Chapter 1781 - 1781: Immortality (3)

“Go... Go!” The leader immediately shouted as a few figures instantly pounced on Yun Feng. The old man was so frightened that he quickly closed his eyes, unable to watch the bloody scene.

“Bang, bang, bang!” A few figures landed heavily on the ground, followed by silence. Old Wang opened his eyes in fear and saw that the five desperadoes were all on the ground and were no longer breathing!

They... They were dead! Old Wang’s black eyes widened. It had only been a few seconds just then. They died so quickly!

Qu Lanyi said in a low voice, “They’re just at the Commander Level. What a joke.”

Yun Feng glanced at the few corpses on the ground. If she let these few desperadoes go, they would become even more arrogant. They would come to find trouble with Old Wang sooner or later. In order to avoid future trouble, she would still take their lives. A ball of fire appeared in Yun Feng’s palm and directly flew to the five corpses. The fire swallowed them and instantly turned them into ashes.

“Old man, it’s fine.” Yun Feng chuckled. “About the so-called immortality, I think you should come up with an excuse, or similar people will come to you.”

The old man nodded. Yun Feng smiled lightly and turned around to leave. The old man thought for a moment. If it weren’t for her tonight, he would have died here. Not only him, but also his woman. Besides, she could use force on him with her strength, but she didn’t... She looked very young, but her bearing was extraordinary.

“I’ll tell you where I found that thing, but let me tell you in advance. It was just a coincidence. I can’t guarantee that you can find me too.”

Yun Feng nodded with a smile. “It’s fine.”

Old Wang told Yun Feng the place. It was on Juling Mountain, which was not far away from the town. There were a lot of herbs in this mountain. This was also the reason why Old Wang collected herbs. Juling Mountain was very big. Old Wang only dared to wander in the outermost area alone and didn’t dare to go deep, or he wouldn’t have only picked very ordinary herbs.

After saying that, Yun Feng thanked him and left some mid-level herbs for the old man. Too expensive herbs weren't good for him. These could improve his life. The old man was very surprised. After thinking for a while, he searched his pocket and took out something.

"There's only a little bit of what I found back then. Here." Old Wang handed the thing in his hand to Yun Feng. Yun Feng took it. It was a very small stone, but the stone itself carried a faint glimmer. Qu Lanyi's black eyes darkened. "This is the light element."

Yun Feng was surprised! Light element! This stone contained the light

element!

"This thing should be a rare thing. I dug it out when I saw it glitter back then. I tried my best and crushed it for my woman to eat. I didn't expect her to be completely cured the next day. It's useless for me to keep this thing."

Yun Feng clenched the stone. "Thank you, old man."

Yun Feng and Qu Lanyi left the town that night and went towards the Juling Mountain. On the way, Yun Feng had been observing the small stone in her hand. Qu Lanyi said, "This stone doesn't have the characteristics of containing light elements. It must've been close to something and has been nourished like this. The light elements have penetrated it."

"So, the light element seed is most likely in the Juling Mountain."

Qu Lanyi nodded. "Very likely."

"I hope we didn't rejoice for nothing this time." Yun Feng whispered. A stone couldn't prove anything. It would be best if the light element seed was really in Juling Mountain.

When dawn approached, Yun Feng and Qu Lanyi had already arrived at the foot of the Juling Mountain. There was a layer of faint mist surrounding the outermost area of the Juling Mountain. Looking from afar, it looked like a paradise. The air around was extremely fresh and pleasant. It wasn't bad to live in the mountain.

The closer they got to the Juling Mountain, the more they found that the thick fog couldn't help but linger around the mountain and the foot of the mountain was also spreading around. As soon as the two of them approached the foot of the Juling Mountain, they vaguely saw a lot of black shadows, as if many teams were gathered here. Yun Feng frowned. As expected, the news of immortality spread very quickly. Many mercenary groups and some God-Level experts came here.

Yun Feng and Qu Lanyi glanced at the situation briefly. There were both Ovey and Shengyao mercenary groups. After all, there were more than twenty mercenary groups

of all sizes at the border of the two empires. Each mercenary group had more than twenty people. There were more than four hundred people gathered at the foot of the Juling Mountain. Some were hired, and some came voluntarily after receiving the news.

It wasn't easy to go deep into the Juling Mountain. If the light element seed was really buried here, the plants and Magic Beasts of all sizes in the Juling Mountain would be directly affected by the light element. With the nourishment of the light element, the Magic Beasts in the Juling Mountain had extraordinary abilities and their vitality was also very tenacious. After all, the light element had a powerful healing function and might even change their bodies! The mercenary group sent so many people out carefully. In the eyes of humans, Magic Beasts were a very powerful race.

"There are so many people. It seems that they want to go deeper." Qu Lanyi frowned. This would more or less affect them. So many people entering the Spiritual Gathering Mountain would definitely alarm a lot of Magic Beasts. If they went deeper, it might affect the search for the Element Seed.

"It's fine. They don't dare to go too deep. The Element Seed should be in the deepest part. We just have to keep moving forward," said Yun Feng with a hint of worry in her mind. These mercenary groups weren't the only ones who entered the Spiritual Gathering Mountain. There were also some powerhouses. It wasn't a big deal for the mercenary groups. What really frustrated them was those powerhouses. Even though the two of them were at the God King Level and had enough suppression power, it would be a kind of trouble if there were too many interferences.

"Let's go." The two of them flashed and had already entered the Juling Mountain, passing through a layer of faint fog. The two of them stepped into the Juling Mountain. There were herbs everywhere in the Juling Mountain, covering an extremely vast area. There were also some low-level Magic Beasts. The two of them explored deeper and deeper and found that the environment was better. Qu Lanyi said, "It's fine in the outermost area, but some light elements have already penetrated the air right now. Even though they're very weak, they do exist."

Yun Feng smiled. "The deeper we go, the more we'll get."

"I hope so," whispered Qu Lanyi casually. The two of them walked forward. The coverage of herbs gradually decreased, but their levels increased. The levels of the Magic Beasts also increased, but none of them dared to jump out and disturb Yun Feng and Qu Lanyi. After all, their strength had absolute suppression..

Chapter 1782 - 1782: Immortality (4)

The two of them flew at a low altitude and passed through the forest. Yun Feng stepped on a tree branch and suddenly felt something under her feet. Her body immediately

flashed and a few wooden stakes suddenly jumped out of the ground, stabbing at her in the sky. Yun Feng waved her hand and the wooden stakes broke. Then, a huge net fell from the sky. Qu Lanyi raised his hand and the huge net was quickly cut into two pieces, falling on the ground.

The two of them looked at these things. This was obviously a trap.

“Hurry up! We’re almost there! Lure it over quickly!” Soon, there was a commotion not far away. A few panting voices quickly approached, followed by the deafening roar of a beast!

The two of them raised their brows. Was this trap set to capture Magic Beasts? Wasn’t it too simple?

The bushes moved and a few figures suddenly appeared. They all looked very young. The few young people were originally delighted. When they saw Yun Feng and Qu Lanyi, they were obviously startled. Seeing the completely destroyed trap again, their expressions immediately changed!

“The trap has been destroyed!” A girl shouted loudly. The Magic Beast behind her had already arrived! It let out a furious roar and jumped out of the bushes, about to pounce on her! Yun Feng stood there. When it saw Yun Feng with its beast eyes, its body suddenly trembled and the Magic Beast ran away without looking back!

“It’s running!” Seeing that the Magic Beast was about to run, a boy chased after it and stabbed it with a longsword! The Magic Beast was suddenly attacked. It waved its huge claw angrily and the boy was caught. A bloody wound immediately appeared on his chest!

“Watch out!” The few young people immediately ran over. The Magic Beast roared and looked back vigilantly. Seeing that Yun Feng was still here, it immediately turned around and ran away without looking back, disappearing instantly.

“Damn it! It still escaped!” A few young people surrounded the injured man. It was just a superficial wound, but the area of the wound was a bit large.

“It’s all their fault!” One of the women glared at Yun Feng and the others angrily. “If they didn’t destroy our trap, how would it have escaped?”

Yun Feng raised her brows and didn’t say anything. She was already planning to leave. Qu Lanyi had the same attitude. The two of them immediately turned around and were about to leave. The few young people immediately surrounded them. “You’re not allowed to leave!”

Qu Lanyi sneered. “You can’t catch a Grade 9 Magic Beast of the Lord Level.”

The few young people were immediately a bit unhappy. "If it weren't for you, how would we not be able to catch them?"

Yun Feng raised her brows. "Do you really think this trap could catch it?"

"Our capture was perfect. If you hadn't come out to mess things up, it would have already been ours!" The few young people were all indignant. "You two even caused our people to be injured!"

Yun Feng glanced at the injured man. "It's just a superficial wound."

"Get out of my way." Qu Lanyi was a bit impatient. The few young people immediately surrounded him even more tightly. "Don't even think about leaving just like that, unless you give us a Magic Beast! And treat his injuries."

Qu Lanyi's face darkened. Yun Feng raised her brows slightly. A stream of water element had already been shot over and the wounds quickly healed. The few young people were all slightly shocked. "He's already recovered. As for the Magic Beast... It's your fault that you didn't catch it."

The few young people immediately looked at each other and understood that

Yun Feng and Qu Lanyi were quite strong. "The few of us are all at the Lord

Level. It might be a bit difficult for us to catch something at Grade 9 of the Lord Level, but the appearance of the two of you did ruin our plan. You're in the wrong."

Yun Feng's black eyes darkened. These few people blamed it on them? How could that simple trap catch a Grade 9 Magic Beast of the Lord Level?

"Since the two of you are powerful, it should be a piece of cake to hunt a Grade 9 Lord."

Yun Feng raised her brows with a hint of anger in her eyes. "You only want to use others to achieve your goal. In the end, you can only achieve nothing."

After saying that, Yun Feng and Qu Lanyi ignored her and left.

"As powerhouses, they don't even have any arrogance?"

"It seems that we can only blame our bad luck. How unlucky!"

"Hey, what are you laughing at?" Someone looked at a companion in confusion. The young man chuckled as a glint of light flashed through his eyes. "How about we follow them?"

“Follow them? Are you stupid? They’re much stronger than us. We can’t beat them in speed.”

“That’s right. Besides, even if we can follow them, won’t we be discovered?”

“They should be going deeper. We’ve already encountered Grade 9 Magic Beasts of the Lord Level here. There will be higher-level Magic Beasts further in.

Aren’t we going to die?”

“I’ve attached something to them. We won’t lose them. Let’s follow them from afar. Since they’re powerhouses, they must have a purpose for entering the Juling Mountain. Wouldn’t it be better if we can take this opportunity to have a huge fortuitous encounter?”

The few of them started an intense discussion. The injured young man didn’t say anything. After discussing it for a long time, everyone looked at the young man. It was obvious that he was the backbone here. “You make the decision.” The injured young man was silent for a while before he said, “If we follow them, we’ll indeed have a fortuitous encounter, but we’re not strong enough to go deeper. They’re powerhouses, so they certainly can, but we’re not. Even though we can follow them along the way, nobody will protect us. If we lose our lives halfway, the gains won’t make up for the losses. However, we would be missing a great opportunity.”

Everyone was silent. That was indeed the case. A fortuitous encounter would pull them to a new height, but there were many dangers. They might pay with their lives.

“At this moment, it would be great if a powerhouse was willing to take us forward.’

“Yes, if only that was the case.”

The few young people looked at each other and understood that even if they wanted to follow them, they didn’t want to lose their lives. They should find an opportunity to continue what they did just then, but they were more or less a bit unwilling in their minds.

“Guys, what are you doing?” A figure slowly came. He had a slender body, a handsome face and a pair of golden glasses on the bridge of his nose. He was wearing neat clothes. Coupled with the humble smile at the corners of his mouth all the time, he gave people a sense of politeness and distance..

Chapter 1783 - 1783: Immortality (5)

The injured young man frowned and looked at the person in front of him. "Are you from the Summoning Union?"

The man pushed the glasses on his nose with his slender fingers and smiled lightly. "You're not a summoner. Do you know me?"

"Although I'm not a summoner, I met you by chance at the School of God of War," said the injured young man with hope already ignited in his eyes. These few young people were all students of the Shengyao Empire's School of God of War.

Ling chuckled. "I see. Are you guys forming a team to train?"

"That's about it. You can only grow by training."

Ling smiled and nodded in agreement. At this moment, one of the others said excitedly, "Can he take us after them?"

The others were immediately excited after hearing that. That's right. The person from the Summoning Union must be very powerful. Even though he looked weak, it should only be on the outside. The few of them saw the green ring on Ling's hand and their hearts heated up. He was a summoner!

The injured young man said, "I wonder... if you can take us to catch up with two people."

Ling raised his brows. "Two people? Your enemies?"

"No, two powerhouses... We met them just then. They went deeper. We thought we might find something if we followed them."

Ling smiled lightly after hearing that. "I see. Being with a powerhouse will more or less be beneficial. A fortuitous encounter might appear. However...

since they're powerhouses, how can you catch up?"

"Don't worry about that. We can track their whereabouts, but... we don't dare to go too deep with our strength."

Ling pushed the glasses on his nose. "I don't know. What kind of people are those two powerhouses? Once they find out, it won't be easy for you to escape unscathed."

"A man and a woman. Even though they're a bit cold, they shouldn't be people who attack casually. Besides, we'll only follow them from afar and won't get too close."

"A man and a woman?" Ling mumbled as the corners of his mouth curled up.

His glasses suddenly glittered. "In that case, I'll take you forward."

"That's great!" The injured young man smiled happily. The others were also excited. Ling curled his lips and smiled gently. "The Summoning Union has contact with the Schools of God of War of the three empires. It's only right for us to help if we meet here."

"Thank you. Let's go." The injured young man was delighted. The few young people all looked eager to try. Ling chuckled. "Sure, let's go."

Yun Feng, who had been moving forward, suddenly tightened her body and subconsciously looked back. Qu Lanyi frowned. "What's wrong?"

Yun Feng frowned. "I feel like... someone is chasing us from behind."

Qu Lanyi was puzzled. The two of them stopped and searched carefully, but found nothing. "Is it an illusion?" Qu Lanyi raised his brows. Yun Feng had been frowning, as if she had a sixth sense. The feeling of being chased lingered in her mind for a long time. For the sake of caution, Yun Feng took out the Finger Spiritual Jade. Seeing her movement, Qu Lanyi said, "Are you worried that he's here too?"

Yun Feng nodded, but the Finger Spiritual Jade didn't show anything. Just because it didn't show anything didn't mean that Ling wasn't here. He just might not be in the area covered by the Finger Spiritual Jade.

"If he's really here, we can't meet him," said Qu Lanyi. "The route is different.

It'll be strange if we bump into him."

Yun Feng chuckled and put away the Finger Spiritual Jade. "You're right. Perhaps I'm thinking too much. Let's go." The two of them continued moving forward. In a distant place, a group of people also stopped. "They suddenly stopped. Have we been discovered?"

Ling smiled lightly. Young Lady Yun, you're still so cautious.

Seeing that Yun Feng continued moving forward, the few young people immediately heaved a sigh of relief. Ling glanced at them silently. If these few people went deeper, it would ruin things sooner or later. It was better to get rid of them first... Since he had already figured out her whereabouts, he wasn't afraid that he wouldn't be able to keep up.

He glanced at the forest around him. If it weren't for him, these few people would have already been swallowed by the Magic Beasts along the way. How would they be so lucky? He quickly extended his hand and probed somewhere in the forest with his mental strength. The roar of a Magic Beast suddenly sounded!

“It’s a Magic Beast! ” The expressions of the few young people immediately changed drastically! They had been very careful along the way. How would they provoke a Magic Beast?

He swung his hand again and slashed fiercely with his mental strength. The roar of the Magic Beast came again, accompanied by rapid panting and footsteps this time!

“It’s coming!” The few young people immediately trembled and quickly gathered behind Ling. They looked around in panic. As expected, a huge figure had already darted out of the depths of the forest after a while!

“Roar! Humans came to our door!” A pair of orange beast eyes stared at Ling and the few young people firmly. The powerful aura of a Magic Beast came and the few young people all turned pale! How could this be? How exactly did they alarm it?

“You guys go first. I’ll block him. Luckily, this place isn’t too deep. It shouldn’t be a problem for you to escape quickly.” Ling stood in front of the few young people and instructed them quickly without looking back. The few young people immediately nodded. “Mr. Ling, what about you?”

Ling chuckled. “Don’t worry about me. I won’t let anything happen to me. You should run out first, or you’ll distract me.”

The injured young man immediately said, “Let’s go!” The few young people turned around and quickly escaped. Seeing that, the Magic Beast roared and pounced on them. Ling’s black eyes glittered and he turned his body slightly to the side, letting half of the Magic Beast’s body pass. The Magic Beast’s huge claw swept over. Ling opened his hand cleverly and sent his mental strength slightly. The huge claw deviated, but the force swung over.

“Argh!” A figure fell on the ground and quickly got up. The few young people all ran desperately. Their lives were more important right now. As for that fortuitous encounter, they didn’t want it!

“You want to escape?” The Magic Beast roared and was about to continue chasing. Ling went forward and fought with it. He controlled his strength very well. He didn’t retract his hand until the few young people had already run far away.

“Human, you think you can stop me?” The beast’s eyes widened. It gave up chasing after those few young people and pounced on Ling himself instead. His slender body stood on the spot as he pushed the glasses on the bridge of his nose gently with his finger. Dark light flashed through the black eyes behind the glasses.. The huge body of the Magic Beast was already close to him and a huge shadow covered him!

Chapter 1784 - 1784: Immortality (6)

“Roar! Die!”

It was an extremely elegant posture with an elegant smile at the corners of his mouth. He waved his arm in the air, and a roar came from the mouth of the Magic Beast. Fear suddenly flashed through its eyes. It was already impossible for it to escape!

“Bang!” Its huge body landed heavily on the ground, causing the ground to tremble slightly! It was no longer breathing!

Ling patted the uniform on his body gently with his hand. He turned around and took a few steps forward. He bent down and picked up something on the ground with a smile at the corners of his mouth. “Young Lady Yun, it seems that it’s impossible for you to avoid me.”

He looked back and turned around. His elegant body walked past the Magic Beast’s corpse with elegant steps until his body disappeared into the depths of the forest.

Yun Feng kept frowning. She felt that something was wrong. She stopped several times to investigate, but didn’t find anything, which made her feel a bit paranoid. Qu Lanyi didn’t say anything. He also paid attention to the situation behind, but didn’t find anything.

At this moment, the two of them were gradually approaching the core of the Juling Mountain. The light elements were more and more obvious and a surging life force filled the air. Both of them were intrigued. Their guess might be right.

“The trees and even stones here have already been penetrated by the light element.” Qu Lanyi looked around in surprise. It could be said that the light element had already penetrated the entire mountain and nourished the entire Juling Mountain!

“Stop!” A furious roar sounded and a figure suddenly stopped the two of them. He had black skin all over his body and his upper body was in the form of a Magic Beast, while his lower body was in the form of a human being. He had a

thick long tail behind him and stared at the two of them with his beast eyes. “Don’t go further!”

Qu Lanyi and Yun Feng raised their brows. It seemed that the two of them had already reached the edge of the core. Was this a warning?

Seeing that Yun Feng and Qu Lanyi didn’t intend to retreat at all, the Magic Beast moved and waved its huge hand, shooting air currents at the two of them. Yun Feng

and Qu Lanyi's bodies flashed. They didn't care about the attack of an Emperor-Level Magic Beast.

Without another word, the two of them had to enter! They raised their hands and two streams of mental strength hit the Magic Beast's body. The Magic Beast's eyes widened! Its body was also pushed to the ground by this powerful force and it couldn't get up for a while.

The two of them didn't kill it. After knocking it back, their bodies flashed and they continued deeper. The Magic Beast struggled to stand up, but the heavy injuries on its body made it lie on the ground and pant heavily. "Did those two human powerhouses step into the Juling Mountain for that thing? No, I have to report quickly...!"

A figure approached with a faint smile at the corners of his mouth. His deep black eyes were hidden behind the glasses and he suddenly raised his hand!

"Poof!" The sound of a body being instantly torn apart! The Emperor-Level Magic Beast lay on the ground and didn't make another sound!

The smell of blood filled the air. The man looked up and glanced at the corpse on the ground coldly. "You can't ruin my business." After saying that, the man's body flashed and he followed Yun Feng and Qu Lanyi closely.

Yun Feng and Qu Lanyi went deeper and deeper. Many Magic Beasts came out to block their way. The two of them quickly attacked and severely injured them.

When the two of them reached a cave, Qu Lanyi said excitedly, "This is the place."

There must be clues in the cave!

The two of them looked at each other and were about to run into the cave, when Qu Lanyi suddenly grabbed Yun Feng and quickly pulled her into his arms. dark elements instantly surged out and enveloped the two of them. Qu Lanyi held Yun Feng and quickly hid on a tall tree. Yun Feng glanced at Qu Lanyi curiously. Qu Lanyi didn't say anything and mouthed, "There's God King Magic Beast here."

Yun Feng was shocked. God King Magic Beast!

Qu Lanyi nodded and gestured with his finger. Two. Yun Feng looked gloomy. Two God King Magic Beasts? Why couldn't she sense them? It seemed that their auras were hidden very carefully. It seemed that they were stronger than her.

The two of them weren't tricky. It wouldn't be a problem for her and Lanyi to each take down one. If that was the case, why was Lanyi so careful? Yun Feng looked up and said her plan silently with her lips. Qu Lanyi shook his head. After waiting for a while, an invisible pressure suddenly pressed down from the sky. Yun Feng looked up and saw a

huge Magic Beast flying over the sky. A huge shadow pressed down from above her head. Yun Feng was shocked! She couldn't figure out the bottom line of this Magic Beast at all!

"Lord Shen Wu! A human powerhouse killed Magic Beasts all the way here!" A figure rushed over and knelt in front of the cave, saying in a low voice. Yun Feng and Qu Lanyi were both surprised. Kill? They had never killed any of them. They only severely injured the Magic Beasts... Could it be?

Yun Feng immediately took out the Finger Spiritual Jade! A light spot on it glittered. It was so close that Yun Feng instantly held her breath!

A figure suddenly appeared and pressed Yun Feng's finger gently with his slender fingers. Qu Lanyi was about to attack when Ling said silently, "I advise you not to do that."

Qu Lanyi's black eyes were burning with anger. Ling slowly retracted his fingers and stood next to Qu Lanyi. The three of them were hiding on the same tree. Nobody could do anything.. If they did anything and their aura was discovered, the consequences would be unimaginable!

Chapter 1785 - 1785: Immortality (7)

Ling's sudden appearance caught Yun Feng and Qu Lanyi off guard. Luckily, he didn't come to cause trouble. The current situation couldn't have any flaws. The level of the Magic Beasts guarding the cave wasn't something the three of them could deal with. They could only find an opportunity, so the three of them could only hold their breath and look at each other, but their expressions were different.

Ling smiled indifferently and didn't panic at all. Yun Feng and Qu Lanyi quickly calmed down after the initial shock. The two of them stared at Ling with their black eyes. The three of them had the same thought. If they wanted to talk, they should wait until the current crisis passed.

"Ling Xiao, go over and take a look." A voice came from the cave, as if it had some echoes, deep and powerful. The huge bird that was circling in the sky cried and flapped its huge wings fiercely. The huge black shadow in the sky had already left.

Qu Lanyi and Yun Feng both understood that the light element seed was very likely in the cave, and they also understood that the guardian of the light element seed was also extraordinary! Putting Lord Shen Wu aside, the few God King Magic Beasts around the cave couldn't be bypassed easily. It seemed that they would return empty-handed this time.

Yun Feng looked at Qu Lanyi with her black eyes. Qu Lanyi immediately nodded and turned around with Yun Feng. Qu Lanyi glanced at Ling and jumped from the tree, flashing away. Ling naturally went up quickly behind. After leaving the core area, the three of them arrived at a safe area. The dark elements around Qu Lanyi were removed. Yun Feng looked at Ling and frowned slightly.

“Did you kill those Magic Beasts?”

Ling chuckled. “I’m here to help Young Lady Yun to avoid future trouble.”

Qu Lanyi sneered. “Xuan Yi, you don’t have to pretend to be kind. If it weren’t for you, how would you have alerted those few beasts in the core area?”

He pushed the glasses on the bridge of his nose, but the smile at the corners of Ling’s mouth didn’t change. “Even if I didn’t do that, you wouldn’t get anything.”

Yun Feng pursed her lips. It was indeed as he said, but his unnecessary action alarmed those people. Their vigilance would inexplicably increase. It would be very difficult for her and Qu Lanyi to find a chance to break through.

“What are you doing here?” Qu Lanyi raised his brows. “Is the Xuan family really so idle that they let you wander outside for so long?”

Ling chuckled and patted the bottom of his uniform gently. “We’re just the same. Someone will certainly worry about the Xuan family’s business. I’ll just do my own things and pursue my people.” After saying that, Ling looked at Yun Feng with his black eyes. Yun Feng frowned. Why did this gaze make her uncomfortable? Pursuing his people? Was he chasing her?

“Young Lady Yun, it’s only been a while. You’ve changed my impression of you again.” Ling bowed slightly with a hint of respect in his tone. Yun Feng was a bit frustrated. “You don’t have to talk to me like this.” He had always had this attitude when she first met him in the Summoning Union. He lowered his identity in front of her. Wasn’t he also from one of the four families and had the same identity and status as Lanyi?

“Young Lady Yun is still Young Lady Yun after all. I can’t go overboard.”

“Hypocrite,” said Qu Lanyi mockingly. Ling’s face turned slightly cold. He pushed his glasses and didn’t say anything else.

Yun Feng pondered in her mind. What should she do right now? Since Ling was following her, she probably wouldn’t be able to get rid of him in a short period of time. She couldn’t expose the matter of the light element seed. Yun Feng was still a bit vigilant about him. It was impossible to tell if he was friend or foe right now.

“Young Lady Yun, why are you here with him?” Ling adjusted his emotions and expression and resumed his original humble and polite look. Yun Feng raised her brows slightly. “What about you? Why are you here?”

“Haha, I’m certainly here for the Summoning Union,” said Ling. Yun Feng was surprised. The Summoning Union? Was the Xuan family related to the Summoning Union?

“What happened to the Summoning Union that you have to run around as a receptionist?” said Qu Lanyi. Ling held back for a few seconds and finally replied, “This is the matter of the Summoning Union. You’re not qualified to know if you’re not a summoner.”

“I’m not interested in knowing either. Since you have something to do, go do your own thing. We’re not going the same way as you.”

The two men confronted each other. The atmosphere between the two of them was very heated. Every word was like sparks. Ling wasn’t angry. Instead, he smiled. “Really? Young Lady Yun, are you sure you don’t need my help?”

Yun Feng was stunned. She and Qu Lanyi were still lacking in strength to get the light element seed. With one more person, they would certainly have a higher chance of winning. However, could he be trusted? The timing of his appearance was so appropriate. What he did wasn’t all beneficial to her. For a

moment, Yun Feng couldn’t judge.

If it were just her and Lanyi, they would have to spend a long time and might return empty-handed. If that happened, they would suffer a loss.

“Young Lady Yun, you don’t have to be conflicted. I’m just helping you. I won’t ask you what you want to do. Of course, I won’t ask to share it.” Ling smiled. “Young Lady Yun, please believe that everything I do won’t hurt you. I really want to help you.”

Such humble words made Yun Feng a bit embarrassed. He really didn’t have to talk to her like this. Even though he said so, Yun Feng didn’t dare to take the risk when it concerned the Element Seed.

“Maybe...” Yun Feng wanted to reject him, but Qu Lanyi sneered. “If you say so,

I’ll certainly give you a chance.”

Yun Feng was surprised. How would Lanyi agree? Qu Lanyi whispered, “Even though you and I can do it, the chance of winning is too low and it’s too dangerous. Even I’m afraid that something might happen. I don’t want you to be injured. It’s good to have one more person. Even if he wants to steal the Element Seed, we’ll see if he has the ability.”

Yun Feng's heart trembled. For her? He feared that she would be hurt?

Indeed, Lord Shen Wu, who had yet to show his face in the cave, and the three

God King Magic Beasts wandering outside were too dangerous. Even though Qu

Lanyi had the light element, he was still afraid that Yun Feng would be hurt. If Yun Feng was injured because of him, Qu Lanyi couldn't accept that. Rather than that, he would rather let Xuan Yi join.

Xuan Yi stood aside and observed Yun Feng's expression. Yun Feng glanced over with her black eyes. "If possible, please help."

Ling chuckled and a graceful smile appeared at the corners of his mouth. "Of course I'm willing to work for Young Lady Yun.. Have I gained your trust?"

Chapter 1786 - 1786: Immortality (8)

Yun Feng was silent for a while and finally nodded. She only trusted him this time.

Yun Feng still couldn't trust Xuan Yi, who was also Ling, completely. He had never harmed her and he helped her before, but his identity and the timing of his appearance were too appropriate. Also, his purpose had never been stated clearly. He was also a mystery. Even though his identity had already been revealed, there were still a lot of unknowns and uncertainties.

The trust this time was also very risky. If the light element seed was really stolen, Yun Feng would suffer in silence. However, in the current situation, she had to do this. She would still be on guard.

"Since I'm joining, shouldn't you let me understand the situation?" Ling said.

"Young Lady Yun, the thing you want is in the cave?"

Yun Feng nodded. "That's right. The thing I'm looking for this time is indeed in that cave. It's very difficult to get close to the cave, let alone enter it."

"Indeed. There are two God King Magic Beasts on both sides of the cave and a God King Magic Beast patrolling in the sky. It's a bit difficult to get past the three of them, but it's not impossible. It's just that Shen Wu in the cave is the most fatal.'

Since the three of them had formed an alliance, they began to discuss countermeasures. It was fine to deal with the three God Kings, but there was an even bigger bomb, Lord Shen Wu. Its level was estimated to be at least at the

God Lord Level. If that was the case, they wouldn't have any chance of winning! "It's impossible to fight it head-on. We can only take other countermeasures." The three of them rejected the idea of rushing in head-on. They wouldn't get any advantage if they fought head-on.

Many countermeasures were overturned after discussion. In the end, the three of them thought of the same idea, creating a diversion.

The three God King Magic Beasts or Shen Wu in the cave, if either party could be lured away, the rest would be easy to deal with. The key was who would lure them and who would set up the ambush. The answer would certainly be known. However, to Yun Feng's surprise, Ling suggested it himself.

"I'll lure them out. Young Lady Yun, just ambush him." Ling chuckled. Qu Lanyi was also a bit surprised. That guy was quite voluntary.

It was decided that Ling would lure out one of them, while Yun Feng and Qu Lanyi would ambush nearby and finish off the next wave. The three of them discussed and got into position. Ling planned to approach and provoke them voluntarily. He would directly release his aura to invade this place to achieve his goal.

Yun Feng reminded him to be careful. Ling chuckled. "Young Lady Yun, you should be careful. I'm just going to lure them out. There won't be a direct collision. Besides, it's very difficult for Shen Wu in the cave to chase me out. It's possible for the three God Kings."

Ling looked at Qu Lanyi. "Protect Young Lady Yun. Don't let her get hurt."

Qu Lanyi curled his lips coldly. "You don't have to tell me that."

Ling pushed his glasses and bowed slightly to Yun Feng. "If I have a chance next time, I'll visit Uncle. It's time for me to take action on what I said in the past."

Yun Feng was stunned. W-What did he mean? Was he going to the Yun family? What did he mean by talking to her sullen father?

Qu Lanyi's face immediately darkened! "Kid.. "

Ling chuckled and the aura on his body had already been released! Qu Lanyi was stunned. dark elements immediately surged out and covered his and Yun Feng's auras. There was immediately a commotion!

"Who's there? Get out of here!" A few furious roars sounded at the same time. The aura Ling emitted became more and more intense with a strong aggressiveness. Soon, the three God Kings rushed over at the same time!

“I’m leaving. Young Lady Yun, be careful. Goodbye.” Ling smiled lightly. His body flashed and he suddenly retreated with his aura. After a while, the fierce auras of three God Kings flashed past the two of them. After waiting for a while, Qu Lanyi and Yun Feng immediately rushed out of their hiding place and went straight to the cave!

After all, time was limited and every second was extremely precious!

The two of them rushed all the way into the cave and weren’t stopped at all. Qu Lanyi wrapped himself in dark elements along the way and didn’t dare to release any aura. Both of them understood that there was still Lord Shen Wu living deep in the cave!

As soon as they stepped into the cave, a fresh wind blew in their faces and an extremely dense life force filled the air. The two of them were delighted in their minds! They couldn’t help but speed up and rush deeper into the cave!

The cave was longer and deeper than the two of them thought. After moving quickly for a while, they still hadn’t reached the top. Even though the aura of the light elements became stronger, they still didn’t find Lord Shen Wu or the light element seed.

Could it be underground? Yun Feng looked at the ground under her feet and pondered secretly. However, a sound came and quickly interrupted her thoughts. It was the sound of a huge body moving slightly! The two of them immediately looked at each other. Shen Wu!

They immediately slowed down and approached carefully. Shen Wu was guessed to be a God Lord -Level Magic Beast. They had to deal with it carefully. If they were careless, there would definitely be a huge problem.

Holding their breath and focusing, the two of them slowly walked deeper into the cave. The road in the cave was very wide. It could be seen that Shen Wu’s body was also unusually huge. There were traces of the roads being forcibly opened in many places along the way. It was obvious that it had squeezed in forcefully and expanded the original cave to its current appearance.

A heavy voice echoed in the huge cave. Yun Feng and Qu Lanyi took a few more steps forward and saw a different scene in front of them!

On the flat ground in the giant cave, a giant Magic Beast was lying there. It had a strong body and was covered in black scales. There was a huge long tail behind it. There were three pointy horns on its head that looked like those of a dragon. Its huge eyes were closed tightly at this moment, looking like it was in some pain.

Yun Feng raised her brows. It seemed to be a bit strange? It didn’t look like it was sleeping and resting, but more like it was enduring a kind of pain?

Qu Lanyi also saw that something was wrong. This giant beast was panting and even a bit weak. It looked like it was in pain. Was it healing here?

The copper-bell-like beast eyes suddenly opened and the misty pain instantly dissipated. Qu Lanyi and Yun Feng wanted to dodge, but it was already too late. They were seen! To their surprise, Shen Wu only blinked and moved his head slightly, lying on the ground again.

“Humans, are you here to hunt me too?”

There was a hint of helplessness and vicissitudes of life in his voice. Yun Feng and Qu Lanyi were both silent. Shen Wu half-closed his eyes, looking like he was at the mercy of others. “If you want to kill me, just kill me. This is a great opportunity for you to hunt. If I recover, you’ll be the ones who’ll be hunted..”

Chapter 1787 - 1787: Immortality (9)

His voice echoed in the cave. Qu Lanyi frowned. This was indeed a great opportunity. The light element seed must be here. If they killed it... they would be able to get it successfully. However, Fengfeng definitely didn’t think so.

“Are those three outside to protect you?” Yun Feng asked. Shen Wu slowly opened his eyes and looked at Yun Feng. “You’re quite interesting, human.

Didn’t I say just then that this is your best opportunity? Otherwise...”

Yun Feng didn’t say anything. She looked at Shen Wu’s body with her black eyes and suddenly found that he seemed to be pressing something down. That thing seemed to be glittering. Qu Lanyi also looked over and his black eyes glittered!

“Fengfeng, light elements are emanating from below his body!”

The light element seed was pressed under Shen Wu’s stomach. Yun Feng frowned. It wasn’t difficult to kill him. It wasn’t expected that he would be injured at all, but Yun Feng didn’t have such thoughts. She wouldn’t kill someone she didn’t have to. Killing couldn’t solve everything.

Yun Feng took a step forward. Shen Wu stared at Yun Feng firmly with his bell-like eyes. In his eyes, Yun Feng should be preparing to attack, but Shen Wu didn’t expect Yun Feng to say, “We’re not here to hunt you. We’re just here to find something.”

Shen Wu was stunned. Yun Feng continued, “What’s under your stomach?”

Shen Wu's expression immediately changed! The long tail behind his butt suddenly swung over. Yun Feng dodged keenly and the huge tail slapped the ground. Shen Wu's eyes were full of killing intent. Yun Feng thought for a moment. Could it be... his cub?

"Human, you have a lot of tricks," said Shen Wu ferociously. Qu Lanyi said coldly, "If we want to kill you, you won't be able to keep anything."

Shen Wu was stunned and his expression froze. That was indeed the case. It was severely injured right now. These two humans were quite strong. It was possible for them to kill it together. It couldn't protect anything at all.

"That's its egg." A figure suddenly sounded in Yun Feng's ears. It was the voice of the lightning-element Fantastical Beast, Ah Luo. "Shen Wu only lays one egg in its life. Its descendants are more precious than anything else.

Unfortunately, it doesn't have the ability to hatch this egg."

"Is it because it's severely injured?" Yun Feng asked. Ah Luo was silent for a long time and finally said, "Shen Wu is considered a powerhouse among the Magic Beasts. There are very few of them, and its self-healing ability is quite weak. It takes a long time to heal itself, and it doesn't seem to be effective."

The Fantastical Beast, Ah Luo, surprised Yun Feng. The lightning-element Fantastical Beast usually didn't say anything and didn't care about Yun Feng's business, but this time, it spoke, as if it meant something.

"Can I save it?" Yun Feng asked. Ah Luo was silent. "The rules of the world dictate life and death. Why do you have to do this?"

"Then why do you have to ask? If it dies, its descendant will definitely die with it, right?"

Ah Luo fell silent and didn't say anything else. Yun Feng seemed to understand what Ah Luo was thinking. He didn't want this unborn descendant to die just like that. He was asking her to help him.

Yun Feng looked under Shen Wu's belly and said casually, "The Juling Mountain is full of a kind of life force. You know very well, or you wouldn't have chosen to heal here. The light element seed is in the Juling Mountain. This is what I'm looking for."

"Element Seed?" Shen Wu frowned and didn't quite understand what Yun Feng said. Yun Feng continued, "I'm not interested in your descendants. I'm just looking for the Element Seed. It's very likely in the area under you."

Shen Wu looked at the ground where it was lying. The reason why it was lying here was because there was an endless stream of life force nourishing it. So, it was because of the so-called Element Seed? It seemed that what this human said was true.

“Can you... move your body?” Yun Feng asked. Shen Wu was stunned and didn’t know whether to laugh or cry. It was seriously injured right now and couldn’t move at all, or it wouldn’t be at the mercy of others like this!

“It doesn’t even seem to have the power to move. It’s seriously injured,” said Qu Lanyi. The two of them frowned. If it couldn’t move, how could they find it?

“Lanyi, can the light elements heal it?” asked Yun Feng. Qu Lanyi smiled helplessly. “It’s already above the light element seed. If the light elements were really so effective, it would have been able to move freely. The healing elements don’t seem to work on it.”

Yun Feng frowned. The power of elements didn’t work? It seemed that as Ah Luo said, their self-healing ability was very weak. What about potions? The Life Potion should be effective on them. Yun Feng twisted her wrist and a few bottles of grandmaster-level Life Potions appeared in her hand. Qu Lanyi’s eyes widened when he saw that. Was Fengfeng thinking...

Yun Feng immediately jumped and her body had already arrived in front of Shen Wu. Shen Wu’s eyes widened and it saw Yun Feng forcefully open its mouth with her hands! What exactly did this human want? Shen Wu’s eyes were full of shock! After Yun Feng opened its mouth, she poured in a few bottles of Life Potion. Shen Wu gurgled and drank it.

“You...” Shen Wu obviously felt what Yun Feng fed it. Yun Feng smiled lightly. “If the grandmaster-level Life Potion is no longer useful to you, there’s nothing I can do.”

Shen Wu was stunned! Grandmaster Level? This human was a Grandmaster Level pharmacist!

After drinking the Life Potion, it began to take effect from the inside out. Shen Wu clearly felt that his injuries were healing! He looked at Yun Feng and finally whispered, “Although I don’t know why you saved my life, human, I still have to thank you.”

Yun Feng smiled lightly. One more friend and one less enemy. She had a relationship with Magic Beasts and benefited a lot.

The recovery of the injuries certainly couldn’t be finished overnight. Ling lured away those three God Kings. She didn’t know if they were back outside right now, but judging from the peaceful scene in the cave right now, Shen Wu had only survived because of Yun Feng. He certainly wouldn’t attack Yun Feng.

Magic Beasts valued favors. They would definitely repay a drop of water with an ocean. She would get far more than she gave if she reached out to help

them.

Yun Feng and Qu Lanyi didn't intend to go out of the cave for the time being.

During this period of time, Yun Feng drank a few more bottles of potions. Shen Wu's injuries had obviously improved. After ten days, thanks to the powerful recovery effect of the Life Potion, Shen Wu could finally stand up and move..

Chapter 1788 - 1788: Immortality (10)

"Crash." Shen Wu put his huge hand on the ground and stood up. A shadow enveloped Yun Feng's head. If Shen Wu fell out with her at this moment, it would have the ability to finish off Yun Feng and Qu Lanyi.

Qu Lanyi hadn't let down his guard. Shen Wu stood up and narrowed his eyes. "Most of my injuries have already healed. I can kill you."

Qu Lanyi frowned slightly, but Yun Feng chuckled. "Is that so? Then why don't you recover more completely and let's fight again?"

Shen Wu was startled. Then, he shook his head. "You're truly interesting, human."

Shen Wu stood up. Yun Feng also saw what was under his stomach. It was indeed an egg. This egg was quite huge, almost half as tall as Yun Feng. Shen Wu pushed the egg aside with his claws and his body also left the spot. Yun Feng immediately understood what he meant. She went forward with Qu Lanyi and examined the area carefully.

"It's down there!" Qu Lanyi was extremely sure. He pressed his hand against the ground and felt the surging power of the light elements under the ground carefully. "It's constantly emitting light element energy. The Element Seed is indeed extraordinary!"

Yun Feng nodded and touched the ground, wondering how to break it. The Element Seed carried powerful elemental energy and couldn't be approached easily. If it was really underground, how could she take it out safely?

"Let's break the ground first." Yun Feng whispered. She clenched her fists and the power of her body hit the ground. There was only a muffled sound and several cracks instantly appeared on the ground!

A rebound hit Yun Feng's fist, which made her retract her hand in pain. Seeing that, Qu Lanyi immediately took her hand over. Her joints were already slightly red and swollen, which showed how strong the rebound was.

Qu Lanyi glanced at Yun Feng reproachfully. Did she really think her body was made of iron? Without another word, Qu Lanyi smashed his mental strength into the ground.

However, he didn't expect his violent mental strength to be bounced back in an instant. Luckily, Qu Lanyi reacted quickly, or he would have been hit by his power!

Mental strength rebound? Yun Feng frowned. Half of the physical attack just then was also bounced back. Was this how the Element Seed protected itself?

Both of them were at a loss. Their mental strength was rebounded and half of their physical strength was also rebounded. If this continued, the ground wouldn't be broken at all!

Shen Wu watched quietly on the side. Seeing Yun Feng frown, he couldn't help but ask, "Human, what's wrong? Can't the ground be broken?"

Yun Feng frowned. Even though the Magic Beast was powerful, its power would still be reflected. It was the same even if Shen Wu helped. "Yes, all the power has been reflected back. I don't know where to start."

Shen Wu rolled the egg under his stomach and lay on the ground again. He said lazily, "Since your power has been reflected, how about you not use your power?"

No power? A thought flashed through Yun Feng's mind! Qu Lanyi was also deep in thought. The two of them looked at each other. Qu Lanyi gently pressed his hand on the ground. Light elements slowly seeped into the ground from his body. After a long time, a beam of light suddenly shot out of the cracks on the ground!

"Crack!" The ground exploded on its own. A ball of dazzling light slowly rose from below. The light glittered in front of their eyes and the energy that represented life kept spreading out. Qu Lanyi and Yun Feng were both surprised. What powerful light element energy was this?

Shen Wu was also shocked. This was the Element Seed that the human was talking about? He had never seen such elemental power before!

A small light ball spun in the air. Yun Feng and Qu Lanyi didn't dare to approach it themselves. With the experience of the water element last time, the two of them knew that they couldn't get close rashly. Yun Feng pondered in her mind. This wasn't a five-element light ball, or she could put it in her Ring of Contract for safekeeping. Was Lanyi going to swallow it into his body? How could that be?

"Who is it?" Shen Wu suddenly shouted furiously! He suddenly stood up and grabbed the egg in his huge hand. He stared at a certain place with his big bell-like eyes and the aura of a Magic Beast burst out! Yun Feng and Qu Lanyi looked back and saw a figure slowly walking out of a ball of light.

Yun Feng was startled to see that it was Ling who came back! Qu Lanyi immediately frowned. "You indeed have an ulterior motive."

Ling chuckled and pushed the glasses on the bridge of his nose. "I don't quite understand what you mean. I'm only here for what I want."

Yun Feng frowned hard. The light element seed appeared and he happened to appear at this moment. Did she trust him wrongly? Was his goal also the Element Seed? If he attacked at this moment, she might not be at a disadvantage!

"Young Lady Yun, your expression really makes me sad." Seeing Yun Feng's expression, Ling's face darkened slightly. "I said I wouldn't steal your things. That's indeed the truth. I'm not interested in the Element Seed. Don't worry,

Young Lady Yun."

He knew about the Element Seed! Yun Feng and Qu Lanyi were shocked! It turned out that he knew everything?!

"The Naxi family, which has always been far away from the world, certainly won't take the matter of the Element Seed seriously, but the Xuan family is different. Even though the Xuan family is also very concerned about the

Element Seed, I personally don't think so. After all, this is something Young

Lady Yun wants."

"Something I want? Even if the Xuan family is interested, you won't do anything?" Yun Feng raised her brows. There was only surprise in her mind!

What exactly was he thinking? Wasn't he the Young Master of the Xuan family? If that was the case, why did he have such a thought?

"Of course." Ling smiled lightly and looked at Qu Lanyi with his black eyes.

"Young Lady Yun, he and I aren't much different. Why don't you reconsider?"

Qu Lanyi looked gloomy. Yun Feng pursed her lips and was about to say something, when Ling shook his head slightly. "Never mind. I don't want to hear Young Lady Yun's answer." Ling looked at Shen Wu and put on a smile. "I didn't expect you to recover to such a level in such a short time. If I came a bit late, I would've missed this opportunity."

Shen Wu immediately let out a roar. Yun Feng immediately understood that Ling's target was Shen Wu! He was here to hunt Shen Wu!

"Human, you're the one who disturbed me when I was seriously injured, right?" Shen Wu roared furiously. Yun Feng immediately stepped forward and stood in front of Shen Wu. Ling frowned slightly when he saw that.. "Young Lady Yun?"

Chapter 1789 - 1789: Immortality (11)

“Why are you hunting him?” Yun Feng looked at Ling with her black eyes. “You didn’t cooperate with us purely for me. You wanted Lanyi and me to kill him or... injure him even more badly. Only then would you have a chance?”

Ling frowned slightly and didn’t say anything. Yun Feng continued, “However, you didn’t expect that not only did the situation not turn out as you expected, but at this point, if you don’t show up soon, you won’t have a chance when Shen Wu completely recovers, right?”

Ling chuckled as a glint of light flashed through his glasses. “As expected of Young Lady Yun. Your observation ability is quite impressive. As for why I want to hunt him, forgive me for not telling you. Young Lady Yun, you must understand. There are always some things that can’t be said clearly.”

Yun Feng was still standing in front of Shen Wu. Seeing that Yun Feng didn’t intend to give in, Ling couldn’t help but look gloomy. “Young Lady Yun, are you stopping me?”

“That’s right. I saved its life. I certainly can’t let my efforts go to waste!”

Ling was slightly shocked! “It’s Young Lady Yun... Haha.” Ling subconsciously pushed his glasses with his hand. His slender fingers had distinct joints and looked very elegant. The black eyes behind the glasses were as deep as the night. “Even if it’s Young Lady Yun, I can’t give in this time.”

Yun Feng’s black eyes darkened. She had never truly seen Ling’s strength before. Even though they had cooperated a few times, she couldn’t figure out the exact bottom line. For him to come here alone and prepare to kill Shen Wu, his strength must be unfathomable!

“Human, get out of my way!” Shen Wu roared. He, a Magic Beast, didn’t need a human to stand in front of him!

“Don’t force yourself! Even though your injuries have recovered, it’s only half!

You still have a descendant to protect!”

What Yun Feng said stunned Shen Wu. Ling smiled again after hearing that. “A descendant? In that case, it seems that I’ve gained even more.” As soon as he said that, Ling raised his hand and attacked first! An extremely terrifying mental strength came straight over. Ling’s target wasn’t Shen Wu, but Yun Feng!

Seeing that, Qu Lanyi immediately raised his hand and his mental strength surged out, knocking Ling's attack askew. His mental strength instantly hit the wall with a loud bang!

Ling's black eyes glittered. His attack missed the target and he attacked a few more times in a row! Yun Feng gritted her teeth and counterattacked one by one! The moment their mental strength collided, she was already struggling slightly. However, Yun Feng knew very well that Ling didn't seem to have unleashed his full strength!

Had his strength already reached the God Lord Level? Yun Feng flipped her hand and a stream of mental strength shot out quickly. Ling's body flashed and he dodged easily!

He gracefully raised his hand. Ling, who had always been smiling, was expressionless at this moment. He raised his hand and attacked again, hitting Yun Feng's side! Yun Feng couldn't dodge in time, and Qu Lanyi was helpless! He was about to hit Yun Feng!

"Roar...!" With a roar, the huge beast's body teleported to Yun Feng's side and blocked the attack!

Shen Wu let out a deep roar. After receiving this attack, his originally good body was hit again! His huge body swayed a few times and was a bit shaky! Yun Feng raised her black eyes and saw from the corner of her eye that Ling had already raised his hand. His eyes showed that everything had been planned! He knew that after he attacked Yun Feng, Shen Wu would block it for her!

Yun Feng jumped up from the ground with the tip of her foot and her body suddenly jumped out from under Shen Wu's black shadow, going straight to the sky! Ling obviously didn't expect Yun Feng to rush out at this moment. He wanted to finish Shen Wu off directly. However, Yun Feng had already rushed in front of him. Ling's black eyes darkened and he couldn't stop attacking anymore!

He exerted strength with his slender fingers and the force of the attack suddenly changed. It narrowly passed Yun Feng's body and directly hit the side. Yun Feng was slightly stunned. She thought Ling wouldn't avoid this attack, but he changed the trajectory of the attack forcefully!

"Boom!" The fierce power bounced back in all directions! Another accident happened! Ling's attack just then hit the Element Seed floating in the air! The power was all reflected and dispersed! The power hit the mountain, causing a violent tremor!

After such a fierce attack, the light element seed began to spin rapidly! It shone brightly! The energy that was slowly accumulating in the light seemed to be about to explode!

"Let's go!" Shen Wu roared as he grabbed the egg with one of his giant claws and looked at Yun Feng. "Jump up quickly!"

Yun Feng didn't dare to delay any longer. She immediately jumped onto Shen

Wu's body. "Lanyi!" Yun Feng roared. She couldn't care less about the Element Seed right now. If she didn't leave, this place would explode completely! The explosive power of the Element Seed wasn't something they could resist!

Qu Lanyi gritted his teeth and understood the current situation. He immediately jumped up and ran out of the cave with Shen Wu's huge body! He ran quickly and desperately. The mountains around him kept shaking and an even stronger force spread from behind, erupting at this moment!

"Swish...!" A figure suddenly brushed past Yun Feng. It was Ling! Ling raised his hand. "Boom!" A huge hole was directly opened on one side of the cave! Ling suddenly came out of the huge hole. Shen Wu immediately followed him and rushed out! At this moment, an energy suddenly exploded in the cave and shattered!

Qu Lanyi flipped his wrist and a white jade pendant appeared in his hand. He squeezed it fiercely and blood stained it!

A huge hissing sound came from the white jade pendant. Then, a huge beam of white light shot out and went straight for the mountain that was about to shatter! "Take that thing back!" Qu Lanyi roared. A huge beam of light suddenly burst out and merged with the light that shot out of the mountain!

Huge energy spread in all directions! The mountain collapsed! Stones flew! Shen Wu's body was hit by this powerful energy. He flipped over in a sorry state and the egg in his hand fell just like that! Yun Feng immediately jumped and extended her arms to hug the egg firmly. She flipped in the air and ran towards Shen Wu!

"Boom!" "Bang!"

Boom, boom! The entire Juling Mountain shook!

A bird's cry suddenly sounded. Qu Lanyi rushed to Yun Feng and held her in his arms with his bloody hand. Yun Feng handed the egg to Shen Wu. The three of them finally came to a safe place. Shen Wu looked at the collapsed mountain with lingering fear. The entire mountain had been razed to the ground!

"Kid, I've said it before! I'll take your life!" An ancient voice full of killing intent resounded in the sky, making people's hearts tremble! Qu Lanyi sneered and looked at the shattered white jade pendant in his bloodstained palm. "Hm, will this day come after all?"

"Lanyi!" Yun Feng looked at the shattered white jade pendant. Did this mean that the light-element Fantastical Beast sealed inside wasn't under Lanyi's control anymore... So... the light-element Fantastical Beast was free again?!

“Swish!” The lightning Fantastical Beast, Ah Luo, appeared in the air and stood there expressionlessly. It stared into the distance with its dark purple eyes. After a while, a figure surrounded by light rushed over! The light-element Fantastical Beast!

In the dazzling light, a figure appeared faintly. It wasn't very clear, because the light was too dazzling!

Ah Luo stood in the air and the two Fantastical Beasts looked at each other!

“Get out of my way!” The light-element Fantastical Beast said furiously. “Since when are Fantastical Beasts protecting humans?”

Ah Luo frowned slightly and whispered slowly, “Master has been looking for you. He didn't expect you to be sealed by a human being.”

“Humph! So what? I'm out right now! I'm going to kill that kid!”

Ah Luo's body flashed and completely disappeared from the void, leaving only three words. “Up to you.”

Yun Feng's pupils shrank fiercely! The light-element Fantastical Beast! How could they fight with the light-element Fantastical Beast? It was impossible for them to win!

Qu Lanyi, on the other hand, burst into laughter. He threw the shattered white jade pendant aside with his bloody hand! His black eyes were bloodthirsty! What Feng Qingxuan told him flashed through his mind. Hot blood suddenly surged in Qu Lanyi's heart. Let's try.. Just this once!

Chapter 1790 - 1790: Fierce Battle (1)

The Juling Mountain had always been calm and harmonious. There were rarely any bloody battles, but at this moment, the peace of the Juling Mountain was completely broken! The fierce battle that broke out in the core area of the Juling Mountain shocked the entire mountain!

“Lanyi!” Yun Feng shouted as a figure had already rushed out resolutely! Yun

Feng's pupils shrank fiercely. He was facing the light-element Fantastical Beast! Was he still going to fight head-on? She would never allow him to do that!

Yun Feng tapped the air fiercely with the tip of her foot and immediately jumped. She had to pull Qu Lanyi back no matter what. Even if she couldn't, she could help him more or less!

“Buzz! Crack!” A spatial blockade firmly trapped Yun Feng in place. Ah Luo,

who had just been invisible, appeared again and retracted his hand slightly. He was the one who attacked!

“What are you doing? Let me out!” Yun Feng roared as she knocked the space barrier around her fiercely. There was only a buzzing sound. Ah Luo glanced at her indifferently with his purple-black eyes. “If that kid wants to die, let him, but not you. Master has instructed me not to let you die.”

“Cut the crap! Let me out!” Yun Feng was enraged! She watched Qu Lanyi run up, but she could only be trapped here! Every time she was in danger, Lanyi would definitely risk his life to save her. Now, she could only be restrained here and watch something happen to him!

She raised her hand and threw out her mental strength, hitting the space barrier. The space barrier only trembled a few times and didn’t intend to break at all! Ah Luo glanced at it. “Don’t waste your time. It’s impossible for you to break it with your strength. Stay here obediently.”

“You’re right, my lord.” Shen Wu also rushed over. Even though it was very pitiful to see Yun Feng trapped inside, it agreed with what Ah Luo did. She saved its life. It wouldn’t feel good if she died.

Yun Feng kept attacking, but the spatial barrier stood steadily. Ah Luo stood there expressionlessly, as if he was watching Yun Feng make a fool of herself. Yun Feng finally stopped. After a moment of silence, she suddenly roared! “If you don’t let me out, I’ll blow it up with fused elements!”

Ah Luo’s expressionless face suddenly twitched! He looked at Yun Feng in surprise with his purple-black eyes. Yun Feng sneered and clasped her hands together fiercely! “I’m not just saying. I’ll keep my promise! Let me out!”

Ah Luo frowned. Looking at Yun Feng’s determined attitude, Shen Wu was stunned. Looking at the power of fused elements that kept jumping in Yun Feng’s palm, he quickly said, “Don’t be impulsive! It’s his own business if he rushes forward. Why do you have to risk your life to follow him to his death?”

“You won’t understand!” Yun Feng roared. “I won’t watch him die! Even if I die,

I’ll die with him! I’ll say it one last time. Are you going to let me out?”

Ah Luo looked at Yun Feng’s extremely angry face at this moment. There was a storm gathering in her black eyes and it kept spinning. Ah Luo sneered. “Do whatever you want. Don’t worry. It won’t be so easy for you to die.”

Yun Feng's black eyes widened. She was about to send the power of fusion of elements into her body without hesitation!

"No!" Shen Wu roared loudly. Ah Luo was also shocked when he saw this. She really dared to do this! She really didn't want to live anymore! She clenched her fists in the air fiercely. The power of fused elements in Yun Feng's palm had already been swallowed invisibly!

"As I said, it's not so easy for you to die." Ah Luo's expression was cold, for Yun Feng's reckless behavior. Yun Feng bit hard and tasted blood!

"You have no right to decide my life and death. I'm the one who decides my life!" Shocking anger burst out of Yun Feng's black eyes. The memories of Yun Lianyi's previous life suddenly overlapped at this moment! She was restrained and used. Her life and death weren't in her control! She only had the right to choose death at the last moment!

Her life was up to her to decide! It wasn't up to anyone else!

"You..." Ah Luo choked. Even in front of the Fantastical Beast, she wasn't willing to give in at all. "Do you want to die so badly?" Ah Luo frowned. If it weren't for her master's instructions, he wouldn't have cared about her life at all. No matter what, he wouldn't let her out right now! He didn't care what happened to that kid. Her life and death weren't up to her!

"Boom..." A dazzling light spread out and a slender figure appeared faintly from the light. Qu Lanyi was still officially meeting the light-element Fantastical Beast! Yun Feng's heart shrank fiercely! Lanyi!

The two figures stood in the dazzling light. The strong impact of the halo almost made it impossible to see each other's appearance. Qu Lanyi pursed his thin lips and stared ahead with his deep black eyes. He had been carrying that white jade pendant with him since he was young. When he first opened the jade pendant, the old thing inside said that he wouldn't let him go. He had known since he was young that when the old thing left the jade pendant, he would be the first person he wouldn't let go.

He had already realized this. The current situation wasn't unexpected, but Qu Lanyi was still shocked in his mind. The light-element Fantastical Beast... This was the first time he saw its original body.

"Kid, you're digging your own grave this time!" The voice of the light-element Fantastical Beast echoed in Qu Lanyi's ears. Qu Lanyi frowned slightly. "You swallowed the light element seed into your body?"

"Humph! No matter what, since I'm out of your control right now, the first thing I'll do is to take your head!" In the faint light, a terrifying force was gathering. Qu Lanyi's black

eyes darkened and he clenched his fists tightly. Rich dark elements surged out of his body!

A ball of thick ink suddenly appeared in the light, as if a piece of night had appeared in the bright and clear sky!

“Light and darkness in the same body?” Ah Luo and the light-element Fantastical Beast were both shocked to see that. Creepy red patterns quickly spread from Qu Lanyi’s body. These patterns swam on his body that others couldn’t see!

“You want to beat me? In your dream!” A beam of light element energy suddenly descended from the sky, like a divine punishment! Qu Lanyi’s body flashed extremely quickly. The beam of energy that descended from the sky brushed past him.. One of his sleeves had already been torn by the light element! The red dark patterns on his arm were instantly exposed!
