Chapter 2031: Return (5)

Qu Lanyi smiled gently and listened to Yun Feng. Seeing Qu Lanyi's confident look, Yun Feng suddenly understood something. "So... you can completely control the Light Element Seed right now?"

"It's not so much about control, but to make it completely stable in my body. I can borrow its power. With its help, the dark elements in my body have become an insignificant part."

"So, you can completely control the light and darkness elements in your body!" Yun Feng was surprised. She had always been worried about Qu Lanyi's physique of light and darkness. It would be great if he could deal with them completely!

"Yes, you can say that." Qu Lanyi held Yun Feng tightly. "It seems that you're also controlling the Water Element Seed?"

Yun Feng nodded. "It's all thanks to Na Xie's power that I can use the power of the water element seed. Even though the Element Seed can't be accepted by humans, that's just a superficial understanding. It's impossible for humans to occupy the Element Seed, but we can use its power to resonate with it."

"I understand it the same as you do. It can be considered an opportunity," said Qu Lanyi casually. "What's wrong with that little boy? Does he have some kind of identity?"

Yun Feng turned around in the water and faced Qu Lanyi. "Lanyi, he's the wind element seed."

Qu Lanyi was obviously stunned! "What did you say? What is he? The Wind Seed? The Element Seed appeared in the form of a human being? And with such a childish personality?"

Yun Feng couldn't help but chuckle. "He's indeed the Wind Seed. You'll confirm this when you reach the God Venerable Level. The Element Seed can transform. Isn't the Fire Element Seed the same? Such a human form was given by Stonemother. Even Stonemother was very surprised. It was just given an appearance, but in the end, it even has emotions and personality."

Qu Lanyi frowned. If he hadn't seen it with his own eyes, he wouldn't have believed that it was true. The Element Seed appeared as a human being. It was completely a kid!

"Stonemother asked him to follow me. She said that he would help me one day," said Yun Feng. "Stonemother must have a purpose for doing this. I got the information of the lightning map from Stonemother."

"I've got the map of the Lightning Seed. Wind element, water element, light element and fire element. These four elements are already on our side. It seems that the Blood Souls can't beat us in this area no matter what."

"That's indeed the case." Yun Feng nodded and couldn't help but fall into deep thought. "If we can find the Lightning Seed again, we'll have a higher chance of winning! Facing the Blood Souls, we're finally one step ahead!" Yun Feng was extremely happy, but even so, she couldn't underestimate her enemy. She had to make a thorough plan.

"At this moment... I don't think we should discuss these things..." The man's soft whisper came. Yun Feng looked up and only saw a small fire burning from the deep black. The peaceful atmosphere just then suddenly changed and was extremely hot again.

The man put his hand on his back gently along his waist and held the woman's slender body steadily with his other hand. The water kept rippling around him, making his heart pound uneasily. "How badly do I want to touch you? How badly do I want you to become mine immediately... These thoughts have never left my mind during the days I've been with you."

Yun Feng blushed again. She couldn't avoid his gaze at all, as if her soul had been taken. She could only be intoxicated in his eyes.

"However, my physique doesn't allow me to do this. I'm not allowed to get close to the woman I love. I'm not allowed to take you... Senior Feng also reminded me not to touch his precious disciple if I want to live. However, it's different now."

The man's hand became hotter and hotter. Even through the constantly rippling water, the heat was transmitted so clearly that it couldn't be avoided.

"Light and darkness in the same body. There's no restriction on me anymore right now. Similarly... all the taboos back then are useless now." The man held the woman's slender waist with his hand. Their bodies were pressed against each other again. Yun Feng's heart was completely racing!

"Lanyi..." There was a slight tremor and even a plea. Yun Feng didn't know what she was going to reject. Should she reject the man who loved her so deeply?

“Xiao Fengfeng... I love you. I’ve always loved you so deeply.” Qu Lanyi mumbled and leaned his head against Yun Feng’s chest. His warm breath sprayed on her skin. “I want you. I want the woman I love to be mine. I want to be yours too.”

Their intertwined figures were reflected above the water waves and almost became one. Yun Feng couldn’t say no, and she didn’t want to say no! Love was strong. They both believed that they were meant for each other. Why couldn’t they belong to each other?

They had accompanied each other for decades!

There was a commotion in her body. Yun Feng only felt the existence of that hot hand, the temperature of his scorching skin, their panting, and the constantly surging water waves! Her vision was blurry. Yun Feng looked at the layers of white mist that rose in front of her eyes and her memories began to go back. Back to the time they met, that handsome woman who was pretending to be a woman pestered her until she saw his real body.

Yun Feng took the initiative to raise her hand and caress the man’s strong and handsome body. This body right now was so different from before, as if it carried silent temptation.

The two of them fell into a scorching vortex and couldn’t extricate themselves. However, the Sound Transmission Jade in the space flashed crazily at this moment. Qu Lanyi frowned. He was pleasing the woman he loved. Nobody could disturb him. He wanted her!

“Naxi Lanyi! Bastard! If you’re still alive, go back to the clan immediately!” The thunderous voice of the leader of the Naxi family suddenly rushed out, dispelling all the heat and waking up the two young people who were burning!

“Damn it!” Qu Lanyi cursed fiercely. He immediately loosened his arm. All his desire was gone because of the old man’s roar!

Yun Feng completely blushed. Her body stiffened and she didn’t move at all. What the leader of the Naxi family said was like a thunderbolt on a clear day, waking her up completely. It also made Yun Feng realize that she hadn’t contacted her family for a long time! Her Big Brother, Second Brother and father must be very worried!

Qu Lanyi shook his head helplessly and let go of Yun Feng gently. “Although I really want to continue, we seem to have forgotten the time that passed here. If it weren’t for the old man’s shout, I would really have forgotten everything..”

Chapter 2032: Return (6)

“Indeed. I should contact my family immediately, so that they won’t worry.”

Qu Lanyi sighed hard. “Let’s go up first. It’s time for us to go back.” He got up and jumped out of the water naked. Yun Feng blushed again when she saw that. The man on the shore put on his clothes and smiled evilly. “There will be plenty of opportunities in the future. I definitely won’t miss it the next time.”

After letting Yun Feng go, Qu Lanyi left for now. Yun Feng came out of the water with a flushed face. She took out a set of clothes and put them on. She quickly took out the Sound Transmission Jade and found that her Sound Transmission Jade had already been flashing crazily at some point. It was immediately picked up and Yun Qi’s voice came from the other side. “Feng! Is it you? Feng!”

Yun Qi sounded extremely anxious. Yun Feng quickly replied, “Second Brother, it’s me!”

“That’s great! You’ve finally been reached! You stupid girl! Do you know how long you’ve been missing? You’ve been missing for three years! Do you know how worried your family is about you? Where exactly did you go? Come home immediately!” Yun Qi’s voice suddenly became furious. Yun Feng was stunned. Three years. She felt that she hadn’t cultivated for long, but three years had passed unknowingly! No wonder the leader of the Naxi family was so angry, and so was her Second Brother. It had been three years. It would be strange if they weren’t angry!

“Stupid girl! Did you hear that?” Yun Qi’s voice came again. Yun Feng raised the corners of her mouth. Stupid girl? This title was truly old... In her remaining memories, Yun Qi only called his sister stupid girl when he was angry. Apparently, he had been angry for a long time.

“Got it, Second Brother. I’ll go back immediately.” After Yun Feng replied, she immediately cut off the connection and shook her head helplessly. Qu Lanyi walked over with a bad expression. It seemed that he had already spoken to the leader of the Naxi family.

“Is it the same on your side?” Yun Feng raised her brows. Qu Lanyi nodded. “The old man is angry. I’ll go back and comfort him. On your side, I think I heard Yun Qi’s voice just then?”

Yun Feng raised the corners of her mouth. “Three years. Three years have passed unknowingly. I didn’t notice it at all. The Sound Transmission Jade didn’t move at all during this period of time.”

“The area where Stonemother is located might have cut off all contact with the outside world. We can’t even detect time there, let alone the change in space.”

“No wonder they’re so anxious. They haven’t been able to contact us,” said Yun Feng. “It seems that we have to speed up and go back.”

Qu Lanyi nodded. "Are you going to find the Lightning Seed after you go back?"

Yun Feng pondered. "That should be the case, but I can't relax with the Alliance of Killers. After all, it's a good thing if the East and West Alliance has the help of the Alliance of Killers. The East and West Alliance needs the power of the Alliance of Killers."

"Luckily, you've already reached the Zen Master Level. The conditions I promised them back then weren't for nothing." Qu Lanyi chuckled. The two of them returned just like that. In the sky, they couldn't find the place they came from anymore. It was supposed to be a valley, but it was covered in forests and was gone.

The Sound Transmission Jade emitted light again. Yun Feng took it out and answered the call. "It's me, Yun Feng."

The other party paused for a while. Then, his voice came with a hint of anger.

"If you don't answer the call, I'm afraid I'll really be helpless, Alliance Master."

It was Yan Ming. Yun Feng was stunned. "Did something happen to the East and West Alliance?"

"Nothing happened. It's just that the disappearance of the Alliance Master is bad news for people. Where have you been enjoying yourself in the past three years? You haven't even contacted your family?"

Yun Feng was silent. "I didn't enjoy myself. I had my own business. I didn't expect to be gone for three years. For me, I only think it's been a few months.

I've already contacted Second Brother just then. General Manager Yan, is there anything else?"

Yan Ming suddenly fell silent. After a while, the Sound Transmission Jade glittered and Yan Ming's calm voice appeared. "I crossed the line just then. I shouldn't have asked anything about you. I don't have anything else. If I do, I'll contact you."

The connection was cut off. Yun Feng put away the Sound Transmission Jade. Qu Lanyi held her hand. "He was indeed rude just then, but... he was just concerned about you."

"I know," said Yun Feng casually with a gloomy face. Qu Lanyi was puzzled. "If you know, why are you still angry with him?"

Yun Feng shook her head. "I'm not angry with Yan Ming. He said that my disappearance was bad news for the people. Yan Ming has always been a strategist.. If

he says that, it means... that the people of the East and West Union have changed because of me!"

## Chapter 2033: Change (1)

"You mean, the East and West Alliance has already changed a lot?" The two of them rushed all the way back. After walking for a long time, they finally found that they were above the Endless Ocean! Qu Lanyi and Yun Feng were both a bit surprised. The Endless Ocean! How could they be deep in the sky above the Endless Ocean?

"What's going on... The Endless Ocean..." Yun Feng looked at the calm black water below. The two of them couldn't help but stop and look back. Apart from the endless sea, there was nothing!

"If Stonemother wasn't willing, I'm afraid we wouldn't be able to find the place we just arrived," whispered Qu Lanyi. Looking at the faint white mist around the two of them, his original guess was right.

"No wonder we need that strange rat to lead the way. If it's an ordinary person, even if they're powerful, it's impossible to find the place." Yun Feng whispered. "I think we'll have a chance to see Stonemother again. Perhaps after everything is over."

"You're right. Let's go." Qu Lanyi nodded. The two of them moved on the Endless Ocean as quickly as possible. After walking for a while, the two of them stopped again. Yun Feng looked at a certain place in the air and said casually, "I can see you wherever you're hiding. Come out, bastards of the Blood Souls."

Qu Lanyi looked around coldly. He hadn't reached the God Venerable Level yet and couldn't see anything unusual in the space around him. However, from what Yun Feng said, he was certain that the Blood Souls had come again.

The space was silent for a long time, but there was still no movement. Yun Feng curled her lips coldly. "Do you think I can't see you? If you don't want to come out, I don't mind 'inviting' you." She suddenly raised her hand and scorching fireballs floated around Yun Feng. In Yun Feng's eyes, the space in front of her was completely transparent. The location of the black shadows hidden behind was too obvious!

"Swish, swish, swish, swish...!" Yun Feng waved her hand and all the fireballs floating around her dispersed, pouncing in Yun Feng's designated direction fiercely. At the same time, Yun Feng clenched her fist in the air fiercely! The power of space shook violently!

"Boom, boom, boom...!" The fireballs collided fiercely with the power of space disturbed by Yun Feng and directly penetrated the space, hitting the figures hiding behind!

“Swish, swish, swish!” A few black shadows flashed out extremely quickly with sparks jumping on their bodies. A part of the black robes covering their bodies was burnt by the fire elements. There were varying degrees of surprise on their pale faces. How did Yun Feng notice them?

Yun Feng looked at one of the figures with a serious expression. The Blood Souls thought more and more highly of her. Even though there weren't many people this time, their strength wasn't ordinary. One of them had already reached the God Venerable Level like her! If she was right, this was the second elder to appear after Yan Xin!

“One of the four elders?” Yun Feng said. She wasn't as at a loss and helpless as she was when she faced Yan Xin back then anymore. She had already reached the God Venerable Level right now. It wasn't a problem for her to fight with the four elders!

One of the four elders! Qu Lanyi was surprised. Yan Xin's powerful attack last time was still fresh in his mind, but it was completely different now! Xiao Fengfeng's strength had changed, and so had his! He wouldn't be at a disadvantage even in front of the four elders!

“You know the four elders. It seems that Yan Xin told you a lot of things.” One of them said slowly with a deep and cold voice, like a gust of cold wind. He wasn't just tall. His face was handsome and resolute, and he was full of a sense of justice. However, it was a bit ironic when it appeared on the people of the Blood Souls.

“I know more. Yan Xin isn't Yan Xin, and you... Who are you?” Yun Feng frowned and asked. Right now, she didn't have the confusion about the Blood Souls anymore. Everything about the Blood Souls had already begun to become clear in her mind. She would know everything they were hiding one day, including that Soul Master!

“What an interesting question. I won't say anything. Yan Xin is too talkative. She violated an order last time and didn't kill you. It seems that she did the right thing,” said the man in the lead with a faint smile at the corners of his mouth. “Yun Feng, you have become a Zen Master Level pharmacist. The Soul Master is quite surprised and... delighted.”

Yun Feng frowned. It seemed that her identity as a pharmacist aroused a lot of interest from the Blood Souls' Soul Masters.

“The Soul Master asked me to relay the message. If you're willing to serve the Blood Souls obediently, the Soul Master won't hold it against the East and West Alliance.”

“You won't hold it against them? This Soul Master is quite lenient!” Qu Lanyi couldn't help but feel enraged. “If he doesn't hold it against them, the East and West Alliance will also hold it against him! The people he hurt won't let go of what he did in the past!”

“Kid, you’re not qualified to speak!” An unhappy voice flashed with a powerful force. Qu Lanyi immediately snorted and clenched his fists. Dazzling light gathered in his palm and bounced the force back!

One of the four elders of the Blood Souls couldn’t help but widen his eyes. His body suddenly flashed and he dodged the attack that bounced him back. He couldn’t help but start guessing in his mind what exactly happened! These two people seemed to be very different from before unknowingly!

“As Lanyi said, ask this Soul Master to take back his arrogant words. I, Yun Feng, am the first person who won’t let him go!” How could she let go of everything the Blood Souls did to the Yun family so easily? And now, they still spoke with such an attitude. They thought too highly of themselves!

“How dare you talk to the Soul Master like that!” The man was a bit angry. Yun Feng sneered. “I also have something to tell this Soul Master when I get back. He doesn’t have to keep hiding. I know who he is.”

Qu Lanyi looked at Yun Feng in shock. Did Xiao Feng know who the Soul Master of the Blood Souls was? The man frowned hard and looked at Yun Feng with a Imife-like expression, as if he was trying to find out if what she said was trustworthy. In the end, he said in a low voice, “If you don’t accept the Soul Master’s kindness, I can only kill you!”

Yun Feng curled her lips. “You want to kill me? Let’s see if you have the ability!”

The man’s black robe rose and thick dark elements surged out of his body. The others were the same. Qu Lanyi whispered, “Leave the others to me.. Xiao Fengfeng should be very interested in fighting with him directly, right?”

Chapter 2034: Change (2)

“Of course. I want the Blood Souls to realize that I, Yun Feng, am their most tricky and impossible opponent!”

Qu Lanyi turned around and blocked the attacks of the remaining few people, while Yun Feng fought with one of the four elders without any distractions. Ever since she understood the true meaning of the Element Seed, this was the first time she attacked and felt the power of the Element Seed!

“This is a rare opportunity. Wouldn’t it be a pity to miss it?” Yun Feng mumbled with a confident smile on her face. She wouldn’t lose this battle at all!

“Such a confident smile. It seems that your strength has increased a lot since you met Yan Xin.” The man said with a bit more vigilance in his mind. He wasn’t like this with Yun Feng just then, but now, if he underestimated her again, he would definitely lose.

Yun Feng didn’t look at him much. Her pupils shrank fiercely and the world in her eyes completely changed. The body of the man in front of her was full of thick black color. Those were dark elements! However, blank parts appeared in a few parts of his body! Yun Feng glanced over and couldn’t help but feel surprised. Were these blank parts the so-called weaknesses?

“Whoosh!” The black robe rose and black mist spread out, turning into two huge hands that attacked Yun Feng. Seeing that Yun Feng didn’t do anything, the man burst into laughter. “Where are you looking? Isn’t it too boring to let me win too early?”

The corners of Yun Feng’s mouth curled up. Her body flashed in the air and she dodged easily! Even though she didn’t know what that white areas were, Yun Feng was already prepared to attack. She certainly had to prove the speculation!

Yun Feng closed her black eyes and the water element seed in her spiritual space started spinning. The power that enveloped Na Xie slowly spread out and blue halos emitted from the water element seed, sinking into Yun Feng’s body! A feeling of being soaked in water spread throughout her body. Yun Feng felt that her entire body seemed to be made of water, which was unusually soft and flexible!

“Swish, swish, swish!” A few ice blue narrow beams of light oozed out of Yun Feng’s hand and slid through the air, bringing with them bone-piercing coldness! The light blue beams of light were extremely fast and the temperature was extremely low. They ran towards their destination quickly and directly according to Yun Feng’s will!

The elder of the Blood Souls knew that this was the most ordinary water element. However, because of the bone-piercing coldness, the blue thread that seemed weak and harmless was actually full of power. He might be penetrated by this thread if he didn’t dodge!

Yun Feng’s first wave of attacks was dodged, but there were even fiercer attacks next! With the water element seed, Yun Feng’s attacks could be said to be very easy and at ease! The situation instantly changed. Yun Feng, who was supposed to be the prey, turned into a sharp hunter at this moment, and this elder of the Blood Souls was the first prey in Yun Feng’s hands!

What was wrong with Yun Feng? Her strength had increased too much! It had only been three years. When she fought with Yan Xin, she was still at the God Emperor Level. After three years, she had already reached the God Venerable Level! She could be on an equal footing with them! Besides, what exactly was with this strange water element power?

The man didn't have a chance to fight back at all. Yun Feng's attacks were fierce and dense. If he was careless, he would be hit. The man kept dodging and could only dodge!

"You're quite fast at running. I didn't expect to catch you so quickly." Yun Feng smiled gently and stood in the sky calmly, watching the elder of the Blood

Souls dodge. She suddenly curled her finger and a few blue threads attacked quickly!

"However, my patience is limited." His black eyes were deep. Following the sudden movement of Yun Feng's finger, a few blue threads changed their direction and attacked the man's body, hitting the blank parts in Yun Feng's eyes accurately!

"What?" With a cry, the man's eyes widened and he suddenly retreated in panic. He covered the part of his body that was hit just then with his hand and saw black blood oozing out of the man's fingertips!

Yun Feng's eyes brightened when she saw that. Very good. She finally found their weakness!

"How did you... see through it?" The elder of the Blood Souls covered his wound and raised his head, looking at Yun Feng in surprise and confusion. He couldn't figure out how she saw through him! How could she see through him with her strength?

A faint smile appeared on the woman's beautiful face. The smile was so natural and elegant, but it also contained a power that could intimate people's souls! "Everyone has weaknesses. You're certainly not an exception." Yun Feng said as she looked at the black blood oozing out. The few attacks just then must've been a heavy blow to him. He probably didn't have much power to fight back. Killing intent rose in Yun Feng's mind. This was a good opportunity to slaughter them. If she could kill the elder of the Blood Souls, it would certainly be a huge blow to the Blood Souls!

Perhaps because he noticed the killing intent that surged in Yun Feng, the expression of the elder of the Blood Souls quickly changed. Those few attacks just then seemed to be a small blow, but they were all accurate and powerful on his weaknesses! Yun Feng already had the intention to kill. If he didn't leave, the situation would completely turn around!

The elder of the Blood Souls gritted his teeth and pulled the air fiercely with his hand. A spatial crack instantly appeared. He couldn't care about the others and jumped in first. His body was instantly swallowed by the power of space and he disappeared!

“You’re quite fast...” Yun Feng whispered. She couldn’t stop the series of movements just then at all and could only let him escape. However, if there was a next time, she wouldn’t fail again.

Qu Lanyi soon ended the battle. Even if the Blood Souls joined forces, they weren’t Qu Lanyi’s match. The few members of the Blood Souls had already run away. They weren’t stupid enough to hold on for long. They all ran for their lives into the spatial crack. Qu Lanyi chased after them and raised his brows. “The elders ran away first?”

Yun Feng smiled. “If he didn’t run, he wouldn’t have had to.” Looking at the spatial crack in front of them, the two of them knew that they couldn’t catch up. A few seconds later, the spatial crack completely closed. The space was as peaceful as before, as if the battle just then didn’t happen.

“The battle with the Blood Souls ended so quickly and they even ran off. This is the first time.” Qu Lanyi couldn’t help but smile. There had been huge changes along the way.

“It’ll be the same in the future. They won’t be invincible like before.. I want this

Soul Master to know that my growth is far beyond his expectation!”

Chapter 2035: Seen Through (1)

Qu Lanyi nodded. “Nobody can predict your growth. Even I’m shocked.

However, the Blood Souls and the Soul Master... Do you have a plan?”

Yun Feng frowned and told Qu Lanyi about the Sage. Qu Lanyi looked surprised after hearing that. “So... the Blood Souls’ Soul Master is very likely this Sage?”

Yun Feng said, “This is just my guess. Stope mother said that the Sage has already died. Even though nobody lives forever, they can’t escape reincarnation. If they die, they’ll certainly be reborn.”

“If that’s the case, the enemy we’re facing is truly tricky.” Qu Lanyi couldn’t help but smile wryly. “The Sage who controls all the power of elements, the former master of that meatball... He’s probably not the only one we’re facing.”

Yun Feng clenched her fists. Right, not only the Soul Master, but also everything the Blood Souls had! The Element Seeds, the Fantastical Beasts!

“Let’s go. Even the Blood Souls won’t attack me easily this time, unless this Soul Master comes in person.” Yun Feng curled her lips. The defeat of the elder of the Blood Souls

this time would give the Blood Souls a deep lesson. If she was still considered as the little girl to whom the Blood Souls could do whatever they wanted, they would be wrong!

The two of them crossed the Endless Ocean all the way to the Yun family.

Before they arrived at the Yun family, Yun Feng and Yan Ming talked again. They wouldn't announce her return yet. They could take this opportunity to find out the true attitude of the forces of the East and West Alliance. Someone disloyal must have sneaked into such a huge organization. This was an opportunity to find out everything in secret. After pondering for a moment, Yan Ming agreed with Yun Feng's idea. He had already had the idea of sorting out the East and West Alliance. The towering tree was indeed good. If he couldn't kick out some rotten parts as soon as possible, it would be a crisis sooner or later.

After crossing the Endless Ocean, Qu Lanyi returned to the Naxi family and explained to his old man, while Yun Feng returned to the Yun family alone. After the two of them split up, Yun Feng put on the Thousand Shadows Mask and ran all the way. It didn't take her half a day to reach the Yun family. As soon as Yun Feng arrived at the door, she saw a black shadow rushing over abruptly. Luckily, she knew this aura, or she would have attacked instantly.

"You stupid girl! Do you still know how to go home?" Yun Qi went forward and hugged Yun Feng fiercely first. Then, he held Yun Feng's shoulders with both hands and stared at Yun Feng, who had changed her appearance, with his furious black eyes. Yun Feng said, "Second Brother... How did you recognize

"As your brother, I can certainly recognize who my only sister is!" Yun Qi roared and exerted some strength in his hand. Yun Feng chuckled and saw Gong Tianqing standing aside. "Tianqing, are you alright?"

Gong Tianqing smiled awkwardly. Yun Qi was obviously in a fit of anger. She shouldn't make him angry again. "Ahem, Yun Feng, Uncle, Brother and Sister-in-law are all at home. I'll go in first. Take... care." Gong Tianqing turned around and left after saying that. Yun Feng blinked. They were all here?

"Why... are they all here?" Yun Feng mumbled. Yun Qi couldn't help but roll his eyes. This girl! Was she really going to anger him to death?

"There's been no news from you for three years and it's the current situation.

Don't you know that your family is almost going crazy?" Yun Qi shook Yun Feng and his tone also became much lower. After all, seeing Yun Feng come back safely, Yun Qi was at ease in his mind. He heaved a sigh of relief fiercely. Everything was fine as long as she was fine.

"I... stayed in a place during this period of time and cut off all spatial contact, so you couldn't contact me." Yun Feng said as she looked at the anxious and angry Yun Qi in front of her. "Second Brother, I'm sorry."

Hearing this apology, Yun Qi's heart immediately softened and he couldn't bear to say anything harsh anymore. He couldn't help but sigh fiercely. The anxiety and anger of these three years were written off by this girl's apology. He was really a bit unwilling, but there was nothing he could do.

"You..." Yun Qi smiled helplessly. He put his arm around Yun Feng's shoulder and held her as they walked inside. "Kid, there's really nothing I can do about you. Everything's fine as long as you're fine. However, you'll suffer from father and brother."

The corners of Yun Feng's mouth curled up and warm currents surged in the bottom of her heart. She had never felt like this before. Such strong family affection made her heart a bit painful, but it was full of sweet pain and she was willing to endure it.

The brother and sister walked all the way inside.

"I only told our father and brother. The three elders of the Yun family are busy. I wasn't sure when you would come back, so I didn't tell anyone else."

Yun Feng was stunned. "Second Brother, have you... been waiting outside? Ever since we talked?"

Yun Qi burst into laughter. "That's nothing. How can I be at ease if I don't wait like this? At first, my father and brother also wanted to wait together, but I rejected them. They're not as tough as me." Yun Qi smiled with his teeth bared and touched the top of Yun Feng's head with his hand.

Yun Feng wanted to say something, but Yun Qi smiled mischievously. Yun Feng quickly looked around. Two men, who had the same expression as Yun Qi just then, were standing in front of her. They were her sullen father and brother, Yun Sheng.

"Father, brother, I'm fine," said Yun Qi. Then, he let go of Yun Feng. "I'll go in first." Yun Qi strode into the yard. Yun Feng stood there alone and looked at the two extremely serious men in front of her. In the end, she could only say, "Brother, father, I'm back."

"You still know to come back?" Yun Jing suddenly said with an unusually cold voice. His originally serious face was covered in dark clouds at this moment. His body was as stiff as a huge rock, emitting waves of coldness.

Yun Feng was silent. She certainly knew that her family was worried about her. If it were her, she would probably be the same. She should endure even the harshest scolding. This was family.

Yun Sheng couldn't keep a straight face anymore. He suddenly calmed down. "Father, it's great that Feng is fine. Something must've happened to her in the past three years. It's great that she's back." Yun Sheng had always been gentle, especially to his only sister.

"Feng, Father was too worried about you." Yun Sheng walked over and patted

Yun Feng's shoulder, smoothing her messy hair. Yun Feng nodded. "I know.."

Chapter 2036: Seen Through (2)

Yun Sheng smiled gently and sized Yun Feng up. After confirming that she was really fine, he was finally relieved in his mind. "Alright, let's go in first." Yun Sheng raised his head, but when he saw Yun Jing's expression, he suddenly fell silent.

"Yun Sheng, go in," said Yun Jing. Yun Sheng wanted to say something, but Yun Jing glanced at him fiercely. Yun Feng couldn't help but push her brother and say softly, "Brother, go in first."

Yun Sheng looked at Yun Feng and then at his father. In the end, he sighed and walked into the yard. Yun Feng stood there with only her sullen father in front of her. Yun Feng said, "Father, I won't say anything. It's my fault for making my family worried for three years. I won't refute anything my father says."

Yun Jing stood there with a sullen face and glanced Yun Feng up and down a few times with his black eyes fiercely. The huge rock that had been hanging in his heart was suddenly put down and his tense body finally relaxed a bit. This girl wasn't injured at all. She was indeed fine. That was good.

The father and daughter stood there silently. Yun Feng lowered her head slightly. Yun Jing pulled a long face and didn't say a word. Yun Qi and Yun

Sheng stood in the yard. "How long will father keep Feng standing there?" Yun Sheng was a bit worried, but Yun Qi didn't care. "Brother, don't worry. It's not that you don't know how much father dotes on Feng."

Yun Sheng suddenly remembered the first day. His sister, who was sent back, was already dead. When he and his father were in despair, Feng opened her eyes again. At that time... his father's eyes were red.

"It's great that you're back." Yun Jing said. After a long time, he only said one sentence. Then, he turned around and approached the courtyard. Yun Feng suddenly raised her head and looked at Yun Jing's back. Her eyes suddenly widened. It was great that she was back. It was great that she was back.

Yun Feng put on a smile and walked to the yard. Mu Xiaojin rushed over and looked at Yun Feng with red eyes. "Xiao Feng, where have you been these three years?"

Yun Feng smiled. She was already a mother. Why was she still so sentimental? "I'm fine. Am I not standing in front of you perfectly fine?"

Mu Xiaojin quickly nodded. Yun Sheng walked over and shook his head helplessly. He pulled his wife over. "Isn't Feng fine? She's fine. Didn't you say you made a lot of your best dishes? Serve them up. Feng must be hungry."

"Yes, brother, you're right. I'm very hungry right now." Yun Feng chuckled. Mu Xiaojin quickly said, "Then I'll take them out quickly! Xiao Feng, you must eat more!" Mu Xiaojin ran into the kitchen and brought out exquisite dishes one after another. Yun Jing sat in the middle with a sullen face. Yun Sheng sat on the other side and watched his wife work with a smile, while Yun Qi sat on the other side. Gong Tianqing went to help Mu Xiaojin. The two of them were busy serving the food.

"Feng, what are you looking at? Sit down." Yun Qi extended his hand and directly pulled Yun Feng to sit down opposite Yun Jing. The fragrance of the dishes on the table assailed her nostrils, which made her hungry. After the food was prepared, Mu Xiaojin sat down next to Yun Sheng. Gong Tianqing sat down next to Yun Qi. The few of them all looked at Yun Feng with a smile. Yun Feng was a bit puzzled. Why were they all looking at her? Until her sullen father on the opposite side said, "Eat quickly. Aren't you hungry?"

Yun Feng finally came to a realization. There was no need to say anything. She picked up her chopsticks. Even though she didn't feel the need for food with her current strength, she was very hungry right now. Very, very hungry.

Yun Feng ate the food in big mouthfuls and filled her extremely empty stomach at this moment. She couldn't wait to sweep everything into her stomach and stuff all this love into her body.

"Eat slowly. Don't choke." Yun Sheng couldn't help but remind her. Yun Qi burst into laughter. "Look at how hungry this girl is. Eat more!"

"Xiao Feng, eat this. This is my best dish. You said you liked it last time." Mu Xiaojin narrowed her eyes and picked up food for Yun Feng. Gong Tianqing got up. "I'll get some water. Don't choke her."

Yun Feng's heart suddenly became hot. This heat rushed to the top of her head and turned into warm tears that flowed through her eyes. Yun Jing pulled a long face and picked up some food, putting it in Yun Feng's bowl. Yun Feng raised her black eyes and Yun Jing said, "Eat more."

Yun Feng lowered her head fiercely as a voice sounded in her mind. She had to protect them, these people she loved and loved deeply, at all costs.. She wanted

them to be safe and happy!

## Chapter 2037 - 2037: Family Gathering (1)

The family gathering was only for a short period of time. Nobody was idle right now. The reason why they all gathered at home was to see Yun Feng safe with their own eyes. In less than a day, Yun Jing, Yun Sheng and Mu Xiaojin left one after another. They still needed to help with the East and West Alliance. After all, Yan Ming wouldn't be able to do it alone. Yun Feng learned about the restless movements in the Ancestral Forest Hall on the West Continent. Yun Feng had also asked the members of the Yun family not to tell anyone about her return for the time being. It was a good choice to observe in secret.

Naturally, the focus of the secret observation was still on Yan Ming. Yun Feng undoubtedly wasted more time. After resting in the Yun family for a few days, she would go on the journey again to find the Lightning Seed.

Yun Feng didn't tell her family about the advancement of her strength. Firstly, she didn't have time, and secondly, she didn't want to talk about it in detail. She only briefly told them that her strength had increased. Yun Feng didn't want Yun Qi and Gong Tianqing to be casual when she searched for the Lightning Element Seed this time. Even though Gong Tianqing had improved a lot in three years and there was nothing wrong with taking Gong Tianqing with her, Yun Feng didn't want her Second Brother to take risks with her.

The encounter with the Blood Souls earlier was enough for that Soul Master to realize that she was different from before and would also raise her threat to a very high level. To be honest, Yun Feng wasn't afraid of the four elders of the Blood Souls at all right now. The Blood Souls would make her their number one enemy, and the Blood Souls would come to stop her in all her subsequent actions. The elder was defeated last time because he was defenseless and wasn't vigilant. However, every battle that followed would definitely be more dangerous.

After Yun Feng told Yun Qi this idea, Yun Qi certainly didn't agree. However, Yun Feng closed the door and made potions. Nobody was allowed to disturb her. There was nothing Yun Qi could do. He could only wander outside Yun Feng's yard day by day. He didn't understand why Feng didn't let him go with her.

"If we follow Yun Feng, we might be a burden to her," said Gong Tianqing as she patted Yun Qi's shoulder. "Yun Feng certainly has her reasons for doing this."

“What reason can that girl have? Don’t I know what she’s thinking in her mind? She just doesn’t want me to take the risk. Feng just doesn’t know. As her brother, how can I let her go alone?”

“She’s not alone. Naxi Lanyi will accompany her. They’ve always been like this. Yun Feng has already been able to take charge of things. Do you still treat her like a kid?” Gong Tianqing shook her head. “Yun Qi, Yun Feng has already grown into a powerhouse. She has the confidence and the ability to deal with everything.”

Yun Qi frowned. “No matter how strong she is, she’s still my sister! This won’t change!”

Gong Tianqing sighed and stood up. “I’ve cultivated for a long time during this period of time and I’ve learned something. Your previous situation made me unable to get rid of the nightmare of death, but I’ve already walked out now.” Gong Tianqing chuckled at Yun Qi. “I don’t necessarily have to stay by your side to be at ease. Sometimes, I should be more confident in myself and you.”

Yun Qi was stunned. “What do you mean?”

Gong Tianqing smiled. “After Senior Feng’s guidance, Yun Qi has already been reborn. I know, but I haven’t accepted it yet, so I’m always worried about you, fearing that something will happen to you again. However, I was just worrying too much. Your strength is already different from before. Even if you encounter a strong enemy, you definitely won’t let yourself be injured.”

“Tianqing...” Yun Qi whispered. Gong Tianqing sighed. “All the worries in the past made me unable to think about anything else at all. I could only put all my attention on you. And now, I should work hard to walk my own path and contribute to the East and West Alliance.”

Yun Qi raised his brows. “You mean...”

Gong Tianqing chuckled. “Yes, I’m going to the front line of the East and West

Alliance to do my best.”

“No! If you fight the Blood Souls directly, you...!” Yun Qi went forward and grabbed Gong Tianqing’s hand, holding it fiercely. Gong Tianqing curled her lips. “Everyone is fighting right now. I have no excuse to stay here.”

“This is different!” Yun Qi said. “There are so many powerhouses in the East and West Alliance. They don’t lack your strength. You...”

“Yun Qi, Yun Feng treats me as her second sister-in-law. If I don’t do anything for the Yun family as her second sister-in-law, I won’t be able to explain myself!” Gong Tianqing looked straight at Yun Qi’s face with her black eyes and saw the uneasiness in

his black eyes. She slowly touched his handsome cheek with her hand. "What I can do isn't just to stay by your side. There's actually a lot more I can do. Yun Qi, you're the same."

Yun Qi's black eyes darkened and he fell into deep thought. Gong Tianqing held Yun Qi's hand. "Yun Feng has something she must do. Yun Qi, you have something you must do too."

Yun Qi was silent. Gong Tianqing smiled and let go of him, turning around and leaving. Yun Qi stood outside Yun Feng's yard and pondered for a long time. In the end, he said loudly, "Feng! If you don't want Second Brother to go with you, Second Brother won't go! However, you must protect yourself along the way. If you can't get through any difficulties, remember to contact me!"

Yun Feng, who was sorting the herbs in the room, couldn't help but smile when she heard this. She would be more efficient if she didn't let her Second Brother travel with her. With her current strength, there was no need for her Second Brother to take risks with her. "Got it, Second Brother! Don't worry. Feng will definitely take good care of herself."

Hearing this, Yun Qi couldn't help but smile gently with a slightly lonely smile. That sister, who had always been a kid in his mind, seemed to have truly grown up at this moment and left his wings.

In the following month, Yan Ming quickly appeased the chaos in the Ancestral Forest Hall. In the same month, he dug out a few cancerous tumors of the East and West Alliance. Yan Ming moved quickly and eliminated them without leaving any future trouble. After Yan Ming did a series of things, the crazy news completely disappeared. Due to the extraordinary and calm attitude of the Yun family and the Naxi family of the East and West Alliance, no matter how many rumors there were, they were useless. Then, exciting news appeared and Yun Feng returned.

Once the news spread, the East and West Alliance was shocked! Yun Feng, who had been missing for three years, appeared just like that? Whether the news was true or not, everyone was guessing. After Yan Ming released the news, he quickly informed Yun Feng. If she could, she could wander around at a convenient time and show up..

Chapter 2038 - 2038: Family Gathering (2)

Qu Lanyi also rushed to the Yun family from the Naxi family. As soon as he entered the door of the Yun family, it was even colder, except for some guards. Even Yun Qi and Gong Tianqing were gone. He went straight to the courtyard where Yun Feng lived. Before Qu Lanyi left, Yun Feng had already walked out.

“You’re here.”

Qu Lanyi nodded. “Yun Qi and Gong Tianqing left?”

Yun Feng smiled gently. “That should be the case. Second Brother and Tianqing probably went to the front line like the members of the Yun family. Yan Ming will probably be a bit happier if he knows.”

“So, you and I are the only ones looking for the Lightning Seed?” Qu Lanyi raised his brows. Yun Feng nodded. “Please take the risk with me.”

“What are you talking about? I certainly have to go with you.” Qu Lanyi chuckled. “How’s the Zen Master Level potion? The sooner the Alliance of Killers joins the East and West Alliance, the better.”

Yun Feng frowned. “I also hope to be faster, but we can’t rush to make the Zen Master Level potion. I plan to take some time to make it along the way. This way, we won’t delay anything.”

“That’s good. If we can get the Lightning Seed successfully, we’ll only have to find the Earth Seed.”

Yun Feng sighed. She had never thought that she would embark on the road of finding the seven Element Seeds and could even use the power of the Element Seed. Now that they had already mastered four elements, it was far beyond her imagination. If she could get the lightning element and the earth element successfully, she should be fearless even if that Soul Master was the Sage.

“Unfortunately, there’s still no news of the other half of the map of the earth seed.” Yun Feng frowned. The search for the other half of the map was like looking for a needle in a haystack. Even if she found the other half, would the map she got be another ancient terrain after combining them? It was impossible to find Stonemother right now. Who could give her directions?

“You don’t have to find the Earth Seed.” A voice that hadn’t appeared for a long time sounded. Yun Feng looked up and saw Ah Luo appear in the air with glittering purple-black eyes. “Is the Earth Seed in the hands of the Fantastical Beasts?” Yun Feng said. Ah Luo nodded. “The Earth Seed has always been in

Master’s hands.”

“So, we just need to find the Lightning Seed next!” Qu Lanyi couldn’t help but heave a sigh of relief. It was truly good news that the earth-element seed was in the hands of the earth-element Fantastical Beast!

Yun Feng looked at Ah Luo and pondered for a moment before she whispered slowly, "Ah Luo, can I ask you some questions?"

Ah Luo raised his brows. Yun Feng could already call him by his name right now. After all, her strength was obvious. Even though there was still a difference between a God Venerable and a Fantastical Beast, there wasn't much difference in essence.

"What do you want to know?" Ah Luo knew Yun Feng's current strength and wasn't as cold to her as before. Yun Feng's eyebrows moved slightly and she said in a low voice, "Are the Fantastical Beasts of all elements very close? You seem to have a good relationship with that fire-element Fantastical Beast."

Ah Luo was silent and his face darkened a bit. He just looked at Yun Feng like this. After a while, he finally said, "I can't say that we're intimate. We're just in the Beast Region. We spent a long time together. As time passed, we became like this."

Yun Feng's eyebrows moved slightly. "I already know the relationship between the Element Seed and the Fantastical Beast. This time, we're looking for the Lightning Seed, and you... Do you want to get it?"

After hearing that, Ah Luo was stunned. Qu Lanyi was also surprised. He had forgotten that the Fantastical Beast following them was the lightning-element one! How could the lightning-element Fantastical Beast not yearn for the Lightning Seed? If he attacked and wanted to take it, would the result be good or bad?

"If you have the same thought as that fire-element Fantastical Beast, I won't let you get the Lightning Seed!" said Qu Lanyi. Ah Luo sneered. "Don't worry. I'm not as obsessed with the Lightning Seed as the Fire Cloud was. The Fire

Cloud... has already changed too much. I don't know her at all anymore. The Fantastical Beast's job is to take care of the Element Seed, but she wants to get the ability of the Element Seed. In the end, she can only bear the consequences." After saying that, Ah Luo looked at Yun Feng deeply. Yun Feng whispered, "Is this... what you said, sir?"

"Hm, you're quite sensitive. That's right. That's exactly what Master said. Master has already been disappointed with her fall. It's impossible for her to return to the Beast Region." A hint of pain flashed through Ah Luo's face. Yun Feng was puzzled. She couldn't return to the Beast Region again. What did that mean? Was he hinting at something?

"Even though the water element Fantastical Beast hasn't been found yet, Master said that I can go back to the Beast Region. I'm afraid you've already expected the final fate of the water element and the fire element. And the darkness element... Whether the three of them were used or they willingly fell, the consequences are evil." After saying that, a smile suddenly appeared at the corners of Ah Luo's mouth. "I've witnessed a lot

of miracles when I was with you, human. I already understand how much Master valued you back then.”

“You’re going back to the Beast Region?” asked Yun Feng. Ah Luo nodded. “Don’t worry. Master will help you defeat the Blood Souls. Don’t you have the green jade pendant he gave you? At the critical moment, use that jade pendant. Master will come immediately. Ah Jin and I will do the same.”

“Buzz...!” The power of space instantly shook and made a violent sound. Ah Luo’s body instantly distorted. In a few seconds, his body was about to disappear. The Fantastical Beast’s control of the power of space was still above Yun Feng’s understanding!

“Yun Feng, we’ll meet again.” Ah Luo said as his entire body instantly disappeared. Then, the power of space returned to calmness.

“It seems that the old man with the earth element is best prepared to be hostile to the other Fantastical Beasts,” said Qu Lanyi. “That’s good. Let other Fantastical Beasts deal with the Fantastical Beasts on the Blood Souls’ side. We just need to focus on dealing with the other guys.”

Yun Feng frowned. What Ah Luo said just then still lingered in her mind. “Lanyi, what does it mean that they can’t go back to the Beast Region?”

Qu Lanyi pondered. “Maybe... they’ve been completely expelled. After all, some

Fantastical Beasts choose to fall. Even Fantastical Beasts are restricted by the rules. Once they make a mistake, they’ll always pay the price for their mistake. As Ah Luo said, they reap what they sow.”

“Maybe.” Yun Feng sighed. The attitude of the Fantastical Beast had already become clear, which made her a lot more relieved. In the past, she was still worried that they would be biased or simply stand by and do nothing. Now, this worry was completely gone..

Chapter 2039: Fantastical Beast (1)

“Next, we just have to find the Lightning Seed wholeheartedly...” Yun Feng said as she looked into the distance with her black eyes. The day of the battle wouldn’t be long.

The Lightning Seed was in the Thousand Mysteries Mountain Range on the

West Continent. Yun Feng and Yun Feng immediately set off for the West Continent. As for where the Thousand Mysteries Mountain Range was on the West Continent, they still needed to search carefully on the West Continent.

Yun Feng had read her master's notes. The name of the Thousand Mysteries Mountain Range didn't appear on the West Continent. Her master didn't find this place. Or maybe the Thousand Mysteries Mountain Range had already changed and became another place on the West Continent right now.

The instability of the East and West Alliance was also caused on the West

Continent. If Yun Feng wanted to show up, she would certainly be on the West Continent. She would certainly have enough deterrence to deal with some people who had nothing better to do. The two of them put on the Thousand Shadows Masks and went straight to the Bright Moon Hall from the Spatial Teleportation Array. Among the three halls on the West Continent, the one who had the best relationship with Yun Feng was certainly the Hall Master of the Bright Moon Hall.

Arriving at the capital of the Bright Moon Hall, Yun Feng found that it didn't seem to have changed much after stepping in, just like when she came here. Qu Lanyi, on the other hand, looked disgusted. He didn't have a good impression of this place at all. Yun Feng looked back and couldn't help but smile when she saw Qu Lanyi's expression. "What's wrong? Why do you look like this?"

"I don't have a good impression of this place. Back then, an extremely ugly woman fell in love with me here for no reason and chased me to the end of my rope," said Qu Lanyi. He immediately evoked Yun Feng's memories. At that time, the person who insisted on doing something to Qu Lanyi was the daughter of the Hall Master.

"It's been so many years. The daughter of the Hall Master should have been married and had children a long time ago." Yun Feng chuckled. Qu Lanyi whispered, "I'm just afraid that there will be a few more such love-struck women. Do they really think they're goddesses?"

Yun Feng smiled. "They're not the majority."

"That's not the case. The East and West Alliance is getting stronger and stronger day by day. If some people are doing bad things because of the reputation of the East and West Alliance, it's not something we can find out. We can only correct the obsession in people's minds." Qu Lanyi looked at the crowd coming and going around. "The East and West Alliance can't become a hotbed of bacteria."

"You're right. The East and West Alliance has already absorbed a lot of power since it expanded, especially individuals. Even though Yan Ming has been on guard, as the number of people increases, there will always be something he can't consider."

"Xiao Fengfeng, have you thought about the situation of the East and West Alliance after the battle?"

Yun Feng looked up. "After the battle, the East and West Alliance will certainly disband. Such a huge organization will only exist because of the Dorarv needs.

It won't have long-term vitality. I won't let it live for so long."

Qu Lanyi nodded. "Indeed. If the East and West Alliance survives for a long time, it'll go bad sooner or later. If Yan Ming quits, it'll be even worse."

"It seems that we've reached a consensus on this." Yun Feng smiled. Qu Lanyi held Yun Feng's hand. "So many forces are gathered because of you. They'll certainly be separated after the end of everything."

While the two of them were talking, a figure ran over in a hurry. Qu Lanyi pulled Yun Feng aside with all his strength and the figure brushed past Yun Feng. She raised her tear-stained face. It was a face that was as beautiful as a flower. She looked delicate and moving with beautiful facial features. Clear tears welled up in her eyes. Yun Feng was stunned when she saw that.

"I'm sorry..." The woman said in a low voice, as if she was apologizing for almost bumping into Yun Feng. Then, she turned around and ran back. She ran in a sorry state and even turned around desperately, as if she was hiding from something.

"Stop! Stop!" As expected, after a while, two or three strong men rushed over from behind and shouted loudly. The passers-by around immediately made way. Seeing this scene, they were all discussing. The three strong men couldn't help but shout fiercely when they saw that the woman still didn't stop!

"Girl, do you really think you can escape from our hands? With your ability?" After shouting furiously, the brawny man suddenly attacked. His clear fighting energy suddenly ran forward and hit the woman's back!

"Argh!" A scream came. The woman was hit by the fighting energy. She staggered and directly knelt on the ground. Then, another stream of fighting energy came. This one was even more ruthless and directly hit the woman's kneecap!

"Argh!" The woman screamed again and couldn't run anymore. She stepped back with tears all over her cheeks. "No, let me go... Let me go..."

Yun Feng was about to rush out, when Qu Lanyi quickly stopped her. "Xiao Fengfeng, if it's their family business, it's not good for you to interfere."

Yun Feng frowned and watched the woman step back in panic on the ground.

She shook her head and cried. "Let me go... Someone save me. Someone save me!"

“Girl! Come back with us obediently! If Young Master is unhappy, you’ll suffer even more!” The three men had already walked forward. One of them grabbed the woman’s hair in his hand and pulled her up from the ground in a very sorry state!

“No!” The woman shook her head miserably. The burly man spat on the ground and then slapped her!

A scorching slap landed, but it wasn’t on the woman’s face, but on the face of the burly man who raised his hand!

“Who is it? F\*ck, who dares to hit me?” The man looked at the lively crowd around him with his eyes. He loosened his hand and the woman fell on the ground again. Her face was covered in dust and she looked very messy. She also looked around with her eyes full of tears. She saw a very ordinary-looking young woman walk out. Her bright black eyes didn’t match her ordinary facial features. The three men were stunned at first when they saw this. Then, they shouted furiously, “You know which family we belong to! How dare you attack us!”

“Who are you?” Yun Feng raised her brows and looked at the crowd around her coldly. Yun Feng didn’t understand. There were so many people who had the ability to save her. Why did they just watch?

“Master Zhang Fan, the manager of the East and West Alliance on the West Continent! We’re Young Master Zhang’s subordinates. This woman is someone Young Master Zhang likes. Who will stop us?” The three brawny men roared with a complacent look. The man that was slapped covered his cheek and whispered fiercely, “Even the Hall Master has to give Master Zhang Fan some face! You ruined Young Master Zhang’s business today and beat up Young Master Zhang’s people.. I think you don’t want to live anymore!”

Chapter 2040: Fantastical Beast (2)

The woman on the ground quickly crawled towards Yun Feng and raised her head at Yun Feng’s feet. “Please... Save me, save me!”

Yun Feng frowned. She didn’t want to be nosy, but if she couldn’t do anything even if she had the ability to change what happened in front of her eyes, so what if she was strong? Besides, the Young Master Zhang, Zhang Fan, that these three people were talking about involved the East and West Alliance! Yun Feng also understood why the people around were all watching coldly. The leader of the West Continent was truly a big shot!

“When did the manager of the West Continent get such a title?” Yun Feng said as she reached out and helped the woman up. The woman staggered and couldn’t stand at all. Yun Feng looked at her knee. That attack just then probably injured her a lot.

“You ruined Young Master’s business. You’ll see! Just wait!” The three men said fiercely. Then, they didn’t dare to do anything else and left. Perhaps they knew that they wouldn’t be able to get anything from Yun Feng, so they could only talk.

After the three men left, the crowd of onlookers gradually dispersed. Yun Feng sighed softly and reached out to cover the woman’s knee. Cold water elements seeped out and reached the wound. Soon, the woman’s knee had already recovered. “You can get up now,” said Yun Feng. She pulled the woman up from the ground with one hand. The woman stared at Yun Feng firmly. “Are you a powerful mage?”

Yun Feng didn’t answer. “Leave this place as soon as possible. Protect yourself.” After saying that, Yun Feng turned around and was about to leave, but the woman pulled Yun Feng back. “Please, take me with you.”

“We still have a lot of things to do. We can’t take you with us.” Yun Feng said as she shook her arm off coldly. She had to be vigilant against everyone. It was one thing to help her, but she couldn’t accept strangers without any worries just like that. What happened to Yan Xin gave Yun Feng a bone-piercing lesson that couldn’t be erased.

“I won’t cause trouble for you! I won’t say anything else! If you don’t save me, I’ll be taken back again! Please, save me!”

“Didn’t we tell you to leave this place as soon as possible?” Qu Lanyi raised his brows. The woman’s tears fell like rain. “I can’t walk out. As long as you leave, I’ll be taken back before I walk out of the city gate!”

Yun Feng frowned and pondered. She looked at the Auction House in the distance. “Follow me first.”

The woman immediately beamed with joy after hearing that and nodded quickly. She wiped the tears on her face with the back of her hand and followed Yun Feng quietly to the Auction House. Yun Feng frowned. It wasn’t strange that there was an executive. After all, Yan Ming couldn’t deal with such a huge alliance by himself no matter how omnipotent he was. He needed someone to help him and someone to share the burden for him.

Yun Feng walked into the Auction House and directly walked to the waiter. The waiter raised his head with a smile. “Madam, do you want to sell or buy something...”

“I want to hire a powerhouse. The time limit is ten years.”

The waiter quickly nodded with a smile. “Yes, yes. Then how strong do you need them to be?”

Yun Feng pondered for a moment. “Lord Level.”

“Lord Level? That’s quite a high level. However, if you want to hire such a powerhouse for such a long time, I’m afraid... money can’t do it.”

Yun Feng’s expression didn’t change. “How much does this powerhouse want?”

The waiter chuckled. “Not much. One bottle of three-star Grandmaster Level potion.”

Yun Feng curled her lips. Grandmaster Level three-star potions? She had plenty of them. “Very good. I’ll hire him.” Someone who could price his strength so clearly in the Auction House certainly couldn’t be a nobody. Yun Feng twisted her wrist and five bottles of potions had already appeared. The waiter was immediately dumbfounded! Oh God! So many bottles... Were they all at the Grandmaster Level?

“Here are five bottles of three-star Grandmaster Level potions. I’ll hire him for fifty years.” Yun Feng pushed the potions in front of her. The waiter immediately felt a bit dizzy. “Guest, wait, wait a moment. I need to... verify these potions first...”

Yun Feng raised her brows. “As you wish.” The waiter immediately turned around and left with the five bottles of Grandmaster Level potions. He was a bit weak in his steps. People who were doing other business on the side couldn’t help but look over. Who was this person? He was so... extravagant! Five bottles of three-star Grandmaster Level potions at once! Did she think she owned a medicine store?!

Everyone in the main hall of the Auction House whispered and pointed at Yun Feng in private. Yun Feng, on the other hand, was calm. Soon, the waiter just then ran over as if he was flying. “Miss! The president wants to see you. Can

you...”

“I’m here to talk business. How can I contact the master I hired?”

Seeing that Yun Feng didn’t intend to agree, the waiter smiled awkwardly. Suddenly, a figure walked over and went straight to Yun Feng. “Are you the distinguished guest who offered five bottles of three-star Grandmaster Level potions just then?” The little old man with a smile on his face walked out and rubbed his hands as he smiled at Yun Feng. Yun Feng nodded. The little old man quickly said, “Honorable guest, your offer has already satisfied the qualification of the special VIP of the Auction House. If you’re willing, can you give us your name and contact information? If there’s anything good in

the Auction House in the future, I'll inform you immediately. Of course, the price will also be very discounted for you."

Yun Feng chuckled. This was probably another way for the East and West Alliance to recruit talents. Right now, all the auction houses on the three continents were under the jurisdiction of the East and West Alliance, so they certainly exchanged information. They certainly wouldn't let go of someone as extravagant as her.

"I don't need any special VIP. I only care about my business," said Yun Feng coldly. The little old man raised the corners of his mouth awkwardly. "Guest, your personality is truly different. I think your status must be quite high. I wonder if you've joined the East and West Alliance?"

Yun Feng raised her brows. "Let me say it again. I only care about my business. If you can't do it here, bring me my potions!"

The little old man immediately shook his head. "If you don't want to, we certainly won't force you... Please wait a moment. The powerhouse you hired will come here to meet you soon." After saying that, the little old man got up and walked in. He gave the waiter a look. The waiter immediately leaned over with a smile. "What else do you need? Why don't you take a look at the details of the auction? There will always be something you need.."

Chapter 2041 - 2041: Being Tracked

Yun Feng casually glanced at the auction book. The things auctioned on it didn't interest her. When she flipped to the page of the bidding, a series of identical names couldn't help but attract Yun Feng's attention. She tapped the name with her finger. "Who is this person? He's so rich that he bid for more than half of the things?"

The waiter chuckled after seeing this. "Isn't this Lord Zhang Fan's only son? Ever since Lord Zhang Fan became the leader of the West Continent, he's soared overnight. I heard that General Manager Yan values him very much, or he wouldn't have been given such an important official position. Lord Zhang Fan only has one son. Thinking about it, he inherited his father's business, so he's certainly more generous."

Yun Feng raised her brows. As expected, many people put their minds on the East and West Alliance. They were already thinking for their descendants right now? A son

inherited his father's business. If such a person really entered the East and West Alliance, he would probably be a scum.

Yan Ming valued Zhang Fan very much? With Yan Ming's brain, how would he not see through what a person was like? No matter how well Zhang Fan hid himself in front of him, Yan Ming would be able to see it clearly at a glance. Yan Ming seemed to really trust him after giving him such an important position. If Zhang Fan was fine, this son of his could be said to be his own stain.

"Guest, the powerhouse you hired is here." The little old man just then appeared again. Yun Feng looked back and saw the muscular man with a scar on his face standing there. He glanced at Yun Feng. "I've already received your reward. Fifty years won't be a problem. What do you want me to do?"

"Come out with me," whispered Yun Feng. The man followed her without saying anything and walked out of the Auction House. Seeing Yun Feng come out, the woman immediately walked over. "Benefactor." This title made Yun Feng frown. Then, she pointed at the woman next to her. "Stay by her side and protect her for fifty years."

"Benefactor, who is he?" The woman looked at the man vigilantly. The hired powerhouse raised his brows. "That's all? Protect her for fifty years?"

Yun Feng nodded. The Lord Level was enough to deal with everything. Nobody would find her no matter how strong they were. Protecting her for fifty years could be considered protecting her for the rest of her life. Yun Feng would never take her with her. This was the best choice.

"I want to leave with my benefactor! I don't need anyone to protect me. My benefactor will definitely be able to protect me!" The woman hugged Yun Feng's arm. Yun Feng frowned and pushed her away coldly. "I'm not your benefactor and I don't want to be your benefactor. I won't take you with me. You're a burden to me." Yun Feng said coldly to the hired powerhouse. "If she insists on not letting you follow her, just leave."

The woman didn't know what to do after hearing that. After saying that, Yun Feng turned around and left. In order to avoid the woman's pestering, she jumped into the sky and left with Qu Lanyi at an extremely high speed. The woman stood there and looked up at the sky for a long time without saying anything. The man next to her said in a low voice, "She offered five bottles of three-star potions at the Grandmaster Level. She asked me to protect you for fifty years. Who are you to her? Who is she?"

The woman didn't say anything. After looking at the sky for a long time, she lowered her head and walked forward alone. Seeing that she didn't say anything, the man said, "I'll follow you for the next fifty years. It seems that someone has attacked you? Do you want me to deal with it?"

“No need,” said the woman in a low voice as she walked all the way to the corner. The man followed behind and couldn’t help but frown as he looked around. “If someone really does something to you, you’ll be more vulnerable here. Even though there aren’t as many troubles here as there are in the Ancestral Forest Hall, you should be careful. We should go to a place with more people. You’ll be safe.”

The woman walked forward as if she didn’t hear anything. Seeing that she still didn’t stop, the man reached out and grabbed her arm. “I said, you...!”

A gust of wind suddenly came. The man’s body trembled fiercely. The first half of his arm... was broken just like that! “Who are you?” A stream of fighting energy suddenly burst out. The woman’s body flashed and she dodged extremely easily. The man immediately realized that the situation wasn’t good.

He held his bleeding arm and wanted to jump into the air to escape directly! However... it was too late!

“Pa! Bang!” The man’s body was entangled by a force and he was pulled down quickly and fiercely, falling directly on the ground! His broken arm was

severely injured. The man couldn’t help but cry out in pain. He still wanted to resist, but his entire body had already been entangled by an invisible force!

“Who are you?” The man’s pupils shrank fiercely. The woman had already turned around. She still had that pitiful face and that pitiful expression, but at this moment, she was extremely gloomy!

“You don’t need to know who I am.” The woman’s words were cold. She waved her hand in the air casually, but a force hit the man’s body mercilessly and he instantly stopped breathing!

“Swish...!” A blurry soul was directly sucked through the woman’s palm and squeezed. She pursed her lips in disdain and exerted strength in her hand. The soul in her palm completely died just like that!

“It’s useless to catch such a weak soul.” The woman whispered as she glanced at the bloody body in front of her. “Five bottles of grandmaster three-star potions. You’re truly something.” She pulled her hand and the clothes on her body had already been changed quietly. She was wearing a black cloak with extremely familiar red dark patterns engraved on it!

“Swish!” Her body jumped into the air and she looked in the direction where Yun Feng left with her gloomy black eyes. A smile appeared on her slightly pale lips. She tapped her lips with her finger and smiled very happily. Instantly, a few black shadows appeared next to her.

“Madam! Do you need us to chase after them?”

The woman’s smile disappeared and she turned her head slightly. “If you can catch up with her, I don’t have to do it myself.”

“Yes! You’re right, madam!” The few black shadows next to her didn’t refute at all. The black robe on the woman’s body swayed slightly. “Nobody is allowed to follow me. If you ruin my business, I’ll be the first to attack you!”

The few black shadows shivered unconsciously. The woman gave a smile and chased after them. The few black shadows froze on the spot and didn’t dare to do anything else.

“Lanyi, I keep feeling that someone is following us.” In the sky, Yun Feng suddenly turned around, but didn’t find anything. She couldn’t help but voice her doubts. Qu Lanyi frowned. He also looked back and didn’t find anything wrong.

“Is it because of the wind? If someone is really following us, it’s impossible for us not to notice it.” Qu Lanyi frowned and searched the back carefully again. There was nothing.

Yun Feng frowned. Was she really worrying too much? However, this feeling had been there since she left the Bright Moon Hall’s Master City. It had lasted all the way, so she had to be vigilant.

“If you’re worried, why don’t we stop and investigate?” asked Qu Lanyi in a low voice. Yun Feng nodded. The two of them suddenly sped up a few times! After traveling for a long time, they suddenly stopped. “How was it? Did you notice anything unusual?” asked Qu Lanyi, but Yun Feng shook her head. “No, there’s nothing unusual. ”

The two of them continued moving forward. Yun Feng frowned even more tightly. “It’s here again. The feeling of being tracked begins again!”

Qu Lanyi frowned. He had never doubted Yun Feng’s sixth sense. If Xiao Feng felt that something was wrong, it must be wrong! If she felt that someone was tracking them along the way, then... someone was tracking them from behind! Qu Lanyi looked back. There was nothing unusual in the space behind him. There wasn’t even any fluctuation. If someone was tracking them, it must be a master!

“Let’s go first,” said Yun Feng. Qu Lanyi nodded. The two of them continued forward. A distance behind them, a figure slowly appeared. “You’re quite sensitive. Yan Xin’s mistake ruined my business. However... wouldn’t it be too boring if I could deceive you so easily? I’m a bit impressed with you for being able to severely injure Yan Mi. I wonder what the result will be if I become your

opponent..”

## Chapter 2042 - 2042: Looking for Lightning (1)

Even though Yun Feng had the feeling that she was being followed along the way, she didn't find anything after many investigations. In the end, the two of them simply kept traveling and didn't care about the people who might be chasing them anymore. In private, Yun Feng had already contacted the Hall Master of the Bright Moon Hall and asked him where the Thousand Mysteries

Mountain Range was in detail. Yun Feng didn't expect anything from the Ancestral Forest Hall or the Thousand Snow Hall. She could only get some information from the Hall Master of the Bright Moon Hall, both good and bad. According to the Hall Master, this place was an ancient name from a long time ago. Now, this place no longer existed, but had completely evolved into another terrain. This terrain wasn't in the Bright Moon Hall, but in the current Ancestral Forest Hall.

The Ancestral Forest Hall was an area that Yun Feng had never wanted to step into. Previously, the Yun family of the West Continent was here and was also suppressed. The Ancestral Forest Hall had always been a place of discord, whether it was in the past or now. This time, the riot in the East and West Alliance also happened because of this. The composition of the Ancestral Forest Hall was very complicated. To be exact, there were very few native residents. Many of them were people who had stayed here for a short time and had no roots. Even if they started a conflict, they just had to leave. Nobody would do anything to them.

The Ancestral Forest Hall was the area where strength was respected the most. Even though there were also families, most of them were divided according to strength. Naturally, there were good and bad among the strong. Strength was just a simple standard and didn't represent anything else, such as human nature.

The most popular place in the Ancestral Forest Hall right now was the Crystal Plains. Just like the Shiny Plains of the Fengyun Empire, this was the place where most mineral veins were gathered. Unlike the Shiny Plains, there was no control here. The competition for the mineral veins was going on every day. There were also mercenaries in the Ancestral Forest Hall, but most of them were scattered. There was no such system as the Mercenary Union on the West Continent. Once the war began, there would only be a huge battle that would end with bloodshed.

When Yun Feng was on the West Continent earlier, she didn't explore the Crystal Plains at all. With the situation of the Ancestral Forest Hall, she could imagine what the Crystal Plains was like. Even the East and West Alliance couldn't occupy these local resources. After all, these were resources that belonged to the Ancestral Forest Hall. Without the East and West Alliance, this area would definitely be very chaotic.

It didn't take Yun Feng and Qu Lanyi long to arrive here. The Crystal Plains was endlessly flat and open. There was a layer of brown soil on the ground with bustling vegetation. The energy fluctuation of the ores was very obvious. There were a lot of mineral veins buried here. As for whether there were ultimate mineral veins or not, it depended on luck.

The two of them stood in the sky above the Crystal Plains and could see the situation below clearly. There were dozens of tents of all sizes on the Crystal Plains. They were not orderly at all. In their vision, a few battles were still going on.

"It's indeed an area of conflict. There's no system here and the competition for mineral veins is unimaginably fierce." Qu Lanyi frowned slightly. "I hope the lightning seed we're looking for isn't in a mineral vein somewhere."

Yun Feng looked around. "This used to be the mountain range, but it's now a plain. The Lightning Seed is most likely buried very deep in the ground. It's not impossible for it to be entangled with the mineral vein."

"So, we're going underground?" Qu Lanyi raised his brows. Yun Feng nodded. Even though the earth element could help her and Lanyi sink easily, she was going to find the Lightning Seed this time and take it away. The sinking of the earth element was just superficial. If she wanted to take away the Lightning Seed, she had to stay underground and investigate along the way!

"Find a hidden place. As long as we go underground, we'll have less trouble." Yun Feng looked around. The two of them directly ran to an empty corner, which was very far away from those camps.

Yun Feng looked around. After confirming that it was safe, she took out the little thing that hadn't shown up for a long time, the Ultimate Crystal Beast. Once the little thing came out, it yawned lazily and looked at Yun Feng with its big eyes. Its smooth head rubbed against Yun Feng's hand directly. Suddenly, it burped and an ultimate ore fell on the ground. Yun Feng smiled helplessly and touched its unusually smooth head with her hand. A faint coldness entered her palm.

"I asked you to come out and do me a favor," said Yun Feng. The Crystal Beast blinked its big eyes. Yun Feng pointed at the ground. "Open a path for me until I find what I want."

The Ultimate Crystal Beast was a bit unwilling. Ever since it came to Yun Feng, it had been staying in the space every day except spitting out ores. It wasn't easy for it to come out, but it had to do all this digging. The Crystal Beast tilted its head unhappily with a reluctant look. Qu Lanyi chuckled. "This little thing is throwing a tantrum too?"

Yun Feng looked at the Crystal Beast's uncooperative attitude and the corners of her mouth curled up. "You don't want to? Or... do you prefer to stay with Na Xie?"

The Crystal Beast immediately shivered and jumped away from Yun Feng's hand, going straight to the ground. In a few seconds, a huge hole had already been dug out of its little body and kept extending to the ground. Yun Feng chuckled and jumped in with Qu Lanyi. After they jumped in, they covered the ground they dug again. The ground returned to its original appearance, except... for the ultimate ore that fell out.

"How unlucky. We've been here for half a year and we haven't even got the mineral vein of the lowest level." Two figures slowly walked over from afar. They were two men who looked extremely messy. There were injuries on their bodies and faces. It seemed that they often fought with people.

"There's nothing we can do. With our strength, we won't be able to get the lowest mineral vein. We can only wait for an opportunity. A huge pie will fall from the sky and hit us."

"Hahaha, you're right. It's best if it smashes us until we see stars!"

After laughing, the two of them looked at each other and sighed helplessly. "How can a pie fall from the sky..."

One of them glanced at the ground in the distance and suddenly saw something emitting bright light. He immediately pushed his companion with his hand. "Hey, hey! Look at that. What's that?"

His companion raised his head and saw something glittering on the ground in the distance. The two of them immediately ran over.. When they saw what was on the ground clearly, the two of them had a feeling that a pie had indeed fallen from the sky, a huge pie!

Chapter 2043 - 2043: Looking for Lightning (2)

"Oh God! Am I seeing things? This isn't... This isn't!" A person picked up the ore with trembling hands. The light emitted by the ore made the two of them widen their eyes!

"This is an ultimate ore!" Another person couldn't help but exclaim softly. That's right! It was absolutely true. This was indeed an ultimate ore!

"God, we got an ultimate ore! If we take it back, we can sell it for a very good price!" The other person was delighted. His mind was already imagining the scene of being able to wear gold and silver in the future!

"Sell it? You're so easy to satisfy." The other person held the ultimate ore tightly and looked at the ground nearby. "It's not easy for ultimate ores to appear here. Nobody can abandon ultimate ores here!"

“You mean...!”

“That’s right! There must be ultimate mineral veins nearby!” The eyes of the person who spoke glittered, as if the area under his feet was filled with gold!

“But how can you be sure that there must be ultimate mineral veins here? After all... it’s just an ultimate ore.”

“If we don’t dig, how do you know there’s nothing here? Think about it. Which is more important, an ultimate mineral vein or an ultimate ore? If the ultimate ore we found is taken away by someone else, if they get the information here, and if someone else finds the ultimate mineral vein here, we’ll suffer a huge loss!”

“You’re right! Then let’s do as you say and dig down!”

The two men put away the ultimate ore and immediately started preparing to dig. Both of them had the same thought in their minds. If they could really dig out an ultimate mineral vein, they wouldn’t have to worry for the rest of their lives! Besides, their status would also increase greatly!

At the same time, Yun Feng and Qu Lanyi had already traveled a long distance underground. The Ultimate Crystal Beast was digging a path ahead. Yun Feng and Qu Lanyi followed it all the way. They didn’t have a fixed target or direction and could only let the Crystal Beast do whatever it wanted. Yun Feng still hadn’t felt the subtle fluctuation of the thunder element. Apparently, they hadn’t found the location yet.

The Crystal Beast was extremely happy. It had already discovered that this place was very different. There were mineral veins of all sizes here, all of which contained the auras it liked. The Crystal Beast had already dug out a lot of mineral veins along the way, including high-level mineral veins. Yun Feng followed behind and was also relieved to see how happy it was.

“These mineral veins are quite a lot of money. There are more mineral veins on the Crystal Plains than on the Shiny Plains,” said Qu Lanyi. “Unfortunately, Xiao Feng, you don’t need ores anymore, or these would be good stuff.”

Yun Feng smiled gently. “Who said I don’t need ores? If there are ultimate mineral veins, I certainly won’t let them go. The East and West Alliance still needs ultimate ores.”

Qu Lanyi chuckled. “We’ve been walking for so long, but there’s still no abnormal elemental energy fluctuation. It seems that we have to put in more effort to find the Lightning Seed. Do you still feel like we’re being followed?”

Yun Feng shook his head. “It didn’t appear again after we entered the ground, but we can’t rule out the possibility that someone is really following us.”

Qu Lanyi curled his lips. "If they really follow us, they'll show up sooner or later. We don't have to greet this person in a hurry."

"You're right," said Yun Feng as she looked at the terrain underground. This was indeed a mountain range. It couldn't be seen on the surface, but the underground world was completely different. The terrain varied. The traces of the mountain range intersected and many mineral veins were hidden deep inside. However, there was no weak fluctuation of any lightning element. They had to be more patient to find the lightning seed. They couldn't get it overnight.

"Ah! There's a hole here! It seems that someone has already beaten us to it!" The two men, who were digging mineral veins with their heads lowered, saw a huge hole in front of them after the ground was cut open. The two of them looked around. "This hole leads straight to the ground."

"How is it? Should we follow them in?" The other one was a bit confused. "This hole seems to be too deep. If they're digging mineral veins, they don't have to go so deep, do they? Perhaps... it has another use?"

One of them frowned and the two of them just watched. This was indeed not a pit for digging mineral veins. Then, what was this pit for? What was it connected to? The more the two of them thought about it, the more confused they became. "I think we should go back. Even if we don't find ultimate mineral veins, the ultimate ore is enough!"

The other person pursed his lips and didn't say anything.

Why are you still begging? It's not good to be too greedy."

The other frowned hard. He was truly unwilling to give up just like that!

"Listen up. They... mentioned an ultimate ore and ultimate mineral veins!" A cold voice sounded. The two of them immediately turned around and looked. A dozen figures had already approached them at some point and surrounded them!

"It's... It's you!" The two men's voices immediately trembled a bit when they saw the dozen people. This was a very powerful group on the Crystal Plains. All the members were mercenaries who weren't afraid of death. Not only were they powerful, but they had also used all kinds of means for mineral veins!

"Say what you said just then again!" Someone shouted. The two men trembled.

"We... didn't say anything."

"Tut-tut, there's no way out if you lie. If you tell the truth, we might consider letting you live," said the man in the lead as he glanced at the open pit. "Did you dig this?"

The two men immediately shook their heads. The man in the lead frowned and glanced over sharply. "What exactly are the ultimate ores and ultimate mineral veins you're talking about? Tell me clearly!" His words were attractive and there were infinite greed in the depths of his eyes.

"It's just... a rumor. People like us can only try our luck."

The man in the lead raised his brows. "What rumor? Why haven't I heard of it?"

"What other rumors can there be? It's that ultimate mineral veins have appeared here. We brothers know that we can't get any mineral veins, so we came here to try our luck. Large organizations like yours, which have a few mineral veins in their hands, certainly don't care about such gossip."

"There are ultimate mineral veins here? Then... have you dug out ultimate ores?" The man in the lead stared at the two men firmly. The two men held their breath. "N-No..."

"Brother, they're lying! They have ultimate ores on them!" One of them took out a detection device that was glittering. The two men immediately turned around and were about to run when they saw this. The man in the lead sneered. "No matter what, let them spit out the ultimate ores on them!"

"Yes, sir!" A few black shadows quickly went forward and grabbed the two men, pressing them to the ground. Wails and cries of pain came from time to time. The man in the lead only stood there with a cold smile and looked at the seemingly bottomless pit in front of him in confusion.

"Brother! We got the ore! I didn't expect such a person to have an ultimate ore!" A few people walked over and presented the ultimate ore in their hands as if they were presenting a treasure. The man in the lead took it in satisfaction. The two men, who were injured, fell on the ground and looked at them unwillingly. It was the ultimate ore they found! They wouldn't let someone take them away for nothing!

"Brother, this pit should lead to ultimate mineral veins, right?" Someone said, as if he couldn't wait anymore.

The man in the lead didn't say anything, but he was more or less tempted in his mind. "Brother! Why don't we go in and take a look? If it's really an ultimate mineral vein, we'll make a fortune!"

"That's right, brother! We can't miss such an opportunity! We almost let these two take advantage of us!"

"Brother, let's go in and take a look!"

Many people said. The man in the lead couldn't sit still anymore. He stood up and said rather boldly, "Alright! Let's go in and take a look!"

Among the dozen people, four or five of them were guarding outside, in case someone else came in and wanted to take advantage of them. The others followed the man in the lead in from the pit. The pit was very big, enough for one person to walk upright. The few of them couldn't help but exclaim as they walked inside.

"Those two people shouldn't have dug this pit. The digging technique is too exquisite. It almost considers the balance of all kinds of factors. This pit was also dug very cleverly. It's extremely sturdy and can reach such a deep level!"

"Brother! Look! There's a mineral vein ahead!" Someone shouted in surprise. The man in the lead looked and as expected, there was a mineral vein not far away. It was just a mid-level mineral vein.

"It's just the mid-level. If we go deeper, there will definitely be ultimate mineral veins!" The heart of the man in the lead was burning. He walked deeper even faster and his eyes became more and more scorching. The person next to him whispered as he walked, "Brother, if someone beat us to it..."

The man in the lead sneered. "Of course, we'll do it the old way. Whoever stands in our way certainly can't be kept alive!"

"Xiao Feng, we've already walked more than half of the Crystal Plains, but there's still no fluctuation of lightning elements," said Qu Lanyi. Yun Feng frowned. It was very likely because the route the Crystal Beast dug was too shallow and wasn't deep enough.

"Come back." Yun Feng called out as a little figure ran over excitedly. Yun Feng picked up its smooth body and patted its little head with her hand. "Stay away from these mineral veins and dig deeper. The deeper the better."

The Crystal Beast blinked a few times and nodded aggrievedly. Its little body dug all the way deeper. The mineral veins attracted the Crystal Beast, so its digging route surrounded the mineral veins. How could it find the Lightning

Yun Feng and Qu Lanyi followed the Crystal Beast's changed route all the way down. After moving for a long time, Yun Feng's black eyes suddenly brightened. Qu Lanyi also curled his lips. "Xiao Feng, do you feel it?"

The corners of Yun Feng's mouth curled up. "I felt it very clearly. Even if it breathes softly like a feather, I wouldn't miss it.. It seems that we're not far

from our goal!"

## Chapter 2044 - 2044: One Step Late (1)

The Crystal Beast kept digging deeper, avoiding the various mineral veins that attracted it. The route went straight down to a very deep place. Yun Feng and Qu Lanyi followed behind and kept digging deeper. A group of people followed them along this road far behind them and continued moving forward.

“Boss! Something’s wrong! Is this road getting deeper and deeper?” The people following behind all felt that something was wrong as they went deeper and deeper. The man in the lead also frowned. “We encountered a lot of mineral veins along the way, which proves that this road was indeed developed by explorers. However, this route... is indeed a bit too deep, but it’s very likely to lead straight to ultimate mineral veins!” The man in the lead was full of thoughts. If he couldn’t find ultimate mineral veins, he would never leave just like that!

“Keep going. No matter where this road leads, we must keep going!” The man in the lead roared. The people behind him didn’t say anything else and all followed behind silently. The leader had already said so. What else could they say? They could only keep going like this.

The Crystal Beast suddenly stopped and ran to Yun Feng at an extremely high speed. It raised its head and winked at Yun Feng. Yun Feng immediately reached out and it jumped into Yun Feng’s palm obediently, yawning lazily. Yun Feng said, “You can’t dig ahead?”

The Crystal Beast nodded and rubbed its head against Yun Feng’s palm. It yawned lazily, implying that it was tired. Yun Feng chuckled and rubbed the Crystal Beast’s head with her finger. She looked at the deep tunnel in front of her. The fluctuation of the lightning elements seemed to be even closer. If the Crystal Beast couldn’t get through, it seemed that there was another world.

After putting the Crystal Beast back into the space, Yun Feng and Qu Lanyi continued to walk towards the tunnel in front of them. The deeper they went, the more they felt a faint fluctuation of elements floating slowly. Both of them couldn’t help but smile. “I feel the fluctuation of the lightning element. Even though it’s very weak, it’s getting clearer. What about you, Xiao Feng?”

Yun Feng nodded. “That’s right. There are indeed fluctuations of lightning elements. Lanyi, look!”

The two of them stopped. At this moment, the two of them didn’t know how many meters underground they were at all. The tunnel in front of them had already reached the end. What they saw was a huge gray wall. Lightning elements were slowly emitting from behind this wall. Yun Feng walked forward and slowly put her hand on the wall.

Her mental strength seeped into her hand, wanting to investigate the situation on the other side through the wall. Who would have thought that when her mental strength was about to pass through the wall in front of her, it would be bounced back by a force?

“What’s wrong?” Seeing that Yun Feng’s hand left the wall, as if some kind of force had bounced it back, Qu Lanyi couldn’t help but ask in a low voice. Yun Feng frowned and then put on a smile. “Are we not allowed to pry?”

“This wall rejected you?” Qu Lanyi raised his brows and wanted to put his hand on the wall, but Yun Feng stopped him. “I’m afraid this wall isn’t rejecting me. It’s very likely that the Lightning Seed inside is rejecting me.”

“If we can’t break this wall, we won’t be able to get the Lightning Seed.” Qu Lanyi frowned and watched. Yun Feng pondered for a while. Indeed, the most important thing right now was to break this wall so that she could make the next move.

“If you refuse, I can only use force,” said Yun Feng as she looked at the wall in front of her with her black eyes. If she used her own strength, it was possible to break through this place by force. However... if she broke through this place by force, it would cause quite a huge commotion. Yun Feng’s black eyes darkened. Even if there was a commotion, it wouldn’t be very big. After all, this place was already too far from the ground.

“You want to break it by force?” Qu Lanyi looked at Yun Feng. Yun Feng nodded.

“That’s the only way right now.”

“Alright, I’ll help you,” said Qu Lanyi. Yun Feng chuckled. The two of them were about to gather their strength when their expressions changed!

“Someone is really following us?” asked Qu Lanyi in a deep voice. Yun Feng was also a bit confused. There were indeed other auras approaching them, but these people were obviously much weaker. If these people had been following

her from the beginning, she would have noticed them.

“These people weren’t the ones who made me feel like I was being followed just then,” said Yun Feng. Then, she pondered. “They’re most likely the people who dug mineral veins on the Crystal Plains. They dug here... and found the hole we hid.”

“This place is so remote. How did they find this place?” Qu Lanyi frowned. Yun Feng shook her head. “I don’t know either. Perhaps it’s a coincidence. These people probably think there’s something good here. Just stop them.”

Yun Feng waved her hand and a beam of green light appeared next to her. Sister Hua's enchanting body twisted a few times. As soon as she came out, she opened her arms and was about to hug Yun Feng. Yun Feng was quick and dodged narrowly.

"Little Yun Feng, do you not like me anymore? Why are you so cold?" Sister Hua looked aggrieved. Her green eyes were glittering and very hazy and tempting. Yun Feng raised the corners of her mouth awkwardly. What exactly attracted her to hug her?

"Sister Hua, stop those people behind." Yun Feng said concisely and tried to get rid of Sister Hua in the shortest time possible. Sister Hua raised her brows and combed her green wavy hair with her finger. "Did those people ruin Little Yun Feng's business? Do I just have to stop them? You don't want me to do anything else?"

Yun Feng shook her head. "No need. They don't really disturb me. I just need to stop them."

Sister Hua pouted. "Tsk. Since Little Yun Feng has said so, I can only do this." Sister Hua twisted her body and took a few steps forward. She turned around and put on an extremely charming smile at Yun Feng. "Little Yun Feng, I'll definitely stop those people. Don't worry."

Yun Feng could only raise the corners of her mouth awkwardly again. Sister

Hua chuckled and turned around to leave. When Sister Hua disappeared, Qu Lanyi frowned. "Among your five contracted Magic Beasts, this one has the weirdest personality. If I didn't know her gender, I would definitely have fought with her first."

Yun Feng was speechless. Sister Hua's gender... was hermaphrodite. Sister Hua's personality was the same. She had a kind of intentional intimacy with her.

"Sister Hua will block those people. If you want to break this wall, it's best to succeed in one try. If you try many times, this area might collapse just like that.."

Chapter 2045 - 2045: One Step Late (2)

"I know," replied Qu Lanyi in a low voice. Yun Feng took a deep breath and the depths of her pupils shrank slightly. The entire world in front of her instantly changed its appearance, and so did the wall in front of her. Complex energy bodies and elements kept glittering in front of Yun Feng's eyes. Everything almost became transparent. Looking at the wall that had been rejecting her, Yun Feng put on a smile. Everything in the world had its weakness, and the wall in front of her was no exception.

"Brother, this tunnel seems to be bottomless..." The group of people was still going deeper. The deeper they went, the dizzier they became. The tunnel was deep and

winding, leading to a place where they couldn't see the bottom clearly. The man in the lead walked inside with a gloomy face. Nobody could let him go back right now. Since they had already come this far, how could they turn around so easily?

"Brother, why do I feel that something is wrong..."

The few people behind him immediately fell silent. They looked at each other and felt uneasy in their minds, but there was nothing they could do. They could only brace themselves and follow him.

"Swish!"

"What's that sound?" The few people, who were already afraid, immediately shouted at the top of their lungs and looked at the walls around them in fear. There were no mineral veins here anymore. Apart from silence, there was only the sound of their breathing. However, something slid over the wall just then!

"Swish!"

"What's there?" Someone exclaimed again. The few of them immediately panicked. The man in the lead looked gloomy. Hearing the exclamations of the few lackeys behind him, he couldn't help but growl, "Shut up!"

"But brother... There's really something here!"

"That's right, brother! I saw it! A black shadow!"

The man in the lead suddenly turned around with a face covered in dark clouds. "What black shadow? What nonsense are you talking about? If anyone talks nonsense again, don't blame me for being rude to them right now!" Blue veins appeared on his arms and he clenched his fists. The appearance of the man in the lead immediately made the remaining few people shut their mouths!

The man in the lead glanced around with a cold gaze and turned around, planning to continue moving forward. Suddenly, a thick wall blocked in front of him, directly sealing the road ahead!

"Who is it?" The man in the lead immediately shouted furiously as he punched the wall fiercely. The wall didn't loosen at all and was extremely thick!

"Brother, what should we do now?"

The man in the lead looked at the wall in front of him with a gloomy face. "Break this wall! Immediately! Right now!"

“Yes! Yes!” The few of them immediately nodded and went forward. They tried their best to break the wall in front of them, but after a lot of effort, the wall didn’t move at all. How could these people break the Earth Shield that was created by a God Venerable-level earth-element Magic Beast?

Sister Hua hid in the void and looked at the people below who were trying their best to break the wall. She smiled in disdain. “How can they follow Little Yun Feng with such strength? They want to ruin Little Yun Feng’s business. They’re truly bold.” A smile appeared on Sister Hua’s charming face. “In that case, you’ll be my fun.”

Yun Feng and Qu Lanyi were both gathering energy and trying to break the wall in front of them in one go. Both of them were using pure mental strength. Their hands were emitting faint light. These were two bodies with powerful mental strength, two equally powerful souls!

“Lanyi, I’ll attack first later. Follow my trajectory,” said Yun Feng as she clenched her fists tightly. Power had already gathered in her palms. She was waiting for the moment of eruption!

“Got it!” Qu Lanyi nodded. The power in his palm had already been gathered. He was just waiting to follow Yun Feng!

Taking a deep breath, Yun Feng raised her arm and suddenly opened her palm. The faint light gathered in her palm at a visible speed. Then, it turned into a faint beam of light that rushed to a certain place on the wall in front of her!

“Now!” Yun Feng roared. Qu Lanyi immediately followed her. The two forces hit the same place fiercely one after another. Yun Feng clearly saw that the force that belonged to her was almost completely repelled! Qu Lanyi’s force hit the center!

“Boom!” A muffled sound suddenly exploded from the depths of the ground. Yun Feng’s mental strength that was bounced away instantly flew away and dispersed in all directions!

“Boom!” Like an internal volcano eruption, the entire Crystal Plains shook fiercely!

“What happened?” Everyone on the Crystal Plains was immediately shocked when they felt the tremor under their feet! They looked at the ground under their feet in shock, not knowing what was going on!

“The ground is shaking!” On the ground, the expressions of the few people guarding the entrance of the cave couldn’t help but change. The two men lying on the ground who still hadn’t got up looked even more surprised. The entire Crystal Plains was shaking. What exactly happened underground? Was it related to this pit? The two of them looked at each other. Who exactly owned the ultimate ore they saw earlier?

“Brother! Are you alright?” The few people guarding the entrance of the cave shouted into the pit at the top of their lungs, but the few people who had already walked very deep underground couldn’t hear the shouts that belonged to the ground at all. They were also trapped underground!

“Crash, crash!” Countless gravel fell. The expressions of the few people in the tunnel changed drastically. Their first thought was that this place was about to collapse! They immediately turned around and ran, but another stone wall completely blocked their way out at this moment!

“Let us out! Let us out!” Continuous shouts echoed in the tunnel, mixed with the falling gravel. The enthusiasm on these people’s faces when they entered this place was already gone. Only the fear of death was left!

Yun Feng and Qu Lanyi’s first wave of attacks didn’t break the wall, but it was finally effective. Cracks had already appeared on the wall since the two of them attacked. Both of them were delighted to see that! With one more attack, they would definitely be able to break the wall in front of them completely!

“Lanyi, get ready!” Yun Feng roared. The two of them instantly gathered their strength again and launched a second wave of attacks! This time, they must tear this wall into pieces!

“Boom, boom, boom...!” An even more intense earthquake came again. This time, a few clear cracks even appeared on the flat ground of the Crystal Plains! Everyone on the Crystal Plains was shocked! Such a volatile situation had never happened on the Crystal Plains. What exactly happened?

“What exactly happened? Did some big shot descend and attack?” A giant on the Crystal Plains looked gloomy. Someone immediately reported, “Master, this commotion seems to be coming from the underground!”

“Underground?!” The giant immediately raised his brows and widened his eyes. What would happen underground? Was there really an active volcano buried inside? Or... was there something else buried underground?

“Boom! Boom! Boom! Boom! Boom!” Another series of tremors began and became more and more intense! The faces of the giant darkened. “Inform everyone to leave the pit of the mineral vein immediately!”

In an instant, the calm state of the Crystal Plains was disrupted by the sudden tremor. Everyone ran out of the pit of the mineral vein desperately, fearing that they would be buried alive if they were a step slower! Everyone stood on the ground that kept shaking. Everyone was shocked and panicked! What exactly happened underground? It caused the entire ground to shake completely! Was an impressive monster about to break out of the ground?!

“Let us out! Arghhhh!” Apart from the tremors, there were also desperate roars echoing underground. Half of the bodies of the few people who were completely trapped by the two stone walls had already been buried in the gravel! Even so, they didn’t forget to continue breaking the stone walls. Their survival instincts dominated everything!

“We’re dead! We’re going to die here!” The cries of despair and fear were completely buried with the most violent tremor!

“Brother, brother!” The few people guarding outside began to shout crazily, but they didn’t dare to take a step into the entrance of the cave. The ground was shaking violently. If they weren’t careful, they would be buried under the ground!

“Boom!” There was a loud noise, accompanied by the most violent tremor. A person was directly thrown into the entrance of the cave just like that! Then, the collapsed stones fell into the entrance of the cave and blocked everything!

When the others saw this scene, their legs went soft. They didn’t think of their companion, who had fallen in, and their brothers, who had gone in and still hadn’t come out. They all turned around and ran back. The two men, who had fallen on the ground and couldn’t get up, moved their bodies and retreated in panic. They looked at the entrance of the buried cave in fear. What exactly happened?

Underground, Yun Feng and Qu Lanyi’s second wave of attacks didn’t bounce off at all. They all hit the bullseye! The cracks on the wall quickly expanded. It was useless no matter how much resistance the wall had!

“Boom!” The wall shattered and exploded in front of Yun Feng’s eyes! The two of them quickly dodged and stood in the chaotic stone and dust. When everything dissipated in front of their eyes, the things behind the wall immediately appeared!

Without the barrier of the wall, the lightning element spread out in all directions. Yun Feng felt it so clearly. When her eyes were still blurry, she was delighted in her mind! Not bad. The Lightning Seed was indeed here!

The dust dissipated in front of their eyes and clarity returned. Not only the lightning element, but a figure also appeared behind the wall! Yun Feng and Qu Lanyi were both shocked to see that. Who was he?

The figure slowly turned around. Yun Feng looked at the facial features in front of her and widened her black eyes. “It’s you?!”

The figure chuckled as coldness flashed through her eyes. “Unfortunately, Yun Feng, you came a step late..”

## Chapter 2046 - 2046: Losing Is Better Than Obtaining (1)

Yun Feng wasn't unfamiliar with the face in front of her. A few days ago, this woman was beaten to the ground by a few burly men on the long street of the Bright Moon Hall pitifully! That weak and helpless look, such a pitiful and vulnerable gaze! And now, that face had already changed completely. She was wearing a black robe and the dark red patterns stimulated Yun Feng's brain. She was a member of the Blood Souls!

"You're from the Blood Souls!" Qu Lanyi said. Yun Feng was surprised. The woman curled her lips coldly. "Are you very surprised?"

"The person I hired..." Yun Feng's face darkened. She could already imagine his fate. He had most likely been cruelly killed by her! The Blood Souls teased her again and again. Would she really fall for it again? Ridiculous!

"I certainly don't need his protection, but what surprises me is that you've learned your lesson. I thought I could confuse you with my weak appearance, but you're surprisingly vigilant."

"I won't make the same mistake again!" Yun Feng suddenly clenched her fists and looked at the woman in front of her with a cold smile. "Who are you? Why don't you tell me your name?"

The woman frowned. "How do you know that I'm one of the four elders?" The woman couldn't help but think in her mind. This woman severely injured Yan Mi, one of the four elders. According to Yan Mi's information, her strength should have reached the God Venerable Level and she could be on an equal footing with the four elders. Even though Yan Mi was injured and in such a sorry state, she would never believe it unless she saw Yun Feng with her own eyes and fought her with her own hands.

With the strength of a God Venerable at such a young age, if Yun Feng of the Yun family was really like this, the Blood Souls' first goal should be to get rid of her! Get rid of her at all costs!

"As one of the four elders, it's certainly impossible for anyone else to know what Yan Xin did. Only the Blood Souls' Soul Master and the rest of the four elders! Is the elder from last time still alive?" Yun Feng curled her lips coldly and looked at the woman in front of her provocatively with her black eyes. The woman was startled for a moment. Then, she said, "How can you kill the four elders so easily? However, you're indeed quite strong to be able to severely injure Yan Mi like this. Still... it's not difficult for the four elders to finish you off!"

Yun Feng chuckled. "Finish me off? If you could really finish me off, you would

have attacked me along the way. Why did you have to wait until now? You, who haven't attacked yet, are also puzzled and don't have the confidence to win!"

What a pair of sharp eyes! The woman couldn't help but sigh in her mind. Yun Feng was indeed not an ordinary young person. She had such a calm and considerate mind. She had a mature personality, a young face and astonishing strength! All of these combined made her a strong enemy!

Even she couldn't attack recklessly. As she said, the chance of winning... wasn't high. However, there was one thing that she had a complete chance of winning. Yun Feng would definitely lose.

"Hahahaha!" The woman burst into laughter and looked at Yun Feng with bright black eyes. "What a pair of sharp eyes! I indeed won't attack easily, but I won't tolerate you for long. The Blood Souls are the same! Is this the Lightning Seed you're looking for?" The woman laughed evilly and opened her hand. A small ball with lightning and purple light kept spinning in the woman's palm and cried loudly!

That was the Lightning Seed! Yun Feng's pupils shrank fiercely and her heart pounded! Qu Lanyi was the same. Both of them were considering when to attack and take back the Lightning Seed!

The woman burst into laughter. She spun the Lightning Seed in her hand and it was already gone. "You want to take it back? I won't give you such an opportunity! Yun Feng, we'll meet again!" A spatial crack suddenly appeared behind the woman. Her entire body instantly entered and she tried to leave!

Yun Feng suddenly spread her hand forward. Her invisible mental strength turned into two big hands without any hesitation and pounced on the woman. At the same time, Yun Feng clenched her other hand fiercely at the spatial crack. The power of space was instantly disrupted! The power of space that the woman wanted to escape through was completely dispersed by Yun Feng!

"You want to leave? It's not that easy!" Yun Feng shouted furiously. The invisible hand had already reached into the spatial crack forcefully. She swung her black robe and the woman could only retreat from the spatial crack. The moment she retreated, Yun Feng exerted her strength and the spatial crack was crushed fiercely!

"Bang!" The invisible power of space was shattered by Yun Feng. The woman looked at Yun Feng in surprise. Before she came back to herself, a dazzling light was still coming towards her! That was... the light element! The woman quickly flashed to the side and stared at Qu Lanyi. Looking at the remaining light in his hand, she couldn't help but shout, "Kid! Do you have the light element seed?"

Qu Lanyi curled his lips and launched another light element attack, hitting the woman's body fiercely and quickly. The woman bit her lips hard and her black robe rose. A

stream of darkness element spread out of the space, temporarily delaying the light element attack. That was all!

“Boom!” The light element energy pushed straight over. The woman dodged to the side in a sorry state and barely survived. The light element attack directly hit the wall, causing another violent tremor! Before the woman could heave a sigh of relief, Yun Feng’s attack followed!

Damn it! She had underestimated these two people! The woman gritted her teeth. If this continued, she would be dragged to death sooner or later under the pincer attack of the two of them! The light element seed was in this kid’s hands. It seemed that he could already use the power of the Element Seed! However, how was that possible? How did this kid have such an ability?

The more the woman thought about it, the darker her face became. In the end, it was almost covered in a layer of black clouds! How exactly did these two people do it? This news must be told to the Soul Master. If she couldn’t get away from here, how could she, one of the four elders, die in such a place? Besides, the Lightning Seed must be handed over to the Soul Master!

Under the double attack, she didn’t have much time. She could only escape in the shortest time possible!

The woman passed through the pincer attack in panic. The counterattack of the dark elements seemed powerless at this moment. She, who wanted to escape, wasn’t in the mood to fight at all. She only wanted to find an opportunity to escape! The woman glanced at the surrounding walls and her black eyes suddenly brightened! A sinister smile spread.

Their target wasn’t Yun Feng or Qu Lanyi, but the entire space where the three of them were at the moment.. To be exact, the entire Crystal Plains!

Chapter 2046: Losing Is Better Than Obtaining (1)

Their target wasn't Yun Feng or Qu Lanyi, but the entire space where the three of them were at the moment.. To be exact, the entire Crystal Plains!

Chapter 2047: Losing Is Better Than Obtaining (2)

"Boom, boom, boom!" Countless chains hit the wall fiercely. The darkness elements spread around forcefully. In just a few seconds, the entire Crystal Plains shook again!

"She wants to destroy the entire Crystal Plains!" Qu Lanyi immediately roared. Yun Feng cursed in her mind. It was already too late to stop her. How could she reverse such scattered attacks?

"Boom! Boom, boom, boom!" A visible tremor came from the deepest part of the Crystal Plains. Yun Feng gritted her teeth. If this place collapsed, it wouldn't be able to support the entire plain at all. In other words, the entire Crystal Plains was about to collapse. Everyone on it would die an unnatural death!

"What exactly happened? Why is it shaking constantly?" Everyone on the Crystal Plains was inexplicably panicked. Looking at the cracks on the ground that were getting clearer and clearer, they were panicking in their minds and didn't know what to do at all! Should they give up this place? Should they give up all the mineral veins that had already been excavated here?

"Hahahaha!" Seeing that Yun Feng and Qu Lanyi were frowning, the woman burst into laughter! "Yun Feng! If this place collapses, everyone on the entire Crystal Plains will die!" The woman tore space from her back again and a spatial crack instantly formed!

Yun Feng clenched her fists. She couldn't attack anymore. Once she and Lanyi's power joined, everything here would lose its balance!

"You can only watch me leave in front of you. Hahahaha! You can certainly ignore the lives of these people and chase after me. However, after the people here die, everyone will know that you, Yun Feng, did it. By then, I'll see how the East and West Alliance cleans up this mess for you!"

"How despicable." Qu Lanyi frowned. Light element energy gathered in his palm, but couldn't be shot out. Once he attacked, everything would be blamed on Xiao Feng! By then, the East and West Alliance would definitely change because of this!

"Yun Feng, we'll meet again." The woman smiled presumptuously and suddenly jumped into the spatial crack, disappearing instantly!

"Sister Hua!" Yun Feng suddenly roared as a beam of green light immediately flashed in front of Yun Feng. Yun Feng looked cold. "Do your best to protect this place! How can I help you?"

The surroundings were shaking. The wall that had been completely destroyed by the power of darkness just then was already on the verge of collapse! Sister Hua was shocked. Green light suddenly emitted from her body and countless vines spread out from under Sister Hua's feet along the green light, entering through the cracks on the wall and going in.

"I'll stabilize it with the tree root first. This place won't collapse!" Sister Hua smiled charmingly. "Little Yun Feng, don't worry. I won't let anything happen to these people up there for you."

Yun Feng said, "Do you want my earth element to support you? I'm afraid so many vines will consume too much of your energy."

Sister Hua chuckled. "Little Yun Feng, I'm a plant to begin with. What I've extended is just my roots. You must know that the descendants of the Demon King have an extraordinary number of roots. It's not difficult for me to support this plain with these roots."

"Leave it to Sister Hua." Qu Lanyi patted Yun Feng's shoulder gently. Both of them looked somewhere in the space. Yun Feng cursed in a low voice, "Damn it! I could only watch her escape!"

Qu Lanyi sighed softly. "We don't have any choice. If this place is destroyed, so many people will accept their fate. Even if we tell them that the Blood Souls appeared, not many people will understand. If the alliance you spent so much effort to gather is disbanded at this moment, we won't be able to succeed in resisting the Blood Souls."

Yun Feng certainly understood this. The East and West Alliance was the greatest weapon against the Blood Souls. If she lost the East and West Alliance, what was the use no matter how strong she was? The Lightning Seed had already been taken away by the Blood Souls. They had two Element Seeds in their hands right now. They weren't worth mentioning compared to Yun Feng's five elements, but in Yun Feng's eyes, it was good to control more.

"Five against two. The Blood Souls don't have much chance of winning," said

Qu Lanyi. Yun Feng frowned. "Even so, we can't be careless. The Blood Souls'

Soul Master... is very proficient in elements."

"What do you plan to do next? The Lightning Seed has been taken away by the Blood Souls. We should speed up," said Qu Lanyi with a frown. Yun Feng nodded. "Indeed. We have to reach an agreement with the Alliance of Killers in the shortest time possible. After the Alliance of Killers joins... I think we can fight the Blood Souls!"

Qu Lanyi's black eyes glittered. "You mean... the battle will begin?"

Yun Feng sneered. "I'm afraid the Blood Souls know very well that both parties will speed up. The battle won't be long ahead."

The sudden turmoil on the Crystal Plains caused quite a lot of panic, but in a short period of time, such a turmoil completely disappeared and never appeared again. Many cracks of different depths burst out of the ground because of this turmoil. Even though the turmoil this time was panicking, it also brought a good result. The cracks on the ground of different depths exposed the existence of some mineral veins that hadn't been discovered before. The appearance of these mineral veins quickly washed away the previous uneasiness. Everyone on the Crystal Plains quickly devoted themselves to the excavation of new mineral veins and seemed to have turned a blind eye to the previous turmoil.

Sister Hua used her roots to fix the entire area. Then, Yun Feng used her earth element to fill the gap. The almost shaky ground became extremely hard. Even if anything happened in the future, with Yun Feng's elemental power, the enemy wouldn't be able to shake this plain at all.

After dealing with everything, Yun Feng and Qu Lanyi returned to the Yun family again. Next, Yun Feng had to devote herself to making potions. She had to make the Zen Master Level potion in the shortest time possible. Nobody could disturb her. Nothing could disturb her.

Qu Lanyi left Yun Feng's yard with the Sound Transmission Jade that belonged to Yun Feng in his hand. In order to focus on making potions, Yun Feng cut off everything, which meant that Qu Lanyi would take care of everything for Yun Feng right now.

Looking at the closed door of Yun Feng's yard, Qu Lanyi couldn't help but shake his head and sigh. He really wanted to accompany her, but the East and West Alliance couldn't be like a while ago when nobody showed up. He couldn't go missing with her anymore. If anything happened, he still had to help Xiao Fengfeng.

This time, Yun Feng informed many important people in advance that she would be in seclusion for a while. Qu Lanyi would represent her for everything. Everyone was quite confident and wasn't as worried as last time. Qu Lanyi had just taken a few steps when the Sound Transmission Jade in his hand glittered.

The call was picked up. After hearing the other party's voice, Qu Lanyi raised the corners of his mouth. "Yan Ming, Xiao Feng just informed you and you came to find me. You're quite fast."

Yan Ming's chuckle came. "You're Yun Feng's representative right now. I'll come to you if I need anything, right?"

Qu Lanyi snorted. "What's the matter?"

Yan Ming's voice became serious. "The Blood Souls seem to be gathering

energy these days. It seems that they're preparing for the panel attack. I want to ask if you and Yun Feng... have any thoughts?"

Qu Lanyi frowned. As Xiao Feng said, the Blood Souls couldn't hold back anymore. The news that the four elders brought back was probably enough to make the Soul Master suffer.

"Xiao Fengfeng has already expected the Blood Souls to make a move. The East and West Alliance is still lacking in strength. The Blood Souls are starting to gather energy. The East and West Alliance certainly can't make a move first."

"It's good that Yun Feng knows what she's doing. After such a long time, many hidden problems of the East and West Alliance have already been resolved. Considering the outbreak of the battle, I've also drawn up a few levels of strength. We won't be caught off guard."

"Yan Ming, you're truly meticulous. Xiao Feng didn't choose the wrong person." Qu Lanyi couldn't help but praise. Yan Ming chuckled. "To be honest, I would rather hear Yun Feng say that than you."

Qu Lanyi raised his brows. Yan Ming's voice continued. "If there's anything else, I'll contact you immediately. That's all for now." The connection was quickly cut off. Qu Lanyi couldn't help but grit his teeth. Yan Ming!

After a while, the Sound Transmission Jade sounded again. This time, it wasn't Yun Feng's, but Qu Lanyi's. After the call was picked up, a voice came. "Do you remember what happened last time?"

Qu Lanyi raised his brows and couldn't help but hold the Sound Transmission

Jade tightly. "Did you find anything?"

"It's sort of a new discovery. Do you want to come?"

"Of course! Wait for me!" The connection was cut off. Qu Lanyi turned around and looked at Yun Feng's closed door. Then, he flashed away. A figure suddenly stood in front of Qu Lanyi. Qu Lanyi quickly stopped and looked carefully. "Senior Feng!"

Feng Qingxuan stood in front of Qu Lanyi expressionlessly and sized him up with his black eyes. He whispered slowly, "Kid, I think you've already broken through your barrier."

Qu Lanyi raised the corners of his mouth. "Thank you for your concern, Senior

Feng. I've indeed broken through the barrier."

Feng Qingxuan frowned. "How did you do that? Did you use the power of the light element?"

"You can say that. Everything was a coincidence. Thank you for Stonemother that you introduced, Senior Feng. Thanks to their help, I could make such a breakthrough."

Feng Qingxuan frowned after hearing that. He looked at Qu Lanyi deeply with his black eyes. In the end, he waved his sleeve and turned around. "It's good to make a breakthrough. You can help my disciple a bit. However, if you do anything to hurt her, I won't let you go!"

Qu Lanyi was stunned for a moment. Then, he said, "I won't do anything to hurt her. Never!"

"Humph! You'd better do as you say!" Feng Qingxuan walked forward without looking back. Qu Lanyi shouted, "Senior Feng!"

Feng Qingxuan stopped and didn't look back. "What's wrong?"

Qu Lanyi pursed his lips and said, "Are you really not going to find your contracted Magic Beast anymore? Senior Feng dotes on Yun Feng the most. If you find it, won't you be able to help her a lot?"

Feng Qingxuan slowly turned around and looked at Qu Lanyi with his black eyes. The momentum of a God Venerable burst out, making Qu Lanyi a bit breathless. However, Feng Qingxuan soon retracted everything. He turned around and whispered, "Kid, sometimes, it's better to lose than to get."

Qu Lanyi was confused. Feng Qingxuan flashed and disappeared. Qu Lanyi stood there in a daze. What the man said lingered in his mind..

"Hahahaha!" Seeing that Yun Feng and Qu Lanyi were frowning, the woman burst into laughter! "Yun Feng! If this place collapses, everyone on the entire Crystal Plains will die!" The woman tore space from her back again and a spatial crack instantly formed!

Yun Feng clenched her fists. She couldn't attack anymore. Once she and Lanyi's power joined, everything here would lose its balance!

"You can only watch me leave in front of you. Hahahaha! You can certainly ignore the lives of these people and chase after me. However, after the people here die, everyone will know that you, Yun Feng, did it. By then, I'll see how the East and West Alliance cleans up this mess for you!"

"How despicable." Qu Lanyi frowned. Light element energy gathered in his palm, but couldn't be shot out. Once he attacked, everything would be blamed on Xiao Feng! By then, the East and West Alliance would definitely change because of this!

“Yun Feng, we’ll meet again.” The woman smiled presumptuously and suddenly jumped into the spatial crack, disappearing instantly!

“Sister Hua!” Yun Feng suddenly roared as a beam of green light immediately flashed in front of Yun Feng. Yun Feng looked cold. “Do your best to protect this place! How can I help you?”

The surroundings were shaking. The wall that had been completely destroyed by the power of darkness just then was already on the verge of collapse! Sister Hua was shocked. Green light suddenly emitted from her body and countless vines spread out from under Sister Hua’s feet along the green light, entering through the cracks on the wall and going in.

“I’ll stabilize it with the tree root first. This place won’t collapse!” Sister Hua smiled charmingly. “Little Yun Feng, don’t worry. I won’t let anything happen to these people up there for you.”

Yun Feng said, “Do you want my earth element to support you? I’m afraid so many vines will consume too much of your energy.”

Sister Hua chuckled. “Little Yun Feng, I’m a plant to begin with. What I’ve extended is just my roots. You must know that the descendants of the Demon King have an extraordinary number of roots. It’s not difficult for me to support this plain with these roots.”

“Leave it to Sister Hua.” Qu Lanyi patted Yun Feng’s shoulder gently. Both of them looked somewhere in the space. Yun Feng cursed in a low voice, “Damn it! I could only watch her escape!”

Qu Lanyi sighed softly. “We don’t have any choice. If this place is destroyed, so many people will accept their fate. Even if we tell them that the Blood Souls appeared, not many people will understand. If the alliance you spent so much effort to gather is disbanded at this moment, we won’t be able to succeed in resisting the Blood Souls.”

Yun Feng certainly understood this. The East and West Alliance was the greatest weapon against the Blood Souls. If she lost the East and West Alliance, what was the use no matter how strong she was? The Lightning Seed had already been taken away by the Blood Souls. They had two Element Seeds in their hands right now. They weren’t worth mentioning compared to Yun Feng’s five elements, but in Yun Feng’s eyes, it was good to control more.

“Five against two. The Blood Souls don’t have much chance of winning,” said

Qu Lanyi. Yun Feng frowned. “Even so, we can’t be careless. The Blood Souls’

Soul Master... is very proficient in elements.”

“What do you plan to do next? The Lightning Seed has been taken away by the Blood Souls. We should speed up,” said Qu Lanyi with a frown. Yun Feng nodded. “Indeed. We have to reach an agreement with the Alliance of Killers in the shortest time possible. After the Alliance of Killers joins... I think we can fight the Blood Souls!”

Qu Lanyi’s black eyes glittered. “You mean... the battle will begin?”

Yun Feng sneered. “I’m afraid the Blood Souls know very well that both parties will speed up. The battle won’t be long ahead.”

The sudden turmoil on the Crystal Plains caused quite a lot of panic, but in a short period of time, such a turmoil completely disappeared and never appeared again. Many cracks of different depths burst out of the ground because of this turmoil. Even though the turmoil this time was panicking, it also brought a good result. The cracks on the ground of different depths exposed the existence of some mineral veins that hadn’t been discovered before. The appearance of these mineral veins quickly washed away the previous uneasiness. Everyone on the Crystal Plains quickly devoted themselves to the excavation of new mineral veins and seemed to have turned a blind eye to the previous turmoil.

Sister Hua used her roots to fix the entire area. Then, Yun Feng used her earth element to fill the gap. The almost shaky ground became extremely hard. Even if anything happened in the future, with Yun Feng’s elemental power, the enemy wouldn’t be able to shake this plain at all.

After dealing with everything, Yun Feng and Qu Lanyi returned to the Yun family again. Next, Yun Feng had to devote herself to making potions. She had to make the Zen Master Level potion in the shortest time possible. Nobody could disturb her. Nothing could disturb her.

Qu Lanyi left Yun Feng’s yard with the Sound Transmission Jade that belonged to Yun Feng in his hand. In order to focus on making potions, Yun Feng cut off everything, which meant that Qu Lanyi would take care of everything for Yun Feng right now.

Looking at the closed door of Yun Feng’s yard, Qu Lanyi couldn’t help but shake his head and sigh. He really wanted to accompany her, but the East and West Alliance couldn’t be like a while ago when nobody showed up. He couldn’t go missing with her anymore. If anything happened, he still had to help Xiao Fengfeng.

This time, Yun Feng informed many important people in advance that she would be in seclusion for a while. Qu Lanyi would represent her for everything. Everyone was quite confident and wasn’t as worried as last time. Qu Lanyi had just taken a few steps when the Sound Transmission Jade in his hand glittered.

The call was picked up. After hearing the other party's voice, Qu Lanyi raised the corners of his mouth. "Yan Ming, Xiao Feng just informed you and you came to find me. You're quite fast."

Yan Ming's chuckle came. "You're Yun Feng's representative right now. I'll come to you if I need anything, right?"

Qu Lanyi snorted. "What's the matter?"

Yan Ming's voice became serious. "The Blood Souls seem to be gathering energy these days. It seems that they're preparing for the panel attack. I want to ask if you and Yun Feng... have any thoughts?"

Qu Lanyi frowned. As Xiao Feng said, the Blood Souls couldn't hold back anymore. The news that the four elders brought back was probably enough to make the Soul Master suffer.

"Xiao Feng has already expected the Blood Souls to make a move. The East and West Alliance is still lacking in strength. The Blood Souls are starting to gather energy. The East and West Alliance certainly can't make a move first."

"It's good that Yun Feng knows what she's doing. After such a long time, many hidden problems of the East and West Alliance have already been resolved. Considering the outbreak of the battle, I've also drawn up a few levels of strength. We won't be caught off guard."

"Yan Ming, you're truly meticulous. Xiao Feng didn't choose the wrong person." Qu Lanyi couldn't help but praise. Yan Ming chuckled. "To be honest, I would rather hear Yun Feng say that than you."

Qu Lanyi raised his brows. Yan Ming's voice continued. "If there's anything else, I'll contact you immediately. That's all for now." The connection was quickly cut off. Qu Lanyi couldn't help but grit his teeth. Yan Ming!

After a while, the Sound Transmission Jade sounded again. This time, it wasn't Yun Feng's, but Qu Lanyi's. After the call was picked up, a voice came. "Do you remember what happened last time?"

Qu Lanyi raised his brows and couldn't help but hold the Sound Transmission Jade tightly. "Did you find anything?"

"It's sort of a new discovery. Do you want to come?"

“Of course! Wait for me!” The connection was cut off. Qu Lanyi turned around and looked at Yun Feng’s closed door. Then, he flashed away. A figure suddenly stood in front of Qu Lanyi. Qu Lanyi quickly stopped and looked carefully. “Senior Feng!”

Feng Qingxuan stood in front of Qu Lanyi expressionlessly and sized him up with his black eyes. He whispered slowly, “Kid, I think you’ve already broken through your barrier.”

Qu Lanyi raised the corners of his mouth. “Thank you for your concern, Senior Feng. I’ve indeed broken through the barrier.”

Feng Qingxuan frowned. “How did you do that? Did you use the power of the light element?”

“You can say that. Everything was a coincidence. Thank you for Stonemother that you introduced, Senior Feng. Thanks to their help, I could make such a breakthrough.”

Feng Qingxuan frowned after hearing that. He looked at Qu Lanyi deeply with his black eyes. In the end, he waved his sleeve and turned around. “It’s good to make a breakthrough. You can help my disciple a bit. However, if you do anything to hurt her, I won’t let you go!”

Qu Lanyi was stunned for a moment. Then, he said, “I won’t do anything to hurt her. Never!”

“Humph! You’d better do as you say!” Feng Qingxuan walked forward without looking back. Qu Lanyi shouted, “Senior Feng!”

Feng Qingxuan stopped and didn’t look back. “What’s wrong?”

Qu Lanyi pursed his lips and said, “Are you really not going to find your contracted Magic Beast anymore? Senior Feng dotes on Yun Feng the most. If you find it, won’t you be able to help her a lot?”

Feng Qingxuan slowly turned around and looked at Qu Lanyi with his black eyes. The momentum of a God Venerable burst out, making Qu Lanyi a bit breathless. However, Feng Qingxuan soon retracted everything. He turned around and whispered, “Kid, sometimes, it’s better to lose than to get.”

Qu Lanyi was confused. Feng Qingxuan flashed and disappeared. Qu Lanyi stood there in a daze. What the man said lingered in his mind..

Chapter 2048: Comprehension (1)

Yun Feng was still very young when it came to making potions at the Zen Master Level. She couldn't guarantee that her success rate would be high.

Luckily, she got support from Stonemother with a lot of herbs, especially the Secret Gold Rootless Grass, which was the foundation of the Zen Master Level potions. She took a lot of them. Yun Feng had only comprehended one of the Zen Master Level potion formulas, but she really didn't want to give the potions she comprehended to anyone else, especially the Alliance of Killers.

The Earth Potion was the first potion Yun Feng comprehended after stepping into the Zen Master Level. The Earth Potion could increase all her attributes in a short period of time. Attack, defense, magic, speed and some other aspects. The Earth Potion increased a lot. It could be said that the person who took the potion could reach a temporary invincible state in a short period of time! Like all potions that increased attributes, there were also certain side effects when one took the Earth Potion. The side effects of the Zen Master Level Potion were quite powerful. If one couldn't withstand it, one might die.

So, those who weren't strong enough didn't dare to touch the Zen Master Level potion. Even if they were strong enough, they had to consider the consequences of taking the potion. After taking the Earth Potion, one would be invincible for a short period of time, but the person who took it would be weak for a while afterwards. The time of weakness was much longer than the time when the potion worked. So, Yun Feng didn't advocate the use of potions.

Even though the side effects were huge, it could reverse the outcome of a battle. The formula of the Earth Potion was very special. Yun Feng had to undergo many experiments with Stonemother back then to succeed. She had to waste countless herbs to make such a bottle! In the final battle of the Blood

Souls, this bottle of potion could be said to be one of the trump cards! Yun Feng counted carefully. The herbs needed to make the Earth Potion were complicated and the time needed was even higher.

Yun Feng didn't know that the Earth Potion was a high-end potion in the field of Zen Master Level potions! The first potion formula she comprehended was already a high-level formula of the Zen Master Level potion! Of course, this was something Yun Feng only understood after comprehending other formulas and comparing them.

Fortunately, understanding the potion formula of the Zen Master Level couldn't only be accumulated by making Zen Master Level potions. Yun Feng could also accumulate experience by making Grandmaster Level potions, which became the foundation of understanding the formula. It could be said that Yun Feng was very good at making Grandmaster Level potions and it couldn't be better to accumulate experience.

At this moment, Yun Feng was focused on making potions. The raging fire was burning next to her and her body was full of different kinds of herbs. There were all kinds of colors everywhere and she couldn't help but feel a bit dizzy when she looked over. Yun Feng was among them. She sat with her eyes closed and grabbed a handful of herbs from time to time, throwing them into the fire. On the other side of the herbs were a few bottles of Grandmaster Level potions that had been made. Once she understood the new Zen Master Level formula, Yun Feng would immediately start making Zen Master Level potions and these Grandmaster Level potions would be sent to the Pharmacists' Union without exception to provide support for the East and West Alliance.

Time was passing slowly. The fire was burning fiercely and everything was rejected by Yun Feng. She only had eyes and heart for the potion in front of her.

"Swish...!" The fire rose and a ball of scorching heat burst out of the heart of the fire. Another bottle of Grandmaster Level three-star perfect potion was made. At this moment, Yun Feng didn't open her eyes. The elemental world in front of her didn't leave as the production of the potion ended. It was still jumping in front of Yun Feng. Yun Feng's heart couldn't help but tremble. Her understanding of the Earth Potion back then was in such a state! It seemed that she was going to comprehend the second Zen Master Level potion formula!

Yun Feng closed her eyes tightly and felt the world of colorful elements in front of her. There seemed to be an invisible hand in her mind that kept rearranging these elements, forming new shapes one after another. Yun Feng waited quietly, just like last time!

Slowly, that invisible hand rearranged all the elements and a series of information surged into Yun Feng's mind! A new formula appeared in Yun Feng's mind!

The second Zen Master Level potion formula was finally born!

After comprehending the second Zen Master Level potion, Yun Feng immediately found that the difference between the second potion and the Earth Potion was so huge! The difference between the two of them was too huge, whether it was the type of herbs needed or the time taken to make the potion!

Yun Feng looked at the second potion formula carefully. This formula also increased one's attributes. It could increase one's attacking power greatly in a short period of time, but compared to all the attributes of the Earth Potion, this wasn't surprising.

Yun Feng immediately started making the new potion. Facts proved that the manufacturing time of this potion was far shorter than that of the Earth

Potion. The herbs needed weren't much and the success rate was very high! After Yun Feng failed once, she successfully made it the second time!

Looking at the bottle of potion in her hand, Yun Feng smiled in relief. She could comprehend the second formula in such a short period of time and make it successfully. All of this was far beyond her expectation. Naturally, the shorter the time she spent completing it, the better.

Yun Feng counted all the Grandmaster Level potions she had on her. There were a total of thirty bottles. Keeping two as backup, Yun Feng planned to give the rest to the Pharmacists' Union. The Grandmaster Level potions weren't very useful to her anymore. After gathering the Grandmaster Level potions,

Yun Feng got up. She first had to send these potions to the Pharmacists' Union

in person, followed by fulfilling the promise she made with the Alliance of Killers back then.

Yun Feng took out the Sound Transmission Jade that the Alliance of Killers gave her back then and infused her aura into it. Instantly, the Sound Transmission Jade was connected.

"Are you Master Yun Feng?" A voice came respectfully. Yun Feng raised her brows and replied, "I'm here to fulfill the promise I made with the Alliance of Killers back then."

"Master Yun Feng, please wait."

After a while, the voice that met Yun Feng back then appeared. "Is it Yun Feng?" "It's me. Do you remember our deal back then?"

"Yes! Of course! So, you've already prepared the Zen Master Level potion?"

"Of course. The Alliance of Killers can send someone to fetch it," said Yun Feng. The Sound Transmission Jade, on the other hand, smiled. "How can we neglect a potion master who can make Zen Master Level potions? The Alliance Master said that he'll welcome you in person in the Alliance of Killers. If you're ready, the Alliance of Killers will pick you up. Please come to the Alliance of Killers in person. We can talk about the agreement in detail.."

### Chapter 2047: Losing Is Better Than Obtaining (2)

“Boom, boom, boom!” Countless chains hit the wall fiercely. The darkness elements spread around forcefully. In just a few seconds, the entire Crystal Plains shook again!

“She wants to destroy the entire Crystal Plains!” Qu Lanyi immediately roared. Yun Feng cursed in her mind. It was already too late to stop her. How could she reverse such scattered attacks?

“Boom! Boom, boom, boom!” A visible tremor came from the deepest part of the Crystal Plains. Yun Feng gritted her teeth. If this place collapsed, it wouldn’t be able to support the entire plain at all. In other words, the entire Crystal Plains was about to collapse. Everyone on it would die an unnatural death!

“What exactly happened? Why is it shaking constantly?” Everyone on the Crystal Plains was inexplicably panicked. Looking at the cracks on the ground that were getting clearer and clearer, they were panicking in their minds and didn’t know what to do at all! Should they give up this place? Should they give up all the mineral veins that had already been excavated here?

“Hahahaha!” Seeing that Yun Feng and Qu Lanyi were frowning, the woman burst into laughter! “Yun Feng! If this place collapses, everyone on the entire Crystal Plains will die!” The woman tore space from her back again and a spatial crack instantly formed!

Yun Feng clenched her fists. She couldn’t attack anymore. Once she and Lanyi’s power joined, everything here would lose its balance!

“You can only watch me leave in front of you. Hahahaha! You can certainly ignore the lives of these people and chase after me. However, after the people here die, everyone will know that you, Yun Feng, did it. By then, I’ll see how the East and West Alliance cleans up this mess for you!”

“How despicable.” Qu Lanyi frowned. Light element energy gathered in his palm, but couldn’t be shot out. Once he attacked, everything would be blamed on Xiao Feng! By then, the East and West Alliance would definitely change because of this!

“Yun Feng, we’ll meet again.” The woman smiled presumptuously and suddenly jumped into the spatial crack, disappearing instantly!

“Sister Hua!” Yun Feng suddenly roared as a beam of green light immediately flashed in front of Yun Feng. Yun Feng looked cold. “Do your best to protect this place! How can I help you?”

Yun Feng said, “Do you want my earth element to support you? I’m afraid so many vines will consume too much of your energy.”

Sister Hua chuckled. “Little Yun Feng, I’m a plant to begin with. What I’ve extended is just my roots. You must know that the descendants of the Demon King have an extraordinary number of roots. It’s not difficult for me to support this plain with these roots.”

“Leave it to Sister Hua.” Qu Lanyi patted Yun Feng’s shoulder gently. Both of them looked somewhere in the space. Yun Feng cursed in a low voice, “Damn it! I could only watch her escape!”

in person, followed by fulfilling the promise she made with the Alliance of Killers back then.

Yun Feng took out the Sound Transmission Jade that the Alliance of Killers gave her back then and infused her aura into it. Instantly, the Sound Transmission Jade was connected.

"Are you Master Yun Feng?" A voice came respectfully. Yun Feng raised her brows and replied, "I'm here to fulfill the promise I made with the Alliance of Killers back then."

"Master Yun Feng, please wait."

After a while, the voice that met Yun Feng back then appeared. "Is it Yun Feng?" "It's me. Do you remember our deal back then?"

"Yes! Of course! So, you've already prepared the Zen Master Level potion?"

"Of course. The Alliance of Killers can send someone to fetch it," said Yun Feng. The Sound Transmission Jade, on the other hand, smiled. "How can we neglect a potion master who can make Zen Master Level potions? The Alliance Master said that he'll welcome you in person in the Alliance of Killers. If you're ready, the Alliance of Killers will pick you up. Please come to the Alliance of Killers in person. We can talk about the agreement in detail.."
