At the same time, after absorbing the bloodline power of the Bloodline Silver Gull, Lu Benwei's attributes rose again. He took a deep breath and felt his four attributes.

"With my level 25, my four-dimensional attributes have already surpassed that of a level 40 ordinary hunter! And that's without the Viper Set and Ancient Sword of Clarity."

Lu Benwei could not help but admire the huge changes the system had brought to him. After pondering for a while, he left the medium difficulty secret realm!

At this moment, the senior students had already surrounded the entrance of the stone gate. When Lu Benwei came out intact, their mouths twitched and their pupils shrank.

"He actually succeeded in passing the trial again?"

"It's only been four minutes. Are you kidding me?"

"What's the background of this freshman?"

"What terrifying strength. I've really underestimated this freshman. No wonder he could get an SSS-level attribute resource bonus at the beginning of the school term."

Lu Benwei turned a deaf ear to these praises and turned around to enter the difficult level. All the senior students present gasped when they saw this.

"No way? He didn't choose the bloodline power?"

Everyone's mouth twitched.

"Should we say that this kid is insatiable or that we've underestimated him?"

"Is he not tired?"

This group of senior students began to doubt their own lives.

A first-year student had passed two different levels of difficulty in the secret realm. Even though it was the lowest level bloodline secret realm, it still made many of them suffer.

In fact, some people might not even have the chance to survive. However, the damage sustained in the secret realm would not be reflected in reality. Many people would usually choose to try again after failing to pass the level. This was also the reason why many of them were reluctant to leave.

However, a new student had spent four minutes completing the mystery realm level that they had spent months to pass. Many people felt that their lives had been destroyed.

At this moment, in the difficult level of the secret realm, Lu Benwei had come to the final boss battle!

He threw out several Myriad Light Fist in succession, and the sky was filled with a rain of fists that fell like the starry sky, sealing the monster in a corner of the world.

Silver Speed was activated!

A wind field appeared under Lu Benwei's feet and he jumped. In the blink of an eye, he had arrived in front of the monster. The simple and unadorned fist was powerful and heavy.

"Boom!"

Lu Benwei smashed its head with one punch. White brain matter and red blood mixed and splattered everywhere.

After taking a deep breath, Lu Benwei chose a gold bloodline called Mad Tiger. This was an extremely difficult monster to deal with.

Lu Benwei had to pay more to deal with him than the boss.

There was no other reason. The bloodline talent of the Mad Tiger, Mad Sky, had a heaven-defying amplification.

[Mad Sky (passive)]

[The battle has begun. Your body has received a surge of energy. All your attributes have been increased by five percent. Every minute, the effect of the increase will be increased by one percent. The maximum effect is 50 percent.]

This was a skill that increased all attributes. The highest was a 50 percent increase in all attributes, which was insane!

After cleaning himself up, Lu Benwei returned to his original spot. Everyone was dumbfounded. He had succeeded again.

Someone's mouth twitched. "This time, he can't possibly enter a platinum-rank bloodline secret realm, right?"

"Brother, don't tell me that you don't even have your eyes on the gold-rank bloodline power?" someone asked timidly.

The fact that Lu Benwei was able to pass the difficult level of the secret realm proved his strength. He had surpassed 95 percent of the geniuses who had obtained SSS-grade resources.

Lu Benwei's eyes were calm as he turned around and entered the stone door under everyone's gaze.

Everyone was stunned!

Shocking!

Aghast!

It was unbelievable!

The nightmare difficulty was above the hard difficulty, and if one passed it, one would receive a platinum-grade bloodline power. This platinum-grade bloodline power was something that only three people in this entire batch of students could possess!

The most representative of them all was Zhou Qingfeng! It took him less than five minutes to complete the nightmare difficulty and obtain the power of the platinum bloodline!

As time passed by, everyone's eyes widened, and they stretched their necks to look at the stone door.

"How long do you guys think it'll take for a freshman?"

"The nightmare secret realm isn't that easy to pass."

"I think this time, it's over!"

However, as soon as they finished speaking, there was movement behind the stone door, and then Lu Benwei came out.

Everyone's mouth was wide open.

"You succeeded again?"

"It's fake, right?"

Lu Benwei's qi was turbulent, and his veins and blood vessels were flowing with a faint light of energy.

The group of senior students finally confirmed that not only did Lu Benwei succeed, but he had also absorbed the power of the platinum bloodline.

“Junior, congratulations on successfully absorbing the power of the platinum-grade bloodline.”

“Can you teach us some tricks to clear the realms so that we seniors can pick up the scriptures?”

At this time, Lu Benwei was still thinking about his newly obtained platinum bloodline talent.

[Power of the Giant Whale]

[Acquired ocean whale’s brutal attack, attack power increased by 50 percent.]

“My strength attribute is the highest among the four attributes. The Power of the Giant Whale is the most suitable passive defensive skill for me.”

After pondering for a while, Lu Benwei looked up and found a group of people looking at him greedily.

“Seniors, is there something you need?” Lu Benwei said faintly.

This group of people was stunned, and their faces became awkward.

They cursed in their heart, ‘This freshman is too ostentatious.’

It was not over. Lu Benwei saw that they were silent and said lightly, “Seniors, if there’s nothing else, please make way.”

The crowd subconsciously made way for Lu Benwei.

Then, they watched Lu Benwei enter the gate that represented the purgatory difficulty. Everyone was confused.

“I’m not seeing things, right?”

“This kid entered the gate of the purgatory difficulty?”

Some of them were completely stunned on the spot, their eyes blinking hard. “Didn’t he obtain the power of the bloodline? Why are you still going to the purgatory gate?”

“Could it be that this kid can absorb the power of many bloodlines?”

Everyone’s face was filled with different expressions. They did not understand!

Anxiety!

Doubt!

Who exactly was this freshman?

Someone was breathing heavily. Lu Benwei's appearance made him doubt his life.

"If that's the case, then it's not that he didn't take a fancy to the bronze, silver, and gold bloodlines, but that he absorbed them all?"

"How did this kid do it?"

All the senior students were so angry that they wanted to vomit blood.

"Why?"

"How did this kid get so much bloodline power?"

Generally speaking, a human's limit was to withstand only one type of bloodline power. If one's constitution and strength attributes were exceptional, one was able to withstand the power of two bloodlines.

Furthermore, once a bloodline power was chosen, it could not be changed. Unless one paid a huge price to purify and remove the power of one's bloodline.

Therefore, Lu Benwei obtaining four bloodlines was beyond their imagination.

"When did such a freak come to our school?" someone asked timidly.

Everyone shook their heads in response.

While this group of people was talking, Lu Benwei had successfully cleared the level and obtained the diamond bloodline power.

[Spirit Deer]

[Effect: Four-dimensional spirit attribute increases by 50 percent, and damage of spirit-type skills to host is reduced by 20 percent.]

In the end, Lu Benwei had no choice. After some consideration, one side chose the bloodline power that could enhance one's spirit.

The senior students were shocked and speechless by Lu Benwei's diamond bloodline power.

Someone mustered his courage, took a deep breath, and asked, "Junior, how did you manage to master so many bloodline powers?"

Lu Benwei did not want to hide it and directly said to everyone, "I've learned a skill that allows me to fuse multiple bloodline powers."

When everyone heard this, a strange look flashed across their faces. The man's mouth twitched.

"You can fuse many bloodline powers, but aren't you afraid of the backlash?"

Lu Benwei did not respond, but someone else said, "Junior, can you show us the power of the five bloodlines?"

After thinking for a while, Lu Benwei nodded. The crowd also cleared out a space for him. Then, he took a deep breath and activated his five bloodlines at the same time!

"The bloodline of the Two-faced Ape!"

"Bloodline Silver Gull!"

...

"The bloodline of the Spirit Deer!"

Five bloodline lights bloomed from Lu Benwei's body. Then, his heart beat rapidly, and his skin and muscles burst through his clothes.

Under Lu Benwei's skin, there were five different colors of red, orange, yellow, green, and azure flowing in his bloodline.

The strong bloodline power of the five monsters formed five powerful bloodline phantoms and shrouded Lu Benwei. This strange scene dazzled the eyes of everyone who saw it, and they did not want to leave.

The fact that five different bloodline powers had appeared in one person, and that he was a freshman at that, made many people green with envy.

After a long time, the strange bloodline light faded.

Someone wiped the drool from the corner of his mouth and said enviously, "Is this what it looks like when five different bloodline powers are fused into one?"

"These are so cool!"

Someone quickly stepped forward and whispered to Lu Benwei, "Junior, can you tell me where you learned this technique that allows you to fuse multiple bloodline powers?"

Although it could suffer a backlash, it could fuse with many bloodline powers and increase its strength greatly. It was naturally coveted by humans. Quite a few people also came over, wanting to get a share of the loot.

Lu Benwei pondered for a while and said, "Oh, this is a skill I got from the tower of martial arts."

Tower of martial arts?! Everyone's mouth was wide open.

Without the principal's approval, even students with SSS-grade resources like them were not qualified to enter the tower of martial arts. Not only had this freshman obtained the principal's approval to enter the tower of martial arts, but he had also obtained a godly skill.

Many people were once again green with envy.

However, at the same time, knowing that this skill was in the tower of martial arts, many people's eyes dimmed.

"By the way, are there any bloodlines of a higher level in this secret realm?" Lu Benwei suddenly asked.

"What?"

Everyone's lips twitched crazily when they heard this.

"You still want to obtain the power of the bloodline?"

"Yes!" Lu Benwei nodded and said, "Seniors, do you mean that there's a higher level of bloodline power in this secret realm?"

Everyone was silent as they looked at the deepest part of the bloodline secret realm.

Lu Benwei followed everyone's gaze and looked into the depths of the secret realm. He saw that there was a strange stone door. Compared to the other stone doors, this one had countless potholes and knife marks.

"This secret realm's checkpoint contains the power of a king's bloodline. However, from the beginning until the end, no one has been able to pass through it," someone said.

The man paused for a moment. "It's because it's more difficult than purgatory," he continued. "And the damage received can be reflected in reality. No one is willing to take the risk."

“Junior, you’ve obtained five types of bloodline power, and one of them even contains the diamond bloodline power. You’re already the number one person in the school. There’s no need to take this risk.” Someone tried to persuade him.

However, Lu Benwei turned a deaf ear and cupped his fists “Thank you for the information, seniors.”

After saying that, he turned around and his shadow flashed, entering the checkpoint where he could obtain the king’s bloodline power. Everyone was dumbfounded.

That barrier of a king’s bloodline power could kill! No one knew what kind of terrifying monsters were inside.

Anyone would think that a freshman was dreaming if he wanted to obtain the king’s bloodline power. Even though he was number one on the bloodline secret realm ranking!

At this time, Lu Benwei had completely entered the king bloodline secret realm! The secret realm’s origin suddenly shook violently, and the entire dark secret realm became bright.

“What’s going on?” Everyone had a bad feeling.

“Boom!”

A loud rumbling sound came from above everyone’s heads, and they looked up at the same time. The sky reflected a piece of cracked earth.

On the ground, countless monster corpses were strewn all over, and the soil was dyed a blood-like color. However, just looking at it, one would smell a foul stench.

“Is this what’s happening in the king bloodline secret realm?”

“How terrifying!”

The crowd gasped.

At this time, a fluctuation suddenly came from the sky. A few black shadows flashed past and landed.

The senior students looked over and saw that the deans of the various academies and the teacher of the Hunter Special Combat Class, Wang Wei, was among them.

“Good day, dean!”

The academy presidents nodded in acknowledgment.

Following that, a dean with a mountain-like body suddenly said, "Who entered the king bloodline secret realm?"

"Reporting to the dean. He's a first-year student."

"First year?"

The deans looked at each other.

"It's not Zhou Qingfeng. I heard him say that he's going to undergo a baptism and then try to obtain the king's bloodline power."

"How did the freshmen enter the bloodline secret realm? I've never heard of any freshmen receiving SSS-rank resources."

93 Full Power

The group of deans was extremely puzzled. Which freshman could get an SSS-rank resource? At this time, a deep laugh was heard, attracting the attention of all the deans.

"Fellow students, have you all forgotten that our school has produced a genius? Who else could it be other than Lu Benwei?" Wang Wei said with a smile.

All the deans heaved a sigh of relief.

"So, it's Lu Benwei..."

"Among the new students, he's the only one who's qualified to receive SSS-grade resources."

A student heard this and could not help but ask, "Teacher, what kind of genius is Lu Benwei?"

"There's no one in the entire Zhejiang Hunter University who has the qualification to obtain SSS-rank resources at this time, right?"

Wang Wei laughed and said, "How long have you been here? You don't know Lu Benwei?"

"About two or three days?" a student replied.

"It's no wonder. After all, Lu Benwei's story has spread all over the school today."

Everyone was shocked and asked what Lu Benwei did. After Wang Wei had explained everything in detail, the faces of the senior students were filled with shock.

At this moment, another wave descended from the sky, and three figures landed on the ground. The three of them were Chen Yuan, Liu Yi, and Old Zhang.

“It’s so lively today!” Chen Yuan said lazily.

“Good day, Principal!” All the students were shocked. Even the principal was alarmed.

Chen Yuan looked at the students’ wide-open mouths and shocked expressions. He waved his hand and said, “You guys don’t have to feel strange. I’ve been here for a long time. It can be said that I brought Lu Benwei here.”

After a pause, Chen Yuan said, “Alright, let’s cut the crap. Let’s focus on our great genius.”

Everyone looked up at the projection of the secret realm that filled the sky.

...

Within the king’s secret realm.

“As expected of a king’s secret realm. Every single one of them here is stronger than the bosses of the secret realm with the diamond bloodline,” Lu Benwei exclaimed.

“The number is also double that of the previous checkpoints. The lowest level is also level 25. I’m going to get serious.”

The next second, Lu Benwei took a deep breath and activated his five bloodlines at the same time!

“The bloodline of the Two-faced Ape!”

“Bloodline Silver Gull!”

...

“Spirit Deer!”

Five bloodline lights bloomed from Lu Benwei’s body.

Then, Lu Benwei’s heart beat rapidly, and his skin and muscles burst through his clothes. Under his skin, there were five different colors of red, orange, yellow, green, and azure flowing in his bloodline.

The strong bloodline power of the five monsters formed five powerful bloodline phantoms and shrouded Lu Benwei.

At this time, more than a dozen monsters in front of him saw this and quickly waved their weapons, releasing all kinds of skills at Lu Benwei.

“Boom!”

All kinds of skills hit, and smoke and dust billowed, covering the sky and sun.

The monsters pointed at Lu Benwei and laughed.

“Such a puny and weak human wants to take our lives.”

“Oh? Is that so?”

A cold and unfeeling laugh drowned out the voices of the monsters.

The monsters’ bell-like eyes widened. “He didn’t die?”

As soon as he finished speaking, a huge rock was thrown out of the dust. Wherever it went, it smashed the monsters into meat paste one after another.

Lu Benwei stepped on the wind created by Silver Speed and attacked from the smoke. He punched out with both fists, and the Power of the Giant Whale exploded!

One by one, the monsters fell in pools of blood.

...

At the secret realm’s origin, the senior students’ hearts were palpating with fear as they blinked their eyes.

“What’s Lu Benwei’s class? His physical strength is even more terrifying than a warrior’s.”

“Needless to say, it’s definitely a hidden class of a warrior!”

“No, I’m guessing he’s a knight. A knight’s physical strength isn’t weak.”

...

“You’re all wrong. Lu Benwei is a magician.”

A faint voice came over, interrupting everyone’s speculations. However, this caused the crowd to be enraged.

“Magician?”

“Are you f*cking kidding me?”

“If a magician could have such strong physical strength, I’d wash my hair upside down!”

“Young people, don’t be so impulsive. As the principal of a school, why would I lie to you?” Who would have thought that Chen Yuan was the owner of the voice?

“The principal of a school?! Everyone’s faces turned pale, and they said in unison, “I’m sorry, Mr. Principal.”

The student was being rude in front of the principal.

Chen Yuan did not mind and waved his hand. “Alright, don’t look like you’ve just eaten a fly. Focus on the battle.”

At the same time, he did not forget to guide this group of senior students. “Also, nothing is impossible in this world. You must remember that there’s always someone better than you.”

This group of senior students looked very embarrassed.

Magicians were known for being weak. As one of the three main support classes, they did not have any of the supporter’s strengths, but they had a lot of weaknesses. One of them was weak physical strength.

“You told me that Lu Benwei, who killed a monster with one punch, was actually a magician.”

“It’s fake, right?”

“Principal, swear that you’re not teasing us!”

Many of the senior students felt that their lives had been destroyed and they had lost the meaning of life.

Chen Yuan smiled. “Young people, don’t be too discouraged. You still have a long road ahead of you. The future will be your stage!”

As soon as he finished speaking, a loud noise came from the projection above.

In the secret realm, the pale-yellow sun was being devoured bit by bit. A large cloud of black mist rolled over from the sky. Looking at it carefully, one would feel dizzy as if it could suck away one’s soul.

Soon, a black dragon with two wings emerged from the black mist! It was several feet long and had a hateful face.

The black and red dragon scales were like pieces of breathing daggers, shining with black light. They opened and closed as the terrifying dragon breathed. A pair of blood-red wings unfurled, and the sky darkened again.

Its two golden vertical pupils narrowed, and its expression was filled with disdain as if it was sneering at this lowly human.

On the ground, Lu Benwei frowned slightly and activated the Eye of Insight!

[Eclipse Dragon]

[Level: 30]

[Rumor has it that it's the mount of the god of darkness, Lucifer. It has three terrifying talents. Although it's only level 30, its strength is even above levels 40 and 50.]

After reading the description of the Eclipse Dragon, Lu Benwei let out a deep sigh of relief, and his eyes became serious.

At the entrance of the secret realm, everyone's eyelids twitched, and their scalps went numb after hearing the dean's introduction of the Eclipse Dragon.

"The mount of the god of darkness, Lucifer. How terrifying is this monster?"

Many senior students were worried about Lu Benwei. Among them, many people were secretly gloating.

"Lu Benwei has been acting tough for so long, it's time for him to be defeated."

On the other side, Chen Yuan, Liu Yi, and the other deans gathered together and started to argue.

"Should we go in and save him? The king's bloodline secret realm isn't a joke. People can die there!"

"Lu Benwei's strength is indeed very powerful, beyond our imagination."

"But this dragon has the power of darkness. It's not something a magician can deal with!"

Liu Yi, on the other hand, told his group of colleagues to be at ease. He patted his chest and said, "Don't worry, as Lu Benwei's direct mentor, I know he'll pass this realm!"

In the king's secret realm.

Lu Benwei and the Eclipse Dragon looked at each other, their deep eyes revealing endless killing intent.

The Eclipse Dragon looked down at him and spoke in the human language, "Human, why don't you kneel before me?"

Lu Benwei sneered and retorted, "Why are you acting like a big-tailed wolf?"

The Eclipse Dragon was enraged, and it opened its bloody mouth, spitting out a thick black mist.

[Corrosive Black Mist]

[Poison attribute skill. All creatures within range will be corroded and lose 500 health points per second.]

The dark energy within the black mist was rapidly eroding the life force of all living beings within its range. Everywhere it went, the dark brown soil turned white, and a strong rotten smell filled the air.

Looking at the description of Corrosive Black Mist, Lu Benwei snorted and stood still, letting the thick black mist cover his body.

Seeing this, the Eclipse Dragon laughed loudly. "Ant-like human, there's only one outcome for you if you let my Corrosive Black Mist corrode you, and that's to die in pain!"

"Swish!"

As soon as the dragon finished speaking, the Corrosive Black Mist quickly dissipated.

Lu Benwei, wearing the Viper Set, stood in place.

When the Eclipse Dragon saw this, its eyes flickered with confusion.

"What? You're not dead yet?"

Lu Benwei looked at him with contempt and said, "Idiot, this is the effect of my Viper Set."

Immune to all poison attribute attacks!

"Do you really think I'll just stand here and let you attack me?"

The Eclipse Dragon was enraged. After living for so many years, no human had ever dared to look down on it!

“Go to hell, human!”

The giant dragon flapped its wings, setting off a fierce wind, and then rushed toward Lu Benwei!

Lu Benwei smiled and shouted, “Heavenly Dog’s Wrath!”

After a buzzing sound, a huge shadow of the heavenly dog enveloped his body. It was not angry, but it was powerful. Lu Benwei’s aura skyrocketed as all his attributes increased.

With Mad Demon +10, Lu Benwei’s strength had reached a terrifying level.

Facing the fierce wind, he punched with all his strength. With the power of thunder, the air was vibrating and crackling. The next second, Myriad Light Fist was like a shooting star!

Seeing this, the dragon did not retreat. Instead, it charged at Lu Benwei like a mountain!

The dragon claw swiped through the air, gleaming with a sharp, cold light. It was as if it could cut open the throat of all living beings in the world. It was a terrifying sight!

A cold glint flashed past, negating the rain of fists that was like a sky full of stars.

“Human, is this your full-power attack?” The dragon sneered coldly.

Lu Benwei smiled and said, “You’re so naive!”

Immediately after, he let out a strange cry, and the five bloodline powers suddenly glowed.

The Two-faced Ape and the Bloodline Silver Gull looked down on the Spirit Deer. The illusionary images of the five kinds of monsters appeared around him. Lu Benwei’s four-dimensional attributes increased rapidly, increasing his combat power.

Lightning Speed was released!

With Silver Speed, Lu Benwei jumped onto the back of the dragon!

Myriad Light Fist was activated!

Fists as numerous as the stars landed on the back of the Eclipse Dragon, causing him to roar in pain. The sharp scales of the Eclipse Dragon exploded as it tried to shake Lu Benwei off its back.

Lu Benwei's reaction was extremely fast. He jumped into the air again and grabbed a dragon scale. With a clang, the dragon scale was forcibly pulled off.

The dragon roared in pain as it felt the pain on its back. Twisting its slender neck, the dragon saw Lu Benwei holding the dragon scale, which was dripping blood.

"Human, I'm going to tear you into pieces!"

The Eclipse Dragon was enraged. It opened its blood-red mouth and spat out a ball of high-temperature black flames.

Before he touched it, Lu Benwei felt a terrifying temperature. The air was twisted by the heat, and he could even smell a burning smell.

"Idiot, aren't you afraid of burning yourself?" Lu Benwei cursed.

Then, he released Lightning Speed again and Lu Benwei's speed increased to another level. He jumped and returned to the ground.

The moment his feet touched the ground, Lu Benwei felt a strong wind on his face! The Eclipse Dragon's black and thick tail swung at him.

Tail swing attack!

"Boom!"

Its black and thick tail hit Lu Benwei's face. He was sent flying back hundreds of meters.

However, the Eclipse Dragon did not give Lu Benwei a chance to catch his breath as it spat out extremely hot black flames from its bloody mouth.

[Monster Dragon Black Flame]

This was his most furious and most powerful attack! Wherever it went, all living beings were turned into charcoal!

The Eclipse Dragon breathed out at the large fan-shaped area in front of him for a long time. He only stopped when he was sure that Lu Benwei had already turned into charcoal.

After letting out a breath of hot air, the Eclipse Dragon muttered to himself, "Human, this is the price you have to pay for overstepping your boundaries. You're quite capable to be able to force me to use my ultimate move."

As soon as he finished speaking, Lu Benwei sneered.

“You...” The Eclipse Dragon’s eyes trembled. “You didn’t die? How is this possible?!”

That was the dragon’s full-power attack. Any living creature would be turned into charcoal under it, not to mention a level-25 human!

The dragon looked at Lu Benwei, who was covered in a layer of white holy light, and looked at it with disdain.

The Eclipse Dragon was enraged again. It opened its mouth and was about to spew out black flames.

Lu Benwei did not give him a chance to release it.

Lightning Speed was released for the third time, and the layers were stacked to the third level.

As light as a swallow, Lu Benwei disappeared.

The Eclipse Dragon was stunned, unable to see anything with its eyes. Suddenly, its huge body trembled violently, and it felt a cold death intent behind it.

“You want to play the same old trick again?” The Eclipse Dragon thought that Lu Benwei was trying to pull off his scales again.

It twisted its long and thin neck, and the Monster Dragon Black Flame breathed out again!

“Idiot!”

A bone-chilling sneer was heard, causing the dragon to feel a chill from head to toe. The Eclipse Dragon twisted its neck again and saw Lu Benwei at its tail.

“What are you doing?”

Alarm bells went off in the dragon’s heart, and its eyes were filled with fear.

Lu Benwei smiled and waved his hand. “Nothing, I just want you to play with me.”

The next second, Lu Benwei grabbed the Eclipse Dragon’s tail and his body glowed. The four great enhancement skills and the five bloodline powers on his body were dazzling!

Taking a deep breath, Lu Benwei grabbed the dragon’s giant tail and swung it!

The origin of the secret realm.

Their brows were tightly furrowed, their eyelids were twitching, their eyes were dazed, and the corners of their mouths were twitching.

“That’s too cruel.”

“Dragons are the kings of monsters, but they are being beaten up by Lu Benwei.”

“Is this guy still human?”

In the sky, Lu Benwei grabbed the tail of the Eclipse Dragon like he was grabbing an earthworm.

What was crueller was, Lu Benwei grabbed the giant dragon’s tail and spun in the air for a while. When he was tired, he would throw the dragon to the ground.

Everyone present exclaimed, “Abnormal!

“Mr. Liu, you’ve really picked up a genius.” Some of the deans could not help but congratulate Liu Yi.

“Yeah, it’s a fact that he’s passed the king’s bloodline secret realm. Mr. Liu, congratulations!” Someone came forward to congratulate him. “Your student’s strength has improved.”

Liu Yi was overjoyed at this moment, but he could not show it in front of so many people, so he put on a half-smile on his face.

“You’re too kind. My student’s performance is still lacking. How can he be called a genius?”

At this time, the holographic projection in the sky suddenly disappeared, revealing the original scene.

“What’s the situation?”

The crowd was stunned, but after a moment, many people reacted. This was the sign of Lu Benwei successfully passing the king’s bloodline secret realm.

At this moment, the king’s bloodline secret realm was already broken, and Lu Benwei stepped into the air.

[Congratulations on successfully passing the king’s bloodline secret realm. The reward will be released soon.]

The mechanical voice came again, and a panel appeared in front of Lu Benwei.

[Congratulations, you have successfully passed the king's bloodline secret realm. Please choose one of the seven kings' bloodlines below.]

"King's bloodline?" Lu Benwei was stunned for a moment and asked.

At this moment, the mysterious mechanical sound came again.

[That's right, it's the king's bloodline.]

[They all have the high-grade bloodlines of the monsters of heaven and earth. Only terrifying creatures with king's level aptitudes can have the king's bloodline.]

The mysterious mechanical voice paused for a moment before continuing.

[This group of terrifying creatures with king-level aptitudes is equivalent to a level-80 monster king.]

Lu Benwei was secretly surprised. He had seen the strength of a level-80 monster king in close combat, the Flame Monster Emperor. Although he did not recover his full strength, his terrifying attack power left an indelible impression on Lu Benwei.

After that, he watched the battle between the two high-level monster kings and the level-80 powerhouses from a distance. Just a glance from afar was enough to make one's soul tremble and cold sweat soak their back.

At this time, the projection in front of Lu Benwei showed the seven kings' bloodlines.

[1. Seraphim's Bloodline, 2. Lucifer's Bloodline, 3. Earth Yale's Bloodline, 4. Heavenly Faith's Bloodline, 5. Molten Orton's Bloodline, 6. Ocean Ravid's Bloodline, 7. Forest Buddha Shura's Bloodline.]

Lu Benwei was speechless.

Without a doubt, the seven major bloodlines represented the power of seven different elements. The strength of the original body could not be underestimated.

After pondering for a while, Lu Benwei set his eyes on Seraphim's Bloodline and Lucifer's Bloodline. Light and darkness represented destruction and new life.

Only these two types were most suitable for magicians.

"Seraphim's Bloodline will be of great help to my recovery skills. But I have Minor Healing and Rain," Lu Benwei said to himself.

“What I urgently need right now is a destructive skill that can increase my attack power.”

So he chose Lucifer’s Bloodline.

The entire king’s bloodline secret realm started to shake, and dark energy poured out from all directions. The dark energy gathered into a ball and then reached out an octopus-like tentacle into Lu Benwei’s body.

[Ding! Congratulations on choosing Lucifer’s Bloodline. You have obtained the talents and skills of the dark god Lucifer.]

[Blood of Darkness (passive talent)]

[The power of dark-type and blood-type skills is increased by 50 percent. Attributes will double in the dark.]

[Night Curse (active skill)]

[Actively create a night territory. In the night territory, all enemies’ vision will be blocked, and the defense in the territory will be increased by 20 percent.]

“Is this the power of a king’s bloodline?” Lu Benwei looked at the description of Lucifer’s Bloodline and exclaimed.

“The power of darkness-type and blood-type skills has been increased by 50 percent. These two skills contain extremely terrifying destructive power. With an additional 50 percent, the power is simply unimaginable. At the same time, it can double one’s attributes in the dark. As expected of a king’s bloodline.”

Lu Benwei took a deep breath and walked out of the king’s bloodline realm.

The people in the secret realm could not wait any longer. After seeing Lu Benwei come out, they immediately surrounded him.

“Lu Benwei, you’re out?” An old man with thick eyebrows and big eyes came up and said, “Are you interested in making an exception to join our third-year Special Battle Hunter Class?”

Before he could finish, someone immediately pushed the old man to the side. “Lu Benwei, I’m the head of our school’s Student Union. Are you interested in joining me?”

“Don’t worry, I’ll definitely give you the best guidance. I guarantee that you’ll be much better than Mr. Liu.”

When Liu Yi heard this, he was instantly so angry that he blew his beard and glared. He cursed, "Go away! You're snatching my student in front of me. Do you have any shame?!"

"Old Liu, don't be so petty. How about this? Monday, Wednesday, and Friday are yours. Tuesday, Thursday, and Saturday are mine, and Lu Benwei can cultivate on his own on Sunday!"

Lu Benwei had become a popular candidate among the school's powerhouses, making the surrounding students green with envy.

"A first-year student can become the first person to obtain a king's bloodline. Should we say that we're too useless or that Lu Benwei is too strong?" a senior student asked gloomily.

"Damn, don't mention it. Now that I think about how I mocked this freshman for not being able to pass the simple bloodline secret realm, I can't help but dig my toes into the ground."

When some of the older students heard this, they were all stunned, and then their faces suddenly turned red. Some people wished they could find a hole to hide in.

"Do you think Lu Benwei will cause us trouble later?" someone said timidly.

"It's hard to say. Anyway, let's take advantage of the fact that they don't have time now and escape!"

On the other side.

Lu Benwei's mouth twitched as he looked at the professors arguing about recruiting him.

Suddenly, Chen Yuan cleared his throat and said in a deep voice, "Lu Benwei, what king's bloodline power did you choose?"

The deans immediately stopped arguing and turned to look at Lu Benwei.

Chen Yuan walked forward and repeated. "Lu Benwei, do you know what bloodline power you got?"

"Lucifer's Bloodline," Lu Benwei replied.

When everyone heard this, they were stunned. Lucifer's bloodline?!

Chen Yuan's eyes lit up. "Not bad. It's a suitable bloodline power for you. So, what are your plans?" he asked.

Lu Benwei pondered for a moment and asked, "Mr. Principal, I have a question."

"What's the question?"

"What's the sound in this secret realm? It doesn't sound like an AI, but it can guide us in the secret realm. What is it?"

As soon as he said that, the professors' faces changed drastically, and they were filled with shock.

Chen Yuan burst out laughing. "I didn't expect you to think of this problem, Lu Benwei."

Lu Benwei frowned slightly and felt a bit strange. At the same time, he was certain that the voice in this secret realm must be nothing ordinary.

Then, Chen Yuan turned around and clapped his hands. He said to the seniors who were still present, "Students, please leave. I'm going to give Lu Benwei special training."

Although the remaining seniors found it strange, they did not dare to disobey. They turned around and left the bloodline secret realm.

Seeing that all the people had left, Chen Yuan heaved a sigh of relief. He turned around and said, "Lu Benwei, do you know how many kings' bloodlines there are in this bloodline trial?"

"Isn't it seven?" Lu Benwei asked with some doubt.

"Eight." Chen Yuan shook his head.

"Eight?!" Lu Benwei was stunned.

Thinking about it, six of the seven bloodline powers were against each other and depended on each other, and only Forest Buddha Shura's Bloodline had no corresponding power.

"That's right," Chen Yuan said, "There was someone like you who passed the king's bloodline secret realm and took the first portion of bloodline power."

"I see. Oh, but this doesn't seem to have anything to do with the sound in the secret realm," Lu Benwei said.

"After this person obtained the king's bloodline, he asked me the same question as you," Chen Yuan continued, "I told him the truth, but can you guess what happened after that?"

Lu Benwei's face turned black and he helplessly said, "Mr. Principal, can you get to the main point?"

"Alright, alright, let's cut the crap." Chen Yuan quickly waved his hand.

After a pause, his eyes became serious. "This sound comes from the final secret realm, the origin secret realm."

"There's still one final level?" Lu Benwei's pupils suddenly shrank.

"That's right! All the power in this bloodline secret realm comes from the final origin level," Chen Yuan replied in a deep voice, "Only those who have passed the king's bloodline secret realm will have the chance to challenge the final origin level."

"Lu Benwei, do you want to challenge it?"

Lu Benwei fell into deep thought. After listening to Chen Yuan's summary, he was greatly shocked. Even the king's bloodline came from this final level. How dangerous was this checkpoint in the origin secret realm?

After thinking for a moment, Lu Benwei said in a deep voice, "Principal, I want to go!"

As soon as these words came out, there was an uproar.

"Lu Benwei, it's not that we're looking down on you, but no one has ever entered this origin secret realm before. The danger inside is no less than a mountain of blades or a sea of flames." An old man with thick eyebrows and big eyes tried to persuade him.

"This isn't child's play. You need to reconsider."

Liu Yi's tone was also rather solemn. "That's the illusion of all the power in this secret realm. The strength is unfathomable, and it far surpasses the Eclipse Dragon. I advise you to think about it again."

Everyone was trying to persuade him, even Chen Yuan said, "Lu Benwei, I know you haven't shown your true strength yet, but this isn't child's play. You need to be prepared. Of course, if you want to enter, I won't stop you."

The rest of the students were dumbfounded by the principal's words. "Principal, you shouldn't spoil him!"

"None of us have entered the origin level. What if there's a supreme existence inside and Lu Benwei dies there?"

"Yes, Mr. Principal. Lu Benwei is the hope of our university. We can't let anything happen to him."

“Principal, why don’t we both take a step back and let us accompany Lu Benwei into the origin level?” a professor suggested.

Hearing this, Chen Yuan waved his hand and refused. “The child has his own path. Let the child go on his own.”

Chen Yuan looked at Lu Benwei and said, “What do you think?”

Lu Benwei thought for a moment. He had been working day and night to become stronger for the past few days with only one goal in mind. It was to go to the legendary Giant Kingdom!

That place was truly dangerous. To obtain the antidote, one must have invincible power.

Lu Benwei said in a deep voice, “Mr. Principal, I want to try it out myself.”

“Alright!” Chen Yuan clapped and praised!

The others stomped their feet in anxiety, but there was nothing they could do.

“Mr. Principal, how do I enter the origin level checkpoint?” Lu Benwei asked.

“It’s far away, but it’s right in front of you,” Chen Yuan said with a mysterious smile.

After saying that, he drew an array with one of his feet.

Chen Yuan said, “This is the magic key to open the origin level barrier. The incantation can only be mastered by the previous headmasters. It has been a long time since I last used it.”

The magic circle slowly turned and began to chant. In the center, a stone door slowly rose. Although it was no different from the other stone gates, it exuded an ancient aura.

Chen Yuan patted Lu Benwei’s shoulder, “Child, go and take back what belongs to you.”

Lu Benwei nodded and jumped into the bloodline secret realm. After a burst of dazzling light, he landed on a blood-red land.

The corpses of monsters lay on the ground, and their black-red blood had already flowed like a river. The air was filled with the aura of a fierce monster. As soon as Lu Benwei landed on the ground, a hateful monster immediately pounced on him.

Lu Benwei’s eyes were sharp, and his hands were fast as he quickly dodged to the side. At the same time, he kicked the monster hard.

The monster flew out and heavily smashed into the ground. However, after a few seconds, it stood up.

Lu Benwei was stunned for a moment, then he sneered.

“As expected of an origin secret realm. I can’t even hurt the monsters here with my physical strength.”

With that, the Eye of Insight was activated and the information about all the monsters within a thousand miles entered Lu Benwei’s mind.

“Hiss! Hu!”

The information about the monsters in the origin secret realm poured into Lu Benwei’s mind like a tide.

After taking a deep breath, Lu Benwei said to himself, “As expected of an origin level bloodline secret realm. The monsters here are at least level 30, and they have at least two innate skills.”

At this very moment, more and more monsters sensed the aura of humans. After being trapped in this secret realm for so many years, they had long been unable to endure their thirst.

“It’s a human!”

“I’m so thirsty. I want to drink human blood!”

“Human, obediently let us devour you!”

The greedy murmurs of countless monsters entered Lu Benwei’s mind.

He laughed coldly as a sharp ancient sword slowly appeared in his hand. His eyes narrowed. “You’re so naive! This is a feast of slaughter for me!”

After saying that, he activated the Viper Set and held the Ancient Sword of Clarity!

Mad Demon +10, strength attribute increased by 300 percent!

The Ancient Sword of Clarity weapon effect – double all attributes!

Lu Benwei shouted and rushed toward the group of monsters. A cold glint arrived first, and then the sword shot out like a dragon! Wherever Lu Benwei went, the heads of monsters fell to the ground.

At this moment, at the origin of the secret realm, the deans and professors were anxious like ants on a hot pan. Many of them had their hands behind their backs and were pacing back and forth in a daze.

“Principal, you’re so silly!” Finally, someone could not help but complain about Chen Yuan’s decision.

“Lu Benwei is still a child. Being able to obtain a king’s bloodline power is already beyond our expectations. You shouldn’t have let him take the risk to enter the origin secret realm.”

At this moment, Chen Yuan was lying on his side on a floating staff, looking very lazy.

Hearing everyone’s complaints, Chen Yuan let out a lazy yawn. “Isn’t it Lu Benwei’s decision? The child is so hot-blooded and wants to become strong. How can I bear to pour cold water on his enthusiasm?”

Then, Chen Yuan waved his hand and said, “Alright, go and do your own things. You guys should learn from Mr. Liu. As Lu Benwei’s direct mentor, he’s not in a hurry at all.”

Then, he pointed at Liu Yi, who was squatting in the corner.

Everyone’s lips twitched crazily when they heard this. They all knew that Liu Yi was anxious. If they had not stopped him, Liu Yi would have fought with Chen Yuan. Liu Yi was now squatting in the corner and praying for Lu Benwei.

Suddenly, a huge tremor came from the sky. Everyone looked over. The sky seemed to be covered by thunderclouds, flashing madly.

“What’s going on?” a professor asked, his nerves on high alert.

Seeing this, Chen Yuan yawned and said, “Calm down. It’s probably going to be like before, a holographic projection of the scene in the origin secret realm.

When everyone heard this, they all laughed in joy. With the holographic projection, they would be able to know the situation in the origin secret realm. Chen Yuan wanted them to make a judgment and be ready to save Lu Benwei at any time. Liu Yi also hurriedly sat up from the ground and looked up at the holographic projection in the sky.

“Strange, why is it so dark?” one of the deans asked.

The rest of the people could not help but have doubts in their hearts. They narrowed their eyes and looked at the black holographic projection.

Suddenly, Liu Yi jumped in anger and said in shock, “Damn it, we were wrong. This is a monster army!”

Hearing this, everyone focused their eyes again. Under the darkness, the heads of the monsters were moving, densely packed, and dark. They were all heading in one direction, and the end of that direction was Lu Benwei.

Everyone felt their scalps go numb, and their brows furrowed into a line.

“What do we do?” Liu Yi could not wait.

Shocking!

Anxiety!

Fear!

A series of expressions appeared on his face. After pacing around a few times, Liu Yi suddenly said, “No, I have to go in and get Lu Benwei out.”

After saying that, he prepared to enter the stone gate of the origin secret realm. His other colleagues grabbed him.

“Mr. Liu, calm down.”

“You’re just a supporter. We should be the ones going.”

When Liu Yi heard this, his tense nerves eased a little. “Then who are you going to send?”

Before anyone could respond, Chen Yuan suddenly said, “No one is allowed to go! This is Lu Benwei’s battle. Let him handle it alone.”

When Liu Yi heard this, his gray beard trembled violently. “Principal, this is a matter of life and death. Lu Benwei’s opponent, whether in terms of quantity or quality, is not comparable to the monster army in Northwind Mountain two days ago.”

“Mr. Liu, I know you’re in a hurry, but don’t be hasty.” Chen Yuan smiled.

Chen Yuan pointed at the holographic projection and said, “You can take a look first! Maybe Lu Benwei can handle it.”

At this moment, the monster army seemed endless, and it surged toward Lu Benwei from all directions like a tsunami.

Everyone’s heart suddenly began to beat violently.

“How do we deal with so many monsters?”

“What a pity!” Someone sighed deeply. “Such a peerless genius is about to fall.”

Liu Yi’s eyelids were also twitching. He put his hands together and said, “Namo Amitabha, may god bless Lu Benwei. May he be safe.”

Chen Yuan walked over and patted his shoulder. “Relax, look at the child. He’s not dead yet.”

When everyone heard this, their mouths twitched as they looked into the secret realm.

Lu Benwei was wearing the Viper Set and holding the Ancient Sword of Clarity, cutting the monsters as if they were vegetables. The scene was extremely bloody.

However, this still could not resolve the worries in everyone’s hearts.

“I have to say, Lu Benwei’s physical strength is comparable to a second transition warrior.”

“Nuts what’s the use? There are as many monsters as a tide. Even if 10 monsters reduce Lu Benwei’s strength, the next second, Lu Benwei will be gnawed away like ants.”

“Why aren’t you using your ultimate move?”

“Principal, why didn’t he use any skills this time? Is he just going to let his strength be drained away bit by bit?”

Time passed by. Everyone’s expressions changed from worry to shock, and finally to calmness.

Lu Benwei was like a ruthless killing machine. If a monster pounced over, he would use the Ancient Sword of Clarity to slash it to death.

Occasionally, he would activate Holy Light Shield and Heavenly Light Shield.

Someone’s mouth twitched. “I don’t know if Lu Benwei is tired. Anyway, I’m tired.”

Some people turned around and complained. “This wave of monsters isn’t good enough. He even used a buff skill. I was just thinking of seeing the talent skill of Lucifer’s Bloodline.”

Ridiculing was one thing, and joking was another.

At this moment, all of them had unanimously listed Lu Benwei as a top genius.

After an unknown amount of time, the monsters in the origin secret realm were all killed by Lu Benwei.

The corpses of the monsters lay on the ground in a mess. Blood had already dyed the ground scarlet red. Dozens of meters down, the soil was still the color of blood.

Lu Benwei wiped the sweat off his forehead, closed his eyes, and sat cross-legged. After a few breaths, his condition returned to its peak.

“He’s finally shown himself.”

Lu Benwei slowly opened his eyes, and in front of him stood a woman who was emitting a white holy light. She was tall and slender, two heads taller than Lu Benwei. She was the master of the bloodline secret realm and the final boss.

Lu Benwei activated the Eye of Insight and took in all her information.

[Origin Ghost]

[Level: 35]

[Talents and skills: Order Chain, Transcendence Demonic Light, Mirror Mist...]

[This was a supreme existence when it was alive. After it died, it was buried here. Its soul created this bloodline secret realm. Although it has little soul power left, it’s still the master of this world.]

Lu Benwei looked at the introduction of the Origin Ghost and was in a daze.

Just the power of the soul alone could create this world, and the remaining power could also display the power of a level 35.

At this moment, the Origin Ghost said, “Congratulations on reaching this stage. You’re the first one after so many years.”

Lu Benwei’s eyes narrowed, and he said in a deep voice, “Are you my next opponent?”

“That’s right,” the Origin Ghost replied.

After saying that, she shot out a white light wave from her hands. The lightwave was holy and pure, but it was filled with a thick aura of death.

Lu Benwei was shocked. “F*ck, you’ve lived for so long. How dare you attack me immorally?!”

At the same time, his hand did not stop moving and he activated the Holy Light Shield in front of him.

However, the power of the holy lightwave was extremely strong, and the Holy Light Shield could not even last one attack.

Lu Benwei's eyes flashed and the Ancient Sword of Clarity appeared in his hand. It was as black as ink and seemed to be a void world that could devour everything and dissipate all attacks.

He held the sword with both hands and slashed horizontally. The sword light was boundless and pounced out like the dark night covering the ground. It intertwined with the holy lightwave and rumbled.

Lu Benwei held his sword and slashed for a long time before he could offset the holy lightwave.

"Give up. There's a 10-level difference between us. It's hard to bridge the gap with talent," the Origin Ghost said coldly.

Lu Benwei also responded in a cold voice, "There's no turning back. I must get the magic weapons in this world."

Hearing this, the Origin Ghost's eyes shot out a cold light. "Since that's the case, there's nothing more to say."

After saying that, she shot out a wave of holy light with both hands.

"Magic Light!"

Lu Benwei's eyes were sharp, and his hands were fast. A huge shadow of the heavenly dog appeared on his body, exuding endless anger. Under the blessing of rage, Lu Benwei's attributes soared.

The Ancient Sword of Clarity once again slashed horizontally.

With Heavenly Dog's Wrath, Lu Benwei was able to resist the Magic Light easily.

At this moment, outside the origin secret realm.

Everyone looked at the scene in the secret realm and sighed.

"Sigh, the Origin Ghost is so powerful. This is the first time I've seen Lu Benwei lose."

"Both of them are peerless existences with extraordinary talents. However, there's still a difference of ten levels between them. The gap cannot be bridged by talent."

After sighing again and again, some professors lowered their heads and could not bear to watch anymore.

At this time, Chen Yuan's lazy yet deep voice was heard. "Don't be discouraged. Lu Benwei hasn't shown his true strength yet, right?"

When everyone heard this, they looked at each other.

Lu Benwei did not show his true strength. However, anyone with a discerning eye could see that the Origin Ghost had yet to reveal its true strength.

"Yo!" Chen Yuan suddenly exclaimed, "I didn't expect Lu Benwei to get a flying skill at level 25."

Everyone heard this and looked up. He saw Lu Benwei and the Origin Ghost chasing each other in the sky.

Lightning Speed was activated!

One-Key Speed Support was activated!

With Silver Speed, Lu Benwei's speed in the sky was very fast. However, the speed of the Origin Ghost was above Lu Benwei.

Magic Light was shot at Lu Benwei.

Lu Benwei's eyes were cold. He stopped running and turned around to release Myriad Light Fist. Before this, he had already used four skills.

Killing Aura.

Heavenly Dog's Wrath.

Sharp Blade.

Heavenly Dog's Blade.

Lu Benwei's body showed a strange scene. His aura was strong, and his every move seemed to be able to break mountains and rivers.

The star-like fist blocked the Transcendence Demonic Light that seemed to be breaking through everything.

The Origin Ghost saw that Lu Benwei was no longer holding back and began to chant a spell. Then, a clone that looked exactly like the Origin Ghost appeared. One of them was empty-handed, while the other was holding a long sword.

Seeing this, Lu Benwei shouted and stood together with the sword-wielding ghost with the Ancient Sword of Clarity in his hand.

As the two of them fought, the ghost suddenly pulled away from Lu Benwei. It turned out that it was another ghost body, and it had actually used tens of thousands of chains.

[Order Chain]

[After being hit, the target will be confined within the range for five seconds.]

Lu Benwei activated the Eye of Insight to instantly read the function of the Order Chain.

After a moment of surprise, Lu Benwei once again released Lightning Speed. Behind him, tens of thousands of chains shimmering with laws and order interweaved, locking down the space.

Suddenly, Lu Benwei felt a sense of death. It was the ghost holding the sword. Seeing this, he held the Ancient Sword of Clarity and fought with him again.

However, at this moment, Lu Benwei was imprisoned in the space created by the Order Chain. He slashed out with the sword in his hand, emitting dozens of cross-shaped sword lights, but he could not break the attack.

After five seconds, the Order Chain dissipated.

Lu Benwei thought that he had survived a disaster, but he did not expect that several Transcendence Demonic Lights were already in front of him.

“Boom!”

The holy light waves from all directions covered Lu Benwei in three layers and emitted a strong sense of death.

The crowd at the outer circle was shocked and their hearts were in their throats. No one would have a chance of survival under such an attack. Many people sighed sadly and looked at Liu Yi.

At this moment, Liu Yi kneeled on the ground with an ashen face, his eyes staring blankly at the center of the holographic projection.

However, when the thick light wave dissipated, everyone’s eyes widened!

Chapter 99

Lu Benwei was covered in the bright holy light of the Heavenly Light Shield. At the same time, five bloodline lights bloomed from his body.

Under his skin, the power of the bloodlines flowed with five different colors – red, orange, yellow, green, and azure. It was dazzling. The five types of bloodline power formed five powerful bloodline phantoms that surrounded Lu Benwei.

Everyone was overjoyed to see this.

“I almost forgot that Lu Benwei has five different bloodlines from bronze to diamond.”

“We’ve finally escaped a calamity. Just how many moves has this child not used yet?”

Chen Yuan heard everyone’s exclamations and said, “I don’t know how many more moves he has, but don’t forget that Lu Benwei just passed the king’s bloodline secret realm.”

Everyone’s expression changed drastically upon hearing this.

“Lucifer’s Bloodline!”

They shouted in unison.

“Night Curse!”

The sky above Lu Benwei quickly turned dark. His own eyes also became as dark as the night.

Lucifer’s Bloodline and Blood of Darkness were activated!

Lu Benwei’s attributes doubled! With four powerful enhancement skills and five strange bloodline powers, his combat power reached its maximum.

The Origin Ghost’s eyes turned cold.

“What a huge amount of amplification ability, all of his attributes have actually reached above level 30!”

“I’ll surprise you more,” Lu Benwei replied coldly.

Then, the Ancient Sword of Clarity in his hand began to hum, and the sword light shone with a cold light, exuding an aura of endless destruction.

After a few seconds, the Divine Sword of Destruction’s sword light shot toward the Origin Ghost.

The destructive sword light covered the sky and scattered the night sky. It was like the chanting of the death god, its power boundless and the aura of death overflowing the sky!

The Origin Ghost was hit by the Divine Sword of Destruction, and it was sent flying.

After that, the Origin Ghost's body was torn into pieces. White pieces of the corpse flew and shattered, leaving only a white ball of light in the air.

Lu Benwei guessed that this was the source of the Origin Ghost. He stepped on the void and floated over.

"Do you still want to continue?" Lu Benwei said lightly.

The Origin Ghost replied, "You win!"

Lu Benwei heaved a sigh of relief and returned to his usual self.

"What's the reward for defeating you?" he asked directly.

"It's..."

Just as the Origin Ghost was about to answer, the sky and the earth suddenly trembled.

"Not good!" the Origin Ghost's expression changed instantly as he exclaimed in surprise.

"What's happening?!" Lu Benwei asked.

"It's an undead insurrection! I've been defeated by you," the Origin Ghost said, "My strength has been greatly reduced. I can't suppress the dead souls in this secret realm."

After a pause, the Origin Ghost continued, "All the monsters in this level are transformed into the undead."

Lu Benwei also felt that what was happening was not good and quickly asked, "What should I do?"

The Origin Ghost replied, "There's no need to panic. With my current energy, I can still suppress a large part of it. However, I may have to trouble you with some powerful undead."

"No problem!"

After Lu Benwei replied, dozens of terrifying undead descended from the sky. He found them familiar. All of them were level 30 and above!

"Brat, you're here too!" the group of undead spoke in the human language and roared angrily.

“Since you’re here, let’s settle the old and new scores together!”

“How sad...” Lu Benwei sneered. “After being killed once, the undead is still trapped in this secret realm. From the looks of it, you guys want to be trampled on by me a second time?”

When the undead heard this, they all flew into a rage.

“Human, you’re seeking death! The Origin Ghost’s strength has been greatly reduced, and our strength is no longer suppressed. How can we still be trampled by you?”

Then, one by one, they made a terrifying sound and pounced at Lu Benwei. His expression was cold.

At this time, the four major enhancement skills and the enhancement of the five bloodline powers had yet to fade. Lucifer’s Bloodline was still providing him with dark energy.

“Crack.”

Lu Benwei’s body crackled with lightning. The sky rumbled and dark clouds covered the sky. This group of undead was shocked. Souls were most afraid of lightning.

“Boom!”

” Myriad Thunder Skill!” Lu Benwei shouted.

Bolts of lightning fell from the sky like the heads of dragons, tearing each undead creature apart with the most overbearing attack in the world.

“Arggh!”

The undead let out heart-wrenching roars. Under the lightning, their figures were sometimes real and sometimes illusory and finally turned into soul powder.

Outside the secret realm, everyone was stunned. They did not expect Lu Benwei to have such a skill.

Chen Yuan slapped his thigh and laughed. “I was just wondering who released the lightning pool that day in Northwind Mountain. So, it was this kid.”

The holographic projection in the sky slowly turned off, and everyone was silent. They were all shocked by Lu Benwei’s performance in the battle.

Finally, Chen Yuan stood up and said in a deep voice, "Everyone, seal off all information about this place. No one is allowed to leak any information to the outside world."

Everyone was excited when they heard this. They all knew what Chen Yuan's order meant. With such a student, the revival of Zhejiang Hunter University was in sight!

Not only did he use his own power to overturn people's understanding of magicians but it also gave people a new way of understanding combat.

Lu Benwei's physical strength was extremely strong, and his defense and recovery ability was outstanding. What was even more terrifying was that his attack power and methods had long surpassed his own level.

Lu Benwei might be the real hope of the human race in this era!

"What will it be like when Lu Benwei really grows up?" someone asked in surprise.

At this moment, in the origin secret realm.

Lu Benwei had cleared the secret realm and as a reward, he had three options.

[1. Darkmoon Wolf, 2. Light Titan, 3. Holy Key Sage]

These three rewards were all origin bloodlines. The origin bloodline was the top bloodline in the world. Those who had this bloodline could be in the league of legendary origin and had unlimited potential!

Under the Origin Ghost's suggestion, Lu Benwei chose the third source bloodline.

[Origin bloodline: Holy Key Sage]

[Holy Song (passive talent)]

[User will not suffer any negative effects and does not need to use any skills. Normal attacks will contain light energy. Wisdom will be increased by 50 percent, and when using light attribute skills, there's a 30 percent chance of a critical hit!]

However, after Lu Benwei successfully merged with the Holy Key Sage, the secret realm changed drastically!

Chapter 100 Collapse

"Boom boom boom!"

A deafening explosion shook the sky, and the secret realm collapsed. The sky shattered like a mirror. The ground was like a spider web as cracks kept spreading out until they reached the sky.

Lu Benwei saw the change and asked in surprise, "What's going on?"

The Origin Ghost replied with a bitter smile, "My energy can only barely maintain the operation of the rules of this secret realm. After you took away the origin-level bloodline, my power decreased. I'm afraid this secret realm is going to collapse."

"I see. Then how can we stop this secret realm from collapsing?" Lu Benwei asked.

The Origin Ghost shook his head. "It doesn't matter. I just need to rest for a few days and the secret realm will be restored to its original state."

Lu Benwei heaved a sigh of relief.

The Origin Ghost said, "It's about to collapse. You should get out!"

Lu Benwei nodded and cupped his fists. "Goodbye, see you again."

"We'll meet again!"

At the same time, the origin of the secret realm suffered the same situation. The sky shattered like a mirror. The stone doors slowly dug into the ground one by one and were about to disappear.

"Principal, what's going on?" a dean asked.

Chen Yuan's face was solemn, but he was very puzzled.

"I don't know, but in general, we can't stay here for long. Let's go out first."

"What about Lu Benwei?" Liu Yi quickly asked.

Chen Yuan was at a loss for words.

"I don't care, I'm going in to save him!" Liu Yi saw that Chen Yuan did not say anything, so he gritted his teeth and ran toward the stone gate of the origin secret realm.

However, at this moment, the ground near the stone gate of the origin secret realm cracked. Vast and scorching earth qi gushed out. The smoke got to Liu Yi's eyes, and he retreated while screaming in pain.

At the same time, the ground under Liu Yi's feet was quickly rolling up. The huge crack was like a swimming dragon, quickly swimming under his feet.

“Mr. Liu!” the crowd exclaimed.

Chen Yuan’s eyes were sharp, and his hands were fast. A pair of white wings grew on his back and flapped quickly as he rushed to Liu Yi’s rescue. Chen Yuan grabbed Liu Yi and escaped from the predicament.

However, the stone door to the entrance to the origin secret realm had already been submerged by the earth and sunk into the ground.

Liu Yi’s heart was like dead ashes, but he was helpless. Right now, the origin secret realm was rapidly collapsing. If they continued to act wilfully, everyone would be buried here.

At the same time, the entire Zhejiang Hunter University heard a loud noise coming from the bloodline secret realm. All the students and teachers felt the terrifying fluctuations.

“What’s happening?”

“What happened in the bloodline secret realm?”

“Hopefully nothing happen there. The people in the bloodline secret realm are all geniuses with SSS-rank resources in our school. They represent our hope.”

“Let’s go and take a look!”

Countless students headed to the bloodline secret realm with curiosity. Just as they were approaching, Chen Yuan’s angry roar came from the sky.

“All students aren’t allowed to get close to the bloodline secret realm! I repeat, all students aren’t allowed to approach the bloodline secret realm! If you’re discovered nearby the bloodline secret realm, you’ll be expelled from the school!”

The students stopped in their tracks. They all recognized Chen Yuan’s voice.

“What’s happening?”

“Why is the principal so angry?!”

“Could it be that the supreme existence in the depths of the bloodline secret realm has been awakened?”

As soon as he said that, all the students’ expressions changed. They immediately went back the way they came, distancing themselves from the bloodline secret realm.

Now, the bloodline secret realm had been reduced to ruins. Outside the secret realm, Liu Yi stretched his neck and looked at the ruins with eager eyes.

“Principal, Lu Benwei is so stubborn,” Liu Yi said unwillingly.

Chen Yuan heaved a long sigh. “The secret realm collapsed and Lu Benwei was trapped in it. He’s probably dead.”

The other professors and deans also heaved a long sigh.

“It’s such a pity for this genius that the secret realm collapsed!”

“It’s all my fault.” Chen Yuan closed his eyes and his voice was filled with self-blame. “Poor Lu Benwei, he just died like that.”

“Ahem, who cursed me to death?!”

As soon as Chen Yuan finished speaking, everyone heard Lu Benwei’s voice.

Liu Yi cried tears of joy and shouted, “Lu Benwei?! Where are you?”

Lu Benwei coughed a few times and replied, “Mr. Liu? Quickly come and help me!”

When Liu Yi and the others heard this, they immediately went in the direction of the sound.

Lu Benwei’s upper body was exposed, while his lower body was buried in the ground. The crowd did not know whether to laugh or cry, and then they pulled Lu Benwei out of the ground.

After Lu Benwei came out, he said angrily, “Who was the person who cursed me to death just now?”

Everyone’s expression changed when they heard this, and their eyes drifted to Chen Yuan from time to time.

Lu Benwei immediately understood and laughed. “Oh, the weather’s pretty good today...”

“Alright, enough nonsense.” Chen Yuan cleared his throat and said in a deep voice, “Lu Benwei, you’re in the secret realm. Do you know what happened?”

Lu Benwei scratched his head and said, “Actually, it’s nothing much. It’s just that I took away the origin-level bloodline, causing the secret realm’s origin to lose a portion of its power. It couldn’t hold on any longer and the secret realm collapsed.”

Chen Yuan’s mouth was twitching, and his heart was bleeding.

The bloodline secret realm was the most precious asset of the university. Many talented geniuses had chosen to enter the university because of it. If the outside world knew about this, the recruitment of Zhejiang Hunter University would be even more difficult next year.

Everyone could hear Chen Yuan's heart bleeding and sighed helplessly.

Seeing everyone's ashen faces, Lu Benwei said, "Mr. Principal, Mr. Liu, and teachers, there's no need for everyone to worry. The source of this bloodline secret realm is still here. I believe it will recover soon."

Everyone heaved a sigh of relief when they heard this.

"Brat, don't simply say nonsense!" Liu Yi gently patted Lu Benwei's back. "I was almost scared to death."

Chen Yuan's tightly furrowed brows also relaxed.

"Since this bloodline secret realm can repair itself, I won't hold you responsible. However, the collapse of the bloodline secret realm has turned this place into a mess. Lu Benwei, I order you to clean up this place before you leave here," Chen Yuan said.

"No way, Mr. Principal. I'm the first person in our school to obtain an origin-level bloodline. Not only is there no reward, but you're also punishing me with cleaning?" Lu Benwei wanted to cry but had no tears.

"Don't talk nonsense, hurry up and get to work."

After Chen Yuan and the others left, Lu Benwei looked at the hill-like ruins and sighed.

"Principal, I don't understand why you want Lu Benwei to clean the place," on the other side, Liu Yi asked while walking.

Chen Yuan replied, "There are countless pairs of eyes outside. If Lu Benwei comes out with us, what do you think the students outside will think?"

"We have to keep the matter of Lu Benwei obtaining the origin bloodline a secret. At least, we can't let outsiders know that it was Lu Benwei who obtained the origin bloodline!"
