[Global Lord: 100% Drop Rate](#)

Chapter 111: Official Lord Status! Official Lord Reward!

Zhou Zhou subconsciously looked into the distance.

This time, however, the Scarlet Fog did not appear there.

A large amount of Scarlet Fog quickly condensed in the sky.

Then, blood-colored crows flew out of the Scarlet Fog. They cawed as they rushed towards Blazing Sun City.

"Even flying monsters?" Zhou Zhou was a little surprised.

This was the first time he had faced an enemy which could fly.

He looked at them.

There were a total of 50 of them!

Among them were 10 Black Iron-Tier Advance Grade elite monsters, 15 Black Iron-Tier Intermediate Grade monsters, and 25 Black Iron-Tier Elementary Grade monsters!

Zhou Zhou first looked at the Black Iron-Tier Advance Grade Elite monsters.

[Monster Name: Blood Nether Crow Elite]

[Strength Level: Black Iron-Tier Advance Grade]

[Monster Description: Fog Monster in the fifth round of the novice Lord test. If you kill them, you can obtain the fifth round of novice Lord Treasure Chest!]

[Loot Drop Rate: Eight Black Iron-Tier Mist Core (Drop Rate: 100%), four Black Iron-Tier Basic Materials Pack (Drop Rate: 5%), one Black Iron-Tier Advance Grade Lifestyle Professionals Recruitment Books Big Gift Bag (Drop Rate: 1%), one Gradeless Beginner Military Class Change Certificate Big Gift Bag (Drop Rate: 0.5%)

Then, he looked at the other Blood Nether Crows.

Among them, the Black Iron-Tier Intermediate Grade Blood Nether Crow would drop four Black Iron-Tier Mist Cores, two Black Iron-Tier Basic Materials Packs, and one Black Iron-Tier Advance Grade Lifestyle Professionals Recruitment Books Big Gift Bag!

The Black Iron-Tier Elementary Grade Blood Nether Crow would drop two Black Iron-Tier Mist Cores and one Black Iron-Tier Basic Materials Pack!

"It's starting to drop Beginner Soldiers?"

A smile appeared on Zhou Zhou's face.

The only Beginner Soldiers he knew now were the Poison Crossbow Soldiers and Cavalrymen.

He did not know what other types of beginner soldiers there were.

At the same time...

Bai Yi also ordered 500 Elemental Archers to use Fire Vine Arrows to kill these Blood Nether Crows.

However, even though these Blood Nether Crows were not as thick-skinned as the previous Blood Hoof Elephants, they were very agile.

The 50 Blood Nether Crows were killed only after the three rounds of fire vine arrows.

[Prompt One: You have defeated the fifth round of fog monsters and obtained the fifth round of novice Lord Treasure Chest!]

[Prompt Two: The sixth round of fog monsters will appear near your territory and will attack your territory in two hours. Please be prepared for battle!]

The fifth Novice Lord Treasure Chest appeared out of thin air in front of him.

Zhou Zhou did not open the Treasure Chest immediately.

Instead, he stood rooted to the ground, feeling a little emotional.

For the past seven days, he had been conscientiously developing his territory as if he was walking on thin ice. He was right indeed.

He had indeed not let down his seven days of hard work!

He could become an official Lord as long as he defended until the sixth round of the fog monster attack.

The first five rounds were actually quite easy for him.

He did not feel any difficulty at all.

It felt like these monsters were here to deliver themselves to him.

However, he soon recovered from this emotion.

"These five rounds of monsters are indeed very weak."

"I can pass so easily... Therefore the Overlord Lord, Dragon Lady Lord, Undead Lord... These top Lords can definitely also pass easily."

"The Supreme Challenge later on will be a true competition of strength to widen the gap between us!"

Zhou Zhou thought to himself.

Then, he opened the fifth Novice Lord Treasure Chest in front of him.

Inside were:

Three Green Bronze-Tier Basic Resource Packs!

One Black Iron-Tier Mist Core Big Gift Bag!

Two Gradeless Basic Military Profession Change Certificate Big Gift Bags!

Two Black Iron-Tier Advance Grade Basic Military Profession recruitment books!

Two Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books!

One Gradeless Beginner Soldier Class Change Certificate Big Gift Bag!

Among these rewards,

Zhou Zhou looked at the two gift bags that he had never seen before.

First was the Green Bronze-Tier Mist Cores Big Gift Bag.

There were 500 Green Bronze-Tier Mist Cores inside!

Then, there was the Gradeless Beginner Soldier Class Change Certificate big gift bag.

[Item Name: Beginner Soldier Profession Change Certificate Big Gift Bag]

[Item Level: Gradeless]

[Item Effect: After opening it, you can obtain one Gradeless Cavalrymen Class Change Certificate, one Gradeless Scout Soldier Class Change Certificate, one Crossbow Soldier Class Change Certificate, and one Gradeless Musketeer Soldier Class Change Certificate!]

[Item Description: One Beginner Soldier Class Change Certificate Big Gift Bag! After opening it, you can obtain four mainstream Beginner Soldier Class Change Certificates!]

"Cavalrymen, Scouts, Crossbowmen and Musketeers!"

"So these are the four mainstream Beginner Soldiers."

"Looks like the Poison Crossbow Soldiers are a relatively unorthodox Beginner Soldier type."

Zhou Zhou was deep in thought.

A moment later, the corpses of 50 Blood Nether Crows were sent over.

He directly extracted the loots of these monsters.

In total:

190 Black Iron-Tier Mist Cores!

140 Black Iron-Tier Basic Materials Packs!

25 Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books!

10 Gradeless Beginner Soldier Class Change Certificate Big Gift Bags!

Then, Zhou Zhou opened the two Black Iron-Tier Advance Grade Basic Military recruitment books and the 27 Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books.

He obtained a total of 10 Black Iron-Tier Advance Grade Basic Military recruitment books and 162 Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books!

Then, he handed these to Bai Yi again and asked her to summon them through the Gate of Summoning.

A moment later, the Blazing Sun Army received another 10 new recruits!

Blazing Sun City gained another 162 Black Iron-Tier Advance Grade Lifestyle Professionals!

Two hours later.

[The sixth round of fog monsters has appeared. Lord, please be prepared!]

Zhou Zhou took a deep breath.

He could get rid of his identity as a novice Lord once he had passed this stage to become an official Lord of the High Continent!

At this moment, Scarlet Fog appeared in all directions of Blazing Sun City.

Then, fog monsters slowly walked out of the fog one after the other.

They stared at Blazing Sun City covetously.

They include:

Five Demon Eye Wolves!

10 Black Scaled Boars!

25 Black Fire Fog Tigers!

10 Blood Hoof Elephants!

50 Blood Nether Crows!

These monsters had previously tested Zhou Zhou.

At this moment, they were making a comeback!

And they were no longer coming from one direction.

Instead, they rushed over from all directions of Blazing Sun City, trying to disperse their forces.

From there, they would take the opportunity to find the weakest point in the defense and break through it in one go!

However, even if they rushed over together, it was still nothing to Blazing Sun City, which had a total of 2,000 long-range soldiers on the city wall.

A rain of arrows and more than half of these 100 monsters died.

Then, they performed precise marksmanship where the remaining monsters were killed one by one.

There was no need for the soldiers under the city wall to change their defense.

Then, the last Blood Nether Crow died and fell weakly onto the desert.

Rows of golden text notifications appeared.

[Confirmed that you have officially passed the sixth round of attack by the fog monsters. You meet the requirements to become an official Lord!]

[You have obtained the status of an official Lord!]

[You have obtained the Basic Lord Reward— one point for your Reputation Rating!]

[You have obtained the Basic Lord Reward - Lord's Blessing— Supreme Barrier!]

[You have obtained Basic Lord Reward - 'Battle Resurrection Scroll' x1!]

[You have received Basic Lord Reward - 'Potential Advancement Potion (Extraordinary-Tier)' x1]

[You have obtained the Basic Lord Reward— 'Cerulean Planet Human Race Architecture Blueprint - Imperial Ancestral Temple' x1]

[You have obtained the Basic Lord reward - 1 chance to participate in the Supreme Challenge!]

[You have three hours to prepare. After three hours, you can choose to accept the Supreme Challenge and fight for the title of the strongest Novice Lord and the final Supreme Reward. Or you can give up this opportunity and participate in the subsequent official Lord Event!]

A smile appeared on Zhou Zhou's face.

He had obtained the official title of a Lord!

[**Global Lord: 100% Drop Rate**](#)

Chapter 112: Checking The Reward! Imperial Ancestral Temple!

Zhou Zhou sighed.

The first six rounds of fog monster attacks in this novice Lord test might be a little difficult for a Lord who was developing normally.

However, it was indeed too simple for him, who had developed exceptionally well.

But then he began to think.

Looking at it this way...

The Supreme Will had a pass rate for a Novice Lord's strength.

It should be about whether a new Lord could defeat 100 monsters below the Green Bronze-Tier after seven days of development.

Thinking of this, Zhou Zhou opened the Novice Lord Ranking and looked at his ranking.

[Lord of The Blazing Sun: 815,658,544th.]

His expression did not change at all.

Then he looked at the total number of pages below.

[81,565,854 / 75,011,542 (page)]

Zhou Zhou's heart sank when he saw the total page number.

Five million pages were gone...

This meant that at least 500 million Lords had died in this novice Lord test!

The novice Lord test for most Lords had not ended yet so many have perished.

How many Lords from the Cerulean Planet would be left after the novice Lord test officially ended?

He couldn't help but open the World Channel.

Surprisingly, there were very few Lords on the World Channel.

Only a small number of Lords who had passed the novice Lord test were discussing the Supreme Challenge in three hours.

Zhou Zhou watched these people chat.

These people who had completed the sixth round of the Fog Monster's attack at this time were clearly not weak.

They were all his competitors in the Supreme Challenge.

As for the Lords who were not online, either they were still facing the attack of the fog monster or they had already failed and died in this novice Lord test.

Zhou Zhou was silent for a moment.

Then, he closed the World Channel.

He could not save the Lords of the Cerulean Planet.

The only thing he could do now was to protect himself.

Then, Zhou Zhou opened the sixth Treasure Chest.

Inside were:

Five Green Bronze-Tier Basic Resource Packs!

Three Green Bronze-Tier Mist Core Big Gift Bags!

Five Gradeless Basic Military Profession Change Certificate Big Gift Bags!

Five Black Iron-Tier Advance Grade Basic Military recruitment books Big Gift Bags!

Five Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books Big Gift Bags!

Three Gradeless Beginner Soldier Class Change Certificate Big Gift Bags!

Three Gradeless Beginner Soldier recruitment book Big Gift Bags!

There was no need to look at the other items.

Zhou Zhou looked at the three Gradeless beginner soldier recruitment book Big Gift Bags.

He discovered that there were a total of three Gradeless Cavalrymen Recruitment Books, three Gradeless Scout Recruitment Books, three Crossbowmen Recruitment Books, and three Gradeless Musketeer Recruitment Books.

After Zhou Zhou opened them, he handed them to Bai Yi to summon.

A moment later, Bai Yi brought 12 beginner soldier recruits over.

"Greetings, my Lord!"

The 12 people said respectfully.

Zhou Zhou acknowledged.

Then, he checked the attributes of the Scouts, Crossbowmen, and Musketeers.

He had seen Cavalrymen a long time ago, so he naturally didn't need to.

[Potential: White Silver-Tier Advance Grade]

A smile appeared on Zhou Zhou's face.

The three Beginner Soldiers each had their own characteristics.

Moreover, they were much stronger than Basic Soldiers.

As expected of Beginner Soldiers!

Zhou Zhou then got Bai Yi to bring these 12 people to join the Blazing Sun Army.

He checked the rewards for becoming an official Lord.

The first was naturally the one Reputation Rating point.

He opened the Reputation Ranking and saw that he already had five Reputation Rating!

At this stage, he could look down on all the Lords!

The Lords after him, only had one Reputation Rating point without exception.

Then, it was the Lord's Blessing— Supreme Barrier.

Zhou Zhou found it in his Skill panel.

[Skill Name: Lord's Blessing— Supreme Barrier]

[Skill Quality: Special]

[Skill Description: An official Lord's Exclusive Skill! Every time a Lord conquers a city or builds a city, a Supreme Barrier will automatically rise in the city after the Lord agrees to it, to prevent the Scarlet Fog from invading the territory. The Lord can close the Supreme Barrier of any territory at any time.]

"So..."

"Is this another type of novice Lord Protective Barrier?"

"It can repel the Scarlet Fog but it is unable to stop the enemy from breaking in."

Zhou Zhou pondered.

With a thought...

The next second.

Zhou Zhou saw a golden square light barrier rise from the ground in the distance.

It enveloped the entire territory of Blazing Sun City in the blink of an eye.

Zhou Zhou nodded slightly.

Even though this Supreme Barrier could only stop the invasion of the Scarlet Fog and not other enemies, he had the Sand Crystal City Wall in his territory.

There was no need to worry too much about this.

He also activated the Supreme Barrier for the distant Desolate City.

Then, he looked at the reward scroll.

The Battle Resurrection Scroll!

It was a large green scroll that emitted a faint green light and was filled with a life force visible to the naked eye.

[Item Name: Battle Resurrection Scroll]

[Item Grade: Special]

[Item Effect: All living beings that die in a battle can be revived upon use.]

When Zhou Zhou saw this, he immediately understood that this was prepared for those Lords who had suffered heavy losses after passing the novice Lord test.

With this scroll, the newly promoted official Lords would not lose too much of their strength before the next Novice Lord Test at the very least.

This could also give official Lords like them a normal start so that they could integrate into the upcoming competition.

However, he had a question.

"Can this Battle Resurrection Scroll be used in the Supreme Challenge?"

He immediately asked.

The next second.

A text notification appeared.

[Lord Hint: The Supreme Challenge can be considered a battle.]

Zhou Zhou's heart stirred.

He could challenge the next Supreme Challenge without any worries with this Battle Resurrection Scroll.

He then turned his attention to the bottle of Extraordinary-Tier Potential Advancement Potion.

[Potion Name: Potential Advancement Potion]

[Potion Grade: Extraordinary-Tier]

[Potion Effect: After consuming it, it can increase the potential of life forms below the Extraordinary-Tier level to the potential of an Advance Grade Extraordinary-Tier!]

[Potion Description: Precious Life Sublimation Potion!]

Zhou Zhou looked at the Potential Advancement Potion in his hand and was a little excited.

Extraordinary-Tier potential!

This was already a potential that far exceeded the upper limit of human potential!

The first person he thought of was Zhao Changshou.

He had already reached the upper limit of his potential.

Moreover, Elder Zhao worked hard for the territory.

Especially for this novice Lord test.

Elder Zhao was definitely one of the people who had contributed the most!

He was definitely qualified to use this bottle of Extraordinary-Tier Potential Advancement Potion.

As for himself, he did not need to use it.

This was because the Lords did not have any potential.

According to the deduction by the Lords on the World Channel, the Lords of all races who had been recruited should have no upper limit of potential.

Or rather...

Their potential was very high, there was even no need for potential to appear for the time being.
Therefore, it was better to give this bottle of Extraordinary-Tier Potential Advancement Potion to others.

"Elder Zhao should still be resting now."

"Let's give it to him after the novice Lord test."

Zhou Zhou thought.

Then, he looked at the last reward other than the Supreme Challenge.

The blueprint of the human race on Cerulean Planet—Imperial Ancestral Temple!

[Construction Blueprint Name: Imperial Ancestral Temple]

[Construction Blueprint Level: Special]

[Construction Blueprint Effect One - Ancestral Protection: Different types of statue of the human ancestors on Cerulean Planet can provide various buffs to territories, Subjects, and Lords after settling into the statue of the human ancestors on Cerulean Planet.]

[Construction Blueprint Effect Two - Ancestral Blessing: The Lord will go to the Imperial Ancestral Temple to worship the ancestors before each big battle. There is a chance of obtaining a random temporary war buff effect.]

[Construction Blueprint Effect Three: When Lords and forces under them go out to hunt fog monsters, they will encounter fog monsters that have a very small chance of dropping the statue of the human ancestors of Cerulean Planet.]

[Construction Blueprint Description: Construction Blueprint of the Human Race on Cerulean Planet—A major matter of the country. Sacrifice and war!]

Zhou Zhou's eyes lit up when he saw the building blueprint's effect.

What an interesting and unique feature of the Cerulean Planet.

Especially the last building blueprint effect.

Zhou Zhou looked at it and could not help but smile.

Small probability?

All of them could become 100% probabilities in front of him!

He could not help but fantasize.

In the future, there would be hundreds or even more ancestral statues in his Imperial Ancestral Temple.

When the time comes...

The buff effect would be maxed out!

A moment later, Bai Yi came over and brought over the corpses of the 100 fog monsters.

Zhou Zhou came back to his senses.

He took out the Conqueror's Blast Furnace and successfully extracted all the Loots from the corpses of the 100 fog monsters.

He obtained a total of 421 Black Iron-Tier Mist Cores!

197 Black Iron-Tier Basic Resource Packs!

10 Gradeless Basic Military Profession Change Certificates!

22 Gradeless Basic Military Profession Change Certificate Big Gift Bags!

10 Black Iron-Tier Advance Grade Basic Military recruitment books Big Gift Bags!

30 Black Iron-Tier Advance Grade Lifestyle Professionals recruitment books Big Gift Bags!

Zhou Zhou opened all the recruitment books and Big Gift Bags. He obtained a total of 50 Military Professionals recruits and 180 Black Iron-Tier Advance Grade Lifestyle Professionals!

"Tsk tsk."

"Getting 230 Professionals directly."

"This is much faster than summoning Professionals every day!"

"This 100% drop rate is ridiculous."

"I didn't expect it to be so useful in the novice Lord test and to give me so many gains."

Zhou Zhou sighed inwardly.

After that, he told the soldiers to rest well and prepare for the Supreme Challenge three hours later.

Three hours later, a line of blood-colored text appeared in front of Zhou Zhou.

[Would you like to take on the Supreme Challenge as an official Lord?]

"Yes!"

Zhou Zhou said without hesitation.

[Global Lord: 100% Drop Rate](#)

Chapter 113: Supreme Challenge! Fire Demon! (1)

Just as Zhou Zhou chose to accept the Supreme Challenge...

Rumble...

Thick Scarlet Fog quickly spread outside the Supreme Barrier of Blazing Sun City.

Crimson lightning continuously flashed and exploded.

The world turned scarlet!

All the Blazing Sun City Subjects were dumbfounded when they saw the changes in the weather.

Fear appeared in the eyes of many Subjects.

Zhou Zhou looked at this scene thoughtfully.

He also felt a sense of oppression.

Still...

"Is this really a challenge from the Supreme Will?"

"Why does it feel like the work of the Crimson Overlord?"

Zhou Zhou complained in his heart.

At this moment, a line of notifications appeared in front of Zhou Zhou again.

[Supreme Will Notification: In 10 minutes, the newborn Scarlet Lord from the Crimson Overlord will launch more siege battles against the Lords who have accepted the Supreme Challenge. Please be prepared!]

[Supreme Challenge Rule One: All the forces under the Lord can recover to their peak state after every round of the Supreme Challenge ends, as long as the Lord is still alive. Some of the battle losses can also be restored!]

[Supreme Challenge Rule Two: The Lord has the right to withdraw from the Supreme Challenge before the next round begins after every round.]

"The rules are favorable for the challenger."

"I just need to know when to stop."

"And run away from the fight."

"But..."

"The Crimson Overlord is really involved..."

The corners of Zhou Zhou's mouth twitched.

"You are this King's opponent?"

At this moment, a hoarse and deep voice sounded.

The voice seemed to come from all directions.

Its tone was filled with arrogance and terror.

Zhou Zhou seemed to have sensed some danger.

His eyes narrowed.

Even Nezario, which had been lying on its stomach, seemed to have sensed something and stood up. Its scarlet dragon eyes stared coldly at something in the depths of the Scarlet Fog.

And its movements seemed to have attracted the existence in the Scarlet Fog.

"Look what I found."

"A young Lava Dragon."

"Hmm?"

"There's actually a hero."

"Tsk tsk."

"Lord from the Supreme Will, tell me your name."

"Even though it will end the same way as the Lords I've killed in the past."

"But an opponent like you shouldn't remain nameless like them."

"You have the right to let this King know your name."

The voice said with interest.

Zhou Zhou frowned slightly.

The owner of this voice should be his opponent in the Supreme Challenge later.

The other party should have seen through his strength after listening to its words.

Yet, it was still so relaxed?

Was it confident that it could deal with him?

Zhou Zhou looked at Nezario.

Nezario sent him a "one-on-one, winnable" reply.

Zhou Zhou immediately calmed down.

"I am the Lord of The Blazing Sun."

He said calmly.

"Lord of The Blazing Sun?"

"I'll remember that."

"This King's name is..."

It was about to say something when it heard Zhou Zhou saying calmly.

"You don't have to say anything."

"I've killed a lot of nobodies."

"You won't be an exception."

"I'm not interested in the name of a corpse."

An incapable soldier is just a soldier, but an incapable commander would bring out a team of incapable soldiers!

Aura was very important when two armies faced each other.

If he showed his fear or let the other party's aura suppress his side, it would definitely have a bad impact on the battle later...

Especially since so many soldiers and subjects were looking at him.

Regardless of whether he would take the initiative to withdraw from this Supreme Challenge later.

He just had to suppress the other party's aura verbally right now.

If not for the fact that he was worried about affecting his image, Zhou Zhou wanted to let the other party experience the power of Dr.Mundo, the Madman of <anno data-annotation-id="6e8759aa-8cf7-4a10-8198-75fa2d6ebb87">Zaun</anno>.

The effect of his words was obvious.

The fear in many people's eyes disappeared.

They looked at their Lord in a relaxed manner.

Some soldiers and subjects couldn't help but laugh.

The tense atmosphere was instantly cleared.

The strong will to fight quietly intensified!

The other party was also stunned by Zhou Zhou's words. Then, it immediately became angry.

"Very good!"

"Fearless worms."

"In a while, this King will let you know what it's like to be burned to death by flames!"

"You talk too much." Zhou Zhou could not be bothered to continue arguing with it seeing that the effect he wanted had been achieved.

The other party snorted.

Then, it stopped talking.

After a while.

A challenge notification appeared.

[Supreme Challenge: The first round of the Supreme Challenge has begun. Lord, please be prepared!]

The next second.

A large number of monsters rushed into the Supreme Barrier from the fog.

There were more than a thousand monsters!

There was a 10 times difference in numbers compared to the number of fog monsters in the sixth round!

They were at least three to four meters tall. Their bodies were greenish-white, and there were two huge curved horns on their foreheads. Their eyes were blood-red, and there were two huge fangs growing upwards under their mouths.

They had a pair of blood-red wings on their backs and held a huge ax burning with flames.

Black-red flames and smoke surrounded them, making them look rather terrifying.

Zhou Zhou looked at them.

A monster notification appeared.

[Monster Name: Fire Demon]

[Strength Level: Black Iron-Tier Elementary Grade]

[Monster Description: The first round of the Supreme Challenge with a Fog Monster. It was once a Fire Demon on the 601st level of the Abyss when it was alive. Kill them and you can obtain the first round of the Supreme Challenge Treasure Chest!]

[Global Lord: 100% Drop Rate](#)

Chapter 114: Supreme Challenge! Fire Demon! (2)

[Loots Drop Rate: Two Black Iron-Tier Mist Cores (Drop Rate: 100%), two Black Iron-Tier Abyss Crystals (Drop Rate: 50%), one bottle of Black Iron Potential Advancement Potion (Drop Rate: 10%), one Black Iron-Tier Elementary Grade Abyss Contract Book (Drop Rate: 5%)]

"So this is the Supreme Challenge..."

"There are so many items to drop."

"And it will actually drop the Potential Advancement Potion?"

Zhou Zhou was a little surprised.

There might be a huge difference from the previous test, but it was not difficult for him.

He didn't even need to do anything himself.

...

More than 1,000 Fire Demons first rushed towards the four monster ranches closest to them.

Mu Gu watched this scene calmly.

The 1,250 Desert Fog Lizards, 1,250 Black-Tailed Fog Scorpions, 1,250 Sandmen, and 1,250 Wild Sand Believers under his control were also looking at them quietly.

Some of the Fire Demons sensed that something was wrong.

However, the will of destruction and slaughter burned in their minds.

As low-level demons, they did not have the ability to think too much and were driven by instinct to kill these monsters.

When all of them entered the Monster Ranches...

"Destroy them!" Mu Gu said calmly.

The next second.

The 5,000 monsters that were originally extremely quiet immediately rushed towards these Fire Demons to kill them.

Even though there were only about 1,000 Fire Demons, they were not afraid of these 5,000 monsters at all.

Some of the Fire Demons opened their mouths and spat out black-red flames, burning several fog monsters to death.

Some of the fire demons let out a furious roar.

The surrounding ranch monsters immediately turned around and fled as if they had encountered something terrifying.

More demons were fanatically using the Fire Giant Axes in their hands to fight crazily in close combat.

As for these thousands of Desert Fog Lizards, Black-Tailed Fog Scorpions, Sandmen, and Wild Sand Believers, even though their individual combat strength was inferior to these Fire Demons, the advantage of numbers was enough for them to attack these enemies.

A moment later, these 1,000 odd Fire Demons were killed.

However, Mu Gu frowned.

This was because more than 3,000 ranch monsters had died on his side.

But in the next second, all the dead ranch monsters were instantly revived.

Even the partially destroyed monster ranch fence was instantly restored to its original state.

These newly resurrected ranch monsters looked around blankly.

As if they didn't know how they came back to life.

At the same time...

A challenge notification appeared in front of Zhou Zhou.

[Prompt One: You have completed the first round of the Supreme Challenge and obtained the first round of the Supreme Challenge Treasure Chest!]

[Prompt Two: The second round of the Supreme Challenge will begin in an hour. Please prepare for battle in time!]

[Prompt Three: All units that died in battle have been revived. Some of your war losses have been restored!]

[Prompt Four: You can choose to withdraw from the Supreme Challenge now.]

Naturally, Zhou Zhou would not back out.

He did not look at the black-gold Treasure Chest that appeared out of thin air in front of him.

Instead, he immediately looked in the direction of the Monster Ranches.

He heaved a sigh of relief when he saw all the ranch monsters revive.

However, he soon frowned.

"These Fire Demons,"

"Not only are they crazy in battle, but they are also not afraid of death. Their individual combat strength is also quite terrifying."

"A tough opponent."

For the first time, Zhou Zhou felt the difficulty of the Supreme Challenge.

The previous six rounds of attacks from the fog monsters were as easy as playing house compared to it.

And this was only the first round.

How difficult would it be in later stages?

Zhou Zhou opened the Novice Lord Ranking and looked at his ranking.

[Lord of The Blazing Sun: 10,255,521th]

His ranking could be said to have increased greatly!

Zhou Zhou was stunned when he saw the ranking.

Then, he quickly thought of the reason.

"The Official Lord status is a hurdle."

"A Lord who is not confident in his own strength and is satisfied with this identity would probably directly give up on the subsequent Supreme Challenge directly after becoming an official Lord!"

"That's why I'm in the top 10 million."

"People who are still holding on are either reckless or top-notch Lords who are confident in their strength!"

Zhou Zhou looked at the ranking in amazement.

This ranking proves that:

There were more than 10 million Lords who completed this step faster than him!

There were probably many Lords who were fighting in the first round of the Supreme Challenge in the rankings behind him.

Good God!

They usually kept a low profile on the World Channel.

Everyone called themselves weaklings.

So, everyone stopped pretending now that it was time for the test, right?

Zhou Zhou shook his head.

He did not care about this ranking.

When had he ever displayed his full strength either?

A temporary lead was nothing.

Only those who reached the end would obtain the final fruit of victory!

Then, he looked at the black-gold Treasure Chest in front of him.

A text notification appeared.

[Supreme Challenge Treasure Chest: The reward for passing the first round of the Supreme Challenge is stored inside.]

Zhou Zhou stepped forward.

He opened this Supreme Challenge Treasure Chest.

Inside were:

10 Green Bronze-Tier Basic Resource Packs!

10 Green Bronze-Tier Big Gift Bags!

10 Gradeless Beginner Soldier Class Change Certificate Big Gift Bags!

Five Gradeless beginner soldier recruitment books Big Gift Bags!

Five Green Bronze-Tier Elementary Grade Lifestyle Professionals Recruitment Books Big Gift Bags!

10 bottles of Black Iron-Tier Potential Advancement Potion!

Three bottles of Green Bronze-Tier Potential Advancement Potion!

10 Green Bronze-Tier Elementary Grade Abyss Contract Books!

Zhou Zhou knew all the other items.

The Five Green Bronze-Tier Elementary Grade Lifestyle Professionals Recruitment Books Big Gift Bags had a total of 30 Green Bronze-Tier Elementary Grade Lifestyle Professionals Recruitment Books, which could recruit 30 Green Bronze-Tier Elementary Grade Lifestyle Professionals!

The remaining Green Bronze-Tier Potential Advancement Potion could raise a life form's potential to the Green Bronze-Tier Advance Grade!

As for the last reward, it was also one of the loot of these Fire Demons.

[Item Name: Abyss Contract Book]

[Item Level: Green Bronze-Tier Elementary Grade]

[Item Effect: Activate the Abyss Contract Book. You can summon a Green Bronze-Tier Elementary Grade Fire Demon from the 601st level of the abyss to fight for you. Duration: 30 minutes.]

[Item Description: An Abyss Contract Book made from the blood of the Fire Demon. It contains the power of the abyss.]

[Special Notification: This item is a one-time use item. After using it, it can't be restored as war damage in the Supreme Challenge.]

Zhou Zhou was deep in thought.

Then, he put them away.

He could still handle the current situation.

It was not the time to use these one-time use items.

He looked at Nezario.

"Nezario."

"Bring Mu Gu back to the city if he is in danger later." He said.

Zhou Zhou felt the 5,000 ranch monsters under Mu Gu would not be enough for the next round of the Supreme Challenge.

Nezario nodded.

A moment later.

The corpses of more than 1,000 Fire Demons were pulled into Blazing Sun City.

There were a total of 1,058 Iron-level Fire Demons and 56 Green Bronze-Tier Elementary Grade Fire Demons!

After all the Loots were extracted by Conqueror's Blast Furnace, he obtained a total of:

3,430 Black Iron-Tier Mist Cores! 112 Green Bronze-Tier Mist Cores!

3,430 Black Iron-Tier Abyss Crystals! 112 Green Bronze-Tier Abyss Crystals!

1,058 bottles of Black Iron-Tier Potential Advancement Potions! 56 bottles of Green Bronze-Tier Elementary Grade Potential Advancement Potions!

1,058 Black Iron-Tier Abyss Contract Books! 56 Green Bronze-Tier Elementary Grade Abyss Contract Books!

Zhou Zhou put away the other items.

Especially the Abyss Contract Books.

Then, he looked at the item information of the Abyss Crystals.

He realized that they were similar to the Mist Cores.

They were all products condensed from the energy of the Abyss and could also be used as currency in the Abyss.

Just as Zhou Zhou was putting these things away...

The terrifying and arrogant voice sounded again.

"Lord of The Blazing Sun."

"Do you know why you're fighting me?"

Zhou Zhou's heart stirred.

The other party continued.

"Because this is a bet between the Supreme Will and the Crimson Overlord."

"It can also be said to be a competition between the youngest Lords of both sides!"

"Between us... As well as the other Lord factions who are currently challenging."

"Right now, they are all under the watchful gaze of the Supreme Will and the Crimson Overlord."

"Those who perform well will get the most benefits!"

"And you are an opponent who can make me shine."

"After This King defeats you."

"I will definitely be favored by the Crimson Overlord."

"It's not impossible for me to replace my father, Ardiles, even if I return to the Abyss in the future!"

There was an almost fanatical desire in its tone.

"Don't worry, unfilial son."

"You will not return back."

"You're gonna die here."

Zhou Zhou said calmly.

"Hmph!"

"You overestimate yourself."

The other party was so angry that it stopped talking.

A moment later.

[Supreme Challenge: The second round of the Supreme Challenge has begun. Lord, please be prepared!]

[Global Lord: 100% Drop Rate](#)

Chapter 115: Fire Demon Lord — Artena! 1st!

More than 3,000 Fire Demons rushed out of the Scarlet Fog one second after the notification appeared.

They still rushed to the monster ranches closest to them.

At this moment, when Mu Gu saw so many Fire Demons rushing over, he took a deep breath and ordered all the ranch monsters to fight these Fire Demons to the death.

A moment later.

The 5,000 ranch monsters perished in battle!

And only half of the 3,000-odd Fire Demons had died in battle.

After seeing this scene, Mu Gu could not help but sigh.

Then, he was taken away by Nezario, which flew over and picked him up with its dragon claws.

After the remaining 1,500 Fire Demons completely destroyed the Monster Ranch, they turned around and attacked Blazing Sun City.

"All long-range soldiers on the city wall!"

"Start shooting freely once they're in range!" Bai Yi ordered.

"Yes!" More than 2,000 long-range soldiers roared in unison.

The other 1,500 odd long-range soldiers in the city did not speak.

However, their eyes were also ferocious, ready to attack at any time.

Soon, more than 1,500 Fire Demons entered the range of the Elemental Archers!

"Release!" Bai Yi shouted.

The 1,000 Elemental Archers immediately condensed Elemental Arrows and shot at these Fire Demons.

Flame Arrows and Wood Vine Strangle Arrows shot out one after another, forming a rain of arrows that filled the sky, killing these Fire Demons on the way.

A group of Fire Demons entered the range of the Bowmen, Poison Crossbowmen, and Crossbowmen. More arrows shot out, killing the approaching fire demons.

Finally, the 1,500 Fire Demons were all shot to death when they were still more than 500 meters away from the city wall.

[Prompt One: You have completed the second round of the Supreme Challenge and obtained the second round of the Supreme Challenge Treasure Chest!]

[Prompt Two: The third round of the Supreme Challenge will begin in two hours. Please prepare for battle in time!]

[Prompt Three: All units that died in battle have been revived. Some of your war losses have been restored!]

[Prompt Four: You can choose to withdraw from the Supreme Challenge now.]

Zhou Zhou ignored these notifications and looked at the Supreme Challenge Treasure Chest that appeared in front of him.

After opening the Treasure Chest, he found:

Three White Silver-Tier Basic Resource Packs!

Three White Silver-Tier Big Gift Bags!

20 Gradeless Beginner Soldier Class Change Certificate Big Gift Bags!

10 Gradeless Basic Soldier Recruitment Books Big Gift Bags!

Three White Silver-Tier Elementary Grade Lifestyle Professionals recruitment books Big Gift Bags!

30 bottles of Black Iron-Tier Potential Advancement Potion!

10 bottles of Green Bronze-Tier Potential Advancement Potion!

Five bottles of White Silver-Tier Potential Advancement Potion!

10 Green Bronze-Tier Advance Grade Abyss Contract Books!

One Spatial Ring with a capacity of 100 cubic meters (White Platinum-Tier Advance Grade)!

Zhou Zhou looked at the rewards.

First was the White Silver-Tier Basic Resource Pack that appeared for the first time.

[Item Name: Basic Resource Pack]

[Item Level: White Silver-Tier]

[Item Effect: After opening it, you can obtain 10,000 units of stone, 10,000 units of wood, 10,000 units of metal, 10,000 units of fine sand, 1,000kg of water bags, 1,000kg of rice, 1,000 units of forged stainless steel, 1,000 units of light silver, 100 units of adamantine, and 100 units of mithril!]

"Adamantine and mithril?"

Zhou Zhou looked at the specific information of these two new resources.

He discovered that they were rare White Silver-Tier resources.

Not only could it be used to make White Silver-Tier weapons and equipment, the latter could even be used as the main material when refining Yellow Gold-Tier equipment.

Then, he looked at the other two gift bags that he had never seen before.

[Item Name: Mist Core Big Gift Bag]

[Item Level: White Silver-Tier]

[Item Effect: After opening it, you can obtain 500 White Silver-Tier Mist Cores!]

[Item Description: White Silver-Tier Mist Core Big Gift Bags! There are some common currencies of the High Continent stored inside.]

...

[Item Name: Life Professionals Recruitment Books Big Gift Bag]

[Item Level: White Silver-Tier Elementary Grade]

[Item Effect: After opening it, you can obtain one White Silver-Tier Elementary Grade Blacksmith Recruitment Book, one White Silver-Tier Elementary Grade Carpenter Recruitment Book, one White Silver-Tier Elementary Grade Tailor Recruitment Book, one White Silver-Tier Elementary Grade Architect Recruitment Book, one White Silver-Tier Elementary Grade Shipbuilder Recruitment Book, and one White Silver-Tier Elementary Grade Physician Recruitment Book!]

[Item Description: One White Silver-Tier Elementary Grade Professional Recruitment Books! After opening it, you can obtain six mainstream Lifestyle Professional Recruitment Books!]

Zhou Zhou was very satisfied with these two Big Gift Bags.

Especially the latter White Silver-Tier Elementary Grade Lifestyle Professionals!

Once they were recruited, they would be the group of Lifestyle Professionals with the highest level in the territory excluding the talents attracted here by the Reputation Rating!

Zhou Zhou immediately opened all the recruitment books and Big Gift Bags and handed them to Bai Yi to summon.

A moment later.

In his territory, 40 Beginner Soldiers and 18 White Silver-Tier Elementary Grade Professionals appeared.

As for the remaining five bottles of White Silver-Tier Potential Advancement Potion, each bottle could allow a life form below the White-Silver Tier Advance Grade to raise their potential to the White-Silver Tier Advance Grade!

The 10 Green Bronze-Tier Advance Grade Abyss Contract Books could summon 10 Green Bronze-Tier Advance Grade Flame Demons for his one-time use. Duration was still 30 minutes.

As for the White Platinum-Tier Advance Grade Spatial Ring...

Its space was not as big as the Emperor of Sand's Spatial Ring.

Zhou Zhou took a few glances before putting it away.

Then, he looked at his ranking.

[Lord of The Blazing Sun: 1,245th]

It directly improved from more than 10 million to 1,000 odd!

"Every round of the Supreme Challenge is a huge watershed."

"The difference in strength is too obvious on the Novice Lord Ranking." Zhou Zhou lamented.

He had a premonition that his ranking should be very high after the next round of the Supreme Challenge.

In the following period of time, the soldiers continuously sent the corpses of the Fire Demons outside into Blazing Sun City.

Zhou Zhou activated three Conqueror's Blast Furnaces and tried his best to extract the loot from these corpses.

More than an hour later.

The loot extraction was complete.

In total:

15,420 Black Iron-Tier Mist Cores! 512 Green Bronze-Tier Mist Cores!

15,420 Black Iron-Tier Abyss Crystals! 512 Green Bronze-Tier Abyss Crystals!

2,705 bottles of Black Iron-Tier Potential Advancement Potion! 305 bottles of Green Bronze-Tier Potential Advancement Potion!

2,705 Black Iron-Tier Abyss Contract Books! 305 Green Bronze-Tier Abyss Contract Books!

Zhou Zhou put them away.

At the same time...

Outside Blazing Sun City.

In the Scarlet Fog.

A Fire Demon covered in black-red flames, with a black-red lava crown on its head and a flaming cloak on its back, was sitting on a black-red lava throne.

It was Zhou Zhou's opponent.

The Fire Demon Lord— Artena!

It had the strength of a Yellow Gold-Tier Advance Grade!

Coupled with the enhancement of the Fire Demon bloodline, it would not be afraid even if it faced a White Platinum-Tier enemy.

This was also the reason why it was not afraid of a White Silver-Tier Intermediate Grade Lava Dragon.

But at this moment, it looked at Blazing Sun City opposite it and then at the slowly expanding abyss crack beside it, its expression was a little hot and ruthless.

"Damn the laws of the Supreme Will!"

"Damned Source World Wall!"

"How could this lowly human Lord still be so arrogant here if the speed of my army in the Abyss Territory could emerge all at once!"

"He wants to kill me?"

"Where did he get his confidence from?!"

Artena was both irritable and confused.

In its eyes, the strongest living thing on the other side was only that White Silver-Tier Intermediate Grade pure-blooded dragon.

Other than the pure-blooded dragon, the others, including the human hero, were not even worth mentioning.

When its Fire Demon army completely crossed the Source World Wall and entered this place.

Even that White Silver-Tier Intermediate Grade pure-blooded dragon would also be drowned in his fire army... What more the human soldiers and the hero?

One-on-one?

He was the noble Scarlet Lord!

It would not really go one-on-one with the Lava Dragon even if it had the ability to fight it alone.

Wasn't that giving up its greatest advantage?

Only a fool would do it.

Therefore, it did not understand where the other party's confidence came from.

In the end, it could only be attributed to the other party being stubborn.

"I don't believe you can continue to be stubborn when you are dead." Artena snorted.

...

After a long time.

[Supreme Challenge: The third round of the Supreme Challenge has begun. Lord, please be prepared!]

Zhou Zhou looked at the notification before him and then looked into the distance.

This time, more than 6,000 Fire Demons rushed out of the Scarlet Fog and charged towards Blazing Sun City.

There was no lack of White Silver-Tier Fire Demons among them!

Seeing this, Bai Yi immediately ordered the 1,500 long-range soldiers on standby to quickly climb up the city wall and fight the enemy with the other 2,000 long-range soldiers.

Zhou Zhou also let Nezario take action for the first time to deal with the Silver-level Fire Demons.

More than 6,000 Fire Demons were wiped out 15 minutes later.

That was when the ranch monsters were wiped out and all the long-range soldiers exhausted all the arrows and Elemental Energy in their bodies.

[Prompt One: You have completed the third round of the Supreme Challenge and obtained the third round of the Supreme Challenge Treasure Chest!]

[Prompt Two: The fourth round of the Supreme Challenge will begin in three hours. Please prepare for battle in time!]

[Prompt Three: All units that died in battle have been revived. Some of your war losses have been restored!]

[Prompt Four: You can choose to withdraw from the Supreme Challenge now.]

Zhou Zhou ignored the last notification as usual.

Then, he opened the third round of the Supreme Challenge Treasure Chest.

In the end, he realized that the items in the Treasure Chest had changed greatly.

Inside were:

One Yellow Gold-Tier Basic Resource Pack!

One Yellow Gold-Tier Big Gift Bag!

Three Yellow Gold-Tier Advance Grade Lifestyle Professionals recruitment book Big Gift Bags!

10 bottles of White Platinum-Tier Potential Advancement Potions!

10 Yellow Gold-Tier Elementary Grade Abyss Contract Books!

One 1,000 cubic meter Spatial Ring (Extraordinary-Tier Advance Grade)!

One Battle Resurrection Scroll!

"There are fewer things but the value of the items have increased."

Zhou Zhou was satisfied.

He still liked high-value items better in comparison.

Then, he checked the contents of these things.

[Item Name: Basic Resource Pack]

[Item Level: Yellow Gold-Tier]

[Item Effect: After opening it, you can obtain 100,000 units of stone, 100,000 units of wood, 100,000 units of metal, 100,000 units of fine sand, 10,000 kilograms of water bags, 10,000 kilograms of rice, 10,000 units of forged stainless steel, 10,000 units of light silver, 1,000 units of adamantite, 1,000 units

of mithril, 100 units of water element gems, 100 units of fire element gems, 100 units of earth element gems, 100 units of wind element gems!]

...

[Item Name: Mist Core Big Gift Bag]

[Item Level: Yellow Gold-Tier]

[Item Effect: After opening it, you can obtain 500 Yellow Gold-Tier Mist Cores!]

[Item Description: Yellow Gold-Tier Mist Core Big Gift Bags! There are some common currencies of the High Continent stored inside.]

...

[Item Name: Life Professionals Recruitment Books Big Gift Bag]

[Item Level: Yellow Gold-Tier Advance Grade]

[Item Effect: Upon activation, you will receive one Yellow Gold-Tier Advance Grade Blacksmith Recruitment Book, one Yellow Gold-Tier Advance Grade Carpenter Recruitment Book, one Yellow Gold-Tier Advance Grade Tailor Recruitment Book, one Yellow Gold-Tier Advance Grade Architect Recruitment Book, one Yellow Gold-Tier Advance Grade Shipbuilder Recruitment Book and one Yellow Gold-Tier Advance Grade Doctor Recruitment Book!]

[Item Description: One Yellow Gold-Tier Advance Grade Lifestyle Professionals Recruitment Books Big Gift Bags! After opening them, you can obtain six mainstream Lifestyle Professionals Recruitment Books!]

[10 bottles of White Platinum-Tier Potential Advancement Potion. Each bottle could allow a life form with potential below the White Platinum-Tier Advance Grade to increase their potential to the White Platinum-Tier Advance Grade!]

As for the 10 Yellow Gold-Tier Elementary Grade Abyss Contract Book, it could summon 10 Yellow Gold-Tier Flame Demons for his one-time use. The Duration was still 30 minutes.

As for this Extraordinary-Tier Advance Grade Spatial Ring with 1,000 cubic meters, its storage space was already twice the size of the Emperor of Sand's Spatial Ring.

Therefore, Zhou Zhou put it on his middle finger beside the Emperor of Sand's Spatial Ring.

Then, he checked his current ranking.

[Lord of The Blazing Sun: 1st]

Zhou Zhou was stunned.

Then, he heaved a sigh of relief.

"I've finally achieved first place!"

"Just keep it up and the title of the strongest Novice Lord and the supreme reward are mine!"

Global Lord: 100% Drop Rate

Chapter 116: The Fourth Round Of The Supreme Challenge! The Aurora Cannon Shows Its Might!

Zhou Zhou relaxed a little after confirming that he was first.

Then, he opened three Yellow Gold-Tier Advance Grade Lifestyle Professionals Recruitment Books Big Gift Bags and summoned 18 Yellow Gold-Tier Advance Grade Lifestyle Professionals.

He checked the status of all the long-range soldiers and discovered the arrows they had shot out and the elemental energy they had consumed had all recovered to their peak states after the third round of the Supreme Challenge ended.

Zhou Zhou felt a little more at ease seeing this.

This way, these long-range soldiers could at least continue to maintain their combat strength when the fourth round of the Supreme Challenge began!

At this moment, rows of golden text notifications appeared.

[Supreme Will Notification One: The official Lord's test has ended!]

[Supreme Will Notification Two: This novice Lord test will officially end when all the Lords participating in the Supreme Challenge end their challenges!]

[Supreme Will Notification Three:]

[Number of Lords who have passed the first round of the Supreme Challenge: 14,271,210!]

[Number of Lords who have passed the second round of the Supreme Challenge: 111,541!]

[Number of Lords who have passed the third round of the Supreme Challenge: 1!]

[Number of Lords who have passed the fourth round of the Supreme Challenge: 0!]

[Number of Lords who have passed the final round of the Supreme Challenge: 0!]

"The only Lords that are still fighting are the ones who are still participating in the Supreme Challenge."

"What I need to do now is to continue to maintain my advantage!"

Zhou Zhou thought to himself as he looked at the data.

However, was there only five rounds of the Supreme Challenge?

What if two Lords entered the last Supreme Challenge at the same time?

He wondered.

Then, he quickly had a guess.

This final round of the Supreme Challenge was probably extremely difficult!

It was so difficult that the Supreme Will even felt that no Lord could pass this last round, so it only set it for five rounds and did not set it further.

Zhou Zhou was deep in thought.

At this moment, a message came from his Friend List.

Zhou Zhou opened it and saw that it was from Ling'er.

[Spiritual Medicine Lord: Big Brother, I've advanced through the sixth round of fog monsters. I'm now an official Lord. Big Brother, you're amazing. I saw that you are ranked first on the Novice Lord Ranking!]

[Spiritual Medicine Lord: How are you now? Big Brother, you are not hurt, are you?]

[Lord of The Blazing Sun: I'm fine, but I'm still in the Supreme Challenge.]

Then, the siblings chatted for a while. Ling'er also knew that Zhou Zhou still had to face the next Supreme Challenge. In the end, she gave him the Battle Resurrection Scroll and did not say anything else after cheering him on.

Zhou Zhou looked at the Battle Resurrection Scroll in his hand and did not know whether to laugh or cry.

This was the only reward that would be given after becoming an official Lord!

Ling'er had already suffered heavy casualties in order to pass the novice Lord test.

In the end, she did not use the Battle Resurrection Scroll to revive her dead subordinates and subjects, instead, she gave it to him.

Zhou Zhou would be lying if he said that he was not touched.

"I'll make it up to her later."

He accepted this Battle Resurrection Scroll.

He already had three of these.

Zhou Zhou also felt more confident about the upcoming Supreme Challenge with them.

He might even be able to challenge the last Supreme Challenge.

Then, they began to use the Conqueror's Blast Furnace to extract the corpses of more than 6,000 Fire Demons.

A moment later, all the loot had been extracted.

Among them, the Mist Cores and Abyss Crystals were of little significance to the current Zhou Zhou. He directly put them into his Spatial Ring.

What he valued the most were the Potential Advancement Potions and the Abyss Contract Books!

In total:

2,705 bottles of Black Iron-Tier Potential Advancement Potion! 305 bottles of Green Bronze-Tier Potential Advancement Potion! Seven bottles of White Silver-Tier Potential Advancement Potion!

5,521 Black Iron-Tier Abyss Contract Books! 701 Green Bronze-Tier Abyss Contract Books! Seven White Silver-Tier Elementary Grade Abyss Contract Books!

Zhou Zhou still put them away without any intention of using them.

Then, he looked at the time.

He realized that it was already past six in the evening.

They had unknowingly been fighting for an entire day!

Zhou Zhou had no time to lament.

He closed his eyes to rest and prepare for the upcoming battle.

Some of the other soldiers kept watch, while others began to rest silently.

After a long time, a notification woke Zhou Zhou up.

[Supreme Challenge: The fourth round of the Supreme Challenge has begun. Lord, please be prepared!]

He immediately stood up and realized that he was the last to wake up.

The other soldiers were all staring straight ahead.

Rumble...

Dense and heavy footsteps came from the Scarlet Fog.

Then, a massive number of Fire Demons roared and rushed over from all directions of Blazing Sun City.

They were like waves that wanted to smash Blazing Sun City into pieces!

"About 20,000 Fire Demons and there are Yellow Gold-Tier Fire Demons."

Wu Xin, who had been standing on the city wall and observing the battlefield, said with a serious expression.

"All ranged soldiers, shoot with all your might!"

"Open the city gate! All melee Military Professionals, leave the city to defend against the enemy! Don't let them get close to the city wall!"

"Don't be afraid of death!"

"We have the protection of the Supreme Will. All soldiers can be revived after the battle if you die in battle!"

"Activate all seven Green Bronze-Tier Advance Grade Aurora Towers, leaving the Yellow Gold-Tier Elementary Grade Aurora Tower as reserve and kill these Fire Demons with all your might!"

"Nezario, continue to be in charge of killing the high-combat units among them!"

"All Blazing Sun City soldiers! Don't hold back! Don't care about the consumption of resources! Don't care about injuries and deaths! Destroy them with all your might!"

"All soldiers will receive five times the military merits after this battle!" Zhou Zhou roared.

Under the enhancement of his spiritual power, his voice resounded in the ears of all the soldiers in Blazing Sun City.

After the soldiers heard the Lord's order, their eyes immediately turned red.

They didn't have to worry about getting injured or dying and they could also obtain rich military merits!

Moreover, they were still protecting their country and home!

What else would they have to fear at this moment as soldiers!

"Kill!!!"

"Destroy these d*mn things!!!"

"For the Lord!!!"

Rumble...

The city gate opened!

All the soldiers rushed out of the city gate with bloodshot eyes and charged at these Fire Demons fearlessly.

Many of the charging Flame Demons were stunned.

They looked into the opponents' bloodshot eyes and almost thought that these human soldiers were their kind.

"Fury Array!"

"Fire Array!"

Wu Xin, who was on the city wall, saw the soldiers charging crazily and began to set up the array with a serious expression.

The next second.

It was as if Wu Xin's will was controlling these soldiers.

The nearly 4,000 soldiers quickly changed their formation.

Soon, two strange military formations appeared on all the soldiers.

It made their charging speed 10 times faster and their strength 10 times stronger!

At the same time, uncontrollable anger and fighting spirit appeared in their eyes, making them fight even more crazily and fearlessly.

Wu Xin nodded slightly.

His Diamond-Tier Advance Grade formation— Fury Array and Diamond-Tier Advance Grade formation— Fire Array, could increase even Diamond-Tier Military Professionals' speed, strength, and combat Resistance by about three times.

It was used on the soldiers of the Blazing Sun Army who were not even White Silver-Tier so it was normal to have an enhancement of 10 times their normal abilities!

In fact, he felt that he could increase their strength by about 25 times.

However, the soldiers' bodies might not be able to withstand it.

That was why he did not continue to increase the power of his influence.

"Our Lord will definitely become famous in the future if we can win today's battle!"

Wu Xin looked at the tragic scene in front of him and thought to himself.

Then, he did not say anything else.

Instead, he walked down the city wall, mounted his horse, grabbed his Spear, and rushed out of the city gate with a cold expression to fight these Fire Demons.

The soldiers were fighting a bloody battle outside.

How could he sit back and watch as the Deputy Commander?

At the same time...

On the city wall.

The seven teams of soldiers slowly moved the Aurora Cannons in the Aurora Tower and aimed at the Fire Demons.

Aurora Cannon—Ray Mode!

Activate!

A ray of light condensed at the muzzle of the cannon!

The next second!

Buzz! Buzz! Buzz! Buzz! Buzz! Buzz! Buzz!

Seven beams of white light shot out.

None of the Fire Demons could survive the Laser Ray.

Every time the Aurora Ray swept across, dozens and hundreds of Fire Demon were killed, and a pitch-black trench was cut open in the desert!

After a few rounds of sweeping!

Countless pitch-black Fissures were created in the desert!

At least five to six thousand Fire Demons were swept to death!

And only 10 seconds had passed.

...

"What's that!?"

Artena suddenly stood up from its throne and looked at the seven Aurora Towers in disbelief.

"He actually has such a powerful defense building..."

"Is this really just a human Lord who has developed for seven days?"

Its expression became gloomy.

After observing for a while, its expression became calm again.

"There should be an energy limit."

"I'll see how you block my army of Fire Demons after it consumes the special energy inside!"

Artena sneered.

...

On the battlefield.

The soldiers fought with all their might.

Soldiers kept rushing up.

More soldiers died on the battlefield.

Soon, all the arrows and Elemental Energy of the long-range soldiers were exhausted.

At this point, they threw away the bows and arrows in their hands, drew their short swords from their waists, and rushed out of the protection of the city wall. They fought these Fire Demons fearlessly.

When Bai Yi saw this scene, she used her hero skill, Blood Fire Arrow Rain, for the first time.

Under the rain of arrows, more than 2,000 Fire Demons were instantly killed.

More than 1,000 Fire Demons were either lightly injured or severely injured.

An intense energy fluctuation fluctuated on Bai Yi's body!

BOOM!

It was as if she had broken some kind of limit.

Bai Yi had officially advanced to the White Silver-Tier Elementary Grade!

A moment later.

All the long-range and close-range soldiers died on the battlefield.

Right on the heels of that.

Wu Xin died in battle!

At this moment, there were still 300 to 400 Fire Demons alive on the battlefield.

However, none of them survived the Aurora Rays.

A notification appeared in front of Zhou Zhou.

[Prompt One: You have completed the fourth round of the Supreme Challenge and obtained the fourth round of the Supreme Challenge Treasure Chest!]

[Prompt Two: The fourth round of the Supreme Challenge will begin in four hours. Please prepare for battle in time!]

[Prompt Three: All units that died in battle have been revived. Some of your war losses have been restored!]

[Prompt Four: You can choose to withdraw from the Supreme Challenge now.]

[**Global Lord: 100% Drop Rate**](#)

Chapter 117: Hero Inheritance Secret Manual! Supreme Challenge Immunity Card!

The notification had just ended.

All the soldiers who had died in battle stood up from the ground and looked at their bodies in disbelief.

Even the bodies of soldiers who could not preserve their corpses during the battle, condensed on the spot and revived.

Zhou Zhou and Bai Yi watched this scene.

Bai Yi cried tears of joy on the spot.

Zhou Zhou was also stunned for a moment before heaving a sigh of relief.

He finally made it through!

Most of his soldiers had died on the battlefield in the battle just now!

Even Wu Xin died!

It could be said to be the most tragic war he had experienced in the past eight days!

Fortunately, he won in the end.

He came back to his senses.

Zhou Zhou opened the fourth round of the Supreme Challenge Treasure Chest.

Then, he raised his eyebrows.

This was because there were only three items in the Supreme Challenge Treasure Chest this time.

The first item was a Battle Resurrection Scroll.

The second item was a thick silver book.

On its cover was a handsome middle-aged male general wearing a golden battle robe and riding a golden dragon horse!

Zhou Zhou found the book familiar.

When he saw the specific information, his eyes were filled with surprise.

[Treasure Name: Hero Inheritance Secret Manual]

[Grade: Extraordinary-Tier Advance Grade]

[Treasure Ability: After using it, you can obtain the Dragon-Horse Spear General—Jin Feilong's Hero Inheritance.]

[Introduction: We soldiers vow to fight to the death with the enemy! — Dragon-Horse Spear General — Jin Feilong]

"It's really the Hero Inheritance Secret Manual!?"

Zhou Zhou was pleasantly surprised.

The potential and combat power of a hero!

He could already feel it clearly from Bai Yi's performance on the battlefield.

With such an example, he naturally hoped that the more heroes would be under his command.

Even though there was only one Hero Inheritance Secret Manual, in his eyes, it was much more precious than the treasures obtained from the Supreme Challenge Treasure Chest.

"I can give this to Old Wu."

Zhou Zhou looked at Wu Xin.

He had naturally seen the scene of the other party charging into the demons to fight with his old body.

Such courage and responsibility!

His belief to protect Blazing Sun City and to live and die with the soldiers!

In addition, the other party's Military Class, Aurora Knight, also matched the attributes of this Dragon-Horse Spear General Hero Inheritance.

Zhou Zhou was naturally at ease handing it over to him.

Moreover, he was not worried that the other party would run away after obtaining the Hero Inheritance with the Lord Talent Peace And Prosperity.

However, since he would be in a deep sleep once he accepted the Hero Inheritance, now was not the time to give it to him.

As for the last item, it was a card.

Zhou Zhou looked at it.

[Card Name: Supreme Challenge Immunity Card]

[Card Grade: Exclusive]

[Card Effect: When you participate in the Supreme Challenge, you can expel all enemies at any time, withdraw from the Supreme Challenge, and restore all challenge losses.]

Zhou Zhou looked at the card and fell into deep thought.

He originally did not want to continue the last round of challenge.

The fourth round of the Supreme Challenge was already so difficult after all.

The last Supreme Challenge would be extremely dangerous.

However, he suddenly felt that he might be able to give it a try looking at this Supreme Challenge Immunity Card,

In any case, even if he could not defeat it, he could use it to wavier the challenge. There was no loss.

After pondering for a moment, Zhou Zhou first checked the number of Lords in the Supreme Challenge.

He realized that he had already become the number one in the fourth round of the Supreme Challenge.

As for the third round of the Supreme Challenge, after Zhou Zhou advanced, there were still 0 people.

Which meant...

No other human Lord from the Cerulean Planet had been able to enter the third round of the Supreme Challenge until now.

"Looking at this, I'll most likely be first on the Novice Lord Ranking in the end even if I don't participate in the final round of the Supreme Challenge!"

Zhou Zhou pondered.

However, there was the Supreme Challenge Immunity Card.

He still wanted to try what the final round of challenges was.

What if he succeeds?

He obtained the Hero Inheritance Secret Manual in this round.

The items in the last round of the Supreme Challenge Treasure Chest would only be more precious!

In the following period of time, Zhou Zhou began to use the Conqueror's Blast Furnace to extract the Loots.

However, there were too many Flame Demon corpses this time.

Even if the three Conqueror's Blast Furnaces were activated together, they would not be able to extract all of them in a short period of time.

Zhou Zhou could only get someone to drip Golden Corpse Water on them first.

He would continue to retrieve the Loots after the novice Lord test.

Two hours later.

A line of golden text appeared in front of Zhou Zhou.

[Supreme Challenge Notification One: Congratulations, you have become the Lord who participated in the most rounds of the Supreme Challenge!]

[Supreme Challenge Notification Two: Your strongest Novice Lord title and supreme reward will be released when the Novice Lord Ranking is settled!]

Zhou Zhou saw the two lines of notifications.

A smile finally appeared on his face.

It seemed.

The other Lords who participated in the Supreme Challenge failed.

Now he was the only one left.

"If that's the case."

"Then let's try this final round of the Supreme Challenge!"

Zhou Zhou made a decision.

A moment later a line of blood-colored text appeared in front of Zhou Zhou.

[Supreme Challenge: The fifth round of the Supreme Challenge has begun. Lord, please be prepared!]

"I admire your courage."

"I can't believe you haven't thought of escaping yet."

"If that's the case."

"This King will accept your life!"

Fire Demon Lord Artena flew out of the Scarlet Fog and looked down at Zhou Zhou from above.

It was as if it was looking at a dead person.

Seeing this, Zhou Zhou also used the flying ability of the New Wind Ceremony to fly into the air and look at it as equals.

At the same time...

Its information also appeared in front of Zhou Zhou.

[Monster Name: Fire Demon Lord— Artena (Scarlet Lord)]

[Strength Level: Yellow Gold-Tier Advance Grade]

[Monster Description: The strongest enemy of the Supreme Challenge. He was once the 116th son of the Fire Lord Ardiles on the 601st level of the Abyss. Kill him and you will obtain the final round of the Supreme Challenge Treasure Chest (Unique)!]

[Loot Drop Rate: 20 Yellow Gold-Tier Mist Cores (Drop Rate: 100%), 20 Yellow Gold-Tier Abyss Crystals (Drop Rate: 100%), one bottle of Epic-Tier Potential Advancement Potion (Drop Rate: 10%), one Yellow Gold-Tier Advance Grade Abyss Contract Book (Drop Rate: 5%), one Legendary-Tier Scarlet Lord Talent Sphere (Drop Rate: 0%), two Legendary-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

Zhou Zhou narrowed his eyes at the end.

Legendary-Tier Scarlet Lord Talent Sphere?

The other party was actually a Legendary-Tier Lord Talent holder like him?

For reasons unknown, an excited smile appeared on Zhou Zhou's face.

Artena saw Zhou Zhou's smile and frowned. Then, he sneered.

"What a reckless fellow."

"Let's see if you can still smile when you see my Devil Fire Legion."

It waved its right hand.

A massive number of Fire Demons surged out of the Scarlet Fog and charged towards Blazing Sun City.

There were more than 50,000 of them!

[Global Lord: 100% Drop Rate](#)

Chapter 118: Killing Artena! Chaos Human Bloodline!

Zhou Zhou continued to follow the previous deployment and had all the ranch monsters, soldiers, seven Green Bronze-Tier Advance Grade Aurora Towers, and Nezario attack these Fire Demons with all their might facing more than 50,000 Fire Demons.

A moment later!

The ranch monsters died in battle!

All the soldiers died in battle!

Wu Xin had died in battle!

After firing a round of Blood Fire Arrow Rain, Bai Yi also died on the battlefield for the first time.

After all the soldiers died, Nezario roared angrily and charged into the densest group of Fire Demons.

After killing more than 3,000 Fire Demons alone, it also died on the battlefield.

The energy of the seven Green Bronze-Tier Advance Grade Extreme Light Towers was also exhausted at this moment!

The result was:

They had killed more than 32,000 Fire Demons.

"Is this the confidence with which you dare to speak to This King like this just now?"

Artena sneered at Zhou Zhou.

Zhou Zhou watched this scene calmly.

Then, he took out a Battle Resurrection Scroll.

He tore the scroll apart.

The next second.

Countless rays of light flew out of the scroll and landed on the dead soldiers, ranch monsters, and Nezario.

The soldiers, the ranch monsters, and Nezario, who should have died, immediately revived.

When the revived people saw that they had come back to life unscathed, there was no fear or worry in their eyes, only fighting spirit and aggro when they looked at the Fire Demons again.

At the same time, they were even more fanatical about their Lord.

He could even revive them.

There is nothing to worry about!

Just do it!

At this moment.

The loyalty of all the soldiers instantly soared!

Artena's expression froze when it saw the resurrection in the sky.

However, it forced a smile and said...

"You probably did it with that scroll, but how many of these scrolls do you have?"

A moment later.

All the soldiers and Nezario died in battle again after killing more than 10,000 Fire Demons.

Seeing this, Zhou Zhou took out another Battle Resurrection Scroll and revived everyone and Nezario.

Artena: ...

After a while, no one survived on the battlefield outside Blazing Sun City after destroying all the remaining Fire Demons on the battlefield.

On the battlefield.

Only Zhou Zhou and Artena looked at each other in the air.

"I don't believe that you still have..."

Artena had yet to finish speaking when he saw Zhou Zhou taking out another Battle Resurrection Scroll.

The next second.

Artena suddenly turned into a blood-colored ray of light and instantly pierced through Zhou Zhou's body, turning him into a bloody mist and minced meat.

"You think..."

"This King will give you a chance to use it again?"

Artena looked at the blood mist and sneered.

But in the next second.

It suddenly froze.

The flying blood mist and minced meat suddenly turned into blood bats that squawked and flew in all directions.

"Blood Bat Form!?"

Its pupils constricted.

Vampires were a rather large Abyssal race in the abyss.

Therefore, it directly recognized the details of this ability.

"The real soul is..."

It was just about to find out which blood bat Zhou Zhou's soul was on.

At this moment, an indescribable sense of danger suddenly appeared in its mind, making its hair stand on end.

The next second.

A beam of light instantly pierced through its head before it could react.

Its headless body trembled in the air for a few seconds before it fell weakly from the sky and landed heavily on the ground.

Not far away.

On the city wall of the Blazing Sun City.

He had not used the Yellow Gold-Tier Elementary Grade Aurora Tower at all during the Supreme Challenge.

At this moment, the Aurora Cannon in the tower was flickering with a faint white light.

Beside it was none other than Zhou Zhou!

At this moment, he didn't have any aura at all after using Deadly State. His face was pale, as if he had just recovered from a serious illness.

"Fortunately, I had an ace up my sleeve."

"Split out a Blood Bat with my soul in advance and use Deadly State to hide here."

"Otherwise, it would have successfully ambushed me."

Zhou Zhou lamented.

He did not expect this either.

In the end, the person who killed the final Boss was not Nezario or Bai Yi, but him, the Lord.

Not only that, his strength had also advanced to Green Bronze-Tier Advance Grade after killing the other party.

Then, Zhou Zhou looked at the Yellow Gold-Tier Elementary Grade Aurora Cannon beside him!

He was the one who had used the Polarity Mode of this Aurora Cannon just now to release all the light Elemental energy and kill the other party in one go!

Artena was at Yellow Gold-Tier Advance Grade.

Even if it was at White Platinum-Tier Advance Grade it would definitely die under the extreme mode of the Yellow Gold-Tier Elementary Grade Aurora Cannon!

This fellow's death was not unjustified.

"I was right to ask Elder Zhao to build this Yellow Gold-Tier Elementary Grade Aurora Cannon before the novice Lord test."

"It really became the key to winning."

Zhou Zhou thought.

Then he looked at the notification that had just appeared.

[Prompt One: You have completed the final round of the Supreme Challenge and obtained the final Supreme Challenge Treasure Chest!]

[Prompt Two: You have become the first on the Novice Lord Ranking (unchangeable)!]

[Prompt Three: All units that died in battle have been revived. Some of your war losses have been restored!]

[Prompt Four: You can choose to withdraw from the Supreme Challenge now.]

[Prompt Five: You have obtained the admiration of the Supreme Will.]

"I did it!"

A smile appeared on Zhou Zhou's face.

At the same time...

On the battlefield.

All the dead Blazing Sun City subjects had been revived.

They immediately cheered when they saw that there were no more living enemies around them.

Zhou Zhou smiled when he saw this.

Then, he looked at the Supreme Challenge Treasure Chest (Unique) in front of him.

Zhou Zhou went forward to open it and found a transparent glass bottle inside.

In the glass bottle, was a drop of chaotic blood.

Zhou Zhou picked it up.

A text notification appeared.

[Bloodline Name: Chaos Human Bloodline]

[Bloodline Level: Black Iron-Tier Elementary Grade. Enhanceable]

[Bloodline Effect: After absorbing it, the user can obtain a Black Iron-Tier Elementary Grade bloodline—Enhanceable Chaos Human bloodline. After fusing with this bloodline, the user can continuously fuse with the bloodlines of other races during the growth process, obtaining and optimizing the bloodline abilities of other races. Furthermore, it can increase the bloodline level of the Chaos Human bloodline until it grows to the Mythical-Tier Advance Grade bloodline!

[Do you want to absorb it?]

Zhou Zhou was delighted.

A bloodline that could grow into Mythical-Tier Advance Grade?

Moreover, it could fuse with the bloodline of other races?

This bloodline was too good to be true!

As expected of the treasure in the unique Treasure Chest!

However, the Novice Lord Ranking had yet to be finalized.

Therefore, he was not in a hurry to absorb it.

"Withdraw from the Supreme Challenge."

He muttered in his heart.

The next second.

The Scarlet Fog that enveloped the Supreme Barrier quietly dissipated, leaving only a faint Scarlet Fog that filled the world.

At the same time...

When he, the last participant of the Supreme Challenge, withdrew from the Supreme Challenge, a virtual screen appeared in front of all the Lords of Cerulean Planet.

At the same time, a loud voice sounded in their ears.

It also sounded beside Zhou Zhou's ear.

[Supreme Will Notification: The novice Lord test has officially ended!]

[I'll start the settlement now:]

[Congratulations! You are ranked first on the Novice Lord Ranking!]

[You have obtained the title of Strongest Novice Lord +1, Supreme Reward +1!]

[Cerulean Planet World Channel Lord Announcement: Congratulations to the Lord of The Blazing Sun, who has gone through many tests in the novice lord test, and finally ranked first, being awarded the title of the Strongest Novice Lord, the Strongest Novice Lord +1, and the Reputation Rating +2!]

[Cerulean Planet World Channel Announcement: Congratulations to the Lord of The Blazing Sun...]

[Cerulean Planet World Channel Announcement: Congratulations to the Lord of The Blazing Sun...]

The Lords of the Cerulean Planet were in an uproar.

[**Global Lord: 100% Drop Rate**](#)

Chapter 119: Strongest Novice Lord! Lord Talent Promotion Origin Crystal!

Zhou Zhou opened the World Channel.

At this moment, the Lords on the World Channel were discussing fervently about him becoming the Strongest Novice Lord.

[Big Boss Blazing Sun, My Forever God!]

[It's really ridiculous. I think among the Lords who participated in the Supreme Challenge, only Big Boss Blazing Sun broke through and passed the final round of the Supreme Challenge. The other Lords stopped at the third round of the Supreme Challenge and didn't even break through the fourth round.]

[There is also a difference between top-tier Lords!]

[In this novice Lord test, many Lords that I have never seen before appeared. Even the Dragon Lady Lord is only ranked fifth.]

[All of them wanted to hide and develop. They can't pretend anymore, right?]

[So what if a new Lord appeared? They will still be beaten up by the Lord of The Blazing Sun.]

[No matter how strong the others are, the Lord of The Blazing Sun will always be the King. No matter how much the others develop, the Lord of The Blazing Sun will always be the King.]

[Big Boss Blazing Sun, after I killed the fog monster today, I had some oyster loots. On the way back to the kitchen, the oysters all jumped out of the bag and burrowed into the soil. Only then did I know that oysters like mud [1.A pun for 'I like you'].]

[Speaking of which, the funniest thing was that the Alliance of Lords was useless in this novice Lord test. The stronger the Lord, the longer he would be in the novice Lord test. The weaker the Lord, the faster he would die. They still wanted the stronger Lord to save the weaker Lord? It would be good enough if they did not let the weaker Lords help them.]

[Sigh, let's not talk about this anymore. Our Cerulean Planet has suffered heavy losses in this novice Lord test...]

...

Zhou Zhou raised his eyebrows after reading the Lords' comments.

He opened the Novice Lord Ranking first.

[Lord of The Blazing Sun: 1st]

[Insect Lord: 2nd]

[Overlord Lord: 3rd]

[Dragon God Lord: 4th]

[Dragon Lady Lord: 5th]

[Undead Lord: 6th]

...

Insect Lord! Dragon God Lord!

Zhou Zhou looked at the two Lords thoughtfully.

Were these the powerful Lords who rose in ranks during this novice Lord test?

He felt that they were no ordinary Lords based on their Lord titles alone, not to mention that he was stronger than the Overlord Lord and the Dragon Lady Lord.

He didn't think too much about it.

Zhou Zhou looked at the pages below.

Then his heart immediately sank.

[1/60,012,254 (page)]

Zhou Zhou remembered that there were more than 80 million pages at the beginning, representing more than eight billion human Lords on the Cerulean Planet.

And now, there were only 60 million pages left.

Which meant...

More than two billion human Lords of the Cerulean Planet had been eliminated after this novice Lord test!

"What a cruel battle!"

"We haven't officially started being in contact with other races yet and a quarter of the human Lords from the Cerulean Planet were eliminated!"

"Wouldn't the remaining Lords of the other races be all alone when we get to the later stages of the Lord of All Races Competition?"

Zhou Zhou frowned.

Which kind of Lord of All Races was this?

They should just change it to Overlords Clash.

At this moment, two rows of notifications suddenly appeared in front of Zhou Zhou.

[Supreme Will Notification One: The surviving official Lords of the Cerulean Planet can summon the dead Cerulean Planet humans to become Subjects of their territory in their daily summoning.]

[Supreme Will Notification Two: At the later stages of the Lord of All Races Competition, every surviving Lord of their race will represent the fate and will of their respective races and carry the hope and future of their respective races.]

Zhou Zhou was stunned.

So this was what the Lord of All Races meant.

They would indeed not be alone.

Still...

Why was it a notification from the Supreme Will and not a Novice Lord notification or an official Lord notification?

At this moment, a new notification appeared.

[Supreme Will Notification: You will have a chance to obtain answers from the Supreme Will when you have any questions and doubts in the future because you have obtained its admiration. Moreover, the Supreme Will will give you some help in some situations where you need help.]

"There's such a benefit?"

Zhou Zhou was shocked.

He naturally saw the words mentioned in the notification that he had obtained the admiration of the Supreme Will.

Initially, he thought that it was useless.

He did not expect there to be substantial benefits.

Originally, he did not have a deep understanding of the High Continent.

However, now that he had the admiration of the Supreme Will, at the very least, he wouldn't be completely clueless about the outside world of this High Continent.

Not to mention the help of the Supreme Will mentioned.

"I did not pass the final round of the Supreme Challenge for nothing."

A smile appeared on Zhou Zhou's face.

He thought about it.

He had nothing to ask for the time being, so he did not ask further.

Then, he looked at the title of the Strongest Novice Lord and the Supreme Reward.

[Title Name: Strongest Novice Lord]

[Title Quality: Unique Title of The Race]

[Title Effect One: Your reputation spreads far and wide on the path to supremacy. Many life forms know that you are the Strongest Novice Lord among the human Lords of the Cerulean Planet!]

[Title Effect Two: When you contribute to other Lords' forces, you will be respected by the other Lords and Subjects. It will be easier for the human life forms to agree to become your subordinates when you recruit the life forms of other races to work for you. Professionals of other races also have a certain chance to give up the difference between the races and become your subordinates.]

[Title Effect Two: When you speak in any channel, your unique title suffix will be added behind your Lord title. You can take the initiative to turn it off or activate it.]

[Title Description: Only the Strongest Novice Lord of the Race can obtain this unique title of the Race. Those who know it will all show respect to its owner!]

Zhou Zhou nodded in satisfaction after reading it.

The effect of this title was not bad!

It felt stronger than Glory of the Pioneer I and the rest of the titles he obtained.

He opened the World Channel and started typing.

Lord of The Blazing Sun (Glory of the Pioneer I) (The Strongest Novice Lord): Bubble.

A large group of Lords below immediately replied.

[Poke!]

[Poke!]

[Poke, poke, poke, poke...]

[I'm jealous. Double titles...]

[Give me one too. I'll poke Big Boss Blazing Sun while I'm at it.]

[Give me a title sometime, poke—]

...

Zhou Zhou chuckled and turned off the world channel.

Such rewards that could be loaded on the World Channel were used for entertainment.

Then, he looked at the Supreme Reward that all the Lords of Cerulean Planet yearned for.

It was a golden irregular crystal.

It was only the size of a fist. Its surface emitted a faint golden light, and complicated and strange golden patterns flowed inside.

[Treasure Name: Lord Talent Promotion Origin Crystal]

[Treasure Grade: Mythical-Tier]

[Treasure Effect: It can unconditionally upgrade any grade of the Lord Talent to a higher grade!]

[Treasure Description: A Mythical-Tier treasure personally created by the Supreme Will. It can be considered a supreme treasure in the eyes of any Lord with a Lord Talent!]

When Zhou Zhou saw the information about the treasure, a look of disbelief appeared on his face. Then, he was overjoyed.

There was only one thought left in his mind.

I'm going to have a Mythical-Tier Lord Talent!

Zhou Zhou resisted the urge to use it on the spot. He first picked up the Battle Resurrection Scroll and the torn New Wind Ceremony Outfits.

Then, he went to Artena's corpse and extracted its loots.

Zhou Zhou did not care about the 20 Yellow Gold-Tier Mist Cores, 20 Yellow Gold-Tier Abyss Crystals, and the Yellow Gold-Tier Advance Grade Abyss Contract Books.

What he valued was the bottle of Epic-Tier Potential Advancement Potion and the most important Legendary-Tier Lord Talent Sphere and two Legendary-Tier Lord Talent Crystal Fragments!

Then, he got the soldiers to work on the battlefield while he returned to the Lord's courtyard to upgrade his Mythical-Tier Lord Talent.

[Global Lord: 100% Drop Rate](#)

Chapter 120: Legendary-Tier Lord Talent—The Master Thief's Robbery Gloves!

In the living room.

Zhou Zhou looked at the two items placed in front of him.

It was a ball of light that emitted a purple halo with a wisp of blood-colored light inside.

It was the Legendary-Tier Scarlet Lord Talent Sphere!

The other was the Lord Talent Promotion Origin Crystal.

He looked at the two items and picked up the Legendary-Tier Scarlet Lord Talent Sphere.

A text notification appeared.

[Treasure Name: Scarlet Lord Talent Sphere - Unknown]

[Treasure Grade: Legendary-Tier]

[Treasure Effect: After being purified by the Supreme Will, the Lord can absorb it and obtain an unknown Legendary-Tier Lord Talent.]

[Treasure Description: A loot that could not be dropped. It was forced to drop under the drive of some mysterious power.]

[Do you want to purify it?]

"Yes!"

Zhou Zhou said expectantly.

The next second.

A golden light flashed on the Scarlet Lord Talent Sphere.

After the golden light disappeared the blood-colored light on the Legendary-Tier Scarlet Lord Talent Sphere disappeared.

Its message has also changed.

[Treasure Name: Lord Talent Sphere—Master Thief's Robbery Gloves]

[Treasure Grade: Legendary-Tier]

[Treasure Effect: After absorbing it, the Lord will have Legendary-Tier Lord Talent—Master Thief's Robbery Gloves!]

[Treasure Description: A Lord Talent Sphere purified by the Supreme Will. You can obtain a Legendary-Tier Lord Talent after absorbing it.]

"Master Thief's Robbery Gloves?"

Zhou Zhou raised his eyebrows.

He did not think too much about it and chose to absorb it.

The next second.

The Legendary-Tier Lord Talent Sphere immediately turned into countless purple light spots and surged into his glabella.

Zhou Zhou closed his eyes.

A moment later.

He re-opened his eyes again after some time.

Then, he immediately opened his Lord's personal information.

His Lord Talent column had already been updated!

[Lord Talent: 100% drop rate (Legendary-Tier), Gnome Alchemy Workshop (Green Bronze-Tier), Monster Ranch (White Silver-Tier), Incite Defection (Black Iron-Tier), Peace And Prosperity (Diamond-Tier), Return To The City (Black Iron-Tier), Mysterious Caravan (Yellow Gold-Tier), Master Thief's Robbery Gloves (Legendary-Tier)]

"My eighth Lord Talent!"

"It's also my second Legendary-Tier Lord Talent!"

A smile appeared on Zhou Zhou's face.

Then, he opened the details of the talent.

[Lord Talent: Master Thief's Robbery Gloves (Legendary-Tier)]

[Master Thief's Robbery Gloves: High-Level Divine Artifact (The only soul-bound person: Zhou Zhou). After wearing the Master Thief's Robbery Gloves, the user can know and steal items that can be stolen from other life forms by touching them. The other party will not be able to detect it for a short period of time.]

[Lord Talent Notification One: Whether the item can be stolen depends on the corresponding drop rate of Loot after the life form's death and the difference in strength between the other party and the user. The stronger the other party is, the lower the success rate of stealing; the weaker the other party is, the higher the success rate of stealing.]

[Lord Talent Notification Two: The Master Thief's Robbery Gloves can steal other life forms' assets, external items, talents, bloodlines, and other items that are not life-threatening.]

[Lord Talent Notification Three: Other than the user, no other life form can obtain the information of this divine weapon in any way.]

[Lord Talent Notification Four: Currently, it can be used nine times a day. (The stronger the user is, the more times it can be used every day. After becoming a God Spirit, the upper limit on the uses per day will be removed.)]

Zhou Zhou had just finished reading the details of this Lord Talent.

A pair of golden long-sleeved gloves that emitted rainbow-colored light gradually appeared in the air in front of him.

"This is Master Thief's Robbery Gloves?"

"My good Lord..."

"I have been given a divine artifact!"

Zhou Zhou had thought about how exaggerated the other Legendary-Tier Lord Talents would be.

However, he did not expect it to be so exaggerated.

And this was only the Legendary-Tier Lord Talent!

If he used this Lord Talent Promotion Origin Crystal to upgrade it to a Mythical-Tier Lord Talent, what would the divine artifact become?

However, Zhou Zhou only thought about it.

Even though this Master Thief's Robbery Gloves was not bad,

But in comparison...

Zhou Zhou still preferred the 100% drop rate!

He took the gloves and wore them on his hands.

The next second.

The pair of gloves that emitted rainbow-colored light slowly restrained its light and turned into a pair of luxurious and dazzling golden long-sleeved gloves.

Right on the heels of that, it gradually became transparent again before completely disappearing.

Zhou Zhou looked at his hands in wonder.

If it wasn't for the faint cold touch that told him that the glove was still there.

He felt that he was not wearing any gloves at all.

Then, Zhou Zhou walked out of the Lord's courtyard and prepared to test the effects of this divine artifact.

...

A moment later.

In front of the Monster Ranches...

Zhou Zhou looked at the Green Bronze-Tier Intermediate Grade Desert Fog Lizard Elite in front of him.

Not far away stood Mu Gu.

"My Lord."

"Do you want to clean up the Monster Ranch now?"

Mu Gu asked curiously.

"No."

"They have at least shed blood and contributed to the Blazing Sun City today."

"Why would I clean them up?"

Zhou Zhou shook his head.

"Then, my Lord, are you going to let them go?"

Mu Gu asked in surprise.

"No, we'll kill them tomorrow."

Mu Gu was speechless.

"Control it to stay still."

"I'll do an experiment."

Zhou Zhou said.

"Yes, my Lord!"

Mu Gu said respectfully.

Then, he sent an order to this Desert Fog Lizard Elite to not move.

Seeing that the Desert Fog Lizard Elite had stopped moving, Zhou Zhou placed his hand on its head.

The next second.

A text notification appeared.

[Current Items That Can Be Stolen: 200kg Water Bag (Stealing Success Rate: 100%), one Green Bronze-Tier Intermediate Grade Skill Book, Sand Trap Technique (Stealing Success Rate: 100%), five Gradeless Sword Shield Soldier Class Change Certificate (Stealing Success Rate: 100%), three Green Bronze-Tier Intermediate Grade Sword Shield Soldier Recruitment Book (Stealing Success Rate: 100%)]

Zhou Zhou was stunned.

Why were all the success rates 100%?

Then, he quickly reacted.

The success rate of items being stolen was affected by the drop rate and strength difference after death with the Master Thief's Robbery Gloves.

He had a 100% drop rate.

In addition, the other party's strength was lower than his.

Under the dual effects, the success rate of stealing these items reaches 100%.

"This Legendary-Tier Lord Talent is really compatible with my 100% drop rate."

At this thought, Zhou Zhou's eyes lit up.

In the hands of others, the upper limit of this Legendary-Tier Lord Talent was the upper limit of their Legendary-Tier Lord Talent.

But in his hands, its upper limit was probably no less than a Mythical-Tier Lord Talent!

Then, he tried to order the theft of the Green Bronze-Tier Intermediate Grade skill, Sand Trap Technique.

The next second.

A Green Bronze-Tier Intermediate Grade Sand Trap Technique skill book appeared out of thin air in his Spatial Ring.

At the same time...

He realized that the number of times he could use the Master Thief's Robbery Gloves became one less time today.

After Zhou Zhou took out the skill book, he looked at the list of stealable items from the Desert Fog Lizard Elite.

He realized that the Sand Trap Technique skill book inside had already disappeared, leaving only other items to steal.

This Desert Fog Lizard Elite was looking at him adorably and occasionally glanced at the Sand Trap Technique skill book in his hand.

The more it looked, the more confusion its tiny eyes exuded.

Its not-so-smart brain couldn't figure out where this confusion came from.

"Mu Gu."

"Get it to try using the Sand Trap Technique."

Zhou Zhou stood up and said.

When Mu Gu heard this, he immediately ordered the Desert Fog Lizard Elite to use the Sand Trap Technique.

The Desert Fog Lizard Elite was about to release its Skill.

The next second.

Its body stiffened, and then its eyes went blank.

Mu Gu was stunned.

Then, he immediately communicated with it.

He knew the reason in no time.

"My Lord."

"It said that it forgot how to use the Sand Trap Technique."

"Weird."

"They would release them in the way I told them to usually..."

"Why is it not obedient today?"

Mu Gu frowned.

Zhou Zhou's heart was set.

It could actually achieve such an Effect!

In the future, when he encountered enemies that were difficult to deal with, he could think of a way to get close to them.

Then, he would use the Master Thief's Robbery Gloves to steal the other party's powerful Skills, bloodline, equipment, and so on.

If he couldn't steal them all in a day, then he'll steal for two days!

If he couldn't finish stealing in two days then he'll keep stealing the other party lost its best combat methods.

At that time, he should be able to easily deal with it.

Thinking of this, Zhou Zhou...

His expression was a little strange.

If he really used this method, he would probably be able to aggrieve the enemy to death.

At this moment, he saw Mu Gu approach the Desert Fog Lizard Elite with a serious expression.

"Was I really too gentle with you or have you reached a rebellious stage?"

"Is it that difficult to get you to use a Skill?"

He criticized it seriously.

Zhou Zhou: (°—° ")

Desert Fog Lizard Elite: o(∩_∩)o

I really forgot, okay!

...

In the end, Zhou Zhou still told Mu Gu that it could not use its Skill because of his "means".

Then, he asked Mu Gu to bring a few other ranch monsters over and let him try out his new means.

These ranch monsters displayed their theftable items under Zhou Zhou's Master Thief's Robbery Gloves. Furthermore, each item had a 100% success rate.

Then, he went to look for the White Silver-Tier Intermediate Grade Nezario.

...

Nezario's habitat.

Zhou Zhou looked at the stolen items thoughtfully.

[Current Items That Can Be Stolen: One Legendary-Tier Lava Dragon Bloodline (Stealing Success Rate: 90%), one White Silver-Tier Intermediate Grade, Racial Growth Skill Book, Magma Dragon Breath (Stealing Success Rate: 98%), one White Silver-Tier Intermediate Grade, Racial Growth Skill Book, Dragon

Might (Stealing Success Rate: 94%), one White Silver-Tier Intermediate Grade, Racial Growth Skill Book, Draconic Magic Mastery (Stealing Success Rate: 99%)...

"Even though I have a 100% drop rate, Nezario is stronger than me."

"So its theft success rate is not 100%, but more than 90%?"

Zhou Zhou thought.

He nodded slightly.

He had completely grasped the rules of using this High-Level Divine artifact.

He quickly thought of a suitable target to steal from.

"I remember that there was an adventurer from Cerulean Planet who gave up his identity as a Lord in the Adventurer Association of Fish Spring Town."

"Since he has already become an adventurer, it shouldn't be a problem for me to help him preserve the useless Lord Talent Crystal Fragment in his body, right?"

Zhou Zhou thought.

Killing the other party to obtain the Lord Talent Crystal Fragment was something that exceeded the bottom line of his principles, so he naturally wouldn't do it.

However, taking away something that the other party did not know he had or had no use for without harming the other party's life...

Zhou Zhou felt that...

He could do that.

At that time, he could give the other party some compensation.

He would not mistreat the other party.

"I'll look for him tomorrow!" Zhou Zhou immediately made a decision.

Then, he returned to the Lord's courtyard and prepared to upgrade the 100% Drop Rate Talent.
