81 Reinforcement

"You can still walk, right?" Liu Yi asked with concern.

Before Lu Benwei could answer, Liu Yi continued, "Forget it, I'll carry you!"

After that, Liu Yi carried Lu Benwei on his back.

"Where are you running to?!" The Monster King roared. He flapped his wings as he prepared to catch up to Liu Yi!

"Do you think we're invisible? Die!" Wang Wei roared as he split into countless clones, forming a human wall that blocked the Monster King's path.

"Demonic Flame Fury!"

"Shadow Kill Formation!"

Wang Wei's clone danced wildly in the air, forming a killing formation! In the killing formation, every doppelganger was holding a pair of daggers, and it was a thrilling sight.

The killing formation was snatching away the Monster King's life! His strength was dropping at an alarming rate.

"Human, human!" The Monster King howled. "If it's at its peak, why would I be afraid of you ants?!"

The Monster King stomped on the ground and broke through the formation.

Wang Wei's eyes were cold as he said in disdain, "Trying to break free from my restraints? Aren't you afraid that your body and soul will be shattered?"

He chanted an incantation, and the great slaughter formation instantly became abnormally violent.

The Monster King roared in pain!

"Hehe!" Wang Wei laughed proudly. "If you were at your peak, my killing formation might not be able to trap you for a second. Unfortunately, you're disabled."

“Stop talking nonsense!” Chen Yuan suddenly said. “Let’s attack together and destroy his soul and body so he can’t reincarnate!”

Everyone responded in unison and unleashed all sorts of powerful skills at the Monster King!

“Boom boom boom!”

The earth trembled, and the power spread for a thousand feet.

“What an intense battle!”

Liu Yi carried Lu Benwei on his back and looked back at the battle in the sky with envy.

“Mr. Liu, are you envious?”

On his back, Lu Benwei could see through some of Liu Yi’s thoughts.

“Nonsense! It’s dangerous to fight. You’ll lose your life if you’re not careful.”

Liu Yi quickly turned his head and denied it.

“You’re risking your life!” he said after a pause, “A magician actually dares to face the Monster King.”

“It was an emergency. If no one stopped him, the nearby cities would have been in trouble.” Lu Benwei laughed.

“I’m a hunter!”

Upon hearing this, Liu Yi was stunned. He smiled and said,

“Good child! But the next time you encounter such a situation, you can’t rashly show off your ability. It’s too dangerous!”

“Got it,” Lu Benwei replied with a faint smile.

“You’ve done a great job in fending off the monsters. You’ve commanded the destruction of the monster army and killed the young master Flame Monster. When you return, you’ll be given the resources that you want. As your mentor, I’m proud of you!”

“Have Chu Yan and the others been rescued?” Lu Benwei asked.

When Liu Yi heard this, he laughed and said, “Damn, that little girl was so anxious in front of the lightning pool that she even cried. I think this little girl is flirting with you.”

Before they could finish, they heard Chu Yan's voice.

"Speaking of the devil." Liu Yi sighed.

Then, the three of them met and Lu Benwei got off Liu Yi's back.

Chu Yan was the first to speak up. "Annoying fellow, you're still alive!"

Hearing this, Lu Benwei's mouth twitched. Just as he was about to speak, a loud noise came from the sky. The three of them were shocked and looked up at the sky after they came back to their senses.

"What is that?" the three of them exclaimed in shock.

A huge crack appeared in the sky. Then, a demonic creature that was similar in size to the Monster King descended onto the battlefield in the sky and spoke in a profound voice, "Ancestor, I'm here."

Lu Benwei's pupils shrank and he activated the Eye of Insight.

[Flame Monster Emperor]

[Race: Balrog]

[Level: Level 87 Monster King]

[Skills: Flame Monster Slash, Demonic Flame Fury, Inferno Strangle, Sky Burning Demonic Flame, Demonic Flame Breath, Residual Flame Fury, and Flame Monster King.]

[The current emperor of the Flame Monster clan, one of the 72 monster clans, has terrifying strength.]

At this moment, the Monster King was in a sorry state as he was being pushed back by Chen Yuan and the others.

Now, the situation on the battlefield had reversed.

With the addition of a peak level-87 Flame Monster Emperor, a single strike was enough to break the siege.

"Ancestor, are you alright?" Flame Monster Emperor asked.

"No problem!" Monster King shook his head.

The Flame Monster Emperor heaved a sigh of relief and continued, "Alright! Then it's time to settle the score with the humans!"

The sound of the fire spread for hundreds of miles, and the surrounding area turned into a sea of fire.

Chen Yuan's expression was solemn. This was a real high-level Monster King with terrifying and unimaginable strength!

Chen Yuan's face was solemn as he ordered, "Everyone, suppress them in Northwind Mountain at all costs."

When the two monsters heard this, they both smiled. "Suppress us! Naive! Demonic Flame Fury!"

The two devils spat out black demonic flames that could burn everything. The flames soared into the sky and covered the sun, burning everything in their path.

Chen Yuan held a huge meteorite staff in his hand. In the air around him, there were crackling sounds of thunder and lightning, accompanied by the whistling of the wind.

He muttered, "Wind and Thunder Twin Dragons!"

The staff in his hand shot out the wind and thunder twin dragons, bombarding the heads of the two monsters!

On the other side, Wang Wei was holding a shiny dagger and slashing at the void.

Behind the Flame Monster Emperor, a huge skeleton shadow appeared. It was wearing armor and holding a huge blade.

The others also used their own abilities and launched powerful attacks.

The Flame Monster Emperor did not panic at all as he flapped his wings.

"Flame King Shield!" A huge shield appeared in the Flame Monster Emperor's hand.

"Clang!" The giant blade in the skeleton's hand struck the shield, making an ear-piercing buzzing sound.

At the same time, the Flame Monster Emperor also activated all sorts of techniques.

The humans and monsters were locked in a fierce battle. The earth collapsed and the sky shattered. No one could do anything to the other!

Chen Yuan's eyes were red from killing. The two elements of wind and thunder danced wildly in his hands. All kinds of skills were used, and all kinds of strange phenomena appeared, but they could not do anything to the two monsters.

"Principal, we can't go on like this!" Wang Wei had a bad feeling and said to Chen Yuan.

"Demonic monsters have a stronger recovery ability than us. We should fight quickly!"

The two demon kings laughed. "Humans, this is what you claim to be suppressing us. If you come with twice the number of people, I also won't be afraid!"

Chen Yuan smiled noncommittally. "Really? Are you sure?"

As soon as he finished speaking, a cloud shining with golden light floated over from the sky. Compared to the dark clouds in the sky, it seemed so out of place.

"Who's there?! The two monsters were shocked at the same time and asked in a stern voice.

On the golden cloud stood a group of people in heavy armor as if they were divine soldiers descending from the sky.

The man in the lead was nine feet long, and his body was as tough as steel.

"The person who will take your life!" the man replied coldly.

The experts from Zhejiang Hunter University were overjoyed.

The Ice Dragon Army?!

82 Legendary

The Ice Dragon Army was a powerful army that guarded Zhejiang City.

Their commander was the legendary top combat class – Judgment Paladin!

[Name: Su Kongcheng]

[Class: Holy Messenger of Judgment (class change from Judgment Paladin)]

[Level: 89]

A few miles away, Lu Benwei activated the Eye of Insight to read the information of the person standing on the cloud. He was quite shocked.

Judgment Paladins were the top of the fighting class. His strength was terrifying and unimaginable!

In addition to Su Kongcheng, the other hunters of the Ice Dragon Army above the clouds were also above level 70.

With their participation, the situation on the battlefield was reversed again.

At this moment, Su Kongcheng held the Holy Spear of Judgment in his right hand and the Light of Judgment in his left.

“Ice Dragon Army, listen up! Follow me and kill the Monster King!”

“Yes, sir!” An earth-shaking roar came from the golden cloud.

Immediately after, dozens of powerful hunters jumped down from the golden cloud. They held strange weapons and used all kinds of divine abilities.

The people from Zhejiang Hunter University were not to be outdone either. Chen Yuan, Wang Wei, and the others were already in a frenzy.

“Lightning Punishment!”

In the sky, the thunder rumbled deafeningly. A huge pillar of lightning struck down.

The speed was so fast that the two monsters had no time to dodge. They were struck until they were charred on the outside and tender on the inside, and black smoke came out of their mouths.

Wang Wei took advantage of the situation to perform his assassination divine technique.

Countless tiny dark figures stabbed at the two monsters' foreheads, injecting the poison of death from their daggers.

The two monsters looked at each other and one of them said, “As long as there's life, there's hope. Let's leave this place first and then seek revenge on the humans later!”

“Alright!”

After saying that, the two of them shrank rapidly and retracted their huge wings, finally shrinking to the size of children.

The rolling demonic flames blasted toward the crowd, and the two monsters took the opportunity to escape.

“Hmph, you want to escape?”

Su Kongcheng’s eyes shot out two rays of light, and the Light of Judgment in his hand burst out.

“Order of Judgment!”

In the sky, four giant judgment spears descended from the four corners. The giant spears emitted a dazzling golden light screen that connected with each other, forming a square space.

“The space is sealed?” The two monsters were shocked at the same time, and their voices were filled with despair.

The Monster King wanted to break free from this space by force.

“Demonic Flame Slash!”

One after another, fiery sword qi swept across everything and hit the golden light screen with clanging sounds.

“Monster, obediently accept your death!” Su Kongcheng coldly said, “Any resistance is futile.”

“Die! The Monster King was furious as he turned his flame sword around and slashed at Su Kongcheng.

Su Kongcheng flicked his wrist, and the Holy Spear of Judgment shot out a ray of holy light, which easily dissolved the attack.

“No!”

Monster King was furious and his hysterical howl spread over ten thousand miles. After a long time, the strange howls finally stopped.

The hunters from Zhejiang Hunter University and the Ice Dragon Army had already surrounded the two monsters, forming an inescapable net.

After the Monster King stopped howling, his eyes were dazed for a long time.

Finally, he moved and whispered a few words to the Flame Monster Emperor.

Su Kongcheng and the others were stunned, and doubt rose in their eyes.

The Flame Monster Emperor’s eyes suddenly lost focus and he said in disbelief, “Ancestor, are you really going to do this?”

“Enough with the nonsense!” the Monster King replied, “We’ll avenge in the future!”

After saying that, he spread his wings and charged toward the humans alone, leaving the Flame Monster Emperor behind.

Wang Wei and many other people said jokingly, “Is he planning to fight to the death?”

“Ridiculous!”

However, only Chen Yuan and Su Kongcheng’s eyes were filled with doubt.

“Is he...?”

The Monster King’s body glowed with demonic light as black demonic qi continued to flow out from his body.

Chen Yuan’s body shook. “Not good, he’s going to self-destruct!”

The experts from Zhejiang Hunter University were shocked.

The power of a level-80 Monster King’s self-destruction was unimaginable! The entire Northwind Mountain would be turned into scorched earth!

However, there was not a trace of panic on the faces of the Ice Dragon Army’s powerful hunters.

Su Kongcheng pointed the spear in his hand and retracted the four giant spears of Order of Judgment.

The golden barrier of light also began to shrink, sealing the Monster King in a narrow space.

The Monster King’s body began to rapidly expand as if something was spewing out of it.

“Boom!”

A deafening sound as if the sky had fallen and the earth had caved in, spread out from the narrow space of the golden light curtain for ten thousand miles. However, the range of the explosion was firmly locked within that space.

Everyone heaved a sigh of relief.

“Is this the power of judgment of the paladins? How terrifying!” Wang Wei and the others exclaimed.

Su Kongcheng said indifferently, "You must be joking. It's all thanks to the hunters from Zhejiang who discovered it first. Otherwise, this monster would've caused an inextinguishable disaster to the surrounding cities!"

After a pause, Su Kongcheng sighed. "It's a pity that the remaining monster took the opportunity to escape."

After saying that, he ordered a few experts to chase after the Flame Monster Emperor.

Chen Yuan told Wang Wei and the others to leave first. In the sky, only Su Kongcheng and Chen Yuan were left.

"Commander Su, is there something you need me for?" Chen Yuan suddenly asked.

Su Kongcheng nodded and said, "Principal Chen, according to your school's report, the attack has been going on for a long time, but only the main peak of Northwind Mountain has signs of destruction. Which expert could hold this monster back for so long?"

Chen Yuan laughed proudly. "Hahaha!"

"Commander Su, if I'm serious, you better believe me!"

"Principal Chen, please don't keep us in suspense," Su Kongcheng said anxiously.

"I won't hide it from you. The one who stopped this monster is a freshman in our school."

On his way here, Chen Yuan had already known what had happened.

When Su Kongcheng heard this, his mouth opened wide. "First-year student? Principal Chen, are you joking?"

"Haha!" Chen Yuan laughed again. "Commander Su, if I say that this freshman is a magician, would you think that I'm even crazier?"

The corner of Su Kongcheng's mouth twitched, and he covered his temples with both hands. "Magician... No, I need to take a break."

A magician and a freshman at that was able to stop a Monster King for such a long time.

Hearing this, everyone had to take a break.

Su Kongcheng said after a long time, "Principal Chen, if what you said is true, can I meet this student?"

“No!” Chen Yuan refused decisively. “I know what you’re thinking. It won’t be too late for you to consider letting him join the Ice Dragon Army when he has really grown up in the future.”

...

It had been a day since the Monster King crisis ended, and Jiujiang City had a brief period of peace.

Lu Benwei returned to the campus. However, he noticed something was wrong when he stepped into the school gate.

The students in the school looked at Lu Benwei with 70 percent shock and 30 percent respect. It was as if everyone knew about his past.

“Mr. Liu, what’s the situation?”

Mr. Liu laughed heartily, unable to contain the pride in his voice. “Lu Benwei, you’re now the number one freshman in name and reality!”

“Really? Has the matter already spread throughout the school?” Lu Benwei asked.

“Of course. If you don’t believe me, you can check our school’s intranet,” Liu Yi replied without hesitation.

Lu Benwei did not say anything and logged into the school forum. On the front page of the forum, there were all topics about him.

#The second place of the Freshmen Tournament, Lu Benwei, single-handedly suppressed the monster uprising!#

#High-definition video leaked, Lu Benwei’s close combat against a monster!#

#An all-round analysis of Lu Benwei’s strength!#

...

Lu Benwei’s mouth twitched as he was quite curious. Therefore, he clicked on a topic that had been released earlier and was the most popular.

[The king-level demonic monster and its minions were killed in seconds. How terrifying is the strength of the second-ranked freshman?!]

The video of Lu Benwei’s battle with the Flame Monster was quite clear. In the first half of the video, the comments were filled with doubts and sneers.

“Tsk, it’s the title party again!”

“Who doesn’t know that the second place in this year’s Freshmen Tournament is a magician who defeated a king-level monster? Aren’t you afraid of being laughed at?”

“Our school is a proper school. It’s all about one’s ability. If you want to create hype, why don’t you leave?!”

However, halfway through the video, Lu Benwei’s punch on a small monster filled the screen with question marks.

In the end, Lu Benwei’s Divine Sword of Destruction killed a group of monsters, and everyone was dumbfounded.

Would you believe that a magician could kill a group of monsters in seconds?

“This is too f*cking fake. Is this something a magician can do?”

“How could the second-ranked student have such a terrifying attack?”

“Hey, I don’t believe that a magician can have such a terrifying ability!”

It was also because of this video that everyone went to verify it.

The people he was seeking confirmation from were no less than the teachers and students who had just returned from Northwind Mountain. Without exception, they all confirmed that it was Lu Benwei who did it.

The students in the school were all dumbfounded. Not only did they know that Lu Benwei had led the team to defeat wave after wave of monsters, but they also knew that he had held back a Monster King for nearly an hour!

What kind of existence was the Monster King? He could shake the entire Jiujiang City with a stomp of his foot.

Shocking!

Dumbfounded!

Confusion!

“I suddenly can’t find the meaning of life. A magician was able to defeat an army of monsters and held back a high-level Monster King!”

“I remember this kid. He seems to have triggered +10 blessings in a row at the equipment upgrade area. He’s actually Lu Benwei?!”

“+10 enhanced blessings.? F*ck, how terrifying is this enhancement?”

When a group of people learned that Lu Benwei had +10 blessings equipment, they were all envious.

“I want to be his apprentice. I want to learn his amazing skills. I want to inherit his +10 blessings equipment!”

“I also want to join Lu Benwei’s sect!”

“I want to be Brother Lu Benwei’s dog!”

Lu Benwei’s mouth twitched as he looked at the comments. The video was still playing on its own.

“Wait, why does this angle look so familiar?”

Lu Benwei suddenly noticed something wrong. The video was clear and sometimes the angle was very close. He was stunned and hurriedly checked the uploader’s information.

As expected, the uploader was really Chu Yan!

It was not just this video, but many of the topics were started by Chu Yan. Then, he heard Liu Yi’s voice.

“Mr. Liu, you’ve made me miserable!” Lu Benwei’s mouth twitched.

Liu Yi laughed dryly and said, “What’s wrong? I’m letting the whole school know about you. It’ll be helpful for you in the future!”

“What kind of help?”

“I’ll be able to supervise you better!” Liu Yi said with a thick face.

Lu Benwei was speechless and complained, “Are you going to say that he’s your student so you can show off in front of others in the future?”

At this time, Liu Yi patted Lu Benwei’s shoulder. “Alright, stop talking nonsense. Follow me!”

“Where to?”

“You’ve made a great contribution in repelling the demonic monsters. The school’s higher-ups have unanimously decided to let you enter the Musashi tower again!”

After saying that, Liu Yi showed the ancient bronze key of the tower of martial arts in his hand.

Lu Benwei was dumbfounded.

“Enter the tower of martial arts again?”

This kind of opportunity was hard to come by. Ignoring his physical fatigue, Lu Benwei followed Liu Yi to the secret area of the library.

The robot responsible for guarding the tower automatically recognized Lu Benwei and invited him to the formation in front of the tower.

Liu Yi was excited. This was his first time opening the gate of the tower of martial arts.

He cleared his throat and said excitedly, “Since the era of hunters, all pioneers who have resisted the monsters, please listen to my call! I pray for you to guide and lead me to dispel the haze!”

The voice fell.

The ancient bronze key slowly floated into the eye of the magic door, and then it emitted a blue crystal-like radiance. The light followed the lines of the magic door and slowly extended to the outside.

Ding! Ding!

After a crisp sound, the magic door slowly opened.

The breeze was mixed with a musty smell of old things. Lu Benwei followed Liu Yi and slowly entered the space behind the magic door.

“Go down, I’ll wait for you here,” Liu Yi said softly, afraid of disturbing the ancestral spirits in the tower.

Lu Benwei nodded and jumped in.

An unknown amount of time passed.

Liu Yi stared at the tower, which was exploring the nine heavens and hell.

“I really don’t know what kind of skills Lu Benwei can learn. If it’s a skill like the Divine Sword of Destruction, it will make that kid take some detours in his future!”

It was also at this moment that the area above the ancient tower suddenly began to flash with a blood-red light. The quiet ancient tower began to fill with the smell of blood.

At the same time, all sorts of violent auras came from above. Liu Yi's expression changed drastically.

"This commotion, is it that ancestor spirit? Lu Benwei chose one of his skills? This shouldn't be the case. Is Lu Benwei confused?"

At the same time, Lu Benwei was talking to the soul of an ancestor.

This senior's body revealed itself. His body was covered in wounds, and his eyes were blood-red like that of a ferocious beast. His face was detestable.

"Lu Benwei, congratulations on learning Blood Fusion but you have to be prepared for a bad ending."

Lu Benwei cupped his hands and said, "Thank you for your concern, senior, but I've made up my mind."

[Blood Fusion]

[A powerful skill that can fuse with all the bloodlines in the world. As long as one's attributes are strong enough, one can absorb the bloodlines of all living beings and enhance one's four attributes!]

This was a bloodthirsty skill that absorbed the bloodlines of all living beings. It was destined that the one who learned it would not have a good ending.

84 Blood Fusion

This senior was the same. Once, he had relied on this blood-sucking skill to become an expert and slaughter all the ferocious monsters in the world. In the end, he suffered a backlash and exploded to death.

Lu Benwei returned to reality and bowed to the ancestor's memorial tablet three times.

When he returned to the high platform, he found that Liu Yi was so anxious that he was pacing in circles.

After seeing Lu Benwei come up, Liu Yi took the lead. "Lu Benwei, you're so silly! Don't you know what this skill is?"

"I know," Lu Benwei replied.

Liu Yi glared at Lu Benwei and pointed at his chest. "If you know, why are you still learning it? Moreover, this skill clearly doesn't match your growth path as a magician. This skill is harmful and has no benefits!"

Liu Yi's voice was very urgent as if Lu Benwei was about to explode and die.

"Mr. Liu don't worry. I know what I'm doing! I'm just trying to improve my strength quickly so that you can have more face in the future!" Lu Benwei hurriedly said.

Liu Yi stopped poking Lu Benwei and sighed. "It doesn't matter if I have face or not, but I can't just watch you walk on a path of no return. If you've learned it, so be it, he said after a pause, "If you want to absorb the blood of living beings in the future, let me know in advance."

"I know!" Lu Benwei replied with a faint smile.

Then, Liu Yi waved his hand. "You can leave first. I'll go to the top-secret area to see if there's a way to offset the backlash of Blood Fusion.

"Mr. Liu, you don't have to worry about me." Before Lu Benwei could finish, Liu Yi had already walked away.

Lu Benwei had chosen this double-edged sword skill after much consideration. He knew that as long as his four attributes were strong enough, the Ancient Sword of Clarity's multiple attribute boosts would be even more effective.

Shrugging, Lu Benwei was ready to go back to the dormitory to take a hot bath and sleep. Stepping out of the library, suddenly, he heard a burst of hurried and heavy footsteps behind him. He stopped and turned around.

A scruffy man was rapidly approaching him.

Then, the scruffy man saw that Lu Benwei had noticed him. His eyes flashed with a green light of greed, and his legs moved faster as he quickly ran toward Lu Benwei.

'A thief? Is it a fly looking for trouble again?' Lu Benwei's mind was crazily thinking of countermeasures.

When the scruffy man ran to Lu Benwei, he knelt and hit the ground with his head.

"Big Brother!"

"Huh?" Lu Benwei was stunned. "No, brother, who are you?"

The slovenly man lifted the long hair that covered his face and said excitedly, "It's me, Big Brother. Do you still remember me?"

"Master Tang?" Lu Benwei finally remembered who this scruffy man was.

It was Master Tang, the one who gave Lu Benwei the enhanced Viper Set.

“Big Brother, you really do remember me!”

Master Tang excitedly hugged Lu Benwei’s thigh and rubbed his oily face against Lu Benwei’s. His rough beard pierced through his clothes and into Lu Benwei’s skin.

The surrounding passers-by all looked at Lu Benwei with strange eyes, full of ridicule.

Lu Benwei took a deep breath and goosebumps appeared all over his body. He almost vomited the dinner he had the night before when he saw the middle-aged man who was more than ten years older than him doing such thing to him.

“Master Tang, what’s up?” Lu Benwei asked.

Master Tang raised his head with tears in his eyes.

“Big Brother, ever since you successfully enhanced your equipment and triggered your talent, I’ve tried to enhance other people’s equipment, but I’ve never succeeded.”

After a pause, he continued excitedly, “After trying for many days, I finally realized that you’re the key to my successful enhancement!”

Lu Benwei’s mouth twitched.

The success rate of this forced enhancement was unparalleled. Other than him, who was cheating, no one could successfully enhance under his hands.

“Master Tang, why did you come to find me?” Lu Benwei said.

“Big Brother, don’t call me Master Tang.” Master Tang wiped his tears and continued, “My name is Tang Kun so from now on, just call me Kun! I want to be your personal enhancer.”

“Ah...” Lu Benwei was speechless.

“Big Brother, are you not willing to accept me as your little brother?” Tang Kun was extremely disappointed.

There was a thump.

Master Tang knelt in front of Lu Benwei again, hugging his thigh and crying about how hard it was for him.

“Big Brother, you don’t know how hard my life is. My parents didn’t dote on me since I was young. When I grew up, I awakened the class of an enhancer, but I never succeeded. I’ve been ridiculed for so many years. It wasn’t easy for me to meet you, but you don’t want me.”

At this time, more and more people were watching this scene. They were even pointing at them.

“Who are these two men? In broad daylight, they’re kneeling, hugging someone’s thigh, and crying. What are they doing?”

“How disgusting! They look like a pair of gay men!”

Lu Benwei felt like cursing in his heart. ‘You’re the one who’s gay, your whole family is gay!’

He wished he could slap Tang Kun to death! He was helpless.

In order not to attract more attention, Lu Benwei could only agree. “Okay, okay, I agree to be your big brother. But you don’t have to be my personal enhancer. When I reach the second transition and awaken a higher talent, I’ll definitely look for you to strengthen it.”

“Really?” Tang Kun was overjoyed.

“It’s true!”

Tang Kun’s eyes were filled with tears of excitement. “Thank you, Big Brother. What other instructions do you have for me?”

Lu Benwei frowned. “Nothing. I just came back from outside and haven’t slept for a long time. I’m going back to the dormitory to sleep.”

“You can go back first.”

Tang Kun nodded and watched Lu Benwei leave.

After walking for a while and making sure that Tang Kun was not following him, Lu Benwei breathed a sigh of relief.

“Damn it, I was almost mistaken for a gay.”

At this moment, someone patted Lu Benwei’s shoulder from behind.

He turned around, but the person had turned, bringing with her the fragrance of magnolia.

Lu Benwei had no choice but to turn his head again. He found that Hai Yue, who was wearing a simple casual dress, was looking at him with a faint smile. She had a special aura about her. It was very natural.

It was as if no matter where she was, no matter what kind of occasion she was in, or no matter how she dressed, she would always appear to be a slender and elegant lady from a noble family.

In Lu Benwei's heart, Hai Yue's appearance was definitely in the top three!

"Miss Hai Yue?" Lu Benwei asked in surprise, "What are you doing at Zhejiang Hunter University?"

"This is also my school. Isn't it normal for me to be here?" Hai Yue chuckled.

Before Lu Benwei could respond.

"I'm not looking for you for anything else, but are you interested in joining the Heavenly Dragon Association?"

Lu Benwei was stunned.

Firstly, he did not expect Hai Yue to be related to the Heavenly Dragon Association in addition to being his senior. Secondly, Hai Yue was surprisingly direct.

After pondering for a while, Lu Benwei refused. "Senior Hai Yue, why do you want me to join the Heavenly Dragon Association?"

Lu Benwei knew that he could only rely on himself to improve his strength, and no one could help him. He had to walk his own path. Joining any force would only restrict Lu Benwei and bring him no benefits.

Hai Yue covered her face and chuckled. "Lu Benwei, are you really stupid or are you just asking the obvious?"

"You're a famous person among the new students of Zhejiang Hunter University. Your strength is extraordinary. Who wouldn't want a talent like you?" Hai Yue continued after a short pause.

The Vice President of the Heavenly Dragon Association, Liu Qingfeng, had offended the new Hunter Special Combat Class in order to recruit Lu Benwei. The members of the Heavenly Dragon Association expressed their confusion, and some even demanded to impeach Liu Qingfeng.

When Lu Benwei became famous in Northwind Mountain, it proved that Liu Qingfeng's decision was right.

Thus, the task of recruiting Lu Benwei was given to Hai Yue, who had returned from Northwind Mountain with Lu Benwei.

“Lu Benwei, I’m sincerely inviting you to join the Heavenly Dragon Association,” Hai Yue said seriously, “As long as you join the Heavenly Dragon Association, we’ll make an exception and give you the highest level of authority and resources.”

The topic changed. Hai Yue suddenly moved her face closer to Lu Benwei and smiled playfully.

“I heard from Qingfeng that you will join the Heavenly Dragon Association the moment you returned from Northwind Mountain. Don’t make things difficult for me.”

The hot and wet breath hit Lu Benwei’s face, and the itchy feeling made him shiver.

Lu Benwei was stunned. He took two steps back and thought, ‘This woman, why did she change so much after coming back from Northwind Mountain?’

Seeing Lu Benwei’s embarrassed expression, Hai Yue covered her face and laughed.

“Alright, I’ll stop teasing you. I know you don’t want to join any associations,” she said, waving her hands.

Lu Benwei heaved a sigh of relief when he heard this.

“I’m looking for you to thank you,” Hai Yue said softly.

“Thank me?” Lu Benwei asked.

“Thank you for saving my life in Northwind Mountain. Without you, everyone would’ve been buried there.”

After Hai Yue finished speaking, she leaned forward slightly and pecked Lu Benwei on the cheek with her cherry-like mouth. At the same time, she did not forget to blow into Lu Benwei’s ear.

“This is a thank you gift.”

Then, she left Lu Benwei with a back view as light as a deer. He was still reminiscing. Feeling the fragrance on Hai Yue’s body gradually dissipate, Lu Benwei muttered, “You’re repaying me for saving your life just like that? Isn’t this too unworthy?”

As expected, you can’t judge a woman’s thoughts from an ordinary person’s thoughts.

After a while, Lu Benwei’s sleepiness disappeared. He shrugged and muttered, “I don’t want to go back to sleep. I might as well find a place to improve my bloodline power.”

Lu Benwei thought for a while and decided to ask Chu Yan. He took out his phone and found that Chu Yan had sent a message to him half an hour ago.

“Annoying fellow, where are you? I’m so bored, I’m going to find you.”

Lu Benwei did not stand on ceremony and replied, “Where are you? I have something to talk to you about.”

The next second, he received a message from Chu Yan. “What for?”

Lu Benwei felt a little strange, and replied, “Didn’t you say you were coming to find me?”

“Look for you? Why should I look for you? Why are you so confident when you’re so ordinary?”

“What’s this?” Lu Benwei’s face was full of question marks as he quickly typed a reply. “What did I do?”

Soon, he received another message from Chu Yan. “Get lost!”

He was dumbfounded! Three different expressions appeared on Lu Benwei’s face.

The corner of his mouth twitched, and he typed a reply, “Chu Yan, what’s wrong with you?”

[Sorry, your message has been rejected by the other party. Please add the other party as a friend.]

Looking at the message, Lu Benwei felt like his life had been destroyed. Just a second ago, everything was fine. In the next second, she suddenly became angry, which made people confused.

Women were hard to understand.

Lu Benwei sighed in his heart. At this time, someone sent a friend request to him. When he looked at the person’s information, it turned out to be Hai Yue.

Lu Benwei’s eyes lit up and he immediately agreed. “Senior Hai Yue, do you know of any methods to increase the power of your bloodline?”

...

On the other side, Chu Yan pushed open the door of the dormitory.

Her dormitory was a double dormitory with two bedrooms, a living room, a kitchen, and a bathroom. It was fully equipped.

“Pa!”

Chu Yan angrily slammed the dormitory door and sat down on the couch with her arms around her chest.

“What’s wrong? Didn’t you go to find Lu Benwei?” Zhao Xiaoqi sat down next to Chu Yan and asked with concern.

“Don’t mention Lu Benwei. He’s a scumbag!” Chu Yan said angrily.

Zhao Xiaoqi’s interest was piqued.

“Scumbag? What’s going on?”

Zhao Xiaoqi waited for a long time before she heard Chu Yan’s story.

It turned out that when Chu Yan went to look for Lu Benwei, she happened to see Hai Yue talking to Lu Benwei.

Coincidentally, the scene of Hai Yue secretly kissing Lu Benwei was seen by Chu Yan.

Hearing this, Zhao Xiaoqi was dumbfounded and said, “How melodramatic. Are you guys acting in a TV drama?”

Chu Yan rolled her eyes at her and then said angrily, “That’s fine. There’s nothing between us anyway. But then Lu Benwei saw the message I sent him and shamelessly asked where I was!”

“Is this the reason you’re angry?” Zhao Xiaoqi was a little confused.

“That’s right. He was having an ambiguous relationship with Hai Yue earlier. Then, what am I?” The more Chu Yan thought about it, the angrier she got.

Zhao Xiaoqi also sighed. “Damn it. Lu Benwei isn’t only a pervert but also a player.”

Chu Yan nodded. “I’ll never talk to Lu Benwei again. If I talk to him again, I’m a dog!”

The two girls scolded Lu Benwei from behind.

At this time, Lu Benwei was still thinking about how to improve his bloodline power.

“Ding!”

Lu Benwei received another message on his phone. He immediately opened it and saw that it was Hai Yue’s reply.

“You want to improve your bloodline power? Then I recommend you to go to our school’s bloodline secret realm.”

Lu Benwei's eyes lit up with joy.

"Where's the bloodline secret realm?"

Very quickly, Hai Yue's message came again.

"I don't know. It's said that only students with SSS-rank resources can enjoy it."

"SSS-rank resources?!" Lu Benwei exclaimed.

Chu Yan only got the SSS-rank resources because she was the top freshman.

"What kind of treasure is this bloodline secret realm?"

At this time, Hai Yue sent another message. "You can look for the principal. You've made such a great contribution in Northwind Mountain. If you explain the situation to the principal, he'll probably make an exception and give you a chance to enter."

Lu Benwei nodded and replied, "Thank you, Senior!" At the same time, he also replied to Hai Yue with a fist salute emoji.

Then, Lu Benwei put away his phone and went straight to the principal's office.

...

"Lu Benwei is here?"

When Lu Benwei found Chen Yuan, Chen Yuan was drinking tea in his office.

"My office is a mess, you can sit anywhere you want," Chen Yuan said without a care.

Lu Benwei sat down on a chair with a few books.

Lu Benwei, I just heard from Liu Yi that you've learned the skill Blood Fusion in the Musashi tower?" Chen Yuan asked after taking a sip of tea.

"Yes, that's why I'm looking for you." Lu Benwei nodded.

"You want to go to the bloodline secret realm?" Chen Yuan directly stated Lu Benwei's purpose.

Lu Benwei heard this and laughed dryly. "Yes, Mr. Principal."

Chen Yuan frowned, took a sip of tea, and said, "No!"

“Why?” Lu Benwei was slightly surprised. He had thought that the principal would agree to his request without any hesitation, but the truth was the complete opposite.

Chen Yuan’s expression was solemn, and his eyes were unfathomable. “It’s simple. You’re not suitable.”

Hearing this, Lu Benwei was a little confused and asked with a serious expression, “Not suitable? Can you tell me more details?”

Chen Yuan heaved a sigh of relief as he looked at the pair of eyes that were staring at him.

“Alright, it’s not that it’s inappropriate. The bloodline secret realm can allow people to obtain bloodline talents and increase their four-dimensional attributes. In other words, it’s your Blood Fusion skill,” Chen Yuan said after a pause.

“Of course, each person can only integrate one bloodline talent. Can you guess why?”

“Why?” Lu Benwei directly asked.

“It’s a backlash!” Chen Yuan suddenly said in a deep voice, “You’ve fused with a monster’s bloodline. Every time you fuse with a skill, the berserk power of the monster’s bloodline will erode your heart. Of course, you have Blood Fusion, so you won’t suffer any backlash. You can fuse two, three, or even more bloodlines.”

After a pause, Chen Yuan said seriously, “However, everything has its limit. The ancestor of Blood Fusion fused about seven or eight bloodlines before he suffered the backlash of the monster’s bloodline.”

Chen Yuan sighed and said worriedly, “Lu Benwei, I’m worried about you! You’re a magician. No one knows how much vicious monster’s bloodlines your body can accept.”

Lu Benwei was very confident, and his eyes were shining with determination.

“Principal, I know what I’m doing. I want to improve my strength as soon as possible, so I have to enter the bloodline secret realm.”

Looking at Lu Benwei’s determined eyes, Chen Yuan could not help but sigh.

“Alright, I can’t change your mind!”

Then, a metal wolf head token appeared in Chen Yuan’s hand. “This is the token to enter the bloodline secret realm. Take it. Take it as my reward for your contribution in Northwind Mountain.”

Lu Benwei put the token into his bag and said to Chen Yuan, “Thank you, Mr. Principal!”

After saying that, he turned around and prepared to leave. He had not taken two steps when he suddenly stopped.

“Oh right, Mr. Principal, where’s the bloodline secret realm?” Lu Benwei scratched his head and said in embarrassment.

As soon as he finished speaking, the door to Chen Yuan’s office was opened. Liu Yi barged in, knocking into a lot of debris, and directly came to Chen Yuan.

“What are you doing? Why are you in such a hurry?” Chen Yuan furrowed his brows and complained, “It wasn’t easy for me to tidy it up.”

Liu Yi was very anxious. He panted and said, “Principal, you mustn’t let Lu Benwei absorb the bloodline.”

After Chen Yuan heard this, he laughed and asked, “Oh? Did you find something?”

After taking a few deep breaths, Liu Yi said, “No, I just found a huge weakness of Blood Fusion. The more bloodlines he fuses with, the higher the chances of him suffering a backlash! Lu Benwei is eager to improve his strength, so he’ll definitely come to you for the bloodline secret realm pass. You can’t give it to him.”

After that, Chen Yuan sighed and said, “Mr. Liu, you’re late.”

“I’m late?” Liu Yi asked. His pupils suddenly shrank. “You gave it to him? You really gave it to him?”

Before Chen Yuan could respond, Lu Benwei spoke, “Mr. Liu, Mr. Principal has already given me the pass.”

Liu Yi was shocked and turned around.

Lu Benwei looked at him awkwardly as he quickly put the bloodline secret realm’s token into his storage ring.

Liu Yi was anxious and directly jumped in front of Lu Benwei.

“You brat, give me the pass. I know you’ve done a great job in fending off the demonic monsters. You can have whatever reward you want, but you can’t have the bloodline secret realm pass.

Lu Benwei stepped back and said, “Mr. Liu, please calm down.”

At this time, Chen Yuan also walked over. “Mr. Liu, I’m giving him this pass on behalf of the school. I’m afraid it’s not appropriate to take it back.”

After Liu Yi finished speaking, he was furious. "Mr. Principal, this is all your fault."

Chen Yuan did not seem to care.

"If you had come earlier, I might not have given the bloodline secret realm pass to Lu Benwei," Chen Yuan said with a smile.

Hearing this, Liu Yi's blood pressure almost burst from anger.

Chen Yuan then instructed Liu Yi, "But you've come at the right time. Lu Benwei doesn't know where the bloodline secret realm is. Take him there."

Liu Yi was so angry that he blew his beard and glared. He replied, "Why don't you go? Don't drag me into this if you want to harm Lu Benwei!"

Chen Yuan shrugged helplessly. "I'm the principal. I have a lot of things to do."

At this time, Lu Benwei came over and persuaded, "Mr. Liu, bring me along. You can also monitor me. If I suffer a backlash, you can also save me."

When Liu Yi heard this, the corners of his mouth twitched. After exhaling heavily, he said in a low voice, "Forget it, just follow me."

After saying that, he turned around and walked forward. He knew that since the pass was in Lu Benwei's hands, there was no reason to ask for it back.

Lu Benwei smiled and immediately followed elder Liu.

Chen Yuan looked at the back of Lu Benwei and Liu Yi. His eyes became deep and he let out a breath of air. "Mr. Liu, it's not like you don't know that this child has unlimited possibilities."

On the other side, in the female dormitory.

Chu Yan and Zhao Xiaoqi were scolding Lu Benwei. Suddenly, Chu Yan's phone rang. Looking at the caller ID, Chu Yan was stunned. She then said to Zhao Xiaoqi, "Xiaoqi, I'll go out and make a call."

"Who's that?" Zhao Xiaoqi was confused. "She's so sneaky when taking calls."

Chu Yan put away her usual playful image and picked up the phone indifferently.

"Hey, didn't we agree not to call me during the day?" Chu Yan complained.

A low laugh came from the other end of the phone. The voice had been specially processed so that no one could tell the gender.

“How’s Lu Benwei’s? I heard that he contributed a lot to the suppression of the demonic monsters in Northwind Mountain,” the man did not respond to Chu Yan and said directly.

“That’s right.” Chu Yan did not hide anything.

“Oh? Is that so?” The tone of the person on the other end of the phone became normal, and he said, “Then how is he compared to you now?”

“I don’t know. He’s improving very quickly. I still don’t know what he’s relying on to improve his strength,” Chu Yan replied decisively.

“If I had to fight him, I might not be his match,” Chu Yan said softly after a pause.

...

The mysterious man was stunned for a long time before he said, “He’s actually grown to the point where even you’re no match for him.”

The mysterious man’s tone suddenly became serious. “Chu Yan, you must keep an eye on Lu Benwei.”

Without waiting for Chu Yan to respond, the mysterious man hung up the phone.

After that, Chu Yan lowered her head and leaned against the wall. No one knew what she was thinking.

...

On the other side, at the northeast corner of Zhejiang Hunter University.

This was an extremely dense and deep forest. Trees were overgrown, and the grass was abundant.

Liu Yi and Lu Benwei, one in front and one behind, were walking on the path in the forest.

As he walked, Lu Benwei found a huge skeleton corpse in front of him. It was a few hundred feet long and a few feet wide. Moss and weeds had already covered its huge body, showing traces of time.

“This is the bloodline secret realm?” Lu Benwei asked in shock.

“That’s right,” Liu Yi nodded and said, “This is one of the things that our Zhejiang Hunter University is most proud of. You can even say that our school was established because of him.”

“One of your proudest secrets?” Lu Benwei asked, “A top hunter university could be established because of him?”

Liu Yi’s eyes were solemn as he stroked his beard and answered Lu Benwei’s question, “This monster’s corpse has been here for countless years. If we’re really looking into it, it’s probably at the beginning of the hunter era when the people of Jiujiang City discovered him by chance. At that time, the monster was already a skeleton. No one paid attention to it at first. However, when someone discovered that there was a secret realm within the skeleton, they realized that the skeleton had a great origin. And this secret realm is also the bloodline secret realm that you want to enter.”

At this point, Lu Benwei and Liu Yi had already arrived at the head of the monster skeleton.

The head of bones had already been modified. Its huge mouth was opened, and a registration counter was built. It was responsible for the information of the students who came here for training and was also the guard of the bloodline secret realm.

The person in charge was an old man, about the same age as Liu Yi. However, there were thick calluses on his hands, and his exposed skin was full of scars.

Lu Benwei’s intuition told him that when this old man was young, he was also a pillar that defended against fierce monsters.

Seeing that Liu Yi was leading a young man who had the school emblem of a freshman, he smiled and said, “Yo, Mr. Liu, you’ve brought your students to see the world?”

Liu Yi rolled his eyes at him and said, “I brought him into the bloodline secret realm.”

“What?” The person in charge was stunned and suspected that he had heard wrongly.

“I didn’t hear that there’s a student with SSS-rank resources in the new batch. Mr. Liu, you’re joking, right?”

Liu Yi’s mouth twitched, and he looked at Lu Benwei. “Give him the pass that the principal gave you.”

Lu Benwei nodded and took out the metal wolf head token from his storage ring.

The person in charge hurriedly took it, and his eyes widened like copper bells. “The principal gave it to you personally. Are you from the Hunter Special Combat Class?”

Then, the person in charge looked at Lu Benwei with surprise and almost drooled.

“Ah, it’s the first time that a freshman has received an SSS-rank resource in less than a month.”

Lu Benwei had goosebumps all over his body and stepped back. "Teacher, I'm Lu Benwei from the normal class."

"Lu Benwei?" The person in charge almost jumped out of his chair.

"It's really you. I didn't expect you to be a student of the ordinary class. This is beyond my imagination."

The person in charge's eyes were green with envy as he drooled all over the ground.

"Lu Benwei, are you interested in becoming my disciple?"

"Hey, old Zhang, what are you saying? Everyone in the school knows that Lu Benwei is my student," Liu Yi said proudly, "The way I see it, you've been here for too long!"

"Your student? Are you kidding me?" Old Zhang could not believe it and said, "A freshman who single-handedly repelled monsters and held back a high-level Monster King is a student of your support class?"

Liu Yi smiled noncommittally. "What's the matter? Can't a magician be my student?"

Old Zhang's mouth was wide open, and his eyes were full of shock. "Holy master of the magician? How is this possible? I've seen the video. With such destructive power and physical strength, how can he be a magician?"

Then, he rubbed his eyes and carefully felt Lu Benwei's aura. However, reality told him that Lu Benwei was a magician. Old Zhang's mouth was wide open, and he sat on the chair in a daze.

Liu Yi waved his hand impatiently and said to Old Zhang, "Alright, stop talking nonsense. Lu Benwei wants to enter the bloodline secret realm. Let him in."

Old Zhang recovered from his shock and said angrily, "Alright, I know. Lu Benwei, come with me."

Lu Benwei nodded and followed Old Zhang.

Before he was done, Liu Yi waved at him and instructed, "Lu Benwei, you must act according to your ability!"

"I know!"

...

Old Zhang and Lu Benwei walked deeper and deeper. When they reached the heart of the monster, a dimensional passage with a faint light appeared in front of Lu Benwei.

“You know the mechanism of the bloodline secret realm, right?” Old Zhang asked.

Lu Benwei scratched his head and said, “Actually, I just found out about the existence of the bloodline secret realm in our school today.”

Old Zhang’s mouth twitched when he heard that. “Forget it. We’re both magicians. What’s so strange about that?”

After he came back to his senses, he sighed and said, “The bloodline secret realm will automatically generate monsters according to the challenger’s level. After defeating the monsters, the bloodline will be determined by the overall score.”

“I see.” Lu Benwei nodded.

“It’s not over yet! I know you’re very powerful,” Old Zhang continued, “But since you’re a magician, I suggest you choose the easy level.”

“I can choose the difficulty level?”

“Right!” Old Zhang counted with his fingers. “There are a few difficulties, I forgot. Anyway, I suggest you don’t be greedy and take risks. It’s better to be safe.”

Lu Benwei nodded and said, “Thank you, Mr. Zhang. I’ll remember this.”

Then, Lu Benwei entered the dimensional channel of the bloodline secret realm. After a burst of dazzling brilliance, he fell from the sky.

“This is terrible!” Lu Benwei was shocked and activated One-Click Speed Support. However, his falling speed was extremely fast, and he fell to the ground before he could float.

He did not expect the ground to be so soft. Lu Benwei only grunted two or three times. He got up and found that the light in the secret realm was surprisingly dim.

At this time, a roar mixed with anger came from under his feet.

“Who is it? You hit me and even stepped on me twice!!!”

Lu Benwei was disappointed and hurriedly got up from the man, saying, “I’m sorry, I didn’t do it on purpose.”

Who knew that after that person got up, he did not get angry? He patted the dust off his body and said, “It doesn’t matter. The entrance to the secret realm is in the sky, so it’s common for people to be hit.”

The man raised his head and was stunned when he saw Lu Benwei’s face.

“What’s your year? Why haven’t I seen you before?”

The bloodline secret realm of Zhejiang Hunter University was only accessible to students with SSS-rank resources. To get SSS-rank resources, other than the talented geniuses, only the senior students who had made great contributions to Zhejiang Hunter University would be able to do so. Therefore, people who came to the bloodline secret realm were familiar with each other.

At this moment, Lu Benwei heard the rustling sounds around him and many students came over.

“I haven’t seen a newcomer in a long time. What year is he?”

Many people carefully looked at Lu Benwei. Finally, when someone saw the first-year school badge on Lu Benwei’s chest, they were stunned.

“You’re a freshman?”

The news was like a bomb, exploding in the crowd.

“First year?”

“This freshman has just started school. How did he get an SSS-rank resource?”

“This is impossible!”

Everyone discussed and thought that Lu Benwei’s appearance had broken the trial.

“What’s so hard to guess? He must’ve gotten in through the back door.”

A mocking voice suddenly rang out, causing the group of senior students to smile noncommittally.

“That’s true. Other than going through the back door, none of the students of Zhejiang Hunter University have ever received an SSS-rank resource at the beginning of the semester!”

Someone stepped forward and asked Lu Benwei in disdain, “First-year, you’re so confident that you’ll enter the bloodline secret realm?”

“Aren’t you afraid of being torn apart and eaten by the monsters in the bloodline secret realm?”

Waving his hand, the man pretended to be kind. “I advise you to go home. We can’t be implicated if we meet with any mishaps in the mystery realm!”

Lu Benwei's eyes were calm, but he sneered in his heart.

He had just activated the Eye of Insight to check this person's information. Although he was a genius with three talents, he was still 10 levels higher than Lu Benwei. However, in terms of attributes, he was inferior to him.

Lu Benwei was too lazy to deal with this kind of person.

The three geniuses saw that Lu Benwei did not leave and laughed instead.

"Pa!"

A skill scroll with a blue glow was thrown at Lu Benwei's feet.

The three geniuses continued to sneer. "I know that you entered the bloodline secret realm to increase your strength. This rare skill scroll is yours. Hurry up and go back!"

When the crowd heard this, they burst into laughter.

Lu Benwei's eyes were still as calm as an ancient well, and a playful smile hung on his mouth. Why would a ferocious tiger waste its breath on insects?

Lu Benwei indifferently glanced at the group of clowns and prepared to enter the bloodline secret realm. At this moment, his eyes caught a glimpse of something and he was immediately startled.

It was a stone tablet with the names of some students on it. After the names, the bloodline level of the students was also displayed.

The top of the list was the favorite with the Ancient Sword of Clarity. He was Zhou Qingfeng, a triple-talented genius who had achieved level 50 at such a young age. The highest quality bloodline he had obtained was a platinum-grade bloodline! In fact, he used the shortest amount of time, only five minutes, to pass through the secret realm where one could obtain a platinum bloodline!

"If I can meet him in the future, I wonder what kind of sparks will be created," Lu Benwei exclaimed and then walked into the depths of the secret realm.

Looking at Lu Benwei's back, the upper grade students laughed.

"Sigh, inform the school hospital to come over and carry his body!"

...

At the registration area outside the secret realm, a huge holographic projection showed the scene inside the secret realm in the center of the room.

“Old Liu, which difficulty level do you think Lu Benwei will choose?” Old Zhang asked indifferently.

Liu Yi’s expression was calm as he said, “I guess he’ll at least choose the difficult level.”

The difficulty of the bloodline secret realm was divided into many types, and each type corresponded to a level of bloodline power.

If Lu Benwei can successfully pass the difficult level, he would receive a gold level bloodline at the end. However, this was a story for the future.

“Have some confidence in our children. I’m guessing Lu Benwei will choose the nightmare difficulty.”

The door opened with a creak. Chen Yuan walked in. The two old men greeted each other, and then Old Zhang said, “Can Lu Benwei go to a nightmare secret realm?”

“I know Lu Benwei is very strong, but I’m not optimistic about the nightmare secret realm.”

“Of course, you can!” Liu Yi had high hopes for Lu Benwei.

“Yes,” Chen Yuan nodded and said, “Even if Lu Benwei really can’t pass it, he’ll still choose the nightmare difficulty level.”

Seeing this, the corner of Old Zhang’s mouth twitched, and he said faintly, “Why is Lu Benwei acting like your illegitimate child?”

At this moment, in the secret realm, Lu Benwei had arrived at the end of the secret realm. In front of him were several stone doors, each corresponding to a trial of different difficulty.

The three people at the registration counter craned their necks and stared at Lu Benwei through the holographic projection.

“The trial of nightmare is coming. What kind of monsters do you think they will encounter?” Liu Yi asked excitedly.

“It’s hard to say. The monsters inside are all random.” The remaining two shook their heads.

In the next second, the eyes of the three people shrank at the same time. They were filled with confusion, and the corners of their mouths twitched crazily.

“Is this the Lu Benwei you have high hopes for? Why did he choose the easy level?” Old Zhang asked with a complicated expression. Liu Yi and Chen Yuan’s faces turned ugly.

Lu Benwei had chosen the easy level.

The two of them rubbed their eyes and said in unison. "I'm not seeing things, right?"

"You two can make a mistake, but I can't. Lu Benwei chose the easy level," Old Zhang replied.

When Chen Yuan and Liu Yi heard this, their lips twitched.

"Why did Lu Benwei suddenly mess up? But even if it's a mess, he shouldn't have chosen the easy level, right?"

"At the very least, he should start from the hard level, right?"

At this moment, Old Zhang patted their shoulders. "You two are the closest to Lu Benwei. Don't you know that people like him often have unpredictable actions?"

Chen Yuan heard this and sighed. "That's true, let's take one step at a time."

...

In the bloodline secret realm.

Lu Benwei slowly opened his eyes and the secret realm appeared in front of him.

This was a vast forest, with a flowing stream and white clouds slowly floating in.

"What a beautiful scenic spot!"

Lu Benwei took a deep breath of refreshing air and his eyes suddenly turned cold!

"Then, let me begin my killing spree!"

Chapter 89

The Eye of Insight was activated! The information within a hundred-mile radius entered Lu Benwei's mind.

"There's a small group of monsters to the northeast, and they're the closest to me. There will be a large group of monsters to the east."

Lu Benwei quickly sorted out the information and decided on the best route.

The next second, he stomped on the ground heavily, and the ground instantly cracked. As for himself, he was charging toward the group of monsters at the speed of a cannonball.

Lightning Speed was activated! Lu Benwei's speed was extremely fast.

The moment the leader of the monster felt danger approaching, Lu Benwei's powerful fist pierced through his chest.

"Pfft!"

Boiling blood spurted out, splattering everywhere.

At this moment, only then did the other members of this monster tribe sense the approaching danger. Seeing that their leader had been killed by Lu Benwei, they were shocked and their hair stood on end as they let out a strange cry!

"Human, you're looking for death!"

As soon as one of the monsters finished speaking, Lu Benwei punched left and right, and two more monsters were killed.

Fresh blood dyed the ground bright red. Fear appeared on the monsters' faces. The remaining members of the monster tribe were all terrified, and their legs could not stop trembling.

Lu Benwei's eyes were indifferent, and his heart did not feel pity. His fist was like a sharp blade, and a monster was immediately killed as the blade fell.

After a long time, the ground was soaked in blood, and the sky in the secret realm was dyed red. The stream that surrounded the forest was no longer flowing with water. Instead, it was flowing with scarlet blood, and the stench was like purgatory.

Lu Benwei was like a god of death, slaughtering everyone in the secret realm. This shocking scene made Chen Yuan and the other two at the registration area gasp.

"Are we really training students or are we training perverted murderers?" Old Zhang said in disbelief.

At the side, Liu Yi kept rubbing his temples. "No, I'm afraid of blood. I have to take a break."

Then, Old Zhang's mouth twitched. "If you have the strength, why don't you just choose the difficult level?"

"I understand." Chen Yuan interrupted.

"What do you know?"

“Lu Benwei is trying to merge the bloodline power step by step!” Chen Yuan said in a deep voice.

When Liu Yi heard this, he had a look of sudden realization. “Right! This is the best way to offset the berserk power in the bloodline.”

Old Zhang was confused and baffled as he watched the two of them talk back and forth. “What are you guys talking about? I thought bloodline power can only be obtained once. Although it can be cleansed, what does that have to do with negating the berserk power?”

After a pause, Old Zhang suddenly realized something and asked with his mouth wide open. “You let Lu Benwei enter the tower of Musashi and learn Blood Fusion?”

Seeing that the two of them were silent, Old Zhang angrily said, “What are you guys doing? Aren’t you afraid that this child will suffer from the backlash and explode to death? Step by step? If it were to gradually offset the violent power of the bloodline power, Blood Fusion would have become a godly skill!”

As soon as he said that, a sorrowful howl came from the holographic projection. The secret realm had reached its final moment. The big boss had awakened.

The three of them turned their attention to the holographic projection.

A huge bull-headed monster with a club made of human heads rushed toward Lu Benwei. The bull-headed monster was nearly three meters long and had a burly body. On its bulging muscles, blood vessels as thick as human fingers burst open.

“Die, human!”

The bull-headed monster roared in anger and waved the human-headed club in its hand rapidly. It brought with it boundless astral wind; its momentum was heavy.

If an ordinary person was hit, he would be smashed into a pool of blood. However, his opponent was Lu Benwei!

Even without the Viper Set, Lu Benwei’s strength couldn’t be underestimated.

“Boom!”

Lu Benwei quickly waved his fist. Although meat and iron collided, Lu Benwei had the upper hand.

The human-headed club was bent by him. Seeing this, the bull-headed monster’s body trembled and it quickly retreated!

Lu Benwei's eyes flashed, and his fists were covered in a layer of light. The Myriad Light Fist that was emitting a holy light was as numerous as the stars in the sky.

Every punch that landed on the bull-headed monster's body left a small hole. The stars dissipated, and the monster fell to the ground, dead!

[Ding! Congratulations on passing the easy level bloodline secret realm. Please choose the bloodline you need.]

This was not the mechanical voice of the system.

Just after the monster fell to the ground, Lu Benwei heard it. Then, a projection appeared in front of him.

[Please choose the following bloodline.]

[1. Herculean bullhead (bronze), 2. Two-faced ape (bronze-level), 3. Dry poison vine (bronze-level)]

Without exception, these bronze bloodlines were all monsters that Lu Benwei had killed. There were so many kinds of them that he was dazzled.

After thinking for a while, Lu Benwei whispered to the air, "I choose to absorb the blood of the two-faced ape!"

Just as he finished speaking, the secret realm shattered like a mirror, and all the living beings gathered together, finally forming a grape-sized bead. When the secret realm was completely shattered, the grape-sized bead flew into Lu Benwei's mouth.

"Boom!"

The moment he swallowed it, Lu Benwei's heart trembled, and the pain made him sweat. Beads of sweat poured down.

Lu Benwei's hair was growing at a speed visible to the naked eye, and if one looked closely, it had turned brown. Even his own face had turned into that of a monkey.

Lu Benwei was shocked.

"I won't become a monkey, will I?"

However, the next second, Lu Benwei's face quickly returned to normal, and the heart-wrenching pain stopped.

At this moment, the system's voice sounded.

[Ding! Congratulations to the host for successfully integrating with the bronze-grade two-faced ape and obtaining the bloodline talent skill.]

[Talent skill: Repeat]

[When you release a skill, there's a 1 percent chance of triggering the same skill. The skill will be released a second time without any consumption, and the damage will be reduced by 50 percent.]

At the same time, Lu Benwei felt the cells in his body madly sucking the blood of the two-faced ape. He calmed down and found that his four attributes were rising crazily.

Strength, agility, vitality, and spirit, all four of his strengths had increased by about 30 points. The effect was remarkable.

At this moment, the voice that did not belong to the system sounded again.

[Congratulations on successfully absorbing the bloodline power of the two-faced ape. Please leave after 30 seconds and return to your original spot.]

Lu Benwei packed up and returned to his original spot.

After walking out of the stone door, the group of people was stunned.

"This kid actually came out unscathed?"

"He seems to have succeeded?"

Seeing Lu Benwei walk out as if nothing had happened, the senior students outside rubbed their eyes.

"Damn, he's really fine!"

"This freshman actually passed!"

"This new student is not simple!"

Some people found it unbelievable and exclaimed a few times. Some people were very disdainful.

"Tsk, didn't he just clear the simplest secret realm? What's there to brag about?"

"As long as I have more time, I'll be able to pass the medium difficulty secret realm and obtain a silver-rank bloodline talent."

"Yeah, even dogs don't go to the simple secret realm!"

Some people said stubbornly. At the same time, some people laughed after hearing this.

“F*ck, brother, after all this, you guys haven’t even passed the simple secret realm. How dare you laugh at him?”

“Nonsense! I can pass through the simple secret realm in minutes!”

“We’re not going because we look down on the bronze bloodline!”

Lu Benwei shrugged helplessly as he watched the crowd argue. He turned around and entered the medium difficulty secret realm.

At this time, the senior students at the starting point were stunned.

“Where did the first-year student go?”

“It seems like he has entered the medium difficulty secret realm.” Someone rubbed his eyes.

“He didn’t choose his bloodline and wants to try the medium difficulty secret realm?”

Someone heard this and smiled.

“This freshman is too greedy. Why didn’t he know how to stop while he was ahead?”

“Forget it, forget it. Aren’t there many of us like this too?” Someone waved his hand.

“After the first secret realm, I always felt that I could get better bloodline power. In the end, I hit a wall at a higher difficulty secret realm, and then I came back and found that I couldn’t pass the lower-level secret realms.”

Ordinary people could only obtain one bloodline power in the bloodline secret realm.

Driven by human nature, everyone wanted to obtain a better and higher level of bloodline power. After passing a level of the secret realm, he always felt that he could possess a higher level of bloodline power. As a result, he gave up on his current choice, and in the end, he got nothing.

“It’s already amazing for a first-year student to pass the simple secret realm. Why do you have to be greedy and lose the small gain?”

Lu Benwei’s actions received ridicule from many people.

In their opinion, it was simply wishful thinking for a first-year student to obtain a silver bloodline.

...

Outside the secret realm, the three people in the registration area had strange expressions. Old Zhang, in particular, had a lifeless look on his face.

“Just how terrifying is this kid’s physical strength? One punch for a silver-level monster? Mr. Liu, you really make me envious of you. You have such an amazing student!”

As Lu Benwei’s direct mentor, Liu Yi grinned to the back of his head when he heard other people’s praise.

“No, no, Lu Benwei just got lucky. There’s no need to praise him like this.”

Just like in the simple secret realm, Lu Benwei killed a small monster with one punch and his methods were extremely cruel!

Suddenly, the three of them heard a shrill howl from the projection.

“It’s here! The boss of this secret realm is here!”

After Liu Yi finished speaking, the three of them stretched their necks at the same time and stared at the projection of the secret realm without blinking.

In the sky of the secret realm, a huge seagull was circling above Lu Benwei’s head. The seagull was tall and covered in a layer of silver feathers. It was extremely beautiful.

Upon closer inspection, the skin under the feathers of the seagull was blood-red from head to tail.

Lu Benwei activated the Eye of Insight and the seagull’s information was immediately shown.

[Bloodline Silver Gull]

[Level: 24]

[Monsters that are known for their speed have many means of attack. They can’t be underestimated.]

Lu Benwei was interested. “You’re good at speed. Let me see how fast you are!”

After saying that, he released Lightning Speed. His speed had been increased to 15 percent.

With a slight movement, he could shrink the ground into an inch and fly close to the ground. However, Lu Benwei was facing a flying monster.

The Bloodline Silver Gull was extremely fast in the air. It glided and dodged, using the sky as a stage.

“Whoosh!”

The Bloodline Silver Gull’s feathers flapped rapidly, and two wind blades were shot out. The speed of the blades was so fast that it was almost impossible for the eyes to catch it.

Lu Benwei saw that he could not dodge it, so he simply defended. Holy Light Shield was thrown out, directly negating the wind blade.

Seeing this, the Bloodline Silver Gull let out a sharp cry. This strange sound could actually directly attack a person’s soul.

The Holy Light Shield could not resist this attack! Lu Benwei was stunned for a moment, then he covered his ears. This was the first time he had seen a sound wave attack since he became a hunter.

The next second, he quickly came back to his senses. Since the Holy Light Shield could not block it, he would just activate the Heavenly Light Shield on his body.

The white holy light appeared on Lu Benwei’s body. With a higher level of proficiency, all damage was reduced by 80 percent!

The sonic wave skill of the Bloodline Silver Gull was nothing to him!

“Die!” Lu Benwei shouted.

The Bloodline Silver Gull fled in panic.

Lu Benwei released Lightning Speed again, and his speed was increased to 20 percent!

Myriad Light Fist was activated! Countless fists shining with pure white light rained down on the Bloodline Silver Gull.

Myriad Light Fist was released again! The two fist radiances were like a dense fishing net.

The Bloodline Silver Gull could not find any blind spots to escape. A fist landed on its body, and its strength immediately dropped by half.

Not long after, the Bloodline Silver Gull’s soul was drowned by the rain of fists.

[Ding! Congratulations on passing the silver bloodline secret realm. Please choose the bloodline you need.]

The sound of the secret realm came again.

Then, the projection of the bloodline power appeared in front of Lu Benwei.

Lu Benwei directly said, "I choose the bloodline power of the Bloodline Silver Gull!"

He had his own reasons for choosing the Bloodline Silver Gull. He still had too few speed-enhancing skills. He only had Lightning Speed.

Lightning Speed could increase one's speed to a terrifying number through multiple buffs. However, this was obviously not enough. Lu Benwei needed more speed-enhancing skills or talents.

Just like the simple secret realms, this medium difficulty secret realm quickly shattered, and the living beings gathered into a grape-sized bead.

The only difference was the color. Without hesitation, Lu Benwei swallowed it. After that strange feeling, he obtained the innate skill of Silver Speed.

[Silver Speed]

[Create a wind field under your feet, and increase your speed by 30 percent!]

30 percent increase in speed?! Lu Benwei looked at the effect of Silver Speed and was immediately overjoyed!
