Chapter 2691: Visit

Early in the morning, when the people in the Guo Family were busy preparing for their journey, a group of people visited the Guo Family and surrounded the front door.

“Go! Knock on the door!”

As soon as the voice of the middle aged man fell, someone hurried forward and banged on the door of the Guo Family’s Manor: “Open the door! Open the door!”

When the doorman heard the commotion, he opened it and saw a large group of people outside. Their expressions were moody, and he was taken aback: “Who are you all? What are you going to do?”

The people in front of him separated and revealed the middle aged man behind them, and the man whose hand and neck were bandaged with white gauze.

When he saw the two people, the doorman recognised them: “You are the Patriarch of the Li Family?” Why did the Patriarch of the Li Family come here?

“Hmph!” Patriarch Li snorted coldly and stood with his arms folded. He glanced at the old doorman and said: “We have come to get someone today! Go and tell your Patriarch and tell him to hand the person over to me!”

Upon hearing this, the old doorman was startled and beckoned a guard whom he then instructed to go inside and report the matter.

He was sitting in the main hall with his Father and talking when Patriarch Guo saw the steward coming inside in a hurry and asked: “What’s the panic?”

“Patriarch, Senior Patriarch, the Li Family are here. Patriarch Li brought a group of people and surrounded our gate and said that we have to hand the person over.” The steward reported what had happened outside.

Upon hearing this, Senior Patriarch Guo, who was sitting in the main seat inside the main hall looked at his son and asked: “Why are the Li Family here? Who is it they want?”

“Father was unaware, last night...”

Patriarch Guo told his Father what Guo Xinning had told him last night, finally, he said: “Later, I sent someone to Exquisite Pavilion to enquire, the Young Master of the Li Family had too much to drink and tried to take advantage of the Young Miss from the Xie Family. Who knew, when he was unsuccessful, he hit Xie Yutang and was kicked down the stairs by Feng Jiu in retaliation.”

He paused, then said: “I thought that the Li Family wouldn’t make a deal out of this matter, but my guess is that they have found out they are not our Guo Family, so they dare to come and ask us to hand them over!”

Upon hearing this, Senior Patriarch Guo shook his head and sighed: "The Young Master of the Li Family has a limited breadth of mind and is narrow minded, he can't compare to his Father Old Man Li's way of handling matters."

"Father, let me go and take a look." Patriarch Guo spoke as he stood up.

Senior Patriarch Guo took a sip of his tea and said slowly: "Since has come to our door, I doubt he will give up so easily, you can handle it! Don't worry our guests about this kind of thing."

"Yes." Patriarch Guo responded and then went out.

After Guo Xinning heard the commotion outside the Manor, he inquired and learnt that someone from the Li Family had come to the door. He paused, then walked to the courtyard where Feng Jiu and the others were.

His Father would handle this matter, but he still wanted to see if Feng Jiu and the others were ready.

When he arrived at the courtyard, he was a little surprised when he saw them about to come out: "You got up so early? Have you eaten yet?"

"We've eaten, we were just about to go and look for you!" Xie Yutang said, and asked: "I heard from Feng Jiu that Brother Guo, you and your Grandfather will be travelling with us?"

"Yes, we are going to the Treasure Exchange Building." Guo Xinning said warmly, then he said: "The pastries have been delivered from the Exquisite Pavilion."

He took the boxes of pastries out from space and handed it to them: "There are several flavours there, all of which are indicated from the wrapper."

"Thank you Brother Guo." Xie Shisi said with a smile. She put some in her cosmos sack and gave some to Feng Jiu: "Little Jiu, keep these!"

"Alright." Feng Jiu took them and put them in space.

"I heard some commotion outside the Manor, was it the people from last night?" Feng Jiu asked.

Upon hearing this, Guo Xinning was slightly startled. He glanced at her and said with a smile: "I didn't expect you to know about the matter. Yes, someone from the Li Family has come to our door, but don't worry, my Father has already gone out to deal with it. I didn't come to see you because of this. I came to take you to see my Grandfather, then we can prepare to set off on our journey."

Feng Jiu thought about it for a while, but she didn't say anything. She just nodded and followed him to the front courtyard.

Silver Ingot followed behind them and looked around from time to time until it came to the front courtyard. When it saw that its owner had entered, it also entered but went to the corner of the main hall and squatted there.

Inside the main hall, Feng Jiu's eyes fell on the old man drinking tea. His calm breath, rosy complexion, energetic demeanour, white beard, his peacefulness amidst his majestic look reminded her of her Grandfather.

Although her Grandfather was getting younger, compared to his youthful appearance, the voice and face of the old man were more deeply carved into her mind.

Senior Patriarch Guo's eyes swept across the Xie siblings and then fell on Feng Jiu. At first glance, he felt that this young man in azure clothes was very ordinary. He had seen many handsome men and beautiful women, and this young man's appearance could only be regarded as ordinary and very unremarkable.

...

Of course, it was this ordinary and unremarkable feeling that made him feel that he was not ordinary. If one didn't pay attention properly to such a young man, it would be easy to overlook him, which would be what the majority of people would do.

As he looked at the young man's cultivation level, he was unable to see the depth of his strength. He was slightly surprised. He stood up and stroked his beard and smiled: "You must be Feng Jiu, Young Master Feng, I am the Senior Patriarch of the Guo Family. If Young Master Feng doesn't mind, he can call me Elder Guo."

Upon hearing this, the Xie siblings were a little astonished. They stood aside and looked at Feng Jiu, then at Senior Patriarch Guo. Such a senior Patriarch actually said that Feng Jiu could call him Elder Guo?

Compared to the surprise of the two of them, and Guo Xinning's eyes moving slightly, Feng Jiu showed a gentle smile on her face. She didn't call him Elder Guo, but called out: "Senior Patriarch Guo."

"Hehe, I thought that it was just my grandson and myself travelling, I didn't expect Young Master Feng to be accompanying us. This trip definitely won't be boring." The old man stroked his beard and smiled. He looked at the Xie siblings: "When we get there, I will definitely find an opportunity to visit."

The Xie siblings were stunned when they heard this. Xie Shisi didn't react much, but Xie Yutang knew what this meant and couldn't help but smile, overjoyed, and said: "That will be very good, the Guo Family will be well looked after there. Senior Patriarch Guo and Brother Guo don't have to look for a place to stay when we get there, just stay at my house!"

They chatted happily in the main hall happily when they saw the steward walking quickly outside...

Chapter 2693: Explanation

The voices quietened down and Senior Patriarch Guo frowned: "What? Have they not dispersed yet?"

"Senior Patriarch, the people from the Li Family are fighting with the guards in the Manor." The steward whispered.

"Patriarch Li is getting more and more outrageous!" He shouted in a deep voice and said to Feng Jiu: "Please sit down for a while, I will go and take a look."

"Since the matter arose because of me, let me go!" Feng Jiu said, then she turned and walked out.

Upon seeing this, Senior Patriarch Guo paused for a while, then he watched Feng Jiu and the others go out and he left some instructions with the dark guard and walked out.

Outside the Manor, more and more people gathered to watch. All of them watched as Patriarch Li and the Patriarch argued about some matter. The two families were regarded as century-old families in the city, and they never expected the day would come when the two of them would fight.

But, what was it that caused them to argue?

“Hey, do you know why the Li Family have come to see the Guo Family? Why would the Li Family suddenly come knocking on their door?” An onlooker asked the people around him.

Upon hearing this, a man who knew the situation said with a smile: “What else can it be? Do you see Young Master Li? Last night, he had too much to drink at Exquisite Pavilion and tried to molest a girl. Apparently the girl had two men with her at the time, as well as Young Master Guo. When he failed to molest her, he was kicked down the stairs. Many people at the Exquisite Pavilion saw it happen.”

“I see! Why are the Li Family not embarrassed and have come knocking on their door? Young Master Li’s character has always been unsavoury. Now that such a thing has happened, it could only be him who would have the nerve to come knocking on their door.”

“Apparently, the person who kicked Young Master Li down the stairs is not a member of the Guo Family. Patriarch Li probably came to beat the man up after he heard about it. If it had been someone from the Guo Family who had injured him, he probably wouldn’t make such a big deal about it!”

“Yes, after all, Senior Patriarch Li is still in charge, and his friendship with Senior Patriarch Guo is quite good. The relationship just became estranged when it came to their sons’ generation.”

The people around were discussing this and their voices passed into the ears of the Li Family and Guo Family. Patriarch Guo’s face darkened slightly, he looked at Patriarch Li and said: “I advise you to suppress this matter! It’s not going to do you any good to make a big deal out of it.”

“What? Your Guo Family wants to protect an outsider? Who is that person to you?” Patriarch Li sneered, clearly not taking his words seriously.

“He hurt my son so badly, do you think that your Guo Family doesn’t owe me an explanation?”

Patriarch Guo frowned and looked at him without speaking. Then, a somewhat indifferent voice came from behind him and he looked back suddenly.

He saw Feng Jiu in azure clothes walking out slowly, her eyes falling on Patriarch Li’s body with an inexplicable look in her eyes, along with a hint of dangerous aura. He stepped aside when he saw this scene instinctively and stood beside her.

The stern coldness in her eyes made him shudder. He had said that Feng Jiu was unfathomably dangerous, no matter how she appeared. Only people like the Li Family who were reckless and impulsive would act so carelessly.

“I was the one who injured him, what do you want me to say?”

Feng Jiu stopped, her clear eyes swept across the crowd and landed on Patriarch Li.
