Chapter 1791 - 1791: Fierce Battle (2)

“That tattoo...” Ah Luo mumbled when he saw that. Surprise flashed through her purple-black eyes. Why did that tattoo appear on his body? Perhaps his body...

“Argh!” A furious roar burst out! A wound suddenly opened in Qu Lanyi’s palm and blood gushed out! His bloody hand slapped his bare arm fiercely. Blood instantly swam along the red dark patterns! An identical blood-red light appeared from the dark patterns. Then, the red dark patterns on his arm were completely separated from his body, floating in the sky!

This scene made people dumbfounded! The patterns on the body could actually leave the body?

A scarlet color had already dyed the black. The red patterns that were slowly floating in the air swayed constantly. Qu Lanyi reached out and grabbed them fiercely, then pulled hard at his face!

“Ha!” With a deep roar, the muscles all over his body instantly burst out!

Qu Lanyi’s mental strength burst out of the depths of his body like volcanic lava and his strength level instantly increased with this feeling!

“Son, these patterns on your body only appear on people who have walked the path of nirvana. These patterns are a testament to the accumulation of your strength. Once the patterns are guided out of your body and torn, your strength will increase exponentially.”

“Kid, the physique of light and darkness shouldn’t appear in this world, especially not on you, who isn’t a summoner. You don’t have anything in your summoner bloodline that can balance all kinds of elements. If you don’t guide it well, the two forces in your body won’t be able to reach a balance. You’ll explode and die sooner or later.”

What his father and Feng Qingxuan said flashed through Qu Lanyi’s mind!

“It’s a miracle that light and darkness exist in your body at the same time. In other words, your body can be considered a unique container, but there are restrictions.” Feng Qingxuan’s serious and deep voice flashed through Qu Lanyi’s mind. “If you can get the light and the dark element Seeds, you might be able to stabilize one of the elements in your body completely. If you can’t, there’s only one ending for you.”

Qu Lanyi frowned hard and felt the huge energy in his body. Was this the Heavenly Nirvana... Was this the power that had been accumulating in his body? Once it was torn apart, it was so domineering!

The light-element Fantastical Beast saw that Qu Lanyi's situation had changed. Thinking of the unique ability of the Naxi family and the pain of being captured just then, he couldn't go back to the same path as before!

A huge bird's cry resounded in the sky. The hearts and souls of the Magic Beasts trembled when they heard that!

"Swish!" A pair of huge wings appeared in the dazzling light with a hiss. Three claws grabbed at Qu Lanyi fiercely!

Qu Lanyi quickly dodged. The light elements brushed past him again and burned with scorching heat! They instantly tore the fabric on his other arm completely!

He gritted his teeth fiercely and slapped his arm again with his blood-stained hand, instantly tearing apart the patterns that left her body!

"Buzz..." The invisible space shook and instantly locked Qu Lanyi's body. Qu Lanyi waved his hand and the dark elements turned into a huge hand, shattering the space barrier! His slender body flew like a bolt of lightning!

The cry of an unknown bird and its huge flapping wings caused the space to shake frequently. The battle was extremely intense!

Qu Lanyi, who was surrounded by the dark elements, was like a black moon, as if he wanted to harvest all the infinite light!

Qu Lanyi turned around and stepped in the air. He jumped straight to the back of the light-element Fantastical Beast! Blood oozed out of his palm and his black eyes darkened. The power of the bloodline of the Naxi family suddenly awakened in his body and the brutal power that could make Magic Beasts yield gathered in his heart!

"Beast Taming Secret Technique! Soul Extraction!"

With a furious shout, Qu Lanyi was about to slap the back of the light-element Fantastical Beast with his hand. A ferocious light flashed through the eyes of the light-element Fantastical Beast. It wouldn't repeat the same mistake! It swept its claws in the air and flapped its huge wings fiercely!

The wind of the five elements instantly attacked Qu Lanyi's body fiercely!

"Swish! Bang!" His slender body fell from the sky and landed on the ground fiercely!

“Hm!” Qu Lanyi fell into the deep pit on the ground. He only felt that the bones all over his body were about to break. He tried to stand up with his elbows, but fell back in a sorry state. “As expected of the light-element Fantastical Beast...” Qu Lanyi mumbled. At this moment, a huge beam of light was already approaching!

“Kid, you’ll definitely die this time!” A hoarse roar, the angry cries of the birds and the huge light that filled the eyes!

The power as huge as a mountain pressed down. Qu Lanyi gritted his teeth and flipped his hand. The dark elements turned into a huge hand that pounced on it, but they were instantly dispersed by the light elements!

His body was severely injured and his elemental power was also directly affected... Qu Lanyi smiled wryly. Was he too confident? He was already prepared to die when he fought with the Fantastical Beast. Even if he removed all the restrictions on his body, he might only be able to stay alive.

Qu Lanyi’s body went limp and he fell on the ground. He looked at the light-element Fantastical Beast that was roaring with his black eyes and a smile suddenly appeared on his thin lips. His body suddenly soared into the sky! A huge black hand behind his back lifted his body straight up. Qu Lanyi sneered. “You want me to die? It won’t be so easy.”

“What?” The light-element Fantastical Beast didn’t expect Qu Lanyi to do this either. He quickly approached with a fearless look, which made the light-element Fantastical Beast frown fiercely! A blood-stained hand had already grabbed one of its three claws. The light-element Fantastical Beast was shocked! Oh no!

Qu Lanyi clenched his fists tightly and shook his body desperately. The light-element Fantastical Beast wanted to throw him off crazily, but Qu Lanyi didn’t let go! The dark elements spread up his arm and began to devour the light elements crazily!

“Damn the Naxi family!” The light-element Fantastical Beast suddenly roared and three barbs appeared on its claws! They directly stabbed into Qu Lanyi’s body!

“Poof!” Two pierced his arms and there was another one in his chest!

“Ugh!” Blood flowed and splashed into the air like rain! Qu Lanyi’s body shook fiercely. Due to the pain of the barbs, his hand couldn’t hold on any longer. He slowly loosened his fingers and his body was on the verge of collapse! The light-element Fantastical Beast shook its body crazily. Qu Lanyi couldn’t take it anymore.. He loosened his fingers! However, he clenched them again, as if he pulled something and tore off a huge piece!

## Chapter 1792 - 1792: Fierce Battle (3)

Fury and pain! Qu Lanyi's body fell from the sky. The light-element Fantastical Beast roared crazily! It flapped its huge wings fiercely and a beam of light fell from the sky, rushing straight at Qu Lanyi's body, wanting to penetrate him!

"Lanyi!" Yun Feng almost couldn't breathe when she saw this scene! The light thorn was extremely fast. Once it pierced through his body, the huge energy would explode and even his soul would be shattered!

"Damn it! Damn it!" Yun Feng's eyes were red as she pounded the space barrier around her desperately. She felt how small her strength was again and felt truly helpless again! She couldn't let anything happen to Lanyi. Absolutely not!

Yun Feng closed her eyes and her consciousness quickly sank into the dark space inside her body. A pair of huge red eyes seemed to be waiting for her to come.

Yun Feng opened her black eyes again. The clear black color was no longer there. It was only an evil red color! A strange smile appeared at the corners of her mouth. She clenched her fists fiercely with her slender hands and a faint red aura surrounded her fists, smashing towards the space barrier fiercely!

"Crack!" Cracks!

"What?" Ah Luo noticed that his space barrier was loosened and he was shocked! How could she have such power to break his space blockade?

Another punch! The space blockade shattered!

His purple-black eyes looked at Yun Feng in disbelief at this moment. Ah Luo couldn't believe it. How could a human have the power to break the power of space of a Fantastical Beast? What... method did she use?

"Yun Feng" looked up. The redness and evilness in her eyes shocked Ah Luo again! It wasn't Yun Feng! No wonder she could break through his power of space. Was it the guy in her body?

Seeing that "Yun Feng" was about to leave, Ah Luo quickly clenched his fists again and planned to seal the space a second time. However, "Yun Feng" smiled weirdly at this moment. The faint red color in her palm directly broke Ah Luo's incomplete power of space!

"Don't waste your time. You can't trap me." A slightly hoarse voice came from "Yun Feng"'s mouth. She looked at Ah Luo with her red eyes. "Don't get in the way."

Ah Luo frowned hard and stood in front of “Yun Feng” in a flash. Fury flashed through Yun Feng’s mind. She immediately flashed past Ah Luo and ran straight in Qu Lanyi’s direction!

What? Her speed is faster than mine! Ah Luo was shocked for a few seconds, then chased after her! In such a short period of time, her strength seemed to have increased rapidly. Why? Who exactly was this guy in Yun Feng’s body?

Faint redness kept spreading out of “Yun Feng’s” palm and gradually spread throughout her body, forming a layer of light red circle that enveloped Yun Feng’s entire body. Qu Lanyi, who was gradually losing consciousness, only saw a figure that he couldn’t be more familiar with running over, but it also seemed very unfamiliar.

“Fengfeng...” Just go. Before he could say this, his consciousness had already left completely.

“Yun Feng” rushed forward and the huge light thorn had already approached Qu Lanyi’s body. “Yun Feng” extended her arm and a light red pillar of light shot out of her palm, directly shattering the huge light thorn!

Yun Feng caught Qu Lanyi, who was falling, and glanced at him. She smiled in disdain and casually threw Qu Lanyi to the ground. Then, she turned around and stared at the light-element Fantastical Beast that had transformed into a human again.

“Swish!” Ah Luo then arrived. He glanced at Qu Lanyi, who was lying on the ground with blood all over his body, and looked at Yun Feng to prevent her from doing anything dangerous again.

“You...” The light-element Fantastical Beast frowned tightly and looked at “Yun Feng” in confusion with its silver eyes. That aura just then was familiar...

“Yun Feng” smiled hoarsely as evilness flashed through her red eyes. “We’re old friends. You owed me your life in the ancient crack.”

“It’s you!” The light-element Fantastical Beast was shocked! “But why do you look like...”

“My original body is still asleep. This is just my host.” “Yun Feng”’s hoarse voice sounded. Ah Luo frowned. “Tian Yao, do you know this guy?”

The light-element Fantastical Beast frowned. “It’s not so much that I know him, but I don’t know who he is at all. I almost died when I was wandering in the ancient crack. He saved my life.”

“You mean... he was staying in the ancient crack!” Ah Luo’s eyes widened. The light-element Fantastical Beast, Tian Yao, frowned. “I don’t know if he was originally there or if it was just a coincidence.”

“What do you mean by that? Do you want me to spare that kid’s life?” The light-element Fantastical Beast, Tian Yao, frowned hard. The anger in his silver eyes hadn’t subsided. He didn’t expect his host to be related to this kid.

Redness flashed in “Yun Feng’s” eyes. “This kid’s life has nothing to do with me. I’m talking about the light element seed.”

Tian Yao was stunned! “Yun Feng” frowned. “Why? You don’t want to give it to

After a few seconds of silence, Tian Yao finally said, “I don’t have the ability to carry the Element Seed with me. It’s still there.” He pointed at the mountain that had already collapsed on the ground. “Yun Feng” looked over and didn’t do anything. She felt that the fluctuation of elemental power was still strong. The light element seed wasn’t with the Fantastical Beast. The reason why it could escape from the jade pendant was very likely because it absorbed a large amount of light elemental energy.

“I’ll definitely take this kid’s life!” said Tian Yao. Ah Luo frowned slightly. He might have to interfere right now. His master had told him not to let anything happen to Yun Feng. If anything happened to this kid, something would probably happen to Yun Feng.

“Tian Yao, he’s not the one who has a grudge against you. It’s the Naxi family,” said Ah Luo. “Yun Feng” raised her brows and looked over. Then, she let out a hoarse laugh. “Why are you in such a hurry? I have the same mentality as you.

If I can come out of this body, I’ll definitely take revenge!”

One of them was targeting the Naxi family, and the other was targeting the Yun family!

“The Naxi family!” Tian Yao gritted his teeth. “I’m going to slaughter the Naxi family! Leave none alive!”

“Now isn’t the time to attack,” said “Yun Feng” with a wicked smile. “Why don’t we join forces?”

Ah Luo remained silent on the side. What happened after that had nothing to do with him. He didn’t care what would happen to the Yun family and the Naxi family. Tian Yao frowned slightly after hearing that. After thinking for a while, he finally said, “Alright, I don’t have to do it right now.”

“Master is looking for you,” said Ah Luo. Tian Yao looked a bit serious. “Got it.

I’ll go back to the Beast Region now.”

He looked at Qu Lanyi with his silver eyes. Brutality flashed through Tian Yao's face. Kid, I won't let you go. There's still the Naxi family!

"Swish!" The air shook slightly. The light-element Fantastical Beast had already disappeared completely!

"Yun Feng" flashed and directly walked to the original cave that had almost been flattened. The energy fluctuation of the light element seed was still there. "Yun Feng" searched carefully and finally confirmed a certain location. The aura in her palm suddenly smashed down! A huge hole was directly created on the ground! Dazzling light emitted from the cave!

She reached her hand into the cave and a crystal clear jade seed came out of the cave with a faint red aura. The corners of "Yun Feng's" mouth curled up in satisfaction as she put the seed in her palm and frowned slightly. Yun Feng's body was a five-element body. She didn't have a container that could store the light element seed at all.

A container? "Yun Feng" raised her brows and saw Qu Lanyi on the ground with his black eyes closed. Speaking of containers, this kid's body was undoubtedly the best.

Ah Luo watched her move and remained silent. Everything she did had nothing to do with him. It didn't matter. His body suddenly flashed and disappeared from the void again. "Yun Feng" walked to Qu Lanyi with the Element Seed in her hand. "Kid, I won't let you get away with it for nothing."

The hand landed and the light element seed was directly sent into Qu Lanyi's body. At the same time, a faint red aura entered!

"Hm!" Qu Lanyi grunted. He was still frowning in his unconscious state. "Yun Feng" waited patiently for a while before the corners of her mouth curled up in satisfaction. She put in her aura to ensure that the light element seed wouldn't explode and she had to isolate it completely, or this kid would benefit for nothing.

"Argh..." At this moment, a rather miserable sound sounded. "Yun Feng" rolled her eyes and her body suddenly flashed! Shen Wu's corpse was lying on the ground. The egg he had been protecting carefully had already disappeared.

"Yun Feng" raised her brows. There was another human here just then? He hid his aura so well that she couldn't notice him? Hm!

Yun Feng closed her black eyes slightly. When she opened them again, the scarlet color had already faded and she regained her original clarity. After Yun Feng's consciousness returned, she was shocked to see the scene in front of her! Shen Wu was dead! How was that possible?

Shen Wu fell on the ground in pain. His body, which had already been healed in the chaos just then, was severely injured again. At this moment, he was already a cold corpse and his Beast Soul had already disappeared. Yun Feng glanced around with her black eyes and his egg also disappeared.

Ling, is it you? Yun Feng's black eyes glittered, but she didn't have time to think about that right now. She turned around and saw Qu Lanyi on the ground. She quickly ran over and held him carefully in her arms. "Lanyi! Lanyi!" Yun Feng called out. The shocking wounds on his body weren't bleeding anymore. His entire body was almost soaked in blood. Yun Feng's eyes turned sore as she looked at him. She touched his face with trembling fingers.

Looking around, the collapsed mountain was in chaos! Yun Feng immediately flipped her hand and a Ring of Contract appeared in her hand. A beam of green light suddenly appeared. Lan Yi was instantly shocked when he came out and didn't understand what Yun Feng experienced just then.

"Master, well.." Lan Yi was even more surprised to see Qu Lanyi covered in blood. Yun Feng said, "Take us out of here."

Lan Yi revealed his original form as a Griffin without another word. Yun Feng sat on Lan Yi's back carefully with Qu Lanyi in her arms. The Griffin's arms shook and it rose into the sky.

"Master, where are we going?"

Yun Feng was silent. She looked at the unconscious Qu Lanyi in her arms and said softly, "Chunfeng Town."

The Griffin turned into a beam of green light and left the sky above the Juling Mountain. The other figure, who was running, immediately stopped and looked at the back of the Griffin in the sky with his black eyes. He chuckled and held the egg in his hand more steadily. He pushed the glasses on the bridge of his nose with his slender fingers. He had really gained a lot this time..

Chunfeng Town was a unique existence in the territory of the Fengyun Empire. Even though the Yun family had already left Chunfeng Town, Chunfeng Town was still an independent area. Nobody in the Fengyun Empire dared to invade this place easily and put this place back into the territory of the Fengyun Empire. Perhaps because the Yun family was deeply rooted here, nobody could shake this town.

Even though the Yun family had left, the Yun family didn't lose its former influence in Chunfeng Town because of their departure. The soldiers of the Yun family didn't all leave Chunfeng Town. A small number of people chose to stay and continue staying in Chunfeng Town. In their minds, this was still one of the bases of the Yun family. And because of the existence of these soldiers of the Yun family, Chunfeng Town didn't have any commotion because of the departure of the Yun family.

The mansion of the Yun family was still there. The servants from back then were still here. Yun Jing had already left, but these servants still chose to stay. The soldiers of the Yun family also came to the mansion to patrol from time to time, as usual. The members of the Yun family had already disappeared from Chunfeng Town, but these people had never left in their minds.

When the huge Griffin returned to the sky above Chunfeng Town and landed on the ground not far away from Chunfeng Town again, a figure appeared. People in Chunfeng Town found it hard to believe that the Young Lady of the Yun family, Yun Feng, had returned.

When Yun Feng returned to the Yun family's mansion quietly with Qu Lanyi, nobody in Chunfeng Town knew about it. Yun Feng came back quietly and didn't want to cause any commotion. She needed a quiet environment right now. Nobody could disturb her. When the old servants of the Yun family found that Yun Feng was back, they were all shocked and excited. However, what Yun Feng said casually made these people suppress their surprise and excitement in their minds.

"Don't spread it. Don't disturb me. Everything is fine." After Yun Feng said this, everyone immediately didn't dare to come and greet her. Even though they were secretly delighted in their minds, they could only hold it in their minds.

Looking at Qu Lanyi, who was lying on the bed, Yun Feng pursed her lips tightly. She pushed the door open and came to her brother's room. She opened the closet and searched. Most of Yun Sheng's clothes were still here. Yun Feng found a few and compared them. Then, she went to her sullen father's room and came back with a dozen clothes. Looking at Qu Lanyi's bloodstained clothes, Yun Feng's heart ached again.

The door was closed. Yun Feng took a deep breath. She came to the bed and carefully undid the incomplete buttons on Qu Lanyi's body. Looking at the shocking wounds on his chest and arms, Yun Feng's fingers trembled slightly. Luckily, these wounds had already healed automatically and they didn't bleed again.

Yun Feng took off her clothes that were soaked in blood, looking a bit clumsy. She moved carefully, fearing that she would tear the wounds on Qu Lanyi's body. Qu Lanyi looked like he was sleeping soundly. Nobody could disturb his dream.

As his clothes were unbuttoned, the man's body was also exposed. Apart from a few ferocious wounds, the man's beautiful and strong body could be seen clearly. Even though Qu Lanyi was tall and slim, the muscles on his body were very beautiful. He didn't look weak at all, which showed the beauty of the man's strength.

Yun Feng couldn't help but blush. This was the second time she looked at his body directly. The first time was when she accidentally glanced at him when she was young. He was obviously very different from that time right now. His growth was increasing imperceptibly as time passed.

Yun Feng took a deep breath and took the towel with a red face. Her fingertips were slightly cold. She knew that he wouldn't wake up, but she still felt shy, fearing that she would be discovered. Her hands trembled slightly as she wiped the man's body with the towel. Looking at the three unusually ferocious wounds, Yun Feng's restlessness finally faded. She caressed the skin with her fingertips and looked at Qu Lanyi's slightly pale face with only heartache in her black eyes.

"Lanyi, when will you wake up..." Yun Feng mumbled. What answered her was only silence. For the first time, loneliness, anxiety and worry lingered in Yun Feng's heart, like a dark cloud that wouldn't disperse for a long time. It enveloped her head and heart all day. As long as he didn't wake up, she would spend a day like this. Thinking of the three years when she was unconscious in the Dragon Clan, he must have experienced the same feeling.

After putting Yun Sheng's clothes on him, she suddenly found that they were a bit small. After all, they were Yun Sheng's clothes when he was young. Qu Lanyi's long limbs didn't fit at all. Yun Feng blushed and put Yun Jing's clothes on him again. After changing, she was also covered in sweat.

After changing the clothes, Yun Feng carefully helped Qu Lanyi up and planned to force the Life Potion into him. Even though he had light elements in his body, which were the most powerful healing energy in the world, he was in a coma right now. The light elements weren't under his control and he could only use potions. This was the only way Yun Feng could think of.

Unfortunately, the unconscious man was very uncooperative. He closed his thin lips tightly and refused to open his mouth. The grandmaster-level Life Potion was very precious. It wasn't easy for Yun Feng to make it. Seeing that he wasn't willing to cooperate, Yun Feng could only take a deep breath and take a big gulp herself. She held the man's neck and pressed her soft red lips against it before she directly passed the potion to him.

His lips were so cold... Yun Feng couldn't help but touch them with her fingers and pull half of Qu Lanyi's body into her arms tightly. Lanyi, would this be better?

Yun Feng held him just like that. She hoped that her body temperature could warm him up a bit. Yun Feng couldn't adapt to Qu Lanyi, who was unconscious and didn't move at all. Tears welled up in her eyes. For the first time, he, who had been acting as a caregiver, lay here and couldn't say anything.

Seven days. Yun Feng took care of him for seven days and seven nights without sleep. She didn't care about her daily needs at the God King Level. She didn't need to eat or rest for a long time. At night, she sat by the bed quietly and watched with her black eyes, hoping that those black eyes would show signs of waking up.

The examination of mental strength continued every day. Yun Feng checked Qu Lanyi's recovery carefully every day. After drinking three bottles of the Life

Potion, his life was no longer in danger, but he still refused to wake up. Yun Feng didn't find anything unusual inside his body, but he still didn't open his black eyes.

Perhaps because he was too weak from overuse of mental strength, Yun Feng explained to herself. Qu Lanyi had indeed overused the mental strength in his body and was slowly recovering right now. Yun Feng could be more at ease in her mind if she thought so. After all, she had experienced such a situation before. Excessive usage of mental strength would cause his body to be extremely weak. It was normal for him to fall unconscious. He just had to recover slowly..

Chapter 1794 - 1794: The Knot in the Magic Beasts' Hearts (2)

Yun Feng didn't go out often. With her instructions, these old servants in the Yun family's mansion didn't dare to ask anything easily. They could only pay attention all day and nobody dared to knock on the door. The Young Lady didn't seem to be in a good mood when she came back this time. This was what all the old servants were thinking.

Compared to the emotions she felt when she just came back, Yun Feng was much better right now. Her initial anxiety and worry had already been eased slowly. She was focused on taking care of Qu Lanyi right now and waiting for the day he woke up.

It was inevitable that she would encounter awkward situations when she took care of Qu Lanyi. It was the same when Yun Feng washed up for the unconscious Qu Lanyi for the first time, especially when he took a bath. He couldn't keep lying without cleaning for a long time, so Yun Feng could only do it for him. There was a wooden bucket for bathing. Yun Feng first introduced the water element to the wooden bucket, then used the fire element to make water at the appropriate temperature. Then, she undressed the man and brought him into the wooden bucket.

However, the small wooden bucket could barely accommodate Qu Lanyi's slender body. The man's feet and hands swayed outside just like that. Yun Feng could only

wash him with a red face. If such a good thing happened at another time, Qu Lanyi would definitely use some bad ideas to take advantage of Yun Feng. But now, he was just lying there quietly and breathing gently, asleep just like that.

Yun Feng wiped his body carefully with gentleness in her black eyes. Her hand wandered on this extremely charming man's body. Yun Feng couldn't help but wonder if it was her turn to take advantage of him now. Thinking of this, she couldn't help but chuckle softly. Ignoring the water drops on the man's body, Yun Feng hugged his shoulder.

"Lanyi... If you open your eyes, what kind of expression will you have? You'll definitely say something with a mischievous smile, right?"

The man leaned in Yun Feng's arms quietly. Yun Feng chuckled and washed his black hair. Unknowingly, his hair seemed to have grown a bit longer.

In the blink of an eye, more than three months had passed. Qu Lanyi was still asleep, and Yun Feng was still here.

"He's still not awake?" Little Fire looked at Qu Lanyi on the bed with its black eyes and said in a rather rude tone. It was truly strange for this man to lie like this. Now, the five contracted Magic Beasts were all in Yun Feng's room and had all come out of the Rings of Contract.

"Why isn't Brother Lanyi opening his eyes yet?" Yaoyao retracted her little hand and looked at Yun Feng with her big blue eyes. "Xiao Feng, Brother Lanyi's injuries have already healed.."

Yun Feng smiled wryly. Yaoyao held Yun Feng's hand with her little hand. "But it's fine! Xiao Feng, Brother Lanyi will definitely be fine!" Yun Feng nodded and touched Yaoyao's little head with her hand. Yaoyao smiled sweetly, which comforted Yun Feng a bit.

Lan Yi frowned and didn't say anything. Er Lei glanced at Qu Lanyi impatiently. "Is this kid staying unconscious on purpose? With his personality, he might have done such a thing."

"Monster, can you be kinder? If he's really such a person, Little Yun Feng wouldn't have liked him anymore." Sister Hua glared at Er Lei, who immediately roared, "Stupid transvestite, try calling me a monster again!"

Sister Hua grunted and ignored her. She looked at Yun Feng with her green eyes and sighed slightly. "Little Yun Feng, if he doesn't want to wake up, what will you do? Will you stay here forever?"

Everyone was stunned, including Yun Feng herself. She had never thought about this question. What she wanted in her mind was to stay with Lanyi until he opened his eyes! “No, he’ll definitely wake up!” Yun Feng said. After saying that, her heart trembled fiercely.

Sister Hua’s green eyes glittered and she sighed again. “If he really doesn’t wake up, are you really going to put everything down and stay here? Are you not going to care about the Blood Souls anymore? What about the Element

Seeds? Are you not going to find them anymore? Are you going to let the Blood Souls develop until you can’t stop them at all?”

Yun Feng was speechless!

“No! Brother Lanyi will definitely wake up!” Yaoyao raised her little face and said loudly, as if she wanted to cheer for Yun Feng. Sister Hua shook her head. “Little girl, don’t think I’m being mean to little Yun Feng. I also hope that this kid can wake up, but what I said just then was the truth. We have to consider the situation.”

“Master, Sister Hua is right,” said Lan Yi as he looked at Yun Feng with his green eyes. “Master, are you really going to abandon everything and stay here?”

The five contracted Magic Beasts all looked at Yun Feng. Yun Feng sat there quietly and didn’t say anything for a long time. She raised her black eyes and looked at the man who was sleeping quietly on the bed at this moment. Yun Feng smiled. “He’s always stood by my side silently along the way and moved forward with me without abandoning me. He’s been by my side for three years in the Dragon Palace and countless years after that...” Yun Feng suddenly clenched her fists. “Even if we’re separated, even if we can’t meet, he’s always thought of me as the most important person in his mind. Doesn’t he have his own responsibility? Has he really never taken his identity as the Young Master of the Naxi family to heart? He’s carrying the same thing on my shoulder and it’s never changed!”

Yun Feng clenched her fists fiercely. “Why can he do everything for me without complaints, but I can’t?”

The five contracted Magic Beasts were all silent. They didn’t understand human emotions and couldn’t understand Yun Feng’s feelings at this moment. Lan Yi frowned. “We might not be able to understand Master’s feelings completely, but what Sister Hua said just then is indeed the truth. I hope Master can consider it carefully.”

“I’ve already thought about it carefully.” Yun Feng raised her black eyes. “If it weren’t for Lanyi, Yun Feng wouldn’t be who she is right now! If he doesn’t open his eyes, I wouldn’t leave! Even if the Blood Souls grow up and become so powerful that I can’t stop them in the end, I won’t regret it at all! The alliance to resist the Blood Souls has already been formed. I’m not indispensable to them! But I am indispensable to him.”

The five contracted Magic Beasts fell silent again. In the end, Sister Hua chuckled. "I'm just saying. Since you've already made up your mind, Little Yun Feng, just ignore what I said just then."

Er Lei frowned tightly. "Yun Feng, I have to say that I'm a bit disappointed in you for what you said just then. You can't escape the shackles of humans."

Emotions are such a troublesome thing that you've become weak."

"Monster, what did you say?" Sister Hua was immediately enraged and Yaoyao was also anxious. "You don't understand Xiao Feng's feelings at all.. Xiao Feng is also very uncomfortable and it's very difficult for her to make the decision!"

Er Lei looked at Little Fire. "What about you? Do you think the same as me?"

Little Fire frowned slightly. "I don't understand so-called emotions, but I can still understand devotion... I was the first to meet and contract with Master. This kid has indeed done a lot for Master along the way."

"Er Lei, with your personality, it's inevitable for you to say this. The reason why you took the initiative to make a contract request with me back then was because you wanted to pursue constantly exciting battles and because of Uncle Flirtatious's instructions, right?"

Er Lei frowned and didn't say anything. Yun Feng chuckled. "I'm a human being to begin with. Feelings are an indispensable part. Perhaps in the eyes of you Magic Beasts, humans are weak and emotionally troublesome, but for humans, they're just empty shells without feelings. What's the difference between living like this and being a walking corpse?"

"I do think relationships are troublesome. I'll never give up the responsibility I've already taken on for one person."

"That's enough! Xiao Feng is already feeling very uncomfortable right now!" Yaoyao roared in dissatisfaction and showed her sharp teeth at Er Lei. Er Lei sneered. "I'm telling the truth. Why? Can't I express my dissatisfaction?"

"You!" Yaoyao was immediately enraged. Yun Feng pulled her down and smiled lightly. "I understand. If you think I'm not qualified as your master, you can cancel the contract anytime. I won't force you."

"Master!" Lan Yi was shocked, while Er Lei frowned even more fiercely. Yun Feng looked up. "I won't leave him. This is my choice."

Er Lei's purple eyes glittered. In the end, he smiled in disdain. "Yun Feng, am I someone you can summon and dismiss at will?"

Yun Feng smiled lightly and didn't say anything else. Er Lei snorted and directly flashed away. Seeing that, Lan Yi immediately said, "I'll go after him, Master. He doesn't mean any harm. I believe Er Lei doesn't have any intention of canceling the contract."

Yun Feng didn't say anything. Lan Yi also flashed and chased after him. Yaoyao looked furious. "Why are you still chasing him? Just let him go!"

Little Fire heaved a sigh. The little boy seemed to be a bit gloomy. "I'll go after him too. If Er Lei goes crazy, Lan Yi probably won't be able to stop him alone." He glanced at Yun Feng with his black eyes and Little Fire chased after them. Sister Hua walked over and touched the top of Yun Feng's head.

"Little Yun Feng, it's my fault. I shouldn't have said that."

Yun Feng raised her head and chuckled. "You're not wrong. You did the right thing. Such a situation should indeed be considered. It's normal that you don't agree. I understand."

Sister Hua could only shake her head and sigh. Yun Feng got up and walked to Qu Lanyi, looking at his sleeping face attentively with her black eyes. "I'm not so powerful that I'm invincible. Without his help and company, it would've been very difficult for me to get to where I am right now. Without him... I'm just an ordinary person, not Yun Feng right now."

"Xiao Feng..." Yaoyao's eyes were a bit red. She wanted to go forward, but Sister

Hua pulled her and shook her head. Sister Hua smiled gently and touched Yaoyao's little head, wiping the tears at the corners of her eyes. "Little Yun

Feng, we all understand."

Yun Feng was silent as she looked at the handsome face in front of her with her black eyes. Lanyi, would you do the same if you were me? I'm returning what you did to me.

In the Foggy Forest, a purple lightning bolt suddenly flashed in with astonishing anger. There was a faint sound of thunder in the sky, followed by a green figure that also flashed in. All the Magic Beasts hid in their nests tacitly

and didn't say a word.

"Er Lei!" Lan Yi arrived and immediately slapped, sending a stream of wind element over, stopping the purple figure in front of him.

“F\*ck, I’m in a bad mood. It’s good to have a fight!” A furious voice came. The purple figure flashed back in an instant and a bolt of lightning struck. Lan Yi was shocked. His body immediately flashed and the lightning directly struck the trees around, causing a loud noise.

Lan Yi frowned. “I’m not here to fight with you!”

Er Lei looked furious as the silver snakes on his body surged crazily. “You’re not fighting? Don’t stop me!”

“You must know Master’s dilemma. Master isn’t one of those weak humans you think she is! Have you ever seen Master weak along the way? Hasn’t she been working hard to move forward? You must know that!”

“So what if I know?” Er Lei roared as another lightning bolt struck casually.

Another area of trees collapsed and the bushes around were completely burnt.

“I just can’t stand how she’s willing to give up everything for one person!”

“That person is none other than Qu Lanyi!” Lan Yi also roared. “Don’t you know how important he is to Master?”

“I don’t know! Human emotions are very troublesome!”

“Swish!” A fiery red figure then rushed over. The little boy looked gloomy. Seeing that Little Fire was also here, Er Lei sneered. “Are you here to reason with me too?”

Little Fire raised its brows and crossed its arms in front of its chest indifferently. “I don’t have time for that. I’m not as useless as Lan Yi.”

Lan Yi raised his brows and glanced at Little Fire. Little Fire glanced at Er Lei casually. “Do you want to cancel the contract or not? Be quick.”

Er Lei was startled and frowned hard. Lan Yi immediately roared after hearing that, “Brother Fire! Don’t cause trouble anymore!”

Little Fire ignored what Lan Yi said and continued, “If you want to cancel the contract, you should do it as soon as possible so that Master can contract with other Magic Beasts. Don’t occupy the toilet and not poop.”

“Brother Fire!” Lan Yi was shocked. He was clearly here to cause trouble!

“F\*ck, it’s not up to you to decide whether I’m going or not!” Er Lei swung his hand and another thunderbolt struck! Little Fire’s black eyes darkened and it swung its hand. A

stream of red fire with some black color spouted out of its palm and collided fiercely with the thunderbolt! They were on par!

“You know very well that she’s an extremely rare summoner among humans. That’s why you’re committed to her, isn’t it?” Little Fire said indifferently with a cold expression.. “You’re just angry in your mind, but you’ve never thought of canceling the contract, have you?”

Er Lei, whose thoughts had been guessed, immediately looked embarrassed. “I don’t think so!”

“If you really don’t think so, just cancel the contract! As long as you ask, Master will definitely set you free.” Little Fire said indifferently. Lan Yi heard something and didn’t interrupt anymore. Er Lei stood there awkwardly, not knowing what to say. In the end, the anger all over his body suddenly disappeared and the silver snakes on his body instantly returned to his body.

Lan Yi was inexplicably relieved. He had finally calmed down. Little Fire raised its brows and looked around with its black eyes. “She was here when I met her. At that time, she was just a summoner with the strength of Grade 5.”

Er Lei grunted, but he also listened quietly.

“She’s already at the God King Level right now. She’ll continue to surpass us in the future. This is something I never expected back then, but ever since I contracted with her, I understood that she’s different.’

At this moment, the little boy’s face was tainted with maturity. “I’m different from you. My contract with her is a master-servant contract. In the end, she’ll set you free, but I’ve never thought of leaving.”

“Brother Fire,” said Lan Yi. Little Fire chuckled. “Contracting is a form after all. The contract between summoners and Magic Beasts isn’t as simple as contracting. What she gave us isn’t just strength.”

Er Lei’s face darkened. Lan Yi chuckled. “Indeed, she gave Magic Beasts emotions.”

“You keep saying that you don’t understand human feelings and think they’re very troublesome, but you acknowledge her. This is a kind of emotion.” Little Fire looked at Er Lei with its black eyes. “Have Master’s feelings for us not reached your heart?”

Er Lei was stunned and couldn’t say anything. In the end, he said, “I’m just a bit angry.”

Lan Yi smiled gently. "I can understand that, but Qu Lanyi means a lot to Master. No matter how many responsibilities Master bears, if Qu Lanyi weren't by her side, she wouldn't have been able to reach this point. How many people would have been able to persist until now if they experienced what Master experienced?"

Er Lei was silent. Lan Yi walked over and patted his shoulder. "I know you're worried about Master. After all, once the Blood Souls grow up, they won't let the Yun family go, let alone Master. If Master stays with Qu Lanyi, her life will definitely be in danger. That's what you're angry about."

Er Lei looked embarrassed. "I'm not..."

"Alright, what's there to quibble about? Who doesn't know what you're thinking?" Little Fire crossed its arms behind its head and said casually. Er Lei was immediately embarrassed. "F\*ck, do you want to fight?"

Little Fire glanced at Er Lei indifferently. "I'm going back. I'm too lazy to talk to you."

"1...!" Fury flashed through Er Lei's purple eyes. Lan Yi smiled helplessly and stopped Er Lei from rushing over. "Let's go back too, or Master will be worried."

Er Lei frowned slightly and replied with a low voice, returning with Lan Yi. Little Fire, on the other hand, walked slowly in the Foggy Forest with gloomy black eyes. The so-called feelings... A pretty face couldn't help but flash through its mind. Little Fire raised its head and looked at the blue sky above its head. It didn't know how that girl was doing... It believed that she had already grown into a very good summoner.

The corners of Little Fire's mouth curled up slightly and it put on a slightly bitter smile. It didn't understand feelings. It had a conflicted feeling with that girl and understood the final ending of the two of them. It heaved a long sigh. Little Fire's black eyes glittered and something quietly retreated.

Forget it. Humans were destined to be humans. That girl should have her own happiness. He had never thought of leaving Yun Feng's side. Even if he really left her one day, he would choose to return to the world of Magic Beasts. That girl... was destined not to be able to go with him.

Yun Feng seemed to be prepared for the different attitudes of the contracted Magic Beasts. When Er Lei said that, Yun Feng wasn't very surprised in her mind, but accepted it calmly. There were always differences among humans. Even the closest people would have differences, let alone the contracted Magic Beasts. Magic Beasts weren't always obedient to their masters. It was normal for them to be dissatisfied. Besides, Yun Feng had always treated Magic Beasts equally. Er Lei dared to express it directly.

When Er Lei came back, Yun Feng thought he would ask about canceling the contract. If he asked, she wouldn't force him. However, Er Lei only stammered something that sounded like an apology. Then, his body flashed and he directly entered the Ring of Contract. Yun Feng was stunned. Lan Yi added with a smile, "He's actually just worried about Master's safety. He couldn't help but be a bit anxious. It's not that he's dissatisfied with Master."

Yun Feng smiled lightly. She understood in her mind that even though Er Lei had a weird personality and was very rough and direct, he also cared about her. If he hadn't acknowledged her, he wouldn't have pestered her to contract with him back then. She chuckled softly and the knot in her heart had already been removed. However, Yaoyao was still a bit angry. In her opinion, Er Lei hurt Xiao Feng, whom she valued the most. He was very hateful!

"The next time he comes out, I'll definitely slap him fiercely with my fishtail!" Yaoyao roared with anger on her little face, which made Yun Feng chuckle softly. She squeezed her little face with her hand. Yaoyao jumped into Yun

Feng's arms and hugged her. "Xiao Feng is the most important person to me. Nobody can hurt you!"

Yun Feng nodded with a smile. These few contracted Magic Beasts would definitely protect her with their lives when she was in danger. She only wanted to thank them for such a bond. Contracting wasn't free. A summoner contracted a Magic Beast and the Magic Beast became the summoner's partner. It could be said that both parties were entrusted with each other's lives. The scene of Yaoyao and Yun Feng hugging was very warm. Lan Yi looked at them gently, while Sister Hua reached out and pulled the two of them into her surging breasts. Yaoyao struggled desperately and finally broke free. However, Yun Feng was unfortunately held tightly, which almost made Yun Feng breathless.

"Little Yun Feng, you're also the most important person to me." Sister Hua held her tightly. Yun Feng breathed hard. "Let go of me. Let go of me first!"

Sister Hua hugged Yun Feng with a touched look. She still didn't know how voluptuous she was. Lan Yi stepped forward with a wry smile and patted Sister Hua's shoulder. "You're almost suffocating Master.."

Chapter 1797 - 1797: Waking Up

Sister Hua lowered her eyes and looked. Yun Feng's face was red. Sister Hua chuckled and put on a charming smile with her eyes. She let go of her arm slightly and Yun Feng finally took a deep breath. Yaoyao looked like she wanted her to let go, but she wasn't

willing to go forward. Sister Hua bent down and kissed Yun Feng's face gently. "Little Yun Feng, I like you the most."

Yun Feng was speechless. She could still stand this kiss. After all, Sister Hua was a female right now. Looking at Sister Hua, Yun Feng suddenly lowered her eyes and looked at her breasts. In comparison, hers could be considered an airport.

Seeing Yun Feng's gaze, Sister Hua put on a charming smile and touched Yun Feng's chest! Yun Feng was shocked! Lan Yi and Yaoyao were also shocked when they saw that!

"What are you doing?" Lan Yi and Yaoyao rushed over at the same time. Yaoyao protected Yun Feng behind her with a look that said she would bite whoever dared to get close, while Lan Yi grabbed Sister Hua's arm with both hands and took her a few steps away. Lan Yi blushed and couldn't believe what Sister Hua did just then. She... wanted to molest Master!

Sister Hua's arm was held by Yun Feng. Her body went limp and she lay in Lan Yi's arms. Lan Yi shivered and was about to push her away, but Sister Hua extended her arms and held him in her arms. Lan Yi immediately blushed!

"Let go of me!" Lan Yi roared with a red face, but Sister Hua chuckled and held him even tighter. Lan Yi's handsome face flushed and he was very embarrassed.

"Little Yun Feng, even though mine are very big, yours aren't small. Don't worry." Sister Hua looked up and glanced at Lan Yi very charmingly. "Handsome, I like you very much."

Lan Yi's handsome face flushed. He immediately reached out and pushed Sister Hua away forcefully. His body flashed and he directly turned into a beam of green light, entering the Ring of Contract. Before he left, he said something that shocked everyone. "If you get close to me again next time, I'll pull out your tree root directly!"

Yaoyao nodded fiercely and stood in front of Yun Feng as a guard. Sister Hua chuckled and tapped the corners of her mouth with her finger. "What a strong-willed handsome man. Didn't I just take advantage of him? How petty."

Yun Feng only felt a bit of a headache. The complicated feelings she had just then were completely diluted by this scene, which made her have the urge to laugh. What Magic Beasts did she contract with? Their personalities were so weird.

Seeing the change in Yun Feng's expression, Sister Hua smiled comfortably.

"Little Yun Feng, as long as you're happy. I didn't put in so much effort in vain."

Yun Feng was stunned. Was everything she did just to make her happy? Sister Hua chuckled and her body also flashed into a golden light, entering the Ring of Contract. Yaoyao was stunned. "So, she did it to make Xiao Feng happy..."

What a weirdo."

At this moment, Little Fire pushed the door open and came in. It looked around. "Where are they? Have they all gone back?"

Yaoyao nodded. Little Fire nodded. "Then let's go back too."

Yaoyao glanced at Yun Feng reluctantly. She wanted to stay and accompany Xiao Feng... Little Fire glanced at Yaoyao with its black eyes and went forward to pull her away from Yun Feng's knee. "Master still has to take care of that patient. Don't cause trouble. Let's go."

Yaoyao pursed her lips and glanced at Qu Lanyi on the bed with her blue eyes. She could only sigh helplessly. "Xiao Feng, Brother Lanyi will definitely wake up."

"You talk too much!" Little Fire mumbled in dissatisfaction and knocked Yaoyao's little head with its hand. Yaoyao was a bit aggrieved and directly turned into a beam of blue light, entering the Ring of Contract. Yun Feng smiled helplessly. Little Fire also turned into a beam of red light and entered the Ring of Contract. Only Yun Feng and Qu Lanyi were left in the lively room just then, but Yun Feng was in a different mood at this moment.

Yun Feng walked to the bed with a smile in her black eyes and wrapped Qu Lanyi's big hand in her palm. She lay on the bed with her cheek and looked at his calm sleeping face. She slowly closed her black eyes. "Lanyi, I'm so lucky to meet you and them... I'm very happy to have your company. Thank you. Thank you."

After putting down the heavy burden in her heart, Yun Feng held Qu Lanyi's hand tightly and fell asleep. She lay on the other side of the bed and leaned her cheek against his big hand, feeling the warmth of the body. A sweet smile appeared at the corners of Yun Feng's mouth.

Darkness shrouded the night sky again. Moonlight shone through the window on the handsome facial features of the person lying on the bed. His eyelashes cast a heavy shadow on his face. After a while, the shadow moved slightly.

The eyelids of the man, who had never woken up on the bed, twitched slightly. The woman lying on the bed was sleeping sweetly and holding his big hand tightly, unwilling to let go. Finally, the man's eyelids slowly opened after jumping a few times. His black eyes looked even deeper under the night sky.

He turned his black eyes slightly and felt a bit surprised at where he was. The man turned his face slightly and saw the woman lying on the bed and their clasped hands.

The man curled his lips slightly and felt a slight pain on his lips. He wanted to speak, but his throat was extremely dry. He could only sit up carefully, but his arms never moved, fearing that he would wake her up from her sleep.

His black eyes were as gentle as water. Looking at the side of the woman's face as she slept, the man slowly lowered his body and gently pressed his dry lips on her jade-like face. His light breath blew on her tender skin. The sleeping woman suddenly opened her black eyes and the man curled his lips, looking at her with a smile.

"Lanyi?" Yun Feng watched and wasn't sure if it was a dream. Was he awake? Was he really awake?

The man curled his lips and smiled gently. He scratched her cheek gently with his other hand. "Fengfeng..." A hoarse voice came. Yun Feng was startled and immediately let go. "I'll get you some water!" She jumped up from the ground. Qu Lanyi couldn't help but chuckle when he saw that.

Yun Feng's mind was a bit chaotic. He was awake. He was really awake... It wasn't a dream, was it? Yun Feng brought the cup over and handed it to Qu

Lanyi. She looked at him nervously with her black eyes, fearing that this wasn't real. Qu Lanyi's heart ached when he saw her expression. He pointed at the cup and then at his mouth as he looked at Yun Feng with scorching black eyes.

Yun Feng blushed inexplicably. In such a night, everything seemed a bit hazy. A faint blush crawled on Yun Feng's cheeks. Qu Lanyi's scorching gaze made her cheeks burn. She understood what he meant. She had done such a thing many times when he was unconscious... Seeing that Yun Feng was hesitating, Qu Lanyi chuckled and reached out for the cup, not planning to tease her.

However, Yun Feng drank it and leaned over.

A fragrance came, which made Qu Lanyi a bit dazed. His hands unconsciously climbed onto her slender waist and held her body in his arms. Her flushed cheeks were so shy and charming under the night sky, and her lips, which he wanted to kiss no matter what, made his throat inexplicably even thirstier.

Yun Feng lowered her face and pressed her moist red lips against his hot and dry thin lips. Their lips touched and a coolness flowed out of Yun Feng's mouth. Qu Lanyi greedily touched it, absorbing the unusually sweet aura. It flowed from their lips to his hot throat and body.

The man's hand became unusually hot and he slowly rubbed the woman's waist. The water in Yun Feng's mouth had already been passed, but their four lips hadn't separated. Hot air began to spread from the lips to the entire body.

The man exerted strength in his arm and pressed the woman's body under him. In the night, they looked at each other passionately and shyly. Neither of them said anything. There was only a scorching aura filling the air between them and their scorching heartbeats that had already become chaotic.

There were some things that they should have done a long time ago, right?

Chapter 1798 - 1798: About Yun Qi (1)

The night was intoxicating, making his originally calm and quiet heart restless at this moment and he couldn't stop. A deep emotion kept echoing in his body like surging waves, rushing to his heart again and again and never stopping.

Their breathing and heartbeats had already been messed up. Their gazes kept intertwining. Two pairs of eyes with scorching fire looked at each other. Two young and restless bodies. Qu Lanyi looked at Yun Feng, who was lying under him, and touched her waist with his hot hand, making rustling sounds through her clothes. Hearing this at night made people's hearts race.

A moan made Qu Lanyi's heart tremble fiercely! He lowered his handsome face and covered it with his thin lips, swallowing the voice from the woman's mouth and taking it to the bottom of his heart. What a beautiful voice!

The hot hand exerted strength. Yun Feng's face flushed and her body went soft.

Her mind had already been in a mess. She only knew that the person who was doing this to her was the man she loved. She was willing to do anything.

Qu Lanyi's breathing was rapid and the redness in his eyes surged out again. He reached his hand into her collar and touched her smooth and slightly cold skin. Qu Lanyi's breath tightened again. He couldn't help but want to have her immediately... make her his!

"Lanyi..." Yun Feng mumbled softly. She couldn't help but climb onto the man's neck and hug him. Her passion had already begun in her mind.

With a rapid breath, the man's hot body suddenly left from above. Qu Lanyi flipped his body and lay on the side of the bed. His chest rose and fell and his heart raced. He pressed his hot hand on the top of his head. No, not yet!

The passion suddenly turned cold because of the sudden retreat. Yun Feng came back to herself and immediately sat up with a flushed face. She was about to get up and leave without thinking. Qu Lanyi extended his hand and held her in his arms again. The scorching aura enveloped Yun Feng's entire body again. The man's hoarse voice sounded in her ears. "You're not allowed to leave..."

The man's heartbeat came from behind her like a drum. Yun Feng blushed and leaned into his arms, wondering why he didn't continue... Thinking of this, Yun Feng couldn't help but blush even more.

The two of them fell silent. Only their hearts were pounding. Qu Lanyi held Yun Feng and tried his best to calm his breathing and heartbeat, forcing himself to calm down. Yun Feng also lay down quietly and didn't say anything. Finally, everything returned to the initial peace.

"Fengfeng, not yet..." Qu Lanyi buried his handsome face into Yun Feng's neck and sprayed hot air on her skin. "I really want to take you and make you mine, and I'm going crazy thinking about you! However..."

Yun Feng chuckled and her hand climbed onto the man's arm. "I know, Lanyi." Qu Lanyi frowned slightly. Then, he chuckled. She knew? She didn't know how hard he had to endure. If possible, he wanted to penetrate into her body and occupy her fiercely... make her beg for mercy!

"Kid, if you want to live, don't touch my disciple, or you won't be able to stay with her longer in the future." What Feng Qingxuan said flashed through Qu Lanyi's mind. If it weren't for Senior Feng, he might have already done it. God knew how painful it was for him to endure it. The woman he loved was right next to him and he couldn't touch her... That was a huge torture.

However, there was certainly a reason why Senior Feng said that. Every time his desire burst out, the light and dark elements in his body would be even more uncontrollable and might even be in chaos. The light and dark elements in his body couldn't be reconciled. He might never be able to touch the woman he loved in his life. Thinking of this, Qu Lanyi couldn't help but hug her even tighter. How could this be? He had to deal with this troublesome situation no matter what!

Yun Feng turned around and the two of them faced each other. Yun Feng smiled sweetly and leaned into Qu Lanyi's arms. "It's great that you're awake..."

"It's not hard at all." Yun Feng shook her head and held the man's waist with both hands, taking a deep breath. She was extremely at ease. With him here, everything seemed to be resolved, as if she didn't have to worry about anything

"After I fainted, where did the light-element Fantastical Beast go?" Qu Lanyi frowned. Yun Feng also frowned. She didn't know that either. When Red -Eyed controlled her

body, she didn't know the situation outside at all. "It's already left." Yun Feng could only say vaguely. When she regained control, the light-element Fantastical Beast was indeed gone.

Qu Lanyi was silent. "What about the light element seed? Did you get it?"

Yun Feng smiled wryly. "I forgot about that. I only wanted to take you away from there. At that time, you... I was completely panicked."

Qu Lanyi chuckled and touched Yun Feng's black hair. "It's fine. It doesn't matter even if I don't get it."

Yun Feng frowned. Should she go back to the Juling Mountain again and find the light element seed? It wasn't easy to find it. It would be a pity if she really missed it.

"Where's that kid? He left too?" Qu Lanyi raised his brows. Speaking of Xuan Yi,

Yun Feng's face became a bit colder. "He hunted Shen Wu and even took his egg. He left."

Qu Lanyi raised his brows slightly after hearing that. In the end, he sneered. "Humph, he's a man who wouldn't give up until he achieves his goal. He attacked in the end."

Yun Feng was silent. When she opened her eyes again, she only saw Shen Wu's corpse. The egg he cherished was still taken away in the end. Ling... As Lanyi said, he wouldn't stop until he achieved his goal. As expected of the Young Master of the Xuan family. He was also very scheming.

Being able to kill Shen Wu so quickly, and even though Shen Wu had already recovered a lot. That guy's strength... Yun Feng's black eyes darkened slightly. It seemed that she had underestimated him.

Qu Lanyi closed his black eyes slightly and guided the light elements in his body to move around in his body. Suddenly, Qu Lanyi opened his eyes with surprise in his black eyes. How could this be?

"What's wrong?" Yun Feng looked up. Qu Lanyi immediately sat up, and so did Yun Feng. Qu Lanyi closed his eyes again to confirm. When he saw the things that appeared in his spiritual space, he was even more confused.

"Lanyi? What happened?" Yun Feng was a bit panicked for some reason. She quickly asked worriedly..

Chapter 1799 - 1799: About Yun Qi (2)

Qu Lanyi raised the corners of his mouth and smiled, but he was a bit helpless.

“I’m not sure if this is a good thing or a disaster, Fengfeng.”

Yun Feng raised her brows, not quite understanding what he was talking about. Qu Lanyi pointed at his body. “The light element seed is here, in my body.”

“What?” Yun Feng was shocked! How was that possible? How exactly did the light element seed enter Lanyi’s body?

Qu Lanyi frowned slightly. “It’s just that there’s a layer of red aura wrapped around the Element Seed. It’s also this aura that prevents my body from exploding and makes the Element Seed completely isolated from my mental strength. ”

Red aura... Red -Eyed! Yun Feng was immediately enraged in her mind. It dared to do this!

“Fengfeng?” Qu Lanyi was a bit confused when he saw the anger in Yun Feng’s eyes. This should be a good thing for him after all. Why was she so angry?

“Wait for me. I’ll ask about it.” Yun Feng whispered and then closed her black eyes. Qu Lanyi was puzzled. Ask about it? Ask whom?

“Red-Eyed! Come out!” Yun Feng came to the dark space and shouted furiously! Her voice echoed in the darkness and there was burning anger deep in her clear black eyes. Yun Feng clenched her fists and stared at somewhere in the darkness. Soon, a lazy voice sounded. “Why are you shouting?”

“Swish...!” Yun Feng suddenly leaned towards the source of the figure. “Did you do this? Did you send the Element Seed into Lanyi’s body?”

After a few seconds of silence in the darkness, a pair of huge red eyes suddenly opened in front of Yun Feng with a hint of ferociousness flashing through them. “So what if it’s me?”

“It’s indeed you!” Yun Feng gritted her teeth with anger burning in her black eyes! If possible, she really wanted to tear this inexplicable thing in the darkness into pieces right now!

Seeing how angry Yun Feng was, Red-Eyed was worried that if she broke the previous agreement, it might be trapped in her body and never be able to come out! “Humph! This is a huge advantage for that kid! What are you dissatisfied with?”

“That’s the Element Seed! If you put something in Lanyi’s body, how can Lanyi’s body withstand the energy?”

“My aura has enveloped the Element Seed. That kid will be fine.” Hm! It definitely wouldn’t let that kid take advantage of it for nothing! He was just a container!

Yun Feng frowned hard. “Your aura? Can your aura completely isolate and control the energy of the Element Seed?”

Red -Eyed chuckled. “Yun Feng, I’m more capable and stronger than you think!”

Yun Feng frowned. What exactly was this Red-Eyed... Its energy could resist the power of the Element Seed! Even though it was only isolation, if it was really released from her body one day, what would its power do?

“If anything happens to Lanyi, I won’t let you go.” Yun Feng said coldly as her body had already left the dark space. The giant red eyes were stunned. Looking at the empty silent space in front of him, they were a bit straight. After living for so long, this was the first time he was... threatened by a human?

Yun Feng opened her black eyes and immediately told Qu Lanyi what Red-Eyed did. Qu Lanyi couldn’t help but feel surprised after hearing that. After the shock, he smiled. “So, I should thank Red-Eyed properly.”

Yun Feng frowned. The light element seed in Lanyi’s body was both a blessing and a curse. It would be great if Lanyi could use the light element seed to adjust his physique! However, when the energy of the light element seed was guided out, would Lanyi’s body be affected? Would his body explode because of the excessive energy? This was what Yun Feng was worried about.

“Let this Element Seed stay in my body quietly right now. There will be a way. This thing won’t do any harm in my body. It might play a huge role at the critical moment.” Qu Lanyi smiled comfortingly. Yun Feng could only nod. She hoped so.

At night, the two of them fell asleep in each other’s arms quietly. This trip was worth it now that the two of them got the light element seed. Yun Feng secretly made up her mind to pay more attention to Lanyi’s situation. The light-element Fantastical Beast was free from the white jade pendant and might come to take revenge. She had to pay more attention to the Element Seed that was like a time bomb.

Yun Feng had also contacted Feng Qingxuan, but Feng Qingxuan said that there was nothing he could do about it. Qu Lanyi could only rely on himself. Qu Lanyi only chuckled. The Element Seed in his body was both a blessing and a curse for him. It was indeed all on him. Luckily, he still had the dark element. Perhaps Red-Eyed didn’t expect this when he inserted the Element Seed.

Light and darkness complemented and restrained each other. They could also suppress each other.

If Red -Eyed knew that there was still dark element in Qu Lanyi's body, it might regret it and refuse to send the light element into his body no matter what. Of course, that was a story for another time.

Of course, if he wanted to get the power of the light element seed, he had to be extremely careful. The aura of the Red-Eyed separated the power and was also a layer of protection. What Qu Lanyi had to do next was to open the aura of the Red -Eyed and use it to control the light element seed and absorb the energy of the Element Seed. If he could do that, Qu Lanyi would benefit greatly.

With the Element Seed in his body, not only would he have powerful elemental energy, but he could also completely resolve the problem of light and darkness in the same body. Qu Lanyi's strength would also improve qualitatively.

There were gains and regrets on the trip to Juling Mountain. Ling's appearance made Yun Feng even more vigilant. It wasn't as easy as she thought to join forces with the four families. The leader of the Naxi family had probably already hit a wall. Even though the leader of the Naxi family was involved, the Xuan family and Buyuan family probably wouldn't agree easily.

The Xuan family was also interested in the map fragment and knew about the

Element Seed. This was the information she got from Ling. Even though Yun

Feng wasn't sure if it was really as he said and he wasn't interested in the Element Seed, the purpose of the other two families was very obvious. They also wanted the Element Seed.

Back then, the Buyuan family should be the ones who did something to the Yun family in the Inner Area. There was an old grudge between the two families. Even if they joined forces, they had to be more vigilant. Besides, Yun Feng wouldn't let go of the Buyuan family who attacked the Yun family easily.. If it weren't for them, the Yun family wouldn't have been suppressed so badly!

Chapter 1800 - 1800: About Yun Qi (3)

Right now, Yun Feng had the water element seed and the light element seed. She had two of the seven elements for herself. For Yun Feng, her progress was quite good. Yun Feng still had three map fragments in her hand. As long as she found any of the other half pieces, it wouldn't be difficult for her to get the third Element Seed.

As long as Yun Feng found four Element Seeds, Yun Feng would have an absolute chance of winning even if the Blood Souls had the remaining three.

The Xuan family and the Buyuan family should each have a map fragment in their hands. The dark element was most likely in the hands of the Blood Souls. There was still one left. It was unknown where it was lost. Of course, it couldn't be ruled out that it was still in the hands of the Blood Souls.

The fire-element and water-element Fantastical Beasts were still missing and there was no news at all. Also, that part of her Second Brother Yun Qi's soul...

had always been a knot in Yun Feng's heart. At this moment, she was in Chunfeng Town. Thinking of her Second Brother Yun Qi, Yun Feng couldn't help but feel a bit sad. This was the place where she had those memories. This was also the place where her Second Brother died.

Yun Feng vaguely searched for the broken memories of her previous self to see if she could find any clues. Qu Lanyi also suggested that the matter of the Element Seed could be postponed for now. After all, there were already two targets, which were in the hands of the other two families. No matter how capable the Blood Souls were, it was impossible for them to find more Element Seeds than Yun Feng in a short period of time. They only had two at most right now. Right now, it was a tie.

Since she was in Chunfeng Town, Qu Lanyi suggested staying for a while longer. There were a lot of doubts about Yun Qi and You Yue. Yun Feng should think about it carefully at this time.

Yun Qi's death back then was inseparable from the Blood Souls. Yun Qi's soul was divided because of the Blood Souls. A part of his soul was sent into You

Yue's body by someone, and the other part was very likely taken away by the Blood Souls.

Yun Feng stood in Yun Qi's room where he lived and looked at the decorations in front of her eyes. They were familiar and unfamiliar. He was a brother she had never even seen before. She could only vaguely know him from her memories, but the blood connection couldn't be separated. Her soul had already changed owners in time, but the feelings of this body were deeply engraved in Yun Feng's heart.

Ever since she transmigrated, she had been Yun Feng. Yun Feng was her.

"What did you think of?" asked Qu Lanyi softly. Yun Feng frowned. "My memory is a bit blurry. After all, so much time has passed. However, Second Brother died because of the Lin family."

"The Lin family?" Qu Lanyi raised his brows. Yun Feng smiled casually. "When the Yun family declined, the Lin family took the opportunity to suppress and humiliate us in Chunfeng Town. Not only did they take away most of the Yun family's assets, but they also killed Second Brother. My mother went with them. And I... almost lost my life."

Qu Lanyi immediately looked gloomy. It turned out that Fengfeng had experienced such a thing! The decline of the Yun family back then seemed to be several times worse than he thought! Otherwise, how would an inconspicuous family in a small town dare to bully them like this?

“It’s all thanks to Lin Meng that I can become a summoner.” Yun Feng smiled gently. Even though her Qi meridians were damaged, she had opened a new path.

“Is the Lin family still here?” asked Qu Lanyi. Yun Feng chuckled. “It’s already gone.”

Qu Lanyi snorted coldly. Luckily, it was already gone. If they were still alive, he would definitely make them a hundred times more miserable! How dare they bully his wife like this? They must be tired of living!

“Yun Qi was killed by the Lin family back then. The Lin family shouldn’t be related to the Blood Souls,” said Qu Lanyi. Yun Feng nodded in agreement. If the Lin family was related to the Blood Souls back then, they wouldn’t have been killed so easily.

“The Blood Souls attacked Yun Qi’s soul at such a young age. Yun Qi’s soul should be extremely special to the Blood Souls.” Qu Lanyi frowned, but Yun Feng was deeply confused. “Second Brother isn’t a summoner. He’s just an ordinary warrior. There’s nothing special about him...”

“That’s hard to say. The Blood Souls won’t attack easily. Once they do, there must be something special.” Qu Lanyi looked at Yun Feng. “The bloodlines of the four families all have their own characteristics, but they have something in common.”

“Something in common?”

“That’s right. The bloodlines of the four families contain huge power. After awakening, they’ll certainly stimulate the original power of the bloodlines, like you, a five-element summoner. There are also some people whose bloodline power will undergo unique changes and mutation, like me.”

“You mean... Second Brother’s bloodline power is similar to yours?!” Yun Feng was shocked! She had never thought about this!

Qu Lanyi frowned. “I’m just guessing. Otherwise, why would the Blood Souls attack Yun Qi? According to you, Yun Qi was just an ordinary warrior.”

Yun Feng was silent. What Qu Lanyi said opened a new way of thinking for her.

She had never doubted the power of Yun Qi’s bloodline before. Her Second Brother looked like an ordinary person on the surface, but it was very likely that the power of his bloodline was also special, only it hadn’t awakened yet.

The Blood Souls wanted to get it first, but they were still disturbed in the end.

Second Brother's soul was divided and a part of it was taken away by that person.

"It seems that I have to find the person who took part of Second Brother's soul away if I want to know what exactly happened back then."

Qu Lanyi tapped his chin with his finger and then rubbed it a few times. "I've already got some information from the You family back then. The person who took Yun Qi's soul away is related to the Yun family. It seems that they're friends, not enemies. Otherwise, he wouldn't have brought this soul so far away from the Yun family."

"Someone related to the Yun family... This person helped us, which means that he knew how unique Second Brother was. Someone who knows such a secret must be extraordinary."

Qu Lanyi frowned. Both of them were thinking. The bloodline of the Yun family had been scattered for a long time. Those who had a relationship with the Yun family on the East Continent weren't ordinary people. There was only one candidate. The person who traveled the continent with her ancestor, Yun Lan, was Yun Feng's guess.

"This guess isn't unreasonable. Whoever traveled with your ancestor couldn't be simple. It's reasonable for them to help the Yun family... They left quickly just like they did with the Red Maple Mercenary Team." Qu Lanyi raised his brows. After the two of them established the Red Maple Mercenary Team, they left without doing anything and never appeared again..
