

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 21

Hai Province Number One, Lu Benwei!

At this moment, Lu Benwei could not be happy.

He had just used the Heavenly Dog Sword to slash at the Argu Snake and realized that it was like an itch to the snake.

When everyone saw the sparks on the Argu Snake, their shock immediately turned into disappointment.

“Unfortunately, no matter how heaven-defying the enhancement skills and growth speed are, he’s only a magician. His attack power is pitifully low.”

Lu Benwei felt a headache coming on.

He could only take the beating passively now.

Although it could not cause any substantial damage to him, his nerves had to endure a lot of pain when the snake tail hit him.

[Ding! Detected that the host has enough skills. One-Click Skill Support assists in activating the fusion skill function!]

[Heavenly Dog’s Fury + Sharp Blade, successfully fused to become Heavenly Dog’s Blade!]

[Myriad Holy Light + Holy Light Shield, successfully fused to become Heavenly Light Shield!]

Lu Benwei’s system spoke again.

“Fusion skill?”

This was a concept that Lu Benwei had never heard before.

Two strings of skill information entered Lu Benwei's mind.

[Heavenly Dog's Blade. Level 20 fusion skill]

[Effect: Deals 150 percent damage to the target. Powerful!]

[Heavenly Light Shield. Level 20 fusion skill]

[Effect: Resists 50 percent of the damage of all creatures below level 25!]

Lu Benwei looked startled.

The Heavenly Light Shield was still within his comprehension.

50 percent damage against all creatures below level 25!

Coupled with Lu Benwei's own defense, he could even withstand a full-powered attack from a Level 16 elite Argu Snake.

The Heavenly Dog's Blade was completely beyond his imagination.

150 percent powerful hit.

If he combined it with all his enhancement skills, it was very likely that he could instantly kill the Argu Snake!

[One-Click Skill Support] was activated!

Lu Benwei instantly comprehended these two powerful skills!

His mind was much clearer, and his confidence increased!

At this moment, the next wave of attacks from the elite-level Argu Snake arrived.

Deadly Poison!

Tail Swing Attack!

It was very smart. It planned to beat Lu Benwei into pulp the moment the Deadly Poison tore the Heavenly Light Shield apart!

“I wonder if this fusion skill can go back and forth with my previous skill? I’ll use you to test the waters!”

Lu Benwei smiled slyly.

Heavenly Light Shield activated!

Seeing this, the snake’s tongue spilled out crazily.

This human brat was playing right into its hands!

Crack!

The thick purple phlegm of the Deadly Poison turned into a cloud of smoke at the same time as the Heavenly Light Shield.

However, at this moment, Lu Benwei no longer had anything to defend himself with! He did not even have a defensive stance!

“Is Lu Benwei crazy?”

“Is he planning to resist the Tail Swing Attack with his body?”

Chen Lei and the others were shocked.

Li Tianran and the others instinctively wanted to pull Lu Benwei back.

However, it was too late.

The hearts of the spectators outside the mystic realm had already tightened.

“Pa!”

The snake’s thick tail bounced back.

Everyone froze. Even the yellow eyes of the snake were filled with shock.

“What’s going on?”

“Look at Lu Benwei!”

Everyone turned to Lu Benwei. A white glow suddenly appeared on his body.

It was even holier than the white light reflected by the Heavenly Light Shield!

“This is a full-body defense shield?!”

Unlike the Holy Light Shield, which was a throwing defensive shield, he might make mistakes when he used it, and the trajectory would deviate.

The Heavenly Light Shield was a full-body defense shield that could defend without any blind spots. In return, his defense was low.

Of course, a skill like Heavenly Light Shield was not included!

It negated 50 percent of the attack, in addition to the shield spilled by Lu Benwei’s talent skill Barbarian Bloodline (passive).

The Tail Swing Attack of the Argus Snake hit Lu Benwei like an itch through a boot.

“It’s fake, right?”

“Is a full-body defense shield that strong?”

“Hiss!”

The hiss of the Argu Snake cut everyone off.

Chen Lei was shocked.

“Crap, the Argu Snake has entered a berserk state!” Li Tianran said.

Chen Lei gave Li Tianran a disdainful look.

“You don’t even know the Berserk state!”

Liu Dongqing stood up and explained, “The Berserk state is a skill that every monster has! At the cost of your lifespan, your strength will increase greatly in a short period! During this period, the monsters will attack indiscriminately!”

Zhao Kong also said, “Ignore it for now. Let’s go up and help Brother Lu!”

Li Tianran and the other two agreed.

“Don’t come over!” Lu Benwei roared at the sound of his teammate’s voice.

Chen Lei also advised, “If you go over now, you’ll only cause trouble.”

“Let’s watch quietly and attack when the time is right!”

On the other side, the Argu Snake’s eyes had already turned blood-red!

Deadly Poison!

Poison Fang Attack!

Tail Swing Attack!

It no longer held back and instantly activated all its innate skills.

“In a berserk state, can Lu Benwei withstand an all-out attack from the Argu Snake?” Everyone’s faces became solemn.

When the three attacks combined, the attack power was not just a simple addition of numbers, but multiplied!

Lu Benwei’s full-body defense shield was activated.

Lu Benwei’s fall meant that their martial arts assessment had officially ended!

However, Lu Benwei soon gave them the answer.

A holy light swept out, and the Heavenly Light Shield directly blocked 50 percent of the attack!

Heavenly Dog’s Fury activated!

Myriad Holy Light activated!

Minor Healing activated!

Lu Benwei’s innate skills Barbarian Bloodline (passive) and Minor Healing caused the shields that overflowed to decrease rapidly.

The shield finally stopped dropping the moment it saw the life bar.

Lu Benwei stood straight and unharmed!

“Damn, you’re not acting anymore?”

“Brother Lu is really as tough as me. He’s experienced in battle, but he still can’t fall!”

“Is this guy still a magician? I can’t stand it!”

No one understood.

However, before everyone could recover from their shock, Lu Benwei took out the Heavenly Dog’s Sword.

Heavenly Dog’s Fury fused with Sharp Blade to become Heavenly Dog’s Blade!

Lu Benwei’s aura soared!

A mighty force that surged like the sea emanated from Lu Benwei! He waved the sword! It was so powerful that it made people think that Lu Benwei could cut through the sky!

“Go to hell!”

Lu Benwei held the Heavenly Dog’s Blade in both hands and cut open the stomach of the level-16 elite Argu Snake from the bottom up!

One-shot kill!

Everyone stared. Someone rubbed his eyes hard. Someone pinched his thigh frantically.

“Brother Zhao, am I seeing things?”

“Brother Lu defeated the Argu Snake in one strike?”

Li Tianran was shocked.

“Nonsense, I’m not blind!” Zhao Kong’s voice was very loud. “By the way, can you pinch yourself?”

Li Tianran smiled awkwardly. “Isn’t it painful to pinch myself?”

Outside the mystic realm, the stadium was as silent as death.

Especially the other geniuses who had already gone out, their gazes were even more complicated.

“Lu Benwei, that useless supporter from Green Spirit City High School, actually defeated all of us.”

“In other words, Lu Benwei became first place in the martial arts assessment?!”

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 22

Nine Great Hunter Universities Alliance

[Ding! Congratulations to the host for successfully killing an elite monster. The tenfold drop has been triggered!]

[Congratulations to the host for successfully obtaining the Viper Ring!]

[Congratulations to the host for successfully obtaining the Viper Boots!]

[Congratulations to the host for successfully obtaining the Viper Robe!]

[Congratulations to the host for successfully obtaining the Viper Gauntlet!]

Lu Benwei looked startled.

Good lord, he had gathered an entire viper set!

If it were anyone else, they might have to defeat three or four elite-level Argu Snakes before they could receive one or two drops of leader equipment.

All in all, it was extremely difficult to gather an entire set of equipment.

On the other hand, Lu Benwei had already gathered all the viper items after killing just one Argu Snake. If this got out, many people would be so envious that they would turn purple.

Before Lu Benwei could recover, the mechanical voice came again.

[Ding! Congratulations to the host for obtaining a new skill scroll—Venomous Fang!]

[Venomous Fang. Level: 20 universal skill]

[Quality: Rare!]

[Effect: Each attack will carry 15 percent poison damage. Effect lasts for 5 seconds!]

“Damn! That’s a little heaven-defying! That’s equivalent to doing 175 percent damage with each attack!”

Lu Benwei used [One-Click Skill Support] to instantly comprehend [Venomous Fang].

He was very confident that with his level 16 strength, it was completely possible for him to fight someone of a higher level!

Then, he put on the full set of viper suit.

“Damn, Brother Lu, why did you suddenly turn green?”

“Too bad. All that’s missing is the one on my head.”

Li Tianran and the others had already approached Lu Benwei. They looked at him curiously.

“Ahem…”

Lu Benwei put the Viper Set away.

At the same time, he also discovered that apart from the attributes of each piece of viper equipment, after collecting all items of Viper Set, it would also trigger the resonance effect of the set.

His attributes had been greatly improved. Not only that, but a set of skills also appeared in his mind.

[Viper Set]

[Set Effect: Immune to 30 percent of the poison below level 25. Can absorb 15 percent of the poison attack and convert it into your own strength!]

Lu Benwei's eyes were calm. He was already used to such heaven-defying skills in the eyes of outsiders.

"Brother Lu, you're so brave!"

"My admiration for you is endless!"

"From now on, you're my idol. I want to be like you in the future!"

Li Tianran's eyes turned to stars.

Guo Hao and Liu Dongqing also came forward to congratulate him. "If I'm not wrong, Brother Lu, you're this year's Hai Province's top student. You can choose from any of the nine hunter universities!"

Zhao Kong could not hide the envy and respect in his eyes.

The moment Lu Benwei disemboweled the elite Argu Snake, he was completely convinced by Lu Benwei's strength.

Lu Benwei looked at Chen Lei and Liu Nannan.

The two of them were stunned at first. Finally, the blush spread from their faces to the backs of their ears.

It was an indisputable fact that Lu Benwei had become the top student of the Hai Province.

However, he was a magician. Most importantly, before the assessment, the two of them had repeatedly spoken rudely to Lu Benwei.

Now, he had been slapped in the face. As if he was not embarrassed!

Lu Benwei said calmly, "Let's go out. I'm sure the principal and the others can't wait anymore!"

The exit of the purgatory mystic realm had long been opened.

Everyone crowded around Lu Benwei and returned to the real world.

The huge stadium was as silent as death.

The scene of Lu Benwei's one slash ending the elite Argu Snake was still vivid in their minds as if it was right in front of them.

Even though five to six minutes had passed, it was still difficult for everyone to regain their senses.

"Zi... Ziling, tell me quickly, did Benwei really do this?"

"Are we all mistaken?"

Mrs. Lu placed a hand on Lu Ziling's shoulder.

Lu Ziling could even feel the sweat on her palms.

"Mom, can so many people see wrongly?" Lu Ziling asked with a smile.

Mr. Lu suddenly came back to his senses and waved the flag with all his might.

"My son is the best!"

He waved as hard and as high as he ever had. The flag clanged in his hand!

The audience in Green Spirit City was the first to react and instantly erupted into thunderous applause.

"After so many years, our Green Spirit City finally has a top scholar."

“That’s right, that’s right. Furthermore, he’s a magician. In the next three days, the entire Qinglong City will be shaken by our Green Spirit City!”

“Look at Lu Benwei. He’s even happier than when I won five million!”

“Brothers from other cities, what are you waiting for? Applause!”

The applause continued, growing louder.

At this moment, the exit of the purgatory mystic realm flickered.

The prodigies of the other schools jumped out one after another.

The finale was Lu Benwei’s team!

The applause reached a crescendo.

Li Tianran waved at everyone, feeling extremely excited.

However, at this moment, many people emerged from the curtain behind the stadium’s rostrum.

“Damn, that’s the vice-principal of the Central Plains Hunter University. He’s here to personally recruit people!”

“And the major general, whose uniform means he’s from the Northern Military District. He’s here to recruit, too?”

Previously, all the authorities in the scoring room had come out.

One of the reasons they were here was to score the students of Hai Province.

Secondly, they were here to recruit outstanding students.

Once the student was chosen by them, the student would be guaranteed direct admission. There was no need to review the student’s results.

Of course, the students who were not selected would also choose the hunter university that matched their scores after the evaluation and reviews officially ended.

The Qinglong City Hunter University was divided into three levels. The first level was the best, and the third level was the worst.

First-class Hunter University was divided into three levels: A-class, B-class, and C-class.

Among them, the A-class was divided into the Nine Great Hunter Universities Alliance, the Dragon East Five Universities Alliance, and the Five Central Universities...

“Chen Lei, right? I’m the deputy director of the Warrior Department at Zhonghai University. We can give you first-class resources.”

Zhonghai University was a first-rate Hunter University, second only to the Nine Great Hunter Universities!

At this moment, Zhonghai University had extended an olive branch to Chen Lei.

The others around him instantly cast envious glances.

Chen Lei was a little hesitant. At this moment, he did not know his score and felt that he had the ability to compete with the Nine Great Hunter Universities.

“Liu Nannan, you can join Hudan Hunter University if you want, but our school won’t pour any resources into you.”

The person in charge of Hudan Hunter University said solemnly to Liu Nannan.

Hudan Hunter University was one of the Nine Great Hunter Universities. Liu Nannan did not beg for much.

“Brother Lu, aren’t you the top student?”

“Why didn’t anyone recruit you?!”

Li Tianran patted Lu Benwei’s shoulder.

“Isn’t that simple? Look at the way the Nine Great Hunter Universities look at Brother Lu. It’s like they’re looking at a naked beauty.”

“They’re probably thinking of what tempting conditions to recruit Brother Lu,” Liu Dongqing said.

Li Tianran smacked his lips. “I’m so envious. I have to wait for the results to come out. It’ll be good enough if I can get a second-rate Hunter University to recruit me.”

Then someone tapped him on the shoulder.

“Li Tianran, is it? I’m the person in charge of the Assassin Department of Central Plains Hunter University. Are you willing to come to my school?” a middle-aged man offered.

Li Tianran was stunned. “First-tier B-class university?”

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 23

Man of the Moment, Lu Benwei!

Just as Liu Dongqing had said, the person in charge of the Nine Great Hunter Universities had already sent Lu Benwei’s battle scene back to the school.

At this moment, in the Nine Great Hunter Universities Alliance, they were discussing the matter of recruiting Lu Benwei.

“What a monster!”

“Yeah, that’s a talent that should have an upgrade experience bonus, right?”

In the conference room of the Hunter University in Shanghai, everyone could not help but click their tongues in amazement when they saw Lu Benwei’s promotion.

“The bonus isn’t low. The speed of improvement after becoming a magician far exceeds other classes!”

“That’s not the most terrifying thing. Look at his group enhancement skill. It’s powerful, has a low cooldown, and doesn’t have any backlash. Even Elder Mu can’t do it, right?”

“It can also detect the weaknesses of monsters. On the battlefield, it will definitely be a great weapon!”

“This child can’t be placed in other schools!”

“Contact Thick Eyebrows and give Lu Benwei the same treatment. Ask him to recruit Lu Benwei!”

“No, the treatment will be raised to special grade!”

A top hunter university was the first to react.

The other eight universities also began to take action!

On the other side, the news that Green Spirit City High School’s student, Lu Benwei, had obtained the top score in the martial arts assessment spread like wildfire throughout the entire Hai Province.

When the people of Hai Province learned that Lu Benwei was a magician with no combat strength, they were all dumbfounded and caused an intense discussion on the Internet.

“It’s not true, right? The top scorer is a magician???”

“Chen Lei from Canglong City, Liu Nannan from Yuntian City... Which one of them isn’t stronger than Lu Benwei?”

“Lu Benwei is a student of Green Spirit City High School which has always been at the bottom. Coincidentally, this year’s martial arts assessment is also at Green Spirit City High School...”

“There must be a conspiracy! We, the citizens of Canglong City, will jointly appeal!”

“Our Yuntian City isn’t convinced either!”

The people of Yuntian City and Canglong City were indignant.

He could not blame them. After all, they were not at the scene and had not seen how Lu Benwei performed.

Moreover, the stereotypes of a magician being useless had already been deeply engraved in people’s minds. It was a pity that they have no combat strength and slow learning speed.

Among his peers, the level of the magician was generally much lower than that of other classes. In this world where strength was at this level, it often created the stereotype that magicians were very weak.

Now, they were told that a student in the magician class has won the top student of the Hai Province. Who would have thought that there was something fishy about it?

Of course, there were also many people who supported Lu Benwei.

“What’s wrong with being a magician? Did he eat your rice or drink water with your family?”

“Who stipulated that the magician class can’t win first place?”

“The martial arts assessment is a national matter. Countless eyes are watching. Who dares to cheat openly?”

At this moment, the official video of Lu Benwei’s battle was released.

The brutal scene of him instantly killing a level 10 monster and the bloody scene of him cutting open the stomach of the Argu Snake shocked everyone.

The questioning voices instantly stopped, replaced by exclamations of admiration for Lu Benwei.

“It’s fake, right? He killed an elite-level Argu Snake with one strike. You say this was done by a magician?”

“We agreed on supporting him, especially since the speed of a magician’s improvement is very slow. But why did Lu Benwei, who graduated from high school is now at level 16?!”

“The textbooks are indeed lies!”

While everyone was amazed, two groups of people admired Lu Benwei to the extreme.

One wave was the citizens of Green Spirit City, while the other wave was the entire magician class.

“This is so satisfying. This year, our Green Spirit City is finally no longer at the bottom.”

“I hereby announce that Lu Benwei will be the face of magicians in the future!”

As public opinion continued, the video also reached the Hunter Association in Green Spirit City.

They sat around and watched the video.

“Our Green Spirit City can finally hold our heads high this year. When Lu Benwei graduates, we must try his best to recruit him into Hunter Association!”

An elderly man in traditional Chinese clothing glowed. He was the president of the Hunter Association in Green Spirit City.

Since there was a top student, he, the president of the Hunter Association in Green Spirit City, could benefit a lot.

“By the way, why didn’t you tell me about such an impressive kid when you were helping him awaken?” the old man asked casually.

In the corner, Tang Xu, who had a goatee, was sweating profusely. He felt like he had just survived a calamity.

Fortunately, Lu Benwei had only casually belittled him when he first awakened. If the president found out that he had spoken rudely to him, he would probably pack up and leave.

On the other side, the news that Lu Benwei, the magician, had won the top score in Hai Province spread throughout the country.

After all, this was the first time a magician had reached this level since the martial arts assessment.

In the past, as long as a supporter entered the top five, it would already be sensational news.

When Hai Province officially announced that Lu Benwei had won the assessment, many television stations immediately broadcast this news. Many television stations even contacted experts for this.

“Professor Yi Zhongdi, do you have any unique views on Lu Benwei’s victory as Hai Province’s top student?”

“For example, why would a magician level up so quickly?”

Professor Yi Zhongdi faced the camera. “That’s actually very easy to understand. He must’ve awakened some heaven-defying talent during the awakening ritual.”

“And what do you think this talent is most likely to be?”

“In my opinion, I think the most likely talent is that Lu Benwei’s experience gain speed is faster, or that his skill proficiency is several times faster than ours.”

“Well, that explains a lot. It explains why a magician like him improved so quickly.”

Meanwhile, in a room of the Hai Province Hunter Association.

A hot teenage girl turned off the TV.

“What fast improvement speed? In my opinion, he’s just lucky.”

“It’s really embarrassing to be in the same batch as such a person!”

“Sister, calm down. It’s not worth it to ruin your health for such a person!” A man who looked elegant narrowed his eyes and smiled.

The girl named Jiao still said angrily, “I hope he won’t be in the same school as me when the time comes. Otherwise, I’ll teach him a lesson!”

“The other party’s explosive attack power is no less than yours. Be careful not to be tricked!”

In the corner, a man who looked like a child spoke. He sat in the shadows, making it hard to see his face.

“Now that he’s the Hai Province’s top student, there’s a chance any of us will run into him. I wish that person would be me.”

The childlike boy suddenly smiled, showing sharklike teeth.

Outside the house, a man in a military uniform with three stars on his shoulder asked the guard at the door, “Have the students of the Hunter Special Combat Class decided on their future universities?”

The guard saluted the man. “It’s been decided!”

The man nodded, satisfied.

The Hunter Special Combat Class was a class that only the true peerless geniuses of the Dragon Kingdom could join.

It was rumored that only those who had awakened two or more innate talents during the Awakening Ceremony could join the Hunter Special Combat Class.

For people like Chen Lei and Liu Nannan who had only awakened one talent, they still had to pass the martial arts assessment to enter the Nine Great Hunter Universities.

As for the people from the Hunter Special Combat Class, they could directly join the Nine Great Hunter Universities unconditionally!

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 24

Zhejiang Hunter University, Top Resources!

The scene returned to the stadium in Green Spirit City.

In the audience, Lu Benwei and his family were so excited that they could not control themselves.

Mr. and Mrs. Lu were already hoarse from shouting.

“Ziling, do you think Benwei will choose Yanjing University?”

After becoming the top student of Hai Province, Lu Benwei could choose the Nine Great Hunter Universities with his eyes closed.

Others still had to worry about their score and whether they could enroll in their favorite school.

On the other hand, Lu Benwei had to figure out which of the Nine Great Hunter Universities offered the best conditions.

Life sometimes had to face such difficult choices.

“Mom, knowing Benwei, he probably won’t be in the same school as me.”

“This brat, what’s wrong with being in the same school as you? You siblings can also take care of each other!” Mrs. Lu was a little indignant. “When I go back, I want to have a word with him.”

Lu Ziling smiled apologetically and looked at Lu Benwei in the middle.

Lu Benwei stood there, all the stadium’s spotlights on him, shining brightly.

For the first time, Lu Ziling felt that Lu Benwei had completely changed.

The brat who had once followed her and asked for candy was gradually catching up to her.

At this moment, Mr. Lu smiled and said, “Alright, let’s cut the crap. Go back and prepare wine and food to celebrate this kid!”

“Coincidentally, Benwei just sent me a message asking us not to wait for him. If you want to drink, just say it!” Mrs. Lu glanced at him and stood up to leave.

Lu Benwei put away his phone after receiving Mr. Lu’s message that he was already on his way home.

Then, he suddenly said, “Teachers, can you restrain your gazes? Especially that thick-browed teacher. You’re practically drooling.”

The old man with the bushy eyebrows smiled awkwardly.

“Ahem... I’m sorry for losing my composure.”

“Let me introduce myself. My name is Liu Yi. I’m the director of the admissions office of Zhejiang University...”

“Well, come this way first. There’s something I want to talk to you about alone,” Liu Yi said as he pulled Lu Benwei deeper into the forest.

“Are you trying to snatch her in person?” an irritable middle-aged man shouted, “Everyone said that we’d compete fairly together, but you? What do you mean by pulling him aside?”

Liu Yi let go. "Is it unfair for me to pull people aside?"

"Are you looking for trouble?"

"In terms of fighting, our Jinling Hunter University has never been afraid!" The irritable middle-aged man was unstoppable.

"Alright, looks like I have to represent Zhejiang Hunter University to destroy the arrogance of your Jinling!" Liu Yi was not to be outdone.

Lu Benwei winced.

The Nine Great Hunter Universities were really filled with martial virtues!

"Okay, okay, stop arguing!"

Finally, someone stepped forward to be the peacemaker. He pulled them apart and stepped between them to reach Lu Benwei.

"I'm the person in charge of the Dragon Country University of Science and Technology. I'll give you a four-year tuition exemption and a one-year national scholarship!"

"If you perform well in your freshman year, you can obtain the qualification of a straight shot."

Everyone was stunned. So, you had an ulterior motive!

"A big one. It's only a year's national award. What's it for?"

"Student Lu, come to our Black Province Hunter University and we'll give you a four-year national award!" a rough-looking man said, "And we'll give you Grade A resources!"

"Student Lu, don't listen to them. Their school specializes in violent professions like the Warrior Department. They look down on support classes behind their backs!"

“Dragon City University has a good atmosphere. We don’t have to worry about anyone making things difficult for us, magicians!”

“So, are you interested?”

If what Dragon City University said was true, Lu Benwei was a little tempted.

After all, the magician class would not change people’s impression of him in a short period of time.

If he went to a martial arts university like Jinling Hunter University, it was inevitable that someone would ask for trouble and mock him.

With the principle that it was better to avoid trouble, Lu Benwei really felt that it was better to go to Dragon City University.

“I’ll think about it!”

The head of Dragon City University brightened. “Better to act than being tempted. We’ll sign the agreement now!”

This action made the other eight hunter universities panic.

“Student Lu, don’t listen to his nonsense!”

“Our Chang’an Hunter University will give you a scholarship of 100,000 yuan per year!”

“150,00 for our Black Province Hunter University!”

Lu Benwei winced. Why did he feel like an auction item now?

“Enough!” in the corner of the room, a young man suddenly shouted at the others to stop.

“Pay? How cliché?”

“Yanjing University will send an S-rank resource and a Level 56 support professor to be your mentor!”

These words instantly made everyone gasp.

The Nine Great Hunter Universities were undoubtedly the top universities in the Dragon Country.

However, in terms of seniority, Yanjing University and Huaqing University were both number one. No one in the country had any objections!

Yanjing University had allocated S-rank resources and dispatched a Level 56 support professor. The other university leaders were all overshadowed.

S-rank resources, a level 56 support professor, and a school with Lu Ziling.

Lu Benwei thought it was not bad.

Everyone saw that Lu Benwei was a little hesitant and shook their heads secretly, feeling that it was hopeless.

Beside him, Liu Yi gritted his teeth.

“Pa!”

“Lu Benwei, we’ll get a big shot supporter to be your mentor. Your resources will be upgraded to SS-level, and we’ll give you top-secret access to the library!”

Liu Yi slammed the table and stood up, his voice like thunder. In the honor of Zhejiang Hunter University, Liu Yi went all out.

“Top... Top-secret access?”

“You’re not joking, are you?”

The corners of everyone’s mouths twitched. They felt that Zhejiang Hunter University was really trying too hard.

In order to recruit Lu Benwei, he could even use the library’s top-secret access.

“What’s the top-secret access to the library?”

Lu Benwei looked at the expressions of the people in charge of the various universities and guessed half of it.

Liu Yi explained, “The library is the treasure trove of every hunter university. You know that, right?”

Lu Benwei nodded and Liu Yi continued, “There are thousands of skill scrolls in the library. They are divided into different levels according to the quality of their skills. The top-secret level is at the top. Even I, the director, am not qualified to enter.

“Apart from extraordinary skill scrolls, top-secret access can also be used to view some secrets!”

“Enough!” the young man from Yanjing University suddenly roared.

The people from the other universities also looked solemn.

“Since Zhejiang Hunter University is so generous, we won’t compete with you anymore. But some secrets are Pandora’s boxes, Lu Benwei. Once you open them, you can’t go back.”

However, Lu Benwei’s mind was not on it at all.

An extraordinary skill scroll?! What benefit could be more tempting than this?

As long as he activated [One-Click Skill Support], all the precious skills since the establishment of Zhejiang Hunter University would be his, right?

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 25

Door-to-door Service

In the end, Lu Benwei chose Zhejiang Hunter University.

After Lu Benwei left, the person in charge of the Nine Great Hunter Universities remained in the conference room.

“Teacher Liu, are you willing to give Lu Benwei absolute authority?”

“That’s right. He’s just the top scholar of Hai Province. Yanjing University’s S-rank resources are already fixed!”

“The SS-level resources are reserved for the Hunter Special Combat Team. A magician wouldn’t go that far, right?”

The way they looked at Lu Benwei just now was like looking at a naked beauty.

However, at this moment, they had all changed their expressions.

Liu Yi kept rubbing his pants. “You don’t have to worry about our school!”

With that, he left the Green Spirit City Stadium with a dark expression.

...

The moment Lu Benwei entered the house, he could smell the rich aroma of meat.

“Mom, what did you make for me?”

Mrs. Lu and Lu Ziling were busy in the kitchen and did not hear what Lu Benwei said at all. “Benwei, you’re back? Go wash your hands and sit down to eat!”

With that, she grabbed a handful of vegetables and threw them into the pot.

“Your mother bought two chickens. One for coconut chicken and one for soup wonton and rice noodles.

“Never mind that for now. Come and keep me company and a few drinks!”

Mrs. Lu clinked two wine glasses in his hand.

His son had won the top score in Hai Province, making his old face glow.

When he returned, he received a lot of envy from his neighbors.

For this reason, he specially opened a special bottle of wine.

Mrs. Lu carried a pot of casserole. "Look at how biased you are. Lu Ziling ranked third in the province last year, but she still hasn't opened a bottle of wine."

"Mom, don't say that. Dad gave me a lot of money the night before school started! That money is enough for me to spend for four years!" Lu Ziling also placed a few side dishes in front of Mrs. Lu.

Mr. Lu's expression changed slightly. "Ahem, these are the dishes, right? I'll add some cucumbers."

Mrs. Lu could smell something amiss. "That's a lot of money. Hubby, did you hide some money?"

"I didn't! I didn't!" Mrs. Lu pleaded as his ears were pulled out of shape.

"How wonderful!" Lu Benwei murmured at the lively scene.

Unfortunately, the scene was about to end. In a few days, he would leave Hai Province and go to Zhejiang Province to study.

A thousand miles separated them. They might only come back two or three times a year.

After that, it was unknown where they would be assigned to fight the monsters.

"By the way, Ziling, you're so amazing that you got third in the province last year?" Lu Benwei said suddenly.

"That's right!"

“Hai Province last year could be said to be the most monstrous generation in the past decade,” Lu Ziling explained, “But what’s the use of having a high ranking in the martial arts assessment? Last year’s first and second place in the Hai Province was already under my feet.”

“I see!” Lu Benwei said.

Lu Ziling changed the topic and said, “So even if you’re the top scorer of the Hai Province, don’t be arrogant. You’ll be stepped on by others all the time!”

Lu Benwei nodded vigorously.

“By the way, which school did you choose?” Lu Ziling asked again.

Mr. and Mrs. Lu, who were “arguing”, also listened and pricked up their ears.

“They gave me SS-level resources at Zhejiang Hunter University, so I chose to go to their school.”

Mrs. Lu looked disappointed.

Now that he had made his choice, she could not argue.

However, Lu Ziling’s focus was completely different. “SS-level resources? Why does Zhejiang Hunter University value you so much?”

“Why do you say that?” Lu Benwei wondered.

Lu Ziling explained, “Even though I have SSS-rank resources from Yanjing Hunter University, I was only S-rank when I first went there. Moreover, all the top martial arts students last year also received S-rank resources. It’s because SS-level resources are often reserved for the Hunter Special Combat Class.”

“Hunter Special Combat Class? What’s that?” This was the first time Lu Benwei had heard of such a class in the Dragon Country.

Lu Ziling explained, “The Hunter Special Combat Class is a class opened by the Provincial Hunter Association. Anyone who awakens two transcendent-grade talents will be admitted into the Hunter Special Combat Class and directly obtain the qualifications to choose from the Nine Great Hunter Universities.”

“To put it bluntly, it’s a guaranteed admission!” Lu Benwei smacked his lips.

Lu Ziling sighed. “This isn’t just a recommendation. There’s also…”

“Knock, knock, knock—”

As she continued, there was a knock on the front door.

“I’ll go!”

Lu Benwei opened the door quickly and was suddenly shocked. “Mr. Liu, it’s you!”

When Liu Yi saw that it was Lu Benwei who opened the door, he was so excited that tears streamed down his face. “I was right. I almost couldn’t find you.”

The family leaned in curiously.

Lu Benwei pulled Liu Yi and introduced him. “Dad, Mom, this is Mr. Liu from Zhejiang Hunter University. He was the one who said that the Zhejiang Hunter University is going to give me SS-level resources.”

When Mr. Lu heard this, he immediately perked up. “Mr. Liu, why did you come to our house…?”

Only then did Liu Yi explain, “I want to talk to Student Lu alone.”

With that, he pulled Lu Benwei into the back room and took out a ring.

“This is a 30m x 30m x 30m storage ring. Take it as my greeting gift to you.”

Lu Benwei's jaw dropped. His storage ring was only a 1m³ storage space and had cost him a lot of money.

"Do you need me to do anything?" Lu Benwei swallowed. He knew there was no such thing as a free lunch.

"Why would I? Do I look like a liar?" Liu Yi waved his hand. "But this storage ring is mine. After you sign the contract, this transfer contract will officially be yours."

With that, Liu Yi took out a piece of document.

Lu Benwei was stunned. 'You came to my house in a hurry just to give me a storage ring?'

As if! However, it would be a waste not to accept it. Lu Benwei signed his name.

When Liu Yi saw this, he first heaved a long sigh of relief before smiling knowingly. "Congratulations, you're already a student of Zhejiang Hunter University!"

Lu Benwei was stunned for a moment. He laughed until tears came to his eyes.

"So, you're afraid I'll run away? That's why you came to set me up!"

"I'm a man of my word. Besides, I don't lack this storage ring of yours."

The first half of his sentence might not be true, but Lu Benwei really did not lack a 30m storage ring.

With the system, he could find all kinds of treasures.

Liu Yi did not mind at all. "Since you've already signed it, I can return to school without worry."

Before he left, he did not forget to say, “By the way, you can’t run away after signing the agreement!”

He looked like he was afraid that Lu Benwei would run away.

Liu Yi chatted with Mr. and Mrs. Lu for a while before preparing to leave. However, just as he stepped out of Lu Benwei’s house, he saw Lu Ziling blocking his path.

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 26

Set Off for Zhejiang Hunter University!

The night breeze ruffled Lu Ziling’s hair, and the dim lights shone on her face. She was breathtakingly beautiful.

At this moment, her face was as cold as frost, and the air around her seemed to have stopped flowing.

“Liu Yi, dean of the support vocational college of Zhejiang Hunter University,” Lu Ziling said coldly.

Liu Yi smiled faintly. “I didn’t expect the famous witch to know my name. It’s really unexpected.”

She was not surprised that Liu Yi knew how to address Lu Ziling.

“Cut the crap!”

Lu Ziling’s tone became even colder.

“With your authority, you don’t seem to be able to give away SS-level resources, right?”

“Why did you ask Benwei to join Zhejiang Hunter University?!”

Liu Yi's thoughts were exposed by Lu Ziling. "What other intentions can there be? It's purely to recruit high-quality students!"

"Boom!"

Lu Ziling's body suddenly burst into flames.

The flames shone like gods in the sky.

"How dare you be so sure that the school will give SS-level resources to a magician?"

"In order to recruit Benwei, you sure dare to say and do anything!"

Liu Yi did not panic at all and said calmly, "Witch, calm down. This is indeed my wishful thinking."

"It's supposed to be confidential from my school, but there's no harm in telling you."

Lu Ziling calmed down a little.

Liu Yi continued, "Actually, it's not a big deal. It's just that our Zhejiang Hunter University has stopped accepting new students."

"In order to deal with this situation, the school has decided to abolish the support vocational college..."

After saying that, Liu Yi laughed at himself.

Lu Ziling finally understood the reason.

To put it bluntly, he was just using Lu Benwei as a stake.

As the dean of the support vocational college, Liu Yi naturally did not want to see the college that he had worked for half his life to be abolished.

Lu Ziling suddenly sneered. “No matter what your motive is, if you dare to bully Benwei... I can’t destroy Zhejiang Hunter University but I can still turn a small support vocational college upside down!”

With that, she brushed past Liu Yi and went upstairs.

The moment Lu Ziling disappeared, Liu Yi muttered, “Her combat strength at level 35 has already surpassed that of an ordinary person at level 45. As expected of someone favored by the gods!”

“Too bad...”

...

After Lu Benwei accepted the invitation from Zhejiang Hunter University, he soon prepared to bid goodbye to his parents and leave Green Spirit City.

‘Before this.’

Green Spirit City received Lu Benwei.

Lu Benwei had become the top scorer of the martial arts assessment in Hai Province and was also a supporter. Naturally, this made Green Spirit City famous.

Many support class hunters in Brother City threatened to enter the Green Spirit City and contributed a lot of GDP to the city.

In return, the mayor of Green Spirit City rewarded Lu Benwei with a lot of money on behalf of the city government. Of course, he also prepared a set of equipment.

However, Lu Benwei refused.

The municipal government of Green Spirit City had no choice but to transfer him a sum of money.

After coming to Jiujiang City, where the Zhejiang Hunter University was located, this was the first time Lu Benwei had seen how colorful this world was.

As the capital of Jiangzhe Province, Jiujiang City was filled with experts.

Any ordinary passerby on the roadside was a powerful hunter above level 30.

More importantly, there were really many beautiful women on the streets of Jiujiang City, and each of them was wearing less than the other.

“Big cities are better! In Green Spirit City, my peers dress as conservatively as my third aunt.”

Lu Benwei got off the subway and sighed.

“Speaking of which, the guide from Zhejiang Hunter University asked me to wait for him at Purple Gold Harbor Station B. Why isn’t he here yet?”

As the top martial arts student of the Hai Province, Lu Benwei was naturally treated differently from the other students.

There were special guides for Lu Benwei to enter the university.

Lu Benwei waited for about half an hour. Finally, he could wait no longer. So, he pulled out his phone.

“Senior, I’m here. Where are you?” Lu Benwei found the dialog box with the ID “Lonely as Snow”.

In fact, Lu Benwei did not know this person’s gender. It was just a judgment based purely on the ID “Lonely as Snow”.

Who else would use such an old-fashioned name, except for those artistic youths who went into fits late at night?

After a short wait, Lonely as Snow replied, “What are you wearing?”

“White short-sleeved, water-washed blue jeans.”

Lu Benwei finished his reply and looked down at what he was wearing.

It was very simple, but it did not match the clothes of the fashionable men and women around him.

To put it nicely, it was simple. To put it bluntly, it was a country bumpkin.

At this moment, a woman approached Lu Benwei. She was naturally beautiful and had fair skin. She was not inferior to Lu Ziling. However, her face was as cold as the snow that had not melted for many years.

At the same time, she was dressed as simply as Lu Benwei. It was just a combat uniform that was incompatible with her surroundings.

“That’s nice. Someone’s as rustic as me.”

As soon as Lu Benwei finished speaking, he realized that the cold-faced beauty was walking toward him.

“Oh no, did she hear me?” Lu Benwei’s heart was in his throat.

His Eye of Insight read the cold beauty’s message.

Level 42, second stage Class Advancement, ice magician!

Even though Lu Benwei was only confident that he could challenge those of a higher level, it would undoubtedly be a huge joke for him to cross more than 20 levels.

“Lu Benwei!” the cold beauty spoke very softly.

“Lo... Lonely as Snow... Senior?”

Lu Benwei was surprised.

This cold beauty was the guide. As expected of Zhejiang Hunter University, they were generous!

It casually sent out a powerful hunter who was at level 42 and had completed her second Class Advancement.

Lu Benwei vaguely remembered that the principal of Green Spirit City High School was only level 47.

“Lian Bingqing, a senior at the magician vocational academy, is your guide.”

The cold beauty’s gaze was cold, and her face was like the cold of December. Even her words were few.

She did not know if it was because she was like this herself or because she had heard Lu Benwei mutter “old-fashioned”.

“Senior, where are we going now?” Lu Benwei avoided Lian Bingqing’s gaze.

“Where’s your luggage?” Lian Bingqing asked.

“In the storage ring!”

“Good. I’ve suddenly received an assignment. You can wander around. I’ll contact you when I’m done.”

With that, Lian Bingqing left without looking back.

Lu Benwei stood there, stunned. He thought about it and decided to go shopping first.

However, what he did not expect was that he would meet an acquaintance in a shopping mall!

“Yang Xiaofei!”

The girl named Yang Xiaofei looked back. Her facial features were naturally beautiful and charming.

In school, it would be the kind of image that many boys would want to be with.

The moment Yang Xiaofei saw Lu Benwei, she was first stunned, then her eyes curved into crescents.

“Lu Benwei!”

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 27

Change of Attitude

Childhood sweethearts.

Lu Benwei and Yang Xiaofei had such a relationship.

In addition to growing up together, there was an unusual relationship between the two of them.

Yang Xiaofei had once had a crush on Lu Benwei. After all, Lu Benwei had been outstanding since he was young.

From first grade to junior high, Lu Benwei had always been first in his grade. In addition, Lu Benwei was handsome and naturally captured Yang Xiaofei's heart.

Unfortunately, she did not get to confess. When Yang Xiaofei was in the ninth grade, her entire family moved to a big city.

In those days, there was no chat application. Lu Benwei was like a broken kite strong, no longer in contact with her.

Unexpectedly, Yang Xiaofei met her first love again today. What kind of fate was this?

This was the only thought in Yang Xiaofei's mind at this moment. After so many years, Lu Benwei was still a thorn in her side.

“Brother Lu, why are you here?”

Yang Xiaofei's eyes were bright as if the stars in the sky were hidden inside. Although she was older than Lu Benwei, she had always considered herself his younger sister.

"I came here to go to school. I was a little hungry after getting off the subway, so I thought I'd come here to shop first," Lu Benwei said. In fact, he had been shopping for a long time and had unknowingly arrived at the business center of the four-stop subway line from Zhejiang University.

Yang Xiaofei's eyes lit up even more when she heard this. Her business center was halfway between two hunter universities.

One was the East Sea Hunter University she attended. It was a first-class B-grade hunter university.

The other was a third-class hunter's college.

All in all, either school was pretty close to her.

"So which hunter university did you attend?"

Lu Benwei was about to answer when two men barged in. One was Yang Xiaofei's best friend, Xu Ningning. The other was Yang Xiaofei's pursuer, Mu Hai.

Xu Ningning saw Yang Xiaofei talking to an unfamiliar man and said, "Feifei, who is this?"

Yang Xiaofei smiled. "Ningning, this is Lu Benwei I always mention to you."

"He's Lu Benwei? He's quite handsome!" Xu Ningning said happily.

"Hello, my name is Xu Ningning. I'm a sophomore at East Sea Hunter University's Knight Academy." Xu Ningning shook hands with Lu Benwei as she introduced herself.

Lu Benwei asked, "Second year? Xiaofei, did you skip a grade?"

Yang Xiaofei responded softly.

After she moved with her parents, she skipped a grade and attended a private high school.

“It’s finally my turn to help Brother Lu. After a year in Jiujiang, I’ve already become the living map here.

“Brother Lu, you can look for me on the weekends in the future. I’ll take you to the surrounding attractions...” Yang Xiaofei blushed when she said this.

Mu Hai sensed danger and looked coldly at Lu Benwei.

“Junior, I haven’t introduced myself!” he suddenly interrupted.

“Hello, my name is Mu Hai. I’m Feifei’s classmate.” Mu Hai extended his right hand in a “friendly” manner.

Lu Benwei shook his hand. Mu Hai suddenly exerted his strength, wanting to show Lu Benwei who was the boss.

He was a magician who had awakened the Blood Frenzy and had successfully changed his class to a battle magician. Coupled with his terrifying mental strength as a magician, Mu Hai’s control over his grip was easily at level 15.

‘You just entered the school this year. No matter what, your level will not exceed 15. The strength of level 15 is more than enough to deal with you! I’m telling you, Xiaofei is mine. No one can take her from me! As for why I don’t use all my strength, I’m afraid it will be too powerful for you!’

As for Lu Benwei, he had already reached level 16 so to him, he could not feel anything strange about the power of a level 15.

Lu Benwei pulled his hand out and said, “Hello, my name is Lu Benwei. I’m Feifei’s childhood friend.”

Mu Hai was surprised. Was this kid a warrior? His strength was so terrifying.

Xu Ningning suddenly interrupted, "By the way, Feifei, you were in a small city in Green Spirit City, right?"

"That's right. Brother Lu is also from Green Spirit City!"

Mu Hai perked up when he heard that.

Green Spirit City was an unknown small city. Its strength was probably not good.

Mu Hai thought in his heart and looked at Lu Benwei with disdain.

After receiving confirmation, Xu Ningning's gaze turned cold.

"Junior, did you enroll in East Sea Hunter University this year?"

"To be able to come to our East Sea Hunter University, your strength must be extraordinary."

Mu Hai's words implied something.

If you were not from East Sea Hunter University, you could only be from the third-class hunter university in the south.

Third-class hunter university, trash among trash! It was better to work in the factory than in a third-class hunter university!

At this moment, Senior Lian Bingqing sent a message. "Where are you?"

Lu Benwei sent the location.

Lian Bingqing replied with an "ok" gesture.

"I'm sorry, there was a message just now. I didn't catch what you just said."

Lu Benwei really had not heard him.

The corner of Mu Hai's mouth twitched, thinking that this kid was too pretentious.

Yang Xiaofei stepped forward to ease the awkwardness.

“Brother Lu, what’s your class? You were so outstanding when you were young, so your awakened profession must be extraordinary.”

As it was Yang Xiaofei who asked, Lu Benwei answered truthfully, “Oh, I’m a magician...”

“Magi... Magician?!”

Yang Xiaofei was stunned. Which Earthling did not know what a magician meant to a hunter?

‘It’s a useless class.’

The combat strength was low, and the growth speed was slow!

Yang Xiaofei could not believe that her idol would change his class to the most useless magician!

At the side, the disdain in Mu Hai’s eyes deepened.

“Magician...”

“What a useless junior. I thought you were from East Sea Hunter University! After all this time, you’re from that third-rate hunter university. You’re probably at the bottom too!”

Support classes often did not get good results in the martial arts assessment and could only be admitted to third-class hunter universities. Therefore, third-class hunter university was also jokingly called a support vocational university!

When Xu Ningning learned that Lu Benwei was a magician, her eyes immediately filled with coldness.

Yang Xiaofei had always said how wonderful her idol was. She did not expect him to be a magician. She almost laughed her head off!

“Feifei, what’s wrong with you? How could you like such a person?” Xu Ningning said bluntly.

Even an ordinary person could step on a magician.

Yang Xiaofei smiled awkwardly. “Brother Lu, are you really a magician?”

“Why would I lie to you?” Lu Benwei sounded clearly displeased.

“What are you putting on airs for?” Mu Hai immediately took a step forward and stood in front of Yang Xiaofei.

Xu Ningning also said at the same time, “That’s right. He’s just a magician, yet people can’t talk about him?”

“I say, Feifei, I don’t mean to be rude, but you’ve got poor taste.”

“What’s your status? What’s his position? Is it worth having you fall for so many years?”

“But...”

Yang Xiaofei could not believe that Lu Benwei was a magician. ‘But why would he lie to me?’

In order to show off, a person could lie about his hidden class and gain people’s respect. He would not lie about being a magician.

Could it be that he was pretending to be a pig to eat a tiger? What era was it now? Why was he still playing the traditional online novel routine? Was it not childish?

It did not matter if Lu Benwei was a true magician. Yang Xiaofei’s idol image was destroyed.

“I’m sorry, Lu Benwei. I have something on, so I’ll leave first...” Yang Xiaofei said.

Lu Benwei sneered. “Oh,” he said softly.

Seeing that Lu Benwei was putting on airs again, Mu Hai was furious and prepared to beat him up.

“Look, what’s that?” Xu Ningning pointed at the sky.

They all looked up.

An ice phoenix was flapping its wings and circling above their heads.

Standing on the ice phoenix was a beautiful woman with jade-like skin.

Lian Bingqing!

All the hunters who could fly in the city came from the Nine Great Hunter Universities!

This was because this group of people would be the main pillars of the battle against the monsters!

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 28

I’m Extraordinary!

Of course, the prerequisite for flying in the air was that one had to be able to reach the second stage of level 40.

“Damn, why did a student from Zhejiang Hunter University suddenly come here?”

“It’s so beautiful and powerful. The heavens are so biased. Boohoo!”

“It’s coming down. It’s coming down. I need to ask her for an autograph.”

Lian Bingqing’s appearance caused quite a stir.

Just the title of one of the Nine Great Hunter Universities was not enough to create such a commotion. The key was that Lian Bingqing was an absolute beauty.

“I’m so envious. If I can join the Nine Great Hunter Universities, I’ll wake up laughing in my dreams.” Xu Ningning was so envious that her eyes turned into stars.

Yang Xiaofei exclaimed, “That’s right. The students of the Nine Great Hunter Universities are at a height that we can never reach in our lives.”

“Look, they seem to be coming our way.”

Xu Ningning was suddenly shocked.

The sparkling and translucent Ice Crystal Phoenix was slowly flying toward them.

“Maybe they want to come here for a stroll. The Nine Great Hunter Universities still have to eat human food,” Mu Hai explained.

He looked at Lian Bingqing on the ice phoenix with envy.

If the person above was him, pushing him to Yang Xiaofei would probably be a matter of minutes.

Of course, at this level, Mu Hai probably looked down on Yang Xiaofei.

“Lu Benwei, how long do I have to wait for you?” on the Ice Crystal Phoenix, Lian Bingqing spoke.

“Huh?!” Yang Xiaofei and the other two were so shocked that their jaws dropped.

They could not have heard wrongly. The cold beauty on the Ice Crystal Phoenix was saying Lu Benwei’s name!

Lu Benwei grinned at Lian Bingqing. “We can leave now!”

With that, he jumped onto the back of the Ice Crystal Phoenix. The two of them left, leaving behind a group of envious passersby.

“That boy just now is from Zhejiang Hunter University!”

“What a pity. I just brushed past that little boy and forgot to ask for his contact number.”

Yang Xiaofei and the other two looked at each other.

‘It’s not real, isn’t it?’

A magician was from Zhejiang Hunter University?

However, the truth could not be faked. Only the Nine Great Hunter Universities had the privilege to fly in the city.

Mu Hai and Xu Ningning’s faces were burning with pain as if they had been slapped.

Yang Xiaofei’s gaze was also fixed on the back of Lian Bingqing and Lu Benwei. Her expression was complicated.

...

“Hidden barrier, break!”

In the sky above Jiujiang National Park, Lian Bingqing took out a scroll.

What Lu Benwei did not expect was that Zhejiang Hunter University was hidden above the famous wetland park. The entire academy was a huge empty island.

“Senior Lian Bingqing, is this the top student of Hai Province?”

After Lian Bingqing landed, two beauties immediately surrounded her. The two of them were wearing red and blue cheongsams, revealing their slender and fair thighs. These two beauties were also the seniors in charge of welcoming the new students.

Lian Bingqing hummed softly. The two senior sisters in cheongsams looked at each other and smiled. They looked at Lu Benwei as if he was a monster.

“It’s really the magician with explosive combat strength!”

“Junior, you’re now a popular person among the senior students at Zhejiang Hunter University!”

The two seniors, one in red and one in blue, said one after another.

Lu Benwei found that odd. He was not surprised that his identity as a magician had been revealed. However, even though it was a little rare for him to become the top martial artist in a province as a magician, it was not to the extent of becoming popular in the entire school.

Monsters like him should be everywhere in the academy.

At this moment, the senior in the red cheongsam saw through Lu Benwei’s thoughts.

She sighed. “Junior, to be honest, other than you, there’s only one other girl in our Zhejiang Hunter University who’s the top scorer.”

“Even the Hunter Special Combat Class—”

“Qiqi, don’t talk nonsense!”

Senior Qiqi instantly shut her mouth. She turned around and said, “Junior, don’t take what I just said to heart.”

Lu Benwei frowned. ‘Other than me, only one girl was the top scorer. That seems a bit odd.’

The Dragon Country had 34 administrative units and 34 top scorers. How could there only be two top scorers?

Three beautiful seniors helped Lu Benwei walk around the campus.

Along the way, Lu Benwei used the Eye of Insight to observe many students who had entered the school. He had indeed made a major discovery. He encountered some students with monstrous talent but that was in the minority.

Most of the new students were only slightly more talented than Zhao Kong. Even talented people like Chen Lei and Liu Nannan only accounted for an extremely small proportion of them.

“This quality is a little bad!”

After touring the campus, Lu Benwei roughly understood why Liu Yi was so eager to recruit him.

Currently, his strength could be considered the number one freshman!

“Lu Benwei, I’ve also finished showing you around the school. Next, you need to go to the clock tower teaching area to look for Teacher Liu to complete the admission procedures,” Lian Bingqing said.

“Why do I need to look for Mr. Liu?” Lu Benwei asked casually.

“Don’t you know? He’s your mentor and will be your dean for the next four years,” Lian Bingqing said, “The school specially instructed that you, the top student, still need to find your mentor after you enter the school.”

“Huh?!”

Unexpectedly, Liu Yi, who had thick eyebrows and big eyes, was also a supporter.

“Just be content. The honor of being personally tutored by a dean isn’t something an ordinary student can have,” Lian Bingqing said coldly.

After the confession, Lu Benwei went to the clock tower.

A massive bronze clock tower hung high in the center of the circular Western-style complex. Apart from the clock, the entire building was also incomparably magnificent.

This was the theoretical teaching area of Zhejiang Hunter University and also the administrative center.

“Since it’s a support vocational academy, the teaching building should be in the far corner.”

Lu Benwei was speechless. Such a large academy did not even have a logo. He had to look for them one by one.

Lu Benwei walked down the dim corridor.

“Mr. Liu, what’s wrong with you?”

Suddenly, a deep and furious voice echoed in the corridor.

Liu Yi’s voice sounded.

“Principal, I’ve made myself clear. That boy is really different from the average supporter.”

Lu Benwei was stunned. It turned out that he had accidentally walked to the floor of the principal’s office. Coincidentally, he bumped into the principal reprimanding Liu Yi.

However, it seemed that the content of this lecture was related to him.

“I know. Lu Benwei is indeed gifted.”

“But he’s not worth SS-level resources. Not even S-level.”

The principal’s voice continued.

Liu Yi continued, “Principal, that’s not enough. Student Lu is the provincial champion!”

“So what if he’s the top scorer in the province?” The principal stroked his beard and glared. “Other than last year’s fire maiden, everyone in the Dragon Country knows how poor the quality of the province has been for the past ten years.”

“It’s one thing to have SS-level resources, but what about top-secret library access? If we don’t invite Lu Benwei with these perks, our batch will be completely over!” Liu Yi continued to fight for Lu Benwei.

“So what?”

The principal’s voice was much calmer as he took out a stack of documents.

“He’s a supporter magician. If we give the resources to Lu Benwei just like that, I’m afraid the other freshmen and the prodigies of the hunter class will resist.”

“I’ve already signed the principal’s decree. Lu Benwei has Grade A resources and SS-level resources will be given to this student.”

Liu Yi was dumbfounded. “But what about Lu Benwei? He’s such a good seedling.”

The principal suddenly sneered. “If he wants a S- or SS-level resources, then let him fight for them himself.”

Seeing that there was no point in saying more, Liu Yi helplessly lowered his head and left the principal’s office.

It was at that moment that he saw Lu Benwei. Liu Yi was shocked and pulled him aside.

“Why are you here?”

“I thought you told me to find you,” Lu Benwei said.

Liu Yi’s lips twitched and he asked, “Did you hear the conversation just now?”

When he said this, his voice became softer, and his eyes became more desolate.

“I hear you.” Lu Benwei’s voice was flat, his eyes expressionless.

“You won’t regret enrolling, will you?” Liu Yi apologized to Lu Benwei. “But I’ll do my best to make it up to you.”

“Damn, what’s wrong with that? No one can take away what should have been mine!”

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 29

If I Team Up With Such A Beautiful Girl, Wouldn't I Be Killing Randomly?

Lu Benwei said the words flatly.

The gloominess on Liu Yi’s face suddenly dissipated.

‘This kid... You’re right about it!’

Liu Yi thought in his heart and said to Lu Benwei, “Follow me!”

“Why did you call me here?” Lu Benwei could not help but be curious.

“Nothing. Just giving you a certificate.”

Liu Yi took out an iron token from his storage ring.

“This is?”

“This is your student token. Your information, including the usage of hunter coins, is on it,” Liu Yi explained.

“The dominance of hunter’s coin?” Lu Benwei had never heard of the concept of “hunter’s coin.”

Liu Yi continued, "To put it bluntly, it's our school's own set of monetary policies."

"In our school, we need hunter coins for daily life and teaching. If you happen to have deep pockets, you can even buy extraordinary skill scrolls."

Lu Benwei asked again, "In that case, you still have to fight for the hunter coins yourself, right?"

Liu Yi patted Lu Benwei's back. "You're worth teaching!"

"I can earn credits, volunteer, and exchange them for hunter coins when I go on missions!"

Lu Benwei nodded, putting away the student token.

Then, Liu Yi asked Lu Benwei to go to the new student registration office to complete the admission procedures.

Previously, Lian Bingqing had led Lu Benwei around the campus, and Lu Benwei had easily arrived at the freshmen registration office.

Today was the last day for new students to register. There were only a few people at the new student registration office.

"Hello, I'm here to complete the admission procedures!"

Lu Benwei found an empty window and handed the student token in.

The man in charge of this window was a middle-aged uncle with his name and position written on his nametag. Wang Dongqiang, the first section chief of the admissions office.

Wang Dongqiang yawned and slowly placed Lu Benwei's student token on the reading table.

"Swish!"

"Reading!"

Wang Dongqiang yawned again when he heard the sound of machinery.

“Name: Lu Benwei!”

“Place of origin: Hai Province, Green Spirit City!”

“Class: Supporter.”

...

Wang Dongqiang looked at the machine reading Lu Benwei’s information with undisguised disdain.

He stretched lazily and said to his colleague at the next window, “If I’m not wrong, our Zhejiang Hunter University’s ranking is at the bottom again this year!”

The colleague next door also became idle. “That’s right. In the past few days, I’ve only met two or three new students with passable talent. In normal times, such people are the most ordinary students.”

Lu Benwei heard everything they said. He glanced at the nametag of the man next door. Qi Lian.

It seemed that the talent shortage at Zhejiang Hunter University had reached a very serious level!

At this moment, the machine in front of Wang Dongqiang suddenly flashed red and beeped non-stop.

“Damn!” Wang Dongqiang’s lips twitched. “Why did it crash?”

Lu Benwei said, “Mister, can you hurry up? I’m in a hurry.”

“You have to wait even if you don’t want to!” Wang Dongqiang rolled his eyes at him.

Students nowadays really did not know how to respect their elders.

Qi Lian gave up his seat next door. "Come to me!"

Wang Dongqiang nodded and took Lu Benwei's student token to the next seat.

The cold mechanical voice sounded again.

"Name: Lu Benwei!"

"Place of origin: Hai Province, Green Spirit City!"

...

"He's from Hai Province's Green Spirit City. Tsk, tsk, tsk!" Qi Lian suddenly exclaimed, "Last year, there was a fiery woman from Green Spirit City. Did you know?"

"The one rumored to be favored by the gods, Flame Lady?"

Wang Dongqiang and Qi Lian said to themselves.

Lu Benwei was also slightly lost in thought. This was the second time he heard of the woman today.

That was bad enough, but Lu Benwei thought it sounded familiar.

The mechanical voice continued.

"School Number: 1001!"

In the end, the machine in front of Qi Lian read this sentence coldly.

Wang Dongqiang and Qi Lian were stunned at the same time and stopped talking.

"1001?!"

Lu Benwei was stunned. Did this number mean anything?

It was obvious what this number meant. The beginning represented the freshmen, but the last three numbers represented that Lu Benwei was the first freshman!

Other than those specially recruited hunter classes, he was the first!

Qi Lian slapped his forehead. "Why does this new student look so familiar?"

"He's the genius magician who went crazy among the older students!"

Their lazy eyes immediately lit up as they sized him up like they were sizing up a monster!

Although Lu Benwei was a magician, he really became the provincial champion. His strength was naturally self-evident.

Moreover, the rankings of the new students were there. Even if Zhejiang Hunter University had degenerated from a phoenix to a chicken, Lu Benwei was still a chicken head!

"Student, I'm sorry!" Wang Dongqiang's lips twitched. He thought about how he had dozed off and chatted with the number one freshman earlier.

Although he was only a magician, he was still the number one freshman at Zhejiang Hunter University!

If the school leaders reported them for slacking off, the two of them would not be able to bear the consequences.

"Student, don't misunderstand!"

Wang Dongqiang cried out. Not only did he give Lu Benwei his student token, but he also gave him a name tag.

001! It represented the number one freshman!

Lu Benwei took it and left without looking back. There was no need to waste his breath on such a person.

This made Wang Dongqiang very speechless.

“What’s so great about a magician who was lucky enough to get the provincial champion?”

...

Lu Benwei opened the door of the new student registration office and brushed past a girl. The girl had a unique fragrance that reminded Lu Benwei of Lu Ziling. So, he looked back.

The girl also noticed Lu Benwei and turned back to him. Her eyebrows were arched like mountains, beautiful and refined as if she had walked out of a painting. Her eyes were like autumn waters, and she looked like a fairy. She was beautiful and intelligent.

The first time you saw her, it was enough to leave a deep impression.

When she was quiet, she was like a delicate flower shining in the water. When she moved, she was like a weak willow supporting the wind, like a light cloud covering the moon, or a fluttering wind returning the snow!

Only such a sentence could describe the girl’s temperament!

Lu Benwei had unknowingly activated [Eye of Insight].

[Name: Chu Yan]

[Class: Elementalist (Hidden Class)]

[Level: 17]

[Talent: Fire Elemental Mastery, Ice Elemental Mastery, Water Elemental Mastery]

[Triple elemental damage increased by 50 percent!]

Lu Benwei was shocked!

Not only was Chu Yan's level higher than him, but she was also a powerful magician!

If she could form a team with him in the future, would they not kill casually?

"That's right," was all Lu Benwei could think.

Chu Yan saw Lu Benwei staring at her like a pervert. Her pretty brows drew together slightly.

"Hey, what are you looking at?"

GLOBAL DUNGEON: MY SUPPORT IS TOO STRONG

Chapter 30

Seriously? I'm Class One with this Pervert?

Along with Chu Yan was a petite loli. Her looks were also not bad. Under normal circumstances, it would also be a disaster.

However, beside her was the national beauty, Chu Yan. Everything seemed to pale in comparison.

The petite loli seemed to be Chu Yan's best friend.

The words had come from the petite loli.

"He must have taken a fancy to your looks and wants to sleep with you! You sick b*stard!"

The petite girl shot a resentful glance at Lu Benwei.

Lu Benwei was stunned.

'Good lord! I simply wanted to team up with this magician, and you're saying I want to sleep with her?'

“You’re imagining things, aren’t you?” Lu Benwei looked at Little Lolita with disdain.

The petite girl had one hand on her hip and the other pointing at Lu Benwei. “How do you explain keeping your eyes on Yanyan?”

Lu Benwei winced. That did seem a little wrong.

‘But that’s no reason to call me a pervert, is it?’

Chu Yan did not say anything, so why did she interrupt?

‘Besides, even if I really had ill intentions and admired Chu Yan’s beauty, it wasn’t illegal, right?’

Women could be ordinary and confident sometimes.

“Would you believe me if I said that I want to team up with Miss Chu Yan in the future?”

Lu Benwei regretted his words immediately. Who would believe that? It was like a blank sheet of paper with a black pen, making it worse.

Lu Benwei simply slipped away.

“Hmph! Trying to run?”

The petite loli was about to catch up to Lu Benwei when Chu Yan stopped her.

“That’s enough, Qiqi. Stop chasing him. It’s more important to register for school first.”

Chu Yan’s voice was like a spring breeze, instantly calming the petite loli’s anger.

“Lucky boy! If I see him again, I, Zhao Xiaoqi, will not let him off!” The delicate little girl was still indignant.

The two women prepared to step into the freshmen registration area. Suddenly, the petite loli stopped.

“Yanyan, how did this kid know your name?”

“Well...”

Chu Yan was slightly stunned. The two of them had clearly not introduced themselves just now.

“In any case, this guy is obviously not a good person.” Zhao Xiaoqi was still biased against Lu Benwei.

“Forget it, Qiqi. Maybe he didn’t mean any harm just now.”

“Yanyan, you’ll suffer in the future. You can’t be soft-hearted!”

...

After Lu Benwei left the registration office, he wanted to look for Liu Yi again. Suddenly, Lian Bingqing called him.

“Where are you?” Lian Bingqing’s voice was still very cold.

“The freshmen registration office!” Lu Benwei answered truthfully.

“The thing is, there’s only one thing I need to talk to you about,” Lian Bingqing said.

“This year, the school has undergone reform. All new students will no longer be taught in schools divided by class. Instead, they will be taught in classrooms.”

“Lessons?” Lu Benwei was confused.

“The school’s intention is to reorganize the students from different classes,” Lian Bingqing continued to explain, “After all, when hunting monsters, we do have to cooperate with different classes. Why don’t we start cooperating with

them at the academy stage? Of course, the mentor system still exists, and you don't have to worry. Mr. Liu will still be your mentor.”

“I see!” Lu Benwei realized.

“Then I should be in Class One, right? My classmate is also an outstanding freshman in our school, right?”

Lu Benwei gave his guess. After all, it was impossible for a ferocious beast to dance with a flock of sheep!

Since Zhejiang Hunter University wanted to reform and break through the situation of lack of succession, the key was to gather the outstanding talents of the various classes together and strive for excellence.

Lu Benwei also guessed that in addition to giving each person different resources, each class also gave different resources.

After hanging up with Lian Bingqing, Lu Benwei headed to the original support faculty. After the reform, the support faculty was used as a classroom for all freshmen. The freshman party would also be held there.

Not long after, Lu Benwei found his class, Class One.

Zhejiang Hunter University had high hopes for this reform. They firmly believed that this reform would produce generals on the future dazzling battlefield!

However, most of the seats in the classroom had already been taken, leaving only a few empty seats.

A delicate middle-aged man sat at the table beside the podium. He must be Lu Benwei's form teacher.

“Hello, teacher. I'm here to report.” Lu Benwei knocked politely on the open door.

Lu Benwei's form teacher first turned around and then carefully compared the names on the list. Suddenly, he looked startled.

"Lu Benwei?!"

"Yes, I am!"

Then the teacher cleared his throat and put on a dignified face. "Go and find a seat first."

Lu Benwei winced.

This form teacher was so young that it was obvious that he had never taught before. It was as if he had been pulled over to be a form teacher right after graduation.

Lu Benwei felt strange. Since the school had entrusted their class with an important task, why did they send a young graduate?

Lu Benwei sat in the first row by the door.

The young form teacher looked around. Next, he stood at the lectern.

"Okay, almost everyone's here. Let me introduce myself. My name is Li Muchen. I'll be your form teacher for the next four years!"

"Report!"

Before Li Muchen could finish, he was interrupted by a hurried voice. Zhao Xiaoqi held Chu Yan's hand and stood at the door, panting.

There was an instant riot in the classroom.

"Damn, these two girls, one hotter than the other!"

"I think I'm already lucky enough to be assigned to Class One. With these two beauties as my classmates, I'm really blessed!"

"It's not just smoking. It's burning, okay?"

“You’re Chu Yan and Zhao Xiaoqi, right?” Li Muchen asked.

Zhao Xiaoqi stuck out her tongue. “Yes, Teacher Li.”

Lu Benwei activated [Eye of Insight].

[Name: Li Muchen]

[Class: Battle magician (second stage battle magician Class Advancement)]

[Level: 55]

[Talent: Bloodthirsty Frenzy (in battle, every 5 seconds, strength increases by one percent, maximum accumulation is 100 percent), Concentration (magic damage increases by 50 percent), Spiritual Source (spiritual power increase speed)]

...

[Name: Zhao Xiaoqi]

[Class: Double-axe warrior (warrior Class Advancement)]

[Level: 12]

[Talent: Primordial Brute Force (increases strength and speed)]

Lu Benwei was not surprised that Zhao Xiaoqi was a warrior.

Li Muchen was a level-55 battle magician. He had three talents, and each was more heaven-defying than the last!

No wonder he could be their form teacher at such a young age.

However, at this moment, Zhao Xiaoqi felt Lu Benwei’s gaze.

“Seriously? I’m in the same class as this pervert?” Zhao Xiaoqi exclaimed, “Why are you staring at me again, you pervert?”

At this moment, she was looking down at Lu Benwei.
