### [Global Lord: 100% Drop Rate](#)

#### Chapter 121: Mythical-Tier Lord Talent— King of Loots!

In the living room.

Zhou Zhou picked up the Lord Talent Promotion Origin Crystal.

A line of golden text appeared.

[Do you want to upgrade your Lord Talent?]

"Yes!"

Zhou Zhou said without hesitation.

More text prompts appeared.

[Please choose one of the following Lord Talents to level up as you have many Lord Talents.]

[1: 100% drop rate (Legendary-Tier)]

[2: Master Thief's Robbery Gloves (Legendary-Tier)]

[3: Peace And Prosperity (Diamond-Tier)]

[4: Mysterious Caravan (Yellow Gold-Tier)]

...

Eight Lord Talents appeared in front of Zhou Zhou.

"I choose to level up the 100% drop rate!" Zhou Zhou said.

[Lord Talent has been chosen!]

[Upgrading in progress...]

The next second.

He suddenly felt a warm feeling between his eyebrows.

This warm feeling gradually disappeared only after some time.

A new text notification appeared.

[Lord Talent upgrade successful!]

[Congratulations, your Legendary-Tier Lord Talent, 100% drop rate, has been upgraded to the Mythical-Tier Lord Talent, King of Loots!]

[This Mythical-Tier Lord Talent is unique!]

[Your Mythical-Tier Lord Talent Effect is as follows:]

[Lord Talent: King of Loots (Mythical-Tier, Unique)]

[King of Loots: You are the King of Loots. No life form in the world can compete with you in this aspect.]

[King of Loots - 100% drop rate: You can see the loot drop rate of the enemy. There is a 100% chance of obtaining all the loot when looting corpses.]

[King of Loots—Perfect Loots: The quality of the loot you obtained will increase by one grade when you loot the corpse.]

"Holy sh\*t..."

Zhou Zhou was shocked.

So this is the unique Mythical-Tier Lord Talent?

Not only did it retain its original 100% drop rate, there was an additional Perfect Loot stats.

He immediately walked out of the room, prepared to test this Mythical-Tier Lord Talent.

In front of the Monster Ranches...

Zhou Zhou looked at the Desert Fog Lizard Elite in front of him which had lost the Sand Trap Technique Skill and fell into deep thought.

"Can you change one?"

He looked at Mu Gu and said.

He couldn't just bully one of them!

"Oh-oh."

Mu Gu was stunned. Then, he immediately left with the Desert Fog Lizard Elite.

Soon.

He walked over with one Green Bronze-Tier Intermediate Grade Elite Wild Sand Believer.

Zhou Zhou used the Green Bronze-Tier Intermediate Grade Water Spear Technique in three concessions to finish it off before placing his hand on its corpse.

A text notification appeared.

[Do you want to retrieve the loot?]

"Yes!"

Zhou Zhou thought to himself.

[Lord Talent Notification: You have obtained Loots— Four Mist Cores (Green Bronze-Tier), Five Pudaos Soldiers Class Change Certificate (Gradeless), Two Pudaos Soldiers Recruitment Books (Green Bronze-Tier Intermediate Grade), One Green Bronze-Tier Intermediate Grade Skill Book, Summoning Wild Sand!]

[Lord Talent Notification: Your spoils of war have been enhanced by the 'King of Loots—Perfect Loots'. Grade +1!]

[Lord Talent Notification: You have obtained Perfect Loots— Four Mist Cores (White Silver-Tier), Five Pudaos Soldiers Class Change Certificate (Gradeless), Two Pudaos Soldiers Recruitment Books (White Silver-Tier Intermediate Grade), One White Silver-Tier Intermediate Grade Skill Book, Summoning Wild Sand!]

Zhou Zhou looked at the pile of White Silver-Tier items that dropped in front of him in shock.

Good God!

Is this the power of the Perfect Loots?

It was looted from a Green Bronze-Tier Intermediate Grade Elite Wild Sand Believers.

In the end, the loot obtained was almost comparable to the loot dropped by a White Silver-Tier Intermediate Grade Wild Sand Believers Leader!

There were no changes to the Gradeless Class Change Certificates.

Zhou Zhou guessed that perhaps it was because it did not have any higher-level Class Change Certificates, so the Grade +1 did not have any effect.

Then, he thought of something.

What would happen if he used this Perfect Loot on the Lord Talent Spheres dropped by the enemy Lord?

Would the Lord Talent Sphere also level up?

When the time comes...

Black Iron-Tier Lord Talent would become Green Bronze-Tier Lord Talent!

Diamond-Tier Lord Talent would become Extraordinary-Tier Lord Talent!

Legendary-Tier Lord Talent would become Mythical-Tier Lord Talent?!

At the thought of this, Zhou Zhou's face immediately flushed red with excitement.

In the future.

He could perhaps obtain more Mythical-Tier Lord Talents without the need for the Lord Talent Promotion Origin Crystal!

As long as he could encounter other Legendary-Tier Lord Talent owners and eliminate them!

All the Lords were enemies to begin with.

Either he would kill them or they would kill him.

Therefore, Zhou Zhou did not feel burdened at all when it came to destroying other Lords.

Less so for the Scarlet Lords.

"I would have extracted Arterna's loots later if I knew this would happen."

"This way, I can have two Mythical-Tier Lord Talents."

Zhou Zhou suddenly thought of this.

His original intention was to extract Arterna's Legendary-Tier Lord Talent first. Then, he would compare which of the two Legendary-Tier Lord Talents was stronger. Then, he would determine which Lord Talent to upgrade.

His thoughts were right and very rational.

He had no precognition ability and would never expect the 100% drop rate to be so abnormal after becoming a Mythical-Tier Lord Talent, to be able to upgrade the grade of the Loots.

His mood only recovered after a short while.

In fact, the function of the Master Thief's Robbery Gloves overlapped with the function of the King of Loots.

However, one was to retrieve the Loots of the dead, and the other was to steal from the living.

Upgrading it would probably only increase the probability of stealing.

He had a 100% drop rate.

Actually, it didn't matter if he leveled it up or not.

If he really couldn't steal what he wanted, he could just kill the person and loot it.

Moreover, there was the King of Loots.

The next Mythical-Tier Lord Talent wasn't far from him.

"More Lords would have developed and increased the probability of higher grade Lord Talents appearing in the later stages of the Lord of All Races Contest."

"I don't have to worry about not encountering owners of Legendary-Tier Lord Talents."

Zhou Zhou was deep in thought.

There was no doubt.

His Mythical-Tier Lord Talent was a Lord Talent that would become stronger in the later stages!

He had to live until the later stages if he wanted to maximize the potential of this Mythical-Tier Lord Talent.

As long as he could survive until the later stages, it would not be impossible for him to compete with a top-notch Race Lord like the Dragon Lord.

He stood on the spot and thought about his future development strategy.

During this period, he received a message from Ling'er congratulating him on becoming the strongest Lord in the novice Lord test.

When Zhou Zhou saw her message, he could not help but smile.

Zhou Zhou naturally wouldn't forget Ling'er's intention to help him even if it meant sacrificing the strength of her territory even though he did not use her Battle Resurrection Scroll in the final round of the Supreme Challenge.

He returned the Battle Resurrection Scroll to Ling'er.

This scroll was originally for the final round of the Supreme Challenge.

Now that he had passed it, he should return it to Ling'er.

[Spiritual Medicine Lord: Big Brother, keep this scroll. You need it more than I do.]

[Spiritual Medicine Lord: Big Brother, you don't have to worry about me. Many refugees will join me every day. There will be many Subjects and soldiers in my territory soon.]

[Lord of The Blazing Sun: Take it. I still have one.]

[Spiritual Medicine Lord: There's really no need. Big Brother, you're so powerful. Just take care of me in the future, hehe.]

When Zhou Zhou heard her say that, he could not help but ponder.

He thought of an idea in no time.

[Lord of The Blazing Sun: How about this? I'll keep this Battle Resurrection Scroll, but I'll give you 1,000 recruitment books tomorrow and let you have 1,000 Military Professionals recruits. How about that?]

His territory had already reached the maximum population capacity.

A large number of recruitment books would definitely appear after clearing the Monster Ranches tomorrow.

At that time, it would definitely not be easy to use them all.

Since that was the case...

He might as well give it to Ling'er in exchange for this Battle Resurrection Scroll.

He would do as Ling'er said and take good care of her.

Ling'er was also stunned when she saw Zhou Zhou's reply.

1,000 Military Professionals recruits?!

She only had more than 500 Military Professionals before the novice Lord test.

Ling'er hesitated for a moment before agreeing.

Zhou Zhou smiled when he saw this. He was just about to end the conversation and return to use the Chaos Human bloodline.

But at this moment, lines of text appeared in front of him.

It also appeared in front of all the Lords of the myriad races.

[Congratulations to all Lords for becoming official Lords and having the qualifications to compete for the position of Lord of All Races in the High Continent!]

[The next two days will be the resting period for the official Lords.]

[During these two days, no forces will attack the Lords' territories!]

[After the rest period, the first official Lord Event, the Myriad Races Lord Battlefield, will begin!]

[All official Lords will begin the real Lord of All Races Contest!]

[More challenges, treasures, status, soldiers, special buildings, and titles will follow!]

[All official Lords, please be prepared!]

The notification disappeared.

But at this moment, all the Lords of the myriad races were in an uproar.

[Global Lord: 100% Drop Rate](#)

**Chapter 122: Using The Chaos Human Bloodline! Optimizing The Low-Level Blood Clan Bloodline!**

"The Myriad Races Lord Battlefield?"

When Zhou Zhou saw these notifications, not only was he not afraid, he became excited.

He was finally going to face the real battles for the Lord of All Races!

He opened the Lord of Cerulean Planet's World Channel.

The other Lords of Cerulean Planet were also discussing the latest event.

[Official Lord Event! F\*ck, will there be many foreign races?!]

[No way, they only gave me two days to rest? At least give me another seven days.]

[Are we going to fight the Lords of other races in the future?]

[I will definitely rise in this official Lord's Event!]

[I advise everyone not to be confused by the word 'event'. The Myriad Races Lord Battlefield is definitely more dangerous than the novice Lord test!]

[I think so too. Everyone should continue to work hard to increase your strength these two days. I don't want to survive in the novice Lord test just to die in the Myriad Races Lord Battlefield.]

[The Dragon Blood Alliance is recruiting new Lords! Join us and support each other. Let's survive together in the official Lord's event!]

[Dragon Blood Alliance? Your leader is even worse than an unknown Dragon God Lord.]

[Speaking of which, why haven't the Dragon God Lord and the Insect Lord appeared on the World Channel?]

[What other reason could there be? Hide your strength, bide your time, and develop quietly. Many big shots are like this.]

[It's already on the Novice Lord rankings. How can we develop? Moreover, we're only talking on the World Channel. We can't find them through the World Channel.]

[Haven't you added them as friends? I did try, but for some reason, I can't add them as friends.]

[Why do you care so much about them? If you don't want to die, hurry up and prepare for the Myriad Races Lord Battlefield event the day after tomorrow.]

...

Zhou Zhou retracted his gaze, deep in thought.

The first official Lord's event was coming.

This period was the time when Lords needed to replenish and increase their strength the most.

Perhaps he could use these two days to sell some things at a high price and earn a lot of money.

He already had a rough idea after thinking for a moment.

The era of selling monster flesh was over.

To the Lords who wanted to participate in the Myriad Races Lord Battlefield, Class Change Certificates that could directly increase their military strength was definitely what they needed the most.

Of course, he would not forget to develop himself either!

The Myriad Races Lord Battlefield Event was both an event and a challenge!

These Lords were right.

There was a high chance that the Lords would die in this event!

Moreover, it was very likely that more Lords would die than during the novice Lord test.

In order to prevent himself from becoming one of the dead, he uses the same attitude he had towards the novice Lord test to face this Myriad Races Lord Battlefield event.

Then, he stopped thinking and took out the bottle containing the Chaos Human bloodline.

He looked at the chaotic blood drop inside.

A text notification appeared.

[Do you want to absorb it?]

"Yes!"

Zhou Zhou said.

As soon as he finished speaking.

The drop of blood in the bottle flew out automatically and slowly fused into his glabella.

This drop of blood did not directly fuse with his body. Instead, it flew straight to his soul in his sea of consciousness and fused with his soul.

Zhou Zhou had seen his soul before when he mastered the Blood Bat Form. It was a transparent soul that emitted a hazy white light.

However, after this drop of chaotic blood fused into his soul, he realized that his soul color had turned chaotic at an astonishing speed.

Right on the heels of that.

He could clearly feel that his body had also begun to rapidly transform after his soul transformed into a Chaos Human's soul.

A moment later, Zhou Zhou opened his eyes.

The color of his pupils were initially chaotic, but they quickly returned to normal black color.

A text notification appeared.

[Your Cerulean Planet human bloodline has been upgraded to the Chaos Human bloodline!]

[Current Chaos Human bloodline level is Black Iron-Tier Elementary Grade!]

[You can now constantly fuse with the bloodlines of other races to obtain and optimize the bloodline abilities of other races. Furthermore, you can increase the bloodline level of the Chaos Human bloodline until you grow into a Mythical-Tier Advance Grade bloodline!]

[Your six senses have been greatly enhanced!]

"This is the Chaos Human bloodline?"

Zhou Zhou looked at his body in disbelief.

His physical strength had clearly not increased much.

However, he felt liberated from head to toe.

It was as if his body had unlimited potential that could be opened by a type of key and then dug wantonly!

As for the key...

It was the bloodline of other races!

"Incredible."

Zhou Zhou was stunned.

"Hmmm!?"

"Who is that?!"

He suddenly looked into the distance.

BOOM!

The window was pushed open by the energy in Zhou Zhou's body, allowing his gaze to pass through the house and look at a sand dune more than 3,000 meters away.

There, Zhou Zhou saw two beautiful figures looking at him with his incredible vision.

One of them was shrouded in a starry sky robe.

She had an astonishingly beautiful and dignified face.

When Zhou Zhou looked at her.

It was as if he was looking at a vast starry sky or witnessing an unpredictable fate.

The other was even more beautiful than the other.

But she seemed to be entwined by blood and fire.

There is war and misfortune all around.

He felt like his entire body was burning just by looking at her.

This feeling...

Zhou Zhou had once felt it from Bai Yi when she had just become a hero.

And now, this person...

He seemed to know her too.

"Nadia?"

Zhou Zhou looked at her blankly.

Nadia looked at him with a smile.

She said, "Thank you," and waved good-bye.

Zhou Zhou did not hesitate when he saw this. He rushed out of the Lord's courtyard and rushed towards the two of them.

Soon, he arrived at where the two of them were.

But the two of them...

At this moment, it had already disappeared.

Zhou Zhou looked around.

His eyesight was extremely good now. He could even see the patterns on the wings of the mosquitoes thousands of meters away.

However, he could not find the two of them.

At this moment, an ethereal and cold voice appeared in Zhou Zhou's mind.

"Greetings, Lord of the Blazing Sun."

"I came here this time to satisfy a friend's wish. I have no intention of disturbing you. Please don't blame us for coming here rashly."

"Also, congratulations to Lord of the Blazing Sun for becoming the Strongest Novice Lord of your Cerulean Planet."

"If there's a chance in the future..."

"Welcome to the Elven Empire."

"We still have something to do, so we'll leave first."

With that...

The voice disappeared.

Zhou Zhou called out twice.

In the end, the voice did not respond to him.

Zhou Zhou frowned.

The other party probably didn't see what he was doing in the room.

After all, the Lord's courtyard was a building of the Supreme Will. Even an adult dragon could not destroy it, let alone spy on it.

"Just to see me?"

Zhou Zhou thought of Nadia.

"So she's been resurrected."

"That's why she disappeared in the ruins of time."

"Could it be that she still remembers what happened in the Time Ruins, so she came to see me?"

Zhou Zhou quickly thought of this possibility.

A faint smile appeared on his lips.

"It's nothing."

"You're welcome."

"In the future, just treat me to a meal."

After looking around, he waved goodbye and turned around to leave.

A moment later.

In the distant desert.

Méaulte the Astrologer and Nadia appeared again.

"I didn't expect him to come this far."

"Maybe we'll see each other again."

Nadia smiled.

The Lord of The Blazing Sun in her memory had such achievements.

She was genuinely happy.

Then, Nadia looked at the Méaulte the Astrologer.

"Astrologer Méaulte."

"Your etiquette just now was really good. Thank you for respecting him so much."

Nadia thanked her.

She had just been resurrected, but she already knew a lot about the temper and nature of the person in front of her.

In the Imperial Palace,

This Legendary-Tier Advance Grade Astrologer was only very respectful to the Empress.

As for the other Elven Ministers...

She had always been proud and disdainful towards them.

Nadia had already thought of a way to make this meeting more friendly when she came.

She did not expect her to actually say those words to Zhou Zhou just now.

Perhaps it is because the Lord of the Blazing Sun is already the Strongest Novice Lord? She speculated.

Then, Nadia realized that the proud and dignified Méaulte the Astrologer had not spoken.

"Lord Astrologer?"

"Are you listening to me?"

Nadia asked curiously.

Then she saw Méaulte's face under the cloak.

Her face was pale and her forehead was covered in cold sweat. She looked like she was in shock.

"Lord Astrologer, what's wrong?"

Nadia said in surprise.

Méaulte did not speak immediately.

She only recovered after a long while.

"I saw the Lord of The Blazing Sun's face."

"And then just when I wanted to see more."

"I saw..."

"The existence of the Supreme Will!"

Méaulte the Astrologer had already calmed down.

"It seems that this Lord of the Blazing Sun performed quite well in this test. He even attracted the attention of the Supreme Will."

"We have to go back immediately and tell the Empress about this."

"We have to change our attitude towards this Lord in the future." She said.

Nadia was stunned.

The Supreme Will was also paying attention to the Lord of the Blazing Sun?

Méaulte did not explain further. She directly used a golden scroll. Then, the two of them disappeared from the spot in a golden beam.

...

Blazing Sun City.

In the living room of the Lord's courtyard.

"I didn't expect to see Nadia in real life."

"I thought Nadia only existed in the ruins of time."

Zhou Zhou lamented.

Then, he stopped thinking and continued to study his Chaos Human bloodline.

"I suddenly felt the gaze of Nadia and another elf just now."

"It should be the six senses enhanced by the Chaos Human bloodline."

Zhou Zhou thought.

Even though this ability could not directly attack others, it was still very good at preventing sneak attacks and spying.

This ability suited his needs, as a Lord who didn't need to fight personally.

He thought for a moment and took out the Low-Level Blood Clan Bloodline he had obtained from the vampire's corpse.

When he saw the bloodline information, he was stunned.

This was because the information about the Low-Level Blood Clan Bloodline had not changed.

However, at the bottom, a few new lines of notifications appeared.

...

[Chaos Human Race's Bloodline Optimization Notice One: The imprint of the High-Level Blood Clan Bloodlines on this Low-Level Blood Clan Bloodline can be erased after the Chaos Human absorbs it. The Chaos Human will not be affected by the suppression of the bloodline by High-Level Blood Clan Bloodline.]

[Chaos Human Bloodline Optimization Notification Two: After the Chaos Humans absorb it, they will not suffer from Bloodlust Disorder.]

[Chaos Human Race's Bloodline Optimization Notice Three: After the Chaos Humans absorb it, they will not be suppressed by Order Elements such as the Light Element.]

"Can it even do that?"

Zhou Zhou was shocked.

[Global Lord: 100% Drop Rate](#)

**Chapter 123: Absorbing The Low-Level Blood Clan Bloodline! Granted Reward**

Zhou Zhou looked at the Low-Level Blood Clan Bloodline in his hand.

Originally, he only wanted to see how the Chaos Human bloodline would optimize the improvement of other bloodlines.

He did not expect the optimization method to be so simple and crude.

It was directly written at the bottom of the bloodline information!

"I like how this Optimization Notification is given."

A smile appeared on his face.

This notification method was much easier to understand.

He thought that he would only understand what could be optimized after he consumed it.

Now, it seemed that there was no need to go through so much trouble.

"Absorb the Low-Level Blood Clan Bloodline!"

Zhou Zhou said in a low voice.

Back then, the reason why he didn't absorb this Low-Level Blood Clan Bloodline was because of the flaw in the bloodline level suppression.

He naturally had nothing to hesitate about now that this flaw could be optimized by the Chaos Human bloodline.

The next second...

The Low-Level Blood Clan Bloodline turned into countless blood-colored light spots and fused into his heart.

Zhou Zhou felt his body heat up, as if something deep in his body had improved.

A warm and comfortable feeling quickly appeared all over his body.

At this moment, more text notifications suddenly appeared.

[You have absorbed one Low-Level Blood Clan Bloodline (Yellow Gold-Tier Elementary Grade)!]

[Your Chaos Human bloodline has unearthed more potential and advanced to the Black Iron-Tier Intermediate Grade!]

[Your Six Senses ability has been strengthened!]

[Your Racial Skill--Blood Bat Form has been strengthened!]

[When you use the Blood Bat Form, you will transform into more Blood Bats. Moreover, the vitality and defense of each Blood Bat will be stronger!]

[Your racial talent-- Blood Pool has been strengthened!]

[You can store more additional blood in your body and obtain a stronger effect increase when using Blood Element-related Skills!]

"This is the normal power of a Low-Level Blood Clan!"

"In the past, I only used the Racial Skill Book and Racial Talent Sphere to use the skills forcefully."

Zhou Zhou also felt the changes in his body.

He couldn't help but think.

However, he did not expect that a portion of Yellow Gold-Tier bloodline would only allow the Chaos Human bloodline to advance from Black Iron-Tier Elementary Grade to Black Iron-Tier Intermediate Grade.

From the looks of it, there was a long way to go to raise it to the Mythical-Tier Advance Grade.

Then, Zhou Zhou walked out of the Lord's courtyard and looked at the corpse.

In the end, he realized that he would probably have to wait until noon the next day if he wanted to extract all the Loots from the 50,000 to 60,000 Fire Demon corpses with just the three Green Bronze-Tier Elementary Grade Conqueror's Blast Furnaces.

Zhou Zhou shook his head.

It seemed that he needed to buy a better Conqueror's Blast Furnace.

This Green Bronze-Tier Elementary Grade Conqueror's Blast Furnace clearly could not satisfy his needs.

Then, he gave the three Conqueror's Blast Furnaces three Yellow Gold-Tier Mist Cores as energy. This way, they could work for more than 100 hours without Zhou Zhou's help.

Even though doing so would impair their useful life.

However, Zhou Zhou did not mind.

The Myriad Races Lord Battlefield was about to begin!

Efficiency was the priority now.

He did not want to be around the Conqueror's Blast Furnace the entire day and transmit his energy to it.

Then he would become a tool man like in the past again.

And he could just sell it again if it broke.

To the rich and imposing Zhou Zhou, spending dozens of Green Bronze-Tier Mist Cores to buy the Conqueror's Blast Furnace was a drop in the bucket for him.

After that, Zhou Zhou went to look for Wu Xin.

In the end, he found Wu Xin and Zhao Changshou chatting in the room.

"Greetings, my Lord!"

After seeing Zhou Zhou, the two of them were a little surprised and immediately said respectfully.

"Both of you have contributed greatly to today's battle."

"You don't have to be so polite."

"What are you talking about?"

Zhou Zhou smiled.

"I'm talking to General Wu Xin about the fortifications on the city wall."

Zhao Changshou smiled.

"Yes, My Lord."

"Currently, the city walls of our Blazing Sun City are not bad in terms of defense facilities."

"Especially the existence of the Aurora Tower. It can already face most enemies who come to attack the city."

"However, this is still far from the complete fortification of the city wall, so I came over to discuss it with Zhao Changshou."

Wu Xin said respectfully.

Then, he shared his thoughts.

The complete city wall fortifications were indeed not enough to put up a few Aurora Towers and build a few watchtowers.

For example, parapet, battlements, crescent-shaped barbican, core city, city pass...

These were all indispensable things in the fortifications of the city wall.

This was also Zhou Zhou's first time hearing this content.

Therefore, he listened patiently.

They talked for a long time.

Wu Xin had just finished speaking and Zhou Zhou felt that he had learned a lot.

As for the construction of the city wall, he naturally would not give blind advice.

He would leave everything to these two professionals.

Zhou Zhou finally remembered the purpose of his visit after the three of them chatted about this for a while.

"Elder Zhao."

"How was your break this time?"

Zhou Zhou asked.

"Thanks to the Lord."

"I slept for a long time after I came back. When I woke up, my mental state had completely recovered."

"Especially after hearing that our army had defeated all the enemies."

"I feel 10 years younger."

"My Lord, don't worry too much."

Zhao Changshou chuckled.

Zhou Zhou nodded and took out an Extraordinary-Tier Potential Advancement Potion for Zhao Changshou.

Zhao Changshou, who had always been calm in the face of favor and humiliation, was stunned when he saw this bottle of Extraordinary-Tier Potential Advancement Potion.

"My Lord, what are you..."

Zhao Changshou stared blankly at Zhou Zhou.

"Elder Zhao, please accept it."

"In the test this territory has undergone."

"Elder Zhao, your contribution to Blazing Sun City is obvious to all."

"This Extraordinary-Tier Potential Advancement Potion is naturally a reward for your contribution."

"This Lord will not mistreat anyone who has contributed to Blazing Sun City."

Zhou Zhou said seriously.

In fact, he also had the Epic-Tier Potential Advancement Potion.

However, he was afraid that he would not know what to reward next time, so he took out this Extraordinary-Tier Potential Advancement Potion first.

If there was a chance in the future, he would reward him with an Epic-Tier one.

"But..."

"This is too precious..."

Zhao Changshou was still hesitant.

He was experienced and knowledgeable.

He naturally knew what an Extraordinary-Tier Potential Advancement Potion represented.

The potential of humans was generally between Bronze, Silver, and Yellow Gold-Tier.

The White Platinum-Tier humans could already be considered top talents with potential.

As for Extraordinary-Tier Advance Grade humans like Zheng Yuanqi and Wu Xin,

They could be said to be rare geniuses of the human race.

Not to mention in the outside world.

Extraordinary-Tier potential often represented high-level Races!

It could be said that...

If he consumed this Extraordinary-Tier Potential Advancement Potion, he would be reborn and become a rare genius like Zheng Yuanqi and Wu Xin!

That was why he felt that it was so precious.

"Elder Zhao, you don't have to decline."

"Moreover, I still have an important task for Elder Zhao after your potential advances."

"This matter can only be done by Elder Zhao after your potential advances."

Zhou Zhou said.

Zhao Changshou paused for a second, then took the bottle without saying anything. He opened the cork and drank it in one gulp.

The two of them observed his changes and quickly realized that Zhao Changshou's white hair turned black at a speed visible to the naked eye, and the wrinkles on his face disappeared quickly.

After he opened his eyes, Zhao Changshou had changed from a white-haired old man to a middle-aged man in his forties.

"Congratulations, Elder Zhao, for becoming human with Extraordinary-Tier potential!"

Zhou Zhou could not help but congratulate him with a smile after he looked at his attribute panel and confirmed that the other party had the potential to become an Extraordinary-Tier.

"Thank you, my Lord!"

Zhao Changshou knelt on the ground with tears in his eyes.

He finally felt that he could continue to advance.

Ever since he became a White Platinum-Tier Advance Grade architect, he had thought that this was the best he could achieve in his life.

He did not expect that there would be a day when he could continue advancing!

All of this was brought to him by his Lord!

Zhou Zhou helped Zhao Changshou up and handed him the Imperial Ancestral Temple blueprint.

"I'm leaving this architectural blueprint to Elder Zhao."

"I hope Elder Zhao can build it as soon as possible."

Zhou Zhou said.

Elder Zhao took it and looked at it for a while. He immediately discovered the uniqueness of this building blueprint.

"A Race building?"

Zhao Changshou was shocked.

Race buildings!

There were usually not more than five such buildings in most normal Races.

He was the Honorary President of the Aurora Kingdom Architecture Association.

He had only come into contact with the Aurora Tower of the Aurora Race in his entire life.

It could be seen how precious such buildings were from this.

Zhao Changshou didn't expect his Lord to give him this important task.

"Leave it to me."

"My Lord."

"Give me two days and enough manpower, and I should be able to make it."

Zhao Changshou pondered for a moment and said.

Zhou Zhou acknowledged.

"Congratulations, Big Bro."

"You are more than 10 years younger now."

"Probably even 50 years younger."

Wu Xin also congratulated him.

He felt a little emotional.

How precious was an Extraordinary-Tier Potential Advancement Potion!

His Lord was really generous to his own people.

He felt that he had followed the right person.

At this moment, he saw his Lord's gaze land on him and a mysterious smile appeared on his face.

Wu Xin was stunned.

"Elder Zhao has contributed greatly."

"Elder Wu has also contributed a lot."

"This is for Elder Wu."

"I hope Elder Wu can get what he desires."

Zhou Zhou took out the Dragon-Horse Spear General's Hero Inheritance Secret Manual and handed it to Wu Xin.

When Wu Xin saw this Hero Inheritance Secret Manual, his body trembled.

Zhao Changshou's eyes widened.

"This..."

"This..."

Wu Xin stuttered.

"Elder Wu."

"My territory will definitely face many powerful enemies in the future."

"When the time comes, I'll have to rely on you and the soldiers of the Blazing Sun Army."

"This Hero Inheritance Secret Manual is both an inheritance and also a responsibility."

"Elder Wu, are you brave enough to take it?"

Zhou Zhou said solemnly.

"Wu Xin may be old but I still have the courage of a young man! I swear to serve my Lord till my death!!!" Wu Xin suddenly knelt on the ground, hot tears flowing out of his tiger eyes.

[Your Subject Wu Xin's loyalty has increased to 100. He has become your dead loyal subject!]

Zhou Zhou did not say anything. He handed the Hero Inheritance Secret Manual to Wu Xin and turned to leave.

His territory would welcome a second hero tomorrow!

**Chapter 124: Medicine Cultivator! Green Bronze-Tier Construction Materials, Light Drawing Crystal!**

After Zhou Zhou returned, he opened the Lord Talent, Peace And Prosperity. Then, he looked at the Specific Talent Effect Four at the bottom.

[Specific Talent Effect Four: When the number of subjects with loyalty of 90 points and above reaches 1,000, your territory will become famous. Many life forms will learn that your territory is the territory of Peace And Prosperity, slightly increasing the probability of foreign life forms coming to join you! (Current number of people: 986/1,000)]

"Almost 1,000 people."

Zhou Zhou raised his eyebrows.

His original plan was to use about 40 days to complete this quota.

However, he was almost done on the eighth day.

"It's probably because I used the Battle Resurrection Scroll today."

"That's why the loyalty of many Subjects increased to 90 points and beyond."

Zhou Zhou thought.

Today, after he used the Battle Resurrection Scroll, a dense number of loyalty increase notifications appeared in front of him immediately.

He blocked it on the spot.

He did not expect this either.

Two scrolls actually gave him so many people with more than 90 loyalty points.

"Looks like I have to show off more in the future."

Zhou Zhou was deep in thought.

According to this efficiency, his territory would obtain the reputation of Peace And Prosperity, and his reputation would soar again in two days' time.

He went to bed since he had nothing else to do after that.

The next morning.

Zhou Zhou opened his eyes.

He was confused for two seconds before he came back to his senses.

"The novice Lord test is over."

"Today is a rest day."

Zhou Zhou smiled.

He opened the World Channel and realized that many of the Cerulean Planet Lords were in a similar state with him. They had yet to recover from the novice Lord test and many Lords decided to slack off for the entire day.

There were also some Lords who had a strong sense of danger who had already woken up to prepare for the Myriad Races Lord Battlefield.

"I can't relax!"

"The Myriad Races Lord Battlefield is definitely more dangerous than the novice Lord test. The death rate is even higher."

"There will also be more opportunities to increase my strength."

"Now is not the time to relax."

Zhou Zhou reminded himself.

He tried to get out of bed.

In the end, he was 'pulled' back by the bed.

"Looks like I have to subdue this bed monster first today!"

Zhou Zhou took a deep breath.

Then, he prepared to refresh the World Channel while trying his best to get up.

However, as he watched, he discovered an interesting piece of news.

[What the f\*ck? What's going on? I summoned a Lord of Cerulean Planet when I summoned my daily quota of subjects just now. However, he has already lost his identity and memories as a Lord and has become a Subject.]

Many people responded to him saying that they have also summoned the Lord of Cerulean Planet.

When Zhou Zhou saw this, he immediately thought of the hint given to him by the Supreme Will yesterday.

"The remaining Lords have to bear the fate and future of the Cerulean Planet." He muttered.

Zhou Zhou suddenly lost his sleepiness.

He put on his clothes and got out of bed. After washing up, he walked out of the Lord's courtyard and came to the Gate of Summoning.

[Prompt: Do you want to summon immediately?]

"Yes!"

Zhou Zhou said.

The next second.

The Gate of Summoning suddenly lit up with a bright white light, and 66 people walked out.

"Greetings, my Lord!"

They immediately said respectfully when they came out and saw Zhou Zhou.

"Get up." Zhou Zhou said.

Zhou Zhou said.

"Thank you, my Lord!"

They all rose.

Zhou Zhou looked at them.

There were a total of 23 male subjects and 43 female subjects among the 66 people.

Six of them had notes in their Abilities Overview about how they were once the Lords of Cerulean Planet. They had lost their memories now and had become the subjects of the Lord of The Blazing Sun.

There were also 12 Professionals!

Among them were one Green Bronze-Tier Advance Grade Spearmen, one Green Bronze-Tier Advance Grade Medicine Cultivator, three Green Bronze-Tier Intermediate Grade Doctors, two Green Bronze-Tier Elementary Grade Architects, four Black Iron-Tier Advance Grade Chefs, and one Black Iron-Tier Intermediate Cartographer.

"Medicine Cultivator?"

Zhou Zhou had heard of this profession from Ling'er.

This was a Life Class that specialized in cultivating medicinal herbs. Their corresponding lifestyle structures were medicinal gardens.

Zhou Zhou looked at this skinny middle-aged man who was looking at him with a pair of eyes that were both respectful and timid.

Zhou Zhou opened the other party's interface.

[Subject: Feng Yuliang]

[Territory: Blazing Sun City]

[Life Profession Name: Medicine Cultivator]

[Class: Green Bronze-Tier Advance Grade]

[Ability Overview: He was once a human Lord on Cerulean Planet. In reality, he was a veteran herb planter. Later, he died in battle during the novice Lord test. Now that he has reincarnated, he has lost his past memories and has become the subject of the Lord of The Blazing Sun.

[Skills: Green Bronze-Tier Advance Grade Herb Identification, Green Bronze-Tier Advance Grade Herb Cultivation, Green Bronze-Tier Advance Grade Herb Processing]

[Loyalty: 77]

[Potential: Yellow Gold-Tier Advance Grade]

Zhou Zhou looked at the summary of his abilities and then at him.

"Do you remember anything else?" He asked.

"I only remember that I was once from the Cerulean Planet, some knowledge about cultivating medicinal herbs, and that I have to be loyal to my Lord." Feng Yuliang said respectfully.

Zhou Zhou looked at him.

"They're all memories of pain and suffering. It's good to forget." He suddenly muttered to himself.

Then, he stopped thinking and handed these people to Zheng Yuanqi. He would be in charge of the specific arrangements.

The medicinal gardens were also very simple.

After the novice Lord test, there were many more Black Iron to Yellow Gold-Tier architects in his territory.

Therefore, Zhao Changshou didn't need to build buildings for the Lifestyle Professionals and Subjects alone anymore.

These newly added architects could help him build a Green Bronze-Tier Advance Grade medicinal garden.

Not only that, all kinds of buildings that were originally in short supply in his territory would be quickly built up in the future with these architects around.

At the very least, the problem of the subjects' residences should be resolved soon.

As for the Black Iron-Tier Intermediate Grade Cartographer...

Zhou Zhou arranged for him to stay with Wu Tu.

Wu Tu was the only Cartographer in his scout team. This person could be of use to him.

Zhou Zhou led his men to sweep through the Time Ruins. Then, they came to the Monster Ranches and swept through it again.

Among the loot were the Fire Demon Fog Wolf Outfits, meat, skill books, potion formulas, poison sacs, Black Scorpion Poison Crossbow, and various other items.

Their grades had all increased by a level under the influence of the Perfect Loots!

Additionally:

He had obtained a total of 4,752 Class Change Certificates of three types of military professions!

21,248 Green Bronze-Tier Mist Cores! 3,044 White Silver-Tier Mist Cores!

There were also 747 Sword Shield Soldier Recruitment Books!

651 Poison Crossbow Soldier Recruitment Books!

965 Pudaos Soldiers Recruitment books!

384 Elemental Archer Recruitment Books!

And the final 3,211kg of Light Drawing Crystal!

"This Perfect Loot is too awesome!"

Zhou Zhou could not help but smile when he saw the Loots.

Their grades had all increased by one level under the influence of the Perfect Loots.

The effect on the Mist Cores alone increased his daily income from the Monster Ranch by 10 times!

Not to mention that the grade of the recruitment books had also increased by a notch!

From now on, the lowest potential of Military Professionals he would recruit through the recruitment books every day would no longer be Black Iron-Tier Intermediate Grade, but Green Bronze-Tier Intermediate Grade!

As for the Sand Crystals, after their Grades +1, they became the Green Bronze-Tier material, the Light Drawing Crystals!

This was a crystal that emitted a faint white light. There seemed to be traces of light element energy flowing in it. It was very different from the Sand Crystal in the past.

[Material Name: Light Drawing Crystal]

[Material Grade: Green Bronze-Tier]

[Material Effect One: Green Bronze-Tier construction materials produced in the desert that can be added to other construction materials, increasing the defense of the buildings by 300%, earthquake resistance by 200%, Green Bronze-Tier Elemental Energy Defense Effect+1, Winter Warm Summer Cool Building Effect+1!]

[Material Effect Two: Light Drawing Crystal has the effect of absorbing light element energy, increasing its own strength and strengthening the defense of buildings. When the Light Drawing Crystal is filled with light element energy, it will advance to White Silver-Tier construction material— The Light Origin Stone!]

[Material Description: After being exposed to the sun for a long time, the Black Iron-Tier Sand Crystal will gradually develop the ability to absorb light-element energy. In the end, it can evolve into the Green Bronze-Tier Light Drawing Crystal. It also has the defensive effect of reducing the damage of Elemental Skills while retaining the strength of the original Sand Crystal ability. ]

"Good stuff!" Zhou Zhou immediately thought when he saw the message from the Light Drawing Crystal.

His Sand Crystal City Wall could be renamed again.

[Global Lord: 100% Drop Rate](#)

**Chapter 125: Dragon-Horse Spear General— Wu Xin!**

After Zhou Zhou realized the importance of the Light Drawing Crystal, he immediately went to look for Zhao Changshou and showed it to him.

"Light Drawing Crystal?"

"This is good stuff."

"Its name might be similar to the Aurora Crystal but they are two completely different things."

"One is a life energy core while the other is an excellent building material."

"The Light Drawing Crystal only needs to be exposed to the hot sun for three days before it is filled with Light Element energy. It will then become the Light Origin Stone, a White Silver-Tier construction material."

"If we can mix it into the city wall..."

"Then the defense of our city wall is enough to withstand some Yellow Gold-Tier attacks."

Zhao Changshou said with surprise.

Zhou Zhou was delighted.

"In that case, I'll use the Light Drawing Crystal to replace the Sand Crystal to build the city wall in the future."

He said without hesitation.

Zhao Changshou nodded.

"That's easy."

"Now that we have Yellow Gold-Tier Advance Grade architects in our territory, we can just leave this matter to them. I can build the Imperial Ancestral Temple while supervising the work here."

"This way, we won't be delayed."

"Thank you, Elder Zhao."

Zhou Zhou nodded.

"My Lord, you're too kind."

"I'm most inspired now. I need to participate in a lot of construction work to turn the thoughts and theories in my mind into reality."

"This way, I can also verify them and allow me to quickly increase my level as an architect. So please ask me to do more of these things, my Lord."

Zhao Changshou chuckled.

Zhou Zhou acknowledged.

He called over the three Yellow Gold-Tier Advance Grade architects he obtained from the Big Gift Bags and handed over more than 3,000 kilograms of Light Drawing Crystals to them. He then got them to be in charge of the modification of the Sand Crystal city wall.

Then, he opened Ling'er's chat and set up a red packet, filling it with 300 Sword Shield Soldier Recruitment Books, 300 Pudao Soldiers Recruitment Books, 300 Poison Crossbow Soldier Recruitment Books, and 100 Elemental Archer Recruitment Books. He sent them all to Ling'er.

Zhou Zhou heaved a sigh of relief after sending them over.

This way, he could feel more at ease holding that Battle Resurrection Scroll.

A few seconds later.

Ling'er immediately replied.

[Spiritual Medicine Lord: Thank you, Big Brother!]

[Spiritual Medicine Lord: The grade of these recruitment books are so high!]

These are all from the Perfect Loots. How could they not be of high grade?

[Lord of The Blazing Sun: We only have two days to prepare for the Myriad Races Lord Battlefield. Don't be careless and work hard to accumulate strength. Tell Big Brother if you need anything.]

[Spiritual Medicine Lord: Yes, yes, I understand, Big Brother. Ling'er will definitely not relax.]

[Spiritual Medicine Lord: By the way, Big Brother, I've finished cultivating the herbs you asked me to cultivate last time. I'll send them to you now.]

With that...

She directly sent Zhou Zhou 1,000 sets of Black Iron-Tier Potential Advancement Potion herbs, 1,000 sets of Life Potion herbs, 1,000 sets of Energy Potion herbs, 1,000 sets of Golden Corpse Water herbs, and 1,000 sets of Blood Eye herbs!

Zhou Zhou accepted them all.

The two of them continued chatting for a while before ending their conversation.

Then, he opened the Marketplace interface and began to set up the transaction.

[Trade Name: Deal with the Blazing Sun Lord]

[Trade Goods: 1,000 Gradeless Sword Shield Soldier Class Change Certificate, 1,000 Gradeless Pudao Soldiers Class Change Certificate, 1,000 Gradeless Poison Crossbow Soldier Class Change Certificate.]

[Trade Requirement: Trading each Gradeless Sword Shield Soldier Class Change Certificate/Pudao Soldiers Class Change Certificate for 1,000 Black Iron-Tier Mist Cores. Trading each Gradeless Poison Crossbow Soldier Class Change Certificate for 2,000 Black Iron-Tier Mist Cores. Each Lord can trade up to 10 times.]

The setup was completed and Zhou Zhou directly chose to announce the transaction.

His transaction appeared on the Marketplace and soon arrived at the top of the browsing list the next second.

The Lords on the World Channel quickly discussed this.

[F\*ck, did you guys see that? Big Boss Blazing Sun is selling the Class Advancement Certificate again!]

[You came at the right time. I was so worried about the Myriad Races Lord Battlefield!]

[Ridiculous... 3,000 Class Change Certificates appeared at the auction the day before yesterday, and now another 3,000...]

[They are really good stuff and are really expensive.]

[Don't you understand the nature of Big Boss Blazing Sun's profiteering?]

[We're all from Cerulean Planet. Lord of The Blazing Sun, since you're so strong, why don't you show your dedication and take the initiative to help us? Are you setting such a high price to take advantage of us?]

[People like him only care about their own interests and never care about the lives of their compatriots. I've seen through it from the beginning.]

[There are so many saintly b\*tches. You're so benevolent and moral. Why don't you contribute something first?]

[My territory is not developing well. Why should I take out something?]

[What a horrible 'I'm poor so I'm right' attitude. I'm so disgusted that I want to vomit. Blacklist! Blacklist!]

...

Zhou Zhou was also watching the Lord's chat on the World Channel.

Not surprisingly, everyone's enthusiasm for the Class Change Certificate far exceeded their enthusiasm for the flesh of monsters under the possible threat of the Myriad Races Lord Battlefield.

Moreover, they were very valuable.

Its price would probably continue to be high for a period of time!

Zhou Zhou was even more determined to sell the Class Change Certificate in the future.

As for the comments about him...

Zhou Zhou was very calm about this.

He blacklisted all of them!

Three minutes later, Zhou Zhou noticed that all 3,000 Class Change Certificates had been sold.

He glanced at the results backstage.

[Trade Result: 4 million Black Iron-Tier Mist Cores]

Zhou Zhou clicked his tongue.

This was the astonishing value of the Class Change Certificate at the current stage.

At this moment, two golden figures came over from afar.

All eyes were on them wherever they went.

They quickly arrived in front of Zhou Zhou.

It was Wu Xin wearing golden armor and a golden battle robe!

He held a golden dragon spear in his right hand and led a golden-skinned dragon horse with golden horns on its head with his left hand.

He looked majestic and had the temperament of a Veteran General.

"Greetings, my Lord!"

Wu Xin said respectfully and excitedly.

"Congratulations, Elder Wu, for becoming a hero!"

Zhou Zhou smiled.

"This is all given to me by my Lord. I will never forget it!"

Wu Xin half-knelt on the ground in excitement.

The hero persona and power came too suddenly.

He felt like he was still in a dream even until now.

Zhou Zhou helped him up and looked at his attributes panel.

[Subject: Wu Xin (Hero Unit)]

[Hero Title: Dragon-Horse Spear General]

[Position: Extraordinary-Tier Hero's Fate Level]

[Territory: Blazing Sun City]

[Strength Level: Yellow Gold-Tier Advance Grade]

[Ability Overview: A hero with both human and golden dragon bloodlines. His body contains powerful strength from a pure-blooded dragon. He is proficient in spearmanship and military formations. He also has a companion with a golden dragon bloodline. Their combination is strong enough for them to look down on everyone on the battlefield!]

[Bloodline: Human Bloodline (Extraordinary-Tier Advance Grade) (97%), Golden Dragon Bloodline (Epic-Tier Advance Grade) (3%)]

[Skills: Heroic Skills— Golden Dragon Break, Heroic Skills— Desired Military Morale, Heroic Skills— Dragon Horse Summon Blinding Light, Talent—Ability To Grasp Situation Thoroughly, Talent—Dragon

**[Global Lord: 100% Drop Rate](#)**

**Chapter 126: Attacking The Blood Sun Lord! Vampire Viscount Bloodline!**

Zhou Zhou nodded in satisfaction.

He had two heroes under his command now!

An Epic-Tier Hero, Blood Fire Arrow Elf Bai Yi and an Extraordinary-Tier Hero, Dragon Horse Spear General Wu Xin!

At the current stage, Zhou Zhou was confident that there were definitely very few people who could reach his level even among the Lords of the Myriad Races.

After all, heroes did not appear just because their race became stronger.

The birth of heroes depended on opportunity and luck too.

And unfortunately... He was good at both.

"Elder Wu."

"Do you want to go out to train your soldiers and try your newfound strength?"

Zhou Zhou thought for a moment and suddenly said.

"I intend to."

Wu Xin immediately laughed.

"Then Elder Wu, please make some preparations."

"We'll set off in a while!" He said.

"Yes, my Lord!" Wu Xin said respectfully.

Zhou Zhou nodded. Then, he went to the Gate of Summoning and threw the remaining recruitment books into it.

A moment later, stood 474 Sword Shield Soldiers, 665 Pudaos Soldiers, 351 Poison Crossbow Soldiers, and 284 Elemental Archers in front of him!

"Yesterday, I used 47 recruitment books and three gradeless Archer Recruitment Books. I have a total of 220 new recruits!"

"We cleared the monster ranches today. There are 1,175 new recruits."

"I have 9,921 subordinates now if I include the 1,000 soldiers in the Desolate City!"

"Tomorrow, the total number of soldiers under my command will officially exceed 10,000." A smile appeared on Zhou Zhou's face.

A moment later, Bai Yi followed Zhou Zhou's instructions and gathered 5,000 soldiers.

As for the remaining 3,000 people, he asked them to stay behind to guard Blazing Sun City.

Then, Zhou Zhou, Bai Yi, Wu Xin, and Nezario left Blazing Sun City with the 5,000 soldiers.

Two hours later.

The territory of the Vampire Lord, the Blood Sun Lord within the Fish Spring Town region.

Zhou Zhou did not hide his intentions at all and led his troops to surround this place.

Wu Tu marked on the map he drew that the Blood Sun Lord had less than 100 low-level vampires under his command.

The Novice Lord Test might be over but the Vampire Lord should still be far from being a match for Zhou Zhou no matter how much his strength increased so Zhou Zhou was too lazy to launch a sneak attack.

In Blood Sun City.

The Blood Sun Lord, Baron Wallis, had an ugly expression on his face as he looked at the 5,000 people surrounding him, as well as Bai Yi and Wuxin, who clearly made him feel a sense of danger.

"Why are there so many people here? Could it be that the Aurora Race in Fish Spring Town wants to attack me?"

"D\*mn it!"

"Didn't the other clansmen say that these countries in the High Continent won't attack us without reason? Could it be because we captured some living people as food and that gave them a reason to attack me?" Baron Wallis murmured.

Indeed, he could not help but send someone to Fish Spring Town to steal some living humans because of his Bloodlust Disorder.

But weren't they just some humans? Was there a need to make such a big fuss and send so many people to attack him?

He was puzzled.

He did not expect that the master behind these 5,000 professionals was not someone from Fish Spring Town, but a Lord of All Races like him!

Baron Wallis' eyes were dark and uncertain.

He only had 156 low-level vampires under his command.

There was no way to break out!

The most important thing now was how to protect his life. To this end, his eyes became determined as he came to a decision.

...

"The terrain in the other party's territory is unknown, and their racial abilities are strange. It's inevitable that there will be accidents if we rush in."

"We don't have to rush in, we'll shoot the vampires down one by one and exhaust their vitality when they emerge later."

"In the end, they won't be able to help but rush out."

"We'll shoot them all then. This way, we can take down this territory without wasting a single soldier."

Zhou Zhou looked at the vampire territory in front of him and said.

When he first found out about the vampire territory, he had specially sent people to monitor the situation here.

The goal was to take down the two territories near him after the Novice Lord Test ended.

It was time to realize this idea.

"Also..."

"All long-range soldiers, get ready!"

"Shoot them all once something flies out of the enemy's territory,

"There is no need to wait for my order!"

"Don't let any creature fly out of here alive today!"

Zhou Zhou thought of the Blood Bat form and added this order.

Bai Yi and the others accepted the order respectfully.

It was as if it was confirming his words.

Soon, a total of more than a thousand Blood Bats suddenly flew out of the territory of the Blood Sun Lord and fled in all directions.

There was no need for Zhou Zhou to give an order.

Arrows rained down from the sky, killing more than half of these Blood Bats.

The remaining Blood Bats were still flying, most of them were main bodies with souls.

An earth-shattering dragon roar came from the sky just as they were about to fly out of the range of the long-range soldiers.

"ROAR!"

At the same time, a vast dragon might like a mountain descended on the territory of Lord Blood Sun.

The next second.

The eyes of the remaining Blood Bats that were still flying widened and they froze in midair with terrified expressions before falling with crackling sounds.

When the soldiers below saw this, they went forward to add insult to injury.

Bai Yi and Wu Xin were also involved.

A kill notification that Zhou Zhou had been waiting for appeared in front of him.

[Your subject, Wu Xin, has killed the Blood Sun Lord of the Vampire Race. Promotion energy +20! Loots condensed!]

[Blood Sun City has become ownerless. You can plunder or occupy this territory!]

Zhou Zhou could not help but shake his head.

It was too simple!

Dealing with an ordinary Lord of All Races was as easy as crushing a chick to him now.

It was so different from the time when he killed Lord Potts.

Half an hour later, 156 corpses were sent to Zhou Zhou.

He took out a Conqueror's Blast Furnace and asked the other soldiers to retrieve the loot.

Zhou Zhou looked at the corpse of the Blood Sun Lord that had been specially taken out.

[Item Name: Corpse of the Blood Sun Lord]

[Item Level: Green Bronze-Tier Elementary Grade]

[Item Effect: Contains unextracted loots.]

[Item Description: Vampire Baron Lord of the Vampire Race. He is good at controlling blood to kill and has a very serious bloodlust disorder. He has already died at the hands of the Lord of The Blazing Sun.]

[Loots Drop Rate: Two Green Bronze-Tier Mist Cores (Drop Rate: 100%), one White Platinum-Tier Advance Grade - Vampire Baron Bloodline (Drop Rate: 3%), one White Platinum-Tier Advance Grade Racial Skill Book - Blood Bat Form (Drop Rate: 0.01%), one White Platinum-Tier Advance Grade Racial Skill Book - Blood Boiling Technique (Drop Rate: 0.01%), two White Platinum-Tier Advance Grade Racial Talent Spheres (Drop Rate: 0.001%), three Black Iron-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

Zhou Zhou took a look and placed his hand on its corpse.

[Lord Talent Hint: You have obtained loots— Two Mist Cores (Green Bronze-Tier)...]

[Lord Talent Notification: Your loots have been enhanced by the 'King of Loots—Perfect Loots'. Grade +1!]

[Lord Talent Hint: You have obtained perfect loots— Two Mist Cores (White Silver-Tier), one Vampire Viscount Bloodline (Diamond-Tier Advance Grade), one Racial Skill Book - Blood Bat Form (Diamond-Tier Advance Grade), one Racial Skill Book - Blood Boiling Technique (Diamond-Tier Advance Grade), two Racial Talent Spheres (Diamond-Tier Advance Grade), three Lord Talent Crystal Fragments (Green Bronze-Tier)]

### **Global Lord: 100% Drop Rate**

#### **Chapter 127: Chaos Human Race Talent! Blood Race Talent!**

Zhou Zhou looked at the loots that had dropped.

First, he looked at the Vampire Viscount bloodline.

[Bloodline Name: Vampire Viscount Bloodline]

[Bloodline Level: Diamond-Tier Advance Grade]

[Bloodline Effect: The user can obtain a Diamond-Tier Advance Grade bloodline—Vampire Viscount Bloodline after absorbing it, The user will gradually awaken some vampire race abilities during their growth after fusing with this bloodline.]

[Prompt One: Fuse 100 Diamond-Tier Advance Grade - Vampire Viscount Bloodline and you can obtain one Extraordinary-Tier Advance Grade - Vampire Earl Bloodline!]

[Prompt Two: ...]

There was also a notification about the optimization of the Chaos Human Race's bloodline.

It was exactly the same as the previous vampire bloodline optimization notification.

Zhou Zhou chose to absorb it without hesitation seeing that the flaws could still be optimized.

This Low-Level Blood Clan Bloodline turned into countless blood-colored light spots and fused into the heart in his body.

The familiar comforting feeling enveloped him again.

At the same time, Zhou Zhou suddenly realized that his body seemed to have changed.

It began to naturally absorb all types of energy in its surroundings and then convert them into gentle life force.

A text notification appeared.

[You have absorbed one Vampire Viscount Bloodline (Diamond-Tier Advance Grade)!]

[Your Chaos Human Race bloodline has unearthed more potential and advanced to Green Bronze-Tier Elementary Grade!]

[Your Six Senses ability has been strengthened!]

[You have awakened the Green Bronze-Tier Elementary Grade Chaos Human Race Talent— Chaos Physique!]

[You have awakened the Diamond-Tier Advance Grade Blood Race Talent - Embrace!]

[You have mastered the Diamond-Tier Advance Grade racial skill—Blood Boiling Technique!]

[Your racial skill - Blood Bat Form has been strengthened. The upper limit of your skill growth has been increased to Diamond-Tier Advance Grade!]

[You will transform into more Blood Bats when you use the Blood Bat Form. Moreover, the vitality and defense of each Blood Bat will be stronger!]

[When you use the Blood Bat Form, you can split your soul into a small portion and store it on multiple Blood Bats.]

[Your racial talent—Blood Pool has been strengthened. The upper limit of your racial talent potential has been increased to Diamond-Tier Advance Grade!]

[You can store more extra blood in your body and obtain a stronger effect when using blood element-related skills. When your body is injured, you can use the blood you store to quickly recover your physical injuries!]

Zhou Zhou nodded in satisfaction.

As expected of a Diamond-Tier Advance Grade Vampire Viscount Bloodline.

This increase was not just incremental.

Then, he looked at the newly awakened Chaos Human Race talent—Chaos Physique.

[Race Talent Name: Chaotic Physique]

[Talent Level: Green Bronze-Tier Elementary Grade - Enhanceable]

[Talent Description: The innate body of the Chaotic Human Race is incomparably powerful. It can absorb all types of energy in the surrounding environment at all times and convert them into its own vitality, thereby strengthening the strength of its body. Moreover, when the body of the Chaotic Human Race receives external injuries, this vitality can also be used to quickly recover the injuries of the Chaotic Human Race's body.]

Seeing this, Zhou Zhou immediately took out a knife and cut a wound about five to six centimeters long on his arm.

Then, the wound immediately began to recover rapidly and completely disappeared. His skin became smooth again in less than five seconds.

He felt that the spare blood in his body had only been consumed by an insignificant amount.

"This Chaotic Physique and the recovery ability of the Blood Pool..."

"The current me would probably be able to recover quickly even if my internal organs are destroyed."

Zhou Zhou had a rough judgment of the recovery speed of his physical injuries.

A smile could not help but appear on his face.

With such a level of recovery ability, he might be able to survive as long as his head and heart were not injured even if he was seriously injured and on the verge of death by an assassin in the future!

Then, Zhou Zhou looked at the vampire talent and vampire skills.

[Race Talent Name: Embrace]

[Talent Level: Diamond-Tier Advance Grade]

[Talent Description: The way the vampire race develops. You can transform life forms into vampires below your own vampire bloodline level and make them completely loyal to you by sucking their blood and giving them a portion of your True Blood.]

[Talent Hint One: You can only develop your bloodline to Vampire Baron Bloodline at most.]

[Talent Hint Two: The True Blood of vampires is precious and rare, and its recovery speed is extremely slow. You can only develop a small number of vampires.]

...

[Race Skill Name: Blood Boiling Technique]

[Skill Quality: Diamond-Tier Advance Grade]

[Skill Description: You can sense the blood of other life forms and control their blood.]

...

Zhou Zhou took a few glances and stopped looking.

The effect of this Embrace was not bad and could be used.

However, he would not have any thoughts of developing the vampire race even if he used it.

He would only use this method when he wanted to take in a loyal subordinate and had no other choice.

He was a pure-blooded human and this vampire bloodline and ability were just means he used to increase the level of the Chaos human bloodline.

As for the Blood Boiling Technique, it was very practical in battle, giving him a good combat method.

Then, he looked at the other loot.

The two Racial Talent Spheres were the Embrace and the Blood Pool. There was nothing much to say.

As for the last three Black Iron-Tier Lord Talent Crystal Fragments turning into three Green Bronze-Tier Lord Talent Crystal Fragments. It made him smile again.

A moment later, the other 155 low-level vampire corpses had been extracted.

155 Vampire Baron Bloodlines were extracted under the influence of the perfect loot other than the Mist Cores, Vampire Race Skills, and Vampire Talent Spheres!

These bloodlines naturally could not be given to civilians. They could not avoid the flaws in these bloodlines without the bloodline of the Chaos Human Race after all.

They would immediately become helpless if they meet a Higher-Level Blood Clan Bloodline in the future.

Therefore, Zhou Zhou put them all away.

A moment later, Bai Yi quickly walked over.

"I've something to report, my Lord."

"We've searched the territory of this Vampire Lord."

"We have found a total of 30,000 units of wood, 20,000 units of stone, 20,000 units of fine sand, and 10,000 units of metal here."

"In addition, we found 512 Black Iron-Tier Mist Cores and 84 Green Bronze-Tier Mist Cores."

"Other than that, we found some building blueprints and a bottle of Extraordinary-Tier Potential Advancement Potion."

After Bai Yi finished speaking, she solemnly handed the bottle of Potential Advancement Potion to Zhou Zhou.

After Zhou Zhou took it, he looked at it twice before putting it away.

This should be a reward for the other party after becoming an official Lord.

"Didn't you see any Racial Building blueprints or anything?" He asked.

"There are only ordinary building blueprints, no racial building blueprints."

Bai Yi said respectfully.

Zhou Zhou was deep in thought.

Could there be different rewards for Lords from different races for becoming an official Lord?

Or did the Supreme Will deliberately not let the Lords easily obtain each other's racial buildings?

He felt that the latter was more likely.

Otherwise, he would be able to obtain a precious racial building if he casually conquered the territory of a Lord of a different race.

Then the appearance of racial buildings were too imbalanced.

After that, Zhou Zhou brought people into Blood Sun City and obtained the territory token; here he realized that this was a Green Bronze-Tier Elementary Grade Territory Token.

"Another Green Bronze-Tier Territory Token and my territory can officially advance to the White Silver-Tier Elementary Grade."

Zhou Zhou thought.

Then, he led people to the territory of the Baphomet Race without stopping and easily dealt with the territory, which only had more than 100 Baphomet Race.

In the end, he was speechless.

This Baphomet Race was a race that did not have racial talent or skills, nor did its racial bloodline drop.

This reminded Zhou Zhou of the human race.

It was the same for the human race.

Take him for example, his attribute panel did not have any racial skills or racial talent when he first came to this world. Even his bloodline did not appear.

From this, it could be seen that the human bloodline was ordinary among the myriad races.

However, the only thing that comforted Zhou Zhou was that the Baphomet Race Lord dropped four Green Bronze-Tier Lord Talent Crystal Fragments under the influence of the perfect loot.

In addition, there was a bottle of Extraordinary-Tier Potential Advancement Potion and a Black Iron-Tier Intermediate Grade Territory Token.

There were also some basic resources and Mist Cores.

His trip was not in vain.

Then, Zhou Zhou led his men to Fish Spring Town.

He naturally did not forget that there were still some Lord Talent Crystal fragments that he had yet to take from the Adventurer Association in Fish Spring Town.

**Chapter 128: 41 Black Iron-Tier Lord Talent Crystal Fragments!**

In the reception room of the Adventurer Association.

Zhou Zhou and Bai Yi were sitting there waiting and soon there was a knock on the door.

A middle-aged man dressed as an adventurer walked in with a surprised expression.

"We meet again, old customer!"

"Are you buying the Conqueror's Blast Furnace again this time? Or something else?"

"Feel free to ask me if you need anything. I'm very familiar with the Adventurer Association. I promise I can get you anything you want."

Harus smiled and sat down.

"Do you have high-level Conqueror's Blast Furnaces?" Zhou Zhou asked.

"We do, but it will take two days if you want it."

"High-level Conqueror Blast Furnaces are usually sold in big cities."

"The Conqueror's Blast Furnaces sold to the outside world are at most of Green Bronze-Tier Elementary Grade in a small town like ours. The higher-level ones are for the private use of those large factions. They usually don't sell them to the outside world."

"You can rent it and it's not very expensive. Do you need me to contact them?"

Harus was clearly very familiar with this business. He immediately said after hearing Zhou Zhou's words.

"Forget it then. I'm not interested in renting."

"Help me buy some higher-level Conqueror Blast Furnaces."

"Price is not a problem."

"In addition, I'll buy seven Green Bronze-Tier Elementary Grade Conqueror's Blast Furnaces for now. I'll bring them all back later."

Zhou Zhou said.

He had originally wanted to look for Cerulean Planet Adventurer to obtain the Lord Talents item on him.

Now that the topic of the Conqueror's Blast Furnace was mentioned, it was fine to buy some while he was at it.

"Okay."

"I'll see to it now. Sir, please wait for a moment."

When Harus heard Zhou Zhou's words, he was delighted.

There was really business to be made!

He stood up and was about to look for the Alchemy Technician to ask for the Conqueror's Blast Furnaces when Zhou Zhou stopped him again.

"Wait."

"One more thing."

"Where's the young man you were with last time? I want to see him."

Zhou Zhou said.

Harus froze.

Then, his expression turned serious.

"Sir, may I ask how he might have offended you?"

"Harus will apologize on his behalf."

"If you need an apology, you can tell me first. I'll tell him so that he can go back and prepare."

"Uh... Don't misunderstand."

"I didn't mean anything by looking for him."

"It's just because I came from the same place as him."

"I just want to see this compatriot of mine."

Zhou Zhou said.

Harus froze.

Then, he quickly reacted.

"You're a human lord from the Cerulean Planet?"

"Yup."

"May I ask what your Lord title is...?" Harus looked at the appearance of this Lord that was becoming more similar to the recent rumors by the second. His heart suddenly thumped.

"I am the Lord of The Blazing Sun."

Zhou Zhou had no intention of hiding anything.

Harus froze once again.

A moment later.

Zhang Lansheng looked at the steady and handsome man in front of him in a daze in the reception room.

He had never expected this.

This man who he had once ridiculed for buying the Conqueror's Blast Furnace was actually the legendary figure in the Cerulean Planet Lord's World Channel, the Lord of The Blazing Sun!

Then, the two of them chatted for a while.

Only then did Zhang Lansheng gradually relax.

"Big Boss Blazing Sun, you're really amazing!"

"Almost the entire Aurora Kingdom knows that you have become the Strongest Novice Lord among the Cerulean Planet's human lords."

"You'll definitely be a big shot in the kingdom in the future."

"Oh yes, Big Boss Blazing Sun. How did our Cerulean Planet's human race do in this Novice Lord test?"

Zhang Lansheng could not help but ask curiously after he regained his composure.

He lost all his functions and authority, including the ability to log into the Cerulean Planet Lord World Channel and enter the Exchange after he gave up his status as a Lord.

He was no different from a native adventurer of the High Continent.

Therefore, he only knew that the Lord of The Blazing Sun had become the Strongest Novice Lord of the Cerulean Planet.

However, he did not know anything about the other Cerulean Planet Lords.

"Our Cerulean Planet had more than eight billion Lords."

"There are only a little more than six billion left after this Novice Lord test."

Zhou Zhou was silent for a few seconds before telling him about it.

Zhang Lansheng was stunned when he heard this. Then, his eyes gradually became blank.

As one of the Cerulean Planet humans who had long given up his status as a Lord, he originally felt that even though the choice he made was cowardly, he was at least wise and right in his heart.

But for some reason, he just could not feel happy after hearing Zhou Zhou's words, even though he clearly knew that his choice had allowed him to escape death.

Instead, he felt a little suffocated.

A moment later.

"How many people do you know who gave up their Lord status like you?"

Zhou Zhou was the first to break this silence.

"There are six of us in total."

Zhang Lansheng came back to his senses and said.

"I want to see them."

Zhou Zhou said.

"Big Boss, what's the matter?"

Zhang Lansheng hesitated.

"It's nothing."

"It's just that I haven't seen my fellow Ceruleans in a long time."

"So I wanted to see you guys."

Zhou Zhou said.

"In that case... Wait here for a while."

"I'll call them over now."

Zhang Lansheng nodded in realization and stood up to leave.

Zhou Zhou stood up and shook his hand just as he was about to leave.

Zhang Lansheng did not think too much about it and shook it.

At the same time...

A line of virtual interface also appeared in front of Zhou Zhou as they shook hands.

[Current Items To Steal: One gradeless Adventurer Class Change Certificate (Stealing Success Rate: 100%), one Black Iron-Tier Advance Grade skill book, Flame Arrow (Stealing Success Rate: 100%), one Black Iron-Tier Intermediate Grade skill book, Concealment Technique (Stealing Success Rate: 100%), seven Black Iron-Tier Lord Talent Crystal Fragments (Stealing Success Rate: 100%).]

Zhou Zhou's gaze immediately landed on the last seven Black Iron-Tier Lord Talent Crystal fragments.

He chanted to steal in his heart.

The next second.

Seven Black Iron-Tier Lord Talent Crystal Fragments appeared out of thin air in his Spatial Ring.

Zhang Lansheng's expression was normal.

He had no idea that he had already lost something.

Zhou Zhou heaved a sigh of relief when he saw that he did not react.

It seemed that losing this Lord Talent Crystal Fragment did not affect them, who no longer had the status of Lord.

Zhou Zhou naturally would not touch the other things since this guy was not an enemy after all.

Harus returned with the Alchemy Technician not long after Zhang Lansheng left.

The two of them went to the Adventurer Association's warehouse and completed the transaction on the spot.

He obtained seven new Conqueror's Blast Furnace, paying only 112 Green Bronze-Tier Mist Cores.

This was naturally nothing to the current Zhou Zhou.

After that, he continued to stay here and wait for Zhang Lansheng.

A moment later.

Zhang Lansheng brought five people to him.

There were three men and two women among these five people.

Everyone was young.

At this moment, they were all either looking at Zhou Zhou curiously or boldly.

"Big Boss Blazing Sun."

"These are our Cerulean Planet's compatriots."

"Everyone."

"This is Big Boss Blazing Sun. You know who he is even without my introduction."

Zhang Lansheng introduced him to the five of them.

The other five nodded repeatedly.

"I didn't expect to be able to meet you when I'm no longer a Lord." A tall and strong man smiled foolishly.

"Big Boss Blazing Sun is actually so handsome." The two girls were also whispering and looking at Zhou Zhou with shining eyes.

Zhou Zhou smiled and went forward to shake their hands.

After shaking hands, another 34 Black Iron-Tier Lord Talent Crystal Fragments appeared in his Spatial Ring!

He had obtained 41 Black Iron-Tier Lord Talent Crystal Fragments for nothing on this trip!

The smile on Zhou Zhou's face looked even more sincere thinking of this.

[\*\*Global Lord: 100% Drop Rate\*\*](#)

**Chapter 129: Investment! The Sneak Attack Of The Kobold Tribe!**

Zhou Zhou looked at the fragment of the Lord Talent Crystal in his spatial ring.

There were a total of:

63 Black Iron-Tier Lord Talent Crystal Fragments!

Seven Green Bronze-Tier Lord Talent Crystal Fragments!

Three Yellow Gold-Tier Lord Talent Crystal Fragments!

Two Legendary-Tier Lord Talent Crystal Fragments!

"I can upgrade my Incite Defection talent as long as I obtain another 37 Black Iron-Tier Lord Talent Crystal Fragments or three Green Bronze-Tier Lord Talent Crystal Fragments." Zhou Zhou thought.

This was not difficult.

He could achieve it after fighting a few more Scarlet Lords.

He continued to chat with the six Cerulean Planet citizens.

"What are your plans for the future?" Zhou Zhou asked a moment later.

"We plan to be professional adventurers in the adventurer team for a period of time. We'll accumulate some funds after we're completely familiar with this line of work and then we plan to form our own adventurer team." One of the pretty girls with glasses said.

Her name was Lu Ruyi.

She seemed to be the leader among the six of them even though she was a girl.

"Professional adventurers face a lot of dangers and it's very difficult to build an adventurer team."

Zhou Zhou shook his head.

"Everything is dangerous and difficult in this world. We can only choose a path that is relatively better for us." Lu Ruyi smiled bitterly.

"Are you interested in joining my territory?" Zhou Zhou voiced his thoughts.

"I can provide you with an initial capital of 5,000 Black Iron-Tier Mist Cores."

"In addition, you can also use your status as subjects of Blazing Sun City to join the contribution exchange system and exchange for what you want after becoming my subjects."

"Take this as my investment in you to help you become powerful adventurers and form an adventurer team."

"Are you willing to accept it?" Zhou Zhou asked.

5,000 Black Iron-Tier Mist Cores were naturally nothing to him.

The Mist Cores he had obtained from sweeping the monster ranches today alone were more than 500,000 Black Iron-Tier Mist Cores.

Therefore, he did not care about this small amount of money at all.

However, Lu Ruyi and the others were stunned.

5,000 Black Iron-Tier Mist Cores was a huge sum of money to them.

With this funding, they could hire many Green Bronze-Tier experts to help them even if they decided to hire professionals.

"What do you want us to do for you?" Lu Ruyi took a deep breath and said.

Zhou Zhou wanted to say that they had already given him what he wanted.

However, he naturally could not say this.

"You can bring Cerulean Planet Lords who have given up their status as Lords in the future to me if you encounter them."

"In addition, I might need some intel. You can try to gather the information I want." Zhou Zhou thought for a moment and said.

Wu Tu gathered information on the side, but Zhou Zhou wanted to spread his risk out.

He needed more intelligence organizations to help him so he could invest in these people in front of him.

In any case, the cost was not high.

Everyone immediately understood.

So, Big Boss Blazing Sun had a need for intelligence work.

That made sense.

Adventurers came into contact with many types of existences, so it was indeed easier for them to come into contact with secret information that ordinary people could not.

Therefore, it was very normal to ask adventurers for information in the eyes of others.

"Can you give us some time to discuss it? We'll give you an answer soon." Lu Ruyi said.

Zhou Zhou acknowledged.

Then, the six of them went to the room next door to discuss.

They returned a moment later.

"We're willing to accept your request to join your territory and become your subjects. We will accept your investment and work hard to build a powerful adventurer team for you." Lu Ruyi said respectfully.

The next second.

A text notification appeared.

[Six humans request to join your territory and become your subjects. Do you agree?]

Zhou Zhou agreed silently.

After they became subjects of Blazing Sun City, Zhou Zhou opened the attribute panel of the six of them and realized that their loyalty were all basically above 75 points.

This included the effect of the Lord's Talents.

Their initial loyalty was so high because they were sincere in submitting to him.

"Welcome to Blazing Sun City."

"Do you have something on now?"

"If you don't you can follow us back to Blazing Sun City to take a look. You'll also know the location of Blazing Sun City so that you can come back in the future."

"I can arrange a house for each of you when I get back if you want to live in Blazing Sun City." Zhou Zhou added.

The six of them looked at each other.

"I'll go pack my luggage first then." Zhang Lansheng was the first to speak.

As soon as he finished speaking, the others said the same thing and went to pack their luggage.

Who could refuse this reliable sense of security to be able to live in the territory of the Strongest Novice Lord?

Zhou Zhou could not help but smile when he saw this.

This was his compensation to them for taking their Lord Talent Crystal Fragments in their bodies.

Hopefully, it will help them.

A moment later, a Black Iron-Tier Intermediate Grade Sword Shield Soldier appeared before him before Lu Ruyi and the others arrived.

"Greetings, my Lord!"

"I'm a soldier serving in the Desolate City!"

"I'm here on City Lord Zhang's orders to report something to the Lord!" He said respectfully.

"What's the matter with Zhang Kaishan?" Zhou Zhou raised his eyebrows.

"I've something to report, my Lord."

"The Kobold Tribe in the Desolate Gobi Desert suddenly launched an attack on the Desolate City just this morning!"

"However, their attack strength is very weak, and there are only about 100 of them."

"So we easily repelled them."

"We were worried that it was a trap, so we didn't chase after them."

"Then, City Lord Zhang ordered me to come over and tell you about this."

The soldier said respectfully.

Zhou Zhou narrowed his eyes.

He knew this Kobold Tribe.

The Desolate Gobi map drawn by Wu Tu recorded the location and military strength of the other party.

At that time, Zhou Zhou felt that the other party's strength was far inferior to his and was unable to pose a threat to him. In addition, he was focused on passing the novice lord test and did not care about this Kobold Tribe at that time.

He did not expect...

It came knocking on his door before he could attack it!

"They are courting death!"

Zhou Zhou's eyes were cold.

He had planned to attack the Desolate Gobi Desert and Thorn Dune.

However, he would start with them first now that the other party had taken the initiative to come looking for him!

Half an hour later.

Lu Ruyi and the others returned with their luggage.

Zhou Zhou did not waste any time. He led them out of Fish Spring Town and came to the 5,000 soldiers led by Wu Xin.

When Lu Ruyi and the others saw the vast army of 5,000 soldiers, they were immediately stunned.

"F\*ck! There are so many professionals?"

"Oh my god, is this the strength of our Lord? No wonder he's ahead of the other top-notch Lords."

...

The six of them were shocked.

"Let's not return to Blazing Sun City first. Let's make a detour to the desolate Gobi and eliminate some enemies before returning." Zhou Zhou said.

Lu Ruyi and the others were stunned for a moment before nodding.

...

Two hours later.

In the territory of the Kobold Tribe in the Desolate Gobi.

Zhou Zhou stood in the distance.

He looked at the groups of Kobold soldiers patrolling in the distance.

They had dog heads and human bodies and were each two to three meters tall. They wore black armor with strange patterns engraved on the chest armor, and they held all kinds of weapons.

A text notification appeared.

[Monster Name: Kobold]

[Strength Level: Black Iron-Tier Elementary Grade]

[Monster Description: A creature in the Desolate Gobi Desert that worships the God of Death. Their bodies contain a strange death talent that can be awakened after death and reap the souls of other creatures for a short period of time!]

[Loots: Two Black Iron-Tier Mist Cores (Drop Rate: 100%), one Black Iron-Tier Elementary Grade skill book, Soul Roar (Drop Rate: 5%), one growable Racial Talent Sphere (Drop Rate: 0.00001%)]

**[Global Lord: 100% Drop Rate](#)**

**Chapter 130: Divine Kingdom-Level Soldier Type! Soul Reaper Recruitment Book!**

Zhou Zhou frowned slightly when he saw their introduction.

It could actually harvest the souls of living beings after death?

He felt a little afraid.

He still knew very little about the soul even though he had a lot of abilities now. It was not an exaggeration to say that it was his blind spot.

He thought for a moment and began to communicate with Nezario in the sky. He told it the abilities of these Kobolds, asking if it could resolve it.

Nezario gave an affirmative answer without hesitation.

After Zhou Zhou found out, he did not hesitate and asked Nezario to deal with it.

According to Wu Tu's map, this Kobold tribe only had more than 300 Kobolds, and the strongest was only a White Silver-Tier Advance Grade Kobold High Priest.

Dealing with them was not a problem at all for Nezario.

They bided their time and enjoyed Nezario's performance.

When the 14-meter-tall Nezario swooped down on the Kobold Tribe and spat out magma dragon breath, Lu Ruyi and the others were immediately stunned.

"Dragon Race!?"

"And it's a pure-blooded dragon!?"

The other soldiers could not help but smile when they saw these people behave like this.

...

At the same time...

The Kobold Tribe High Priest also walked out of a simple temple.

Its eyes immediately widened when it saw Nezario spewing magma dragon breath in the sky, turning the entire Kobold Tribe turning into a sea of fire.

However, its anger was useless against the current situation.

It could only watch as the Kobolds died one after another, screaming their lungs out. Then, the souls of the Kobolds wrapped in a black death aura flew out of the corpses.

After these Kobold souls emerged, they rushed towards Nezario in the sky.

However, Nezario needed only to release its Dragon Might and the souls of these Kobolds collapsed and dissipated in the air.

A moment later, Nezario grabbed the unconscious Kobold High Priest and came in front of Zhou Zhou.

Zhou Zhou looked at it.

[Name: Kobold Tribe High Priest - Shar]

[Strength Level: White Silver-Tier Advance Grade]

[Introduction: The High Priest of the Kobold Tribe, a fanatic of the God of Death. It is in charge of the war and sacrificial matters of the Kobold Tribe. There is a weak wisp of the power of the Soul Reaper, a Divine Kingdom-level soldier type, left in its body.]

[Loot: Eight White Silver-Tier Mist Cores (Drop Rate: 100%), one White Silver-Tier Advance Grade Skill Book, Healing Technique (Drop Rate: 5%), one Faith Divine Crystal for the Zealots (Drop Rate: 1%), one growable Racial Talent Sphere (Drop Rate: 0.000001%), one White Silver-Tier Advance Grade Soul Reaper Recruitment Book (Drop Rate: 0.000000001%), four Black Iron-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

Zhou Zhou's eyes widened as he looked at the drop rate of the Soul Reaper Recruitment Book.

Good God!

A one in a hundred billion drop rate!

This was the first time he had seen such a low drop rate other than items related to the Lord Talents!

However, if this Soul Reaper was really a Divine Kingdom-level soldier type, then its drop rate was understandable.

After Zhou Zhou came back to his senses, he did not kill it immediately. Instead, he used his Mental Perception skill to sense the other party's thoughts.

He got to know why it had sent troops to attack his Desolate City.

This Kobold High Priest had already regarded the entire Desolate Gobi as the territory of the Kobolds after living here for a long time even though they did not conquer it.

Originally, it had fought with Kunts.

Later on, the news of the change of ownership of the Desolate City reached the ears of the High Priest.

This High Priest wanted to test the strength of the new owner of the Desolate City.

Therefore, it sent some Kobolds to test the waters.

Later on, it realized that it could not afford to offend them, so it retreated.

Originally, its idea was to rely on their ability to harvest souls after death and it would not be a big problem even if it provoked this new owner of the Desolate City.

However, the High Priest never expected that this new master actually had a pure-blooded dragon under his command.

Their souls could not even approach Nezario's dragon soul before they were directly killed by the dragon's might.

It ended up like this as a result.

Zhou Zhou shook his head.

He no longer had any doubts.

This was the war between the Lords.

Not only did he have to be prepared to be attacked at any time, but he also had to be prepared to be killed by the enemy.

He asked Nezario to kill the Kobold High Priest.

Soon, its soul emerged from its corpse and pounced at Zhou Zhou with a ferocious expression.

But in the next second, it was shattered by long-awaited Nezario's Dragon Might.

This time, Zhou Zhou saw its death notification.

Seeing this, he placed his hand on it and extracted the other party's loot.

[Lord Talent Notification: Your loots have been enhanced by the 'King of Loots— Perfect Loots'. Grade +1!]

[Lord Talent Hint: You have obtained perfect loots— Two Mist Cores (Yellow Gold-Tier), one skill book, Healing Technique (Yellow Gold-Tier Advance Grade), one Holy Spirit Faith Divine Crystal, one Racial Talent Sphere (Growable), one Soul Reaper Recruitment Book (Yellow Gold-Tier Advance Grade), four Lord Talent Crystal Fragments (Green Bronze-Tier)!]

Zhou Zhou checked the loot.

There was no need to mention the Yellow Gold-Tier Mist Cores.

He looked at the other loot.

[Skill Name: Healing Technique]
