenaries. At first, people only complained about the decrease in income, but then, they started to think that something terrifying seemed to have happened in the Foggy Forest. The Foggy Forest was connected to the Beast Ridge. Even though it was on the outermost of the Beast Ridge and the Magic Beasts appeared there were some harmless ones, nobody could guarantee a vicious Magic Beast wouldn't show up someday.

If it really appeared, Chunfeng Town would be in danger of being slaughtered.

A few families in Chunfeng Town also got this plausible news, including the Yun family. Although they weren't as superior as they used to be, they had a certain amount of savings. Yun Jing wasn't worried like the other families did. Only Yun Feng was staying with him right now. His daughter might go out every day, but she always returned safely. Yun Jing only told Yun Feng to be careful and didn't tell her about the strange things happening in Chunfeng Town, so Yun Feng knew nothing. Due to the chain reaction she accidentally caused after what she did, the teachers at the Martial Arts Institute also took actions in the end, but that was another story.

The first day Yun Feng entered the Foggy Forest, she was a bit surprised by the powerful energy in her body. Several rabbits that seemed harmless ran past Yun Feng from time to time as she walked in the Foggy Forest. Yun Feng sensed those rabbits with her mental strength slightly. They were just level-1 Water Rabbits.”

“Kid, that man back there is a level-4 warrior, but you threw him away just like that. If my guess is correct, the power of this body has already reached the standard of a level-5 warrior.” What the ancestor said undoubtedly made Yun Feng astonished. A level-5 warrior! She was only nine this year and the power of her body had reached the standard of a level-5 warrior? Looking at her small hands, Yun Feng couldn't believe it after all. She looked up and saw a huge tree in front of her, a giant tree that only four people together could hold. Yun Feng pondered for a second, then gathered the energy in her body to her palms and hit the giant tree hard!

“Bang!” A muffled sound came out of the trunk of the tree. Then, Yun Feng seemed to see a black shadow flash in front of her eyes and ran to the side agilely.

“Crack! Whoosh! Bang!”

The sturdy giant tree fell on the ground heavily, creating a thunderous sound as if the ground shook a bit. Yun Feng looked at the trunk lying next to her with her eyes popping out. She only hit the tree once and it fell!

“Squeak, squeak!” The sound of a group of mice came from the bottom of the tree. Yun Feng didn’t know how to react when she looked over. The inside of the tree was hollowed out by the gophers and used as a nest, but what Yun Feng’s did just now destroyed their home. The gophers might be a bit dumbfounded and they looked at Yun Feng in confusion. Yun Feng smiled with embarrassment.

“Kid, looks like that mysterious energy transformed your body into a very powerful one.”
