Chapter 2031: Once A Handsome Man

Feng Jiu was startled: "What are you talking about?"

Sage Hun Yuan glared: "Still acting dumb? I'm talking about you being my disciple!" As soon as he had said those words, he saw that the Little Scoundrel had curled his lips and looked away.

"Not doing it." She didn't want another Master.

Although back then when she had acknowledged Heavenly Dynasty Palace's Palace Master Chu Ba Tian as her Master in the secret underwater mansion, and he was far less powerful than Sage Hun Yuan, however, she was indebted to Chu Ba Tian. He had helped her break through her mystical body spirit and her ancient divine sword, the Blue Edge, was also a gift from him. Although he had only left her some treasures, he had guided her about cultivation and she had used the items he had left behind with her own talent and became stronger step by step.

All her skills in this life, other than her skills she had learnt in her previous life, were all self-taught, so what was the point in acknowledging another Master? It would just give her more trouble.

All those years ago when she had acknowledged Chu Ba Tian as her Master, she had promised him that she would do three things for him. The power of Heavenly Dynasty Palace had since expanded from the lower continent to the upper continent in secret. The ancient divine sword Blue Edge was also in her hand. There was only one last thing left to do, and that was to find his descendants.

Unfortunately, it has proved difficult finding his descendants after so many years. Her Master Chu Ba Tian had dominated over the lower continent back then. However, the people that she had secretly sent to inquire in the lower continent had not brought back any news.

Now that she had reached the upper continent and their forces had moved here, it was even more difficult to find his descendants from the lower continent. Sometimes, she even wondered, were his descendants even still around? Or maybe they had retired from the world and lived as ordinary people?

After all, if his descendants were still around, when the news that Blue Edge was in her hands had reached them, they would have come looking for her. However, this matter was like a stone sinking into the ocean without any echo.

"Little Scoundrel? Little Scoundrel?"

When Sage Hun Yuan saw the young boy sitting in front of him had become distracted, he couldn't help but stare: "Are my words so boring? How can you get distracted talking to me?"

Feng Jiu came out of her reverie and glanced at him: "I wasn't distracted, I just happened to think of something." She took a wine gourd out of space, unscrewed the lid and took a sip.

Once the lid had been unscrewed and the smell of the wine filled the air, Sage Hun Yuan's eyes lit up. He swallowed and stared at the wine gourd in Feng Jiu's hand: "A kid shouldn't be drinking wine. Bring it here and let me taste it."

He had stretched out his hand to take the wine gourd but Feng Jiu avoided him. She held the wine gourd in her arms and stared at him vigilantly: "Don't you have your own? Why are you taking mine?" This old man was so greedy.

The old man was a little surprised at the speed at which he had avoided him and couldn't help but stroke his beard. His eyes narrowed as he sized him up, and he said: "I think your wine is more fragrant. I am an elder so you have to respect me, do you understand?"

Feng Jiu laughed upon hearing that. She stared at the old man's flushed complexion, his old face was so smooth that there wasn't a wrinkle in sight, she said: "Other than your hair, beard and eyebrows being white, you don't look like an old man at all."

Upon hearing this, the old man smiled triumphantly: "That's because I have maintained myself well. Back then, I was once a handsome man who had dazzled thousands of girls."

Chapter 2032: I Am Very Powerful

When Feng Jiu saw the old man's triumphant expression, her mouth twitched slightly. Even if he had dared to speak it, she was afraid to listen. She turned slightly to the other side and took another sip of wine.

Upon seeing that the Little Scoundrel had ignored him and turned his back towards him and drank more wine, the old man stared at him: "Little Scoundrel, did you hear a word I said?! Little Scoundrel!"

When he saw that he was being ignored, the old man jumped in front of him: "I'm talking to you!"

"I'm not a Little Scoundrel." Feng Jiu replied. She held the wine gourd in her arms and refused to give him any.

"You are a Little Scoundrel! You took a treasure from me the first time I met you. If you aren't a Little Scoundrel then what are you?" He became angry when he spoke about this matter, this kid was cunning.

Feng Jiu put the wine gourd away quickly and stood up, then walked over to Chai Second Master: "Second Master, when will we be leaving?"

Due to the fact that Feng Jiu had saved everyone time after time, he had grown more respectful of him. He didn't look down on him because of his young age. When he asked him this, he said: "I will discuss it with Immortal Lord." With that, he walked over to Sage Hun Yuan.

Not long later, after Sage Hun Yuan had discussed it with Chai Second Master, the group moved forward again.

"Has Immortal Lord been to the Volcanic Forest before?" Chai Second Master asked.

"Of course."

Sage Hun Yuan replied and glanced behind at Feng Jiu. He cursed secretly. The Little Scoundrel, he had already brought up the matter of acknowledging him as his Master, but he had repeatedly avoided the conversation. He didn't believe that with his prestigious reputation he would be unable to get this kid to be his disciple!

Upon hearing this, Second Chai Master asked: "Then how long will it take for us to get to the crater of the volcano from here?"

"Going at our current speed, we should reach the area in about ten days or so. However, that is provided that our journey is uneventful. If something were to happen along the way then that would be hard to say." Sage Hun Yuan walked leisurely with his hands behind his back. He was thinking about how he could make the kid obediently acknowledge him as his Master during this period of time.

Well, that Little Scoundrel must not know how powerful he is. As long as he could show him how good he was, he would definitely jump at the chance of acknowledging him as his Master. As he thought of this, the corners of his mouth curled up into a smile.

Oh he was getting excited just thinking about it. He had to find an opportunity for him to show off his skills and let that Little Scoundrel see how strong he was!

Zhou Junyue who was walking beside Sage Hun Yuan watched the old man's expression change and wondered what happy things he was thinking of. He was grinning so much that the corners of his mouth had nearly reached his ears and the look between his eyebrows puzzled him even more.

This old man was still angry earlier on, how could his mood have changed so quickly?

He glanced at the old man and then at the young boy in azure robes behind him. He thought that the old man's mood definitely had something to do with the young man.

They walked until the sky became dark, and they finally stopped.

"Let's rest here tonight! Go and pick some branches to light two fires. Everyone take a break. Remember to have a few people take turns to keep watch overnight." Chai Second Master instructed, then he said to Sage Hun Yuan: "Immortal Lord, sit down and take a rest first."

"Alright." Sage Hun Yuan replied but didn't sit down. Instead, he walked over to Feng Jiu and stood in front of him.

"Can I help you with something?" Feng Jiu looked at the old man helplessly and asked. What did this old man want?
