

# Ghost Doctor 2027

## Chapter 2027: Still alive

Watching the youth rummaging around, Zhuo Junyue opened his mouth. "Those man-eating ants have just returned to the nest. Be careful, if you search randomly here, they will come out again."

"They won't." Feng Jiu never looked back as she answered.

"What are you looking for? Do you need help?" He followed her while paying attention to the movements around him.

"Purple wood grass, there should be some in this area. Help me look for it. Its leaves are pointed, green at the top and purple at the bottom. Its bone stem is purple like a branch. Look for it." Feng Jiu bent her waist to search among the grass.

When he heard this, Zhuo Junyue also pushed the grass and looked around for a long time. Zhuo Junyue saw the purple wood grass mentioned by Feng Jiu under a tree and dug it out. "Take a look, is this the grass?"

Feng Jiu looked back and saw Zhuo Jun Yue, a few meters away, with a purple wood grass in his hand. She walked over and smiled. "Yes, this is it. Let's look again, there should be more. One plant is not enough."

"Mm."

So, the two of them were searching in this area. At this time, they heard the faint sound of people calling out from the forest.

"Little Jiu! Little Jiu!"

"Young Master Zhuo! Young Master Zhuo!"

"Little Jiu! Young Master Zhuo!"

The two of them, who had already dug up several purple wood grass plants, straightened up and looked at each other. "It seems to be Chai Feng."

"Are these enough? If so, let's go back!" Zhuo Junyue said.

Feng Jiu looked at the purple wood grass in her hand and nodded: "Mm, good enough. Let's go!" She guessed those people couldn't wait any longer.

"Little Jiu! Little Jiu! Young Master Zhuo! Where are you?" Chai Feng shouted all over the forest. They followed the previous route but did not see the two people's figures.

"Second Uncle, could they have..." Chai Feng could not help but think negatively that it would be difficult to escape if they were surrounded by the man-eating ants.

“Look again! Master Zhuo is not an ordinary person. Even if Little Jiu’s strength is not good enough, Master Zhuo can also protect him.” Second Master Chai said and kept walking.

Feng Jiu, who was coming this way, could not help but tug the corner of her mouth when he heard their words. Her strength was not good enough? Okay! Who told her to press down her strength to the Golden Core initial stage? She did look a bit weak. She didn’t blame them for thinking she’s not good enough.

“Ah! Little Jiu! Young Master Zhuo!” Chai Feng saw two people coming. He shouted in surprise and walked towards them quickly.

“Young Master Zhuo, Little Jiu, I’m so glad you’re all right!” When Second Master Chai saw that the two of them were still alive, he breathed a sigh of relief. He hurriedly said to Feng Jiu, “Little Jiu, many people have been bitten by the man-eating ants. Immortal Lord Hun Yuan said that your medical skills can save everyone. Please save all of them!”

When Zhuo Junyue heard this, he felt a little strange, but he couldn’t say where. He just looked at the youth next to him.

Feng Jiu smiled. “Let’s go back and talk about it.”

“Well, alright. Let’s go back quickly. Immortal Lord said that the man-eating ants’ poisonous heat is very powerful. I don’t know how they are now.” Second Master Chai remarked, worried about his clan’s members. Immediately, he hurried back with them.

At this time, the people who were resting by the stream gradually showed symptoms in their bodies. Those who were bitten felt hot all over but they oozed cold sweats. Their faces flushed as their body temperatures rose. They fell to the ground wailing one by one. Some of them with serious symptoms even began to vomit. The situation was very bad.

## **Chapter 2028: Breathed his last**

“Ugh...aah!”

“Hiss!”

“Aaah...”

The crowd was howling with pain, making those who were taking care of them run around frantically. The Chai family’s physician was busy examining their bodies, but there was nothing he could do to help.

“Immortal Lord, this, what to do about this? The poisonous heat inside their bodies has started to flare up.” The Chai family’s physician came over and told Sage Hun Yuan anxiously.

“It’s no use asking me. I told you I’m not a physician. I don’t know how to solve this thing.” Sage Hun Yuan was also in a low mood. Watching those people wailing in anguish, among them were the Nebula Immortal Sect, how could he feel better? But, it’s no use looking for him! There’s really nothing he could do.

Three female disciples of the Nebula Immortal Sect surrounded Fan Yixiu, their faces filled with worry. "Senior Brother, how are you doing? Can you hold on?"

"I'm fine."

Fan Yixiu was gasping for breath. The poisonous heat in his body flared out and his whole body was so hot almost to the point of smoking. Although he had been pouring cold sweat and his face flushed, at least because he had previously taken the fourth-grade antidote pill, the poisonous fire in his body was somewhat alleviated. Compared with other people in serious condition who had started vomiting, he was still conscious and clear-headed.

"Senior Brother..."

The three women looked at him tearfully, fearing he would die like this. He took care of them throughout the whole journey. If it hadn't been for them, he wouldn't have been bitten by man-eating ants.

The two men sitting beside them looked gloomy. They seemed to have a fire burning in their hearts as they watched their senior brother. One of them said in a calm voice, "I must choose another teacher when I go back! I don't want to stay in the Jade Forest Peak anymore."

"I won't go back to the Jade Forest Peak when I'm out of here. I'll go straight home and ask my father to write the letter and send it to the immortal sect." The man next to him also said in a calm voice.

"Deciding to enter this place was the worst mistake!"

Hearing what they said, the three women wiped away their tears. "We also don't want to go back to the Jade Forest Peak. Master doesn't care about our life and death. If it wasn't for Senior Brother who has been protecting us, we would have died."

Fan Yixiu moved his lips to say something, but nothing came out of his lips. The danger of this trip was far beyond their expectation. If they could not see their master's attitude towards them at this moment, they would have lived in vain.

Sage Hun Yuan who was sitting in front of them glanced at them, unscrewed the flask at his waist, took a sip of wine, and snorted. "Forget about a master like that. If you follow him, sooner or later you'll die for unexplained reasons."

He also disregarded the Jade Forest Peak's peak master's method of letting a few young people come here without sending a powerful man as their team leader. If they hadn't met him, they would have died many times.

"It's bad, someone has died!"

The Chai family's physician exclaimed, watching a member of the Chai Clan who was vomiting earlier finally stopped moving after twitching for a while. He went forward to check, but saw that the man had stopped breathing and was clearly dead!

Sage Hun Yuan frowned and went forward to have a look, then shook his head. "There's nothing I can do if he's already dead. It's useless."

“We’re back!” Chai Feng shouted on the other side of the stream, and with a breath, he swept across the stream. He landed on the grass with Feng Jiu and the others.

The Chai family’s physician came to Second Master Chai with grief on his face and reported in a trembling voice. “Second Master, a disciple has breathed his last...”
