

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 18

I'll Give You a Treasure!

At this moment, Chen Lei and the others kept using their skills and attacks.

“Dragon Breath Slash!”

Chen Lei brandished his broadsword with explosive strength.

“Moo!”

The Minotaur howled and raised his thick left leg.

“Boom!”

The ground instantly cracked like a spider web, and hot ground gas seeped out continuously.

Chen Lei could not dodge in time. His eyes were blinded by the earth energy, and his vision instantly darkened.

After losing his sight, Chen Lei did not panic at all and turned his attention to his hearing.

“On the right!”

Chen Lei changed his attack and swung his broadsword to the right.

“Tink!”

For a moment, Chen Lei felt as if he had struck a thick iron plate.

The massive recoil split the web between his thumb and forefinger.

Chen Lei's eyes widened in anger.

The Minotaur's skin was so hard that even his strongest attack could not hurt him.

"Moo!"

The Minotaur howled triumphantly. Then his right foot began to scrape the ground.

"It's the Minotaur's violent attack!"

"Chen Lei, dodge!"

Outside the mystic realm, Liu Meimei slammed the table and stood up.

Violent attacks were extremely fast and powerful.

Ordinary people would either die or be injured!

Chen Lei heard the rustling sound of the Minotaur's feet rubbing against the ground and immediately had a bad feeling.

When he first encountered the Minotaur, he had already witnessed a violent attack. In an instant, it shattered their formation and made two of his teammates lose their ability to fight.

Chen Lei instinctively ran back, but because his eyes had yet to regain their sight, he bumped into a tree.

"It's over, it's over! I didn't expect that I, Chen Lei, would stop here!"

Chen Lei's heart turned cold, and the pride on his face was long gone.

"Minotaur, look here!"

Chen Lei's expression changed. Was that Lu Benwei?

He struggled to open his eyes and saw Lu Benwei waving at the Minotaur, holding up a red trousers.

The Minotaur's eyes instantly turned red with anger, and two balls of hot air could be seen between its nostrils.

"He used a red object to anger the Minotaur. Is this kid crazy?"

Chen Lei and the audience outside the mystic realm had the same thought.

"Moo!"

The Minotaur threw his head back and howled. The ground seemed to shake.

Berserk Attack!

The earth rumbled as the Minotaur crashed toward Lu Benwei.

It was so fast that the eye could not catch its figure.

However, Lu Benwei stood rooted to the ground with a mysterious smile on his face.

"Is this kid crazy?"

"Hurry up and dodge!"

Everyone's heart clenched.

In the distance, the hidden sentry responsible for guarding the students' safety was as nervous as an arrow on a bow, ready to attack at any moment.

However, the result surprised everyone.

"Is... is this a shadow?"

All of them saw with their own eyes that the Minotaur had passed through Lu Benwei and missed.

A second later, Lu Benwei gave them their answer.

He saw Lu Benwei emerge from his shadow. The phantom had vanished.

[Ghost Shadow]

After activating it, one could temporarily obtain the ability to communicate with the shadow and fuse oneself into the shadow. At the same time, a clone would be left behind. The clone could not move or attack.

Duration: 30 seconds.

Lu Benwei did not hesitate for a moment. He activated [Heavenly Dog's Fury]!

A huge phantom of a Heavenly Dog loomed behind him, looking dignified!

[Heavenly Dog Sword]

It had its own fire attribute attack!

Level 13 attack power suppressed the defense of a level-12 Minotaur. In addition, the [Heavenly Dog's Fury] increased all attributes by 40 percent!

Lu Benwei's attack reached a terrifying level, easily breaking through the Minotaur's defense!

"Boom!"

The Minotaur became a fireball in plain sight.

They all stared.

"Damn, am I an assassin, or is Brother Lu an assassin?" Li Tianran questioned.

"Not to mention an assassin, even a warrior of the same level doesn't have such terrifying attack power, right?"

Chen Lei was even more shocked. "Lu Benwei, are you really a magician?"

Lu Benwei did not even look at him. "What else?"

"..."

Chen Lei immediately felt like he was about to vomit blood, but he had nowhere to vent it. After all, he had just saved him.

However, before he could get up, a large group of students from other high schools suddenly appeared around him.

They looked flustered. They had obviously been forced here.

“What’s going on?”

Chen Lei could not help but ask when he saw that there was a genius from Yuntian City High School, Liu Nannan.

Under Liu Nannan’s long eyelashes, she could not hide the fatigue in her bright eyes.

“We encountered a group of level 10 monsters, Shadow Wolves!”

As soon as he finished speaking, countless green eyes lit up in the deep forest around the clearing.

“Now isn’t the time to talk nonsense. We should work together!”

A Shadow Wolf posed no threat to Liu Nannan.

However, most of the monsters were in groups.

Hence, Liu Nannan deliberately lured these monsters into the crowd.

Unexpectedly, they bumped into Chen Lei from Canglong City High School. Even the useless supporter from Green Spirit City High School was here.

“Hey, supporter, heal us later!” Liu Nannan ordered arrogantly.

Lu Benwei laughed. “What? Don’t I have a name?”

“Since you don’t know my name, you can call me Brother Wei! When we fight later, I’ll give you a big reward!”

Liu Nannan’s pretty face darkened. “I can’t be bothered to talk nonsense with you!”

Chen Lei was overjoyed to see Lu Benwei’s defeat.

What was there to be proud of, defeating a Minotaur by luck?

‘Isn’t it all because I used up its energy and health before? I’ll show you, trash, what a true genius of the academy is like later!’

The war between humans and beasts was about to begin!

“Mad Dragon Talent!”

“Mad Dragon Claw Strike!”

Chen Lei tried his best to prove himself by using his most talented and proficient skill!

“Howl!”

A level-10 Shadow Wolf fell to the ground.

The other students with ordinary talent used all their strength to kill a level-10 Shadow Wolf.

“Lu Benwei, did you see that? This is the true strength of the academy’s prodigies!”

Similarly, Liu Nannan effortlessly killed a level-10 Shadow Wolf.

The two of them smiled at each other and looked in Lu Benwei’s direction.

However, the two of them were instantly shocked.

The corpses of the Shadow Wolves at Lu Benwei’s feet had already piled up into a small mountain.

“It’s not real, right?”

“How is this possible? Is a magician so powerful?”

Liu Nannan blurted out subconsciously.

“Don’t worry about that for now. It’s more important to deal with the level-13 Shadow Wolf now.” Chen Lei’s expression was dark.

Liu Nannan looked back and saw a huge Shadow Wolf with bared fangs spitting hot air at the two of them.

“Level 13, two levels higher than me...”

Liu Nannan turned pale, as did Chen Lei.

The Shadow Wolf was known for its speed. After reaching level 13, its speed was 30 percent faster than Liu Nannan, who was the fastest among the two of them!

Soon, the fatigue on their faces was obvious.

“What should we do?” Liu Nannan was a little anxious.

“Sister, don’t panic. I’ll give you a big reward!” in the distance, Lu Benwei suddenly spoke.

In the next second, a huge phantom of a Heavenly Dog appeared on Liu Nannan and Chen Lei.

The two of them suddenly felt an inexplicable force descending from the sky and pouring into their limbs and bones.

“Is this the attribute enhancement skill of Proficiency B?!”

Liu Nannan’s jaw dropped in shock.

Although she despised Lu Benwei, who was a magician, he could casually throw out a B-rank proficiency skill. How terrifying was this?!

What shocked her even more was that her attributes had increased by 40 percent!

Its speed was above that of the Shadow Wolf!

Soon, Chen Lei and Liu Nannan, whose strength had greatly increased, dealt with this Shadow Wolf.

Lu Benwei was the focus of the entire war between humans and beasts. He used the [Heavenly Dog's Fury] wherever he went.

This pack of Shadow Wolves contributed to their experience points.

Lu Benwei had also reached level 14 after clearing the remaining Shadow Wolf.
