

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 15

Brother Lu, Where Did You Get the Brother Mighty?

[You have entered the mystic realm!]

[Current location: Zone C outside the Spirit Forest!]

As soon as Lu Benwei entered the mystic realm, a light blue holographic projection screen appeared in front of him.

The location where the students entered the mystic realm was random.

At first, there was only Lu Benwei alone in this area.

Later, because he was on a team with Li Tianran, Guo Hao, and the others, Li Tianran and the other three followed Lu Benwei into the Spirit Forest.

“Brother Lu, tell me, did you go the wrong way?”

“The entrance to the mystic realm hasn’t closed yet. It’s not too late for us to go back.”

Behind him, Li Tianran’s timid voice sounded.

Lu Benwei patted his shoulder. “Since you’re already here, aren’t you afraid of making a fool of yourself if you don’t make a name for yourself?”

Li Tianran was about to cry. “But our lives are the most important!”

Lu Benwei was speechless.

This guy was such a coward, but he was an assassin.

Zhao Kong stood up and said, “Brother Lu is right. Since we’re here, we must make a name for ourselves. Don’t forget that our Brother Lu is a cheater!”

This guy had become quite polite after being taught a lesson by Lu Benwei.

Li Benwei pouted, trying to think of something else to say...

“Quiet!”

Liu Dongqing and Lu Benwei, who were magicians, roared at the same time.

“Listen!” Lu Benwei gestured for them to keep quiet.

The five-man team fell silent.

In the next second, except for Lu Benwei, the expressions of the remaining four changed.

“Rumble!”

“Rumble!”

...

The ground trembled. In the distance, forest smoke rose into the sky. The drum-like vibrations were slowly approaching him.

“The monsters are approaching us?!” Li Tianran and the others exclaimed!

Lu Benwei immediately activated [Eye of Insight].

He instantly knew about the monsters.

[Spirit Rat]

[Characteristics: It is huge and has a certain amount of brute force. It appears in groups.]

[Weakness: Neck. The level of the Spirit Rat will not exceed level ten.]

After learning this information, Lu Benwei heaved a sigh of relief.

Its level was not high, and it had a fatal weakness.

These monsters were here to help them gain experience!

“Everyone, don’t panic. They are the Spirit Rats. Their level is low, and their weakness is their neck!”

As soon as he finished speaking, Lu Benwei took out a small knife.

He waved it gently at a charging Spirit Rat.

“Pfft!”

The Spirit Rat was instantly beheaded, and blood spurted out like a fountain.

The other four were skeptical and attacked the Spirit Rat’s neck at the same time.

“Pu pu pu—”

Four Spirit Rats fell in a row, and the four of them were overjoyed!

At this moment, Lu Benwei’s situation was clearly seen by the people outside.

“The supporter is really unlucky to encounter the Spirit Rats right from the start!”

“A newborn calf really isn’t afraid of tigers. He actually dares to fight head-on with the Spirit Rats.”

“Although the Spirit Rats are low-level, there are too many of them. Even a level 20 hunter would have to avoid them.”

“Other than Liu Dongqing, who is a magician, the other members of the team aren’t that strong!”

The banter from the audience made Lu Benwei’s family clench their fists.

...

“Knight’s Might!”

“Charge!”

Zhao Kong raised his personal weapon, spear and shield, and attacked the Spirit Rats.

The attention of the Spirit Rats was instantly attracted by Zhao Kong.

Guo Hao drew his bow and shot an arrow into the sky.

“Rain of Arrows!”

Arrows rained down, each arrow sending an icy chill through the air.

Swish! Swish! Swish!

Many Spirit Rats were shot in the back of the neck.

“Summon: Fireball!”

Liu Dongqing was a Summoner magician. He summoned a fireball the size of a car and threw it straight at the weak Spirit Rat.

Their weak points were hit by the rain of arrows. Coupled with the burning effect of the fireball, Liu Dongqing quickly dealt with a large group of Spirit Rats.

The remaining Spirit Rats were dealt with by Li Tianran.

The air in this area was thick with the smell of blood and burning. The five of them pinched their noses and finished counting the corpses.

After that, Li Tianran asked, “Brother Lu, how did you know that the weakness of the Spirit Rat is its neck?”

“Just now, I slashed the back of the neck of a group of Spirit Rats with my dagger.”

“That’s right, Brother Lu. If you hadn’t told us the weakness of the Spirit Rats in time, we might have been eliminated now.” Guo Hao and Liu Dongqing also praised him.

“Follow Brother Lu and you’ll be full for ten meals in three days!”

Lu Benwei did not intend to hide it. “It’s my innate skill. I can see the weakness of monsters.”

Li Tianran’s eyes instantly turned into stars. “Damn, can you teach me?”

Zhao Kong patted Li Tianran’s head fiercely. “He already said that it’s an innate skill!”

Then, he suggested, “In my opinion, we’ll hunt monsters with Brother Lu. I believe we’ll definitely achieve a good result.”

Everyone agreed and headed deeper into the Spirit Forest.

At the same time, outside the mystic realm.

The stadium stands were stunned.

Even level 20 hunters had to avoid the Spirit Rats, but this group of young men who had just graduated from high school had actually wiped them out?!

“Not a single one was left behind. How brutal!”

“I actually underestimated these young men. How embarrassing!”

Some people praised him, while others disdained him.

“Tsk, they’re just a group of low-level Spirit Rats. What’s so strange about them being wiped out?”

“Look at that supporter. From the beginning to the end, he didn’t move at all. The bulk of the loot is with that knight, magician, and archer.”

However, the audience was still amateurs and could not tell what was going on.

A group of elderly men sat in a house inside the stadium.

All of them were dignified and exuded a dignified aura.

At this moment, their expressions were solemn as they stared fixedly at the holographic projection in front of them.

“Lu Benwei actually knows that the weakness of the Spirit Rat is its neck. He’s not as simple as he seems to be!”

“Could it be a fluke?”

“Was it a fluke? I don’t think so. Just now, he used that magician to summon a few water balls and killed a nest of wolf ants effortlessly!”

“You actually know that the Five-Legged Ape’s weakness is its tail!”

“His information support is amazing! The number of monsters hunted by this team has already far exceeded the second place.”

They were the people in charge of the evaluation of the martial arts assessment in Hai Province. Their statuses were prominent, and their strength was even more extraordinary. Every time they appeared, they would attract the worship of the audience outside.

At the same time, there were also professors from the various Hunter Academies who came to recruit their favorite students.

“It’s a pity that he’s a supporter. Otherwise, he’d be a great weapon against monsters.”

“There’s no hurry. Let’s observe first.”

An old man with thick eyebrows said. In the next second, he typed “Second Class” on Lu Benwei’s information column.

The scene returned to the mystic realm.

Li Tianran threw down his dagger. “Brother Lu, I’m too tired. Let’s rest for a while!”

Even the arrogant Zhao Kong could not take it anymore. “That’s right, and we’ve already reached the middle section. We’ve encountered many monsters that are close to level 10. If we don’t rest, we won’t be able to take it.”

Lu Benwei looked up at the sky.

The martial arts assessment was not like the student assessment where there was a scoreboard. There was only a clock hanging in the sky.

A third of the time had passed and there was still no sign of the other teams. He had no idea what rank they were in.

Lu Benwei did not want to waste time. “Have you guys eaten brother mighty before?”

The four of them smiled awkwardly. “Brother Lu, we’re still young. How can we eat that?”

Lu Benwei chuckled. “Now I’ll let you try.”

[Heavenly Dog’s Fury] was instantly used, and the shadows of Heavenly Dog appeared on the five of them at the same time.

Li Tianran and the other three suddenly felt an inexplicable force descend from the sky and pour into their limbs and bones. Their meridians stretched out, and their fists and limbs seemed to be hiding a great deal of energy.

“Brother Lu, where did you get this? Why is it different from what I bought previously?”
