Genius Summoner #Chapter 2051 - 2051: The True Essence of Making Medicine (2) - Read Genius Summoner Chapter 2051 - 2051: The True Essence of Making Medicine (2)

Chapter 2051 - 2051: The True Essence of Making Medicine (2)

“Kid!” Dan Qing couldn’t help but shake his head with a smile. “There’s no need for so many potions. In my opinion... three bottles are enough.”

“That’s right. Keep the rest for yourself,” said Dansu. Yun Feng certainly knew that these two elders were protecting her. The East and West Alliance needed

Grandmaster Level potions the most right now, but there were only a few

Grandmaster Level pharmacists! Did they have to make potions day and night? These two people said so because they felt sorry for her. It was precisely because of this that Yun Feng had to give them all away.

“It’s not very useful for me to keep these. With my current strength, these potions can’t help much,” said Yun Feng. Dan Qing and Dansu’s eyes brightened. “Grandmaster three-stars aren’t very helpful to you. I think your strength has increased a lot!”

Yun Feng nodded. “So, these potions are just useless for me. It’s better to give them to someone who can use them.” Yun Feng pushed the potions in front of her. “After thinking about it, I think it’s best to give them to the Pharmacists’ Union.”

Even though these potions weren’t very useful to Yun Feng, in the eyes of others, they were things that they had to snatch crazily no matter what!

The two elders looked at each other. Dan Qing said, “If you say so, kid, we can’t decline. There are too few grandmaster-level pharmacists. Dansu and I are the only ones working on the grandmaster three-star potions right now. There’s also a lot of pressure. With the help of your potions, it’s indeed a lot easier.”

Yun Feng curled her lips. “As long as I can help the two elders.”

Dan Qing chuckled. “Thank you, girl.”

“This is nothing. Compared to what you did for the East and West Alliance, this is insignificant.” Yun Feng’s eyes were sincere. She should thank these people and forces that volunteered to join the East and West Alliance. Without them, she wouldn’t have been able to establish the East and West Alliance no matter how hard she worked. Without their support, how would she have been able to fight with the Blood Souls?

“You’re treating me like an outsider,” said Dansu. Dan Qing nodded on the side. “Dansu is right. Kid, even though the two of us don’t have the opportunity to become your master, in Dansu’s and my minds, you’re our disciple. If our disciple has a request, how can we not help as masters? Don’t you agree, Dansu?”

Elder Dansu immediately nodded. Yun Feng smiled. There were too many good teachers and friends along the way who helped her when she needed help. Without their company, she wouldn’t have been able to reach this point.

“Thank you for your kindness, elders. Yun Feng is grateful. Please accept these potions,” said Yun Feng. Dan Qing nodded and accepted all the potions. Of course, these potions wouldn’t be distributed and used randomly. He could only use them when the right opportunity came, or he would let Yun Feng down.

“Kid, did you come here to deliver these potions?” After putting away the potions, Dan Qing asked again. Yun Feng nodded. “That’s indeed the case. I’m not at ease to ask someone else to deliver them. Besides, I should deliver them myself.”

“You’ve accumulated these potions over the years. Did you keep some for yourself?”

“Elder Dan Qing, don’t worry. I have a few bottles with me, but I don’t rely on potions personally. They probably won’t come in handy.”

“Alright.” Dansu said one word on the side, which made Dan Qing smile. Dansu glanced at Dan Qing dumbfoundedly and was a bit curious about why he smiled. At this moment, there was a knock on the door. Dan Qing finally stopped smiling. “Come in.”

The door was pushed open. Bai Qingfeng walked in and was relieved to see Yun Feng here. “God, thank goodness you didn’t leave, or I would really have a headache.”

“What’s wrong? Are those young people annoying you again?” asked Dan Qing with a smile. Bai Qingfeng had a headache. “Elder Dan Qing, you don’t have to tease me. This time, they’re annoying me, but Yun Feng. And not just these new young people, but also a lot of pharmacists here.”

Dan Qing frowned slightly. “Why? Do they want to compete with the girl?”

Bai Qingfeng clicked his tongue. Compete with Yun Feng? Who would dare? “That’s not it. Those new young people discussed Yun Feng’s matter loudly and other pharmacists heard them. The news immediately spread. Now, everyone knows that Yun Feng is

here. With Yun Feng's reputation in the pharmaceutical world, they certainly want to meet her and hear her speech."

Yun Feng was a bit embarrassed. Her pharmaceutical method was purely unique. It was worlds apart from traditional pharmaceuticals. How could she explain it to others?

"Bai Qingfeng, you know how I make medicine. It's useless to others even if I speak to them," said Yun Feng. Bai Qingfeng shrugged. "I certainly know, but they won't listen at all. If you don't go out and say something, I'm afraid this place won't be peaceful."

Dan Qing and Dansu frowned slightly. If this girl left just like that, all the pharmacists here would probably cause a ruckus for a while. "Kid, even though your pharmaceutical method is different, your understanding in the pharmaceutical process should be the same as that of traditional pharmaceuticals. There might be mistakes in the selection of herbs. Even though the form is different, the essence should be the same. You might as well say a few words on these points."

"That's right, Yun Feng. Your pharmaceutical talent has always exceeded others. If they can hear a few words of guidance from you, you might be able to enlighten others!" Bai Qingfeng said. In fact, he also wanted to hear Yun Feng's understanding in this aspect. He really wanted to know why her pharmaceutical skills were so superb!

Yun Feng frowned. It was a good thing to share her experience with others, but she wasn't sure if others could benefit from her. Since they had already said so, she couldn't decline. Yun Feng nodded. Bai Qingfeng was relieved. "That's great. I'll ask those people to behave themselves now." Bai Qingfeng turned around and left. Dan Qing chuckled. "This is a good opportunity. Dansu and I also want to hear your experience. It might enlighten us!"

Yun Feng curled her lips helplessly. After this, she had to get up and go to the Alliance of Killers. If the Alliance of Killers joined the East and West Alliance, everything should be ready. By then, the final battle with the Blood Souls would be about to begin. She had never had such an opportunity. This was the first and last time..

Chapter 2052 - 2052: The True Essence of Making Medicine (3)

The Pharmacists' Union was the most lively on this day. Unlike the usual bustle, it was purely lively today. All the pharmacists put down their work. Whether they were newcomers or veterans, they all gathered in the front hall of the Pharmacists' Union excitedly, almost filling the entire front hall.

"Yun Feng is really here?"

"This news is absolutely true! If I can get a few words from Yun Feng, I'll benefit a lot!"

“Indeed. She was already a three-star master many years ago. Who knows what level she has reached right now?”

“The Zen Master Level, of course! Needless to say! I’ll benefit for the rest of my life after hearing what a Zen Master Level pharmacist said!”

Everyone was discussing excitedly, and there was no lack of envy, jealousy and hatred in their eyes. Some people were envious of Yun Feng’s achievements, and there were certainly people who didn’t believe her in their minds. This was normal. Yun Feng didn’t care about such gazes at all.

“Everyone, quiet down. This is a rare opportunity. You must seize it well.” Bai Qingfeng walked out and the scene quieted down. The few pharmacists of the Yun family couldn’t help but straighten their backs. This was Yun Feng of the Yun family! She was their pride!

Soon, Yun Feng came out with Dan Qing and Dansu. She looked over and was very surprised to see so many people in the hall. Dan Qing chuckled. “As expected. Kid, even the other elders of the headquarters are mobilized.”

Yun Feng was helpless. She would only give a casual speech. She indeed had experience. If she wanted to teach it to someone else, she really wouldn’t know how to explain.

“Just say whatever you want, kid.” Dan Qing patted her shoulder and stood on her sides with Dansu. Yun Feng glanced at everyone in the hall and all kinds of gazes with different meanings glanced at her. Yun Feng said casually, “My way of making medicine is obviously different from traditional ones.”

“I’ve heard of the difference. I heard that you roast the herbs with a pile of fire and finally form them. Is that really the case?” Someone shouted loudly. Yun Feng looked over. “Indeed.”

“Most pharmacists here have never seen how you make medicine with their own eyes. Everyone knows Yun Feng’s talent in making medicine. If you don’t want to share your experience with us, you can just decline. Why do you have to find an excuse for yourself here?”

Everyone looked at the person who spoke at the same time. It was a young man in his thirties. He stood there and didn’t give in at all even though everyone was looking at him. He stared at Yun Feng with an indignant look on his face.

Bai Qingfeng frowned. There were indeed people who were dissatisfied with Yun Feng, but it was too much to say such a thing in such an occasion. “I’ve seen Yun Feng making potions. It’s indeed as you heard. However, there’s something I have to say first.

Yun Feng is willing to share her experience in pharmaceuticals because she's magnanimous. If she doesn't share it, she won't be at fault at all."

The young man moved his lips and didn't say anything. Yun Feng chuckled. "People who have seen me make medicine don't quite understand the principle of my pharmaceuticals. In the eyes of traditional pharmaceuticals, I'm an unconventional person. Since most pharmacists have never seen me make medicine and I'm willing to share my pharmaceutical experience with you, why don't I demonstrate it from the beginning to the end here? It'll certainly be good if someone can benefit from it."

"Yun Feng, you don't have to do this." Bai Qingfeng frowned. Yun Feng's way of making medicine could be considered her personal secret, but Yun Feng shook her head. "It's alright. If someone can learn my way of making medicine, I'll be delighted."

As soon as she said that, a scorching fire suddenly rose from Yun Feng's palm!

The fire burnt and the temperature around suddenly rose a few degrees! Everyone in the hall couldn't help but feel excited when they saw this. They were going to see it with their own eyes!

"There must be fire elements in my way of making potions. Secondly... the steps are quite simple." Yun Feng flipped her other hand and a herb appeared. Dan Qing and Dansu's eyes brightened when they saw this. That was a very high-level herb! It wasn't common even in the headquarters!

"Swish!" Yun Feng directly threw the herb into the fire. Her movement was very simple. She threw it in!

Everyone watching was dumbfounded, especially the young man who spoke just then! They were completely dumbfounded!

Yun Feng looked at the herb that was swallowed by the fire and then curled her lips. "The next step is even simpler. One word: wait.."

Chapter 2053 - 2053: I Trust You (1)

Waiting was easy to say, but it was quite difficult to do. The patience of people was limited. Whether or not someone could last until the end depended on how patient they were. Those with little patience would certainly abandon it in a hurry. Those with long patience would certainly be able to last until the end and reap a fruit.

After Yun Feng said that, it immediately caused a round of discussion below. Nobody would understand the deep meaning of Yun Feng's "wait" at all.

“Wait? Just wait for the potion?”

“Are you serious? Is it really that easy? If it’s really that easy, wouldn’t everyone use this method to become a master?”

Hearing the discussions of the people below, Yun Feng didn’t say anything. Dan Qing and Dansu only frowned. What exactly was in this word? They would probably only understand it after experiencing it seriously.

“Make yourself clear. If you’re so ambiguous, what’s the difference between telling and not telling?” It was the same voice as before. It was the young man with a fierce tone just then. He stared at Yun Feng and shouted again. Yun Feng raised her brows. “Am I not clear enough, or can’t you understand what I’m doing?”

The young man looked at the dancing fire in Yun Feng’s hand and the herbs that kept rolling in the fire. He said again, “It’ll be strange if anyone understands what you’re doing! If you really want to share your experience, why do you have to be so mysterious?”

There was a smile in Yun Feng’s eyes. This man said whatever he wanted. Even though his tone was indeed not good, he was quite curious.

“What’s your name?” Yun Feng raised her head and asked. The young man moved his lips and replied loudly, “Sen Wu.”

“That’s a good name, Sen Wu. The word WuO means that you’re quite smart.

You haven’t realized anything after staring at the fire in my hand for so long?” Yun Feng directly said, which stunned Sen Wu completely. He looked at the fire in front of him in a daze. This fire... represented something?

Bai Qingfeng looked at the fire thoughtfully for a while. In the end, he nodded in realization and couldn’t help but chuckle softly. I see, I see.

Dan Qing and Dansu also understood what Yun Feng meant and nodded in admiration. This girl really put in a lot of effort.

Yun Feng looked at everyone present. Only a few people could understand what she meant. The others were all confused. No matter how novel and unique her pharmaceutical method was, no matter how shocking it was in the eyes of others, it was connected to the foundation of traditional pharmaceuticals!

“Got it!” The young man called Sen Wu suddenly shouted loudly. “Got it! Even though you’re roasting it with fire and the pharmaceutical process is just this move, the herb undergo a different process in the fire. Compared to traditional pharmaceuticals, your pharmaceuticals are the same at all!”

Yun Feng looked over with admiration in her eyes and looked at the ecstatic look of the young man called Sen Wu. It seemed that he wasn't as disdainful of her pharmaceuticals as he was at the beginning. He was actually very interested, or he wouldn't be so excited.

"You're right. Even if the appearance is different, the essence of making medicine is the same. If it's fundamentally different, the result will be completely different." Yun Feng looked at the fire in her hand and continued, "The foundation of making medicine is the rearrangement of elements to reach a perfect state. If that's the case, the potion will certainly be of perfect quality when it's formed." The fire in Yun Feng's hand disappeared, and an extremely pure and clear liquid fell. Yun Feng caught it with the bottle. The color of the liquid flowing into it was very beautiful.

"One-star grandmaster, perfect quality." Dan Qing said with a smile on the side. This girl could complete the perfect quality of one-star grandmaster in such a short period of time. Compared to when he saw her make medicine with his own eyes, her improvement was more than a level!

"One-star grandmaster, perfect quality!" "She succeeded on the first try?"

"In such a short time! As expected of Yun Feng!"

Most people were exclaiming about what Yun Feng did, but very few people took what she said just then to heart. Those few words were the essence Yun Feng got over the years of making medicine. If someone could understand what she meant, they would definitely benefit a lot on the road of making medicine!

"The rearrangement of elements... Make them reach the perfect state..." The young man called Sen Wu lowered his head and frowned tightly, thinking carefully about what Yun Feng said just then. He suddenly thought of something and immediately turned around and ran out!

Yun Feng chuckled when she saw the figure leave in a hurry. At least she didn't say anything in vain this time. She turned around. "Elders, I still have something to do. I won't stay any longer. I'll leave now."

Dan Qing and Dansu were both a bit reluctant to part with her after hearing that, but they also knew Yun Feng's situation. If she had something to do, it must be something important. They couldn't delay her. "Alright, go do your work. I don't know if other people understand what you said, but the two of us are truly enlightened. We're itching to try right now!"

Yun Feng smiled lightly. "I'm still inexperienced. I still need to learn a lot from the two elders."

Dan Qing and Dansu both smiled. Bai Qingfeng also walked over. "Elders, you're right. What you said made me feel enlightened. I've been walking on the mountain for more than a few decades. If it weren't for what you said, I really wouldn't have understood the fundamentals of pharmaceuticals."

Yun Feng raised the corners of her mouth. "I'm just here to retell the guidance I received from an expert. Alright, let's not talk anymore. I'll go first. Goodbye."

"I'll see you off!" said Bai Qingfeng. Dan Qing and Dansu also nodded. Yun Feng turned around and left, causing everyone in the hall to be noisy again. However, under the harsh words of the two elders, they could only disperse and do what they needed to do.

After seeing her out, Bai Qingfeng whispered, "Thank you, Yun Feng. With your identity, it's hard for me to imagine that you're willing to share your things with others. You must know that I've seen a lot of masters, especially after joining the East and West Alliance. Those so-called masters are all very petty, without exception."

Yun Feng smiled. "It's just that everyone has a different personality. I also have a selfish side. Speaking of which, you can pay more attention to nurturing that pharmacist called Sen Wu in the future."

Chapter 2054 - 2054: I Trust You (2)

"Why? He's rude to you. Do you still value him so much?" Bai Qingfeng raised his brows. Yun Feng smiled heartily. "There's nothing high and mighty about me, Yun Feng. It's other people's freedom to talk. However, that pharmacist called Sen Wu is indeed quite smart. He's a good seedling. You can find him and nurture him. It'll certainly be great if he can be used by the Yun family."

Bai Qingfeng was stunned for a moment. Then, he burst into laughter. "Hahaha! I was wondering why you were so concerned about such a pharmacist. Is the last sentence the main point? Yun Feng, you really don't let

go of anything that's beneficial to the Yun family."

"Of course. As a member of the Yun family, I certainly have to consider for the Yun family." Yun Feng smiled gently. Bai Qingfeng nodded. "Got it. The person you like will definitely not be wrong. There are indeed very few pharmacists in the Yun family. To be honest, the members of the Yun family don't seem to be talented in potions. It's not bad if outsiders can help the Yun family. After receiving the favor of the Yun family, they should repay. After the East and West Alliance ends, I think you'll take a lot of pharmacists and join the Yun family."

Yun Feng burst into laughter. "I hope so. After all, if a large family wants to survive for a long time, strength is just one aspect."

"You're right. The Yun family is truly lucky to have you. Alright, I'll stop here. I'll pay more attention to potion talents. Leave this to me," said Bai Qingfeng.

Yun Feng nodded. "I'll leave it to you. Don't worry. I'll go first."

The two of them said goodbye. Yun Feng didn't seem to do anything on this trip, but she laid a solid foundation for the Yun family in the future. The Yun family, which had always been weak in terms of pharmacists, became a strong foundation for the Yun family to stand at the peak of the mountain not far away.

After leaving the Pharmacists' Union, Yun Feng went straight to the headquarters of the East and West Union. Since the Sound Transmission Jade was in Lanyi's hands, Yun Feng couldn't contact Yan Ming. She only hoped that he would be here when she arrived. Yun Feng thought that Qu Lanyi would arrive later. If he returned to the Yun family and found that she wasn't here, he would definitely come out to find her. However, there was no trace along the way. Yun Feng could only guess what he was doing. If he still didn't show up after she saw Yan Ming, she could only go to the Alliance of Killers with Yan Ming.

In less than half a day, Yun Feng arrived at the headquarters of the East and West Alliance in the afternoon. Shadow City was as lively as before. After flying straight into the headquarters, Yun Feng went straight to the courtyard where Yan Ming lived. As soon as she stepped in, she saw a graceful figure busying herself. "Shao Yan!" Yun Feng said. The woman looked up in surprise. "Why are you here?"

"There's something I need to talk to Yan Ming about. Is he here?" Yun Feng looked inside. Shao Yan shook her head. "My lord went out a long time ago, but he'll be back this afternoon. Is it an emergency? If it's urgent, I..."

"There's no rush. He'll be back in the afternoon. It won't be long. I'll wait for him here." Yun Feng waved her hand and found a seat in the center of the courtyard. Shao Yan smiled and continued with her business. Yun Feng looked at her back. Yan Ming had such a woman by his side, taking care of him and even being his right-hand man. Without Shao Yan's help, even the smooth Yan Ming wouldn't be able to do anything even if he wanted to.

"Shao Yan, Yan Ming still hasn't told you?" Yun Feng said. Shao Yan, who was busy, stiffened and then moved as usual. "What are you talking about? What can my lord say to me?"

Yun Feng frowned. Yan Ming still hadn't said anything? Was he going to make her wait for the rest of her life? After so many years, Shao Yan should be an old girl... "He didn't say when he would marry you?"

Shao Yan turned around and looked at Yun Feng with a complicated expression. "My lord won't marry me."

Yun Feng frowned. "Shao Yan, I think Yan Ming doesn't have that kind of feelings for me anymore. After all, so many years have passed... You've been by his side for a long time."

Shao Yan smiled wryly. "You don't understand my lord. Even though my lord's heart is unpredictable, I've been with my lord for so long. How can I not see who he likes? My lord is stubborn. As long as he's determined, nobody can change him no matter how long it takes."

Yun Feng wanted to say something else, but Shao Yan shook her head. "I know you mean well, but don't say that. It'll only embarrass me."

Yun Feng pursed her lips and didn't say anything else. A rather awkward atmosphere began to spread. Yun Feng sat there and looked elsewhere, thinking about what Shao Yan said just then in her mind.

"What brings you here?" A smiling voice came. Shao Yan, who was busy, immediately stopped what she was doing. "My lord! Why are you back? Didn't you say you would be back in the afternoon?"

Yun Feng turned around and saw sunlight shining down from behind Yan Ming. He seemed to be bathing in sunlight and his facial features couldn't be seen clearly for a while, looking especially hazy. Yan Ming walked out of the sunlight with a faint smile on his handsome face. "Things went a bit smoothly. I came back early. If I didn't come back early, I wouldn't have known that an honored guest had arrived."

Yun Feng stood up and smiled at Yan Ming. "Am I an honored guest too?"

Yan Ming said, "You're my most honored guest. Didn't you say that you were in seclusion to make medicine a while ago? You came out of seclusion so quickly. I think you've made some progress."

Yun Feng nodded. "I've made some progress." The two of them sat down. Shao Yan wanted to come over, but Yan Ming waved his hand. "Go do your thing. I'll talk to Yun Feng alone."

Shao Yan nodded and left silently. Yun Feng was helpless. "What I will say is not a big deal. It doesn't matter if she hears it. Why do you have to send her away?"

Yan Ming couldn't help but look serious. "She has other things to do. It's not sending her away. Why are you looking for me?"

Yun Feng briefly told him about the Blood Souls. Yan Ming frowned and said, "I can certainly accompany you, but do you know the background of the Alliance of Killers? If it's a trap of the Blood Souls..."

Yun Feng shook her head. "If the Alliance of Killers was related to the Blood Souls, they should have appeared a long time ago, not after the Zen Master Level potion appeared."

Yan Ming pondered for a moment. "If that's the case, I have no more questions. However... are you really going with me this time?"

The corners of Yun Feng's mouth curled up helplessly. "Lanyi has my Sound Transmission Jade. I couldn't contact him for a while. I didn't meet him when I left. Time is tight right now. I'm afraid I don't have much time to wait for him to find me."

Yan Ming curled his lips. "It's easy for you to find him. You just need to connect to your Sound Transmission Jade with my Sound Transmission Jade, right?"

Yun Feng's eyes brightened. That was indeed the case! Lanyi had her Sound

Transmission Jade! "Thank you."

Yan Ming immediately took out the Sound Transmission Jade and infused his aura into it, giving it to Yun Feng. Yun Feng held it in her hand. After a while, she felt that the call had already connected. "Lanyi, are you there?" Yun Feng called out a few times. After a while, a voice came from the other end, but it shocked Yun Feng.

"Lanyi is busy right now. Who are you? If it's an urgent matter, I can relay it for you."

It was a female voice. Her voice was very gentle and sounded like water. Yan Ming suddenly frowned and took the Sound Transmission Jade. "I'm Yan Ming. Who are you?"

"Do you need something from Lanyi?" The woman's voice continued. Yan Ming frowned more and more tightly. He looked at Yun Feng with his black eyes and found that there was nothing wrong about her. "I do need something from him, but I'm not in a hurry. However, if he's free, ask him to call back. I'll wait."

"Alright, I'll tell him. Is there anything else?" The woman's voice came again.

Yan Ming's face darkened. "Who exactly are you? Is there a woman other than

Yun Feng with Naxi Lanyi?"

A coquettish laugh came. "I thought it was something important. Wouldn't it be too boring if a man always has the same woman by his side? Besides, he'll get tired of her after too long..

"What are you doing?" A male voice came faintly. Yun Feng and Yan Ming were startled. It was Qu Lanyi's voice! Before the two of them said anything, the other party had already cut off the connection by force. When Yan Ming tried to contact her again, he was surprised to find that he couldn't get through!

Yan Ming slowly turned around. "Yun Feng, you...'

Yun Feng raised the corners of her mouth casually. "If he has something to do, let's go together. Time is tight. The Alliance of Killers won't wait long."

Yan Ming still wanted to say something, but didn't say anything in the end.

After all, this was a matter between them. He couldn't say anything yet. If Yun

Feng didn't want to talk about it, he certainly didn't want to talk about it either. Yun Feng took out the Sound Transmission Jade, the one the Alliance of Killers gave her back then. She infused her aura into it and started a connection. The other party soon replied, "Is it Master Yun Feng?"

"It's me. Everything is ready on my side." Yun Feng said with a very deep voice.

"Master Yun Feng, please wait!" Soon, a different voice came. It was familiar to Yun Feng. "I thought you needed more time, but the shorter the better. Now that everything is ready on your side, the Alliance of Killers will send someone to pick you up immediately. Where are you right now?" "See you at the gate of Shadow City in three days."

"Alright, in three days!"

After the connection was cut off, Yun Feng took a deep breath and smiled at Yan Ming lightly. "Please come with me in three days."

"I'll go with you. I'll have time to arrange the things at hand in these three days.

You... should stay here. We'll go together in three days."

Yun Feng nodded indifferently. She jumped to the sky with the tip of her foot and instantly disappeared. Yan Ming looked up at the empty sky. When he lowered his head again, his face was already cold. Naxi Lanyi, what exactly are you doing? Don't you know how to cherish such a good woman? If you really do something to hurt Yun Feng... Yan Ming clenched his fists slightly. If you don't know how to cherish her, I don't have to suppress myself anymore. I must get her heart no matter what!

Yun Feng ran all the way to the outer suburbs of Shadow City at an extremely high speed and arrived almost instantly! Sitting on the towering tree trunk, Yun Feng finally loosened her clenched fists slowly. She believed in Lanyi and his feelings for her, but the dull pain in her heart made her very uncomfortable. Who exactly was the woman next to Lanyi... What was he doing with her?

“Bang!” Yun Feng punched the tree trunk next to her. A few clear cracks instantly covered the entire tree trunk. Yun Feng took a deep breath. It had been so long. Hadn’t everything Lanyi did for her shown his feelings? It would be her fault if she doubted him because of a woman’s inexplicable words.

Yun Feng’s chaotic mood finally calmed down. She looked into the distance. Lanyi, I believe you..

Chapter 2055 - 2055: Give Her to Me (1)

In the evening, Yun Feng returned to Yan Ming’s yard. As soon as she stepped in, Yan Ming was sitting there. Seeing her come back, he smiled lightly. “Should we set off tomorrow?” Yun Feng nodded and looked around. “Where’s Shao Yan? She’s not here?”

“She went somewhere else. I didn’t tell her that we were leaving,” said Yan Ming casually. Yun Feng was puzzled, but she didn’t ask anything. It was good that he didn’t tell Shao Yan. If she knew, she would definitely follow them. Yun Feng would go somewhere with Yan Ming alone. Even though there was nothing between her and Yan Ming, Shao Yan would definitely feel miserable.

“It’s good that you don’t tell her,” said Yun Feng in a low voice. “We might take a lot of time on this trip. What do you think of the Alliance of Killers?”

“The Alliance of Killers is so mysterious. Even though you’ve already reached an agreement, the other party might not give in much in terms of interests. If there’s another guy with a brain similar to mine in the negotiation with us, it’s hard to say. What I can do is to help you maximize our interests. As for the other questions, we’ll only know when we get there.”

“Alright, got it.” Yun Feng nodded. “Then rest early.” She got up and was about to leave. Yan Ming reached out and grabbed Yun Feng’s wrist gently. Yun Feng looked back. “Anything else?”

Yan Ming wanted to say something, but hesitated. In the end, he let go of his hand. “I’m fine. Go rest.”

Yun Feng stared at Yan Ming for a while longer, then turned around and left. She jumped and disappeared. Yan Ming sat down again and sighed softly. The corners of his mouth curled up helplessly. What could he say? It was better not to say anything. He was about to get up when Shao Yan stood at the door and looked at Yan Ming with a complicated gaze.

Yan Ming raised his brows. "Have you done what I asked you to do?"

Shao Yan bit her lips and shook her head. Yan Ming looked cold. "If you're not done, why are you here?"

Shao Yan frowned. She couldn't stand it anymore. "My lord, are you leaving with her?"

Yan Ming's black eyes darkened. "This is my business."

"My lord, can't I... go with you?" Shao Yan raised her head and stared at Yan Ming. Yan Ming raised his brows. "Shao Yan, what exactly are you trying to say? I've made it very clear to you. I've never avoided your feelings. I told you a long time ago. Do you want me to say it again?"

Shao Yan smiled wryly. "There's no need. My lord, you've indeed made yourself clear. I've never given up. I've never been willing to face reality. I've been immersed in my wishful thinking. I thought you would look back at me someday. I was wrong." Shao Yan chuckled and turned around. "I'll definitely do what you asked me to do. Don't worry, my lord. Please... take care of yourself." Shao Yan ran away after saying that. Yan Ming stood there thoughtfully.

The next day, when the sky was covered in dust, Yun Feng had already prepared everything, and so had Yan Ming. Yan Ming was wearing plain clothes and didn't have anything else. "Is everything ready?" Yun Feng asked. Yan Ming smiled gently. "I only need my brain and this mouth. Don't think about anything else."

Yun Feng couldn't help but laugh. "Never mind. I brought enough things. It's the same. Let's go."

Yan Ming nodded and followed Yun Feng. The two of them walked towards the gate of Shadow City together. At this moment, it was early in the morning. Almost nobody was walking in Shadow City. Everything was shrouded in cold fog. Yun Feng and Yan Ming soon arrived at the gate of Shadow City. From afar, a figure was standing outside the city gate. Seeing Yun Feng and Yan Ming walk over, he greeted them with a smile. "You must be Master Yun Feng."

Yun Feng nodded. The person glanced at Yan Ming behind Yun Feng and smiled lightly. "Master Yun Feng, is everything ready? If everything is ready, we will set off."

“We can set off now,” said Yun Feng. The person smiled. “That’s great. Please.” He waved his hand and two flying Magic Beasts appeared in front of Yun Feng. The person jumped onto the back of a Magic Beast first. Yun Feng glanced at them. “I have my own Magic Beast. I’ll just follow you.”

The person shook his head with a smile. “Magic Beasts can’t enter the territory of the Alliance of Killers without the permission of the Alliance of Killers. Please understand, Master Yun Feng.”

“If that’s the case, we can only follow your rule,” said Yan Ming. Yun Feng glanced at the Magic Beast in front of her and didn’t find anything wrong. The eyes of the Magic Beast were wooden and stiff, without any clarity at all. These should be some Magic Beasts tamed by the Alliance of Killers as mounts.

Yun Feng jumped up with Yan Ming. The person smiled lightly and made a strange sound. The two flying Magic Beasts immediately moved after receiving the order. They spread their wings at the same time and flapped them fiercely.

Their seemingly small wings created an extremely strong wind. The Magic Beasts widened their sharp claws from the ground and instantly jumped into the sky!

As the sound of wings flapped, everything on the ground instantly became blurry and they continued to rise until a thick cloud covered everything on the ground and blocked all vision. The two flying Magic Beasts flashed through the clouds, as if they were going to a city in the sky. The person led the way in front attentively. Yun Feng and Yan Ming sat on the back of the second Magic Beast and followed him quietly.

“It seems that the Alliance of Killers has been established on a large scale for a long time.” Yan Ming said in a low voice. Yun Feng turned around. “You found that through these two tamed Magic Beasts?”

Yan Ming curled his lips. “Through a lot of things. They have tamed flying mounts. This person never said or did anything unnecessary, which shows that he’s well-trained. If a huge organization can do the details so perfectly, they’ll be extraordinary.”

Yun Feng was silent. She looked at the guide in front of her and frowned slightly. “In your opinion, how many benefits can we get for the East and West Alliance on this trip?”

Yan Ming frowned. “The Alliance of Killers has already agreed to the deal with you. They’ll definitely help the East and West Alliance. However... he didn’t tell us how hard they would help. It depends on how greedy they are.” Yun Feng chuckled. “No matter how greedy they are, we must get this ally.”

“If you say so, I’ll definitely do my best,” said Yan Ming. Suddenly, he felt that the Sound Transmission Jade in the space sounded. Yan Ming was slightly stunned. Then, he understood who contacted him.

“What’s wrong?” Yun Feng’s voice suddenly made Yan Ming come back to himself. “Nothing. I was just thinking what I didn’t arrange well before I set off..”

Chapter 2056 - 2056: Give Her to Me (2)

Yun Feng smiled lightly. “Thank you, Yan Ming.”

They had been traveling in the clouds for a few days. The speed of the flying Magic Beasts wasn’t low. After a few days of traveling, they should have reached the place where the Alliance of Killers was located, which was the Endless Ocean. However, the Alliance of Killers couldn’t be in the Endless

Ocean. It was very likely in the area on the other side of the Endless Ocean.

“It seems that the Alliance of Killers’ territory has already surpassed the Endless Ocean,” said Yan Ming in a low voice as he looked at the clouds below with his black eyes. “The other side of the Endless Ocean? In that case, it can explain why they’re unknown.”

On the other side of the Endless Ocean, Yun Feng pondered. The Vast Continent certainly wouldn’t be everything in this world. When she first came to this world, she knew that there was a mysterious continent in another part of the Endless Ocean. So far, for various reasons, the powerhouses of the Vast Continent had never stepped in, not even her master, Feng Qingxuan.

“If it’s really on the other side of the Endless Ocean, we can be considered the first people from the Vast Continent to visit it!” Yan Ming couldn’t help but feel excited in his mind. Yun Feng was silent. If that was the case, what would there be on this continent?

“Master Yun Feng, we’ll be entering the territory of the Alliance of Killers soon. There might be a little bumping. Please forgive us, Master Yun Feng.” The voice of the guide in the front came. The next second, a strong air turbulence came from ahead. The two flying Magic Beasts were instantly swept in. The flying Magic Beasts were carried in by the turbulence and kept shaking. Yan Ming was almost knocked down. Luckily, Yun Feng was quick enough to hold him back.

Feeling the chaotic air currents around her, Yun Feng understood that this wasn’t some air turbulence. This was a kind of spatial power created by humans! She also understood what the guide meant earlier. If the Alliance of Killers didn’t allow it, the other Magic Beasts wouldn’t be able to enter the territory of the Alliance of Killers at all.

“Whoosh!” After a period of such chaotic power of space, under the lead of the guide, they suddenly jumped out of the spatial turbulence. The surroundings instantly calmed down. Yan Ming heaved a sigh of relief at this moment.

“Master Yun Feng, we’re here.” The guide said in the front. The two flying Magic Beasts flew forward at a very slow speed. The thick clouds under them gradually disappeared and they could see the scenery below.

This was a very vast area with complicated terrain. The flat ground was bordered by mountains and there were forests around the valley. Yun Feng could see clearly that there were layouts similar to villages and towns on every flat ground. Looking around, there were more than a hundred of them!

Yan Ming was shocked! “Is this entire area under the jurisdiction of the Alliance of Killers? If that’s the case, the Alliance of Killers isn’t just a simple organization!”

Yun Feng was silent. She looked at the scenery that flashed past and pondered in her mind. Soon, they flew to an area with dense buildings and complete functions. The two flying Magic Beasts landed in front of an unusually towering door. Yun Feng jumped off the back of the Magic Beasts with Yan Ming and a figure walked towards Yun Feng.

“You’re here, Yun Feng.” The person who came was the middle-aged man who made a deal with Yun Feng. He still had that slightly pale face. The middle-aged man glanced at Yan Ming next to Yun Feng. “Hm? Not the guy who was with you last time?”

Yun Feng smiled gently. “It’s my freedom to bring whoever I want.”

The middle-aged man burst into laughter. “I was just asking. The Alliance Master is already waiting for you inside. Come with me.” The middle-aged man waved his hand and the guide left with the two Magic Beasts. Yun Feng nodded and followed behind with Yan Ming. The two of them observed secretly along the way.

As they went deeper, the middle-aged man didn’t hide at all. He generously let Yun Feng and Yan Ming size everything up. When they came to a very deep area, the man pushed open a door and walked in with Yun Feng and Yan Ming. After they entered, the door suddenly closed.

“Alliance Master, the pharmacist I mentioned to you earlier is already here.” The middle-aged man said with a very respectful tone. Yun Feng raised her head and looked forward. A figure was sitting in front of her. His facial features couldn’t be seen clearly, because the mask covered his face. She could only see a pair of sharp black eyes and short black hair.

“I didn’t expect the Zen Master Level potion master to be so young, and... a woman?” A cold voice came like spring water. Just hearing it made her feel cold and the voice sounded very young. Yun Feng raised her brows and said, “I didn’t expect the Alliance Master of the Alliance of Killers to be so young.”

The middle-aged man frowned slightly on the side. The Alliance Master sitting in front chuckled and pointed at the seat on the side. “Have a seat.”

Yun Feng and Yan Ming sat down, while the middle-aged man stood next to the Alliance Master. The Alliance Master leaned back in his chair. "Since you're already here, you must have brought the potion. The Alliance of Killers has never made deals with empty promises, let alone be deceived."

"Alliance Master, don't worry. Since it's a deal, I'll certainly keep my promise," said Yun Feng. She twisted her wrist and the second bottle of Zen Master Level potion appeared. Those black eyes couldn't help but emit a scorching light when he saw this. He quickly bounced his fingers on his knees and a deep laugh came. "You're indeed a straightforward person."

"I've already fulfilled my promise. How about the Alliance of Killers?" Yun Feng raised her brows as a scorching light suddenly flashed through her black eyes. She made a hand gesture gently and the middle-aged man next to her said,

"The Alliance of Killers will send three God Emperors."

Three God Emperors? Even though Yun Feng didn't say anything on the surface, she was very surprised in her mind. There were few God Emperors in the entire Vast Continent. The Alliance of Killers could easily send out three God Emperors?

Yan Ming said on the side, "A bottle of Zen Master Level potion for three God Emperors. We'll suffer a loss no matter what."

He glanced over with a fierce gaze. "Who are you?"

Yan Ming smiled lightly. "I'm the General Manager of the East and West Union,

Yan Ming. Nice to meet you."

Puzzlement flashed through her black eyes. Nobody couldn't see his face and expression behind the mask at all. Yun Feng didn't say anything else. She certainly didn't want there to only be three God Emperors. Zen Master Level potions were hard to come by. Even though three God Emperors weren't bad, three God Venerables were more suitable for the current situation.

"What do you mean?" asked the middle-aged man. Yan Ming didn't stand on ceremony. "The Zen Master Level potion. The Alliance Master should know how precious such a potion is, or you wouldn't have done anything to get it."

The Zen Master Level potion is far more precious than the three God Emperors. Even though it's an agreement, it's actually trade. When it comes to trade, both parties must be fair."

"What do you want?" asked the Alliance Master. Yan Ming's black eyes glittered.

“Alliance Master, you must understand the effect and difficulty of the Zen Master Level potion. Our request is three God Venerables.”

“God Venerables?” Mockery suddenly flashed through his black eyes and his cold voice sounded again. “It’s not impossible for me to send three God Venerables. As long as you give her to me, it doesn’t matter if you take away all the God Venerables of the Alliance of Killers.” The owner of the black eyes pointed at Yun Feng with his slender finger and looked at her with his black eyes.. “How is it?”

Chapter 2057 - 2057: Qj Yun (1)

Yan Ming’s expression suddenly collapsed. He instantly clenched his fists and the muscles all over his body tightened. Yun Feng, on the other hand, chuckled. “From the tone of the Alliance Master, there are a lot of God Venerables in the Alliance of Killers.”

A smile flashed through those black eyes as he stroked his chin with his slender fingers. “As long as you want, even I can lend myself to the East and West Alliance. How about that?”

“Alliance Master!” The middle-aged man on the side was stunned after hearing that, but the owner of the black eyes moved his finger gently and indifferently and looked at Yun Feng with his black eyes. “How is it? This won’t be a loss for the East and West Alliance. It’s worthy of your identity as a Zen Master Level pharmacist.”

“Yun Feng is the soul of the East and West Alliance. How can she belong to someone without permission? The Alliance Master of the Alliance of Killers, this request is too wishful.” Yan Ming said with an indescribable smell of fire in his tone. The owner of his black eyes snorted coldly. “Even though the Alliance of Killers has an agreement with her, a bottle of Zen Master Level potion can’t make the Alliance of Killers help her wholeheartedly. You’ve underestimated the Alliance of Killers.”

Yan Ming frowned. This Alliance Master wasn’t easy to deal with.

“One bottle of potion isn’t enough. How many bottles do you need?” Yan Ming frowned. The owner of the black eyes chuckled. “Two bottles of Zen Master Level potions in exchange for two God Emperors.”

Yan Ming curled his lips coldly. “For a Zen Master Level pharmacist, the time taken to make Zen Master Level potions is far incomparable to that of other potions. Do you think the East and West Alliance has time to wait for the God Emperor powerhouses of the Alliance of Killers in such a tense situation?

Besides, the East and West Alliance doesn’t lack God Emperor powerhouses.”

The owner of the black eyes frowned slightly, as if he was considering the feasibility of his request. Yun Feng remained silent. A bottle of Zen Master Level potion in exchange for the help of two God Emperors. Did they really think that the Zen Master Level potion was like cabbages? The value of the God Emperors couldn't compare to the Zen Master Level potion at all!

The owner of the black eyes frowned and pondered, but didn't say anything. The middle-aged man next to him said, "Then what are your conditions?"

Yun Feng looked at Yan Ming. Yan Ming nodded slightly and said in a low voice, "A bottle of Zen Master Level potion for a God Venerable."

The owner of the black eyes looked at Yan Ming with mockery in his eyes. "The Zen Master Level potion is indeed precious, but God Venerables aren't cheap."

Yan Ming chuckled. "Alliance Master, how many God Venerables do you think we need from the Alliance of Killers?"

The gaze of the owner of the black eyes turned cold. At this moment, Yun Feng said, "No matter how many God Venerables the Alliance of Killers has, the East and West Alliance only needs two." Two God Venerables could provide a lot of support to the front line of the East and West Alliance. The more God

Venerables, the better. This way, she would be more confident in facing the Blood Souls. However, Yun Feng didn't have time to make potions.

"Two God Venerables?" The owner of the black eyes said in a low voice. "So, you have two bottles of Zen Master Level potions in your hands right now?"

Yun Feng shook her head. "I only have the bottle we agreed on. As General Manager Yan said, the time needed to make Zen Master Level potions is far longer than ordinary potions."

"You mean, you want to make a second bottle of Zen Master Level potion here?" The owner of the black eyes asked loudly. Yun Feng didn't comment. Yan Ming frowned, but didn't say anything. The owner of the black eyes let out a satisfied laugh. "If that's the case, of course."

"Since we've reached an agreement, this is the first bottle of Zen Master Level potion." Yun Feng flipped her wrist and a small medicine bottle appeared. There wasn't much of the Zen Master Level potion at all. It was only enough for one use, but its effect was very obvious.

The owner of the black eyes chuckled and clapped his hands. A figure appeared out of thin air. Yun Feng's pupils changed slightly. She found that the person in front of her was indeed a God Venerable. He was a bit weaker than her.

"There's no need to waste time between us. I'll give you the potion, and he'll leave this place with General Manager Yan," said Yun Feng. Yan Ming was shocked and immediately denied it. "How can that do? You..." Yun Feng waved her hand. "General Manager Yan, I don't know when I'll complete the potion. The East and West Alliance can't proceed without you for a long time. He'll go back with you. If anything happens, you'll have a countermeasure."

"But you..." Yan Ming widened his eyes. Yun Feng raised the corners of her mouth. "Don't worry about me. I'll be fine."

Yan Ming's black eyes glittered and he didn't say anything else. Yun Feng's concerns were right. Even though he had his own selfishness and wanted to stay with her, he still had to take care of everything in the East and West Alliance. He certainly couldn't abandon the East and West Alliance, even though he really wanted to stay here with her!

"He'll leave this place with him?" The owner of the black eyes was puzzled. Yun Feng said, "That's right. A bottle of potion for a God Venerable. I'll give you the potion. Of course, this God Venerable will leave with my guy. Anyway, I'm here. The Zen Master Level potion can't escape."

The owner of the black eyes was silent for a moment. Then, he chuckled again. "Sure, I won't lose out on this deal. Qi Lin, go with General Manager Yan."

"Yes, Alliance Master!" The God Venerable called Qi Lin said respectfully without saying anything else.

Yan Ming frowned. "Even though you're leaving with me, you have to listen to my order."

The black-eyed man's eyes glittered. He raised his hand and something flew over. Yan Ming caught it quickly. When he caught it, his palm was slightly painful. He caught a small jade item. The black-eyed owner said, "Seeing this is equivalent to seeing me. Qi Lin will certainly listen to you."

Yan Ming put away the small thing. Yun Feng looked at him. "Leave now."

Yan Ming frowned and said, "If that's the case, I'll certainly listen to the Alliance Master's order. Stay here... Be careful."

Yun Feng chuckled. "Don't worry. I'll certainly be careful."

The black-eyed master looked at the two of them and chuckled. "Are you done? If you're done, I'll get someone to send him away."

"Thank you, Alliance Master, " said Yun Feng. Yan Ming nodded and raised his finger gently with his black eyes. The middle- aged man next to him walked over. "General Manager Yan, come with me. I'll send you out."

"Yun Feng, come back safely," said Yan Ming. Yun Feng nodded. "Don't worry.."

Chapter 2058 - 2058: Qj Yun (2)

Yan Ming turned around and left. The God Venerable called Qi Lin followed him. Under the lead of the middle-aged man, he pushed the door open and walked out, closing the door.

"Swish...!" A gust of wind blew and Yun Feng's body instantly retreated from the side. A hand missed her and glimmers appeared on the surface of the mask. The masked man, who was sitting in the middle just then, had already arrived in front of Yun Feng!

"I see. As a pharmacist, you're quite strong." The masked man whispered. His words sounded muffled through the mask. His black eyes were like an eagle seeing its prey, emitting an unusually interested light. Yun Feng curled her lips indifferently. "It's just so-so."

"Just so-so? You're too humble." Another gust of wind blew and the masked man returned to his seat. He gently brushed the mask on his face with his finger and tapped it gently. "I'll prepare a special pharmaceutical room for you.

Nobody will disturb you."

"Thank you," said Yun Feng. The masked man stood up. "The Alliance of Killers won't do anything to a pharmacist, especially a pharmacist at the level of a Zen Master. If you're willing to work for the Alliance of Killers, feel free to make your conditions."

"No need. I've never done anything for anyone else." Yun Feng raised her head and looked at the owner of the black eyes. This was a pair of young eyes, but the gaze they showed was so fierce. What kind of young person could take over an organization like the Alliance of Killers?

The two of them looked at each other. The masked man held Yun Feng's gaze tightly with his black eyes and a smile suddenly flashed through his black eyes.

"Why? Are you curious about me?"

Such a teasing tone stunned Yun Feng. A kind of anger rose in her heart. Was she being teased by this strange man wearing a mask? Seeing that Yun Feng didn't say anything, the masked man burst into laughter and brushed the cold mask on his face with his finger. "Of course you'll be curious. Everyone will be curious about this face under the mask."

Yun Feng curled her lips. "You're thinking too much. Who you are has nothing to do with me."

There was a slightly awkward silence between the two of them. At this moment, the door opened again. It was the middle-aged man who sent Yan Ming out. The masked man glanced over. "You've sent them out?"

The middle-aged man nodded. "They've already been sent out."

The masked man nodded. "Take this Young Lady away. In the future, do as I say. Nobody is allowed to disturb her."

"Yes, Alliance Master," said the middle-aged man. "Yun Feng, come with me."

Yun Feng didn't say anything. She followed the middle-aged man out. The door behind her slowly closed, but the gaze behind her seemed to be able to see through everything. It was still holding her tightly and wasn't willing to let go.

Under the lead of the middle-aged man, Yun Feng came to a remote corner. It was quiet around. The man pointed at the unique yard in front of him. "This is it. Are you satisfied?"

Yun Feng looked around. There was a bamboo forest next to this small yard that was very dense. It was quiet around. It was indeed not bad. "It's exactly what I need," said Yun Feng. She couldn't be disturbed when she was making potions. This place was indeed good.

"It's good that you're satisfied. In the territory of the Alliance of Killers, your sound transmission tools will be invalidated. You should focus on making medicine." After saying that, the middle-aged man turned around and left. Yun Feng looked around and her mental strength suddenly jumped out of her body, reaching the sky!

There were obstacles!

Yun Feng's mental strength returned to her body again. The test just then confirmed Yun Feng's guess. The so-called territory of the Alliance of Killers was the power of space that surrounded the Alliance of Killers! The barrier formed by this power of space blocked all contact from the outside world, so the Sound Transmission Jade would certainly lose its effect.

Was it done by that young Alliance Master? Yun Feng quickly denied her thought. That was impossible. This power of space far exceeded her strength. Even though she didn't know the strength of that masked man, he couldn't be much stronger than her. He couldn't have created such a huge space barrier, not with such strength!

"The Alliance of Killers... What kind of place is it?" Yun Feng mumbled. This was like a place isolated from the world, like a country. Were they on the continent on the other side of the Endless Ocean?

Yun Feng frowned. She wouldn't have an answer to these questions and she didn't have time to explore this place. What she could do right now was to finish the potion as soon as possible and return to the Vast Continent with the God Venerable. As for the puzzle here... After everything was settled, she would certainly come and explore if she was still interested.

Time passed in a blink. Yun Feng was focused on making the potions and didn't notice how much time had passed at all. Unknowingly, three months had passed. As expected, nobody disturbed Yun Feng. It was very quiet around. There was only a ball of fire burning endlessly. Yun Feng sat with her eyes closed and was immersed in making the potions. She didn't notice that a figure had already arrived in front of her at some point.

Yun Feng made the potion according to the new formula in her mind for the second time. According to her experience last time, it was much smoother this time. Yun Feng was about to carry out the most important step next when her mind left the potion and she instantly found that she wasn't the only one in this environment!

"Hu...!" The fire in his hand pounced on the person in front of him without hesitation. The scorching heat instantly distorted the space and blurred his vision! The person in front of her quickly retreated and dodged the fire attack. The young man in green stood not far away from Yun Feng and sized her up with his eyes that were as black as stars. "If I couldn't dodge in time, I'm afraid my face would've been destroyed by you."

Yun Feng frowned and glanced over with her black eyes. She was slightly stunned. She had seen a lot of good-looking men. The male friends around her were all good-looking. Qu Lanyi was the best, but the face in front of her made Yun Feng unable to describe it with words at all. His facial features were so exquisite that even Lanyi would probably have to yield. The face in front of her didn't seem real.

Yun Feng suddenly came back to herself. Her eyes were completely attracted by this face just then. It seemed that beauty could indeed distract people, especially such a face.

"Who are you? Don't you know the order of your Alliance Master?" Yun Feng said coldly as she returned to her normal state. It was just another handsome person.

The man raised his handsome brows. "So what if it's an order? I'm here." The man took a step closer and looked at Yun Feng with his black eyes. "Your way of making medicine is so special.. If I don't come, won't I miss it?"

Chapter 2059: Qj Yun (3)

Yun Feng sneered. The boiling fire in her hand suddenly extinguished and a ball of burnt liquid landed on the ground. "Thanks to you, I failed."

The man frowned slightly, as if he regretted his recklessness. Yun Feng said coldly, "Get out. You've already disturbed me."

The man raised his brows and looked at Yun Feng's cold face. The corners of his mouth curled up. "You're the first woman to see my face and even shout at me."

"It's just pride." Yun Feng's words were very faint. The corners of the man's mouth curled up even more. Then, he turned around. "I'll come again, Yun Feng." His body instantly disappeared. Yun Feng frowned and looked at the burnt liquid on the ground. There was certainly anger in her heart, but she had to consider before she attacked in the territory of the Alliance of Killers. Besides, that person just then... She felt like he was suppressing her.

There wasn't much time left. Yun Feng immediately started making potions for the second round. If that man came again, she would definitely attack without hesitation. There would definitely not be a second time after the first time.

As if he had guessed that Yun Feng was going to attack, that perfect-looking man never appeared again. Another three months had passed. In the blink of an eye, half a year had passed. Yun Feng's Zen Master Level potion finally completed perfectly. Yun Feng wiped the sweat on her face and couldn't help but smile. Very good, she succeeded.

Yun Feng took out the Sound Transmission Jade of the Alliance of Killers and told him the news. Soon, the middle-aged man arrived and led Yun Feng to the place where she first met the leader of the Alliance of Killers. She pushed the door open and entered. The masked man was still sitting on the high seat, but the man standing in front of him and talking in a low voice attracted Yun Feng's attention. That green robe, could it be...

"Alliance Master, Yun Feng is here," said the middle-aged man. The person who was speaking in a low voice turned around and a perfect face jumped in front of Yun Feng. It was indeed him! The man put on a smile at Yun Feng and stepped back slightly. The masked man sitting in the main seat chuckled softly. "Did your potion succeed?"

Yun Feng took out the potion. "I could have done it in a shorter time, but thanks to him, it took me more time." Yun Feng looked at the man in green. The masked man smiled happily. "Qi Yun, it turns out you ruined this potion master's business?"

The man chuckled. "I was just curious."

The masked man glanced at Yun Feng with his black eyes and nodded with his slender fingers. "The second bottle of Zen Master Potion has been made. I should send out a second God Venerable."

The man called Qi Yun raised his handsome brows slightly. "Alliance Master, let me go with her."

The masked man was a bit surprised and looked at him deeply with his black eyes. "Are you sure?"

Qi Yun smiled lightly with a perfect smile on his face. "I volunteered. How can the Alliance Master reject me?"

The masked man burst into laughter. "It's good that you took the initiative to ask. Yun Feng, Qi Yun is the fiercest general under me. You've made a good deal."

Yun Feng raised her brows. The fiercest general? In other words, not only was Qi Yun the best-looking, but his strength... was probably also the top? How strong had he become as a God Venerable? And what level was the Alliance Master of the Alliance of Killers?

After the deal was made, Yun Feng decided to leave just like that. The leader of the Alliance of Killers agreed quickly and didn't stop her at all. Even though he still said a few words, hoping that Yun Feng would work for the Alliance of Killers, he understood what Yun Feng meant. Qi Yun, the top general under the leader of the Alliance of Killers, would leave the Alliance of Killers with Yun Feng and return to the Vast Continent.

Along the way out of the Alliance of Killers, Yun Feng, who was sitting on the back of the flying Magic Beast, remained silent. Qi Yun sat on the side with a faint smile on his perfect face. He kept looking at Yun Feng. Yun Feng looked up impatiently. "Why are you looking at me?"

Qi Yun smiled lightly. "Don't you have any doubts about the Alliance of Killers?" Yun Feng's eyebrows jumped a few times. "So what if I have doubts? Are you willing to answer me?"

Qi Yun chuckled and brushed his lips with his slender fingers. His black eyes darkened. "Of course I can tell you. As long as you let me touch you here."

Yun Feng's black eyes turned cold. "You can shut up now."

The corners of Qi Yun's mouth curled up after hearing that. His body teleported and his arm grabbed towards Yun Feng. Yun Feng also reacted in an instant. She had enough strength in her hand. If he dared to get close, she would definitely punch him out!

"Crack!" A voice suddenly came from the space around. The flying Magic Beast had already jumped into the rather chaotic power of space in the outermost area of the Alliance of Killers at this moment! A gust of air turbulence instantly came and the body of the flying Magic Beast immediately fluctuated violently. Yun Feng, who was already sitting on it, was shocked by the sudden bump. She couldn't dodge in time and her body tilted. The power accumulated in her hand hit the body of the flying Magic Beast below!

With a scream, the flying Magic Beast was completely crippled by Yun Feng's power and died on the spot! Its body fell straight from the sky and was instantly torn apart by the air turbulence!

Damn it! Yun Feng's body tightened and she immediately stepped in the air. Mental strength surged out of her body and she barely resisted the power of the chaotic space that pounced on her crazily. Her body kept shaking in the air. Yun Feng gritted her teeth hard. With her strength, she couldn't resist for long at all. She had to think of a way to get out!

"Come here." A voice sounded next to her. A green figure approached and faced Yun Feng with his perfect face. The man smiled leisurely, knowing that Yun Feng had no other way out.

Yun Feng gritted her teeth fiercely. The stubbornness in her bones appeared. Her body flashed and she directly rushed forward. Yun Feng suddenly clasped her hands together and a terrifying power of fusion of elements appeared! There was the power of space around her. Since there was no way out, she would dig a way out!

Qi Yun noticed the power in Yun Feng's hand and his expression changed drastically! His body immediately flashed and he extended his hand, pulling

Yun Feng's arm. He exerted strength and an arm had already wrapped around

Yun Feng's waist, taking her forward forcefully. At the same time, the power of fusion of elements in Yun Feng's hand had already been thrown out. The power of elements collided with the chaotic power of space and neither gave in. After squeezing and rubbing against each other, the powers burst out!

"Boom!"

There was a loud noise. Yun Feng couldn't see it clearly. Her entire body was rushed forward quickly. In the chaotic power of air around her, her resistance was like a fallen

leaf flying in the wind.. She couldn't control herself at all! The power of the explosion of elements was instantly swallowed by the power of space, leaving nothing behind!

Chapter 2060: Lanyi, What Are You Doing (1)

"Do you really think you're invincible?" A cold voice came, accompanied by the sound of the wind. Yun Feng wanted to say something, but the sound of the wind came. She could only purse her lips and let this unfamiliar man, who she had only seen twice, rush forward with her.

"Swish...!" A sound came from the chaotic space. The moment Yun Feng noticed the stable space, she raised her elbow and attacked back fiercely. Qi Yun behind her was obviously stunned. He quickly let go and retreated. Yun Feng took this opportunity to withdraw her body and distance herself.

"Is this what you do to your savior? Punch and kick?" Qi Yun raised his handsome face gently. His perfect face was covered with a layer of coldness. Yun Feng frowned slightly. "Thank you for helping me just then."

Qi Yun was stunned for a moment. Then, a faint smile slowly appeared on his handsome face. "You're just thanking me?"

Yun Feng glanced over fiercely. "I don't care what you're planning. Don't try anything with me. If you don't even want this thank you, it's up to you."

Qi Yun suddenly smiled heartily. Yun Feng looked at the man in front of her suspiciously. What exactly did he want? He was quite good-looking, but his personality seemed a bit strange.

"Never mind. Where are we going now?" There was still a smile at the corners of Qi Yun's eyes. It was obvious that he was very happy. Yun Feng frowned slightly. "Go to the headquarters of the East and West Union. You'll listen to Yan Ming's command directly in the future."

Qi Yun's face suddenly darkened. "Listen to Yan Mings command?"

"That's right. The God Venerable expert sent by the Alliance of Killers last time was like this. You're certainly no exception."

"That's impossible. I can reluctantly listen to you. If it were anyone else, don't even think about it." Qi Yun looked cold. Yun Feng wanted to say something, but he stopped her first. "It's useless no matter what you say. If you insist, I'll immediately return to the Alliance of Killers."

Yun Feng was speechless. This man didn't seem to be joking. She was 100% sure that his strength was above hers right now. The help of such a powerhouse was a blessing for the East and West Alliance. Besides, she spent so much time making Zen Master Level potions. If he left, she would be the one to suffer!

Yun Feng thought for a moment. Even though she didn't understand Qi Yun, it wasn't a bad thing to have such a powerhouse by her side. Besides, she was about to face the entire Blood Souls!

"Got it," said Yun Feng casually. Qi Yun's expression finally eased a bit. Yun

Feng turned around and wanted to continue moving forward, but Qi Yun said, "You're still in the territory of the Alliance of Killers right now. You won't be able to walk out on your own."

Yun Feng looked at the thick clouds under her feet and couldn't see the scenery under the clouds at all. It was the same when she came to the Alliance of Killers. There was the same scenery around. It seemed that if she acted recklessly, she indeed wouldn't be able to walk out.

"I'll take you away," said Qi Yun as he walked towards Yun Feng. He reached out and wanted to hold Yun Feng's hand, but Yun Feng quickly dodged. "Lead the way. I'll follow behind."

Qi Yun chuckled. "Alright, follow me closely." After saying that, he had already flashed out! Yun Feng couldn't help but curse softly. This man definitely did it on purpose! Without any hesitation, Yun Feng gritted her teeth and followed behind. Luckily, she was quite fast. Even though she struggled, she didn't lose Qi Yun. The two of them flashed through the thick clouds at an extremely high speed one after another. Yun Feng widened her eyes and stared at the green figure in front of her firmly. If she didn't keep an eye on him, she would be completely lost here.

The thick clouds were already getting thinner and thinner as she kept moving forward. Yun Feng understood that she was about to get out of the territory of the Bloodthirsty Union. As expected, after a while, the thick clouds under her had already disappeared. What appeared in front of Yun Feng was a vast ocean that was as black as ink, the Endless Ocean!

She heaved a sigh of relief in her mind. They were finally back. Yun Feng couldn't help but slow down. The lightning-like chase just then made it very difficult for her. If she hadn't gritted her teeth and persevered, she probably wouldn't have been able to follow him. Qi Yun in front of her stopped and turned around, walking over from the air. Yun Feng looked up at him and didn't say anything.

Qi Yun looked at Yun Feng with a perfect face. "Why? Are you tired already?"

Yun Feng knew that he was provoking and mocking her, but she didn't have to care at all. After calming herself down, Yun Feng straightened her body and looked ahead with her black eyes. She couldn't wait to rush back. For half a year, she had been in the territory of the Bloodthirsty Union. Yan Ming would definitely tell others about her situation. Nothing like before would happen. However, Yun Feng was still worried about one person in her mind, Qu Lanyi.

I wonder how Lanyi is doing. This thought flashed through Yun Feng's mind. She couldn't wait to see him and rush into his arms... He must be worried about her.

"What are you thinking about?" A figure approached like a ghost. Yun Feng's hair all over her body stood on end and she immediately retreated hundreds of meters! "Don't get close to me so easily! Qi Yun, don't be too presumptuous!" Yun Feng couldn't help but shout. Qi Yun stood in the air and the corners of his perfect face curled up slightly. "I didn't do anything. I was just reminding you when you were in a daze."

A ball of fire couldn't help but rise in Yun Feng's heart. This inexplicable man!

"Don't think you can do whatever you want just because you're stronger than me!" Yun Feng was kind of enraged. Qi Yun raised his brows and didn't say anything else. Yun Feng turned around and walked forward at an extremely high speed. What exactly did Qi Yun want?

Yun Feng rushed all the way to the headquarters of the East and West Alliance. She didn't expect to see the person she had been thinking about the moment she arrived in Shadow City, nor did she expect to see Qu Lanyi alone.

After stepping into the headquarters, Yun Feng went straight to Yan Ming's yard. She wanted to find Yan Ming immediately and then find Lanyi through Yan Ming! When she stepped into the yard, a figure was standing with his back facing Yun Feng. Yun Feng immediately stopped. She couldn't be more familiar with this figure!

"Lanyi!" Yun Feng couldn't help but call out. Her body suddenly trembled and she quickly turned around. A scorching light shot out of her black eyes when she saw Yun Feng!

"Xiao Fengfeng!" Qu Lanyi moved and was about to move, when a voice suddenly sounded from the side. "Lanyi, what are you doing?"

Yun Feng's body stiffened. She had heard this voice before. It was the woman who spoke on the other side of the Sound Transmission Jade that day! Yun Feng looked at Qu Lanyi. His expression was stiff and so was his body. Yun Feng frowned. What was going on?

A pretty figure walked out and walked to Qu Lanyi. She sized Yun Feng up provocatively.. "You're Yun Feng?"

Genius Summoner #Chapter 2061 - 2061: Lanyi, What Are You Doing (2) - Read Genius Summoner Chapter 2061 - 2061: Lanyi, What Are You Doing (2)

Chapter 2061 - 2061: Lanyi, What Are You Doing (2)

Yun Feng looked over with her black eyes. "I'm Yun Feng. Who are you?"

The woman chuckled and leaned towards Qu Lanyi. Qu Lanyi immediately stepped back and completely dodged. The woman widened her eyes in complaint and looked at Yun Feng. "Didn't Lanyi tell you about me? My relationship with him is extraordinary."

Qu Lanyi's face immediately darkened. His thin lips moved slightly and he wanted to say something, but didn't say anything in the end. Yun Feng frowned and walked forward, standing next to Qu Lanyi and blocking the woman. "No matter what your relationship is with Lanyi, he's my man right now."

The woman was obviously stunned. Then, she chuckled again. "Your man? I don't think he'll be your man anymore. Don't you agree, Lanyi?"

Qu Lanyi's body stiffened again. "Don't go too far!" A voice jumped out of his teeth. The woman raised her head proudly. "Are you coming over or not?"

Qu Lanyi's body completely froze. He moved his feet with difficulty and walked past Yun Feng to stand next to the woman. Seeing this scene, Yun Feng frowned. How would she watch her man be threatened by another woman?

She attacked! Her mental strength surged out. Qu Lanyi immediately roared, "Xiao Fengfeng, no!"

The woman stood there and didn't dodge. She looked at Yun Feng mockingly. Yun Feng didn't understand why she was like this, but the moment her mental strength hit the woman, Yun Feng already understood! Her mental strength hit a few centimeters in front of the woman and was suddenly bounced back by an inexplicable force, hitting Yun Feng!

Rebound?! Yun Feng widened her black eyes! Her power was completely rebounded and its speed was very fast. Yun Feng didn't expect this and could only retreat in panic! At this moment, a force came from her side and collided with the rebounded mental strength. The rebounded mental strength was completely suppressed!

A green figure also walked in. His perfect facial features were a bit gloomy. He squeezed the air fiercely with his finger and all the power immediately dissipated. The

woman, who was feeling proud, was obviously stunned when she saw the green figure. "Who are you?"

Qi Yun frowned and directly walked to Yun Feng's side. He bent his finger slightly and knocked Yun Feng's forehead gently. "You almost suffered a loss, didn't you?"

Such an intimate move made Yun Feng immediately step back. Qi Yun chuckled and looked up at the woman with his black eyes. A dark cloud fell on his perfect face. "You just have a special physique. Do you really think nobody in this world can do anything to you?"

The woman's body trembled for no reason. She took half a step back and hid behind Qu Lanyi. A hint of gloominess and impatience flashed through Qu Lanyi's eyes, but he didn't say anything.

"If you hurt her next time, I won't let you go," said Qi Yun. A hint of coldness suddenly flashed through the woman's heart. She couldn't help but grab Qu Lanyi's sleeve for a sense of security. Qu Lanyi shook her off in disgust. The woman couldn't help but say, "If you still want to know that news, treat me better!"

Qu Lanyi's black eyes were extremely gloomy. If possible, he would definitely kill this woman with his own hands!

"Lanyi, who exactly is she? And... why is it like this?" Yun Feng said. She had never doubted Lanyi's feelings for her. In the current situation, Lanyi was clearly coerced by this woman!

"Let me explain." Yan Ming walked out from the side and looked at Qi Yun next to Yun Feng. "Is this... the second reinforcement of the Alliance of Killers?"

Yun Feng nodded. Yan Ming looked at the woman behind Qu Lanyi and couldn't help but chuckle mockingly. What a stupid woman. Did she think she could take a man away in such a way?

"This woman intercepted information about the Blood Souls' Base," said Yan Ming very clearly. "And her condition is to get him."

Qu Lanyi's expression became cold again. He had had enough! If it weren't for the news about the Blood Souls' Base, he would definitely think of a way to get rid of this disgusting woman!

"Hand it over." Yun Feng's expression couldn't help but turn cold. The corners of the woman's mouth curled up. "No attack is effective on me. Even if you're Yun Feng, you can't do anything to me! If you want me to hand over the information, sure! Ask this man to marry me, and I'll hand it over! Otherwise, don't even think about it!"

Yun Feng sneered and slowly narrowed her black eyes. "If you don't hand it over, I'll let you have a taste of being torn into pieces." If attacking didn't work, she would exchange it for the sharp teeth and claws of a wild beast!

"It's useless. All attacks are useless. Naxi Lanyi must've tried a lot of ways, or he wouldn't be in his current state," said Yan Ming. He felt a bit sympathetic in his mind. It was better not to be too outstanding. He had provoked such a woman.

Yun Feng was surprised. There was such a physique in the world? Wasn't someone with such a physique invincible? It would be fine if this woman intercepted other information, but she intercepted information about the Blood Souls' Base! Lanyi must have put in a lot of effort to find out such information, but he was intercepted by such a woman for no reason and used as a threat!

All the attacks were useless. She couldn't abandon this information! Was Lanyi really going to marry this woman? Yun Feng suddenly clenched her fists. Of course not!

Qi Yun smiled gently. "Is there really such a thick-skinned person in the world? This is the first time I've seen someone threaten a man with such a physique."

"What kind of physique is this? Is there a way to break it?" Yun Feng looked up. The corners of Qi Yun's mouth curled up and his perfect face looked even more handsome. "You want to know?"

An uncomfortable feeling couldn't help but flash through Yun Feng's heart. Qi Yun put on a smile. "Of course there's a way to crack it. I can tell you, but my request is the same as hers. If you're willing to marry me, I'll tell you. How about that?"

"You...!" Qu Lanyi's black eyes were a bit red. Yan Ming quickly grabbed him.

"Don't be impulsive."

Hearing this, the woman raised her voice and said, "That's a good suggestion! You'll marry her and he'll marry me. Not bad, not bad!"

Qu Lanyi glanced at him coldly. "I'll definitely kill you with my own hands!"

The woman blinked and mumbled like a love-struck fool, "I like how cold you are, Lanyi."

Qu Lanyi's temples throbbed fiercely and the veins on his forehead were almost popping out! After a moment of shock, Yun Feng became calm. She strode to Qu Lanyi's side and held the man's hand firmly. The woman was immediately unhappy and wanted to squeeze forward and pull him away by force. Yun Feng pushed hard with her hand, and the force was all returned, just like before. Qu Lanyi quickly held Yun Feng in his arms and endured all the force with his body.

“Let go! Let go!” Seeing that the two of them were hugging each other, the woman was enraged and was about to rush over. Yun Feng held Qu Lanyi’s body tightly and dodged gently, making the woman miss. “Let go of him! Do you hear me?” The woman missed and screamed. Yun Feng curled her lips coldly. “We don’t want the information you intercepted.”

The arm holding Yun Feng tightened. Yun Feng looked up and saw a wry smile on Qu Lanyi’s face. Yan Ming sighed hard. “Yun Feng, I’m afraid it’s not up to you this time.”

Yun Feng was stunned. Qu Lanyi lowered his head and looked at Yun Feng with his black eyes. “The Blood Souls have already attacked. Xiao Feng, the battle... has already begun.”

Yun Feng’s heart shrank fiercely as she glanced at Yan Ming. Yan Ming sighed again. “If this news hadn’t been intercepted, the East and West Alliance might have taken the initiative, but now... The Blood Souls’ attack was sudden. They seemed to have already prepared everything and attacked abruptly. We missed the initiative. Even though the situation is still under control, the information she has is the key if we want to turn the situation around.”

“The nest of the Blood Souls is where the Soul Master and the Darkness Seed are,” said Qu Lanyi in a low voice. Yun Feng’s eyes brightened. So that was the case... So that was the case! How much effort did Lanyi put in to find out such information?

“If we don’t destroy the Soul Master and the Darkness Seed, the power of the Blood Souls will be endless. This is the conclusion we’ve come to since the battle began.” Yan Ming looked calm. “Yun Feng, you must know that if this goes on, it’ll be useless no matter how many God Venerables there are.”

Yun Feng’s heart tightened. Qu Lanyi loosened his arm and gently pushed Yun Feng away. Yun Feng inexplicably felt panicked and couldn’t help but grab forward. However, Qu Lanyi’s sleeve slowly floated past her fingertips. Qu Lanyi walked to the woman and endured the nausea in his heart.. “Didn’t you want me to marry you? Alright! I’ll marry you!”

Chapter 2062 - 2062: Don I t Even Think About Leaving My Side (1)

“Really?” Her pretty face was full of joy. Yun Feng couldn’t help but exclaim,

“Lanyi!”

Qu Lanyi frowned. Yan Ming also pursed his lips and didn’t say anything. Who would have thought that such a misunderstanding would happen in the current situation?

Everything happened too suddenly. If he didn't compromise, all their efforts over the years might be in vain!

Qu Lanyi sneered. "Of course."

The woman almost smiled until her eyes curved. Yun Feng clenched and unclenched her fists repetitively. Could she say no? Could she? Was she going to be blackmailed by a woman despite all the hard work along the way? She had to rely on her lover to protect everything at a critical moment! Yun Feng clenched her fists fiercely. Even though she had all her abilities and was powerful, she couldn't do anything at this moment! She had to watch her lover marry another woman to fulfill her wish!

Yun Feng suddenly raised her head and looked at the endless blue sky above her head with her black eyes. Was this the tribulation of fate? Even though it was not the same as her previous life, how was it different from her previous life? At the last moment, couldn't she resist this tide after all?

"Hahaha, hahahahahaha!" Yun Feng suddenly burst into laughter. She, who was a God Venerable right now, was forced to such a point! Rather than that, it was better for her to face the Blood Souls directly! She didn't have to care about the news of the base! At most, she would die with them!

"Yun Feng..." Yan Ming's heart suddenly sank when he heard this laughter. He could more or less understand Yun Feng's mentality. If it were him...

"Xiao Fengfeng..." Qu Lanyi's heart was about to break. He clenched his fists. She was right in front of him, but he couldn't get close to her. What kind of fate was this? God was too unfair! Where did this inexplicable woman come from? He couldn't let Yun Feng's efforts go to waste. He had to defeat the Blood Souls no matter what! Even if he married another woman, no matter what, even if he didn't deserve to be with her in the future, he had no complaints! All of this couldn't be destroyed like this!

"Since you're laughing, you must know that there's no turning back. Even though I'm sorry, this man is mine." The woman raised her head and smiled proudly. Yun Feng turned around after smiling and looked at her deeply with her black eyes.

"Do you really think you can threaten me with such a despicable method? That you can steal my man?"

The woman couldn't help but blush in anger. "You heard it! Lanyi said just then that he wants to marry me!"

Yun Feng sneered and curled her lips indifferently. "So what if he said it? Did I agree?"

The woman was stunned, and so was Qu Lanyi. Qi Yun frowned slightly and didn't say anything. He looked at Yun Feng thoughtfully.

“He said he wants to marry me. Does he need your permission? Who do you think you are? Can you control him?” The woman’s voice couldn’t help but rise. Yun Feng burst into laughter and gently brushed the hair on her forehead with her hand. She said casually, “Of course, I’m the one who decides. His life is mine.”

With such a powerful momentum, the woman couldn’t say anything even if she wanted to. In the end, she was truly at a loss for words and returned to the beginning. “Don’t you want the information I have? Do you want the Blood Souls to slaughter all the East and West Alliances, including the members of the Yun family?”

Yun Feng curled her lips with coldness in her black eyes. “You don’t have to tell me that. I’ll resist them as much as possible. If I can’t, it won’t be bad to die together.”

Qu Lanyi suddenly frowned. Yun Feng’s attitude was completely different.

What she said was also unusually cold. Yan Ming was a bit surprised by Yun Feng’s change of attitude. This was the first time he had seen Yun Feng like this.

“The Yun family... You don’t care about it anymore?!” The woman shouted loudly. Yun Feng glanced over indifferently. “As members of the Yun family, we’re never afraid of facing death.”

“You...” The woman was already speechless. Yun Feng’s attitude was very obvious. I don’t need your information. Just hold it in your hand until it rots!

“Yun Feng, the current situation...” Yan Ming said. Yun Feng glanced over coldly. “You don’t have to tell me the current situation. You only need to tell me where the front line of the battle is.”

“What are you doing?” Qu Lanyi reached out and was about to grab Yun Feng’s wrist. Yun Feng dodged coldly. Qu Lanyi’s heart ached fiercely. Did Xiao Fengfeng hate him... Did she hate him for yielding?

“From now on, whatever I do has nothing to do with you. Similarly, what you do has nothing to do with me,” said Yun Feng. Qu Lanyi’s expression completely froze.

“What... do you mean?”

“Literally what it means.” After saying that, Yun Feng took a step back and looked at Yan Ming. “Where’s the front line?”

Yan Ming almost frowned. “Yun Feng, what exactly are you doing? Even if you go to the front line right now, you won’t be able to resist the endless attacks of the Blood Souls. Didn’t I say just then that if you can’t get rid of the Soul Master and the Darkness Seed, the power of the Blood Souls will be endless?”

Yan Ming was stunned. What exactly was wrong with her? She seemed to have become a different person right now! Was it because of Qu Lanyi? "It's fine if we don't want the information in her hands, but you can't be impulsive! We'll think about it at length!" Yan Ming gritted his teeth. If Yun Feng said she didn't want it, so be it. He couldn't let her take the risk alone no matter what!

"You really don't want the information? Yun Feng, if you die, nobody will be able to survive," said Qi Yun. Qu Lanyi wanted to say something, but seeing Yun Feng's cold face, he didn't know how to say it!

Yun Feng turned around and glanced over. "Didn't I say just then that it's a good choice to die together?"

"You..." Qi Yun couldn't help but frown. "Do you really not care about the lives of those people?"

Yun Feng was cold and stupid. "I can't even protect the person I love in my heart. How can I care about the life and death of others?"

Qu Lanyi's heart ached again and his body was as stiff as a stone. Didn't she want everything she wanted to protect with her life?

"Yun Feng!" Yan Ming couldn't help but roar. The current situation was already chaotic enough.. Why did she have to add to the trouble? Where was Yun Feng from the past?

Chapter 2063: Don't Even Think About Leaving My Side (2)

Qi Yun frowned hard. In the end, a helpless smile appeared on his perfect face. "Never mind. Remember, Yun Feng, you owe me a favor." As soon as Qi Yun said that, his body flashed and he directly went towards that woman. The woman stood there with a complacent look. Any attack was useless against her! Nobody could hurt her!

"Ugh!" With a grunt, the woman widened her eyes in surprise and waved her limbs desperately. She screamed and wanted to move away the big hand that was holding her throat firmly. The unusually perfect facial features in front of their eyes were extremely ferocious right now. He was the devil who wanted her life!

How could this be? How could this be? The woman blushed and struggled desperately with her legs in the air, but she couldn't escape no matter what. "Let... Let go..." Redness appeared in the woman's eyes. It was already difficult for her to breathe. Her body twitched slightly in the air and she was hanging there with her last breath!

"Are you handing over the information or not?" Qi Yun's perfect lips opened, but his pleasant voice was like a rope that wrapped around her neck firmly!

The woman opened her mouth desperately, but she couldn't breathe at all. Her eyes were almost popping out. "No, no..."

Qi Yun chuckled and tightened his fingers bit by bit. "If you don't hand it over, I'll certainly have a way to find it from you. I'll give you one last chance. Whether you want to live or not depends on you."

He was telling the truth! The woman's heart tightened fiercely. This man... Why was this man so terrifying?

The woman nodded desperately and waved her feet fiercely. "I... I'll... I'll hand it over..."

Qi Yun loosened his fingers slightly and a mouthful of air was poured in. The woman panted in a sorry state. Her body rose and fell violently. The terrifying feeling of lingering on the verge of death couldn't go away. The woman's body kept shaking. She flipped her hand and something appeared in her hand. Qi Yun raised his brows and took it, shaking it at Qu Lanyi. "Is this it?"

Qu Lanyi nodded solemnly. Qi Yun put on a smile. The woman quickly said,

"Let... me go!"

"Crack!" The sound of bones breaking came. Qi Yun exerted strength in his fingers again. After this crisp sound of bones, the woman's head hung crookedly on her body and she died instantly! Qi Yun loosened his hand and the woman's body collapsed on the ground like cotton. She died cleanly and the expression on her face was also frozen on the fear of death, looking very ferocious.

Yun Feng watched this scene coldly. Qi Yun slowly walked over. Qu Lanyi subconsciously wanted to stand in front of Yun Feng. Qi Yun raised his brows. Yun Feng pushed Qu Lanyi away. Qi Yun chuckled when he saw that. He walked to Yun Feng and handed the thing to her. Yun Feng didn't take it, but looked at Qi Yun indifferently. Seeing that, Qi Yun couldn't help but chuckle again. "Don't worry. I'll give it to you unconditionally."

Yun Feng raised her brows and reached out to take it. Qi Yun chuckled and reached out to touch the top of Yun Feng's soft head. This action suddenly startled Yun Feng. An inexplicable feeling filled her entire body. It wasn't rejection, not hate. What kind of feeling was this...

Qi Yun touched the top of Yun Feng's head with his big hand and put on a smile at the corners of his mouth. "You're special. I can't help but want to tease you. Don't worry. It won't happen again." He retracted his hand and looked at Yun Feng with a smile. Such a gentle expression made Yun Feng even more confused. She couldn't help but ask, "Who... exactly are you?"

Qi Yun smiled even more gently. "Didn't I tell you that my name is Qi Yun?"

Yun Feng frowned. This man had been doing a series of inexplicable things to her back then, but now, he gave her a kind of gentleness. This feeling... seemed to be a kind of affection?

"It's good to get rid of that woman. Keeping her alive will be a disaster in the end. Luckily, she's not strong, or it would be tricky enough," said Yan Ming. "Now that we've got the information, Yun Feng, are you still going to the front line?"

Yun Feng threw the thing in her hand away. Qu Lanyi immediately reached out and caught it. Yun Feng looked at him with her black eyes. "Tell me what to do after you discuss with Yan Ming." After saying that, Yun Feng turned around and was about to leave. She stopped slightly. "Qi Yun, come with me."

A smile appeared on his perfect handsome face. Qi Yun nodded and left with

Yun Feng. Qu Lanyi's face turned cold and he was about to chase after her. Yan Ming stopped him. "Why are you blocking me?" Qu Lanyi couldn't help but feel enraged. Yan Ming raised his brows coldly. "Even if you chase after her, do you think Yun Feng will care about you?"

Qu Lanyi was stunned. Yan Ming sighed. "Yun Feng is angry with you and herself. That situation just then humiliated her a lot. You must understand how she feels."

"I know. That's why I want to chase after her!" Qu Lanyi was enraged. Yan Ming sighed again. "Naxi Lanyi, do you know women at all? If you want to chase after her, just do it!" Yan Ming simply let go. Qu Lanyi was stunned for a moment. His body stiffened again and he stood there, looking at the two figures that had already disappeared in front of him.

"What can I do? God knows, I don't even want to look at any women except her! I've been by her side along the way. She worked hard. She's been on the verge of death several times. I know all this! It's precisely because I know everything that I don't want her hard work to be destroyed. It's precisely because I know everything that I have to protect everything she wants to protect with my life! Even if I have to sacrifice myself, even if... I'm not qualified to accompany her, I'm willing!"

Yan Ming listened quietly. These two people had a deep love for each other, which was why it was easy for them to hurt each other. "How can Yun Feng not understand your painstaking efforts? It's precisely because she understands your compromise, your submission, and your lack of choice that she hates herself more." Yan Ming said and sighed again. "Let her calm down. Luckily, the situation is back in our control again, thanks to that person called Qi Yun." Speaking of this, Yan Ming frowned. "Can you see through Qi Yun's strength?"

Qu Lanyi smiled helplessly and looked gloomy. "I can't see through him.

"A bottomless pit..." Yan Ming mumbled. "It seems that there are more mysteries in the Alliance of Killers. God Venerables... It seems that they're just a pretense. "

The two men both looked serious. It would be fine if this person called Qi Yun was on Yun Feng's side, but if he wasn't... it would be very tricky!

The Sound Transmission Jade suddenly lit up. Qu Lanyi immediately took it out and picked up. Ao Jin roared from the other side, "F*ck, do you have a result or not? I've been holding back for so long. When can I attack? If you don't have a result, I don't care!"

"Young Master of the Golden Dragons, the result is out. Give me two days!" said Yan Ming. Qu Lanyi said, "Ao Jin, why are you in such a hurry? You've been holding back for so long. Two more days won't be too much for you."

"Kid! Have you settled that woman? If you can't, I'll kill my way over and skin her alive!"

Qu Lanyi sneered. "She's dead."

"She's dead? Great! F*ck, I worked hard to get the information, but she took it away. I'm already full of anger! Yan Ming, hurry up!" After Ao Jin shouted, the connection had already been cut off. Yan Ming couldn't help but heave a sigh of relief. The Young Master of the Dragons had an unusually bad temper. If it weren't for Qu Lanyi, even he wouldn't have been able to convince him to endure for so many days.

"Is two days enough to arrange everything?" asked Qu Lanyi. Yan Ming pondered for a moment. "It's enough to arrange everything."

Qu Lanyi nodded. "Alright. It's time to end such a long battle. Let's make this world cleaner. So much black... shouldn't exist." He raised his hand and a wisp of dark elements roared out, swallowing the corpse on the ground, leaving nothing behind.

That night, Yun Feng returned to the headquarters again. As soon as she stepped into the courtyard where she lived, a figure was already waiting for her. Yun Feng walked over silently and sat down. "What's the matter?"

He turned around and looked a bit gloomy under the moonlight. Qu Lanyi looked at Yun Feng deeply with his black eyes. The two of them were silent. Qu Lanyi's thin lips moved and he whispered slowly, "You're still unwilling to forgive me?"

"I've never blamed you. How can I forgive you?" said Yun Feng. Qu Lanyi suddenly clenched his fists. "Yun Feng, you're really unwilling to forgive me!"

Yun Feng looked up and their eyes met in the air. “Lanyi, you’re not wrong. I’m the one who’s wrong.”

Qu Lanyi was stunned and didn’t quite understand what Yun Feng meant. Yun

Feng looked indifferent. “I’m the one who’s in the wrong. If it weren’t for me, if I hadn’t come to this world, perhaps this world wouldn’t have changed just like that. Even if the Yun family can’t shine in the world, they can live a peaceful life. Many people in the East and West Alliance wouldn’t have joined this war without me. The fate of many people... wouldn’t have changed.”

Yun Feng’s tone became lower and lower. “If I hadn’t come to the Masang School of Magic, if I hadn’t fallen in love with you, you wouldn’t have encountered such things. So... I’m to blame for everything.”

“Yun Feng!” Qu Lanyi roared and interrupted Yun Feng. “What do you mean by that? Don’t you think it’s too late to draw the line with me?”

Yun Feng looked up and the corners of her mouth curled up. “It’s not too late. Lanyi, your life might be better without me.”

“Are you determined to leave me?” Redness rose in the depths of Qu Lanyi’s black eyes. “Are you going to deny our relationship so easily and everything we’ve spent our energy on? In your opinion, can you let go of everything so easily?”

Yun Feng was stunned and her heart was full of bitterness. Put it down? How could she put it down?

“Time will solve everything... It will...” Yun Feng whispered casually as a gust of wind came. Her entire body had already been pulled into a wide chest by force and her lower forehead was lifted by force. Yun Feng only saw a pair of red eyes. Then, a very rough kiss landed, torturing her lips fiercely.

Their lips touched. There was no gentleness, no warmth at all. There was only anger and pain.. There were only waves of heartache and helplessness!

Chapter 2064: Gathering (1)

The warm afternoon sunlight shone on Shadow City. A group of figures flew over the sky of Shadow City, leaving a line in the air like big geese crossing the border, extending endlessly into the distance. Everything was about to end. Everything began again in Shadow City.

As they moved forward, Yun Feng knew what they would face at the end of the trip. It was time to gather their strength. Qu Lanyi held Yun Feng's hand and walked in the front, while Yin Yue and Qi Yun followed behind. "Who do you plan to have travel with you?" asked Qu Lanyi in a low voice. Yun Feng smiled lightly. "Uncle Flirtatious, you don't have to say anything. We'll need the help of the Fire Element Seed on this trip. Ze Ran... will definitely go. Counting you, me, my contracted Magic Beasts and Qi Yun, it shouldn't be a problem."

"You're not letting Yun Qi go?" Qu Lanyi raised his brows. "What about Mu Canghai?"

Yun Feng shook her head. "Forget Second Brother. Even though Mu Canghai's power of space is powerful, we should be facing masters who are no weaker than God Venerables. The power of space is much weaker."

Qu Lanyi frowned slightly. "You can choose whoever you want. Where should we go first?"

Yun Feng pondered for a moment. "Let's go to the front line to see Ze Ran first, then find Uncle Flirtatious. We can set off."

"Alright." Qu Lanyi nodded and held Yun Feng's hand tightly as they walked forward. Yin Yue, who was following behind, glanced at Qi Yun next to him and whispered, "Your name is Qi Yun? What's your relationship with Yun Feng?"

Qi Yun was expressionless. The side of his face that was revealed was extremely perfect, but it was as cold as a statue. Seeing that he didn't say anything, Yin Yue couldn't help but smile. "I think your relationship is unusual, right? General Manager Yan said that you volunteered to come. Are you interested in Yun Feng?"

Qi Yun turned around and looked at Yin Yue with his black eyes. Yin Yue curled her lips. "Am I right?"

Qi Yun's eyebrows moved slightly. Seeing that he still didn't say anything, Yin Yue couldn't help but smile even more happily. "If you're interested in her, don't miss her. She's indeed a good woman... However, she doesn't suit him."

Qi Yun raised his brows. Yin Yue continued, "With your strength and appearance, are you afraid that you won't be able to conquer a woman? The Yun family has the bloodline of a summoner. The descendant of such a bloodline must be astonishing. Even though I don't know what you mean, if I were a man, I definitely wouldn't just watch."

Qi Yun frowned slightly and turned his face around, ignoring Yin Yue. Yin Yue didn't say anything else either. She looked at the hands of the two of them in front of her and bit her lips gently. She thought he was a man who wouldn't be tempted at all. She thought no woman would catch his eye. After all, he had such a noble identity and ability. She

thought he would always be like this. She didn't expect... that when they met again, a figure was already standing next to him!

"You like him?" Qi Yun suddenly said. Yin Yue was stunned for a moment. In the end, she smiled indifferently. "So what if I do? If he still has Yun Feng in his heart, I won't have a place to stand."

Qi Yun was silent, and so was the other. They both looked at the figure with their hands clasped in front of them. Only they knew what they were thinking.

The most intense ones were the areas between the territories of various forces. In many battles, there were victories and losses. The Blood Souls more or less occupied some areas and set up strongholds nearby to start a protracted war. The East and West Alliance was the same. They were stuck in a stalemate.

The front line was divided into several areas. Ze Ran was on the East Continent. When Yun Feng arrived, a battle happened to have ended. Both parties had casualties. Yun Feng was immediately recognized when she arrived. "It's the Alliance Master!"

"Oh God! It's really the Alliance Master!"

"The Alliance Master is here on the front line! Is the final battle about to begin completely?"

"Master Alliance Master!" A very thick voice came. Yun Feng looked over and saw a stout man walking over. He was wearing the badge of the Mercenary Union on his chest. Almost everyone along the way was wearing the badge. They were all mercenaries of the Mercenary Union.

"How are everyone's injuries? Are the potions enough?" Yun Feng asked with concern. The mercenary immediately replied, "Don't worry, Alliance Master. The Pharmacists' Union has enough potions. Everything is fine here! What can

I do for you, Alliance Master? I'm the captain here!"

"You've done well. It's been hard on you to resist the Blood Souls. I hope everyone won't be discouraged. Keep up the good work!" Yun Feng said. Even though she was a woman and seemed to have a slim body, what she said gave people infinite power!

"Don't worry, Alliance Master. We'll definitely do our best! We won't let the Blood Souls have an easy time!" The man roared fiercely. The others on the side also roared extremely forcefully. Even though they were all injured and looked like they were in a sorry state, their hearts were full of power!

"You still have the strength to shout. It seems that everyone is very good!"

Another voice came. A sunny figure walked over from afar. When he saw Yun Feng, he exclaimed, "Yun Feng!" The figure strode over and quickly walked in front of Yun Feng. Yun Feng smiled gently and looked at the few new scars on the man's face. Even though he still looked sunny, he was more or less very different from before.

"Ze Ran, it's been a while."

"Of course, it's been a long time! Why are you on the front line? Perhaps...!" Ze Ran's body froze fiercely and two flames suddenly rose in his black eyes, burning fiercely!

Yun Feng said, "I'm here to ask you if you want to come with me." Ze Ran didn't hesitate. "Of course!"

Yun Feng smiled. "Yes, but I'll have to make you suffer for a while."

Ze Ran shook his head. "I'm already very grateful that you took me with you. After all, my strength isn't very helpful to you. I can't help but feel a bit ashamed."

"If you know that your strength isn't helpful, why do you still have to follow us?" said Yin Yue, who had been silent. She looked at Ze Ran without hesitation and then turned to Yun Feng. "Yun Feng, you should know what you're going to do on this trip. It's certainly fine if you find someone with comparable strength to help, but you're bringing such a person who'll obviously drag you down.. What exactly are you thinking?"

Chapter 2065: Gathering (2)

Yun Feng frowned. Ze Ran frowned. "Who are you?"

"I'm Naxi Lanyi's friend and I'm also here to help," replied Yin Yue coldly. "We'll face countless powerhouses on this trip. Not only are those with low strength useless, but they'll also cause trouble for everyone. Yun Feng, you're not alone. You should more or less consider the situation of others."

"Stop talking." Qu Lanyi roared. Yin Yue was stunned. "Am I wrong? If we keep taking them, how many more will she have? No matter how strong we are, what's the use with these people here?"

"Xiao Fengfeng has her own considerations. Besides, Ze Ran is different. Yin

Yue, you don't know anything. Don't interrupt." Qu Lanyi was a bit angry. Yin Yue bit her lips gently. Yun Feng didn't look good. "For me, being weak doesn't mean that they're a burden. On the contrary, no matter how strong you are, isn't it the same if you're stupid? Besides, I have my own way of dealing with it.

Thank you for your kindness.”

Yin Yue was speechless. She could only shut her mouth and stand there with anger on her face. Ze Ran looked at Yin Yue and said without hesitation, “You seem to be hostile to Yun Feng? What you said just then was so sarcastic.”

Yin Yue was stunned. She suddenly raised her head and looked at Qu Lanyi. “I didn’t! I just...!”

“She only meant well, but she was too straightforward,” said Yun Feng. Yin Yue pursed her lips and didn’t say anything. Ze Ran looked at Yin Yue with his black eyes. This woman was Qu Lanyi’s friend? She was criticizing Yun Feng just then. Qu Lanyi couldn’t see that?

“Ze Ran, go and tell them what to do here. After that, we’ll set off,” said Yun Feng. She turned around and was about to leave. Ze Ran was puzzled. “Where are you going?”

Yun Feng walked out without looking back. “I’m already here. It really doesn’t make sense if I, as the titular Alliance Master, don’t do anything. Nobody needs to follow me. I’ll be fine on my own.” Yun Feng tapped the ground with the tip of her foot and her body flashed, disappearing. Ze Ran couldn’t help but smile secretly. If she did anything, the mercenaries here would be greatly relieved.

Ze Ran walked to Qu Lanyi. “Let’s talk in private.”

Qu Lanyi nodded. The two of them then walked to the side. Looking at Qu

Lanyi’s back, Yin Yue couldn’t help but bite her lips. Wasn’t she going too far?

“Is that woman really your friend?” The two men walked aside and Ze Ran said in a low voice. Qu Lanyi replied, “You can say she’s a friend.”

Ze Ran frowned. “Can’t you see that she’s hostile to Yun Feng?”

Qu Lanyi pursed his lips and didn’t say anything. Ze Ran said, “I didn’t know about your relationship. If she still treats Yun Feng like this, what do you plan to do?”

Qu Lanyi raised his brows. “I certainly won’t let her talk to Xiao Feng like that again. Don’t worry.”

“I hope so, but I didn’t expect you to have friends of the opposite sex.”

Qu Lanyi didn’t say anything. Ze Ran said, “That’s all I have to say. Take care of your friend.” After saying that, he turned around and left. Qu Lanyi stood there thoughtfully. Yin Yue walked over. “Lanyi... I’m not targeting Yun Feng for what I said just then. I’m

just worried that something will happen. Someone with such strength will be in danger if he follows us. I just.. ‘

“You’re worrying too much,” said Qu Lanyi. Yin Yue was stunned for a moment.

Then, she smiled awkwardly. “I... I see... I was worrying too much...’

Qu Lanyi lowered his black eyes. “Yin Yue, you don’t have to explain anything to me. There’s no need.”

Yin Yue was stunned. She looked at Qu Lanyi in a daze. Qu Lanyi continued to whisper, “Yun Feng is the person I care about the most. If you talk like you did just then, don’t blame me for not treating you as a friend.”

“Naxi Lanyi! She’s just a woman! Are you going to abandon a friend for a woman?” Yin Yue’s heart ached fiercely. Qu Lanyi chuckled. “Nobody can compare to Yun Feng, and certainly not you.”

“Naxi Lanyi, what you said is too hurtful!” Yin Yue had the urge to cry. How could he say such a heartless thing to her? They had experienced life and death together!

“You won’t understand, and I don’t have to explain to you. Whoever hurts Yun

Feng will be my enemy.” After saying that, Qu Lanvi said again, “Back then, we

face life and death together. I thank you for your help. Also, it is the same when we face the Blood Souls this time. I owe you a favor.”

Hearing that, Yin Yue couldn’t help but put on a bitter smile. “Nobody can compare to her... Since you said you owe me a favor, think carefully about how to repay it!” After saying that, Yin Yue turned around and left. Qu Lanyi sighed inexplicably. “Indeed not... Why is every woman like this... I thought she would be different. It seems that I was thinking too much.”

Yun Feng attacked and the stronghold of the Blood Souls here was instantly destroyed. It didn’t matter who was guarding it. Before they could say a complete sentence, they were all destroyed by Yun Feng’s surging mental strength.

After dealing with the matter, Ze Ran followed Yun Feng on the journey. The group moved forward again. Yun Feng originally planned to go straight to find Ao Jin and then set off. She didn’t expect that her Sound Transmission Jade would flash crazily after walking for a while. After Yun Feng picked up the call, a voice immediately rushed out, sounding very loud!

“You stupid girl! You didn’t tell me such a big thing and you want to leave secretly! Yun Feng!”

This was the second time Yun Feng heard her Second Brother call her by her full name. It could be seen that Yun Qi was going crazy. Yun Feng was helpless. Yan Ming must have said something, or her Second Brother wouldn't have known so quickly. "Second Brother, I..." Yun Feng was about to say something when Yun Qi's voice came again. "You don't have to say anything! Wait for me here obediently! I'll go over right away!" After Yun Qi said that, the connection was cut off. Yun Feng was helpless. She should just wait here obediently.

"You didn't tell Yun Qi?" Ze Ran was surprised. Yun Feng shook her head. "I don't intend to let Second Brother come with me. After all, this trip is very dangerous. He still has Tianqing... If I'm not here, at least Second Brother will be in the Yun family." This was also Yun Feng's consideration. This time, she was directly facing the core of the Blood Souls. It was unknown if she had a chance of winning. She wasn't sure if she could return safely. If she died, Second Brother would still be able to hold up the Yun family..

Chapter 2066: Gathering (3)

"What nonsense are you talking about?" Ze Ran quickly said. Yun Feng chuckled. "I'm also in a dilemma right now. If your daughter hadn't been taken away, I wouldn't have let you follow me. This might be a trip to die."

Ze Ran smiled. "Aren't you going to tell Brother Canghai?"

Yun Feng shook her head. "No."

Ze Ran shook his head with a smile. "Even if you don't tell him, someone will. With Yan Ming's personality, how can he not guess what you're thinking? Otherwise, he wouldn't have told Yun Qi."

Yun Feng was stunned. Did Yan Ming... tell everyone else?

As expected, the Sound Transmission Jade that had just been dimmed emitted light again. After Yun Feng picked up, Mu Canghai's cold voice came. "Yun Feng, where are you?"

Ze Ran curled his lips. As expected of Yan Ming. He wouldn't let Yun Feng take the risk. If he had the strength, he would probably have pestered her. Even if he didn't follow her, he would gather all his strength to help Yun Feng. That kid indeed treated Yun Feng...

"You don't have to come with me this time," said Yun Feng. The Sound Transmission Jade glittered a few times and Mu Canghai's voice continued. "It doesn't matter if you don't tell me. If you don't want me to find you, don't use the power of space at all."

Yun Feng was shocked. Could it be that he could already find where she was with the change of space?! His strength had risen too quickly!

Qu Lanyi curled his lips. This kid's spatial ability was so powerful. It had only been a while and his speed of improvement was extraordinary!

Yun Feng was helpless. How could she not use the power of space? As long as she walked in the void, she would use the power of space! Ze Ran said with a smile on the side, "Let him do it. Even if you don't tell him, he'll know where you are."

Yun Feng raised the corners of her mouth and reported her location. The Sound Transmission Jade immediately cut off the connection. After a while, Yun Feng had already felt a strong fluctuation in the surrounding space. A powerful force seemed to be protruding from the middle!

"Crack!" A spatial crack appeared! Then, a figure appeared from it. Yun Feng looked at Mu Canghai, who instantly appeared, and blinked her black eyes. Everyone was shocked by this move. Qu Lanyi frowned and said, "You can already build a spatial channel alone?!"

Mu Canghai looked at Yun Feng with his strange eyes and nodded. After walking out of the crack, he casually wiped his hand and the crack slowly healed again. The space returned to normal without any wounds.

Yin Yue was terrified as he watched on the side. This man's control of the power of space was too terrifying! He could build a spatial channel by himself. The power of space was at his disposal! Such a terrifying spatial ability... Who exactly was he?

"Your power of space..." Yun Feng was surprised. Mu Canghai's power of space had improved a lot! She had only seen such a posture on the body of a Blood Souls powerhouse! Where did he come from? Even a God Venerable couldn't build a spatial channel in a designated direction like this!

Mu Canghai said indifferently, "I've been cultivating wholeheartedly all these years. I've had some results. I can help you."

Yun Feng didn't know what to say. She wasn't considering if she should bring Mu Canghai along because of his ability. "I'm not..."

"I know what you mean." Mu Canghai said in a low voice as he looked at Yun Feng deeply with his strange eyes. "You've underestimated us. Yun Feng, which of your friends do you think is afraid of death?"

Yun Feng was speechless. Mu Canghai continued, "As long as we can help you, we're willing to do this."

Yun Feng's heart heated up. Friends... These friends of hers were so sincere to her. Yun Feng had no regrets having such friends by her side!

"Got it." Yun Feng said with a smile. Mu Canghai finally raised the corners of his mouth and smiled lightly. After a while, a figure flashed through the air anxiously like a shooting star. A smile appeared on Yun Feng's face. Looking at her Second Brother, Yun Qi, who was rushing over at an extremely high speed, she called out softly, "Second Brother."

Yun Qi rushed over and didn't know what to say to this precious sister who pretended to be obedient. He could only bend his finger and flick Yun Feng's forehead. "Kid!"

Nobody noticed the uncontrollable surprise in Yin Yue's eyes on the side. She stared at Yun Qi firmly with her black eyes and her heart was shaking! How could it be... him?

Yun Qi flicked Yun Feng's forehead. He couldn't bear to scold his precious sister. This was the only way he could express the dissatisfaction in his mind. Yun Feng chuckled. Facing such a smile, Yun Qi was even more at his wit's end. He was enraged at Yun Feng's personal decision earlier, but all his anger disappeared at this moment.

"You." Yun Qi was speechless. Yun Feng took the initiative to hold Yun Qi's hand fawningly. Yun Qi smiled and didn't intend to say anything else. Ze Ran said on the side, "Yan Ming will definitely tell everyone who helps you. It's impossible for you to leave them behind."

Yun Feng nodded. Yun Qi looked at Qi Yun and Yin Yue and his handsome eyebrows moved. "Feng, they're..."

"This is Qi Yun, a helper of the Alliance of Killers. She's Yin Yue, Lanyi's friend. She's also here to help."

Yun Qi glanced at Qi Yun and then raised his brows. "A friend?" He looked at Qu Lanyi, who was helpless. "Exactly what I said. Don't get the wrong idea."

Yun Qi grunted coldly and looked away. "I heard the news from the leader of the Naxi family. I'll have to trouble you next."

Qu Lanyi smiled casually. "It's my duty. The Naxi family aren't outsiders."

Yun Qi raised his handsome brows and didn't say anything. Seeing that her Second Brother was in such a state, Yun Feng understood that he had accepted Lanyi. Qu Lanyi certainly smiled happily. Yun Qi used to be rude to him. It wasn't easy for him to have his current results.

A gaze made Yun Qi suddenly vigilant. He glanced over with his black eyes and found that it was the woman called Yin Yue who was staring at him. Yun Qi raised his brows in

confusion. Yin Yue quickly looked away and her heart trembled a bit. How could it be him... How could it be him?

Yun Qi looked at Yin Yue. At first, there was nothing, but the more he looked at her facial features, the more he felt that she looked a bit familiar... "We've met before?" Yun Qi said. Everyone looked at Yin Yue. Yin Yue was a bit embarrassed. "How is that possible?"

Chapter 2067: Blood for Blood

Qu Lanyi frowned. Yun Feng was puzzled. "Second Brother, do you remember her?"

Yun Qi frowned. He didn't think there was anything wrong at first, but he seemed to have forgotten something right now. This face... Why did it give him a familiar feeling? What exactly did he forget... Yun Qi frowned more and more tightly. Yun Feng couldn't help but feel worried when she saw that. "Second Brother, what's wrong?"

Yun Qi's furrowed brows slowly relaxed. "It's fine. I'm afraid I'm thinking too much." Yun Qi smiled gently. Yun Feng was still a bit worried. Yun Qi comforted her. Yun Feng looked at Yin Yue and didn't find anything wrong. She shouldn't have any contact with her Second Brother. Her Second Brother had already died before she came to this world and Yin Yue didn't appear after he was resurrected. These two people wouldn't have met at all. Perhaps the person her Second Brother saw was a bit similar to Yin Yue...

"Who are you going to find next? Feng, is it that Young Master of the Dragons?" asked Yun Qi. Yun Feng nodded. "After finding Uncle Flirtatious, we can set off."

"Alright, let's go," said Yun Qi. His gaze stopped on Yin Yue and then moved away. With Yun Qi here, Qu Lanyi certainly had to give up the seat next to Yun Feng. Even though he was a bit unwilling, there was no need to argue with his brother-in-law.

They continued driving forward majestically towards the Endless Ocean where Ao Jin was located. Qu Lanyi, Ze Ran and Mu Canghai followed Yun Feng, while Qi Yun and Yin Yue were at the back. Neither of them had any intention of going forward. Ever since Yun Qi appeared, Yin Yue seemed a bit silent. Qi Yun slowly turned around and looked at Yin Yue with his black eyes. "You know him." This wasn't a question, but a statement. Yin Yue was stunned. When she raised her head, shock flashed through her eyes. "How is that possible?"

Qi Yun's eyes seemed to be able to see through her heart. He slowly turned around and the corners of his mouth curled up slightly. "You're not the only one who's seen him. I've seen him too."

Yin Yue's eyes widened fiercely. How... was that possible?

"Really? You've met him? It seems that it's not because of Yun Feng that you agreed to help her?" Yin Yue put away all her expressions. Qi Yun didn't say anything, and Yin Yue didn't say anything either. There were so many people with different abilities gathered around Yun Feng. How exactly did she meet these people? What was with Yun Qi?

They went to the Endless Ocean. Yun Feng and Yun Qi walked in the front. Yun Feng whispered, "Second Brother, what happened just then? Do you... remember Yin Yue?"

Yun Qi frowned slightly. "Not really. I just find her inexplicably familiar, but I've indeed never seen her and I've never heard of this name."

Yun Feng pondered. What exactly was going on? There must be something wrong if her Second Brother had such a sense of familiarity with Yin Yue. However, the possibility of the two of them having met was zero. Where exactly did this sense of familiarity come from?

"Don't think about it for now. We don't have a clue at all. The matter of dealing with the Blood Souls is more important," said Yun Qi. Yun Feng could only nod. She looked at the side of her Second Brother's face with her black eyes and a thought suddenly flashed through her mind. Did the familiarity of her Second Brother come from You Yue? You Yue had seen Yin Yue before!

Yun Feng couldn't help but look back at Yin Yue behind her. Was that so? You Yue's remaining feeling made Second Brother feel inexplicably familiar. Yun Feng didn't know where Yin Yue and You Yue met.

"What's wrong?" Qu Lanyi said when he saw Yun Feng look back. Yun Feng shook her head. "I'm fine." Yun Feng turned around. If it was really You Yue's remnant perception, there was really nowhere to investigate and no way to verify it. However, Yin Yue denied that she had ever seen her Second Brother. What was going on?

The seed of doubt was buried in the bottom of Yun Feng's heart. That was the case for the time being. There would be a day when it sprouted.

The battle between the Blood Souls and the East and West Alliance wasn't just on the continent. The Endless Ocean was also one of the battlefields. The situation of the Endless Ocean was even more complicated than that of the continent. The East and West Alliance had Magic Beasts, so the Blood Souls were certainly the same. In particular, the Red Dragons, who betrayed the Dragons, became the representatives of the Blood Souls of the Endless Ocean. Ao Jin was extremely enraged because of this and swore to skin these traitors.

Everyone quickly rushed to the territory of the Dragons. The members of the Dragons came and went in a hurry. The battle in the Endless Ocean was much more serious than that on the continent. The four seas couldn't be fortified at all. Right now, the Blood Souls had already swallowed the entire West Sea and most of the South Sea. The North Sea where the Dragons were located didn't fail. The merfolk in the South Sea had already moved to the East Sea and continued fighting.

"F*ck, these Dragons, traitors! Whether they're dead or alive, skin them alive! Leave none alive!" As soon as everyone arrived at the center of the Dragons' territory, Ao Jin's furious voice sounded like thunder. Yun Feng frowned. She didn't know much about the battle situation of the East and West Alliance in the past few years. She couldn't help but feel surprised now. "The Red Dragons are in the Endless Ocean?"

Yun Qi nodded. "Those traitors of the Dragons seemed to have completely changed their minds after joining the Blood Souls. Their strength increased rapidly and they swallowed the entire West Sea as a base, wanting to break through the North Sea."

"After all, it's a battle between his own people. It's understandable that Ao Jin is so enraged." Ze Ran said. Betrayal or not, they were still his own people after all. The population of the Dragons wasn't very big to begin with. What Ao Jin was doing right now was to slaughter his own people. This was a destructive blow for the entire Dragons.

"If this goes on, won't the number of the Dragons decrease sharply?" Yun Feng frowned. Qu Lanyi sighed. "Ao Jin can't do anything. The Red Dragons seem to have been brainwashed by the Blood Souls. Ao Jin has tried many ways to save his clansmen, but it's useless. If they even lose the North Sea, the Dragons will truly be destroyed."

The only way to protect the bloodline of the Dragons was to draw a knife at his own kind. This was too painful a decision for Ao Jin, as the Young Master of the Dragons. His hands were stained with the blood of his own kind. He had no other choice.

"Uncle Flirtatious!" Yun Feng rushed in and called out. Ao Jin, who looked gloomy, brightened his golden eyes after hearing that. He looked at the few figures coming from the sky and shouted loudly, "Kid, why are you here?"

Yun Feng landed and looked at Ao Jin's face that was full of stubble. In the past, his rough appearance was just Ao Jin's alternative form, but now, there was a feeling of vicissitudes of life from the inside out. Yun Feng looked behind Ao Jin. There was no sign of the Fire Element Seed. Ao Jin said, "Don't worry. It's with me. I just transformed it."

Yun Feng nodded and told him why she was here. Ao Jin curled his lips and put on a creepy smile. "Are you finally here? I've been waiting for this moment for a long time! If

it weren't for the Blood Souls, I wouldn't have had to swing my dragon claw at my own kind!"

Qu Lanyi walked up and patted Ao Jin's shoulder. Ao Jin said, "When are we leaving? Right now?"

Yun Feng nodded. Ao Jin burst into laughter and laughed extremely happily! "Alright! I'm going to destroy the nest of the Blood Souls and kill them all! I'm going to exchange their blood for the blood of my clansmen!"

"The Blood Souls will definitely be destroyed. None of them will live!" Ze Ran clenched his fists fiercely. Thinking of his daughter who was taken away and what the Blood Souls might do to her, the fire of revenge in his heart burned fiercely!

"Now that you're all ready, it's time to set off," said Qu Lanyi. He flipped his hand and a completely transparent thing appeared in his hand. It was as colorless as ice. Qu Lanyi slid his finger and a wound appeared. Red blood dripped on it and soaked it. After the blood entered the thing, it instantly turned into red threads that coiled around it. Qu Lanyi clenched his fist and more blood flowed into it. Suddenly, a red thread penetrated from the inside of the thing and went in a certain direction!

Qu Lanyi sneered and looked in the direction indicated by the red thread with coldness in his black eyes. "Yu Lian, lead the way."

"Let's go!" Yun Feng shouted in a low voice. Everyone moved at the same time, following the red thread that led the way to the ancient bloodline of the Naxi family. They were going to the final area to welcome the final battle!

Chapter 2068: The Beast Tide

"Swish...!" The sound of something cutting through the air sounded. A few figures splashed out of the seawater that was as black as ink in the Endless Ocean, creating crystal clear splashes that scattered in the air, forming a mist. Powerful auras appeared on these figures. They were a group of people who nobody dared to provoke easily.

A curved red thread seemed to be extending endlessly. The group of people chased forward just like that. Yun Feng looked at the vast seawater under her feet. The red thread was pointing to the back of the Endless Ocean. The East Continent and the West Continent were on the east side of the Endless Ocean. The other three sides were unknown because of the vast area of the Endless Ocean. It seemed that the Blood Souls were very likely in one of these three directions.

"Speaking of which, our understanding of the Endless Ocean only stops at the land we've seen. The Vast Continent is only located on the east side of the Endless Ocean,"

said Qu Lanyi in a low voice. Yun Feng frowned. "Although we've been to the north of the Endless Ocean, we've never been to the north. The Endless Ocean is much vaster than we thought."

Qu Lanyi looked at the red thread that led the way in front of him. "The Blood Souls have always been very secretive. The base definitely won't be on the Vast Continent. The East and West Alliance has been investigating for so long without any breakthrough, which shows that the base is in a place where the forces on the Vast Continent can't reach."

Yun Feng pondered and thought of what the Stonemother once said to her about that Sage, Na Xie's former master. His death was full of all kinds of questions. If he was really the Blood Souls' Master... What was his purpose? What was the purpose of establishing the Blood Souls and collecting bloodlines?

"There's one more thing I haven't told you." Qu Lanyi looked at Yun Feng solemnly. "One of the four elders of the Blood Souls might be an old guy of the Naxi family."

Yun Feng was stunned! "So...!"

Qu Lanyi nodded. "It's obvious how disgusting this Soul Master is. Even the dead soul can't be at ease and they had to be forcibly resurrected to fight for him. If there's really an old guy of the Naxi family, we'll have a tricky battle."

"Facing the resurrected dead souls, what we have to do is to let them rest in peace completely," said Yun Feng in a low voice. Qu Lanyi curled his lips helplessly. "You're right. Even though it's a bit disrespectful to the elders, it's also the best choice for them." Qu Lanyi sighed. "After this is over, we should be relieved... It's time to live a peaceful life."

The corners of Yun Feng's mouth curled up and the two of them clenched their fists again. There would be a peaceful life... After all this was over, there would be such a period of time that only belonged to them.

Under the guidance of the red threads, everyone traveled an unknown distance. A few days passed. With everyone's speed, they could cross two Vast Continents, but there was still no end to the north of the Endless Ocean.

For the first time, Yun Feng truly realized how vast this sea was and she truly understood that the Endless Ocean she knew was only a small part.

"So, the four areas of the Endless Ocean are just the tip of the iceberg." Ao Jin frowned with shock in his golden eyes. "The Endless Ocean... is so vast..."

"What these eyes see is limited after all." Mu Canghai said in a low voice. Ze Ran burst into laughter after hearing that. "Brother Canghai is right."

Ao Jin looked at the two people behind him with a glint of vigilance in his golden eyes. "Can we really trust those two people behind us?"

Ze Ran frowned. "I'm not sure either, but since Yun Feng is willing to let these two people follow us, they should be fine."

Mu Canghai's strange eyes glittered and he frowned slightly. "I vaguely felt a different spatial fluctuation from that woman called Yin Yue."

"Different?!" Ao Jin frowned. Mu Canghai was silent for a moment and said, "I'm not very sure. After all, the power of space doesn't mean anything. Even though most people have the same power of space, some of them are extraordinary, such as Gong Tianqing and myself."

Ao Jin frowned. "Although I can't suspect anyone casually, I can't trust them easily either. This woman called Yin Yue appeared too suddenly. Even though she once helped, she might have an ulterior motive. As for that kid called Qi Yun... Yan Ming didn't say anything. I think it's really nothing."

The three men looked at each other and made a note in their minds. They more or less paid attention to the two people following them, especially that woman called Yin Yue.

After traveling for an unknown period of time, there were finally signs of the border in the vast sea. A corner of the land gradually appeared in front of everyone's eyes. Even though they were far away, they could see it very clearly. Qu Lanyi and Yun Feng couldn't help but smile. The red thread that led the way pointed straight there. It seemed that they had arrived at the nest of the Blood Souls!

"Watch out!" Mu Canghai shouted furiously and suddenly attacked. After a moment of shock, Yun Feng and Qu Lanyi quickly retreated!

"Buzz!" The space where the two of them were just then suddenly distorted. If Mu Canghai didn't remind them in time, the two of them would have been swept in no matter how fast they were!

"How dare you embarrass yourself with such a small trick?" Mu Canghai said coldly as a glint of light flashed through his gray eyes. He clenched his fist fiercely in the air and the distorted power of space was pressed back!

"We're surrounded." Qi Yun, who was at the back, said coldly. He looked around with his black eyes and his words were extremely cold. Everyone's heart couldn't help but tremble after hearing that. Surrounded? How was that possible?

Yun Feng looked around vigilantly with her black eyes. There was no aura at all. Even the space didn't move at all. Surrounded... Were the people of the Blood Souls hiding

behind this space? Yun Feng's pupils shrank slightly. The world in front of her eyes instantly changed, but she didn't find anything!

"You're still not coming out? Do you really think I can't see you?" Seeing that there was still no movement around, Qi Yun said coldly. He suddenly swept his hand in the air and a powerful force hit the air fiercely like a heavy hammer. "Crack!" A crack appeared!

"Tut-tut, why are you so rude? Aren't we coming out?" A voice sounded. Yun Feng's pupils shrank fiercely after hearing that! It was him! She wasn't unfamiliar with this voice at all! This was the strange man who took the ancestor's soul from her body back then!

"Swish!" There was a sound like a snake flashing across the ground. His face was like a demonic beast, his skin was almost pale, and his body was as soft and enchanting as a snake's. His body was still covered in a black robe with blood red marks. The clothes in front of his chest were wide open, revealing a piece of pale skin, looking enchanting and weird.

The man looked at Yun Feng with his snake-like eyes and said in a low voice, "I didn't expect you to grow to this point. Not only did the Soul Master miscalculate, but none of us expected you to find this place and... bring so many interesting people."

He glanced at the people around Yun Feng with his snake-like eyes and chuckled softly. "Young Master Naxi, it's indeed a good idea to chase us all the way here with your bloodline. However... if you can think of it, so can we." The man chuckled and twisted his pale wrist gently. A bottle full of red liquid appeared. The red line slowly extended forward. It was that bottle!

Qu Lanyi frowned hard and exerted strength in his hand. The thing in his hand instantly shattered. Yu Lian, you abandoned the bloodline of the Naxi family. It seems that you've truly fallen!

"Young Master Naxi, is this what you're looking for?" The man shook the small bottle in his hand proudly and smiled cunningly like a snake. Even the tongue that could be vaguely seen in his mouth stuck out like the tongue of a snake.

"You're just one person. Can you stop all of us? I can kill you without Feng doing anything!" Yun Qi said as a powerful aura spread out of his body. The man smiled weirdly and his lips slowly curled up. This smile almost occupied half of his face, looking very weird.

"One person? Of course I'm not alone. It's time for the others to show up." The man waved his arm fiercely and let out an ear-piercing laugh. The space around him was like a shattered eggshell and cracks instantly burst out. Then, the roars of Magic Beasts came out!

“This is...!” Yun Feng’s black eyes widened. The aura of Magic Beasts filled the surrounding space densely!

“Crack! Crack!” The cracks were instantly torn by pairs of beast claws and fierce figures appeared from the spatial crack!

“Hahahahahaha! You are a summoner. It’s not rude for me to greet you with Magic Beasts, right?” The man’s eyes suddenly became straight and the aura of his new body also changed!

“He’s the same as me!” Ze Ran looked at the man in front of him in shock. “He’s the same as me. He has the aura of a Magic Beast in his body!”

“A guy who’s half human and half beast?” Ao Jin raised his brows and looked at the Magic Beasts that surged out around him. He frowned. “Even though we’re quite strong, if we face an army of Magic Beasts... our chances of winning won’t be very high, right...”

Yun Feng looked around. There were more than a hundred Magic Beasts surging out of the spatial crack! Besides, the strength of the Magic Beasts wasn’t low! It was difficult for two fists to fight four hands, let alone a few hundred powerful Magic Beasts!

“Why? Are you scared? Hehehe!” The strange aura on the man’s body kept surging out. A few hundred Magic Beasts surrounded everyone like ants!

“This guy isn’t a summoner, but he can control Magic Beasts. It must be related to the aura in his body.” Qu Lanyi frowned and whispered. “A tamer...” Yun Feng mumbled as she looked at the Magic Beasts around her. Even if she fused elements, she might not be able to create an opening! Besides, they had no way out at all right now!

“They’ve been hungry for a long time. It’s time for a feast. Hehehe! I’ll let you feel the tide of Magic Beasts!” The man raised his arm high and a ball of black mist suddenly jumped out of the black robe. All the Magic Beasts’ eyes were unusually red and they let out shocking roars!

“You’re using Magic Beasts to deal with me. Should I say that the Blood Souls are careless...” Yun Feng curled her lips coldly and looked up at the man who was laughing wantonly in the sky. It was time to kill him for stealing the ancestor’s soul!

Chapter 2069: The Ending Battle (1)

“Roar, roar, roar...!” The roars of wild beasts shook the sky. More than a hundred black shadows showed seven elements. Yun Feng and the others all looked serious. Even though it wasn’t impossible for them to fight a hundred Magic Beasts alone, it was a

different story if they were facing a group of powerful Magic Beasts that only had the thought of fighting!

“Yun Feng, do you have any solution?” Ze Ran looked at the countless Magic Beasts around him and was a bit panicked. How exactly should he break through? Did he really have to fight to the death with these Magic Beasts? Besides, there was a Blood Souls powerhouse who controlled them. Even if they could beat this group, their strength would definitely be consumed a lot. What should they do if they were ambushed at this moment?

“How about I use the power of space to finish them off?” Mu Canghai said quickly, but Yun Feng shook her head. “There are so many Magic Beasts. How much power of space do you have to use to eliminate them all? He calculated that we would fight head-on with this group of Magic Beasts and consume most of our strength. Then, he would catch us all in one go.”

“So, we can’t fight with these Magic Beasts.” Qu Lanyi frowned. Qi Yun said in a low voice, “Leave them to me.”

“No need. Don’t expose your current strength. It’s not your turn to fight.” Yun Feng looked up. A group of Magic Beasts had already pounced on her from all directions. Their ferocious faces gathered with the aura of Magic Beasts like a hurricane. Yun Feng curled her lips coldly. “Are you too confident or too stupid to use Magic Beasts to deal with me?”

Yun Feng’s pupils shrank slightly and changed instantly! The mental strength in her body swept over and floated above Yun Feng’s spiritual space. The ball of energy that belonged to Na Xie suddenly shone! Then, it instantly injected into Yun Feng’s body like a warm current!

Na Xie was the one and only balancer in the world. Even Fantastical Beasts had to yield to it. How would it be afraid of other Magic Beasts? Even if there were a hundred of them, they would have to bow down!

She suddenly opened her black eyes. The aura that belonged to Na Xie burst out of Yun Feng’s body and dispersed in all directions like magma erupting from a volcano!

“This is...” Qi Yun widened his eyes, and so did Yin Yue. This was clearly not an aura that belonged to a human being! What exactly was this aura? Just glancing at her body made his heart tremble! Yun Qi couldn’t help but feel surprised when he felt it! The aura in Feng’s body was so powerful. If it didn’t belong to her, who did it belong to?

“Buzz...!” The aura spread out like a tide and even the space shook fiercely! In an instant, the aura filled the incoming Beast Tide. All the Magic Beasts with bloodshot eyes and minds that were full of killing felt it and their bodies subconsciously stiffened.

Then, inexplicable shock appeared on their faces one after another. In an instant, they turned around and ran!

“What?” His snake-like eyes suddenly widened to the maximum as he looked at the scene in front of him in disbelief. This was impossible! How was this possible? These Magic Beasts listened to his command 100% and their personalities had already been worn out. How could they run away for no reason?

The hundred Magic Beasts all turned around and ran. They entered the spatial crack that was torn just then again. None of them dared to stay for long!

“Bastards! Come back!” The man roared desperately, but the Magic Beasts under his control ignored him completely. The aggressive Beast Tide just then all disintegrated in an instant, leaving nothing!

Yun Feng looked at everything in front of her eyes. Even if all the Magic Beasts were tamed, even if they were controlled, fear was an instinct! Humans already knew that it was more important to escape when they realized danger, let alone the Magic Beasts who had lived in the natural world for so long! They were a thousand times more sensitive to danger than humans!

“Hahahaha, hahahaha!” Ao Jin burst into laughter. “I thought you were very powerful. After being frightened by this girl, you’ve all become cowards!”

The man gritted his teeth. He didn’t expect such a situation to happen at all. What was with the aura in Yun Feng’s body just then? Did she have another trump card?

“Without those Magic Beasts, he’ll be easy to deal with.” Yun Qi said coldly with a hint of viciousness in his black eyes. He clenched his fists tightly and a strong aura was brewing in his body. He glanced at the few people in front of him with his snake-like eyes. He knew his situation very well. He had no chance of winning! There was only one way, run!

“Swish...!” A black shadow flashed. The red patterns engraved on the black robe of the Blood Souls flashed with a beam of red light. Yun Qi instantly attacked. “Don’t even think about running!”

“Boom!” A force rushed over fiercely. The black shadow escaped in panic and narrowly dodged. It instantly entered a spatial crack and disappeared!

“Boom!” Yun Qi’s force missed and directly landed on the ground, making a loud bang!

“Damn it, he escaped!” Ao Jin was indignant. He hadn’t attacked yet!

“In terms of escaping, the Blood Souls are quite good,” said Qu Lanyi coldly with mockery in his words. “Since he’s escaped, I’m afraid we won’t be able to catch up.”

Yun Feng looked at the spatial crack that was gradually healing and whispered, "I've always suspected that most people in the Blood Souls seem to have their own way of using the power of space. It's more like there's a special spatial channel in the Blood Souls."

"We can't rule out that possibility," said Qu Lanyi. "Otherwise, it's impossible to explain how people of the Blood Souls can use the power of space like this, no matter how strong they are."

"So, there must be someone among the Blood Souls who can control the power of space. His ability is very likely higher than mine." Mu Canghai said in a low voice with a serious look on his face. The others were the same. There must be many talented people among the Blood Souls who could control the power of space. This person's ability had already been extremely powerful a long time ago.

"We'll meet such a person sooner or later. What should we do next?" Ze Ran said as he looked at Yun Feng. Yun Feng looked at the land in front of her that was shrouded in thick fog. They could vaguely see it. Next, they could only continue moving forward. There was no other choice.

"Let's continue moving forward." After Yun Feng said that, Mu Canghai frowned. "Wait for Yun Feng first. There's a strange power of space ahead. It seems that this power of space envelopes this land. I guess... once we go in, the Sound Transmission Jade used for communication will malfunction."

Chapter 2070: The Ending Battle (2)

"In that case, we should contact Yan Ming first and ask him about the situation. Once we enter, we won't be able to contact the outside world anymore," said Yun Qi. Yun Feng nodded and immediately took out the Sound Transmission Jade to contact Yan Ming. After asking him about the situation of the battle between the East and West Alliance and the Blood Souls, Yun Feng's face couldn't help but darken.

"The battle has already begun. The Blood Souls and the East and West Alliance have already started fighting. The situation... isn't optimistic." Yun Feng frowned and whispered. Qu Lanyi pondered for a while. "According to what Yan Ming said just then, the power of the Blood Souls doesn't seem to be endless. Even if they weaken their power to the end, they can miraculously recover, as if they can't be killed."

"So, we won't win the battle with the Blood Souls?" Ze Ran was surprised. Ao Jin frowned and said, "Maybe. The Blood Souls seem to be connected. It's very likely that the power of these Blood Souls comes from one place!"

“Uncle Flirtatious is right. Whether we can win this battle depends on our side. The longer we delay here, the more disadvantageous it will be for the East and West Alliance.” Yun Feng put away the Sound Transmission Jade and looked at the thick fog in front of her eyes. She didn’t have time to waste. The sooner this ended, the better!

“Let’s go!” Yun Feng shouted in a low voice as her body rushed into the fog first. The others followed closely behind. Figures rushed in one after another. The invisible fog was like a huge mouth, swallowing everyone.

“A group of prey. They’re indeed jumping into the trap we dug. They saved me a lot of trouble.” Someone saw everything with his eyes and chuckled. Then, he raised his head and looked at the figure sitting on the high seat. He said respectfully, “Soul Master, should we leave none alive...”

“There’s no need to ask the Soul Master such a question. Just make your own decision.” Another figure said. The person who spoke chuckled. “I’m just not sure. About Yun Feng... Has the Soul Master changed his mind? After all, if we kill her, the Soul Master will lose a useful talent.”

“Ask less, do more.” The person who replied just then spoke again with a cold voice. The person who spoke waved his hand in boredom. “Got it. You’ve always been so boring when you talk. Fine, I won’t argue with you.”

After this person left, the figure sitting in the main seat said, “That person is already here?”

“Yes, already here.”

The person sitting in the main seat raised the corners of his mouth gently and showed a satisfied smile. The person who replied was silent for a while and said again, “Soul Master, about Yun Feng, you...”

“At this point, she’ll only ruin my business. Do you need me to tell you what to do?”

“Yes.” A respectful reply came. The person in the main seat whispered, “If I had expected her to come to this point, I should have destroyed her in Chunfeng Town back then. Unfortunately...” He sneered. “However, if she really thinks she has the ability to take me down, she’s a bit naive.”

The man slowly raised his head. It was a pair of pure black eyes that didn’t have anything, not even pupils!

“Treat her well. It won’t be too late to kill her when the East and West Alliance is destroyed.”

“Yes, as you wish!” The person who replied was quite respectful. He turned around and left. The person sitting in the main seat let out an ear-piercing laugh. He flipped his hand and a jade pendant appeared in his hand. It was the same black jade pendant as Yun Feng’s!

He caressed the pattern of the Bone Dragon engraved on the black jade pendant with her finger. The guard let out a low laugh as an inexplicable light flashed through his eyes.

There was thick fog all around and she couldn’t see the road ahead at all. Yun Feng could only keep moving forward with her intuition, but she still couldn’t get out of the thick fog after moving for a long time. In the end, she could only stop on the spot. “We’re trapped here,” said Yun Feng. She looked at the thick fog around and frowned. If this continued, she could only walk around here and couldn’t get out at all!

“Can’t we open the thick fog?” Yin Yue looked around and frowned. Qi Yun, who had been silent, said, “We can’t open it.”

Yun Feng frowned even more after hearing that. Was she really going to keep walking here?

“We can’t keep circling here. We have to find a way out,” said Ze Ran as he looked at the heavy fog around him. “After all, this is heavy fog, not a wall. We can only get out if we move in different directions at the same time.”

Mu Canghai also nodded after hearing that. “Ze Ran is right. If we’ve always been in the same direction, we’ll probably keep circling here.”

“We can split up, but this might be a trap of the Blood Souls to split us up,” said Qu Lanyi. “The few of us together are quite tricky for the Blood Souls. Only by separating us can they possibly break us one by one.”

“Break us one by one? Let’s see if they have the ability or not!” Ao Jin roared as a glint of killing intent flashed through his golden eyes.

Yun Feng pondered for a while. Ze Ran was right, but Lanyi was right too. Even if they knew that they would fall into the enemy’s trap, they had no choice but to do this right now. “Split up and advance in four directions. If we can walk out in one direction, the other three teams will certainly meet again. Then, we’ll know the right direction. The two people who walk out first can just wait there. Don’t act recklessly.”

“That’s the only way right now.” Yun Qi nodded. The next question came. They were divided into four groups. There were a total of eight people. Which two of them were in the same group?

Mu Canghai was the first to speak. "Ze Ran and I will be in the same group. We've been working together these days and have more or less a tacit understanding." Ze Ran nodded on the side. Qu Lanyi looked at Yun Feng and was about to say something, when Yin Yue said first, "I know you want to be in the same group as Naxi Lanyi, but the enemy we're facing right now is the Blood Souls. The strength of each group should be average. The two of you are the strongest, so you certainly can't be together."

Qu Lanyi suddenly frowned. It wasn't up to her to decide whom he would be in the same group with! Before Qu Lanyi said anything, Yun Qi said gloomily, "I'll be in the same group as you."

Yin Yue was shocked! She subconsciously shook her head. "I don't know you. Why should I be in the same group as you?"

Yun Qi sneered. How dare she compete with his precious sister? He didn't like this woman either, so he certainly couldn't let her have her way. "I'm not weak either. If we encounter a Blood Souls powerhouse, you won't die easily. Besides... I feel familiar with you."

Genius Summoner #Chapter 2071: The Ending Battle (3) - Read Genius Summoner Chapter 2071: The Ending Battle (3)

Chapter 2071: The Ending Battle (3)

Yin Yue's face inexplicably turned pale and she quickly took half a step back. "I don't want it! I don't..."

"I think it's fine," said Qu Lanyi as he looked at Yun Qi with his black eyes. "Since Second Brother has spoken, thank you."

"I don't want it!" Yin Yue immediately refused. Qu Lanyi curled his lips. "If you don't want it, you can be in the same group as Ao Jin or him. Don't even think about being in the same group as me."

Yin Yue looked at Ao Jin. Ao Jin was a Golden Dragon. Even though he didn't have any evil intentions towards humans, he didn't have a good impression of them either. He certainly didn't have a good impression of Yin Yue either. Yin Yue then looked at Qi Yun. She couldn't be in the same group as him! Yin Yue was forced to nod in the end.

Qi Yun glanced at Yun Feng with his black eyes. "I won't be with anyone except you."

Yun Feng frowned. She certainly wanted to be with Qu Lanyi, but with Qi Yun's personality, he definitely wouldn't follow anyone else. Qu Lanyi patted Yun Feng's shoulder with his big hand. Qu Lanyi chuckled. "Just let him be with you. He's stronger than me. He'll be more reliable for you."

"Lanyi!" Yun Feng was about to say something, when Qu Lanyi curled his lips and whispered, "I certainly know who you want to be in the same group with, but it's better for Qi Yun to be with you right now." Qu Lanyi raised his head and looked at Ao Jin. The two men smiled at the same time. Qu Lanyi said, "I'll reluctantly be in the same group as you."

"I'm the one who's reluctant, okay?" Ao Jin laughed and walked over. The two men laughed very tacitly. These two people were comparable to each other in everything. They also felt an inexplicable sense of familiarity in their minds when facing each other, crossing races.

Yun Feng also smiled when she saw that. Lanyi and Uncle Flirtatious could be said to be a strong combination. They weren't afraid of anyone. This was good.

The eight of them were divided into four groups and went in four directions. The figures of the eight of them in the thick fog were soon swallowed again. They didn't know who they would encounter and could only keep moving forward without stopping.

Yun Qi walked all the way forward with a hint of gloominess on his handsome facial features. Yin Yue followed behind and her heart kept pounding. She didn't want to be with him the most. If he remembered, what should she do?

"What are you worried about?" Yun Qi's voice suddenly came. Yin Yue's heart immediately jumped to her throat and her body also stiffened in an instant. She finally squeezed out a sentence with difficulty and her voice seemed to be trembling. "W-What can I be worried about?"

Yun Qi sneered and didn't look back. "You know very well what you're worried about. I have an inexplicable sense of familiarity with you. This isn't an illusion. I've met you before."

"That's impossible. I've never seen you." Yin Yue denied it. Yun Qi sped in the front and said in a low voice, "Really? You've really never seen me. Are you sure?"

Yin Yue smiled dryly. "Of course not. We don't have any contact at all! I've never even seen Yun Feng, let alone her Second Brother."

The corners of Yun Qi's mouth curled up and his body suddenly stopped. Yin Yue also stopped quickly and took two steps back unconsciously. "W-Why did you stop?"

Yun Qi turned around with gloominess and coldness on his handsome face. "Do you really think my past memories will be written off after I die once?"

Yin Yue's body trembled like a leaf in the wind. "W-What are you talking about? What do you mean?"

Yun Qi looked at Yin Yue with his black eyes. "Ever since I first saw you, I've been feeling strange. I thought it was the remaining memories of the other soul in this body, but after I remembered something from a long time ago, I completely understood that this familiarity came from me."

Yin Yue's heart tightened. "W-What are you talking about... I don't understand."

"Do you still want to keep pretending? Yin Yue? Or... should I call you... the person who killed me?"

Yin Yue suddenly turned pale. "W-What exactly are you talking about?"

Yun Qi sneered. "The Lin family did have some strength back then, but the strength of those bastards was just so-so. Even though I, Yun Qi, wasn't very outstanding, I shouldn't have been killed by them. You... helped them. The person who really killed me wasn't a member of the Lin family, but you."

Yin Yue's body trembled fiercely. "Are you stupid? How can I be... You don't have any evidence at all!"

"Evidence? I don't need evidence. I only believe in my memories!" Killing intent ignited in Yun Qi's eyes. "I was only seven back then and didn't know you at all, but you killed me. It can be seen that it wasn't for a personal grudge. The only explanation..." Yun Qi suddenly attacked. Yin Yue quickly turned around with the tip of her foot and narrowly avoided it. "The only explanation is that you're working for the Blood Souls!"

Yun Qi slowly narrowed his black eyes. "Your sudden appearance this time was also arranged by the Blood Souls to let you sneak into us."

Yin Yue shook his head desperately. "That's not it. I'm not working for the Blood Souls as you said! No!"

"No? How will you explain that you killed me back then? The people who really wanted me dead were the Blood Souls! They wanted the soul in my body!" Yun Qi roared. Yin Yue shook his head with a pale face and whispered in pain, "I didn't mean to kill you. I just... I just followed orders. I didn't mean to..."

"Orders? Who gave the orders?" Yun Qi gritted his teeth fiercely. The experience of his death echoed in his mind. It was so miserable, so cruel and so helpless!

"I... I can't say..." Yin Yue looked up with a painful expression. "I'm here this time to figure out what exactly happened! Why... did they want me to do such a thing?"

"You're not telling?" Yun Qi looked gloomy. Yin Yue smiled wryly. "Even if you kill me, I won't tell..."

Yun Qi frowned and clenched his fists. He turned around. "After dealing with the Blood Souls, I certainly won't let you go!"

Yin Yue smiled wryly with a bitter taste in her mouth. She was only six years old back then. The first order she received at the age of six was to kill someone. What could she do at the age of six? She still couldn't forget the scene of the young man lying in a pool of blood at that time. She couldn't forget those black eyes full of unwillingness and hatred. He looked at her like that. He looked at her like this in countless dreams at night!

Chapter 2072: The Ending Battle (4)

She had asked why she had to do this, but she didn't get an answer. She could only carry this nightmare and live through the years until she met him again, this young man who once died in her hands.

Looking at Yun Qi's back as he walked forward, Yin Yue's heart tightened. If other people knew about this, Yun Feng would probably be the first person to not let her go. How would she allow the person who killed her Second Brother back then to live in the world? Thinking of the elegant figure next to Yun Feng, Yin Yue smiled wryly again. He would definitely not help her. Even if they had a life-and-death relationship, nothing could compare to the woman next to him in his eyes.

In the thick fog, the eight of them split into four groups and walked in their own direction. Nobody could predict what was hidden in the thick fog and what they would encounter. Ze Ran and Mu Canghai didn't have a deep friendship at first, but ever since they joined the East and West Alliance and took over the matters of the Mercenary Union, the tacit understanding between the two of them gradually developed and the friendship between them became much deeper.

"Is it really safe for Yun Feng to go with Qi Yun?" Ze Ran frowned, thinking of Qi Yun, who suddenly appeared, and his silent look. "It would be safer if Qu Lanyi was with Yun Feng..."

"Brother Ze Ran, you're really worried about Yun Feng." Mu Canghai said with a faint smile. Ze Ran turned around. "Aren't you the same as me? Even though you don't say it, I know what you're thinking in your mind."

Mu Canghai curled his lips. "Qi Yun is probably stronger than Qu Lanyi. It's not bad to have him by Yun Feng's side. The purpose of the Blood Souls is to separate us. They'll definitely focus on Yun Feng. The enemies Yun Feng faces should be stronger than us. She will be safer with Qi Yun. Qu Lanyi thinks so too."

Ze Ran nodded. "Indeed. The Blood Souls care about Yun Feng the most. Where exactly will the thick fog spread to? We've been walking for so long, but we still feel like we can't reach the end."

Mu Canghai frowned slightly. "I've been using the power of space to detect it. I can't find any signs of the edge at all. I think we have to continue moving for a while." Mu Canghai turned around and looked at Ze Ran's expression next to him. He said in a deep voice, "Brother Ze Ran, on this trip... It'll be great if we can save your daughter."

Ze Ran's body was completely stiff and his voice also became much dry. "Yes... If I can meet her, I'll definitely do everything I can to save her!"

"Ze Ran, if you can really save your daughter, you must be rational. Don't be impulsive." Mu Canghai couldn't help but remind him. Ze Ran smiled wryly. "I certainly understand that. With my strength, I'm not qualified to fight the Blood Souls head-on."

"I'll help you," said Mu Canghai. Ze Ran looked at Mu Canghai with his black eyes. Light flashed and he then lowered his head. "Thank you."

Mu Canghai smiled lightly. The two men continued moving forward at a high speed. Layers of fog surrounded their bodies and they couldn't see the road ahead at all. Mu Canghai suddenly stopped and blocked Ze Ran with his arm. Ze Ran frowned. "Why? Have we reached the end?"

Mu Canghai's face was gloomy. He kept staring at somewhere in the space with his black eyes and said coldly, "It seems that someone is already waiting for us here."

Ze Ran was stunned. He also looked ahead with his black eyes. There seemed to be a vague figure in the endless thick fog. As Mu Canghai said this, the thick fog that covered the sky slowly dispersed. There was nothing in the sky, but there was indeed a black shadow standing there, as if it had been waiting for a long time.

The black robe covered his entire body. This figure was very short, as tall as an eleven-year-old child, but his face wasn't as young as a child's. It had the facial features of an adult and the evilness in his eyes also belonged to an adult.

"Hehe, I didn't expect to meet the two of you here." The figure said as he rolled his evil eyes and finally fixed them on Ze Ran. "No wonder I felt a familiar aura approaching from afar. Even though you're father and daughter and are a bit similar, there's still an obvious difference in bloodline."

“What did you say?” The veins on Ze Ran’s forehead suddenly bulged! “Where’s my daughter?” He roared like a wild beast. The arteries on his neck completely bulged and throbbed crazily!

“Hehe, so what if you know where she is? She’s made a lot of contributions to the Blood Souls. We have to continue researching.” The figure smiled evilly and presumptuously! It was as if he wanted to anger Ze Ran completely!

“Blood Souls... I’m going to tear you into pieces!” Ze Ran clenched his fists tightly. Thinking that his precious daughter was really in an unknown place, suffering pain and torture that he didn’t know, his heart as a father was about to shatter!

“Brother Ze Ran!” Mu Canghai looked at Ze Ran’s bloodshot eyes and quickly roared, hoping that he could remain calm. “If we want to save her, we must defeat the person in front of us!” What Mu Canghai said suddenly made Ze Ran come back to his senses. Fierce light shot out of his bloodshot eyes. “You’re right. I’ll make him spit out everything word for word!”

“Hahahaha! You want to defeat me with your strength? Don’t you think too highly of yourself?” The black robe was raised slightly. The red patterns on it seemed to be emitting spots of red light, like blood!

The black robe was lifted and a pale and skinny arm extended and waved fiercely! “Swish!” A tall figure suddenly appeared in the air with an oppressive aura!

“This is...” Ze Ran and Mu Canghai looked at the tall figure that suddenly appeared. He wasn’t a Magic Beast... nor was he a human being! His upper body was in the shape of a human being and he had human facial features. However, he was in the form of a Magic Beast down his waist! There were scales that only Magic Beasts had on his thick legs. His feet were completely sharp and there was a thick and long tail behind him!

“Half-human, half-beast?!” Mu Canghai mumbled with an extremely ugly expression! Such a life shouldn’t appear in this world! The Blood Souls made such a monster in private!

“Hehehe, in terms of the fusion and improvement of blood, it’s certainly not as good as the specimen. The most perfect one is certainly the most primitive specimen, but this is also a successful replica, even though it can’t be unified in appearance.”

“Crazy... You’re crazy!” Ze Ran roared. The member of the Blood Souls smiled even more arrogantly. “Crazy? This is a masterpiece! Hehehe! With the study of specimens, I’ll be able to save a lot of effort on the combination of humans and Magic Beasts. Right, this guy certainly has your daughter’s blood in his body, the most important thing for reconciliation.”

Chapter 2073: The Ending Battle (5)

“You...” A wave of anger suddenly rushed to his chest and burnt fiercely! The color of blood was even deeper in his eyes. Even Mu Canghai couldn't calm his anger!

“Let me deal with you with the product I'm most proud of.” The skinny pale arm waved again and the tall figure who stopped there instantly moved! An extremely irritable roar came out of his mouth and his eyes were instantly filled with blood color!

“Whoosh!” There was a gust of wind and the tall figure was already gone!

“Brother Ze Ran, be careful! This monster's speed and attack strength aren't weak. You must deal with it carefully!” Mu Canghai looked around carefully. The quality of this monster must have changed forcibly. Perhaps it was... even more tricky than he expected!

“Buzz...!” The space suddenly moved. Light flashed through Mu Canghai's strange eyes and he squeezed somewhere in the air quickly and fiercely! Instantly, a crack was torn in the space. A black shadow flashed quickly. It was that monster!

“It's moving so quickly!” Ze Ran's heart sank when he saw this. Mu Canghai observed the surrounding space and said in a low voice, “If the Blood Souls can make the first one of such monsters, there must be a second and a third!”

“We can't let these monsters live in this world!” Ze Ran roared. He couldn't tolerate the blood of his daughter in the bodies of these monsters!

“I'll deal with this monster. Kill the culprit!” Ze Ran looked at the sky with his black eyes. “He's not strong. Without the protection of these monsters, he's just so-so!”

“Got it!” Ze Ran said. Mu Canghai gently pressed his hand on his strange eyes and looked at the black shadows running around in the void. He sneered. Compete in speed with him? They had truly underestimated him when it came to speed!

“Swish!” Ze Ran jumped up and went straight to the person of the Blood Souls with a sinister smile. The short figure didn't care when he saw Ze Ran pounce on him. A black shadow instantly pounced on Ze Ran and a thick and long tail swept over like a sharp blade!

“Crack!” The sound of the distorted power of space sounded! The monster's attack was instantly disintegrated. The distorted power of space allowed Ze Ran to survive this attack safely. He borrowed the power and ran towards the person of the Blood Souls even faster!

The short figure immediately took a few steps back when he saw this scene. There was more or less continued panic in his eyes. Perhaps he didn't expect the two of them to cooperate so well at all. The attack unleashed by the research products he was most proud of being was blocked like this!

"You can't escape!" Ze Ran roared with bloodshot eyes! Whenever he thought of the torture his daughter suffered, he couldn't wait to destroy this guy completely with his own hands!

"Ze Ran, move quickly!" Mu Canghai's voice came. A force was all gathered on his fist. Ze Ran was even faster! He flashed across the sky like a shooting star, leaving a trace in the air!

The member of the Blood Souls retreated infinitely. In the end, he simply turned around and ran. However, no matter how fast he ran, he couldn't be faster than Ze Ran, who was enraged and wanted to kill him!

"Boom!" A stream of fighting energy came. The member of the Blood Souls dodged in panic and finally avoided it. However, another attack came quickly and fiercely, hitting his legs!

"Argh!" With a scream, the person of the Blood Souls staggered. He couldn't use any strength in his legs anymore. It was impossible for him to run another step!

Ze Ran's body instantly approached from behind. His fighting energy enveloped his fist like boiling flames that kept burning! His fighting energy was burning and so was the anger in his chest! The member of the Blood Souls, who had no ability to escape safely, turned around in panic. His black robe suddenly rose and his skinny arms were exposed again. Ze Ran's pupils shrank fiercely! His body stopped on the spot!

Between the slender fingers of the person of the Blood Souls was a slender neck. Her weak body looked very skinny and her beautiful little face was also extremely pale at this moment!

Ze Ran's black eyes were stiff as he stared at this little body firmly. His heart was trembling and in pain! That was his daughter, his only treasure in this life!

Crystal clear tears immediately surged out of her beautiful amber eyes when she saw Ze Ran at this moment. These tears made Ze Ran even more uncomfortable. His heart was about to stop!

"Father..." A weak voice slowly came from her body. Ze Ran's body swayed fiercely and the redness in his eyes became even deeper! "Let go of my daughter! I'm going to kill you!"

The pale fingers were stuck on her slender neck fiercely. He only needed to exert a little strength to break this neck! Ze Ran tightened his body and didn't dare to move at all. He could only look at his daughter like this. She was being threatened by the Blood Souls! There was nothing he could do!

"Hehehe, if you want to kill me, just come and kill me. I won't lose out if your daughter dies with me."

Veins bulged. Ze Ran could only stand there and watch! Could he attack? He couldn't!

"Ze Ran! What exactly are you doing?" Mu Canghai's voice sounded, looking very anxious. Ze Ran gritted his teeth fiercely and didn't do anything. What could he do? What could he do?

"Hahahaha! Right, that's it. You can't kill me! As long as she's still in my hands!" He squeezed her fair fingers fiercely and a painful expression immediately appeared on her little face. Ze Ran's heart also ached fiercely. He would rather be the one whose neck was grabbed!

"Ze Ran, you..." Mu Canghai frowned and rushed all the way here. That monster's speed and power kept increasing as time passed! At this rate, he wouldn't be able to suppress it sooner or later! Right now, he could only barely tie with this monster!

Mu Canghai, who was anxious in his mind, suddenly fell silent after arriving. Seeing the scene in front of his eyes, Mu Canghai didn't know how to react. That hostage was Ze Ran's daughter?

"Brother Canghai... I can't do it..." Ze Ran said in pain with suppressed pain in his voice. "I'm sorry, I can't do it..."

Mu Canghai remained silent. He certainly knew that Ze Ran was in a difficult position, but the current situation couldn't allow them to not do anything! If they let that monster develop, Ze Ran wouldn't be able to take back his daughter. They would all die in this place!

"Ze Ran, I know you're in a difficult position, but we must do something in the current situation!" Mu Canghai whispered as he looked somewhere behind him with his black eyes. "I'll create a power of space later to separate him from your daughter. Then, I'll block the attack of the monster, but only once! Ze Ran, you must move quickly!"

Chapter 2074: The Ending Battle (6)

“Brother Canghai...” Ze Ran looked at Mu Canghai in a daze. Mu Canghai reached out and patted Ze Ran’s shoulder. “You don’t have to thank me. In my heart... you’re a friend and a brother.”

Ze Ran’s breath tightened. He was about to say something when a roar sounded not far away again. Mu Canghai’s face darkened. “We don’t have much time. Get ready!” Mu Canghai caressed his strange eyes with his hand. When he opened them again, a beam of light flashed! His gray pupils shrank fiercely. The energy consumed to forcibly divide space would almost exhaust everything Mu Canghai had! Mu Canghai gritted his teeth fiercely and locked his eyes on one place, pulling hard with his hands!

“Buzz!” The power of space resonated. The member of the Blood Souls immediately felt the restlessness of the power of space around him and looked around in panic. “What happened?”

“Argh!” Ze Ran roared. “Crack!” The power of space distorted and exploded!

“Argh...!” With a scream, the member of the Blood Souls didn’t have time to do anything at all. A black crack appeared in the space that was forcibly divided, completely separating Ze Ran’s daughter and one of his arms!

“Roar...!” The roar behind him arrived at the same time. Mu Canghai looked back and saw that the tall black shadow had already arrived in front of him. Mu Canghai gritted his teeth and extended his hand. The power of space around him surged and collided fiercely with the monster’s attack!

“Boom!” The power collided and exploded!

Ze Ran rushed forward quickly and extended his arm to hold his daughter firmly, protecting her in his arms! She was back. His baby was finally back!

The aftershock of the power came. Ze Ran used his body to protect his daughter. The Blood Souls powerhouse, who had one of his arms forcibly torn off and his legs crippled, couldn’t escape at all. He was instantly swept up by the aftershock of the power and screamed without a corpse left! He reaped what he sowed!

After the power burst out, Mu Canghai stood in the air like an extremely firm and majestic mountain! Mu Canghai slowly turned around and looked at the little girl in Ze Ran’s arms. He couldn’t help but smile in relief. That was great, truly great, Brother Ze Ran.

“Poof!”

Mu Canghai’s body swayed gently and his chest was completely penetrated by a thick long tail!

“Brother Canghai!” Ze Ran shouted furiously as he held his daughter in his arms tightly and rushed forward without hesitation!

“What’s that sound?” Yun Qi, who had been moving forward, suddenly stopped. The Yin Yue behind him also stopped. There seemed to be a faint roar just then that wasn’t very real. Yun Qi looked into the distance with his black eyes. There was nothing else except a thick fog!

Did something happen to Feng? Thinking of this, Yun Qi’s heart suddenly raced. Then, he quickly denied his thought. No, Feng wasn’t weak. There was also Qi Yun. Nothing would happen to her. Could it be someone else? Who could it be?

Yin Yue looked at the thick fog around and said in a low voice, “Yun Feng will be fine.”

Yun Qi looked back. “Feng will certainly be fine.”

Yin Yue raised the corners of her mouth and didn’t say anything else. Yun Qi looked at the thick fog around him and frowned tightly. They had walked for so long and there was still no end. They couldn’t break the thick fog either. Did they have to keep walking endlessly? Yun Qi looked at Yin Yue. She didn’t do anything along the way. With him watching her, she wouldn’t be able to do anything no matter what. Fine, they could only keep walking right now.

Yun Qi’s body flashed and he continued moving forward. Yin Yue was still following behind him. She looked at the thick fog around her with a thoughtful look.

Yun Qi went all the way forward and had been very vigilant. There had been no movement from Yin Yue behind him. Suddenly, Yun Qi stopped and Yin Yue couldn’t help but stop too. Yun Qi looked ahead coldly with his black eyes and said, “Come out.”

Yin Yue’s eyes widened abruptly. She looked ahead past Yun Qi and saw nothing in the thick fog.

The corners of Yun Qi’s mouth curled up coldly. He swung his big hand and an invisible force hit a certain spot, shattering the thick fog completely! “Swish!” The thick fog around the two of them gradually faded and an enchanting figure was faintly discernible in the dispersed thick fog, until it was completely revealed in the end.

Yin Yue’s eyes couldn’t help but widen again and her legs couldn’t help but step forward, passing Yun Qi. Yun Qi frowned and looked at the expression on Yin Yue’s face that was very complicated. Did she know the woman in front of him?

She was wearing a black and red robe that covered her graceful body but couldn’t hide her curves. She had a face that almost all men would be tempted by. This face wasn’t unfamiliar to Yun Feng. She was one of the four elders of the Blood Souls, the person who took the Lightning Seed!

“Master... Master!” Yin Yue mumbled. In the end, she couldn’t help but call out! Yun Qi frowned. Master? She called the person of the Blood Souls Master. She was indeed related to the Blood Souls!

The woman raised her black eyes coldly and looked at Yin Yue. Yin Yue couldn’t help but take a few steps forward again. “Master, I’m Yin Yue! Master, do you remember me?”

“It’s you,” said the woman coldly without any warmth in her eyes. Yin Yue couldn’t help but feel stunned. “Master, you...”

“You’re indeed related to the Blood Souls!” Yun Qi said with only coldness in his words. Yin Yue didn’t seem to hear him. All her attention was on the woman in front of him. The woman looked at Yun Qi and opened her mouth gently. “You’re still alive. Yun Feng ruined our business after all.”

“It’s you...” Yun Qi frowned and stared at the woman in front of him firmly. “Since you’re her teacher, everything she did back then was under your instruction, right?”

Facing Yun Qi’s question, the woman burst into laughter. “So what if I did? Even though the Soul Master wanted your soul at that time, I didn’t have to do anything to kill you.”

“Why... Master, you...” Yin Yue looked shocked and shook her head. “Master isn’t like that! Master has always been kind and gentle. How can you work for the Blood Souls?”

The woman glanced over with disdain. “You’re just my pawn. Don’t you understand that?”

“Pawn...” Yin Yue’s body swayed fiercely and her heart ached!

“That’s right. For me, you’re just a pawn that can be thrown away after being used.” The woman’s words didn’t have any warmth at all. They shot straight into the bottom of Yin Yue’s heart like a cold arrow!

Chapter 2075: The Ending Battle (7)

Yun Qi looked at Yin Yue’s defeated face and could somewhat understand her mentality. All of this was a scheme of the Blood Souls. She was just being used. This time, she took the initiative to come mostly because of the woman in front of her.

“I treat you as my teacher and family! How can you be so cruel?” Yin Yue roared as the woman glanced over. “So many people have been used. You’re the first person to flatter yourself.”

"I flatter myself... Haha, I was flattering myself!" Yin Yue's body shook fiercely and her eyes turned red. He held back all his tears. Yin Yue raised his head. "I don't believe that Master will become like this. The Blood Souls must have done something to you!"

"Hahaha! Can't you see it now? You're my pawn. In order to make you my pawn, I spent a lot of effort on your parents and family."

"What?" Yin Yue's face was pale without any color at all! "My parents... My family..."

The woman curled her lips. "A good pawn means that you don't have to worry about anything. Of course, I have to get rid of any future trouble."

"It's you. It's all your fault! It's you!" Yin Yue clenched her fists tightly. Everything in her mind was broken and subverted! The woman, whom she regarded as her family or even her mother, was her enemy, her eternal enemy!

"You're truly unscrupulous to achieve your goal!" said Yun Qi. What would happen if he were in her shoes? The Blood Souls were too much! "You're too despicable to toy with others!"

"Despicable?" The woman said indifferently. "It doesn't matter what means you use if you can achieve your goal." The woman looked at Yun Qi. "Your soul is still very important to the Soul Master. Since you took the initiative to come to me, that's good."

"Swish!" A figure appeared in front of Yun Qi and protected him firmly behind her! Yun Qi was stunned. What was she doing?

"I won't let you succeed. From now on, I'm going to destroy everything you're going to do. We're irreconcilable!" Yin Yue's eyes were red and her heart was like a volcano eruption. Everything was mixed up. She couldn't tell it apart and didn't want to at all! The only thing she could feel was heartache and hatred!

The woman raised her brows and curled her lips coldly. "You're overestimating yourself."

Yun Qi reached out and pushed Yin Yue away. "I don't need your protection." He looked at the woman in front of him with his black eyes and said coldly, "Who are you, one of the four elders of the Blood Souls? Tell me your name."

The woman was stunned. The black robe on her body rose and a pair of jade arms extended from the black robe. In her hands were two huge black blades that kept spinning! Rich dark elements kept rising from the surface of the blades, looking extremely strange!

"One of the four elders, Yan Ye."

Yun Qi curled his lips and the aura in his body slowly mobilized, turning from small to big like waves, wave after wave. In the end, it hit the shore like a raging storm!

Yin Yue couldn't help but feel shocked. Even Yan Ye was the same. She looked at Yun Qi in shock. Was this the power hidden in this soul? No wonder the Soul Master cared so much about him... However, it wasn't as simple as he thought back then to take down this kid. Yun Feng, Yun Qi... The members of the Yun family were truly difficult to deal with!

"For revenge of killing me and destroying the Yun family, I'll take your head first!" Yun Qi roared. Thinking of his miserable death, thinking of everything in the Yun family, thinking of how much hardship his sister went through to save him, the fire of anger and hatred in Yun Qi's heart was burning fiercely and couldn't be extinguished at all!

Yan Ye sneered. "Kid of the Yun family, just keep bragging."

The black wheel knives that kept spinning suddenly stopped and the thick dark elements completely covered them. The woman's hand was emptied and two huge black wheel knives left her hand, spinning in the air!

"Swish, swish, swish, swish, swish...!" The two black blades changed their trajectories and swam quickly in the air. Yun Qi and Yin Yue immediately moved their feet and dodged. Yun Qi pushed his palm forward and suddenly unleashed his power towards one of the blades. The moment they touched, the dark elements that enveloped the blades were like a huge mouth, swallowing all of Yun Qi's power!

"Don't attack or get close to that weapon. That weapon will turn all your energy into her own energy. The fiercer your attack, the stronger she will be!" said Yin Yue. Yun Qi nodded. Killing intent flashed through Yan Ye's eyes as he stood in the sky. "It seems that you should be the first person I want to kill."

"Swish...!" Black chains jumped out of Yan Ye's black robe and swept towards Yin Yue like a black python. Yin Yue quickly avoided the python and followed closely behind. The moment it was about to wrap around him, the black chains were split open by a force from the middle!

"Bang!" The broken black chains turned into black powder and dissipated in the air. Yun Qi stopped. Yin Yue glanced at him. "Thank you."

Yun Qi raised his brows slightly. "You and I have the same enemy right now. Just cooperate well. We all have the same goal."

Yin Yue gritted her teeth with a deep gaze. That's right. They all had the same goal, which was her death!

“Two against one? You don’t have any chance of winning either!” Yan Ye said as a weird smile appeared on his pale face. He opened his hand and the two huge blades returned to her hand. Yan Ye slashed his hands in the air fiercely and two distorted forces of space came. Yun Qi and Yin Yue immediately flashed to the side. A black wall immediately rose between the two of them and two figures walked out of the black wall!

Yun Qi and Yin Yue looked at the person who walked out of the black wall and couldn’t help but widen their eyes. The two figures who walked out were expressionless and their bodies were stiff. Their faces were as pale as those of the dead! Both of them were wearing a set of clothes. One of them had the word “Yin” embroidered on his clothes! And the other... was Yun!

“Impossible, that’s impossible!” Yin Yue’s shocked voice came. Yun Qi looked at the expressionless and cold young man in front of him and held his breath! The Yun family... Was he really a member of the Yun family?

“Kid of the Yun family, don’t doubt it. This is the real dead soul of the Yun family. However, your opponent is very special. If it weren’t for the Soul Master’s personal instruction, I don’t think I would have the right to use him.” After saying that, Yan Ye sneered and waved his hand gently. The young man facing Yun Qi had already moved!

Chapter 2076: The Ending Battle (8)

“Swish...!” All kinds of rings suddenly appeared on his pale finger! Yun Qi couldn’t help but look completely dumbfounded. Rings... He was... a summoner! Yun Qi looked at the Rings of Contract on the pale finger and his pupils shrank fiercely... This was a seven-element summoner!

“Blood Souls, you’ve insulted the Yun family too much!” Yun Qi roared. “How exactly did you take the soul of a dead person of the Yun family? Tell me!”

“Kid of the Yun family, if you want to question us, you must be alive first.” Yan Ye curled his lips coldly. “It’s not a waste of talent to use the all-element summoner that the Yun family is so proud of to deal with a special person like you. The mutated bloodline of the Yun family and the all-element summoner will perform truly a good show.”

Anger burned in Yun Qi’s heart. He couldn’t believe it. The all-element summoner that the Yun family had always been proud of, who was known as a legend, fell into the hands of the Blood Souls after he died! He trampled on the dignity of the Yun family fiercely! “Damn it! Damn it!” Yun Qi roared as he looked at the expressionless young man opposite him. If it were anyone else, he could still attack, but he was facing his own family. Even if the soul was already dead, it was still a descendant of the Yun family!

“Whoosh...!” A ball of scorching flames had already pounced straight at him. Yun Qi’s body flashed and he immediately dodged. The legendary figure of the Yun family had already started attacking! The attacks of a seven-element summoner could be imagined. The magic elements would attack anytime and anywhere. No matter how strong and fast Yun Qi was, he wouldn’t be unscathed under the attacks of the magic elements that filled the sky! Besides, the summoner’s contracted Magic Beast hadn’t appeared yet!

Yun Qi could only dodge in panic along the way. He stared at his constantly moving opponent with his black eyes. Just the magic attacks had already exhausted him physically and mentally. If the seven-element contracted Magic Beasts appeared, he would definitely lose!

“Hahahaha! Kid of the Yun family, you don’t dare to attack? If you don’t attack, you’ll be the one who dies!” Yan Ye said coldly when he saw this scene. Yun Qi gritted his teeth fiercely. Blood Souls, I will definitely kill you completely, leaving none alive!

“Roar...!” A ball of black and red fire suddenly jumped out of the Ring of Contract. Yun Qi’s heart sank! The fire-element contracted Magic Beast had appeared!

“Yun Qi! They’re already dead. They’re all dead souls used by the Blood Souls!” Yin Yue’s voice came from the other side of the black wall. Yun Qi couldn’t see the situation there and could only hear Yin Yue’s shout. “Why do you have to bear with it? If you don’t do anything, are you going to wait for all his seven-element Magic Beasts to appear?”

Yun Qi’s heart tightened fiercely. It was easy to attack! How could he attack? This wasn’t someone else from the Yun family. This was someone the Yun family had always been proud of! Who would have thought that the man would appear in front of him in such a form at this moment and be used so despicably by the Blood Souls?

“I can’t do it!” Yun Qi roared. That’s right. He couldn’t do it!

“Yun Qi!” Yin Yue couldn’t help but shout louder. “Don’t you understand what I’m saying? They’re already dead! They’re completely under the control of the Blood Souls right now. Do you think these dead souls are willing to be enslaved this time? We’re the only ones who can free them right now!”

“You’re truly talkative.” Yan Ye snorted and suddenly attacked. A stream of dark elements fell from the sky and went straight to the Yin Yue! “Argh...!” A call came from the Yin Yue. Yun Qi’s heart twitched fiercely. Liberation...

Looking at the pale faces, there was no life in the dead eyes. They were already dead. Their souls were already dead right now! If they really had consciousness and fought with their own kind, it would certainly be extremely painful!

“You’re right. Rather than letting you be controlled so despicably, why don’t I free you?” Yun Qi roared and his posture of only defending and not attacking instantly changed! “Ha!” With a furious shout, the blood inside his body was boiling and burning! The soul power that originally gave him unique power was completely stimulated at this moment!

“He has such strong soul power?” After feeling it, Yan Ye mumbled. “No wonder the Soul Master cares so much. No wonder he took action so early. I see...”

“Argh!” Accompanied by a furious roar, Yun Qi’s body turned into a shooting star that shot in all directions and flashed through the air at an extremely high speed, rushing towards the legendary figure of the Yun family!

“Boom!” A powerful mental strength directly hit Yun Qi. Yun Qi was stunned and quickly dodged. He waved his hands forward and his power collided fiercely with this mental strength. A huge wave rose and a counterforce directly bounced Yun Qi away, making him fall from the sky!

“Ugh!” With a grunt, Yun Qi held his chest and stood up from the ground. His opponent wasn’t injured at all!

As expected of a legend of the Yun family. His powerful mental strength should be a bit stronger than Feng’s, or he wouldn’t be able to control all the seven elements! Yun Qi frowned slightly. Summoners were weak. If he could get close, he would have the advantage.

“Swish, swish, swish!” Different colors appeared from the Rings of Contract with dark colors. Yun Qi’s heart sank when he saw this. The seven-element contracted Magic Beasts... It seemed that they were about to appear.

Seven different Magic Beasts appeared faintly in the fire of different elements. Yun Qi’s handsome face was tightly furrowed. Seven-element Magic Beasts... How could he win? These were two more than Feng’s five-element Magic Beasts! Yun Qi gritted his teeth fiercely. No matter what, he had to win!

He clenched his fists and tightened his muscles. The scene of his conversation with Feng Qingxuan was extremely clear in his mind.

“Kid, remember! The soul power in your body is very powerful. Logically speaking, you should be able to become a summoner, but your bloodline mutated and gave you a completely different path.”

“A completely different path?”

Feng Qingxuan nodded and looked at Yun Qi deeply with his wise and deep black eyes. “The mutated bloodline of summoners can only appear in the Yun family in this world. The mutated bloodline is already special, let alone the special of the special. I’m a

summoner and have done a lot of research on summoners, especially the most important part for summoners, contract.”

“Contract?”

Feng Qingxuan said, “For summoners, if they can’t understand the Array of Contract, they won’t be able to contract with Magic Beasts. For summoners, the Array of Contract is the threshold that they have to cross. I’ve always thought that it’s a necessary step. Then, I found that it’s not unique.”

Chapter 2077: The Ending Battle (9)

“Senior Feng, you mean... you can contract with a Magic Beast without the Array of Contract?”

Feng Qingxuan looked at Yun Qi and was silent for a while. Then, he said, “It’s just a guess. However, now that I’ve met you, I’m certain that what I thought was right.” A gust of wind blew and Feng Qingxuan’s clothes swayed gently. “The Array of Contract is something that other summoners have to understand, but it’s the least important for you.”

“Senior Feng... You mean...” Yun Qi widened his black eyes. Feng Qingxuan raised the corners of his mouth. “Your mutated summoner bloodline is a natural Array of Contract. Kid, you’re the only summoner who doesn’t need to comprehend the Array of Contract on your own. You only need your blood to contract with any Magic Beast!”

“How... How is that possible?” Yun Qi was surprised. Feng Qingxuan snorted. “I believe that if this bloodline can be used by my disciple, she’ll be able to perform better. However, there are advantages and disadvantages of having a mutated bloodline. Even though you can reach a contract through blood, it’s not permanent. It’s just temporary.”

“What... do you mean?” Yun Qi hadn’t completely digested what he said yet. Feng Qingxuan said, “So, your summoning is only temporary. The Magic Beasts you can contract and summon are completely based on your bloodline.”

“Bloodline?”

Feng Qingxuan turned around. “So... the Magic Beasts you can contract and summon can only be contracted by summoners of the Yun family’s bloodline before you.”

Yun Qi was surprised. He could contract and summon the Magic Beasts contracted by summoners in the bloodline of the Yun family? So... he could also summon the Magic Beasts contracted by the most powerful summoners?!

“The strength of the Magic Beasts you summon will consume your energy to a different extent. Kid, don’t overestimate yourself and use this power, or you won’t even know how you die!” said Feng Qingxuan coldly. Yun Qi frowned and nodded. He didn’t expect his bloodline to be able to extend such power! He... could be considered another kind of summoner, even though it was extremely short!

“I’ll remember your teachings, Senior Feng. I...!” Yun Qi raised his head and suddenly found that Feng Qingxuan had already walked to him. He pointed at his forehead with a finger and something warm seeped into his body from his forehead. Yun Qi said, “Senior Feng, what entered my body?”

Feng Qingxuan removed his finger and said coldly, “It’s my blood. My blood has already melted in your body. You can summon my contracted Magic Beasts through your own blood.”

“Senior Feng!” Yun Qi was surprised. Feng Qingxuan said casually, “I’m not doing this for you, but for my disciple. Even though there are a lot of powerful summoners in the Yun family, my contracted Magic Beasts might be more useful when facing the Blood Souls. You must help my disciple.”

“Thank you, Senior Feng!” Yun Qi said. “It’s Feng’s fortune to have a master like Senior Feng!”

Feng Qingxuan chuckled and put on a rare smile when he talked about Yun Feng. “It’s my fortune to meet my disciple. Remember, if you summon my contracted Magic Beast, be mentally prepared. My contracted Magic Beasts isn’t simple.”

The memories ended here. Yun Qi’s heart was pounding crazily. His opponent was a legendary figure of the Yun family, a seven-element summoner! He was also with the Blood Souls!

“Swish!” A hole appeared in Yun Qi’s hand. Dark red blood surged out of his palm and landed on the ground!

“Kid of the Yun family, are you trying to cripple yourself if you can’t beat me?” Yan Ye said coldly in the air with mockery!

Yun Qi looked at the bright red blood that gushed out of his palm. He exerted strength in his hand and hit the ground fiercely! There was only bright red under his palm and a scorching heat appeared in the blood that flowed out! Pain and heat intertwined. Yun Qi clearly felt that the blood in his body was burning and boiling!

The mutated summoner bloodline completely woke up at this moment!

The heat spread inside his body and directly penetrated the ground under his palm through his blood!

“With my blood, I’m calling you!” Yun Qi shouted furiously as the temperature under his palm suddenly rose! “Come out!”

Accompanied by such a roar, the blood suddenly emitted dazzling light and a few cracks appeared on the ground, instantly collapsing!

A strange roar came, accompanied by a huge figure! It broke out of the ground!

“W-What’s that?” Yan Ye’s expression instantly froze. He looked at the huge figure that rushed out of the ground and stopped in the air. His pupils shrank fiercely. That was... That was...

It was a Dragon!

Yun Qi looked at the huge figure that stopped in the sky dumbfoundedly. A ball of black fire completely surrounded its huge body, as if it was born in the fire! The huge Dragon’s body was entrenched in the void and there was a pair of huge wings on its back. It slowly opened its Dragon eyes and a golden light flashed out!

Was it a Golden Dragon? Yun Qi was shocked. A dark Golden Dragon... He had never heard of it!

“It wasn’t Feng Qingxuan who summoned me, but you?” The Dragon opened its mouth and said in a deep voice that seemed to come from a distant era. Yun Qi was still in shock. This was Senior Feng’s contracted Magic Beast, the darkness Golden Dragon!

“There’s something I need your help with. Please forgive me, Senior,” said Yun Qi. He knew very well that the Magic Beasts summoned with his blood weren’t like other Magic Beasts who would acknowledge their summoner as their master. He was just using his power to borrow it.

“If Feng Qingxuan did that, so be it.” He looked at Yun Qi with his golden eyes and felt a huge pressure. Yan Ye couldn’t remain calm anymore. What exactly happened? That kid of the Yun family wasn’t a summoner. How did he summon this Dragon?

“What do you want me to do?” The darkness Golden Dragon said. It didn’t do anything, but it brought a huge pressure. Yun Qi couldn’t help but heave a sigh of relief. “I invited Senior here to fight an all-element summoner.”

“An all-element summoner?” The Golden Dragon glanced over. After seeing the legendary figure of the Yun family, it suddenly put on a disdainful smile. “That’s just an empty shell. A summoner? How can a dead soul summon the so-called Magic Beast?”

Chapter 2078: The Ending Battle (10)

Yan Ye was shocked! What exactly was its identity? It could see through it at a glance!

“Empty shell? So, these contracted Magic Beasts that appeared...” Yun Qi was surprised. The darkness Golden Dragon said in a low voice, “They’re just a smokescreen. They’re all dead Beast Souls.”

“Swish...!” A darkness attack suddenly came. The Golden Dragon glanced around and the black fire on its body roared, blocking the attack completely! “Little bastard, how dare you attack me?” The darkness Golden Dragon said. Yan Ye couldn’t help but turn pale. She was one of the four elders of the Blood Souls, a God Venerable! Her attack was blocked so easily. Who exactly was this Magic Beast?

“Since your target is that empty shell, I’ll grant you your wish.” The darkness Golden Dragon completely ignored Yan Ye. Its huge dragon tail slashed across the sky and the burning black fire burnt fiercely, completely shattering the empty shell and the seven Beast Souls! In just one move, everything turned into nothing!

“Wait! That’s the soul of a member of the Yun family!” Yun Qi roared, but the darkness Golden Dragon was too fast. The black fire swallowed everything in an instant! Yun Qi could only watch everything!

“Humph! It’s just a soul fragment. It’s not the original soul.” The darkness Golden Dragon said. Yun Qi’s brain buzzed! A soul fragment... Did the Blood Souls... do the same thing to this legendary figure of the Yun family as him, dividing his soul?

“Damn it!” Yun Qi roared. Damn the Blood Souls! Despicable! Shameless!

“I should go, but before I leave, I have to teach this little bastard who dares to attack me a lesson.” The black fire on the body of the darkness Golden Dragon suddenly boiled. Seeing that, Yan Ye immediately turned around and was about to run. Evil light flashed through the golden eyes of the darkness Golden Dragon as it swept its powerful dragon tail again. Even if Yan Ye wanted to dodge, she wouldn’t be able to do so in time! It hit Yan Ye’s body firmly and Yan Ye was sent flying on the spot, falling on the ground, creating a deep pit!

“Tell Feng Qingxuan that I’ll go to him sooner or later.” After saying that, the darkness Golden Dragon burnt the black fire again and instantly disappeared!

“Ugh!” Yan Ye, who was smashed on the ground, had blood all over her pretty face and her body was almost deformed. The black robe on his body had already been torn and messy. Yan Ye’s black eyes glittered constantly. That attack just then almost half killed her! She couldn’t stay here anymore. She had to leave immediately!

She clenched her trembling hand in the air fiercely and was about to open a spatial crack from the side when a figure rushed over quickly and a force hit Yan Ye’s body heavily!

“Ugh!” Yan Ye’s body went limp and she fell on the ground again. She looked up at the face that was looking down at her from above. Those black eyes were full of hatred and coldness. Yan Ye suddenly smiled. “Kid of the Yun family, I didn’t expect that I would miscalculate on you...”

Yun Qi sneered and slowly squatted down. He suddenly extended his hand forward and grabbed Yan Ye’s neck, lifting her entire body out of the pit and hanging her in the air!

“Yun Qi!” A call came. Yun Qi turned around slightly and ended the battle in a sorry state. There were a lot of blood marks on his body and face. “Did you... get that Dragon just then?” Yin Yue asked carefully. Having seen the scene just then, she was quite shocked in her mind! Such a Dragon... What exactly was going on? Was he also a summoner?!

“It won’t be too late to talk about that later.” Yun Qi said as he clenched his bloody fingers fiercely. Yan Ye immediately coughed a few times, looking a bit painful. Seeing that, Yin Yue’s black eyes glittered and she didn’t say anything.

“Where do the Blood Souls keep the soul of the all-element summoner of the Yun family? Tell me!” Yun Qi asked fiercely. Yan Ye raised the corners of his mouth after hearing that. “Kid of the Yun family, I won’t tell you anything you ask me. Don’t waste your energy!”

Yun Qi narrowed his black eyes and retracted his fingers fiercely. “You’re not telling? I have a lot of ways to torture you. My sister, Yun Feng, has also practiced it many times. I think you know that.”

Yan Ye sneered. “Whatever you want. Kid of the Yun family, I should thank you on behalf of the Soul Master. The Yun family has really contributed a lot to the Blood Souls. Hahaha, hm!”

Yun Qi exerted strength in his hand fiercely! “Crack!” The sound of bones being broken in an instant suddenly sounded. Yan Ye’s head tilted and she wasn’t alive anymore! A ball of black matter oozed out of her body. Yun Qi waved his hand and the power hit him directly. The black matter instantly shattered and a scream of the soul sounded, completely turning into ashes!

Yun Qi casually threw the corpse in his hand away and didn’t look at it anymore. He strode forward and found that Yin Yue was still standing there.

“You’re not leaving?” Yun Qi said. Yin Yue knelt on the ground and looked at the corpse lying on the ground. She shook her head. “I’ll stay here. You go first.”

Yun Qi looked at her deeply with his black eyes and strode forward without saying anything else. Looking at the wound on his palm and thinking about what Yan Ye said just then, he clenched his fists fiercely! Blood gushed out again with pain. Blood Souls,

if I can't kill all of you, how can I let the dead heroic spirits of the Yun family rest in peace?

"Swish, swish, swish...!" Two figures kept flashing through the thick fog. Qu Lanyi turned around slightly and saw that Ao Jin was frowning. "What's wrong?" Qu Lanyi raised his brows. Ao Jin frowned. "I'm not sure. I seemed to have detected the aura of my own kind just then."

"Your own kind?" Qu Lanyi was puzzled. Ao Jin nodded. "It's just been a while. It disappeared very soon, so I'm not sure if my feeling is right."

Qu Lanyi didn't say anything else. He kept looking ahead with his black eyes. "The traitorous Red Dragons have all gone to the Vast Continent. They won't appear here."

"It's not the Red Dragons... What I detected was the aura of the Golden Dragons," said Ao Jin. Qu Lanyi was stunned. "Golden Dragons? Ao Jin, are you kidding me?"

Ao Jin frowned. "I hope I'm joking. If the Blood Souls have a Golden Dragon... it'll be tricky."

"I hope you're wrong," whispered Qu Lanyi as he looked at the thick fog around him. "I wonder how Yun Feng is doing. It'll be great if she finds the exit."

Ao Jin raised his thick eyebrows. "With the girl's strength and Qi Yun's, it certainly won't be a problem. If we keep going like this, when will there be an end? Should we consider changing our direction?"

The two of them stopped. Qu Lanyi frowned and pondered for a while. "Change the direction... It's useless to change the direction in the thick fog. However, you're right. We can't keep going."

Chapter 2079: The Ending Battle (11)

Ao Jin also stopped and looked at the thick fog around him. He said in a low voice, "Can't we break this damn thick fog?"

Qu Lanyi was silent for a moment. Then, he shook his head. "It's not like we've never tried. It seems that we really have to change our direction. If the same happens to Xiao Feng..."

"Tut-tut, you're still talking about Yun Feng." A voice sounded. Ao Jin glanced in a certain direction. "Come out!"

Qu Lanyi's black eyes glittered. This voice... was Yu Lian's.

“Come out,” said Qu Lanyi casually with coldness in his eyes. The thick fog that spread around completely dissipated. Two figures stood in the void where the fog spread, both wrapped in black robes. Qu Lanyi looked up at one of the pale cheeks and said, “Yu Lian, you betrayed the Naxi family and even abandoned your bloodline. My father was merciful enough to spare your life back then.”

“Yu Lian? The traitor of the Naxi family?” Ao Jin also looked at Yu Lian. Yu Lian, who was standing in the sky, still had that same face. Her face was sickly pale, especially her eyes. They were just evil.

“Betray? I don’t want to betray the Naxi family! It’s all Yun Feng’s fault! If it weren’t for her, I wouldn’t have been expelled!”

Qu Lanyi sneered. “Even now, you’re still pushing all the blame to Yun Feng. You’re completely unrepentant.”

“Unrepentant? Hahahaha! Why should I repent? The Naxi family was the one who expelled me! You were the ones who abandoned me! You can expel your own kind just because of a member of the Yun family. Why should I repent? I can’t wait for the Naxi family to suffer a disaster!” Yu Lian’s face was crazily stained and her words were full of hatred! Then, she chuckled softly. “However, Brother Lanyi, if you’re willing, I’ll protect you from death. As long as you’re willing to be by my side, I’ll treat you well.”

“No need. I would rather die than choose you,” said Qu Lanyi. Ao Jin burst into laughter. “Well said! I wouldn’t want such a woman even if I died!”

Yu Lian’s facial features instantly distorted and the black robe on her body suddenly rose! “Alright, alright! Since you don’t want your last chance, rather than letting Yun Feng occupy you, I’ll kill you with my own hands!” A pale arm extended from the black robe and a black chain appeared. Qu Lanyi and Ao Jin separated and dodged. The end of the black chain stopped somewhere in the air and then exploded. Like a split lip, four black chains appeared again! They shot in all directions!

“Swish...!” Another black figure also moved. He pounced on Qu Lanyi, but was stopped by a series of black chains! “Naxi Lanyi is my prey! I must kill him! Kill him with my own hands!” Yu Lian shouted like a lunatic.

“You’re truly a lunatic.” Another figure whispered in disdain. He turned around and ran towards Ao Jin. Seeing that, Qu Lanyi roared, “Ao Jin! He’s one of the four elders of the Blood Souls. Don’t underestimate him!”

“Got it!” Ao Jin roared as he fought with the other figure!

Qu Lanyi moved and avoided the black chains that were flying towards him. Yu Lian had become much stronger. Otherwise, how would she have pressured him with her

former strength? “Yu Lian! You’ve really abandoned everything!” Qu Lanyi suddenly attacked and slashed a beam of light, breaking a few black chains in half!

“As I said, I didn’t abandon everything. You abandoned me!” There was hatred and anger on her distorted facial features. The black chains danced crazily and occupied the entire space! “Crash, crash, crash!” The chains moved around quickly and instantly formed a huge black net, covering the space around Qu Lanyi and completely enveloping him!

“Brother Lanyi, I don’t have any less feelings for you than she does. Why didn’t you choose me? I met you first! I came to you first!” She roared furiously. It was all about the feelings in her heart! She had already become a demon!

“You’ve never existed in my eyes!” Qu Lanyi rejected coldly. Looking at the black net that filled the sky around him, he was completely calm and stood in the middle without doing anything else.

“Hahahaha! I never existed in your eyes? I never existed in your eyes!” She roared furiously as the black chains stabbed towards the middle like sharp swords! Qu Lanyi didn’t do anything. The ends of the black chains turned into sharp thorns that could instantly penetrate a human’s weak body!

“Buzz!” A white halo appeared around Qu Lanyi and completely enveloped him! The black chains were all blocked and he couldn’t get close at all!

“Light element? When did your light element become so powerful?” Yu Lian slowly appeared from somewhere in the black net and looked at Qu Lanyi curiously. Qu Lanyi looked up. “How can you, a traitor, know everything about the bloodline of the Naxi family?”

“Bang!” Several beams of light were released at the same time. Yu Lian raised her head and laughed. She waved the chains in her hand, forming a completely black barrier that completely blocked all the light element attacks! Qu Lanyi couldn’t help but frown. She had completely blocked them!

“Brother Lanyi, are you curious that I can block all your attacks?” Yu Lian chuckled. “Unfortunately, Yun Feng isn’t here. If she were, I would have finished her off with my own hands and let you understand that I’m countless times stronger than her!”

“You’ll never compare to her!”

After hearing that, Yu Lian’s facial features became ferocious. Then, she chuckled. “I’m no longer the Yu Lian with average strength who could be stepped on by Yun Feng! The current me has the power of the oldest soul of the Naxi family!”

“What did you say?” Qu Lanyi’s pupils shrank abruptly!

“Hahahaha! Are you surprised?” Yu Lian laughed arrogantly!

Qu Lanyi clenched his fists with redness in his eyes. The disappearance of the founder of the Naxi family was indeed related to the Blood Souls! He thought it was done by one of the four elders, but the soul was in Yu Lian’s body! This was a huge humiliation for the Naxi family! How could he allow a traitor to taint the soul of the founder?

“Yu Lian, you deserve to die!” Qu Lanyi whispered as he gritted his teeth. He had never been angry about anything about the Naxi family and had almost never cared about the Naxi family. However, right now, the dignity of the Naxi family couldn’t be provoked by her, a traitor. She couldn’t taint the honor of the Naxi family!

Chapter 2080: The Ending Battle (12)

“Brother Lanyi, I really don’t want you to die, but... I’m going to kill you with my own hands. I won’t allow Yun Feng to get you!” Yu Lian roared as she clasped her hands together fiercely. A huge force surged out of her body and gathered in her palms!

This was indeed the power that belonged to the Naxi family! Qu Lanyi gritted his teeth and his black eyes completely turned bloody red! The gears on his chest spun crazily and redness extended crazily from his heart, even covering his entire face!

Black and white light glittered on Qu Lanyi’s body. The Light Seed in his body was like a small sun. Dazzling light burst out of Qu Lanyi’s body. Red patterns and red eyes. Qu Lanyi clasped his hands and forcibly fused the black and white colors!

Yu Lian’s crazy laughter filled the void. Qu Lanyi gritted his teeth. He didn’t know what chance he had of winning against the power of the founder of the Naxi family! The only thing he knew was that he had to win!

“Boom!” Yu Lian opened her hands and the power she gathered roared out with an earth-shattering momentum!

Qu Lanyi roared and his power burst out. Black and white intertwined and moved forward like two long dragons!

They collided and shattered! The aftershock of the power suddenly spread, sending everything flying! The black chains all collapsed!

Ao Jin and Yan Mi, one of the four elders of the Blood Souls, who were fighting, couldn’t help but stop immediately and retreat crazily. Ao Jin felt the afterglow of this power. Qu Lanyi was so terrifying when he burst out!

Sand and stones flew, stirring up dust. Yu Lian, who was standing in the air, looked at the ground that was gradually dissipating, leaving only a huge pool of blood. Qu Lanyi was gone! Yu Lian burst into laughter. "You're dead... I killed you... Then, she won't be able to get you. You're mine!"

"Buzz!" There was a fluctuation and a ball of dazzling light suddenly exploded in front of Yu Lian's eyes. Yu Lian was shocked! "What..."

"Poof!" A huge light thorn came and penetrated her entire body!

Yu Lian widened her eyes and looked at the light thorn that pierced through her chest in disbelief. She suddenly raised her black eyes and a figure stood in the air, looking at her coldly with his red eyes. His beautiful thin lips opened. "Don't underestimate the power of the Naxi family. How would you understand after abandoning your bloodline?"

"Poof!" The light thorn that penetrated her body suddenly exploded. Yu Lian's eyes widened, as if they were about to pop out!

Blood and flesh flew everywhere and even her soul wasn't left at all!

"Swish...!" A darkness attack suddenly came at Qu Lanyi. Qu Lanyi's body swayed. He wanted to dodge, but he consumed too much energy. He could only watch the attack come!

"Bang..." A beam of golden light flashed in front of Qu Lanyi's eyes. The long tail of a golden dragon completely blocked the attack. The darkness attack hit the tail and didn't cause much damage. The Golden Dragon roared and pounced with its dragon claw without hesitation. Yan Mi, who failed to sneak attack, flashed. Yu Lian, that idiot! They gave her such power and she was still killed like this! He couldn't beat the two people in front of him alone!

Yan Mi kept retreating with an awful expression. Suddenly, he was startled and mumbled, "How is that possible... Yan Ye is dead?"

Qu Lanyi's black eyes glittered when he heard that. Yan Ye... should be one of the four elders. One of them died? Who did it? Was it Xiao Fengfeng?

"I've underestimated you! You killed Yan Ye!" Yan Mi roared viciously. Ao Jin transformed into his human form and said coldly after hearing that, "Only one of you died? You'll all die sooner or later! I'm going to kill the second one next!"

Yan Mi frowned and sneered. "Don't be complacent for too long. There's only one person the Soul Master cares about. Besides... she's here too."

"Who is she? What do you mean? Tell me clearly!" Killing intent flashed through Ao Jin's golden eyes. Qu Lanyi was stunned and his body stiffened! Was he referring to...

“Hahahaha, what’s interesting is still to come!” After saying that, Yan Mi turned into black smoke and instantly disappeared!

“Damn it, stop right there!” The powerful force hit the place where Yan Mi disappeared, but only passed through the black mist! “Damn it!” Ao Jin cursed in a low voice as his muscles tightened. Qu Lanyi walked over solemnly. Ao Jin quickly reached out to help him. “How are you? Are you alright?”

Qu Lanyi quickly shook his head. “Let’s go back and go back the way we came. Then, we’ll chase after Yun Feng!”

Ao Jin was stunned. “What’s wrong? What do you know?”

Qu Lanyi looked even more serious. “There’s only one person the Blood Souls’ Master cares about, Yun Feng! Damn it! Why did I forget this back then? From the beginning to the end, the Blood Souls’ Master’s goal hasn’t changed! Why did he split us up? He wanted Yun Feng to be alone!”

“But isn’t Qi Yun with her... Perhaps...” Ao Jin’s golden pupils shrank fiercely. “You mean, Qi Yun...”

“Why did I let Qi Yun stay with Xiao Fengfeng back then? I should be the one accompanying her. I should be the one!”

“Qu Lanyi, calm down!” Ao Jin roared with a solemn look. The two men rushed back with blood all over their bodies. “The girl won’t be unguarded. With her strength, even if Qi Yun is a member of the Blood Souls, the girl won’t suffer a loss! She’s a summoner!”

“Yes, you’re right... Xiao Feng is a summoner. She has the ability to get out of danger. She’ll be fine!”

Ao Jin frowned. No matter how fast the two of them were, they still thought that it was slow! Faster, faster!

Xiao Fengfeng, you’ll be fine! You’ll definitely be fine! I’m here! I’m here!

Yun Feng, who was moving forward, suddenly stopped. Qi Yun, who was next to her, raised his brows in confusion. “What’s wrong?”

Yun Feng didn’t answer. She seemed to have heard Lanyi’s voice just then? Looking at the heavy fog around her, Yun Feng frowned slightly. Was it an illusion? How could she hear Lanyi’s voice? “Nothing,” replied Yun Feng as she continued moving forward. Qi Yun followed her silently. The heavy fog in front of her showed signs of fading. Yun Feng couldn’t help but feel delighted in her mind. It seemed that the exit was ahead?

The further she went, the thinner the thick fog became. In the end, it completely disappeared. What appeared in front of Yun Feng was a very huge door with a very huge word engraved on it. Yun Feng raised her black eyes and was very shocked!
