Chapter 71: Origin Grade Monster

Lu Benwei was extremely excited when he saw the introduction of the Magician Heart.

“It can be used as a material for a magician to break through to the second transition?!”
Lu Benwei was so excited that he muttered to himself, “I have to find a way to get it.”

On the side, Chu Yan saw Lu Benwei’s expression change and whispered, “Annoying fellow, did you notice something?”

Lu Benwei did not intend to hide it and said, “This is Magician Heart. It’s the material for magicians to break through to the second transition!”

!!

Chu Yan’s eyes lit up and she felt happy for Lu Benwei. However, she said teasingly, “It’s a pity that you’ve gotten such a great deal.”

After everyone heard this, they congratulated Lu Benwei.

“Brother Lu Benwei, it’s all thanks to you that we were able to defeat the monsters. This Magician Heart is yours!”

Lu Benwei did not argue with them and cupped his fists. “Thank you for your offer.”

Then, Lu Benwei tried to take off the Magician Heart. Suddenly, a huge rock flew toward Lu Benwei. He reacted quickly and immediately dodged.

At the same time, Chu Yan’s angry voice could be heard, “Gao Renchao, what are you doing?”

The giant rock came from Gao Renchao’s position. At the same time, Gao Renchao had another huge rock in his hand. He was casually shaking the rock in his hand as he looked at Lu Benwei with a cold expression.

Lu Benwei looked at Gao Renchao coldly. “Gao Renchao, what do you mean by this?”

Gao Renchao’s tone was indifferent. “I also have use for this Magician Heart. I also need it. Why should I give it to you?”

“Brother Lu Benwei has done a great job in repelling the monsters, so it should belong to him!” The crowd began to blame Gao Renchao.

“Moreover, it was Lu Benwei who brought me here that I found this Magician Heart!”

Upon hearing this, Gao Renchao’s expression turned into one of mockery, and his voice suddenly became louder. “Are you so sure that you discovered the Magician Heart first?”

“Could it be you?” everyone was stunned and asked.

Gao Renchao suddenly threw out a dagger and sneered. “Look carefully. Don’t the marks on the Magician Heart look like those of a dagger?”

Everyone was stunned again and started to observe Magician Heart again.

Upon closer inspection, there were indeed a few dagger marks.

Someone picked up a dagger from the ground and pointed it at the marks on the Magician Heart. They matched each other.

Everyone’s expression was complicated.

“Since you discovered this Magician Heart first, why did it suddenly appear here?” Chu Yan asked Gao Renchao.

“Then do you know why I didn’t enter the academy at the beginning and didn’t participate in the freshmen tournament?” Gao Renchao asked coldly.

Lu Benwei’s eyes narrowed.

A few days ago, he had heard from Chen Yuan that the powerful members of the Hunter Special Combat Class were all in Northwind Mountain. Could it be because of this Magician Heart?

“I got the Magician Heart a long time ago, but I didn’t put it in my storage ring because my storage ring was full. It was also because of this mistake that I lost the Magician Heart,” Gao Renchao explained.

“I didn’t expect the Magician Heart to be here. Alright, let’s cut the crap. It’s time to return it to its owner.”

Gao Renchao passed by the crowd and rubbed his hands, ready to put the Magician Heart into his pocket.

Chu Yan stood in front of him and retorted, "No way, Gao Renchao, where did you get the face to say 'return it to its owner'? There's no rule in this world that it's yours if you find it first, right?"

"Chu Yan, mind your own business!" Gao Renchao shouted coldly.

Chu Yan stood in front of him and crossed her arms. "This is Lu Benwei's. If you want to take it away, fight me and win!"

The veins on Gao Renchao's face bulged slightly. "Chu Yan, you asked for this!"

"Shut up!" Lu Benwei suddenly shouted.

Gao Renchao was stunned for a moment and then became furious. "Lu Benwei, if you really want to fight, I'll accompany you!"

Lu Benwei looked at him as if he was an idiot and said, "Are you an idiot? I don't know how you lost this Magician Heart and now it's here. Do you think it has legs?"

When everyone heard this, they were stunned.

The huge array and the scene of purgatory were clearly the work of monsters!

"Boom!"

The cave suddenly lit up. Everyone was shocked.

"Let's leave this place first!" Lu Benwei said with a solemn expression.

Just as he finished speaking, an extremely cold voice reverberated in the cave.

"Humans, do you think you can enter and leave my cave as you please?"

The temperature in the cave rose again. However, everyone still felt a chill that made them shiver from head to toe.

The violent and terrifying aura of demonic monsters surrounded them. Everyone's heart unconsciously beat faster, and they felt like it would jump out of their throats in the next second.

At this time, there was movement in the depths of the cave. Everyone looked in the direction of the movement at the same time.

A man with horns on his head and eyes as red as fire was sitting majestically on a skeleton chair. He had a majestic appearance and a body that was several feet long. There seemed to be flames flowing in the blood vessels under his skin.

“Hiss!”

Everyone took a deep breath at the same time, as if they were facing a great enemy!

Lu Benwei did not dare to be careless and immediately activated Eye of Insight.

[Flame Monster]

[Race: Balrog]

[Level: Level 30 King]

[Skills: Demonic Flame Slash, Demonic Flame Fury, Inferno Strangle]

[The young master of the Flame Monster clan, one of the 72 monster clans, is very talented]

“Origin grade monster king?” Lu Benwei and Chu Yan exclaimed at the same time.

Everyone turned to look at him, their faces filled with disbelief and fear.

“Origin grade monster king?”

“Lu Benwei, don’t lie to us!”

“You can’t joke about this!”

The Flame Monster was level 32, so he should be a gold rank monster! However, he was the young lord of the Flame Monster clan and had a powerful bloodline.

All the races with powerful bloodlines were called monster kings by humans! A level-30 monster king could fight a diamond monster king!

Everyone’s eyelids twitched crazily as if they were facing a great enemy!

As for the Flame Monster he only looked at this group of ant-like humans indifferently. He raised his right hand. The array in the cave began to spin rapidly, and the blood on the ground poured into the center of the array like a tsunami.

Lu Benwei used his Eye of Insight to read the information of the array.

[Absolute Monster Formation]

[A supreme formation from the monster race. With the Magician Heart as the guide and the human soul as the price, it can summon a terrifying existence sealed in history.]

Lu Benwei's pupils suddenly shrank.

"So, you massacred the humans wantonly to lure out more powerful monsters!" Lu Benwei said coldly to the Flame Monster after calming down.

Everyone was puzzled.

"Lu Benwei, what are you talking about?"

Lu Benwei's eyes were sharp as he said without turning his head, "Guys, have you heard of the Absolute Monster Formation?"

Only Chu Yan responded, "Sacrificing human souls to summon the sealed monster experts?"

Hearing this, everyone was shocked, and their scalps went numb.

A level-32 monster king was already enough to give them a headache. If it was a monster sealed in history, they would definitely be worried. The entire human race would suffer a great disaster!

"Everyone, do you still remember our mission?" Lu Benwei suddenly said.

"Of course, I remember!" everyone took a deep breath and said.

The mission of all hunters was to kill all monsters!

Everyone swallowed their saliva. Even if they were to face a fearsome monster like the Flame Monster, they would not shirk their responsibility!

The Flame Monster looked at the group of people in front of him as if he was looking at ants.

"Hehe, it's no use! You people will become the nourishment for that supreme existence!"

With that, fire flickered in the Flame Monster's eyes, and the temperature in the cave suddenly increased!

Everyone was unable to breathe from the heat, and their expressions were pained. Every breath they took was like breathing in a ball of fire. The air was gradually filled with an unpleasant burnt smell.

The Flame Monster's control of the flame's temperature had reached the extreme. This temperature would only cause the fluid in the human body to slowly evaporate and torture them to death.

In his eyes, humans were merely ants! Killing an ant with a single step was not as satisfying as slowly torturing them.

Everyone was tortured to the point of unbearable pain. Some people even wanted to bang their heads on the wall.

However, with every step he took, he would be forced to take in two or three breaths of hot air, which was even more torturous.

“Water magic: Heavenly Mercy Rain.”

A soft call was heard, and it started drizzling in the cave.

The scorching temperature could not evaporate it, but it rapidly dropped the temperature in the cave.

The Flame Monster’s eyes flashed with a sharp light as he looked at Chu Yan.

“What a powerful control of the water element!”

After sighing to himself, the Flame Monster stepped on the wind and ran in the air toward Chu Yan’s direction!

The speed was fast, but Chu Yan had already expected it. She stretched out her hand and a stream of Ice Energy fell from it.

“Boom!”

A huge ice wall blocked the Flame Monster’s path.

“Quick, let’s go out first!” Chu Yan said.

Only then did everyone recover from the torture of pain and immediately ran out of the room!

The Flame Monster did not have any intention of chasing after him. He coldly laughed. “It’s no use. To complete the Absolute Monster Formation, I’ve been preparing for several years!”

On the other side.

The moment Lu Benwei and the others stepped out of the cave, they were immediately frightened by the scene in front of them. There were monsters everywhere in the sky, on the ground, and in the forest.

Each of them had a more terrifying face than the last, and each of them had a more powerful aura than the last.

The people who had been waiting outside had already fallen into a bitter battle.

Seeing this, Lu Benwei did not say anything and used all his skills on the people who were in a fierce battle.

The strength of the people fighting had greatly increased, but they were still unable to repel the monsters in the outer perimeter.

There were even casualties!

At this moment, a loud noise came from the cave behind him.

“Demonic Flame Fury!”

Scorching black flames spewed out of the hole like a volcanic eruption!

Lu Benwei waved his hand.

“Holy Light Shield!”

“Heavenly Light Shield!”

A shield shining with holy white light blocked the way. At the same time, everyone’s body was covered in a layer of white light.

As everyone retreated, they used their two defensive skills to nullify scorching flame’s skills. Only when they had retreated to the foot of the mountain did everyone heave a sigh of relief.

Suddenly, a burst of arrogant laughter came from the entrance of the cave.

“Hahaha!”

As the laughter died down, the Flame Monster walked out of the cave and looked down at them.

“I almost forgot about you! Little ones, hear my order! Cut off the head of this magician!”

“Yes, sir!” the monsters in the sky and on the ground responded with a roar!

In the next second, a dense number of monsters quickly attacked Lu Benwei.

“What should we do?”

“The monsters this time are clearly stronger than the ones we encountered before.”

Chu Yan gritted her teeth. “What else can we do?” she said, “We have to fight!”

“We are hunters. Whether it’s to save our lives or for the safety of the humans, we have to keep the monsters here at all costs.”

Everyone nodded and unanimously decided to fight to the death.

“Let’s defend against this wave of monsters first!”

Everyone immediately got into formation to deal with the monsters’ attack. However, there was someone in the group who was walking in the opposite direction.

Gao Renchao left the group and went straight up the mountain.

“Gao Renchao, what are you doing now?” Chu Yan was very confused.

Gao Renchao ignored her and quickly rushed up the mountain.

“Don’t tell me that Gao Renchao wants to capture the leader first?”

When Lu Benwei heard this, he was stunned.

“Quick, let’s go and help him!”

It was too late. The monster army had already charged up, and the group was unable to escape.

However, Lu Benwei and the others overestimated Gao Renchao.

To surpass an expert was just to fight for the Magician Heart.

However, the Magician Heart was the foundation of the Absolute Monster Formation. How could the Flame Monster let an expert take it so easily?

“Human, how dare you try to take away the Magician Heart?! You’re courting death!” the Flame Monster said disdainfully.

In his eyes, Gao Renchao’s actions were no different from seeking death!

Demonic light shot out from the Flame Monster’s mouth toward Gao Renchao.

“Pfft!”

Gao Renchao's chest was instantly penetrated through, exposing his mud-colored internal organs!

"Cloning spell, a small trick!" The Flame Monster sneered as his eyes narrowed and his divine sense spread out.

Very quickly, he locked onto Gao Renchao's position.

"Demonic Flame Fury!"

Extremely hot black flames shot toward the ground. The ground was burning, and the earth qi was gushing out!

Gao Renchao finally revealed his true form as he wiped the sweat off his forehead. "Damn it, I wanted to get away with it, but you still saw through me," Gao Renchao said with a cunning smile.

"I have no choice, I can only fight you."

The Flame Monster could tell that Gao Renchao was an Earth Shaker, but his eyes were still as calm as an ancient well.

"Those who dare to touch the Magician Heart, die!"

The Flame Monster's body expanded, and a terrifying demonic qi gushed out of his body.

Gao Renchao did not want to be outdone, he said, "Let's fight. You're the young master of the monsters, and I'm not afraid even if a monster forefather comes!"

After saying that, the expert's body was like a cannonball as he charged in front of the Flame Monster.

The arm turned into a giant hand of the earth. With a wave of his hand, he brought with him an endless amount of wind as he attacked the Flame Monster.

With a "hong" sound, the Flame Monster was covered in flames.

The hot air that hit his face made Gao Renchao's eyes smoke. However, he was already close to the . Relying on his memory, he still waved out that huge hand.

"Missed?"

These were the thoughts of the expert. Before he could react, the Flame Monster's figure appeared behind him.

“Demonic Flame Fury!”

Black flames shot out of his mouth. The temperature was extremely high, scorching the world.

“Earth Spike!” Gao Renchao retorted.

In an instant, the ground rolled up, and thousands of earth spikes shot out. Every single one of them was extremely sharp.

The Flame Monster was shocked. He did not expect that this human would actually want to fight him head-on!

“Human, you think too highly of yourself.”

The Flame Monster took that sharp Earth Spike head on.

Gao Renchao also made the same choice, resisting the extremely high temperature.

“Boom!”

One of them was covered in black demonic flames, while the other was pierced through by a sharp earth spike. This scene made everyone’s heart tremble with fear.

“Super expert, is he that powerful?”

“I remember his level. Was he rank 29 or 30? He reached rank 30 at such a young age. It’s a pity that he’s going to be buried here.”

“Such a pity.”

Everyone sighed. How could a human resist the monster race’s young master?

“Look, Gao Renchao is still fine!”

Only then did everyone raise their heads and look at the mountain.

Gao Renchao’s body was covered in black soil, and half of his head was exposed.

In front of him, the Flame Monster’s body had been torn in half by the sharp earth spikes, and hot blood was flowing out of his waist.

Everyone was overjoyed and their confidence increased. The young master of the monster race was nothing more than this!

Gao Renchao said proudly, "What young master of the monster race? I think it's the pig of the monster race!"

Looking at his masterpiece, Gao Renchao was very satisfied.

"Humans are really full of themselves."

As Gao Renchao stepped out, he heard the Flame Monster's mocking voice.

The remaining half of his body began to burn, and his face, which was originally filled with death, was now full of life. Below the waist, two legs began to grow. There were fine scales seeping out of his body, and a pair of wings spread out from his back.

Between the scales, a shimmering flame flowed, looking like it was filled with energy. Balrog, second form, half-monster!

Compared to his previous human form, he was much more powerful!

"Swish!"

In the blink of an eye, the Flame Monster had arrived beside Gao Renchao. With a whip kick, Gao Renchao flew backward with a cry.

Then, the Flame Monster flapped the wings on his back, grabbed Gao Renchao and flew into the sky.

"Boom!"

The Flame Monster dragged the expert and flew on the ground for a long time. He pressed Gao Renchao to the ground and rubbed him back and forth.

The scene was extremely cruel. However, Gao Renchao's physical strength was terrifying.

Even so, they were still waiting for an opportunity to strike. Taking advantage of a gap, Gao Renchao commanded the power of the earth and summoned two huge stones, which sandwiched the two of them in the middle.

The huge rock shattered.

The Flame Monster and Gao Renchao jumped out one after the other.

"Human, you're really something!" the Flame Monster coldly said.

Gao Renchao wiped the blood from the corner of his mouth and said, "I have a lot of skills!"

“You’re looking for death! Demonic Flame Fury!”

“Breaking Ground!”

Countless huge rocks rose into the air and smashed toward the Flame Monster.

The Demonic Flame Fury also pounced toward Gao Renchao.

After a transformation, the Flame Monster’s strength had been unsealed by a layer.

The huge rock could not withstand the black flames. Gao Renchao was shocked and could not dodge in time!

“Boss, get down!”

A blood-red sword qi came from behind Gao Renchao, barely slowing down the black flame.

“Who is it?” the Flame Monster asked angrily.

They saw Mo Tianyu leading the students of the Hunter Special Combat Class to support Gao Renchao. The expert was overjoyed and said, “I must obtain the Magician Heart today!”

On the other side.

Mo Tianyu’s sudden departure from the Hunter Special Combat Class made the situation on Lu Benwei’s side turn grim.

“Damn it, he suddenly went to help Gao Renchao.” Chu Yan could not help but complain.

Lu Benwei also sighed. Right now, not only did the demonic monster kings of the Northwind Mountain come out, but many from other places also came.

Compared to the casualties, what was more terrifying was the mental breakdown of the people.

At this time, a scorching flame struck the two of them.

Lu Benwei and Chu Yan could not dodge in time and hurriedly defended. Even so, the two of them were still injured.

Chu Yan’s condition was the most eye-catching. Her hair was burnt, and her face was black.

“Chu Yan, are you okay?” Lu Benwei asked as he tried to suppress his laughter.

“What do you think?” Chu Yan pouted in anger.

At this time, a strange laugh came from the sky.

“Hehe, you’ve finally been caught by this king. I’m going to present your head to the young master.”

It was a huge bird with a huge body. Its wings were burning and dancing with flames.

It was called Flame Eagle.

“You’re the one who disfigured me!” Chu Yan shouted.

The next second, Chu Yan rose into the air and flew without wings!

The world was shrouded in terrifying pressure. Dark clouds covered the sky, and thunderclouds rolled!

All the humans and monsters were stunned. This terrifying pressure was so oppressive that they could not breathe!

However, that pressure was caused by Chu Yan!

The Flame Eagle was shocked. Its feathers stood on end, and a chill ran down its spine.

“Go to hell!” Chu Yan flew without wings and cast a terrible spell at the Flame Eagle.

The Flame Eagle felt that its life was in danger and turned to run. As it ran, it said, “I was wrong!”

Lu Benwei was shocked. Women were so f*cking scary!

Chu Yan was getting further and further away, and there were many monsters going in her direction to help the Flame Eagle.

Lu Benwei was worried and activated One-Click Speed Support, Wingless Flight!

Just as he was about to take off, a monster blocked his path. Lu Benwei was in a hurry, and he swung his Divine Sword of Destruction! The light dissipated, and the monster turned into ashes.

[Ding! 10x experience has been triggered]

[Congratulations on leveling up, you’ve reached level 25]

Lu Benwei was stunned. He had not heard the system's voice for a long time.

Just as he was about to catch up with Chu Yan, the system's mechanical voice sounded again.

[Ding! Congratulations to the host for reaching level 25]

[Unlocking the profession point system. One-Click Upgrade System has been triggered. The host has been rewarded with 500 free attribute points]

Lu Benwei was stunned again. When a hunter reached level 25, they would unlock their class points. After that, with every level up, he would receive free attribute points that he could add to.

This way, he would be able to better determine the skills and class he needed to learn in the future.

Generally speaking, every level up would give 50 free attribute points. However, there would always be some talented people who would obtain more free attribute points than regular hunters.

This was also why level 25 was a dividing line for hunters.

Lu Benwei directly received 500 free attribute points, making his strength far beyond the average level 35 hunter!

The situation was urgent, so Lu Benwei did not think too much. 500 free attribute points, evenly distributed among the four attributes.

Suddenly, Lu Benwei felt refreshed, and his limbs were filled with strength. After all, his strength, speed, constitution, and spirit had all increased by 125 points.

What was even more terrifying was that the Viper Set had an even greater bonus to him.

Not to mention the +10 attribute points, with the +10 blessing of Mad Demon, Lu Benwei's strength attribute increased by three times! How terrifying!

Lu Benwei felt the surging power in his body and laughed three times.

At the same time, on the other side.

The Flame Monster was forced into a canyon by the Hunter Special Combat Class. With a pincer attack from the front and back, there was no way to retreat!

“Hahahaha!” Gao Renchao laughed wildly. “Hand over the Magician Heart and get out of Northwind Mountain. Then, I’ll spare your life!”

The Flame Monster laughed noncommittally as if he had heard the funniest joke in the world.

“Hand over the Magician Heart? Get out of Northwind Mountain? Human, do you know what you’re saying?”

After saying that, the aura on the Flame Monster’s body suddenly increased explosively. A huge amount of demonic qi poured into his body from all directions.

The Flame Monster’s body expanded, and he was ten feet tall. The human face had turned into a monster’s face. Its skin was like lava, and its wings were wide open as if they could cover the sky.

Everyone was shocked! This monster young master had a third form! Its original form was already enough to give people a headache.

The Flame Monster’s strength was completely unsealed, and the Hunter Special Combat Class had a bad feeling.

“Demonic Flame Fury!” The Flame Monster roared, and the world turned fiery red.

This time, it was no longer black demonic flames that came out of his mouth. Instead, it was demonic flames that descended from the sky! Each one of them was emitting extremely high temperatures, scorching the earth!

“Boom!”

Demonic flames were like fireballs, smashing toward the Hunter Special Combat Class with loud sounds.

Gao Renchao was shocked and kept on commanding the power of the earth. One after another, earth walls were erected between them. However, the earth wall was as weak as paper in front of the demonic flames.

“Boom!”

The students were hit, and their bodies were roasted by the high temperature. The demonic qi devoured their vitality and gave off an unpleasant burnt smell. Gao Renchao’s facial features were twisted and he looked disgusting.

However, the terrifying demonic flames continued to descend from the sky.

Gao Renchao gritted his teeth and began to mobilize the power of the earth with all his strength.

“Hidden Dragon Earth Shaker!”

“Rumble!”

This was the most powerful skill of an expert. The earth trembled and rumbled as if something was about to burst out and pierce through the sky!

The Flame Monster’s expression turned subtle.

It was not over. A huge dragon that was a few hundred feet long emerged from the ground and flew toward the Flame Monster.

The Flame Monster flapped his wings and quickly flew up to dodge.

The dragon had no intention of giving chase. It turned its head in the air and took the Hunter Special Combat Class away.

The Flame Monster saw that the dragon had burrowed into the ground and stopped chasing. Looking back at the main peak of the mountain range, he let out a strange cry and quickly flew there.

At this moment, the scene on the battlefield was too horrible to look at. Corpses were strewn all over the place.

The blood of humans and monsters mixed together, and the stench of corpses was very strong. Their original formation had been scattered, and they were now gathered from all over the place.

At the moment, all the powerful monsters seemed to have been attracted away by the terrifying pressure from before.

There were only thirty-odd people left on the human side.

“It’s good overall. At least a few of us survived!” Some people rejoiced.

“Sigh... It’s a pity that we didn’t manage to deal with that monster young master. In a few days, the cities near the Northwind Mountain will suffer a great disaster,” someone said with mixed feelings.

At this moment, someone suggested. “No matter what, there are no more monsters attacking us now. Let’s leave Northwind Mountain now!”

Everyone responded in unison.

Suddenly, demonic qi rolled down from the sky, and the air became hot. Everyone's expression changed drastically as they looked up at the sky.

The young master of the monster clan, Flame Monster, was currently flapping his wings and looking down at them!

"Is this the young master of the monsters?" someone said in surprise.

"Isn't he fighting the Hunter Special Combat Class?"

Hearing the discussions of the humans, the Flame Monster said in disdain, "Are you talking about the earth shaker? They've already fled with their tails between their legs."

Everyone's expression changed drastically, and a sense of despair permeated the air. More than half of the people had died and gone missing. The team's core, Lu Benwei, was missing. Even the Hunter Special Combat Class, which was the strongest on paper, had slipped away.

How could they, the defeated soldiers, fight against the powerful young master of the demonic monster clan?

"Humans, obediently sacrifice yourself for the great existence!" The Flame Monster laughed out loud.

Just as he finished speaking, a loud noise came from behind the mountain in the distance. Then, the Flame Monster and the others felt a violent squall mixed with a cold sword essence fluctuation.

The Flame Monster had a bad feeling as he flew in that direction. After crossing the mountain, he saw an extremely terrifying scene.

A man and a woman, Lu Benwei and Chu Yan, were slaughtering a group of demonic monsters. Monsters with tough skin and high vitality could not last more than a breath in the hands of the two of them.

This was the first time the Flame Monster had seen a monster's face filled with fear!

On the battlefield, when the monsters saw the Flame Monster arrive, it was as if they had seen their savior, and they scrambled to his side.

"Young master, save me!"

"These two people are too f*cking terrifying."

The veins on the Flame Monster's face bulged.

There were quite a few powerful level-40 monsters who were calling for his help. Every one of them looked dejected as if they had lost their parents.

They had been beaten up by two humans. It was really a disgrace to the monsters!

The Flame Monster suppressed his anger and asked a monster beside him, "What happened? How did it become like this?"

Just as he finished speaking, Chu Yan and Lu Benwei gave him the answers. A huge fireball fell from the netherworld and hit a large number of monsters.

The Flame Monster was just about to attack Chu Yan when suddenly, he had a bad premonition, and all the hair on his body stood on end.

"Young master, be careful!" Beside him, the monster from earlier pounced forward and stood in front of the Flame Monster.

"Pfft!"

Instantly, the monster turned into a pool of blood, and its corpse exploded.

The Flame Monster's eyes widened in shock. He saw a human face between the blood clots. It was Lu Benwei!

"It's a pity that there's a dog protecting its master!" Lu Benwei said jokingly.

The Flame Monster was both shocked and furious, and one of his hands was wrapped in black flames.

"You dare to kill my subordinates? You're courting death!"

"Inferno Strangle!"

This was his most powerful single-target skill, death upon contact!

The aura of fire and death approached Lu Benwei. His lips curved up and he ran like the wind.

"Whoosh!"

His entire body left a series of afterimages on the ground as he dodged it easily. Then, he reappeared in the distance.

The Flame Monster was furious.

Killing his subordinates in front of him and then sneaking away so easily, it could be said that they were taking a dump on his head!

“Demonic Flame Fury!”

Countless black flames descended from the sky and gathered into a fireball that emitted the aura of death.

“Boom!”

The fireball flew toward Lu Benwei, stirring up a large amount of dust and soil.

“It’s a pity that I wasn’t hit.” Lu Benwei’s voice sounded behind him.

The Flame Monster was furious, and he spat out the anger that had accumulated in his heart!

“Magician, you’re courting death! Little ones, gather!”

All the monsters instantly appeared beside Yan lie. Being played by Lu Benwei like this made him want to swallow Lu Benwei alive!

“Go! Tear this magician to pieces!”

The monsters hesitated. They had seen how terrifying this human magician was. He only needed one punch to kill them.

At this time, Lu Benwei’s voice came. “Don’t dawdle, let’s attack together!”

The Flame Monster was furious after hearing this and let out a mournful howl.

“Little ones, hurry up and attack! The magician has obstructed my plans time and time again! I’m going to tear your soul apart and let the endless demonic flames burn you for all eternity!”

Under the Flame Monster’s orders, the monsters roared hysterically to boost their courage. There were so many of them that they blotted out the sky and covered the sun. It was as if they were going to devour the world.

Lu Benwei sneered in his heart as he looked coldly at the group of dying monsters. A pitch-black greatsword slowly appeared in his hand.

The Flame Monster’s eyes narrowed as he sensed the pitch-black sword. As soon as his spiritual will touched the sword, the Flame Monster’s body felt as if it had fallen into an ice cellar, and the fire in his eyes stopped flickering.

“What a terrifying sword intent,” the Flame Monster cried out, “It’s like an abyssal mayfly.”

Before he could finish, a soaring sword light swept over him. It was as if he had mastered the laws of life and death as if the god of death was waving his sickle. The bright sword light instantly destroyed all the monsters.

The Flame Monster’s eyelids twitched wildly as he flapped his wings with all his might to fly backward.

This scene was also seen by the members of the Hunter Special Combat Class who happened to be hiding there. Their scalps turned numb, and their hair stood on end.

“What a terrifying mayfly!”

In an instant, all the humans and monsters were killed. The expert’s eyes were empty, and he could not speak.

“Lu Benwei... Is he still human?”

An unprecedented sense of defeat rose in Gao Renchao’s heart, and a chill spread from his head to his feet.

Lu Benwei was like a demon from heaven, a god in the human world. In an instant, many monsters were turned into ashes.

Shocking!

It was terrifying!

It was unbelievable!

Other than the gods and demons in the world, who else could do that?

He did not even have the courage to face Lu Benwei.

“Plop!”

“I’m too stupid.”

Gao Renchao slowly kneeled on the ground. Thinking of how he had once targeted Lu Benwei, his heart was filled with endless regret.

At this moment, Lu Benwei’s eyes were calm, his expression was neither happy nor worried, nor sad.

One would not even be able to believe that this was a human who had just exterminated an army of monsters.

The sky was filled with ashes, and the earth seemed to be covered with a layer of gray.

The Flame Monster stood in mid-air and looked at the ashes that filled the sky. Those were the corpses of his comrades that had been reduced to ashes by the sword light.

“Human magician!”

The Flame Monster was furious. Those were his subjects! Then, he put his hands together and pulled out a devil flame sword with his right hand.

“Human, I want to eat your flesh and sleep on your skin!” The Flame Monster was so angry that he cursed!

The Demonic Flame Fury Sword was swung, and the majestic sword qi spat out demonic flames as it quickly slashed toward Lu Benwei.

Lu Benwei’s expression was indifferent as he activated One-Click Speed Support. His body turned illusionary, and he directly jumped in front of the Flame Monster. The Flame Monster was shocked, and the fire in his eyes flickered.

Lu Benwei did not give him a chance to react. A cold light flashed in his eyes as Lu Benwei flicked his wrist and the Ancient Sword of Clarity stabbed at the Flame Monster’s heart.

“Pfft!”

Boiling hot lava-like blood spurted out.

Lu Benwei’s pupils shrank, and he immediately pulled out the Ancient Sword of Clarity. The Flame Monster was sent flying dozens of meters away.

“Hu!” Lu Benwei let out a breath. “That was close. I was almost injured.”

The moment Lu Benwei stabbed into the Flame Monster’s body, he felt the high temperature.

He had wanted to kill the Flame Monster with a single strike, but he was forced back by the terrifying temperature, saving the Flame Monster’s life.

The Flame Monster’s facial features were twisted, and he clutched his chest with his hands. However, blood was still flowing from his chest.

“Human!!!”

The Flame Monster was so angry that his heart and lungs almost exploded. He wanted to skin Lu Benwei alive.

“You forced me to do this!” the Flame Monster shouted. It opened its huge mouth and sucked in the demonic qi between heaven and earth.

Lu Benwei’s eyes narrowed slightly, ready to see what kind of trick the Flame Monster would have.

The Flame Monster suddenly grew to a height of thirty feet. There seemed to be lava flowing on his body, and when he retracted his wings that covered the sky, he really looked like a small volcano.

The fire blade in his hand also grew in size. The fire sparkled and burned everything in the world. The Flame Monster’s strength had also increased greatly. Lu Benwei could feel the heat from his body even from tens of meters away.

Chu Yan flew over to Lu Benwei’s side.

“An awakening?” Chu Yan recognized the root of the Flame Monster’s transformation at a glance.

“What’s an awakening?” Lu Benwei asked in a deep voice.

Chu Yan’s beautiful eyes flickered as she said, “You can simply understand it as the second class change...”

“I can’t remember what kind of mayflies the balrog clan will become when they awaken,” she said, scratching her head.

“It’s the Flame Monster King!” Lu Benwei said. He had just activated Eye of Insight and immediately noticed the Flame Monster’s awakening.

Not only did his body size increase drastically, but his strength also soared.

At this moment, the system’s mechanical voice sounded.

[Ding! Mission is about to be assigned]

[Mission objective: Kill the Flame Monster King]

[Mission reward: Transcendence skill-myriad lightning spells]

Lu Benwei was overjoyed, and his eyes gleamed as he greedily sized up the Flame Monster King. In his eyes, the young master of the monster clan was a delicious meal.

The Flame Monster King was furious. In all his years of existence, he had never been humiliated like this.

“Sky Burning Demonic Flame!”

The Flame Monster opened his abyssal mouth, and a ball of black demonic flames shot into the sky. This was a skill that he had obtained after his awakening, and it was extremely powerful.

“Boom boom boom!”

The demonic flames burned the sky, and the clouds were torn apart, turning the sky into a sea of fire.

After a few breaths, several fire tornadoes descended from the sky. The flames were like sharp swords stabbing at Lu Benwei and Chu Yan.

Lu Benwei’s eyes were solemn without any fear!

The Holy Light Shield was thrown out in an instant, shielding Chu Yan and him.

“Chi...”

Tongues of flame rolled and burned Holy Light Shield.

Chu Yan was wearing a robe and holding a staff. “Wind Whisperer’s Blessing!”

A green ring of light instantly rose from beneath the feet of the two.

Lu Benwei felt that his body was light and he could fly in the air with a slight movement.

Then, Chu Yan took the lead and rushed toward the Flame Monster.

“Water Blade!”

“Ice Blade!”

Chu Yan held two blades, one ice and one water.

The Flame Monster let out a strange roar and waved the demonic flame sword in his hand, fighting with Chu Yan.

The demonic flame sword swept across, and the flames engulfed the area.

Flame Monster Slash!

Chu Yan's blades danced and formed a water barrier in front of her.

Water and fire mixed, producing a large amount of steam.

The Flame Monster's vision was blocked, but he aimlessly swung his devil flame sword in the direction of the water vapor. The water vapor dissipated, and Chu Yan had long disappeared.

The Flame Monster's eyes were blank as he spread his divine sense in all directions to capture Chu Yan's figure.

"Ugly freak, where are you looking at?" Chu Yan's clear voice came from above the Flame Monster.

The two blades were sharp enough to assassinate the Flame Monster King!

The glint of the blade and the shadow of the sword flickered, shocking everyone.

"Chi..."

The two blades were like needles as they hit the Flame Monster's forehead. The boiling hot demon blood gushed out like a volcano.

The Flame Monster roared in pain, his mountain-like body trembled violently, and he flapped his wings and flew back a few hundred feet.

Lu Benwei followed closely.

Myriad Light Fist, burst!

Fists as dense as raindrops shot out toward the Flame Monster.

The Flame Monster was shocked! It wrapped its wings around its huge body to defend itself!

After the Myriad Light Fist attack ended, the Flame Monster revealed his true appearance. His eyes were fiery red, and his majestic chest rose and fell violently with his breathing.

"Human!"

The Flame Monster roared, his voice filled with anger!

"If you stop my plan, I'll make you die a horrible death! Demonic Flame Fury!"

A huge amount of demonic flames came out of his mouth, burning the world. Under such high temperatures, all the living beings in this world were turned into ashes!

“Holy Light Shield!” Lu Benwei shouted.

Two white holy lights enveloped Lu Benwei and Chu Yan. Chu Yan also used magic to resist the terrible heat.

“Water Magic: Heavenly Mercy Rain!”

A drizzle fell from the sky, silently moistening everything.

[Within the range of the drizzle, it absorbs 80 percent of the damage of fire attribute skills and converts it to the same amount of strength for teammates within the healing range.]

Lu Benwei was extremely shocked when he saw the skill description. How many more terrifying skills did Chu Yan have?

The Flame Monster was also shocked. His skills were completely countered. The fire attribute skills were completely useless against the human girl.

The Flame Monster’s lantern-sized eyes rolled. He decided to use his physical strength to deal with these two.

The demonic flame sword slashed down, and the sky trembled as he stepped on the ground! The Flame Monster’s enormous body smashed toward the two of them.

Lu Benwei’s eyes did not show any emotion. He raised his fist and charged forward.

“You’re going to fight me head-on?! You’re looking for death!”

Lu Benwei was only the size of his finger, and he could fly out of Northwind Mountain with just a breath.

“Boom!”

Lu Benwei actually took the Flame Monster head-on! A bone-piercing pain spread from his palm to his brain.

The Flame Monster’s body shook violently! This magician’s power was actually far above his!

“I’ve actually underestimated your strength.” Lu Benwei sneered.

The Flame Monster was furious. Ever since he was born, this was the first time a human dared to mock him!

The second punch was thrown out. The fist that was as big as a small mountain smashed toward Lu Benwei with great force. However, he did not panic.

Heavenly Dog's Wrath!

Heavenly Dog's Blade!

The phantom of the heavenly dog held a sharp blade in its hand and poured its power into Lu Benwei. Every cell in his body was filled with endless power. Using the law of fist force, Lu Benwei's fist quickly swung out!

At this moment, this scene was captured by the eyes of the people on the ground, and they were all shocked!

A magician was able to compete with an awakened monster in terms of physical strength. Do you dare to believe it? Would he not be smashed into meat paste?

"Boom!"

The two fists collided and terrifying shockwaves and biting cold astral winds swept in all directions.

Everyone was shocked. Under such a huge force, Lu Benwei would probably be reduced to nothing.

However, after the smoke and dust dispersed, the scene in the sky made everyone's eyes widen and their mouths open.

The Flame Monster flapped his wings, and half of his body was cut off. The blood that was as hot as lava dripped onto the ground, leaving a patch of black charcoal.

As for Lu Benwei, he was floating in the air and looking at the Flame Monster coldly.

A magician's physical strength was above that of an awakened monster king! Do you dare to believe it?

The Flame Monster's lantern-like eyes were wide open, filled with disbelief. Suddenly, he started to scream.

His body had been cut in half, and even though he had the blood of a monster king flowing in his body, he could not bear the immense pain.

On the other side, Chu Yan was overjoyed and put away her swords.

“Annoying fellow, let’s take this chance to give him a follow-up attack.”

Lu Benwei nodded, and his face sank. The Ancient Sword of Clarity appeared in his hand again.

Chu Yan put away her swords and picked up her magic staff again. Her eyes under her long eyelashes were cold.

Heavenly Dog’s Wrath, Sharp Blade, Heavenly Dog’s Blade, and Killing Aura! The four skills increased Lu Benwei and Chu Yan’s abilities at the same time! The qi and blood in their bodies boiled rapidly, and their attributes rose like a rocket!

The Flame Monster’s mouth was wide open as he felt the sudden change in the two of them. His back was covered in large beads of sweat.

This was the first time in his life that he felt the threat of death. Taking a deep breath, the Flame Monster dragged this half of his body and quickly retreated.

After flying for several dozen meters, he was immediately hit by a fist of pure white holy light that was as dense as rain.

Lu Benwei’s One-Click Speed Support flashed in front of him.

The Flame Monster’s face turned pale with fright, and his expression became one of defeat. His remaining hand clumsily waved the demonic flame sword and barely offset the Myriad Light Fist.

Chu Yan also flew over.

One from the front and one from the back, they sandwiched Yan lie in the middle.

The Flame Monster gritted his teeth so hard that they made cracking sounds.

“Humans, I’ll fight you to the death!”

He threw down the demonic flame sword and used his remaining hand to support the sky.

“Sky Burning Demonic Flame!”

Lu Benwei and Chu Yan’s eyes flashed with cold light.

“Light of Nirvana!”

Chu Yan shouted, and the staff in her hand bloomed with a bright purple light. An array door with a destructive aura appeared in front of her. The gate of the array slowly opened, and the chanting of the grim reaper came from inside.

Lu Benwei did not want to be outdone.

Ancient Sword of Clarity hummed, and its sword intent bloomed!

Divine Sword of Destruction was released, and the sword light soared into the sky, cutting off life and death!

“Boom!”

The magic light and sword light intertwined to form a death divine chain of order, which attacked the Flame Monster.

The powerful pressure suppressed the Flame Monster so much that he could not move, allowing the grim reaper to swing its scythe at him.

“No!”

The Flame Monster shouted in fear. A bone-piercing chill could be heard in his voice. His body was being destroyed rapidly, turning into dust and ashes that scattered in the air.

The people on the ground watched in fear.

A magician and an elemental.

He had killed a monster king so easily that even its soul had fallen. This was a human, and a freshman! Do you dare to believe it?

It took a long time for everyone to recover from their shock and astonishment.

“You won?”

“We won?”

“We won!” someone quickly replied.

“Brother Lu Benwei led us to victory!”

“Long live Lu Benwei!”

Everyone raised their arms and shouted.

Compared to Chu Yan, Lu Benwei made more contributions, so everyone cheered for them.

On the other side.

The students of the Hunter Special Combat Class were all covered in dirt. Their expressions were as uncomfortable as if they had eaten flies.

Gao Renchao, in particular, felt as if he had been slapped in the face. His face was burning.

Lu Benwei's strength was far above his.

Chapter 77 The Seal

"Yay!" Chu Yan raised her arms and shouted, her pretty face full of joy.

Lu Benwei also let out a sigh of relief and landed with Chu Yan.

The people on the ground instantly surrounded the two of them.

"Brother Lu Benwei, you're so brave!"

"I'm telling you, when you punched the monster, I was so delighted."

"We were able to survive all thanks to you, Lu Benwei. I declare that you'll be our big brother from now on!"

"Same here!"

"Call Lu Benwei big brother when we meet him in the future!"

Lu Benwei did not know whether to laugh or cry. This group of people was at least three or four years older than him.

Lu Benwei waved his hand and said humbly, "Everyone's too serious. Everyone contributed to fighting the monsters. How can I take all the credit?"

Just as he finished speaking, the system's warning tone immediately followed.

[Ding! Congratulations to the host for completing the mission of killing the young master Flame Monster.]

[The reward will be released soon.]

Seeing this, Lu Benwei immediately left the crowd and found a slightly more remote corner.

[Ding! Congratulations to the host for obtaining a rare skill: Myriad Thunder Skill]

“Chi...”

Lu Benwei heard a strange sound, and then he was enlightened. A strange voice filled with power entered his mind.

Lu Benwei soon noticed that there was a new skill called Myriad Thunder Skill in his skill bar and was immediately overjoyed.

[Myriad Thunder Skill]

[Transcendence skill]

[Effect: Able to cast a huge lightning formation, dealing 300 percent lightning damage to targets within the formation.]

Lu Benwei was overjoyed when he saw the skill description.

A transcendent-grade skill was far superior to an epic-grade or legendary-grade skill. It was a peerless treasure that could only be encountered but not sought.

Lu Benwei carefully read the detailed introduction of Myriad Thunder Skill. It could use the center target as the origin point with a radius of 50 meters. All targets within range will be struck by powerful lightning.

“It could cover a large area...” Lu Benwei sucked in a cold breath. “Furthermore, the range and damage can be increased with proficiency. As expected of a transcendent skill.”

Suddenly, Lu Benwei was startled as he felt someone approaching from behind. When he turned around, he found that Hai Yue was right behind him.

“What’s the matter, Miss Hai Yue?” Lu Benwei asked politely.

After a day and night of battle, everyone was in a sorry state, and Hai Yue was no exception. The sleeves of her clothes were torn apart, revealing her skin that was as white as lotus roots. Although her face had been blackened by the smoke, her eyes were still shining, bright and beautiful.

Hai Yue covered her chest with one hand and stammered as if she wanted to say something. Finally, she said, “Lu Benwei, does your team still accept people?”

“Miss Hai Yue, what do you mean by this?” Lu Benwei was a little confused.

After he finished speaking, he heard Hai Yue sigh deeply.

“Hai Yue’s team only exists in name now. There are only three people left...” When Hai Yue said this, she was filled with endless grief.

Hai Yue’s team had been established by her, and she had poured a lot of her blood, sweat, and tears into it. Three days ago, they were still the star battle team of Northwind Mountain, receiving the cheers and love of the people. Now, they had fallen into such a sloppy state.

Lu Benwei sighed in his heart as he patted Hai Yue’s shoulder.

“Where there’s life, there’s hope. We can start all over again.”

Hai Yue shook her head and weakly said, “It’s too tiring to form a new team. I want to join your team.”

Lu Benwei was speechless. He really wanted to reject Hai Yue, but he did not know how.

At this moment, Chu Yan suddenly ran over. Without saying anything, he pulled Lu Benwei’s hand and walked in a certain direction.

“You’re here? Everyone, get ready to clean up the battlefield. Let’s hurry up, or else we’ll lose all the good stuff.”

“Oh, okay!”

Lu Benwei was pulled by Chu Yan and looked back at Hai Yue. He was about to open his mouth when Chu Yan blocked his mouth.

“Oh right, a bunch of people wanted to join our team just now, but I rejected them all. If anyone wants to join our team, you must not agree.”

Lu Benwei shrugged and said helplessly, “Alright.”

As soon as he finished speaking, a loud noise suddenly came from the sky. Everyone looked toward the source of the loud noise.

Lu Benwei’s face suddenly changed and he stomped his foot.

“Oh no, I forgot about the Absolute Monster Formation.”

Chu Yan was dumbfounded when she heard this and slapped her head.

“No wonder I feel like I’ve forgotten something!”

However, at this moment, a huge energy fluctuation swept over from the main peak. Dust and smoke rolled and rumbled as if ten thousand horses were galloping.

“What do we do now?” Everyone was as anxious as ants on a hot pan.

“We can’t go on like this. I’ll try to destroy the formation!”

There was an assassin over level 30 in the group. His speed could be ranked in the top five among them!

“Swift Wind Movement!”

“Let’s go!” the assassin shouted. His body turned into a shadow and he rushed toward the main peak.

“Boom!”

From the sky above the main peak, a demonic flame descended. It was extremely fast and intimidating, instantly enveloping the assassin and turning him to ashes.

Everyone’s heart trembled as they watched, their eyelids twitching. What kind of monster could do this?

Above the main peak, the clouds were torn apart, and the void was shattered. A crack appeared, and countless terrifying ghostly howls of souls gushed out. Vaguely, there seemed to be a red monster claw opening this abyssal gap from the inside.

Some people released their divine senses to probe.

However, as soon as his spiritual will entered the range of the main peak, his body immediately stiffened, and his eyes turned white as he fell to the ground, trembling.

What a terrifying power. Even probing was taboo.

Someone’s body could not stop trembling even though he did not do anything. He cried out, “Why are you still standing there? Let’s run for our lives. When the true monster king comes out, we won’t even be left with dregs.”

With that, the man turned around and ran. When everyone saw this, they immediately turned and ran. There was only one person who remained unmoved.

“Annoying fellow, what are you doing?” Chu Yan asked.

“I’m going to destroy the formation!” Lu Benwei said in a deep voice.

“What did you just say? Are you crazy?”

Many people stopped in their tracks and asked in disbelief.

“Brother Lu Benwei, don’t do it. There’s still a chance of survival if you escape now.” They began to persuade him.

“That’s right, little brother. You saw it just now. With just a single exchange, that big brother assassin was turned into ashes.”

“Everyone knows that you’re extraordinary, but the monster sealed there is a hundred times stronger than the Flame Monster. If you go, you’ll just be throwing your life away!”

Only one person supported Lu Benwei. That person was Hai Yue.

She knew that someone like Lu Benwei would definitely go. There was no point in saying anything more, so Hai Yue could only wish him the best of safety.

“Be careful!”

Lu Benwei nodded and cupped his fists. “Thank you, I will!”

After a pause, Lu Benwei turned to Chu Yan. “You better stay here!”

Chu Yan stuck out her tongue. “That cave was so scary. I’m not going there a second time!”

“You better be!”

Lu Benwei activated his One-Click Speed Support and instantly jumped a long distance in the direction of the main peak.

In the sky above the main peak, the sealed supreme existence instantly locked onto Lu Benwei’s position.

“You’re just an ant. How dare you try to stop my resurrection?!” The ancient and strict sound made everyone’s eyes twitch.

From the crack, hundreds of demonic fireballs fell. Each one of them was filled with endless flame energy that could burn everything.

Lu Benwei’s eyes were calm as he continued to move forward.

“Boom boom boom!”

Several demonic flame boulders smashed into the air, leaving deep pits on the ground, like meteors falling onto earth.

When the supreme existence of the monster race saw this, he was both shocked and angry.

“Human, stop!” He only had these attacks and after Lu Benwei easily resolved them, he revealed his weak side.

Everyone on the ground was dumbfounded.

Lu Benwei jumped a long distance in an instant. Was he a magician or an assassin?

It was not over. Lu Benwei continued to move forward. He dodged one demonic flame fireball after another, and the supreme existence of the monster was helpless.

“No, no, no! Human, stop!” The voice of the supreme existence became more and more hysterical and helpless.

After Lu Benwei entered the cave, the supreme existence lowered his body.

“Little brother, please wait. As long as you can resurrect me, I promise you money, women, and the highest power of humanity!”

“You’re too noisy!” Lu Benwei shouted at the sky, deafening!

The supreme existence immediately stopped talking. After a long time, he asked coldly, “Human, I ask for your name!”

“I’m Lu Benwei!” Lu Benwei said in a deep voice.

“Very good, Lu Benwei!” The supreme existence roared in anger. “I’ll remember your name! In the future, when this prince is resurrected, this prince will tear you and your descendants into a thousand pieces! Your descendants will be my slaves for all eternity!”

“We’ll talk when you come out!” Lu Benwei smiled.

However, the supreme existence did not respond.

Lu Benwei walked to the center of the array and felt the holy aura of the Magician Heart. It was harmonious and made one feel happy.

“It’s so comfortable!”

Behind him, a quiet and comfortable sound suddenly came.

Lu Benwei was speechless.

“Chu Yan, didn’t I tell you to wait outside?” he said unhappily.

Chu Yan looked at the Magician Heart and said incoherently, “Then can you guess how I got here?”

After a moment of speechlessness, Lu Benwei sighed. “It’s a good thing that the monster king has stopped moving. Otherwise, you wouldn’t have been able to get here.”

“Who are you underestimating?!” Chu Yan rolled her eyes at him. “You’re not the only one who has teleportation skills, okay?”

Lu Benwei’s mouth twitched and he felt embarrassed. Indeed, he had underestimated her.

Chu Yan’s strength was comparable to his own with the system. She was indeed powerful.

“Alright,” Chu Yan said, “Don’t just stand there. Let’s find a way to destroy the formation.”

Lu Benwei nodded. “The core of this Absolute Monster Formation is the Magician Heart. I think as long as we get the Magician Heart, the Absolute Monster Formation will also collapse.”

Then, Lu Benwei stretched out his hand.

The Magician Heart was huge, and Lu Benwei held it above his head.

It was also at this moment that the light of the formation was extinguished, and the cave immediately became dark.

In the sky, the crack in the void had lost its energy support and was rapidly closing up. However, the supreme existence did not move. He must have fainted from anger.

The people on the ground were stunned.

“Is this a success?”

“Needless to say, Brother Lu Benwei must’ve succeeded!”

Everyone was overjoyed and cheered for Lu Benwei.

Lu Benwei had saved them once again. He was indeed a young hero!

In the cave, Lu Benwei put the Magician Heart into his storage ring. His storage ring was given to him by Liu Yi, and it had a huge space inside. It was more than enough to store a Magician Heart.

At this time, the system's prompt sounded.

[Ding! Congratulations to the host for obtaining a legendary heavenly material and earthly treasure – Magician Heart for the first time. You have awakened a One-Click Divine Material Talent!]

[One-Click Divine Material Talent]

[Effect: The host can consume items of equivalent value to upgrade the heaven and earth treasures he obtains.]

Lu Benwei looked at the new system assistance and was not shocked. He turned to Chu Yan and said, "The matter is settled. Let's go down."

Chu Yan was about to nod, but just like Lu Benwei, she suddenly shuddered from head to toe.

Then, a cold laugh came from the crack in the void that had yet to heal.

"Hehe, this is my poor grandson's soul! Lu Benwei, I didn't expect you to kill my grandson."

The cold laughter spread for thousands of miles. Layers of frost appeared on the ground as if goosebumps were rising.

The laughter continued, and everyone's eyes were wide open, their hearts in their throats.

"But because of you, I was able to absorb my grandson's soul. In this way, the long night of mankind is coming! Before that, Lu Benwei, I'm going to kill you!"

Lu Benwei's face was heavy as he looked at the crack in the void.

"Annoying person, idiot, why aren't you running?" Chu Yan's loud scolding pulled Lu Benwei back to reality. She pulled Lu Benwei's hand and used magic to escape.

"Crack! Crack!"

The sky shattered like a mirror, and the blood-red flame burned for thousands of miles. Terrifying demonic qi spewed out from it and covered the earth, making everyone anxious.

In Northwind Mountain, all the monsters knelt on the ground toward the main peak, welcoming the appearance of that supreme existence.

“Crack!”

The void shattered, and demonic qi spread across the mountains and rivers. A mountain-like Flame Monster beast appeared. He had a terrifying appearance and unfathomable strength.

He let out a breath of turbid air, and a boiling hot breath gushed out, crushing the mountains and rivers.

Forests were set on fire one after another. The flames soared into the sky, dyeing the sky blood-red.

It was like the end of the world!

“Boom boom boom!”

On the main peak.

That supreme existence flapped its wings, exuding both terror and might as it looked down on the world. The Monster King glanced at them indifferently.

Everyone’s eyes were wide open as they gasped for breath, their bodies shaking.

“It’s over, it’s over.”

Some of them knelt as if their legs were filled with lead, their mouths filled with endless despair.

“What should we do?”

“We have to hold him back and wait for the experts to suppress him,” Hai Yue suddenly said in a deep voice from the crowd.

Everyone froze when they heard this.

“Stall him? Are you kidding me?”

“This Monster King just needs to move his fingers, and we’ll all die. Why should we use our heads to stall him?!”

“Then, should I just watch as it kills all the people in the surrounding cities?” Hai Yue asked coldly.

Seeing the hesitation on everyone's faces, Hai Yue said, "We're hunters, and our mission is to protect our compatriots from being attacked by monsters. I know that we're about to face the threat of death," Hai Yue said in a deep voice after a short pause, "But, we're obliged to defend against the monsters!"

After saying that, Hai Yue put on her knight's armor and rushed toward the Monster King.

In the crowd, someone gritted his teeth and said, "Running away doesn't mean we can escape. It's better to die with dignity!"

"Miss Hai Yue, I'll join you!"

Some people were encouraged and rushed forward.

The Monster King sneered.

"Ant-like humans want to stop me?"

"Demonic Flame Fury!"

The Monster King waved his hand. A huge ball of black demonic flames shot toward the crowd.

The attack range was extremely large, and there was no way to avoid it! Everyone was shocked and hurriedly used their defensive skills!

The Monster King snorted coldly and said, "A mantis trying to stop a chariot."

The giant hand clenched in the air! The black demonic flames exploded instantly, turning the ground into purgatory.

Nearly half of the people were affected, and their bodies turned into charcoal by the explosion. The difference in strength was so great that it made one flabbergasted.

Lu Benwei's heart was bleeding as he watched this terrifying scene from the sky!

"I'm going to kill you!" Lu Benwei's eyes were bloodshot and his fists were clenched, his nails deeply digging into his flesh.

Lu Benwei broke free from Chu Yan's grip and turned to face the Monster King.

"Annoying fellow, don't go!" Chu Yan grabbed Lu Benwei's clothes tightly.

"That's a high-level Monster King!"

Monster Kings were divided into lower Monster King, middle Monster King, and upper Monster King, which corresponded to human levels 60,70, and 80, respectively!

In other words, they were facing a rank-80 powerhouse! The gap between them could not be closed by relying on talent!

“This Mosnter King has specifically said that he wants to kill you,” Chu Yan said seriously.

“If you go against him, you’ll really die, and you’ll die an ugly death.” Chu Yan bared her fangs and brandished her claws as if she was threatening Lu Benwei.

Lu Benwei calmed down and said, “Chu Yan, you’re right. But I can’t just watch this Monster King slaughter our compatriots!”

After a pause, Lu Benwei said softly, “Chu Yan, this time you mustn’t follow me or you’ll lose your life!”

Then, Lu Benwei activated One-Click Speed Support and moved toward the Monster King.

“Annoying fellow!” Chu Yan exclaimed. Chu Yan changed her direction and wanted to catch up with Lu Benwei.

“Boom!”

Bolts of lightning fell from the sky with astonishing power.

Chu Yan stopped in a hurry, her beautiful eyes filled with shock!

The area around the main peak had already become a pool of lightning!

Countless thunderbolts fell, killing all living beings in the area.

What was even more shocking was this pool of lightning was actually Lu Benwei’s skill!

Myriad Thunder Skill!

One-Click Skill Support upgraded the proficiency of Myriad Thunder Skill to an A grade skill. Both the damage and the area of effect had increased!

To stop Chu Yan from following him and to lock the upper Monster King in this world, he created this lightning cage with his own power. At the same time, he had imprisoned himself.

Lu Benwei floated in front of the Monster King and stared at him coldly.

The thunderbolts struck the Monster King, tearing a small wound on its skin. However, the next second, the wounds on the Monster King's body healed at a speed visible to the naked eye.

Lu Benwei activated the Eye of Insight and read the information about the Monster King.

[Flame monster ancient emperor.]

[Race: Balrog.]

[Level: Level 85 Monster King]

[Skills: Flame Monster Slash, Demonic Flame Fury, Inferno Strangle, Sky Burning Demonic Flame, Demonic Flame Breath, and Residual Flame Fury.]

[The ancient emperor of the 72 monster clans, the Balrog clan. He's very powerful. Nine level-80 hunters fought against him for three days and three nights before he was sealed.]

Lu Benwei's scalp went numb as he looked at the dense introduction. Nine level-80 hunters fought with it for three days and three nights before they managed to seal it! What kind of terrifying existence was this?!

"I was looking for you, but I didn't expect you to deliver yourself to me!"

The Monster King's cold voice sounded.

"Is this thunder skill yours?" he asked.

"Yes!" Lu Benwei coldly replied.

The Monster King suddenly burst out laughing. "Hahaha! I like such a grand ceremony to celebrate my new life!"

The thunderbolts had already turned this area into a sea of lightning. The sound was so loud that it sounded like ten thousand horses galloping above the clouds!

Lu Benwei smiled.

"Indeed, the ceremony of rebirth and the funeral are held on the same day. There's only one such ceremony in the world."

"A funeral? Why is that?" the Monster King asked.

Lu Benwei sneered. "Why? Today is your rebirth and also your funeral!"

The Monster King was furious! “You’re at death’s door and you’re still so stubborn!”

It opened its huge mouth and a ray of demonic light shot out.

Lu Benwei’s eyes were sharp and his hands were fast. Holy Light Shield and Heavenly Light Shield were released at the same time!

“Boom!”

The magic light pierced through the Holy Light Shield, and its speed increased! Lu Benwei was shocked. He released Lightning Speed and One-Click Speed Support to increase his speed by 10 times!

Just as he turned his body, The magic light pierced through Lu Benwei’s shoulder, but fortunately, it was fine.

“Chi!”

[Barbaric Bloodline activated!

Lu Benwei’s injuries instantly recovered and a layer of shield appeared on his body.

The Monster King’s expression froze. “I failed to kill you?”

Lu Benwei covered his shoulder and sneered, “I see.”

The moment the magic light hit him, Lu Benwei instantly realized that the Monster King’s strength had not reached its peak.

“Without the Magician Heart and the sacrifices of other creatures, you haven’t recovered your full strength! Otherwise, you can kill me in an instant!”

Lu Benwei sighed in relief. With this layer of protection, Lu Benwei could at least delay the Monster King for half an hour.

Calculating the time, the school and the hunter experts should have arrived by the time they found out about the incident in Northwind Mountain.

“Come on, let me send you on your way!” Lu Benwei roared!

80 Strong Support

The Monster King roared back.

“Little thief, even if I haven’t reached the peak, I’ll still slaughter all of you humans!”

“Inferno Strangle!”

The Monster King’s claw grabbed at the air. Suddenly, Lu Benwei’s surrounding space shattered and he was ‘locked’ in this small space.

Lu Benwei sneered and activated Speed Reduction Support!

Teleportation!

Inferno Strangle missed!

The Monster King was stunned for a moment before a sinister smile came from his mouth.

“You can dodge my Inferno Strangle, you’re really something! However, you must die today!” He roared after a pause.

“Sky Burning Demonic Flame!”

It spat out countless balls of black demonic flames, dyeing the already blood-red sky black and red, making it look like a scene from purgatory.

At this moment, Lu Benwei’s body shook. His internal organs seemed to be on fire, and the hot air he exhaled from his mouth and nose made his eyes burn.

[Demonic Flame Fury]

[All living beings within the range would be roasted by the demonic flames!]

Lu Benwei kept casting Minor Healing on himself.

After using Minor Healing, Lu Benwei’s blood was restored to full, but the next second, his blood dropped rapidly.

“What a shocking amount of healing! It seems like killing you will take quite a bit of effort!” the Monster King exclaimed.

“I’ve suddenly become interested in you. A magician with such speed and so many amazing defensive methods. Are you interested in becoming my human servant?”

“You old dog! Are you interested in being my servant? I’ll give you a salary of five yuan a day!” Lu Benwei sneered.

“Die!” the Monster King was furious as he flapped his wings and charged at Lu Benwei.

Lu Benwei’s eyes lit up and he roared, “Old fart, I’ve been waiting for you!”

“Killing Aura, Sharp Blade, Heavenly Dog’s Wrath, and Heavenly Dog’s Blade!”

The four great amplification skills were released at the same time, and the phantom of the heavenly dog, and all kinds of other strange phenomena appeared.

Lu Benwei’s attributes increased at a speed visible to the naked eye!

He held the Ancient Sword of Clarity in his hand and put on the Viper Set. His combat power and other attributes rose sharply!

It was also at this moment that the Monster King’s giant fist arrived.

“Die!” the Monster King ordered.

The mountain-like fist would turn Lu Benwei into a pool of blood if it landed heavily on his body. At this critical moment, Lu Benwei’s lips curved up.

Lightning Speed and One-Click Speed Support were activated, and Lu Benwei seemed to have mastered the law of speed. In an instant, he was behind the Monster King.

The Ancient Sword of Clarity in his hand hummed, and the sword essence bloomed with light!

“Divine Sword of Destruction, release!”

“Boom!”

The Divine Sword of Destruction headed straight for the Monster King’s head! The Monster King instantly felt the killing intent behind him and twisted his body in panic to avoid the attack.

“Chi...”

The sword light brushed the Monster King’s horn and cut it off. He was furious!

“Lu Benwei, I want you to die!”

The next second, the Monster King released a terrifying demonic qi. Wherever it went, the spatial laws were sealed.

Lu Benwei wanted to teleport away but found that it was useless.

“Boom!”

A ball of demonic flame flew toward Lu Benwei. Seeing this, could only use Lightning Speed to quickly dodge. His speed was extremely fast as if he could shrink the ground into inches.

Lu Benwei held his breath and focused on avoiding the demonic flames. However, there were too many of them and he was finally hit.

“Boom!”

The raging flames corroded Lu Benwei’s internal organs and turned him into a man of fire.

“You really are an ant!”

The Monster King flew over and looked at him as if he was looking at a toy.

The demonic flame had a high temperature, but it was constantly pouring vitality into Lu Benwei. He felt like his heart was being torn apart by the hot temperature.

“Old fart, give me a quick death if you have the guts!”

“Hahaha!” When the Monster King heard this, it was like he had heard the funniest joke in the world.

He looked at Lu Benwei and sneered. “If I give you a quick death, how am I going to take my revenge slowly?”

“You killed my grandson, almost ruined my plan, and even broke my horn. Do you think this can appease my anger?”

The Monster King used the power of the void to make Lu Benwei float in front of them.

“Chi!”

The Monster King took away the flames from Lu Benwei’s body and said coldly, “I’ll destroy your physical body and extract your soul. I’ll let you suffer the torture of your soul for all eternity!”

He clenched his fist in the air. Lu Benwei felt a void force fall from the top of his head, like an invisible hand tearing his soul.

The soul-tearing force made Lu Benwei feel a heart-wrenching pain. Large beads of sweat immediately soaked his clothes.

“Old fart, go to hell!” Lu Benwei cursed, grinding his teeth.

“Divine Sword of Destruction, release!”

Myriad Light Fist was thrown at the Monster King!

At the same time, Myriad Thunder Skill contracted as the killing lightning bolt struck the Monster King!

“Boom boom boom!”

The explosions continued, and brilliant sparks appeared on the Monster King’s body. Although it was not fatal, it was enough to make him feel pain.

The Monster King staggered back, and the power that was tearing Lu Benwei’s soul was also released.

Lu Benwei took advantage of the situation and quickly retreated into the distance.

“It’s no use, I’ve already sealed the space of this world, you can’t escape!” The Monster King’s arrogant voice resounded.

“Who said that?” At this time, a lazy voice came from the horizon.

“Who is it?” the Monster King asked in shock. Anyone who could break his seal must be a human expert!

“Principal?!” Lu Benwei said excitedly. He was very familiar with the voice. It was Chen Yuan!

Finally, on the distant horizon, a few divine rainbows quickly flew over. Chen Yuan, the president of Zhejiang Hunter University, a level-86 magician!

Wang Wei, the teacher of the Hunter Special Combat Class of Zhejiang Hunter University, a level-81 assassin!

...

Liu Yi, the person in charge of the Support Department of Zhejiang Hunter University, a level-61 supporter.

“Principal, Mr. Liu, you’re finally here!” Lu Benwei was excited.

Chen Yuan raised his eyebrows lazily and replied lazily, “They’ve all come.”

“But I was blocked by a thunder skill and spent a bit of time. That’s not all. After breaking it open with great difficulty, I found out that this void was sealed by this demonic monster. So, I spent a little more time there.

Lu Benwei was speechless.

Liu Yi came to Lu Benwei's side. "Alright, don't just stand there. We'll leave this place to the principal and the others. Follow me!"
