111 The Monster

“Lu Benwei, are you really going to enter the dark moon secret realm?”

Liu Yi’s face turned pale, and his expression was indescribably solemn.

Lu Benwei blinked his eyes and muttered in his heart, ‘What kind of terrifying place is this dark moon mystery realm that even Mr. Liu and Mr. Principal are so serious about it?’

After pondering for a while, Lu Benwei said, “That’s right!”

!!

“No, I won’t allow you to go!” Liu Yi loudly objected.

“Why, Mr. Liu?” Lu Benwei was puzzled.

“You don’t understand. The dark moon secret realm is different from the other secret realms.” Liu Yi sighed and then asked, “Have you ever heard of the monster dwellers?”

Lu Benwei shook his head.

After sighing again, Liu Yi said, “The dark moon secret realm is a secret realm that has been contaminated by dark energy. All the ferocious monsters in it are demonic monsters with dark energy.”

This was within Lu Benwei’s expectations.

“Mr. Liu, I want to enter the dark moon secret realm to train Lucifer’s Bloodline.”

“I know but this isn’t the most terrifying part of the dark moon mystery realm,” Liu Yi said indifferently.

Liu Yi swallowed his saliva and continued, “Because of the dark moon secret realm’s training, the dark energy is rich, so the hunters who enter will more or less be attacked by it. Once injured, the invasion of the dark energy will double. Do you know what will happen if the dark energy invades the brain?”

“Mr. Liu, don’t keep me in suspense.” Lu Benwei was speechless. Mr. Liu was good at everything, but he liked to keep people in suspense and spoke slowly.

“You’ll become a monster dweller,” Liu Yi said after hearing that.

“Monster dwellers?”

“Yes, they have lost their consciousness and only know how to kill. These people are called monster dwellers.”

Hearing this, Lu Benwei took a deep breath.

“Are there all kinds of monster dwellers?”

“That’s right, and with the dark energy, the monster dweller’s strength will be much higher than when he was alive.”

Liu Yi’s expression was solemn.

“Lu Benwei, I don’t want you to go to the dark moon secret realm because I’m afraid you’ll become a monster dweller. You’re our hope. I don’t want you, who has become our hope, to be killed.”

Lu Benwei did not care and smiled. “Mr. Liu, don’t worry. Compared to me becoming a monster dweller, you should be more worried that I’ll be buried in the stomach of a monster.”

Lu Benwei patted his chest and said, “Don’t forget, I have Lucifer’s Bloodline.”

Looking at Lu Benwei’s determined expression, Liu Yi sighed. “Forget it. Some birds can’t be locked up. Leave before I change my mind,” Liu Yi said.

Hearing this, Lu Benwei grinned and bowed to Liu Yi. “Thank you, Mr. Liu!”

After saying that, he put his luggage into his storage ring and left the school.

At the same time, the first class of the new semester at Zhejiang Hunter University had officially begun.

It was the beginning of a new study year. Everyone was in their seats, except for the first seat in the first row. Li Muchen stood on the podium and glanced at his watch.

“Alright, it’s getting late. Let’s start class!”

“Teacher, there are still people who haven’t arrived,” Chu Yan raised her hand and said.

Li Muchen glanced at the empty seat and asked, “Who didn’t come?”

“Lu Benwei,”

Li Muchen fell into silence. The class also fell into whispers.

“He’s late for the first day of class. Lu Benwei is really bad *ss.”

“That’s right. After all, he’s the hero who fought against the monster tide in Northwind Mountain. He’s now the principal’s precious treasure.”

“Forget the first class, I bet Lu Benwei won’t receive any punishment even if he skipped all his classes this year.”

“Damn it, this is so unfair!”

“Unfair? If you think it’s unfair, you can also go and calm down a wave of monsters.”

At this time, Chu Yan’s deskmate, Zhao Xiaoqi, pulled Chu Yan’s clothes and said, “Yan Yan, where did that pervert go?”

Chu Yan shook her head. “I don’t know either. Otherwise, I wouldn’t have told Teacher Li that he didn’t come.”

“Oh,” Zhao Xiaoqi said, “But then again, Yan Yan, you’re so concerned about him. You’re so out of it when you see that he’s not here.”

Zhao Xiaoqi even laughed slyly.

Chu Yan’s face turned red, and she quickly denied it. “You’re so annoying. What do you mean?”

Zhao Xiaoqi’s expression became even more evil. “You’re still not admitting it even though your face is red. Come, little girl, do you dare to look me in the eye?”

“Let’s look at each other then!”

Then, Chu Yan and Zhao Xiaoqi looked at each other. However, for some reason, her eyes kept wandering.

Zhao Xiaoqi clapped her hands and laughed. “Haha! You really have a guilty conscience!”

“Silence!”

Li Muchen’s cold voice made everyone in the classroom shut their mouths immediately.

After a pause, he said in a deep voice, “Lu Benwei, you’re late for the first class. If you don’t come in 10 minutes, you’ll be considered to have skipped class. 100 credits will be deducted!”

A deduction of 100 credits was a heavy punishment for others. Generally speaking, it would take them a week to accumulate 100 credits. This punishment made many people feel much more at ease.

For Lu Benwei, 100 credits did not matter.

At this moment, Liu Yi knocked on the back door of class one and said, "Teacher Li, please come out for a moment."

Li Muchen hesitated for a moment, then said, "Everyone, start your self-study first."

After he left the classroom, he asked, "Mr. Liu, what happened?"

"It's nothing. Lu Benwei just asked for leave from me. You don't have to worry about it," Liu Yi said lightly.

"Leave?"

For some reason, Li Muchen's curiosity was piqued. "Where did he go?"

When Liu Yi heard this, he sighed. "He went to the dark moon secret realm to cultivate Lucifer's Bloodline."

Li Muchen was very surprised. He had heard that a student had taken out a king's bloodline from the bloodline secret realm. However, he did not expect it to be Lu Benwei.

Suddenly, Liu Yi's expression visibly froze for a moment. Then, he seemed to be talking to himself, "Sigh, these two kids really can't let me rest easy."

At the same time, Zhao Xiaoqi returned to the classroom, full of joy.

"Yan Yan, guess what I heard?"

"What did you overhear?" Chu Yan asked immediately.

Zhao Xiaoqi pretended to be mysterious. She kept quiet and rubbed her hands together.

Chu Yan saw this and said helplessly, "Alright, I'll treat you to dinner tonight."

Zhao Xiaoqi told Chu Yan, "I heard from Mr. Liu that Lu Benwei seems to be going to the dark moon secret realm, and he said that he has obtained some kind of bloodline. Yan Yan, you're very knowledgeable. Do you know what the dark moon secret realm is?"

However, at this moment, Chu Yan's eyes were empty, and no one knew what she was thinking.

112 Another Fly

The dark moon secret realm was located in the northern suburbs of Jiujiang City, and it was sparsely populated. If one wanted to enter, there was no other way except for a special bus.

Furthermore, the dark moon secret realm was not as dangerous as the Northern Mountain. The hunters who went there to train were also mixed with the good and the bad. Their quality varied, but most of them were above level 30. This group of people was collectively known as social hunters.

Lu Benwei came to the special bus station and felt the unfriendly gazes of these people, but it did not stir anything in his heart.

Finally, someone could not hold it in anymore.

!!

"Kid, this is no ordinary bus stop. Are you sure you came to the right place?"

Seeing that Lu Benwei did not pay attention to them, many people spat in disdain.

"You brat, pretending to be an expert without talking?"

A bald guy with tattoos pointed at Lu Benwei and said, "Everyone, please calm down. Maybe this kid is lost and doesn't know that this is the bus to the dark moon secret realm. I'll go and play with him."

Thus, everyone gathered and prepared to enjoy the show.

The bald tattooed man walked up and pretended to be a master. "Little friend, are you lost? This isn't the public bus that's going home."

After that, some people started to laugh.

Lu Benwei coldly replied, "Uncle, I know this is the bus to the dark moon secret realm, and I'm going there."

When everyone heard this, they were stunned. They could not believe that a young man who had just reached adulthood would go to the dark moon secret realm.

The bald tattooed man heard Lu Benwei's cold reply and could not help but feel angry.

'A brat who hasn't even grown his hair is actually putting on airs in front of me? If I don't teach you a lesson, I'll be letting down my tattoo.'

The bald tattooed guy was about to lash out and teach Lu Benwei a lesson, but he was stopped by a tall man.

"Brother, calm down. This brat is probably from Zhejiang Hunter University."

"The army stationed in the dark moon secret realm has an order. Unless you have a pass, the students of Zhejiang Hunter University aren't allowed to enter."

This rule seemed strange, but it had its reasons. The dark moon secret realm was one of the most dangerous secret realms in Jiujiang City, or even in the entire province.

As the future pillar of fighting against demonic monsters, the officials were naturally unwilling to see the students of Zhejiang Hunter University lose their lives in the dark moon secret realm due to an impulsive decision.

Moreover, there were extremely troublesome monster dwellers in the dark moon secret realm. They were all once living human beings. Many of them had seen their loved ones and friends who had become monster dwellers when they entered the dark moon secret realm. They could not bear to kill them and turned into monster dwellers as well.

Then, the tall guy said, "Look at this kid. He's at most a first-year student. He probably heard that there was a treasure in the dark moon secret realm and came. What kind of pass does he have? There's no need to be angry with him."

The bald tattooed man's anger dissipated. He glanced at Lu Benwei with disdain and sneered.

Lu Benwei ignored them and continued to wait for the bus. Soon, the bus arrived. After it stopped, the group of people swarmed into the bus. After a long time, it was Lu Benwei's turn.

He threw a gold coin into the box. Just as he was about to find a seat, he suddenly looked stunned. When he turned his head, he found the driver staring at him.

"That's it?" The driver was quite angry.

Lu Benwei felt strange. Did he have to check the pass now?

Therefore, Lu Benwei took out the pass to the dark moon secret realm from his storage ring.

"Here." Lu Benwei handed it to the driver.

The driver's face was black and he looked like he wanted to tear off the steering wheel and throw it at Lu Benwei.

"Are you here to play with me, kid? Why would I want your scrap metal?"

Lu Benwei felt strange and asked, "Then, master, what do you want me to do?"

"You brat, can't you see the words in front of your face?!" The driver's tone was harsh as he pointed at the line of words in front of Lu Benwei.

At this time, many people on the bus laughed jokingly.

"This kid's brain is indeed not working well."

"I'm guessing that when he's chased out by the guards, the scene will be even funnier."

Lu Benwei looked up and found that the ticket price was five gold coins. He was embarrassed.

After paying for the ticket, he found a seat.

...

After an hour's drive, the bus stopped in front of the army camp at the entrance of the dark moon secret realm.

After getting off the bus, Lu Benwei's sleepy eyes looked at the magnificent camp and suddenly lost all his sleepiness.

The camp of the dark moon secret realm was surrounded by three layers of walls. Under the high walls, the green camps looked endless. The army guards were armed and patrolling the defense. Not even a fly could escape.

In the middle of the city, there was a dark purple light pillar that shot up to the sky. This was the entrance to the dark moon secret realm.

Lu Benwei was surprised. He thought that the guards of the dark moon secret realm were just a group of people, but he did not expect it to be an army.

"Is the dark moon secret realm that terrifying?" Lu Benwei exclaimed in a low voice. Even so, his voice was still heard by his companions, and they could not help but laugh.

"This brat really doesn't have much knowledge."

"He doesn't even know how terrifying the dark energy is."

“How many seconds do you think he will last if he enters?”

“How many seconds? I don’t think he’ll be able to go in.” The bald tattooed man laughed especially loudly. He held his stomach and said, “That’s right, he really can’t enter without a pass.”

Hearing everyone’s cold words, Lu Benwei helplessly walked to the side and waited for the division’s person in charge to come out.

Soon, a colonel walked over and said in a deep voice, “Everyone, listen up. Whoever wants to enter the dark moon secret realm, come here and register.”

The colonel’s eyes swept around and saw Lu Benwei in the crowd. His eagle-like eyes flashed with surprise.

“Are you from Zhejiang Hunter University?” The colonel looked at Lu Benwei.

“Yes!” Lu Benwei replied.

“Do you have a pass?”

At this moment, the group of social hunters around them all leaned their heads over.

“What do you guys think the chances of this kid having a pass are?”

The bald tattooed man laughed noncommittally after hearing that.

“In my opinion, this kid should be sent back soon.”

“I’ve entered the Dark Moon Mystic realm many times, and I’ve interacted with many students from Zhejiang Hunter University. Those who can enter are all outstanding students from the third and fourth years. This kid is just a little kid in his first year of university. He doesn’t even have a f*cking pass.”

Before he could finish, the bald tattooed man spat on the ground.

“Damn it, just thinking about this stinky brat’s stinky face in front of me makes me sick.”

The senior colonel’s voice was heard.

“Lu Benwei, I’ve heard about you. You can enter the dark moon secret realm, but before that, I want to talk to you alone.”

Everyone was dumbfounded. The bald tattooed guy’s mouth was wide open. Not only did this kid have a pass, but the colonel of the army had also heard of this kid’s name.

Who exactly was this brat? Everyone's faces were burning with pain at this moment as if they had been slapped.

Lu Benwei was slightly surprised, and he tried to recall if he knew this colonel. After thinking for a moment, he could not be sure, but he still nodded.

A moment later, Lu Benwei and the colonel entered a small room.

"Chief, what's the matter?" Lu Benwei asked.

A colonel was equivalent to a deputy master in the army. He was probably the highest-ranking official that an ordinary person had ever seen in their entire life.

The colonel laughed out loud. His laughter was magnificent.

"Don't call me chief. My surname is Zhang and my name is Mingde. You can just call me Uncle Mingde," Zhang Mingde said.

"I've long known about your deeds in the Northwind Mountain. You're really a young hero!"

Lu Benwei was getting more and more curious about what Zhang Mingde meant.

After chatting for a while, Zhang Mingde explained his purpose for visit, "Lu Benwei, I hope you can help me with something."

"What is it?" Lu Benwei asked subconsciously.

Zhang Mingde suddenly changed the topic and said, "Lu Benwei, do you know why the dark moon secret realm is so terrifying? It's because of monster dwellers!"

Lu Benwei was curious and asked, "Why are there monster dwellers? Didn't they lose their minds?"

Zhang Mingde's expression was grave, and his entire person was like a volcano that was about to erupt.

"It's precisely because they've lost their consciousness that they're so terrifying."

Letting out a breath of resentment, Zhang Mingde's eyes flashed with two rays of cold light. He then said, "In the dark moon secret realm, there will be some intelligent demonic monsters. They read the memories of the demonic humans and control them to act the same way as when they were alive. When the time is right, they could control the monsters to start a massacre in the human world."

As he was speaking, Zhang Mingde's eyes narrowed. "So, why are there so many soldiers guarding this place? At the same time, there's a strict ranking system for people coming and going. That's also the reason why I don't allow you geniuses to enter the dark moon secret realm."

Lu Benwei heard this and took a deep breath. Control the monster dwellers and let them enter human society... The monster clan's move was definitely vicious!

At this time, Lu Benwei also asked, "Then why did you look for me?"

Zhang Mingde pondered for a moment and said, "I want you to go deep into the dark moon secret realm to understand which demonic monsters and what methods are used to control these monster dwellers."

Suddenly, Zhang Mingde was stunned. He turned around and said, "Of course, this is just a simple reminder for you to keep an eye on it."

"I tell every student who enters the dark moon secret realm that they don't have to feel pressured. Just do your own thing in the secret realm." Zhang Mingde smiled again, his expression like a kind elder.

However, Lu Benwei remembered it in his heart.

After chatting for a while, Lu Benwei officially entered the dark moon secret realm. It was just as he expected.

The dark moon secret realm was filled with extremely dense dark energy. At the same time, the scene inside the secret realm was extremely terrifying.

Just the outer area of the dark moon secret realm was already covered with dead bodies, giving off a strong decaying aura. In addition, the bite marks on many of the corpses on the ground matched human teeth.

Even the experienced Lu Benwei could not help but feel his scalp go numb.

At this time, a deafening explosion suddenly came from the forest not far ahead. The screams of the monsters and humans rang out.

Lu Benwei took a deep breath and used Lightning Speed to rush toward the direction of the battle.

At the place where the battle broke out, Lu Benwei saw the group of people who was on the bus with him.

They were facing a group of Blood Moon Wolves, all of which were above level 30!

The bald tattooed man was a warrior. He held two axes and was fighting with a Blood Moon Wolf. The bald tattooed guy was level 31, while the Blood Moon Wolf was level 35!

Coupled with the special characteristics of the Blood Moon Wolf, its strength would skyrocket in the dark moon secret realm.

The bald tattooed guy had some difficulty dealing with its attacks. The others were also not in a good state, and the human side was showing a decline.

“Ax throw!” The bald tattooed guy roared, swung his right hand, and threw the ax in his hand with great force.

The Blood Moon Wolf let out a strange howl and pounced forward.

The sharp wolf claws flickered with a cold light as they blocked the ax.

“Clang!”

Brilliant sparks flew in all directions, giving off a crisp sound of metal colliding.

The ax that the bald tattooed man had used all his strength to attack was bounced back.

The Blood Moon Wolf waved its claws, and two claws quickly attacked him.

“Not good!” The bald tattooed man was shocked.

Fortunately, he reacted in time and his shoulders brushed past the claw attack. Although they did not come into contact, the sharp claw left two long marks on his shoulders that spread to his back.

The bald tattooed man heaved a sigh of relief after escaping the disaster.

At this moment, a panicked voice came from behind him.

“Meteor Missile!”

“Meteor Missile!”

“Meteor Missile!”

The formation at the back had already been torn open, and the tall magician panicked as two or three Blood Moon Wolves got close to him.

However, the firefly-like meteor missile did not cause any damage to the wolf.

“Brother Pei Shuo, everyone, please save me!” the tall man shouted.

The bald tattooed guy was called Pei Shuo. After hearing this, not only did he have no intention of saving him, but he also cursed, “Damn, didn’t you say you were level 32? The power of this Meteor Missile is only at level 28!”

Before he could finish his sentence, he shivered. The Blood Moon Wolf was already behind him.

“Damn it, you’re on your own now,” Pei Shuo cursed.

The tall man turned his eyes to the others, but they were not in a good situation either. Seeing the three Blood Moon Wolves approaching, he closed his eyes in despair.

As a magician, getting close to a monster meant death.

However, at this critical moment, a strange starlight flickered and fell from the distance.

The tall man opened his eyes and saw a figure in the starlight.

“Whoosh, whoosh, whoosh!”

The starlight flashed toward the Blood Moon Wolves. After a few seconds, the heads of the wolves fell to the ground!

The mysterious man did not stop, and his speed continued to increase.

“Whoosh, whoosh, whoosh!”

The cold sword light flashed, and all the Blood Moon Wolves’ heads fell to the ground, and blood gushed out.

Everyone was overjoyed to see this.

Everyone gathered and looked at that person’s back as they said, “Thank you, god, for saving my life!”

When Lu Benwei slowly turned around, everyone’s jaws dropped.

“You’re that kid from Zhejiang Hunter University?”

The bald tattooed man, Pei Shuo, opened his mouth in an “O” shape. His eyes were filled with disbelief.

Lu Benwei did not say a word and just cleaned the blood on his body.

!!

Everyone swallowed their saliva and could not help but think that this kid's strength was extraordinary at such a young age.

This group of Blood Moon Wolves was all above level 30, but they did not even survive for a second under this kid's hands.

When they thought back to the way they had been on the road, all of them had been rude to this kid, sneering and mocking him. Everyone especially Pei Shuo, could not help but feel embarrassed, wishing they could find a hole to hide in.

"In the last few times you've been here, have you ever encountered such a powerful monster in the outer region?" Lu Benwei asked.

This made everyone heave a sigh of relief.

The bald tattooed man swallowed his saliva and replied, "No. Among this group of people, I've been to the dark moon secret realm the most. Every time, I've only returned halfway through the dark moon secret realm. This Blood Moon Wolf usually only appears in the middle. I don't know why it suddenly appeared in the outer region."

Lu Benwei was stunned and fell into deep thought.

"That's right," someone else said, "When we encountered the Blood Moon Wolves, they did not come to us. Instead, we just happened to bump into them when we were exploring."

Lu Benwei was even more confused.

"From what these people said, the Blood Moon Wolves seem to be looking for something," Lu Benwei whispered.

At this moment, Pei Shuo chuckled dryly, his face looked apologetic.

"Little brother, we hope you don't blame us for offending you on the way here."

The others also chimed in. "Little brother, we've offended you. The items dropped by the Blood Moon Wolves will all belong to you. We won't fight with you over it."

Lu Benwei heard this and sighed, then his spiritual will moved.

A ray of holy light appeared on Pei Shuo's body, and his injuries healed at a visible speed.

Everyone was shocked and asked in unison, "What is this?"

“Minor Healing, my talent skill,” Lu Benwei replied indifferently.

“What?” Everyone’s mouth twitched. “Minor Healing spell?!”

The meaning of Minor Healing was self-evident to them. The young man who had saved their lives was a supporter.

However, the terrifying scene of killing the level 30 Blood Moon Wolves with one sword strike was still fresh in their minds. Everyone’s world view collapsed in an instant.

“Little brother, you’re not lying to us, are you?”

“Why would I lie to you? Is it fun?” Lu Benwei asked lightly.

Everyone was in a daze, their faces filled with disbelief. Then, they all shut their mouths and stopped asking.

However, at this time, a strange cry suddenly came.

“Gugazzla...”

Everyone’s expression froze, and everyone was on alarm.

Lu Benwei’s eyes narrowed, and his expression was tense. This voice was like a human and a devil, making one’s scalp numb.

“Gugazzla...”

The strange sound came again, making many people shiver.

“Look, what’s wrong with Liu Yuan?”

Liu Yuan was the tall magician. He had almost caused the entire team to be buried with him because he had concealed his level.

Everyone looked in Liu Yuan’s direction. His entire body was twisted violently, and his bones made cracking sounds. His eyes were empty, and his mouth was wide open, drooling non-stop. His face was completely drained of blood as if his blood had been sucked dry.

“Oh no, he’s been corroded by the power of darkness and is about to become a monster dweller.”

As soon as he finished speaking, Liu Yuan’s pupils, suddenly became extremely red. The staff in his hand shone brightly, and a huge meteor missile shot out from his staff.

Some people could not dodge in time and were affected by the damage of the Meteor Missile, and their skin was torn open.

The dark power in the air was like a mad shark that had smelled blood. It pounced like a wolf and tiger, pouring into the man's body. In just a moment, that person had also turned into a monster dweller.

With the support of the power of darkness, that person's strength had increased by at least 50 percent!

Everyone was shocked.

"How did this happen? He was fine just now, right?" Pei Shuo was confused.

Only Lu Benwei saw through everything and said with a solemn expression, "There must be a powerful demonic monster or monster dweller nearby, which is driving the dark force, making the dark force in this area stronger than before."

Lu Benwei's heart was a mess as he watched his compatriots turn into monsters one by one.

In theory, these guys were still humans and had not died. However, they were clearly delirious and attacked indiscriminately.

Lu Benwei did not have the heart to deal with them.

One by one, they dodged the skills and Lu Benwei and the rest were forced into a dead end.

Apart from Lu Benwei, the rest of the people were fighting the monster dwellers.

They were different from Lu Benwei and had entered the dark moon secret realm many times. Although they did not kill many monster dwellers, they had experience in dealing with them.

However, this group of monster dwellers' strength continued to increase. Soon, some of them turned into monster dwellers.

Pei Shuo hurriedly dealt with it. Seeing that Lu Benwei was not willing to help, he was so anxious that he almost cried.

"Little brother, quickly come and help!"

Lu Benwei did not dare to hesitate and punched a monster.

Seeing this, Pei Shuo was a little unhappy.

“Little brother, they are all monster dwellers, you don’t have to show them mercy.”

Lu Benwei’s heart was still in a mess, but after seeing the living people turn into monsters one by one, he finally made up his mind.

Myriad Light Fist was activated, and all the monster dwellers were killed instantly. After the battle, only Pei Shuo and Lu Benwei were left.

Pei Shuo was lying on the ground, panting heavily. After a while, he said, “Little brother, it’s not that I want to criticize you, but you can’t show any mercy when dealing with the monster dwellers, or else you’ll be the next one to suffer.”

Seeing that Lu Benwei did not say anything, Pei Shuo kept his mouth shut.

A moment later, Lu Benwei said, “What are your plans next?”

Pei Shuo stood up and glanced at the wreckage on the ground. He said, “I’m planning to go back. Maybe I didn’t check the Chinese calendar when I went out today, which led to an unfavorable start. What about you, little brother?”

Lu Benwei did not answer and just said, “Then take care.”

Then, Lu Benwei turned around and left.

Pei Shuo shrugged his shoulders and turned around to walk out of the dark moon secret realm.

115 Succubus

After Pei Shuo left, Lu Benwei came back.

Lu Benwei left first to send Pei Shuo away, but he had something important to do.

Looking at the monster corpses all over the ground, Lu Benwei felt a trace of compassion.

“Sigh, how pitiful.” Lu Benwei sighed, and his eyes stopped on Liu Yuan’s body.

He was the first one to become a monster dweller.

Lu Benwei planned to find out the cause of this sudden change from him.

“If it’s really like what Pei Shuo and the others said, that they encountered the Blood Moon Wolf by chance... But they live in the center of the dark moon secret realm... If that’s the case, it’s very strange for the wolves to appear here. Could they be looking for something?” Lu Benwei said to himself.

His eyes narrowed again as he grasped the key point.

“Their spiritual intelligence isn’t high. There must be a higher-level demonic monster controlling them behind the scenes.”

Lu Benwei activated the Eye of Insight.

All the information within a 100-mile radius was transferred into Lu Benwei’s mind. Sure enough, there was another group of Blood Moon Wolves less than five or six miles away from here. They sniffed the grass and ground, looking for something.

Under Lu Benwei’s perception, the pack of Blood Moon Wolves found their target and quickly attacked it. He followed the Blood Moon Wolves and soon found the target.

It was a petite figure, and under Lu Benwei’s Eye of Insight, she quickly escaped from the claws of the wolves.

“A human?” Lu Benwei was very surprised. “What kind of human could be chased by a demonic monster?”

Then, he used Lightning Speed and quickly ran toward the girl. A moment later, he finally arrived near the girl.

At this moment, the pack of Blood Moon Wolves were surrounding the girl.

“Have you all thought about the consequences of killing me?” The petite girl’s voice was very magnetic, but it revealed endless killing intent.

The Blood Moon Wolf slyly showed its white teeth as if it was mocking the petite girl.

” If you insist on becoming my enemy, then there’s nothing to say!”

After the petite girl said that, she started to fight with the Blood Moon Wolf. In less than three rounds, the petite girl was already on the losing end.

However, Lu Benwei had arrived on time, bringing with him a dazzling rain of fists. The punches rained down on the Blood Moon Wolf’s body, causing it to howl in pain.

Lu Benwei’s hands did not stop moving, and he released Lightning Speed again, increasing his speed. With a punch, the wolf’s head fell to the ground.

His strength was so great that the eyes of the Blood Moon Wolves were filled with fear. The leader of the pack howled, and the rest of the wolves ran away.

Lu Benwei sneered and released the third level of Lightning Speed! His speed suddenly increased to another level, and after a few breaths, all of the wolves' heads fell to the ground.

After letting out a breath, Lu Benwei turned around. When he saw the girl's face clearly, he was dazed. She was definitely a petite loli with a youthful face and a voluptuous body. Her face was as delicate as a child's and anyone who saw her could not help but have one's imagination run wild.

The petite loli lost her shoes, revealing her smooth and delicate feet. Bits of mud splashed on it, like a dragon painted with pearls.

"Benefactor, what are you looking at?" The beautiful voice of a petite loli brought Lu Benwei back to his senses.

At this moment, he realized that the pupils of this petite loli's eyes were actually pink hearts.

Lu Benwei was very curious and quietly activated Eye of Insight.

[Monster: Shiya]

[Race: Succubus]

[Level: 35]

[Skills: Song of Charm, Succubus's Breath, Orchid Breath, Spiritual Charm]

[Succubus, a type of extremely alluring but dangerous monster. It can increase its strength through male humans. Whenever a male human is squeezed dry by it, it will obtain a skill. Host, please be careful.]

Lu Benwei's mouth was slightly open when he saw the introduction of the petite loli. He had actually encountered the legendary succubus.

However, what surprised him even more was that Shiya was only level 35, yet she had so many skills. How many people would be squeezed dry by this?

"Benefactor, hehe!" Shiya called out softly, "Erm..."

She had unknowingly approached Lu Benwei, stood on her tiptoes, and breathed out hot air that lingered in Lu Benwei's ear.

He muttered in his heart, 'This is her skill Spiritual Charm!' He sneered in his heart.

“With the bloodline power of the Holy Key Sage, I won’t be affected by any negative effects, and your Spirit Charm can do me no harm. So what if you’re an outstanding beauty? A monster must die!”

After regaining his senses, Lu Benwei pushed Shiya away.

“Ah!” Shiya fell to the ground and cried out in pain, “Benefactor, what are you doing?”

Lu Benwei snorted and was ready to expose this succubus’ trick.

Suddenly, Lu Benwei thought, ‘Since the succubus can charm a human’s mind, could it be that the succubus race is behind the monster dweller’s escape to harm human society?’

Thinking of this, Lu Benwei retracted his cold eyes and pretended to be apologetic.

“I’m sorry. Maybe I’ve been fighting for too long and mistook you for a monster.”

Shiya heaved a long sigh of relief. ‘I thought I was seen through. I didn’t expect this kid’s spirit attribute to be so high. My Spiritual Charm couldn’t even break his spirit defense in one move. However, it seems like it was of some use. He mistakes me as a monster.’

Thinking of this, Shiya’s pink heart-shaped eyes formed ten thousand crescents. The corners of her mouth rose, revealing her little canine teeth.

‘Although you saved me, it’s a pity that you, a human, are bound to become my nourishment.’

“What’s your name?” Lu Benwei’s voice interrupted Shiya’s thoughts.

Shiya also came back to her senses in a hurry. “I’m Shiya,” she said, “What’s yours?”

“I’m Lu Benwei.”

“Lu Benwei, what a nice name!” Shiya was overjoyed.

“Lu Benwei, you saved me, so I’ll call you brother from now on!”

Lu Benwei did not hesitate and nodded in agreement.

No matter what, succubi were also monsters, and they could not coexist with humans. It would be a waste not to take advantage of this.

“Oh right, Shiya, why are these wolves chasing after you?” Lu Benwei suddenly asked.

Shiya sighed and said, "I came to this secret realm because of a treasure map. An hour ago, I found the location of the treasure. I didn't expect to trigger the mechanism and wake up the

Shiya stomped her feet in anger, her strange eyes glistening with tears.

Seeing this, Lu Benwei sneered in his heart. 'This succubus will definitely invite me to search for the treasure with her. There must be many accomplices lying in ambush. When the time comes, I'll destroy you all in one fell swoop.'

It was just as Lu Benwei had expected.

Shiya pulled his hand and put on a pitiful expression. "Brother Lu Benwei, the treasure is very important to me. Can you please help me?"

Before Shiya could finish, Lu Benwei agreed. He patted his chest and said, "Shiya, I know what you mean. Don't worry, I'll definitely let you get the treasure safely."

Shiya gritted her little canine teeth when she heard that.

"Really? Thank you, Brother Lu Benwei! You're so kind!"

Then, she immediately hugged Lu Benwei.

Lu Benwei did not fall for the girl's unique sweet smell and soft side.

"Shiya, you lead the way," Lu Benwei broke free from Shiya's grip and said lightly.

When he turned around, Shiya's face immediately turned cold.

'What a stupid human. You don't even know that you've been used by me. When we get the treasure, those monsters will definitely catch up with us. You'll be the one to deal with them. If you're lucky enough to survive, you'll become my fertilizer,' Shiya slyly rubbed her little canine teeth as she thought.

...

Then, Shiya took out a map and led Lu Benwei to the place where the treasure was hidden. After walking for about four hours, they arrived at the middle section of the dark moon secret realm.

This place was a forest. The trees were rotten, and the grass and leaves had fallen. It was a desolate scene.

Shiya was walking in front when she suddenly pointed to the right. "Brother Lu Benwei, it's there."

Lu Benwei followed Shiya's gaze and was a little dazed. In this forest, there was a small hill. The hill did not fit in with the surrounding environment as if someone had placed it there on purpose.

"It's really a good place to bury treasures," Lu Benwei said casually.

Shiya covered her mouth and giggled. "Brother, when you see the treasure later, you'll definitely be even more shocked. There's a cave behind that hill. The treasure is there."

Lu Benwei sneered in his heart. 'Maybe this cave is your nest?'

Lu Benwei asked, "Oh right Shiya, where's the monster you said was hiding here?"

Shiya's expression froze, and then she stammered, "Perhaps it's behind that hill?"

Shiya was panicking in her heart. 'Why they aren't here yet? If you still don't come, I'll immediately be exposed.'

Right at this time, several dozen strange cries came from behind them.

"Monster dwellers!" Lu Benwei and Shiya exclaimed at the same time.

The two of them looked behind them, only to see a dense cluster of red eyes flickering in the depths of the forest.

When Lu Benwei saw their faces, he was a little surprised. This group of monster dwellers was completely different from the ones he had encountered before. Their eyes were as red as blood, and they were filled with greed and hunger. Their bodies were dry as firewood, without a drop of water.

Lu Benwei's eyes unconsciously glanced at Shiya. Could it be that the succubus race really had the ability to control the monster dwellers?

Suddenly, a few monster dwellers roared and a long sword appeared in their hands, and they quickly slashed at Shiya. At the same time, a few monster dwellers attacked Lu Benwei.

Lu Benwei's eyes shot out two cold lights. He was wearing the Viper Set and Ancient Sword of Clarity.

"Boom!"

Lu Benwei used Lightning Speed and shot out like a cannonball. He flicked his wrist and a monster dweller's head fell to the ground. The entire process only took a breath.

Shiya's pupils shrank. 'What terrifying speed and strength! When I was saved by this human man, he didn't show this level of strength. Whether his speed or strength, he's far beyond the average human of his age. If I can turn him into my fuel, my strength will increase greatly!'

Lu Benwei killed this group of monster dwellers as if he was cutting melons and vegetables. A minute later, they were killed.

"Brother Lu Benwei, you're amazing," Shiya said happily and could not wait to hug him again.

Lu Benwei broke free from Shiya's restraint and said coldly, "Shiya, is this the monster you encountered earlier? Why do I remember that the one who chased after you was the Blood Moon Wolf?"

Shiya was speechless, and she was cursing in her heart. 'Why is this man so talkative?! It seems like I'll have to put in a lot of effort if I want to squeeze him dry.'

"Brother Lu Benwei, are you suspecting me?" Shiya raised her head and looked at Lu Benwei pitifully.

Spiritual Charm had been silently cast from the very beginning. If one was entranced by Spiritual Charm one would become a succubus' subordinate no matter what level one was.

A man with such outstanding four-dimensional attributes would provide her with outstanding skill. Shiya almost laughed out loud when she thought of this.

Her red lips opened slightly and she spat out a faint sweet breath, playing with Lu Benwei's mind.

[Charm Aura]

Under the use of the double charm skill, no matter how strong the mental defense was, it would collapse.

Shiya's body trembled at the thought of being able to squeeze a man with such good looks and strength dry.

Suddenly, Lu Benwei's eyes narrowed and interrupted Shiya's skill. Shiya instantly felt the cold killing intent in Lu Benwei's eyes.

"Brother Lu Benwei, what are you doing?" Shiya's heart was filled with fear.

As a succubus, her combat ability was very low. Otherwise, she would not have been chased by a group of wolves.

“Why don’t you show your true form or let your hidden accomplices show themselves?” Lu Benwei said coldly, “Should I call you Shiya or Succubus?”

“Succubus?” Shiya broke out in a cold sweat. “Brother Lu Benwei, what are you talking about? What’s a succubus?”

“You’re still pretending?” Lu Benwei said as he punched out, filled with the power of lightning. Just one strike was enough to kill this succubus.

At this moment, several lightning bolts flashed and struck Lu Benwei. His eyes flickered and he quickly retreated several steps.

“An accomplice?”

When he saw the attacker’s figure, Lu Benwei’s pupils shrank.

“How did this group of monster dwellers revive?”

117 Darkness Attribute

One by one, the dead monster dwellers slowly stood up from the ground.

“What’s going on?” Lu Benwei suddenly felt strange.

He glanced at Shiya and found that she was also being surrounded. He was confused. After hesitating for a moment, Lu Benwei waved his sword and slashed at the monster dwellers.

With a flick of his wrist, the Ancient Sword of Clarity slashed toward the monster dwellers’ heads.

“Pfft! Pfft! Pfft!”

Suddenly, one monster after another fell to the ground, saving Shiya from danger.

“Didn’t you send them?” Lu Benwei asked coldly.

“No, I didn’t.”

Shiya sat paralyzed on the ground, her chest heaving up and down violently with her breathing. She looked as if her chest would burst out at any time.

“You didn’t?” Lu Benwei was even more puzzled.

Looking at Shiya’s current state, Lu Benwei was sure that she was telling the truth. After all, this succubus did not need to joke around with her life.

At this moment, a ball emitting black light floated under Lu Benwei's feet. This came from the bodies of the monster dwellers after they were killed.

Out of curiosity, Lu Benwei released his spiritual will to test it and found that the black light ball was filled with a strong dark force. He bent down to pick it up and was ready to find out what it was.

With a "whoosh", the black light ball directly drilled into Lu Benwei's body. Then, he heard the mechanical voice of the system.

[Ding! Congratulations to the host for actively absorbing the source of darkness. Darkness attribute +1!]

[Darkness attribute. It can strengthen the host's darkness energy and strengthen the host's own darkness bloodline.]

Lu Benwei was stunned. Source of darkness? Darkness attribute +1?

He was immediately overjoyed as he did not need to spend much effort to find it. He wanted to train Lucifer's Bloodline in this dark moon secret realm that was filled with dark energy.

Unexpectedly, even the darkness attribute had grown. It could be said to be half the work, twice the effect.

At this moment, Shiya's strange pink heart-shaped pupils were filled with disbelief and fear.

"You can absorb the source of darkness?" Shiya's voice was filled with fear. "Aren't you afraid of becoming a monster?"

Lu Benwei's strength was far superior to hers. If she also became a monster dweller, then she would only end up dead.

However, Lu Benwei ignored her words and picked up the source of darkness on the ground.

[Darkness attribute +1!]

[Darkness attribute +1!]

...

[Darkness attribute +1!]

Lu Benwei's darkness attribute rose like a rocket.

Shiya's beautiful eyes were wide open, and her red lips were slightly open. She had never seen such a ferocious human who could absorb the dark energy directly.

It contained the purest dark energy. After absorbing it, monsters could greatly increase their strength, while humans would be corroded by the dark energy and turn into monster dwellers.

After one wave, Lu Benwei's darkness attribute increased by about 30 points.

"Are you a human or a monster?" Shiya said in surprise. She did not care that her identity had been exposed.

Lu Benwei glanced at her indifferently and did not say anything.

At this time, the group of monster dwellers on the ground suddenly lit up with a dark purple array.

The dark purple array rotated rapidly, absorbing the dark aura in the dark moon secret realm. At the same time, it removed the impurities and transformed them into the purest dark energy.

Lu Benwei's deep eyes shot out two rays of light, and then he flicked his wrist, and a monster's head fell to the ground!

"Go to hell!" Lu Benwei shouted and shuttled back and forth between the monster dwellers with his Ancient Sword of Clarity, like a bird flying in the sky and a fish swimming in the sea.

As the monster heads fell to the ground one by one, Lu Benwei absorbed the dark aura and his darkness attribute increased.

Shiya's mouth twitched crazily as she saw Lu Benwei kill another wave of resurrected monster dwellers and absorb the dark source.

"Brother, am I the monster or are you the monster?"

After about half an hour, Lu Benwei found that the dark energy contained in the dark origin had decreased a lot. After killing another wave of monster dwellers, Lu Benwei's darkness attribute increased a lot slower.

At the same time, he also found that this monster dweller's strength was much weaker. At first, he could resist a few moves from Lu Benwei, but now, he was almost instantly killed.

Finally, all the dark energy in this world was extracted by Lu Benwei. That monster dweller could no longer be resurrected.

“Hu!”

Lu Benwei let out a long sigh of relief. After feeling the darkness attribute in his body, he murmured, “Not bad. My darkness attribute has increased by at least 300 points. It’s far beyond my expectations.”

He coldly glanced at Shiya who was sitting on the ground.

Shiya was stunned. “What’s wrong?” she asked, dumbfounded, “You’re not fighting anymore?”

Lu Benwei was speechless. A moment later, his eyes narrowed as he said, “Tell me, what’s the relationship between you and this group of monster dwellers?”

Shiya had just thought of escaping, but in the next second, she felt a cold sword intent in her throat.

“Brother, let’s talk this out!” Shiya pinched her throat and said in a sweet voice.

“Speak properly,” Lu Benwei replied coldly, “Your charm skills are useless against me. Quickly tell me, are these monster dwellers related to you?”

Shiya was scared out of her wits, and tears welled up in her eyes.

“Brother, I’m innocent. They aren’t sent by me.”

“Are they after you?” Lu Benwei asked.

The reason why he did not kill Shiya was that he wanted to find out if this group of monster dwellers was under her control.

Combined with the previous performance, Lu Benwei thought about it and determined that this group of monster dwellers had nothing to do with Shiya.

“Then who is it that is after you? Why did you bring me here?” Lu Benwei coldly asked.

Shiya lowered her head, not willing to speak.

Seeing this, Lu Benwei directly pressed the tip of his sword against Shiya’s neck.

“Ah, it hurts.” Shiya furrowed her brows in pain, tears glistening in her eyes.

Red blood flowed down the Ancient Sword of Clarity and slowly dripped onto the ground. Lu Benwei’s eyes did not have a trace of pity.

“If you don’t want to die, then say it!”

Shiya trembled in fear, tears rolling down her cheeks. "I'll talk, I'll talk, don't kill me. It was me who wanted to use you to help me deal with the people hunting me. When you're weak, I can squeeze you dry. Believe me, I really don't have any ill intentions."

Lu Benwei was speechless. 'You're trying to squeeze me dry, yet you still say you have no ill intentions? Do you treat me as a monkey?'

"Then who's the person who is hunting you down?"

Lu Benwei's question had just ended when he heard an arrogant laugh from the distance.

"That saintess of the succubus clan is so bold, she actually kidnapped him back! This time, I'll send the dark ember monsters. Doesn't that succubus like to squeeze humans dry? I'll let her squeeze as much as she wants!"

After saying that, a group of people laughed lecherously.

Lu Benwei and Shiya heard the voice. One of them frowned, while the other's face suddenly turned pale.

"Who are they?" Lu Benwei asked in a low voice.

"Shh!" Shiya remained silent as she pulled Lu Benwei into the grass.

At this moment, the group of people who were laughing madly had also approached. Each of them had a burly figure and a pair of bat wings on their backs.

Without a doubt, this was a group of monsters that had taken human form, and each of them was extremely powerful.

"I wonder how the succubus is doing. I added a secret technique to the formation, so that the dark ember monsters can slowly toy with her."

However, when they walked closer, they found monster dweller corpses all over the ground. The way they died was so brutal that even as monsters, they could not help but frown.

"What's going on? All my dark ember monsters are dead?"

A younger human-form monster was very surprised.

"Is that succubus that strong? She destroyed the life arrays I cast on them?"

Among this group of human-form monsters, the older monster closed its eyes and took a deep breath, revealing a pair of red-gold pupils.

“No, the dark energy in the world has been exhausted. Your dark ember monsters were exhausted to death.”

The bat-winged monsters all sucked in a breath of cold air upon hearing this.

The person who had spoken earlier was the second most powerful monster in their group, and he loved to study magic formations.

There was a magic array in his hand that could control the monster dweller who had no consciousness. At the same time, it could continuously absorb the dark energy in the world to provide the monster dweller with tenacious vitality.

Now, they were told that this group of monster dwellers had been “drained” of their energy. Everyone could not help but feel numb and their eyelids twitched. All the bat-winged monsters had suspicious looks on their faces.

“Is it the doing of the succubus saintess?”

“Impossible. If the succubus saintess has such powerful energy, how could she be chased by us?”

In the grass, Lu Benwei listened to the conversation between the bat-winged monsters and frowned slightly.

“Shiya is actually a succubus saintess.”

Compared to this, Lu Benwei was even more surprised that the manipulation of the monster dwellers was actually done by the bat-winged monster.

Lu Benwei activated the Eye of Insight and started to read the information about the bat-winged monster.

[Monster: Black Sky]

[Level: 34, 35, 36]

[A powerful monster in the dark moon secret realm. Under the night sky, all attributes increase by 50 percent. At the same time, it can also summon war monsters to fight together!]

Lu Benwei was stunned.

The characteristics of the Black Sky monster clan were very similar to that of the Blood Moon Wolf.

However, the night amplification of the Blood Moon Wolf was about 20 percent, while the Black Sky monster clan could increase to 50 percent!

To Lu Benwei's surprise, the Black Sky monster could summon war monsters to fight together.

"These war monsters were tamed by ferocious monsters with lesser bestiality. I didn't expect the Black Sky Monster clan to have the ability to tame beasts, except for humans," Lu Benwei muttered.

He frowned and whispered, "If I really want to find out about the manipulation of the monster dweller, I have to capture him alive. But their strength cannot be underestimated. It will take a lot of effort to capture them alive."

"Who's there?!"

Unexpectedly, Lu Benwei's muttering was noticed by a Black Sky monster. It waved its hand, and a black energy ball was shot toward the grass where Lu Benwei was!

"Boom!"

An explosion rang out, sending smoke and dust into the sky.

"Hei Yan, you're too impulsive." The older Black Sky monster lectured. "I already knew that there was a human aura there, but you beat me to it."

"Brother Hei Zhou, I was just worried that this human would launch a sneak attack, so I was in a hurry," Hei Yan said in a deep voice.

"It doesn't matter," Hei Zhou said, waving his hand, "It looks like he's just a bug."

"Second brother, go and see if it was this stinky bug that killed your precious monster dwellers," Hei Zhou turned around and said to the monster who was good at using formations. His name was Hei Zhen.

Hei Zhen replied before turning around and walking toward the dust that had yet to dissipate. However, as soon as he walked in, his expression changed drastically as he felt an icy cold intent of death.

"Whoosh!"

Countless fists broke through the smoke and headed toward Hei Zhen. He hurriedly used his bat wings to defend his body. The other Black Sky monsters also hurriedly used their defensive skills.

When the fist rain dissipated, Hei Zhen cursed, "How dare you, ant human! How dare you attack us! Do you know what you're doing?"

Lu Benwei sneered. "I'm beating you guys!"

After saying that, he released the Myriad Fist Light again! The fist rain that filled the sky like starlight fell like meteors!

Hei Zhen saw this and flew into the air, flapping his wings.

"Nine-chakra Hellfire!"

The nine blue fireballs drew nine different trajectories.

Lu Benwei was just about to activate the Holy Light Shield but seeing this situation, he gave up the idea and replaced it with the Heavenly Light Shield.

"Haha!" Hei Zhen laughed. "You're courting death by taking my Nine-chakra Hellfire head-on! I'll let you watch as you're burned to ashes!"

"Boom!"

The nine blue fireballs caused another layer of smoke.

Hei Zhen landed on the ground and laughed wildly as he looked at the smoke. "He took my Nine-chakra Hellfire head-on. I'm afraid this human doesn't know how to spell the word 'death'."

Tilting his head, Hei Zhen laughed lecherously. "Big Brother, guess what I saw when I was flying? I saw that the succubus saintess is with this human brat! This succubus really hasn't changed. She's probably trying to increase her strength through humans again!"

After saying that, Hei Zhen licked his lips.

Hei Yan chimed in. "Big Brother, let's not worry about this human for now. It's more important to capture the succubus saintess."

"No!" Hei Zhou's eyes were cold. "This human isn't dead yet!"

Lu Benwei laughed coldly. "You can actually sense my aura. You're quite extraordinary."

Then, he walked out of the smoke.

All the Black Sky monsters were shocked. The Nine-chakra Hellfire would kill anyone who touched it, but this human was fine?

Before they could react, Shiya shouted from behind Lu Benwei, "Lu Benwei, what are you doing? Why aren't you running?"

Shiya was shocked that Lu Benwei could survive the Nine-chakra Hellfire. She thought that Lu Benwei would recognize the reality after he survived, but not only did Lu Benwei not see the difference in strength between him and the Black Sky monster race, but he also recklessly stepped forward.

The Black Sky monsters were one of the most powerful demonic monsters in the dark moon secret realm!

"Lu Benwei, run! Their target isn't you." Shiya pulled on the corner of Lu Benwei's clothes, looking very anxious. For some reason, she wanted to squeeze this man dry, but at the same time, she wanted him to live.

"Run?" Lu Benwei smiled. "I can't wait to kill them!"

Shiya and the Black Sky monster clan's experts were stunned. A moment later, all the Black Sky monsters burst into laughter.

"What a boastful human! You actually want to kill us! This is the best joke I've heard in all these years."

Shiya's mouth twitched. "These monsters in front of me are the best among the young Black Sky monsters. They are all above level 30," as she spoke, Shiya suddenly froze.

Looking at his age and temperament, Lu Benwei was only in his twenties. However, his terrifying combat ability made Shiya doubt his true age.

As soon as the Black Sky monster's laughter died down, Hei Yan stepped forward and said, "Brother Hei Zhou, let me finish off this arrogant human brat first."

With that, he flapped his wings and a black longsword appeared in his hand.

"Death Light Sword!"

A black sword qi shot out, bringing along the dark energy in the space, its power growing stronger and stronger. Wherever it went, the ground was rolled up and the vegetation was broken.

Lu Benwei's eyes narrowed, and he pushed Shiya away. After a loud shout, he used his body to block the terrible dark energy sword qi.

“Boom!”

Death Light Sword created layers of smoke around Lu Benwei.

Shiya’s heart clenched again. Facing such a powerful skill, Lu Benwei would probably turn into a monster if he did not die.

The human-form monsters of the Black Sky monster clan were also looking at the layers of smoke with disdain.

“Such dense dark energy. Not bad.” Lu Benwei’s lazy voice came from the smoke.

The Black Sky monster clan was speechless, especially Hei Yan as his face was filled with disbelief.

“He didn’t die?” After he finished speaking, Hei Yan released two to three Death Light Sword attacks.

Without exception, they were all absorbed by Lu Benwei and turned into darkness.

“Use more strength. Didn’t you eat?” Lu Benwei sneered.

Hei Yan was so angry that his nose was crooked. Death Light Sword was his signature skill, but it could not do anything to this human kid.

The black sword in his hand waved like crazy, but the more attacks Hei Yan released, the prouder Lu Benwei became.

In the end, Hei Yan went crazy.

“I don’t believe it, I don’t believe it! I don’t believe that a human kid around level 25 can resist my Death Light Sword.”

After venting the anger in his heart, Hei Yan held the longsword with both hands above his head. The dark energy in the area was constantly accumulating, covering the sky and the sun.

Lu Benwei did not want to waste time with Hei Yan anymore. He clenched the Ancient Sword of Clarity in his hand, and the sword flashed with bright sword light.

“Human brat, I’d like to know is your sword light more powerful, or is my sword qi more powerful?”

Hei Yan gritted his teeth and sneered. Not far behind him, Hei Zhou stared at Lu Benwei with an uneasy look in his eyes.

Divine Sword of Destruction was released!

The sword light soared into the sky, and the destructive aura was like an ocean that covered the sky and the earth. The dark energy driven by the Death Light Sword was like a firefly meeting the bright moon.

As soon as they touched, the sword qi was covered by the destructive sword light and rushed toward the Hei Yan. Hei Yan was shocked, and he had no way to dodge.

Fortunately, Hei Zhou, who was on high alert, acted in time and saved Hei Yan. Although Hei Yan's life was not in danger, he had lost a wing.

"What a pity, he was saved." Lu Benwei sighed.

His carefree expression made Hei Yan angrier.

"Human, I'm going to kill you! I'm going to tear you into a thousand pieces!"

Hei Yan's facial features were extremely distorted, and he roared so loudly that he almost coughed blood.

"Hei Yan, stay calm. Don't fall for this kid's trap. I'll avenge you," Hei Zhen said.

Then, Hei Zhen shot a dark purple light beam at Lu Benwei. Lu Benwei had already expected this and dodged sideways.

"Do you monsters only know how to launch sneak attacks?" Lu Benwei said contemptuously.

Hei Zhen replied coldly, "Human, I wanted to give you a simple death, but you've injured my clansmen. Your crimes can't be easily atoned for by death."

Before Hei Zhen finished, Lu Benwei said, "Good. Are you going to throw me into something again so that my soul will be tortured for all eternity, making it so that I can't live or die? Can't you use a different excuse? I'm tired of hearing it."

Hei Zhen was furious, he flapped his wings and wanted to get even with Lu Benwei!

A dark purple array ring lit up in his hand, and a clone that looked exactly like him appeared from the shadow behind him.

Lu Benwei's eyes lit up as the Ancient Sword of Clarity in his hand buzzed.

"Black Monster Forbidden Spell!" Hei Zhen suddenly shouted.

Under Lu Benwei's feet, a dark blue array lit up and then dimmed.

“You’ve been hit by my Black Monster Forbidden Spell. All your skills can only be used after an hour.” Hei Zhen laughed.

Lu Benwei heard this and laughed coldly. The Ancient Sword of Clarity in his hand no longer made any sound.

At this moment, the monster’s clone was already approaching with a longsword in its hand. Lu Benwei raised his sword and stabbed at the clone.

Suddenly, Hei Zhen’s real body appeared behind Lu Benwei. A finger aimed at the back of Lu Benwei’s head and a dark purple light flashed.

Lu Benwei received a pincer attack and could not look after each other. However, he did not panic at all. He raised the Ancient Sword of Clarity and slashed at Hei Zhen’s clone.

“Clang!”

Both swords collided, giving off a bone-grinding sound.

Hei Zhen’s clone was about to swing his sword again, but he suddenly felt a strong gust of wind. He saw a fist flying toward his face, and it was already very close.

“Boom!”

The powerful punch directly shattered the head of Hei Zhen’s clone. The white brain matter and blood mixed, giving off a pungent smell.

Hei Zhen’s clone was killed, and his real body’s soul was also destroyed. He cried out in pain and quickly retreated while holding his head.

Lu Benwei’s eyes narrowed and he stabbed his sword at Hei Zhen’s throat.

Before he could finish, two angry roars came from behind him.

“This brat’s physical strength is so terrifying that even the strength of the forbidden monster can’t be underestimated.”

“Brother Hei Zhen, let me help you!”

The two Black Sky monsters flapped their wings and fought with Lu Benwei, saving Hei Zhen’s life.

The three of them broke out in cold sweat as they muttered, “This human brat is too terrifying. I can’t let him live! ”

As the battle raged on, Hei Yan, who had lost one of his wings, also joined the battle.

The four of them would sometimes engage in close combat with Lu Benwei, and sometimes release skills from a distance, catching Lu Benwei off guard. However, he still was not at a disadvantage.

[Dark Curse]

[Anti-magic skill, cannot be used for half an hour after the hit!]

After all, this skill hit its target and could last for an hour. It could be said to be an extremely effective control skill.

However, under Dark Curse, the Black Sky monster could not do anything to Lu Benwei.

Their swords were already slashing at the curved blades and their hands were sore from casting skills. Not only did Lu Benwei not suffer, but he also enjoyed it.

“Brother Hei Zhen, why is this guy so abnormal? We can’t do anything to him even without using skills.”

The four of them stopped their attacks and gathered to discuss.

“Second Brother, do you want to let the war monsters fight?”

Hei Zhen fell into deep thought. He had thought of this before, but the quality of their war monsters was not good, and their combat power was very low. If he let them join the battlefield, they would only be tying their own hands and feet.

At this time, Lu Benwei’s sneer could be heard. “Why are you guys stopping? If you guys stop, I can’t even train my combat skills.”

The Black Sky monsters’ lips twitched when they heard this.

“This guy relied on us to train his technique.”

“Damn it, I’m going to skin this guy alive!”

Lu Benwei’s words had obviously ignited the anger in their hearts. Their eyes were red and they looked at him with extreme hatred.

“I don’t care anymore, send out the war monsters!”

Then, the four of them shouted at the same time and summoned five Blood Moon Wolves.

Lu Benwei was stunned and murmured in his heart, 'Their war monster is a Blood Moon Wolf...'

He was very familiar with dealing with this monster. He had already known the weakness of the Blood Moon Wolf at the combat simulation training center of Zhejiang Hunter University.

Copper head, iron bones, and numb waist.

The weakness of the Blood Moon Wolf was its waist.

"Come on, let's fight together!" Lu Benwei shouted coldly.

The demonic monsters and war monsters roared at the same time and attacked Lu Benwei.

"Death Light Sword!"

"Dark Destruction Finger!"

"Dark Claw!"

...

All kinds of skills were thrown at Lu Benwei, and there were four more Blood Moon Wolves in the battle.

Shiya saw the situation and her heart could not help but tighten.

"Lu Benwei, come on!"

However, the various skills still did not hurt Lu Benwei at all. His body was as slippery as a catfish, and he dodged the attacks while fighting. He even injured three Blood Moon Wolves.

Finally, Hei Yan saw the problem. "Second Brother, are you sure that your Dark Curse had an effect on him?"

The remaining two people also felt very strange and said, "That's right, Second Brother Hei Zhen. Why do I feel that this kid's speed is getting faster and faster?"

Hei Zhen could not help but be puzzled. He rubbed his chin and said, "My Dark Curse did hit him. Otherwise, I wouldn't have dared to fight him."

At this time, Lu Benwei sneered. "It's a hit, but it might not be effective."

“What?”

The Black Sky monster’s eyes widened in anger.

“It didn’t work? It clearly hit you. How could it not work?” Hei Zhen’s face was filled with doubt.

Lu Benwei sneered.

One of the effects of Holy Key Sage is nullifying all negative effects. That was why Dark Curse’s anti-magic effect was completely ineffective.

“Alright, I’m done playing with you guys.” Lu Benwei spread his hands. Then, his eyes became sharp. “It’s time to kill you!”

“How dare you!” the four black sky demons shouted angrily, “How dare you speak so arrogantly!”

Then, the four of them flapped their wings and attacked Lu Benwei. Seeing this, Lu Benwei released the fifth level of Lightning Speed.

One-key Speed Support was activated, and his speed was increased by 10 times! Using the speed law, Lu Benwei could instantly shrink into the ground.

The four Black Sky monsters were shocked, but they soon calmed down and took the initiative to attack Lu Benwei.

” Death Light Sword!”

” Dark Destruction Finger!”

“Dark Claw!”

...

Lu Benwei’s speed was extremely fast, and the four terrifying skills could not hurt him at all.

Although the four Black Sky monsters had expected this result, they still felt great pressure. Under the extreme speed, they could no longer see Lu Benwei’s real body but his afterimages.

The Black Sky monsters all gasped. This human kid’s speed was above level 40.

“Whoosh!”

A sword light flashed, and the head of a Blood Moon Wolf fell to the ground. In the blink of an eye, another wolf's head fell to the ground.

The Black Sky monster felt his scalp go numb. From afar, he could feel a chill in his throat as if he would be the next one to be beheaded.-

Four to five seconds later, the four Blood Moon Wolves were all beheaded by Lu Benwei.

At this time, the four Black Sky monsters suddenly woke up, and they were alarmed. All the war monsters had been killed, and they were next. A chill ran down the Black Sky monsters' spines, and their eyelids twitched.

Hei Yan's face was drained of all color. The image of his wings being chopped off by this human appeared in his mind again.

"Hiss!"

He panted heavily, his heart beating violently. "Run!"

Unfortunately, it was too late. The next second, a sword light flashed, and Lu Benwei beheaded him.

The remaining three Black Sky monsters were shocked and fled in all directions. After a few seconds, two more heads fell to the ground, leaving only Hei Zhen.

Hei Zhen was shocked. He hurriedly used his skill to buy time. "Die, human!"

As soon as he finished speaking, Hei Zhen immediately felt a chill at the back of his neck.

"Spare me!"

Lu Benwei's eyes were extremely cold. "My race and your race are like fire and water. If I let you go, will you let my fellow race go?" Lu Benwei was ready to cut off his head.

Suddenly, a loud shout could be heard.

"Stop!"

Lu Benwei immediately stopped and looked in the direction of the sound.

Hei Zhou grabbed Shiya's neck and looked at Lu Benwei coldly.

Shiya pursed her lips, her eyes glistening with tears. Her fair and delicate skin was scarred by Hei Zhou.

Such a beauty that could make every lady green with envy suffered such a vicious attack. It really made one resentful.

“Let him go, or I’ll break the neck of this succubus saintess.” Hei Zhou threatened.

Lu Benwei almost laughed out loud. “You can pinch me if I’m dreaming. Did I stop you?”

“What?” Hei Zhou was confused. “Human, stop being so stubborn!”

“I’ve said it before, my clan and you demonic monsters can’t live under the same sky. If I kill you, she’ll be next!” Lu Benwei said coldly.

Hei Zhou was shocked when he heard that. He did not expect that this human did not care about the succubus saintess’ life at all.
