Chapter 1951: Fire Cloud Wolf (2)

“What?” The Blood Souls expert standing in the air couldn’t help but widen his eyes in surprise when he saw this scene. Then, he narrowed his eyes fiercely! What was Yun Feng trying to do?

Feeling the crazily surging elemental power under the ground, Yun Feng immediately slapped again! Her mental strength went straight into the ground again, vowing to stimulate the thing underground!

“Boom, boom, boom!” Red flames kept gushing out of the ground. The ground was instantly blown away by the huge force and shattered! Rocks flew into the sky and fell again. A fiery red figure broke out of the ground and a heat wave and high temperature came right at them. Yun Feng and Little Fire immediately flashed and dodged. The powerhouse of the Blood Souls was shocked by this sudden scene. Before he could do anything, the huge black net he created was broken by the red figure that rushed out!

“What’s that?” Little Fire raised its head with shock in its black eyes. Yun Feng also raised her black eyes. Dazzling redness filled her entire vision. At first sight, it was like a glorious red sun! Rolling heat waves mixed in the air, as if they were going to burn the entire void completely! Yun Feng only felt that sweat had already appeared on her body in a moment. A scorching feeling came from the surface of her skin. Her mouth was dry and even her hair seemed to be on fire in an instant!

“Such strong fire energy!” Little Fire couldn’t help but roar. “Even I can’t stand it anymore!”

Yun Feng gritted her teeth secretly. Such a high concentration of fire-element energy indeed made her almost unable to stand it! Staying in such a heat wave for another second, her entire body would completely burn!

“Water Field!” With a furious roar, Yun Feng raised her arm. The cold water element completely enveloped Little Fire and Yun Feng. Even though she was isolated by the water element, she could still feel the heat so clearly! Yun Feng looked at the hem of her clothes. There were already traces of burning there! The fire element was already terrifyingly strong!

In the void, the fiery red figure circled in the air. The scorching temperature made her vision extremely blurry. Yun Feng's eyelids were burning. She opened her eyes and finally saw what that thing in the void was!

It was a fiery red dragon! Its body was almost made of fire. Layers of fire enveloped its body and the clear trajectory of the fire could be seen every time it moved! Dragons! This was the burial ground of the Dragons. There were still ancient Dragons living underground!

"Swish, swish, swish...!" The black chains in the air were all put away. Even though the body of the Blood Souls powerhouse was wrapped in dark elements, the scorching heat had already burnt his skin. A few red marks instantly appeared on his skinny body because of the high temperature. There wasn't any pain on the face of the Blood Souls powerhouse at all. On the contrary, he was surprisingly excited!

The fiery dragon slowly swayed its tail in the air. Its translucent body was filled with fire and its sharp claws were also stained with scorching fire. Its completely red dragon eyes looked down at Yun Feng and the person of the Blood Souls from the sky and didn't do anything.

"Master, look! The thing in the mouth of this Dragon!" Little Fire's wolf eyes emitted strong light. Yun Feng followed Little Fire's hint and looked over. She could clearly see a round red bead in the mouth of the translucent dragon! Layers of fire were burning around the bead!

"The Fire Element Seed!" Without any guess, Yun Feng was instantly certain that the fiery red bead was the Fire Element Seed!

"Fire Element Seed, hahaha! That must be the Fire Element Seed!" The voice of the powerhouse of the Blood Souls came from the side with incomparable excitement. Yun Feng's heart sank. As expected, the Blood Souls' goal was also the Element Seed!

She couldn't let the Fire Element Seed fall into the hands of the Blood Souls!

This thought flashed through Yun Feng's mind. "Little Fire, attack!" Nôv(e)B\jnn

"Roar! As you wish!" The Fire Cloud Wolf roared and suddenly opened its mouth. A scorching fireball quickly formed in its mouth! "Boom!" It shot out!

Yun Feng, on the other hand, clasped her hands fiercely and the fusion of elements was instantly completed! She didn't have a chance to use the fusion of elements just then. This was her only chance! Even if she couldn't take his life, she had to hurt him! She couldn't give the Blood Souls any opportunity!

She raised her hand gently and the fusion of elements went straight to the powerhouse of the Blood Souls. Little Fire's fire-element energy ball then arrived. The two high-

concentration forces both rushed towards the powerhouse of the Blood Souls. A weird smile suddenly appeared on the pale face of the powerhouse of the Blood Souls. He flipped his hand and held something in his hand, crushing it instantly!

“Buzz!” A huge space shook. Yun Feng and Little Fire couldn’t help but take a few steps back from the fluctuation!

What kind of power was that? Yun Feng was surprised. Even so, she couldn’t miss any opportunity to attack! “Explode!” With a deep shout, the fusion energy of elements instantly burst out. However, what Yun Feng didn’t expect was that an even stronger energy completely enveloped her power of fusion of elements. Red flames suddenly appeared around the powerhouse of the Blood Souls and enveloped Yun Feng and Little Fire’s power!

“Buzz...!” A muffled sound came, followed by a few aftershocks. Yun Feng immediately understood that her power of fusion of elements was resolved silently just like that!

“Whoosh...!” The fiery red fire slowly spread out and a figure appeared in the air, standing next to the Blood Souls powerhouse. He slowly retracted his hand and his eyes were full of coldness!

“Did you call me out because you were about to die?” The figure said with endless coldness in his voice!

The Blood Souls’ expert’s face was full of respect. He quickly said humbly, “Of course not. Even if I die, I wouldn’t dare to disturb you. The reason why I called you out is because the Fire Element Seed has already appeared!”

The figure raised his brows and glanced at the fiery red dragon in the sky indifferently with a hint of heat in his eyes. “Very good. If you call me out for something else and others don’t take your life, I’ll do it too.”

The body of the powerhouse of the Blood Souls trembled slightly and he immediately lowered his head, not daring to say anything. Yun Feng frowned as her heart pounded crazily! She clenched her fists tightly and stared at the figure that appeared out of thin air with her black eyes without blinking. Someone who could make even a God Emperor of the Blood Souls so afraid, someone who could resolve her and Little Fire’s attacks so easily, was also passionately interested in the Fire Element Seed and even had the power of the fire element!

Yun Feng’s heart sank.. Her previous thought indeed came true!

Chapter 1952: Fire Fantastical Beast (I)

Little Fire's pupils shrank fiercely and its voice trembled slightly. "Master, is that..."

Yun Feng took a deep breath. The void around her shook violently and a figure appeared in the air! The lightning Fantastical Beast, Ah Luo, appeared with a gloomy face, confirming what Yun Feng was thinking in her mind! "That's right. That's a fire-element Fantastical Beast!"

She was wearing black clothes and pants, which wrapped around a graceful and exquisite body. She had black hair, black eyes and a cold face. The fire-element Fantastical Beast appeared as a woman. Yun Feng was also very surprised. Logically speaking, the water element seemed to be more suitable for a woman's image.

"Fire Cloud, Master has been looking for you. I didn't expect you to fall to the point of being with the Blood Souls?" Ah Luo frowned tightly. He stared at the cold woman opposite her with coldness in her dark purple eyes. The muscles all over her body were tight. It was obvious that Ah Luo was helpless and heartbroken.

"I didn't expect you to leave the Beast Region. It's truly a surprise to see you here." Her words were cold and her expression was cold. She wasn't delighted at all.

Ah Luo frowned even more tightly. "So, Water Color that we've been unable to find is with you?"

The fire-element Fantastical Beast, Fire Cloud, sneered. "It's none of my business where he is. Why are you here right now? To fight me?"

The powerhouse of the Blood Souls was shocked when he saw Ah Luo! Yun Feng also had a Fantastical Beast! The Soul Master might not know about this yet. If a Fantastical Beast joined Yun Feng's side, the Soul Master would probably take some action. The powerhouse of the Blood Souls thought for a moment. If he could use the Fantastical Beast to kill Yun Feng, it should be a piece of cake. As long as Yun Feng died, all the map fragments in her hand would belong to the Blood Souls and the East and West Alliance would collapse easily! By then, even if the four families were here, they wouldn't have anything to fear!

After all, the Soul Master cared about Yun Feng alone.

"My lord, Yun Feng has been ruining the business of the Blood Souls. As long as she's here, you won't be able to get the Fire Element Seed successfully. Yun Feng also wants to get this Fire Element Seed."

Fire Cloud raised her brows and glanced at Yun Feng coldly. "You're just a human being. How dare you steal the Fire Element Seed from me?"

Yun Feng's heart sank. The fire Fantastical Beast was after the fire seed. Her chance of winning was zero! It would be great if Ah Luo could stand on her side, but Ah Luo had

never cared about her. As long as she didn't die, he would be able to complete Mr. Tree's request.

"Fire Cloud, Master wants you back immediately," said Ah Luo, but Fire Cloud smiled. "Back? I'm not going back."

"As a Fantastical Beast, you're breaking the rules when you walk out of the Beast Region! You even interfered with human affairs. It's even more wrong!"

"Hahahaha!" Fire Cloud burst into laughter. "So what? Ah Luo, if you want to attack, cut the crap! It's been so many years. If you have the strength to capture me back, just attack!"

"Don't force me." His dark purple eyes narrowed fiercely. There was a lot of impatience and repression in Ah Luo's words. Yun Feng's mind raced on the side. If Ah Luo could restrain the fire-element Fantastical Beast, she might have a chance to come into contact with the Fire Element Seed!

"Force you? If you don't dare to attack, shut your mouth!" Fire Cloud said coldly as it looked at Yun Feng. "Humph, you're just a human being." After saying that, flames appeared in its body. It seemed that it was preparing to take the Fire Element Seed!

Ah Luo's purple eyes glittered and he suddenly clenched his fists in the air. Fire Cloud's face turned even colder. The fire turned into a long dragon and roared over without hesitation. Ah Luo stood there without changing his expression. He waved his hand and a thunderbolt rushed out, scattering the fire!

"I couldn't tell that your ability has improved a lot over the years." Fire Cloud curled her lips coldly

and used fire again mercilessly!

"Little Fire, retreat!" Yun Feng sent a telepathic message. She retreated a distance with Little Fire and finally dodged the aftershock of the fire-element Fantastical Beast's attack. She looked over with her black eyes. The powerhouse of the Blood Souls opposite her was the same. If he was involved in a battle between Fantastical Beasts, he would die!

"Master, what should we do now?" Little Fire looked at the attack of the fire-element Fantastical Beast in shock. "A fire-element Fantastical Beast... Such power of fire elements isn't something I can compare to at all!"

Yun Feng frowned and turned her black eyes to the fiery dragon floating in the sky, looking at the fire seed in its mouth. "Ah Luo has restrained the fire Fantastical Beast. We can take the opportunity to get close to the fire seed. However, Little Fire, you must be prepared. Once we succeed, we'll become the targets of the Fantastical Beast."

Little Fire's pupils shrank! Yun Feng reached out and touched Little Fire's head. "It's fine. With Ah Luo here, I won't die."

Indeed, Yun Feng wouldn't die, but she definitely wouldn't be unscathed. Ah Luo wasn't a helper. He just wanted to ensure that Yun Feng wouldn't die.

"Master..." Little Fire wanted to say something, but Yun Feng chuckled. "Get ready. We're going."

"Swish...!" Yun Feng suddenly jumped into the air from where she was and went towards the fiery dragon, followed by Little Fire! Fire Cloud, who was fighting with Ah Luo, turned cold. He immediately attacked and a ball of scorching fire rushed towards Yun Feng!

It was so fast that Yun Feng couldn't dodge even if she wanted to. If she was hit by the fire, the consequences would be unimaginable!

"Master!" Little Fire exclaimed. Yun Feng gritted her teeth secretly. She couldn't dodge the Fantastical Beast's attack at all! "Don't worry. I won't die!"

"Boom!" A thunderbolt came from the side and directly split the fire open! Fire Cloud's expression became even colder! "I can't believe the lightning Fantastical Beast has become a human's bodyguard!"

There was a hint of anger in Ah Luo's dark purple eyes. "Master said that she's the special one. She can't die."

Fire Cloud frowned. "So, you're going to fight me to the end!"

Ah Luo frowned. He didn't say a word, but his actions were already speaking louder than anything else!

"What are you waiting for? Kill that human quickly and take the fire seed!" Fire Cloud shouted furiously. She was completely restrained by Ah Luo and didn't have the strength to attack at all, or that human would have died long ago!

"Swish...!" The body of the Blood Souls powerhouse immediately flashed. When he appeared again, he was already standing in front of Yun Feng!

The distance of the two parties from the Fire Dragon was about the same! On both sides, the Fantastical Beasts representing their respective forces were fighting fiercely..

Chapter 1953: Fire Fantastical Beast (2)

Needless to say, both parties attacked at the same time again. This time, they didn't need to use their power to kill the other party anymore. Whoever fell into the battle of the Fantastical Beasts would only face death!

"Whoosh, whoosh...!" The black chains twisted in the air like a long snake. The Fantastical Beasts had a huge range of battle, which made the powerhouse of the Blood Souls and Yun Feng, who were fighting, even more restrained. If they were accidentally swept up, they wouldn't even have a chance to escape!

"Master, be careful!" Little Fire roared as its burning body pounced in front of Yun Feng. A few black chains surprisingly appeared in the void, which Yun Feng couldn't dodge in time! "Clang!" It bit the chains fiercely with its sharp teeth. Fury ignited in its black wolf eyes and flames quickly spread from its mouth along the chains. The powerhouse of the Blood Souls smiled sinisterly. "Hehehe, it's time to end this farce."

The dark elements spread along the chains and collided fiercely with the fire elements. The chains shook and a force was suddenly infused. The chains curled and a powerful force came from the other side like an electric current. Little Fire's body was bounced off forcefully and it was directly thrown away under the impact of the force!

A beam of red flashed through the sky and went straight to the range of the two Fantastical Beasts!

"Hahahaha! Let's go together! We can be companions!" The powerhouse of the Blood Souls burst into laughter. Yun Feng rolled her black eyes. The chain in her sight hadn't been retracted yet! She extended her hand and her mental strength swept up, directly wrapping around the chain! Yun Feng exerted strength and held the black chain in her hand!

"What?" The powerhouse of the Blood Souls exclaimed. Yun Feng held the black chain tightly with one hand and walked towards Little Fire. Her black eyes immediately turned into vertical lines and her hand quickly transformed!

"Argh...!" With a deep shout, Yun Feng held all the power in her hand. Under the unbelievable gaze of the Blood Souls, the chains were swung by Yun Feng. The body of the Blood Souls expert at the end of the power instantly flew out!

"Argh...!" A hoarse shout came. Yun Feng's series of movements didn't give the powerhouse of the Blood Souls any time to catch his breath at all. Even if he wanted to react, the power Yun Feng threw out was curved. The powerhouse of the Blood Souls didn't have the power to turn the tide at all! He could only watch himself be swept into the battle of the Fantastical Beast!

Seeing the Fire Cloud Wolf running over with him, Little Fire let out a weird cry with its red eyes.

“Hahaha! Your contracted Magic Beast won’t be able to escape death either! He...!” The words of the Blood Souls immediately stuck in its throat. Little Fire’s black eyes were full of ridicule. “You’re indeed an idiot.”

“Swish...!” Little Fire’s body turned into a beam of fiery red light and directly rushed towards Yun Feng. The brain of the Blood Souls powerhouse buzzed! How could he forget that contracted Magic Beasts could certainly return to the summoner’s Ring of Contract? They could!

“I don’t accept this...!” After the Blood Souls expert shouted, his body had already fallen into the range of the two Fantastical Beasts. He would definitely die no matter which one it was!

“Argh...!” With a miserable scream, a ball of black mist darted out from under the black robe. Before it could escape far, it was killed by the power of the Fantastical Beasts again!

“Useless!” Fire Cloud whispered and immediately stopped attacking. It looked at Yun Feng with a gloomy face. “Only humans would use these despicable schemes.”

Yun Feng smiled gently. “This is just my specialty as a summoner.”

Fire Cloud frowned coldly and suddenly chuckled. “Yun Feng? No matter how the people of the Blood Souls talk about you and make them gnash their teeth in hatred, I didn’t take you seriously at first, but now...” Fire Cloud frowned coldly. “No matter what method you used, you’re quite capable to be able to kill a God Emperor.”

Yun Feng didn’t say anything. Ah Luo looked at Fire Cloud coldly. “If you attack her, I won’t let you have your wish.”

Fire Cloud burst into laughter. “I’m not interested in her, but if she ruins my business, Ah Luo, you should know my temper. I won’t let her go! You can protect her for now, but can you protect her forever?”

Ah Luo frowned hard and looked at Yun Feng deeply with his purple eyes, not saying anything. Yun Feng couldn’t help but frown. What did that mean?

“I don’t mean to take her life. My goal is only the Fire Element Seed. As a Fantastical Beast, you should know what the Element Seed represents for us! How can it fall into the hands of humans again and again?” Nôv(el)B\jnn

Ah Luo’s body became even gloomier and her expression was very conflicted. Yun Feng pondered in her mind. Was the Element Seed somehow related to the Fantastical Beast?

"I don't care about anything else. Let's go back to the Beast Region," said Ah Luo. Fire Cloud frowned and finally sneered. "I'll go back after I finish my business."

"Have you really fallen to the point of being with the Blood Souls?" asked Ah Luo. Fire Cloud burst into laughter with disdain on her cold face. "The Blood Souls and I just have our own needs. Are they worthy of using my ability?"

Ah Luo frowned. "Are you serious?"

"It's been so long. Don't you understand my personality?" said Fire Cloud coldly. "After I get the Fire Element Seed, I'll certainly go back to the Beast Region. The reason why I'm with the Blood Souls is because they said they'll find the Fire Element Seed."

Ah Luo turned around and looked at Yun Feng with his purple eyes. "Let her take the Fire Element

Yun Feng immediately became cold. "You believe whatever she says?"

Ah Luo frowned. "As long as she's willing to go back to the Beast Region, I don't care about anything else. "

Yun Feng clenched her fists tightly. If the fire-element Fantastical Beast was really willing to go back to the Beast Region so easily, why would it still fight with him just then? As a Fantastical Beast, he wasn't very smart! "Ah Luo, if she really goes back to the Beast Region, I can certainly give her the Fire Element Seed. What if she doesn't want to go back?"

Ah Luo was stunned. Fire Cloud sneered again. "Ah Luo, can the words of a human beat the time we spent together? Can the words of a human make you waver?"

A trace of embarrassment flashed through Ah Luo's face and anger couldn't help but flash through his purple eyes. "I don't care about that!"

Yun Feng was also enraged in her mind! Was she going to watch the Fire Element Seed be taken away and fall into the hands of the Blood Souls? "No!" Yun Feng said as anger also ignited in her black eyes. Ah Luo instantly frowned. "You..."

"It's none of your business what I do! I don't know the relationship between you Fantastical Beasts, and I don't have to pay for it! You can't control my decision!" Yun Feng said. Ah Luo frowned. "Aren't you afraid of death? You're no match for the Fire Cloud at all! With your current strength, you're simply..."

"You don't have to explain this! Even if I die, I won't give up the Fire Element Seed! I can't beat her, but I'll always make her suffer!"

“Yun Feng, are you determined that I’ll keep you alive?” Ah Luo said coldly. Yun Feng sneered with deep coldness in her black eyes. “I’ve never needed you to protect my life.”

“Yun Feng, if you still haven’t given up on the Fire Element Seed, I won’t show mercy!” Fire Cloud said with killing intent on her cold face. Yun Feng smiled heartily and raised the corners of her mouth. Her body suddenly jumped from the air and ran towards the Red Dragon!

“You’re just a human being. Don’t even think about getting the Element Seed!” With a furious shout, a huge Fire Arrow came from behind!

Yun Feng gritted her teeth and raised her black eyes, meeting a pair of fiery red dragon eyes! The Red Dragon moved at this moment! Its red tail instantly curled up and stood in front of Yun Feng. The Fire Arrow stabbed into the Red Dragon’s translucent body and was swallowed by the huge fire!

An old voice cut through the air, shocking everyone!

“Who dares to hurt the descendants of the Dragons?”

Chapter 1954: The Red Dragon (1)

“The descendant of the Dragons!” The two Fantastical Beasts both exclaimed. Even Yun Feng was surprised in her mind! The descendant of the Dragons? She didn’t have any connection with the Dragons in her body. Whether it was her aura or her blood, they weren’t related to the Dragons.

Perhaps... Yun Feng’s black eyes glittered. Perhaps it was Uncle Flirtatious’s Golden Dragon n Blood!

The red dragon’s tail swayed slowly in the air. Yun Feng was protected by the Red Dragon. Even the fire-element Fantastical Beast couldn’t do anything to her right now!

Fire Cloud frowned hard. Descendant of the Dragons... The person in front of her was clearly a human being. There wasn’t any dragon breath in her body at all! How could she be a descendant of the Dragons? Was there something she didn’t notice?

Ah Luo looked at Yun Feng with a complicated expression. She was a descendant of the Dragons? Didn’t Master say that she was a human being... What exactly was going on?

Yun Feng didn't move. It was easy for her to be mistaken right now. The fire-element Fantastical Beast wouldn't dare to attack her easily. Perhaps she would get the Fire Element Seed as easily as she expected.

After investigating carefully again, Fire Cloud sneered. "What descendant of the Dragons? She's clearly a human being!"

The Red Dragon suddenly turned its blood-red eyes to the Fire Cloud. It opened its mouth wide and spouted out fire without hesitation. Seeing that, the Fire Cloud immediately dodged to the side and its face completely turned cold. Yun Feng was destined to ruin her business. However, with such a dragon protecting her and holding the Fire Element Seed in its mouth, she wouldn't do anything to this human even if she attacked!

"You've trespassed on our territory. Leave quickly! Otherwise, don't blame me for being rude!" The old voice sounded again, with a hint of seriousness and viciousness this time. The Red Dragon also let out an angry dragon roar abruptly. It looked at Fire Cloud and Ah Luo with its fiery red eyes with sporadic killing intent. If the two of them didn't leave, the Red Dragon would attack again.

"How can the Dragons suppress a Fantastical Beast? What a joke!" Fire Cloud said coldly. She wouldn't give the Fire Element Seed to this human no matter what!

"Fire Cloud, don't be reckless!" Ah Luo quickly said. "The Dragons have lived in this world for as long as Fantastical Beasts. Besides... Master once said that the Dragons have the power to resist Fantastical Beasts. A long time ago, Fantastical Beasts weren't the strongest among the Magic Beasts!" "So what? The current Dragons can only bow down in front of Fantastical Beasts!"

"This is the land of the Dragons. He is not one of the Dragons in the present day! Don't you understand?" Ah Luo shouted in a low voice. The Fire Cloud immediately fell silent and its face became even gloomier. Yun Feng also pondered in her mind. The place where the Dragons were buried certainly didn't have the current Dragons. It certainly had the old guys from a long time ago! Were the old guys of the Dragons still alive in this world?!

"I can't watch the Fire Element Seed fall into the hands of humans!" The Fire Cloud's face was full of stubbornness. Ah Luo couldn't help but feel angry in his mind. "If Master were here, he would still have to think for a while. Do you think you can compete with the ancestors of the Dragons with your ability?"

Fire Cloud suddenly raised its head and looked at Yun Feng coldly with its black eyes. "Human, if you get the Fire Element Seed, I'll definitely not let you go in the future! Right now, the old guys here think that you're a descendant of the Dragons. You took advantage of them. When you get out, the old guys here won't be able to protect you! If you want to live, don't touch the Element Seed! "

Yun Feng smiled gently and didn't say anything. Ah Luo stepped forward. "Let's go."

With a cold snort, the two Fantastical Beasts immediately disappeared, leaving Yun Feng alone in the entire space and the huge Red Dragon that protected her just then.

The Red Dragon's long tail retreated. It looked at Yun Feng with its fiery red eyes and the old voice sounded again. "My descendant, you came here and woke me up with your blood. I've already resolved your crisis. Is there anything else?"

Yun Feng looked up at the Red Dragon entrenched in the void in front of her. Its translucent body was made of fire and its fiery red dragon eyes were looking at her. Yun Feng was certain that this old voice didn't come from the body of this Red Dragon.

Taking a deep breath, Yun Feng said loudly, "I wonder which ancestor resolved the crisis. I can't thank you enough!"

There was silence in the air. Then, the old voice came again. "The Golden Dragons have always been Nôv(el)B\jnn

upruly. I didn't expect your temper to be so different. HOW Interesting."

Yun Feng couldn't help but feel shocked in her mind. Luckily, she had the Golden Dragon Blood, which made the ancestors of the Dragons here think that she was a descendant of the Dragons. Otherwise, her personality would really be nothing like that of the Dragons.

Yun Feng chuckled. "Ancestor, you might not know this, but times have changed. The Dragons have also changed drastically from before." Even though Yun Feng wasn't a member of the Dragons, she still knew the changes of the Dragons clearly, so she was a bit more confident.

There was a long sigh. "Things will always go the other way when they reach the extreme. The Dragons were at their peak for a while, so they certainly had their desolation. You don't have to be sad, descendant. As long as the bloodline of the Dragons doesn't end, the rise of the Dragons will definitely come."

There was a deep meaning in what he said. As long as the Dragons lived endlessly, their decline and rise would always alternate. Now that they had declined, there would definitely be a day when they could dominate again! Perhaps this was one of the reasons why the Dragons were still so powerful and had such a stable foundation after so long! The mystery might also come from this!

"I'll certainly remember what my ancestor said," said Yun Feng solemnly. She would definitely tell Uncle Flirtatious everything without missing a word. Perhaps Uncle Flirtatious wanted to hear this with his own ears. Even members of the Dragons wouldn't enter the burial ground casually. She had no choice but to break in this time.

“It’s good that you remember it. Is there anything else?” The old voice sounded again. Yun Feng looked at the Fire Element Seed in the mouth of the Red Dragon. She didn’t have to get it. She just had to ensure that the Blood Souls didn’t get the Fire Element Seed. Even if she got the Fire Element Seed, the ability of the Element Seed wasn’t something she could control right now.

“If there’s no blood of our clan, outsiders shouldn’t be allowed to enter the burial ground, right?”

“Even though there are certain protective measures here, it’s still possible for Fantastical Beasts to break in. After all, my strength has already weakened too much. It’s difficult to resist them.”

Yun Feng’s heart tightened. So, she couldn’t leave the Fire Element Seed here. Once she got it, the fire Fantastical Beast would chase after her relentlessly and might even kill her to take it. Yun Feng took a deep breath. “Ancestor, it’s no longer safe to store the Fire Element Seed here..”

Chapter 1955: The Red Dragon (2)

The void was silent again and the old voice came again. This time, it was full of endless vicissitudes of life. “Junior, do you know anything about the Element Seed?”

Yun Feng was stunned. She only knew a little bit about the Element Seed. She only knew that the Element Seed was the source of elemental energy. There was only one of each element. The energy contained in the Element Seed was very huge and wasn’t something humans could control!

Yun Feng pondered. The Dragons were a Magic Beast race that could compare to Fantastical Beasts. What Ah Luo said just then mentioned that even the oldest Fantastical Beast had to think twice about the Dragons, which showed how high the status of the Dragons was a long time ago! The Dragons certainly knew a lot of secrets! They certainly knew more about the Element Seed!

“I don’t know. Please enlighten me, ancestor.” Yun Feng said loudly, but the old voice smiled first. “It’s truly rare to have such a humble descendant in our race. The other races will look at the Dragons in a different light.”

Yun Feng smiled a bit awkwardly and listened quietly. A secret about the Element Seed slowly began.

“Everything in the world grows and misfortunes come and go. There has never been an eternity. No matter how huge a race is, no matter how powerful it is, there will be a day when it gradually dies out. No matter how weak a race is, no matter how low its power is, there will be a day when it rises.”

Yun Feng listened quietly. The teachings of the elder of the ancient races and everything the ancestor of the Dragons said were all true in the current world. Indeed, nothing in the world was eternal.

“The same goes for the Element Seed. Even though it’s the source of the power of elements, there’s no such thing as eternal power. Its power doesn’t last forever.”

“Ancestor, do you mean... the power of the Element Seed will gradually weaken?”

“That’s right. The power contained in the Element Seed can’t last forever. As time passes and with external forces, the power inside will also change. As for Fantastical Beasts, they can be said to be the closest to the Element Seeds.”

“Closest?”

“It’s said that Fantastical Beasts are born in the Element Seeds. The reason why Fantastical Beasts are powerful is because they directly absorb the pure power of the Element Seed.”

The power of the Element Seed wasn’t something humans could control. Even Magic Beasts found it very difficult. Only Fantastical Beasts had such an ability.

“The power of the Element Seed was already absorbed in large amounts when the Fantastical Beast was born. Wouldn’t the elemental energy of the Element Seed be much weaker?”

The old voice chuckled. “So, power isn’t eternal. When it’s weakened, the Element Seed will gather energy again as time passes, just like an empty water jar that will be overflowing after a few rains.”

After accumulating slowly, their power would reach the peak again one day. Yun Feng more or less understood. So, when their power was full, it would naturally flow away if it wasn’t absorbed.

“The nourishment of the Element Seed can be said to be a drop in the bucket, but it’ll be very different if it’s put in the corresponding elemental environment. Descendant of the Dragons, do you know about the fragment of the Element Map?”

“I know. It’s the fire-element fragment.” Yun Feng replied. If it were Ao Jin, a real descendant of the Dragons, he probably wouldn’t know anything.

“That’s right. I want to tell you that the Fire Element Seed was born among the Dragons!”

Dragons! Yun Feng was shocked. So, that fire-element Fantastical Beast was a member of the Dragons? But that wasn’t the case... If it was a member of the Dragons, why would it be kicked out of here?

“The Fire Element Seed was born among the Dragons and the fire Fantastical Beast was also born among the Dragons!” Nôv(əl)B\\jnn

Yun Feng frowned. “But isn’t the fire-element Fantastical Beast...”

“As I said earlier, there’s no eternal power. The Element Seed is like this, and so are the Fantastical Beasts.”

Yun Feng’s black eyes widened as a thought flashed through her mind. Could it be... that Fantastical Beasts could also be replaced? To be exact, it was a trade-off!

“My descendant, you’re right. Even Fantastical Beasts don’t have eternal life.

They will die one day!”

Yun Feng’s heart trembled fiercely. It turned out that nothing could escape reincarnation. Nothing could escape the circle of life and death! Fantastical Beasts were indeed powerful and respected. They had the ability to turn the world upside down, but they couldn’t escape the day of death!

“If the Fantastical Beast can have the Element Seed, it’ll be equivalent to having continuous powerful energy.” The old voice said again. “In this way, the Fantastical Beast will become a powerful eternal existence.”

“Didn’t my ancestor say that there’s nothing eternal in the world? Isn’t it contradictory?”

The old voice suddenly smiled with a hint of coldness in his smile! “This is the rule. Whoever violates the rule will be dealt with, even if it’s a Fantastical Beast. ”

Yun Feng’s mind was a bit chaotic. The layers of information seemed clear, but there was actually more to it. Someone would step up when a Fantastical Beast violated the so-called rules. Who would step up? The Fire Element Seed was born in the Dragons and the fire Fantastical Beast was also a member of the Dragons. So, the fire Fantastical Beast born in the Dragons violated the so-called rules!

“Ancestor, the fire Fantastical Beast of the Dragons...”

The void was silent and the old voice came again. "The day of death is both natural and man-made."

Someone killed a Fantastical Beast! Was there an existence above the Fantastical Beast? A name suddenly flashed through Yun Feng's mind. "Na

Xie..."

"My descendant, you know about his existence too?!" The old voice was full of surprise. Yun Feng finally realized that she had unknowingly told him what she was thinking. Yun Feng's heart sank. So, Na Xie was the one who eliminated the fire-element Fantastical Beast born by the Dragons? Na Xie had power that surpassed that of Fantastical Beasts! To be exact... was Na Xie the balance that maintained this world?!

Yun Feng was shocked in her mind. Meatball, which showed up in such a cute posture back then, had accompanied her all the way. Even though she knew that Na Xie was powerful, she had never thought it would have such a powerful ability!

"I've only heard about it," said Yun Feng. The old voice heaved a long sigh. "Have you heard? Anyway, it's impossible for you to come into contact with it at such a young age. Back then, the fire-element Fantastical Beast of the Dragons was killed in its hands. In exchange, the Dragons also wanted to destroy the Fire Element Seed.."

Chapter 1956: The Red Dragon (3)

Yun Feng frowned. Destroying the Fire Element Seed... The Dragons always valued their clansmen and were quite irritable, so it was natural for them to do this. However, the Fantastical Beasts couldn't just sit back and do nothing. The disappearance of the Element Seed would definitely have extremely terrifying consequences.

"Junior, have you guessed the result?"

Yun Feng looked up at the Fire Dragon's red eyes that were glittering with fire and connected everything. A clear line was formed in her mind. "The Fantastical Beasts wouldn't just sit back and do nothing. They would definitely stop such a move. The Fire Element Seed was in the hands of the Dragons. The Dragons were powerful. The Fantastical Beasts could only threaten them, such as... imprisoning them."

Yun Feng had never known why there was an ancient dragon in the Dragon Palace. In the past, every time Senior Yao Guang was in a difficult position or didn't intend to help, a voice would come out to help. Later, Yun Feng finally saw the owner of the voice. It was undeniable that it was indeed an ancient dragon!

Now, there was a vague answer. The ancient Dragons were imprisoned by Fantastical Beasts. The Dragon Palace used to have the function of imprisoning them, and everything made sense now. As for why the Dragon Palace left the Beast Region and returned to the hands of the Dragons again, this was another mystery. Back then, her master specially left the Dragon Palace with the

Dragons and allowed the members of the Dragons to take treasures from the Dragon Palace. It was very likely that the ancient dragon imprisoned inside was one of the reasons.

“You’re right. The leader of the Fantastical Beasts imprisoned a member of the Dragons just like that. The Dragons finally stopped and agreed not to do anything to destroy the Element Seed, but the leader of the Fantastical Beasts was still suspicious. Just like that, the Fire Element Seed has been sealed here.

This is the burial ground of our race. Under the nourishment, the Fire Element Seed has also turned into a dragon form and even mixed with some dragon breath. ”

Yun Feng was shocked again! This Red Dragon could be said to be the embodiment of the Fire Element Seed. Its dragon form even carried dragon breath. No wonder it listened to the orders of the ancestors of the Dragons.

“I’ll never let the fire-element Fantastical Beast take the Fire Element Seed away!” Coldness flashed through the old voice. “You’re a descendant of the Golden Dragons, so you must be the current successor of the Dragons. It can’t be better to give the Fire Element Seed to you. You only need to mobilize the dragon breath in your body to control the Fire Element Seed. Now, I’ll eliminate my connection with it. You can try. ”

Yun Feng raised the corners of her mouth stiffly. She wasn’t a member of the

Dragons at all. How could she use her dragon breath to control the Fire

Element Seed? If she exposed herself at this moment, the consequences... Yun

Feng looked up and confronted the huge red eyes again. She twisted her wrist and the bottle containing Ao Jin’s blood appeared. Yun Feng was suddenly relieved. The owner of the voice shouldn’t be able to see anything she did. He could only sense with his aura, or she would have been exposed.

There wasn’t much golden blood left in the bottle. Yun Feng carefully poured some out and put it in her hand. If she was right, this method should work.

She pressed the golden blood fiercely with her hand and her mental strength seeped out of her body into her palm. Then, it seeped into the golden blood. The dragon breath that belonged to the Golden Dragons slowly surged out of the blood and seeped into the translucent Red Dragon!

“Swish...!” A glint of light suddenly shot out of the eyes of the Red Dragon and a strange connection was established between the Red Dragon and Yun Feng!

“Well done!” The ancestor praised in relief, but Yun Feng knew that such a

connection was only temporary. After all, she wasn’t a member of the Dragons. The dragon breath couldn’t exist forever! Yun Feng gritted her teeth secretly. What she could do right now was to never expose herself here. She had to take the Fire Element Seed away no matter what!

“With the help of the Fire Element Seed, even the fire-element Fantastical Beast won’t be able to do anything to you. You can leave now.” The old voice said. Then, an invisible force instantly knocked Yun Feng away. The moment her body rose into the sky, the fiery red dragon tail wrapped around Yun Feng’s body. Even though the fire was right in front of her, Yun Feng couldn’t feel any heat at all. The seemingly high - temperature fire brushed gently on her body, like a feather.

The Red Dragon ran all the way out with Yun Feng’s body, so fast that Yun Feng could only hear the sound of the wind whistling in her ears! It was that huge door again, but there were no longer the nine giant dragons when she came. In its place were two figures guarding there.

“You’re just a human being. You’re truly daydreaming!” When the Fire Cloud saw the Red Dragon wrapped around Yun Feng, its face immediately turned cold. Without another word, it immediately attacked. A ball of scorching fire slashed from the air with an obvious fire mark. The Red Dragon swung its long tail and the fire it threw out confronted the Fire Cloud’s fire. The two balls of fire met and caused a huge wave of fire, exploding in the air. A huge energy wave spread everywhere. With the Red Dragon’s protection, Yun Feng wasn’t injured at all. However, the Fire Cloud moved its body away in a sorry state with a hint of resentment flashing in its eyes.

Even though Ah Luo didn’t do anything on the side, the surprise in his eyes was obvious. Yun Feng was a human being. How exactly did she get the Fire Element Seed? And who was this Red Dragon? Its combat ability was comparable to that of the fire-element Fantastical Beast?

Yun Feng had no intention of fighting with the Fire Cloud again at all. She needed a lot of dragon breath to establish a connection with the Red Dragon. She had to leave this place as soon as possible, or when the dragon breath was exhausted and the Fire Element Seed was in a state of defense, she wouldn’t be able to stop the Fire Fantastical Beast from seizing it at all!

The best solution right now was to leave this place as soon as possible and meet Uncle Flirtatious!

Brutality also flashed through Yun Feng's eyes as a thought flashed through her mind. Fire ignited in the Red Dragon's red eyes.. Let her experience the power of the Fire Element Seed first!

Chapter 1957: Fight (1)

There wasn't much Golden Dragon Blood left. Yun Feng estimated for the time being. She could only gather all the energy to beat back the fire-element Fantastical Beast in front of her. Once she left this place, there would be Lanyi and four contracted Fantastical Beasts outside. No matter how powerful the fire-element Fantastical Beast was, it wouldn't be able to withstand the collective attack of so many people. Besides, Yun Feng was quite strong. She was at Grade 5 of the God Emperor Level and there were five Grade 5 God Emperor Magic Beasts. Even the fire-element Fantastical Beast would have to think twice!

Yun Feng poured all the Golden Dragon's blood into her hand and clasped her hands fiercely. The huge aura of the Golden Dragon surged out and instantly entered the body of the Red Dragon. The Red Dragon's red eyes shot out huge light again as it raised its head and roared!

"I knew it. How can a human control the Fire Element Seed? She indeed played some tricks!" The Fire Cloud saw Yun Feng's movements clearly just then and was even more furious in its mind. Ah Luo frowned on the side. So that was the case?

"Ah Luo! Why are you still standing there?" Fire Cloud shouted furiously. "Get the Element Seed for me! I promise you that I'll go back to the Beast Region with you to meet the Master!" A cunning glint flashed through Fire Cloud's black eyes. Ah Luo couldn't help but raise his brows. "Are you serious?" "When have I ever lied to you? With our friendship, do you not trust me?"

Yun Feng's heart sank. Ah Luo's expression had indeed changed. A mere friendship could command him. He was too one-track-minded!

"Yun Feng, I don't want to fight with you. Hand over the Fire Element Seed and

I'll take the Fire Cloud back to the Beast Region. Don't worry about the Blood Souls," said Ah Luo. Yun Feng sneered! "What a joke! As I said, I won't pay for your friendship. I'll never hand over the Fire Element Seed. At most, just attack together!"

"Human! Do you really think you can control the Fire Element Seed? Even though I don't know what method you used, you're not qualified to have the Fire Element Seed at all!"

Yun Feng curled her lips coldly. The relationship between the Element Seed and the Fantastical Beast was complicated, especially since the Fire Element

Seed was related to the Dragons. Since she got the Fire Element Seed from the

Dragons, the ancestor of the Dragons had asked her not to let the Fire Element Seed fall into the hands of the current fire Fantastical Beast! Since she got benefits from it, she certainly had to carry out the instructions of the Dragons!

“I’m not qualified, and neither are you.” Yun Feng whispered as a glint of red light suddenly flashed through her black eyes. The Red Dragon suddenly opened its mouth, and visible raging fire burnt in its body and mouth. Its huge dragon tail protected Yun Feng firmly. The Fire Cloud frowned when it saw that. It would be a bit difficult to break through the protection of this Dragon.

“Yun Feng, are you really unwilling to hand it over?” Ah Luo asked in a deep voice. Yun Feng’s expression was full of coldness. “Never.”

“Why are you still talking nonsense with her? Snatch it!” With a furious roar, Fire Cloud’s body stepped up from the air and flames burst out of its body. Its black hair danced crazily in the air and layers of fire gathered in its originally pure black eyes at this moment!

She waved her arm gently and dozens of fire vortexes appeared in the void. The temperature in the void suddenly increased and was unbearable! If it weren’t for the protection of the Red Dragon, Yun Feng would probably have already been roasted. Countless fire vortexes covered the void. If she was careless, she would be swept in and turned into ashes!

“Swish, swish, swish...!” Several scorching fire attacks came from the direction of the Fire Cloud with long traces of fire snakes. The Red Dragon opened its mouth and flames that were like volcanic eruptions surged out, forming a very solid fire wall in front of it. All the attacks of the Fire Cloud were blocked!

“Ah Luo!” Fire Cloud couldn’t help but shout loudly when it saw this. Ah Luo’s purple eyes were deep. As long as he didn’t hurt Yun Feng, it wouldn’t be considered disobeying Master’s order. The most important thing was to bring Fire Cloud back to the Beast Region! “Zi, zi, zi...!” Lightning suddenly appeared. Fire Cloud was delighted when she saw this. Even if she wasn’t strong enough alone, with the combined strength of two Fantastical Beasts, that human would only die here no matter how capable he was! She didn’t care what would happen to this human. What she wanted was the Fire Element Seed!

Was he really going to attack? Seeing Ah Luo’s movement, Yun Feng’s heart suddenly sank! How could she deal with the two Fantastical Beasts? Even with the energy of the

Fire Element Seed, no matter how outstanding she was, she couldn't fight two of them alone! Besides, the use of the Fire Element Seed needed dragon breath to maintain it!

The more it was like this, the calmer Yun Feng became. This was a habit formed by constantly fighting in the Nirvana Road. On the Nirvana Road, the predicament Yun Feng faced was even more terrible than right now. She resolved it time and time again. The battles taught her that any situation that seemed to be death and despair was actually full of life. The calmer she was, the higher the chance of survival!

One against two, and she had even tried one against four! A beam of light flashed through Yun Feng's mind. In the final trial of the Nirvana Road, she fought one against five! In such a situation, she forgot another important factor, Na Xie!

An existence above Fantastical Beasts, Na Xie! Its power was stored in her body. Na Xie had once said that it wouldn't appear in the form of Meatball again, but its power was stored in her spiritual space. In other words, she could use Na Xie's power!

"Na Xie!" Yun Feng tried to call out. After a while, Na Xie's voice came slowly.

"Yun Feng, it's me."

She was delighted in her mind! In the past, it took a lot of effort for Na Xie to talk to her, and it was very short. Now, it seemed that she could establish a connection with him anytime! "If I use the power you left in your spiritual space, will it affect your original body?"

"If it's just a small part, I don't think so. The original body needs a huge amount of power and can only rely on accumulation over time. Your spiritual space gave me a lot of help and sped up a lot. It's natural for me to lend you my power."

Yun Feng was certainly even more surprised after hearing this. "One against two, two Fantastical Beasts. Do I have a chance of winning?" Nôv(e)B\jnn

"Two Fantastical Beasts?" Na Xie was puzzled. "Where are you? Why are you facing two Fantastical Beasts?"

"Didn't you notice?" Yun Feng was surprised. Na Xie said in a low voice, "My original body needs energy. I certainly can't be awake all the time. Even if I'm in your body, I've been in a deep sleep."

I see. So, Na Xie doesn't know anything about what happened in the outside world. "As for why, there's no time to explain in detail.. Do I have a chance to defeat two Fantastical Beasts?"

Chapter 1958: Fight (2)

“With my current strength, it’s a bit difficult to defeat them, but they can’t hurt you.” Na Xie’s voice changed slightly. “Which two Fantastical Beasts are they?”

Yun Feng suddenly fell silent. She would definitely take the time to ask Na Xie about the Dragons in the future. Even though the ancestors of the Dragons said that Na Xie was the person who killed the Fantastical Beast of the Dragons, Yun Feng still couldn’t believe that such a cute Meatball, who protected her and was gentle to her, would kill the Fantastical Beast...

“That’s not important. I’ll tell you in detail when I have the chance in the future.”

“Alright. If Fantastical Beasts really dare to bully you, I won’t let them go when I return to my original form in the future!”

Yun Feng chuckled. She wasn’t used to such an old tone. After ending the conversation with Na Xie, Yun Feng opened her black eyes.

In Yun Feng’s spiritual space, the scorching light ball that had been floating in her spiritual space was spinning constantly. Suddenly, the light ball emitted a beam of dazzling light. A beam of white light spread out of the light ball and directly penetrated Yun Feng’s mental strength!

Instantly! A powerful force came from her mental strength. Yun Feng only felt her body tremble fiercely! This was Na Xie’s power!

Without hesitation, he flipped his hand and pointed his palm out. The power tide that had been suppressed in her body for a long time gathered in his palm and shot out in a certain direction in the air!

“What?” Fire Cloud was shocked! The energy attack that suddenly burst out of Yun Feng’s hand caught her off guard! “What kind of power is that? That’s not a power that humans can emit at all!” Fire Cloud roared as her body had already taken a few steps back by the energy in a sorry state! Ah Luo was the same! The attacks of the two Fantastical Beasts were instantly interrupted and they both took a few steps back in a sorry state! The eyes of the two Fantastical Beasts began to glitter with questions in their minds!

Did Yun Feng really launch that attack just then?

“Let’s go!” With a command, the dragon tail wrapped around Yun Feng and started to rush out. Yun Feng didn’t want to fight. What she wanted to create was an opportunity to leave this place!

“Don’t even think about it!” Seeing that Yun Feng was about to escape, the Fire Cloud immediately rushed over. Fire spread from her body and formed a bright shadow in the air. Yun Feng didn’t even look back. She slapped back and the power just then burst out again. The pupils of the Fire Cloud immediately shrank when she saw this and her body quickly dodged to the side. She had to dodge! This time, the distance between it and Yun Feng widened again.

The Fire Cloud immediately cursed in a low voice and chased after her again in a hurry. However, every time they were about to catch up, Yun Feng would do this. The distance finally widened again, which made the Fire Cloud extremely angry in its mind! A human forced her into such a situation. How could it let her go?

Even though she was angry in her mind, the Fire Cloud really didn’t dare to use its body to withstand this attack. For some reason, her heart was full of unknown awe for this power!

Ah Luo also followed closely behind and didn’t go forward too much. Looking at Fire Cloud’s messy figure that was chasing and dodging, Ah Luo, on the other hand, became deep in thought. Master had said earlier that Yun Feng was special. He had always thought that her specialness was her potential, the power of her bloodline, and the opportunity she had along the way. However, it seemed that Master’s so-called specialness had a deep meaning.

There must be something else on her that he couldn’t see but Master could see through. Yun Feng right now could not only control the Fire Element Seed, but also have the ability to knock back the Fantastical Beast! Did she really have such power? If she did, why did Master treat her like this?

The Fire Dragon took Yun Feng all the way up and went straight out. Yun Feng didn’t have to worry about the direction. The Red Dragon certainly knew. She only needed to keep a distance from the Fire Cloud at the right time and let her chase.

The three of them ran in the air, while the group of people outside had already waited until they felt bored.

“Why isn’t Yun Feng out yet? Will she be alright?” Er Lei was extremely frustrated. He happened to see the corpses of the Blood Souls lying on the side. They were immediately struck by lightning and the smell of their bodies being burnt came. The six people of the Blood Souls who were killed were very miserable. Not only were they killed, but their corpses had already been ravaged many times and became the best targets for venting their anger.

“It’s useless even if you’re anxious. None of us can break through the ground. We can only wait.” Sister Hua was also a bit impatient on the side. She stared at the ground with her green eyes. Little Yun Feng, nothing must happen to you.

Yaoyao had been guarding the entrance of the gone cave and wasn't willing to take a step forward. It was useless no matter what Si Wen said. The little girl stayed here stubbornly and was very dissatisfied with Si Wen. In the end, Si Wen could only sigh and stay there with Yaoyao.

Qu Lanyi was also guarding here, but he still had to focus on Xuan Yi and Buyuan Misheng. The two of them hadn't left or done anything else. Even though they were sitting in a corner, Qu Lanyi still wouldn't relax at all.

When everyone was immersed in such a dull atmosphere again, an aura quickly approached, making everyone's expression change!

"At this moment, are they the follow-up troops of the Blood Souls?" Lan Yi frowned hard. Er Lei cracked his fingers. "You came at the right time. I was worried that I didn't have a place to vent my anger!"

Everyone stood up and their faces couldn't help but darken. If it was really the follow-up troops of the Blood Souls, it wouldn't be good. There would certainly be a second and third wave of the follow-up troops. Xuan Yi pressed Buyuan Misheng's arm gently, asking him not to do anything.

Buyuan Misheng raised his brows. Xuan Yi said in a low voice, "The Blood Souls' target is them. We'll wait and see."

Buyuan Misheng chuckled. "A cunning fox."

"No matter who it is, if it's an enemy, we can only fight." Qu Lanyi stood up and glanced at Xuan Yi coldly with his black eyes. His eyes were obviously sending a message: I've been monitoring you.

Xuan Yi chuckled and gave Qu Lanyi a look. He didn't bother to do anything at this moment. It was meaningless.

Everyone was ready for battle. The aura that was approaching was extremely strong and the speed of the approach was quite fast. After a while, they were already a few steps away! Everyone's face darkened.. They were about to attack together when a head of dazzling golden hair jumped into everyone's sight!

Chapter 1959: Fight (3)

"Ao Jin!" Qu Lanyi exclaimed! The others were also stunned! They all stopped attacking and a tall and sturdy man rushed in like lightning. After seeing the situation in the cave, a glint of anger flashed through his golden eyes. "Why is this place like this?"

“It’s a long story.” Qu Lanyi couldn’t help but smile wryly. Er Lei couldn’t help but feel delighted to see Ao Jin. He stepped forward and patted Ao Jin’s shoulder. “Ah Jin, why are you here?”

Ao Jin frowned and looked around with his golden eyes. He became even gloomier when he didn’t see Yun Feng. “Where’s the girl?”

“Master was sucked into a pit and then the pit disappeared. We can’t break the ground, so we can only wait here.” Lan Yi said. Ao Jin was relieved. It seemed that the girl had entered the burial ground of the clan. With his Golden Dragon Blood, it shouldn’t be a problem.

“People of the Blood Souls?” Ao Jin glanced at the corpses of the Blood Souls. Qu Lanyi nodded. “I don’t know when it started, but we had already been followed by the Blood Souls all the way here. We can’t rule out the possibility that someone did this on purpose.” Qu Lanyi glanced at Xuan Yi, and so did Ao Jin. Xuan Yi chuckled and didn’t comment.

“The God Emperor of the Blood Souls was also sucked in,” said Qu Lanyi. Ao Jin smiled in disdain. “It doesn’t matter if he goes in. He won’t be able to come out alive.”

Qu Lanyi raised his brows. Since Ao Jin said so, he must be confident. He couldn’t help but relax. “Speaking of which, why are you here?”

Ao Jin frowned. “I’ve been worried, so I rushed here directly. Luckily, I’ve already dealt with some important things. It’s not my place to worry about the rest. ”

“Xuan Yi, the young master of the Dragons IS here too,” said Buyuan IV11sneng in a low voice as he glanced at Ao Jin. “We’ve already been keeping a close eye on Naxi Lanyi. And now, Ao Jin is here. What do you plan to do next?”

Xuan Yi chuckled with deep coldness in his eyes. “I indeed didn’t expect Ao Jin to come, but it doesn’t matter how many people come. Misheng, I just want to follow Young Lady Yun. Do you think I have other thoughts?”

Buyuan Misheng was surprised. Then, he shook his head. “Hm, I don’t believe that you’re someone who has such a simple thought. It would be better if it were me.”

Xuan Yi chuckled. “You’ve been following me for so long. Have you finally learned how to change your mind? I’ll say the same thing. It doesn’t matter how many people come. ”

Buyuan Misheng raised the corners of his mouth. “After all, we’re on the same boat. It doesn’t make sense for you to not tell me anything and make me confused.”

Xuan Yi raised his brows and looked at Buyuan Misheng. “You’ll ruin my business if I let you know. You don’t have to know. You’re doing me a favor.”

Ao Jin looked at Xuan Yi and the others, who were whispering, and asked in a low voice, "Did they do anything?"

Si Wen's blue eyes turned cold. "If we're talking about what they did, does it count if they've been plotting against someone behind their backs?"

Ao Jin was stunned. He subconsciously looked at Qu Lanyi, who chuckled. "I'm not in the mood to settle the score with him right now. We'll talk about it after Xiao Feng comes out safely. I know very well what he did to me. I'll settle the score in the future."

Ao Jin burst into laughter. "Qu Lanyi, you're finally more like a man." Hearing that, Qu Lanyi's face darkened. "Ao Jin, do you want to fight?"

"Sure, anytime."

Si Wen couldn't help but sigh helplessly. He said just then that he had to wait for Yun Feng to come out. What was the meaning of the fiery atmosphere between the two of them right now? "I say, you..." Si Wen had just opened his mouth when Ao Jin's golden eyes suddenly glittered and a smile appeared at the corners of his mouth. He felt that his Golden Dragon aura was approaching quickly. That girl should be coming out!

Seeing Ao Jin's expression, Qu Lanyi immediately understood something. His heart trembled. Xiao Feng was coming out?!

Xuan Yi chuckled and looked at the ground thoughtfully with his black eyes. Was Young Lady Yun coming out?

As the Golden Dragon aura got closer and closer, the smile in Ao Jin's eyes became bigger and bigger. However, when it got closer again, Ao Jin suddenly found that something was wrong. Apart from his Dragon aura, there were even more powerful auras! And there was more than one!

Ao Jin suddenly frowned. Qu Lanyi was puzzled. "What's wrong?"

"Boom! Boom! Boom!" A faint explosion suddenly came from the ground.

Everyone was stunned! Wasn't Yun Feng's entrance a bit too grand?

"Boom!" This time, it wasn't just the sound. The ground suddenly shook!

"Something's wrong." Si Wen frowned. Ao Jin frowned even more tightly. Er Lei said, "What's going on?"

"Buzz!" This time, even the void shook!

“Dodge quickly!” Ao Jin suddenly shouted. While everyone was shocked, their bodies subconsciously moved. Si Wen picked Yaoyao up by the waist and instantly retreated. Ao Jin and Qu Lanyi also flashed and retreated a hundred meters! The other three contracted Magic Beasts also dodged quickly. At this moment, several cracks spread on the ground like broken eggshells. The next second, a scorching red figure came out of the ground!

What was that? That was the question in almost everyone’s mind!

The ground cracked and stones flew everywhere. A huge energy shock wave suddenly spread after the red figure rushed out. Luckily, everyone hid far away. Buyuan Misheng waved his hand and shattered the stones that came. A layer of sweat couldn’t help but appear on his palm. “That was so close... What kind of power is this... Xuan Yi, are you alright?”

Buyuan Misheng turned around and looked at Xuan Yi, only to find that his expression was very complicated. There was surprise, gloominess and excitement. “Xuan Yi, what are you looking at... What’s...?” Buyuan Misheng followed Xuan Yi’s gaze. When he saw the scene in front of him clearly, even his words were completely frozen!

“That... That’s...!” Buyuan Misheng widened his eyes and stared at the fiery red dragon in the sky. The fire around its body burnt recklessly and the fiery red dragon’s eyes were glittering with red light. Its dragon tail was coiled in front of it and the figure it was protecting was Yun Feng!

“Where did Yun Feng get this Dragon?” Buyuan Misheng screamed, while Xuan

Yi said softly, “Misheng, look carefully. That’s not a real Dragon.. That’s the

Fire Element Seed!”

Chapter 1960: Fight (4)

‘W-What?’ Buyuan Misheng’s eyes widened even more. The Fire Element Seed! If it was really the Fire Element Seed, Yun Feng already had the ability to control the Element Seed! How... How was that possible?

“Nothing is impossible, because she’s Young Lady Yun.” Xuan Yi seemed to have seen through what Buyuan Misheng was thinking. He looked at the Red Dragon with scorching black eyes and mumbled.

Buyuan Misheng was extremely surprised. Yun Feng’s four contracted Magic Beasts were also stunned. What was wrong with this Dragon? Wasn’t Master’s fire-element

Magic Beast the Fire Cloud Wolf? “Did Brother Fire change its form?” Lan Yi said. He couldn’t figure out how a Fire Cloud Wolf turned into a Dragon either.

If Little Fire heard this, it would really go crazy.

Ao Jin’s pupils shrank fiercely. This was a Dragon? And yet... it wasn’t a Dragon! What was it holding in its mouth?

After rushing out of the ground, Yun Feng opened her eyes and saw that everyone was here, including Uncle Flirtatious! Yun Feng was immediately delighted in her mind. That was great. She was originally worried that if she couldn’t wait for Uncle Flirtatious to come here, what would the Fire Element Seed do? She didn’t expect him to come!

Just as she was about to say something, Yun Feng’s heart sank. The Red Dragon swung its long tail abruptly and a fire was released, going straight to the entrance of the cave!

“Boom...!” There was a loud noise! Another two figures appeared. Fire Cloud’s face was almost as black as the bottom of a pot. She gritted her teeth, but couldn’t do anything to Yun Feng!

“That’s...!” Qu Lanyi saw Fire Cloud and Ah Luo rush out. Those who could be with the Fantastical Beast must also be Fantastical Beasts! A fire-element Fantastical Beast? Qu Lanyi frowned and his eyes suddenly turned bloodshot. It seemed that the fire-element Fantastical Beast wasn’t on their side. “Uncle Flirtatious!” Yun Feng shouted. Ao Jin was stunned! “Argh... Argh!”

“Prepare your dragon breath!” Yun Feng shouted again. Ao Jin’s mind was in chaos. Dragon breath? Why did she want his dragon breath? What did this girl mean?

“Uncle Flirtatious, catch it!” Yun Feng didn’t have time to explain. The dragon breath she had was already at the end! Luckily, Uncle Flirtatious came! He really came in time!

“Huh...? Catch it? Catch what? Kid, what do you mean?” Ao Jin was confused and didn’t know what to do at all. Qu Lanyi moved. “Prepare the dragon breath so that you can catch it!”

Ao Jin was stunned again. Then, he became serious. “Since the girl asked me to take it, I must take it firmly!”

Yun Feng’s black eyes glittered and the Red Dragon instantly let go of its long tail. The dragon breath in Yun Feng’s hand was cut off at this moment. The red light in the Red Dragon’s eyes darkened! Seeing that, the Fire Cloud immediately flashed and wanted to take this opportunity! Yun Feng flipped her hand and a stream of power burst out again, directly forcing the Fire Cloud back a few steps! Yun Feng’s body was also sent flying

because of the energy fluctuation. A pair of arms held her waist steadily at this moment and exerted strength, already pulling her into his warm and thick chest.

Yun Feng looked back at him with warmth in her eyes. "Lanyi."

Qu Lanyi held Yun Feng tightly and didn't say anything. He landed on the ground with her. Yun Feng shouted loudly, "Uncle Flirtatious, now is the time. Breathe into the Red Dragon!"

Ao Jin didn't know why he did this at all. Even though he didn't have any clue at all, he didn't intend to find out clearly! "I'll do whatever you want me to do, kid!" The Golden Dragon's breath suddenly surged out of Ao Jin's body and went towards the Red Dragon! The Fire Cloud certainly wouldn't give up the Fire Element Seed when it saw this! It waved its hand fiercely and a beam of dark red fire shot towards Ao Jin!

"Earth Shield!"

The golden wall blocked the way, but it was completely shattered by the red light! Ao Jin gritted his teeth. He knew that this attack was quite powerful, but he couldn't stop just like that! There must be an important reason why the girl asked him to do this!

Qu Lanyi extended his arm and his blood-red eyes emitted scorching blood light. He slapped the red gear in his heart fiercely and a dazzling white light appeared! Extremely dense elemental power surged out of Qu Lanyi's hand and turned into a dazzling barrier, standing in front of Ao Jin. The dark red fire hit the barrier and bounced back!

"This is...!" Fire Cloud was surprised. It suddenly dodged and narrowly avoided the attack that bounced back. It looked at Qu Lanyi in disbelief. Who exactly were these two humans?

At the same time, Ao Jin's Golden Dragon aura had already entered the Red Dragon's body. A special feeling surged into Ao Jin's heart. At this moment, flames burst out of the Red Dragon's red eyes again. The connection was complete!

"How hateful! Yun Feng!" Fire Cloud looked at the Red Dragon with unwillingness in her eyes! She also knew very well that even as a Fantastical Beast, she might not have a chance of winning in front of these people. Besides, it was very difficult for her to get the Fire Element Seed!

"Yun Feng, I'll remember you!" Fire Cloud looked at Yun Feng deeply and immediately tore open the void with its arm, jumping in directly!

"Fire Cloud, where are you going?" Ah Luo said. Fire Cloud curled its lips coldly. "Ah Luo, from now on, we'll be enemies! I'll definitely take this human's life! If you have the ability, stay with her, or I'll make her die an ugly death!"

Ah Luo's heart sank and the Fire Cloud's body was immediately swallowed by the void. Ah Luo glanced at Yun Feng with a complicated expression, then hid her body and disappeared.

"Kid, what exactly is this guy?" Ao Jin's voice came as he looked at the giant dragon in front of him in confusion. This guy wasn't a dragon at all! It was clearly made of fire, but there was even dragon breath in this guy's body! What exactly was this guy?

Yun Feng glanced at the messy scene here at this moment. "Let's talk in detail after we leave this place."

Ao Jin nodded. Everyone moved and was about to leave. Xuan Yi and Buyuan Misheng had been observing everything in front of them in an inconspicuous corner. Buyuan Misheng said, "Wasn't it a pity if you let go of the opportunity just then?"

Xuan Yi chuckled and looked at Yun Feng's back as she walked forward. He whispered, "It's truly a pity to attack without any chance of winning.."

Chapter 1961: Disappearance (1)

The Great Crack was covered in white mist all year round and nobody would get close easily. Even though it was in the Fengyun Empire right now, it was also a desolate place. If it weren't for Meatball's guidance back then, Yun Feng wouldn't have taken the initiative to enter, let alone the others.

"Swish...!" The white mist that enveloped the place was broken by an unknown figure again and again. After a few figures kept flying out, they slowly gathered again and returned to their original state. Yun Feng looked around. There was a dense forest. She could find a place to talk.

Yun Feng walked straight forward, and the others all followed her closely. Ao Jin glanced at the Red Dragon that followed him closely from time to time and felt weird in his mind. He kept frowning. Who exactly was this guy? Could it be the soul of an ancestor in the burial ground?

"It's just ahead. Let's stop and rest for a while first." Yun Feng pointed. Everyone agreed. Then, they landed from the sky and a few figures came. There was no movement in the forest at all, as if there was no life here. All the Magic Beasts were hiding in their nests and dared not to come out at this moment.

Yun Feng waved her arm and sealed the space nearby. Even though they could discover anyone who got close with their strength, Yun Feng still sealed the space just in case someone reckless came to disturb her.

Everyone sat down one after another. Xuan Yi and Buyuan Misheng, on the other hand, sat further away consciously. Yun Feng looked at Ao Jin apologetically. "I'm sorry, Uncle Flirtatious. I'm really sorry for making that place like that." After all, that was the burial ground of the Dragons. Even though Yun Feng didn't do it on purpose, she indirectly destroyed that place.

"That's nothing. You had no choice," said Ao Jin as he glanced at the Red Dragon on the side. "But who exactly is this guy?"

Yun Feng chuckled and briefly explained the cause and effect of the matter. Yun Feng didn't tell Ao Jin what the ancestor of the Dragons told her. It was better to tell these things to Ao Jin in private, so that someone wouldn't have other thoughts after hearing them.

Yun Feng only briefly talked about the pursuit of the Blood Souls and the appearance of the fire-element Fantastical Beast. Yun Feng didn't avoid the

Fire Element Seed that the Red Dragon was holding. After hearing everything, Ao Jin's expression was completely frozen. Yun Feng said it casually, but anyone who listened could imagine how thrilling it was back then, not to mention the addition of the Fantastical Beast!

"The fire Fantastical Beast and the Blood Souls have joined forces..." Qu Lanyi whispered. "Now, because of the Fire Element Seed, the fire Fantastical Beast must be even closer to the Blood Souls. The Blood Souls already have two Fantastical Beasts!"

Yun Feng took a deep breath. "The only thing missing right now is the water-element Fantastical Beast. If the water-element Fantastical Beast is still controlled by the Blood Souls, it'll be a bit tricky."

Qu Lanyi raised his head. "However, that master also said that he'll help you resist the Blood Souls."

Yun Feng curled her lips. "Even though I have his help, it's limited."

Qu Lanyi nodded. Ao Jin suddenly came back to himself. "So... this guy is really holding the Fire Element Seed!"

Yun Feng nodded with a smile. "Absolutely. How else can we explain such a domineering fire? It's just that because of the place where it was kept, the Fire Element Seed has a specific form and even got a trace of dragon breath. If it weren't for Uncle

Jin, other people wouldn't have the ability to control the Fire Element Seed." Yun Feng couldn't help but look at Xuan Yi with a very obvious meaning.

Xuan Yi chuckled. "Young Lady Yun, you don't have to look at me like that. I don't have such thoughts."

"You're the only one who knows whether or not you have the thoughts," said Qu Lanyi coldly. "We all know what the Xuan family and the Buyuan family are thinking."

Xuan Yi's expression was slightly cold as he looked away. Buyuan Misheng said unhappily, "Naxi Lanyi, are you done? We're all on the same boat right now. What's the point of fighting among ourselves?"

"I'll say that back to you. Is it interesting to attack from behind?" Qu Lanyi raised his brows. Buyuan Misheng was immediately speechless. "You..."

"Alright, Misheng, there's no need to say anything else." Xuan Yi pulled Buyuan Misheng gently. Buyuan Misheng grunted angrily and didn't say anything else.

"Can I let you deal with this thing? It's useless even if I keep it," said Ao Jin. The others were all shocked after hearing that. This was the Fire Element Seed! Ao Jin wanted to give it away! Buyuan Misheng couldn't help but curse softly. "Is there something wrong with his brain? How can he give such a good thing to someone?"

Yun Feng was also stunned after hearing that. "Uncle Flirtatious, this is..."

"I know, but the Fire Element Seed is indeed useless to me. It'll be even more useful to you." Ao Jin faced her honestly with a very clear gaze. Yun Feng knew that Ao Jin indeed didn't have any other intentions. He really wanted to give the Fire Element Seed to her and warmth rose in her heart.

"Uncle Flirtatious, I know what you mean, but I'll be more at ease if you control the Fire Element Seed." Yun Feng said with a smile. Ao Jin was about to say something else, when Qu Lanyi couldn't help but tease him. "Ao Jin, are you giving it away because you think it's too troublesome?"

Ao Jin immediately looked extremely embarrassed. "I've never thought of it that way! "

"If you've never thought about it that way, why are you rejecting it?" Qu Lanyi continued. Ao Jin blushed. "Cut the crap! It's none of your business what I do!"

Qu Lanyi chuckled and didn't say anything else. Buyuan Misheng sat aside and looked sullen. "If he doesn't want it, why don't you give it to me? Does that Golden Dragon not take the Element Seed seriously?"

Xuan Yi chuckled. "It's not that he doesn't take it seriously. He doesn't have the brain. "

"It's truly a pity to leave the Fire Element Seed in his hands!" Buyuan Misheng's face darkened. "Xuan Yi, don't you want to think of a way?"

Xuan Yi raised his brows. "What can I do? The Fire Element Seed can only be controlled with dragon breath. Where do you think I can get dragon breath?"

Buyuan Misheng sneered. "That's simple! Can't you control the Fire Element Seed indirectly by controlling a Dragon?"

Xuan Yi couldn't help but shake his head. "Misheng, you don't know how to think. "

Buyuan Misheng was stunned. "Why? My method isn't good?"

"What do you think the Dragons are? Can you capture a Dragon easily? Even if you can control a Dragon, the enemy you're facing is the entire Dragon Race!

Even if your strength is incomparable, what can you do when facing a group of Dragons?"

Chapter 1962: Disappearance (2)

Buyuan Misheng was speechless. Xuan Yi's face darkened. "Don't provoke the Dragons easily. Even though the Dragons have internal conflicts, their unity against the outside world is too strong. Not everyone can challenge them."

"Are we going to watch him control the Fire Element Seed?" Buyuan Misheng gritted his teeth secretly. "You didn't forget what those old guys told us, did you?"

Xuan Yi smiled indifferently. "I'll only do what I want. As for what others say, it doesn't matter."

Buyuan Misheng raised his thick eyebrows. "Xuan Yi! What exactly are you planning?" After saying this, Buyuan Misheng realized that he couldn't help but raise his voice a lot. The scene immediately fell silent and everyone looked over. Buyuan Misheng was stunned and didn't know what to say.

"Then why don't you tell me what you're planning?" Qu Lanyi raised his brows.

Yun Feng was also deep in thought. Buyuan Misheng couldn't help but growl, "It's reasonable to eavesdrop!"

“Misheng, you’re too loud,” said Xuan Yi with a smile. He glanced at Yun Feng indifferently with his black eyes. “Do I need to tell you what I’m planning, Naxi Lanyi?” Xuan Yi looked at Yun Feng with a deep smile. Qu Lanyi’s eyes turned cold and he clenched his fists fiercely. This wasn’t the time to attack. He had to hold back.

“Kid, I still have something to do with the Dragons. I’ll go back first.” Ao Jin looked quite serious. Yun Feng nodded. “Uncle Flirtatious, take the Fire Element Seed with you. I’ll be at ease.”

Ao Jin glanced at the Red Dragon next to him and nodded solemnly. “I won’t let anyone take it away. I’ll definitely protect it well.” Ao Jin stood up, as if he was ready to move immediately. His timely arrival this time could be said to be a timely help. Yun Feng didn’t need to have the Element Seed in her hands. She only needed to ensure that the Blood Souls wouldn’t get it.

“Ao Jin.” Qu Lanyi suddenly said as he stood up. Ao Jin glanced at the two men and their eyes met. “Are you sure you don’t need help?”

Ao Jin was stunned for a moment. Then, he burst into laughter with a bold smile. “Can’t I deal with those bastards?”

Qu Lanyi also smiled. “That’s good. I was worrying too much.”

Ao Jin smiled again. “Lei, protect the girl well. I’ll go first.”

“Don’t worry. Of course,” replied Er Lei. The two of them patted each other’s shoulders. Ao Jin turned around. “Kid, I’m leaving. If you need anything, remember to call me. Same thing.”

Yun Feng nodded with a smile. “Of course. Uncle Flirtatious, I’ll have to trouble you.”

Ao Jin burst into laughter and rubbed the top of Yun Feng’s head with his big hand, just like at the beginning. Yun Feng chuckled and didn’t dodge.

Golden light flashed and Ao Jin’s body disappeared just like that. Yun Feng was relieved in her mind. It couldn’t be better if the Fire Element Seed was in Uncle Flirtatious’s hands. With the Fire Element Seed here, even if the fire Fantastical Beast came to find him again, it wouldn’t be able to do anything to Uncle Flirtatious.

Xuan Yi suddenly frowned. Seeing that, Buyuan Misheng said, “Why? Do you regret letting that Dragon take away the Element Seed?”

Xuan Yi sighed and turned around. “Those old guys really don’t want me to be at ease. They insisted on causing some trouble.”

“What’s wrong?” Buyuan Misheng was puzzled. Xuan Yi didn’t explain. He only smiled. “Misheng, I might have to go back first. Just continue following them.”

‘What?’ Buyuan Misheng immediately disapproved. “If we’re leaving, we’ll leave together!”

Xuan Yi chuckled and shook his head. “You must stay. I need to know the situation here from you.”

“But...” Buyuan Misheng certainly wasn’t willing. If Xuan Yi left, wouldn’t he be a fool if he continued to stay?

Xuan Yi’s expression suddenly turned cold. “Why? Do you insist on not staying?”

A strange coldness flashed through Buyuan Misheng’s body and his black pupils shrank fiercely. “But I... But! If you leave, what if something happens here?”

“You don’t need to do anything. You just need to inform me immediately. I’ll

tell you what to do,” said Xuan Yi as he looked at Buyuan Misheng coldly with his black eyes. “If possible, I won’t let go of this opportunity easily. If you can deal with it for me, I don’t have to go back myself.”

Buyuan Misheng’s face fell. Xuan Yi said again, “Remember, don’t do anything, no matter what happens.”

“Got it.” Buyuan Misheng looked reluctant, but there was nothing he could do.

Xuan Yi stood up and chuckled at Yun Feng. “Young Lady Yun.”

“Why?” Yun Feng glanced over. Xuan Yi chuckled. Seeing how vigilant Yun Feng was, he sighed softly. “Young Lady Yun, I have to leave first. There are some things I need to deal with.”

Yun Feng raised her brows. Qu Lanyi was the same. Xuan Yi used the map fragment to exchange for an opportunity back then. And now, he was leaving so easily? Xuan Yi smiled lightly. “Misheng will continue to follow Young Lady Yun. He can help Young Lady Yun at the appropriate time.”

“Humph, I knew he wouldn’t give up easily,” said Qu Lanyi casually. Yun Feng’s eyebrows moved slightly. “Is something wrong with the Xuan family?”

Xuan Yi smiled and pushed his glasses with his slender fingers. “Thank you for your concern, Young Lady Yun. It’s not a big deal.”

Yun Feng nodded. It couldn't be better if Xuan Yi left. Even though she didn't know how long he would be gone this time, she hoped that the longer the better. Buyuan Misheng was the kind of person who didn't have any schemes at all. Yun Feng could finally be relaxed a bit.

"Got it," said Yun Feng. Xuan Yi bowed. "Then I'll leave first. Misheng, take good care of Young Lady Yun."

"Got it!" Buyuan Misheng replied gruffly. Xuan Yi flashed and jumped into the air, leaving just like that. All eyes immediately glanced at Buyuan Misheng at the same time. Buyuan Misheng raised the corners of his mouth. "Why are you looking at me? Don't even think about getting rid of me."

Qu Lanyi put on a smile. "Get rid of you? There's no need for that. It doesn't matter if you follow me or not."

"You..." The anger in Buyuan Misheng's heart immediately surged again, but thinking of what Xuan Yi said, he suppressed it fiercely again. It was better if he didn't do anything. Without Xuan Yi, he wasn't a match for these few people.

Si Wen let go of Yaoyao in his arms. "Since Xuan Yi has already left, there's no need for me to continue following you.."

Chapter 1963: Disappearance (3)

Yaoyao couldn't help but raise her little face after hearing that. "Are you leaving?"

Si Wen touched Yaoyao's little face with his big hand and his blue eyes were full of gentleness. "Yes, I'm indeed leaving. After all, your father is the leader of the merfolk. I can't just leave them alone."

"Thank you for accompanying me along the way. You should go back quickly," said Yun Feng quickly. Si Wen nodded and glanced at Buyuan Misheng with his blue eyes. "The most tricky one is gone. It won't take much effort to deal with the one behind. You can relax a bit."

Yun Feng chuckled lightly. "Yes, Buyuan Misheng is a stupid person. He's indeed not scheming."

"Yaoyao is well taken care of by you. Thank you," said Si Wen. He glanced at

Yaoyao and looked up. "Then I'll go back first. If you need help, just tell me."

Yun Feng nodded and pushed Yaoyao gently. Yaoyao blinked and extended her little arms to hug Si Wen. "Father..."

Si Wen's heart immediately softened. He pulled Yaoyao into his arms. How he wished that his descendant could stay with him and take her back to the Endless Ocean with him. However... Si Wen let go of his arm. It was all because of Yun Feng that Yaoyao had grown up to this point. No pain, no gain. It might be best for her to stay with Yun Feng.

Si Wen rubbed Yaoyao's little head and said goodbye before he turned around and left. He didn't look back halfway and didn't look at his beloved daughter either. He probably wouldn't be able to leave if he turned around. Yaoyao kept staring at Si Wen's back with a complicated expression on her little face until Si Wen's back disappeared. Yaoyao's exquisite facial features frowned, as if she was about to cry.

"Alright, alright, little girl, don't cry!" Sister Hua extended her arm and was about to hug Yaoyao. Yaoyao quickly retreated and dodged. The sorrow on her face was gone. "I don't want you to hug me!"

Sister Hua chuckled. "That's right. Such an expression suits you the most. I like it too."

Yun Feng chuckled. Even though Sister Hua's way of expressing herself was a bit strange, she was indeed making Yaoyao happy. She was indeed concerned about her.

"Master, even though Xuan Yi has left right now, I don't know how long he'll be gone." Lan Yi frowned. Er Lei also frowned. "Is he coming back tomorrow?"

"I don't think so. He'll be gone for a while. With his personality, he wouldn't have given up this opportunity to follow us in person unless he was in a hurry.

Letting Buyuan Misheng stay also expressed his unwillingness to give up," said Qu Lanyi.

Yun Feng nodded. "I wonder how long he'll be gone. We can only speed up and make progress before he comes back."

"If that stupid kid follows us, he'll probably report everything to Xuan Yi."

Sister Hua's green eyes darkened. Yun Feng chuckled. "It's fine. Just let Buyuan

Misheng tell, as long as he can understand what we're doing."

Qu Lanyi burst into laughter and put his hand on Yun Feng's shoulder. "As expected of Xiao Feng. As long as we take a detour, Buyuan Misheng will definitely be confused."

Yun Feng chuckled and pondered in her mind. It would be great if something or someone could distract Buyuan Misheng's attention.

"There's one more thing I need to tell you." There was a smile in Yun Feng's eyes. The four contracted Magic Beasts seemed to have a telepathic connection and said at the same time, "Is Little Fire awake?"

Yun Feng curled her lips and smiled even wider. A ball of fire gently shone in her hand and came out of her body. The scorching fire landed on the ground and instantly burnt a piece of grass. Little Fire appeared from the fire. The body of the Fire Cloud Wolf was extremely handsome. The black wings Yun Feng saw at first didn't appear.

"Brother Little Fire!" Yaoyao was very surprised to see Little Fire. Lan Yi's eyes were also full of joy. "Brother Fire, it's great that you can wake up!"

"How can the little boy die so easily? Tut-tut, he seems to have changed.

However, I like him no matter what!"

"Seriously, why didn't you wake up earlier? It's worrying."

The Fire Cloud Wolf stood there and listened to the four Magic Beasts, but didn't say anything. It was unusually silent and calm. Lan Yi finally noticed that something was wrong with Little Fire. "Master, Brother Fire seems to have become different..."

Yun Feng raised the corners of her mouth awkwardly. Little Fire's personality had indeed changed a bit. She didn't quite understand why. She touched the Fire Cloud Wolf's head with her hand. Little Fire didn't dodge, which proved that it was as close to Yun Feng as before, but its taciturn personality was too different from Little Fire's back then.

"I'm not sure either. I guess the dark elements might have affected him."

Qu Lanyi frowned and looked at the Fire Cloud Wolf thoughtfully. Little Fire said at this moment, and what it said shocked Yun Feng. "Master, I want to leave for a while."

Yun Feng raised her brows. Leave? "Leave? Brother Fire, what do you mean?" "Brother Little Fire, are you leaving Xiao Feng?"

Yun Feng had never thought that Little Fire would really leave her. There must be another meaning behind what it said. Little Fire glanced over with its black eyes and replied calmly, "I'm not leaving Master, but there are some things I want to deal with myself."

"What's the matter that you need to leave Master for? It's not that you don't know the current situation. Master needs us!" Lan Yi couldn't help but feel a bit angry. Little Fire

glanced at him coldly and didn't give in. "I certainly know that. I must deal with this matter!"

"Brother Fire, you..." Lan Yi couldn't help but feel enraged. Yun Feng waved her hand, asking Lan Yi not to say anything else. "Is this... related to Qingqing?"

Little Fire immediately fell silent and its wolf eyes were too deep. Yun Feng took a deep breath. Between Little Fire and Qingqing... it was indeed time to settle things. Even though Little Fire had never mentioned Qingqing at all, it must have been thinking about her in its mind.

"Go, if that's your final decision," said Yun Feng helplessly. "However, don't hurt Qingqing. "

Little Fire was stunned for a moment. A trace of embarrassment immediately flashed through its eyes. "I will never do that."

Yun Feng chuckled and petted Little Fire again. "Go."

The Fire Cloud Wolf nodded and turned its slender body around. After a few jumps, it directly jumped into the air and left. Yun Feng looked at Little Fire's back as it left silently. She twisted her wrist and the Fire Ring of Contract appeared. There were two clear cracks on it.

"How... How can this be..." Lan Yi was extremely surprised to see this. "How can there be cracks on the Ring of Contract?"

The other three contracted Magic Beasts were also very surprised. This was the first time they saw cracks on the Ring of Contract. Logically speaking, this shouldn't be happening!

"Is the boy's change related to this crack?" Sister Hua was puzzled. Yun Feng didn't say anything. This was also one of her guesses. Little Fire's personality suddenly changed drastically. It must be because of something. She still remembered hearing those two painful wolf roars in the Nirvana Tower. The cracks only appeared after the wolf roar.

"Do you want to ask Senior Feng?" said Qu Lanyi in a low voice. "The cracks on the Ring of Contract must be a signal. It represents something."

Yun Feng frowned. "Even though I really want to ask Master, it's more important to find the Lightning Seed right now."

"Is that really good?" Qu Lanyi was quite worried. "Why don't you contact Senior Feng with the Sound Transmission Jade first?"

Yun Feng shook her head. "Master is teaching Second Brother right now. Little Fire's personality has only changed. Everything else is the same. I shouldn't disturb Master. Find the Lightning Seed quickly and try to get there before Xuan Yi comes back."

"If you say so, fine." Qu Lanyi nodded. Yun Feng put away the Ring of Contract of Fire and took out the map of the Lightning Seed. She looked at it carefully and frowned. Where was the map?

Qu Lanyi came over and took a look. "It seems that the place marked on this map is like the fire-element map. It's the terrain from a long time ago. The place where the Lightning Seed exists must have experienced the passage of time and is no longer like this."

Yun Feng curled her lips helplessly. "So, I'll have to trouble Master again no matter what."

Qu Lanyi chuckled. "It seems that you're right."

Yun Feng nodded and put away the map fragment. The four contracted Magic Beasts returned to the Rings of Contract. Seeing that, Buyuan Misheng immediately stood up. "Where are you going?"

Yun Feng looked back. "Let's go home."

"Go home?! Why are you going home?" Buyuan Misheng was stunned. Yun Feng was going home. Was he going to follow her?

Seeing Buyuan Misheng's conflicted expression, Yun Feng chuckled in her mind and jumped into the void with Qu Lanyi. Seeing that the two of them were moving, Buyuan Misheng immediately didn't care about anything else. He would follow her wherever she went! Even if she had to go home... he would follow her!

Seeing that Buyuan Misheng was following them, Qu Lanyi sneered. "It's good to have him follow us."

Yun Feng curled her lips and said in a low voice, "Lanyi, I've always wanted to ask you if the light element seed in your body has made a breakthrough." Qu Lanyi curled his lips with a smile in his black eyes. "You noticed?"

"Yes, if it weren't for you that time, I definitely wouldn't have thought of this."

Qu Lanyi held Yun Feng's hand tightly. "It's not that I don't intend to tell you, but I want to give you a surprise after I completely control it."

Yun Feng smiled. "Is it because of the Nirvana Road?"

Qu Lanyi smiled complicatedly. "Not really. I didn't expect to break the aura of the enemy. I was quite panicked at that time. Luckily, the light element seed had been in my body for a long time. My light elements enveloped it and more or less resonated with it. I was safe. However, not all the energy can be used by me. I can only use a small part of it. The power of the Element Seed is far beyond my imagination."

Yun Feng couldn't help but think of what the ancestor of the Dragons said. She hadn't told Uncle Flirtatious about those things yet. It seemed that she could only find an opportunity.

"Is there any movement from Red-Eyed in your body?" asked Qu Lanyi with concern. Yun Feng was stunned. She had forgotten Red-Eyed's situation. Ever since she pulled it into her body forcibly last time, Red -Eyed hadn't done anything else, as if it was asleep!

"There's no movement at all." Yun Feng Whispered slowly. She felt that something was wrong. Red-Eyed suddenly disappeared. Did it disappear from her body?

"Xiao Fengfeng?" Qu Lanyi's call interrupted Yun Feng's thoughts. Yun Feng suddenly came back to herself and immediately stopped. "Lanyi, wait for me." She closed her eyes tightly. Yun Feng immediately closed them and her consciousness quickly sank into the dark space in her body!

"Red-Eyed!" Yun Feng's voice sounded in the air, but there was no response anymore! Even the sound of chains completely disappeared!

Chapter 1964 - 1964: Another Tribulation (1)

Yun Feng looked at the darkness in front of her eyes and waited patiently for a while, but there was still no sound. Her body began to move around, but no matter how Yun Feng moved, this space was quietly empty. In the past, Red -Eyed would have appeared when she first entered. Now, Red-Eyed might have already disappeared or fallen into a deep sleep. After all, there was darkness in front of her eyes. Yun Feng couldn't be sure if Red-Eyed still existed.

After she opened her eyes, Qu Lanyi asked with concern, "What's wrong?"

Yun Feng frowned and didn't say anything. Buyuan Misheng stood nearby with confusion in his eyes. With his brain, he couldn't figure out what Yun Feng was doing and didn't want to figure it out. Buyuan Misheng only knew to follow Yun Feng closely.

Yun Feng glanced at Buyuan Misheng, who turned around in disdain. Yun Feng retracted her gaze and looked at Qu Lanyi, whispering, "The Red-Eyed in my body doesn't respond no matter how I call it."

Qu Lanyi frowned with confusion on his face. ‘Everything must happen for a reason. The disappearance of the Red -Eyed must be caused by something. It’s a good thing for him to be obedient. It might not be a bad thing if he disappears just like that.’

Yun Feng pursed her lips. It was impossible for it to disappear. Last time, she clearly pulled Red-Eyed back to take back the dominance of her body! If it really disappeared, how did Red-Eyed leave her body? The most likely possibility was that it was sleeping. Yun Feng pondered. That was good. Red -Eyed had an inexplicable desire for the Element Seed. If it was active right now, something might happen.

“Let’s go,” said Yun Feng. Qu Lanyi nodded and the two of them moved forward again. Seeing that, Buyuan Misheng quickly followed them.

Yun Feng and Qu Lanyi remained silent along the way. Buyuan Misheng, who was following behind, was about to go crazy. He had already scolded Xuan Yi countless times in his mind. He, Buyuan Misheng, had never been a lackey. Right now, he was like a follower!

The Great Crack was located in the Fengyun Empire. To go to the Central Continent, they certainly had to reach it through the Teleportation Array controlled by the East and West Alliance right now. The Teleportation Arrays to the other areas were all gathered in the Imperial Capital of the empire. Yun Feng wasn’t unfamiliar with the Imperial Capital. Buyuan Misheng grunted in disdain, looking down on the place.

Yun Feng, who was about to go to the Teleportation Building, had just walked to the door of the Teleportation Building when a few soldiers suddenly ran over with a serious look. After rushing in, a soldier said loudly after a while, “The

Teleportation Array is temporarily closed!”

Everyone was shocked. Yun Feng frowned. What happened?

The crowd started discussing in private and there was a slight commotion. At this moment, two young men ran over while panting. Someone couldn’t help but feel puzzled when he saw this. “What’s wrong with you? You look like you’re running for your lives!”

The two young men looked up and wiped the sweat on their faces. “You... You still don’t know?!”

“Know what?”

The two young men took a few deep breaths and finally straightened their bodies. They said in one breath, “The Blood Souls and the Mercenary Union are fighting on the Shiny Plains!”

“What?” Everyone was shocked!

“The Shiny Plains! Isn’t it very close to the Imperial Capital?”

“What are you afraid of? The East and West Alliance will certainly fight with the Blood Souls. They definitely won’t let the Blood Souls succeed!”

The discussions of the crowd were like boiling water. Yun Feng’s face darkened. According to Yan Ming, the Blood Souls had fought with the East Continent and the West Continent more than a few times. This was the first time she encountered them. The Shiny Plains... It seemed that the Blood Souls were getting bolder and bolder.

“Let’s go, ” said Qu Lanyi. Yun Feng smiled gently. As expected, Lanyi understood her the best. How could she, as the titular Alliance Master, not help the East and West Alliance deal with the Blood Souls?

Seeing that the two of them were about to leave, Buyuan Misheng flashed and blocked Yun Feng’s way. “Where are you going again? Didn’t you say you wanted to go back to the Yun family earlier? Even if the Teleportation Array here can’t be used, there must be somewhere else!”

“Get out of my way.” Yun Feng didn’t want to talk nonsense with him. Hearing the brief words, Buyuan Misheng raised his thick eyebrows. “Yun Feng, do you still have time to care about other things?”

“Buyuan Misheng, it’s not your place to tell us what to do. If you want to follow us, follow us. If you don’t, make way.” Qu Lanyi looked gloomy. Buyuan Misheng sneered. “Didn’t you say earlier that finding the Element Seed is the most important thing? Now, you’re all going to interfere because of such a small matter. Can you still achieve anything? I’ve always wondered why Xuan Yi gave you the map fragment so easily. It seems that you don’t know your priorities anymore!”

“I don’t want to talk nonsense with you. Get out of my way!” said Yun Feng. Buyuan Misheng frowned. “If you want me to get out of your way, fine. Give me the map! I’ll find the Element Seed. Mind your business!”

Yun Feng smiled as dense mental strength surged out of her body. “Buyuan Misheng, are you asking me to do something if you don’t give way?”

Buyuan Misheng’s face darkened. He wasn’t a fool. One-on-one was fine, but he didn’t have any chance of winning one-on-two! Besides, Yun Feng was the most troublesome multi-element summoner! Buyuan Misheng stood in the middle of the road stiffly. The tension on their faces spread unconsciously, attracting the attention of others.

“Are you going to move aside or not?” Yun Feng whispered. If Buyuan Misheng still didn’t do anything, she didn’t mind asking him to get lost!

Gritting his teeth, Buyuan Misheng moved his body and made way. There was nothing he could do. He didn't have the strength to fight these two people head-on. He could only watch Yun Feng and Qu Lanyi brush past each other. In the end, he could only grit his teeth and follow them again.

They had to interfere with everything. When could they do business? After Xuan Yi left, shouldn't they speed up their search for the Element Seed? How would they have the time to care about these things? Even though Buyuan Misheng couldn't think straight, he wasn't a fool. He could still understand some things, but it would take a long time.

If he was really a fool, could he be the Young Master of the Buyuan family? Xuan Yi wouldn't have befriended a fool for so long.

Buyuan Misheng followed them angrily along the way and couldn't stop cursing in his mind. Yun Feng and Qu Lanyi went all the way south. The Shiny Plains was near Ge Yuan and wasn't far away. The Shiny Plains was a place that produced ores. The Blood Souls had a conflict with the Mercenary Union there. Their intentions probably weren't simple..

Chapter 1965 - 1965: Another Tribulation (2)

"The Shiny Plains. Do the Blood Souls lack ores?" Qu Lanyi raised his brows. Yun Feng was also puzzled. "The Shiny Plains is rich in high-level ores. Ultimate mineral veins haven't appeared yet. High-level ores shouldn't be a problem for the Blood Souls."

"So, the Blood Souls' goal is the Mercenary Union? They're planning to strike first?"

Yun Feng frowned. If the Blood Souls really wanted to attack the Mercenary Union, it made sense. Ge Yuan was the headquarters of the Mercenary Union of the Fengyun Empire. They would be able to get twice the result with half the effort if they pushed it all the way from the Shiny Plains.

"Even if we defeat the Mercenary Union of the Fengyun Empire, it's just a branch. The Blood Souls shouldn't have gone through so much trouble," whispered Yun Feng. Qu Lanyi curled his lips. "We'll know the purpose of the Blood Souls when we reach there."

"Yes." Yun Feng nodded. The two of them moved even faster and soon arrived at the Shiny Plains!

The energy waves caused by the battle had already come from afar. The battle was very intense!

"Is it an all-out battle?" Qu Lanyi was puzzled. The two of them quickly went deeper and the roars of battle came one after another!

“Dogs of the Blood Souls, go to hell! Ha!” The few mercenary warriors roared furiously with wounds all over their bodies. They got up from the ground with fierce killing intent flashing on their faces and rushed towards the members of the Blood Souls opposite them with a furious roar.

Their black robes rose and a wave of power was about to spread! “Avoid their attack range! Shorten the distance!” A warrior roared. “Die!”

Even though the few mercenary warriors were all injured and their eyes were bloodshot, their fighting spirit was so strong! They fought until the last moment!

“Boom!” Black mist surged out of the black robe and instantly covered the entire ground!

“Captain! Their attack range has expanded again!”

“Captain, we can’t dodge!”

“Damn it!” The warrior in the lead roared again. The muscles all over his body bulged and he roared crazily! “We’ll kill them even if we have to die!”

“Ha! Yes, sir!” The few warriors behind him also roared as if they were ready to sacrifice themselves and rushed over one by one!

“Boom!” A golden shield suddenly stood in front of the few of them. The few warriors were all stunned! A huge energy descended from the sky and rushed over!

“This is...” The pupils of the leader shrank fiercely. Before he could react, the few members of the Blood Souls screamed and all fell from the sky, dead!

“Crash.” The golden shield then disintegrated, turning into a thin golden mist that dissipated from the sky. Two figures landed from the sky. Yun Feng said, “Are you alright?”

The few warriors nodded, looking a bit dumbfounded. Who were these two people? They were the ones who instantly killed those people of the Blood Souls just then, weren’t they?

“You...” The leader of the warriors said. Qu Lanyi interrupted him. “Why are the Blood Souls attacking here? What’s the exact situation right now?” The warrior in the lead shivered. “You’re masters of the alliance, right?” Yun Feng nodded. “There was a riot here. We immediately rushed over.”

The leader of the warriors gritted his teeth with resentment on his face! “I don’t know why the members of the Blood Souls suddenly came to the Shiny Plains today. They didn’t let any mercenary go! They came suddenly and attacked quickly! The mercenaries stationed on the Shiny Plains suffered a lot of casualties!”

“What about Ge Yuan? Has the Blood Souls been attacking the Shiny Plains?”

“I don’t know anything about that.”

Yun Feng nodded and confirmed that they were fine. She looked at Qu Lanyi. “We’ll go first. Be careful!”

The few warriors immediately nodded. “We’ll go help the other mercenaries right now! The two powerhouses should go first!”

Yun Feng and Qu Lanyi moved forward. The few warriors looked up at their backs and watched them leave. The warrior in the lead couldn’t help but exclaim, “There are indeed a lot of powerhouses in the alliance. Those two must be extraordinary.”

The two of them went all the way forward and eliminated all the members of the Blood Souls they saw along the way. The scale of the battle on the Shiny Plains was vast and dispersed. The Blood Souls mobilized a lot of people this time. Yun Feng saw and dealt with dozens of them alone! And they were all quite strong!

“Are the Blood Souls starting to take action?” Qu Lanyi frowned. Yun Feng pursed her lips. “If the Blood Souls are really planning to take action, they should do it in multiple places at the same time, not just here.”

The two of them soon arrived at the place where the mercenary groups were stationed. Looking around, it was a mess!

The tents in the camp were all destroyed. The dead mercenaries’ corpses were lying on the ground messily. Blood covered the ground and a strong pungent smell rushed over! A few figures in black robes stood in the sky above the camp and a few figures stood opposite them. They were Mr. Zheng Ran, Commander Zhao and Wang Ming!

Commander Zhao’s eyes were bloodshot, and so was Wang Ming’s!

“Mr. Zheng Ran! Don’t stop me! I’m going to kill them!” Commander Zhao roared, looking extremely painful.

“You’ll only get yourself killed if you go up there.” Zheng Ran didn’t give in. He looked at the miserable state on the ground with his eyes and his heart also ached fiercely. So many mercenary warriors died in the hands of the Blood Souls! How could he not take revenge? “If you want to go, I’ll go too.” Zheng Ran said. Commander Zhao and Wang Ming were stunned. Zheng Ran had already gathered his fighting energy and rushed over!

“Hahaha! The Mercenary Union is just so-so! You don’t have the power to fight back at all right now. Your so-called president almost died in the hands of a few lords, let alone you!” His laughter was wild and his words were astonishing!

Her godfather was injured! Yun Feng was shocked in her mind! It hadn't been long since the meeting, but her godfather was injured!

Zheng Ran's face was cold and his body didn't flinch at all! "That's because the Blood Souls do despicable things. If you don't rely on sneak attacks, what do you think you can do to the president? What can you do to the Mercenary Union?"

"Humph! Old man, you won't be stubborn anymore even if you die! The Mercenary Union will be destroyed, followed by other forces! The East and West Alliance will be destroyed sooner or later! You're no match for the Blood Souls!" The black robes of the few members of the Blood Souls suddenly rose.. Seeing that, Commander Zhao and Wang Ming also rushed forward without another word !

Chapter 1966 - 1966: Another Tribulation (3)

"Hahaha! It's good if you want to die together! You..." The person of the Blood Souls was completely stuffed back halfway. A seemingly slender hand instantly pressed against his neck and tightened its fingers. All the sounds were stuck inside!

"Young Lady!" Commander Zhao and Wang Ming looked surprised to see Yun Feng. Zheng Ran was also relieved when he saw this. It was truly a pleasant surprise that Yun Feng could come at this moment!

Her beautiful face was full of coldness. The other Blood Souls powerhouses didn't even have time to do anything and had already been tied up by several beams of light, howling endlessly!

Yun Feng! The pupils of the person of the Blood Souls, who was held by the throat, shrank obviously. Why was she here? How could she be here?

"What did the Blood Souls do to the president of the Mercenary Union?" Yun

Feng said with a hint of coldness in her voice. The body of the person of the Blood Souls couldn't help but tremble fiercely. He felt the fingers on his throat loosen slightly and a voice immediately rushed out of his throat. "Yun Feng,

you..."

His throat was grabbed fiercely again and all the voices were pressed back. Yun Feng slowly narrowed her black eyes. "Answer my question, or... I'll make you wish you were dead!"

The body of the person of the Blood Souls trembled fiercely again. Make him wish he were dead... She really had such an ability! She could even kill some of the strongest people among the Blood Souls and destroy a few bases. What couldn't she do?

The member of the Blood Souls nodded desperately. Yun Feng loosened her fingers again. The lips of the member of the Blood Souls trembled and his arrogant attitude just then disappeared. "I only heard it from someone else... Zhan Li was ambushed by a few masters and his life was almost reaped. He just escaped."

Yun Feng's black eyes shrank fiercely! Such a huge thing happened. Why didn't anyone tell her?

Her fingers tightened fiercely and the force was so strong that the man's neck was directly broken! The member of the Blood Souls didn't even move and Yun Feng directly harvested his life!

"Lanyi, do it. Leave none alive!"

Qu Lanyi clenched his fists in the air. The Blood Souls trapped by the white beams of light all died! Only screams echoed in the sky.

"Yun Feng, I've just learned about the president," said Zheng Ran.

Zheng Ran nodded. "With you here, the president will certainly be fine. What's left here are also the remains of the army. We can deal with them ourselves.

You go first."

Yun Feng nodded. "Uncle Zhao, Uncle Wang, the situation of the Red Maple...'

"When the Blood Souls attacked, every mercenary group suffered heavy losses. The Red Maple Mercenary Team was the same. Those warriors..." Wang Ming lowered his head. Yun Feng took a deep breath. "The Blood Souls will return this debt a hundred times, a thousand times sooner or later! We'll take revenge for these warriors eventually. I swear!"

Wang Ming nodded hard, while Commander Zhao remained silent. Yun Feng glanced around. "Uncle Zhao, where's Zhao Yan?"

Wang Ming was stunned. Commander Zhao's eyes turned even redder! He seemed to be suppressing his anger and pain! "Young Lady... Young Master..."

Yun Feng's breath tightened and an indescribable feeling surged in her heart. Commander Zhao took a deep breath and his red eyes were full of pain. "It's worth it even if my son died! He died in the battle against the Blood Souls. That kid... has no regrets!"

Zhao Yan... was dead?! Yun Feng's heart pounded hard. That Zhao Yan who had been working hard and moving up, that Zhao Yan who had never given up and never admitted defeat... was dead?

Wang Ming clenched his fists hard. "It's all the Blood Souls! Otherwise... Young Master wouldn't be like that..."

Yun Feng didn't know what to say. Her lips suddenly felt a bit numb. Zheng Ran walked in and sighed. "Go see the president first. I'll take care of things here. Yun Feng, some people will definitely sacrifice themselves on this road. This is inevitable."

A heavy hammer hit Yun Feng's heart just like that. She felt stuffy and very uncomfortable.

"Young Lady, it's fine," said Commander Zhao. "Nothing can happen to the president. We can't let the Blood Souls succeed! As Young Lady said, the Blood

Souls must pay this debt with their blood!"

"That's right. Blood for blood!" Wang Ming also roared.

Qu Lanyi patted Yun Feng's shoulder gently. Yun Feng glanced at him in confusion, which made Qu Lanyi's heart ache. "Xiao Fengfeng, we should indeed go first."

Yun Feng's black eyes darkened and she nodded silently. Qu Lanyi left with Yun

Feng. The smell of blood in the air was still there, stimulating Yun Feng's brain.

Qu Lanyi sighed softly. "Sacrifice is inevitable when fighting the Blood Souls."

"I know sacrifices are inevitable, but when it happens to an old friend, I feel inexplicably..." Yun Feng whispered. Qu Lanyi couldn't help but hold her hand tightly. "Xiao Fengfeng, you must listen carefully and remember that even if everyone around you falls, you can't fall! You must hold on until the last moment!"

"Lanyi?!" Yun Feng looked at Qu Lanyi in surprise. Qu Lanyi chuckled. "The people who fall will depend on you. Even if everyone who can help you has already been lost one day, you can't lose hope and fighting spirit."

Yun Feng was silent. Qu Lanyi held Yun Feng's hand tightly and said in a deep voice, "Don't let down your companions who sacrificed themselves for the same goal. At that

moment, you won't be you anymore. Everything you lose will be what you have. Even if they fall, they'll never leave you."

"Lanyi, what you said..." Yun Feng frowned. Qu Lanyi chuckled. "I was just saying. Commander Zhao said so too. Zhao Yan died without regrets."

Yun Feng pursed her lips tightly. "Even if I lose everything one day, I won't fall just like that and I'll never admit defeat!"

Qu Lanyi smiled gently. "That's right. As expected of my wife."

Yun Feng raised her head. "It won't be long. The moment when everything is settled."

Qu Lanyi's black eyes glittered. He glanced back.

No matter how many times she contacted him, Zhan Li didn't respond. Yun Feng couldn't help but look gloomy. It seemed that her godfather was seriously injured.

They went straight to the headquarters of the Mercenary Union. Luckily, Yun Feng had been there before, so there were fewer detours. Buyuan Misheng followed them all the way. Knowing that Yun Feng had something to do again, he couldn't help but curse softly.. Was there no end to it? What exactly did she want to do? How long did she have to run around?

Chapter 1967 - 1967: Another Tribulation (4)

In less than half a day, Yun Feng had already arrived quickly and directly entered the headquarters from the sky. As soon as she stepped in, a few figures instantly appeared. "Who's there? How dare you break in?"

Without another word, Yun Feng directly threw something out. The few of them quickly caught it in panic. Looking carefully, they were immediately dumbfounded! Wasn't this...

"How is the president? Where is he?" Yun Feng asked. The few of them immediately reported very clearly. Yun Feng rushed over without another word. The few of them stood in the air in a daze and looked at each other. "Is she... the president's daughter... Yun Feng?"

"Swish...!" A few figures broke through the air and swept into a courtyard like the wind, directly rushing into a room. The moment Yun Feng rushed in, a tense atmosphere spread in the room. Many people rushed in and out. A few mages surrounded the bed and were treating the patient with elemental magic.

“He’s still not getting better?” A woman’s anxious voice sounded. The few mages next to the bed all frowned. “Madam, there’s nothing we can do.” “You’re all losers! What’s the use of having you? Where are the potions?”

“Madam, it’s here!” Someone immediately rushed over with the potion. The woman quickly took it and was about to pour it into her mouth. A gust of wind rolled up and directly pulled the woman’s body away, throwing her on the ground without hesitation.

“Who is it?” The woman widened her eyes angrily! She didn’t see anything clearly. She only felt a gust of wind blowing past her face. She turned around and saw two figures next to the bed!

“You are...” The few mages were all shocked to see that. Yun Feng observed Zhan Li’s condition and looked at Qu Lanyi. She immediately sent light elements into Zhan Li’s body. “Everyone, get out!” Yun Feng said coldly. The few mages immediately left the room without saying a word. Yun Feng emitted her aura. Apart from the woman who stood up from the ground, everyone else quickly left.

“You...” The woman wanted to say something, but Yun Feng said without looking up, “If you don’t want me to send you flying, cut the crap.”

The woman blushed and looked at Yun Feng angrily. Yun Feng suddenly looked up. The woman’s body trembled and she grunted a few times before she had no choice but to walk out. “Madam, who are those two people?”

“What exactly do they want?”

The woman said with a gloomy face, “How would I know? Just wait here! If the two of them can’t heal him, they’ll suffer!”

In the room, Qu Lanyi used the light elements to explore Zhan Li’s injuries and frowned. “It’s worse than I thought. It was indeed the Blood Souls. I’m afraid the situation at that time was not optimistic. The Blood Souls ambushed him to kill him.”

“Is the Life Potion effective?” Yun Feng twisted her wrist and the Grandmaster

Level Life Potion appeared! Qu Lanyi curled his lips. “Of course.”

Without another word, Yun Feng directly poured all the potions into Zhan Li’s mouth. Qu Lanyi said, “The attacks of the Blood Souls were fatal. He was already lucky to be alive. There’s a lot of dark elements accumulated in his body. It seems that the Blood Souls were determined to kill him.”

“Why do they want my godfather dead... To be exact, shouldn’t they want me dead more?” Yun Feng frowned. Qu Lanyi also frowned. “There’s only one explanation. Zhan

Li must know something that the Blood Souls don't want to tell the world, so they have to silence him before he says anything."

Something that couldn't be made public?! "The Blood Souls, which have always been cautious, can make mistakes..." Yun Feng sneered and looked at Zhan Li. This also showed how much Zhan Li did his best to resist the Blood Souls!

"Father, you'll be fine," mumbled Yun Feng. Qu Lanyi said, "With your potion and my light elements, he'll certainly be fine. Leave the rest to me. Don't let anyone in during this period of time."

"I know. Thank you, Lanyi," said Yun Feng. Qu Lanyi chuckled. "Why are you so polite to your man?"

Yun Feng smiled gently and got up to push the door open. As soon as she pushed the door open, a figure was about to rush in by force. Her black eyes darkened and she blocked the stranger gently with her arm. The stranger that wanted to rush in was forced back. She staggered and almost fell on the ground. Yun Feng looked up. It was that woman just then.

"Who exactly are you? How dare you break in here?" said the woman. Yun Feng raised her brows and didn't respond. Who was this woman? She looked so arrogant. One idiot left and another came? Why were there always such women around her father?

"Madam, Madam!" The few guards who stopped Yun Feng just then rushed over and whispered to the woman.. The woman immediately couldn't hold back and shouted, "What did you say? She's Yun Feng!"

Chapter 1968: Never Let Her Go (I)

Everyone who came out of their rooms in the courtyard trembled when they heard Yun Feng's name. They all glanced over at Yun Feng at the same time and fixed their eyes on her. Surprise, confusion, excitement and shock!

"Are you kidding me? Even though she doesn't look like an ordinary person, she can't be Yun Feng, right?" The woman looked shocked and was still a bit skeptical. The few guards who rushed over immediately took out the thing Yun Feng threw out earlier. "Madam, look at this."

The woman held it in her hand and her expression changed drastically! Wasn't this...!

She suddenly raised her head and looked straight at Yun Feng. The woman's eyes glittered and she opened her mouth slightly, as if she couldn't close it. "You... You're Yun Feng?"

Yun Feng raised her brows and didn't answer. She only glanced around in private. "Without my permission, nobody is allowed to enter my father's room again, no exceptions!"

Everyone in the courtyard was stunned again. What kind of request was that? The woman quickly said after hearing that, 'Wait, Yun Feng, even though you're his daughter, what do you mean? You're not letting anyone in. What if something happens to him?'

The few guards next to her quickly pulled the woman a few times. "Madam! She's Yun Feng!"

The woman suddenly shook off the arms of the guards. "So what?"

"I certainly have a way to keep my father safe. You don't have to worry about anything else," said Yun Feng in a low voice as she sat down at the stone table in the courtyard. "There's no need for anyone to wait on him. You can leave now." Yun Feng said casually. Everyone in the courtyard looked at each other a few times and immediately retreated silently. The woman couldn't help but feel a bit angry when she saw such a scene. She had always been the one who gave orders. No matter how powerful Yun Feng was, she was still Zhan Li's daughter! Nôv(el)B\jnn

"Nobody is allowed to leave!" The woman shouted furiously. Yun Feng raised her brows. The woman walked a few steps forward and came to Yun Feng.

"You're Yun Feng, but it doesn't mean that everyone here will listen to you!"

Yun Feng looked up. Lanyi was healing her father in the room. This woman was shouting outside. She knew her father's situation, but she still had the time to care about these things? It seemed that she didn't really care about Zhan Li... Thinking of the brainless woman she dealt with last time, Yun Feng couldn't help but blush. Why didn't anyone around her father turn out to be so stupid? "Who are you?" Yun Feng said. The woman raised her carefully modified eyebrows, forming an extremely exaggerated arc. "Didn't Zhan Li mention me to you?"

"No." The straightforward rejection made the woman a bit embarrassed. "Zhan Li is just shy. I'm his wife he married not long ago. Logically speaking... you should call me godmother."

Everyone in the courtyard changed their expressions! You want Yun Feng to call you godmother? You think so highly of yourself!

Yun Feng sneered and raised her black eyes. This woman was just more beautiful than average. She really couldn't understand why her father would fall in love with such a woman and even marry her? No wonder those people called her madam. It seemed that it was indeed the truth.

Even though she didn't understand, since Zhan Li was the one who married her, Yun Feng couldn't say anything. After all, this was her godfather's business. However, if this woman used Zhan Li to ask for something from her, she didn't have to give her face. She only acknowledged Zhan Li as her godfather. The others had nothing to do with her.

"Since you're his wife, you should know that his injuries right now can't withstand the interference of others again and again. If you have time to talk here, you should worry about other things."

After being mocked by Yun Feng, the woman felt a bit embarrassed. She bit her lips and wanted to say something, but her cheeks bulged. In the end, seeing that Yun Feng didn't want to talk to her, she could only turn around angrily and point at the few guards. "You guys stay here. If there's any movement here, inform me!"

"Yes, ma'am." The few guards replied in fear. The woman turned around and left the courtyard with her head held high. The others in the courtyard looked at each other. Yun Feng waved her hand and they all rushed out. The few guards also stood outside the door, not daring to peek inside at all.

"Father's preferences... are truly strange." Yun Feng frowned. Even though she was regretful in her mind, she couldn't interfere. She was the only one left in the courtyard. Since Lanyi said that he would take care of everything, it meant that her father would be fine. At least, his life wouldn't be in danger.

"Argh!" An exclamation suddenly sounded. Yun Feng looked over and saw a rather reckless figure running out from behind. She seemed to be holding something in her hand and it was emitting steam. Even though there were traces of blackness on the cheeks of the woman who ran out, it couldn't hide her original facial features. A mature aura was emitted from her body and her figure was also extremely good. This was a woman who looked like she cultivated both inside and outside.

"Why is everyone here gone? Why are you here? What if something happens to Master?" Even though the woman was anxious, her voice was very gentle and beautiful. She quickly pushed the door open with the things in her hand and was about to enter. Yun Feng's black eyes glittered and she was already standing in front of her. The woman was shocked by such a fast movement and almost dropped the things she was holding on the ground.

"Girl, you scared me!" The woman complained. Yun Feng chuckled and looked at the anxiety and concern in her eyes. She was even so polite. She was much better than that woman just then. Her father should like such a woman, right?

"Don't worry. Someone is taking care of the president. It's someone Yun Feng sent." Yun Feng chuckled and reached out to take the thing in the woman's hand. She then found that it was quite heavy.

“Yun Feng? Master’s daughter is here? That’s great!” The woman looked delighted and heaved a sigh of relief. “In that case, Master will be fine.. ‘

Yun Feng smiled and pointed at the stone table on the side. “Let’s go there and sit down. Yun Feng said that nobody can enter this room without her permission.”

The woman glanced at the room worriedly and finally nodded. “Alright then. I’ll sit here and wait. Are you with Master’s daughter?”

Yun Feng chuckled and put the thing in her hand on the stone table. “What’s in there? It seems to be very heavy.”

The woman smiled gently and sat next to the stone table. “Now that Master’s daughter is here in person, my things aren’t useful. There’s nothing inside.

Master is so seriously injured that I’m a bit panicked. I wanted to stew all the tonics together to see if they would work..”

Chapter 1969: Never Let Her Go (2)

Yun Feng glanced at it. Judging from the weight, there were a lot of things inside, which showed that this man was truly concerned about her father’s situation.

“You called him Master. Who are you to him?” Yun Feng said. The woman was startled, as if she was a bit embarrassed. “I’m just... a servant of Master.”

Yun Feng raised her brows. Things didn’t seem to be so simple. If she was really a servant, why would she be so attentive? Besides, she didn’t sound like a servant at all, but a bit noble.

“Yun Feng just came back and she heard that the president got married. Is that true?”

The woman nodded. “It’s true. My lord... married a good woman.”

“Who is that woman? She doesn’t seem to be a virtuous person.”

The woman quickly covered Yun Feng’s mouth. “Miss, you can’t say that again.” Yun Feng chuckled and removed the woman’s hand. “Why? Am I wrong?” The woman sighed. “No matter what, she’s the woman Master married.”

“I’m very curious. Does the president really like her? Or... is there another reason why the president had no choice but to marry her? Yun Feng is also dissatisfied with this woman, but because this is the president’s personal business, she can’t say anything.”

The woman suddenly frowned and looked conflicted for a while. In the end, she sighed softly and told her everything. Yun Feng only felt a bit ridiculous after hearing that. This could be said to be an old trick. She didn't expect her father to fall for it.

The so-called madam had officially risen to the top with the despicable but never-outdated trick of drugging. The reason why her godfather fell into the trap was also related to the woman in front of him. The woman in front of him was the one her godfather liked. However, even though her godfather expressed his interest, the beauty rejected him again and again, making Zhan Li extremely frustrated. That was why he gave others a chance to take advantage of him. Zhan Li had never been an ungrateful person. After waking up, he didn't say anything. The next day, he married that woman and didn't see her again after he married her. The woman in the top position was full of glory and completely regarded herself as a madam. She could do whatever she wanted. She was very happy.

After hearing that, Yun Feng looked at the woman in front of her with her black eyes. She clearly had feelings for her godfather. Why did she reject him? Otherwise, things wouldn't have developed to this point.

"I know what you're going to say. I regret it. I was very regretful after I rejected him again... I'm just afraid that my lowly identity isn't worthy of him. He's the president of the Mercenary Union. I'm just an ordinary person..."

Yun Feng shook her head. "If the president wants to find a woman who's worthy of him in terms of status and strength, why would he have to show his interest in you? Since he has feelings for you, it means that he doesn't care about anything about you at all. He just likes you."

The woman sat there with a gloomy face and her eyes were full of regret. "If only I could understand this back then.."

Yun Feng sighed. She should wait until her father woke up... With her father's personality, it wasn't easy for him to muster the courage to say his feelings. She didn't expect him to be rejected directly. It was obvious how he felt at that time. Someone couldn't help but take advantage of him.

"Stay here." Yun Feng got up. Seeing that she was about to leave, the woman couldn't help but say, "Didn't Master Yun Feng say that nobody can enter or leave the house without her permission? If I stay here..."

Yun Feng chuckled. "She only said that we can't enter or leave the house. She didn't say that we can't stay in the yard."

The woman immediately smiled. "Miss, thank you."

Yun Feng chuckled. "Just stay in the yard right now. Don't go into the house."

"I know that. I won't break in recklessly," said the woman quickly. Yun Feng replied, "I'll go out for a while. I'll be back soon." Yun Feng's body flashed and she had already disappeared from the courtyard. The woman couldn't help but exclaim when she saw that. "She's indeed someone close to Yun Feng... Master's daughter isn't simple. Even the people around her are the same."

"Lan Yi, stay and watch." Yun Feng directly jumped into the air. A ball of green light retreated and a handsome man appeared. "Don't worry, Master. Where do you plan to go?"

Yun Feng glanced somewhere with her black eyes. "Of course I have to go and take a look. What is this woman doing right now? What exactly does she want? I suspect that someone leaked the news about my father. Otherwise, the Blood

Souls wouldn't have ambushed him so accurately and severely injured him."

"Master, you mean... it's that woman?"

"If it's her, she won't be able to hide no matter what." Yun Feng's black eyes turned cold. "Protect this woman well. Don't let anything happen."

"Don't worry, Master."

After dealing with the matter, Yun Feng's body flashed and she went in a certain direction. Lan Yi, on the other hand, stayed in the sky and saw everything happening below with his blue eyes.

"How can Yun Feng appear?" In a room, a woman's high and furious voice came from the room, followed by a man's voice that was lowered. "How would I know? Keep your voice down, so that nobody can hear you!"

Yun Feng, who was in the sky, raised her brows thoughtfully when she heard that. She clenched her fists fiercely in the air and the space blockade hid her entire body, falling directly into the room where the sound came from. A man and a woman were sitting there with conflicted expressions.

Yun Feng slowly narrowed her eyes. Hadn't she met this woman before? This man... seemed to have an extraordinary relationship with her.

"Who would've thought that Yun Feng would come?" The man sat there with frustration on his face. "Who the f*ck would've thought that she would rush over at this moment?"

"What should we do now? If it weren't for Yun Feng this time, Zhan Li wouldn't have survived!"

What the woman said made Yun Feng's face instantly turn cold. She held back the fire of anger in her heart. Now wasn't the time to show up and attack. This adulterous couple must still have something to say.

"It's truly a pity that we missed such a great opportunity this time! We won't have such an opportunity in the future. It's impossible for us to attack Zhan Li!"

The woman frowned. "Can you think of a way to send Yun Feng away? As long as you send her away, we'll still have a chance to attack!"

The man smiled helplessly. "Send Yun Feng away? We can't do anything right now. If we do, we'll get into trouble!"

"Are we going to watch Zhan Li get out of danger? Then, wouldn't our efforts and plans be in vain? The Mercenary Union is such a huge piece of meat. Don't you want it anymore?"

"Of course I do!" A glint of light flashed through the man's eyes. "As long as Zhan Li dies, they said that the Mercenary Union will be mine!"

They? Yun Feng raised her brows. As expected, these two people were working with someone in secret, and the target... was very likely someone from the Blood Souls!

The woman's expression changed. "Since the other party can make Zhan Li wish he was dead, they must be quite strong. Why don't we let them attack again? As long as we create an opportunity, we don't have to worry about not being able to kill him!"

The man frowned. "As long as Yun Feng is here, we don't have a chance at all!"

"So, didn't I say that we have to find an opportunity to send Yun Feng away?" The woman was frustrated and suddenly stopped talking. "Just because we can't do anything doesn't mean that the other party doesn't! You can ask the other party. Wouldn't it be better if they're willing?"

The man hesitated for a while and finally nodded. "I'll try. The other party isn't someone I can meet just because I want to. If they're willing to help, Zhan Li won't be able to escape death this time! By then..." The man chuckled evilly and the woman also smiled. She twisted her body and walked over, leaning against the man's body. "By then, everything will be yours."

The man extended his hand and squeezed the woman's chest fiercely. The woman moaned a few times as her body went limp and she leaned against the man's body. The man squeezed her fiercely. "Zhan Li is quite lucky."

"Hm, I don't care about such an uninteresting man. Even though I drugged him back then, he was so drunk that he didn't react at all. He didn't even touch me with a finger."

The woman chuckled. The man smiled evilly again. "So, you'll be this madam without wasting anything?"

The woman chuckled. "Zhan Li is just a simple-minded boor. How can he compare to you..."

The man burst into laughter and the woman gently stroked the man's chest with her finger. "You must contact the other party as soon as possible, or it'll take a lot of effort if Zhan Li recovers."

"I really couldn't tell that you're so ruthless." The man raised his brows and the woman chuckled. "Who asked him to fall in love with such a lowly woman without even looking at me? Find an opportunity to get rid of that woman too. I'm annoyed just looking at her."

"Leave this to me. I'll contact the other party tomorrow and get rid of Zhan Li as soon as possible." The man's voice gradually disappeared and lewd words then came. Yun Feng had already left when the two of them were fooling around. She would definitely vomit from disgust if she looked at him again.

A piece of ice froze in Yun Feng's eyes. She only needed to move her finger to take the heads of this adulterous couple, but it wasn't the right time yet. The Mercenary Union wasn't like other organizations. Its composition was the most complicated. The Mercenary Union also had the most people. It could be said that all kinds of people could become mercenaries. The definition of the Mercenary Union had nothing to do with personality. Managing such a huge and complicated organization required a certain amount of wisdom and effort.

Yun Feng pondered in her mind. Her godfather had been in this position for so many years. He must have experienced a lot of things like cheating and assassination, but he didn't mention a word to her. Thinking of this, Yun Feng couldn't help but feel a bit ashamed. If she didn't hear it with her own ears today, she wouldn't have thought so much at all.

She returned to the courtyard where Zhan Li lived. As soon as she entered, the woman was very surprised to see Yun Feng. "Miss, what happened? You look awful."

Yun Feng looked up. This woman didn't know that she was Yun Feng. It was precisely because of this that she could see the real situation of this woman. She was truly good to Zhan Li. Yun Feng took a deep breath. "Nothing. I'll go in for a while. Wait here."

The woman nodded and sat down obediently. Even though it was obvious that she was very anxious and worried about Zhan Li's condition, she still sat down. Yun Feng pushed the door open and entered. Qu Lanyi was treating his injuries with light elements. Yun Feng sat over silently. Seeing Zhan Li's pale and bloodless face, her

black eyes darkened.. Godfather, I won't let anyone who schemed against you or hurt you go!

Chapter 1970 - 1970: Ancient Memories (1)

The next day, Yun Feng came to the room of the adulterous couple early in the morning. They would meet each other today. She would know if they were members of the Blood Souls after following them. These two people were even more cautious than Yun Feng thought. They had to confirm if Yun Feng was still in the courtyard before they could take action. Yun Feng, who was hiding in the dark, sneered. She had already considered this factor.

"Is Yun Feng still here? We can't let Yun Feng find out, or we'll die even more miserably!" The man looked nervous, but the woman curled her lips indifferently. "She just entered Zhan Li's room. She can't come out immediately. We should take this opportunity to move."

"Alright, let's go immediately." The man nodded. The two of them immediately set off and left the headquarters as quickly as possible. Yun Feng stepped in the air and looked at the two people who were rushing on their way coldly with coldness in her eyes. She wanted to see who they would meet.

The adulterous couple was still discussing in a low voice as they walked. Their voices all entered Yun Feng's ears.

"Have you thought about how to deal with that bitch?" asked the woman. The man frowned. "Take care of Zhan Li first. Then, isn't it easy to get rid of a woman?"

The woman frowned and rubbed her teeth fiercely, making creaking sounds. "At most, I'll do it myself! I'll definitely make that little bitch wish she was dead!"

The man's eyes glittered. Women were indeed ruthless. They would do anything to achieve their goals. The man glanced at the woman. Such a woman... would probably be a disaster if she stayed by his side. If she could really get rid of Zhan Li this time, she certainly couldn't be kept alive!

Yun Feng stood above the two of them along the way. The two of them ran all the way to the suburbs without noticing anything. They turned left and right and finally arrived at a hidden place. The two of them observed the surroundings for a while. Seeing that the man still didn't do anything, the woman couldn't help but feel a bit anxious.

"Hurry up! It won't be good if someone finds out that I'm not here at this moment!"

“Why are you in such a hurry?” The man was also anxious. Then, he took out a barrel and pulled one end of the barrel fiercely. Something shot out of the barrel and glittered in the air. Yun Feng frowned. Was this a signal?

“Why isn’t there any movement?” After another while, the woman couldn’t help but frown again. “Be patient! The other party is a big shot.”

The woman still wanted to say something, but the power of space changed at this moment and a spatial crack appeared in the air. Yun Feng’s black eyes glittered. It seemed that their contact had appeared. A figure slowly stepped out of the spatial crack. He had a pale face and a black robe that was wrapped tightly around his body. There were also red patterns on the black robe. Yun Feng clenched her fists. It was indeed one of the Blood Souls!

“My lord!” The man immediately shouted respectfully. The person of the Blood Souls raised his head slightly and suddenly glanced in Yun Feng’s direction! He suddenly narrowed his eyes! Yun Feng held her breath and focused. The person of the Blood Souls in front of her was weaker than her. It was impossible for him to notice her. He must have detected the subtle fluctuation on her side, which was why he was so vigilant.

“My lord, what’s wrong?” The man saw that the other party was staring in one direction and didn’t say anything. He glanced over there and saw nothing. What was he looking at?

The Blood Souls powerhouse narrowed his eyes and suddenly swung his black robe, shooting out a stream of dense dark elements in Yun Feng’s direction! He moved and Yun Feng dodged easily without revealing anything. The Blood Souls powerhouse raised his brows. “Are you sure you weren’t followed when you came?”

“Of... Of course!” The man looked around suspiciously. The Blood Souls powerhouse’s expression turned cold. He stood in the air and said, “Have you settled the matter?”

The man smiled awkwardly. He was about to say something, when the woman next to him beat him to it. “Zhan Li was supposed to die, but... Yun Feng showed up.”

“What did you say? Yun Feng!” The expression of the person of the Blood Souls changed drastically! The woman continued, “If she hadn’t come back, Zhan Li would definitely have died! Who would have thought that she would appear at this moment? How unlucky!”

The expression of the Blood Souls powerhouse changed a few times. He was enlightened and looked at the place where he found something wrong just then, instantly understanding something.

Seeing his expression, Yun Feng knew that the person of the Blood Souls had guessed that she was here too. The Blood Souls powerhouse turned around and was about to escape towards the spatial crack without another word. Seeing that, Yun Feng's mental strength instantly turned into a whip from her body and swept towards the body of the person of the Blood Souls. The black robe on the body of the person of the Blood Souls swung again, blocking Yun Feng's mental whip. He flashed quickly and jumped into the spatial crack!

You want to run? Yun Feng sneered and clenched her fists fiercely from the spatial crack! The power of space around the spatial crack suddenly distorted and its original teleportation ability was completely disrupted! Yun Feng stopped hiding and directly appeared in the air. She swung her hand and directly pulled the person of the Blood Souls out of the spatial crack by force!

The contact who came this time was at the God Lord Level. Logically speaking, his strength had reached a very high level, but in front of Yun Feng, he couldn't resist the power of a God Emperor at all! His body completely turned into a black line and directly flew towards Yun Feng's hand from the spatial crack. Yun Feng's finger grabbed his throat firmly!

"Yun... Yun... Yun...!" The person of the Blood Souls widened his eyes that were almost bloodshot. Yun Feng looked at him coldly with her black eyes and her red lips curled up. "I only want your soul so that I can torture you easily." Yun Feng smiled coldly and evilly. The evilness she emitted in an instant was so terrifying! The pupils of the person of the Blood Souls shrank fiercely! He had the power of a God Lord. And now, he didn't have the power to fight back at all in her hands. Yun Feng's strength had already exceeded the upper echelons' expectations!

Her hand instantly transformed and the charming eyes of the Sea Clan appeared. A powerful force was brewing in Yun Feng's palm. She held the body of the person of the Blood Souls firmly with one hand and her other hand was already prepared. With astonishing power, she hit the body of the person of the Blood Souls fiercely and instantly penetrated it!

"Poof!" The sound of a body being forcibly penetrated! The pupils of the person of the Blood Souls shrank again and his body trembled heavily! Yun Feng suddenly retracted her hand. There was no blood at all!

The body that she was holding in her hand had already turned into a loose skin. Yun Feng loosened her hand and this body fell from the sky, hitting the ground heavily. The soul that was trying to escape quickly couldn't escape from Yun Feng at all!

"You can't escape!" Yun Feng attacked quickly and directly!

Chapter 1971 - 1971: Ancient Memories (2)

“Argh...!” A scream came from the soul. That half-turbid soul was enveloped by Yun Feng’s mental strength and was instantly sent back to Yun Feng’s hand. Yun Feng clenched her fists tightly. The soul that was forcibly squeezed and deformed let out another painful scream! Yun Feng quickly put away the soul. She certainly had to torture it slowly when she brought it back.

“Clang.” The man and woman, who seemed to have been completely forgotten below, couldn’t hold on anymore. The woman’s legs went weak and she had already collapsed on the ground! The man’s teeth shook unconsciously and even his legs were shaking!

“She... Isn’t she here... How can she be...” The woman was already so frightened that she couldn’t finish her sentence. Even if the two of them wanted to run, their legs were so weak that they couldn’t move at all. Yun Feng’s sudden appearance was equivalent to a death sentence for them!

Yun Feng looked at the adulterous couple coldly from the sky with her black eyes. The man swallowed hard. “It wasn’t me. She came up with this idea. I was just seduced by this bitch... I hope Master Yun can understand!”

The woman was stunned and looked at the man in disbelief. The man pushed the responsibility away, thinking that Yun Feng would forgive him this way.

The woman knew that she wouldn’t be able to escape death. She sat on the ground with a pale face. The man was still trying his best to shirk his responsibility. Yun Feng couldn’t be bothered to listen to him anymore. She waved her hand and directly threw out her mental strength. Instantly, the man fell silent. The woman on the side also grunted and directly fell in a pool of blood.

Yun Feng glanced at the dead couple coldly. She waved her hand and her aura instantly spread. After a while, many Magic Beasts rushed over. Without Yun Feng saying anything, they rushed towards the smell of blood, leaving nothing behind.

In this period of time, there was no lack of dead people. Yun Feng couldn’t help but feel a bit cold in her mind along the way. Her hands had already been stained with blood along the way. She didn’t care how many people she killed. She only cared about how many people she could protect.

Yun Feng only attacked for a moment. In less than half a day, she returned to the headquarters of the Mercenary Union. The people here still didn't know that the "madam" they were talking about had already died in the wilderness with her lover. There wasn't even a corpse left.

She pushed the door open and entered. Qu Lanyi happened to walk out. "It's settled?"

Yun Feng nodded. "How's my father?"

"His condition is under control right now, but we still need time. Also... we can't let anything happen again. Many dark elements have been injected into his body. If we hadn't come in time, he wouldn't have been able to escape from the hands of the Blood Souls for long."

"It's good that he's safe. It seems that we'll have to rest for a while until the search for the Lightning Seed." Yun Feng frowned. Qu Lanyi touched the top of her head. "It's fine. It won't be too late to do everything after Zhan Li recovers. Do you know where Buyuan Misheng went? Why can't I find any information about this kid?"

Yun Feng's black eyes glittered. She rushed all the way here in a hurry and forgot about Buyuan Misheng, who had been following her. She finally found that he didn't seem to be following her anymore. "He seems to have left," whispered Yun Feng. Qu Lanyi frowned. "He's gone? Is this Xuan Yi's idea?"

Yun Feng pondered in her mind. Without Xuan Yi, Buyuan Misheng wouldn't have left. Once he left, it would definitely be Xuan Yi's instruction.

"It's good that you're not following me," whispered Qu Lanyi. "With a follower, we must be vigilant against everything."

"Maybe Buyuan Misheng told Xuan Yi about the current situation. Xuan Yi must have expected us to stay here for a while. Even if he followed us, he didn't find anything."

"We have four of the seven Element Seeds right now. It doesn't matter even if the Blood Souls get those three." Qu Lanyi's black eyes glittered. "Unless the Blood Souls have a bigger trump card, they'll definitely lose this battle!"

A bigger trump card... Yun Feng pondered in her mind. A darkness Fantastical Beast? The darkness seed? These were already open secrets. Would there be a bigger trump card?

Yun Feng twisted her wrist gently and took out the soul of the person of the Blood Souls she captured. Qu Lanyi curled his lips. "That's a good harvest. Have you already dealt with that adulterous couple?"

"I have to thank them." Yun Feng curled her lips and opened the bottle. A semi-turbid soul ran out crazily. Qu Lanyi sneered. The light elements instantly enveloped the soul. There was a "zi, zi!" sound and balls of white smoke appeared from the soul. The light element energy completely suppressed the darkness energy and was quite cruel to the soul.

"Argh...!" An ear-piercing scream came. The soul struggled crazily. The more it struggled, the more injured it was and the more miserable it was. Qu Lanyi loosened his hand and the circle of light formed by the light elements also loosened. It left the soul a bit and the screams finally stopped. The color of the tortured soul also became much more transparent. It could be seen that the torture just then was extraordinary.

"Did you feel good just then?" Yun Feng said as her soul trembled fiercely. Yun Feng raised her lips. "Answer my question. If you don't satisfy me, I have plenty of ways to make you wish you were dead."

"Yun Feng, you... Argh...!" Screams sounded again. The circle of light tightened around the soul again and the scorching sound came again. The soul struggled crazily! The circle of light loosened slightly and Qu Lanyi said coldly, "There's no need to say anything else." Nôv(el)B\\jnn

"Why do the Blood Souls want Zhan Li dead?" Yun Feng's black eyes glittered. The soul body's eyes glittered and didn't say anything for a long time. Qu Lanyi clenched his fists!

"Ah! I'll talk! I'll talk!" After a puff of white smoke, the soul became a bit weaker again. "Because Zhan Li... learned important information about the Blood Souls."

"What information?" Yun Feng continued. The soul suddenly shook its head. "I don't know about that! I only know that what Zhan Li learned seems to be a headache for the higher-ups. They mobilized the three masters, but he escaped."

The circle of light suddenly tightened! Qu Lanyi frowned. "You're not telling the truth."

"Argh! I'm telling the truth! It's true!" While screaming, the soul quickly explained for itself. Qu Lanyi finally let go and the soul struggled again.

Information that could give the Blood Souls a headache... Yun Feng pondered in her mind. It must be something about the Blood Souls that nobody knew about, or the Blood Souls wouldn't have such a headache.. They sent the three lords... They must kill her godfather!

Chapter 1972 - 1972: Ancient Memories (3)

“You didn’t succeed last time. Why didn’t the Blood Souls send anyone else to attack?” Yun Feng said. The soul quickly said, ‘Zhan Li is already back. If the higher-ups attack again, they’ll definitely alarm more people. By then... it’ll be difficult.’”

“The Blood Souls indeed don’t want this matter to expand...” Qu Lanyi mumbled. “It seems that what Uncle Zhan knows is very important to us.”

“Where’s the base of the Blood Souls? Who’s the Soul Master? What other plans do the Blood Souls have in the near future?” Yun Feng didn’t have much hope for an answer. As expected, the soul trembled fiercely. “I don’t know!”

The circle of light tightened and the sound of roasting came again. The soul screamed again. “I really don’t know! Only the people up there know about this!”

“As expected. The Blood Souls keep it a secret so well and treat their own people the same. Perhaps they already expect to be betrayed one day.” Yun Feng sneered and stuffed the soul back into the bottle. She wouldn’t get anything if she asked further. She should keep this soul for now.

“The Blood Souls are so secretive that we can’t open a gap?” Qu Lanyi frowned. Yun Feng put away the bottle. “I’m curious about who this Soul Master is right now... What’s his purpose?”

Qu Lanyi’s black eyes darkened. “I’m not afraid that he’s a stranger. I’m just afraid that he’s someone we know.”

Yun Feng’s heart also sank. It wasn’t impossible for such a situation to happen.

“The people I stopped from the Blood Souls shouldn’t know that we’re here. Let’s talk about everything after my father wakes up. We’ll be here during this period of time.”

“Of course.” Qu Lanyi nodded. “Even if nothing else, you’ll definitely feel uneasy until Zhan Li recovers. I understand.”

“Thank you, Lanyi. And... thank you.” Yun Feng smiled. If Lanyi weren’t here, she wouldn’t know what to do most of the time. Without Lanyi, it would be very difficult for her father to recover despite the Life Potion. She could only be helpless. She wasn’t omnipotent.

“You... Didn’t I say that there’s no need to be so polite with your man?” Qu Lanyi smiled helplessly and squeezed Yun Feng’s cheek. “Just pretend. Let everyone think that we’re leaving. If we hide in the dark, we’ll be able to see a lot of things clearly.”

“Okay.”

Zhan Li's wife didn't come back all night. Many people at the headquarters were very panicked. When they failed to find her, they were all like headless flies. They didn't know where the news came from, but they said that the madam had appeared somewhere. The people at the headquarters immediately searched and only found some remnant corpses. There were some things on the corpses that could prove that she was the madam. The people at the headquarters were all very puzzled. Why did she die here?

The madam was dead and Zhan Li was seriously injured. Luckily, someone helped him take care of the Mercenary Union, but the headquarters was leaderless. Everyone came to ask Yun Feng unconsciously. She was the daughter of the president and she was Yun Feng, so she certainly had to decide what to do.

Yun Feng was quite straightforward. She directly said that she had something to do and had to leave. However, Zhan Li's condition had already improved. There was no need to worry. She designated the woman Zhan Li liked to take care of everything and even asked two people to stay to take care of him for her. Then, she turned around and left quickly.

The two people left were certainly Yun Feng and Qu Lanyi in disguise. "Yun Feng" had already left. The people at the headquarters could only look at each other and ask the woman Yun Feng designated for everything. Since she was the one Yun Feng designated, she was certainly someone Yun Feng cared about!

For a moment, the servant, who used to be lowly, had now become the core of the headquarters. She came to ask for instructions on all big and small matters, as if she was the new madam.

Yun Feng and Qu Lanyi, who were in disguise, observed everything in secret. After Yun Feng left, nothing happened. However, a lot more people came to ask for instructions. Yun Feng looked at the woman sitting in the courtyard, who was gradually walking out of the shadow of inferiority. She looked like a lady.

"Phew..." The woman finally sent everyone away. She sighed a bit tiredly and rolled her shoulders. Seeing Yun Feng standing aside, she chuckled. "I'm still not used to it... After all, I'm not related to Master."

"So what?" Yun Feng, who was in disguise, raised her brows. The woman chuckled softly. "I really didn't expect that girl to be Master's daughter. I should have thought of it earlier... I even said a lot of things I shouldn't have said back then. Ah..." The woman smiled in embarrassment.

Yun Feng chuckled in her mind. The person who was talking to her right now was still Yun Feng. "Aunt Hua, don't belittle yourself." The woman's name was Hua Sui. Yun Feng called her Aunt Hua. No matter if "Yun Feng" was here or not, Aunt Hua's

personality hadn't changed. Yun Feng was truly relieved. After observing in the dark these few days, Yun Feng found that she really cared for her father.

"Kid..." Aunt Hua shook her head helplessly. "It's all because of what Yun Feng said. Now that everyone has come to ask me... Will Master be unhappy when he wakes up?"

"Of course not." Yun Feng chuckled. She knew her father's personality. Since she was the woman he liked, how would he blame her for managing the family matters?

"Can't we go in and see Master?" Aunt Hua looked up with the same worry in her eyes. Yun Feng sighed. "Not for now. Aunt Hua, just wait patiently. It won't be too late to go in after the president wakes up."

"Yes, you're right. I might affect something if I go in recklessly. It's all thanks to Master's daughter. Unfortunately, Master won't be able to see Yun Feng after he wakes up. I'm afraid he'll be very regretful." Aunt Hua sighed and then stood up. "You must be hungry. I'll go cook for you."

Yun Feng nodded with a smile. Even though she didn't need food, Aunt Hua's culinary skills were indeed not bad. Her godfather would be lucky in the future. Even though someone delivered food and clothes without doing anything, Aunt Hua preferred to cook herself.

Yun Feng sat in the courtyard alone with her mind spinning. She didn't know how her Second Brother was doing. Under the guidance of her master, her Second Brother's strength would probably improve a lot. Would he surpass her just like that? Thinking of this, Yun Feng couldn't help but laugh. If that was the case, she really looked forward to the moment she saw her Second Brother. Perhaps she should find an opportunity to fight with him. By then, her Second Brother would definitely have a headache.

Thinking of the sneak attack of the Blood Souls on the Shiny Plains a few days ago, they had already recovered. The Blood Souls had fought with the East and West Alliance more than a hundred times. It could be said that they were already used to such battles. If the two of them met, they would regard each other as their mortal enemy..

Chapter 1973 - 1973: Ancient Memories (4)

As the Element Seed was searched for, Fantastical Beasts appeared one after another and some secrets were dug out. Yun Feng felt that the fog in front of her eyes was gradually lifted. She looked at her hand in a daze. "The last moment... shouldn't be far away..."

At the burial ground of the Dragons that day, Yun Feng had never found time to verify what the ancestor of the Dragons said. Yun Feng sat in the quiet courtyard alone and slowly closed her black eyes. She said telepathically, "Na Xie?"

After waiting quietly for a while, a lazy voice sounded. "What's wrong?"

Yun Feng slowly took a deep breath. Na Xie had been with her for the longest time. The two of them had never been separated! He had helped her countless times along the way, but she had never seen through Na Xie and she only knew a little about him.

"There's something I want to ask you."

There was a chuckle. "What do you want to ask?"

Yun Feng's mind suddenly became chaotic. There were too many things she wanted to know and too many things she needed answers for. She didn't know where to start. After a while, Yun Feng didn't say anything, but Na Xie said, "Don't worry. One question at a time. If I know the answer, I won't hide it from you."

Taking a deep breath, Yun Feng sorted out her messy thoughts. "Why did you take the initiative to follow me in the Foggy Forest back then?" Yun Feng had guessed it back then, but she wanted an accurate answer right now. In the past, Na Xie's existence consumed too much energy. Yun Feng didn't have time to ask anything else. Now, she had a lot of opportunities to communicate with Na

Xie.

"Because you had something I want." Na Xie's voice came. Yun Feng frowned. At that time, she didn't have anything on her... except for that black jade pendant. "What you wanted... was that black jade pendant?"

Na Xie smiled. "That bit of energy wasn't enough for me. I wanted what's in your body."

A beam of light flashed! "Na Xie, do you want the Red-Eyed in my body?"

After a while, there was silence. When Yun Feng thought Na Xie wouldn't answer, Na Xie's voice came again. "That's right. That's what I want."

"What exactly is your relationship with Red-Eyed... Nemesis?"

"Nemesis? Not really, but we do hate each other."

"I called out to Red-Eyed, but he didn't respond at all. He seems to have disappeared," said Yun Feng. Na Xie's muffled voice laughed. "He didn't disappear, but was suppressed by me. He must be resisting desperately, thinking that he could suppress me one day."

That was indeed the case... Yun Feng pondered. The last time she used Na Xie's power to pull Red-Eyed back, Red-Eyed didn't react anymore. On the contrary, Na Xie's strength increased drastically and it could even talk to her freely now.

"Na Xie, your real power should be above that of the Fantastical Beasts." Yun Feng said with a very certain tone.

"Indeed. My original power is above that of the Fantastical Beast."

"Then..." Yun Feng took another deep breath. "Did you really kill the fire-element Fantastical Beast born by the Dragons?"

All was quiet. "When did that happen? Did I do such a thing?" Na Xie's voice was full of confusion! Yun Feng was puzzled. "You don't know?"

After a long sigh, Na Xie's voice was a bit deep. "To be honest, I lost a lot of things. When I appeared in that form back then, you should understand that I lost a lot. Before I met you, I didn't even know who I was! When I met you in the Foggy Forest that day, the Red-Eyed in your body woke up my memories. Only then did I know that my name was Na Xie."

"Lost?" Yun Feng was shocked. Na Xie's voice sounded. "That's right. The longer I stayed with you, the more things I gathered. I also remember a lot of things, but I can't remember the most important things no matter what."

"What is it?"

"Who exactly made me appear like this back then?" The voice flashed through Yun Feng's mind with deep hatred. "I've been looking for an answer, but... no. I

always thought it was because it had been too long and had already become blurry, but I found that it wasn't the case. That memory of mine was deliberately erased."

"Erased?! You're stronger than Fantastical Beasts. Who else can erase your memories?" Yun Feng was shocked! Na Xie's memories had been tampered with. How was that possible? Was it a Fantastical Beast? Or was it another existence? Above Na Xie?

"Maybe you won't believe it if I tell you. In my vague memories, a human appeared."

What he said shocked Yun Feng again! Humans! Who were they? The founders?

"Did you see who he was?" asked Yun Feng. Na Xie chuckled softly. "If I could remember clearly, I wouldn't be so annoyed right now. That's just a back. It's also very blurry. In that remaining memory, I seemed to be following this human..."

Following that human... What was the relationship between that human and Na Xie? Master and servant? Or companions? Was he one of the founders of the four families? Yun Feng remained silent. The information Na Xie gave her was too shocking. Na Xie was an existence that could kill Fantastical Beasts! He was following a human like this and he even saw the back of that human. Who exactly was that human? If he could control a Magic Beast like Na Xie, he would probably have already surpassed the four families!

A distant memory... Yun Feng pondered. Such a distant memory probably had to be traced back for a long, long time. Not many human elders would know about it, unless the founder of the four families still existed. There must be something important hidden in Na Xie's lost memory!

"How can I recover all your lost memories?" Yun Feng said. Na Xie smiled slowly. "The memories that were deliberately erased won't be recovered no matter what. As for the others... I'm afraid they still need time to be catalyzed. The aura of the Red-Eyed can resonate with me. Even though I don't know why, with it here, my memories will more or less come back as time passes.."

Chapter 1974: Erased Memories

The accumulation of time... How much time would it take to recover such a long memory? Yun Feng couldn't calculate the amount of time at all. Who exactly was the human in Na Xie's memory? Who could erase its memory on purpose? Was it done by the human in Na Xie's memory?

"It doesn't matter if I was controlled by humans in the past. You're the master I've acknowledged right now, Yun Feng." Na Xie's voice came. Yun Feng's heart trembled. "I've acknowledged you as my master. The others have nothing to do with me anymore."

Yun Feng's heart felt warm. What did she do to make such an existence like Na Xie acknowledge her as its master? A warmth of being trusted and affirmed filled her heart. Yun Feng chuckled. "To be honest, I miss you when you were Meatball back then."

Na Xie's voice suddenly stopped, as if he was very embarrassed. Yun Feng opened her black eyes and smiled happily. "Since you've acknowledged me as your master, I'll help you find those lost memories. It doesn't matter how long it takes."

"..Thank you, Master."

Yun Feng curled her lips. Not only did she have to find those lost memories, but Na Xie also appeared in such a form. Not only did he lose his power, but he also lost all his memories. He must have suffered something! Who exactly did this to Na Xie?

All kinds of question marks flashed through Yun Feng's mind again. Where should she start looking for such a distant memory? Master? Yun Feng's black eyes darkened. Her master didn't know the name Na Xie. It seemed that it would take a long time. That master might know a bit about the earth-element Fantastical Beast, but he might not tell her. If those elders of the Yun family were still here... Thinking of this, Yun Feng couldn't help but smile wryly. They weren't here at all. The unusually ancient surname, Yun, only had young blood right now. The ancient bloodline had already been interrupted and there was no trace of it.

"What are you thinking about?" A gentle voice with a smile sounded. Yun Feng came back to herself. Aunt Hua had already brought hot food over. The fragrance of food assailed her nostrils. Yun Feng curled her lips gently.

"Nothing."

"Kid, you're really taciturn. Come, eat quickly." Aunt Hua handed the bowl and chopsticks to Yun Feng and put some food in Yun Feng's bowl with a smile. Yun Feng was startled and looked at Aunt Hua in a daze. Aunt Hua couldn't help but smile. "What are you looking at? Eat quickly!"

Yun Feng chuckled and lowered her head to eat a few mouthfuls of hot food. She only felt that her body and mind were warm. If possible, she hoped that she would be an ordinary person and live such an ordinary and happy life. She didn't need any ancient bloodline, let alone any powerhouses. She only wanted such an ordinary and stable life.

"Hm? You didn't call me for dinner?" Qu Lanyi pushed the door open and came out at this moment, saying with a smile. Aunt Hua quickly said, "I didn't call you, but you came out first. Come here."

Qu Lanyi walked over and saw that Yun Feng seemed to be in a daze. He couldn't help but say with a smile, "What are you thinking about? Why are you

Yun Feng looked up and saw a pair of warm black eyes. She shook her head with a faint smile. "Nothing."

The white mist that rose from the food slowly floated in the air like the wings of a bird. It flapped slowly and rose to the sky.

Three months had passed. Yun Feng had been staying in the Mercenary Union and hadn't left. The Blood Souls didn't do anything else. Yun Feng found it quite strange. Even if the Blood Souls didn't want to expand the tension, they would more or less send someone to attack her father secretly. She didn't expect things to be so calm.

It was good to have peace and quiet after all. Yun Feng was quite free in the past three months and lived a life like that of an ordinary person. Aunt Hua's cooking almost made

Yun Feng greedy. She couldn't wait for the meals every day. Sometimes, Aunt Hua would tease Yun Feng, saying that Yun Feng was like a child.

It was time to eat again. Yun Feng was almost drooling when she faced the table full of dishes. Aunt Hua looked at her with a smile. "You want to eat so much. Hurry up and eat. Look at how greedy you are. Am I really so good at cooking?"

"Of course. I'm a bit worried. What if I can't eat Aunt Hua's food in the future?" Yun Feng said with a smile. She ate a lot without hesitation. Aunt Hua smiled gently. "Eat slowly. Don't choke."

In the past three months, Yun Feng's heart had been warm. A feeling that she had never experienced before filled her heart. She seemed to understand how it felt to have a mother... The door opened and Qu Lanyi walked out with a smile in his black eyes. "Uncle Zhan is awake."

"Father is awake!" Yun Feng looked surprised. Aunt Hua, who was opposite her, completely froze after hearing that. Then, ecstasy surged in her eyes! "Is Master awake? Can I... Can I go in and take a look?"

"Of course," said Qu Lanyi. Aunt Hua quickly stood up and even staggered into the room. Yun Feng also entered the room quickly. After three months, her godfather finally woke up!

"Master, you're finally awake." There were tears in Aunt Hua's eyes. She looked at Zhan Li and wanted to say something, but hesitated. Yun Feng walked in. Even though Zhan Li was weak and haggard on the bed, he was already awake.

"Father." Yun Feng called out, but Zhan Li stared at Aunt Hua firmly. "You..." As soon as she said that, Aunt Hua had already opened her arms and pounced over, hugging Zhan Li fiercely! Yun Feng and Qu Lanyi couldn't help but feel shocked when they saw that. Aunt Hua was so bold!

"Poof!" The sound of flesh and blood instantly sounded. "Ugh!" Zhan Li grunted and his pupils shrank fiercely. He looked at the arm in his chest that had already penetrated his body!

"W-Why..." Zhan Li spat out a mouthful of blood!

"Father!" Seeing that, Yun Feng slapped him! Aunt Hua's body flashed and she was no longer the gentle and honest woman she used to be! Qu Lanyi's black eyes darkened. Nobody would have expected such a sudden situation!

"Bastard!" Yun Feng's black eyes were ignited with fire. She immediately unleashed the power of elements without hesitation, showing no mercy at all! Qu Lanyi immediately went forward and examined Zhan Li's injuries. Yun Feng's eyes were red. Looking at

the woman in front of her, who was still gentle a second ago, the fire of anger burnt fiercely!

“Why?” With a furious roar, she directly shot out a fireball. Aunt Hua didn’t look gentle at all and she was all cold. Her body dodged Yun Feng’s elemental attack agilely without any effort! She was stronger than Yun Feng! Nôv(e)B\jnn

“Boom!” Half of the room was almost destroyed by Yun Feng’s fire elements. Yun Feng’s heart was very painful. The betrayal was like a thorn that stabbed her heart fiercely! “Why did you do this? Who exactly are you?” She roared again. Yun Feng clasped her hands fiercely and the fusion of elements was instantly formed!

Aunt Hua was expressionless as she looked at the power of elemental fusion that roared from Yun Feng’s hand. She clenched her fist in the air and the powerful spatial distortion directly swallowed Yun Feng’s elemental fusion! Yun Feng was stunned. How could it be? It was directly swallowed!

“Xiao Fengfeng! Be careful!” Qu Lanyi reached his arm and suddenly pulled the dumbfounded Yun Feng back. The power of space suddenly distorted where Yun Feng was just then. If Yun Feng couldn’t dodge, she might be torn into pieces in an instant!

“Calm down! She’s stronger than you and me!” Qu Lanyi roared. Yun Feng clenched her fists and gritted her teeth! A clear pain came from her teeth, but it couldn’t compare to the pain in her heart! Why? Why?

Aunt Hua sneered. “Why? The answer is very simple, because I’m a member of the Blood Souls.”

Blood Souls! Yun Feng’s pupils shrank fiercely! The fire of anger at the bottom of her heart became even stronger! She moved her body and was about to rush over, but Qu Lanyi held her firmly at this moment. “Blood Souls... Blood Souls!” Yun Feng roared in pain and resentment!

“Hua Sui is already dead. I only changed my appearance, just like you, Yun Feng.” Aunt Hua sneered. Qu Lanyi said in a deep voice, “You’ve already seen through us?”

“Your tricks are just child’s play in my eyes. I’ve already achieved my goal. As for you...” Aunt Hua looked at Yun Feng. “The Soul Master’s order was to kill you. I’ve changed my mind. Let me see how much you’ll grow.”

She raised her arm. Her original face wasn’t there anymore. It was another face with even more exquisite facial features. The black robe wrapped around her body and the red dark patterns appeared again! She turned around and was about to leave. Yun Feng suddenly stood up. “Who are you? I’ll finish you off with my own hands one day! ”

The woman chuckled and said coldly without looking back, “You’re quite bold.

There's no harm in telling you. I'm Yan Xin, one of the four elders of the Blood Souls." The woman turned her head slightly. "Yun Feng, I'll wait for you.."

Chapter 1975: Ancient Memories About Yun (1)

Regret stabbed Yun Feng's heart fiercely like a sharp knife. The continuous torture made her feel clear pain almost every second. She regretted believing, trusting, letting down her guard... She couldn't see everything clearly with her eyes.

"Xiao Fengfeng..." Qu Lanyi looked at Yun Feng's silent back and didn't know what to do. He could only watch and accompany her. He could feel the regret and pain in Yun Feng's heart, but he found that any comforting words were unnecessary.

Ever since that day, Yun Feng had been sitting there expressionlessly without saying a word for half a month. Even if Qu Lanyi said something, she didn't seem to hear him. Qu Lanyi sighed. Nobody could have expected such an accident. Who would have thought that such a woman was one of the four elders of the Blood Souls? She was stronger than the two of them. How would they notice?

Qu Lanyi walked over and sat down quietly, daydreaming with Yun Feng. She needed time to calm down, or rather, she needed time to heal her heart. She still had to continue walking on her road. Zhan Li's body was penetrated by Yan Xin and he died on the spot. However, for Zhan Li, if his soul was still there, there was still a possibility of rebirth. After Yan Xin left that day, the two of them immediately started talking about the resurrection of his soul. As long as his soul was still here, Zhan Li wouldn't really die!

However... Yan Xin, one of the four elders of the Blood Souls, cut off all his escape routes. Zhan Li's soul was taken away by her just like that. Ever since then, Yun Feng had been silent and didn't say a word.

Nobody else knew what happened. The news of Zhan Li's accident couldn't be leaked. Once it was leaked, there was a high chance that something would happen to the Mercenary Union. Once something happened to the huge Mercenary Union, the consequences would be unimaginable. If the Blood Souls took advantage of the situation, it could be imagined.

Everyone at the headquarters thought that Zhan Li was still recuperating in peace. Nobody would have thought that the president of the Mercenary Union was already gone.

A gust of wind blew and the faint fragrance of food seemed to come from afar. Yun Feng's body trembled fiercely and she suddenly clenched her fists on the stone table, exerting so much strength that the veins on the back of her hands could be seen clearly.

“Lanyi, thank you,” said Yun Feng in a low voice with an extremely calm tone. Qu Lanyi was startled and looked at Yun Feng worriedly. “As I said, you don’t have to be so polite to me.”

The corners of Yun Feng’s mouth curled up indifferently. “It’s been so long. The pain in my heart can’t be eliminated. For my godfather... I only have guilt. It’s all my fault. It’s my fault for trusting others too easily.”

Qu Lanyi frowned. “It’s the same for anyone else. Neither of us noticed it. If you’re in the wrong, I’m also in the wrong.”

“One of the four elders of the Blood Souls... Yan Xin.” Yun Feng’s nails dug into the flesh of her palm fiercely and a clear pain came. “We’ll definitely meet again. Definitely!”

“Don’t you think it’s strange that Uncle Zhan’s soul was taken away? According to the style of the Blood Souls, Uncle Zhan would definitely be killed to silence him after learning such important information. Why did they take his soul away? Shouldn’t they destroy his soul casually so that Uncle Zhan can’t be resurrected?”

Yun Feng sneered. “The Blood Souls have always done whatever they want. They certainly have other uses for taking my father’s soul away.” Yun Feng’s expression eased a bit. “However, my father’s soul is still out there, so there’s a possibility of resurrection. He’s not dead!” Yun Feng stood up. “In the past half month, I’ve been thinking who should take care of the Mercenary Union. My father’s efforts can’t be ruined.”

“Such a huge organization must be managed by someone meticulous. Yan Ming is probably the best candidate,” said Qu Lanyi. Yun Feng shook her head. “How would I not know that he’s the most suitable? However... the East and West Alliance has already given him too much burden. I can’t and won’t trouble him anymore.”

“Do you have a suitable candidate in your mind?” Qu Lanyi frowned. Yun Feng nodded. “Mu Canghai and Ze Ran are the best candidates I’ve thought of. Judging from the current situation, these two people can be said to be free and have the most free time. Mu Canghai is calm and collected, and Ze Ran has a rigorous personality. It’s not bad for the two of them to take over the organization together.”

Qu Lanyi was helpless. “As long as you think they’re suitable, I have no objection.”

Yun Feng replied softly and sighed. “The strength of the four elders is above yours and mine, which means that their strength has already jumped to the God Venerable Level. Then, what about the Soul Master of the Blood Souls...

Even if we have multiple Element Seeds, we can’t use the energy of the Element Seeds, but the Blood Souls are different.”

Qu Lanyi frowned. "The longer we go on this road, the more we find the difference between us and the enemy."

"That's right. I thought the God Emperor Level was already a surprise. Now that I look at it, if we fight with the Blood Souls, we'll definitely lose!" Thinking of this, Yun Feng's heart couldn't help but feel extremely gloomy. The four elders had already jumped to the God Venerable Level. Master was the only one who had reached the God Venerable Level so far! What level was that mysterious Soul Master of the Blood Souls? Above the God Venerable Level!

"We've finally learned some information about the internal structure of the Blood Souls. Below the Soul Master should be the so-called four elders, and below them should be another level."

"Four elders... Four God Venerables... If we want to beat the Blood Souls, we can't be too weak. There should be at least four God Venerables!"

"You and I are two. Yun Qi will very likely become the third, and the fourth God Venerable... might be Xuan Yi."

"Xuan Yi?" Yun Feng was shocked. Qu Lanyi looked gloomy. "I said a long time ago that I couldn't see through his strength. As we increased our strength, his strength seemed to have increased like a tide. It's not that he's improving rapidly, but that he's already reached such a level."

"So... from the beginning, his strength has surpassed ours!"

"That's very likely." Qu Lanyi nodded. Yun Feng was silent. If that was the case, why did Xuan Yi hide his strength? Had his real strength really reached the God Venerable Level as Lanyi said? How old was he... If that was the case, Yun Feng herself admitted that she was inferior! She was far inferior to Xuan Yi in terms of talent!

"However, we can completely exclude Xuan Yi. We can't treat him as a friend."

Qu Lanyi's voice was deep. "He obviously has ulterior motives.."

Chapter 1976: Ancient Memories About Yun (2)

Yun Feng frowned. "Lanyi, do you know what's so special about the Xuan family's bloodline?"

"The bloodlines of the four families all have their own characteristics. What's so special about the bloodline of the Xuan family... I really don't know."

Yun Feng took a deep breath. "The bloodline of the Xuan family is related to Magic Beasts. It should be said that... the bloodline of Magic Beasts has already mixed into the bloodline of the Xuan family and has been passed down from generation to generation. "

"The bloodline of Magic Beasts!" Qu Lanyi was surprised. "So, all the members of the Xuan family are no longer pure humans! They already have the bloodline of Magic Beasts!" Nôv(el)B\\jnn

Yun Feng nodded. Qu Lanyi suddenly frowned. "Xiao Fengfeng, did Xuan Yi tell you this?"

After giving a positive answer, Qu Lanyi frowned even more tightly. "Why did he tell you this? Logically speaking, shouldn't he keep it a secret?"

"I don't know why he told me this, and I can't think about it. Perhaps this is another step of his plan."

Qu Lanyi was silent. "There's no need to think about it anymore. If there's really a deeper meaning, we won't be able to see the intention of what he said until a few steps later. In terms of brains, I'm truly at a disadvantage." Qu Lanyi sneered. Then, his black eyes became warm. "What do you plan to do next? Find the Lightning Seed?"

"That's right. I must get the Lightning Seed! After this..." Yun Feng looked up into the distance. "There are still a lot of things I have to do."

"Alright, no matter what you do, I'll be with you," said Qu Lanyi. He held Yun Feng's cold hand and surrounded her with his warmth. No matter what, he would be by her side and wouldn't leave.

Mu Canghai and Ze Ran would never have thought that they would take over the Mercenary Union one day. The two of them wouldn't reject Yun Feng's request at all. As for why they did this, Yun Feng didn't explain much. She only said that she was at ease to leave it to them.

What else could the two men say? They could only laugh dryly and take over. Yun Feng had already done prevention work in the Mercenary Union. Zhan Li still needed a long time to recover. The matters of the Mercenary Union would be handed over to these two people. This was Zhan Li's intention, and certainly Yun Feng's.

Even though the executives of the Mercenary Union were puzzled in their minds.

Just like that, Mu Canghai and Ze Ran temporarily took over the Mercenary Union. They would definitely encounter all kinds of problems in the future. Yun Feng wasn't worried. She believed that those two people would have the ability to solve them.

Zhan Li's body, which had been penetrated, was as good as new. For safety reasons, Yun Feng directly put her godfather's body into the Dragon Palace and kept it carefully. It was best to return her godfather's soul to his original body after taking it back. It was also a troublesome matter to reconstruct his body or find another body.

Yun Feng briefly explained everything and moved again with Qu Lanyi. Even though her heart was still in pain, Yun Feng couldn't stop just like that. She needed to keep moving forward. No matter how painful it was, she could only endure it silently and couldn't back down.

There was no one else to follow them along the way, so the two of them didn't have to worry about anything else. They returned to the Yun family as quickly as lightning. As soon as they entered the door of the Yun family, a young figure walked out. "Aunt!" Yun Qingchen walked over happily. Yun Feng couldn't help but feel very surprised when she saw him.

"Qingchen, you're back?" Yun Feng looked at her nephew, whom she hadn't seen for a long time. His strength had increased by leaps and bounds again, which indeed surprised her.

"Yes, I've been training for a long time. I wanted to go home and take a look. You know my mother's personality. If I don't come back and let her take a look, she'll probably be worried and exhausted again," said Yun Qingchen with the tone of a little adult. He had grown a lot more than before. "When I came back this time, I thought I could see Second Uncle, but I didn't expect him to be detained by Senior Feng. I heard that Aunt Tianqing was extremely anxious, but Senior Feng refused to let him go."

Yun Feng was helpless. She knocked Yun Qingchen's head with her hand. "What do you mean by being detained? Master is teaching your second uncle himself."

Yun Qingchen stuck out his tongue and glanced at Qu Lanyi with his black eyes. "Brother Lanyi is still with you? You two are truly inseparable."

"Kid, you're so rude." Yun Feng knocked again. Yun Qingchen said, "Aunt is very biased. I've always wanted her to be my bride. Brother Lanyi is my love rival."

Qu Lanyi curled his lips and patted Yun Qingchen's shoulder without hesitation. Yun Qingchen immediately felt like there was a heavy weight on his shoulder. He gritted his teeth, looking very funny. Qu Lanyi let go. "You want to be my love rival? You're still too young."

Yun Qingchen rubbed his numb and painful shoulder. "I was just saying. Why take it seriously?"

Yun Feng smiled helplessly. "How's the family?" The three of them walked inside together. Yun Qingchen said, "The Yun family has always been good. It's the same as

before. Most of the members of the family are involved in the battle between the East and West Alliance and the Blood Souls. I've become an idle person. I suddenly feel very ashamed." Yun Qingchen touched his head. "Aunt, I've been thinking recently that even though it's good to keep practicing, actual combat is indispensable."

Yun Feng raised her brows. "Why? Do you want to experience it yourself?"

"Of course. It'll be great if we can kill some people of the Blood Souls! Qingchen will remember what the Blood Souls did to the Yun family in his mind!"

"If you have the heart, why don't you work harder on potions?" Qu Lanyi raised his brows. "You must know that we don't lack combat strength. The East and West Alliance lacks pharmacists right now."

Qu Lanyi was right. Even though the Pharmacists Union had joined and a large number of pharmacists had surged in, there were still very few pharmacists in the huge East and West Alliance. The supply of potions was also limited. Besides, the Yun family lacked pharmacists. Even though Bai Qingfeng spent a lot of effort to nurture a few of them, they were still too few.

"I'm not talented in potions. That's what Uncle Qingfeng said." Yun Qingchen chuckled and suddenly thought of something. "Where did Aunt come back from?"

"Really? How's grandpa? I haven't seen him in a long time. If I have time, I should visit him." Yun Qingchen said happily, but he found that Yun Feng's expression suddenly froze.. "Aunt, what's wrong? What happened?"

Chapter 1977: Ancient Memories About Yun (3)

Yun Feng smiled. "Nothing. You shouldn't disturb him. Your grandpa needs to recuperate. "

"What's wrong with grandpa? Is he injured?"

Qu Lanyi slapped him again. Yun Qingchen immediately shouted, "Why did you hit me again?"

"Kid, why do you have so many questions? Uncle Zhan more or less suffered a bit when he fought with the Blood Souls. It's that simple."

"Then I should go and take a look!" Yun Qingchen was about to turn around and leave after saying that. Qu Lanyi extended his hand and stopped him. "Didn't you hear what your aunt said just then? Uncle Zhan needs to recuperate. Besides, your aunt and I are here. What can happen to your grandpa?"

“You’re right,” said Yun Qingchen. He was inexplicably relieved. “With my aunt here, my grandpa will be fine. Aunt, why are you back this time?”

Yun Feng chuckled and touched the top of Yun Qingchen’s head. This kid was getting taller and taller. He looked more like her brother. “Nothing. I just came to find my Master for something.”

“Aunt, Senior Feng is truly too strict... I don’t think I saw any other expressions on his face. Is Senior Feng the same to you?”

Yun Feng chuckled. Thinking of her master’s request when she inherited the Dragon Palace back then, she believed that he should be extremely strict. “Of course. ”

“Kid, have you never heard of the saying that a strict teacher teaches a good student?” Qu Lanyi said on the side. Yun Feng smiled gently. “Qingchen, do whatever you want.”

Yun Qingchen nodded. “Most of the clansmen in our family have already gone to the front line right now. I should do something I can.”

Yun Feng nodded with a smile. Ever since the East and West Alliance was established, the Yun family and the Naxi family could be said to be the two cores of the alliance. Most members of the Yun family had joined the East and West Alliance. There weren’t many people in the headquarters of the Yun family right now. The Yun family, which had never been very lively, seemed especially cold, but Yun Feng’s heart was warm.

The three of them walked all the way to where Feng Qingxuan lived and saw a figure wandering outside from afar. It was Gong Tianqing.

“Aunt Tianqing, you’re still here?” Yun Qingchen walked over and glanced into the residence, not daring to get too close. Gong Tianqing was very surprised to see Yun Feng. “Yun Feng, you’re back!”

Yun Feng nodded. Seeing Gong Tianqing’s worried and anxious expression, she smiled helplessly. With her master’s personality, nobody dared to approach him at all and he didn’t like anyone disturbing him. “I’ll go first. Aunt, talk to Aunt Tianqing.” Yun Qingchen waved his hand and directly retreated. Yun Feng chuckled. “How long have you been waiting here? Master hasn’t let you in?”

Gong Tianqing smiled in embarrassment. “That’s not it. Senior Feng let me in at first, but when I saw that Yun Qi was safe, he let me out and never let me in again.”

Yun Feng understood Gong Tianqing’s mind. After all, You Yue died in front of her eyes and something almost happened to her Second Brother earlier. The two blows were already too dark for Gong Tianqing. Even if she knew that her Second Brother was fine, she couldn’t really be at ease, unless she saw him in person. According to her master’s

personality, it wasn't easy to let Tianqing in once. Her master probably sympathized with Tianqing, but it was impossible for her to stay inside.

"Second Brother will be fine. I'll go in to find Master. You go back first," said Yun Feng. Tianqing could only nod. "Then... Alright, I'll go back first."

Yun Feng nodded. Qu Lanyi said, "I'll send her back. I promise she won't come back."

Gong Tianqing blushed and lowered her head in embarrassment. She turned around and went back with Qu Lanyi. Yun Feng turned around, thinking that it was better to tell him. She was about to say something, when Feng Qingxuan's voice came with a smile. "You've been standing outside for so long. Why aren't you coming in?"

Yun Feng smiled after the surprise. As expected of her master. He already knew that she was here before she said anything. She walked into the yard without another word. As soon as she entered, she saw Feng Qingxuan sitting in the air with a cup of hot tea floating in the space next to him. He looked very carefree from afar.

"Master." Yun Feng called out and walked over. Feng Qingxuan slowly opened his eyes with joy in them. "Not bad. You've already reached the God Emperor Level. Even I'll be surprised."

"Master, you flatter me. I'm just at the God Emperor Level." Yun Feng looked around casually and didn't see Yun Qi. Feng Qingxuan chuckled. "Don't look. That kid isn't here. He won't show up for a while."

Yun Feng raised her brows. It seemed that her Second Brother was still cultivating. "Disciple, do you need something from me this time?"

Yun Feng nodded and briefly explained what happened during this period of time. When she talked about Yan Xin, one of the four elders of the Blood Souls, Feng Qingxuan suddenly changed his expression! "Yan Xin?"

"Master knows her?"

Feng Qingxuan frowned. "I've heard of this name. Among the God Venerables I know, there's indeed a God Venerable called Yan Xin, but... she's already dead."

She died?! Yun Feng was shocked. Feng Qingxuan frowned even more. "Even if she died, it won't be difficult for the Blood Souls to resurrect her. It's just that the dead can't rest in peace. How sad."

If it was really as Master said, the Blood Souls had the ability to resurrect the dead. No! To be exact, the mysterious Soul Master had such an ability!

“Master, I know that there are ways of resurrection in the world, but can someone who’s already dead be reborn even without a soul?”

Feng Qingxuan heaved a sigh. “Since the Blood Souls are related to the dark elements and they have the darkness Fantastical Beast, I can boldly guess that the Soul Master of the Blood Souls also has powerful darkness energy. Everyone knows that the light element is famous for healing. When the light element reaches the peak, it can even bring people back to life! The dark element can also have such an effect when it reaches an extremely high level.” “So... dark elements can also bring people back to life?”

Feng Qingxuan frowned. “It’s not bringing people back to life. To be exact, they used the dark elements to steal the soul memories of the dead and forcibly pulled the dead out of the soil.”

“To be able to do this... I’m afraid their strength level can’t be very low.”

Feng Qingxuan’s eyes glittered. “I heard that from somewhere else. My God Venerable level can’t do that. You can imagine how powerful someone with such an ability is.”

Above the God Venerable Level! Yun Feng’s heart trembled fiercely! If the strength of the Blood Souls’ Soul Master was really above the God Venerable Level, how could she surpass him?

“Above the God Venerable Level aren’t legends, but very few people have arrived. Do you remember the all-element summoner of the Yun family?”

Yun Feng’s black eyes glittered. She unconsciously widened her black eyes.

“Master, you mean... this ancestor of the Yun family was above the God

Venerable Level!”

Feng Qingxuan chuckled. “That’s why I dare not to compare myself to him. Compared to an all-element summoner who’s above the God Venerable Level, anyone would feel ashamed.”

“Master, I’ve always had doubts...” Yun Feng mumbled. Feng Qingxuan raised his brows. “Disciple, what do you want to ask?”

Yun Feng looked up. “Has the all-element summoner of the Yun family really died?”

Feng Qingxuan’s black eyes glittered. Yun Feng continued, “The Yun family suddenly declined and a powerful gap appeared in the middle.. The distant memories of the past can’t even be found! Isn’t everything... too strange?”

Chapter 1978: God Venerable Level (I)

Hearing what Yun Feng said, Feng Qingxuan couldn't help but sigh. "Disciple, in my era, the Yun family was still one of the four most prosperous families. Nobody could compare to them in terms of summoner bloodline. At that time, the Yun family was still powerful. The Yun family suddenly fell like a shooting star. I didn't expect that. When something happened to the Yun family, I was already in the Beast Region. After that, I've been trapped in the Beast Region and I don't know anything about the Yun family."

Feng Qingxuan paused for a moment and looked at Yun Feng solemnly. "However, I can tell you with certainty that the all-element genius of the Yun family has indeed died. He died a long time ago when I was active. That's the only thing I can confirm."

He died? He really died... Yun Feng suddenly felt deflated in her mind. The all-element genius of the Yun family had indeed died. Yun Feng still had some hope in her mind earlier. If that ancestor was still here, she might be able to find him! If her master said so, that all-element genius must be gone.

"But Master also said just then that when the dark elements reach the peak, they can forcibly resurrect the dead! If the Blood Souls' Soul Master intends

to..."

Feng Qingxuan shook his head. "That's impossible. If the Blood Souls' Soul Master really wants to resurrect this all-element genius of the Yun family, the price he has to pay is far beyond what he can bear. Disciple, no matter which resurrection it is, you have to pay a price, even for the dark elements I mentioned just then. The stronger the person you want to resurrect, the higher the price you have to pay, especially for this forced resurrection. Even the dead can't rest in peace and the price will increase exponentially!"

Yun Feng was silent. So that was the case... Thinking back, when Senior Yao Guang resurrected Mu Canghai, his entire body seemed to be exhausted. He still needed a long time to return to his original state. If the Blood Souls and the Soul Master forcibly resurrected this all-element genius, he would probably lose his life just like that.

Why exactly did the Yun family go from prosperity to decline? Why did it fall from such a glorious position to the bottom of the valley? The existence of the Yun Palace indicated the Yun family's glorious past and also indicated that the

Yun family suddenly suffered a disaster! Otherwise, how would the bloodline of the Yun family be so divided and scattered around the continent?

This accident had always been a mystery. The distant memories of the Yun family were suddenly cut off and couldn't be found at all! It wasn't impossible to say that someone did all this on purpose to erase everything about the Yun family!

Thinking of this, a trace of coldness suddenly flashed through Yun Feng's

mind. The Yun family, one of the four ancient families of mankind, had such a special summoner bloodline. Who exactly wanted to eliminate such a family from the world?

"Disciple, what are you thinking about?" Seeing that Yun Feng was silent and solemn, Feng Qingxuan asked with concern. Yun Feng came back to herself and shook her head. "Nothing. I've always been... concerned about the Yun family."

Feng Qingxuan sighed. "Not only you, but I'm also confused about the decline of the Yun family. However, there's nowhere to find what happened in the past. I'm afraid all the clues have been hidden in the current of time."

"Master, you're right. Compared to that, the most important thing right now is to deal with the Blood Souls," said Yun Feng. She put away the complicated thoughts in her mind and took out the lightning-element map, giving it to Feng Qingxuan. "Master, do you know the place drawn on this map?"

Feng Qingxuan took it and looked at it carefully. He chuckled. "It seems that this symbol is still from an area in the ancient times. I don't have a good memory. Let me think about it."

"There's no rush. Master, take your time." Yun Feng smiled gently. "Master, the four elders of the Blood Souls have probably already reached the God Venerable Level. My God Emperor strength is still not enough right now."

Feng Qingxuan frowned. "Your cultivation speed has already exceeded that of others along the way. Even I feel a bit ashamed of my inferiority. It took you only one-thousandth of the time of others to reach the God Emperor Level! It's not easy to reach the God Venerable Level with only hard work. You need opportunities. Naturally, strength and hard work are indispensable."

"Opportunities?" Yun Feng frowned. Feng Qingxuan nodded. "After stepping into the God Level, the hard work you put in every time you advance is unimaginable, especially to enter the God Venerable Level. The accumulation of strength is one thing. To reach the God Venerable Level, you need the right time, place and people, which is the so-called unity of man and nature."

Feng Qingxuan paused for a moment. "The God Venerable Level is a kind of pure new level. What you can understand is also what people can't think. After reaching the God Venerable Level, many people's mindsets will change. The rapid rise of strength is one manifestation, and the change of mind is another. As you said, disciple, if you can really

surpass the God Emperor Level and become a God Venerable at such a young age, you'll probably be the first person in the world."

Feng Qingxuan chuckled. "You can't be too hasty at the God Venerable Level. You'll only cause trouble. Disciple, you're at Grade 5 of the God Emperor Level right now. You should increase your strength to the peak of the God Emperor Level first. The accumulation of strength is also important."

Yun Feng took a deep breath. "Got it. After knowing the power of the Blood Nôv(el)B\jnn

Souls, I was indeed a bit hasty."

Feng Qingxuan said, "Only when there are no waves can people see the bottom of the lake. If there are any waves, others will see you clearly."

Yun Feng nodded. "Thank you for your guidance, Master. I'll remember it in my mind."

Feng Qingxuan chuckled and nodded in satisfaction. "Wait for that kid here. He should be back soon. When he comes back, tell him that his cultivation has come to an end."

Yun Feng said, "Master, if we disturb Second Brother's cultivation because of the map, I..

Feng Qingxuan waved his hand. "Of course, your business is the most important. I'm only willing to teach that kid because of you."

"Master..." Yun Feng was about to say something else, when Feng Qingxuan turned around. "Don't worry. Your business isn't a hindrance to that kid's cultivation. Too much is as bad as not enough. It's the same for you and that kid. Disciple, do you understand?"

Yun Feng was stunned for a moment. Then, she took a step back. "Yes, I understand."

Feng Qingxuan put on a smile and left, leaving Yun Feng with the steaming teacup in the sky.

"Feng!" Someone called out in surprise as a gust of wind roared behind her. Yun Feng looked back and saw a figure coming at her like lightning. He suddenly stopped in front of her at an extremely high speed, but there wasn't any sound when he landed..

Chapter 1979: God Venerable Level (1)

“Second Brother!” She shouted happily. Yun Qi also smiled heartily and showed his white teeth. “When did you come back?”

“I just came back.” Yun Feng looked at the man in front of her, who seemed to have suddenly matured. Her Second Brother’s appearance hadn’t changed, but his body had become a bit more muscular. However, a different temperament was surging out of his body, completely different from before.

“It’s been a while. Second Brother’s strength has indeed improved a lot!” Yun Feng smiled happily. Yun Qi touched the top of Yun Feng’s head. No matter how he changed, no matter how Yun Feng changed, the bond in their minds hadn’t changed at all. Even though Yun Feng was already an impressive big shot in the eyes of others and they didn’t dare to get close to her easily, in Yun Qi’s eyes, Yun Feng was still the little sister he had to protect.

“Where’s Senior Feng? He’s not here?” Yun Qi looked at the teacup that was emitting steam in the sky and looked around. He couldn’t help but feel puzzled when he didn’t see Feng Qingxuan. Yun Feng said, “Master was indeed here just then, but he has left for something. Master said that Second Brother’s cultivation can end first.”

Yun Qi was surprised. He raised his eyebrows that were as thick as ink. “Senior Feng really said that?”

Yun Feng nodded. “Indeed. Master said so himself.”

“Phew!” Yun Qi heaved a sigh of relief and his body completely relaxed. Yun Feng finally knew that her Second Brother had been tense. She couldn’t help but chuckle. Yun Qi squeezed Yun Feng’s cheek. “Why? How dare you laugh at your brother?”

Yun Feng shook her head with a smile. “How would I dare? I wouldn’t dare.”

Yun Qi shook his head helplessly. “Senior Feng is very strict. I don’t dare to breathe loudly in front of him and don’t dare to say a word of nonsense. I’ve never seen Senior Feng smile... Feng, it’s too hard on you to have such a master. Even though Senior Feng is powerful and has a respected status, his personality...”

Yun Feng couldn’t help but smile even wider. Her master wasn’t like this in front of her. Even though her master in the Dragon Palace was a bit serious in the past, after seeing her master for real, her master protected her and doted on her as a disciple. Her master often smiled in front of her.

“Second Brother, don’t worry about me.”

Yun Qi smiled heartily. “You’re right. A strict teacher produces a good disciple. If it weren’t for Senior Feng, you wouldn’t have your current achievements.”

“Indeed. I’ve had too many masters. If it weren’t for them, I’m afraid it would be very difficult for me to take on such a heavy responsibility.” Yun Feng was quite emotional. She would be a good master and a friend for the rest of her life.

“It won’t happen again. Second Brother will help you share the burden in the future. All the members of the Yun family will do the same.” Yun Qi touched the top of Yun Feng’s head and glanced over with a gentle gaze. Yun Feng chuckled softly. In her Second Brother’s mind, she would always be a child. In her brother and sullen father’s minds, she might still be a child.

“Got it,” said Yun Feng. “You don’t know this, but Tianqing has slimmed down again during your cultivation. She’s extremely worried.”

A blush inexplicably appeared on Yun Qi’s handsome face. He glanced

elsewhere rather awkwardly. “Is... Is that so? I... I’ll go see her later.”

Yun Feng couldn’t help but chuckle. Yun Qi couldn’t help but blush even more after hearing that. He knocked Yun Feng’s forehead gently with his big hand. “Kid, you’ve learned to tease your brother?”

“How would I dare? When I came in just then, Tianqing was blocked outside by

Master. She’s indeed lost weight and she was indeed very worried about you.”

Yun Qi sighed. He certainly knew that. Senior Feng didn’t like to be disturbed by outsiders and Tianqing probably wouldn’t leave easily. He could only try his best to fulfill Senior Feng’s request as soon as possible, so that he could make that girl feel more at ease.

“I know the worry and suffering in her heart. I’m afraid You Yue’s matter has already become a shadow in her mind for the rest of her life.” Yun Qi curled his lips. That little woman was almost paranoid. If he was injured again in the future, she would probably be frightened.

“Tianqing will indeed be worried, but she’s not such a weak woman. There’s more than one trauma in her life. I think the days when Second Brother was seriously injured and couldn’t wake up were Tianqing’s nightmare.”

“Alright, alright. I can’t argue with you.” Yun Qi was helpless. Yun Feng curled her lips. “Master has already said so. Second Brother, you can take a break. I know you’re worried about Tianqing in your mind. I asked Lanyi to send her back first.”

Yun Qi nodded. The brother and sister talked along the way. Yun Qi was certainly worried about how his precious sister had been during this period of time and what she had experienced. Even though Yun Feng answered all his questions, she always

avoided the important ones. How would Yun Qi not know what Yun Feng was thinking? He could only think in his mind. There were some things that he had to ask Qu Lanyi to know what was going on.

The two of them walked all the way to the place where Gong Tianqing lived. They almost didn't meet any members of the Yun family along the way. Yun Qi also exclaimed. Unknowingly, the people from the headquarters of the Yun family weren't here anymore. They went to the front line to do other things. He had truly become an idle person right now.

"Yun Qi!" Before they arrived, Gong Tianqing ran over from afar and went straight to Yun Qi. Yun Qi couldn't help but feel a bit excited when he saw this. Looking at Gong Tianqing, his heart ached a bit. She had indeed lost a lot of weight as Feng said.

Qu Lanyi came from behind Gong Tianqing and said helplessly, "She refuses to rest no matter what. There's nothing I can do."

Yun Feng chuckled. Looking at Gong Tianqing's skinny face, her heart ached. Luckily, her master was willing to let her Second Brother out, or she would probably lose weight again. Qu Lanyi looked at the couple and couldn't help but tease, "Xiao Fengfeng, it's time for us two third wheels to leave. Don't disturb them."

Gong Tianqing and Yun Qi were both embarrassed after hearing that. Gong

Tianqing blushed and looked at Yun Feng. "Yun Feng, aren't we..."

Yun Qi, on the other hand, glared at Qu Lanyi. "Kid, you're quite eloquent."

Yun Feng chuckled. "Why are you so shy? You'll be my second sister-in-law sooner or later."

Gong Tianqing's face became even redder. Yun Qi couldn't help but feel helpless. "Feng, are you teasing that kid too?"

"Alright, alright, alright. I won't say anything else. Second Brother is already protecting her before she becomes his wife. It's obvious how much Second Brother likes Tianqing."

"Yun Feng..." Gong Tianqing blushed. Yun Qi was truly helpless. "Kid, let's sit down first. There are a lot of things you don't want to tell me. I still have to ask

clearly.."

Chapter 1980: God Venerable Level (3)

The four of them sat down. The Yun family, which was usually very quiet, was even quieter at this moment. The wind came and the sound of the grass floating was extremely clear. Yun Feng roughly learned where the members of the Yun family went from Gong Tianqing. The members of the Yun family were stationed everywhere in the East and West Alliance.

Yun Sheng and Mu Xiaojin devoted themselves to the management of the East and West Alliance and helped Yan Ming a lot. The sullen father, Yun Jing, went to the front line himself. With the Golden Dragon blood in his body, he could be said to be a great warrior. Yun Xiang, on the other hand, rushed to the front line in a hurry. Bai Qingfeng joined the Pharmacists' Union with a few pharmacists nurtured by the Yun family, trying to find better talents. The other members of the Yun family, whether they were seniors or juniors, all devoted themselves to the alliance army against the Blood Souls. Everyone could be said to be doing their best!

Yun Feng knew this and her heart was full of gratitude. The Yun family was already very different from before. Yun Feng inexplicably felt that the responsibility on her shoulders was much lighter. She wasn't carrying this alone. Right now, she had her clansmen and family with her!

"Feng, thank you for your hard work along the way." Yun Qi said with a heartbroken tone. His only sister had done things and walked the road in the time he didn't know. Even if he didn't see it with his own eyes, he could imagine how difficult it was.

"Nothing. Everything I do is for my Yun family. It's worth it," said Yun Feng. Yun Qi smiled gently. Qu Lanyi couldn't help but say, "The Yun family might be the most united family. Even I'm not confident that I can do this for the Naxi family. It's precisely because of this that all the members of the Yun family are proud of this surname."

Yun Qi burst into laughter and waved his hand. "The Yun family doesn't have to worry anymore right now. Where have you been these days? Don't think about skipping everything. I'm serious."

Yun Feng and Qu Lanyi looked at each other. Seeing her Second Brother's expression, Yun Feng knew that if she continued to hide it, her Second Brother would probably be enraged. She told him everything honestly. Of course, Yun Feng omitted the details as much as she could.

After hearing that, Yun Qi's expression could be said to be cold. "Xuan Yi and Buyuan Misheng still haven't given up!"

Last time, Yun Qi directly fought with these two people, especially Buyuan

Misheng. He was knocked away by Yun Qi with a slap. He was purely a loser.

“It’s fine if it’s Buyuan Misheng. He doesn’t have any brains. It’s just Xuan Yi... We don’t know anything about him right now.” Qu Lanyi frowned. Yun Qi frowned. “Xuan Yi is that kid with glasses?”

“That’s right. It’s him.” Qu Lanyi nodded. Yun Qi’s black eyes glittered. “I can’t really tell from his appearance, but if he puts his mind on Feng, don’t even think about it.”

“Second brother-in-law is indeed on my side,” teased Qu Lanyi. Yun Qi looked up. “Kid, when did I acknowledge you? Don’t call me that.”

Yun Feng raised the corners of her mouth. Gong Tianqing quickly said, “What do you plan to do next? The Blood Souls often fight with the East and West Alliance. It seems that they intend to fight.”

“Next...” Yun Feng frowned. What she had to do next was to find the Lightning Seed and work hard to increase her strength level, waiting for the day she broke through to the God Venerable Level! She didn’t have the capital to fight with the Blood Souls right now, so she certainly couldn’t act recklessly.

“No matter what you do next, Second Brother will accompany you,” said Yun Qi. Yun Feng was startled. “How can that do? Second Brother needs to cultivate too. Besides, Master...”

“No matter how much I cultivate, what’s the use if I can’t protect you? The place and time of cultivation don’t matter. Senior Feng has already taught me the method. I can cultivate on my own anytime and anywhere!”

“If Second Brother can follow us, it’ll be very beneficial for us,” said Qu Lanyi. “Second Brother is right. Cultivation isn’t about time and place. As long as you master the method, you can do it anytime and anywhere. If you really stick to a certain format, it’ll truly affect the advancement and development of your strength.”

“But...” Yun Feng still wanted to say something, but Yun Qi was a bit angry. “After all, Feng, do you not want me to follow you? Do you still want to carry everything on your shoulders?”

Yun Feng was speechless. Seeing that her Second Brother was really angry, she was too embarrassed to say anything. “Feng has never thought so, but...”

“Alright, there’s no need to say anything else. I’ll explain to Senior Feng in person next time. I believe he won’t object.” Yun Qi made the final decision. Qu Lanyi chuckled. Yun Feng, who had always been domineering, couldn’t do anything to her family.

“Alright, I’ll listen to you, Second Brother.” Yun Feng compromised. If she rejected him, Second Brother would follow her no matter what. Gong Tianqing was a bit anxious in

her mind after hearing that. Yun Qi looked at Gong Tianqing and frowned. “Tianqing, you should stay in the Yun family. When I come back, you..”

“No!” Gong Tianqing slammed the table and stood up. “No! Don’t even think about abandoning me!”

Yun Qi was stunned and his expression immediately became serious. “Tianqing! This isn’t a joke. What we’re going to face next isn’t an ordinary battle. We might encounter the people of the Blood Souls! You...”

“It’s precisely because I know that it’s not a joke that I said you can forget about abandoning me!” Gong Tianqing widened her black eyes and looked at Yun Qi with bright eyes. There seemed to be two flames flashing in them. Yun Qi couldn’t help but feel dumbfounded. Perhaps he had seen too much of Gong Tianqing’s vulnerable and worried side. He seemed to have forgotten that this girl also had a side that was as strong as iron!

The two of them looked at each other. Yun Feng and Qu Lanyi looked at each other and smiled. The two of them got up silently. Seeing that, Yun Qi couldn’t help but ask, “Where are you going?”

“Second Brother, discuss with Tianqing first. Tell us when the result is out.” Yun Feng and Qu Lanyi turned around and left together. Yun Qi couldn’t help but feel embarrassed when he saw that. “Feng...”

Yun Feng and Qu Lanyi left with a smile. Yun Feng couldn’t help but laugh in her mind that her Second Brother wasn’t smart either. It was certainly right for her Second Brother to be worried about Tianqing, but he forgot that Tianqing was also worried about him. How could she stay in the Yun family alone? She would definitely follow him. For women, they wouldn’t truly feel safe when they truly saw that their man was safe. They couldn’t be at ease about anything else. Besides, Tianqing had experienced so much and was especially sensitive to life and death. It wouldn’t make sense if she didn’t follow them..Nôv(el)B\\jnn

Chapter 1981: The Existence of the Dragon Palace

Yun Feng couldn’t help but sigh. Her Second Brother still didn’t know that the Dragon Palace existed. Wouldn’t it be the same as long as she took Tianqing into the Dragon Palace? There wouldn’t be any hindrance at all if she took Tianqing with her. If her

Second Brother didn't know about the Dragon Palace, he would probably make Tianqing angry.

During this period of time, Yun Feng stayed in the Yun family. It was very quiet. Most members of the Yun family had already left. The three elders of the Yun family also ran back and forth often and rarely came back to the headquarters of the Yun family. There were only a few powerful elders at the headquarters of the Yun family. Even though the headquarters of the Yun family was empty right now, nobody dared to do anything. The Yun family had already reached a certain peak right now. No force would have thought that the Yun family would be like this.

Yun Feng didn't walk around. Instead, she stayed in her yard and used this time to study the potions attentively. Na Xie's energy was directly stored in her body, which made Yun Feng even more proficient in the field of potions. Right now, grandmaster-level potions weren't a problem for her anymore.

Qu Lanyi stayed with her as usual. Yun Feng didn't have to close her eyes to make potions anymore. Looking at the liquid that was moving in the fire in front of her, Yun Feng unconsciously became distracted. She didn't know how Little Fire and Qingqing were doing. Yun Feng had contacted Little Fire telepathically, but there was no reply from Little Fire at all. This was the first time Little Fire ignored Yun Feng's voice. What would Little Fire do... between him and Qingqing...

"Poof!" Thick smoke instantly rose from the fire. Yun Feng smiled helplessly. It was no wonder that she failed. She was already distracted. The fire was put away. Yun Feng used a bottle to hold the burnt liquid and poured it out. Her distraction caused her to make a mistake. It was a pity for the few precious herbs.

She was about to prepare for the next refinement when the Sound

Transmission Jade suddenly emitted a light. Yun Feng picked up the call and the other party's voice immediately came back. What surprised Yun Feng was that it was Bai Qingfeng.

"Yun Feng!" Bai Qingfeng's voice came. "Yun Feng, you're back?"

Yun Feng raised her brows. "How did you know? Hm, I'm indeed back."

"That's great..." Bai Qingfeng was suddenly relieved. "Yun Feng! Are you alright right now?"

Yun Feng was puzzled. What was going on? "You sound like you're in trouble."

"If I hadn't encountered trouble that nobody can solve, I wouldn't have disturbed you! If you have time, can you come here in person? I'll tell you the details later! "

“Did something happen to your potion?” Yun Feng frowned. Bai Qingfeng’s voice came again. “It’s even worse than you think! If you have time, come here as soon as possible!”

“Alright! Tell me the location and I’ll go there immediately.”

Bai Qingfeng told her the address and the two of them cut off the connection. At this moment, Qu Lanyi pushed the door open and entered. “I think I heard a man’s voice just then. Who contacted you?”

“Yes, it’s Bai Qingfeng. There seems to be a problem with the potions.” Yun Feng frowned. She didn’t understand what would go wrong. Was there a problem with the potions or with the pharmacist?

“There’s a problem with the potion?” Qu Lanyi raised his brows. Yun Feng said, “I’m not sure, but Bai Qingfeng was obviously a bit anxious. He said that he wouldn’t have disturbed me if it weren’t for the emergency.”

“In that case, do you want me to go with you?”

Yun Feng shook her head. “No need. I’ll go there myself this time. If there’s any news from Master, you can inform me immediately.”

Qu Lanyi nodded. “Alright, be careful. I’ll inform you when I hear from Senior Feng.”

Yun Feng set off and went straight to the place where the Pharmacists’ Union was located. After she arrived, Bai Qingfeng had already been waiting outside.

He led Yun Feng all the way inside as he explained the situation to Yun Feng. Yun Feng couldn’t help but frown after hearing that. It seemed that things were indeed tricky.

As everyone knew, the most important part of the East and West Alliance was the Pharmacists’ Union. The provision of potions could greatly increase the combat ability of the East and West Alliance, especially the Life Potion. It was the most indispensable thing. Even though the Pharmacists’ Union joined, the number of pharmacists was still too small compared to the huge sum of the East and West Alliance. There were even fewer outstanding pharmacists and there weren’t many seedlings for pharmacists, which made the supply of potions extremely limited.

“The basic level of potions the Pharmacists’ Union can provide right now can only be stuck at about high-level three-star. Even though there are master-level potions, the number is too limited. There are only more than thirty master-level pharmacists in the Pharmacists’ Union. It’s truly difficult to meet such a huge demand,” said Bai Qingfeng as his face suddenly darkened. “In such a serious situation, the best seedlings are the most important. The matter also happened in this segment.”

Bai Qingfeng took a deep breath. A few pharmacists brushed past the two of them, looking like they were in a hurry and very tired. "Right now, all the pharmacists are cultivating in the Pharmaceutical Institute. The people from the few continents are all gathered together. You can imagine their relationship. It's also a group of young people, and there are even some guys who cause trouble."

Yun Feng frowned. "You mean..."

"There are young people from the four families learning potions here. The few members of the Yun family certainly don't have to go. I can teach them myself. The few members of the Naxi family are not bad, but the few members of the Xuan family and the Buyuan family are a group of rotten fish and shrimp!

Under the lead of these two families, the mob gathered together. The Pharmaceutical Institute is in a mess! The people of these two families even caused trouble on purpose and severely injured many pharmacists!"

Yun Feng was shocked! The people of these two families were so presumptuous!

"It's certainly not convenient for the elders of the Pharmacists' Union to say anything. Not many people dare to stand up and say anything bad about the members of these two families. At this rate, the Pharmaceutical Institute will be destroyed by them sooner or later! Once the Pharmaceutical Institute is over, a large number of pharmacists will be lost. The few of us won't be able to support the East and West Alliance!"

"Does the leader of the Naxi family know?"

Bai Qinzfenz shook his head. "The elders said that it'll be even worse if the leader of the Naxi family shows up. After all, they're a group of young people. The leader of the Naxi family can't make things difficult for the young people."

Yun Feng frowned. "How many students in the Pharmaceutical Institute are suffering right now?"

"Those who go against them have more or less suffered losses. Only the few members of the Naxi family are safe. However, the Naxi family doesn't like to get involved in these things and has been staying out of it." Bai Qingfeng said with deep emotions. "Not long before, a few pharmacists died miserably in their hands. We thought it was just young people being competitive, but we finally understood that this isn't just competition anymore!"

"Someone died!" Yun Feng was shocked. The members of the Xuan family and the Buyuan family dared to attack! Who did they think they were? They thought they were one of the four high and mighty families!

"Where did the person die?"

Bai Qingfeng sighed softly. "I don't know about that yet. It just happened and we realized the seriousness. However, it's not easy for us to do anything with our identity. Luckily, you're back."

Yun Feng sneered. "These two families are truly restless. Not only did they not contribute at all, but they also caused a lot of trouble."

Bai Qingfeng frowned. "Did the leaders of these two families instruct them?"

"They wouldn't dare to," said Yun Feng in a low voice. "If they have the slightest intention of destroying the alliance, how can the East and West Alliance tolerate them? If these two families lose the protection of the East and West Alliance, the Blood Souls won't let them go. It's just that young people don't know what it means to behave themselves. They can't see their strength clearly."

Yun Feng looked back. "I'll deal with this matter. You don't have to tell the leader of the Naxi family. If he knows, it'll indeed be difficult for him to show up."

Bai Qingfeng nodded. "What do you plan to do?"

Yun Feng pursed her lips. "To make an example of them.."

Chapter 1982: Peace Restored (1)

The Pharmaceutical Institute was originally under the Pharmacists' Union.

After the Pharmacists' Union joined the East and West Alliance, the Pharmaceutical Institute became a place to nurture pharmacists. Even though the Potion Elder of the Juxing School didn't like to come here, for the sake of the big picture, the pharmaceutical department of the Juxing School also joined the Pharmaceutical Institute. The Potion Elder also became one of the teachers of the school, but he was just a teacher with a special personality.

After the Pharmaceutical Institute was reorganized, it was very different from before. It wasn't for pharmaceutical students on the East Continent anymore. There were also outstanding talents from other continents surging in. There were a lot more people than before and their relationships became quite complicated. Coupled with the arrival of the young people of the four families, it was even more so.

There were actually often conflicts between the students of the Pharmaceutical Institute in private. The students from the various continents formed different groups. The various forces involved formed a line. Even though there were a lot of conflicts, most of them were verbal ones. If they fought, they would only suffer minor injuries. It wasn't easy for the teachers of the Pharmaceutical Institute to come out and manage them, so

they could only ignore them. Even the few Potion Elders couldn't solve the problem, so they certainly couldn't say anything.

However, in the past few days, the conflict suddenly heated up. Perhaps because nobody cared about it, the students fought more and more frequently and didn't have any scruples. It wasn't until someone died that the entire Pharmaceutical Institute completely calmed down. The restlessness also calmed down completely. However, the culprit still didn't care. After all, it was the Xuan family and the Buyuan family who led the fight. Who dared to jump out and say anything bad about them?

"Young Masters, this matter has already spread to the Pharmacists' Union. Will they do anything?" The obsequious young man stood there and looked at the two young people sitting in front carefully. They were the leaders of the Xuan family and the Buyuan family.

"What are you afraid of? Even if someone dies, the Pharmacists' Union can't do anything to us!" A young man with a white scar on his face said indifferently.

"Xuan Cheng, don't you think?"

The young man, who looked more gentle, smiled lightly. "What's there to be afraid of? Our identities are obvious here. So what if someone dies? They're just a few mid-level pharmacists. It's not a loss to die."

"Is... Is it really okay? After all, they're dead..."

"What are you afraid of? You're even more cowardly than rats!" The young man of the Buyuan family was very angry. Xuan Cheng waved his hand indifferently. "Buyuan PO, these people are just timid and irresponsible. What's the use of being angry with them?"

"A bunch of losers," said Buyuan PO. He leaned against the back of the chair and chuckled. "They made those clowns of the Karan Empire jump. Let's see how they can jump in the future after a few of them die! How dare they whisper to me? Do they really think that with the Yun family around, I won't dare to do anything to them?"

Xuan Cheng chuckled. "It's a lesson for them. They think they don't have to worry about anything just because they have the Yun family as their backer. They're thinking too simply."

"It was truly satisfying to kill those few people! If anyone dares to disrespect me in the future, I won't let them go easily!"

Xuan Cheng burst into laughter. "It's truly not bad if the Pharmaceutical Institute can be used by our families."

Buyuan PO chuckled. "If we can really control the potions, are we afraid that the Yun family and the Naxi family won't listen? By then, our families will be the real masters of this alliance!"

"You're right. Regarding the disobedient pharmacists, we have to think of some solutions."

"Solutions? Aren't those people already dead the best example? If they still don't listen, they'll end up like those dead people!"

Xuan Cheng burst into laughter. "You're quite ruthless!"

Buyuan PO curled his lips coldly. "Our families have been suppressed by the Yun family and the Naxi family. It'll be truly embarrassing if we can't win!"

Xuan Cheng nodded. "You're right. Unfortunately, the few members of the Yun family aren't here. We can't afford to offend the few members of the Naxi family!"

Buyuan PO burst into laughter. "There's no rush. If we can't do it, someone can."

Ever since the death and injury incident, the group of people led by Buyuan PO and Xuan Cheng didn't restrain themselves, but became even more arrogant. It wasn't good for the Pharmacists' Union to show up, and it gave these people an excuse to be reckless and arrogant. In the Pharmaceutical Institute, the other students were angry, but they didn't dare to say anything and endured silently. During the cultivation of pharmaceuticals, many herbs were stolen by these people. Most pharmacists lacked practice with herbs and their pharmaceutical skills were severely suppressed.

Only those who were willing to collude with these people had herbs to take. If they weren't willing, they could only think of a way themselves. Even though there was a place that produced herbs not far away, for pharmacists with low strength, they might encounter danger if they went there to pick herbs. Many students had already died there.

Yun Feng walked in the Pharmaceutical Institute with the Thousand Shadows Mask. It was time for the students to practice making medicine during the day. In the long rooms on both sides of the Pharmaceutical Institute, students of different levels could be seen practicing making medicine. Teachers didn't need to be present for them to practice making medicine. Yun Feng looked carefully and found something strange. Many students only had pharmaceutical tools on their tables and didn't have any herbs!

How was that possible? The herb warehouse of the Pharmaceutical Institute didn't lack herbs at all. How could so many students not have herbs?

Yun Feng pushed the door open and entered the room of the advanced pharmaceutical students. As soon as she pushed the door open, a trace of blood smell in the air went

straight into Yun Feng's nose. Everyone in the room looked over and the few people around in the corner also stood up. Yun Feng only saw a young man lying on the ground with blood all over his face.

Yun Feng suddenly frowned and strode over, only to be stopped by a pair of arms. "Who are you? Don't you know the rules here?"

She raised her brows. "Rules?"

"Are you new? Why haven't I seen you before?" A lazy voice sounded. Yun Feng glanced over and saw two young men sitting there casually, looking like they were showing off. Some of the other students stood aside with panic on their faces and pressed their lips tightly, not saying anything. Some stood behind the two young men with a complacent look.

"Who are you?" Yun Feng said. The two young men sitting there frowned. Someone in the room suddenly smiled. "It seems that you're indeed a new rookie. Let me tell you the rules here! We're the trusted aides of the Xuan family and the Buyuan family. These two families are in charge of the Pharmaceutical Institute right now. If you're willing to listen, you'll certainly get benefits. If you don't, do you see that kid? That'll be your ending! Don't think that we won't attack just because you're a woman.."

Chapter 1983: Peace Restored (2)

The young man in the corner, whose face was covered in blood, was kicked again fiercely and grunted. Yun Feng curled her lips. "Trusted aides of the Buyuan family and the Xuan family?"

"That's right! Kid, if you know what's good for you, you'll know what to do."

She chuckled with coldness in her smile. Yun Feng's black eyes glittered and she instantly raised her hands. An invisible suction force went towards the two young men from afar. Nobody in the room could react in time. They watched the two of them be pulled out of the chair by force and their throats were grabbed firmly by Yun Feng's fingers!

"What are you doing? Let go! This is..."

Yun Feng sneered. "Even though I'm not looking for the two of you, I'm just making do."

"Who are you?" One of them said with a hoarse voice as he stared at Yun Feng firmly. The other tried his best to pull Yun Feng's finger. His strength couldn't shake Yun Feng's finger at all!

“Why aren’t you letting go? You ignorant girl!” Someone rushed forward. Yun Feng didn’t need to care at all. She swung her mental strength gently and the people who rushed over were all thrown to the ground in a sorry state! At this moment, everyone finally understood that someone they couldn’t provoke had come!

She grabbed the throats of the two young men with her hand and raised her arm. The two men were picked up by Yun Feng with one hand. She glanced at the others in the room with her black eyes. “I treat my wounds.” After saying that, Yun Feng walked out easily with the two men in her hand.

Yun Feng walked out and threw the two people in her hand to the ground. Her mental strength turned into a whip and tied the two of them up fiercely. No matter how the two of them struggled, they couldn’t escape. “Who exactly are you? If you attack us, you’ll be disrespectful to the Young Masters of the two families! How dare you attack us! Are you tired of living?”

Yun Feng sneered and didn’t comment. Looking at the panicked and angry expressions of the two of them and hearing their furious roars, Yun Feng just stood there and treated it as a joke. The commotion here soon attracted everyone’s attention. All the students walked out. When they saw what happened in the center clearly, they were all extremely surprised!

Weren’t the people kneeling there and cursing the lackeys of the Xuan family and the Buyuan family? Who was the girl standing in front of them?

The students who were watching the drama all walked out and gradually surrounded them. Seeing the two people, who were usually lawless, kneeling there in such a sorry state, many students were secretly delighted in their minds. To think that they would have such a day!

“What exactly happened? Why are those two people kneeling on the ground like this?”

“They must’ve offended someone they shouldn’t have offended. That’s why they ended up like this. How satisfying! They should’ve done this a long time ago!”

“Is that woman a student of the Pharmaceutical Institute? Is she new? Is she doing this because she doesn’t know the situation?”

“I don’t care if she’s new or not. She’s finally vented our anger. Those two deserved it!”

The students around discussed one after another, hoping to watch the drama. The two people kneeling on the ground in a sorry state couldn’t help but feel ashamed and angry when they saw this situation.

“If you have the guts, just stand here and don’t leave!” One of them said as he looked at Yun Feng fiercely with his eyes and gritted his teeth. Yun Feng raised her brows. “Don’t worry. I won’t leave.”

The discussion around became even louder. “It seems that these two people are waiting for the real deal to come. Speaking of which, who exactly is this girl? Even though it’s satisfying to attack so recklessly, there will be endless trouble in the future.”

“Although those two don’t have any identity, those two behind them are from the four families...”

“Yes... But she’s really bold. She attacked directly. It seems that she has strength. ”

While everyone was discussing, two figures had already walked over from afar. They were Xuan Cheng and Buyuan PO. The crowd made way. When the two of them saw what happened in the middle, their faces couldn’t help but darken. She dared to attack their people?

“What’s going on?” Xuan Cheng said as he looked at Yun Feng with his black eyes. “Are you new here? Have you never heard of the rules here?”

“Let them go!” Buyuan PO roared. “We’re sparing you because this is your first offense. If there’s a next time, don’t blame us for being rude! Let them go!”

Yun Feng stood there and listened to the two of them talk to themselves. She didn’t do anything and her expressions didn’t change at all. Seeing that she still didn’t do anything, Xuan Cheng couldn’t help but feel even more angry. “Are you deaf? Can’t you hear what we’re saying? I asked you to let her go!”

Yun Feng’s eyebrows moved slightly and her red lips opened slightly. “Are you the two Young Masters they’re talking about?”

Xuan Cheng and Buyuan PO were both stunned. Who was this woman? Was she so arrogant as a newcomer? “It seems that if I don’t teach you a lesson, you won’t know how to give in,” said Buyuan PO. He rubbed his fists and was about to attack Yun Feng. Yun Feng sneered. “With your Commander Level strength, you shouldn’t embarrass yourself.”

“What did you say?” Buyuan PO immediately blushed. He was considered strong among the pharmacists! He was even mocked like this! How outrageous!

The few members of the Naxi family also walked over and stood in the outermost area. They had always stayed out of trouble and didn’t participate in any battles. These two so-called “Young Masters” didn’t dare to make things difficult for them. They were people who bullied the weak and feared the strong.

“Hm? Someone really has the courage to attack?” The young people of the Naxi family were all surprised. They looked at Yun Feng curiously. “Hm, they’ve finally kicked an iron plate? Those who commit too many injustices will die. That’s really right.”

“I think we should just watch the drama. However, is she... new? Is she new?”

Why is she causing such a huge commotion?”

“Who exactly are you? You’re not a student of the Pharmaceutical Institute. You’d better not cause trouble here! You don’t have to interfere with anything here!” Xuan Cheng said. He was slightly afraid of Yun Feng. Perhaps someone found her as a helper? However, the Pharmaceutical Institute was so hidden. How could she find it? Who exactly was she?

“When did the Xuan family and the Buyuan family take over the Pharmaceutical Institute? Why didn’t I know?” Yun Feng said casually. “These two families are so arrogant.”

Buyuan PO bit his lips and understood that the person in front of him wasn’t a simple person. The two of them looked at each other. “What should we do now? If we don’t finish her off, we won’t be able to get out of here!” Buyuan PO gritted his teeth and whispered. Xuan Cheng also frowned tightly. He suddenly thought of something and looked relieved. “Do you remember the news we got just then? There’s no rush. Let her be arrogant first.. She’ll suffer later!”

Chapter 1984: Peace Restored (3)

After hearing that, Buyuan PO immediately understood something. He smiled coldly and looked at Yun Feng again. “No matter what, our families are still among the four largest families. We have the right to order around a mere Pharmaceutical Institute.”

“How shameless. Did the elders of the two families teach you that?” Yun Feng chuckled and replied. The two of them immediately looked embarrassed. Some students around had already laughed.

“You...! Don’t be too complacent!” Xuan Cheng lowered his voice. Yun Feng looked cold. “You’re the ones who shouldn’t be complacent! The Pharmaceutical Institute listens to the Pharmacists’ Union. When is it your place to tell us what to do? You really don’t know what you’re capable of! Do the Xuan family and the Buyuan family really think they’re still the four families they used to be? Don’t overestimate yourselves.”

The students around couldn’t help but look at Yun Feng in admiration. How bold! She said such... hateful words! None of them dared to speak to these two people like that,

let alone say anything bad about these two families! Who was this girl? She was truly courageous!

Xuan Cheng and Buyuan PO didn't look good after being criticized. Their faces alternated between green and white. This was the first time someone treated their identity as nothing! She even said something bad about the two families! She was so demeaning!

"You...!"

"Who said that the Xuan family and the Buyuan family can't see their identity clearly?" A loud voice suddenly came. All the students couldn't help but tremble after hearing that! The crowd made way for a middle-aged man with a gloomy face. The middle-aged man had a square face and pursed his lips, looking even more serious and terrifying. There was a hint of anger in his eyes. When he saw Yun Feng, his expression became even colder. "I was wondering who it

was. It's a little girl.'

"Uncle." Buyuan called out. The middle-aged man nodded. This middle-aged man was one of the brothers of the leader of the Buyuan family, called Buyuan Xingsan.

"What's going on? She's just a little girl. How can she make things difficult for the two of you?" Buyuan Xingsan glanced at the two of them coldly. Buyuan PO quickly said, "You must have heard what she said just then."

"Of course I did! I won't argue with a little girl, but if I hear anything like that again, I won't show mercy!" Buyuan said coldly with a threatening look. Yun Feng smiled. "So what if I do?"

Buyuan Xingsan suddenly frowned. "Kid, I thought you were reckless and didn't argue with you. You don't know what's good for you." Nôv(e)B\jnn

Yun Feng's expression also turned cold as another voice sounded. "Third Elder of the Buyuan family, why did you come to the Pharmaceutical Institute? The potions have already been sent to the Buyuan family." A figure rushed over in a hurry. It was a teacher of the Pharmaceutical Institute. Because of the needs of the Pharmaceutical Union, the teachers of the Pharmaceutical Institute would leave the Pharmaceutical Institute and make potions busily in the Pharmaceutical Union. This was also one of the reasons why those two people were so arrogant.

"How can the potions they sent be enough?" Buyuan Xingsan said with an extremely dissatisfied look. The teacher who came was in a difficult position. "We've already sent a lot of potions. The amount of potions the Buyuan family and the Xuan family need together has already far exceeded the amount set by the leader of the Naxi family. We can't...'

“So what? If the Buyuan family needs it, you’ll send it over!”

“The Pharmacists’ Union is under the East and West Alliance right now, so potions are certainly provided to contributing allies. The Xuan family and the Buyuan family don’t contribute much, but they have a lot of needs,” said Yun Feng. Buyuan Xingsan were only enraged after hearing that. “What did you

Yun Feng’s expression didn’t change. “Can’t you hear what I’m saying? The leader of the Naxi family has already given you enough face by offering you potions!”

“Uncle! Why are you talking to her? She insulted our families like this. Why aren’t you teaching her a lesson?”

“Third Elder Buyuan! This is the Pharmaceutical Institute! You can’t attack a student!” The expression of the potion teacher changed and he quickly said. Buyuan Xingsan didn’t care where he was. He immediately waved his hand and pushed the potion teacher aside. The students all exclaimed!

“It’s not your place to tell me what to do!” Buyuan Xingsan looked gloomy. The Potion Elder got up from the ground. “No! This is the Potion School. You

can’t...

“Shut up! Old man!” Buyuan PO attacked the potion teacher fiercely, who immediately spat out a mouthful of blood. Buyuan Xingsan burst into laughter. “Kid, I didn’t want to argue with you, but how can I let you provoke me all the time?”

His fighting energy surged. Buyuan Xingsan was about to attack! The injured potion teacher on the side struggled again and said, “You... You can’t...!”

“Should we help?” The few members of the Naxi family looked at each other and said rather heavily, “We can’t help at all. That’s the Third Elder of the Buyuan family. Our combined strength isn’t enough.”

“We can only hope that she won’t die. By then, we’ll treat her injuries.”

“That’s all we can do right now. However, the Buyuan family is so arrogant.

Isn’t the leader too indulgent?”

“There are so many things going on in the East and West Alliance. How can the leader know such a small matter?”

Buyuan PO and Xuan Cheng smiled gloatingly on the side. This girl was so arrogant! Let’s see how arrogant she can be after she dies! This way, nobody in the

Pharmaceutical Institute would resist them. It could be considered a slap to the Pharmacists' Union!

Yun Feng stood there without moving at all. Logically speaking, Buyuan Xingsan couldn't attack a junior. It would be beneath his dignity. After all, he was a famous figure in a family. How would it be appropriate for him to attack a junior? However, Buyuan didn't care so much. Once he was enraged, he certainly didn't care.

His fighting energy came out of his palm and directly hit Yun Feng. Buyuan Xingsan sneered. She was just a little girl. How dare she argue with him? She really didn't want to live! Since she didn't want to live, he would grant her wish!

"Bang!" There was a muffled sound. The complacent smile in Buyuan's eyes didn't last long before it completely froze! A rough and sturdy man appeared next to Yun Feng and slowly retracted his hand. The fighting energy just then hit his palm!

Buyuan Xingsan was stunned! When did this man appear? Why did his attacks seem to be nothing when they hit him? How was that possible? He was at the God Lord Level!

Chapter 1985: Peace Restored (4)

"Zi, zi, zi!" The silver snake wrapped around Er Lei's hand and shook its silver body crazily, making the sound of an electric current eruption, which made people's scalp tingle! Buyuan Xingsan were stunned! Everyone at the scene was also stunned! Who was this man?

"Another provocateur?" Er Lei raised his thick eyebrows and looked at Buyuan Xingsan with anger burning in his purple eyes. "Very good. Since you came to me, I don't have to worry about being bored."

Er Lei rolled his purple eyes. "Yun Feng, can we do anything?"

"Yun... Yun Feng!" Buyuan almost jumped up! Yun Feng! She was Yun Feng! He had seen Yun Feng before. She didn't look like this at all! "What? It's Yun Feng!"

"How is that possible? How can Yun Feng be here?"

"It's Yun Feng. God, it's Yun Feng!"

The members of the Naxi family all smiled. "No wonder. It's Yun Feng..." "I think she's the only one who can say that and be so calm."

"How can it be Yun Feng?" Buyuan PO roared. "Uncle! She must be an impostor!"

There have been people who pretended to be Yun Feng!”

Right... That’s right! She must be an impostor. Why would Yun Feng appear in the Pharmaceutical Institute for no reason? How could she come back to such a place? Buyuan Xingsan was finally composed. “Kid, I was almost frightened by you!”

Er Lei said in disdain. He clenched his fists fiercely and a few silver snakes hissed! The sound of lightning came! Purple thunder elements spread just like that and the sky suddenly changed. The sky instantly darkened! The roar of lightning appeared faintly!

All the students raised their heads and looked at the sudden change in the weather. Buyuan Xingsan burst into laughter. “You’re just being mysterious.

How would I be afraid...?”

“Boom!” A bolt of lightning suddenly struck!

‘What?’

Buyuan Xingsan widened his eyes and saw a thunderbolt strike from above his head. The white light illuminated the surprise and panic in his eyes!

“Boom!” The lightning fell at an unimaginable speed! Buyuan certainly wanted to escape, but his strength of a God Lord was like an ant in front of an attack at the God Emperor Level!

Buyuan Xingsan, who was completely burnt, swayed a few times and fell just like that!

“Uncle!” Buyuan PO quickly ran over. Yun Feng said, “He’s not dead.”

Buyuan PO suddenly raised his head with anger and more fear in his eyes! “You... attacked the Third Elder of the Buyuan family! Yun Feng, you’re destroying the alliance of the four families with your own hands!”

Er Lei took a step forward and Buyuan PO’s body suddenly trembled! “F*ck, I’ll send another thunderbolt to kill him completely!”

Buyuan PO’s pupils shrank and his body trembled again. Yun Feng chuckled and took off the Thousand Shadows Mask on her face, revealing her original face. The students who saw her exclaimed again. Buyuan Xingsan, who was lying on the ground and hadn’t fainted yet, saw her and his pupils shrank fiercely! She... was really Yun Feng!

“The Pharmaceutical Institute doesn’t need people who stir trouble. Members of the Buyuan family and the Xuan family, get out of here immediately! The potions provided by the Pharmacists’ Union won’t exceed the quota set by the leader of the Naxi family.” Yun Feng glanced at Buyuan. “Go back and tell the leader of the Buyuan family that you

can send a message to Xuan Yi. No matter what you're thinking, don't think I don't know. I'll keep an eye on you."

Buyuan Xingsan wanted to say something, but there was only heat and pain in his throat. Buyuan PO and Xuan Cheng immediately helped Buyuan Xingsan escape. Yun Feng glanced at the other students with her black eyes. "If such a situation happens again in the Pharmaceutical Institute, think carefully about the consequences!"

All the students nodded quickly with coldness in their minds. Yun Feng looked at the two people kneeling on the ground. Why were these two lackeys sitting on the ground with pale faces? Yun Feng sneered. "As for the two of you, I can't be bothered to do anything. I'll leave them to you."

The two people sitting on the ground trembled again. The students watching on the side were eager to try. Of course, they would take revenge!

"Aiya, I was wrong! I was wrong!"

"Painful... Painful! We were wrong. Please let us go!"

A group of people surrounded and beat up the two people. One could imagine how miserable those two people were. The Sound Transmission Jade suddenly emitted light. Yun Feng picked it up. It was the leader of the Naxi family!

"Yun Feng, the leader of the Buyuan family asked to see you. Something seems to have happened?"

Yun Feng curled her lips coldly. The news came very quickly. "Uncle, it's just a small matter. Since he asked to see me, I certainly have to meet him well.."

Chapter 1986: Happiness (1)

After the storm in the Pharmaceutical Institute, the Buyuan family and the Xuan family were slapped fiercely. Not only were their clansmen, who were cultivating in the Pharmaceutical Institute, sent back, but the Third Elder of the Buyuan family was also blasted into a piece of charcoal, making the Buyuan family a laughing stock in the eyes of many people! How could the Buyuan family, who had always thought of themselves as noble, tolerate this? Even though Yun Feng did it, they couldn't swallow the anger in their minds no matter what. The leader of the Buyuan family had to step up. If this continued, wouldn't anyone be able to mock the Buyuan family in the future?

The leader of the Buyuan family originally wanted Yun Feng to come to the Buyuan family to see him, but Yun Feng smiled. I'll wait here in the Pharmaceutical Institute. It's up to you whether you want to come or not. If you don't come, I don't intend to wait any

longer. Hearing that, the leader of the Buyuan family was immediately enraged! In the end, there was nothing he could do. He rushed to the Pharmaceutical Institute with a belly full of anger.

The matter of the Pharmaceutical Institute was resolved by Yun Feng herself, which made the Pharmacists' Union heave a sigh of relief. They heard that the leader of the Buyuan family was coming over. The few Potion Elders wanted to come over at first, but Yun Feng rejected them. If they all came, wouldn't they be giving the leader of the Buyuan family too much face? The reason why the Buyuan family and the Xuan family were so arrogant and domineering was because of their height. The four families had always looked down on others. The more she gave them face, the more arrogant they were. They couldn't see themselves clearly. She simply didn't care. If nobody cared about them, no matter how high their status was, they were just ordinary people.

The leader of the Buyuan family rushed over aggressively. He thought he could see the few Potion Elders welcoming him here in fear and trepidation, but he didn't expect there to be no one. The Pharmaceutical Institute seemed to have no idea that he would come at all. Everything was normal.

The leader of the Buyuan family couldn't help but feel even more enraged in his mind when he saw this. How dare they not take him seriously? He was about to flare up when Er Lei, who was waiting at the door, saw the leader of the Buyuan family. Then, Er Lei moved his feet and walked to the houses on both sides, knocking on the door.

"Yun Feng, he's here."

The leader of the Buyuan family raised his brows and looked over. A clear voice came from inside the room. "Bring him in quickly."

The leader of the Buyuan family frowned. Yun Feng didn't go out to welcome him! She didn't take him, the leader, seriously! Did she think she could be so arrogant just because she was the Master of the East and West Alliance?

"Let's go in," said Er Lei lazily. The leader of the Buyuan family held back the anger that rose in his heart and strode over. He pushed the door open without hesitation and the smell of potions came right at his face. The pupils of the leader of the Buyuan family shrank. Yun Feng was a pharmacist?

Yun Feng looked up and closed the door with a gust of wind. She smiled lightly. "I'm really sorry. The process of making potions can't be disturbed. It seems that the leader of the Buyuan family will have to wait for a while."

The leader of the Buyuan family's eyebrows jumped a few times. It was obvious that he came at the wrong time and disrupted her from making potions. "It's fine. Just do what you need to do. I'll wait." Even though the leader of the Buyuan family was angry in his mind, he was the leader of a family after all. He still knew his limits. He found a place

and was about to sit down. At this moment, Yun Feng said, "You can't sit there. Many herbs in this room will be wasted if you're careless."

"Humph! It's just some herbs. The Buyuan family can afford them!" The leader of the Buyuan family sat down without another word. Yun Feng lowered her head and chuckled softly. "If that's the case, please wait for a moment, leader of the Buyuan family." As soon as she said that, Yun Feng moved her hand and pushed open a secret door, walking in. The leader of the Buyuan family's temples throbbed fiercely when he saw this!

Yun Feng walked in and didn't come out for a while. The place where the leader of the Buyuan family was sitting was just a small place. After waiting for a long time, the leader of the Buyuan family stood up. At the same time, the secret door was pushed open and Yun Feng emerged. "Why? Is the leader of the Buyuan family leaving?"

The leader of the Buyuan family frowned. "Yun Feng, I'm more than ten times older than you are! Even the leader of the Naxi family doesn't have the courage to fool me, let alone you! You're just a kid. I won't lower myself to argue with you. If you disrespect me again, don't blame me for being rude!"

Yun Feng's face also darkened. "Since the leader of the Buyuan family is so old and a respected elder, you should know that the Buyuan family with such an identity can't do anything sneaky."

"What did you say?" The leader of the Buyuan family's face immediately darkened! "How dare you insult the Buyuan family like this!"

"It's not an insult. Even though I'm a junior, even though I'm just a kid, I still know that I have to do my best for the East and West Alliance. What about the Buyuan family? What have you done for the East and West Alliance? You keep taking a lot of things from the East and West Alliance. How can you take things for free in this world?"

The leader of the Buyuan family's black eyes glittered. "Are you lecturing me?"

"How would I dare? Those who don't contribute at all and only want benefits are all lazy people. The East and West Alliance doesn't need such people!" Yun Feng looked at the leader of the Buyuan family without any fear in her black eyes. "The East and West Alliance isn't obligated to provide help to useless people. We don't feed freeloaders."

The leader of the Buyuan family narrowed his eyes slightly as a hint of anger rose in his eyes. "How do you know that the Buyuan family didn't contribute to the East and West Alliance?"

"Then let me ask you, where are your contributions? The Buyuan family has really done a lot of things to cause trouble and disrupt the situation."

“Yun Feng, it’s not your place to comment on the Buyuan family!” The leader of the Buyuan family frowned. “You’re a member of the declined Yun family. How dare you call yourself one of the four families?”

Yun Feng clenched her fists. “I know what the Buyuan family did to the Yun family! If the leader of the Buyuan family wants to settle the old score, we have a lot to settle!”

The leader of the Buyuan family frowned. She knew? Hm! So what if she knew?

“The Yun family thinks they can rest easy just because they’re attached to the Naxi family? They can return to the ranks of the four largest families? They’re thinking too simply!”

Attached? Yun Feng curled her lips coldly. “Isn’t the Buyuan family also clinging to the Xuan family right now? You listen to everything they say, like loyal dogs. Buyuan Misheng is a good example.”

The leader of the Buyuan family’s expression sank again! Yun Feng raised her head. “Everything in the world is in reincarnation. Some rise and some decline. The Yun family has indeed declined. The Buyuan family can’t escape the fate either! It’s a good example right now! I’m just a kid in the leader’s mouth, but I’m the Master of the East and West Alliance! The Yun family is open and aboveboard no matter what. How can the Buyuan family compare to it? I’m not talented, but I can make the final decision..”

Chapter 1987: Happiness (2)

The anger in the leader of the Buyuan family’s heart was suddenly gone. He finally realized the importance of Yun Feng. She was a symbolic figure of the East and West Alliance. Ignoring everything else, her relationship with those leaders was complicated! The situation or the Buyuan family and the Xuan family right now was indeed not as good as before. The East and West Alliance was the barrier between the two families. If they angered Yun Feng, the gains might not make up for the losses.

“Let’s not talk about what happened earlier for now. As the Alliance Master of the East and West Alliance, why do you have to make a mountain out of a molehill? Just give them a little punishment.” The leader of the Buyuan family’s tone softened. Yun Feng chuckled. “I’m an extremely petty person. I can’t tolerate anything like that. It’s fine if I don’t know. If I do, I’ll definitely clean it up completely.”

“The people of the four families far exceed others in terms of talent and strength. If you do this, the Pharmaceutical Institute will lose a lot of good seedlings. ”

“It’s fine. We only lost some third-rate pharmacists. The leader of the Buyuan family should supervise them. It’s too embarrassing to be a third-rate pharmacist after cultivating in the Pharmaceutical Institute for so long.”

The leader of the Buyuan family’s face alternated between green and red. He could only hold back the anger in his heart and knew that there was no chance anymore. He originally wanted to use his identity to suppress her, but he didn’t expect that he would be the one being suppressed! Yun Feng! She dared to scold him just because she had some strength and status. Just wait and see!

The leader of the Buyuan family turned around and was about to leave. If he stayed here any longer, wouldn’t Yun Feng continue mocking him? “Leader of the Buyuan family,” said Yun Feng. The leader of the Buyuan family said with a sullen face, “Is there anything else?” “If I may ask, who’s in charge of the Buyuan family right now?”

“Do you have to ask? Of course, it’s me!”

“Oh, is that so? If the leader didn’t tell me, I would have thought that the leader of the Buyuan family was just a nominal leader like me, and the Buyuan family is under Xuan Yi’s control.” Yun Feng curled her lips. “Buyuan Misheng listens to Xuan Yi and is extremely obedient. I thought the Buyuan family was willing to become an affiliate of the Xuan family.”

The leader of the Buyuan family looked as black as charcoal. “Yun Feng, I haven’t settled the score with you for hurting my third brother.”

“If the leader of the Buyuan family wants to settle it with me, I’ll wait for you anytime.” Yun Feng smiled. “I’m just a kid. Even though I’m not strong enough, I’m still a bit confident.”

The leader of the Buyuan family clenched his fists. If he really fought, it would be an unfair victory even if he won. If he lost... wouldn’t he lose all his face? Thinking of his third brother’s burnt face, the leader of the Buyuan family could only grit his teeth fiercely. What could he do? He could only suffer in silence!

“Humph!” The leader of the Buyuan family snorted and turned around to leave with a sullen face. He didn’t get anything good today, but left after being rejected. Yun Feng stood there with coldness in her eyes. It wasn’t over yet. The Buyuan family attacked the Yun family. She had to settle this score sooner or later!

The members of the Buyuan family and the Xuan family weren’t allowed to enter the Pharmaceutical Institute anymore and the supply of potions wouldn’t be any higher. Everyone thought that the leader of the Buyuan family would ask for an explanation for the injury of the Third Elder of the Buyuan family, but they didn’t expect it to be so quiet. There was no news at all.

The Buyuan family made such a huge fool of themselves. Their identity as one of the four largest families in the past was also despised by a lot of people imperceptibly. Compared to the calm Naxi family and the Yun family, the Buyuan family couldn't shoulder the reputation of the four largest families in everyone's mind, which caused a commotion.

Yun Feng didn't stay in the Pharmaceutical Institute for long. It was just a few days. The Buyuan family and the Xuan family were taught a lesson. In particular, Yun Feng's attack that day made the stupid and restless people in the Pharmaceutical Institute completely stop. The Pharmaceutical Institute was peaceful again. Yun Feng was about to leave when the Sound Transmission Jade suddenly emitted a light. Yun Feng was delighted in her mind. There was news from her master so soon?

He picked up the call. "Lanyi, is there any news from Master?"

The Sound Transmission Jade was silent for a while. Then, a gentle and deep voice came. "Young Lady Yun, you seem very happy?"

Xuan Yi! Yun Feng was surprised. "How did you connect to my Sound Transmission Jade?"

A chuckle came. "As long as I put in the effort, I can certainly do it. I'll definitely do my best when it comes to Young Lady Yun."

Yun Feng frowned. "Why are you looking for me?" She didn't want to say anything to Xuan Yi from the bottom of her heart. Even though Yun Feng was also vigilant against Xuan Yi in the past, she wasn't as cold and vigilant as she was today.

"Do I have to talk to Young Lady Yun when I have something? I just miss you after not seeing you for a long time."

"If there's nothing else, you don't have to say anything." Yun Feng was about to cut off the connection when Xuan Yi's voice came again. "Young Lady Yun, you handled some things that happened recently very well. As expected of Young Lady Yun's style of doing things. If I had noticed it a bit later, I'm afraid the alliance we finally established would have been broken up by Young Lady Yun just like that."

Yun Feng curled her lips. "I didn't do anything."

Xuan Yi's laughter came. "It doesn't matter even if the alliance is broken up. As long as Young Lady Yun is happy, everything doesn't matter to me."

Yun Feng was silent. She could hear that Xuan Yi really didn't care. It didn't matter to him even if the Buyuan family broke off with the Xuan family. What exactly did he want?

“Young Lady Yun, the reason why I left is because I had something to do. Young Lady Yun must want to know about this.”

Yun Feng raised her brows. “I’m not interested in what you’re talking about.”

Xuan Yi’s laughter came again. “Young Lady Yun, don’t be in a hurry to reject me. Why don’t you listen patiently? I won’t let you down. It’s also because this matter concerns Young Lady Yun and the Yun family... that’s why I’m so concerned.”

It concerned the Yun family? Yun Feng couldn’t help but clench her fists tighter. Xuan Yi’s deep and gentle voice came clearly word by word. “Ever since the Yun family was born, they’d been extraordinarily strong and have produced a lot of talents. However, they suddenly declined to this point. Young Lady Yun, you definitely have this doubt in your mind.”

“So what if I have doubts? That’s in the past. I’ll know sooner or later. If that’s what you want to say, I’m not interested in knowing.”

Xuan Yi smiled again. “What if someone from the Yun family at that time is still alive, Young Lady Yun?”

“That’s impossible!” Yun Feng denied it. The Yun family declined instantly after a disaster. If anyone from the Yun family was really alive at this time, why didn’t they show up? Everyone knew about the Yun family right now. How would they not know?

“Young Lady Yun, I’m not lying..”

Chapter 1988: Happiness (3)

Xuan Yi’s voice kept echoing in Yun Feng’s ears. Was that really possible? Someone really survived at that time?! Yun Feng’s heart suddenly tightened! If it was true, why didn’t this person show up? Why? “Xuan Yi, if you lie to me, I won’t let you go!” “Young Lady Yun, do you want to know?”

Her black eyes darkened. “Where is that person?”

“Young Lady Yun, if you really want to know, come to the place I will tell you. Of course, you can’t let a third party know about this. Young Lady Yun knows my personality. If anyone goes back on their words, I’ll be very unhappy.”

Yun Feng was slightly stunned. Then, she sneered. “Xuan Yi, do you really think

I’m a three-year-old child that I’ll believe whatever you say?”

“Haha, as expected of Young Lady Yun. If you agreed so easily, I would also be disappointed.”

“Xuan Yi, if you think you can lure me into taking the bait with the information about the Yun family, you’ve underestimated me. I’ll find out what you could find out!”

“Haha, if Young Lady Yun is so confident, I won’t say anything. I’ll wait for you at the place I mentioned.”

“Pa!” The connection was cut off. Yun Feng’s heart trembled fiercely again and there was sweat on her palm. Was Xuan Yi telling the truth...! Her mind was in chaos. Looking at the Sound Transmission Jade in her hand, Yun Feng wasn’t only in a daze. What Xuan Yi said kept appearing in her ears. She shook her head fiercely. Yun Feng took a deep breath. She had to be careful, especially with Xuan Yi.

The Sound Transmission Jade flashed again. Yun Feng’s hands couldn’t help but sweat again. She picked up the call. Yun Feng didn’t say anything and waited for the other party’s voice quietly.

“Xiao Fengfeng, what’s wrong?” Qu Lanyi’s voice pierced through the dark clouds like a warm sun. Yun Feng suddenly put on a smile. “Nothing. Is there any news from Master?”

“There’s still no news from Senior Feng. It’s just that I miss you.” There was a smile in Qu Lanyi’s words. Yun Feng’s heart was even warmer. “Yes, I know. I’ll go back immediately. The matter here has already been resolved.”

“Alright.” It was just one word. Warmth indeed surged in Yun Feng’s heart. All the uneasiness disappeared because of this man’s words. As long as he was here, there was nothing that couldn’t be resolved. Thinking of what Xuan Yi said, Yun Feng frowned. If he really thought that everything was in his plan, he would be wrong.

Yun Feng left the Pharmaceutical Institute and returned to the Yun family. As soon as she arrived at the door, a tall figure was already waiting there. He stood there quietly and watched her walk over. There was a smile on the man’s handsome face. “You’re back.”

Yun Feng replied with a smile and walked forward. “Yes, I’m back.”

Qu Lanyi held Yun Feng’s hand with a smile and held it in his warm palm. “I’ve heard about what happened this time. That’s how it should be. The Buyuan and the Xuan families should be taught a lesson. My old man wanted to do the same, but he couldn’t do anything because of his identity.”

“Really? Uncle also has such a thought?” There was a smile in her words. Yun Feng looked up and met his eyes, which were also warm and smiling. “Do you think he has a

good temper? Buyuan and Xuan have been presumptuous again and again. He already couldn't stand them. If it weren't that there was a need for the alliance of the four families to exist, he would have kicked them out."

Yun Feng curled her lips. Qu Lanyi smiled happily. "These two families should be able to behave for a while. I heard that you made the Third Elder of Buyuan quite miserable?"

"He's fine. He was just struck by lightning." Qu Lanyi smiled casually. "As expected of my wife. I can imagine how miserable she was."

After chuckling, Yun Feng fell into a short silence. The two of them walked all the way inside. The breeze brought the smell of fresh grass. Qu Lanyi led Yun Feng forward and came to a very quiet place. A towering tree cast a dense shadow above their heads.

"There's something on your mind," said Qu Lanyi as he looked down at Yun Feng. "Is it something you can't discuss with me?"

Yun Feng shook her head and held Qu Lanyi's hand tightly. "It's not that I can't discuss it with you, but..."

"No matter what it is, I'll listen as long as you tell me." Qu Lanyi pulled Yun Feng into his arms gently and wrapped his long arms around the woman's slender body. "How long has it been since I held you like this?"

The man's soft whisper brushed past Yun Feng's ears. Yun Feng's tense body relaxed. She leaned in the man's arms and listened to Qu Lanyi's warm heartbeat. She took a deep breath. The fresh aura that belonged to Qu Lanyi entered her body, making Yun Feng feel at ease.

The man leaned against the tree trunk and the woman leaned in the man's arms. The shadows enveloped the two of them heavily, peaceful and quiet.

"Lanyi, the surname Yun represents a lot of things. Ever since the Yun family was born, they've been very strong. The light of glory has never been far away."

"Of course. A long time ago, the Yun family could be said to be the leader of the four families. No one could compare to them in terms of background, bloodline and strength."

Yun Feng was silent for a moment and continued to whisper, "Such a Yun family suddenly fell like a shooting star and then completely disappeared."

Qu Lanyi raised his brows. "Are you wondering why the Yun family is like this? Speaking of which, I'm also puzzled. I think most people are puzzled. Why did the Yun family fall so quickly that their bloodlines had to be dispersed?"

Yun Feng raised her head and looked at Qu Lanyi with her black eyes. "All the memories of the Yun family are gone, which makes me even more confused."

Qu Lanyi frowned again. "So, that's indeed the case... When I was young, I read the ancient books at home. Whether it was the old man or the ancient books, everything I knew about the Yun family was before it declined. Nobody seemed to know the reason for the Yun family's sudden fall. No, it's more like..." "Someone erased it on purpose." Yun Feng's heart sank slightly. Qu Lanyi said in a low voice, "You want to investigate this?"

Yun Feng smiled wryly. "Even if I wanted to, I don't have the ability. If someone really did this on purpose, all the clues have already disappeared. Whoever has the ability to defeat the Yun family to this point won't let me find them at all."

"Then what are you worried about?" The man caressed Yun Feng's long hair with his big hand. Yun Feng took a deep breath. "Someone told me that someone from the Yun family survived when it declined.."

Chapter 1989: Happiness (4)

Qu Lanyi's hand froze! His black eyes completely darkened and a hint of red light was faintly discernible. "Is this person Xuan Yi?"

Yun Feng looked up in surprise. Qu Lanyi smiled. "It's not difficult to guess. He must've asked for something from you."

Yun Feng took a deep breath. "He didn't tell me anything else. He only told me that a member of the Yun family survived at that time. If I want to know the details, I'll go to the place he said. He'll wait for me there."

She chuckled. "He must've said that you're not allowed to tell anyone about this?"

Yun Feng nodded. Qu Lanyi held her even tighter. "Why did you tell me?"

Yun Feng's cheeks were slightly hot. "I won't hide anything from you. You're not anyone else."

A deep laugh came from the man's chest. He brushed Yun Feng's cheek with his warm hand and buried his face in Yun Feng's black hair. His warm breath sprayed on her neck, making Yun Feng feel very itchy.

"What's wrong?" Yun Feng wanted to move away, but Qu Lanyi hugged her fiercely and a muffled voice came from behind her ear. "Don't move. I don't want you to see my expression right now. It's too embarrassing."

Yun Feng was stunned for a moment. Then, she smiled sweetly and the two of them hugged each other. Qu Lanyi raised his head and put the hair behind Yun Feng's ear. "What are you planning to do now? Are you going to the appointment?"

"I don't intend to go to the appointment. What Xuan Yi said isn't trustworthy yet. He's good at scheming. Even if this is true, there must be a trap waiting for me."
Nôv(el)B\\jnn

"He wants you," said Qu Lanyi. He touched Yun Feng's neck and rubbed it gently. "However, I won't give in at all. You're mine. You've been mine since the beginning."

Yun Feng blushed and replied softly, "Yes."

Qu Lanyi curled his lips. "If this is true, a lot of unexpected things might be involved. If there were really any survivors in the Yun family at that time, why didn't they show up after so long?"

"I'm also puzzled about this, so I doubt what Xuan Yi said."

Qu Lanyi frowned and pondered for a moment. "Since Xuan Yi exposed the news, perhaps he knew that you wouldn't believe him so easily. He'll wait for you to ask for information yourself. He'll definitely find nothing. He'll wait for you to take the initiative to find him."

"Really sneered. Qu Lanyi curled his lips. "Although Xuan Yi is good at scheming, since he said it, it must be very credible, or he wouldn't have tempted you with it. If he wasn't confident, he wouldn't have said it so easily."

"So, there were really survivors of the Yun family at that time?"

Qu Lanyi nodded. "That's very likely."

If that was the case, that person would definitely know the entire truth. Why did the Yun family suddenly decline? Who exactly did this? Yun Feng's heart raced. If it was true, she would know everything! Everything that was sealed! "Since he invited you, you certainly have to go." Qu Lanyi chuckled. "I'd like to hear what he wants you to do."

Yun Feng nodded. It was indeed right to tell Lanyi about this. If she went to the meeting alone without telling Lanyi, it would also hurt Lanyi. Lanyi was the only person in this world who could make her feel at ease. If she couldn't be honest with him, Yun Feng would feel guilty about Qu Lanyi in her mind.

"I'll be your support. I'll be by your side," whispered Qu Lanyi. "I'm very happy that you trust me so much and can tell me."

Yun Feng smiled and closed her black eyes gently. It was great to have such a person by her side. "Xiao Fengfeng." "Yes?"

"Did I tell you that I love you?"

"I'll say it every day from now on. How about that?" "No." "Alright, if you say so, but you've never said that to me."

"I have."

"When did you say that?"

Yun Feng raised her head. Her black eyes were like the bright night sky, glittering with charming light. Her cheeks were slightly red. Suddenly, she stood on the tip of her foot and pressed her soft red lips against his. Even though they only touched for a moment, a strong electric current flashed through. The man was completely stunned. The woman glared at him coquettishly. "Idiot."

With a hearty laugh, the man grabbed the back of the woman's head with his big hand and their lips touched. Hotness spread and the two figures completely merged into one, never parting with each other again.

Time passed peacefully. She hoped that happiness would stay here forever and not pass away..

Chapter 1990: Who Are You?

Yun Feng soon came to the place Xuan Yi mentioned. This was a very inconspicuous town and the scenery around was very lonely. There weren't many residents in the town and it looked extremely cold. Even though Qu Lanyi wanted to follow Yun Feng, Xuan Yi would definitely be on guard against the space blockade. To be safe, Qu Lanyi directly entered the Dragon Palace, just in case.

After coming to the town, Yun Feng glanced around and saw the place Xuan Yi was talking about. It was a very inconspicuous hotel. She pushed the door open and entered. Heat came right at her face. An unfamiliar man was sitting there lazily as he glanced at Yun Feng. "It's not open today."

"I'm here for someone," said Yun Feng. The originally lazy person was suddenly stunned as a glint of light flashed through his eyes. "Who are you here for?"

Yun Feng raised her brows. "Xuan Yi."

The man, who was originally sitting lazily, immediately stood up with a very respectful expression. “Young Lady Yun?”

Yun Feng nodded. The man looked around. “Young Lady Yun, are you here alone?”

“Did you see anyone else?”

The man chuckled softly. “No matter what, this is Young Master’s order. Sorry for offending Young Lady Yun.” The man flipped his hand and something appeared. Light flashed from this thing and a huge spatial power swept across the sky, directly shaking the space around Yun Feng a few times fiercely! Yun Feng stood right where she was with an indifferent expression. Xuan Yi indeed had this move up his sleeve. It seemed that his information was true.

He didn’t notice anything wrong. The man smiled again. “Young Lady Yun, please go upstairs. Young Master is waiting upstairs.”

Yun Feng turned around and went up the stairs without another word. After walking for a while, she came to the upstairs. A door was right in front of her. She pushed the door open and entered. A figure in a uniform had already been waiting here. Seeing Yun Feng come in, a faint smile appeared. “Young Lady Yun, you’re here.” Xuan Yi slowly stood up. A glint of light seemed to flash through the gold-rimmed glasses on the bridge of his nose, covering the color in his eyes. However, it could be seen from his expression that Yun Feng’s arrival was as he expected.

“Young Lady Yun, please have a seat,” said Xuan Yi. Yun Feng sat down. Xuan Yi sat opposite Yun Feng. “Young Lady Yun, are you thirsty? Why don’t I send someone to bring you something to drink?”

“No need. Tell me what you know.” Yun Feng instinctively rejected him. The corners of Xuan Yi’s mouth curled up and he leaned back. He crossed his long legs elegantly and clasped his slender fingers together. He lowered his eyes slightly. “What do you want to know, Young Lady Yun?”

“Of course, it’s about what you wanted to tell me,” said Yun Feng. “I don’t like to beat around the bush with people. Tell me, what are your conditions?”

Xuan Yi chuckled and raised his black eyes slightly. “Why would Young Lady

Yun say such a thing?”

Yun Feng sneered. “If you didn’t want anything in return, you would have told me a long time ago. Why do you have to keep me in suspense?”

Xuan Yi pushed his glasses. “Am I such a short-sighted person in your eyes,

Young Lady Yun?”

“Are you not?” Yun Feng asked. Xuan Yi was silent for a few seconds and chuckled again. “Since Young Lady Yun thinks I’m such a person, if I’m not, wouldn’t I let you down? Speaking of conditions... I’ve never thought about it. How about giving me some time?”

Xuan Yi’s eyes suddenly turned translucent. Yun Feng was slightly stunned. Was he going to tell her unconditionally? Then, she immediately denied her idea. He was just taking advantage of her. Her words and actions were probably expected.

He should have already expected what she would say.

Yun Feng lowered her black eyes and waited quietly. Xuan Yi was also sitting there. The two of them fell into silence. Qu Lanyi, who was in the Dragon Palace, also had a complicated expression and didn’t say anything. He had been thinking about what Xuan Yi said just then.

“Young Lady Yun.” Xuan Yi looked up. His translucent pupils just then had already disappeared. He was smiling humbly and respectfully again. Yun Feng looked up. “Have you thought about it?”

Xuan Yi chuckled. “How about Young Lady Yun?”

Yun Feng curled her lips. “Do you think I’ll agree?”

Xuan Yi shook his head with a smile. “I don’t have the confidence. With Young Lady Yun’s current opinion of me, I’m afraid you’ll avoid me.”

Yun Feng frowned. Xuan Yi continued, “I can scheme against anyone, but I won’t scheme against you, Young Lady Yun. I only asked Young Lady Yun to come here because I wanted to be with Young Lady Yun without being disturbed. That’s all.”

Yun Feng didn’t say anything. Xuan Yi chuckled. “I know Young Lady Yun won’t believe me, but it’s fine.” Xuan Yi moved his crossed fingers and adjusted his posture. “I told Young Lady Yun this news willingly. You don’t have to pay any so-called price.”

Yun Feng frowned. Even if Xuan Yi said so, Yun Feng still wouldn’t believe him. Even though this man didn’t do anything to her, he had schemed too much against the Yun family, Lanyi and those people she cared about.

“Before I tell you the news, can I ask Young Lady Yun a question?”

Yun Feng raised her brows. Xuan Yi looked at Yun Feng with his black eyes. “You’re not Yun Feng. After all, you have nothing to do with anything in this world. Why... do

you have to work so hard to protect the Yun family? Why do you have to do all this with this name?"

Yun Feng was stunned. She had never thought that Xuan Yi would say such a thing!

"Your soul is so unique. Its purity doesn't fit in this world. You shouldn't have carried all this. Why... do you have to do this? Just because you entered this body?" Xuan Yi frowned. "That shouldn't be your purpose for coming to this world."

"Xiao Feng?" Qu Lanyi, who was in the Dragon Palace, stood there in a daze. A few glints of light flashed through his black eyes. Xuan Yi's words exploded in Qu Lanyi's mind like a bomb, making him very confused and even helpless!

Wasn't she Yun Feng? If she wasn't Yun Feng, who could it be? What did he mean by having nothing to do with everything in this world?

Yun Feng pursed her lips. She knew that Qu Lanyi heard everything she said. She had never planned to tell anyone, but it was said from someone else's mouth. What would Lanyi say and how would he think of her?

"What does everything I have to do with you?" The anger that suddenly appeared in her heart made Yun Feng's face darken. She didn't want to say it at first. Even if she wanted to say it, she would say it herself, not in such a form! Xuan Yi was stunned. He didn't expect Yun Feng to suddenly get angry. "Young

Lady Yun..."

"If you want to talk, just talk. If you don't want to talk, don't!" Yun Feng stood up. The surging anger in her heart made her unable to hold back anymore.

Xuan Yi was even more surprised to see Yun Feng like this. Seeing that Yun Feng was really angry, he couldn't help but say, "I got this news for Young Lady Yun. Of course, I have to tell you!"

Yun Feng's face darkened as she stared at Xuan Yi with her black eyes gloomily. Xuan Yi slowly said, "Someone from the Yun family did survive at that time. I couldn't believe it at first. It wasn't until I saw it with my own eyes that I could confirm that that soul indeed belonged to the Yun family."

"Soul?" Yun Feng was puzzled. Perhaps...!

Xuan Yi nodded. "As Young Lady Yun thinks, that soul belongs to the Yun family, but not this body. Someone forcibly pushed the soul into this body."

“Where’s the person with the soul of the Yun family?” Yun Feng’s voice was deep. Xuan Yi looked at Yun Feng deeply. “This person is now a capable person of the Blood Souls. He’s one of the four elders, called Yan Xin.”

“What?” Yun Feng widened her black eyes and suddenly turned around. “That’s impossible! She can’t be a member of the Yun family!”

Xuan Yi said, “In front of these eyes, there’s never been a soul that I’ve mistaken. Every soul is special. The souls of the Yun family are the same. I’m definitely not wrong.”

“That’s impossible... How can you meet her...” Yun Feng mumbled. Her hatred for Yan Xin suddenly disappeared. The soul of the Yun family was in her body, but she was one of the four elders of the Blood Souls right now!

“It was a coincidence that I met her. I don’t want to tell you the details, but don’t worry, Young Lady Yun. I’ll always stand on your side no matter what. I’ll never betray you.”

Yun Feng’s mind was already in a mess right now. This person was Yan Xin... Yun Feng couldn’t accept it at all! Did she want to use the same method to push her foster father’s soul into another body and let the Blood Souls use it? Blood Souls! Blood Souls!

Yun Feng clenched her fists tightly as waves of pain came from her palms! “Young Lady Yun, what do you plan to do?”

Yun Feng’s completely stiff body suddenly relaxed and she turned around. “I should thank you for this news, no matter what your purpose is.”

Xuan Yi frowned. Yun Feng turned around and walked out without saying a word. Xuan Yi stood there and watched Yun Feng leave in silence. Yun Feng rushed all the way out of this small town at a high speed. She didn’t know where she was going at all...

“Let me out.” Qu Lanyi’s voice suddenly sounded in Yun Feng’s mind. Yun Feng suddenly stopped and stood there in a daze. Qu Lanyi, who was in the Dragon Palace, couldn’t help but say again, “Let me out.”

Yun Feng clenched her fists again. She took a deep breath and a beam of light jumped out. Qu Lanyi, who had a complicated expression, stood in front of Yun Feng. Qu Lanyi extended his hand and Yun Feng suddenly took a step back. Qu Lanyi suddenly frowned. “What do you mean? Are you rejecting me?”

Yun Feng looked up. “You heard him. Xuan Yi is right. I’m not Yun Feng at all.”

Qu Lanyi frowned even more tightly. He looked into Yun Feng’s eyes deeply and whispered slowly, “So what? I like you, the woman in front of me, not the name Yun Feng.”

Yun Feng's heart suddenly became hot and tears welled up in her eyes. Qu

Lanyi took a step forward. "You're not Yun Feng, but you've always been Yun Feng. You're the one I met and fell in love with. You're the one who bears all the responsibility. Yun Feng in everyone's eyes is you."

Yun Feng's black eyes glittered. "I'm not her. I actually have nothing to do with this world..."

"You're wrong." Qu Lanyi held Yun Feng's shoulders. "Ever since you came here, you've been inseparable from this world. Even if you're not her, you're willing to become her. Xiao Fengfeng, this name represents you, the soul in this body right now.."

Chapter 1991: Who Are You (1)

"No matter who you were, you're Yun Feng right now. You're the Yun Feng we've all acknowledged in our minds." Qu Lanyi held Yun Feng's shoulders even tighter. He had never seen her look like this, as if she was lost. It was so heartbreaking to watch.

"Got it." The fog in her black eyes gradually dispersed. She was actually a bit scared. She was afraid that her alien soul would make Lanyi disgusted. She was afraid that he cared about the Yun Feng in the past. Ever since she came to this world, even though she thought of herself as Yun Feng, she was just an alien soul occupying her body after all. It could be said that Yun Feng had never truly felt at ease. Until now, she had been honest with this man and he told her so firmly that she was the person he cared about.

A voice flashed through her mind. She should have thanked this woman called Yun Feng a long time ago. Thank you for letting me come to this world and meet these cute and precious people.

"I'm fine." The corners of Yun Feng's mouth curled up and she smiled. Seeing that, Qu Lanyi knew that she had let go of everything and also smiled. "Do you mind if I still call you Xiao Fengfeng?"

Yun Feng shook her head. "No, I'm her and she's me. There's no difference."

Qu Lanyi chuckled and touched the top of Yun Feng's head with his big hand. "Although I really want to know... where you came from and what the world on your side is like, we have more important things to deal with right now."

"Yes, I'll definitely tell you the truth about me when I have time."

Qu Lanyi smiled. "Don't worry about time. When everything is settled, we'll have plenty of time."

Yun Feng nodded. Thinking of what Xuan Yi said just then, both of them looked extremely solemn. "I really didn't expect Yan Xin... to not be Yan Xin. The soul of the Yun family is in her body," said Qu Lanyi. He frowned and looked at Yun Feng with his black eyes. "Xiao Fengfeng, what do you plan to do?"

This question made it very difficult for Yun Feng to answer. Her bone-piercing hatred for Yan Xin just then couldn't continue at this moment. She had the soul of the Yun family in her body. Yan Xin could be said to be a member of the Yun family right now. How would Yun Feng attack her family? If she didn't do anything... would her foster father's grudge be written off just like that?

"No matter who she is, I won't let go of my foster father's grudge! Even though she has the soul of the Yun family in her body, she's not a member of the Yun family. Rather than letting the Blood Souls control this soul shamelessly, it's better to destroy her with their own hands!"

Qu Lanyi was silent. Destroying it with her own hands... That was truly cruel for

Yun Feng. "If you can take her soul out of her body..."

"That's impossible." Yun Feng said calmly "That soul has already left the body once. Now that it's been sent to a new body, after the new body is destroyed, the soul won't be reborn again. Life isn't endless. It cannot circulate endlessly." This was something Yun Feng didn't know in the past, but after experiencing so much, especially after hearing the wisdom of many elders, Yun Feng had a new understanding of things.

"I understand. Should we..." Qu Lanyi looked at Yun Feng worriedly. Yun Feng shook her head. "You don't have to tell anyone. I'll deal with it myself. Telling the others will only add to their worries."

"Alright." Qu Lanyi nodded. "You're not going to tell Senior Feng either? Since the Blood Souls can create Yan Xin, they can certainly create others... Senior Feng might know something."

Yun Feng frowned and pondered. In the end, she nodded. "Master must know more about this than we do."

“Indeed. I’ve been wondering if the four elders are all in a similar situation. The bodies of dead people, the souls that are imprisoned and controlled, or... even the Soul Master of the Blood Souls. Otherwise, why would they be so obsessed with the souls and yearn for the power of bloodlines?”

The two of them went all the way back. Yun Feng frowned and pondered. What Lanyi said made sense. Even though some of the movements of the Blood Souls were a bit strange, it seemed to make sense after knowing so much.

“If that’s the case... The so-called four elders are very likely to correspond to the four families.”

Qu Lanyi was obviously stunned. “The four families?”

“This is just my guess. If I can meet another elder, I might know the answer.”

Qu Lanyi’s face darkened. If Xiao Feng was right, who could the controlled soul of the Naxi family be? His black eyes darkened. If it was that old guy who was controlled... it would be bad.

“Xiao Fengfeng, go back to the Yun family first. I’m going back to the clan,” said Qu Lanyi. Yun Feng raised her brows. “Are you going back to find out?”

“It’s better to let the truth speak than to guess. Even if the old man doesn’t know, there are still a few elders here. If it’s really as you think, the enemy we’re facing will be even more tricky.”

Yun Feng nodded. “Alright, you can go back and find out.”

“Wait for my news.” After saying that, Qu Lanyi turned around and left. Yun Feng returned to the Yun family alone. The news Xuan Yi brought was too shocking, and involved a lot of things. If she and Lanyi were right, who would the Blood Souls’ Soul Master be? Nôv(el)B\\jnn

After returning to the Yun family, Yun Feng directly came to Feng Qingxuan’s place. When she came to the door, Yun Qi stopped Yun Feng. “Feng!”

Yun Feng stopped and Yun Qi strode over. Yun Feng glanced behind him. “Where’s Tianqing? Why isn’t she here?”

Yun Qi looked a bit embarrassed. In the end, he sighed helplessly. “I only said that she’s still weak and will be easily injured. She went into seclusion just like that and said that she would reach a level that would satisfy me, making me speechless.” Yun Qi shook his head helplessly. “I was just saying. That girl took it seriously.”

Yun Feng chuckled. "Tianqing knows that Second Brother is worried about her. She doesn't want to be a burden to you."

"Even if she's an ordinary person, she's not a burden for me!" Yun Qi said. After saying that, he suddenly felt embarrassed and glanced at Yun Feng. "Feng, you're teasing me too?"

"No. Even though Tianqing won't be a burden to Second Brother no matter what, it's not the same for Tianqing. It's a good thing to cultivate your strength. Tianqing also hopes to be able to help Second Brother.."

Chapter 1992: Who Are You (2)

Yun Qi smiled helplessly and then became serious. "You and that kid haven't been home these few days. Did something happen?"

Yun Feng shook her head. "Nothing. Second Brother, just treat it as us taking a break from our work."

Yun Qi frowned suspiciously. He felt that his sister wasn't telling the truth. "Feng, you can't hide it from me! Second Brother can already help you share the burden right now. You don't have to carry it yourself anymore, understand?"

Yun Feng chuckled. "Got it, got it."

Yun Qi pursed his lips. Even though his sister was smiling and looked relaxed, he was still a bit worried no matter what. "Where's that kid? Why isn't he with you?"

"Lanyi has returned to the clan," said Yun Feng. Yun Qi frowned. "Did something happen in the Naxi family?"

"Maybe. Lanyi was in a hurry. I didn't ask much."

Yun Qi frowned even more tightly. "If the Yun family can help, we must help the Naxi family. That kid treated you quite well. We should repay him."

Yun Feng looked at Yun Qi's serious face and suddenly smiled. Yun Qi was stunned. "Why? Am I wrong, Second Brother?"

Yun Feng shook her head with a smile. "That's not the case. However, in my opinion, Second Brother should say, 'it is only right for that kid to take care of you.'"

Yun Qi smiled helplessly and rubbed the top of Yun Feng's head with his big hand. "Kid, you must be kidding me."

The brother and sister both smiled happily. Yun Qi said, "Are you here for Senior Feng?"

Yun Feng nodded. "I want to ask Master if there's any progress on the map."

"If there's any progress, Senior Feng will certainly look for you. There's no movement right now. I don't think there's any progress yet." Yun Qi put his big hand on Yun Feng's shoulder. Yun Feng was stunned. Yun Qi held Yun Feng and walked forward. "Feng, there are some things Second Brother hasn't asked you."

"What is it?"

Yun Qi frowned, as if he was thinking about something. Yun Feng waited patiently for a long time, but Yun Qi didn't ask. Yun Feng was helpless. "Second Brother, what exactly is it?"

Yun Qi took a deep breath and lowered his handsome face. "That kid... Did that kid do anything to you..."

Yun Feng instantly understood what her Second Brother wanted to ask. She immediately said, "No, he didn't do anything outrageous to me." Yun Qi was stunned. "Really? That kid didn't touch you?"

"No, we're innocent." Yun Feng looked up and wasn't shy at all. Yun Qi was completely stunned. "You've been with that kid for at least a decade..."

"Twenty-one years," said Yun Feng. Yun Qi widened his black eyes. "He's never touched you?"

Yun Feng was silent. They had touched... However, the two of them were still absolutely innocent. If that was what Second Brother wanted to ask, the answer was... "No."

Yun Qi was a bit embarrassed. He originally thought that the answer he heard wouldn't be this and he had never thought that kid... would be so patient!

"No... Alright! That's what I wanted to hear!" Yun Qi said as sweat appeared on his forehead. "That's right! The two of you aren't married yet. It's only right that you didn't do anything! No matter what, after you get married..

"Second Brother, what else do you want to ask?" Yun Feng raised her brows. Yun Qi laughed awkwardly. "N-Nothing... Second Brother has always been worried that you'll be bullied by that kid. It seems... that there's no need at all!

Ha... Haha!"

Seeing Yun Qi's awkward look, Yun Feng shook her head. She was still waiting for Lanyi's news. It wasn't good to disturb her master right now. "Second Brother, is there anything else?"

Yun Qi immediately shook his head and then raised his arm. "I'm fine. Feng, go do your work."

Yun Feng nodded and turned around to leave. Yun Qi looked at his sister's back thoughtfully and frowned hard. "Twenty-one years, inseparable... It's impossible for a man to hold back. Besides, Feng has everything a man wants and their relationship is so firm... Perhaps this kid is impotent?" Yun Qi was shocked in his mind. If that was the case, what about his sister's happiness for the rest of her life?

Yun Qi's mind began to run wild. After twenty-one years, he really didn't understand why Qu Lanyi didn't do anything. There were only two possibilities. He was impotent, or he wasn't a man!

"No, Feng's happiness is more important. If that kid really can't do it... Then Feng won't even be qualified to be a mother! What's the use no matter how good he is?" Yun Qi frowned and started pacing on the spot. "Let's wait for that kid to come back and ask clearly. If that's the case..." Yun Qi scratched his head in frustration. "If that's the case, how can I say anything?"

Before Yun Feng and Qu Lanyi knew anything, Yun Qi was endlessly worried and anxious about his sister's lifelong happiness. However, Yun Feng really wanted to say something else. Second Brother, you're truly too anxious. Qu Lanyi is a man among men. If he can't do it, I'm afraid nobody can.

Qu Lanyi rushed all the way to the Naxi family. All kinds of guesses kept rolling in his mind. There was something he had to confirm! The leader of the Naxi family didn't expect his son to rush back so quickly. Before he could say hello, Qu Lanyi had already gone straight to the point.

"Old man, take me to the Grave Valley!"

The leader of the Naxi family was completely stunned. "What exactly are you doing? Grave Valley? Why are you going there?"

"Don't ask so many questions." Qu Lanyi frowned, and so did the leader of the Naxi family. "That's the place where our clan is buried. How can we let you disturb them?"

"Old man, you know that I'm not going there to disturb them at all!"

"Kid, if you don't tell me clearly, I won't take you there." The leader of the Naxi family was determined. He sat there with a serious look and looked at his son with his black eyes. Did this kid really think that he, as a father, was just for show?

Qu Lanyi pursed his lips. The father and son fell into silence. In the end, Qu Lanyi was defeated. "Got it. I'll explain." Qu Lanyi briefly explained everything and told the guess of Yun Feng and him. The more he listened, the more gloomy the leader of the Naxi family became. In the end, it was already dark.

Chapter 1993: Who Are You (3)

The leader of the Naxi family raised his head and looked at his son deeply. "We won't know about this until we see it."

In the Grave Valley, the leader of the Naxi family led Qu Lanyi deeper. This place was quiet and peaceful. There was a magical power surging in the air. The heroic spirits of the Naxi family who died were sleeping here. Qu Lanyi followed the leader of the Naxi family with respect in his mind. The father and son walked forward silently until they came to a hidden cave. The leader of the Naxi family stopped, and so did Qu Lanyi. The leader of the Naxi family stood in front of the cave and looked at it for a long time. In the end, he sighed softly.

"Son, I hope your guess is wrong."

Qu Lanyi said in a low voice, "I hope so too."

"Let's go." The leader of the Naxi family walked into the cave. Qu Lanyi followed him in and a gust of cold air came at him. It was bone-piercing coldness that directly invaded his body. He felt like he was walking in a world of ice and snow. Even his soul would be frozen.

The footsteps of the father and son echoed in the empty cave. After walking for an unknown period of time, they still hadn't reached the end of the cave. However, the wall in the cave made Qu Lanyi widen his black eyes. "Old man, this is..."

A part of the wall was hollowed out at regular intervals, and inside the hollowed space were the members of the Naxi family! To be exact, they should be the dead members!

The leader of the Naxi family didn't even look back and kept moving forward. "When the founder of the Naxi family died, a few members of the family volunteered to follow him. The founder of the family died here, and they were no exception."

Qu Lanyi's heart trembled. He looked at the lifelike human faces on the wall, as if they were still alive, and didn't know what to say... They were clansmen who volunteered to sacrifice themselves. It was also a memory that belonged to a long time ago. It could be seen how important this founding ancestor was to Naxi! And how important he was to his clansmen!

After another long time, the leader of the Naxi family finally stopped. Qu Lanyi also stopped. There was a dead end in front of him. There was nothing. The leader of the Naxi family slashed his other hand fiercely. Red blood dripped. The leader of the Naxi family slapped the air with his red hand. With a buzzing sound, he seemed to have opened some kind of mechanism.

“Follow me in.” The leader of the Naxi family said in a deep voice. The inexplicable atmosphere in the cave seemed to be infectious. Qu Lanyi also became inexplicably cautious and nervous. He nodded and followed the leader of the Naxi family into the void where the entrance was opened. After entering, another coldness came from the sky. Qu Lanyi glanced over with his black eyes. In the wall in front of him, there was a human-shaped pit embedded in the wall, and the pit was completely empty!

Qu Lanyi was shocked! He turned around and looked at his father in shock. The leader of the Naxi family’s face completely darkened and he stood there with coldness all over his body. “When exactly...” The leader of the Naxi family mumbled. Qu Lanyi said, “Old man, could it be...”

The leader of the Naxi family suddenly sneered. “The Blood Souls? If it’s really them, we’ve really underestimated them!”

“The person who can sneak into this place and take the bodies away is very likely a member of our clan,” said Qu Lanyi with deep black eyes.

“I know what you’re going to say.” The leader of the Naxi family stared at the empty pit. “It should be a long time ago. Even I probably wasn’t born in this world yet.”

“So, there’s no way to investigate?” Qu Lanyi frowned. The leader of the Naxi family frowned. “I think we have to ask the elders about this. However, if the Blood Souls really think they can fool the Naxi family like this, they’re dreaming!”

Qu Lanyi looked at the obvious killing intent in his father’s eyes and knew that even his father, who had been tolerant the most, was truly enraged. Nôv(e)B\jnn

“Go back and tell Yun Feng about this first. As for the rest, I’ll tell you with the

Sound Transmission Jade. From today onwards, the plan will begin to change.”

Qu Lanyi was about to say something else, when the leader of the Naxi family interrupted him and asked him to leave. This wasn’t the first time Qu Lanyi had seen his serious father, and it wasn’t the first time he violated the old man’s order. However, this time, Qu Lanyi listened to him obediently. Under the domineering leadership of the Naxi family, he immediately set off for the Yun family.

He rushed back to the Yun family day and night. Qu Lanyi wanted to see Yun

Feng immediately, but what they were most worried about happened. When Qu

Lanyi rushed back, Yun Feng was cultivating with her eyes closed. It was Yun Feng's duty to seize the time to improve her strength. The God Venerable Level couldn't be reached overnight. She had to work hard over time.

"Xiao Fengfeng." Qu Lanyi directly pushed the door open and entered. If she didn't know that it was him, Yun Feng would probably have attacked immediately at this moment. "Lanyi, you're back. Why didn't you tell me in advance?" Yun Feng came out, only to see Qu Lanyi's extremely complicated face. She immediately realized something.

"Do you remember what I said to you before I left?"

Yun Feng nodded and her face also darkened. Perhaps...

"I hope my guess were wrong and it didn't exist, but..." Qu Lanyi smiled wryly.

"The truth is so cruel."

Yun Feng's heart sank even more as she listened to Qu Lanyi's detailed explanation. After Qu Lanyi said that, the two of them were silent. Yun Feng said in a low voice, "Now that things have come to this point, we must eliminate the Blood Souls completely and uproot them!"

"However, the Blood Souls we're facing right now... are probably more than twice as strong!"

"So what?" Yun Feng's black eyes were burning. "At this moment, I've already cut off all my escape routes. I don't want to retreat at all! For those heroic spirits who died and can't rest in peace, and for the people who are living and fighting right now!"

Qu Lanyi was silent for a moment. Suddenly, he chuckled. "You're right. We're not the only ones fighting against the Blood Souls. There are so many people together. No matter how powerful the Blood Souls are, no matter how invincible they are, we can't retreat at all!"

"Lanyi, if there's really no chance of winning at all, I'd rather die with them!" Yun Feng said as she clenched her fists. "After coming to this world, I've learned a lot, obtained a lot and also lost a lot. However, I've never regretted it at all. These people I love and protect should live happily and safely. This is my wish.."

Chapter 1994: Who Are You (4)

“And my wish... is your safety,” said Qu Lanyi. “Also, I’ll be with you forever.”

Yun Feng was slightly startled. She raised her black eyes and looked at the man’s handsome face. “You think death can separate us? You’ve underestimated my feelings for you. As I said, we were destined to be together from the beginning, whether we live or die.”

A warmth flowed throughout her body. What kind of scorching feeling was this? It was so gorgeous, so warm and beautiful!

Yun Feng thought of the days when she was Yun Lianyi. In the end, she could only use herself to exchange for the safety of her family. She chose to end everything with death. She had never thought that she would have a chance to be reborn and she had never thought that she would make the same choice at the last moment after her rebirth.

If her death could make the people she loved and protected safe, she would make the same choice and never regret it.

Yun Lianyi died alone. She was a lonely soul. However, after becoming Yun Feng, she wasn’t alone anymore. In the sky, on the earth, and in the underworld, there was someone who was willing to live and die with her.

This didn’t dispel their fighting spirit. Facing the Blood Souls, they were already prepared to die. No matter how powerful the Blood Souls were, they would fight with all their strength until the last moment!

After learning about the Blood Souls, the two of them analyzed seriously and weren’t depressed at all. They didn’t intend to tell anyone about these things for the time being. If the news spread, it would be a blow to the morale of the East and West Alliance. It wasn’t time to fight to the death with the Blood Souls yet. They still had time and a chance.

The news of the leader of the Naxi family came very soon. It was obvious that the body of the ancestor who founded Naxi had gone missing a long time ago. Even the few elders of the Naxi family didn’t have any clue, but they were quite shocked. If Qu Lanyi hadn’t thought of it, they would still be in the dark.

The leader of the Naxi family warned Yun Feng and Qu Lanyi to be careful. They more or less knew the true strength of the Blood Souls right now, especially the four elders. The leader of the Naxi family especially warned them that the two of them weren’t strong enough to fight with the four elders yet. In case anything happened, the two of them couldn’t act on impulse.

Yun Feng and Qu Lanyi knew this too. Even if they wanted to fight, they had to reach the God Venerable Level!

The two of them were currently at Grade 5 of the God Emperor Level. For such a level, it could be said to be a fantasy to reach the God Venerable Level in a short period of time. Unless there was a quick way, they could only rely on the accumulation of time and the eruption of luck. At this rate, the Blood Souls would probably be completely mature and irresistible when they reached the God Venerable Level.

In terms of cultivation of strength, the two of them racked their brains. The effect of the Golden Cauldron Fluid wasn't obvious anymore. Any acceleration method in the past was useless right now. If they didn't find a breakthrough, Yun Feng knew very well that time didn't allow them to take it slow anymore.

"Kid, you're back?" Yun Qi pushed the door open and entered. He wasn't surprised to see Qu Lanyi with Yun Feng, but his gaze was a bit strange, so strange that Qu Lanyi felt that something was wrong. "Second brother-in-law, why are you looking at me like that?" Qu Lanyi was a bit scared and had to say something. Yun Qi frowned slightly and then said, "Kid, come out for a moment. I have something to ask you."

Yun Feng glanced at Yun Qi suspiciously. Qu Lanyi was also very confused. Even though he was puzzled, he stood up and followed Yun Qi out. Yun Qi suddenly turned around. "Feng, you're not allowed to eavesdrop."

Yun Feng was helpless. She nodded and agreed. Yun Qi finally walked out. Yun Feng shook her head. Why was he so mysterious?

After a while, it was quiet outside. Yun Feng was very confused. After another while, Yun Qi's voice came. "It's fine. I'll go back first." He sounded very relaxed and happy, as if he had put down some worries. The door was pushed open. Yun Feng was extremely shocked to see Qu Lanyi's very serious and gloomy expression. What exactly did her Second Brother say to Lanyi? "Lanyi, what did Second Brother say to you? You don't look good."

Qu Lanyi didn't say anything. He just looked at Yun Feng silently and then strode closer. Yun Feng was about to say something else, when Qu Lanyi had already extended his big hand and picked her up forcefully, throwing her onto the bed. Before Yun Feng did anything, his slender body had already pressed over.

"Lanyi?" Yun Feng was puzzled. Qu Lanyi curled his lips gently. "Xiao Fengfeng, when have I ever been unable to do anything?"

Unable? Yun Feng didn't understand. "Unable to do what?"

Qu Lanyi didn't say anything. He simply used his body and leaned his lower body against hers fiercely. Yun Feng suddenly blushed. "What exactly did Second Brother say to you?"

"I'm truly useless. I'm truly ashamed to have my brother-in-law care about his sister's happiness."

Yun Feng suddenly came back to herself and realized what Yun Qi said. She was embarrassed and angry. "It's not like that. When Second Brother asked about us that day, I said that you didn't do anything to me, not that you... You..." Yun Feng's face was completely red. The man's scorching body was pressing against her just like that. Lanyi's self-esteem was obviously stimulated.

Qu Lanyi raised his brows. "If I don't do anything, I'll really be despised by my brother-in-law."

"What are you doing?" Yun Feng blushed and roared. She wanted to get up by force, but Qu Lanyi pressed Yun Feng against the bed fiercely with his hands. The warm sun outside the window came in and shone on the ground, forming mottled light. The bed was covered in shadows.

A wicked smile suddenly flashed through his handsome facial features. The woman he loved was under his body, right where he could reach her. If he didn't do anything, he really wouldn't be a man anymore. He could leave her alone, but if he didn't even touch her, he really wouldn't be potent.

His slender fingers gently stroked the woman's delicate skin and watched her fair skin slowly turn red under his fingertips. His fingers slowly followed the curves down her cheek, neck and collarbone, sliding back and forth in the hollow of her collarbone. The man saw in satisfaction that the blush had already stained here.

"You're so beautiful." The slightly hoarse male voice was infinitely sexy. Yun Feng's face became even redder. Even though the relationship between them was certain, intimacy wasn't common, let alone such an erotic atmosphere right now. Yun Feng had only experienced it a few times. Looking at Qu Lanyi's extremely deep black eyes, she felt like her entire body was about to be sucked in.

"Xiao Fengfeng..." He called her in a low voice as his warm breath landed on the skin next to her ear. Yun Feng's blush became deeper and her body was trembling gently. She bit her lips, fearing that she would make any sound. Qu Lanyi chuckled and lowered his handsome face. His scorching breath instantly approached, freeing her red lips from his bite and loving them wantonly..

Chapter 1995: Who Are You (5)

"Lanyi... Hm!" After covering her mouth, the man's scorching hands finally began to act presumptuously. Yun Feng's body trembled fiercely and her voice was swallowed. Her hands were restrained above her head and she could only withstand the sudden

enthusiasm and the unfamiliar feeling of her body. Her mind began to become chaotic and she couldn't tell north from south. She could only feel the subtle touch and the scorching aura that gradually surged out of her body clearly.

It was as if it wanted to burn her body from the inside!

Dark red color appeared in his black eyes. The fire of desire had already existed. Now that it was released, it burned even more fiercely. It couldn't be satisfied through the clothes anymore. Only real contact could ease such pain!

"Rip...!" The fabric was torn apart just like that. Looking at the charming blush on her skin, the dark red color in the man's eyes also spread like waves. He held her in his arms fiercely and pressed his lips against her heart, feeling her crazy and violent heartbeat clearly, just like his!

Yun Feng's body trembled again. The scorching temperature in her heart was like a fire that was about to spread there. Her heart pounded even more violently, so violently that it almost jumped out of her chest!

"Don't..." Yun Feng said weakly. The man ignored her, as if he wanted to gradually expand the fire. Yun Feng only felt that she was about to faint. The crazy man swept her away and opened his black eyes, which were full of wet mist.

"Don't be afraid." His hot lips left and he said words of love. The man held her even tighter with his hand. Their bodies were pressed against each other tightly. Their heat transmitted to each other and their hearts were already racing crazily.

"Lanyi..." Yun Feng didn't know what to say. She could only call his name. She looked at him with her black eyes in confusion and didn't know what to do.

The man's hot fingertips brushed past his red lips that were exhaling air. He lowered his head again and bit her lips fiercely. Yun Feng frowned. "Hm!"

Coldness and heat overlapped, and so did pain and numbness. Qu Lanyi let go of Yun Feng's hands and held her in his arms. Looking at his mark on her fair skin, the corners of his mouth curled up in satisfaction.

"Does it hurt?" Stroking the mark, Qu Lanyi asked in a low voice. Yun Feng blushed at this moment. She seemed to have used all her strength and could only lean in his arms. She glared at the man and didn't say anything.

"It's so beautiful." Qu Lanyi caressed it with his fingertips. He couldn't put it down. The heat in his body hadn't been eliminated. Even though he had fire in his heart, it wasn't the time to release it.

Yun Feng didn't know what to say. Qu Lanyi looked at the clothes he tore and said softly, "Xiao Fengfeng, I'm afraid you can't wear this anymore."

Yun Feng blushed. "It's all your fault."

Qu Lanyi chuckled. "It's indeed my fault. I'll find some clothes right now." He put the blanket on Yun Feng and got up to find some clothes. He wanted to help Yun Feng put them on, but after glaring at her angrily, he pushed the door open and walked out with a smile.

"Why are you standing here?" Yun Qi came back. Seeing that Qu Lanyi was standing outside like a cat that had stolen a fish, he couldn't help but feel puzzled.

"Nothing. I came out for some air," replied Qu Lanyi. "Why is my brother-in-law back? Is something the matter?"

Yun Qi looked inside suspiciously. "Get out of my way, kid. I'll go in and take a look. "

Qu Lanyi immediately flashed and blocked her. Xiao Feng was changing her clothes inside. Even her brother-in-law couldn't get inside. He couldn't let other men look at his wife, not even a glance!

"What are you doing? Get out of my way." Yun Qi raised his brows, but Qu Lanyi didn't let him. "If there's anything, we can talk here."

"You..." Yun Qi frowned and was about to say something, when Yun Feng pushed the door open and entered. "Second Brother, what's the matter?" Nôv(el)B\\jnn

Yun Qi glanced over. "Feng, have you changed your clothes? Why is your face so red? Are you sick with a fever?"

Yun Feng shook her head. "I'm fine. It's just that... there's something wrong with my clothes. I just changed them." She glared at the man who was laughing secretly on the side with her black eyes. Yun Feng gently pushed Yun Qi's hand away. "Second Brother, is there anything I can do for you?"

"Yes, I passed by Senior Feng's place just then. Senior Feng brought a message for you." Yun Qi looked at Yun Feng worriedly. "Are you really alright?"

"I'm really fine. Don't worry, Second Brother," said Yun Feng. Her heart was still racing and the heat on her cheeks hadn't disappeared. "Master is looking for me. I'll go right away." In order to avoid embarrassment, Yun Feng planned to leave quickly. Qu Lanyi followed her with a chuckle. "I'll go with you."

Yun Feng stopped. Yun Qi said in a bad tone, "Senior Feng said that it's fine if this kid follows you."

Yun Feng nodded. "Got it. Thank you for informing me, Second Brother."

"Why are you so polite with me? I'm a bit worried that you'll hide something from me."

Yun Feng was suddenly stunned. Qu Lanyi's relaxed expression also froze. Yun Feng gritted her teeth and turned around with a bright smile. "How can that

Qu Lanyi's black eyes glittered. Yun Qi chuckled. "That's good. Go."

Yun Feng nodded and left. Qu Lanyi followed her. What Yun Qi said made the ambiguous atmosphere disappear completely. Everything returned to normal. "It's actually fine to tell Yun Qi about this," said Qu Lanyi in a low voice. Yun Feng, however, shook her head. Qu Lanyi sighed softly and held Yun Feng's hand. This stubborn woman, whom he loved, made his heart ache..

Chapter 1996: Potion Sensation (1)

"Disciple, you're here." In the yard where Feng Qingxuan lived, a cup of hot tea was put on the table. Yun Feng and Qu Lanyi walked in. Feng Qingxuan raised his head and smiled at Yun Feng. Then, he rolled his eyes. "You're here too." He was quite cold to Qu Lanyi's greeting.

Qu Lanyi didn't care. Feng Qingxuan had never been warm to anyone except Yun Feng. In the eyes of this respected senior, only his only disciple could make him smile.

"Master, is there any news on the map?" Yun Feng walked over and sat down in the place Feng Qingxuan indicated. Feng Qingxuan smiled casually. "I'm not very smart anymore. I'm afraid I can't help you much on this map. I've compared the remaining memories of the past with this map carefully and found nothing useful. The place drawn on this map existed a long time ago.

This place probably changed when I was active."

"So, the elders of the Naxi family won't know where we are." Qu Lanyi frowned. Feng Qingxuan nodded solemnly. "Indeed. If there are older people in this world, they might be able to help you. However... it's unlikely that such old guys will appear again."

Yun Feng frowned. So, could it be that the news of the Lightning Seed was interrupted here? Among the people and Magic Beasts she knew, Magic Beasts certainly had a longer lifespan. The oldest were the Fantastical Beasts. However, the Fantastical Beasts lived in the Beast Region. With rules, they couldn't enter and leave the Beast Region casually, so they certainly weren't familiar with the changes in the terrain of the current world.

“This is a bit difficult.” Qu Lanyi frowned. “Unless they show up themselves, we won’t be able to find such old guys. Besides, is it really possible for someone older than Senior Feng to survive in this world?”

Feng Qingxuan frowned. “Don’t underestimate the desire of humans for immortality. The stronger they are, the more they want to be immortal. It’s what all powerhouses do. I’m no exception.” Feng Qingxuan sneered. “However, immortality doesn’t exist in this world. No matter how long they live, they’ll be destroyed one day. That’s the simplest logic, and the most difficult for these powerhouses to understand.”

“The elders of the four families don’t know about it. We can only see if there are any Seniors who have survived until now. There’s definitely not a high chance of success if we take the initiative to search for them. The only thing we can do is to lure them out.” Yun Feng frowned and pondered. Qu Lanyi then whispered, “To lure these old guys out, we can only show them what they need in their minds.”

Things they needed? Yun Feng and Qu Lanyi’s eyes glittered. Feng Qingxuan said casually, “If they can really survive until now, nothing can attract them more than eternal life.”

“Senior Feng is right. Those who can survive until now will definitely pursue a longer life!”

“Disciple, I’ve never asked you. I’m afraid you’ve already reached the Grandmaster Level.” Feng Qingxuan smiled. Everything was as he expected.

Yun Feng smiled casually. “I’m not talented. I’ve just reached the Grandmaster Level.”

Feng Qingxuan burst into laughter. “There’s no Grandmaster Level expert at your age! You’re unprecedented! That’s right!” Feng Qingxuan had never been stingy with his compliments for Yun Feng. Feng Qingxuan wasn’t like this in the past. However, after experiencing so much and settling down, Feng Qingxuan had already changed his mind. He wouldn’t have been able to sit here calmly and give Yun Feng so much help if he hadn’t changed.

Yun Feng was too embarrassed to smile, but Qu Lanyi was a bit shocked. The Grandmaster Level? “That’s the highest level of the pharmaceutical level, right?”

Feng Qingxuan raised his brows. “Kid, who told you that the Grandmaster Level is the highest level of making medicine?”

“Is there anyone above the Grandmaster Level?” Qu Lanyi had never dabbled in pharmaceuticals. The highest level he had heard of was only the Grandmaster Level. There were probably not many grandmaster-level pharmacists!

“As far as I know, there are less than five Grandmaster Level pharmacists.

They’re all in the Pharmacists’ Union. I’ve never heard of any pharmacists above the Grandmaster Level,” said Yun Feng as she looked at Feng Qingxuan with glittering black eyes. If she was right, her master should be above the Grandmaster Level in pharmaceuticals!

“Disciple, it’s already not easy for you to reach the Grandmaster Level right now. Your talent in potions is also incomparable. Even though I’m proud of you, I don’t want you to stop here. The Grandmaster Level isn’t the top of the pharmaceutical world. There’s another level above the Grandmaster Level, called the Zen Master.”

“The Zen Master Level?” This was the first time Qu Lanyi heard that. “Senior Feng, are you... the Zen Master Level?”

Feng Qingxuan snorted. “Kid, do you really think I have nothing to do here?” Qu Lanyi was a bit embarrassed. “That’s not what I meant... I’m just surprised...”

“What’s there to be surprised about? I was already at the Grandmaster Level before I was trapped in the Beast Region. It’s been so long. If I still haven’t reached the Zen Master Level, won’t I make others laugh their heads off?”

Qu Lanyi curled his lips. It was definitely better not to say anything. Senior

Feng was truly rude to the others. Yun Feng looked surprised. “The Zen Master Level! Master’s pharmaceutical ability should be the best right now! ”

Feng Qingxuan shook his head. “I don’t know how the pharmaceutical world is right now. In the era when I was active, there were pharmacists at the level of a Zen Master. However, as time passed, they died. Most pharmacists weren’t strong to begin with. It was a very difficult process to achieve a win-win situation in terms of strength and potions. I could enter the level of a Zen Master because I abandoned my strength and focused on this.”

Yun Feng nodded. It wasn’t so simple to do multiple jobs at the same time. She had to do each identity well and reach an unimaginable height. Single tasks were fine, but if she did all of them, she would have to spend unimaginable energy! Yun Feng’s way of making medicine was different from ordinary methods. She took a shortcut and avoided the long and complicated process. If Yun Feng was like the others, she probably wouldn’t have the energy to reach the Grandmaster Level at all..

Chapter 1997: Potion Sensation (2)

Yun Feng's heart trembled. This showed how powerful her master's ability was!

"In order to attract these old guys to show up, grandmaster-level potions can't pique their interest at all. Only the Zen Master Level can make them restless."

"Master, do you mean... you want to develop it yourself?" Yun Feng was delighted in her mind again. She thought her master would let her train herself, but she didn't expect him to do it for her himself!

Feng Qingxuan chuckled. "You're my only disciple. It doesn't make sense if I don't do something for you. "

"Master has already done enough for me," said Yun Feng. "If I hadn't inherited everything Master left behind, I wouldn't have been able to get out of my predicament several times."

Feng Qingxuan chuckled. "Alright, I'll certainly treat you well. However, you can't make a Zen Master-level potion overnight. Disciple, you'll have to wait for a while."

"It's fine. Master will decide everything, " said Yun Feng. She was very excited in her mind. "Can I stay and see how Master makes potions?" Yun Feng was looking forward to it in her mind. She was very curious about the level of the Zen Master.

"Of course. Even if you didn't mention it, I'll let you stay. I'll teach you these things myself." Feng Qingxuan looked hopeful. Yun Feng smiled happily.

'You don't have to stay. You're not talented in potions at all." Feng Qingxuan was quite disdainful. Qu Lanyi smiled wryly. "Yes, Senior Feng. I'll go out now. I won't disturb you anymore." Qu Lanyi chuckled and walked out. Feng Qingxuan looked at his back and whispered, "What a pity for that kid."

Yun Feng couldn't help but chuckle in her mind. Her master still valued Lanyi, or he wouldn't have sounded so regretful. Feng Qingxuan looked at Yun Feng.

"Are there any left of the herbs I gave you?"

"I've never touched any high-level herbs." Yun Feng took out all the herbs Feng Qingxuan left behind. Feng Qingxuan couldn't help but chuckle. "More than that. I don't think you've touched any at all."

"I don't use potions often and I don't make them often. If possible, I'll collect some things I need. The ones Master left behind are very precious. They'll be gone after use."

Feng Qingxuan chuckled. "It's very difficult not to rely on potions. Disciple, you've done very well. Potions are temporary after all. Even though they can solve an urgent problem, they can't affect the root cause. Tell me what potions you've made so far."

The master and disciple started a lecture on potions. Yun Feng didn't come out for a long time. Studying was a long process. Qu Lanyi told Yun Qi what happened and Yun Qi was relieved after hearing that. Gong Tianqing was still cultivating in seclusion. Yun Qi was the one who was worried this time.

Qu Lanyi could be said to be the freest person. He simply cultivated silently. He couldn't fall too far behind.

"Disciple, there's a huge difference between the Zen Master Level and the Grandmaster Level. It can be said to be a new level. You have a completely new understanding of the distribution and ratio of herbs. The Zen Master Level can't be reached through tough practice and accumulation. The Zen Master Level completely depends on your comprehension."

"Comprehension?"

"That's right. All pharmacists below the Grandmaster Level have ready-made formulas that can be used. These potion formulas are the best results after many attempts and changes. They can be said to be formulas that everyone can have. The potions they make are only divided into levels. There's nothing special about them. However, the level of the Zen Master is completely different." Feng Qingxuan said earnestly, "The formulas of the Zen Master Level are all obtained through comprehension. In other words, the formulas that the pharmacists at the Zen Master Level know are unique in this world. Similarly, only people who have figured out the formula can make such a potion."

"What if I write this formula?"

Feng Qingxuan chuckled. "Even if you write it, it's useless until you reach the level of a Zen Master."

Yun Feng understood now. She also understood why only potions at the Zen Master Level could lure those old guys out. Who wouldn't want a unique formula, a unique potion? If you had it, others wouldn't have it! A formula made with comprehension was much more precious than a ready-made one!

"Similarly, making potions at the Zen Master Level consumes more energy and time. The herbs needed for the formula aren't easy to get. It's very likely that there won't be a second batch after making the first one. Do you understand the uniqueness of the Zen Master Level?"

Yun Feng nodded. Feng Qingxuan smiled in satisfaction. 'Very good. You can't be hasty when you want to reach the level of a Zen Master. This is the same as cultivation. To reach the top requires patience and a certain amount of luck.

Disciple, you must remember what I said."

Yun Feng said carefully, "Yes, I'll definitely remember what Master said."

In the blink of an eye, three months had passed. Yun Feng had been staying at Feng Qingxuan's place and had never come out. Yun Qi, on the other hand, had lingered outside Gong Tianqing's residence many times and didn't dare to disturb her easily. Qu Lanyi, at the same time, was cultivating in seclusion quietly and didn't think that it had been a long time. However, Yun Qi came to cause trouble from time to time, which made him a bit angry.

"Second brother-in-law, how many times have you done this?" Qu Lanyi

looked a bit gloomy. Looking at the man in front of him who came uninvited and disturbed his cultivation, he didn't know what to say. If he weren't Yun Feng's Second Brother, he would have already kicked him out.

Yun Qi also sat there with a gloomy face. "You don't have to care about me. Just do what you need to do."

Qu Lanyi heaved a long sigh and sat down helplessly. "You've been back and forth. How can I not be disturbed by you? Tell me, what's wrong?"

Yun Qi frowned. "Did what I said hurt Tianqing? I'm a bit worried about her.

Will she be angry with me..."

Seeing the uneasiness in Yun Qi's eyes, Qu Lanyi really didn't know what to say. Yun Qi was obviously a hothead who had been in love for the first time. There was really nothing to worry about, but he was extremely worried.

"She won't be angry with you," said Qu Lanyi. "She did this for herself. You don't have to think too much."

"Really?" Yun Qi was puzzled. Qu Lanyi's temples throbbed.. "Second brother-in-law! If you think I'm wrong, please don't bother me anymore!"

Chapter 1998 - 1998: Potion Sensation (3)

Yun Qi was stunned for a moment. Then, he smiled awkwardly. "Just kidding. Just kidding." There weren't many people in the Yun family right now and Feng was with Senior Feng. He certainly couldn't disturb her. He could only ask this kid about this.

"If Tianqing isn't angry, why does she ignore me?"

Qu Lanyi's temples throbbed again. "Isn't she cultivating in seclusion? How can she talk to you?"

Yun Qi was silent. Then, he said again, "Cultivating in seclusion shouldn't take so long..."

"Second brother-in-law! How can you end your seclusion in a short period of time?"

"But... She has to eat, right..." Yun Qi whispered. Qu Lanyi's facial features were almost twisted. Were people who were in love all idiots? He and Fengfeng weren't so stupid!

Yun Qi answered his own questions on the side. Qu Lanyi simply ignored him and kept calling out in his mind. Xiao Fengfeng, come out and take him away quickly!

"I've taught everything to you. The rest will depend on your own efforts," said Feng Qingxuan. Yun Feng nodded. "Four months have passed." Feng Qingxuan looked at the potion in his hand. "Take this. This is what I can help you with."

"Thank you, Master." Yun Feng took it carefully and put away the potion. She didn't seem to notice the passage of time. Almost three months had passed unknowingly? That was too fast. She wondered how Lanyi, her Second Brother and Tianqing were doing and if there was anything unusual on the Blood Souls' side.

"Go. I need to rest too. After all, I'm old." Feng Qingxuan chuckled and waved his hand. Yun Feng nodded. "Thank you for your hard work, Master. Have a good rest. I won't let you down."

Feng Qingxuan nodded in satisfaction. He turned around and disappeared. Yun Feng also turned around and left. As soon as she walked out of the yard, she saw Qu Lanyi outside.

"Lanyi, why are you here? Have you been..." Yun Feng was very surprised. Qu Lanyi shook his head helplessly. "No. Even though I've been here a few times, I don't stay here every day."

Yun Feng heaved a sigh of relief. Seeing Qu Lanyi's helpless expression, she

was a bit confused. "Lanyi, you seem to be upset? Why? Did something happen during this period of time? Did something happen to the Blood Souls?"

Qu Lanyi shook his head. "No, everything has been peaceful during this period of time. Even though the Blood Souls fought with the East and West Alliance a few times, they stopped after a short while."

"Then what happened?"

Qu Lanyi frowned. Could he say that he was annoyed by this second brother-in-law? While he was thinking about how to say it, Yun Qi's voice had already come. "Kid, you came here!" Qu Lanyi's temples immediately pounded a few more times. He turned around. "Second brother-in-law, you were so fast to find me."

Yun Qi strode over. "Kid, I... Feng!"

Yun Feng chuckled. "Second Brother and Lanyi seem to be much closer." Yun Qi was suddenly a bit embarrassed. Qu Lanyi laughed dryly. "Really?" "Not at all," said Yun Qi. "When did Senior Feng ask you to come out?"

"Just then, I saw Lanyi as soon as I walked out," said Yun Feng. Yun Qi nodded and glanced at Qu Lanyi with his black eyes. This kid hid from him and came here. Was he so annoying?

"Is Senior Feng alright?" Yun Qi looked inside. Yun Feng smiled gently. "Master is fine. Second Brother, don't worry. I'm just tired these days and need to rest."

Yun Qi nodded. "Are we going to start searching for the lightning seed next? Where are we going?"

Yun Feng shook her head. "The terrain depicted on the map was very different from what it is right now. Even Master doesn't know where it is right now." "Senior Feng doesn't know? Perhaps this clue is gone?"

Qu Lanyi curled his lips. His brother-in-law was truly one-track-minded. "If

Senior Feng doesn't know, someone will."

If they wanted to lure those old guys out, they certainly had to put the potions in the Auction House and then spread the news appropriately. The Auction Houses on the continent were all under the control of the East and West Alliance right now. It couldn't be easier for the East and West Alliance to spread the news quickly.

Yun Feng and Qu Lanyi traveled together. Yun Qi wanted to follow them, but he was worried about Gong Tianqing, so he didn't. Yun Feng and Qu Lanyi thought so too. It was better for Yun Qi to stay here. They rushed all the way to the headquarters of the East and West Alliance. Yun Feng didn't intend to put this potion in the Auction House herself. Whether it was disguise or real appearance, there would be subsequent trouble. It would be much easier if Yan Ming helped.

As the General Manager of the East and West Alliance, Yan Ming was an all-rounder in the eyes of the world. Even if he took out such a thing, he wouldn't cause too much attention. Yun Feng didn't expect to meet Yan Ming when she arrived. After all, the General Manager of the East and West Alliance was a busy person and wasn't often here. What a coincidence. When Yun Feng arrived, Yan Ming was about to move. After Yun Feng arrived, he canceled everything he had on hand.

Yun Feng briefly told him about the potion. Even Yan Ming, who was meticulous, couldn't help but feel shocked. He couldn't understand what level a Zen Master-level potion was, but this was probably the first time anything had surpassed the grandmaster level.

"Do you really trust me so much? You handed such a precious thing to me?" Yan

Ming raised his brows. Yun Feng chuckled. "I've already handed the East and

West Alliance to you, let alone a bottle of potion. I trust you."

Yan Ming was stunned for a moment. He chuckled and put away the potion. "I'll definitely take care of this for you, but once the Zen Master Level potion appears, it'll probably cause a lot of commotion. The Blood Souls will definitely know. By then, the Blood Souls will definitely steal it!"

"I've considered all this. How can I get tiger cubs if I don't enter the tiger's den?"

Yan Ming nodded. "Got it. By then, we'll set up layers of defense. According to what you said, the Blood Souls won't be the only ones attracted here.

Yun Feng's black eyes darkened slightly. She could imagine the commotion caused by the appearance of the Zen Master Level potion. Everyone on this continent would probably be shocked in their minds. She could imagine how passionate their desire for this bottle of potion was! By then, they would definitely fight for the potion, and she didn't need to care who got this bottle of potion in the end at all, as long as it wasn't the Blood Souls! Yun Feng's real purpose was to lure those old guys out..

Chapter 1999 - 1999: Potion Sensation (4)

"Where should we auction it?" Yan Ming said. "It'll be easier to set up defenses if we choose a good place."

Yun Feng and Qu Lanyi looked at each other. Yun Feng said softly, "Why don't we do it in Chunfeng Town?"

Yan Ming was stunned. Yun Feng said, "I'm very familiar with the surrounding terrain of Chunfeng Town. I'll certainly be there on the day of the auction.

Chunfeng Town is next to the Foggy Forest. If necessary, I can ask the Magic Beasts for help."

It wasn't difficult for Yun Feng to ask the guys in the depths of the Foggy Forest for help right now.

Yan Ming chuckled. "Alright, Chunfeng Town it is."

Ever since the Yun family soared to the sky, Chunfeng Town had become a very strange area on the East Continent. The process of the Yun family climbing all the way up was also the process where Chunfeng Town became unique in everyone's mind. Even though the Yun family didn't take root here anymore, this place was still as special as before. After all, the Yun family had stayed here for a long time. This could be said to be the starting place of the Yun family on the East Continent.

After the Yun family left, the Fengyun Empire still tacitly acknowledged the independence of Chunfeng Town. Even though the Yun family left, everyone in town treated the Yun family as their leader in their minds, without exception.

No matter who they were, they didn't dare to provoke Chunfeng Town easily. Even the De family and the Shang family didn't dare to give orders to Chunfeng Town casually.

As the East and West Alliance rose, the world focused on this unimaginable alliance. Chunfeng Town gradually faded from everyone's sight and returned to normal. However, an explosive piece of news made this town the center of everyone's attention again, becoming a place where storms were about to rise.

The place where the Zen Master Level potion was to be auctioned was Chunfeng Town!

The news came from the Auction House of the East and West Alliance. It was a potion brought by the General Manager of the East and West Alliance, Yan Ming. The news instantly spread like wildfire! The Vast Continent seemed to be boiling! Even though many people didn't understand the concept of the Zen Master Level, they knew that this bottle of potion was unique and had never appeared until now!

In an instant, everyone was talking about the Zen Master-level potion. They were very curious about the Zen Master-level potion, but what was even more curious was the pharmacist who made this bottle of potion! A Zen Master Level pharmacist!

As the news kept spreading, the people of the East and West Alliance entered Chunfeng Town and began to prepare for the auction. Chunfeng Town immediately became the second Shadow City! Countless people surged in crazily, wanting to see

this bottle of potion. They wanted to know who got this bottle of potion, and even more so, they wanted to know who this Zen Master-level Dharmacist was!

“Things are more complicated than I thought. I’m about to be annoyed by the questions.” Yan Ming looked at Yun Feng, who was sitting there, speechlessly.

The two of them were in Chunfeng Town at this moment. The East and West Alliance had already started making preparations in full swing. A large number of people flooded into Chunfeng Town every day. In just a short period of time, the entire town was like a balloon that had been blown up and accommodated people from all directions. The silence in the past was gone and it was filled with noise and excitement.

“What’s wrong?” Sitting in her living room, Yun Feng took a sip of tea leisurely. The old mansion of the Yun family still hadn’t changed at all. Yun Feng felt that this was very good. Everything was as before.

“What’s wrong? Do you know how many people came to ask me who this Zen Master-level pharmacist is?” Yan Ming raised his brows and rubbed his temples with his hand. “I’ve already counted more than a hundred people. I’ve replied a hundred times. My Young Lady, how big do you think my brain is?”

Yun Feng curled her lips. “Thank you.”

Yan Ming sat down. “You don’t know that those elders of the Pharmacists’ Union are like hungry wolves. They insisted on knowing. They didn’t believe my answer at all. Dan Qing and Dansu asked me directly if it was you.”

Yun Feng smiled gently. Yan Ming’s black eyes glittered. “Even though I’ve never asked you, but... this bottle of potion is indeed yours...”

“It wasn’t me.” Yun Feng shook her head. “I don’t have the ability of a Zen Master. I can only make Grandmaster Level potions at most. If it were really me, I wouldn’t deny it.”

Yan Ming nodded. “If you say so, then it’s really not true. However, I’m afraid Dan Qing and Dansu will be disappointed.”

Yun Feng was helpless. The level of a Zen Master... If she could reach the level of a Zen Master at this age, wouldn’t she be heaven-defying?

“No matter who it is, my answer is that it was given by an expert to avoid unnecessary trouble,” said Yan Ming. “You’ve seen it with your own eyes these few days. Countless people have surged into Chunfeng Town. This will soon become the latest gathering place of storms. By then, all kinds of people will be hiding inside. Once the auction begins, undercurrents will also begin to surge.” “I know. I’ll have to trouble you to arrange the auction.”

“Don’t worry. I’ll give you a detailed list of everyone who participates in the auction. I won’t miss any of them.” Yan Ming stood up. “I’ll go arrange the accommodations. More and more people are flooding in. It’ll be very troublesome if we don’t deal with this as soon as possible.” Yan Ming turned around and was about to leave. Yun Feng stood up. “Is there anything I can help you with?”

Yan Ming stopped and chuckled. “In terms of help... Qu Lanyi did a good job. As for you, take some time out for a walk and see which of these people that came because of your fame is hiding something. You’ll be doing me a huge favor.”

Yun Feng was helpless. She was going to do that anyway. It wouldn’t be considered helping him. “Got it.”

Yan Ming smiled gently and then turned around to leave. Yun Feng sat in the hall alone and pondered. Qu Lanyi followed him to help and wasn’t with Yun Feng. Yun Feng had been observing in the dark these few days. There were truly all kinds of people. It was very likely that the people of the Blood Souls were already hiding.

“Young Lady, do you want to eat?” The old butler walked over with a smile. Yun Feng smiled gently. “No need. I’ll go out for a while.”

There were only three servants in the Yun family right now and they were loyal to the Yun family. The news that Yun Feng came home this time didn’t leak out at all, which showed how loyal they were to the Yun family. The old butler nodded and left with a smile. Yun Feng stood up and took out the Thousand Shadows Mask, putting it on. Soon, she created a new face.

Yun Feng tapped the tip of her foot gently and her body had already flashed out of the Yun family’s old house to the noisy street right now. Yun Feng looked at the crowd of people that brushed past her. This town was truly full right now. All the shops on the street were doing well. There were originally only a few small hotels in Chunfeng Town, but there were a lot of them now. The supply

still couldn’t keep up with the demand. AS the auction date came, more people would come to town.

More and more people flooded in. Maintaining order was a difficult task. All the soldiers of the Yun Army were here to maintain order. They all had a sense of belonging and would do their best.

Yun Feng didn’t test them at all. She completely restrained her aura and transformed into an ordinary person. Not long after she walked on the street, more than dozens of waves of detection auras had already swept over her. They were all very strong. Many masters would gather here this time for that bottle of Zen Master Level potion.

“What do you think a Zen Master-level potion is?” The person next to her was discussing enthusiastically.

“How would I know? I’ve never heard of the concept of the Zen Master Level in the past. Now that it suddenly appeared... it should be very, very powerful.”

“I heard that it’s even higher than the Grandmaster Level Potion. I’ve never seen a Grandmaster Level Potion!”

“That’s right. I’ve never seen one either! However, wouldn’t it be even better if I’m lucky enough to meet a Zen Master?”

“I wonder if the Auction House will set any conditions. It’ll probably be very difficult for ordinary people like us to see it.”

“You’re right. Someone who can compete for such a potion must not be a simple person. I wonder what master will appear. Who will take this bottle of potion in the end?”

“Is that what you’re concerned about? I’m most curious about this Zen Master- level pharmacist! ”

“Didn’t General Manager Yan say that this bottle of potion was given by an expert? He doesn’t even know who this expert is. How can we meet him?”

“You don’t understand that, do you? This is a smokescreen! Countless people are guessing that this Zen Master-level pharmacist is Master Yun Feng!”

“Master Yun Feng?!”

“That’s right. Think about it. Lord Yun Feng’s talent in potions is praised by those elders of the Pharmacists’ Union! Isn’t the pharmacist master who’s closely related to General Manager Yan Lord Yun Feng?”

“If you say so... It’s really the case! Only Master Yun Feng!”

“That’s right. So, Lord Yun Feng is truly incomparable! With such a person guarding the East and West Alliance, will we lose?”

Hearing such discussions, Yun Feng was a bit helpless. She could only shake her head, smile and continue walking forward. This wasn’t the first time such comments appeared. Even though Yun Feng wanted to avoid it, it seemed that the crowd was insisting on giving her this title right now.

Yun Feng became calmer and calmer as she walked in the crowd. She was used to such remarks after hearing so many. She glanced at everyone with her black eyes. If

the Blood Souls were really hiding among them, they would probably be very careful and wouldn't expose themselves until the critical moment.

Passing through the crowded streets along the way, Yun Feng slowly found that there were also a lot of auras of Magic Beasts mixed in among humans! It made sense. This news would probably be even more sensational in the world of Magic Beasts. They would definitely do everything they could to find out.

The Magic Beasts that joined the East and West Alliance certainly had the right to know first. There was no need to spend so much effort to sneak in and ask around. They could even participate in the competition fair and square. This was the absolute advantage of joining the East and West Alliance.

"Brother Little Fire, my teacher will definitely come." A voice suddenly entered Yun Feng's ears. This voice... was Qingqing!

"I don't know if Master will come." Little Fire's unusually calm voice appeared. Yun Feng looked ahead with her black eyes. Weren't Xia Qing and Little Fire walking together? He had indeed left to find Qingqing.

Little Fire suddenly raised its black eyes. The moment it met Yun Feng's gaze, it was stunned! "Master..."

"Don't say anything. Come find me tonight." Yun Feng turned around and left. Little Fire lowered its black eyes. "Yes."

"Brother Little Fire, what's wrong?" Xia Qing turned around. Little Fire's black eyes glittered and a smile appeared at the corners of its mouth. "Nothing.."

Chapter 2000: Closure (1)

Yun Feng walked around the town and didn't stay any longer. There was still some time until the auction. The people she expected to show up wouldn't be here early at this moment. Most of them were just people watching the drama. At ten in the afternoon, Yun Feng returned home quietly. She cared more about the matter between Little Fire and Qingqing in her mind. She wanted to find out what Little Fire thought of Qingqing. If a Magic Beast and a human could be together and be happy, she wouldn't say anything.

Little Fire was her partner and friend who had been through life and death with her. Qingqing was the only disciple she valued. It wasn't that nobody had shown admiration for Yun Feng in the past few decades, but Yun Feng had only had Xia Qing as her disciple. Xia Qing wasn't the most talented, and Xia Qing didn't have the best

personality. However, Yun Feng liked her. Qingqing was the same as her. She worked hard step by step and had never flinched or admitted defeat.

The night was lonely. Chunfeng Town was still brightly lit and noisy. This was a phenomenon that hadn't happened in more than a decade. It had never been quiet in the middle of the night. It had already lasted for a few days. The old house of the Yun family was exceptionally quiet. All the noise seemed to be blocked out. To be exact, nobody dared to disturb this place easily. After all, this was the Yun family's house.

Yun Feng flashed out of the Yun family's old house and directly ran to the Foggy Forest nearby. The mercenaries stationed here had already left. In the current situation, the existence of the East and West Alliance made most mercenaries lose the thought of making a fortune. Hunting Magic Beasts was quite dangerous. It was better to work for the East and West Alliance.

The Foggy Forest was silent. Yun Feng sat on a tall tree with her back against the wide tree trunk. She looked at the lights that were still lit in Chunfeng

Town in the distance through the leaves with her black eyes and waited quietly.

"Swish...!" A black shadow came on the night wind. There were spots of glittering fire on its body in the night, drawing faint red marks in the air. Little Fire, which was slightly longer but still had a very cute face, stood in front of

Yun Feng. "Master." Nôv(ē)B\jnn

Yun Feng looked up at the slightly unfamiliar Little Fire in front of her. His personality had changed. She had always thought that it was because of the darkness element, but she seemed to have forgotten one possibility, which was his own change.

"I've called you many times before. Why didn't you answer me?" Yun Feng raised her brows with a serious expression and there was even a hint of coldness in her words, which obviously stunned Little Fire. Master didn't ask about Xia Qing?

"Answer me." Yun Feng's expression became even colder. "Was I too good to you, so good that you think you can ignore Master's call?"

Little Fire's expression changed. "That's not it! It's my fault!"

Yun Feng looked at Little Fire solemnly. "Ever since you woke up, some things have been different. Why exactly?"

Little Fire frowned and remained silent. Yun Feng couldn't help but sigh. "Little

Fire, if you don't want to follow me anymore, I won't force you."

Little Fire's body suddenly tightened and there was an indescribable pain. It clenched its fists tightly and said in a low voice, "That's not the case. It's just that after I woke up again, something in my heart began to move uneasily. The more stupid and uneasy these things are, the less I can control my elements.

I'm very anxious."

"You can't control them?" Yun Feng was puzzled. Little Fire took a deep breath and a ball of fire suddenly surged out of its body. The Magic Beast form of the Fire Cloud Wolf appeared and its black wings slowly unfolded. The dark red fire spread with scorching temperature in an instant. "Master, there was originally darkness element in my body, but it was just a little. After I was reborn this time, the darkness element in my body is gradually swallowing my own fire element."

Yun Feng's heart trembled! She glanced at the Fire Cloud Wolf. The dark color had already spread from the Fire Cloud Wolf's wings to its back! Even though it was just a small piece, the speed of spread was too astonishing!

"It's not that I didn't respond to Master's call. It's just that... I didn't hear it at all." A glint of pain flashed through the eyes of the Fire Cloud Wolf. Yun Feng was even more shocked. The wolf didn't hear it! Little Fire didn't hear her telepathic communication! Did this mean that their connection contract was inexplicably weakened?

"If this goes on, the contract between me and Master will completely disappear one day! I don't want this to happen!" With a deep roar, the Fire Cloud Wolf's voice was full of pain. "I don't want to leave Master's side, but I don't know what to do at all! The period of time I was away from Master proved my guess. The contract between me and Master is invisibly weakened again!"

Yun Feng twisted her wrist and took out the Fire Ring of Contract. "Little Fire, does the weakening of the contract between us have anything to do with this Ring of Contract? While you were asleep, cracks suddenly appeared on the Ring of Contract. Do you know?"

"Cracks?" Little Fire was stunned. "I don't know. I couldn't feel anything while I was asleep. Cracks appeared? How is that possible?"

Yun Feng frowned. "It seems that the damage to the Ring of Contract has severely affected the relationship between a summoner and the contracted Magic Beasts. Two cracks have already caused such a result. If there are a few more cracks, the contract between us will break sooner or later." Yun Feng and Little Fire had a master-servant contract. If they forcibly canceled the contact, the summoner would suffer a lot of damage, which was very disadvantageous for Yun Feng right now.

"I wonder if the cracks on the Ring of Contract can be repaired..." Yun Feng whispered. She didn't want to lose Little Fire either. Even if there were better

Magic Beasts in the fire element, where could she find such a unique Fire Cloud Wolf? Besides, nobody could replace their friendship along the way.

“You can’t control the fire elements in your body. It’s very likely related to the cracks on the ring. The weakening of our connection also affects you. It seems that the most important thing is to deal with these cracks.”

“There’s a solution?” Little Fire seemed a bit surprised. It had been very depressed during this period of time. It was frustrated and anxious. Now that it heard what Yun Feng said, it couldn’t help but feel enlightened.

“I won’t abandon you,” said Yun Feng. The Fire Cloud Wolf’s eyes shrank fiercely and its ears moved slightly. Yun Feng got up and walked over, caressing the Fire Cloud Wolf’s fluffy head with her hand. Little Fire was extremely obedient. “You haven’t said a word to me these days.. Are you so anxious that you don’t trust me?”
