Chapter 1913 - 1913: Who Will Come Out First?

"Kid, are you alright?" Rong Xin quickly ran over. Even though Xia Qing had a lot of wounds on her body, she was already fine. Rong Xin couldn't help but heave a sigh of relief. He put away his slow Rock King Turtle and could only sigh. At the critical moment, speed was the ultimate treasure. It would be great if this old turtle could run a bit faster.

"I'm fine." Xia Qing managed a smile. She was in a bad mood right now. A deep dark cloud floated in her heart for a long time.

"Hua Ling! How dare you kill a fellow disciple!" Tian Kui came to Hua Ling with a sullen face. Hua Ling stood up from the ground in a sorry state. "She's not dead, is she?"

Tian Kui suddenly clenched his fists! "What did the Great Elder say when he gave you the talisman? You targeted this talisman at your fellow disciple! How can you be so vicious?"

Hua Ling gritted her teeth secretly. Yun Feng, you're not even here. How can you ruin my business?

"Your viciousness is enough to prove that everything you said before is fake! Xia Qing didn't intend to hurt you to begin with. On the contrary, you're the one who wants her dead!"

Hua Ling suddenly raised her head. The disciples of Juxing around glanced over at the same time. Such a sharp gaze destroyed Hua Ling's psychological defense in one go. Nobody believed her anymore. Nobody would believe her anymore!

"You made up nonsense about what happened that day in private. You're the one who caused the current situation in the inner campus of Juxing. What else do you have to say?" Rong Xin said coldly.

Hua Ling smiled miserably. "So what if it's me? What's so good about that little bitch? Senior Brother,

I've liked you for so many years. Didn't you notice?"

Tian Kui was stunned. Hua Ling burst into laughter. "As expected. You've never looked at me all these years... You've never looked at me! I've liked you for so many years and you didn't notice it at all!"

Rong Xin frowned. "Stupid."

"Yes, I'm stupid. The person I like didn't care about me at all and I even foolishly liked him for so long... I even thought that he would like me one day." Hua Ling's legs went weak and she fell on the ground again as tears flowed.

"You..." Tian Kui looked at Hua Ling like this and didn't know what to say. If only he had noticed her thoughts earlier and told her frankly that he only treated her as a sister.

"Eldest Senior Brother, first Yun Feng, then Xia Qing. What's so good about these two women? After so many years, can't I compare to them, who suddenly appeared? You'd rather look at such a woman than me!"

"I thought you were my sister," said Tian Kui in a low voice. Suddenly, a gust of cold wind swept over and hit Hua Ling's body. Hua Ling cried out in pain and a wound appeared on her body. Everyone glanced over and saw that Xia Qing, who had a cold face, retracted her hand. "People like you don't deserve to say anything about my Master."

"Let's wait for the five elders to come back and make a decision. After all, she's the disciple of the

Great Elder. We shouldn't make decisions so easily," said Rong Xin. Tian Kui nodded and took Hua Ling back to take good care of her. Everyone knew the result of Hua Ling. If she became infamous in the inner campus, she might be directly expelled from Juxing School.

The competition ended. The result was a bit unexpected. The disciples of the five elders were all very shocked in their minds. The truth about Hua Ling was also revealed. The grudge in the hearts of the disciples was also quietly resolved. The tense atmosphere in the inner campus of Juxing finally improved, making everyone heave a sigh of relief.

The five elders soon returned. They were shocked when they heard about Hua Ling! Tian Kui was quite honest. He reported everything truthfully and didn't hide anything at all. The five elders were also shocked when they heard that the inner campus of Juxing was in such chaos during the period of time he was gone.

After saying everything, Tian Kui left silently. The Great Elder heaved a long sigh. "Hua Ling attacked her fellow disciple and caused a conflict in the inner campus. Such a

person can't stay in the inner campus. Her name will be removed. As for whether she can stay in Juxing School, what do you think?"

The Fifth Elder suddenly slapped the handle of the chair. "She used the talisman you gave her to kill Xia Qing. Of course, we can't let her stay in Juxing School!"

The Third Elder sighed. "Fifth Brother is right. She already has the intention to kill. She's so vicious to her fellow disciple, which shows that if we keep her here, there will be more conflicts."

"Then that's it. Fifth Brother, don't be angry." The First Elder comforted him. The Fifth Elder immediately widened his eyes! "How can I not be angry? If it weren't for Yun Feng's fire-element

Magic Beast, what if something happened to Xia Qing? If Yun Feng knows, how will we explain?"

The Great Elder smiled awkwardly. "You're right, but according to Tian Kui, it's not a real Magic Beast. It's just the materialization of a ball of fire."

"I can only say that Yun Feng's ability is unfathomable," said the Fourth Elder in a low voice. The others also nodded. The Fifth Elder said thoughtfully, "No wonder I keep feeling that Xia Qing is a bit similar to Yun Feng... She's Yun Feng's disciple."

"What happened to Hua Ling was also a wake-up call for us. The inner campus of Juxing is already showing signs of division after being instigated like this, which shows that the unity of Juxing still isn't enough." The First Elder's voice was deep. The others all nodded. "If they're not united enough, Juxing will be in a state of disunity, especially the disciples of the inner campus. If they can't be united, let alone the other disciples!"

"That's right. It's time for us to consider this question." The other elders all nodded. At this moment, Rong Xin and Yun Luo Chen walked in. Rong Xin said, "Elders, this is Yun Luo Chen from the Yun family."

"Elders, I'm here to tell you something this time," said Yun Luo Chen generously. The five elders chuckled. "Maybe we already know what you want to say."

Yun Luo Chen raised his brows and looked at the five elders for a while. "In that case, I won't disturb you anymore."

"Yes, the Yun family is busy. You wasted a lot of your time waiting for us in Juxing. Go back quickly!"

The First Elder said. Yun Luo Chen nodded. The Fifth Elder looked at Rong Xin. "Kid, where's Xia Qing?"

Rong Xin was startled. He scratched his hair with his hand. "Well... She's gone."

"Gone?" The Fifth Elder stood up. "Why did she leave?"

Rong Xin shrugged. "I don't know either. When the little girl left, she only said thank you for the guidance of Juxing elders and left."

The Fifth Elder immediately walked over and knocked Rong Xin's head fiercely. "Can you be more stupid? Do you know how difficult it is for me to take in a good disciple? They're all leaving just like that!"

Rong Xin was helpless. His little junior sister had already left back then, and so had Yun Qingchen. The little girl was the same now. They were truly the same...

"It's not necessarily a bad thing to walk out of Juxing. Training is better for them," said the First Elder with a smile. Rong Xin immediately nodded. The Fifth Elder glared at him fiercely and could only sigh helplessly. His disciple was unlucky!

Yun Luo Chen said goodbye. Rong Xin walked him all the way. "Aren't you going after her?" Rong Xin asked in a low voice. Yun Luo Chen chuckled and looked far away. Going after her? It didn't matter if he chased her or not.

"No, I have my own path to take," said Yun Luo Chen in a low voice. He cupped his fists at Rong Xin. "Goodbye." He turned around and left neatly. Rong Xin stood there thoughtfully and finally shook his head. "I don't understand... This so-called romantic relationship is truly complicated... Junior Sister, when are you coming back? I still think life with you is the most interesting. Right, that kid..." Qu Lanyi's face flashed through Rong Xin's mind. Rong Xin suddenly shivered. "Why did I think of that kid all of a sudden... It's been so long. Is that kid even more monstrous..." Thinking of this, Rong Xin couldn't help but shiver again.

In the Nirvana Tower, the light of both paths had already reached the highest point. The leader of the Naxi family stood there and looked up with a gratified look. These two kids really didn't let him down at all! Who exactly could come out of the Nirvana Tower first?

"Buzz!" There was a sound in the air and a Teleportation Array suddenly appeared outside the Nirvana Tower. The eyes of the leader of the Naxi family brightened and a beam of light rose. A figure was faintly discernible in the light.

"Old man, why are you learning after me?" The increasingly mature aura lingered around his tall body. His handsome face was stained with more manly aura. His black eyes were bright and his aura was completely restrained.

The leader of the Naxi family chuckled and nodded. Qu Lanyi raised his black eyes. The leader of the Naxi family looked at the sky above the Nirvana Tower. "That girl... should be here soon.."

Chapter 1914 - 1914: Reversal (1)

"I didn't expect that kid to get out so quickly." Somewhere in the Nirvana Tower, two figures looked at Yun Feng in the image. One of them mumbled, while the other remained silent for a long time and finally said, "It seems that she's a bit inferior."

"It's not so much that she's a bit inferior, but she's more worthy of our anticipation. This little girl has extraordinary experiences, which can be seen from her contracted Magic Beasts. She can even contract with the descendant of the Demon King. If this girl wasn't really capable, she wouldn't have her current achievements."

The other person remained silent and said, "Even so, her luck played a huge part. It seems that strength is secondary."

"You old man, is it so difficult to approve her? Or are you deliberately going against this girl?"

"It's not that I'm going against her. As you said, if she's really worth our anticipation, shouldn't she perform better?"

"What do you want to do? This girl dealt with a few groups of people with her current ability. Isn't her performance enough to explain everything?"

"Hm, you're too soft-hearted." The other person was quite impatient. "If you're like this every time, the Nirvana Road will lose all its meaning."

"Stupid old man, you're still so stubborn." The other one was indignant, but he agreed with what he said in his mind. It seemed that this girl's test wasn't over yet. This stupid old man might do something again. "Let me say this first. If you go too far, I can't just leave her alone."

The other person couldn't help but roll his eyes. He turned around and left. The person who spoke chuckled and looked at Yun Feng in the video. "The child of the Yun family is indeed extraordinary... Yun Feng, I really look forward to seeing you."

Yun Feng opened her black eyes and adjusted her aura to the optimal state. Looking at the forest around her, Yun Feng took a deep breath. Her body felt transparent from the inside out. Yun Feng's current strength had returned to the God King Level again. The feeling of returning this time was completely different from when she had just reached the God King Level. Yun Feng felt more stable in her mind right now and her aura was also stronger. Her control of her mental strength and the power of elements was simply worlds apart from before!

The Nirvana Road gave her a new experience and she also had a new thorough understanding of power.

“Rustle...!” A gust of wind blew through the tall grass around Yun Feng. While Yun Feng was invisible, she felt the wind and her body and mind were unusually harmonious. She waited quietly. She didn’t have to take half a step anymore right now. She had reached the last step of the road of training. What awaited her was self-evident.

“Boom!” The ground under her shook slightly. Yun Feng raised her black eyes. The tall grass around filled her vision and she couldn’t see anything. In the next moment, Yun Feng jumped up from the ground and went straight into the sky! At the same time, a few black cracks shattered the ground and thick roots appeared from the ground, instantly tearing the flat ground apart!

Yun Feng was standing in the air and looking at the few huge cracks on the ground. The roots retreated quietly and were buried in the ground again. Yun Feng chuckled and flipped her hand.

Golden earth elements gathered on her palm and turned into a sharp cone, piercing into the ground!

“Come out.” Yun Feng raised her arm gently and the earth -element cone went deep into the ground. There was a huge sound from the ground. In an instant, the ground cracked and a figure jumped out of the ground!

Her entire body was covered in green vines and her face, which was both male and female, was full of coldness. Her long green wavy hair hung on her shoulders and a glint of coldness flashed through her jade-like eyes when she looked at Yun Feng!

“Swish, swish, swish!” Vines jumped out of the ground, causing the soil to collapse and stones to fly! Sand filled the sky! When her vision became blurry, Yun Feng’s body flashed and she quickly flashed between the huge green vines. Her movements were light and she didn’t feel panicked at all.

“Swish!” The vines came out of the ground again and instantly formed a net in the air, enveloping Yun Feng completely! Looking at the vines flying around, Yun Feng couldn’t help but blush. How many branches did the Sun Ring Flower have? Were they really endless?

The green net covered the world. Yun Feng certainly couldn’t just wait for death! Ice shot straight into the ground. If she could slow down the movement of these roots and severely injure them with the thunder element, all of Sister Hua’s abilities would be halved!

“Bang, bang, bang!” Icicles fell from the sky and seeped into the cracked ground. The roots of plants couldn’t leave the water, but if they encountered ice, they would have to

escape! The cold temperature could make the plants lose everything in a short period of time!

“As expected.” The corners of Yun Feng’s mouth curled up into a smile. The ice instantly took effect and the speed of the vines decreased a lot. It was already fine for her right now!

“Zi, zi, zi...!” Purple thunder elements spun in his palm and silver snakes swam above the purple color, twisting their bodies crazily and hissing crazily!

“Lightning Blade!” She shook her hand off and the purple lightning blade cut through the green color, slashing towards Sister Hua’s original body! The huge green net was instantly torn by the lightning blade and the green roots were cut off! The explosive power of the lightning element was magnificent. Even though there were countless vines blocking it, the thunder element still roared straight and wasn’t blocked at all! The roots broke and the thunder element reached Sister Hua!

“Whoosh!” The green roots quickly enveloped Sister Hua’s entire body. When the lightning blades collided, they cut off the outermost vines. The green vines were like a net again, forming a huge tight green ball.

Yun Feng knew that when the green cocoon cracked again, it would be the time for the Demon King to transform. After the transformation, Sister Hua would be truly cruel and violent!

Since she already knew, she certainly couldn’t let it transform on its own!

Yun Feng jumped up and clasped her hands. The two elements were instantly fused by her! Unlike the fusion of elements in the past, the fusion this time didn’t only take less time, but even the elements themselves didn’t resist at all!

She raised her arm and pushed the elemental fusion ball in her hand out, sending it directly to the green cocoon!

As long as this giant cocoon exploded, it would interrupt Sister Hua’s transformation!

Before she could say anything, a strong wind had already come from the side! Yun Feng’s body flashed from the side and the strong wind swept past where she was, directly running towards the elemental fusion ball!

“Boom!” Under the impact of the strong wind, the fusion of elements immediately exploded. The green cocoon only trembled slightly and wasn’t injured at all! Yun Feng’s heart sank. Wind element energy! She didn’t use it.. Where exactly did this wind element ability come from?

Chapter 1915 - 1915: Reversal (2)

“Swish...!” The sound of huge wings flapping sounded above her head. She looked up in surprise and the figure of four wings flashed above her head, standing in front of Yun Feng!

“Lan Yi!” Yun Feng was shocked! Wings flapped on the back of the handsome man and green wind elements surrounded him. The wind-element Magic Beast appeared!

“What exactly is going on...” Yun Feng mumbled as her black eyes darkened. Lan Yi had appeared. So... the other few were also possible!

“Roar...!” With a wolf howl, a ball of fire came from the sky! The huge body of the Fire Cloud Wolf also rushed over at this moment. Yun Feng couldn't help but smile wryly. She was right! It seemed that Yaoyao and Er Lei should also be here!

As Yun Feng expected, Yaoyao and Er Lei appeared somewhere in the void. At this moment, the huge green cocoon moved and the green vines slowly bloomed. A figure walked out from inside and the transformation was completed!

“What exactly are you thinking? Even though I've experienced one against five, it's them this time!” Yun Feng took dozens of steps back and looked at the five Magic Beasts with the same expression in front of her. She immediately felt that it was extremely tricky! She certainly knew the abilities of her contracted Magic Beasts very well. It was precisely because she knew that she found that her chance of winning was too low!

No matter how precisely she controlled the elemental energy, one against five, five Magic Beasts! There were still five Magic Beasts with their own talents. Her chance of winning should be zero!

“Are you kidding me...” Yun Feng couldn't help but feel a trace of anger in her mind. Such an arrangement definitely didn't belong to the Nirvana Road. Such an arrangement must be done by that person in the Nirvana Tower!

Yun Feng suddenly raised her black eyes and looked at a certain place in the air. She gritted her teeth fiercely. What exactly did this mean?

“Stupid old man! How can you bully this girl like this?” Seeing such a scene, a certain someone was immediately stunned and scolded the other person angrily. The other person curled up the corners of his mouth leisurely and looked at Yun Feng's fiery eyes in the video. He said in a low voice, “This isn't bullying. This is the last test.”

“This isn’t bullying?! Not to mention one against five, there are even five of Magic Beasts. Aren’t you obviously bullying her, old man?”

The other person said coldly, “If she can’t pass this level, she won’t be able to leave the tower!”

“Stupid old man, you...!” The other person was so angry that he didn’t know what to say. He watched the figure leave angrily and looked at Yun Feng with a frown. The chance of winning this battle was zero at all! What exactly was this stupid old man thinking?

“Xiao Feng, it seems that you’ve already succeeded.” Outside the Nirvana Tower, Qu Lanyi stood with the leader of the Naxi family and looked up at the light on the Nirvana Tower. Qu Lanyi curled his lips and smiled. The leader of the Naxi family’s eyes were full of relief.

Qu Lanyi looked away and stepped forward, waiting for the Teleportation Array to appear. He wanted to be the first person to see her!

However, after waiting for a long time, the Teleportation Array still didn’t appear. Qu Lanyi frowned. What was going on? Hadn’t she already walked past it?

“Kid, there seems to be some changes.” The leader of the Naxi family looked gloomy. Qu Lanyi quickly looked up and saw that the light in the Nirvana Tower was diminishing by a level! “How can this be?” Qu Lanyi was shocked and immediately became extremely anxious in his mind. “What does this mean? Did something happen to Xiao Feng’s Nirvana Road?”

The leader of the Naxi family frowned. “How can we know that...” Yun Feng’s Nirvana Road went backwards! What exactly happened to her? Did something really go wrong as her son said? Once something went wrong, everything would go wrong!

Qu Lanyi clenched his fists and stared at the Nirvana Tower with burning black eyes. What exactly happened, Xiao Feng? What exactly did you encounter?

The leader of the Naxi family frowned. What exactly would happen to Yun Feng? With her ability, she shouldn’t be doing anything wrong!

“What can I do, old man?” Qu Lanyi couldn’t help but roar. This time, he couldn’t go in even if he wanted to. The leader of the Naxi family sighed softly. “What we can do... is to wait.”

Qu Lanyi gritted his teeth. “Alright! Then let’s wait! I believe that Xiao Feng will come out unscathed!”

The leader of the Naxi family’s face darkened. Unscathed?

“Earth Shield!” With a furious shout, a solid golden shield stood in front of Yun Feng. However, it was completely penetrated by the huge sharp ice thorns in just a few seconds!

“Swish...!” The sharp icicle pierced through the Earth Shield and rushed towards Yun Feng’s body. A glint of darkness flashed through her black eyes and her body suddenly dived down. When she approached the ground, several green vines rose from the ground! She tapped the air with the tip of her foot and her body flashed to the side. The vines and the sharp ice thorns collided. Before Yun Feng could heave a sigh of relief, scorching heat came right at her!

She instantly attacked. A beam of ice shot out of Yun Feng’s palm. When the heat and coldness met, white mist instantly rose. Yun Feng retreated a hundred meters and finally had time to catch her breath.

If this continued, she would be worn down sooner or later! Looking at the five figures, Yun Feng took a few deep breaths and wiped the sweat on her forehead with her hand. The five Magic Beasts consumed her strength! They each had their own strengths and their achievements in the five elements were outstanding. They could be said to be comparable to her, their master! One against five, not just one against five!

Yun Feng’s heart sank. If she couldn’t win, would she be unable to walk out of the Nirvana Road? What would greet her?

It seemed that her only chance of winning was to attack one of them and break the cooperation of the five elements. Destroying them one by one was the only thing she could do right now! Once the gap was created, her chance of winning would gradually increase!

Another round of attacks began! Yun Feng took a deep breath. All the power of space was restrained. She could only rely on everything she had right now!

“Then let’S fight!” With a deep roar, wind elements enveloped her entire body. Yun Feng’s body was like a shadow as she rushed towards the Fire Cloud Wolf! She flipped her hand and a beam of golden elements appeared, directly entering the ground!

“Rise!” Another deep shout came and the ground instantly shook. A huge golden stone hand appeared on the ground and grabbed the air fiercely, hitting the Fire Cloud Wolf’s body!

“Roar...!” The Fire Cloud Wolf was caught. Its body twisted furiously and scorching flames spouted out, but the stone hand wasn’t damaged at all!

“Ice Chains!” Her attacks didn’t stop at all. Yun Feng was unstoppable! She held the ice blue chains in her hand and threw them at the Fire Cloud Wolf that was caught. Yun Feng wrapped them around its tail and exerted strength. At the same time, she instantly

let go of the stone hand.. The Fire Cloud Wolf's body was thrown high by Yun Feng and then fell heavily!

Chapter 1916 - 1916: Reversal (3)

"Bang!" With a loud noise, the Fire Cloud Wolf's body sank into the deep pit on the ground and it let out a wail. Instantly, its body turned into a ball of fire and disappeared!

The attacks of the other four contracted Magic Beasts came one after another, but facing Yun Feng's storm-like attacks, it was already too late for them to save it! Under Yun Feng's series of attacks, the five-element Magic Beasts were reduced to four elements!

"She succeeded!" Someone who had been observing her anxiously exclaimed. Tut-tut! "She can still be so calm and collected in the face of the consecutive attacks of five-element Magic Beasts. She attacked one of them with such efficiency. This girl is truly..."

"It's too early for you to be happy." The other person came close again at some point and looked at Yun Feng as he said in a low voice.

"You old man, aren't you annoying? Get out of the way!"

"Humph!" The other person snorted coldly. His body was like a mountain and he didn't move at all as he stared at Yun Feng firmly. Even though he gave her a huge problem, she gave him a huge surprise! This girl was so calm and composed. Her mentality was unusually high! And it was beyond his expectation that she dealt with one of them quickly in a short period of time! A smile suddenly appeared in his deep eyes. It seemed that this girl would surprise him again.

Yun Feng couldn't help but take a deep breath. The disappearance of the Fire Cloud Wolf finally made her relieved. It seemed that as long as she gave the Magic Beasts a heavy blow, they would automatically disappear. In that case, she still had a chance of winning.

One against four, she still had a chance.

"Crack!" There was the sound of ice. A gust of cold air rose from the ground and a layer of ice covered it. Yun Feng frowned. It was Yaoyao... She used the water element to freeze the ground. It seemed that she wanted to block her stone hand just then.

The frozen ground also meant that Sister Hua wouldn't attack for the time being. It seemed that she was fighting one against three.

Yaoyao, who was in a mature form, swung her fishtail. There was a cold meaning on her charming face. There were barbs hidden in the scales of her seven-color fishtail. Yun Feng knew that she couldn't be wrapped by Yaoyao's fishtail, or those barbs would be enough to make her lose half her life!

With the cry of an eagle, the four wings on the back of the handsome man flapped hard and the cold wind with bone-piercing coldness came! Yun Feng took a deep breath and dodged. She found that something was wrong. The coldness in the sky was oppressive. Even if these three didn't do anything big, she would be affected. Her body was that of an ordinary person right now. Without being able to use the fire element, the coldness would only make her even weaker! Even if she had the wind element, everything about her would be restricted by ice!

It seemed that Yaoyao would be the next person to deal with!

As this thought flashed through her mind, Yun Feng turned around and stood steadily in the air. The effect of the water element on Yaoyao was halved. Her fishtail was also a sharp weapon. Lan Yi's wind element would help from the side and Er Lei's thunder element... The earth element could certainly trap Yaoyao in an instant, but Er Lei's thunder element would also break the earth element in an instant!

Yun Feng gritted her teeth and her black eyes darkened. Her body flashed and she suddenly rushed towards Yaoyao!

Lightning flashed and thunder roared! In the bone-piercing cold wind, Yun Feng didn't slow down at all and rushed straight at Yaoyao. Yaoyao's charming face was only cold. Her seven-color fishtail instantly swayed and came towards Yun Feng's body! Yun Feng saw the barbs hidden under the scales. She gritted her teeth again and attacked!

"Earth Field!" Golden earth elements spread out of Yun Feng's palm and instantly enveloped Yaoyao and herself. When the Earth Field was formed, Er Lei and Lan Yi's bodies were instantly sent flying! The Earth Field represented a kind of barrier power of the earth element. It could be used for defense, but it could certainly be used for imprisonment too!

Yaoyao's fishtail instantly wrapped around Yun Feng's body and the barbs appeared! Yun Feng's black eyes glittered. "Sandification!"

Layers of pressure instantly smashed towards Yaoyao's body from the void. As a water element Magic Beast, she couldn't resist the power of the earth element at all. Her body fell straight down and landed heavily on the ground!

"Bang!" Yaoyao's falling body turned into a ball of blue mist and instantly disappeared! At the same time, Yun Feng's earth-element barrier was forcibly broken by the power of lightning! Yun Feng dodged. The coldness that filled the sky had already disappeared and the ice on the ground melted quietly!

“Whoosh!” A huge vine came from the sky. Yun Feng was almost swept up by it. She swung the power of lightning and cut the vine in half, taking a few steps back!

Right now, it was one against three! However, for Yun Feng, there was something very bad. Most of her mental strength had already been consumed under the two waves of focused attacks just then!

She only had less than half of her mental strength left in her spiritual space. How could she beat three Magic Beasts?

After taking a few deep breaths, a layer of sweat had already appeared on Yun Feng’s body. Looking at the three-element Magic Beasts in front of her, she complained in her mind. How should she turn the tide of this battle next?

“She did it again.” The person who spoke this time was the stubborn old man. He looked at Yun Feng, who was panting, with excitement flashing in his eyes.

“She finished off two Magic Beasts with such a beautiful combo, and with such a limited mental strength, even you and I might not be able to succeed.” Another person raised his head. “This girl doesn’t have much mental strength left. She can’t defeat the remaining three. Your test should end here!”

“There’s no rush. She won’t admit defeat easily.” The other man whispered, “Let’s wait and see.”

“How can she win with so little mental strength?”

The other person’s black eyes were deep. He pursed his lips and didn’t say anything. His other eye was full of anxiety. In the end, the other person let go. “Never mind. If she can defeat another one, I’ll end it and let her out. How about that?”

“Defeat another one?!”

“That’s right. She still has mental strength.”

“But...”

“If she faces such an enemy in the future and is in such a desperate situation, what should she do? If she admits defeat when she still has the ability to fight back, she’s destined to lose.”

The other didn’t say anything for a long time. The two of them looked at Yun Feng again. Kid, it’s up to you.

The wind element, the earth element and the lightning element had all the factors of attack, speed and defense. It was already impossible for her to launch another focused

attack. Her mental strength wasn't enough to support her two consecutive focused attacks. If the third focused attack succeeded, there would still be two Magic Beasts! By then, her mental strength wouldn't be able to fight back at all!

Yun Feng knew clearly that the possibility of focusing fire on any of them was too small, or even very slim. Focusing fire again would only waste her mental strength. Even though the current battle had already fallen to one against three, it was an even more difficult situation for Yun Feng.

She could only try her luck.. Yun Feng pondered. She couldn't focus fire and didn't have the ability to continue fighting for a long time! There was only one thing she could do! She had to take a gamble!

Taking a deep breath, all the mental strength in her spiritual space instantly gathered and swam around Yun Feng's body, gathering in her palm! The power of the four elements surged in Yun Feng's palm and she clasped them together, fusing the elements!

"Is she going to use the fusion of elements to blow up everything at once?" "She's too hasty. So what if the elements fuse? It won't cause fatal damage at all."

"Stupid old man, you forced her to do that! One against five. How can you think of that?"

"She's still not calm enough." Another person said with a deep tone, but he was still satisfied with what Yun Feng did along the way. Even though he wasn't completely satisfied, it was already very good that she could do this. "Let's see what effect her element fusion can have. After the fusion of elements, I'll stop here." A smile finally appeared on the face of the person who spoke. The other person was startled. So, everything was in his plan?

The fusion of four elements appeared in Yun Feng's palm. The four lights were dazzling! Her black eyes were burning as she pushed her palm forward hard! The ball of four elements rushed forward! Yun Feng gritted her teeth fiercely. This was her only chance!

"Yun Feng!" A voice suddenly sounded in Yun Feng's mind, making Yun Feng's body freeze instantly! How was that possible? How could she hear Na Xie's voice?

"Yun Feng, it'S me." Na Xie'S deep voice sounded clearly in Yun Feng's mind. Yun Feng completely froze. How could that be... Her connection with the contracted Magic Beast was forcibly cut off, but Na Xie's voice could be transmitted into her mind! Didn't the Nirvana Road erase all external factors?

"I know you're confused, but this bit of power can't suppress me." Na Xie's voice sounded again. "I've been accumulating strength. I have to say that the Nirvana Road has made you improve a lot, which also benefited me."

“Na Xie, you mean...” Yun Feng’s heart raced and Na Xie’s voice came again. “Even though I still can’t show my original form, my power is also gathered in your body right now.”

“In my body?!” Yun Feng was surprised!

“I won’t appear in the form of Meatball again. From now on, I’ll store my power in your body. You just have to wait for the right time.”

Meatball wouldn’t appear again? Yun Feng’s heart trembled. This meant that... if it appeared again, it would definitely be Na Xie’s original body!

“Now, show the guy here my power. With my protection, you’re not someone to be bullied!” After Na Xie’s voice, Yun Feng suddenly felt that her spiritual space was burning. She observed again and a ball of scorching light appeared out of thin air in her spiritual space! Deep mental strength was born in her body and went through Yun Feng’s entire body!

The corners of Yun Feng’s mouth curled up. Since one element fusion couldn’t deal with three of them, she might as well have a few more!

She clasped her hands again and mental strength surged out, making Yun Feng feel that her palms were burning! The power of the four elements shone in all directions, wanting to pierce through the void!

When her palm opened and closed again, another element fusion was launched! Yun Feng pushed her palm and the second element fusion was delivered!

The suppressed power slowly spread out, as if it couldn’t wait and was ready to attack!

Yun Feng’s black eyes glittered. She opened her red lips slightly and whispered, “Explode.”

“Boom!” The fusion of elements instantly exploded and the power of elements that burst out made the void tremble! The three Magic Beasts didn’t even have the power to resist at all. They were instantly sent flying by this powerful force and completely disappeared!

There was a roar. From then on, it was silence!

Two pairs of eyes full of shock couldn’t look away for a long time. The same thought flashed through the bottom of their hearts.. Impossible, how was that possible?

Chapter 1917: Absolutely Surprise (1)

“How exactly did she do it? Her mental strength should already be empty after using the fusion of elements once. It’s impossible for her to use the fusion of elements again!” He frowned tightly. The old man, who had been talking fiercely, looked shocked and couldn’t believe it at all!

The other one directly narrowed the eyes with a smile. “Hahaha, this girl has such a move? It’s truly unexpected!”

“How exactly did she do it?” The old man was still shocked. After the other person burst into laughter, he waved his arm. “How exactly did he do it? Of course, I have to ask this girl in person. Old man, this girl didn’t just defeat the third one, but also dealt with all three of them at the same time!”

The other one had been pursing his lips tightly and didn’t say anything for a long time. There were slowly questions in his mind. How exactly did Yun Feng do it? That power clearly shouldn’t be in her body! Nôv(el)B\jnn

“Stupid old man, you must keep your promise! It’S time for this girl’s training to end!”

“Humph, of course I know.” The person called the old man immediately waved his arm and the scenery between the two of them instantly shattered. Yun Feng, who was on the Heavenly Nirvana Road, watched the three contracted Magic Beasts in front of her turn into three colors and instantly dissipate after the fusion of elements. The scene around suddenly blurred. Then, a powerful force pulled her body and she flew in one direction. Yun Feng took a deep breath. Was it time to meet the person in the Nirvana Tower?

Her feet landed on the ground and there was no movement at all around. Yun Feng immediately opened her eyes. After a moment of quiet darkness, light gradually seeped in, making Yun Feng narrow her eyes slightly. When her eyes got used to all the light, she finally saw the person standing in front of her clearly.

One of them was full of smiles, while the other was deep in thought with more confusion in his eyes.

“Yun Feng, I’ve finally met you.” The person with a smile said with a very lively tone. Yun Feng rolled her black eyes. The person who spoke was a very short old granny. Her silver hair carried a bit of light and she looked small and exquisite. Just like when she spoke, she was very lively.

The other was a rather serious old man. He also had white hair and wrinkles, but he gave Yun Feng a strong sense of distance and she couldn’t get close to him.

“Seniors, are you those who talked to me earlier?” Yun Feng said in confusion. The old granny chuckled and pointed at the other one. “The person you’re talking to is that old man. He’S also the one who’s been making things difficult for you.”

Yun Feng was speechless. The old man? She couldn't help but look at that serious and rigid face. The gloomy old man said in a low voice, "How did you do it? According to my estimation, you don't have the ability to finish off the three Magic Beasts in one go at all. What exactly did you do?"

Yun Feng was silent. She didn't intend to tell him about Na Xie directly. Besides, she didn't know who these two people were at all.

Seeing that Yun Feng didn't say anything, the little old lady said in dissatisfaction, "Stupid old man! Can't you have a better attitude? How did this girl offend you? Why do you have to talk to this kid like this?"

The other person was obviously stunned and didn't know how to reply. Yun Feng curled her lips. This person was quite protective of her.

"You don't have to answer this old man's question. He's just unwilling. There are some things that exceed his expectations, and he thinks it's impossible." The little old lady chuckled and had an extremely good attitude towards Yun Feng. "Kid, don't be so reserved. You can call me Grandma Zi, even though I'm old enough to be your great-grandmother!"

"Grandma Zi." Yun Feng said with a smile. She knew very well that the two people in the Nirvana Tower weren't ordinary people. They must be old fairies who lived in this world. Perhaps they were of the same generation as her master.

"As for that old man, you don't have to worry about him. You can just call him stupid old man." The little old lady chuckled. Yun Feng was a bit embarrassed. She wouldn't call that Senior stupid old man no matter what.

"Ahem, Shang Kun," said the old man. The little old lady grunted in disdain. Yun Feng bowed respectfully after hearing that. "Senior Shang Kun."

"You were making things difficult for this kid. She's willing to call you Senior. How dare you bear it?"

The little old lady's rude words made Shang Kun a bit embarrassed. "Are you done talking?"

Seeing this, Yun Feng quickly said, "Grandma Zi, everything is fine. If it weren't for the training on the

Nirvana Road, I wouldn't have had a new understanding of many things."

"Did you hear that?" Shang Kun's expression eased a bit. Grandma Zi knew that Yun Feng was giving this old man a way out. She waved her hand. "Never mind. You've always been like this. Kid, tell Grandma Zi quickly. How exactly did you do it just then?"

After hearing this, the other person also looked over curiously. Both of them looked forward to knowing how Yun Feng did it just then. Logically speaking, it was impossible for her to do it at all, but she succeeded. There must be another reason.

Yun Feng was stunned. Facing the scorching gazes of the two old men and their obvious expressions that said they wanted to know, Yun Feng raised the corners of her mouth in embarrassment. She didn't want to talk about Na Xie, but she couldn't just ignore this matter. In the end, she could only say in a low voice, "Luck."

"Luck?" The two elders immediately raised their brows. The little old lady said again with a smile, "How... can you explain this luck?"

Yun Feng was embarrassed. "I've always been very lucky... Seniors, you should know that such things can't be explained clearly."

Shang Kun raised his brows. This little girl was obviously hiding something and didn't tell him. She blamed everything on luck. This reason was a bit far-fetched. The little old lady obviously didn't believe it and planned to continue asking, but Shang Kun stopped her. "Since it's luck, there's nothing for us to ask."

"Hm? Old man, aren't you..." Before the little old lady could finish, the old man glared at her fiercely. She was a bit confused, but she didn't continue.

"Alright, you've already finished walking on the Nirvana Road. You can go out now." Shang Kun waved his hand and a Teleportation Array appeared in front of Yun Feng. Yun Feng looked at the Teleportation Array in front of her, but didn't move. "Why? You don't want to leave?" Shang Kun frowned, but Yun Feng chuckled.

"That's not it.. I'm just curious who the two Seniors are... Why are you in the Nirvana Tower? What's the Nirvana Road like..."

Chapter 1918: Absolutely Surprise (2)

"There are some things that are just as you said. Luck" The old man's eyes glittered. Yun Feng immediately understood something and smiled lightly. "I understand, but I still have something to say."

"Just speak." The little old lady said with a smile. "I really want to talk to you too."

"Seniors, do you know anything about the Blood Souls?"

The two elders were immediately stunned after hearing that. The little old lady couldn't help but sigh.

Shang Kun's face darkened slightly. "You don't have to say anything else. Even though we're in the Nirvana Tower, we know more or less what's going on in the outside world. Even though the Nirvana Tower belongs to the Naxi family, the two of us have no obligation to work for the Naxi family. The two of us are only responsible for the Nirvana Tower. Everything else has nothing to do with us."

"But Senior..." What Yun Feng was thinking in her mind was very simple. These two Seniors must be extraordinary. With their help, she would definitely have a higher chance of winning against the Blood Souls! Of course, these two people had to be willing. Nôv(el)B\\jnn

"Don't listen to that old man's nonsense. It's not that we don't want to help, but even if we want to help, there's nothing we can do. The two of us can't leave the Nirvana Tower." The little old lady sighed softly. Shang Kun's face also darkened. Yun Feng was puzzled. "You can't leave?"

The little old lady nodded. "We can't leave. The Nirvana Tower is a permanent shackle for us. We can't get out of the Nirvana Tower, so we certainly can't help you."

Yun Feng was silent. She believed what Grandma Zi said. "I understand. Thank you for your guidance,

Seniors. The Nirvana Road is like a rebirth." Yun Feng bowed gratefully. Even though the Nirvana Road was full of dangers, even though many unexpected situations happened and she had faced countless traps, if she didn't walk on the Nirvana Road, she might not have reached her current level and her strength wouldn't have changed so drastically.

The little old lady chuckled. The other old man was also stunned. Yun Feng's respectful and humble attitude made the two seniors a bit gratified. Not many people knew how to be grateful.

"Although we can't leave the Nirvana Tower, I can give you something. It's something we don't need anymore anyway. I hope it can help you." The little old lady said with a smile. Shang Kun frowned slightly. Was she really going to give it to her?

Seeing Shang Kun's expression, Grandma Zi was a bit dissatisfied. "Stupid old man, I'm certainly giving you what's mine. I won't take yours. Don't worry!"

Shang Kun was immediately a bit embarrassed. That wasn't what he meant. The little old lady snorted and turned around to leave. Yun Feng stood there and chuckled softly. The person who talked to her earlier was Senior Shang Kun. Even though his tone wasn't very good and he even wanted to make things difficult for her, Yun Feng could feel a kind of anticipation in what this old man said and did to her. Yun Feng seemed to understand a bit of the disappointment and anger in his words when she said she was leaving earlier.

This old senior with a sharp tongue but a soft heart was also good to her.

“After crossing the Nirvana Road, your strength will certainly increase a lot. Don’t let down your efforts.” Shang Kun said with a serious and rigid expression. Yun Feng chuckled. “I’ll remember your teachings.” Such an attitude was really similar to that of her sullen father.

“Yes.” Shang Kun nodded and didn’t know what to say. “Xiao Zi has high hopes for you. Don’t let her down. Even though you’re strong enough right now, don’t think about fighting the Blood Souls alone. You must prepare well.”

Yun Feng nodded and listened to the advice of this senior quietly. “The power of the bloodline of the Naxi family and the Yun family contains huge energy. You and that kid are typical examples. Even if there are powerhouses or even unknown existences on the Blood Souls’ side, you must have confidence in yourself.”

“Tut-tut, you’re acting like it has nothing to do with you, but you’ve said so much.” The little old lady walked over with a low laugh. Shang Kun was immediately embarrassed again. His body twisted to the side stiffly and he didn’t say anything else. Yun Feng was helpless. Grandma Zi walked over with a smile and handed the thing in her hand to Yun Feng. Yun Feng quickly caught it and only felt that her hand was heavy.

“Child, you must take good care of this thing. It might be very helpful to you in the future.” Grandma Zi chuckled, implying something. Yun Feng looked at the four square boxes in her hand. They looked extremely small, but they were so heavy in her hand. “What’s... inside?”

“You’ll know what’s inside when you can open it.”

Yun Feng was puzzled and wanted to ask something else, but Shang Kun said in a low voice, “We won’t tell you anything else. It’s all up to you to open this box. Alright, it’s time for you to go out.”

Knowing that the two seniors wouldn’t say anything else, Yun Feng nodded and looked at the box in her hand. With her current strength, she shouldn’t be able to open this box... “Thank you, Seniors. I’ll take my leave.” Yun Feng bowed and walked into the Teleportation Array with a smile. Grandma Zi had a smile on her face and anticipation in her eyes. There was finally a smile on Shang Kun’s serious and rigid face. A beam of light appeared and a powerful force pulled Yun Feng’s body again, bringing her down quickly.

The restrained power of space returned again. Yun Feng gave it a thought and put the box in her hand into the space. The voices of the four contracted Magic Beasts sounded in her mind at the same time. “Master.”

Hearing the voices that she hadn't heard in a long time, Yun Feng's eyes were full of smiles. They wouldn't know that she had already seen them on the Nirvana Road. They even gave her the greatest challenge and training. Their growth had always complemented each other.

"Yes, we've finally reached the end of this road. It's time to go out." Yun Feng sighed softly with a bit of satisfaction in her mind. The few contracted Magic Beasts smiled tacitly and a kind of anticipation surged out of their hearts. After the Nirvana Road, everything would change drastically!

"Why aren't you out yet?" Qu Lanyi stared at the Nirvana Tower with his eyes. His body was almost as tense as a hard stone! The leader of the Naxi family frowned. "The light in the Nirvana Tower has already risen again, which proves that Yun Feng should be fine."

"If there's nothing else, she should come out," said Qu Lanyi in a deep voice.. He didn't have the patience to wait any longer! If something really happened to Xiao Feng, could he only wait here? He couldn't help at all when he saw something happen to his woman?!

Chapter 1919: Absolutely Surprise (3)

"Kid, be patient." The leader of the Naxi family sighed. He knew that his son's patience was almost exhausted. The Nirvana Tower wasn't like anything else. If anything happened, they wouldn't be able to help. Yun Feng could only rely on herself, or this kid wouldn't be so anxious.

"Patience... has already been used up. If it weren't for my confidence in Xiao Fengfeng, I wouldn't have been able to wait here at all!" Qu Lanyi raised his head. What's your situation?

The leader of the Naxi family shook his head helplessly. He didn't know what to say... This was the first time he encountered such a situation. He didn't know what to do...

At this moment, when he almost lost all his patience, a Teleportation Array suddenly appeared from the ground. Dazzling light instantly lit up, like the light of hope, illuminating Qu Lanyi's entire world!

"Xiao Fengfeng!" Light flashed through Qu Lanyi's eyes. His body suddenly froze on the spot and he couldn't take a step forward. It wasn't that he didn't want to go forward, but he stopped inexplicably!

The light dissipated and a figure appeared. She still had that slim body, that beautiful face and that elegant smile. However, Qu Lanyi's heart suddenly raced and he couldn't control himself! This was Yun Feng, but she didn't look like Yun Feng!

The leader of the Naxi family couldn't help but feel a bit dumbfounded. Nothing had changed, but he felt that everything had changed! An indescribable feeling rose from the bottom of his heart. Facing Yun Feng like this, the leader of the Naxi family was even a bit nervous!

"Lanyi, Uncle, I'm back," said Yun Feng casually, looking at the two slightly shocked people in front of her. Qu Lanyi was the first to come back to himself. His black eyes were a bit scorching. He finally moved his feet and stepped forward to pull Yun Feng into his arms!

"You're back... I've waited too long," said Qu Lanyi in a low voice. Yun Feng chuckled and gently pushed him away. She didn't forget that the leader of the Naxi family was still there. The leader of the Naxi family coughed. "It's good that you're back."

Qu Lanyi could only let go. He couldn't be too presumptuous in front of the old man. He didn't care, but he had to consider Xiao Feng's feelings. Yun Feng stepped forward. "Thank you, Uncle. I've benefited a lot from the Nirvana Road."

The leader of the Naxi family nodded with a smile. "Kid, it seems that your strength has already reached a satisfactory level."

Yun Feng curled her lips and her aura was calm and steady. She looked at Qu Lanyi with a smile in their eyes. It seemed that they had both gained a lot.

"Yes, my strength has improved by leaps and bounds." Yun Feng said in a low voice as she quietly released her aura. The leader of the Naxi family's eyes were full of shock! This was...

"The God Emperor Level..." Qu Lanyi chuckled with pride in his mind. The God Emperor Level... Fengfeng was indeed Fengfeng! Nôv(el)B\jnn

"It seems that Lanyi is the same." Yun Feng smiled. Qu Lanyi smiled warmly and nodded. "Indeed."

The leader of the Naxi family was stunned again! His son was also in the God Emperor Level! When Qu Lanyi left the tower earlier, he didn't show his strength at all. Because of Yun Feng's condition, the leader of the Naxi family didn't have time to ask. However, he had thought in his mind that his son was in the God King Level before he went in and after his son came out, his son should be able to reach the God Lord Level. He didn't expect these two kids to give him such a huge surprise. Two God Emperor powerhouses!

It had to be known that there weren't many God Emperors and their status was also extraordinary! There were less than twenty God Emperors he knew right now! He, Buyuan and the three leaders of the Xuan family were only at the God Emperor Level! These two kids directly crossed the God Lord Level, which was too unexpected! How many powerhouses of the Naxi family had crossed the Nirvana Road? None of them had crossed an entire level! And they were even at the God Level!

"Old man, you don't have to be so surprised, do you?" Qu Lanyi chuckled. The leader of the Naxi family shook his head. "I underestimated you two!"

The two young people both laughed softly. The giant rock on the leader of the Naxi family's heart was lifted a bit. These two kids gave him too many surprises!

"You must hide your current strength well. We can't let the Blood Souls find out everything about us." After the surprise, the leader of the Naxi family immediately calmed down. Yun Feng and Qu Lanyi both nodded. They had the same plan in their minds.

"While you were training, something happened. Are you interested to hear it?" said the leader of the Naxi family. The two young people certainly wouldn't reject him. The leader of the Naxi family briefly explained what happened during this period of time, especially the movements of the Xuan family.

Yun Feng frowned. Xuan Yi went to rope in Yan Ming? What exactly did he mean? Was he trying to destroy the East and West Alliance from the inside?

"That kid made such a big move and didn't hide anything. He's really not afraid that everyone will know," said Qu Lanyi coldly. "Is he finally unable to hide his fox tail? Even if the Xuan family and the Buyuan family form an alliance, they might not be so obedient."

Yun Feng frowned. The leader of the Naxi family said, "I've already reminded the Yun family to be more careful. The alliance of the two clans wasn't voluntary. We all have to be careful. I've also sent someone to pay close attention to the Xuan family. I'll know immediately if they do anything."

"Xuan Yi is good at scheming. He won't do anything that he's not confident in. Since he doesn't care about being exposed, it proves that his intentions aren't what they seem," said Yun Feng. Any simple thoughts didn't apply to Xuan Yi. His thoughts were too deep and complicated.

"That's possible," said the leader of the Naxi family. "Xuan Yi has a very high status in the Xuan family. He can even make decisions for the Xuan family."

Yun Feng and Qu Lanyi were both stunned. His status was already so high? He could make decisions for the Xuan family? Qu Lanyi was also a Young Master, but the leader of the Naxi family was here after all. He certainly didn't have to make any big decisions.

"It seems that the leader of the Xuan family is letting go on purpose." Qu Lanyi frowned. "If the leader of the Xuan family becomes Xuan Yi, things might change again."

'You're right, so we must pay close attention to everything about the Xuan family, in case anything happens." The leader of the Naxi family looked serious. "It seems that we've joined forces with many forces, but in the real big picture, we're still on the weaker side. There are too many unstable factors. The Blood Souls know too much.."

Chapter 1920: Absolutely Surprise (4)

Yun Feng nodded. It was indeed as the leader of the Naxi family said. Even though the East and West Alliance had joined forces with many forces, they still hadn't established a core force to resist the Blood Souls. Once a battle started, there would still be a lot of loopholes in resisting the Blood Souls, especially when they didn't know enough about the Blood Souls.

"In order to be more confident in resisting the Blood Souls, it's time to continue searching for the remaining Element Seeds and the Fantastical Beasts that have been missing for a long time!" said Yun Feng. Qu Lanyi nodded. "It's always good to have more confidence."

"The Blood Souls are very interested in the map fragments, or they wouldn't have attacked the Xuan family and the Buyuan family," said the leader of the Naxi family. He flipped his wrist and two map fragments appeared. "These are the map fragments of the two families. As a condition of alliance, they were forced to hand them over."

After he gave the map fragments to Yun Feng, Yun Feng immediately examined them with the power of elements, but there was no reaction from the two map fragments! Qu Lanyi's eyes were full of coldness. "Old man, the sincerity of the alliance of these two families can be considered zero."

"What's wrong?" The leader of the Naxi family was puzzled. Yun Feng looked up with more or less a hint of coldness on her face. "Uncle, these two map fragments are fake."

The leader of the Naxi family widened his eyes. Fake?!

"If it's really a map fragment, it'll react to the power of elements. I tested it just then. These two pieces of paper are just ordinary paper," said Yun Feng. "The Xuan family and the Buyuan family played a trick. Uncle doesn't know the inside story. It's normal for him to be deceived."

The leader of the Naxi family suddenly looked gloomy. The Xuan family and the Buyuan family were quite bold to fool the Naxi family so blatantly. Perhaps the two clans were confident that they wouldn't expose themselves.

Unfortunately, Yun Feng and Qu Lanyi both knew what was going on.

"What they did must be related to Xuan Yi!" A voice came from between his teeth. Qu Lanyi was enraged. Yun Feng felt the same. The leader of the Naxi family suddenly frowned. "What exactly does the Xuan family mean... What are they planning in secret?"

"No matter what they're planning, the map fragment is ours!" said Qu Lanyi coldly. "They want to form an alliance, but they're unwilling to pay the price. If they don't take it out themselves, don't blame me for playing dirty."

The leader of the Naxi family raised his brows. Was this kid going to steal it by force?

"There's no rush," said Yun Feng. "With Xuan Yi's personality, he definitely knows that we'll see it through one day. He's had a few meetings with us before, especially when he searched for the light element seed. He should have got a lot of information."

Qu Lanyi frowned. Indeed, the chaotic battle of the light element seed was too much. The appearance of the light element Fantastical Beast made the scene even more chaotic. Who would still be in the mood to care about Xuan Yi, who was hiding on the side? They should have dealt with this kid back then!

"Xuan Yi had contact with you before?" The leader of the Naxi family sighed. "If the Xuan family and the Buyuan family become enemies, it might be even more disadvantageous for us."

"If these two families stand on the side of the Blood Souls, we'll really be in trouble," said Yun Feng. "However, we don't have to rely on them. We can just face the worst situation."

The leader of the Naxi family chuckled. This girl was quite optimistic. "Yun Feng is right. If we can't form an alliance with them right now, they can only become enemies. We don't have any other choice."

"Become enemies..." Qu Lanyi sneered. "Now is a good time. Before they change their stance, we should investigate and maybe do something."

Yun Feng chuckled. When did Lanyi become so cunning? How could he come up with such a ruthless idea? The leader of the Naxi family sighed helplessly. "Kid, you're right. However, the most important thing for us isn't how to deal with them, but how to greatly increase our trustworthy allies. About that, Yun Feng,

Yan Ming has been planning ahead.”

Yun Feng’s eyes brightened. Yan Ming? That suited his style.

“Yun Feng, the East and West Alliance has expanded a lot in Yan Ming’s hands. If you have time, you can go and take a look in person.” The leader of the Naxi family said with a smile. “Yan Ming also complained. It’s fine to push everything to him. As the titular leader, you should show up from time to time.”

Yun Feng raised the corners of her mouth awkwardly. The leader of the Naxi family turned around and left. Qu Lanyi reached out and touched the top of Yun Feng’s head. “It’s good to go and take a look. I’m very interested in seeing what the East and West Alliance is like.”

Yun Feng shook her head helplessly. Yan Ming was right. Even though being the leader was just a title, it was time for her to go back..

Genius Summoner #Chapter 1921 - 1921: Loved (1) - Read Genius Summoner Chapter 1921 - 1921: Loved (1)

Chapter 1921: Loved (1)

“Butler Yan, there’s news from the Ancestral Forest Hall on the West Continent.” A figure pushed the door open and entered. The man lying on the table raised his head and glanced at him indifferently. “Put it on the table. Did anything happen to the Thousand Snow Hall?”

“Not for the time being. The Ancestral Forest Hall and the Thousand Snow Hall have been observed. However, General Manager, we’ve been paying attention to these two places for so long and found nothing. Is there a need to continue?”

Yan Ming raised his brows and glanced at him with his black eyes. “Continue paying attention. As long as I don’t say anything, don’t make presumptuous conclusions.”

The person looked a bit messy and immediately bowed. “Yes! I’ll take my leave.”

The door closed again. Yan Ming picked up the things on the table and started reading. He frowned slightly. “Recruitment? It’s very easy in the name of the East and West Alliance. Don’t you think the old man of the Thousand Snow Hall thinks everything is too simple?” He threw the things into the fire on the side and burnt them instantly. Yan Ming leaned against the chair and slowly closed his black eyes. He heaved a long sigh and rubbed his temples with his hand. “Yun Feng, you really live up to your name of leaving everything to others.

Haha... Fine, fine." His black eyes glittered when he opened them again. Yan Ming stood up. "There are some things that you need to do yourself...'

"My lord, where are you going?" Yan Ming pushed the door open and walked out. A figure ran over quickly. It was a graceful figure with a charming face. Seeing that Yan Ming was about to leave, she couldn't help but chase after him. Yan Ming stopped slightly. "Of course I have something to do. You don't have to follow me."

"But my lord..." The woman still wanted to say something, but Yan Ming turned around and left without looking back. The woman bit her lips and could only stop where she was. If she really chased after him, she would probably make him hate her. "You still can't let go of her in your mind, or you wouldn't have helped her take care of everything without complaints... My lord, you've always

only cared about interests. What exactly did Yun Feng give you that made you do so much?" The woman mumbled. In the end, she could only smile wryly. "My lord, it's not that you don't know what love is... It's just that you don't want to love."

"The headquarters of the East Continent and the West Continent are now set up on the Central Continent." What the leader of the Naxi family said flashed through Yun Feng's mind. At this moment, she and Qu Lanyi had already left the Naxi family for the Central Continent. The two of them put on the Thousand Shadows Mask and hid their strength, keeping a low profile.

The two of them left the Naxi family and came straight to the East Continent. As the leader of the Naxi family said, the East and West Alliance was unprecedentedly large right now. Everyone knew the existence of the East and

West Alliance wherever they went. People were proud to join the East and West Alliance. The East and West Alliance gathered many forces and all the knowledgeable people came, especially the younger generation. Their ultimate goal was to join the East and West Alliance.

"Yan Ming... is quite capable." Qu Lanyi couldn't help but praise in a low voice. When Yun Feng left with him, the East and West Alliance had just taken shape. It was just a simple verbal agreement. He didn't expect it to become so large in just a few years!

Even though Yun Feng knew that Yan Ming had such an ability, she was still extremely surprised in her mind. Yan Ming did better than she thought. It seemed that she didn't choose the wrong person to entrust the East and West Alliance to.

"When he was in the Yan family on the West Continent, he was already good at devising strategies." Yun Feng sighed. How old was Yan Ming back then? He had already taken control of the Yan family in his hands. At that time, he was still an

illegitimate son, but he became the leader of the Yan family in the end. If life was a game of chess, nobody would be able to beat Yan Ming, including her.

“You didn’t choose the wrong person,” whispered Qu Lanyi. Yun Feng looked up in surprise. The fact that Yan Ming was once her fiancé had always been a thorn in Lanyi’s heart. Even though time had passed, Lanyi still cared in his mind. With such a thorn, would he praise Yan Ming?

Qu Lanyi chuckled and looked at Yun Feng helplessly. “No matter how petty I am, I know the big picture. Besides... I know your heart very well.”

Yun Feng chuckled and nodded. She took the initiative to hold the man’s hand. “Yan Ming has been working hard these few years. I should indeed show up and thank him. ”

Qu Lanyi chuckled. “Get ready. I don’t think he will leave you alone again. Yan Ming won’t let you continue living freely.”

Yun Feng burst into laughter. “Of course. He’s the General Manager of the East and West Alliance. I certainly have to listen to him.”

The two of them nodded and went straight to the Central Continent, but they didn’t know that they directly brushed past Yan Ming. When the two of them arrived at the Central Continent, Yan Ming was already on the West Continent. The connection between the three islands of the Central Continent was much stronger than before. The floating island was domineering, not only because of the rise of Juxing School, but also because the headquarters of the East and West Alliance was temporarily here. Even though the East and West Alliance had branches on all three continents, hot-blooded people yearned to come to the floating island and directly enter the headquarters of the East and West Alliance.

Yun Feng and Yun Feng came to the Teleportation Building. They wanted to enter the floating island through the Teleportation Array, but there were surprisingly many people going to the floating island. There was a long line outside the Teleportation Building. Ever since the East and West Alliance was established, some things had been under the control of the East and West Alliance, such as the very important management of the Teleportation Array. This was also Yan Ming’s suggestion. It was also a condition for the various forces to join the East and West Alliance by handing over the management of the Teleportation Array.

Yun Feng couldn’t help but admire Yan Ming again because of this. How important was the Teleportation Array? It was the transmission link.

This also provided the East and West Alliance with the necessary economic foundation.

“There are so many people going to the floating island.” Qu Lanyi was surprised. Looking around, there were at least a hundred people lining up. At this moment, there were thousands of people going in and out of the floating island in a day!

“The East and West Alliance has a deep influence. There must be a lot of people already. Yan Ming manages such a huge organization so well...” Yun Feng lowered her head and sighed. She looked forward with her black eyes. The guards of the Teleportation Building had already changed into warriors in the same uniform. The East and West Alliance must have its own armed forces.

He did everything too well. A trace of guilt suddenly flashed through Yun Feng’s mind. Wasn’t she a bit too outrageous ignoring him these few years? She pushed everything to Yan Ming.. Even though she otherwise occupied, it was still..

Chapter 1922: Loved (2)

“What’s wrong?” Qu Lanyi found that Yun Feng was quite gloomy and couldn’t help but ask in a low voice. Yun Feng smiled helplessly. “I’m fine. The General Manager of the East and West Alliance gave me too many surprises.”

Qu Lanyi chuckled and looked at the people lining up. Most of them were from the younger generation. “The younger generation all want to join the East and West Alliance. Even though Yan Ming contributed a lot, it would’ve been very difficult for us to achieve our current situation if it weren’t for you.”

“I didn’t do anything at all.” Yun Feng smiled. Qu Lanyi smiled warmly and touched Yun Feng’s head. “Don’t say that. You must know that many people are willing to treat you well. Not everyone can make people like this.”

Yun Feng was stunned. Qu Lanyi’s eyes were full of smiles. The discussions around came. “It would be great if I could join the East and West Alliance!”

“Me too. The Magic Beasts have joined the East and West Alliance right now.

They’re truly impressive!”

“I heard that the reason why these Magic Beasts joined is for Yun Feng!”

“Master Yun Feng? She’s the only one who has this ability. The Yun family is extremely glorious right now. I can’t imagine that it once declined.”

“That’s right. The Yun family’s current development is truly unexpected. The Yun family has such a high status, but they’re very peaceful and approachable. They don’t have

any high and mighty airs. Can we meet Master Yun Feng after joining the East and West Alliance?”

“In your dream. How can it be so easy to meet Master Yun? Besides, it’s hard to say if the East and West Alliance will accept you...”

“That’s right. So many people have joined. Aren’t there capable people everywhere?”

Yun Feng listened to the discussions around her. Qu Lanyi smiled even more warmly. “The reason why the East and West Alliance can achieve what it has today is because of you. You gathered so many forces and mobilized so much power. You chose Yan Ming to take over. Haven’t you done enough?”

Yun Feng chuckled casually. Qu Lanyi sighed. “It’s fine for anyone to gather human forces, but I’m afraid the Magic Beasts won’t give them face. Even if they can convince some Magic Beasts, who has the ability to do so with Ao Jin?”

Yun Feng chuckled and shook her head. She raised her black eyes with a smile on her face. “I wonder if I can meet my old friends this time.”

Qu Lanyi chuckled. “Maybe. I hope the old friends are fine.”

Yun Feng nodded. “Yes, I hope everything is fine with my old friends.”

On the floating island of the Central Continent, Shadow City was extremely lively. Shadow City was an inconspicuous place on the floating island. However, ever since the headquarters of the East Continent was chosen to be on the Central Continent, this place could be said to have instantly become the most lively place on the entire Vast Continent.

There had never been any forces stationed in Shadow City. Some small families didn’t dare to say anything in front of the East and West Alliance. Shadow City was Yan Ming’s choice. It had to be said that this was another manifestation of his wisdom. Without the infiltration of the forces of any large families, Shadow City was completely in the hands of the East and West Alliance. With this as the center, the East and West Alliance spread their forces out. Shadow City also kept expanding. Now, it had become the power center of the floating island. The power center of the floating island in the past had already declined.

Yun Feng and Yun Feng came to Shadow City. Before they entered the city, they could already feel the extremely lively atmosphere. Even though people kept surging in, it was orderly in the chaos and nothing unexpected happened at all. Yun Feng experienced quite clearly along the way. Before and after entering the city, there were designated procedures and everything was in order.

Shadow City was now the headquarters of the East and West Alliances. All the allied forces were certainly stationed here. It could be said that there were hundreds of flowers blooming at the same time. The Summoning Union, the Mercenary Union, the Mages' Union, the Pharmacists' Union, and so on. There were all kinds of things in the Auction House. Even if the people who came here weren't here for the East and West Alliance, they were also focused on these things.

"Those who want to join the East and West Alliance, please come this way." When they entered Shadow City, someone led the way. Yun Feng and Qu Lanyi certainly wanted to take a look, so they followed them. They walked into the tall buildings near the city gate and saw a lot of people.

Yun Feng looked around. There were a lot of people in the hall. A huge noticeboard was placed in the most conspicuous position. Many people stopped and watched. Yun Feng glanced over. Even though she was far away, she could still see it at a glance.

The noticeboard described the conditions and procedures for joining the East and West Alliance. To join the East and West Alliance, one had to undergo a strength assessment first. Only those whose strength was above the Monarch Level were qualified to enter the East and West Alliance. Many people would be eliminated in the first strength assessment. After all, the ultimate purpose of the East and West Alliance was to fight with the Blood Souls, not any other organization.

After passing the strength assessment, they would be considered members of the East and West Alliance, and they had to abide by a few rules. If they couldn't do it, they could quit on their own. If they violated the rules after joining, their names wouldn't just be removed.

Yun Feng couldn't help but nod after reading it. Such a huge organization certainly had to be managed with rules, or it would be in chaos sooner or later.

"Carrot and stick. Not bad." Qu Lanyi chuckled. Yun Feng looked down. Under a few rules that must be followed, the benefits of joining the East and West Alliance were written. The benefits could be said to be extremely tempting. The forces of the East and West Alliance would certainly provide convenience. Some things that weren't open to outsiders were open to the East and West Alliance, such as the potions of the Pharmacists' Union, the priority of the Auction House, and the admission spots of the few academies.

Right now, the Juxing School, the Masang School of Magic and the School of God of War had been reorganized. Their strength was roughly balanced. Due to the division of forces between the three halls, talents were all in the hands of the three hall masters on the West Continent. There was no such thing as a

school. Now that the East and West Alliance was established, this rule was certainly broken. All talents were divided among the three schools.

The strength was set to be above the Monarch Level. If someone could reach this level at a young age, they would certainly be a seedling that could be nurtured. The East and West Alliance certainly had the obligation to nurture talents. The value of the three academies was reflected in this. It could be said to be a win-win situation. The academy absorbed good seedlings. while the

East and West Alliance had a stockpile of outstanding juniors. It could be seen that Yan Ming's standard was defined extremely cleverly, saving them a lot of unnecessary trouble.

All kinds of benefits were very tempting. Not only did young people yearn for them, but even powerhouses whose strength had reached a very high level also came one after another. While Yun Feng and Qu Lanyi were reading the noticeboard, there was no lack of God powerhouses joining..

Chapter 1923: Loved (3)

"It'll be a pity if we can't join the East and West Alliance." Qu Lanyi chuckled. Yun Feng had the same thought. If she weren't Yun Feng, she would also yearn to join the East and West Alliance and get too many benefits.

"The East and West Alliance is developing so well. The Blood Souls will definitely hate it in their minds," whispered Yun Feng. Qu Lanyi curled his lips coldly. "The Blood Souls will only do some destructive tricks at most. They won't do anything easily until they're prepared."

"Yes, perhaps the Blood Souls will also send some people to hide in the East and West Alliance." Yun Feng frowned. However, Yan Ming had expected such a situation. He should have taken precautions in advance. However, so many people had joined. He was probably still powerless.

"Even so, what they can find out is very limited. After all, the core forces of the East and West Alliance won't absorb new blood easily." Qu Lanyi frowned. "Rather than being worried about the spies of the Blood Souls, I'm more worried about the stances of the Xuan family and the Buyuan family."

"Xuan Yi..." Yun Feng whispered and pursed her lips. What exactly did the strange bloodline of the Xuan family mean? The Blood Souls, which had the element of Magic Beasts, would definitely be interested. If the Xuan family took the initiative to join them, Xuan Yi wouldn't want to be a pawn controlled by others at all with his personality.

"Make way!" A shout interrupted Yun Feng's thoughts. She saw that in the crowd, two brawny men pushed the crowd away rudely and forcibly squeezed out a passage. Then, a young man walked out from behind to the front with an arrogant look.

“This is the distant relative of the Master of the Ancestral Forest Hall, Young Master Zong!” A high-profile voice sounded. There was even a hint of arrogance on the young man’s face. The person in charge of the strength assessment sneered. “The distant relative of the Master of the Ancestral Forest Hall?”

“That’s right! Hurry up and pass!” The little man with two whiskers next to the young man said sarcastically. The person-in-charge curled his lips. “The General Manager specially said that the East and West Alliance will reject anyone related to the Master of the Ancestral Forest Hall.”

“What did you say?” The man clapped his hands. “Are you deaf? The Master of the Ancestral Forest Hall is one of the people in charge of the East and West Alliance. Reject him? How is that possible?”

“You’re the one who’s deaf. Didn’t you hear what I said just then? It’s the General Manager’s instruction.” The person-in-charge pointed to the side with a cold look. “Young Master Zong, you can go back now.”

The young man’s face immediately turned cold. The people around immediately chuckled. The young man couldn’t hold his expression anymore. He flicked his sleeve angrily and turned around, looking at the people around. “What’s so great about the East and West Alliance...?”

“It’s just so great. Who asked you to be related to the Master of the Ancestral Forest Hall? You deserve it.” Someone said in a low voice. The young man immediately looked extremely gloomy. He knew that if he stayed any longer,

he would only embarrass himself. He could only leave quickly. Yun Feng raised her brows. “Yan Ming gave such an explanation? Is the Master of the Ancestral Forest Hall restless again?”

Qu Lanyi sneered. “The Ancestral Forest Hall and the Thousand Snow Hall more or less have a grudge against you. Even if they join the East and West Alliance, they might not be obedient. Yan Ming certainly knows that.”

Yun Feng frowned. Even so, there must be another meaning behind Yan Ming’s explanation. “He rejects the people from these two halls?”

Qu Lanyi curled his lips. “That’s not the case. What Yan Ming said is only targeted at people related to the Hall Masters. Brilliant.”

Yun Feng realized that Yan Ming wasn’t targeting the two halls, but the Hall Masters! These two Hall Masters were the ones who had a grudge against Yun Feng! Right now, the East and West Alliance was in control of the overall situation and all the benefits were gathered. The people of the two halls were ostracized by the East and West

Alliance because of their relationship with the Hall Masters, so they certainly hated the two Hall Masters. The result could be imagined.

“If the Hall Masters are replaced, everything will be solved.” Yun Feng whispered and sighed in her mind. Yan Ming, Yan Ming... You’re truly extremely smart!

“If I didn’t have such an ability, it would be too difficult to manage the East and West Alliance,” whispered Qu Lanyi. “I’m ashamed of my inferiority.”

“I’m ashamed of my inferiority too.” Yun Feng chuckled. The two of them walked out of the building and truly felt Yan Ming’s strong management ability along the way. They were both extremely emotional. Yun Feng even felt that she should do something for Yan Ming. What she could do right now was to help him with his strength.

“Let’s go. It’s time to thank him in person.” Yun Feng chuckled. Qu Lanyi nodded. Luckily, Yan Ming was on Xiao Fengfeng’s side. If such a person was an enemy, even if he didn’t have the strength, his brain power would already be comparable to that of a supreme powerhouse.

The two of them directly ran to the headquarters of the East and West Alliance. When they arrived at the door, the two guards stopped them. “Do you have a token

Yun Feng chuckled. “I just want to ask, is the General Manager here?”

“The General Manager isn’t here.”

Yun Feng raised her brows. She could totally go in directly. After all, nobody could discover her right now. However, this was the East and West Alliance after all. It was better for her to ask politely. At this moment, a graceful figure walked out. The guard immediately called out respectfully when he saw her, “Madam Shao!”

Madam? Yun Feng raised her brows. Was she Yan Ming’s wife? The graceful figure sized Yun Feng up. “If you want to join the East and West Alliance, go there.” The woman extended her arm and pointed. Yun Feng said, “I just want to find the General Manager.”

The woman raised her brows. “There are a lot of people who come to find the

General Manager. It’s not easy to meet him. Besides... with your looks, the General Manager won’t even look at you.”

Qu Lanyi narrowed his black eyes. “Who are you?”

The woman chuckled. “You don’t deserve to know who I am. In short, the

General Manager isn’t here. Even if he is, he won’t see you.”

The two guards were a bit embarrassed and didn't say anything. The woman waved her hand with a frustrated look. 'Everyone really dares to come to my door. Look at your appearance. It'll be strange if the General Manager likes you.'

Yun Feng curled her lips. This woman was so presumptuous, reckless and stupid. If Yan Ming liked her, he would really destroy his value. Without another word, Yun Feng didn't bother to talk to her anymore. She turned around and left. It would be easy for her to go in.

Seeing that the two of them left, the woman also turned around and walked in. Qu Lanyi whispered, "What an idiot. He put such a woman with him? Yan Ming has quite a bad taste in women."

Yun Feng chuckled. "That's his freedom. Let's go."

"Swish...!" Instantly, the two figures disappeared on the spot and went straight into the headquarters of the East and West Alliance. Nobody noticed them at all. Yun Feng and Qu Lanyi passed through the door and saw the woman just then. Yun Feng asked Qu Lanyi to stop. The two of them then stopped in the

air..

Chapter 1924: Loved (4)

"Sister, another woman came to our door just then. I blocked her." The woman was talking to another beautiful woman with a complacent look. "Seriously, the lord should marry you as soon as possible so that those women won't have any thoughts. They won't come endlessly."

Yun Feng raised her brows. Another beautiful woman said, "Why are you so nosy again?"

"I'm doing this for your own good, sister. If the lord is seduced by another woman, won't you cry to death?"

The pretty girl's face was slightly cold. "Don't worry about such a thing. If another woman comes next time, you don't have to do anything. Don't do anything unnecessary."

"You really don't know how to appreciate kindness. Sister, you're the only one who's so stupid. You've been with the lord for so long and you don't care about him not marrying you." The woman pursed her lips. "If it were me, I definitely wouldn't be like this."

The beautiful girl frowned. "How can I control my lord? It's already my fortune to be by his side. I don't ask for anything else."

"Humph! Sister, you're truly a spineless woman!" The woman was quite angry. "I don't care about you anymore. Just wait for the lord to marry another woman. Hide aside and cry!" The woman turned around angrily and left.

Qu Lanyi raised his brows. "As expected. I knew Yan Ming couldn't have such bad taste."

Yun Feng's black eyes darkened. This beautiful woman wasn't bad. Fine, this was Yan Ming's personal business. "Let's go." The two of them went all the way inside. The headquarters was quite large and the layout of the houses was orderly. It was very in line with Yan Ming's personality of controlling everything.

"Ah!" A sigh sounded. Yun Feng and Qu Lanyi were both stunned. Wasn't this voice... Mu Canghai?

Yun Feng's black eyes brightened. She had indeed met an old friend! Turning around, Yun Feng and Qu Lanyi immediately changed their direction, going straight in Mu Canghai's direction. They didn't know until they got closer that Mu Canghai wasn't alone. The person with him was also an old friend.

"Ze Ran?" Yun Feng looked at Ze Ran and was immediately stunned. Qu Lanyi was also stunned. "This kid... What exactly happened?"

The scar on Ze Ran's face was extremely eye-catching. His sunny aura had already disappeared and there was a deep aura. The sunny young man in Yun Feng's heart was already gone. He didn't show up immediately. Yun Feng

wancea co near wnac me two 01 mem woma say.

Ze Ran sat there with a gloomy face, while Mu Canghai sat on the other side. The two men looked a bit upset. Mu Canghai looked at Ze Ran. "That woman went to find you again?"

Ze Ran's face immediately darkened. "If it weren't for Yan Ming, I would have killed her a long time ago."

Mu Canghai shook his head helplessly. "You're right. If it weren't for Yan Ming, I would have already attacked."

"Is it true that a widow lacks a man? Even my hideousness can't stop her." Ze

Ran looked disgusted. Mu Canghai said, "She's the sister of someone next to

Yan Ming. Bear with it.”

“I’ve been holding back. I can’t hold it in anymore.” Blue veins appeared on Ze Ran’s forehead. “If that retarded woman bothers me again, don’t blame me for being rude!”

Mu Canghai sighed again. He couldn’t help it either. If she weren’t the sister of someone next to Yan Ming, he and Ze Ran would have already attacked. Yan Ming had done a lot for the East and West Alliance, so it certainly wouldn’t be good for them to attack. They could only endure it. Nôv(e)B\jnn

“Brother Ze Ran! Is Brother Canghai here too?” With a shout, the faces of the two men immediately darkened. It was here again!

Yun Feng, who was hiding in the dark, raised her black eyes and saw a figure running over. Her voice was so gentle that water was about to drip out. She was the woman who stopped them at the door just then!

“Poof!” Qu Lanyi couldn’t help but laugh. Mu Canghai’s black eyes suddenly turned cold. He waved his hand and a power of space came towards Yun Feng and the others! “Whoever is hiding there, come out!”

Mu Canghai attacked. Ze Ran’s expression immediately turned cold and the aura of the Magic Beasts in his body surged out. The two of them were instantly prepared to fight! The woman, who didn’t know anything, looked puzzled. “What’s wrong with you? Nobody is here, right?”

“Get lost! ” Ze Ran roared impatiently. He couldn’t wait to throw this woman away completely. Mu Canghai directly ignored this woman and stared at the place where the space fluctuated just then with his black eyes. Even though the fluctuation was very subtle, it still couldn’t escape his control of space!

“It’s been a few years. Your control of space has improved a lot.” A voice sounded. Mu Canghai and Ze Ran both stiffened! This voice, could it be...!

Two figures stepped out of the air. The confused woman immediately exclaimed when she saw Yun Feng. “Why are you here? How did you get in?”

Ignoring her completely, Yun Feng smiled gently. Even though she didn’t take off the Thousand Shadows Mask, Mu Canghai and Ze Ran had already known who the person in front of them was! It was her!

“Yun...!” Mu Canghai was about to call out this name when Yun Feng chuckled and directly interrupted him. “It’s been so long. How are you?”

“Who are you? What’s your relationship with them?” Before Ze Ran and Mu

Canghai could say anything, the woman rushed forward and questioned Yun Feng aggressively. Yun Feng glanced over with her black eyes. The woman couldn't help but take half a step back. There was obviously insufficient confidence in her words. "W-What are you looking at?"

"You're truly lucky to be pestered by such a widow," said Qu Lanyi gloatingly. Ze Ran and Mu Canghai immediately looked extremely embarrassed. The two of them looked at Qu Lanyi angrily. Qu Lanyi smiled happily. The woman, who was ignored by everyone, rushed forward again. "How dare you say that about me! Do you know who I am?"

"It's truly unpleasant to be scolded by this woman," whispered Ze Ran. Mu Canghai's strange eyes glittered. "I agree." He flipped his hand and a woman's scream came. Her body immediately flew out!

Qu Lanyi raised his brows. "Aren't you afraid that the fall will kill her?"

Mu Canghai retracted his hand calmly. "She won't die."

Yun Feng chuckled. She could feel the changes in Ze Ran and Mu Canghai. She and Qu Lanyi had already reached the God Emperor Level, but Mu Canghai was slightly better at controlling the power of space than them! It could be seen that Mu Canghai had improved a lot over the years. As for Ze Ran... the changes were even more obvious.

The irrelevant people disappeared and the few of them could talk nicely. Yun Feng and Qu Lanyi took off the Thousand Shadows Masks and sat down. Ze Ran and Mu Canghai looked at the two of them and both felt it. "Your current strength and level... have probably increased by more than one level.."

Chapter 1925: Loved (5)

Yun Feng nodded with a smile. She had nothing to hide from these two people. "God Emperor Level."

Mu Canghai and Ze Ran were both shocked! "God Emperor Level?!" After the initial surprise, the two of them smiled. As expected of Yun Feng! She broke through to the God Emperor Level in such a short period of time. In this world...

her cultivation speed was probably already incomparable!

"You don't have to ask me if I'm alright. I'm fine. You, on the other hand," said Yun Feng. "What happened?"

Mu Canghai and Ze Ran were both stunned. The two of them chuckled in unison and said at the same time, "Nothing." After saying that, the two men looked at each other.

Qu Lanyi raised his brows. "As a man, you can say whatever you want. You're hiding like a woman. Xiao Feng asked because she cares about you. If you don't think it's a big deal, just continue hiding."

Mu Canghai and Ze Ran looked a bit embarrassed. Mu Canghai heaved a long sigh. "Nothing really happened. I just trained alone for a while. Brother Ze Ran, on the other hand." Mu Canghai looked at Ze Ran. Ze Ran sighed and told them his situation.

Yun Feng and Qu Lanyi both frowned after hearing that. "Is there any news right now?" Yun Feng asked. Ze Ran shook his head with a gloomy face. "Yan Ming mobilized the forces of the East and West Alliance to investigate, but found nothing. The Blood Souls hid themselves extremely well. They must be doing something to her!" Speaking of this, Ze Ran couldn't help but clench his fists. "I only hate myself for being useless! I watched her be taken away!"

"There's nothing I can do either," said Yun Feng. "The Blood Souls are interested in that kid and hid it so well. Obviously, there should be something important in that kid's body."

Qu Lanyi nodded. "Indeed. She's been taken away for so long. If they find that her bloodline is useless, the Blood Souls will definitely abandon her."

"As her father, I can only sit here and do nothing for her!" Ze Ran lowered his head with a painful look on his face. "Even if I want to live a quiet life, I can't... The Blood Souls!"

"Brother Ze Ran, she'll be fine," said Mu Canghai. "The East and West Alliance has been actively investigating. If there's any news, Yan Ming will definitely inform you immediately."

"I know," said Ze Ran in a low voice. Yun Feng frowned. If that kid was hidden in the headquarters by the Blood Souls, it would probably be useless no matter how hard they searched. Ze Ran raised his head and looked at Yun Feng. "You don't have to worry about this. You have your own things to do."

Yun Feng was slightly startled. Mu Canghai also said, "Brother Ze Ran is right. You don't have to interfere with this matter."

Yun Feng wanted to say something, but Ze Ran interrupted her. "The sooner we accumulate energy and defeat the Blood Souls, the sooner we can calm down."

Yun Feng took a deep breath. "Got it."

The few of them chatted happily here. A figure was returning from the West Continent with dust all over his body. Yan Ming had just returned when a cry came straight over. It was the woman who was thrown away by Mu Canghai. She cried endlessly. Yan Ming was very frustrated after hearing that. He knew from her words that there were two strangers. Yan Ming had a feeling.

“Where are they? Take me there.” Yan Ming said in a low voice. The woman, who couldn’t stop crying, immediately looked like she had succeeded and took Yan Ming there. The beautiful girl followed behind with a complicated expression.

Along the way, the woman who complained exaggerated things. Yan Ming didn’t say a word and was expressionless. The more the woman talked, the more outrageous she became. Yan Ming still didn’t say anything, but the beautiful woman next to him couldn’t stand it anymore. “Shao Yun, stop.”

Yan Ming rolled his black eyes and looked at the beautiful woman. “Let her talk.”

The beautiful woman’s body stiffened and she immediately didn’t dare to say anything. The woman called Shao Yun even spoke without thinking. Yan Ming listened along the way with an unfathomable expression.

“They’re right there!” Shao Yun pointed forward. Yan Ming’s black eyes darkened and he strode over. The beautiful woman also followed him and glared at Shao Yun reproachfully. Shao Yun snorted coldly, looking like he was waiting to watch a good show.

The four of them were chatting when light footsteps sounded. Yun Feng had already known that someone was approaching. She raised her black eyes lazily and saw Yan Ming walking over.

Yan Ming looked at the woman who suddenly appeared in front of him. She hadn’t changed at all after so many years. No, she had still changed a bit. Yan Ming’s black eyes were deep. He looked at Yun Feng and didn’t say anything for a long time. Yun Feng stood up and chuckled at Yan Ming. “Master Butler, you’re back.”

Yan Ming curled his lips. The beautiful woman next to Yan Ming looked at Yun Feng in a daze. It was her?! She was back!

“W-Who are you?” The woman who complained saw Yun Feng’s real face and was immediately dumbfounded! She didn’t look like this just then...! Was she in disguise? She turned her eyes to Qu Lanyi next to Yun Feng. Shao Yun’s heart moved fiercely! There was such a good-looking man in this world!

Jealousy rose like weeds! “My lord, she was the one who attacked me and even disrespected me! She even broke in here without permission. She must have evil intentions!”

The beautiful woman immediately said, "Shao Yun! Do you know who she is? Shut up!"

Yan Ming raised his brows. The body of the beautiful woman trembled. "My lord, Shao Yun doesn't know anything. She..."

"She's just seducing men with that foxy look!" said Shao Yun. Yun Feng's eyebrows moved slightly. Ze Ran and Mu Canghai both looked gloomy. Qu Lanyi sneered. "Yan Ming, it'll damage your reputation to keep such a woman by your side."

The beautiful woman behind Yan Ming blushed. "It's not like that! It's because I begged the lord that..."

"Sister, why are you talking so humbly?" Shao Yun said very quickly. The beautiful woman blushed and pulled Shao Yun. "Shut up! She's Yun...!"

Yan Ming glanced at her with his black eyes. The body of the beautiful woman trembled again and her black eyes glittered. She didn't say anything else.

Yan Ming chuckled and looked at Yun Feng with his black eyes. "You're finally willing to show up?"

Yun Feng curled her lips and was about to say something, when Yan Ming waved his hand. "There's no need to say anything. It's great that you're here. I've been wondering if I should go to the Naxi family to find you recently. There are some things I need you to do. Luckily, you're willing to show up yourself, which makes it a bit easier for me."

Yun Feng smiled helplessly. What she wanted to say was blocked by Yan Ming. At this moment, Shao Yun widened her black eyes and stared at Yun Feng firmly. The Naxi family? Perhaps... she was that Yun Feng!

Yan Ming rolled his black eyes and looked at the beautiful woman. "Do you need me to say anything else?"

The beautiful woman bit her lips hard. "Please let Shao Yun go this time. She won't do it again! She doesn't know that this is Master Yun!"

Shao Yun was completely dumbfounded. Yan Ming's black eyes turned cold. The beautiful woman knelt on the ground without another word and knocked her head on the ground fiercely. "Master Yun, please forgive Shao Yun's ignorance! Please!"

Yan Ming frowned and his face immediately darkened. "Are you challenging my bottom line?"

The beautiful woman almost bit her lips into pieces. She lowered her head and didn't say anything. Shao Yun's knees directly went weak and he sat on the ground. Yun

Feng... It was Yun Feng! He looked at Yun Feng with his black eyes and his body shivered coldly. She should be lucky not to be dead...

"Yan Ming, you said you needed my help just then. What's the matter?" Yun Feng said. Yan Ming said indifferently after hearing that, "Let's talk in the main hall."

Yun Feng nodded. Mu Canghai and Ze Ran said goodbye. Yan Ming looked at Qu Lanyi. "You're coming too, Young Master Naxi."

Qu Lanyi raised his brows and smiled gently. The three of them left. Shao Yun sat there in cold sweat. The beautiful woman knelt on the ground and finally looked up at the backs of the three of them, staring at Yan Ming's back.

"Sister, she's Yun Feng..." Shao Yun mumbled. The beautiful woman smiled extremely wryly. Yes, she was Yun Feng, the only woman Master loved in his life..

Chapter 1926: Then I'll Cripple You (I)

Yun Feng and Qu Lanyi followed Yan Ming all the way in. Yan Ming didn't say a word along the way. Yun Feng looked at the side of his face and didn't change her expression at all. Under Yan Ming's lead, she came to a main room and pushed the door open. Yan Ming waved his hand. "Leave first."

The guard outside the door immediately bowed and left. Yan Ming looked back and smiled at Yun Feng. "Come in."

The three of them sat down in the room. Yan Ming didn't sit in the main seat, but chose to sit on the side. Yun Feng and Qu Lanyi sat on the other side. Yan Ming's eyebrows moved slightly. "Your strength has increased a lot."

Yun Feng smiled gently. Qu Lanyi said, "You can still feel it without strength."

Yan Ming smiled gently. "It's not that I sensed it. The aura you gave me is different from before. After staying in the Naxi family for so long, your strength must have increased a lot. This is just my guess."

Yun Feng nodded. Yan Ming said, "You don't have to tell me your exact strength."

Yun Feng chuckled. "Is there anything I can help with?"

Yan Ming raised his brows. "If you're willing to live up to your name as the leader, you'll be a great help to me."

Yun Feng smiled awkwardly. "Forget it... I'd rather leave everything to you."

Yan Ming shook his head helplessly. He had already known Yun Feng's answer. "Never mind. Just treat it as a joke. I'm really relieved to see you back. The East and West Alliance has absorbed countless large and small forces since it was established. I've been thinking recently that the major forces should meet and discuss the details."

"Alright, I'll do whatever you say," said Yun Feng. She felt that she didn't have Yan Ming's brain. He had to think about everything. She would do whatever he asked her to do.

Yan Ming was slightly stunned. He stared at Yun Feng with his black eyes. "Are you serious? You'll do whatever I ask you to do?"

Qu Lanyi frowned slightly. Yun Feng raised the corners of her mouth. "I'll do whatever you want me to do about the East and West Alliance."

The fire in Yan Ming's black eyes darkened and he nodded. "Yes, I'll contact the major forces these few days."

"Which forces are you going to inform?" asked Qu Lanyi. Yan Ming looked up. "The few large forces on the East Continent and the West Continent, the three academies, the unions that joined the East Continent and the most important four families." Yan Ming's black eyes glittered.

"Of course. I'll inform the four families," said Qu Lanyi. Yun Feng also said, "I'll inform Ao Jin and Zhan Li."

"Sure." Yan Ming nodded. "The few Magic Beast tribes that joined the alliance all left a contact in the city. They'll send a message if anything happens. However, Ao Jin should be very happy to talk to you in person, as well as Zhan Li. I didn't expect the president of the Mercenary Union to have such a relationship with you."

Yun Feng chuckled. She didn't know why Zhan Li took a fancy to her back then and insisted on taking her as his daughter, but this godfather treated her quite well. Yun Feng was the kind of person who would repay kindness. She would remember how well others treated her.

Yan Ming got up. "Let's split up and do it in seven days."

Yun Feng and Qu Lanyi both nodded. This was the first time the few forces of the East and West Alliance met. What would the situation be like? In particular, the appearance of the four families and the forces of the Magic Beasts represented a new beginning.

"I've always arranged your residence," said Yan Ming as he looked at Qu Lanyi with his black eyes. "Since Yun Feng isn't married to you, you two should not live together."

Qu Lanyi raised his brows. "Are you keeping me far away from Fengfeng?"

Yan Ming chuckled. "It's not my intention, but there aren't any other courtyards around Yun Feng's courtyard. I'll have to trouble you."

Qu Lanyi's black eyes darkened and his thin lips curled up. Distance was nothing in his eyes. If he wanted to, it would only take an instant. Yan Ming pushed the door open and walked out. "Take Young Master Naxi to his courtyard."

"Yes!" A guard said. "Young Master Naxi, this way please!"

Qu Lanyi's sun suddenly jumped. "Yan Ming, where do you live?"

Yan Ming put on a meaningful smile. "My place of residence is certainly with Yun Feng."

"What?" Qu Lanyi's face darkened. How could he allow another man to live with Fengfeng? Yun Feng frowned. "Yan Ming, isn't this a bit..."

"What's wrong with the manager living with the president? There are a lot of things I need to discuss with you. Since you're back, even though you're only here temporarily, you should share the responsibility," said Yan Ming. Yun Feng raised the corners of her mouth awkwardly. He was right...

"Although Yun Feng and I live in the same yard, she's inside and I'm outside.

There are a few walls between us. Don't worry." Yan Ming looked at Qu Lanyi.

"Besides, with your ability, it's the same no matter where you live."

Qu Lanyi raised his brows. In the end, he grunted and left with the guard. What

Yan Ming said made sense. Xiao Feng probably wouldn't reject him. After Qu Lanyi left, Yan Ming said indifferently, "Let's go."

Yun Feng walked next to Yan Ming. The two of them walked forward quietly. The gentle wind blew softly around them. Yan Ming was speechless again for a while. Yun Feng felt that she should find a topic to break the silence. "Is that beautiful woman your wife just then?" Yun Feng said with a smile. "Although her sister is stupid, she's a smart person. I'm sure you have her in your heart after she followed you for so many years."

Yan Ming slowed down a bit. He turned his head slightly and glanced at Yun Feng with his black eyes. Then, he turned his head around and looked straight ahead. "She's just a woman."

Yun Feng was slightly startled. She originally thought that it was the woman Yan Ming liked, or how would she have been with him for so long? However, he didn't sound like

he cared at all right now. It was just a woman... If that woman heard this, she would probably be heartbroken.

"If she cares about you, she'll certainly put her feelings on you," said Yun Feng. Yan Ming suddenly sneered. "Feelings? How do you know that she doesn't like anything else? We're just taking what we need.."

Chapter 1927: I'll Cripple You (2)

Yun Feng frowned slightly. She seemed to have missed something. Yan Ming's cold tone and rejection. Did he not believe in feelings? Otherwise, how would he say such heartless words? Yun Feng frowned and pondered. After all, this was Yan Ming's own business. She shouldn't say anything else.

"Take care of your own business. I just want you to be happy and have a good woman by your side."

Yan Ming chuckled. "A good woman... I've met one before, but we weren't fated." Yan Ming stopped and didn't say anything else. Yun Feng also stopped and looked ahead with her black eyes. A figure was standing at the entrance of the courtyard not far away. She walked over when she saw the two of them.

"My lord." The beautiful woman just then called out in a low voice. Yan Ming's black eyes darkened slightly and he didn't say anything. The woman bit her lips and stood there a bit awkwardly. Seeing this scene, Yun Feng immediately said, "If you have something to say to him, I'll go in first." After saying that, Yun Feng strode into the courtyard and disappeared.

The woman looked at Yun Feng's disappearing back and bit her lips fiercely. As expected... He had indeed put her close to his residence. Then, where should she go?

"Why are you standing here? Why aren't you going in?" Yan Ming said in a deep voice. The woman was stunned and suddenly raised her head. "My lord?"

Yan Ming raised his thick eyebrows slightly. "Don't presumably guess what I'm thinking. You'll do what you should do usually." After saying that, Yan Ming walked past the woman and walked inside without looking at her. Joy flashed through the woman's face as she chased after him. "My lord, about Shao Yun..."

Yan Ming said without looking back, "Send her away. Don't let me see her again." There was no room for negotiation in his words. The woman frowned slightly and knew that this was the best result. The lord was already tolerant enough to spare Shao Yun's life. After all, the woman was disrespectful to Yun Feng and even slandered her like that...

The corners of the woman's mouth curled up wryly and she suddenly shook her head. What exactly was she thinking... Yun Feng already had a man she loved. Her lord's feelings wouldn't end up well after all. She... still had a chance.

In the next few days, Qu Lanyi didn't come to find Yun Feng. He must be communicating with the leader of the Naxi family. Yun Feng immediately informed Ao Jin and Zhan Li with the Sound Transmission Jade. Both of them were excited to hear Yun Feng's voice. Ao Jin almost ran over immediately. After Yun Feng told them about the gathering seven days later, the two of them said at the same time that they would try their best to rush over as soon as possible.

Ao Jin and Zhan Li both had things they couldn't let go of, or they would probably have put down everything and run over immediately.

Yun Feng informed the three elders of the Yun family again. The three elders of the Yun family also said that they would deal with what they were doing first and rush there as soon as possible. Yun Feng asked her Second Brother about Yun Jing's situation. The three elders only said with a smile that everything was controlled by Feng Qingxuan and they didn't know the details.

Yun Feng chuckled after hearing that. With her master's personal guidance, her Second Brother would definitely have extraordinary achievements on the day he graduated!

After informing the people she was responsible for, Yun Feng was completely free. Even though she lived in the same courtyard as Yan Ming, as Yan Ming said, there weren't just a few walls between her and Yan Ming. They were completely two independent courtyards.

Yun Feng thought that Yan Ming would definitely be very busy. It would be good if she could help him share some of the burden. She walked out of her

yard and came to the yard where Yan Ming lived. As soon as Yun Feng stepped in, she saw a figure moving around busily. It seemed that she was taking care of Yan Ming's daily life. It was the woman next to Yan Ming.

"Master." The woman shouted very respectfully. Yun Feng raised her brows.

Master? Why did this title sound so weird? "Just call me Yun Feng." Yun Feng glanced at him with her black eyes. "Yan Ming isn't here?"

The woman said respectfully, "My lord went out early in the morning and said that if the Alliance Master is looking for him, he'll be back at noon. "

Yun Feng nodded. "Yes, I understand. Didn't I say just then that you should call me Yun Feng?"

The woman was silent and pursed her lips. “Then I’ll call you... Master Yun.”

Yun Feng raised her brows. Fine, fine. She could call her whatever she wanted. “How long have you been with Yan Ming?” Yun Feng sat down. There were some things she could ask when Yan Ming wasn’t around. If there were some things she could help with, she would definitely not let Yan Ming bear it alone.

“More than ten years,” said the woman. Yun Feng was stunned. More than ten years? It had been so long! “So, you’ve been with him since he took over the

East and West Alliance.”

The woman nodded. Yun Feng pondered for a moment. “Has Yan Ming been working hard in the East and West Alliance all these years? Tell me what he does usually.”

The woman raised her head and looked at Yun Feng with her black eyes. “Master Yun, why do you want to know this?”

Yun Feng smiled helplessly. “To be honest, I feel guilty about Yan Ming in my mind. I trusted him when I gave the East and West Alliance to him back then, so I left. He must have worked a lot for the East and West Alliance these years, or the East and West Alliance wouldn’t have its current achievements. I want to know what he usually does. If I can help, I’ll do it.”

The woman frowned slightly. “My lord has indeed done a lot for the East and West Alliance, but what he wants isn’t your repayment. He’s devoting himself without asking for anything in return.”

Yun Feng was stunned. The woman chuckled. “If you have such thoughts, Master Yun, my lord will be very gratified. He usually takes care of everything, big or small. He often runs around. If you have the heart, Master Yun, you can go to his desk to take a look.”

Yun Feng’s black eyes glittered. What the woman said was obviously a bit hostile to her, but Yun Feng could understand this woman’s mind. Yan Ming was the person she loved. Her heart would definitely ache for his hard work over the years. She, who left everything to others, could be said to be the “culprit”. It was only right for the woman to complain to her.

Yun Feng smiled and stood up. “I’ll go take a look. Right, what’s your name?”

The woman lowered her head. “Master Yun, my name is Shao Yan.”

“Shao Yan, that’s a good name. Thank you for being by Yan Ming’s side all these years. He’ll know your feelings for him sooner or later.” Yun Feng turned around and said as she walked towards the room Shao Yan pointed at just then. Shao Yan stood there and stared at Yun Feng’s back with her black eyes. What she said just then... Shao Yan

couldn't help but lower her head and blush.. Compared to such a person, she was indeed too small-minded...

Chapter 1928: Then I'll Cripple You (3)

Yun Feng came to the room. All the items in the room were arranged in an orderly manner without any dust. There were a lot of papers and books piled on the table. Yun Feng walked over, picked them up and read them carefully.

She immediately felt a bit of a headache. All the details and movements of the East and West Alliance were written on them. There was an extremely large amount of information. Yun Feng felt a bit dizzy when she read them. This was just a piece of paper. Did Yan Ming have to flip through, memorize and process such a thick stack every day?

Thinking of this, Yun Feng admired and felt even more guilty in her mind. If it were her... she wouldn't have been able to do this at all. It was obvious that there were so many big and small things in such a huge East and West Alliance. Yan Ming had never let it cause any trouble, which showed how powerful he was!

"What's wrong, Master Yun?" The woman walked in. Yun Feng raised her head and loosened her furrowed brows slightly. She waved the paper in her hand. "Does he have to read these every day?"

The woman nodded. "He doesn't just have to read these things every day. It's common for him to go out constantly."

The corners of Yun Feng's mouth curled up helplessly. "I really want to do something, but what I can do right now is to wait here. It's good that I don't cause trouble for him. I really can't do anything else." Nôv(el)B\jnn

The woman couldn't help but smile when she saw Yun Feng's expression. Yun Feng was a bit different from what she thought. She wasn't so high and mighty, or domineering... She had such a respectful identity, but she was so approachable when she spoke and things. It was truly strange.

The woman walked forward and gathered the papers on the table. She smiled at Yun Feng lightly. "If you really want to do something, Master Yun, I have a suggestion for you."

"Tell me."

"My lord is very concerned about the young talents recruited by the East and West Alliance. Only the young people recruited by the East and West Alliance will be directly

assigned to the three academies. Even though this distribution is carried out by the people of the three academies, my lord will definitely come in person. My lord visits the three academies every once in a while.”

Yan Ming valued the younger generation so much for the future of the East and

West Alliance. It wasn't an overnight job to resist the Blood Souls. The Blood Souls were growing stronger, and the East and West Alliance also needed to grow stronger. The power of the younger generation was the foundation! If there was a gap in the reserves of the younger generation, any family or force wouldn't be far from destruction.

“My lord has something urgent to do today. Otherwise, he would've come as usual. If you're interested, please go there on behalf of him. I'm sure you'll pick better talents and make better distributions.”

Yun Feng raised her brows. She could indeed help with this matter. She also wanted to see what outstanding people there were in the younger generation right now. If there were really astonishing talents, they would definitely not be able to escape her eyes.

“Sure, but I don't want to appear as Yun Feng,” said Yun Feng. Shao Yan chuckled. “Of course. I'll go with Lord Yun.” Shao Yan thought in her mind that this woman was a very low-profile person. If it were anyone else, they would have gone out for a spin as the leader.

“Yes, that's good. With you by my side, nobody will doubt me.” Yun Feng chuckled. She twisted her wrist and instantly put on the Thousand Shadows Mask, looking ordinary. Shao Yan was surprised when she saw that. Yun Feng curled her lips. “Let's go.”

Shao Yan was stunned for a while before she finally nodded. “Then we... Argh!” Shao Yan couldn't help but shout in shock. Yun Feng reached out and grabbed her arm. Her body flashed and she had already taken her to the sky! Shao Yan could be said to be an ordinary person with average strength. She didn't have the power to step in the air. Yun Feng could step in the air, but Shao Yan's foot missed and her body kept falling.

Shao Yan looked panicked. Even though Yun Feng was holding her, she was swaying in the sky and didn't feel safe at all. She was afraid that Yun Feng wouldn't be able to catch her and she would fall. “Master Yun! We... We should take the carriage!” Shao Yan shouted in the air. Yun Feng curled her lips and her mental strength turned into a whip, wrapping around Shao Yan's body firmly. “Don't worry. I'll hold you steadily. Just show me the way.”

Yun Feng jumped and moved forward in the air. Shao Yan was tied up by the mental whip and dragged forward by Yun Feng. The sound of the wind blew past her ears. Shao Yan looked down at the distance she was floating in the air. Was this her ability to step in the air?

The initial panic passed. Even though she was still a bit nervous in her mind, Shao Yan could only pretend to be calm. Luckily, Shadow City wasn't too big. Even though it had been expanded a lot, the distance to the center of the city wasn't long. The three academies all had a reception department in Shadow City and they were all in a building, which made it easier for the selection and transportation of talents.

Yun Feng landed on the ground. Shao Yan stepped on the ground and finally felt completely relieved. There were tiny beads of sweat on her forehead. If she hadn't more or less figured out Yun Feng's personality, she would really think that Yun Feng was taking her down a notch on purpose.

"Isn't this Young Lady Shao Yan?" The guard outside the building recognized

Shao Yan at a glance. Shao Yan calmed her breathing and walked over with Yun Feng. Yun Feng glanced around. There were quite a lot of young people coming and going inside the building. The threshold of the Monarch Level was very high, but they didn't stop the capable young people. It could be seen that their strength had increased by leaps and bounds compared to before.

"Why isn't the General Manager here?" The guard glanced at Yun Feng and was

a bit confused. Shao Yan said, "The General Manager went out for an emergency today and asked me to come and take a look."

"I see. The General Manager is so good to these young people." The guard burst into laughter. "Young Lady Shao Yan, go in quickly."

Shao Yan nodded with a smile and entered through the side door with Yun Feng. Once they entered, some kind of vitality that belonged to the young people pounced on them. Those people discussed excitedly in a low voice and the young people couldn't help but whisper. Looking around, their young faces were full of uncontrollable excitement.

The reception departments of the three academies were set up together. Every academy had a teacher-level figure. The School of God of War was the priority for warrior-type talents, the Masang School of Magic was the priority for mages, and Juxing School was undoubtedly for the summoners.

Shao Yan walked over and chatted with the teachers of the three academies, while Yun Feng stood aside quietly and didn't say anything. She looked around and suddenly found a familiar face in the Masang School of Magic. Yun Feng chuckled in her mind. As expected, Mr. Wood would definitely be there to accept students..

Chapter 1929: Then I'll Cripple You (4)

On the Masang School of Magic's side was Wood, who was present when Yun Feng participated in the exam of the Masang School of Magic. He was also the student director of the Masang School of Magic and was extremely concerned about talents. However, he didn't seem surprised at all right now.

Logically speaking, the young people who could reach this point certainly had potential for development. They were all very outstanding. It wasn't an exaggeration to say that they were all talents.

Yun Feng couldn't help but feel curious when she saw Wood's expression. How would Mr. Wood be dissatisfied with a young man who had reached the Monarch Level at such a young age?

"Master Yun, are there any astonishing talents among these young people?" Shao Yan asked in a low voice. Yun Feng came back to herself and looked around with her black eyes. There were more than twenty young people in the hall. They were all at the Monarch Level and didn't look special.

"We'll wait and see," said Yun Feng. Shao Yan nodded and stood aside silently.

In the first round of the strength assessment, the professions had already been divided. The three academies knew the information of the twenty young people very well and could distribute them directly. The dozen young people were distributed one after another. They were very happy no matter where they were distributed.

"So many kids... but not a summoner has shown up," said Juxing School. The teachers of the other two schools all chuckled. Wood said, "Do you think it's so easy to find seedlings of summoners? Isn't there only a few in Juxing School?"

"That's right. There are too few seedlings." Juxing School sighed again. Yun Feng couldn't help but smile in her mind.

The dozen young people were all assigned one by one. After they were assigned, they all left. The young people waiting outside came in one after another. The Masang School of Magic and the School of God of War had gained a lot, but Juxing didn't have any. They couldn't help but feel a bit helpless.

At this moment, a tall figure entered from outside. It was a tall young man with thin eyebrows and eyes. His skin was fair and he looked like a cute little boy. What attracted people's attention wasn't his face, but the Ring of Contract on his finger.

Everyone's eyes brightened. A summoner!

The tall young man walked in. Even though he didn't show anything on his face, the arrogance in his eyes was so obvious, especially with the Ring of Contract in his hand, as if it was going to blind other people. The other young people looked at him enviously.

The tall young man seemed to be enjoying it very much, and the arrogance in his eyes became even stronger.

The teacher of the Juxing School was amused. They had waited for so long and someone really came! The teacher of the Juxing School quickly flipped through the information in his hand. "...Wu... Wu Wenhao. Not bad. As a summoner, there's no reason for you not to enter Juxing."

"Of course. Only the worthless professions will go to the Masang School of Magic and the School of God of War," said the young man. His words were very harsh and the scene immediately became awkward. The teachers of the Masang School of Magic and the School of God of War all looked gloomy. The other young people immediately asked, "Kid, what did you say?"

The young man curled his lips and glanced at the people around him. "Isn't that so? How can warriors and mages compare to summoners? Aren't you just people on the streets?"

"You...!" The young people were all in a bad mood. The teacher of the Juxing School said with a sullen face, "Young people should be more humble."

The young man didn't care and continued, "I have conditions for entering Juxing."

All the teachers raised their brows. Conditions? The teacher of the Juxing School sneered. "Tell me, what are your conditions?"

A hint of arrogance flashed through the young man's face. He coughed slightly and tidied his clothes with his hand. He said loudly, "When I enter Juxing, Yun

Feng must teach me."

What he said made the scene instantly silent! Yun Feng had to teach you? Who do you think you are?

The teacher of Juxing School looked even gloomier and said, "Tell me, why do you have to let Yun Feng teach you?"

"Isn't it obvious? I'm a summoner! How many summoners have reached the

Monarch Level at such a young age like me? Only Yun Feng can compare to me. Only she has the qualification to teach me."

Wood sneered. "Kid, what right do you have to spout nonsense here? You want to be compared to Yun Feng? Do you really think you're the only one special?"

The young man frowned and then chuckled. "If you refuse, I'll announce to the outside world that the East and West Alliance is just so-so. With me as an example, I'll see which summoner will come to join you. Let me think. Perhaps the Blood Souls are more interested in summoners?"

Everyone at the scene looked cold. Only the young man stood there with a smile and said fearlessly, "How is it? Have you thought carefully?"

Shao Yan frowned. What should she do right now? She couldn't just let a

summoner go to the Blood Souls! However... this young man's request was too... Shao Yan couldn't help but look to the side. Even though Yun Feng was expressionless, Shao Yan's body shivered fiercely!

How cold were those eyes? A chill ran through Shao Yan's heart and a gust of cold air came out of her feet. She couldn't help but know clearly that Yun Feng was angry this time. It was deep anger.

The young man stood there proudly, as if he was going to find the Blood Souls if they didn't want him. The other young people couldn't help but curse in a low voice, "How shameless. You can even say such a thing!"

"He thinks too highly of himself! He even named Yun Feng. It's hard to say if Yun Feng will be willing!"

"But if we don't agree with him, he'll spread rumors outside and even take the initiative to join the Blood Souls. If that's the case, the Blood Souls will have a summoner. He might drag a lot of people away!"

"This is difficult..."

Shao Yan frowned and was a bit panicked. If her lord was here, it would probably be easy to deal with. This was the first time such a situation happened. Someone used such a reason to blackmail her! If she kept such a person here, it would be useless in the future! What should she do?

He was truly bold to make such a condition!

"Have you thought it through? If you don't, I'll leave!" The young man shouted loudly with an even more complacent expression. He had a plan in his mind. He didn't have to worry about them disagreeing. As long as he became Yun Feng's disciple, he would certainly get countless benefits! Thinking of the benefits from Yun Feng, the young man's heart inexplicably heated.. It would be even better if he could get a good Magic Beast and contract it!

Chapter 1930: It Works

The venue was silent. The few teachers were all enraged in their eyes and minds. The teachers of the Juxing School sighed fiercely. "We can't guarantee if Yun Feng will accept you as her disciple."

"I don't care about that! This is your business. My condition is that you must become Yun Feng's disciple!" The young man's eyes were scorching and he couldn't hold back the greed in them anymore. Yun Feng saw it in her eyes. Very good. Such an ignorant person dared to target her? He even wanted to use the Blood Souls as a threat? Wasn't he a bit too naive?

"What if Yun Feng doesn't accept you?" Yun Feng, who had been silent, said. Shao Yan was shocked and immediately didn't dare to say anything. All the teachers looked over and were a bit curious about Yun Feng's identity. The young man raised his brows and looked over in disdain. "Who are you?"

"You don't have to care who I am. You just need to answer my question." Yun Feng's black eyes turned cold and a direct pressure came. The young man's face was slightly pale and his momentum couldn't help but weaken. "I... I don't care."

If she doesn't accept me, I'll... I'll join the Blood Souls!"

"Do you think this can make Yun Feng compromise?" Yun Feng continued. The young man stood there with anger flashing in his eyes. Who was this person? Even though he was angry, he still yielded to Yun Feng's gaze. "I don't care if she compromises or not. This is my condition! If she doesn't agree, think about the consequences yourself!"

"Yun Feng is very good to the people around her. If you can become her disciple, you'll definitely be able to get countless benefits. Perhaps... she can give you the Magic Beasts in her hand," said Yun Feng. The young man was shocked! How... How did she know?

The coldness in Yun Feng's eyes became deeper. There was no need for her to guess at all. His greedy eyes said everything clearly!

"W-What nonsense are you talking about?" The young man denied it. "Who are you? What right do you have to talk about me?"

Yun Feng raised her brows and looked at the young man with her black eyes. "Let me ask you again. If Yun Feng refuses, are you really going to turn to the Blood Souls and encourage others?"

The young man's black eyes glittered. Of course, he was just saying. However, if Yun Feng really didn't want to take him, where would he go in the future? The young man gritted his teeth fiercely. "That's right! If you don't agree, I'll switch to the Blood Souls!"

This is something you don't want to see, right?" Yun Feng chuckled. "This is the last time. I won't ask again. Are you serious?"

The young man made up his mind. "Do you agree or not? Don't talk nonsense with me here!"

The teacher of the Juxing School slammed the table and stood up! "Let alone Yun Feng, Juxing alone can't accommodate a big shot like you. Kid, go back to where you came from! You can join the Blood Souls if you want!"

The young man was stunned. Facing the ridicule in the hall, he immediately lost his dignity. His original plan was quite good, but he didn't expect it to be completely ruined. Resentment couldn't help but appear in the bottom of his heart. Alright! Then he would join the Blood Souls. They forced him to do this! He had to announce it to the outside world and encourage others!

The anger in the young man's eyes burnt. He sneered and turned around to leave. Yun Feng suddenly said, "Wait."

The young man turned around arrogantly. "Why? Do you regret it? Let me tell you, it's useless to regret now! Unless Yun Feng takes the initiative to ask me to stay!"

Everyone couldn't help but curse in their minds. How shameless! It would be strange if he could stay!

Yun Feng raised her lips. "As you said, it's a situation that we don't want and can't allow if a summoner joins the Blood Souls."

The young man chuckled and looked proud again. Hm, I knew you would regret it. He began to fantasize about the benefits after becoming Yun Feng's disciple in his mind. Before he finished thinking, a force came like lightning and directly stabbed into his body like a spike!

The young man's facial features immediately twisted together. His body suddenly bent down and he held his abdomen with his hand, feeling extremely painful!

Yun Feng's black eyes were cold. "I can't let you go to the Blood Souls. I can only nullify your identity as a summoner."

"You... You..." The young man's body trembled and there was only sweat on his face. He looked at Yun Feng with resentment and fear in his black eyes. His mental space... had been forcibly shattered! His mental space was crippled and his mental strength was invalidated. He... was no longer a summoner!

“Bang!” The Ring of Contract on her finger instantly turned into a bubble and dissipated in the air. A beam of light flew out of the Ring of Contract. His identity as a summoner wasn’t here anymore. The contract with the Magic Beast was forcibly canceled!

“Argh...!” The young man let out a painful roar. The forced contact of the master-servant contract made his body directly suffer unimaginable pain! The Magic Beast, which had regained its freedom, bared its fangs and pounced on the young man without hesitation. The teacher of the Juxing School suddenly attacked and slapped the Magic Beast away. Seeing that the situation was bad, the Magic Beast roared and ran away.

The young man was paralyzed on the ground in a sorry state. One second, he was still a summoner who was arrogant and superior. The next second, he had already become a real cripple!

“Dying here will damage the reputation of the East and West Alliance,” said the teacher of the Juxing School as he sat down indifferently. Shao Yan’s black eyes glittered. Yun Feng directly crippled a summoner!

All the young people present were dumbfounded. They looked at the young man on the ground in a daze. They were all in awe of this ordinary-looking person who attacked so ruthlessly and accurately in their minds. This young man deserved it. He wanted to use the Blood Souls as a threat. Wasn’t this crossing the bottom line of the East and West Alliance?

The door was pushed open again and Yan Ming walked in expressionlessly. Shao Yan was a bit surprised to see this. “My lord?!” Didn’t her lord say that he wouldn’t be back until noon? Why was he back so soon?

“Chief Yan.” The teachers of the three academies all stood up when they saw Yan Ming. Yan Ming looked at the young man on the ground with his black eyes and then glanced at Shao Yan. He then looked at Yun Feng, who was in disguise, and waved his hand. “Take him out.” The guard outside the door immediately came in and took the young man away. The young man had already fainted. His life had been rewritten because of his greed.

“It’s my fault for not thinking carefully when such a person was recruited. He crossed the bottom line of the East and West Alliance. It’s only right for him to end up like this,” said Yan Ming. “I’ll be more careful in the future. Teachers, don’t mind him.”

“We’re not the ones who attacked. It was this girl who looks ordinary but is very capable,” said Wood with a smile. Yan Ming looked at Yun Feng and smiled lightly. He turned around and faced the other young people in the hall. “The East and West Alliance values every talent. It’s not our obligation to nurture you, but we have expectations for you. It doesn’t matter if you let us down.

Don’t let yourself down.”

Yan Ming turned around. "I have something else to do. I'll take my leave first."

Seeing that, Shao Yan immediately followed her. Yun Feng followed her expressionlessly. After the three of them came out, Yan Ming whispered, "If you don't do anything, I'll do something too. There can't be any hidden danger. I can't allow any mistakes."

Yun Feng looked up. Yan Ming recognized her. Yan Ming stopped slightly and looked at Yun Feng. "After all, you're still too soft-hearted."

Yun Feng curled her lips. If she didn't do anything, that young man wouldn't have lost the identity of a summoner, but his life.

"Shao Yan said you won't be back until noon. Why are you so early?"

Yan Ming turned around and walked forward. "Things went better than I thought, so I came back early. You weren't in the courtyard. I didn't expect her to bring you here."

Shao Yan pursed her lips and didn't say anything. Yun Feng said, "I asked for it.

She just obeyed."

Yan Ming looked at Shao Yan deeply and didn't pursue the matter anymore. "What did you do today that went so smoothly?"

Yan Ming chuckled. "It's all thanks to you that everything went so smoothly. I

just need to tell them your name. They won't reject me at all."

Yun Feng frowned. Yan Ming turned around slightly. "Master Ling has never liked to interact with people and he's famous for his bad temper. However, after hearing the name Yun Feng, he agreed to my suggestion without another word. It's truly surprising."

The Ling family? Ling Xiaoyun?! Yun Feng looked up. "Did you go to find Ling

Xiaoyun this time?"

Yan Ming nodded. "Of course. Ever since the East and West Alliance was established, I've come into contact with Master Ling a few times, but Master Ling was already impatient before I said anything. This time, I thought it would be the same as before, but I didn't expect your name to be so surprising."

Yun Feng raised the corners of her mouth. The reason why Ling Xiaoyun was so straightforward was to repay her for saving his life back then. After all, she didn't help him; Lanyi did. Lanyi preserved a few descendants of the Ling family, so the Ling family wouldn't go extinct.

“Although Brother Canghai’s ability to control space is unparalleled, the East and West Alliance needs more power, especially supportive power.” Yan Ming whispered. “If I had known that your name was so useful, I would have said it earlier.”

Yun Feng chuckled. Yan Ming continued, “Qu Lanyi just sent a message that the Naxi family, the Xuan family and the Buyuan family will gather in Shadow City in seven days.”

Yun Feng’s heart sank. Could the person from the Xuan family be Xuan Yi?

“What are you worried about?” There was a faint smile in Yan Ming’s words. Yun Feng shook her head. Yan Ming took a deep breath and looked ahead with his black eyes. He said meaningfully, “The situation will definitely be more interesting in seven days..”

Genius Summoner #Chapter 1931 - 1931: Gathering Storm (1) - Read Genius Summoner Chapter 1931 - 1931: Gathering Storm (1)

Chapter 1931: Gathering Storm (1)

Shadow City had become the most popular city in people’s sight after the East and West Alliance moved in. Every time news came from here, it attracted the attention of all parties. The stationing of the East and West Alliance made this a place that everyone on the entire continent yearned for. Recently, this city had shone again and became a place where the leaders of the various forces gathered. There probably wouldn’t be anywhere else on this continent that could gather almost all the famous people on the Vast Continent like Shadow City.

Seven days later, many people would gather here. By then, the four families, which were comparable to the highest level in the human world, would also descend. The leaders of the various forces would also gather here. Even though the residents of Shadow City didn’t know who would come, they all knew that many big shots would come.

As the General Manager of the East and West Alliance, Yan Ming certainly arranged everything. The headquarters of the East and West Alliance had been making preparations these few days and was very busy. Since the people who came were all famous big shots and members of the four families, Yan Ming certainly wouldn’t embarrass the East and West Alliance. He had to supervise the details himself and could be said to be responsible.

Yun Feng, the titular leader, didn’t have any work these few days. Even though she wanted to help, Yan Ming rejected her extremely politely. Yun Feng was also very tactful. Rather than causing trouble, it was better to focus on her own business. Qu

Lanyi didn't stay idle. Yan Ming gave him a lot of work, as well as Ze Ran and Mu Canghai. Even though Yun Feng was embarrassed, there was nothing she could do.

Shao Yan also followed Yan Ming and busied herself. She knew that this gathering was very important, so she didn't dare to be careless at all. While everyone was busy, Yun Feng truly became an idle person.

In the room, Yun Feng was sitting on the bed and playing with a small box in her hand. It was the small box that the Senior in the Nirvana Tower gave her. The box was still so heavy. Yun Feng picked it up and weighed it up and down.

There was no sound inside the box. It swayed left and right and was also silent.

Yun Feng observed it carefully a few times. This box didn't open, which meant that it couldn't be opened with hands or external forces at all!

"A box that can't be opened... What's inside?" Yun Feng mumbled. She had tried to open it with her current strength, but as she guessed at first, she couldn't open the box with the strength of a God Emperor! Yun Feng pondered in her mind. It seemed that only those at the God Level could do it?

Yun Feng put away the box. There was one more thing she hadn't done. That was the refinement of the Dragon Palace!

The last time she refined the Dragon Palace was when she reached the God King Level and refined the sixth level. Even though her strength had increased since then, she hadn't surpassed the God King Level. Now that she came out of the Nirvana Tower, her strength directly advanced to the God Emperor Level. The Dragon Palace certainly had to be refined next.

She should be able to refine one level at the God Lord Level and another level at the God Emperor Level. She should be able to directly open the eighth level this time!

Thinking of this, Yun Feng couldn't help but feel very excited in her mind. Every level of the Dragon Palace could be said to be a surprise. What would there be on the seventh and eighth levels? She took out the dragon-shaped jade pendant without another word. Yun Feng hadn't used the Dragon Palace for a long time. During the time in the Nirvana Tower, the Dragon Palace was forcibly restricted. If she was in a battle right now, Yun Feng might not be able to hide in the Dragon Palace so easily like before.

The dragon-shaped jade pendant emitted a slightly cold temperature in her hand and then slowly heated up. Yun Feng slowly closed her black eyes. The dragon-shaped jade pendant floated in the sky. Yun Feng began to refine the Dragon Palace further. Seven days passed quickly. Yun Feng was focused on refining the Dragon Palace and seemed to have forgotten that time passed so quickly. In the blink of an eye, it was already time for the gathering.

This day, Shadow City was especially quiet. Under the hazy sunlight in the morning, a new morning came.

“Is everything ready?” Yan Ming stood outside the entrance of the headquarters and asked in a low voice. Shao Yan nodded. “My lord, everything is ready.”

Yan Ming nodded and looked up at the sky with his black eyes. The corners of his mouth curled up and there was a smile in his eyes.

“Yan Ming!” With a shout, a figure came from the sky. A smile appeared on Yan Ming’s face. The first to come was the Hall Master of the Bright Moon Hall. The Hall Master of the Bright Moon Hall came alone and didn’t bring anyone with him. He rushed over and patted Yan Ming’s shoulder with his big hand. The two of them were very close.

“I really regret letting you work for Yun Feng. After you left, my place was a mess!” The Hall Master burst into laughter. Yan Ming also put on a smile. “The Hall Master has the ability to deal with everything. I don’t have to do anything

The Hall Master burst into laughter. The two of them couldn’t help but talk longer. The Hall Master looked at Shao Yan. “Not bad, kid. She’s still with you? Shouldn’t you consider it?”

Shao Yan blushed and couldn’t help but lower her head. Yan Ming, on the other hand, rejected him expressionlessly. “Hall Master, don’t make fun of me.”

The Hall Master raised the corners of his mouth. Shao Yan couldn’t help but feel a bit embarrassed in her mind. At this moment, two figures rushed over.

Yan Ming looked up and smiled slowly. “The Master of the Ancestral Forest

Hall and the Master of the Thousand Snow Hall came very early.”

The expressions of the two Hall Masters were complicated and they chuckled a few times awkwardly. The two Hall Masters hadn’t been having a good time these days. They had to restrain some of their thoughts and practices, or the position of the Hall Master would be in danger.

“Let’s go in first,” said the Thousand Snow Hall’s Master. Yan Ming chuckled.

“Why didn’t the Thousand Snow Hall’s Master bring Young Master MO here?”

The Thousand Snow Hall’s Master’s expression suddenly froze. Yan Ming chuckled. “Hall Masters, go in first. I’ll welcome the guests outside.”

“Hahaha, alright!” The Hall Master laughed loudly. Shao Yan immediately walked in with the three Hall Masters, while Yan Ming stood outside the door and continued to welcome the distinguished guests.

The three Hall Masters of the West Continent rushed over, followed by the leaders of the three empires on the East Continent. The morning passed and nobody else came. Yan Ming waited outside with a good temper, while Shao Yan was a bit impatient.

“My lord, why don’t you go in and take a rest? I’ll wait here,” said Shao Yan. Yan Ming shook his head indifferently. “No need.”

Shao Yan looked at the sky. Only the people from the East Continent and the West Continent came in the morning, but there was no sign of the other factions.. That was truly... “My lord, why don’t I get someone to bring a chair over?”

Chapter 1932: Gathering Storm (2)

Yan Ming said in a low voice, “No need. If you’re tired, go in.”

Shao Yan immediately stopped talking and stood outside the door with Yan Ming. At noon, under the scorching sunlight, a few figures arrived late. They were the elders of the Juxing School. “General Manager Yan, I’m late.” The people who came were the Great Elder and the Fifth Elder of the Juxing School, but the other three elders didn’t come.

Yan Ming chuckled. “There’s no rush. It’s still early. Why are the two elders here?”

The Great Elder couldn’t help but sigh. “Something happened to Juxing, so

Fifth Brother and I came.”

Yan Ming nodded and didn’t ask anymore. “Elders, go in and rest first.”

The two elders nodded. Shao Yan immediately led the two elders in. Yan Ming continued to wait outside the door. After a while, people from the Pharmacists’ Union, the Summoning Union and the Mages’ Union came one after another.

It was almost dusk. Unknowingly, almost a day had passed. Yan Ming was still standing by the door and waiting. Shao Yan’s heart ached when she saw this. Why did the General Manager have to stand here and greet the guests? Wasn’t he demeaning himself?

“No matter who comes next, don’t say anything.” Yan Ming suddenly whispered. Shao Yan was stunned, but she also nodded respectfully. Who would come next?

A figure came from afar and walked over slowly. Yan Ming's expression became serious and his black eyes glittered. Shao Yan couldn't help but look up curiously. When the figure got closer, she found that it was an unusually beautiful man. The man's facial features were full of charm, especially his eyes. They had an indescribable charm. He had the body of a mature man, but he gave people a very demonic feeling.

Shao Yan couldn't help but stare at him. How could there be such a man? Her heart raced just looking at him!

The man approached and faint water vapor came from his body. The man frowned and was in a bad mood. "Welcome, leader of the merfolk. Sorry for not coming out of the city to welcome you," said Yan Ming. Shao Yan was suddenly stunned! Wasn't the merfolk from the Sea Clan of the Endless Ocean? This man was the leader of the Magic Beasts!

Si Wen replied indifferently and frowned. He was more or less a bit uncomfortable to leave the Endless Ocean and go ashore. Besides, he didn't want to transform into human form. After all, there was still a gap between the Sea Clan and humans. Even though he and Yun Feng were different, he was still a bit unhappy.

"Where's Yun Feng?" asked Si Wen. He came this time because Yun Feng was here. If Yun Feng was here, it meant that Yaoyao was also here.

"The Alliance Master has something to do. You can wait in peace. I've already made arrangements for the leader. I won't make you uncomfortable. When the meeting begins, you will meet the Alliance Master."

Si Wen raised his brows. This human was quite thoughtful. He would see Yun Feng sooner or later. He would talk about it then. Yan Ming waved his hand and the person waiting on the side came forward to lead Si Wen inside. Yan Ming didn't turn around until he disappeared.

"No wonder. It's the leader of the Magic Beasts..." Shao Yan mumbled. This was the first time she had seen a Magic Beast up close, and it was even the merfolk of the Endless Ocean! And it was the leader! Her heart was still racing.

After a while, a gust of wind sounded and a shadow suddenly appeared in the sky. Shao Yan suddenly raised her head and vaguely saw a big bird flying over her head. A big bird? Was another Magic Beast here?

"Swish!" A huge wind blew and almost blew Yan Ming and Shao Yan away. A few feathers fell and a figure landed from the sky. "Sorry, sorry. I couldn't control my strength. Are you alright?"

An extremely young voice and a young face. The young man walked over and said apologetically. Yan Ming chuckled. "It's fine. It's the honor of the East and West Alliance to have the Griffin King here."

The person who came was the new king of the Griffins, Fei Yun. Ever since Yun Feng helped him rise to the top last time, she hadn't seen this little Griffin again. Right now, Fei Yun had already activated his six-winged bloodline and became the real king of the Griffins!

However, he was more or less a bit childish. Because of Yun Feng, he had a new opinion of humans. Coupled with Lan Yi, his hostility towards humans could be said to have been eliminated, or he wouldn't have spoken like this.

"Is Yun Feng here?" Fei Yun smiled, showing his white teeth. He looked forward to seeing Yun Feng and Lan Yi. He wanted Lan Yi to know that he didn't let him down!

Shao Yan's heart skipped a beat! Another king. The first thing he said was to speak to Yun Feng!

"The Alliance Master has something to do. She'll certainly appear during the meeting." Yan Ming chuckled and waved his hand. Someone immediately came.

Fei Yun smiled lightly. "Alright, we'll meet sooner or later." Fei Yun walked in

and Shao Yan didn't mutter until she couldn't see him. "Such a young person... is the king of the Griffins?"

Yan Ming curled his lips and whispered, "Don't underestimate the Magic Beasts. The Griffin King looks very innocent and young, but his strength can't be underestimated. He's a six-winged Griffin."

Shao Yan was surprised! A six-winged Griffin! Such an innocent boy had such strength! She really... couldn't tell!

"In a way, Magic Beasts know how to survive better than humans and hide themselves better." Yan Ming mumbled and glanced at Shao Yan. "Are you very surprised? The first thing the Magic Beast Kings said when they came was to find Yun Feng?"

Shao Yan blushed and nodded. Yan Ming chuckled. "You can more or less understand why Yun Feng became the leader of the alliance, right?"

Shao Yan's body stiffened. Then, she smiled awkwardly. "Yes, I can more or less understand."

Yan Ming heaved a sigh of relief. "It's much more than that. It's not over yet."

The light of dusk gradually faded and the other Magic Beast tribes came one after another. When night gradually enveloped Shadow City, Yan Ming was still standing outside the door and waiting patiently.

“Swish...!” The wind blew again. From afar, a black shadow rushed over quickly. Shao Yan immediately perked up. Someone was here again.

“Am I late?!” The person shouted before he arrived at the door. He was full of vigor and domineeringness. Yan Ming smiled lightly. “There’s no rush. The meeting isn’t today.”

The black shadow ran over quickly. The person who came was muscular and had a hard face. His black eyes were bright and he looked very fierce. The person who came was Zhan Li. After dealing with the things on hand, he immediately rushed over without stopping. He didn’t expect to come so late.. Would his daughter blame him?

Chapter 1933: Gathering Storm (3)

Hearing Yan Ming say that it wouldn’t be today, Zhan Li was suddenly relieved. “Where’s my daughter?” He said. Shao Yan was stunned! Daughter?

Yan Ming said, “Yun Feng has something to do. President, you should rest first.’

Zhan Li frowned slightly and waved his hand in the end. “Since my daughter is busy, I won’t disturb her anymore. I’ll go in first. Who else is behind me?” “The members of the four families and the Young Master of the Dragons.”

Zhan Li burst into laughter. “I thought I was the latest. It turns out there’s someone at the bottom? Haha, it’s been hard on you to wait here!”

“It’s nothing,” said Yan Ming casually. Zhan Li smiled again and strode in. Shao Yan finally said, “Daughter? Isn’t Yun Feng from the Yun family? When did the president of the Mercenary Union become her father?”

Yan Ming whispered, “Zhan Li acknowledged Yun Feng as his goddaughter. Logically speaking, he’s her godfather.”

Shao Yan clicked her tongue. The first thing the people who came today said was most likely to ask Yun Feng. Shao Yan also truly felt how powerful Yun Feng’s identity was and how connected she was! How exactly did she do it? She was connected to so many forces and they were so close! It was truly unimaginable!

“How exactly did she do it...” Shao Yan mumbled. Yan Ming chuckled.

“Everything she experienced gave her that. Because she’s Yun Feng.” Shao Yan pursed her lips and remained silent. She didn’t understand why Master liked this woman called Yun Feng in the past. She thought Yun Feng was just a bit stronger and had a special identity. However, after these few days of contact, she had already understood that even if she was a woman, she would still be attracted to her uncontrollably. It

wasn't because of Yun Feng's appearance, her strength, or her identity. It was just because she was Yun Feng.

If she were a man, she would also put her heart on this woman without knowing it. She was the only one who could attract the attention of the lord. Shao Yan was truly ashamed of her inferiority.

"I understand why you like her so much," said Shao Yan. Yan Ming was stunned and turned around. "It's not that I like her. I've always been an outsider."

Shao Yan bit her lips. Her lord's heart must be full of regret. Such a woman already had someone in her heart. She already had the person in her heart by her side. What her lord could do was to watch from afar silently. Just do something for her like right now. No matter how hard it was, her lord would probably be willing to endure it.

After understanding this, Shao Yan felt quite complicated. She could only stand aside silently. She was just an outsider from the beginning to the end.

"I'm here." At this moment of silence, another figure descended. Yan Ming smiled when he saw the person. There was a relaxed look on his face. "I was wondering if you agreed casually that day. It's good that Master Ling is here."

Ling Xiaoyun walked to him coldly. Yan Ming stepped forward, and Ling

Xiaoyun said, "Since I've agreed, I'll definitely come."

"You always keep your promise. You're indeed the leader of the Ling family," said Yan Ming with a smile. Ling Xiaoyun's face was still cold. The incident in the Ling family made him grow up overnight. He wasn't as confused as he used to be when he was young anymore. He took everything from the Ling family and became the leader of the family he hated back then. His personality had also changed drastically. He didn't have the recklessness he had when he was young anymore. Instead, he was much more mature and stable.

"Yun Feng is here?" asked Ling Xiaoyun. Yan Ming nodded. "She's here."

Ling Xiaoyun's black eyes glittered. He nodded and walked in without saying anything. Yan Ming was relieved to see Ling Xiaoyun's back. It was great that he could really come.

"He's the leader of the Ling family... He looks quite fierce." Shao Yan mumbled and couldn't help but admire Yun Feng even more in her mind. She was truly extraordinary to be able to have a relationship with such a person! As expected of Yun Feng!

Yan Ming looked at the sky. Night had already fallen. Shao Yan said, "My lord, should we continue waiting?"

Yan Ming chuckled. "Of course I have to wait. The members of the Yun family aren't here yet. How can I leave just like that?"

Night fell and covered the entire Shadow City. Yan Ming was still standing outside and waiting quietly. Shao Yan also stood aside silently and accompanied him. Neither of them said anything. Only the sound of the wind came occasionally. After a while, a few figures flew over in a hurry from afar.

"General Manager Yan, we're really sorry for coming so late." The people who came were the Great Elder of the Yun family and the leader of the Naxi family. Yan Ming shook his head with a faint smile. "It wasn't easy for the two of you to come. It's my honor that the four families can come to Shadow City."

Shao Yan didn't dare to look up. The members of the four families...!

The leader of the Naxi family chuckled. This wasn't the first time he had seen Yan Ming. He also admired this young man's ability. He was a talent. Nôv(e)B\jnn

"Are they all here?" asked the leader of the Naxi family. Yan Ming replied, "Most of them, except the Young Master of the Golden Dragons, the Xuan family and the Buyuan family, who haven't arrived yet."

"Is Yun Feng busy?" asked the Great Elder of the Yun family with a smile. Yan Ming took the lead. "The Alliance Master has something to do. She should've welcomed you in person."

"Just let that girl do her own thing." The leader of the Naxi family chuckled.

"My son has nothing to do?"

Yan Ming smiled. "Leader, you can go to find Young Master Naxi directly later."

Yan Ming smiled. "Leader, you can go to find Young Master Naxi directly later."

The First Elder can rest on his own."

"Alright, let's go in first," said the leader of the Naxi family. The Great Elder of the Yun family nodded. The two of them walked in. The leader of the Naxi family turned around and said, "Wait for the Dragons. When the Dragons arrive, you don't have to wait."

Yan Ming's black eyes glittered and he immediately nodded. "Alright."

The leader of the Naxi family and the Great Elder of the Yun family walked through the door and moved inside with a smile. They gradually left. Shao Yan was a bit confused. "Why did he say that... We're not waiting for the Buyuan and Xuan families?"

Yan Ming turned around and moved his neck slightly, making a crisp sound. "There's no need to wait for some people. If they want to put on airs, just let them be."

"But... aren't they from the four families..."

Yan Ming curled his lips. "So what if they're from the four families?"

Shao Yan didn't say anything else. Her lord certainly had his reasons for doing this. She shouldn't say anything else.

The two of them continued to wait outside the door. Yun Feng, who was in the room, focused on refining the Dragon Palace. She wouldn't dream of refining two floors in seven days. The higher the floor, the more difficult it was to refine and the longer it would take. She only wanted to refine as much as she could in seven days. She couldn't force it.

Yun Feng, who was refining the Dragon Palace, suddenly noticed that the Sound Transmission Jade in the bracelet was glittering. She didn't intend to talk to it at first, but the Sound Transmission Jade kept flashing. Apparently, someone was anxious to contact her.

Yun Feng opened her black eyes and the refinement process was interrupted. She finally realized that seven days had passed. It seemed that the refinement could only end here. She put away the dragon-shaped jade pendant and took out the Sound Transmission Jade. Yun Feng finally realized that the person who had been trying to contact her was Ao Jin!

Uncle Flirtatious? Yun Feng was puzzled. Logically speaking, he should have already arrived. Did something happen?

She immediately opened the Sound Transmission Jade and established a connection. Before Yun Feng said anything, Ao Jin's voice had already come.

"Kid! Kid! Is it you?"

Yun Feng was helpless. "Uncle Flirtatious, who else could it be?"

"I've been calling for a long time and there's no reply. I thought it was some else. Something happened on my side and I can't make it to Shadow City so I'll try my best to finish it and rush over as quickly as possible."

Yun Feng frowned. "What happened? Do you need help?"

"No need. It's just a small matter." Ao Jin said indifferently as the Sound Transmission Jade flashed a few times. "Kid, how have you been during this period of time? Did that kid mistreat you?"

Yun Feng chuckled. "I'm fine. Uncle Flirtatious, what about you? Did things well with the Dragons?"

"Hahaha! Of course everything is going well. It's just that there are too many trivial things. I'm a bit annoyed."

Yun Feng smiled and the Sound Transmission Jade glittered again. "Let's not talk about it for now. I'll deal with the things here first."

"Alright, if you need help, Uncle Flirtatious, you must tell me."

The Sound Transmission Jade flashed a few times and Ao Jin's hearty laugh came. "Hahaha, alright! Kid, wait for me. I'll be there soon!"

There was a smile in Yun Feng's eyes. "I've always been in Shadow City. Uncle

Flirtatious, just take care of your own business in peace."

"Alright!" After Ao Jin said yes, the connection was cut off. Yun Feng looked at the jade pendant thoughtfully. What would happen... Was it the Dragons' own business or something else? However, with Uncle Flirtatious' ability, it shouldn't be difficult to deal with.

Yun Feng's aura penetrated the dragon-shaped jade pendant. After a while, Yan Ming came from inside. "What's wrong?"

"Ao Jin sent me a message just then. He won't be able to reach Shadow City today."

Yan Ming, who was waiting at the door, was a bit shocked. "Why? What happened?"

"He didn't tell me in detail. He just said that he had something to do and would come right away."

Yan Ming pondered for a moment after hearing that. "Got it. Those who should be here are already here. The meeting will be held tomorrow. Alliance Master, it's time to prepare."

Yun Feng's helpless laughter came from the Sound Transmission Jade. "Yan Ming, please spare me."

Yan Ming chuckled. "Let's not talk about it for now. I still have something to do. The leader of the merfolk and the Griffin King are already here. If you have time, go visit them."

"Of course. I'll bring the people they want to see with me. Alright, go ahead."

Yun Feng cut off the connection. Yan Ming put away the Sound Transmission Jade and turned around to walk inside. Shao Yan followed behind without saying a word. If the Dragons didn't come, her lord wouldn't wait anymore. The door closed behind her and Shao Yan finally heaved a sigh of relief. It had been a tiring and nerve-racking day. Her body had been tense all day and she was as stiff as a stone right now.

Shao Yan turned around and was shocked to see Yan Ming's gloomy face. "My lord, what's wrong?"

Yan Ming raised his black eyes. "Nothing. Go do the few things I asked you to do earlier."

Shao Yan didn't want to leave right now. Yan Ming looked gloomy and obviously had something to do, but Yan Ming obviously wanted her to leave. Shao Yan didn't dare to say anything else. She said softly and could only turn around to leave. On the way, she still looked back a few times worriedly. Did something happen with such a gloomy face?

Yan Ming walked back silently, but his face became gloomier and gloomier. He didn't expect Ao Jin to be absent. Even though Ao Jin said it was a small matter, something really happened in his opinion.

"What exactly happened... that made him unable to leave and even delayed his plan to come to see Yun Feng?" Yan Ming whispered secretly as his black eyes darkened a bit. "I only hope... it's really a small matter.."

Chapter 1934: She's the Mother of My Child (I)

The next day, the meeting was held in Shadow City. Early in the morning, Yan Ming sent someone to inform all the guests. Also early in the morning, all the famous people in the headquarters of the East Continent and the West Continent arrived one after another. Even though they were in Shadow City, even though they were in the headquarters, Yan Ming was still very vigilant. The content of the meeting couldn't be overheard casually. With so many powerhouses here, Yan Ming still didn't relax even though he didn't have to consider safety.

There were two rows of chairs vertically in the hall. There were three chairs in the front. The giants of the forces who received the notice soon arrived. Yan Ming had been waiting in the dark hall for a long time and arranged everyone's seats carefully.

The members of the Magic Beasts were all sitting on one side, and the major forces in the human world were all sitting on the other. The members of the Magic Beasts couldn't help but look a bit bad. After all, there was a deep hatred between Magic Beasts and humans. It was quite strange. Only in here could they see the scene of Magic Beasts and humans coexisting peacefully.

The main seat on the side of the Magic Beasts was empty. Si Wen and Fei Yun sat in the second and third seats. Yaoyao was in Si Wen's arms. Both of them seemed very happy. It had been a few years since they last met. Si Wen certainly couldn't return Yaoyao to Yun Feng so quickly.

Lan Yi stood behind Fei Yun. The uncle and nephew chatted for a long time last night. Lan Yi was certainly very comforted to see that Fei Yun could grow up like this. Fei Yun looked happy and talked to Lan Yi behind him from time to time. Yan Ming originally wanted to add a chair for Lan Yi, but Lan Yi rejected him and only said that he would just stand.

The other members of the Magic Beasts weren't as powerful as these two clans. Even though they didn't like humans, they could only sit there with a sullen face. It was already difficult for Magic Beasts to join forces with humans. If it weren't for Yun Feng, it would be impossible for them to exist at all. It was very commendable to be able to join forces with a few large Magic Beast forces, especially the Dragons.

On the other side were the giants of the major factions in the human world. Even though everyone looked fine, the Magic Beasts were sitting opposite them. The aura of Magic Beasts surged towards them and they would always panic in their minds. Such an occasion also broadened the horizons of these giants. It wasn't easy to gather with Magic Beasts.

Soon, the distinguished guests who came from afar were all here. Yan Ming stood by the door and chuckled softly, welcoming them in. Everyone who was whispering in the dark hall immediately fell silent. Even Si Wen, who was teasing Yaoyao, raised his head. The people who came in were none other than the leader of the Naxi family, the Great Elder of the Yun family and Yun Feng herself.

"Everyone is here." The leader of the Naxi family said with a faint smile on his face. The Great Elder of the Yun family walked next to the leader of the Naxi family, while Yun Feng walked on the other side. Yan Ming led the three of them in. Everyone in the human world stood up, but the Magic Beasts glanced at them indifferently.

"Xiao Feng!" Yaoyao called out happily and was about to come out of Si Wen's arms. Si Wen exerted his strength and trapped the little girl firmly in his arms. Yaoyao glared at him in dissatisfaction and Si Wen smiled a bit helplessly.

"Take a seat," said the leader of the Naxi family. The people in the human world finally sat down with respectful expressions on their faces. The leader of one of the four largest families in the human world was here. Facing such a person, anyone would feel huge pressure in their minds.

Looking at the Great Elder of the Yun family standing next to the leader of the Naxi family, everyone was thinking in their minds. Who would have thought that the Yun

family back then could develop to its current status? The four families more or less lived up to their name!

“Please have a seat.” Yan Ming pointed at the seats. Seeing that, Yun Feng said in a low voice, “I’ll sit next to you.”

Yan Ming chuckled. “Alliance Master, you can’t avoid it this time.”

Yun Feng was speechless. The leader of the Naxi family said, “It’s alright. You live up to your name. You don’t have to feel uncomfortable.”

The Great Elder of the Yun family chuckled. “Kid, you were the one who suggested establishing the East and West Alliance back then. We joined forces because of you. You deserve to be the leader.”

Yun Feng curled her lips. She knew that everyone was asking her to go up, so she couldn’t reject them anymore. She glanced around and didn’t find Qu Lanyi. “Uncle, where’s Lanyi?” Yun Feng couldn’t help but ask. The leader of the Naxi family chuckled. “That kid is gone. He’s certainly doing his job. Don’t worry.”

Yun Feng nodded. The three of them sat down one after another. Yun Feng immediately sat on the outer seat. The leader of the Naxi family shook his head slightly and sat in the center, with the Great Elder of the Yun family sitting on the other side. Yun Feng looked over with her black eyes. There were many familiar faces. It would take a while for them to catch up. The Buyuan and the Xuan families weren’t here. Yun Feng pondered. Were these two families going back on their words and quit now?

“Hm, they’re indeed not here.” The leader of the Naxi family glanced at him and said coldly. The Great Elder of the Yun family couldn’t help but frown. Yan Ming whispered on the side, “If they’re not here, we don’t have to care.”

The leader of the Naxi family raised his head and glanced at everyone present with his black eyes. Even though the Magic Beasts weren’t afraid of the identity of the leaders of the four families, the momentum of the leader of the Naxi family was so strong that it couldn’t help but intimidate them. The leader of the Naxi family was silent for a few seconds, then said in a low voice, “I believe you all know the purpose of gathering you here.”

“If it weren’t for the sake of resisting the Blood Souls, Magic Beasts would never have joined forces with humans. I don’t know how Magic Beasts on the land treat humans. But the Sea Clan and humans have had an irreconcilable grudge since ancient times,” said Si Wen. His charming facial features were full of coldness. Yaoyao, who was in his arms, wanted to say something, but Si Wen reached out and covered his mouth.

“I don’t think it matters. Not all humans are bad. Back then, I thought humans must be killed, but Yun Feng was an exception, wasn’t she?” Fei Yun said as he smiled at Yun

Feng with his teeth bared. There was also a smile in Yun Feng's eyes. Fei Yun's personality was very simple at that time.

"How many Yun Fengs do you think there are?" Si Wen looked at Fei Yun with his light blue eyes. Yaoyao in his arms also nodded. That's right! There was only one Xiao Feng!

"Let's not talk about the grudge between Magic Beasts and humans for now. Since you're sitting here, it means you want to put aside the past. We're only facing one enemy together right now, the Blood Souls

Even so, we still don't know much about the Blood Souls." Nôv(el)B\jnn

"Don't the four families know much about the Blood Souls?" said Ling Xiaoyun in a low voice. The leader of the Naxi family frowned. "It's not that we don't know anything, but there are a lot of things that we can't be sure of. There's only one thing we can be sure of. Their special control of the dark elements comes from the darkness Fantastical Beast.."

Chapter 1935: She's the Mother of My Child (2)

"A Fantastical Beast!" Everyone was shocked! Even the Magic Beasts were the same! This was the first time information about Fantastical Beasts was made public. It was natural for them to be surprised.

"Is this information true?" Si Wen frowned and his face darkened. The leader of the Naxi family nodded, and Si Wen's face even darkened. "I didn't expect the darkness Fantastical Beast to be in the hands of the Blood Souls... It seems that we're at a disadvantage."

"You don't have to worry about Fantastical Beasts. The Blood Souls have

Fantastical Beasts in their hands. We also have Fantastical Beasts on our side.'

"Leader of the Naxi family, you mean... Fantastical Beasts are also joining us!"

The leader of the Naxi family nodded with a smile and looked at Yun Feng. Yun

Feng stood up and said solemnly, "I have an agreement with the Fantastical Beasts. They'll indeed help us."

All eyes looked at Yun Feng at the same time and they all exclaimed in their minds. She had a relationship with Fantastical Beasts!

Si Wen's blue eyes darkened. Yun Feng, this human, gave him a lot of different feelings in the Endless Ocean back then. There seemed to be even more surprises hidden on her right now. Yan Ming, who was sitting on the side, had a smile on his face. He suddenly noticed that the Sound Transmission Jade was flashing. He immediately picked it up. It was Shao Yan.

"My lord, the Buyuan and the Xuan families are here."

Yan Ming frowned slightly and cut off the communication. He walked forward and said a few words to the leader of the Naxi family in a low voice. The leader of the Naxi family raised his brows and chuckled. "They're here after all... It's good to let them come." Yan Ming nodded and got up to walk out. The people in the dark hall were puzzled. The leader of the Naxi family smiled and didn't say anything.

After a while, the door of the dark hall was pushed open again and two figures walked in with Yan Ming. Yun Feng rolled her black eyes slightly. Seeing the newcomers, she was already certain in her mind. The people from the Xuan family and the Buyuan family were Xuan Yi and Buyuan Misheng.

Yun Feng pondered in her mind. It seemed that the Xuan family was already in Xuan Yi's hands right now, including the Buyuan family. Otherwise, the speaker of the Buyuan family would not be the reckless and brainless Buyuan Misheng.

"The Xuan family and the Buyuan family are two of the four largest families after all. They only sent two such young people to such an important meeting? They don't take what happened today to heart at all," said Si Wen indifferently. He had never been polite to humans. The status and relationship of the four largest families couldn't compare to that of Magic Beasts at all.

Xuan Yi smiled lightly and glanced at everyone present. "The people who came today are truly ambitious people from all walks of life. It's not that the two families don't value them, but the world right now belongs to the young people."

Yun Feng frowned. If that was the case, it would be a bit difficult.

The leader of the Naxi family didn't say anything. Yan Ming invited the two of them to sit down. Xuan Yi smiled gently at Yun Feng. Yun Feng was expressionless and didn't respond. Xuan Yi sat down, not thinking that it was a big deal, while Buyuan Misheng looked bored. After sitting down, he didn't say anything.

There was a moment of silence at the scene. Xuan Yi sat there calmly, as if he was listening. Yun Feng's black eyes glittered. This was an opportunity.

"We're not weak in terms of Fantastical Beasts. Don't worry about that. We must be confident. If we want to defeat the Blood Souls, we need stronger and unexpected energy. Only then can we have an advantage in terms of resistance."

The leader of the Naxi family seemed to have expected what Yun Feng was going to say. The Great Elder of the Yun family's black eyes glittered. Did this girl mean...

Xuan Yi looked at Yun Feng with a smile, as if he would listen to whatever she said. Buyuan Misheng, on the other hand, turned his face to the side. "What does the Blood Souls have to do with me? It's truly boring."

"Young Lady Yun, just tell me what you want to say." Xuan Yi said with a smile. A few gazes glanced at Xuan Yi with a hint of curiosity. Xuan Yi moved his body slightly to make himself more comfortable.

Yun Feng curled her lips and looked at Xuan Yi directly with her black eyes. "Now that the four families have joined forces, the Naxi family and the Yun family have done their best for the East and West Alliance. They can be said to be doing everything themselves. The Xuan family and the Buyuan family, on the other hand, didn't contribute anything."

Xuan Yi chuckled and asked Yun Feng to continue without batting an eyelid. "If the four families can't do their best, the other forces in the East Continent and the West Continent certainly won't. If we want to resist the Blood Souls, we need unity."

Everyone pondered and agreed with Yun Feng in their minds. They could put aside all prejudices and conflicts for now. They had to deal with the problem of the Blood Souls first!

"As you said earlier, we need unexpected power to resist the Blood Souls. What exactly do you mean?" Fei Yun was puzzled. Yun Feng smiled lightly. "I'm talking about the map fragment."

Not many people knew about the map fragment. Most of them were full of question marks. "Map fragment? What's that?" Fei Yun was puzzled. Si Wen's blue eyes glittered as he looked at Yun Feng. "The map fragment is something left from a long time ago. Even though I don't know its exact function, every map fragment is extremely precious. I heard that there will be shocking discoveries when it's pieced together."

"The map fragments are divided into twelve parts. The four families each have one. A long time ago, this thing was something powerhouses fought over. The Blood Souls are also very jealous of this thing. They're also collecting it," said

Yun Feng as she looked at Xuan Yi with her black eyes. "To resist the Blood Souls, I need the map fragments of the Xuan family and the Buyuan family."

Yun Feng was very straightforward. The others were all stunned. This thing was so precious that these two families certainly couldn't give it to her. They wouldn't even give it just to resist the Blood Clan...

Xuan Yi smiled lightly as a glint of darkness flashed through his black eyes. “If Young Lady Yun wants it, I’ll certainly give it to you.”

Their gazes came again. Buyuan Misheng was stunned! “Hey, Xuan Yi... That’s not what you said back then!”

Xuan Yi rolled his black eyes. Buyuan Misheng didn’t say anything else and could only grunt and turn his head around. Yun Feng raised her brows. He gave it to her so quickly?

“Xuan Yi, you can’t succeed a second time with the same method. You deceived the leader of the Naxi family, who doesn’t know this matter very well, but you can’t deceive me.” Yun Feng’s tone was cold. Xuan Yi chuckled and shook his finger gently. “I’m certainly sincere to Young Lady Yun. If you want it, I’ll give it to you. Not only the Xuan family, but also the Buyuan family. However, I have a condition.”

“Since you’ve joined the East and West Alliance, do you still want to continue negotiating?” said Ling Xiaoyun coldly. Xuan Yi sneered. “We only joined the East and West Alliance for the same purpose. The map fragment is so precious that I can’t hand it over unconditionally.”

“What condition?” Yun Feng said. There was a smile in Xuan Yi’s black eyes. “I’ll give the map fragment to Young Lady Yun, if Misheng and I will travel with

Young Lady Yun.”

What? Yun Feng’s black eyes darkened. Along the way? Xuan Yi and Buyuan Misheng? How was that possible? If these two people followed her all the way, there were a lot of things she couldn’t do at all!

“It seems that you’re truly a sticky candy. The kind that you can’t get rid of.” A loud male voice sounded. The door of the dark hall was pushed open again and a handsome and slender figure walked in. Qu Lanyi’s handsome face was cold with a disdainful smile at the corners of his mouth. There was another figure behind him who also said, “Although I can’t agree with you on many things, I agree with you on this!”

“Uncle Flirtatious!” Yun Feng called out in surprise. Some fluffy golden hair was revealed behind Qu Lanyi. His golden eyes were glittering and his handsome face, which was comparable to a statue’s, was full of displeasure. However, warmth still flashed through his eyes the moment he saw Yun Feng.

“I was delayed for a while, but I’m finally here.” Ao Jin smiled warmly at Yun Feng. Yun Feng also smiled back, but she was puzzled why Lanyi came with Uncle Flirtatious.

“It’s great that you’re here,” said the Great Elder of the Yun family in a low voice. The leader of the Naxi family also nodded. Qu Lanyi glanced at Xuan Yi extremely rudely. “Do you really think you have to hand over the map fragment voluntarily?”

Xuan Yi sneered. “Naxi Lanyi, don’t think that I can’t guess what you’re thinking. Let me give you a piece of advice. No matter what you do, you won’t be able to get the map fragment unless I volunteer.” Xuan Yi looked at Yun Feng. “Young Lady Yun, I’ve never threatened you. This is just a condition, only for you.”

The atmosphere in the venue suddenly froze. The Thousand Snow Hall’s Master said, “Since the Young Master of the Xuan family is willing to give up the map fragment voluntarily, Yun Feng, why should you reject him? Is your personal business more important or the big picture? Since you said you needed this earlier, the conditions the Young Master of the Xuan family made aren’t outrageous.”

“They’ll just follow you. Why do you reject them?” The Master of the Ancestral Forest Hall also said. In fact, many people were puzzled. This condition was clearly simple! Why couldn’t Yun Feng agree?

“Humans are troublesome! Just agree! Why are you still dilly-dallying?” An impatient voice appeared among the Magic Beasts. A glint of killing intent suddenly flashed through Ao Jin’s golden eyes! Everybody immediately fell silent.

Xuan Yi smiled gently. Yun Feng was silent for a while and suddenly put on a smile. “Is this your only condition?”

Xuan Yi nodded. “Yes, it’s the only condition for Young Lady Yun.”

She chuckled. “Sure. If you want to follow me, just follow me.”

Yan Ming was surprised, and so was Qu Lanyi. The leader of the Naxi family and the Great Elder of the Yun family both frowned slightly. Ao Jin couldn’t help but say, “Kid, you don’t have to...”

Yun Feng shook her head and looked at Xuan Yi in the eyes. “I agree to your condition. You and Buyuan Misheng can follow me all the way.”

Xuan Yi chuckled. “As expected of Young Lady Yun. You’re indeed straightforward. Since Young Lady Yun has already agreed, I’ll give you the map fragment immediately.” Xuan Yi twisted his wrist gently and two map fragments appeared. Buyuan Misheng wanted to say something when he saw that, but Xuan Yi raised his hand. Yun Feng raised her hand and caught them. Her mental strength quickly penetrated them. These two map fragments were real.

Yaoyao bared her sharp teeth angrily. “He bullied Little... Hm!” Si Wen covered her mouth again. Si Wen raised his brows and looked at Xuan Yi with a glint in his blue

eyes. "If even the Young Master of the Xuan family is like this, I should do something with my relationship with Yun Feng."

All eyes were on Si Wen. Fei Yun asked innocently, "What's your relationship with Yun Feng? Aren't you friends?"

The corners of Si Wen's mouth curled up and his charming facial features became even more enchanting. A lazy smile climbed to the corners of his mouth. "She... is the mother of my child.."

Chapter 1936: Traveling Together (1)

'W-What? What did you say? Yun Feng is your... child's mother!' Fei Yun's face was completely red as he looked at Si Wen in shock. He couldn't help but turn his gaze to Yaoyao in Si Wen's arms... Was this Si Wen's child?

"Swish, swish, swish!" All eyes were focused on Yun Feng. Even the leader of the Naxi family and the Great Elder of the Yun family were no exception! Their eyes were also full of questions! Yun Feng was also completely stunned!

"N-No!" Yun Feng suddenly blushed and denied it. Si Wen raised his brows and looked at Yun Feng with his blue eyes. "No? If not, how did Yaoyao come into being?"

"That's...!" Yun Feng suddenly choked. In a sense, it was her water element that hatched Yaoyao. Yaoyao was Si Wen's child. So... she was indeed Yaoyao's mother!

"Humph, she's just the incubator," said Qu Lanyi as he looked at Si Wen without hesitation. "The only people related are Xiao Feng and Yaoyao. What does it have to do with you?"

"After all, this egg is his." Xuan Yi smiled casually. Si Wen chuckled. "If I'm right, I'm the one who's closest to Yun Feng."

Qu Lanyi frowned hard. Yun Feng couldn't help but look angry. "The connection is only limited to Yaoyao. If it weren't for me back then, Yaoyao's so-called mother would certainly be someone else."

The leader of the Naxi family and the Great Elder of the Yun family couldn't help but heave a sigh of relief. So, that was the case. Yun Feng wasn't someone who slept around. What Si Wen said was too ambiguous. Fei Yun said in shock, "This is the first time I've heard of a male laying eggs among the Magic Beasts."

A hint of embarrassment flashed through Si Wen's face. "Although the merfolk are a bit special, the mission of hatching their descendants is still carried out by the females. There's not much difference."

Fei Yun nodded. Ao Jin said unhappily on the side, "Why are you concerned about such a thing? What exactly are you trying to say, merfolk leader?" Fury glittered in his golden eyes. The smile in Si Wen's eyes disappeared. "The reason why the merfolk joined the East and West Alliance is because of Yaoyao. She's the reason why I'm willing to help. Yun Feng, you took good care of

Yaoyao. I'm grateful to you in my mind."

Yun Feng certainly knew that Si Wen didn't have any relationship with her. He was only willing to help because of Yaoyao. "To be clear, I'm making my stance clear today. No matter what schemes humans have, no matter how close the four families are, the merfolk will always stand on your side."

Si Wen's blue eyes glittered and his tone was deep. "Whoever lays a hand on you, Yun Feng, the merfolk will definitely not let them off!"

These words were powerful. The hearts of the powerhouses in the human world trembled! Fei Yun looked serious on the side and also said. "I have the same thought as the leader of the merfolk. The Griffins joined the East and West Alliance to repay Yun Feng's kindness back then! We don't care about the human world. We only care about Yun Feng!"

"Hahahaha!" Ao Jin burst into laughter. "I thought you were going to say something. Everyone here should know the reason why the Magic Beasts can join the East and West Alliance! However, it's not bad to reiterate our stance, in case some humans make stupid thoughts!" He looked at Xuan Yi with his golden eyes, which seemed to be able to pierce through his soul. Nôv(el)B\\jnn

"Of course. Yun Feng's existence is very important." Someone in the human world said. The leader of the Naxi family said in a low voice, "The participation of the Dragons is a great help to the East and West Alliance. There are also members of the Dragons on the Blood Souls' side. We won't be helpless."

"Humph! When we meet again, I'll tear off the dragon tendons of those traitors!"

"No matter who it is for, since the East and West Alliance has already been established, we need everyone's sincerity and contribution," said Yan Ming casually. "We're facing the same enemy. It won't be too late to resolve the conflict later."

"You're right, Butler Yan." Xuan Yi smiled and said. "Since Young Lady Yun agreed to my request so quickly, I won't say anything else. I'll listen to you."

“I’ll leave the map fragment to you, Yun Feng. We’re too old to run around anymore.” The leader of the Naxi family chuckled. Everyone present also smiled. Everyone knew very well that only Yun Feng could do this.

“Not only do we have to rely on our own strength to resist the Blood Souls, but we also have to unite our minds,” said Yan Ming. “The East and West Alliance has countless talents trained by the three academies right now. They can provide an outstanding reserve of talents, but this isn’t enough. We need to develop the overall strength of the East and West Alliance and prepare to take the initiative to attack the Blood Souls!”

“General Manager Yan is right about that. We can’t be in a passive situation every time. The Blood Souls are also in the development stage right now. We should attack as many forces as we can!”

The others agreed one after another. The leader of the Naxi family nodded and said, “If everyone has the same intention, the next operation will be much easier. Most of the strongholds of the Blood Souls are hidden somewhere. After you go back this time, investigate your respective areas carefully. Don’t let go of any of them. As for the parts of the Magic Beasts’ area, I’ll have to trouble the forces of the Magic Beasts.”

“Luckily, there are branches in a few important areas,” said Yan Ming. That was indeed the case. There were the Dragons and the merfolk in the Endless Ocean, and there were other Magic Beast tribes in the Ten Thousand Beast Mountain Range, while the Griffins could explore a wider area without restrictions.

“I’ll take note of that,” said Si Wen. Fei Yun also nodded. “Leave this to us.”

“The investigation is one thing, but there’s another thing we need to pay attention to. The Blood Souls will definitely attack the East and West Alliance again. It’ll be even better if we can capture the members of the Blood Souls alive,” said Yan Ming. The others, however, frowned. “We might not be able to get any information even if we capture them alive.”

“You don’t have to worry about that.” Yan Ming smiled confidently. “I certainly have a way to make them spit it out.”

“The more we know about the Blood Souls, the more benefits we’ll have in our battle. It’ll be even more useful if we can get any secrets.”

“The people of the Blood Souls that we capture alive must be at the leader level.

The lackeys won’t know anything.”

Everyone started discussing. This was the first time there was a discussion atmosphere at the gathering of the East and West Alliance. It wasn’t bad. Yun Feng sat in the main

seat as her mind raced. After that, Xuan Yi and Buyuan Misheng would follow her along the way. They couldn't figure out her and

Lanyi's strength, and she couldn't let Xuan Yi know about the Dragon Palace..

Chapter 1937: Traveling Together (2)

In the search for the Element Seed, would Xuan Yi use another method? If he stole the Element Seed in the end, everything would be in vain.

It seemed that she could only be more vigilant along the way. She had to be even more careful. Yun Feng looked up quietly. She and Lanyi might not be strong enough. Xuan Yi had never truly shown his strength, and once Buyuan Misheng's power was completely unleashed, she couldn't underestimate him. If a third person stood on her side, she would be more confident.

Everyone's discussion continued. The Magic Beasts couldn't be bothered to interrupt. They only cared about their duty and let these humans worry about the rest. Xuan Yi sat there with a smile and didn't say anything. It seemed that he had nothing to say. Buyuan Misheng looked even more bored, as if he had wanted to leave.

Under everyone's discussion, they had a preliminary overall plan to resist the Blood Souls. They had a plan in all aspects and the various forces had to make new moves. Among the four families, they didn't dare to count on the Xuan family and the Buyuan family. The Naxi family and the Yun family took on the heavy burden. Luckily, the Yun family was several times more developed than before and they had the ability to share the responsibility.

All the plans had already been formed and the meeting this time was over. Yan Ming would certainly carry out the follow-up work. He was also the one who paid attention to the details. It had to be said that this was another difficult job.

Even though it was extremely difficult to meet this time, there was no time to delay resisting the Blood Souls. The powerhouses had already dispersed and went to do their job. The vision of the battle had only truly entered everyone's minds right now. This battle was already inevitable and could come at any time!

Most of the Magic Beasts and humans left in a hurry. Fei Yun originally wanted to stay for a few more days, but he left early under Lan Yi's persuasion. And Si Wen certainly couldn't leave just like that. He had to stay with Yaoyao for a few days before he was willing to go back.

Ao Jin didn't leave just like that. He stayed here for the time being. Xuan Yi and Buyuan Misheng certainly wouldn't leave. They were going to follow Yun Feng all the way.

This convention only lasted for a total of three days, which was very short. However, Yan Ming had already spent a few months preparing for this gathering. He could be said to have put in a lot of effort. It was a pity that it ended in just three days. Shao Yan felt a bit sorry for Yan Ming. "My lord, you've prepared so carefully for so long. It's truly in vain!"

Yan Ming, on the other hand, only smiled and said something meaningful. "In vain? The effort I put in will be rewarded sooner or later. It's just a matter of how long I wait."

Even though most people had already left, the few people who stayed were the most important. The leader of the Naxi family and the Great Elder of the Yun family also left. After all, there were a lot of things to do. Yun Feng greeted the people she knew. After sending them away, she returned to the courtyard where she lived. As soon as she walked in, Qu Lanyi and Ao Jin were already waiting for her here.

"We sent them away?" Qu Lanyi raised his brows. Yun Feng nodded and sat down. "We sent them away, the two elders of Juxing."

Qu Lanyi nodded. Ao Jin couldn't help but ask, "Do you really want them to follow you?"

Yun Feng curled her lips helplessly. "That's the only condition."

"I can see clearly what that bastard of the Xuan family is thinking! He doesn't have any kindness at all! Kid, you can reject him. If you want the map fragment, you can get it!"

Yun Feng shook her head. "I understand what Uncle Flirtatious means, but I really can't consider this matter. Xuan Yi isn't as good as he looks. He said that we can't get it from him by any means as long as he doesn't want us to. He's really capable."

"Say something to persuade this stubborn girl!" Ao Jin roared at Qu Lanyi. The corners of Qu Lanyi's mouth twitched a few times. "Xuan Yi is unpredictable."

"We still don't know how strong he is."

Ao Jin's face darkened and his handsome facial features were full of brutality. "You know he has evil intentions, but you still let him go?"

Yun Feng smiled wryly. "I don't think there's any other way except to be more vigilant."

Ao Jin frowned hard and raised a small mountain. Qu Lanyi's expression was also gloomy. He was very upset when he knew that he was being schemed against and could only let others scheme against him.

It would be fine if Xuan Yi was plotting against them, but he was plotting against the person the two men valued the most, Yun Feng.

This was the most important thing that the two men couldn't stand anymore.

"I'll go with you," said Ao Jin. Yun Feng and Qu Lanyi suddenly looked up. Yun Feng immediately rejected them. "No, as the Young Master of the Dragons, how can you abandon the Dragons' business? No."

Qu Lanyi said casually, "Do you think you can be like before? Can you put down all your responsibilities and do what you want?"

"Old Qi will certainly take care of the Dragons. I've pushed a lot of things to him. This isn't a big deal."

"No, Uncle Flirtatious!" Yun Feng insisted. Ao Jin frowned even more tightly and a glint of killing intent suddenly flashed through his golden eyes. "Do I have to watch that kid hurt you?"

"And me," said Qu Lanyi casually, but Ao Jin sneered. "So what? Since Xuan Yi made such a request, it means that he's completely prepared. Even though I've never had any contact with him, I can already see his cunning personality today."

"If the Dragons don't have you, what if the Blood Souls find out and launch a sneak attack?" Qu Lanyi frowned. Ao Jin sneered. "How can the Blood Souls go in and out of the Endless Ocean freely? You're underestimating the Magic

Beasts of the Sea Clan too much."

"Even so, you can't!" Yun Feng continued to deny it. Ao Jin was a bit helpless. "Kid, I'm not just concerned about you when I follow you. Xuan Yi gives me a very strange feeling. I can't explain it clearly. He has evil intentions towards you. This kid and I can see it clearly! You're looking for the Element Seed this time. If he really wants to take it, how can you guard against him? What if you lose the Element Seed?"

Yun Feng frowned. This was also what she was worried about. With Xuan Yi's personality, it was probably impossible for her to get rid of him. It was impossible for her to wander in circles to avoid him. Finding the remaining Element Seed was the most important thing.. The sooner she found it, the better her chance of winning!

Chapter 1938: Traveling Together (3)

"Ao Jin is right. Xiao Fengfeng, why don't we..."

Yun Feng shook her head. "Even so, Uncle Flirtatious, you don't have to follow me."

“Kid, you...!” Ao Jin wanted to say something else, but a figure slowly walked in. “What are you talking about? You seem to be arguing?” A rather lazy voice sounded. The three of them glanced around. Si Wen, who was holding Yaoyao’s hand, walked in. His charming eyes emitted a narrow gaze and the corners of his mouth curled up.

“Xiao Feng!” Yaoyao immediately swung her hand and ran over when she saw Yun Feng. Si Wen couldn’t help but feel helpless. This father was truly not as important as this “mother”.

She jumped into Yun Feng’s arms and rubbed against her greedily. Yun Feng quickly extended her arms and hugged the little girl. Yaoyao had been held by Si Wen these few days and was a bit unhappy not to see Yun Feng. At this moment, she was very happy and she couldn’t hide the smile on her face. Si Wen walked over. “I’m leaving today. I brought her back.”

“You’re leaving?” Yun Feng looked up as a smile flashed through Si Wen’s long and narrow eyes. “Why? You don’t want me to leave?”

Yun Feng was slightly startled. The faces of the two men next to her darkened. Si Wen’s face suddenly turned cold and he changed quite quickly. “I was just kidding.”

Yun Feng raised the corners of her mouth awkwardly. This man... What exactly did he mean? Si Wen glanced at the three of them with his blue eyes and was about to turn around and leave without another word. At this moment, Ao Jin suddenly shouted, “Wait!”

Si Wen looked back and turned around. Yun Feng and Qu Lanyi both looked at

Ao Jin. Ao Jin rolled his golden eyes. “Maybe you can help with this matter.”

Si Wen raised his brows and looked at Ao Jin in confusion. Ao Jin briefly told him what happened. In the end, his golden eyes glittered. “You might as well.”

Yun Feng and Qu Lanyi were both shocked. After a moment of silence, Si Wen said coldly, “Are you asking me to follow Yun Feng?”

Ao Jin nodded. “That’s right. This is also for the East and West Alliance. Xuan Yi set Yun Feng up. Didn’t you say that whoever aims at Yun Feng will be the enemy of the merfolk?”

Si Wen curled his lips coldly. “Young Master Golden Dragon, you might not understand one thing. If you can’t leave the Dragons, can I leave the merfolk?”

“You don’t have to worry about that. The Dragons will look after the merfolk for you. Nothing big will happen. Besides, you should have made detailed arrangements before you left this time, right?”

Si Wen snorted. “Even so, I’m not the best person to follow Yun Feng.”

“No, you’re the best candidate.” Qu Lanyi stood up with glittering black eyes.

Yun Feng was surprised. “Lanyi, why did you...’

Qu Lanyi pondered for a moment and said, “It would be the best strategy if Ao

Jin could travel with us. However, as you said, Xiao Feng, Ao Jin can’t leave the Dragons for a long time and drop everything behind. After all, the Blood Souls are still interested in the Dragons. If the Dragons appear and take advantage of us, the Blood Souls will do anything. By then, if the Dragons are damaged, it’ll be extremely disadvantageous for us.”

“What does that have to do with me?” Si Wen raised his brows. Qu Lanyi smiled casually. “Of course. It depends on whether you’re willing or not. It’s admirable that the merfolk king is so responsible. No wonder family affection is always a bit weak.”

Si Wen was stunned and immediately turned his gaze to Yaoyao. Yaoyao looked at Si Wen with her blue eyes. The two of them looked at each other. Si Wen’s expression became complicated. If possible, he really wanted to put his child next to him. How could he stand being separated from his flesh and blood? Besides, Yaoyao was taken away when she was still an egg. She finally returned to his side. That was his child! If Yaoyao hadn’t volunteered back then, he wouldn’t have allowed her to be contracted by Yun Feng at all!

“Ze Ran and Mu Canghai are both fine...” Yun Feng said, but Qu Lanyi immediately interrupted. “Ze Ran and Mu Canghai must have already investigated clearly for Xuan Yi. Even if the two of them are following us, Xuan Yi might have already prepared a strategy to deal with them. As for the merfolk king, I’m afraid Xuan Yi won’t expect him to be the person who’s traveling with us.”

Yun Feng pondered. So that was the case... Si Wen was a complete stranger to

Xuan Yi. It was impossible for him to see everything about Si Wen. In that case, Xuan Yi was also a bit afraid of Si Wen and wouldn’t be too presumptuous in his actions. Si Wen was their unknown trump card.

“Even if you say so...” Si Wen said as he struggled in his mind. Yun Feng’s black eyes glittered as she shook Yaoyao in her arms. Yaoyao immediately raised her little face and shouted at Si Wen softly, “Father...”

Si Wen's heart immediately softened!

"Sure, I'll go," said Si Wen. Even he couldn't resist the temptation of family affection. He hadn't been with Yaoyao for long. He yearned to be with his child. This was the common emotion between humans and Magic Beasts!

"If the merfolk king agrees, that's great." Qu Lanyi chuckled and looked at Ao Jin. That was all he could do right now. With another expert here, it would be an additional guarantee.

Si Wen stayed and traveled with Yun Feng and Qu Lanyi. Ao Jin was about to leave, but he also repeatedly reminded Yun Feng to call him if anything happened. He would come immediately no matter where he was or what he was doing. Ao Jin also agreed to let the Dragons pay attention to the merfolk at all times, so that Si Wen could be at ease.

Si Wen didn't say anything. He had indeed made some arrangements before he left the Endless Ocean. It wasn't a big deal to leave for a while. Ao Jin said goodbye and left, while Si Wen stayed. Things always had unexpected developments.

Yaoyao had been with Si Wen. Yun Feng didn't intend to put Yaoyao into the Ring of Contract. She should let her spend more time with Si Wen. After all, they were blood relatives.

Yan Ming couldn't help but feel surprised to see such a three-person team, but he didn't ask anything. He only asked Yun Feng when she was going to set off. Even though Xuan Yi and Buyuan Misheng didn't rush her, Buyuan Misheng seemed to be unable to hold back his temper anymore.

Yun Feng asked Yan Ming to send a message over. She would leave Shadow City three days later. Yan Ming nodded and looked at Si Wen, who was with Yaoyao, on the side. He said in a low voice, "Is he reliable?"

Yun Feng smiled casually. "I don't know, but he won't hurt me."

Yan Ming smiled and nodded. "You don't have to worry about the rest. Just focus on your own business. I'll take care of everything for you.."

Chapter 1939: Traveling Together (4)

Yun Feng replied, "Thank you, Yan Ming."

Yan Ming was startled. Then, he waved his hand with a helpless look. ‘Why should we thank each other? If you really want to thank me, the hard work I did for you can’t be offset by a word of thanks.’

Yun Feng burst into laughter. “Alright! When I come back, just tell me what you want. I’ll try my best to satisfy you!” Yun Feng was probably the richest person in the world. With inexhaustible ultimate ores in hand, who could be richer than her?

Yan Ming chuckled and shook his head helplessly. “Never mind. I was just kidding. You took it seriously.”

Shao Yan walked over from the side and happened to see the two of them talking. She couldn’t help but take a few steps back and hide herself in the black shadow. Hearing this conversation, she more or less felt a bit sad for Yan Ming in her mind. Master had only ever wanted one thing, but she could never give it to him.

“Alright, I’ll go back first.” Yun Feng turned around and walked back to her yard. Shao Yan finally walked out from the side. Yan Ming said without looking back, “It’s not your place to eavesdrop.” Shao Yan blushed. “I didn’t do it on purpose.”

Yan Ming didn’t say anything. He turned around and walked to his study. After walking a few steps, he suddenly stopped. “Shao Yan.”

Shao Yan was startled. “My lord.”

“Don’t talk nonsense about me.” Yan Ming said as he walked in. Shao Yan stood there and could only smile wryly in the end. In his opinion, his feelings were just a bunch of nonsense? What about her? What were her feelings?

Yun Feng returned to the courtyard. The two map fragments Xuan Yi gave her were real and they also reflected the power of elements. Under the test of the power of elements, one of them reflected the fire element and the other reflected the lightning element. One of the remaining two map fragments in Yun Feng’s hand also reflected the fire element and the other reflected the wind element.

The map fragments that belonged to the fire element were instantly pieced together. A scorching fire burnt on the map and calmed down. After the map fragments were pieced together, they became bright and fiery red, and the original patterns on the fragments also changed in an instant.

“There’s only one fire seed...” Yun Feng whispered. It wasn’t that she hadn’t expected such a situation, but it was the worst-case scenario. If she could match the two map fragments, she would be able to find two Element Seeds. In that case, her chances of winning would be very high! However, she only needed to find the fire element right now. Including the water element and the light element, she had three Element Seeds in

her hand. Together with what the map fragments pointed to, the Blood Souls could only have darkness.

“We still have a huge advantage,” said Qu Lanyi. “We have the map fragments of the wind element and the lightning element. Even if the Blood Souls have these two fragments, there’s nothing they can do.”

Yun Feng, on the other hand, was silent. She raised her black eyes and met Qu Lanyi’s gaze. “However, if these two fragments fall into the hands of the Blood Souls, it’ll be a different story.”

Qu Lanyi frowned and looked a bit gloomy. “The Blood Souls will definitely want these two fragments. We won’t be able to move forward steadily.”

Yun Feng curled her lips. “I’m not afraid that they’ll attack us. The main point is that I’m afraid that something unexpected will happen.”

Three days had already passed. Yun Feng and the others met Xuan Yi and Buyuan Misheng in the main hall of the headquarters. When Yun Feng and the others came, Xuan Yi and Buyuan Misheng were already waiting there. Xuan Yi couldn’t help but feel surprised to see Si Wen. Buyuan Misheng also exclaimed, “Why are you here?”

“Why can’t I be here?” Si Wen asked indifferently. Buyuan Misheng didn’t say anything. In the end, he mumbled, “What the hell? The merfolk king is with us...”

“As expected of Young Lady Yun. You’re indeed surprising,” said Xuan Yi. His initial doubts had already disappeared. “There’s been no news at all in the past three days. It’s truly surprising that the merfolk king came with us.”

“It’s certainly Xiao Feng’s call who wants to go with us,” said Qu Lanyi. “Unlike some people, who insist on coming to us.”

Buyuan Misheng immediately looked angry, but Xuan Yi smiled lightly and said unhurriedly, “It’s fine. As long as I can stay by Young Lady Yun’s side, it doesn’t matter what anyone says.”

Si Wen looked at Xuan Yi with his blue eyes. This human seemed a bit extraordinary... He was still so unmoved even after being said that. His thoughts were too deep.

“Let’s go.” Yun Feng didn’t want to say anything else. Her body instantly jumped into the air. Qu Lanyi and Si Wen followed her, while Yaoyao was held in Si Wen’s arms. Xuan Yi and Buyuan Misheng immediately followed her when they saw that. The five of them moved all the way through the air and left Shadow City.

“Young Lady Yun, where are you going this time?” asked Xuan Yi in a low voice.
Nôv(e)B\jnn

Yun Feng didn't answer. Qu Lanyi looked back. “You just need to follow us. Aren't you traveling with us? Do you need to ask?”

“Naxi Lanyi, be more polite!” Buyuan Misheng shouted furiously. Xuan Yi reached out and pulled him, smiling lightly. “If Young Lady Yun doesn't want to talk, I won't ask.”

Yun Feng and the others walked in the front, with Xuan Yi and Buyuan Misheng following behind. Yun Feng couldn't keep a distance and increase her speed, because she knew that she wouldn't be able to get rid of Xuan Yi no matter what. He would definitely follow her again.

“Is that human really from the four families?” Si Wen held Yaoyao and said in a low voice as they moved forward. Yun Feng replied, “He's the Young Master of the Xuan family. You should call him the leader of the Xuan family right now.”

“He's so young and he's already in control of a family?” Si Wen raised his brows and looked back. “That human is very scheming.”

Yun Feng replied, “I've had a few interactions with him before. He hid himself very well.”

Si Wen raised his brows. “How many times have you interacted? He's obviously plotting against you. Have you never suffered before?”

Yun Feng frowned. “No... Logically speaking, I didn't suffer a loss.” That was indeed the truth. Even though Xuan Yi was plotting, Yun Feng indeed didn't suffer a loss. However, just because she didn't suffer a loss right now didn't mean that she wouldn't in the future. Especially after Xuan Yi did that, Yun Feng was even more vigilant against him.

Si Wen raised his brows. “That's strange. According to that human, you'll probably have suffered a lot..”

Chapter 1940: The Only Child (1) Nôv(e)B\jnn

Yun Feng frowned. She didn't know what Xuan Yi was thinking, and she didn't need to know. “Just because I didn't suffer a loss doesn't mean that he's kind to me.”

“That's right! That man is annoying! He doesn't treat Xiao Feng well!” Yaoyao said furiously. Si Wen patted Yaoyao's little head. “You're not allowed to interrupt when adults are talking.”

Yaoyao bared her sharp teeth and struggled to jump out of Si Wen's arms. Si

Wen immediately held her tightly. "I don't like you! Xiao Feng, I want Xiao

Feng to hug me!"

Si Wen was helpless. She had indeed forgotten her father when she had a "mother." He retracted his arm and locked the little girl in his arms. "Alright, alright, alright. I don't like Xuan Yi either."

Yaoyao turned her little face to the side and finally stopped struggling. Yun Feng couldn't help but laugh when she saw this scene. An embarrassed look appeared on Si Wen's face. "What are you laughing at?" His cheeks were slightly red and he was a bit embarrassed. Yun Feng coughed and suppressed her smile. "Nothing. Speaking of which, there's something I haven't asked you. Is there any inside story about taking Yaoyao away?"

Si Wen's eyes glittered. "Why do you ask?"

Yun Feng curled her lips. "There's something suspicious about Yaoyao being taken away back then. Why was it so coincidental? The other two-finned people also behaved a bit weird. You just got promoted back then. The other two-finned people must be more or less a bit dissatisfied."

Si Wen smiled gently. "To think you still remember. I thought you had already forgotten. After that, I sat down and investigated. Finally, the matter was resolved. No matter how dissatisfied the other two-finned are, they can't shake my position."

Yun Feng nodded. "The reason why Yaoyao was taken out of the Endless Ocean back then must be related to the other two fins."

Si Wen's face darkened. "You can say that. I've already made them pay the price for the separation of us."

Yun Feng didn't ask further. This was an internal matter of the merfolk, so she didn't need to thank them. "Logically speaking, I shouldn't be Yaoyao's mother. I can only be Yaoyao's incubator. Even though the males of merfolk lay eggs, they can't reproduce alone no matter what... What happened to Yaoyao's mother?" Yun Feng rolled her black eyes slightly. Si Wen was obviously stunned. Then, he couldn't help but chuckle.

"What are you laughing at?" Yun Feng was surprised. Si Wen's dark blue eyes were glittering as he looked at Yun Feng deeply. "Why? Do you want to shirk your responsibility? The males do lay eggs, but unfortunately, the merfolk's reproduction is different from that of humans. They don't need to mate." Yun Feng's face completely flushed. She didn't mean to ask this...

“When the males of the merfolk reach an age, they’ll eat a plant. After a while, they’ll certainly lay eggs. The heavy responsibility of hatching will be given to the females. If it weren’t for the females, the eggs would have died if they missed the opportunity.” After saying that, Si Wen looked at Yaoyao in his arms. “I’ve never said anything. I still owe you a thank-you. If you hadn’t hatched Yaoyao in time, she might not have come to this world.”

Yun Feng was surprised. There was such a thing? Si Wen’s eyes glittered. ‘Your water element can replace the aura of the merfolk and let Yaoyao hatch successfully. This is already lucky.’

Yun Feng chuckled. It should be said that it was a so-called accident.

“So, Yun Feng, it’s indeed the truth that you’re Yaoyao’s mother.” Si Wen curled his lips indifferently with a hint of mischief. Yun Feng was quite helpless. She really couldn’t get rid of this identity of having a child.

“Right, as the leader of the merfolk, you should more or less have a harem and some children.” Yun Feng was already regretful after saying that. How could she forget what Si Wen said just then? Males were responsible for laying eggs for the merfolk.

“A harem? The males of the merfolk lay an egg in an entire life. As for the females... I don’t need them anymore.”

Yun Feng was stunned! There was only one egg in the end! So, Yaoyao was his only child!

Si Wen looked back and stared into Yun Feng’s eyes deeply with his dark blue eyes. “Yun Feng, can you return her to me after everything is settled?”

An unknown feeling immediately surged in her heart. Yaoyao was Si Wen’s only child and the only Young Master of the merfolk! What reason did she have to selfishly tie Yaoyao to her side forever? “After the dust settles, I’ll certainly send her back to the Endless Ocean. I won’t go back on my words.”

Si Wen curled his lips and held Yaoyao even tighter in his arms. “In that case, thank you.”

“I don’t want to leave Xiao Feng.” Yaoyao widened her eyes and said firmly. Si Wen smiled helplessly. Yun Feng touched Yaoyao’s little face behind her. “I’m not leaving. It’s just a short separation.”

“What do you mean?” Yaoyao was puzzled. She tilted her little head to the side. Si Wen held her even tighter with sympathy. Yun Feng sighed softly. “It’s just...

that you won’t leave me.”

“Really? That’s good! It’s fine as long as I don’t leave Xiao Feng!” Yaoyao smiled happily. Yun Feng also put on a smile. Qu Lanyi leaned over and looked at Si Wen with his black eyes. “Before you made your request, Xiao Feng had planned to send her back.”

Si Wen was slightly startled. He had indeed never thought of this. As a summoner, how could Yun Feng give up her contracted Magic Beast so easily?

“Don’t think that all humans are as selfish. Don’t judge her by what others do.”

Qu Lanyi frowned slightly. Si Wen chuckled. “Got it. I misspoke.”

“It’s fine.” Yun Feng smiled gently and glanced behind with her black eyes. Xuan Yi and Buyuan Misheng followed her from a distance and didn’t intend to get close.

There was a certain distance between the two groups of people. Xuan Yi followed behind unhurriedly, while Buyuan Misheng looked bad. “Xuan Yi! I was so frustrated when I came with you this time! The Xuan family and the Buyuan family will be humiliated by your humbleness! If the old guys at home know…”

“So what if they know?” said Xuan Yi casually. Seeing that he didn’t care, Buyuan Misheng was enraged in his mind. “So what? What do you think I can do? You gave away the map fragments of the two families in exchange for such a result!”

“You’ll get what you lose. Misheng, be patient,” said Xuan Yi casually. If Buyuan Misheng could calm down, he wouldn’t have been born.. “Patience? How can I be patient? What can I get if I follow Yun Feng so casually?”

Genius Summoner #Chapter 1941 - 1941: The Only Child (2) - Read Genius Summoner Chapter 1941 - 1941: The Only Child (2)

Chapter 1941: The Only Child (2)

Xuan Yi turned his head slightly and glanced at Buyuan Misheng. Buyuan

Misheng was stunned. “I’m just anxious… After all, the map fragment…”

“Since the map fragment is in my hands, I can give it to whoever I want. If those old guys are dissatisfied, tell them to come to me.”

Buyuan Misheng choked and could only take a few deep breaths angrily. “Then what do you plan to do next?”

Xuan Yi raised his brows. "Misheng, you only need to do what I say. Don't ask anything else."

Buyuan Misheng was stunned. "Never mind. I won't waste the brain cells. Think about it if you want to!"

Xuan Yi chuckled and looked ahead with his black eyes, locking his gaze on Yun Feng. Young Lady Yun, how many surprises can you give me this time? I'll wait and see.

After the five of them left Shadow City, Yun Feng didn't tell them where she was going. She just kept leading the way. Si Wen looked at the surrounding scenery and couldn't help but ask in a low voice, "Where's your destination?"

Yun Feng looked ahead. "Do you know the Liuyun Mountain?"

"The Liuyun Mountain?" Si Wen was stunned. "I've never heard of this place."

Yun Feng was silent. After the fire-element map fragment was successfully pieced together, a strange terrain was shown. A spiral-shaped mountain was very eye-catching. Yun Feng didn't recognize where this place was, but Qu Lanyi did.

The Liuyun Mountain was a place that used to exist a long time ago. It had already disappeared now. As time passed, things had changed. Everything had changed, including everything that originally existed in the world. As time passed, the Liuyun Mountain somehow disappeared from this world.

Qu Lanyi specially asked the leader of the Naxi family. Luckily, the leader of the Naxi family had studied maps from a long time ago. Through his comparison, he had already confirmed that the current location of the Liuyun Mountain was the Great Crack Yun Feng accidentally entered back then!

After knowing this result, Yun Feng felt that it was natural after being surprised. The strange gas in the Great Crack that inexplicably swallowed mental strength and fighting energy and the indescribably high-temperature environment, making plants like the Fire Essence Origin Tree could grow there. The temperature had already reached an unimaginable height!

It made sense that the Fire Element Seed was buried deep here!

That was all she knew about the Great Crack back then. After all, Yun Feng hadn't even reached the Commander Level back then. It was impossible for her to wander around the Great Crack. If she hadn't met Ao Jin, it would have been very difficult for her to escape from the Great Crack.

The Liuyun Mountain was gone from the ground for some reason. It was very likely that it was sleeping underground with the Fire Element Seed!

Thinking of everything that happened back then, Yun Feng was even more certain that the Fire Element Seed was sleeping here!

“So, we’ll definitely get something on this trip,” whispered Si Wen. Yun Feng chuckled. “It’s been hard on you and Yaoyao. Even though I can isolate these temperatures right now, it’s still a bit uncomfortable for you, water-element Magic Beasts.”

Si Wen smiled casually. “It’s fine. The water element energy is everywhere. You don’t have to worry about us.”

“Xiao Feng, do you remember the exact location of the Great Crack?” asked Qu Lanyi in a low voice. Yun Feng nodded. “Of course. The Great Crack is in the territory of the Fengyun Empire on the East Continent!”

“Then what are we waiting for? Let’s go!”

The three of them couldn’t help but speed up. Xuan Yi and Buyuan Misheng behind also followed quickly when they saw this. There was a smile at the corners of Xuan Yi’s mouth. It seemed that Young Lady Yun was going to take action.

The five of them soon arrived in the territory of the Fengyun Empire on the East Continent through the Spatial Teleportation Array. They didn’t waste a second. Yun Feng rushed towards the place she remembered at full speed. With everyone’s strength, it only took a moment. After a while, Yun Feng brought the few of them to a place. Before they got close, scorching heat came right at their faces.

Yun Feng was shocked. “It’s been decades, but the temperature here hasn’t weakened at all!”

“This also means that something is constantly emitting high temperatures underground.” Qu Lanyi’s black eyes glittered. There were a few crisscrossing scars on the ground in front of him. There was white hot air from below the scars, so he couldn’t see down at all. He could only go down himself and find out what was going on below.

“The white mist here can corrode mental strength and fighting energy,” said Yun Feng, but she didn’t have such concerns at all. She was a multi-element summoner! What her ancestor said back then was still in her ears. Only she, a multi-element summoner, could deal with the white mist with ease.

Mental strength spread out of Yun Feng’s body and enveloped the three of them. Yun Feng looked behind with her black eyes. Xuan Yi probably didn’t know the situation here. This might be a chance to test him!

“Let’s go.” Yun Feng had already jumped into the crack. Si Wen immediately jumped down with Yaoyao and Qu Lanyi in his arms! Xuan Yi and Buyuan Misheng immediately

jumped into the crack when they saw that. Hot white steam surged towards them. Buyuan Misheng shouted, “F*ck! This fog swallowed my fighting energy!”

Xuan Yi’s black eyes glittered. He immediately swung his hand and a strong aura instantly enveloped Buyuan Misheng, pulling the man towards him forcibly. The white mist lingered outside Xuan Yi’s aura and was completely isolated!

“It’s so hot! ” Buyuan Misheng patted the part of his body that was almost burnt. There was still scorching heat there. He seemed to be in a sea of fire just then. The white mist was like fire, corroding his fighting energy defense crazily. If his body wasn’t quite strong, he would probably have already become cooked food!

“What kind of place is this?” Buyuan Misheng cursed and followed Xuan Yi carefully, not leaving the range of his aura. Xuan Yi, on the other hand, followed Yun Feng quickly and steadily with a sullen face and said indifferently, “This is the Great Crack. Perhaps you’ll be more familiar with the other name, the Liuyun Mountain.”

“Liuyun Mountain!” Buyuan Misheng was completely stunned. “Isn’t that...!” Xuan Yi curled his lips. “Yes, that’s right. This is the place.”

Buyuan Misheng looked ahead with his black eyes. “Why is Yun Feng here?”

Xuan Yi chuckled. “Young Lady Yun certainly has her purpose for coming. We’ll just follow her. We’ll certainly know.”

Yun Feng and the others walked in the front. The three of them saw the situation behind clearly. “He’s indeed quite capable,” said Si Wen. Yun Feng and Qu Lanyi looked slightly gloomy. Xuan Yi’s aura could completely isolate the white mist. What did this mean?

Yun Feng pondered in her mind. Was it related to the power of the Xuan family’s bloodline? Or was it because of Xuan Yi’s mutated bloodline?

“It seems that we can’t get rid of him for the time being,” said Qu Lanyi in a deep voice. Yun Feng chuckled. She didn’t think she could get rid of Xuan Yi like this. The three of them stopped for the time being. The Great Crack covered a huge area. It wasn’t easy to find him.

“Let’s find a place to rest for the time being first. We’ll make a detailed plan,” said Qu Lanyi. Yun Feng nodded. Rather than searching blindly, it was better to think about it at length. She found the cave where Uncle Flirtatious used to be by accident here back then. She wondered if she would be able to find it again this time.

She could only try her luck. Yun Feng thought in her mind. At this moment, a figure suddenly flashed through. “Yun Feng, go forward.”

Na Xie! Yun Feng was surprised. She suddenly remembered that she jumped into the Great Crack back then because of Meatball. Rather than saying it was a coincidence, it was more like she found that cave back then under Meatball's guidance!

She didn't remember, but Na Xie knew very well!

Following Na Xie's instructions along the way, Yun Feng came to the cave back then again. From afar, a cold aura pounced on her. It was there!

“Let's go!” Yun Feng went all the way forward and rushed in without hesitation. Qu Lanyi and Si Wen were the same. After the three of them rushed into the cave, they felt cool and the heat around their bodies had already disappeared.

“That's go!” Yun Feng went all the way forward and rushed in without hesitation. Qu Lanyi and Si Wen were the same. After the three of them rushed into the cave, they felt cool and the heat around their bodies had already disappeared.

“That's...” Si Wen looked somewhere. Yun Feng glanced over with a smile in her eyes. “That's the Fire Essence Origin Tree.”

The red tree trunk stood there. The red roots spread to the bottom of the cave. The crystal clear red color emitted a faint light. Two figures followed them in. Yun Feng turned around. Xuan Yi chuckled. “I didn't expect Young Lady Yun to find such a shady place.”

Yun Feng frowned and sat on the ground without answering. She glanced around the cave. Nothing had changed here... She suddenly glanced at a place and frowned thoughtfully. She remembered that Meatball seemed to have taken something from here back then..

Chapter 1942: Map Fragment (I)

Yun Feng sat there in deep thought. Seeing that, Qu Lanyi knew that she must have found something here again. Si Wen sat on the ground with Yaoyao in his arms. Even though it was very cool in the cave, it was a sea of fire when he went out. The scorching temperature was uncomfortable for the Sea Clan after all. Even though Yaoyao didn't seem to be doing anything else, Si Wen's heart still ached for her.

his daughter. Besides, she was a bit worried about Yaoyao's situation after entering the Great Crack. It was better to return to the Ring of Contract.

Yun Feng nodded and quickly put Yaoyao into the Ring of Contract. Yun Feng held the dark blue Ring of Contract in her hand and a coldness spread out along her skin. If she weren't in such a scorching and high-temperature environment, Yun Feng wouldn't have noticed it easily. The water element seed was stored in the Ring of Contract. It would probably provide Yaoyao with more water element energy. Even if the temperature was higher, the Ring of Contract wouldn't be affected at all.

“F*ck, it’s too hot here!” Buyuan Misheng finally couldn’t stand it anymore.

Even though the cave was cold, he still felt that his entire body was burning. Beads of sweat kept popping out of his body, as if he was taking a shower. His clothes were soon drenched and then dried quickly. It was truly uncomfortable to do this repeatedly.

“Xuan Yi, how long are we going to stay here?” Buyuan Misheng said with a sullen face. Xuan Yi raised his brows. “That depends on Young Lady Yun. We’ll certainly leave when she leaves. Misheng, bear with it.”

Buyuan Misheng wiped the sweat off his face and sat on the side angrily. Had his brain been hit by a pig? Why didn’t he stay in his clan and enjoy life? He had to suffer like this with Xuan Yi! Xuan Yi sat there calmly and didn’t look hot at all. He sat there quietly and didn’t say a word.

Si Wen and Qu Lanyi sat next to Yun Feng. The three of them sat in a small circle, keeping a distance from Xuan Yi and Buyuan Misheng. Si Wen lowered his voice and said, “Do you have any thoughts? It’s not a long-term plan to stay here forever.”

Yun Feng frowned slightly. She certainly understood that, but there were some things she needed to think about clearly. Qu Lanyi said, “Right now, we can only stay here for a while and figure out the clues later. Otherwise, it’ll be a waste of effort to run around in such a scorching environment.”

Si Wen’s eyebrows moved slightly and his thin lips curled up. “I can’t persuade you. It’s up to you.”

Yun Feng replied, “Indeed. I did think of something. This isn’t the first time I’ve been to this cave. I met Uncle Flirtatious here last time.”

“Ao Jin?” Qu Lanyi was surprised. Yun Feng nodded. “I was also very surprised to meet Uncle Flirtatious here back then, but he only said that he was trapped here because of someone. I remember that Meatball took something away back then...” Yun Feng mumbled as she glanced at the ground of the cave. Suddenly, a certain place froze Yun Feng’s gaze. She immediately got up and walked to a tiny pit that wouldn’t be noticed at all if she didn’t look carefully.

“I remember now. There was a stone here back then and the blood of the ancestor of the Dragons was preserved in this stone. Uncle Flirtatious told me back then that this was the key to opening the door of the Dragons!”

Qu Lanyi and Si Wen both frowned. Why was there a stone that preserved the blood of the Dragons here? Did Ao Jin put it there? “The Dragons also have a map fragment,” mumbled Qu Lanyi as he looked at Yun Feng with his black eyes. “They must know as much about the Element Seed as we humans do. By estimation, the Dragons have lived much longer than humans. The Dragons know much more secrets than humans!”

“However, Uncle Flirtatious doesn’t know anything about the map fragment,” said Yun Feng. Qu Lanyi couldn’t help but chuckle. “With Ao Jin’s personality, it’s surprising that he knows about the map fragment.”

Yun Feng immediately understood what Qu Lanyi meant. Ao Jin had never cared about the Dragons and didn’t come back for most of the time every time he left the Dragons. He probably wouldn’t be interested in the secrets of the Dragons and didn’t care about the map fragment at all, or he wouldn’t have given it to Yun Feng in disdain.

“One of the pieces of the fire-element map is from the Dragons,” said Yun Feng in a low voice. A glint of darkness flashed through Qu Lanyi and Si Wen’s eyes. “So, this cave is definitely not as simple as a cave.” Si Wen whispered. “Yun Feng, you might want to contact Ao Jin and ask him.”

Yun Feng nodded, but glanced at Xuan Yi. Qu Lanyi sneered. “Even if he hears us, he won’t dare to do anything. If he really does, we don’t have to hold back anymore. Just attack.”

Yun Feng nodded. She knew that she was afraid of Xuan Yi in her mind. No matter how she blocked him, Xuan Yi would have a way to hear her clearly. Rather than hiding, it was better to be more generous. Even if he heard something, he wouldn’t dare to do anything reckless.

“You really don’t have to be vigilant?” Si Wen frowned. Yun Feng said coldly,

“It’s impossible to block him. It’s fine if he hears it.”

Buyuan Misheng had been looking awful, but he paid close attention to Yun

Feng. “Xuan Yi, are those three people mumbling something?”

Xuan Yi chuckled. “Misheng, I didn’t expect you to be so curious.”

Buyuan Misheng raised his thick eyebrows. “Aren’t you curious about what they said?”

The corners of Xuan Yi’s mouth curled up slightly. “Young Lady Yun is vigilant against me right now, so she’ll certainly be vigilant against us.”

Buyuan Misheng couldn’t help but frown. “I can’t understand why you like Yun Feng. In my eyes, she’s just a strong woman. I can’t see her so-called good points. You don’t have to talk about me about that. I’m just curious. Yun Feng still trusted you in the past. Why did you break this trust with your own hands? Otherwise, we wouldn’t be so passive right now.”

Xuan Yi’s face couldn’t help but darken. Seeing that, Buyuan Misheng knew that he had stepped on a landmine. Xuan Yi was silent for a long time before he said coldly, “I’d

been waiting for so long. I was inevitably a bit anxious. Besides, there were some annoying flies flying around her. No matter how patient I was, I ran out of patience.”

“Flies?” Buyuan Misheng frowned and then chuckled softly. “I don’t think you’re any better. I used to think you were very smart, extremely smart, but it seems that you’re just average now..”

Chapter 1943: Map Fragment (2)

Xuan Yi curled his lips and his black eyes glittered with a strange light. “Misheng, one day, you might understand what I’m thinking right now if you do everything you can to get something.”

Buyuan Misheng frowned. “Hm, you’re beating around the bush. She’s just a woman after all!”

Xuan Yi chuckled. “Your brain is like a piece of wood. Even if you knock it out, you’ll only get some holes. It’s useless to talk to you.”

Buyuan Misheng didn’t look good. He certainly didn’t feel good being mocked so openly. “Yun Feng must be discussing something. If they use a strategy to get rid of us, you’ll regret it!”

Xuan Yi smiled again. “Misheng, you’ve underestimated me.”

Buyuan Misheng was slightly stunned. He pondered and didn’t say anything else. Xuan Yi looked at Yun Feng lazily and didn’t leave anymore.

“He’s been staring at you,” said Si Wen softly. Qu Lanyi’s face had already darkened to the extreme. His woman was being coveted so blatantly and even peeped at so wantonly. How could he stand it? If it weren’t for the special situation right now, he would probably have already attacked!

“I know. Just ignore him.” Yun Feng directly ignored Xuan Yi’s gaze and took out the Sound Transmission Jade, infusing her mental strength into it. After a while, the Sound Transmission Jade glittered.

“Kid! Kid!” Ao Jin’s voice came with a hint of anxiety. Yun Feng quickly replied,

“Uncle Flirtatious, it’s me!”

“Did something happen on your side? Where are you? I’ll go there immediately! ”

Hearing that, Yun Feng's heart couldn't help but feel warm. Qu Lanyi gritted his teeth and said, "Ao Jin, do you think I'm dead? I'm here for her!"

Yun Feng smiled helplessly and quickly stopped Ao Jin. "Uncle Flirtatious, everything is fine here. I just have something to ask you."

Ao Jin couldn't help but heave a sigh of relief. "I thought something happened to you. Kid, what do you want to ask?"

Yun Feng paused for a moment and said this time, "Uncle Flirtatious, do you remember the cave in the Great Crack?"

The Sound Transmission Jade was silent for a while. Ao Jin's voice came, but it was much deeper. "Kid, why are you asking this?"

Yun Feng immediately knew that this cave wasn't simple. She continued to whisper, "Uncle Flirtatious, I'm in this cave right now."

"Kid, why are you there?" The Sound Transmission Jade suddenly flashed a few times and Ao Jin's voice came again. Yun Feng whispered, "It's about the map fragment."

"A map fragment?" Ao Jin was puzzled. Qu Lanyi whispered, "Ao Jin! You know the situation on our side. How can we explain things so clearly? If you know something, just tell us as soon as possible, or someone will hear you."

The Sound Transmission Jade was silent for a while. Ao Jin's voice came again. "That cave... is the burial ground of the Dragons."

The three of them were all shocked in their minds. The burial ground of the Dragons! How could such a small cave accommodate the huge bodies of the Dragons? Half of a Dragon couldn't be buried in this cave. How could it become a burial ground?

"Uncle Flirtatious..." Yun Feng wanted to say something, but Ao Jin's voice came again. "The place where the bones are buried isn't that cave. The cave is just the entrance to the place where the bones are buried."

Entrance... Yun Feng frowned. It made sense if it was an entrance. Ao Jin's voice continued. "Kid, do you want to go in?"

Yun Feng frowned. This was the place where the Dragons were buried. Of course, she couldn't go in casually. The Fire Element Seed might not be in this place. The Great Crack was so wide and covered with scorching heat. The Fire Element Seed might exist anywhere. Besides, this was the place where the Dragons were buried. People other than the Dragons probably couldn't enter at all. Even if they did, the consequences could be imagined.

“Kid, it’s not impossible if you want to go in.” Ao Jin’s voice came again. “My blood.”

Yun Feng was slightly startled. Uncle Flirtatious had once given her the Golden Dragon blood just in case. Now, the blood had also become the key. “I won’t disturb the resting place of the Dragons unless I have no choice. Uncle

Flirtatious, don’t worry.”

“Haha, they’re just a bunch of dead bones. There’s no need to disturb them. However, once you enter, you must be extremely careful.” There was still a lot of worry in Ao Jin’s voice. Yun Feng nodded. It wasn’t appropriate for her to say too much, so she cut off the connection.

“The place where the Dragons are buried... I really didn’t expect it.” Si Wen looked at the small cave. Even though it was the entrance, it was hard to imagine what was inside the place where the Dragons were buried.

“The thing might not be here,” whispered Yun Feng, but Qu Lanyi had a different opinion. “Not really. The Dragons have already known about the map fragment. Perhaps something has already been buried there.”

Yun Feng raised her head. In fact, it wasn’t that she hadn’t considered the situation. The Dragons had lived for so long and they knew far more secrets than humans. Everything about the Dragons was very mysterious. Besides, one of the pieces of the fire map came from the Dragons. It was very likely that the Fire Element Seed was stored in this place.

Even so, Yun Feng didn’t want to enter the place where the Dragons were buried easily, not to mention that there was Xuan Yi with unpredictable thoughts behind her. The place where the Dragons were buried could be said to be extremely important to the Dragons. If Xuan Yi had any thoughts about this, she would definitely be the culprit. Even if she wanted to enter, she had to get rid of Xuan Yi! However... how difficult would it be to get rid of this person?

“Besides, let’s look somewhere else first. This... is the last choice,” whispered

Yun Feng. Qu Lanyi immediately understood what she meant and nodded. Si

Wen glanced at Yun Feng with his blue eyes. “What do you plan to do next?”

Yun Feng looked up. “Next... we’ll stay here for a while and wait and see.”

Si Wen raised his brows in confusion, while Qu Lanyi chuckled. “Buyuan Misheng won’t be able to hold back any longer. Just wait to watch the drama.”

Yun Feng and the others were very calm. Even though Si Wen was a water-element Magic Beast, it indeed didn't affect him at all in this cave. Xuan Yi and Buyuan Misheng were fine at first, but as time passed, Xuan Yi could still calm down. Buyuan Misheng was indeed more and more irritable in his mind.

"Is she leaving or not? Is she going to stay here for the rest of her life?" Buyuan Misheng couldn't help but growl.. He didn't want to stay in this godforsaken place at all!

Chapter 1944: Map Fragment (3)

Xuan Yi said indifferently, "Misheng, as I said, you must calm down."

"F*ck, she's decided not to leave! I don't have time to waste with her here!"

Buyuan Misheng wiped the sweat on his face and suddenly stood up. "Yun Feng! Are you leaving or not?"

Fury flashed through Xuan Yi's eyes and he raised his brows.

Buyuan Misheng was already frustrated, so he was even more enraged. "Naxi Lanyi, do you want to fight me?"

Qu Lanyi sneered. "With you? Forget it. You're nothing."

"Kid, what the f*ck did you say?" Buyuan Misheng was immediately enraged.

Xuan Yi stood up and pressed his hand on Buyuan Misheng's shoulder. "Misheng, shut up."

"Shut up? F*ck, was there something wrong with my brain? Why did I come to such a godforsaken place?" Fury flashed in Buyuan Misheng's eyes. Xuan Yi began to frown. "Misheng, I'll say it again. Shut up."

"My brain will truly be damaged if I continue to stay with you! I won't accompany you anymore! Xuan Yi, if you still want to stay here with her, do as you please!" Buyuan Misheng waved Xuan Yi's hand away fiercely and immediately turned around, rushing out. Xuan Yi's black eyes turned cold and he stopped where he was, not intending to chase after him.

"Aren't you going to chase after him?" Yun Feng looked up. Xuan Yi chuckled.

"Young Lady Yun wants me to chase after him."

Yun Feng said, "Isn't Buyuan Misheng your companion after all?"

Xuan Yi chuckled again. "A companion? It's good that a brainless companion is

The three of them frowned when they heard this. The Xuan family and the Buyuan family were obviously on the same side right now. The two clans should stand together. Besides, Buyuan Misheng and Xuan Yi had a good relationship. Towards the Young Master of the Buyuan family, Xuan Yi shouldn't have such an attitude.

"The gas outside will swallow fighting energy," said Yun Feng. "Aren't you worried about him?"

Xuan Yi chuckled and rubbed his chin. "It's fine. He won't die." Nôv(el)B\\jnn

"Human hearts are truly harder than stone and colder than iron," said Si Wen coldly. "You're even more so."

Xuan Yi smiled indifferently with a faint smile at the corners of his mouth. "People's hearts are cold or warm because of the conflicts of interests. This is normal and reasonable. Most people in the world seek their own interests, if not for themselves, then for others. Young Lady Yun, don't you think?"

Yun Feng was silent. Even though what Xuan Yi said was unreasonable and extremely cold, it did make sense. People lived in the world and couldn't get rid of the word interests. She was fighting so hard not for herself, but for the Yun family and the interests of the entire Yun family. However, even so, humans still had their own emotions and humanity.

"No," said Yun Feng, rejecting him directly. Xuan Yi was slightly stunned, then burst into laughter. "As expected of Young Lady Yun. You're indeed different."

"If anything happens to the Young Master of the Buyuan family in your hands, aren't you afraid that the Buyuan family will become an enemy against the

Xuan family?" said Qu Lanyi. Xuan Yi said casually, "As I said, he won't die."

Qu Lanyi frowned. It seemed that Xuan Yi didn't care about Buyuan Misheng at all. However, it was a good thing for them that Buyuan Misheng left. Even if

Xuan Yi wanted to do something, it would be difficult for him to succeed alone.

"Swish...!" A figure that was almost on fire instantly rushed over. Xuan Yi's body suddenly flashed to the side. Yun Feng and the others immediately prepared for battle. The black shadow stopped quickly. It was Buyuan Misheng, who had just rushed out not long ago!

Xuan Yi raised his brows. Buyuan Misheng panted heavily in a sorry state. Sweat soaked his clothes again. Buyuan Misheng bent down and panted hard. It was obvious that he was moving at the highest speed. There were burn marks on the bare skin on his body.

Why did he come back? Yun Feng was puzzled. Qu Lanyi and Si Wen were also full of doubts in their minds. Xuan Yi said, "Misheng, you..."

"Outside!" Buyuan Misheng suddenly shouted as he took a deep breath and straightened his body. "We're being followed!"

Yun Feng looked gloomy. Qu Lanyi sneered. "I didn't expect them to fight so soon."

Si Wen's blue eyes darkened. Was the person they were talking about...

Xuan Yi frowned and was still puzzled in his mind, but Buyuan Misheng grabbed Xuan Yi's arm at this moment. He tapped the tip of his foot hard and pulled Xuan Yi aside. At the same time, a huge air current rushed in! Xuan Yi and Buyuan Misheng's positions were empty. The air current was facing Yun Feng and the others!

Yun Feng couldn't predict the speed and timing of the air current at all. She only felt a pressure in front of her. Out of instinct, mental strength directly burst out of her body, forming protection. Si Wen and Qu Lanyi also attacked in an instant. Layers of protection blocked in front of the three of them. The huge air current that rushed over hit the three layers of protection fiercely, making a buzzing sound!

"Crash!" Si Wen's water barrier on the outermost layer instantly shattered and absorbed most of the energy. The three of them were finally safe.

"He broke your shield..." Yun Feng frowned. Si Wen was a God Lord right now. This power broke his shield. His strength was probably at the God Emperor Level!

"Swish, swish, swish, swish...!" A few figures entered from the entrance of the cave. A gust of wind rose and blew past the black robes on their bodies! The red dark patterns embroidered on the robes glittered!

"Blood Souls..." Si Wen was surprised. The people of the Blood Souls had followed them! They didn't notice!

"Yun Feng, it's truly difficult not to let you notice. Our trip wasn't in vain." The short man standing in the middle said in a low voice. There were three people standing on his left and right. There were a total of seven members of the Blood Souls!

"When exactly did you start following me?" Yun Feng looked gloomy. The short man in the middle smiled weirdly. "What's the use of knowing? Hand over the map fragments in your hand obediently and I'll consider letting you see the Soul Master alive.."

Chapter 1945: Benefits (1)

Soul Master... That's the highest leader of the Blood Souls... Yun Feng's black eyes darkened. Qu Lanyi and Si Wen both stepped forward. The short man glanced at Qu Lanyi and Si Wen. "You don't have any chance of winning today. Even if you want to escape... it's impossible! If you don't want me to kill them all, Yun Feng, do as I say obediently."

"What's the use of talking nonsense? Do you really think the seven of you can do anything to us?" Qu Lanyi sneered. He and Yun Feng were both Grade 5 God Emperors! Even though the short man in front of them was stronger than them, he didn't have any chance of winning in a two-on-one battle! The remaining seven were among the God Emperors. He didn't have to be afraid at all!

The short man frowned with a pale face and viciousness appeared on his face. A gust of wind rose and their black robes surged at the same time. "If we can't capture Yun Feng alive, kill her on the spot! Don't worry about the others. We only want Yun Feng's life and the thing in her hand!"

"Swish...!" The six figures moved at the same time at a surprisingly high frequency! The short man laughed evilly as his body flashed in the air and completely disappeared!

"Don't even think about it!" Qu Lanyi roared as his black eyes instantly turned red! Halos and darkness jumped on his hands respectively and red patterns began to spread crazily from his heart! Water vapor immediately came out of Si Wen's body and the original form of the merfolk's Magic Beast also appeared in an instant!

The battle between the six figures and the three of them instantly rose, while Buyuan Misheng and Xuan Yi stayed quietly in the dark. "Why? You're not planning to attack?" Buyuan Misheng couldn't help but say sarcastically, "That's Yun Feng you value the most. If she's injured, won't your heart ache?"

Xuan Yi sneered. "I would truly feel sorry for Young Lady Yun, but if I can take this opportunity to get rid of him... I'll be happy. Of course, I have to do something that can make me happy, right?"

Buyuan Misheng was stunned. "Xuan Yi, are you really going to do that? Aren't you afraid.."

Xuan Yi sneered. "What do I have to be afraid of? Someone will certainly take the blame for me."

The fierce battle was going on. The six members of the Blood Souls cooperated very well. Even though Yun Feng and the others didn't suffer any loss, they didn't have an

advantage either. Their tacit understanding could make their strength several times more useful! They could also make up for any mistakes that happened! The cooperation of these six people could be said to be perfect!

“Boom! Boom!” The power of the battle kept spreading in the cave. This wasn’t a vast world. There were huge restrictions on space! If they rushed out of here, the scorching white air outside would block them layer by layer and restrict them even more!

“They’re too cooperative!” Si Wen roared. “It’s very difficult for us to break through! Besides, there’s someone in the dark from time to time. Be careful!” After Si Wen shouted, he saw a thick and long chain coming towards Yun Feng. It was like a black and thick snake, wanting to wrap around Yun Feng’s body instantly!

“Clang!” Without hesitation, the aura of a Magic Beast was transformed from his body. His hand turned into sharp claws and he swung the black chains back fiercely!

“Swish...!” The short man’s body flashed in the air and completely disappeared again!

The demonic eyes slowly narrowed. Si Wen wasn’t wrong. The key to breaking the current stalemate was to break the tacit cooperation of the six people in front of him! Then, he would deal with the unpredictable one!

Four beams of light flashed out of the Rings of Contract. The moment the four Magic Beasts appeared, they received Yun Feng’s order! Kill all six of them!

“Roar...!” The Magic Beasts roared. The participation of the four contracted Magic Beasts instantly turned the tide of the battle. Yun Feng’s side was seven against seven! These six people had a tacit understanding. Yun Feng’s four contracted Magic Beasts also cooperated well!

“Tut-tut, a multi-element summoner...” Buyuan Misheng watched on the side with relish. Seeing Yun Feng’s contracted Magic Beasts appear, he couldn’t help but sigh softly. “I have to say that apart from everything else, her identity as a multi-element summoner can make others look at her in a different light.”

Xuan Yi chuckled and looked at the battle in front of him with his black eyes. “It seems that the Blood Souls will be suppressed.”

Even though the six members of the Blood Souls cooperated well and exerted their strength several times, they gradually fell into a disadvantage under the joint attack of Yun Feng’s seven people. The terrain of the cave affected them, or the six members of the Blood Souls would have already been killed on the spot!

“Master, the space here is too small. We can’t exert our power to the maximum at all!” said Lan Yi. The four Magic Beasts were all worried in their minds. It would be even worse if this cave collapsed, so they couldn’t help but reduce their strength in their

attacks. This also led to the fact that even though they could suppress the Blood Souls, it was only a small advantage.

“Swish...!” The chains that were like black pythons came from the air again! Yun Feng’s body flashed and she narrowly dodged! A black shadow flashed in the air and disappeared again!

That Rhrnt man’s sneak attack from time in time was the most fatal Vilp Feng

pondered in her mind. The battle with these six people would probably drag on for a while... She rolled her black eyes slightly. Yun Feng was about to say something when she felt a stream of mental strength suddenly coming at her from another direction!

She instantly glanced over and Yun Feng only saw the faint smile at the corners of Xuan Yi’s mouth! It was him!

“Xuan Yi! You attacked Yun Feng!” Buyuan Misheng exclaimed. Didn’t he care about Yun Feng the most? How could he attack her?

Xuan Yi smiled and didn’t say anything. He flipped his hand and another force shot out fiercely!

“Damn it!” With a deep roar, Qu Lanyi suddenly flashed from the side and pulled Yun Feng with his arm, hiding behind him. He attacked with his palm and directly sent Xuan Yi’s first attack flying!

“Ugh!” The second attack hit Qu Lanyi fiercely!

“Lanyi!” Yun Feng hid his body behind her with all her strength and her black eyes instantly turned cold. She attacked Xuan Yi without hesitation!

“Buzz...!” Yun Feng’s mental strength came out of her palm and made a sound in the air, which showed how strong it was! Seeing that something was wrong, Buyuan Misheng immediately pulled Xuan Yi and started dodging. Luckily, he was fast enough to narrowly avoid Yun Feng’s attack!

“Boom!” The power directly hit the cave, making a shocking sound!

“Swish...!” The sound of chains went straight to Yun Feng again!

Qu Lanyi endured the pain on his body and exerted strength with his big hand, pulling Yun Feng’s body into his arms. He swung the dark elements like a long snake and wrapped them tightly around the black chains, dodging narrowly. Xuan Yi’s black eyes darkened when he saw that.. He jumped up from the ground and joined the battle!

Chapter 1946: Benefits (2)

His target wasn't Yun Feng, but Qu Lanyi!

"What exactly is he doing?" Seeing that the battle was so chaotic, Si Wen couldn't help but shout furiously. Qu Lanyi dodged the black chains with Yun Feng and sneered. "His purpose is me. It's obvious. If he wants me dead, I won't show mercy!" Qu Lanyi loosened Yun Feng and rushed out. Since this was a battle invitation from him, Xuan Yi, he wouldn't reject it no matter how chaotic the situation was!

Even if Qu Lanyi ignored Xuan Yi, Xuan Yi's participation had already disrupted everything. Qu Lanyi fought openly and restrained Xuan Yi, while Yun Feng fought six against seven. The situation changed again!

"Boom! Boom! Boom! Boom! Boom!" Explosions kept coming. The range of the battle became larger and larger, and the power of the battle became stronger and stronger. The aftermath of the battle was already unbearable for the entire cave! Looking at the stones that kept falling above his head, Buyuan Misheng knew in his mind that the cave would completely collapse after a while!

"Yun Feng, this place will collapse soon!" Si Wen roared as he fought, dodging the rhythm of the six people's attacks. Looking at the countless stones that fell on the ground, Si Wen frowned fiercely. Yun Feng also knew in her mind that this cave wouldn't last long. They should retreat from here!

"Lanyi, get ready to retreat!" Yun Feng roared. Qu Lanyi, who was fighting with Xuan Yi, didn't reply at all. Yun Feng bit her lips hard and ran to Qu Lanyi, wanting to take him out by force.

"You want to leave? Impossible!" A few black chains shot towards Yun Feng in the void at the same time!

Yun Feng immediately tapped the ground and dodged to the side. The chains were thrown down from the sky one after another, chasing Yun Feng's footsteps. They smashed fiercely on the ground she walked on, creating a few deep pits! Yun Feng instinctively stepped on a dent and the chains behind her came again. Yun Feng immediately dodged. At the same time, the chains smashed into the dent fiercely. With a loud noise, the ground instantly cracked from the dent. In a few seconds, a black hole formed and a suction force pounced on the person closest to it like two huge hands!

"What?" Yun Feng was shocked. She wanted to dodge, but it was already too late! An invisible force grabbed her body like a huge hand and dragged her towards the black hole. It was so fast that it made people click their tongues! In a blink, Yun Feng had already been completely swallowed by the black hole!

“Xiao Fengfeng!” Seeing this scene, Qu Lanyi couldn’t care less. He turned around and chased after her, wanting to jump in too. However, Xuan Yi took this opportunity to attack with killing intent in his eyes!

“Crash!” The dark blue Ice Chains instantly made Qu Lanyi deviate. Xuan Yi’s sneak attack missed! At this moment, another invisible force grabbed the black chain that had already been stuck and sucked hard! A black shadow in the void was also swallowed by the black hole in an instant!

The six members of the Blood Souls were shocked to see this! “My lord!” The person who was sucked in was the shortest man, who was the strongest among the Blood Souls!

“Master!” The four contracted Magic Beasts immediately wanted to return to the Rings of Contract without hesitation when they saw this, but when the four beams of light entered the entrance of the cave, they were instantly bounced away! A force kept accumulating at the entrance of the black cave, as if it was waiting to erupt!

Si Wen immediately picked Yaoyao up and shouted at Qu Lanyi, “Yun Feng will be fine! She has the ability to protect herself. Let’s go!”

Qu Lanyi’s black eyes darkened and he was about to rush over again without hesitation! Seeing that, Si Wen immediately cursed. He couldn’t care less about Qu Lanyi anymore. He flashed out with Yaoyao in his arms!

“Let go of me! I’m going to find Xiao Feng!” Yaoyao roared furiously, but Si Wen held her firmly and refused to let go. When they went out of the cave, they would face the fatal scorching gas that filled the entire space! Si Wen gritted his teeth fiercely. He would let Yaoyao be safe even if he had to risk his life!

Seeing Qu Lanyi rush over again, Lan Yi immediately flapped his wings. “Er Lei, Sister Hua, go out first! Si Wen and Yaoyao need you!” Er Lei and Sister Hua immediately nodded and flashed out. Lan Yi rushed to Qu Lanyi and extended his arm to pull him out forcibly!

“As contracted Magic Beasts, we can’t enter and there’s nothing you can do! Master will be fine. Even if something happens to her, the Dragon Palace is here!”

What Lan Yi said suddenly reminded Qu Lanyi. Lan Yi flapped the wings on his back fiercely. “If anything happens to you, something will happen to Master.”

Qu Lanyi’s brain had already calmed down. Lan Yi let go of him. Qu Lanyi looked back with his black eyes and rushed out with Lan Yi without looking back.

“What are you waiting for? Let’s go!” Buyuan Misheng roared at Xuan Yi and ran out with him. Xuan Yi looked at the black bottomless hole deeply and his black eyes darkened slightly. He ran out all the way with Buyuan Misheng.

The six members of the Blood Souls saw that they couldn’t resist at all. Their lord had already been sucked in. It should be more than enough to deal with Yun Feng. The six of them immediately flashed out and prepared to leave, but as soon as they stepped out of the cave, they were greeted by the anger of everyone!

The power accumulated at the entrance of the cave finally burst out. It rose from the entrance of the cave and directly hit the top of the cave!

With a loud bang, the cave collapsed! Balls of scorching white gas surged into the gravel from the surroundings, covering everything in the cave.. Under layers of white mist, the cracked black hole quietly closed and turned into a complete ground again!

Chapter 1947: Fire (1)

“The entrance of the cave has disappeared.” After dealing with the six members of the Blood Souls completely, Qu Lanyi, Si Wen and Yun Feng’s four Magic Beasts returned to the original cave. The cave had completely collapsed and the shattered stones almost filled it. Qu Lanyi swung his hand and unleashed his mental strength. The gravel at the entrance of the cave was all lifted, revealing a flat ground.

“How did this happen?” Si Wen was surprised. Looking at the intact ground, he didn’t know what to do. He frowned tightly. “Can we contact her?”

“We can’t contact her at all. Our connection with Master has been forcibly cut off, or it can be said that it’s completely blocked.” Lan Yi said gloomily as he stared at the location of the black hole with his green eyes. Lan Yi suddenly flapped his wings and flew over. He flapped his wings fiercely and two huge winds rushed to the ground, but there was no reaction on the flat ground!

“Damn it! Can’t we break it?” Lan Yi, who had always had a good temper, couldn’t help but feel enraged. He sent countless telepathic messages to Yun Feng, but it was like a stone sinking into the sea, which inexplicably made Lan Yi extremely frustrated.

“You really can’t break it? Lan Yi, get out of my way! I don’t believe that even lightning can’t break the ground!” Er Lei raised his arm and silver snakes instantly shot out, making sounds everywhere! Sister Hua’s face turned cold. She immediately stepped forward and pulled Er Lei’s arm back.

“Stupid transvestite! What are you doing?” Er Lei shouted furiously as he looked at Sister Hua unhappily with his purple eyes. Sister Hua said with a cold and charming

face, "We can't contact Little Yun Feng anymore. That black hole is certainly not an ordinary place. We were bounced back just then. You should know that there's nothing we can do right now!"

Er Lei was stunned. "So what? If I don't try, how can I give up?" Nôv(él)B\\jnn

Sister Hua's face turned even colder. Green vines suddenly darted out of her body and tied up Er Lei's arm!

"Stupid transvestite! How dare you tie me up!" Er Lei's eyes were spitting fire, while Sister Hua sneered. "Stupid monster, I'm not in the mood to care about you. Shouldn't there be more important things for us to deal with right now? Don't forget that they're still here!" The green vines hit the side and two figures flashed from the side. Buyuan Misheng couldn't help but shout, "What does Yun Feng falling in have to do with us?"

"Swish!" Two hurricanes came and hit Buyuan Misheng and Xuan Yi mercilessly. Lan Yi's handsome face was covered in layers of coldness. "I saw it clearly just then. Xuan Yi, you attacked secretly. Even though you didn't mean to hit Master, you disrupted her battle and caused her to fall into the black hole!"

Qu Lanyi frowned and kept staring at the ground. Was it really impossible to break? He twisted his wrist and the Sound Transmission Jade appeared. No matter how many times Qu Lanyi called out, there was still no response from Yun Feng. Qu Lanyi couldn't care less about Xuan Yi attacking him secretly anymore. His heart was all tied to Yun Feng's safety.

Xuan Yi raised his brows and looked at Yun Feng's few contracted Magic Beasts. The four contracted Magic Beasts roared at the same time. As long as Xuan Yi moved, the four contracted Magic Beasts would attack him at the same time! Xuan Yi chuckled. "I can't escape the blame for what happened to Young Lady Yun. However, if anything happens to me here, the four of you will cause a lot of trouble for Young Lady Yun. The alliance of the four families will be destroyed because of your actions and Young Lady Yun's efforts will be in vain." "F*ck, I..." Purple light flashed in Er Lei's eyes.

Lan Yi frowned and looked at Xuan Yi coldly with his green eyes. "He's right. Master's efforts can't be ruined by our impulses. Master has put in a lot of effort for the alliance of the four families. We can't let Master's efforts go to waste!"

"But...!" Er Lei raised his thick eyebrows. Sister Hua said, "Monster, the handsome man is right. Even if we can't wait to kill him, we can't do anything reckless. After all, he's the Young Master of the Xuan family. If he dies, it won't do Master any good."

"Humph!" In the end, Er Lei could only snort coldly and shake off Lan Yi's hand fiercely, not saying anything else.

"I don't believe that Xiao Feng can't get out!" Yaoyao, who had been in Si Wen's arms, struggled and wanted to jump down. Si Wen's blue eyes darkened and he tightened his arm. Without another word, Yaoyao bared her sharp teeth and bit Si Wen's arm. Si Wen was in pain. Yaoyao instantly jumped down and wanted to run over, but Qu Lanyi stopped her.

"Brother Lanyi! You're stopping me too!" Yaoyao was puzzled. Qu Lanyi pursed his lips. God knew that if he could break this damn ground, he would be the first to attack!

"I'm not stopping you, but there's indeed nothing we can do right now. I tried just then. The ground isn't affected by external forces at all. How can the entrance of the Dragons' burial ground be opened so easily?"

"What should we do now? Xiao Feng is alone!" Yaoyao raised her head anxiously. Qu Lanyi took a deep breath. There was nothing he could do right now. There was really nothing he could do!

"What we can do is to wait here," said Xuan Yi. Buyuan Misheng immediately exclaimed after hearing that! "Are you kidding me? We're still following them right now! The Blood Souls are targeting them. Do you still want to get involved in this?"

"The alliance of the four families. Do you think the Buyuan family can escape?" Qu Lanyi raised his brows coldly. Buyuan Misheng suddenly looked gloomy.

Xuan Yi chuckled. "Indeed. Nobody can escape. The powerhouse of the Blood Souls entered with Young Lady Yun, but the result is still unknown. We're guarding here just in case."

Qu Lanyi curled his lips coldly. "We'll settle the scores between us later. I remember very clearly what you did to me."

Xuan Yi curled his lips. "Sure, but let's focus on the big picture for now."

Buyuan Misheng really felt that Xuan Yi's brain was damaged, but it was difficult for him to leave the Great Crack without Xuan Yi. Even though he wouldn't die, he would have to shed a layer of skin if he wanted to get out. The only thing he could do right now was to continue staying here with Xuan Yi, whose brain was damaged.

"Xiao Feng will be fine, right?" Yaoyao mumbled worriedly. Si Wen walked over and touched the top of Yaoyao's head gently. "She'll be fine. Don't you know her ability?"

"Xiao Feng averted danger every time!" Yaoyao nodded affirmatively with determination in her blue eyes. Qu Lanyi chuckled. "That's right. This time will be no exception. We have to believe her. She's Yun Feng.."

Chapter 1948: Fire (2)

The invisible force pulled Yun Feng's body down constantly. The force was so strong that she couldn't resist at all! She could only let the force drag her down and didn't know where she was going at all!

"Swish...!" The sound of the black chains came again. Yun Feng's heart sank. So, the powerhouse of the Blood Souls also came in! Yun Feng wanted to move away, but an invisible force pulled her limbs fiercely. Yun Feng could only tilt her head fiercely. The chains brushed her face and immediately brought a scorching pain.

"You can't escape!" A hoarse voice echoed in the air as black chains spread out from behind!

Oh no! Yun Feng's heart sank. Her movements were completely restricted and she could only dodge in panic! The powerhouse of the Blood Souls was behind her. This was undoubtedly facing the enemy on her back. He could kill her anytime!

The Dragon Palace! A glint of light flashed through Yun Feng's mind. The

Dragon Palace, which she had almost forgotten, suddenly flashed through! Without another word, she twisted her wrist slightly and the dragon-shaped jade pendant appeared. Yun Feng infused her consciousness into it and the dragon-shaped jade pendant suddenly emitted a beam of light. However, it didn't send Yun Feng into the Dragon Palace like usual at all. Instead, it shot straight forward! It became a dazzling light in the darkness of the void!

This sudden situation was beyond Yun Feng's expectation. She could only watch the light hit the darkness in the void. The light flashed past like a shooting star and was completely swallowed by the darkness in the void. The attacks of the powerhouse of the Blood Souls behind her also slowed down, as if they were surprised by this sudden situation.

Yun Feng took this opportunity to activate the Dragon Palace a second time, but no matter what Yun Feng did, the dragon-shaped jade pendant didn't have any reaction anymore!

She couldn't enter the Dragon Palace. Yun Feng's heart sank. She immediately put away the dragon-shaped jade pendant and thought about what to do next in her mind. She didn't expect an accident to happen again!

The darkness in the void around her was instantly shattered. A dazzling light immediately rushed into Yun Feng's eyes, so dazzling that she could only close her eyes! The light intensified and kept flashing crazily. Yun Feng closed her eyes for a long time before she slowly opened them. When her pupils adapted to the strong light, she finally saw the thing in front of her clearly!

The nine giant dragons circled on both sides of a huge door. The dazzling light was emitted from the bodies of the nine giant dragons!

“Nine giant dragons!” Yun Feng was shocked! She fixed her gaze on the nine Golden Dragons that kept circling. Their bodies were almost transparent and weren’t real! This was the burial ground of the Dragons. Were these nine Golden Dragons the guardians of this place?

‘What?’ At this moment, an invisible force suddenly dragged Yun Feng forward, directly moving towards the huge door! Yun Feng, who was powerless to fight back, was dragged quickly towards the giant door. At the same time, the nine dragons that were originally circling instantly looked away and locked their huge eyes on Yun Feng!

Yun Feng’s heart suddenly trembled fiercely! An ancient voice sounded in the air!

“Whoever trespasses will die!”

This voice directly entered Yun Feng’s heart from the void, making Yun Feng’s soul tremble fiercely! An invisible force dragged her forward quickly. The nine giant dragons had already let out furious dragon roars. As long as they treated Yun Feng as a trespasser, she would definitely die!

How could she be a match for the nine dragons? Yun Feng bit her lips hard and suddenly exerted her strength to break free, but the invisible force was extremely strong. It didn’t give her a chance to resist at all and dragged her closer and closer to the door!

The nine giant dragons circled and changed their bodies, coming towards Yun Feng. The Blood Souls powerhouse following behind couldn’t help but feel surprised in his mind when he saw this scene! Nine giant dragons! What kind of place was this? Why were there such dragons guarding it?

Seeing that the nine giant dragons were all targeting Yun Feng, the powerhouse of the Blood Souls smiled evilly. If he could use these nine giant dragons to kill Yun Feng, he would be able to do everything effortlessly! “Hehe, that’s for the best!” Nôv(eli)B\jnn

Seeing that the nine dragons were all running towards her, she might be torn to pieces by the sharp teeth and claws of the dragons the next second!

Yun Feng gritted her teeth fiercely and nine giant dragons roared with the anger of the Dragons, making Yun Feng’s eardrums extremely painful! She twisted her wrist and a small bottle of golden liquid appeared. Yun Feng opened the bottle with her finger and twisted her wrist. The golden liquid in the bottle instantly poured and flowed in her palm!

At this moment, the invisible force had already rushed towards the giant door with Yun Feng. The nine giant dragons roared and came together. Yun Feng clenched her fists

and grabbed the golden blood fiercely. Looking at the giant door in front of her, she noticed that the invisible force instantly disappeared. Yun Feng roared and raised her hand, slapping the giant door fiercely!

“Pa!” A golden hand print landed on the giant door and the remaining golden liquid slowly slid down along the hand print. The nine giant dragons let out a roar at the sky and instantly disappeared! A crack suddenly appeared on the giant door in front of Yun Feng and even more dazzling light came out from inside. In an instant, it completely opened!

“Phew...!” Another invisible force instantly enveloped Yun Feng’s body and sucked her entire body into the giant door!

“Crash!” A chain instantly came and wrapped around Yun Feng’s body at the last moment! Yun Feng looked back and saw that the eyes of the Blood Souls powerhouse were slightly red. “I won’t let you escape! Yun Feng!”

Yun Feng wanted to say something, but in the next moment, her entire body was dragged in, including the black chains around her and the powerhouse of the Blood Souls who was holding the chains! The two figures were sucked in at the same time and the huge door instantly closed. After a loud sound, the nine giant dragons appeared again. Then, the light gradually faded and returned to the darkness.

“Bang!” She finally stepped on solid ground and the invisible force that forcibly brought her here dissipated like the wind. Before Yun Feng did anything, the black chains on her body suddenly tightened!

“Crash!” The chain trembled slightly. The man stared at Yun Feng with madness and excitement in its eyes. He held one end of the black chain in his hand and pulled hard! “I finally didn’t waste my strength. I caught you!”

The black chains instantly tightened around Yun Feng’s body and an unbearable pain came. Even though Yun Feng’s physique was comparable to that of a warrior, the pain on her body was still unbearable! She gritted her teeth fiercely and quietly changed her aura. Her pure black pupils suddenly turned into a vertical line and the aura of a Magic Beast spread out of Yun Feng’s body!

“Hm?” Feeling the obvious resistance, the powerhouse of the Blood Souls couldn’t help but tighten his grip. Realizing Yun Feng’s change, he suddenly smiled. “Hehe, there are too many things on you that attract the Blood Souls. The Soul Master once said that it’s too much of a pity to let you die. That’s right..”

Chapter 1949: Fire (3)

“The Blood Souls won’t get anything from me even if I die!” Yun Feng said in a low voice. Her hand immediately transformed and the aura of the Magic Beast in her body spread throughout her body. Her body suddenly tightened and she was about to break the chains!

“Hahaha! Don’t waste your time! You can’t break free from my chains at all!” The Blood Souls tightened his grip and exerted strength. A force hit Yun Feng’s body and the pain was unbearable!

“Ugh!” Yun Feng couldn’t help but grunt. A few wounds were made on Yun Feng’s body by the chains. Blood soaked out and mixed with the remaining Golden Dragon blood on her hand, fusing into the ground drop by drop. She was restrained by an invisible force earlier and Yun Feng lost the chance to resist. The powerhouse of the Blood Souls succeeded. Otherwise, Yun Feng wouldn’t have been caught so easily!

“It’ll be more valuable to capture you alive. I’m sure the Soul Master will be more satisfied.” After saying that, the Blood Souls powerhouse glanced around in advance. “This... seems to be the burial place of some Magic Beast.”

Yun Feng glanced around her. There were huge skeletons half buried in the ground everywhere she saw. They were very huge. Even though only the skeletons were left, she could guess how powerful Magic Beasts were when they were born. This was the burial ground of the Dragons, so the ones buried here were certainly all Dragons!

“How exactly can we get out...” The Blood Souls expert cursed softly. He tried to leave with the means of the spatial crack, but he didn’t succeed.

Yun Feng remained silent. It was very difficult for her to escape now that she was restrained. Now that the powerhouse of the Blood Souls wanted to keep her alive, she might as well think about how to find an opportunity next. The powerhouse of the Blood Souls tried a few times, but the attempts all failed. The spatial connection couldn’t be established at all here and even the power of space was useless.

“Yun Feng! Where exactly is this place?” The powerhouse of the Blood Souls pulled her fiercely. Yun Feng only felt another wave of pain. She pursed her lips gently. Yun Feng sneered. “Why? Can’t we get out?”

The Blood Souls slowly narrowed his black eyes and clenched his fists. “Don’t think that I’ll really let you live just because I said so! Even though we’ll suffer a loss when you die, the things you have are enough to make up for everything!”

Yun Feng raised her brows. “If that’s the case, this is a good opportunity for you to kill me.”

The face of the Blood Souls powerhouse suddenly darkened. “Don’t think I don’t dare to kill you.”

Yun Feng sneered. "If you don't kill me right now, I'll take your dog life."

The powerhouse of the Blood Souls narrowed his eyes completely. The fire of anger burned in his chest. He suddenly burst into laughter and exerted strength in his hand! "I'll torture you before you die! You ruined too much of the Blood Souls' business. Don't worry. I won't let you die too quickly."

"Ugh!" Pain came and there were more wounds on her body in an instant. Blood instantly drenched Yun Feng's clothes on her body. Yun Feng's face was also very pale. She stood there without saying a word and didn't cry out in pain!

Seeing Yun Feng like this, the powerhouse of the Blood Souls certainly didn't show any mercy. A continuous force came and the forces were like sharp thorns, completely piercing into Yun Feng's body! Yun Feng felt that her body was like a beehive, riddled with holes! However, even so, she still stood there proudly!

Blood dripped on the ground and sweat mixed with the blood. There was only blood in the air. The powerhouse of the Blood Souls looked crazy. He took the greatest pleasure in torturing Yun Feng! Yun Feng sneered in her mind. She was waiting for a chance to counterattack!

What was this feeling? Yun Feng was puzzled, but she didn't show it on her face. A slight scorching feeling began to spread from the bottom of her feet and a rising heat seemed to be spreading up from the ground, slowly climbing up.

The temperature had become hot. That was Yun Feng's first impression. The temperature was changing subtly. Hot air kept circling in the air and rising slowly with the temperature. Yun Feng stood there expressionlessly and sensed everything carefully. A thought formed in her mind!

The powerhouse of the Blood Souls was completely immersed in torturing Yun Feng. In his opinion, he must torture Yun Feng, the biggest thorn in the side of the Blood Souls, to the point of wishing she were dead!

Enduring the pain, Yun Feng gritted her teeth and distracted herself from this strange change. She glanced at the ground with her black eyes and suddenly found many tiny cracks on the ground. There seemed to be faint fire glittering behind the cracks.

It was constantly swimming! In other words, an object with high temperature underground was wandering underground at this moment!

Yun Feng's eyes darkened as she looked at the tiny cracks on the ground. Because of what she thought just then, Yun Feng observed more carefully. Her eyes glittered. As she expected, the high temperature kept swimming. Was it the Fire Element Seed?

“It’s time.” The powerhouse of the Blood Souls mumbled as killing intent flashed in his eyes. Yun Feng frowned. He was going to attack!

The black robe with red dark patterns suddenly rose and a few black chains shot out of the body of the Blood Souls powerhouse. They instantly turned into several black sharp swords in the air and all pointed at Yun Feng! Yun Feng would be facing thousands of swords in one attack!

“Don’t worry. The Blood Souls will make good use of your soul.” The Blood Souls expert was laughing strangely. He raised his arm and then smashed it down fiercely! “Die, Yun Feng!”

“Swish, swish, swish...!” Ten thousand arrows shot at the same time! Yun Feng didn’t have the power to dodge!

However, at this moment...

“Boom!” Suddenly, a heat wave surged out of the ground, blowing away the black swords like invisible lava and directly melting the black chains on Yun Feng’s body!

“What?” The powerhouse of the Blood Souls was panicked by this sudden change. Seeing Yun Feng break free from the chains, he immediately swung his hand and the black chains moved at the same time. However, it was difficult to trap Yun Feng again!

“Swish, swish, swish...!” Her body, which was stained with blood and wounds, moved quickly. The wind element immediately strengthened her body. Yun Feng completely turned into a beam of green light and flashed through the endless black shadows. Every time she stepped on the ground, Yun Feng would clearly feel that the scorching energy waves under the ground would quickly flow under her feet!

The fire-element energy was chasing her? Yun Feng was puzzled, but she didn’t dare to stop at all. The chains that filled the sky were like long snakes, fighting to wrap around her body. If she was entangled again, she would definitely die!

“You can’t escape!” The powerhouse of the Blood Souls roared wantonly with an extremely hoarse voice. He looked at Yun Feng, who was dodging around, with his slightly red eyes. The black chains chased after her relentlessly, not letting go of anything!

This wasn’t a way to escape! The tip of Yun Feng’s foot landed on the ground again and fire-element energy quickly surged to her feet again. A stream of heat was about to climb up along her feet, but when another wave of attacks came, Yun Feng could only jump up again!

Why was the fire-element energy chasing after her? Yun Feng frowned. She clearly felt that the fire-element energy was trying to enter her body just then! Was the fire-element energy so abnormal because...

Yun Feng suddenly stopped and stood there steadily! Fire-element energy quickly surged, starting from the bottom of her feet, climbing up her body and surging into her body!

Yun Feng smiled. After the fire-element energy surged into her body, it was all absorbed into the space where she stored the Fire Ring of Contract! Little Fire, it must be Little Fire!

If the Fire Element Seed was really stored here, how would Little Fire let go of such fire-element energy? It was time for the one that had been sleeping to wake up!

"You're not dodging anymore?" The powerhouse of the Blood Souls sneered and the black chains instantly came. "Earth Shield!" Yun Feng shouted furiously as the golden earth-element defense enveloped Yun Feng firmly. The black chains hit the defense, making a dull sound.

The powerhouse of the Blood Souls burst into laughter and exerted more strength. The black chains struck out fiercely again and the Earth Shield instantly collapsed! Yun Feng still stood there with a gloomy face, which surprised the powerhouse of the Blood Souls.

"Hm, you know it's useless to hide."

Yun Feng frowned. What she could do right now was to stand right where she was and let Little Fire absorb more fire-element energy! She couldn't move at all in the process! The more fire-element energy she absorbed, the more likely Little Fire could wake up!

"Buzz...!" Invisible energy waves suddenly came out of Yun Feng's body. Yun Feng's eyes were full of surprise. Such a rhythm came from the power of the fire element that she hadn't touched for a long time! Little Fire was about to wake up!

"Buzz, buzz, buzz...!" As the fire-element energy kept surging in, the sound of resonance became more and more intense. Yun Feng waited patiently!

"Hahahahahaha! Without your contracted Magic Beast, you're just an arrow at the end of its flight! No matter how you resist, you won't be able to escape death today!" The Blood Souls expert laughed crazily and raised his arm. His black robe fluttered even though there was no wind and suddenly rose! A few chains appeared again!

Yun Feng chuckled with endless coldness flashing in her eyes. She raised her black eyes and suddenly emitted a dazzling light!

Her red lips curled up and she turned her bloody hand gently. A ball of dazzling and scorching fire jumped on it!

“I don’t have a contracted Magic Beast?” She whispered as the curve of her red lips became colder and colder. The roar of a beast resounded in the void!

“Roar!”

Hot fire directly came out of Yun Feng’s body with an extremely high temperature. Her body was surrounded by fire.. A pair of beast eyes, which were as black as the night, were glittering!

Chapter 1950: Fire Cloud Wolf (1)

“Fire element...” The pupils of the powerhouse of the Blood Souls couldn’t help but shrink slightly. Then, he sneered. “Hm, you’re a five-element mage. There are four of them outside. I forgot that you still have one left. However, even if you have a contracted Magic Beast in your hand, you don’t have much chance of winning!” The powerhouse of the Blood Souls burst into laughter. His black eyes glittered with a hint of madness as he clenched his fists fiercely! A black chain as thick as a python was held in his hand and the chain slowly moved as if it was alive.

“Swish...!” A pair of black wings suddenly appeared in the scorching fire! They weren’t as small and exquisite as before anymore. This was a pair of huge wings. They were as black as velvet and there were red flames rising on them!

“Dark elements!” The powerhouse of the Blood Souls finally looked shocked. He stared at the wings that appeared in the fire with his black eyes. “Fire element and darkness element... Mutated Magic Beast?!”

Yun Feng looked at the pair of black wings in the fire and was also very shocked in her mind. She was used to the small wings on Little Fire’s back in the past, but they seemed to have completely grown up now! Being reborn in fire was indeed very different!

“Little Fire, you’re finally awake.” Yun Feng said with a smile. She was very gratified in her mind. The fire was still burning. The Fire Cloud Wolf rolled its black eyes slightly. “Master, I’m back.”

Yun Feng was slightly stunned. Little Fire’s voice... had changed! It had become cold and almost heartless! Its previous anger and heartiness were all gone and its personality had completely changed with its rebirth!

Yun Feng was silent for a moment. “It’s good that you’re back.”

The fire around the Fire Cloud Wolf was still burning. A few red threads spread on the ground where its four claws landed, like tiny capillaries. Yun Feng said telepathically, "Little Fire, I vaguely feel a heat source moving underground."

"That's right. When I was in the Ring of Contract, I also felt the movements underground. Thanks to the fire-element energy underground, I woke up so quickly."

Little Fire's unusually calm words came to Yun Feng's mind. Yun Feng continued, "The Fire Element Seed will most likely be here."

"Master is right, but we must deal with this person from the Blood Souls first!"

Yun Feng frowned. Even though her strength had already reached the God Emperor Level, the powerhouse of the Blood Souls in front of her was also at the God Emperor Level! He was even a bit stronger than her! Even though Little Fire had awakened, she didn't have a high chance of winning!

"Swish...!" The heat source underground swam around again at a much faster speed, like a ferocious beast swimming in a cage, full of anger.

"It's moving again." Yun Feng pondered in her mind. What exactly was swimming underground?

"Roar...!" The Fire Cloud Wolf roared as its body wrapped in fire jumped up from the ground. It suddenly spread its black wings and fire rain emitted from the wings! Yun Feng's black eyes darkened and her body quickly left the spot. She flipped her hand and her mental strength surged out fiercely, rushing towards the powerhouse of the Blood Souls!

"Crash!" The chains that were as thick as a python spread out in the air and rolled towards Little Fire like a snake. Its beast eyes, which were as black as the night, glittered and a huge claw slapped the air fiercely with scorching fire! The red fire snake spread up the chains and directly pounced on the black robe of the Blood Souls!

"Humph!" The Blood Souls snorted. A skinny and fair arm came out of the black robe and a ball of black fire darted out of his palm, swallowing the red fire instantly!

"Bang!" Yun Feng's mental strength came from the air. Her black robe rose and an invisible force directly faced it. The two forces collided in the air and shattered!

"Roar!" The scorching fire came just like that. The Fire Cloud Wolf was astonishingly fast. It directly passed the black chains and opened its mouth to bite! The body of the Blood Souls flashed. Little Fire's wolf mouth missed, but it raised its sharp claws! Half of the black robe was forcibly torn apart by Little Fire!

“Rip!” A huge piece of black cloth slowly landed on the ground. The powerhouse of the Blood Souls stepped in the air with a gloomy face and stared at Yun Feng and the Fire Cloud Wolf firmly. He lowered his head and looked at his robe that had already been torn. His skinny body was undoubtedly exposed!

As expected, everyone who joined the Blood Souls suffered a huge pressure on their bodies. Yun Feng looked at the body in the black robe. Some of the body parts didn't even exist! The Blood Souls used some means to get powerful strength, or they wouldn't have paid such a heavy price!

“It seems that it'll be very difficult to finish you off if I don't show you my real strength.” The powerhouse of the Blood Souls smiled sinisterly and slowly raised his two skinny arms. Yun Feng saw it extremely clearly this time. Something was constantly squirming in that skinny body. Instantly, black chains rushed out of this body and one end of the chains was completely inserted into the ground. Instantly, a huge black net was formed!

“Swish!” Black mist came out of the chains and filled all the gaps between the chains. A huge black net enveloped Yun Feng's head, and the powerhouse of the Blood Souls stuck to this net like a shriveled spider!

“We've already cast the net to catch the prey. Let's see how you, the prey, escape!”

“Master, be careful of these dark elements!” Little Fire returned to Yun Feng's side. Yun Feng frowned. The space domain was completely restricted right now. The dark elements on the web were like mucus on a spider web.

“The space has already been completely restricted.” Yun Feng whispered. She couldn't attack recklessly, or... if she failed, she would die forever! Nôv(e)B\\jnn

“These dark elements look very strange. Master, what should we do now? Little Fire looked at the spider webs that filled the sky and the disgusting member of the Blood Souls like a spider fiercely. Yun Feng remained silent and the heat under her feet appeared again. Yun Feng looked at the ground with her black eyes and slowly narrowed them.

“Even though he sealed the void, the space under his feet is free.” Yun Feng whispered. Little Fire's black eyes glittered. “Master, you mean...”

“Since the situation has already turned out like this, we can only use other forces to disrupt the situation!” Yun Feng curled her lips and slapped the ground fiercely with her hand. Little Fire followed Yun Feng's movement and slapped the ground fiercely with its sharp claws. The flames mixed with high temperature and the fierce mental strength Yun Feng released rushed to the ground!

“Boom!”

The red fire instantly illuminated the tiny cracks on the ground. They extended from Yun Feng and Little Fire's feet in all directions, like magma erupting from a volcano.. Under the impact of this force, the ground that had already had cracks suddenly loosened and was about to rise!
