Hei Zhou was caught in a dilemma.

However, Lu Benwei did not mean to kill Hei Zhen. He still needed to learn from Hei Zhen how to control the monster dweller's array.

The two of them were in a deadlock. Neither of them dared to make the first move.

Finally, Lu Benwei spoke first, "If you want me to release Hei Zhen, he needs to tell me about the array that controls the monster dwellers. Then only I can spare his life."

!!

When Hei Zhen heard this, he hurriedly nodded his head since he could be saved. "I'll talk, I'll talk!"

The next second, he told Lu Benwei the array that could control the monster dwellers.

"If you want to control the demon dwellers, there are only two conditions. First, you have to have the bloodline of darkness, and your level must be above the person being controlled."

When Lu Benwei heard this, he memorized the key points of the array in his mind without missing a word.

After Hei Zhen finished, he looked at Lu Benwei with anticipation. "Brother, do you think you can move your sword away from my neck?"

Lu Benwei put away the Ancient Sword of Clarity and kicked Hei Zhen's butt!

"Get lost! If I see you again, I promise to kill you!"

Hei Zhen rolled and crawled to Hei Zhou's side. Hei Zhou was also a man of his word. When Lu Benwei released Hei Zhen, he released Shiya.

The moment she was let go, Shiya ran into Lu Benwei's arms at her fastest speed.

"Lu Benwei, thank you for saving me," Shiya said gratefully.

Lu Benwei's eyes were indifferent. "I didn't intend to save you. It was Hei Zhou who took the initiative to let you go. If you want to thank someone, thank him."

Lu Benwei paused and looked at Hei Zhou, "I didn't see you guys harm anyone this time, so I'll spare your lives. If I see you guys outside the secret realm, I'll definitely kill you."

Hei Zhen escaped from death and was not afraid. Instead, he was angry. "Big Brother, give me one more chance. I'll definitely kill this brat."

Before he could finish, Hei Zhou reached out and blocked Hei Zhen's mouth. Then he respectfully said to Lu Benwei, "You must be joking. We, the Black Sky monster clan, have never harmed anyone. Today's matter is just a misunderstanding. I hope you can forgive us."

Then, he pulled Hei Zhen into the depths of the forest. Hei Zhen asked, "Big Brother, are you letting go of that human brat just like that?"

Hei Zhou's gold-red eyes looked coldly at Hei Zhen. "Of course not."

"But why did you let that kid go? Third and Fourth Brother just died at his hands!" Hei Zhen was extremely unwilling. His hatred had made him forget the fear he had felt earlier.

"Besides, the succubus saintess is also in that kid's hands!"

"Shut up! Do you think I don't want to dismember that human brat into a thousand pieces?" Hei Zhou's eyes were filled with hatred, and his teeth were grinding. "But that human brat is too strong. Not only is his speed far superior to mine, but his attack power is also above both of us."

"We shouldn't be so weak, right?" Hei Zhen was filled with doubt.

"Idiot," Hei Zhou said, rolling his eyes, "Have you forgotten how we're called?"

After a pause, Hei Zhou's gaze turned extremely sinister, and his tone was chilling.

"Just wait a little longer. When night falls, I'll make that human brat beg for death!"

...

On the other side.

Lu Benwei was looking at the corpse on the ground and studying the array that controlled the monster dwellers.

“Brother Lu Benwei, where do you live? What’s your class? I couldn’t even tell what your class was when I watched your battle just now. Do you have a girlfriend? If you don’t, how do you satisfy your physiological needs?” On the side, Shiya had been pestering Lu Benwei like a fly.

In the end, Lu Benwei could not bear it anymore. “Shut up. If you don’t want to die, then leave.”

Shiya shut her mouth after hearing Lu Benwei’s cold words. She squatted on the side and quietly watched Lu Benwei study the array.

After the battle with the Black Sky monster clan, Shiya was becoming more and more curious about the man in front of her.

“Brother Lu Benwei, did you really not want to save me or were you just pretending?” finally, Shiya could not stand the loneliness and ask.

“I’ve told you many times,” Lu Benwei replied coldly, “It’s Hei Zhou’s one-sided wish to let you go. It has nothing to do with me. To me, you’re far less important than the array to control the monster dwellers.”

Shiya let out a disappointed “Oh” and did not say anything else.

After a long time, Lu Benwei saw that Shiya was still beside him and said patiently, “Aren’t you going to get some treasure? Why aren’t you leaving? Or is this treasure a lie from the beginning?”

Shiya chuckled in embarrassment. “No, it’s just that there’s a monster in the cave.”

“Monster?”

Lu benwei was in a daze. ‘You’re a succubus, and you’re afraid of monsters?!’

Shiya said in embarrassment, “That monster is very powerful. Although I didn’t see his face clearly, I could hear his breathing from far away. You can imagine the size of his body.”

“So, you want me to go with you to get the treasure?”

Shiya nodded her head and looked at Lu Benwei, trying to confuse him with her cuteness. Of course, Lu Benwei did not buy it and directly asked, “Tell me, what’s the treasure?”

“It’s a heavenly treasure that can greatly increase my power,” Shiya replied, “That cave is the land of inheritance for my race. As the succubus saintess, I must enter alone.”

Shiya's eyes welled up with tears as she spoke, "But our land of inheritance has already been occupied by that monster!"

Lu Benwei was speechless. He turned his head and thought that this treasure seemed to have a spirit, which made him curious.

"Fine, let's see what that heavenly treasure looks like."

Shiya jumped up and grabbed Lu Benwei's arm. "Thank you, Brother Lu Benwei! You're the best!"

That extremely sweet voice gave Lu Benwei goosebumps and he silently distanced himself from Shiya.

Then, a faint voice came from behind the two.

"Where are you two going?"

Hei Zhen and Hei Zhou appeared at the same time.

Shiya's expression changed. "Why are you back?" she asked.

"The enemy is here, why don't we come back?" Hei Zhen laughed.

Lu Benwei heard this and smiled. "So, you guys have forgotten what happened just now."

"You brat, do you really think we're afraid of you?" Hei Zhen cursed.

"I'm telling you, we're known as the kings of the night!"

Shiya's pupils suddenly shrank, and her delicate body began to tremble. This is the Black Sky monster clan's special characteristic. All attributes would increase by 50 percent in the dark!

122 The Monster

"So, you two want to kill me?" Lu Benwei sneered.

"No, we want to torture you to death!" Hei Zhen said flatly.

"Naive!" Lu Benwei laughed.

With that, the battle began. At this time, the night was slowly covering the earth. Hei Zhou and Hei Zhen's attributes were also increasing bit by bit.

“Dark Destruction Finger! Go!” Hei Zhen shouted as a dark purple energy beam shot toward Lu Benwei from his finger.

With all his stats increased, Dark Destruction Finger’s power increased greatly.

“Dark Destruction Finger, consecutive shots!”

Hei Zhen’s hands did not stop moving. Several dark purple energy beams shot out in succession, each one carrying an extremely strong death aura.

Under the night sky, the blood vessels under Hei Zhen’s skin glowed with a terrifying luster. His hair flew in the wind as if a monster king had descended.

Lu Benwei’s eyes widened in anger as he stared coldly at the death rays.

“Holy Light Shield!”

The shield shining with pure white holy light was placed in the middle, illuminating the world as if it were daytime.

“Boom!”

In this part of the world, a white and dark light shone brightly and was extremely resplendent.

However, the death ray that seemed to be able to destroy everything did not even cause a crack in the Holy Light Shield.

“It’s just as Brother Hei Zhou said. You still have some hidden cards!” Hei Zhen licked his teeth. Then, he laughed coldly.

“But it’s a pity. With the support of Brother Hei Zhou and the darkness, I’m afraid you’ll die here today.”

After saying that, Hei Zhou’s figure appeared, and he unknowingly got behind Lu Benwei.

“Dark Claw!”

Lu Benwei felt a chill down his back as he saw Hei Zhou’s big hand move quickly, breaking the void!

“Brat, let’s see how you’re going to defend!”

Lu Benwei laughed wildly and shouted, “Heavenly Light Shield!”

Then, he was covered in a layer of holy light armor.

Not far away, Shiya's heart clenched, and she reminded him. "Brother Lu Benwei, be careful!"

It was too late. Hei Zhen had already approached Lu Benwei with a long black sword.

"Death Light Sword!"

Lu Benwei's expression became very serious, but his hands did not stop moving. He quickly used the four major enhancement skills to strengthen himself. With the appearance of the heavenly dog's shadow, his strength increased rapidly.

"Boom!"

The violent collision sent Lu Benwei flying backward. Looking at the sparks filled with a strong aura of death, he let out a breath of air and secretly rejoiced that he did not take it head-on.

With the help of the dark night, Hei Zhen could hurt Lu Benwei's body. Of course, Hei Zhou was the most terrifying. Although they did not fight face to face during the day, Lu Benwei was sure that this person would be difficult to deal with. Now that it was nighttime, he was even more powerful.

Lu Benwei decided not to hide his strength anymore and unleash all to kill the two, so as not to alarm the monster king of the Black Sky monster clan.

Hei Zhou's eyes flickered. "Second Brother, this kid's strength seems to have increased again,"

Hei Zhen could not care less. "Big Brother, stop talking nonsense. Quickly end this kid!"

Then, he flapped his wings and charged at Lu Benwei.

Lu Benwei's eyes lit up. "There's no one in this world who can take my life!"

Then, five bloodline lights bloomed from Lu Benwei's body. Then, his heart beat rapidly, and his skin and muscles burst through his clothes.

Under the tough skin, the power of his bloodline flowed with five different colors of red, orange, yellow, green, and green. It was dazzling and colorful. The strong bloodline power of the five monsters formed five powerful bloodline phantoms and shrouded Lu Benwei.

Hei Zhou was one of those who had seen and experienced a lot in his life. He said in surprise, "Five different bloodline powers?! This kid is really extraordinary! But these bloodlines can't be compared to the king of darkness' bloodline that flows in our bodies!"

Lu Benwei almost laughed out loud.

"The bloodline of the king of darkness flows in your body. What should you do when you see my bloodline of the god of darkness?"

Then, Lu Benwei's eyes turned black. With him as the center, an extremely dark curtain covered the starry sky and everything in the sky.

"What?" Hei Zhou and Hei Zhen were shocked. "This kid has such a terrifying bloodline."

Then, the Ancient Sword of Clarity slowly appeared in Lu Benwei's hand, and he also adorned the Viper Set.

Hei Zhou and Hei Zhen felt a shiver down their spines as they both felt immense pressure. Just now, they really felt the rapid increase in Lu Benwei's strength, but now, his aura had become as vague as a black hole. This invisible pressure made the two of them break out in cold sweats.

"Big Brother, we can't hold back anymore," Hei Zhen said.

Hei Zhou nodded in agreement. Then, the two of them used their most powerful skills.

"Dark Destruction Finger, consecutive shots!"

"Dark Claw!"

A dark purple light with endless killing intent shot toward Lu Benwei.

Lu Benwei's eyes were calm as the Ancient Sword of Clarity in his hand hummed as if the souls of the dead were howling!

"Divine Sword of Destruction!"

The boundless sword light was like a tsunami, drowning the sky. The four enhancements and six bloodline powers resonated with the Divine Sword of Destruction, and the white destructive sword light lit up the sky.

Very quickly, the sword light that shot into the sky engulfed Dark Destruction Finger and Dark Claw and rushed toward Hei Zhen and Hei Zhou.

Hei Zhen was hit and instantly turned into ashes. Hei Zhou was also affected by the Divine Sword of Destruction, and he quickly flapped his wings to escape.

Seeing this, Lu Benwei madly increased his speed as he activated Lightning Speed, Silver Speed, and One-click Speed Support. Then, he quickly caught up to Hei Zhou.

“Brother, please show mercy.” Hei Zhou was shocked.

“Leave your head behind!” Lu Benwei cursed.

Then, the Ancient Sword of Clarity slashed horizontally, and Hei Zhou’s head was cut off.

Shiya immediately came up to him. “Brother Lu Benwei, you’re amazing!” After saying that, she wanted to throw herself into his arms again.

Lu Benwei hurriedly pulled away and rolled his eyes. “Come on, hurry up and bring me to see the monster you’re talking about.”

Shiya nodded and silently led Lu Benwei into the cave.

When they reached the entrance, Lu Benwei’s face became serious. “As expected, there are traces of monsters living here.”

Shiya tightly held onto Lu Benwei’s arm. “Ah! There’s a monster! How terrifying!

Lu benwei was speechless. ‘Aren’t you also a monster?’

Then, he activated the Eye of Insight. The moment he activated it, his pupils suddenly shrank.

Lu Benwei had just opened his perception domain when a deathly stillness as vast as the ocean hit him in the face, submerging his all-knowing perception domain.

“What’s going on?” Lu Benwei was dazed and quickly withdrew the Eye of Insight.

“What’s wrong?” Shiya asked curiously when she saw Lu Benwei’s expression.

“This cave isn’t ordinary. I can’t sense what’s inside,” Lu Benwei answered honestly.

Shiya’s exquisite face looked lost when she heard that. “It must be the doing of that monster.”

Lu Benwei fell into deep thought. “Not necessarily, maybe it’s the work of a heavenly treasure. If it was a magical beast, we would’ve woken him up long ago.”

“Alright, then...”

“Anyway, the treasure is right in front of us. Let’s move forward and explore it,” Lu Benwei said.

Then, he directly walked into the depths of the cave. Shiya timidly followed behind him. The two of them were constantly on alert, on guard against the monsters in the cave.

The cave was very wide, able to accommodate more than ten people walking side by side.

Lu Benwei gulped and tried to activate the Eye of Insight again. However, as expected, the perception domain of his skill was drowned by the ocean-like pressure.

Helplessly, he could only give up this idea and walked into the dark cave. After a while, they heard the footsteps of a third person.

The footsteps were very light, but they were rushing over at a high speed.

Lu Benwei’s heart was alarmed as he stared at the depths of the cave.

“Boom!”

The footsteps were getting closer and closer, and Lu Benwei did not even dare to blink.

Shiya timidly hid behind Lu Benwei, her nerves highly tense. As a succubus, she was not good at fighting.

“Howl!”

A wolf’s howl swept past, and Lu Benwei and Shiya were stunned at the same time.

‘This voice, isn’t it too childish?’

Then, a wolf cub was revealed, which stunned Lu Benwei and Shiya again.

“This is the monster you were talking about?” Lu Benwei pointed at the wolf cub and was speechless.

Shiya’s face was also red.

The wolf cub was only the size of a cat, but it was chubby. Its face was shaped like a bun, and its eyes were very clear. It was very cute.

However, the only flaw was that it was a little dirty. It seemed that its parents were not around and did not take care of it.

“Howl!”

The wolf cub howled and ran to Lu Benwei’s feet, rubbing against him for a long time.

“It’s so cute!”

Shiya was overjoyed to see this. She squatted and reached out to hug the wolf cub. However, the wolf cub seemed to be very hostile to Shiya, who was a monster. It opened its bloody mouth and bit on Shiya’s arm.

“Ah!” Shiya cried out and quickly withdrew her hand.

Seeing this, Lu Benwei squatted and tried to pat the wolf cub. Unexpectedly, it was friendly to him. Not only did it let Lu Benwei hug it, but it also let him touch its softest belly.

“You’re so annoying, are you a dog?” Shiya felt that her dignity had been insulted, and she was very angry.

Lu Benwei almost laughed out loud, but he held back his laughter. “Can you tell what kind of monster this wolf cub is?”

Shiya replied angrily, “Isn’t it just a Dark Moon Wolf?”

The Dark Moon Wolf was a variant of the Blood Moon Wolf. At the same level, a Dark Moon Wolf can defeat a Blood Moon Wolf at night.

Lu Benwei fell into deep thought.

“What? You’re prepared to make a blood oath contract with it and make it your war monster?”

Lu Benwei nodded. This Dark Moon Wolf cub’s aptitude was not bad. At the same time, it was also a monster of the darkness attribute, which would greatly enhance his darkness bloodline.

In addition, it had a high favorability toward Lu Benwei and was so cute, so Lu Benwei was a little moved.

“Little wolf, are you willing to become my war monster?”

Who knew that this Dark Moon Wolf cub would actually nod? At this point, Lu Benwei was a little embarrassed not to accept it as a war monster.

Lu Benwei bit his fingertip and squeezed out a drop of blood on the wolf cub’s head. Then, a strange pattern appeared on the wolf cub’s body, followed by a purple ring of

light that emerged from its head to its tail. The wolf cub was reborn, its body size doubled, and it exuded a sharp aura.

At this time, Lu Benwei and Shiya's eyes flashed with a trace of shock. It was for no other reason than the purple halo on the wolf cub's body.

"It's actually an epic-grade talent!"

Lu Benwei was overjoyed. Just like skills, war monsters were also divided into three, six, and nine grades, and the epic grade and legendary grade were the same. In the future, the wolf cub's future was limitless.

Lu Benwei laughed with joy.

"Tsk, isn't it just an epic-level monster? What's there to be happy about?" Shiya said sourly.

"Come on, I can sense some jealousy from you." Lu Benwei joked. After saying that, he picked up the cub.

Shiya bit her lips and snorted. "Tsk, there's a legendary-level monster is in front of you, and you don't know how to cherish it!"

"Huh? What did you just say?" Lu Benwei was playing with the wolf cub and did not hear Shiya's words.

Shiya's face turned red, and after a long time, she said, "I said, I'm going to get the treasure."

Lu Benwei heard this and waved his hand. "Let's go. Don't delay my relationship with the little wolf."

"Hmph!" Shiya was dumbfounded. In Lu Benwei's eyes, she was not as important as a wolf cub.

After glaring at Lu Benwei, Shiya turned around and left.

At this time, Lu Benwei suddenly heard a cold mechanical voice.

[Ding! Congratulations to the host for obtaining a battle pet. You have also obtained a pet support skill.]

[One-click Pet Support]

[When pets join the battle with the host, there's a chance to trigger double experience, double skill critical hit, double affinity increase, and double growth. The host can share skills with the pet!]

Lu Benwei read the introduction of One-click Pet Support and was immediately overjoyed. With the One-click Pet Support, the wolf's training would be twice the result with half the effort.

Lu Benwei looked at the wolf cub with joy and said, "Little wolf, do you want to come with me to kill monsters and level up?"

"Howl!" The little wolf howled excitedly, expressing its agreement.

After that, Lu Benwei took the wolf cub around the hill to kill monsters. The battle was in full swing.

Lu Benwei and the wolf cub had just killed a monster when the sky suddenly changed color. The sky rumbled, and the thunder continued. The earth trembled continuously, causing everyone to feel dizzy.

"Little wolf, don't panic. The succubus might have obtained the treasure!" Lu Benwei said. After saying that, the man and the wolf both looked at the cave, and their expressions changed.

124 The Return

A huge pink pillar of light shot up into the sky from the cave. It was a magnificent sight.

All the living beings including humans who were training within a hundred miles of the dark moon secret realm were attracted by this huge light pillar.

As soon as the news spread, it was immediately known by the outside world.

"A huge light pillar appeared in the dark moon secret realm. It almost changed the entire place!"

!!

"Is it because of a heavenly treasure that has appeared, or is it some powerful monster that has obtained some sort of treasure?"

"To be able to create such a miracle, I must go and take a look."

In an instant, countless human experts and hunters were alarmed and entered the dark moon secret realm to find out what was going on. The monsters were also attracted by the commotion and quickly gathered here.

Only Lu Benwei was calm and indifferent. He knew that no matter if it was a monster or a human, it would all be in vain.

The reason for this miracle was because the succubus had already left after obtaining the treasure.

As more and more monsters gathered here, Lu Benwei knew that it was not wise to stay here for long. He recalled the wolf cub and no longer waited for Shiya.

After exploring the dark moon secret realm for a long time, Lu Benwei could not find any more monsters that could help him obtain the source of darkness, so he had no choice but to go home.

Therefore, Lu Benwei left the dark moon secret realm.

At this moment, the huge pink pillar of light dimmed. An extremely dazzling beauty crawled out of it. Her brows were like distant mountains, and her eyes were like pearls. Her beautiful nose was like an unpolished jade, and her lips were like red jade.

She was wearing a thin layer of muslin, and her body was like a piece of natural jade. Her legs were long and slender, and they alternated back and forth. She was graceful, and her every move revealed an alluring aura.

After the beauty came out, she only felt a group of humans and monsters surrounding the land, and a hint of disappointment appeared in her beautiful eyes.

...

After Lu Benwei left the dark moon secret realm, he wanted to find Zhang Mingde.

However, the guard told him that Zhang Mingde had gone out on a mission, so he left the guard his contact information.

After that, Lu Benwei went back to school. As soon as he stepped into the school gate, he saw a familiar figure running toward him.

The figure ran to him and pulled Lu Benwei's arm. "You're finally back! Come with me!"

Lu Benwei felt inexplicable and said, "Chu Yan, why are you pulling me?"

"Don't worry about it. Any later and the entrance will close," Chu Yan said mysteriously.

Lu Benwei was even more confused. "What is it that can make a little devil like you so flustered?"

Chu Yan looked back and blinked her beautiful eyes. "What? You don't know what day it is today?"

"What day is it?"

"Of course, it's the day the student market opens!"

Lu Benwei replied with an "Oh" and had a little impression of the student market in his mind.

"You mean the trading market that is organized by the students?" Lu Benwei asked.

Chu Yan nodded. "Can you guess what's fun in the student market this time?" she said mysteriously.

"It's a war monster!" she answered her own question, "This time, the student market has opened a war monster section, and you can participate in the sale."

Lu Benwei nodded and said, "But you don't have to look for me. Can't you just look for Zhao Xiaoqi?"

Chu Yan was stunned, and her face turned red. "Lu Benwei, can you help me with something?"

He was stunned for a moment before he instantly understood what had happened. Then, he said with a black face, "Are you out of credits?"

"How did you know?" Chu Yan asked in surprise.

"Nonsense. I knew it was nothing good the moment you called me by my name." Lu Benwei was helpless.

However, he was surprised. Chu Yan was a well-known rich lady in this batch of students. How could she suddenly spend all her credits?

"Alright, as long as it's not too outrageous, I'll buy it for you." Lu Benwei shrugged.

Chu Yan heard this and smiled.

Then, she patted Lu Benwei's back. "That's right, big sister will accept this little brother's kind intentions. Big sister will protect you in the future!"

Lu Benwei's mouth twitched, and he followed Chu Yan to the student market.

At this moment, the student market was packed with people. There were countless transactions going on here. In addition to the individual sellers of the students, there were also clubs and student unions involved.

Moreover, the quality of the items sold by the clubs was much better than that of individual sellers.

Chu Yan took Lu Benwei to the stall of the Heavenly Phoenix Association and said to the person in charge, "Senior, I'm here."

Lu Benwei looked at the person in charge and was stunned. The person in charge was also stunned.

"Senior Lian Bingqing?"

"Junior Lu Benwei?"

The person in charge of the Heavenly Phoenix Association's transaction was the ice beauty Lian Bingqing, who was in charge of receiving Lu Benwei when the school term started.

"Long time no see, Senior Lian Bingqing," Lu Benwei greeted him with a smile.

"Hello," Lian Bingqing replied with a smile, "Long time no see."

Chu Yan saw that Lu Benwei knew this person and said happily, "Since all of us know each other, can you give me a discount on that war monster?"

"I can't," Lian Bingqing said indifferently, "These goods are the common property of the members of the Heavenly Phoenix Association. I can't make my own decisions."

Chu Yan stuck out her tongue in embarrassment.

"However, I can give you a small gift in my own name," Lian Bingqing said.

"Thank you, senior!" Chu Yan smiled.

"Chu Yan, what kind of war pet do you like?" Lu Benwei asked lightly.

At the same time, he thought to himself, 'For Chu Yan to take a fancy to him, he must be of extraordinary quality.'

"It's not a good battle pet. It's just a rabbit," Lian Bingqing said. Then, she took out a cage from under the table. There was a rabbit in the cage.

It was petite, and its pink fur made it look especially cute.

However, that was all. Apart from being a little cute, it was no different from an ordinary pet rabbit.

If it had to think about what other special things it had, it might be the only one who had a high affinity with Chu Yan. The pink rabbit's round eyes were filled with joy when it saw Chu Yan.

Chu Yan was also teasing the pink rabbit at the moment. She said, "Be good, don't be afraid. I'll get the annoying fellow to pay for you to become a battle pet."

Shrugging his shoulders, Lu Benwei turned to Lian Bingqing and asked, "Senior, how many credits does this rabbit cost?"

"Fifty thousand academic credits or fifty thousand hunter coins!" Lian Bingqing said without missing a word.

What?"

Lu Benwei could not believe his ears.

She actually dared to sell such an ordinary rabbit for fifty thousand?!

125 Epic Grade

Lu Benwei suspected that he had heard wrong and repeated, "Senior Lian Bingqing, how many credits does this rabbit cost?"

"50,000 academic credits!" Lian Bingqing said without missing a word.

Lu Benwei heard this and suddenly had doubts.

"Senior, why is this rabbit so expensive? With a price of 50,000 academic credits, I can almost buy a rare-grade war monster."

A bitter smile appeared on Lian Bingqing's face. She shook her head and said, "I don't know either. It's just that the member who obtained this rabbit told me that this rabbit must not be sold at a cheap price."

Shrugging her shoulders, Lian Bingqing helplessly said, "After all, it's their request, so I can't refuse."

"Alright," he said. Lu Benwei nodded and turned to look at Chu Yan.

"Be good, don't worry. I'll bring you home right away." Chu Yan was full of joy as she teased the pink-furred rabbit.

Seeing this, Lu Benwei sighed. "I'll pay."

Lian Bingqing took out the card-swiping machine. However, at this moment, a burst of unrestrained laughter was heard.

"Hahaha!"

"A useless rabbit is really a perfect match for a useless magician!"

Lu Benwei stopped and looked at who said those words.

Just as he was about to speak, Chu Yan said, "Wang Yan, why do you have such a foul mouth?"

Opposite the stall of the Heavenly Phoenix Association was the Heavenly God Temple. However, Lu Benwei and Chu Yan only noticed it now.

Wang Yan heard Chu Yan's scolding and laughed instead of getting angry. "It's nothing, I'm just a little curious. Spending 50,000 credits to buy a piece of trash. I was curious what kind of genius it was. I didn't expect it to be the two of you."

Chu Yan clenched her fists and retorted, "Since it's trash, I can spend 50,000 credits to buy it. What about you? You can't even afford trash?"

"Wang Yan, today is the day of the student market trading. I don't want to be on bad terms with you. I don't want to hurt others," Lu Benwei said coldly.

The people from Heavenly God Temple heard this and laughed mockingly.

"You make it sound so nice. Those who don't know better would think that you can exchange a few moves with our vice president!"

"That's right, that's right. How arrogant."

Lu Benwei sneered in his heart as he listened to the ridicule of the people from Heavenly God Temple.

At this time, Lian Bingqing said with an expressionless face, "Wang Yan, please take good care of your members and don't disturb our club's business."

When Wang Yan heard this, he smiled noncommittally and then jumped out of their stall.

"Lian Bingqing, don't you know? Our Heavenly God Temple has already announced that any society that has a relationship with Lu Benwei will be our enemy."

Lian Bingqing said with the same expression, "I know but it's just an ordinary deal with Lu Benwei. I don't think I've violated the rules of Heavenly God Temple, right?"

After a while, he sneered. "Are you sure you want to sell it to Lu Benwei?"

"Then, are you going to buy it?" Lian Bingqing asked, baffled.

Wang Yan was stunned. He glanced at the ordinary-looking rabbit.

"This..."

Chu Yan rolled her eyes at him and said, "If you don't want to buy, then why are you meddling in this?"

Then, she pushed Wang Yan to the side and took Lu Benwei's card to complete the transaction.

"Ding!"

The machine rang with a prompt.

"50,000 academic credits have been transferred to your account. Please check and receive!"

The next second, Chu Yan's eyes lit up and she said excitedly, "Thank you, annoying fellow!"

After saying that, she turned around and opened the cage, releasing the ordinary-looking rabbit.

"50,000 academic credits for an ordinary rabbit," Wang Yan said sarcastically, "People will laugh their heads off if they hear about it."

Chu Yan rolled her eyes at him. "The money is mine. I can spend it whenever I want."

"Hmph!" Wang Yan snorted coldly, and a malicious glint flashed across his eyes. In the next second, he used his divine will and a vortex appeared in front of him.

A piercing eagle's cry came from the vortex, and an eagle with beautiful hair crawled out.

Everyone's eyes were attracted by this strange movement. Someone who knew what it was said, "It's a rare-grade wild eagle. Senior Wang Yan has a monster of this grade."

Hearing the praises from the crowd, Wang Yan sneered and whispered a few words into the wild eagle's ear.

The wild eagle screeched and flapped its wings, flying toward Chu Yan. The sharp claws flashed, and the rabbit in Chu Yan's arms suddenly stood up and its eyes turned red.

"Wang Yan, what are you doing?" Chu Yan asked.

As soon as she finished speaking, the rabbit in her arms broke free and used its head to attack the wild eagle.

However, the difference in level between the two was just too great. With just one exchange, the rabbit was shot down to the ground, blood seeping out of the corner of its mouth.

"Oh no!" Chu Yan's heart ached and she said angrily, "Wang Ben, you want to fight?"

"Huh?" Wang Yan said innocently, "Chu Yan, you're mistaken. I just want you to see that you bought the wrong thing. This rabbit's strength is really not good."

The surrounding crowd also laughed mockingly.

"That's too spicy. Although it's a young rabbit, it can't be that it can't survive after just one attack, right? "

"I heard that this war monster cost 50,000 credits. In my opinion, even 500 credits aren't worth it."

Looking at the rabbit twitching on the ground, Chu Yan's heart ached.

"Chu Yan, don't worry," Lu Benwei said, "This kind of injury will recover after signing the bloodline contract."

"A bloodline contract?" Wang Yan sneered. "A monster of this quality is worth signing a bloodline contract?"

Then, he looked at Lian Bingqing and teased, "Lian Bingqing, you're so pretty but how can you be so evil?"

The surrounding people were also pointing at her.

"That's right. This war monster is obviously not worth 50,000 credits. How dare you sell it for so much?"

"You can't blame the Heavenly Phoenix Association. One is willing to sell, and the other is willing to buy."

Wang Yan looked at the three of them teasingly and said in a cold and low voice, "Little guy, you still have the face to fight with me? I can destroy your reputation in this school with just a finger."

At this time, Lu Benwei, who had always been silent, said, "Wang Yan, do you dare to make a bet with me?"

"What are we betting on?"

"Let's bet on this rabbit's quality!"

Wang Yan was stunned. After a long while, he said, "What's there to bet on?"

The members of the Heavenly God Temple behind him jokingly echoed, "Not necessarily. It might not even be considered a normal-quality rabbit."

Then, he laughed out loud with the crowd.

"I bet it's epic grade! Lu Benwei said in a deep voice.

Everyone was stunned. Even Wang Yan was in a daze. He suspected that he had heard wrong.

"Epic grade?" Finally, Wang Yan could not help but hold his stomach and laugh. "Lu Benwei, are you out of your mind?"

the surrounding onlookers were also in disbelief. If this rabbit could be of ordinary quality, they would be thanking the gods.

However, Lu Benwei remained calm and said, "Do you want to bet or not?"

"If I'm wrong, I'll kneel in front of the temple for three days and three nights. And if you're wrong, you have to apologize to Chu Yan!"

"Alright, let's bet!" Wang Yan felt that Lu Benwei's brain must be broken.

The surrounding onlookers were all staring at each other in shock.

"My dear, did I hear you wrong?"

"Lu Benwei wants to bet on whether this rabbit is an epic grade?"

"Even a blind person can tell that this is an ordinary rabbit!"

However, when they thought about it, everyone felt that it was a little strange, making everyone feel that it was unrealistic.

The members of the Heavenly God Temple also felt that there was a trap, and whispered to Wang Yan, "Vice president, is Lu Benwei cheating?"

Wang Yan's eyes narrowed into a line as he carefully sized up the rabbit in Chu Yan's arms.

"No matter how I look at it, it's just an ordinary rabbit. But Lu Benwei shouldn't be that stupid, right?" Wang Yan also began to mumble.

Lu Benwei saw this and laughed. "Wang Yan, are you afraid of kneeling and admitting your mistake, so you don't dare to bet with me?"

Everyone could tell that this was Lu Benwei's way of provoking them, and Wang Yan was no exception.

"Lu Benwei, do you think I'm a three-year-old kid?" Wang Yan laughed coldly.

After hearing this, Lu Benwei was stunned and he stammered, "Who's the one who's provoking me?"

Wang Yan smiled noncommittally. "Hmph, stop pretending. I've just realized that this is your trap. You deliberately bought a seemingly ordinary war monster to attract our attention, and then made a bet with us."

It was as if Wang Yan had opened his heavenly eye and could see the entire situation.

Lu Benwei sneered in his heart, but he said, "Wang Yan, stop your slanderous accusations."

"What, are you anxious?" Wang Yan said sarcastically.

At this time, another member of the Heavenly God Temple leaned over and whispered a few words in his ear, and the ridicule on Wang Yan's face became even more intense.

"Lu Benwei, I can bet with you," Wang Yan suddenly said after the man had finished speaking.

Everyone was stunned, and then they gasped.

"He wants to bet with Lu Benwei? Is Wang Yan crazy?"

"This doesn't seem like Wang Yan's style, does it?"

Just as everyone was scratching their heads in confusion, someone suddenly shouted, "I just remembered that the student who was whispering in Wang Yan's ear was Pan

Wenchao from the Heavenly God Temple. He has an innate skill, the Appraisal Eye! He's able to see through some unknown skill scrolls and war monsters' aptitudes."

Everyone was enlightened. Under the eye of treasure inspection, those heavenly materials and supreme treasures would emit a light that ordinary people could not see.

If this treasure was of epic grade, it would emit a purple light.

Wang Yan sneered. "Lu Benwei, I know you have a similar function, but it's a pity that you're wrong this time."

"Under the Appraisal Eye, this rabbit does indeed emit a purple halo, but the purple halo is not pure. After careful observation, you'll find that it's actually a rare quality blue light."

Pan Wenchao looked at Lu Benwei in disdain.

"This rabbit is about to advance to epic grade, but it's still a rare quality combat monster."

"I won't bet with you, okay?" Lu Benwei panicked and said.

Wang Yan smiled noncommittally. "Lu Benwei, are you joking? There are so many people watching. You can't just say no, right?"

Then, he stood up and said to Chu Yan, "Hurry up, sign the blood contract and let Lu Benwei kneel in front of our Heavenly God Temple."

Chu Yan looked at Lu Benwei in shock. "Annoying fellow, what should we do?"

At this time, Lu Benwei gave her a look and Chu Yan immediately understood what he meant.

The people around him also started to urge him. "Hurry up, we don't have time to waste with you."

"I think Lu Benwei should just kneel in front of the temple."

"But it's true. This rabbit is really not ordinary. It's about to advance to epic quality. No wonder it's selling for 50,000 credits."

"Enough, I'll sign it, okay?" Chu Yan said, pretending to be very reluctant.

Wang Yan and the members of the Heavenly God Temple looked at each other with a sneer as if victory was in their hands.

The onlookers stretched out their necks and watched as Chu Yan bit a drop of blood from her fingertip and signed a contract with the rare rabbit.

After a few breaths, a blue halo appeared on the rabbit's body.

Everyone was shocked.

"As expected of the treasure inspection eye, it lives up to its reputation!"

However, the next second, everyone's pupils shrank. A mystical purple halo appeared on the rabbit's body and fused with the blue halo, turning into an extremely mysterious indigo blue.

The indigo halo transformed the rabbit's body. Its pink fur faded, and dark blue magic grew out. Its entire body exuded a cold aura that was daunting.

Everyone was mesmerized. After a long time, someone asked, "What's going on?"

Wang Yan's face was filled with doubt. Under such circumstances, this rabbit was definitely not a rare-grade war monster.

"Pan Wenchao, what's going on?"

"I don't know either!" Pan Wenchao was also puzzled. "Could it be that this isn't a rare quality blue aura?"

Wang Yan really wanted to slap him in the face.

"You're lying through your teeth. Two halos appeared when your monster signed the bloodline contract?"

"Your family's rare grade war monster was reborn when it signed the contract?"

The higher the grade of the monster, the more different the phenomenon it created.

Normally, when an epic-grade monster signed a contract, its entire body would be reborn. Without a doubt, this rabbit was an epic-grade monster.

However, what was with this indigo-blue halo?

At this moment, Lu Benwei lightly said, "Have you guys forgotten that there's a grade above epic called transcendent?"

"Transcendent?!"

Everyone's eyes widened in disbelief.

The transcendent grade was above epic and below legendary.

It was much stronger than an epic-grade monster, but its rarity was no less than that of a legendary. Only those mutated monsters could have it.

As such, transcendent-grade war monsters were extremely rare, so people generally did not rank them.

When everyone heard this, they all gasped.

“Transcendent-grade war monster?”

“What kind of monster has it mutated into?”

At this moment, Lian Bingqing said expressionlessly, “I’m guessing this is a phantom rabbit variant, the Phantom Moon Rabbit!

“Phantom Moon Rabbit?!” everyone asked in surprise.

“That’s right.” Lu Benwei agreed. “It’s a variant of the phantom rabbit that has absorbed the power of moonlight. It’s called the phantom rabbit.”

After a pause, Lu Benwei looked at Wang Yan and Pan Wenchao.

“Wang Yan, your Heavenly God Temple’s appraisal ability seems to be inferior to mine!”

Chu Yan stood up with the Phantom Moon Rabbit in her arms and said coldly, “Wang Yan, you’ve lost. Apologize to me now!”

Wang Yan gritted his teeth, and his expression was as if he had eaten sh*t. Without a doubt, he had lost this bet.

Suddenly, he smiled slyly and said, “Apologize? Why should I apologize?”

“You lost the bet,” Chu Yan said, shocked.

“I lost? How did I lose?” The corner of Wang Yan’s mouth rose, and he laughed teasingly.

“I even won!”

Everyone was shocked.

Wang Yan sneered, and his expression turned ugly. “I bet with Lu Benwei if it’s epic quality. Obviously, your Phantom Moon Rabbit isn’t.”

Chu Yan's beautiful eyes were filled with disbelief. "Wang Yan, you're so shameless."

The surrounding onlookers also felt that it was inappropriate, and the corners of their mouths twitched crazily.

"Boss, why don't we just forget about this matter?" Pan Wenchao knew that he would be laughed at by many people if he did so, so he tried to persuade him.

"Get lost! It's all because of you!" Wang Yan cursed. "I'll get even with you when we get back!"

Pan Wenchao immediately shut his mouth.

"Lu Benwei, I don't need you to kneel for three days and three nights in front of my Heavenly God Temple. I just need you to disband the God Slayers Club," Wang Yan said, pretending to be righteous.

Lu Benwei almost laughed out loud. "Wang Yan, I've never seen such a shameless person in my life."

The surrounding onlookers also began to discuss.

"No matter what, they can't say that Wang Yan won this bet. Isn't that a little too much?"

"That's right. Anyone with a discerning eye can see that this bet is at most a draw, but Wang Yan kept saying that he won."

"Who has any objections?" Wang Yan faced the crowd's discussion and coldly threatened.

Everyone immediately shut their mouths, forced by Wang Yan's tyrannical abuse.

At this time, Lu Benwei coldly asked Wang Yan, "Wang Yan, I believe you have the answer in your heart. Do you think it's possible to disband the God Salyers Club?"

"Even if you don't disband it, I'll do it!" Wang Yan smiled.

After that, the members of the Heavenly God Temple surrounded Lu Benwei and Chu Yan.

"Wang Yan, what do you want to do?" Chu Yan asked coldly.

"What do I want to do? Of course, I'll make the God Slayers Club disappear from this school," Wang Yan said with a malicious look in his eyes.

After a pause, Wang Yan's eyes turned greedy and he said, "Unless you can give me the extraordinary beast in your arms. My Heavenly God Temple can turn a blind eye to the existence of your God Slayers Club.

"You're daydreaming!" Lu Benwei's eyes were extremely cold.

This was a provocation. The God Slayers Club was already under the tyrannical power of the Heavenly God Temple and could not recruit new students.

If they took another step back, the Heavenly God Temple would not be able to gain a foothold in the school.

Chu Yan had also reached her limit. The moment Wang Yan had injured the phantom rabbit, she had wanted to teach him a lesson. This time, it just happened to give her an opportunity.

Chu Yan's eyes glinted coldly as she stored the phantom rabbit in her body. A magic staff appeared in her hand.

Suddenly, an explosion sounded in her ears. It was Lu Benwei.

He was wearing a venomous snake suit, and under the blessing of Mad Demon, his physical strength had reached the extreme.

"Boom!"

Lu Benwei's punch landed on a member of the Heavenly God Temple, who was close to level 30! The poor member was sent flying with his back bent like a shrimp's back. He also knocked two or three other members away.

This drastic change happened in an instant, and many people did not see what had happened at all.

It was not until the group of people on the ground started wailing that Wang Yan suddenly came back to his senses.

"What the hell are you guys doing?" Although Wang Yan said this, he was extremely shocked in his heart.

Lu Benwei's physical strength and speed were too terrifying.

In the next second, a few more members of the Heavenly God Temple were sent flying by Lu Benwei's punch. The whole process only took a breath.

The surrounding onlookers were shocked.

The first time, it could be said that Lu Benwei caught the members off guard, but the second time, if they did not take any precautions, it would be a bit unreasonable to blame it entirely on Lu Benwei.

“Lu Benwei’s strength is indeed worthy of his reputation.”

“If I didn’t see it with my own eyes, I wouldn’t have believed that the video from that day was real.”

“How is this possible?” Wang Yan was also in disbelief. However, he quickly calmed down. No matter what, his strength was ranked at the top of the school.

“Ha!” he shouted, and his body was covered in flames.

The surrounding onlookers exclaimed in unison, “It’s here, it’s the flame warriors!”

A giant machete appeared in Wang Yan’s hand. Under the heavy flames, it was not angry but powerful. Wang Yan’s subsequent attacks were all fire attribute attacks with high temperatures.

Lu Benwei’s eyes turned cold, and he stomped his feet.

“A direct confrontation? You’re looking for death!” Wang Yan sneered.

He swung his saber horizontally and vertically, drawing a cross-shaped flaming sword light. The cross-shaped flaming sword light was very fast and instantly engulfed Lu Benwei’s body.

Under the fire, Lu Benwei activated the power of his five bloodlines and used Minor Healing at the same time.

Every bone and every piece of flesh was crying out. His internal organs were also shaking. His bloodline power and healing power quickly merged, healing his burnt body while resisting the high temperature of the cross-shaped flame slash.

Wang Yan saw that Lu Benwei was not only unscathed under the flame but was full of vitality. He did not panic and used the cross-shaped flame cut.

Lu Benwei sneered as his eyes flashed and he quickly waved his fists to activate Myriad Light Fist! Fists as numerous as the stars in the sky met the cross-shaped flame cut.

The two of them collided, and a strong wind blew in all directions.

However, the Myriad Light Fist was an area-of-effect attack. Not only did it offset the cross-shaped flame slash, but it also sent the other members of the Heavenly God Temple flying.

Seeing this, Wang Yan shouted and activated his second skill, "Dance of Flames!"

Wang Yan's body expanded rapidly, and he was completely covered in flames. The flames burned fiercely, scorching the air.

Lu Benwei came back from the flames and threw a punch at Wang Yan. However, Wang Yan's body had become very tough. Lu Benwei could not hit him, but he could.

Lu Benwei activated the Eye of Insight and knew the ingenuity of this skill.

[Dance of Flames]

[The body has completely turned into flames. The body size and physique have increased by 50 percent. You can't control them, but you can still receive damage.]

Lu Benwei sneered and said, "Physique increased by 50 percent? Let's see how long your blood volume can grow."

Then, he used Heavenly Dog's Wrath and Heavenly Dog's Blade. The huge shadow of the heavenly dog appeared. It was not angry but it was mighty. Lu Benwei's qi was mobilized, and his attributes increased greatly.

As for why he did not use Sharp Blade and Killing Aura was because he was too lazy to yield the Ancient Sword of Clarity. Secondly, he was afraid that he might accidentally kill Wang Yan.
