Chapter 1721: Deeper (3)

"Damn it!" The members of the Sea Clan, who had never given up exploring the deep pool, couldn't help but feel frustrated. They were about to turn the deep pool upside down. Those two humans seemed to have evaporated and disappeared!

"How can they disappear into thin air?"

After searching for half a month, dozens of members of the Sea Clan searched every corner of the deep pool two or three times, but they still didn't find any clues!

There were no spatial cracks, no traces of a Spatial Teleportation Array, and they didn't feel any fluctuation of the power of space! This meant that the two humans were still in the deep pool, but they couldn't find them no matter how hard they searched! The Sea Clan was anxious and angry, but they still found nothing in the end!

Compared to the anxiety outside, the inside of the Dragon Palace was peaceful and quiet. No matter how these members of the Sea Clan searched, they couldn't find anything. Who would have thought that Yun Feng and Qu Lanyi would hide in a drop of water in the pool?

Another half a month passed. Yun Feng finally made progress in refining the Dragon Palace. Yun Feng's eyelashes trembled slightly. The faint sound of a door opening came from inside the Dragon Palace. Qu Lanyi, who had been closing his eyes, opened his eyes. The light and dark elements around him dissipated and he looked at Yun Feng with a smile in his black eyes. It seemed that Fengfeng had made progress.

Yun Feng opened her clear black eyes and a glint of darkness flashed through. The corners of Yun Feng's mouth curled up and a smile appeared.

"You did it?" Qu Lanyi whispered with a smile. Yun Feng nodded. "The sixth level has already been opened. Let's go take a look."

Thinking about it, Yun Feng and Qu Lanyi were already on the sixth level of the Dragon Palace in the blink of an eye. The sixth level was different from the other five levels. In front of them was a thick door that was tightly closed. Yun Feng was puzzled. The other five levels were all open. Was there a door on the sixth level and above?

Yun Feng covered it with her hand and the door trembled! An obvious resistance came. Yun Feng frowned slightly with her black eyes. After refining the sixth level, this door should be opened! Her mental strength slowly seeped into the door through her hand. A

faint halo appeared on the door and the light faded, enveloping Yun Feng's hand. A warm and powerful force came from the door and seeped into Yun Feng's palm!

Yun Feng exerted strength in her hand!

"Whoosh!" The closed door opened and a faint halo spread out, accompanied by a slightly cold aura that pounced on her!

The huge door slowly opened in front of Yun Feng!

"Let's go." Yun Feng whispered and stepped through the door first. When she saw the scene inside the door, her heart trembled fiercely!

The sixth level was still an extremely vast space, but this space didn't seem empty, because there were seven rather huge empty slots in this space! The seven empty slots were arranged in an orderly manner. Every empty slot was clearly divided. Seven huge circular divisions of different colors were in this space!

Did the seven different colors correspond to the seven elements? Yun Feng guessed in her mind. She walked closer and observed. There was nothing in the huge circle. It was just a simple circle. Each circle was outlined by a different color. She wasn't sure what it represented exactly.

"This ring..." Qu Lanyi mumbled. Yun Feng's black eyes darkened slightly. "Was there something in this ring at the beginning?"

Qu Lanyi examined it carefully. "That's very likely. Otherwise, there'll be no explanation to the rings..."

What exactly was placed in these rings in the past? Yun Feng frowned. The Dragon Palace used to be a side hall of the Beast Tower. It should be related to Magic Beasts. Perhaps there were Magic Beasts in these seven rings in the past!

Yun Feng tentatively stepped into the ring. As soon as she stepped in, an invisible force suddenly came out of the ring and pushed Yun Feng's body away!

"It seems that humans are forbidden from entering." Qu Lanyi raised his brows. Yun Feng frowned slightly. To be honest, she didn't dare to take the risk with her contracted Magic Beasts. The Dragon Palace was a place where Magic Beasts were imprisoned. This ring might be where Magic Beasts were imprisoned.

If anything happened to her contracted Magic Beasts when they entered, Yun Feng didn't want such a thing to happen.

"It's a good idea to go out and catch one." Qu Lanyi chuckled. "There are so many creatures outside. We can catch a lot of them."

Yun Feng chuckled. That was indeed a good idea. The two of them returned to the second level. Yun Feng controlled the water drop formed by the Dragon Palace to move around and investigate the surroundings. A month had passed, but these Sea Clan members still didn't give up. The density of patrols didn't decrease at all.

"It seems that they won't give up until they catch us," whispered Qu Lanyi. Yun Feng smiled with her black eyes. Now, she had to catch one first.

"Swish!" Light flashed and Yun Feng had already left the Dragon Palace. When she appeared again, she was already in the deep pool! As soon as Yun Feng appeared, these vigilant members of the Sea Clan immediately noticed her! "It's that human!" A hoarse voice echoed in the water. Yun Feng's body flashed and she arrived near a dense seaweed, waiting for fish to take the bait!

"Swish, swish, swish...!" As expected, after a while, there were already no less than three figures running over crazily. Yun Feng smiled gently and flipped her hand. Ice blue water elements immediately appeared and directly condensed into the shape of chains. Yun Feng held one end tightly and waited for the three figures to approach.

"Human!" The Sea Clan member, which arrived first, roared furiously. Before it could confirm Yun Feng's exact location, it only felt a gust of cold air coming from behind, which made it shiver! The next second, something cold had already wrapped around its body!

"This..." The Sea Clan member wanted to roar, but the Water Chains sealed his mouth firmly the next second. Yun Feng exerted her strength and the chains dragged the Sea Clan member directly into the dense water grass. Yun Feng extended her hand and partially transformed it into a claw!

"Ugh!" His throat was grabbed fiercely by the giant claw of a Magic Beast! The Sea Clan member's face was full of shock! The Water Chains slowly moved down. Yun Feng's transformed giant claw grabbed the Sea Clan member's throat, making him unable to make a sound. The Water Chains wrapped around his body even tighter and his limbs were completely restrained!

There was a cold smile in those beast-like eyes. The eyes of the Sea Clan member widened to the maximum. A beam of light rose and the two of them instantly disappeared from the spot!

"Where's that human?" After searching for a long time and finding nothing, the members of the Sea Clan couldn't help but feel frustrated again!

"Where's our companion? Why is our companion gone?" At this moment, they found that the one that arrived first had already disappeared quietly.

Chapter 1722: Deeper (4)

Yun Feng returned to the Dragon Palace with the captured member of the Sea Clan. The captured member of the Sea Clan wanted to struggle, but he was trapped by the chains and couldn't break free at all! Coupled with the fact that Yun Feng had been holding his throat, he was like a chick at this moment and couldn't resist at all.

"So soon?" Qu Lanyi was surprised. She had been out for less than ten minutes?

Yun Feng chuckled. "There are too many of them. I don't have to spend too much effort. Let's go."

Qu Lanyi nodded. The Sea Clan member, who had been grabbed and couldn't say anything, could only widen his eyes. What was wrong with this human? What was this place? What did they mean? Where were they going?

On the sixth level of the Dragon Palace, Yun Feng walked to the seven huge rings with the member of the Sea Clan she caught. The eyes of the member of the Sea Clan almost popped out of their sockets, as if they could predict what would happen next! Yun Feng pondered for a moment. That guy of the Sea Clan had transformed into a continent creature. It was already difficult to judge the element he had.

Yun Feng was deep in thought when one of the rings suddenly emitted a glimmer! Yun Feng's black eyes brightened. It seemed that she didn't need to identify him. These rings could voluntarily detect him!

She loosened her hand and threw the Water Chains fiercely! The captured member of the Sea Clan was thrown to one of the rings with a strong force. The hoarse roar of the Sea Clan came. Its body in the air twisted and was about to escape. In an instant, a huge claw reached out of the halo and grabbed it firmly!

"Argh...!" The roar of the Sea Clan member resounded in the Dragon Palace! The giant claw that was extended out exerted a lot of strength and the body of the Sea Clan member immediately shattered! A strong smell of blood came and the giant claw disappeared! A beam of elemental light rose! The pieces of flesh and blood that scattered in all directions instantly evaporated! What was left was only the glowing Beast Soul! Then, it was also swallowed!

"This is..." Yun Feng and Qu Lanyi were both dumbfounded! What was that giant claw? The giant claw didn't have a physical body, but was formed by the power of elements. The bloody scene just then made Yun Feng's heart tremble! Those seven rings were used to devour Beast Souls!

"There's indeed something inside this ring," whispered Qu Lanyi casually. Yun Feng's expression turned cold. Indeed, there were countless Beast Souls inside this ring!

"It's indeed a place where felons are imprisoned." Qu Lanyi raised the corners of his mouth. "Even you and I couldn't resist the power of elements just then." Very few Magic Beasts that were put in there could escape. The Magic Beasts that entered the ring would only be swallowed. However... where did the Beast Souls that were swallowed go?

Yun Feng remained silent. The Beast Souls just then had indeed disappeared. To be exact, they should be stored. Where did the Beast Souls that were swallowed go... Yun Feng raised her head. There were still three levels. She would have an answer!

"The sixth level is more or less useful. We're going to the Endless Ocean next. If we encounter a powerful Magic Beast, we can just pull it into the Dragon Palace. If we can't deal with it, let the rings deal with it."

Yun Feng smiled helplessly. That was a good idea. It was good to lure the enemy deeper. The Magic Beasts that stepped into this ring would die and their Beast Souls wouldn't be able to escape. It was a good weapon. Besides, collecting Beast Souls was quite beneficial for her. The Red-Eyed in her body was drooling over Beast Souls. She could take this opportunity to improve her ability.

Yun Feng's occasional appearance alarmed a large number of members of the Sea Clan. However, they couldn't find Yun Feng's hiding place after searching for a long time. On the contrary, there were always people of the Sea Clan who disappeared for no reason. One, two, as time passed, they had already lost more than a dozen members of the Sea Clan!

The members of the Sea Clan in the deep pool were inexplicably panicked. Who exactly was it?

A light blue water drop in the deep pool moved slowly. Yun Feng searched patiently for more than a month. She was very sure that the entrance was nearby, because she and Qu Lanyi both felt subtle spatial fluctuations, but the spatial fluctuations were suppressed. The entrance was sealed! That was the conclusion. Then, Yun Feng's hunt began.

There were originally nearly a hundred members of the Sea Clan patrolling in the deep pool, but only half of them were left right now! The other half had already disappeared without anyone noticing!

Such a situation finally alarmed the core members of the Sea Clan and they came to the bottom of the deep pool!

"We lost more than half of them?" A fierce voice sounded outside the Dragon Palace. Yun Feng and Qu Lanyi immediately knew that the person they were going to lure out had appeared.

"Y-Yes..." The stuttered reply was followed by a moment of silence. "You still haven't found those two humans?"

"Yes, we've already increased the search parties, but... we still can't find her."

"Increase your strength! Those two humans dared to hunt my race. Don't even think about stepping out of here! Block them here!" A fierce voice came again. Qu Lanyi sneered. "This king obviously doesn't intend to yield. What should we do, Fengfeng?"

Yun Feng curled her lips. "If you want to block us, we'll just annihilate the entire Sea Clan in the deep pool first!" She would catch as many as she could!

The hunting on both sides continued. The Sea Clan continued to send more people into the deep pool, vowing to find Yun Feng and Qu Lanyi. Yun Feng controlled the Dragon Palace and swam anywhere in the deep pool, hunting down the lone members of the Sea Clan or small groups. Yun Feng's prey also increased one after another. At first, she attacked them one by one, but now, there were two or three of them, sometimes four, in one hunt!

No matter how much population there were, they couldn't withstand such an inexplicable disappearance! Soon, more than half of the Sea Clan in the deep pool inexplicably disappeared! Such a situation made these Sea Clan members angry and panicked in their minds! Were they hunting humans right now, or were those two humans hunting them?

Such a speed of disappearance made the king furious again. He finally realized that Yun Feng and Qu Lanyi couldn't be found just by sending more people. After searching for so long, they still didn't have any clues. On the contrary, their clan was injured on a large scale, which made the king's heart heavy. It seemed that those two humans weren't simple people.

The king went deeper into the deep pool again and took a deep breath. The king spoke. Even though his voice wasn't loud, it spread to every corner of the deep pool!

"Human, what exactly do you want? We mind our own business. You invaded this place!"

In the Dragon Palace, Yun Feng and Qu Lanyi's hearts sank. The strength of this king was above theirs! Yun Feng was silent for a moment and said loudly. Her voice came from the Dragon Palace and echoed in the deep pool. "We don't mean any harm. We're just here to find the entrance to the Endless Ocean."

Chapter 1723: Deeper (5)

The king's pupils shrank fiercely! He immediately unleashed all his strength and started searching instantly! The aura of the Magic Beast brushed past the water drop formed by the Dragon Palace again and again. Yun Feng sneered. "Your Majesty, don't waste your time. If we don't come out, you won't be able to find us."

The king looked around firmly with his beast eyes. He had already searched every area here in an instant just then! However, he still didn't find anything! Where exactly did those two humans hide?

"That entrance has already been sealed. If you want to enter the Endless Ocean, you can find another way!"

"We're going to the area where the entrance is connected. Please make an exception."

"That's impossible!" The king roared!

"If that's the case, there's no need to talk." Yun Feng's cold voice sounded, followed by a moment of silence. The king's body tightened and he suddenly roared! "Turn this place upside down! I swear to find those two humans and kill them!"

A new round of searching began. This hunt continued to be in a stalemate. The number of members of the Sea Clan kept decreasing and more and more frustration piled up in the king's heart. This deep pool had been searched many times and there was no human aura at all! And the number of members of the Sea Clan had already lost more than a hundred!

The leader of the Sea Clan's temples throbbed. If this continued, his clan would be emptied sooner or later! There was nothing he could do about these two humans at all! If he evacuated everyone from here, that entrance would be found sooner or later. With the abilities of those two humans, it was only a matter of time before they broke through!

This was a contest of endurance and also a gamble!

In the end, the king was defeated! He couldn't let his clan be emptied!

"I can open the entrance!" The king's voice echoed in the deep pool again with suppressed anger. Sensing that there was no reply, the king gritted his teeth and waved his hand! He pulled at the air fiercely! A certain space in the deep pool was suddenly torn open and the familiar light suddenly spread out! The entrance was opened!

"The entrance has already been opened!" The king's suppressed voice came again. There was a storm in his beast eyes. When Yun Feng came out, it would explode!

"Are we going out?" Qu Lanyi frowned. The king was stronger than the two of them. In the current situation, the king wouldn't let them go at all. He would definitely take this opportunity to attack.

Yun Feng frowned. "Let's see if the Dragon Palace can pass first." She controlled the Dragon Palace to go towards the light. A magnificent spatial power came. The moment it touched the Dragon Palace, it suddenly sent the Dragon Palace flying! Yun Feng's face darkened! The dimension containers were allowed to get in!

"We don't have any other choice." Yun Feng looked at Qu Lanyi. Qu Lanyi stood up and nodded. With a thought, Yun Feng wrapped their bodies in light and left the Dragon Palace!

The moment they came out, the two of them flew towards the entrance! The Sea Clan's King had been waiting for this moment!

Powerful anger burst out of his beast eyes. His body flashed fiercely and he came towards Yun Feng and Qu Lanyi!

Yun Feng and Qu Lanyi's hearts sank. Wind elements surged out of Yun Feng's body and enveloped them, making them even faster! As long as they reached the entrance, they should be able to escape with the power of space!

However, the speed of the King of the Sea Clan was far beyond their imagination!

After a while, he was already close to them!

Mental strength came out of their hands and the power of the two God Kings fused! The leader of the Sea Clan sneered and clenched his beast hand in the air. Yun Feng and Qu Lanyi's mental strength was instantly crushed! Qu Lanyi's black eyes widened!

"He's at the God Lord Level!"

The God Lord Level! Yun Feng's heart sank. They didn't have the power to fight back at all against someone at the God Lord Level! What they could do right now was to step into the entrance!

"Die!" The king roared and pounced at the air with his beast hand! The powerful aura of the Magic Beast spread out like a sharp sword and was about to penetrate Yun Feng and Qu Lanyi's bodies in an instant! Both of their hearts sank! Qu Lanyi touched his white jade pendant with his finger and his black eyes were already red! The God Lord Level... Let's try!

"Buzz!" The space suddenly shook violently and a figure appeared out of thin air!

"Back off." A cold voice sounded. Yun Feng couldn't help but feel stunned when she saw the figure that suddenly appeared. It was the lightning-element Fantastical Beast, Ah Luo!

"W-What?" The pupils of the beast king of the Sea Clan shrank fiercely! His body completely froze on the spot and his Magic Beast aura also shrank back forcefully!

"M-Master..." The aura of the King of the Sea Clan had just slowly disappeared at this moment. He like a deflated ball. He, who was at the God Lord Level, was still too weak in front of a Fantastical Beast!

Qu Lanyi and Yun Feng also stopped. The atmosphere of anxiety just then completely changed after what Ah Luo said!

"This... This..." The King of the Sea Clan looked surprised and had indescribable doubts in his mind. How could a Fantastical Beast travel with a human?

Ah Luo's dark purple eyes were as cold as ice. He stood there expressionlessly and didn't say anything, but his aura was enough to suppress everything! The leader of the Sea Clan stood there in fear and didn't know what to say. Ah Luo slowly turned around and glanced at Yun Feng.

"Go in."

Yun Feng nodded. The leader of the Sea Clan wanted to say something, but he didn't dare to say anything in front of Ah Luo. The Fantastical Beast had already spoken. How was he qualified to say no?

"What about you?" Yun Feng walked to the entrance and asked. Ah Luo didn't even look back and said softly, "After you."

Qu Lanyi and Yun Feng jumped into the entrance. The power of space instantly pulled the two of them in. The King of the Sea Clan couldn't help but narrow his eyes again! "My lord! How can we let those two humans go..."

Purple light suddenly flashed through Ah Luo's dark purple eyes. The leader of the Sea Clan fell silent again. "If you reveal anything, you know the consequences."

The body of the Sea King trembled fiercely. Ah Luo turned around and stepped into the entrance, disappearing instantly. The expression of the Sea King completely twisted. "What exactly happened? Those two humans let... the Fantastical Beast travel with them! Who exactly are they?" Thinking of Ah Luo's expression and words, the Sea King trembled again and glanced at the entrance gloomily. Then, he turned around. Since the Fantastical Beast had spoken, he was no longer qualified to interfere at all.

The power of space disappeared. Yun Feng opened her eyes again and came to the place she arrived at back then. What she saw was still that huge skeleton. It hadn't changed at all since she left last time.

Chapter 1724: Deeper (6)

"Buzz..." The space shook again and Ah Luo appeared. Yun Feng was about to say something when Ah Luo said coldly, "No need." Then, his body flashed and disappeared again. Yun Feng raised the corners of her mouth. She didn't expect the lightning-element Fantastical Beast to help her. Perhaps this time was an exception. It was too early to think that Ah Luo was an ally.

No matter what, the Fantastical Beast's help could be considered to have resolved the future trouble.

"This is it?" Qu Lanyi looked at the huge skeleton in front of him. "Did you absorb its aura of the Sea Clan?"

Yun Feng nodded. Meatball was the one who helped her absorb the aura of the Sea Clan into her body back then. Thinking of Meatball, Yun Feng finally remembered that it hadn't shown up for a long time. In the past, it liked to stand on her shoulder and keep an eye for her. However, recently, it seemed to prefer to stay in the dimension container and didn't want to show up again.

Yun Feng's consciousness instantly reached into the dimension container and she only saw Meatball's fluffy body shrinking there. Sensing Yun Feng's aura, it raised its head and blinked its big eyes a few times. Yun Feng was stunned! She immediately lifted Meatball's little body out.

"It..." Qu Lanyi was stunned the moment he saw Meatball! Yun Feng picked Meatball up and lifted its little body in front of her eyes. She sized it up from head to toe with her black eyes. Meatball looked at Yun Feng innocently. Yun Feng mumbled, "When exactly did this happen..."

Meatball swept its fluffy tail in the air a few times. "Nana, nana, nana." It replied. Even though Yun Feng didn't understand, its appearance had indeed changed. There was already a red mark in the middle of its forehead. Following this red mark, a faint red color spread to its body. It, which originally looked like a snowball from afar, seemed to be wrapped in a layer of red thread at this moment! Especially that tail, there was already a circle of redness!

"Nana!" Meatball suddenly turned around and jumped out of Yun Feng's hand, showing its sharp teeth in the air! That was where the lightning Fantastical Beast, Ah Luo, was!

"Buzz...!" Ah Luo appeared again. A trace of surprise flashed through her dark purple eyes when she saw Meatball. Then, she became expressionless again. Yun Feng quickly grabbed Meatball in her hand. Ah Luo was silent for a moment and then said, "It's truly surprising to see you in such a state, Lord Na Xie."

What Ah Luo said gave Yun Feng a clear understanding. The Fantastical Beasts weren't unfamiliar with the name Na Xie. The lightning-element Fantastical Beast was calling Meatball Lord Na Xie right now. Perhaps Na Xie's identity was above that of the Fantastical Beast! Yun Feng looked at the chubby little thing in her hand suspiciously. Even though she knew that Na Xie wasn't simple, was it an existence that surpassed the Fantastical Beasts?

Ah Luo was still expressionless as he looked at Meatball with his dark purple black eyes. Meatball's body moved slightly. Yun Feng subconsciously loosened her hand and Meatball jumped up, floating in the sky as it slowly narrowed its big eyes.

"Master said that she's very special mostly because of Lord Na Xie. Since she's the person you chose, I can't help but look forward to her."

Meatball's fluffy tail swayed gently a few times behind its butt. Ah Luo chuckled. This was a rare smile. "Compared to your original form, your current form is indeed unexpected."

"You've seen Na Xie's original body?" Yun Feng couldn't help but ask. Ah Luo frowned slightly. "You've never seen that?"

Yun Feng was stunned. She had touched it with her own hands, but it was just a small area. Na Xie's original body appeared in a pool of light every time and she couldn't see it clearly at all. Besides, every time Na Xie appeared, it would accumulate a lot of energy and its original voice would be very restricted.

"Nana!" Meatball's dissatisfied voice sounded. Ah Luo was stunned for a moment, then nodded. "If Lord Na Xie has spoken, I won't ask again."

Yun Feng and Qu Lanyi both raised their brows suspiciously. What exactly did they say? Yun Feng hoped that Little Fire would be here right now. He was the only one who could understand what Meatball was saying. Ah Luo didn't say anything else. The space around him shook slightly and he had already disappeared from the spot again.

Meatball, on the other hand, jumped onto Yun Feng's shoulder. The red color mixed in its white fur looked extremely eye-catching. Qu Lanyi couldn't help but think of the red patterns on his body and frown even more tightly. Was it too much of a coincidence?

"What did you say?" Yun Feng was puzzled, while Meatball rubbed its face against hers, obviously looking like it didn't want to talk about it. Yun Feng raised her brows. Fine, she wouldn't understand even if it said anything. However, she could basically

confirm Meatball's identity as Na Xie. The Fantastical Beasts weren't unfamiliar with it and were even very respectful. Na Xie was very likely an existence that surpassed Fantastical Beasts!

"Fengfeng, other than Little Fire, only Fantastical Beasts can understand what it's saying," said Qu Lanyi. Yun Feng was stunned!

Indeed, only the Fantastical Beast and Little Fire could understand what Meatball said! No matter who the other Magic Beasts were, they couldn't understand what Meatball said at all! The two of them looked at each other. Yun Feng suddenly remembered that when she met Little Fire back then, Meatball appeared. Perhaps the two of them weren't related, but... why was Little Fire the only one who could understand it? As a mutated Magic Beast, even though Little Fire had a different Magic Beast physique, Yun Feng had met other mutated Magic Beasts before and they still couldn't understand what Meatball said!

"Why... can Little Fire understand?" Yun Feng mumbled. Meatball raised its chubby little face and looked at Yun Feng. It swept her cheek with its long tail a few times. Yun Feng came back to herself and touched the soft fur on its body, looking at the red color that suddenly appeared. Was this the change... Did this mean that Meatball's strength was gradually recovering?

"Maybe it's the only one who understands." Qu Lanyi looked at Meatball deeply and looked around. He said in a relaxed tone, "There's no rush to think about this. We should think about where the water Element Seed is. That map only indicated the location. We still have to explore the details."

"Yes." Yun Feng nodded. She looked at the huge skeleton in front of her and pondered for a while. Meatball on her shoulder looked around and jumped off Yun Feng's shoulder, running happily.

Yun Feng smiled helplessly. It wasn't like it had never been here. Why was it so excited? After calming down all her emotions, Yun Feng really couldn't think of where the water Element Seed was for now. This place was neither big nor small. There were no clues at all right now. Should she search blindly?

Chapter 1725: The Water Element Seed Appears (1)

Yun Feng couldn't help but take out the blue map. This was the place marked on it, but the skeleton in front of her wasn't there. There weren't any obvious marks on the map. Yun Feng frowned. She didn't have any clues. The only clue was the remains of the unknown Sea Clan member in front of her.

"Nana!" Meatball's joyful cry came. Yun Feng and Qu Lanyi looked at each other and immediately ran over. After arriving, they were both a bit dumbfounded. Meatball opened its mouth and bit a part of the skeleton, pulling it out desperately. Its chubby body flapped and its little claws waved quickly in the air. Seeing Yun Feng rush over, a glint of light suddenly flashed through its big black eyes!

"Nana, Fengfeng!" Meatball shouted happily. Yun Feng rushed over and was very sure that it was asking her to... move this skeleton away?

"Should we move this skeleton away?" Qu Lanyi frowned and whispered. Meatball nodded and stared at Yun Feng with its big eyes, looking expectant. Yun Feng smiled wryly. Move it away? This skeleton had been here for at least a thousand years! Besides, half of its body was deep in the ground. This skeleton was so huge. Could she actually move it away?

Even with Lanyi and the help of a few contracted Magic Beasts, they might not be able to move it. Yun Feng couldn't help but feel a headache.

Seeing that Yun Feng didn't say anything, Meatball pulled out fiercely with its little body and the bones made creaking sounds in its mouth. Seeing how anxious Meatball was, Qu Lanyi said, "I'll help you. Try it."

Yun Feng could only take the lead. The two of them each grabbed one of the protruding bones and stuck their fingers where they could. They exerted strength at the same time! They clenched their fists and pulled fiercely!

"Buzz...!" She exerted too much strength and there was a buzzing sound in her brain. Yun Feng only felt that her hands were numb and painful. The skeleton in front of her hadn't even moved! Judging from the attempt just then, Yun Feng was certain that part of this skeleton had already been connected to the ground and couldn't be separated from it!

"Let me try, Little Yun Feng." Sister Hua's voice sounded in Yun Feng's mind. She could only let Sister Hua do it in the current situation.

After appearing in the Ring of Contract, Sister Hua glanced at Meatball first. Meatball bared its sharp teeth without hesitation. Sister Hua suddenly took a few steps back. "I'm scared of you..." Meatball finally retracted its teeth and sat on Yun Feng's shoulder quietly.

"I'll explore below first," whispered Sister Hua. Then, she closed her eyes and golden elements were spreading from under Sister Hua's feet. They seeped into the ground like tiny patterns, more like the roots of a plant. They kept exploring and going down!

Sister Hua frowned slightly, as if she had encountered some obstacle. She then opened her eyes and retracted all the golden elemental threads into her body.

"How is it?" asked Yun Feng. Sister Hua said in a low voice, "This skeleton is already connected to the ground. We can't push it away at all."

Meatball was obviously a bit disappointed after hearing that. Sister Hua continued, "However... the bottom of this skeleton is empty! And something seems to be blocking it. My earth element can't penetrate it at all!" Sister Hua's face darkened. "This is the first time I've encountered such a situation."

"Since there's a vacuum below the skeleton and there's something blocking it, the water element seed is very likely below," said Qu Lanyi. Yun Feng glanced at the huge skeleton with her black eyes. Even if she knew that there was something inside, she had to be able to enter. Where was the entrance?

"It's impossible to sneak in. That blockage is very rigorous. Unless we find the real entrance, we can't enter." After Sister Hua said that, she returned to the Ring of Contract. Yun Feng fell into a short silence. Entrance, entrance...

"Try using your aura of the Sea Clan?" Qu Lanyi said softly. "Since the power of elements is isolated, the only thing that can be used is your aura of the Sea Clan. The aura comes from the skeleton. It shouldn't mind." Qu Lanyi looked at the skeleton. "I'm very curious. What does this old guy's original body look like? The skeleton is already so big, let alone his original body."

Yun Feng pondered. It was a good idea to use the aura of the Sea Clan. The aura came from here, so it certainly shouldn't be unfamiliar with this place! Thinking of this, Yun Feng took a deep breath and closed her black eyes tightly. The aura in her body circulated again and the aura of the Sea Clan appeared!

"Whoosh!" The aura flowed in Yun Feng's body. The aura of the Sea Clan slowly covered her like a tide, suppressing Yun Feng's original human aura. Then, it slowly seeped into the ground! The aura kept spreading and going deeper, but Yun Feng didn't know that her extremely inconspicuous behavior completely alarmed someone.

"Your Majesty! Someone invaded that place again!"

"What?" Suddenly, a furious shout rose to the sky! A figure came with a strong wind from somewhere. He stared at the jade pendant that was constantly flashing with his beast eyes and his beast eyes shrank fiercely! "How bold. You dare to come back after stealing something!"

"Swish—!" The figure that was still observing the jade pendant just then suddenly disappeared. With fanatical anger, the figure had already rushed out!

Yun Feng closed her black eyes tightly and her aura kept probing down. As Sister Hua said, there was nothing underneath the ground of the skeleton. Something was blocking it. Yun Feng tried to continue permeating the aura, but she felt an obvious resistance.

Can't I pass... Yun Feng slowly retracted her aura. She didn't believe it and forcibly penetrated it again. The resistance suddenly increased, shaking off Yun Feng's aura fiercely!

Opening her black eyes, Yun Feng couldn't help but breathe a bit faster and there were even slight beads of sweat. "What's wrong?" Qu Lanyi quickly asked. Yun Feng smiled helplessly. "The thing blocking me is more stubborn than I thought. I tried to enter by force just then, but I was completely thrown aside."

"It's so tricky?" Qu Lanyi was slightly stunned. He frowned. Even the aura of the Sea Clan in Fengfeng's body couldn't penetrate it. How could they find the so-called entrance? Did they really have to think of another way to move the skeleton away completely?

"Nana!" Meatball suddenly shouted and looked at a certain place in the space nervously. Qu Lanyi and Yun Feng became anxious. Their mental strength instantly surged out of their bodies and they detected the movement that was gradually approaching!

"It seems that someone was alerted," whispered Qu Lanyi. "It seems that they didn't come with good intentions."

Chapter 1726: The Water Element Seed Appears (2)

Yun Feng frowned. While the two of them were talking, the abnormality was already getting closer and closer at an extremely high speed! The dragon-shaped jade pendant appeared and immediately sucked the two of them in. Then, it turned into a water drop and merged with the seawater. After a while, a figure had already arrived!

"He's so fast. His strength can be seen as extraordinary." In the Dragon Palace, Yun Feng and Qu Lanyi observed the outside carefully. The aura that rushed over was very strong and his strength was extremely powerful! Above the two of them!

The corners of Yun Feng's mouth curled up slightly. Every time she reached a new level, there would always be opponents stronger than her. The opponents she met at the God King Level had already reached the God Lord Level! That's right. There was no need to think about this aura. It should be a God Lord powerhouse!

After the aura arrived, it didn't make any sound. Instead, it searched the surrounding area at an extremely high speed. Yun Feng couldn't help but exclaim. The person who came was so careful and meticulous. If it weren't for the Dragon Palace, they would probably have been found.

Nothing?! The figure that was rushing here stood there in surprise. He observed the surrounding area carefully with his fierce beast eyes again and didn't find anything. That was impossible. He had already detected that aura. Had they already discovered him? Had they hidden themselves in advance?

The beast eyes looked around again and they emitted a strange light. A gust of wind sounded and the figure who rushed here disappeared again.

Yun Feng waited patiently. Even though the aura outside had disappeared, it didn't mean that everything was safe. Time passed minute by minute. About two hours later, the aura that disappeared just then appeared again!

"What an old fox," whispered Qu Lanyi. Yun Feng chuckled. "You must be patient when you compete with an old fox."

His ferocious beast eyes glittered as he looked around again. He didn't leave just then and only hid his body temporarily. However, that aura still didn't appear. He even waited patiently for a while. Had they really left this place?

He was a bit unwilling in his mind, but he didn't find anything. He could only frown and leave with the wind under his feet. Since that aura appeared, he must catch this thief who stole things!

The aura left again. Qu Lanyi raised his brows. The same move didn't work anymore. The two of them waited patiently. Yun Feng controlled the Dragon Palace to move a few times. After confirming that the aura had really left, she couldn't help but heave a sigh of relief.

"Why exactly did we alarm this person?" Qu Lanyi was puzzled. Yun Feng pondered for a moment. "Maybe it's because of the aura of the Sea Clan in my body. He didn't react at all after we came here. It wasn't until I changed my aura that we alerted him."

"Is someone guarding this place?" Thinking of this, Qu Lanyi's heart couldn't help but sink. If there was really someone guarding this place, did they know about the water element seed?

Yun Feng removed all the aura of the Sea Clan in her body. "We've already alarmed him. We have to speed up."

Qu Lanyi nodded. If the guards here were alerted, they would definitely do something. They had to find the entrance and go deeper before this person did anything. After coming out of the Dragon Palace, Yun Feng and Qu Lanyi started a new round of exploration. The entrance must be somewhere here.

Meatball, on the other hand, was more interested in the skeleton in front of it. It found the stone that Yun Feng was forced to swallow last time again, and it swallowed it all

happily. Yun Feng knew that there was dense energy inside. Meatball was just absorbing it. It was fine.

After finding nothing, Yun Feng couldn't help but feel a bit discouraged. The aura didn't come again, but it didn't mean that this place would always be safe.

"I don't have a clue at all." Qu Lanyi searched all the spots on the ground and was a bit helpless. "Do we really have to move this skeleton away by force?"

Yun Feng frowned. Both of them were at a loss. Only Meatball stood aside happily. At this moment, Meatball's body tightened again and it cried. Yun Feng immediately realized that it must be that person again!

"Swish...!" The light swallowed everyone and pulled them into the Dragon Palace. As expected, after a while, that aura came again, but this time, it wasn't alone!

The figure walked around this area and its beast eyes suddenly became extremely gloomy. Looking at the obvious bite marks on a certain part of the skeleton, it was obviously new! It had only been left recently!

"As expected... that thief is still here!" A suppressed and furious voice sounded and entered the Dragon Palace clearly. Yun Feng and Qu Lanyi were confused. A thief? Yun Feng pondered. Was he referring to her? The aura of the Sea Clan she stole?

"You're truly bold. You've provoked me again and again..." The voice was full of anger. He was waiting for the opportunity to explode! "This place is surrounded heavily. Search carefully! Don't let go of a single place!"

"Is this a forbidden area of the Sea Clan?" Qu Lanyi raised his brows. Yun Feng felt the same. This guy was someone who could call himself a king. The place where this skeleton was located was very likely a forbidden area of the Sea Clan.

"Crack! Crack!" The sound of stones being crushed came. Meatball had hidden a few stones and brought them in. It was eating happily. It seemed to be enjoying them very much.

"You know how to enjoy yourself," whispered Qu Lanyi. Meatball glared at him with its big eyes and continued eating, ignoring him.

"If it's really a forbidden land of a certain race, we still have a chance to find the entrance. This time, we don't have to do it ourselves. Just let this king lead the way for us."

Ever since that day, this area had indeed been heavily guarded. There were a lot of experts and they searched every day. However, just like in the Sunken Moon Forest,

they couldn't find the Dragon Palace no matter how hard they searched. Yun Feng and Qu Lanyi waited for an opportunity in the Dragon Palace peacefully.

"Your Majesty, there's nothing unusual."

"Your Majesty, there's no abnormality!"

"Your Majesty, I didn't find any unfamiliar aura!"

The results of the search every day were the same, but the leader of the clan was unwilling to give up. The anger in his beast eyes burned fiercely. Nothing? They couldn't find it? Impossible!

"Continue searching!" A furious roar resounded in this area. He didn't notice that a water drop was moving slowly in the ripples and sticking to his body gently. It was so gentle that he couldn't notice it at all.

Chapter 1727: The Water Element Seed Appears (3)

They still didn't find anything for a few days in a row. The king's face was full of dark clouds. He knew that the thief was here, but he couldn't find him, which made the king even more furious! Why couldn't they find this thief? He looked at the area in front of him that had already been searched countless times with his gloomy and furious eyes. Why couldn't they find the thief... Did the thief know some kind of invisibility technique? Perhaps...

His beast eyes shrank fiercely! He looked at the huge skeleton that had already merged with the ground in the middle. Had the thief already entered the bottom? Thinking of this, the king's brain buzzed!

If that was the case... The king clenched his fists hard! "How dare you!" His body flashed and he instantly came to the tail bone of the skeleton! Looking at the bite marks on the skeleton, the king's heart sank fiercely. His strong aura immediately gathered in his palm and pressed down on the ground fiercely!

"Bang!" There was a muffled sound, accompanied by a slight tremor on the ground!

"Crash!" A loud sound came into the Dragon Palace. Yun Feng and Qu Lanyi were both smiling. A crack was forcibly opened on the flat ground. The source of the crack was the tail bone of the skeleton! The king slapped his hand again! The crack was completely opened! A deep aura jumped out of the ground with some mystery. The king's eyes glittered and he jumped down!

It was dark all the way and they moved forward quickly. A pair of glittering beast eyes flashed in the darkness until they reached the huge black object. Seeing that the black object was intact and there were no signs of invasion, the king was relieved this time. No matter how capable that thief was, he probably wouldn't be able to come here. Even if he came here, he wouldn't be able to open the thing in front of him at all!

The beast eyes glittered again. The king was about to turn around and leave when a water drop stuck to his clothes slid down quietly at this moment. The king was slightly stunned. He quickly turned around with his beast eyes and glanced behind him fiercely! It seemed that there was something just then!

In the Dragon Palace, Yun Feng and Qu Lanyi were both relieved. Luckily, Yun Feng was quick enough to change the appearance of the Dragon Palace and completely merge it with the darkness, or they would be exposed. However, they didn't know if they could hide it from this old fox.

The fierce aura swept over again. As expected of an old fox. He was careful and cautious all the time. After checking again, the king was slightly relieved, but he still felt a bit strange. After finding nothing, he finally turned around and left.

Yun Feng waited patiently. She wasn't completely relieved until she heard the sound of the ground closing above. Qu Lanyi raised the corners of his mouth. "That old fox probably wouldn't have thought that he brought us here himself. We really should thank him."

Yun Feng smiled. It would be strange if that king wasn't so angry that he vomited blood after knowing about this.

"Let's go out," said Yun Feng. Qu Lanyi nodded and glanced at Meatball. Meatball burped in satisfaction at this moment, as if it didn't want to move. Yun Feng smiled helplessly. It should stay in the Dragon Palace. It had to digest what it ate.

The light came and led the two of them out of the Dragon Palace. As soon as they left the Dragon Palace, they saw darkness. Qu Lanyi raised his hand and light elements appeared in his palm, illuminating the surrounding scenery. Even though they couldn't see the full picture, they could imagine how spacious this place was. Yun Feng had already seen the initial scale when she detected the aura earlier. The two of them kept moving forward with the light elements until they came to a huge black object.

Qu Lanyi swung his arm and the light elements rose straight. The two of them saw the black object in front of them clearly. "This... seems to be a door," whispered Qu Lanyi in a deep voice. Yun Feng approached and observed at a close distance. She approached gently with her hand and the mental strength in her body surged out. When she was about to touch the surface of the object, an obvious resistance appeared and completely repelled Yun Feng's mental strength!

"It's here." Yun Feng was certain. She retracted her mental strength and looked at the thing that looked like a giant door in front of her with her black eyes. She couldn't open it with brute force. Her mental strength couldn't get close at all. It seemed that she needed something special to open this door.

"Fengfeng, come here!" shouted Qu Lanyi. Yun Feng walked over. Qu Lanyi sent the light elements in his hand forward and a groove appeared on the huge black object. The groove was square and neither big nor small.

Yun Feng raised her brows. "This should be the so-called key."

Qu Lanyi chuckled. "Look at the shape of the groove."

Yun Feng looked carefully and her mind brightened! She twisted her wrist and a small blue map appeared. She reached a conclusion after a slight comparison. The map and the groove were completely compatible!

"As expected, this map is the so-called key." Qu Lanyi looked at the map in Yun Feng's hand. Yun Feng took a deep breath and put the map in her hand into the groove. Instantly, blue light spread out of the map and spread to the entire huge black object!

Qu Lanyi quickly took a step back with Yun Feng. A fierce wind blew and the two of them were almost swept into it! A crack suddenly appeared on the object covered in blue light in front of them. It seemed that this object didn't look like a door, but more like a clam. The pearl Yun Feng wanted was inside!

"Let's go!" Qu Lanyi wrapped his arms around Yun Feng and stomped, rushing into the crack! A ball of light flashed in front of his eyes and the two of them completely disappeared!

After the dazzling light, Yun Feng opened her black eyes!

The gentle blue light kept flashing. Surrounded by layers of blue light was an unusually round and crystal clear bead! The bead kept rolling lazily in the blue light, as if it was rippling in the sea.

Yun Feng's heart trembled fiercely! Was that the Element Seed of the water element?

Yun Feng had just stepped out when a blue icicle flew over quickly. Yun Feng's mind turned cold and she suddenly took half a step back. The icicle fell on the ground fiercely!

"You should be prepared to die after stepping in here." The cold voice didn't carry any emotions. A figure appeared faintly from the blue light. He had a demonic face and his body was covered in unknown armor. He was holding a scimitar that was like the crescent moon in his hand, but it wasn't difficult to tell that he was a Magic Beast!

The so-called guardian? Yun Feng sighed softly. How could she get the Element Seed so easily? She must go through some twists and turns.

Chapter 1728: The Water Element Seed Appears (4)

Yun Feng's heart sank. The five Rings of Contract appeared on her fingers and a hint of shock flashed through her demonic face. "A human being?"

Yun Feng chuckled. "Yes, that's right!"

The expression on the demonic face became even colder. He slashed the scimitar in his hand fiercely in the air! "Buzz...!" A soundless tremor shook! The demonic face was full of coldness, especially those eyes that were even more demonic! "Swish...!" A gust of wind blew and the demonic figure had already disappeared from the spot!

Qu Lanyi moved his hand slightly and light elements suddenly appeared in his palm, like a sharp sword. A beam of light flashed in the dark and cut the light elements in half! His demonic eyes emitted cold light as he waved the scimitar in his hand at Qu Lanyi's body!

Qu Lanyi turned around slightly and his black eyes were instantly stained with blood! The dark element appeared!

"Humph!" With a cold shout, even though the cold light of the scimitar was blocked by the dark dragon, its attack didn't reduce at all! It attacked fiercely again!

"Whoosh—!" Endless wind sounded. The bewitching guardian looked back slightly and a green figure had already attacked with a pair of huge sharp claws! A contracted Magic Beast? The bewitching guardian flashed slightly and stopped attacking Qu Lanyi. He changed his direction with the scimitar and instantly disappeared!

"Don't even think about getting close to Xiao Feng!" With a shout, a huge seven-color fishtail came and slapped the air fiercely, causing a fierce commotion! Immediately, gravel flew everywhere!

"Swish—!" A shadow flashed and a cold light pressed towards Yaoyao's fishtail! A beam of ice instantly arrived and with a crisp sound, the scimitar was blocked forcefully! Lan Yi extended his arms and pulled Yaoyao to his side. He looked at the demonic figure surrounded by a few Magic Beasts with his green eyes deeply. His strength...

"A multi-element summoner..." The demonic guardian mumbled. There was no other emotion in its cold beast eyes. The moon-shaped scimitar in its hand spun and waved fiercely in the air!

The entire space seemed to be stirred!

"Crack! Crack! Crack! Crack!" The cold temperature covered the entire space!

"What?" The few contracted Magic Beasts exclaimed. The space instantly turned into an ice blue color, glittering with crystal clear light! Coldness suddenly flashed through the demonic eyes and the moon-shaped scimitar in their hands stirred even faster. Everything was frozen!

The four contracted Magic Beasts were instantly frozen and completely enveloped in ice like statues!

Yun Feng's heart trembled fiercely! She waved the wand in her hand fiercely and the Fire Dragon appeared! "Fire Field!" It burnt all the ice!

"Humph!" A cold voice sounded in Yun Feng's ears. A few cold auras attacked Yun Feng's body from different directions. A pair of warm arms rushed over and moved with Yun Feng, dodging narrowly!

The raging fire didn't melt the ice. In this extremely cold situation, no matter how fierce the fire was, it couldn't compare to the coldness of the ice!

"Damn it!" Yun Feng looked at the few Magic Beasts frozen in the air. It was already impossible for her to pull them back by force through the contract!

Qu Lanyi pulled Yun Feng back and looked at the demonic figure with the scimitar in his hand with bloodshot eyes. He kept transmitting light elements into Yun Feng's body with his palm. At this moment, the coldness in the cold world was oppressive, restricting their physical skills, speed and even the eruption of power!

"As I said, you must be prepared to die when you walk in here." The figure with the scimitar in his hand raised his eyes and looked at Yun Feng and Qu Lanyi coldly. Yun Feng gritted her teeth. Was she prepared to die? She was!

"Lanyi, help me," said Yun Feng. Qu Lanyi's eyes glittered and he clenched his fists tightly. He didn't say anything else. He only nodded gently. Yun Feng put on a smile and a beam of dazzling light shot out of her black eyes! Her strength had increased. She was at Grade 3 of the God King Level!

The guardian's face was still cold. He didn't react to Yun Feng's increase in strength at all, as if in his eyes, Yun Feng was someone who was about to die no matter what!

He tapped the ground with the tip of her foot and jumped into the air. At the same time, Qu Lanyi attacked. The long dragons of light and darkness appeared at the same time and swept over!

Yun Feng clenched her fists tightly as red flames flashed through her eyes and she smashed them into the air fiercely!

"Bang...!"

"Buzz...!"

The scimitar and the heavy fist collided and sparks flew!

As soon as one punch passed, another punch smashed down!

The fire drew a few colors in the air as Yun Feng punched, illuminating the surprise in those demonic eyes!

This human... seemed a bit different!

The long dragons of light and darkness swept past. The guardian dodged with a slightly cold look in his eyes. Yun Feng's heavy punch came as expected!

"Boom!"

The scimitar buzzed. At this moment, Yun Feng was in her full state, at full speed and with all her strength! Since the power of elements was restricted, she would use her fists to open a path!

The twin dragons of light and darkness roared over and Yun Feng followed closely behind! The joint attack finally made the guardian frown slightly and the expression on his face changed!

"Just finish one off first." A cold voice flashed past his ears. The guardian suddenly rushed forward, changing the situation of retreating step by step just then. He waved the scimitar in his hand fiercely at this moment! An ice blue ice slashed at Qu Lanyi!

"You've underestimated me!" Qu Lanyi's thin lips curled up. The twin dragons of light and darkness collided fiercely with the cold energy! The guardian's body flashed with coldness in his eyes as he swung the scimitar in his hand at Qu Lanyi!

"Fengfeng, take this opportunity!" Qu Lanyi roared. The guardian's expression immediately changed. When he looked back, he saw that Yun Feng had already run towards the water-blue Element Seed!

"What?" The guardian widened his eyes and was about to rush over, when Qu Lanyi sneered. dark elements rose and completely stopped him!

"Human, stop!" The guardian's beast eyes shrank fiercely and he suddenly roared!

This voice couldn't stop Yun Feng anymore. Yun Feng's black eyes darkened slightly as she looked at the bead immersed in the ice blue light in front of her eyes. She reached her hand inside and clenched her fists fiercely!

Cold! The bone-piercing coldness quickly entered Yun Feng's body!

She gritted her teeth and exerted more strength with her fingers. More coldness surged into Yun Feng's body quickly! "Crack!" A piece of ice appeared on the back of Yun Feng's hand!

"Are you going to resist? The Element Seed..." Yun Feng whispered with continued madness in her black eyes! The ice blue bead that was grabbed spun crazily, as if it wanted to escape from Yun Feng's palm. Yun Feng chuckled softly. The coldness inside her body was almost freezing her. Yun Feng could feel the coldness seeping out of her pores!

Chapter 1729: The Water Element Seed Appears (5)

"Crack, crack!" One side of her cheeks was covered in ice!

"Fengfeng!" Qu Lanyi's pupils shrank when he saw the coldness on one side of Yun Feng's cheeks! If this continued, she would be completely frozen!

Hearing Qu Lanyi's call, Yun Feng gritted her teeth and refused to let go. This time, she wouldn't let go no matter what! Element Seed, don't even think about me letting you go!

"Argh!" Yun Feng exerted strength with her completely stiff fingers again. She roared and pulled her numb arm back fiercely. The ice bead was forcibly pulled out of the blue color by Yun Feng!

"Crack, crack, crack!" There were continuous sounds of ice. Half of Yun Feng's body had already been covered in ice! The blue bead in her hand was still twisting crazily, as if it was looking for an opportunity to escape. Yun Feng gritted her teeth. Even if half of her body was frozen, she wouldn't let go!

"Stupid." The guardian whispered coldly. He had already stopped attacking Qu Lanyi and looked at Yun Feng expressionlessly. Qu Lanyi's heart ached. He was about to rush over, but the guardian stopped him!

"You want to save her? As I said, you must be prepared to die."

"Damn it! Get out of my way!" Redness surged in his eyes! The red patterns on his body spread crazily to the side of Qu Lanyi's cheeks!

"Crack!" The sound of being frozen came again. Qu Lanyi's pupils shrank fiercely. Yun Feng was already enveloped in ice and frozen!

The guardian grunted coldly and the scimitar landed. Qu Lanyi's body flashed and he directly rushed to Yun Feng's side. Crystal clear blue color covered her entire body, emitting a coldness that made people's souls tremble!

"You're just a human being," said the guardian coldly. He waved his arm and the ice blue bead in Yun Feng's hand flew up and landed directly in his hand!

"Fengfeng..." Qu Lanyi slapped the ice fiercely, but all the elemental power was bounced back! The light elements couldn't penetrate it at all!

"It's useless no matter what you do. How can you break the power of the Element Seed?" The guardian said coldly as he looked at Yun Feng, who was trapped in the ice, coldly. "This is her ending."

Qu Lanyi gritted his teeth. Her ending? He didn't believe it! He said that he would protect her no matter what!

A wound appeared in his palm. Warm blood slowly fell and the red color kept rolling. Qu Lanyi's blood-stained hand slapped the ice around Yun Feng fiercely and a stream of cold air penetrated from the crack in his palm to the bottom of his heart! The dark element appeared and mixed with blood, tyrannically penetrating the ice!

The guardian was slightly surprised. Qu Lanyi's hand had already reached into the ice brutally and held Yun Feng's cold hand tightly! This human could break through the ice? Hm! That was all.

There was a smile in Qu Lanyi's eyes. He slowly closed his black eyes and a gust of coldness quickly attacked his body. The coldness instantly enveloped his hand that was holding Yun Feng's and invaded his body! Warm light elements kept spreading to Yun Feng's body through Qu Lanyi's palm. The coldness quickly covered him until it swallowed Qu Lanyi completely!

The guardian watched this scene coldly and didn't say anything. He stood in the surrounding space for a long time and looked at Qu Lanyi and Yun Feng, who were frozen, with his dark purple eyes. A glint of light flashed through his eyes. Yun Feng, don't let me down.

The space became silent again, because all life was covered in ice! The guardian looked at everything frozen in front of him and curled his lips coldly. "Humans... are so weak after all."

In the darkness, Yun Feng was muddle-headed until a strong tearing force kept pulling her down. A furious roar sounded in her ears. "Yun Feng, open your eyes!"

This voice...

Yun Feng suddenly opened her eyes and saw darkness and a pair of red eyes in front of her!

"Red-Eyed..." Yun Feng mumbled, but a hint of disdain flashed through the red eyes. "Do you know how powerful the Element Seed is?"

Yun Feng raised her brows. Her mind, which was still hazy just then, suddenly became clear. "Element Seed... You know about it too?"

A trace of heat suddenly flashed through the red eyes! "Yun Feng, let's make a deal, shall we?"

"A deal?" Yun Feng frowned. "Red-Eyed, what exactly are you planning?" The more she thought about it, the more she felt that it was strange. Even though the current situation was a bit urgent, Yun Feng didn't want it to take advantage of this moment. Even though Red-Eyed had been in her body, she was still worried.

"Why are you still hesitating? If you don't agree, you'll freeze to death sooner or later!" Red-Eyed's slightly angry voice roared in Yun Feng's ears. The sound of huge chains dragging on the ground came, showing its excitement. "Yun Feng! Do you think you can escape this disaster with your strength?"

Yun Feng was silent. The anxious voice of the Red-Eyed continued. The more dangerous it was, the more she should remain calm, even though she didn't have much time to calm down. A coldness came from her heart. She knew that this wasn't her body, but she was still invaded by the coldness! More and more coldness came out and instantly surrounded Yun Feng's consciousness!

"If your consciousness is frozen, you'll really be powerless! Yun Feng, think carefully!" Red-Eyed's voice came. Yun Feng was already a bit blurry because of the coldness at this moment. More and more cold air made her consciousness feel stiff! In a while, she would really be covered in coldness from the inside out, as Red-Eyed said!

Yun Feng gritted her teeth and the sound that had been silent for a long time appeared again. She couldn't solve this problem, at least not with her own ability! "Red-Eyed, deal!" Yun Feng's voice came. The world suddenly fell silent for a few seconds. Then, a strong heat came to Yun Feng's side and swept away the coldness!

Those huge red eyes glittered with unusually bright light. Yun Feng couldn't understand the meaning. "Very good. Since you've already agreed, give me your body for the time being!"

"What did you say?" Yun Feng gritted her teeth and said. The Red-Eyed smiled slyly. "Don't worry. I'm not interested in this body."

Her consciousness, which was gradually corroded by the cold air, finally warmed up. Yun Feng's train of thought also followed closely behind. What Red-Eyed said made her a bit confused. Was it trustworthy or not... "You don't have a choice! If you want to die, fine, but can you bear to see that kid die with you?"

Chapter 1730: Unable to Be Surpassed (1)

"..." Yun Feng's black eyes widened and her heart trembled fiercely!

The giant red eyes slowly narrowed. "Humph! Fine, I'll show you!"

"Swish...!" A fierce tearing force suddenly pulled Yun Feng's consciousness away from that space and stuffed it back into her body! Instantly, a coldness that was a hundred times, a thousand times more bone-piercing than before came! Yun Feng's heart seemed to have frozen in an instant!

Apart from the bone-piercing coldness, Yun Feng keenly felt a warm force slowly entering her body from her palm. She slowly rolled her black eyes and saw the big hand that was holding hers. Her pupils couldn't help but widen! It was Lanyi!

They were holding each other's hands and the ice quickly covered him. The two of them were completely frozen together! Yun Feng's heart tightened fiercely! The next second, her consciousness was forcibly pulled into the dark space again. Her red eyes had already been waiting there. "Did you see that?"

Yun Feng was silent and her face was gloomy. Red-Eyed was right. It didn't matter if she died in the current situation, but she couldn't drag Lanyi down with her! She couldn't let him get hurt because of her! She took a deep breath. Wasn't it just her body? She could lend it to him for a while!

"Alright, sure." Yun Feng said casually as she looked at the Red-Eyed deeply with her black eyes. Her determined gaze didn't flinch at all!

"Hahahaha!" Yun Feng burst into laughter with a slightly ferocious look in her red blood-red eyes. "That's right. As for the reward, I'll take it myself!" After saying that, Yun Feng only felt dizzy. The red eyes in front of her eyes disappeared and her consciousness fell deeper. At the same time, an inexplicable temperature rose from her body and a similar feeling instantly dominated her entire body!

The black eyes that had been closed for a long time in the ice suddenly opened. They were already covered in blood-red light!

"She can still wake up!" The guardian, who had been expressionless, noticed Yun Feng's situation and couldn't help but feel shocked! However, there was even more

surprise! "Her aura has changed!" The guardian's body tightened and he suddenly rose into the sky! Yun Feng's body was still frozen. Nothing had changed, but destruction was starting inside!

A glint of darkness flashed through her blood-red black eyes. Her other hand, which was tightly wrapped in ice, moved tentatively. Yun Feng's red lips curled up slightly and an unusually scorching aura burst out of her body, like an invisible fire that was about to swallow this layer of ice completely!

"Crack!" The subtle sound of ice cracking came. The guardian was shocked again! Her aura changed so drastically. What exactly happened?

Ah Luo, who had been observing silently in the dark, couldn't help but frown. Feeling the different aura emanating from Yun Feng's body, his eyes were also full of confusion.

"Crack! Crack!" The sound of cracking ice became louder and louder. There were obvious cracks on the surface of the ice. In just a moment, the ice would be completely shattered!

"Crack!" A loud sound came. The guardian was shocked! How... How was that possible?

Yun Feng broke the ice with one hand!

"This aura..." The guardian became more and more tense. He couldn't let her continue! This human was too strange!

The guardian's body flashed and he waved the moon-shaped scimitar in his hand hard, drawing a bright line in the air, going straight for Yun Feng's arm!

The arm that broke out of the ice moved slightly and her red eyes suddenly rolled. She glanced at the guardian who was about to attack! The two gazes collided in the air. The demonic look in Yun Feng's eyes made Guardian Ling shiver fiercely!

She was different. This human was completely different from before! Her aura had also undergone an essential change!

Thinking of this, the guardian couldn't help but hold the weapon tightly in his hand. He couldn't let this human live!

"Human, die!" The guardian's face was full of coldness and killing intent had already appeared in his mind! Yun Feng flipped her arm that broke out of the ice forcefully and raised her hand. A scorching aura came out of her palm and went straight for the guardian!

"This is..." The guardian's pupils shrank! He immediately flipped his body and dodged quickly! A scorching powerful aura flashed past him and then landed on an empty ground. In less than a second, a huge hole was instantly dug out of the ground!

"Crack! Crack!" The arm that came out forcefully moved slightly. The guardian didn't dare to go forward recklessly anymore at this moment! The guardian's heart couldn't help but pound crazily. If he had encountered that aura just then, it was hard to say if he'd still be alive! What exactly was wrong with this human?

Impatience flashed through the scarlet eyes and a demonic light flashed again. She slapped her hand in the opposite direction in the air and it had already landed on the ice on her body!

"She's going to break out of the ice!" The guardian shouted in a low voice. The ice on Yun Feng's body kept cracking at a visible speed. Cracks covered her entire body in an instant! The hand in the air waved again and then smashed down fiercely!

"Boom! Crash!"

The ice shattered in all directions! Cold air rushed out of Yun Feng's body quickly, as if it was running for its life!

The blood-red eyes glanced at their clasped hands indifferently and her red lips curled up. The ice on Qu Lanyi's body had also shattered just then, but the coldness invaded his body and he didn't show any signs of waking up for a while. Even though he didn't wake up, the light elements still entered Yun Feng's body slowly and firmly.

Yun Feng broke free from Qu Lanyi's completely stiffened hand. Qu Lanyi's body fell to the side. Yun Feng curled her lips and whispered slowly, "You're truly a reckless kid." The voice wasn't Yun Feng's anymore. It was deep, weird and wild like a beast!

"Who are you?" The guardian strode forward and looked at Yun Feng in disbelief with his beast eyes. Yun Feng sneered and rolled her blood-red eyes slightly. She had already seen the Element Seed that the guardian put back in its original position!

A glint of deep greed and heat flashed through her eyes!

Without another word, Yun Feng suddenly rose and went straight for the Element Seed!

"Don't even think about it!" The guardian immediately moved his body to block her when he saw this. He was shocked to find that Yun Feng's speed and strength had already changed fundamentally from before! They weren't on the same level at all!

"Clang, clang, clang!" It was still the clash of the scimitar with her fist. Every time they hit, the guardian's palm was numb! What exactly was wrong with this power?

Chapter 1731: Unable to Be Surpassed (2)

A trace of madness flashed through her red eyes. At this moment, Yun Feng's entire body was full of the excitement of a wild beast! It was as if nobody could stop her! The guardian's face slowly turned bad. Every time he resisted, he gradually became powerless! He wasn't a match for this human in front of him!

There was blood in the light in her eyes. The guardian knew that something was wrong in his mind and his body retreated desperately, but Yun Feng was even faster at this moment!

"Hm!"

"Boom!"

With a grunt, a figure landed on the ground in a sorry state! It was the guardian!

"Swish...!" Another figure arrived as expected. It was Yun Feng, who was from above! Blood thirst and fanaticism jumped deep in her red eyes! The human hand instantly smashed over and an invisible and terrifying aura immediately gathered on her fist. The guardian's pupils shrank fiercely! He propped himself up and was about to dodge from the side, but it was too late!

"Poof!"

His body was penetrated. The warm and pungent blood immediately dyed the blue space with a huge amount of redness!

Ah Luo, who was hiding in the space, couldn't help but frown when he saw this scene. He had already seen that something was wrong. Yun Feng, that human, didn't have such power and speed at all, but this human was indeed her at this moment, but... there seemed to be a different person in her body.

The guardian's eyes were full of disbelief. He was... killed by this human!

The guardian's body twitched and finally fell on the ground silently. His body, which was full of blood, quickly froze. "Yun Feng" looked at the corpse that had already frozen into a cocoon on the ground and sneered. She licked the warm blood on her finger with her tongue. This scene was extremely strange.

At this moment, her blood-red eyes glanced at the water element seed on the side. Without the interference of the guardian, it was simply a piece of cake to take the Element Seed! "Yun Feng" walked over with greed and heat in her eyes. That small

pillar kept rolling in the ice blue color. "Yun Feng" smiled gently and suddenly attacked, probing inside!

"Whoosh!" The same cold air pounced on "Yun Feng" like before, but it didn't reach her this time! The invisible aura was like a wall, isolating Yun Feng's body. The ice blue cold aura was completely isolated and couldn't get close at all! And the water element seed had already been held firmly in Yun Feng's hand!

Her red lips curled up with an even crazier smile! Her red blood eyes were burning with spots of light. She exerted strength with her finger and the ice blue bead was about to be sent directly into her body and swallowed!

"Wait." Ah Luo's cold and calm voice suddenly sounded. "Yun Feng" suddenly turned around and searched around with her blood-red eyes. "Come out!" A deep and slightly hoarse voice burst out of Yun Feng's mouth. Her eyes were full of madness and killing intent!

"Buzz..." The space moved and Ah Luo's body slowly appeared. He looked at "Yun Feng" at this moment with her dark purple eyes and frowned slightly.

"You're the lightning Fantastical Beast?" said "Yun Feng". The enthusiasm in her eyes didn't diminish at all. Instead, it burned even more fiercely! Ah Luo frowned. "Who are you? How did you occupy her body? This has nothing to do with me, but if you want to hurt her original body, I won't let you."

"Yun Feng" was slightly stunned. Then, she burst into laughter! "Hahahaha, hahahaha!"

Ah Luo frowned and didn't relax at all. Who exactly the guy was had nothing to do with him. Master had told them how important Yun Feng was to them. He had to protect her.

"A human being can be protected by a Fantastical Beast?" "Yun Feng" raised her brows as a glint of light flashed through her red eyes.

Ah Luo frowned and didn't say anything. "Yun Feng" glanced at the water element seed in her hand and her blood-red eyes glittered. She was indeed a bit too complacent just then. For a moment, she forgot that she was attached to a human body! If she swallowed this Element Seed, this weak body would definitely explode and die!

"Red-Eyed, give me back my body!" Yun Feng's original voice sounded in her mind. "Yun Feng" raised her brows coldly. In the end, she grunted. Fine, he hadn't been able to be out for long. He was almost at his limit right now.

"Yun Feng, I've already got the promised reward. It's in your hands! You can't touch it until I have the ability to take it myself!"

Yun Feng's consciousness woke up completely from the sleep just then. In the dark space, Red-Eyed's words echoed. Before Yun Feng figured out what was going on, her consciousness had already been dragged up by force and stuffed into her body again!

Cold! It was so cold again!

Yun Feng opened her black eyes again. The blood in them had already faded. Ah Luo raised his brows and knew that Yun Feng's original body was back.

"This is..." Yun Feng looked at the thing that kept spinning in her hand in shock. This was... the water element Element Seed! Was this the reward Red-Eyed was talking about?

"If you hold it for a longer time, you will return to your previous state," said Ah Luo in a deep voice as he looked at Yun Feng expressionlessly. Yun Feng was stunned. Ah Luo?! The coldness attacked again. Even though she knew that Ah Luo was right, Yun Feng could only smile wryly.

"I really want to put this thing away, but what should I use to store it?"

Ah Luo raised his brows as his dark purple eyes glittered. "It's the water element Element Seed. Your water-element contracted Magic Beast is the best container."

Yaoyao?! Yun Feng was shocked. She suddenly remembered the scene just then. Her contracted Magic Beasts were all trapped in the ice. Even Lanyi...

"I advise you not to go over, or they'll be frozen again." What Ah Luo said made Yun Feng stop moving. She looked at the unconscious people on the ground with her black eyes. Yun Feng was extremely anxious in her mind, especially Qu Lanyi... His slightly pale face made Yun Feng's heart ache.

"They're fine," whispered Ah Luo casually. Yun Feng couldn't help but feel relieved. It was good that they were fine.

Cold air kept coming from her palm, reminding Yun Feng that she couldn't delay any longer. Yaoyao was the best carrier for the Element Seed. The key was how to put the Element Seed in. She couldn't let Yaoyao swallow it directly, right?

As if sensing Yun Feng's thoughts, Ah Luo couldn't help but frown. "The Ring of Contract. Integrate the Element Seed into the Ring of Contract."

Yun Feng was enlightened! Right, the Ring of Contract was also a kind of natural dimension container, but this container was unique and special! It was certainly the best choice to put the water element seed here! It wouldn't hurt Yaoyao's original body! However, Yaoyao and the Element Seed were in the same space. Would she be fine...

Chapter 1732: Unable to Be Surpassed (3)

There wasn't much time for Yun Feng to think about it right now. The water-element Ring of Contract immediately appeared. Yun Feng exerted strength in her hand and directly sent the water element seed near the Ring of Contract. As if it was very attractive, the moment the Element Seed approached the Ring of Contract, it was suddenly sucked in! The blue Ring of Contract was immediately covered in a layer of coldness and then emitted an ice blue light!

The light faded and nothing changed. The Ring of Contract seemed to be even colder in her hand.

Yun Feng glanced around with her black eyes and saw the guardian on the ground that had already frozen. His face was fixed with an almost ferocious expression. A hole had been completely hollowed out of his body under the ice! Yun Feng subconsciously looked at Ah Luo. Did he do it? Did he help her get the Element Seed?

Ah Luo said indifferently, "I didn't do anything." His body then flashed and completely disappeared into the invisible space. "Rather than thinking about useless things here, it's better to get out as soon as possible."

Yun Feng's heart trembled. She indeed didn't have time to think about what happened just then. No matter what happened, she had already got the water element seed successfully and she was more or less relieved in her mind. Compared to the Blood Souls, she wasn't a nobody.

After she put all the five-element contracted Magic Beasts into the Rings of Contract, they could all recuperate in the Rings of Contract. They would certainly need some time to recover from the extreme cold. Yun Feng walked to Qu Lanyi and touched his cold face with her hand. Her black eyes were full of heartache as she held his cold body in her arms. Yun Feng closed her eyes slightly and a beam of light enveloped the two of them, sending them into the Dragon Palace.

A few months passed in the blink of an eye. Everyone who was severely injured by the Element Seed took longer to recover than Yun Feng thought. After all, it was the source of the water element. Even though they were only frozen, they were already severely injured. The water element's Element Seed hadn't unleashed its full power yet. Once it did, its power could be imagined.

Among the five-element Magic Beasts, Yaoyao recovered fastest. The entry of the Element Seed into the Ring of Contract seemed to have an effect on the Ring of Contract and was beneficial and harmless to Yaoyao. Yun Feng was finally completely relieved. Qu Lanyi's situation was still the same. After Yun Feng fed him a bottle of Life Potion, he stayed aside. He was fine. He was just too weak. Thinking that he still sent

light elements to her in such an extremely cold moment, Yun Feng's heart ached every time she thought of it.

A few months had passed, but Qu Lanyi was still asleep. Yun Feng guarded him and kept cultivating at the same time. Her current strength was only at the level of a God King. After the accident with the water element seed, Yun Feng realized how weak she was. Perhaps she still had a chance in front of a strong enemy, but facing the Element Seed, she couldn't resist at all! Even though this was reasonable, it also gave Yun Feng a warning.

Her future opponents would be the Blood Souls! The God King Level was far from enough for her!

Yun Feng had already been at the God King Level for a long time and her foundation was quite solid. It would take a long time for her to break through Grade 1 and reach Grade 2. The constant increase in her cultivation speed also gave Yun Feng a lot of help invisibly. A few months was enough for Yun Feng to step out of Grade 1 of the God King Level!

The five-element wheel spun around her body. The long-lost cultivation made Yun Feng feel comfortable. She, who was focused on cultivation, didn't notice that the man, who had been sleeping on the side, slowly opened his eyes at this moment. After seeing that she was safe and sound, his thin lips slowly curled up and he put on a reassuring smile.

"Buzz...!" Tiny sounds kept coming. After months of accumulation, Yun Feng's cultivation finally welcomed the last moment of breakthrough. The five-element wheel spun crazily and five elements lingered around her. The five elements were dazzling and completely enveloped Yun Feng. Then, they burst out instantly!

It was like the process of turning into a cocoon and breaking out of it. Every time Yun Feng improved, she would break out of the cocoon and become a butterfly!

Yun Feng opened her black eyes and took a deep breath. Her body was completely smooth and there was a sense of lightness around her. Grade 2 God King!

"Lanyi! You're awake!" Yun Feng glanced around and saw that the man on the side was looking at her with a smile at this moment. The five-element wheel instantly disappeared. Yun Feng flashed and walked over. Qu Lanyi chuckled. "Grade 2 God King. Congratulations, honey."

There was a smile in Yun Feng's eyes. She reached out and touched his cheek. The coldness had already faded quietly at this moment. The usual faint warmth returned at this moment. Yun Feng was relieved in her mind. That was great. He was fine.

"What's wrong?" Qu Lanyi sat up and couldn't help but ask in a low voice when he saw Yun Feng's worried and conflicted expression. Fury suddenly flashed through Yun

Feng's eyes. "You always say that I'm messing around. Now, it seems that you're even worse than me."

Qu Lanyi was stunned. Then, he thought of something and a hint of embarrassment flashed through his handsome face. "Well... I had no choice back then..."

"What do you mean you had no choice? I was already like that. Why did you still..." Yun Feng suddenly fell silent after saying this. Her heart ached again. Qu Lanyi extended his arms and pulled Yun Feng into his arms, hugging her very, very tightly.

"It's precisely because of you were frozen that I couldn't leave you alone..." Qu Lanyi mumbled as he slowly touched Yun Feng's back. "I said that I'll definitely protect you!"

Yun Feng's body suddenly stiffened and she raised her head. "I'd rather you take that back. I..."

He slowly lowered his handsome face and pressed his thin lips down. Their soft lips touched with an intoxicating gentleness. This was an extremely gentle kiss, which made Yun Feng's heart tremble constantly. "If we can't live together, I'd rather die with you." His eyes, which were as black as the starry sky, were glittering. Yun Feng was dazed when she saw this. The man let out a pleasant low laugh and kissed her forehead gently.

Yun Feng extended her arms and held the man tightly. There was an indescribable emotion rippling in her heart. If they couldn't live together, he would rather die with her.

"How are your contracted Magic Beasts?" asked Qu Lanyi. Yun Feng replied, "It's fine. They're all recovering. The attack of the water element seed was stronger than I thought. As expected of the source of the element. It's extremely powerful."

"Speaking of the Element Seed, I seem to have missed something?" Qu Lanyi raised his brows. Yun Feng briefly explained the matter. Qu Lanyi was a bit surprised. "The guardian is dead. I didn't expect that."

Chapter 1733: Unable to Be Surpassed (4)

Yun Feng nodded. It wasn't that they had never experienced the power of the guardian. Yun Feng also understood right now that the death of the guardian and the robbery of the water element seeds must have been done by the Red-Eyed in his body. Even though she didn't know exactly what he did, such a cruel method was a bit in line with his personality.

After entering the Dragon Palace, Yun Feng tried to contact Red-Eyed, but for some reason, Red-Eyed didn't reply in a long time. It seemed that it had consumed too much energy to occupy her body.

"Do you have any idea who the guy in your body is?" Qu Lanyi looked serious. Yun Feng frowned. "Not at all. I've only seen a pair of huge red eyes and heard the sound of chains. The others are all wrapped in darkness and I can't see them clearly at all."

Yun Feng pondered. This was very similar to Na Xie, but when Na Xie appeared, he was surrounded by light.

"I remember that the Red-Eyed in your body seemed to have said that it was the Yun family's doing. Is that why it was locked in your body?"

Yun Feng replied. She still remembered Red-Eyed's furious roar back then. The Yun family... Who exactly put it in her body? The Yun family, which had already declined in Chunfeng Town on the East Continent, couldn't be the culprit even if it was really done by the Yun family!

"This member of the Yun family... Could he be the legendary summoner, Senior Yun Tianqing?" Qu Lanyi said in confusion. Yun Feng immediately denied it. "That's impossible. The time doesn't match at all! He appeared more than a thousand years ago! If he did this, it means... that he's still alive. How is that possible?"

Qu Lanyi pondered for a moment. "You're right. If Senior Yun is still alive, he can't just sit back and do nothing when the Yun family is in trouble."

Yun Feng was silent. She had only discovered the existence of the Red-Eyed by chance. It had always been a puzzle why there was such a creature in her body and why the Yun family sealed such a thing! Everything was still shrouded in fog. Yun Feng couldn't figure it out no matter how she explored.

"There will always be an answer to the question," said Qu Lanyi. "I don't have any clue right now. Let's put it aside for now. I have a feeling that everything will be revealed in the end."

Yun Feng nodded in agreement. She had successfully obtained the water element seed. Her trip here wasn't in vain. She still had four maps in her hand, which corresponded to four elements. If she wanted to find the other four Element Seeds, she had to collect the remaining maps first.

"What do you plan to do next?" asked Qu Lanyi. Yun Feng thought for a moment. "One of the four maps of the Endless Ocean is still in the hands of someone from the Chili Tribe at that time. Compared to the other three maps, this is the only one with a clear clue right now."

Qu Lanyi nodded. "Alright. Since we're in the Endless Ocean, we must finish everything here before we leave."

Yun Feng nodded. The Chili Tribe had probably already disappeared. It seemed that she had to rely on Uncle Flirtatious for this matter. She couldn't help but look at Qu Lanyi. There seemed to be some tension between Lanyi and Uncle Flirtatious. Would they...

"Are you worried about me and Ao Ah Jin?" Qu Lanyi raised his brows. Yun Feng smiled awkwardly. Qu Lanyi chuckled. "Don't worry. Ao Ah Jin and I... Putting everything aside, I quite like him."

Yun Feng looked at Qu Lanyi's suddenly relaxed face and couldn't help but smile knowingly. If Lanyi and Uncle Flirtatious could become good friends... It couldn't be better. The two of them decided to set off for the North Sea. They definitely couldn't get out of here. They could only go to the outermost area of the Endless Ocean from the Teleportation Array of the Dragon Palace. Even though it was a bit of a detour, it was the only feasible way.

Arriving at the fourth level of the Dragon Palace, there were three Teleportation Arrays in front of them. Qu Lanyi looked at the empty slot on the side and said thoughtfully, "I've always thought that this empty slot... shouldn't be so simple as empty."

Yun Feng also looked over. There was another empty slot next to the three Teleportation Arrays. This empty slot happened to be able to accommodate a Teleportation Array. Yun Feng frowned. "Is there... another Teleportation Array here?"

Qu Lanyi chuckled. "Who knows? Perhaps this Teleportation Array will appear after you completely refine the Dragon Palace."

He held Yun Feng's hand and stepped into the Teleportation Array of the Endless Ocean. The two of them instantly disappeared. When they appeared again, they were in the place where the Endless Ocean connected to the human world. The endless seawater surged and was full of darkness.

The shortest route to the North Sea was to set off from the South Sea. The two of them immediately jumped into the sea and moved forward quickly. In the past, they had to be careful when crossing like this. After all, they had to go through the territory of many races. It was better to be careful. Now that the two of them had already entered the God King Realm, they didn't have such worries. They released their auras and crushed all the way. No matter how many races they passed, they would be fine. On the other hand, these races were terrified and didn't know what to do.

Their speed also changed fundamentally. In the past, such a journey would have taken more than half a month no matter what. Now that the two of them were at full speed, they had already arrived at the North Sea in just ten days. The North Sea was already

dominated by the Dragons right now. The majesty and momentum of the Dragons soon suppressed the North Sea, which used to be a place full of conflicts, in a peaceful manner. It was simply worlds apart from when the Chili Tribe was in power.

Yun Feng and Qu Lanyi were both a bit surprised after stepping into the North Sea. It had only been a few years, but the North Sea had already become a bit unlike the North Sea.

The two of them went all the way to the territory where the Dragons were located. It was also the vast area at the core of the North Sea. Even though the number of Dragons wasn't as large as that of the other races, they were all elite soldiers. After all, they had the bloodline of the Dragons and their strength was also outstanding.

When the two of them arrived at the gate of the capital, the aura of the God Kings caused a commotion. There were already dozens of probing auras along the way, but they were all blocked by the two of them. The two of them certainly didn't take the usual route when they entered the capital. They didn't go through the gate and directly flew over from the sky. The Dragon soldiers guarding the capital wanted to stop them, but they knew their weight. Immediately, reports reached the royal palace and Ao Ah Jin's ears.

"Young Master! Two God Kings have arrived!" After the breathless report, Ao Ah Jin widened his golden eyes! "What did you say? God Kings?"

Chapter 1734: Unable to Be Surpassed (5)

The person who reported nodded while panting. Ao Ah Jin frowned hard. "God Kings... There are only a few God Kings in the Endless Ocean. Who exactly..."

"Young Master!" A figure rushed over in a hurry. It was Elder Qi. Elder Qi looked serious. "Young Master, could it be..."

"So what if they're God Kings? Do they have the courage to provoke us in the territory of the Dragons?" Killing intent flashed through Ao Ah Jin's golden eyes. Elder Qi smiled awkwardly. "Young Master, should we be more vigilant... I wonder if they have good intentions."

"There's no need to go through so much trouble. I'll welcome them myself!" Ao Ah Jin roared and immediately stood up. The extremely rough appearance of a human made him look even more ferocious. Elder Qi seemed a bit helpless. Why did Young Master have to transform into this... Only when Yun Feng was here could he return to his original appearance. Ah!

After Yun Feng and Qu Lanyi entered the capital, they obviously felt a kind of tension. Many masters didn't say anything, as if they wanted to test their limits. The tension kept increasing. Qu Lanyi chuckled. "There's no need to care about anyone else. Let's go." The two of them entered the capital this time!

"Stop!" A voice sounded. Then, a few figures suddenly jumped into the sky and stopped the two of them.

Yun Feng raised her brows. The person in front of her was a young man who looked like he wasn't even thirty years old. His strength was at the God Level. The cultivation ability of the Dragons was indeed extraordinary. "It's fine if you want to walk around the capital, but it seems too ostentatious to release your aura."

Qu Lanyi raised his brows. "We'll decide for ourselves. Get out of my way."

The young man looked embarrassed. "This is the territory of the Dragons! We can't let anyone else be impudent!"

Qu Lanyi frowned. Impudent? He and Fengfeng had only released their auras. They didn't do anything, but someone accused them of being impudent?

"Get out of my way," said Qu Lanyi again. The young man didn't intend to give way at all. He twisted his wrist and took out his weapon! "This isn't a place for you to be presumptuous!"

Yun Feng frowned. "We didn't do anything. How can we be presumptuous?"

The young man looked gloomy. "You didn't do anything? Your aura is fully released. You're so smug when you're in the territory of the Dragons. Are you showing off on purpose?"

Qu Lanyi sneered. "You're not qualified to accuse us of showing off. Ao Ah Jin is just barely qualified."

"How dare you call Young Master by his name!" The young man looked enraged! "I think you're here to cause trouble on purpose!"

Yun Feng and Qu Lanyi were both a bit helpless. This young man came out for no reason, said that they were looking for trouble for no reason, and then prepared to fight for no reason. Yun Feng raised the corners of her mouth and didn't know what to say. Seeing that the two of them were silent, the young man raised his voice. "How can you call the Young Master by his name?"

Qu Lanyi frowned hard. "So what if I call him by his name? I'm afraid he won't be any better after seeing me."

"What did you say? Say that again if you have the courage!" The young man was immediately enraged. He was so angry that he wanted to attack. At this moment, a beam of golden light had already rushed over and a furious roar then burst out. "Kid!"

There was a smile in Yun Feng's black eyes as she looked at the rough man who was full of surprise, joy and excitement. "Uncle Flirtatious, how have you been?"

"Hey, you're not bad," said Qu Lanyi coldly. Ao Ah Jin glanced at him with his golden eyes. "You're here too?"

Qu Lanyi raised his brows. "Fengfeng and I have never been separated."

Ao Ah Jin slowly narrowed his golden eyes, which emitted a strange light. Qu Lanyi's face was cold, and his handsome face seemed to have darkened a bit. His aggressiveness rose again. Yun Feng had a headache. Who said that they could be friends... They were about to fight as soon as they met?

"Young... Young Master! These two people are disrespectful to you! And they deliberately caused trouble in the territory of the Dragons!" The young man on the side was unwilling to be ignored and immediately jumped out. Ao Ah Jin glanced over fiercely with faint anger jumping in his golden eyes. The young man couldn't help but swallow when he saw this and his voice became much softer. "Young Master... They..."

"Qu Lanyi, do you want to cause trouble?" Ao Ah Jin raised his brows and looked at the gloomy handsome man with his golden eyes. The handsome man sneered. "Are you itching for trouble too?"

Ao Ah Jin suddenly narrowed his golden eyes and his momentum burst out. "Very good. It seems that we're thinking the same thing."

"Haha, that's good." Qu Lanyi's black eyes were bloodshot. Their auras burst out. The young man who spoke instantly fell silent. He stood aside with a pale face and didn't dare to do anything else!

Yun Feng's temples throbbed fiercely. That was enough!

"Go somewhere else to fight. Don't get in my way." Yun Feng said coldly and her face also darkened a lot. Then, she turned around and wanted to leave.

"Kid, you're leaving?" Ao Ah Jin exclaimed. He immediately retracted his momentum and stopped Yun Feng. Qu Lanyi walked over, not to be outdone. "Fengfeng, how can you leave me behind?"

Yun Feng's temples throbbed again. Ao Ah Jin glared at Qu Lanyi with his golden eyes, and Qu Lanyi glared back. Yun Feng sighed helplessly. Seeing Yun Feng's expression,

Ao Ah Jin and Qu Lanyi both felt a bit guilty in their minds. The two men's momentum softened.

"Alright, kid," said Ao Ah Jin in a low voice. Qu Lanyi also said, "Fengfeng, I won't act on impulse."

The two men both looked humble. Yun Feng sighed helplessly in her mind. Fine, fine. "Uncle Flirtatious, I'm here for a favor." Yun Feng looked at Ao Ah Jin solemnly. Ao Ah Jin immediately became serious. "What's the matter? Let's talk inside."

Yun Feng nodded. The three of them were about to leave when the young man, who was completely ignored again, said, "Young... Young Master, they..."

Ao Ah Jin's fierce gaze swept over again and cut off the young man's words! "If there's nothing else, just step aside!"

The young man was stunned and didn't know what to do. He could only watch Ao Ah Jin and the others leave with his mind in a mess. After a while, someone with a discerning eye finally explained, "Are you stupid? That's Yun Feng!"

Yun Feng!

This name made the young man's heart pound fiercely! Then, he bit his tongue fiercely! He was really stupid! Young Master was already giving him face by not cutting him into pieces! "And you met Yun Feng, who's rarely seen in a hundred years... Ah!"

Chapter 1735: Unable to Be Surpassed (6)

The three of them returned to the royal palace. The royal palace of the Chili Tribe was once destroyed, but it had already been renovated and looked brand new. After the three of them sat down, Elder Qi was kicked out by Ao Ah Jin before he could say anything.

"Kid, just tell me what you want!" Ao Ah Jin said with indescribable joy all over his body. His appearance returned to his original form. He had golden hair and golden eyes. He looked at Yun Feng with an inexplicable glint in his golden eyes. Such a state made Qu Lanyi gloomy, but he didn't say anything.

"I'm here to ask if there's any news from Uncle Flirtatious about the map fragment that the Chili Tribe had back then."

"I've been paying attention to this matter since you left last time. I did find a few clues, but unfortunately, I didn't find it." Ao Ah Jin said. Yun Feng chuckled. "It's fine. This is

undoubtedly like looking for a needle in a haystack. Uncle Flirtatious, I have to thank you for looking for it."

"Kid, what are you talking about?" Ao Ah Jin said. "We've been investigating. There are intermittent clues. Recently, another clue came. That person of the Chili Tribe? seems to have already entered the East Sea."

The East Sea?! Yun Feng was shocked. Thinking about it, it made sense. The Chili Tribe had been suppressed and declined in the North Sea. Now that the Chili Tribe in the North Sea had left, he would definitely leave the North Sea.

"I've already sent a message to the East Sea and asked them to help pay close attention. Don't worry. I didn't say anything about the map fragment. I only said that it's a personal grudge."

Yun Feng smiled. "Thank you, Uncle Flirtatious."

Ao Ah Jin was speechless. "Girl, why are you being so polite with me?"

Qu Lanyi watched coldly on the side and saw the emotion in Ao Ah Jin's eyes. He wanted to say something, but didn't say anything in the end. As he said back then, he still admired Ao Ah Jin, but unfortunately... they couldn't be good friends after all.

"Right, kid, someone from the East Sea will be here soon. You're here too. It's good to talk to them."

Yun Feng nodded. It was good to talk. If possible, she might have to go to the East Sea again. She must get the map fragment from the hands of that person from the Chili Tribe!

They rested in the North Sea. The people from the East Sea came five days later. Yun Feng had been quite relaxed these few days. Ao Ah Jin was as busy as ever. The status of the Dragons in the North Sea was stable and unshakable, which was inseparable from his hard work. It was rare that Qu Lanyi didn't come to pester Yun Feng. He had spent more time with Ao Ah Jin. Yun Feng was also delighted that the two of them interacted more. One was the man she loved and the other was her best friend. Yun Feng would be extremely gratified if the two of them could get along well.

"Yun Feng, it's indeed you." On this day, a guest came to visit. Yun Feng looked up and saw that it was Xiao Ling. After a few years, she had become even more graceful and beautiful, and her figure had also become more mature and charming. In terms of external conditions, she was truly perfect.

"Yes, it's me." Yun Feng smiled lightly. The grudge between the two of them had already been resolved and she had let go of it. Xiao Ling only had feelings for Ao Ah Jin. Yun Feng could understand her feelings for Uncle Flirtatious right now.

"Grandpa wanted to hide it from me. I guessed that it was you." Xiao Ling said casually and sat down without hesitation. "Why are you here again? Don't you know that Brother Ao Ah Jin still hasn't given up on you?"

She went straight to the point. There was unhappiness in her words. Yun Feng was slightly stunned. He still hadn't given up? Uncle Flirtatious was still... "I'm here for something. I won't disturb you if there's nothing."

Xiao Ling frowned slightly. She had been restless ever since she knew that Yun Feng came. Yun Feng had disappeared in the last few years. Brother Ao Ah Jin was in a good mood and wasn't as bad-tempered as before. She thought he would forget about Yun Feng as time passed. She didn't expect Yun Feng to appear again at this moment.

"What's the matter? Do you really need Brother Ao Ah Jin's help?" Xiao Ling's dissatisfied tone was very piercing. Yun Feng replied to her without being annoyed, "It's just something. If there were anyone else who could help, I wouldn't have come here."

"When are you leaving?" Xiao Ling was enraged. What she said was much more straightforward. Yun Feng raised her eyebrows slightly and looked up with her black eyes. "You'll know when I'm leaving."

Xiao Ling's heart trembled slightly. The momentum that burst out of those black eyes just then made it difficult for her to breathe! Xiao Ling realized belatedly that Yun Feng's strength might have made a huge breakthrough again after a few years!

"You... You should leave as soon as possible. This is very good for Brother Ao Ah Jin..." Xiao Ling said with an obviously much weaker tone. Yun Feng slowly narrowed her black eyes. It was her business if she liked Ao Ah Jin. Yun Feng didn't come here to do anything to Ao Ah Jin. It was too much to be so aggressive.

Yun Feng was silent, but the momentum around her was already about to explode. Xiao Ling immediately couldn't sit still and lost the momentum just then. "I... I still have something to do... I'll go first." She got up in a hurry and ran out without looking back. Yun Feng sat there, looking thoughtful.

Not long after Xiao Ling ran out, she bumped into someone. "Kid, why are you running so quickly?" Elder Qi looked at Xiao Ling speechlessly. Xiao Ling raised her head slightly. At this moment, her face was already slightly pale. "What's wrong?" Elder Qi immediately asked with concern. Xiao Ling pursed her lips.

"Grandpa, Yun Feng... Why is Yun Feng here again?"

Elder Qi's face darkened. Was this kid... looking for trouble with Yun Feng again? "You're truly stupid!" Elder Qi roared in frustration. Xiao Ling was stunned. "Yun Feng isn't someone you can provoke! Putting aside Young Master's feelings for her, you're no match for her in terms of strength!"

Xiao Ling couldn't accept it in her mind. "Grandpa! My current strength is Grade 3 of the God Level! No matter how strong she is... she's only one or two grades stronger than me!"

Elder Qi shook his head and sighed. This kid... was truly! "One or two grades? How strong do you think she is right now?"

"She... She's only at Grade 5 of the God Level, or Grade 6! I'll work hard and I might not be worse than her!"

Elder Qi sighed heavily. "Grade 5 of the God Level? Grade 6? Right now, Yun Feng's strength has already surpassed that of a God. She's a God King!"

Xiao Ling's body suddenly shook! A... A God King! Yun Feng was a God King!

Chapter 1736: Unable to Be Surpassed (7)

"Grandpa, how... How can she... She was only a God when she left last time! And now, she's already a God King!" Xiao Ling whispered in disbelief. She had been working hard for a long time, but no matter how hard she worked, she couldn't compare to Yun Feng's cultivation speed. The God King Level! When exactly would she be able to catch up with her? Or rather... she couldn't catch up with her at all no matter how hard she tried!

Seeing that his granddaughter was deeply shocked, Elder Qi couldn't help but sigh again. There was nothing he could do. Yun Feng was destined to become an existence that couldn't be surpassed.

In the next few days, Xiao Ling didn't come again. Yun Feng was quite happy to be free. She knew her feelings for Uncle Flirtatious very well, and she didn't come for any special purpose this time. Every time Yun Feng thought of what Xiao Ling said, she felt a bit frustrated in her mind. Was she going to cut ties with Uncle Flirtatious completely? Just so that Uncle Flirtatious could live a better life?

After she let her imagination run wild for a few days, the people sent by the East Sea had already arrived. Ao Ah Jin sent someone to inform Yun Feng. Yun Feng immediately pushed the thoughts in her mind to the side. She couldn't figure out these things even if she wanted to. It was better to let nature take its course.

When she came to the hall, Ao Ah Jin and Qu Lanyi were both here, as well as people from the West Sea. As soon as Yun Feng stepped in, she heard a slightly familiar voice. "Feng Yun, it's been a long time."

Yun Feng looked up. It was the genius of the West Sea, Hao Tian. He could be considered one of Yun Feng's old friends.

Hao Tian smiled lightly when he saw Yun Feng and didn't have any other expression. Yun Feng replied with a smile. In fact, she should have known that the person from the West Sea was certainly related to the Chao Xi Clan. He certainly had to be someone important when he came to the North Sea to discuss matters with the Dragons. Hao Tian deserved it.

"Hao Tian, do you know this girl?" Ao Ah Jin couldn't help but feel curious when he saw that the two of them seemed to be familiar with each other. Hao Tian chuckled. "I guess so. We've met a few times."

Yun Feng chuckled. "How's Luo Teng?"

Hao Tian raised his brows slightly, as if he was a bit worried. "Same old. He's still a kid and always wants to run outside."

Seeing that the two of them were so familiar with each other, Ao Ah Jin couldn't help but laugh. "Haha, it's best if you know each other! You can talk!"

Qu Lanyi sized up Hao Tian coldly on the side. They had only met him once back then. Then, they set off for the East Sea. He had heard about the things between him and Fengfeng from her. It had to be said that Hao Tian, who was known as the strongest person in the West Sea, was quite beneficial to them with his strength and status, if he was willing to help.

When Yun Feng left the Endless Ocean back then, she told Hao Tian to pay attention to the situation on the West Sea. He had also experienced the Blood Souls, so he certainly knew how powerful they were. The Chao Xi Clan had absolute control over the West Sea, so they certainly wouldn't allow the human organization, the Blood Souls, to cause trouble in the West Sea. As Yun Feng expected, after Hao Tian and Luo Teng returned to the West Sea, the Chao Xi Clan launched a comprehensive cleanup, especially in the Abyss Mountain Range. They swore to uproot the Blood Souls in the West Sea Base.

"Ever since we went back last time, the Chao Xi Clan has been searching the West Sea again, especially the Abyss Mountain Range. Unfortunately, there's no trace of them in the Abyss Mountain Range anymore, as if they disappeared in an instant." Hao Tian looked a bit serious. Yun Feng also frowned. As expected, how would the Blood Souls wait for death? If the base was discovered, they could only evacuate as soon as possible without leaving any traces. They left quite quickly.

"We searched the West Sea a few more times. They really seem to have disappeared or left the West Sea. Even so, the Chao Xi Clan won't give up searching and won't let go of any clues." Hao Tian looked serious. "How can we allow humans to cause trouble in the Endless Ocean?"

Qu Lanyi raised his brows slightly. A human being... After all, he and Fengfeng could be considered humans, right? Hao Tian didn't show much hatred against humans as a member of the Sea Clan.

"Ahem, of course. The dragons in the North Sea will also pay more attention. I'll inform the West Sea and the South Sea later," said Ao Ah Jin. Hao Tian nodded. "We're certainly lucky to get the help of the dragons."

"Is there any news from the West Sea about the person I talked to you about?" Ao Ah Jin glanced at Hao Tian. Hao Tian chuckled. "I'm very curious. What exactly did that person do to cause such a deep grudge with the Dragons? Did the Young Master of the Golden Dragons chase him to the West Sea without caring about anything?"

Ao Ah Jin smiled awkwardly. Hao Tian's eyes glittered, as if he wanted to find out. Yun Feng stood up. "I asked Uncle Flirtatious for this. I was the one who made that person hate me, not Uncle Flirtatious."

Hao Tian raised his brows. Ao Ah Jin was startled. "Kid..."

Yun Feng smiled lightly. "I believe you know a lot about the destruction of the Chili Tribe. It's all related to me. There's a lot of grudge between me and the Chili Tribe."

Hao Tian pondered and remained silent. That made sense. The Young Master of the Golden Dragons seemed to be quite concerned about her and the two of them were unusually close. "I see. I didn't expect the Young Master of the Golden Dragons to be so friendly."

Ao Ah Jin raised the corners of his mouth. Hao Tian was also a smart guy. It was truly tiring to deal with such a person.

"Is there any news of that person from the West Sea?" Yun Feng asked. Hao Tian's black eyes glittered. "Yes... but..."

"But what?" Ao Ah Jin frowned. Hao Tian said, "It's precisely because it's a matter of the Dragons that the Chao Xi Clan doesn't dare to be negligent. That person's traces can be found in the West Sea. The Chao Xi Clan has also done their best. As for the follow-up, you should deal with it yourself. Chao Xi won't interfere."

Yun Feng nodded. The reason why the Xi family did this was because of the Dragons. She had benefited from it. She would certainly deal with the rest herself and get the map fragment in his hand!

"Sure. I'll go to the West Sea with you later," said Yun Feng. Hao Tian chuckled. "Of course."

Hao Tian came for a few days and discussed something with Ao Ah Jin. Yun Feng planned to go to the West Sea with him, but Qu Lanyi frowned slightly. "Fengfeng, Hao Tian... had a conflict with you back then."

Yun Feng nodded. Indeed, Hao Tian was full of racial hatred for her back then. There was also a battle between her and him. However, Hao Tian was the kind of person who knew when to let go.

"The result of the battle has already been decided. The grudge between us has already been resolved," said Yun Feng. Qu Lanyi's furrowed brows still hadn't relaxed. "He's been asking around what Ao Ah Jin said. Perhaps it's not as simple as you think."

Chapter 1737: Ming Barren Mountain Range (1)

Yun Feng smiled. "I know. He'll definitely be curious and come with us. We can only improvise." Yun Feng didn't forget that Hao Tian was also looking for the map fragment back then. If he knew that the person she was looking for had the map fragment in his hand, Hao Tian wouldn't let go of this opportunity.

After discussing with the Dragons for a few days, Hao Tian was about to set off for the West Sea. This time, Yun Feng and Qu Lanyi left with him. Ao Ah Jin obviously looked like he wanted to go too, but he was no longer the free and unrestrained Ao Ah Jin he used to be. Many responsibilities and helplessness weighed on his shoulders.

The night before they left, Ao Ah Jin came to Yun Feng's yard. As expected, Qu Lanyi was also there. Seeing that he was here, Qu Lanyi raised his brows. "Are you here to see her off?"

Ao Ah Jin smiled awkwardly and subconsciously looked at Yun Feng with his golden eyes. He scratched his soft golden hair with his hand and shook the bottle in his hand. "Drink. I'm here to drink with you tonight."

"Drink?" Qu Lanyi was puzzled at first. Then, he chuckled. "Drinking isn't bad."

"Very good." Yun Feng nodded with a smile. The three of them sat on the stone bench in the courtyard. The night sky of the Endless Ocean was different. There was dark seawater above their heads. There was no starry sky or bright moon, but there were stars scattered in the seawater, enveloping everything in a layer of hazy light.

Ao Ah Jin opened the bottle and a strong fragrance of wine came, refreshing. Yun Feng had never come into contact with alcohol before. This was the first time and she rarely had such an opportunity. Yun Feng didn't want to miss such a leisurely drinking session.

The three of them drank. Hazy light shone from the sky and the fragrance of the wine was pleasant. Qu Lanyi and Ao Ah Jin drank happily, while Yun Feng drank cup by cup. The wine wasn't strong at all. It felt soft in her mouth. Ao Ah Jin especially took care of Yun Feng's taste, which Yun Feng knew very well.

The night was beautiful and intoxicating. Ao Ah Jin's face was already slightly flushed. He didn't seem to have drunk much, but he was already drunk. Qu Lanyi's handsome face was also flushed, looking quite elegant.

"F*ck, I really want to go back to the old days when I didn't have to care about anything or worry about anything..." Ao Ah Jin mumbled as he drank. There was a hint of melancholy on his sculpture-like handsome face. "I'm not happy at all right now. I'm really not happy at all..."

"Even so, nothing will change. How would I not want to go back to the beginning? I didn't have to think about anything. I just had to focus on my own business." Qu Lanyi whispered and looked at Ao Ah Jin with his black eyes. After all, he was a bit like him. They used to be so carefree and didn't care about anything. Now, they were all tied up by the shackles of responsibility. They did this voluntarily.

Ao Ah Jin sighed heavily. "I envy you. Qu Lanyi..."

Qu Lanyi raised his brows and didn't reply. He just drank the wine in his hand and filled it again.

"You can get the woman you love, but I won't be able to get her for the rest of my life..."

Qu Lanyi drank the wine in his glass again. He glanced at Yun Feng next to him with his black eyes and found that she was already lying on the table and about to fall asleep. His thin lips curled up. It was good that she didn't hear their conversation.

"If I had expressed my feelings earlier, perhaps..." Ao Ah Jin looked at Yun Feng with drunkenness in his eyes. His golden eyes glittered with a strange light. Qu Lanyi chuckled. "So what? Fengfeng and I are destined to be together."

Ao Ah Jin burped and extended his hand, trying to touch Yun Feng's cheek. Qu Lanyi blocked him coldly. "Ao Ah Jin, do you remember what you said last time?"

Ao Ah Jin smiled wryly and shook his head as he stood up. "Yes, of course I remember. I'm just drunk."

Qu Lanyi stood up and handed him a cup. Ao Ah Jin laughed and took it, drinking it in one gulp. "I easily regret what I said. I'm just like a mortal."

Qu Lanyi chuckled and didn't say anything else. Ao Ah Jin's golden eyes glittered and he instantly became sober again. His drunkenness just then instantly disappeared. "I'm leaving. Have a safe trip. I won't send you off tomorrow."

"Goodbye," said Qu Lanyi in a low voice. Ao Ah Jin sighed and left, leaving only a beam of golden light.

Yun Feng was still sleeping soundly on the table. Qu Lanyi smiled dotingly and bent down to hold her in his arms. Looking at her slightly red cheeks, Qu Lanyi chuckled. "Are you really asleep?"

Yun Feng, who was in his arms, didn't move at all. She was still sleeping soundly. A gentle smile bloomed on her handsome face. Qu Lanyi carried the woman, who had already fallen asleep in his arms, into the house with a smile. That night, the fragrance of wine was still there. She was drunk in her dream.

The next day, when Yun Feng woke up, she opened her eyes and saw Qu Lanyi's sleeping face. Even though the two of them were sleeping with their clothes on, their posture was very intimate. Yun Feng was pulled into Qu Lanyi's arms. Their bodies were pressed against each other and their legs were intertwined. She could feel his scorching body temperature through their clothes. Yun Feng moved her body and the big hand exerted strength at her waist, pulling her body, which was about to retreat, back into his arms.

"You're awake?" The man's slightly hoarse and inexplicably sexy voice sounded. Yun Feng couldn't help but blush. She didn't dare to stick her head out and only replied softly. The big hand at her waist slowly searched a few times and heat came through her clothes.

"Should we get up?" Yun Feng asked tentatively, but the man chuckled. He suddenly exerted strength with his big hand at his waist and the posture of the two of them changed. The man pressed the woman under him and looked down from above with his handsome face. There was only an enchanting look in his black eyes.

Yun Feng's heart suddenly became restless. Such a Qu Lanyi was full of temptation. She couldn't help but think of how enchanting he was when he first came to the Masang School of Magic in women's clothes.

"Lanyi..." Yun Feng said. Her red cheeks were emitting heat, which made her a bit at a loss. She was no longer the girl who didn't know anything in the past. Even though her appearance had stopped at an extremely young moment, the passage of time had already carved marks on her body. She had already matured.

The man's fingers slowly moved up and climbed onto the woman's cheek. His soft fingers searched gently, as if he didn't dare to exert strength. A gentle numbness spread

from the place where he touched. Yun Feng felt that her entire body had already lost control and she could only let him do whatever he wanted.

Chapter 1738: Ming Barren Mountain Range (2)

There was a tempting smile on the man's thin lips. His slender fingertips slowly moved down from the woman's face to her fair neck. He kept searching the place where the arteries were jumping and feeling the strong jumps. Yun Feng's cheeks became redder and redder. A thin layer of sweat seeped out of her body. A strong erotic atmosphere emitted from Qu Lanyi's black eyes and restrained the woman under her tightly!

"Lanyi, I..." Yun Feng wanted to say something, but she instantly fell silent. The man's sudden movement of his big hand made Yun Feng's brain buzz! She had already forgotten everything she wanted to say!

Qu Lanyi watched in fascination and felt it with his hand. He felt the body of the woman he loved and the soft feeling of his palm touching her. He unconsciously increased his movements. He wanted to feel deeper and more...

"It hurts..." Yun Feng, who had never been treated like this before, shivered slightly. The tiny pain came, which made her a bit uncomfortable. Qu Lanyi's hazy eyes glittered, as if he had regained his consciousness. He suddenly loosened his fingers and looked at Yun Feng in shock with his black eyes. Yun Feng's cheeks were flushed at this moment. Her black eyes were a bit wet and very helpless.

Qu Lanyi immediately blushed. The obvious redness stained his skin. He suddenly left and dispersed the scorching air around him. "Let's get up... I'll go out first..." After saying that, Qu Lanyi pushed the door open and walked out without looking back. Yun Feng got up from the bed with a red face. The remaining feeling on her body was still there. Her heart was beating rapidly, because of a strange feeling and a soft voice of the unknown.

Qu Lanyi, whose cheeks were slightly red, ran all the way outside and took a deep breath. His heart was beating rapidly in his chest and the blood in his body seemed to be roaring. He opened his hand and looked at his fingers in a daze. Thinking of what he was doing just then, his face flushed again.

"I've underestimated myself..." He mumbled. The red spots in his black eyes jumped out and were forcibly suppressed again. Yun Feng's shy face and that soft cry of pain couldn't go away in his mind. If he didn't wake up, he would definitely press her down directly and eat her completely!

"Lanyi." Yun Feng's voice sounded. Qu Lanyi was slightly startled. He turned around and saw that her cheeks were still red. Inexplicably, embarrassment rose. Qu Lanyi

couldn't help but curse himself for being useless in his mind. He chuckled and walked over. He held Yun Feng's little hand and walked forward with her.

"I'll be more careful next time."

Yun Feng was startled. Then, she suddenly realized what he meant. The heat on her face, which had just cooled down, rose again. She couldn't help but look up with her black eyes and saw the man's red earlobes and a smile on his red lips. Yun Feng lowered her head with a red face. "Yes."

Qu Lanyi was stunned. Then, powerful joy burst out of his black eyes. He couldn't help but clench his fists. Next time...

The two of them met up with Hao Tian. Hao Tian glanced at the two of them suspiciously. "What's wrong? Did something happen?"

Yun Feng and Qu Lanyi were both a bit embarrassed to hear that. The inexplicable atmosphere made Hao Tian even more confused. Yun Feng quickly changed the topic. "Where's Uncle Flirtatious?"

"The Young Master of the Golden Dragons has something else to do, so he didn't come to see you off. Didn't he tell you?"

"Yes, last night," replied Qu Lanyi. Hao Tian nodded. "Then come back to the West Sea with me."

The three of them set off for the West Sea. Hao Tian led the way in front along the way. Yun Feng and Qu Lanyi followed behind. Thinking that she was drunk last night, Yun Feng was a bit embarrassed. She should have said a few more words to Uncle Flirtatious. She might not be able to come back after this trip.

"That person of the Chili Clan is hiding in the Ming Barren Mountain Range right now. The Chao Xi Clan has already sealed that area, so as not to lose track of him again."

"Thank you," Yun Feng whispered. Hao Tian chuckled and said, "It's too early to thank me. The Chao Xi Clan will only give you five days. If you can't find that person within the time limit, you'll immediately leave the Ming Barren Mountain Range."

Yun Feng frowned. Five days?

"There's a time limit?" Qu Lanyi raised his brows. Hao Tian turned around. "This is already the best time I got. After all, this is the territory of the Chao Xi Clan. The Chao Xi Clan is only willing to do it for the sake of the Young Master of the Golden Dragons."

"Got it. Five days," said Yun Feng. Hao Tian turned around and didn't say anything else. They went all the way to the West Sea, straight to the Ming Barren Mountain Range. As

soon as they approached, Yun Feng clearly felt layers of aura surrounding this place. The Chao Xi Tribe indeed took it to heart. It wasn't easy to surround this Ming Barren Mountain Range.

"Brother! You're back!" A figure rushed over. When he saw Yun Feng, he shouted in shock!

"Feng Yun! Why are you here?"

Yun Feng smiled lightly. The person in front of her was Luo Teng. "It's me. It's been a long time."

"Brother! W-What's going on? Isn't it about the Dragons? When did it become related to her?" Luo Teng looked at Hao Tian in surprise. Hao Tian glanced back indifferently. "She has a good relationship with the Young Master of the Golden Dragons. This matter is related to her. There's no need to make a fuss."

"B-B-But..." Luo Teng really wanted to shout, but she was a human being!

Hao Tian waved his hand. "Xiao Luo, it's better for you to shut up. Is there anything unusual inside?"

Luo Teng was startled. Seeing Hao Tian's gloomy expression, he didn't say anything else. "Nothing happened. That person of the Chili Tribe has been hiding inside for half a month. He can't come out."

Hao Tian nodded and glanced at Yun Feng and Qu Lanyi. "You can go in. Five days."

Luo Teng widened his eyes again! No way. He let them in just like that! "Brother..." Luo Teng said, but Hao Tian looked back at him. Yun Feng nodded. "Thank you. I'll come out in five days."

Hao Tian nodded and waved his hand, indicating that Yun Feng could enter. Yun Feng and Qu Lanyi immediately jumped in. The countdown of five days began from now!

"Brother! Why did you let them in? If you want to let them in, you should send someone to follow them!" Luo Teng roared in dissatisfaction. He was still unwilling to give up on Yun Feng. She must have a map fragment on her! Entering the Ming Barren Mountain Range this time wasn't as simple as it seemed!

Hao Tian frowned slightly and looked in the direction where Yun Feng and the others left. "I certainly know that she's not as simple as she seems this time. However, what the Young Master of the Golden Dragons said is right. The Chao Xi Clan can't not give the Dragons face. Five days is my compromise."

- Chapter 1739: Ming Barren Mountain Range (3)

Chapter 1739: Ming Barren Mountain Range (3)

"But..." Luo Teng still wanted to say something, but Hao Tian waved his hand. "The Ming Barren Mountain Range is so vast. Five days is far from enough to find someone hiding there!"

Luo Teng was enlightened. "Brother, you mean..."

Hao Tian chuckled. "There's something behind Yun Feng's every move. This time will definitely be no exception. Just wait. We'll all get something."

After entering the Ming Barren Mountain Range, Yun Feng finally realized how vast the area here was. It was already difficult to search a part of it in five days, let alone start looking for someone!

"Five days... Hao Tian is too cunning." Qu Lanyi gritted his teeth. This kid called Hao Tian was quite good at pretending. How could five days be the highest time limit he could fight for? Bullshit!

Yun Feng frowned slightly. Five days was obviously not enough. How should she make progress in five days right now? Sister Hua? If it were Sister Hua, she could reduce the time cost greatly, but the heavy damage of the water element seed was still there. Even though the few Magic Beasts were all recovering, they hadn't fully recovered yet. Under such circumstances, if Sister Hua did anything big, it might be harmful to her.

"We can only split up." Qu Lanyi looked at the vast area in front of him with his black eyes. "If we find anything, inform the other party with the Sound Transmission Jade. That's all we can do right now."

Yun Feng nodded. Splitting up was the only choice right now. "Swish, swish, swish!" The two of them separated and went deep into the Ming Barren Mountain Range in different directions at the same time!

Yun Feng drove all the way in and restrained her aura. Since that person of the Chili Tribe was hiding inside, he must be extremely vigilant if anything happened. It was better not to alert him. However, once she restrained her aura completely, it would be more difficult to search.

The earth element... Yun Feng stopped. The earth element was the most reliable method she had thought of at the moment. She would go deep into the ground and fuse with it. Once the idea appeared, she immediately took action. Yun Feng took a deep breath and slowly closed her black eyes. Golden earth elements surged out of her body and slowly merged with the ground, spreading instantly!

Yun Feng walked slowly. Every step she took, she had to stop and investigate carefully. It seemed that she had only walked more than ten meters, but Yun Feng's detection range had already expanded to a hundred miles around her! Waves appeared under her feet like a huge disc. After taking a few steps, Yun Feng had already investigated a huge area!

"It seems that there's nothing here..." Yun Feng's black eyes glittered. She quickly walked straight forward and investigated the next area. She didn't know if she could get anything in five days. She could only try her best.

Three days passed in the blink of an eye. In these three days, Qu Lanyi and Yun Feng were both exploring on their own. The two of them made good progress, but compared to the vast area of the Ming Barren Mountain Range, they had only taken a small step forward!

Three days had already passed. There were still two days... Thinking of this, Yun Feng couldn't help but feel a bit frustrated. What should she do... What should she do?

"Buzz!" Suddenly, a tiny spatial fluctuation appeared, followed by the aura of a powerful Magic Beast!

Yun Feng's black eyes brightened! Right! There must be powerful Magic Beasts in a place like the Ming Barren Mountain Range! As long as she found the so-called core member of this area, all the problems would certainly be solved! This was a risky idea. The so-called core members would definitely have the most outstanding strength. They might even be some special species. Yun Feng didn't just rely on strength to subdue such a Magic Beast, she also relied on luck!

"Lanyi!" Yun Feng took out the Sound Transmission Jade and picked it up. "Fengfeng, have you made any progress?"

"Not yet, but I have an idea."

"What do you think? Tell me."

After a while, two figures in the Ming Barren Mountain Range moved forward quickly towards the same target! Two powerful auras burst out and the auras of God Kings spread, completely alarming the Ming Barren Mountain Range!

"God Kings..." A deep voice sounded, followed by the sound of a huge figure moving with endless dignity.

"Master Wuya, we'll go out and deal with it."

"Alright." After saying that, a few figures flashed and left. Their huge bodies moved slightly. "I didn't expect to meet a God King when I just came out of seclusion."

As he spoke, a little figure staggered over and chuckled softly. "Why, kid? You're still here?"

The little figure swayed and rubbed against him. The huge body suddenly let out a smile. "Never mind. If you like this place, stay."

In the Ming Barren Mountain Range, two figures rushed to the core area with irresistible force!

"Swish, swish, swish, swish!" A few figures appeared fiercely. "You can't go forward. Retreat quickly!"

Yun Feng and Qu Lanyi both curled their lips. Very good. They were finally going to get something!

"You're not allowed to go any further!" A few figures stood in front of Yun Feng and Qu Lanyi. The two of them had already met up. Looking at the few Magic Beasts blocking the way, Yun Feng held her wand and attacked without another word! Seeing Yun Feng attack, Qu Lanyi was immediately very cooperative. None of the few Magic Beasts who warned her expected the two of them to be the fighting type. They immediately panicked.

"Fire Field!"

"Wind Blade!"

"Thunder Roar!"

The continuous elemental attacks didn't give her opponents any chance to catch their breath at all! The three classes of elements attacked fiercely and three different colors exploded in front of her opponents! This was a wild attack and she didn't have the slightest intention of letting them catch breath. Yun Feng didn't have any mercy at all. She focused her fire and wanted to kill all the Magic Beasts blocking her way!

"These two... Who exactly are they?" The few Magic Beasts, who were completely flustered by such an attack, resisted in panic for a while, but they obviously felt that they were all suppressed! They could only keep retreating and retreating again!

"Report to Lord Wuya!" One of them roared. One of the figures immediately flashed back. Seeing that, Yun Feng and Qu Lanyi came in a hurry!

"Boom—!" There were a few consecutive loud explosions and there was only blood left! In just a few minutes, the few Magic Beasts blocking the way all fell on the ground! The Beast Souls that escaped in all directions were all captured by Yun Feng and directly swallowed into her mouth!

Chapter 1740: I Found You (1)

The Magic Beasts that escaped not far away couldn't help but shiver! Who exactly were those two people? They had never seen such a bloody method of attack. The woman seemed to have swallowed the Beast Souls just then!

"We'll just wait," said Yun Feng casually in the bloody scene. Qu Lanyi nodded. This was the first time he had seen Yun Feng attack so fiercely. A few elemental attacks were released one after another, which tested the summoner's mental strength endurance. If the distribution of mental strength wasn't careful, it was very likely that she would be exhausted in the end. However, Yun Feng didn't have any worries about this at all. Her mental strength storage could be said to be like an ocean!

The reason why the two of them spent so much effort fighting was to lure out the so-called Lord Wuya. Yun Feng's heart sank slightly. What level was this Wuya that came? If she could subdue it, she would certainly be able to get twice the result with half the effort.

After a while, the two of them clearly felt the pressure of Mount Tai coming. It was like a moving mountain and a heavy aura kept spreading everywhere!

"It's here." Qu Lanyi frowned slightly. The two of them instantly extended their mental strength and collided with Wuya's aura, whom they had yet to meet!

The moment they collided, both parties were stunned!

"Grade 7 of the God King Level..." Qu Lanyi mumbled. Yun Feng frowned. Grade 7 of the God King Level... Even though it was impossible to kill him, their strength had increased a lot. They could slowly grind him down until he was severely injured!

"Boom! Boom! Boom!" The ground kept shaking. The huge footsteps got closer and closer as the tremors rumbled. The footsteps were like heavy hammers. Every step he took left deep marks on the ground!

"Who exactly is provoking us in the Ming Barren Mountain Range?" A loud voice came with incomparable anger! Yun Feng and Qu Lanyi suddenly retreated. "Boom!" The place where the two of them had been standing was penetrated from the ground!

The huge black shadow was like a mountain. Accompanied by the scorching heat, its entire body was enveloped in a black and red color. Red patterns could be vaguely seen on the black surface. To be exact, those red dark patterns were more like flames burning in its body!

When the heat wave came, Yun Feng attacked! The cold water element immediately surrounded the two of them and dispersed the heat around them!

"That's Wuya?" Yun Feng looked at the original body of the Magic Beast, which was dozens of times larger than hers. She had to look up to see its full appearance. Its original body was too huge!

Qu Lanyi's face darkened. "It seems to be a fire-element Magic Beast. The temperature around it is ridiculously high!"

"It's better not to get close."

The two of them continued to retreat. Wuya strode forward and his huge body had already arrived! He looked at Yun Feng and Qu Lanyi with his fiery eyes. "Are you the ones who provoked me?"

Yun Feng frowned and clenched the wand in her hand tightly. This was a tough battle. She couldn't be hasty. She had to win with time!

"I'm not provoking you on purpose. I just want you to help me find someone," said Qu Lanyi. Wuya slowly narrowed his eyes. "Find someone? You're running wild in the Ming Barren Mountain Range. How dare you ask me for help?"

"I didn't do it on purpose. I'm just looking for someone." Yun Feng said loudly. Wuya glanced over and black and red flames spouted out of his eyes. The sound of the fire crackling sounded. Red dark patterns appeared in his body, sometimes dark and sometimes bright, as if there was really a fire burning fiercely in his body!

"No matter what, since you've alarmed me, don't even think about leaving so easily!" Wuya said as he stomped on the ground fiercely!

Yun Feng and Qu Lanyi immediately jumped into the air and several cracks instantly appeared on the ground!

"Roar!" Wuya roared and waved his huge hands in the air. Fire appeared in his hands and burned in the air, forming a fiery red line that went straight for Yun Feng and Qu Lanyi's bodies that jumped into the air! The two of them immediately tapped their toes and dodged again, attacking at the same time!

The light element and the water element attacked from both sides, hitting Wuya at the same time!

"Poof!" A mist rose from Wuya's body and the steam turned into white mist. Everything in sight was white!

"Roar...!" The roar sounded again and surging flames jumped out of the steam. Wuya's two giant hands were like two small volcanoes! The flames that burst out were quite powerful and fierce! "Water Chains!" Yun Feng raised her head and shouted. Ice blue chains formed in her hands and she swung them fiercely. "Swish...!" The chains instantly wrapped around Wuya's wrist!

She waved the wand in her hand and the green wind element enhanced Yun Feng's body. She jumped and stepped on the air with the tip of her foot. She exerted her strength and jumped! She flipped her body quickly and Yun Feng was about to climb onto Wuya's body!

Wuya noticed Yun Feng's intention and turned his body. Yun Feng's black eyes darkened and she grabbed the Water Chains fiercely with her hand. Her body immediately flew up crazily with Wuya's momentum!

"Light Hammer!" Qu Lanyi roared! A huge hammer appeared in the air and smashed at Wuya's head fiercely!

Its huge body represented powerful strength, but it also represented the speed of almost paralysis!

"Roar!" Wuya roared as he waved his other hand and shattered the light hammer fiercely! However, at this moment, Yun Feng, who was flying crazily in the air, exerted strength in her hand and her body quickly flipped in the air. She stepped on Wuya's body!

Stepping on Wuya's huge body, a scorching wave immediately came! Especially the red patterns that seemed to be cracking. After stepping on it, Yun Feng found that there was really fire burning below! This was a body completely made of fire!

Jumping among the countless cracks, Yun Feng tried to climb onto Wuya's neck. Qu Lanyi kept harassing and attacking him to divert Wuya's attention, while Yun Feng moved forward carefully. She had to pay attention to the scorching fire that kept rising from the cracks!

"Boom!" Wuya's body turned around and his burning eyes narrowed slightly. He saw Yun Feng on his back and his muscles quickly tightened. The fire in his body instantly burst out!

"Whoosh!"

The dazzling red light and the constantly surging fire! Wuya's outburst made its entire body surrounded by fire, turning it into a sea of fire! In particular, the countless cracks on its body and the fire that shot out spread all over its back! There wasn't a place that was ignored!

The sea of fire burnt everything! Destroyed everything!

Qu Lanyi's heart shrank when he saw that! Fengfeng was still on its back! His black eyes glittered and he found that a figure flashed across Wuya's back. Qu Lanyi heaved a sigh of relief. Yun Feng, who was on Wuya's back, was standing on a huge icicle at this moment. The moment the fire rose, she quickly waved her wand and water elements surged out of a certain spot on Wuya's back, turning into ice quickly! Yun Feng jumped on it and dodged the ultimate move just then.
