Chapter 51: Hundred Kills Achievement, Lu Benwei!

“Hun... Hundred kills!”

The next morning, one of the workers in the Battle Simulation Training Center opened the door. He saw that Lu Benwei’s kill count stopped at “100” and blinked in disbelief.

“A hundred kills. When we left last night, he was at fifty kills. After one night, he had killed another fifty?”

After rubbing his eyes and making sure it was not a dream, the staff member’s mouth was wide open. His eyes were as dull as a marionette as he stood in place.

At this time, other staff members came to the battle simulation training room one after another. Their reactions were exactly the same as the staff member who had arrived first.

“Hundred kills?!”

“How is that possible?”

“Did this kid not rest all night?”

Some people were so shocked that their mouths were agape.

“No, he didn’t rest since yesterday morning until he completed his hundred kills,” someone checked the recorded data and said in shock.

Everyone sucked in a sharp breath of cold air because of this sentence.

Especially the group of people who ridiculed Lu Benwei the day before yesterday, their faces were burning as if they had been slapped hard.

In three days, he had achieved a hundred kills. Before that, the one with the best results in history was the current principal, Chen Yuan. In just two and a half days, he had achieved 91 kills.

On the surface, it seemed like Lu Benwei had half a day more time than Chen Yuan. However, nine of them were missing, and each of them was stronger than the last. Without a doubt, he was the first person in the history of Zhejiang Hunter University!

“A hundred kills, and he’s a magician!” someone muttered in shock.

This simple sentence caused the crowd, who had finally calmed down, to be stirred up again.

“Damn, I almost forgot. This kid is a magician!”

“Damn, a magician achieved a hundred kills and still wants us warriors to live?”

“Damn, I remember this freshman named Lu Benwei!” A staff member with an afro smacked his head, attracting the attention of many people.

The afro guy swallowed his saliva and said, “This new student is the second place in the freshmen tournament a few days ago. Guess how he got second place?”

Everyone craned their necks out of curiosity and looked at the afro guy seriously.

The afro paused for a moment before he continued, “You all know the rules of this year’s freshmen tournament. This guy is the first to advance in the point-based elimination round. However, you all know that if you want to advance to the next round, you must wait for the second person to accumulate enough points before both of you can advance.”

At this point, the afro guy pursed his lips tightly.

“But do you know how much of an animal this Lu Benwei is?”

The people around him nodded and then shook their heads.

To achieve a hundred kills in three days, if he was not an animal, what was he? No matter how brutal he was, could he have compared to this?

The afro pondered for a while and said, “This guy went to help the others accumulate points and complete the advancement. Then, he personally eliminated them!”

Everyone’s eyes widened when they heard this. Their mouths opened and closed repeatedly as they gasped for air.

“This guy, isn’t he too outrageous?”

“I can already imagine how it feels to be eliminated by Lu Benwei. He’s too good!”

“This guy is already of such a high grade, yet he still managed to rank second in the freshmen tournament. What kind of monster is the first ranked freshman?”

After a series of shocking discussions, the news of Lu Benwei’s hundred kills achievement spread like wildfire across the campus.

At this time, Lu Benwei was sitting cross-legged in Room No. 8.

He placed his hands on his knees, his chest rising and falling evenly and comfortably. He had entered a state of meditation. Nothing around him could interrupt him.

His clothes were already soaked in sweat. In fact, with a gentle twist, a puddle of water could be squeezed out.

The battle scenes flashed through his mind. Digest and absorb.

Lu Benwei opened his eyes.

After slowly exhaling, Lu Benwei clenched his fists and muttered, “There seems to be something different. What could it be?”

Before Lu Benwei could finish thinking, a mechanical sound was heard.

“Lu Benwei, do you want to continue the simulation?”

Lu Benwei thought for a moment. He had stayed in the Battle Simulation Training Center for about three days. He had no idea what had happened outside these days.

Moreover, he had already accumulated a lot of battle experience from the battle simulation. He must have reached a state of near perfection. If he continued with the simulation, he would not gain much.

“Let’s end this!” Lu Benwei said.

After a moment of silence, the door of Room No. 8 opened.

The glaring sunlight poured in, and Lu Benwei could not open his eyes for a while.

At this time, a group of people was waiting for Lu Benwei to come out. They were all prepared to witness this new student who had achieved the hundred kills achievement and congratulate him.

Among them, the senior who received Lu Benwei the day before was already waiting.

Lu Benwei had achieved an unprecedented 100 kills. His future was limitless. The benefits of befriending such a junior were self-evident.

After seeing Lu Benwei come out, the senior greeted him, "Lu Benwei, junior!" After saying that, the senior even waved her hand.

Lu Benwei heard someone call his name and subconsciously opened his eyes.

"Boom!"

An extremely strong killing intent covered the sky and suppressed everyone.

The senior's right hand, which was still waving, first slowed down, and then finally froze in the air.

Everyone shuddered violently, and fine cold sweat instantly appeared. Everyone did not even dare to breathe as they stared at Lu Benwei in shock.

At this moment, Lu Benwei was at a loss. 'Why are so many people looking at me? Also, who called me just now? Did I hear wrong?'

Lu Benwei glanced at the crowd and did not see anyone familiar. He sighed. "Maybe I heard wrong."

Lu Benwei shrugged and walked out of Room No. 8.

Everyone in the training room sighed in relief when they saw Lu Benwei's back.

"What a terrifying gaze!"

"For a moment, I even thought that he was going to kill me."

"Damn! He can't be thinking that he can look down on us just because he has the hundred kills achievement, right?"

Everyone was discussing with righteous indignation. Just as they were about to give a warning, a strong middle-aged man interrupted them.

"Stop, all of you. A group of seniors bullying a junior, isn't that embarrassing enough?"

When the group of people saw the owner of the voice, their expressions changed slightly.

"Dean Nangong!"

Nangong was the dean of a hidden vocational college before the reform of Zhejiang Hunter University. He was one of the top three deans in the university!

Nangong nodded and said to everyone, "You're all dismissed."

Then, his eyes narrowed as he looked at Lu Benwei's back.

"To be able to develop battle intent at such a young age, you're not simple! It's a pity he's a magician. Otherwise, I'd definitely recruit him into my academy."

Chapter 52: Lu Benwei, Let's Fight!

As soon as Lu Benwei stepped into the simulation training center, he heard a burst of laughter.

Lu Benwei knew it was Chu Yan.

He turned his head.

Chu Yan was leaning against the wall with one foot on the ground and another against the wall.

Today, she was dressed very simply. From top to bottom, she was wearing a light blue top, denim shorts, and white shoes.

Lu Benwei was wearing a gray knitted vest and a brown shirt.

She was dressed like a girl next door, young and beautiful. She was about 1.68 meters tall. Her skin was smooth, her eyes clear like water, and she looked like a fairy. She stood there quietly like an orchid in an empty valley.

However, her personality was a little carefree, making it difficult for people to figure out her thoughts. She was like a little witch.

"Are you looking for me or going to the training room?" Lu Benwei asked.

Lu Benwei did not need to ask this question. He knew that Chu Yan was here to find him. If she was going to the training room, Chu Yan would have already gone in.

"Of course, I'm here to play with you. Why can't I?" Chu Yan replied with a smile.

With that, Chu Yan turned around to leave.

Lu Benwei quickly caught up with Chu Yan and said, "I didn't say no. It's just that I've been in the training room for three days, and my whole body stinks."

Chu Yan rolled her eyes at Lu Benwei and said, "It's not like we're going on a date, so what if you're a little stinky?"

Lu Benwei was speechless. Sometimes, this woman just could not stop saying shocking things.

Looking at Lu Benwei's embarrassed look, Chu Yan giggled again.

Lu Benwei stood side by side with her and slightly turned his head to look at her beautiful side profile. Coupled with that flirtatious smile, she was as enchanting as a poppy flower.

The scene seemed to be frozen at this moment.

"I'm here to fight you!" Chu Yan suddenly said.

Lu Benwei was stunned.

"Huh? Fight?"

"That's right. You promised me last time, but you fainted in the freshmen tournament. I've given you so many strengthening stones, you can't go back on your word," Chu Yan said seriously.

Lu Benwei's mouth twitched. He initially thought that this matter would be over just like that. He did not expect Chu Yan to bring up this matter again today.

Lu Benwei had to agree to Chu Yan's request.

The moment he agreed, Chu Yan reached out and grabbed Lu Benwei's wrist, striding forward.

"Let's go and fight!"

A handsome man and a beautiful woman were walking around the campus, attracting the attention of many people.

"Damn, are all the new students so wild these days?"

"Fighting every day before falling in love?"

"My third-year senior expressed that I can't understand the hearts of the young people these days."

"By the way, that girl is really beautiful!"

"Fair skin, beautiful appearance, and long legs... She's simply my dream lover!"

"Let's go, let's quickly follow them!"

Chu Yan pulled Lu Benwei into the school's arena.

Behind them, there was a group of people who were obsessed with Chu Yan's beautiful appearance.

The battleground was similar to the Colosseum of ancient Rome.

At that moment, many students were engaged in battles in the arena. There were also many spectators in the surrounding stands.

After Chu Yan and Lu Benwei entered the arena, a large number of spectators poured out of the audience.

"I told you, this girl is of the highest quality. She's the most beautiful I've ever seen!"

"It's a pity that this girl is already taken."

"F*cking b*stard, what's that man's name?"

"This man has such a good-looking partner. How could he bear to hit her?"

At this time, Lu Benwei gradually noticed the anger of the male audience. He raised his head and took a glance.

That so-called battle intent instantly swept through the audience. The audience instantly fell silent. It took a long time for everyone to recover.

"Tsk, what's a first-year student doing?"

"So what if you're handsome and have a beautiful girlfriend? When I was a student in the underworld, you weren't even a grown man yet!"

"Hurry up and get out of here!"

...

The curses from the audience continued to reach the ears of the two people in the arena.

Lu Benwei looked at Chu Yan and shrugged. "Let's start!"

Chu Yan nodded, tiptoed, and put some distance between her and Lu Benwei.

Then, Lu Benwei's eyes narrowed, and his qi suddenly rose.

At this moment, everyone present could feel Lu Benwei's level.

“Level 19?!”

“What the f*ck? Isn't this guy a freshman? He's already level 19 when he just entered the school?”

“I admit that I was too loud just now. This boy's future is limitless!”

Chu Yan also revealed her level.

“Level 21!”

Everyone gasped in shock.

Today's new students were all fiercer than the last!

Lu Benwei was slightly surprised and asked, “You're actually level 21?”

Chu Yan gently touched her forehead and said, “I just got promoted yesterday.”

Chu Yan began to chant a spell in a low voice.

A magical halo appeared beneath her feet and quickly rose into the air. At the same time, it continued to expand, covering the entire arena.

“Large fireball!”

After a clear shout, the scorching temperature came from the sky above the arena.

The sky suddenly darkened. Everyone raised their heads, and then their pupils shrank.

A huge fireball was thrown at the arena. Seeing this, the other students who were competing in the other arenas jumped off the arena one after another.

The teacher in charge of the battleground's mouth twitched, and he immediately activated a protective shield.

However, Lu Benwei did not panic and spread out his hands.

Lu Benwei threw out a huge shield that emitted white holy light and blocked it in front of him.

[Holy Light Shield]

[Defensive skill. After use, a light shield will form in front of the host, which can resist damage.]

The fireball that blotted out the sky and covered the sun slammed into the Holy Light Shield, making a deafening sound.

“Boom!”

“Rumble!”

The stalemate lasted for several breaths.

The huge fireball finally collapsed, and smoke immediately rose, covering the sky.

Lu Benwei retrieved the Holy Light Shield.

At this moment, Chu Yan said lightly, “This time, the entire battleground is ours.”

However, Lu Benwei had already guessed Chu Yan’s thoughts and gently nodded.

Suddenly, Chu Yan burst out laughing. “Annoying fellow, look up first.”

Lu Benwei was puzzled but still looked up. In an instant, his pupils shrank.

From the smoke, small fireballs came out one after another and flew toward Lu Benwei.

The big fireball from before had collapsed into small fireballs!

Lu Benwei was not afraid and used his fusion skill.

[Heavenly Light Shield]

[Resist 50 percent of all attacks from creatures below level 25!]

Chapter 53: A Draw

The spectators stand on the battleground of Zhejiang Hunter University.

The audience was deeply shocked by the dazzling battle below the stage.

Just a second ago, Chu Yan was still suppressing Lu Benwei. All kinds of elemental magic were cast everywhere as if they were free.

Lu Benwei could only use Holy Light Shield and Heavenly Light Shield to block it.

The next second, Lu Benwei did the exact opposite. He held the Ancient Sword of Clarity in one hand and used three enhancement skills, forcing Chu Yan to retreat.

Everyone on the stage swallowed their saliva.

“Aren’t the freshmen today a little too heaven-defying?”

“Even if these two are the first and second ranked freshmen, the first and second ranked freshmen of our batch can’t be compared to them.”

“Could it be that our Zhejiang Hunter University is going to rise again and restore our glory days?”

“Zhejiang Hunter University is really in decline. Just two people like them can shock you guys like this.”

Just as the students were amazed by Lu Benwei and Chu Yan’s strength, a cold sneer came from behind them.

Everyone turned their heads to look at the owner of the voice. He was tall, about 1.95 meters. He had sword-like eyebrows, bright eyes, a straight nose, and a strong body. On his chest, there was a school badge that proved that he was a freshman.

“You’re also a first-year student. Don’t you know how powerful these two are?” Someone berated.

The tall and strong freshman sneered. “Hehe, they’re just an elemental and a magician. How can they shoulder the responsibility of rebuilding the glory of Zhejiang Hunter University like you said?”

Everyone heard this and looked at Lu Benwei.

“Such a talented and powerful person is actually a magician?”

The tall and strong freshman continued to sneer and mock.

“A person who can shoulder the responsibility of rebuilding the glory of Zhejiang Hunter University is definitely not a magician!”

After saying that, the tall and strong freshman’s deep eyes flashed with a cunning light.

At the same time, Lu Benwei and Chu Yan’s battle turned hot.

Lu Benwei even directly put on the Viper Set. Other than his head, everything else was green.

Seeing this, Chu Yan smiled and teased, “Annoying fellow, are you trying to make me laugh to death because you can’t beat me?”

“Cut the crap,” Lu benwei replied indifferently, “Your elemental magic has never stopped since the start of the competition. I’m afraid your energy is almost exhausted, right?”

Although Lu Benwei said this, he was shocked. Chu Yan's strength was beyond his imagination. Even though he had used his fusion skill, he had never been able to get close to Chu Yan.

"Hiss!"

After taking a deep breath, Lu Benwei's eyes narrowed.

Lightning Speed was quietly activated. Speed increased by 20 percent, duration of five minutes!

Lu Benwei instantly felt lighter, and he moved forward a long distance.

Chu Yan was not flustered as the staff in her hand flickered. Then, she tapped the ground lightly, and a layer of ice quickly condensed under her feet. At the same time, fine snow began to fall from the sky.

Chu Yan stood in the middle of the ice magic; her face red from the cold. The hot breath coming out of her nose made her look like a fairy in the snow.

Everyone on the stage was dumbfounded. Their mouths were slightly open. They wanted to praise the beautiful scenery, but they were afraid to disturb the fairy.

Only Lu Benwei did not have time to appreciate the beautiful scenery. Eye of Insight read Chu Yan's skill and he took a deep breath of cold air.

[Ice and Snow]

[Ice attribute skill damage increased by 20 percent!]

[At the same time, its own speed will be increased by 10 percent, and all creatures within the ice range will have their speed reduced by 10 percent!]

Amplify oneself and weaken the opponent! What a terrifying skill!

Lu Benwei clenched his fist and punched out. Myriad Light Fist was released!

In the air, countless fists shining with white light suddenly appeared and rained down on Chu Yan.

The beautiful scene shattered, and Chu Yan waved her magic staff.

Star Cross Shield!

A cross-shaped ice shield was in front of him. It was huge and blocked the rain of fists under the shield. The shield shattered.

Lu Benwei used the shield fragments to hide himself.

Chu Yan looked for Lu Benwei's gaze in confusion.

To no avail, Lu Benwei suddenly appeared on Chu Yan's right side, holding the Ancient Sword of Clarity and rushing straight toward Chu Yan.

Chu Yan's eyes flickered away in a hurry. When she regained her senses, she immediately responded with magic.

"Blizzard!"

After a clear shout, the ice elements in the field suddenly went berserk. The goose feather-like snow and sharp ice shards covered the entire area.

Lu Benwei instantly read the information about this skill. It was the upgraded skill of Ice and Snow.

The ice element within the range would go berserk. On top of Ice and Snow, the power of ice attribute skills would be increased by 20 percent!

Her four-dimensional attributes had increased! Reduce four attributes of all living creatures within range!

At the same time, she would cast a Frost Strike every five seconds. There was a 50 percent chance that the enemy would be frozen for three seconds after a hit!

Lu Benwei's eyes narrowed after sighing at this skill.

He clenched the Ancient Sword of Clarity in his hand, first pulling back, then stabbing!

Divine Sword of Destruction, burst! An extremely powerful sword light gushed out!

Chu Yan and Lu Benwei were still a dozen meters away, but they could already feel the terrifying aura of Nirvana.

Chu Yan did not have time to exclaim as she used all kinds of defensive skills.

Cross Star Shield.

Ring Water Shield.

Molten Shield.

...

All kinds of shields blocked in front of her. Every one of them met the Divine Sword of Destruction and was broken after three seconds.

Fortunately, Chu Yan had many skills. When the last shield was broken, she finally obliterated the terrifying sword light.

“What a terrifying skill! This is the most terrifying skill I’ve ever seen! I’ve really underestimated this annoying fellow,” Chu Yan exclaimed.

Lu Benwei was the most terrifying peer she had ever met!

‘In time, this annoying fellow will become a true expert. He might even be stronger than my master!’ Thinking of this, Chu Yan pouted in dissatisfaction.

“I’m done, I’m done.”

When Lu Benwei heard this, he also stopped.

“Why did you stop?” Lu Benwei asked.

Chu Yan took back her staff and said, “I’m tired. I’ve decided to end our fight in a draw.”

“Little Wei, what do you think?” Chu Yan glanced at Lu benwei.

Lu Benwei spread out his hands helplessly. “I’m fine with anything!” he said.

Chu Yan laughed again when she heard this. Then, she patted Lu Benwei’s chest and said, “Not bad, annoying fellow. You can actually fight me to a draw.”

Chapter 54: The Heavenly Dragon Association’s Invitation

Lu Benwei scratched his head and replied to Chu Yan, “You’re not bad either. We’ve been fighting for so long, but your energy isn’t running out.”

The two of them praised each other. At the same time, the battle between the two was recorded and posted on the Zhejiang Hunter University’s intranet.

“Damn, this is fake, right?”

“This is a newbie?”

“I don’t believe it! It must be a special effect!”

At first, people did not believe it, but as more and more people uploaded the video of Lu Benwei and Chu Yan’s battle, more and more people joined the discussion.

“Are all the new students this year so wild?”

“This new female student’s strength is too terrifying. She’s casting elemental magic as if it’s free, and it’s extremely powerful!”

“And that boy, damn, you’re telling me he’s a magician?”

As the popularity gradually increased, Lu Benwei and Chu Yan’s names were also known by the big shots at Zhejiang Hunter University.

In a corner of Zhejiang Hunter University, in the territory of the Student Union, the Heavenly Dragon Association.

A group of people wearing black dragon-patterned robes gathered and watched the battle video of Lu Benwei and Chu Yan.

“The strength of these two first and second ranked freshmen are extremely terrifying.”

“That’s right, he’s really outdone his master.”

“Vice President, should we extend an olive branch to these two?”

“Yes, of course I want it!”

“We can’t let go of such a good seedling.”

The Vice President of the Heavenly Dragon Association responded.

The conversation was divided into two parts.

In the arena, Lu Benwei and Chu Yan just got off the stage.

The ground suddenly trembled violently, and it was difficult to even walk.

“Ah, is it an earthquake?” Chu Yan covered her head and said in a fuss.

“It’s not an earthquake. Someone is deliberately targeting us,” Lu Benwei said coldly, his eyes coldly staring at a person in the audience.

He was the tall and strong boy who mocked Lu Benwei and Chu Yan when they were fighting.

In the audience, the tall and strong man sneered. “I was discovered.” After saying that, he jumped. His body shot out like a cannonball, leaving a large pit on the ground. In an instant, he had jumped into the battleground.

“Boom!”

Smoke filled the air, and another large pit was created on the ground.

“Hello, Lu Benwei!” The tall man walked up to Lu Benwei with a cold smile.

“Who are you?” Lu Benwei asked with a serious expression.

He came with ill intentions. This was Lu Benwei’s first impression of him.

The tall and strong man still had a cold smile on his face, but at this moment, there was a little more pride.

“Let me introduce myself. I’m Gao Renchao, a student of the Hunter Special Combat Class this year. I’m Mo Tianyu’s classmate.”

Lu Benwei heard this and thought, ‘Could this person be the member of the Hunter Special Combat Class who entered the Northwind Mountain before?’

Eye of Insight was quietly activated.

[Name: Gao Renchao]

[Class: Earth Shaker (level 1 hidden class)]

[Level: 23]

[Talents: Earth Force, Rock Skin]

[Earth Force: earth element affinity, earth attribute attack skill damage increased, earth attribute defensive skill shield value increased, earth attribute amplification skill level increased]

[Rock Skin: skin as hard as a rock, four-dimensional constitution increased, defense increased]

Lu Benwei was shocked.

Just by looking at his talent, one could tell that his strength far exceeded Mo Tianyu and the others. He was about to speak but Chu Yan beat him to it.

“Oh, it’s Gao Renchao. How was it? Was the Northwind Mountain fun?”

Chu Yan’s expression was subtle, half smiling and half cold.

“Chu Yan, I don’t have time to deal with you now!” Gao Renchao said.

Then, he turned his eyes to Lu Benwei.

“Lu Benwei, I’m here to find you today,” Gao Renchao said sternly.

“What’s the matter?” Lu Benwei coldly asked.

“We just want you to give us an explanation!” Gao Renchao raised his voice.

“Give you the Hunter Special Combat Class an explanation?” Lu Benwei was confused.

“You beat up a student from the Hunter Special Combat Class during the freshmen tournament. Are you going to let it go just like that?” Gao Renchao said.

“I won the freshmen competition with my own strength. What’s wrong with that?” Lu Benwei smiled.

“Mo Tianyu’s skills are not as good as his opponent’s, so he should admit defeat. How can he turn around and not admit it?”

Lu Benwei immediately understood. This was simply trying to frame someone. Gao Renchao was here to find trouble!

“If you’re looking for trouble, just say it!” he said coldly.

Gao Renchao no longer tried to hide it. He said, “You’ve seen through me. There’s nothing more to say.”

After saying that, he stomped on the ground, and the ground instantly cracked into a spider web. Gao Renchao raised his sandbag-like fist and smashed it toward Lu Benwei.

Lu Benwei had already expected this.

Heavenly Dog’s Blade, Heavenly Dog’s Wrath, and Sharp Blade were instantly released, and Lu Benwei’s attributes were increased to a powerful level.

“Boom!”

The fists collided.

The clothes on their right arms were torn apart in an instant. Their muscles shook back and forth with the strong brute force, which was extremely visually impactful.

However, the stalemate did not last long.

Lu Benwei felt a little weak. He twisted his waist, lowered his center of gravity, and put all his strength into his right fist. It could not be helped as he had used up a lot of energy in his previous battle with Chu Yan.

Seeing this, Gao Renchao smiled slyly.

Lu Benwei's right hand suddenly retracted, and he almost lost his balance. However, at this moment, Gao Renchao's left fist arrived.

"Annoying fellow!" Chu Yan shouted and the staff in her hand reappeared. Then, a large amount of water elements quickly gathered around her.

Her first thought was to use water magic to protect Lu Benwei.

She did not want to use ice magic or fire magic to kill Gao Renchao.

However, at this moment, a gust of wind blew past. Then, a pair of warm hands rested on Chu Yan's shoulders.

"I'll do it!" A gentle voice came from behind Chu Yan.

A man wearing a long black robe with dragon patterns and a faint smile on his face was floating in the air.

He waved his hand, and two gusts of wind blew into the arena. One caught Lu Benwei, and the other offset the powerful fist force.

"Who are you?" Gao Renchao was furious.

The man who had been smiling the entire time said, "Gao Renchao, calm down. We're all classmates. Why do you have to play with knives and guns?"

Gao Renchao looked at the man and his anger dissipated by half. "So, it's Vice President Liu of the Heavenly Dragon Association. What, you're just a third-year student. Do you want to meddle in the affairs of first-year students?"

"If it was just you freshmen, of course I wouldn't get involved, but Lu Benwei and Chu Yan will be members of our Heavenly Dragon Association in the future. How can I not bear to get involved?" Vice President Liu said with a smile.

Lu Benwei's expression changed slightly. Was this an olive branch being extended to him?

Chapter 55: Mass Strengthening

No matter what, Lu Benwei was grateful that Vice President Liu of the Heavenly Dragon Association had helped him out.

“Thank you, Senior,” Lu Benwei said.

Vice President Liu waved his hand and walked to Gao Renchao.

“Gao Renchao, I’ll say it here. I don’t care if Lu Benwei joins the Heavenly Dragon Association or not. I’m protecting him today,” Vice President Liu said to Gao Renchao coldly.

Gao Renchao, however, laughed wildly and said, “Vice President Liu, you said that Lu Benwei hasn’t joined your Heavenly Dragon Association yet. Is it worth it to be enemies with the Hunter Special Combat Class for such a person?”

As soon as he said that, even the surrounding onlookers’ faces turned pale.

In previous years, the students of the Hunter special combat class were all favored by the University student guilds.

Offending an entire Hunter Special Combat Class for this magician called Lu Benwei was like giving up an entire forest for a tree. Many people swallowed their saliva and were worried for Lu Benwei.

Under such an obvious threat, the Heavenly Dragon Association’s Vice President Liu would give up on protecting him.

However...

“It’s worth it!” Vice President Liu’s expression did not change.

As soon as he said that, the surrounding crowd immediately sucked in a cold breath.

The Heavenly Dragon Association was willing to offend the entire Hunter Special Combat Class just for a magician.

Gao Renchao’s mouth twitched when he heard this.

“What a Heavenly Dragon Association!”

“You asked for this!”

Vice President Liu ignored him and turned to look at Lu Benwei. A smile reappeared on his face.

“Lu Benwei, let me introduce myself. I’m Liu Qingfeng, the Vice President of the Heavenly Dragon Association.”

“Thank you, Senior Liu Qingfeng, for helping me out.” Lu Benwei nodded.

Liu Qingfeng waved his hand again and continued, “Lu Benwei, I’m sure you know my intentions. I’m now representing the Heavenly Dragon Association to formally extend you an invitation. Are you willing to join the Heavenly Dragon Association?”

The onlookers all turned their eyes to Lu Benwei.

The Heavenly Dragon Association was willing to give up the entire Hunter Special Combat Class for Lu Benwei. It showed that they were very sincere in inviting him.

“Thank you for your kind intentions, Vice President Liu. I don’t have time at the moment and can’t join any associations,” Lu Benwei said.

Hearing this, everyone’s expression changed slightly. What was this freshman named Lu Benwei thinking?

Gao Renchao heard Lu Benwei’s rejection and sneered.

Liu Qingfeng, on the other hand, looked calm and still had a smile.

“Alright, this is your personal right. I can’t force you. Pardon me for asking, but does Junior Lu Benwei have any plans?”

“I want to go to Northwind Mountain to level up. My level is too low now,” Lu Benwei immediately said.

Liu Qingfeng nodded.

“That’s good too. Your biggest weakness right now is that your level is too low. Northwind Mountain is also the most suitable place for you to train. You can consider us when you have time.”

Gao Renchao, on the other hand, sneered in his heart.

...

After Lu Benwei rejected Liu Qingfeng’s kindness, he sent Chu Yan back to the girls’ dormitory.

Before entering the Northwind Mountain, Lu Benwei still had to make one last preparation, which was to upgrade his equipment.

Previously, to get him to agree to the duel, Chu Yan had thrown out 500 enhancement stones. To exchange pointers with Chu Yan, Lu Benwei reluctantly accepted it.

He went to the equipment upgrade area. The first thing he saw was the dazzling array of equipment in the display cabinet.

Lu Benwei's eyes were dazzled and his heart was extremely shocked.

"The fire equipment set only costs 200,000 hunter coins. It would cost a million gold coins outside, and you might not even be able to buy it!

"There's also the battle-type mutant monster, the wishful staff dropped by the battle ape, which costs 10 million gold coins outside.

"You only need one million hunter coins to get it in school!"

Everything valuable but not on the market could be exchanged with hunter coins at the equipment upgrade area.

There were already quite a few people in the equipment upgrade area.

Many people saw Lu Benwei looking back and forth at the display cabinet like a dog entering the city. They could not help but frown and look at Lu Benwei in disdain.

"Why is this person acting like a country bumpkin? He has never seen anything precious before?"

"I just saw the school badge. He looks like a freshman."

"He's a first-year. No wonder he's a country bumpkin."

Lu Benwei heard the whispers of contempt from time to time. He ignored them and started to search for his target.

Many people came to the equipment upgrade office to enhance their equipment. There was a long queue in front of every item.

Lu Benwei frowned.

"There are so many people, when will I be able to queue?"

Lu Benwei looked around and found that there was no one in front of the enhancement stone.

"Strange, why isn't there a queue in front of this person? I don't care, he's the one."

Lu Benwei then walked toward the person. This person was an uncle with a messy beard. His entire body was slumped against the chair, and he was sound asleep.

“Uncle, I’m here to enhance my equipment?” Lu Benwei softly called out.

However, his failure to wake up this uncle caused many people to sneer.

“Damn, this freshman actually dared to strengthen his equipment with Tang.”

“No wonder he’s a new student. He doesn’t even know about the black hole in the equipment strengthening area!”

“Save it, first-year,” someone reminded him with a sneer. “The enhancer you chose has a very low success rate. It’s a waste to choose him!”

“Hey, what are you saying? You’re usually very lucky. Maybe you can even break Tang’s curse!” someone said in a ridiculing manner.

“You want to break Tang’s curse with just a few enhancement stones?”

The two of them echoed each other and attracted many people’s attention.

At the same time, Tang was also awoken by the noise. Seeing everyone’s reaction, he understood what was going on.

“Student, you can go. It’s just a waste of enhancement stones here.”

Lu Benwei just smiled faintly and said, “Master Tang, it’s fine. I have plenty of enhancement stones.”

After saying that, he took out 100 enhancement stones from his storage ring. The ice-white enhancement stones instantly formed a small hill.

The people witnessing this went pale.

“Are you serious?” Old Tang’s pupils shrank.

“Master Tang, just enhance it,” Lu Benwei lightly said. After saying that, he took out the entire Viper Set.

At the same time, he said, “Master Tang, I’m in a hurry. Please enhance this set of equipment.”

Mass-strengthening?!

As soon as he said that, everyone’s eyes widened and their mouths were agape.

Enhancing equipment was a matter of luck, and even the most powerful enhancer would find it difficult to control the rate of enhancement. If he wanted to strengthen it in batches, the chances would be even lower.

Was this freshman here to be a joke?

Chapter 56: Blessing

Master Tang looked at Lu Benwei timidly and swallowed his saliva.

“Are you sure?”

The surrounding people also looked at Lu Benwei in disbelief.

“Yes,” Lu Benwei replied lightly. “Master Tang, just do as I say.”

Everyone heard this and smiled as they looked at Lu Benwei with ridicule.

“This first-year student is really stupid but rich.”

“The failure rate of Tang’s strengthening is close to 100%, and he’s strengthening it in batches. Does he have money to spend?”

...

Lu Benwei listened to the ridicule of the people around him and waved his hand to signal Master Tang to continue.

Master Tang swallowed his saliva and took the Viper Set with both hands. The crowd laughed and Master Tang looked at Lu Benwei timidly again.

Seeing that Lu Benwei still had no intention of going back on his word, Tang took out his enhancing hammer.

The equipment enhancement spell was cast. A furnace with a display panel appeared in front of everyone.

Then, with a wave of his hand, Master Tang pushed all 100 enhanced gemstones into the furnace. He struck with the Enhanced Hammer!

Everyone stretched their necks and looked at the Viper Set on the reaction stage. There was no response after three seconds.

...

Ten seconds later, there was still no response.

At this time, there were already quite a few people who let out a few mocking low laughs from time to time.

“I think these 100 enhancement stones are all going to be put in there.”

“It’s good to have money but no place to spend it on me. Why did they have to turn it into a pile of slag?”

Lu Benwei listened to the ridicule from time to time and smiled.

It was also at this moment, a mechanical sound rang in his ears.

[Ding! Congratulations to the host for activating the One-Click Peerless Equipment Support and successfully triggering the 10x enhancement rate!]

All of a sudden, the reaction stage shone brightly. It was so dazzling that everyone could not open their eyes.

Master Tang’s extremely shocked voice was heard.

“Did the enhancement succeed? And it’s A+10?”

The light dissipated, and everyone looked at the information on the Viper Set on the display panel, their mouths agape.

[Viper Ring +10]

[Viper Boots +10]

[Viper Robe +10]

[Viper Gauntlet +10]

Everyone rubbed their eyes in disbelief. However, it was a fact that the entire Viper Set had been enhanced by +10!

“It’s fake, right?”

“100 enhancement stones to enhance a set of equipment by +10, even a top enhancer master can’t do that, right?”

“Is this kid’s luck good, or is Tang hiding something?”

A full set of +10 equipment was a huge boost to a hunter’s combat ability! Everyone was green with envy.

Lu Benwei's deep eyes were still calm as he said, "Thank you, Master Tang!"

After saying that, he prepared to put the Viper Set into his bag. As for Master Tang, he was still in shock.

The others looked at the +10 enhanced Viper Set with green eyes and almost drooled.

On the side, Lu Benwei's hands had just touched the Viper Gauntlet. Suddenly, another ray of golden light rose, and it was so dazzling that everyone could not open their eyes.

"This is an equipment blessing?!" someone struggled to open his eyes and exclaimed.

"Damn, isn't this freshman's luck too heaven-defying?"

"It can actually trigger the equipment blessing!"

Some enhancers with powerful talents could trigger their talents when they enhanced equipment, making the enhanced equipment even more powerful.

Of course, all of this was possible.

A talented enhancer would only be able to trigger a blessing after successfully enhancing thousands or even tens of thousands of pieces of equipment.

All this while, Master Tang's success rate of enhancing equipment was close to zero, and the chances of triggering a blessing were also very few. He was also extremely talented. Otherwise, he would not have stayed at Zhejiang Hunter University.

"I remember Tang's talent is Mad Demon, right?"

Master Tang's colleagues were also watching. They saw that Master Tang not only strengthened Lu Benwei's Viper Set to +10, but also triggered the equipment blessing.

While they were shocked, they were also a little jealous.

"It's just an equipment blessing. I triggered it once five years ago. Am I proud?"

"Come on, you're as talented as Tang. Also, you're almost drooling on me."

At this time, Master Tang's mouth was so wide that it reached the back of his head.

"I was just lucky. I was just lucky."

Lu Benwei activated Eye of Insight and checked the information about Mad Demon.

[Mad Demon]

[When your strength is above 50 percent, increase your strength attribute by 30 percent.]

Lu Benwei smiled faintly. It was a good blessing. Suddenly, he heard the system's notification.

[Ding! Congratulations to the host for activating the One-Click Peerless Equipment Support. Your blessing skill has been strengthened by 10 times!]

Lu Benwei was stunned. In the next second, a brilliant light erupted!

Ten rays of light lit up and fell in succession, and everyone opened their eyes.

On the display panel above...

Mad Demon +10]

Everyone was confused.

Blessing enhancement was triggered again when enhancing a piece of existing blessing equipment.

+10 meant that this freshman could increase his strength attribute by 300 percent!

This could no longer be described as luck. He was a heaven-defying existence!

At the same time, everyone looked at Master Tang as if they were looking at an animal. Their eyes were green and they were drooling.

"What are you guys doing?" Master Tang gulped.

Everyone laughed pervertedly in unison.

"Master Tang, if you don't enhance our equipment to Mad Demon today, don't even think about leaving!"

Lu Benwei's heaven-defying luck was not the only reason for this situation, but Master Tang's hidden strength. Everyone could guess that Master Tang was a hidden master of enhancement!

Seeing everyone looking at him as if he was a naked beauty, Master Tang wanted to cry but had no tears.

"I really don't know what's going on."

"Master Tang, stop pretending," everyone said.

“Previously, everyone wasted so many enhancement stones on you, so no one blamed you.”

“We won’t force you today, as long as you can bless us all once!”

“Bless us once.”

The corners of Master Tang’s mouth twitched.

There were thirty to forty people in front of him. Even the Enhanced Hammer might not be able to meet their requirements!

Lu Benwei looked at the scene in front of him, shrugged, and left the equipment upgrade area.

At the same time, Master Tang had also started to enhance the equipment for everyone.

“Enhancement failed!”

” Enhancement failed!”

...

“Enhancement failed!”

The ‘enhancement failed’ sounds were heard again and again, and everyone was dumbfounded.

Even Master Tang was dumbfounded.

“Could it be that my method is wrong? It shouldn’t be, right?”

Chapter 57?Set Off to Northwind Mountain!

Lu Benwei left the equipment upgrade area and suddenly received a message from Liu Yi.

“You brat, why didn’t you tell me that you got such a good weapon?”

Lu Benwei smiled and sent a message back. “Where are you? I’ll go find you immediately.”

...

In the office.

Liu Yi knew that Lu Benwei was coming and whistled in excitement.

I wonder how much this kid has grown since I last saw him.”

Not long after, Lu Benwei arrived at Liu Yi’s office.

“Hello, Mr. Liu!” Lu Benwei bowed respectfully.

Liu Yi quickly waved his hand and motioned for Lu Benwei to get up.

“Little Lu, come and sit!”

Lu Benwei sat down on the couch in Liu Yi’s office.

Liu Yi sat opposite him and asked, “Little brat, you’ve just made quite a big scene!”

“The intensity of your battle is rare for your age group.”

After a pause, Liu Yi continued, “You and the principal are really something. You took the Divine Sword of Destruction from the Musashi tower without telling me. If I didn’t see the video, I don’t know how long I’d have been kept in the dark by you.”

Liu Yi was so angry that he blew his beard and glared.

Lu Benwei smiled bitterly in his heart. He knew that Liu Yi was jealous.

“Alright, I also used the Lightning Speed you gave me.” Lu Benwei comforted.

“If it wasn’t for Lightning Speed, I wouldn’t have been able to dodge so many skills.”

When Liu Yi heard this, his aura eased up a little.

“Alright,” he continued, “I didn’t ask you to come for anything. I just wanted to give you something.”

He then took out a red card and placed it on the coffee table.

“What’s this?”

Lu Benwei’s eyes lit up. He felt that this thing was familiar.

Liu Yi stroked his beard and chuckled. “Do you know our school’s combat Simulation Training Center? Although it will only increase your level by a small amount, it may accumulate your actual combat experience. It will be of great help to you.”

Lu Benwei's mouth twitched, and he said, "Mr. Liu, I won't hide it from you. The principal had already given me an access card to the combat Simulation Training Center."

"What?" Liu Yi said in shock. The next second, he said angrily, "Am I your teacher or is he your teacher?"

When Lu Benwei heard this, he wanted to slap himself. 'I said the wrong thing again....'

"Forget it. Since you got the access card, did you go?" Liu Yi asked.

"I went."

"What's your score?"

In front of Liu Yi, Lu Benwei did not want to show weakness, so he said, "Three days, a hundred kills!"

"Hundred kills?" Liu Yi was truly shocked.

Within three days, the achievement of a hundred kills was unprecedented!

Liu Yi laughed out loud, and the wrinkles on his face deepened with his smile.

"Good boy, well done!" Liu Yi patted Lu Benwei's shoulder and praised him.

Lu Benwei felt like his bones were about to fall apart and quickly changed the topic.

"Mr. Liu, I have something to discuss with you."

"What is it?" Liu Yi stopped patting Lu Benwei's shoulder.

"I want to become stronger!"

"That's a good thing!"

Lu Benwei's eyes narrowed and he solemnly said, "I want to go to Northwind Mountain."

When Liu Yi heard this, his face immediately darkened.

"Little Lu, are you at level 18 or level 19 now? It's still too dangerous for you to enter Northwind Mountain."

Northwind Mountain was filled with danger, and the minimum level required for a hunter was level 30.

Lu Benwei's strength was far beyond his peers. However, it was not difficult to cross 10 levels and enter Northwind Mountain without being hurt!

Liu Yi considered for a moment. "Little Lu, I think you should go to the mystic realm around here and slowly train. If you want to enter Northwind Mountain, you'll have to at least be level 23," he said.

Lu Benwei's deep eyes were still calm.

"Mr. Liu, I know you want me to take it slow. But I can't wait any longer. I have to become stronger!"

"I know you're doing this for your sister, Lu Ziling, but the Divine Fire can't be tamed in a short time." Liu Yi tried to dissuade him.

"Besides, it's still too early for the backlash of the Divine Fire to happen. Your level is too low now. Going to Northwind Mountain is a dead end for you."

Just as he finished speaking, Lu Benwei's body suddenly exploded with a terrifying aura.

A green light suddenly appeared. Lu benwei put on the full Viper Set.

[Mad Demon blessing +10]

[Health points above 50 percent, strength increased by 300 percent]

With Ancient Sword of Clarity in hand, all his attributes were increased!

Liu Yi was dumbfounded. "Your four attributes are comparable to level 25! How did you do it?" Liu Yi exclaimed.

"It's a secret." Lu Benwei smiled.

Liu Yi did not ask any more questions. He then thought about it seriously.

Lu Benwei's attributes were now comparable to a level 25 hunter. In addition to his insane enhancement skills, he could walk around Northwind Mountain.

He said, "Alright. Since you want to go, you can go. But you have to promise me that you won't fight with them head-on if you encounter extremely dangerous monsters."

"Thank you for your concern, Mr. Liu. I'll be careful." Lu Benwei cupped his hands.

Just as he finished speaking, he heard a creak. The door to Liu Yi's office was quietly opened. Immediately after, the two people in the room smelled the faint scent of flowers.

Chu Yan stuck her head out and said, "I want to go too."

Lu Benwei's mouth twitched when he heard this.

"Chu Yan, it's very dangerous there, don't follow me."

Who knew that Lu Benwei would immediately suffer Chu Yan's eye roll?

"Narcissist, who's following you?" Chu Yan said with her hands on her hips and her chest out.

"I was looking for Mr. Liu to tell him that I wanted to go to Northwind Mountain as well. Who knew that you would be here as well?"

Lu Benwei's mouth twitched.

Going to Northwind Mountain was everyone's freedom, so Chu Yan was right.

Then, Chu Yan turned to Liu Yi and said, "Mr. Liu, you're biased!"

Liu Yi was stunned for a moment before he said, "How am I biased?"

Chu Yan crossed her arms. "Don't think I don't know. You won a lot of epic skill scrolls at the weapons pavilion. You even gave one to the annoying fellow."

Liu Yi was speechless.

"None of the five skill scrolls are suitable for you, otherwise, I'd have given them to you a long time ago," he said after a moment of silence.

Chu Yan continued to bug him and said arrogantly, "I don't care. I just want an epic scroll. Otherwise, I'll drop out of school!"

Liu Yi laughed. "Haha."

After being stunned for a while, Liu Yi finally said, "Alright, I'll find you a suitable epic skill scroll after you return from Northwind Mountain."

Chu Yan laughed proudly when she heard this. "Then I'll take my leave first!"

Then, Chu Yan skipped out of the office.

Lu Benwei and Liu Yi looked at Chu Yan's back and spread out their hands helplessly.

It was not over. Chu Yan stuck her head out from the door again. Her beautiful face was like a painting hanging on the wall.

“Annoying fellow, I admit that I want to enter Northwind Mountain to train with you. Let me go back and pack my things. We’ll meet at the school’s teleportation array in half an hour.”

Chapter 58: Forming A Team

Lu Benwei and Liu Yi chatted for a while and then looked at the time. He found that there were still a few minutes left until the time Chu Yan had set. Hence, he bid farewell to Liu Yi.

After Lu Benwei left, Liu Yi sat down at his desk.

“We’ve really recruited two living ancestors this year! However, it’s worth it to revive Zhejiang Hunter University.”

After reading the documents for a while, Liu Yi felt a little sleepy. So, he rested on the table for a while. The sound of an urgent phone ringing woke Liu Yi up.

“It’s from the central administrative office. These guys are so bored all day long. Why would they suddenly call me?”

After Liu Yi complained, he picked up the phone. There was a burst of panting from the other end of the phone.

“Mr. Liu, bad news. There’s a problem in Northwind Mountain. Please inform all the students that they aren’t allowed to go there.”

Liu Yi’s expression changed drastically. “What’s wrong with Northwind Mountain?”

“According to the person in charge of one of the strongholds at the front line, there might be a monster tide in Northwind Mountain!” The man gulped.

“After a secret evaluation, the level might reach Tiger level! Currently, all communications with Northwind Mountain have been cut off. The military suspects that it’s the work of monsters!

Liu Yi’s pupils suddenly shrank. He immediately hung up the phone and called Lu Benwei.

“Sorry, the number you have dialed is currently unavailable.”

Liu Yi hung up and called again and again. After a few times, he finally accepted the fact that Lu Benwei and Chu Yan had arrived at Northwind Mountain.

Liu Yi leaned back on the chair powerlessly and finally muttered something, “Tiger level... That’s a monster horde that can destroy a town!”

...

Northwind Mountain, Jiangsu, and Zhejiang Hunter University base.

Most of the monsters in Northwind Mountain were above average in strength. It was extremely dangerous. It was also a good place to level up and obtain equipment.

At the same time, it was also open to the public. The Zhejiang Hunter University was just a base here.

At the center of the dot, the teleportation array glowed. In the arena, many people's eyes were attracted by the light.

"Which great god has come to school this time?"

"I hope it's an expert or a beauty."

"Come on, what beauty? The environment of Northwind Mountain is terrible. All the female juniors in school have gone to the lakeside of the Oasis with a good environment."

As soon as he finished speaking, Chu Yan came out of the light. She was wearing a simple casual outfit and a cap. Even so, it was still possible to tell that she was a tall, slender, and graceful girl. Just a simple glance was enough to leave a deep impression.

Everyone's eyes lit up and many of them were eager to invite Chu Yan to go with them. However, when a man came out from behind the light, everyone's faces fell.

On the boy's chest was the school badge of Zhejiang Hunter University. It was the same for the girl. It was obvious that the man and woman had come together.

Chu Yan stood on the teleportation platform and looked down.

"Who's the person in charge here?"

"I am!" after a long time, someone finally came back to his senses and said.

After the person in charge responded, Chu Yan and Lu Benwei got off the teleportation platform one after another.

The crowd unconsciously made way for Chu Yan. At the same time, they looked at Lu Benwei with resentment.

Lu Benwei went to the person in charge.

"We want to enter the Northwind Mountain now. Do we need to register?" Lu Benwei asked.

"Of course!" The person in charge nodded.

"According to the school's rules, only those who have joined the team can enter Northwind Mountain."

"Huh?" Lu benwei was dumbfounded. "I've never heard of this rule before. How did it suddenly appear?"

"It's because Northwind Mountain hasn't been peaceful recently," the supervisor explained. "It's also to ensure the safety of the students."

"Look at our school's base. There are many students there, and many social hunters want to rest. It's easy to form a team."

Lu Benwei frowned slightly and fell into deep thought.

The person in charge asked, "Oh right, what's your age? What's your class?"

"We're both freshmen. I'm an elemental, and he's a magician," Chu Yan said proudly.

At this time, many big men were coveting Chu Yan's beauty. Hearing that Chu Yan had a hidden profession, their expressions changed.

All of the hidden professions were extremely powerful. Who would not want to recruit such a beautiful and powerful little girl into their team?

Everyone's attitude toward Lu Benwei was obviously more playful.

"Are you sure you're not here to look at the scenery?"

"I thought this guy was a god-level babysitter, but in the end, he's just a useless magician."

The crowd's sneers could be heard.

Some people stepped forward and said to Chu Yan, "Pretty lady, join our team. This kid is just a magician, he's useless!"

"Don't listen to him, pretty lady. Pair up with us. Our captain is a level 35 warrior. He can be a human shield in front of you!"

Chu Yan turned a deaf ear and asked Lu Benwei, "Annoying fellow, what are you thinking?"

“Chu Yan, are you interested in forming a team?” Lu Benwei smiled faintly.

Chu Yan’s eyes lit up. “Form a team? Yay!” Then, she patted Lu Benwei’s back.

When the surrounding people heard that Lu Benwei wanted to form a team, they immediately pointed at him and laughed. It was very harsh to the ears.

“This magician actually wants to form a team, did I hear wrong?”

“Don’t tell me you want to know the conditions to form a team?”

The person in charge looked at Lu Benwei and the others with a bitter smile.

“Fellow student, there are certain conditions to form a team. The conditions are harsh, and even the fourth-year seniors may not be able to become the team leader.”

“What condition?” Lu Benwei and Chu Yan asked at the same time.

The person in charge shrugged and said with a bitter smile, “Do you know about the Simulation Combat Training Center in our school?”

Before the person in charge could finish, someone ridiculed him.

“This magician probably doesn’t even know where the actual Simulation Combat Training Center is.”

Lu benwei glanced at the man and continued, “I know, I even went inside.”

“You even went to do a simulation?” The person in charge was slightly shocked.

However, he quickly said indifferently, “A few dozen kills in a simulated battle isn’t enough to meet the requirements to become a team leader. If you want to be the team leader, you must at least achieve the achievement of killing 70 kills in a row!”

Lu Benwei smiled indifferently and took out his student card.

“Teacher, please check my results.”

The person in charge took Lu Benwei’s student card and felt a little strange. He already said that a few kills or a dozen kills would not make him a team leader.

“You’re a magician, and a freshman at that, yet you want to achieve a score of seventy kills?”

However, when Lu Benwei’s results were out, he was stunned!

Chapter 59: What Chu Yan Said is Correct

The person in charge just pulled out Lu Benwei's information from the database.

On the display panel, Lu Benwei's information and simulation results were displayed.

[Name: Lu Benwei]

[Grade: First year]

[Class: Magician]

[Mock score: 100]

The person in charge rubbed his eyes hard and realized that he was not mistaken. The next second, he looked at Lu Benwei in disbelief.

A first-year student could achieve a hundred kills. Furthermore, he's a magician!

Shocking!

Terrifying!

It was unbelievable!

The surrounding crowd saw this scene and looked at each other in confusion.

Then, someone curiously stepped forward and looked at the display panel in front of the person in charge.

"What?" after seeing Lu Benwei's information and simulation results, he immediately exclaimed.

Like the person in charge, he immediately rubbed his eyes. Then, he took a closer look at the photo. He found that Lu Benwei's photo was the same as the kid in front of him. The man's face immediately turned red.

He was the one who mocked Lu Benwei for not even knowing where the actual combat Simulation Training Center was.

Now that he had been slapped in the face, not only did his face hurt, but he also looked at Lu Benwei and wanted to find a hole to hide in.

The others also came over, and when they saw the eye-catching hundred kills score, their jaws dropped.

“What kind of monsters are the new students this year?”

“If a magician can achieve a hundred kills, then how terrifying is the elementalist with him?”

At this time, Lu Benwei asked, “May I ask if I have the qualifications to form a team?”

The person in charge nodded and said, “You’re qualified, you’re qualified!”

“Lu Benwei, have you thought of a name for your team?” the person in charge asked.

Before Lu Benwei could speak, Chu Yan said, “Let’s call it ‘What Chu Yan Said is Correct team’.”

The person in charge was speechless.

Lu Benwei was speechless.

“What’s wrong? Isn’t it interesting to have this name?” Chu Yan asked with her hands on her hips.

The person in charge’s mouth twitched. “It’s interesting, but the team leader is Lu Benwei. I want to hear his opinion first.”

Chu Yan patted her chest and said, “There’s no need to ask. My opinion is his opinion.”

The person in charge looked at Lu Benwei. Lu Benwei nodded slightly, and the person in charge let out a sigh of relief.

Then, he entered his information on the registration computer.

[Team name: What Chu Yan Said is Correct]

[Captain: Lu Benwei]

[Team member: Chu Yan]

The team had already been established, and the person in charge said, “Alright, it’s been established. Now, I need to tell you some things to take note of.”

Lu Benwei nodded and motioned for the person in charge to continue. The person in charge brought Lu Benwei and Chu Yan into a small room.

“First of all, as the captain, Lu Benwei should prioritize the lives of his team members,” the person in charge explained.

"I understand," Lu Benwei said.

"Also, you guys need some help."

...

After about half an hour, the explanation finally ended.

"Alright, I've explained what I wanted to say," the person in charge said at the end, "Do you have any other questions?"

As soon as he finished speaking, Chu Yan raised her hand.

"I would like to ask, other than our school having a team system, do other schools or other hunters have similar systems?"

"Of course," the person in charge replied, "the hunters in other schools and society are the same as us. They have a team system. After all, it's too dangerous to enter the Northwind Mountains alone."

Chu Yan nodded to show that she understood.

"How are the teams in Northwind Mountain like? Is there any team made up of strong hunters?" Lu Benwei asked.

"Of course!" the person in charge replied with a smile.

Then, he placed a stack of information on the display panel. Lu Benwei looked up and carefully read the person in charge's information.

"This information isn't a secret. For example, look at this team called Storm. The captain is from your school," the person in charge explained.

"They are the star team of the Northwind Mountain. Each of their members is stronger than the last. They always help other teams when they are in danger and are loved by many hunters."

Lu Benwei looked at the information of the team called "Storm" and found that their vice-captain was Liu Qingfeng, who had helped him before.

At this moment, there was a commotion outside. It sounded like the crowd outside was cheering for something.

"You really get what you want," the person in charge said, "With this reaction, I can tell that it's a celebrity team."

Not only the base of Zhejiang Hunter University protected the students of Zhejiang Hunter University, but also some community hunters or students from other schools. However, they had to pay a fee.

As a result, there were many social hunters in the base. The star teams were usually very strong. Getting close to them was equivalent to having an extra guarantee in the dangerous Northwind Mountain. Therefore, the arrival of a star team could often cause a big commotion.

Lu Benwei walked out and saw that the field was already filled with people, forming a human wall.

“It’s Hai Yue’s team!”

“Hai Yue’s team, please take me in!”

“Do you still remember me? You saved me from the monster last month!”

“Hai Yue’s team, this is my family’s specialty. Not only is it healthy and delicious, but it also has the effect of extending one’s lifespan. Quickly accept it!”

...

Even if he was not the person involved, Lu Benwei could feel the enthusiasm of the crowd.

He could not help but sigh. “When will my team be able to reach such a glorious level?”

Lu Benwei was stunned and turned to look at Chu Yan. Chu Yan was holding a lollipop in her mouth when she saw Lu Benwei suddenly looking at her.

“Do you want to eat it? Call me big sister,” she said.

Lu Benwei’s mouth twitched and then he sighed. Right now, there were only two people in his team, and it did not seem like they could be glorious.

At this moment, the human wall in front of him suddenly stirred.

“The other members of Hai Yue’s team have all returned to the hotel to rest. Why isn’t Miss Hai Yue back yet?”

“Did I see it wrong? Miss Hai Yue is walking toward us.”

“Damn, she’s really walking toward us.”

“Miss Hai Yue, I love you. I’m willing to be your slave for all eternity!”

“Miss Hai Yue, please marry me. In the future, our child will take your surname.”

Hai Yue did not respond to the group of hunters’ solicitous attitude. Instead, she asked in a magnetic voice, “May I ask who Lu Benwei is? I just heard someone say that he’s here.”

Lu Benwei was stunned.

The leader of Hai Yue’s team was actually a lady. In addition, she had actually come here to find him.

Chapter 60: The Conspiracy at Northwind Mountain

Hai Yue was wearing a tight-fitting combat suit, which showed off her 1.7-meter height and curvaceous figure.

Her skin was creamy, her eyes were watery, and she was a peerless beauty. Her beauty was so captivating that one would never forget after one look! No wonder she had provoked a group of men to confess their love in public.

“I’m Lu Benwei,” Lu Benwei replied lightly.

Hai Yue’s beautiful eyes shifted to Lu Benwei and said, “You’re Lu Benwei, a freshman at Zhejiang Hunter University.

Lu Benwei nodded slightly.

“Miss Hai Yue, is there anything I can help you with?”

“You’re just a magician, yet you’re able to achieve 100 kills in a simulated battle. That’s impressive,” Hai Yue suddenly said.

Lu Benwei was not surprised that Hai Yue knew some of his information.

“Miss Hai Yue, are you also a student of Zhejiang Hunter University?” Lu Benwei asked.

“No.” Hai Yue shook her head.

“Every time a team is formed, every team leader will receive some information about the other team leaders.”

After a pause, she continued, “Let’s cut to the chase. Our team is lacking a supporter. Are you interested?”

Everyone was stunned by her words.

Hai Yue had extended an olive branch to Lu Benwei. One had to know that Hai Yue was the goddess in their hearts. She was also very powerful.

Many people dreamed of joining Hai Yue's team and now they were envious of Lu Benwei.

However, they all knew that Lu Benwei also had the strength to join Hai Yue's team. Everyone's eyes turned to Lu Benwei and stared at him with envious eyes.

"Thank you for your invitation, Miss Hai Yue. You know that I have a team now," Lu Benwei said lightly.

Hearing this, Hai Yue smiled charmingly.

"It's a team, but it's impossible for you to run it by yourself. Why don't you join my team?"

"Miss Hai Yue, thank you for your invitation, but what I do is my own business." Lu Benwei's eyes narrowed as he interrupted Hai Yue.

Hai Yue was stunned for a moment before she let out a long sigh. Her proud chest heaved up and down with her long breath.

"Since that's the case, I won't force you. I hope you'll be lucky in Northwind Mountain."

After saying that, Hai Yue turned around and left.

Lu Benwei turned around and found that Chu Yan was looking at him with resentment. "What's with that look?"

"Miss Hai Yue..." Chu Yan said softly, "She's never been so considerate when she calls me. Are you going to leave me behind and join their team after tonight?"

Lu Benwei did not know whether to laugh or cry. "This is basic courtesy. Besides, why didn't I just agree to her request?"

After listening to Lu Benwei's explanation, Chu Yan finally gave up. After that, the two of them went to the hotel in the base to rest.

The next day, Lu Benwei and Chu Yan entered Northwind Mountain together.

Northwind Mountain was a place with high mountains and steep peaks. The sea environment was cruel, and the mountainside was covered in snow all year round. It was named so because of the biting cold northern wind that blew all year round.

After leaving the Citadel, the temperature dropped below freezing.

Both of them were wearing thick battle uniforms. Even so, it still made the two of them shiver at the same time.

“Annoying fellow, where’s our target?” Chu Yan’s ears and cheeks were red from the cold.

Lu Benwei looked ahead and pointed. “Let’s head to the main peak of Northwind Mountain. We’ll take one step at a time.”

His goal was simple, and that was to level up his experience points. Having no goal was the best goal.

The two of them walked side by side for less than an hour before they encountered the first wave of monsters.

Eye of Insight activated!

The information about the monster was instantly transferred into Lu Benwei’s brain.

[Wasteland Wolf x10]

[Level: 19]

[Alpha Wolf: Wasteland Wind Wolf]

[Level: 20]

[The most common monster at the foot of Northwind Mountain. Although it is at the bottom of the monster population in Northwind Mountain, it lives in packs. A pack of 10 Wasteland Wolves is comparable to a level-30 monster!]

[Wasteland Wolves usually attack with their fangs and claws, while Wasteland Wind Wolves attack with wind elements.]

The eyes of this pack of wolves glowed with a strange green light. Their fangs were exposed, and thick liquid flowed out.

When ordinary people saw a pack of wolves in the wilderness, they would have long fled.

Lu Benwei and Chu Yan’s eyes lit up.

“Woohoo, I can finally fight! As long as I fight, my body will heat up,” Chu Yan said excitedly.

As soon as she finished speaking, Lu Benwei's blood boiled. In the next second, his body was like a cannonball, blasting out.

In the air, Lu Benwei changed into the Viper Set and Mad Demon +10 was triggered! Health points above 50 percent, and strength increased by 300 percent.

A wasteland wolf let out a strange howl and pounced forward. Lu Benwei's fist landed on its front paw.

The tyrannical righteous force instantly gushed out, circulating the front claws of the wasteland wolf and spreading to its entire body.

"Pfft!"

On the spot, the wasteland wolf turned into a bloody pulp. Blood splattered everywhere, some even landing on Chu Yan's face.

Chu Yan was slightly shocked. A level-19 monster was killed with one punch. What a terrifying physical strength!

After taking a deep breath, Chu Yan used magic to kill two wolves.

Then, there was another loud noise. The Wasteland Wind Wolf had been torn to pieces by Lu Benwei. The other wolves also could not escape from Lu Benwei's hands.

Chu Yan was once again surprised by Lu Benwei's strength.

Just based on physical strength alone, even monsters of a higher level could not compete with it.

With skills, even the new Hunter Special Combat Class students would not be Lu Benwei's opponent.

The previous expert only took advantage of Lu Benwei's energy deficiency after the battle with her.

"Annoying fellow, you're getting more and more interesting," Chu Yan muttered to herself behind Lu Benwei.

After that, the two of them continued to hunt and accumulate experience.

Lu Benwei leveled up three times in a day.

...

Northwind Mountain, main peak.

Steep cliffs, rugged roads, criss-crossing cliffs, yellow cranes flying over, and monkeys climbing over.

The environment was so harsh that even monsters rarely set foot in it.

A rock sheep-type monster that had entered by mistake was looking for food in the cracks.

Suddenly, a violent wind started to blow. The northern wind whistled, like a knife cutting its skin.

After the wind stopped, the air temperature began to drop rapidly again. Every breath it took felt like it was inhaling ice.

Then, snow and ice erupted, thunder rumbled, and snow the size of goose feathers swirled.

The sky rumbled, and a huge bird-type monster descended from the sky, gliding around the main peak. When it spread its wings, it could even cover the sky.

Then, it transformed into a handsome man and entered a cave on the main peak.

“Sorry for the long wait, everyone. It’s time to settle the score with the humans!”
